(a) Mandatory allotment; notice upon failure to make; amount of allotment; adjustment or discontinuance; consultation

(1) In any case in which child support payments or child and spousal support payments are owed by a member of one of the uniformed services (as defined in section 101(3) of title 37) on active duty, such member shall be required to make allotments from his pay and allowances (under chapter 13 of title 37) as payment of such support, when he has failed to make periodic payments under a support order that meets the criteria specified in section 1673(b)(1)(A) of title 15 and the resulting delinquency in such payments is in a total amount equal to the support payable for two months or longer. Failure to make such payments shall be established by notice from an authorized person (as defined in subsection (b)) to the designated official in the appropriate uniformed service. Such notice (which shall in turn be given to the affected member) shall also specify the person to whom the allotment is to be payable. The amount of the allotment shall be the amount necessary to comply with the order (which, if the order so provides, may include arrearages as well as amounts for current support), except that the amount of the allotment, together with any other amounts withheld for support from the wages of the member, as a percentage of his pay from the uniformed service, shall not exceed the limits prescribed in sections 1673(b) and (c) of title 15. (b) "Authorized person" defined

For purposes of this section the term "authorized person" with respect to any member of the uniformed services means—

§ 666. Requirement of statutorily prescribed procedures to improve effectiveness of child support enforcement

(a) Types of procedures required

In order to satisfy section 654(20)(A) of this title, each State must have in effect laws requiring the use of the following procedures, consistent with this section and with regulations of the Secretary, to increase the effectiveness of the program which the State administers under this part:

(1)(A) Procedures described in subsection (b) for the withholding from income of amounts payable as support in cases subject to enforcement under the State plan.

(2) Expedited administrative and judicial procedures (including the procedures specified in subsection (c)) for establishing paternity and for establishing, modifying, and enforcing support obligations. The Secretary may waive the provisions of this paragraph with respect to one or more political subdivisions within the State on the basis of the effectiveness and timeliness of support order issuance and enforcement or paternity establishment within the political subdivision (in accordance with the general rule for exemptions under subsection (d)).

(3) Procedures under which the State child support enforcement agency shall request, and the State shall provide, that for the purpose of enforcing a support order under any State plan approved under this part—

(A) any refund of State income tax which would otherwise be payable to a noncustodial parent will be reduced, after notice has been sent to that noncustodial parent of the proposed reduction and the procedures to be followed to contest it (and after full compliance with all procedural due process requirements of the State), by the amount of any overdue support owed by such noncustodial parent;

(B) the amount by which such refund is reduced shall be distributed in accordance with section 657 of this title in the case of overdue support assigned to a State pursuant to section 608(a)(3) or 671(a)(17) of this title, or, in any other case, shall be distributed, after deduction of any fees imposed by the State to cover the costs of collection, to the child or parent to whom such support is owed; and

(C) notice of the noncustodial parent’s social security account number (or numbers, if he has more than one such number) and home address shall be furnished to the State agency requesting the refund offset, and to the State agency enforcing the order.

(A) liens arise by operation of law against real and personal property for amounts of overdue support owed by a noncustodial parent who resides or owns property in the State; and

(B) the State accords full faith and credit to liens described in subparagraph (A) arising in another State, when the State agency, party, or other entity seeking to enforce such a lien complies with the procedural rules relating to recording or serving liens that arise within the State, except that such rules may not require judicial notice or hearing prior to the enforcement of such a lien.

(5) PROCEDURES CONCERNING PATERNITY ESTABLISHMENT.—

(A) ESTABLISHMENT PROCESS AVAILABLE FROM BIRTH UNTIL AGE 18.—

(i) Procedures which permit the establishment of the paternity of a child at any time before the child attains 18 years of age.

(B) PROCEDURES CONCERNING GENETIC TESTING.—

(i) GENETIC TESTING REQUIRED IN CERTAIN CONTESTED CASES.—Procedures under which the State is required, in a contested paternity case (unless otherwise barred by State law) to require the child and all other parties (other than individuals found under section 654(29) of this title to have good cause and other exceptions for refusing to cooperate) to submit to genetic tests upon the request of any such party, if the request is supported by a sworn statement by the party—

(I) alleging paternity, and setting forth facts establishing a reasonable possi-
ility of the requisite sexual contact between the parties; or

(ii) denying paternity, and setting forth facts establishing a reasonable possibility of the nonexistence of sexual contact between the parties.

(ii) OTHER REQUIREMENTS.—Procedures which require the State agency, in any case in which the agency orders genetic testing—

(I) to pay costs of such tests, subject to recoupment (if the State so elects) from the alleged father if paternity is established; and

(I) of a type generally acknowledged as reliable by accreditation bodies designated by the Secretary; and

(ii) performed by a laboratory approved by such an accreditation body;

(iii) requiring an objection to genetic testing results to be made in writing not later than a specified number of days before any hearing at which the results may be introduced into evidence (or, at State option, not later than a specified number of days after receipt of the results); and

(iv) making the test results admissible as evidence of paternity without the need for foundation testimony or other proof of authenticity or accuracy, unless objection is made.

(G) PRESUMPTION OF PATERNITY IN CERTAIN CASES.—Procedures which create a rebuttable or, at the option of the State, conclusive presumption of paternity upon genetic testing results indicating a threshold probability that the alleged father is the father of the child.

(H) DEFAULT ORDERS.—Procedures requiring a default order to be entered in a paternity case upon a showing of service of process on the defendant and any additional showing required by State law.

(J) TEMPORARY SUPPORT ORDER BASED ON PROBABLE PATERNITY IN CONTESTED CASES.—Procedures which require that a temporary order be issued, upon motion by a party, requiring the provision of child support pending an administrative or judicial determination of parentage, if there is clear and convincing evidence of paternity (on the basis of genetic tests or other evidence).

(K) PROOF OF CERTAIN SUPPORT AND PATERNITY ESTABLISHMENT COSTS.—Procedures under which bills for pregnancy, childbirth, and genetic testing are admissible as evidence without requiring third-party foundation testimony, and shall constitute prima facie evidence of amounts incurred for such services or for testing on behalf of the child.

(7) REPORTING ARREARAGES TO CREDIT BUREAUS.—

(A) IN GENERAL.—Procedures (subject to safeguards pursuant to subparagraph (B)) requiring the State to report periodically to consumer reporting agencies (as defined in section 1681a(f) of title 15) the name of any noncustodial parent who is delinquent in the payment of support, and the amount of overdue support owed by such parent.

(B) SAFEGUARDS.—Procedures ensuring that, in carrying out subparagraph (A), information with respect to a noncustodial parent is reported—

(i) only after such parent has been afforded all due process required under State law, including notice and a reasonable opportunity to contest the accuracy of such information; and

(ii) only to an entity that has furnished evidence satisfactory to the State that the entity is a consumer reporting agency (as so defined).

(8)(A) Procedures under which all child support orders not described in subparagraph (B) will include provision for withholding from income, in order to assure that withholding as a means of collecting child support is available if arrearages occur without the necessity of filing application for services under this part.

(B) Procedures under which all child support orders which are initially issued in the State on or after January 1, 1994, and are not being enforced under this part will include the following requirements:

(i) The income of a noncustodial parent shall be subject to withholding, regardless of whether support payments by such parent are in arrears, on the effective date of the order; except that such income shall not be subject to withholding under this clause in any case where (I) one of the parties demonstrates, and the court (or administrative process) finds, that there is good cause not to require immediate income withholding, or

(ii) The requirements of subsection (b)(1) (which shall apply in the case of each noncustodial parent against whom a support order is or has been issued or modified in the State, without regard to whether the order is being enforced under the State plan).

(iii) The requirements of paragraphs (2), (5), (6), (7), (8), (9), and (10) of subsection (b), where applicable.

(iv) Withholding from income of amounts payable as support must be carried out in full compliance with all procedural due process requirements of the State.

(B) entitled as a judgment to full faith and credit in such State and in any other State, and

(C) not subject to retroactive modification by such State or by any other State;

except that such procedures may permit modification with respect to any period during which there is pending a petition for modification, but only from the date that notice of such petition has been given, either directly or through the appropriate agent, to the obligee or (where the obligee is the petitioner) to the obligor.

(10) REVIEW AND ADJUSTMENT OF SUPPORT ORDERS UPON REQUEST.—

(A) 3-YEAR CYCLE.—

(i) In general.—Procedures under which every 3 years (or such shorter cycle as the State may determine), upon the request of either parent or if there is an assignment under part A, the State shall with respect to a support order being enforced under this part, taking into account the best interests of the child involved—

(I) review and, if appropriate, adjust the order in accordance with the guidelines established pursuant to section 667(a) of this title if the amount of the child support award under the order differs from the amount that would be awarded in accordance with the guidelines;

(II) apply a cost-of-living adjustment to the order in accordance with a formula developed by the State; or

(III) use automated methods (including automated comparisons with wage or State income tax data) to identify orders eligible for review, conduct the review, identify orders eligible for adjustment, and apply the appropriate adjustment to the orders eligible for adjustment under any threshold that may be established by the State.

(ii) OPPORTUNITY TO REQUEST REVIEW OF ADJUSTMENT.—If the State elects to conduct the review under subclause (II) or (III) of clause (i), procedures which permit either party to contest the adjustment, within 30 days after the date of the notice of the adjustment, by making a request for review and, if appropriate, adjustment of the order in accordance with the child support guidelines established pursuant to section 667(a) of this title.

(iii) No proof of change in circumstances necessary in 3-year cycle review.—Procedures which provide that any adjustment under clause (i) shall be made without a requirement for proof or showing of a change in circumstances.

(B) PROOF OF SUBSTANTIAL CHANGE IN CIRCUMSTANCES NECESSARY IN REQUEST FOR REVIEW OUTSIDE 3-YEAR CYCLE.—Procedures under which, in the case of a request for a review, and if appropriate, an adjustment outside the 3-year cycle (or such shorter cycle as the State may determine) under clause (i), the State shall review and, if the requesting party demonstrates a substantial change in circumstances, adjust the order in accordance with the guidelines established pursuant to section 667(a) of this title.

(C) NOTICE OF RIGHT TO REVIEW.—Procedures which require the State to provide notice not less than once every 3 years to the parents subject to the order informing the parents of their right to request the State to review and, if appropriate, adjust the order pursuant to this paragraph. The notice may be included in the order.

(11) Procedures under which a State must give full faith and credit to a determination of paternity made by any other State, whether established through voluntary acknowledgment or through administrative or judicial processes.

(12) LOCATOR INFORMATION FROM INTERSTATE NETWORKS.—Procedures to ensure that all Federal and State agencies conducting activities under this part have access to any system used by the State to locate an individual for purposes relating to motor vehicles or law enforcement.

(13) RECORDING OF SOCIAL SECURITY NUMBERS IN CERTAIN FAMILY MATTERS.—Procedures requiring that the social security number of—

(A) any applicant for a professional license, driver’s license, occupational license, recreational license, or marriage license be recorded on the application;

(B) any individual who is subject to a divorce decree, support order, or paternity determination or acknowledgment be placed in the records relating to the matter; and

(C) any individual who has died be placed in the records relating to the death and be recorded on the death certificate.

For purposes of subparagraph (A), if a State allows the use of a number other than the social security number to be used on the face of the document while the social security number is kept on file at the agency, the State shall so advise any applicants.

(14) HIGH-VOLUME, AUTOMATED ADMINISTRATIVE ENFORCEMENT IN INTERSTATE CASES.—

(A) IN GENERAL.—Procedures under which—

(i) the State shall use high-volume automated administrative enforcement, to the same extent as used for intrastate cases, in response to a request made by another State to enforce support orders, and shall promptly report the results of such enforcement procedure to the requesting State;

(ii) the State may, by electronic or other means, transmit to another State a request for assistance in enforcing support orders through high-volume, automated administrative enforcement, which request—

(I) shall include such information as will enable the State to which the request is transmitted to compare the information with the cases to the information in the data bases of the State; and

(II) shall constitute a certification by the requesting State—

(iii) any threshold that may be established pursuant to section 667(a) of this title.
(aa) of the amount of support under an order the payment of which is in arrears; and

(bb) that the requesting State has complied with all procedural due process requirements applicable to each case;

(iii) if the State provides assistance to another State pursuant to this paragraph with respect to a case, neither State shall consider the case to be transferred to the caseload of such other State (but the assisting State may establish a corresponding case based on such other State’s request for assistance); and

(iv) the State shall maintain records of—

(I) the number of such requests for assistance received by the State;

(II) the number of cases for which the State collected support in response to such a request; and

(III) the amount of such collected support.

(B) HIGH-VOLUME AUTOMATED ADMINISTRATIVE ENFORCEMENT.—In this part, the term “high-volume automated administrative enforcement”, in interstate cases, means, on request of another State, the identification by State, through automated data matches with financial institutions and other entities where assets may be found, of assets owned by persons who owe child support in other States, and the seizure of such assets by the State, through levy or other appropriate processes.

(15) PROCEDURES TO ENSURE THAT PERSONS OWING OVERDUE SUPPORT WORK OR HAVE A PLAN FOR PAYMENT OF SUCH SUPPORT. —Procedures under which the State has the authority, in any case in which an individual owes overdue support with respect to a child receiving assistance under a State program funded under part A, to issue an order or to request that a court or an administrative process established pursuant to State law issue an order that requires the individual to—

(A) pay such support in accordance with a plan approved by the court, or, at the option of the State, a plan approved by the State agency administering the State program under this part; or

(B) if the individual is subject to such a plan and is not incapacitated, participate in such work activities (as defined in section 607(d) of this title) as the court, or, at the option of the State, the State agency administering the State program under this part, deems appropriate.

(16) AUTHORITY TO WITHHOLD OR SUSPEND LICENSES. —Procedures under which the State has (and uses in appropriate cases) authority to withhold or suspend, or to restrict the use of driver’s licenses, professional and occupational licenses, and recreational and sporting licenses of individuals owing overdue support or failing, after receiving appropriate notice, to comply with subpoenas or warrants relating to paternity or child support proceedings.

(17) FINANCIAL INSTITUTION DATA MATCHES.—

(A) IN GENERAL. —Procedures under which the State agency shall enter into agreements with financial institutions doing business in the State—

(i) to develop and operate, in coordination with such financial institutions, and the Federal Parent Locator Service in the case of financial institutions doing business in two or more States, a data match system, using automated data exchanges to the maximum extent feasible, in which each such financial institution is required to provide for each calendar quarter the name, record address, social security number or other taxpayer identification number, and other identifying information for each noncustodial parent who maintains an account at such institution and who owes past-due support, as identified by the State by name and social security number or other taxpayer identification number; and

(ii) in response to a notice of lien or levy, encumber or surrender, as the case may be, assets held by such institution on behalf of any noncustodial parent who is subject to a child support lien pursuant to paragraph (4).

(B) REASONABLE FEES. —The State agency may pay a reasonable fee to a financial institution for conducting the data match provided for in subparagraph (A)(i), not to exceed the actual costs incurred by such financial institution.

(C) LIABILITY. —A financial institution shall not be liable under any Federal or State law to any person—

(i) for any disclosure of information to the State agency under subparagraph (A)(i); or

(ii) for encumbering or surrendering any assets held by such financial institution in response to a notice of lien or levy issued by the State agency as provided for in subparagraph (A)(ii); or

(iii) for any other action taken in good faith to comply with the requirements of subparagraph (A).

(D) DEFINITIONS. —For purposes of this paragraph—

(i) FINANCIAL INSTITUTION. —The term “financial institution” has the meaning given to such term by section 699A(d)(1) of this title.

(ii) ACCOUNT. —The term “account” means a demand deposit account, checking or negotiable withdrawal order account, savings account, time deposit account, or money-market mutual fund account.

(18) ENFORCEMENT OF ORDERS AGAINST PATERNAL OR MATERNAL GRANDPARENTS. —Procedures under which, at the State’s option, any child support order enforced under this part with respect to a child of minor parents, if the custodial parent of such child is receiving assistance under the State program under part A, shall be enforceable, jointly and severally, against the parents of the noncustodial parent of such child.

(19) HEALTH CARE COVERAGE. —Procedures under which—
(A) effective as provided in section 401(c)(3) of the Child Support Performance and Incentive Act of 1998, all child support orders enforced pursuant to this part shall include a provision for medical support for the child to be provided by either or both parents, and shall be enforced, where appropriate, through the use of the National Medical Support Notice promulgated pursuant to section 401(b) of the Child Support Performance and Incentive Act of 1998 (and referred to in section 609(a)(2)(E) of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1168(a)(2)(E)]) in connection with group health plans covered under title I of such Act [29 U.S.C. 1001 et seq.], in section 401(e) of the Child Support Performance and Incentive Act of 1998 in connection with State or local group health plans, and in section 401(f) of such Act in connection with church group health plans;

(B) unless alternative coverage is allowed for in any order of the court (or other entity issuing the child support order), in any case in which a parent is required under the child support order to provide such health care coverage and the employer of such parent is known to the State agency—

(i) the State agency uses the National Medical Support Notice to transfer notice of the provision for the health care coverage of the child to the employer;

(ii) within 20 business days after the date of the National Medical Support Notice, the employer is required to transfer the Notice, excluding the severable employer withholding notice described in section 401(b)(2)(C) of the Child Support Performance and Incentive Act of 1998, to the appropriate plan providing any such health care coverage for which the child is eligible;

(iii) in any case in which the parent is a newly hired employee entered in the State Directory of New Hires pursuant to section 653a(e) of this title, the State agency provides, where appropriate, the National Medical Support Notice, together with an income withholding notice described in section 401(b)(2)(C) of the Child Support Performance and Incentive Act of 1998, to the appropriate plan providing any such health care coverage for which the child is eligible;

(iv) in any case in which the employment of the parent with any employer who has received a National Medical Support Notice is terminated, such employer is required to notify the State agency of such termination; and

(C) any liability of the obligated parent to such plan for employee contributions which are required under such plan for enrollment of the child is effectively subject to appropriate enforcement, unless the obligated parent contests such enforcement based on a mistake of fact.

Notwithstanding section 654(20)(B) of this title, the procedures which are required under paragraphs (3), (4), (6), (7), and (15) need not be used or applied in cases where the State determines (using guidelines which are generally available within the State and which take into account the payment record of the noncustodial parent, the availability of other remedies, and other relevant considerations) that such use or application would not carry out the purposes of this part or would be otherwise inappropriate in the circumstances.

(b) Withholding from income of amounts payable as support

The procedures referred to in subsection (a)(1)(A) (relating to the withholding from income of amounts payable as support) must provide for the following:

(1) In the case of each noncustodial parent against whom a support order is or has been issued or modified in the State, and is being enforced under the State plan, so much of such parent’s income must be withheld, in accordance with the succeeding provisions of this subsection, as is necessary to comply with the order and provide for the payment of any fee to the employer which may be required under paragraph (6)(A), up to the maximum amount permitted under section 1673(b) of title 15. If there are arrearages to be collected, amounts withheld to satisfy such arrearages, when added to the amounts withheld to pay current support and provide for the fee, may not exceed the limit permitted under such section 1673(b), but the State need not withhold up to the maximum amount permitted under such section in order to satisfy arrearages.

(2) Such withholding must be provided without the necessity of any application therefor in the case of a child (whether or not eligible for assistance under a State program funded under part A) with respect to whom services are already being provided under the State plan under this part, and must be provided in accordance with this subsection on the basis of an application for services under the State plan in the case of any other child in whose behalf a support order has been issued or modified in the State. In either case such withholding must occur without the need for any amendment to the support order involved or for any further action (other than those actions required under this part) by the court or other entity which issued such order.

(3)(A) The income of a noncustodial parent shall be subject to such withholding, regardless of whether support payments by such parent are in arrears, in the case of a support order being enforced under this part that is issued or modified on or after the first day of the 25th month beginning after October 13, 1988.

(B) The income of a noncustodial parent shall become subject to such withholding, in the case of income not subject to withholding under subparagraph (A), on the date on which
the payments which the noncustodial parent has failed to make under a support order are at least equal to the support payable for one month or, if earlier, and without regard to whether there is an arrearage, the earliest of—

(i) the date as of which the noncustodial parent requests that such withholding begin,

(ii) the date as of which the custodial parent requests that such withholding begin, if the State determines, in accordance with such procedures and standards as it may establish, that the request should be approved, or

(iii) such earlier date as the State may select.

(4)(A) Such withholding must be carried out in full compliance with all procedural due process requirements of the State, and the State must send notice to each noncustodial parent to whom paragraph (1) applies—

(i) that the withholding has commenced; and

(ii) of the procedures to follow if the noncustodial parent desires to contest such withholding on the grounds that the withholding or the amount withheld is improper due to a mistake of fact.

(B) The notice under subparagraph (A) of this paragraph shall include the information provided to the employer under paragraph (6)(A).

(5) Such withholding must be administered by the State through the State disbursement unit established pursuant to section 654b of this title, in accordance with the requirements of section 654b of this title.

(6)(A) The employer of any noncustodial parent to whom paragraph (1) applies, upon being given notice as described in clause (ii), must be required to withhold from such noncustodial parent's income the amount specified by such notice which may include a fee, established by the State, to be paid to the employer unless waived by such employer and pay such amount (after deducting and retaining any portion thereof which represents the fee so established) to the State disbursement unit within 7 business days after the date the amount would (but for this subsection) have been paid or credited to the employee, for distribution in accordance with this part. The employer shall withhold funds as directed in the notice, except that when an employer receives an income withholding order issued by another State, the employer shall apply the income withholding law of the State of the obligor's principal place of employment in determining—

(I) the employer's fee for processing an income withholding order;

(II) the maximum amount permitted to be withheld from the obligor's income;

(III) the time periods within which the employer must implement the income withholding order and forward the child support payment;

(IV) the priorities for withholding and allocating income withheld for multiple child support obligees; and

(V) any withholding terms or conditions not specified in the order.

An employer who complies with an income withholding notice that is regular on its face shall not be subject to civil liability to any individual or agency for conduct in compliance with the notice.

(i) The notice given to the employer shall be in a standard format prescribed by the Secretary, and contain only such information as may be necessary for the employer to comply with the withholding order.

(ii) As used in this subparagraph, the term “business day” means a day on which State offices are open for regular business.

(B) Methods must be established by the State to simplify the withholding process for employers to the greatest extent possible, including permitting any employer to combine all withheld amounts into a single payment to each appropriate agency or entity (with the portion thereof which is attributable to each individual employee being separately designated).

(C) The employer must be held liable to the State for any amount which such employer fails to withhold from income due an employee following receipt by such employer of proper notice under subparagraph (A), but such employer shall not be required to vary the normal pay and disbursement cycles in order to comply with this paragraph.

(D) Provision must be made for the imposition of a fine against any employer who—

(i) discharges from employment, refuses to employ, or takes disciplinary action against any noncustodial parent subject to income withholding required by this subsection because of the existence of such withholding and the obligations or additional obligations which it imposes upon the employer; or

(ii) fails to withhold support from income or to pay such amounts to the State disbursement unit in accordance with this subsection.

(7) Support collection under this subsection must be given priority over any other legal process under State law against the same income.

(8) For purposes of subsection (a) and this subsection, the term “income” means any periodic form of payment due to an individual, regardless of source, including wages, salaries, commissions, bonuses, worker's compensation, disability, payments pursuant to a pension or retirement program, and interest.

(9) The State must extend its withholding system under this subsection so that such system will include withholding from income derived within such State in cases where the applicable support orders were issued in other States, in order to assure that child support owed by noncustodial parents in such State or any other State will be collected without regard to the residence of the child for whom the support is payable or of such child's custodial parent.

(10) Provision must be made for terminating withholding.

(11) Procedures under which the agency administering the State plan approved under this part may execute a withholding order without advance notice to the obligor, includ-
ing issuing the withholding order through electronic means.

(c) Expedited procedures

The procedures specified in this subsection are the following:

(1) Administrative action by State agency

Procedures which give the State agency the authority to take the following actions relating to establishment of paternity or to establishment, modification, or enforcement of support orders, without the necessity of obtaining an order from any other judicial or administrative tribunal, and to recognize and enforce the authority of State agencies of other States to take the following actions:

(A) Genetic testing

(D) Access to information contained in certain records

To obtain access, subject to safeguards on privacy and information security, and subject to the nonliability of entities that afford such access under this subparagraph, to information contained in the following records (including automated access, in the case of records maintained in automated databases):

(VIII) corrections records.

(ii) Certain records held by private entities with respect to individuals who owe or are owed support (or against or with respect to whom a support obligation is sought), consisting of—

(I) the names and addresses of such individuals and the names and addresses of the employers of such individuals, as appearing in customer records of public utilities and cable television companies, pursuant to an administrative subpoena authorized by subparagraph (B); and

(II) information (including information on assets and liabilities) on such individuals held by financial institutions.

(E) Change in payee

In cases in which support is subject to an assignment in order to comply with a requirement imposed pursuant to part A, part E, or section 1396k of this title, or to a requirement to pay through the State disbursement unit established pursuant to section 654b of this title, upon providing notice to obligor and obligee, to direct the obligor or other payor to change the payee to the appropriate government entity.

(F) Income withholding

To order income withholding in accordance with subsections (a)(1)(A) and (b).

(G) Securing assets

In cases in which there is a support arrearage, to secure assets to satisfy any current support obligation and the arrearage by—

(i) intercepting or seizing periodic or lump-sum payments from—

(I) a State or local agency, including unemployment compensation, workers' compensation, and other benefits; and

(II) judgments, settlements, and lotteries;

(ii) attaching and seizing assets of the obligor held in financial institutions;

(iii) attaching public and private retirement funds; and

(iv) imposing liens in accordance with subsection (a)(4) and, in appropriate cases, to force sale of property and distribution of proceeds.

(H) Increase monthly payments

For the purpose of securing overdue support, to increase the amount of monthly support payments to include amounts for arrearages, subject to such conditions or limitations as the State may provide.

Such procedures shall be subject to due process safeguards, including (as appropriate) requirements for notice, opportunity to contest the action, and opportunity for an appeal on the record to an independent administrative or judicial tribunal.

(2) Substantive and procedural rules

The expedited procedures required under subsection (a)(2) shall include the following rules and authority, applicable with respect to all proceedings to establish paternity or to establish, modify, or enforce support orders:

(A) Locator information; presumptions concerning notice

Procedures under which—
(i) each party to any paternity or child support proceeding is required (subject to privacy safeguards) to file with the State case registry upon entry of an order, and to update as appropriate, information on location and identity of the party, including social security number, residential and mailing addresses, telephone number, driver’s license number, and name, address, and telephone number of employer; and

PART E—FEDERAL PAYMENTS FOR FOSTER CARE, PREVENTION, AND PERMANENCY

CODIFICATION

§ 670. Congressional declaration of purpose; authorization of appropriations

For the purpose of enabling each State to provide, in appropriate cases, foster care and transitional independent living programs for children who otherwise would have been eligible for assistance under the State’s plan approved under part A (as such plan was in effect on June 1, 1995), adoption assistance for children with special needs, kinship guardianship assistance, and prevention services or programs specified in section 671(e)(1) of this title, there are authorized to be appropriated for each fiscal year such sums as may be necessary to carry out the provisions of this part. The sums made available under this section shall be used for making payments to States which have submitted, and had approved by the Secretary, State plans under this part.

AMENDMENTS

2018—Pub. L. 115–123 substituted "June 1, 1995", adoption assistance for children with special needs, kinship
guarded assistance, and prevention services or programs specified in section 671(e)(1) of this title, there are authorized to be appropriated for each fiscal year such sums for "June 1, 1995) and adoption assistance for children with special needs, there are authorized to be appropriated for each fiscal year (commencing with the fiscal year which begins October 1, 1989) such sums.

1996—Pub. L. 104–193 substituted "would have been eligible" for "would be eligible" and inserted "(as such plan was in effect on June 1, 1995)" after "part A.

"(5) While essential to protect children and to carry out the general purposes of the Adoption and Safe Families Act of 1997, the accelerated timelines for the termination of parental rights and the other requirements imposed under that Act increase the pressure on the Nation's already overburdened abuse and neglect courts.

"(6) The administrative efficiency and effectiveness of the Nation's abuse and neglect courts would be substantially improved by the acquisition and implementation of computerized case-tracking systems to identify and eliminate existing backlogs, to move abuse and neglect caseloads forward in a timely manner, and to move children into safe and stable families. Such systems could also be used to evaluate the effectiveness of such courts in meeting the purposes of the amendments made by, and provisions of, the Adoption and Safe Families Act of 1997.

"(7) The administrative efficiency and effectiveness of the Nation's abuse and neglect courts would also be improved by the identification and implementation of projects designed to eliminate the backlog of abuse and neglect cases, including the temporary hiring of additional judges, extension of court hours, and other projects designed to reduce existing caseloads.

"(8) The administrative efficiency and effectiveness of the Nation's abuse and neglect courts would be further strengthened by improving the quality and availability of training for judges, court personnel, agency attorneys, guardians ad litem, volunteers who participate in court-appointed special advocate (CASA) programs, and attorneys who represent the children and the parents of children in abuse and neglect proceedings.

"(9) While recognizing that abuse and neglect courts in this country are already committed to the quality administration of justice, the performance of such courts would be even further enhanced by the development of models and educational opportunities that reinforce court projects that have already been developed, including models for case-flow procedures, case management, representation of children, automated interagency interfaces, and 'best practices' standards.

"(10) Judges, magistrates, commissioners, and other judicial officers play a central and vital role in ensuring that proceedings in our Nation's abuse and neglect courts are run efficiently and effectively. The performance of those individuals in such courts can only be further enhanced by training, seminars, and an ongoing opportunity to exchange ideas with their peers.

"(11) Volunteers who participate in court-appointed special advocate (CASA) programs play a vital role as the eyes and ears of abuse and neglect courts in proceedings conducted by, or under the supervision of, such courts and also bring increased public scrutiny of the abuse and neglect court system. The Nation's abuse and neglect courts would benefit from an expansion of this program to currently underserved communities.

"(12) Improved computerized case-tracking systems, comprehensive training, and development of, and education on, model abuse and neglect court systems, particularly with respect to underserved areas, would significantly further the purposes of the Adoption and Safe Families Act of 1997 by reducing the average length of an abused and neglected child's stay in foster care, improving the quality of decision-making in proceedings to determine whether children can safely return to their families or whether they should be moved into safe and stable adoptive homes or other permanent family arrangements outside the foster care system.

"(14) To avoid unnecessary and lengthy stays in the foster care system, the Adoption and Safe Families Act of 1997 specifically requires, among other things, that States move to terminate the parental rights of the parents of those children who have been in foster care for 15 of the last 22 months.

"Ex. Ord. No. 13930, STRENGTHENING THE CHILD WELFARE SYSTEM FOR AMERICA’S CHILDREN

Ex. Ord. No. 13930, June 24, 2020, 85 F.R. 38741, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:
SECTION 1. Purpose. Every child deserves a family. Our States and communities have both a legal obligation, and the privilege, to care for our Nation’s most vulnerable children.

The best foster care system is one that is not needed in the first place. My Administration has been focused on prevention strategies that keep children safe while strengthening families so that children do not enter foster care unnecessarily. Last year, and for only the second time since 2011, the number of children in the foster care system declined, and for the third year in a row, the number of children entering foster care has declined.

But challenges remain. Too many young people who are in our foster care system wait years before finding the permanency of family. More than 400,000 children are currently in foster care. Of those, more than 124,000 children are waiting for adoption, with nearly 6 out of 10 (58.4 percent) having already become legally eligible for adoption.

More than 50 percent of the children waiting for adoption have been in foster care—without the security and constancy of a permanent family—for 2 years or more. The need for stability and timely permanancy is particularly acute for children 9 years and older, children in sibling groups, and those with intellectual or physical disabilities.

Even worse, too many young men and women age out of foster care having never found a permanent, stable family. In recent years, approximately 20,000 young people have aged out of foster care each year in the United States. Research has shown that young people who age out of the foster care system are likely to experience significant, and significantly increased, life challenges—40 percent of such young people studied experienced homelessness; 50 percent were unemployed at age 24; 25 percent experienced post-traumatic stress disorder; and 71 percent became pregnant by age 21. These are unacceptable outcomes.

Several factors have contributed to the number of children who wait in foster care for extended periods. First, State and local child welfare agencies often do not have robust partnerships with private community organizations, including faith-based organizations. Second, those who step up to be resource families for children in foster care—including kin, guardians, foster parents, and adoptive parents—may lack adequate support. Third, too often the processes and systems meant to help children and families in crisis have instead created bureaucratic barriers that make it more difficult for these children and families to get the help they need.

It is the goal of the United States to promote a child welfare system that reduces the need to place children into foster care; achieves safe permanency for those children who must come into foster care, and does so more quickly and more effectively; places appropriate focus on children who are waiting for adoption, especially those who are 9 years and older, are in sibling groups, or have disabilities; and decreases the proportion of young adults who age out of the foster care system.

Children from all backgrounds have the potential to become successful and thriving adults. Yet without a committed, loving family that can provide encouragement, stability, and a lifelong connection, some children may never receive the support needed to realize that potential.

This order will help to empower families who answer the call to open their hearts and homes to children who need them. My Administration is committed to helping give as many children as possible the stability and support that family provides by dramatically improving our child welfare system.

S Sec. 2. Encouraging Robust Partnerships Between State Agencies and Public, Private, Faith-based, and Community Organizations. (a) In order to facilitate close partnership between State agencies and nongovernmental organizations, including public, private, faith-based, and community groups, the Secretary of Health and Human Services (the “Secretary”) shall provide increased public access to accurate, up-to-date information relevant to strengthening the child welfare system, including by:

(i) Publishing data to aid in the recruitment of community support. Within 1 year of the date of this order [June 24, 2020] and each year thereafter, the Secretary shall, through the President for Domestic Policy, a report that provides information about typical patterns of entry, recent available counts of children in foster care, and recent available counts of children waiting for adoption. To the extent appropriate and consistent with applicable law, including all privacy laws, this data will be disaggregated by county or other sub-State level, child age, placement type, and prior time in care.

(ii) Collecting needed data to preserve sibling connections.

(A) Within 2 years of the date of this order, the Secretary shall collect information from appropriate State and local agencies on the number of children in foster care who have siblings in foster care and who are not currently placed with their siblings.

(B) Within 3 years of the date of this order, to support the goal of keeping siblings together (42 U.S.C. 671(a)(31)(A)), the Secretary shall develop data analysis methods to report on the extent to which States serve children who are siblings to support foster and adoptive families.

(iii) Expanding the number of homes for children and youth.

(A) Within 2 years of the date of this order, the Secretary shall develop a more rigorous and systematic approach to collecting State administrative data as part of the Child and Family Services Review required by section 1123A of the Social Security Act (the “Act”) (42 U.S.C. 1320a–2a). Data collected shall include:

(b) Within 1 year of the date of this order, the Secretary shall issue guidance to Federal, State, and local agencies on partnering with nongovernmental organizations. This guidance shall include best practices for information sharing, providing needed services to families to support prevention of children entering foster care, family preservation, foster and adoptive home recruitment and retention, respite care, post-placement family support, and support for older youth. This guidance shall also make clear that faith-based organizations are eligible for partnerships under title IV–E (42 U.S.C. 670 et seq.), on an equal basis, consistent with the First Amendment to the Constitution.

S Sec. 3. Improving Access to Adequate Resources for Caregivers and Youth. While many public, private, faith-based, and community resources and other sources of support exist, many American caregivers still lack access with and access to adequate resources. Within 1 year of the date of this order, the Secretary shall equip caregivers and those in care to meet their unique challenges, by:

Access to this web-based training material will be provided free of charge for all child welfare and mental health practitioners.

(c) Supporting guardianship. The Secretary shall provide information to States regarding the importance and availability of funds to increase guardianship through the title IV–E Guardianship Assistance Program (42 U.S.C. 673), which provides Federal reimbursement for payments to guardians and for associated administrative costs. This information shall include which States have already opted into the program.

(d) Enhancing support for kinship care and youth exiting foster care. The Secretary shall establish a plan to address barriers to accessing existing Federal assistance and benefits for youth exiting foster care. (B) Candidates in kinship care

A child described in paragraph (2) for whom such services or programs under this subsection are provided for more than 6 months while in the home of a kin caregiver, and who would satisfy the AFDC eligibility requirement of section 672(a)(3)(A)(i)(II) of this title but for residing in the home of the caregiver for more than 6 months, is deemed to satisfy that requirement for purposes of determining whether the child is eligible for foster care maintenance payments under section 672 of this title.

(C) Payer of last resort

In carrying out its responsibilities to ensure access to services or programs under this subsection, the State agency shall not be considered to be a legally liable third party for purposes of satisfying a financial commitment for the cost of providing such services or programs with respect to any individual for whom such cost would have been paid for from another public or private source but for the enactment of this subsection (except that whenever considered necessary to prevent a delay in the receipt of appropriate early intervention services by a child or family in a timely fashion, funds provided under section 674(a)(6) of this title may be used to pay the provider of services or programs pending reimbursement from the public or private source that has ultimate responsibility for the payment).

(2) Child-care institution

(A) In general

The term “child-care institution” means a private child-care institution, or a public child-care institution which accommodates no more than 25 children, which is licensed by the State in which it is situated or has been approved by the agency of the State responsible for licensing or approval of institutions of this type as meeting the standards established for the licensing.

(1) For purposes of subchapter XIX, any child with respect to whom foster care maintenance payments are made under this section is deemed to be a dependent child as defined in section 606 of this title (as in effect as of July 16, 1996) and deemed to be a recipient of aid to families with dependent children under part A of this subchapter (as so in effect). For purposes of division A of subchapter XX, any child with respect to whom foster care maintenance payments are made under this section is deemed to be a minor child in a needy family under a State program funded under part A of this subchapter and is deemed to be a recipient of assistance under such part.

(2) For purposes of paragraph (1), a child whose costs in a foster family home or child care institution are covered by the foster care maintenance payments being made with respect to the child's minor parent, as provided in section 675(d)(B) of this title, shall be considered a child with respect to whom foster care maintenance payments are made under this section.

(i) Administrative costs associated with otherwise eligible children not in licensed foster care settings

Expenditures by a State that would be considered administrative expenditures for purposes of section 674(a)(3) of this title if made with respect to a child who was residing in a foster family home or child-care institution shall be so considered with respect to a child not residing in such a home or institution—

(1) in the case of a child who has been removed in accordance with subsection (a) of this section from the home of a relative specified in section 606(a) of this title (as in effect on July 16, 1996), only for expenditures—

(A) with respect to a period of not more than the lesser of 12 months or the average length of time it takes for the State to license or approve a home as a foster home in which the child is in the home of a relative and an application is pending for licensing or approval of the home as a foster family home; or
(B) with respect to a period of not more than 1 calendar month when a child moves from a facility not eligible for payments under this part into a foster family home or child care institution licensed or approved by the State; and

(2) in the case of any other child who is potentially eligible for benefits under a State plan approved under this part and at imminent risk of removal from the home, only if—

(A) reasonable efforts are being made in accordance with section 671(a)(15) of this title to prevent the need for, or if necessary to pursue, removal of the child from the home; and
(B) the State agency has made, not less often than every 6 months, a determination (or redetermination) as to whether the child remains at imminent risk of removal from the home.

(j) Children placed with a parent residing in a licensed residential family-based treatment facility for substance abuse

Notwithstanding the preceding provisions of this section, a child who is eligible for foster care maintenance payments under this section, or who would be eligible for the payments if the eligibility were determined with-

1 See References in Text note below.
out regard to paragraphs (1)(B) and (3) of subsection (a), shall be eligible for the payments for a period of not more than 12 months during which the child is placed with a parent who is in a licensed residential family-based treatment facility for substance abuse, but only if—

(A) the recommendation for the placement is specified in the child’s case plan before the placement;

(B) the treatment facility provides, as part of the treatment for substance abuse, parenting skills training, parent education, and individual and family counseling; and

(C) the substance abuse treatment, parenting skills training, parent education, and individual and family counseling is provided under an organizational structure and treatment framework that involves understanding, recognizing, and responding to the effects of all types of trauma and in accordance with recognized principles of a trauma-informed approach and trauma-specific interventions to address the consequences of trauma and facilitate healing.

(2) Application

With respect to children for whom foster care maintenance payments are made under paragraph (1), only the children who satisfy the requirements of paragraphs (1)(B) and (3) of subsection (a) shall be considered to be children with respect to whom foster care maintenance payments are made under this section for purposes of subsection (b) or section 673(b)(3) of this title.

(k) Limitation on Federal financial participation

(1) In general

Beginning with the third week for which foster care maintenance payments are made under this section on behalf of a child placed in a child-care institution, no Federal payment shall be made to the State under section 674(a)(1) of this title for amounts expended for foster care maintenance payments on behalf of the child unless—

(A) the child is placed in a child-care institution that is a setting specified in paragraph (2) (or is placed in a licensed residential family-based treatment facility consistent with subsection (j)); and

(B) in the case of a child placed in a qualified residential treatment program (as defined in paragraph (4)), the requirements specified in paragraph (3) and section 675a(c) of this title are met.

(2) Specified settings for placement

The settings for placement specified in this paragraph are the following:

(A) A qualified residential treatment program (as defined in paragraph (4)).

(B) A setting specializing in providing prenatal, post-partum, or parenting supports for youth.

(C) In the case of a child who has attained 18 years of age, a supervised setting in which the child is living independently.

(D) A setting providing high-quality residential care and supportive services to children and youth who have been found to be, or are at risk of becoming, sex trafficking victims, in accordance with section 671(a)(9)(C) of this title.

(3) Assessment to determine appropriateness of placement in a qualified residential treatment program

(A) Deadline for assessment

In the case of a child who is placed in a qualified residential treatment program, if the assessment required under section 675a(c)(1) of this title is not completed within 30 days after the placement is made, no Federal payment shall be made to the State under section 674(a)(1) of this title for any amounts expended for foster care maintenance payments on behalf of the child during the placement.

(B) Deadline for transition out of placement

If the assessment required under section 675a(c)(1) of this title determines that the placement of a child in a qualified residential treatment program is not appropriate, a court disapproves such a placement under section 675a(c)(2) of this title, or a child who has been in an approved placement in a qualified residential treatment program is going to return home or be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home, Federal payments shall be made to the State under section 674(a)(1) of this title for amounts expended for foster care maintenance payments on behalf of the child while the child remains in the qualified residential treatment program only during the period necessary for the child to transition home or to such a placement. In no event shall a State receive Federal payments under section 674(a)(1) of this title for amounts expended for foster care maintenance payments on behalf of a child who remains placed in a qualified residential treatment program after the end of the 30-day period that begins on the date a determination is made that the placement is no longer the recommended or approved placement for the child.

(4) Qualified residential treatment program

For purposes of this part, the term “qualified residential treatment program” means a program that—

(A) has a trauma-informed treatment model that is designed to address the needs, including clinical needs as appropriate, of children with serious emotional or behavioral disorders or disturbances and, with respect to a child, is able to implement the treatment identified for the child by the assessment of the child required under section 675a(c) of this title;

(B) subject to paragraphs (5) and (6), has registered or licensed nursing staff and other licensed clinical staff who—

(i) provide care within the scope of their practice as defined by State law;

(ii) are on-site according to the treatment model referred to in subparagraph (A); and

(iii) are available 24 hours a day and 7 days a week;
(C) to extend appropriate, and in accordance with the child’s best interests, facilities, participation of family members in the child’s treatment program; (D) facilitates outreach to the family members of the child, including siblings, documents how the outreach is made (including contact information), and maintains contact information for any known biological family and fictive kin of the child; (E) documents how family members are integrated into the treatment process for the child, including post-discharge, and how sibling connections are maintained; (F) provides discharge planning and family-based aftercare support for at least 6 months post-discharge; and (G) is licensed in accordance with section 671(a)(10) of this title and is accredited by any of the following independent, not-for-profit organizations: (i) The Commission on Accreditation of Rehabilitation Facilities (CARF). (ii) The Joint Commission on Accreditation of Healthcare Organizations (JCAHO). (iii) The Council on Accreditation (COA). (iv) Any other independent, not-for-profit organization approved by the Secretary.

(5) Administrative costs
The prohibition in paragraph (1) on Federal payments under section 674(a)(1) of this title shall not be construed as prohibiting Federal payments for administrative expenditures incurred on behalf of a child placed in a child-care institution and for which payment is available under section 674(a)(3) of this title.

(6) Rule of construction
The requirements in paragraph (4)(B) shall not be construed as requiring a qualified residential treatment program to acquire nursing and behavioral health staff solely through means of a direct employer to employee relationship.

(2)(A) For purposes of paragraph (1)(B)(i), a child meets the requirements of this paragraph if—

(i) in the case of a child who is not an applicable child for the fiscal year (as defined in subsection (e)), the child—

(I)(aa)(AA) was removed from the home of a relative in a foster care facility in accordance with a voluntary placement agreement with respect to which Federal payments are provided under section 674 of this title (or section 603 of this title, as such section was in effect on July 16, 1996), or in accordance with a judicial determination to the effect that continuation in the home would be contrary to the welfare of the child; and

(B) a voluntary placement agreement or voluntary relinquishment; and

(ii) has been determined by the State, pursuant to subsection (c)(2), to be a child with special needs.

(B) Section 672(a)(4) of this title shall apply for purposes of subparagraph (A) of this paragraph, in any case in which the child is an alien described in such section.

(i) in the case of a child who is not an applicable child for the fiscal year (as defined in subsection (e)), the child—

(I) meets the requirements of subparagraph (A)(i)(II);

(II) was determined eligible for adoption assistance payments under this part with respect to a prior adoption;

(III) is available for adoption because—

(aa) the prior adoption has been dissolved, and the parental rights of the adoptive parents have been terminated; or

(bb) the child’s adoptive parents have died; and

(IV) fails to meet the requirements of subparagraph (A)(i) but would meet such requirements if—

(aa) the child were treated as if the child were in the same financial and other circumstances the child was in on the last day of the period the child was determined eligible for adoption assistance payments under this part; and

(bb) the prior adoption were treated as never having occurred; or

(ii) in the case of a child who is an applicable child for the fiscal year (as so defined), the child meets the requirements of subparagraph (A)(i)(II), is determined eligible for adoption assistance payments under this part with respect to a prior adoption (or who would have been determined eligible for such payments had the Adoption and Safe Families Act of 1997 been in effect at the time that such determination would have been made), and is available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child’s adoptive parents have died.

(D) In determining the eligibility for adoption assistance payments of a child in a legal guardianship arrangement described in section 671(a)(22) of this title, the placement of the child with the relative guardian involved and any kinship guardianship assistance payments made on behalf of the child shall be considered never to have been made.

(3) The amount of the payments to be made in any case under clauses (i) and (ii) of paragraph (1)(B) shall be determined through agreement between the adoptive parents and the State or local agency administering the program under this section, which shall take into consideration the circumstances of the adopting parents and the needs of the child being adopted, and may be readjusted periodically, with the concurrence of the adopting parents (which may be specified in the adoption assistance agreement), depending upon changes in such circumstances. However, in no case may the amount of the adoption assistance payment made under clause (ii) of paragraph (1)(B) exceed the foster care maintenance payment which would have been paid during the period if the child with respect to whom the adoption assistance payment is made had been in a foster family home.

(A) Notwithstanding any other provision of this section, a payment may not be made pursuant to this section to parents or relative guardians with respect to a child—

(i) who has attained—

(I) 18 years of age, or such greater age as the State may elect under section 675(8)(B)(ii) of this title; or

(II) 21 years of age, if the State determines that the child has a mental or physical handicap which warrants the continuation of assistance;

(ii) who has not attained 18 years of age, if the State determines that the parents or relative guardians, as the case may be, are no longer legally responsible for the support of the child; or

(iii) if the State determines that the child is no longer receiving any support from the parents or relative guardians, as the case may be.

(B) Parents or relative guardians who have been receiving adoption assistance payments or kinship guardianship assistance payments under this section shall keep the State or local agency administering the program under this section informed of circumstances which would, pursuant to this subsection, make them ineligible for the payments, or eligible for the payments in a different amount.

(5) For purposes of this part, individuals with whom a child (who has been determined by the State, pursuant to subsection (c), to be a child with special needs) is placed for adoption in accordance with applicable State and local law shall be eligible for such payments, during the period of the placement, on the same terms and subject to the same conditions as if such individuals had adopted such child.

(6)(A) For purposes of paragraph (1)(B)(i), the term “nonrecurring adoption expenses” means reasonable and necessary adoption fees, court costs, attorney fees, and other expenses which are directly related to the legal adoption of a child with special needs and which are not incurred in violation of State or Federal law.

(B) A State’s payment of nonrecurring adoption expenses under an adoption assistance agreement shall be treated as an expenditure made for the proper and efficient administration of the State plan for purposes of section 674(a)(3)(E) of this title.
(7)(A) Notwithstanding any other provision of this subsection, no payment may be made to parents with respect to any applicable child for a fiscal year that—

(i) would be considered a child with special needs under subsection (c)(2); and

(ii) is not a citizen or resident of the United States; and

(iii) was adopted outside of the United States or was brought into the United States for the purpose of being adopted.

(B) Subparagraph (A) shall not be construed as prohibiting payments under this part for an applicable child described in subparagraph (A) that is placed in foster care subsequent to the failure, as determined by the State, of the initial adoption of the child by the parents described in subparagraph (A).

(B)(A) A State shall calculate the savings (if any) resulting from the application of paragraph (2)(A)(ii) to all applicable children for a fiscal year, using a methodology specified by the Secretary or an alternate methodology proposed by the State and approved by the Secretary.

(B) A State shall annually report to the Secretary—

(i) the methodology used to make the calculation described in subparagraph (A), without regard to whether any savings are found;

(ii) the amount of any savings referred to in subparagraph (A); and

(iii) how any such savings are spent, accounting for and reporting the spending separately from any other spending reported to the Secretary under part B or this part.

(C) The Secretary shall make all information reported pursuant to subparagraph (B) available on the website of the Department of Health and Human Services in a location easily accessible to the public.

(D)(i) A State shall spend an amount equal to the amount of the savings (if any) in State expenditures under this part resulting from the application of paragraph (2)(A)(ii) to all applicable children for a fiscal year, to provide to children of families any service that may be provided under part B or this part.

(ii) Any State spending required under clause (i) shall be used to supplement, and not supplant, any Federal or non-Federal funds used to provide any service under part B or this part.

(b) Aid for dependent children; assistance for minor children in needy families

(1) For purposes of subchapter XIX, any child who is described in paragraph (3) is deemed to be a dependent child as defined in section 606 of this title (as in effect as of July 16, 1996) and deemed to be a recipient of aid to families with dependent children under part A of this subchapter (as so in effect) in the State where such child resides.

Subject to the availability of such amounts as may be provided in advance in appropriations Acts for this purpose, the Secretary shall make a grant to each State that is an incentive-eligi-

(b) Incentive-eligible State

4. the fiscal year is any of fiscal years 2016 through 2020.

(c) Data requirements

(1) In general
A State is in compliance with this subsection for a fiscal year if the State has provided to the Secretary the data described in paragraph (2)—

(A) for fiscal years 1995 through 1997 (or, if the first fiscal year for which the State seeks a grant under this section is after fiscal year 1998, the fiscal year that precedes such first fiscal year); and
(B) for each succeeding fiscal year that precedes the fiscal year.

(2) Determination of rates of adoptions and guardianships based on AFCARS data
The Secretary shall determine each of the rates required to be determined under this section with respect to the base rate of adoption and legal guardianship incentive payment payable to a State for a fiscal year under this section to the sum of—

(2) Pro rata adjustment if insufficient funds available
For any fiscal year, if the total amount of adoption incentive payments otherwise payable under paragraph (1) for a fiscal year exceeds the amount appropriated pursuant to subsection (h) for the fiscal year, the amount of the adoption incentive payment payable to each State under paragraph (1) for the fiscal year shall be—

(A) In general
If for any of fiscal years 2013 through 2015, the total amount of adoption and legal guardianship incentive payments payable under paragraph (1) of this subsection are less than the amount appropriated under subsection (b) for the fiscal year, then, from the remainder of the amount appropriated for the fiscal year that is not required for such payments (in this paragraph referred to as the “timely adoption award pool”), the Secretary shall increase the adoption incentive payment determined under paragraph (1) for each State that the Secretary determines is a timely adoption award State for the fiscal year by the award amount determined for the fiscal year under subparagraph (C).

(B) Timely adoption award State defined
A State is a timely adoption award State for a fiscal year if the Secretary determines that, for children who were in foster care under the supervision of the State at the time of adoptive placement, the average number of months from removal of children from their home to the placement of children in finalized adoptions is less than 24 months.

(C) Award amount
For purposes of subparagraph (A), the award amount determined under this subparagraph with respect to a fiscal year is the amount equal to the timely adoption award pool for the fiscal year divided by the number of timely adoption award States for the fiscal year.

FINDINGS

'(1) In 1997, the Congress passed the Adoption and Safe Families Act of 1997 [Pub. L. 105–89; see Short Title of 1997 Amendment note set out under section 1396f–4 of this title] to promote comprehensive child welfare reform to ensure that consideration of children's safety is paramount in child welfare decisions and to provide a greater sense of urgency to find every child a safe, permanent home.

'(2) The Adoption and Safe Families Act of 1997 also created the Adoption Incentives program, which authorizes incentive payments to States to promote adoptions, with additional incentives provided for the adoption of foster children with special needs.

'(3) Since 1997, all States, the District of Columbia, and Puerto Rico have qualified for incentive payments for their work in promoting adoption of foster children.

'(4) Between 1997 and 2002, adoptions increased by 64 percent, and adoptions of children with special needs increased by 63 percent; however, 542,000 children remain in foster care, and 126,000 are eligible for adoption.

'(5) Although substantial progress has been made to promote adoptions, attention should be focused on promoting adoption of older children. Recent data suggest that half of the children waiting to be adopted are age 9 or older."

(b) Quarterly estimates of State's entitlement for next quarter; payments; United States' pro rata share of amounts recovered as overpayment; allowance, disallowance, or deferral of claim

(1) The Secretary shall, prior to the beginning of each quarter, estimate the amount to which a State will be entitled under subsection (a) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with subsection (a), and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State’s proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, (B) records showing the number of children in the State receiving assistance under this part, and (C) such other investigation as the Secretary may find necessary.

(2) The Secretary shall then pay to the State, in such installments as he may determine, the amounts so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(3) The pro rata share to which the United States is equitably entitled, as determined by the Secretary, of the net amount recovered during any quarter by the State or any political subdivision thereof with respect to foster care and adoption assistance furnished under the State plan shall be considered an overpayment to be adjusted under this subsection.

(4)(A) Within 60 days after receipt of a State claim for expenditures pursuant to subsection (a), the Secretary shall allow, disallow, or defer such claim.

(B) Within 15 days after a decision to defer such a State claim, the Secretary shall notify the State of the reasons for the deferral and of the additional information necessary to determine the allowability of the claim.

(C) Within 90 days after receiving such necessary information (in readily reviewable form), the Secretary shall—

(II) on the basis of findings of an audit or financial management review.

(c) Automated data collection expenditures

The Secretary shall treat as necessary for the proper and efficient administration of the State plan all expenditures of a State necessary in order for the State to plan, design, develop, install, and operate data collection and information retrieval systems described in subsection (a)(3)(C), without regard to whether the systems may be used with respect to foster or adoptive children other than those on behalf of whom foster care maintenance payments or adoption assistance payments may be made under this part.

(d) Reduction for violation of plan requirement

(1) If, during any quarter of a fiscal year, a State’s program operated under this part is found, as a result of a review conducted under section 1320a–2a of this title, or otherwise, to have violated paragraph (18) or (23) of section 671(a) of this title with respect to a person or to have failed to implement a corrective action plan within a period of time not to exceed 6 months with respect to such violation, then, notwithstanding subsection (a) of this section and any regulations promulgated under section 1320a–2a(b)(3) of this title, the Secretary shall reduce the amount otherwise payable to the State under this part, for that fiscal year quarter and for any subsequent quarter of such fiscal year, until the State program is found, as a result of a subsequent review under section 1320a–2a of this title, to have implemented a corrective action plan with respect to such violation, by—

(A) 2 percent of such otherwise payable amount, in the case of the 1st such finding for the fiscal year with respect to the State;

(B) 3 percent of such otherwise payable amount, in the case of the 2nd such finding for the fiscal year with respect to the State; or

In imposing the penalties described in this paragraph, the Secretary shall not reduce any fiscal year payment to a State by more than 5 percent.

(2) Any other entity which is in a State that receives funds under this part and which violates paragraph (18) or (23) of section 671(a) of this title during a fiscal year quarter with respect to any person shall remit to the Secretary all funds that were paid by the State to the entity during the quarter from such funds.
(3)(A) Any individual who is aggrieved by a violation of section 671(a)(18) of this title by a State or other entity may bring an action seeking relief from the State or other entity in any United States district court.

(A) An action under this paragraph may not be brought more than 2 years after the date the alleged violation occurred.

(4) This subsection shall not be construed to affect the application of the Indian Child Welfare Act of 1978 [25 U.S.C. 1901 et seq.].

(e) Discretionary grants for educational and training vouchers for youths aging out of foster care

From amounts appropriated pursuant to section 677(b)(2) of this title, the Secretary may make a grant to a State with a plan approved under this part, for a calendar quarter, in an amount equal to the lesser of—

1 (1) 80 percent of the amounts expended by the State during the quarter to carry out programs for the purposes described in section 677(a)(6) of this title; or

(2) the amount, if any, allotted to the State under section 677(c)(3) of this title for the fiscal year in which the quarter occurs, reduced by the total of the amounts payable to the State under this subsection for such purposes for all prior quarters in the fiscal year.

(f) Reduction for failure to submit required data

(1) If the Secretary finds that a State has failed to submit to the Secretary, as required by regulation, for the data collection system implemented under section 679 of this title, the Secretary shall, within 30 days after the date by which the data was due to be so submitted, notify the State of the failure and that payment to the State under this part will be reduced if the State fails to submit the data, as so required, within 6 months after the date the data was originally due to be so submitted.

(2) If the Secretary finds that the State has failed to submit the data, as so required, by the end of the 6-month period referred to in paragraph (1) of this subsection, then, notwithstanding subsection (a) of this section and any regulations promulgated under section 1320a–2a(b)(3) of this title, the Secretary shall reduce the amounts otherwise payable to the State under this part, for each quarter ending in the 6-month period (and each quarter ending in each subsequent consecutively occurring 6-month period until the Secretary finds that the State has submitted the data, as so required), by—

(A) ¼ of 1 percent of the total amount expended by the State for administration of foster care activities under the State plan approved under this part in the quarter so ending, in the case of the 1st 6-month period during which the failure continues; or

(B) ½ of 1 percent of the total amount so expended, in the case of the 2nd or any subsequent such 6-month period.

(g) Continued services under waiver

For purposes of this part, after the termination of a demonstration project relating to guardianship conducted by a State under section 1320a–9 of this title, the expenditures of the State for the provision, to children who, as of September 30, 2008, were receiving assistance or services under the project, of the same assistance and services under the same terms and conditions that applied during the conduct of the project, are deemed to be expenditures under the State plan approved under this part.

(B) A plan for assuring that the child receives safe and proper care and that services are provided to the parents, child, and foster parent in order to improve the conditions in the parents' home, facilitate return of the child to his or her own safe home or the permanent placement of the child, and address the needs of the child while in foster care, including a discussion of the appropriateness of the services that have been provided to the child under the plan. With respect to a child who has attained 14 years of age, the plan developed for the child in accordance with this paragraph, and any revision or addition to the plan, shall be developed in consultation with the child and, at the option of the child, with up to 2 members of the case planning team who are chosen by the child and who are not a foster parent of, or case worker for, the child. A State may reject an individual selected by a child to be a member of the case planning team at any time if the State has good cause to believe that the individual would not act in the best interests of the child. At a minimum, such documentation shall include child specific recruitment efforts such as the use of State, regional, and national adoption exchanges including electronic exchange systems to facilitate orderly and timely in-State and interstate placements.

(F) In the case of a child with respect to whom the permanency plan is adoption or placement with a relative and receipt of kinship guardianship assistance payments under section 673(d) of this title, a description of—

(i) if the child has been placed in a foster family home or child-care institution a substantial distance from the home of the parents of the child, or in a State different from the State in which such home is located, sets forth the reasons why such placement is in the best interests of the child, and

(ii) if the child has been placed in foster care outside the State in which the home of the parents of the child is located, requires that, periodically, but not less frequently than every 6 months, a caseworker on the staff of the State agency of the State in which the home of the parents of the child is located, of the State in which the child has been placed, or of a private agency under contract with either such State, visit such child in such home or institution and submit a report on such visit to the State agency of the State in which the home of the parents of the child is located.

(B) the status of each child is reviewed periodically but no less frequently than once every six months by either a court or by administrative review (as defined in paragraph (6)) in order to determine the safety of the child, the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and to project a likely date by which the child may be returned to and safely maintained in the home or placed for adoption or legal guardianship, and, for a child for whom another planned permanent living arrangement has been determined as the permanency plan, the steps the State agency is taking to ensure the child’s foster family home or child care institution is following the reasonable and prudent parent standard and to ascertain whether the child has regular, ongoing opportunities to engage in age or developmentally appropriate activities (including by consulting with the child in an age-appropriate manner about the opportunities of the child to participate in the activities);

(C) with respect to each such child, (i) procedural safeguards will be applied, among other things, to assure each child in foster care under the supervision of the State of a permanency hearing to be held, in a family or juvenile court or another court (including a tribal court) of competent jurisdiction, or by an administrative body appointed or approved by the court, no later than 12 months after the date the child is considered to have entered foster care (as determined under subparagraph (F)) (and not less frequently than every 12 months thereafter during the continuation of foster care), which hearing shall determine the permanency plan for the child that includes whether, and if applicable when, the child will be returned to the parent, placed for adoption and the State will file a petition for termination of parental rights, or referred for legal guardianship, or only in the case of a child who has at-
tained 16 years of age (in cases where the State agency has documented to the State court a compelling reason for determining, as of the date of the hearing, that it would not be in the best interests of the child to return home, be referred for termination of parental rights, or be placed for adoption, with a fit and willing relative, or with a legal guardian) placed in another planned permanent living arrangement, subject to section 675a(a) of this title, in the case of a child who will not be returned to the parent, the hearing shall consider in-State and out-of-State placement options, and, in the case of a child described in subparagraph (A)(ii), the hearing shall determine whether the out-of-State placement continues to be appropriate and in the best interests of the child, and, in the case of a child who has attained age 14, the services needed to assist the child to make the transition from foster care to a successful adulthood; (ii) procedural safeguards shall be applied with respect to parental rights pertaining to the removal of the child from the home of his parents, to a change in the child’s placement, and to any determination affecting visitation privileges of parents; (iii) procedural safeguards shall be applied to assure that in any permanency hearing held with respect to the child, including any hearing regarding the transition of the child from foster care to a successful adulthood, the court or administrative body conducting the hearing consults, in an age-appropriate manner, with the child regarding the proposed permanency or transition plan for the child; and (iv) if a child has attained 14 years of age, the permanency plan developed for the child, and any revision or addition to the plan, shall be developed in consultation with the child and, at the option of the child, with not more than 2 members of the permanency planning team who are selected by the child and who are not a foster parent of, or caseworker for, the child, except that the State may reject an individual so selected by the child if the State has good cause to believe that the individual would not act in the best interests of the child, and 1 individual so selected by the child may be designated to be the child’s advisor and, as necessary, advocate, with respect to the application of the reasonable and prudent standard to the child.

§ 675a

The qualified individual conducting the assessment under subparagraph (A), the reasons why the placement preferences of the family and permanency team and child are contrary to their best interest; and

(VII) if the placement preferences of the family and permanency team and child are not the placement setting recommended by the qualified individual conducting the assessment under subparagraph (A), the reasons why the preferences of the team and of the child were not recommended.

(C) In the case of a child who the qualified individual conducting the assessment under...
paragraph (A) determines should not be placed in a foster family home, the qualified individual shall specify in writing the reasons why the needs of the child cannot be met by the family of the child or in a foster family home. A shortage or lack of foster family homes shall not be an acceptable reason for determining that the needs of the child cannot be met in a foster family home. The qualified individual also shall specify in writing why the recommended placement in a qualified residential treatment program is the setting that will provide the child with the most effective and appropriate level of care in the least restrictive environment and how that placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child.

(D)(i) Subject to clause (ii), in this subsection, the term "qualified individual" means a trained professional or licensed clinician who is not an employee of the State agency and who is not connected to, or affiliated with, any placement setting in which children are placed by the State.

(ii) The Secretary may approve a request of a State to waive any requirement in clause (i) upon a submission by the State, in accordance with criteria established by the Secretary, that certifies that the trained professionals or licensed clinicians with responsibility for performing the assessments described in subparagraph (A) shall maintain objectivity with respect to determining the most effective and appropriate placement for a child.

(2) Within 60 days of the start of each placement in a qualified residential treatment program, a family or juvenile court or another court (including a tribal court) of competent jurisdiction, or an administrative body appointed or approved by the court, independently shall—

(A) consider the assessment, determination, and documentation made by the qualified individual conducting the assessment under paragraph (1);

(B) determine whether the needs of the child can be met through placement in a foster family home or, if not, whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and whether that placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child; and

(C) approve or disapprove the placement.

(3) The written documentation made under paragraph (1)(C) and documentation of the determination and approval or disapproval of the placement in a qualified residential treatment program by a court or administrative body under paragraph (2) shall be included in and made part of the case plan for the child.

(4) As long as a child remains placed in a qualified residential treatment program, the State agency shall submit evidence at each status review and each permanency hearing held with respect to the child—

(A) demonstrating that ongoing assessment of the strengths and needs of the child continues to support the determination that the needs of the child cannot be met through placement in a foster family home, that the placement in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment, and that the placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child;

(B) documenting the specific treatment or service needs that will be met for the child in the placement and the length of time the child is expected to need the treatment or services; and

(C) documenting the efforts made by the State agency to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home.

(5) In the case of any child who is placed in a qualified residential treatment program for more than 12 consecutive months or 18 nonconsecutive months (or, in the case of a child who has not attained age 13, for more than 6 consecutive or nonconsecutive months), the State agency shall submit to the Secretary—

amount equal to the misused benefits. In any case in which a representative payee that—

(A) is not an individual; or

(B) is an individual who, for any month during a period when misuse occurs, serves 15 or more individuals who are beneficiaries under this subchapter, subchapter II, subchapter XVI, or any combination of such subchapters;

Subject to paragraph (2), upon recovering all or any part of such amount, the Commissioner shall make payment of an amount equal to the recovered amount to such qualified individual or such qualified individual’s alternative representative payee.

(2) Limitation

The total of the amount paid to such individual or such individual’s alternative representative payee under paragraph (1) and the amount paid under subsection (i) may not exceed the total benefit amount misused by the representative payee with respect to such individual.

§1101. Employment security administration account

(a) Establishment

There is hereby established in the Unemployment Trust Fund an employment security administration account.

(b) Amount credited to Account; transfer of funds; adjustments; repayment of internal revenue refunds

(1) There is hereby appropriated to the Unemployment Trust Fund for credit to the employment security administration account, out of any moneys in the Treasury not otherwise appropriated, for the fiscal year ending June 30, 1961, and for each fiscal year thereafter, an amount equal to 100 per centum of the tax (including interest, penalties, and additions to the tax) received during the fiscal year under the Federal Unemployment Tax Act [26 U.S.C. 3301 et seq.] and covered into the Treasury.

(2) The amount appropriated by paragraph (1) shall be transferred at least monthly from the general fund of the Treasury to the Unemployment Trust Fund and credited to the employment security administration account. Each such transfer shall be based on estimates made by the Secretary of the Treasury of the amounts received in the Treasury. Proper adjustments shall be made in the amounts subsequently transferred, to the extent prior estimates (including estimates for the fiscal year ending June 30, 1960) were in excess of or were less than the amounts required to be transferred.

(3) The Secretary of the Treasury is directed to pay from time to time from the employment security administration account into the Treasury, as repayments to the account for refunding internal revenue collections, amounts equal to all refunds made after June 30, 1960, of amounts received as tax under the Federal Unemployment Tax Act [26 U.S.C. 3301 et seq.] (including interest on such refunds).

(c) Administrative expenditures; necessary expenses; quarterly transfer of funds; adjustments; limitation; estimate of net receipts

(i) assisting the States in the administration of their unemployment compensation laws as provided in subchapter III (including administration pursuant to agreements under any Federal unemployment compensation law),
§ 1101

The limitation established by subparagraph (A) is increased by any unexpended amount retained in the employment security administration account in accordance with subsection (f)(2)(B).

(C) Each estimate of net receipts under this paragraph shall be based upon a tax rate of 0.6 percent.

(4) For purposes of paragraphs (1)(A)(ii) and (1)(B)(iii) the amount authorized to be made available out of the employment security administration account for any fiscal year after June 30, 1972, shall reflect the proportion of the total cost of administering the system of public employment offices in accordance with the Act of June 6, 1933, as amended [29 U.S.C. 49 et seq.], and of the necessary expenses of the Department of Labor for the performance of its functions under the provisions of such Act, as the President determines is an appropriate charge to the employment security administration account, and reflects in his annual budget for such year. The President’s determination, after consultation with the Secretary, shall take into account such factors as the relationship between employment subject to State laws and the total labor force in the United States, the number of claimants and the number of job applicants, and such other factors as he finds relevant.

(5)(A) There are authorized to be appropriated out of the employment security administration account to carry out program integrity activities, in addition to any amounts available under paragraph (1)(A)(i)—

(i) $89,000,000 for fiscal year 1998;
(ii) $91,000,000 for fiscal year 1999;
(iii) $93,000,000 for fiscal year 2000;
(iv) $96,000,000 for fiscal year 2001; and
(v) $98,000,000 for fiscal year 2002.

(B) In any fiscal year in which a State receives funds appropriated pursuant to this paragraph, the State shall expend a proportion of the funds appropriated pursuant to paragraph (1)(A)(i) to carry out program integrity activities that is not less than the proportion of the funds appropriated under such paragraph that was expended by the State to carry out program integrity activities in fiscal year 1997.

(C) For purposes of this paragraph, the term “program integrity activities” means initial claims review activities, eligibility review activities, benefit payments control activities, and employer liability auditing activities.

(d) Additional tax attributable to reduced credits; transfer of funds

(1) The Secretary of the Treasury is directed to transfer from the employment security administration account—

(A) To the Federal unemployment account, an amount equal to the amount by which—

(i) 100 per centum of the additional tax received under the Federal Unemployment Tax Act [26 U.S.C. 3301 et seq.] with respect to any State by reason of the reduced credits provisions of section 3302(c)(3) of such Act [26 U.S.C. 3302(c)(3)] and covered into the Treasury for the repayment of advances made to the State under section 1321 of this title, exceeds

The term “necessary expenses” as used in this subparagraph (B) shall include the expense of reimbursing a State for salaries and other expenses of employees of such State temporarily assigned or detailed to duty with the Department of Labor, and of paying such employees for travel expenses, transportation of household goods, and per diem in lieu of subsistence while away from their regular duty stations in the State, at rates authorized by law for civilian employees of the Federal Government.

(2) The Secretary of the Treasury is directed to pay from the employment security administration account into the Treasury as miscellaneous receipts the amount estimated by him which will be expended during a three-month period by the Treasury Department for the performance of its functions under—

(A) this chapter and subchapters III and XII of this title,
(B) the Federal Unemployment Tax Act [26 U.S.C. 3301 et seq.],
(C) the provisions of the Act of June 6, 1933, as amended [29 U.S.C. 49 et seq.],
(D) chapter 41 (except section 4103) of title 38, and
(E) any Federal unemployment compensation law.

The term “necessary expenses” as used in this subparagraph (B) shall include the expense of reimbursing a State for salaries and other expenses of employees of such State temporarily assigned or detailed to duty with the Department of Labor, and of paying such employees for travel expenses, transportation of household goods, and per diem in lieu of subsistence while away from their regular duty stations in the State, at rates authorized by law for civilian employees of the Federal Government.

If it subsequently appears that the estimates under this paragraph in any particular period were too high or too low, appropriate adjustments shall be made by the Secretary of the Treasury in future payments.

(3)(A) For purposes of paragraph (1)(A), the limitation on the amount authorized to be made available for any fiscal year after June 30, 1970, is, except as provided in subparagraph (B) and in the second sentence of subsection (f)(3)(A), an amount equal to 95 percent of the amount estimated and set forth in the budget of the United States Government for such fiscal year as the amount by which the net receipts during such year under the Federal Unemployment Tax Act [26 U.S.C. 3301 et seq.] will exceed the amount transferred under section 1105(b) of this title during such year to the extended unemployment compensation account.
Any amount transferred pursuant to this subsection shall be credited against, and shall operate to reduce, that balance of advances, made under section 1321 of this title to the State, with respect to which employers paid such additional tax.

(b) To the account (in the Unemployment Trust Fund) of the State with respect to which employers paid such additional tax, an amount equal to the amount by which such additional tax received and covered into the Treasury exceeds that balance of advances, made under section 1321 of this title to the State, with respect to which employers paid such additional tax.

(2) Transfers under this subsection shall be as of the beginning of the month succeeding the month in which the moneys were credited to the employment security administration account pursuant to subsection (b)(2).

(e) Revolving fund; appropriations; advances to Account; repayment; interest

(1) There is hereby established in the Treasury a revolving fund which shall be available to make the advances authorized by this subsection. There are hereby authorized to be appropriated, without fiscal year limitation, to such revolving fund such amounts as may be necessary for the purposes of this section.

(2) The Secretary of the Treasury is directed to advance from time to time from the revolving fund to the employment security administration account such amounts as may be necessary for the purposes of this section. If the net balance in the employment security administration account as of the beginning of any fiscal year equals 40 percent of the amount of the total appropriation by the Congress out of the employment security administration account for the preceding fiscal year, no advance may be made under this subsection during such fiscal year.

(3) Advances to the employment security administration account made under this subsection shall bear interest until repaid at a rate equal to the average rate of interest (computed as of the end of the calendar month next preceding the date of such advance) borne by all interest-bearing obligations of the United States then forming a part of the public debt; except that where such average rate is not a multiple of one-eighth of 1 per centum, the rate of interest shall be the multiple of one-eighth of 1 per centum next lower than such average rate.

(4) Advances to the employment security administration account made under this subsection, plus interest accrued thereon, shall be repaid by the transfer from time to time, from the employment security administration account to the revolving fund, of such amounts as the Secretary of the Treasury, in consultation with the Secretary of Labor, determines to be available in the employment security administration account for such repayment. Any amount transferred as a repayment under this paragraph shall be credited against, and shall operate to reduce, any balance of advances (plus accrued interest) repayable under this subsection.

(f) Determination of excess in Account; limitation on amount to be retained; use of balance in Account during certain fiscal years; net balance

(1) The Secretary of the Treasury shall determine as of the close of each fiscal year (beginning with the fiscal year ending June 30, 1961) the excess in the employment security administration account.

(2) The excess in the employment security administration account as of the close of any fiscal year is the amount by which the net balance in such account as of such time (after the application of section 1105(b) of this title and paragraph (3)(C) of this subsection) exceeds the net balance in the employment security administration account as of the beginning of that fiscal year (including the fiscal year for which the excess is being computed) for which the net balance was higher than as of the beginning of any other such fiscal year.

(3)(A) The excess determined as provided in paragraph (2) as of the close of any fiscal year after June 30, 1972, shall be retained (as of the beginning of the succeeding fiscal year) in the employment security administration account until the amount in such account is equal to 40 percent of the amount of the total appropriation by the Congress out of the employment security administration account for the fiscal year for which the excess is determined. Three-eighths of the amount in the employment security administration account as of the beginning of any fiscal year after June 30, 1972, or $150 million, whichever is the lesser, is authorized to be made available for such fiscal year pursuant to subsection (c)(1) for additional costs of administration due to an increase in the rate of insured unemployment for a calendar quarter of at least 15 percent over the rate of insured unemployment for the corresponding calendar quarter in the immediately preceding year.

(B) If the entire amount of the excess determined as provided in paragraph (2) as of the close of any fiscal year after June 30, 1972, is not retained in the employment security administration account, there shall be transferred (as of the beginning of the succeeding fiscal year) to the extended unemployment compensation account the balance of such excess or so much thereof as is required to increase the amount in the extended unemployment compensation account to the limit provided in section 1105(b)(2) of this title.

(C) If as of the close of any fiscal year after June 30, 1972, the amount in the extended unemployment compensation account exceeds the limit provided in section 1105(b)(2) of this title, such excess shall be transferred to the employment security administration account as of the close of such fiscal year.

(4) For the purposes of this section, the net balance in the employment security administration account as of any time is the amount in such account as of such time reduced by the sum of—

(A) the amounts then subject to transfer pursuant to subsection (d), and

(a) Determination of excess; amount transferred

Whenever the Secretary of the Treasury determines pursuant to section 1101(f) of this title that there is an excess in the employment security administration account as of the close of any fiscal year and that the entire amount of such excess is not retained in the employment security administration account or transferred to the extended unemployment compensation account as provided in section 1101(f)(3) of this title, there shall be transferred (as of the beginning of the succeeding fiscal year) to the Federal unemployment account the balance of such excess or so much thereof as is required to increase the amount in the Federal unemployment account to whichever of the following is the greater:

(1) $550 million, or

(2) the amount (determined by the Secretary of Labor and certified by him to the Secretary of the Treasury) equal to 0.5 percent of the total wages subject (determined without any limitation on amount) to contributions under all State unemployment compensation laws for the calendar year ending during the fiscal year for which the excess is determined.

(b) Unemployment account excesses

The amount, if any, by which the amount in the Federal unemployment account as of the
close of any fiscal year exceeds the greater of the amounts specified in paragraphs (1) and (2) of subsection (a) shall be transferred to the employment security administration account as of the close of such fiscal year.

(c) Report to Congress

Whenever the Secretary of Labor has reason to believe that in the next fiscal year the employment security administration account will reach the limit provided for such account in section 1101(f)(3)(A) of this title, and the Federal unemployment account will reach the limit provided for such account in subsection (a), and the extended unemployment compensation account will reach the limit provided for such account in section 1105(b)(2) of this title, he shall, after consultation with the Secretary of the Treasury, so report to Congress with a recommendation for appropriate action by the Congress.

§ 1103. Amounts transferred to State accounts

(a) Determination and certification by Secretary of Labor

(1) If as of the close of any fiscal year after the fiscal year ending June 30, 1972, the amount in the extended unemployment compensation account has reached the limit provided in section 1105(b)(2) of this title and the amount in the Federal unemployment account has reached the limit provided in section 1102(a) of this title and all advances and interest pursuant to section 1105(d) of this title and section 1323 of this title have been repaid, and there remains in the employment security administration account any amount over the amount provided in section 1101(f)(3)(A) of this title, such excess amount, except as provided in subsection (b), shall be transferred (as of the beginning of the succeeding fiscal year) to the accounts of the States in the Unemployment Trust Fund.

(2) Each State’s share of the funds to be transferred under this subsection as of any October 1—

(A) shall be determined by the Secretary of Labor and certified by such Secretary to the Secretary of the Treasury before such date, and

(B) shall bear the same ratio to the total amount to be so transferred as—

(i) the amount of wages subject to tax under section 3301 of the Internal Revenue Code of 1986 during the preceding calendar year which are determined by the Secretary of Labor to be attributable to the State, bears to

(ii) the total amount of wages subject to such tax during such year.

(b) Transfer of funds where State is ineligible

(1) If the Secretary of Labor finds that on October 1 of any fiscal year

(A) a State is not eligible for certification under section 503 of this title, or

(B) the law of a State is not approvable under section 3304 of the Federal Unemployment Tax Act [26 U.S.C. 3304],

then the amount available for transfer to such State’s account shall, in lieu of being so transferred, be transferred to the Federal unemployment account as of the beginning of such October 1. If, during the fiscal year beginning on such October 1, the Secretary of Labor finds and certifies to the Secretary of the Treasury that such State is eligible for certification under section 583 of this title, that the law of such State is approvable under such section 3304, or both, the Secretary of the Treasury shall transfer such amount from the Federal unemployment account to the account of such State. If the Secretary of Labor does not so find and certify to the Secretary of the Treasury before the close of such fiscal year then the amount which was available for transfer to such State’s account as of October 1 of such fiscal year shall (as of the close of such fiscal year) become unrestricted as to use as part of the Federal unemployment account.
(2) The amount which, but for this paragraph, would be transferred to the account of a State under subsection (a) or paragraph (1) of this subsection shall be reduced (but not below zero) by the balance of advances made to the State under section 1321 of this title. The sum by which such amount is reduced shall—
(A) be transferred to or retained in (as the case may be) the Federal unemployment account, and
(B) be credited against, and operate to reduce—
(i) first, any balance of advances made before September 13, 1960, to the State under section 1321 of this title, and
(ii) second, any balance of advances made on or after September 13, 1960, to the State under section 1321 of this title.

(c) Use of funds

(1) Except as provided in paragraph (2), amounts transferred to the account of a State pursuant to subsections (a) and (b) shall be used only in the payment of cash benefits to individuals with respect to their unemployment, exclusive of expenses of administration.

(2) A State may, pursuant to a specific appropriation made by the legislative body of the State, use money withdrawn from its account in the payment of expenses incurred by it for the administration of its unemployment compensation law and public employment offices if and only if—
(A) the purposes and amounts were specified in the law making the appropriation,
(B) the appropriation law did not authorize the obligation of such money after the close of the two-year period which began on the date of enactment of the appropriation law,
(C) the money is withdrawn and the expenses are incurred after such date of enactment,
(D)(i) the appropriation law limits the total amount which may be obligated under such appropriation at any time to an amount which does not exceed, at any such time, the amount by which—
(I) the aggregate of the amounts transferred to the account of such State pursuant to subsections (a) and (b), exceeds
(II) the aggregate of the amounts used by the State pursuant to this subsection and charged against the amounts transferred to the account of such State, and
(ii) for purposes of clause (i), amounts used by a State for administration shall be chargeable against transferred amounts at the exact time the obligation is entered into, and
(E) the use of the money is accounted for in accordance with standards established by the Secretary of Labor.

(3)(A) If—
(i) amounts transferred to the account of a State pursuant to subsections (a) and (b) of this section were used in payment of unemployment benefits to individuals; and
(ii) the Governor of such State submits a request to the Secretary of Labor that such amounts be restored under this paragraph,
then the amounts described in clause (i) shall be restored to the status of funds transferred under subsections (a) and (b) of this section which have not been used by eliminating any charge against amounts so transferred for the use of such amounts in the payment of unemployment benefits.

(B) Subparagraph (A) shall apply only to the extent that the amounts described in clause (i) of such subparagraph do not exceed the amount then in the State’s account.

(C) Subparagraph (A) shall not apply if the State has a balance of advances made to its account under subchapter XII of this chapter.

(D) If the Secretary of Labor determines that the requirements of this paragraph are met with respect to any request, the Secretary shall notify the Governor of the State that such requirements are met with respect to such request and the amount restored under this paragraph. Such restoration shall be as of the first day of the first month following the month in which the notification is made.

(d) Special transfer in fiscal year 2002

(1) The Secretary of the Treasury shall transfer (as of the date determined under paragraph (5)) from the Federal unemployment account to the account of each State in the Unemployment Trust Fund the amount determined with respect to such State under paragraph (2).

(2)(A) The amount to be transferred under this subsection to a State account shall (as determined by the Secretary of Labor and certified by such Secretary to the Secretary of the Treasury) be equal to—
(i) the amount which would have been required to have been transferred under this section to such account at the beginning of fiscal year 2002 if—
(I) section 209(a)(1) of the Temporary Extended Unemployment Compensation Act of 2002 had been enacted before the close of fiscal year 2001, and
(II) section 5402 of Public Law 105–33 (relating to increase in Federal unemployment account ceiling) had not been enacted,
minus
(ii) the amount which was in fact transferred under this section to such account at the beginning of fiscal year 2002.

(B) Notwithstanding the provisions of subparagraph (A)—
(i) the aggregate amount transferred to the States under this subsection may not exceed a total of $8,000,000,000; and
(ii) all amounts determined under subparagraph (A) shall be reduced ratably, if and to the extent necessary in order to comply with the limitation under clause (i).

(3)(A) Except as provided in paragraph (4), amounts transferred to a State account pursuant to this subsection may be used only in the payment of cash benefits—
(i) to individuals with respect to their unemployment, and
(ii) which are allowable under subparagraph (B) or (C).

(B)(i) At the option of the State, cash benefits under this paragraph may include amounts which shall be payable as—
(I) regular compensation, or
(II) additional compensation, upon the exhaus tion of any temporary extended unemployment compensation (if such State has entered into an agreement under the Temporary Extended Unemployment Compensation Act of 2002), for individuals eligible for regular compensation under the unemployment compensation law of such State.

(ii) Any additional compensation under clause (i) may not be taken into account for purposes of any determination relating to the amount of any extended compensation for which an individual might be eligible.

(C)(i) At the option of the State, cash benefits under this paragraph may include amounts which shall be payable to 1 or more categories of individuals not otherwise eligible for regular compensation under the unemployment compensation law of such State, including those described in clause (ii).

(ii) The benefits paid under this subparagraph to any individual may not, for any period of unemployment, exceed the maximum amount of regular compensation authorized under the unemployment compensation law of such State for that same period, plus any additional compensation (described in subparagraph (B)(i)) which could have been paid with respect to that amount.

(iii) The categories of individuals described in this clause include the following:

(A) Individuals who are seeking, or available for, only part-time (and not full-time) work.

(B) Individuals who would be eligible for regular compensation under the unemployment compensation law of such State under an alternative base period.

(D) Amounts transferred to a State account under this subsection may be used in the payment of cash benefits to individuals only for weeks of unemployment beginning after March 9, 2002.

(4) Amounts transferred to a State account under this subsection may be used for the administration of its unemployment compensation law and public employment offices (including in connection with benefits described in paragraph (3) and any recipients thereof), subject to the same conditions as set forth in subsection (c)(2) (excluding subparagraph (B)(ii) thereof, and deeming the reference to “subsections (a) and (b)” in subparagraph (D)(ii) thereof to include this subsection).

(5) Transfers under this subsection shall be made within 10 days after March 9, 2002.

(e) Special transfer in fiscal year 2006

Not later than 10 days after October 20, 2005, the Secretary of the Treasury shall transfer from the Federal unemployment account—

(1) $15,000,000 to the account of Alabama in the Unemployment Trust Fund;

(2) $400,000,000 to the account of Louisiana in the Unemployment Trust Fund; and

(3) $85,000,000 to the account of Mississippi in the Unemployment Trust Fund.

(f) Special transfers in fiscal years 2009, 2010, and 2011 for modernization

(1)(A) In addition to any other amounts, the Secretary of Labor shall provide for the making of unemployment compensation modernization incentive payments (hereinafter “incentive payments”) to the accounts of the States in the Unemployment Trust Fund, by transfer from amounts reserved for that purpose in the Federal unemployment account, in accordance with succeeding provisions of this subsection.

(B) The maximum incentive payment allowable under this subsection with respect to any State shall, as determined by the Secretary of Labor, be equal to the amount obtained by multiplying $7,000,000,000 by the same ratio as would apply under subsection (a)(2)(B) for purposes of determining such State’s share of any excess amount (as described in subsection (a)(1)) that would have been subject to transfer to State accounts, as of October 1, 2008, under the provisions of subsection (a).

(C) Of the maximum incentive payment determined under subparagraph (B) with respect to a State—

(i) one-third shall be transferred to the account of such State upon a certification under paragraph (4)(B) that the State law of such State meets the requirements of paragraph (2); and

(ii) the remainder shall be transferred to the account of such State upon a certification under paragraph (4)(B) that the State law of such State meets the requirements of paragraph (3).

(2) The State law of a State meets the requirements of this paragraph if such State law—

(A) uses a base period that includes the most recently completed calendar quarter before the start of the benefit year for purposes of determining eligibility for unemployment compensation; or

(B) provides that, in the case of an individual who would not otherwise be eligible for unemployment compensation under the State law because of the use of a base period that does not include the most recently completed calendar quarter before the start of the benefit year, eligibility shall be determined using a base period that includes such calendar quarter.

(3) The State law of a State meets the requirements of this paragraph if such State law includes provisions to carry out at least 2 of the following subparagraphs:

(A) An individual shall not be denied regular unemployment compensation under any State law provisions relating to availability for work, active search for work, or refusal to accept work, solely because such individual is seeking only part-time work (as defined by the Secretary of Labor), except that the State law provisions carrying out this subparagraph may exclude an individual if a majority of the weeks of work in such individual’s base period do not include part-time work (as so defined).

(B) An individual shall not be disqualified from regular unemployment compensation for separating from employment if that separation is for any compelling family reason. For purposes of this subparagraph, the term “compelling family reason” means the following:

(i) One or both of the following offenses as selected by the State, but in making such
selection, the resulting change in the State law shall not supercede any other provision of law relating to unemployment insurance to the extent that such other provision provides broader access to unemployment benefits for victims of such selected offense or offenses:

(I) Domestic violence, verified by such reasonable and confidential documentation as the State law may require, which causes the individual reasonably to believe that such individual’s continued employment would jeopardize the safety of the individual or of any member of the individual’s immediate family (as defined by the Secretary of Labor); and

(II) Sexual assault, verified by such reasonable and confidential documentation as the State law may require, which causes the individual reasonably to believe that such individual’s continued employment would jeopardize the safety of the individual or of any member of the individual’s immediate family (as defined by the Secretary of Labor).

(iii) The need for the individual to accompany such individual’s spouse—

(I) to a place from which it is impractical for such individual to commute; and

(II) due to a change in location of the spouse’s employment.

(C)(i) Weekly unemployment compensation is payable under this subparagraph to any individual who is unemployed (as defined under the State unemployment compensation law), has exhausted all rights to regular unemployment compensation under the State law, and is enrolled and making satisfactory progress in a State-approved training program or in a job training program authorized under the Workforce Investment Act of 1998, except that such compensation is not required to be paid to an individual who is receiving similar stipends or other training allowances for non-training costs.

(ii) Each State-approved training program or job training program referred to in clause (i) shall prepare individuals who have been separated from a declining occupation, or who have been involuntarily and indefinitely separated from employment as a result of a permanent reduction of operations at the individual’s place of employment, for entry into a high-demand occupation.

The total amount of unemployment compensation payable under this subparagraph to any individual shall be equal to at least 26 times the individual’s average weekly benefit amount (including dependents’ allowances) for the most recent benefit year, less:

(I) any deductible income, as determined under State law.

The total amount of unemployment compensation payable under this subparagraph to any individual shall be equal to at least 26 times the individual’s average weekly benefit amount (including dependents’ allowances) for the most recent benefit year.

(D) Dependents’ allowances are provided, in the case of any individual who is entitled to receive regular unemployment compensation and who has any dependents (as defined by State law), in an amount equal to at least $15 per dependent per week, subject to any aggregate limitation on such allowances which the State law may establish (but which aggregate limitation on the total allowance for dependents paid to an individual may not be less than $50 for each week of unemployment or 50 percent of the individual’s weekly benefit amount for the benefit year, whichever is less), except that a State law may provide for a reasonable reduction in the amount of any such allowance for a week of less than total unemployment.

(4)(A) Any State seeking an incentive payment under this subsection shall submit an application therefor at such time, in such manner, and complete with such information as the Secretary of Labor may within 60 days after February 17, 2009, prescribe (whether by regulation or otherwise), including information relating to compliance with the requirements of paragraph (2) or (3), as well as how the State intends to use the incentive payment to improve or strengthen the State’s unemployment compensation program. The Secretary of Labor shall, within 30 days after receiving a complete application, notify the State agency of the State of the Secretary’s findings with respect to the requirements of paragraph (2) or (3) (or both).

(B)(i) If the Secretary of Labor finds that the State law provisions (disregarding any State law provisions which are not then currently in effect as permanent law or which are subject to discontinuation) meet the requirements of paragraph (2) or (3), as the case may be, the Secretary of Labor shall prescribe a certification to that effect to the Secretary of the Treasury, together with a certification as to the amount of the incentive payment to be transferred to the State account pursuant to that finding. The Secretary of the Treasury shall make the appropriate transfer within 7 days after receiving such certification.

(C)(i) No certification of compliance with the requirements of paragraph (2) or (3) may be made with respect to any State whose State law is not otherwise eligible for certification under section 503 of this title or approvable under section 3304 of the Federal Unemployment Tax Act [26 U.S.C. 3304].

(B) A State may, subject to the same conditions as set forth in subsection (c)(2) (excluding subparagraph (B) thereof, and deeming the reference to “subsections (a) and (b)” in subparagraph (D) thereof to include this subsection), use any amount transferred to the account of such State under this subsection for the administration of its unemployment compensation law and public employment offices.

(A) the administration of the provisions of its State law carrying out the purposes of subsection (f)(2) or any subparagraph of subsection (f)(3);

(B) improved outreach to individuals who might be eligible for regular unemployment compensation by virtue of any provisions of the State law which are described in subparagraph (A);

(B) The State ensures that applications for unemployment compensation, and assistance with the application process, are accessible, to the extent practicable in at least two of the following: in person, by phone, or online.

(4) Any amount transferred to the account of a State under this subsection may be used by such State only for the administration of its unemployment compensation law, including by taking such steps as may be necessary to ensure adequate resources in periods of high demand.

§1104. Unemployment Trust Fund

(a) Establishment

There is hereby established in the Treasury of the United States a trust fund to be known as the “Unemployment Trust Fund”, hereinafter in this subchapter called the “Fund”. The Secretary of the Treasury is authorized and directed to receive and hold in the Fund all moneys deposited therein by a State agency from a State unemployment fund, or by the Railroad Retirement Board to the credit of the railroad unemployment insurance account or the railroad unemployment insurance administration fund, or otherwise deposited in or credited to the Fund or any account therein. Such deposit may be made directly with the Secretary of the Treasury, with any depositary designated by him for such purpose, or with any Federal Reserve Bank.

(b) Investments

It shall be the duty of the Secretary of the Treasury to invest such portion of the Fund as is not, in his judgment, required to meet current withdrawals. Such investment may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under chapter 31 of title 31 are hereby extended to authorize the issuance at par of special obligations exclusively to the Fund. Such special obligations shall bear interest at a rate equal to the average rate of interest, computed as of the end of the calendar month next preceding the date of such issue, borne by all interest-bearing obligations of the United States then forming part of the public debt; except that where such average rate is not a multiple of one-eighth of 1 per cent, the rate of interest of such special obligations shall be the multiple of one-eighth of 1 per cent next lower than such average rate. Obligations other than such special obligations may be acquired for the Fund only on such terms as to provide an investment yield not less than the yield which would be required in the case of special obligations if issued to the Fund under the date of such acquisition. Advances made to the Federal unemployment account pursuant to section 1323 of this title shall not be invested.

(d) Treatment of interest and proceeds

The interest on, and the proceeds from the sale or redemption of, any obligations held in the Fund shall be credited to and form a part of the Fund.

(e) Separate book accounts

The Fund shall be invested as a single fund, but the Secretary of the Treasury shall maintain a separate book account for each State agency, the employment security administration account, the Federal unemployment account, the railroad unemployment insurance account, and the railroad unemployment insurance administration fund and shall credit quarterly (on March 31, June 30, September 30, and December 31, of each year) to each account, on the basis of the average daily balance of such account, a proportionate part of the earnings of the Fund for the quarter ending on such date. For the purpose of this subsection, the average daily balance shall be computed—

(1) in the case of any State account, by reducing (but not below zero) the amount in the account by the balance of advances made to the State under section 1321 of this title, and

(2) in the case of the Federal unemployment account—

(A) by adding to the amount in the account the aggregate of the reductions under paragraph (1), and

(B) by subtracting from the sum so obtained the balance of advances made under section 1323 of this title to the account.

(f) Payment to State agencies and Railroad Retirement Board

The Secretary of the Treasury is authorized and directed to pay out of the Fund to any State agency such amount as it may duly requisition, not exceeding the amount standing to the credit of such account or such fund, as the case may be, at the time of such payment. The Secretary of the Treasury is authorized and directed to make such payments out of the railroad unemployment insurance account for the payment of benefits, and out of the railroad unemployment insurance administration fund for the payment of administrative expenses, as the Railroad Retirement Board may duly certify, not exceeding the amount standing to the credit of such account or such fund, as the case may be, at the time of such payment.

§1206. “Aid to the blind” defined

For the purposes of this subchapter, the term “aid to the blind” means money payments to blind individuals who are needy, but does not include any such payments to or care in behalf of any individual who is an inmate of a public institution (except as a patient in a medical institution) or any individual who is a patient in an institution for tuberculosis or mental diseases. Such term also includes payments which are not included within the meaning of such term under the preceding sentence, but which would be so included except that they are made on behalf of such a needy individual to another individual who (as determined in accordance with standards prescribed by the Secretary) is interested in or concerned with the welfare of such needy individual, but only with respect to a State whose State plan approved under section 1202 of this title includes provision for—

(1) determination by the State agency that such needy individual has, by reason of his physical or mental condition, such inability to manage funds that making payments to him would be contrary to his welfare and, therefore, it is necessary to provide such aid through payments described in this sentence;

(2) making such payments only in cases in which such payments will, under the rules otherwise applicable under the State plan for determining need and the amount of aid to the blind to be paid (and in conjunction with other income and resources), meet all the need of the individuals with respect to whom such payments are made;

(3) undertaking and continuing special efforts to protect the welfare of such individual and to improve, to the extent possible, his capacity for self-care and to manage funds;

(4) periodic review by such State agency of the determination under paragraph (1) of this subsection for any individual whose State plan includes provision for termination of such payments if they do not and for seeking judicial appointment of a guardian or other legal representative, as described in section 1311 of this title, if and when it appears that such action will best serve the interests of such needy individual; and

(5) opportunity for a fair hearing before the State agency on the determination referred to in paragraph (1) of this subsection for any individual with respect to whom it is made.

At the option of a State (if its plan approved under this subchapter so provides), such term (i) need not include money payments to an individual who has been absent from such State for a period in excess of 90 consecutive days regardless of whether he has maintained his residence.

1 So in original. Probably should be “needs”.

§ 1310. Cooperative research or demonstration projects

(a) In general

(1) There are hereby authorized to be appropriated for the fiscal year ending June 30, 1957, $5,000,000 and for each fiscal year thereafter such sums as the Congress may determine for (A) making grants to States and public and other organizations and agencies for paying part of the cost of research or demonstration projects such as those relating to the prevention and reduction of dependency, or which will aid in effecting coordination of planning between private and public welfare agencies or which will help improve the administration and effectiveness of programs carried on or assisted under this chapter and programs related thereto, and (B) making contracts or jointly financed cooperative arrangements with States and public and other organizations and agencies for the conduct of research or demonstration projects relating to such matters.

(2) No contract or jointly financed cooperative arrangement shall be entered into, and no grant shall be made, under paragraph (1), until the Secretary (or the Commissioner, with respect to any jointly financed cooperative agreement or grant concerning subchapters II or XVI) obtains the advice and recommendations of specialists who are competent to evaluate the proposed projects as to soundness of their design, the possibilities of securing productive results, the adequacy of resources to conduct the proposed research or demonstrations, and their relationship to other similar research or demonstrations already completed or in process.

(3) Grants and payments under contracts or cooperative arrangements under paragraph (1) may be made either in advance or by way of reimbursement, as may be determined by the Secretary (or the Commissioner, with respect to any jointly financed cooperative agreement or grant concerning subchapter II or XVI); and shall be made in such installments and on such conditions as the Secretary (or the Commissioner, as applicable) finds necessary to carry out the purposes of this subsection.

(b) Limitations and costs

(1) The Commissioner is authorized to waive any of the requirements, conditions, or limitations of subchapter XVI (or to waive them only for specified purposes, or to impose additional requirements, conditions, or limitations) to such extent and for such period as the Commissioner finds necessary to carry out one or more experimental, pilot, or demonstration projects which, in the Commissioner's judgment, are likely to assist in promoting the objectives or facilitate the administration of such subchapter. Any costs for benefits under or administration of any such project (including planning for the project and the review and evaluation of the project and its results), in excess of those that would have been incurred without regard to the project, shall be met by the Commissioner from amounts available to the Commissioner for this purpose from appropriations made to carry out such subchapter. The costs of any such project which is carried out in coordination with one or more related projects under other subchapters of this chapter shall be allocated among the appropriations available for such projects and any Trust Funds involved, in a manner determined by the Commissioner with respect to the old-age, survivors, and disability insurance programs under subchapter II and the supplemental security income program under subchapter XVI, and by the Secretary with respect to other subchapters of this chapter, taking into consideration the programs (or types of benefit) to which the project (or part of a project) is most closely related or which the project (or part of a project) is intended to benefit. If, in order to carry out a project under this subsection, the Commissioner requests a State to make supplementary payments (or the Commissioner makes them pursuant to an agreement under section 1382c of this title) to individuals who are not eligible therefor, or in amounts or under circumstances in which the State does not make such payments, the Commissioner shall reimburse such State for the non-Federal share of such payments from amounts appropriated to carry out subchapter XVI. If, in order to carry out a project under this subsection, the Secretary requests a State to provide medical assistance under its plan approved under subchapter XIX to individuals who are not eligible therefor, or in amounts or under circumstances in which the State does not provide such medical assistance, the Secretary shall reimburse such State for the non-Federal share of such assistance from amounts appropriated to carry out subchapter XVI, which shall be provided by the Commissioner to the Secretary for this purpose.

(2) With respect to the participation of recipients of supplemental security income benefits in experimental, pilot, or demonstration projects under this subsection—

(A) the Commissioner is not authorized to carry out any project that would result in a substantial reduction in any individual's total income and resources as a result of his or her participation in the project;

(B) the Commissioner may not require any individual to participate in a project; and the Commissioner shall assure (i) that the voluntary participation of individuals in any project is obtained through informed written consent which satisfies the requirements for informed consent established by the Commissioner for use in any experimental, pilot, or demonstration project in which human subjects are at risk, and (ii) that any individual's voluntary agreement to participate in any project may be revoked by such individual at any time;

(C) the Commissioner shall, to the extent feasible and appropriate, include recipients who are under age 18 as well as adult recipients; and
(D) the Commissioner shall include in the projects carried out under this section such experimental, pilot, or demonstration projects as may be necessary to ascertain the feasibility of treating alcoholics and drug addicts to prevent the onset of irreversible medical conditions which may result in permanent disability, including programs in residential care treatment centers.

(c) Survey of use of payments

(1) In addition to the amount otherwise appropriated in any other law to carry out subsection (a) for fiscal year 2004, up to $8,500,000 is authorized and appropriated and shall be used by the Commissioner of Social Security under this subsection for purposes of conducting a statistically valid survey to determine how payments made to individuals, organizations, and State or local government agencies that are representative payees for benefits paid under subchapter II or XVI are being managed and used on behalf of the beneficiaries for whom such benefits are paid.

(2) Not later than 18 months after March 2, 2004, the Commissioner of Social Security shall submit a report on the survey conducted in accordance with paragraph (1) to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate.

Tier I shall provide States that have not yet substantively addressed the sex trafficking of children and youth with an idea of where to begin and what steps to take. Tier II shall provide States that are already working to address the sex trafficking of children and youth with examples of policies that are already being used effectively by other States to address sex trafficking.

(1) the Secretary may waive compliance with any of the requirements of section 302, 602, 654, 1202, 1352, 1382, or 1396a of this title, as the case may be, to the extent and for the period he finds necessary to enable such State or States to carry out such project, and

(b) Child support enforcement programs
(1) In the case of any experimental, pilot, or demonstration project undertaken under subsection (a) to assist in promoting the objectives of part D of subchapter IV, the project—

(C) must not result in increased cost to the Federal Government under part A of such subchapter.

(2) An Indian tribe or tribal organization operating a program under section 655(f) of this title shall be considered a State for purposes of authority to conduct an experimental, pilot, or demonstration project under subsection (a) to assist in promoting the objectives of part D of subchapter IV and receiving payments under the second sentence of that subsection. c Demonstration projects to test alternative definitions of unemployment

(1)(A) The Secretary shall enter into agreements with up to 8 States submitting applications under this subsection for the purpose of conducting demonstration projects in such States to test and evaluate the use, with respect to individuals who received aid under part A of subchapter IV, of a definition of unemployment that might be applied in defining unemployment for purposes of determining eligibility under section 607 of this title. Such States may be entered into between the Secretary and the political subdivisions of the State.

(2) Notwithstanding section 602(a)(1) of this title, a demonstration project conducted pursuant to such agreement may test and evaluate the complete elimination of the 100-hour rule and of any other duration standard that might be applied in defining unemployment for purposes of determining eligibility under section 607 of this title.

(B) If any State with an agreement under this subsection so requests, the demonstration project conducted pursuant to such agreement may test and evaluate the total elimination of the 100-hour rule, the Secretary shall approve at least one such application.

(C) An agreement under this subsection shall be entered into between the Secretary and the State agency designated under section 602(a)(3) of this title. Such agreement shall provide for the payment of aid under the applicable State plan under part A of subchapter IV as though section 607 of this title had been modified to reflect the definition of unemployment used in the demonstration project but shall also provide that such project shall otherwise be carried out in accordance with all of the requirements and conditions under part A of subchapter IV.

(D) A demonstration project under this subsection may be commenced any time after September 30, 1990, and shall be conducted for such period of time as the agreement with the Secretary may provide; except that, in no event may a demonstration project under this section be conducted after September 30, 1995.

(E)(A) Any State with an agreement under this subsection shall evaluate the comparative cost and employment effects of the use of the definition of unemployment in its demonstration project under this section by use of experimental and control groups comprised of a random sample of individuals receiving aid under section 607 of this title and shall furnish the Secretary with such information as the Secretary determines to be necessary to evaluate the results of the project conducted by the State.

(B) The Secretary shall report the results of the demonstration projects conducted under this subsection to the Congress not later than 6 months after all such projects are completed.

d Regulations relating to applications for or renewals of demonstration projects

(2) Not later than 180 days after March 23, 2010, the Secretary shall promulgate regulations relating to applications for, and renewals of, a demonstration project that provide for—

(A) a process for public notice and comment at the State level, including public hearings, sufficient to ensure a meaningful level of public input;

(B) requirements relating to—

(3) The Secretary shall annually report to Congress concerning actions taken by the Secretary with respect to applications for demonstration projects under this section.

e Extensions of State-wide comprehensive demonstration projects for which waivers granted

(1) The provisions of this subsection shall apply to the extension of any State-wide comprehensive demonstration project (in this subsection referred to as “waiver project”) for which a waiver of compliance with requirements of subchapter XIX is granted under subsection (a).

(2) During the 6-month period ending 1 year before the date the waiver under subsection (a) with respect to a waiver project would otherwise expire, the chief executive officer of the State which is operating the project may submit to the Secretary a written request for an extension, of up to 3 years (5 years, in the case of a waiver described in section 1396n(h)(2) of this title), of the project.
(3) If the Secretary fails to respond to the request within 6 months after the date it is submitted, the request is deemed to have been granted.

(4) If such a request is granted, the deadline for submittal of a final report under the waiver project is deemed to have been extended until the date that is 1 year after the date the waiver project would otherwise have expired.

(5) The Secretary shall release an evaluation of each such project not later than 1 year after the date of receipt of the final report.

(6) Subject to paragraphs (4) and (7), the extension of a waiver project under this subsection shall be on the same terms and conditions (including applicable terms and conditions relating to quality and access of services, budget neutrality, data and reporting requirements, and special population protections) that applied to the project before its extension under this subsection.

(7) If an original condition of approval of a waiver project was that Federal expenditures under the project not exceed the Federal expenditures that would otherwise have been made, the Secretary shall take such steps as may be necessary to ensure that, in the extension of the project under this subsection, such condition continues to be met. In applying the previous sentence, the Secretary shall take into account the Secretary’s best estimate of rates of change in expenditures at the time of the extension.

(f) Application for extension of waiver project; submission; approval

An application by the chief executive officer of a State for an extension of a waiver project the State is operating under an extension under subsection (e) (in this subsection referred to as the “waiver project”) shall be submitted and approved or disapproved in accordance with the following:

(1) The application for an extension of the waiver project shall be submitted to the Secretary at least 120 days prior to the expiration of the current period of the waiver project.

(2) Not later than 45 days after the date such application is received by the Secretary, the Secretary shall notify the State if the Secretary intends to review the terms and conditions of the waiver project. A failure to provide such notification shall be deemed to be an approval of the application.

(3) Not later than 45 days after the date a notification is made in accordance with paragraph (2), the Secretary shall inform the State of proposed changes in the terms and conditions of the waiver project. A failure to provide such information shall be deemed to be an approval of the application.

(4) During the 30-day period that begins on the date information described in paragraph (3) is provided to a State, the Secretary shall negotiate revised terms and conditions of the waiver project with the State.

(5)(A) Not later than 120 days after the date an application for an extension of the waiver project is submitted to the Secretary (or such later date agreed to by the chief executive officer of the State), the Secretary shall—

(i) approve the application subject to such modifications in the terms and conditions—

(1) as have been agreed to by the Secretary and the State; or

(II) in the absence of such agreement, as are determined by the Secretary to be reasonable, consistent with the overall objectives of the waiver project, and not in violation of applicable law; or

(ii) disapprove the application.

(B) A failure by the Secretary to approve or disapprove an application submitted under this subsection in accordance with the requirements of subparagraph (A) shall be deemed to be an approval of the application subject to such modifications in the terms and conditions as have been agreed to (if any) by the Secretary and the State.

(6) An approval of an application for an extension of a waiver project under this subsection shall be for a period not to exceed 3 years (5 years, in the case of a waiver described in section 1396n(h)(2) of this title).

(7) An extension of a waiver project under this subsection shall be subject to the final reporting and evaluation requirements of paragraphs (4) and (5) of subsection (e) (taking into account the extension under this subsection with respect to any timing requirements imposed under those paragraphs).

DEMONSTRATION PROJECTS TO ADDRESS CHILD ACCESS PROBLEMS

Pub. L. 100-485, title V, § 504, Oct. 13, 1988, 102 Stat. 2403, provided that:

"(a) FINDINGS AND PURPOSE.—(1) The Congress finds that:

"(A) the incidences of teenage pregnancy, suicide, substance abuse, and school dropout are increasing;

"(B) research to date has established a link between low self-esteem, perceived limited life options and the risk of teenage pregnancy, suicide, substance abuse, and school dropout;

"(C) little data currently exists on how to improve the self-image of and expand the life options available to high-risk teenagers; and

"(D) there currently is no Federal program in place to address the unique and significant problems faced by today’s teenagers.

"(2) It is the purpose of the demonstration projects conducted under this section to provide programs in which a range of non-academic services (sports, recreation, the arts) and self-image counseling are provided to high-risk teenagers in order to reduce the rates of pregnancy, suicide, substance abuse, and school dropout among such teenagers.

"(b) IN GENERAL.—The Secretary of Health and Human Services (in this section referred to as the ‘Secretary’) shall enter into an agreement with each of 4 States submitting applications under this section for

A clearing house where any high-risk teenagers will be referred to and encouraged to participate in non-academic activities (arts, recreation, sports) which are already in place in the community.

B. A survey of the area to be targeted by the project to determine the need to fund and create new non-academic activities in the area.

C. Counseling services utilizing qualified, locally licensed psychologists, social psychologists, or other mental health professionals or related experts to provide individual and group counseling to participating high-risk teenagers.

D. A program to provide participants in the project (to the extent practicable) with such transportation, child care, and equipment as is necessary to carry out the purposes of the project.

"(2) The State shall designate two geographical areas within the State to be targeted by the project. One area will serve as the 'home base' for the project, wherein services will be concentrated and in which a local school system will be selected to receive services and provide facilities for resource referral and counseling. The second geographical area will serve as a 'peripheral' participant, receiving assistance and services from the home base.

"(3) A high-risk teenager is any male or female who has reached the age of 10 years and whose age does not exceed 20 years, and who—

(b) Testing of models (phase I)

(1) In general
The CMI shall test payment and service delivery models in accordance with selection criteria under paragraph (2) to determine the effect of applying such models under the applicable subchapter (as defined in subsection (a)(4)(B)) on program expenditures under such subchapters and the quality of care received by individuals receiving benefits under such subchapter.

(2) Selection of models to be tested

(A) In general
The Secretary shall select models to be tested from models where the Secretary determines that there is evidence that the model addresses a defined population for which there are deficits in care leading to poor clinical outcomes or potentially avoidable expenditures. The Secretary shall focus on models expected to reduce program costs under the applicable subchapter while preserving or enhancing the quality of care received by individuals receiving benefits under such subchapter. The models selected under this subparagraph may include, but are not limited to, the models described in subparagraph (B).

(B) Opportunities
The models described in this subparagraph are the following models:

health information technology-enabled
provider network that includes care coor-
dinators, a chronic disease registry, and
home tele-health technology.

order advanced diagnostic imaging ser-
vice (as defined in section 1395m(e)(1)(B)

paying providers of services and suppliers
for using patient decision-support tools,
including tools that meet the standards
developed and identified under section
299b–36(c)(2)(A) of this title.
(x) Allowing States to test and evaluate
fully integrating care for dual eligible in-
dividuals in the State, including the man-
agement and oversight of all funds under
the applicable subchapters with respect to
such individuals.

systems of all-payer payment reform for
the medical care of residents of the State,
including dual eligible individuals.

the identification of gaps in applicable
quality measures.

care during an inpatient stay and the 30
days immediately following discharge.
(xiv) Funding home health providers who
offer chronic care management services to
applicable individuals in cooperation with
interdisciplinary teams.
(xv) Promoting improved quality and re-
duced cost by developing a collaborative of
high-quality, low-cost health care institu-
tions that is responsible for—
(I) developing, documenting, and dis-
seminating best practices and proven
care methods;
(II) implementing such best practices
and proven care methods within such in-

timely access to outpatient services (such

the service under existing State law.
(xviii) Establishing comprehensive pay-

sionals.
(xix) Utilizing, in particular in entities
located in medically underserved areas and

title 25)), telehealth services—
(I) in treating behavioral health issues
(such as post-traumatic stress disorder)
and stroke; and

conditions.
(xx) Utilizing a diverse network of pro-

care coordination for applicable individuals described in subsection (a)(4)(A)(i) with 2 or more chronic conditions and a history of prior-year hospitalization through interventions developed under the Medicare Coordinated Care Demonstration Project under section 1016 of the Balanced Budget Act of 1997 (42 U.S.C. 1395b–1 note).

(xi) Focusing on practices of 15 or fewer professionals.

(xiii) Focusing primarily on subchapter XIX, working in conjunction with the Center for Medicaid and CHIP Services.

(xiv) Providing, for the adoption and use of certified EHR technology (as defined in section 1395w–4(o)(4) of this title) to improve the quality and coordination of care through the electronic documentation and exchange of health information, incentive payments to behavioral health providers (such as psychiatric hospitals (as defined in section 1395x(f) of this title), community mental health centers (as defined in section 1395x(f)(9)(B) of this title), hospitals that participate in a State plan under subchapter XIX or a waiver of such plan, treatment facilities that participate in such a State plan or such a waiver, mental health or substance use disorder providers that participate in such a State plan or such a waiver, clinical psychologists (as defined in section 1395x(iii) of this title), nurse practitioners (as defined in section 1395x(aaa)(5) of this title) with respect to the provision of psychiatric services, and clinical social workers (as defined in section 1395x(h)(1) of this title).

(C) Additional factors for consideration

In selecting models for testing under subparagraph (A), the CMI may consider the following additional factors:

(i) Whether the model includes a regular process for monitoring and updating patient care plans in a manner that is consistent with the needs and preferences of applicable individuals.

(ii) Whether the model places the applicable individual, including family members and other informal caregivers of the applicable individual, at the center of the care team of the applicable individual.

(iii) Whether the model provides for in-person contact with applicable individuals.

(iv) Whether the model utilizes technology, such as electronic health records and patient-based remote monitoring systems, to coordinate care over time and across settings.

(v) Whether the model demonstrates effective linkage with other public sector payers, private sector payers, or statewide payment models.

(3) Budget neutrality

(A) Initial period

The Secretary shall not require, as a condition for testing a model under paragraph (1), that the design of such model ensure that such model is budget neutral initially with respect to expenditures under the applicable subchapter.

(B) Termination or modification

The Secretary shall terminate or modify the design and implementation of a model unless the Secretary determines (and the Chief Actuary of the Centers for Medicare & Medicaid Services, with respect to program spending under the applicable subchapter, certifies), after testing has begun, that the model is expected to—

(i) improve the quality of care (as determined by the Administrator of the Centers for Medicare & Medicaid Services) without increasing spending under the applicable subchapter;

(ii) reduce spending under the applicable subchapter without reducing the quality of care; or

(iii) improve the quality of care and reduce spending.

Such termination may occur at any time after such testing has begun and before completion of the testing.

(4) Evaluation

(A) In general

The Secretary shall conduct an evaluation of each model tested under this subsection. Such evaluation shall include an analysis of—
(i) the quality of care furnished under the model, including the measurement of patient-level outcomes and patient-centered criteria determined appropriate by the Secretary; and
(ii) the changes in spending under the applicable subchapters by reason of the model.

(B) Information

The Secretary shall make the results of each evaluation under this paragraph available to the public in a timely fashion and may establish requirements for States and other entities participating in the testing of models under this section to collect and report information that the Secretary determines is necessary to monitor and evaluate such models.

(C) Measure selection

To the extent feasible, the Secretary shall select measures under this paragraph that reflect national priorities for quality improvement and patient-centered care consistent with the measures described in §1395aaa(b)(7)(B) of this title.

(c) Expansion of models (phase II)

Taking into account the evaluation under subsection (b)(4), the Secretary may, through rulemaking, expand (including implementation on a nationwide basis) the duration and scope of a model that is being tested under subsection (b) or a demonstration project under section 1395cc-3 of this title, to the extent determined appropriate by the Secretary, if—

(1) the Secretary determines that such expansion is expected to—
(A) reduce spending under applicable subchapter without reducing the quality of care; or
(B) improve the quality of patient care without increasing spending;
(2) the Chief Actuary of the Centers for Medicare & Medicaid Services certifies that such expansion would reduce (or would not result in any increase in) net program spending under applicable subchapters; and
(3) the Secretary determines that such expansion would not deny or limit the coverage or provision of benefits under the applicable subchapter for applicable individuals.

In determining which models or demonstration projects to expand under the preceding sentence, the Secretary shall focus on models and demonstration projects that improve the quality of patient care and reduce spending.

(d) Implementation

(1) Waiver authority

The Secretary may waive such requirements of subchapters XI and XVIII and of sections 1396a(a)(1), 1396a(a)(13), 1396b(m)(2)(A)(iii), and 1396u-4 (other than subsections (b)(1)(A) and (c)(5) of such section) of this title as may be necessary solely for purposes of carrying out this section with respect to testing models described in subsection (b).

(2) Limitations on review

There shall be no administrative or judicial review under section 1395ff of this title, section 1395oo of this title, or otherwise of—

(B) the selection of organizations, sites, or participants to test those models selected;
(C) the elements, parameters, scope, and duration of such models for testing or dissemination;
(D) determinations regarding budget neutrality under subsection (b)(3);
(E) the termination or modification of the design and implementation of a model under subsection (b)(3)(B); and
(F) determinations about expansion of the duration and scope of a model under subsection (c), including the determination that a model is not expected to meet criteria described in paragraph (1) or (2) of such subsection.

(3) Administration

Chapter 35 of title 44 shall not apply to the testing and evaluation of models or expansion of such models under this section.

(e) Application to CHIP

The Center may carry out activities under this section with respect to subchapter XXI in the same manner as provided under this section with respect to the program under the applicable subchapters.

(f) Funding

There are appropriated, from amounts in the Treasury not otherwise appropriated—
(A) $5,000,000 for the design, implementation, and evaluation of models under subsection (b) for fiscal year 2010;

(2) Use of certain funds

Out of amounts appropriated under subparagraphs (B) and (C) of paragraph (1), not less than $25,000,000 shall be made available each such fiscal year to design, implement, and evaluate models under subsection (b).

Beginning in 2012, and not less than once every other year thereafter, the Secretary shall submit to Congress a report on activities under this section. Each such report shall describe the models tested under subsection (b), including the number of individuals described in subsection (a)(4)(A)(i) and of individuals described in subsection (a)(4)(A)(ii) participating in such models and payments made under applicable subchapters for services on behalf of such indi-
vindividuals, any models chosen for expansion under subsection (c), and the results from evaluations under subsection (b)(4). (1) Whenever a State plan is submitted to the Secretary by a State for approval under subchapter I, X, XIV, XVI, or XIX, it shall, not later than 90 days after the date the plan is submitted to him, make a determination as to whether it conforms to the requirements for approval under such subchapter. The 90-day period provided herein may be extended by written agreement of the Secretary and the affected State.

(2) Any State dissatisfied with a determination of the Secretary under paragraph (1) of this subsection with respect to any plan may, within 60 days after it has been notified of such determination, file a petition with the Secretary for reconsideration of the issue of whether such plan conforms to the requirements for approval under such subchapter. Within 30 days after receipt of such a petition, the Secretary shall notify the State of the time and place at which a hearing will be held for the purpose of reconsidering such issue. Such hearing shall be held not less than 20 days nor more than 60 days after the date notice of such hearing is furnished to such State, unless the Secretary and such State agree in writing to holding the hearing at another time. The Secretary shall affirm, modify, or reverse his original determination within 60 days of the conclusion of the hearing.

(3) Any State which is dissatisfied with a final determination made by the Secretary on such a reconsideration or a final determination of the Secretary under section 304, 1204, 1354, 1384, or 1396c of this title may, within 60 days after it has been notified of such determination, file with the United States court of appeals for the circuit in which such State is located a petition for review of such determination. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his determination as provided in section 2112 of title 28.

(4) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the transcript and record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(5) The court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(b) Amendment of plans

For the purposes of subsection (a), any amendment of a State plan approved under subchapter I, X, XIV, XVI, or XIX, may, at the option of the State, be treated as the submission of a new State plan.

(c) Restitution when Secretary reverses his determination

Action pursuant to an initial determination of the Secretary described in subsection (a) shall not be stayed pending reconsideration, but in the event that the Secretary subsequently determines that his initial determination was incorrect he shall certify restitution forthwith in a lump sum of any funds incorrectly withheld or otherwise denied.

(d) Disallowance of items covered under other subchapters

Whenever the Secretary determines that any item or class of items on account of which Federal financial participation is claimed under subchapter I, X, XIV, XVI, or XIX, shall be disallowed for such participation, the State shall be entitled to and upon request shall receive a reconsideration of the disallowance.

(e) Disallowance of items covered under subchapter XIX

(1) Whenever the Secretary determines that any item or class of items on account of which Federal financial participation is claimed under subchapter XIX shall be disallowed for such participation, the State shall be entitled to and upon request shall receive a reconsideration of the disallowance, provided that such request is made during the 60-day period that begins on the date the State receives notice of the disallowance.

(2)(A) A State may appeal a disallowance of a claim for Federal financial participation under subchapter XIX by the Secretary, or an unfavorable reconsideration of a disallowance, during the 60-day period that begins on the date the State receives notice of the disallowance or of the unfavorable reconsideration, in whole or in part, to the Departmental Appeals Board, established in the Department of Health and Human Services (in this paragraph referred to as the ‘‘Board’’), by filing a notice of appeal with the Board.

(B) The Board shall consider a State’s appeal of a disallowance of such a claim (or of an unfa-
vorable reconsideration of a disallowance) on the basis of such documentation as the State may submit and as the Board may require to support the final decision of the Board. In deciding whether to uphold a disallowance of such a claim or any portion thereof, the Board shall be bound by all applicable laws and regulations and shall conduct a thorough review of the issues, taking into account all relevant evidence. The Board’s decision of an appeal under subparagraph (A) shall be the final decision of the Secretary and shall be subject to reconsideration by the Board only upon motion of either party filed during the 60-day period that begins on the date of the Board’s decision or to judicial review in accordance with subparagraph (C).

(C) A State may obtain judicial review of a decision of the Board by filing an action in any United States District Court located within the appealing State (or, if several States jointly appeal the disallowance of claims for Federal financial participation under section 1396b of this title, in any United States District Court for the District of Columbia. Such an action may only be filed—

(i) if no motion for reconsideration was filed within the 60-day period specified in subparagraph (B), during such 60-day period; or

(ii) if such a motion was filed within such period, during the 60-day period that begins on the date of the Board’s decision on such motion.

(a) Establishment; criteria for regulations; requirements for hospitals

For the purposes of reporting the cost of services provided by, of planning, and of measuring and comparing the efficiency of and effective use of services in, hospitals, skilled nursing facilities, intermediate care facilities, home health agencies, health maintenance organizations, and other types of health services facilities and organizations to which payment may be made under this chapter, the Secretary shall establish by regulation, for each such type of health services facility or organization, a uniform system for the reporting by a facility or organization of that type of the following information:

2. The costs and volume of services for various functional accounts and subaccounts.
3. Rates, by category of patient and class of purchaser.
4. Capital assets, as defined by the Secretary, including (as appropriate) capital funds, debt service, lease agreements used in lieu of capital funds, and the value of land, facilities, and equipment.
5. Discharge and bill data.

The uniform reporting system for a type of health services facility or organization shall provide for appropriate variation in the application of the system to different classes of facilities or organizations within that type and shall be established, to the extent practicable, consistent with the cooperative system for producing comparable and uniform health information and statistics described in section 242k(e)(1) of this title. In reporting under such a system, hospitals shall employ such chart of accounts, definitions, principles, and statistics as the Secretary may prescribe in order to reach a uniform reconciliation of financial and statistical data for specified uniform reports to be provided to the Secretary.

(b) Monitoring, etc., of systems by Secretary

The Secretary shall—

1. monitor the operation of the systems established under subsection (a);
2. assist with and support demonstrations and evaluations of the effectiveness and cost of the operation of such systems and encourage State adoption of such systems; and
3. periodically revise such systems to improve their effectiveness and diminish their cost.

(c) Availability of information to appropriate agencies and organizations

The Secretary shall provide information obtained through use of the uniform reporting systems described in subsection (a) in a useful manner and format to appropriate agencies and organizations, including health systems agencies (designated under section 300f–1 of this title) and State health planning and development agencies (designated under section 300m of this title), as may be necessary to carry out such agencies' and organizations' functions.

§ 1320a–1. Limitation on use of Federal funds for capital expenditures

(a) Use of reimbursement for planning activities for health services and facilities

The purpose of this section is to assure that Federal funds appropriated under subchapters XVIII and XIX are not used to support unnecessary capital expenditures made by or on behalf

1See References in Text note below.
of health care facilities which are reimbursed under any of such subchapters and that, to the extent possible, reimbursement under such subchapters shall support planning activities with respect to health services and facilities in the various States.

(b) Agreement between Secretary and State for submission of proposed capital expenditures related to health care facilities and procedures for appeal from recommendations

The Secretary, after consultation with the Governor (or other chief executive officer) and with appropriate local public officials, shall make an agreement with any State which is able and willing to do so under which a designated planning agency (which shall be an agency described in clause (ii) of subsection (d)(1)(B) that has a governing body or advisory board at least half of whose members represent consumer interests) will—

(1) make, and submit to the Secretary together with such supporting materials as he may find necessary, findings and recommendations with respect to capital expenditures proposed by or on behalf of any health care facility in such State within the field of its responsibilities;

(2) receive from other agencies described in clause (ii) of subsection (d)(1)(B), and submit to the Secretary together with such supporting material as he may find necessary, the findings and recommendations of such other agencies with respect to capital expenditures proposed by or on behalf of health care facilities in such State within the fields of their respective responsibilities, and

(3) establish and maintain procedures pursuant to which a person proposing any such capital expenditure may appeal a recommendation by the designated agency and will be granted an opportunity for a fair hearing by such agency or person other than the designated agency as the Governor (or other chief executive officer) may designate to hold such hearings,

whenever and to the extent that the findings of such designated agency or any such other agency indicate that any such expenditure is not consistent with the standards, criteria, or plans developed pursuant to the Public Health Service Act [42 U.S.C. 201 et seq.] to meet the need for adequate health care facilities in the area covered by the plan or plans so developed.

c) Manner of payment to States for carrying out agreement

The Secretary shall pay any such State from the general fund in the Treasury, in advance or by way of reimbursement as may be provided in the agreement with it (and may make adjustments in such payments on account of overpayments or underpayments previously made), for the reasonable cost of performing the functions specified in subsection (b).

d) Determination of amount of exclusions from Federal payments

(1) Except as provided in paragraph (2), if the Secretary determines that—

(A) neither the planning agency designated in the agreement described in subsection (b) nor an agency described in clause (ii) of subparagraph (B) of this paragraph had been given notice of any proposed capital expenditure (in accordance with such procedure or in such detail as may be required by such agency) at least 60 days prior to obligation for such expenditure; or

(B)(i) the planning agency so designated or an agency so described had received such timely notice of the intention to make such capital expenditure and had, within a reasonable period after receiving such notice and prior to obligation for such expenditure, notified the person proposing such expenditure that the expenditure would not be in conformity with the standards, criteria, or plans developed by such agency or any other agency described in clause (ii) for adequate health care facilities in such State or in the area for which such other agency has responsibility, and

(ii) the planning agency so designated had, prior to submitting to the Secretary the findings referred to in subsection (b)—

(I) consulted with, and taken into consideration the findings and recommendations of, the State planning agencies established pursuant to sections 314(a) and 604(a) of the Public Health Service Act [42 U.S.C. 246(a), 291d(a)] (to the extent that either such agency is not the agency so designated) as well as the public or nonprofit private agency or organization responsible for the comprehensive, regional, metropolitan area, or other local area plan or plans referred to in section 314(b) of the Public Health Service Act [42 U.S.C. 246(b)] and covering the area in which the health care facility proposing such capital expenditure is located (where such agency is not the agency designated in the agreement), or, if there is no such agency, such other public or nonprofit private agency or organization (if any) as performs, as determined in accordance with criteria included in regulations, similar functions, and

(II) granted to the person proposing such capital expenditure an opportunity for a fair hearing with respect to such findings;

then, for such period as he finds necessary in any case to effectuate the purpose of this section, he shall, in determining the Federal payments to be made under subchapters XVIII and XIX with respect to services furnished in the health care facility for which such capital expenditure is made, not include any amount which is attributable to depreciation, interest on borrowed funds, a return on equity capital (in the case of proprietary facilities), or other expenses related to such capital expenditure. With respect to any organization which is reimbursed on a per capita or a fixed fee or negotiated rate basis, in determining the Federal payments to be made under subchapters XVIII and XIX, the Secretary shall exclude an amount which in his judgment is a reasonable equivalent to the amount which would otherwise be excluded under this subsection if payment were to be made on other than a per capita or a fixed fee or negotiated rate basis.

(2) If the Secretary, after submitting the matters involved to the advisory council established
or designated under subsection (i), determines that an exclusion of expenses related to any capital expenditure of any health care facility would discourage the operation or expansion of such facility which has demonstrated to his satisfaction proof of capability to provide comprehensive health care services (including institutional services) efficiently, effectively, and economically, or would otherwise be inconsistent with the effective organization and delivery of health services or the effective administration of subchapter XVIII or XIX, he shall not exclude such expenses pursuant to paragraph (1).

(e) Treatment of lease or comparable arrangement of any facility or equipment for a facility in determining amount of exclusions from Federal payments

Where a person obtains under lease or comparable arrangement any facility or part thereof, or equipment for a facility, which would have been subject to an exclusion under subsection (d) if the person had acquired it by purchase, the Secretary shall (1) in computing such person’s rental expense in determining the Federal payments to be made under subchapters XVIII and XIX with respect to services furnished in such facility, deduct the amount which in his judgment is a reasonable equivalent of the amount that would have been excluded if the person had acquired such facility or such equipment by purchase, and (2) in computing such person’s return on equity capital deduct any amount deposited under the terms of the lease or comparable arrangement.

(f) Reconsideration by Secretary of determinations

Any person dissatisfied with a determination by the Secretary under this section may within six months following notification of such determination request the Secretary to reconsider such determination. A determination by the Secretary under this section shall not be subject to administrative or judicial review.

(g) “Capital expenditure” defined

For the purposes of this section, a “capital expenditure” is an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance and which (1) exceeds $600,000 (or such lesser amount as the State may establish), (2) changes the bed capacity of the facility with respect to which such expenditure is made, or (3) substantially changes the services of the facility with respect to which such expenditure is made. For purposes of clause (1) of the preceding sentence, the cost of the studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the plant and equipment with respect to which such expenditure is made shall be included in determining whether such expenditure exceeds the dollar amount specified in clause (1).

(h) Applicability to Christian Science sanatoriums

The provisions of this section shall not apply to a religious nonmedical health care institution (as defined in section 1395x(ss)(1) of this title).

(i) National advisory council; establishment or designation of existing council; functions; consultations with other appropriate national advisory councils; composition; compensation and travel expenses

CODIFICATION

§ 1320a–2. Effect of failure to carry out State plan

In an action brought to enforce a provision of this chapter, such provision is not to be deemed unenforceable because of its inclusion in a section of this chapter requiring a State plan or specifying the required contents of a State plan. This section is not intended to limit or expand the grounds for determining the availability of private actions to enforce State plan requirements other than by overturning any such ground applied in Suter v. Artist M. 112 S. Ct. 1360 (1992), but not applied in prior Supreme Court decisions respecting such enforceability; provided, however, that this section is not intended to alter the holding in Suter v. Artist M. that section 671(a)(15) of this title is not enforceable in a private right of action.

(c) Initiation of proceeding; authorization by Attorney General, notice, etc., estoppel, failure to comply with order or procedure

(1) The Secretary may initiate a proceeding to determine whether to impose a civil money penalty, assessment, or exclusion under subsection (a) or (b) only as authorized by the Attorney General pursuant to procedures agreed upon by them. The Secretary may not initiate an action under this section with respect to any claim, request for payment, or other occurrence described in this section later than six years after the date the claim was presented, the request for payment was made, or the occurrence took place. The Secretary may initiate an action under this section by serving notice of the action in any manner authorized by Rule 4 of the Federal Rules of Civil Procedure.

(2) The Secretary shall not make a determination adverse to any person under subsection (a) or (b) until the person has been given written notice and an opportunity for the determination to be made on the record after a hearing at which the person is entitled to be represented by counsel, to present witnesses, and to cross-examine witnesses against the person.

(3) In a proceeding under subsection (a) or (b) which—

(B) involves the same transaction as in the criminal action,

the person is estopped from denying the essential elements of the criminal offense.

(4) The official conducting a hearing under this section may sanction a person, including any party or attorney, for failing to comply with an order or procedure, failing to defend an action, or other misconduct as would interfere with the speedy, orderly, or fair conduct of the hearing. Such sanction shall reasonably relate to the severity and nature of the failure or misconduct. Such sanction may include—

(e) Review by courts of appeals
Any person adversely affected by a determination of the Secretary under this section may obtain a review of such determination in the United States Court of Appeals for the circuit in which the person resides, or in which the claim or specified claim was presented, by filing in such court (within sixty days following the date the person is notified of the Secretary's determination) a written petition requesting that the determination be modified or set aside. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, and thereupon the Secretary shall file in the Court\textsuperscript{12} the record in the proceeding as provided in section 2112 of title 28. Upon such filing, the court shall have jurisdiction of the proceeding and of the question determined therein, and shall have the power to make and enter upon the pleadings, testimony, and proceedings set forth in such record a decree affirming, modifying, remanding for further consideration, or setting aside, in whole or in part, the determination of the Secretary and enforcing the same to the extent that such order is affirmed or modified. No objection that has not been urged before the Secretary shall be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances. The findings of the Secretary with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. If any party shall apply to the court for leave to adduce additional evidence and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the hearing before the Secretary, the court may order such additional evidence to be taken before the Secretary and to be made a part of the record. The Secretary may modify his findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and he shall file with the court such modified or new findings, which findings with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive, and his recommendations, if any, for the modification or setting aside of his original order. Upon the filing of the record with it, the jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to review by the Supreme Court of the United States, as provided in section 1254 of title 28.
(f) Compromise of penalties and assessments; recovery; use of funds recovered

Amounts recovered under this section shall be paid to the Secretary and disposed of as follows:
(1)(A) In the case of amounts recovered arising out of a claim under subchapter XIX, there shall be paid to the State agency an amount bearing the same proportion to the total amount recovered as the State's share of the amount paid by the State agency for such claim bears to the total amount paid for such claim.
(B) In the case of amounts recovered arising out of a claim under an allotment to a State under subchapter V, there shall be paid to the State agency an amount equal to three-sevenths of the amount recovered.
(2) Such portion of the amounts recovered as is determined to have been paid out of the trust funds under sections 1395i and 1395t of this title shall be repaid to such trust funds.
(3) With respect to amounts recovered arising out of a claim under a Federal health care program (as defined in section 1320a–7(b) of this title), the portion of such amounts as is determined to have been paid by the program shall be repaid to the program, and the portion of such amounts attributable to the amounts recovered under this section by reason of the amendments made by the Health Insurance Portability and Accountability Act of 1996 (as estimated by the Secretary) shall be deposited into the Federal Hospital Insurance Trust Fund pursuant to section 1395i(k)(2)(C) of this title.
(4) The remainder of the amounts recovered shall be deposited as miscellaneous receipts of the Treasury of the United States.

For complete classification of this Act to the Code, see Short Title note set out under section 201 of this title and Table.

Section 14(a) of the Medicare and Medicaid Patient and Program Protection Act of 1987, referred to in subsec. (b)(3)(E), is section 14(a) of Pub. L. 100–93, which is set out below.

Section 1395w–104(e)(6) of this title, referred to in subsec. (b)(3)(B), was in the original “section 1860D–3(e)(6)”, and was translated as reading “section 1395w–104(e)(6)” to reflect the probable intent of Congress, because section 1860D–3, which is classified to section 1395w–103 of this title, does not contain a subsec. (e), and section 1395w–104(e)(6) relates to regulations.

"(B) FACTORS TO CONSIDER.—The Secretary shall consider the following factors, and others, in establishing standards relating to the exception for health center entity arrangements under subparagraph (A):

"(ii) Whether the arrangement between the health center entity and the other party restricts or limits an individual’s freedom of choice.

"(iii) Whether the arrangement between the health center entity and the other party protects a health care professional’s independent medical judgment regarding medically appropriate treatment.

"(B) The Secretary may also include other standards and criteria that are consistent with the intent of Congress in enacting the exception established under this section.

"(2) Deadline.—Not later than 1 year after the date of the enactment of this Act [Dec. 8, 2003] the Secretary shall publish final regulations establishing the standards described in paragraph (1)."

"(i) shall consult with the Attorney General and representatives of the hospital, physician, other
health practitioner, and health plan communities, and other interested parties; and

"(ii) shall take into account:

"(I) the level of risk appropriate to the size and type of arrangement;

"(II) the frequency of assessment and distribution of incentives;

"(III) the level of capital contribution; and

"(IV) the extent to which the risk-sharing arrangement provides incentives to control the cost and quality of health care services.

"(2) Publication of notice.—In carrying out the rulemaking process under this subsection, the Secretary shall publish the notice provided for under section 564(a) of title 5, United States Code, by not later than 45 days after the date of the enactment of this Act [Aug. 21, 1996].

If the committee reports that the committee has failed to make significant progress toward such consensus or is unlikely to reach such consensus by the target date, the Secretary may terminate such process and provide for the publication of a rule under this subsection through such other methods as the Secretary may provide.

"(7) Final committee report.—If the committee is not terminated under paragraph (6), the rulemaking committee shall submit a report containing a proposed rule by not later than one month before the target publication date.

"(8) Interim, final effect.—The Secretary shall publish a rule under this subsection in the Federal Register by not later than the target publication date. Such rule shall be effective and final immediately on an interim basis, but is subject to change and revision after public notice and opportunity for a period (of not less than 60 days) for public comment. In connection with such rule, the Secretary shall specify the process for the timely review and approval of applications of entities to be certified as provider-sponsored organizations pursuant to such rules and consistent with this subsection.

Ex. Ord. No. 13939, Lowering Prices for Patients by Eliminating Kickbacks to Middlemen

Ex. Ord. No. 13939, July 24, 2020, 85 F.R. 45759, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Purpose. One of the reasons pharmaceutical drug prices in the United States are so high is because of the complex mix of payers and negotiators that often separates the consumer from the manufacturer in the drug-purchasing process. The result is that patients and doctors pay more than they should for drugs while the middlemen collect large "rebate" checks. These rebates are the functional equivalent of kickbacks, and erode savings that could otherwise go to the Medicare patients taking those drugs. Yet currently, Federal regulations create a safe harbor for such discounts and preclude treating them as kickbacks under the law.

Fixing this problem could save Medicare patients billions of dollars. The Office of the Inspector General at the Department of Health and Human Services has found that patients in the catastrophic phase of the Medicare Part D program saw their out-of-pocket costs for high-price drugs increase by 47 percent from 2010 to 2015, from $175 per month to $257 per month. Narrowing the safe harbor for these discounts under the anti-kickback statute will allow tens of billions in dollars of rebates on prescription drugs in the Medicare Part D program to go directly to patients, saving many patients hundreds or thousands of dollars per year at the pharmacy counter.

Sec. 2. Policy. It is the policy of the United States that discounts offered on prescription drugs should be passed on to patients.

Sec. 3. Directing Drug Rebates to Patients Instead of Middlemen. The Secretary of Health and Human Services shall complete the rulemaking process he commenced seeking to:

(a) exclude from safe harbor protections under the anti-kickback statute, section 1128B(b) of the Social Security Act, 42 U.S.C. 1320a–7b(b), certain retrospective reductions in price that are not applied at the point-of-sale or other remuneration that drug manufacturers provide to health plan sponsors, pharmacies, or PBMs in operating the Medicare Part D program; and

(b) establish new safe harbors that would permit new safe harbors that would permit health plan sponsors, pharmacies, and PBMs to apply discounts at the patient’s point-of-sale in order to lower the patient’s out-of-pocket costs, and that would permit the use of certain bona fide PBM service fees.

Sec. 4. Protecting Low Premiums. Prior to taking action under section 3 of this order, the Secretary of Health and Human Services shall confirm—and make public such confirmation—that the action is not projected to increase Federal spending, Medicare beneficiary premiums, or patients' total out-of-pocket costs.

Sec. 5. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:...

(i) the authority granted by law to an executive department or agency, or the head thereof; or...

§ 1320a–8. Civil monetary penalties and assessments for subchapters II, VIII and XVI

(a) **False statements or representations of material fact; proceedings to exclude; wrongful conversions by representative payees**

(1) Any person (including an organization, agency, or other entity) who—
(A) makes, or causes to be made, a statement or representation of a material fact, for use in determining any initial or continuing right to or the amount of monthly insurance benefits under subchapter II or benefits or payments under subchapter VIII or XVI, that the person knows or should know is false or misleading,

(B) makes such a statement or representation for such use with knowing disregard for the truth, or

(C) omits from a statement or representation for such use, or otherwise withholds disclosure of, a fact which the person knows or should know is material to the determination of any initial or continuing right to or the amount of monthly insurance benefits under subchapter II or benefits or payments under subchapter VIII or XVI, if the person knows, or should know, that the statement or representation with such omission is false or misleading or that the withholding of such disclosure is misleading,

shall be subject to, in addition to any other penalties that may be prescribed by law, a civil money penalty of not more than $5,000 for each such statement or representation or each receipt of such benefits or payments while withholding disclosure of such fact, except that in the case of such a person who receives a fee or other income for services performed in connection with any such determination, the amount of any such penalty shall be not more than $7,500. Such person also shall be subject to an assessment, in lieu of damages sustained by the United States because of such statement or representation or because of such withholding of disclosure of a material fact, of not more than twice the amount of any payments paid as a result of such a statement or representation or such a withholding of disclosure. In addition, the Commissioner of Social Security may make a determination in the same proceeding to recommend that the Secretary exclude, as provided in section 1320a–7 of this title, such a person who receives a fee or other income for services performed in connection with a determination (including a claimant representative, translator, or current or former employee of the Social Security Administration) or who is a physician or other health care provider who submits, or causes the submission of, medical or other evidence in connection with any such determination, of not more than twice the amount of any payments paid as a result of such a determination.

(b) Initiation of proceedings; hearing; sanctions

(1) The Commissioner of Social Security may initiate a proceeding to determine whether to impose a civil money penalty or assessment, or whether to recommend exclusion under subsection (a) only as authorized by the Attorney General pursuant to procedures agreed upon by the Commissioner of Social Security and the Attorney General. The Commissioner of Social Security may not initiate an action under this section with respect to any violation described in subsection (a) later than 6 years after the date the violation was committed. The Commissioner of Social Security may initiate an action under this section by serving notice of the action in any manner authorized by Rule 4 of the Federal Rules of Civil Procedure.

(2) The Commissioner of Social Security shall not make a determination adverse to any person under this section until the person has been given written notice and an opportunity for the determination to be made on the record after a hearing at which the person is entitled to be represented by counsel, to present witnesses, and to cross-examine witnesses against the person.

(3) In a proceeding under this section which—

(A) is against a person who has been convicted (whether upon a verdict after trial or upon a plea of guilty or nolo contendere) of a Federal or State crime; and

(B) involves the same transaction as in the criminal action;

the person is estopped from denying the essential elements of the criminal offense.

(4) The official conducting a hearing under this section may sanction a person, including any party or attorney, for failing to comply with an order or procedure, for failing to defend an action, or for such other misconduct as would interfere with the speedy, orderly, or fair conduct of the hearing. Such sanction shall reasonably relate to the severity and nature of the failure or misconduct. Such sanction may include—

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner of Social Security, and thereupon the Commissioner of Social Security shall file in the court the record in the proceeding as provided in section 2112 of title 28. Upon such filing, the court shall have jurisdiction of the proceeding and of the question determined therein, and shall have the power to make and enter upon the pleadings, testimony, and proceedings set forth in such record a decree affirming, modifying, remanding for further consideration, or setting aside, in whole or in part, the determination of the Commissioner of Social Security and enforcing the same to the extent that such order is affirmed or modified. No objection that has not been urged before the Commissioner of Social Security shall be considered as a whole shall be conclusive, and the Commissioner's recommendations, if any, for the modification or setting aside of the Commissioner's original order.

(3) Upon the filing of the record and the Commissioner's original or modified order with the court, the jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to review by the Supreme Court of the United States, as provided in section 1254 of title 28.

(e) Compromise of money penalties and assessments; recovery; use of funds recovered

(1) Civil money penalties and assessments imposed under this section may be compromised by the Commissioner of Social Security and may be recovered—

(A) in a civil action in the name of the United States brought in United States district court for the district where the violation occurred, or where the person resides, as determined by the Commissioner of Social Security;

(B) by means of reduction in tax refunds to which the person is entitled, based on notice to the Secretary of the Treasury as permitted under section 3720A of title 31;

(C) by decrease of any payment of monthly insurance benefits under subchapter II, notwithstanding section 407 of this title,

(ii) by decrease of any payment under subchapter VIII to which the person is entitled, or

(iii) by decrease of any payment under subchapter XVI for which the person is eligible, notwithstanding section 407 of this title, as made applicable to subchapter XVI by reason of section 1383(d)(1) of this title;

(D) by authorities provided under the Debt Collection Act of 1982, as amended, to the extent applicable to debts arising under this chapter;

(E) by deduction of the amount of such penalty or assessment, when finally determined, or the amount agreed upon in compromise, from any sum then or later owing by the United States to the person against whom the penalty or assessment has been assessed; or

(F) by any combination of the foregoing.

(2) Amounts recovered under this section shall be recovered by the Commissioner of Social Security and shall be disposed of as follows:

(A) In the case of amounts recovered arising out of a determination relating to subchapter II, the amounts shall be transferred to the Managing Trustee of the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund, as determined appropriate by the Commissioner of Social Security, and such amounts shall be deposited by the Managing Trustee into such Trust Fund.

(B) In the case of any other amounts recovered under this section, the amounts shall be deposited by the Commissioner of Social Security into the general fund of the Treasury as miscellaneous receipts.

(f) Finality of determination respecting penalty, assessment, or exclusion

A determination pursuant to subsection (a) by the Commissioner of Social Security to impose
a penalty or assessment, or to recommend an exclusion shall be final upon the expiration of the 60-day period referred to in subsection (d). Matters that were raised or that could have been raised in a hearing before the Commissioner of Social Security or in an appeal pursuant to subsection (d) may not be raised as a defense to a civil action by the United States to collect a penalty or assessment imposed under this section.

(g) Notification of appropriate entities of finality of determination

Whenever the Commissioner's determination to impose a penalty or assessment under this section with respect to a medical provider or physician becomes final, the Commissioner shall notify the Secretary of the final determination and the reasons therefor, and the Secretary shall then notify the entities described in section 1320a–7a(h) of this title of such final determination.

(h) Injunction

Whenever the Commissioner of Social Security has reason to believe that any person has engaged, is engaging, or is about to engage in any activity which makes the person subject to a civil monetary penalty under this section, the Commissioner of Social Security may bring an action in an appropriate district court of the United States (or, if applicable, a United States court of any territory) to enjoin such activity, or to enjoin the person from concealing, removing, encumbering, or disposing of assets which may be required in order to pay a civil monetary penalty and assessment if any such penalty were to be imposed or to seek other appropriate relief.

(i) Delegation of authority

(1) The provisions of subsections (d) and (e) of section 405 of this title shall apply with respect to this section to the same extent as they are applicable with respect to subchapter II. The Commissioner of Social Security may delegate the authority granted by section 405(d) of this title (as made applicable to this section) to the Inspector General for purposes of any investigation under this section.

(2) The Commissioner of Social Security may delegate authority granted under this section to the Inspector General.

(j) “State agency” defined

For purposes of this section, the term “State agency” shall have the same meaning as in section 1320a–7a(1) of this title.

(k) Liability of principal for acts of agents

A principal is liable for penalties and assessments under subsection (a), and for an exclusion under section 1320a–7 of this title based on a recommendation under subsection (a), for the actions of the principal's agent acting within the scope of the agency.

(l) Protection of ongoing criminal investigations

As soon as the Inspector General, Social Security Administration, has reason to believe that fraud was involved in the application of an individual for monthly insurance benefits under subchapter II or for benefits under subchapter VIII or XVI, the Inspector General shall make available to the Commissioner of Social Security information identifying the individual, unless a United States attorney, or equivalent State prosecutor, with jurisdiction over potential or actual related criminal offenses, certifies, in writing, that there is a substantial risk that making the information available in a particular investigation or redetermining the eligibility of the individual for such benefits would jeopardize the criminal prosecution of any person who is a subject of the investigation from which the information is derived.

(3) Conditions for State eligibility

For purposes of a new demonstration project under this section that is initially approved in any of fiscal years 2012 through 2014, a State shall be authorized to conduct such demonstration project only if the State satisfies the following conditions:

(A) Identify 1 or more goals

(i) In general

The State shall demonstrate that the demonstration project is designed to accomplish 1 or more of the following goals:

(I) Increase permanency for all infants, children, and youth by reducing the time in foster placements when possible and promoting a successful transition to adulthood for older youth.

(II) Increase positive outcomes for infants, children, youth, and families in their homes and communities, including tribal communities, and improve the safety and well-being of infants, children, and youth.

(III) Prevent child abuse and neglect and the re-entry of infants, children, and youth into foster care.

(ii) Long-term therapeutic family treatment centers; addressing domestic violence

With respect to a demonstration project that is designed to accomplish 1 or more of the goals described in clause (i), the State may elect to establish a program—

(II) to identify and address domestic violence that endangers children and results in the placement of children in foster care.

(B) Demonstrate readiness

The State shall demonstrate through a narrative description the State’s capacity to effectively use the authority to conduct a demonstration project under this section by identifying changes the State has made or plans to make in policies, procedures, or other elements of the State’s child welfare program that will enable the State to successfully achieve the goal or goals of the project.

(C) Demonstrate implemented or planned child welfare program improvement policies

(i) In general

The State shall demonstrate that the State has implemented, or plans to implement within 3 years of the date on which the State submits its application to conduct the demonstration project or 2 years after the date on which the Secretary approves such demonstration project (whichever is later), at least 2 of the child welfare program improvement policies described in paragraph (7).

(iii) Implementation review

The Secretary may terminate the authority of a State to conduct a demonstration project under this section if, after the 3-year period following approval of the demonstration project, the State has not made significant progress in implementing the child welfare program improvement policies proposed by the State under clause (i).

(4) Limitation on eligibility

The Secretary may not authorize a State to conduct a demonstration project under this section if the State fails to provide health insurance coverage to any child with special needs (as determined under section 673(c) of this title) for whom there is in effect an adoption assistance agreement between a State and an adoptive parent or parents.

(5) Requirement to consider effect of project on terms and conditions of certain court orders

In considering an application to conduct a demonstration project under this section that has been submitted by a State in which there is in effect a court order determining that the State’s child welfare program has failed to comply with the provisions of part B or E of subchapter IV, or with the Constitution of the United States, the Secretary shall take into consideration the effect of approving the proposed project on the terms and conditions of the court order related to the failure to comply and the ability of the State to implement a corrective action plan approved under section 1320a–2a of this title.
(6) Inapplicability of random assignment for
control groups as a factor for approval of
provision demonstration projects

For purposes of evaluating an application to
conduct a demonstration project under this
section, the Secretary shall not take into con-

groups served under the project and to control
groups.

(7) Child welfare program improvement poli-
cies

For purposes of paragraph (3)(C), the child
welfare program improvement policies de-

of a plan to improve the recruitment and re-

needs of infants, children, and youth in fos-

care, and other support services for foster
parents.

(H) The establishment of procedures de-
signed to assist youth as they prepare for
their transition out of foster care, such as

license, providing notification of all sibling
placements if siblings are in care and sibling
location if siblings are out of care, and pro-
viding counseling and financial support for
post-secondary education.

(I) The inclusion in the State plan under
section 671 of this title of a description of
State procedures for—

(i) ensuring that youth in foster care
who have attained age 16 are engaged in
discussions, including during the develop-
ment of the transition plans required
under paragraphs (1)(D) and (5)(H) of sec-
tion 675 of this title, that explore whether
the youth wishes to reconnect with the
youth’s biological family, including par-
ents, grandparents, and siblings, and, if so,
what skills and strategies the youth will
need to successfully and safely reconnect
with those family members; and

(ii) providing appropriate guidance and
services to youth whom 1 affirm an intent

§ 1320b–5. Authority to waive requirements during national emergencies

(a) Purpose

The purpose of this section is to enable the Secretary to ensure to the maximum extent feasible, in any emergency area and during an emergency period (as defined in subsection (g)(1))—

(1) that sufficient health care items and services are available to meet the needs of individuals in such area enrolled in the programs under subchapters XVIII, XIX, and XXI; and

(2) that health care providers (as defined in subsection (g)(2)) that furnish such items and services in good faith, but that are unable to comply with one or more requirements described in subsection (b), may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse.

(b) Secretarial authority

To the extent necessary to accomplish the purpose specified in subsection (a), the Secretary is authorized, subject to the provisions of this section, to temporarily waive or modify the application of, with respect to health care items and services furnished by a health care provider (or classes of health care providers) in any emergency area (or portion of such an area) during any portion of an emergency period, the requirements of subchapters XVIII, XIX, or XXI, or any
regulation thereunder (and the requirements of this subchapter other than this section, and regulations thereunder, insofar as they relate to such subchapters), pertaining to—

(1) (A) conditions of participation or other certification requirements for an individual health care provider or types of providers,

(B) program participation and similar requirements for an individual health care provider or types of providers, and

(C) pre-approval requirements;

(2) requirements that physicians and other health care professionals be licensed in the State in which they provide such services, if they have equivalent licensing in another State and are not affirmatively excluded from practice in that State or in any State a part of which is included in the emergency area;

(3) actions under section 1395dd of this title (relating to examination and treatment for emergency medical conditions and women in labor) for—

(A) a transfer of an individual who has not been stabilized in violation of subsection (c) of such section if the transfer is necessitated by the circumstances of the declared emergency in the emergency area during the emergency period; or

(B) the direction or relocation of an individual to receive medical screening in an alternative location—

(i) pursuant to an appropriate State emergency preparedness plan; or

(ii) in the case of a public health emergency described in subsection (g)(1)(B) that involves a pandemic infectious disease, pursuant to a State pandemic preparedness plan or a plan referred to in clause (i), whichever is applicable in the State;

(4) sanctions under section 1395m(g) of this title (relating to limitations on physician referral);

(6) limitations on payments under section 1395w-21(i) of this title for health care items and services furnished to individuals enrolled in a Medicare+Choice plan by health care professionals or facilities not included under such plan;

(7) sanctions and penalties that arise from noncompliance with the following requirements (as promulgated under the authority of section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d-2 note))—

(I) the patient’s right to request privacy restrictions; and

(ii) the patient’s right to request confidential communications; and

(8) in the case of a telehealth service (as defined in paragraph (4)(F) of section 1395m(m) of this title) furnished in any emergency area (or portion of such an area) during any portion of any emergency period, the requirements of section 1395m(m) of this title.

Insofar as the Secretary exercises authority under paragraph (6) with respect to individuals enrolled in a Medicare+Choice plan, to the extent possible given the circumstances, the Secretary shall reconcile payments made on behalf of such enrollees to ensure that the enrollees do not pay more than would be required had they received services from providers within the network of the plan and may reconcile payments to the organization offering the plan to ensure that such organization pays for services for which payment is included in the capitation payment it receives under part C of subchapter XVIII. A waiver or modification provided for under paragraph (3) or (7) shall only be in effect if such actions are taken in a manner that does not discriminate among individuals on the basis of their source of payment or of their ability to pay, and, except in the case of a waiver or modification to which the fifth sentence of this subsection applies, shall be limited to a 72-hour period beginning upon implementation of a hospital disaster protocol. A waiver or modification under such paragraph (7) shall be withdrawn after such period and the provider shall comply with the requirements under such paragraph for any patient still under the care of the provider. If a public health emergency described in subsection (g)(1)(B) involves a pandemic infectious disease (such as pandemic influenza), the duration of a waiver or modification under paragraph (3) shall be determined in accordance with subsection (e) as such subsection applies to public health emergencies.

(c) Authority for retroactive waiver

A waiver or modification of requirements pursuant to this section may, at the Secretary’s discretion, be made retroactive to the beginning of the emergency period or any subsequent date in such period specified by the Secretary.

(d) Certification to Congress

(2) Extension of 60-day periods

The Secretary may, by notice, provide for an extension of a 60-day period described in paragraph (1)(C) (or an additional period provided under this paragraph) for additional period or periods (not to exceed, except as subsequently provided under this paragraph, 60 days each), but any such extension shall not affect or prevent the termination of a waiver or modification under subparagraph (A) or (B) of paragraph (1).

(2) Such individual shall be informed by the agency of the findings made by the agency on the basis of such verified information, and shall be given an opportunity to contest such findings, in the same manner as applies to other information and findings relating to eligibility factors under the program.

(d) Citizenship or immigration status requirements; documentation; verification by Immigration and Naturalization Service; denial of benefits; hearing

The requirements of this subsection, with respect to an income and eligibility verification system of a State, are as follows:

B. In this subsection, in the case of the program described in subsection (b)(4)—
   (i) any reference to the State shall be considered a reference to the State agency, and
   (ii) any reference to an individual's eligibility for benefits under the program shall be considered a reference to the individual's eligibility to participate in the program as a member of a household, and
   (iii) the term "satisfactory immigration status" means an immigration status which does not make the individual ineligible for benefits under the applicable program.

2. (A) The State shall deny or terminate the individual's eligibility for benefits under the applicable program—
   (i) if the State has provided such eligibility determination to make an individual eligible for benefits based on citizenship or immigration status determinations; penalties not required

If, at the time of application for benefits, the statement described in paragraph (1) is submitted but the documentation required under paragraph (2) is not presented or if the documentation required under paragraph (2)(A) is presented but such documentation is not verified under paragraph (3),

A. the State—
   (i) shall provide a reasonable opportunity to submit to the State evidence indicating a satisfactory immigration status,
   (ii) may not delay, deny, reduce, or terminate the individual's eligibility for benefits under the program on the basis of the individual's immigration status until such a reasonable opportunity has been provided; and

   (i) the State shall transmit to the Immigration and Naturalization Service either photostatic or other similar copies of such documents, or information from such documents, as specified by the Immigration and Naturalization Service, for official verification,
   (ii) pending such verification, the State may not delay, deny, reduce, or terminate the individual's eligibility for benefits under the program on the basis of the individual's immigration status, and
   (iii) the State shall not be liable for the consequences of any action, delay, or failure of the Service to conduct such verification.

5. If the State determines, after complying with the requirements of paragraph (4), that such an individual is not in a satisfactory immigration status under the applicable program—
   (A) the State shall deny or terminate the individual's eligibility for benefits under the program, and
   (B) the applicable fair hearing process shall be made available with respect to the individual.

(e) Erroneous State citizenship or immigration status determinations; penalties not required

Each Federal agency responsible for administration of a program described in subsection (b) shall not take any compliance, disallowance, penalty, or other regulatory action against a State with respect to any error in the State's determination to make an individual eligible for benefits based on citizenship or immigration status—

1. if the State has provided such eligibility based on a verification of satisfactory immigration status by the Immigration and Naturalization Service,

2. because the State, under subsection (d)(4)(A)(ii), was required to provide a reasonable opportunity to submit documentation,

3. because the State, under subsection (d)(4)(B)(ii), was required to wait for the response of the Immigration and Naturalization Service to the State's request for official
verification of the immigration status of the individual, or
(4) because of a fair hearing process described in subsection (d)(5)(B).

(3) Agreements between State agencies and employment networks

State agencies and employment networks shall enter into agreements regarding the conditions under which services will be provided when an individual is referred by an employment network to a State agency for services. The Commissioner shall establish by regulations the timeframe within which such agreements must be entered into and the mechanisms for dispute resolution between State agencies and employment networks with respect to such agreements.

(d) Responsibilities of the Commissioner

(1) Selection and qualifications of program managers

The Commissioner shall enter into agreements with 1 or more organizations in the private or public sector for service as a program manager to assist the Commissioner in administering the Program. Any such program manager shall be selected by means of a competitive bidding process, from among organizations in the private or public sector with available expertise and experience in the field of vocational rehabilitation or employment services.

(2) Tenure, renewal, and early termination

Each agreement entered into under paragraph (1) shall provide for early termination upon failure to meet performance standards which shall be specified in the agreement and which shall be weighted to take into account any performance in prior terms. Such performance standards shall include—

(A) measures for ease of access by beneficiaries to services; and

(B) measures for determining the extent to which failures in obtaining services for beneficiaries fall within acceptable parameters, as determined by the Commissioner.

(3) Preclusion from direct participation in delivery of services in own service area

Agreements under paragraph (1) shall preclude—

(A) direct participation by a program manager in the delivery of employment services, vocational rehabilitation services, or other support services to beneficiaries in the service area covered by the program manager’s agreement; and

(4) Selection of employment networks

(A) In general

The Commissioner shall select and enter into agreements with employment networks for service under the Program. Such employment networks shall be in addition to State agencies serving as employment networks pursuant to elections under subsection (c).

(B) Alternate participants

In any State where the Program is being implemented, the Commissioner shall enter into an agreement with any alternate participant that is operating under the authority of section 422(d)(2) of this title in the State as of December 17, 1999, and chooses to serve as an employment network under the Program.

(5) Termination of agreements with employment networks

The Commissioner shall terminate agreements with employment networks for inadequate performance, as determined by the Commissioner.

(6) Quality assurance

The Commissioner shall provide for such periodic reviews as are necessary to provide for effective quality assurance in the provision of services by employment networks. The Commissioner shall solicit and consider the views of consumers and the program manager under which the employment networks serve and shall consult with providers of services to develop performance measurements. The Commissioner shall ensure that the results of the periodic reviews are made available to beneficiaries who are prospective service recipients as they select employment networks. The Commissioner shall ensure that the periodic surveys of beneficiaries receiving services under the Program are designed to measure customer service satisfaction.

(7) Dispute resolution

The Commissioner shall provide for a mechanism for resolving disputes between beneficiaries and employment networks, between program managers and employment networks, and between program managers and providers of services. The Commissioner shall afford a party to such a dispute a reasonable opportunity for a full and fair review of the matter in dispute.

(2) Recruitment of employment networks

A program manager shall recruit and recommend for selection by the Commissioner, employment networks for service under the Program. The program manager shall carry out such recruitment and provide such recommendations, and shall monitor all employment networks serving in the Program in the geographic area covered under the program manager’s agreement, to the extent necessary and appropriate to ensure that adequate choices of services are made available to beneficiaries. Employment networks may serve under the Program only pursuant to an agreement entered into with the Commissioner under the Program incorporating the applicable provisions of this section and regulations thereunder, and the program manager shall provide and maintain assurances to the Commissioner that payment by the Commissioner to employment networks pursuant to this section is warranted based on compliance by such employment networks with the terms of such agreement and this section. The program manager shall not impose numerical limits on the number of employment networks to be recommended pursuant to this paragraph.

(3) Facilitation of access by beneficiaries to employment networks

A program manager shall facilitate access by beneficiaries to employment networks. The program manager shall ensure that each beneficiary is allowed changes in employment networks without being deemed to have rejected services under the Program. When such a change occurs, the program manager shall reassign the ticket based on the choice of the beneficiary. Upon the request of the employment network, the program manager shall make a determination of the allocation of the outcome or milestone-outcome payments based on the services provided by each employment network. The program manager shall establish and maintain lists of employment networks available to beneficiaries and shall make such lists generally available to the public. The program manager shall ensure that all information provided to disabled beneficiaries pursuant to this paragraph is provided in accessible formats.

(4) Ensuring availability of adequate services

The program manager shall ensure that employment services, vocational rehabilitation services, and other support services are provided to beneficiaries throughout the geographic area covered under the program manager’s agreement, including rural areas.

(5) Reasonable access to services

The program manager shall take such measures as are necessary to ensure that sufficient employment networks are available and that each beneficiary receiving services under the Program has reasonable access to employment services, vocational rehabilitation services, and other support services. Services provided under the Program may include case management, work incentives planning, supported employment, career planning, career plan development, vocational assessment, job training, placement, follow-up services, and such other services as may be specified by the Commissioner under the Program. The program manager shall ensure that such services are available in each service area.

(1) Qualifications for employment networks

(A) In general

Each employment network serving under the Program shall consist of an agency or instrumentality of a State (or a political subdivision thereof) or a private entity, that assumes responsibility for the coordination and delivery of services under the Program to individuals assigning to the employment network tickets to work and self-sufficiency issued under subsection (b).

(B) One-stop delivery systems

An employment network serving under the Program may consist of a one-stop delivery system established under section 3151(e) of title 29.

(C) Compliance with selection criteria

No employment network may serve under the Program unless it meets and maintains compliance with both general selection criteria (such as professional and educational qualifications, where applicable) and specific selection criteria (such as substantial expertise and experience in providing relevant employment services and supports).

(D) Single or associated providers allowed

An employment network shall consist of either a single provider of such services or of an association of such providers organized so as to combine their resources into a single entity. An employment network may meet the requirements of subsection (e)(4) by providing services directly, or by entering into agreements with other individuals or entities providing appropriate employment services, vocational rehabilitation services, or other support services.

(2) Requirements relating to provision of services

Each employment network serving under the Program shall be required under the terms of its agreement with the Commissioner to—

(A) serve prescribed service areas; and

(B) take such measures as are necessary to ensure that employment services, vocational rehabilitation services, and other support services provided under the Program by, or under agreements entered into with, the employment network are provided under appropriate individual work plans that meet the requirements of subsection (g).

(3) Annual financial reporting

Each employment network shall meet financial reporting requirements as prescribed by the Commissioner.
(4) Periodic outcomes reporting

Each employment network shall prepare periodic reports, on at least an annual basis, itemizing for the covered period specific outcomes achieved with respect to specific services provided by the employment network. Such reports shall conform to a national model prescribed under this section. Each employment network shall provide a copy of the latest report issued by the employment network pursuant to this paragraph to each beneficiary upon enrollment under the Program for services to be received through such employment network. Upon issuance of each report to each beneficiary, a copy of the report shall be maintained in the files of the employment network. The program manager shall ensure that copies of all such reports issued under this paragraph are made available to the public under reasonable terms.

(g) Individual work plans

(1) Requirements

Each employment network shall—

(A) take such measures as are necessary to ensure that employment services, vocational rehabilitation services, and other support services provided under the Program by, or under agreements entered into with, the employment network are provided under appropriate individual work plans that meet the requirements of subparagraph (C);

(B) develop and implement each such individual work plan, in partnership with each beneficiary receiving such services, in a manner that affords such beneficiary the opportunity to exercise informed choice in selecting an employment goal and specific services needed to achieve that employment goal;

(C) ensure that each individual work plan includes at least—

(i) a statement of the vocational goal developed with the beneficiary, including, as appropriate, goals for earnings and job advancement;

(ii) a statement of the services and supports that have been deemed necessary for the beneficiary to accomplish that goal;

(iii) a statement of any terms and conditions related to the provision of such services and supports; and

(iv) a statement of understanding regarding the beneficiary’s rights under the Program (such as the right to retrieve the ticket to work and self-sufficiency if the beneficiary is dissatisfied with the services being provided by the employment network) and remedies available to the individual, including information on the availability of advocacy services and assistance in resolving disputes through the State grant program authorized under section 1320b–20 of this title;

(D) provide a beneficiary the opportunity to amend the individual work plan if a change in circumstances necessitates a change in the plan; and

(E) make each beneficiary’s individual work plan available to the beneficiary in, as appropriate, an accessible format chosen by the beneficiary.

An individual work plan established pursuant to this subsection shall be treated, for purposes of section 51(d)(6)(B)(i) of the Internal Revenue Code of 1986, as an individualized written plan for employment under a State plan for vocational rehabilitation services approved under the Rehabilitation Act of 1973 (29 U.S.C. 701 et seq.).

(2) Effective upon written approval

A beneficiary’s individual work plan shall take effect upon written approval by the beneficiary or a representative of the beneficiary and a representative of the employment network that, in providing such written approval, acknowledges assignment of the beneficiary’s ticket to work and self-sufficiency.

(h) Employment network payment systems

(1) Election of payment system by employment networks

(A) In general

The Program shall provide for payment authorized by the Commissioner to employment networks under either an outcome payment system or an outcome-milestone payment system. Each employment network shall elect which payment system will be utilized by the employment network, and, for such period of time as such election remains in effect, the payment system so elected shall be utilized exclusively in connection with such employment network (except as provided in subparagraph (B)).

(B) No change in method of payment for beneficiaries with tickets already assigned to the employment networks

Any election of a payment system by an employment network that would result in a change in the method of payment to the employment network for services provided to a beneficiary who is receiving services from the employment network at the time of the election shall not be effective with respect to payment for services provided to that beneficiary and the method of payment previously selected shall continue to apply with respect to such services.

(2) Outcome payment system

(A) In general

The outcome payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

(B) Payments made during outcome payment period

The outcome payment system shall provide for a schedule of payments to an employment network, in connection with each individual who is a beneficiary, for each month, during the individual’s outcome payment period, for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable to such individual because of work or earnings.
(C) Computation of payments to employment network

The payment schedule of the outcome payment system shall be designed so that—

(i) the payment for each month during the outcome payment period for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable is equal to a fixed percentage of the payment calculation base for the calendar year in which such month occurs; and

(ii) such fixed percentage is set at a percentage which does not exceed 40 percent.

(3) Outcome-milestone payment system

(A) In general

The outcome-milestone payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

(B) Early payments upon attainment of milestones in advance of outcome payment periods

The outcome-milestone payment system shall provide for 1 or more milestones, with respect to beneficiaries receiving services from an employment network under the Program, that are directed toward the goal of permanent employment. Such milestones shall form a part of a payment structure that provides, in addition to payments made during outcome payment periods, payments made prior to outcome payment periods in amounts based on the attainment of such milestones.

(C) Limitation on total payments to employment network

The payment schedule of the outcome milestone payment system shall be designed so that the total of the payments to the employment network with respect to each beneficiary is less than, on a net present value basis (using an interest rate determined by the Commissioner that appropriately reflects the cost of funds faced by providers), the total amount to which payments to the employment network with respect to the beneficiary would be limited if the employment network were paid under the outcome payment system.

(4) Definitions

In this subsection:

(A) Payment calculation base

The term “payment calculation base” means, for any calendar year—

(i) in connection with a title II disability beneficiary, the average disability insurance benefit payable under section 423 of this title for all beneficiaries for months during the preceding calendar year; and

(ii) in connection with a title XVI disability beneficiary (who is not concurrently a title II disability beneficiary), the average payment of supplemental security income benefits based on disability payable under subchapter XVI (excluding State supplementation) for months during the preceding calendar year to all beneficiaries who have attained 18 years of age but have not attained 65 years of age.

(B) Outcome payment period

The term “outcome payment period” means, in connection with any individual who had assigned a ticket to work and self-sufficiency to an employment network under the Program, a period—

(i) beginning with the first month, ending after the date on which such ticket was assigned to the employment network, for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable to such individual by reason of engagement in substantial gainful activity or by reason of earnings from work activity; and

(ii) ending with the 60th month (consecutive or otherwise), ending after such date, for which such benefits are not payable to such individual by reason of engagement in substantial gainful activity or by reason of earnings from work activity.

(5) Periodic review and alterations of prescribed schedules

(A) Percentages and periods

The Commissioner shall periodically review the percentage specified in paragraph (2)(C), the total payments permissible under paragraph (3)(C), and the period of time specified in paragraph (4)(B) to determine whether such percentages, such permissible payments, and such period provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce, while providing for appropriate economies. The Commissioner may alter such percentage, such total permissible payments, or such period of time to the extent that the Commissioner determines, on the basis of the Commissioner’s review under this paragraph, that such an alteration would better provide the incentive and economies described in the preceding sentence.

(B) Number and amounts of milestone payments

The Commissioner shall periodically review the number and amounts of milestone payments established by the Commissioner pursuant to this section to determine whether they provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce, taking into account information provided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, and other reliable sources. The Commissioner may from time to time alter the number and amounts of milestone payments initially established by the Commissioner pursuant to this section to the extent that the Commissioner determines that such an alteration would allow an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Such alteration shall be based on information pro-
vided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, or other reliable sources.

(C) Report on the adequacy of incentives

The Commissioner shall submit to the Congress not later than 36 months after December 17, 1999, a report with recommendations for a method or methods to adjust payment rates under subparagraphs (A) and (B), that would ensure adequate incentives for the provision of services by employment networks of—

(i) individuals with a need for ongoing support and services;
(ii) individuals with a need for high-cost accommodations;
(iii) individuals who earn a subminimum wage; and
(iv) individuals who work and receive partial cash benefits.

The Commissioner shall consult with the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999 during the development and evaluation of the study. The Commissioner shall implement the necessary adjusted payment rates prior to full implementation of the Ticket to Work and Self-Sufficiency Program.

(i) Suspension of disability reviews

During any period for which an individual is using, as defined by the Commissioner, a ticket to work and self-sufficiency issued under this section, the Commissioner (and any applicable State agency) may not initiate a continuing disability review or other review under section 421 of this title of whether the individual is or is not under a disability or a review under subchapter XVI similar to any such review under section 421 of this title.

FINDINGS AND PURPOSES

Pub. L. 106–170, § 2, Dec. 17, 1999, 113 Stat. 1862, provided that:

(a) FINDINGS.—The Congress makes the following findings:

(1) It is the policy of the United States to provide assistance to individuals with disabilities to lead productive work lives.

(2) Health care is important to all Americans.
“(3) Health care is particularly important to individuals with disabilities and special health care needs who often cannot afford the insurance available to them through the private market, are uninsured by the plans available in the private sector, and are at great risk of incurring very high and economically devastating health care costs.

“(4) Americans with significant disabilities often are unable to obtain health care insurance that provides coverage of the services and supports that enable them to live independently and enter or rejoin the workforce. Personal assistance services (such as attendant services, personal assistance with transportation to and from work, reader services, job coaches, and related assistance) remove many of the barriers between significant disability and work. Coverage for such services, as well as for prescription drugs, durable medical equipment, and basic health care are powerful and proven tools for individuals with significant disabilities to obtain and retain employment.

“(5) For individuals with disabilities, the fear of losing health care and related services is one of the greatest barriers keeping the individuals from maximizing their employment, earning potential, and independence.

“(6) Social Security Disability Insurance and Supplemental Security Income beneficiaries risk losing Medicare or Medicaid coverage that is linked to their cash benefits, a risk that is an equal, or greater, work disincentive than the loss of cash benefits associated with working.

“(7) Individuals with disabilities have greater opportunities for employment than ever before, aided by important public policy initiatives such as the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), advancements in public understanding of disability, and innovations in assistive technology, medical treatment, and rehabilitation.

“(8) Despite such historic opportunities and the desire of millions of disability recipients to work and support themselves, fewer than one-half of one percent of Social Security Disability Insurance and Supplemental Security Income beneficiaries leave the disability rolls and return to work.

“(9) In addition to the fear of loss of health care coverage, beneficiaries cite financial disincentives to work and earn income and lack of adequate employment training and placement services as barriers to employment.

“(10) Eliminating such barriers to work by creating financial incentives to work and by providing individuals with disabilities real choice in obtaining the services and technology they need to find, enter, and maintain employment can greatly improve their short and long-term financial independence and personal well-being.

“(11) In addition to the enormous advantages such changes promise for individuals with disabilities, re-designing government programs to help individuals with disabilities return to work may result in significant savings and extend the life of the Social Security Disability Insurance Trust Fund.

“(12) If only an additional one-half of one percent of the current Social Security Disability Insurance and Supplemental Security Income recipients were to cease receiving benefits as a result of employment, the savings to the Social Security Trust Funds and to the Treasury in cash assistance would total $5,500,000,000 over the lifetime of such individuals, far exceeding the cost of providing incentives and services needed to assist them in entering work and achieving financial independence to the best of their abilities.

“(b) PURPOSE.—The purposes of this Act [see Tables for classification] are as follows:

“(1) To provide health care and employment preparation and placement services to individuals with disabilities that will enable those individuals to reduce their dependency on cash benefit programs.

“(2) To encourage States to adopt the option of allowing individuals with disabilities to purchase medicare coverage that is necessary to maintain individual employment.

“(3) To provide individuals with disabilities the option of obtaining health care while working.

“(4) To establish a return to work ticket program that will allow individuals with disabilities to seek the services necessary to obtain and maintain employment and reduce their dependency on cash benefit programs.”

Graduated Implementation of Program

Pub. L. 104-170, title I, §101(d), Dec. 17, 1999, 113 Stat. 1874, provided that:

“(1) IN GENERAL.—Not later than 1 year after the date of the enactment of this Act [Dec. 17, 1999], the Commissioner of Social Security shall commence implementation of the amendments made by this section [enacting this section and amending sections 421, 422, 425, 1382i, 1383, and 1383d of this title] to provide for full implementation of the Ticket to Work and Self-Sufficiency Program, the development and refinement of referral services, payment systems, computer linkages, management information systems, and administrative processes necessary to provide for full implementation of such amendments. Subsection (c) [set out as a note above] shall apply with respect to paragraphs (1)(C) and (2)(B) of subsection (b) [amending sections 422 and 1382d of this title] in graduated phases at phase-in sites selected by the Commissioner. “(3) FULL IMPLEMENTATION.—The Commissioner shall ensure that ability to provide tickets and services to individuals under the Program exists in every State as soon as practicable on or after the effective date specified in subsection (c) but not later than 3 years after such date.

Such evaluations shall address the cost-effectiveness of such activities, as well as the effects of this section and the amendments made thereby on work outcomes for beneficiaries receiving tickets to work and self-sufficiency under the Program.

“(B) CONSULTATION.—Evaluations shall be conducted under this paragraph after receiving relevant advice from experts in the fields of disability, vocational rehabilitation, and program evaluation and individuals using tickets to work and self-sufficiency under the Program and in consultation with the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of this Act [set out as a note below], the Comptroller General of the United States, other agencies of the Federal Government, and private organizations with appropriate expertise.

“(C) METROLOGY.—

“(1) IMPLEMENTATION.—The Commissioner, in consultation with the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of this Act, shall ensure that plans for evaluations and data collection under this section are appropriately designed to obtain detailed employment information.
§ 1320b–20  TITLED 42—THE PUBLIC HEALTH AND WELFARE  Page 2506

“(II) the determinants of return to work, including the characteristics of beneficiaries in receipt of tickets under the Program;

“(III) the types of employment services, vocational rehabilitation services, and other support services furnished to beneficiaries in receipt of tickets under the Program who return to work and to those who do not return to work;

“(IV) the duration of employment services, vocational rehabilitation services, and other support services furnished to beneficiaries in receipt of tickets under the Program who return to work and the duration of such services furnished to those who do not return to work and the cost to the employment networks of furnishing such services;

“(V) the employment outcomes, including wages, occupations, benefits, and hours worked, of beneficiaries who return to work after receiving tickets under the Program and those who return to work without receiving such tickets;

Each such report shall set forth the Commissioner’s evaluation of the extent to which the Program has been successful and the Commissioner’s conclusions on whether or how the Program should be modified. Each such report shall include such data, findings, materials, and recommendations as the Commissioner may consider appropriate.

(f) Termination not subject to judicial review

Any determination by the Secretary to terminate or not to renew a contract under this section shall not be subject to judicial review.

(g) Timely provision of hospital data to quality improvement organizations

The Secretary shall provide that fiscal intermediaries furnish to quality improvement organizations, each month on a timely basis, data necessary to initiate the review process under section 1320c–3(a) of this title on a timely basis. § 1320c–3. Functions of quality improvement organizations

(a) Review of professional activities; determination of payment; determination of review authority; consultation with professional health care practitioners; standards of health care; other duties

Subject to subsection (b), any quality improvement organization entering into a contract...
with the Secretary under this part must perform one or more of the following functions:

(1) The organization shall review some or all of the professional activities in the area, subject to the terms of the contract and subject to the requirements of subsection (d), of physicians and other health care practitioners and institutional and noninstitutional providers of health care services in the provision of health care services and items for which payment may be made (in whole or in part) under subchapter XVIII (including where payment is made for such services to eligible organizations pursuant to contracts under section 1395mm of this title, to Medicare Advantage organizations pursuant to contracts under part C, and to prescription drug sponsors pursuant to contracts under part D) for the purpose of determining whether—

(A) such services and items are or were reasonable and medically necessary and whether such services and items are not allowable under subsection (a)(1) or (a)(9) of section 1395y of this title;

(B) the quality of such services meets professionally recognized standards of health care; and

(C) in case such services and items are proposed to be provided in a hospital or other health care facility on an inpatient basis, such services and items could, consistent with the provision of appropriate medical care, be effectively provided more economically on an outpatient basis or in an inpatient health care facility of a different type.

If the organization performs such reviews with respect to a type of health care practitioner other than medical doctors, the organization shall establish procedures for the involvement of health care practitioners of that type in such reviews.

(2) The organization shall determine, on the basis of the review carried out under subparagraphs (A), (B), and (C) of paragraph (1), whether payment shall be made for services under subchapter XVIII. Such determination shall constitute the conclusive determination on those issues for purposes of payment under subchapter XVIII, except that payment may be made if—

(A) such payment is allowed by reason of section 1395pp of this title;

(B) in the case of inpatient hospital services or extended care services, the quality improvement organization determines that additional time is required in order to arrange for postdischarge care, but payment may be continued under this subparagraph for not more than two days, but only in the case where the provider of such services did not know and could not reasonably have been expected to know (as determined under section 1395pp of this title) that payment would not otherwise be made for such services under subchapter XVIII prior to notification by the organization under paragraph (3);

(C) such determination is changed as the result of any hearing or review of the determination under section 1320c–4 of this title; or

(D) such payment is authorized under section 1395x(v)(1)(G) of this title.

The organization shall identify cases for which payment should not be made by reason of paragraph (1)(B) only through the use of criteria developed pursuant to guidelines established by the Secretary.

(3)(A) Subject to subparagraphs (B) and (D), whenever the organization makes a determination that any health care services or items furnished or to be furnished to a patient by any practitioner or provider are disapproved, the organization shall promptly notify such patient and the agency or organization responsible for the payment of claims under subchapter XVIII of this chapter of such determination.

(B) The notification under subparagraph (A) with respect to services or items disapproved by reason of subparagraph (A) or (C) of paragraph (1) shall not occur until 20 days after the date that the organization has—

(i) made a preliminary notification to such practitioner or provider of such proposed determination, and

(ii) provided such practitioner or provider an opportunity for discussion and review of the proposed determination.

(C) The discussion and review conducted under subparagraph (B)(ii) shall not affect the rights of a practitioner or provider to a formal reconsideration of a determination under this part (as provided under section 1320c–4 of this title).

(D) The notification under subparagraph (A) with respect to services or items disapproved by reason of paragraph (1)(B) shall not occur until after—

(i) the organization has notified the practitioner or provider involved of the determination and of the practitioner’s or provider’s right to a formal reconsideration of the determination under section 1320c–4 of this title, and

(ii) if the provider or practitioner requests such a reconsideration, the organization has made such a reconsideration.

If a provider or practitioner is provided a reconsideration, such reconsideration shall be in lieu of any subsequent reconsideration to which the provider or practitioner may be otherwise entitled under section 1320c–4 of this title, but shall not affect the right of a beneficiary from seeking reconsideration under such section of the organization’s determination (after any reconsideration requested by the provider or physician under clause (ii)).

(E)(i) In the case of services and items provided by a physician that were disapproved by reason of paragraph (1)(B), the notice to the patient shall state the following: “In the judgment of the quality improvement organization, the medical care received was not acceptable under the medicare program. The reasons for the denial have been discussed with your physician.”

(ii) In the case of services or items provided by an entity or practitioner other than a physician, the Secretary may substitute the entity or practitioner which provided the services

with the Secretary under this part must perform one or more of the following functions:

(1) The organization shall review some or all of the professional activities in the area, subject to the terms of the contract and subject to the requirements of subsection (d), of physicians and other health care practitioners and institutional and noninstitutional providers of health care services in the provision of health care services and items for which payment may be made (in whole or in part) under subchapter XVIII (including where payment is made for such services to eligible organizations pursuant to contracts under section 1395mm of this title, to Medicare Advantage organizations pursuant to contracts under part C, and to prescription drug sponsors pursuant to contracts under part D) for the purpose of determining whether—

(A) such services and items are or were reasonable and medically necessary and whether such services and items are not allowable under subsection (a)(1) or (a)(9) of section 1395y of this title;

(B) the quality of such services meets professionally recognized standards of health care; and

(C) in case such services and items are proposed to be provided in a hospital or other health care facility on an inpatient basis, such services and items could, consistent with the provision of appropriate medical care, be effectively provided more economically on an outpatient basis or in an inpatient health care facility of a different type.

If the organization performs such reviews with respect to a type of health care practitioner other than medical doctors, the organization shall establish procedures for the involvement of health care practitioners of that type in such reviews.

(2) The organization shall determine, on the basis of the review carried out under subparagraphs (A), (B), and (C) of paragraph (1), whether payment shall be made for services under subchapter XVIII. Such determination shall constitute the conclusive determination on those issues for purposes of payment under subchapter XVIII, except that payment may be made if—

(A) such payment is allowed by reason of section 1395pp of this title;

(B) in the case of inpatient hospital services or extended care services, the quality improvement organization determines that additional time is required in order to arrange for postdischarge care, but payment may be continued under this subparagraph for not more than two days, but only in the case where the provider of such services did not know and could not reasonably have been expected to know (as determined under section 1395pp of this title) that payment would not otherwise be made for such services under subchapter XVIII prior to notification by the organization under paragraph (3);

(C) such determination is changed as the result of any hearing or review of the determination under section 1320c–4 of this title; or

(D) such payment is authorized under section 1395x(v)(1)(G) of this title.

The organization shall identify cases for which payment should not be made by reason of paragraph (1)(B) only through the use of criteria developed pursuant to guidelines established by the Secretary.

(3)(A) Subject to subparagraphs (B) and (D), whenever the organization makes a determination that any health care services or items furnished or to be furnished to a patient by any practitioner or provider are disapproved, the organization shall promptly notify such patient and the agency or organization responsible for the payment of claims under subchapter XVIII of this chapter of such determination.

(B) The notification under subparagraph (A) with respect to services or items disapproved by reason of subparagraph (A) or (C) of paragraph (1) shall not occur until 20 days after the date that the organization has—

(i) made a preliminary notification to such practitioner or provider of such proposed determination, and

(ii) provided such practitioner or provider an opportunity for discussion and review of the proposed determination.

(C) The discussion and review conducted under subparagraph (B)(ii) shall not affect the rights of a practitioner or provider to a formal reconsideration of a determination under this part (as provided under section 1320c–4 of this title).

(D) The notification under subparagraph (A) with respect to services or items disapproved by reason of paragraph (1)(B) shall not occur until after—

(i) the organization has notified the practitioner or provider involved of the determination and of the practitioner’s or provider’s right to a formal reconsideration of the determination under section 1320c–4 of this title, and

(ii) if the provider or practitioner requests such a reconsideration, the organization has made such a reconsideration.

If a provider or practitioner is provided a reconsideration, such reconsideration shall be in lieu of any subsequent reconsideration to which the provider or practitioner may be otherwise entitled under section 1320c–4 of this title, but shall not affect the right of a beneficiary from seeking reconsideration under such section of the organization’s determination (after any reconsideration requested by the provider or physician under clause (ii)).

(E)(i) In the case of services and items provided by a physician that were disapproved by reason of paragraph (1)(B), the notice to the patient shall state the following: “In the judgment of the quality improvement organization, the medical care received was not acceptable under the medicare program. The reasons for the denial have been discussed with your physician.”

(ii) In the case of services or items provided by an entity or practitioner other than a physician, the Secretary may substitute the entity or practitioner which provided the services
or items for the term “physician” in the notice described in clause (i).

(4)(A) The organization shall, after consultation with the Secretary, determine the types and kinds of cases (whether by type of health care or diagnosis involved, or whether in terms of other relevant criteria relating to the provision of health care services) with respect to which such organization will, in order to most effectively carry out the purposes of this past exercise review authority under the contract. The organization shall notify the Secretary periodically with respect to such determinations. Each quality improvement organization shall provide that a reasonable proportion of its activities are involved with reviewing, under paragraph (1)(B), the quality of services and that a reasonable allocation of such activities is made among the different cases and settings (including post-acute-care settings, ambulatory settings, and health maintenance organizations). In establishing such allocation, the organization shall consider (i) whether there is reason to believe that there is a particular need for reviews of particular cases or settings because of previous problems regarding quality of care, (ii) the cost of such reviews and the likely yield of such reviews in terms of number and seriousness of quality of care problems likely to be discovered as a result of such reviews, and (iii) the availability and adequacy of alternative quality review and assurance mechanisms.

(B) The contract of each organization shall provide for the review of services (including both inpatient and outpatient services) provided by eligible organizations pursuant to a risk-sharing contract under section 1395mm of this title (or that is subject to review under section 1395s(b)(3) of this title) for the purpose of determining whether the quality of such services meets professionally recognized standards of health care, including whether appropriate health care services have not been provided or have been provided in inappropriate settings and whether individuals enrolled with an eligible organization have adequate access to health care services provided by or through such organization (as determined, in part, by a survey of individuals enrolled with the organization who have not yet used the organization to receive such services). The contract of each organization shall also provide that with respect to health care services which are medically appropriate for such illness or condition can most economically be provided.

As a component of the norms described in clause (i) or (ii), the organization shall take into account the special problems associated with delivering care in remote rural areas, the availability of service alternatives to inpatient hospitalization, and other appropriate factors (such as the distance from a patient’s residence to the site of care, family support, availability of proximate alternative sites of care, and the patient’s ability to carry out necessary or prescribed self-care) that could adversely affect the safety or effectiveness of treatment provided on an outpatient basis.

(B) The organization shall—

(i) offer to provide, several times each year, for a physician representing the organization to meet (at a hospital or at a regional meeting) with medical and administrative staff of each hospital (the services of which are reviewed by the organization) respecting the organization’s review of the hospital’s services for which payment may be made under subchapter XVIII, and

(ii) publish (not less often than annually) and distribute to providers and practitioners whose services are subject to review a report that describes the organization’s findings with respect to the types of cases in which the organization has frequently determined that (I) inappropriate or unnecessary care has been provided, (II) services were rendered in an inappropriate setting, or (III)
services did not meet professionally recognized standards of health care.

(7) The organization, to the extent necessary and appropriate to the performance of the contract, shall—

(A)(i) make arrangements to utilize the services of persons who are practitioners of, or specialists in, the various areas of medicine (including dentistry, optometry, and podiatry), or other types of health care, which persons shall, to the maximum extent practicable, be individuals engaged in the practice of their profession within the area served by such organization; and

(ii) in the case of psychiatric and physical rehabilitation services, make arrangements to ensure that (to the extent possible) initial review of such services be made by a physician who is trained in psychiatry or physical rehabilitation (as appropriate).\(^1\)

(B) undertake such professional inquiries either before or after, or both before and after, the provision of services with respect to which such organization has a responsibility for review which in the judgment of such organization will facilitate its activities;

(C) examine the pertinent records of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review which in the judgment of such organization will facilitate its activities;

(D) inspect the facilities in which care is rendered or services are provided (which are located in such area) of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1).

(8) The organization shall perform such duties and functions and assume such responsibilities and comply with such other requirements as may be required by this part or under regulations of the Secretary promulgated to carry out the provisions of this part or as may be required to carry out section 1395y(a)(15) of this title.

(9)(A) The organization shall collect such information relevant to its functions, and keep and maintain such records, in such form as the Secretary may require to carry out the purposes of this part, and shall permit access to and use of any such information and records as the Secretary may require for such purposes, subject to the provisions of section 1320c-9 of this title.

(B) If the organization finds, after reasonable notice to and opportunity for discussion with the physician or practitioner concerned, that the physician or practitioner has furnished services in violation of section 1320c-5(a) of this title and the organization determines that the physician or practitioner should enter into a corrective action plan under section 1320c-5(b)(1) of this title, the organization shall notify the State board or boards responsible for the licensing or disciplining of the physician or practitioner of its finding and of any action taken as a result of the finding.

(10) The organization shall coordinate activities, including information exchanges, which are consistent with economical and efficient operation of programs among appropriate public and private agencies or organizations including—

(A) agencies under contract pursuant to sections 1395h and 1395a of this title;

(B) other quality improvement organizations having contracts under this part; and

(C) other public or private review organizations as may be appropriate.

(11) The organization shall make available its facilities and resources for contracting with private and public entities paying for health care in its area for review, as feasible and appropriate, of services reimbursed by such entities.

(12) As part of the organization’s review responsibility under paragraph (1), the organization shall review all ambulatory surgical procedures specified pursuant to section 1395d(i)(1)(A) of this title which are performed in the area, or, at the discretion of the Secretary, a sample of such procedures.

(13) Notwithstanding paragraph (4), the organization shall perform the review described in paragraph (1) with respect to early readmission cases to determine if the previous inpatient hospital services and the post-hospital services met professionally recognized standards of health care. Such reviews may be performed on a sample basis if the organization and the Secretary determine it to be appropriate. In this paragraph, an “early readmission case” is a case in which an individual, after discharge from a hospital, is readmitted to a hospital less than 31 days after the date of the most recent previous discharge.

(14) The organization shall conduct an appropriate review of all written complaints about the quality of services (for which payment may otherwise be made under subchapter XVIII) not meeting professionally recognized standards of health care, if the complaint is filed with the organization by an individual entitled to benefits for such services under such subchapter (or a person acting on the individual’s behalf). The organization shall inform the individual (or representative) of the organization’s final disposition of the complaint. Before the organization concludes that the quality of services does not meet professionally recognized standards of health care, the organization must provide the practitioner or person concerned with reasonable notice and opportunity for discussion.

(15) During each year of the contract entered into under section 1320c-2(b) of this title, the organization shall perform on-site review activities as the Secretary determines appropriate.

(16) The organization shall provide for a review and report to the Secretary when requested by the Secretary under section 1395dd(d)(3) of this title. The organization shall provide reasonable notice of the review to the physician and hospital involved. Within the time period permitted by the Secretary,
the organization shall provide a reasonable opportunity for discussion with the physician and hospital involved, and an opportunity for the physician and hospital to submit additional information, before issuing its report to the Secretary under such section.

(17) The organization shall execute its responsibilities under subparagraphs (A) and (B) of paragraph (1) by offering to providers, practitioners, Medicare Advantage organizations offering Medicare Advantage plans under part C, and prescription drug sponsors offering prescription drug plans under part D quality improvement assistance pertaining to prescription drug therapy. For purposes of this part and subchapter XVIII, the functions described in this paragraph shall be treated as a review function.

(18) The organization shall perform, subject to the terms of the contract, such other activities as the Secretary determines may be necessary for the purposes of improving the quality of care furnished to individuals with respect to items and services for which payment may be made under subchapter XVIII.

(b) Performance; exceptions

A quality improvement organization entering into a contract with the Secretary to perform a function described in a paragraph under subsection (a) must perform all of the activities described in such paragraph, except to the extent otherwise negotiated with the Secretary pursuant to the contract or except for a function for which the Secretary determines it is not appropriate for the organization to perform, such as a function that could cause a conflict of interest with another function.

(c) Review by physicians; physician’s family defined

(1) No physician shall be permitted to review—

(A) health care services provided to a patient if he was directly responsible for providing such services; or

(B) health care services provided in or by an institution, organization, or agency, if he or any member of his family has, directly or indirectly, a significant financial interest in such institution, organization, or agency.

(2) For purposes of this subsection, a physician’s family includes only his spouse (other than a spouse who is legally separated from him under a decree of divorce or separate maintenance), children (including legally adopted children), grandchildren, parents, and grandparents.

(d) Utilization of services of physicians to make final determinations of denial decisions with respect to professional conduct of other physicians

No quality improvement organization shall utilize the services of any individual who is not a duly licensed doctor of medicine, osteopathy, dentistry, optometry, or podiatry to make final determinations of denial decisions in accordance with its duties and functions under this part with respect to the professional conduct of any other duly licensed doctor of medicine, osteopathy, dentistry, optometry, or podiatry, or any act performed by any duly licensed doctor of medicine, osteopathy, dentistry, optometry, or podiatry in the exercise of his profession.

(e) Review of hospital denial notices

(1) If—

(A) a hospital has determined that a patient no longer requires inpatient hospital care, and

(B) the attending physician has agreed with the hospital’s determination,

the hospital may provide the patient (or the patient’s representative) with a notice (meeting conditions prescribed by the Secretary under section 1395pp of this title) of the determination.

(f) Identification of methods for identifying cases of substandard care

The Secretary, in consultation with appropriate experts, shall identify methods that would be available to assist quality improvement organizations (under subsection (a)(4)) in identifying those cases which are more likely than others to be associated with a quality of service which does not meet professionally recognized standards of health care.

§1320c–5. Obligations of health care practitioners and providers of health care services; sanctions and penalties; hearings and review

(a) Assurances regarding services and items ordered or provided by practitioner or provider

It shall be the obligation of any health care practitioner and any other person (including a hospital or other health care facility, organization, or agency) who provides health care services for which payment may be made (in whole or in part) under this chapter, to assure, to the extent of his authority that services or items ordered or provided by such practitioner or person to beneficiaries and recipients under this chapter—

(1) will be provided economically and only when, and to the extent, medically necessary;

(2) will be of a quality which meets professionally recognized standards of health care; and

(3) will be supported by evidence of medical necessity and quality in such form and fashion and at such time as may reasonably be required by a reviewing quality improvement organization in the exercise of its duties and responsibilities.

(b) Sanctions and penalties; hearings and review

(1) If after reasonable notice and opportunity for discussion with the practitioner or person concerned, and, if appropriate, after the practitioner or person has been given a reasonable opportunity to enter into and complete a corrective action plan (which may include remedial education) agreed to by the organization, and has failed successfully to complete such plan, any organization having a contract with the Secretary under this part determines that such practitioner or person has—

(A) failed in a substantial number of cases substantially to comply with any obligation imposed on him under subsection (a), or

(B) grossly and flagrantly violated any such obligation in one or more instances,

such organization shall submit a report and recommendations to the Secretary. If the Secretary agrees with such determination, the Secretary (in addition to any other sanction provided under law) may exclude (permanently or for such period as the Secretary may prescribe, except that such period may not be less than 1 year) such practitioner or person from eligibility to provide services under this chapter on a reimbursable basis. If the Secretary fails to act upon the recommendations submitted to him by such organization within 120 days after such submission, such practitioner or person shall be excluded from eligibility to provide services on a reimbursable basis until such time as the Secretary determines otherwise.

(2) A determination made by the Secretary under this subsection to exclude a practitioner or person shall be effective on the same date and in the same manner as an exclusion from participation under the programs under this chapter becomes effective under section 1320a–7(c) of this title, and shall (subject to the minimum period specified in the second sentence of paragraph (1)) remain in effect until the Secretary finds and gives reasonable notice to the public that the basis for such determination has been removed and that there is reasonable assurance that it will not recur.

(3) In lieu of the sanction authorized by paragraph (1), the Secretary may require that (as a condition to the continued eligibility of such practitioner or person to provide such health care services on a reimbursable basis) such prac-
tioner or person pays to the United States, in case such acts or conduct involved the provision or ordering by such practitioner or person of health care services which were medically improper or unnecessary, an amount not in excess of up to $10,000 for each instance of the medically improper or unnecessary services so provided. Such amount may be deducted from any sums owing by the United States (or any instrumentality thereof) to the practitioner or person from whom such amount is claimed.

(4) Any practitioner or person furnishing services described in paragraph (1) who is dissatisfied with a determination made by the Secretary under this subsection shall be entitled to reasonable notice and opportunity for a hearing thereon by the Secretary to the same extent as is provided in section 405(b) of this title, and to judicial review of the Secretary’s final decision after such hearing as is provided in section 405(g) of this title.

(5) Before the Secretary may effect an exclusion under paragraph (2) in the case of a provider or practitioner located in a rural health professional shortage area or in a county with a population of less than 70,000, the provider or practitioner adversely affected by the determination is entitled to a hearing before an administrative law judge (described in section 405(b) of this title) respecting whether the provider or practitioner should be able to continue furnishing services to individuals entitled to benefits under this chapter, pending completion of the administrative review procedure under paragraph (4). If the judge does not determine, by a preponderance of the evidence, that the provider or practitioner will pose a serious risk to such individuals if permitted to continue furnishing such services, the Secretary shall not effect the exclusion under paragraph (2) until the provider or practitioner has been provided reasonable notice and opportunity for an administrative hearing thereon under paragraph (4).

(6) When the Secretary effects an exclusion of a physician under paragraph (2), the Secretary shall notify the State board responsible for the licensing of the physician of the exclusion.

(c) Enlistment of support of other organizations to assure practitioner’s or provider’s compliance with obligations

It shall be the duty of each quality improvement organization to use such authority or influence it may possess as a professional organization, and to enlist the support of any other professional or governmental organization having influence or authority over health care practitioners and any other person (including a hospital or other health care facility, organization, or agency) providing health care services in the area served by such review organization, in assuring that each practitioner or person (referred to in subsection (a)) providing health care services in such area shall comply with all obligations imposed on him under subsection (a).

EX. ORD. No. 13181, TO PROTECT THE PRIVACY OF PROTECTED HEALTH INFORMATION IN OVERSIGHT INVESTIGATIONS

Ex. Ord. No. 13181, Dec. 20, 2000, 65 F.R. 81321, provided:
By the authority vested in me as President of the United States by the Constitution and the laws of the United States of America, it is ordered as follows:

Sec. 1. Policy.

It shall be the policy of the Government of the United States that law enforcement may not use protected health information concerning an individual that is discovered during the course of health oversight activities for unrelated civil, administrative, or criminal investigations, against that individual except when the balance of relevant factors weighs clearly in favor of its use. That is, protected health information may not be so used unless the public interest and the need for disclosure clearly outweigh the potential for injury to the patient, to the physician-patient relationship, and to the treatment services. Protecting the privacy of patients' protected health information promotes trust in the health care system. It improves the quality of health care by fostering an environment in which patients can feel more comfortable in providing health care professionals with accurate and detailed information about their personal health. In order to provide greater protections to patients' privacy, the Department of Health and Human Services is issuing final regulations concerning the confidentiality of individually identifiable health information under the Health Insurance Portability and Accountability Act of 1996 [Pub. L. 104–191, see Tables for classification] (HIPAA). HIPAA applies only to "covered entities," such as health care plans, providers, and clearinghouses. HIPAA regulations therefore do not apply to other organizations and individuals that gain access to protected health information, including Federal officials who gain access to health records during health oversight activities.

Under the new HIPAA regulations, health oversight investigators will appropriately have ready access to medical records for oversight purposes. Health oversight investigators generally do not seek access to the medical records of a particular patient, but instead review large numbers of records to determine whether a health care provider or organization is violating the law, such as through fraud against the Medicare system. Access to many health records is often necessary in order to gain enough evidence to detect and bring enforcement actions against fraud in the health care system. Stricter rules apply under the HIPAA regulations, however, when law enforcement officials seek protected health information in order to investigate criminal activity outside of the health oversight realm.

In the course of their efforts to protect the health care system, health oversight investigators may also uncover evidence of wrongdoing unrelated to the health care system, such as evidence of criminal conduct under an individual who has sought health care. For records containing that evidence, the issue thus arises whether the information should be available for law enforcement purposes under the less restrictive oversight rules or the more restrictive rules that apply to non-overight criminal investigations.

A similar issue has arisen in other circumstances. Under 18 U.S.C. §3486, an individual's health records obtained for health oversight purposes pursuant to an administrative subpoena may not be used against that individual in an unrelated investigation by law enforcement unless a judicial officer finds good cause. Under that statute, a judicial officer determines whether there is good cause by weighing the public interest and the need for disclosure against the potential for injury to the patient, to the physician-patient relationship, and to the treatment services. It is appropriate to extend limitations on the use of health information to all situations in which the government obtains medical records for a health oversight purpose. In recognition of the increasing importance of protecting health information as shown in the medical privacy rule, a higher standard than exists in 18 U.S.C. §3486 is necessary. It is, therefore, the policy of the Government of the United States that law enforcement may not use protected health information concerning an individual, discovered during the course of health oversight activities for unrelated civil, administrative, or criminal investigations, against that individual except when the balance of relevant factors weighs clearly in favor of its use.

Sec. 2. Definitions.

(a) "Health oversight activities" shall include the oversight activities enumerated in the regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the "Health Insurance Portability and Accountability Act of 1996," as amended [Pub. L. 104–191, see Tables for classification].

(b) "Protected health information" shall have the meaning ascribed to it in the regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the "Health Insurance Portability and Accountability Act of 1996," as amended.

(c) "Injury to the patient" includes injury to the privacy interests of the patient.

Sec. 3. Implementation.

(a) Protected health information concerning an individual patient discovered during the course of health oversight activities shall not be used against that individual patient in an unrelated civil, administrative, or criminal investigation of a non-health oversight matter unless the Deputy Attorney General of the United States, or insofar as the protected health information involves members of the Armed Forces, the General Counsel of the U.S. Department of Defense, has authorized such use.

(b) In assessing whether protected health information should be used under subparagraph (a) of this section, the Deputy Attorney General shall permit such use upon concluding that the balance of relevant factors weighs clearly in favor of its use. That is, the Deputy Attorney General shall permit disclosure if the public interest and the need for disclosure clearly outweigh the potential for injury to the patient, to the physician-patient relationship, and to the treatment services.

(c) Upon the decision to use protected health information under subparagraph (a) of this section, the Deputy Attorney General, in determining the extent to which this information should be used, shall impose appropriate safeguards against unauthorized use.

(d) On an annual basis, the Department of Justice, in consultation with the Department of Health and Human Services, shall provide to the President of the United States a report that includes the following information:

(i) the number of requests made to the Deputy Attorney General for authorization to use protected health information discovered during health oversight activities in a non-health oversight, unrelated investigation;

(ii) the number of requests that were granted as applied for, granted as modified, or denied;

(iii) the agencies that made the applications, and the number of requests made by each agency; and

(iv) the use for which the protected health information was authorized.

(e) The General Counsel of the U.S. Department of Defense will comply with the requirements of subparagraphs (b), (c), and (d), above. The General Counsel also will prepare a report, consistent with the requirements of subparagraphs (d)(i) through (d)(iv), above, and will forward it to the Department of Justice where it will be incorporated into the Department’s annual report to the President.

Sec. 4. Exceptions.

(a) Nothing in this Executive Order shall place a restriction on the derivative use of protected health information that was obtained by a law enforcement agency in a non-health oversight investigation.

c) Nothing in this Executive Order shall place any additional limitation on the derivative use of health information obtained by the Attorney General pursuant to the provisions of 18 U.S.C. 3486.

(d) This order does not create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, the officers and employees, or any other person.

WILLIAM J. CLINTON.

§ 1320d–3. Timetables for adoption of standards

(a) Initial standards

The Secretary shall carry out section 1320d–2 of this title not later than 18 months after August 21, 1996, except that standards relating to claims attachments shall be adopted not later than 30 months after August 21, 1996.

(b) Additions and modifications to standards

(1) Initial standards

Except as provided in paragraph (2), the Secretary shall review the standards adopted under section 1320d–2 of this title, and shall adopt modifications to the standards (including additions to the standards), as determined appropriate, but not more frequently than once every 12 months. Any addition or modification to a standard shall be completed in a manner which minimizes the disruption and cost of compliance.

(2) Special rules

(A) First 12-month period

Except with respect to additions and modifications to code sets under subparagraph (B), the Secretary may not adopt any modification to a standard adopted under this part during the 12-month period beginning on the date the standard is initially adopted, unless the Secretary determines that the modification is necessary in order to permit compliance with the standard.

(B) Additions and modifications to code sets

(i) In general

The Secretary shall ensure that procedures exist for the routine maintenance, testing, enhancement, and expansion of code sets.

(ii) Additional rules

If a code set is modified under this subsection, the modified code set shall include instructions on how data elements of health information that were encoded or translated so as to preserve the informational value of the data elements that existed before the modification. Any modification to a code set under this subsection shall be implemented in a manner that minimizes the disruption and cost of complying with such modification.

§ 1320d–4. Requirements

(a) Conduct of transactions by plans

(1) In general

If a person desires to conduct a transaction referred to in section 1320d–2(a)(1) of this title with a health plan as a standard transaction—

(A) the health plan may not refuse to conduct such transaction as a standard transaction;

(B) the insurance plan may not delay such transaction, or otherwise adversely affect, the person or the transaction on the ground that the transaction is a standard transaction; and

(C) the information transmitted and received in connection with the transaction shall be in the form of standard data elements of health information.

(2) Satisfaction of requirements

A health plan may satisfy the requirements under paragraph (1) by—

(A) directly transmitting and receiving standard data elements of health information; or

(B) submitting nonstandard data elements to a health care clearinghouse for processing into standard data elements and transmission by the health care clearinghouse, and receiving standard data elements through the health care clearinghouse.

(3) Timetable for compliance

Paragraph (1) shall not be construed to require a health plan to comply with any standard, implementation specification, or modification to a standard or specification adopted or established by the Secretary under sections 1320d–1 through 1320d–3 of this title at any time prior to the date on which the plan is required to comply with the standard or specification under subsection (b).

(b) Compliance with standards

(1) Initial compliance

(A) In general

Not later than 24 months after the date on which an initial standard or implementation specification is adopted or established under sections 1320d–1 and 1320d–2 of this title, each person to whom the standard or implementation specification applies shall comply with the standard or specification.

(B) Special rule for small health plans

In the case of a small health plan, paragraph (1) shall be applied by substituting “36 months” for “24 months”. For purposes of this subsection, the Secretary shall determine the plans that qualify as small health plans.

(2) Compliance with modified standards

If the Secretary adopts a modification to a standard or implementation specification under this part, each person to whom the standard or implementation specification applies shall comply with the modified standard or implementation specification at such time as the Secretary determines appropriate, taking into account the time needed to comply.
due to the nature and extent of the modification. The time determined appropriate under the preceding sentence may not be earlier than the last day of the 180-day period beginning on the date such modification is adopted. The Secretary may extend the time for compliance for small health plans, if the Secretary determines that such extension is appropriate. 

(3) Construction

Nothing in this subsection shall be construed to prohibit any person from complying with a standard or specification by—

(A) submitting nonstandard data elements to a health care clearinghouse for processing into standard data elements and transmission by the health care clearinghouse; or

(B) receiving standard data elements through a health care clearinghouse.

§ 1320d–5. General penalty for failure to comply with requirements and standards

(a) General penalty

(1) In general

Except as provided in subsection (b), the Secretary shall impose on any person who violates a provision of this part—

(A) in the case of a violation of such provision in which it is established that the person did not know (and by exercising reasonable diligence would not have known) that such person violated such provision, a penalty for each such violation of an amount that is at least the amount described in paragraph (3)(A) but not to exceed the amount described in paragraph (3)(D); (B) in the case of a violation of such provision in which it is established that the violation was due to reasonable cause and not to willful neglect, a penalty for each such violation of an amount that is at least the amount described in paragraph (3)(B) but not to exceed the amount described in paragraph (3)(D); and

(C) in the case of a violation of such provision in which it is established that the violation was due to willful neglect—

(i) if the violation is corrected as described in subsection (b)(3)(A), 1 a penalty in an amount that is at least the amount described in paragraph (3)(C) but not to exceed the amount described in paragraph (3)(D); and

(ii) if the violation is not corrected as described in such subsection, a penalty in an amount that is at least the amount described in paragraph (3)(D).

In determining the amount of a penalty under this section for a violation, the Secretary shall base such determination on the nature and extent of the violation and the nature and extent of the harm resulting from such violation.

(2) Procedures

The provisions of section 1320a–7a of this title (other than subsections (a) and (b) and the second sentence of subsection (f)) shall apply to the imposition of a civil money penalty under this subsection in the same manner as such provisions apply to the imposition of a penalty under such section 1320a–7a of this title.

(3) Tiers of penalties described

For purposes of paragraph (1), with respect to a violation by a person of a provision of this part—

(A) the amount described in this subparagraph is $100 for each such violation, except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $25,000;

(B) the amount described in this subparagraph is $1,000 for each such violation, except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $100,000; and

(C) the amount described in this subparagraph is $10,000 for each such violation, except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $250,000;

(D) the amount described in this subparagraph is $50,000 for each such violation, ex-

1 So in original. Probably should be "(b)(2)(A)."
except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $1,500,000.

(b) Limitations

(1) Offenses otherwise punishable

No penalty may be imposed under subsection (a) and no damages obtained under subsection (d) with respect to an act if a penalty has been imposed under section 1320d–6 of this title with respect to such act.

(2) Failures due to reasonable cause

(A) In general

Except as provided in subparagraph (B) or subsection (a)(1)(C), no penalty may be imposed under subsection (a) and no damages obtained under subsection (d) if the failure to comply is corrected during the 30-day period beginning on the first date the person liable for the penalty or damages knew, or by exercising reasonable diligence would have known, that the failure to comply occurred.

(B) Extension of period

(i) No penalty

With respect to the imposition of a penalty by the Secretary under subsection (a), the period referred to in subparagraph (A) may be extended as determined appropriate by the Secretary based on the nature and extent of the failure to comply.

(ii) Assistance

If the Secretary determines that a person failed to comply because the person was unable to comply, the Secretary may provide technical assistance to the person during the period described in subparagraph (A). Such assistance shall be provided in any manner determined appropriate by the Secretary.

(3) Reduction

In the case of a failure to comply which is due to reasonable cause and not to willful neglect, any penalty under subsection (a) and any damages under subsection (d) that is not entirely waived under paragraph (3) of subsection (a)(1) may be waived to the extent that the payment of such penalty would be excessive relative to the compliance failure involved.

(c) Noncompliance due to willful neglect

(1) In general

A violation of a provision of this part due to willful neglect is a violation for which the Secretary is required to impose a penalty under subsection (a)(1).

(2) Required investigation

For purposes of paragraph (1), the Secretary shall formally investigate any complaint of a violation of a provision of this part if a preliminary investigation of the facts of the complaint indicate such a possible violation due to willful neglect.

(d) Enforcement by State attorneys general

(1) Civil action

Except as provided in subsection (b), in any case in which the attorney general of a State has reason to believe that an interest of one or more of the residents of that State has been or is threatened or adversely affected by any person who violates a provision of this part, the attorney general of the State, as parens patriae, may bring a civil action on behalf of such residents of the State in a district court of the United States of appropriate jurisdiction—

(A) to enjoin further such violation by the defendant; or

(B) to obtain damages on behalf of such residents of the State, in an amount equal to the amount determined under paragraph (2).

(2) Statutory damages

(A) In general

For purposes of paragraph (1)(B), the amount determined under this paragraph is the amount calculated by multiplying the number of violations by up to $100. For purposes of the preceding sentence, in the case of a continuing violation, the number of violations shall be determined consistent with the HIPAA privacy regulations (as defined in section 1320d–9(b)(3) of this title) for violations of subsection (a).

(B) Limitation

The total amount of damages imposed on the person for all violations of an identical requirement or prohibition during a calendar year may not exceed $25,000.

(C) Reduction of damages

In assessing damages under subparagraph (A), the court may consider the factors the Secretary may consider in determining the amount of a civil money penalty under subsection (a) under the HIPAA privacy regulations.

(3) Attorney fees

In the case of any successful action under paragraph (1), the court, in its discretion, may award the costs of the action and reasonable attorney fees to the State.

(4) Notice to Secretary

The State shall serve prior written notice of any action under paragraph (1) upon the Secretary and provide the Secretary with a copy of its complaint, except in any case in which such prior notice is not feasible, in which case the State shall serve such notice immediately upon instituting such action. The Secretary shall have the right—

(A) to intervene in the action;

(B) upon so intervening, to be heard on all matters arising therein; and

(C) to file petitions for appeal.

(5) Construction

For purposes of bringing any civil action under paragraph (1), nothing in this section shall be construed to prevent an attorney gen-

eral of a State from exercising the powers conferred on the attorney general by the laws of that State.

(6) Venue; service of process

(A) Venue

Any action brought under paragraph (1) may be brought in the district court of the United States that meets applicable requirements relating to venue under section 1391 of title 28.

(B) Service of process

In an action brought under paragraph (1), process may be served in any district in which the defendant—

(i) is an inhabitant; or

(ii) maintains a physical place of business.

(7) Limitation on State action while Federal action is pending

If the Secretary has instituted an action against a person under subsection (a) with respect to a specific violation of this part, no State attorney general may bring an action under this subsection against the person with respect to such violation during the pendency of that action.

(8) Application of CMP statute of limitation

A civil action may not be instituted with respect to a violation of this part unless an action to impose a civil money penalty may be instituted under subsection (a) with respect to such violation consistent with the second sentence of section 1320a–fa(c)(1) of this title.

(e) Allowing continued use of corrective action

Nothing in this section shall be construed as preventing the Office for Civil Rights of the Department of Health and Human Services from continuing, in its discretion, to use corrective action without a penalty in cases where the person did not know (and by exercising reasonable diligence would not have known) of the violation.

§ 1320d–7. Effect on State law

(a) General effect

(1) General rule

Except as provided in paragraph (2), a provision or requirement under this part, or a standard or implementation specification adopted or established under sections 1320d–1 through 1320d–3 of this title, shall supersede any contrary provision of State law, including a provision of State law that requires medical or health plan records (including billing information) to be maintained or transmitted in written rather than electronic form.

(2) Exceptions

A provision or requirement under this part, or a standard or implementation specification adopted or established under sections 1320d–1 through 1320d–3 of this title, shall not supersede a contrary provision of State law, if the provision of State law—

(A) is a provision the Secretary determines—

(i) is necessary—

(I) to prevent fraud and abuse;

(II) to ensure appropriate State regulation of insurance and health plans;

(III) for State reporting on health care delivery or costs; or

§ 1320e–1. Limitations on certain uses of comparative clinical effectiveness research

(a) The Secretary may only use evidence and findings from research conducted under section 1320e of this title to make a determination regarding coverage under subchapter XVIII if such use is through an iterative and transparent process which includes public comment and considers the effect on subpopulations.

(b) Nothing in section 1320e of this title shall be construed as—

(1) superceding or modifying the coverage of items or services under subchapter XVIII that the Secretary determines are reasonable and necessary under section 1395y(j)(1) of this title; or

(2) authorizing the Secretary to deny coverage of items or services under such subchapter solely on the basis of comparative clinical effectiveness research.

(c)(1) The Secretary shall not use evidence or findings from comparative clinical effectiveness research conducted under section 1320e of this title in determining coverage, reimbursement, or incentive programs under subchapter XVIII in a manner that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill.

(2) Paragraph (1) shall not be construed as preventing the Secretary from using evidence or findings from such comparative clinical effectiveness research in determining coverage, reimbursement, or incentive programs under subchapter XVIII based on a comparison of the difference in the effectiveness of alternative treatments in extending an individual’s life due to the individual’s age, disability, or terminal illness.

(d)(1) The Secretary shall not use evidence or findings from comparative clinical effectiveness research conducted under section 1320e of this title in determining coverage, reimbursement, or incentive programs under subchapter XVIII in a manner that precludes, or with the intent to discourage, an individual from choosing a health care treatment based on how the individual values the tradeoff between extending the length of their life and the risk of disability.

(2)(A) Paragraph (1) shall not be construed to—

(i) limit the application of differential copayments under subchapter XVIII based on factors such as cost or type of service; or

(ii) prevent the Secretary from using evidence or findings from such comparative clinical effectiveness research in determining coverage, reimbursement, or incentive programs under such subchapter based upon a comparison of the difference in the effectiveness of alternative health care treatments in extending an individual’s life due to that individual’s age, disability, or terminal illness.

(3) Nothing in the provisions of, or amendments made by the Patient Protection and Affordable Care Act, shall be construed to limit comparative clinical effectiveness research or any other research, evaluation, or dissemination whatsoever concerning the likelihood that a health care treatment will result in disability.

(e) The Patient-Centered Outcomes Research Institute established under section 1320e(b)(1) of this title shall not develop or employ a dollar-per-quality-adjusted life year (or similar measure) that discounts the value of a life because of an individual’s disability as a threshold to establish what type of health care is cost effective or recommended. The Secretary shall not utilize such an adjusted life year (or such a similar measure) as a threshold to determine coverage, reimbursement, or incentive programs under subchapter XVIII.

§ 1322. Repayment by State; certification; transfer; interest on loan; credit of interest on loan

(a) Repayment by State; certification; transfer

The Governor of any State may at any time request that funds be transferred from the account of such State to the Federal unemployment account in repayment of part or all of that balance of advances, made to such State under section 1321 of this title, specified in the request. The Secretary of Labor shall certify to the Secretary of the Treasury the amount and balance specified in the request; and the Secretary of the Treasury shall promptly transfer such amount in reduction of such balance.

(b) Interest on loan

(1) Except as otherwise provided in this subsection, each State shall pay interest on any advance made to such State under section 1321 of this title. Interest so payable with respect to periods during any calendar year shall be at the rate determined under paragraph (4) for such calendar year.

(2) No interest shall be required to be paid under paragraph (1) with respect to any advance or advances made during any calendar year if—

(A) such advances are repaid in full before the close of September 30 of the calendar year in which the advances were made,

(B) no other advance was made to such State under section 1321 of this title during such calendar year and after the date on which the repayment of the advances was completed, and

(C) such State meets funding goals, established under regulations issued by the Secretary of Labor, relating to the accounts of the States in the Unemployment Trust Fund.

(3)(A) Interest payable under paragraph (1) which was attributable to periods during any fiscal year shall be paid by the State to the Secretary of the Treasury prior to the first day of the following fiscal year. If interest is payable under paragraph (1) on any advance (hereinafter in this subparagraph referred to as the "first advance") by reason of another advance made to such State after September 30 of the calendar year in which the first advance was made, interest on such first advance attributable to periods before such September 30 shall be paid not later than the day after the date on which the other advance was made.

(B) Notwithstanding subparagraph (A), in the case of any advance made during the last 5 months of any fiscal year, interest on such advance attributable to periods during such fiscal year shall not be required to be paid before the last day of the succeeding taxable year. Any interest the time for payment of which is deferred by the preceding sentence shall bear interest in the same manner as if it were an advance made on the day on which it would have been required to be paid but for this subparagraph.

(C)(i) In the case of any State which meets the requirements of clause (ii) for any calendar year, any interest otherwise required to be paid under this subsection during such calendar year shall be paid as follows—

(I) 25 percent of the amount otherwise required to be paid on or before any day during such calendar year shall be paid on or before such day; and

(II) 25 percent of the amount otherwise required to be paid on or before such day shall be paid on or before the corresponding day in each of the 3 succeeding calendar years.

No interest shall accrue on such deferred interest.
(ii) A State meets the requirements of this clause for any calendar year if the rate of insured unemployment (as determined for purposes of section 303(f) of the Internal Revenue Code of 1986) and the rate of unemployment (as determined for purposes of section 203 of the Federal-State Extended Unemployment Compensation Act of 1970) under the State law of the period consisting of the first 6 months of the preceding calendar year equaled or exceeded 7.5 percent.

(4) The interest rate determined under this paragraph with respect to any calendar year is a percentage (but not in excess of 10 percent) determined by dividing—

(A) the aggregate amount credited under section 1104(e) of this title to State accounts on the last day of the last calendar quarter of the immediately preceding calendar year, by

(B) the aggregate of the average daily balances of the State accounts for such quarter as determined under section 1104(e) of this title.

(5) Interest required to be paid under paragraph (1) shall not be paid (directly or indirectly) by a State from amounts in its unemployment fund. If the Secretary of Labor determines that any State action results in the payment of such interest directly or indirectly (by an equivalent reduction in State unemployment taxes or otherwise) from such unemployment fund, the Secretary of Labor shall not certify such State’s unemployment compensation law under section 3304 of the Internal Revenue Code of 1986. Such noncertification shall be made in accordance with section 3304(c) of such Code.

(6) (A) For purposes of paragraph (2), any voluntary repayment shall be applied against advances made under section 1322 of this title on the last made first repaid basis. Any other repayment of such an advance shall be applied against advances on a first made first repaid basis.

(B) For purposes of this paragraph, the term "voluntary repayment" means any repayment made under subsection (a).

(7) This subsection shall only apply to advances made on or after April 1, 1982.

(8)(A) With respect to interest due under this section on September 30 of 1983, 1984, or 1985 (other than interest previously deferred under paragraph (3)(C)), a State may pay 80 percent of such interest in four annual installments of at least 20 percent beginning with the year after the year in which it is otherwise due, if such State meets the criteria of subparagraph (B). No interest shall accrue on such deferred interest.

(B) To meet the criteria of this subparagraph a State must—

(i) have taken no action since October 1, 1982, which would reduce its net unemployment tax effort or the net solvency of its unemployment system (as determined for purposes of section 302(f) of the Internal Revenue Code of 1986); and

(ii) have taken an action (as certified by the Secretary of Labor) after March 31, 1982, which would have increased revenue liabilities and decreased benefits under the State’s unemployment compensation system (hereinafter referred to as a “solvency effort”) by a combined total of the applicable percentage (as compared to such revenues and benefits as would have been in effect without such State action) for the calendar year for which the deferral is requested; or

(ii) have had, for taxable year 1982, an average unemployment tax rate which was equal to or greater than 2.0 percent of the total of the wages (as determined without any limitation on amount) attributable to such State subject to contribution under the State unemployment compensation law with respect to such taxable year.

In the case of the first year for which there is a deferral (over a 4-year period) of the interest otherwise payable for such year, the applicable percentage shall be 25 percent. In the case of the second such year, the applicable percentage shall be 35 percent. In the case of the third such year, the applicable percentage shall be 50 percent.

(C)(i) The base year is the first year for which deferral under this provision is requested and subsequently granted. The Secretary of Labor shall estimate the unemployment rate for the base year. To determine whether a State meets the requirements of subparagraph (B)(i)(I), the Secretary of Labor shall determine the percentage by which the benefits and taxes in the base year with the application of action referred to in subparagraph (B)(i)(I) are lower or greater, as the case may be, than such benefits and taxes would have been without the application of such action. In making this determination, the Secretary shall deem the application of the action referred to in paragraph (B)(i)(I) to have been effective for the base year to the same extent as such action is effective for the year following the year for which the deferral is sought. Once a deferral is approved under clause (i)(I) of subparagraph (B) a State must continue to maintain its solvency effort. Failure to do so shall result in the State being required to make immediate payment of all deferred interest.

(ii) Increases in the taxable wage base from $6,000 to $7,000 or increases after 1984 in the maximum tax rate to 5.4 percent shall not be counted for purposes of meeting the requirement of subparagraph (B).

(D) In the case of a State which produces a solvency effort of 50 percent, 80 percent, and 90 percent rather than the 25 percent, 35 percent, and 50 percent required under subparagraph (B), the interest shall be computed at an interest rate which is 1 percentage point less than the otherwise applicable interest rate.

(9) Any interest otherwise due from a State on September 30 of a calendar year after 1982 may be deferred (and no interest shall accrue on such deferred interest) for a grace period of not to exceed 9 months if, for the most recent 12-month period for which data are available before the date such interest is otherwise due, the State had an average total unemployment rate of 13.5 percent or greater.

(10)(A) With respect to the period beginning on March 18, 2020, and ending on March 14, 2021—

(i) any interest payment otherwise due from a State under this subsection during such period shall be deemed to have been made by the State; and

(ii) no interest shall accrue during such period on any advance or advances made under section 1321 of this title to a State.

(B) The provisions of subparagraph (A) shall have no effect on the requirement for interest
payments under this subsection after the period described in such subparagraph or on the accrual of interest under this subsection after such period.

(c) Credit of interest on loan

Interest paid by States in accordance with this section shall be credited to the Federal unemployment account established by section 1104(g) of this title in the Unemployment Trust Fund.

§ 1355. Definitions

For the purposes of this subchapter, the term ''aid to the permanently and totally disabled'' means money payments to needy individuals eighteen years of age or older who are permanently and totally disabled, but does not include any such payments to or care in behalf of any individual who is an inmate of a public institution (except as a patient in a medical institution) or any individual who is a patient in an institution for tuberculosis or mental diseases. Such term also includes payments which are not included within the meaning of such term under the preceding sentence, but which would be so included except that they are made on behalf of such a needy individual to another individual who (as determined in accordance with standards prescribed by the Secretary) is interested in or concerned with the welfare of such needy individual, but only with respect to a State whose State plan approved under section 1352 of this title includes provision for—

(1) determination by the State agency that such needy individual has, by reason of his physical or mental condition, such inability to manage funds that making payments to him would be contrary to his welfare and, therefore, it is necessary to provide such aid through payments described in this sentence;

(2) making such payments only in cases in which such payments will, under the rules otherwise applicable under the State plan for determining need and the amount of aid to the permanently and totally disabled to be paid (and in conjunction with other income and resources), meet all the need of the individuals with respect to whom such payments are made;

(3) undertaking and continuing special efforts to protect the welfare of such individual and to improve, to the extent possible, his capacity for self-care and to manage funds;

(4) periodic review by such State agency of the determination under paragraph (1) to ascertain whether conditions justifying such determination still exist, with provision for ter-

ministration of such payments if they do not and for seeking judicial appointment of a guardian or other legal representative, as described in section 1311 of this title, if and when it appears that such action will best serve the interests of such needy individual; and

(5) opportunity for a fair hearing before the State agency on the determination referred to in paragraph (1) for any individual with respect to whom it is made.

At the option of a State (if its plan approved under this subchapter so provides), such term (i) need not include money payments to an individual who has been absent from such State for a period in excess of ninety consecutive days (regardless of whether he has maintained his residence in such State during such period) until he has been present in such State for thirty consecutive days in the case of any other such individual, and (ii) may include rent payments made directly to a public housing agency on behalf of a recipient or a group or groups of recipients of aid under such plan.
