EX. ORD. NO. 13952. PROTECTING VULNERABLE NEWBORN AND INFANT CHILDREN
Ex. Ord. No. 13952, Sept. 25, 2020, 85 F.R. 62187, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Purpose. Every infant born alive, no matter the circumstances of his or her birth, has the same dignity and the same rights as every other individual and is entitled to the same protections under Federal law. Such laws include the Emergency Medical Treatment and Labor Act (EMTALA), 42 U.S.C. 1395dd, which guarantees, in hospitals that have an emergency department, each individual’s right to an appropriate medical screening examination and to either stabilizing treatment or an appropriate transfer. They also include section 501 of the Rehabilitation Act [of 1973] (Rehab Act), 29 U.S.C. 794, which prohibits discrimination against individuals with disabilities by programs and activities receiving Federal funding. In addition, the Born-Alive Infants Protection Act [of 2002], 1 U.S.C. 8, makes clear that all infants born alive are individuals for purposes of these and other Federal laws and are therefore afforded the same legal protections as any other person. Together, these laws help protect infants born alive from discrimination in the provision of medical treatment, including infants who require emergency medical treatment because premature or as a result of being born with disabilities. Such infants are entitled to meaningful and non-discriminatory access to medical
examination and services, with the consent of a parent or guardian, when they present at hospitals receiving Federal funds.

Despite these laws, some hospitals refuse the required medical screening examination and stabilizing treatment or otherwise do not provide potentially lifesaving medical treatment to extremely premature or disabled infants, even when parents plead for such treatment. Hospitals might refuse to provide treatment to extremely premature infants—born alive before 24 weeks of gestation—because they believe these infants may not survive, may have to live with long-term disabilities, or may have a quality-of-life deemed to be inadequate. Active treatment of extremely premature infants has, however, been shown to improve their survival rates. And the denial of such treatment, or discouragement of parents from seeking such treatment for their children, devalues the lives of these children and may violate Federal law.

Sec. 2. Policy. It is the policy of the United States to recognize the human dignity and inherent worth of every newborn or other infant child, regardless of prematurity or disability, and to ensure for each child due protection under the law.

Sec. 3. (a) The Secretary of Health and Human Services (Secretary) shall ensure that individuals responsible for all programs and activities under his jurisdiction that receive Federal funding are aware of their obligations toward infants, including premature infants or infants with disabilities, who have an emergency medical condition in need of stabilizing treatment, under EMTALA and section 504 of the Rehab Act, as interpreted consistent with the Born-Alive Infants Protection Act. In particular, the Secretary shall ensure that individuals responsible for such programs and activities are aware that they are not excused from complying with these obligations, including the obligation to provide an appropriate medical screening examination and stabilizing treatment or transfer, when extremely premature infants are born alive or infants are born with disabilities. The Secretary shall also ensure that individuals responsible for such programs and activities are aware of their obligations to provide stabilizing treatment that will allow the infants to be transferred to a more suitable facility if appropriate treatment is not possible at the initial location.

(b) The Secretary shall, as appropriate and consistent with applicable law, ensure that Federal funding disbursed by the Department of Health and Human Services is expended in full compliance with EMTALA and section 504 of the Rehab Act, as interpreted consistent with the Born-Alive Infants Protection Act, as reflected in the policy set forth in section 2 of this order.

(1) The Secretary shall, as appropriate and to the fullest extent permitted by law, investigate complaints of violations of applicable Federal laws with respect to infants born alive, including infants who have an emergency medical condition in need of stabilizing treatment or infants with disabilities whose parents seek medical treatment for their infants. The Secretary shall also clarify, in an easily understandable format, the process by which parents and hospital staff may submit such complaints for investigation under applicable Federal laws.

(2) The Secretary shall take all appropriate enforcement action against individuals and organizations found through investigation to have violated applicable Federal laws, up to and including terminating Federal funding for non-compliant programs and activities.

(c) The Secretary shall, as appropriate and consistent with applicable law, prioritize the allocation of Department of Health and Human Services discretionary grant funding and National Institutes of Health research dollars for programs and activities conducting research to develop treatments that may improve survival—especially survival without impairment—of infants born alive, including premature infants or infants with disabilities, who have an emergency medical condition in need of stabilizing treatment.

(d) The Secretary shall, as appropriate and consistent with applicable law, prioritize the allocation of Department of Health and Human Services discretionary grant funding to programs and activities, including hospitals, that provide training to medical personnel regarding the provision of life-saving medical treatment to all infants born alive, including premature infants or infants with disabilities, who have an emergency medical condition in need of stabilizing treatment.

(e) The Secretary shall, as necessary and consistent with applicable law, issue such regulations or guidance as may be necessary to implement this order.

Sec. 4. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or (ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

(E) Amounts in controversy

(i) In general

A hearing (by the Secretary) shall not be available to an individual under this section if the amount in controversy is less than $100, and judicial review shall not be available to the individual if the amount in controversy is less than $1,000.

(ii) Aggregation of claims

In determining the amount in controversy, the Secretary, under regulations, shall allow two or more appeals to be aggregated if the appeals involve—

(I) the delivery of similar or related services to the same individual by one or more providers of services or suppliers, or

(II) common issues of law and fact arising from services furnished to two or more individuals by one or more providers of services or suppliers.

(iii) Adjustment of dollar amounts

For requests for hearings or judicial review made in a year after 2004, the dollar amounts specified in clause (i) shall be equal to such dollar amounts increased by the percentage increase in the medical care component of the consumer price index for all urban consumers (U.S. city average) for July 2003 to the July preceding the year involved. Any amount determined under the previous sentence that is not a multiple of $10 shall be rounded to the nearest multiple of $10.

(F) Expedited proceedings

(i) Expedited determination

In the case of an individual who has received notice from a provider of services that such provider plans—

(I) to terminate services provided to an individual and a physician certifies that failure to continue the provision of such services is likely to place the individual's health at significant risk, or

(II) to discharge the individual from the provider of services,

the individual may request, in writing or orally, an expedited determination or an expedited reconsideration of an initial determination made under subsection (a)(1), as the case may be, and the Secretary shall provide such expedited determination or expedited reconsideration.

(ii) Reference to expedited access to judicial review

For the provision relating to expedited access to judicial review, see paragraph (2).

(G) Reopening and revision of determinations

The Secretary may reopen or revise any initial determination or reconsidered determination described in this subsection under guidelines established by the Secretary in regulations.

(2) Expedited access to judicial review

(A) In general

The Secretary shall establish a process under which a provider of services or supplier that furnishes an item or service or an individual entitled to benefits under part A or enrolled under part B, or both, who has
§ 1395ff

1395ff  Title 42—The Public Health and Welfare

filed an appeal under paragraph (1) (other
than an appeal filed under paragraph
(1)(F)(i)) may obtain access to judicial re-
view when a review entity (described in sub-
paragraph (D)), on its own motion or at the
request of the appellant, determines that the
Departmental Appeals Board does not have
the authority to decide the question of law
or regulation relevant to the matters in con-
troversy and that there is no material issue
of fact in dispute. The appellant may make
such request only once with respect to a
question of law or regulation for a specific
matter in dispute in a case of an appeal.

(B) Prompt determinations

If, after or coincident with appropriately
filing a request for an administrative hear-
ing, the appellant requests a determination
by the appropriate review entity that the
Departmental Appeals Board does not have
the authority to decide the question of law
or regulations relevant to the matters in con-
troversy and that there is no material issue
of fact in dispute, and if such request is
accompanied by the documents and mate-
rials as the appropriate review entity shall
require for purposes of making such deter-
mation, such review entity shall make a
determination on the request in writing
within 60 days after the date such review en-
tity receives the request and such accom-
ppanying documents and materials. Such a
determination by such review entity shall be
considered a final decision and not subject
to review by the Secretary.

(C) Access to judicial review

(i) In general

If the appropriate review entity—
(I) determines that there are no mate-
rial issues of fact in dispute and that the
only issues to be adjudicated are ones of
law or regulation that the Departmental
Appeals Board does not have authority
to decide; or
(II) fails to make such determination
within the period provided under sub-
paragraph (B),

then the appellant may bring a civil action
as described in this subparagraph.

(ii) Deadline for filing

Such action shall be filed, in the case de-
scribed in—
(I) clause (i)(I), within 60 days of the
date of the determination described in
such clause; or
(II) clause (i)(II), within 60 days of the
end of the period provided under sub-
paragraph (B) for the determination.

(iii) Venue

Such action shall be brought in the dis-
trict court of the United States for the ju-
dicial district in which the appellant is
located (or, in the case of an action brought
jointly by more than one applicant, the ju-
dicial district in which the greatest num-
er of applicants are located) or in the Dis-
trict Court for the District of Columbia.

(iv) Interest on any amounts in controversy

Where a provider of services or supplier
is granted judicial review pursuant to this
paragraph, the amount in controversy (if
any) shall be subject to annual interest be-
ginning on the first day of the first month
beginning after the 60-day period as deter-
mined pursuant to clause (ii) and equal to
the rate of interest on obligations issued
for purchase by the Federal Supple-
mentary Medical Insurance Trust Fund for
the month in which the civil action au-
thorized under this paragraph is com-
menced, to be awarded by the reviewing
court in favor of the prevailing party. No
interest awarded pursuant to the preceding
sentence shall be deemed income or cost
for the purposes of determining reimburse-
ment due providers of services or suppliers
under this subchapter.

(D) Review entity defined

For purposes of this subsection, the term
“review entity” means an entity of up to
three reviewers who are administrative law
judges or members of the Departmental Ap-

(3) Requiring full and early presentation of evi-
dence by providers

A provider of services or supplier may not
introduce evidence in any appeal under this
section that was not presented at the recon-
sideration conducted by the qualified inde-
dependent contractor under subsection (c), un-
less there is good cause which precluded the
introduction of such evidence at or before
that reconsideration.

(c) Conduct of reconsiderations by independent
contractors

(1) In general

The Secretary shall enter into contracts
with qualified independent contractors to con-
duct reconsiderations of initial determina-
tions made under subparagraphs (B) and (C)
of subsection (a)(1). Contracts shall be for an ini-
tial term of three years and shall be renewable
on a triennial basis thereafter.

(2) Qualified independent contractor

For purposes of this subsection, the term
“qualified independent contractor” means an
entity or organization that is independent of
any organization under contract with the Sec-

under subparagraph (B), and that meets the re-
quirements established by the Secretary con-
sistent with paragraph (3).

(3) Requirements

Any qualified independent contractor enter-
ing into a contract with the Secretary under
this subsection shall meet all of the following
requirements:

(A) In general

The qualified independent contractor shall
perform such duties and functions and as-

(B) Reconsiderations

(i) In general

The qualified independent contractor shall review initial determinations. Where an initial determination is made with respect to whether an item or service is reasonable and necessary for the diagnosis or treatment of illness or injury (under section 1395y(a)(1)(A) of this title), such review shall include consideration of the facts and circumstances of the initial determination by a panel of physicians or other appropriate health care professionals and any decisions with respect to the reconsideration shall be based on applicable information, including clinical experience (including the medical records of the individual involved) and medical, technical, and scientific evidence.

(ii) Effect of national and local coverage determinations

(I) National coverage determinations

If the Secretary has made a national coverage determination pursuant to the requirements established under the third sentence of section 1395y(a) of this title, such determination shall be binding on the qualified independent contractor in making a decision with respect to a reconsideration under this section.

(II) Local coverage determinations

If the Secretary has made a local coverage determination, such determination shall not be binding on the qualified independent contractor in making a decision with respect to a reconsideration under this section. Notwithstanding the previous sentence, the qualified independent contractor shall consider the local coverage determination in making such decision.

(III) Absence of national or local coverage determination

In the absence of such a national coverage determination or local coverage determination, the qualified independent contractor shall make a decision with respect to the reconsideration based on applicable information, including clinical experience and medical, technical, and scientific evidence.

(C) Deadlines for decisions

(i) Reconsiderations

Except as provided in clauses (iii) and (iv), the qualified independent contractor shall conduct and conclude a reconsideration under subparagraph (B), and mail the notice of the decision with respect to the reconsideration by not later than the end of the 60-day period beginning on the date a request for reconsideration has been timely filed.

(ii) Consequences of failure to meet deadline

In the case of a failure by the qualified independent contractor to mail the notice of the decision by the end of the period described in clause (i) or to provide notice by the end of the period described in clause (iii), as the case may be, the party requesting the reconsideration or appeal may request a hearing before the Secretary, notwithstanding any requirements for a reconsidered determination for purposes of the party’s right to such hearing.

Such reconsideration shall be conducted regardless of whether the provider of services or supplier will charge the individual for continued services or whether the individual will be liable for payment for such continued services.

(II) Consultation with beneficiary

In such reconsideration, the qualified independent contractor shall solicit the views of the individual involved.

(III) Special rule for hospital discharges

A reconsideration of a discharge from a hospital shall be conducted under this clause in accordance with the provisions of paragraphs (2), (3), and (4) of section 1320c–3(e) of this title as in effect on the date that precedes December 21, 2000.

(D) Qualifications for reviewers

The requirements of subsection (g) shall be met (relating to qualifications of reviewing professionals).

(E) Explanation of decision

Any decision with respect to a reconsideration of a qualified independent contractor shall be in writing, be written in a manner calculated to be understood by the indi-

(A) In general

Except as provided in subparagraph (B), an administrative law judge shall conduct and conclude a hearing on a decision of a qualified independent contractor under subsection (c) and render a decision on such hearing by not later than the end of the 90-day period beginning on the date a request for hearing has been timely filed.

§1395gg. Overpayment on behalf of individuals and settlement of claims for benefits on behalf of deceased individuals

(a) Payments to providers of services or other person regarded as payment to individuals

Any payment under this subchapter to any provider of services or other person with respect to any items or services furnished any individual shall be regarded as a payment to such individual.

(b) Incorrect payments on behalf of individuals; payment adjustment

Where—

(1) more than the correct amount is paid under this subchapter to a provider of services or other person for items or services furnished an individual and the Secretary determines (A) that, within such period as he may specify, the excess over the correct amount cannot be recouped from such provider of services or other person, or (B) that such provider of services or other person was without fault with respect to the payment of such excess over the correct amount, or

(2) any payment has been made under section 1395f(e) of this title to a provider of services or other person for items or services furnished an individual,
proper adjustments shall be made, under regulations prescribed (after consultation with the Railroad Retirement Board) by the Secretary, by decreasing subsequent payments—

(3) to which such individual is entitled under subchapter II of this chapter or under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.], as the case may be, or

(4) if such individual dies before such adjustment has been completed, to any other individual entitled under subchapter II of this chapter or under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.], as the case may be, with respect to the wages and self-employment income or the compensation constituting the basis of the benefits of such deceased individual under subchapter II of this chapter.

As soon as practicable after any adjustment under paragraph (3) or (4) is determined to be necessary, the Secretary, for purposes of this section, section 1395i(g) of this title, and section 1395t(f) of this title, shall certify (to the Railroad Retirement Board if the adjustment is to be made by decreasing subsequent payments under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.]) the amount of the overpayment as to which the adjustment is to be made. For purposes of clause (B) of paragraph (1), such provider of services or such other person shall, in the absence of evidence to the contrary, be deemed to be without fault if the Secretary’s determination that more than such correct amount was paid was made subsequent to the fifth year following the year in which notice was sent to such individual that such amount had been paid; except that the Secretary may reduce such five-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter.

(d) Exception to subsection (b) payment adjustment

There shall be no adjustment as provided in subsection (b) (nor shall there be recovery) in any case where the incorrect payment has been made (including payments under section 1395(f) of this title) with respect to a person who, without fault or where the adjustment (or recovery) would be made by decreasing payments to which another person who is without fault is entitled as provided in subsection (b)(4), if such adjustment (or recovery) would defeat the purposes of subchapter II or subchapter XVIII or would be against equity and good conscience. Adjustment or recovery of an incorrect payment (or only such part of an incorrect payment as the Secretary determines to be inconsistent with the purposes of this subchapter) against an individual who is without fault shall be deemed to be against equity and good conscience if (A) the incorrect payment was made for expenses incurred for items or services for which payment may not be made under this subchapter by reason of the provisions of paragraph (1) or (9) of section 1395y(a) of this title and (B) if the Secretary’s determination that such payment was incorrect was made subsequent to the fifth year following the year in which notice of such payment was sent to such individual; except that the Secretary may reduce such five-year period

to not less than one year if he finds such reduction is consistent with the objectives of this subchapter.

(e) Settlement of claims for benefits under this subchapter on behalf of deceased individuals

If an individual, who received services for which payment may be made to such individual under this subchapter, dies, and payment for such services was made (other than under this subchapter), and the individual died before any payment due him under this subchapter with respect to such services was completed, payment of the amount due (including the amount of any unnegotiated checks) shall be made—

(1) if the payment for such services was made (before or after such individual’s death) by a person other than the deceased individual, to the person or persons determined by the Secretary under regulations to have paid for such services, or if the payment for such services was made by the deceased individual before his death, to the legal representative of the estate of such deceased individual, if any;

(2) if there is no person who meets the requirements of paragraph (1), to the person, if any, who is determined by the Secretary to be the surviving spouse of the deceased individual and who was either living in the same household with the deceased at the time of his death or was, for the month in which the deceased individual died, entitled to a monthly benefit on the basis of the wages and self-employment income as was the deceased individual (and, in case there is more than one such child, in equal parts to each such child);

(3) if there is no person who meets the requirements of paragraph (1) or (2), or if the person who meets such requirements dies before the payment due him under this subchapter is completed, to the child or children, if any, of the deceased individual who were, for the month in which the deceased individual died, entitled to monthly benefits on the basis of the same wages and self-employment income as was the deceased individual (and, in case there is more than one such parent, in equal parts to each such parent);

(4) if there is no person who meets the requirements of paragraph (1), (2), or (3), or if each person who meets such requirements dies before the recovery due him under this subchapter is completed, to the parent or parents, if any, of the deceased individual who were, for the month in which the deceased individual died, entitled to monthly benefits on the basis of the same wages and self-employment income as was the deceased individual (and, in case there is more than one such parent, in equal parts to each such parent);

(5) if there is no person who meets the requirements of paragraph (1), (2), (3), or (4), or
if each person who meets such requirements dies before the payment due him under this subchapter is completed, to the person, if any, determined by the Secretary to be the surviving spouse of the deceased individual;

(b) if there is no person who meets the requirements of paragraph (1), (2), (3), (4), or (5), or if each person who meets such requirements dies before the payment due him under this subchapter is completed, to the person or persons, if any, determined by the Secretary to be the child or children of the deceased individual (and, in case there is more than one such child, in equal parts to each such child);

(7) if there is no person who meets the requirements of paragraph (1), (2), (3), (4), (5), or (6), or if each person who meets such requirements dies before the payment due him under this subchapter is completed, to the parent or parents, if any, of the deceased individual (and, in case there is more than one such parent, in equal parts to each such parent); or

(8) if there is no person who meets the requirements of paragraph (1), (2), (3), (4), (5), or (6), or if each person who meets such requirements dies before the payment due him under this subchapter is completed, to the legal representatives of the estate of the deceased individual, if any.

(f) Settlement of claims for section 1395k benefits on behalf of deceased individuals

If an individual who received medical and other health services for which payment may be made under section 1395k(a)(1) of this title dies, and no assignment of the right to payment for such services was made by such individual before his death, and premiums with respect to such services for which payment may be made on the basis of an itemized bill to the person or persons furnishing the services do not agree to the terms of assignment specified in section 1395u(b)(3)(B)(ii) of this title, dies before the payment due him under this chapter relating to services rendered under this subchapter to an individual who subsequently dies if there is no other party available to appeal such determination.

(D) The Secretary shall annually submit to Congress a report that describes the instances in which the Secretary failed to publish a final regulation within the applicable regular timeline under this paragraph and that provides an explanation for such failures.

(4) If the Secretary publishes a final regulation that includes a provision that is not a legal outgrowth of a previously published notice of proposed rulemaking or interim final rule, such provision shall be treated as a proposed regulation that includes a provision that is not a legal outgrowth of a previously published notice of proposed rulemaking or interim final rule, such provision shall be treated as a proposed regulation that includes a provision that is not a legal outgrowth of a previously published notice of proposed rulemaking or interim final rule. (a) Rates and adjustments

(1)(A) The Secretary shall annually determine, and shall announce (in a manner intended to provide notice to interested parties) not later than September 7 before the calendar year concerns—

(i) a per capita rate of payment for each class of individuals who are enrolled under this section with an eligible organization which has entered into a risk-sharing contract and who are entitled to benefits under part A and enrolled under part B, and

(ii) a per capita rate of payment for each class of individuals who are so enrolled with such an organization and who are enrolled under part B only.

For purposes of this section, the term “risk-sharing contract” means a contract entered into under subsection (g) and the term “reasonable cost reimbursement contract” means a contract entered into under subsection (h).

(B) The Secretary shall define appropriate classes of members, based on age, disability status, and such other factors as the Secretary determines to be appropriate, so as to ensure actuarial equivalence. The Secretary may add to, modify, or substitute for such classes, if such changes will improve the determination of actuarial equivalence.

(C) The annual per capita rate of payment for each such class shall be equal to 95 percent of the adjusted average per capita cost (as defined in paragraph (4)) for that class.

(D) In the case of an eligible organization with a risk-sharing contract, the Secretary shall make monthly payments in advance and in accordance with the rate determined under subsection (C) and except as provided in subsection (h).

(E)(1) The amount of payment under this paragraph may be retroactively adjusted to take into account any difference between the actual number of individuals enrolled in the plan under this section and the number of such individuals estimated to be so enrolled in determining the amount of the advance payment.

(ii)(I) Subject to subclause (II), the Secretary may make retroactive adjustments under clause (I) to take into account individuals enrolled during the period beginning on the date on which the individual enrolls with an eligible organization (which has a risk-sharing contract under this section) under a health benefit plan operated, sponsored, or contributed to by the individual’s employer or former employer (or the employer or former employer of the individual’s spouse) and ending on the date on which the individual is enrolled in the plan under this section, except that for purposes of making such retroactive adjustments under this clause, such period may not exceed 90 days.

(ii)(II) No adjustment may be made under subclause (I) with respect to any individual who does not certify that the organization provided the individual with the explanation described in subsection (c)(3)(E) at the time the individual enrolled with the organization.

(F)(i) At least 45 days before making the announcement under subparagraph (A) for a year (beginning with the announcement for 1991), the Secretary shall provide for notice to eligible organizations of proposed changes to be made in the methodology or benefit coverage assumptions from the methodology and assumptions used in the previous announcement and shall provide such organizations an opportunity to comment on such proposed changes.

(ii) In each announcement made under subparagraph (A) for a year (beginning with the announcement for 1991), the Secretary shall include an explanation of the assumptions (including any benefit coverage assumptions) and changes in methodology used in sufficient detail so that eligible organizations can compute per capita rates of payment for classes of individuals located in each county (or equivalent area) which is in whole or in part within the service area of such an organization.

(2) With respect to any eligible organization which has entered into a reasonable cost reimbursement contract, payments shall be made to such plan in accordance with subsection (h)(2) rather than paragraph (1).

(3) Subject to subsections (c)(2)(B)(ii) and (c)(7), payments under a contract to an eligible organization under paragraph (1) or (2) shall be instead of the amounts which (in the absence of the contract) would be otherwise payable, pursuant to sections 1395f(b) and 1395(a) of this title, for services furnished by or through the organization to individuals enrolled with the organization under this section.

(4) For purposes of this section, the term “adjusted average per capita cost” means the average per capita amount that the Secretary estimates in advance (on the basis of actual experience, or retrospective actuarial equivalent based upon an adequate sample and other information and data, in a geographic area served by an eligible organization or in a similar area, with appropriate adjustments to assure actuarial equivalence) would be payable in any contract year for services covered under parts A and B, or part B only, and types of expenses otherwise reimbursable under parts A and B, or part B only (including administrative costs incurred by organizations described in sections 1395h and 1395u of this title), if the services were to be furnished by other than an eligible organization or, in the case of services covered only under section 1395x(a)(2)(H) of this title, if the services were to be furnished by a physician or as an incident to a physician’s service.

(5) The payment to an eligible organization under this section for individuals enrolled under this section with the organization and entitled to benefits under part A and enrolled under part B shall be made from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund. The portion of that payment to the organization for a month to be paid by each trust fund shall be determined as follows:
(A) In regard to expenditures by eligible organizations having risk-sharing contracts, the allocation shall be determined each year by the Secretary based on the relative weight that benefits from each fund contribute to the adjusted average per capita cost.

(B) In regard to expenditures by eligible organizations operating under a reasonable cost reimbursement contract, the initial allocation shall be based on the plan's most recent budget, such allocation to be adjusted, as needed, after cost settlement to reflect the distribution of actual expenditures.

The remainder of that payment shall be paid by the former trust fund.

(6) Subject to subsections (c)(2)(B)(ii) and (c)(7), if an individual is enrolled under this section with an eligible organization having a risk-sharing contract, only the eligible organization shall be entitled to receive payments from the Secretary under this subchapter for services furnished to the individual.

(b) Definitions; requirements

For purposes of this section, the term "eligible organization" means a public or private entity (which may be a health maintenance organization or a competitive medical plan), organized under the laws of any State, which—

(1) is a qualified health maintenance organization (as defined in section 300e-9(d)1 of this title), or

(2) meets the following requirements:

(A) The entity provides to enrolled members at least the following health care services:

(i) Physicians' services performed by physicians (as defined in section 1395x(r)(1)

of this title).

(ii) Inpatient hospital services.

(iii) Laboratory, X-ray, emergency, and preventive services.

(iv) Out-of-area coverage.

(B) The entity is compensated (except for deductibles, coinsurance, and copayments) for the provision of health care services to enrolled members by a payment which is paid on a periodic basis without regard to the date the health care services are provided and which is fixed without regard to the frequency, extent, or kind of health care service actually provided to a member.

(C) The entity provides physicians' services primarily (i) directly through physicians who are either employees or partners of such organization, or (ii) through contracts with individual physicians or one or more groups of physicians (organized on a group practice or individual practice basis).

(D) The entity assumes full financial risk on a prospective basis for the provision of the health care services listed in subparagraph (A), except that such entity may—

(i) obtain insurance or make other arrangements for the cost of providing to any enrolled member health care services listed in subparagraph (A) the aggregate value of which exceeds $5,000 in any year,

(ii) obtain insurance or make other arrangements for the cost of health care service listed in subparagraph (A) provided to its enrolled members other than through the entity because medical necessity required their provision before they could be secured through the entity.

(iii) obtain insurance or make other arrangements for not more than 90 percent of the amount by which its costs for any of its fiscal years exceed 115 percent of its income for such fiscal year, and

(iv) make arrangements with physicians or other health professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians or other health professionals or through the institutions.

(E) The entity has made adequate provision against the risk of insolvency, which provision is satisfactory to the Secretary.

Paragraph (2)(A)(ii) shall not apply to an entity which had contracted with a single State agency administering a State plan approved under subchapter XIX for the provision of services (other than inpatient hospital services) to individuals eligible for such services under such State plan on a prepaid risk basis prior to 1970.

(c) Enrollment in plan; duties of organization to enrollees

(1) The Secretary may not enter into a contract under this section with an eligible organization unless it meets the requirements of this subsection and subsection (e) with respect to members enrolled under this section.

(2)(A) The organization must provide to members enrolled under this section, through providers and other persons that meet the applicable requirements of this subchapter and part A of subchapter XI—

(i) only those services covered under parts A and B of this subchapter, for those members entitled to benefits under part A and enrolled under part B, or

(ii) only those services covered under part B, for those members enrolled only under such part,

which are available to individuals residing in the geographic area served by the organization, except that (I) the organization may provide such members with such additional health care services as the members may elect, at their option, to have covered, and (II) in the case of an organization with a risk-sharing contract, the organization may provide such members with such additional health care services as the Secretary may approve. The Secretary shall approve any such additional health care services which the organization proposes to offer to such members, unless the Secretary determines that including such additional services will substantially discourage enrollment by covered individuals with the organization.

(B) If there is a national coverage determination made in the period beginning on the date of an announcement under subsection (a)(1)(A) and ending on the date of the next announcement

1 See References in Text note below.
under such subsection that the Secretary projects will result in a significant change in the costs to the organization of providing the benefits that are the subject of such national coverage determination and that was not incorporated in the determination of the per capita rate of payment included in the announcement made at the beginning of such period—

(i) such determination shall not apply to risk-sharing contracts under this section until the first contract year that begins after the end of such period; and

(ii) if such coverage determination provides for coverage of additional benefits or under additional circumstances, subsection (a)(3) shall not apply to payment for such additional benefits or benefits provided under such additional circumstances until the first contract year that begins after the end of such period, unless otherwise required by law.

(3)(A)(i) Each eligible organization must have an open enrollment period, for the enrollment of individuals under this section, of at least 30 days duration every year and including the period or periods specified under clause (ii), and must provide that at any time during which enrollments are accepted, the organization will accept up to the limits of its capacity (as determined by the Secretary) and without restrictions, except as may be authorized in regulations, individuals who are eligible to enroll under subsection (d) in the order in which they apply for enrollment, unless to do so would result in failure to meet the requirements of subsection (f) or would result in the enrollment of enrollees substantially nonrepresentative, as determined in accordance with regulations of the Secretary, of the population in the geographic area served by the organization.

(ii) (I) If a risk-sharing contract under this section is renewed or is otherwise terminated, eligible organizations with risk-sharing contracts under this section and serving a part of the same service area as under the terminated contract are required to have an open enrollment period for individuals who were enrolled under the terminated contract as of the date of notice of such termination. If a risk-sharing contract under this section is renewed in a manner that discontinues coverage for individuals residing in part of the service area, eligible organizations with risk-sharing contracts under this section and enrolling individuals residing in that part of the service area, eligible organizations with risk-sharing contracts under this section and enrolling individuals residing in that part of the service area who were enrolled under the contract as of the date of notice of such discontinued coverage.

(II) The open enrollment periods required under subclause (I) shall be for 30 days and shall begin 30 days after the date that the Secretary provides notice of such requirement.

(III) Enrollment under this clause shall be effective 30 days after the end of the open enrollment period, or, if the Secretary determines that such date is not feasible, such other date as the Secretary specifies.

(B) An individual may enroll under this section with an eligible organization in such manner as may be prescribed in regulations and may terminate his enrollment with the eligible organization as of the beginning of the first calendar month following the date on which the request is made for such termination (or, in the case of financial insolvency of the organization, as may be prescribed by regulations) or, in the case of such an organization with a reasonable cost reimbursement contract, as may be prescribed by regulations. In the case of an individual’s termination of enrollment, the organization shall provide the individual with a copy of the written request for termination of enrollment and a written explanation of the period (ending on the effective date of the termination) during which the individual continues to be enrolled with the organization and may not receive benefits under this subchapter other than through the organization.

(C) The Secretary may prescribe the procedures and conditions under which an eligible organization that has entered into a contract with the Secretary under this subsection may inform individuals eligible to enroll under this section with the organization about the organization, or may enroll such individuals with the organization. No brochures, application forms, or other promotional or informational material may be distributed by an organization to (or for the use of) individuals eligible to enroll with the organization under this section unless (i) at least 45 days before its distribution, the organization has submitted the material to the Secretary for review and (ii) the Secretary has not disapproved the distribution of the material. The Secretary shall review all such material submitted and shall disapprove such material if the Secretary determines, in the Secretary's discretion, that the material is materially inaccurate or misleading or otherwise makes a material misrepresentation.

(D) The organization must provide assurances to the Secretary that it will not expel or refuse to re-enroll any such individual because of the individual’s health status or requirements for health care services, and that it will notify each such individual of such fact at the time of the individual’s enrollment.

(E) Each eligible organization shall provide each enrollee, at the time of enrollment and not less frequently than annually thereafter, an explanation of the enrollee’s rights under this section, including an explanation of—

(i) the enrollee’s rights to benefits from the organization,

(ii) the restrictions on payments under this subchapter for services furnished other than by or through the organization,

(iii) out-of-area coverage provided by the organization,

(iv) the organization’s coverage of emergency services and urgently needed care, and

(v) appeal rights of enrollees.

(F) Each eligible organization that provides items and services pursuant to a contract under this section shall provide assurances to the Secretary that in the event the organization ceases to provide such items and services, the organization shall provide or arrange for supplemental coverage of benefits under this subchapter related to a pre-existing condition with respect to any exclusion period, to all individuals enrolled with the entity who receive benefits under this
subchapter, for the lesser of six months or the duration of such period.

(G)(i) Each eligible organization having a risk-sharing contract under this section shall notify individuals eligible to enroll with the organization under this section and individuals enrolled with the organization under this section that—

(I) the organization is authorized by law to terminate or refuse to renew the contract, and

(II) termination or nonrenewal of the contract may result in termination of the enrollments of individuals enrolled with the organization under this section.

(ii) The notice required by clause (i) shall be included in—

(I) any marketing materials described in subparagraph (C) that are distributed by an eligible organization to individuals eligible to enroll under this section with the organization, and

(II) any explanation provided to enrollees by the organization pursuant to subparagraph (E).

(4) The organization must—

(A) make the services described in paragraph (2) (and such other health care services as such individuals have contracted for) (i) available and accessible to each such individual, within the area served by the organization, with reasonable promptness and in a manner which assures continuity, and (ii) when medically necessary, available and accessible twenty-four hours a day and seven days a week, and

(B) provide for reimbursement with respect to services which are described in subparagraph (A) and which are provided to such an individual other than through the organization, if (i) the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition and (ii) it was not reasonable given the circumstances to obtain the services through the organization.

(5)(A) The organization must provide meaningful procedures for hearing and resolving grievances between the organization (including any entity or individual through which the organization provides health care services) and members enrolled with the organization under this section.

(B) A member enrolled with an eligible organization under this section who is dissatisfied by reason of his failure to receive any health service to which he believes he is entitled and at no greater charge than he believes he is required to pay is entitled, if the amount in controversy is $100 or more, to a hearing before the Secretary to the same extent as is provided in section 405(b) of this title, and in any such hearing the Secretary shall make the eligible organization a party. If the amount in controversy is $1,000 or more, the individual or eligible organization shall, upon notifying the other party, be entitled to judicial review of the Secretary’s final decision as provided in section 405(g) of this title, and both the individual and the eligible organization shall be entitled to be parties to that judicial review. In applying sections 405(b) and 405(g) of this title as provided in this subparagraph, and in applying section 405(l) of this title thereto, any reference therein to the Commissioner of Social Security or the Social Security Administration shall be considered a reference to the Secretary or the Department of Health and Human Services, respectively. The provisions of section 1395f(b)(1)(E)(iii) of this title shall apply with respect to dollar amounts specified in the first 2 sentences of this subparagraph in the same manner as they apply to the dollar amounts specified in section 1395f(b)(1)(E)(i) of this title.

(6) The organization must have arrangements, established in accordance with regulations of the Secretary, for an ongoing quality assurance program for health care services it provides to such individuals, which program (A) stresses health outcomes and (B) provides review by physicians and other health care professionals of the process followed in the provision of such health care services.

(7) A risk-sharing contract under this section shall provide that in the case of an individual who is receiving inpatient hospital services from a subsection (d) hospital (as defined in section 1395ww(d)(1)(B) of this title) as of the effective date of the individual’s—

(A) enrollment with an eligible organization under this section—

(i) payment for such services until the date of the individual’s discharge shall be made under this subchapter as if the individual were not enrolled with the organization,

(ii) the organization shall not be financially responsible for payment for such services until the date after the date of the individual’s discharge, and

(iii) the organization shall nonetheless be paid the full amount otherwise payable to the organization under this section; or

(B) termination of enrollment with an eligible organization under this section—

(i) the organization shall be financially responsible for payment for such services after such date and until the date of the individual’s discharge,

(ii) payment for such services during the stay shall not be made under section 1395ww(d) of this title, and

(iii) the organization shall not receive any payment with respect to the individual under this section during the period the individual is not enrolled.

(8) A contract under this section shall provide that the eligible organization shall meet the requirement of section 1395cc(f) of this title (relating to maintaining written policies and procedures respecting advance directives).

(d) Right to enroll with contracting organization in geographic area

Subject to the provisions of subsection (c)(3), every individual entitled to benefits under part A and enrolled under part B or enrolled under part B only (other than an individual medically determined to have end-stage renal disease) shall be eligible to enroll under this section with any eligible organization with which the Secretary has entered into a contract under this section and which serves the geographic area in which the individual resides.
(e) Limitation on charges; election of coverage; “adjusted community rate” defined; workmen’s compensation and insurance benefits

(1) In no case may—

(A) the portion of an eligible organization’s premium rate and the actuarial value of its deductibles, coinsurance, and copayments charged (with respect to services covered under parts A and B) to individuals who are enrolled under this section with the organization and are entitled to benefits under part A and enrolled under part B;

(B) the portion of its premium rate and the actuarial value of its deductibles, coinsurance, and copayments charged (with respect to services covered under part B) to individuals who are enrolled under this section with the organization and enrolled under part B only

exceed the actuarial value of the coinsurance and deductibles that would be applicable on the average to individuals enrolled under this section with the organization (or, if the Secretary finds that adequate data are not available to determine that actuarial value, the actuarial value of the coinsurance and deductibles applicable on the average to individuals in the area, in the State, or in the United States, eligible to enroll under this section with the organization, or other appropriate data) and entitled to benefits under part A and enrolled under part B, or

(2) If the eligible organization provides to its members enrolled under this section services in addition to services covered under parts A and B of this subchapter, election of coverage for such additional services, to members enrolled under this section with the organization and enrolled under part B only

may be optional for such members.

(3) For purposes of this section, the term “adjusted community rate” for a service or services means, at the election of an eligible organization, either—

(A) the rate of payment for that service or services which the Secretary determines would apply to a member enrolled under this section with an eligible organization if the rate of payment were determined under a “community rating system” (as defined in section 300e-1(8) of this title, other than subparagraph (C)), or

(B) such portion of the weighted aggregate premium, which the Secretary annually estimates would apply to a member enrolled under this section with the eligible organization, as the Secretary annually estimates is attributable to that service or services.

but adjusted for differences between the utilization characteristics of the members enrolled with the eligible organization under this section and the utilization characteristics of the other members of the organization (or, if the Secretary finds that adequate data are not available to adjust for those differences, the differences between the utilization characteristics of members in other eligible organizations, or individuals in the area, in the State, or in the United States, eligible to enroll under this section with an eligible organization and the utilization characteristics of the rest of the population in the area, in the State, or in the United States, respectively).

(4) Notwithstanding any other provision of law, the eligible organization may (in the case of the provision of services to a member enrolled under this section for an illness or injury for which the member is entitled to benefits under a workmen’s compensation law or plan of the United States or a State, under an automobile or liability insurance policy or plan, including a self-insured plan, or under no fault insurance) charge or authorize the provider of such services to charge, in accordance with the charges allowed under such law or policy—

(A) the insurance carrier, employer, or other entity which under such law, plan, or policy is to pay for the provision of such services, or

(B) such member to the extent that the member has been paid under such law, plan, or policy for such services.

(f) Membership requirements

(1) For contract periods beginning before January 1, 1999, each eligible organization with which the Secretary enters into a contract under this section shall have, for the duration of such contract, an enrolled membership at least one-half of which consists of individuals who are members of the organization (or, if the Secretary finds that adequate data are not available to determine that actuarial value, the actuarial value of the coinsurance and deductibles applicable on the average to individuals in the area, in the State, or in the United States, eligible to enroll under this section with the organization, or other appropriate data) and entitled to benefits under part A and enrolled under part B, or enrolled under part B only, respectively, if they were not members of an eligible organization.

(2) Subject to paragraph (4), the Secretary may modify or waive the requirement imposed by paragraph (1) only—

(A) to the extent that more than 50 percent of the population of the area served by the organization consists of individuals who are entitled to benefits under this subchapter or under a State plan approved under subchapter XIX, or

(B) in the case of an eligible organization that is owned and operated by a governmental entity, only with respect to a period of three years beginning on the date the organization first enters into a contract under this section, and only if the organization has taken and is making reasonable efforts to enroll individuals who are not entitled to benefits under this subchapter or under a State plan approved under subchapter XIX.

(3) If the Secretary determines that an eligible organization has failed to comply with the requirements of this subsection, the Secretary may provide for the suspension of enrollment of individuals under this section or of payment to the organization under this section for individuals newly enrolled with the organization after the date the Secretary notifies the organization of such noncompliance.

(4) Effective for contract periods beginning after December 31, 1996, the Secretary may
(g) Risk-sharing contract

(1) The Secretary may enter a risk-sharing contract with any eligible organization, as defined in subsection (b), which has at least 5,000 members, except that the Secretary may enter into such a contract with an eligible organization that has fewer members if the organization primarily serves members residing outside of urbanized areas.

(2) Each risk-sharing contract shall provide that—

(A) if the adjusted community rate, as defined in subsection (e)(3), for services under parts A and B (as reduced for the actuarial value of the coinsurance and deductibles under those parts) for members enrolled under this section with the organization and entitled to benefits under part A and enrolled in part B, or

(B) if the adjusted community rate for services under part B (as reduced for the actuarial value of the coinsurance and deductibles under that part) for members enrolled under this section with the organization and entitled to benefits under part A and enrolled in part B only

is less than the average of the per capita rates of payment to be made under subsection (a)(1) at the beginning of an annual contract period for members enrolled under this section with the organization and entitled to benefits under part A and enrolled in part B, or enrolled in part B only, respectively, the eligible organization shall provide to members enrolled under a risk-sharing contract under this section with the organization and entitled to benefits under part A and enrolled in part B, or enrolled in part B only, respectively, the additional benefits described in paragraph (3) which are selected by the eligible organization and which the Secretary finds are at least equal in value to the difference between that average per capita payment and the adjusted community rate (as so reduced; except that this paragraph shall not apply with respect to any organization which elects to receive a lesser payment to the extent that there is no longer a difference between the average per capita payment and adjusted community rate (as so reduced) and except that an organization (with the approval of the Secretary) may provide that a part of the value of additional benefits otherwise required to be provided by reason of paragraph (2) be withheld and reserved in the Federal Hospital Insurance Trust Fund and in the Federal Supplementary Medical Insurance Trust Fund (in such proportions as the Secretary determines to be appropriate) by the Secretary for subsequent annual contract periods, to the extent required to stabilize and prevent undue fluctuations in the additional benefits offered in those subsequent periods by the organization, or in accordance with paragraph (3). Any of such value of additional benefits which is not provided to members of the organization in accordance with paragraph (3) prior to the end of such period, shall revert for the use of such trust funds.

(6)(A) A risk-sharing contract under this section shall require the eligible organization to provide prompt payment (consistent with the provisions of sections 1395h(c)(2) and 1395u(c)(2) of this title) of claims submitted for services and supplies furnished to individuals pursuant to such contract, if the services or supplies are not furnished under a contract between the organization and the provider or supplier.

(B) In the case of an eligible organization which the Secretary determines, after notice and opportunity for a hearing, has failed to make payments of amounts in compliance with subparagraph (A), the Secretary may provide for direct payment of the amounts owed to providers and suppliers for such covered services furnished to individuals enrolled under this section under the contract. If the Secretary provides for such direct payments, the Secretary shall provide for an appropriate reduction in the amount of payments otherwise made to the organization under this section to reflect the amount of the Secretary's payments (and costs incurred by the Secretary in making such payments).

(h) Reasonable cost reimbursement contract; requirements

(1) If—

(A) the Secretary is not satisfied that an eligible organization has the capacity to bear the risk of potential losses under a risk-sharing contract under this section; or

(B) the eligible organization so elects or has an insufficient number of members to be eligible to enter into a risk-sharing contract under subsection (g)(1), the Secretary may, if he is otherwise satisfied that the eligible organization is able to perform its contractual obligations effectively and efficiently, enter into a contract with such organization pursuant to which such organization is reimbursed on the basis of its reasonable cost (as defined in section 1395x(v) of this title) in the manner prescribed in paragraph (3).

(2) A reasonable cost reimbursement contract under this subsection may, at the option of such organization, provide that the Secretary—

(A) will reimburse hospitals and skilled nursing facilities either for the reasonable
cost (as determined under section 1395x(v) of this title) or for payment amounts determined in accordance with section 1395ww of this title, as applicable, of services furnished to individuals enrolled with such organization pursuant to subsection (d), and

(B) will deduct the amount of such reimbursement from payment which would otherwise be made to such organization.

If such an eligible organization pays a hospital or skilled nursing facility directly, the amount paid shall not exceed the reasonable cost of the services (as determined under section 1395x(v) of this title) or the amount determined under section 1395ww of this title, as applicable, unless such organization demonstrates to the satisfaction of the Secretary that such excess payments are justified on the basis of advantages gained by the organization.

(3) Payments made to an organization with a reasonable cost reimbursement contract shall be subject to appropriate retroactive corrective adjustment at the end of each contract year so as to assure that such organization is paid for the reasonable cost actually incurred (excluding any part of incurred cost found to be unnecessary in the efficient delivery of health services) or the amounts otherwise determined under section 1395ww of this title for the types of expenses otherwise reimbursable under this subchapter for providing services covered under this subchapter to individuals described in subsection (a)(1).

(4) Any reasonable cost reimbursement contract with an eligible organization under this subsection shall provide that the Secretary shall approve an application for a modification to a reasonable cost contract for a year if—

(i) such application is submitted to the Secretary on or before September 1, 2003; and

(ii) the Secretary determines that the organization with the contract continues to meet the requirements applicable to such organizations and contracts under this section.

(C)(i) Subject to clause (ii), a reasonable cost reimbursement contract under this subsection may be extended or renewed indefinitely.

(ii) Subject to clause (iv), for any period beginning on or after January 1, 2016, a reasonable cost reimbursement contract under this subsection may not be extended or renewed for a service area insofar as such area during the entire previous year was within the service area of—

(I) 2 or more MA regional plans described in clause (iii), provided that all such plans are not offered by the same Medicare Advantage organization; or

(II) 2 or more MA local plans described in clause (iii), provided that all such plans are not offered by the same Medicare Advantage organization.

(iii) A plan described in this clause for a year for a service area is a plan described in section 1395w–21(a)(2)(A)(i) of this title if the service area for the year meets the following minimum enrollment requirements:

(I) With respect to any portion of the cost plan service area involved that is within a Metropolitan Statistical Area, a population of more than 250,000 and counties contiguous to such Metropolitan Statistical Area that are not in another Metropolitan Statistical Area with a population of more than 250,000, 5,000 individuals. If the service area includes a portion in more than 1 Metropolitan Statistical Area with a population of more than 250,000, the minimum enrollment determination under the preceding sentence shall be made with respect to each such Metropolitan Statistical Area (and such applicable contiguous counties to such Metropolitan Statistical Area).

(II) With respect to any other portion of such cost plan service area, 1,500 individuals.

(iv) In the case of an eligible organization that is offering a reasonable cost reimbursement contract that may no longer be extended or renewed because of the application of clause (ii), or
where such contract has been extended or renewed but the eligible organization has informed the Secretary in writing not later than a date determined appropriate by the Secretary that such organization voluntarily plans not to renew or extend all or a portion of the reasonable cost reimbursement contract, the following shall apply:

(I) Notwithstanding such clause, such contract may be extended or renewed for the two years subsequent to 2016. The final year in which such contract is extended or renewed is referred to in this subsection as the "last reasonable cost reimbursement contract year for the contract".

(II) The organization may not enroll a new enrollee under such contract during the last reasonable cost reimbursement contract year for the contract (but may continue to enroll new enrollees through the end of the year immediately preceding such year) unless such enrollee is any of the following:

(aa) An individual who chooses enrollment in the reasonable cost contract during the annual election period with respect to such last year.

(bb) An individual whose spouse, at the time of the individual's enrollment, is an enrollee under the reasonable cost reimbursement contract.

(cc) An individual who is covered under an employer group health plan that offers coverage through the reasonable cost reimbursement contract.

(dd) An individual who becomes entitled to benefits under part A, or enrolled under part B, and was enrolled in a plan offered by the eligible organization immediately prior to the individual's enrollment under the reasonable cost reimbursement contract.

(III) Not later than a date determined appropriate by the Secretary prior to the beginning of the last reasonable cost reimbursement contract year for the contract, the organization shall provide notice to the Secretary as to whether the organization will apply to have the contract converted, in whole or in part, and offered as a Medicare Advantage plan after term and part, and offered as a Medicare Advantage plan under part C for the year following the last reasonable cost reimbursement contract year for the contract.

(IV) If the organization provides the notice described in subclause (III) that the contract will be converted, in whole or in part, and offered as a Medicare Advantage plan, the organization may not enroll a new enrollee under such contract during the last reasonable cost reimbursement contract year for the contract, unless that contract is being offered and enrolled.

(V) In the case that the organization enrolls a new enrollee under such contract during the last reasonable cost reimbursement contract year for the contract, the organization shall provide the individual with a notification that such year is the last year for such contract.

(VI) If an eligible organization that is offering a reasonable cost reimbursement contract that is extended or renewed pursuant to clause (iv) provides the notice described in clause (iv)(III) that the contract will be converted, in whole or in part, the following shall apply:

(I) The deemed enrollment under section 1395w–21(c)(4) of this title is extended or renewed but the eligible organization has informed the Secretary in writing not later than a date determined appropriate by the Secretary that such organization voluntarily plans not to renew or extend all or a portion of the reasonable cost reimbursement contract, the following shall apply:

(I) The deemed enrollment under section 1395w–21(c)(4) of this title shall provide that the Secretary, and may be made automatically renewable from term to term in the absence of notice by either party of intention to terminate at the end of the current term; except that in accordance with procedures established under paragraph (9), the Secretary may at any time terminate any such contract or may impose the intermediate sanctions described in paragraph (6)(B) or (6)(C) (whichever is applicable) on the eligible organization if the Secretary determines that the organization—

(A) has failed substantially to carry out the contract;

(B) is carrying out the contract in a manner substantially inconsistent with the efficient and effective administration of this section; or

(C) no longer substantially meets the applicable conditions of subsections (b), (c), (e), and (f).

(2) The effective date of any contract executed pursuant to this section shall be specified in the contract.

(3) Each contract under this section—

(A) shall provide that the Secretary, or any person or organization designated by him—

(i) shall have the right to inspect or otherwise evaluate (I) the quality, appropriateness, and timeliness of services performed under the contract and (II) the facilities of the organization when there is reasonable evidence of some need for such inspection, and

(ii) shall have the right to audit and inspect any books and records of the eligible organization that pertain (I) to the ability of the organization to bear the risk of potential financial losses, or (II) to services performed or determinations of amounts payable under the contract;

(B) shall require the organization with a risk-sharing contract to provide (and pay for) written notice in advance of the contract's termination, as well as a description of alternatives for obtaining benefits under this subchapter, to each individual enrolled under this section with the organization; and

(C)(i) shall require the organization to comply with subsections (a) and (c) of section

300e–17 of this title (relating to disclosure of certain financial information) and with the requirement of section 300e(c)(8) of this title (relating to liability arrangements to protect members); (i) shall require the organization to provide and supply information (described in section 1395cc(b)(2)(C)(ii) of this title) in the manner such information is required to be provided or supplied under that section; (ii) shall require the organization to notify the Secretary of loans and other special financial arrangements which are made between the organization and subcontractors, affiliates, and related parties; and (D) shall contain such other terms and conditions not inconsistent with this section (including requiring the organization to provide the Secretary with such information) as the Secretary may find necessary and appropriate. (4) The Secretary may not enter into a risk-sharing contract with an eligible organization if a previous risk-sharing contract with that organization under this section was terminated at the request of the organization within the preceding five-year period, except in circumstances which warrant special consideration, as determined by the Secretary. (5) The authority vested in the Secretary by this section may be performed without regard to such provisions of law or regulations relating to the making, performance, amendment, or modification of contracts of the United States as the Secretary may determine to be inconsistent with the furtherance of the purpose of this subchapter. (6)(A) If the Secretary determines that an eligible organization with a contract under this section—(i) fails substantially to provide medically necessary items and services that are required (under law or under the contract) to be provided to an individual covered under the contract, if the failure has adversely affected (or has substantial likelihood of adversely affecting) the individual; (ii) imposes premiums on individuals enrolled under this section in excess of the premiums permitted; (iii) acts to expel or to refuse to re-enroll an individual in violation of the provisions of this section; (iv) engages in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment (except as permitted by this section) by eligible individuals with the organization whose medical condition or history indicates a need for substantial future medical services; (v) misrepresents or falsifies information that is furnished—(I) to the Secretary under this section, or (II) to an individual or to any other entity under this section; (vi) fails to comply with the requirements of subsection (g)(6)(A) or paragraph (B); or (vii) in the case of a risk-sharing contract, employs or contracts with any individual or entity that is excluded from participation under this subchapter under section 1320a–7 or 1320a–7a of this title for the provision of health care, utilization review, medical social work, or administrative services or employs or contracts with any entity for the provision (directly or indirectly) through such an excluded individual or entity of such services; the Secretary may provide, in addition to any other remedies authorized by law, for any of the remedies described in subparagraph (B). (B) The remedies described in this subparagraph are—(i) civil money penalties of not more than $25,000 for each determination under subparagraph (A) or, with respect to a determination under clause (iv) or (v)(I) of such subparagraph, of not more than $100,000 for each such determination, plus, with respect to a determination under subparagraph (A)(ii), double the excess amount charged in violation of such subparagraph (and the excess amount charged shall be deducted from the penalty and returned to the individual concerned), and plus, with respect to a determination under subparagraph (A)(iv), $15,000 for each individual not enrolled as a result of the practice involved, (ii) suspension of enrollment of individuals under this section after the date the Secretary notifies the organization of a determination under subparagraph (A) and until the Secretary is satisfied that the basis for such determination has been corrected and is not likely to recur, or (iii) suspension of payment to the organization under this section for individuals enrolled after the date the Secretary notifies the organization of a determination under subparagraph (A) and until the Secretary is satisfied that the basis for such determination has been corrected and is not likely to recur; (C) In the case of an eligible organization for which the Secretary makes a determination under paragraph (1), the basis of which is not described in subparagraph (A), the Secretary may apply the following intermediate sanctions: (i) Civil money penalties of not more than $25,000 for each determination under paragraph (1) if the deficiency that is the basis of the determination has directly adversely affected (or has the substantial likelihood of adversely affecting) an individual covered under the organization’s contract; (ii) Civil money penalties of not more than $10,000 for each week beginning after the initiation of procedures by the Secretary under paragraph (9) during which the deficiency that is the basis of a determination under paragraph (1) exists; (iii) Suspension of enrollment of individuals under this section after the date the Secretary notifies the organization of a determination under paragraph (1) and until the Secretary is satisfied that the deficiency that is the basis for the determination has been corrected and is not likely to recur; (D) The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under subparagraph (B)(i) or (C)(i) in the same manner as such provisions apply to a civil money penalty or proceeding under section 1320a–7a(a) of this title.
(7)(A) Each risk-sharing contract with an eligible organization under this section shall provide that the organization will maintain a written agreement with a quality improvement organization (which has a contract with the Secretary under part B of subchapter XI for the area in which the eligible organization is located) or with an entity selected by the Secretary under section 1320c–3(a)(4)(B) of this title under which the review organization will perform functions under section 1320c–3(a)(14) of this title (other than those performed under contracts described in section 1395cc(a)(1)(F) of this title) with respect to services, furnished by the eligible organization, for which payment may be made under this subchapter. 

(B) For purposes of payment under this subchapter, the cost of such agreement to the eligible organization shall be considered a cost incurred by a provider of services in providing covered services under this subchapter and shall be paid directly by the Secretary to the review organization on behalf of such eligible organization in accordance with a schedule established by the Secretary.

(C) Such payments—

(i) shall be transferred in appropriate proportions from the Federal Hospital Insurance Trust Fund and from the Supplementary Medical Insurance Trust Fund, without regard to amounts appropriated in advance in appropriation Acts, in the same manner as transfers are made for payment for services provided directly to beneficiaries, and

(ii) shall not be less in the aggregate for such organizations for a fiscal year than the amounts the Secretary determines to be sufficient to cover the costs of such organizations’ conducting activities described in subparagraph (A) with respect to such eligible organizations under part B of subchapter XI.

(8)(A) Each contract with an eligible organization under this section shall provide that the organization may not operate any physician incentive plan (as defined in subparagraph (B)) unless the following requirements are met:

(i) No specific payment is made directly or indirectly under the plan to a physician or physician group as an inducement to reduce or limit medically necessary services provided with respect to a specific individual enrolled with the organization.

(ii) If the plan places a physician or physician group at substantial financial risk (as determined by the Secretary) for services not provided by the physician or physician group, the organization—

(I) provides stop-loss protection for the physician or group that is adequate and appropriate, based on standards developed by the Secretary that take into account the number of physicians placed at such substantial financial risk in the group or under the plan and the number of individuals enrolled with the organization who receive services from the physician or the physician group, and

(II) conducts periodic surveys of both individuals enrolled and individuals previously enrolled with the organization to determine the degree of access of such individuals to services provided by the organization and satisfaction with the quality of such services.

(iii) The organization provides the Secretary with descriptive information regarding the plan, sufficient to permit the Secretary to determine whether the plan is in compliance with the requirements of this subparagraph.

(B) In this paragraph, the term “physician incentive plan” means any compensation arrangement between an eligible organization and a physician or physician group that may directly or indirectly have the effect of reducing or limiting services provided with respect to individuals enrolled with the organization.

(9) The Secretary may terminate a contract with an eligible organization under this section or may impose the intermediate sanctions described in paragraph (6) on the organization in accordance with formal investigation and compliance procedures established by the Secretary under which—

(A) the Secretary first provides the organization with the reasonable opportunity to develop and implement a corrective action plan to correct the deficiencies that were the basis of the Secretary’s determination under paragraph (1) and the organization fails to develop or implement such a plan;

(B) in deciding whether to impose sanctions, the Secretary considers aggravating factors such as whether an organization has a history of deficiencies or has not taken action to correct deficiencies the Secretary has brought to the organization’s attention;

(C) there are no unreasonable or unnecessary delays between the finding of a deficiency and the imposition of sanctions; and

(D) the Secretary provides the organization with reasonable notice and opportunity for hearing (including the right to appeal an initial decision) before imposing any sanction or terminating the contract.

(j) Payment in full and limitation on actual charges; physicians, providers of services, or renal dialysis facilities not under contract with organization

(1)(A) In the case of physicians’ services or renal dialysis services described in paragraph (2) which are furnished by a participating physician or provider of services or renal dialysis facility to an individual enrolled with an eligible organization under this section and enrolled under part B, the applicable participation agreement is deemed to provide that the physician or provider of services or renal dialysis facility will accept as payment in full from the eligible organization the amount that would be payable to the physician or provider of services or renal dialysis facility under part B and from the individual under such part, if the individual were not enrolled with an eligible organization under this section.

(B) In the case of physicians’ services described in paragraph (2) which are furnished by a nonparticipating physician, the limitations on actual charges for such services otherwise applicable under part B (to services furnished by indi-
individuals not enrolled with an eligible organization under this section) shall apply in the same manner as such limitations apply to services furnished to individuals not enrolled with such an organization.

(2) The physicians’ services or renal dialysis services described in this paragraph are physicians’ services or renal dialysis services which are furnished to individuals not enrolled with an eligible organization under this section by a physician, provider of services, or renal dialysis facility who is not under a contract with the organization.

(k) Risk-sharing contracts

(1) Except as provided in paragraph (2)—

(A) on or after the date standards for Medicare+Choice organizations and plans are first established under section 1395w–26(b)(1) of this title, the Secretary shall not enter into any risk-sharing contract under this section with an eligible organization; and

PROVISION OF MEDICARE DRG RATES FOR CERTAIN PAYMENTS AND DATA ON INPATIENT COST PASS-THROUGH ITEMS

(1) the Secretary of Health and Human Services (in this subsection referred to as the ‘Secretary’) may provide for demonstration projects (in this subsection referred to as ‘projects’) with an entity which is an eligible organization with a contract with the Secretary under section 1876 of the Social Security Act [42 U.S.C. 1395mm] or which meets the restrictions and requirements of this subsection. The Secretary may not approve a project unless it meets the requirements of this subsection.

(2) The Secretary may not conduct more than 3 projects and may not expend, from funds under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], more than $600,000,000 in any fiscal year for all such projects.

(A) may be based on the adjusted average per capita cost (as defined in section 1876(a)(4) of the Social Security Act [42 U.S.C. 1395mm(a)(4)]) determined only with respect to the group of individuals involved (rather than with respect to Medicare beneficiaries generally), but

(i) 95 percent of the adjusted average per capita cost described in subparagraph (A), or

(ii) the average per capita cost for the 4th year or the first year of a project, 115 percent of the adjusted average per capita rate (as defined in section 1876(a)(4) of such Act [42 U.S.C. 1395mm(a)(4)]) for the class of individuals described in section 1876(a)(1)(B) of that Act [42 U.S.C. 1395mm(a)(1)(B)], or

“(B) with respect to any additional surplus not retained by the project, shall apply such surplus to additional benefits for individuals served by the project or return such surplus to the Secretary.

“(5) Enrollment under the project shall be voluntary. Individuals enrolled with the project may terminate such enrollment as of the beginning of the first calendar month following the date on which the request is made for such termination. Upon such termination, such individuals shall retain the same rights to other health benefits that such individuals would have had if they had never enrolled with the project without any exclusion or waiting period for pre-existing conditions.

“(H) subsection (l)(7) (relating to agreements with peer review [now "quality improvement"] organizations),

of section 1876 of the Social Security Act [42 U.S.C. 1395mm] shall apply to a project in the same manner as they apply to eligible organizations with risk-sharing contracts under such section.

“(7) The benefits provided under a project must be at least actuarially equivalent to the combination of the benefits available under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] and the benefits available through any alternative plans in which the individual can enroll through the employer. The project shall guarantee the actuarial value of benefits available under the employer plan for the duration of the project.

“(8) A project shall comply with all applicable State laws.

“(9) The Secretary may not authorize a project unless the entity offering the project demonstrates to the satisfaction of the Secretary that it has the necessary financial reserves to pay for any liability for benefits under the project (including those liabilities for health benefits under Medicare and any supplemental benefits).

“(10) The Comptroller General shall monitor projects under this subsection and shall report periodically (not less often than once every year) to the Committee on Finance of the Senate and the Committee on Energy and Commerce and Committee on Ways and Means of the House of Representatives on the status of such projects and the effect on such projects of the requirements of this section and shall submit a final report to each such committee on the results of such projects.

“(A) with an entity which is not an eligible organization (as defined in section 1876(b) of the Social Security Act [42 U.S.C. 1395mm(b)]), and

L. 100–360, title IV, § 532, July 1, 1988, 102 Stat. 787, provided that: "(a) **IN GENERAL.**—The Secretary of Health and Human Services (in this section referred to as the 'Secretary') shall enter into an agreement with not less than four eligible organizations submitting applications under this section to conduct demonstration projects to provide payment on a prepaid, capitated basis for community nursing and ambulatory care furnished to any individual entitled to benefits under part A and enrolled under part B of title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.].
Security Act [42 U.S.C. 1395c et seq., 1395j et seq.] (other than an individual medically determined to have end-stage renal disease) who resides in the geographic area served by the organization conducting a demonstration project under this section, a per capita rate of payment under paragraph (1) shall be determined in accordance with this paragraph.

(2) The Secretary shall define appropriate classes of members, based on age, disability status, and such other factors as the Secretary determines to be appropriate, so as to ensure actuarial equivalence. The Secretary may add to, modify, or substitute for such classes, if such changes will improve the determination of actuarial equivalence.

(3) The per capita rate of payment under paragraph (1) for each such class shall be equal to 95 percent of the adjusted average per capita cost (as defined in paragraph (1)) for individuals under that class.

(4) For purposes of subparagraph (C), the term ‘adjusted average per capita cost’ means the average per capita amount that the Secretary estimates in advance (on the basis of actual experience, or prospective actuarial equivalent based on an adequate sample and other information and data, in a geo-
graphic area served by an eligible organization or in a similar area, with appropriate adjustments to assure actuarial equivalence) would be payable in any contract year for those services covered under parts A and B of title XVIII of the Social Security Act [42 U.S.C. 1395c et seq., 1395j et seq.] and types of expenses otherwise reimbursable under such parts A and B which are described in subparagraphs (A) through (G) of subsection (b)(1) (including administrative costs incurred by organizations described in sections 1816 and 1842 of such Act (42 U.S.C. 1395l, 1395j) as the Secretary shall determine. Such rates shall be applied in determining per capita rates of payment under paragraph (1) with respect to at least one eligible organization conducting a demonstration project under this section.

"(3) The Secretary shall, in consultation with providers, health policy experts, and consumer groups develop capitation-based reimbursement rates for such classes of individuals entitled to benefits under part A and enrolled under part B of the Social Security Act [probably means parts A and B of title XVIII of that Act, 42 U.S.C. 1395c et seq., 1395j et seq.] as the Secretary shall determine. Such rates shall be applied in determining per capita rates of payment under paragraph (1) with respect to at least one eligible organization conducting a demonstration project under this section.

"(4)(A) In the case of an eligible organization conducting a demonstration project under this section, the Secretary shall make monthly payments in advance and in accordance with the rate determined under paragraph (2) or (3), except as provided in subsection (e)(3)(B), to the organization for each individual enrolled with the organization.

"(B) The amount of payment under paragraph (2) or (3) may be retroactively adjusted to take into account any difference between the actual number of individuals enrolled in the plan under this section and the number of such individuals estimated to be so enrolled in determining the amount of the advance payment.

"(5) The payment to an eligible organization under this section for individuals enrolled under this section with the organization and entitled to benefits under part A and enrolled under part B of the Social Security Act shall be made from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund established under such Act [42 U.S.C. 301 et seq.] in such proportions from each such trust fund as the Secretary deems to be fair and equitable taking into consideration benefits attributable to such parts A and B, respectively.

"(6) During any period in which an individual is enrolled with an eligible organization conducting a demonstration project under this section, only the eligible organization (and no other individual or person) shall be entitled to receive payments from the Secretary under this title [probably means title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.] for community nursing and ambulatory care (as defined in subsection (b)(1)) furnished to the individual.

"(e) RESTRICTION ON PREMIUMS, DEDUCTIBLES, COPAYMENTS, AND COPAYMENTS.—

"(1) In no case may the portion of an eligible organization’s premium rate and the actuarial value of its deductibles, coinsurance, and copayments charged (with respect to community nursing and ambulatory care) to individuals who are enrolled under this section with the organization, exceed the actuarial value of the coinsurance and deductibles that would be applicable on the average to individuals enrolled under this section with the organization (or, if the Secretary finds that adequate data are not available to determine that actuarial value, the actuarial value of the coinsurance and deductibles applicable on the average to individuals in the area, in the State, or in the United States, eligible to enroll under this section with the organization) and entitled to benefits under part A and enrolled under part B of the Social Security Act (probably means parts A and B of title XVIII of that Act, 42 U.S.C. 1395c et seq., 1395j et seq.), if they were not members of an eligible organization.

"(2) If the eligible organization provides to its members enrolled under this section services in addition to community nursing and ambulatory care, election of coverage for such additional services shall be optional for such members and such organization shall furnish such members with information on the portion of its premium rate or other charges applicable to such additional services. In no case may the sum of—

   “(A) the portion of such organization’s premium rate charged, with respect to such additional services, to members enrolled under this section, and

   “(B) the actuarial value of its deductibles, coinsurance, and copayments charged, with respect to such services to such members

   exceed the adjusted community rate for such services (as defined in section 1876(e)(3) of the Social Security Act [42 U.S.C. 1395mm(e)(3)]).

"(3)(A) Subject to subparagraphs (B) and (C), each agreement to conduct a demonstration project under this section shall provide that if—

   “(i) the adjusted community rate, referred to in paragraph (2), for community nursing and ambulatory care covered under title XVIII of the Social Security Act [42 U.S.C. 1395c et seq., 1395j et seq.] (as reduced for the actuarial value of the coinsurance and deductibles under those parts) for members enrolled under this section with the organization, is less than

   “(ii) the average of the per capita rates of payment to be made under subsection (d)(1) at the beginning of the 12-month period (as determined on such basis as the Secretary determines appropriate) described in such subsection for members enrolled under this section with the organization, the eligible organization shall provide to such members the additional benefits described in section 1876(g)(3) of the Social Security Act [42 U.S.C. 1395mm(g)(3)] which are selected by the eligible organization and which the Secretary finds are at least equal in value to the difference between that average per capita payment and the adjusted community rate (as so reduced).

   “(B) Subparagraph (A) shall not apply with respect to any organization which elects to receive a lesser payment to the extent that there is no longer a difference between the average per capita payment and adjusted community rate (as so reduced).

   “(C) An organization conducting a demonstration project under this section may provide (with the approval of the Secretary) that a part of the value of such additional benefits under subparagraph (A) be withheld and reserved by the Secretary as provided in section 1876(g)(3) of the Social Security Act [42 U.S.C. 1395mm(g)(3)].

"(4) The provisions of paragraphs (3), (5), and (6) of section 1876(g) of the Social Security Act [42 U.S.C. 1395mm(g)(3), (5), (6)] shall apply in the same manner to agreements under this section as they apply to risk-sharing contracts under section 1876 of such Act, and, for this purpose, any reference in such paragraphs to paragraph (2) is deemed a reference to paragraph (3) of this subsection.

"(5) Section 1876(e)(4) of the Social Security Act [42 U.S.C. 1395mm(e)(4)] shall apply to eligible organizations under this section in the same manner as it applies to eligible organizations under section 1876 of such Act.

"(f) COMMENCEMENT AND DURATION OF PROJECTS.—

   Each demonstration project under this section shall begin not later than July 1, 1989, and shall be conducted for a period of three years.

"(g) REPORT.—Not later than January 1, 1992, the Secretary shall submit to the Congress a report on the results of the demonstration projects conducted under this section."

§ 1395oo. Provider Reimbursement Review Board

(a) Establishment

Any provider of services which has filed a required cost report within the time specified in regulations may obtain a hearing with respect to such cost report by a Provider Reimbursement Review Board (hereinafter referred to as the “Board”) which shall be established by the Secretary in accordance with subsection (h) and (except as provided in subsection (g)(2)) any hospital which receives payments in amounts computed under subsection (b) or (d) of section 1395ww of this title and which has submitted such reports within such time as the Secretary may require in order to make payment under such section may obtain a hearing with respect to such payment by the Board, if—

(1) such provider—

(A)(i) is dissatisfied with a final determination of the organization serving as its fiscal intermediary pursuant to section 1395h of this title as to the amount of total program reimbursement due the provider for the items and services furnished to individuals for which payment may be made under this subchapter for the period covered by such report, or

(ii) is dissatisfied with a final determination of the Secretary as to the amount of the payment under subsection (b) or (d) of section 1395ww of this title,

(B) has not received such final determination from such intermediary on a timely basis after filing such report, where such report complied with the rules and regulations of the Secretary relating to such report, or

(C) has not received such final determination on a timely basis after filing a supplemental cost report, where such cost report did not so comply and such supplemental cost report did so comply,

(2) the amount in controversy is $10,000 or more, and

(3) such provider files a request for a hearing within 180 days after notice of the intermediary’s final determination under paragraph (1)(A)(i), or with respect to appeals under paragraph (1)(A)(ii), 180 days after notice of the Secretary’s final determination, or with respect to appeals pursuant to paragraph (1) (B) or (C), within 180 days after notice of such determination would have been received if such determination had been made on a timely basis.

(b) Appeals by groups

The provisions of subsection (a) shall apply to any group of providers of services if each provider of services in such group would, upon the filing of an appeal (but without regard to the $10,000 limitation), be entitled to such a hearing, but only if the matters in controversy involve a common question of fact or interpretation of law or regulations and the amount in controversy is, in the aggregate, $50,000 or more.

(c) Right to counsel; rules of evidence

At such hearing, the provider of services shall have the right to be represented by counsel, to introduce evidence, and to examine and cross-examine witnesses. Evidence may be received at any such hearing even though inadmissible under rules of evidence applicable to court procedure.

(d) Decisions of Board

A decision by the Board shall be based upon the record made at such hearing, which shall include the evidence considered by the intermediary and such other evidence as may be obtained or received by the Board, and shall be supported by substantial evidence when the record is viewed as a whole. The Board shall have the power to affirm, modify, or reverse a final determination of the fiscal intermediary with respect to a cost report and to make any other revisions on matters covered by such cost report (including revisions adverse to the provider of services) even though such matters were not considered by the intermediary in making such final determination.

(e) Rules and regulations

The Board shall have full power and authority to make rules and establish procedures, not inconsistent with the provisions of this subchapter or regulations of the Secretary, which are necessary or appropriate to carry out the provisions of this section. In the course of any hearing the Board may administer oaths and affirmations. The provisions of subsections (d) and (e) of sec-
§ 1395oo

(f) Finality of decision; judicial review; determinations of Board authority; jurisdiction; venue; interest on amount in controversy

(1) A decision of the Board shall be final unless the Secretary, on his own motion, and within thirty days after the provider of services is notified of the Board’s decision, reverses, affirms, or modifies the Board’s decision. Providers shall have the right to obtain judicial review of any final decision of the Board, or of any reversal, affirmation, or modification by the Secretary, by a civil action commenced within sixty days of the date on which notice of any final decision by the Board or of any reversal, affirmation, or modification by the Secretary is received. Providers shall also have the right to obtain judicial review of any action of the fiscal intermediary which involves a question of law or regulations relevant to the matters in controversy whenever the Board determines (on its own motion or at the request of a provider of services as described in the following sentence) that it is without authority to decide the question, by a civil action commenced within sixty days of the date on which notification of such determination is received. If a provider of services may obtain a hearing under subsection (a) and has filed a request for such a hearing, such provider may file a request for a determination by the Board of its authority to decide the question of law or regulations relevant to the matters in controversy (accompanied by such documents and materials as the Board shall require for purposes of rendering such determination). The Board shall render such determination in writing within thirty days after the Board receives the request and such accompanying documents and materials, and the determination shall be considered a final decision and not subject to review by the Secretary. If the Board fails to render such determination within such period, the provider may bring a civil action (within sixty days of the end of such period) with respect to any matter in controversy contained in such request for a hearing. Such action shall be brought in the district court of the United States for the judicial district in which the provider is located (or, in an action brought jointly by several providers, the judicial district in which the greatest number of such providers are located) or in the District Court for the District of Columbia and shall be tried pursuant to the applicable provisions under chapter 7 of title 5 notwithstanding any other provisions in section 405 of this title. Any appeal to the Board or action for judicial review by providers which are under common ownership or control or which have obtained a hearing under subsection (b) must be brought by such providers as a group with respect to any matter involving an issue common to such providers.

(2) Where a provider seeks judicial review pursuant to paragraph (1), the amount in controversy shall be subject to annual interest beginning on the first day of the first month beginning after the 180-day period as determined pursuant to subsection (a)(3) and equal to the rate of interest on obligations issued for purchase by the Federal Hospital Insurance Trust Fund for the month in which the civil action authorized under paragraph (1) is commenced, to be awarded by the reviewing court in favor of the prevailing party.

(3) No interest awarded pursuant to paragraph (2) shall be deemed income or cost for the purposes of determining reimbursement due providers under this chapter.

(g) Certain findings not reviewable

**§ 1395pp. Limitation on liability where claims are disallowed**

(a) Conditions prerequisite to payment for items and services notwithstanding determination of disallowance

Where—
(1) a determination is made that, by reason of section 1395y(a)(1) or (9) of this title or by reason of a coverage denial described in subsection (g), payment may not be made under part A or part B of this subchapter for any expenditures incurred for items or services furnished to an individual by a provider of services or by another person pursuant to an assignment under section 1395u(b)(3)(B)(ii) of this title, and

(2) both such individual and such provider of services or such other person, as the case may be, did not know, and could not reasonably have been expected to know, that payment would not be made for such items or services under such part A or part B,

then to the extent permitted by this subchapter, payment shall, notwithstanding such determination, be made for such items or services (and for such period of time as the Secretary finds will carry out the objectives of this subchapter), as though section 1395y(a)(1) and section 1395y(a)(9) of this title did not apply and as though the coverage denial described in subsection (g) had not occurred. In each such case the Secretary shall notify both such individual and such provider of services or such other person, as the case may be, of the conditions under which payment for such items or services was made and in the case of comparable situations arising thereafter with respect to such individual or such provider or such other person, each shall, by reason of such notice (or similar notices provided before the enactment of this section), be deemed to have knowledge that payment cannot be made for such items or services or reasonably comparable items or services. Any provider or other person furnishing items or services for which payment may not be made by reason of section 1395y(a)(1) or (9) of this title or by reason of a coverage denial described in subsection (g) shall be deemed to have knowledge that payment cannot be made for such items or services if the claim relating to such items or services involves a case, provider or other person furnishing services, procedure, or test, with respect to which such provider or other person has been notified by the Secretary (including notification by a quality improvement organization) that a pattern of inappropriate utilization has occurred in the past, and such provider or other person has been allowed a reasonable time to correct such inappropriate utilization.

(b) Knowledge of person or provider that payment could not be made; indemnification of individual

In any case in which the provisions of paragraphs (1) and (2) of subsection (a) are met, except that such provider or such other person, as the case may be, knew, or could be expected to know, that payment for such services or items could not be made under such part A or part B, then the Secretary shall, upon proper application filed within such time as may be prescribed in regulations, indemnify the individual (referred to in such paragraphs) for any payments received from such individual by such provider or such other person, as the case may be, for such items or services. Any payments made by the Secretary as indemnification shall be deemed to have been made to such provider or such other person, as the case may be, and shall be treated as overpayments, recoverable from such provider or such other person, as the case may be, under applicable provisions of law. In each such case the Secretary shall notify such individual of the conditions under which indemnification is made and in the case of comparable situations arising thereafter with respect to such individual, he shall, by reason of such notice (or similar notices provided before the enactment of this section), be deemed to have knowledge that payment cannot be made for such items or services. No item or service for which an individual is indemnified under this subsection shall be taken into account in applying any limitation on the amount of items and services for which payment may be made to or on behalf of the individual under this subchapter.

(c) Knowledge of both provider and individual to whom items or services were furnished that payment could not be made

No payments shall be made under this subchapter in any cases in which the provisions of paragraph (1) of subsection (a) are met, but both the individual to whom the items or services were furnished and the provider of service or other person, as the case may be, who furnished the items or services knew, or could reasonably have been expected to know, that payment could not be made for items or services under part A or part B by reason of section 1395y(a)(1) or (a)(9) of this title or by reason of a coverage denial described in subsection (g).

(d) Exercise of rights

In any case arising under subsection (b) (but without regard to whether payments have been made by the individual to the provider or other person) or subsection (c), the provider or other person shall have the same rights that an individual has under sections 1395f(b), 1395f(b)(3), and 1395u(b)(3)(C) of this title (as may be applicable) when the amount of benefit or payments is in controversy, except that such rights may, under prescribed regulations, be exercised by such provider or other person only after the Secretary determines that the individual will not exercise such rights under such sections.

(e) Payment where beneficiary not at fault

Where payment for inpatient hospital services or extended care services may not be made under part A of this subchapter on behalf of an individual entitled to benefits under such part solely because of an unintentional, inadvertent, or erroneous action with respect to the transfer of such individual from a hospital or skilled nursing facility that meets the requirements of section 1395x(e) or (j) of this title by such a provider of services acting in good faith in accordance with the advice of a utilization review committee, quality improvement organization, or fiscal intermediary, or on the basis of a clearly erroneous administrative decision by a provider of services, the Secretary shall, in any such case, notify such provider of services of such determination and take such action with respect to the payment of such benefits as he determines may be necessary to correct the effects of such unintentional, inadvertent, or erroneous action.
(f) Presumption with respect to coverage denial; rebuttal; requirements; “fiscal intermediary” defined

(1) A home health agency which meets the applicable requirements of paragraphs (3) and (4) shall be presumed to meet the requirement of subsection (a)(2).

(2) The presumption of paragraph (1) with respect to specific services may be rebutted by actual or imputed knowledge of the facts described in subsection (a)(2), including any of the following:

(A) Notice by the fiscal intermediary of the fact that payment may not be made under this subchapter with respect to the services.

(B) It is clear and obvious that the provider should have known at the time the services were furnished that they were excluded from coverage.

(3) The requirements of this paragraph are as follows:

(A) The agency complies with requirements of the Secretary under this subchapter respecting timely submittal of bills for payment and medical documentation.

(B) The agency program has reasonable procedures to notify promptly each patient (and the patient’s physician) where it is determined that a patient is being or will be furnished items or services which are excluded from coverage under this subchapter.

(4)(A) The requirement of this paragraph is that, on the basis of bills submitted by a home health agency during the previous quarter, the rate of denial of bills for the agency by reason of a coverage denial described in subsection (g) does not exceed 2.5 percent, computed based on visits for home health services billed.

(B) For purposes of determining the rate of denial of bills for a home health agency under subparagraph (A), a bill shall not be considered to be denied until the expiration of the 60-day period that begins on the date such bill is denied by the fiscal intermediary, or, with respect to such a denial for which the agency requests reconsideration, until the fiscal intermediary issues a decision denying payment for such bill.

(5) In this subsection, the term “fiscal intermediary” means, with respect to a home health agency, an agency or organization with an agreement under section 1395h of this title with respect to the agency.

(6) The Secretary shall monitor the proportion of denied bills submitted by home health agencies for which reconsideration is requested, and shall notify Congress if the proportion of denials reversed upon reconsideration increases significantly.

(g) Coverage denial defined

The coverage denial described in this subsection is—

(1) with respect to the provision of home health services to an individual, a failure to meet the requirements of section 1395k(a)(2)(C) of this title or section 1395m(a)(2)(A) of this title in that the individual—

(A) is or was not confined to his home, or

(B) does or did not need skilled nursing care on an intermittent basis; and

(2) with respect to the provision of hospice care to an individual, a determination that the individual is not terminally ill.

(h) Supplier responsibility for items furnished on assignment basis

If a supplier of medical equipment and supplies (as defined in section 1395m(j)(5) of this title)—

(1) furnishes an item or service to a beneficiary for which no payment may be made by reason of section 1395m(j)(1) of this title;

(2) furnishes an item or service to a beneficiary for which payment is denied in advance under section 1395m(a)(15) of this title; or

(3) furnishes an item or service to a beneficiary for which no payment may be made by reason of section 1395m(a)(17)(B) of this title, any expenses incurred for items and services furnished to an individual by such a supplier on an assignment-related basis shall be the responsibility of such supplier. The individual shall have no financial responsibility for such expenses and the supplier shall refund on a timely basis to the individual (and shall be liable to the individual for any amounts collected from the individual for such items or services. The provisions of section 1395m(a)(18) of this title shall apply to refunds required under the previous sentence in the same manner as such provisions apply to refunds under such section.

(i) Hospice program eligibility recertification

The provisions of this section shall apply with respect to a denial of a payment under this subchapter by reason of section 1395f(a)(7)(E) of this title in the same manner as such provisions apply with respect to a denial of a payment under this subchapter by reason of section 1395y(a)(1) of this title.

§1395rr. End stage renal disease program

(a) Type, duration, and scope of benefits

The benefits provided by parts A and B of this subchapter shall include benefits for individuals who have been determined to have end stage renal disease as provided in section 426-1 of this title, and benefits for kidney donors as provided in subsection (d) of this section. Notwithstanding any other provision of this subchapter, the type, duration, and scope of the benefit provided by parts A and B with respect to individuals who have been determined to have end stage renal disease and who are entitled to such benefits without regard to section 426-1 of this title shall in no case be less than the type, duration, and scope of the benefits so provided for individuals entitled to such benefits solely by reason of that section.

(b) Payments with respect to services; dialysis; regulations; physicians’ services; target reimbursement rates; home dialysis supplies and equipment; self-care home dialysis support services; self-care dialysis units; hepatitis B vaccine

(1) Payments under this subchapter with respect to services, in addition to services for which payment would otherwise be made under this subchapter, furnished to individuals who have been determined to have end stage renal disease shall include (A) payments on behalf of such individuals to providers of services and renal dialysis facilities which meet such requirements as the Secretary shall by regulation prescribe for institutional dialysis services and supplies (including self-dialysis services in a self-dialysis care unit maintained by the provider or facility), transplantation services, self-care home dialysis support services which are furnished by the provider or facility, and routine professional services performed by a physician during a maintenance dialysis episode if payments for his other professional services furnished to or on behalf of such individuals for home dialysis supplies and equipment, and (C) payments to a supplier of home dialysis supplies and equipment that is not a provider of services, a renal dialysis facility, or a physician for self-ad-

ministered erythropoietin as described in section 1395x(s)(2)(P) of this title if the Secretary finds that the patient receiving such drug from such a supplier can safely and effectively administer the drug (in accordance with the applicable methods and standards established by the Secretary pursuant to such section). The requirements prescribed by the Secretary under subparagraph (A) shall include requirements for a minimum utilization rate for transplantations. Beginning 180 days after February 9, 2018, an initial survey of a provider of services or a renal dialysis facility to determine if the conditions and requirements under this paragraph are met shall be initiated not later than 90 days after such date on which both the provider enrollment form (without regard to whether such form is submitted prior to or after such date of enrollment) has been determined by the Secretary to be complete and the provider’s enrollment status indicates approval is pending the results of such survey.

(2)(A) With respect to payments for dialysis services furnished by providers of services and renal dialysis facilities to individuals determined to have end stage renal disease for which payments may be made under part B of this subchapter, such payments (unless otherwise provided in this section) shall be equal to 80 percent of the amounts determined in accordance with subparagraph (B); and with respect to payments for services for which payments may be made under part A of this subchapter, the amounts of such payments (which amounts shall not exceed, in respect to costs in procuring organs attributable to payments made to an organ procurement agency or histocompatibility laboratory, the costs incurred by that agency or laboratory) shall be determined in accordance with section 1395w of this title if the Secretary finds that the patient receiving such drug from such a supplier can safely and effectively administer the drug (in accordance with the applicable methods and standards established by the Secretary pursuant to such section). The requirements prescribed by the Secretary under subparagraph (A) shall include requirements for a minimum utilization rate for transplantations. Beginning 180 days after February 9, 2018, an initial survey of a provider of services or a renal dialysis facility to determine if the conditions and requirements under this paragraph are met shall be initiated not later than 90 days after such date on which both the provider enrollment form (without regard to whether such form is submitted prior to or after such date of enrollment) has been determined by the Secretary to be complete and the provider’s enrollment status indicates approval is pending the results of such survey.

(B) The Secretary shall prescribe in regulations any methods and procedures to (i) determine the costs incurred by providers of services and renal dialysis facilities in furnishing covered services to individuals determined to have end stage renal disease, and (ii) determine, on a cost-related basis or other economical and equitable basis (including any basis authorized under section 1395x(v) of this title) and consistent with any regulations promulgated under paragraph (7), the amounts of payments to be made for part B services furnished by such providers and facilities to such individuals.

(C) Such regulations, in the case of services furnished by proprietary providers and facilities (other than hospital outpatient departments) may include, if the Secretary finds it feasible and appropriate, provision for recognition of a reasonable rate of return on equity capital, providing such rate of return does not exceed the rate of return stipulated in section 1395x(v)(1)(B) of this title.

(D) For purposes of section 1395oo of this title, a renal dialysis facility shall be treated as a provider of services.

(3)(A) With respect to payments for physicians’ services furnished to individuals determined to have end stage renal disease, the Secretary shall pay 80 percent of the amounts calculated for such services—

(i) on a reasonable charge basis (but may, in such case, make payment on the basis of the prevailing charges of other physicians for comparable services or, for services furnished on or after January 1, 1992, on the basis described in section 1395w-4 of this title) except that payment may not be made under this subparagraph for routine services furnished during a maintenance dialysis episode, or

(ii) subject to subparagraph (B), on a comprehensive monthly fee or other basis (which effectively encourages the efficient delivery of dialysis services and provides incentives for the increased use of home dialysis) for an aggregate of services provided over a period of time (as defined in regulations).

(B)(i) For purposes of subparagraph (A)(ii), subject to clauses (ii) and (iii), an individual determined to have end stage renal disease receiving home dialysis may choose to receive monthly end stage renal disease-related clinical assessments furnished on or after January 1, 2019, via telehealth.

(ii) Except as provided in clause (iii), clause (i) shall apply to an individual only if the individual receives a face-to-face clinical assessment, without the use of telehealth—

(I) in the case of the initial 3 months of home dialysis of such individual, at least monthly; and

(II) after such initial 3 months, at least once every 3 consecutive months.

(iii) The Secretary may waive the provisions of clause (i) during the emergency period described in section 1320b-5(g)(1)(B) of this title.

(4)(A) Pursuant to agreements with approved providers of services and renal dialysis facilities, the Secretary may make payments to such providers and facilities for the cost of home dialysis supplies and equipment and self-care home dialysis support services furnished to patients whose self-care home dialysis is under the direct supervision of such provider or facility, on the basis of a target reimbursement rate (as defined in paragraph (6)) or on the basis of a method established under paragraph (7).

(B) The Secretary shall make payments to a supplier of home dialysis supplies and equipment furnished to a patient whose self-care home dialysis is not under the direct supervision of an approved provider of services or renal dialysis facility only in accordance with a written agreement under which—

(i) the patient certifies that the supplier is the sole provider of such supplies and equipment to the patient,

(ii) the supplier agrees to receive payment for the cost of such supplies and equipment only on an assignment-related basis, and

(iii) the supplier certifies that it has entered into a written agreement with an approved

provider of services or renal dialysis facility under which such provider or facility agrees to furnish to such patient all self-care home dialysis support services and all other necessary dialysis services and supplies, including institutional dialysis services and supplies and emergency services.

(5) An agreement under paragraph (4) shall require, in accordance with regulations prescribed by the Secretary, that the provider or facility will—

(A) assume full responsibility for directly obtaining or arranging for the provision of—

(i) such medically necessary dialysis equipment as is prescribed by the attending physician;

(ii) dialysis equipment maintenance and repair services;

(iii) the purchase and delivery of all necessary medical supplies; and

(iv) where necessary, the services of trained home dialysis aides;

(B) perform all such administrative functions and maintain such information and records as the Secretary may require to verify the transactions and arrangements described in subparagraph (A);

(C) submit such cost reports, data, and information as the Secretary may require with respect to the costs incurred for equipment, supplies, and services furnished to the facility's home dialysis patient population; and

(D) provide for full access for the Secretary to all such records, data, and information as he may require to perform his functions under this section.

(6) The Secretary shall establish, for each calendar year, commencing with January 1, 1979, a target reimbursement rate for home dialysis which shall be adjusted for regional variations in the cost of providing home dialysis. In establishing such a rate, the Secretary shall include—

(A) the Secretary's estimate of the cost of providing medically necessary home dialysis supplies and equipment;

(B) an allowance, in an amount determined by the Secretary, to cover the cost of providing personnel to aid in home dialysis; and

(C) an allowance, in an amount determined by the Secretary, to cover administrative costs and to provide an incentive for the efficient delivery of home dialysis;

but in no event (except as may be provided in regulations under paragraph (7)) shall such target rate exceed 75 percent of the national average payment, adjusted for regional variations, for maintenance dialysis services furnished in approved providers and facilities during the preceding fiscal year. Any such target rate so established shall be utilized, without renegotiation of the rate, throughout the calendar year for which it is established. During the last quarter of each calendar year, the Secretary shall establish a home dialysis target reimbursement rate for the next calendar year based on the most recent data available to the Secretary at the time. In establishing any rate under this paragraph, the Secretary may utilize a competitive-bid procedure, a renegotiated rate procedure, or any other method (including methods established under paragraph (7)) which the Secretary determines is appropriate and feasible in order to carry out this paragraph in an effective and efficient manner.

(7) Subject to paragraph (12), the Secretary shall provide by regulation for a method (or methods) for determining prospectively the amounts of payments to be made for dialysis services furnished by providers of services and renal dialysis facilities to individuals in a facility and to such individuals at home. Such method (or methods) shall provide for the prospective determination of a rate (or rates) for each mode of care based on a single composite weighted formula (which takes into account the mix of patients who receive dialysis services at a facility or at home and the relative costs of providing such services in such settings) for hospital-based facilities and such a single composite weighted formula for other renal dialysis facilities, or

(G) any other procedure (including methods which differentiate between hospital-based facilities and other renal dialysis facilities and which the Secretary determines, after detailed analysis, will more effectively encourage the more efficient delivery of dialysis services and will provide greater incentives for increased use of home dialysis than through the single composite weighted formulas. The amount of a payment made under any method other than a method based on a single composite weighted formula may not exceed the amount (or, in the case of continuous cycling peritoneal dialysis, 130 percent of the amount) of the median payment that would have been made under the formula for hospital-based facilities. Subject to section 422(a)(2) of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, the Secretary shall provide for such exceptions to such methods as may be warranted by unusual circumstances (including the special circumstances of sole facilities located in isolated, rural areas and of pediatric facilities). Each application for such an exception shall be deemed to be approved unless the Secretary disapproves it by not later than 60 working days after the date the application is filed. The Secretary may provide that such method will serve in lieu of any target reimbursement rate that would otherwise be established under paragraph (6). The Secretary shall reduce the amount of each composite rate payment under this paragraph for each treatment by 50 cents (subject to such adjustments as may be required to reflect modes of dialysis other than hemodialysis) and provide for payment of such amount to the organizations (designated under subsection (c)(1)(A)) for such organizations' necessary and proper administrative costs incurred in carrying out the responsibilities described in subsection (c)(2). The Secretary shall provide that amounts paid under the previous sentence shall be distributed to the organizations described in subsection (c)(1)(A) to ensure equitable treatment of all such network organizations. The Secretary in distributing any such payments to network organizations shall take into account—

(A) the geographic size of the network area;

(B) the number of providers of end stage renal disease services in the network area;
(C) the number of individuals who are entitled to end stage renal disease services in the network area; and

(D) the proportion of the aggregate administrative funds collected in the network area.

The Secretary shall increase the amount of each composite rate payment for dialysis services furnished during 2000 by 1.2 percent above such composite rate payment amounts for such services furnished on December 31, 1999, for such services furnished on or after January 1, 2001, and before January 1, 2003, by 2.4 percent above such composite rate payment amounts for such services furnished on or after January 1, 2001, and before January 1, 2005, by 1.6 percent above such composite rate payment amounts for such services furnished on December 31, 2004.

(3) For purposes of this subchapter, the term "home dialysis supplies and equipment" means medically necessary supplies and equipment (including supportive equipment) required by an individual suffering from end stage renal disease in connection with renal dialysis carried out in his home (as defined in regulations), including obtaining, installing, and maintaining such equipment.

(4) For purposes of this subchapter, the term "self-care home dialysis support services", to the extent permitted in regulation, means—

(A) periodic monitoring of the patient's home adaptation, including visits by qualified provider or facility personnel (as defined in regulations), so long as this is done in accordance with a plan prepared and periodically reviewed by a professional team (as defined in regulations) including the individual's physician;

(B) installation and maintenance of dialysis equipment;

(C) testing and appropriate treatment of the water; and

(D) such additional supportive services as the Secretary finds appropriate and desirable.

(5) For purposes of this subchapter, the term "self-care dialysis unit" means a renal dialysis facility or a distinct part of such facility or of a provider of services, which has been approved by the Secretary to make self-dialysis services, as defined by the Secretary in regulations, available to individuals who have been trained for self-dialysis. A self-care dialysis unit must, at a minimum, furnish the services, equipment, and supplies needed for self-dialysis, have patient-staff ratios which are appropriate to self-dialysis (allowing for such appropriate lesser degree of ongoing medical supervision and assistance of ancillary personnel than is required for full care maintenance dialysis), and meet such other requirements as the Secretary may prescribe with respect to the quality and cost-effectiveness of services.

(11)(A) Hepatitis B vaccine and its administration, when provided to a patient determined to have end stage renal disease, shall not be included as dialysis services for purposes of payment under any prospective payment amount or comprehensive fee established under this section, and subject to paragraph (12) and (13) payment for such item shall be made separately—

(i) in the case of erythropoietin provided by a physician, in accordance with section 1395f of this title; and

(ii) in the case of erythropoietin provided by a provider of services, renal dialysis facility, or other supplier of home dialysis supplies and equipment—

(I) for erythropoietin provided during 1994, in an amount equal to $10 per thousand units (rounded to the nearest 100 units), and

(II) for erythropoietin provided during a subsequent year, in an amount determined to be appropriate by the Secretary, except that such amount may not exceed the amount determined under this clause for the previous year increased by the percentage increase (if any) in the implicit price deflator for gross national product (as published by the Department of Commerce) for the second quarter of the preceding year over the implicit price deflator for the second quarter of the second preceding year.

(C) The amount payable to a supplier of home dialysis supplies and equipment that is not a provider of services, a renal dialysis facility, or a physician for erythropoietin shall be determined in the same manner as the amount payable to a renal dialysis facility for such item.

(12)(A) Subject to paragraph (14), in lieu of payment under paragraph (7) beginning with services furnished on January 1, 2005, the Secretary shall establish a basic case-mix adjusted prospective payment system for dialysis services furnished by providers of services and renal dialysis facilities in a year to individuals in a facility and to such individuals at home. The case-mix under such system shall be for a limited number of patient characteristics. Under such system, the payment rate for dialysis services furnished on or after January 1, 2009, by providers of services shall be the same as the payment rate (computed without regard to this sentence) for such services furnished by renal dialysis facilities, and in applying the geographic index under subparagraph (D) to providers of services, the labor share shall be based on the labor share otherwise applied for renal dialysis facilities.

(B) The system described in subparagraph (A) shall include—

(i) the services comprising the composite rate established under paragraph (7); and

(ii) the difference between payment amounts under this subchapter for separately billed drugs and biologicals (including erythropoietin) and acquisition costs of such drugs and biologicals, as determined by the Inspector General reports to the Secretary as required by section 623(c) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003—

(I) beginning with 2005, for such drugs and biologicals for which a billing code exists prior to January 1, 2004; and
(II) beginning with 2007, for such drugs and biologicals for which a billing code does not exist prior to January 1, 2004, adjusted to 2005, or 2007, respectively, as determined to be appropriate by the Secretary.

(C)(i) In applying subparagraph (B)(ii) for 2005, such payment amounts under this subchapter shall be determined using the methodology specified in paragraph (13)(A)(i).

(ii) For 2006, the Secretary shall provide for an adjustment to the payments under clause (i) to reflect the difference between the payment amounts using the methodology under paragraph (13)(A)(i) and the payment amount determined using the methodology applied by the Secretary under paragraph (13)(A)(ii) of such paragraph, as estimated by the Secretary.

(D) The Secretary shall adjust the payment rates under such system by a geographic index as the Secretary determines to be appropriate. If the Secretary applies a geographic index under this paragraph that differs from the index applied under paragraph (7) the Secretary shall phase-in the application of the index under this paragraph over a multiyear period.

(E)(i) Such system shall be designed to result in the same aggregate amount of expenditures for such services, as estimated by the Secretary, as would have been made for 2005 if this paragraph did not apply.

(ii) The adjustment made under subparagraph (B)(ii)(II) shall be done in a manner to result in the same aggregate amount of expenditures after such adjustment as would otherwise have been made for such services for 2006 or 2007, respectively, as estimated by the Secretary, if this paragraph did not apply.

(F) Beginning with 2006, the Secretary shall annually increase the basic case-mix adjusted payment amounts established under this paragraph, by an amount determined by—

(i) applying the estimated growth in expenditures for drugs and biologicals (including erythropoietin) that are separately billable to the component of the basic case-mix adjusted system described in subparagraph (B)(ii); and

(ii) converting the amount determined in clause (i) to an increase applicable to the basic case-mix adjusted payment amounts established under subparagraph (B).

Except as provided in subparagraph (G), nothing in this paragraph or paragraph (14) shall be construed as providing for an update to the composite rate component of the basic case-mix adjusted system under subparagraph (B) or under the system under paragraph (14).

(G) The Secretary shall increase the amount of the composite rate component of the basic case-mix adjusted system under subparagraph (B) for dialysis services—

(i) furnished on or after January 1, 2006, and before April 1, 2007, by 1.6 percent above the amount of such composite rate component for such services furnished on December 31, 2005;

(ii) furnished on or after April 1, 2007, and before January 1, 2009, by 1.6 percent above the amount of such composite rate component for such services furnished on March 31, 2007;

(iii) furnished on or after January 1, 2009, and before January 1, 2010, by 1.0 percent above the amount of such composite rate component for such services furnished on December 31, 2008; and

(iv) furnished on or after January 1, 2010, by 1.0 percent above the amount of such composite rate component for such services furnished on December 31, 2009.

(H) There shall be no administrative or judicial review under section 1395ff of this title, section 1395cc of this title, or otherwise, of the case-mix system, relative weights, payment amounts, the geographic adjustment factor, or the update for the system established under this paragraph, or the determination of the difference between medicare payment amounts and acquisition costs for separately billed drugs and biologicals (including erythropoietin) under this paragraph and paragraph (13).

(13)(A) Subject to paragraph (14), the payment amounts under this subchapter for separately billed drugs and biologicals furnished in a year, beginning with 2004, are as follows:

(i) For such drugs and biologicals (other than erythropoietin) furnished in 2004, the amount determined under section 1395uu(1)(A)(v) of this title for the drug or biological.

(ii) For such drugs and biologicals (including erythropoietin) furnished in 2005, the acquisition cost of the drug or biological, as determined by the Inspector General reports to the Secretary as required by section 622(c) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. Insofar as the Inspector General has not determined the acquisition cost with respect to a drug or biological, the Secretary shall determine the payment amount for such drug or biological.

(iii) For such drugs and biologicals (including erythropoietin) furnished in 2006 and subsequent years, such acquisition cost or the amount determined under section 1395w-3a of this title for the drug or biological, as the Secretary may specify.

(B) Drugs and biologicals (including erythropoietin) which were separately billed under this subchapter on the day before December 8, 2003, shall continue to be separately billed on and after such date, subject to paragraph (14).

(14)(A)(i) Subject to subparagraph (E), for services furnished on or after January 1, 2011, the Secretary shall implement a payment system under which a single payment is made under this subchapter to a provider of services or a renal dialysis facility for renal dialysis services (as defined in subparagraph (B)) in lieu of any other payment (including a payment adjustment under paragraph (12)(B)(ii)) and for such services and items furnished pursuant to paragraph (4).

(ii) In implementing the system under this paragraph the Secretary shall ensure that the estimated total amount of payments under this subchapter for 2011 for renal dialysis services shall equal 96 percent of the estimated total amount of payments for renal dialysis services, including payments under paragraph (12)(B)(ii), that would have been made under this subchapter with respect to services furnished in 2011 if such system had not been implemented. In making the estimation under subclause (I),
the Secretary shall use per patient utilization data from 2007, 2008, or 2009, whichever has the lowest per patient utilization.

(B) For purposes of this paragraph, the term "renal dialysis services" includes—

(i) items and services included in the composite rate for renal dialysis services as of December 31, 2010;

(ii) erythropoiesis stimulating agents and any oral form of such agents that are furnished to individuals for the treatment of end stage renal disease;

(iii) other drugs and biologicals that are furnished to individuals for the treatment of end stage renal disease and for which payment was made separately under this subchapter, and any oral equivalent form of such drug or biological; and

(iv) diagnostic laboratory tests and other items and services not described in clause (i) that are furnished to individuals for the treatment of end stage renal disease.

Such term does not include vaccines.

(C) The system under this paragraph may provide for payment on the basis of services furnished during a week or month or such other appropriate unit of payment as the Secretary specifies.

(D) Such system—

(i) shall include a payment adjustment based on case mix that may take into account patient weight, body mass index, comorbidities, length of time on dialysis, age, race, ethnicity, and other appropriate factors;

(ii) shall include a payment adjustment for high cost outliers due to unusual variations in the type or amount of medically necessary care, including variations in the amount of erythropoiesis stimulating agents necessary for anemia management;

(iii) shall include a payment adjustment that reflects the extent to which costs incurred by low-volume facilities (as defined by the Secretary) in furnishing renal dialysis services exceed the costs incurred by other facilities in furnishing such services, and for payment for renal dialysis services furnished on or after January 1, 2011, and before January 1, 2014, such payment adjustment shall not be less than 10 percent; and

(iv) may include such other payment adjustments as the Secretary determines appropriate, such as a payment adjustment—

(I) for pediatric providers of services and renal dialysis facilities;

(II) by a geographic index, such as the index referred to in paragraph (12)(D), as the Secretary determines to be appropriate; and

(III) for providers of services or renal dialysis facilities located in rural areas.

The Secretary shall take into consideration the unique treatment needs of children and young adults in establishing such system.

(E)(i) The Secretary shall provide for a four-year phase-in (in equal increments) of the payment amount under the payment system under this paragraph, with such payment amount being fully implemented for renal dialysis services furnished on or after January 1, 2014.

(ii) A provider of services or renal dialysis facility may make a one-time election to be excluded from the phase-in under clause (i) and be paid entirely based on the payment amount under the payment system under this paragraph. Such an election shall be made prior to January 1, 2011, in a form and manner specified by the Secretary, and is final and may not be rescinded.

(iii) The Secretary shall make an adjustment to the payments under this paragraph for years during which the phase-in under clause (i) is applicable so that the estimated total amount of payments under this paragraph, including payments under this subparagraph, shall equal the estimated total amount of payments that would otherwise occur under this paragraph without such phase-in.

(F)(i)(I) Subject to subclauses (II) and (III) and clause (ii), beginning in 2012, the Secretary shall annually increase payment amounts established under this paragraph by an ESRD market basket percentage increase factor for a bundled payment system for renal dialysis services that reflects changes over time in the prices of an appropriate mix of goods and services included in renal dialysis services. In order to accomplish the purposes of subparagraph (I) with respect to 2016, 2017, and 2018, after determining the increase factor described in the preceding sentence for each of 2016, 2017, and 2018, the Secretary shall reduce such increase factor by 1.25 percentage points for each of 2016 and 2017 and by 1 percentage point for 2018.

(II) Subject to clause (i)(II), for 2012 and each subsequent year, after determining the increase factor described in clause (I), the Secretary shall reduce such increase factor by the productivity adjustment described in section 1395ww(b)(3)(B)(xi)(II) of this title. The application of the preceding sentence may result in such increase factor being less than 0.0 for a year, and may result in payment rates under the payment system under this paragraph for a year being less than such payment rates for the preceding year.

(III) Notwithstanding subclauses (I) and (II), in order to accomplish the purposes of subparagraph (I) with respect to 2015, the increase factor described in clause (I) for 2015 shall be 0.0 percent pursuant to the regulation issued by the Secretary on December 2, 2013, entitled "Medicare Program: End-Stage Renal Disease Prospective Payment System, Quality Incentive Program, and Durable Medical Equipment, Prosthetics, Orthotics, and Supplies; Final Rule" (78 Fed. Reg. 72156).

(ii) For years during which a phase-in of the payment system pursuant to subparagraph (E) is applicable, the following rules shall apply to the portion of the payment under the system that is based on the payment of the composite rate that would otherwise apply if the system under this paragraph had not been enacted:

(I) The update under clause (i) shall not apply.

(II) Subject to clause (i)(II), the Secretary shall annually increase such composite rate by the ESRD market basket percentage increase factor described in clause (i)(I).

(G) There shall be no administrative or judicial review under section 1395ff of this title, sec-
tion 1395oo of this title, or otherwise of the determination of payment amounts under subparagraph (A), the establishment of an appropriate unit of payment under subparagraph (C), the identification of renal dialysis services included in the bundle payment, the adjustments under subparagraph (D), the application of the phase-in under subparagraph (E), and the establishment of the market basket percentage increase factors under subparagraph (F).

(H) Erythropoiesis stimulating agents and other drugs and biologicals described in clause (i) of subparagraph (B) (other than oral-only ESRD-related drugs, as such term is used in the final rule promulgated by the Secretary in the Federal Register on August 12, 2010 (75 Fed. Reg. 49030)). In making reductions under the preceding sentence, the Secretary shall take into account the most recently available data on average sales prices and changes in prices for drugs and biologicals reflected in the ESRD market basket percentage increase factor under subparagraph (F).

(c) Renal disease network areas; coordinating councils; executive committees, and medical review boards; national end stage renal disease medical information system; functions of network organizations

(I) A (A)(i) For the purpose of assuring effective and efficient administration of the benefits provided under this section, the Secretary shall, in accordance with such criteria as he finds necessary to assure the performance of the responsibilities and functions specified in paragraph (2)—

(II) establish at least 17 end stage renal disease network areas, and

(iii) for each such area, designate a network administrative organization which, in accordance with regulations of the Secretary, shall establish (aa) a network council of renal dialysis and transplant facilities located in the area and (bb) a medical review board, which has a membership including at least one patient representative and physicians, nurses, and social workers engaged in treatment relating to end stage renal disease.

The Secretary shall publish in the Federal Register a description of the geographic area that he determines, after consultation with appropriate professional and patient organizations, constitutes each network area and the criteria on the basis of which such determination is made.

(ii) (I) In order to determine whether the Secretary should enter into, continue, or terminate an agreement with a network administrative organization designated for an area established under clause (i), the Secretary shall develop and publish in the Federal Register standards, criteria, and procedures to evaluate an applicant organization’s capabilities to perform (and, in the case of an organization with which such an agreement is in effect, actual performance of) the responsibilities described in paragraph (2). The Secretary shall evaluate each applicant based on quality and scope of services and may not accord more than 20 percent of the weight of the evaluation to the element of price.

(II) An agreement with a network administrative organization may be terminated by the Secretary only if he finds, after applying such standards and criteria, that the organization has failed to perform its prescribed responsibilities effectively and efficiently. If such an agreement is to be terminated, the Secretary shall select a successor to the agreement on the basis of competitive bidding and in a manner that provides an orderly transition.

(B) At least one patient representative shall serve as a member of each network council and each medical review board.

(C) The Secretary shall, in regulations, prescribe requirements with respect to membership in network organizations by individuals (and the relatives of such individuals) (i) who have an ownership or control interest in a facility or provider which furnishes services referred to in section 1395x(s)(2)(F) of this title, or (ii) who have received remuneration from any such facility or provider in excess of such amounts as constitute reasonable compensation for services (including time and effort relative to the provision of professional medical services) or goods supplied to such facility or provider; and such requirements shall provide for the definition, disclosure, and, to the maximum extent consistent with effective administration, prevention of potential or actual financial or professional conflicts of interest with respect to decisions concerning the appropriateness, nature, or site of patient care.

(2) The network organizations of each network shall be responsible, in addition to such other duties and functions as may be prescribed by the Secretary, for—

(A) encouraging, consistent with sound medical practice, the use of those treatment settings most compatible with the successful rehabilitation of the patient and the participation of patients, providers of services, and renal disease facilities in vocational rehabilitation programs;

(B) developing criteria and standards relating to the quality and appropriateness of patient care and with respect to working with patients, facilities, and providers in encouraging participation in vocational rehabilitation programs; and network goals with respect to the placement of patients in self-care settings and undergoing or preparing for transplantation;

(C) evaluating the procedure by which facilities and providers in the network assess the

appropriateness of patients for proposed treatment modalities;
(D) implementing a procedure for evaluating and resolving patient grievances;
(E) conducting on-site reviews of facilities and providers as necessary (as determined by a medical review board or the Secretary), utilizing standards of care established by the network organization to assure proper medical care;
(F) collecting, validating, and analyzing such data as are necessary to prepare the reports required by subparagraph (H) and to assure the maintenance of the registry established under paragraph (7);
(G) identifying facilities and providers that are not cooperating toward meeting network goals and assisting such facilities and providers in developing appropriate plans for correction and reporting to the Secretary on facilities and providers that are not providing appropriate medical care; and
(H) submitting an annual report to the Secretary on July 1 of each year which shall include a full statement of the network's goals, data on the network's performance in meeting its goals (including data on the comparative performance of facilities and providers with respect to the identification and placement of suitable candidates in self-care settings and transplantation and encouraging participation in vocational rehabilitation programs), identification of those facilities that have consistently failed to cooperate with network goals and recommendations with respect to the need for additional or alternative services or facilities in the network in order to meet the network goals, including self-dialysis training, transplantation, and organ procurement facilities.

(3) Where the Secretary determines, on the basis of the data contained in the network's annual report and such other relevant data as may be available to him, that a facility or provider has consistently failed to cooperate with network plans and goals or to follow the recommendations of the medical review board, he may terminate or withhold certification of such facility or provider (for purposes of payment for services furnished to individuals with end stage renal disease) until he determines that such provider or facility is making reasonable and appropriate efforts to cooperate with the network's plans and goals. If the Secretary determines that the facility's or provider's failure to cooperate with network plans and goals does not jeopardize patient health or safety or justify termination of certification, he may instead, after reasonable notice to the provider or facility and to the public, impose such other sanctions as he determines to be appropriate, which sanctions may include denial of reimbursement with respect to some or all patients admitted to the facility after the date of notice to the facility or provider, and graduated reduction in reimbursement for all patients.

(4) The Secretary shall, in determining whether to certify additional facilities or expansion of existing facilities within a network, take into account the network's goals and performance as reflected in the network's annual report.

(5) The Secretary, after consultation with appropriate professional and planning organizations, shall provide such guidelines with respect to the planning and delivery of renal disease services as are necessary to assist network organizations in their development of the respective networks' goals to promote the optimum use of self-dialysis and transplantation by suitable candidates for such modalities.

(6) It is the intent of the Congress that the maximum practical number of patients who are medically, socially, and psychologically suitable candidates for home dialysis or transplantation should be so treated and that the maximum practical number of patients who are suitable candidates for vocational rehabilitation services be given access to such services and encouraged to return to gainful employment. The Secretary shall consult with appropriate professional and network organizations and consider available evidence relating to developments in research, treatment methods, and technology for home dialysis and transplantation.

(7) The Secretary shall establish a national end stage renal disease registry the purpose of which shall be to assemble and analyze the data reported by network organizations, transplant centers, and other sources on all end stage renal disease patients in a manner that will permit—
(A) the preparation of the annual report to the Congress required under subsection (g); ¹
(B) an identification of the economic impact, cost-effectiveness, and medical efficacy of alternative modalities of treatment;
(C) an evaluation with respect to the most appropriate allocation of resources for the treatment and research into the cause of end stage renal disease;
(D) the determination of patient mortality and morbidity rates, and trends in such rates, and other indices of quality of care; and
(E) such other analyses relating to the treatment and management of end stage renal disease as will assist the Congress in evaluating the end stage renal disease program under this section.

The Secretary shall provide for such coordination of data collection activities, and such consolidation of existing end stage renal disease data systems, as is necessary to achieve the purpose of such registry, shall determine the appropriate location of the registry, and shall provide for the appointment of a professional advisory group to assist the Secretary in the formulation of policies and procedures relevant to the management of such registry.

(8) The provisions of sections 1320c-6 and 1320c-9 of this title shall apply with respect to network administrative organizations (including such organizations as medical review boards) with which the Secretary has entered into agreements under this subsection.

(d) Donors of kidney for transplant surgery

Notwithstanding any provision to the contrary in section 426 of this title any individual who donates a kidney for transplant surgery shall be entitled to benefits under parts A and B of this subchapter with respect to such donation. Reimbursement for the reasonable expenses incurred by such an individual with re-
spects to a kidney donation shall be made (without regard to the deductible, premium, and coinsurance provisions of this subchapter), in such manner as may be prescribed by the Secretary in regulations, for all reasonable preparatory, operation, and postoperation recovery expenses associated with such donation, including but not limited to the expenses for which payment could be made if he were an eligible individual for purposes of parts A and B of this subchapter without regard to this subsection. Payments for postoperation recovery expenses shall be limited to the actual period of recovery.

(e) Reimbursement of providers, facilities, and nonprofit entities for costs of artificial kidney and automated dialysis peritoneal machines for home dialysis

(1) Notwithstanding any other provision of this subchapter, the Secretary may, pursuant to agreements with approved providers of services, renal dialysis facilities, and nonprofit entities with which the Secretary finds can furnish equipment economically and efficiently, reimburse such providers, facilities, and nonprofit entities (without regard to the deductible and coinsurance provisions of this subchapter) for the reasonable cost of the purchase, installation, maintenance and reconditioning for subsequent use of artificial kidney and automated dialysis peritoneal machines (including supportive equipment) which are to be used exclusively by entitled individuals dialyzing at home.

(2) An agreement under this subsection shall require that the provider, facility, or other entity will—
   (A) make the equipment available for use only by entitled individuals dialyzing at home;
   (B) recondition the equipment, as needed, for reuse by such individuals throughout the useful life of the equipment, including modification of the equipment consistent with advances in research and technology;
   (C) provide for full access for the Secretary to all records and information relating to the purchase, maintenance, and use of the equipment; and
   (D) submit such reports, data, and information as the Secretary may require with respect to the cost, management, and use of the equipment.

(3) For purposes of this section, the term “supportive equipment” includes blood pumps, heparin pumps, bubble detectors, other alarm systems, and such other items as the Secretary may determine are medically necessary.

(f) Experiments, studies, and pilot projects

(1) The Secretary shall initiate and carry out, at selected locations in the United States, pilot projects under which financial assistance in the purchase of new or used durable medical equipment for renal dialysis is provided to individuals suffering from end stage renal disease at the time home dialysis is begun, with provision for a trial period to assure successful adaptation to home dialysis before the actual purchase of such equipment.

(2) The Secretary shall conduct experiments to evaluate methods for reducing the costs of the end stage renal disease program. Such experiments shall include (without being limited to) reimbursement for nurses and dialysis technicians to assist with home dialysis, and reimbursement to family members assisting with home dialysis.

(3) The Secretary shall conduct experiments to evaluate methods of dietary control for reducing the costs of the end stage renal disease program, including (without being limited to) the use of protein-controlled products to delay the necessity for, or reduce the frequency of, dialysis in the treatment of end stage renal disease.

(4) The Secretary shall conduct a comprehensive study of methods for increasing public participation in kidney donation and other organ donation programs.

(5) The Secretary shall conduct a full and complete study of the reimbursement of physicians for services furnished to patients with end stage renal disease under this subchapter, giving particular attention to the range of payments to physicians for such services, the average amounts of such payments, and the number of hours devoted to furnishing such services to patients at home, in renal disease facilities, in hospitals, and elsewhere.

(6) The Secretary shall conduct a study of the number of patients with end stage renal disease who are not eligible for benefits with respect to such disease under this subchapter (by reason of this section or otherwise), and of the economic impact of such noneligibility of such individuals. Such study shall include consideration of mechanisms whereby governmental and other health plans might be instituted or modified to permit the purchase of actuarially sound coverage for the costs of end stage renal disease.

(7)(A) The Secretary shall establish protocols on standards and conditions for the reuse of dialyzer filters for those facilities and providers which voluntarily elect to reuse such filters.

(B) With respect to dialysis services furnished on or after January 1, 1988 (or July 1, 1988, with respect to protocols that relate to the reuse of bloodlines), no dialysis facility may reuse dialysis supplies (other than dialyzer filters) unless the Secretary has established a protocol with respect to the reuse of such supplies and the facility follows the protocol so established.

(C) The Secretary shall incorporate protocols established under this paragraph, and the requirement of subparagraph (B), into the requirements for facilities prescribed under subsection (b)(1)(A) and failure to follow such a protocol or requirement subjects such a facility to denial of participation in the program established under this section and to denial of payment for dialysis treatment not furnished in compliance with such a protocol or in violation of such requirement.

(8) The Secretary shall submit to the Congress no later than October 1, 1979, a full report on the experiments conducted under paragraphs (1), (2), (3), and (7), and the studies under paragraphs (4), (5), (6), and (7). Such report shall include any recommendations for legislative changes which the Secretary finds necessary or desirable as a result of such experiments and studies.

(g) Conditional approval of dialysis facilities; restriction-of-payments notice to public and facility; notice and hearing; judicial review

(1) In any case where the Secretary—
(A) finds that a renal dialysis facility is not in substantial compliance with requirements for such facilities prescribed under subsection (b)(1)(A),

(B) finds that the facility’s deficiencies do not immediately jeopardize the health and safety of patients, and

(C) has given the facility a reasonable opportunity to correct its deficiencies,

the Secretary may, in lieu of terminating approval of the facility, determine that payment under this subchapter shall be made to the facility only for services furnished to individuals who were patients of the facility before the effective date of the notice.

(2) The Secretary’s decision to restrict payments under this subsection shall be made effective only after such notice to the public and to the facility as may be prescribed in regulations, and shall remain in effect until (A) the Secretary finds that the facility is in substantial compliance with the requirements under subsection (b)(1)(A), or (B) the Secretary terminates the agreement under this subchapter with the facility.

(3) A facility dissatisfied with a determination by the Secretary under paragraph (1) shall be entitled to a hearing thereon by the Secretary (after reasonable notice) to the same extent as is provided in section 405(b) of this title, and to judicial review of the Secretary’s final decision after such hearing as is provided in section 405(g) of this title, except that, in so applying such sections and in applying section 405(l) of this title thereto, any reference therein to the Commissioner of Social Security or the Social Security Administration shall be considered a reference to the Secretary or the Department of Health and Human Services, respectively.

(h) Quality incentives in the end-stage renal disease program

(1) Quality incentives

(A) In general

With respect to renal dialysis services (as defined in subsection (b)(14)(B)) furnished on or after January 1, 2012, in the case of a provider of services or a renal dialysis facility that does not meet the requirement described in subparagraph (B) with respect to the year, payments otherwise made to such provider or facility under the system under subsection (b)(14) for such services shall be reduced by up to 2.0 percent, as determined appropriate by the Secretary.

(B) Requirement

The requirement described in this subparagraph is that the provider or facility meets (or exceeds) the total performance score under paragraph (3) with respect to performance standards established by the Secretary with respect to measures specified in paragraph (2).

(C) No effect in subsequent years

The reduction under subparagraph (A) shall apply only with respect to the year involved, and the Secretary shall not take into account such reduction in computing the single payment amount under the system under paragraph (14) in a subsequent year.

(2) Measures

(A) In general

The measures specified under this paragraph with respect to the year involved shall include—

(i) measures on anemia management that reflect the labeling approved by the Food and Drug Administration for such management and measures on dialysis adequacy;

(ii) to the extent feasible, such measure (or measures) of patient satisfaction as the Secretary shall specify;

(iii) for 2016 and subsequent years, measures described in subparagraph (E)(i); and

(iv) such other measures as the Secretary specifies, including, to the extent feasible, measures on—

(I) iron management;

(II) bone mineral metabolism; and

(III) vascular access, including for maximizing the placement of arterial venous fistula.

(B) Use of endorsed measures

(i) In general

Subject to clause (ii), any measure specified by the Secretary under subparagraph (A)(iv) must have been endorsed by the entity with a contract under section 1395aa(a) of this title.

(ii) Exception

In the case of a specified area or medical topic determined appropriate by the Secretary for which a feasible and practical measure has not been endorsed by the entity with a contract under section 1395aa(a) of this title, the Secretary may specify a measure that is not so endorsed as long as due consideration is given to measures that have been endorsed or adopted by a consensus organization identified by the Secretary.

(C) Updating measures

The Secretary shall establish a process for updating the measures specified under subparagraph (A) in consultation with interested parties.

(D) Consideration

In specifying measures under subparagraph (A), the Secretary shall consider the availability of measures that address the unique treatment needs of children and young adults with kidney failure.

(E) Measures specific to the conditions treated with oral-only drugs

(i) In general

The measures described in this subparagraph are measures specified by the Secretary that are specific to the conditions treated with oral-only drugs. To the extent feasible, such measures shall be outcomes-based measures.

(ii) Consultation

In specifying the measures under clause (i), the Secretary shall consult with interested stakeholders.
(iii) Use of endorsed measures
   (I) In general
       Subject to subclause (I), any measures specified under clause (i) must have been endorsed by the entity with a contract under section 1395aaa(a) of this title.
   (II) Exception
       If the entity with a contract under section 1395aaa(a) of this title has not endorsed a measure for a specified area or topic related to measures described in clause (i) that the Secretary determines appropriate, the Secretary may specify a measure that is endorsed or adopted by a consensus organization recognized by the Secretary that has expertise in clinical guidelines for kidney disease.

(3) Performance scores

(A) Total performance score
   (i) In general
       Subject to clause (i), the Secretary shall develop a methodology for assessing the total performance of each provider of services and renal dialysis facility based on performance standards with respect to the measures selected under paragraph (2) for a performance period established under paragraph (4) (in this subsection referred to as the "total performance score").
   (ii) Application
       For providers of services and renal dialysis facilities that do not meet (or exceed) the total performance score established by the Secretary, the Secretary shall ensure that the application of the methodology developed under clause (i) results in an appropriate distribution of reductions in payment under paragraph (1) among providers and facilities achieving different levels of total performance scores, with providers and facilities achieving the lowest total performance scores receiving the largest reduction in payment under paragraph (1)(A).

(iii) Weighting of measures
       In calculating the total performance score, the Secretary shall weight the scores with respect to individual measures calculated under subparagraph (B) to reflect priorities for quality improvement, such as weighting scores to ensure that providers of services and renal dialysis facilities have strong incentives to meet or exceed anemia management and dialysis adequacy performance standards, as determined appropriate by the Secretary.

(B) Performance score with respect to individual measures
       The Secretary shall also calculate separate performance scores for each measure, including for dialysis adequacy and anemia management.

(4) Performance standards

(A) Establishment
       Subject to subparagraph (E), the Secretary shall establish performance standards with respect to measures selected under paragraph (2) for a performance period with respect to a year (as established under subparagraph (D)).

(B) Achievement and improvement
       The performance standards established under subparagraph (A) shall include levels of achievement and improvement, as determined appropriate by the Secretary.

       The Secretary shall establish the performance standards under subparagraph (A) prior to the beginning of the performance period for the year involved.

(D) Performance period
       The Secretary shall establish the performance period with respect to a year. Such performance period shall occur prior to the beginning of such year.

(E) Special rule
       The Secretary shall initially use as the performance standard for the measures specified under paragraph (2)(A)(i) for a provider of services or a renal dialysis facility the lesser of—

       (i) the performance of such provider or facility for such measures in the year selected by the Secretary under the second sentence of subsection (b)(4)(A)(ii); or

       (ii) a performance standard based on the national performance rates for such measures in a period determined by the Secretary.

(5) Limitation on review
       There shall be no administrative or judicial review under section 1395oo of this title, section 1395oo of this title, or otherwise of the following:

       (A) The determination of the amount of the payment reduction under paragraph (1).

       (B) The establishment of the performance standards and the performance period under paragraph (4).

       (C) The specification of measures under paragraph (2).

       (D) The methodology developed under paragraph (3) that is used to calculate total performance scores and performance scores for individual measures.

(6) Public reporting

(A) In general
       The Secretary shall establish procedures for making information regarding performance under this subsection available to the public, including—

       (i) the total performance score achieved by the provider of services or renal dialysis facility under paragraph (3) and appropriate comparisons of providers of services and renal dialysis facilities to the national average with respect to such scores; and

       (ii) the performance score achieved by the provider or facility with respect to individual measures.

(B) Opportunity to review
       The procedures established under subparagraph (A) shall ensure that a provider of
services and a renal dialysis facility has the opportunity to review the information that is to be made public with respect to the provider or facility prior to such data being made public.

(C) Certificates

(i) In general

The Secretary shall provide certificates to providers of services and renal dialysis facilities who furnish renal dialysis services under this section to display in patient areas. The certificate shall indicate the total performance score achieved by the provider or facility under paragraph (3).

(ii) Display

Each facility or provider receiving a certificate under clause (i) shall prominently display the certificate at the provider or facility.

(D) Web-based list

The Secretary shall establish a list of providers of services and renal dialysis facilities who furnish renal dialysis services under this section that indicates the total performance score and the performance score for individual measures achieved by the provider and facility under paragraph (3). Such information shall be posted on the Internet website of the Centers for Medicare & Medicaid Services in an easily understandable format.

The Secretary shall conduct experiments to evaluate such home cleaning and reuse as a method of reducing the costs of the end stage renal disease program. For the purpose of assuring effective and efficient administration of the benefits provided under this section and with the responsibilities established for network organizations under this section, the Secretary shall establish, in accordance with such criteria as he finds appropriate, renal disease network areas, such network organizations including a coordinating council, an executive committee of such council, and a medical review board, for each network area as he finds necessary to accomplish such purpose, and a national end stage renal disease medical information system. The Secretary may, by regulations provide for such coordination of network planning and quality assurance activities and such exchange of data and information among agencies with responsibilities for health planning and quality assurance activities under Federal law as is consistent with the economical and efficient administration of this section and with the responsibilities established for network organizations under this section.

§ 1395ss. Certification of medicare supplemental health insurance policies

(a) Submission of policy by insurer

(1) The Secretary shall establish a procedure whereby medicare supplemental policies (as defined in subsection (g)(1)) may be certified by the Secretary as meeting minimum standards and requirements set forth in subsection (c). Such procedure shall provide an opportunity for any insurer to submit any such policy, and such additional data as the Secretary finds necessary, to the Secretary for his examination and for his certification thereof as meeting the standards and requirements set forth in subsection (c). Subject to subsections (k)(3), (m), and (n), such certification shall remain in effect if the insurer files a notarized statement with the Secretary no later than June 30 of each year stating that the policy continues to meet such standards and requirements and if the insurer submits such additional data as the Secretary finds necessary to independently verify the accuracy of such notarized statement. Where the Secretary determines such a policy meets (or continues to meet) such standards and requirements, he shall authorize the insurer to have printed on such policy (but only in accordance with such requirements and conditions as the Secretary may prescribe) an emblem which the Secretary shall cause to be designed for use as an indication that a policy has received the Secretary’s certification. The Secretary shall provide each State commissioner or superintendent of insurance with a list of all the policies which have received his certification.  
(2) No medicare supplemental policy may be issued in a State on or after the date specified in subsection (p)(1)(C) unless—  
(A) the State’s regulatory program under subsection (b)(1) provides for the application and enforcement of the standards and requirements set forth in such subsection (including the 1991 NAIC Model Regulation or 1991 Federal Regulation (as the case may be)) by the date specified in subsection (p)(1)(C); or  
(B) if the State’s program does not provide for the application and enforcement of such standards and requirements, the policy has been certified by the Secretary under paragraph (1) as meeting the standards and requirements set forth in subsection (c) (including such applicable standards) by such date.

Any person who issues a medicare supplemental policy, on and after the effective date specified in subsection (p)(1)(C), in violation of this paragraph is subject to a civil money penalty of not to exceed $25,000 for each such violation. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(b) Standards and requirements; periodic review by Secretary

(1) Any medicare supplemental policy issued in any State which the Secretary determines has established under State law a regulatory program that—  
(A) provides for the application and enforcement of standards with respect to such policies equal to or more stringent than the NAIC Model Standards (as defined in subsection (g)(2)(A)), except as otherwise provided by subparagraph (H);  
(B) includes requirements equal to or more stringent than the requirements described in paragraphs (2) through (5) of subsection (c);  
(C) provides that—  
(i) information with respect to the actual ratio of benefits provided to premiums collected under such policies will be reported to the State on forms conforming to those developed by the National Association of Insurance Commissioners for such purpose, or  
(ii) such ratios will be monitored under the program in an alternative manner approved by the Secretary, and that a copy of each such policy, the most recent premium for each such policy, and a listing of the ratio of benefits provided to premiums collected for the most recent 3-year period for each such policy issued or sold in the State is maintained and made available to interested persons;  
(D) provides for application and enforcement of the standards and requirements described in subparagraphs (A), (B), and (C) to all medicare supplemental policies (as defined in subsection (g)(1)) issued in such State,  
(E) provides the Secretary periodically (but at least annually) with a list containing the name and address of the issuer of each such policy and the name and number of each such policy (including an indication of policies that have been previously approved, newly approved, or withdrawn from approval since the previous list was provided),  
(F) reports to the Secretary on the implementation and enforcement of standards and requirements of this paragraph at intervals established by the Secretary,
(G) provides for a process for approving or disapproving proposed premium increases with respect to such policies, and establishes a policy for the holding of public hearings prior to approval of a premium increase, and

(H) in the case of a policy that meets the standards under subparagraph (A) except that benefits under the policy are limited to items and services furnished by certain entities (or reduced benefits are provided when items or services are furnished by other entities), provides for the application of requirements equal to or more stringent than the requirements under subsection (t), shall be deemed (subject to subsections (k)(3), (m), and (n), for so long as the Secretary finds that such State regulatory program continues to meet the standards and requirements of this paragraph) to meet the standards and requirements set forth in subsection (c). Each report required under subparagraph (F) shall include information on loss ratios of policies sold in the State, frequency and types of instances in which policies approved by the State fail to meet the standards and requirements of this paragraph, actions taken by the State to bring such policies into compliance, information regarding State programs implementing consumer protection provisions, and such further information as the Secretary in consultation with the National Association of Insurance Commissioners may specify.

(2) The Secretary periodically shall review State regulatory programs to determine if they continue to meet the standards and requirements of this paragraph, before making a final determination, the Secretary shall provide the State an opportunity to adopt such a plan of correction as would permit the State regulatory program to continue to meet such standards and requirements. If the Secretary finds that a State regulatory program no longer meets the standards and requirements, before making a final determination, the Secretary shall provide the State an opportunity to adopt such a plan of correction as would permit the State regulatory program to continue to meet such standards and requirements. If the Secretary makes a final determination that the State regulatory program, after such an opportunity, fails to meet such standards and requirements, the program shall no longer be considered to be in operation if a program meeting such standards and requirements.

(3) Notwithstanding paragraph (1), a medicare supplemental policy offered in a State shall not be deemed to meet the standards and requirements set forth in subsection (c), with respect to an advertisement (whether through written, radio, or television medium) used (or, at a State’s option, to be used) for the policy in the State, unless the entity issuing the policy provides a copy of each advertisement to the Commissioner of Insurance (or comparable officer identified by the Secretary) of that State for review or approval to the extent it may be required under State law.

(c) Requisite findings

The Secretary shall certify under this section any medicare supplemental policy, or continue certification of such a policy, only if he finds that such policy (or, with respect to paragraph (3) or the requirement described in subsection (a), the issuer of the policy)—

(1) meets or exceeds (either in a single policy or, in the case of nonprofit hospital and medical service associations, in one or more policies issued in conjunction with one another) the NAIC Model Standards (except as otherwise provided by subsection (t));

(2) meets the requirements of subsection (r);

(3)(A) accepts a notice under section 1395u(h)(3)(B) of this title as a claim form for benefits under such policy in lieu of any claim form otherwise required and agrees to make a payment determination on the basis of the information contained in such notice;

(B) where such a notice is received—

(i) provides notice to such physician or supplier and the beneficiary of the payment determination under the policy, and

(ii) provides any payment covered by such policy directly to the participating physician or supplier involved;

(C) provides each enrollee at the time of enrollment a card listing the policy name and number and a single mailing address to which notices under section 1395u(h)(3)(B) of this title respecting the policy are to be sent;

(D) agrees to pay any user fees established under section 1395u(h)(3)(B) of this title with respect to information transmitted to the issuer of the policy; and

(E) provides to the Secretary at least annually, for transmittal to carriers, a single mailing address to which notices under section 1395u(h)(3)(B) of this title respecting the policy are to be sent;

(4) may, during a period of not less than 30 days after the policy is issued, be returned for a full refund of any premiums paid (without regard to the manner in which the purchase of the policy was solicited); and

(5) meets the applicable requirements of subsections (a) through (t).

(d) Criminal penalties; civil penalties for certain violations

(1) Whoever knowingly and willfully makes or causes to be made or induces or seeks to induce the making of any false statement or representation of a material fact with respect to the compliance of any policy with the standards and requirements set forth in subsection (c) or in regulations promulgated pursuant to such subsection, or with respect to the use of the emblem designed by the Secretary under subsection (a), shall be fined under title 18 or imprisoned not more than 5 years, or both, and, in addition to or in lieu of such a criminal penalty, is subject to a civil money penalty of not to exceed $5,000 for each such prohibited act.

(2) Whoever falsely assumes or pretends to be acting, or misrepresents in any way that he is acting, under the authority of or in association with, the program of health insurance established by this subchapter, or any Federal agency, for the purpose of selling or attempting to sell insurance, or in such pretended character demands, or obtains money, paper, documents, or anything of value, shall be fined under title 18 or imprisoned not more than 5 years, or both, and, in addition to or in lieu of such a criminal penalty, is subject to a civil money penalty of not to exceed $5,000 for each such prohibited act.

(3)(A)(i) It is unlawful for a person to sell or issue to an individual entitled to benefits under
part A or enrolled under part B of this subchapter (including an individual electing a Medicare+Choice plan under section 1395w–21 of this title)—

(I) a health insurance policy with knowledge that the policy duplicates health benefits to which the individual is otherwise entitled under this subchapter or subchapter XIX,

(II) in the case of an individual not electing a Medicare+Choice plan, a medicare supplemental policy with knowledge that the individual is entitled to benefits under another medicare supplemental policy or in the case of an individual electing a Medicare+Choice plan, a medicare supplemental policy with knowledge that the policy duplicates health benefits to which the individual is otherwise entitled under this subchapter or under another health insurance policy.

(III) a health insurance policy (other than a medicare supplemental policy) with knowledge that the policy duplicates health benefits to which the individual is otherwise entitled, other than benefits to which the individual is entitled under a requirement of State or Federal law.

(ii) Whoever violates clause (i) shall be fined under title 18 or imprisoned not more than 5 years, or both, and, in addition to or in lieu of such a criminal penalty, is subject to a civil money penalty of not to exceed $25,000 (or $15,000 in the case of a person other than the issuer of the policy) for each such prohibited act.

(iii) A seller (who is not the issuer of a health insurance policy) shall not be considered to violate clause (i)(II) with respect to the sale of a medicare supplemental policy if the policy is sold in compliance with subparagraph (B).

(iv) For purposes of this subparagraph, a health insurance policy (other than a medicare supplemental policy) providing for benefits which are payable to or on behalf of an individual without regard to other health benefit coverage of such individual is not considered to “duplicate” any health benefits under this subchapter, under subchapter XIX, or under a health insurance policy, and subclauses (I) and (III) of clause (i) do not apply to such a policy.

(v) For purposes of this subparagraph, a health insurance policy (or a rider to an insurance contract which is not a health insurance policy) is not considered to “duplicate” health benefits under this subchapter or under another health insurance policy if it—

(I) provides health care benefits only for long-term care, nursing home care, home health care, or community-based care, or any combination thereof.

(II) coordinates against or excludes items and services available or paid for under this subchapter or under another health insurance policy, and

(III) for policies sold or issued on or after the end of the 90-day period beginning on August 21, 1996, discloses such coordination or exclusion in the policy’s outline of coverage.

For purposes of this clause, the terms “coordinates” and “coordination” mean, with respect to a policy in relation to health benefits under this subchapter or under another health insurance policy, that the policy under its terms is secondary to, or excludes from payment, items and services to the extent available or paid for under this subchapter or under another health insurance policy.

(vi)(I) An individual entitled to benefits under part A or enrolled under part B of this subchapter who is applying for a health insurance policy (other than a policy described in subclause (III)) shall be furnished a disclosure statement described in clause (vii) for the type of policy being applied for. Such statement shall be furnished as a part of (or together with) the application for such policy.

(II) Whoever issues or sells a health insurance policy (other than a policy described in subclause (III)) to an individual described in subclause (I) and fails to furnish the appropriate disclosure statement as required under such subclause shall be fined under title 18, or imprisoned not more than 5 years, or both, and, in addition to or in lieu of such a criminal penalty, is subject to a civil money penalty of not to exceed $25,000 (or $15,000 in the case of a person other than the issuer of the policy) for each such violation.

(III) A policy described in this subclause (to which subclauses (I) and (II) do not apply) is a medicare supplemental policy, a policy described in clause (v), or a health insurance policy identified under 60 Federal Register 39880 (June 12, 1995) as a policy not required to have a disclosure statement.

(IV) Any reference in this section to the revised NAIC model regulation (referred to in subsection (m)(1)(A)) is deemed a reference to such regulation as revised by section 171(m)(2) of the Social Security Act Amendments of 1994 (Public Law 103–432) and as modified by substituting, for the disclosure required under section 16D(2), disclosure under subclause (I) of an appropriate disclosure statement under clause (vii).

(vii) The disclosure statement described in this clause for a type of policy is the statement specified under subparagraph (D) of this paragraph (as in effect before August 21, 1996) for that type of policy, as revised as follows:

(I) In each statement, amend the second line to read as follows:

"THIS IS NOT MEDICARE SUPPLEMENT INSURANCE."

(II) In each statement, strike the third line and insert the following: "Some health care services paid for by Medicare may also trigger the payment of benefits under this policy."

(III) In each statement not described in subclause (V), strike the boldface matter that begins "This insurance" and all that follows up to the next paragraph that begins "Medicare."

(IV) In each statement not described in subclause (V), insert before the boxed matter (that states "Before You Buy This Insurance") the following: "This policy must pay benefits without regard to other health benefit coverage to which you may be entitled under Medicare or other insurance."

(V) In a statement relating to policies providing both nursing home and non-institutional coverage, to policies providing nursing home benefits only, or policies providing home
care benefits only, amend the sentence that begins “Federal law” to read as follows: “Fed-
eral law requires us to inform you that in cer-
tain situations this insurance may pay for
some care also covered by Medicare.”.

(viii)(I) Subject to subclause (II), nothing in
this subparagraph shall restrict or preclude a
State’s ability to regulate health insurance poli-
cies, including any health insurance policy that
is described in clause (iv), (v), or (vi)(III).

(II) A State may not declare or specify, in
statute, regulation, or otherwise, that a health
insurance policy (other than a Medicare supple-
mental policy) or rider to an insurance contract
which is not a health insurance policy, that is
described in clause (iv), (v), or (vi)(III) and that
is sold, issued, or renewed to an individual enti-
tied to benefits under part A or enrolled under
part B “duplicates” health benefits under this
subchapter or under a Medicare supplemental
policy.

(B)(i) It is unlawful for a person to issue or sell
a medicare supplemental policy to an individual
entitled to benefits under part A or enrolled under
part B, whether directly, through the mail,
or otherwise, unless—

(I) the person obtains from the individual, as
part of the application for the issuance or pur-
chase and on a form described in clause (ii), a
written statement signed by the individual
stating, to the best of the individual’s knowl-
edge, what health insurance policies (includ-
ing any Medicare+Choice plan) the individual
has, from what source, and whether the indi-
vidual is entitled to any medical assistance
under subchapter XIX, the sale of the policy is not in vio-
lation of clause (i) (insofar as such clause relates
to such medical assistance), if (aa) a State med-
icaid plan under such subchapter pays the pre-
miums for the policy, (bb) in the case of a quali-
fied medicare beneficiary described in section
1396d(p)(1) of this title, the policy provides for
coverage of outpatient prescription drugs, or
(cc) the only medical assistance to which the in-
dividual is entitled under the State plan is medi-
care cost sharing described in section
1396d(p)(2)(A)(i) of this title.

(iv) Whoever issues or sells a medicare supple-
mental policy in violation of this subparagraph
shall be fined under title 18, or imprisoned not
more than 5 years, or both, and, in addition to
or in lieu of such a criminal penalty, is subject
to a civil money penalty of not to exceed $25,000
(or $15,000 in the case of a seller who is not the
issuer of a policy) for each such violation.

(C) Subparagraph (A) shall not apply with re-
spect to the sale or issuance of a group policy or
plan of one or more employers or labor organiza-
tions, or of the trustees of a fund established by
one or more employers or labor organizations
(or combination thereof), for employees or
former employees (or combination thereof), for
members or former members (or combination
thereof) of the labor organizations.

(4)(A) Whoever knowingly, directly or through
his agent, mails or causes to be mailed any mat-
ter for a prohibited purpose (as determined
under subparagraph (B)) shall be fined under
title 18 or imprisoned not more than 5 years, or
both, and, in addition to or in lieu of such a
criminal penalty, is subject to a civil money
penalty of not to exceed $5,000 for each such pro-
hibited act.

(B) For purposes of subparagraph (A), a prohib-
ited purpose means the advertising, solicitation,
or offer for sale of a medicare supplemental pol-
cy, or the delivery of such a policy, in or into
any State in which such policy has not been ap-
proved by the State commissioner or super-
intendent of insurance.

(C) Subparagraph (A) shall not apply in the
case of a person who mails or causes to be
mailed a medicare supplemental policy into a
State if such person has ascertained that the
party insured under such policy to whom (or on
whose behalf) such policy is mailed is located in
such State on a temporary basis.

(D) Subparagraph (A) shall not apply in the
case of a person who mails or causes to be
mailed a duplicate copy of a medicare supplemental policy previously issued to the party to whom (or on whose behalf) such duplicate copy is mailed.

(E) Subparagraph (A) shall not apply in the case of an issuer who mails or causes to be mailed a policy, certificate, or other matter solely to comply with the requirements of subsection (q).

(5) The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to civil money penalties under paragraphs (1), (2), (3)(A), and (4)(A) in the same manner as such provisions apply to penalties and proceedings under section 1320a–7a(a) of this title.

(e) Dissemination of information

(1) The Secretary shall provide to all individuals entitled to benefits under this subchapter (and, to the extent feasible, to individuals about to become so entitled) such information as will permit such individuals to evaluate the value of medicare supplemental policies to them and the relationship of any such policies to benefits provided under this subchapter.

(2) The Secretary shall—

(A) inform all individuals entitled to benefits under this subchapter (and, to the extent feasible, individuals about to become so entitled) of—

(3) The Secretary shall provide individuals entitled to benefits under this subchapter (and, to the extent feasible, individuals about to become so entitled) with a listing of the addresses and telephone numbers of State and Federal agencies and offices that provide information and assistance to individuals with respect to the selection of medicare supplemental policies.

(f) Study and evaluation of comparative effectiveness of various State approaches to regulating medicare supplemental policies; report to Congress no later than January 1, 1982; periodic evaluations

(1)(A) The Secretary shall, in consultation with Federal and State regulatory agencies, the National Association of Insurance Commissioners, private insurers, and organizations representing consumers and the aged, conduct a comprehensive study and evaluation of the comparative effectiveness of various State approaches to the regulation of medicare supplemental policies in (i) limiting marketing and agent abuse, (ii) assuring the dissemination of such information to individuals entitled to benefits under this subchapter (and to other consumers as is necessary to permit informed choice, (iii) promoting policies which provide reasonable economic benefits for such individuals, (iv) reducing the purchase of unnecessary duplicative coverage, (v) improving price competition, and (vi) establishing effective approved State regulatory programs described in subsection (b).

(B) Such study shall also address the need for standards or certification of health insurance policies, other than medicare supplemental policies, sold to individuals eligible for benefits under this subchapter.

(C) The Secretary shall, no later than January 1, 1982, submit a report to the Congress on the results of such study and evaluation, accompanied by such recommendations as the Secretary finds warranted by such results with respect to the need for legislative or administrative changes to accomplish the objectives set forth in subparagraphs (A) and (B), including the need for a mandatory Federal regulatory program to assure the marketing of appropriate types of medicare supplemental policies, and such other means as he finds may be appropriate to enhance effective State regulation of such policies.

(2) The Secretary shall submit to the Congress no later than July 1, 1982, and periodically as may be appropriate thereafter (but not less often than once every 2 years), a report evaluating the effectiveness of the certification procedure and the criminal penalties established under this section, and shall include in such report an analysis of—

(A) the impact of such procedure and penalties on the types, market share, value, and cost to individuals entitled to benefits under this subchapter of medicare supplemental policies which have been certified by the Secretary;

(B) the need for any change in the certification procedure to improve its administration or effectiveness; and

(C) whether the certification program and criminal penalties should be continued.

(3) The Secretary shall provide information via a toll-free telephone number on medicare supplemental policies (including the relationship of State programs under subchapter XIX to such policies).

(g) Definitions

(1) For purposes of this section, a medicare supplemental policy is a health insurance policy or other health benefit plan offered by a private entity to individuals who are entitled to have payment made under this subchapter, which provides reimbursement for expenses incurred for services and items for which payment may be made under this subchapter but which are not reimbursable by reason of the applicability of deductibles, coinsurance amounts, or other limitations imposed pursuant to this subchapter; but does not include a prescription drug plan under part D or a Medicare+Choice plan or any such policy or plan of one or more employers or labor organizations, or of the trustees of a fund established by one or more employers or labor organizations (or combination thereof), for employees or former employees (or combination thereof) or for members or former members (or combination thereof) of the labor organizations and does not include a policy or plan of an eligible organization (as defined in section 1395mm(b) of this title) if the policy or plan provides bene-
fits pursuant to a contract under section 1395mm of this title or an approved demonstration project described in section 603(c) of the Social Security Amendments of 1983, section 2335 of the Deficit Reduction Act of 1984, or section 9412(b) of the Omnibus Budget Reconciliation Act of 1986, or a policy or plan of an organization if the policy or plan provides benefits pursuant to an agreement under section 1395a(a)(1)(A) of this title. For purposes of this section, the term “policy” includes a certificate issued under such policy.

(2) For purposes of this section:
(A) The term “NAIC Model Standards” means the “NAIC Model Regulation to Implement the Individual Accident and Sickness Insurance Minimum Standards Act”, adopted by the National Association of Insurance Commissioners on June 6, 1979, as it applies to medicare supplemental policies.
(B) The term “State with an approved regulatory program” means a State for which the Secretary has made a determination under subsection (b)(1).
(C) The State in which a policy is issued means—
(i) in the case of an individual policy, the State in which the policyholder resides; and
(ii) in the case of a group policy, the State in which the holder of the master policy resides.

(h) Rules and regulations
The Secretary shall prescribe such regulations as may be necessary for the effective, efficient, and equitable administration of the certification procedure established under this section. The Secretary shall first issue final regulations to implement the certification procedure established under subsection (a) not later than March 1, 1981.

(i) Commencement of certification program
(1) No medicare supplemental policy shall be certified and no such policy may be issued bearing the emblem authorized by the Secretary under subsection (a) until July 1, 1982. On and after such date policies certified by the Secretary may bear such emblem, including policies which were issued prior to such date and were subsequently certified, and insurers may notify holders of such certified policies issued prior to such date using such emblem in the notification.
(2)(A) The Secretary shall not implement the certification program established under subsection (a) with respect to policies issued in a State unless the Panel makes a finding that such State cannot be expected to have established, by July 1, 1982, an approved State regulatory program meeting the standards and requirements of subsection (b)(1). If the Panel makes such a finding, the Secretary shall implement such program under subsection (a) with respect to medicare supplemental policies issued in such State, until such time as the Panel determines that such State has a program that meets the standards and requirements of subsection (b)(1).
(B) Any finding by the Panel under subparagraph (A) shall be transmitted in writing, not later than January 1, 1982, to the Committee on Finance of the Senate and to the Committee on Energy and Commerce and the Committee on Ways and Means of the House of Representatives and shall not become effective until 60 days after the date of its transmittal to the Committees of the Congress under this subparagraph. In counting such days, days on which either House is not in session because of an adjournment sine die or an adjournment of more than three days to a day certain are excluded in the computation.

(j) State regulation of policies issued in other States
Nothing in this section shall be construed so as to affect the right of any State to regulate medicare supplemental policies which, under the provisions of this section, are considered to be issued in another State.

(k) Amended NAIC Model Regulation or Federal model standards applicable; effective date; medicare supplemental policy and State regulatory program meeting applicable standards
(1)(A) If, within the 90-day period beginning on July 1, 1988, the National Association of Insurance Commissioners (in this subsection referred to as the “Association”) amends the NAIC Model Regulation adopted on June 6, 1979 (as it relates to medicare supplemental policies), with respect to matters such as minimum benefit standards, loss ratios, disclosure requirements, and replacement requirements and provisions otherwise necessary to reflect the changes in law made by the Medicare Catastrophic Coverage Act of 1988, except as provided in subsection (m), subsection (g)(2)(A) shall be applied in a State, effective on and after the date specified in subparagraph (B), as if the reference to the Model Regulation adopted on June 6, 1979, were a reference to the Model Regulation as amended by the Association in accordance with this paragraph (in this subsection and subsection (l) referred to as the “amended NAIC Model Regulation”).
(B) The date specified in this subparagraph for a State is the earlier of the date the State adopts standards equal to or more stringent than the amended NAIC Model Regulation or 1 year after the date the Association first adopts such amended Regulation.
(2)(A) If the Association does not amend the NAIC Model Regulation within the 90-day period specified in paragraph (1)(A), the Secretary shall promulgate, not later than 60 days after the end of such period, Federal model standards (in this subsection and subsection (1) referred to as “Federal model standards”) for medicare supplemental policies to reflect the changes in law made by the Medicare Catastrophic Coverage Act of 1988, and subsection (g)(2)(A) shall be applied in a State, effective on and after the date specified in subparagraph (B), as if the reference to the Model Regulation adopted on June 6, 1979, were a reference to Federal model standards.
(B) The date specified in this subparagraph for a State is the earlier of the date the State adopts standards equal to or more stringent than the Federal model standards or 1 year after the date the Secretary first promulgates such standards.

\footnote{So in original. Probably should be “subsection (i)”.}
(3) Notwithstanding any other provision of this section (except as provided in subsections (i), (m), and (n))—

(A) no medicare supplemental policy may be certified by the Secretary pursuant to subsection (a),

(B) no certification made pursuant to subsection (a) shall remain in effect, and

(C) no State regulatory program shall be found to meet (or to continue to meet) the requirements of subsection (b)(1)(A),

unless such policy meets (or such program provides for the application of standards equal to or more stringent than) the standards set forth in the amended NAIC Model Regulation or the Federal model standards (as the case may be) by the date specified in paragraph (1)(B) or (2)(B) (as the case may be).

(i) Transitional compliance with NAIC Model Transition Regulation; “qualifying medicare supplemental policy” and “NAIC Model Transition Regulation” defined

(1) Until the date specified in paragraph (3), in the case of a qualifying medicare supplemental policy described in paragraph (2) issued—

(A) before January 1, 1989, the policy is deemed to remain in compliance with this section if the insurer issuing the policy complies with the NAIC Model Transition Regulation (including giving notices to subscribers and filing for premium adjustments with the State as described in section 5.B. of such Regulation) by January 1, 1989; or

(B) on or after January 1, 1989, the policy is deemed to be in compliance with this section if the insurer issuing the policy complies with the NAIC Model Transition Regulation before the date of the sale of the policy.

(2) In paragraph (1), the term “qualifying medicare supplemental policy” means a medicare supplemental policy—

(A) issued in a State which—

(i) has not adopted standards equal to or more stringent than the NAIC Model Transition Regulation by January 1, 1989, and

(ii) has not adopted standards equal to or more stringent than the amended NAIC Model Regulation (or Federal model standards) by January 1, 1989; and

(B) which has been issued in compliance with this section (as in effect on June 1, 1988).

(3) (A) The date specified in this paragraph is the earlier of—

(i) the first date a State adopts, after January 1, 1989, standards equal to or more stringent than the NAIC Model Transition Regulation or equal to or more stringent than the amended NAIC Model Regulation (or Federal model standards), as the case may be, or

(ii) the later of (I) the date specified in subsection (k)(1)(B) or (k)(2)(B) (as the case may be), or (II) the date specified in subparagraph (B).

(B) In the case of a State which the Secretary identifies as—

(i) requiring State legislation (other than legislation appropriating funds) in order for medicare supplemental policies to meet standards described in subparagraph (A)(i), but

(ii) having a legislature which is not scheduled to meet in 1989 in a legislative session in which such legislation may be considered, the date specified in this subparagraph is the first day of the first calendar quarter beginning after the close of the first legislative session of the State legislature that begins on or after January 1, 1989, and in which legislation described in clause (i) may be considered. For purposes of the previous sentence, in the case of a State that has a 2-year legislative session, each year of such session shall be deemed to be a separate regular session of the State legislature.

(4) In the case of a medicare supplemental policy in effect on January 1, 1989, and offered in a State which, as of such date—

(A) has adopted standards equal to or more stringent than the amended NAIC Model Regulation (or Federal model standards), but

(B) does not have in effect standards equal to or more stringent than the NAIC Model Transition Regulation (or otherwise requiring notice substantially the same as the notice required in section 5.B. of such Regulation),

the policy shall not be deemed to meet the standards in subsection (c) unless each individual who is entitled to benefits under this subchapter and is a policyholder under such policy on January 1, 1989, is sent such a notice in any appropriate form by not later than January 31, 1989, that explains—

(A) the improved benefits under this subchapter contained in the Medicare Catastrophic Coverage Act of 1988, and

(B) how these improvements affect the benefits contained in the policies and the premium for the policy.

(5) In this subsection, the term “NAIC Model Transition Regulation” refers to the standards contained in the “Model Regulation to Implement Transitional Requirements for the Conversion of Medicare Supplement Insurance Benefits and Premiums to Conform to Medicare Program Revisions” (as adopted by the National Association of Insurance Commissioners in September 1987).

(m) Revision of amended NAIC Model Regulation and amended Federal model standards; effective dates; medicare supplemental policy and State regulatory program meeting applicable standards

(1)(A) If, within the 90-day period beginning on December 13, 1989, the National Association of Insurance Commissioners (in this subsection and subsection (n) referred to as the “Association”) revises the amended NAIC Model Regulation (referred to in subsection (k)(1)(A) and adopted on September 20, 1988) to improve such regulation and otherwise to reflect the changes in law made by the Medicare Catastrophic Coverage Repeal Act of 1989, subsection (g)(2)(A) shall be applied in a State, effective on and after the date specified in subparagraph (B), as if the reference to the Model Regulation adopted on June 6, 1979, were a reference to the amended NAIC Model Regulation (referred to in subsection (k)(1)(A) as revised by the Association in accordance with this paragraph (in this subsection and subsection (n) referred to as the “revised NAIC Model Regulation”).
(B) The date specified in this subparagraph for a State is the earlier of the date the State adopts standards equal to or more stringent than the revised NAIC Model Regulation or 1 year after the date the Association first adopts such revised Regulation.

(2)(A) If the Association does not revise the amended NAIC Model Regulation, within the 90-day period specified in paragraph (1)(A), the Secretary shall promulgate, not later than 60 days after the end of such period, revised Federal model standards (in this subsection and subsection (n) referred to as “revised Federal model standards”) for Medicare supplemental policies to improve such standards and otherwise to reflect the changes in law made by the Medicare Catastrophic Coverage Repeal Act of 1989, subsection (g)(2)(A) shall be applied in a State, effective on and after the date specified in subparagraph (B), as if the reference to the Model Regulation adopted on June 6, 1979, were a reference to the revised Federal model standards.

(B) The date specified in this subparagraph for a State is the earlier of the date the State adopts standards equal to or more stringent than the revised Federal model standards or 1 year after the date the Secretary first promulgates such standards.

(3) Notwithstanding any other provision of this section (except as provided in subsection (n))—

(A) no Medicare supplemental policy may be certified by the Secretary pursuant to subsection (a),

(B) no certification made pursuant to subsection (a) shall remain in effect, and

(C) no State regulatory program shall be found to meet (or to continue to meet) the requirements of subsection (b)(1)(A), unless such policy meets (or such program provides for the application of standards equal to or more stringent than) the standards set forth in the revised NAIC Model Regulation or the revised Federal model standards (as the case may be) by the date specified in paragraph (1)(B) or (2)(B) (as the case may be).

(n) Transition compliance with revision of NAIC Model Regulation and Federal model standards

(1) Until the date specified in paragraph (4), in the case of a qualifying Medicare supplemental policy described in paragraph (3) issued in a State—

(A) before the transition deadline, the policy is deemed to remain in compliance with the revised model standards described in subsection (b)(1)(A) only if the insurer issuing the policy complies with the transition provision described in paragraph (2), or

(B) on or after the transition deadline, the policy is deemed to be in compliance with the revised Federal model standards (as the case may be) before the date of the sale of the policy.

In this paragraph, the term “transition deadline” means 1 year after the date the Association adopts the revised NAIC Model Regulation or 1 year after the date the Secretary promulgates revised Federal model standards (as the case may be).

(2) The transition provision described in this paragraph is—

(A) such transition provision as the Association provides, by not later than December 15, 1989, so as to provide for an appropriate transition (i) to restore benefit provisions which are no longer duplicative as a result of the changes in benefits under this subchapter made by the Medicare Catastrophic Coverage Repeal Act of 1989 and (ii) to eliminate the requirement of payment for the first 8 days of coinsurance for extended care services, or

(B) if the Association does not provide for a transition provision by the date described in subparagraph (A), such transition provision as the Secretary shall provide, by January 1, 1990, so as to provide for an appropriate transition described in subparagraph (A).

(3) In paragraph (1), the term “qualifying Medicare supplemental policy” means a Medicare supplemental policy which has been issued in compliance with this section as in effect on the date before December 13, 1989.

(4)(A) The date specified in this paragraph for a policy issued in a State is—

(i) the first date a State adopts, after December 13, 1989, standards equal to or more stringent than the revised NAIC Model Regulation (or revised Federal model standards), as the case may be, or

(ii) the date specified in subparagraph (B), whichever is earlier.

(B) In the case of a State which the Secretary identifies, in consultation with the Association, as—

(i) requiring State legislation (other than legislation appropriating funds) in order for Medicare supplemental policies to meet standards described in subparagraph (A)(i), but

(ii) having a legislature which is not scheduled to meet in 1990 in a legislative session in which such legislation may be considered,

the date specified in this subparagraph is the first day of the first calendar quarter beginning after the close of the first legislative session of the State legislature that begins on or after January 1, 1990. For purposes of the previous sentence, in the case of a State that has a 2-year legislative session, each year of such session shall be deemed to be a separate regular session of the State legislature.

(5) In the case of a Medicare supplemental policy in effect on January 1, 1990, the policy shall not be deemed to meet the standards in subsection (c) unless each individual who is entitled to benefits under this subchapter and is a policyholder or certificate holder under such policy on such date is sent a notice in an appropriate form by not later than January 31, 1990, that explains—

(A) the changes in benefits under this subchapter effected by the Medicare Catastrophic Coverage Repeal Act of 1989, and

(B) how these changes may affect the benefits contained in such policy and the premium for the policy.
(6)(A) Except as provided in subparagraph (B), in the case of an individual who had in effect, as of December 31, 1988, a medicare supplemental policy with an insurer (as a policyholder or, in the case of a group policy, as a certificate holder) that the individual terminated coverage under such policy before December 13, 1989, no medicare supplemental policy of the insurer shall be deemed to meet the standards in subsection (c) unless the insurer—

(i) provides written notice, no earlier than December 15, 1989, and no later than January 30, 1990, to the policyholder or certificate holder (at the most recent available address) of the offer described in clause (ii), and

(ii) offers the individual, during a period of at least 60 days beginning not later than February 1, 1990, reinstallation of coverage (with coverage effective as of January 1, 1990), under the terms which (I) do not provide for any waiting period with respect to treatment of pre-existing conditions, (II) provides for coverage which is substantially equivalent to coverage in effect before the date of such termination, and (III) provides for classification of premiums on which terms are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage never terminated.

(B) An insurer is not required to make the offer under subparagraph (A)(ii) in the case of an individual who is a policyholder or certificate holder in another medicare supplemental policy as of December 13, 1989, if (as of January 1, 1990) the individual is not subject to a waiting period with respect to treatment of a pre-existing condition under such other policy.

(o) Requirements of group benefits; core group benefits; uniform outline of coverage

The requirements of this subsection are as follows:

(1) Each medicare supplemental policy shall provide for coverage of a group of benefits consistent with subsections (p), (v), (w), and (y).

(2) If the medicare supplemental policy provides for coverage of a group of benefits other than the core group of basic benefits described in subsection (p)(2)(B), the issuer of the policy must make available to the individual a medicare supplemental policy with only such core group of basic benefits.

(3) The issuer of the policy has provided, before the sale of the policy, an outline of coverage that uses uniform language and format (including layout and print size) that facilitates comparison among medicare supplemental policies and comparison with medicare benefits.

(4) The issuer of the medicare supplemental policy complies with subsection (e)(2)(E) and subsection (x).

(5) In addition to the requirement under paragraph (2), the issuer of the policy must make available to the individual at least medicare supplemental policies with benefit packages classified as “C” or “F”.

(p) Standards for group benefits

(1)(A) If, within 9 months after November 5, 1990, the National Association of Insurance Commissioners (in this subsection referred to as the “Association”) changes the revised NAIC Model Regulation (described in subsection (m)) to incorporate—

(i) limitations on the groups or packages of benefits that may be offered under a medicare supplemental policy consistent with paragraphs (2) and (3) of this subsection,

(ii) uniform language and definitions to be used with respect to such benefits,

(iii) uniform format to be used in the policy with respect to such benefits, and

(iv) other standards to meet the additional requirements imposed by the amendments made by the Omnibus Budget Reconciliation Act of 1990,

subsection (g)(2)(A) shall be applied in each State, effective for policies issued to policyholders on and after the date specified in subsection (g)(2)(B), the issuer of the policy must make available to the individual at least medicare supplemental policies consistent with paragraphs (2) and (3) of this subsection, offers the individual, during a period of at least 60 days beginning before or on the first day of February 1991, reinstatement of coverage (with coverage effective as of January 1, 1990), under the terms which (I) do not provide for any waiting period with respect to treatment of pre-existing conditions, (II) provides for coverage which is substantially equivalent to coverage in effect before the date of such termination, and (III) provides for classification of premiums on which terms are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage never terminated.

(B) An insurer is not required to make the offer under subparagraph (A)(ii) in the case of an individual who is a policyholder or certificate holder in another medicare supplemental policy as of December 13, 1989, if (as of January 1, 1990) the individual is not subject to a waiting period with respect to treatment of a pre-existing condition under such other policy.

(2) The requirements of this subsection are as follows:

(1) Each medicare supplemental policy shall provide for coverage of a group of benefits consistent with subsections (p), (v), (w), and (y).

(2) If the medicare supplemental policy provides for coverage of a group of benefits other than the core group of basic benefits described in subsection (p)(2)(B), the issuer of the policy must make available to the individual a medicare supplemental policy with only such core group of basic benefits.

(3) The issuer of the policy has provided, before the sale of the policy, an outline of coverage that uses uniform language and format (including layout and print size) that facilitates comparison among medicare supplemental policies and comparison with medicare benefits.

(4) The issuer of the medicare supplemental policy complies with subsection (e)(2)(E) and subsection (x).

(5) In addition to the requirement under paragraph (2), the issuer of the policy must make available to the individual at least medicare supplemental policies with benefit packages classified as “C” or “F”.

sult with a working group composed of representatives of issuers of medicare supplemental policies, consumer groups, medicare beneficiaries, and other qualified individuals. Such representatives shall be selected in a manner so as to assure balanced representation among the interested groups.

(E) If benefits (including deductibles and coinsurance) under this subchapter are changed and the Secretary determines, in consultation with the Association, that changes in the 1991 NAIC Model Regulation or 1991 Federal Regulation are needed to reflect such changes, the preceding provisions of this paragraph shall apply to the modification of standards previously established in the same manner as they applied to the original establishment of such standards.

(2) The benefits under the 1991 NAIC Model Regulation or 1991 Federal Regulation shall provide—

(A) for such groups or packages of benefits as may be appropriate taking into account the considerations specified in paragraph (3) and the requirements of the succeeding subparagraphs;

(B) for identification of a core group of basic benefits common to all policies; and

(C) that, subject to paragraph (4)(B), the total number of different benefit packages (consisting of the core group of basic benefits described in subparagraph (B) and each other combination of benefits that may be offered as a separate benefit package) that may be established in all the States and by all issuers shall not exceed 10 plus the 2 plans described in paragraph (11)(A).

(3) The benefits under paragraph (2) shall, to the extent possible—

(A) provide for benefits that offer consumers the ability to purchase the benefits that are available in the market as of November 5, 1990; and

(B) balance the objectives of (i) simplifying the market to facilitate comparisons among policies, (ii) avoiding adverse selection, (iii) providing consumer choice, (iv) providing market stability, and (v) promoting competition.

(4)(A)(i) Except as provided in subparagraph (B) or paragraph (6), no State with a regulatory program approved under subsection (b)(1) may provide for or permit the grouping of benefits (or language or format with respect to such benefits) under a medicare supplemental policy unless such grouping meets the applicable 1991 NAIC Model Regulation or 1991 Federal Regulation.

(ii) Except as provided in subparagraph (B), the Secretary may not provide for or permit the grouping of benefits (or language or format with respect to such benefits) under a medicare supplemental policy seeking approval by the Secretary unless such grouping meets the applicable 1991 NAIC Model Regulation or 1991 Federal Regulation.

(b) With the approval of the State (in the case of a policy issued in a State with an approved regulatory program) or the Secretary (in the case of any other policy), the issuer of a medicare supplemental policy may offer new or innovative benefits in addition to the benefits provided in a policy that otherwise complies with the applicable 1991 NAIC Model Regulation or 1991 Federal Regulation. Any such new or innovative benefits may include benefits that are not otherwise available and are cost-effective and shall be offered in a manner which is consistent with the goal of simplification of medicare supplemental policies.

(5)(A) Except as provided in subparagraph (B), this subsection shall not be construed as preventing a State from restricting the groups of benefits that may be offered in medicare supplemental policies in the State.

(B) A State with a regulatory program approved under subsection (b)(1) may not restrict under subparagraph (A) the offering of a medicare supplemental policy consisting only of the core group of benefits described in paragraph (2)(B).

(6) The Secretary may waive the application of standards described in clauses (i) through (iii) of paragraph (1)(A) in those States that on November 5, 1990, had in place an alternative simplification program.

(7) This subsection shall not be construed as preventing an issuer of a medicare supplemental policy who otherwise meets the requirements of this section from providing, through an arrangement with a vendor, for discounts from that vendor to policyholders or certificateholders for the purchase of items or services not covered under its medicare supplemental policies.

(8) Any person who sells or issues a medicare supplemental policy, on and after the effective date specified in paragraph (1)(C) (but subject to paragraph (10)), in violation of the applicable 1991 NAIC Model Regulation or 1991 Federal Regulation insofar as such regulation relates to the requirements of subsection (a) or (q) or clause (1), (ii), or (iii) of paragraph (1)(A) is subject to a civil money penalty of not to exceed $25,000 (or $15,000 in the case of a seller who is not an issuer of a policy) for each such violation. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(9)(A) Anyone who sells a medicare supplemental policy to an individual shall make available for sale to the individual a medicare supplemental policy with only the core group of basic benefits (described in paragraph (2)(B)).

(B) Anyone who sells a medicare supplemental policy to an individual shall provide the individual, before the sale of the policy, an outline of coverage which describes the benefits under the policy. Such outline shall be on a standard form approved by the State regulatory program or the Secretary (as the case may be) consistent with the 1991 NAIC Model Regulation or 1991 Federal Regulation under this subsection.

(C) Whoever sells a medicare supplemental policy in violation of this paragraph is subject to a civil money penalty of not to exceed $25,000 (or $15,000 in the case of a seller who is not the issuer of the policy) for each such violation. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and
other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7(a) of this title. (D) Subject to paragraph (10), this paragraph shall apply to sales of policies occurring on or after the effective date specified in paragraph (1)(C). (10) No penalty may be imposed under paragraph (8) or (9) in the case of a seller who is not the issuer of a policy until the Secretary has published a list of the groups of benefit packages that may be sold or issued consistent with paragraph (1)(A). (1)(A) For purposes of paragraph (2), the benefit packages described in this subparagraph are as follows: (i) The benefit package classified as “F” under the standards established by such paragraph, except that it has a high deductible feature. (ii) The benefit package classified as “J” under the standards established by such paragraph, except that it has a high deductible feature. (B) For purposes of subparagraph (A), a high deductible feature is one which— (i) requires the beneficiary of the policy to pay annual out-of-pocket expenses (other than premiums) in the amount specified in subparagraph (C) before the policy begins payment of benefits, and (ii) covers 100 percent of covered out-of-pocket expenses once such deductible has been satisfied in a year. (C) The amount specified in this subparagraph— (i) for 1998 and 1999 is $1,500, and (ii) for a subsequent year, is the amount specified in this subparagraph for the previous year increased by the percentage increase in the Consumer Price Index for all urban consumers (all items; U.S. city average) for the 12-month period ending with August of the preceding year. If any amount determined under clause (ii) is not a multiple of $10, it shall be rounded to the nearest multiple of $10. (q) Guaranteed renewal of policies; termination; suspension

The requirements of this subsection are as follows: (1) Each medicare supplemental policy shall be guaranteed renewable and— (A) the issuer may not cancel or nonrenew the policy solely on the ground of health status of the individual; and (B) the issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation. (2) If the medicare supplemental policy is terminated by the group policyholder and is not replaced as provided under paragraph (4), the issuer shall offer certificateholders an individual medicare supplemental policy which (at the option of the certificateholder)— (A) provides for continuation of the benefits contained in the group policy, or (B) provides for such benefits as otherwise meets the requirements of this section. (3) If an individual is a certificateholder in a group medicare supplemental policy and the individual terminates membership in the group, the issuer shall— (A) offer the certificateholder the conversion opportunity described in paragraph (2), or (B) at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy. (4) If a group medicare supplemental policy is replaced by another group medicare supplemental policy purchased by the same policyholder, issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced. (5)(A) Each medicare supplemental policy shall provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period (not to exceed 24 months) in which the policyholder has applied for and is determined to be entitled to medical assistance under subchapter XIX, but only if the policyholder notifies the issuer of such policy within 90 days after the date the individual becomes entitled to such assistance. If such suspension occurs and if the policyholder or certificate holder loses entitlement to such medical assistance, such policy shall be automatically reinstated (effective as of the date of termination of such entitlement) under terms described in subsection (n)(6)(A)(ii) as of the termination of such entitlement if the policyholder provides notice of loss of such entitlement within 90 days after the date of such loss. (B) Nothing in this section shall be construed as affecting the authority of a State, under subchapter XIX, to purchase a medicare supplemental policy for an individual otherwise entitled to assistance under such subchapter. (C) Any person who issues a medicare supplemental policy and fails to comply with the requirements of this paragraph or paragraph (6) is subject to a civil money penalty of not to exceed $25,000 for each such violation. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title. (6) Each medicare supplemental policy shall provide that benefits and premiums under the policy shall be suspended at the request of the policyholder if the policyholder is entitled to benefits under section 1395y(b)(1)(A)(v) of this title. If 3So in original. Probably should be “meet”. 4So in original. Probably should be preceded by “the”.
such suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, such policy shall be automatically reinstated (effective as of the date of such loss of coverage) under terms described in subsection (m)(6)(A)(ii) as of the loss of such coverage if the policyholder provides notice of loss of such coverage within 90 days after the date of such loss.

**(r) Required ratio of aggregate benefits to aggregate premiums**

(1) A medicare supplemental policy may not be issued or renewed (or otherwise provide coverage after the date described in subsection (p)(1)(C)) in any State unless—

(A) the policy can be expected for periods after the effective date of these provisions (as estimated for the entire period for which rates are computed to provide coverage, on the basis of incurred claims experience and earned premiums for such periods and in accordance with a uniform methodology, including uniform reporting standards, developed by the National Association of Insurance Commissioners) to return to policyholders in the form of aggregate benefits provided under the policy, at least 75 percent of the aggregate amount of premiums collected in the case of group policies and at least 65 percent in the case of individual policies; and

(B) the issuer of the policy provides for the issuance of a proportional refund, or a credit against future premiums of a proportional amount, based on the premium paid and in accordance with paragraph (2), of the amount of premiums received necessary to assure that the ratio of aggregate benefits provided to the aggregate premiums collected (net of such refunds or credits) complies with the expectation required under subparagraph (A), treating policies of the same type as a single policy for each standard package.

For purposes of applying subparagraph (A) only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies. For the purpose of calculating the refund or credit required under paragraph (1)(B) for a policy issued before the date specified in subsection (p)(1)(C), the refund or credit calculation shall be based on the aggregate benefits provided and premiums collected under all such policies issued by an insurer in a State (separated as to individual and group policies) and shall be based only on aggregate benefits provided and premiums collected under such policies after the date specified in section 171(m)(4) of the Social Security Act Amendments of 1994. Paragraph (1)(B) shall not apply until 1 year after the date specified in section 171(m)(4) of the Social Security Act Amendments of 1994.

(B) A refund or credit required under paragraph (1)(B) shall be made to each policyholder insured under the applicable policy as of the last day of the year involved.

(C) Such a refund or credit shall include interest from the end of the calendar year involved until the date of the refund or credit at a rate as specified by the Secretary for this purpose from time to time which is not less than the average rate of interest for 13-week Treasury notes.

(D) For purposes of this paragraph and paragraph (1)(B), refunds or credits against premiums due shall be made, with respect to a calendar year, not later than the third quarter of the succeeding calendar year.

(3) The provisions of this subsection do not preempt a State from requiring a higher percentage than that specified in paragraph (1)(A).

(4) The Secretary shall submit in October of each year (beginning with 1995) a report to the Committee on Energy and Commerce and Ways and Means of the House of Representatives and the Committee on Finance of the Senate on loss ratios under medicare supplemental policies and the use of sanctions, such as a required rebate or credit or the disallowance of premium increases, for policies that fail to meet the requirements of this subsection (relating to loss ratios). Such report shall include a list of the policies that failed to comply with such loss ratio requirements or other requirements of this section.

(5) The Secretary may perform audits with respect to the compliance of medicare supplemental policies with the loss ratio requirements of this subsection and shall report the results of such audits to the State involved.

(6)(A) A person who fails to provide refunds or credits as required in paragraph (1)(B) is subject to a civil money penalty of not to exceed $25,000 for each policy issued for which such failure occurred. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(B) Each issuer of a policy subject to the requirements of paragraph (1)(B) shall be liable to the policyholder or, in the case of a group policy, to the certificate holder for credits required under such paragraph.

**(s) Coverage for pre-existing conditions**

(1) If a medicare supplemental policy replaces another medicare supplemental policy, the issuer of the replacing policy shall, with any time periods applicable to preexisting conditions, waiting period, elimination periods and probationary periods in the new medicare supplemental policy for similar benefits to the extent such time was spent under the original policy.

(2)(A) The issuer of a medicare supplemental policy may not deny or condition the issuance or effectiveness of a medicare supplemental policy, or discriminate in the pricing of the policy,
because of health status, claims experience, receipt of health care, or medical condition in the case of an individual for whom an application is submitted prior to or during the 6 month period beginning with the first month as of the first day on which the individual is 65 years of age or older and is enrolled for benefits under part B.

(B) Subject to subparagraphs (C) and (D), subparagraph (A) shall not be construed as preventing the exclusion of benefits under a policy, during its first 6 months, based on a pre-existing condition for which the policyholder received treatment or was otherwise diagnosed during the 6 months before the policy became effective.

(C) If a medicare supplemental policy or certificate replaces another such policy or certificate which has been in effect for 6 months or longer, the replacing policy may not provide any time period applicable to pre-existing conditions, waiting periods, elimination periods, and probationary periods in the new policy or certificate for similar benefits.

(D) In the case of a policy issued during the 6-month period described in subparagraph (A) to an individual who is 65 years of age or older as of the date of issuance and who as of the date of the application for enrollment has a continuous period of creditable coverage (as defined in section 2701(c) of the Public Health Service Act) of—

(i) at least 6 months, the policy may not exclude benefits based on a pre-existing condition; or

(ii) less than 6 months, if the policy excludes benefits based on a pre-existing condition, the policy shall reduce the period of any pre-existing condition exclusion by the aggregate of the periods of creditable coverage (if any, as so defined) applicable to the individual as of the enrollment date.

The Secretary shall specify the manner of the reduction under clause (ii), based upon the rules used by the Secretary in carrying out section 2701(a)(3) of such Act.

(E) An issuer of a medicare supplemental policy shall not deny or condition the issuance or effectiveness of the policy (including the imposition of any exclusion of benefits under the policy based on a pre-existing condition) and shall not discriminate in the pricing of the policy (including the adjustment of premium rates) of an individual on the basis of the genetic information with respect to such individual.

(F) RULE OF CONSTRUCTION.—Nothing in subparagraph (E) or in subparagraphs (A) or (B) of subsection (x)(2) shall be construed to limit the ability of an issuer of a medicare supplemental policy from, to the extent otherwise permitted under this subchapter—

(i) denying or conditioning the issuance or effectiveness of the policy or increasing the premium for an employer based on the manifestation of a disease or disorder of an individual who is covered under the policy; or

(ii) increasing the premium for any policy issued to an individual based on the manifestation of a disease or disorder of an individual who is covered under the policy (in such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the employer).

(3)(A) The issuer of a medicare supplemental policy—

(i) may not deny or condition the issuance or effectiveness of a medicare supplemental policy described in subparagraph (C) that is offered and is available for issuance to new enrollees by such issuer;

(ii) may not discriminate in the pricing of such policy, because of health status, claims experience, receipt of health care, or medical condition; and

(iii) may not impose an exclusion of benefits based on a pre-existing condition under such policy, in the case of an individual described in subparagraph (B) who seeks to enroll under the policy during the period specified in subparagraph (E) and who submits evidence of the date of termination or disenrollment along with the application for such medicare supplemental policy.

(B) An individual described in any of the following clauses:

(i) The individual is enrolled under an employee welfare benefit plan that provides health benefits that supplement the benefits under this subchapter and the plan terminates or ceases to provide all such supplemental health benefits to the individual.

(ii) The individual is enrolled with a Medicare+Choice organization under part C, and there are circumstances permitting discontinuance of the individual's election of the plan under the first sentence of section 1395w–21(e)(4) of this title or the individual is 65 years of age or older and is enrolled with a PACE provider under section 1395see of this title, and there are circumstances that would permit the discontinuance of the individual's enrollment with such provider under circumstances that are similar to the circumstances that would permit discontinuance of the individual's election under the first sentence of such section if such individual were enrolled in a Medicare+Choice plan.

(iii) The individual is enrolled with an eligible organization under a contract under section 1395mm of this title, a similar organization operating under demonstration project authority, effective for periods before April 1, 1999, with an organization under an agreement under section 1395(a)(1)(A) of this title, or with an organization under a policy described in subsection (t), and such enrollment ceases under the same circumstances that would permit discontinuance of an individual's election of coverage under the first sentence of section 1395w–21(e)(4) of this title and, in the case of a policy described in subsection (t), there is no provision under applicable State law for the continuation or conversion of coverage under such policy.

(iv) The individual is enrolled under a medicare supplemental policy under this section and such enrollment ceases because—

5See References in Text note below.
(I) of the bankruptcy or insolvency of the issuer or because of other involuntary termination of coverage or enrollment under such policy and there is no provision under applicable State law for the continuation or conversion of such coverage;

(II) the issuer of the policy substantially violated a material provision of the policy; or

(III) the issuer (or an agent or other entity acting on the issuer’s behalf) materially misrepresented the policy’s provisions in marketing the policy to the individual.

(v) The individual—

(I) was enrolled under a medicare supplemental policy under this section,

(II) subsequently terminates such enrollment and enrolls, for the first time, with any Medicare+Choice organization under a Medicare+Choice plan under part C, any eligible organization under a contract under section 1395mm of this title, any similar organization operating under demonstration project authority, any PACE provider under section 1395eee of this title, or any policy described in subsection (t), and

(III) the subsequent enrollment under subclause (II) is terminated by the enrollee during any period within the first 12 months of such enrollment (during which the enrollee is permitted to terminate such subsequent enrollment under section 1395w–21(e) of this title).

(vi) The individual, upon first becoming eligible for benefits under part A at age 65, enrolls in a Medicare+ Choice plan under part C or in a Medicare+ program under section 1395eee of this title, and disenrolls from such plan or such program by not later than 12 months after the effective date of such enrollment.

(C)(i) Subject to clauses (ii) and (iii), a medicare supplemental policy described in this subparagraph is a medicare supplemental policy which has a benefit package classified as “A”, “B”, “C”, or “F” under the standards established under subsection (p)(2).

(ii) Subject to subclause (II), only for purposes of an individual described in subparagraph (B)(v), a medicare supplemental policy described in this subparagraph is the same medicare supplemental policy referred to in such subparagraph in which the individual was most recently previously enrolled, if available from the same issuer, or, if not so available, a policy described in clause (i).

(II) If the medicare supplemental policy referred to in subparagraph (B)(v) was a medigap Rx policy (as defined in subsection (v)(6)(A)), a medicare supplemental policy described in this subparagraph is such policy in which the individual was most recently enrolled as modified under subsection (v)(2)(C)(i) or, at the election of the individual, a policy referred to in subsection (v)(3)(A)(i).

(iii) Only for purposes of an individual described in subparagraph (B)(vi) and subject to subsection (v)(1), a medicare supplemental policy described in this subparagraph shall include any medicare supplemental policy.

(iv) For purposes of applying this paragraph in the case of a State that provides for offering of benefit packages other than under the classification referred to in clause (i), the references to benefit packages in such clause are deemed references to comparable benefit packages offered in such State.

(D) At the time of an event described in subparagraph (B) because of which an individual ceases enrollment or loses coverage or benefits under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, the insurer offering the policy, or the administrator of the plan, respectively, shall notify the individual of the rights of the individual under this paragraph, and obligations of issuers of medicare supplemental policies, under subparagraph (A).

(E) For purposes of subparagraph (A), the time period specified in this subparagraph is—

(i) in the case of an individual described in subparagraph (B)(i), the period beginning on the date the individual receives a notice of termination or cessation of all supplemental health benefits (or, if no such notice is received, notice that a claim has been denied because of such a termination or cessation) and ending on the date that is 63 days after the applicable notice;

(ii) in the case of an individual described in clause (ii), (iii), (v), or (vi) of subparagraph (B) whose enrollment is terminated involuntarily, the period beginning on the date that the individual receives a notice of termination and ending on the date that is 63 days after the applicable coverage is terminated;

(iii) in the case of an individual described in subparagraph (B)(iv)(I), the period beginning on the earlier of (I) the date that the individual receives a notice of termination, or (II) the date that the applicable coverage is terminated, and ending on the date that is 63 days after the date the applicable coverage is terminated;

(iv) in the case of an individual described in clause (ii), (iii), (iv)(II), (iv)(III), (v), or (vi) of subparagraph (B) who disenrolls voluntarily, the period beginning on the date that is 63 days before the effective date of the disenrollment and ending on the date that is 63 days after such effective date; and

(v) in the case of an individual described in subparagraph (B) but not described in the preceding provisions of this subparagraph, the period beginning on the effective date of the disenrollment and ending on the date that is 63 days after such effective date.

(F)(i) Subject to clause (ii), for purposes of this paragraph—

(I) in the case of an individual described in subparagraph (B)(v) (or deemed to be so described, pursuant to this subparagraph) whose enrollment with an organization or provider described in subclause (II) of such subparagraph is involuntarily terminated within the first 12 months of such enrollment, and who, without an intervening enrollment with another such organization or provider, such subsequent enrollment shall be deemed to be an initial enrollment described in such subparagraph; and
(II) in the case of an individual described in clause (vi) of subparagraph (B) (or deemed to be so described, pursuant to this subparagraph) whose enrollment with a plan or in a program described in such clause is involuntarily terminated within the first 12 months of such enrollment, and who, without an intervening enrollment, enrolls in another such plan or program, such subsequent enrollment shall be deemed to be an initial enrollment described in such clause.

(ii) For purposes of clauses (v) and (vi) of subparagraph (B), no enrollment of an individual with an organization or provider described in clause (v)(II), or with a plan or in a program described in clause (vi), may be deemed to be an initial enrollment under this clause after the 2-year period beginning on the date on which the individual first enrolled with such an organization, provider, plan, or program.

(4) Any issuer of a medicare supplemental policy that fails to meet the requirements of this subsection is subject to a civil money penalty of not to exceed $5,000 for each such failure. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(u) Additional rules relating to individuals enrolled in MSA plans and in private fee-for-service plans

(1) It is unlawful for a person tosell or issue a policy described in paragraph (2) to an individual with knowledge that the individual has in effect under section 1395w–21 of this title an election of an MSA plan or a Medicare+Choice private fee-for-service plan.

(2) (A) A policy described in this subparagraph is a health insurance policy (other than a policy described in subparagraph (B)) that provides for coverage of expenses that are otherwise required to be counted toward meeting the annual deductible amount provided under the MSA plan.

(B) A policy described in this subparagraph is any of the following:

(i) each enrollee prior to enrollment acknowledges receipt of the explanation provided under clause (i); and

(F) the issuer of the policy makes available to individuals, in addition to the policy described in this subsection, any policy otherwise offered by the issuer to individuals in the State that meets the standards in the 1991 NAIC Model Regulation or 1991 Federal Regulation and other requirements of this section without reference to this subsection.

(2) If the Secretary determines that an issuer of a policy approved under paragraph (1)—

(A) fails substantially to provide medically necessary items and services to enrollees seeking such items and services through the issuer's network, if the failure has adversely affected (or has substantial likelihood of adversely affecting) the individual,

(B) imposes premiums on enrollees in excess of the premiums approved by the State,

(C) acts to expel an enrollee for reasons other than nonpayment of premiums, or

(D) does not provide the explanation required under paragraph (1)(E)(i) or does not obtain the acknowledgment required under paragraph (1)(E)(ii),

the issuer is subject to a civil money penalty in an amount not to exceed $25,000 for each such violation. The provisions of section 1320a–7a of this title (other than the first sentence of subsection (a) and other than subsection (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(3) The Secretary may enter into a contract with an entity whose policy has been certified under paragraph (1) on or before the date on which the Secretary may determine, taking into account estimated savings under contracts with carriers and fiscal intermediaries and other factors that the Secretary finds appropriate. Paragraph (1), the first sentence of paragraph (2)(A), paragraph (2)(B), paragraph (3)(C), paragraph (3)(D), and paragraph (3)(E) of section 1395u(b) of this title shall apply to the entity.

(ii) A policy of insurance to which substantially all of the coverage relates to—
   (I) liabilities incurred under workers' compensation laws,
   (II) tort liabilities,
   (III) liabilities relating to ownership or use of property, or
   (IV) such other similar liabilities as the Secretary may specify by regulations.

(iv) A policy of insurance that pays a fixed amount per day (or other period) of hospitalization.

(v) Rules relating to medigap policies that provide prescription drug coverage

(1) Prohibition on sale, issuance, and renewal of new policies that provide prescription drug coverage

(A) In general

   Notwithstanding any other provision of law, on or after January 1, 2006, a medigap Rx policy (as defined in paragraph (6)(A)) may not be sold, issued, or renewed under this section—
   (i) to an individual who is a part D enrollee (as defined in paragraph (6)(B)); or
   (ii) except as provided in subparagraph (B), to an individual who is not a part D enrollee.

(B) Continuation permitted for non-part D enrollees

   Subparagraph (A)(ii) shall not apply to the renewal of a medigap Rx policy that was issued before January 1, 2006.

(C) Construction

   Nothing in this subsection shall be construed as preventing the offering on and after January 1, 2006, of “H”, “I”, and “J” policies described in paragraph (2)(D)(i) if the benefit packages are modified in accordance with paragraph (2)(C).

(2) Elimination of duplicative coverage upon part D enrollment

(A) In general

   In the case of an individual who is covered under a medigap Rx policy and enrolls under a part D plan—
   (i) before the end of the initial part D enrollment period, the individual may—
      (I) enroll in a medicare supplemental policy without prescription drug coverage under paragraph (3); or
      (II) continue the policy in effect subject to the modification described in subparagraph (C)(i); or
   (ii) after the end of such period, the individual may continue the policy in effect subject to such modification.

(B) Notice required to be provided to current policyholders with medigap Rx policy

   No medicare supplemental policy of an issuer shall be deemed to meet the standards in subsection (c) unless the issuer provides written notice (in accordance with standards of the Secretary established in consultation with the National Association of Insurance Commissioners) during the 60-day period immediately preceding the initial part D enrollment period, to each individual who is a policyholder or certificate holder of a medigap Rx policy (at the most recent address of that individual) of the following:

   (i) If the individual enrolls in a plan under part D during the initial enrollment period under section 1395w–101(b)(2)(A) of this title, the individual has the option of—
      (I) continuing enrollment in the individual's current plan, but the plan's coverage of prescription drugs will be modified under subparagraph (C)(i); or
      (II) enrolling in another medicare supplemental policy pursuant to paragraph (3).

   (ii) If the individual does not enroll in a plan under part D during such period, the individual may continue enrollment in the individual’s current plan without change, but—
      (I) the individual will not be guaranteed the option of enrollment in another medicare supplemental policy pursuant to paragraph (3) and
      (II) if the current plan does not provide creditable prescription drug coverage (as defined in section 1395w–113(b)(4) of this title), notice of such fact and that there are limitations on the periods in a year in which the individual may enroll under a part D plan and any such enrollment is subject to a late enrollment penalty.

   (iii) Such other information as the Secretary may specify (in consultation with the National Association of Insurance Commissioners), including the potential impact of such election on premiums for medicare supplemental policies.

(C) Modification

(i) In general

   The policy modification described in this subparagraph is the elimination of prescription coverage for expenses of prescription drugs incurred after the effective date of the individual's coverage under a part D plan and the appropriate adjustment of premiums to reflect such elimination of coverage.

(ii) Continuation of renewability and application of modification

   No medicare supplemental policy of an issuer shall be deemed to meet the standards in subsection (c) unless the issuer—
   (I) continues renewability of medigap Rx policies that it has issued, subject to subclause (II); and
   (II) applies the policy modification described in clause (i) in the cases described in clauses (i)(II) and (ii) of subparagraph (A).

(i) H, I, and J policies

Any reference to a benefit package classified as “H”, “I”, or “J” (including the benefit package classified as “J” with a high deductible feature, as described in subsection (p)(11)) under the standards established under subsection (p)(2) shall be construed as including a reference to such a package as modified under subparagraph (C) and such packages as modified shall not be counted as a separate benefit package under such subsection.

(ii) Application in waivered States

Except for the modification provided under subparagraph (C), the waivers previously in effect under subsection (p)(2) shall continue in effect.

(3) Availability of substitute policies with guaranteed issue

(A) In general

The issuer of a medicare supplemental policy—

(i) may not deny or condition the issuance or effectiveness of a medicare supplemental policy that has a benefit package classified as “A”, “B”, “C”, or “F” (including the benefit package classified as “F” with a high deductible feature, as described in subsection (p)(11)), under the standards established under subsection (p)(2), or a benefit package described in subparagraph (A) or (B) of subsection (w)(2) and that is offered and is available for issuance to new enrollees by such issuer;

(ii) may not discriminate in the pricing of such policy, because of health status, claims experience, receipt of health care, or medical condition; and

(iii) may not impose an exclusion of benefits based on a pre-existing condition under such policy,

in the case of an individual described in subparagraph (B) who seeks to enroll under the policy not later than 63 days after the effective date of the individual’s coverage under a part D plan.

(B) Individual covered

(C) Special rule for waivered States

(4) Enforcement

(A) Penalties for duplication

The penalties described in subsection (d)(3)(A)(ii) shall apply with respect to a violation of paragraph (1)(A).

(B) Guaranteed issue

The provisions of paragraph (4) of subsection (s) shall apply with respect to the requirements of paragraph (3) in the same manner as they apply to the requirements of such subsection.

(5) Construction

Any provision in this section or in a medicare supplemental policy relating to guaranteed renewability of coverage shall be deemed to have been met with respect to a part D enrollee through the continuation of the policy subject to modification under paragraph (2)(C) or the offering of a substitute policy under paragraph (3). The previous sentence shall not be construed to affect the guaranteed renewability of such a modified or substitute policy.

(6) Definitions

For purposes of this subsection:

The term “medigap Rx policy” means a medicare supplemental policy—

(i) which has a benefit package classified as “H”, “I”, or “J” (including the benefit package classified as “J” with a high deductible feature, as described in subsection (p)(11)) under the standards established under subsection (p)(2), without regard to this subsection; and

(ii) to which such standards do not apply (or to which such standards have been waived under subsection (p)(6)) but which provides benefits for prescription drugs.

Such term does not include a policy with a benefit package as classified under clause (i) which has been modified under paragraph (2)(C)(i).

(B) Part D enrollee

The term “part D enrollee” means an individual who is enrolled in a part D plan.

(w) Development of new standards for medicare supplemental policies

(1) In general

The Secretary shall request the National Association of Insurance Commissioners to review and revise the standards for benefit pack-
ages under subsection (p)(1), taking into account the changes in benefits resulting from enactment of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 and to otherwise update standards to reflect other changes in law included in such Act. Such revision shall incorporate the inclusion of the 2 benefit packages described in paragraph (2). Such revisions shall be made consistent with the rules applicable under subsection (p)(1)(E) with the reference to the “1991 NAIC Model Regulation” deemed a reference to the NAIC Model Regulation as published in the Federal Register on December 4, 1998, and as subsequently updated by the National Association of Insurance Commissioners to reflect previous changes in law (and subsection (v)) and the reference to “date of enactment of this subsection” deemed a reference to December 8, 2003. To the extent practicable, such revision shall provide for the implementation of revised standards for benefit packages as of January 1, 2006.

(2) New benefit packages

The benefit packages described in this paragraph are the following (notwithstanding any other provision of this section relating to a core benefit package):

(A) First new benefit package

(I) the number of patient-days during the year for which the services were furnished, and

(II) the average reasonable cost per patient-day being the average rate per patient-day paid for routine services during the most recent year for which cost reporting data are available with respect to such services (increased in a compounded manner by the applicable increase for payments for routine service costs of skilled nursing facilities under subsections (a) through (d) of section 13955y of this title for subsequent cost reporting periods and up to and including such calendar year) under this subchapter to freestanding skilled nursing facilities in the region (as defined in section 1395ww(d)(2)(D) of this title) in which the facility is located.

A hospital with respect to which an agreement under this section has been terminated shall not be eligible to enter into a new agreement until a two-year period has elapsed from the termination date.

(d) Post-hospital extended care services

Any agreement with a hospital under this section shall provide that payment for services will be made only for services which payment would be made as post-hospital extended care services if those services had been furnished by a skilled nursing facility under an agreement entered into under section 1395cc of this title; and any individual who is furnished services, for which payment may be made under an agreement under this section, shall, for purposes of this subchapter (other than this section), be deemed to have received post-hospital extended care services in like manner and to the same extent as if the services furnished to him had been post-hospital extended care services furnished by a skilled nursing facility under an agreement under section 1395cc of this title.

(e) Reimbursement for routine hospital services

During a period for which a hospital has in effect an agreement under this section, in order to allocate routine costs between hospital and long-term care services for purposes of determining payment for inpatient hospital services, the total reimbursement due for routine services from all classes of long-term care patients (including this subchapter, subchapter XIX, and private pay patients) shall be subtracted from the hospital’s total routine costs before calculations are made to determine this subchapter reimbursement for routine hospital services.

(f) Conditions applicable to skilled nursing facilities

A hospital which enters into an agreement with the Secretary under this section shall be required to meet those conditions applicable to skilled nursing facilities relating to discharge planning and the social services function (and staffing requirements to satisfy it) which are promulgated by the Secretary under section 1395i–3 of this title. Services furnished by such a hospital which would otherwise constitute post-hospital extended care services if furnished by a skilled nursing facility shall be subject to the same requirements applicable to such services when furnished by a skilled nursing facility except for those requirements the Secretary determines are inappropriate in the case of these services being furnished by a hospital under this section.
(g) Agreements on demonstration basis

The Secretary may enter into an agreement under this section on a demonstration basis with any hospital which does not meet the require-
ment of subsection (b)(1), if the hospital otherwise
meets the requirements of this section.

$1395uu. Payments to promote closing or conversion of underutilized hospital facilities
(a) Transitional allowances; procedures applicable
Any hospital may file an application with the Secretary (in such form and including such data and information as the Secretary may require) for establishment of a transitional allowance under this subchapter with respect to the closing or conversion of an underutilized hospital facility. The Secretary also may establish procedures, consistent with this section, by which a hospital, before undergoing an actual closure or conversion of a hospital facility, can have a determination made as to whether or not it will be eligible for a transitional allowance under this section with respect to such closure or conversion.

(b) Allowable costs as transitional allowances; findings and determinations
If the Secretary finds, after consideration of an application under subsection (a), that—
(1) the hospital’s closure or conversion—
(A) is formally initiated after September 30, 1981, (B) is expected to benefit the program under this subchapter by (i) eliminating excess bed capacity, (ii) discontinuing an underutilized service for which there are adequate alternative sources, or (iii) substituting for the underutilized service some other service which is needed in the area, and
(C) is consistent with the findings of an appropriate health planning agency and with
any applicable State program for reduction in the number of hospital beds in the State, and

(2) in the case of a complete closure of a hospital,

(A) the hospital is a private nonprofit hospital or a local governmental hospital, and

(B) the closure is not for replacement of the hospital,

the Secretary may include as an allowable cost in the hospital’s reasonable cost (for the purpose of making payments to the hospital under this subchapter) an amount (in this section referred to as a “transitional allowance”), as provided in subsection (c).

(c) Factors determinative of transitional allowance

(1) Each transitional allowance established shall be reasonably related to the prior or prospective use of the facility involved under this subchapter and shall recognize—

(A) in the case of a facility conversion or closure (other than a complete closure of a hospital)—

(i) in the case of a private nonprofit or local governmental hospital, that portion of the hospital’s costs attributable to capital assets of the facility which have been taken into account in determining reasonable cost for purposes of determining the amount of payment to the hospital under this subchapter, and

(ii) in the case of any hospital, transitional operating cost increases related to the conversion or closure to the extent that such operating costs exceed amounts ordinarily reimbursable under this subchapter; and

(B) in the case of complete closure of a hospital, the outstanding portion of actual debt obligations previously recognized as reasonable for purposes of reimbursement under this subchapter, less any salvage value of the hospital.

(2) A transitional allowance shall be for a period (not to exceed 20 years) specified by the Secretary, except that, in the case of a complete closure described in paragraph (1)(B), the Secretary may provide for a lump-sum allowance where the Secretary determines that such a one-time allowance is more efficient and economical.

(3) A transitional allowance shall take effect on a date established by the Secretary, but not earlier than the date of completion of the closure or conversion concerned.

(4) A transitional allowance shall not be considered in applying the limits to costs recognized as reasonable pursuant to the third sentence of subparagraph (A) and subparagraph (L)(i) of section 1395x(v)(1) of this title, or in determining whether the reasonable cost exceeds the customary charges for a service for purposes of determining the amount to be paid to a provider pursuant to sections 1395f(b) and 1395f(a)(2) of this title.

(d) Hearing to review determination

A hospital dissatisfied with a determination of the Secretary on its application under this section may obtain an informal or formal hearing, at the discretion of the Secretary, by filing (in such form and within such time period as the Secretary establishes) a request for such a hearing. The Secretary shall make a final determination on such application within 30 days after the last day of such hearing.

§ 1395vv. Withholding payments from certain medicaid providers

(a) Adjustments by Secretary

The Secretary may adjust, in accordance with this section, payments under parts A and B to any institution which has in effect an agreement with the Secretary under section 1395cc of this title, and any person who has accepted payment on the basis of an assignment under section 1395a(b)(3)(B)(ii) of this title, where such institution or person—
(1) has (or previously had) in effect an agreement with a State agency to furnish medical care and services under a State plan approved under subchapter XIX, and

(2) from which (or from whom) such State agency has (or previously has) been unable to recover overpayments made under the State plan, or (B) has been unable to collect the information necessary to enable it to determine the amount (if any) of the overpayments made to such institution or person under the State plan.

(b) Implementing regulations; notice, opportunity to be heard, etc.

The Secretary shall by regulation provide procedures for implementation of this section, which procedures shall—

(1) assure that the authority under this section is exercised only on behalf of a State agency which demonstrates to the Secretary’s satisfaction that it has provided adequate notice of a determination or of a need for information, and an opportunity to appeal such determination or to provide such information,

(2) determine the amount of the payment to which the institution or person would otherwise be entitled under this subchapter which shall be treated as a setoff against overpayments under subchapter XIX, and

(3) assure the restoration to the institution or person of amounts withheld under this section which are ultimately determined to be in excess of overpayments under subchapter XIX and to which the institution or person would otherwise be entitled under this subchapter.

c) Payment to States of amounts recovered

Notwithstanding any other provision of this chapter, from the trust funds established under sections 1395i and 1395t of this title, as appropriate, the Secretary shall pay to the appropriate State agency amounts recovered under this section to offset the State agency’s overpayment under subchapter XIX. Such payments shall be accounted for by the State agency as recoveries of overpayments under the State plan.

§ 1395ww. Payments to hospitals for inpatient hospital services

(a) Determination of costs for inpatient hospital services; limitations; exemptions; “operating costs of inpatient hospital services” defined

(1)(A)(i) The Secretary, in determining the amount of the payments that may be made under this subchapter with respect to operating costs of inpatient hospital services (as defined in paragraph (4)) shall not recognize as reasonable (in the efficient delivery of health services) costs for the provision of such services by a hospital for a cost reporting period to the extent such costs exceed the applicable percentage (as determined under clause (ii)) of the average of such costs for all hospitals in the same grouping as such hospital for comparable time periods.

(ii) For purposes of clause (i), the applicable percentage for hospital cost reporting periods beginning—

(1) on or after October 1, 1982, and before October 1, 1983, is 120 percent;

(II) on or after October 1, 1983, and before October 1, 1984, is 115 percent; and

(III) on or after October 1, 1984, is 110 percent.

(B)(i) For purposes of subparagraph (A) the Secretary shall establish case mix indexes for all short-term hospitals, and shall set limits for each hospital based upon the general mix of types of medical cases with respect to which such hospital provides services for which payment may be made under this subchapter.

(ii) The Secretary shall set such limits for a cost reporting period of a hospital—

(I) by updating available data for a previous period to the immediate preceding cost reporting period by the estimated average rate of change of hospital costs industry-wide, and

(II) by projecting for the cost reporting period by the applicable percentage increase (as defined in subsection (b)(3)(B)).

(C) The limitation established under subparagraph (A) for any hospital shall in no event be lower than the allowable operating costs of inpatient hospital services (as defined in paragraph (4)) recognized under this subchapter for such hospital’s last cost reporting period prior to the hospital’s first cost reporting period for which this section is in effect.

(D) Subparagraph (A) shall not apply to cost reporting periods beginning on or after October 1, 1983.

(2) The Secretary shall provide for such exemptions from, and exceptions and adjustments to, the limitation established under paragraph (1)(A) as he deems appropriate, including those which he deems necessary to take into account—

(A) the special needs of sole community hospitals, of new hospitals, of risk based health maintenance organizations, and of hospitals which provide atypical services or essential community services, and to take into account extraordinary circumstances beyond the hospital’s control, medical and paramedical education costs, significantly fluctuating population in the service area of the hospital, and unusual labor costs,

(B) the special needs of psychiatric hospitals and of public or other hospitals that serve a significantly disproportionate number of patients who have low income or are entitled to benefits under part A of this subchapter, and

(C) a decrease in the inpatient hospital services that a hospital provides and that are customarily provided directly by similar hospitals which results in a significant distortion in the operating costs of inpatient hospital services.

(3) The limitation established under paragraph (1)(A) shall not apply with respect to any hospital which—

(A) is located outside of a standard metropolitan statistical area, and

(B)(i) has less than 50 beds, and

(ii) was in operation and had less than 50 beds on September 3, 1982.

(4) For purposes of this section, the term “operating costs of inpatient hospital services” in-
includes all routine operating costs, ancillary service operating costs, and special care unit operating costs with respect to inpatient hospital services as such costs are determined on an average per admission or per discharge basis (as determined by the Secretary), and includes the costs of all services for which payment may be made under this subchapter that are provided by the hospital (or by an entity wholly owned or operated by the hospital) to the patient during the 3 days (or, in the case of a hospital that is not a subsection (d) hospital, during the 1 day) immediately preceding the date of the patient’s admission if such services are diagnostic services (including clinical diagnostic laboratory tests) or are other services related to the admission (as defined by the Secretary). Such term does not include costs of approved educational activities, a return on equity capital, other capital-related costs (as defined by the Secretary for periods before October 1, 1987), for cost reporting periods beginning on or after October 1, 1997, for cost reporting periods beginning on or after October 1, 2020, costs related to hematopoietic stem cell acquisition for the purpose of an allogeneic hematopoietic stem cell transplant (as described in subsection (d)(5)(M)), or costs with respect to administering blood clotting factors to individuals with hemophilia. In applying the first sentence of this paragraph, the term “other services related to the admission” includes all services that are not diagnostic services (other than ambulance and maintenance renal dialysis services) for which payment may be made under this subchapter that are provided by a hospital (or an entity wholly owned or operated by the hospital) to a patient—

(A) on the date of the patient’s inpatient admission; or

(B) during the 3 days (or, in the case of a hospital that is not a subsection (d) hospital, during the 1 day) immediately preceding the date of such admission unless the hospital demonstrates (in a form and manner, and at a time, specified by the Secretary) that such services are not related (as determined by the Secretary) to such admission.

(b) Computation of payment; definitions; exemptions; adjustments

(1) Notwithstanding section 1395f(b) of this title but subject to the provisions of section 1395se of this title, if the operating costs of inpatient hospital services (as defined in subsection (a)(4)) of a hospital (other than a subsection (d) hospital, as defined in subsection (d)(1)(B) and other than a rehabilitation facility described in subsection (j)(1)) for a cost reporting period subject to this paragraph—

(A) are less than or equal to the target amount (as defined in paragraph (3)) for that hospital for that period, the amount of the payment with respect to such operating costs payable under part A on a per discharge or per admission basis (as the case may be) shall be equal to the amount of such operating costs, plus—

(i) 15 percent of the amount by which the target amount exceeds the amount of the operating costs, or

(ii) 2 percent of the target amount, whichever is less;

(B) are greater than the target amount but do not exceed 110 percent of the target amount, the amount of the payment with respect to those operating costs payable under part A on a per discharge basis shall equal the target amount, plus—

(C) are greater than 110 percent of the target amount, the amount of the payment with respect to such operating costs payable under part A on a per discharge or per admission basis (as the case may be) shall be equal to (i) the target amount, plus (ii) in the case of cost reporting periods beginning on or after October 1, 1991, an additional amount equal to 50 percent of the amount by which the operating costs exceed 110 percent of the target amount (except that such additional amount may not exceed 10 percent of the target amount) after any exceptions or adjustments are made to such target amount for the cost reporting period; plus the amount, if any, provided under paragraph (2), except that in no case may the amount payable under this subparagraph (other than on the basis of a DRG prospective payment rate determined under subsection (d)) with respect to operating costs of inpatient hospital services exceed the maximum amount payable with respect to such costs pursuant to subsection (a).

(2)(A) Except as provided in subparagraph (E), in addition to the payment computed under paragraph (1), in the case of an eligible hospital (as defined in subparagraph (B)) for a cost reporting period beginning on or after October 1, 1997, the amount of payment on a per discharge basis under paragraph (1) shall be increased by the lesser of—

(i) 50 percent of the amount by which the operating costs are less than the expected costs (as defined in subparagraph (D)) for the period; or

(ii) 1 percent of the target amount for the period.

(B) For purposes of this paragraph, an “eligible hospital” means with respect to a cost reporting period, a hospital—

(i) that has received payments under this subsection for at least 3 full cost reporting periods before that cost reporting period, and

(ii) whose operating costs for the period are less than the least of its target amount, its trended costs (as defined in subparagraph (C)), or its expected costs (as defined in subparagraph (D)) for the period.

(C) For purposes of subparagraph (B)(ii), the term “trended costs” means for a hospital cost reporting period ending in a fiscal year—

(i) in the case of a hospital for which its cost reporting period ending in fiscal year 1996 was its third or subsequent full cost reporting period for which it receives payments under this subsection, the lesser of the operating costs or target amount for that hospital for its cost reporting period ending in fiscal year 1996, or

(ii) in the case of any other hospital, the operating costs for that hospital for its third full cost reporting period for which it receives payments under this subsection, increased (in a compounded manner) for each succeeding fiscal year (through the fiscal year
involved) by the market basket percentage increase for the fiscal year.

(D) For purposes of this paragraph, the term "expected costs", with respect to the cost reporting period ending in a fiscal year, means the lesser of the operating costs of inpatient hospital services or target amount per discharge for the previous cost reporting period updated by the market basket percentage increase (as defined in paragraph (3)(B)(iii)) for the fiscal year.

(E)(i) In the case of an eligible hospital that is a hospital or unit that is within a class of hospital described in clause (ii) with a 12-month cost reporting period beginning before November 29, 1999, in determining the amount of the increase under subparagraph (A), the Secretary shall substitute for the percentage of the target amount applicable under subparagraph (A)(ii)—

(I) for a cost reporting period beginning on or after October 1, 2000, and before September 30, 2001, 1.5 percent; and

(XX) for each subsequent fiscal year, subject to clauses (viii), (ix), (xi), and (xii), the market basket percentage increase for hospitals in all areas.

(ii) For purposes of subparagraphs (A) and (E), the “applicable percentage increase” for 12-month cost reporting periods beginning during—

(A) fiscal year 1986, is 0.5 percent,

(B) fiscal year 1987, is 1.15 percent,

(C) fiscal year 1988, is the market basket percentage increase minus 2.0 percentage points,

(D) a subsequent fiscal year ending on or before September 30, 1993, is the market basket percentage increase,

(E) fiscal years 1994 through 1997, is the market basket percentage increase minus the applicable reduction (as defined in clause (v)(II)), or in the case of a hospital for a fiscal year for which the hospital’s update adjustment percentage (as defined in clause (v)(I)) is at least 10 percent, the market basket percentage increase,

(F) for fiscal year 1998, is 0 percent,

(G) for fiscal years 1999 through 2002, is the applicable update factor specified under clause (vi) for the fiscal year, and

(H) subsequent fiscal years is the market basket percentage increase.

(iii) For purposes of this subparagraph, the term “market basket percentage increase” means, with respect to cost reporting periods and discharges occurring in a fiscal year, the percentage, estimated by the Secretary before the beginning of the period or fiscal year, by which the cost of the mix of goods and services (including personnel costs but excluding nonoperating costs) comprising routine, ancillary, and other costs, with respect to cost reporting periods beginning during fiscal years 1986 through 1993, is increased for each fiscal year (beginning with fiscal year 1994) by the sum of any of the hospital’s applicable reductions under subclause (V) for previous fiscal years; and

(iv) For purposes of subparagraphs (C) and (D), the “applicable percentage increase” is—

(I) for 12-month cost reporting periods beginning during fiscal years 1986 through 1993, the applicable percentage increase specified in clause (ii),

(II) for fiscal year 1994, the market basket percentage increase minus 2.3 percentage points (adjusted to exclude any portion of a cost reporting period beginning during fiscal year 1993 for which the applicable percentage increase is determined under subparagraph (I)),

(III) for fiscal year 1995, the market basket percentage increase minus 2.2 percentage points, and

(IV) for fiscal year 1996 and each subsequent fiscal year, the applicable percentage increase under clause (i).

(v) For purposes of clause (ii)(V)—

(I) a hospital’s “update adjustment percentage” for a fiscal year is the percentage by which the hospital’s allowable operating costs of inpatient hospital services recognized under this subchapter for the cost reporting period beginning in fiscal year 1990 exceeds the hospital’s target amount (as determined under subparagraph (A) for such cost reporting period, increased for each fiscal year (beginning with fiscal year 1994) by the sum of any of the hospital’s applicable reductions under subclause (V) for previous fiscal years; and

(ii) the “applicable reduction” with respect to a hospital for a fiscal year is the lesser of 1 percentage point or the percentage point difference between 10 percent and the hospital’s update adjustment percentage for the fiscal year.

(vi) For purposes of clause (ii)(VII) for a fiscal year, if a hospital’s allowable operating costs of inpatient hospital services recognized under this subchapter for the most recent cost reporting period for which information is available—

(I) is equal to, or exceeds, 110 percent of the hospital’s target amount (as determined under subparagraph (A) for such cost reporting period), the applicable update factor specified under this clause is the market basket percentage;

(II) exceeds 100 percent, but is less than 110 percent, of such target amount for the hospital, the applicable update factor specified under this clause is 0 percent or, if greater, the market basket percentage minus 0.25 percentage points for each percentage point by which such allowable operating costs (expressed as a percentage of such target amount) is less than 110 percent of such target amount;

(III) is equal to, or less than 100 percent, but exceeds ½ of such target amount for the hospital, the applicable update factor specified under this clause is 0 percent or, if greater, the market basket percentage minus 2.5 percentage points; or

(IV) does not exceed ½ of such target amount for the hospital, the applicable update factor specified under this clause is 0 percent.

(vii)(I) For purposes of clause (i)(XIX) for fiscal years 2005 and 2006, in a case of a subsection (d) hospital that does not submit data to the Secretary in accordance with subclause (II) with respect to such a fiscal year, the applicable percentage increase under such clause shall be reduced by 0.4 percentage points. Such reduction shall apply only with respect to the fiscal year involved, and the Secretary shall not take into account such reduction in computing the applicable percentage increase under clause (i)(XIX) for a subsequent fiscal year.

(II) For fiscal years 2005 and 2006, each subsection (d) hospital shall submit to the Secretary quality data (for a set of 10 indicators established by the Secretary as of November 1, 2003) that relate to the quality of care furnished by the hospital in inpatient settings in a form and manner, and at a time, specified by the Secretary for purposes of this clause, but with respect to fiscal year 2005, the Secretary shall provide for a 30-day grace period for the submission of data by a hospital.

(viii)(I) For purposes of clause (i) for fiscal year 2007 and each subsequent fiscal year, in the
case of a subsection (d) hospital that does not submit, to the Secretary in accordance with this clause, data required to be submitted on measures selected under this clause with respect to such a fiscal year, the applicable percentage increase otherwise applicable under clause (i) for such fiscal year shall be reduced by 2.0 percentage points (or, beginning with fiscal year 2015, by one-quarter of such applicable percentage increase (determined without regard to clause (ix), (xi), or (xii))). Such reduction shall apply only with respect to the fiscal year involved and the Secretary shall not take into account such reduction in computing the applicable percentage increase under clause (i) for a subsequent fiscal year, and the Secretary and the Medicare Payment Advisory Commission shall carry out the requirements under section 5001(b) of the Deficit Reduction Act of 2005.

(II) Each subsection (d) hospital shall submit data on measures selected under this clause to the Secretary in a form and manner, and at a time, specified by the Secretary for purposes of this clause. The Secretary may require hospitals to submit data on measures that are not used for the determination of value-based incentive payments under subsection (o).

(III) The Secretary shall expand, beyond the measures specified under clause (vi)(II) and consistent with the succeeding subclauses, the set of measures that the Secretary determines to be appropriate for the measurement of the quality of care (including medication errors) furnished by hospitals in inpatient settings.

(IV) Effective for payments beginning with fiscal year 2007, in expanding the number of measures under subclause (III), the Secretary shall begin to adopt the baseline set of performance measures as set forth in the November 2005 report by the Institute of Medicine of the National Academy of Sciences under section 238(b) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(V) Effective for payments for fiscal years 2008 through 2012, the Secretary shall add other measures that reflect consensus among affected parties and, to the extent feasible and practicable, shall include measures set forth by one or more national consensus building entities.

(VI) For purposes of this clause and clause (vii), the Secretary may replace any measures or indicators in appropriate cases, such as where all hospitals are effectively in compliance or the measures or indicators have been subsequently shown not to represent the best clinical practice.

(VII) The Secretary shall establish procedures for making information regarding measures submitted under this clause available to the public. Such procedures shall ensure that a hospital has the opportunity to review the data that are to be made public with respect to the hospital prior to such data being made public. The Secretary shall report quality measures of process, structure, outcome, patients' perspectives on care, efficiency, and costs of care that relate to services furnished in inpatient settings in hospitals on the Internet website of the Centers for Medicare & Medicaid Services.

(VIII) Effective for payments beginning with fiscal year 2013, with respect to quality measures for outcomes of care, the Secretary shall provide for such risk adjustment as the Secretary determines to be appropriate to maintain incentives for hospitals to treat patients with severe illnesses or conditions.

(IX)(aa) Effective for payments beginning with fiscal year 2013, each measure specified by the Secretary under this clause shall be endorsed by the entity with a contract under section 1395aaa(a) of this title. (bb) In the case of a specified area or medical topic determined appropriate by the Secretary for which a feasible and practical measure has not been endorsed by the entity with a contract under section 1395aaa(a) of this title, the Secretary may specify a measure that is not so endorsed as long as due consideration is given to measures that have been endorsed or adopted by a consensus organization identified by the Secretary.

(X) To the extent practicable, the Secretary shall, with input from consensus organizations and other stakeholders, take steps to ensure that the measures specified by the Secretary under this clause are coordinated and aligned with quality measures applicable to—

(aa) physicians under section 1395w–4(k) of this title; and

(bb) other providers of services and suppliers under this subchapter.

(XI) The Secretary shall establish a process to validate measures specified under this clause as appropriate. Such process shall include the auditing of a number of randomly selected hospitals sufficient to ensure validity of the reporting program under this clause as a whole and shall provide a hospital with an opportunity to appeal the validation of measures reported by such hospital.

(XII)(aa) With respect to a Hospital Consumer Assessment of Healthcare Providers and Systems survey (or a successor survey) conducted on or after January 1, 2020, such survey may not include questions about communication by hospital staff with an individual about such individual's pain unless such questions take into account, as applicable, whether an individual experiencing pain was informed about risks associated with the use of opioids and about non-opioid alternatives for the treatment of pain.

(bb) The Secretary shall not include on the Hospital Compare internet website any measures based on the questions appearing on the Hospital Consumer Assessment of Healthcare Providers and Systems survey in 2018 or 2019 about communication by hospital staff with an individual about such individual's pain.

(IX)(I) For purposes of clause (i) for fiscal year 2015 and each subsequent fiscal year, in the case of an eligible hospital (as defined in subsection (n)(6)) that is not a meaningful EHR user (as defined in subsection (n)(3)) for an EHR reporting period for such fiscal year, three-quarters of the applicable percentage increase otherwise applicable under clause (i) (determined without regard to clause (viii), (xii), or (xii)) for such fiscal year shall be reduced by 33% percent for fiscal year 2015, 66% percent for fiscal year 2016, and 100 percent for fiscal year 2017 and each subsequent fiscal year. Such reduction shall apply only with respect to the fiscal year involved and
the Secretary shall not take into account such reduction in computing the applicable percentage increase under clause (i) for a subsequent fiscal year.

(II) The Secretary may, on a case-by-case basis and, with respect to the application of subclause (I) for fiscal year 2017, for categories of subsection (d) hospitals, as established by the Secretary and posted on the Internet website of the Centers for Medicare & Medicaid Services prior to December 15, 2015, exempt any hospital from the application of subclause (I) with respect to a fiscal year if the Secretary determines, subject to annual renewal, that requiring such hospital to be a meaningful EHR user during such fiscal year would result in a significant hardship, such as in the case of a hospital in a rural area without sufficient Internet access. The Secretary shall extend an eligible hospital from the application of the payment adjustment under subclause (I) with respect to a fiscal year, subject to annual renewal, if the Secretary determines that compliance with the requirement for being a meaningful EHR user is not possible because the certified EHR technology used by such hospital is decertified under a program kept or recognized pursuant to section 300j–11(c)(5) of this title. In no case may a hospital be granted an exemption under this subclause for more than 5 years.

(III) For fiscal year 2015 and each subsequent fiscal year, any period as specified by the Secretary and posted on the Internet website of the Centers for Medicare & Medicaid Services prior to December 15, 2015, an application for which must be submitted to the Secretary by not later than April 1, 2016, exempt an eligible hospital from the application of subclause (I) for fiscal year 2017, for categories of subsection (d) hospitals, as established by the Secretary and posted on the Internet website of the Centers for Medicare & Medicaid Services prior to December 15, 2015, exempt any hospital from the application of subclause (I) with respect to a fiscal year if the Secretary determines, subject to annual renewal, that requiring such hospital to be a meaningful EHR user during such fiscal year would result in a significant hardship, such as in the case of a hospital in a rural area without sufficient Internet access. The Secretary shall extend an eligible hospital from the application of the payment adjustment under subclause (I) with respect to a fiscal year, subject to annual renewal, if the Secretary determines that compliance with the requirement for being a meaningful EHR user is not possible because the certified EHR technology used by such hospital is decertified under a program kept or recognized pursuant to section 300j–11(c)(5) of this title. In no case may a hospital be granted an exemption under this subclause for more than 5 years.

(IV) For purposes of this clause, the term “EHR reporting period” means, with respect to a fiscal year, any period (or periods) as specified by the Secretary.

(x) The Secretary shall develop standard Internet website reports tailored to meet the needs of various stakeholders such as hospitals, patients, researchers, and policymakers. The Secretary shall seek input from such stakeholders in determining the type of information that is useful and the formats that best facilitate the use of the information.

(II) The Secretary shall modify the Hospital Compare Internet website to make the use and navigation of that website readily available to individuals accessing it.

(xi)(I) For 2012 and each subsequent fiscal year, after determining the applicable percentage increase described in clause (i) and after application of clauses (viii) and (ix), such percentage increase shall be reduced by the productivity adjustment described in subclause (II).

(II) The productivity adjustment described in this subclause, with respect to a percentage, factor, or update for a fiscal year, year, cost reporting period, or other annual period, is a productivity adjustment equal to the 10-year moving average of changes in annual economy-wide private nonfarm business multi-factor productivity (as projected by the Secretary for the 10-year period ending with the applicable fiscal year, year, cost reporting period, or other annual period).

(III) The application of subclause (I) may result in the applicable percentage increase described in clause (i) being less than 0.0 for a fiscal year, and may result in payment rates under this section for a fiscal year being less than such payment rates for the preceding fiscal year.

(xii) After determining the applicable percentage increase described in clause (i), and after application of clauses (viii), (ix), and (xi), the Secretary shall reduce such applicable percentage increase—

(I) for each of fiscal years 2010 and 2011, by 0.25 percentage point;

(II) for each of fiscal years 2012 and 2013, by 0.1 percentage point;

(III) for fiscal year 2014, by 0.3 percentage point;

(IV) for each of fiscal years 2015 and 2016, by 0.2 percentage point; and

(V) for each of fiscal years 2017, 2018, and 2019, by 0.75 percentage point.

The application of this clause may result in the applicable percentage increase described in clause (i) being less than 0.0 for a fiscal year, and may result in payment rates under this section for a fiscal year being less than such payment rates for the preceding fiscal year.

(C) In the case of a hospital that is a sole community hospital (as defined in subsection (d)(5)(D)(iii)), subject to subparagraphs (I) and (L), the term “target amount” means—

(i) with respect to the first 12-month cost reporting period in which this subparagraph is applied to the hospital—

(II) the allowable operating costs of inpatient hospital services (as defined in subsection (a)(4)) recognized under this subchapter for the hospital for the 12-month cost reporting period (in this subparagraph referred to as the “base cost reporting period”) preceding the first cost reporting period for which this subsection was in effect with respect to such hospital, increased (in a compounded manner) by—

(ii) with respect to a later cost reporting period beginning before fiscal year 1994, the target amount for the preceding 12-month cost reporting period, increased by the applicable percentage increase under subparagraph (B)(iv) for discharges occurring in the fiscal year in which that later cost reporting period begins,

(iii) with respect to discharges occurring in fiscal year 1994, the target amount for the cost reporting period beginning in fiscal year 1993 increased by the applicable percentage increase under subparagraph (B)(iv), or
(iv) with respect to discharges occurring in fiscal year 1995 and each subsequent fiscal year, the target amount for the preceding year increased by the applicable percentage increase under subparagraph (B)(iv).

There shall be substituted for the base cost reporting period described in clause (i) a hospital’s cost reporting period (if any) beginning during fiscal year 1987 if such substitution results in an increase in the target amount for the hospital.

(D) For cost reporting periods ending on or before September 30, 1994, and for discharges occurring on or after October 1, 1997, and before October 1, 2022, in the case of a hospital that is a medicare-dependent, small rural hospital (as defined in subsection (d)(5)(G)), subject to subparagraph (K), the term “target amount” means—

(i) with respect to the first 12-month cost reporting period in which this subparagraph is applied to the hospital—

(I) the allowable operating costs of inpatient hospital services (as defined in subsection (a)(4)) recognized under this subchapter for the hospital for the 12-month cost reporting period (in this subparagraph referred to as the “base cost reporting period”) preceding the first cost reporting period for which this subsection was in effect with respect to such hospital, increased (in a compounded manner) by—

(II) the applicable percentage increases applied to such hospital under this paragraph for cost reporting periods after the base cost reporting period and up to and including such first 12-month cost reporting period, or

(ii) with respect to a later cost reporting period beginning before fiscal year 1994, the target amount for the preceding 12-month cost reporting period, increased by the applicable percentage increase under subparagraph (B)(iv) for discharges occurring in the fiscal year in which that later cost reporting period begins,

(iii) with respect to discharges occurring in fiscal year 1994, the target amount for the cost reporting period beginning in fiscal year 1993 increased by the applicable percentage increase under subparagraph (B)(iv), and

(iv) with respect to discharges occurring during fiscal year 1998 through fiscal year 2022, the target amount for the preceding year increased by the applicable percentage increase under subparagraph (B)(iv).

There shall be substituted for the base cost reporting period described in clause (i) a hospital’s cost reporting period (if any) beginning during fiscal year 1987 if such substitution results in an increase in the target amount for the hospital.

(B) subject to subparagraph (K), the term “target amount” means—

(i) with respect to the first 12-month cost reporting period in which this subparagraph is applied to the hospital—

(I) the allowable operating costs of inpatient hospital services (as defined in subsection (a)(4)) recognized under this subchapter for the hospital for the 12-month cost reporting period (in this subparagraph referred to as the “base cost reporting period”) preceding the first cost reporting period for which this subsection was in effect with respect to such hospital, increased (in a compounded manner) by—

(II) the applicable percentage increases applied to such hospital under this paragraph for cost reporting periods after the base cost reporting period and up to and including such first 12-month cost reporting period, or

(ii) with respect to a later cost reporting period beginning before fiscal year 1994, the target amount for the preceding 12-month cost reporting period, increased by the applicable percentage increase under subparagraph (B)(ii) for that later cost reporting period.

There shall be substituted for the base cost reporting period described in clause (i) a hospital’s cost reporting period (if any) beginning during fiscal year 1987 if such substitution results in an increase in the target amount for the hospital.

(C) in the case of a hospital (or unit described in the matter following clause (v) of such subsection) that received payment under this subsection for inpatient hospital services furnished during cost reporting periods beginning before October 1, 1990, that is within a class of hospital described in clause (iii), and that elects (in a form and manner determined by the Secretary) this subparagraph to apply to the hospital, the target amount for the hospital’s 12-month cost reporting period beginning during fiscal year 1998 is equal to the average described in clause (ii).

(ii) The average described in this clause for a hospital or unit shall be determined by the Secretary as follows:

(I) The Secretary shall determine the allowable operating costs of inpatient hospital services for the hospital or unit for each of the 5 cost reporting periods for which the Secretary has the most recent settled cost reports as of August 5, 1997.

(II) The Secretary shall increase the amount determined under subclause (I) for each cost reporting period by the applicable percentage increase under subparagraph (B)(ii) for each subsequent cost reporting period up to the cost reporting period described in clause (i).

(III) The Secretary shall identify among such 5 cost reporting periods the cost reporting periods for which the amount determined under subclause (II) is the highest, and the lowest.

(IV) The Secretary shall compute the averages of the amounts determined under subclause (II) for the 3 cost reporting periods not identified under subclause (III).

(iii) For purposes of this subparagraph, each of the following shall be treated as a separate class of hospital:

(I) Hospitals described in clause (i) of subsection (d)(1)(B) and psychiatric units described in the matter following clause (v) of such subsection.

(II) Hospitals described in clause (ii) of such subsection and rehabilitation units described in the matter following clause (v) of such subsection.
(III) Hospitals described in clause (iii) of such subsection.

(IV) Hospitals described in clause (iv) of such subsection.

(V) Hospitals described in clause (v) of such subsection.

(G)(i) In the case of a qualified long-term care hospital (as defined in clause (ii)) that elects (in clause (iii) of such subsection to apply to the hospital the target amount for the hospital’s 12-month cost reporting period beginning during fiscal year 1996 is equal to the allowable operating costs of inpatient hospital services (as defined in subsection (a)(4)) recognized under this subchapter for the hospital for the 12-month cost reporting period beginning during fiscal year 1996, increased by the applicable percentage increase for the cost reporting period beginning during fiscal year 1997.

(ii) In clause (i), a “qualified long-term care hospital” means, with respect to a cost reporting period, a hospital described in clause (iv) of subsection (d)(1)(B) during each of the 2 cost reporting periods for which the Secretary has the most recent settled cost reports as of August 5, 1997, for each of which—

(I) the hospital’s allowable operating costs of inpatient hospital services recognized under this subchapter exceeded 115 percent of the hospital’s target amount, and

(II) the hospital would have a disproportionate patient percentage of at least 70 percent (as determined by the Secretary under subsection (d)(5)(F)(vi)) if the hospital were a subsection (d) hospital.

(H)(i) In the case of a hospital or unit that is within a class of hospital described in clause (iv), for a cost reporting period beginning during fiscal years 1998 through 2002, the target amount for such a hospital or unit may not exceed the amount as updated up to or for such cost reporting period under clause (ii).

(ii) In the case of a hospital or unit that is within a class of hospital described in clause (iv), the Secretary shall estimate the 75th percentile of the target amounts for such hospitals within such class for cost reporting periods ending during fiscal year 1996, as adjusted under clause (iii).

(ii) The Secretary shall update the amount determined under subclause (I), for each cost reporting period after the cost reporting period described in such subclause and up to the first cost reporting period beginning on or after October 1, 1997, by a factor equal to the market basket percentage increase.

(III) For cost reporting periods beginning during each of fiscal years 1998 through 2002, subject to subparagraph (J), the Secretary shall update such amount by a factor equal to the market basket percentage increase.

(iii) In applying clause (ii)(I) in the case of a hospital or unit, the Secretary shall provide for an appropriate adjustment to the labor-related portion of the amount determined under such subparagraph to take into account differences between average wage-related costs in the area of the hospital and the national average of such costs within the same class of hospital.

(iv) For purposes of this subparagraph, each of the following shall be treated as a separate class of hospital:

(I) Hospitals described in clause (i) of subsection (d)(1)(B) and psychiatric units described in the matter following clause (v) of such subsection.

(II) Hospitals described in clause (ii) of such subsection and rehabilitation units described in the matter following clause (v) of such subsection.

(III) Hospitals described in clause (iv) of such subsection.

(1) Subject to subparagraph (L), for cost reporting periods beginning on or after October 1, 2000, in the case of a sole community hospital there shall be substituted for the amount otherwise determined under subsection (d)(5)(D)(i), if such substitution results in a greater amount of payment under this section for the hospital—

(I) with respect to discharges occurring in fiscal year 2001, 75 percent of the amount otherwise applicable to the hospital under subsection (d)(5)(D)(i) (referred to in this clause as the “subsection (d)(5)(D)(i) amount”) and 25 percent of the rebased target amount (as defined in clause (ii));

(II) with respect to discharges occurring in fiscal year 2002, 50 percent of the subsection (d)(5)(D)(i) amount and 50 percent of the rebased target amount;

(III) with respect to discharges occurring in fiscal year 2003, 25 percent of the subsection (d)(5)(D)(i) amount and 75 percent of the rebased target amount;

(IV) with respect to discharges occurring after fiscal year 2003, 100 percent of the rebased target amount.

(ii) For purposes of this subparagraph, the “rebased target amount” has the meaning given the term “target amount” in subparagraph (C) except that—

(I) there shall be substituted for the base cost reporting period the 12-month cost reporting period beginning during fiscal year 1996;

(II) any reference in subparagraph (C)(i) to the “first cost reporting period” described in such subparagraph is deemed a reference to the first cost reporting period beginning on or after October 1, 2000; and

(III) applicable increase percentage shall only be applied under subparagraph (C)(iv) for discharges occurring in fiscal years beginning with fiscal year 2002.

(iii) In no case shall a hospital be denied treatment as a sole community hospital or payment (on the basis of a target rate as such as a hospital) because data are unavailable for any cost reporting period due to changes in ownership, changes in fiscal intermediaries, or other extraordinary circumstances, so long as data for at least one applicable base cost reporting period is available.

(J) For cost reporting periods beginning during fiscal year 2001, for a hospital described in subsection (d)(1)(B)(iv)—

(i) the limiting or cap amount otherwise determined under subparagraph (H) shall be increased by 2 percent; and
(ii) the target amount otherwise determined under subparagraph (A) shall be increased by 25 percent (subject to the limiting or cap amount determined under subparagraph (H), as increased by clause (i)).

(K)(i) With respect to discharges occurring on or after October 1, 2006, in the case of a Medicare-dependent, small rural hospital, for purposes of applying subparagraph (D)—

(I) there shall be substituted for the base cost reporting period described in subparagraph (D)(i) the 12-month cost reporting period beginning during fiscal year 2002; and

(II) any reference in such subparagraph to the “first cost reporting period” described in such subparagraph is deemed a reference to the first cost reporting period beginning on or after October 1, 2006.

(ii) This subparagraph shall only apply to a hospital if the substitution described in clause (i)(I) results in an increase in the target amount under subparagraph (D) for the hospital.

(L)(i) For cost reporting periods beginning on or after January 1, 2009, in the case of a sole community hospital there shall be substituted for the amount otherwise determined under subsection (d)(5)(D)(i) of this section, if such substitution results in a greater amount of payment under this section for the hospital, the subparagraph (L) rebased target amount.

(ii) For purposes of this subparagraph, the term “subparagraph (L) rebased target amount” has the meaning given the term “target amount” in subparagraph (C), except that—

(I) there shall be substituted for the base cost reporting period the 12-month cost reporting period beginning during fiscal year 2006;

(II) any reference in subparagraph (C)(i) to the “first cost reporting period” described in such subparagraph is deemed a reference to the first cost reporting period beginning on or after January 1, 2009; and

(III) the applicable percentage increase shall only be applied under subparagraph (C)(iv) for discharges occurring on or after January 1, 2009.

(4)(A)(i) The Secretary shall provide for an exception and adjustment to (and in the case of a hospital described in subsection (d)(1)(B)(iii), may provide an exemption from) the method under this subsection for determining the amount of payment to a hospital where events beyond the hospital’s control or extraordinary circumstances, including changes in the case mix of such hospital, create a distortion in the increase in costs for a cost reporting period (including any distortion in the costs for the base period against which such increase is measured). The Secretary may provide for such other exemptions from, and exceptions and adjustments to, such method as the Secretary deems appropriate, including the assignment of a new base period which is more representative, as determined by the Secretary, of the reasonable and necessary cost of inpatient services and including those which he deems necessary to take into account a decrease in the inpatient hospital services that a hospital provides and that are customarily provided directly by similar hospitals which results in a significant distortion in the operating costs of inpatient hospital services. The Secretary shall announce a decision on any request for an exemption, exception, or adjustment under this paragraph not later than 180 days after receiving a completed application from the intermediary for such exemption, exception, or adjustment, and shall include in such decision a detailed explanation of the grounds on which such request was approved or denied.

(ii) The payment reductions under paragraph (3)(B)(ii)(V) shall not be considered by the Secretary in making adjustments pursuant to clause (i). In making such reductions, the Secretary shall treat the applicable update factor described in paragraph (3)(B)(vi) for a fiscal year as being equal to the market basket percentage for that year.

(B) In determining under subparagraph (A) whether to assign a new base period which is more representative of the reasonable and necessary cost to a hospital of providing inpatient services, the Secretary shall take into consideration—

(i) changes in applicable technologies and medical practices, or differences in the severity of illness among patients, that increase the hospital’s costs;

(ii) whether increases in wages and wage-related costs for hospitals located in the geographic area in which the hospital is located exceed the average of the increases in such costs paid by hospitals in the United States; and

(iii) such other factors as the Secretary considers appropriate in determining increases in the hospital’s costs of providing inpatient services.

(C) Paragraph (1) shall not apply to payment of hospitals which is otherwise determined under paragraph (3) of section 1395f(b) of this title.

(5) In the case of any hospital having any cost reporting period of other than a 12-month period, the Secretary shall determine the 12-month period which shall be used for purposes of this section.

(6) In the case of any hospital which becomes subject to the taxes under section 3111 of the Internal Revenue Code of 1986, with respect to any or all of its employees, for part or all of a cost reporting period, and was not subject to such taxes with respect to any or all of its employees for all or part of the 12-month base cost reporting period referred to in subsection (b)(3)(A)(i), the Secretary shall provide for an adjustment by increasing the base period amount described in such subsection for such hospital by an amount equal to the amount of such taxes which would have been paid or accrued by such hospital for such base period if such hospital had been subject to such taxes for all of such base period with respect to all its employees, minus the amount of any such taxes actually paid or accrued for such base period.

(7)(A) Notwithstanding paragraph (1), in the case of a hospital or unit that is within a class of hospital described in subparagraph (B) which first receives payments under this section on or after October 1, 1997—

(i) for each of the first 2 cost reporting periods for which the hospital has a settled cost
report, the amount of the payment with respect to operating costs described in paragraph (1) under part A on a per discharge or per admission basis (as the case may be) is equal to the lesser of—

(I) the amount of operating costs for such respective period, or

(II) 110 percent of the national median (as estimated by the Secretary) of the target amount for hospitals in the same class as the hospital for cost reporting periods ending during fiscal year 1996, updated by the hospital market basket increase percentage to the fiscal year in which the hospital first received payments under this section, as adjusted under subparagraph (C); and

(ii) for purposes of computing the target amount for the subsequent cost reporting period, the target amount for the preceding cost reporting period is equal to the amount determined under clause (I) for such preceding period.

(B) For purposes of this paragraph, each of the following shall be treated as a separate class of hospital:

(i) Hospitals described in clause (i) of subsection (d)(1)(B) and psychiatric units described in the matter following clause (v) of such subsection.

(ii) Hospitals described in clause (ii) of such subsection and rehabilitation units described in the matter following clause (v) of such subsection.

(iii) Hospitals described in clause (iv) of such subsection.

(C) In applying subparagraph (A)(i)(II) in the case of a hospital or unit, the Secretary shall provide for an appropriate adjustment to the labor-related portion of the amount determined under such subparagraph to take into account differences between average wage-related costs in the area of the hospital and the national average of such costs within the same class of hospital.

(c) Payment in accordance with State hospital reimbursement control system; amount of payment; discontinuance of payments

1. The Secretary may provide, in his discretion, that payment with respect to services provided by a hospital in a State may be made in accordance with a hospital reimbursement control system in a State, rather than in accordance with the other provisions of this subchapter, if the chief executive officer of the State requests such treatment and if—

(A) the Secretary determines that the system, if approved under this subsection, will apply (i) to substantially all non-Federal acute care hospitals (as defined by the Secretary) in the State and (ii) to the review of at least 75 percent of all revenues or expenses in the State for inpatient hospital services and of revenues or expenses for inpatient hospital services provided under the State’s plan approved under subchapter XIX;

(B) the Secretary has been provided satisfactory assurances as to the equitable treatment under the system of all entities (including Federal and State programs) that pay hospitals for inpatient hospital services, of hospital employees, and of hospital patients;

(C) the Secretary has been provided satisfactory assurances that under the system, over 36-month periods (the first such period beginning with the first month in which this subsection applies to that system in the State), the amount of payments made under this subchapter under such system will not exceed the amount of payments which would otherwise have been made under this subchapter not using such system;

(D) the Secretary determines that the system will not preclude an eligible organization (as defined in section 1395mm(b) of this title) from negotiating directly with hospitals with respect to the organization’s rate of payment for inpatient hospital services; and

(E) the Secretary determines that the system requires hospitals to meet the requirement of section 1395cc(a)(1)(G) of this title and the system provides for the exclusion of certain costs in accordance with section 1395y(a)(14) of this title (except for such waivers thereof as the Secretary provides by regulation).

2. The Secretary cannot deny the application of a State under this subsection on the ground that the State’s hospital reimbursement control system is based on a payment methodology other than on the basis of a diagnosis-related group or on the ground that the amount of payments made under this subchapter under such system must be less than the amount of payments which would otherwise have been made under this subchapter not using such system. If the Secretary determines that the conditions described in subparagraph (C) are based on maintaining payment amounts at no more than a specified percentage increase above the payment amounts in a base period, the State has the option of applying such test (for inpatient hospital services under part A) on an aggregate payment basis or on the basis of the amount of payment per inpatient discharge or admission. If the Secretary determines that the conditions described in subparagraph (C) are based on maintaining aggregate payment amounts below a national average percentage increase in total payments per inpatient discharge or admission.

3. The Secretary cannot deny the application of a State under this subsection on the ground that the State’s rate of increase in such payments for such services must be less than such national average rate of increase.

4. In determining under paragraph (1)(C) the amount of payment which would otherwise have been made under this subchapter for a State, the Secretary may provide for appropriate adjustment of such amount to take into account previous reductions effected in the amount of payments made under this subchapter in the State due to the operation of the hospital reimbursement control system in the State if the system has resulted in an aggregate rate of increase in operating costs of inpatient hospital services (as defined in subsection (a)(4)) under this subchapter for hospitals in the State which is less than the aggregate rate of increase in such costs under this subchapter for hospitals in the United States.
(3) The Secretary shall discontinue payments under a system described in paragraph (1) if the Secretary—
   (A) determines that the system no longer meets the requirements of subparagraphs (A), (D), (E), or paragraph (1) and, if applicable, the requirements of paragraph (5), or
   (B) has reason to believe that the assurances described in subparagraph (B) or (C) of paragraph (1) (or, if applicable, in paragraph (5)) are not being (or will not be) met.

(4) The Secretary shall approve the request of a State under paragraph (1) with respect to a hospital reimbursement control system if—
   (A) the requirements of subparagraphs (A), (B), (C), (D), and (E) of paragraph (1) have been met with respect to the system, and
   (B) with respect to that system a waiver of certain requirements of this subchapter has been approved on or before (and which is in effect as of) April 20, 1983, pursuant to section 1395b–1(a) of this title or section 222(a) of the Social Security Amendments of 1972.

With respect to a State system described in this paragraph, the Secretary shall judge the effectiveness of such system on the basis of its rate of increase or inflation in inpatient hospital payments for individuals under this subchapter, as compared to the national rate of increase or inflation for such payments, with the State retaining the option to have the test applied on the basis of the aggregate payments under the State system as compared to aggregate payments which would have been made under the national system since October 1, 1984, to the most recent date for which annual data are available.

(5) The Secretary shall approve the request of a State under paragraph (1) with respect to a hospital reimbursement control system if—
   (A) the requirements of subparagraphs (A), (B), (C), (D), and (E) of paragraph (1) have been met with respect to the system;
   (B) the Secretary determines that the system—
      (i) is operated directly by the State or by an entity designated pursuant to State law,
      (ii) provides for payment of hospitals covered under the system in a methodology (which sets forth exceptions and adjustments, as well as any method for changes in the methodology) by which rates or amounts to be paid for hospital services during a specified period are established under the system prior to the defined rate period, and
      (iii) hospitals covered under the system will make such reports (in lieu of cost and other reports, identified by the Secretary, otherwise required under this subchapter) as the Secretary may require in order to properly monitor assurances provided under this subsection;
   (C) the State has provided the Secretary with satisfactory assurances that operation of the system will not result in any change in hospital admission practices which result in—
      (i) a significant reduction in the proportion of individuals admitted to hospitals for inpatient hospital services for which payment is (or is likely to be) less than the anticipated charges for or costs of such services;
      (ii) the refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital, or
      (iii) the refusal to provide emergency services to any person who is in need of emergency services if the hospital provides such services;
   (D) any change by the State in the system which has the effect of materially reducing payments to hospitals can only take effect upon 60 days notice to the Secretary and to the hospitals the payment to which is likely to be materially affected by the change;
   (E) the State has provided the Secretary with satisfactory assurances that in the development of the system the State has consulted with local governmental officials concerning the impact of the system on public hospitals.

The Secretary shall respond to requests of States under this paragraph within 60 days of the date the request is submitted to the Secretary.

(6) If the Secretary determines that the assurances described in paragraph (1)(C) have not been met with respect to any 36-month period, the Secretary may reduce payments under this subchapter to hospitals under the system in an amount equal to the amount by which the payment under this subchapter under such system for such period exceeded the amount of payments which would otherwise have been made under this subchapter not using such system.

(7) In the case of a State which made a request under paragraph (5) before December 31, 1984, for the approval of a State hospital reimbursement control system and which request was approved—
   (A) in applying paragraphs (1)(C) and (6), a reference to a "36-month period" is deemed a reference to a "48-month period'', and
   (B) in order to allow the States the opportunity to provide the assurances described in paragraph (1)(C) for a 48-month period, the Secretary may not discontinue payments under the system, under the authority of paragraph (3)(A) because the Secretary has reason to believe that such assurances are not being (or will not be) met, before July 1, 1986.

(d) Inpatient hospital service payments on basis of prospective rates; Medicare Geographical Classification Review Board

(1)(A) Notwithstanding section 1395f(b) of this title but subject to the provisions of section 1395e of this title, the amount of the payment with respect to the operating costs of inpatient hospital services (as defined in subsection (a)(4)) of a subsection (d) hospital (as defined in subsection (d)) for inpatient hospital discharges in a cost reporting period or in a fiscal year—
   (i) beginning on or after October 1, 1983, and before October 1, 1984, is equal to the sum of—
(I) the target percentage (as defined in subparagraph (C)) of the hospital’s target amount for the cost reporting period (as defined in subsection (b)(3)(A) of this section, but determined without the application of subsection (l)), and

(II) the DRG percentage (as defined in subparagraph (C)) of the regional adjusted DRG prospective payment rate determined under paragraph (2) for such discharges;

(ii) beginning on or after October 1, 1984, and before October 1, 1987, is equal to the sum of—

(I) the target percentage (as defined in subparagraph (C)) of the hospital’s target amount for the cost reporting period (as defined in subsection (b)(3)(A), but determined without the application of subsection (a)), and

(II) the DRG percentage (as defined in subparagraph (C)) of the applicable combined adjusted DRG prospective payment rate determined under subparagraph (D) for such discharges; or

(iii) beginning on or after April 1, 1988, is equal to—

(I) the national adjusted DRG prospective payment rate determined under paragraph (3) for such discharges;

(II) for discharges occurring during a fiscal year ending on or before September 30, 1996, the sum of 85 percent of the national adjusted DRG prospective payment rate determined under paragraph (3) for such discharges and 15 percent of the regional adjusted DRG prospective payment rate determined under such paragraph, but only if the average standardized amount (described in clause (i)(I) or clause (i)(II) of paragraph (3)(D)) for hospitals within the region of, and in the same large urban or other area, is greater than the average standardized amount (described in the respective clause) for hospitals within the United States in that type of area for discharges occurring during such fiscal year.

(B) As used in this section, the term “subsection (d) hospital” means a hospital located in one of the fifty States or the District of Columbia other than—

(i) a psychiatric hospital (as defined in section 1395x(f)(1) of this title),

(ii) a rehabilitation hospital (as defined by the Secretary),

(iii) a hospital whose inpatients are predominantly individuals under 18 years of age,

(iv) a hospital which has an average inpatient length of stay (as determined by the Secretary) of greater than 25 days,

(v) a hospital that the Secretary has classified, at any time on or before December 31, 1990, for purposes of applying exceptions and adjustments to payment amounts under this subsection, as a hospital involved extensively in treatment for or research on cancer,

(II) a hospital that was recognized as a comprehensive cancer center or clinical cancer research center by the National Cancer Institute of the National Institutes of Health as of April 20, 1983, that is located in a State which, as of December 19, 1989, was not operating a demonstration project under section 1395f(b) of this title, that applied and was denied before December 31, 1990, for classification as a hospital involved extensively in treatment for or research on cancer under this clause (as in effect on the day before August 5, 1997), that as of August 5, 1997, is licensed for less than 50 acute care beds, and that demonstrates for the 4-year period ending on December 31, 1996, that at least 50 percent of its total discharges have a principal finding of neoplastic disease, as defined in subparagraph (E), or

(III) a hospital that was recognized as a clinical cancer research center by the National Cancer Institute of the National Institutes of Health as of February 18, 1998, that has never been reimbursed for inpatient hospital services pursuant to a reimbursement system under a demonstration project under section 1395f(b) of this title, that is a freestanding facility organized primarily for treatment of and research on cancer and is not a unit of another hospital, that, as of December 6, 2000, is licensed for 162 acute care beds, and that demonstrates for the 4-year period ending on June 30, 1999, that, at least 50 percent of its total discharges have a principal finding of neoplastic disease, as defined in subparagraph (E), or

(vi) a hospital that first received payment under this subsection in 1986 which has an average inpatient length of stay (as determined by the Secretary) of greater than 20 days and that has 80 percent or more of its annual Medicare inpatient discharges with a principal diagnosis that reflects a finding of neoplastic disease in the 12-month cost reporting period ending in fiscal year 1997;

and, in accordance with regulations of the Secretary, does not include a psychiatric or rehabilitation unit of the hospital which is a distinct part of the hospital (as defined by the Secretary). A hospital that was classified by the Secretary on or before September 30, 1995, as a hospital described in clause (iv) (as in effect of such date) shall continue to be so classified (or, in the case of a hospital described in clause (iv)(II), as so in effect, shall be classified under clause (vi) on and after the effective date of such clause (vi) and for cost reporting periods beginning on or after January 1, 2015, shall not be subject to subsection (m) as of the date of such classification notwithstanding that it is located in the same building as, or on the same campus as, another hospital.

(C) For purposes of this subsection, for cost reporting periods beginning—

(i) on or after October 1, 1983, and before October 1, 1984, the “target percentage” is 75 percent and the “DRG percentage” is 25 percent;

(ii) on or after October 1, 1984, and before October 1, 1985, the “target percentage” is 50 percent and the “DRG percentage” is 50 percent;
(iii) on or after October 1, 1985, and before October 1, 1986, the “target percentage” is 45 percent and the “DRG percentage” is 55 percent; and

(iv) on or after October 1, 1986, and before October 1, 1987, the “target percentage” is 25 percent and the “DRG percentage” is 75 percent.

(D) For purposes of subparagraph (A)(ii)(II), the “applicable combined adjusted DRG prospective payment rate” for discharges occurring—

(i) on or after October 1, 1984, and before October 1, 1986, is a combined rate consisting of 25 percent of the national adjusted DRG prospective payment rate, and 75 percent of the regional adjusted DRG prospective payment rate, determined under paragraph (3) for such discharges; and

(ii) on or after October 1, 1986, and before October 1, 1987, is a combined rate consisting of 50 percent of the national adjusted DRG prospective payment rate, and 50 percent of the regional adjusted DRG prospective payment rate, determined under paragraph (3) for such discharges.

(E) For purposes of subclauses (II) and (III) of subparagraph (B)(v) only, the term “principal finding of neoplastic disease” means the condition established after study to be chiefly responsible for occasioning the admission of a patient to a hospital, except that only discharges with ICD–9–CM principal diagnosis codes of 140 through 239, V58.0, V58.1, V66.1, V66.2, or 990 will be considered to reflect such a principal diagnosis.

(2) The Secretary shall determine a national adjusted DRG prospective payment rate, for each inpatient hospital discharge in fiscal year 1984 involving inpatient hospital services of a subsection (d) hospital in the United States, and shall determine a regional adjusted DRG prospective payment rate for such discharges in each region, for which payment may be made under part A of this subchapter. Each such rate shall be determined for hospitals located in urban or rural areas within the United States or within each such region, respectively, as follows:

(A) Determining allowable individual hospital costs for base period.—The Secretary shall determine the allowable operating costs per discharge of inpatient hospital services for the hospital for the most recent cost reporting period for which data are available.

(B) Updating for fiscal year 1984.—The Secretary shall update each amount determined under subparagraph (A) for fiscal year 1984 by—

(i) updating for fiscal year 1983 by the estimated average rate of change of hospital costs industry-wide between the cost reporting period used under such subparagraph and fiscal year 1983 and the most recent case-mix data available, and

(ii) projecting for fiscal year 1984 by the applicable percentage increase (as defined in subsection (b)(3)(B)) for fiscal year 1984.

(C) Standardizing amounts.—The Secretary shall standardize the amount updated under subparagraph (B) for each hospital by—

(i) excluding an estimate of indirect medical education costs (taking into account, for discharges occurring after September 30, 1986, the amendments made by section 9104(a) of the Medicare and Medicaid Budget Reconciliation Amendments of 1985), except that the Secretary shall not take into account any reduction in the amount of additional payments under paragraph (5)(B)(ii) resulting from the amendment made by section 4621(a)(1) of the Balanced Budget Act of 1997 or any additional payments under such paragraph resulting from the application of section 111 of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999, of section 302 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, or the Medicare Prescription Drug, Improvement, and Modernization Act of 2003,

(ii) adjusting for variations among hospitals by area in the average hospital wage level,

(iii) adjusting for variations in case mix among hospitals, and

(iv) for discharges occurring on or after October 1, 1986, excluding an estimate of the additional payments to certain hospitals to be made under paragraph (5)(F), except that the Secretary shall not exclude additional payments under such paragraph made as a result of the enactment of section 6003(c) of the Omnibus Budget Reconciliation Act of 1989, the enactment of section 4002(b) of the Omnibus Budget Reconciliation Act of 1990, the enactment of section 221 of the Balanced Budget Act of 1997, or the enactment of section 101 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, or the enactment of section 402(a)(1) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(D) Computing urban and rural averages.—The Secretary shall compute an average of the standardized amounts determined under subparagraph (C) for the United States and for each region—

(i) for all subsection (d) hospitals located in an urban area within the United States or that region, respectively, and

(ii) for all subsection (d) hospitals located in a rural area within the United States or that region, respectively.

For purposes of this subsection, the term “region” means one of the nine census divisions, comprising the fifty States and the District of Columbia, established by the Bureau of the Census for statistical and reporting purposes; the term “urban area” means an area within a Metropolitan Statistical Area (as defined by the Office of Management and Budget) or within such similar area as the Secretary has recognized under subsection (a) by regulation; the term “large urban area” means, with respect to a fiscal year, such an urban area which the Secretary determines (in the publications described in subsection (e)(5) before the fiscal year) has a population of more than 1,000,000 (as determined by the Secretary based
on the most recent available population data published by the Bureau of the Census); and the term "rural area" means any area outside such an area or similar area. A hospital located in a Metropolitan Statistical Area shall be deemed to be located in the region in which the largest number of the hospitals in the same Metropolitan Statistical Area are located, or, at the option of the Secretary, the region in which the majority of the inpatient discharges (with respect to which payments are made under this subchapter) from hospitals in the same Metropolitan Statistical Area are made.

(E) Reducing for Value of Outlier Payments.—The Secretary shall reduce each of the average standardized amounts determined under subparagraph (D) by a proportion equal to the proportion (estimated by the Secretary) of the amount of payments under this subsection based on DRG prospective payment rates which are additional payments described in paragraph (5)(A) (relating to outlier payments).

(F) Maintaining Budget Neutrality.—The Secretary shall adjust each of such average standardized amounts as may be required under subsection (e)(1)(B) for that fiscal year.

(G) Computing DRG-Specific Rates for Urban and Rural Hospitals in the United States and in Each Region.—For each discharge classified within a diagnosis-related group, the Secretary shall establish a national DRG prospective payment rate and shall establish a regional DRG prospective payment rate for each region, each of which is equal—

(i) for hospitals located in an urban area in the United States or that region (respectively), to the product of—

(I) the average standardized amount (computed under subparagraph (D), reduced under subparagraph (E), and adjusted under subparagraph (F)) for hospitals located in an urban area in the United States or that region, and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group; and

(ii) for hospitals located in a rural area in the United States or that region (respectively), to the product of—

(I) the average standardized amount (computed under subparagraph (D), reduced under subparagraph (E), and adjusted under subparagraph (F)) for hospitals located in a rural area in the United States or that region, and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group.

(H) Adjusting for Different Area Wage Levels.—The Secretary shall adjust the proportion, (as estimated by the Secretary from time to time) of hospitals' costs which are attributable to wages and wage-related costs, of the national and regional DRG prospective payment rates computed under subparagraph (G) for area differences in hospital wage levels by a factor (established by the Secretary) reflecting the relative hospital wage level in the geographic area of the hospital compared to the national average hospital wage level.

(3) The Secretary shall determine a national adjusted DRG prospective payment rate, for each inpatient hospital discharge in a fiscal year after fiscal year 1984 involving inpatient hospital services of a subsection (d) hospital in the United States, and shall determine, for fiscal years before fiscal year 1997, a regional adjusted DRG prospective payment rate for such discharges in each region for which payment may be made under part A of this subchapter. Each such rate shall be determined for hospitals located in large urban, other urban, and rural areas within the United States and within each such region, respectively, as follows:

(A) Updating Previous Standardized Amounts.—(i) For discharges occurring in a fiscal year beginning before October 1, 1987, the Secretary shall compute an average standardized amount for hospitals located in an urban area and for hospitals located in a rural area within the United States and for hospitals located in an urban area and for hospitals located in a rural area within each region, equal to the respective average standardized amount computed for the previous fiscal year under paragraph (2)(D) or under this subparagraph, increased for the fiscal year involved by the applicable percentage increase under subsection (b)(3)(B). With respect to discharges occurring on or after October 1, 1987, the Secretary shall compute urban and rural averages on the basis of discharge weighting rather than hospital weighting, making appropriate adjustments to ensure that computation on such basis does not result in total payments under this section that are greater or less than the total payments that would have been made under this section but for this sentence, and making appropriate changes in the manner of determining the reductions under subparagraph (C)(ii).

(ii) For discharges occurring in a fiscal year beginning on or after October 1, 1987, and ending on or before September 30, 1994, the Secretary shall compute an average standardized amount for hospitals located in a large urban area, for hospitals located in a rural area, and for hospitals located in other urban areas, within the United States and within each region, equal to the respective average standardized amount computed for the previous fiscal year under this subparagraph increased by the applicable percentage increase under subsection (b)(3)(B)(i) with respect to hospitals located in the respective areas for the fiscal year involved.

(iii) For discharges occurring in the fiscal year beginning on October 1, 1994, the average standardized amount for hospitals located in a rural area shall be equal to the average standardized amount for hospitals located in urban area. For discharges occurring on or after October 1, 1994, the Secretary shall adjust the ratio of the labor portion to non-labor portion of each average standardized amount to equal such ratio for the national average of all standardized amounts.

(iv)(I) Subject to subclause (II), for discharges occurring in a fiscal year beginning on
or after October 1, 1995, the Secretary shall compute an average standardized amount for hospitals located in a large urban area and for hospitals located in other areas within the United States and within each region equal to the respective average standardized amount computed for the previous fiscal year under this subparagraph for hospitals located in a large urban area (or, beginning with fiscal year 2005, for all hospitals in the previous fiscal year) increased by the applicable percentage increase under subsection (b)(3)(B)(i) with respect to hospitals located in the respective areas for the fiscal year involved.

(II) For discharges occurring in a fiscal year (beginning with fiscal year 2004), the Secretary shall compute a standardized amount for hospitals located in any area within the United States and within each region equal to the standardized amount computed for the previous fiscal year under this subparagraph for hospitals located in a large urban area (or, beginning with fiscal year 2005, for all hospitals in the previous fiscal year) increased by the applicable percentage increase under subsection (b)(3)(B)(i) for the fiscal year involved.

(c) MAINTAINING BUDGET NEUTRALITY FOR FISCAL YEAR 1985.—(I) For discharges occurring in fiscal year 1985, the Secretary shall adjust each of such average standardized amounts as may be required under subsection (e)(1)(B) for that fiscal year.

(ii) Reducing for savings from amendment to indirect teaching adjustment for discharges after September 30, 1986.—For discharges occurring after September 30, 1986, the Secretary shall further reduce each of the average standardized amounts (in a proportion which takes into account the differing effects of the standardization effected under paragraph (2)(C)(i)) so as to provide for a reduction in the total of the payments (attributable to this paragraph) made for discharges occurring on or after October 1, 1986, of an amount equal to the estimated reduction in the payment amounts under paragraph (5)(B) that would have resulted from the enactment of the amendments made by section 9104 of the Medicare and Medicaid Budget Reconciliation Amendments of 1985 and by section 4003(a)(1) of the Omnibus Budget Reconciliation Act of 1987 if the factor described in clause (i)(II) of paragraph (5)(B) (determined without regard to amendments made by the Omnibus Budget Reconciliation Act of 1990) were applied for discharges occurring on or after such date instead of the factor described in clause (ii) of that paragraph.

(D) COMPUTING DRG-SPECIFIC RATES FOR HOSPITALS.—For each discharge classified within a diagnosis-related group, the Secretary shall establish for the fiscal year a national DRG prospective payment rate and shall establish, for fiscal years before fiscal year 1997, a regional DRG prospective payment rate for each region which is equal—

(i) for fiscal years before fiscal year 2004, for hospitals located in a large urban area in the United States or that region (respectively), to the product of—

(I) the average standardized amount (computed under subparagraph (A), reduced under subparagraph (B), and adjusted or reduced under subparagraph (C)) for the fiscal year for hospitals located in such a large urban area in the United States or that region, and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group;

(ii) for fiscal years before fiscal year 2004, for hospitals located in other areas in the United States or that region (respectively), to the product of—

(I) the average standardized amount (computed under subparagraph (A), reduced under subparagraph (B), and adjusted or reduced under subparagraph (C)) for the fiscal year for hospitals located in other areas in the United States or that region, and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group;

(iii) for a fiscal year beginning after fiscal year 2003, for hospitals located in all areas, to the product of—

(I) the applicable standardized amount (computed under subparagraph (A), reduced under subparagraph (B), and adjusted or reduced under subparagraph (C)) for the fiscal year; and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group.

(E) ADJUSTING FOR DIFFERENT AREA WAGE LEVELS.—

(i) In general.—Except as provided in clause (ii) or (iii), the Secretary shall adjust the proportion, (as estimated by the Secretary from time to time) of hospitals’ costs which are attributable to wages and wage-related costs, of the DRG prospective payment rates computed under subparagraph (D) for area differences in hospital wage levels by a factor (established by the Secretary) reflecting the relative hospital wage level in the geographic area of the hospital compared to
§ 1395ww  TITLE 42—THE PUBLIC HEALTH AND WELFARE

the national average hospital wage level. Not later than October 1, 1990, and October 1, 1993 (and at least every 12 months thereafter), the Secretary shall update the factor under the preceding sentence on the basis of a survey conducted by the Secretary (as updated as appropriate) of the wages and wage-related costs of subsection (d) hospitals in the United States. Not less often than once every 5 years the Secretary (through such survey or otherwise) shall measure the earnings and paid hours of employment by occupational category and shall exclude data with respect to the wages and wage-related costs incurred in furnishing skilled nursing facility services. Any adjustments or updates made under this subparagraph for a fiscal year (beginning with fiscal year 1991) shall be made in a manner that assures that the aggregate payments under this subsection in the fiscal year are not greater or less than those that would have been made in the year without such adjustment. The Secretary shall apply the previous sentence for any period as if the amendments made by section 403(a)(1) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 and the amendments made by section 10324(a)(1) of the Patient Protection and Affordable Care Act had not been enacted.

(ii) ALTERNATIVE PROPORTION TO BE ADJUSTED BEGINNING IN FISCAL YEAR 2005.—For discharges occurring on or after October 1, 2004, the Secretary shall substitute “62 percent” for the proportion described in the first sentence of clause (i), unless the application of this clause would result in lower payments to a hospital than would otherwise be made.

(iii) FLOOR ON AREA WAGE INDEX FOR HOSPITALS IN FRONTIER STATES.—

(I) IN GENERAL.—Subject to subclause (IV), for discharges occurring on or after October 1, 2010, the area wage index applicable under this subparagraph to any hospital which is located in a frontier State (as defined in subclause (II)) may not be less than 1.00.

(II) FRONTIER STATE DEFINED.—In this clause, the term “frontier State” means a State in which at least 50 percent of the counties in the State are frontier counties.

(III) FRONTIER COUNTY DEFINED.—In this clause, the term “frontier county” means a county in which the population per square mile is less than 6.

(IV) LIMITATION.—This clause shall not apply to any hospital located in a State that receives a non-labor related share adjustment under paragraph (5)(H).

(4A) The Secretary shall establish a classification of inpatient hospital discharges by diagnosis-related groups and a methodology for classifying specific hospital discharges within these groups.

(B) For each such diagnosis-related group the Secretary shall assign an appropriate weighting factor which reflects the relative hospital resources used with respect to discharges classified within that group compared to discharges classified within other groups.
(iv) By not later than October 1, 2007, the Secretary shall select diagnosis codes associated with at least two conditions, each of which codes meets all of the following requirements (as determined by the Secretary):

(1) Cases described by such code have a high cost or high volume, or both, under this subchapter.

(II) The code results in the assignment of a case to a diagnosis-related group that has a higher payment when the code is present as a secondary diagnosis.

(III) The code describes such conditions that could reasonably have been prevented through the application of evidence-based guidelines.

The Secretary may from time to time revise (through addition or deletion of codes) the diagnosis codes selected under this clause so long as there are diagnosis codes associated with at least two conditions selected for discharges occurring during any fiscal year.

(v) In selecting and revising diagnosis codes under clause (iv), the Secretary shall consult with the Centers for Disease Control and Prevention and other appropriate entities.

(vi) Any change resulting from the application of this subparagraph shall not be taken into account in adjusting the weighting factors under subparagraph (C)(i) or in applying budget neutrality under subparagraph (C)(ii).

(5)(A)(i) For discharges occurring during fiscal years ending on or before September 30, 1997, the Secretary shall provide for an additional payment for a subsection (d) hospital for any discharge in a diagnosis-related group, the length of stay of which exceeds the mean length of stay for discharges within that group by a fixed number of days, or exceeds such mean length of stay by some fixed number of standard deviations, whichever is the fewer number of days.

(ii) For cases which are not included in clause (i), a subsection (d) hospital may request additional payments in any case where charges, adjusted to cost, exceed a fixed multiple of the applicable DRG prospective payment rate, or exceed such other fixed dollar amount, whichever is greater, or, for discharges in fiscal years beginning on or after October 1, 1994, exceed the sum of the applicable DRG prospective payment rate plus any amounts payable under subparagraphs (B) and (F) plus a fixed dollar amount determined by the Secretary.

(iii) The amount of such additional payment under clauses (i) and (ii) shall be determined by the Secretary and shall (except as payments under clause (i) are required to be reduced to take into account the requirements of clause (v)) approximate the marginal cost of care beyond the cutoff point applicable under clause (i) or (ii).

(iv) The total amount of the additional payments made under this subparagraph for discharges in a fiscal year may not be less than 5 percent nor more than 6 percent of the total payments projected or estimated to be made based on DRG prospective payment rates for discharges in that year.

(v) The Secretary shall provide that—

(I) the day outlier percentage for fiscal year 1995 shall be 75 percent of the day outlier percentage for fiscal year 1994;

(II) the day outlier percentage for fiscal year 1996 shall be 50 percent of the day outlier percentage for fiscal year 1994; and

(III) the day outlier percentage for fiscal year 1997 shall be 25 percent of the day outlier percentage for fiscal year 1994.

(vi) For purposes of this subparagraph, the term ‘day outlier percentage’ means, for a fiscal year, the percentage of the total additional payments made by the Secretary under this subparagraph for discharges in that fiscal year which are additional payments under clause (i).

(B) The Secretary shall provide for an additional payment amount for subsection (d) hospitals with indirect costs of medical education, in an amount computed in the same manner as the adjustment for such costs under regulations (in effect as of January 1, 1983) under subsection (a)(2), except as follows:

(i) The amount of such additional payment shall be determined by multiplying (I) the sum of the amount determined under paragraph (1)(A)(i)(II) (or, if applicable, the amount determined under paragraph (1)(A)(iii)) and, for cases qualifying for additional payment under subparagraph (A)(i), the amount paid to the hospital under subparagraph (A), by (II) the indirect teaching adjustment factor described in clause (ii).

(ii) For purposes of clause (i)(II), the indirect teaching adjustment factor is equal to c × ((1+r) to the nth power) − 1), where “r” is the ratio of the hospital’s full-time equivalent interns and residents to beds and “n” equals 0.405. Subject to clause (ix), for discharges occurring—

(1) on or after October 1, 1988, and before October 1, 1997, “c” is equal to 1.89;

(II) during fiscal year 1998, “c” is equal to 1.72;

(III) during fiscal year 1999, “c” is equal to 1.6;

(IV) during fiscal year 2000, “c” is equal to 1.47;

(V) during fiscal year 2001, “c” is equal to 1.54;

(VI) during fiscal year 2002, “c” is equal to 1.6;

(VII) on or after October 1, 2002, and before April 1, 2004, “c” is equal to 1.35;

(VIII) on or after April 1, 2004, and before October 1, 2004, “c” is equal to 1.47;

(IX) during fiscal year 2005, “c” is equal to 1.42;

(X) during fiscal year 2006, “c” is equal to 1.37;

(XI) during fiscal year 2007, “c” is equal to 1.32; and

(XII) on or after October 1, 2007, “c” is equal to 1.35.

(iii) In determining such adjustment the Secretary shall not distinguish between those interns and residents who are employees of a hospital and those interns and residents who furnish services to a hospital but are not employees of such hospital.

(iv) Effective for discharges occurring on or after October 1, 1997, and before July 1, 2010, all the time spent by an intern or resident in patient care activities under an approved med-
§ 1395ww  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 3560

1395ww shall apply for purposes of clauses (v) and (vi).

(II) Effective for discharges occurring on or after July 1, 2010, all the time spent by an intern or resident in patient care activities in a nonprovider setting shall be counted towards the determination of full-time equivalency if a hospital incurs the costs of the stipends and fringe benefits of the intern or resident during the time the intern or resident spends in that setting. If more than one hospital incurs these costs, either directly or through a third party, such hospitals shall count a proportional share of the time, as determined by written agreement between the hospitals, that a resident spends training in that setting.

(v) In determining the adjustment with respect to a hospital for discharges occurring on or after October 1, 1997, the total number of full-time equivalent interns and residents in the fields of allopathic and osteopathic medicine in either a hospital or nonhospital setting may not exceed the number (or, 130 percent of such number in the case of a hospital located in a rural area) of such full-time equivalent interns and residents in the hospital with respect to the hospital’s most recent cost reporting period ending on or before December 31, 1996. Rules similar to the rules of subsection (h)(4)(F)(i) shall apply for purposes of this clause. The provisions of subsections (h)(4)(H)(v), (h)(7), (h)(8), and (h)(9) shall apply with respect to the first sentence of this clause in the same manner as they apply with respect to subsection (h)(4)(F)(i).

(vi) For purposes of clause (i)—

(I) “t” may not exceed the ratio of the number of interns and residents, subject to the limit under clause (v), with respect to the hospital for its most recent cost reporting period to the hospital’s available beds (as defined by the Secretary) during that cost reporting period, and

(II) for the hospital’s cost reporting periods beginning on or after October 1, 1997, subject to the limits described in clauses (iv) and (v), the total number of full-time equivalent residents for payment purposes shall equal the average of the actual full-time equivalent resident count for the cost reporting period and the preceding two cost reporting periods.

In the case of the first cost reporting period beginning on or after October 1, 1997, subclause (II) shall be applied by using the average for such period and the preceding cost reporting period.

(vii) If any cost reporting period beginning on or after October 1, 1997, is not equal to twelve months, the Secretary shall make appropriate modifications to ensure that the average full-time equivalent residency count pursuant to subclause (II) of clause (vi) is based on the equivalent of full twelve-month cost reporting periods.

(viii) Rules similar to the rules of paragraphs (2)(F)(i)(v) and (4)(H) of subsection (h) shall apply for purposes of clauses (v) and (vi).

(ix) For discharges occurring on or after July 1, 2005, insofar as an additional payment amount under this subparagraph is attributable to resident positions redistributed to a hospital under subsection (h)(7)(B), in computing the indirect teaching adjustment factor under clause (ii) the adjustment shall be computed in a manner as if “c” were equal to 0.66 with respect to such resident positions.

(x) For discharges occurring on or after July 1, 2011, insofar as an additional payment amount under this subparagraph is attributable to resident positions distributed to a hospital under subsection (h)(8)(B), the indirect teaching adjustment factor shall be computed in the same manner as provided under clause (ii) with respect to such resident positions.

(xi) The provisions of subparagraph (K) of subsection (h)(4) shall apply under this subparagraph in the same manner as they apply under such subsection.

(II) In determining the hospital’s number of full-time equivalent residents for purposes of this subparagraph, all the time spent by an intern or resident in an approved medical residency training program in non-patient care activities, such as didactic conferences and seminars, as such time and activities are defined by the Secretary, that occurs in the hospital shall be counted toward the determination of full-time equivalency if the hospital—

(aa) is recognized as a subsection (d) hospital;

(bb) is recognized as a subsection (d) Puerto Rico hospital;

(cc) is reimbursed under a reimbursement system authorized under section 1395f(b)(3) of this title; or

(dd) is a provider-based hospital outpatient department.

(III) In determining the hospital’s number of full-time equivalent residents for purposes of this subparagraph, all the time spent by an intern or resident in an approved medical residency training program in research activities that are not associated with the treatment or diagnosis of a particular patient, as such time and activities are defined by the Secretary, shall not be counted toward the determination of full-time equivalency.

(xii) For discharges occurring on or after July 1, 2023, insofar as an additional payment amount under this subparagraph is attributable to resident positions distributed to a hospital under subsection (h)(9), the indirect teaching adjustment factor shall be computed in the same manner as provided under clause (ii) with respect to such resident positions.

(C) The Secretary shall provide for such exceptions and adjustments to the payment amounts established under this subsection (other than under paragraph (9)) as the Secretary deems appropriate to take into account the special needs of regional and national referral centers (including those hospitals of 275 or more beds located in rural areas). A hospital which is classified as a rural hospital may appeal to the Secretary to be classified as a rural referral center under this clause on the basis of
criteria (established by the Secretary) which shall allow the hospital to demonstrate that it should be so reclassified by reason of certain of its operating characteristics being similar to those of a typical urban hospital located in the same census region and which shall not require a rural osteopathic hospital to have more than 3,000 discharges in a year in order to be classified as a rural referral center. Such characteristics may include wages, scope of services, service area, and the mix of medical specialties. The Secretary shall publish the criteria not later than August 17, 1984, for implementation by October 1, 1984. An appeal allowed under this clause must be submitted to the Secretary (in such form and manner as the Secretary may prescribe) during the quarter before the first quarter of the hospital’s cost reporting period (or, in the case of a cost reporting period beginning during October 1984, during the first quarter of that period), and the Secretary must make a final determination with respect to such appeal within 60 days after the date the appeal was submitted. Any payment adjustments necessitated by a reclassification based upon the appeal shall be effective at the beginning of such cost reporting period.

(ii) The Secretary shall provide, under clause (i), for the classification of a rural hospital as a regional referral center if the hospital has a case mix index equal to or greater than the median case mix index for hospitals (other than hospitals with approved teaching programs) located in an urban area in the same region (as defined in paragraph (2)(D)), has at least 5,000 discharges a year or, if less, the median number of discharges in urban hospitals in the region in which the hospital is located (or, in the case of a rural osteopathic hospital, meets the criterion established by the Secretary under clause (i) with respect to the annual number of discharges for such hospitals), and meets any other criteria established by the Secretary under clause (i).

(D)(1) For any cost reporting period beginning on or after April 1, 1990, with respect to a subsection (d) hospital which is a sole community hospital, payment under paragraph (1)(A) shall be—

(I) an amount based on 100 percent of the hospital’s target amount for the cost reporting period, as defined in subsection (b)(3)(C), or

(II) the amount determined under paragraph (1)(A)(iii), whichever results in greater payment to the hospital.

(ii) In the case of a sole community hospital that experiences, in a cost reporting period compared to the previous cost reporting period, a decrease of more than 5 percent in its total number of inpatient cases due to circumstances beyond its control, the Secretary shall provide for such adjustment to the payment amounts under this subsection (other than under paragraph (9)) as may be necessary to fully compensate the hospital for the fixed costs it incurs in the period in providing inpatient hospital services, including the reasonable cost of maintaining necessary core staff and services.

(iii) For purposes of this subchapter, the term “sole community hospital” means any hospital—

(I) that the Secretary determines is located more than 35 road miles from another hospital,

(II) that, by reason of factors such as the time required for an individual to travel to the nearest alternative source of appropriate inpatient care (in accordance with standards promulgated by the Secretary), is the sole source of inpatient hospital services reasonably available to individuals in a geographic area who are entitled to benefits under part A, or

(III) that is located in a rural area and designated by the Secretary as an essential access community hospital under section 1395–4(f)(1) of this title as in effect on September 30, 1997.

(iv) The Secretary shall promulgate a standard for determining whether a hospital meets the criteria for classification as a sole community hospital under clause (iii)(II) because of the time required for an individual to travel to the nearest alternative source of appropriate inpatient care.

(v) If the Secretary determines that, in the case of a hospital located in a rural area and designated by the Secretary as an essential access community hospital under section 1395–4(f)(1) of this title as in effect on September 30, 1997, the hospital has incurred increases in reasonable costs during a cost reporting period as a result of becoming a member of a rural health network (as defined in section 1395–4(d) of this title) in the State in which it is located, and in incurring such increases, the hospital will increase its costs for subsequent cost reporting periods, the Secretary shall increase the hospital’s target amount under subsection (b)(3)(C) to account for such incurred increases.

(E)(1) The Secretary shall estimate the amount of reimbursement made for services described in section 1385y(a)(14) of this title with respect to which payment was made under part B in the base reporting periods referred to in paragraph (2)(A) and with respect to which payment is no longer being made.

(II) The Secretary shall provide for an adjustment to the payment for subsection (d) hospitals in each fiscal year so as appropriately to reflect the net amount described in clause (i).

(F)(i) Subject to subsection (v), for discharges occurring on or after May 1, 1986, the Secretary shall provide, in accordance with this subparagraph, for an additional payment amount for each subsection (d) hospital which—

(I) serves a significantly disproportionate number of low-income patients (as defined in clause (v)), or

(II) is located in an urban area, has 100 or more beds, and can demonstrate that its net inpatient care revenues (excluding any of such revenues attributable to this subchapter or State plans approved under subchapter XIX), during the cost reporting period in which the discharges occur, for indigent care from State and local government sources exceed 30 percent of its total of such net inpatient care revenues during the period.
(ii) Subject to clause (ix), the amount of such payment for each discharge shall be determined by multiplying (I) the sum of the amount determined under paragraph (1)(A)(ii)(II) or, if applicable, the amount determined under paragraph (1)(A)(iii) and, for cases qualifying for additional payment under subparagraph (A)(i), the amount paid to the hospital under subparagraph (A) for that discharge, by (II) the disproportionate share adjustment percentage established under clause (iii) or (iv) for the cost reporting period in which the discharge occurs.

(iii) The disproportionate share adjustment percentage for a cost reporting period for a hospital described in clause (i)(II) is equal to 35 percent.

(iv) The disproportionate share adjustment percentage for a cost reporting period for a hospital that is not described in clause (i)(II) and that—

(I) is located in an urban area and has 100 or more beds or is described in the second sentence of clause (v), is equal to the percent determined in accordance with the applicable formula described in clause (vii);

(II) is located in an urban area and has less than 100 beds, is equal to 5 percent or, subject to clause (xiv) and for discharges occurring on or after April 1, 2001, is equal to the percent determined in accordance with clause (xiii);

(iii) is located in a rural area and is not described in subclause (IV) or (V) or in the second sentence of clause (v) or, subject to clause (xiv) and for discharges occurring on or after April 1, 2001, is equal to the percent determined in accordance with clause (xii);

(IV) is located in a rural area, is classified as a rural referral center under subparagraph (C), and is classified as a sole community hospital under subparagraph (D), is equal to 10 percent or, if greater, the percent determined in accordance with the applicable formula described in clause (viii) or, subject to clause (xiv) and for discharges occurring on or after April 1, 2001, the greater of the percentages determined under clause (x) or (xi);

(V) is located in a rural area, is classified as a rural referral center under subparagraph (C), and is not classified as a sole community hospital under subparagraph (D), is equal to the percent determined in accordance with the applicable formula described in clause (viii) or, subject to clause (xiv) and for discharges occurring on or after April 1, 2001, is equal to the percent determined in accordance with clause (x) or (xi); or

(VI) is located in a rural area, is classified as a sole community hospital under subparagraph (D), and is not classified as a rural referral center under subparagraph (C), is 10 percent or, subject to clause (xiv) and for discharges occurring on or after April 1, 2001, is equal to the percent determined in accordance with clause (x) or (xi).

(v) In this subparagraph, a hospital “serves a significantly disproportionate number of low income patients” for a cost reporting period if the hospital has a disproportionate patient percentage (as defined in clause (vi)) for that period which equals, or exceeds—

(I) 15 percent, if the hospital is located in an urban area and has 100 or more beds,

(II) 30 percent (or 15 percent, for discharges occurring on or after April 1, 2001), if the hospital is located in a rural area and has more than 100 beds, or is located in a rural area and is classified as a sole community hospital under subparagraph (D),

(III) 40 percent (or 15 percent, for discharges occurring on or after April 1, 2001), if the hospital is located in an urban area and has less than 100 beds, or

(IV) 45 percent (or 15 percent, for discharges occurring on or after April 1, 2001), if the hospital is located in a rural area and is not described in subclause (II).

A hospital located in a rural area and with 500 or more beds also “serves a significantly disproportionate number of low income patients” for a cost reporting period if the hospital has a disproportionate patient percentage (as defined in clause (vi)) for that period which equals or exceeds a percentage specified by the Secretary.

(vi) In this subparagraph, the term “disproportionate patient percentage” means, with respect to a cost reporting period of a hospital, the sum of—

(I) the fraction (expressed as a percentage), the numerator of which is the number of such hospital’s patient days for such period which were made up of patients who (for such days) were entitled to benefits under part A of this subchapter and were entitled to supplementary security income benefits (excluding any State supplementation) under subchapter XVI of this chapter, and the denominator of which is the number of such hospital’s patient days for such fiscal year which were made up of patients who (for such days) were entitled to benefits under part A of this subchapter, and

(II) the fraction (expressed as a percentage), the numerator of which is the number of the hospital’s patient days for such period which consist of patients who (for such days) were eligible for medical assistance under a State plan approved under subchapter XIX, but who were not entitled to benefits under part A of this subchapter, and the denominator of which is the total number of the hospital’s patient days for such period.

In determining under subclause (II) the number of the hospital’s patient days for such period which consist of patients who (for such days) were eligible for medical assistance under a State plan approved under subchapter XIX, the Secretary may, to the extent and for the period the Secretary determines appropriate, include patient days of patients not so eligible but who are regarded as such because they receive benefits under a demonstration project approved under subchapter XI.

(vii) The formula used to determine the disproportionate share adjustment percentage for a cost reporting period for a hospital described in clause (iv)(I) is—

(I) in the case of such a hospital with a disproportionate patient percentage (as defined in clause (vi)) greater than 20.2—
(a) for discharges occurring on or after April 1, 1990, and on or before December 31, 1990, \((P - 20.2)(.65) + 5.62\),
(b) for discharges occurring on or after January 1, 1991, and on or before September 30, 1993, \((P - 20.2)(.7) + 5.62\),
(c) for discharges occurring on or after October 1, 1993, and on or before September 30, 1994, \((P - 20.2)(.8) + 5.88\), and
(d) for discharges occurring on or after October 1, 1994, \((P - 20.2)(.825) + 5.88\); or

\((II)\) in the case of any other such hospital—

(a) for discharges occurring on or after April 1, 1990, and on or before December 31, 1990, \((P - 15)(.6) + 2.5\),
(b) for discharges occurring on or after January 1, 1991, and on or before September 30, 1993, \((P - 15)(.6) + 2.5\),
(c) for discharges occurring on or after October 1, 1993, \((P - 15)(.65) + 2.5\),

where \(\text{"P"}\) is the hospital’s disproportionate patient percentage (as defined in clause \((vi)\)).

\((viii)\) Subject to clause \((xiv)\), the formula used to determine the disproportionate share adjustment percentage for a cost reporting period for a hospital described in clause \((iv)(IV)\) or \((iv)(V)\) is the percentage determined in accordance with the following formula: \((P - 30)(.6) + 4.0\), where \(\text{"P"}\) is the hospital’s disproportionate patient percentage (as defined in clause \((vi)\)).

\((ix)\) In the case of discharges occurring—

(I) during fiscal year 1998, the additional payment amount otherwise determined under clause \((ii)\) shall be reduced by 1 percent;

(II) during fiscal year 1999, such additional payment amount shall be reduced by 2 percent;

(III) during fiscal years 2000 and 2001, such additional payment amount shall be reduced by 3 percent and 2 percent, respectively;

(IV) during fiscal year 2002, such additional payment amount shall be reduced by 3 percent; and

(V) during fiscal year 2003 and each subsequent fiscal year, such additional payment amount shall be reduced by 0 percent.

\((x)\) Subject to clause \((xiv)\), for purposes of clause \((iv)(VI)\) (relating to sole community hospitals), in the case of a hospital for a cost reporting period with a disproportionate patient percentage (as defined in clause \((vi)\)) that—

(I) is less than 19.3, the disproportionate share adjustment percentage is determined in accordance with the following formula: \((P - 15)(.65) + 2.5\);

(II) is equal to or exceeds 19.3, but is less than 30.0, such adjustment percentage is equal to 5.25 percent; or

(III) is equal to or exceeds 30.0, such adjustment percentage is equal to 10 percent, where \(\text{"P"}\) is the hospital’s disproportionate patient percentage (as defined in clause \((vi)\)).

\((xi)\) Subject to clause \((xiv)\), for purposes of clause \((iv)(V)\) (relating to rural referral centers), in the case of a hospital for a cost reporting period with a disproportionate patient percentage (as defined in clause \((vi)\)) that—

(I) is less than 19.3, the disproportionate share adjustment percentage is determined in accordance with the following formula: \((P - 15)(.65) + 2.5\);

(II) is equal to or exceeds 19.3, but is less than 30.0, such adjustment percentage is equal to 5.25 percent; or

(III) is equal to or exceeds 30.0, such adjustment percentage is equal to 5.25 percent, where \(\text{"P"}\) is the hospital’s disproportionate patient percentage (as defined in clause \((vi)\)).

\((xii)\) Subject to clause \((xiv)\), for purposes of clause \((iv)(III)\) (relating to small rural hospitals generally), in the case of a hospital for a cost reporting period with a disproportionate patient percentage (as defined in clause \((vi)\)) that—

(I) is less than 19.3, the disproportionate share adjustment percentage is determined in accordance with the following formula: \((P - 15)(.65) + 2.5\); or

(II) is equal to or exceeds 19.3, such adjustment percentage is equal to 5.25 percent, where \(\text{"P"}\) is the hospital’s disproportionate patient percentage (as defined in clause \((vi)\)).

\((xiii)\) Subject to clause \((xiv)\), for purposes of clause \((iv)(II)\) (relating to urban hospitals with less than 100 beds), in the case of a hospital for a cost reporting period with a disproportionate patient percentage (as defined in clause \((vi)\)) that—

(I) is less than 19.3, the disproportionate share adjustment percentage is determined in accordance with the following formula: \((P - 15)(.65) + 2.5\); or

(II) is equal to or exceeds 19.3, such adjustment percentage is equal to 5.25 percent, where \(\text{"P"}\) is the hospital’s disproportionate patient percentage (as defined in clause \((vi)\)).

\((xiv)(I)\) In the case of discharges occurring on or after April 1, 2004, subject to subclause \((I)\), there shall be substituted for the disproportionate share adjustment percentage otherwise determined under clause \((iv)\) (other than subclause \((I)\)) or under clause \((vii)\), \((x)\), \((xi)\), \((xii)\), or \((xiii)\), the disproportionate share adjustment percentage determined under clause \((vii)\) (relating to large urban hospitals).

\((xv)\) Subject to clause \((xv)\), to the extent that a disproportionate share payment under subparagraph \((G)(iv)\) is—

(1) paid to a hospital that is not classified as a rural referral center under subparagraph \((C)\) or, in the case of discharges occurring on or after October 1, 2006, as a medicare-dependent, small rural hospital under subparagraph \((G)(iv)\),

\((O)(i)\) For any cost reporting period beginning on or after April 1, 1990, and before October 1, 1994, or discharges occurring on or after October 1, 1997, and before October 1, 2022, in the case of a subsection \((d)\) hospital which is a medicare-dependent, small rural hospital, payment under paragraph \((1)(A)\) shall be equal to the sum of the amount determined under clause \((ii)\) and the amount determined under paragraph \((1)(A)(iii)\).

\((ii)\) The amount determined under this clause is—

(I) for discharges occurring during the 36-month period beginning with the first day of the cost reporting period that begins on or after April 1, 1990, the amount by which the

\(\text{So in original. Probably should be followed by "and".}\)
hospital’s target amount for the cost reporting period (as defined in subsection (b)(3)(D)) exceeds the amount determined under paragraph (1)(A)(i); and

(ii) for discharges occurring during any subsequent cost reporting period (or portion thereof) and before October 1, 1994, or discharges occurring on or after October 1, 1997, and before October 1, 2022, 50 percent (or 75 percent in the case of discharges occurring on or after October 1, 2006) of the amount by which the hospital’s target amount for the cost reporting period or for discharges in the fiscal year (as defined in subsection (b)(3)(D)) exceeds the amount determined under paragraph (1)(A)(iii).

(iii) In the case of a medicare dependent, small rural hospital that experiences, in a cost reporting period compared to the previous cost reporting period, a decrease of more than 5 percent in its total number of inpatient cases due to circumstances beyond its control, the Secretary shall provide for such adjustment to the payment amounts under this subsection (other than under paragraph (b)) as may be necessary to fully compensate the hospital for the fixed costs it incurs in the period in providing inpatient hospital services, including the reasonable cost of maintaining necessary core staff and services.

(iv) The term “medicare-dependent, small rural hospital” means, with respect to any cost reporting period to which clause (i) applies, any hospital—

(I) that is located in—

(aa) a rural area; or

(bb) a State with no rural area (as defined in paragraph (2)(D)) and satisfies any of the criteria in subclause (I), (II), or (III) of paragraph (8)(E)(ii),

(II) that has not more than 100 beds,

(III) that is not classified as a sole community hospital under subparagraph (D), and

(iv) for which not less than 60 percent of its inpatient days or discharges during the cost reporting period beginning in fiscal year 1987, or two of the three most recently audited cost reporting periods for which the Secretary has a cost report on file, were attributable to inpatients entitled to benefits under part A.

Subclause (I)(bb) shall apply for purposes of payment under clause (ii) only for discharges of a hospital occurring on or after the Effective date of a determination of medicare-dependent small rural hospital status made by the Secretary with respect to the hospital after February 9, 1998. For purposes of applying subclause (II) of paragraph (8)(E)(ii) under subclause (I)(bb), such subclause (II) shall be applied by inserting “as of January 1, 1988,” after “such State” each place it appears.

(H) The Secretary may provide for such adjustments to the payment amounts under this subsection as the Secretary deems appropriate to take into account the unique circumstances of hospitals located in Alaska and Hawaii.

(I)(i) The Secretary shall provide by regulation for such other exceptions and adjustments to such payment amounts under this subsection as the Secretary deems appropriate.

(ii) In making adjustments under clause (i) for transfer cases (as defined by the Secretary) in a fiscal year, not taking in account the effect of subparagraph (J), the Secretary may make adjustments to each of the average standardized amounts determined under paragraph (3) to assure that the aggregate payments made under this subsection for such fiscal year are not greater or lesser than those that would have otherwise been made in such fiscal year.

(J)(i) The Secretary shall treat the term “transfer case” (as defined in subparagraph (J)(ii)) as including the case of a qualified discharge (as defined in clause (ii)), which is classified within a diagnosis-related group described in clause (iii), and which occurs on or after October 1, 1998. In the case of a qualified discharge for which a substantial portion of the costs of care are incurred in the early days of the inpatient stay (as defined by the Secretary), in no case may the payment amount otherwise provided under this subsection exceed an amount equal to the sum of—

(I) 50 percent of the amount of payment under this subsection for transfer cases (as established under subparagraph (J)(i)), and

(II) 50 percent of the amount of payment which would have been made under this subsection with respect to the qualified discharge if no transfer were involved.

(ii) For purposes of clause (i), subject to clause (iii), the term “qualified discharge” means a discharge classified with a diagnosis-related group (described in clause (iii)) of an individual from a subsection (d) hospital, if upon such discharge the individual—

(I) is admitted as an inpatient to a hospital or hospital unit that is not a subsection (d) hospital for the provision of inpatient hospital services;

(II) is admitted to a skilled nursing facility;

(III) is provided home health services from a home health agency, if such services relate to the condition or diagnosis for which such individual received inpatient hospital services from the subsection (d) hospital, and if such services are provided within an appropriate period (as determined by the Secretary);

(IV) for discharges occurring on or after October 1, 2000, the individual receives hospice care by a hospice program; or

(V) for discharges occurring on or after October 1, 2000, the individual receives post discharge services described in clause (iv)(I).

(iii) Subject to clause (iv), a diagnosis-related group described in this clause is—

(I) 1 of 10 diagnosis-related groups selected by the Secretary based upon a high volume of discharges classified within such groups and a disproportionate use of post discharge services described in clause (ii); and

(II) a diagnosis-related group specified by the Secretary under clause (iv)(II).

(iv) The Secretary shall include in the proposed rule published under subsection (e)(5)(A) for fiscal year 2001, a description of the effect of this subparagraph. The Secretary shall include in the proposed rule published for fiscal year 2019, a description of the effect of clause (ii)(IV). The Secretary may include in the proposed rule (and in the final rule published under paragraph (6)) for fiscal year 2001 or a subsequent fiscal year, a description of—
(I) post-discharge services not described in subclauses (I), (II), (III), and, in the case of proposed and final rules for fiscal year 2019 and subsequent fiscal years, (IV) of clause (ii), the receipt of which results in a qualified discharge and

(II) diagnosis-related groups described in clause (iii)(I) in addition to the 10 selected under such clause.

(K)(i) Effective for discharges beginning on or after October 1, 2001, the Secretary shall establish a mechanism to recognize the costs of new medical services and technologies under the payment system established under this subsection. Such mechanism shall be established after notice and opportunity for public comment (in the publications required by subsection (e)(5) for a fiscal year or otherwise). Such mechanism shall be modified to meet the requirements of clause (vii).

(ii) The mechanism established pursuant to clause (i) shall—

(I) apply to a new medical service or technology if, based on the estimated costs incurred with respect to discharges involving such service or technology, the DRG prospective payment rate otherwise applicable to such discharges under this subsection is inadequate (applying a threshold specified by the Secretary that is the lesser of 75 percent of the standardized amount (increased to reflect the difference between cost and charges) or 75 percent of one standard deviation for the diagnosis-related group involved);

(II) provide for the collection of data with respect to the costs of a new medical service or technology described in subclause (I) for a period of not less than two years and not more than three years beginning on the date on which an inpatient hospital code is issued with respect to the service or technology;

(III) provide for additional payment to be made under this subsection with respect to discharges involving a new medical service or technology described in subclause (I) that occur during the period described in subclause (II) in an amount that adequately reflects the estimated average cost of such service or technology; and

(IV) provide that discharges involving such a service or technology that occur after the close of the period described in subclause (II) will be classified within a new or existing diagnosis-related group with a weighting factor under paragraph (4)(B) that is derived from cost data collected with respect to discharges occurring during such period.

(iii) For purposes of clause (ii)(II), the term "inpatient hospital code" means any code that is used with respect to inpatient hospital services for which payment may be made under this subsection and includes an alphanumeric code issued under the International Classification of Diseases, 9th Revision, Clinical Modification ("ICD-9-CM") and its subsequent revisions.

(iv) For purposes of clause (ii)(III), the term "additional payment" means, with respect to a discharge for a new medical service or technology described in clause (ii)(I), an amount that exceeds the prospective payment rate otherwise applicable under this subsection to discharges involving such service or technology.

(v) The requirement under clause (ii)(III) for an additional payment may be satisfied by means of a new-technology group (described in subparagraph (L)), an add-on payment, a payment adjustment, or any other similar mechanism for increasing the amount otherwise payable with respect to a discharge under this subsection. The Secretary may not establish a separate fee schedule for such additional payment for such services and technologies, by utilizing a methodology established under subsection (a) or (h) of section 1395m of this title to determine the amount of such additional payment, or by other similar mechanisms or methodologies.

(vi) For purposes of this subparagraph and subparagraph (L), a medical service or technology will be considered a "new medical service or technology" if the service or technology meets criteria established by the Secretary after notice and an opportunity for public comment.

(vii) Under the mechanism under this subparagraph, the Secretary shall provide for the addition of new diagnosis and procedure codes in April 1 of each year, but the addition of such codes shall not require the Secretary to adjust the payment (or diagnosis-related group classification) under this subsection until the fiscal year that begins after such date.

(viii) The mechanism established pursuant to clause (i) shall be adjusted to provide, before publication of a proposed rule, for public input regarding whether a new service or technology represents an advance in medical technology that substantially improves the diagnosis or treatment of individuals entitled to benefits under part A as follows:

(I) The Secretary shall make public and periodically update a list of all the services and technologies for which an application for additional payment under this subparagraph is pending.

(II) The Secretary shall accept comments, recommendations, and data from the public regarding whether the service or technology represents a substantial improvement.

(III) The Secretary shall provide for a meeting at which organizations representing hospitals, physicians, such individuals, manufacturers, and any other interested party may present comments, recommendations, and data to the clinical staff of the Centers for Medicare & Medicaid Services before publication of a notice of proposed rulemaking regarding whether service or technology represents a substantial improvement.

(ix) Before establishing any add-on payment under this subparagraph with respect to a new patient hospital service, the Secretary shall seek to identify one or more diagnosis-related groups associated with such technology, based on similar clinical or anatomical characteristics and the cost of the technology. Within such groups the Secretary shall assign an eligible new technology into a diagnosis-related group where the average costs of care most closely approximate the costs of care of using the new technology. No add-on payment under this subparagraph shall be made with respect to such new technology and this
clause shall not affect the application of paragraph (4)(C)(iii).

(L)(i) In establishing the mechanism under subparagraph (K), the Secretary may establish new-technology groups into which a new medical service or technology will be classified if based on the estimated average costs incurred with respect to discharges involving such service or technology, the DRG prospective payment rate otherwise applicable to such discharges under this subsection is inadequate.

(ii) Such groups—

(I) shall not be based on the costs associated with a specific new medical service or technology; but

(II) shall, in combination with the applicable standardized amounts and the weighting factors assigned to such groups under paragraph (4)(B), reflect such cost cohorts as the Secretary determines are appropriate for all new medical services and technologies that are likely to be provided as inpatient hospital services in a fiscal year.

(iii) The methodology for classifying specific hospital discharges within a diagnosis-related group under paragraph (4)(A) or a new-technology group shall provide that a specific hospital discharge may not be classified within both a diagnosis-related group and a new-technology group.

(M)(i) For cost reporting periods beginning on or after October 1, 2020, in the case of a subsection (d) hospital that furnishes an allogeneic hematopoietic stem cell transplant to an individual during such a period, payment to such hospital for hematopoietic stem cell acquisition shall be made on a reasonable cost basis. The items included in such hematopoietic stem cell acquisition shall be specified by the Secretary through rulemaking.

(ii) For purposes of this subparagraph, the term "allogeneic hematopoietic stem cell transplant" means, with respect to an individual, the intravenous infusion of hematopoietic cells derived from bone marrow, peripheral blood stem cells, or cord blood, but not including embryonic stem cells, of a donor to an individual that are or may be used to restore hematopoietic function in such individual having an inherited or acquired deficiency or defect.

(6) The Secretary shall provide for publication in the Federal Register, on or before the August 1 before each fiscal year (beginning with fiscal year 1984), of a description of the methodology and data used in computing the adjusted DRG prospective payment rates under this subsection, including any adjustments required under subsection (e)(1)(B).

(7) There shall be no administrative or judicial review under section 1395oo of this title or otherwise of—

(A) the determination of the requirement, or the proportional amount, of any adjustment effected pursuant to subsection (e)(1) or the determination of the applicable percentage increase under paragraph (12)(A)(ii),

(B) the establishment of diagnosis-related groups, of the methodology for the classification of discharges within such groups, and of the appropriate weighting factors thereof under paragraph (4), including the selection and revision of codes under paragraph (4)(D), and

(C) the determination of whether services provided prior to a patient's inpatient admission are related to the admission (as described in subsection (a)(4)).

(8)(A) In the case of any hospital which is located in an area which is, at any time after April 20, 1983, reclassified from an urban to a rural area, payments to such hospital for the first two cost reporting periods for which such reclassification is effective shall be made as follows:

(i) For the first such cost reporting period, payment shall be equal to the amount payable to such hospital for such reporting period on the basis of the rural classification, plus an amount equal to two-thirds of the amount (if any) by which—

(I) the amount which would have been payable to such hospital for such reporting period on the basis of an urban classification, exceeds

(II) the amount payable to such hospital for such reporting period on the basis of the rural classification.

(ii) For the second such cost reporting period, payment shall be equal to the amount payable to such hospital for such reporting period on the basis of the rural classification, plus an amount equal to one-third of the amount (if any) by which—

(I) the amount which would have been payable to such hospital for such reporting period on the basis of an urban classification, exceeds

(II) the amount payable to such hospital for such reporting period on the basis of the rural classification.

(B)(i) For purposes of this subsection, the Secretary shall treat a hospital located in a rural county adjacent to one or more urban areas as being located in the urban metropolitan statistical area to which the greatest number of workers in the county commute, if the rural county would otherwise be considered part of an urban area, under the standards for designating Metropolitan Statistical Areas (and for designating New England County Metropolitan Areas) described in clause (ii), if the commuting rates used in determining outlying counties (or, for New England, similar recognized areas) were determined on the basis of the aggregate number of resident workers who commute to (and, if applicable under the standards, from) the central county or counties of all contiguous Metropolitan Statistical Areas (or New England County Metropolitan Areas).

(ii) The standards described in this clause for cost reporting periods beginning in a fiscal year—

(I) before fiscal year 2003, are the standards published in the Federal Register on January 3, 1980, or, at the election of the hospital with respect to fiscal years 2001 and 2002, standards so published on March 30, 1990; and

(II) after fiscal year 2002, are the standards published in the Federal Register by the Director of the Office of Management and Budget based on the most recent available decennial population data.
Subparagraphs (C) and (D) shall not apply with respect to the application of subclause (I).

(C)(i) If the application of subparagraph (B) or a decision of the Medicare Geographic Classification Review Board or the Secretary under paragraph (10), by treating hospitals located in a rural county or counties as being located in an urban area, or by treating hospitals located in one urban area as being located in another urban area—

(I) reduces the wage index for that urban area (as applied under this subsection) by 1 percentage point or less, the Secretary, in calculating such wage index under this subsection, shall exclude those hospitals so treated, or

(II) reduces the wage index for that urban area by more than 1 percentage point (as applied under this subsection), the Secretary shall calculate and apply such wage index under this subsection separately to hospitals located in such urban area (excluding all the hospitals so treated) and to the hospitals so treated (as if such hospitals were located in such urban area).

(ii) If the application of subparagraph (B) or a decision of the Medicare Geographic Classification Review Board or the Secretary under paragraph (10), by treating hospitals located in a rural county or counties as not being located in the rural area in a State, reduces the wage index for that rural area (as applied under this subsection), the Secretary shall calculate and apply such wage index under this subsection as if the hospitals so treated had not been excluded from calculation of the wage index for that rural area.

(iii) The application of subparagraph (B) or a decision of the Medicare Geographic Classification Review Board or the Secretary under paragraph (10) may not result in the reduction of any county’s wage index to a level below the wage index for rural areas in the State in which the county is located.

(iv) The application of subparagraph (B) or a decision of the Medicare Geographic Classification Review Board or the Secretary under paragraph (10) may not result in a reduction in an urban area’s wage index if—

(I) the urban area has a wage index below the wage index for rural areas in the State in which it is located; or

(II) the urban area is located in a State that is composed of a single urban area.

(v) This subparagraph shall apply with respect to discharges occurring in a fiscal year only if the Secretary uses a method for making adjustments to the DRG prospective payment rate for area differences in hospital wage levels under paragraph (3)(E) for the fiscal year that is based on the use of Metropolitan Statistical Area classifications.

(D) The Secretary shall make a proportional adjustment in the standardized amounts determined under paragraph (3) to assure that the provisions of subparagraphs (B) and (C) or a decision of the Medicare Geographic Classification Review Board or the Secretary under paragraph (10) do not result in aggregate payments under this section that are greater or less than those that would otherwise be made.

(E)(i) For purposes of this subsection, not later than 60 days after the receipt of an application (in a form and manner determined by the Secretary) from a subsection (d) hospital described in clause (ii), the Secretary shall treat the hospital as being located in the rural area (as defined in paragraph (2)(D)) of the State in which the hospital is located.

(ii) For purposes of clause (i), a subsection (d) hospital described in this clause is a subsection (d) hospital that is located in an urban area (as defined in paragraph (2)(D)) and satisfies any of the following criteria:

(I) The hospital is located in a rural census tract of a metropolitan statistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725)).

(II) The hospital is located in an area designated by any law or regulation of such State as a rural area (or is designated by such State as a rural hospital).

(III) The hospital would qualify as a rural, regional, or national referral center under paragraph (5)(C) or as a sole community hospital under paragraph (5)(D) if the hospital were located in a rural area.

(iv) The hospital meets such other criteria as the Secretary may specify.

(A) Notwithstanding section 1395f(b) of this title but subject to the provisions of section 1395e of this title, the amount of the payment with respect to the operating costs of inpatient hospital services of a subsection (d) Puerto Rico hospital for inpatient hospital discharges is equal to the sum of—

(i) the applicable Puerto Rico percentage (specified in subparagraph (E)) of the Puerto Rico adjusted DRG prospective payment rate (determined under subparagraph (B) or (C)) for such discharges,

(ii) the applicable Federal percentage (specified in subparagraph (E)) of—

(I) for discharges beginning in a fiscal year beginning on or after October 1, 1997, and before October 1, 2003, the discharge-weighted average of—

(aa) the national adjusted DRG prospective payment rate (determined under paragraph (3)(D)) for hospitals located in a large urban area,

(bb) such rate for hospitals located in other urban areas, and

(cc) such rate for hospitals located in a rural area,

for such discharges, adjusted in the manner provided in paragraph (3)(E) for different area wage levels; and

(II) for discharges in a fiscal year beginning on or after October 1, 2003, the national DRG prospective payment rate determined under paragraph (3)(D)(iii) for hospitals located in any area for such discharges, adjusted in the manner provided in paragraph (3)(E) for different area wage levels.

As used in this section, the term “subsection (d) Puerto Rico hospital” means a hospital that is located in Puerto Rico and that would be a subsection (d) hospital (as defined in paragraph (1)(B)) if it were located in one of the 50 States.
(B) The Secretary shall determine a Puerto Rico adjusted DRG prospective payment rate, for each inpatient hospital discharge after fiscal year 1988 involving inpatient hospital services of a subsection (d) Puerto Rico hospital for which payment may be made under part A of this chapter. Such rate shall be determined for such hospitals located in urban or rural areas within Puerto Rico, as follows:

(i) The Secretary shall determine the target amount (as defined in subsection (b)(3)(A)) for the hospital for the cost reporting period beginning in fiscal year 1987 and increase such amount by prorating the applicable percentage increase (as defined in subsection (b)(3)(B)) to update the amount to the midpoint in fiscal year 1988.

(ii) The Secretary shall standardize the amount determined under clause (i) for each hospital by—

(I) excluding an estimate of indirect medical education costs,

(II) adjusting for variations among hospitals by area in the average hospital wage level,

(III) adjusting for variations in case mix among hospitals, and

(IV) excluding an estimate of the additional payments to certain subsection (d) Puerto Rico hospitals to be made under subparagraph (D)(i) (relating to disproportionate share payments).

(iii) The Secretary shall compute a discharge weighted average of the standardized amount determined under clause (ii) for all hospitals located in an urban area and for all hospitals located in a rural area (as such terms are defined in paragraph (2)(D)).

(iv) The Secretary shall reduce the average standardized amount by a proportion equal to the proportion (estimated by the Secretary) of the amount of payments under this paragraph which are additional payments described in subparagraph (D)(i) (relating to disproportionate share payments).

(v) For each discharge classified within a diagnosis-related group for hospitals located in an urban or rural area, respectively, the Secretary shall establish a Puerto Rico DRG prospective payment rate equal to the product of—

(I) the average standardized amount (computed under clause (iii) and reduced under clause (iv)) for hospitals located in an urban or rural area, respectively, and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group.

(vi) The Secretary shall adjust the proportion (as estimated by the Secretary from time to time) of hospitals’ costs which are attributable to wages and wage-related costs, of the Puerto Rico DRG prospective payment rate computed under clause (v) for area differences in hospital wage levels by a factor (established by the Secretary) reflecting the relative hospital wage level in the geographic area of the hospital compared to the Puerto Rican average hospital wage level.

(C) The Secretary shall determine a Puerto Rico adjusted DRG prospective payment rate, for each inpatient hospital discharge after fiscal year 1988 involving inpatient hospital services of a subsection (d) Puerto Rico hospital for which payment may be made under part A of this chapter. Such rate shall be determined for hospitals located in urban or rural areas within Puerto Rico as follows:

(i) For discharges in a fiscal year after fiscal year 1988 and before fiscal year 2004, the Secretary shall compute an average standardized amount for hospitals located in an urban area and for hospitals located in a rural area equal to the respective average standardized amount computed for the previous fiscal year under subparagraph (B)(iii) or under this clause, increased for fiscal year 1989 by the applicable percentage increase under subsection (b)(3)(B), and adjusted for subsequent fiscal years in accordance with the final determination of the Secretary under subsection (e)(4), and adjusted to reflect the most recent casemix data available.

(ii) For discharges occurring in a fiscal year (beginning with fiscal year 2004), the Secretary shall compute an average standardized amount for hospitals located in any area of Puerto Rico that is equal to the average standardized amount computed under subparagraph (D)(i) for fiscal year 2003 for hospitals in a large urban area (or, beginning with fiscal year 2005, for all hospitals in the previous fiscal year) increased by the applicable percentage increase under subsection (b)(3)(B) for the fiscal year involved.

(iii) For each discharge classified within a diagnosis-related group for hospitals located in an urban or rural area, respectively, the Secretary shall establish a Puerto Rico DRG prospective payment rate equal to the product of—

(I) the average standardized amount (computed under clause (i) and reduced under clause (ii)), and

(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group.

(iv) The Secretary shall adjust the proportion (as estimated by the Secretary from time to time) of hospitals’ costs which are attributable to wages and wage-related costs, of the Puerto Rico DRG prospective payment rate computed under clause (iii) for area differences in hospital wage levels by a factor (established by the Secretary) reflecting the relative hospital wage level in the geographic area of the hospital compared to the Puerto Rico average hospital wage level. The second and third sentences of paragraph (3)(B)(i) shall apply to subsection (d) Puerto Rico hospitals under this clause in the same manner as they apply to subsection (d) hospitals under such paragraph and, for purposes of this clause, any
reference in such paragraph to a subsection (d) hospital is deemed a reference to a subsection (d) Puerto Rico hospital.

(II) For discharges occurring on or after October 1, 2004, the Secretary shall substitute “62 percent” for the proportion described in the first sentence of clause (i), unless the application of this subsection would result in lower payments to a hospital than would otherwise be made.

(D) The following provisions of paragraph (5) shall apply to subsection (d) Puerto Rico hospitals receiving payment under this paragraph in the same manner and to the extent as they shall apply to subsection (d) hospitals receiving payment under this subsection:

(i) Subparagraph (A) (relating to outlier payments).

(ii) Subparagraph (B) (relating to payments for indirect medical education costs), except that for this purpose the sum of the amount determined under subparagraph (A) of this paragraph and the amount paid to the hospital under clause (i) of this subparagraph shall be substituted for the sum referred to in paragraph (5)(B)(i)(I).

(iii) Subparagraph (F) (relating to disproportionate share payments), except that for this purpose the sum described in clause (ii) of this subparagraph shall be substituted for the sum referred to in paragraph (5)(F)(ii)(I).

(iv) Subparagraph (H) (relating to exceptions and adjustments).

(E) For purposes of subparagraph (A), for discharges occurring—

(i) on or after October 1, 1987, and before October 1, 1997, the applicable Puerto Rico percentage is 75 percent and the applicable Federal percentage is 25 percent;

(ii) on or after October 1, 1997, and before April 1, 2004, the applicable Puerto Rico percentage is 50 percent and the applicable Federal percentage is 50 percent;

(iii) on or after April 1, 2004, and before October 1, 2004, the applicable Puerto Rico percentage is 37.5 percent and the applicable Federal percentage is 62.5 percent;

(iv) on or after October 1, 2004, and before January 1, 2016, the applicable Puerto Rico percentage is 25 percent and the applicable Federal percentage is 75 percent; and

(v) on or after January 1, 2016, the applicable Puerto Rico percentage is 0 percent and the applicable Federal percentage is 100 percent.

(10)(A) There is hereby established the Medicare Geographic Classification Review Board (hereinafter in this paragraph referred to as the “Board”).

(B)(i) The Board shall be composed of 5 members appointed by the Secretary without regard to the provisions of title 5, governing appointments in the competitive service. Two of such members shall be representative of subsection (d) hospitals located in a rural area under paragraph (2)(D). At least 1 member shall be knowledgeable in the field of analyzing costs with respect to the provision of inpatient hospital services.

(ii) The Secretary shall make initial appointments to the Board as provided in this paragraph within 180 days after December 19, 1989.

(C)(i) The Board shall consider the application of any subsection (d) hospital requesting that the Secretary change the hospital’s geographic classification for purposes of determining for a fiscal year—

(I) the hospital’s average standardized amount under paragraph (2)(D), or

(II) the factor used to adjust the DRG prospective payment rate for area differences in hospital wage levels that applies to such hospital under paragraph (3)(E).

(ii) A hospital requesting a change in geographic classification under clause (i) for a fiscal year shall submit its application to the Board not later than the first day of the 13-month period ending on September 30 of the preceding fiscal year.

(iii)(I) The Board shall render a decision on an application submitted under clause (i) not later than 180 days after the deadline referred to in clause (ii).

(II) Appeal of decisions of the Board shall be subject to the provisions of section 557b of title 5. The Secretary shall issue a decision on such an appeal not later than 90 days after the date on which the appeal is filed. The decision of the Secretary shall be final and shall not be subject to judicial review.

(D)(i) The Secretary shall publish guidelines to be utilized by the Board in rendering decisions on applications submitted under this paragraph, and shall include in such guidelines the following:

(I) Guidelines for comparing wages, taking into account (to the extent the Secretary determines appropriate) occupational mix, in the area in which the hospital is classified and the area in which the hospital is applying to be classified.

(II) Guidelines for determining whether the county in which the hospital is located should be treated as being a part of a particular Metropolitan Statistical Area.

(III) Guidelines for considering information provided by an applicant with respect to the effects of the hospital’s geographic classification on access to inpatient hospital services by Medicare beneficiaries.

(IV) Guidelines for considering the appropriateness of the criteria used to define New England County Metropolitan Areas.

(ii) Notwithstanding clause (i), if the Secretary uses a method for making adjustments to the DRG prospective payment rate for area differences in hospital wage levels under paragraph (3)(E) that is not based on the use of Metropolitan Statistical Area classifications, the Secretary may revise the guidelines published under clause (i) to the extent such guidelines are used to determine the appropriateness of the geographic area in which the hospital is determined to be located for purposes of making such adjustments.

(iii) Under the guidelines published by the Secretary under clause (i), in the case of a hospital which has ever been classified by the Secretary as a rural referral center under paragraph (5)(C), the Board may not reject the application of the
hospital under this paragraph on the basis of any comparison between the average hourly wage of the hospital and the average hourly wage of hospitals in the area in which it is located.

(iv) The Secretary shall publish the guidelines described in clause (i) by July 1, 1990.

(v) Any decision of the Board to reclassify a subsection (d) hospital for purposes of the adjustment factor described in subparagraph (C)(i) for fiscal year 2001 or any fiscal year thereafter shall be effective for a period of 3 fiscal years, except that the Secretary shall establish procedures under which a subsection (d) hospital may elect to terminate such reclassification before the end of such period.

(vi) Such guidelines shall provide that, in making decisions on applications for reclassification for the purposes described in clause (v) for fiscal year 2003 and any succeeding fiscal year, the Board shall base any comparison of the average hourly wage for the hospital with the average hourly wage for hospitals in an area on—

(I) an average of the average hourly wage amount for the hospital from the most recently published hospital wage survey data of the Secretary (as of the date on which the hospital applies for reclassification) and such amount from each of the two immediately preceding surveys; and

(II) an average of the average hourly wage amount for hospitals in such area from the most recently published hospital wage survey data of the Secretary (as of the date on which the hospital applies for reclassification) and such amount from each of the two immediately preceding surveys.

(E)(i) The Board shall have full power and authority to make rules and establish procedures, not inconsistent with the provisions of this subchapter or regulations of the Secretary, which are necessary or appropriate to carry out the provisions of this paragraph. In the course of any hearing the Board may administer oaths and affirmations. The provisions of subsections (d) and (e) of section 405 of this title with respect to subpoenas shall apply to the Board to the same extent as such provisions apply to the Secretary with respect to subchapter II.

(ii) The Board is authorized to engage such technical assistance and to receive such information as may be required to carry out its functions, and the Secretary shall, in addition, make available to the Board such secretarial, clerical, and other assistance as the Board may require to carry out its functions.

(F)(i) Each member of the Board who is not an officer or employee of the Federal Government shall be compensated at a rate equal to the daily equivalent of the annual rate of basic pay prescribed for grade GS–18 of the General Schedule under section 5332 of title 5 for each day (including travel time) during which such member is engaged in the performance of the duties of the Board. Each member of the Board who is an officer or employee of the United States shall serve without compensation in addition to that received for service as an officer or employee of the United States.

(ii) Members of the Board shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, while away from their homes or regular places of business in the performance of services for the Board.

(1) ADDITIONAL PAYMENTS FOR MANAGED CARE ENROLLEES.—

(A) IN GENERAL.—For portions of cost reporting periods occurring on or after January 1, 1998, the Secretary shall provide for an additional payment amount for each applicable discharge of any subsection (d) hospital that has an approved medical residency training program.

(B) APPLICABLE DISCHARGE.—For purposes of this paragraph, the term "applicable discharge" means the discharge of any individual who is enrolled under a risk-sharing contract with an eligible organization under section 1395ttmm of this title and who is entitled to benefits under part A or any individual who is enrolled with a Medicare+ Choice organization under part C.

(C) DETERMINATION OF AMOUNT.—The amount of the payment under this paragraph with respect to any applicable discharge shall be equal to the applicable percentage (as defined in subsection (h)(3)(D)(II)) of the estimated average per discharge amount that would otherwise have been paid under paragraph (5)(B) if the individuals had not been enrolled as described in subparagraph (B).

(D) SPECIAL RULE FOR HOSPITALS UNDER REIMBURSEMENT SYSTEM.—The Secretary shall establish rules for the application of this paragraph to a hospital reimbursed under a reimbursement system authorized under section 1395f(b)(3) of this title in the same manner as it would apply to the hospital if it were not reimbursed under such section.

(12) PAYMENT ADJUSTMENT FOR LOW-VOLUME HOSPITALS.—

(A) IN GENERAL.—In addition to any payments calculated under this section for a subsection (d) hospital, for discharges occurring during a fiscal year (beginning with fiscal year 2005), the Secretary shall provide for an additional payment amount to each low-volume hospital (as defined in subparagraph (C)(i)) for discharges occurring during that fiscal year that is equal to the applicable percentage increase (determined under subparagraph (B) or (D) for the hospital involved) in the amount paid to such hospital under this section for such discharges (determined without regard to this paragraph).

(B) APPLICABLE PERCENTAGE INCREASE.—For discharges occurring in fiscal years 2005 through 2010 and for discharges occurring in fiscal year 2023 and subsequent fiscal years, the Secretary shall determine an applicable percentage increase for purposes of subparagraph (A) as follows:

(i) The Secretary shall determine the empirical relationship for subsection (d) hospitals between the standardized cost-per-case for such hospitals and the total number of discharges of such hospitals and the amount of the additional incremental costs (if any) that are associated with such number of discharges.
(ii) The applicable percentage increase shall be determined based upon such relationship in a manner that reflects, based upon the number of such discharges for a subsection (d) hospital, such additional incremental costs.

(iii) In no case shall the applicable percentage increase exceed 25 percent.

(C) DEFINITIONS.—

(i) LOW-VOLUME HOSPITAL.—For purposes of this paragraph, the term "low-volume hospital" means, for a fiscal year, a subsection (d) hospital (as defined in paragraph (1)(B)) that the Secretary determines is located more than 25 road miles (or, with respect to fiscal years 2011 through 2022, 15 road miles) from another subsection (d) hospital and has—

(I) with respect to each of fiscal years 2005 through 2010, less than 800 discharges during the fiscal year;

(II) with respect to each of fiscal years 2011 through 2018, less than 1,600 discharges of individuals entitled to, or enrolled for, benefits under part A during the fiscal year or portion of fiscal year; and

(III) with respect to each of fiscal years 2019 through 2022, less than 3,800 discharges during the fiscal year; and

(IV) with respect to fiscal year 2023 and each subsequent fiscal year, less than 800 discharges during the fiscal year.

(ii) DISCHARGE.—For purposes of subparagraphs (B) and (D) and clause (i), the term "discharge" means an inpatient acute care discharge of an individual regardless (except as provided in clause (i)(II) and subparagraph (D)(i)) of whether the individual is entitled to benefits under part A during the fiscal year or portion of fiscal year.

(iii) TREATMENT OF INDIAN HEALTH SERVICE AND NON-INDIAN HEALTH SERVICE FACILITIES.—

For purposes of determining whether—

(I) a subsection (d) hospital of the Indian Health Service (whether operated by such Service or by an Indian tribe or tribal organization (as those terms are defined in section 1603 of title 25)), or

(II) a subsection (d) hospital other than a hospital of the Indian Health Service meets the mileage criterion under clause (i) with respect to the wage index for such higher wage index area or a county, an area with a wage index that equals or exceeds the average hourly wage of the hospitals in the qualifying county equals or exceeds the average hourly wage of all the hospitals in the area in which the qualifying county is located.

(C) DEFINITIONS.—

(i) LOW-VOLUME HOSPITAL.—For purposes of this paragraph, the term "low-volume hospital" means, for a fiscal year, a subsection (d) hospital (as defined in paragraph (1)(B)) that the Secretary determines is located more than 25 road miles (or, with respect to fiscal years 2011 through 2022, 15 road miles) from another subsection (d) hospital and has—

(I) with respect to each of fiscal years 2005 through 2010, less than 800 discharges during the fiscal year;

(II) with respect to each of fiscal years 2011 through 2018, less than 1,600 discharges of individuals entitled to, or enrolled for, benefits under part A during the fiscal year or portion of fiscal year; and

(III) with respect to each of fiscal years 2019 through 2022, less than 3,800 discharges during the fiscal year; and

(IV) with respect to fiscal year 2023 and each subsequent fiscal year, less than 800 discharges during the fiscal year.

(iii) TREATMENT OF INDIAN HEALTH SERVICE AND NON-INDIAN HEALTH SERVICE FACILITIES.—

For purposes of determining whether—

(I) a subsection (d) hospital of the Indian Health Service (whether operated by such Service or by an Indian tribe or tribal organization (as those terms are defined in section 1603 of title 25)), or

(II) a subsection (d) hospital other than a hospital of the Indian Health Service meets the mileage criterion under clause (i) with respect to the wage index for such higher wage index area or a county, an area with a wage index that equals or exceeds the average hourly wage of the hospitals in the qualifying county equals or exceeds the average hourly wage of all the hospitals in the area in which the qualifying county is located.

(D) TEMPORARY APPLICABLE PERCENTAGE INCREASE.—For discharges occurring in fiscal years 2023 through 2022, the Secretary shall determine an applicable percentage increase for purposes of subparagraph (A) using a continuous linear sliding scale ranging from 25 percent for low-volume hospitals—

(i) with respect to each of fiscal years 2011 through 2018, with 200 or fewer discharges of individuals entitled to, or enrolled for, benefits under part A in the fiscal year or the portion of fiscal year to 0 percent for low-volume hospitals with greater than 1,600 discharges of such individuals in the fiscal year or the portion of fiscal year or portion of fiscal year; and

(ii) with respect to each of fiscal years 2019 through 2022, with 500 or fewer discharges in the fiscal year to 0 percent for low-volume hospitals with greater than 3,800 discharges in the fiscal year.

(E) Bases and adjustment in 2019 and beyond—

(i) the difference between—

(I) the wage index for such higher wage index area, and

(II) the wage index of the qualifying county; and

(ii) the number of hospital employees residing in the qualifying county who are employed in such higher wage index area divided by the total number of hospital employees residing in the qualifying county who are employed in any higher wage index area.

(F) SUBJECT TO APPLICABILITY OF THE WAGE INDEX RULES UNDER PARAGRAPH (E).—As the Secretary determines to be appropriate, establish—

(i) a threshold percentage, established by the Secretary, of the weighted average of the area wage index or indices for the higher wage index areas involved;

(ii) a threshold (of not less than 10 percent) for minimum out-migration to a higher wage index area or areas; and

(iii) a requirement that the average hourly wage of the hospitals in the qualifying county equals or exceeds the average hourly wage of all the hospitals in the area in which the qualifying county is located.

(G) For purposes of this paragraph, the term "higher wage index area" means, with respect to a county, an area with a wage index that exceeds that of the county.

(H) The increase in the wage index under subparagraph (A) for a qualifying county shall be equal to the percentage of the hospital employees residing in the qualifying county who are employed in any higher wage index area multiplied by the sum of the products, for each higher wage index area of—

(i) the difference between—

(I) the wage index for such higher wage index area, and

(II) the wage index of the qualifying county; and

(ii) the number of hospital employees residing in the qualifying county who are employed in such higher wage index area divided by the total number of hospital employees residing in the qualifying county who are employed in any higher wage index area.

(I) The process under paragraph (g) shall be carried out by the Secretary under the authority of this subpart.
critical access hospitals, as required under section 1395cc(a)(1)(T) of this title, to submit data regarding the location of residence, or the Secretary may use data from other sources.

(F) A wage index increase under this paragraph shall be effective for a period of 3 fiscal years, except that the Secretary shall establish procedures under which a subsection (d) hospital may elect to waive the application of such wage index increase.

(G) A hospital in a county that has a wage index increase under this paragraph for a period and that has not waived the application of such an increase under subparagraph (F) is not eligible for reclassification under paragraph (8) or (10) during that period.

(H) Any increase in a wage index under this paragraph for a county shall not be taken into account for purposes of—

(i) computing the wage index for portions of the wage index area (not including the county) in which the county is located; or

(ii) applying any budget neutrality adjustment with respect to such index under paragraph (6)(D).

(I) The thresholds described in subparagraph (B), data on hospital employees used under this paragraph, and any determination of the Secretary under the process described in subparagraph (E) shall be final and shall not be subject to judicial review.

(e) Proportional adjustments in applicable percentage increases

(1)(A) For cost reporting periods of hospitals beginning in fiscal year 1984 or fiscal year 1985, the Secretary shall provide for such proportional adjustment in the applicable percentage increase (otherwise applicable to the periods under subsection (b)(3)(B)) as may be necessary to assure that—

(i) the aggregate payment amounts otherwise provided under subsection (d)(1)(A)(I)(I) for that fiscal year for operating costs of inpatient hospital services of hospitals (excluding payments made under section 1395cc(a)(1)(F) of this title),

are not greater or less than—

(ii) the target percentage (as defined in subsection (d)(1)(C)) of the payment amounts which would have been payable for such services for those same hospitals for that fiscal year under this section under the law as in effect before April 20, 1983 (excluding payments made under section 1395cc(a)(1)(F) of this title);

except that the adjustment made under this subparagraph shall apply only to subsection (d) hospitals and shall not apply for purposes of making computations under subsection (d)(2)(B)(ii) or subsection (d)(3)(A).

(B) For discharges occurring in fiscal year 1984 or fiscal year 1985, the Secretary shall provide under subsections (d)(2)(F) and (d)(3)(C) for such equal proportional adjustment in each of the average standardized amounts otherwise computed for that fiscal year as may be necessary to assure that—

(i) the aggregate payment amounts otherwise provided under subsection (d)(1)(A)(I)(II) and (d)(5) for that fiscal year for operating costs of inpatient hospital services of hospitals (excluding payments made under section 1395cc(a)(1)(F) of this title),

are not greater or less than—

(ii) the DRG percentage (as defined in subsection (d)(1)(C)) of the payment amounts which would have been payable for such services for those same hospitals for that fiscal year under this section under the law as in effect before April 20, 1983 (excluding payments made under section 1395cc(a)(1)(F) of this title).

(C) For discharges occurring in fiscal year 1986, the Secretary shall provide for such equal proportional adjustment in each of the average standardized amounts otherwise computed under subsection (d)(3) for that fiscal year as may be necessary to assure that—

(i) the aggregate payment amounts otherwise provided under subsections (d)(5), and (d)(9) for that fiscal year for operating costs of inpatient hospital services of subsection (d) hospitals and subsection (d) Puerto Rico hospitals,

are not greater or less than—

(ii) the payment amounts that would have been payable for such services for those same hospitals for that fiscal year but for the enactment of the amendments made by section 9304 of the Omnibus Budget Reconciliation Act of 1986.
(f) Reporting of costs of hospitals receiving payments on basis of prospective rates

(1)(A) The Secretary shall maintain a system for the reporting of costs of hospitals receiving payments computed under subsection (d).

(B) Subject to clause (ii), the Secretary shall place into effect a standardized electronic cost reporting format for hospitals under this subchapter.

(ii) The Secretary may delay or waive the implementation of such format in particular instances where such implementation would result in financial hardship (in particular with respect to hospitals with a small percentage of inpatients entitled to benefits under this subchapter).

(2) If the Secretary determines, based upon information supplied by a quality improvement organization under part B of subchapter XI, that a hospital, in order to circumvent the payment method established under subsection (b) or (d) of this section, has taken an action that results in the admission of individuals entitled to benefits under part A unnecessarily, unnecessary multiple admissions of the same such individuals, or other inappropriate medical or other practices with respect to such individuals, the Secretary may—

(A) deny payment (in whole or in part) under part A with respect to inpatient hospital services provided with respect to such an unnecessary admission (or subsequent admission of the same individual), or

(B) require the hospital to take other corrective action necessary to prevent or correct the inappropriate practice.

(g) Prospective payment for capital-related costs; return on equity capital for hospitals

(1)(A) Notwithstanding section 1395x(v) of this title, instead of any amounts that are otherwise payable under this subchapter with respect to the reasonable costs of subsection (d) hospitals and subsection (d) Puerto Rico hospitals for capital-related costs of inpatient hospital services, the Secretary shall, for hospital cost reporting periods beginning on or after October 1, 1991, provide for payments for such costs in accordance with a prospective payment system established by the Secretary. Aggregate payments made under subsection (d) and this subsection during fiscal years 1992 through 1995 shall be reduced in a manner that results in a reduction (as estimated by the Secretary) in the amount of such payments equal to a 10 percent reduction in the amount of payments attributable to capital-related costs that would otherwise have been made during such fiscal year had the amount of such payments been based on reasonable costs (as defined in section 1395x(v) of this title). For discharges occurring after September 30, 1993, the Secretary shall reduce by 7.4 percent the unadjusted standard Federal capital payment rate (as described in 42 CFR 412.308(c), as in effect on August 10, 1993) and shall (for hospital cost reporting periods beginning on or after October 1, 1993) determine which payment methodology is applied to the hospital under such system to take into account such reduction. In addition to the reduction described in the preceding sentence, for discharges occurring on or after October 1, 1997, the Secretary shall apply the budget neutrality adjustment factor used to determine the Federal capital payment rate in effect on September 30, 1995 (as described in section 412.352 of title 42 of the Code of Federal Regulations), to (i) the unadjusted standard Federal capital payment rate (as described in section 412.308(c) of this title, as in effect on September 30, 1997), and (ii) the unadjusted hospital-specific rate (as described in section 412.328(e)(1) of that title, as in effect on September 30, 1997), and, for discharges occurring on or after October 1, 1997, and before October 1, 2002, reduce the rates described in clauses (i) and (ii) by 2.1 percent.

(B) Such system—

(i) shall provide for (I) a payment on a per discharge basis, and (II) an appropriate weighting of such payment amount as relates to the classification of the discharge;

(ii) may provide for an adjustment to take into account variations in the relative costs of capital and construction for the different types of facilities or areas in which they are located;

(iii) may provide for such exceptions (including appropriate exceptions to reflect capital obligations) as the Secretary determines to be appropriate, and

(iv) may provide for suitable adjustment to reflect hospital occupancy rate.

(C) In this paragraph, the term "capital-related costs" has the meaning given such term by the Secretary under subsection (a)(4) as of September 30, 1987, and does not include a return on equity capital.

(2)(A) The Secretary shall provide that the amount which is allowable, with respect to reasonable costs of inpatient hospital services for which payment may be made under this subchapter, for a return on equity capital for hospitals shall, for cost reporting periods beginning on or after April 20, 1983, be equal to amounts otherwise allowable under regulations in effect on March 1, 1983, except that the rate of return to be recognized shall be equal to the applicable percentage (described in subparagraph (B) of the average of the rates of interest, for each of the months any part of which is included in the reporting period, on obligations issued for purchase by the Federal Hospital Insurance Trust Fund.
(B) In this paragraph, the "applicable percentage" is—

(i) 75 percent, for cost reporting periods beginning during fiscal year 1987,
(ii) 50 percent, for cost reporting periods beginning during fiscal year 1988,
(iii) 25 percent, for cost reporting periods beginning during fiscal year 1989, and
(iv) 0 percent, for cost reporting periods beginning on or after October 1, 1989.

(3)(A) Except as provided in subparagraph (B), in determining the amount of the payments that may be made under this subchapter with respect to the reasonable costs of hospitals for prospective parts (as reasonably reflects the proportion of direct graduate medical education costs of hospitals associated with the provision of services under each respective part.

(2) Determination of hospital-specific approved FTE resident amounts

The Secretary shall determine, for each hospital with an approved medical residency training program, an approved FTE resident amount for each cost reporting period beginning on or after July 1, 1985, as follows:

(A) Determining allowable average cost per FTE resident in a hospital's base period

The Secretary shall determine, for the hospital's cost reporting period that began during fiscal year 1984, the average amount recognized as reasonable under this subchapter for direct graduate medical education costs of the hospital for each full-time-equivalent resident.

(B) Updating to the first cost reporting period

(i) In general

The Secretary shall update each average amount determined under subparagraph (A) by the percentage increase in the consumer price index during the 12-month cost reporting period described in such subparagraph.

(ii) Exception

The Secretary shall not perform an update under clause (i) in the case of a hospital if the hospital's reporting period, described in subparagraph (A), began on or after July 1, 1984, and before October 1, 1984.

(C) Amount for first cost reporting period

For the first cost reporting period of the hospital beginning on or after July 1, 1985, the approved FTE resident amount for the hospital is equal to the amount determined under subparagraph (B) increased by 1 percent.

(D) Amount for subsequent cost reporting periods

(i) In general

Except as provided in a subsequent clause, for each subsequent cost reporting period, the approved FTE resident amount for the hospital is equal to the approved FTE resident amount determined under this paragraph for the previous cost reporting period updated, through the midpoint of the period, by projecting the estimated percentage change in the consumer price index during the 12-month period ending at that midpoint, with appropriate adjustments to reflect previous under- or over-estimations under this subparagraph in the projected percentage change in the consumer price index.

(ii) Freeze in update for fiscal years 1994 and 1995

For cost reporting periods beginning during fiscal year 1994 or fiscal year 1995, the
approved FTE resident amount for a hospital shall not be updated under clause (i) for a resident who is not a primary care resident (as defined in paragraph (5)(H)) or a resident enrolled in an approved medical residency training program in obstetrics and gynecology.

(iii) Floor for locality adjusted national average per resident amount

The approved FTE resident amount for a hospital for the cost reporting period beginning during fiscal year 2001 shall not be less than 70 percent, and for the cost reporting period beginning during fiscal year 2002 shall not be less than 85 percent, of the locality adjusted national average per resident amount computed under subparagraph (E) for the hospital and period.

(iv) Adjustment in rate of increase for hospitals with FTE approved amount above 140 percent of locality adjusted national average per resident amount

(I) Freeze for fiscal years 2001 and 2002 and 2004 through 2013

For a cost reporting period beginning during fiscal year 2001 or fiscal year 2002 or during the period beginning with fiscal year 2004 and ending with fiscal year 2013, if the approved FTE resident amount for a hospital for the preceding cost reporting period exceeds 140 percent of the locality adjusted national average per resident amount computed under subparagraph (E) for that hospital and period, subject to subclause (III), the approved FTE resident amount for the period involved shall be the same as the approved FTE resident amount for the hospital for such preceding cost reporting period.

(II) 2 percent decrease in update for fiscal years 2003, 2004, and 2005

For the cost reporting period beginning during fiscal year 2003, if the approved FTE resident amount for a hospital for the preceding cost reporting period exceeds 140 percent of the locality adjusted national average per resident amount computed under subparagraph (E) for that hospital and preceding period, the approved FTE resident amount for the period involved shall be updated in the manner described in subparagraph (D)(i) except that, subject to subclause (III), the consumer price index applied for a 12-month period shall be reduced (but not below zero) by 2 percentage points.

(III) No adjustment below 140 percent

In no case shall subclause (I) or (II) reduce an approved FTE resident amount for a hospital for a cost reporting period below 140 percent of the locality adjusted national average per resident amount computed under subparagraph (E) for such hospital and period.

(E) Determination of locality adjusted national average per resident amount

The Secretary shall determine a locality adjusted national average per resident amount with respect to a cost reporting period of a hospital beginning during a fiscal year as follows:

(i) Determining hospital single per resident amount

The Secretary shall compute for each hospital operating an approved graduate medical education program a single per resident amount equal to the average (weighted by number of full-time equivalent residents, as determined under paragraph (4)) of the primary care per resident amount and the non-primary care per resident amount computed under paragraph (2) for cost reporting periods ending during fiscal year 1997.

(ii) Standardizing per resident amounts

The Secretary shall compute a standardized per resident amount for each such hospital by dividing the single per resident amount computed under clause (i) by an average of the 3 geographic index values (weighted by the national average weight for each of the work, practice expense, and malpractice components) as applied under section 1395w–4(e) of this title for 1999 for the fee schedule area in which the hospital is located.

(iii) Computing of weighted average

The Secretary shall compute the average of the standardized per resident amounts computed under clause (ii) for such hospitals, with the amount for each hospital weighted by the average number of full-time equivalent residents at such hospital (as determined under paragraph (4)).

(iv) Computing national average per resident amount

The Secretary shall compute the national average per resident amount, for a hospital’s cost reporting period that begins during fiscal year 2001, equal to the weighted average computed under clause (iii) increased by the estimated percentage increase in the consumer price index for all urban consumers during the period beginning with the month that represents the midpoint of the cost reporting periods described in clause (i) and ending with the midpoint of the hospital’s cost reporting period that begins during fiscal year 2001.

(v) Adjusting for locality

The Secretary shall compute the product of—

(I) the national average per resident amount computed under clause (iv) for the hospital, and

The Secretary shall estimate a proportional adjustment in payments to all hospitals determined under clauses (i) and (ii) for portions of cost-reporting periods beginning in a year (beginning with 2000) such that the proportional adjustment reduces payments in an amount for such year equal to the total additional payment amounts for nursing and allied health education determined under subsection (l) for portions of cost-reporting periods occurring in that year.

(iv) Special rule for hospitals under reimbursement system

The Secretary shall establish rules for the application of this subparagraph to a hospital reimbursed under a reimbursement system authorized under section 1395f(b)(2) of this title in the same manner as it would apply to the hospital if it were not reimbursed under such section.

(i) effective for cost reporting periods beginning before July 1, 2010, all the time; so spent by a resident under an approved medical residency training program shall be counted towards the determination of full-time equivalency, without regard to the setting in which the activities are performed, if the hospital incurs all, or substantially all, of the costs for the training program in that setting; and

(ii) effective for cost reporting periods beginning on or after July 1, 2010, all the time so spent by a resident shall be counted towards the determination of full-time equivalency, without regard to the setting in which the activities are performed, if the hospital incurs the costs of the stipends and fringe benefits of the resident during the time the resident spends in that setting. If more than one hospital incurs these costs, either directly or through a third party, such hospitals shall count a proportional share of the time, as determined by written agreement between the hospitals, that a resident spends training in that setting.

Any hospital claiming under this subparagraph for time spent in a nonprovider set-

(ii) Counting primary care residents on certain approved leaves of absence in base year FTE count

(I) In general

In determining the number of such full-time equivalent residents for a hospital’s most recent cost reporting period ending on or before December 31, 1996, for purposes of clause (i), the Secretary shall count an individual to the extent that the individual would have been counted as a primary care resident for such period but for the fact that the individual, as determined by the Secretary, was on maternity or disability leave or a similar approved leave of absence.

(II) Limitation to 3 FTE residents for any hospital

The total number of individuals counted under subclause (I) for a hospital may not exceed 3 full-time equivalent residents.

(ii) Adjustment for short periods

If any cost reporting period beginning on or after October 1, 1997, is not equal to twelve months, the Secretary shall make appropriate modifications to ensure that the average full-time equivalent resident counts pursuant to clause (i) are based on the equivalent of full twelve-month cost reporting periods.

(2) the provisions of subparagraph (G) and subsection (d)(5)(B)(vi)(II) shall not be applicable to such provider for the first three cost reporting years in which such provider trains residents under any approved medical residency training program.

(vi) Redistribution of residency slots after a hospital closes
(I) In general
Subject to the succeeding provisions of this clause, the Secretary shall, by regulation, establish a process under which, in the case where a hospital (other than a hospital described in clause (v)) with an approved medical residency program closes on or after a date that is 2 years before March 23, 2010, the Secretary shall increase the otherwise applicable resident limit under this paragraph for other hospitals in accordance with this clause.

(II) Priority for hospitals in certain areas
Subject to the succeeding provisions of this clause, in determining for which hospitals the increase in the otherwise applicable resident limit is provided under such process, the Secretary shall distribute the increase to hospitals in the following priority order (with preference given within each category to hospitals that are members of the same affiliated group (as defined by the Secretary under clause (ii)) as the closed hospital):

(aa) First, to hospitals located in the same core-based statistical area as, or a core-based statistical area contiguous to, the hospital that closed.

(bb) Second, to hospitals located in the same State as the hospital that closed.

(cc) Third, to hospitals located in the same region of the country as the hospital that closed.

The Secretary may only increase the otherwise applicable resident limit of a hospital under such process if the Secretary determines the hospital has demonstrated a likelihood of filling the positions made available under this clause within 3 years.

(IV) Limitation
The aggregate number of increases in the otherwise applicable resident limits.
§ 1395ww  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 3580

Such rules shall provide that all time spent by an intern or resident in an approved medical residency training program in a nonprovider setting that is primarily engaged in furnishing patient care (as defined in paragraph (5)(K)) in non-patient care activities, such as didactic conferences and seminars, but not including research not associated with the treatment or diagnosis of a particular patient, as such time and activities are defined by the Secretary, shall be counted toward the determination of full-time equivalency.

(K) Treatment of certain other activities

In determining the hospital's number of full-time equivalent residents for purposes of this subsection, all the time that is spent by an intern or resident in an approved medical residency training program on vacation, sick leave, or other approved leave, as such time is defined by the Secretary, and that does not prolong the total time the resident is participating in the approved program beyond the normal duration of the program shall be counted toward the determination of full-time equivalency.

(I) the program is limited to training for family and community medicine;

(II) the program is the only approved medical residency program of the hospital; and

(III) the average amount determined under paragraph (2)(A) for the hospital (as determined without regard to the increase in such amount described in clause (I)(I)) does not exceed $10,000.

(K) Nonprovider setting that is primarily engaged in furnishing patient care

The term “nonprovider setting that is primarily engaged in furnishing patient care” means a nonprovider setting in which the primary activity is the care and treatment of patients, as defined by the Secretary.

(6) Incentive payment under plans for voluntary reduction in number of residents

(A) In general

In the case of a voluntary residency reduction plan for which an application is approved under subparagraph (B), subject to subparagraph (E) of the sum of—

(i) the amount (if any) by which—

(I) the amount of payment which would have been made under this subsection if there had been a 5-percent reduction in the number of full-time equivalent residents in the approved medical education training programs of the hospital as of June 30, 1997, exceeds

(II) the amount of payment which is made under this subsection, taking into account the reduction in such number effected under the reduction plan; and

(ii) the amount of the reduction in payment under subsection (d)(5)(B) for the hospital that is attributable to the reduction in number of residents effected under the plan below 95 percent of the number of full-time equivalent residents in such programs of the hospital as of June 30, 1997.

The determination of the amounts under clauses (i) and (ii) for any year shall be made on the basis of the provisions of this subchapter in effect on the application deadline.
date for the first calendar year to which the reduction plan applies.

(B) Approval of plan applications

The Secretary may not approve the application of an qualifying entity unless—

(i) the application is submitted in a form and manner specified by the Secretary and by not later than November 1, 1999;\(^\text{13}\)

(ii) the application provides for the operation of a plan for the reduction in the number of full-time equivalent residents in the approved medical residency training programs of the entity consistent with the requirements of subparagraph (D);

(iii) the entity elects in the application the period of residency training years (not greater than 5) over which the reduction will occur;

(iv) the entity will not reduce the proportion of its residents in primary care (to the total number of residents) below such proportion as in effect as of the applicable time described in subparagraph (D)(v); and

(v) the Secretary determines that the application and the entity and such plan meet such other requirements as the Secretary specifies in regulations.

(C) Qualifying entity

For purposes of this paragraph, any of the following may be a qualifying entity:

(i) Individual hospitals operating one or more approved medical residency training programs.

(ii) Two or more hospitals that operate such programs and apply for treatment under this paragraph as a single qualifying entity.

(iii) A qualifying consortium (as described in section 4628 of the Balanced Budget Act of 1997).

(D) Residency reduction requirements

(i) Individual hospital applicants

In the case of a qualifying entity described in subparagraph (C)(i), the number of full-time equivalent residents in all the approved medical residency training programs operated by or through the entity shall be reduced as follows:

(I) If the base number of residents exceeds 750 residents, by a number equal to at least 20 percent of such base number.

(II) Subject to subclause (IV), if the base number of residents exceeds 600 but is less than 750 residents, by 150 residents.

(III) Subject to subclause (IV), if the base number of residents does not exceed 600 residents, by a number equal to at least 25 percent of such base number.

(IV) In the case of a qualifying entity which is described in clause (v) and which elects treatment under this subclause, by a number equal to at least 20 percent of the base number.

(ii) Joint applicants

In the case of a qualifying entity described in subparagraph (C)(ii), the number of full-time equivalent residents in the aggregate for all the approved medical residency training programs operated by or through the entity shall be reduced as follows:

(I) Subject to subclause (II), by a number equal to at least 25 percent of the base number.

(II) In the case of such a qualifying entity which is described in clause (v) and which elects treatment under this subclause, by a number equal to at least 20 percent of the base number.

(iii) Consortia

In the case of a qualifying entity described in subparagraph (C)(iii), the number of full-time equivalent residents in the aggregate for all the approved medical residency training programs operated by or through the entity shall be reduced by a number equal to at least 20 percent of the base number.

(iv) Manner of reduction

The reductions specified under the preceding provisions of this subparagraph for a qualifying entity shall be below the base number of residents for that entity and shall be fully effective not later than the 5th residency training year in which the application under subparagraph (B) is effective.

(v) Entities providing assurance of increase in primary care residents

An entity is described in this clause if—

(I) the base number of residents for the entity is less than 750 or the entity is described in subparagraph (C)(ii); and

(II) the entity represents in its application under subparagraph (B) that it will increase the number of full-time equivalent residents in primary care by at least 20 percent (from such number included in the base number of residents) by not later than the 5th residency training year in which the application under subparagraph (B) is effective.

If a qualifying entity fails to comply with the representation described in subclause (II) by the end of such 5th residency training year, the entity shall be subject to repayment of all amounts paid under this paragraph, in accordance with procedures established to carry out subparagraph (F).

(vi) “Base number of residents” defined

For purposes of this paragraph, the term “base number of residents” means, with respect to a qualifying entity (or its participating hospitals) operating approved medical residency training programs, the number of full-time equivalent residents in such programs (before application of weighting factors) of the entity as of the most recent residency training year ending before June 30, 1997, or, if less, for any subsequent residency training year that ends before the date the entity makes application under this paragraph.

\(^{13}\)So in original. The comma probably should be a semicolon.
(E) Applicable hold harmless percentage

For purposes of subparagraph (A), the “applicable hold harmless percentage” for the—

(i) first and second residency training years in which the reduction plan is in effect, 100 percent.

(ii) third such year, 75 percent.

(iii) fourth such year, 50 percent, and

(iv) fifth such year, 25 percent.

(F) Penalty for noncompliance

(i) In general

No payment may be made under this paragraph to a hospital for a residency training year if the hospital has failed to reduce the number of full-time equivalent residents (in the manner required under subparagraph (D)) to the number agreed to by the Secretary and the qualifying entity in approving the application under this paragraph with respect to each such year.

(ii) Increase in number of residents in subsequent years

If payments are made under this paragraph to a hospital, and if the hospital increases the number of full-time equivalent residents above the number of such residents permitted under the reduction plan as of the completion of the plan, then, as specified by the Secretary, the entity is liable for repayment to the Secretary of the total amounts paid under this paragraph to the entity.

(G) Treatment of rotating residents

In applying this paragraph, the Secretary shall establish rules regarding the counting of residents who are assigned to institutions the medical residency training programs in which are not covered under approved applications under this paragraph.

(7) Redistribution of unused resident positions

(A) Reduction in limit based on unused positions

(i) Programs subject to reduction

(I) In general

Except as provided in subclause (II), if a hospital’s reference resident level (specified in clause (ii)) is less than the otherwise applicable resident limit (as defined in subparagraph (C)(ii)), effective for portions of cost reporting periods occurring on or after July 1, 2005, the otherwise applicable resident limit shall be reduced by 75 percent of the difference between such otherwise applicable resident limit and such reference resident level.

(II) Exception for small rural hospitals

This subparagraph shall not apply to a hospital located in a rural area (as defined in subsection (d)(2)(D)(i)) with fewer than 250 acute care inpatient beds.

(ii) Reference resident level

(I) In general

Except as otherwise provided in subclauses (II) and (III), the reference resident level specified in this clause for a hospital is the resident level for the most recent cost reporting period of the hospital ending on or before September 30, 2002, for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

(II) Use of most recent accounting period to recognize expansion of existing programs

If a hospital submits a timely request to increase its resident level due to an expansion of an existing residency training program that is not reflected on the most recent settled cost report, after audit and subject to the discretion of the Secretary, the reference resident level for such hospital is the resident level for the cost reporting period that includes July 1, 2003, as determined by the Secretary.

(III) Expansions under newly approved programs

Upon the timely request of a hospital, the Secretary shall adjust the reference resident level specified under subclause (I) or (II) to include the number of medical residents that were approved in an application for a medical residency training program that was approved by an appropriate accrediting organization (as determined by the Secretary) before January 1, 2002, but which was not in operation during the cost reporting period used under subclause (I) or (II), as the case may be, as determined by the Secretary.

(iii) Affiliation

The provisions of clause (i) shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) as of July 1, 2003.

(B) Redistribution

(i) In general

The Secretary is authorized to increase the otherwise applicable resident limit for each qualifying hospital that submits a timely application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2005. The aggregate number of increases in the otherwise applicable resident limits under this subparagraph may not exceed the Secretary’s estimate of the aggregate reduction in such limits attributable to subparagraph (A).

(ii) Considerations in redistribution

In determining for which hospitals the increase in the otherwise applicable resident limit is provided under clause (i), the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions within the first 3 cost reporting periods beginning on or after July 1, 2005, made available under this subparagraph, as determined by the Secretary.
§ 1395ww

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 3584

(iii) Priority for rural and small urban areas

In determining for which hospitals and residency training programs an increase in the otherwise applicable resident limit is provided under clause (i), the Secretary shall distribute the increase to programs of hospitals located in the following priority order:

(I) First, to hospitals located in rural areas (as defined in subsection (d)(2)(D)(i)).

(II) Second, to hospitals located in urban areas that are not large urban areas (as defined for purposes of subsection (d)).

(III) Third, to other hospitals in a State if the residency training program involved is in a specialty for which there are no other residency training programs in the State.

Increases of residency limits within the same priority category under this clause shall be determined by the Secretary.

(iv) Limitation

In no case shall more than 25 full-time equivalent additional residency positions be made available under this subparagraph with respect to any hospital.

(v) Application of locality adjusted national average per resident amount

With respect to additional residency positions in a hospital attributable to the increase provided under this subparagraph, notwithstanding any other provision of this subsection, the approved FTE resident amount is deemed to be equal to the locality adjusted national average per resident amount computed under paragraph (4)(E) for that hospital.

(vi) Construction

Nothing in this subparagraph shall be construed as permitting the redistribution of reductions in residency positions attributable to voluntary reduction programs under paragraph (6), under a demonstration project approved as of October 31, 2003, under the authority of section 402 of Public Law 90–248, or as affecting the ability of a hospital to establish new medical residency training programs under paragraph (4)(H).

(C) Resident level and limit defined

In this paragraph:

(i) Resident level

The term “resident level” means, with respect to a hospital, the total number of full-time equivalent residents, before the application of weighting factors (as determined under paragraph (4)), in the fields of allopathic and osteopathic medicine for the hospital.

(ii) Otherwise applicable resident limit

The term “otherwise applicable resident limit” means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(1) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph.

(D) Adjustment based on settled cost report

In the case of a hospital with a dual accredited osteopathic and allopathic family practice program for which—

(i) the otherwise applicable resident limit was reduced under subparagraph (A)(i)(I); and

(ii) such reduction was based on a reference resident level that was determined using a cost report and where a revised or corrected notice of program reimbursement was issued for such cost report between September 1, 2006 and September 15, 2006, whether as a result of an appeal or otherwise, and the reference resident level under such settled cost report is higher than the level used for the reduction under subparagraph (A)(i)(I);

the Secretary shall apply subparagraph (A)(i)(I) using the higher resident reference level and make any necessary adjustments to such reduction. Any such necessary adjustments shall be effective for portions of cost reporting periods occurring on or after July 1, 2005.

(E) Judicial review

There shall be no administrative or judicial review under section 1395ff of this title, 1395oo of this title, or otherwise, with respect to determinations made under this paragraph, paragraph (8), clause (i), (ii), (iii), or (vi) of paragraph (2)(F), or clause (i) or (vi) of paragraph (4)(H).

(8) Distribution of additional residency positions

(A) Reductions in limit based on unused positions

(i) In general

Except as provided in clause (ii), if a hospital’s reference resident level (as defined in subparagraph (H)(i)) is less than the otherwise applicable resident limit (as defined in subparagraph (H)(iii)), effective for portions of cost reporting periods occurring on or after July 1, 2011, the otherwise applicable resident limit shall be reduced by 65 percent of the difference between such otherwise applicable resident limit and such reference resident level.

(ii) Exceptions

This subparagraph shall not apply to—

(I) a hospital located in a rural area (as defined in subsection (d)(2)(D)(ii)) with fewer than 250 acute care inpatient beds;

(II) a hospital that was part of a qualifying entity which had a voluntary residency reduction plan approved under paragraph (6)(B) or under the authority of section 402 of Public Law 90–248, if the hospital demonstrates to the Secretary that it has a specified plan in place for

Footnote: 14 So in original. Probably should be followed by “paragraph (9).” See 2006 Amendment notes below.
filing the unused positions by not later than 2 years after March 23, 2010; or
(iii) a hospital described in paragraph (4)(H)(v).

(B) Distribution
(i) In general
The Secretary shall increase the otherwise applicable resident limit for each qualifying hospital that submits an application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2011. The aggregate number of increases in the otherwise applicable resident limit under this subparagraph shall be equal to the aggregate reduction in such limits attributable to subparagraph (A) (as estimated by the Secretary).

(ii) Requirements
Subject to clause (iii), a hospital that receives an increase in the otherwise applicable resident limit under this subparagraph shall ensure, during the 5-year period beginning on the date of such increase, that—
(I) the number of full-time equivalent primary care residents, as defined in paragraph (5)(H) as determined by the Secretary, excluding any additional positions under subclause (II), is not less than the average number of full-time equivalent primary care residents (as so determined) during the 3 most recent cost reporting periods ending prior to March 23, 2010; and
(II) not less than 75 percent of the positions attributable to such increase are in a primary care or general surgery residency (as determined by the Secretary).

The Secretary may determine whether a hospital has met the requirements under this clause during such 5-year period in such manner and at such time as the Secretary determines appropriate, including at the end of such 5-year period.

(iii) Redistribution of positions if hospital no longer meets certain requirements
In the case where the Secretary determines that a hospital described in clause (ii) does not meet either of the requirements under subclause (I) or (II) of such clause, the Secretary shall—
(I) reduce the otherwise applicable resident limit of the hospital by the amount by which such limit was increased under this paragraph; and
(II) provide for the distribution of positions attributable to such reduction in accordance with the requirements of this paragraph.

(C) Considerations in redistribution
In determining for which hospitals the increase in the otherwise applicable resident limit is provided under subparagraph (B), the Secretary shall take into account—
(i) the demonstration likelihood of the hospital filling the positions made available under this paragraph within the first 3 cost reporting periods beginning on or after July 1, 2011, as determined by the Secretary; and
(ii) whether the hospital has an accredited rural training track (as described in paragraph (4)(H)(iv)).

(D) Priority for certain areas
In determining for which hospitals the increase in the otherwise applicable resident limit is provided under subparagraph (B), subject to subparagraph (E), the Secretary shall distribute the increase to hospitals based on the following factors:
(i) Whether the hospital is located in a State with a resident-to-population ratio in the lowest quartile (as determined by the Secretary).
(ii) Whether the hospital is located in a State, a territory of the United States, or the District of Columbia that is among the top 10 States, territories, or Districts in terms of the ratio of—
(I) the total population of the State, territory, or District living in an area designated (under such section 332(a)(1)(A)) as a health professional shortage area (as of March 23, 2010); to
(II) the total population of the State, territory, or District (as determined by the Secretary based on the most recent available population data published by the Bureau of the Census).
(iii) Whether the hospital is located in a rural area (as defined in subsection (d)(2)(D)(ii)).

(E) Reservation of positions for certain hospitals
(i) In general
Subject to clause (ii), the Secretary shall reserve the positions available for distribution under this paragraph as follows:
(I) 70 percent of such positions for distribution to hospitals described in clause (i) of subparagraph (D).
(II) 30 percent of such positions for distribution to hospitals described in clause (ii) and (iii) of such subparagraph.

(ii) Exception if positions not redistributed by July 1, 2011
In the case where the Secretary does not distribute positions to hospitals in accordance with clause (i) by July 1, 2011, the Secretary shall distribute such positions to other hospitals in accordance with the considerations described in subparagraph (C) and the priority described in subparagraph (D).

(F) Limitation
A hospital may not receive more than 75 full-time equivalent additional residency positions under this paragraph.

(G) Application of per resident amounts for primary care and nonprimary care
With respect to additional residency positions in a hospital attributable to the increase provided under this paragraph, the
approved FTE per resident amounts are deemed to be equal to the hospital per resident amounts for primary care and nonprimary care computed under paragraph (2)(D) for that hospital.

(H) Definitions

In this paragraph:

(i) Reference resident level

The term “reference resident level” means, with respect to a hospital, the highest resident level for any of the 3 most recent cost reporting periods (ending before March 23, 2010) of the hospital for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

(ii) Resident level

The term “resident level” has the meaning given such term in paragraph (7)(C)(i).

(iii) Otherwise applicable resident limit

The term “otherwise applicable resident limit” means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(i) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph but taking into account paragraph (7)(A).

(II) Affiliation

The provisions of this paragraph shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) and the reference resident level for each such hospital shall be the reference resident level with respect to the cost reporting period that results in the smallest difference between the reference resident level and the otherwise applicable resident limit.

(9) Distribution of additional residency positions

(A) Additional residency positions

(i) In general

For fiscal year 2023, and for each succeeding fiscal year until the aggregate number of full-time equivalent residency positions distributed under this paragraph is equal to the aggregate number of such positions made available (as specified in clause (i)(I)), the Secretary shall, subject to the succeeding provisions of this paragraph, increase the otherwise applicable resident limit for each qualifying hospital (as defined in subparagraph (F)(i)) that submits a timely application under this subparagraph by such number as the Secretary may approve effective beginning July 1 of the fiscal year of the increase.

(ii) Number available for distribution

(I) Total number available

The aggregate number of such positions made available under this paragraph shall be equal to 1,000.

(II) Annual limit

The aggregate number of such positions so made available shall not exceed 200 for a fiscal year.

(iii) Process for distributing positions

(I) Rounds of applications

The Secretary shall initiate a separate round of applications for an increase under clause (i) for each fiscal year for which such an increase is to be provided.

(II) Timing

The Secretary shall notify hospitals of the number of positions distributed to the hospital under this paragraph as a result of an increase in the otherwise applicable resident limit by January 31 of the fiscal year of the increase. Such increase shall be effective beginning July 1 of such fiscal year.

(B) Distribution

For purposes of providing an increase in the otherwise applicable resident limit under subparagraph (A), the following shall apply:

(i) Considerations in distribution

In determining for which qualifying hospitals such an increase is provided under subparagraph (A), the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions made available under this paragraph within the first 5 training years beginning after the date the increase would be effective, as determined by the Secretary.

(ii) Minimum distribution for certain categories of hospitals

With respect to the aggregate number of such positions available for distribution under this paragraph, the Secretary shall distribute not less than 10 percent of such aggregate number to each of the following categories of hospitals:

(I) Hospitals that are located in a rural area (as defined in subsection (d)(2)(D)) or are treated as being located in a rural area pursuant to subsection (d)(6)(E).

(II) Hospitals in which the reference resident level of the hospital (as specified in subparagraph (F)(iii)) is greater than the otherwise applicable resident limit.

(III) Hospitals in States with—

(aa) new medical schools that received “Candidate School” status from the Liaison Committee on Medical Education or that received “Pre-Accreditation” status from the American Osteopathic Association Commission on Osteopathic College Accreditation or on or after January 1, 2000, and that have achieved or continue to progress toward “Full Accreditation” status (as such term is defined by the Liaison Committee on Medical Education) or toward “Accreditation” status (as such term is defined by the American Osteopathic Association Commission on Osteopathic College Accreditation); or

(bb) additional locations and branch campuses established on or after January 1, 2000, by medical schools with “Full Accreditation” status (as such
term is defined by the Liaison Committee on Medical Education) or “Accreditation” status (as such term is defined by the American Osteopathic Association Commission on Osteopathic College Accreditation).

IV) Hospitals that serve areas designated as health professional shortage areas under section 354e(a)(1)(A) of this title, as determined by the Secretary.

(C) Limitations

(i) In general

A hospital may not receive more than 25 additional full-time equivalent residency positions under this paragraph.

(ii) Prohibition on distribution to hospitals without an increase agreement

No increase in the otherwise applicable resident limit of a hospital may be made under this paragraph unless such hospital agrees to increase the total number of full-time equivalent residency positions under the approved medical residency training program of such hospital by the number of such positions made available by such increase under this paragraph.

(D) Application of per resident amounts for primary care and nonprimary care

With respect to additional residency positions in a hospital attributable to the increase provided under this paragraph, the approved FTE per resident amounts are deemed to be equal to the hospital per resident amounts for primary care and nonprimary care computed under paragraph (2)(D) for that hospital.

(E) Permitting facilities to apply aggregation rules

The Secretary shall permit hospitals receiving additional residency positions attributable to the increase provided under this paragraph to, beginning in the fifth year after the effective date of such increase, apply such positions to the limitation amounts under paragraph (4)(F) that may be aggregated pursuant to paragraph (4)(H) among members of the same affiliated group.

(F) Definitions

In this paragraph:

(i) Otherwise applicable resident limit

The term “otherwise applicable resident limit” means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(1) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph but taking into account paragraphs (7)(A), (7)(B), (8)(A), and (8)(B).

(ii) Qualifying hospital

The term “qualifying hospital” means a hospital described in any of subclauses (I) through (IV) of subparagraph (B)(i).

(iii) Reference resident level

The term “reference resident level” means, with respect to a hospital, the resident level for the most recent cost reporting period of the hospital ending on or before December 27, 2020, for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

(iv) Resident level

The term “resident level” has the meaning given such term in paragraph (7)(C)(i).

(i) Avoiding duplicative payments to hospitals participating in rural demonstration programs

The Secretary shall reduce any payment amounts otherwise determined under this section to the extent necessary to avoid duplication of any payment made under section 4005(e) of the Omnibus Budget Reconciliation Act of 1987.

(j) Prospective payment for inpatient rehabilitation services

(1) Payment during transition period

(A) In general

Notwithstanding section 1395f(b) of this title, but subject to the provisions of section 1395e of this title, the amount of the payment with respect to the operating and capital costs of inpatient hospital services of a rehabilitation hospital or a rehabilitation unit (in this subsection referred to as a “rehabilitation facility”), other than a facility making an election under subparagraph (F) in a cost reporting period beginning on or after October 1, 2006, and before October 1, 2002, is equal to the sum of—

(i) the TEFRA percentage (as defined in subparagraph (C) of the amount that would have been paid under part A with respect to such costs if this subsection did not apply, and

(ii) the prospective payment percentage (as defined in subparagraph (C) of the product of (I) the per unit payment rate established under this subsection for the fiscal year in which the payment unit of service occurs, and (II) the number of such payment units occurring in the cost reporting period.

(B) Fully implemented system

Notwithstanding section 1395f(b) of this title, but subject to the provisions of section 1395e of this title, the amount of the payment with respect to the operating and capital costs of inpatient hospital services of a rehabilitation facility for a payment unit in a cost reporting period beginning on or after October 1, 2002, or, in the case of a facility making an election under subparagraph (F), for any cost reporting period described in such subparagraph, is equal to the per unit payment rate established under this subsection for the fiscal year in which the payment unit of service occurs, and

(C) TEFRA and prospective payment percentages specified

For purposes of subparagraph (A), for a cost reporting period beginning—

(i) on or after October 1, 2000, and before October 1, 2001, the “TEFRA percentage”...
§ 1395ww  TITLE 42—THE PUBLIC HEALTH AND WELFARE

is 66\%\%\% percent and the “prospective payment percentage” is 33\%\%\% percent; and
(ii) on or after October 1, 2001, and before October 1, 2002, the “TEFRA percentage” is 33\%\%\% percent and the “prospective payment percentage” is 66\%\%\% percent.

(D) Payment unit

For purposes of this subsection, the term “payment unit” means a discharge.

(E) Construction relating to transfer authority

Nothing in this subsection shall be construed as preventing the Secretary from providing for an adjustment to payments to take into account the early transfer of a patient from a rehabilitation facility to another site of care.

(F) Election to apply full prospective payment system

A rehabilitation facility may elect, not later than 30 days before its first cost reporting period for which the payment methodology under this subsection applies to the facility, to have payment made to the facility under this subsection under the provisions of subparagraph (B) (rather than subparagraph (A)) for each cost reporting period to which such payment methodology applies.

(2) Patient case mix groups

(A) Establishment

The Secretary shall establish—

(i) classes of patient discharges of rehabilitation facilities by functional-related groups (each in this subsection referred to as a “case mix group”), based on impairment, age, comorbidities, and functional capability of the patient and such other factors as the Secretary deems appropriate to improve the explanatory power of functional independence measure-function-related groups; and

(ii) a method of classifying specific patients in rehabilitation facilities within these groups.

(B) Weighting factors

For each case mix group the Secretary shall assign an appropriate weighting which reflects the relative facility resources used with respect to patients classified within that group compared to patients classified within other groups.

(C) Adjustments for case mix

(i) In general

The Secretary shall from time to time adjust the classifications and weighting factors established under this paragraph as appropriate to reflect changes in treatment patterns, technology, case mix, number of payment units for which payment is made under this subchapter, and other factors which may affect the relative use of resources. Such adjustments shall be made in a manner so that changes in aggregate payments under the classification system are a result of real changes and are not a result of changes in coding that are unrelated to real changes in case mix.

(ii) Adjustment

Insofar as the Secretary determines that such adjustments for a previous fiscal year (or estimates that such adjustments for a future fiscal year) did (or are likely to) result in a change in aggregate payments under the classification system during the fiscal year that are a result of changes in the coding or classification of patients that do not reflect real changes in case mix, the Secretary shall adjust the per payment unit payment rate for subsequent years so as to eliminate the effect of such coding or classification changes.

(D) Data collection

The Secretary is authorized to require rehabilitation facilities that provide inpatient hospital services to submit such data as the Secretary deems necessary to establish and administer the prospective payment system under this subsection.

(3) Payment rate

(A) In general

The Secretary shall determine a prospective payment rate for each payment unit for which such rehabilitation facility is entitled to receive payment under this subchapter. Subject to subparagraph (B), such rate for payment units occurring during a fiscal year shall be based on the average payment per payment unit under this subchapter for inpatient operating and capital costs of rehabilitation facilities using the most recent data available (as estimated by the Secretary as of the date of establishment of the system) adjusted—

(i) by updating such per-payment-unit amount to the fiscal year involved by the weighted average of the applicable percentage increases provided under subsection (b)(3)(B)(ii) (for cost reporting periods beginning during the fiscal year) covering the period from the midpoint of the period for such data through the midpoint of fiscal year 2000 and by an increase factor (described in subparagraph (C)) specified by the Secretary for subsequent fiscal years up to the fiscal year involved;

(ii) by reducing such rates by a factor equal to the proportion of payments under this subsection (as estimated by the Secretary) based on prospective payment amounts which are additional payments described in paragraph (4) (relating to outlier and related payments);

(iii) for variations among rehabilitation facilities by area under paragraph (6);

(iv) by the weighting factors established under paragraph (2)(B); and

(v) by such other factors as the Secretary determines are necessary to properly reflect variations in necessary costs of treatment among rehabilitation facilities.

(B) Budget neutral rates

The Secretary shall establish the prospective payment amounts under this subsection for payment units during fiscal years 2001
and 2002 at levels such that, in the Secretary’s estimation, the amount of total payments under this subsection for such fiscal years (including any payment adjustments pursuant to paragraphs (4) and (6) but not taking into account any payment adjustment resulting from an election permitted under paragraph (1)(F)) shall be equal to 98 percent for fiscal year 2001 and 100 percent for fiscal year 2002 of the amount of payments that would have been made under this subchapter during the fiscal years for operating and capital costs of rehabilitation facilities had this subsection not been enacted. In establishing such payment amounts, the Secretary shall consider the effects of the prospective payment system established under this subsection on the total number of payment units from rehabilitation facilities and other factors described in subparagraph (A).

(C) Increase factor

(i) In general

For purposes of this subsection for payment units in each fiscal year (beginning with fiscal year 2001), the Secretary shall establish an increase factor subject to clauses (ii) and (iii). Such factor shall be based on an appropriate percentage increase in a market basket of goods and services comprising services for which payment is made under this subsection, which may be the market basket percentage increase described in subsection (b)(3)(B)(iii). The increase factor to be applied under this subparagraph for each of fiscal years 2008 and 2009 shall be 0 percent.

(ii) Productivity and other adjustment

Subject to clause (iii), after establishing the increase factor described in clause (i) for a fiscal year, the Secretary shall reduce such increase factor—

(I) for fiscal year 2012 and each subsequent fiscal year, by the productivity adjustment described in subsection (b)(3)(B)(xii); and

(II) for each of fiscal years 2010 through 2019, by the other adjustment described in subparagraph (D).

The application of this clause may result in the increase factor under this subparagraph being less than 0.0 for a fiscal year, and may result in payment rates under this subsection for a fiscal year being less than such payment rates for the preceding fiscal year.

(iii) Special rule for fiscal year 2018

The increase factor to be applied under this subparagraph for fiscal year 2018 shall be 1 percent.

(D) Other adjustment

For purposes of subparagraph (C)(ii)(II), the other adjustment described in this subparagraph is—

(i) for each of fiscal years 2010 and 2011, 0.25 percentage point; and

(ii) for each of fiscal years 2012 and 2013, 0.1 percentage point.

(iii) for fiscal year 2014, 0.3 percentage point;

(iv) for each of fiscal years 2015 and 2016, 0.2 percentage point; and

(v) for each of fiscal years 2017, 2018, and 2019, 0.75 percentage point.

(4) Outlier and special payments

(A) Outliers

(i) In general

The Secretary may provide for an additional payment to a rehabilitation facility for patients in a case mix group, based upon the patient being classified as an outlier based on an unusual length of stay, costs, or other factors specified by the Secretary.

(ii) Payment based on marginal cost of care

The amount of such additional payment under clause (i) shall be determined by the Secretary and shall approximate the marginal cost of care beyond the cutoff point applicable under clause (i).

(iii) Total payments

The total amount of the additional payments made under this subparagraph for payment units in a fiscal year may not exceed 5 percent of the total payments projected or estimated to be made based on prospective payment rates for payment units in that year.

(B) Adjustment

The Secretary may provide for such adjustments to the payment amounts under this subsection as the Secretary deems appropriate to take into account the unique circumstances of rehabilitation facilities located in Alaska and Hawaii.

(5) Publication

The Secretary shall provide for publication in the Federal Register, on or before August 1 before each fiscal year (beginning with fiscal year 2001), of the classification and weighting factors for case mix groups under paragraph (2) for such fiscal year and a description of the methodology and data used in computing the prospective payment rates under this subsection for that fiscal year.

(6) Area wage adjustment

The Secretary shall adjust the proportion (as estimated by the Secretary from time to time) of rehabilitation facilities’ costs which are attributable to wages and wage-related costs, of the prospective payment rates computed under paragraph (3) for area differences in wage levels by a factor (established by the Secretary) reflecting the relative hospital wage level in the geographic area of the rehabilitation facility compared to the national average wage level for such facilities. Not later than October 1, 2001 (and at least every 36 months thereafter), the Secretary shall update the factor under the preceding sentence on the basis of information available to the Secretary (and updated as appropriate) of the wages and wage-related costs incurred in furnishing rehabilitation services. Any adjustments or up-
§ 1395ww

(7) Quality reporting

(A) Reduction in update for failure to report

(i) In general

For purposes of fiscal year 2014 and each subsequent fiscal year, in the case of a rehabilitation facility that does not submit data to the Secretary in accordance with subparagraphs (C) and (F) with respect to such a fiscal year, after determining the increase factor described in paragraph (3)(C), and after application of subparagraphs (C)(iii) and (D) of paragraph (3), the Secretary shall reduce such increase factor for payments for discharges occurring during such fiscal year by 2 percentage points.

(ii) Special rule

The application of this subparagraph may result in the increase factor described in paragraph (3)(C) being less than 0.0 for a fiscal year, and may result in payment rates under this subsection for a fiscal year being less than such payment rates for the preceding fiscal year.

(B) Noncumulative application

Any reduction under subparagraph (A) shall apply only with respect to the fiscal year involved and the Secretary shall not take into account such reduction in computing the payment amount under this subsection for a subsequent fiscal year.

(C) Submission of quality data

Subject to subparagraph (G), for fiscal year 2014 and each subsequent fiscal year, each rehabilitation facility shall submit to the Secretary data on quality measures specified under subparagraph (D). Such data shall be submitted in a form and manner, and at a time, specified by the Secretary for purposes of this subparagraph.

(D) Quality measures

(i) In general

Subject to clause (ii), any measure specified by the Secretary under this subparagraph must have been endorsed by the entity with a contract under section 1395ggaa(a) of this title.

(ii) Exception

In the case of a specified area or medical topic determined appropriate by the Secretary for which a feasible and practical measure has not been endorsed by the entity with a contract under section 1395ggaa(a) of this title, the Secretary may specify a measure that is not so endorsed as long as due consideration is given to measures that have been endorsed or adopted by a consensus organization identified by the Secretary.

(iii) Time frame

Not later than October 1, 2012, the Secretary shall publish the measures selected under this subparagraph that will be applicable with respect to fiscal year 2014.

(E) Public availability of data submitted

The Secretary shall establish procedures for making data submitted under subparagraph (C) and subparagraph (F)(i) available to the public. Such procedures shall ensure that a rehabilitation facility has the opportunity to review the data that is to be made public with respect to the facility prior to such data being made public. The Secretary shall report quality measures that relate to services furnished in inpatient settings in rehabilitation facilities on the Internet website of the Centers for Medicare & Medicaid Services.

(F) Submission of additional data

(i) In general

For the fiscal year beginning on the specified application date (as defined in subsection (a)(2)(E) of section 1395lll of this title), as applicable with respect to inpatient rehabilitation facilities and quality measures under subsection (c)(1) of such section and measures under subsection (d)(1) of such section, and each subsequent fiscal year, in addition to such data on the quality measures described in subparagraph (C), each rehabilitation facility shall submit to the Secretary data on the quality measures under subsection (c)(1) and any necessary data specified by the Secretary under such subsection (d)(1).

(ii) Standardized patient assessment data

For fiscal year 2019 and each subsequent fiscal year, in addition to such data described in clause (i), each rehabilitation facility shall submit to the Secretary standardized patient assessment data required under subsection (b)(1) of section 1395lll of this title.

(iii) Submission

Such data shall be submitted in the form and manner, and at the time, specified by the Secretary for purposes of this subparagraph.

(G) Non-duplication

To the extent data submitted under subparagraph (F) duplicates other data required to be submitted under subparagraph (C), the submission of such data under subparagraph (F) shall be in lieu of the submission of such data under subparagraph (C). The previous sentence shall not apply insofar as the Secretary determines it is necessary to avoid a delay in the implementation of section 1395lll of this title, taking into account the different specified application dates under subsection (a)(2)(E) of such section.

(8) Limitation on review

There shall be no administrative or judicial review under section 1395ff of this title, 1395oo of this title, or otherwise of the establishment of—

(A) case mix groups, of the methodology for the classification of patients within such groups, and of the appropriate weighting factors thereof under paragraph (2),
(B) the prospective payment rates under paragraph (3),
(C) outlier and special payments under paragraph (4), and
(D) area wage adjustments under paragraph (6).

(k) Payment to nonhospital providers

(1) In general

Such rules shall specify the amounts, form, and manner in which such payments will be made and the portion of such payments that will be made from each of the trust funds under this subchapter.

The Secretary shall estimate the ratio of payments for all hospitals for portions of cost reporting periods occurring in the year under subsection (h)(3)(D) to total direct graduate medical education payments estimated for such portions of periods under subsection (h)(3).

(B) Application to fee-for-service nursing and allied health education payments

Such ratio shall be applied to the Secretary’s estimate of total payments for nursing and allied health education determined under section 1395x(v) of this title for portions of cost reporting periods occurring in the year to determine a total amount of additional payments for nursing and allied health education to be distributed to hospitals under this subsection for portions of cost reporting periods occurring in the year; except that in no case shall such total amount exceed $60,000,000 in any year.

(C) Application to hospital

The amount of payment under this subsection to a hospital for portions of cost reporting periods occurring in a year is equal to the total amount of payments determined under subparagraph (B) for the year multiplied by the ratio of—

(i) the product of (I) the Secretary’s estimate of the ratio of the amount of payments made under section 1395x(v) of this title to the hospital for nursing and allied health education activities for the hospital’s cost reporting period ending in the second preceding fiscal year, to the hospital’s total inpatient days for such period, and (II) the total number of inpatient days (as established by the Secretary) for such period which are attributable to services furnished to individuals who are enrolled under a risk sharing contract with an eligible organization under section 1395mm of this title and who are entitled to benefits under part A or who are enrolled with a Medicare+Choice organization under part C; to

(ii) the sum of the products determined under clause (i) for such cost reporting periods.

(A) Adjustment to the standard Federal payment rate for estimated high cost outlier payments

Under the system described in paragraph (1), for fiscal years beginning on or after October 1, 2017, the Secretary shall reduce the standard Federal payment rate as if the estimated aggregate amount of high cost outlier payments for standard Federal payment rate discharges for each such fiscal year would be equal to 8 percent of estimated aggregate payments for standard Federal payment rate discharges for each such fiscal year.

(B) Limitation on high cost outlier payment amounts

Notwithstanding subparagraph (A), the Secretary shall set the fixed loss amount for high cost outlier payments such that the estimated aggregate amount of high cost outlier payments made for standard Federal payment rate discharges for fiscal years beginning on or after October 1, 2017, shall be equal to 99.6875 percent of 8 percent of estimated aggregate payments for standard Federal payment rate discharges for each such fiscal year.

(i) the numerator of which is the sum of—  
(I) the base amount specified in subparagraph (B);

individuals with respect to whom payment may be made under part A; and

(ii) the estimated number of inpatient-bed-days (as so established) which are attributable to individuals who are enrolled with a Medicare Advantage organization under part C; and

(ii) the denominator of which is the product of—

(II) the estimated total amount of the eligible hospital’s charges during such period, not including any charges that are attributable to charity care (as such term is used for purposes of hospital cost reporting under this subchapter), divided by the estimated total amount of the hospital’s charges during such period.

Insofar as the Secretary determines that data are not available on charity care necessary to calculate the portion of the formula specified in clause (ii)(II), the Secretary shall use data on uncompensated care to a hospital, necessary to compute the amount under such clause shall be deemed to be 1. In the absence of data, with respect to a hospital, necessary to compute the amount described in clause (i)(II), the amount under such clause shall be deemed to be 0.

(III) For the third payment year for such hospital, \( \frac{1}{2} \).

(IV) For the fourth payment year for such hospital, \( \frac{1}{4} \).

(V) For any succeeding payment year for such hospital, 0.

(ii) Phase down for eligible hospitals first adopting EHR after 2013

If the first payment year for an eligible hospital is after 2013, then the transition factor specified in this subparagraph for a payment year for such hospital is the same as the amount specified in clause (i) for such payment year for an eligible hospital for which the first payment year is 2013. If the first payment year for an eligible hospital is after 2015 then the transition factor specified in this subparagraph for such hospital and for such year and any subsequent year shall be 0.

(iii) Reporting on measures using EHR

Subject to subparagraph (B)(i) and using such certified EHR technology, the eligible hospital submits information for such period, in a form and manner specified by the Secretary, on such clinical quality measures and such other measures as selected
(B) Reporting on measures

§ 1395ww

(c) Adjustments to medicare DSH payments

(1) Empirically justified DSH payments

For fiscal year 2014 and each subsequent fiscal year, in addition to the amount of disproportionate share hospital payment that would otherwise be made under subsection (d)(5)(F) to a subsection (d) hospital for the fiscal year, the Secretary shall pay to the subsection (d) hospital 25 percent of such amount (which represents the empirically justified amount for such payment, as determined by the Medicare Payment Advisory Commission in its March 2007 Report to the Congress).

(2) Additional payment

In addition to the payment made to a subsection (d) hospital under paragraph (1), for fiscal year 2014 and each subsequent fiscal year, the Secretary shall pay to such subsection (d) hospitals an additional amount equal to the product of the following factors:

(A) Factor one

A factor equal to the difference between—

(i) the aggregate amount of payments that would be made to subsection (d) hospitals under subsection (d)(5)(F) if this subsection did not apply for such fiscal year (as estimated by the Secretary); and

(ii) the aggregate amount of payments that are made to subsection (d) hospitals under paragraph (1) for such fiscal year (as so estimated).

(B) Factor two

(i) Fiscal years 2014, 2015, 2016, and 2017

For each of fiscal years 2014, 2015, 2016, and 2017, a factor equal to 1 minus the percent change in the percent of individuals under the age of 65 who are uninsured, as determined by comparing the percent of such individuals—

(I) who are uninsured in 2013, the last year before coverage expansion under the Patient Protection and Affordable Care Act (as calculated by the Secretary based on the most recent estimates available from the Director of the Congressional Budget Office before a vote in either House on the Health Care and Education Reconciliation Act of 2010 that, if determined in the affirmative, would clear such Act for enrollment); and

(II) who are uninsured in the most recent period for which data is available (as so calculated),

minus 0.1 percentage points for fiscal year 2014 and minus 0.2 percentage points for each of fiscal years 2015, 2016, and 2017.

(ii) 2018 and subsequent years

For fiscal year 2018 and each subsequent fiscal year, a factor equal to 1 minus the percent change in the percent of individuals who are uninsured, as determined by comparing the percent of individuals—

(I) who are uninsured in 2013 (as estimated by the Secretary, based on data from the Census Bureau or other sources the Secretary determines appropriate, and certified by the Chief Actuary of the Centers for Medicare & Medicaid Services); and

(II) who are uninsured in the most recent period for which data is available (as so estimated and certified),

minus 0.2 percentage points for each of fiscal years 2018 and 2019.

(c) Factor three

A factor equal to the percent, for each subsection (d) hospital, that represents the quotient of—

(i) the amount of uncompensated care for such hospital for a period selected by the Secretary (as estimated by the Secretary, based on appropriate data (including, in the case where the Secretary determines that alternative data is available which is a better proxy for the costs of subsection (d) hospitals for treating the uninsured, the use of such alternative data)); and

(ii) the aggregate amount of uncompensated care for all subsection (d) hospitals that receive a payment under this subsection for such period (as so estimated, based on such data).

(3) Limitations on review

There shall be no administrative or judicial review under section 1395f of this title, section 1395oo of this title, or otherwise of the following:

(A) Any estimate of the Secretary for purposes of determining the factors described in paragraph (2).

(B) Any period selected by the Secretary for such purposes.

(2) Implementation for rate year beginning in 2010 and subsequent rate years
(A) In general
In implementing the system described in paragraph (1) for the rate year beginning in 2010 and any subsequent rate year, any update to a base rate for days during the rate year for a psychiatric hospital or unit, respectively, shall be reduced—
(i) for the rate year beginning in 2012 and each subsequent rate year, by the productivity adjustment described in subsection (b)(3)(B)(i)(II); and
(ii) for each of the rate years beginning in 2010 through 2019, by the other adjustment described in paragraph (3).
(B) Special rule
The application of this paragraph may result in such update being less than 0.0 for a rate year, and may result in payment rates under the system described in paragraph (1) for a rate year being less than such payment rates for the preceding rate year.
(3) Other adjustment
For purposes of paragraph (2)(A)(ii), the other adjustment described in this paragraph is—
(A) for each of the rate years beginning in 2010 and 2011, 0.25 percentage point;
(B) for each of the rate years beginning in 2012 and 2013, 0.1 percentage point;
(C) for the rate year beginning in 2014, 0.3 percentage point;
(D) for each of the rate years beginning in 2015 and 2016, 0.2 percentage point; and

(ii) Special rule
The application of this subparagraph may result in such annual update being less than 0.0 for a rate year, and may result in payment rates under the system described in paragraph (1) for a rate year being less than such payment rates for the preceding rate year.
(B) Noncumulative application
Any reduction under subparagraph (A) shall apply only with respect to the rate year involved and the Secretary shall not take into account such reduction in computing the payment amount under the system described in paragraph (1) for a subsequent rate year.
(C) Submission of quality data
For rate year 2014 and each subsequent rate year, each psychiatric hospital and psychiatric unit shall submit to the Secretary data on quality measures specified under subparagraph (D). Such data shall be submitted in a form and manner, and at a time, specified by the Secretary for purposes of this subparagraph.

(A) which constitute professional medical services, which are personally rendered for an individual patient by a physician and which contribute to the diagnosis or treatment of an individual patient, and which may be reimbursed as physicians’ services under part B, and

(B) which constitute professional services which are rendered for the general benefit to patients in a hospital or skilled nursing facility and which may be reimbursed only on a reasonable cost basis or on the bases described in section 1395ww of this title.

(2)(A) For purposes of cost reimbursement, the Secretary shall recognize as a reasonable cost of a hospital or skilled nursing facility only that portion of the costs attributable to services rendered by a physician in such hospital or facility which are services described in paragraph (1)(B), apportioned on the basis of the amount of time actually spent by such physician rendering such services.

(B) In determining the amount of the payments which may be made with respect to services described in paragraph (1)(B), after apportioning costs as required by subparagraph (A), the Secretary may not recognize as reasonable (in the efficient delivery of health services) such portion of the provider’s costs for such services to the extent that such costs exceed the reasonable compensation equivalent for such services. The reasonable compensation equivalent for any service shall be established by the Secretary in regulations.

(C) The Secretary may, upon a showing by a hospital or facility that it is unable to recruit or maintain an adequate number of physicians for the hospital or facility on account of the reimbursement limits established under this subsection, grant exceptions to such reimbursement limits as may be necessary to allow such provider to provide a compensation level sufficient to provide adequate physician services in such hospital or facility.

(b) Prohibition of recognition of payments under certain percentage agreements

(1) Except as provided in paragraph (2), in the case of a provider of services which is paid under this subchapter on a reasonable cost basis, or other basis related to costs that are reasonable, and which has entered into a contract for the purpose of having services furnished for or on behalf of it, the Secretary may not include any cost incurred by the provider under the contract if the amount payable under the contract by the provider for that cost is determined on the basis of a percentage (or other proportion) of the provider’s charges, revenues, or claim for reimbursement.

(2) Paragraph (1) shall not apply—

(A) to services furnished by a physician and described in subsection (a)(1)(B) and covered by regulations in effect under subsection (a), and

(B) under regulations established by the Secretary, where the amount involved under the percentage contract is reasonable and the contract—

(i) is a customary commercial business practice, or

(ii) provides incentives for the efficient and economical operation of the provider of services.

that: “The Secretary of Health and Human Services
shall first promulgate regulations to carry out section
1887(a) of the Social Security Act [42 U.S.C. 1395xx(a)]
not later than October 1, 1982. Such regulations shall
become effective on October 1, 1982, and shall be effec-
tive with respect to cost reporting periods beginning after
September 30, 1982, but in the case of any cost reporting
period beginning before October 1, 1982, any reduction
in payments under title XVIII of the Social Security
Act (42 U.S.C. 1395xx et seq.) to a hospital or skilled nurs-
ing facility resulting from such regulations shall be im-
posed only in proportion to the part of the period which
occurs after September 30, 1982.”

§ 1395yy. Payment to skilled nursing facilities for
routine service costs

(a) Per diem limitations

The Secretary, in determining the amount of
the payments which may be made under this
subchapter with respect to routine service costs
of extended care services shall not recognize as
reasonable (in the efficient delivery of health
services) per diem costs of such services to the
extent that such per diem costs exceed the fol-
lowing per diem limits, except as otherwise pro-
vided in this section:

(1) With respect to freestanding skilled nurs-
ing facilities located in urban areas, the limit
shall be equal to 112 percent of the mean per
diem routine service costs for freestanding
skilled nursing facilities located in urban areas.

(2) With respect to freestanding skilled nurs-
ing facilities located in rural areas, the limit
shall be equal to 112 percent of the mean per
diem routine service costs for freestanding
skilled nursing facilities located in rural areas.

(3) With respect to hospital-based skilled nurs-
ing facilities located in urban areas, the limit
shall be equal to the sum of the limit for
freestanding skilled nursing facilities located
in urban areas, plus 50 percent of the amount
by which 112 percent of the mean per diem
routine service costs for hospital-based skilled
nursing facilities located in urban areas ex-
cceeds the limit for freestanding skilled nurs-
ing facilities located in urban areas.

(4) With respect to hospital-based skilled nurs-
ing facilities located in rural areas, the limit
shall be equal to the sum of the limit for
freestanding skilled nursing facilities located
in rural areas, plus 50 percent of the amount
by which 112 percent of the mean per diem
routine service costs for hospital-based skilled
nursing facilities located in rural areas ex-
cceeds the limit for freestanding skilled nurs-
ing facilities located in rural areas.

In applying this subsection the Secretary shall
make appropriate adjustments to the labor re-
lated portion of the costs based upon an appro-
priate wage index, and shall, for cost reporting
periods beginning on or after October 1, 1992, on
or after October 1, 1995, and every 2 years there-
after, provide for an update to the per diem cost
limits described in this subsection, except that
the limits effective for cost reporting periods be-
inning on or after October 1, 1997, shall be
based on the limits effective for cost reporting
periods beginning on or after October 1, 1996.

(b) Excess overhead allocations for hospital-
based facilities

With respect to a hospital-based skilled nurs-
ing facility, the Secretary may not recognize as
reasonable the portion of the cost differences be-
tween hospital-based and freestanding skilled nurs-
ing facilities attributable to excess overhead
allocations.

(c) Adjustments in limitations; publication of
data

The Secretary may make adjustments in the
limits set forth in subsection (a) with respect to
any skilled nursing facility to the extent the
Secretary deems appropriate, based upon case
mix or circumstances beyond the control of the
facility. The Secretary shall publish the data
and criteria to be used for purposes of this sub-
section on an annual basis.

(d) Access to skilled nursing facilities

(1) Subject to subsection (e), any skilled nurs-
ing facility may choose to be paid under this
subsection on the basis of a prospective payment
for all routine service costs (including the costs
of services required to attain or maintain the
highest practicable physical, mental, and psy-
chosocial well-being of each resident eligible for
benefits under this subchapter) and capital-re-
lated costs of extended care services provided in
a cost reporting period if such facility had, in
the preceding cost reporting period, fewer than
1,500 patient days with respect to which pay-
ments were made under this subchapter. Such
prospective payment shall be in lieu of pay-
ments which would otherwise be made for rou-
tine service costs pursuant to section 1395x(v) of
this title and subsections (a) through (c) of this
section and capital-related costs pursuant to
section 1395x(v) of this title. This subsection
shall not apply to a facility for any cost report-
period immediately following a cost report-
period in which such facility had 1,500 or
more patient days with respect to which pay-
ments were made under this subchapter, without
regard to whether payments were made under
this subsection during such preceding cost re-
porting period.

(2)(A) The amount of the payment under this
section shall be determined on a per diem basis.

(B) Subject to the limitations of subparagraph
(C), for skilled nursing facilities located

(i) in an urban area, the amount shall be
equal to 105 percent of the mean of the per
diem reasonable routine service and capital-
related costs of extended care services for
skilled nursing facilities in urban areas within
the same region, determined without regard to
the limitations of subsection (a) and adjusted
for different area wage levels, and

(ii) in a rural area the amount shall be equal
to 105 percent of the mean of the per diem rea-
sonable routine service and capital-related costs of extended care services for skilled nursing facilities in rural areas within the same region, determined without regard to the limitations of subsection (a) and adjusted for different area wage levels.

(C) The per diem amounts determined under subparagraph (B) shall not exceed the limit on routine service costs determined under subsection (a) with respect to the facility, adjusted to take into account average capital-related costs with respect to the type and location of the facility.

(3) For purposes of this subsection, urban and rural areas shall be determined in the same manner as for purposes of subsection (a), and the term “region” shall have the same meaning as under section 1395ww(d)(2)(D) of this title.

(4) The Secretary shall establish the prospective payment amounts for cost reporting periods beginning in a fiscal year at least 90 days prior to the beginning of such fiscal year, on the basis of the most recent data available for a 12-month period. A skilled nursing facility must notify the Secretary of its intention to be paid pursuant to this subsection for a cost reporting period no later than 30 days before the beginning of that period.

(5) The Secretary shall provide for a simplified cost report to be filed by facilities being paid pursuant to this subsection, which shall require only the cost information necessary for determining prospective payment amounts pursuant to paragraph (2) and reasonable costs of ancillary services.

(6) In lieu of payment on a cost basis for ancillary services provided by a facility which is being paid pursuant to this subsection, the Secretary may pay for such ancillary services on a reasonable charge basis if the Secretary determines that such payment basis will provide an equitable level of reimbursement and will ease the reporting burden of the facility.

(7) In computing the rates of payment to be made under this subsection, there shall be taken into account the costs described in the last sentence of section 1395x(v)(1)(E) of this title (relating to compliance with nursing facility requirements and of conducting nurse aide training and competency evaluation programs and competency evaluation programs).

(c) Prospective payment

(1) Payment provision

Notwithstanding any other provision of this subchapter, subject to paragraphs (7), (11), and (12), the amount of the payment for all costs (as defined in paragraph (2)(B)) of covered skilled nursing facility services (as defined in paragraph (2)(A)) for each day of such services furnished—

(A) in a cost reporting period during the transition period (as defined in paragraph (2)(E)), is equal to the sum of—

(i) the non-Federal percentage of the facility-specific per diem rate (computed under paragraph (3)), and

(ii) the Federal percentage of the adjusted Federal per diem rate (determined under paragraph (4)) applicable to the facility; and

(B) after the transition period is equal to the adjusted Federal per diem rate applicable to the facility.

(2) Definitions

For purposes of this subsection:

(A) Covered skilled nursing facility services

(i) In general

The term “covered skilled nursing facility services”—

(I) means post-hospital extended care services as defined in section 1395x(i) of this title for which benefits are provided under part A; and

(II) includes all items and services (other than items and services described in clauses (ii), (iii), and (iv)) which payment may be made under part B and which are furnished to an individual who is a resident of a skilled nursing facility during the period in which the individual is provided covered post-hospital extended care services.

(ii) Services excluded

Services described in this clause are physicians’ services, services described by clauses (i) and (ii) of section 1395x(s)(2)(K) of this title, certified nurse-midwife services, qualified psychologist services, services of a certified registered nurse anesthetist, items and services described in subparagraphs (F) and (O) of section 1395x(s)(2) of this title, telehealth services furnished under section 1395m(m)(4)(C)(i)(VII) of this title, and, only with respect to services furnished during 1998, the transportation costs of electrocardiogram equipment for electrocardiogram test services (HCPCS Code R0076). (V) Customized prosthetic devices (commonly known as artificial limbs or components of artificial limbs) under the following HCPCS codes (as of July 1, 1999 (and as subsequently modified by the Secretary)), and any additional customized prosthetic devices identified by the Secretary, if delivered to an inpatient for use during the stay in the skilled nursing facility and intended to be used by the individual after discharge from the facility: L5050–L5340; L5500–L5611; L5613–L5986; L5988; L6050–L6370; L6400–L6880; L6920–L7274; and L7362–7386.

(VI) Blood clotting factors indicated for the treatment of patients with hemophilia and other bleeding disorders (identified as of July 1, 2000, by HCPCS codes JT170, JT175, JT177–J1183, J1185–J1190, J1192–J1195, J1196–J2003, J205, J207–J2111, and as subsequently modified by the Secretary) and items and services related to the furnishing of such factors under section 1395u(c)(5)(C) of this title, and any additional blood clotting factors identified by the Secretary and items and services related to the furnishing of such factors under such section.

(iv) Exclusion of certain rural health clinic and federally qualified health center services

Services described in this clause are—

(I) rural health clinic services (as defined in paragraph (1) of section 1395x(aa) of this title); and

(II) federally qualified health center services (as defined in paragraph (3) of such section);

that would be described in clause (ii) if such services were furnished by an individual not affiliated with a rural health clinic or a federally qualified health center.

(B) All costs

The term “all costs” means routine service costs, ancillary costs, and capital-related costs of covered skilled nursing facility services, but does not include costs associated with approved educational activities.

(C) Non-Federal percentage; Federal percentage

For—

(i) the first cost reporting period (as defined in subparagraph (D)) of a facility, the “non-Federal percentage” is 75 percent and the “Federal percentage” is 25 percent;

(ii) the next cost reporting period of such facility, the “non-Federal percentage” is 50 percent and the “Federal percentage” is 50 percent; and

(iii) the subsequent cost reporting period of such facility, the “non-Federal percentage” is 25 percent and the “Federal percentage” is 75 percent.

(D) First cost reporting period

The term “first cost reporting period” means, with respect to a skilled nursing facility, the first cost reporting period of the facility beginning on or after July 1, 1998.

(E) Transition period

(i) In general

The term “transition period” means, with respect to a skilled nursing facility, the 3 cost reporting periods of the facility beginning with the first cost reporting period.

(ii) Treatment of new skilled nursing facilities

In the case of a skilled nursing facility that first received payment for services under this subchapter on or after October 1, 1995, payment for such services shall be made under this subsection as if all services were furnished during the transition period.

(3) Determination of facility specific per diem rates

The Secretary shall determine a facility-specific per diem rate for each skilled nursing facility not described in paragraph (2)(E)(ii) for a cost reporting period as follows:

(A) Determining base payments

The Secretary shall determine, on a per diem basis, the total of—

(i) the allowable costs of extended care services for the facility for cost reporting periods beginning in fiscal year 1995, including costs associated with facilities described in subsection (d), with appropriate adjustments (as determined by the Secretary) to non-settled cost report or, in the case of a facility participating in the Nursing Home Case-Mix and Quality Demonstration (RUGS–III), the RUGS–III rate received by the facility during the cost reporting period beginning in 1997, and

(ii) an estimate of the amounts that would be payable under part B (disregarding any applicable deductibles, coinsurance, and copayments) for covered skilled nursing facility services described in paragraph (2)(A)(i)(II) furnished during the applicable cost reporting period described in clause (i) to an individual who is a resident of the facility, regardless of whether or not the payment was made to the facility or to another entity.

In making appropriate adjustments under clause (i), the Secretary shall take into account exceptions but, with respect to exemptions, only to the extent that routine costs do not exceed 150 percent of the routine cost limits otherwise applicable but for the exemption.

(B) Update to first cost reporting period

The Secretary shall update the amount determined under subparagraph (A), for each
cost reporting period after the applicable cost reporting period described in subparagraph (A)(i) and up to the first cost reporting period by a factor equal to the skilled nursing facility market basket percentage increase minus 1.0 percentage point.

(C) Updating to applicable cost reporting period

The Secretary shall update the amount determined under subparagraph (B) for each cost reporting period beginning with the first cost reporting period and up to and including the cost reporting period involved by a factor equal to the facility-specific update factor.

(D) Facility-specific update factor

For purposes of this paragraph, the "facility-specific update factor" for cost reporting periods beginning during—

(i) during each of fiscal years 1999 and 1998, is equal to the skilled nursing facility market basket percentage increase for such fiscal year minus 1 percentage point,

and

(ii) during each subsequent fiscal year is equal to the skilled nursing facility market basket percentage increase for such fiscal year.

(4) Federal per diem rate

(A) Determination of historical per diem for facilities

For each skilled nursing facility that received payments for post-hospital extended care services during a cost reporting period beginning in fiscal year 1995 and that was subject to (and not exempted from) the per diem limits referred to in paragraph (1) or (2) of subsection (a) (and facilities described in subsection (d)), the Secretary shall estimate, on a per diem basis for such cost reporting period, the total of—

(i) the allowable costs of extended care services (excluding exceptions payments) for the facility for cost reporting periods beginning in 1995 with appropriate adjustments (as determined by the Secretary) to non-settled cost reports, and

(ii) an estimate of the amounts that would be payable under part B (disregarding any applicable deductibles, coinsurance, and copayments) for covered skilled nursing facility services described in paragraph (2)(A)(i)(II) furnished during such period to an individual who is a resident of the facility, regardless of whether or not the payment was made to the facility or to another entity.

(B) Update to first fiscal year

The Secretary shall update the amount determined under subparagraph (A), for each cost reporting period after the cost reporting period described in subparagraph (A)(i) and up to the first cost reporting period by a factor equal to the skilled nursing facility market basket percentage increase reduced (on an annualized basis) by 1 percentage point.

(C) Computation of standardized per diem rate

The Secretary shall standardize the amount updated under subparagraph (B) for each facility by—

(i) adjusting for variations among facilities by area in the average facility wage level per diem, and

(ii) adjusting for variations in case mix per diem among facilities.

(D) Computation of weighted average per diem rates

(i) All facilities

The Secretary shall compute a weighted average per diem rate for all facilities by computing an average of the standardized amounts computed under subparagraph (C), weighted for each facility by the number of days of extended care services furnished during the cost reporting period referred to in subparagraph (A).

(ii) Freestanding facilities

The Secretary shall compute a weighted average per diem rate for freestanding facilities by computing an average of the standardized amounts computed under subparagraph (C) only for such facilities, weighted for each facility by the number of days of extended care services furnished during the cost reporting period referred to in subparagraph (A).

(iii) Separate computation

The Secretary may compute and apply such averages separately for facilities located in urban and rural areas (as defined in section 1395ww(d)(2)(D) of this title).

(E) Updating

(i) Initial period

For the initial period beginning on July 1, 1998, and ending on September 30, 1999, the Secretary shall compute for skilled nursing facilities an unadjusted Federal per diem rate equal to the average of the weighted average per diem rates computed under clauses (i) and (ii) of subparagraph (D), increased by skilled nursing facility market basket percentage change for such period minus 1 percentage point.

(ii) Subsequent fiscal years

The Secretary shall compute an unadjusted Federal per diem rate equal to the Federal per diem rate computed under this subparagraph—

(I) for fiscal year 2000, the rate computed for the initial period described in clause (i), increased by the skilled nursing facility market basket percentage change for the initial period minus 1 percentage point;

(II) for fiscal year 2001, the rate computed for the previous fiscal year increased by the skilled nursing facility market basket percentage change for the fiscal year;

(III) for each of fiscal years 2002 and 2003, the rate computed for the previous fiscal year increased by the skilled nurs-
ing facility market basket percentage change for the fiscal year involved minus 0.5 percentage points; and

(IV) for each subsequent fiscal year, the rate computed for the previous fiscal year increased by the skilled nursing facility market basket percentage change for the fiscal year involved.

(F) Adjustment for case mix creep

Insofar as the Secretary determines that the adjustments under subparagraph (G)(i) for a previous fiscal year (or estimates that such adjustments for a future fiscal year) did (or are likely to) result in a change in aggregate payments under this subsection during the fiscal year that are a result of changes in the coding or classification of residents that do not reflect real changes in case mix, the Secretary may adjust unadjusted Federal per diem rates for subsequent fiscal years so as to eliminate the effect of such coding or classification changes.

(G) Determination of Federal rate

The Secretary shall compute for each skilled nursing facility for each fiscal year (beginning with the initial period described in subparagraph (E)(i)) an adjusted Federal per diem rate equal to the unadjusted Federal per diem rate determined under subparagraph (E), as adjusted under subparagraph (F), and as further adjusted as follows:

(i) Adjustment for case mix

The Secretary shall provide for an appropriate adjustment to account for case mix. Such adjustment shall be based on a resident classification system, established by the Secretary, that accounts for the relative resource utilization of different patient types. The case mix adjustment shall be based on resident assessment data and other data that the Secretary considers appropriate.

(ii) Adjustment for geographic variations in labor costs

The Secretary shall adjust the portion of such per diem rate attributable to wages and wage-related costs for the area in which the facility is located compared to the national average of such costs using an appropriate wage index as determined by the Secretary. Such adjustment shall be done in a manner that does not result in aggregate payments under this subsection that are greater or less than those that would otherwise be made if such adjustment had not been made.

(iii) Adjustment for exclusion of certain additional items and services

The Secretary shall provide for an appropriate proportional reduction in payments so that beginning with fiscal year 2001, the aggregate amount of such reductions is equal to the aggregate increase in payments attributable to the exclusion effected under clause (iii) of paragraph (2)(A).

(H) Publication of information on per diem rates

The Secretary shall provide for publication in the Federal Register, before May 1, 1998 (with respect to fiscal period described in subparagraph (E)(i)) and before the August 1 preceding each succeeding fiscal year (with respect to that succeeding fiscal year), of—

(i) the unadjusted Federal per diem rates to be applied to days of covered skilled nursing facility services furnished during the fiscal year,

(ii) the case mix classification system to be applied under subparagraph (G)(i) with respect to such services during the fiscal year, and

(iii) the factors to be applied in making the area wage adjustment under subparagraph (G)(ii) with respect to such services.

(5) Skilled nursing facility market basket index and percentage

For purposes of this subsection:

(A) Skilled nursing facility market basket index

The Secretary shall establish a skilled nursing facility market basket index that reflects changes over time in the prices of an appropriate mix of goods and services included in covered skilled nursing facility services.

(B) Skilled nursing facility market basket percentage

(i) In general

Subject to clauses (ii), (iii), and (iv), the term “skilled nursing facility market basket percentage” means, for a fiscal year or other annual period and as calculated by the Secretary, the percentage change in the skilled nursing facility market basket index (established under subparagraph (A)) from the midpoint of the prior fiscal year (or period) to the midpoint of the fiscal year (or other period) involved.

(ii) Adjustment

For fiscal year 2012 and each subsequent fiscal year, subject to clauses (iii) and (iv), after determining the percentage described in clause (i), the Secretary shall reduce such percentage by the productivity adjustment described in section 1395ww(b)(3)(B)(x)(II) of this title. The application of the preceding sentence may result in such percentage being less than 0.0 for a fiscal year, and may result in payment rates under this subsection for a fiscal year being less than such payment rates for the preceding fiscal year.

(iii) Special rule for fiscal year 2018

For fiscal year 2018 (or other similar annual period specified in clause (i)), the skilled nursing facility market basket percentage, after application of clause (ii), is equal to 1 percent.

(iv) Special rule for fiscal year 2019

For fiscal year 2019 (or other similar annual period specified in clause (i)), the
skilled nursing facility market basket percentage, after application of clause (ii), is equal to 2.4 percent.

(6) Reporting of assessment and quality data

(A) Reduction in update for failure to report

(i) In general

For fiscal years beginning with fiscal year 2018, in the case of a skilled nursing facility that does not submit data, as applicable, in accordance with subclauses (II) and (III) of subparagraph (B)(i) with respect to such a fiscal year, after determining the percentage described in paragraph (5)(B)(i), and after application of clauses (ii) and (iii) of paragraph (5)(B), the Secretary shall reduce such percentage for payment rates during such fiscal year by 2 percentage points.

(ii) Special rule

The application of this subparagraph may result in the percentage described in paragraph (5)(B)(i), after application of clauses (ii) and (iii) of paragraph (5)(B), being less than 0.0 for a fiscal year, and may result in payment rates under this subsection for a fiscal year being less than such payment rates for the preceding fiscal year.

(iii) Noncumulative application

Any reduction under clause (i) shall apply only with respect to the fiscal year involved and the Secretary shall not take into account such reduction in computing the payment amount under this subsection for a subsequent fiscal year.

(B) Assessment and measure data

(i) In general

A skilled nursing facility, or a facility (other than a critical access hospital) described in paragraph (7)(B), may submit the resident assessment data required under subsection (c)(3) of this title, using the standard instrument designated by the State under section 1395l of this title.

(ii) Non-duplication

To the extent data submitted under subclause (II) or (III) of clause (i) duplicates other data required to be submitted under clause (i)(I), the submission of such data under such a subclause shall be in lieu of the submission of such data under clause (i)(I). The previous sentence shall not apply insofar as the Secretary determines it is necessary to avoid a delay in the implementation of section 1395l of this title, taking into account the different specified application dates under subsection (a)(2)(E) of such section.

(7) Treatment of medicare swing bed hospitals

(A) Transition

Subject to subparagraph (C), the Secretary shall determine an appropriate manner in which to apply this subsection to the facilities described in subparagraph (B) (other than critical access hospitals), taking into account the purposes of this subsection, and shall provide that at the end of the transition period (as defined in paragraph (2)(E)) such facilities shall be paid only under this subsection. Payment shall not be made under this subsection to such facilities for cost reporting periods beginning before such date (not earlier than July 1, 1999) as the Secretary specifies.

(B) Facilities described

The facilities described in this subparagraph are facilities that have in effect an agreement described in section 1395tt of this title.

(C) Exemption from PPS of swing-bed services furnished in critical access hospitals

The prospective payment system established under this subsection shall not apply to services furnished by a critical access hospital pursuant to an agreement under section 1395tt of this title.

(8) Limitation on review

There shall be no administrative or judicial review under section 1395ff of this title, 1395oo of this title, or otherwise of—

(A) the establishment of Federal per diem rates under paragraph (4), including the computation of the standardized per diem rates under paragraph (4)(C), adjustments and corrections for case mix under paragraphs (4)(F) and (4)(G)(i), adjustments for variations in labor-related costs under paragraph (4)(G)(ii), and adjustments under paragraph (4)(G)(iii);

(B) the establishment of facility specific amounts under paragraph (7).
§ 1395yy TITLE 42—THE PUBLIC HEALTH AND WELFARE Page 3674

(9) Payment for certain services

In the case of an item or service furnished to a resident of a skilled nursing facility or a part of a facility that includes a skilled nursing facility (as determined under regulations) for which payment would (but for this paragraph) be made under part B in an amount determined in accordance with section 1395(a)(2)(B) of this title, the amount of the payment under such part shall be the amount provided under the fee schedule for such item or service. In the case of an item or service described in clause (iii) of paragraph (2)(A) that would be payable under part A but for the exclusion of such item or service under such clause, payment shall be made for the item or service, in an amount otherwise determined under part B of this subchapter for such item or service, from the Federal Supplementary Medical Insurance Trust Fund under section 1395l of this title (rather than from the Federal Supplemental Security Trust Fund under section 1395l of this title).

(10) Required coding

No payment may be made under part B for items and services (other than services described in paragraph (2)(A)(ii)) furnished to an individual who is a resident of a skilled nursing facility or of a part of a facility that includes a skilled nursing facility (as determined under regulations), unless the claim for such payment includes a code (or codes) under a uniform coding system specified by the Secretary that identifies the items or services furnished.

(11) Permitting facilities to waive 3-year transition

Notwithstanding paragraph (1)(A), a facility may elect to have the amount of the payment for all costs of covered skilled nursing facility services for each day of such services furnished in cost reporting periods beginning no earlier than 30 days before the date of such election determined pursuant to paragraph (1)(B).

(12) Adjustment for residents with AIDS

(A) In general

Subject to subparagraph (B), in the case of a resident of a skilled nursing facility who is afflicted with acquired immune deficiency syndrome (AIDS), the per diem amount of payment otherwise applicable (determined without regard to any increase under section 101 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000), shall be increased by 128 percent to reflect increased costs associated with such residents.

(B) Sunset

Subparagraph (A) shall not apply on and after such date as the Secretary certifies that there is an appropriate adjustment in the case mix under paragraph (4)(G)(1) to compensate for the increased costs associated with residents described in such subparagraph.

(f) Reporting of direct care expenditures

(1) In general

For cost reports submitted under this subchapter for cost reporting periods beginning on or after the date that is 2 years after March 23, 2010, skilled nursing facilities shall separately report expenditures for wages and benefits for direct care staff (breaking out (at a minimum) registered nurses, licensed professional nurses, certified nurse assistants, and other medical and therapy staff).

(2) Modification of form

The Secretary, in consultation with private sector accountants experienced with Medicare and Medicaid nursing facility home cost reports, shall redesign such reports to meet the requirement of paragraph (1) not later than 1 year after March 23, 2010.

(3) Categorization by functional accounts

Not later than 30 months after March 23, 2010, the Secretary, working in consultation with the Medicare Payment Advisory Commission, the Medicaid and CHIP Payment and Access Commission, the Inspector General of the Department of Health and Human Services, and other expert parties the Secretary determines appropriate, shall take the expenditures listed on cost reports, as modified under paragraph (1), submitted by skilled nursing facilities and categorize such expenditures, regardless of any source of payment for such expenditures, for each skilled nursing facility into the following functional accounts on an annual basis:

(A) Spending on direct care services (including nursing, therapy, and medical services).

(B) Spending on indirect care (including housekeeping and dietary services).

(C) Capital assets (including building and land costs).

(D) Administrative services costs.

(4) Availability of information submitted

The Secretary shall establish procedures to make information on expenditures submitted under this subsection readily available to interested parties upon request, subject to such requirements as the Secretary may specify under the procedures established under this paragraph.

(g) Skilled nursing facility readmission measure

(1) Readmission measure

(b) Duty of Secretary

It is the duty and responsibility of the Secretary to assure that the conditions of participation and requirements specified in or pursuant to section 1395x(o) of this title and subsection (a) of this section and the enforcement of such conditions and requirements are adequate to protect the health and safety of individuals under the care of a home health agency and to promote the effective and efficient use of public moneys.

(c) Surveys of home health agencies

(1) Any agreement entered into or renewed by the Secretary pursuant to section 1395aa of this title relating to home health agencies shall provide that the appropriate State or local agency shall conduct, without any prior notice, a standard survey of each home health agency. Any individual who notifies (or causes to be notified) a home health agency of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this paragraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a of this title. The Secretary shall review each State’s or local agency’s procedures for scheduling and conduct of standard surveys to assure that the State or agency has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(2) (A) Except as provided in subparagraph (B), each home health agency shall be subject to a standard survey not later than 36 months after the date of the previous standard survey conducted under this paragraph. The Secretary shall establish a frequency for surveys of home health agencies within this 36-month interval commensurate with the need to assure the delivery of quality home health services.

(B) If not otherwise conducted under subparagraph (A), a standard survey (or an abbreviated standard survey) of an agency—

(i) may be conducted within 2 months of any change of ownership, administration, or management of the agency to determine whether the change has resulted in any decline in the quality of care furnished by the agency, and

(ii) shall be conducted within 2 months of when a significant number of complaints have been reported with respect to the agency to the Secretary, the State, the entity responsible for the licensing of the agency, the State or local agency responsible for maintaining a toll-free hotline and investigative unit (under section 1395aa(a) of this title), or any other appropriate Federal, State, or local agency.

(C) A standard survey conducted under this paragraph with respect to a home health agency—

(i) shall include (to the extent practicable), for a case-mix stratified sample of individuals furnished items or services by the agency—

(I) visits to the homes of such individuals, but only with the consent of such individuals, for the purpose of evaluating (in accordance with a standardized assessment instrument (or instruments) approved by the Secretary under subsection (d)) the extent to which the quality and scope of items and services furnished by the
agency attained and maintained the highest practicable functional capacity of each such individual as reflected in such individual’s written plan of care required under section 1395x(m) of this title and clinical records required under section 1395x(o)(3) of this title; and

(ii) a survey of the quality of care and services furnished by the agency as measured by indicators of medical, nursing, and rehabilitative care;

(iii) shall be conducted by an individual—

(I) who meets minimum qualifications established by the Secretary not later than July 1, 1989,

(II) who is not serving (or has not served within the previous 2 years) as a member of the staff of, or as a consultant to, the home health agency surveyed respecting compliance with the conditions of participation specified in or pursuant to section 1395x(o) of this title or subsection (a) of this section, and

(III) who has no personal or familial financial interest in the home health agency surveyed.

(D) Each home health agency that is found, under a standard survey, to have provided substandard care shall be subject to an extended survey to review and identify the policies and procedures which produced such substandard care and to determine whether the agency has complied with the conditions of participation specified in or pursuant to section 1395x(o) of this title or subsection (a) of this section, and

(e) Enforcement

(1) If the Secretary determines on the basis of a standard, extended, or partial extended survey or otherwise, that a home health agency that is certified for participation under this subchapter is no longer in compliance with the requirements specified in or pursuant to section 1955x(e) of this title or subsection (a) and determines that the deficiencies involved immediately jeopardize the health and safety of the individuals to whom the agency furnishes items and services, the Secretary shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in subsection (f)(2)(A)(ii) or terminate the certification of the agency, and may provide, in addition, for 1 or more of the other remedies described in subsection (f)(2)(A).

(2) If the Secretary determines on the basis of a standard, extended, or partial extended survey or otherwise, that a home health agency that is certified for participation under this subchapter is no longer in compliance with the requirements specified in or pursuant to section 1955x(o) of this title or subsection (a) and determines that the deficiencies involved do not immediately jeopardize the health and safety of the individuals to whom the agency furnishes items and services, the Secretary may (for a period not to exceed 6 months) impose intermediate sanctions developed pursuant to subsection (f), in lieu of terminating the certification of the agency. If, after such a period of intermediate sanctions, the agency is still no longer in compliance with the requirements specified in or pursuant to section 1955x(o) of this title or subsection (a), the Secretary shall terminate the certification of the agency.

(3) If the Secretary determines that a home health agency that is certified for participation under this subchapter is in compliance with the requirements specified in or pursuant to section 1955x(o) of this title or subsection (a) but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subsection (f)(2)(A)(i) for the days in which it finds that the agency was not in compliance with such requirements.

(4) The Secretary may continue payments under this subchapter with respect to a home health agency not in compliance with the requirements specified in or pursuant to section 1955x(o) of this title or subsection (a) over a period of not longer than 6 months, if—

(A) the State or local survey agency finds that it is more appropriate to take alternative action to assure compliance of the agency with the requirements than to terminate the certification of the agency,

(B) the agency has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action, and
(C) the agency agrees to repay to the Federal Government payments received under this subparagraph if the corrective action is not taken in accordance with the approved plan and timetable.

The Secretary shall establish guidelines for approval of corrective actions requested by home health agencies under this subparagraph.

(f) Intermediate sanctions

(1) The Secretary shall develop and implement, by not later than April 1, 1989—

(A) a range of intermediate sanctions to apply to home health agencies under the conditions described in subsection (e), and

(B) appropriate procedures for appealing determinations relating to the imposition of such sanctions.

(2)(A) The intermediate sanctions developed under paragraph (1) shall include—

(i) civil money penalties in an amount not to exceed $10,000 for each day of noncompliance,

(ii) suspension of all or part of the payments to which a home health agency would otherwise be entitled under this subchapter with respect to items and services furnished by a home health agency on or after the date on which the Secretary determines that intermediate sanctions should be imposed pursuant to subsection (e)(2), and

(iii) the appointment of temporary management to oversee the operation of the home health agency and to protect and assure the health and safety of the individuals under the care of the agency while improvements are made in order to bring the agency into compliance with all the requirements specified in or pursuant to section 1395x(e) of this title or subsection (a).

The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under clause (i) in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title. The temporary management under clause (iii) shall not be terminated until the Secretary has determined that the agency has the management capability to ensure continued compliance with all the requirements referred to in that clause.

(B) The sanctions specified in subparagraph (A) are in addition to sanctions otherwise available under State or Federal law and shall not be construed as limiting other remedies, including any remedy available to an individual at common law.

(C) A finding to suspend payment under subparagraph (A)(ii) shall terminate when the Secretary finds that the home health agency is in substantial compliance with all the requirements specified in or pursuant to section 1395x(o) of this title and subsection (a).

(3) The Secretary shall develop and implement, by not later than April 1, 1989, specific procedures with respect to the conditions under which each of the intermediate sanctions developed under paragraph (1) is to be applied, including the amount of any fines and the severity of each of these sanctions. Such procedures shall be designed so as to minimize the time between identification of deficiencies and imposition of these sanctions and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies.

(g) Payment on basis of location of service

A home health agency shall submit claims for payment for home health services under this subchapter only on the basis of the geographic location at which the service is furnished, as determined by the Secretary.

(a) In general

(1) Subject to subparagraph (B), the Secretary shall enter into an agreement under this section with any individual who, by reason of a breach of a contract entered into by such individual pursuant to the National Health Service Corps Scholarship Program, the Physician Shortage Area Scholarship Program, or the Health Education Assistance Loan Program, owes a past-due obligation to the United States (as defined in subsection (b)).

(B) The Secretary shall not enter into an agreement with an individual under this section to the extent—

(i) the individual has entered into a contract with the Secretary pursuant to section 204(a)(1) of the Public Health Service Amendments of 1987, and

(ii) the liability of the individual under such section 204(a)(1) has otherwise been relieved under such section;

(2) The agreement under this section shall provide that—

(A) deductions shall be made from the amounts otherwise payable to the individual under this subchapter, in accordance with a formula and schedule agreed to by the Secretary and the individual, until such past-due obligation (and accrued interest) have been repaid;

(B) payment under this subchapter for services provided by such individual shall be made only on an assignment-related basis;

(C) if the individual does not provide services, for which payment would otherwise be made under this subchapter, of a sufficient quantity to maintain the offset collection according to the agreed upon formula and schedule—

(i) the Secretary shall immediately inform the Attorney General, and the Attorney General shall immediately commence an action to recover the full amount of the past-due obligation, and

(ii) subject to paragraph (4), the Secretary shall immediately exclude the individual from the program under this subchapter, until such time as the entire past-due obligation has been repaid.

(3) If the individual refuses to enter into an agreement or breaches any provision of the agreement—

(A) the Secretary shall immediately inform the Attorney General, and the Attorney General shall immediately commence an action to recover the full amount of the past-due obligation, and

(B) subject to paragraph (4), the Secretary shall immediately exclude the individual from the program under this subchapter, until such time as the entire past-due obligation has been repaid.

(4) The Secretary shall not exclude an individual pursuant to paragraph (2)(C)(ii) or paragraph (3)(B) if such individual is a sole community practitioner or sole source of essential specialized services in a community if a State requests that the individual not be excluded.

(b) Past-due obligation

For purposes of this section, a past-due obligation is any amount—

(1) owed by an individual to the United States by reason of a breach of a scholarship contract under section 338E of the Public Health Service Act [42 U.S.C. 254d] or under subpart III of part F of title VII of such Act (as in effect before October 1, 1976) and which has not been paid by the deadline established by the Secretary pursuant to such respective section, and has not been canceled, waived, or suspended by the Secretary pursuant to such section;

(2) owed by an individual to the United States by reason of a loan covered by Federal loan insurance under subpart I of part C of title VII of the Public Health Service Act and payment for which has not been cancelled, waived, or suspended by the Secretary under such subpart.

(c) Collection under this section shall not be exclusive

This section shall not preclude the United States from applying other provisions of law otherwise applicable to the collection of obligations owed to the United States, including (but not limited to) the use of tax refund offsets pursuant to section 3720A of title 31 and the application of other procedures provided under chapter 37 of title 31.

(4) A deduction made under this subsection shall relieve the individual of the obligation (to the extent of the amount collected) to the United States, but the provider, organization, or plan shall have a right of action to collect from such individual the amount deducted pursuant to this subsection (including accumulated interest).

(5) No deduction shall be made under this subsection if, within the 6-month period after notice is given to the provider, organization, or plan, the individual pays the past-due obligation, or ceases to be employed by the provider, organization, or plan.

(6) The Secretary shall also apply the provisions of this subsection in the case of an individual who is a member of a group practice, if such group practice submits bills under this program as a group, rather than by individual physicians.

(e) Transfer from trust funds

Amounts equal to the amounts deducted pursuant to this section shall be transferred from the Trust Fund from which the payment to the individual, provider, or other entity would otherwise have been made, to the general fund in the Treasury, and shall be credited as payment of the past-due obligation of the individual from whom (or with respect to whom) the deduction was made.

§1395ddd. Medicare Integrity Program

**(a) Establishment of Program**

There is hereby established the Medicare Integrity Program (in this section referred to as the “Program”) under which the Secretary shall promote the integrity of the medicare program by entering into contracts in accordance with this section with eligible entities, or otherwise, to carry out the activities described in subsection (b).

**(b) Activities described**

The activities described in this subsection are as follows:

1. Review of activities of providers of services or other individuals and entities furnishing items and services for which payment may be made under this subchapter (including skilled nursing facilities and home health agencies), including medical and utilization review and fraud review (employing similar standards, processes, and technologies used by private health plans, including equipment and software technologies which surpass the capability of the equipment and technologies used in the review of claims under this subchapter as of August 21, 1996).

2. Audit of cost reports.

3. Determinations as to whether payment should not be, or should not have been, made under this subchapter by reason of section 1395y(b) of this title, and recovery of payments that should not have been made.

4. Education of providers of services, beneficiaries, and other persons with respect to payment integrity and benefit quality assurance issues.

5. Developing (and periodically updating) a list of items of durable medical equipment in accordance with section 1395u of this title which are subject to prior authorization under such section.

6. The Medicare-Medicaid Data Match Program in accordance with subsection (g).

**(c) Eligibility of entities**

An entity is eligible to enter into a contract under the Program to carry out any of the activities described in subsection (b) if—

1. the entity has demonstrated capability to carry out such activities;

2. in carrying out such activities, the entity agrees to cooperate with the Inspector General of the Department of Health and Human Services, the Attorney General, and other law enforcement agencies, as appropriate, in the investigation and deterrence of fraud and abuse in relation to this subchapter and in other cases arising out of such activities;

3. the entity complies with such conflict of interest standards as are generally applicable to Federal acquisition and procurement;

4. the entity agrees to provide the Secretary and the Inspector General of the Department of Health and Human Services with such performance statistics (including the number and amount of payments recovered, the number of fraud referrals, and the return on investment of such activities by the entity) as the Secretary or the Inspector General may request; and

5. the entity meets such other requirements as the Secretary may impose.

In the case of the activity described in subsection (b)(5), an entity shall be deemed to be eligible to enter into a contract under the Program to carry out the activity if the entity is a carrier with a contract in effect under section 1395u of this title.

**(d) Process for entering into contracts**

The Secretary shall enter into contracts under the Program in accordance with such procedures as the Secretary shall by regulation establish, except that such procedures shall include the following:

1. Procedures for identifying, evaluating, and resolving organizational conflicts of interest that are generally applicable to Federal acquisition and procurement.

2. Competitive procedures to be used—

   (A) when entering into new contracts under this section;

   (B) when entering into contracts that may result in the elimination of responsibilities of an individual fiscal intermediary or carrier under section 1922(b) of the Health Insurance Portability and Accountability Act of 1996; and

   (C) at any other time considered appropriate by the Secretary.

except that the Secretary may continue to contract with entities that are carrying out the activities described in this section pursuant to agreements under section 1395h of this title or contracts under section 1395u of this title in effect on August 21, 1996.

3. Procedures under which a contract under this section may be renewed without regard to any provision of law requiring competition if the contractor has met or exceeded the performance requirements established in the current contract.

The Secretary may enter into such contracts without regard to final rules having been promulgated.

**(e) Limitation on contractor liability**

The Secretary shall by regulation provide for the limitation of a contractor’s liability for ac-
tions taken to carry out a contract under the Program, and such regulation shall, to the extent the Secretary finds appropriate, employ the same or comparable standards and other substantive and procedural provisions as are contained in section 1320c–6 of this title.

(f) Recovery of overpayments

(1) Use of repayment plans

(A) In general

If the repayment, within 30 days by a provider of services or supplier, of an overpayment under this subchapter would constitute a hardship (as described in subparagraph (B)), subject to subparagraph (C), upon request of the provider of services or supplier the Secretary shall enter into a plan with the provider of services or supplier for the repayment (through offset or otherwise) of such overpayment over a period of at least 6 months but not longer than 3 years (or not longer than 5 years in the case of extreme hardship, as determined by the Secretary). Interest shall accrue on the balance through the period of repayment. Such plan shall meet terms and conditions determined to be appropriate by the Secretary.

(B) Hardship

(i) In general

For purposes of subparagraph (A), the repayment of an overpayment (or overpayments) within 30 days is deemed to constitute a hardship if—

(I) in the case of a provider of services that files cost reports, the aggregate amount of the overpayments exceeds 10 percent of the amount paid under this subchapter to the provider of services for the cost reporting period covered by the most recently submitted cost report; or

(II) in the case of another provider of services or supplier, the aggregate amount of the overpayments exceeds 10 percent of the amount paid under this subchapter to the provider of services or supplier for the previous calendar year.

(ii) Rule of application

The Secretary shall establish rules for the application of this subparagraph in the case of a provider of services or supplier that was not paid under this subchapter during the previous year or was paid under this subchapter only during a portion of that year.

(iii) Treatment of previous overpayments

If a provider of services or supplier has entered into a repayment plan under subparagraph (A) with respect to a specific overpayment amount, such payment amount under the repayment plan shall not be taken into account under clause (i) with respect to subsequent overpayment amounts.

(C) Exceptions

Subparagraph (A) shall not apply if—

(i) the Secretary has reason to suspect that the provider of services or supplier may file for bankruptcy or otherwise cease to do business or discontinue participation in the program under this subchapter; or

(ii) there is an indication of fraud or abuse committed against the program.

(D) Immediate collection if violation of repayment plan

If a provider of services or supplier fails to make a payment in accordance with a repayment plan under this paragraph, the Secretary may immediately seek to offset or otherwise recover the total balance outstanding (including applicable interest) under the repayment plan.

(E) Relation to no fault provision

Nothing in this paragraph shall be construed as affecting the application of section 1395gg(c) of this title (relating to no adjustment in the cases of certain overpayments).

(2) Limitation on recoupment

(A) In general

In the case of a provider of services or supplier that is determined to have received an overpayment under this subchapter and that seeks a reconsideration by a qualified independent contractor on such determination under section 1395ff(b)(1) of this title, the Secretary may not take any action (or authorize any other person, including any medicare contractor, as defined in subparagraph (C)) to recoup the overpayment until the date the decision on the reconsideration has been rendered. If the provisions of section 1395ff(b)(1) of this title (providing for such a reconsideration by a qualified independent contractor) are not in effect, in applying the previous sentence any reference to such a reconsideration shall be treated as a reference to a redetermination by the fiscal intermediary or carrier involved.

(B) Collection with interest

Insofar as the determination on such appeal is against the provider of services or supplier, interest on the overpayment shall accrue on and after the date of the original notice of overpayment. Insofar as such determination against the provider of services or supplier is later reversed, the Secretary shall provide for repayment of the amount recouped plus interest at the same rate as would apply under the previous sentence for the period in which the amount was recouped.

(C) Medicare contractor defined

For purposes of this subsection, the term “medicare contractor” has the meaning given such term in section 1395zz(g) of this title.

(3) Limitation on use of extrapolation

A medicare contractor may not use extrapolation to determine overpayment amounts to be recovered by recoupment, offset, or otherwise unless the Secretary determines that—

(A) there is a sustained or high level of payment error; or

(B) documented educational intervention has failed to correct the payment error.

There shall be no administrative or judicial review under section 1395ff of this title, sec-
tion 1395oo of this title, or otherwise, of determinations by the Secretary of sustained or high levels of payment errors under this paragraph.

(4) Provision of supporting documentation

In the case of a provider of services or supplier with respect to which amounts were previously overpaid, a medicare contractor may request the periodic production of records or supporting documentation for a limited sample of submitted claims to ensure that the previous practice is not continuing.

(5) Consent settlement reforms

(A) In general

The Secretary may use a consent settlement (as defined in subparagraph (D)) to settle a projected overpayment.

(B) Opportunity to submit additional information before consent settlement offer

Before offering a provider of services or supplier a consent settlement, the Secretary shall—

(i) communicate to the provider of services or supplier—

(I) that, based on a review of the medical records requested by the Secretary, a preliminary evaluation of those records indicates that there would be an overpayment;

(II) the nature of the problems identified in such evaluation; and

(III) the steps that the provider of services or supplier should take to address the problems; and

(ii) provide for a 45-day period during which the provider of services or supplier may furnish additional information concerning the medical records for the claims that had been reviewed.

(C) Consent settlement offer

The Secretary shall review any additional information furnished by the provider of services or supplier under subparagraph (B)(ii). Taking into consideration such information, the Secretary shall determine if there still appears to be an overpayment. If so, the Secretary—

(i) shall provide notice of such determination to the provider of services or supplier, including an explanation of the reason for such determination; and

(ii) in order to resolve the overpayment, may offer the provider of services or supplier—

(I) the opportunity for a statistically valid random sample; or

(II) a consent settlement.

The opportunity provided under clause (ii)(I) does not waive any appeal rights with respect to the alleged overpayment involved.

(D) Consent settlement defined

For purposes of this paragraph, the term "consent settlement" means an agreement between the Secretary and a provider of services or supplier whereby both parties agree to settle a projected overpayment based on less than a statistically valid sample of claims and the provider of services or supplier agrees not to appeal the claims involved.

(6) Notice of over-utilization of codes

The Secretary shall establish, in consultation with organizations representing the classes of providers of services and suppliers, a process under which the Secretary provides for notice to classes of providers of services and suppliers served by the contractor in cases in which the contractor has identified that particular billing codes may be overutilized by that class of providers of services or suppliers under the programs under this subchapter (or provisions of subchapter XI insofar as they relate to such programs).

(7) Payment audits

(A) Written notice for post-payment audits

Subject to subparagraph (C), if a medicare contractor decides to conduct a post-payment audit of a provider of services or supplier under this subchapter, the contractor shall provide the provider of services or supplier with written notice (which may be in electronic form) of the intent to conduct such an audit.

(B) Explanation of findings for all audits

Subject to subparagraph (C), if a medicare contractor audits a provider of services or supplier under this subchapter, the contractor shall—

(i) give the provider of services or supplier a full review and explanation of the findings of the audit in a manner that is understandable to the provider of services or supplier and permits the development of an appropriate corrective action plan;

(ii) inform the provider of services or supplier of the appeal rights under this subchapter as well as consent settlement options (which are at the discretion of the Secretary);

(iii) give the provider of services or supplier an opportunity to provide additional information to the contractor; and

(iv) take into account information provided, on a timely basis, by the provider of services or supplier under clause (iii).

(C) Exception

Subparagraphs (A) and (B) shall not apply if the provision of notice or finding would compromise pending law enforcement activities, whether civil or criminal, or reveal findings of law enforcement-related audits.

(8) Standard methodology for probe sampling

The Secretary shall establish a standard methodology for medicare contractors to use in selecting a sample of claims for review in the case of an abnormal billing pattern.

(g) Medicare-Medicaid Data Match Program

(1) Expansion of Program

(A) In general

The Secretary shall enter into contracts with eligible entities or otherwise for the purpose of ensuring that, beginning with
2006, the Medicare-Medicaid Data Match Program (commonly referred to as the “Medi-Medi Program”) is conducted with respect to the program established under this subchapter and State Medicaid programs under subchapter XIX for the purpose of—

(i) identifying program vulnerabilities in the program established under this subchapter and the Medicaid program established under subchapter XIX through the use of computer algorithms to review claims data to look for payment anomalies (including billing or billing patterns identified with respect to provider, service, time, or patient that appear to be suspect or otherwise implausible);

(ii) working with States, the Attorney General, and the Inspector General of the Department of Health and Human Services to coordinate appropriate actions to investigate and recover amounts with respect to suspect claims to protect the Federal and State share of expenditures under the Medicaid program under subchapter XIX, as well as the program established under this subchapter;

(iii) increasing the effectiveness and efficiency of both such programs through cost avoidance, savings, and recoupments of fraudulent, wasteful, or abusive expenditures; and

(iv) furthering the Secretary’s design, development, installation, or enhancement of an automated data system architecture—

(I) to collect, integrate, and assess data for purposes of program integrity, program oversight, and administration, including the Medi-Medi Program; and

(II) that improves the coordination of requests for data from States.

(B) Reporting requirements

The Secretary shall make available in a timely manner any data and statistical information collected by the Medi-Medi Program to the Attorney General, the Director of the Federal Bureau of Investigation, the Inspector General of the Department of Health and Human Services, and the States (including a Medicaid fraud and abuse control unit described in section 1396b(q) of this title). Such information shall be disseminated no less frequently than quarterly.

(2) Limited waiver authority

The Secretary shall waive only such requirements of this section and of subchapters XI and XIX as are necessary to carry out paragraph (1).

(3) Incentives for States

The Secretary shall study and, as appropriate, may specify incentives for States to work with the Secretary for the purposes described in paragraph (1)(A)(i). The application of the previous sentence may include use of the waiver authority described in paragraph (2).

(h) Use of recovery audit contractors

(1) In general

Under the Program, the Secretary shall enter into contracts with recovery audit contractors in accordance with this subsection for the purpose of identifying underpayments and overpayments and recouping overpayments under this subchapter with respect to all services for which payment is made under this subchapter. Under the contracts—

(A) payment shall be made to such a contractor only from amounts recovered;

(B) from such amounts recovered, payment—

(i) shall be made on a contingent basis for collecting overpayments; and

(ii) may be made in such amounts as the Secretary may specify for identifying underpayments;

(C) the Secretary shall retain a portion of the amounts recovered which shall be available to the program management account of the Centers for Medicare & Medicaid Services for purposes of activities conducted under the recovery audit program under this subchapter.

(2) Disposition of remaining recoveries

The amounts recovered under such contracts that are not paid to the contractor under paragraph (1) or retained by the Secretary under paragraph (1)(C) or paragraph (10) shall be applied to reduce expenditures under this subchapter.

(3) Nationwide coverage

The Secretary shall enter into contracts under paragraph (1) in a manner so as to provide for activities in all States under such a contract by not later than January 1, 2010 (not later than December 31, 2010, in the case of contracts relating to payments made under part C or D).

(4) Audit and recovery periods

Each such contract shall provide that audit and recovery activities may be conducted during a fiscal year with respect to payments made under this subchapter—

(A) during such fiscal year; and

(B) retrospectively (for a period of not more than 4 fiscal years prior to such fiscal year).

(5) Waiver

The Secretary shall waive such provisions of this subchapter as may be necessary to provide for payment of recovery audit contractors under this subsection in accordance with paragraph (1).

(6) Qualifications of contractors

(A) In general

The Secretary may not enter into a contract under paragraph (1) with a recovery audit contractor unless the contractor has staff that has the appropriate clinical knowledge of, and experience with, the payment rules and regulations under this subchapter or the contractor has, or will contract with, another entity that has such knowledgeable and experienced staff.

(B) Ineligibility of certain contractors

The Secretary may not enter into a contract under paragraph (1) with a recovery
audit contractor to the extent the contractor is a fiscal intermediary under section 1395f of this title, a carrier under section 1395u of this title, or a medicare administrative contractor under section 1395kk–1 of this title.

(C) Preference for entities with demonstrated proficiency

In awarding contracts to recovery audit contractors under paragraph (1), the Secretary shall give preference to those risk entities that the Secretary determines have demonstrated more than 3 years direct management experience and a proficiency for cost control or recovery audits with private insurers, health care providers, health plans, under the Medicaid program under subchapter XIX, or under this subchapter.

(7) Construction relating to conduct of investigation of fraud

A recovery of an overpayment to an individual or entity by a recovery audit contractor under this subsection shall not be construed to prohibit the Secretary or the Attorney General from investigating and prosecuting, if appropriate, allegations of fraud or abuse arising from such overpayment.

(8) Annual report

The Secretary shall annually submit to Congress a report on the use of recovery audit contractors under this subsection. Each such report shall include information on the performance of such contractors in identifying underpayments and overpayments and recouping overpayments, including an evaluation of the comparative performance of such contractors and savings to the program under this subchapter.

(9) Special rules relating to parts C and D

The Secretary shall enter into contracts under paragraph (1) to require recovery audit contractors to—

(A) ensure that each MA plan under part C has an anti-fraud plan in effect and to review the effectiveness of each such anti-fraud plan;

(B) ensure that each prescription drug plan under part D has an anti-fraud plan in effect and to review the effectiveness of each such anti-fraud plan;

(C) examine claims for reinsurance payments under section 1395w–115(b) of this title to determine whether prescription drug plans submitting such claims incurred costs in excess of the allowable reinsurance costs permitted under paragraph (2) of that section; and

(D) review estimates submitted by prescription drug plans by private plans with respect to the enrollment of high cost beneficiaries (as defined by the Secretary) and to compare such estimates with the numbers of such beneficiaries actually enrolled by such plans.

(10) Use of certain recovered funds

(A) In general

After application of paragraph (1)(C), the Secretary shall retain a portion of the amounts recovered by recovery audit contractors for each year under this section which shall be available to the program management account of the Centers for Medicare & Medicaid Services for purposes of subject to subparagraph (B), carrying out sections 1395(i)(16), 1395mm(h)(6), and 1395kk–1(a)(4)(G) of this title, carrying out section 514(b) of the Medicare Access and CHIP Reauthorization Act of 2015, and implementing strategies (such as claims processing edits) to help reduce the error rate of payments under this subchapter. The amounts retained under the preceding sentence shall not exceed an amount equal to 15 percent of the amounts recovered under this subsection, and shall remain available until expended.

(B) Limitation

Except for uses that support claims processing (including edits) or system functionality for detecting fraud, amounts retained under subparagraph (A) may not be used for technological-related infrastructure, capital investments, or information systems.

(C) No reduction in payments to recovery audit contractors

Nothing in subparagraph (A) shall reduce amounts available for payments to recovery audit contractors under this subsection.

(i) Evaluations and annual report

(1) Evaluations

The Secretary shall conduct evaluations of eligible entities which the Secretary contracts with under the Program not less frequently than every 3 years.

(2) Annual report

Not later than 180 days after the end of each fiscal year (beginning with fiscal year 2011), the Secretary shall submit a report to Congress which identifies—

(A) the use of funds, including funds transferred from the Federal Hospital Insurance Trust Fund under section 1395(d) of this title and the Federal Supplementary Insurance Trust Fund under section 1395t of this title, to carry out this section; and

(B) the effectiveness of the use of such funds.

(j) Expanding activities of Medicare drug integrity contractors (MEDICs)

(1) Access to information

Under contracts entered into under this section with Medicare drug integrity contractors (including any successor entity to a Medicare drug integrity contractor), the Secretary shall authorize such contractors to directly accept prescription and necessary medical records from entities such as pharmacies, prescription drug plans, MA–PD plans, and physicians with respect to an individual in order for such contractors to provide information relevant to the determination of whether such individual is an at-risk beneficiary for prescription drug

(A) acknowledge to the sponsor or organization receipt of the referral; and

(B) in the case that any PDP sponsor or MA organization contacts the contractor requesting to know the determination by the contractor of whether or not an individual has been determined to be an individual described in such paragraph, shall2 inform such sponsor or organization of such determination on a date that is not later than 15 days after the date on which the sponsor or organization contacts the contractor.

(B) Section 9412(b) of the Omnibus Budget Reconciliation Act of 1986 (Public Law 99–509).

(8) “State administering agency” defined

For purposes of this section, the term “State administering agency” means, with respect to the operation of a PACE program in a State, the agency of that State (which may be the single agency responsible for administration of the State plan under subchapter XIX in the State) responsible for administering PACE program agreements under this section and section 1396u–4 of this title in the State.

(9) “Trial period” defined

(A) In general

For purposes of this section, the term “trial period” means, with respect to a PACE program operated by a PACE provider under a PACE program agreement, the first 3 contract years under such agreement with respect to such program.

(B) Treatment of entities previously operating PACE demonstration waiver programs

Each contract year (including a year occurring before the effective date of this section) during which an entity has operated a PACE demonstration waiver program shall be counted under subparagraph (A) as a contract year during which the entity operated a PACE program as a PACE provider under a PACE program agreement.

(10) “Regulations” defined

For purposes of this section, the term “regulations” refers to interim final or final regulations promulgated under subsection (f) to carry out this section and section 1396u–4 of this title.

(b) Scope of benefits; beneficiary safeguards

(1) In general

Under a PACE program agreement, a PACE provider shall—

(A) provide to PACE program eligible individuals enrolled with the provider, regardless of source of payment and directly or under contracts with other entities, at a minimum—

(i) all items and services covered under this subchapter (for individuals enrolled
under this section) and all items and services covered under subchapter XIX, but without any limitation or condition as to amount, duration, or scope and without application of deductibles, copayments, coinsurance, or other cost-sharing that would otherwise apply under this subchapter or such subchapter, respectively; and

(ii) all additional items and services specified in regulations, based upon those required under the PACE protocol;

(B) provide such enrollees access to necessary covered items and services 24 hours per day, every day of the year;

(C) provide services to such enrollees through a comprehensive, multidisciplinary health and social services delivery system which integrates acute and long-term care services pursuant to regulations; and

(D) specify the covered items and services that will not be provided directly by the entity, and to arrange for delivery of those items and services through contracts meeting the requirements of regulations.

(2) Quality assurance; patient safeguards

The PACE program agreement shall require the PACE provider to have in effect at a minimum—

(A) a written plan of quality assurance and improvement, and procedures implementing such plan, in accordance with regulations; and

(B) written safeguards of the rights of enrolled participants (including a patient bill of rights and procedures for grievances and appeals) in accordance with regulations and with other requirements of this subchapter and Federal and State law that are designed for the protection of patients.

(3) Treatment of medicare services furnished by noncontract physicians and other entities

(A) Application of medicare advantage requirement with respect to medicare services furnished by noncontract physicians and other entities

Section 1395w–22(k)(1) of this title (relating to limitations on balance billing against MA organizations for noncontract physicians and other entities with respect to services covered under this subchapter) shall apply to PACE providers, PACE program eligible individuals enrolled with such PACE providers, and physicians and other entities that do not have a contract or other agreement establishing payment amounts for services furnished to such an individual in the same manner as such section applies to MA organizations, individuals enrolled with such organizations, and physicians and other entities referred to in such section.

(B) Reference to related provision for noncontract providers of services

For the provision relating to limitations on balance billing against PACE providers for services covered under this subchapter furnished by noncontract providers of services, see section 1395cc(a)(1)(O) of this title.

For provisions relating to limitations on payments to providers participating under the State plan under subchapter XIX that do not have a contract or other agreement with a PACE provider establishing payment amounts for services covered under such plan (but not under this subchapter) when such services are furnished to enrollees of that PACE provider, see section 1396a(a)(66) of this title.

(c) Eligibility determinations

(1) In general

The determination of whether an individual is a PACE program eligible individual—

(A) shall be made under and in accordance with the PACE program agreement; and

(B) who is entitled to medical assistance under subchapter XIX, shall be made (or who is not so entitled, may be made) by the State administering agency.

(2) Condition

An individual is not a PACE program eligible individual (with respect to payment under this section) unless the individual’s health status has been determined by the Secretary or the State administering agency, in accordance with regulations, to be comparable to the health status of individuals who have participated in the PACE demonstration waiver programs. Such determination shall be based upon information on health status and related indicators (such as medical diagnoses and measures of activities of daily living, instrumental activities of daily living, and cognitive impairment) that are part of a uniform minimum data set collected by PACE providers on potential PACE program eligible individuals.

(3) Annual eligibility recertifications

(A) In general

Subject to subparagraph (B), the determination described in subsection (a)(5)(B) for an individual shall be reevaluated at least annually.

(B) Exception

The requirement of annual reevaluation under subparagraph (A) may be waived during a period in accordance with regulations in those cases where the State administering agency determines that there is no reasonable expectation of improvement or significant change in an individual’s condition during the period because of the severity of chronic condition, or degree of impairment of functional capacity of the individual involved.

(4) Continuation of eligibility

An individual who is a PACE program eligible individual may be deemed to continue to be such an individual notwithstanding a determination that the individual no longer meets the requirement of subsection (a)(5)(B) if, in accordance with regulations, in the absence of continued coverage under a PACE program the individual reasonably would be expected to meet such requirement within the succeeding 6-month period.
(5) Enrollment; disenrollment

(A) Voluntary disenrollment at any time

The enrollment and disenrollment of PACE program eligible individuals in a PACE program shall be pursuant to regulations and the PACE program agreement and shall permit enrollees to voluntarily disenroll without cause at any time.

(B) Limitations on disenrollment

(i) In general

Regulations promulgated by the Secretary under this section and section 1396u–4 of this title, and the PACE program agreement, shall provide that the PACE program may not disenroll a PACE program eligible individual except—

(I) for nonpayment of premiums (if applicable) on a timely basis; or

(II) for engaging in disruptive or threatening behavior, as defined in such regulations (developed in close consultation with State administering agencies).

(ii) No disenrollment for noncompliant behavior

Except as allowed under regulations promulgated to carry out clause (i)(II), a PACE program may not disenroll a PACE program eligible individual on the ground that the individual has engaged in noncompliant behavior if such behavior is related to a mental or physical condition of the individual. For purposes of the preceding sentence, the term “noncompliant behavior” includes repeated noncompliance with medical advice and repeated failure to appear for appointments.

(iii) Timely review of proposed voluntary disenrollment

A proposed disenrollment, other than a voluntary disenrollment, shall be subject to timely review and final determination by the Secretary or by the State administering agency, as applicable, prior to the proposed disenrollment becoming effective.

(d) Payments to PACE providers on capitated basis

(1) In general

In the case of a PACE provider with a PACE program agreement under this section, except as provided in this subsection or by regulations, the Secretary shall make prospective monthly payments of a capitation amount for each PACE program eligible individual enrolled under the agreement under this section in the same manner and from the same sources as payments are made to a Medicare Choice organization under section 1395w–23 of this title (or, for periods beginning before January 1, 1999, to an eligible organization under a risk-sharing contract under section 1395mm of this title). Such payments shall be subject to adjustment in the manner described in section 1395w–23(a)(2) of this title or section 1395mm(a)(1)(E) of this title, as the case may be.

(2) Capitation amount

The capitation amount to be applied under this subsection for a provider for a contract year shall be an amount specified in the PACE program agreement for the year. Such amount shall be based upon payment rates established for purposes of payment under section 1395w–23 of this title (or, for periods before January 1, 1999, for purposes of risk-sharing contracts under section 1395mm of this title) and shall be adjusted to take into account the comparative frailty of PACE enrollees and such other factors as the Secretary determines to be appropriate. Such amount under such an agreement shall be computed in a manner so that the total payment level for all PACE program eligible individuals enrolled under a program is less than the projected payment under this subchapter for a comparable population not enrolled under a PACE program.

(3) Capitation rates determined without regard to the phase-out of the indirect costs of medical education from the annual Medicare Advantage capitation rate

Capitation amounts under this subsection shall be determined without regard to the application of section 1395w–23(k)(4) of this title.

(e) PACE program agreement

(1) Requirement

(A) In general

The Secretary, in close cooperation with the State administering agency, shall establish procedures for entering into, extending, and terminating PACE program agreements for the operation of PACE programs by entities that meet the requirements for a PACE provider under this section, section 1396u–4 of this title, and regulations.

(B) Numerical limitation

(i) In general

The Secretary shall not permit the number of PACE providers with which agreements are in effect under this section or under section 9412(b) of the Omnibus Budget Reconciliation Act of 1986 to exceed—

(I) 40 as of August 5, 1997; or

(II) as of each succeeding anniversary of August 5, 1997, the numerical limitation under this subparagraph for the preceding year plus 20.

Subclause (II) shall apply without regard to the actual number of agreements in effect as of a previous anniversary date.

(ii) Treatment of certain private, for-profit providers

The numerical limitation in clause (i) shall not apply to a PACE provider that—

(I) is operating under a demonstration project waiver under subsection (h); or

(II) was operating under such a waiver and subsequently qualifies for PACE provider status pursuant to subsection (a)(3)(B)(ii).

(2) Service area and eligibility

(A) In general

A PACE program agreement for a PACE program—

(i) shall designate the service area of the program;
(ii) may provide additional requirements for individuals to qualify as PACE program eligible individuals with respect to the program;

(iii) shall be effective for a contract year, but may be extended for additional contract years in the absence of a notice by a party to terminate and is subject to termination by the Secretary and the State administering agency at any time for cause (as provided under the agreement);

(iv) shall require a PACE provider to meet all applicable State and local laws and requirements; and

(v) shall contain such additional terms and conditions as the parties may agree to, so long as such terms and conditions are consistent with this section and regulations.

(B) Service area overlap

In designating a service area under a PACE program agreement under subparagraph (A)(i), the Secretary (in consultation with the State administering agency) may exclude from designation an area that is already covered under another PACE program agreement, in order to avoid unnecessary duplication of services and avoid impairing the financial and service viability of an existing program.

(3) Data collection; development of outcome measures

(A) Data collection

(i) In general

Under a PACE program agreement, the PACE provider shall—

(I) collect data;

(II) maintain, and afford the Secretary and the State administering agency access to, the records relating to the program, including pertinent financial, medical, and personnel records; and

(III) make available to the Secretary and the State administering agency reports that the Secretary finds (in consultation with State administering agencies) necessary to monitor the operation, cost, and effectiveness of the PACE program under this section and section 1396n-4 of this title.

(ii) Requirements during trial period

During the first 3 years of operation of a PACE program (either under this section or under a PACE demonstration waiver program), the PACE provider shall provide such additional data as the Secretary specifies in regulations in order to perform the oversight required under paragraph (4)(A).

(B) Development of outcome measures

Under a PACE program agreement, the PACE provider, the Secretary, and the State administering agency shall jointly cooperate in the development and implementation of health status and quality of life outcome measures with respect to PACE program eligible individuals.

(4) Oversight

(A) Annual, close oversight during trial period

During the trial period (as defined in subsection (a)(9)) with respect to a PACE program operated by a PACE provider, the Secretary (in cooperation with the State administering agency) shall conduct a comprehensive annual review of the operation of the PACE program by the provider in order to assure compliance with the requirements of this section and regulations. Such a review shall include—

(i) an on-site visit to the program site;

(ii) comprehensive assessment of a provider’s fiscal soundness;

(iii) comprehensive assessment of the provider’s capacity to provide all PACE services to all enrolled participants;

(iv) detailed analysis of the entity’s substantial compliance with all significant requirements of this section and regulations; and

(v) any other elements the Secretary or State administering agency considers necessary or appropriate.

(B) Continuing oversight

After the trial period, the Secretary (in cooperation with the State administering agency) shall continue to conduct such review of the operation of PACE providers and PACE programs as may be appropriate, taking into account the performance level of a provider and compliance of a provider with all significant requirements of this section and regulations.

(C) Disclosure

The results of reviews under this paragraph shall be reported promptly to the PACE provider, along with any recommendations for changes to the provider’s program, and shall be made available to the public upon request.

(5) Termination of PACE provider agreements

(A) In general

Under regulations—

(i) the Secretary or a State administering agency may terminate a PACE program agreement for cause; and

(ii) a PACE provider may terminate an agreement after appropriate notice to the Secretary, the State agency, and enrollees.

(B) Causes for termination

In accordance with regulations establishing procedures for termination of PACE program agreements, the Secretary or a State administering agency may terminate a PACE program agreement with a PACE provider for, among other reasons, the fact that—

(i) the Secretary or State administering agency determines that—

(I) there are significant deficiencies in the quality of care provided to enrolled participants; or

(II) the provider has failed to comply substantially with conditions for a pro-
§ 1395eee TITLe 42—THE PUBLIC HEALTH AND WELFARE Page 3708

gram or provider under this section or section 1396u–4 of this title; and

(ii) the entity has failed to develop and successfully initiate, within 30 days of the date of the receipt of written notice of such a determination, a plan to correct the deficiencies, or has failed to continue implementation of such a plan.

(C) Termination and transition procedures

An entity whose PACE provider agreement is terminated under this paragraph shall implement the transition procedures required under subsection (a)(2)(C).

(6) Secretary's oversight; enforcement authority

(A) In general

Under regulations, if the Secretary determines (after consultation with the State administering agency) that a PACE provider is falling substantially to comply with the requirements of this section and regulations, the Secretary (and the State administering agency) may take any or all of the following actions:

(i) Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

(ii) Withhold some or all further payments under the PACE program agreement under this section or section 1396u–4 of this title with respect to PACE program services furnished by such provider until the deficiencies have been corrected.

(iii) Terminate such agreement.

(B) Application of intermediate sanctions

Under regulations, the Secretary may provide for the application against a PACE provider of remedies described in section 1395w–27(g)(2) (or, for periods before January 1, 1999, section 1395mm(i)(6)(B) of this title) or 1396b(m)(5)(B) of this title in the case of violations by the provider of the type described in section 1395w–27(g)(1) (or section 1395mm(i)(6)(A) of this title for such periods) or 1396b(m)(5)(A) of this title, respectively (in relation to agreements, enrollees, and requirements under this section or section 1396u–4 of this title, respectively).

(7) Procedures for termination or imposition of sanctions

Under regulations, the provisions of section 1395w–27(h) of this title (or for periods before January 1, 1999, section 1395mm(i)(9) of this title) shall apply to termination and sanctions respecting a PACE program agreement and PACE provider under this subsection in the same manner as they apply to a termination and sanctions with respect to a contract and a Medicare+Choice organization under part C (or for such periods an eligible organization under section 1395mm of this title).

(8) Timely consideration of applications for PACE program provider status

In considering an application for PACE provider program status, the application shall be deemed approved unless the Secretary, within 90 days after the date of the submission of the application to the Secretary, either denies such request in writing or informs the applicant in writing with respect to any additional information that is needed in order to make a final determination with respect to the application. After the date the Secretary receives such additional information, the application shall be deemed approved unless the Secretary, within 90 days of such date, denies such request.

(f) Regulations

(1) In general

The Secretary shall issue interim final or final regulations to carry out this section and section 1396u–4 of this title.

(2) Use of PACE protocol

(A) In general

In issuing such regulations, the Secretary shall, to the extent consistent with the provisions of this section, incorporate the requirements applied to PACE demonstration waiver programs under the PACE protocol.

(B) Flexibility

In order to provide for reasonable flexibility in adapting the PACE service delivery model to the needs of particular organizations (such as those in rural areas or those that may determine it appropriate to use nonstaff physicians according to State licensing law requirements) under this section and section 1396u–4 of this title, the Secretary (in close consultation with State administering agencies) may modify or waive provisions of the PACE protocol so long as any such modification or waiver is not inconsistent with and would not impair the essential elements, objectives, and requirements of this section, but may not modify or waive any of the following provisions:

(i) The focus on frail elderly qualifying individuals who require the level of care provided in a nursing facility.

(ii) The delivery of comprehensive, integrated acute and long-term care services.

(iii) The interdisciplinary team approach to care management and service delivery.

(iv) Capitated, integrated financing that allows the provider to pool payments received from public and private programs and individuals.

(v) The assumption by the provider of full financial risk.

(C) Continuation of modifications or waivers of operational requirements under demonstration status

If a PACE program operating under demonstration authority has contractual or other operating arrangements which are not otherwise recognized in regulation and which were in effect on July 1, 2000, the Secretary (in close consultation with, and with the concurrence of, the State administering agency) shall permit any such program to continue such arrangements so long as such arrangements are found by the Secretary and the State to be reasonably consistent with the objectives of the PACE program.
(3) Application of certain additional beneficiary and program protections

(A) In general

In issuing such regulations and subject to subparagraph (B), the Secretary may apply with respect to PACE programs, providers, and agreements such requirements of part C (or, for periods before January 1, 1999, section 1395mm of this title and sections 1396b(m) and 1396w–2 of this title relating to protection of beneficiaries and program integrity as would apply to Medicare+Choice organizations under part C (or for such periods eligible organizations under risk-sharing contracts under section 1395mm of this title) and to medicare managed care organizations under prepaid capitation agreements under section 1396b(m) of this title.

(B) Considerations

In issuing such regulations, the Secretary shall—

(i) take into account the differences between populations served and benefits provided under this section and under part C (or, for periods before January 1, 1999, section 1395mm of this title) and section 1396b(m) of this title;

(ii) not include any requirement that conflicts with carrying out PACE programs under this section; and

(iii) not include any requirement restricting the proportion of enrollees who are eligible for benefits under this subchapter or subchapter XIX.

(4) Construction

Nothing in this subsection shall be construed as preventing the Secretary from including in regulations provisions to ensure the health and safety of individuals enrolled in a PACE program under this section that are in addition to those otherwise provided under paragraphs (2) and (3).

(g) Waivers of requirements

With respect to carrying out a PACE program under this section, the following requirements of this subchapter (and regulations relating to such requirements) are waived and shall not apply:

(1) Section 1395d of this title, insofar as it limits coverage of institutional services.

(2) Sections 1395e, 1395f, 1395l, and 1395ww of this title, insofar as such sections relate to rules for payment for benefits.

(3) Sections 1395f(a)(2)(B), 1395f(a)(2)(C), and 1395n(a)(2)(A) of this title, insofar as such sections relate to rules for payment for extended care services or home health services.

(4) Section 1395x(i) of this title, insofar as it imposes a 3-day prior hospitalization requirement for coverage of extended care services.

(5) Paragraphs (1) and (9) of section 1395y(a) of this title, insofar as they may prevent payment for PACE program services to individuals enrolled under PACE programs.

(h) Demonstration project for for-profit entities

(1) In general

In order to demonstrate the operation of a PACE program by a private, for-profit entity, the Secretary (in close consultation with State administering agencies) shall grant waivers from the requirement under subsection (a)(3) that a PACE provider may not be a for-profit, private entity.

(2) Similar terms and conditions

(A) In general

Except as provided under subparagraph (B), and paragraph (1), the terms and conditions for operation of a PACE program by a provider under this subsection shall be the same as those for PACE providers that are nonprofit, private organizations.

(B) Numerical limitation

The number of programs for which waivers are granted under this subsection shall not exceed 10. Programs with waivers granted under this subsection shall not be counted against the numerical limitation specified in subsection (e)(1)(B).

(i) Miscellaneous provisions

Nothing in this section or section 1396u–4 of this title shall be construed as preventing a PACE provider from entering into contracts with other governmental or nongovernmental payers for the care of PACE program eligible individuals who are not eligible for benefits under part A, or enrolled under part B, or eligible for medical assistance under subchapter XIX of this title.

Pub. L. 105–33, title IV, §4804(a), (b), Aug. 5, 1997, 111 Stat. 551, provided that:

"(a) STUDY.—

"(1) IN GENERAL.—The Secretary of Health and Human Services (in close consultation with State administering agencies, as defined in sections 1394a(a)(8) and 1394a(a)(8) of the Social Security Act [42 U.S.C. 1395eee(a)(8), 1396u–4(a)(8)]) shall conduct a study of the quality and cost of providing PACE program services under the medicare and medicaid programs under the amendments made by this subtitle (subtitle I (§§4801–4804) of title IV of Pub. L. 105–33, enacting this section and section 1396u–4 of this title and amending sections 1396b, 1396d, 1396e–5, and 1396v of this title).

"(2) STUDY OF PRIVATE, FOR-PROFIT PROVIDERS.—Such study shall specifically compare the costs, quality, and access to services by entities that are private, for-profit entities operating under demonstration projects waivers granted under sections 1894(h) and 1934(h) of the Social Security Act [42 U.S.C. 1395eee(h), 1396u–4(h)] with the costs, quality, and access to services of other PACE providers.

"(b) REPORT.—

"(1) IN GENERAL.—Not later than 4 years after the date of the enactment of this Act [Aug. 5, 1997], the Secretary shall provide for a report to Congress on the impact of such amendments on quality and cost of services. The Secretary shall include in such report such recommendations for changes in the operation of such amendments as the Secretary deems appropriate.

"(2) TREATMENT OF PRIVATE, FOR-PROFIT PROVIDERS.—The report shall include specific findings on whether any of the following findings is true:

"(A) The number of covered lives enrolled with entities operating under demonstration project waivers under sections 1894(h) and 1934(h) of the Social Security Act is fewer than 800 (or such lesser number as the Secretary may determine statistically sufficient to make determinations respecting findings described in the succeeding subparagraphs).

"(B) The population enrolled with such entities is less frail than the population enrolled with other PACE providers.

"(C) Access to or quality of care for individuals enrolled with such entities is lower than such access or quality for individuals enrolled with other PACE providers.

"(D) The application of such section has resulted in an increase in expenditures under the medicare or medicaid programs above the expenditures that would have been made if such section did not apply.

§1395fff. Prospective payment for home health services

(a) In general

Notwithstanding section 1395v(f) of this title, the Secretary shall provide, for portions of cost reporting periods occurring on or after October 1, 2000, for payments for home health services in accordance with a prospective payment system established by the Secretary under this section.

(b) System of prospective payment for home health services

(1) In general

The Secretary shall establish under this subsection a prospective payment system for pay-
ment for all costs of home health services. Under the system under this subsection all services covered and paid on a reasonable cost basis under the medicare home health benefit as of August 5, 1997, including medical supplies, shall be paid for on the basis of a prospective payment amount determined under this subsection and applicable to the services involved. In implementing the system, the Secretary may provide for a transition (of not longer than 4 years) during which a portion of costs, but only if such transition does not result in aggregate payments under this subsection that exceed the aggregate payments that would be made if such a transition did not occur.

(2) Unit of payment

(A) In general

In defining a prospective payment amount under the system under this subsection, the Secretary shall consider an appropriate unit of service and the number, type, and duration of visits provided within that unit, potential changes in the mix of services provided within that unit and their cost, and a general system design that provides for continued access to quality services.

(B) 30-day unit of service

For purposes of implementing the prospective payment system with respect to home health units of service furnished during a year beginning with 2020, the Secretary shall apply a 30-day unit of service as the unit of service applied under this paragraph.

(3) Payment basis

(A) Initial basis

(i) In general

Under such system the Secretary shall provide for computation of a standard prospective payment amount (or amounts) as follows:

(I) Such amount (or amounts) shall initially be based on the most current audited cost report data available to the Secretary and shall be computed in a manner so that the total amounts payable under the system for the 12-month period beginning on the date the Secretary implements the system shall be equal to the total amount that would have been made if the system had not been in effect and if section 1395x(v)(1)(L)(ix) of this title had not been enacted but if the reduction in limits described in clause (ii) had been in effect, updated under subparagraph (B).

(ii) Reduction

Each such amount shall be standardized in a manner that eliminates the effect of variations in relative case mix and area wage adjustments among different home health agencies in a budget neutral manner consistent with the case mix and wage level adjustments provided under paragraph (4)(A). Under the system, the Secretary may recognize regional differences or differences based upon whether or not the services or agency are in an urbanized area.

(iii) Adjustment for 2014 and subsequent years

(I) In general

Subject to subclause (II), for 2014 and subsequent years, the amount (or amounts) that would otherwise be applicable under clause (i)(III) shall be adjusted by a percentage determined appropriate by the Secretary to reflect such factors as changes in the number of visits in an episode, the mix of services in an episode, the level of intensity of services in an episode, the average cost of providing care per episode, and other factors that the Secretary considers to be relevant. In conducting the analysis under the preceding sentence, the Secretary may consider differences between hospital-based and freestanding agencies, between for-profit and nonprofit agencies, and between the resource costs of urban and rural agencies. Such adjustment shall be made before the update under subparagraph (B) is applied for the year.

(II) Transition

The Secretary shall provide for a 4-year phase-in (in equal increments) of the adjustment under subclause (I), with such adjustment being fully implemented for 2017. During each year of such phase-in, the amount of any adjustment under subclause (I) for the year may not exceed 3.5 percent of the amount (or amounts) applicable under clause (i)(III) as of March 23, 2010.

(iv) Budget neutrality for 2020

With respect to payments for home health units of service furnished that end during the 12-month period beginning January 1, 2020, the Secretary shall calculate a standard prospective payment amount (or amounts) for 30-day units of service (as described in paragraph (2)(B)) for the prospective payment system under this sub-
section. Such standard prospective payment amount (or amounts) shall be calculated in a manner such that the estimated aggregate amount of expenditures under the system during such period with application of paragraph (2)(B) is equal to the estimated aggregate amount of expenditures that otherwise would have been made under the system during such period if paragraph (2)(B) had not been enacted. The previous sentence shall be applied before (and not affect the application of) paragraph (3)(B). In calculating such amount (or amounts), the Secretary shall make assumptions about behavior changes that could occur as a result of the implementation of paragraph (2)(B) and the case-mix adjustment factors established under paragraph (4)(B) and shall provide a description of such assumptions in the notice and comment rulemaking used to implement this clause.

(B) Annual update

(i) In general

The standard prospective payment amount (or amounts) shall be adjusted for fiscal year 2002 and for fiscal year 2003 and for each subsequent year (beginning with 2004) in a prospective manner specified by the Secretary by the home health applicable increase percentage (as defined in clause (ii)) applicable to the fiscal year or year involved.

(ii) Home health applicable increase percentage

For purposes of this subparagraph, the term “home health applicable increase percentage” means, with respect to—

(I) each of fiscal years 2002 and 2003, the home health market basket percentage increase (as defined in clause (iii)) minus 1.1 percentage points;

(II) for the last calendar quarter of 2003 and the first calendar quarter of 2004, the home health market basket percentage increase;

(III) the last 3 calendar quarters of 2004, and all of 2005 the home health market basket percentage increase minus 0.8 percentage points;

(IV) 2006, 0 percent; and

(V) any subsequent year, subject to clauses (v) and (vi), the home health market basket percentage increase.

(iii) Home health market basket percentage increase

For purposes of this subsection, the term “home health market basket percentage increase” means, with respect to a fiscal year or year, a percentage (estimated by the Secretary before the beginning of the fiscal year or year) determined and applied with respect to the mix of goods and services included in home health services in the same manner as the market basket percentage increase under section 1395ww(b)(3)(B)(iii) of this title is determined and applied to the mix of goods and services comprising inpatient hospital services for the fiscal year or year. Notwithstanding the previous sentence, the home health market basket percentage increase for 2018 shall be 1 percent and for 2020 shall be 1.5 percent.

(iv) Adjustment for case mix changes

Insofar as the Secretary determines that the adjustments under paragraph (4)(A)(i) for a previous fiscal year or year (or estimates that such adjustments for a future fiscal year or year) did (or are likely to) result in a change in aggregate payments under this subsection during the fiscal year or year that are a result of changes in the coding or classification of different units of services that do not reflect real changes in case mix, the Secretary may adjust the standard prospective payment amount (or amounts) under paragraph (3) for subsequent fiscal years or years so as to eliminate the effect of such coding or classification changes.

(v) Adjustment if quality data not submitted

(I) Adjustment

For purposes of clause (i)(V), for 2007 and each subsequent year, in the case of a home health agency that does not submit data to the Secretary in accordance with subclauses (II) and (IV) with respect to such a year, the home health market basket percentage increase applicable under such clause for such year shall be reduced by 2 percentage points. Such reduction shall apply only with respect to the year involved, and the Secretary shall not take into account such reduction in computing the prospective payment amount under this section for a subsequent year, and the Medicare Payment Advisory Commission shall carry out the requirements under section 5201(d) of the Deficit Reduction Act of 2005.

(II) Submission of quality data

Subject to subclause (V), for 2007 and each subsequent year, each home health agency shall submit to the Secretary such data that the Secretary determines are appropriate for the measurement of health care quality. Such data shall be submitted in a form and manner, and at a time, specified by the Secretary for purposes of this clause.

(III) Public availability of data submitted

The Secretary shall establish procedures for making data submitted under subclause (II) and subclause (IV)(aa) available to the public. Such procedures shall ensure that a home health agency has the opportunity to review the data that is to be made public with respect to the agency prior to such data being made public.

1 So in original. The word “for” probably should not appear.

2 So in original. Probably should be followed by a comma.
(IV) Submission of additional data

(aa) In general

For the year beginning on the specified application date (as defined in subsection (a)(2)(E) of section 1395fff of this title), as applicable with respect to home health agencies and quality measures under subsection (c)(1) of such section and measures under subsection (d)(1) of such section, and each subsequent year, in addition to the data described in subclause (II), each home health agency shall submit to the Secretary data on such quality measures and any necessary data specified by the Secretary under such subsection (d)(1).

(bb) Standardized patient assessment data

For 2019 and each subsequent year, in addition to such data described in item (aa), each home health agency shall submit to the Secretary standardized patient assessment data required under subsection (b)(1) of section 1395fff of this title.

(cc) Submission

Data shall be submitted under items (aa) and (bb) in the form and manner, and at the time, specified by the Secretary for purposes of this clause.

(V) Non-duplication

To the extent data submitted under subclause (IV) duplicates other data required to be submitted under subclause (II), the submission of such data under subclause (IV) shall be in lieu of the submission of such data under subclause (II). The previous sentence shall not apply insofar as the Secretary determines it is necessary to avoid a delay in the implementation of section 1395fff of this title, taking into account the different specified application dates under subsection (a)(2)(E) of such section.

(vi) Adjustments

After determining the home health market basket percentage increase under clause (iii), and after application of clause (v), the Secretary shall reduce such percentage—

(I) for 2015 and each subsequent year (except 2018 and 2020), by the productivity adjustment described in section 1395ww(b)(3)(B)(x)(II) of this title; and

(II) for each of 2011, 2012, and 2013, by 1 percentage point.

The application of this clause may result in the home health market basket percentage increase under clause (iii) being less than 0.0 for a year, and may result in payment rates under the system under this subsection for a year being less than such payment rates for the preceding year.

(C) Adjustment for outliers

The Secretary shall reduce the standard prospective payment amount (or amounts) under this paragraph applicable to home health services furnished during a period by such proportion as will result in an aggregate reduction in payments for the period equal to 5 percent of the total payments estimated to be made based on the prospective payment system under this subsection for the period.

(D) Behavior assumptions and adjustments

(i) In general

The Secretary shall annually determine the impact of differences between assumed behavior changes (as described in paragraph (3)(A)(iv)) and actual behavior changes on estimated aggregate expenditures under this subsection with respect to years beginning with 2020 and ending with 2025.

(ii) Permanent adjustments

The Secretary shall, at a time and in a manner determined appropriate, through notice and comment rulemaking, provide for one or more permanent increases or decreases to the standard prospective payment amount (or amounts) for applicable years, on a prospective basis, to offset for such increases or decreases in estimated aggregate expenditures (as determined under clause (i)).

(iii) Temporary adjustments for retrospective behavior

The Secretary shall, at a time and in a manner determined appropriate, through notice and comment rulemaking, provide for one or more temporary increases or decreases to the payment amount for a unit of home health services (as determined under paragraph (4)) for applicable years, on a prospective basis, to offset for such increases or decreases in estimated aggregate expenditures (as determined under clause (i)). Such a temporary increase or decrease shall apply only with respect to the year for which such temporary increase or decrease is made, and the Secretary shall not take into account such a temporary increase or decrease in computing such amount under this subsection for a subsequent year.

(4) Payment computation

(A) In general

The payment amount for a unit of home health services shall be the applicable standard prospective payment amount adjusted as follows:

(i) Case mix adjustment

The amount shall be adjusted by an appropriate case mix adjustment factor (established under subparagraph (B)).

(ii) Area wage adjustment

The portion of such amount that the Secretary estimates to be attributable to wages and wage-related costs shall be adjusted for geographic differences in such costs by an area wage adjustment factor (established under subparagraph (C)) for

(d) Limitation on review

There shall be no administrative or judicial review under section 1395fff of this title, 1395oo of this title, or otherwise of— (1) the establishment of a transition period under subsection (b)(1); (2) the definition and application of payment units under subsection (b)(2); (3) the computation of initial standard prospective payment amounts under subsection (b)(3)(A) (including the reduction described in clause (ii) of such subsection); (4) the establishment of the adjustment for outliers under subsection (b)(4); and (5) the establishment of case mix and area wage adjustments under subsection (b)(5).

(e) Construction related to home health services

(1) Telecommunications

Nothing in this section shall be construed as preventing a home health agency furnishing a home health unit of service for which payment is made under the prospective payment system established by this section for such units of service from furnishing services via a telecommunication system if such services— (A) do not substitute for in-person home health services ordered as part of a plan of care certified by a physician² a nurse practitioner or clinical nurse specialist, or a physician assistant pursuant to section 1395f(a)(2)(C) or 1395n(a)(2)(A) of this title; and (B) are not considered a home health visit for purposes of eligibility or payment under this subchapter.

(2) Rule of construction regarding requirement for certification

Nothing in this section shall be construed as waiving the requirement for a certification under section 1395f(a)(2)(C) or 1395n(a)(2)(A) of this title for the payment for home health services, whether or not furnished via a telecommunication system.

the area in which the services are furnished or such other area as the Secretary may specify.

(B) Establishment of case mix adjustment factors

(i) In general

The Secretary shall establish appropriate case mix adjustment factors for home health services in a manner that explains a significant amount of the variation in cost among different units of services.

(ii) Treatment of therapy thresholds

For 2020 and subsequent years, the Secretary shall eliminate the use of therapy thresholds (established by the Secretary) in case mix adjustment factors established under clause (i) for calculating payments under the prospective payment system under this subsection.

(C) Establishment of area wage adjustment factors

The Secretary shall establish area wage adjustment factors that reflect the relative level of wages and wage-related costs applicable to the furnishing of home health services in a geographic area compared to the national average applicable level. Such factors may be the factors used by the Secretary for purposes of section 1395ww(d)(3)(E) of this title.

(5) Outliers

(A) In general

Subject to subparagraph (B), the Secretary may provide for an addition or adjustment to the payment amount otherwise made in the case of outliers because of unusual variations in the type or amount of medically necessary care. The total amount of the additional payments or payment adjustments made under this paragraph with respect to a fiscal year or year may not exceed 2.5 percent of the total payments projected or estimated to be made based on the prospective payment system under this subsection in that year.

(B) Program specific outlier cap

The estimated total amount of additional payments or payment adjustments made under subparagraph (A) with respect to a home health agency for a year (beginning with 2011) may not exceed an amount equal to 10 percent of the estimated total amount of payments made under this section (without regard to this paragraph) with respect to the home health agency for the year.

(6) Proration of prospective payment amounts

If a beneficiary elects to transfer to, or receive services from, another home health agency within the period covered by the prospective payment amount, the payment shall be prorated between the home health agencies involved.

(c) Requirements for payment information

With respect to home health services furnished on or after October 1, 1998, no claim for such a service may be paid under this subchapter unless—

"(1) In general.—The Secretary of Health and Human Services (in this section referred to as the 'Secretary') shall conduct a study on home health agency costs involved with providing ongoing access to care to low-income Medicare beneficiaries or beneficiaries in medically underserved areas, and in treating beneficiaries with varying levels of severity of illness. In conducting the study, the Secretary may analyze items such as the following:

(A) Methods to potentially revise the home health prospective payment system under section 1885 of the Social Security Act (42 U.S.C. 1395ff) to account for costs related to patient severity of illness or to improving beneficiary access to care, such as—

(1) payment adjustments for services that may involve additional or fewer resources;

(2) changes to reflect resources involved with providing home health services to low-income Medicare beneficiaries or Medicare beneficiaries residing in medically underserved areas;

(3) ways outlier payments might be revised to reflect costs of treating Medicare beneficiaries with high levels of severity of illness; and

(4) other issues determined appropriate by the Secretary.

(C) Whether additional research might be needed.

(D) Other items determined appropriate by the Secretary.

(2) Considerations.—In conducting the study under paragraph (1), the Secretary may consider whether patient severity of illness and access to care could be measured by factors, such as—

(A) population density and relative patient access to care;

(B) variations in service costs for providing care to individuals who are dually eligible under the Medicare and Medicaid programs;

(C) the presence of severe or chronic diseases, which might be measured by multiple, discontinuous home health episodes;

(4) Consultations.—In conducting the study under paragraph (1), the Secretary shall consult with appropriate stakeholders, such as groups representing home health agencies and groups representing Medicare beneficiaries.

(5) Medicare Demonstration Project Based on the Results of the Study.—

(A) In general.—Subject to subparagraph (D), taking into account the results of the study con-
ducted under paragraph (1), the Secretary may, as determined appropriate, provide for a demonstration project to test whether making payment adjustments for home health services furnished under the Medicare program would substantially improve access to care for patients with high severity levels of illness or for low-income or underserved Medicare beneficiaries.

The Secretary shall not reduce the standard prospective payment amount (or amounts) under section 1895 of the Social Security Act (42 U.S.C. 1395ww(d)(2)(D)) applicable to home health services furnished during a period to offset any increase in payments during such period resulting from the application of the payment adjustments under subparagraph (A).

(C) No effect on subsequent periods.—A payment adjustment resulting from the application of subparagraph (A) for a period—

(i) shall not apply to payments for home health services under title XVIII [42 U.S.C. 1395 et seq.] after such period; and

(ii) shall not be taken into account in calculating the payment amounts applicable for such services after such period.

(D) Duration.—If the Secretary determines it appropriate to conduct the demonstration project under this subsection, the Secretary shall conduct the project for a four year period beginning not later than January 1, 2015.

(E) Funding.—The Secretary shall provide for the transfer from the Federal Hospital Insurance Trust Fund under section 1817 of the Social Security Act (42 U.S.C. 1395i) and the Federal Supplementary Medical Insurance Trust Fund established under section 1841 of such Act (42 U.S.C. 1395f), in such proportion as the Secretary determines appropriate, of $500,000,000 for the period of fiscal years 2015 through 2018. Such funds shall be made available for the study described in paragraph (1) and the design, implementation, and evaluation of the demonstration described in this paragraph. Amounts available under this subparagraph shall be available until expended.

(F) Evaluation and Report.—If the Secretary determines it appropriate to conduct the demonstration project under this subsection, the Secretary shall—

(i) provide for an evaluation of the project; and

(iii) in the case of episodes and visits ending during 2021, by 1 percent.

(2) Rules for determinations.—

(A) No switching.—For purposes of this subsection, the determination by the Secretary as to which subparagraph of paragraph (1) applies to a county (or equivalent area) shall be made a single time and shall apply for the duration of the period to which this subsection applies.

(B) Utilization.—In determining which counties (or equivalent areas) are in the highest quartile under paragraph (1)(A), the following rules shall apply:

(i) The Secretary shall use data from 2015.

(ii) The Secretary shall exclude data from the territories (and the territories shall not be described in such paragraph).

(iii) The Secretary may exclude data from counties (or equivalent areas) in rural areas with a low volume of home health episodes (and if data is so excluded with respect to a county (or equivalent area), such county (or equivalent area) shall not be described in such paragraph).

(C) Population density.—In determining population density under paragraph (1)(A), the Secretary shall use data from the 2010 decennial Census.

(d) No Effect on Subsequent Periods.—The payment increase provided under subsection (a) or (b) for a period under such subsection—

(1) shall not apply to episodes and visits ending after such period; and

(b) PAYMENT.—

(1) IN GENERAL.—Subject to paragraph (2), the amount of payment for an episode of care for home health services, a portion of which consists of substitute medical adult day-care services, under the demonstration project shall be made at a rate equal to 95 percent of the amount that would otherwise apply for such home health services under section 1861(m) [probably means section 1861(m) of the Social Security Act, 42 U.S.C. 1395x(m)] for home health services. If the Secretary estimates that the total expenditures under the demonstration project and under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] for home health services, if the Secretary estimates that the total expenditures under the demonstration project and under such title XVIII for home health services for a period determined by the Secretary exceed expenditures that would have been made under such title XVIII for home health services for such period if the demonstration project had not been conducted, the Secretary shall adjust the rate of payment to medical adult day-care services furnished under paragraph (1) in order to eliminate such excess.

(c) DEMONSTRATION PROJECT SITES.—The demonstration project established under this section shall be conducted in not more than 5 sites in States selected by the Secretary that license or certify providers of services that furnish medical adult day-care services.

(f) PREFERENCE IN SELECTING AGENCIES.—In selecting home health agencies to participate under the demonstration project, the Secretary shall give preference to those agencies that are currently licensed or certified through common ownership and control to furnish medical adult day-care services.

(g) WAIVER AUTHORITY.—The Secretary may waive such requirements of title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] as may be necessary for the purposes of carrying out the demonstration project, other than waiving the requirement that an individual be homebound in order to be eligible for benefits for home health services.

(h) EVALUATION AND REPORT.—The Secretary shall conduct an evaluation of the clinical and cost-effective-ness of the demonstration project. Not later than 6 months after the completion of the project, the Secretary shall submit to Congress a report on the evaluation and shall include in the report the following:

(1) An analysis of the patient outcomes and costs of furnishing care to the medicare beneficiaries participating in the project as compared to such outcomes and costs to beneficiaries receiving only home health services for the same health conditions.

The Secretary may obligate funds from the Fund only if the Secretary determines (and the Chief Actuary of the Centers for Medicare & Medicaid Services and the appropriate budget officer certify) that there are available in the Fund sufficient amounts to cover all such obligations incurred consistent with the previous sentence.

(4) No effect on payments in subsequent years

In the case that expenditures from the Fund are applied to, or otherwise affect, a payment rate for an item or service under this subchapter for a year, the payment rate for such item or service shall be computed for a subsequent year as if such application or effect had never occurred.

(4) No effect on payments in subsequent years

(B) ACOs that meet quality performance standards established by the Secretary are eligible to receive payments for shared savings under subsection (d)(2).

(b) Eligible ACOs

(1) In general

Subject to the succeeding provisions of this subsection, as determined appropriate by the Secretary, the following groups of providers of services and suppliers which have established a mechanism for shared governance are eligible to participate as ACOs under the program under this section:

(A) ACO professionals in group practice arrangements.

(B) Networks of individual practices of ACO professionals.

(C) Partnerships or joint venture arrangements between hospitals and ACO professionals.

(D) Hospitals employing ACO professionals.

(E) Such other groups of providers of services and suppliers as the Secretary determines appropriate.

(2) Requirements

An ACO shall meet the following requirements:

(A) The ACO shall be willing to become accountable for the quality, cost, and overall care of the Medicare fee-for-service beneficiaries assigned to it.

(B) The ACO shall enter into an agreement with the Secretary to participate in the program for not less than a 3-year period (referred to in this section as the "agreement period").

(C) The ACO shall have a formal legal structure that would allow the organization to receive and distribute payments for shared savings under subsection (d)(2) to participating providers of services and suppliers.

(D) The ACO shall include primary care ACO professionals that are sufficient for the number of Medicare fee-for-service beneficiaries assigned to the ACO under subsection (c). At a minimum, the ACO shall have at least 5,000 such beneficiaries assigned to it under subsection (c) in order to be eligible to participate in the ACO program.

(E) The ACO shall provide the Secretary with such information regarding ACO professionals participating in the ACO as the Secretary determines necessary to support the assignment of Medicare fee-for-service beneficiaries to an ACO, the implementation of quality and other reporting requirements under paragraph (3), and the determination of payments for shared savings under subsection (d)(2).

(F) The ACO shall have in place a leadership and management structure that includes clinical and administrative systems.

(G) The ACO shall define processes to promote evidence-based medicine and patient engagement, report on quality and cost measures, and coordinate care, such as through the use of telehealth, remote patient monitoring, and other such enabling technologies.

(iii) utilization (such as rates of hospital admissions for ambulatory care sensitive conditions).

(B) Reporting requirements

An ACO shall submit data in a form and manner specified by the Secretary on measures the Secretary determines necessary for the ACO to report in order to evaluate the quality of care furnished by the ACO. Such data may include care transitions across health care settings, including hospital discharge planning and post-hospital discharge follow-up by ACO professionals, as the Secretary determines appropriate.

(C) Quality performance standards

The Secretary shall establish quality performance standards to assess the quality of care furnished by ACOs. The Secretary shall seek to improve the quality of care furnished by ACOs over time by specifying higher standards, new measures, or both for purposes of assessing such quality of care.

(D) Other reporting requirements

The Secretary may, as the Secretary determines appropriate, incorporate reporting requirements and incentive payments related to the physician quality reporting initiative (PQRI) under section 1395w–4 of this title, including such requirements and such payments related to electronic prescribing, electronic health records, and other similar initiatives under section 1395w–4 of this title, and may use alternative criteria than would otherwise apply under such section for determining whether to make such payments. The incentive payments described in the preceding sentence shall not be taken into consideration when calculating any payments otherwise made under subsection (d).

(4) No duplication in participation in shared savings programs

A provider of services or supplier that participates in any of the following shall not be
eligible to participate in an ACO under this section:

(A) A model tested or expanded under section 1315a of this title that involves shared savings under this subchapter, or any other program or demonstration project that involves such shared savings.

(c) Assignment of Medicare fee-for-service beneficiaries to ACOs

(B) in the case of performance years beginning on or after January 1, 2019, services provided under this subchapter by a Federally qualified health center or rural health clinic (as those terms are defined in section 1385x(aa) of this title), as may be determined by the Secretary.

(2) Providing flexibility

(A) Choice of prospective assignment

For each agreement period (effective for agreements entered into or renewed on or after January 1, 2020), in the case where an ACO established under the program is in a Track that provides for the retrospective assignment of Medicare fee-for-service beneficiaries to the ACO, the Secretary shall permit the ACO to choose to have Medicare fee-for-service beneficiaries assigned prospectively, rather than retrospectively, to the ACO for an agreement period.

(B) Assignment based on voluntary identification by Medicare fee-for-service beneficiaries

(i) In general

For performance year 2018 and each subsequent performance year, if a system is available for electronic designation, the Secretary shall permit a Medicare fee-for-service beneficiary to voluntarily identify an ACO professional as the primary care provider of the beneficiary for purposes of assigning such beneficiary to an ACO, as determined by the Secretary.

(ii) Notification process

The Secretary shall establish a process under which a Medicare fee-for-service beneficiary is—

(I) notified of their ability to make an identification described in clause (i); and

(II) informed of the process by which they may make and change such identification.

(iii) Superseding claims-based assignment

A voluntary identification by a Medicare fee-for-service beneficiary under this subsection shall supersede any claims-based assignment otherwise determined by the Secretary.

(d) Payments and treatment of savings

(1) Payments

(A) In general

Under the program, subject to paragraph (3), payments shall continue to be made to providers of services and suppliers participating in an ACO under the original Medicare fee-for-service program under parts A and B in the same manner as they would otherwise be made except that a participating ACO is eligible to receive payment for shared savings under paragraph (2) if—

(i) the ACO meets quality performance standards established by the Secretary under subsection (b)(3); and

(ii) the ACO meets the requirement under subparagraph (B)(i).

(B) Savings requirement and benchmark

(i) Determining savings

In each year of the agreement period, an ACO shall be eligible to receive payment for shared savings under paragraph (2) only if the estimated average per capita Medicare expenditures under the ACO for Medicare fee-for-service beneficiaries for parts A and B services, adjusted for beneficiary characteristics, is at least the percent specified by the Secretary below the applicable benchmark under clause (ii). The Secretary shall determine the appropriate percent described in the preceding sentence to account for normal variation in expenditures under this subchapter, based upon the number of Medicare fee-for-service beneficiaries assigned to an ACO.

(ii) Establish and update benchmark

The Secretary shall estimate a benchmark for each agreement period for each ACO using the most recent available 3 years of per-beneficiary expenditures for parts A and B services for Medicare fee-for-service beneficiaries assigned to the ACO. Such benchmark shall be adjusted for beneficiary characteristics and such other factors as the Secretary determines appropriate and updated by the projected absolute amount of growth in national per capita expenditures for parts A and B services under the original Medicare fee-for-service program, as estimated by the Secretary. Such benchmark shall be reset at the start of each agreement period.

(2) Payments for shared savings

Subject to performance with respect to the quality performance standards established by the Secretary under subsection (b)(3), if an ACO meets the requirements under paragraph (1), a percent (as determined appropriate by the Secretary) of the difference between such estimated average per capita Medicare expenditures in a year, adjusted for beneficiary characteristics, under the ACO and such benchmark for the ACO may be paid to the ACO as shared savings and the remainder of such dif-
ference shall be retained by the program under this subchapter. The Secretary shall establish limits on the total amount of shared savings that may be paid to an ACO under this paragraph.

(3) Monitoring avoidance of at-risk patients

If the Secretary determines that an ACO has taken steps to avoid patients at risk in order to reduce the likelihood of increasing costs to the ACO the Secretary may impose an appropriate sanction on the ACO, including termination from the program.

(4) Termination

The Secretary may terminate an agreement with an ACO if it does not meet the quality performance standards established by the Secretary under subsection (b)(3).

(e) Administration

Chapter 35 of title 44 shall not apply to the program, including an ACO Beneficiary Incentive Program under subsections (b)(2)(I) and (m).

(f) Waiver authority

The Secretary may waive such requirements of sections 1320a–7a and 1320a–7b of this title and this subchapter as may be necessary to carry out the provisions of this section.

(g) Limitations on review

There shall be no administrative or judicial review under section 1395oo of this title, section 1395jjj of this title, or otherwise of—

(1) the specification of criteria under subsection (a)(1)(B);
(2) the assessment of the quality of care furnished by an ACO and the establishment of performance standards under subsection (b)(3);
(3) the assignment of Medicare fee-for-service beneficiaries to an ACO under subsection (c);
(4) the determination of whether an ACO is eligible for shared savings under subsection (d)(2) and the amount of such shared savings, including the determination of the estimated average per capita Medicare expenditures under the ACO for Medicare fee-for-service beneficiaries assigned to the ACO and the average benchmark for the ACO under subsection (d)(1)(B);
(5) the percent of shared savings specified by the Secretary under subsection (d)(2) and any limit on the total amount of shared savings established by the Secretary under such subsection; and
(6) the termination of an ACO under subsection (d)(4) or of an ACO Beneficiary Incentive Program under subsections (b)(2)(I) and (m).

(B) No additional program expenditures

Payments to an ACO for items and services under this subchapter for beneficiaries for a year under the partial capitation model shall be established in a manner that does not result in spending more for such ACO for such beneficiaries than would otherwise be expended for such ACO for such beneficiaries for such year if the model were not implemented, as estimated by the Secretary.

(m) Authority to provide incentive payments to beneficiaries with respect to qualifying primary care services

(1) Program

(A) In general
In order to encourage Medicare fee-for-service beneficiaries to obtain medically necessary primary care services, an ACO participating under this section under a pay-ment model described in clause (i) or (ii) of paragraph (2)(B) may apply to establish an ACO Beneficiary Incentive Program to pro-vide incentive payments to such bene-fi-ciaries who are furnished qualifying services in accordance with this subsection. The Secretary shall permit such an ACO to es-tablish such a program at the Secretary’s discretion and subject to such requirements, including program integrity requirements, as the Secretary determines necessary.

(13) EXPRESS LANE OPTION.—

(A) IN GENERAL.—

(i) OPTION TO USE A FINDING FROM AN EXPRESS LANE AGENCY.—At the option of the State, the State plan may provide that in determining eligibility under this subchapter for a child (as defined in subparagraph (G)), the State may rely on a finding made within a reasonable period (as determined by the State) from an Express Lane agency (as defined in subparagraph (F)) when it determines whether a child satisfies one or more components of eligibility for medical assistance under this subchapter. The State may rely on a finding from an Express Lane agency notwithstanding sections 1396a(a)(46)(B) and 1320b–7(d) of this title or any differences in budget unit, disregard, deeming or other methodology, if the following requirements are met:

(I) PROHIBITION ON DETERMINING CHILDREN INELIGIBLE FOR COVERAGE.—If a finding from an Express Lane agency would result in a determination that a child does not satisfy an eligibility requirement for medical assistance under this subchapter and for child health assistance under subchapter XXI, the State shall determine eligibility for assistance using its regular procedures.

(II) NOTICE REQUIREMENT.—For any child who is found eligible for medical assistance under the State plan under this subchapter or child health assistance under subchapter XXI who is subject to premiums based on an Express Lane agency’s finding of such child’s income level, the State shall provide notice that the child may qualify for lower premium payments if evaluated by the State using its regular policies and of the procedures for requesting such an evaluation.

(II) OPTION TO APPLY TO RENEWALS AND REDI-TERMINATIONS.—The State may apply the provisions of this paragraph when conducting initial determinations of eligibility, redeterminations of eligibility, or both, as described in the State plan.

(B) RULES OF CONSTRUCTION.—Nothing in this paragraph shall be construed—

(i) to limit or prohibit a State from taking any actions otherwise permitted under this subchapter or subchapter XXI in determining eligibility for or enrolling children into medical assistance under this subchapter or child health assistance under subchapter XXI; or

(ii) to modify the limitations in section 1396a(a)(5) of this title concerning the agencies that may make a determination of eligibility for medical assistance under this subchapter.

(C) OPTIONS FOR SATISFYING THE SCREEN AND ENROLL REQUIREMENT.—

(i) IN GENERAL.—With respect to a child whose eligibility for medical assistance under this subchapter or for child health assistance under subchapter XXI has been evaluated by a State agency using an income finding from an Express Lane agency, a State may carry out its duties under subparagraphs (A) and (B) of section 1397bb(b)(3) of this title (relating to screen and enroll) in accordance with either clause (ii) or clause (iii).

(ii) ESTABLISHING A SCREENING THRESHOLD.—

(I) IN GENERAL.—Under this clause, the State establishes a screening threshold set as a percentage of the Federal poverty level that exceeds the highest income threshold applicable under this subchapter to the child by a minimum of 30 percentage points or, at State option, a higher number of percentage points that reflects...
the value (as determined by the State and described in the State plan) of any differences between income methodologies used by the program administered by the Express Lane agency and the methodologies used by the State in determining eligibility for medical assistance under this subchapter.

(II) \textbf{CHILDREN WITH INCOME NOT ABOVE THRESHOLD}.—If the income of a child does not exceed the screening threshold, the child is deemed to satisfy the income eligibility criteria for medical assistance under this subchapter regardless of whether such child would otherwise satisfy such criteria.

(III) \textbf{CHILDREN WITH INCOME ABOVE THRESHOLD}.—If the income of a child exceeds the screening threshold, the child shall be considered to have an income above the Medicaid applicable income level described in section 1397jj(b)(4) of this title and to satisfy the requirement under section 1397jj(b)(1)(C) of this title (relating to the requirement that CHIP matching funds be used only for children not eligible for Medicaid). If such a child is enrolled in child health assistance under subchapter XXI, the State shall provide the parent, guardian, or custodial relative with the following:

(aa) Notice that the child may be eligible to receive medical assistance under the State plan under this subchapter if evaluated for such assistance under the State's regular procedures and notice of the process through which a parent, guardian, or custodial relative can request that the State evaluate the child's eligibility for medical assistance under this subchapter using such regular procedures.

(bb) A description of differences between the medical assistance provided under this subchapter and child health assistance under subchapter XXI, including differences in cost-sharing requirements and covered benefits.

(III) \textbf{TEMPORARY ENROLLMENT IN CHIP PENDING SCREEN AND ENROLL}.—Under this clause, a State enrolls a child in child health assistance under subchapter XXI for a temporary period if the child appears eligible for such assistance based on an income finding by an Express Lane agency.

(IV) \textbf{REQUIRED FOR SIMPLIFIED DETERMINATION}.—In making such a determination, the State shall use procedures that, to the maximum feasible extent, reduce the burden imposed on the individual of such determination. Such procedures may not require the child's parent, guardian, or custodial relative to provide or verify information that already has been provided to the State agency by an Express Lane agency or another source of information unless the State agency has reason to believe the information is erroneous.

(V) \textbf{AVAILABILITY OF CHIP MATCHING FUNDS DURING TEMPORARY ENROLLMENT PERIOD}.—Medical assistance for items and services that are provided to a child enrolled in subchapter XXI during a temporary enrollment period under this clause shall be treated as child health assistance under such subchapter.

(D) \textbf{OPTION FOR AUTOMATIC ENROLLMENT}.—

(i) \textbf{IN GENERAL}.—The State may initiate and determine eligibility for medical assistance under the State Medicaid plan or for child health assistance under the State CHIP plan without a program application from, or on behalf of, the child based on data obtained from sources other than the child (or the child's family), but a child can only be automatically enrolled in the State Medicaid plan or the State CHIP plan if the child or the family affirmatively consents to being enrolled through affirmation in writing, by telephone, orally, through electronic signature, or through any other means specified by the Secretary or by signature on an Express Lane agency application, if the requirement of clause (ii) is met.

(ii) \textbf{INFORMATION REQUIREMENT}.—The requirement of this clause is that the State informs the parent, guardian, or custodial relative of the child of the services that will be covered, appropriate methods for using such services, premium or other cost sharing charges (if any) that apply, medical support obligations (under section 1396k(a) of this title) created by enrollment (if applicable), and the actions the parent, guardian, or relative must take to maintain enrollment and renew coverage.

(E) \textbf{CODING; APPLICATION TO ENROLLMENT ERROR RATES}.—

(i) \textbf{IN GENERAL}.—For purposes of subparagraph (A)(iv),\textsuperscript{11} the requirement of this subparagraph for a State is that the State agrees to—

(I) assign such codes as the Secretary shall require to the children who are enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency for the duration of the State's election under this paragraph;

(II) annually provide the Secretary with a statistically valid sample (that is approved by Secretary) of the children enrolled in such plans through reliance on

(III) submit the error rate determined under subclause (II) to the Secretary;

(IV) if such error rate exceeds 3 percent for either of the first 2 fiscal years in which the State elects to apply this paragraph, demonstrate to the satisfaction of the Secretary the specific corrective actions implemented by the State to improve upon such error rate; and

(V) if such error rate exceeds 3 percent for any fiscal year in which the State elects to apply this paragraph, a reduction in the amount otherwise payable to the State under section 1396b(a) of this title for quarters for that fiscal year, equal to the total amount of erroneous excess payments determined for the fiscal year only with respect to the children included in the sample for the fiscal year that are in excess of a 3 percent error rate with respect to such children.

(ii) NO PUNITIVE ACTION BASED ON ERROR RATE.—The Secretary shall not apply the error rate derived from the sample under clause (i) to the entire population of children enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency, or to the population of children enrolled in such plans on the basis of the State’s regular procedures for determining eligibility, or penalize the State on the basis of such error rate in any manner other than the reduction of payments provided for under clause (i)(V).

(iii) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed as relieving a State that elects to apply this paragraph from being subject to a penalty under section 1396b(u) of this title, for payments made under the State Medicaid plan with respect to ineligible individuals and families that are determined to exceed the error rate permitted under that section (as determined without regard to the error rate determined under clause (i)(II)).

(iv) ERROR RATE DEFINED.—In this subparagraph, the term “error rate” means the rate of erroneous excess payments for medical assistance (as defined in section 1396b(u)(1)(D) of this title) for the period involved, except that such payments shall be limited to individuals for which eligibility determinations are made under this paragraph and except that in applying this paragraph under subchapter XXI, there shall be substituted for references to provisions of this subchapter corresponding provisions within subchapter XXI.

(2) The State shall not make such a decision with respect to a facility until the facility has
had a reasonable opportunity, following the initial determination that it no longer substantially meets the requirements for such a facility under this subchapter, to correct its deficiencies, and, following this period, has been given reasonable notice and opportunity for a hearing.

(3) The State's decision to deny payment may be made effective only after such notice to the public and to the facility as may be provided for by the State, and its effectiveness shall terminate (A) when the State finds that the facility is in substantial compliance (or is making good faith efforts to achieve substantial compliance) with the requirements for such a facility under this subchapter, or (B) in the case described in paragraph (1)(B), with the end of the eleventh month following the month such decision is made effective, whichever occurs first. (i) the State makes a reasonable effort to identify and address the causes of such inconsistency, including, through typographical or other clerical errors, by contacting the individual to confirm the accuracy of the name or social security number submitted or declaration of citizenship or nationality and by taking such additional actions as the Secretary, through regulation or other guidance, or the State may identify, and continues to provide the individual with medical assistance while making such effort; and

(ii) in the case such inconsistency is not resolved under clause (i), the State—

(I) notifies the individual of such fact;

(II) provides the individual with a period of 90 days from the date on which the notice required under subclause (I) is received by the individual to either present satisfactory documentary evidence of citizenship or nationality (as defined in section 1396b(x)(3) of this title) or resolve the inconsistency with the Commissioner of Social Security (and continues to provide the individual with medical assistance during such 90-day period); and

(III) disenrolls the individual from the State plan under this subchapter within 30 days after the end of such 90-day period if no such documentary evidence is presented or if such inconsistency is not resolved.

(B) In establishing the State program under this paragraph, the State may enter into an agreement with the Commissioner of Social Security—

(i) to provide, through an on-line system or otherwise, for the electronic submission of, and response to, the information submitted under subparagraph (A) for an individual enrolled in the State plan under this subchapter who declares to be citizen or national on at least a monthly basis; or

(ii) to provide for a determination of the consistency of the information submitted with the information maintained in the records of the Commissioner through such other method as agreed to by the State and the Commissioner and approved by the Secretary, provided that such method is no more burdensome for individuals to comply with than any burdens that may apply under a method described in clause (i).

(C) The program established under this paragraph shall provide that, in the case of any individual who is required to submit a social security number to the State under subparagraph (A) and who is unable to provide the State with such number, shall be provided with at least the reasonable opportunity to present satisfactory documentary evidence of citizenship or nationality (as defined in section 1396b(x)(3) of this title) as is provided under clauses (i) and (ii) of section 1320b–7(d)(4)(A) of this title to an individual for the submittal to the State of evidence indicating a satisfactory immigration status.

(ii) the inconsistency is not resolved by the State;

(iii) the individual was provided with a reasonable period of time to resolve the inconsistency with the Commissioner of Social Security or provide satisfactory documentation of citizenship status and did not successfully resolve such inconsistency; and

(iv) payment has been made for an item or service furnished to the individual under this subchapter.

(B) If, for any fiscal year, the average monthly percentage determined under subparagraph (A) is greater than 3 percent—

(i) the State shall develop and adopt a corrective plan to review its procedures for verifying the identities of individuals seeking to enroll in the State plan under this subchapter and to identify and implement changes in such procedures to improve their accuracy; and

(ii) pay to the Secretary an amount equal to the amount which bears the same ratio to the total payments under the State plan for the fiscal year for providing medical assistance to individuals who provided inconsistent information as the number of individuals with inconsistent information in excess of 3 percent of such total submitted bears to the total number of individuals with inconsistent information.

(C) The Secretary may waive, in certain limited cases, all or part of the payment under subparagraph (B)(ii) if the State is unable to reach the allowable error rate despite a good faith effort by such State.

(D) Subparagraphs (A) and (B) shall not apply to a State for a fiscal year if there is an agreement described in paragraph (2)(B) in effect as of the close of the fiscal year that provides for the submission on a real-time basis of the information described in such paragraph.

(4) Nothing in this subsection shall affect the rights of any individual under this subchapter to appeal any disenrollment from a State plan.
