(c) Preservation of families; students

(1) If, following completion of the applicable hearing process, financial assistance for any individual receiving such assistance on February 5, 1988, is to be terminated, the public housing agency or other local governmental entity involved (in the case of public housing or assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f]) or the applicable Secretary (in the case of any other financial assistance) shall take one of the following actions:

CONGRESSIONAL STATEMENT OF FINDINGS AND PURPOSES

'(a) FINDINGS.—Congress finds that—

'(1) there exists throughout the Nation a need for decent, safe, and affordable housing;
§ 1437

Urban Development, in consultation with the Secretary for classification] is to promote homes that are affordable housing, by—

(1) the inventory of public housing units owned, assisted, or operated by public housing agencies, an asset in which the Federal Government has invested over $90,000,000,000, has traditionally provided rental housing that is affordable to low-income persons;

(2) despite serving this critical function, the public housing system is plagued by a series of problems, including the concentration of very poor people in very poor neighborhoods and disincentives for economic self-sufficiency;

(3) the Federal method of overseeing every aspect of public housing by detailed and complex statutes and regulations has aggravated the problem and has placed excessive administrative burdens on public housing agencies; and

(4) the effectiveness of the rent policies established by this Act and the amendments made by this Act on the employment status and earned income of public housing residents.

(b) Effective Date. —This section shall take effect on the date of the enactment of this Act [Oct. 21, 1998].

USE OF AMERICAN PRODUCTS

(a) Purchase of American-Made Equipment and Products. —It is the sense of the Congress that, to the greatest extent practicable, all equipment and products purchased with funds made available in this Act [Pub. L. 105–276, see Tables for classification] should be American made.

(b) Notice Requirement. —In providing financial assistance to, or entering into any contract with, any entity using funds made available in this Act, the head of each Federal agency, to the greatest extent practicable, shall provide to such entity a notice describing the statement made in subsection (a) by the Congress.

(c) Effective Date. —This section shall take effect on the date of the enactment of this Act [Oct. 21, 1998].

GAO STUDY ON HOUSING ASSISTANCE PROGRAM COSTS

(a) Study. —The Comptroller General of the United States shall conduct a study that provides an objective and independent accounting and analysis of the full cost to the Federal Government, public housing agencies, State and local governments, and other entities, per assisted household, of the Federal assisted housing programs, taking into account the qualitative differences among Federal assisted housing programs in accordance with applicable standards of the Department of Housing and Urban Development.

(b) Conveys. —The study under this section shall—

(1) analyze the full cost to the Federal Government, public housing agencies, State and local governments, and other parties, per assisted household, of the Federal assisted housing programs, in accordance with generally accepted accounting principles, and shall conduct the analysis on a nationwide and regional basis and in a manner such that accurate per unit cost comparisons may be made between Federal assisted housing programs, including grants, direct subsidies, tax concessions, Federal mortgage insurance liability, periodic renovation and rehabilitation, and modernization costs, demolition costs, and other ancillary costs such as security; and

(2) measure and evaluate qualitative differences among Federal assisted housing programs in accordance with applicable standards of the Department of Housing and Urban Development.

(c) Prohibition of Recommendations. —In conducting the study under this section and reporting under subsection (o), the Comptroller General may not make any recommendations regarding Federal housing policy.
"(d) **Federal assisted housing programs.**—For purposes of this section, the term ‘Federal assisted housing programs’ means—

(1) the public housing program under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], except that the study under this section shall differentiate between and compare the development and construction of new public housing and the assistance of existing public housing structures;

(7) the program for housing for persons with disabilities under section 811 of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 8031];

(8) the program for making or insuring loans for the purpose of acquiring, constructing, or substantially rehabilitating rental housing under section 221(d)(3) of the National Housing Act [12 U.S.C. 1715(d)(3)] that bears interest at a rate determined under the provisions of section 221(d)(5) of such Act [12 U.S.C. 1715(d)(5)];

§ 1437a. Rental payments

(a) **Families included; rent options; minimum amount; occupancy by police officers and over-income families.**

(1) Dwelling units assisted under this chapter shall be rented only to families who are low-income families at the time of their initial occupancy of such units. Reviews of family income shall be made at least annually; except that, in the case of any family with a fixed income, as defined by the Secretary, after the initial review of the family’s income, the public housing agency or owner shall not be required to conduct a review of the family’s income for any year for which such family certifies, in accordance with such requirements as the Secretary shall establish, which shall include policies to adjust for inflation-based income changes, that 90 percent or more of the income of the family consists of fixed income, and that the sources of such income have not changed since the previous year, except that the public housing agency or owner shall conduct a review of each such family’s income not less than once every 3 years. Except as provided in paragraph (2) and subject to the requirement under paragraph (3), a family shall pay as rent for a dwelling unit assisted under this chapter (other than a family assisted under section 1437f(o) or (y) of this title or paying rent under section 1437f(c)(3)(B) of this title) the highest of the following amounts, rounded to the nearest dollar:

(A) 30 per centum of the family’s monthly adjusted income; or

(B) 10 per centum of the family’s monthly income; or

(C) if the family is receiving payments for welfare assistance from a public agency and a part of such payments, adjusted in accordance with the family’s actual housing costs, is specifically designated by such agency to meet the family’s housing costs, the portion of such payments which is so designated.

(2) **Rental payments for public housing families.**—

(A) **Authority for family to select.**—

(i) **In general.**—A family residing in a public housing dwelling shall pay as monthly rent for the unit the amount determined under clause (i) or (ii) of subparagraph (B), subject to the requirement under paragraph (3) (relating to minimum rents). Each public housing agency shall provide for each family residing in a public housing dwelling unit owned, assisted, or operated by the agency to elect annually whether the rent paid by such family shall be determined under clause (i) or (ii) of subparagraph (B). A public housing agency may not at any time fail to provide such rental options for any public housing dwelling unit owned, assisted, or operated by the agency.

(ii) **Authority to retain flat and ceiling rents.**—Notwithstanding clause (i) or any other provision of law, any public housing agency that is administering flat rents or ceiling rents pursuant to any authority referred to in section 519(d) of the Quality Housing and Work Responsibility Act of 1998 before the effective day of such Act may continue to charge rent in accordance with such rent provisions after such effective date, except that the agency shall provide for families residing in public housing dwelling units owned or operated by the agency to elect annually whether to pay rent under such provisions or in accordance with one of them.

the rent options referred to in subparagraph (A).

(B) ALLOWABLE RENT STRUCTURES.—

(i) FLAT RENTS.—Each public housing agency shall establish, for each dwelling unit in public housing owned or operated by the agency, a flat rental amount for the dwelling unit, which—

(I) shall not be lower than 80 percent of—

(aa) the applicable fair market rental established under section 1437f(c) of this title; or

(bb) at the discretion of the Secretary, such other applicable fair market rental established by the Secretary that the Secretary determines more accurately reflects local market conditions and is based on an applicable market area that is geographically smaller than the applicable market area used for purposes of the applicable fair market rental under section 1437f(c) of this title;

except that a public housing agency may apply to the Secretary for exception allowing for a flat rental amount for a property that is lower than the amount otherwise determined pursuant to item (aa) or (bb) and the Secretary may grant such exception if the Secretary determines that the fair market rental for the applicable market area pursuant to item (aa) or (bb) does not reflect the market value of the property and the proposed lower flat rental amount is based on a market analysis of the applicable market and complies with subclause (II) and

(II) shall be designed in accordance with subparagraph (D) so that the rent structures do not create a disincentive for continued residency in public housing by families who are attempting to become economically self-sufficient through employment or who have attained a level of self-sufficiency through their own efforts.

If a new flat rental amount for a dwelling unit will increase a family’s existing rental payment by more than 35 percent, the new flat rental amount shall be phased in as necessary to ensure that the family’s existing rental payment does not increase by more than 35 percent annually. The preceding sentence shall not be construed to require establishment of rental amounts equal to 80 percent of the fair market rental in years when the fair market rental falls from the prior year.

(ii) INCOME-BASED RENTS.—

(I) IN GENERAL.—The monthly rental amount determined under this clause for a family shall be an amount, determined by the public housing agency, that does not exceed the greatest of the amounts (rounded to the nearest dollar) determined under subparagraphs (A), (B), and (C) of paragraph (1). This clause may not be construed to require a public housing agency to charge a monthly rent in the maximum amount permitted under this clause.

(II) DISCRETION.—Subject to the limitation on monthly rental amount under sub-

clause (I), a public housing agency may, in its discretion, implement a rent structure under this clause requiring that a portion of the rent be deposited to an escrow or savings account, imposing ceiling rents, or adopting income exclusions (such as those set forth in subsection (b)(5)(B)), or may establish another reasonable rent structure or amount.

(C) SWITCHING RENT DETERMINATION METHODS BECAUSE OF HARDSHIP CIRCUMSTANCES.—Notwithstanding subparagraph (A), in the case of a family that has elected to pay rent in the amount determined under subparagraph (B)(i), a public housing agency shall immediately provide for the family to pay rent in the amount determined under subparagraph (B)(ii) during the period for which such election was made upon a determination that the family is unable to pay the amount determined under subparagraph (B)(i) because of financial hardship, including—

(i) situations in which the income of the family has decreased because of changed circumstances, loss of reduction in or loss of income or other assistance;

(ii) an increase, because of changed circumstances, in the family’s expenses for medical costs, child care, transportation, education, or similar items; and

(iii) such other situations as may be determined by the agency.

(D) ENCOURAGEMENT OF SELF-SUFFICIENCY.—

The rental policy developed by each public housing agency shall encourage and reward employment and economic self-sufficiency.

(E) INCOME REVIEWS.—Notwithstanding the second sentence of paragraph (1), in the case of families that are paying rent in the amount determined under subparagraph (B)(i), the agency shall review the income of such family not less than once every 3 years.

(3) MINIMUM RENTAL AMOUNT.—

(A) REQUIREMENT.—Notwithstanding paragraph (1) of this subsection, the method for rent determination elected pursuant to paragraph (2)(A) of this subsection by a family residing in public housing, section 1437f(c)(2) of this title, or section 206(d) of the Housing and Urban-Rural Recovery Act of 1983 (including paragraph (5) of such section), the following entities shall require the following families to pay a minimum monthly rental amount (which amount shall include any amount allowed for utilities) of not more than $50 per month, as follows:

(i) Each public housing agency shall require the payment of such minimum monthly rental amount, which amount shall be determined by the agency, by—

(I) each family residing in a dwelling unit in public housing by the agency;

(II) each family who is assisted under the certificate or moderate rehabilitation program under section 1437f of this title; and

(III) each family who is assisted under the voucher program under section 1437f of

this title, and the agency shall reduce the monthly assistance payment on behalf of such family as may be necessary to ensure payment of such minimum monthly rental amount.

(ii) The Secretary shall require each family who is assisted under any other program for rental assistance under section 1437f of this title to pay such minimum monthly rental amount, which amount shall be determined by the Secretary.

(B) EXCEPTION FOR HARDSHIP CIRCUMSTANCES.—

(i) IN GENERAL.—Notwithstanding subparagraph (A), a public housing agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)) shall immediately grant an exemption from application of the minimum monthly rental under such subparagraph to any family unable to pay such amount because of financial hardship, which shall include situations in which (I) the family has lost eligibility for or is awaiting an eligibility determination for a Federal, State, or local assistance program, including a family that includes a member who is an alien lawfully admitted for permanent residence under the Immigration and Nationality Act [8 U.S.C. 1101 et seq.] who would be entitled to public benefits but for title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 [8 U.S.C. 1601 et seq.]; (II) the family would be evicted as a result of the imposition of the minimum rent requirement under subparagraph (A); (III) the income of the family has decreased because of changed circumstances, including loss of employment; (IV) a death in the family has occurred; and (V) other situations as may be determined by the agency (or the Secretary, in the case of a family described in subparagraph (A)(i)).

(ii) WAITING PERIOD.—If a resident requests a hardship exemption under this subparagraph and the public housing agency (or the Secretary, in the case of a family described in subparagraph (A)(ii)) reasonably determines the hardship to be of a temporary nature, an exemption shall not be granted during the 90-day period beginning upon the making of a request for the exemption. A resident may not be evicted during such 90-day period for nonpayment of rent. In such a case, if the resident thereafter demonstrates that the financial hardship is of a long-term basis, the agency (or the Secretary) shall retroactively exempt the resident from the applicability of the minimum rent requirement for such 90-day period.

(4) OCCUPANCY BY POLICE OFFICERS.—

(A) IN GENERAL.—Subject to subparagraph (B) and notwithstanding any other provision of law, a public housing agency may, in accordance with the public housing agency plan for the agency, allow a police officer who is not otherwise eligible for residence in public housing to reside in a public housing dwelling unit. The number and location of units occupied by police officers under this paragraph and the terms and conditions of their tenancies shall be determined by the public housing agency.

(B) INCREASED SECURITY.—A public housing agency may take the actions authorized in subparagraph (A) only for the purpose of increasing security for the residents of a public housing project.

(C) DEFINITION.—In this paragraph, the term “police officer” means any person determined by a public housing agency to be, during the period of residence of that person in public housing, employed on a full-time basis as a duly licensed professional police officer by a Federal, State, or local government or by any agency thereof (including a public housing agency having an accredited police force).

(5) OCCUPANCY BY OVER-INCOME FAMILIES IN CERTAIN PUBLIC HOUSING.—

(A) AUTHORITY.—Notwithstanding any other provision of law, a public housing agency that owns or operates less than 250 units may, on a month-to-month basis, lease a dwelling unit in a public housing project to an over-income family in accordance with this paragraph, but only if there are no eligible families applying for housing assistance from the public housing agency for that month and the agency provides not less than 30 days public notice of the availability of such assistance.

(B) TERMS AND CONDITIONS.—The number and location of dwelling units of a public housing agency occupied under this paragraph by over-income families, and the terms and conditions of those tenancies, shall be determined by the public housing agency, except that—

(i) notwithstanding paragraph (2), rent for a unit shall be in an amount that is not less than the costs to operate the unit;

(ii) if an eligible family applies for residence after an over-income family moves in to the last available unit, the over-income family shall vacate the unit in accordance with notice of termination of tenancy provided by the agency, which shall be provided not less than 30 days before such termination; and

(iii) if a unit is vacant and there is no one on the waiting list, the public housing agency may allow an over-income family to gain immediate occupancy in the unit, while simultaneously providing reasonable public notice and outreach with regard to availability of the unit.

(C) DEFINITION.—For purposes of this paragraph, the term “over-income family” means an individual or family that is not a low-income family at the time of initial occupancy.

(b) Definition of terms under this chapter

When used in this chapter:

(1) The term “low-income housing” means decent, safe, and sanitary dwellings assisted under this chapter. The term “public housing” means low-income housing, and all necessary appurtenances thereto, assisted under this chapter other than under section 1437f of this title. The term “public housing” includes dwelling units in a mixed finance project that are assisted by a public housing agency with capital or operating assistance. When used in reference to pub-
lic housing, the term "low-income housing project" or "project" means (A) housing developed, acquired, or assisted by a public housing agency under this chapter, and (B) the improvement of any such housing.

(2)(A) The term "low-income families" means those families whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of prevailing levels of construction costs or unusually high or low family incomes.

(B) The term "very low-income families" means low-income families whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.

(C) The term extremely low-income families\(^3\) means very low-income families whose incomes do not exceed the higher of—

(i) the poverty guidelines updated periodically by the Department of Health and Human Services under the authority of section 9902(2) of this title applicable to a family of the size involved (except that this clause shall not apply in the case of public housing agencies or projects located in Puerto Rico or any other territory or possession of the United States); or

(ii) 30 percent of the median family income for the area, as determined by the Secretary, with adjustments for smaller and larger families (except that the Secretary may establish income ceilings higher or lower than 30 percent of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes).

(D) Such ceilings shall be established in consultation with the Secretary of Agriculture for any rural area, as defined in section 1490 of this title, taking into account the subsidy characteristics and types of programs to which such ceilings apply. In determining median incomes (of persons, families, or households) for an area or establishing any ceilings or limits based on income under this chapter, the Secretary shall determine or establish area median incomes and income ceilings and limits for Westchester and Rockland Counties, as if each such county were an area not contained within the metropolitan statistical area in which it is located. In determining such area median incomes or establishing such income ceilings or limits for the portion of such metropolitan statistical area that does not include Westchester or Rockland Counties, the Secretary shall determine or establish area median incomes and income ceilings and limits as if such portion included Westchester and Rockland Counties. In determining areas that are designated as difficult development areas for purposes of the low-income housing tax credit, the Secretary shall include Westchester and Rockland Counties, New York, in the New York City metropolitan area.

(3) PERSONS AND FAMILIES.—

"(ii) any unreimbursed reasonable attendant care and auxiliary apparatus expenses for each handicapped member of the family, if determined necessary by the public housing agency or owner to enable any member of such family to be employed.

The Secretary shall, by regulation, provide hardship exemptions to the requirements of this subparagraph and subparagraph (C) for impacted families who demonstrate an inability to pay calculated rents because of financial hardship. Such regulations shall include a requirement to notify tenants regarding any changes to the determination of adjusted income pursuant to such subparagraphs based on the determination of the family’s claim of financial hardship exemptions required by the preceding sentence. Such regulations shall be promulgated in consultation with tenant organizations, industry participants, and the Secretary of Health and Human Services, with an adequate comment period provided for interested parties.

"(6) Permissive deductions.—Such additional deductions as a public housing agency may, at its discretion, establish, except that the Secretary shall establish procedures to ensure that such deductions do not materially increase Federal expenditures.

The Secretary shall annually calculate the amounts of the deductions under subparagraphs (A) and (B), as such amounts may have been previously calculated, by applying an inflationary factor as the Secretary shall, by regulation, establish, except that the actual deduction determined for each year shall be established by rounding such amount to the next lowest multiple of $25."

Pub. L. 98–181, title I [title II, §206(d)], Nov. 30, 1983, 97 Stat. 1130, provided that:

(1) The following provisions of this paragraph apply to determinations of the rent to be paid by or the contribution required of a tenant occupying housing assisted under the authorities amended by this section (amending this section) or subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981 [amending sections 1437 to 1437l, 1437m, 1437n, 1437o, and 1437i of this title and sections 1701a and 1715z–1 of Title 12, Banks and Banking, and repealing provisions set out as notes under this section and section 1701s of Title 12 (hereinafter referred to as ‘assisted housing’) on or before the effective date of regulations implementing this section:

(A) Notwithstanding any other provision of this section or subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981, the Secretary of Housing and Urban Development (hereinafter referred to as the ‘Secretary’) may provide for delayed applicability, or for staged implementation, of the procedures for determining rents or contributions, as appropriate, required by such provisions if the Secretary determines that immediate application of such procedures would be impracticable, would violate the terms of existing leases, or would result in extraordinary hardship for any class of tenants.

(B) The Secretary shall provide the rent or contribution, as appropriate, required to be paid by a tenant shall not increase as a result of the amendments made by this section and subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981, and as a result of any other provision of Federal law or regulation, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such amendments, law, or regulation.

(2) Tenants of assisted housing other than those referred to in paragraph (1) shall be subject to immediate rent payment or contribution determinations in accordance with applicable law and without regard to the provisions of paragraph (1), but the Secretary shall provide that the rent or contribution payable by any such tenant who is occupying assisted housing on the effective date of any provision of Federal law or regulation shall not increase, as a result of any such provision of Federal law or regulation, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to such amendments, law, or regulation.

(3) In the case of tenants receiving rental assistance under section 521(a)(1) of the Housing Act of 1949 [section 1490a(a)(1) of this title] on the effective date of this section [Nov. 30, 1983] whose assistance is converted to assistance under section 8 of the United States Housing Act of 1937 [section 1437 of this title] or on or after such date, the Secretary shall provide that the rent or contribution payable by any such tenant shall not increase, as a result of such conversion, by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to in-
creases in income which are unrelated to such conversion or to any provision of Federal law or regulation.

"(4)(A) Notwithstanding any other provision of law, in the case of the conversion of any assistance under section 101 of the Housing and Urban Development Act of 1965 [12 U.S.C. 1701a], section 236(1)(c) of the National Housing Act [12 U.S.C. 1715z-1(c)(2)], or section 8 of the United States Housing Act of 1937, any increase in rental payments or contributions resulting from such conversion, and from the amendments made by this section of any tenant benefiting from such assistance who is sixty-two years of age or older may not exceed 10 per centum per annum.

"(B) In the case of any such conversion of assistance occurring on or after October 1, 1981, and before the date of the enactment of this section [Nov. 30, 1983], the rental payments due after such date of enactment by any tenant benefiting from such assistance who was sixty-two years of age or older on the date of such conversion shall be computed as if the tenant's rental payment or contribution had, on the date of conversion, been the lesser of the actual rental payment or contribution required, or 25 per centum of the tenant's income.

"(5) The limitations on increases in rent contained in paragraphs (1)(B), (2), (3), and (4) shall remain in effect and may not be changed or superseded except by another provision of law which amends this subsection.

"(6) As used in this subsection, the term 'contribution' means an amount representing 30 per centum of a tenant's adjusted income, 10 per centum of the tenant's monthly income, or the designated amount of welfare assistance, whichever amount is used to determine the monthly assistance payment for the tenant under section 3(a) of the United States Housing Act of 1937 [subsec. (a) of this section].

"(7) The provisions of subsections (a) through (h) of section 322 of the Housing and Community Development Amendments of 1981 shall be implemented and fully applicable to all affected tenants no later than five years following the date of enactment of such amendments [Aug. 13, 1981], except that the Secretary may extend the time for implementation if the Secretary determines that full implementation would result in extraordinary hardship for any class of tenants.

§1437c. Contributions for low-income housing projects

(a) Contract authorization; amounts; use as security for obligations of public housing agency; use of existing structures

(1) The Secretary may make annual contributions to public housing agencies to assist in achieving and maintaining the lower income character of their projects. The Secretary shall embody the provisions for such annual contributions in a contract guaranteeing their payment. The contribution payable annually under this section shall in no case exceed a sum equal to the annual amount of principal and interest payable on obligations issued by the public housing agency to finance the development or
acquisition cost of the lower income project involved. Annual contributions payable under this section shall be pledged, if the Secretary so requires, as security for obligations issued by a public housing agency to assist the development or acquisition of the project to which annual contributions relate and shall be paid over a period not to exceed 40 years.

(2) The Secretary may make contributions (in the form of grants) to public housing agencies to cover the development cost of public housing projects. The contract under which such contributions shall be made shall specify the amount of capital contributions required for each project to which the contract pertains, and that the terms and conditions of such contract shall remain in effect for a 40-year period.

(3) The amount of contributions that would be established for a newly constructed project by a public housing agency designed to accommodate a number of families of a given size and kind may be established under this section for a project by such public housing agency that would provide housing for comparable number, sizes, and kinds of families through the acquisition and rehabilitation, or use under lease, of structures that are suitable for low-income housing use and obtained in the local market.

(b) Maximum amount of contributions; regulations; criteria for rates of contribution

The Secretary may prescribe regulations fixing the maximum contributions available under different circumstances, giving consideration to cost, location, size, rent-paying ability of prospective tenants, or other factors bearing upon the amounts and periods of assistance needed to achieve and maintain low rentals. Such regulations may provide for rates of contribution based upon development, acquisition, or operation costs, number of dwelling units, number of persons housed, interest charges, or other appropriate factors.

(c) Limitation on aggregate contractual contributions; contracts for preliminary loans; payments of annual contributions; limitations on specific authorities

(1) The Secretary may enter into contracts for annual contributions aggregating not more than $7,875,049,000 per annum, which amount shall be increased by $1,494,400,000 on October 1, 1980, and by $906,985,000 on October 1, 1981. The additional authority to enter into such contracts provided on or after October 1, 1980, shall be effective only in such amounts as may be approved in appropriation Acts. In addition, the aggregate amount which may be obligated over the duration of the contracts may not exceed $31,200,000,000 with respect to the additional authority provided on or after October 1, 1980, and by $906,985,000 on October 1, 1981. The additional authority to enter into such contracts provided on or after October 1, 1980, shall be effective only in such amounts as may be approved in appropriation Acts. In addition, the aggregate amount which may be obligated over the duration of the contracts may not exceed $31,200,000,000 with respect to the additional authority provided on October 1, 1981.

(2) The Secretary shall enter into only such new contracts for preliminary loans as are consistent with the number of dwelling units for which contracts for annual contributions may be entered into.

(3) The full faith and credit of the United States is solemnly pledged to the payment of all annual contributions contracted for pursuant to this section, and there are hereby authorized to be appropriated in each fiscal year, out of any money in the Treasury not otherwise appropriated, the amounts necessary to provide for such payments.

(4) All payments of annual contributions pursuant to this section shall be made out of any funds available for purposes of this chapter when such payments are due, except that funds obtained through the issuance of obligations pursuant to section 1437(b) of this title (including repayments or other realizations of the principal of loans made out of such funds) shall not be available for the payment of such annual contributions.

(5) During such period as the Secretary may prescribe for starting construction, the Secretary may approve the conversion of public housing development authority for use under section 1437g of this title or for use for the acquisition and rehabilitation of property to be used in public housing, if the public housing agency, after consultation with the unit of local government, certifies that such assistance would be more effective for such purpose, and if the total number of units assisted will not be less than 90 per centum of the units covered by the original reservation.

(6) The aggregate amount of budget authority which may be obligated for contracts for annual contributions and for grants under section 1437c of this title is increased by $9,912,928,000 on October 1, 1983, and by such sums as may be approved in appropriation Acts on October 1, 1984. (i) for public housing grants under section (a)(2), not more than $390,900,900, of which amount not more than $1,977,662,720, of which $50,000,000 shall be available for 15-year contracts for project-based assistance to be used for a multicultural tenant empowerment and homeownership project located in the District of Columbia, except that assistance provided for such project shall not be considered for

(x) for grants under section 1437v of this title for revitalization of severely distressed public housing, not more than $300,000,000.

(vi) for contributions pursuant to this chapter and of such contract (including, but not limited to, the determination of the amount of the loan, annual contributions, or payments in lieu of taxes, specified in such contract), be treated collectively as one project.

In recognition that there should be local determination of the need for low-income housing to meet needs not being adequately met by private enterprise—

(1) the Secretary shall not make any contract with a public housing agency for preliminary loans (all of which shall be repaid out of any moneys which become available to such agency for the development of the projects involved) for surveys and planning in respect to any low-income housing projects (i) unless the governing body of the locality involved has demonstrated to the satisfaction of the Secretary that there is need for such low-income housing which is not being met by private enterprise; and

(2) the Secretary shall not make any contract for loans (other than preliminary loans) or for contributions pursuant to this chapter unless the governing body of the locality involved has entered into an agreement with the public housing agency providing for the local

Subject to the specific limitations or standards in this chapter governing the terms of sales, rentals, leases, loans, contracts for annual contributions, or other agreements, the Secretary may, whenever he deems it necessary or desirable in the fulfillment of the purposes of this chapter, consent to the modification, with respect to rate of interest, time of payment of interests, amount of annual contributions, or any other term, of any contract or agreement of any kind to which the Secretary is a party. When the Secretary finds that it would promote economy or be in the financial interest of the Federal Government or is necessary to assure or maintain the lower income character of the project or projects involved, any contract herefore or hereafter made for annual contributions, loans, or both, may be amended or superseded by a contract entered into by mutual agreement between the public housing agency and the Secretary. Contracts may not be amended or superseded in a manner which would impair the rights of the holders of any outstanding obligations of the public housing agency involved for which annual contributions have been pledged. Any rule of law contrary to this provision shall be deemed inapplicable.

(g) Pledge of annual contributions as guarantee of payment of obligations issued by public housing agency; exception

In addition to the authority of the Secretary under subsection (a) to pledge annual contributions as security for obligations issued by a public housing agency, the Secretary is authorized to pledge annual contributions as a guarantee of payment by a public housing agency of all principal and interest on obligations issued by it to assist the development or acquisition of the project to which the annual contributions relate, except that no obligation shall be guaranteed under this subsection if the income thereon is exempt from Federal taxation.

As agreed to by the Secretary and the Inspector General, the Inspector General may arrange for an audit under this paragraph.

(i) Prohibition on use of funds

None of the funds made available to the Department of Housing and Urban Development to carry out this chapter, which are obligated to State or local governments, public housing agencies, housing finance agencies, or other public or quasi-public housing agencies, shall be used to indemnify contractors or subcontractors of the government or agency against costs associated with judgments of infringement of intellectual property rights.

§1437d. Contract provisions and requirements; loans and annual contributions

(a) Conditions; elevators

The Secretary may include in any contract for loans, contributions, sale, lease, mortgage, or any other agreement or instrument made pursuant to this chapter, such covenants, conditions, or provisions as he may deem necessary in order to assure the lower income character of the project involved, in a manner consistent with the public housing agency plan. Any such contract shall require that, except in the case of housing predominantly for elderly or disabled families, high-rise elevator projects shall be provided for families with children unless the Secretary makes a determination that there is no practical alternative.

(b) Limitation on development costs

(1) Each contract for loans (other than preliminary loans) or contributions for the development, acquisition, or operation of public housing shall provide that the total development cost of the project on which the computation of any annual contributions under this chapter may be based may not exceed the amount determined under paragraph (2) (for the appropriate structure type) unless the Secretary provides otherwise, and in any case may not exceed 110 per centum of such amount unless the Secretary for good cause determines otherwise.

(2) For purposes of paragraph (1), the Secretary shall determine the total development cost by multiplying the construction cost guideline for the project (which shall be determined by averaging the current construction costs, as listed by not less than 2 nationally recognized residential construction cost indices, for publicly bid construction of a good and sound quality) by—
(A) in the case of elevator type structures, 1.6; and
(B) in the case of nonelevator type structures, 1.75.

(3) In calculating the total development cost of a project under paragraph (2), the Secretary shall consider only capital assistance provided by the Secretary to a public housing agency that are authorized for use in connection with the development of public housing, and shall exclude all other amounts, including amounts provided under—

(A) the HOME investment partnerships program authorized under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.]; or

(B) the community development block grants program under title I of the Housing and Community Development Act of 1974 [42 U.S.C. 5301 et seq.].

(4) The Secretary may restrict the amount of capital funds that a public housing agency may use to pay for housing construction costs. For purposes of this paragraph, housing construction costs include the actual hard costs for the construction of units, builders' overhead and profit, utilities from the street, and finish landscaping.

(c) Revision of maximum income limits; certification of compliance with requirements; notification of eligibility; informal hearing; compliance with procedures for sound management

Every contract for contributions shall provide that—

(1) the Secretary may require the public housing agency to review and revise its maximum income limits if the Secretary determines that changed conditions in the locality make such revision necessary in achieving the purposes of this chapter;

(2) the public housing agency shall determine, and so certify to the Secretary, that each family in the project was admitted in accordance with duly adopted regulations and approved income limits; and the public housing agency shall review the incomes of families living in the project no less frequently than annually;

(3) the public housing agency shall promptly notify (i) any applicant determined to be ineligible for admission to the project of the basis for such determination and provide the applicant upon request, within a reasonable time after the determination is made, with an opportunity for an informal hearing on such determination, and (ii) any applicant determined to be eligible for admission to the project of the approximate date of occupancy insofar as such date can be reasonably determined; and

(4) the public housing agency shall comply with such procedures and requirements as the Secretary may prescribe to assure that sound management practices will be followed in the operation of the project, including requirements pertaining to—

(A) making dwelling units in public housing available for occupancy, which shall pro-vide that the public housing agency may establish a system for making dwelling units available that provides preference for such occupancy to families having certain characteristics; each system of preferences established pursuant to this subparagraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437c-1(d) of this title and under the requirements applicable to the comprehensive housing affordability strategy for the relevant jurisdiction;

(B) the establishment of satisfactory procedures designed to assure the prompt payment and collection of rents and the prompt processing of evictions in the case of non-payment of rent;

(C) the establishment of effective tenant-management relationships designed to assure that satisfactory standards of tenant security and project maintenance are formulated and that the public housing agency (together with tenant councils where they exist) enforces those standards fully and effectively;

(D) the development by local housing authority managements of viable homeownership opportunity programs for low-income families capable of assuming the responsibilities of homeownership;

(E) for each agency that receives assistance under this subchapter, the establishment and maintenance of a system of accounting for rental collections and costs (including administrative, utility, maintenance, repair and other operating costs) for each project or operating cost center (as determined by the Secretary), which collections and costs shall be made available to the general public and submitted to the appropriate local public official (as determined by the Secretary); except that the Secretary may permit agencies owning or operating less than 500 units to comply with the requirements of this subparagraph by accounting on an agency-wide basis; and

(F) requiring the public housing agency to ensure and maintain compliance with sub-title C of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13601 et seq.] and any regulations issued under such subtitle.

(d) Exemption from personal and real property taxes; payments in lieu of taxes; cash contribution or tax remission

Every contract for contributions with respect to a low-income housing project shall provide that no contributions by the Secretary shall be made available for such project unless such project (exclusive of any portion thereof which is not assisted by contributions under this chapter) is exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision; and such contract shall require the public housing agency to make payments in lieu of taxes equal to 10
per centum of the sum of the shelter rents charged in such project, or such lesser amount as (i) is prescribed by State law, or (ii) is agreed to by the local governing body in its agreement for local cooperation with the public housing agency required under section 1437f(e)(2) of this title, or (iii) is due to failure of a local public body or bodies other than the public housing agency to perform any obligation under such agreement. If any such project is not exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision, such contract shall provide, in lieu of the requirement for tax exemption and payments in lieu of taxes, that no contributions by the Secretary shall be made available for such project unless and until the State, city, county, or other political subdivision in which such project is situated shall contribute, in the form of cash or tax remission, the amount by which the taxes paid with respect to the project exceed 10 per centum of the shelter rents charged in such project.

(f) Housing quality requirements

(1) In general

Each contract for contributions for a public housing agency shall require that the agency maintain its public housing in a condition that complies with standards which meet or exceed the housing quality standards established under paragraph (2).

(2) Federal standards

The Secretary shall establish housing quality standards under this paragraph that ensure that public housing dwelling units are safe and habitable. Such standards shall include requirements relating to habitability, including maintenance, health and sanitation factors, condition, and construction of dwellings, and shall, to the greatest extent practicable, be consistent with the standards established under section 1437f(o)(8)(B)(I) of this title. The Secretary may determine whether the laws, regulations, standards, or codes of any State or local jurisdiction meet or exceed these standards, for purposes of this subsection.

(3) Annual inspections

Each public housing agency that owns or operates public housing shall make an annual inspection of each public housing project to determine whether units in the project are maintained in accordance with the requirements under paragraph (1). The agency shall retain the results of such inspections and, upon the request of the Secretary, the Inspector General for the Department of Housing and Urban Development, or any auditor conducting an audit under section 147c(h) of this title, shall make such results available.

(g) Substantial default; conveyance of title and delivery of possession; reconveyance and redelivery; payments for outstanding obligations

Every contract for contributions (including contracts which amend or supersede contracts previously made) may provide that—

(1) upon the occurrence of a substantial default in respect to the covenants or conditions to which the public housing agency is subject (as such substantial default shall be defined in such contract), the public housing agency shall be obligated to take all actions necessary to achieve the purposes of this chapter, or to deliver to the Secretary possession of the project, as then constituted, to which such contract relates; and

(2) the Secretary shall be obligated to reconvey or redeliver possession of the project as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such contract, and as soon as practicable (i) after the Secretary is satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this chapter, thereafter be operated in accordance with the terms of such contract; or (ii) after the termination of the obligation to make annual contributions available unless there are any obligations or covenants of the public housing agency to the Secretary which are then in default. Any prior conveyances and reconveyances or deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary pursuant to subparagraph (1) upon the subsequent occurrence of a substantial default.

Whenever such a contract for annual contributions includes provisions which the Secretary in such contract determines are in accordance with this subsection, and the portion of the annual contribution payable for debt service requirements pursuant to such contract has been pledged by the public housing agency as security for the payment of the principal and interest on any of its obligations, the Secretary (notwithstanding any other provisions of this chapter) shall continue to make such annual contributions available for the project so long as any of such obligations remain outstanding, and may covenant in such contract that in any event such annual contributions shall in each year be at least equal to an amount which, together with such income or other funds as are actually available from the project for the purpose at the time such annual contribution is made, will suffice for the payment of all installments, falling due within the next succeeding twelve months, of principal and interest on the obligations for which the annual contributions provided for in the contract shall have been pledged as security.

In no case shall such annual contributions be in excess of the maximum sum specified in the contract involved, nor for longer than the remainder of the maximum period fixed by the contract.

(h) New construction contracts

On or after October 1, 1983, the Secretary may enter into a contract involving new construc-
tion only if the public housing agency demonstrates to the satisfaction of the Secretary that the cost of new construction in the neighborhood where the public housing agency determines the housing is needed is less than the cost of acquisition or acquisition and rehabilitation in such neighborhood, including any reserve fund under subsection (i), would be.

(i) Reserve fund; major repairs

The Secretary may, upon application by a public housing agency in connection with the acquisition of housing for use as public housing, establish and set aside a reserve fund in an amount not to exceed 30 per centum of the acquisition cost which shall be available for use for major repairs to such housing.

(j) Performance indicators for public housing agencies

(1) The Secretary shall develop and publish in the Federal Register indicators to assess the management performance of public housing agencies and resident management corporations. The indicators shall be established by rule under section 553 of title 5. Such indicators shall enable the Secretary to evaluate the performance of public housing agencies and resident management corporations in all major areas of management operations. The Secretary shall, in particular, use the following indicators for public housing agencies, to the extent practicable:

(A) The number and percentage of vacancies within an agency’s inventory, including the progress that an agency has made within the previous 3 years to reduce such vacancies.

(B) The amount and percentage of funds provided to the public housing agency from the Capital Fund under section 1437g(d) of this title which remain unobligated by the public housing agency after 3 years.

(C) The percentage of rents uncollected.

(D) The utility consumption (with appropriate adjustments to reflect different regions and unit sizes).

(E) The average period of time that an agency requires to repair and turn-around vacant units.

(F) The proportion of maintenance work orders outstanding, including any progress that an agency has made during the preceding 3 years to reduce the period of time required to complete maintenance work orders.

(G) The percentage of units that an agency fails to inspect to ascertain maintenance or modernization needs within such period of time as the Secretary deems appropriate (with appropriate adjustments, if any, for large and small agencies).

(H) The extent to which the public housing agency—

(i) coordinates, promotes, or provides effective programs and activities to promote the economic self-sufficiency of public housing residents; and

(ii) provides public housing residents with opportunities for involvement in the administration of the public housing.

(1) The extent to which the public housing agency—

(1) implements effective screening and eviction policies and other anticrime strategies; and

(2) coordinates with local government officials and residents in the project and implementation of such strategies.

(J) The extent to which the public housing agency is providing acceptable basic housing conditions.

(K) Any other factors as the Secretary deems appropriate which shall not exceed the seven factors in the statute, plus an additional five.

(1) The Secretary shall:

(1) administer the system of evaluating public housing agencies flexibly to ensure that such agencies are not penalized as a result of circumstances beyond their control;

(2) reflect in the weights assigned to the various indicators the differences in the difficulty of managing individual projects that result from their physical condition and their neighborhood environment; and

(3) determine a public housing agency’s status as “troubled with respect to the program under section 1437f of this title” based upon factors solely related to its ability to carry out that program.

(2)(A)(i) The Secretary shall, under the rulemaking procedures under section 553 of title 5, establish procedures for designating troubled public housing agencies, which procedures shall include identification of serious and substantial failure to perform as measured by the performance indicators specified under paragraph (1) and such other factors as the Secretary may deem to be appropriate. Such procedures shall provide that an agency that fails on a widespread basis to provide acceptable basic housing conditions for its residents shall be designated as a troubled public housing agency. The Secretary may use a simplified set of indicators for public housing agencies with less than 250 public housing units. The Secretary shall also designate, by rule under section 553 of title 5, agencies that are troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title.

(ii) The Secretary may also, in consultation with national organizations representing public housing agencies and public officials (as the Secretary determines appropriate), identify and commend public housing agencies that meet the performance standards established under paragraph (1) in an exemplary manner.

(iii) The Secretary shall establish procedures for public housing agencies to appeal designation as a troubled agency (including designation as a troubled agency for purposes of the program for assistance from the Capital Fund under section 1437g(d) of this title), to petition for removal of such designation, and to appeal any refusal to remove such designation.

(B)(i) Upon designating a public housing agency with more than 250 units as troubled pursuant to subparagraph (A) and determining that an assessment under this subparagraph will not

duplicate any comparable and recent review, the Secretary shall provide for an on-site, independent assessment of the management of the agency.

(ii) To the extent the Secretary deems appropriate (taking into account an agency’s performance under the indicators specified under paragraph (1)), the assessment team shall also consider issues relating to the agency’s resident population and physical inventory, including the extent to which (I) the agency’s comprehensive plan prepared pursuant to section 1437f of this title adequately and appropriately addresses the rehabilitation needs of the agency’s inventory, (II) residents of the agency are involved in and informed of significant management decisions, and (III) any projects in the agency’s inventory are severely distressed and eligible for assistance pursuant to section 1437v of this title.

(iii) An independent assessment under this subparagraph shall be carried out by a team of knowledgeable individuals selected by the Secretary (referred to in this section as the ‘assessment team’) with expertise in public housing and real estate management. In conducting an assessment, the assessment team shall consult with the residents and with public and private entities in the jurisdiction in which the public housing is located. The assessment team shall provide to the Secretary and the public housing agency a written report, which shall contain, at a minimum, recommendations for such management improvements as are necessary to eliminate or substantially remedy existing deficiencies.

(C) The Secretary shall seek to enter into an agreement with each troubled public housing agency, after reviewing the report submitted pursuant to subparagraph (B) (if applicable) and consulting with the agency’s assessment team. Such agreement shall set forth—

(i) targets for improving performance as measured by the performance indicators specified under paragraph (1) and other requirements within a specified period of time;

(ii) strategies for meeting such targets, including a description of the technical assistance that the Secretary will make available to the agency; and

(iii) incentives or sanctions for effective implementation of such strategies, which may include any constraints on the use of funds that the Secretary determines are appropriate.

To the extent the Secretary deems appropriate (taking into account an agency’s performance under the indicators specified under paragraph (1)), such agreement shall also set forth a plan for enhancing resident involvement in the management of the public housing agency. The Secretary and the public housing agency shall, to the maximum extent practicable, seek the assistance of local public and private entities in carrying out the agreement.

(D) The Secretary shall apply the provisions of this paragraph to resident management corporations as well as public housing agencies.

(3) (A) Notwithstanding any other provision of law or of any contract for contributions, upon the occurrence of events or conditions that constitute a substantial default by a public housing agency with respect to the covenants or conditions to which the public housing agency is subject or an agreement entered into under paragraph (2), the Secretary may—

(i) solicit competitive proposals from other public housing agencies and private housing management agents which (I) in the discretion of the Secretary, may be selected by existing public housing residents through administrative procedures established by the Secretary, and (II) if appropriate, shall provide for such agents to manage all, or part, of the housing administered by the public housing agency or all or part of the other programs of the agency;

(ii) petition for the appointment of a receiver (which may be another public housing agency or a private management corporation) of the public housing agency to any district court of the United States or to any court of the State in which the real property of the public housing agency is situated, that is authorized to appoint a receiver for the purposes and having the powers prescribed in this subsection;

(iii) solicit competitive proposals from other public housing agencies and private entities with experience in construction management in the eventuality that such agencies or firms may be needed to oversee implementation of assistance made available from the Capital Fund under section 1437g(d) of this title for the housing; and

(iv) take possession of all or part of the public housing agency, including all or part of any project or program of the agency, including any project or program under any other provision of this subchapter; and

(v) require the agency to make other arrangements acceptable to the Secretary and in the best interests of the public housing residents and families assisted under section 1437f of this title for managing all, or part, of the public housing administered by the agency or of the programs of the agency.

Residents of a public housing agency designated as troubled pursuant to paragraph (2)(A) may petition the Secretary in writing to take 1 or more of the actions referred to in this subparagraph. The Secretary shall respond to such petitions in a timely manner with a written description of the actions, if any, the Secretary plans to take and, where applicable, the reasons why such actions differ from the course proposed by the residents.

(B)(i) If a public housing agency is identified as troubled under this subsection, the Secretary shall notify the agency of the troubled status of the agency.

(ii)(I) Upon the expiration of the 1-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), by at least 50 percent of the difference between the most recent performance and

measurement and the measurement necessary to remove that agency’s designation as troubled.

(II) Upon the expiration of the 2-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), such that the agency is no longer designated as troubled.

(III) In the event that a public housing agency designated as troubled under this subsection fails to comply with the requirements set forth in subclause (I) or (II), the Secretary shall—

(aa) in the case of a troubled public housing agency with 1,250 or more units, petition for the appointment of a receiver pursuant to subparagraph (A)(i); or

(bb) in the case of a troubled public housing agency with fewer than 1,250 units, either petition for the appointment of a receiver pursuant to subparagraph (A)(ii), or take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

This subparagraph shall not be construed to limit the courses of action available to the Secretary under subparagraph (A).

(IV) During the period between the date on which a petition is filed under subclause (II)(aa) and the date on which a receiver assumes responsibility for the management of the public housing agency under such subclause, the Secretary may take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(ii), or take possession of the public housing agency (including all or part of any project or program of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities; and

(C) If a receiver is appointed pursuant to subparagraph (A)(ii), in addition to the powers accorded by the court appointing the receiver, the receiver—

(i) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the receiver’s written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default.

(ii) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities; and

(iii) if determined to be appropriate by the Secretary, may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(iv) if determined to be appropriate by the Secretary, may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies; and

(v) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil rights), procurement, or financial or administrative controls that, in the receiver’s written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default.

(D)(i) If, pursuant to subparagraph (A)(iv), the Secretary takes possession of all or part of the public housing agency, including all or part of any project or program of the agency, the Secretary—

(I) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the written determination of the Secretary (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the Secretary determines that reasonable efforts to renegotiate such contract have failed;

(II) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities; and

(iii) may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(IV) may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies;

(V) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil rights), procurement, or financial or administrative controls that, in the Secretary’s written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default; and

(VI) shall, without any action by a district court of the United States, have such additional authority as a district court of the United States would have the authority to confer upon a receiver to achieve the purposes of the receivership.

(ii) If, pursuant to subparagraph (B)(ii)(III)(bb), the Secretary appoints an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency), the Secretary may delegate to the administra-
An administrative receiver may not take an action described in subclause (III) or (IV) of clause (i) unless the Secretary first approves an application by the administrative receiver to authorize such action.

(E) The Secretary may make available to receivers and other entities selected or appointed pursuant to this paragraph such assistance as the Secretary determines in the discretion of the Secretary is necessary and available to remedy the substantial deterioration of living conditions in individual public housing projects or other related emergencies that endanger the health, safety, and welfare of public housing residents or families assisted under section 1437f of this title. A decision made by the Secretary under this paragraph shall not be subject to review in any court of the United States, or in any court of any State, territory, or possession of the United States.

(F) In any proceeding under subparagraph (A)(ii), upon a determination that a substantial default has occurred and without regard to the availability of alternative remedies, the court shall appoint a receiver to conduct the affairs of all or part of the public housing agency in a manner consistent with this chapter and in accordance with such further terms and conditions as the court may provide. The receiver appointed may be another public housing agency, a private management corporation, or any other person or appropriate entity. The court shall have power to grant appropriate temporary or preliminary relief pending final disposition of the petition by the Secretary.

(G) The appointment of a receiver pursuant to this paragraph may be terminated, upon the petition of any party, when the court determines that all defaults have been cured or the public housing agency is capable again of discharging its duties.

(H) If the Secretary (or an administrative receiver appointed by the Secretary) takes possession of a public housing agency (including all or part of any project or program of the agency), or if a receiver is appointed by a court, the Secretary or receiver shall be deemed to be acting not in the official capacity of that person or entity, but rather in the capacity of the public housing agency, and any liability incurred, regardless of whether the incident giving rise to that liability occurred while the Secretary or receiver was in possession of all or part of the public housing agency (including all or part of any project or program of the agency), shall be the liability of the public housing agency.

(4) SANCTIONS FOR IMPROPER USE OF AMOUNTS.—

(A) IN GENERAL.—In addition to any other actions authorized under this chapter if the Secretary finds that a public housing agency receiving assistance amounts under section 1437g of this title for public housing has failed to comply substantially with any provision of this chapter relating to the public housing program, the Secretary may—

(i) terminate assistance payments under this § section 1437g of this title to the agency;

(ii) withhold from the agency amounts from the total allocations for the agency pursuant to section 1437g of this title;

1996—Subsec. (b). Pub. L. 104-276 struck out heading and text of subsec. (b). Text read as follows: "The provisions of this section shall not apply with respect to low-income housing developed or operated pursuant to a contract between the Secretary and an Indian housing authority,".

1996—Pub. L. 104-330, §501(b)(4), which directed amendment of "subsection 7" of the United States Housing Act of 1937, probably meaning this section, by striking subsec. (i), could not be executed because this section does not contain a subsec. (i).

Pub. L. 104-120 amended section generally, restating former subsecs. (a) to (g) relating to designated housing as subsecs. (a) to (h) relating to designated housing for elderly and disabled families.

Subsec. (a)(2). Pub. L. 104-99, which directed the temporary amendment of par. (2) by substituting "in accordance with the written system of preferences for selection established pursuant to" for "according to the preferences for occupancy under", could not be executed because of the amendment by Pub. L. 104-120 which amended section generally retrospective to Oct. 1, 1995. See Effective and Termination Dates of 1996 Amendments note below.

1992—Pub. L. 105-550 amended section generally, substituting present provisions for provisions relating to and defining "congregate housing" and providing for design, development, and acquisition of congregate housing for displaced or elderly families, limiting on amounts for contracts for congregate housing, and costs for central dining facilities.

1988—Pub. L. 100-242 struck out "annual" before contributions" in proviso.

1978—Pub. L. 95-557 substituted "(1) low-rent housing which, as of January 1, 1979, was built or under construction, with which there is a central dining facility where wholesome and economical meals can be served to such occupants; or (2) low-rent housing constructed after, but not under construction after, January 1, 1979, connected with which there is a central dining facility to provide wholesome and economical meals for such occupants. Such occupants of congregate housing may also be provided with other supportive services appropriate to their needs under title IV of the Housing and Community Development Amendments of 1976 for low-income housing (A) in which some or all of the dwelling units do not have kitchen facilities, and (B) connected with which there is a central dining facility to provide wholesome and economical meals for elderly and disabled families under terms and conditions prescribed by the public housing agency to permit a generally self-supporting operation".

Amendment by Pub. L. 104-120 to be construed to have become effective Oct. 1, 1995, notwithstanding the effective date of any regulations issued by Secretary of Housing and Urban Development to implement amendments by sections 9 and 10 of Pub. L. 104-120 or any failure by Secretary to issue any such regulations, see section 13 of Pub. L. 104-120, set out as a note under section 1437d of this title.

Amendment by Pub. L. 102-550 not applicable with respect to lower income housing developed or operated pursuant to contract between Secretary of Housing and Urban Development and Indian housing authority, see section 626 of Pub. L. 102-550, set out as a note under section 1437a of this title.

§ 1437f. Low-income housing assistance

(a) Authorization for assistance payments

For the purpose of aiding low-income families in obtaining a decent place to live and of promoting economically mixed housing, assistance payments may be made with respect to existing housing in accordance with the provisions of this section.

(b) Other existing housing programs

(1) IN GENERAL.—The Secretary is authorized to enter into annual contributions contracts
with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners of existing dwelling units in accordance with this section. In areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section, the Secretary is authorized to enter into such contracts and to perform the other functions assigned to a public housing agency by this section.

(2) The Secretary is authorized to enter into annual contributions contracts with public housing agencies for the purpose of replacing public housing transferred in accordance with subchapter II–A of this chapter. Each contract entered into under this subsection shall be for a term of not more than 60 months.

(c) Contents and purposes of contracts for assistance payments; amount and scope of monthly assistance payments

(1)(A) An assistance contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically but not less than annually for existing or newly constructed rental dwelling units of various sizes and types in the market area suitable for occupancy by persons assisted under this section, except that the maximum monthly rent may exceed the fair market rental (A) by more than 10 but not more than 20 per centum where the Secretary determines that special circumstances warrant such higher maximum rent or that such higher rent is necessary to the implementation of a housing strategy as defined in section 12705 of this title, or (B) by such higher amount as may be requested by a tenant and approved by the public housing agency in accordance with paragraph (3)(B). In the case of newly constructed and substantially rehabilitated units, the exception in the preceding sentence shall not apply to more than 20 per centum of the total amount of authority to enter into annual contributions contracts for such units which is allocated to an area and obligated with respect to any fiscal year beginning on or after October 1, 1980. Each fair market rental in effect under this subsection shall be adjusted to be effective on October 1 of each year to reflect changes, based on the most recent available data trended so the rentals will be current for the year to which they apply, of rents for existing or newly constructed rental dwelling units, as the case may be, of various sizes and types in the market area suitable for occupancy by persons assisted under this section. Notwithstanding any other provision of this section, after October 12, 1977, the Secretary shall prohibit high-rise elevator projects for families with children unless there is no practical alternative. If units assisted under this section are exempt from local rent control while they are so assisted or otherwise, the maximum monthly rent for such units shall be reasonable in comparison with other units in the market area that are exempt from local rent control.

(B) Fair market rentals for an area shall be published not less than annually by the Secretary on the site of the Department on the World Wide Web and in any other manner specified by the Secretary. Notice that such fair market rentals are being published shall be published in the Federal Register, and such fair market rentals shall become effective no earlier than 30 days after the date of such publication. The Secretary shall establish a procedure for public housing agencies and other interested parties to comment on such fair market rentals and to request, within a time specified by the Secretary, reevaluation of the fair market rentals in a jurisdiction before such rentals become effective. The Secretary shall cause to be published for comment in the Federal Register notices of proposed material changes in the methodology for estimating fair market rentals and notices specifying the final decisions regarding such proposed substantial methodological changes and responses to public comments.

(2)(A) The assistance contract shall provide for adjustment annually or more frequently in the maximum monthly rents for units covered by the contract to reflect changes in the fair market rentals established in the housing area for similar types and sizes of dwelling units or, if the Secretary determines, on the basis of a reasonable formula. However, where the maximum monthly rent, for a unit in a new construction, substantial rehabilitation, or moderate rehabilitation project, to be adjusted using an annual adjustment factor exceeds the fair market rental for an existing dwelling unit in the market area, the Secretary shall adjust the rent only to the extent that the owner demonstrates that the adjusted rent would not exceed the rent for an unassisted unit of similar quality, type, and age in the same market area, as determined by the Secretary. The immediately foregoing sentence shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. Except for assistance under the certificate program, 0.01 shall be subtracted from the amount of the annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than 1.0. In the case of assistance under the certificate program, 0.01 shall be subtracted from the amount of the annual adjustment factor (except that the factor shall not be reduced to less than 1.0), and the adjusted rent shall not exceed the rent for a comparable unassisted unit of similar quality, type, and age in the market area. The immediately foregoing two sentences shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. In establishing annual adjustment factors for units in new construction and substantial rehabilitation projects, the Secretary shall take
into account the fact that debt service is a fixed expense. The immediately foregoing sentence shall be effective only during fiscal year 1998.

(B) The contract shall further provide for the Secretary to make additional adjustments in the maximum monthly rent for units under contract to the extent he determines such adjustments are necessary to reflect in the actual and necessary expenses of owning and maintaining the units which have resulted from substantial general increases in real property taxes, utility rates, or similar costs which are not adequately compensated for by the adjustment in the maximum monthly rent authorized by subparagraph (A). The Secretary shall make additional adjustments in the maximum monthly rent for units under contract (subject to the availability of appropriations for contract amendments) to the extent the Secretary determines such adjustments are necessary to reflect increases in the actual and necessary expenses of owning and maintaining the units that have resulted from the expiration of a real property tax exemption. Where the Secretary determines that a project assisted under this section is located in a community where drug-related criminal activity is generally prevalent and the project’s operating, maintenance, and capital repair expenses have been substantially increased primarily as a result of the prevalence of such drug-related activity, the Secretary may (at the discretion of the Secretary and subject to the availability of appropriations for contract amendments for this purpose), on a project by project basis, provide adjustments to the maximum monthly rents, to a level no greater than 120 percent of the project rents, to cover the costs of maintenance, security, capital repairs, and reserves required for the owner to carry out a strategy acceptable to the Secretary for addressing the problem of drug-related criminal activity. Any rent comparability standard required under this paragraph may be waived by the Secretary to so implement the preceding sentence. The Secretary may (at the discretion of the Secretary and subject to the availability of appropriations for contract amendments), on a project by project basis for projects receiving project-based assistance, provide adjustments to the maximum monthly rents to cover the costs of evaluating and reducing lead-based paint hazards, as defined in section 4851b of this title.

(C) Adjustments in the maximum rents under subparagraphs (A) and (B) shall not result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, as determined by the Secretary. In implementing the limitation established under the preceding sentence, the Secretary shall establish regulations for conducting comparability studies for projects where the Secretary has reason to believe that the application of the formula adjustments under subparagraph (A) would result in such material differences. The Secretary shall conduct such studies upon the request of any owner of any project, or as the Secretary determines to be appropriate by establishing, to the extent practicable, a modified annual adjustment factor for such market area, as the Secretary shall designate, that is geographically smaller than the applicable housing area used for the establishment of the annual adjustment factor under subparagraph (A). The Secretary shall establish such modified annual adjustment factor on the basis of the results of a study conducted by the Secretary of the rents charged, and any change in such rents over the previous year, for assisted units and unassisted units of similar quality, type, and age in the smaller market area. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units. If the Secretary or appropriate State agency does not complete and submit to the project owner a comparability study not later than 60 days before the anniversary date of the assistance contract under this section, the automatic annual adjustment factor shall be applied. The Secretary may not reduce the contract rents in effect on or after April 15, 1987, for newly constructed, substantially rehabilitated, or substantially rehabilitated projects assisted under this section (including projects assisted under this section as in effect prior to November 30, 1983), unless the project has been refinanced in a manner that reduces the periodic payments of the owner. Any maximum monthly rent that has been reduced by the Secretary after April 14, 1987, and prior to November 7, 1988, shall be restored to the maximum monthly rent in effect on April 15, 1987. For any project which has had its maximum monthly rents reduced after April 14, 1987, the Secretary shall make assistance payments (from amounts reserved for the original contract) to the owner of such project in an amount equal to the difference between the maximum monthly rents in effect on April 15, 1987, and the reduced maximum monthly rents, multiplied by the number of months that the reduced maximum monthly rents were in effect.

(3) The amount of the monthly assistance payment with respect to any dwelling unit shall be the difference between the maximum monthly rent which the contract provides that the owner is to receive for the unit and the rent the family is required to pay under section 1437a(a) of this title. Reviews of family income shall be made no less frequently than annually.

(4) The assistance contract shall provide that assistance payments may be made only with respect to a dwelling unit under lease for occupancy by a family determined to be a lower income family at the time it initially occupied such dwelling unit, except that such payments may be made with respect to unoccupied units for a period not exceeding sixty days (A) in the event that a family vacates a dwelling unit before the expiration date of the lease for occupancy or (B) where a good faith effort is being made to fill an unoccupied unit, and, subject to the provisions of the following sentence, such payments may be made, in the case of a newly
(d) Required provisions and duration of contracts for assistance payments; waiver of limitation

(1) Contracts to make assistance payments entered into by a public housing agency with an owner of existing housing units shall provide (with respect to any unit) that—

(A) the selection of tenants shall be the function of the owner, subject to the annual contributions contract between the Secretary and the agency, except that with respect to the certificate and moderate rehabilitation programs only, for the purpose of selecting families to be assisted, the public housing agency may establish local preferences, consistent with the public housing agency plan submitted under section 1437c–1 of this title by the public housing agency;

(B)(i) the lease between the tenant and the owner shall be for at least one year or the term of such contract, whichever is shorter, and shall contain other terms and conditions specified by the Secretary;

(ii) during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable Federal, State, or local law, or for other good cause;

(iii) during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant’s household, or any guest or other person under the tenant’s control, shall be cause for termination of tenancy;

(iv) any termination of tenancy shall be preceded by the owner’s provision of written notice to the tenant specifying the grounds for such action; and

(v) it shall be cause for termination of the tenancy of a tenant if such tenant—

(I) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individual flees, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or

(II) is violating a condition of probation or parole imposed under Federal or State law;

(C) maintenance and replacement (including redecoration) shall be in accordance with the standard practice for the building concerned as established by the owner and agreed to by the agency; and

(D) the agency and the owner shall carry out such other appropriate terms and conditions as may be mutually agreed to by them.

(2)(A) Each contract for an existing structure entered into under this section shall be for a term of not less than one month nor more than

constructed or substantially rehabilitated project, after such sixty-day period in an amount equal to the debt service attributable to such an unoccupied dwelling unit for a period not to exceed one year, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. No such payment may be made after such sixty-day period if the Secretary determines that the dwelling unit is in a project which provides the owner with revenues exceeding the costs incurred by such owner with respect to such project.

(5) The Secretary shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.

(6) Redesignated (5).

(8)(A) Not less than one year before termination of any contract under which assistance payments are received under this section, other than a contract for tenant-based assistance under this section, an owner shall provide written notice to the Secretary and the tenants involved of the proposed termination. The notice shall include a statement that, if the Congress makes funds available, the owner and the Secretary may agree to a renewal of the contract, thus avoiding termination, and that in the event of termination the Department of Housing and Urban Development will provide tenant-based rental assistance to all eligible residents, enabling them to choose the place they wish to rent, which is likely to include the dwelling unit in which they currently reside. Any contract covered by this paragraph that is renewed may be renewed for a period of up to 1 year or any number or years, with payments subject to the availability of appropriations for any year.

(B) In the event the owner does not provide the notice required, the owner may not evict the tenants or increase the tenants’ rent payment until such time as the owner has provided the notice and 1 year has elapsed. The Secretary may allow the owner to renew the terminating contract for a period of time sufficient to give tenants 1 year of advance notice under such terms and conditions as the Secretary may require.

(C) Any notice under this paragraph shall also comply with any additional requirements established by the Secretary.

(D) For purposes of this paragraph, the term “termination” means the expiration of the assistance contract or an owner’s refusal to renew the assistance contract, and such term shall include termination of the contract for business reasons.
one hundred and eighty months. The Secretary shall permit public housing agencies to enter into contracts for assistance payments of less than 12 months duration in order to avoid disruption in assistance to eligible families if the annual contributions contract is within 1 year of its expiration date.

(B)(i) In determining the amount of assistance provided under an assistance contract for project-based assistance under this paragraph or a contract for assistance for housing constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983), the Secretary may consider and annually adjust, with respect to such project, for the cost of employing or otherwise retaining the services of one or more service coordinators under section 661 of the Housing and Community Development Act of 1992 [42 U.S.C. 13631] to coordinate the provision of any services within the project for residents of the project who are elderly or disabled families.

(ii) The budget authority available under section 1437(c) of this title for assistance under this section is authorized to be increased by $15,000,000 on or after October 1, 1993, and by $15,000,000 on or after October 1, 1998. Amounts made available under this subparagraph shall be used to provide additional amounts under annual contributions contracts for assistance under this section which shall be made available through assistance contracts only for the purpose of providing service coordinators under clause (i) for projects receiving project-based assistance under this paragraph and to provide additional amounts under contracts for assistance for projects constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983) only for such purpose.

(C) An assistance contract for project-based assistance under this paragraph shall provide that the owner shall ensure and maintain compliance with subtitle C of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13601 et seq.] and any regulations issued under such subtitle.

(D) An owner of a covered section 8 [42 U.S.C. 1437f] housing project (as such term is defined in section 659 of the Housing and Community Development Act of 1992 [42 U.S.C. 13611 et seq.]) may give preference for occupancy of dwelling units in the project, and reserve units for occupancy, in accordance with subtitle D of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13611 et seq.]

(E) Notwithstanding any other provision of law, with the approval of the Secretary the public housing agency administering a contract under this section with respect to existing housing units may exercise all management and maintenance responsibilities with respect to those units pursuant to a contract between such agency and the owner of such units.

(4) A public housing agency that serves more than one unit of general local government may, at the discretion of the agency, in allocating assistance under this section, give priority to disabled families that are not elderly families.

(5) CALCULATION OF LIMIT.—Any contract entered into under section 514 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 shall be excluded in computing the limit on project-based assistance under this section.

(6) TREATMENT OF COMMON AREAS.—The Secretary may not provide any assistance amounts pursuant to an existing contract for project-based assistance under this section for a housing project and may not enter into a new or renewal contract for such assistance for a project unless the owner of the project provides consent, to such local law enforcement agencies as the Secretary determines appropriate, for law enforcement officers of such agencies to enter common areas of the project at any time and without advance notice upon a determination of probable cause by such officers that criminal activity is taking place in such areas.

(e) Restrictions on contracts for assistance payments

(1) Nothing in this chapter shall be deemed to prohibit an owner from pledging, or offering as security for any loan or obligation, a contract for assistance payments entered into pursuant to this section: Provided, That such security is in connection with a project constructed or rehabilitated pursuant to authority granted in this section, and the terms of the financing or any refinancing have been approved by the Secretary.

(2) the terms “rent” or “rental” mean, with respect to members of a cooperative, the charges under the occupancy agreements between such members and the cooperative;

(3) the term “debt service” means the required payments for principal and interest made with respect to a mortgage secured by housing assisted under this chapter;

(4) the term “participating jurisdiction” means a State or unit of general local government designated by the Secretary to be a participating jurisdiction under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.];

that is not project-based assistance and that provides for the eligible family to select suitable housing and to move to other suitable housing.

(g) Regulations applicable for implementation of assistance payments

Notwithstanding any other provision of this chapter, assistance payments under this section may be provided, in accordance with regulations prescribed by the Secretary, with respect to some or all of the units in any project approved pursuant to section 1701a of title 12.

(h) Nonapplicability of inconsistent provisions to contracts for assistance payments

Sections 1437c(e) and 1437d of this title (except as provided in section 1437d(j)(3) of this title), and any other provisions of this chapter which are inconsistent with the provisions of this section shall not apply to contracts for assistance entered into under this section.

(i) Receipt of assistance by public housing agency under other law not to be considered

The Secretary may not consider the receipt by a public housing agency of assistance under section 811(b)(1) of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 8013(b)(1)], or the amount received, in approving assistance for the agency under this section or determining the amount of such assistance to be provided.

(k) Verification of income

The Secretary shall establish procedures which are appropriate and necessary to assure that income data provided to public housing agencies and owners by families applying for or receiving assistance under this section is complete and accurate. In establishing such procedures, the Secretary shall randomly, regularly, and periodically select a sample of families to authorize the Secretary to obtain information on these families for the purpose of income verification, or to allow those families to provide such information themselves. Such information may include, but is not limited to, data concerning unemployment compensation and Federal income taxation and data relating to benefits made available under the Social Security Act [42 U.S.C. 301 et seq.], the Food and Nutrition Act of 2008 [7 U.S.C. 2011 et seq.], or title 38. Any such information received pursuant to this subsection shall remain confidential and shall be used only for the purpose of verifying incomes in order to determine eligibility of families for benefits (and the amount of such benefits, if any) under this section.

(o) Voucher program

(1) Authority

(A) In general

The Secretary may provide assistance to public housing agencies for tenant-based assistance using a payment standard established in accordance with subparagraph (B). The payment standard shall be used to determine the monthly assistance that may be paid for any family, as provided in paragraph (2).

(B) Establishment of payment standard

Except as provided under subparagraph (D), the payment standard for each size of dwelling unit in a market area shall not exceed 110 percent of the fair market rental established under subsection (c) for the same size of dwelling unit in the same market area and shall be not less than 90 percent of that fair market rental, except that no public housing agency shall be required as a result of a reduction in the fair market rental to reduce the payment standard applied to a family continuing to reside in a unit for which the family was receiving assistance under this section at the time the fair market rental was reduced. The Secretary shall allow public housing agencies to request exception payment standards within fair market rental areas subject to criteria and procedures established by the Secretary.

(C) Set-aside

The Secretary may set aside not more than 5 percent of the budget authority made available for assistance under this subsection as an adjustment pool. The Secretary shall use amounts in the adjustment pool to make adjusted payments to public housing agencies under subparagraph (A), to ensure continued affordability. If the Secretary determines that additional assistance for such purpose is necessary, based on documentation submitted by a public housing agency.

(D) Approval

The Secretary may require a public housing agency to submit the payment standard of the public housing agency to the Secretary for approval, if the payment standard is less than 90 percent of the fair market rental or exceeds 110 percent of the fair market rental, except that a public housing agency may establish a payment standard of not more than 120 percent of the fair market rent in a market area if necessary as a reasonable accommodation for a person with a disability, without approval of the Secretary. A public housing agency may use a payment standard that is greater than 120 percent of the fair market rent as a reasonable accommodation for a person with a disability, but only with the approval of the Secretary. In connection with the use of any increased payment standard established or approved pursuant to either of the preceding two sentences as a reasonable accommodation for a person with a disability, the Secretary may not establish additional requirements regarding the amount of adjusted income paid by such person for rent.

(E) Review

The Secretary—

(i) shall monitor rent burdens and review any payment standard that results in a
§ 1437f

(2) Amount of monthly assistance payment

Subject to the requirement under section 1437a(a)(3) of this title (relating to minimum rental amount), the monthly assistance payment for a family receiving assistance under this subsection shall be determined as follows:

(A) Tenant-based assistance; rent not exceeding payment standard

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) does not exceed the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the rent (including the amount allowed for tenant-paid utilities) exceeds the greatest of the following amounts, rounded to the nearest dollar:

(i) 30 percent of the monthly adjusted income of the family.
(ii) 10 percent of the monthly income of the family.
(iii) If the family is receiving payments for welfare assistance from a public agency and a part of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

(B) Tenant-based assistance; rent exceeding payment standard

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) exceeds the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the rent (including the amount allowed for tenant-paid utilities) exceeds the applicable payment standard, if the rent for the family (including the amount allowed for tenant-paid utilities) exceeds the maximum allowed for tenant-paid utilities)

(c) Families receiving project-based assistance

For a family receiving project-based assistance, the rent that the family is required to pay shall be determined in accordance with section 1437a(a)(1) of this title, and the amount of the housing assistance payment shall be determined in accordance with subsection (c)(3) of this section.

(D) Utility allowance

(i) General

In determining the monthly assistance payment for a family under subparagraphs (A) and (B), the amount allowed for tenant-paid utilities shall not exceed the appropriate utility allowance for the family unit size as determined by the public housing agency regardless of the size of the dwelling unit leased by the family.

(ii) Exception for families in including persons with disabilities

Notwithstanding subparagraph (A), upon request by a family that includes a person with disabilities, the public housing agency shall approve a utility allowance that is higher than the applicable amount on the utility allowance schedule if a higher utility allowance is needed as a reasonable accommodation to make the program accessible to and usable by the family member with a disability.

(3) 40 percent limit

At the time a family initially receives tenant-based assistance under this section with respect to any dwelling unit, the total amount that a family may be required to pay for rent may not exceed 40 percent of the monthly adjusted income of the family.

(4) Eligible families

To be eligible to receive assistance under this subsection, a family shall, at the time a family initially receives assistance under this subsection, be a low-income family that is—

(A) a very low-income family;
(B) a family previously assisted under this subchapter;
(C) a low-income family that meets eligibility criteria specified by the public housing agency;
(D) a family that qualifies to receive a voucher in connection with a homeownership program approved under title IV of the Cranston-Gonzalez National Affordable Housing Act; or
(E) a family that qualifies to receive a voucher under section 223 or 226 of the Low-Income Housing Preservation and Resident Homeownership Act of 1990 [12 U.S.C. 4113, 4116].

(5) Reviews of family income

(A) In general

Reviews of family incomes for purposes of this section shall be subject to paragraphs (1), (6), and (7) of section 1437a(a) of this title and to section 3544 of this title.

(B) Procedures

Each public housing agency administering assistance under this subsection shall establish procedures that are appropriate and necessary to ensure that income data provided to the agency and owners by families applying for or receiving assistance from the agency is complete and accurate.

(6) Selection of families and disapproval of owners

(A) Preferences

(i) Authority to establish

Each public housing agency may establish a system for making tenant-based assistance under this subsection available on behalf of eligible families that provides preference for such assistance to eligible families having certain characteristics,
which may include a preference for families residing in public housing who are victims of a crime of violence (as such term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

(ii) Content

Each system of preferences established pursuant to this paragraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437f-1(f) of this title and under the requirements applicable to the comprehensive housing affordability strategy for the relevant jurisdiction.

(B) Selection of tenants

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit(2) shall provide that the screening and selection of families for those units shall be the function of the owner. In addition, the public housing agency may elect to screen applicants for the program in accordance with such requirements as the Secretary may establish. That an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission if the applicant otherwise qualifies for assistance or admission.

(C) PHA disapproval of owners

In addition to other grounds authorized by the Secretary, a public housing agency may elect not to enter into a housing assistance payments contract under this subsection with an owner who refuses, or has a history of refusing, to take action to terminate tenancy for activity engaged in by the tenant, any member of the tenant’s household, any guest, or any other person under the control of any member of the household that—

(i) threatens the health or safety of, or right to peaceful enjoyment of the premises by, other tenants or employees of the public housing agency, owner, or other manager of the housing;

(ii) threatens the health or safety of, or right to peaceful enjoyment of the residences by, persons residing in the immediate vicinity of the premises; or

(iii) is drug-related or violent criminal activity.

(7) Leases and tenancy

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit—

(A) shall provide that the lease between the tenant and the owner shall be for a term of not less than 1 year, except that the public housing agency may approve a shorter term for an initial lease between the tenant and the dwelling unit owner if the public housing agency determines that such shorter term would improve housing opportunities for the tenant and if such shorter term is considered to be a prevailing local market practice;

(B) shall provide that the dwelling unit owner shall offer leases to tenants assisted under this subsection that—

(i) are in a standard form used in the locality by the dwelling unit owner; and

(ii) contain terms and conditions that—

(I) are consistent with State and local law; and

(II) apply generally to tenants in the property who are not assisted under this section;

(C) shall provide that during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable Federal, State, or local law; and for other good cause, and in the case of an owner who is an immediate successor in interest pursuant to foreclosure during the term of the lease vacating the property prior to sale shall not constitute other good cause, except that the owner may terminate the tenancy effective on the date of transfer of the unit to the owner if the owner—

(i) will occupy the unit as a primary residence; and

(ii) has provided the tenant a notice to vacate at least 90 days before the effective date of such notice.;

(D) shall provide that during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any violent or drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant’s household, or any guest or other person under the tenant’s control, shall be cause for termination of tenancy;

(E) shall provide that any termination of tenancy under this subsection shall be preceded by the provision of written notice by the owner to the tenant specifying the grounds for that action, and any relief shall be consistent with applicable State and local law; and

(F) may include any addenda required by the Secretary to set forth the provisions of this subsection. In the case of any foreclosure on any federally-related mortgage loan (as that term is defined in section 2602 of title 12) or on any residential real property in which a recipient of assistance under this subsection resides, the immediate successor in interest in such property pursuant to the foreclosure shall assume such interest subject to the lease between the prior owner

and the tenant and to the housing assistance payments contract between the prior owner and the public housing agency for the occupied unit, except that this provision and the provisions related to foreclosure in subparagraph (C) shall not affect any State or local law that provides longer time periods or other additional protections for tenants.

(8) Inspection of units by PHAs

(A) Initial inspection

(i) In general

For each dwelling unit for which a housing assistance payment contract is established under this subsection, the public housing agency (or other entity pursuant to paragraph (11)) shall inspect the unit before any assistance payment is made to determine whether the dwelling unit meets the housing quality standards under subparagraph (B), except as provided in clause (ii) or (iii) of this subparagraph.

(ii) Correction of non-life-threatening conditions

In the case of any dwelling unit that is determined, pursuant to an inspection under clause (i), not to meet the housing quality standards under subparagraph (B), assistance payments may be made for the unit notwithstanding subparagraph (C) if failure to meet such standards is a result only of non-life-threatening conditions, as such conditions are established by the Secretary. A public housing agency making assistance payments pursuant to this clause for a dwelling unit shall, 30 days after the beginning of the period for which such payments are made, withhold any assistance payments for the unit if any deficiency resulting in noncompliance with the housing quality standards has not been corrected by such time. The public housing agency shall recommence assistance payments when such deficiency has been corrected, and may use any payments withheld to make assistance payments relating to the period during which payments were withheld.

(iii) Use of alternative inspection method for interim period

In the case of any property that within the previous 24 months has met the requirements of an inspection that qualifies as an alternative inspection method pursuant to subparagraph (E), a public housing agency may authorize occupancy before the inspection under clause (i) has been completed, and may make assistance payments retroactive to the beginning of the lease term after the unit has been determined pursuant to an inspection under clause (i) to meet the housing quality standards under subparagraph (B). This clause may not be construed to exempt any dwelling unit from compliance with the requirements of subparagraph (D).

(B) Housing quality standards

The housing quality standards under this subparagraph are standards for safe and habitable housing established—

(i) by the Secretary for purposes of this subsection; or

(ii) by local housing codes or by codes adopted by public housing agencies that—

(I) meet or exceed housing quality standards, except that the Secretary may waive the requirement under this subclause to significantly increase access to affordable housing and to expand housing opportunities for families assisted under this subsection, except where such waiver could adversely affect the health or safety of families assisted under this subsection; and

(II) do not severely restrict housing choice.

(C) Inspection

The determination required under subparagraph (A) shall be made by the public housing agency (or other entity, as provided in paragraph (11)) pursuant to an inspection of the dwelling unit conducted before any assistance payment is made for the unit. Inspections of dwelling units under this subparagraph shall be made before the expiration of the 15-day period beginning upon a request by the resident or landlord to the public housing agency or, in the case of any public housing agency that provides assistance under this subsection on behalf of more than 1250 families, before the expiration of a reasonable period beginning upon such request. The performance of the agency in meeting the 15-day inspection deadline shall be taken into consideration in assessing the performance of the agency.

(D) Biennial inspections

(i) Requirement

Each public housing agency providing assistance under this subsection (or other entity, as provided in paragraph (11)) shall, for each assisted dwelling unit, make inspections not less often than biennially during the term of the housing assistance payments contract for the unit to determine whether the unit is maintained in accordance with the requirements under subparagraph (A).

(ii) Use of alternative inspection method

The requirements under clause (i) may be complied with by use of inspections that qualify as an alternative inspection method pursuant to subparagraph (E).

(iii) Records

The public housing agency (or other entity) shall retain the records of the inspection for a reasonable time, as determined by the Secretary, and shall make the records available upon request to the Secretary, the Inspector General for the Department of Housing and Urban Development, and any auditor conducting an audit under section 1437c(h) of this title.

\(^3\) So in original. Probably should be followed by a period.
(iv) **Mixed-finance properties**

The Secretary may adjust the frequency of inspections for mixed-finance properties assisted with vouchers under paragraph (13) to facilitate the use of the alternative inspections in subparagraph (E).

(E) **Alternative inspection method**

An inspection of a property shall qualify as an alternative inspection method for purposes of this subparagraph if—

(i) the inspection was conducted pursuant to requirements under a Federal, State, or local housing program (including the Home Investment Partnership program under title II of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12721 et seq.) and the low-income housing tax credit program under section 42 of title 26); and

(ii) pursuant to such inspection, the property was determined to meet the standards or requirements regarding housing quality or safety applicable to properties assisted under such program, and, if a non-Federal standard or requirement was used, the public housing agency has certified to the Secretary that such standard or requirement provides the same (or greater) protection to occupants of dwelling units meeting such standard or requirement as would the housing quality standards under subparagraph (B).

(F) **Interim inspections**

Upon notification to the public housing agency, by a family (on whose behalf tenant-based rental assistance is provided under this subsection) or by a government official, that the dwelling unit for which such assistance is provided does not comply with the housing quality standards under subparagraph (B), the public housing agency shall inspect the dwelling unit—

(i) in the case of any condition that is life-threatening, within 24 hours after the agency’s receipt of such notification, unless waived by the Secretary in extraordinary circumstances; and

(ii) in the case of any condition that is not life-threatening, within a reasonable time frame, as determined by the Secretary.

(G) **Inspection guidelines**

The Secretary shall establish procedural guidelines and performance standards to facilitate inspections of dwelling units and conform such inspections with practices utilized in the private housing market. Such guidelines and standards shall take into consideration variations in local laws and practices of public housing agencies and shall provide flexibility to authorities appropriate to facilitate efficient provision of assistance under this subsection.

(9) **Vacated units**

If an assisted family vacates a dwelling unit for which rental assistance is provided under a housing assistance payment contract before the expiration of the term of the lease for the unit, rental assistance pursuant to such contract may not be provided for the unit after the month during which the unit was vacated.

(10) **Rent**

(A) **Reasonableness**

The rent for dwelling units for which a housing assistance payment contract is established under this subsection shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted local market.

(B) **Negotiations**

A public housing agency (or other entity, as provided in paragraph (11)) shall, at the request of a family receiving tenant-based assistance under this subsection, assist that family in negotiating a reasonable rent with a dwelling unit owner. A public housing agency (or such other entity) shall review the rent for a unit under consideration by the family (and all rent increases for units under lease by the family) to determine whether the rent (or rent increase) requested by the owner is reasonable. If a public housing agency (or other such entity) determines that the rent (or rent increase) for a dwelling unit is not reasonable, the public housing agency (or other such entity) shall not make housing assistance payments to the owner under this subsection with respect to that unit.

(C) **Units exempt from local rent control**

If a dwelling unit for which a housing assistance payment contract is established under this subsection is exempt from local rent control provisions during the term of that contract, the rent for that unit shall be reasonable in comparison with other units in the market area that are exempt from local rent control provisions.

(D) **Timely payments**

Each public housing agency shall make timely payment of any amounts due to a dwelling unit owner under this subsection. The housing assistance payment contract between the owner and the public housing agency may provide for penalties for the late payment of amounts due under the contract, which shall be imposed on the public housing agency in accordance with generally accepted practices in the local housing market.

(E) **Penalties**

Unless otherwise authorized by the Secretary, each public housing agency shall pay any penalties from administrative fees collected by the public housing agency, except that no penalty shall be imposed if the late payment is due to factors that the Secretary determines are beyond the control of the public housing agency.

(F) **Tax credit projects**

In the case of a dwelling unit receiving tax credits pursuant to section 42 of title 26 or for which assistance is provided under subtitle A of title II of the Cranston Gonzalez

---

5So in original. Probably should be “Cranston-Gonzales”. 
National Affordable Housing Act of 1990 [42 U.S.C. 12741 et seq.], for which a housing assistance contract not subject to paragraph (13) of this subsection is established, rent reasonableness shall be determined as otherwise provided by this paragraph, except that—

(i) comparison with rent for units in the private, unassisted local market shall not be required if the rent is equal to or less than the rent for other comparable units receiving such tax credits or assistance in the project that are not occupied by families assisted with tenant-based assistance under this subsection; and

(ii) the rent shall not be considered reasonable for purposes of this paragraph if it exceeds the greater of—

(A) rent charged to other comparable units receiving such tax credits or assistance in the project that are not occupied by families assisted with tenant-based assistance under this subsection; and

(B) payment standard established by the public housing agency for a unit of the size involved.

(11) Leasing of units owned by PHA

(A) Inspections and rent determinations

If an eligible family assisted under this subsection leases a dwelling unit (other than a public housing dwelling unit) that is owned by a public housing agency administering assistance under this subsection, the Secretary shall require the unit of general local government or another entity approved by the Secretary, to make inspections required under paragraph (8) and rent determinations required under paragraph (10). The agency shall be responsible for any expenses of such inspections and determinations.

(B) Units owned by PHA

For purposes of this subsection, the term “owned by a public housing agency” means, with respect to a dwelling unit, that the dwelling unit is in a project that is owned by such agency, by an entity wholly controlled by such agency, or by a limited liability company or limited partnership in which such agency (or an entity wholly controlled by such agency) holds a controlling interest in the managing member or general partner. A dwelling unit shall not be deemed to be owned by a public housing agency for purposes of this subsection because the agency holds a fee interest as ground lessor in the property on which the unit is situated, holds a security interest under a mortgage or deed of trust on the unit, or holds a non-controlling interest in an entity which owns the unit or in the managing member or general partner of an entity which owns the unit.

(12) Assistance for rental of manufactured housing

(A) In general

A public housing agency may make assistance payments in accordance with this subsection on behalf of a family that utilizes a manufactured home as a principal place of residence. Such payments may be made only for the rental of the real property on which the manufactured home owned by any such family is located.

(B) Rent calculation

(i) Charges included

For assistance pursuant to this paragraph, the rent for the space on which a manufactured home is located and with respect to which assistance payments are to be made shall include maintenance and management charges and tenant-paid utilities.

(ii) Payment standard

The public housing agency shall establish a payment standard for the purpose of determining the monthly assistance that may be paid for any family under this paragraph. The payment standard may not exceed an amount approved or established by the Secretary.

(iii) Monthly assistance payment

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2).

(13) PHA project-based assistance

(A) In general

A public housing agency may use amounts provided under an annual contributions contract under this subsection to enter into a housing assistance payment contract with respect to an existing, newly constructed, or rehabilitated structure, that is attached to the structure, subject to the limitations and requirements of this paragraph.

(B) Percentage limitation

Not more than 20 percent of the funding available for tenant-based assistance under this section that is administered by the agency may be attached to structures pursuant to this paragraph.

(C) Consistency with PHA plan and other goals

A public housing agency may approve a housing assistance payment contract pursuant to this paragraph only if the contract is consistent with—

(i) the public housing agency plan for the agency approved under section 1437c-1 of this title; and

(ii) the goal of deconcentrating poverty and expanding housing and economic opportunities.

(D) Income mixing requirement

(i) In general

Not more than 25 percent of the dwelling units in any project may be assisted under a housing assistance payment contract for project-based assistance pursuant to this paragraph. For purposes of this subparagraph, the term “project” means a single building, multiple contiguous buildings, or multiple buildings on contiguous parcels of land.
(ii) Exceptions

The limitation under clause (i) shall not apply in the case of assistance under a contract for housing consisting of single family properties or for dwelling units that are specifically made available for households comprised of elderly families, disabled families, and families receiving supportive services.

(E) Resident choice requirement

A housing assistance payment contract pursuant to this paragraph shall provide as follows:

(i) Mobility

Each low-income family occupying a dwelling unit assisted under the contract may move from the housing at any time after the family has occupied the dwelling unit for 12 months.

(ii) Continued assistance

Upon such a move, the public housing agency shall provide the low-income family with tenant-based rental assistance under this section or such other tenant-based rental assistance that is subject to comparable income, assistance, rent contribution, affordability, and other requirements, as the Secretary shall provide by regulation. If such rental assistance is not immediately available to fulfill the requirement under the preceding sentence with respect to a low-income family, such requirement may be met by providing the family priority to receive the next voucher or other tenant-based rental assistance amounts that become available under the program used to fulfill such requirement.

(F) Contract term

A housing assistance payment contract pursuant to this paragraph between a public housing agency and the owner of a structure may have a term of up to 15 years, subject to the availability of sufficient appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts and in the agency’s annual contributions contract with the Secretary, and to annual compliance with the inspection requirements under paragraph (8), except that the agency shall not be required to make annual inspections of each assisted unit in the development. The contract may specify additional conditions for its continuation. If the units covered by the contract are owned by the agency, the term of the contract shall be agreed upon by the agency and the unit of general local government or other entity approved by the Secretary in the manner provided under paragraph (11).

(G) Extension of contract term

A public housing agency may enter into a contract with the owner of a structure assisted under a housing assistance payment contract pursuant to this paragraph to extend the term of the underlying housing assistance payment contract for such period as the agency determines to be appropriate to achieve long-term affordability of the housing or to expand housing opportunities. Such contract may, at the election of the public housing agency and the owner of the structure, specify that such contract shall be extended for renewal terms of up to 15 years each, if the agency makes the determination required by this subparagraph and the owner is in compliance with the terms of the contract. Such a contract shall provide that the extension of such term shall be contingent upon the future availability of appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts, and may obligate the owner to have such extensions of the underlying housing assistance payment contract accepted by the owner and the successors in interest of the owner. A public housing agency may agree to enter into such a contract at the time it enters into the initial agreement for a housing assistance payment contract or at any time thereafter that is before the expiration of the housing assistance payment contract.

(H) Rent calculation

A housing assistance payment contract pursuant to this paragraph shall establish rents for each unit assisted in an amount that does not exceed 110 percent of the applicable fair market rental (or any exception payment standard approved by the Secretary pursuant to paragraph (1)(D)), except that if a contract covers a dwelling unit that has been allocated low-income housing tax credits pursuant to section 42 of title 26 and is not located in a qualified census tract (as such term is defined in subsection (d) of such section 42), the rent for such unit may be established at any level that does not exceed the rent charged for comparable units in the building that also receive the low-income housing tax credit but do not have additional rental assistance, except that in the case of a contract unit that has been allocated low-income housing tax credits and for which the rent limitation pursuant to such section 42 is less than the amount that would otherwise be permitted under this subparagraph, the rent for such unit may, in the sole discretion of a public housing agency, be established at the higher section 8 [42 U.S.C. 1437f] rent, subject only to paragraph (10)(A). The rents established by housing assistance payment contracts pursuant to this paragraph may vary from the payment standards established by the public housing agency pursuant to paragraph (1)(B), but shall be subject to paragraph (10)(A).

(I) Rent adjustments

A housing assistance payments contract pursuant to this paragraph shall provide for rent adjustments, except that—

(i) the adjusted rent for any unit assisted shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted, local market and may not exceed the maximum rent permitted under subparagraph (H), except
that the contract may provide that the maximum rent permitted for a dwelling unit shall not be less than the initial rent for the dwelling unit under the initial housing assistance payments contract covering the unit; and
(ii) the provisions of subsection (c)(2)(C) shall not apply.

(J) Tenant selection
A public housing agency shall select families to receive project-based assistance pursuant to this paragraph from its waiting list for assistance under this subsection. Eligibility for such project-based assistance shall be subject to the provisions of section 1437n(b) of this title that apply to tenant-based assistance. The agency may establish preferences or criteria for selection for a unit assisted under this paragraph that are consistent with the public housing agency plan for the agency approved under section 1437c-1 of this title. Any family that rejects an offer of project-based assistance under this paragraph or that is rejected for admission to a structure by the owner or manager of a structure assisted under this paragraph shall retain its place on the waiting list as if the offer had not been made. The owner or manager of a structure assisted under this paragraph shall not admit any family to a dwelling unit assisted under a contract pursuant to this paragraph other than a family referred by the public housing agency from its waiting list. Subject to its waiting list policies and selection preferences, a public housing agency may place on its waiting list a family referred by the owner or manager of a structure and may maintain a separate waiting list for assistance under this paragraph, but only if all families on the agency’s waiting list for assistance under this subsection are permitted to place their names on the separate list.

(K) Vacated units
Notwithstanding paragraph (9), a housing assistance payment contract pursuant to this paragraph may provide as follows:

(i) Payment for vacant units
That the public housing agency may, in its discretion, continue to provide assistance under the contract, for a reasonable period not exceeding 60 days, for a dwelling unit that becomes vacant, but only: (I) if the vacancy was not the fault of the owner of the dwelling unit; and (II) the agency and the owner take every reasonable action to minimize the likelihood and extent of any such vacancy. Rental assistance may not be provided for a vacant unit after the expiration of such period.

(ii) Reduction of contract
That, if despite reasonable efforts of the agency and the owner to fill a vacant unit, no eligible family has agreed to rent the unit within 120 days after the owner has notified the agency of the vacancy, the agency may reduce its housing assistance payments contract with the owner by the amount equivalent to the remaining months of subsidy attributable to the vacant unit. Amounts deobligated pursuant to such a contract provision shall be available to the agency to provide assistance under this subsection.

Eligible applicants for assistance under this subsection may enforce provisions authorized by this subparagraph.

(L) Use in cooperative housing and elevator buildings
A public housing agency may enter into a housing assistance payments contract under this paragraph with respect to—

(i) dwelling units in cooperative housing; and
(ii) notwithstanding subsection (c), dwelling units in a high-rise elevator project, including such a project that is occupied by families with children, without review and approval of the contract by the Secretary.

(M) Reviews

(i) Subsidy layering
A subsidy layering review in accordance with section 3545(d) of this title shall not be required for assistance under this paragraph or that is rejected for admission to a structure by the owner or manager of a structure assisted under this paragraph in the case of a housing assistance payments contract for an existing structure, or if a subsidy layering review has been conducted by the applicable State or local agency.

(ii) Environmental review
A public housing agency shall not be required to undertake any environmental review before entering into a housing assistance payments contract under this paragraph for an existing structure, except to the extent such a review is otherwise required by law or regulation.

(14) Inapplicability to tenant-based assistance
Subsection (c) shall not apply to tenant-based assistance under this subsection.

(15) Homeownership option

(A) In general
A public housing agency providing assistance under this subsection may, at the option of the agency, provide assistance for homeownership under subsection (y).

(B) Alternative administration
A public housing agency may contract with a nonprofit organization to administer a homeownership program under subsection (y).

(16) Rental vouchers for relocation of witnesses and victims of crime

(A) Witnesses
Of amounts made available for assistance under this subsection in each fiscal year, the Secretary, in consultation with the Inspector General, shall make available such sums as may be necessary for the relocation of witnesses in connection with efforts to combat crime in public and assisted housing pursuant to requests from law enforcement or prosecution agencies.
(B) Victims of crime
   (i) In general
   Of amounts made available for assistance under this section in each fiscal year, the Secretary shall make available such sums as may be necessary for the relocation of families residing in public housing who are victims of a crime of violence (as that term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

   (ii) Notice
   A public housing agency that receives amounts under this subparagraph shall establish procedures for providing notice of the availability of that assistance to families that may be eligible for that assistance.

(17) Deed restrictions
   Assistance under this subsection may not be used in any manner that abrogates any local deed restriction that applies to any housing consisting of 1 to 4 dwelling units. This paragraph may not be construed to affect the provisions or applicability of the Fair Housing Act [42 U.S.C. 3601 et seq.].

(18) Rental assistance for assisted living facilities
   (A) In general
   A public housing agency may make assistance payments on behalf of a family that uses an assisted living facility as a principal place of residence and that uses such supportive services made available in the facility as the agency may require. Such payments may be made only for covering costs of rental of the dwelling unit in the assisted living facility and not for covering any portion of the cost of residing in such facility that is attributable to service relating to assisted living.

   (B) Rent calculation
      (i) Charges included
      For assistance pursuant to this paragraph, the rent of the dwelling unit that is an assisted living facility with respect to which assistance payments are made shall include maintenance and management charges related to the dwelling unit and tenant-paid utilities. Such rent shall not include any charges attributable to services relating to assisted living.

      (ii) Payment standard
      In determining the monthly assistance that may be paid under this paragraph on behalf of any family residing in an assisted living facility, the public housing agency shall utilize the payment standard established under paragraph (1), for the market area in which the assisted living facility is located, for the applicable size dwelling unit.

      (iii) Monthly assistance payment
      The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2) (using the rent and payment standard for the dwelling unit as determined in accordance with this subsection), except that a family may be required to pay rent in an amount exceeding 40 percent of the monthly adjusted income of the family by such an amount or percentage that is reasonable given the services and amenities provided and as the Secretary deems appropriate.  

(C) Definition
   For purposes of this paragraph, the term “assisted living facility” has the meaning given that term in section 232(b) of the National Housing Act (12 U.S.C. 1715w(b)), except that such a facility may be contained within a portion of a larger multifamily housing project.

(19) Rental vouchers for Veterans Affairs supported housing program
   (A) Set aside
   Subject to subparagraph (C), the Secretary shall set aside, from amounts made available for rental assistance under this subsection, the amounts specified in subparagraph (B) for use only for providing such assistance through a supported housing program administered in conjunction with the Department of Veterans Affairs. Such program shall provide rental assistance on behalf of homeless veterans who have chronic mental illnesses or chronic substance use disorders, shall require agreement of the veteran to continued treatment for such mental illness or substance use disorder as a condition of receipt of such rental assistance, and shall ensure such treatment and appropriate case management for each veteran receiving such rental assistance.

   (B) Amount
   The amount specified in this subparagraph is—
   (i) for fiscal year 2007, the amount necessary to provide 500 vouchers for rental assistance under this subsection;
   (ii) for fiscal year 2008, the amount necessary to provide 1,000 vouchers for rental assistance under this subsection;
   (iii) for fiscal year 2009, the amount necessary to provide 1,500 vouchers for rental assistance under this subsection;
   (iv) for fiscal year 2010, the amount necessary to provide 2,000 vouchers for rental assistance under this subsection; and
   (v) for fiscal year 2011, the amount necessary to provide 2,500 vouchers for rental assistance under this subsection.

   (C) Funding through incremental assistance
   In any fiscal year, to the extent that this paragraph requires the Secretary to set aside rental assistance amounts for use under this paragraph in an amount that exceeds the amount set aside in the preceding fiscal year, such requirement shall be effective only to such extent or in such amounts
as are or have been provided in appropriation Acts for such fiscal year for incremental rental assistance under this subsection.

(D) Veteran defined

In this paragraph, the term “veteran” has the meaning given that term in section 2002(b) of title 38, United States Code.

(20) Collection of utility data

(A) Publication

The Secretary shall, to the extent that data can be collected cost effectively, regularly publish such data regarding utility consumption and costs in local areas as the Secretary determines will be useful for the establishment of allowances for tenant-paid utilities for families assisted under this subsection.

(B) Use of data

The Secretary shall provide such data in a manner that—

(i) avoids unnecessary administrative burdens for public housing agencies and owners; and

(ii) protects families in various unit sizes and building types, and using various utilities, from high rent and utility cost burdens relative to income.

(p) Shared housing for elderly and handicapped

In order to assist elderly families (as defined in section 1437a(b)(3) of this title who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit assistance provided under the existing housing and moderate rehabilitation programs to be used by such families in such arrangements. In carrying out this subsection, the Secretary shall issue minimum habitability standards for the purpose of assuring decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(q) Administrative fees

(1) Fee for ongoing costs of administration

(A) In general

The Secretary shall establish fees for the costs of administering the tenant-based assistance, certificate, voucher, and moderate rehabilitation programs under this section.

(B) Fiscal year 1999

(i) Calculation

For fiscal year 1999, the fee for each month for which a dwelling unit is covered by an assistance contract shall be—

(I) in the case of a public housing agency that, on an annual basis, is administering a program for not more than 600 dwelling units, 7.65 percent of the base amount; and

(II) in the case of an agency that, on an annual basis, is administering a program for more than 600 dwelling units (aa) for the first 600 units, 7.65 percent of the base amount, and (bb) for any additional dwelling units under the program, 7.0 percent of the base amount.

(ii) Base amount

For purposes of this subparagraph, the base amount shall be the higher of—

(I) the fair market rental established under subsection (c) of this section (as in effect immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998) for fiscal year 1993 for a 2-bedroom existing rental dwelling unit in the market area of the agency, and

(II) the amount that is the lesser of (aa) such fair market rental for fiscal year 1994, or (bb) 103.5 percent of the amount determined under clause (i), adjusted based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary. The Secretary may require that the base amount be not less than a minimum amount and not more than a maximum amount.

(C) Subsequent fiscal years

For subsequent fiscal years, the Secretary shall publish a notice in the Federal Register, for each geographic area, establishing the amount of the fee that would apply for public housing agencies administering the program, based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary.

(D) Increase

The Secretary may increase the fee if necessary to reflect the higher costs of administering small programs and programs operating over large geographic areas.

(E) Decrease

The Secretary may decrease the fee for units owned by a public housing agency to reflect reasonable costs of administration.

(2) Fee for preliminary expenses

The Secretary shall also establish reasonable fees (as determined by the Secretary) for—

(A) the costs of preliminary expenses, in the amount of $500, for a public housing agency, except that such fee shall apply to an agency only in the first year that the agency administers a tenant-based assistance program under this section, and only if, immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, the agency was not administering a tenant-based assistance program under this chapter (as in effect immediately before such effective date), in connection with its initial increment of assistance received;

(B) the costs incurred in assisting families who experience difficulty (as determined by the Secretary) in obtaining appropriate housing under the programs; and
(C) extraordinary costs approved by the Secretary.

(3) Transfer of fees in cases of concurrent geographical jurisdiction

In each fiscal year, if any public housing agency provides tenant-based assistance under this section on behalf of a family who uses such assistance for a dwelling unit that is located within the jurisdiction of such agency but is also within the jurisdiction of another public housing agency, the Secretary shall take such steps as may be necessary to ensure that the public housing agency that provides the services for a family receives all or part of the administrative fee under this section (as appropriate).

(4) Applicability

This subsection shall apply to fiscal year 1999 and fiscal years thereafter.

(5) Supplements for administering assistance for youth aging out of foster care

The Secretary may provide supplemental fees under this subsection to the public housing agency for the cost of administering any assistance for foster youth under subsection (x)(2)(B), in an amount determined by the Secretary, but only if the agency waives for such eligible youth receiving assistance any residency requirement that it has otherwise established pursuant to subsection (r)(1)(B)(i).

(r) Portability

(1) In general.—(A) Any family receiving tenant-based assistance under subsection (o) may receive such assistance to rent an eligible dwelling unit if the dwelling unit to which the family moves is within any area in which a program is being administered under this section.

(B)(i) Notwithstanding subparagraph (A) and subject to any exceptions established under clause (ii) of this subparagraph, a public housing agency may require that any family not living within the jurisdiction of the public housing agency at the time the family applies for assistance from the agency shall, during the 12-month period beginning on the date of initial receipt of housing assistance made available on behalf of the family from such agency, lease and occupy an eligible dwelling unit located within the jurisdiction served by the agency.

(ii) The Secretary may establish such exceptions to the authority of public housing agencies established under clause (i).

(2) The public housing agency having authority with respect to the dwelling unit to which a family moves under this subsection shall have the responsibility of carrying out the provisions of this subsection with respect to the family.

(3) In providing assistance under subsection (o) for any fiscal year, the Secretary shall give consideration to any reduction in the number of resident families incurred by a public housing agency in the preceding fiscal year as a result of the provisions of this subsection. The Secretary shall establish procedures for the compensation of public housing agencies that issue vouchers to families that move into or out of the jurisdiction of the public housing agency under portability procedures. The Secretary may reserve amounts available for assistance under subsection (o) to compensate those public housing agencies.

(4) The provisions of this subsection may not be construed to restrict any authority of the Secretary under any other provision of law to provide for the portability of assistance under this section.

(5) LEASE VIOLATIONS.—A family may not receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has moved out of the assisted dwelling unit of the family in violation of a lease, except that a family may receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has complied with all other obligations of the section 8 [42 U.S.C. 1437f] program and has moved out of the assisted dwelling unit in order to protect the health or safety of an individual who is or has been the victim of domestic violence, dating violence, or stalking and who reasonably believed he or she was immediately threatened by harm from further violence if he or she remained in the assisted dwelling unit.

(s) Prohibition of denial of certificates and vouchers to residents of public housing

In selecting families for the provision of assistance under this section (including subsection (o)), a public housing agency may not exclude or penalize a family solely because the family resides in a public housing project.

(6) Enhanced vouchers

(1) In general

Enhanced voucher assistance under this subsection for a family shall be voucher assistance under subsection (o), except that under such enhanced voucher assistance—

(A) subject only to subparagraph (D), the assisted family shall pay as rent no less than the amount the family was paying on the date of the eligibility event for the project in which the family was residing on such date;

(B) the assisted family may elect to remain in the same project in which the family was residing on the date of the eligibility event for the project, and if, during any period the family makes such an election and continues to so reside, the rent for the dwelling unit of the family in such project exceeds the applicable payment standard established pursuant to subsection (o) for the unit, the amount of rental assistance provided on behalf of the family shall be determined using a payment standard that is equal to the rent for the dwelling unit (as such rent may be increased from time-to-time), subject to paragraph (10)(A) of subsection (o) and any other reasonable limit prescribed by the Secretary, except that a limit shall not be considered reasonable for purposes of this subparagraph if it adversely affects such assisted families.

(C) subparagraph (B) of this paragraph shall not apply and the payment standard for the dwelling unit occupied by the family shall be determined in accordance with subsection (o) if—
(i) the assisted family moves, at any time, from such project; or
(ii) the voucher is made available for use by any family other than the original family on behalf of whom the voucher was provided; and

(D) if the income of the assisted family declines to a significant extent, the percentage of income paid by the family for rent shall not exceed the greater of 30 percent or the percentage of income paid at the time of the eligibility event for the project.

(2) Eligibility event

For purposes of this subsection, the term “eligibility event” means, with respect to a multifamily housing project, the voluntary termination of the insurance contract for the mortgage for such housing project (including any such mortgage prepayment during fiscal year 1996 or a fiscal year thereafter or any insurance contract voluntary termination during fiscal year 1996 or a fiscal year thereafter), the termination or expiration of the contract for rental assistance under this section for such housing project (including any such termination or expiration during fiscal years after fiscal year 1994 prior to the effective date of the Department of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001), or the transaction under which the project is preserved as affordable housing, that, under paragraphs (3) and (4) of section 515(c), section 524(d) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note), as in effect before October 20, 1999.

(4) Authorization of appropriations

There are authorized to be appropriated for each of fiscal years 2000, 2001, 2002, 2003, and 2004 vouchers under this section to ensure that sufficient resources are available to address the physical or economic displacement, or potential economic displacement, of existing tenants pursuant to paragraphs (1) and (2).

(u) Assistance for residents of rental rehabilitation projects

In the case of low-income families living in rental projects rehabilitated under section 1437o of this title or section 1490m of this title before rehabilitation—

1. vouchers under this section shall be made for families who are required to move out of their units because of the physical rehabilitation activities or because of overcrowding;
2. at the discretion of each public housing agency or other agency administering the allocation of assistance or vouchers under this section may be made for families who would have to pay more than 30 percent of their adjusted income for rent after rehabilitation whether they choose to remain in, or to move from, the project; and
3. the Secretary shall allocate assistance for vouchers under this section on behalf of (A) any family (i) who is otherwise eligible for such assistance, and (ii) who the

(3) Allocation

(A) In general

The amounts made available under this subsection shall be allocated by the Secretary through a national competition among applicants based on demonstrated need for the assistance under this subsection. To be considered for assistance, an applicant shall submit to the Secretary a written proposal containing a report from the public child welfare agency serving the jurisdiction of the applicant that describes how a lack of adequate housing in the jurisdiction is resulting in the initial or prolonged separation of children from their families, and how the applicant will coordinate with the public child welfare agency to identify eligible families and provide the families with assistance under this subsection.

(B) Assistance for youth aging out of foster care

Notwithstanding any other provision of law, the Secretary shall, subject only to the availability of funds, allocate such assistance to any public housing agencies that (i) administer assistance pursuant to paragraph (2)(B), or seek to administer such assistance, consistent with procedures established by the Secretary, (ii) have requested such assistance so that they may provide timely assistance to eligible youth, and (iii) have submitted to the Secretary a statement describing how the agency will connect assisted youth with local community resources and self-sufficiency services, to the extent they are available, and obtain referrals from public child welfare agencies regarding youths in foster care who become eligible for such assistance.

(4) Coordination between public housing agencies and public child welfare agencies

The Secretary shall, not later than the expiration of the 180-day period beginning on July 29, 2016, and after consultation with other appropriate Federal agencies, issue guidance to improve coordination between public housing agencies and public child welfare agencies in carrying out the program established under subtitle C of title IV of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11381 et seq.) or that the head of household of a family or youth may be entitled to receive under section 477 of the Social Security Act (42 U.S.C. 677).

(5) Requirements for assistance for youth aging out of foster care

Assistance provided under this subsection for an eligible youth pursuant to paragraph (2)(B) shall be subject to the following requirements:

(A) Requirements to extend assistance

(i) Participation in family self-sufficiency

In the case of a public housing agency that is providing such assistance under this subsection on behalf of an eligible youth and that is carrying out a family self-sufficiency program under section 1437u of this title, the agency shall, subject only to the availability of such assistance, extend the provision of such assistance for up to 24 months beyond the period referred to in paragraph (2)(B), but only during such period that the youth is in compliance with the terms and conditions applicable under section 1437u of this title and the regulations implementing such section to a person participating in a family self-sufficiency program.

(ii) Education, workforce development, or employment

In the case of a public housing agency that is providing such assistance under this subsection on behalf of an eligible youth and that is not carrying out a family self-sufficiency program under section 1437u of this title, or is carrying out such a program in which the youth has been unable to enroll, the agency shall, subject only to the availability of such assistance, extend the provision of such assistance for two successive 12-month periods, after the period referred to in paragraph (2)(B), but only if for not less than 9 months of the 12-month period preceding each such extension the youth was—

(I) engaged in obtaining a recognized postsecondary credential or a secondary school diploma or its recognized equivalent;

(II) enrolled in an institution of higher education, as such term is defined in sec-

(II) a person who is regularly and actively participating in a drug addiction or alcohol treatment and rehabilitation program; or

(III) a person who is incapable of complying with the requirement under clause (i) or (ii), as applicable, due to a documented medical condition.

riations Act, 1996 (42 U.S.C. 1437f note), ex-
cept that in lieu of compliance with clause (i) or (ii) of subparagraph (A) of this para-

quirements as may be established by the agency for persons on whose behalf such rental assistance under this subsection is provided.

(D) Termination of vouchers upon turn-over

A public housing agency shall not reissue any such assistance made available from approp-
riated funds when assistance for the youth initially assisted is terminated, unless specifically authorized by the Secretary.

(E) Reports

(i) In general

The Secretary shall require each public housing agency that provides such assist-
tance under this subsection in any fiscal year to submit a report to the Secretary for such fiscal year that—

(I) specifies the number of persons on whose behalf such assistance under this subsection was provided during such fiscal year;

(II) specifies the number of persons who applied during such fiscal year for such assistance under this subsection, but were not provided such assistance, and provides a brief identification in each instance of the reason why the public housing agency was unable to award such assistance; and

(III) describes how the public housing agency communicated or collaborated with public child welfare agencies to collect such data.

(ii) Information collections

The Secretary shall, to the greatest ex-

(F) Consultation

The Secretary shall consult with the Sec-
retary of Health and Human Services to pro-

retary in informing States and public child welfare agencies on how to correctly and ef-
ficiently implement and comply with the re-
quirements of this subsection relating to as-
sistance provided pursuant to paragraph (2)(B).

(6) Definitions

For purposes of this subsection:

(A) Applicant

The term “applicant” means a public housing agency or any other agency respon-

(y) Homeownership option

(1) Use of assistance for homeownership

A public housing agency providing tenant-based assistance on behalf of an eligible family under this section may provide assistance for an eligible family that purchases a dwelling unit (including a unit under a lease-purchase agreement) that will be owned by 1 or more members of the family, and will be occupied by the family, if the family—

(A) is a first-time homeowner, or owns or is acquiring shares in a cooperative;

(B) demonstrates that the family has income from employment or other sources (other than public assistance, except that the Secretary may provide for the consideration of public assistance in the case of an elderly family or a disabled family), as determined in accordance with requirements established by the public housing agency (or such other amount as may be established by the Secretary);

(C) except as provided by the Secretary, demonstrates at the time the family initially receives tenant-based assistance under this subsection that one or more adult members of the family have achieved employment for the period as the Secretary shall require;

(D) participates in a homeownership and housing counseling program provided by the agency; and

(E) meets any other initial or continuing requirements established by the public housing agency in accordance with requirements established by the Secretary.

(2) Determination of amount of assistance

(A) Monthly expenses not exceeding payment standard

If the monthly homeownership expenses, as determined in accordance with requirements established by the Secretary, do not exceed the payment standard, the monthly assistance payment shall be the amount by which the homeownership expenses exceed the highest of the following amounts, rounded to the nearest dollar:

(i) 30 percent of the monthly adjusted income of the family.

(ii) 10 percent of the monthly income of the family.

(iii) If the family is receiving payments for welfare assistance from a public agency, and a portion of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

(B) Monthly expenses exceed payment standard

If the monthly homeownership expenses, as determined in accordance with requirements established by the Secretary, exceed the payment standard, the monthly assistance payment shall be the amount by which the applicable payment standard exceeds the highest of the amounts under clauses (i), (ii), and (iii) of subparagraph (A).

(3) Inspections and contract conditions

(A) In general

Each contract for the purchase of a unit to be assisted under this section shall—

(i) require the family to provide for pre-purchase inspection of the unit by an independent professional; and

(ii) require that any cost of necessary repairs be paid by the seller.

(B) Annual inspections not required

The requirement under subsection (o)(8)(A)(i) of annual inspections shall not apply to units assisted under this section.

(4) Other authority of the Secretary

The Secretary may—

(A) limit the term of assistance for a family assisted under this subsection; and

(B) modify the requirements of this subsection as the Secretary determines to be necessary to make appropriate adaptations for lease-purchase agreements.

Assistance under this subsection shall not be subject to the requirements of the following provisions:

(A) Subsection (o)(3)(B) of this section.

(B) Subsection (d)(1)(B)(i) of this section.

(C) Any other provisions of this section governing maximum amounts payable to owners and amounts payable by assisted families.

(D) Any other provisions of this section concerning contracts between public housing agencies and owners.

(E) Any other provisions of this chapter that are inconsistent with the provisions of this subsection.

(6) Reversion to rental status

(A) FHA-insured mortgages

If a family receiving assistance under this subsection for occupancy of a dwelling defaults under a mortgage for the dwelling insured by the Secretary under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless the family—

(i) transfers to the Secretary marketable title to the dwelling, (ii) moves from the dwelling within the period established or approved by the Secretary, and (iii) agrees that any amounts the family is required to pay to reimburse the escrow account under section 1437u(d)(3) of this title may be de-
ducted by the public housing agency from the assistance payment otherwise payable on behalf of the family.

(B) Other mortgages

If a family receiving assistance under this subsection defaults under a mortgage not insured under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless it complies with requirements established by the Secretary.

(C) All mortgages

A family receiving assistance under this subsection that defaults under a mortgage may not receive assistance under this subsection for occupancy of another dwelling owned by one or more members of the family.

(7) Downpayment assistance

(A) Authority

A public housing agency may, in lieu of providing monthly assistance payments under this subsection on behalf of a family eligible for such assistance and at the discretion of the public housing agency, provide assistance for the family in the form of a single grant to be used only as a contribution toward the downpayment required in connection with the purchase of a dwelling for fiscal year 2000 and each fiscal year thereafter to the extent provided in advance in appropriations Acts.

(B) Amount

The amount of a downpayment grant on behalf of an assisted family may not exceed the amount that is equal to the sum of the assistance payments that would be made during the first year of assistance on behalf of the family, based upon the income of the family at the time the grant is to be made.

(8) “First-time homeowner” defined

For purposes of this subsection, the term “first-time homeowner” means—

(A) a family, no member of which has had a present ownership interest in a principal residence during the 3 years preceding the date on which the family initially receives assistance for homeownership under this subsection; and

(B) any other family, as the Secretary may prescribe.

(2) Termination of section 1437f contracts and reuse of recaptured budget authority

(1) General authority

The Secretary may reuse any budget authority, in whole or part, that is recaptured on account of expiration or termination of a housing assistance payments contract only for one or more of the following:

(A) Tenant-based assistance

Pursuant to a contract with a public housing agency, to provide tenant-based assistance under this section to families occupying units formerly assisted under the terminated contract.

(B) Project-based assistance

Pursuant to a contract with an owner, to attach assistance to one or more structures under this section, for relocation of families occupying units formerly assisted under the terminated contract.

(2) Families occupying units formerly assisted under terminated contract

Pursuant to paragraph (1), the Secretary shall first make available tenant- or project-based assistance to families occupying units formerly assisted under the terminated contract. The Secretary shall provide project-based assistance in instances only where the use of tenant-based assistance is determined to be infeasible by the Secretary.

(aa) Omitted

(bb) Transfer, reuse, and rescission of budget authority

(1) Transfer of budget authority

If an assistance contract under this section, other than a contract for tenant-based assistance, is terminated or is not renewed, or if the contract expires, the Secretary shall, in order to provide continued assistance to eligible families, including eligible families receiving the benefit of the project-based assistance at the time of the termination, transfer any budget authority remaining in the contract to another contract. The transfer shall be under such terms as the Secretary may prescribe.

(2) Reuse and rescission of certain recaptured budget authority

Notwithstanding paragraph (1), if a project-based assistance contract for an eligible multifamily housing project subject to actions authorized under this subchapter is terminated or amended as part of restructuring under section 517 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, the Secretary shall recapture the budget authority not required for the terminated or amended contract and use such amounts as are necessary to provide housing assistance for the same number of families covered by such contract for the remaining term of such contract, under a contract providing for project-based or tenant-based assistance. The amount of budget authority saved as a result of the shift to project-based or tenant-based assistance shall be rescinded.

1999 and fiscal years thereafter.
(dd) Tenant-based contract renewals

Pub. L. 114–201, title I, § 101(a)(2), (3), (b), July 29, 2016, 130 Stat. 784, 786, provided that, effective upon the issuance of notice or regulations implementing subsection (a) of section 101 of Pub. L. 114–201, subsection (o)(8) of this section is amended as follows:

(1) by redesignating subparagraph (G) as subparagraph (H); and

(2) by inserting after subparagraph (F) the following new subparagraph:

"(G) Enforcement of housing quality standards

"(i) Determination of noncompliance

"A dwelling unit that is covered by a housing assistance payments contract under this subsection shall be considered, for purposes of subparagraphs (D) and (F), to be in noncompliance with the housing quality standards under subparagraph (B) if—

"(I) the public housing agency or an inspector authorized by the State or unit of local government determines upon inspection of the unit that the unit fails to comply with such standards;

"(II) the agency or inspector notifies the owner of the unit in writing of such failure to comply; and

"(III) the failure to comply is not corrected—

"(aa) in the case of any such failure that is a result of life-threatening conditions, within 24 hours after such notice has been provided; and

"(bb) in the case of any such failure that is a result of non-life-threatening conditions, within 30 days after such notice has been provided or such other reasonable longer period as the public housing agency may establish.

"(ii) Withholding of assistance amounts during correction

"The public housing agency may withhold assistance amounts under this subsection with respect to a dwelling unit for which a notice pursuant to clause (i)(II), of failure to comply with housing quality standards under subparagraph (B) as determined pursuant to an inspection conducted under subparagraph (D) or (F), has been provided. If the unit is brought into compliance with such housing quality standards during the periods referred to in clause (i)(III), the public housing agency shall recommence assistance payments and may use any amounts withheld during the correction period to make assistance payments relating to the period during which payments were withheld.

"(iii) Abatement of assistance amounts

"The public housing agency shall abate all of the assistance amounts under this sub-

section with respect to a dwelling unit that is determined, pursuant to clause (i) of this subparagraph, to be in noncompliance with housing quality standards under subparagraph (B). Upon completion of repairs by the public housing agency or the owner sufficient so that the dwelling unit complies with such housing quality standards, the agency shall recommence payments under the housing assistance payments contract to the owner of the dwelling unit.

"(iv) Notification

"If a public housing agency providing assistance under this subsection abates rental assistance payments pursuant to clause (iii) with respect to a dwelling unit, the agency shall, upon commencement of such abatement—

"(I) notify the tenant and the owner of the dwelling unit that—

"(aa) such abatement has commenced; and

"(bb) if the dwelling unit is not brought into compliance with housing quality standards within 60 days after the effective date of the determination of noncompliance under clause (i) or such reasonable longer period as the agency may establish, the tenant will have to move; and

"(II) issue the tenant the necessary forms to allow the tenant to move to another dwelling unit and transfer the rental assistance to that unit.

"(v) Protection of tenants

"An owner of a dwelling unit may not terminate the tenancy of any tenant because of the withholding or abatement of assistance pursuant to this subparagraph. During the period that assistance is abated pursuant to this subparagraph, the tenant may terminate the tenancy by notifying the owner.

"(vi) Termination of lease or assistance payments contract

"If assistance amounts under this section for a dwelling unit are abated pursuant to clause (iii) and the owner does not correct the noncompliance within 60 days after the effective date of the determination of noncompliance under clause (i), or such other reasonable longer period as the public housing agency may establish, the agency shall terminate the housing assistance payments contract for the dwelling unit.

"(vii) Relocation

"(I) Lease of new unit

"The agency shall provide the family residing in such a dwelling unit a period of 90 days or such longer period as the public housing agency determines is reasonably necessary to lease a new unit, beginning upon termination of the contract, to lease a new residence with tenant-based rental assistance under this section.

"(II) Availability of public housing units

"If the family is unable to lease such a new residence during such period, the pub-
lic housing agency shall, at the option of the family, provide such family a preference for occupancy in a dwelling unit of public housing that is owned or operated by the agency that first becomes available for occupancy after the expiration of such period.

“(III) Assistance in finding unit

“The public housing agency may provide assistance to the family in finding a new residence, including use of up to two months of any assistance amounts withheld or abated pursuant to clause (ii) or (iii), respectively, for costs directly associated with relocation of the family to a new residence, which shall include security deposits as necessary and may include reimbursements for reasonable moving expenses incurred by the household, as established by the Secretary. The agency may require that a family receiving assistance for a security deposit shall remit, to the extent of such assistance, the amount of any security deposit refunds made by the owner of the dwelling unit for which the lease was terminated.

“(viii) Tenant-caused damages

“If a public housing agency determines that any damage to a dwelling unit that results in a failure of the dwelling unit to comply with housing quality standards under subparagraph (B), other than any damage resulting from ordinary use, was caused by the tenant, any member of the tenant’s household, or any guest or other person under the tenant’s control, the agency may waive the applicability of this subparagraph, except that this clause shall not exonerate a tenant from any liability otherwise existing under applicable law for damages to the premises caused by such tenant.

“(ix) Applicability

“This subparagraph shall apply to any dwelling unit for which a housing assistance payments contract is entered into or renewed after the date of the effectiveness of the regulations implementing this subparagraph.”

Pub. L. 114–201, title I, §102(e), (f), (h), July 29, 2016, 130 Stat. 791, provided that, effective upon the issuance of notice or regulations implementing section 102 of Pub. L. 114–201, except that such section 102 may only take effect upon the commencement of a calendar year, this section is amended as follows:

(1) by striking “structure” each place such term appears and inserting “project”;

(2) by striking subparagraph (B) and inserting the following new subparagraph:

“(B) Percentage limitation

“(i) In general

“Subject to clause (ii), a public housing agency may use for project-based assistance under this paragraph not more than 20 percent of the authorized units for the agency.

“(ii) Exception

“A public housing agency may use up to an additional 10 percent of the authorized units for the agency for project-based assistance under this paragraph, to provide units that house individuals and families that meet the definition of homeless under section 103 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11302), that house individuals with disabilities or elderly persons, that provide supportive housing to persons with disabilities or elderly persons, that house eligible youths receiving assistance pursuant to subsection (x)(2)(B), or that are located in areas where vouchers under this subsection are difficult to use, as specified in subparagraph (D)(ii)(I). Any units of project-based assistance that are attached to units previously subject to federally required rent restrictions or receiving another type of long-term housing subsidy provided by the Secretary shall not count toward the percentage limitation under clause (i) of this subparagraph. The Secretary may, by regulation, establish additional categories for the exception under this clause.”;

(3) by striking subparagraph (D) and inserting the following new subparagraph:

“(D) Income-mixing requirement

“(i) In general

“Except as provided in clause (ii), not more than the greater of 25 dwelling units or 25 percent of the dwelling units in any project may be assisted under a housing assistance payment contract for project-based assistance pursuant to this paragraph. For purposes of this subparagraph, the term ‘project’ means a single building, multiple contiguous buildings, or multiple buildings on contiguous parcels of land.

“(ii) Exceptions

“(I) Certain families

“The limitation under clause (i) shall not apply to dwelling units assisted under a contract that are exclusively made available to elderly families, to eligible youths receiving assistance pursuant to subsection (x)(2)(B), or to households eligible for supportive services that are made available to the assisted residents of the project, according to standards for such services the Secretary may establish.

“(II) Certain areas

“With respect to areas in which tenant-based vouchers for assistance under this subsection are difficult to use, as determined by the Secretary, and with respect to census tracts with a poverty rate of 20 percent or less, clause (i) shall be applied by substituting ‘40 percent’ for ‘25 percent’, and the Secretary may, by regulation, establish additional conditions.
“(III) Certain contracts

“The limitation under clause (i) shall not apply with respect to contracts or renewal of contracts under which a greater percentage of the dwelling units in a project were assisted under a housing assistance payment contract for project-based assistance pursuant to this paragraph on July 29, 2016.”;

(4) by striking subparagraph (F) and inserting the following new subparagraph:

“(F) Contract term

“(i) Term

“A housing assistance payment contract pursuant to this paragraph between a public housing agency and the owner of a project may have a term of up to 20 years, subject to—

“(I) the availability of sufficient appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriation Acts and in the agency’s annual contributions contract with the Secretary, provided that in the event of insufficient appropriated funds, payments due under contracts under this paragraph shall take priority if other cost-saving measures that do not require the termination of an existing contract are available to the agency; and

“(II) compliance with the inspection requirements under paragraph (8), except that the agency shall not be required to make biennial inspections of each assisted unit in the development.

“(ii) Addition of eligible units

“Subject to the limitations of subparagraphs (B) and (D), the agency and the owner may add eligible units within the same project to a housing assistance payments contract at any time during the term thereof without being subject to any additional competitive selection procedures.

“(iii) Housing under construction or recently constructed

“An agency may enter into a housing assistance payments contract with an owner for any unit that does not qualify as existing housing and is under construction or recently has been constructed whether or not the agency has executed an agreement to enter into a contract with the owner, provided that the owner demonstrates compliance with applicable requirements prior to execution of the housing assistance payments contract. This clause shall not subject a housing assistance payments contract for existing housing under this paragraph to such requirements or otherwise limit the extent to which a unit may be assisted as existing housing.

“(iv) Additional conditions

“The contract may specify additional conditions, including with respect to continuation, termination, or expiration, and shall specify that upon termination or expiration of the contract without extension, each assisted family may elect to use its assistance under this subsection to remain in the same project if its unit complies with the inspection requirements under paragraph (8), the rent for the unit is reasonable as required by paragraph (10)(A), and the family pays its required share of the rent and the amount, if any, by which the unit rent (including the amount allowed for tenant-based utilities) exceeds the applicable payment standard.”;

(5) in subparagraph (G), by striking “15 years” and inserting “20 years”;

(6) by striking subparagraph (I) and inserting the following new subparagraph:

“(I) Rent adjustments

“A housing assistance payments contract pursuant to this paragraph entered into after July 29, 2016, shall provide for annual rent adjustments upon the request of the owner, except that—

“(i) by agreement of the parties, a contract may allow a public housing agency to adjust the rent for covered units using an operating cost adjustment factor established by the Secretary pursuant to section 524(c) of the Multi-family Assisted Housing Reform and Affordability Act of 1997 (which shall not result in a negative adjustment), in which case the contract may require an additional adjustment, if requested, up to the reasonable rent periodically during the term of the contract, and shall require such an adjustment, if requested, upon extension pursuant to subparagraph (G);

“(ii) the adjusted rent shall not exceed the maximum rent permitted under subparagraph (H);

“(iii) the contract may provide that the maximum rent permitted for a dwelling unit shall not be less than the initial rent for the dwelling unit under the initial housing assistance payments contract covering the units; and

“(iv) the provisions of subsection (c)(2)(C) shall not apply.”;

(7) in subparagraph (J)—

(A) in the first sentence, by striking “shall” and inserting “may” and by inserting before the period the following: “or may permit owners to select applicants from site-based waiting lists as specified in this subparagraph”;

(B) by striking the third sentence and inserting the following: “The agency or owner may establish preferences or criteria for selection for
a unit assisted under this paragraph that are consistent with the public housing agency plan for the agency approved under section 1437c–1 of this title and that give preference to families who qualify for voluntary services, including disability-specific services, offered in conjunction with assisted units.; and

(C) by striking the fifth and sixth sentences and inserting the following: "A public housing agency may establish and utilize procedures for owner-occupied site-based waiting lists, under which applicants may apply at, or otherwise designate to the public housing agency, the project or projects in which they seek to reside, except that all eligible applicants on the waiting list of an agency for assistance under this subsection shall be permitted to place their names on such separate list, subject to policies and procedures established by the Secretary. All such procedures shall comply with title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 794 of title 29, and other applicable civil rights laws. The owner or manager of a project assisted under this paragraph shall not admit any family to a dwelling unit assisted under a contract pursuant to this paragraph other than a family referred by the public housing agency from its waiting list, or a family on a site-based waiting list that complies with the requirements of this subparagraph. A public housing agency shall disclose to each applicant all other options in the selection of a project in which to reside that are provided by the public housing agency and are available to the applicant.

(8) in subparagraph (M)(ii), by inserting before the period at the end the following: "relating to funding other than housing assistance payments"; and

(9) by adding at the end the following new subparagraph:

"(N) Structure owned by agency "A public housing agency engaged in an initiative to improve, develop, or replace a public housing property or site may attach assistance to an existing, newly constructed, or rehabilitated structure in which the agency has an ownership interest or which the agency has control of without following a competitive process, provided that the agency has notified the public of its intent through its public housing agency plan and subject to the limitations and requirements of this paragraph.

"(O) Special purpose vouchers "A public housing agency that administers vouchers authorized under subsection (o)(19) or (z) of this section may provide such assistance in accordance with the limitations and requirements of this paragraph, without additional requirements for approval by the Secretary." See 2016 and 2020 Amendment notes below.

Pub. L. 114–201, title I, §112, July 29, 2016, 130 Stat. 803, provided that, effective upon the issuance of notice implementing subsection (a) of section 112 of Pub. L. 114–201, subsection (o)(19) of this section is amended as follows:

(1) in subparagraph (A), by striking the period at the end of the first sentence and all that follows through "of" in the second sentence and inserting "and rents"; and

(2) in subparagraph (B)—

(A) in clause (i), by striking "the rent" and all that follows and inserting the following: "rent shall mean the sum of the monthly payments made by a family assisted under this paragraph to amortize the cost of purchasing the manufactured home, including any required insurance and property taxes, the monthly amount allowed for tenant-paid utilities, and the monthly rent charged for the real property on which the manufactured home is located, including monthly management and maintenance charges.

(B) by striking clause (ii); and

(C) in clause (iii)—

(i) by inserting after the period at the end the following: "If the amount of the monthly assistance payment for a family exceeds the monthly rent charged for the real property on which the manufactured home is located, including monthly management and maintenance charges, a public housing agency may pay the remaining to the family, lender or utility company, or may choose to make a single payment to the family for the entire monthly assistance amount."; and

(ii) by redesignating such clause as clause (ii).

Subsec. (o)(3)(A)(ii). Pub. L. 104-104, § 402(d)(3), (f), temporarily amended subpar. (B) generally. Prior to amendment, subpar. (B) read as follows: “In selecting families to be assisted, preference shall be given to families which, at the time they are seeking assistance, occupy substandard housing (including families that are homeless or living in a shelter for homeless families), are involuntarily displaced (including displacement because of disposition of a multifamily housing project under section 1902-11 of title 12), or are paying more than 50 per centum of family income for rent. A public housing agency may provide for circumstances in which families who do not qualify for any preference established in the preceding sentence are provided assistance under this subsection before families who do qualify for such preference, except that not more than 10 percent (or such higher percentage determined by the Secretary to be necessary to ensure that public housing agencies can assist families in accordance with subsection (u)(2) of this section or determined by the Secretary to be appropriate for other good cause) of the families who initially receive assistance in any 1-year period (or such shorter period selected by the public housing agency before the beginning of its first full year subject to this sentence) may be families who do not qualify for such preference. The public housing agency shall in implementing the preceding sentence establish a system of preferences in writing and after public hearing to respond to local housing needs and priorities which may include provisions assisting very low-income families who either reside in transitional housing assisted under title IV of the Stewart B. McKinney Homeless Assistance Act, or participate in a program designed to provide public assistance recipients with greater access to employment and educational opportunities, (ii) assisting families in accordance with subsection (u)(2) of this section; (iii) assisting families identified by local public agencies involved in providing for the welfare of children as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care, or in preventing the discharge of a child from foster care and reunification and his or her family; (iv) assisting youth, upon discharge from foster care, in cases in which return to the family or extended family or adoption is not available; (v) assisting veterans who are eligible and have applied for assistance, will use the assistance for a dwelling unit designed for the handicapped, and, upon discharge or eligibility for discharge from a hospital or nursing home, have physical disability which, because of the configuration of their homes, prevents them from access to or use of their homes; and (vi) achieving other objectives of national housing policy as affirmed by Congress. Any individual or family evicted from housing assisted under the chapter by reason of drug-related criminal activity (as defined in subsection (h)(5) of this section) shall not be eligible for a preference under any provision of this subparagraph for 3 years unless the evicted tenant successfully completes a rehabilitation program approved by the Secretary (which shall include waiver for any member of a family of an individual prohibited from tenancy under this clause who the agency determines clearly did not participate in and had no knowledge of such criminal activity or whose amenability to eviction no longer exist). See Effective and Termination Dates of 1996 Amendments note below.

“A) to lease any available dwelling unit in any multifamily housing project of such owner that rents for an amount not greater than the fair market rent for a comparable unit, as determined by the Secretary under this section, to a holder of a certificate of eligibility under this section a proximate cause of which is the status of such prospective tenant as holder of such certificate, and to enter into a housing assistance payments contract respecting such unit; or

“B) to lease any available dwelling unit in any multifamily housing project of such owner to a holder of a voucher under subsection (o) of this section, and to enter into a housing assistance payments contract respecting such unit, a proximate cause of which is the status of such prospective tenant as holder of such voucher.

(2) For purposes of this subsection, the term ‘multifamily housing project’ means a residential building containing more than 4 dwelling units.” See Effective and Termination Dates of 1996 Amendments note below.

Subsec. (v). Pub. L. 104-104, § 405(c), amended subsec. (v) generally. Prior to amendment, subsec. (v) read as follows:

“(1) The Secretary shall extend any expiring contract entered into under this section for loan management assistance or execute a new contract for project-based loan management assistance, if the owner agrees to continue providing housing for low-income families during the term of the contract.

“(2)(A) The eligibility of a multifamily residential project for loan management assistance under this section shall be determined without regard to whether the project is subsidized or unsubsidized.

“(B) In allocating loan management assistance under this section, the Secretary may give a priority to any project only on the basis that the project has serious financial problems that (likely) will result in a claim on the insurance fund in the near future or the project is eligible to receive incentives under subtitle B of the Low-Income Housing Preservation and Resident Homeownership Act of 1990.”

1994—Subsec. (c)(5)(A). Pub. L. 103-227 inserted at end: “However, where the maximum monthly rent, for a unit in a new construction, substantial rehabilitation, or moderate rehabilitation project, to be adjusted using an annual adjustment factor exceeds the fair market rental for an existing dwelling unit in the market area, the Secretary shall adjust the rent only to the extent that the owner demonstrates that the adjusted rent would not exceed the rent for an unassisted unit of similar quality, type, and age in the same market area, as determined by the Secretary. The immediately foregoing sentence shall be effective only during fiscal year 1995. For any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of
the factor, except that the factor shall not be reduced to less than 1.0. The immediately foregoing sentence shall be effective only during fiscal year 1995.

(i) by striking "and (V)" and inserting in lieu thereof "(V) assisting families that include one or more adult members who are employed; and (VI)" and inserting after the final semicolon "subclause (V) shall be effective only during fiscal year 1995;", was not executed because the words "and (V)" did not appear and cl. (ii) already contains subcls. (V) and (VI). See 1992 Amendment note below.

Subsec. (o)(3)(B). Pub. L. 103–233, §101(c)(3), inserted "including displacement because of disposition of a multifamily housing project under section 1701z–11 of title 12" after "displaced".

(2) SHARE FROM REDUCED ASSISTANCE PAYMENTS.—The Secretary may pay the up front cost of refinancing only—

The Secretary is also authorized to make assistance available under this section pursuant to this paragraph to any unit in a housing project which, on an overall basis, reflects the need for such upgrading. The Secretary shall increase the amount of assistance provided under this paragraph above the amount of assistance otherwise permitted by this paragraph and subsection (c)(1) of this section, if the Secretary determines such increase necessary to assist in the rehabilitation or modernization of multifamily housing projects owned by the Department of Housing and Urban Development. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units.”

MULTIFAMILY HOUSING ASSISTANCE

SUBTITLE A—FHA-INSURED MULTIFAMILY HOUSING MORTGAGE AND HOUSING ASSISTANCE RESTRUCTURING

"SEC. 511. FINDINGS AND PURPOSES.

"(a) FINDINGS.—Congress finds that—"

"(1) there exists throughout the Nation a need for decent, safe, and affordable housing;

"(2) as of the date of enactment of this Act [Oct. 27, 1997], it is estimated that—"

"(A) the insured multifamily housing portfolio of the Federal Housing Administration consists of 14,000 rental properties, with an aggregate unpaid principal mortgage balance of $38,000,000,000; and

"(B) approximately 10,000 of these properties contain housing units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f);"

"(3) FHA-insured multifamily rental properties are a major Federal investment, providing affordable rental housing to an estimated 2,000,000 low- and very low-income families;

"(4) approximately 1,600,000 of these families live in dwelling units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937;

"(5) a substantial number of housing units receiving project-based assistance have rents that are higher than the rents of comparable, unassisted rental units in the same housing rental market;

"(6) many of the contracts for project-based assistance will expire during the several years following the date of enactment of this Act;

"(7) it is estimated that—"

"(A) if no changes in the terms and conditions of the contracts for project-based assistance are made before fiscal year 2000, the cost of renewing all expiring rental assistance contracts under section 8 of the United States Housing Act of 1937 for both project-based and tenant-based rental assistance will increase from approximately $3,600,000,000 in fiscal year 1997 to over $14,300,000,000 by fiscal year 2000 and some $22,400,000,000 in fiscal year 2006;

"(B) of those renewal amounts, the cost of renewing project-based assistance will increase from $1,200,000,000 in fiscal year 1997 to almost $7,400,000,000 by fiscal year 2000 and some $22,400,000,000 in fiscal year 2006;

"(C) without changes in the manner in which project-based rental assistance is provided, renew-
als of expiring contracts for project-based rental assistance will require an increasingly larger portion of the discretionary budget authority of the Department of Housing and Urban Development in each subsequent fiscal year for the foreseeable future:

"(8) absent new budget authority for the renewal of expiring rental contracts for project-based assistance, many of the FHA-insured multifamily housing projects that are assisted with project-based assistance are likely to default on their FHA-insured mortgage payments, resulting in substantial claims to the FHA General Insurance Fund and Special Risk Insurance Fund;

"(9) more than 15 percent of federally assisted multifamily housing projects are physically or financially distressed, including a number which suffer from mismanagement;

"(10) due to Federal budget constraints, the downsizing of the Department of Housing and Urban Development, and diminished administrative capacity, the Department lacks the ability to ensure the continued economic and physical well-being of the stock of federally insured and assisted multifamily housing projects;

"(11) the economic, physical, and management problems facing the stock of federally insured and assisted multifamily housing projects will be best served by reforms that—

"(A) reduce the cost of Federal rental assistance, including project-based assistance, to these projects by reducing the debt service and operating costs of these projects while retaining the low-income affordability and availability of this housing;

"(B) address physical and economic distress of this housing and the failure of some project managers and owners of projects to comply with management and ownership rules and requirements; and

"(12) the authority and duties of the Secretary, not including the control by the Secretary of applicable accounts in the Treasury of the United States, may be delegated to State, local, and other entities; and

"(13) the Department of Housing and Urban Development in each subsequent fiscal year for the foreseeable future;"

"(A) with rents that, on an average per unit or per room basis, exceed the rent of comparable properties in the same market area, determined in accordance with guidelines established by the Secretary;

"(B) that is covered in whole or in part by a contract for project-based assistance under—

"(i) the new construction or substantial rehabilitation program under section 8(b)(2) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(2)] (as in effect before October 1, 1983);

"(ii) the property disposition program under section 8(b) of the United States Housing Act of 1937;

"(iii) the moderate rehabilitation program under section 8(e)(2) of the United States Housing Act of 1937;

"(iv) the loan management assistance program under section 8 of the United States Housing Act of 1937;

"(v) section 23 of the United States Housing Act of 1937 [42 U.S.C. 1437a] (as in effect before January 1, 1975);

"(vi) the rent supplement program under section 101 of the Housing and Urban Development Act of 1965 [12 U.S.C. 1701j]; or

"(vii) section 8 of the United States Housing Act of 1937, following conversion from assistance under section 101 of the Housing and Urban Development Act of 1965; and

"(C) financed by a mortgage insured or held by the Secretary under the National Housing Act (12 U.S.C. 1701 et seq.)."

"(i) contributions to adequate reserves;

"(ii) other eligible costs permitted under section 8 of the United States Housing Act of 1937;

"(2) TENANT-BASED ASSISTANCE.—Subject to the availability of amounts provided in advance in appropriations Acts and to the control of the Secretary of applicable accounts in the Treasury of the United States, with respect to an expiring section 8 contract on an eligible multifamily housing project to be renewed with tenant-based assistance (based on a determination under subsection (c)), the Secretary shall enter into contracts with participating administrative entities pursuant to which the participating administrative entity shall provide for the renewal of section 8 assistance on an eligible multifamily housing project with tenant-based assistance, or the Secretary shall provide for such renewal, in accordance with the terms and conditions specified in the mortgage restructuring and rental assistance sufficiency plan and the rental assistance assessment plan.

"(b) REQUIRED COMMITMENT.—After the initial renewal of a section 8 contract pursuant to this section, the owner shall accept each offer made pursuant to subsection (a) to renew the contract, for the term of the affordability and use restrictions required by section 514(e)(6), if the offer to renew is on terms and conditions specified in the mortgage restructuring and rental assistance sufficiency plan.

"(c) DETERMINATION OF WHETHER TO RENEW WITH PROJECT-BASED OR TENANT-BASED ASSISTANCE.—

"(1) MANDATORY RENEWAL OF PROJECT-BASED ASSISTANCE.—Section 8 assistance shall be renewed with project-based assistance, if—

"(A) the project is located in an area in which the participating administrative entity determines, based on housing market indicators, such as low vacancy rates or high absorption rates, that there is not adequate available and affordable housing or that the tenants of the project would not be able to locate suitable units or use the tenant-based assistance successfully;

"(B) a predominant number of the units in the project are occupied by elderly families, disabled families, or elderly and disabled families; or

"(C) the project is held by a nonprofit cooperative ownership housing corporation or nonprofit cooperative housing trust.

"(2) RENTAL ASSISTANCE ASSESSMENT PLAN.—

"(A) IN GENERAL.—With respect to any project that is not described in paragraph (1), the participating administrative entity shall, after consultation with the owner of the project, develop a rental assistance assessment plan to determine whether to renew assistance for the project with tenant-based assistance or project-based assistance.

"(B) RENTAL ASSISTANCE ASSESSMENT PLAN REQUIREMENTS.—Each rental assistance assessment plan developed under this paragraph shall include an assessment of the impact of converting to tenant-based assistance and the impact of extending project-based assistance on—

"(ii) the types of tenants residing in the project (such as elderly families, disabled families, large families, and cooperative homeowners);

"(iii) the local housing needs identified in the comprehensive housing affordability strategy, and local market vacancy trends;

"(iv) the cost of providing assistance, comparing the applicable payment standard to the project’s adjusted rent levels determined under section 514(g);

"(v) the long-term financial stability of the project;

"(vi) the ability of residents to make reasonable choices about their individual living situations;
(vii) the quality of the neighborhood in which the tenants would reside; and
(viii) the project’s ability to compete in the marketplace.
(3) REPORTS TO DIRECTOR.—Each participating administrative entity shall report regularly to the Director as defined in subtitle D, as the Director shall require, identifying:
(i) each eligible multifamily housing project for which the entity has developed a rental assistance assessment plan under this paragraph that determined that the tenants of the project generally supported renewal of assistance with tenant-based assistance, but under which assistance for the project was renewed with project-based assistance; and
(ii) each project for which the entity has developed such a plan under which the assistance is renewed using tenant-based assistance.
(3) ELIGIBILITY FOR TENANT-BASED ASSISTANCE.—
Subject to paragraph (4), with respect to any project that is not described in paragraph (1), if a participating administrative entity approves the use of tenant-based assistance based on a rental assistance assessment plan developed under paragraph (2), tenant-based assistance shall be provided to each assisted family, other than a family receiving tenant-based assistance residing in the project at the time the assistance described in section 512(2)(B) terminates.
(4) ASSISTANCE THROUGH ENHANCED VOUCHERS.—In the case of any family described in paragraph (3) that resides in a project described in section 512(2)(B), the tenant-based assistance provided shall be enhanced voucher assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f(t)).

SEC. 516. PROHIBITION ON RESTRUCTURING.
(a) PROHIBITION ON RESTRUCTURING.—The Secretary may not approve restructuring and rental assistance sufficiency plan or request for contract renewal if the Secretary or the participating administrative entity determines that:
(1) the owner or purchaser of the project has engaged in material adverse financial or managerial actions or omissions with regard to such project; or
(2) the owner or purchaser of the project has engaged in material adverse financial or managerial actions or omissions with regard to other projects of the owner or purchaser, or is under common control with an affiliate of the owner; and
(b) OPPORTUNITY TO DISPUTE FINDINGS.—
(1) IN GENERAL.—During the 30-day period beginning on the date on which the owner or purchaser of an eligible multifamily housing project receives notice of a rejection under subsection (a) or of a mortgage restructuring and rental assistance sufficiency plan under section 514, the Secretary or participating administrative entity shall provide that owner or purchaser with an opportunity to dispute the basis for the rejection and an opportunity to cure.
(2) AFFIRMATION, MODIFICATION, OR REVERSAL.—
(A) IN GENERAL.—After providing an opportunity to dispute under paragraph (1), the Secretary or the participating administrative entity may affirm, modify, or reverse any rejection under subsection (a) or rejection of a mortgage restructuring and rental assistance sufficiency plan under section 514.

(2) ASSISTANCE AND MOVING EXPENSES.—Subject to the availability of amounts provided in advance in appropriation Acts, for any low-income tenant that is residing in a project or receiving assistance under section 8 of the United States Housing Act of 1937 at the time of rejection under this section, that tenant shall be provided with tenant-based assistance and
reasonable moving expenses, as determined by the Secretary.

(e) Transfer of Property.—For properties disqualified from the consideration of a mortgage restructuring and rental assistance sufficiency plan under this section in accordance with paragraph (1) or (2) of subsection (a) because of actions by an owner or purchaser, the Secretary shall establish procedures to facilitate the voluntary sale or transfer of a property as part of a mortgage restructuring and rental assistance sufficiency plan, with a preference for tenant organizations and tenant-endorsed community-based nonprofit and public agency purchasers meeting such reasonable qualifications as may be established by the Secretary.

"SEC. 517. RESTRUCTURING TOOLS.

(a) Mortgage Restructuring.—

(1) This subsection, an approved mortgage restructuring and rental assistance sufficiency plan shall include restructuring mortgages in accordance with this subsection to provide:

(A) a restructured or new first mortgage that is sustainable at rents at levels that are established in section 513(g); and

(B) a second mortgage that is in an amount equal to not more than the greater of—

(i) the full or partial payment of claim made under this subtitle; or

(ii) the difference between the restructured or new first mortgage and the indebtedness under the existing insured mortgage immediately before it is restructured or refinanced, provided that the amount of the second mortgage shall be in an amount that the Secretary or participating administrative entity determines can reasonably be expected to be repaid.

(2) The second mortgage shall bear interest at a rate not to exceed the applicable Federal rate as defined in section 1274(d) of the Internal Revenue Code of 1986 [26 U.S.C. 1274(d)]. The term of the second mortgage shall be equal to the term of the restructured or new first mortgage.

(3) Payments on the second mortgage shall be deferred until five years after the effective date of the mortgage restructuring and rental assistance sufficiency plan, or—

(A) the first mortgage is terminated or paid in full, except as otherwise provided by the holder of the second mortgage; and

(B) the project is purchased and the second mortgage is assumed by any subsequent purchaser in violation of guidelines established by the Secretary; or

(C) the Secretary provides notice to the project owner that such owner has failed to materially comply with any requirements of this section or the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] as those requirements apply to the project, with a reasonable opportunity for such owner to cure such failure.

(4) The Secretary may modify the terms of the second mortgage, assign the second mortgage to the acquiring organization or agency, or forgive all or part of the second mortgage if the Secretary holds the second mortgage and if the project is acquired by a tenant organization or community-based nonprofit or public agency, pursuant to guidelines established by the Secretary.

(5) Compensation of Third Parties.—Consistent with the portfolio restructuring agreement, entering into agreements, incurring costs, or making payments, including incentive agreements designed to reward superior performance in meeting the purposes of this Act, as may be reasonably necessary, to compensate the participation of participating administrative entities and other parties in undertaking actions authorized by this subtitle. Upon request to the Secretary, participating administrative entities that are qualified under the United States Housing Act of 1937 to serve as contract administrators shall be the contract administrators under section 8 of the United States Housing Act of 1937 [12 U.S.C. 1701 et seq.] as those requirements apply to the project, with a reasonable opportunity for such owner to cure such failure.

(6) Use of Project Accounts.—Applying any residual receipts, replacement reserves, and any other

"(6) The second mortgage under this section may be a first mortgage if no restructured or new first mortgage will meet the requirement of paragraph (1)(A). In addition to the requirements of subsection (a) and to the extent these actions are consistent with this section and with the control of the Secretary of applicable accounts in the Treasury, an approved mortgage restructuring and rental assistance sufficiency plan under this subtitle may include one or more of the following actions:

(1) FULL OR PARTIAL PAYMENT OF CLAIM.—Making a full payment of claim or partial payment of claim under section 541(b) of the National Housing Act [12 U.S.C. 1715(e)b]], as amended by section 523(b) of this Act. Any payment under this paragraph shall not require the approval of a mortgage.

(2) REFINANCING OF DEBT.—Refinancing of all or part of the debt on a project. If the refinancing involves a mortgage that will continue to be insured under the National Housing Act [12 U.S.C. 1701 et seq.], the refinancing shall be documented through amendment of the existing insurance contract and not through a new insurance contract.

(3) MORTGAGE INSURANCE.—Providing FHA multi-family mortgage insurance, reinsurance or other credit enhancement alternatives, including multi-family risk-sharing mortgage programs, as provided under section 542 of the Housing and Community Development Act of 1992 [Pub. L. 102–550, 12 U.S.C. 1707 note]. The Secretary shall use shared risk-financing under section 542(c) of the Housing and Community Development Act of 1992 for any mortgage restructuring, rehabilitation financing, or debt refinancing included as part of a mortgage restructuring and rental assistance sufficiency plan if the terms and conditions are considered to be the best available financing in terms of financial savings to the FHA insurance funds and will result in reduced risk of loss to the Federal Government. Any limitations on the number of units available for mortgage insurance under section 542 shall not apply to eligible multi-family housing projects. Any credit subsidy costs of providing mortgage insurance shall be paid from the Liquidating Accounts of the General Insurance Fund or the Special Risk Insurance Fund and shall not be subject to any limitation on appropriations.

(4) CREDIT ENHANCEMENT.—Providing any additional State or local mortgage credit enhancements and risk-sharing arrangements that may be established with State or local housing finance agencies, the Federal Housing Finance Agency, the Federal National Mortgage Association, and the Federal Home Loan Mortgage Corporation, to a modified or refinanced first mortgage.

(5) COMPENSATION OF THIRD PARTIES.—Consistent with the portfolio restructuring agreement, entering into agreements, incurring costs, or making payments, including incentive agreements designed to reward superior performance in meeting the purposes of this Act, as may be reasonably necessary, to compensate the participation of participating administrative entities and other parties in undertaking actions authorized by this subtitle. Upon request to the Secretary, participating administrative entities that are qualified under the United States Housing Act of 1937 to serve as contract administrators shall be the contract administrators under section 8 of the United States Housing Act of 1937 [12 U.S.C. 1337f] for purposes of any contracts entered into as part of this subtitle. Subject to the availability of amounts provided in advance in appropriations Acts for administrative fees under section 8 of the United States Housing Act of 1937, such amounts may be used to compensate participating administrative entities for compliance monitoring costs incurred under section 512.

(6) USE OF PROJECT ACCOUNTS.—Applying any residual receipts, replacement reserves, and any other

"
project accounts not required for project operations, to maintain the long-term affordability and physical condition of the property or of other eligible multifamily housing projects. The participating administrative entity may expedite the acquisition of residual receipts, replacement reserves, or other such accounts, by entering into agreements with owners of housing covered by an expiring contract to provide an owner with a share of the receipts, not to exceed 10 percent, in accordance with guidelines established by the Secretary.

(c) REHABILITATION NEEDS AND ADDITION OF SIGNIFICANT FEATURES.—

"(1) REHABILITATION NEEDS.—Rehabilitation may be paid from the residual receipts, replacement reserves, or any other project accounts not required for project operations, or, as provided in appropriations Acts and subject to the control of the Secretary of applicable accounts in the Treasury of the United States, from budget authority provided for increases in the budget authority for assistance contracts under section 8 of the United States Housing Act of 1937, the rehabilitation grant program established under section 236 of the National Housing Act [12 U.S.C. 171z2–1], as amended by section 531 of subtitle B of this Act, or, through the debt restructuring transaction. Rehabilitation under this paragraph shall only be for the purpose of restoring the project to a non-luxury standard adequate for the rental market intended at the original approval of the project-based assistance.

"(B) CONTRIBUTION.—Each owner or purchaser of a project to be rehabilitated under an approved mortgage restructuring and rental assistance sufficiency plan shall contribute, from non-project resources, not less than 25 percent of the amount of rehabilitation assistance received, except that the participating administrative entity may provide an exception from the requirement of this subparagraph for housing cooperatives.

"(2) ADDITION OF SIGNIFICANT FEATURES.—An approved mortgage restructuring and rental assistance sufficiency plan may require the improvement of the project by the addition of significant features that are not necessary for rehabilitation to the standard provided under paragraph (1), such as air conditioning, an elevator, and additional community space. The Secretary shall establish guidelines regarding the inclusion of requirements regarding such additional significant features under such plans.

"(B) FUNDING.—Significant features added pursuant to an approved mortgage restructuring and rental assistance sufficiency plan may be paid from the funding sources specified in the first sentence of paragraph (1)(A).

"(C) LIMITATION ON OWNER CONTRIBUTION.—An owner of a project may not be required to contribute from non-project resources, toward the cost of any additional significant features required pursuant to this paragraph, more than 25 percent of the amount of any assistance received for the inclusion of such features.

"(D) APPLICABILITY.—This paragraph shall apply to all eligible multifamily housing projects, except projects for which the Secretary and the project owner executed a mortgage restructuring and rental assistance sufficiency plan on or before the date of the enactment of the Mark-to-Market Extension Act of 2001 [Jan. 10, 2002].

"(d) PROHIBITION ON EQUITY SHARING BY THE SECRETARY.—The Secretary is prohibited from participating in any equity agreement or profit-sharing agreement in conjunction with any eligible multifamily housing project.

"(e) CONFLICT OF INTEREST GUIDELINES.—The Secretary may establish guidelines to prevent conflicts of interest by a participating administrative entity that provides, directly or through risk-sharing arrangement, any form of credit enhancement or financing pursuant to subsections [sic] (b)(3) or (b)(4) or to prevent conflicts of interest by any other person or entity under this subtitle.

SEC. 518. MANAGEMENT STANDARDS.

"Each participating administrative entity shall establish management standards, including requirements governing conflicts of interest between owners, managers, contractors with an identity of interest, pursuant to guidelines established by the Secretary and consistent with industry standards.

SEC. 519. MONITORING OF COMPLIANCE.

"(a) COMPLIANCE AGREEMENTS.—(1) Pursuant to regulations issued by the Secretary under section 522(a), each participating administrative entity, through binding contractual agreements with owners and otherwise, shall ensure long-term compliance with the provisions of this subtitle. Each agreement shall, at a minimum, provide for—

"(A) enforcement of the provisions of this subtitle; and

"(B) remedies for the breach of those provisions.

"(2) If the participating administrative entity is not qualified under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to be a section 8 contract administrator or fails to perform its duties under the portfolio restructuring agreement, the Secretary shall have the right to enforce the agreement.

"(b) PERIODIC MONITORING.—

"(1) IN GENERAL.—Not less than annually, each participating administrative entity that is qualified to be the section 8 contract administrator shall review the status of all multifamily housing projects for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

"(2) INSPECTIONS.—Each review under this subsection shall include on-site inspection to determine compliance with housing codes and other requirements as provided in this subtitle and the portfolio restructuring agreements.

"(3) ADMINISTRATION.—If the participating administrative entity is not qualified under the United States Housing Act of 1937 to be a section 8 contract administrator, either the Secretary or a qualified State or local housing agency shall be responsible for the review required by this subsection.

"(c) AUDIT BY THE SECRETARY.—The Comptroller General of the United States, the Secretary, and the Inspector General of the Department of Housing and Urban Development may conduct an audit at any time if any multifamily housing project under a mortgage restructuring and rental assistance sufficiency plan has been implemented.

"(c) HUSBAND AND WIFE OF CERTAIN RECAPTURED BUDGET AUTHORITY.—[Amended this section.]

"(d) SECTION 8 CONTRACT RENEWALS.—[Amended section 805(a) of Pub. L. 104-99, set out below.]

"(e) RENEWAL UPON REQUEST OF OWNER.—[Amended section 211 of Pub. L. 104-204, set out below.]

"SEC. 524. RENEWAL OF EXPIRING PROJECT-BASED SECTION 8 CONTRACTS.

"(a) IN GENERAL.—Subject to paragraph (2), upon termination or expiration of a contract for project-based assistance under section 8 for a multifamily housing project (and notwithstanding section 8(v) of the United States Housing Act of 1937 (24 U.S.C. 1437f) for loan management assistance), the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, use amounts available for the renewal of assistance under section 8 of such Act to provide such assistance for the project. The assistance shall be provided under a contract having such terms and conditions as the Secretary considers appropriate, subject to the requirements of this section. This section shall not require contract renewal for a project that is eligible under this subtitle for a mortgage restructuring and rental assistance sufficiency plan, if there is no approved plan for the project and the Secretary determines that such an approved plan is necessary.

"(2) PROHIBITION ON RENEWAL.—Notwithstanding part 24 of title 24 of the Code of Federal Regulations, the Secretary may elect not to renew assistance for a project otherwise required to be renewed under paragraph (1) or provide comparable benefits under paragraph (1) or (2) of subsection (e) for a project described in either such paragraph, if the Secretary determines that a violation under paragraphs (1) through (4) of section 516(a) has occurred with respect to the project. For purposes of such a determination, the provisions of section 516 shall apply to a project under this section in the same manner and to the same extent that the provisions of such section apply to eligible multifamily housing projects, except that the Secretary shall make the determination under section 516(a).

"(3) CONTRACT TERM FOR MARK-UP-TO-MARKET CONTRACTS.—In the case of an expiring or terminating contract that has rent levels less than comparable market rents for the market area, if the rent levels under the renewal contract under this section are equal to comparable market rents for the market area, the contract shall have a term of not less than 5 years, subject to the availability of sufficient amounts in appropriation Acts.

"(4) RENEWAL RENTS.—Except as provided in subsection (b), the contract for assistance shall provide assistance at the following rent levels:

"(A) MARKET RENTS.—At the request of the owner of the project, at rent levels equal to the lesser of comparable market rents for the market area or 150 percent of the fair market rents, in the case only of

"(i) has rent levels under the expiring or terminating contract that do not exceed such comparable market rents;

"(ii) does not have a low- and moderate-income use restriction that can be eliminated by unilateral action by the owner;

"(iii) is decent, safe, and sanitary housing, as determined by the Secretary;

"(iv) is not—

"(I) owned by a nonprofit entity;

"(II) subject to a contract for moderate rehabilitation assistance under section 8(e)(2) of the
§ 1437f

United States Housing Act of 1937, as in effect before October 1, 1991; or

(III) a project for which the public housing agency provided voucher assistance to one or more of the tenants after the owner has provided notice of termination of the contract covering the tenant's unit; and

(IV) has units assisted under the contract for which the comparable market rent exceeds 110 percent of the fair market rent.

The Secretary may adjust the percentages of fair market rent (as specified in the matter preceding clause (i) and in clause (v)), but only upon a determination and written notification to the Congress within 10 days of making such determination, that such adjustment is necessary to ensure that this subparagraph covers projects with a high risk of nonrenewal of expiring contracts for project-based assistance.

(B) Reduction to market rents.—In the case of a project that has rent levels under the expiring or terminating contract that exceed comparable market rents for the market area, at rent levels equal to such comparable market rents:

(C) Rents not exceeding market rents.—In the case of a project that is not subject to subparagraph (A) or (B), at rent levels that—

(i) are not less than the existing rents under the terminated or expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment), if such adjusted rents do not exceed comparable market rents for the market area; and

(ii) do not exceed comparable market rents for the market area.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iv) that the project meets.

(D) Waiver of 150 percent limitation.—Notwithstanding subparagraph (A), at rent levels up to comparable market rents for the market area, in the case of a project that meets the requirements under clauses (i) through (v) of subparagraph (A) and

(i) has residents who are a particularly vulnerable population, as demonstrated by a high percentage of units being rented to elderly families, disabled families, or large families;

(ii) is located in an area in which tenant-based assistance would be difficult to use, as demonstrated by a low vacancy rate for affordable housing, a high turnover rate for vouchers, or a lack of comparable rental housing; or

(iii) is a high priority for the local community, as demonstrated by a contribution of State or local funds to the property.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iv) that the project meets.

(E) Comparable market rents and comparison with fair market rents.—The Secretary shall prescribe the method for determining comparable market rent by comparison with rents charged for comparable properties (as such term is defined in section 512), which may include appropriate utility allowances and adjustments to reflect the value of any subsidy (other than section 8 assistance) provided by the Department of Housing and Urban Development.

(F) Exception rents.—

(1) Renewal.—In the case of a multifamily housing project described in paragraph (2), pursuant to the request of the owner of the project, the contract for assistance for the project pursuant to subsection (a) shall provide assistance at the lesser of the following rent levels:

(A) Adjusted existing rents.—The existing rents under the expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment).

L, title II, §239, Dec. 18, 2015, 129 Stat. 2897, provided that: ‘‘The Secretary of Housing and Urban Development shall increase, pursuant to this section, the number of Moving to Work agencies authorized under section 204, title II, of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act, 1996 (Public Law 104–134; 110 Stat. 1321) [set out below] by adding to the program 100 public housing agencies that are designated as high performing agencies under the Public Housing Assessment System (PHAS) or the Section Eight Management Assessment Program (SEMAP). No public housing agency shall be granted this designation through this section that administers in excess of 27,000 aggregate housing vouchers and public housing units. Of the agencies selected under this section, no less than 50 shall administer 1,000 or fewer aggregate housing voucher and public housing units, no less than 47 shall administer 1,001-6,000 aggregate housing voucher and public housing units, and no more than 3 shall administer 6,001-27,000 aggregate housing voucher and public housing units. Of the 100 agencies selected under this section, five shall be agencies with portfolio awards under the Rental Assistance Demonstration Program that meet the other requirements of this section, including current designations as high performing agencies or such designations held immediately prior to such portfolio awards. Selection agencies under this section shall be based on ensuring the geographic diversity of Moving to Work agencies. In addition to the preceding selection criteria, agencies shall be designated by the Secretary over a 7-year period. The Secretary shall establish a research advisory committee which shall advise the Secretary with respect to specific policy proposals and methods of research and evaluation for the demonstration. The advisory committee shall include program and research experts from the Department, a fair representation of agencies with a Moving to Work designation, and independent subject matter experts in housing policy research. For each cohort of agencies receiving a designation under this heading, the Secretary shall direct one specific policy change to be implemented by the agencies, and with the approval of the Secretary, such agencies may implement additional policy changes. All agencies designated under this section shall be evaluated through rigorous research as determined by the Secretary, and shall provide information requested by the Secretary to support such oversight and evaluation, including the targeted policy changes. Research and evaluation shall be coordinated under the direction of the Secretary, and consultation with the advisory committee, and findings shall be shared broadly. The Secretary shall consult the advisory committee with respect to policy changes that have proven successful and can be applied more broadly to all public housing agencies, and propose any necessary statutory changes. The Secretary may, at the request of a Moving to Work agency, enter into agreements with up to 100 additional public housing agencies in the same region, that are designated that Moving to Work agency as a regional agency. A regional Moving to Work agency may administer the assistance under sections 8 and 9 of the United States Housing Act of 1937 (42 U.S.C. 1437f and 1437g) for the participating agencies within its region pursuant to the terms of its Moving to Work agreement with the Secretary. The Secretary may agree to extend the term of the agreement and to make any necessary changes to accommodate regionalization. A Moving to Work agency may be selected as a regional agency if the Secretary determines that unified administration of assistance under sections 8 and 9 (42 U.S.C. 1437f, 1437g) by that agency across multiple jurisdictions will lead to efficiencies and to greater housing choice for low-income persons in the region. For purposes of this expansion, in addition to the provisions of the Act retained in section 204, section 8(r)(1) of the Act (42 U.S.C. 1437f(r)(1)) shall continue to apply unless the Secretary determines that waiver of this section is necessary to implement comprehensive rent reform and occupancy policies subject to evaluation by the Secretary, and that the waiver contains, at a minimum, exceptions for requests for port due to employment, education, health and safety. No public housing agency granted this designation through this section shall receive more funding under sections 8 or 9 of the United States Housing Act of 1937 (42 U.S.C. 1437f, 1437g) than it otherwise would have received absent this designation. The Secretary shall extend the current Moving to Work agreements of previously designated participating agencies until the end of each such agency’s fiscal year 2028 under the same terms and conditions of such current agreements, except for any changes to such terms or conditions other-

The Secretary shall establish an Operating Fund for the purpose of making assistance available to public housing agencies for the operation and management of public housing, including—

(A) procedures and systems to maintain and ensure the efficient management and operation of public housing units (including amounts sufficient to pay for the reasonable costs of review by an independent auditor of the documentation or other information maintained pursuant to section 1437d(j)(6) of this title by a public housing agency or resident management corporation to substantiate the performance of that agency or corporation);

(K) the costs of operating computer centers in public housing through a Neighborhood Networks initiative described in subsection (d)(1)(E), and of activities related to that initiative.

(2) Formula

(A) In general

The Secretary shall establish a formula for determining the amount of assistance provided to public housing agencies from the Operating Fund for a fiscal year. The formula may take into account—

(i) standards for the costs of operating and reasonable projections of income, taking into account the characteristics and locations of the public housing projects and characteristics of the families served and to be served (including the incomes of the families), or the costs of providing comparable services as determined in accordance with criteria or a formula representing the operations of a prototype well-managed public housing project;

(ii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency;

(iii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency that are chronically vacant and the amount of assistance appropriate for those units;

(iv) to the extent quantifiable, the extent to which the public housing agency provides programs and activities designed to promote the economic self-sufficiency and management skills of public housing residents;
(v) the need of the public housing agency to carry out anti-crime and anti-drug activities, including providing adequate security for public housing residents;

(vi) the amount of public housing rental income foregone by the public housing agency as a result of escrow savings accounts under section 1437u(d)(2) of this title for families participating in a family self-sufficiency program of the agency under such section 1437u of this title; and

(vii) any other factors that the Secretary determines to be appropriate.

(B) Incentive to increase certain rental income

The formula shall provide an incentive to encourage public housing agencies to facilitate increases in earned income by families in occupancy. Any such incentive shall provide that the agency shall benefit from increases in such rental income and that such amounts accruing to the agency pursuant to such benefit may be used only for low-income housing or to benefit the residents of the public housing agency.

(C) Treatment of savings

(i) In general

The treatment of utility and waste management costs under the formula shall provide that a public housing agency shall receive the full financial benefit from any reduction in the cost of utilities or waste management resulting from any contract with a third party to undertake energy conservation improvements in one or more of its public housing projects.

(ii) Third party contracts

Contracts described in clause (i) may include contracts for equipment conversions to less costly utility sources, projects with resident-paid utilities, and adjustments to frozen base year consumption, including systems repaired to meet applicable building and safety codes and adjustments for occupancy rates increased by rehabilitation.

(iii) Term of contract

The total term of a contract described in clause (i) shall not exceed 20 years to allow longer payback periods for retrofits, including windows, heating system replacements, wall insulation, site-based generation, advanced energy savings technologies, including renewable energy generation, and other such retrofits.

(iv) Existing contracts

The term of a contract described in clause (i) that, as of December 26, 2007, is in repayment and has a term of not more than 12 years, may be extended to a term of not more than 20 years to permit additional energy conservation improvements without requiring the reprocurement of energy performance contractors.

(D) Freeze of consumption levels

(i) In general

A small public housing agency, as defined in section 1437z-10(a) of this title, may elect to be paid for its utility and waste management costs under the formula for a period, at the discretion of the small public housing agency, of not more than 20 years based on the small public housing agency’s average annual consumption during the 3-year period preceding the year in which the election is made (in this subparagraph referred to as the “consumption base level”).

(ii) Initial adjustment in consumption base level

The Secretary shall make an initial one-time adjustment in the consumption base level to account for differences in the heating degree day average over the most recent 20-year period compared to the average in the consumption base level.

(iii) Adjustments in consumption base level

The Secretary shall make adjustments in the consumption base level to account for an increase or reduction in units, a change in fuel source, a change in resident controlled electricity consumption, or for other reasons.

(iv) Savings

All cost savings resulting from an election made by a small public housing agency under this subparagraph—

(I) shall accrue to the small public housing agency; and

(II) may be used for any public housing purpose at the discretion of the small public housing agency.

(v) Third parties

A small public housing agency making an election under this subparagraph—

(I) may use, but shall not be required to use, the services of a third party in its energy conservation program; and

(II) shall have the sole discretion to determine the source, and terms and conditions, of any financing used for its energy conservation program.

(3) Condition on use

No portion of any public housing project operated using amounts provided under this subsection, or under this section as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, may be disposed of before the expiration of the 10-year period beginning upon the conclusion of the fiscal year for which such amounts were provided, except as otherwise provided in this chapter.

(f) Negotiated rulemaking procedure

The formulas under subsections (d)(2) and (e)(2) shall be developed according to procedures for issuance of regulations under the negotiated rulemaking procedure under subchapter III of chapter 5 of title 5.

(g) Limitations on use of funds

(1) Flexibility in use of funds

(A) Flexibility for Capital Fund amounts

Of any amounts appropriated for fiscal year 2000 or any fiscal year thereafter that
are allocated for fiscal year 2000 or any fiscal year thereafter from the Capital Fund for any public housing agency, the agency may use not more than 20 percent for activities that are eligible under subsection (e) for assistance with amounts from the Operating Fund, but only if the public housing agency plan for the agency provides for such use.  

(B) Flexibility for Operating Fund amounts  

Of any amounts appropriated for fiscal year 2016 or any fiscal year thereafter that are allocated for fiscal year 2016 or any fiscal year thereafter from the Operating Fund for any public housing agency, the agency may use not more than 20 percent for activities that are eligible under subsection (d) for assistance with amounts from the Capital Fund, but only if the public housing plan under section 1437c–1 of this title for the agency provides for such use.  

(2) Full flexibility for small PHAs  

Of any amounts allocated for any fiscal year for any public housing agency that owns or operates less than 250 public housing dwelling units, is not designated pursuant to section 1437d(j)(2) of this title as a troubled public housing agency, and (in the determination of the Secretary) is operating and maintaining its public housing in a safe, clean, and healthy condition, the agency may use any such amounts for any eligible activities under subsections (d)(1) and (e)(1), regardless of the fund from which the amounts were allocated and provided. This subsection shall take effect on October 21, 1998.  

(3) Limitation on new construction  

(A) In general  

Except as provided in subparagraphs (B) and (C), a public housing agency may not use any of the amounts allocated for the agency from the Capital Fund or Operating Fund for the purpose of constructing any public housing unit, if such construction would result in a net increase from the number of public housing units owned, assisted, or operated by the public housing agency on October 1, 1999, including any public housing units demolished as part of any revitalization effort.  

(B) Exception regarding use of assistance  

A public housing agency may use amounts allocated for the agency from the Capital Fund or Operating Fund for the construction and operation of housing units that are available and affordable to low-income families in excess of the limitations on new construction set forth in subparagraph (A), but the formulas established under subsections (d)(2) and (e)(2) shall not provide additional funding for the specific purpose of allowing construction and operation of housing in excess of those limitations (except to the extent provided in subparagraph (C)).  

(C) Exception regarding formulas  

Subject to reasonable limitations set by the Secretary, the formulas established under subsections (d)(2) and (e)(2) may provide additional funding for the operation and modernization costs (but not the initial development costs) of housing in excess of amounts otherwise permitted under this paragraph, and such amounts may be so used, if—  

(i) such units are part of a mixed-finance project or otherwise leverage significant additional private or public investment; and  

(ii) the estimated cost of the useful life of the project is less than the estimated cost of providing tenant-based assistance under section 1437f(b) of this title for the same period of time.  

(h) Technical assistance  

To the extent amounts are provided in advance in appropriations Acts, the Secretary may make grants or enter into contracts or cooperative agreements in accordance with this subsection for purposes of providing, either directly or indirectly—  

(1) technical assistance to public housing agencies, resident councils, resident organizations, and resident management corporations, including assistance relating to monitoring and inspections;  

(2) training for public housing agency employees and residents;  

(3) data collection and analysis;  

(4) training, technical assistance, and education to public housing agencies that are—  

(A) at risk of being designated as troubled under section 1437d(j) of this title, to assist such agencies from being so designated; and  

(B) designated as troubled under section 1437d(j) of this title, to assist such agencies in achieving the removal of that designation;  

(5) contract expertise;  

(6) training and technical assistance to assist in the oversight and management of public housing or tenant-based assistance;  

(7) clearinghouse services in furtherance of the goals and activities of this subsection; and  

(8) assistance in connection with the establishment and operation of computer centers in public housing through a Neighborhood Networks initiative described in subsection (d)(1)(E).  

As used in this subsection, the terms “training” and “technical assistance” shall include training or technical assistance and the cost of necessary travel for participants in such training or technical assistance, by or to officials and employees of the Department and of public housing agencies, and to residents and to other eligible grantees.  

(i) Eligibility of units acquired from proceeds of sales under demolition or disposition plan  

If a public housing agency uses proceeds from the sale of units under a homeownership program in accordance with section 1437z–4 of this title to acquire additional units to be sold to low-income families, the additional units shall be counted as public housing for purposes of determining the amount of the allocation to the agency under this section until sale by the agency, but in no case longer than 5 years.
(j) Penalty for slow expenditure of capital funds

(1) Obligation of amounts

Except as provided in paragraph (4) and subject to paragraph (2), a public housing agency shall obligate any assistance received under this section not later than 24 months after, as applicable—

(A) the date on which the funds become available to the agency for obligation in the case of modernization; or

(B) the date on which the agency accumulates adequate funds to undertake modernization, substantial rehabilitation, or new construction of units.

(2) Extension of time period for obligation

The Secretary—

(A) may, extend the time period under paragraph (1) for a public housing agency, for such period as the Secretary determines to be necessary, if the Secretary determines that the failure of the agency to obligate assistance in a timely manner is attributable to—

(i) litigation;

(ii) obtaining approvals of the Federal Government or a State or local government;

(iii) complying with environmental assessment and abatement requirements;

(iv) relocating residents;

(v) an event beyond the control of the public housing agency; or

(vi) any other reason established by the Secretary by notice published in the Federal Register;

(B) shall disregard the requirements of paragraph (1) with respect to any unobligated amounts made available to a public housing agency, to the extent that the total of such amounts does not exceed 10 percent of the original amount made available to the public housing agency; and

(C) may, with the prior approval of the Secretary, extend the time period under paragraph (1), for an additional period not to exceed 12 months, based on—

(i) the size of the public housing agency;

(ii) the complexity of capital program of the public housing agency;

(iii) any limitation on the ability of the public housing agency to obligate the amounts allocated for the agency from the Capital Fund in a timely manner as a result of State or local law; or

(iv) such other factors as the Secretary determines to be relevant.

(3) Effect of failure to comply

(A) Prohibition of new assistance

A public housing agency shall not be awarded assistance under this section for any month during any fiscal year in which the public housing agency has funds unobligated in violation of paragraph (1) or (2).

(B) Withholding of assistance

During any fiscal year described in subparagraph (A), the Secretary shall withhold all assistance that would otherwise be provided to the public housing agency. If the public housing agency cures its failure to comply during the year, it shall be provided with the share attributable to the months remaining in the year.

(C) Redistribution

The total amount of any funds not provided public housing agencies by operation of this paragraph shall be allocated for agencies determined under section 1437d(j) of this title to be high-performing.

(4) Exception to obligation requirements

(A) In general

Subject to subparagraph (B), if the Secretary has consented, before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, to an obligation period for any agency longer than provided under paragraph (1), a public housing agency that obligates its funds before the expiration of that period shall not be considered to be in violation of paragraph (1).

(B) Prior fiscal years

Notwithstanding subparagraph (A), any funds appropriated to a public housing agency for fiscal year 1997 or prior fiscal years shall be fully obligated by the public housing agency not later than September 30, 1999.

(5) Expenditure of amounts

(A) In general

A public housing agency shall spend any assistance received under this section not later than 4 years (plus the period of any extension approved by the Secretary under paragraph (2)) after the date on which funds become available to the agency for obligation.

(B) Enforcement

The Secretary shall enforce the requirement of subparagraph (A) through default remedies up to and including withdrawal of the funding.

(6) Right of recapture

Any obligation entered into by a public housing agency shall be subject to the right of the Secretary to recapture the obligated amounts for violation by the public housing agency of the requirements of this subsection.

(7) Treatment of replacement reserve

The requirements of this subsection shall not apply to funds held in replacement reserves established pursuant to subsection (n).

(k) Treatment of nonrental income

A public housing agency that receives income from nonrental sources (as determined by the Secretary) may retain and use such amounts without any decrease in the amounts received under this section from the Capital or Operating Fund. Any such nonrental amounts retained shall be used only for low-income housing or to benefit the residents assisted by the public housing agency.

(l) Provision of only capital or operating assistance

(1) Authority

In appropriate circumstances, as determined by the Secretary, a public housing agency may
commit capital assistance only, or operating assistance only, for public housing units, which assistance shall be subject to all of the requirements applicable to public housing except as otherwise provided in this subsection.

(2) Exemptions

In the case of any public housing unit assisted pursuant to the authority under paragraph (1), the Secretary may, by regulation, reduce the period under subsection (d)(3) or (e)(3), as applicable, during which such units must be operated under requirements applicable to public housing. In cases in which there is commitment of operating assistance but no commitment of capital assistance, the Secretary may make section 8 [42 U.S.C. 1437f] requirements applicable, as appropriate, by regulation.

(m) Treatment of public housing

(2) Reduction of asthma incidence

Notwithstanding any other provision of this section, the New York City Housing Authority may, in its sole discretion, from amounts provided from the Operating and Capital Funds, or from amounts provided for public housing before amounts are made available from such Funds, use not more than exceeding $500,000 per year for the purpose of initiating, expanding or continuing a program for the reduction of the incidence of asthma among residents. The Secretary shall consult with the Administrator of the Environmental Protection Agency and the Secretary of Health and Human Services to identify and consider sources of funding for the reduction of the incidence of asthma among recipients of assistance under this subchapter.

(3) Services for elderly residents

Notwithstanding any other provision of this section, the New York City Housing Authority may, in its sole discretion, from amounts provided from the Operating and Capital Funds, or from amounts provided for public housing before amounts are made available from such Funds, use not more than $600,000 per year for the purpose authorized by subsection (d)(1) and contained in its Capital Fund 5-Year Action Plan.

(4) Effective date

This subsection shall apply to fiscal year 1999 and each fiscal year thereafter.

(n) Establishment of replacement reserves

(1) In general

Public housing agencies shall be permitted to establish a replacement reserve to fund any of the capital activities listed in subsection (d)(1).
The Quality Housing and Work Responsibility Act of 1998 amends the Act by requiring that, except as otherwise provided in this Act, the Secretary shall establish a performance fund for each public housing agency to cover the administrative costs to an Indian housing authority during the development period of a project approved pursuant to section 1457c of this title and until such time as the project is occupied.

Provided, That the skipping of a family on a waiting list to reach another family to implement the policy under clause (i) shall not be considered an adverse action. An agency implementing an admissions policy under this subparagraph shall implement the policy in a manner that does not prevent or interfere with the use of site-based waiting lists authorized under section 1437d(s) of this title.

(4) Fungibility with tenant-based assistance

(A) Authority

Except as provided under subparagraph (D), the number of public housing dwelling units that a public housing agency shall otherwise make available in accordance with paragraph (2)(A) to comply with the percentage requirement under such paragraph for a fiscal year shall be reduced by the credit number for the agency under subparagraph (B).

(B) Credit for exceeding tenant-based assistance targeting requirement

Subject to subparagraph (C), the credit number under this subparagraph for a public housing agency for a fiscal year shall be the number by which—

(i) the aggregate number of qualified families who, in such fiscal year, are initially provided tenant-based assistance under section 1437f of this title by the agency; exceeds

(ii) the number of public housing dwelling units of the agency that—
(I) are in projects that are located in census tracts having a poverty rate of 30 percent or more; and
(II) are made available for occupancy during such fiscal year and are actually filled only by families whose incomes at the time of commencement of such occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

(D) Fungibility floor
Notwithstanding any authority under subparagraph (A), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 30 percent shall be occupied by families whose incomes at the time of commencement of such occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

(i) notwithstanding any other provision of this chapter, charge such family as monthly rent for the unit occupied by such family an amount equal to the greater of—
(I) the applicable fair market rental established under section 1437f(c) of this title for a dwelling unit in the same market area of the same size; or
(II) the amount of the monthly subsidy provided under this chapter for the dwelling unit, which shall include any amounts from the Operating Fund and Capital Fund under section 1437f of this title used for the unit, as determined by the agency in accordance with regulations that the Secretary shall issue to carry out this subclause; or
(ii) terminate the tenancy of such family in public housing not later than 6 months after the income determination described in subparagraph (A).

(B) Notice

(C) Income limitation
The income limitation under this subparagraph shall be 120 percent of the median income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income limitations higher or lower than 120 percent of such median income on the basis of the Secretary’s findings that such variations are necessary because of prevailing levels of construction costs, or unusually high or low family incomes, vacancy rates, or rental costs.

(D) Exception
Subparagraph (A) shall not apply to a family occupying a dwelling unit in public housing pursuant to paragraph (5) of section 1437a(a) of this title.

(E) Reports on over-income families and waiting lists
The Secretary shall require that each public housing agency shall—
(i) submit a report annually, in a format required by the Secretary, that specifies—
(I) the number of families residing, as of the end of the year for which the report is submitted, in public housing administered by the agency who had incomes exceeding the applicable income limitation under subparagraph (C); and
(II) the number of families, as of the end of such year, on the waiting lists for admission to public housing projects of the agency; and
(ii) make the information reported pursuant to clause (i) publicly available.

(b) Income eligibility for tenant-based section 1437f assistance

(1) In general
Of the families initially provided tenant-based assistance under section 1437f of this title by a public housing agency in any fiscal year, not less than 75 percent shall be extremely low-income families.

(2) Jurisdictions served by multiple PHAs
In the case of any 2 or more public housing agencies that administer tenant-based assistance under section 1437f of this title with respect solely to identical geographical areas, such agencies shall be treated as a single public housing agency for purposes of paragraph (1).

(c) Income eligibility for project-based section 1437f assistance

(1) Pre-1981 act projects
Not more than 25 percent of the dwelling units that were available for occupancy under
section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter before October 1, 1981, and which will be leased on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

(2) Post-1981 act projects

Not more than 15 percent of the dwelling units which become available for occupancy under section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

(3) Targeting

For each project assisted under a contract for project-based assistance, of the dwelling units made available under project-based contracts under this chapter, not less than 40 percent shall be available for leasing only by extremely low-income families.

(4) Prohibition of skipping

In developing admission procedures implementing paragraphs (1), (2), and (3), the Secretary shall prohibit project owners from selecting families for residence in an order different from the order on the waiting list for the purpose of selecting relatively higher income families for residence. Nothing in this paragraph or this subsection may be construed to prevent an owner of housing assisted under a contract for project-based assistance from establishing a preference for occupancy in such housing for families containing a member who is employed.

(5) Exception

The limitations established in paragraphs (1), (2), and (3) shall not apply to dwelling units made available under project-based contracts under section 1437f of this title for the purpose of preventing displacement, or ameliorating the effects of displacement.

(6) Definition

For purposes of this subsection, the term “project-based assistance” means assistance under any of the following programs:

(A) The new construction or substantial rehabilitation program under section 1437f(b)(2) of this title (as in effect before October 1, 1983).

(B) The property disposition program under section 1437f(b) of this title (as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998).

(C) The loan management set-aside program under subsections (b) and (v) of section 1437f of this title.

(G) Section 1437f of this title (as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998), following conversion from assistance under section 1701 of title 12 or section 1715z–1(f)(2) of title 12.

(d) Establishment of different standards

Notwithstanding subsection (a)(2) or (b)(1), if approved by the Secretary, a public housing agency may for good cause establish and implement, in accordance with the public housing agency plan, an admission standard other than the standard under such subsection.

(e) Eligibility for assistance based on assets

(1) Limitation on assets

Subject to paragraph (3) and notwithstanding any other provision of this chapter, a dwelling unit assisted under this chapter may not be rented and assistance under this chapter may not be provided, either initially or at each recertification of family income, to any family—

(A) whose net family assets exceed $100,000, as such amount is adjusted annually by applying an inflationary factor as the Secretary considers appropriate; or

(B) who has a present ownership interest in, a legal right to reside in, and the effective legal authority to sell, real property that is suitable for occupancy by the family as a residence, except that the prohibition under this subparagraph shall not apply to—

(i) any property for which the family is receiving assistance under subsection (y) or (o)(12) of section 1437f of this title;

(ii) any person that is a victim of domestic violence; or

(iii) any family that is offering such property for sale.

(2) Net family assets

(A) In general

For purposes of this subsection, the term “net family assets” means, for all members of the household, the net cash value of all assets after deducting reasonable costs that would be incurred in disposing of real property, savings, stocks, bonds, and other forms of capital investment. Such term does not include interests in Indian trust land, equity in property for which the family is receiving assistance under subsection (y) or (o)(12) of section 1437f of this title, equity accounts in homeownership programs of the Department of Housing and Urban Development, or Family Self Sufficiency accounts.

(B) Exclusions

Such term does not include—

(i) the value of personal property, except for items of personal property of significant value, as the Secretary may establish or the public housing agency may determine;

(ii) the value of any retirement account;

(iii) real property for which the family does not have the effective legal authority necessary to sell such property;
(iv) any amounts recovered in any civil action or settlement based on a claim of malpractice, negligence, or other breach of duty owed to a member of the family and arising out of law, that resulted in a member of the family being disabled;
(v) the value of any Coverdell education savings account under section 530 of title 26 or any qualified tuition program under section 529 of such title; and
(vi) such other exclusions as the Secretary may establish.

(C) Trust funds

In cases in which a trust fund has been established and the trust is not revocable by, or under the control of, any member of the family or household, the value of the trust fund shall not be considered an asset of a family if the fund continues to be held in trust. Any income distributed from the trust fund shall be considered income for purposes of section 1437a(b) of this title and any calculations of annual family income, except in the case of medical expenses for a minor.

(3) Self-certification

(A) Net family assets

A public housing agency or owner may determine the net assets of a family, for purposes of this section, based on a certification by the family that the net assets of such family do not exceed $50,000, as such amount is adjusted annually by applying an inflationary factor as the Secretary considers appropriate.

(B) No current real property ownership

A public housing agency or owner may determine compliance with paragraph (1)(B) based on a certification by the family that such family does not have any current ownership interest in any real property at the time the agency or owner reviews the family’s income.

(C) Standardized forms

The Secretary may develop standardized forms for the certifications referred to in subparagraphs (A) and (B).

(4) Compliance for public housing dwelling units

When recertifying family income with respect to families residing in public housing dwelling units, a public housing agency may, in the discretion of the agency and only pursuant to a policy that is set forth in the public housing agency plan under section 1437c-1 of this title for the agency, choose not to enforce the limitation under paragraph (1).

(5) Enforcement

When recertifying the income of a family residing in a dwelling unit assisted under this chapter, a public housing agency or owner may choose not to enforce the limitation under paragraph (1) or may establish exceptions to such limitation based on eligibility criteria, but only pursuant to a policy that is set forth in the public housing agency plan under section 1437c-1 of this title for the agency or under a policy adopted by the owner. Eligibility criteria for establishing exceptions may provide for separate treatment based on family type and may be based on different factors, such as age, disability, income, the ability of the family to find suitable alternative housing, and whether supportive services are being provided.

(6) Authority to delay evictions

In the case of a family residing in a dwelling unit assisted under this chapter who does not comply with the limitation under paragraph (1), the public housing agency or project owner may delay eviction or termination of the family based on such noncompliance for a period of not more than 6 months.

(7) Verifying income

(A) Beginning in fiscal year 2018, the Secretary shall require public housing agencies to require each applicant for or recipient of benefits under this chapter to provide authorization by the applicant or recipient (or by any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient for such benefits) for the public housing agency to obtain (subject to the cost reimbursement requirements of section 1115(a) of the Right to Financial Privacy Act [12 U.S.C. 3415]) from any financial institution (within the meaning of section 1101(1) of such Act [12 U.S.C. 3401(1)]) any financial record (within the meaning of section 1101(2) of such Act [12 U.S.C. 3401(2)]) held by the institution with respect to the applicant or recipient (or any such other person) whenever the public housing agency determines the record is needed in connection with a determination with respect to such eligibility or the amount of such benefits.

(B) Notwithstanding section 1104(a)(1) of the Right to Financial Privacy Act [12 U.S.C. 3404(a)(1)], an authorization provided by an applicant or recipient (or any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient) pursuant to subparagraph (A) of this paragraph shall remain effective until the earliest of—

(i) the rendering of a final adverse decision on the applicant’s application for eligibility for benefits under this chapter;

(ii) the cessation of the recipient’s eligibility for benefits under this chapter; or

(iii) the express revocation by the applicant or recipient (or such other person referred to in subparagraph (A)) of the authorization, in a written notification to the Secretary.

(C)(i) An authorization obtained by the public housing agency pursuant to this paragraph shall be considered to meet the requirements of the Right to Financial Privacy Act [12 U.S.C. 3401 et seq.] for purposes of section 1103(a) of such Act [12 U.S.C. 3403(a)], and need not be furnished to the financial institution, notwithstanding section 1104(a) of such Act [12 U.S.C. 3404(a)].

(ii) The certification requirements of section 1103(b) of the Right to Financial Privacy Act [12 U.S.C. 3403(b)] shall not apply to requests...
by the public housing agency pursuant to an authorization provided under this clause.

(iii) A request by the public housing agency pursuant to an authorization provided under this clause is deemed to meet the requirements of section 1104(a)(3) of the Right to Financial Privacy Act [12 U.S.C. 3404(a)(3)] and the flush language of section 1102 of such Act [12 U.S.C. 3402].

(iv) The public housing agency shall inform any person who provides authorization pursuant to this paragraph of the duration and scope of the authorization.

(D) If an applicant for, or recipient of, benefits under this chapter (or any such other person referred to in subparagraph (A)) refuses to provide, or revokes, any authorization made by the applicant or recipient for the public housing agency to obtain from any financial institution any financial record, the public housing agency may, on that basis, determine that the applicant or recipient is ineligible for benefits under this chapter.

(f) Ineligibility of individuals convicted of manufacturing or producing methamphetamine on the premises

Notwithstanding any other provision of law, a public housing agency shall establish standards for occupancy in public housing dwelling units and assistance under section 1437f of this title that—

(1) permanently prohibit occupancy in any public housing dwelling unit by, and assistance under section 1437f of this title for, any person who has been convicted of manufacturing or otherwise producing methamphetamine on the premises in violation of any Federal or State law; and

(2) immediately and permanently terminate the tenancy in any public housing unit of, and the assistance under section 1437f of this title for, any person who is convicted of manufacturing or otherwise producing methamphetamine on the premises in violation of any Federal or State law.

Except as provided in subsection (b), upon receiving an application by a public housing agency for authorization, with or without financial assistance under this subchapter, to demolish or dispose of a public housing project or a portion of a public housing project (including any transfer to a resident-supported nonprofit entity), the Secretary shall approve the application, if the public housing agency certifies—

(1) in the case of—

(ii) no reasonable program of modifications is cost-effective to return the public housing project or portion of the project to useful life; and

(A) the retention of the property is not in the best interests of the residents or the public housing agency because—

(f) De minimis exception to demolition requirements

Notwithstanding any other provision of this section, in any 5-year period a public housing agency may demolish not more than the lesser of 5 dwelling units or 5 percent of the total dwelling units owned by the public housing agency, but only if the space occupied by the demolished unit is used for meeting the service or other needs of public housing residents or the demolished unit was beyond repair.

On and after October 1, 1983, the Secretary—

(1) may only enter into contracts for annual contributions regarding obligations financing public housing projects authorized by section 1437c(c) of this title if such obligations are exempt from taxation under section 1437(b) of this title, or if such obligations are issued under section 1437b of this title and such obligations are exempt from taxation; and

§ 1437r. Public housing resident management

(a) Purpose

The purpose of this section is to encourage increased resident management of public housing projects, as a means of improving existing living conditions in public housing projects, by providing increased flexibility for public housing projects that are managed by residents by—

(1) permitting the retention, and use for certain purposes, of any revenues exceeding operating and project costs; and

(2) providing funding, from amounts otherwise available, for technical assistance to promote formation and development of resident management entities.

For purposes of this section, the term “public housing project” includes one or more contiguous buildings or an area of contiguous row houses the elected resident councils of which approve the establishment of a resident management corporation and otherwise meet the requirements of this section.

(b) Program requirements

(1) Resident council

As a condition of entering into a resident management program, the elected resident council of a public housing project shall approve the establishment of a resident management corporation. When such approval is made by the elected resident council of a building or row house area, the resident management program shall not interfere with the rights of other families residing in the project or harm the efficient operation of the project. The resident management corporation and the resident council may be the same organization, if the organization complies with the requirements applicable to both the corporation and council. The corporation shall be a nonprofit corporation organized under the laws of the State in which the project is located, and the tenants of the project shall be the sole voting members of the corporation. If there is no elected resident council, a majority of the households of the public housing project shall approve the establishment of a resident council to determine the feasibility of establishing a resident management corporation to manage the project.

(2) Public housing management specialist

The resident council of a public housing project, in cooperation with the public housing agency, shall select a qualified public housing management specialist to assist in determining the feasibility of, and to help establish, a resident management corporation and to provide training and other duties agreed to in the daily operations of the project.

(3) Bonding and insurance

Before assuming any management responsibility for a public housing project, the resi-
dent management corporation shall provide fidelity bonding and insurance, or equivalent protection, in accordance with regulations and requirements of the Secretary and the public housing agency. Such bonding and insurance, or its equivalent, shall be adequate to protect the Secretary and the public housing agency against loss, theft, embezzlement, or fraudulent acts on the part of the resident management corporation or its employees.

(4) Management responsibilities

A resident management corporation that qualifies under this section, and that supplies insurance and bonding or equivalent protection sufficient to the Secretary and the public housing agency, shall enter into a contract with the public housing agency establishing the respective management rights and responsibilities of the corporation and the public housing agency. Such contract shall be consistent with the requirements of this chapter applicable to public housing projects and may include specific terms governing management personnel and compensation, access to public housing project records, submission of and adherence to budgets, rent collection procedures, tenant income verification, tenant eligibility determinations, tenant eviction, the acquisition of supplies and materials, rent determinations, community service requirements, and such other matters as may be appropriate. The contract shall be treated as a contracting out of services and shall be subject to any provision of a collective bargaining agreement regarding contracting out to which the public housing agency is subject.

(5) Annual audit

The books and records of a resident management corporation operating a public housing project shall be audited annually by a certified public accountant. A written report of each audit shall be forwarded to the public housing agency and the Secretary.

(c) Assistance amounts

A contract under this section for management of a public housing project by a resident management corporation shall provide for—

(1) the public housing agency to provide a portion of the assistance to agency from the Capital and Operating Funds to the resident management corporation in accordance with subsection (e) for purposes of operating the public housing project covered by the contract and performing such other eligible activities with respect to the project as may be provided under the contract;

(2) the amount of income expected to be derived from the project itself (from sources such as rents and charges);

(3) the amount of income to be provided to the project from the other sources of income of the public housing agency (such as interest income, administrative fees, and rents); and

(4) any income generated by a resident management corporation of a public housing project that exceeds the income estimated under the contract shall be used for eligible activities under subsections (d)(1) and (e)(1) of section 1437g of this title.

(d) Waiver of Federal requirements

(1) Waiver of regulatory requirements

Upon the request of any resident management corporation and public housing agency, and after notice and an opportunity to comment is afforded to the affected tenants, the Secretary may waive (for both the resident management corporation and the public housing agency) any requirement established by the Secretary (and not specified in any statute) that the Secretary determines to unnecessarily increase the costs or restrict the income of a public housing project.

(2) Waiver to permit employment

Upon the request of any resident management corporation, the Secretary may, subject to applicable collective bargaining agreements, permit residents of such project to volunteer a portion of their labor.

(3) Exceptions

The Secretary may not waive under this subsection any requirement with respect to income eligibility for purposes of section 1437n of this title, rental payments under section 1437a(a) of this title, tenant or applicant protections, employee organizing rights, or rights of employees under collective bargaining agreements.

(e) Direct provision of operating and capital assistance

(1) In general

The Secretary shall directly provide assistance from the Operating and Capital Funds to a resident management corporation managing a public housing development pursuant to a contract under this section, but only if—

(A) the resident management corporation petitions the Secretary for the release of the funds;

(B) the contract provides for the resident management corporation to assume the primary management responsibilities of the public housing agency; and

(C) the Secretary determines that the corporation has the capability to effectively discharge such responsibilities.

(2) Use of assistance

Any assistance from the Operating and Capital Funds provided to a resident management corporation pursuant to this subsection shall be used for purposes of operating the public housing developments of the agency and performing such other eligible activities with respect to public housing as may be provided under the contract.

(3) Responsibility of public housing agency

If the Secretary provides direct funding to a resident management corporation under this subsection, the public housing agency shall not be responsible for the actions of the resident management corporation.

(4) Calculation of Operating Fund allocation

Notwithstanding any provision of section 1437g of this title or any regulation under such

(5) Calculation of total income

(A) Subject to subparagraph (B), the amount of funds provided by a public housing agency to a public housing project managed by a resident management corporation may not be reduced during the 3-year period beginning on February 5, 1988, or on any later date on which a resident management corporation is first established for the project.

(B) If the total income of a public housing agency (including any amounts from the Capital or Operating Funds provided to the public housing agency under section 1437g of this title) is reduced or increased, the income provided by the public housing agency to a public housing project managed by a resident management corporation shall be reduced or increased in proportion to the reduction or increase in the total income of the public housing agency, except that any reduction in amounts from the Operating Fund that occurs as a result of fraud, waste, or mismanagement by the public housing agency shall not affect the funds provided to the resident management corporation.

(6) Retention of excess revenues

(A) Any income generated by a resident management corporation of a public housing project that exceeds the income estimated for purposes of this subsection shall be excluded in subsequent years in calculating (i) the allocations from the Operating Fund for the public housing agency under section 1437g of this title; and (ii) the funds provided by the public housing agency to the resident management corporation.

(B) Any revenues retained by a resident management corporation under subparagraph (A) shall be used for purposes of improving the maintenance and operation of the public housing project, for establishing business enterprises that employ residents of public housing, or for acquiring additional dwelling units for low-income families.

(h) Applicability

Any management contract between a public housing agency and a resident management corporation that is entered into after November 7, 1988, shall be subject to this section and the regulations issued to carry out this section.

(3) Conditions of purchase by a resident management corporation

(A) A resident management corporation may purchase from a public housing agency one or more multifamily buildings in a public housing project following a determination by the Secretary that—

(ii) the resident management corporation has applied for and is prepared to undertake the ownership, management, and maintenance of the building or buildings with continued assistance from the Secretary;

(iii) the public housing agency has held one or more public hearings to obtain the views of citizens regarding the proposed purchase and, in consultation with the Secretary, has certified that the purchase will not interfere with the rights of other families residing in public housing, will not harm the efficient operation of other public housing, and is in the interest of the community;

(iv) the public housing agency has certified that it has and will implement a plan to replace public housing units sold under this section within 30 months of the sale, which plan shall provide for replacement of 100 percent of the units sold under this section by—

The Secretary shall not reduce or delay payments under other provisions of law as a result of amounts made available to the local housing agency under this section.

(6) Financing

When financing for the purchase of the property is not otherwise available for purposes of assisting any purchase by a family or resident management corporation under this section, the public housing agency involved may make a loan on the security of the property involved to the family or resident management corporation at a rate of interest that shall not be lower than 70 percent of the market interest rate for conventional mortgages on the date on which the loan is made.

(7) Capital and operating assistance

Notwithstanding the purchase of a building in a public housing project under this section, the Secretary shall continue to provide assistance under section 1437g of this title with respect to the project. The Secretary may adjust the payment standard for such assistance to take into account conditions under which the building was purchased.

(4) Rental and relocation assistance

If any family resides in a dwelling unit in a public housing project in which other dwelling units are purchased under this section, and the family decides not to purchase the dwelling unit, the Secretary shall offer (to be selected by the family, at its option)—

(B) to provide to the family the financial assistance necessary to permit the family to stay in the dwelling unit or to move to another comparable dwelling unit and to pay no more for rent than required under subparagraph (A), (B), or (C) of section 1437a(a)(1) of this title.

§ 1437t. Authority to convert public housing to vouchers

(a) Authority

A public housing agency may convert any public housing project (or portion thereof) owned by the public housing agency to tenant-based assistance, but only in accordance with the requirements of this section.

(b) Conversion assessment

(1) In general

To convert public housing under this section, a public housing agency shall conduct an assessment of the public housing that includes—

(A) a cost analysis that demonstrates whether or not the cost (both on a net present value basis and in terms of new budget authority requirements) of providing tenant-based assistance under section 1437f of this title for the same families in substantially similar dwellings over the same period of time is less expensive than continuing public housing assistance in the public housing project for the remaining useful life of the project;

(B) an analysis of the market value of the public housing project both before and after rehabilitation, and before and after conversion;

(C) an analysis of the rental market conditions with respect to the likely success of the use of tenant-based assistance under section 1437f of this title in that market for the specific residents of the public housing project, including an assessment of the availability of decent and safe dwellings renting at or below the payment standard and established for tenant-based assistance under section 1437f of this title by the agency;

(D) the impact of the conversion to tenant-based assistance under this section on the neighborhood in which the public housing project is located; and

(E) a plan that identifies actions, if any, that the public housing agency would take with regard to converting any public housing project or projects (or portions thereof) of the public housing agency to tenant-based assistance.

(2) Timing

Not later than 2 years after the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, each public housing agency shall conduct an assessment under paragraph (1) or (3) of the status of each public housing project owned by such agency and shall submit to the Secretary such assessment. A public housing agency may otherwise undertake an assessment under this subsection at any time and for any public housing project (or portion thereof) owned by the agency. A public housing agency may update a previously conducted assessment for a project (or portion thereof) for purposes of compliance with the one-year limitation under subsection (c).

(3) Streamlined assessment

At the discretion of the Secretary or at the request of a public housing agency, the Secretary may waive any or all of the requirements of paragraph (1) or (3) otherwise require a streamlined assessment with respect to any public housing project or class of public housing projects.

(c) Criteria for implementation of conversion plan

A public housing agency may convert a public housing project (or portion thereof) owned by the agency to tenant-based assistance only pursuant to a conversion assessment under sub-
section (b) that one year and that demonstrates that the conversion—

(1) will not be more expensive than continuing to operate the public housing project (or portion thereof) as public housing;
(2) will principally benefit the residents of the public housing project (or portion thereof) to be converted, the public housing agency, and the community; and
(3) will not adversely affect the availability of affordable housing in such community.

(d) Conversion plan requirement

A public housing project may be converted under this section to tenant-based assistance only as provided in a conversion plan under this subsection, which has not been disapproved by the Secretary pursuant to subsection (e). Each conversion plan shall—

(1) be developed by the public housing agency, in consultation with the appropriate public officials, with significant participation by the residents of the project (or portion thereof) to be converted;
(2) be consistent with and part of the public housing agency plan;
(3) describe the conversion and future use or disposition of the project (or portion thereof) and include an impact analysis on the affected community;
(4) provide that the public housing agency shall—
   (A) notify each family residing in a public housing project (or portion) to be converted under the plan 90 days prior to the displacement date except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—
      (I) the public housing project (or portion) will be removed from the inventory of the public housing agency; and
      (II) each family displaced by such action will be offered comparable housing—
         (i) that meets housing quality standards;
         (ii) that is located in an area that is generally not less desirable than the location of the displaced person’s housing; and
         (III) which may include—
            (aa) tenant-based assistance, except that the requirement under this clause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;
            (bb) project-based assistance; or
            (cc) occupancy in a unit operated or assisted by the public housing agency at a rental rate paid by the family that is comparable to the rental rate applicable to the unit from which the family is vacated;
   (B) provide any necessary counseling for families displaced by such action;
   (C) ensure that, if the project (or portion) converted is used as housing after such conversion, each resident may choose to remain in their dwelling unit in the project and use the tenant-based assistance toward rent for that unit; and
   (D) provide any actual and reasonable relocation expenses for families displaced by the conversion; and
(5) provide that any proceeds to the agency from the conversion will be used subject to the limitations that are applicable under section 1437p(a)(5) of this title to proceeds resulting from the disposition or demolition of public housing.

(e) Review and approval of conversion plans

The Secretary shall disapprove a conversion plan only if—

(1) the plan is plainly inconsistent with the conversion assessment for the agency developed under subsection (b);
(2) there is reliable information and data available to the Secretary that contradicts that conversion assessment; or
(3) the plan otherwise fails to meet the requirements of this section.

(f) Tenant-based assistance

To the extent approved by the Secretary, the funds used by the public housing agency to provide tenant-based assistance under section 1437f of this title shall be added to the annual contribution contract administered by the public housing agency.

§ 1437u. Family Self-Sufficiency program

(a) Purpose

The purpose of the Family Self-Sufficiency program established under this section is to promote the development of local strategies to coordinate use of public housing and assistance under the certificate and voucher programs under section 1437f of this title with public and private resources, to enable eligible families to achieve economic independence and self-sufficiency.

(b) Establishment of program

(1) Required programs

Except as provided in paragraph (2), the Secretary shall carry out a program under which each public housing agency that administers assistance under subsection (b) or (o) of section 1437f of this title or makes available new public housing dwelling units—

(A) may, during fiscal years 1991 and 1992, carry out a local Family Self-Sufficiency program under this section;

(B) effective on October 1, 1992, the Secretary shall require each such agency to carry out a local Family Self-Sufficiency program under this section, subject to the limitations in paragraph (4); and

(C) effective on October 21, 1998, to the extent an agency is not required to carry out a program pursuant to subparagraph (B) of this paragraph and paragraph (4), may carry out a local Family Self-Sufficiency program under this section.

Each local program shall, subject to availability of supportive services, include an action plan under subsection (g) and shall provide comprehensive supportive services for families electing to participate in the program. In carrying out the self-sufficiency program under this section, the Secretary shall consult with the heads of other appropriate Federal agencies and provide for cooperative actions and funding agreements with such agencies. Each public housing agency administering an approved local program may employ a service coordinator to administer the local program.

(2) Exception

The Secretary shall not require a public housing agency to carry out a local program under subsection (a) if the public housing agency provides certification (as such term is defined under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.]) to the Secretary, that the establishment and operation of the program is not feasible because of local circumstances, which may include—

(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 3111 et seq.] or the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act;

(B) lack of funding for reasonable administrative costs;

(C) lack of cooperation by other units of State or local government; or

(D) any other circumstances that the Secretary may consider appropriate.

In allocating assistance available for reservation under this chapter, the Secretary may not refuse to provide assistance or decrease the amount of assistance that would otherwise be provided to any public housing agency because the agency has provided a certification under this paragraph or because, pursuant to a certification, the agency has failed to carry out a self-sufficiency program.

(3) Scope

Subject to paragraph (4), each public housing agency required to carry out a local program under this section shall make the following housing assistance available under the program in each fiscal year:

(A) Certificate and voucher assistance under section 1437f(b) and (o) of this title, in an amount equivalent to the increase for such year in the number of families so assisted by the agency (as compared to the preceding year).

(B) Public housing dwelling units, in the number equal to the increase for such year in units made available by the agency (as compared to the preceding year).

Each such public housing agency shall continue to operate a local program for the number of families determined under this paragraph subject only to the availability under appropriations Acts of sufficient amounts for assistance.

(4) Termination of requirement to expand program

(A) In general

Notwithstanding any other provision of law, a public housing agency that receives incremental assistance under subsection (b) or (o) of section 1437f of this title or that makes available new public housing dwelling

1 See References in Text note below.
units shall not be required, after October 21, 1998, to provide assistance under a local Family Self-Sufficiency program under this section to any families not required to be assisted under subparagraph (B) of this paragraph.

(B) Continuation of existing obligations

(i) In general

Each public housing agency that, before October 21, 1998, was required under this section to carry out a local Family Self-Sufficiency program shall continue to operate such local program for the number of families determined under paragraph (3), subject only to the availability under appropriations Acts of sufficient amounts for housing assistance.

(ii) Reduction

The number of families for which an agency is required under clause (i) to operate such local program shall be decreased by one for each family that, after October 21, 1998, fulfills its obligations under the contract of participation.

(5) Nonparticipation

Assistance under the certificate or voucher programs under section 1437f of this title for a family that elects not to participate in a local program shall not be delayed by reason of such election.

(c) Contract of participation

(1) In general

Each public housing agency carrying out a local program under this section shall enter into a contract with each leaseholder receiving assistance under the certificate and voucher programs of the public housing agency under section 1437f of this title or residing in public housing administered by the agency, that elects to participate in the self-sufficiency program under this section. The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which compliance with and performance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. The contract shall provide that the public housing agency may terminate or withhold assistance under section 1437f of this title and services under paragraph (2) of this subsection if the public housing agency determines, through an administrative grievance procedure in accordance with the requirements of section 1437d(k) of this title, that the family has failed to comply with the requirements of the contract without good cause (which may include a loss or reduction in access to supportive services, or a change in circumstances that makes the family or individual unsuitable for participation).

(2) Supportive services

A local program under this section shall provide appropriate supportive services under this paragraph to each participating family entering into a contract of participation under paragraph (1). The supportive services shall be provided during the period the family is receiving assistance under section 1437f of this title or residing in public housing, and may include—

(A) child care;
(B) transportation necessary to receive services;
(C) remedial education;
(D) education for completion of high school;
(E) job training and preparation;
(F) substance abuse treatment and counseling;
(G) training in homemaking and parenting skills;
(H) training in money management;
(I) training in household management; and
(J) any other services and resources appropriate to assist eligible families to achieve economic independence and self-sufficiency.

(3) Term and extension

Each family participating in a local program shall be required to fulfill its obligations under the contract of participation not later than 5 years after entering into the contract. The public housing agency shall extend the term of the contract for any family that requests an extension, upon a finding of the agency of good cause.

(4) Employment and counseling

The contract of participation shall require the head of the participating family to seek suitable employment during the term of the contract. The public housing agency may, during such period, provide counseling for the family with respect to affordable rental and homeownership opportunities in the private housing market and money management counseling.

(d) Incentives for participation

(1) Maximum rents

During the term of the contract of participation, the amount of rent paid by any participating family whose monthly adjusted income does not exceed 50 percent of the area median income for occupancy in the public housing unit or dwelling unit assisted under section 1437f of this title may not be increased on the basis of any increase in the earned income of the family, unless the increase results in an income exceeding 50 percent of the area median income. The Secretary shall provide for increased rents for participating families whose incomes are between 50 and 80 percent of the area median income, so that any family whose income increases to 80 percent or more of the area median income pays 30 percent of the family’s monthly adjusted income for rent. Upon completion of the contract of participation, if the participating family continues to qualify for and reside in a dwelling unit in public housing or housing assisted under section 1437f of this title, the rent charged the participating family shall be increased (if applicable) to 30 percent of the monthly adjusted income of the family.
(2) Escrow savings accounts

For each participating family whose monthly adjusted income is less than 50 percent of the area median income, the difference between 30 percent of the adjusted income of the participating family and the amount of rent paid by a participating family shall be placed in an interest-bearing escrow account established by the public housing agency on behalf of the participating family. For families with incomes between 50 and 80 percent of the area median income, the Secretary shall provide for escrow of the difference between 30 percent of the family income and the amount paid by the family for rent as determined by the Secretary under paragraph (1). The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (c), as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. A public housing agency establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by the public housing agency.

(3) Plan

Each public housing agency carrying out a local program under this section shall establish a plan to offer incentives to families to encourage families to participate in the program. The plan shall require the establishment of a plan to offer incentives to families to encourage families to participate in the program, based on available and anticipated Federal, State, local, and private resources; (C) a description of the services and activities under subsection (c)(2) to be provided to

an action plan under subsection (g), carry out activities under the local program, and secure commitments of public and private resources through a program coordinating committee established by the public housing agency under this subsection.

(2) Membership

The program coordinating committee may consist of representatives of the public housing agency, the unit of general local government, the local agencies (if any) responsible for carrying out programs under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 311 et seq.] or the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act, and other organizations, such as other State and local welfare and employment agencies, public and private education or training institutions, nonprofit service providers, and private businesses. The public housing agency may, in consultation with the chief executive officer of the unit of general local government, utilize an existing entity as the program coordinating committee if it meets the requirements of this subsection.

(g) Action plan

(1) Required submission

The Secretary shall require each public housing agency participating in the self-sufficiency program under this section to submit an action plan under this subsection to the Secretary, for approval by the Secretary, an action plan under this subsection in such form and in accordance with such procedures as the Secretary shall require.

(2) Development of plan

In developing the plan, the public housing agency shall consult with the chief executive officer of the applicable unit of general local government, the program coordinating committee established under subsection (f), representatives of residents of the public housing, any local agencies responsible for programs under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 311 et seq.] or the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act, other appropriate organizations (such as other State and local welfare and employment or training institutions, child care providers, nonprofit service providers, and private businesses), and any other public and private service providers affected by the operation of the local program.

(3) Contents of plan

The Secretary shall require that the action plan contain at a minimum—

(A) a description of the size, characteristics, and needs of the population of the families expected to participate in the local self-sufficiency program;

(B) a description of the number of eligible participating families who can reasonably be expected to receive supportive services under the program, based on available and anticipated Federal, State, local, and private resources;

(C) a description of the services and activities under subsection (c)(2) to be provided to
families receiving assistance under this section through the section 8 [42 U.S.C. 1437f] and public housing programs, which shall be provided by both public and private resources;
(D) a description of the incentives pursuant to subsection (d) offered by the public housing agency to families to encourage participation in the program;
(E) a description of how the local program will deliver services and activities according to the needs of the families participating in the program;
(F) a description of both the public and private resources that are expected to be made available to provide the activities and services under the local program;
(G) a timetable for implementation of the local program;
(H) assurances satisfactory to the Secretary that development of the services and activities under the local program has been coordinated with the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act and programs under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 3111 et seq.] and any other relevant employment, child care, transportation, training, and education programs in the applicable area, and that implementation will continue to be coordinated, in order to avoid duplication of services and activities; and
(I) assurances satisfactory to the Secretary that nonparticipating families will retain their rights to public housing or section 8 [42 U.S.C. 1437f] assistance notwithstanding the provisions of this section.

(h) Allowable public housing agency administrative fees and costs

(1) Fees under section 1437f

The Secretary shall establish a fee under section 1437f(q) of this title for the costs incurred in administering the provision of certificate and voucher assistance under section 1437f of this title through the self-sufficiency program under this section. The fee shall be the fee in effect under such section on June 1, 1990, except that for purposes of the fee under this paragraph the applicable dollar amount for preliminary expenses under section 1437f(q)(2)(A)(i) of this title shall, subject to approval in appropriations Acts, be $300. Upon the submission by the Comptroller General of the United States of the report required under section 554(b) of the Cranston-Gonzalez National Affordable Housing Act, the Secretary shall revise the fee under this paragraph, taking into consideration the report of the Comptroller General.

(2) Performance funding system

Notwithstanding any provision of section 1437g of this title, the Secretary shall provide for inclusion under the performance funding system under section 1437g of this title of reasonable and eligible administrative costs (including the costs of employing a full-time service coordinator) incurred by public housing agencies carrying out local programs under this section. The Secretary shall include an estimate of the administrative costs likely to be incurred by participating public housing agencies in the annual budget request for the Department of Housing and Urban Development for public housing operating assistance under section 1437g of this title and shall include a request for such amounts in the budget request. Of any amounts appropriated under section 1437g(c) of this title for fiscal year 1993, $25,000,000 is authorized to be used for costs under this paragraph, and of any amounts appropriated under such section for fiscal year 1994, $25,900,000 is authorized to be used for costs under this paragraph.

(i) Public housing agency incentive award allocation

(1) In general

The Secretary shall carry out a competition for budget authority for certificate and voucher assistance under section 1437f of this title and public housing development assistance under section 1437c(a)(2) of this title reserved under paragraph (4) and shall allocate such budget authority to public housing agencies pursuant to the competition.

(2) Criteria

The competition shall be based on successful and outstanding implementation by public housing agencies of a local self-sufficiency program under this section. The Secretary shall establish performance criteria for public housing agencies carrying out such local programs and the Secretary shall cause such criteria to be published in the Federal Register.

(3) Use

Each public housing agency that receives an allocation of budget authority under this subsection shall use such authority to provide assistance under the local self-sufficiency program established by the public housing agency under this section.

(4) Reservation of budget authority

Notwithstanding section 1439(d) of this title, the Secretary shall reserve for allocation under this subsection not less than 10 percent of the portion of budget authority appropriated in each of fiscal years 1991 and 1992 for section 1437f of this title that is available for purposes of providing assistance under the existing housing certificate and housing voucher programs for families not currently receiving assistance, and not less than 10 percent of the public housing development assistance available in such fiscal years for the purpose under section 1437c(a)(2) of this title (excluding amounts for major reconstruction of obsolete projects).

(j) On-site facilities

Each public housing agency carrying out a local program may, subject to the approval of the Secretary, make available and utilize common areas or unoccupied public housing units in public housing projects administered by the agency for the provision of supportive services.\footnote{So in original. Probably should be “performance”.}
under the local program. The use of the facilities of a public housing agency under this subsection shall not affect the amount of assistance provided to the agency under section 1437g of this title.

(k) Flexibility

In establishing and carrying out the self-sufficiency program under this section, the Secretary shall allow public housing agencies, units of general local government, and other organizations discretion and flexibility, to the extent practicable, in developing and carrying out local programs.

(l) Reports

(1) To Secretary

Each public housing agency that carries out a local self-sufficiency program approved by the Secretary under this section shall submit to the Secretary, not less than annually a report regarding the program. The report shall include—

(A) a description of the activities carried out under the program;

(B) a description of the effectiveness of the program in assisting families to achieve economic independence and self-sufficiency;

(C) a description of the effectiveness of the program in coordinating resources of communities to assist families to achieve economic independence and self-sufficiency; and

(a) Purpose

The purpose of the Family Self-Sufficiency program established under this section is to promote the development of local strategies to coordinate use of assistance under sections 1437f and 1437g of this title with public and private resources, to enable eli-
gible families to achieve economic independence and self-sufficiency.

(b) Continuation of prior required programs
(1) In general
Each public housing agency that was required to administer a local Family Self-Sufficiency program on May 24, 2018, shall operate such local program for, at a minimum, the number of families the agency was required to serve on May 24, 2018, subject only to the availability under appropriations Acts of sufficient amounts for housing assistance and the requirements of paragraph (2).

(2) Reduction
The number of families for which a public housing agency is required to operate such local program under paragraph (1) shall be decreased by 1 for each family from any supported rental housing program administered by such agency that, after October 21, 1998, fulfills its obligations under the contract of participation.

(3) Exception
The Secretary shall not require a public housing agency to carry out a mandatory program for a period of time upon the request of the public housing agency and upon a determination by the Secretary that implementation is not feasible because of local circumstances, which may include—
(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under title I of the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.);
(B) lack of funding for reasonable administrative costs;
(C) lack of cooperation by other units of State or local government; or
(D) any other circumstances that the Secretary may consider appropriate.

(c) Eligibility
(1) Eligible families
A family is eligible to participate in a local Family Self-Sufficiency program under this section if—

(d) Contract of participation
(1) In general
Each eligible entity carrying out a local program under this section shall enter into a contract with a household member of an eligible family, that elects to participate in the self-sufficiency program under this section. The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which compliance with and performance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. Housing assistance may not be terminated as a consequence of either successful completion of the contract of participation or failure to complete such contract. A contract of participation shall remain in effect until the participating family exits the Family Self-Sufficiency program upon successful graduation or expiration of the contract of participation, or for other good cause.

(2) Supportive services
An eligible entity shall coordinate appropriate supportive services under this paragraph for each participating family entering into a contract of participation under paragraph (1). The supportive services shall be coordinated for the period the family is receiving assistance pursuant to section 1437f or 1437g of this title and for the duration of the contract of participation, and may include, but are not limited to—

The eligible entity shall extend the term of the contract for any family that requests an extension, upon a finding of good cause.

(4) Employment
The contract of participation shall require 1 household member of the participating family to seek and maintain suitable employment.

(5) Nonparticipation
Assistance under section 1437f or 1437g of this title for a family that elects not to participate in a Family Self-Sufficiency program shall not be delayed by reason of such election.
(c) Incentives for participation

(1) Maximum rents

During the term of the contract of participation, the amount of rent paid by any participating family shall be calculated under the rental provisions of section 1437a of this title or section 1437f(o) of this title, as applicable.

(2) Escrow savings accounts

For each participating family, an amount equal to any increase in the amount of rent paid by the family in accordance with the provisions of section 1437a or 1437f(o) of this title, as applicable, that is attributable to increases in earned income by the participating family, shall be placed in an interest-bearing escrow account established by the eligible entity on behalf of the participating family. Notwithstanding any other provision of law, an eligible entity may use funds it controls under section 1437f or 1437g of this title for purposes of making the escrow deposit for participating families assisted under, or residing in units assisted under, section 1437f or 1437g of this title, respectively, provided such funds are offset by the increase in the amount of rent paid by the participating family. All Family Self-Sufficiency programs administered under this section shall include an escrow account. The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (d), as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. An eligible entity establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by such eligible entity.

(3) Forfeited escrow

Any amount placed in an escrow account established by an eligible entity for a participating family as required under paragraph (2), that exists after the end of a contract of participation by a household member of a participating family that does not qualify to receive the escrow, shall be used by the eligible entity for the benefit of participating families in good standing.

(f) Effect of increases in family income

Any increase in the earned income of a family during the participation of the family in a local program established under this section may not be considered as income or a resource for purposes of eligibility of the family for other benefits, or amount of benefits payable to the family, under any program administered by the Secretary.

(g) Program coordinating committee

(1) Functions

Each eligible entity carrying out a local program under this section shall, in consultation with the chief executive officer of the unit of general local government, develop an action plan under subsection (h), carry out activities under the local program, and secure commitments of public and private resources through a program coordinating committee established by such eligible entity under this subsection.

(2) Membership

The program coordinating committee may consist of representatives of the eligible entity, the unit of general local government, the local agencies (if any) responsible for carrying out programs under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 3111 et seq.], and other organizations, such as other State and local welfare and employment agencies, public and private primary, secondary, and post-secondary education or training institutions, nonprofit service providers, and private businesses. The eligible entity may, in consultation with the chief executive officer of the unit of general local government and tenants served by the program, utilize an existing entity as the program coordinating committee if it meets the requirements of this subsection.

(3) Contents of plan

The Secretary shall require that the action plan contain at a minimum—

(B) a description of the number of eligible participating families who can reasonably be expected to receive supportive services under the program, based on available and anticipated Federal, State, local, and private resources;

(C) a description of the services and activities under subsection (d)(2) to be coordinated on be-
half of participating families receiving direct assistance under this section through sections 1437f and 1437g of this title, which shall be provided by both public and private resources;

(D) a description of the incentives pursuant to subsection (e) offered by the eligible entity to families to encourage participation in the program;

(E) a description of how the local program will coordinate services and activities according to the needs of the families participating in the program;

(G) a timetable for implementation of the local program;

(H) assures satisfactory to the Secretary that development of the services and activities under the local program has been coordinated with programs under title I of the Workforce Innovation and Opportunity Act [29 U.S.C. 3111 et seq.] and any other relevant employment, child care, transportation, training, and education programs in the applicable area, and that implementation will continue to be coordinated, in order to avoid duplication of services and activities; and

(I) assurances satisfactory to the Secretary that nonparticipating families will retain their rights to assistance under section 1437f or 1437g of this title notwithstanding the provisions of this section.

(i) Family Self-Sufficiency awards

(1) In general

Subject to appropriations, the Secretary shall establish a formula by which annual funds shall be awarded or as otherwise determined by the Secretary for the costs incurred by an eligible entity in administering the Family Self-Sufficiency program under this section.

(2) Eligibility for awards

The award established under paragraph (1) shall provide funding for family self-sufficiency coordinators as follows:

(A) Base award

An eligible entity serving 25 or more participants in the Family Self-Sufficiency program under this section is eligible to receive an award equal to the costs, as determined by the Secretary, of 1 full-time family self-sufficiency coordinator position. The Secretary may, by regulation or notice, determine the policy concerning the award for an eligible entity serving fewer than 25 such participants, including providing prorated awards or allowing such entities to combine their programs under this section for purposes of employing a coordinator.

(B) Additional award

An eligible entity that meets performance standards set by the Secretary is eligible to receive an additional award sufficient to cover the costs of filling an additional family self-sufficiency coordinator position if such entity has 75 or more participating families, and an additional coordinator for each additional 50 participating families, or such other ratio as may be established by the Secretary based on the award allocation evaluation under subparagraph (E).

(C) State and regional agencies

For purposes of calculating the award under this paragraph, each administratively distinct part of a State or regional eligible entity may be treated as a separate agency.

(D) Determination of number of coordinators

In determining whether an eligible entity meets a specific threshold for funding pursuant to this paragraph, the Secretary shall consider the number of participants enrolled by the eligible entity in its Family Self-Sufficiency program as well as other criteria determined by the Secretary.

(E) Award allocation evaluation

The Secretary shall submit to Congress a report evaluating the award allocation under this subsection, and make recommendations based on this evaluation and other related findings to modify such allocation, within 4 years after May 24, 2018, and not less frequently than every 4 years thereafter. The report requirement under this subparagraph shall terminate after the Secretary has submitted 2 such reports to Congress.

(3) Renewals and allocation

(A) In general

Funds allocated by the Secretary under this subsection shall be allocated in the following order of priority:

(i) First priority

Renewal of the full cost of all coordinators in the previous year at each eligible entity with an existing Family Self-Sufficiency program that meets applicable performance standards set by the Secretary.

(ii) Second priority

New or incremental coordinator funding authorized under this section.

(B) Guidance

If the first priority, as described in subparagraph (A)(i), cannot be fully satisfied, the Secretary may prorate the funding for each eligible entity, as long as—

(ii) each eligible entity that has received funding for at least 1 full-time coordinator in the prior fiscal year is provided sufficient funding for at least 1 full-time coordinator as part of any such proration.

(4) Recapture or offset

Any awards allocated under this subsection by the Secretary in a fiscal year that have not been spent by the end of the subsequent fiscal year or such other time period as determined by the Secretary may be recaptured by the Secretary and shall be available for providing additional awards pursuant to paragraph (2)(B), or may be offset as determined by the Secretary. Funds appropriated
pursuant to this section shall remain available for 3 years in order to facilitate the re-use of any re-
captured funds for this purpose.
(5) Performance reporting

(j) On-site facilities

Each eligible entity carrying out a local program may, subject to the approval of the Secretary, make available and utilize common areas or unoccupied units for the provision or coordination of supportive services under the local program.
(k) Flexibility

In establishing and carrying out the self-sufficiency program under this section, the Secretary shall allow eligible entities, units of general local government, and other organizations discretion and flexibility, to the extent practicable, in developing and carrying out local programs.
(l) Programs for tenants in privately owned prop-

(A) some or all of the economic gain derived from any such resale occurring during the 5-year period following the purchase of the dwelling unit by the eligible family; and
(B) after the expiration of such 5-year period, only such amounts as are equivalent to the assistance provided under this section by the agency to the purchaser.

The limitations referred to in paragraph (1)(A) may provide for consideration of the aggregate amount of assistance provided under the program to the family, the contribution to equity provided by the purchasing eligible family, the period of time elapsed between purchase under the homeownership program and resale, the reason for resale, any improvements to the property made by the eligible family, any appreciation in the value of the property, and any other factors that the agency considers appropriate.

(6) other activities designed to improve the economic self-sufficiency of residents.

c) Funding distribution

(A) the demonstrated capacity of the applicant to carry out a program of supportive services or resident empowerment activities;

(B) the ability of the applicant to leverage additional resources for the provision of services; and

(C) the extent to which the grant will result in a high quality program of supportive services or resident empowerment activities.

d) Matching requirement

The Secretary may not make any grant under this section to any applicant unless the applicant supplements amounts made available under this section with funds from sources other than this section in an amount equal to not less than 25 percent of the grant amount. Such supplemental amounts may include—

(1) funds from other Federal sources;

(2) funds from any State, local, or tribal government sources;

assistance from the Capital Fund under such section, or both forms of assistance. A public housing agency may, in accordance with regulations established by the Secretary, provide capital assistance to a mixed-finance project in the form of a grant, loan, guarantee, or other form of investment in the project, which may involve drawdown of funds on a schedule commensurate with construction draws for deposit into an interest-bearing escrow account to serve as collateral or credit enhancement for bonds issued by a public agency, or for other forms of public or private borrowings, for the construction or rehabilitation of the development.

(2) Use

To the extent deemed appropriate by the Secretary, assistance used in connection with the costs associated with the operation and management of mixed-finance projects may be used for funding of an operating reserve to ensure affordability for low-income and very low-income families in lieu of the availability of operating funds for public housing units in a mixed-finance project.

(c) Compliance with public housing requirements

The units assisted with capital or operating assistance in a mixed-finance project shall be developed, operated, and maintained in accordance with the requirements of this chapter relating to public housing during the period required by under this chapter, unless otherwise specified in this section. For purposes of this chapter, any reference to public housing owned or operated by a public housing agency shall include dwelling units in a mixed finance project that are assisted by the agency with capital or operating assistance.

(d) Mixed-finance projects

(1) In general

For purposes of this section, the term “mixed-finance project” means a project that meets the requirements of paragraph (2) and is financially assisted by private resources, which may include low-income housing tax credits, in addition to amounts provided under this chapter.

(2) Types of projects

The term includes a project that is developed—

(A) by a public housing agency or by an entity affiliated with a public housing agency;

(B) by a partnership, a limited liability company, or other entity in which the public housing agency (or an entity affiliated with a public housing agency) is a general partner, managing member, or otherwise participates in the activities of that entity;

(C) by any entity that grants to the public housing agency the right of first refusal and first option to purchase, after the close of the compliance period, of the qualified low-income building in which the public housing units exist in accordance with section 42(1)(7) of title 26; or

(D) in accordance with such other terms and conditions as the Secretary may prescribe by regulation.

(e) Structure of projects

Each mixed-finance project shall be developed—

(1) in a manner that ensures that public housing units are made available in the project, by regulatory and operating agreement, master contract, individual lease, condominium or cooperative agreement, or equity interest;

(2) in a manner that ensures that the number of public housing units bears approximately the same proportion to the total number of units in the mixed-finance project as the value of the total financial commitment provided by the public housing agency bears to the value of the total financial commitment in the project, or shall not be less than the number of units that could have been developed under the conventional public housing program with the assistance, or as may otherwise be approved by the Secretary; and

(3) in accordance with such other requirements as the Secretary may prescribe by regulation.

(f) Taxation

(1) In general

A public housing agency may elect to exempt all public housing units in a mixed-finance project—

(A) from the provisions of section 1437d(d) of this title, and instead subject such units to local real estate taxes; and

(B) from the finding of need and cooperative agreement provisions under section 1437c(e)(1)(ii) and 1437c(e)(2) of this title, but only if the development of the units is not inconsistent with the jurisdiction’s comprehensive housing affordability strategy.

(2) Low-income housing tax credit

With respect to any unit in a mixed-finance project that is assisted pursuant to the low-income housing tax credit under section 42 of title 26, the rents charged to the residents may be set at levels not to exceed the amounts allowable under that section, provided that such levels for public housing residents do not exceed the amounts allowable under section 1437a of this title.

(g) Use of savings

Notwithstanding any other provision of this chapter, to the extent deemed appropriate by the Secretary, to facilitate the establishment of socioeconomically mixed communities, a public housing agency that uses assistance from the Capital Fund for a mixed-finance project, to the extent that income from such a project reduces the amount of assistance used for operating or other costs relating to public housing, may use such resulting savings to rent privately developed dwelling units in the neighborhood of the mixed-finance project. Such units shall be made available for occupancy only by low-income families eligible for residency in public housing.

(h) Effect of certain contract terms

If an entity that owns or operates a mixed-finance project, that includes a significant num-
number of units other than public housing units enters into a contract with a public housing agency, the terms of which obligate the entity to operate and maintain a specified number of units in the project as public housing units in accordance with the requirements of this chapter for the period required by law, such contractual terms may provide that, if, as a result of a reduction in appropriations under section 1437g of this title or any other change in applicable law, the public housing agency is unable to fulfill its contractual obligations with respect to those public housing units, that entity may deviate, under procedures and requirements developed through regulations by the Secretary, from otherwise applicable restrictions under this chapter regarding rents, income eligibility, and other areas of public housing management with respect to a portion or all of those public housing units, to the extent necessary to preserve the viability of those units while maintaining the low-income character of the units to the maximum extent practicable.

(b) Affordability

A homeownership program under this subchapter shall provide for the establishment of sales prices (including principal, insurance, taxes, and interest and closing costs) for initial acquisition of the property from the public housing agency if the applicant is not a public housing agency, and for sales to eligible families, such that an eligible family shall not be required to expend more than 30 percent of the adjusted income of the family per month to complete a sale under the homeownership program.

(c) Plan

A homeownership program under this subchapter shall provide, and include a plan, for—

(1) identifying and selecting eligible families to participate in the homeownership program;

(d) Acquisition and rehabilitation limitations

Acquisition or rehabilitation of public housing projects under a homeownership program under...
this subchapter may not consist of acquisition or rehabilitation of less than the whole public housing project in a project consisting of more than 1 building. The provisions of this sub-section may be waived upon a finding by the Secretary that the sale of less than all the buildings in a project is feasible and will not result in a hardship to any tenants of the project who are not included in the homeownership program.

(e) Financing

(1) In general

The application shall identify and describe the proposed financing for (A) any rehabilitation, and (B) acquisition (i) of the project, where applicable, by an entity other than the public housing agency for transfer to eligible families, and (ii) by eligible families of ownership interests in, or shares representing, units in the project. Financing may include use of the implementation grant, sale for cash, or other sources of financing (subject to applicable requirements), including conventional mortgage loans and mortgage loans insured under title II of the National Housing Act [12 U.S.C. 1707 et seq.].

(2) Prohibition against pledges

Property transferred under this subchapter shall not be pledged as collateral for debt or otherwise encumbered except when the Secretary determines that—

(A) such encumbrance will not threaten the long-term availability of the property for occupancy by low-income families;
(B) neither the Federal Government nor the public housing agency will be exposed to undue risks related to action that may have to be taken pursuant to paragraph (3);
(C) any debt obligation can be serviced from project income, including operating assistance; and

(3) Opportunity to cure

Any lender that provides financing in connection with a homeownership program under this subchapter shall give the public housing agency, resident management corporation, individual owner, or other appropriate entity a reasonable opportunity to cure a financial default before foreclosing on the property, or taking other action as a result of the default.

(f) Housing quality standards

The application shall include a plan ensuring that the unit—

(1) will be free from any defects that pose a danger to health or safety before transfer of an ownership interest in, or shares representing, a unit to an eligible family; and
(2) will, not later than 2 years after the transfer to an eligible family, meet minimum housing standards established by the Secretary for the purposes of this subchapter.

(h) Protection of non-purchasing families

(1) In general

No tenant residing in a dwelling unit in a public housing project on the date the Secretary approves an application for an implementation grant may be evicted by reason of a homeownership program approved under this subchapter.

(2) Replacement assistance

If the tenant decides not to purchase a unit, or is not qualified to do so, the recipient shall, during the term of any operating assistance under the implementation grant, permit each otherwise qualified tenant to continue to reside in the project at rents that do not exceed levels consistent with section 1437a(a) of this title or, if an otherwise qualified tenant chooses to move (at any time during the term of such operating assistance contract), the public housing agency shall, to the extent approved in appropriations Acts, offer such tenant (A) a unit in another public housing project, or (B) section 8 [42 U.S.C. 1437f] assistance for use in other housing.

Where the Secretary approves an application providing for the transfer of the eligible project from the public housing agency to another applicant, the public housing agency shall transfer the project to such other applicant, in accordance with the approved homeownership program.

(b) Preferences

In selecting eligible families for homeownership, the recipient shall give a first preference to otherwise qualified current tenants and a second preference to otherwise qualified eligible families who have completed participation in an economic self-sufficiency program specified by the Secretary.

(c) Cost limitations

The Secretary may establish cost limitations on eligible activities under this subchapter, subject to the provisions of this subchapter.

(d) Annual contributions

Notwithstanding the purchase of a public housing project under this section, or the purchase of a unit in a public housing project by an eligible family, the Secretary shall continue to pay annual contributions with respect to the project. Such contributions may not exceed the maximum contributions authorized in section 1437c(a) of this title.

(e) Amounts from Operating Fund allocation

Amounts from an allocation from the Operating Fund under section 1437g of this title shall not be available with respect to a public housing project after the date of its sale by the public housing agency.

(f) Use of proceeds from sales to eligible families

The entity that transfers ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, shall use the proceeds, if any, from the initial sale for costs of the homeownership program, including operating expenses, improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional homeownership opportunities, and other activities approved by the Secretary.

(g) Restrictions on resale by homeowners

(1) In general

(A) Transfer permitted

A homeowner under a homeownership program may transfer the homeowner’s ownership interest in, or shares representing, the unit, except that a homeownership program may establish restrictions on the resale of units under the program.

(B) Right to purchase

Where a resident management corporation, resident council, or cooperative has jurisdiction over the unit, the corporation, council, or cooperative shall have the right to purchase the ownership interest in, or shares representing, the unit from the homeowner for the amount specified in a firm contract between the homeowner and a prospective buyer. If such an entity does not have jurisdiction over the unit or elects not to purchase and if the prospective buyer is not a low-income family, the public housing agency or the implementation grant recipient shall have the right to purchase the ownership interest in, or shares representing, the unit for the same amount.

(C) Promissory note required

The homeowner shall execute a promissory note equal to the difference between the market value and the purchase price, payable to the public housing agency or other entity designated in the homeownership plan, together with a mortgage securing the obligation of the note.

(2) 6 years or less

In the case of a transfer within 6 years of the acquisition under the program, the homeownership program shall provide for appropriate restrictions to assure that an eligible family may not receive any undue profit. The plan shall provide for limiting the family’s consideration for its interest in the property to the total of—

(A) the contribution to equity paid by the family;

(B) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the family during the family’s tenure as owner; and

(C) the appreciated value determined by an inflation allowance at a rate which may be
based on a cost-of-living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the entity that transfers ownership interests in, or shares representing, units to eligible families (or another entity specified in the approved application), at the time of initial sale, and applied against the contribution to equity.

Such an entity may, at the time of initial sale, enter into an agreement with the family to set a maximum amount which this appreciation may not exceed.

(3) 6–20 years

In the case of a transfer during the period beginning 6 years after the acquisition and ending 20 years after the acquisition, the homeownership program shall provide for the recapture by the Secretary or the program of an amount equal to the amount of the declining balance on the note described in paragraph (1)(C).

(4) Use of recaptured funds

Fifty percent of any portion of the net sales proceeds that may not be retained by the homeowner under the plan approved pursuant to this subsection shall be paid to the entity that transferred ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, for use for improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional homeownership opportunities, and other activities approved by the Secretary. The remaining 50 percent shall be returned to the Secretary for use under this subchapter, subject to limitations contained in appropriations Acts. Such entity shall keep and make available to the Secretary all records necessary to calculate accurately payments due the Secretary under this subsection.

(h) Third party rights

The requirements under this subchapter regarding quality standards, resale, or transfer of the ownership interest of a homeowner shall be judicially enforceable against the grant recipient with respect to actions involving rehabilitations and against purchasers of property under this subsection or their successors in interest with respect to other actions by affected low-income families, resident management corporations, resident councils, public housing agencies, and any agency, corporation, or authority of the United States Government. The parties specified in the preceding sentence shall be entitled to reasonable attorney fees upon prevailing in any such judicial action.

(i) Dollar limitation on economic development activities

Not more than an aggregate of $250,000 from amounts made available under sections 1437aaa–1 and 1437aaa–2 of this title may be used for economic development activities under sections 1437aaa–1(b)(6) and 1437aaa–2(b)(9) of this title for any project.

(d) Allocation and reservation of housing assistance funds; purposes; prohibited reallocation of unutilized funds; enumerated uses for retained funds; competition for reservation and obligation of funds

(1) (A) Except as provided by subparagraph (B), the Secretary shall allocate assistance referred to in subsection (a)(1) the first time it is available for reservation on the basis of a formula that is contained in a regulation prescribed by the Secretary, and that is based on the relative needs of different States, areas, and communities, as reflected in data as to population, poverty, housing overcrowding, housing vacancies, amount of substandard housing, and other objectively measurable conditions specified in the regulation. The Secretary may allocate assistance under the preceding sentence in such a manner that each State shall receive not less than one-half of one percent of the amount of funds available for each program referred to in subsection (a)(1) in each fiscal year. In allocating assistance under this paragraph for each program of housing assistance under subsection (a)(1), the Secretary shall apply the formula, to the extent practicable, in a manner so that the assistance under the program is allocated according to the particular relative needs under the preceding sentence that are characteristic of and related to the particular type of assistance provided under the program. Assistance under section 202 of the Housing Act of 1959 [12 U.S.C. 1701q] shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents. Amounts for tenant-based assistance under section 8(o) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents. The preceding sentence shall not apply to projects acquired from the Resolution Trust Corporation under section 1441a(c) of title 12. Amounts for tenant-based assistance under section 8(o) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] may not be provided to any public housing agency that has been disqualified from providing such assistance.

(ii) Assistance under section 8(o) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] shall be allocated in a manner that enables participating jurisdictions to carry out, to the maximum extent practicable, comprehensive housing affordability strategies approved in accordance with section 105 of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12705]. Such jurisdictions shall submit recommendations for allocating assistance under such section 8(o) to the Secretary in accordance with procedures that the Secretary determines to be appropriate to permit allocations of such assistance to be made on the basis of timely and complete information. This clause may not be construed to prevent, alter, or otherwise affect the application of the formula established pursuant to clause (i) for purposes of allocating such assistance. For purposes of this clause, the term "participating jurisdiction" means a State or unit of general local government designated by the Secretary to be a participating jurisdiction under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.].

(B) The formula allocation requirements of subparagraph (A) shall not apply to—

(i) assistance that is approved in appropriation Acts for use under sections 4 and 9 [42 U.S.C. 1437g], or the rental rehabilitation grant program under section 17, of the United States Housing Act of 1937, except that the Secretary shall comply with section 102 of the Department of Housing and Urban Development Reform Act of 1989 [42 U.S.C. 3545] with respect to such assistance; or

(ii) other assistance referred to in subsection (a) that is approved in appropriation Acts for use that the Secretary determines are incapable of geographic allocation, including amendments of existing contracts, renewal of assistance contracts, assistance to families that would otherwise lose assistance due to the decision of the project owner to prepay the project mortgage or not to renew the assistance contract, assistance to prevent displacement or to provide replacement housing in connection with the demolition or disposition of public housing, and assistance in support of the property disposition and loan management functions of the Secretary.

(C) Any allocation of assistance under subparagraph (A) shall, as determined by the Secretary, be made to the smallest practicable area, consistent with the delivery of assistance through a meaningful competitive process designed to serve areas with greater needs.

(D) Any amounts allocated to a State or areas or communities within a State that are not likely to be used within a fiscal year shall not be reallocated for use in another State, unless the Secretary determines that other areas or communities (that are eligible for assistance under the program) within the same State cannot use the amounts within that same fiscal year.

(2) The Secretary may reserve such housing assistance funds as he deems appropriate for use by a State or agency thereof.

(3)(A) Notwithstanding any other provision of law, with respect to fiscal years beginning after September 30, 1990, the Secretary may retain not more than 5 percent of the financial assistance that becomes available under programs described in subsection (a)(1) during any fiscal year. Any such financial assistance that is retained shall be available for subsequent allocation to specific areas and communities, and may only be used for—

Such amounts shall be located on the basis of the formula under subsection (d)(1).

(4)(A) The Secretary shall not reserve or obligate assistance subject to allocation under paragraph (1)(A) to specific recipients, unless the assistance is first allocated on the basis of the formula contained in that paragraph and then is reserved and obligated pursuant to a competition.

(B) Any competition referred to in subparagraph (A) shall be conducted pursuant to specific criteria for the selection of recipients of assistance. The criteria shall be contained in—

(i) a regulation promulgated by the Secretary after notice and public comment; or

(ii) to the extent authorized by law, a notice published in the Federal Register.

(C) Subject to the times at which appropriations for assistance subject to paragraph (1)(A) may become available for preservation in any fiscal year, the Secretary shall take such steps as the Secretary deems appropriate to ensure that, to the maximum extent practicable, the process referred to in subparagraph (A) is carried out with similar frequency and at similar times for each fiscal year.

(D) This paragraph shall not apply to assistance referred to in paragraph (4). 3

(e) Assistance payments for properties in Jefferson County, Texas

From budget authority made available in appropriation Acts for fiscal year 1988, the Secretary shall enter into an annual contributions contract for a term of 180 months to obligate sufficient funds to provide assistance payments pursuant to section 8(b)(1) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(1)] on behalf of 500 lower income families from budget authority made available for fiscal year 1988, so long as such families occupy properties in Jefferson County, Texas. If a lower income family receiving assistance payments pursuant to this subsection ceases to qualify for assistance payments pursuant to the provisions of section 8 of such Act [42 U.S.C. 1437f] or of this subsection during the 180-month term of the annual contributions contract, assistance payments shall be made on behalf of another lower income family who occupies a unit identified in the previous sentence.

EQUAL OPPORTUNITY IN HOUSING

Executive order relating to equal opportunity in housing, see Ex. Ord. No. 11063, Nov. 20, 1962, 27 F.R. 11527, as amended, set out as a note under section 1982 of this title.

§1441a. National housing goals

(a) Congressional findings and reaffirmation of goals

The Congress finds that the supply of the Nation’s housing is not increasing rapidly enough to meet the national housing goal, established in the Housing Act of 1949 [42 U.S.C. 1441 et seq.], of the “realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family”. The Congress reaffirms this national housing goal and determines that it can be substantially achieved within the next decade by the construction or rehabilitation of twenty-six million housing units, six million of these for low and moderate income families.

(b) Additional Congressional findings

The Congress further finds that policies designed to contribute to the achievement of the national housing goal have not directed sufficient attention and resources to the preservation of existing housing and neighborhoods, that the deterioration and abandonment of housing for the Nation’s lower income families has accelerated over the last decade, and that this acceleration has contributed to neighborhood disintegration and has partially negated the progress toward achieving the national housing goal which has been made primarily through new housing construction.

(c) Congressional declaration of purposes

The Congress declares that if the national housing goal is to be achieved, a greater effort must be made to encourage the preservation of existing housing and neighborhoods through such measures as housing preservation, moderate rehabilitation, and improvements in housing management and maintenance, in conjunction with the provision of adequate municipal services. Such an effort should concentrate, to a greater extent than it has in the past, on housing and neighborhoods where deterioration is evident but has not yet become acute.

(2) indicate the reduction in the number of occupied substandard housing units which it is anticipated will have to occur during each fiscal year of the ten-year period in order to achieve the objectives of the plan;

(3) provide an estimate of the cost of carrying out the plan for each of the various Federal programs and for each fiscal year during the ten-year period to the extent that such costs will be reflected in the Federal budget;

Notwithstanding any State law to the contrary, there shall be no right of redemption (including in all instances any right to possession based upon any right of redemption) if the mortgagor or any other person subsequent to the foreclosure sale to the Secretary in connection with a property that secured a single family mortgage for a loan under section 1452b of this title. The appropriate State official or the trustee, as the case may be, shall execute and deliver a deed or other appropriate instrument conveying title to the Secretary, who is the purchaser at the foreclosure sale, consistent with applicable procedures in the jurisdiction and without regard to any such right of redemption.

(c) Verification of title

The following actions shall be taken in order to verify title in the purchaser at the foreclosure sale:

(1) In the case of a judicial foreclosure in any Federal or State court, there shall be included in the petition and in the judgment of foreclosure a statement that the foreclosure is in accordance with this subsection and that there is no right of redemption in the mortgagor or any other person.

(2) In the case of a foreclosure pursuant to a power of sale provision in the mortgage, the statement required in paragraph (1) shall be included in the advertisement of the sale and either in the recitals of the deed or other appropriate instrument conveying title to the purchaser at the foreclosure sale or in an affidavit or addendum to the deed.

The Secretary of Agriculture (hereinafter referred to as the “Secretary”) is authorized, subject to the terms and conditions of this subchapter, to extend financial assistance, through the Farmers Home Administration, (1) to owners of farms in the United States and in the Territories of Alaska and Hawaii and in the Commonwealth of Puerto Rico, the Virgin Islands, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands, to enable them to construct, improve, alter, repair, or replace dwellings and other farm buildings on their farms, and to purchase buildings and land constituting a minimum adequate site, in order to provide them, their tenants, lessees, sharecroppers, and laborers with decent, safe, and sanitary living conditions and adequate farm buildings as specified in this subchapter, and (2) to owners of other real estate in rural areas for the construction, improvement, alteration, or repair of dwellings, related facilities, and farm buildings and to rural residents, including persons who reside in reservations or villages of Indian tribes, for such purposes and for the pur-

bilitation”, and “rehabilitation” include measures to evaluate and reduce lead-based paint hazards, as such terms are defined in section 4851b of this title.

(b) Definitions

(1) For the purpose of this subchapter, the term “farm” shall mean a parcel or parcels of land operated as a single unit which is used for the production of one or more agricultural commodities and which customarily produces or is capable of producing such commodities for sale and for home use of a gross annual value of not less than the equivalent of a gross annual value of $400 in 1944, as determined by the Secretary. The Secretary shall promptly determine whether any parcel or parcels of land constitute a farm for the purposes of this subchapter whenever requested to do so by any interested Federal, State, or local public agency, and his determination shall be conclusive.

(2) For the purposes of this subchapter, the terms “owner” and “mortgage” shall be deemed to include, respectively, the lessee of, and other security interest in, any leasehold interest which the Secretary determines has an expired term (A) in the case of a loan, for a period sufficiently beyond the repayment period of the loan to provide adequate security and a reasonable probability of accomplishing the objectives for which the loan is made, and (B) in the case of a grant for a period sufficient to accomplish the objectives for which the grant is made.

(3) For the purposes of this subchapter, the term “elderly or handicapped persons or families” means families which consist of two or more persons, the head of which (or his or her spouse) is at least sixty-two years of age or is handicapped. Such term also means a single person who is at least sixty-two years of age or is handicapped. A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (A) is expected to be of long continued and indefinite duration, (B) substantially impedes his ability to live independently, and (C) is of such a nature that such ability could be improved by more suitable housing conditions, or if such person has a developmental disability as defined in section 15002 of this title. The Secretary shall prescribe such regulations as may be necessary to prevent abuses in determining, under the definitions contained in this paragraph, eligibility of families and persons for admission to and occupancy of housing constructed with assistance under this subchapter. Notwithstanding the preceding provisions of this paragraph, such term also includes two or more elderly (sixty-two years of age or over) or handicapped persons living together, one or more such persons living with another person who is determined (under regulations prescribed by the Secretary) to be essential to the care or well-being of such persons, and the surviving member or members of any family described in the first sentence of this paragraph who were living, in a unit assisted under this subchapter, with the deceased member of the family at the time of his or her death.

(4) For the purpose of this subchapter, the terms “low income families or persons” and “very low-income families or persons” means those families and persons whose incomes do not exceed the respective levels established for lower income families and very low-income families under the United States Housing Act of 1937 (42 U.S.C. 1437 et seq.). Notwithstanding the preceding sentence, the maximum income levels established for purposes of this subchapter for such families and persons in the Virgin Islands shall not be less than the highest such levels established for purposes of this subchapter for such families and persons in American Samoa, Guam, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands. The temporary absence of a child from the home due to placement in foster care should not be considered in considering family composition and family size.

(5) For the purposes of this subchapter, the terms “income” and “adjusted income” have the meanings given by sections 3(b)(4) and 3(b)(5), respectively, of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)(4), (5)).

(B) For purposes of this subchapter, the term “income” does not include dividends received from the Alaska Permanent Fund by a person who was under the age of 18 years when that person qualified for the dividend.

(6) For the purposes of this subchapter, the term “Indian tribe” means any Indian tribe, band, group, and nation, including Alaska Indians, Aleuts, and Eskimos, and any Alaskan Native Village, of the United States, which is considered an eligible recipient under the Indian Self-Determination and Education Assistance Act (Public Law 93–638) [25 U.S.C. 5301 et seq.] or was considered an eligible recipient under chapter 67 of title 31 prior to the repeal of such chapter.

(7) For the purposes of this subchapter, the term “rural resident” shall include a family or a person who is a renter of a dwelling unit in a rural area.

(8) For the purposes of this subchapter, the term “adequate dwelling” means a decent, safe, and sanitary dwelling unit.

(c) Conditions of eligibility

In order to be eligible for the assistance authorized by subsection (a), the applicant must show (1) that he is the owner of a farm which is without a decent, safe, and sanitary dwelling for himself and his family and necessary resident farm labor, or for the family of the operating tenant, lessee, or sharecropper, or without other farm buildings adequate for the type of farming in which he engages or desires to engage, or that he is the owner of other real estate in a rural area or a rural resident without an adequate dwelling or related facilities for his own use or buildings adequate for his farming operations, or that the applicant is an elderly or handicapped person or family in a rural area without an adequate dwelling or related facility for its own use, or that he is the owner of a farm or other real estate in a rural area who needs refi nancing of indebtedness described in clause (4) of subsection (a); (2) that he is without sufficient resources to provide the necessary housing and buildings on his own account; and (3) that he is unable to secure the credit necessary for such
housing and buildings from other sources upon
terms and conditions which he could reasonably
be expected to fulfill. If an applicant is a State
or local public agency or Indian tribe—
(A) the provisions of clause (3) shall not apply
to its application; or
(B) the applicant shall be eligible to partici-
pate in any program under this subchapter if
the persons or families to be served by the ap-
plicant with the assistance being sought would
be eligible to participate in such program.
(d) Additional definitions
As used in this subchapter (except in sections
1473 and 1474(b) of this title) the terms “farm”,
“farm dwelling”, and “farm housing” shall in-

bursement of the funds at the appropriate time
or times for the purposes for which the funds
were escrowed. The Secretary shall pay the
same rate of interest on escrowed funds as is re-
quired to be paid on escrowed funds held by
other lenders in any State where State law re-
quires payment of interest on escrowed funds,
subject to appropriations to the extent that ad-
ditional budget authority is necessary to carry
out this sentence. If the prepayments made by
the borrower are not sufficient to pay the
amount due, advances may be made by the Sec-
retary to pay the costs in full, which advances
shall be charged to the account of the borrower,
bear interest, and be payable in a timely fashion
as determined by the Secretary. The Secretary
shall notify a borrower in writing when loan
payments are delinquent.
(f) Increase in loan limits
With respect to any limitation on the amount
of any loan which may be made, insured, or
guaranteed under this subchapter for the pur-
chase of a dwelling unit, the Secretary may in-
crease such amount by up to 20 percent if such
increase is necessary to account for the in-
creased cost of the dwelling unit due to the in-
stallation of a solar energy system (as defined in
subparagraph (3) of the last paragraph of section
1703(a) of title 12) therein.
(g) Avoidance of involuntary displacement of
families and businesses
The programs authorized by this subchapter
shall be carried out, consistent with program
goals and objectives, so that the involuntary
placement of families and businesses is avoid-

the Secretary shall not transfer any program
authorized by this subchapter to the Rural De-
velopment Administration.

§1472. Loans for housing and buildings on adequate farms

(a) Terms of loan

(1) If the Secretary determines that an applicant is eligible for assistance as provided in section 1471 of this title and that the applicant has the ability to repay in full the sum to be loaned, with interest, giving due consideration to the income and earning capacity of the applicant and his family from the farm and other sources, and the maintenance of a reasonable standard of living for the owner and the occupants of said farm, a loan may be made by the Secretary to said applicant for a period of not to exceed thirty-three years from the making of the loan with interest. The Secretary may accept the personal liability of any person with adequate repayment ability who will cosign the applicant’s note to compensate for any deficiency in the applicant’s repayment ability. At the borrower’s option, the borrower may prepay to the Secretary as escrow agent, on terms and conditions prescribed by him, such taxes, insurance, and other expenses as the Secretary may require in accordance with section 1471(e) of this title.

(2) The Secretary may extend the period of any loan made under this section if the Secretary determines that such extension is necessary to permit the making of such loan to any person whose income does not exceed 60 per centum of the median income for the area and who would otherwise be denied such loan because the payments required under a shorter period would exceed the financial capacity of such person. The aggregate period for which any loan may be extended under this paragraph may not exceed 5 years.

(3)(A) Notwithstanding any other provision of this subchapter, a loan may be made under this section for the purchase of a dwelling located on land owned by a community land trust, if the borrower and the loan otherwise meet the requirements applicable to loans under this section.

(B) For purposes of this paragraph, the term “community land trust” means a community housing development organization as such term is defined in section 12704 of this title (except
that the requirements under section 12704(6)(C) of this title and section 12704(6)(D) of this title shall not apply for purposes of this paragraph)—

(i) that is not sponsored by a for-profit organization;

(ii) that is established to carry out the activities under clause (iii);

(iii) that—

(I) acquires parcels of land, held in perpetuity, primarily for conveyance under long-term ground leases;

(II) transfers ownership of any structural improvements located on such leased parcels to the lessees; and

(III) retains a preemptive option to purchase any such structural improvement at a price determined by formula that is designed to ensure that the improvement remains affordable to low- and moderate-income families in perpetuity; and

(iv) that has its corporate membership open to any adult resident of a particular geographic area specified in the bylaws of the organization.

(b) Provisions of loan instrument

The instruments under which the loan is made and the security given shall—

(1) provide for security upon the applicant's equity in the farm or such other security or collateral, if any, as may be found necessary by the Secretary reasonably to assure repayment of the indebtedness; (2) provide for the repayment of principal and interest in accordance with schedules and repayment plans prescribed by the Secretary, except that any prepayment of a loan made or insured under section 1484 or 1485 of this title shall be subject to the provisions of subsection (c); (3) except for guaranteed loans, contain the agreement of the borrower that he will, at the request of the Secretary, proceed with diligence to refinance the balance of the indebtedness through cooperative or other responsible private credit sources whenever the Secretary determines, in the light of the borrower's circumstances, including his earning capacity and the income from the farm, that he is able to do so upon reasonable terms and conditions; (4) be in such form and contain such covenants as the Secretary shall prescribe to secure the payment of the loan with interest, protect the security, and assure that the farm will be maintained in repair and that waste and exhaustion of the farm will be prevented.

(c) Prepayment and refinancing provisions

(1)(A) The Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of, any initial loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into on or after December 15, 1989.

(2) If any loan which was made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, is prepaid or refinanced on or after October 8, 1989, and tenants of the housing and related facilities financed with such loan are displaced due to a change in the use of the housing, or to an increase in rental or other charges, as a result of such prepayment or refinancing, the Secretary shall provide such tenants a priority for relocation in alternative housing assisted pursuant to this subchapter.

(3) NOTICE OF OFFER TO PREPAY.—Not less than 30 days after receiving an offer to prepay any loan made or insured under section 1484 or 1485 of this title, the Secretary shall provide written notice of the offer or request to the tenants of the housing and related facilities involved, to interested nonprofit organizations, and to any appropriate State and local agencies.

(4)(A) AGREEMENT BY BORROWER TO EXTEND LOW INCOME USE.—Before accepting any offer to prepay, or requesting refinancing in accordance with subsection (b)(3) of, any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, the Secretary shall make reasonable efforts to enter into an agreement with the borrower under which the borrower will make a binding commitment to extend the low income use of the assisted housing and related facilities involved for not less than the 20-year period beginning on the date on which the agreement is executed.

(B) ASSISTANCE AVAILABLE TO BORROWER TO EXTEND LOW INCOME USE.—To the extent of amounts provided in appropriation Acts, the agreement under subparagraph (A) may provide for 1 or more of the following forms of assistance that the Secretary, after taking into account local market conditions, determines to be necessary to extend the low income use of the housing and related facilities involved:

(i) Increase in the rate of return on investment.

(ii) Reduction of the interest rate on the loan through the provision of interest credits under section 1490a(a)(1)(B) of this title, or additional assistance or an increase in assistance provided under section 1490a(a)(6) of this title.
(iii) Additional rental assistance, or an increase in assistance provided under existing contracts, under section 1490a(a)(2) or 1490a(a)(5) of this title or under section 1437f of this title.

(iv) An equity loan to the borrower under paragraphs (1) and (2) of section 1485(c) of this title or under paragraphs (1) and (2) of section 1484(c) of this title, except that an equity loan referred to in this clause may not be made available after August 6, 1996, unless the Secretary determines that the other incentives available under this subparagraph are not adequate to provide a fair return on the investment of the borrower, to prevent prepayment of the loan insured under section 1484 or 1485 of this title, or to prevent the displacement of tenants of the housing for which the loan was made.

(v) Incremental rental assistance in connection with loans under clauses (ii) and (iv) to the extent necessary to avoid increases in the rental payments of current tenants not receiving rental assistance under section 1490a(a)(2) of this title or under section 1437f of this title, or current tenants of projects not assisted under section 1490a(a)(5) of this title.

(vi) In the case of a project that has received rental assistance under section 1437f of this title, permitting the owner to receive rent in excess of the amount determined necessary by the Secretary to defray the cost of long-term repair or maintenance of such a project.

(C) APPROVAL OF ASSISTANCE.—The Secretary may approve assistance under subparagraph (B) for assisted housing only if the restrictive period has expired for any loan for the housing made or insured under section 1484 or 1485 of this title pursuant to a contract entered into after December 21, 1979, but before December 15, 1989, and the Secretary determines that the combination of assistance provided—

(I) is necessary to provide a fair return on the investment of the borrower; and

(ii) is the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection.

(5)(A) OFFER TO SELL TO NONPROFIT ORGANIZATIONS AND PUBLIC AGENCIES.—

(I) IN GENERAL.—If the Secretary determines after a reasonable period that an agreement will not be entered into with a borrower under paragraph (4), the Secretary shall require the borrower (except as provided in subparagraph (G)) to offer to sell the assisted housing and related facilities involved to any qualified nonprofit organization or public agency at a fair market value determined by 2 independent appraisers, one of whom shall be selected by the Secretary and one of whom shall be selected by the borrower. If the 2 appraisers fail to agree on the fair market value, the Secretary shall select a third appraiser, whose appraisal shall be binding on the Secretary and the borrower.

(II) PERIOD FOR WHICH REQUIREMENT APPLICABLE.—If, upon the expiration of 180 days after an offer is made to sell housing and related facilities under clause (i), no qualified nonprofit organization or public agency has made a bona fide offer to purchase, the Secretary may accept the offer to prepay, or may request refinancing in accordance with subsection (b)(3) of the loan. This clause shall apply only when funds are available for purposes of carrying out a transfer under this paragraph.

(B) QUALIFIED NONPROFIT ORGANIZATIONS AND PUBLIC AGENCIES.—

(i) LOCAL NONPROFIT ORGANIZATION OR PUBLIC AGENCY.—A local nonprofit organization or public agency may purchase housing and related facilities under this paragraph only if—

(I) the organization or agency is determined by the Secretary to be capable of managing the housing and related facilities (either directly or through a contract) for the remaining useful life of the housing and related facilities; and

(ii) the organization or agency has entered into an agreement that obligates it (and successors in interest thereof) to maintain the housing and related facilities as affordable for very low-income families or persons and low income families or persons for the remaining useful life of the housing and related facilities.

(ii) NATIONAL OR REGIONAL NONPROFIT ORGANIZATION.—If the Secretary determines that there is no local nonprofit organization or public agency qualified to purchase the housing and related facilities involved, the Secretary shall require the borrower to offer to sell the assisted housing and related facilities to an existing qualified national or regional nonprofit organization.

(iii) SELECTION OF QUALIFIED PURCHASER.—The Secretary shall promulgate regulations that establish criteria for selecting a qualified nonprofit organization or public agency to purchase housing and related facilities when more than 1 such organization or agency has made a bona fide offer. Such regulations shall give a priority to those organizations or agencies with the greatest experience in developing or managing low income housing or community development projects and with the longest record of service to the community.

(C) FINANCING OF SALE.—To facilitate the sale described in subparagraph (A), the Secretary shall—

(i) to the extent provided in appropriation Acts, make an advance to the nonprofit organization or public agency whose offer to purchase is accepted under this paragraph to cover any direct costs (other than the purchase price) incurred by the organization or agency in purchasing and assuming responsibility for the housing and related facilities involved;

(ii) approve the assumption, by the nonprofit organization or public agency involved, of the loan made or insured under section 1484 or 1485 of this title;

(iii) to the extent provided in appropriation Acts, transfer any rental assistance payments that are received under section 1490a(a)(2)(A) of this title or under section 1437f of this title, or any assistance payments received under

1 See References in Text note below.
section 1490a(a)(5) of this title, with respect to the housing and related facilities involved; and
(iv) to the extent provided in appropriation Acts, provide a loan under section 1485(c)(5) of this title to the nonprofit organization or public agency whose offer to purchase is accepted under this paragraph to enable the organization or agency to purchase the housing and related facilities involved.

(D) RENT LIMITATION AND ASSISTANCE.—The Secretary shall, to the extent provided in appropriation Acts, provide to each nonprofit organization or public agency purchasing housing and related facilities under this paragraph financial assistance (in the form of monthly payments or forgiveness of debt) in an amount necessary to ensure that the monthly rent payment made by each low income family or person residing in the housing does not exceed the maximum rent permitted under section 1490a(a)(2)(A) of this title or, in the case of housing assisted under section 1490a(a)(5) of this title, does not exceed the rents established for the project under such section.

(E) RESTRICTION ON SUBSEQUENT TRANSFERS.—Except as provided in subparagraph (B)(i), the Secretary may not approve the transfer of any housing and related facilities purchased under this paragraph during the remaining useful life of the housing and related facilities, unless the Secretary determines that—
(i) the transfer will further the provision of housing and related facilities for low income families or persons; or
(ii) there is no longer a need for such housing and related facilities by low income families or persons.

(F) GENERAL RESTRICTION ON PREPAYMENTS AND REFINANCEINGS.—Following the transfer of the maximum number of dwelling units set forth in subparagraph (H)(i) in any fiscal year or the maximum number of dwelling units for which budget authority is available in any fiscal year, the Secretary may not accept in such fiscal year any offer to prepay, or request refinancing in accordance with subsection (b)(3) of, any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, except in accordance with subparagraph (G). The limitation established in this subparagraph shall not apply to an offer to prepay, or request to refinance, if, following the date on which such offer or request is made (or following February 5, 1988, whichever occurs later) a 15-month period expires during which no budget authority is available to carry out this paragraph. For purposes of this subparagraph, the Secretary shall allocate budget authority under this paragraph in the order in which offers to prepay, or request to refinance, are made.

(G) EXCEPTION.—This paragraph shall not apply to any offer to prepay, or any request to refinance in accordance with subsection (b)(3), any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, if—
(i) the borrower enters into an agreement with the Secretary that obligates the borrower (and successors in interest thereof)—
(I) to utilize the assisted housing and related facilities for the purposes specified in
section 1484 or 1485 of this title, as the case may be, for a period determined by the Secretary (but not less than the period described in paragraph (1)(B) calculated from the date on which the loan is made or insured); and
(II) upon termination to the Secretary to enable the
(i) the borrower (and any successor in interest thereof) are obligated to ensure that tenants of the housing and related facilities financed with the loan will not be displaced due to a change in the use of the housing; or to an increase in rental or other charges, as a result of the prepayment or refinancing; or
(ii) there is an adequate supply of safe, decent, and affordable rental housing within the market area of the housing and related facilities and sufficient actions have been taken to ensure that the rental housing will be made available to each tenant upon displacement.

(H) FUNDING.—
(i) BUDGET LIMITATION.—Not more than 5,000 dwelling units may be transferred under this paragraph in any fiscal year, and the budget authority that may be provided under this paragraph for any fiscal year may not exceed the amounts required to carry out this paragraph with respect to such number.

(ii) REIMBURSEMENT OF RURAL HOUSING INSURANCE FUND.—There are authorized to be appropriated to the Rural Housing Insurance Fund such sums as may be necessary to reimburse the Fund for financial assistance provided under this paragraph, paragraph (4), and section 1467(j)(7) of this title.

(II) that is approved by the Secretary as to financial responsibility; and
(III) that does not have among its officers or directorate persons or parties with a material interest (or persons or parties related to any person or party with such an interest) in loans financed under section 1485 of this title that have been prepaid.
(J) REGULATIONS.—Notwithstanding section 1490n of this title, the Secretary shall issue final regulations to carry out this paragraph not later than 60 days after February 5, 1988. The Secretary shall provide for the regulations to take effect not later than 45 days after the date on which the regulations are issued.

(d) Dwelling units available to very low-income families or persons

On and after November 30, 1983—

(1) not less than 40 percent of the funds approved in appropriation Acts for use under this section shall be set aside and made available only for very low-income families or persons; and

(2) not less than 30 percent of the funds allocated to each State under this section shall be available only for very low-income families or persons.

(e) Manufactured homes; qualifications for loans made or insured; energy conservation requirements

(1) A loan which may be made or insured under this section with respect to a manufactured home or with respect to a manufactured home and lot, whether such home or such home and lot is real property, personal property, or mixed real and personal property, if—

(B) be established so that the increase in the annual loan payment resulting from the added energy conserving requirements in excess of those required by the standards prescribed under title VI of the Housing and Community Development Act of 1974 [42 U.S.C. 5401 et seq.] shall not exceed the projected savings in annual energy costs.

(f) Remote rural areas

(1) Loan supplements

The Secretary may supplement any loan under this section to finance housing located in a remote rural area or on tribal allotted or Indian trust land with a grant in an amount not greater than the amount by which the reasonable land acquisition and construction costs of the security property exceeds the appraised value of such property.

(2) Prohibition

The Secretary may not refuse to make, insure, or guarantee a loan that otherwise meets the requirements under this section solely on the basis that the housing involved is located in an area that is excessively rural in character or excessively remote or on tribal allotted or Indian trust land.

(g) Deferred mortgage demonstration

If the Secretary determines (a) that, because of the inadequacy of the income of an eligible applicant from the farm to be improved and from other sources, said applicant may not reasonably be expected to make annual repayments of principal and interest in an amount sufficient to repay the loan in full within the period of time prescribed by the Secretary as authorized by this subchapter; (b) that the income of the applicant may be sufficiently increased within a period of not to exceed five years by improvement or enlargement of the farm or an adjustment of the farm practices or methods; and (c) that the applicant has adopted and may reasonably be expected to put into effect a plan of farm improvement, enlargement, or adjusted practices or production which, in the opinion of the Secretary, will increase the applicant’s income from said farm within a period of not to exceed five years to the extent that the applicant may be expected thereafter to make annual repayments of principal and interest sufficient to repay the balance of the indebtedness less payments in cash and credits for the contributions to be made by the Secretary as hereinafter provided, the Secretary may make a loan in an amount necessary to provide adequate farm dwellings and buildings on said farm under the terms and conditions prescribed in section 1472 of this title. In addition, the Secretary may agree with the borrower to make annual contributions during the said five-year period in the
form of credits on the borrower's indebtedness in an amount not to exceed the annual installment of interest and 50 per centum of the principal payments accruing during any installment year up to and including the fifth installment year, subject to the conditions that the borrower's income is, in fact, insufficient to enable the borrower to make payments in accordance with the plan or schedule prescribed by the Secretary and that the borrower pursues his plan of farm reorganization and improvements or enlargement with due diligence.

Except as provided in title 11, this agreement with respect to credits or principal and interest upon the borrower's indebtedness shall not be assignable nor accrue to the benefit of any third party without the written consent of the Secretary and the Secretary shall have the right, at his option, to cancel the agreement upon the sale of the farm or the execution or creation of any lien thereon subsequent to the lien given to the Secretary, or to refuse to release the lien given to the Secretary except upon payment in cash of the entire original principal plus accrued interest thereon less actual cash payments of principal and interest when the Secretary determines that the release of the lien would permit the benefits of this section to accrue to a person not eligible to receive such benefits.

(1) Designation of underserved area

The Secretary shall designate as targeted underserved areas 100 counties and communities in each fiscal year that have severe, unmet housing needs as determined by the Secretary. A county or community shall be eligible for designation if, during the 5-year period preceding the year in which the designation is made, it has received an average annual amount of assistance under this subchapter that is substantially lower than the average annual amount of such assistance received during that 5-year period by other counties and communities in the State that are eligible for such assistance calculated on a per capita basis, and has—
(A) 20 percent or more of its population at or below the poverty level; and
(B) 10 percent or more of its population residing in substandard housing.

As used in this paragraph, the term “poverty level” has the meaning given the term in section 3302(a)(9) of this title.

(2) Preferences

In selecting projects to receive assistance with amounts set aside under paragraph (4), the Secretary shall give preference to any project located in a county or community that has, at the time of designation and as determined by the Secretary—

(A) 28 percent or more of its population at or below poverty level; and
(B) 13 percent or more of its population residing in substandard housing.

In designating underserved areas under paragraph (1), in each fiscal year the Secretary shall designate not less than 5 counties or communities that contain tribal allotted or Indian trust land.

(3) Outreach program and review

(A) Outreach

The Secretary shall publicize the availability to targeted underserved areas of grants and loans under this subchapter and promote, to the maximum extent feasible, efforts to apply for those grants and loans for housing in targeted underserved areas.

(B) Review

Upon the receipt of data from the 1990 decennial census, the Secretary shall conduct a review of any designations made under paragraph (1) and preferences given under paragraph (2) and the eligibility of communities and counties for such designation and preference, examining the effects of such data on such eligibility. The Secretary shall submit to the Congress, not later than 9 months after the availability of the data, a report regarding the review, which shall include any recommendations of the Secretary for modifications in the standards for designation and preference.

(4) Set-aside for targeted underserved areas and colonias

During each fiscal year, the Secretary shall set aside from amounts available for assistance under paragraphs (2) and (5) of section 1490a(a) of this title, an amount that is appropriate to provide assistance with respect to the lending authority under sections 1484 and 1485 of this title that is set aside for such fiscal year.

The Secretary shall establish a procedure to reallocate any assistance set aside in any fiscal year for targeted underserved areas that has not been expended during a reasonable period in such year for use in (i) colonias that have applied for and are eligible for assistance under subparagraph (B) or paragraph (7) and did not receive assistance, and (ii) counties and communities eligible for designation as targeted underserved areas but which were not so designated. The procedure shall also provide that any assistance reallocated under the preceding sentence that has not been expended by a reasonable date established by the Secretary (which shall be after the expiration of the period referred to in the preceding sentence) shall be made available and allocated under the laws and regulations relating to such assistance, notwithstanding this subsection.

(B) Priority for colonias

(i) Notwithstanding the designation of counties and communities as targeted underserved areas under paragraph (1) and the provisions of section 1490 of this title, colonias shall be eligible for assistance with amounts reserved under subparagraph (A), as provided in this subparagraph.

(ii) In providing assistance from amounts reserved under this paragraph in each fiscal year, the Secretary shall give priority to any application for assistance to be used in, or in close proximity to, and serving the residents of, a colonia located in a State described under clause (iii). After the Secretary has provided assistance under the priority for colonias located in a State in an amount equal to 5 percent of the total amount of assistance allocated under this subchapter to such State in the fiscal year, the priority shall not apply to any applications for colonias in such State.

As used in this section— (1) new or existing housing suitable for dwelling use by occupants eligible under this section, and such term also means manufactured home rental parks where either the lots or both the lots and the homes are available for use by occupants eligible under this section; and such term also means congregate housing facilities for elderly or handicapped persons or families who require some supervision and central services but are otherwise able to care for themselves; such housing for the handicapped may be utilized in conjunction with educational and training facilities; (2) the term "congregate housing" means housing in which (A) some of the units may not have kitchen facilities, and (B) there is a central dining facility to provide wholesome and economic meals for elderly or handicapped persons or families.

(3) the term "congregate housing" means housing in which (A) some of the units may not have kitchen facilities, and (B) there is a central dining facility to provide wholesome and economic meals for elderly or handicapped persons or families.

Such fees and charges may include payments of qualified consulting organizations or foundations which operate on a nonprofit basis and which render services or assistance to nonprofit corporations or consumer cooperatives who provide housing and related facilities for low or moderate income families. Notwithstanding the first sentence of this paragraph, the term “development cost” shall not include any initial operating expenses in the case of any nonprofit corporation or consumer cooperative that is financing housing under this section and has been allocated a low-income housing tax credit by a housing credit agency pursuant to section 42 of title 26.

Amounts made available pursuant to section 1483 of this title shall be available for administrative expenses incurred under this section.

(g) Loans for financing transfers of memberships in cooperatives

Notwithstanding the provisions of subsections (a) and (b) of this section, the Secretary may make and insure loans to consumer cooperatives to enable such cooperatives to finance the transfers of memberships in the cooperatives upon such terms and conditions as low- and moderate-income persons can reasonably afford, except that such loans shall not be made upon terms more favorable than are authorized under section 1490a(a) of this title, and that the total loan to a cooperative under this section shall not exceed the value of the property.

(h) Project transfers

(1) Condition

After August 6, 1996, the ownership or control of a project for which a loan is made or insured under this section may be transferred only if the Secretary determines that such transfer would further the provision of housing and related facilities for low-income families or persons and would be in the best interests of residents and the Federal Government.

(2) Actions to expedite project approvals

(A) In general

The Secretary shall take actions to facilitate timely approval of requests to transfer ownership or control, for the purpose of rehabilitation or preservation, of multifamily housing projects for which assistance is provided by the Secretary of Agriculture in conjunction with any low-income housing tax credits under section 42 of title 26 or tax-exempt housing bonds.

(B) Consultation

The Secretary of Agriculture shall consult with the Commissioner of the Internal Revenue Service and take such actions as are appropriate in conjunction with such consultation to simplify the coordination of rules, regulations, forms (including applications forms for project transfers), and approval requirements² of multifamily housing projects for which assistance is provided by the Secretary of Agriculture in conjunction with any low-income housing tax credits under section 42 of title 26 or tax-exempt housing bonds.

(C) Existing requirements

Any actions taken pursuant to this paragraph shall be taken in a manner that provides for full compliance with any existing requirements under law or regulation that are designed to protect families receiving Federal housing assistance, including income targeting, rent, and fair housing provisions, and shall also comply with requirements regarding environmental review and protection and wages paid to laborers.

(D) Recommendations

In implementing the changes required under this paragraph, the Secretary shall solicit recommendations regarding such changes from project owners and sponsors, investors and stakeholders in housing tax credits, State and local housing finance agencies, tenant advocates, and other stakeholders in such projects.

(i) Limitations on cost increases after approval for project involving newly constructed or substantially rehabilitated units; applicable factors

After approving a project involving newly constructed or substantially rehabilitated units under this section, the Secretary shall limit cost increases to those approved by the Secretary. The Secretary may approve those increases only for unforeseen factors beyond the owner’s control, design changes required by the Secretary or the local government, or changes in financing approved by the Secretary.

(j) Contract preferences for providing units in newly constructed projects

For the purpose of achieving the lowest cost in providing units in newly constructed projects assisted under this section, the Secretary shall give a preference in entering into contracts under this section for projects which are to be located on specific tracts of land provided by States, units of local government, or others if the Secretary determines that the tract of land is suitable for such housing, and that affording such preference will be cost effective.

(k) Management fees

The Secretary shall assure that management fees are not excessive when a project developed under this section is managed by the developer or an affiliate of the developer.

²So in original. The word “for” probably should appear.
(l) **Determination of market feasibility of project**

For purposes of determining the market feasibility of any project to be assisted under this section—

(1) in the case of any applicant who applies for rental assistance payments under section 1490a of this title in connection with such project, the Secretary shall consider the availability of such rental assistance payments with respect to the project and shall require such applicant to demonstrate that a market exists for persons and families eligible for such rental assistance payments; and

(2) in the case of any applicant whose project is expected to utilize any assistance under a program of a State, or political subdivision thereof, that is similar to such assistance payments under section 1490a of this title, the Secretary shall only require such applicant to demonstrate that—

(A) a market exists for persons and families eligible for such program of assistance;

(B) such program of assistance will provide rental assistance for a period of not less than five years, and, at the option of the applicant, either that there is a reasonable assurance that the contract for assistance will be extended or renewed, or for the term of the loan remaining after the period of such assistance, that an adequate rental market exists for the project without such assistance; and

(C) during the term of such rental assistance contracts, such State or political subdivision shall make available the amounts required for such rental assistance not less than annually.

(m) **Standards for housing and related facilities rehabilitated or repaired; carbon monoxide detectors**

(1) The Secretary shall establish standards for housing and related facilities rehabilitated or repaired with amounts received under a loan made or insured under this section. Standards established by the Secretary under this subsection shall provide that except for substantial rehabilitation the particular items or systems repaired or rehabilitated must meet appropriate levels of quality or performance comparable to those levels prescribed by the Secretary of Housing and Urban Development for rehabilitation, but shall not require that such items or systems or the remainder of the property meet the standards which are applicable to new construction. The Secretary shall ensure that standards prescribed under this subsection provide decent, safe, and sanitary housing and related facilities.

(2) Housing and related facilities rehabilitated or repaired with amounts received under a loan made or insured under this section shall contain installed carbon monoxide alarms or detectors that meet or exceed—

(A) the standards described in chapters 9 and 11 of the 2018 publication of the International Fire Code, as published by the International Code Council; or

(B) any other standards as may be adopted by the Secretary, in collaboration with the Secretary of Housing and Urban Development, including any relevant updates to the International Fire Code, through a notice published in the Federal Register.

(n) **Assistance to projects located on more than one site**

The Secretary may not deny assistance under this section or section 1490a of this title on the basis that the project involved is to be located on more than one site.

(o) **Rental assistance payments as affecting assistance to projects or occupancy by eligible persons**

The Secretary may not (1) deny assistance under this section on the basis that rental assistance payments under section 1490a of this title may be required unless the authority to provide such assistance is not available; or (2) promulgate any regulation that would have the effect of denying occupancy to eligible persons on the basis that such persons require rental assistance payments under section 1490a of this title.

(p) **Occupancy by low income persons and families other than very low-income persons and families**

(1) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 25 per centum of the dwelling units which were available for occupancy under this section prior to November 30, 1983, and which will be leased on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(2) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 5 per centum of the dwelling units which become available for occupancy after this section on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(3) Units in projects financed under this section which become available for occupancy after November 30, 1983, shall not be available for occupancy by persons and families other than very low-income persons and families if the authority to provide assistance for such persons is available.

(4) In projects financed under this section, units that have been allocated a low-income housing tax credit by a housing credit agency pursuant to section 42 of title 26 shall not be available for occupancy by persons or families other than persons or families with incomes not in excess of the qualifying income applicable to such units pursuant to subparagraph (A) or (B) of section 42(g)(1) of title 26.

(5) The Secretary shall coordinate the processing of any application for a loan under this section for a project and the processing of any application for assistance under section 1490a(a)(2) of this title with respect to housing units in the same project in an economical and efficient manner. At the time the Secretary enters into a commitment to make or insure a loan under this section the Secretary shall obligate amounts for assistance payments under section 1490a(a)(2) of this title for the project, to the extent that such amounts are available and
the Secretary determines such assistance is necessary for the market feasibility of the project.

(q) Determination of income of person or family occupying financed housing

In determining the income of a person or family occupying housing financed under this section, the Secretary shall consider the value of that person’s or family’s assets in the same manner as the Secretary of Housing and Urban Development considers such value for the purpose of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(r) Operating reserve and equity contribution requirements; regulations to implement adjustment by negotiated rulemaking procedure

(1) the Secretary—

(A) may require that the initial operating reserve under this section may be in the form of an irrevocable letter of credit; and

(B) except as provided in paragraph (2), may require not more than a 5 percent contribution to equity, except that the Secretary shall require a 5 percent contribution in the case of a project that is allocated a low-income housing tax credit pursuant to section 42 of title 26.

(2) The Secretary may adjust the amount of equity contribution to ensure that assistance provided is not more than is necessary to provide affordable housing after taking account of assistance from all Federal, State, and local sources.

(3) Not later than 60 days after August 6, 1996, the Secretary shall issue regulations to implement subsection (r)(2) in accordance with the negotiated rulemaking procedures set forth in subchapter III of chapter 5 of title 5: Provided, That if the negotiated rulemaking is not completed within the designated time, the Secretary shall proceed to promulgate regulations under the rulemaking authority contained in section 557 of title 5.

(s) Limitation of fees on loans

No fee other than a late fee may be imposed by or for the Secretary or any other Federal agency on or with respect to a loan made or insured under this section.

(t) Equity takeout loans

(1) Authority

The Secretary is authorized to guarantee an equity loan (in the form of a supplemental loan) to an owner of housing financed with a loan made or insured under subsection (b), only if the Secretary determines, after taking into account local market conditions, that there is reasonable likelihood that the housing will continue as decent, safe, and sanitary housing for the remaining life of the original loan on the project made or insured under subsection (b) and that such an equity loan is—

(A) necessary to provide a fair return on the owner’s investment in the housing;

(B) the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection; and

(C) would not impose an undue hardship on tenants or an unreasonable cost to the Federal Government.

The amount of loans guaranteed under this subsection shall be subject to limits provided in appropriations Acts.

(2) Timing

The Secretary is authorized to guarantee an equity loan under this subsection after the expiration of the 20-year period beginning on the date that an existing loan under subsection (b) of this section was made or insured. Not more than one equity loan under this subsection may be provided for any project.

(3) Amount of the takeout

The amount of an equity loan under this subsection shall not exceed the difference between the outstanding principal on debt secured by the project and 90 percent of the appraised value of the project. The appraised value of the project shall be determined by 2 independent appraisers, 1 of whom shall be selected by the Secretary and 1 of whom shall be selected by the owner. If the 2 appraisers fail to agree on the value of the project, the Secretary and the owner shall jointly select a third appraiser whose appraisal shall be binding on the Secretary and the owner. The amount of the equity loan shall not exceed 30 percent of the amount of the original appraised value of the project made or insured under subsection (b).

(4) Submission of plan

The requirements of this subsection shall not apply to any loan obligated under this section on or after December 15, 1989. This subsection shall require that a plan acceptable to the Secretary to ensure that the cost of amortizing an equity loan under paragraph (1) does not result in the displacement of very-low-income tenants or substantially alter the income mix of the tenants in the project.

(5) Regulations

An owner requesting an equity loan under this subsection shall submit a plan acceptable to the Secretary to ensure that the cost of amortizing an equity loan under paragraph (1) does not result in the displacement of very-low-income tenants or substantially alter the income mix of the tenants in the project.

(6) Effective date

The requirements of this subsection shall apply to any loan obligated under this section on or after December 15, 1989. This subsection shall not require that the Secretary guarantee an equity loan under this subsection on or after December 15, 1989, and on or before June 16, 1990, but reserve account payments shall be required for such loans beginning on November 28, 1990.

(u) Reuse of loan authority

Loan authority that is obligated under this section but that is not expended due to any action that removes the original borrower, may be reallocated to a different borrower during the same fiscal year in which the loan authority was obligated. Any loan authority under this section appropriated or made available within limits established in appropriations Acts shall remain available until expended.

(v) Assumption of loans

The Secretary may provide for the assumption or transfer of a loan or loan obligation under
this section to any person or entity qualified to receive a loan or loan obligation under this section in any case of default or foreclosure with respect to the original borrower. The Secretary shall provide in each assumption or transfer under this subsection for the assumption of the obligations, rights, and interests under the terms of the loan or loan obligation or such other terms as the Secretary determines appropriate.

(w) Set-aside of rural rental housing funds

(1) Authority

Except as provided in paragraph (2), the Secretary shall set aside from amounts made available for each State for loans under this section, not less than 9 percent of the amounts available in each fiscal year. Amounts set aside shall be available only for nonprofit entities in the State, which may not be wholly or partially owned or controlled by a for-profit entity. A partnership, that has as its general partner a nonprofit entity or the nonprofit entity's for-profit subsidiary, is eligible to receive funds set aside under this subsection to sponsor a project which is receiving low-income housing tax credits authorized under section 42 of title 26. For the purposes of this subsection, a nonprofit entity is an organization that—

(A) will own an interest in a project to be financed under this section and will materially participate in the development and the operation of the project;

(B) is a private organization that has non-profit, tax exempt status under section 501(c)(3) or section 501(c)(4) of title 26;

(C) has among its purposes the planning, development, or management of low-income housing or community development projects; and

(D) is not affiliated with or controlled by a for-profit organization.

(2) Minimum State set-aside

If the amount set aside under paragraph (1) for any State is less than $750,000 in any fiscal year, the Secretary shall pool such amount together with set-aside amounts from other States whose set-aside is less than $750,000, and shall make such amounts available for such eligible entities under paragraph (1) in any such State. The Secretary shall establish a procedure to provide that any amounts pooled under this paragraph from the allocation for any State in any fiscal year that are not obligated during a reasonable period in such year shall be made available for any such eligible entities under paragraph (1) in such State. The Secretary may provide amounts available for reallocation under this subsection in excess of $750,000 in a given State, if such amounts are necessary to finance a project under this section.

(3) Unused amounts

(A) Equitable distribution

Any amounts set aside under this subsection from the allocation for any State that are not obligated by 9 months after the allocation, shall first be pooled and made available to any other eligible nonprofit entity in any State as defined in this subsection. The Secretary shall make reasonable efforts to ensure that pooled funds are distributed under this subparagraph in an equitable manner.

(B) Return to the States

After funds have been pooled and obligated for 30 days, the Secretary shall return any remaining funds to the States on a proportional basis for use by any other eligible entity as defined in this section.

(x) Uniform project costs; coordination of housing resources and tax benefits

The Secretary shall—

(1) establish standard guidelines for State offices that describe allowable development costs which are required for development of all projects under this section, without regard to whether the project was allocated a low-income housing tax credit;

(2) require each State to establish a process for coordinating the selection of projects under this section with the housing needs and priorities as established in a State comprehensive housing affordability strategy under section 12705 of this title and a low-income housing tax credit allocation plan under section 42 of title 26; and

(3) develop, in consultation with housing credit agencies (as that term is defined under section 42 of title 26), uniform procedures for identifying and sharing information on project costs, builder profit, identity of interests relationships, and other factors, as appropriate, with the relevant housing credit agency for projects that are allocated a low-income housing tax credit pursuant to section 42(h) of title 26 for the purpose of achieving compliance with section 3545(d) of this title.

(y) Service coordinators

(1) Grants

The Secretary may make grants under this subsection, with respect to any project that the Secretary determines has a sufficient number of frail elderly residents, for the cost of employing or otherwise retaining the services of one or more individuals to coordinate services provided to frail elderly residents of the project (in this subsection referred to as a “service coordinator”), who shall be responsible for—

(A) assessing the supportive service needs of frail elderly residents of the project, based on objective criteria and interviews with such residents;

(B) working with service providers to design the provision of services to meet the needs of frail elderly residents of the project, taking into consideration the needs and desires of such residents and their ability and willingness to pay for such services, as expressed by the residents;

(C) mobilizing public and private resources to obtain funding for such services for such residents;

(D) monitoring and evaluating the impact and effectiveness of any supportive services provided for such residents;
(E) consulting and coordinating with any appropriate public and private agencies regarding the provision of supportive services; and

(F) performing such other duties that the Secretary deems appropriate to enable frail elderly persons residing in federally assisted housing to live with dignity and independence.

(2) Qualifications

Individuals employed as service coordinators pursuant to this subsection shall meet the minimum qualifications and standards established under section 8011(d)(4) of this title for service coordinators under a congregate housing services program.

(2) Record retention requirements

The Secretary shall require that borrowers in programs authorized by this section retain for a period of not less than 6 years and make available to the Secretary in a manner determined by the Secretary, all records required to be maintained under this subsection and other records identified by the Secretary in applicable regulations.

(aa) Double damages for unauthorized use of housing projects assets and income

(1) Action to recover assets or income

(A) In general

The Secretary may request the Attorney General to bring an action in a United States district court to recover any assets or income used by any person in violation of the provisions of a loan made or guaranteed by the Secretary under this section or in violation of any applicable statute or regulation. For purposes of this subsection, the term “person” means—

(ii) any individual or entity holding 25 percent or more interest of any entity that borrows funds in accordance with programs authorized by this section; and

(iii) any officer, director, or partner of an entity that borrows funds in accordance with programs authorized by this section.

(B) Improper documentation

For purposes of this subsection, a use of assets or income in violation of the applicable loan, loan guarantee, statute, or regulation shall include any use for which the documentation in the books and accounts does not establish that the use was made for a reasonable operating expense or necessary repair of the project or for which the documentation has not been maintained in accordance with the requirements of the Secretary and in reasonable condition for proper audit.

(C) Definition

For the purposes of this subsection, the term “person” means—

(1) any individual or entity that borrows funds in accordance with programs authorized by this section;

(2) record retention requirements

(3) Application and selection

(4) “Frail elderly” defined

(A) In general

In any judgment favorable to the United States entered under this subsection, the Attorney General may recover double the value of the assets and income of the project that the court determines to have been used in violation of the provisions of a loan made or guaranteed by the Secretary under this section or any applicable statute or regulation, plus all costs related to the action, including reasonable attorney and auditing fees.

(B) Application of recovered funds

Notwithstanding any other provision of law, the Secretary may use amounts recovered under this subsection for activities authorized under this section and such funds shall remain available for such use until expended.

(3) Time limitation

Notwithstanding any other provision of law, an action under this subsection may be commenced at any time during the 6-year period beginning on the date that the Secretary discovered or should have discovered the violation of the provisions of this section or any related statutes or regulations.

(a) Application; considerations
Upon the application of any State or political subdivision thereof, or any Indian tribe, or any broad-based public or private nonprofit organization incorporated within the State, or any nonprofit organization of farmworkers incorporated within the State, the Secretary is authorized to provide financial assistance for the provision of low-rent housing and related facilities (which may be located any place within the State) for domestic farm labor, if he finds that—
(1) the housing and related facilities for which financial assistance is requested will fulfill a pressing need in the area in which such housing and facilities will be located, and there is reasonable doubt that the same can be provided without financial assistance under this section;
(2) the applicant will contribute, from its own resources or from funds borrowed under section 1401 of this title or elsewhere, at least 10 per centum of the total development cost;
(3) the types of housing and related facilities to be provided are most practicable, giving due consideration to the purposes to be served thereby and the needs of the occupants thereof, and such housing and facilities shall be durable and suitable for year-around occupancy or use, unless the Secretary finds that there is no need for such year-around occupancy or use in that area; and
(4) the construction will be undertaken in an economical manner, and the housing and related facilities will not be of elaborate or extravagant design or material.

(b) Maximum amount of assistance
The amount of any financial assistance provided under this section for low-rent housing and related facilities shall not exceed 90 per centum of the total development cost thereof, as determined by the Secretary, less such amount as the Secretary determines can be practically obtained from other sources (including a loan under section 1401 of this title).

(c) Prerequisite agreements; rentals; safety and sanitation standards; priority of domestic farm labor
No financial assistance for low-rent housing and related facilities shall be made available under this section unless, to any extent and for any periods required by the Secretary, the applicant agrees—
(1) that the rentals charged domestic farm labor shall not exceed such amounts as may be approved by the Secretary, giving due consideration to the income and earning capacity of the tenants, and the necessary costs of operating and maintaining such housing;
(2) that such housing shall be maintained at all times in a safe and sanitary condition in accordance with such standards as may be prescribed by State or local law, or, in the absence of such standards, in accordance with such minimum requirements as the Secretary shall prescribe; and
(3) an absolute priority will be given at all times in granting occupancy of such housing and facilities to domestic farm labor.

(d) Payments; contracts to specify uses of housing
The Secretary may make payments pursuant to any contract for financial assistance under

this section at such times and in such manner, as may be specified in the contract. In each contract, the Secretary shall include such covenants, conditions, or provisions as he deems necessary to insure that the housing and related facilities, for which financial assistance is made available, be used only in conformity with the provisions of this section.

(e) Regulations for prevention of waste

The Secretary shall prescribe regulations to insure that Federal funds expended under this section are not wasted or dissipated. The Secretary shall not give priority for funding under this section to any one of the groups listed in subsection (a) over any of the others so listed.

(f) Wages; labor standards; waiver; authority and functions of Secretary

All laborers and mechanics employed by contractors or subcontractors on projects assisted by the Secretary which are undertaken by approved applicants under this section shall be paid wages at rates not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with sections 3141–3144, 3146, and 3147 of title 40. The Secretary shall not extend any financial assistance under this section for any project without first obtaining adequate assurance that these labor standards will be maintained on the construction work; except that compliance with such standards may be waived by the Secretary in cases or classes of cases where laborers or mechanics, not otherwise employed at any time on the project, voluntarily donate their services without compensation for the purpose of lowering the costs of construction and the Secretary determines that any amounts thereby saved are fully credited to the person, corporation, association, organization, or other entity, undertaking the project. The Secretary of Labor shall have, with respect to the labor standards specified in this section, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267), and section 3145 of title 40.

(D) Prevention of undue benefits

Upon any sale or other disposition of housing acquired or rehabilitated with assistance under this subsection prior to the close of 20 years after the housing is placed in service, other than a sale or other disposition resulting in the use of the project for the direct benefit of low income persons or where all of the proceeds are used to provide housing for migrant farmworkers and homeless individuals (and the families of such individuals), the recipient shall comply with such terms and conditions as the Secretary may prescribe to prevent the recipient from unduly benefitting from the sale or other disposition of the project.

into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum. Any loan guaranteed under this subchapter shall bear interest at such rate as may be agreed upon by the borrower and the lender.

(B) From the interest rate so determined, the Secretary may provide the borrower with assistance in the form of credits so as to reduce the effective interest rate to a rate not less than 1 per centum per annum for such periods of time as the Secretary may determine for applicants described in subparagraph (A) if without such assistance such applicants could not afford the dwelling or make payments on the indebtedness of the rental or cooperative housing. In the case of assistance provided under this subparagraph with respect to a loan under section 1472 of this title, the Secretary may not reduce, cancel, or refuse to renew the assistance due to an increase in the adjusted income of the borrower if the reduction, cancellation, or nonrenewal will cause the borrower to be unable to reasonably afford the resulting payments required under the loan.

(C) For persons of low income under section 1472 or 1487(a) of this title who the Secretary determines are unable to afford a dwelling with the assistance provided under subparagraph (B) and when the Secretary determines that assisted rental housing programs (as authorized under this subchapter, the National Housing Act [12 U.S.C. 1701 et seq.], and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]) would be unsuitable in the area in which such persons reside, the Secretary may provide additional assistance, pursuant to amounts approved in appropriation Acts and for such periods of time as the Secretary may determine, which may be in an amount not to exceed the difference between (i) the amount determined by the Secretary to be necessary to pay the principal indebtedness, interest, taxes, insurance, utilities, and maintenance, and (ii) 25 per centum of the income of such applicant. The amount of such additional assistance which may be approved in appropriation Acts may not exceed an aggregate amount of $100,000,000. Such additional assistance may not be so approved with respect to any fiscal year beginning on or after October 1, 1981.

(D)(1) With respect to borrowers under section 1472 or 1487(a) of this title who have received assistance under subparagraph (B) or (C), the Secretary shall provide for the recapture of all or a portion of such assistance rendered upon the disposition or nonoccupancy of the property by the borrower. In providing for such recapture, the Secretary shall make provisions to provide incentives for the borrower to maintain the property in a marketable condition. Notwithstanding any other provision of law, any such assistance whenever rendered shall constitute a debt secured by the security instruments given by the borrower to the Secretary to the extent that the Secretary may provide for recapture of such assistance.

(ii) In determining the amount recaptured under this subparagraph with respect to any loan made pursuant to section 1472(a)(3) of this title for the purchase of a dwelling located on land owned by a community land trust, the Secretary shall determine any appreciation of the dwelling based on any agreement between the borrower and the community land trust that limits the sale price or appreciation of the dwelling.

(E) Except for Federal or State laws relating to taxation, the assistance rendered to any borrower under subparagraphs (B) and (C) shall not be considered to be income or resources for any purpose under any Federal or State laws including, but not limited to, laws relating to welfare and public assistance programs.

(F) Loans subject to the interest rates and assistance provided under this paragraph (1) may be made only when the Secretary determines the needs of the applicant for necessary housing cannot be met with financial assistance from other sources including assistance under the National Housing Act [12 U.S.C. 1701 et seq.] and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(G) Interest on loans under section 1472 or 1487(a) of this title to victims of a natural disaster shall not exceed the rate which would be applicable to such loans under section 1472 of this title without regard to this section.

(2)(A) The Secretary shall make and insure loans under this section and sections 1484, 1485, and 1487 of this title to provide rental or cooperative housing and related facilities for persons and families of low income in multifamily housing projects, and shall make, and contract to make, assistance payments to the owners of such rental, congregate, or cooperative housing in order to make available to low-income occupants of such housing rentals at rates commensurate to income and not exceeding the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person’s or family’s housing costs. Any rent or contribution of any recipient shall not increase as a result of this section or any other provision of Federal law or regulation by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law or regulation.

(B) The owner of any project assisted under this paragraph or paragraph (5) shall be required to provide at least annually a budget of operating expenses and record of tenants’ income. The budget (and the income, in the case of a project assisted under this paragraph) shall be used to determine the amount of the assistance for each project.

(C) The project owner shall accumulate, safeguard, and periodically pay to the Secretary any rental charges collected in excess of basic rental charges as established by the Secretary in conformity with subparagraph (A). These funds may be credited to the appropriation and used by the Secretary for making such assistance payments through the end of the next fiscal year. Notwithstanding the preceding sentence, excess funds received from tenants in projects financed under
section 1485 of this title during a fiscal year shall be available during the next succeeding fiscal year, together with funds provided under subparagraph (D), to the extent approved in appropriations Acts, to make assistance payments to reduce rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(D) The Secretary, to the extent approved in appropriation Acts, may enter into rental assistance contracts aggregating not more than $398,000,000 in carrying out subparagraph (A) with respect to the fiscal year ending on September 30, 1982.

(E) In order to assist elderly or handicapped persons or families who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit rental assistance to be used by such persons or families if the shared housing arrangement is in a single-family dwelling. For the purpose of this subparagraph, the Secretary shall prescribe minimum habitability standards to assure decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(3) (A) In the case of loans under sections 1484 and 1485 of this title approved prior to the effective date of this paragraph with respect to which rental assistance is provided, the rent for tenants receiving such assistance shall not exceed the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person’s or family’s housing costs.

(B) In the case of a section 1485 loan approved prior to the effective date of this paragraph with respect to which rental assistance is provided, the tenant’s rent shall not exceed the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person’s or family’s housing costs, or, where no rental assistance authority is available, the rent level established on a basis of a 1 per centum interest rate on debt service.

(C) No rent for a unit financed under section 1484 or 1485 of this title shall be increased as a result of this subsection or other provision of Federal law or Federal regulation by more than 10 per centum in any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law, or regulation.

(4) In the case of a loan with respect to the purchase of a manufactured home with respect to which rental assistance is provided, the monthly payment for principal and interest on the manufactured home and for lot rental and utilities shall not exceed the highest of (A) 30 per centum of monthly adjusted income, (B) 10 per centum of monthly income, or (C) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person’s or family’s housing costs.

(5) OPERATING ASSISTANCE FOR MIGRANT FARMWORKER PROJECTS.—

(A) AUTHORITY.—In the case of housing (and related facilities) for migrant farmworkers provided or assisted with a loan under section 1484 of this title or a grant under section 1486 of this title, the Secretary may, at the request of the owner of the project, use amounts provided for rental assistance payments under paragraph (2) to provide assistance for the costs of operating the project. Any tenant or unit assisted under this paragraph may not receive rental assistance under paragraph (2).

There are authorized to be appropriated to the Rural Housing Insurance Fund such sums as may be necessary to reimburse such fund for the amount of assistance payments described in subsection (a)(1)(C). § 1490b. Housing for rural trainees

(a) Authorization; financial and technical assistance; selection of training sites and location of housing

Upon the application of any State or political subdivision thereof, or any public or private nonprofit organization, the Secretary is authorized, after consultation with the Secretary of Labor, the Secretary of Health and Human Services, the Secretary of Housing and Urban Development, and the Director of the Office of Economic Opportunity, and after the Secretary determines that the housing and related facilities cannot reasonably be provided in any other way, to provide financial and technical assistance for the establishment, in rural areas, of housing and related facilities for trainees and their families who are residents of a rural area and have a rural background, while such trainees are enrolled and participating in training courses designed to improve their employment capability. The selection of training sites and location of housing shall be made with due regard to the economic viability of the area, and only after consideration of a labor area survey and full coordination among all Government agencies having primary responsibility for administering related programs.

(b) Quality of housing and related facilities; design and location

Housing and related facilities assisted under this section shall be safe and sanitary, constructed in the most economical manner, and of modest design, giving due consideration to the purposes to be served and the needs of the occupants, and may, in the discretion of the Secretary, include mobile family quarters. Design and location shall be such as to facilitate, as feasible, the use of such housing and related facilities for other purposes when no longer needed for the primary purpose.

(c) Contribution of land by applicant

The applicant shall contribute the necessary land, or funds to acquire such land, from its own resources, including land acquired by donation or from funds repayable under subsection (e) or borrowed from other sources.

(d) Conditions precedent to grant of financial assistance

No financial assistance shall be made available under this section unless, to the extent and for the periods required by the Secretary, the applicant agrees that—

(1) such housing will be maintained at all times in a safe and sanitary condition in accordance with standards prescribed by State or local law, or, in the absence of such standards, with requirements prescribed by the Secretary;

(2) priority shall be given at all times, in granting occupancy of such housing and facilities, to the trainees and their families described in subsection (a); and

(3) rentals charged them shall not exceed amounts approved by the Secretary after considering the portion of the actual total family income which the family can afford to pay for rent while meeting its other immediate needs during occupancy.

(e) Advances; repayment; limitation on amount

The Secretary may make advances pursuant to any contract for financial assistance under this section at such times and in such manner as may be specified in the contract. Such advances for the purchase of land shall be repayable with interest and within a period not to exceed thirty years and may be made upon such security, if any, as the Secretary requires. Advances for other purposes may be made repayable with or without interest or nonrepayable, as determined by the Secretary on the basis of the anticipated income, and cost of operation of the housing and related facilities and the ability of each applicant to finance such facilities. Any advances shall be limited to cover the capital costs of constructing such facilities, plus interest on borrowings to cover such costs.

(f) Sale of housing and related facilities to ineligible transferee or diversion to use other than primary purpose; repayment of advances; return of property to original condition

Should housing and related facilities assisted pursuant to a contract under this section be sold to an ineligible transferee or diverted to a use other than its primary purpose within a period specified in the contract, all advances made under such contract shall be repaid to the Secretary, up to the amount of the sales price or the fair value of the property as determined by the Secretary, whichever is higher, with interest from the date of the sale or diversion. If no suitable alternate use of the property is available, as determined by the Secretary, the property shown to have been contributed to or acquired for the purpose of this section can no longer be served, the property shall be returned to its original condition by the recipient of the assistance.

The purpose of this section is to authorize the Secretary to make grants to eligible grantees including private nonprofit organizations, Indian tribes, general units of local government, counties, States, and consortia of other eligible grantees, in order to—

(1) rehabilitate or replace single family housing in rural areas which is owned by low- and very low-income persons and families, and

(2) rehabilitate or replace rental properties or cooperative housing which has a membership resale structure that enables the cooperative to maintain affordability for persons of low income in rural areas serving low- and very low-income occupants.

The Secretary may also provide tenant-based assistance as provided under section 1437f of this title or section 1490r of this title upon the request of grantees in order to minimize the displacement of very low-income tenants residing in units rehabilitated or replaced with assistance under this section.

Preservation programs assisted under this section shall—

(1) be used to provide loans or grants to owners of single family housing in order to cover the cost of repairs and improvements;

(2) be used to provide loans or grants, not to exceed $15,000 per unit, to owners of single family housing to replace existing housing if repair or rehabilitation of the housing is determined by the Secretary not to be practicable and the owner of the housing is unable to afford a loan under section 1472 of this title for replacement housing;

(3) be used to provide interest reduction payment;

(4) be used to provide loans or grants to owners of rental housing, except that rental rehabilitation or replacement assistance provided under this subsection for any structure shall not exceed 75 per centum of the total costs associated with the rehabilitation or replacement of that structure;

(5) be used to provide other comparable assistance that the Secretary deems appropriate to carry out the purpose of this section, de-
signed to reduce the costs of such repair, rehabilitation, and replacement in order to make such housing affordable by persons of low income and, to the extent feasible, by persons and families whose incomes do not exceed 50 per centum of the area median income;

(6) benefit low- and very low-income persons and families in rural areas, without causing the displacement of current residents; and

(7) raise health and safety conditions to meet those specified in section 1479(a) of this title.

(c) Allocation formula; transfer of funds; maximum amounts

(1) The Secretary shall allocate grant funds under this section for use in each State on the basis of a formula contained in a regulation prescribed by the Secretary using the average of the ratios between—

(B) the extent of poverty in the rural areas in that State and the extent of poverty in the rural areas of all States; and

(C) the extent of substandard housing in the rural areas of that State and the extent of substandard housing in the rural areas of all States.

Any funds which are allocated to a State but uncommitted to grantees will be transferred to the State office of the Farmers Home Administration in a timely manner and be used for authorized rehabilitation activities under section 1474 of this title. Funds obligated, but subsequently unspent and deobligated, may remain available, to the extent provided in appropriations Acts, for use as housing preservation grants in ensuing fiscal years.

(2) Unless there is only one eligible grantee in a State, a single grantee may not receive more than 50 per centum of a State’s allocation.

(d) Statement of activity by grantee; submission; contents; availability; consultations; evaluation by Secretary; criteria applicable; maximum amounts

(1) Eligible grantees may submit a statement of activity to the Secretary at the time specified by the program administrator, containing a description of its proposed preservation program. The statement shall consist of the activities each entity proposes to undertake for the fiscal year, and the projected progress in carrying out those activities. The statement of activities shall be made available to the public for comment.

(2) In preparing such statement, the grantee shall consult with and consider the views of appropriate local officials.

(3) The Secretary shall evaluate the merits of each statement on the basis of such criteria as the Secretary shall prescribe, including the extent—

(A) to which the repair, rehabilitation, and replacement activities will assist persons of low income who lack adequate shelter, with priority given to applications assisting the maximum number of persons and families whose incomes do not exceed 50 per centum of the area median income;

(B) to which the repair, rehabilitation, and replacement activities include the participation of other public or private organizations in providing assistance, in addition to the assistance provided under this section, in order to lower the costs of such activities or provide for the leveraging of available funds to supplement the rural housing preservation grant program;

(C) to which such activities will be undertaken in rural areas having populations below 10,000 or in remote parts of other rural areas;

(D) to which the program would minimize displacement;

(E) to which the program would minimize the use of grant funds for administrative purposes; and

(H) to which the owner agrees to meet the requirement of subsection (e)(1)(B)(iv) for a period longer than 5 years;

and shall assess the demonstrated capacity of the grantee to carry out the program as well as the financial feasibility of the program.

(4) The amount of assistance provided under this section with respect to any housing shall be the least amount that the Secretary determines is necessary to provide, through the repair and rehabilitation, or replacement, of such housing, decent housing of modest design that is affordable for persons of low income.

(5) A grantee may use housing preservation grant funds under this section for replacement housing only after providing documentation to the Secretary that—

(A) the existing housing is in such poor condition that rehabilitation is not economically feasible;

(B) the owner of the housing lacks the income or repayment ability necessary to qualify for a loan under section 1472 of this title; and

(C) the grantee will extend assistance to the owner of the housing under terms that the owner can afford.

(e) Limitations on assistance; failure to implement required agreement

(1) Assistance under this section may be provided with respect to rental or cooperative housing only if—

(A) the owner has entered into such agreements with the Secretary as may be necessary to assure compliance with the requirements of this section, to assure the financial feasibility of such housing, and to carry out the other provisions of this section;

Such request shall be accompanied by either (1) a final opinion of the chief law officer or legal counsel of the applicant to the effect that it has legal authority to make the request, to accept the transfer of and operate any property involved, and to perform its obligations under this subchapter, or (2) a preliminary opinion of such officer or counsel concerning the legal authority of the applicant with respect to the proposed relinquishment or transfer including a statement of the reasons for not furnishing the final opinion with the request and the time required to furnish such opinion. If a request has been submitted as herein provided, the applicant shall comply with all conditions to the relinquishment or transfer (including the furnishing of the final legal opinion) on or before June 30, 1953. Provided, That, in any case where the applicant is unable to comply with all conditions to the relinquishment or transfer because of the need for the enactment of State legislation or charter amendment, such date shall be June 30, 1952, and may be extended by the Secretary of Housing and Urban Development, upon request in a particular case, to December 31, 1952. The Secretary of Housing and Urban Development shall act as promptly as practicable on any request which complies with the provisions of this section and is supported as herein required, and shall as promptly as practicable arrange for the making of any survey or the performance of other work necessary to the transfer: Provided, That, notwithstanding the provisions of this section, the Secretary of Housing and Urban Development may at any time, except with respect to housing for which a request has been or may be submitted under subsection (a) of this section, remove, dispose of, or retain any temporary housing, or part thereof, in accordance with any provision of subchapters II to VII of this chapter.

(d) Representations by transferee as to use of property; preferences

No relinquishment or transfer with respect to temporary housing shall be made under this section unless the transferee represents in its request therefor that it proposes, to the extent permitted by law:

(1) As among eligible applicants for occupancy in dwellings of given sizes and at specified rents, to extend the following preferences in the selection of tenants:

First, to families which are to be displaced by any low-rent housing project or by any public slum-clearance or redevelopment project initiated after January 1, 1947, or which were so displaced within three years prior to making application for admission to such housing; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected, and third preference shall be given to families of other veterans and servicemen;

Second, to families of other veterans and servicemen; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected, and third preference shall be given to families of other veterans and servicemen;

Third, to veterans and their families; and (2) Not to dispose of any right, title, or interest in the property (by sale, transfer, grant, etc.), except in accordance with the continuation of a use existing on the present site or on any other site except to a State or political subdivision thereof, local housing authority, a local public agency, or an educational or eleemosynary institution, or (2) for any other use unless the governing body of the municipality or county shall have adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are satisfactory for such use and need not be removed: Provided, That if the transferee is an educational institution it may limit such preferences to student veterans and servicemen, and their families, and may, in lieu of such preferences, make available to veterans or servicemen and their families accommodations in any housing of the institution equal in number to the accommodations relinquished or transferred to it: And provided further, That, notwithstanding such preferences, if the transferee is a State, political subdivision, local housing authority, or local public agency, it will, in filling vacancies in housing transferred under subsection (b) hereof, give such preferences to military personnel and persons engaged in national defense or mobilization activities as the Secretary of Defense or his designee prescribes to such transferee.

(2) Not to dispose of any right, title, or interest in the property (by sale, transfer, grant, etc.); exchange, mortgage, lease, release, term, sale, or any other relinquishment of interest) either (i) for housing use on the present site or on any other site except to a State or political subdivision thereof, local housing authority, a local public agency, or an educational or eleemosynary institution, or (ii) for any other use unless the governing body of the municipality or county shall have adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are satisfactory for such use and need not be removed: Provided, That this representation will not apply to any disposal through demolition for salvage, lease to tenants for residential occupancy, or lease of nondwelling facilities for the continuance of a use existing on the date of transfer, or where such disposal is the result of a bona fide foreclosure or other proceeding to enforce rights given as security for a loan to pay for land under this section: And provided further, That nothing contained in this paragraph shall be construed as applicable to
the disposition of any land or interest therein after the removal of the structures therefrom.

(3) To manage and operate the property involved in accordance with sound business practices, including the establishment of adequate reserves.

(4) Whenever the structures involved, or a substantial portion thereof, are terminated for housing use and are not to be used for a specific nonhousing use, to promptly demolish such structures terminated for housing use and clear the site thereof.

(e) Waiver of removal requirements

Any relinquishment or transfer by the Secretary of Housing and Urban Development under this section shall constitute a waiver of the requirements of section 1553 of this title (and any contractual obligations pursuant thereto) for removing the housing involved if the request for such relinquishment or transfer was made, as authorized herein, by the governing body of the municipality or county, or the local housing authority, or, in other cases, if, prior to or within six months after the date of the relinquishment or transfer, there is filed with the Secretary of Housing and Urban Development a resolution of such governing body specifically approving (1) the unconditional waiver of such requirements or (2) the waiver of such requirements subject to conditions specified in the resolution. Any such conditions shall not affect the waiver of removal requirements hereunder, and the United States shall assume no responsibility for compliance therewith.

(f) Disposition of net revenue and proceeds; transfer charges

In any relinquishment or transfer under this section, the net revenues and other proceeds from such housing to which the United States is entitled on the basis of periodic settlements shall continue to accrue to the United States until the end of the month in which the relinquishment or transfer is made, and the obligation of the transferee to pay such accrued amounts shall not be affected by this section. The Secretary of Housing and Urban Development may charge to the transferee the cost to the United States of any survey, title information, or other item incidental to the transfer.

(g) Transfers for slum clearance and community redevelopment projects

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer to any municipality, without monetary consideration other than payment for the land involved, the property acquired with respect to any temporary housing located in such a municipality except as set forth in this subsection if at the time of the relinquishment or transfer there is in existence in such a municipality a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment.

(h) Transfers of temporary housing of masonry construction

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section except the provisions of subsection (d) hereof) relinquish and transfer to any municipality, without monetary consideration other than payment for the land involved as specifically required by subsection (b) hereof, all right, title, and interest of the United States in and with respect to temporarily housing located in such a municipality: Provided, That such housing has been wholly or partially stripped of trim and fixtures prior to April 20, 1950, and the municipality adopts a resolution determining that the structures, with proposed improvements, will be suitable for long-term housing use.
§ 1582. Temporary housing exempted from provisions of section 1553 of this title

The requirements of section 1553 of this title shall not apply to any temporary housing—

(a) for which such requirements have been waived pursuant to section 1575 of this title;

(b) transferred by the Secretary of Housing and Urban Development to the jurisdiction of the Department of the Army, the Navy, or the Air Force pursuant to section 1524 of this title;

(c) disposed of by the Secretary of Housing and Urban Development under subchapter II or IV of this chapter for long-term housing or nonhousing use without any requirement for removal where the governing body of the municipality or county has adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are (1) satisfactory for such long-term use or (2) satisfactory for such long-term use if conditions prescribed in such resolution, affecting the physical characteristics of the project, are met: Provided, That any such conditions shall not affect the disposal of any temporary housing hereunder, and the United States shall assume no responsibility for compliance with such conditions: And provided further, That any housing disposed of for housing use in accordance with this subsection shall thereafter be deemed to be housing accommodations, the construction of which was completed after June 30, 1947, within the meaning of section 4 of the Housing and Rent Act of 1947, as amended, relating to preference or priority to veterans or their families; or

(d) disposed of or relinquished by the Secretary of Housing and Urban Development prior to April 20, 1950, subject to such requirements or contractual obligations pursuant thereto, where the governing body of the municipality or county on or before December 31, 1950, adopts a resolution as provided in (c) above; and any contract obligations to the Federal Government for the removal of such housing shall be relinquished upon the filing of such a resolution with the Secretary of Housing and Urban Development.

§1585. Acquisition of housing sites

(a) Lease, condemnation or purchase; temporary housing

The Secretary of Housing and Urban Development may continue by lease or condemnation any interest less than a fee simple in lands hereafter acquired by the Secretary of Housing and Urban Development for national defense or war housing or for veterans’ housing (whether of permanent or temporary character), or held by any Federal agency in connection therewith, and may acquire, by purchase or condemnation, a fee simple title to or lesser interest in any such lands if the Secretary of Housing and Urban Development determines that the acquisition of such fee simple or lesser interest is necessary to protect the Government’s investment or to maintain the improvements constructed thereon, or that the cost of fulfilling the Government’s obligation to restore the property to its original condition would equal or exceed the cost of acquiring the title thereto.

In any city in which, on March 1, 1953, there were more than ten thousand temporary housing units held by the United States of America, or any two contiguous cities in one of which there were on such date more than ten thousand temporary housing units so held, the Secretary of Housing and Urban Development may acquire, by purchase or condemnation, a fee simple title
to any or all lands in which the Secretary holds a leasehold interest, or other interest less than a fee simple, acquired by the Federal Government for national defense or war housing or for veteran’s housing where (1) the Secretary of Housing and Urban Development finds that the acquisition by the Secretary of a fee simple title in the land will tend to expedite the orderly disposal or removal of temporary housing under the Secretary’s jurisdiction by facilitating the availability of improved sites for privately owned housing needed to replace such temporary housing, and will tend to expedite the transition of the city from a war-affected community containing, as of said date, a large number of temporary houses to a community having additional permanent, well-planned, residential neighborhoods, (2) the local governing body of the city makes a like finding and requests the Secretary of Housing and Urban Development to acquire such title to the land, and (3) the city has furnished assurances satisfactory to the Secretary of Housing and Urban Development that no individual who is employed by, or is an official of, the government of the city in which the land is located, or any agency thereof, shall be permitted, directly or indirectly, to have any financial interest in the purchase or redevelopment of such land: Provided, That such acquisitions by the Secretary of Housing and Urban Development pursuant to this sentence shall be limited to not exceeding four hundred and twenty-five acres of land in the general area in which approximately one thousand five hundred units of temporary housing held by the United States of America were unoccupied on said date: And provided further, That funds for such acquisition by the Secretary of Housing and Urban Development, which are authorized, pursuant to subsection (c) of this section and title II of the Independent Offices Appropriation Act, 1955, to be expended from the revolving fund established by section 1701g–5 of title 12, shall be taken into consideration, to the extent that they are needed, in making any determination pursuant to the second proviso under that section. All or any part of any land so acquired by the Secretary of Housing and Urban Development, or any future payment accepted by an official of the Federal Government for national defense, war housing, or veterans’ housing and where (1) the term of such interest (as prescribed in the taking or in the lease or other instruments) is for the “duration of the emergency” or “duration of the emergency” or “duration of the war” plus a specific period thereafter, or for some similarly prescribed term, and (2) the rental, award, or other consideration which the Federal Government is obligated to pay or furnish for such interest gives the owner of the land less than an annual return, after payment of real estate taxes, of 6 per centum of the lowest value placed on such land by an independent appraiser, hired by the Government to make such appraisal based on the value of the land before the acquisition of the Government’s interest therein, plus 100 per centum of such value, the Secretary of Housing and Urban Development shall, upon request of the owner of the land and, notwithstanding any existing contractual or other rights or obligations, increase the amount of future payments for such interest in order to give the owner of the land a return for the Government’s use thereof not exceeding one the 6 per centum annual return described in (2) of this subsection: Provided, That this subsection shall not affect any payment heretofore made or any future payment accepted by an ob-
ligee, nor shall this subsection limit the consideration which may be paid for the use of any land beyond the existing term of the Government’s interest therein.

(c) Reserve account; availability of moneys

Notwithstanding any other provisions of law unless hereafter enacted expressly in limitation hereof, moneys shall be deposited in the reserve account established pursuant to subsection (a) and subsection (b) of section 1543 of this title (which account is hereby continued subject to the limitation as to amount specified in subsection (c) thereof) and all moneys deposited in such reserve account shall be and remain available for any or all of the purposes specified in said subsections (a) or (b) or in this section without regard to the time prescribed in subsection (c) of section 1543 of this title with respect to covering moneys in such account into miscellaneous receipts. Moneys in such reserve accounts shall also be available for the payment of necessary expenses (which shall be considered nonadministrative expenses) in connection with administering (1) transfers pursuant to section 1381 of this title, (2) determinations of the temporary or permanent character of demountable housing pursuant to section 1583 of this title, (3) changes in land tenure and revisions in the consideration payable to landowners pursuant to subsection (a) and (b), and (4) transfers of permanent war housing for low-rent use pursuant to section 1586 of this title. Moneys in such reserve account shall also be available for the purpose of making improvements to, or alterations of, any permanent housing or part thereof if (1) the dwelling structures therein are designed for occupancy by not more than four families and are to be sold separately and (2) such improvement or alteration is requested by the local governing body as a condition to the acceptance of the dedication of streets or utilities necessary for compliance with local law or regulation relating to the continued operation or occupancy of the housing by a purchaser.

§ 1586

TITLE 42—THE PUBLIC HEALTH AND WELFARE
In addition to the authority of the Secretary of Housing and Urban Development under the first sentence of this subsection, the Secretary is specifically authorized to convey any permanent war housing project to a local public housing agency if requested in writing, within sixty days after April 20, 1950, by such agency or the executive head of the municipality (or of the county or parish if such project is not in a municipality) within which the project is located, or by the Governor of the State where an agency of the State has authority to operate the project: Provided, That any conveyance by the Secretary of Housing and Urban Development pursuant to this sentence shall be subject to the same conditions and requirements as provided in this section with respect to a project specifically designated herein.

(b) Projects as “low-rent housing”

Upon the conveyance by the Secretary of Housing and Urban Development of any such project pursuant to the provisions of this section, such project shall constitute and be deemed to be “low-rent housing” as that term is used and defined in the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] (and to be a low-rent housing project assisted pursuant to that Act, within the meaning of section 1404a(b) of this title). Any instrument of conveyance by the Administrator stating that it is executed under subchapters II to VII of this chapter shall be conclusive evidence of compliance therewith insofar as any title or other interest in the property is concerned.

(c) Conditions and requirements of agreements

The agreement between the public housing agency and the Secretary of Housing and Urban Development required by subsection (a) of this section shall contain the following conditions and requirements, and may contain such further conditions, requirements, and provisions as the Secretary determines—

(1) during a period of forty years following the conveyance the project shall be administered as low-rent housing in accordance with subsections 2(1) and 2(2) of the United States Housing Act of 1937 [42 U.S.C. 1402(1) and (2)]; Provided, That if at any time during such period the public housing agency and the Secretary of Housing and Urban Development agree that the project, or any part thereof, is no longer suitable for use as low-rent housing, the project, or part thereof, shall with the approval of the Secretary of Housing and Urban Development be sold by the public housing agency after which the agreement shall be deemed to have terminated with respect to such project or part thereof except that the proceeds from such sale, after payment of the reasonable expense thereof, shall be paid to the Secretary of Housing and Urban Development, or, with the Secretary’s approval, used to finance the repair or rehabilitation of a project or part thereof conveyed to the public housing agency under this section;

(2) the public housing agency shall, within six months following the conveyance, initiate a program for the removal of all families residing in the project on the date of conveyance who are ineligible under the provisions of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] for continued occupancy therein, and shall have required such ineligible tenants to vacate their dwellings within eighteen months after the initiation of such program: Provided, That military personnel as designated by the Secretary of Defense or his designee shall not be subject to such removal until eighteen months after the date of conveyance;

(3) annually during the term of such agreement, the public housing agency shall pay to the Secretary of Housing and Urban Development all income from the project remaining after deducting the amounts necessary (as determined pursuant to regulations of the Secretary of Housing and Urban Development) for (i) the payment of reasonable and proper costs of operating, maintaining, and approving such project, (ii) the payments in lieu of taxes authorized hereunder, (iii) the establishment and maintenance of reasonable and proper reserves approved by the Secretary of Housing and Urban Development, and (iv) the payment of currently maturing installments of principal of and interest on any indebtedness incurred by such public housing agency with the approval of the Secretary of Housing and Urban Development: Provided, That the provisions of this paragraph shall not be applicable to any project which is consolidated under a single contract with one or more low-rent projects being assisted under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], and all income from any such project conveyed under this section may be commingled with funds of the project or projects with which it is consolidated and applied in accordance with the requirements of the consolidated contract and the provisions of section 18(c) of the said Act [42 U.S.C. 1410(c)];

(4) during the term of such agreement, the project shall be exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivisions;

(5) for the tax year in which the conveyance is made and the next succeeding tax year annual payments in lieu of taxes may be made to the State, city, county, or other political sub-
divisions in amounts not in excess of the real property taxes which would be paid to such State, city, county, or other political subdivisions if the project were not exempt from taxation; and thereafter, during the term of such agreement, payments in lieu of taxes with respect to the project may be made in annual amounts which do not exceed 10 per centum of the annual shelter rents charged in such project;

(6) in selecting tenants for such project, the public housing agency shall give such preferences as are prescribed by subsection 10(g) of the United States Housing Act of 1937 [42 U.S.C. 1410g], except that for one year after the date of completion of a project, the public housing agency shall, to the extent permitted by law, give such preferences, by allocation or otherwise, to military personnel as the Secretary of Defense or his designee prescribes to the public housing agency; and

(7) upon the occurrence of a substantial default in respect to the requirements and conditions to which the public housing agency is subject (as such substantial default shall be defined in such agreement), the public housing agency shall be obligated at the option of the Secretary of Housing and Urban Development, either to convey title in any case where, in the determination of the Secretary of Housing and Urban Development, (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this subchapter and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], or to deliver possession to the Secretary of Housing and Urban Development of the project, as then constituted, to which such agreement relates:

Provided, That in the event of such conveyance of title or delivery of possession, the Secretary of Housing and Urban Development may improve and administer such project as low-rent housing, and otherwise deal with such housing, or any part thereof, subject, however, to the limitations contained in the applicable provisions of the United States Housing Act of 1937. The Secretary of Housing and Urban Development shall be obligated to reconvey or to redeliver possession of the project, as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such agreement and as soon as practicable after the Secretary of Housing and Urban Development shall be satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this subchapter and the United States Housing Act of 1937, thereafter be operated in accordance with the terms of such agreement. Any prior conveyances and reconveyances, deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary of Housing and Urban Development pursuant to this paragraph upon the subsequent occurrence of a substantial default.

(d) Disposition of payments

At the end of each fiscal year, the total amount of payments during such year to the Secretary of Housing and Urban Development in accordance with subsection (c) of this section shall be covered into the Treasury as miscellaneous receipts.

TRANSFER OF FUNCTIONS

For transfer of functions to Secretary of Housing and Urban Development, see note set out under section 1581 of this title.

§ 1592a. Construction of housing

(a) Types, sales, preferences in purchases, and payment

Consistent with other requirements of national defense, any permanent housing constructed pursuant to the authority of this subchapter shall consist of one- to four-family dwelling structures (including row houses) or arrangements that they may be offered for separate sale. All housing of permanent construction which is constructed or acquired under the authority of this subchapter shall be sold as expeditiously as possible and in the public interest taking into consideration the continuation of the need for such housing by persons engaged in national defense activities. All dwelling structures of permanent construction designed for occupancy by not more than four families (including row houses) shall be offered for sale, and preference in the purchase of any such dwelling structure shall be granted to occupants and to veterans over other prospective purchasers. As among veterans, preference in the purchase of any such dwelling structure shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected. All dwelling structures of permanent construction in any housing project which are designed for occupancy by more than four families (and other structures in such project which are not sold separately) shall be sold as an entity. On such sales first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to, other members of the group any tenant occupying a dwelling unit in such project, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announce-ment by the Secretary of Housing and Urban Development of the availability of such project). The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other. Sales pursuant to this section shall be for cash or credit, upon such terms as the Secretary of Housing and Urban Development shall determine, and at the fair value of the property as determined by the Secretary: Provided, That full payment to the Government for the property sold shall be required within a period of not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum.

(b) Temporary housing

Where it is necessary to provide housing under this subchapter in locations where, in the determination of the Secretary of Housing and Urban Development, there appears to be no need for such housing beyond the period during which it is needed for housing persons engaged in national defense activities, the provisions of section 1591a of this title shall not be applicable and temporary housing which is of a mobile or portable character or which is otherwise constructed so as to be available for reuse at other locations or existing housing built or acquired by the United States under authority of any other law shall be provided. Any temporary housing constructed or acquired under this subchapter which the Secretary of Housing and Urban Development determines to be no longer needed for use under this subchapter shall, unless transferred to the Department of Defense pursuant to section 1592c of this title, or reported as excess to the Administrator of the General Services Administration pursuant to chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41, be sold as soon as practicable to the highest responsible bidder after public advertising, except that if one or more of such bidders is a veteran purchasing a dwelling unit for his own occupancy the sale of such unit shall be made to the highest responsible bidder who is a veteran so purchasing: Provided, That the Secretary of Housing and Urban Development may reject any bid for less than two-thirds of the appraised value as determined by him: Provided further, That the housing may be sold at fair value (as determined by the Secretary of Housing and Urban Development) to a public body for public use: And provided further, That the housing structures shall be sold for removal from the site, except that they may be sold for use on the site if the governing body of the locality has adopted a resolution approving use of such structures on the site.

(c) Preference in admission to occupancy pending ultimate disposition

When the Secretary of Housing and Urban Development determines that any housing provided under this subchapter is no longer required for persons engaged in national defense activities, preference in admission to occupancy thereof shall be given to veterans pending its ul-
timate sale or disposition in accordance with the provisions of this subchapter. As among veterans, preference in admission to occupancy shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected.

§ 1592d. Secretary’s powers with respect to housing, facilities, and services

(a) Planning, acquisition, construction, etc.

With respect to any housing or community facilities or services which the Secretary of Housing and Urban Development is authorized to provide, or any property which he is authorized to acquire, under this Act, the Secretary of Housing and Urban Development is authorized by contract or otherwise (without regard to section 6101 of title 41, section 322 of the Act of June 30, 1932 (47 Stat. 412), as amended,1 chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subchapter I of title 41, and prior to the approval of the Attorney General) to make plans, surveys, and investigations; to acquire (by purchase, donation, condemnation or otherwise), construct, extend, remodel, operate, rent, lease, exchange, repair, deal with, insure, maintain, convey, sell for cash or credit, demolish, or otherwise dispose of any property, land, improvement, or interest therein; to provide approaches, utilities, and transportation facilities; to procure necessary materials, supplies, articles, equipment, and machinery; to make advance payments for leased property; to pursue to final disposition by way of compromise or otherwise, claims both for and against the United States (exclusive of claims in excess of $5,000 arising out of contracts for construction, repairs, and the purchase of supplies and materials, and claims involving administrative expenses) which are not in litigation and which have not been referred to the Department of Justice; and to convey without cost to States and political subdivisions and instrumentalities thereof property for streets and other public thoroughfares and easements for public purposes: Provided, That any instrument executed by the Secretary of Housing and Urban Development and purporting to convey any right, title or interest in any property acquired pursuant to this subchapter or subchapter X of this chapter shall be conclusive evidence of compliance with the provisions thereof insofar as title or other interest of any bona fide purchasers, lessees, or tenants of such property is concerned. Notwithstanding any provisions of this Act, housing or community facilities constructed by the United States pursuant to the authority contained herein shall conform to the requirements of State and local laws, ordinances, rules, or regulations relating to health and sanitation, and, to the maximum extent practicable, taking into consideration the availability of materials and the requirements of national defense, any housing or community facilities, except housing or community facilities of a temporary character, constructed by the United States pursuant to the authority contained herein shall conform to the requirements of State or local laws, ordinances, rules, or regulations relating to building codes.

(b) Condemnation

Before condemnation proceedings are instituted pursuant to this subchapter or subchapter X an effort shall be made to acquire the property involved by negotiation unless, because of reasonable doubt as to the identity of the owner or owners, because of the large number of persons with whom it would be necessary to negotiate, or for other reasons, the effort to acquire by negotiation would involve, in the judgment of the Secretary of Housing and Urban Development, such delay in acquiring the property as to be contrary to the interest of national defense. In any condemnation proceeding instituted pursuant to this subchapter or subchapter X, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 3114(a) to (d) of title 40, providing for such declarations. Unless title is in dispute, the court, upon application, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding.

(c) Return to original owner in certain cases

If any real property acquired under this subchapter or subchapter X is retained after June 30, 1954, without having been used for the purposes of this Act, the Secretary of Housing and Urban Development shall, if the original owner desires the property and pays the fair value thereof, return such property to the owner. In the event the Secretary of Housing and Urban Development and the original owner do not agree as to the fair value of the property, the fair value shall be determined by three appraisers, one of whom shall be chosen by the Secretary of Housing and Urban Development, one by the original owner, and the third by the first two appraisers; the expenses of such determination shall be paid in equal shares by the Government and the original owner.

SUBCHAPTER XI—HOUSING FOR MILITARY PERSONNEL

§ 1594. Contracts for construction

(a) Contract provisions; competitive bids

The Secretary of Defense or his designee is authorized to enter into contracts with any eligible bidder to provide for the construction of urgently needed housing on lands owned or leased by the United States and situated on or near a military reservation or installation for the purpose of providing suitable living accommodations for military personnel of the armed services assigned to duty at the military installation at or in the area where the housing is situated. Any such contract shall provide that each housing unit in the project shall be placed under the control of the Secretary of Defense, or his designee, as soon as the unit is available for occupancy as determined by the Secretary of Housing and Urban Development. Any such contract shall also provide that, except for stock held by the Secretary of Housing and Urban Development, the capital stock of the mortgagor (where the mortgagor is a corporation) be transferred to the Secretary of Defense, or his designee, when the housing has been completed as determined by the Secretary of Housing and Urban Development. Any such contract shall contain such terms and conditions as the Secretary of Defense may determine to be necessary to protect the interests of the United States. Any such contract shall provide for the furnishing by the contractor of a performance bond and a payment bond with a surety or sureties satisfactory to the Secretary of Defense, or his designee, and the furnishing of such bonds shall be deemed a sufficient compliance with the provisions of section 3131 of title 40, and no additional bonds shall be required under such section. Before the Secretary of Defense shall enter into any contract as authorized by this section for the construction of housing, he shall invite the submission of competitive bids after advertising in the manner prescribed in section 2305 of title 10.

(b) “Eligible bidder” defined

For the purposes of this subchapter, the term “eligible bidder” means a person, partnership, firm, or corporation determined by the Secretary of Defense after consultation with the Secretary of Housing and Urban Development (1) to be qualified by experience and financial responsibility to construct housing of the type described in subsection (a) of this section, and (2) to have submitted the lowest acceptable bid.

(c) Acquisition of capital stock of property covered by mortgage

Notwithstanding any other provision of law, the Secretary of Defense or his designee is authorized to acquire the capital stock of mortgagors holding property covered by a mortgage insured under title VIII of the National Housing Act as amended by the Housing Amendments of 1965 [12 U.S.C. 1748 et seq.], and to exercise the rights as holder of such capital stock under the life of such mortgage and, upon the termination of the mortgage, to dissolve the corporation; to guarantee the payment of notes or other legal instruments required by the Secretary of Housing and Urban Development of such mortgagors; to make payments thereon; and to guarantee and indemnify the Armed Services Housing Mortgage Insurance Fund against loss in cases where so required. All housing facilities placed under the control of the Secretary of Defense pursuant to the provisions of this subchapter shall be deemed to be housing facilities under the jurisdiction of the military department to which they are assigned.

(d) Opinion as to title to property; guarantee; title search and title insurance

On request by the Secretary of Defense, the Attorney General shall furnish to the Secretary of Defense, or his designee, an opinion as to the sufficiency of title to any property on which it is proposed to construct housing, or on which housing has been constructed, under this section. If the opinion of the Attorney General is that the title to any such property is good and sufficient, the Secretary of Defense is authorized to guarantee, or enter into a commitment to guarantee, the mortgagee, under a mortgage on such property which is insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.], against any losses that may thereafter arise from adverse claims to title. None of the proceeds of any mortgage loan hereafter insured under such title VIII shall be used for title search and title insurance costs: Provided, That if the Secretary of Defense, or his designee, determines in the case of any housing project, that the financing of the construction of such project is impossible unless title insurance is provided, the Secretary of Defense may provide for the payment of the reasonable costs necessary for obtaining title search and title insurance. Any payments by the Secretary of Defense hereunder shall be made from the revolving fund established under section 1594a(g) of this title. Any determination by the Secretary of Defense under the foregoing proviso shall be set forth in writing, together with the reasons therefor. The Committees on Armed Services of the Senate and House of Representatives shall be promptly notified of each such determination, and of the amount of any payment made by the Secretary of Defense for title search and title insurance costs.

Whenever the Secretary of Defense or his designee deems it necessary for the purpose of this subchapter, he may acquire, by purchase, donation, condemnation, or other means of transfer, any land or (with the approval of the Secretary of Housing and Urban Development) (1) any housing financed with mortgages insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.] as in effect prior to August 11, 1955, or (2) any housing situated adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) certified by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 207 of the National Housing Act [12 U.S.C. 1713], or (3) any housing situated on or adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) consid-
(2) In any condemnation proceedings instituted to acquire any such housing, or interest therein, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 3114(a) to (d) of title 40. The amount of such deposit for the purpose of this section shall not in any case be less than an amount equal to the actual cost of the housing (not including the value of any improvements installed or constructed with appropriated funds) as certified by the sponsor or owner of the project to the Secretary of Housing and Urban Development pursuant to any statute or any regulations issued by the Secretary of Housing and Urban Development, reduced by the amount of the principal obligation of the mortgage outstanding at the time possession is surrendered, but any such deposit shall not include any excess mortgage proceeds or “windfalls,” kickbacks and rebates received in connection with the construction of said housing as determined by the Department of Defense, or any other Federal agency. The amount of such deposit in any case where the sponsor or owner has not certified the cost of the project to the Secretary of Housing and Urban Development at August 10, 1959, shall be determined by the Secretary of Defense, or his designee, in accordance with sections 3114 to 3116 and 3118 of title 40, with a view toward accurately estimating the equity of the sponsor or owner: Provided, That in the event there is withdrawn from the registry of the court by the owner or sponsor a sum of money in excess of the final award of just compensation, this excess shall be repaid to the United States plus a sum equal to 4 per centum per annum on such excess from the time such sum is deposited in the registry of the court: Provided further, That any court in which money is deposited as provided in this section shall require the furnishing of security by the owner to protect the United States from any loss by reason of a final award of just compensation of less than the amount deposited: And provided further, That the deposit required to be made by this section shall be without prejudice to any party in the determination of just compensation. Unless title is in dispute, the court, upon application and subject to the foregoing provisions of this subsection, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding. In the event that condemnation proceedings are instituted in accordance with procedures under sections 3114 to 3116 and 3118 of title 40, the court shall order that the amount deposited shall be paid in a lump sum or over a period not exceeding five years in accordance with stipulations executed by the parties in the proceedings. In connection with condemnation proceedings which do not utilize the procedures under such sections, the Secretary of Defense or his designee, after final judgment of the court, may pay or agree to pay in a lump sum or, in accordance with stipulations executed by the parties to the proceedings, over a period not exceeding five years the difference between the outstanding principal obligation, plus accrued interest, and the price for the property fixed by the court. Unless such payment is made in a lump sum, the unpaid balance thereof shall bear interest at the rate of 4 per centum per annum.  

(d) Occupancy; use, or improvement of property before approval of title

Property acquired under this section may be occupied, used, and improved for the purposes of this section prior to the approval of title by the Attorney General as required by sections 3111 and 3112 of title 40.  

(e) Release of accrual requirements for replacement, taxes, and hazard insurance reserves

The Secretary of Defense or his designee may, in the case of any housing acquired or to be acquired under this section, make arrangements with the mortgagee whereby such mortgage will agree to release and waive all requirements of accruals for reserves for replacement, taxes, and hazard insurance provided for under the corporate charter and indenture agreement with respect to such housing, upon the execution of a written agreement by the Secretary or his designee that the purposes for which such reserves and other funds were accrued will be carried out.  

(f) Use as public quarters or lease of housing

Any housing acquired under this section may be (1) assigned as public quarters to military personnel and their dependents; or (2) leased to military and civilian personnel for occupancy by them and their dependents, upon such terms and conditions as will in the judgment of the Secretary of Defense or his designee be in the best interest of the United States, without loss to military personnel of their basic allowance for quarters or appropriate allotments.

(B) is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, or

(C) is not returned to his home or to the place where he was employed by reason of the failure of the United States or its contractor to furnish transportation,

until such time as he is returned to his home, to the place of his employment, or is able to be returned to the jurisdiction of the United States, shall, under such regulations as the Secretary may prescribe, be regarded solely for the purposes of this subsection as totally disabled, and the same benefits as are provided for such disability under this subchapter shall be credited, any resulting overpayment of detention benefits found to be due under this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1706(c) of this title: Provided, That if such person has dependents residing in the United States or its Territories or possessions (including the United States Naval Operating Base, Guantanamo Bay, Cuba, and the Canal Zone), the Secretary during the period of such absence may disburse a part of such compensation, accruing for such total disability, to such dependents, which shall be equal to the monthly benefits otherwise payable for death under this subchapter, and the balance of such compensation for total disability shall accrue and be payable to such person upon his return from such absence. Any payment made pursuant to this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1706(c) of this title: Provided further, That no such payment to such person or his dependent, on account of such absence, shall be made during any period such person or dependent, respectively, has received, or may be entitled to receive, any other payment from the United States, either directly or indirectly, because of such absence, unless such person or dependent refunds or renounces such other benefit or payment for the period claimed.

Benefits found to be due under this subsection shall be paid from the compensation fund established pursuant to section 8147 of title 5: Provided, That the determination of dependents, dependency, and amounts of payments to dependents shall be made in the manner specified in subchapter I of chapter 81 of title 5: Provided further, That claim for such detention benefits shall be filed in accordance with and subject to the limitations provisions of subchapter I of chapter 81 of title 5, as modified by section 1706(c) of this title: And provided further, That except in cases of fraud or willful misrepresenta-

tion, the Secretary may waive recovery of money erroneously paid under this subdivision whenever he finds that such recovery would be impracticable or would cause hardship to the beneficiary affected: And provided further, That where such a person is found to be missing from his place of employment whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person or is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, the amount of benefits to be credited to the account of such person under this subsection, and for the purposes of this subsection only, shall be 100 per centum of the average weekly wages of such person, except that in computing such benefits such average weekly wages (a) shall not exceed the average weekly wages paid to civilian employees of the United States in the same or most similar occupation in the area nearest to the place of employment where such person was last employed or (b) shall not exceed the average weekly wages of such absent person at the time such absence began; and 70 per centum of such average weekly wage so determined shall be disbursed to the dependent or dependents of such person, irrespective of the limitations of section 909 of title 33, but should there be more than one such dependent, the distribution of such 70 per centum shall be proportionate to the percentages allowed for dependents by section 909 of title 33, and if such manner of disbursement in any case would result in injustice or excessive allowance for a dependent, the Secretary may, in his discretion, modify such percentage or apportionment to meet the requirements of the case; and in such cases benefits for detention shall accrue from January 1, 1942, unless the beginning of absence occurred upon a later date in which event benefits shall accrue from such later date, and for the period of such absence shall be 100 per centum of the average weekly wages, determined as herein provided: And provided further, That compensation for disability under this subchapter (except under allowances for scheduled losses of members or functions of the body), the Secretary may waive recovery of money erroneously paid under this subdivision whenever he finds that such recovery would be impracticable or would cause hardship to the beneficiary affected: And provided further, That where through mistake of fact, absence of proof of death, or error through lack of adequate information or otherwise, payments as for detention have in any case been erroneously made or credited, any resulting overpayment of detention benefits (the recovery of which is not waived as otherwise provided for in this section)
shall be recouped by the Secretary in such manner as he shall determine from any unpaid accruals to the account of the detained person, and if such accruals are insufficient for such purpose, then from any allowance of compensation for injury or death in the same case (whether under this subchapter or under any other law, agreement, or plan, if the United States pays, or is obligated to pay, such benefits, directly or indirectly), but only to the extent of the amount of such compensation benefits payable for the particular period of such overpayment, and in cases of erroneous payments of compensation for injury or death, made through mistake of fact, whether under this subchapter or under any other law, agreement, or plan (if the United States is obligated to pay such compensation, directly or indirectly), the Secretary is authorized to recoup from any unpaid benefits for detention, the amount of any overpayment thus arising; and any amounts recovered under this section shall be covered into such compensation fund, and for the foregoing purposes the Secretary shall have a right of lien, intervention, and recovery in any claim or proceeding for compensation.

(2) Upon application by such person, or someone on his behalf, the Secretary may, under such regulations as he may prescribe, furnish transportation or the cost thereof (including reimbursement) to any person from the point where his release from custody by a hostile force or person is effected, to his home, the place of his employment, or other place within the jurisdiction of the United States; but no transportation, or the cost thereof, shall be furnished under this paragraph where such person is furnished such transportation, or the cost thereof, under any agreement with his employer or under any other provision of law.

(3) In the case of death of any such person, if his death occurred away from his home, the body of such person shall, in the discretion of the Secretary, and if so desired by his next of kin, near relative, or legal representative, be embalmed and transported in a hermetically sealed casket or other appropriate container to the home of such person or to such other place as may be designated by such next of kin, near relative, or legal representative. No expense shall be incurred under this paragraph by the Secretary in any case where death takes place after repatriation, unless such death proximately results from a war-risk hazard.

(4) Such benefits for detention, transportation expenses of repatriated persons, and expenses of embalming, providing sealed or other appropriate container, and transportation of the body, and attendants (if required), as approved by the Secretary, shall be paid out of the compensation fund established under section 8147 of title 5.

(c) Persons not citizens or residents of United States

Compensation for permanent total or permanent partial disability or for death payable under this section to persons who are not citizens of the United States and who are not residents of the United States or Canada, shall be in the same amount as provided for residents; except that dependents in any foreign country shall be limited to surviving wife or husband and child or children, or if there be no surviving wife or husband or child or children, to surviving father or mother whom such person has supported, either wholly or in part, for the period of one year immediately prior to the date of the injury; and except that the Secretary, at his option, may commute all future installments of compensation to be paid to such persons by paying to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

(d) Persons excepted from coverage

The provisions of this section shall not apply in the case of any person (1) whose residence is at or in the vicinity of the place of his employment, and (2) who is not living there solely by virtue of the exigencies of his employment, unless his injury or death resulting from injury occurs or his detention begins while in the course of his employment, or (3) who is a prisoner of war or a protected person under the Geneva Conventions of 1949 and who is detained or utilized by the United States.

The funds provided by appropriation or transfer from other accounts for any fiscal year for carrying out the provisions of this chapter, and for carrying out the provisions of the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 thereof [42 U.S.C. 1772] less

(1) not to exceed 3⁄4 per centum thereof which per centum is hereby made available to the Secretary for the Secretary’s administrative expenses under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.]; and

(2) the amount apportioned by the Secretary pursuant to section 1753 of this title and the amount appropriated pursuant to sections 1759a and 1761 of this title and sections 4 and 7 of the Child Nutrition Act of 1966 [42 U.S.C. 1773 and 1776]; and

(3) not to exceed 1 per centum of the funds provided for carrying out the programs under this chapter and the programs under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 [42 U.S.C. 1772], which per centum is hereby made available to the Secretary to supplement the nutritional benefits of these programs through grants to States and other means for nutritional training and education for workers, cooperators, and participants in these programs, for pilot projects and the cash-in-lieu of commodities study required to be carried out under section 1769 of this title, and for necessary surveys and studies of requirements for food service programs in furtherance of the purposes expressed in section 1751 of this title, and section 2 of the Child Nutrition Act of 1966 [42 U.S.C. 1771].
shall be available to the Secretary during such year for direct expenditure by the Secretary for agricultural commodities and other foods to be distributed among the States and schools and service institutions participating in the food service programs under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.] in accordance with the needs as determined by the local school and service institution authorities. Except as provided in the next 2 sentences, any school participating in food service programs under this chapter may refuse to accept delivery of not more than 20 percent of the total value of agricultural commodities and other foods tendered to it in any school year; and if a school so refuses, that school may receive, in lieu of the refused commodities, other commodities to the extent that other commodities are available to the State during that year. Any school food authority may refuse some or all of the fresh fruits and vegetables offered to the school food authority in any school year and shall receive, in lieu of the offered fruits and vegetables, other produce of equal or higher value, to the extent that such fresh fruits and vegetables that are at least equal in value to the fresh fruits and vegetables refused by the school food authority. The value of any fresh fruits and vegetables refused by a school under the preceding sentence for a school year shall not be used to determine the 20 percent of the total value of agricultural commodities and other foods tendered to the school food authority in the school year under the second sentence. The provisions of law contained in the proviso of section 715c of title 15, facilitating operations with respect to the purchase and disposition of surplus agricultural commodities under section 612c of title 7, shall, to the extent not inconsistent with the provision of this chapter, also be applicable to expenditures of funds by the Secretary under this chapter. In making purchases of such agricultural commodities and other foods, the Secretary shall not issue specifications which restrict participation of local processors unless such specifications will result in significant advantages to the food service programs authorized by this chapter and the Child Nutrition Act of 1966.

(b) Delivery of commodities

The Secretary shall deliver, to each State participating in the school lunch program under this chapter, commodities valued at the total level of assistance authorized under subsection (c) for each school year for the school lunch program in the State, not later than September 30 of the following school year.

(c) Level of commodity assistance; computation of index; calculation of total assistance to each State; emphasis on high protein foods; per meal value of donated foods

(1)(A) The national average value of donated foods, or cash payments in lieu thereof, shall be 11 cents, adjusted on July 1, 1982, and each July 1 thereafter to reflect changes in the Price Index for Food Used in Schools and Institutions. The Index shall be computed using 5 major food components in the Bureau of Labor Statistics’ Producer Price Index (cereal and bakery products, meats, poultry and fish, dairy products, processed fruits and vegetables, and fats and oils). Each component shall be weighed using the same relative weight as determined by the Bureau of Labor Statistics.

(B) The value of food assistance for each meal shall be adjusted each July 1 by the annual percentage change in a 3-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year. Such adjustment shall be computed to the nearest 1/10 cent.

(C) For each school year, the total commodity assistance or cash in lieu thereof available to a State for the school lunch program shall be calculated by multiplying the number of lunches served in the preceding school year by the per meal assistance established by subparagraph (B). After the end of each school year, the Secretary shall reconcile the number of lunches served by schools in each State with the number of lunches served by schools in each State during the preceding school year and increase or reduce such per meal commodity assistance or cash in lieu thereof provided to each State based on such reconciliation.

(D) Among those commodities delivered under this section, the Secretary shall give special emphasis to high protein foods, meat, and meat alternatives (which may include domestic seafood commodities and their products).

(E) Notwithstanding any other provision of this section, not less than 75 percent of the assistance provided under this subsection shall be in the form of donated foods for the school lunch program.

(2) To the maximum extent feasible, each State agency shall offer to each school food authority under its jurisdiction that participates in the school lunch programs and the school breakfast programs, agricultural commodities and their products, the per meal value of which is not less than the national average value of donated foods established under paragraph (1). Each such offer shall include the full range of such commodities and products that are available to the Secretary to the extent that quantities requested are sufficient to allow efficient delivery to and within the State.

(d) Termination of commodity assistance based upon school breakfast program

Beginning with the school year ending June 30, 1981, the Secretary shall not offer commodity assistance based upon the number of breakfasts served to children under section 4 of the Child Nutrition Act of 1966 [42 U.S.C. 1773].

(e) Minimum percentage of commodity assistance

(1) Subject to paragraph (2), in each school year the Secretary shall ensure that not less than 12 percent of the assistance provided under section 1753 of this title, this section, and section 1759a of this title shall be in the form of—

(A) commodity assistance provided under this section, including cash in lieu of commodities and administrative costs for procurement of commodities under this section; or

(B) during the period beginning October 1, 2003, and ending September 30, 2018, commodities provided by the Secretary under any provision of law.

See References in Text note below.
(2) If amounts available to carry out the requirements of the sections described in paragraph (1) are insufficient to meet the requirement contained in paragraph (1) for a school year, the Secretary shall, to the extent necessary, use the authority provided under section 1762a(a) of this title to meet the requirement for the school year.

(B) the demonstrated commitment of the States to farm-to-school efforts, as evidenced by prior efforts to increase and promote farm-to-school programs in the States; and

(C) whether the States contain a sufficient quantity of local educational agencies, various population sizes, and geographical locations.

(5) Recordkeeping and reporting requirements

(A) Recordkeeping requirement

States selected to participate in the pilot project, and participating school food authorities within those States, shall keep records of the fruits and vegetables received under the pilot project in such manner and form as requested by the Secretary.

(B) Reporting requirement

Each participating State shall submit to the Secretary a report on the success of the pilot project in the State, including information on—

(1)(A) Except as provided in section 1759 of this title, in each fiscal year each State educational agency shall receive special assistance payments in an amount equal to the sum of the product obtained by multiplying the number of lunches
(consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758(a) of this title) served free to children eligible for such lunches in schools within that State during such fiscal year by the special assistance factor for free lunches prescribed by the Secretary for such fiscal year and the product obtained by multiplying the number of lunches served at a reduced price to children eligible for such reduced price lunches in schools within that State during such fiscal year by the special assistance factor for reduced price lunches prescribed by the Secretary for such fiscal year.

(B) Except as provided in subparagraph (C), (D), (E), or (F), in the case of any school which determines that at least 80 percent of the children in attendance during a school year (hereinafter in this sentence referred to as the “first school year”) are eligible for free lunches or reduced price lunches, special assistance payments shall be paid to the State educational agency with respect to that school, if that school so requests for the school year following the first school year, on the basis of the number of free lunches or reduced price lunches, as the case may be, that are served by that school during the school year for which the request is made, to those children who were determined to be so eligible in the first school year and the number of free lunches and reduced price lunches served during that year to other children determined for that year to be eligible for such lunches.

(C)(i) Except as provided in subparagraph (D), in the case of any school or school district that—

(I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) during any period of 4 successive school years; and

special assistance payments shall be paid to the State educational agency with respect to the school or school district during the period on the basis of the number of lunches or breakfasts served during the period determined under clause (i) or (iii).

(iii) For purposes of computing the amount of the payments, a school or school district may elect to determine on a more frequent basis the number of children who are eligible for free or reduced price lunches or breakfasts who are served lunches or breakfasts during the 4-school-year period.
