(A) that the petitioner has demonstrated by a preponderance of the evidence the matters required in the petition by section 300aa–11(c)(1) of this title; and

(B) that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition.

The special master or court may not make such a finding based on the claims of a petitioner alone, unsubstantiated by medical records or by medical opinion.

(2) For purposes of paragraph (1), the term “factors unrelated to the administration of the vaccine”—

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumentable cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner’s evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner’s illness, disability, injury, condition, or death.

(b) Matters to be considered

(1) In determining whether to award compensation to a petitioner under the Program, the special master or court shall consider, in addition to all other relevant medical and scientific evidence contained in the record—

(A) any diagnosis, conclusion, medical judgment, or autopsy or coroner’s report which is contained in the record regarding the nature, causation, and aggravation of the petitioner’s illness, disability, injury, condition, or death, and

(B) the results of any diagnostic or evaluative test which are contained in the record and the summaries and conclusions.

Any such diagnosis, conclusion, judgment, test result, report, or summary shall not be binding on the special master or court. In evaluating the weight to be afforded to any such diagnosis, conclusion, judgment, test result, report, or summary, the special master or court shall consider the entire record and the course of the injury, disability, illness, or condition until the date of the judgment of the special master or court.

(2) The special master or court may find the first symptom or manifestation of onset or significant aggravation of an injury, disability, illness, condition, or death described in a petition occurred within the time period described in the Vaccine Injury Table even though the occurrence of such symptom or manifestation was not recorded or was incorrectly recorded as having occurred outside such period. Such a finding may be made only upon demonstration by a preponderance of the evidence that the onset or significant aggravation of the injury, disability, illness, condition, or death described in the petition did in fact occur within the time period described in the Vaccine Injury Table.

(c) “Record” defined

For purposes of this section, the term “record” means the record established by the special masters of the United States Court of Federal Claims in a proceeding on a petition filed under section 300aa–11 of this title.

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumentable cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner’s evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner’s illness, disability, injury, condition, or death.

(b) Matters to be considered

(1) In determining whether to award compensation to a petitioner under the Program, the special master or court shall consider, in addition to all other relevant medical and scientific evidence contained in the record—

(A) any diagnosis, conclusion, medical judgment, or autopsy or coroner’s report which is contained in the record regarding the nature, causation, and aggravation of the petitioner’s illness, disability, injury, condition, or death, and

(B) the results of any diagnostic or evaluative test which are contained in the record and the summaries and conclusions.

Any such diagnosis, conclusion, judgment, test result, report, or summary shall not be binding on the special master or court. In evaluating the weight to be afforded to any such diagnosis, conclusion, judgment, test result, report, or summary, the special master or court shall consider the entire record and the course of the injury, disability, illness, or condition until the date of the judgment of the special master or court.

(2) The special master or court may find the first symptom or manifestation of onset or significant aggravation of an injury, disability, illness, condition, or death described in a petition occurred within the time period described in the Vaccine Injury Table even though the occurrence of such symptom or manifestation was not recorded or was incorrectly recorded as having occurred outside such period. Such a finding may be made only upon demonstration by a preponderance of the evidence that the onset or significant aggravation of the injury, disability, illness, condition, or death described in the petition did in fact occur within the time period described in the Vaccine Injury Table.

(c) “Record” defined

For purposes of this section, the term “record” means the record established by the special masters of the United States Court of Federal Claims in a proceeding on a petition filed under section 300aa–11 of this title.

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumentable cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner’s evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner’s illness, disability, injury, condition, or death.

(b) Matters to be considered

(1) In determining whether to award compensation to a petitioner under the Program, the special master or court shall consider, in addition to all other relevant medical and scientific evidence contained in the record—

(A) any diagnosis, conclusion, medical judgment, or autopsy or coroner’s report which is contained in the record regarding the nature, causation, and aggravation of the petitioner’s illness, disability, injury, condition, or death, and

(B) the results of any diagnostic or evaluative test which are contained in the record and the summaries and conclusions.

Any such diagnosis, conclusion, judgment, test result, report, or summary shall not be binding on the special master or court. In evaluating the weight to be afforded to any such diagnosis, conclusion, judgment, test result, report, or summary, the special master or court shall consider the entire record and the course of the injury, disability, illness, or condition until the date of the judgment of the special master or court.

(2) The special master or court may find the first symptom or manifestation of onset or significant aggravation of an injury, disability, illness, condition, or death described in a petition occurred within the time period described in the Vaccine Injury Table even though the occurrence of such symptom or manifestation was not recorded or was incorrectly recorded as having occurred outside such period. Such a finding may be made only upon demonstration by a preponderance of the evidence that the onset or significant aggravation of the injury, disability, illness, condition, or death described in the petition did in fact occur within the time period described in the Vaccine Injury Table.

(c) “Record” defined

For purposes of this section, the term “record” means the record established by the special masters of the United States Court of Federal Claims in a proceeding on a petition filed under section 300aa–11 of this title.

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumentable cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner’s evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner’s illness, disability, injury, condition, or death.

(b) Qualifications and aids to interpretation

The following qualifications and aids to interpretation shall apply to the Vaccine Injury Table in subsection (a):

1. A shock-collapse or a hypotonic-hyporesponsive collapse may be evidenced by indicia or symptoms such as decrease or loss of muscle tone, paralysis (partial or complete), hemiplegia or hemiparesis, loss of color or turning pale white or blue, unresponsiveness to environmental stimuli, depression of consciousness, loss of consciousness, prolonged sleeping with difficulty arousing, or cardiovascular or respiratory arrest.

2. A petitioner may be considered to have suffered a residual seizure disorder if the petitioner did not suffer a seizure or convulsion unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit before the first seizure or convulsion after the administration of the vaccine involved and if—

(A) in the case of a measles, mumps, or rubella vaccine or any combination of such vaccines, the first seizure or convulsion occurred within 15 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit, and

(B) in the case of any other vaccine, the first seizure or convulsion occurred within 3 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit.

3. (A) The term “encephalopathy” means any significant acquired abnormality of, or injury to, or impairment of function of the brain. Among the frequent manifestations of encephalopathy are focal and diffuse neurologic signs, increased intracranial pressure, or changes lasting at least 6 hours in level of consciousness, with or without convulsions. The neurological signs and symptoms of encephalopathy may be temporary with complete recovery, or may result in various degrees of permanent impairment. Signs and symptoms such as high pitched and unusual screaming, persistent unconsolable crying, and bulging fontanel are compatible with an encephalopathy, but in and of themselves are not conclusive evidence of encephalopathy. Encephalopathy usually can be documented by slow wave activity on an electroencephalogram.

(B) If in a proceeding on a petition it is shown by a preponderance of the evidence that an encephalopathy was caused by infection, toxins, trauma, or metabolic disturbances the encephalopathy shall not be considered to be a condition set forth in the table. If at the time a judgment is entered on a petition filed under section 300aa–11 of this title for a vaccine-related injury or death it is not possible to determine the cause, by a preponderance of the evidence, of an encephalopathy, the
encephalopathy shall be considered to be a condition set forth in the table. In determining whether or not an encephalopathy is a condition set forth in the table, the court shall consider the entire medical record.

(4) For purposes of paragraphs (2) and (3), the terms “seizure” and “convulsion” include grand mal, petit mal, absence, myoclonic, tonic-clonic, and focal motor seizures and signs. If a provision of the table to which paragraph (1), (2), (3), or (4) applies is revised under subsection (c) or (d), such paragraph shall not apply to such provision after the effective date of the revision unless the revision specifies that such paragraph is to continue to apply.

(c) Administrative revision of table

(1) The Secretary may promulgate regulations to modify in accordance with paragraph (3) the Vaccine Injury Table. In promulgating such regulations, the Secretary shall provide for notice and opportunity for a public hearing and at least 180 days of public comment.

(2) Any person (including the Advisory Commission on Childhood Vaccines) may petition the Secretary to propose regulations to amend the Vaccine Injury Table. Unless clearly frivolous, or initiated by the Commission, any such petition shall be referred to the Commission for its recommendations. Following—

(A) receipt of any recommendation of the Commission, or

(B) 180 days after the date of the referral to the Commission,

whichever occurs first, the Secretary shall conduct a rulemaking proceeding on the matters proposed in the petition or publish in the Federal Register a statement of reasons for not conducting such proceeding.

(3) A modification of the Vaccine Injury Table under paragraph (1) may add to, or delete from, the list of injuries, disabilities, illnesses, conditions, and deaths for which compensation may be provided or may change the time periods for the first symptom or manifestation of the onset or the significant aggravation of any such injury, disability, illness, condition, or death.

(4) Any modification under paragraph (1) of the Vaccine Injury Table shall apply only with respect to petitions for compensation under the Vaccine Injury Table that are filed after the effective date of such regulation.

(d) Role of Commission

Except with respect to a regulation recommended by the Advisory Commission on Childhood Vaccines, the Secretary may not propose a regulation under subsection (c) or any revision thereof, unless the Secretary has first provided to the Commission a copy of the proposed regulation or revision, requested recommendations and comments by the Commission, and afforded the Commission at least 90 days to make such recommendations.

(e) Additional vaccines

(1) Vaccines recommended before August 1, 1993

By August 1, 1995, the Secretary shall revise the Vaccine Injury Table included in subsection (a) to include—

(A) vaccines which are recommended to the Secretary by the Centers for Disease Control and Prevention before August 1, 1993, for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines,

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

(2) Vaccines recommended after August 1, 1993

When after August 1, 1993, the Centers for Disease Control and Prevention recommends a vaccine to the Secretary for routine administration to children, the Secretary shall, within 2 years of such recommendation, amend the Vaccine Injury Table included in subsection (a) to include—

(A) vaccines which were recommended for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

(3) Vaccines recommended for use in pregnant women

The Secretary shall revise the Vaccine Injury Table included in subsection (a), through the process described in subsection (c), to include vaccines recommended by the Centers for Disease Control and Prevention for routine administration in pregnant women and the information described in subparagraphs (B) and (C) of paragraph (2) with respect to such vaccines.

§ 300aa–15. Compensation

(1) Actual unreimbursable expenses incurred from the date of the judgment awarding such expenses and reasonable projected unreimbursable expenses which—
   (A) result from the vaccine-related injury for which the petitioner seeks compensation,
   (B) have been or will be incurred by or on behalf of the person who suffered such injury, and
   (C) are for diagnosis, medical or other remedial care determined to be reasonably necessary, or
   (iii) have been or will be for rehabilitation, developmental evaluation, special education, vocational training and placement, case management services, counseling, emotional or behavioral therapy, residential and custodial care and service expenses, special equipment, related travel expenses, and facilities determined to be reasonably necessary.

   (i) resulted from the vaccine-related injury for which the petitioner seeks compensation,
   (ii) were incurred by or on behalf of the person who suffered such injury, and
   (iii) were for diagnosis, medical or other remedial care, rehabilitation, developmental evaluation, special education, vocational training and placement, case management services, counseling, emotional or behavioral therapy, residential and custodial care and service expenses, special equipment, related travel expenses, and facilities determined to be reasonably necessary.

(3)(A) In the case of any person who has sustained a vaccine-related injury after attaining the age of 18 and whose earning capacity is or has been impaired by reason of such person’s vaccine-related injury for which compensation is to be awarded, compensation for actual and anticipated loss of earnings determined in accordance with generally recognized actuarial principles and projections.

(B) In the case of any person who has sustained a vaccine-related injury before attaining the age of 18 and whose earning capacity is or has been impaired by reason of such person’s vaccine-related injury for which compensation is to be awarded, compensation for actual and anticipated loss of earnings determined in accordance with generally recognized actuarial principles and projections.

(b) Vaccines administered before effective date

Compensation awarded under the Program to a petitioner under section 300aa–11 of this title for a vaccine-related injury or death associated with the administration of a vaccine before October 1, 1988, may include the compensation described in paragraphs (1)(A) and (2) of subsection (a) and may also include an amount, not to exceed $250,000.

(c) Residential and custodial care and service

The amount of any compensation for residential and custodial care and service expenses under subsection (a)(1) shall be sufficient to enable the compensated person to remain living at home.

(d) Types of compensation prohibited

Compensation awarded under the Program may not include the following:

(1) Punitive or exemplary damages.

(2) Except with respect to compensation payments under paragraphs (2) and (3) of subsection (a), compensation for other than the health, education, or welfare of the person who suffered the vaccine-related injury with respect to which the compensation is paid.

(e) Attorneys’ fees

(1) In awarding compensation on a petition filed under section 300aa–11 of this title the special master or court shall also award as part of such compensation an amount to cover—

---

1 So in original. Probably should be preceded by another closing parenthesis.
(A) reasonable attorneys’ fees, and 
(B) other costs,
incurred in any proceeding on such petition. If the judgment of the United States Court of Federal Claims on such a petition does not award compensation, the special master or court may award an amount of compensation to cover petitioner’s reasonable attorneys’ fees and other costs incurred in any proceeding on such petition if the special master or court determines that the petition was brought in good faith and there was a reasonable basis for the claim for which the petition was brought.

(2) If the petitioner, before October 1, 1988, filed a civil action for damages for any vaccine-related injury or death for which compensation may be awarded under the Program, and petitioned under section 300aa–11(a)(5) of this title to have such action dismissed and to file a petition for compensation under the Program, in awarding compensation on such petition the special master or court may include an amount of compensation limited to the costs and expenses incurred by the petitioner and the attorney of the petitioner before October 1, 1988, in preparing, filing, and prosecuting such civil action (including the reasonable value of the attorney’s time if the civil action was filed under contingent fee arrangements).

(3) No attorney may charge any fee for services in connection with a petition filed under section 300aa–11 of this title which is in addition to any amount awarded as compensation by the special master or court under paragraph (1).

(f) Payment of compensation

(1) Except as provided in paragraph (2), no compensation may be paid until an election has been made, or has been deemed to have been made, under section 300aa–21(a) of this title to receive compensation.

(2) Compensation described in subsection (a)(1)(A)(iii) shall be paid from the date of the judgment of the United States Court of Federal Claims under section 300aa–12 of this title awarding the compensation. Such compensation may not be paid after an election under section 300aa–21(a) of this title to file a civil action for damages for the vaccine-related injury or death for which such compensation was awarded.

(3) Payments of compensation under the Program and the costs of carrying out the Program shall be exempt from reduction under any order issued under part C of the Balanced Budget and Emergency Deficit Control Act of 1985 [2 U.S.C. 900 et seq.].

(4)(A) Except as provided in subparagraph (B), payment of compensation under the Program shall be determined on the basis of the net present value of the elements of the compensation and shall be paid from the Vaccine Injury Compensation Trust Fund established under section 9510 of title 26 in a lump sum of which all or a portion may be used, or a portion may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner. Any reasonable attorneys’ fees and costs shall be paid in a lump sum. If the appropriations under subsection (j) are insufficient to make a payment of an annual installment, the limitation on civil actions prescribed by section 300aa–21(a) of this title shall not apply to a civil action for damages brought by the petitioner entitled to the payment.

(C) In purchasing an annuity under subparagraph (A) or (B), the Secretary may purchase a guarantee for the annuity, may enter into agreements regarding the purchase price for and rate of return of the annuity, and may take such other actions as may be necessary to safeguard the financial interests of the United States regarding the annuity. Any payment received by the Secretary pursuant to the preceding sentence shall be paid to the Vaccine Injury Compensation Trust Fund established under section 9510 of title 26, or to the appropriations account from which the funds were derived to purchase the annuity, whichever is appropriate.

(g) Program not primarily liable

Payment of compensation under the Program shall not be made for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service (1) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program (other than under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.]), or (2) by an entity which provides health services on a prepaid basis.

(h) Liability of health insurance carriers, prepaid health plans, and benefit providers

No policy of health insurance may make payment of benefits under the policy secondary to the payment of compensation under the Program and—

(1) no State, and

(2) no entity which provides health services on a prepaid basis or provides health benefits, may make the provision of health services or health benefits secondary to the payment of compensation under the Program, except that this subsection shall not apply to the provision of services or benefits under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.].

(i) Source of compensation

(1) Payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before October 1, 1988, the compensation shall be determined on the basis of the net present value of the elements of compensation and shall be paid from appropriations made available under subsection (j) in a lump sum of which all or a portion may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner. Any reasonable attorneys’ fees and costs shall be paid in a lump sum. If the appropriations under subsection (j) are insufficient to make a payment of an annual installment, the limitation on civil actions prescribed by section 300aa–21(a) of this title shall not apply to a civil action for damages brought by the petitioner entitled to the payment.

(2) Payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a
vaccine on or after October 1, 1988, shall be made from the Vaccine Injury Compensation Trust Fund established under section 9510 of title 26.

(j) Authorization

For the payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before October 1, 1988, there are authorized to be appropriated to the Department of Health and Human Services $80,000,000 for fiscal year 1989, $80,000,000 for fiscal year 1990, $80,000,000 for fiscal year 1991, $110,000,000 for fiscal year 1992, and $110,000,000 for each succeeding fiscal year in which a payment of compensation is required under subsection (f)(4)(B). (a) General rule

Except as provided in subsections (b), (c), and
(e) State law shall apply to a civil action
brought for damages for a vaccine-related injury or
death.

(b) Unavoidable adverse side effects; warnings

(1) No vaccine manufacturer shall be liable in a
civil action for damages arising from a vac-
cine-related injury or death associated with the
administration of a vaccine after October 1, 1988, if the injury or death resulted from side effects that were unavoidable even though the vaccine was properly prepared and was accompanied by proper directions and warnings.

(2) For purposes of paragraph (1), a vaccine shall be presumed to be accompanied by proper directions and warnings if the vaccine manufacturer shows that it complied in all material respects with all requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] and section 262 of this title (including regulations issued under such provisions) applicable to the vaccine and related to vaccine-related injury or death for which the civil action was brought unless the plaintiff shows—

(A) that the manufacturer engaged in the conduct set forth in subparagraph (A) or (B) of section 300aa–23(d)(3) of this title, or

(B) by clear and convincing evidence that the manufacturer failed to exercise due care notwithstanding its compliance with such Act and section (and regulations issued under such provisions).

(c) Direct warnings

No vaccine manufacturer shall be liable in a civil action for damages arising from a vaccine-related injury or death associated with the administration of a vaccine after October 1, 1988, solely due to the manufacturer’s failure to provide direct warnings to the injured party (or the injured party’s legal representative) of the potential dangers resulting from the administration of the vaccine manufactured by the manufacturer.

(d) Construction

The standards of responsibility prescribed by this section are not to be construed as authorizing a person who brought a civil action for damages against a vaccine manufacturer for a vaccine-related injury or death in which damages were denied or which was dismissed with prejudice to bring a new civil action against such manufacturer for such injury or death.

(e) Preemption

No State may establish or enforce a law which prohibits an individual from bringing a civil action against a vaccine manufacturer for damages for a vaccine-related injury or death if such civil action is not barred by this part.

(Amendments)

(b) Liability

The first stage of such a civil action shall be held to determine the amount of compensatory damages (other than punitive damages) a vaccine manufacturer found to be liable under section 300aa–22 of this title shall be required to pay.

(1) If sought by the plaintiff, the third stage of such an action shall be held to determine the amount of punitive damages a vaccine manufacturer found to be liable under section 300aa–22 of this title shall be required to pay.

(2) If in such an action the manufacturer shows that it complied, in all material respects, with all requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] and this chapter applicable to the vaccine and related to the vaccine injury or death with respect to which the action was brought, the manufacturer shall not be held liable for punitive damages unless the manufacturer engaged in—

(A) fraud or intentional and wrongful withholding of information from the Secretary during any phase of a proceeding for approval of the vaccine under section 262 of this title,

(B) intentional and wrongful withholding of information relating to the safety or efficacy of the vaccine after its approval, or

(C) other criminal or illegal activity relating to the safety and effectiveness of vaccines, which activity related to the vaccine-related injury or death for which the civil action was brought.

(e) Evidence

In any stage of a civil action, the Vaccine Injury Table, any finding of fact or conclusion of law of the United States Court of Federal Claims or a special master in a proceeding on a petition filed under section 300aa–11 of this title and the final judgment of the United States Court of Federal Claims and subsequent appellate review on such a petition shall not be admissible.

For purposes of subparagraph (A), any plan amendment made pursuant to a collective bargaining agreement relating to the plan which amends the plan solely to conform to any requirement added by this section shall not be treated as a termination of such collective bargaining agreement.

§300bb-2. Continuation coverage
For purposes of section 300bb-1 of this title, the term "continuation coverage" means coverage under the plan which meets the following requirements:

(1) Type of benefit coverage
The coverage must consist of coverage which, as of the time the coverage is being provided, is identical to the coverage provided under the plan to similarly situated beneficiaries under the plan with respect to whom a qualifying event has not occurred. If coverage is modified under the plan for any group of similarly situated beneficiaries, such coverage shall also be modified in the same manner for all individuals who are qualified beneficiaries under the plan pursuant to this part in connection with such group.

(2) Period of coverage
The coverage must extend for at least the period beginning on the date of the qualifying event and ending not earlier than the earliest of the following:

(A) Maximum required period
(i) General rule for terminations and reduced hours

If a qualifying event occurs during the 18 months after the date of a qualifying event described in section 300bb–3(2) of this title, the date which is 36 months after the date of the qualifying event described in section 300bb–3(2) of this title.

(iii) General rule for other qualifying events
In the case of a qualifying event not described in section 300bb–3(2) of this title, the date which is 36 months after the date of the qualifying event.

(iv) Special rule for TAA-eligible individuals
In the case of a qualifying event described in section 300bb–3(2) of this title with respect to a covered employee who is (as of the date that the period of coverage would, but for this clause or clause (v), otherwise terminate under clause (i) or (ii)) a TAA-eligible individual (as defined in section 300bb–5(b)(4)(B) of this title), the period of coverage shall not terminate by reason of clause (i) or (ii), as the case may be, before the later of the date specified in such clause or the date on which such individual ceases to be such a TAA-eligible individual. The preceding sentence shall not require any period of coverage to extend beyond January 1, 2014.

(v) Medicare entitlement followed by qualifying event
In the case of a qualifying event described in section 300bb–3(2) of this title that occurs less than 18 months after the date the covered employee became entitled to benefits under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], the period of coverage for qualified beneficiaries other than the covered employee..."

(B) End of plan

The date on which the employer ceases to provide any group health plan to any employee.

(C) Failure to pay premium

The date on which coverage ceases under the plan by reason of a failure to make timely payment of any premium required under the plan with respect to the qualified beneficiary. The payment of any premium (other than any payment referred to in the last sentence of paragraph (3)) shall be considered to be timely if made within 30 days after the date due or within such longer period as applies to or under the plan.

(D) Group health plan coverage or medicare entitlement

The date on which the qualified beneficiary first becomes, after the date of the determination under title II or XVI of the Social Security Act [42 U.S.C. 1181 et seq., or subchapter XXV of this chapter], or (ii) entitled to benefits under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.].

In the case of an individual described in the last sentence of paragraph (2)(A), any reference in subparagraph (A) of this paragraph to “102 percent” is deemed a reference to “150 percent” for any month after the 18th month of continuation coverage described in clause (i) or (ii) of paragraph (2)(A).

(4) No requirement of insurability

The coverage may not be conditioned upon, or discriminate on the basis of lack of, evidence of insurability.

(5) Conversion option

In the case of a qualified beneficiary whose period of continuation coverage expires under paragraph (2)(A), the plan must, during the 180-day period ending on such expiration date, provide to the qualified beneficiary the option of enrollment under a conversion health plan otherwise generally available under the plan.
If coverage is modified under the plan for any individual and at any time during the first 60 days of continuation coverage under this subchapter for ‘102 percent’ is the plan shall permit payment for continuation coverage which would (without regard to the amendments made by section 243 of Pub. The Updated Strategy integrates the recommendations of the HIV Care Continuum Working Group, established in Executive Order 13669 of July 15, 2013 (HIV Care Continuum Initiative) and the recommendations of the Working Group on the Intersection of HIV/AIDS, Violence Against Women and Girls, and Gender-related Health Disparities established in my memorandum of March 30, 2012, has focused its efforts on increasing screenings for HIV and intimate partner violence, addressing violence and trauma when supporting women in HIV care, and expanding public education efforts across all levels of government regarding HIV and violence against women and girls.

Today, I am releasing the National HIV/AIDS Strategy for the United States: Updated to 2020 (Updated Strategy) to build on this progress. The Updated Strategy builds on the historic successes of the Affordable Care Act, which is helping millions of Americans, including those who are living with HIV, access affordable, quality health care.

The duties and authorities this order assigns are in addition to those assigned by my memorandum of July 12, 2010 (Implementation of the National HIV/AIDS Strategy). In light of recent progress and continuing challenges, we must continue to improve our national effort to reduce new HIV infections, increase access to care for people living with HIV, reduce HIV-related disparities and health inequities, and achieve greater coordination across all levels of government.

IMPLEMENTATION OF THE NATIONAL HIV/AIDS STRATEGY

Memorandum of President of the United States, July 13, 2010, 75 F.R. 41887, provided:
Memorandum for the Heads of Executive Departments and Agencies
As we approach 30 years from the onset of the HIV/AIDS epidemic in the United States, new actions are needed to prevent HIV infection and better serve people.
living with HIV. The actions we take now will build upon a legacy of global leadership, national commitment, and sustained efforts on the part of Americans from all parts of the country and all walks of life to end the HIV epidemic in the United States and around the world. I am committed to renewing national leadership to fight HIV/AIDS here at home, as we continue our efforts to fight HIV/AIDS around the world. My Administration has engaged in an extensive process to engage Americans and listen to their ideas for improving our national response to HIV/AIDS.

Today I am releasing a National HIV/AIDS Strategy for the United States (Strategy) and a National HIV/AIDS Strategy Federal Implementation Plan (Federal Implementation Plan), which identifies specific actions to be taken by Federal agencies to implement the Strategy’s goals. While agencies already undertake many actions to address HIV/AIDS, successful implementation of the Strategy will require new levels of coordination, collaboration, and accountability. This will require the Federal Government to work in new ways across agency lines, as well as in enhanced and innovative partnerships with State, tribal, and local governments. Government cooperation at all levels, moreover, is not enough. Success will require the commitment of all parts of society, including businesses, faith communities, philanthropic organizations, scientific and medical communities, educational institutions, people living with HIV, and others. It is also necessary to sustain public commitment to ending the epidemic, and this calls for regular communications between governments at all levels to identify the challenges we face and report the progress we are making. To these ends, I hereby direct the following:

(a) The Director of the ONAP, in consultation with the Office of Management and Budget (OMB), shall be responsible for setting the Administration’s domestic HIV/AIDS priorities and monitoring the implementation of the Strategy. The Director of the ONAP shall convene regular meetings with representatives of executive departments and agencies (agencies) to coordinate HIV/AIDS-related policies, programs, and activities.

(b) The Director of the ONAP shall annually report to the President on the implementation of the Strategy, including progress in meeting key targets and taking key actions identified in the Strategy and the Federal Implementation Plan.

2. Lead Responsible Agencies. While the Strategy requires a Government-wide effort in order to succeed fully, certain agencies have primary responsibilities and competencies in implementing the Strategy.

(a) Designation of Lead Agencies. Lead agencies for implementing the Strategy shall be: (i) the Department of Health and Human Services; (ii) the Department of Justice; (iii) the Department of Labor; (iv) the Department of Housing and Urban Development; (v) the Department of Veterans Affairs; and (vi) the Social Security Administration.

(b) Lead Agency Implementation Plans. Within 150 days of the date of this memorandum, the head of each lead agency shall submit to the ONAP and the OMB on the agency’s operational plans for implementing the Strategy. The plans shall assign responsibilities to agency officials, designate reporting structures for actions identified in the Federal Implementation Plan, and identify other appropriate actions to advance the Strategy. The plans shall also include steps to strengthen coordination in planning, budgeting for, and evaluating domestic HIV/AIDS programs within and across agencies. Lead agencies are encouraged to consider, and reflect in their plans, steps to streamline grantees reporting requirements and funding announcements related to HIV/AIDS programs and activities.

(c) Ongoing Responsibilities of Lead Agencies. The head of each lead agency shall:

(i) designate an official responsible for coordinating the agency’s ongoing efforts to implement the Strategy;

(ii) develop a process for sharing progress reports, including status updates on achieving specific quantitative targets established by the Strategy, with relevant agencies and the ONAP on an annual basis, or at such other times as the ONAP directs; and

(iii) in consultation with the OMB, use the budget development process to prioritize programs and activities most critical to meeting the goals of the Strategy.

3. Coordination within the Department of Health and Human Services. The Secretary, or the Secretary’s designee, shall develop and implement specific plans and procedures for improving intra-departmental coordination and collaboration on HIV/AIDS care, research, and prevention services.

4. Coordination with Other Agencies. The Secretary, or the Secretary’s designee, shall be responsible for convening interagency efforts to improve coordination of HIV/AIDS programs and activities. This may include collaboration with governmental and nongovernmental entities to achieve the Federal Government’s implementation and research priorities in the areas of highest impact.

5. Responsibilities of Other Agencies. All agencies that support HIV/AIDS programs and activities shall ensure that, to the extent permitted by law, they are meeting the goals of the Strategy.

(a) Department of Defense. Within 150 days of the date of this memorandum, the Secretary of Defense shall submit to the ONAP and the OMB a plan for aligning the health-care services provided by the Department of Defense with the Strategy, to the extent feasible and permitted by law. The plan shall address, in particular, HIV/AIDS prevention, care, and treatment.

(b) Department of State. Within 150 days of the date of this memorandum, the Secretary of State shall submit to the ONAP and the OMB recommendations for increasing employment opportunities for people living with HIV and a plan for addressing employment-related discrimination against people living with HIV, consistent with the Commission’s authorities and other applicable law.

(a) The heads of executive departments and agencies shall assist and provide information to the Director of the ONAP, consistent with applicable law, as may be necessary to implement the Strategy. Each agency shall bear its own expense for carrying out activities to implement the Strategy.

(b) Nothing in this memorandum shall be construed to impair or otherwise affect: (i) authority granted by law to a department or agency or the head thereof, or to other executive branch officials; or (ii) functions of the Director of the ONAP relating to budgetary, administrative, or legislative proposals.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

ESTABLISHING A WORKING GROUP ON THE INTERSECTION OF HIV/AIDS, VIOLENCE AGAINST WOMEN AND GIRLS, AND GENDER-RELATED HEALTH DISPARITIES

Memorandum of President of the United States, Mar. 30, 2012, 77 F.R. 20277, provided:

Memorandum for the Heads of Executive Departments and Agencies

Throughout our country, the spread of HIV/AIDS has had a devastating impact on many communities. In the United States, there are approximately 1.2 million people living with HIV/AIDS, including more than 290,000 women. Women and girls now account for 24 percent of all diagnoses of HIV infection among United States adults and adolescents. The domestic epidemic disproportionately affects women of color, with African Americans and Latinas constituting over 70 percent of new HIV cases in women. The spread of HIV/AIDS is, in and of itself, a primary concern to my Administration. However, gender-based violence and gender-related health disparities cannot be ignored when addressing the domestic public health threat of HIV/AIDS. HIV/AIDS programs often ignore the biological differences and the social, economic, and cultural inequities that make women and girls more vulnerable to HIV/AIDS. In our country, women and girls are all too frequently victimized by domestic violence and sexual assault, which can lead to greater risk for acquiring this disease. Teenage girls and young women ages 16–24 face the highest rates of dating violence and sexual assault. In addition, challenges in accessing proper health care can present obstacles to addressing HIV/AIDS. Gender-based violence continues to be an underreported, common problem that, if ignored, increases risks for HIV and may prevent women and girls from seeking prevention, treatment, and health services.

My Administration is committed to improving efforts to understand and address the intersection of HIV/AIDS, violence against women and girls, and gender-related health disparities. To do so, executive departments and agencies (agencies) must build on their current work addressing the intersection of these issues by improving data collection, research strategies, and training. In order to develop a comprehensive Government-wide approach to these issues that is data-driven, uses effective prevention and care interventions, engages families and communities, supports research and data collection, and mobilizes both public and private sector resources, I direct the following:

SECTION 1. Working Group on the Intersection of HIV/AIDS, Violence Against Women and Girls, and Gender-related Health Disparities. There is established within the Executive Office of the President a Working Group on the intersection of HIV/AIDS, Violence Against Women and Girls, and Gender-related Health Disparities (Working Group), to be co-chaired by the White House Advisor on Violence Against Women and the Director of the Office of National AIDS Policy (Co-Chairs). Within 60 days of the date of this memorandum, the Co-Chairs shall convene the first meeting of the Working Group.

(a) In addition to the Co-Chairs, the Working Group shall consist of representatives from:

(i) the Department of Justice;
(ii) the Department of the Interior;
(iii) the Department of Health and Human Services;
(iv) the Department of Education;
(v) the Department of Homeland Security;
(vi) the Department of Veterans Affairs;
(vii) the Department of Housing and Urban Development; and
(viii) the Office of Management and Budget.

(b) The Working Group shall consult with the Presidential Advisory Council on HIV/AIDS, as appropriate.

(c) The Department of State, the United States Agency for International Development, and the President's Emergency Plan for AIDS Relief Gender Technical Working Group shall act in an advisory capacity to the Working Group, providing information on lessons learned and evidence-based best practices based on their global experience addressing issues involving the intersection between HIV/AIDS and violence against women.

SIRC. 2. Mission and Functions of the Working Group. (a) The Working Group shall coordinate agency efforts to address issues involving the intersection of HIV/AIDS, violence against women and girls, and gender-related health disparities. Such efforts shall include, but not be limited to:

(i) increasing government and public awareness of the need to address the intersection of HIV/AIDS, violence against women and girls, and gender-related health disparities; and
(ii) sharing best practices, including demonstration projects and international work by agencies, as well as successful gender-specific strategies aimed at addressing risks that influence women's and girls' vulnerability to HIV infection and violence;

(iii) integrating sexual and reproductive health services, gender-based violence services, and HIV/AIDS services, where research demonstrates that doing so will result in improved and sustained health outcomes;
(iv) emphasizing evidence-based prevention activities that engage men and boys and highlight their role in the prevention of violence against women and HIV/AIDS infection;
(v) facilitating opportunities for partnerships among diverse organizations from the violence against women and girls, HIV/AIDS, and women’s health communities to address the intersection of these issues;
(vi) ensuring that the needs of vulnerable and underserved groups are considered in any efforts to address issues involving the intersection of HIV/AIDS, violence against women and girls, and gender-related health disparities;
(vii) promoting research to better understand the intersection of the biological, behavioral, and social sciences bases for the relationship between increased HIV/AIDS risk, domestic violence, and gender-related health disparities; and
(viii) prioritizing, as appropriate, the efforts described in paragraphs (a)(i) through (a)(vii) of this section with respect to women and girls of color, who represent the majority of females living with and at risk for HIV infection in the United States.

(b) The Working Group shall annually provide the President recommendations for updating the National HIV/AIDS Strategy. In addition, the Working Group shall provide information on:

(i) coordinated actions taken by the Working Group to meet its objectives and identify areas where the Federal Government has achieved integration and coordination in addressing the intersection of HIV/AIDS, violence against women and girls, and gender-related health disparities;
(ii) alternative means of making available gender-sensitive health care for women and girls through the integration of HIV/AIDS prevention and care services with intimate partner violence prevention and counseling as well as mental health and trauma services;
(iii) specific, evidence-based goals for addressing HIV among women, including HIV-related disparities among women of color, to inform the National HIV/AIDS Strategy Implementation Plan (for its biennial review);
(iv) research and data collection needs regarding HIV/AIDS, violence against women and girls, and gender-related health disparities to help develop more com-
prehensive data and targeted research (disaggregated by sex, gender, and gender identity, where practicable); and
(v) existing partnerships and potential areas of collaboration with other public or nongovernmental actors, taking into consideration the types of implementation or research objectives that other public or nongovernmental actors may be particularly well-situated to accomplish.

Ssc. 3. Outreach. Consistent with the objectives of this memorandum and applicable law, the Working Group, in addition to regular meetings, shall conduct outreach with representatives of private and nonprofit organizations, State, tribal, and local government agencies, elected officials, and other interested persons to assist the Working Group in developing a detailed set of recommendations.

Ssc. 4. General Provisions. (a) The heads of agencies shall assist and provide information to the Working Group, consistent with applicable law, as may be necessary to carry out the functions of the Working Group. Each agency and office shall bear its own expense for carrying out activities related to the Working Group.

(b) Nothing in this memorandum shall be construed to impair or otherwise affect:
(i) the authority granted by law to an executive department, agency, or the head thereof; or
(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(e) The Secretary of Health and Human Services is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

(2) the accuracy and reliability of the results of such testing;

(3) the significance of the results of such testing, including the potential for developing acquired immune deficiency syndrome; and

(4) encouraging individuals, as appropriate, to undergo testing for such etiologic agent and providing information on the benefits of such testing.

(b) Counseling of individuals with negative test results

The Secretary may not make a grant under section 300dd–31 of this title to a State unless the State agrees that, if the results of testing conducted pursuant to such section indicate that an individual is not infected with the etiologic agent for acquired immune deficiency syndrome, the State will review for the individual the information provided pursuant to subsection (a) with respect to such syndrome, including—

(1) the information described in paragraphs (1) through (3) of such subsection; and

(2) the appropriateness of further counseling, testing, and education of the individual with respect to acquired immune deficiency syndrome.

(c) Counseling of individuals with positive test results

The Secretary may not make a grant under section 300dd–31 of this title to a State unless the State agrees that, if the results of testing conducted pursuant to such section indicate that an individual is infected with the etiologic agent for acquired immune deficiency syndrome, the State will provide to the individual appropriate counseling with respect to such syndrome, including—

(1) reviewing the information described in paragraphs (1) through (3) of subsection (a);

(2) reviewing the appropriateness of further counseling, testing, and education of the individual with respect to acquired immune deficiency syndrome;

(4) the availability in the geographic area of any appropriate services with respect to health care, including mental health care and social and support services;

(5) the benefits of locating and counseling any individual by whom the infected individual may have been exposed to the etiologic agent for acquired immune deficiency syndrome and any individual whom the infected individual may have exposed to such etiologic agent; and

(6) the availability, if any, of the services of public health authorities with respect to locating and counseling any individual described in paragraph (5).

(d) Rule of construction with respect to counseling without testing

Agreements entered into pursuant to subsections (a) through (c) may not be construed to prohibit any grantee under section 300dd–31 of this title from expending the grant for the purpose of providing counseling services described in such subsections to an individual who will not undergo testing described in such section as a result of the grantee or the individual determining that such testing of the individual is not appropriate.

(e) Use of funds

(1) The purpose of this subpart ¹ is to provide for counseling and testing services to prevent and reduce exposure to, and transmission of, the etiologic agent for acquired immune deficiency syndrome.

(2) All individuals receiving counseling pursuant to this subpart ¹ are to be counseled about the harmful effects of promiscuous sexual activity and intravenous substance abuse, and the benefits of abstaining from such activities.

(3) None of the funds appropriated to carry out this subpart ¹ may be used to provide counseling that is designed to promote or encourage, directly, homosexual or heterosexual sexual activity or intravenous drug abuse.

(4) Paragraph (3) may not be construed to prohibit a counselor who has already performed the counseling of an individual required by paragraph (2), to provide accurate information about means to reduce an individual’s risk of exposure to, or the transmission of, the etiologic agent for acquired immune deficiency syndrome, provided that any informational materials used are not obscene.

For purposes of the preceding sentence, an individual shall be considered to be receiving such services if the individual is a parent of, or a caregiver for, a minor child who is receiving such services.

(ii) With respect to membership on the planning council, clause (i) may not be construed as having any effect on entities that receive funds from grants under any part B through F but do not receive funds from grants under section 300ff–11(a) of this title, on officers or employees of such entities, or on individuals who represent such entities.

(6) Grievance procedures

(B) Review

The Secretary shall review grievance procedures established by the planning council and grantees under this subpart to determine if such procedures are adequate. In making such a determination, the Secretary shall assess whether such procedures permit legitimate grievances to be filed, evaluated, and resolved at the local level.

§300ff-13. Type and distribution of grants
(a) Grants based on relative need of area

(1) In general

In carrying out section 300ff-11(a) of this title, the Secretary shall make a grant for each eligible area for which an application under section 300ff-15(a) of this title has been approved. Each such grant shall be made in an amount determined in accordance with paragraph (3).

(2) Expedited distribution

Not later than 60 days after an appropriation becomes available to carry out this subpart for a fiscal year, the Secretary shall, except in the case of waivers granted under section 300ff-15(c) of this title, disburse 66 percent of the amount made available under section 300ff-20(b) of this title for carrying out this subpart for such fiscal year through grants to eligible areas under section 300ff-11(a) of this title, in accordance with paragraphs (3) and (4).

(3) Amount of grant

(A) In general

Subject to the extent of amounts made available in appropriations Acts, a grant...
made for purposes of this paragraph to an eligible area shall be made in an amount equal to the product of—

(i) an amount equal to the amount available for distribution under paragraph (2) for the fiscal year involved; and

(ii) the percentage constituted by the ratio of the distribution factor for the eligible area to the sum of the respective distribution factors for all eligible areas; which product shall then, as applicable, be increased under paragraph (4).

(B) Distribution factor

For purposes of subparagraph (A)(ii), the term “distribution factor” means an amount equal to the living cases of HIV/AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) in the eligible area involved, as determined under subparagraph (C).

(C) Living cases of HIV/AIDS

(i)Requirement of names-based reporting

Except as provided in clause (ii), the number determined under this subparagraph for an eligible area for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV/AIDS that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

(ii) Transition period; exemption regarding non-AIDS cases

For each of the fiscal years 2007 through 2012, an eligible area is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living names-based non-AIDS cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State in which the area is located, subject to clause (viii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, in consultation with the chief executive of the State in which the area is located, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

(iii) Requirements for exemption for fiscal year 2007

For fiscal year 2007, an exemption under clause (ii) for an eligible area applies only if, by October 1, 2006—

(I) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of such cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

(iv) Requirement for exemption as of fiscal year 2008

For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for an eligible area applies only if, as of April 1, 2008, the State in which the area is located is substantially in compliance with the agreement under clause (iii)(II).

(v) Progress toward names-based reporting

For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for an eligible area if the State in which the area is located submitted a plan under clause (iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

(vi) Counting of cases in areas with exemptions

(I) In general

With respect to an eligible area that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as “code-based reporting”), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the eligible area in order to adjust for duplicative reporting in and among systems that use code-based reporting.

(II) Adjustment rate

The adjustment rate under subclause (I) for an eligible area shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the area.

(III) Increased adjustment for certain areas previously using code-based reporting

For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) for fiscal year 2007, such area was a transitional area;

(bb) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this section, was based on a names-based reporting system; and

(cc) the amount of funding that such area received under this part for fiscal
year 2007 was less than 70 percent of the amount of funding (exclusive of funds that were identified as being for purposes of the Minority AIDS Initiative) that such area received under such part for fiscal year 2006.

(vii) Multiple political jurisdictions
With respect to living non-AIDS cases of HIV, if an eligible area is not entirely within one political jurisdiction and as a result is subject to more than one reporting system for purposes of this subparagraph:

(I) Names-based reporting under clause (i) applies in a jurisdictional portion of the area, or an exemption under clause (ii) applies in such portion (subject to applicable provisions of this subparagraph), according to whether names-based reporting or code-based reporting is used in such portion.

(II) If under subclause (I) both names-based reporting and code-based reporting apply in the area, the number of code-based cases shall be reduced under clause (vi).

(viii) List of eligible areas meeting standard regarding December 31, 2005

(I) In general
If an eligible area or portion thereof is in a State specified in subclause (II), the eligible area or portion shall be considered to meet the standard described in clause (ii)(I). No other eligible area or portion thereof may be considered to meet such standard.

(II) Relevant States
For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

(ix) Rules of construction regarding acceptance of reports

(I) Cases of AIDS
With respect to an eligible area that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such non-compliance, accept reports of living cases of AIDS that are in accordance with such clause.

(II) Applicability of exemption requirements
The provisions of clauses (ii) through (viii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

(x) Program for detecting inaccurate or fraudulent counting
The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

(xi) Future fiscal years
For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the area involved.

(D) Code-based areas; limitation on increase in grant

(i) In general
For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (C)(vi)) applies in an eligible area or any portion thereof as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to this paragraph for such area for such fiscal year may not—

(I) for fiscal year 2007, exceed by more than 5 percent the amount of the grant for the area that would have been made pursuant to this paragraph and paragraph (4) for fiscal year 2006 (as such paragraphs were in effect for such fiscal year) if paragraph (2) (as so in effect) had been applied by substituting “66 2/3 percent” for “50 percent”; and

(II) for each of the fiscal years 2008 through 2012, exceed by more than 5 percent the amount of the grant pursuant to this paragraph and paragraph (4) for the area for the preceding fiscal year.

(ii) Use of amounts involved
For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the fiscal year involved, subject to paragraph (4) and section 300ff-20(d)(2) of this title.

(4) Increases in grant

(A) In general
For each eligible area that received a grant pursuant to this subsection for fiscal year 2009, the Secretary shall, for each of the fiscal years 2010 through 2013, increase the amount of the grant made pursuant to paragraph (3) for the area to ensure that the amount of the grant for the fiscal year involved is not less than the following amount, as applicable to such fiscal year:

(i) For fiscal year 2010, an amount equal to 95 percent of the sum of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2009.
(ii) For each of the fiscal years 2011 and 2012, an amount equal to 100 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2010.

(iii) For fiscal year 2013, an amount equal to 92.5 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2012.

(B) Source of funds for increase

(i) In general

From the amounts available for carrying out the single program referred to in section 300ff–19(d)(2)(C) of this title for a fiscal year (relating to supplemental grants), the Secretary shall make available such amounts as may be necessary to comply with subparagraph (A), subject to section 300ff–20(d)(2) of this title.

(ii) Pro rata reduction

If the amounts referred to in clause (i) for a fiscal year are insufficient to fully comply with subparagraph (A) for the year, the Secretary, in order to provide the additional funds necessary for such compliance, shall reduce on a pro rata basis the amount of each grant pursuant to this subsection for the fiscal year, other than grants for eligible areas for which increases under subparagraph (A) apply. A reduction under the preceding sentence may not be made in an amount that would result in the eligible area involved becoming eligible for such an increase.

(C) Limitation

This paragraph may not be construed as having any applicability after fiscal year 2013.

(b) Supplemental grants

(1) In general

Subject to subsection (a)(4)(B)(i) and section 300ff–20(d) of this title, the Secretary shall disburse the remainder of amounts not disbursed under subsection (a)(2) for such fiscal year for the purpose of making grants under section 300ff–11(a) of this title to eligible areas whose application under section 300ff–12(b)(4) of this title—

(A) contains a report concerning the dissemination of emergency relief funds under subsection (a) and the plan for utilization of such funds;

(B) demonstrates the need in such area, on an objective and quantified basis, for supplemental financial assistance to combat the HIV epidemic;

(C) demonstrates the existing commitment of local resources of the area, both financial and in-kind, to combating the HIV epidemic;

(D) demonstrates the ability of the area to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

(E) demonstrates that resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, youth, women, and families with HIV/AIDS;

(F) demonstrates the inclusiveness of affected communities and individuals with HIV/AIDS;

(G) demonstrates the manner in which the proposed services are consistent with the local needs assessment and the statewide coordinated statement of need;

(H) demonstrates the ability of the applicant to expend funds efficiently by not having had, for the most recent grant year under subsection (a) for which data is available, more than 5 percent of grant funds under such subsection canceled, offset under subsection (c)(4), or covered by any waivers under subsection (c)(3); and

(I) demonstrates success in identifying individuals with HIV/AIDS as described in clauses (i) through (iii) of paragraph (2)(A).

(2) Amount of grant

(A) In general

The amount of each grant made for purposes of this subsection shall be determined by the Secretary based on a weighting of factors under paragraph (1), with demonstrated need under subparagraph (B) of such paragraph counting one-third, and demonstrated success in identifying individuals with HIV/AIDS who do not know their HIV status and making them aware of such status counting one-third. In making such determination, the Secretary shall consider—

(i) the number of individuals who have been tested for HIV/AIDS;

(ii) of those individuals described in clause (i), the number of individuals who tested for HIV/AIDS who are made aware of their status, including the number who test positive; and

(iii) of those individuals described in clause (ii), the number who have been referred to appropriate treatment and care.

(B) Demonstrated need

The factors considered by the Secretary in determining whether an eligible area has a demonstrated need for purposes of paragraph (1)(B) may include any or all of the following:

(i) The unmet need for services, as determined under section 300ff–12(b)(4) of this title or other community input process as defined under section 300ff–19(d)(1)(A) of this title.

(ii) An increasing need for HIV/AIDS-related services, including relative rates of increase in the number of cases of HIV/AIDS.

(iii) The relative rates of increase in the number of cases of HIV/AIDS within new or emerging subpopulations.

(iv) The current prevalence of HIV/AIDS.

(v) Relevant factors related to the cost and complexity of delivering health care to individuals with HIV/AIDS in the eligible area.

(vi) The impact of co-morbid factors, including co-occurring conditions, determined relevant by the Secretary.

(vii) The prevalence of homelessness.

(viii) The prevalence of individuals described under section 300ff–12(b)(2)(M) of this title.
(ix) The relevant factors that limit access to health care, including geographic variation, adequacy of health insurance coverage, and language barriers.

(x) The impact of a decline in the amount received pursuant to subsection (a) on services available to all individuals with HIV/AIDS identified and eligible under this subchapter.

(C) Priority in making grants

The Secretary shall provide funds under this subsection to an eligible area to address the decline or disruption of all EMA-provided services related to the decline in the amounts received pursuant to subsection (a) consistent with the grant award for the eligible area for fiscal year 2006, to the extent that the factor under subparagraph (B)(x) (relating to a decline in funding) applies to the eligible area.

(D) Increased adjustment for certain areas previously using code-based reporting

For purposes of this subsection for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if the conditions described in items (aa) through (cc) of subsection (a)(3)/(C)/(vi)/(III) are all satisfied.

(3) Remainder of amounts

In determining the amount of funds to be obligated under paragraph (1), the Secretary shall include amounts that are not paid to the eligible areas under expedited procedures under subsection (a)(2) as a result of—

(A) the failure of any eligible area to submit an application under section 300ff–15(c) of this title; or

(B) any eligible area informing the Secretary that such eligible area does not intend to expend the full amount of its grant under such section.

(4) Failure to submit

(A) In general

The failure of an eligible area to submit an application for an expedited grant under subsection (a)(2) shall not result in such area being ineligible for a grant under this subsection.

(B) Application

The application of an eligible area submitted under section 300ff–15(b) of this title shall contain the assurances required under subsection (a) of such section if such eligible area fails to submit an application for an expedited grant under subsection (a)(2).

(c) Timeframe for obligation and expenditure of grant funds

(1) Obligation by end of grant year

Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made pursuant to subsection (a) or (b) for a fiscal year are available for obligation by the eligible area involved through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the area (referred to in this subsection as the "grant year for the award"), except as provided in paragraph (3)(A).

(2) Supplemental grants; cancellation of unobligated balance of grant award

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (b) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award—

(A) the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area; and

(B) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under subparagraph (A) to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 300ff–20(d)(2) of this title as applied for such year.

(3) Formula grants; cancellation of unobligated balance of grant award; waiver permitting carryover

(A) In general

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (a) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area, unless—

(i) before the end of the grant year, the chief elected official of the area submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the area intends to expend the funds involved; and

(ii) the Secretary approves the waiver.

(B) Expenditure by end of carryover year

With respect to a waiver under subparagraph (A) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(i) The unobligated funds are available for expenditure by the eligible area involved for the one-year period beginning upon the expiration of the grant year (referred to in this subsection as the "carryover year");

(ii) if the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area.
(C) Use of cancelled balances

In the case of any balance of a grant award that is cancelled under subparagraph (A) or (B)(ii), the grant funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such subparagraph to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 300ff–20(d)(2) of this title as applied for such year.

(D) Corresponding reduction in future grant

(i) In general

In the case of an eligible area for which a balance from a grant award under subsection (a) is unobligated as of the end of the grant year for the award—

(1) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is the subject of a waiver of cancellation under subparagraph (A)), the amount of the grant under such subsection for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of the grant year (which requirement for a reduction applies without regard to whether a waiver under subparagraph (A) has been approved with respect to such balance); and

(2) the grant funds involved in such reduction shall be made available by the Secretary as additional funds for grants pursuant to subsection (b) for such first fiscal year, subject to subsection (a)(4) and section 300ff–20(d)(2) of this title; except that this clause does not apply to the eligible area if the amount of the unobligated balance was 5 percent or less.

(ii) Relation to increases in grant

A reduction under clause (i) for an eligible area for a fiscal year may not be taken into account in applying subsection (a)(4) with respect to the area for the subsequent fiscal year.

(4) Authority regarding administration of provisions

In administering paragraphs (2) and (3) with respect to the unobligated balance of an eligible area, the Secretary may elect to reduce the amount of future grants to the area under subsection (a) or (b), as applicable, by the amount of any such unobligated balance in lieu of cancelling such amount as provided for in paragraph (2) or (3)(A). In such case, the Secretary may permit the area to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to subsection (b), subject to subsection (a)(4) and section 300ff–20(d)(2) of this title. Nothing in this paragraph shall be construed to affect the authority of the Secretary under paragraphs (2) and (3), including the authority to grant waivers under paragraph (3)(A). The reduction in future grants authorized under this paragraph shall be notwithstanding the penalty required under paragraph (3)(D) with respect to unobligated funds.

(d) Compliance with priorities of HIV planning council

Notwithstanding any other provision of this subpart, the Secretary, in carrying out section 300ff–11(a) of this title, may not make any grant under subsection (a) or (b) to an eligible area unless the application submitted by such area under section 300ff–15 of this title for the grant involved demonstrates that the grants made under subsections (a) and (b) to the area for the preceding fiscal year (if any) were expended in accordance with the priorities applicable to such year that were established, pursuant to section 300ff–12(b)(4)(C) of this title, by the planning council serving the area.

(e) Report on the awarding of supplemental funds

Not later than 45 days after the awarding of supplemental funds under this section, the Secretary shall submit to Congress a report concerning such funds. Such report shall include information detailing—

(1) the total amount of supplemental funds available under this section for the year involved;

(2) the amount of supplemental funds used in accordance with the hold harmless provisions of subsection (a)(4);

(3) the amount of supplemental funds disbursed pursuant to subsection (b)(2)(c);

(4) the disbursement of the remainder of the supplemental funds after taking into account the uses described in paragraphs (2) and (3); and

(5) the rationale used for the amount of funds disbursed as described under paragraphs (2), (3), and (4).

SUBPART II—TRANSITIONAL GRANTS

§ 300ff–19. Establishment of program

(a) In general

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall make grants for the purpose of providing services described in section 300ff–14 of this title in transitional areas, subject to the same provisions regarding the allocation of grant funds as apply under subsection (c) of such section.

(b) Transitional areas

For purposes of this section, the term “transitional area” means, subject to subsection (c), a metropolitan area for which there has been reported to and confirmed by the Director of the Centers for Disease Control and Prevention a cumulative total of at least 1,000, but fewer than 2,000, cases of AIDS during the most recent period of 5 calendar years for which such data are available.

(c) Certain eligibility rules

(1) Fiscal year 2011

With respect to grants under subsection (a) for fiscal year 2011, a metropolitan area that received funding under subpart I for fiscal year 2010 but does not for fiscal year 2011 qualify under such subpart as an eligible area and does not qualify under subsection (b) as a transitional area shall, notwithstanding subsection (b), be considered a transitional area.

(2) Continued status as transitional area

(A) In general

Notwithstanding subsection (b), a metropolitan area that is a transitional area for a fiscal year continues, except as provided in subparagraph (B), to be a transitional area until the metropolitan area fails, for three consecutive fiscal years—

(i) to qualify under such subsection as a transitional area; and

(ii) subject to subparagraphs (B) and (C), to have a cumulative total of 1,500 or more living cases of AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) as of December 31 of the most recent calendar year for which such data is available.

(B) Permitting margin of error applicable to certain metropolitan areas

In applying subparagraph (A)(ii) for a fiscal year after fiscal year 2008, in the case of a metropolitan area that has a cumulative total of at least 1,400 (and fewer than 1,500) living cases of AIDS as of December 31 of the most recent calendar year for which such data is available, such area shall be treated as having met the criteria of such subparagraph if not more than 5 percent of the total from grants awarded to such area under this part is unobligated as of the end of the most recent fiscal year for which such data is available.

(C) Exception regarding status as eligible area

Subparagraphs (A) and (B) do not apply for a fiscal year if the metropolitan area involved qualifies under subpart I as an eligible area.

(d) Application of certain provisions of subpart I

(1) Administration; planning council

(A) In general

The provisions of section 300ff–12 of this title apply with respect to a grant under subsection (a) for a transitional area to the same extent and in the same manner as such provisions apply with respect to a grant under subpart I for an eligible area, except that, subject to subparagraph (B), the chief elected official of the transitional area may elect not to comply with the provisions of section 300ff–12(b) of this title if the chief elected official of the transitional area provides documentation to the Secretary that details the process used to obtain community input (particularly from those with HIV) in the transitional area for formulating the overall plan for priority setting and allocating funds from the grant under subsection (a).

(B) Exception

For each of the fiscal years 2007 through 2013, the exception described in subparagraph (A) does not apply if the transitional area involved received funding under subpart I for fiscal year 2006.
(2) Type and distribution of grants; timeframe for obligation and expenditure of grant funds

(A) Formula grants; supplemental grants

The provisions of section 300ff-13 of this title apply with respect to grants under subsection (a) to the same extent and in the same manner as such provisions apply with respect to grants under subpart I, subject to subparagraphs (B) and (C).

(B) Formula grants; increase in grant

For purposes of subparagraph (A), section 300ff-13(a)(4) of this title does not apply.

(C) Supplemental grants; single program with subpart I program

With respect to section 300ff-13(b) of this title as applied for purposes of subparagraph (A):

(i) The Secretary shall combine amounts available pursuant to such subparagraph with amounts available for carrying out section 300ff-13(b) of this title and shall administer the two programs as a single program.

(ii) In the single program, the Secretary has discretion in allocating amounts between eligible areas under subpart I and transitional areas under this section, subject to the eligibility criteria that apply under such section, and subject to section 300ff-13(b)(2)(C) of this title (relating to priority in making grants).

(iii) Pursuant to section 300ff-13(b)(1) of this title, amounts for the single program are subject to use under sections 300ff-19(a) and 300ff-20(d)(1) of this title.

(3) Application; technical assistance; definitions

The provisions of sections 300ff-15, 300ff-16, and 300ff-17 of this title apply with respect to grants under subsection (a) to the same extent and in the same manner as such provisions apply with respect to grants under subpart I.

(aa) for the first fiscal year of the metropolitan area not being a transitional area, 75 percent of the amount described in subparagraph (A)(i) for such area;

(bb) for the second fiscal year of the metropolitan area not being a transitional area, 50 percent of such amount; and

(cc) for the third fiscal year of the metropolitan area not being a transitional area, 25 percent of such amount; and

(II) there shall be transferred and made available for grants pursuant to section 300ff-28(a)(1) of this title for the fiscal year, in addition to amounts available for such grants under section 300ff-31b of this title, an amount equal to the total amount of the reduction for such fiscal year under subparagraph (A), less the amount transferred for such fiscal year under subclause (I).

(B) the amount reserved under subsection (b)(2)(A) for such fiscal year is deemed to be increased by an amount equal to the amount of the reduction under subparagraph (A) for such year.

(3) If the amounts referred to in paragraph (1) are not sufficient for making all the reductions, the reductions shall be reduced until the total amount of the reductions equals the total of the amounts referred to in such paragraph.

e) Rules of construction regarding first subsequent fiscal year

Paragraphs (1) and (2) of subsection (c) apply with respect to each series of fiscal years during which a metropolitan area is an eligible area under subpart I or a transitional area under section 300ff-19 of this title for a fiscal year and then for a subsequent fiscal year ceases to be such an area by reason of section 300ff-11(b) or 300ff-19(c)(2) of this title, respectively, rather than applying to a single such series. Paragraph (3) of subsection (c) applies with respect to each series of fiscal years during which a metropolitan area is a transitional area under section 300ff-19 of this title for a fiscal year and then for a subsequent fiscal year becomes an eligible area under subpart I, rather than applying to a single such series.

§300ff–23. Grants to establish HIV care consortia

(a) Consortia
A State may, subject to subsection (f), use amounts provided under a grant awarded under section 300ff–21 of this title to provide assistance under section 300ff–22(a) of this title to an entity that—

(1) is an association of one or more public, and one or more nonprofit private,1 or (private for-profit providers or organizations if such entities are the only available providers of quality HIV care in the area) health care and support service providers and community based organizations operating within areas determined by the State to be most affected by HIV/AIDS; and

(2) agrees to use such assistance for the planning, development and delivery, through the direct provision of services or through entering into agreements with other entities for the provision of such services, of comprehensive outpatient health and support services for individuals with HIV/AIDS, that may include—

(A) essential health services such as case management services, medical, nursing, substance abuse treatment, mental health treatment, and dental care, diagnostics, monitoring, prophylactic treatment for opportunistic infections, treatment education to take place in the context of health care delivery, and medical follow-up services, mental health, developmental, and rehabilitation services, home health and hospice care; and

(B) essential support services such as transportation services, attendant care, homemaker services, day or respite care, benefits advocacy, advocacy services provided through public and nonprofit private entities, and services that are incidental to the provision of health care services for individuals with HIV/AIDS including nutrition services, housing referral services, and child welfare and family services (including foster care and adoption services).

An entity or entities of the type described in this subsection shall hereinafter be referred to in this subchapter as a “consortium” or “consortia.”

1 So in original. The comma probably should follow parenthetical phrase.
(b) Assurances

(1) Requirement

To receive assistance from a State under subsection (a), an applicant consortium shall provide the State with assurances that—

(A) within any locality in which such consortium is to operate, the populations and subpopulations of individuals and families with HIV/AIDS have been identified by the consortium, particularly those experiencing disparities in access and services and those who reside in historically underserved communities;

(B) the service plan established under subsection (c)(2) by such consortium is consistent with the comprehensive plan under section 300ff–27(b)(4) of this title and addresses the special care and service needs of the populations and subpopulations identified under subparagraph (A); and

(C) except as provided in paragraph (2), the consortium will be a single coordinating entity that will integrate the delivery of services among the populations and subpopulations identified under subparagraph (A).

(2) Exception

Subparagraph (C) of paragraph (1) shall not apply to any applicant consortium that the State determines will operate in a community or locality in which it has been demonstrated by the applicant consortium that—

(A) subpopulations exist within the community to be served that have unique service requirements; and

(B) such unique service requirements cannot be adequately and efficiently addressed by a single consortium serving the entire community or locality.

c) Application

(1) In general

To receive assistance from the State under subsection (a), a consortium shall prepare and submit to the State, an application that—

(A) demonstrates that the consortium includes agencies and community-based organizations—

(i) with a record of service to populations and subpopulations with HIV/AIDS requiring care within the community to be served; and

(ii) that are representative of populations and subpopulations reflecting the local incidence of HIV and that are located in areas in which such populations reside;

(B) demonstrates that the consortium has carried out an assessment of service needs within the geographic area to be served and, after consultation with the entities described in paragraph (2), has established a plan to ensure the delivery of services to meet such identified needs that shall include—

(i) assurances that service needs will be addressed through the coordination and expansion of existing programs before new programs are created;

(ii) assurances that, in metropolitan areas, the geographic area to be served by the consortium corresponds to the geographic boundaries of local health and support services delivery systems to the extent practicable;

(iii) assurances that, in the case of services for individuals residing in rural areas, the applicant consortium shall deliver case management services that link available community support services to appropriate specialized medical services; and

(iv) assurances that the assessment of service needs and the planning of the delivery of services will include participation by individuals with HIV/AIDS;

(C) demonstrates that adequate planning has occurred to meet the special needs of families with HIV/AIDS, including family centered and youth centered care;

(D) demonstrates that the consortium has created a mechanism to evaluate periodically—

(i) the success of the consortium in responding to identified needs; and

(ii) the cost-effectiveness of the mechanisms employed by the consortium to deliver comprehensive care;

(E) demonstrates that the consortium will report to the State the results of the evaluations described in subparagraph (D) and shall make available to the State or the Secretary, on request, such data and information on the program methodology that may be required to perform an independent evaluation; and

(F) demonstrates that adequate planning occurred to address disparities in access and services and historically underserved communities.

(2) Consultation

In establishing the plan required under paragraph (1)(B), the consortium shall consult with—

(A)(i) the public health agency that provides or supports ambulatory and outpatient HIV-related health care services within the geographic area to be served; or

(ii) in the case of a public health agency that does not directly provide such HIV-related health care services such agency shall consult with an entity or entities that directly provide ambulatory and outpatient HIV-related health care services within the geographic area to be served;

(B) not less than one community-based organization that is organized solely for the purpose of providing HIV-related support services to individuals with HIV/AIDS;

(C) grantees under section 300ff–71 of this title, or, if none are operating in the area, representatives in the area of organizations with a history of serving children, youth, women, and families living with HIV; and

(D) the types of entities described in section 300ff–12(b)(2) of this title.

The organization to be consulted under subparagraph (B) shall be at the discretion of the applicant consortium.

d) “Family centered care” defined

As used in section 300ff–21 of this title, the term “family centered care” means the system
of services described in this section that is targeted specifically to the special needs of infants, children, women, and families. Family centered care shall be based on a partnership between parents, professionals, and the community designed to ensure an integrated, coordinated, culturally sensitive, and community-based continuum of care for children, women, and families with HIV/AIDS.

(e) Priority

In providing assistance under subsection (a), the State shall, among applicants that meet the requirements of this section, give priority—

(1) first to consortia that are receiving assistance from the Health Resources and Services Administration for adult and pediatric HIV-related care demonstration projects; and then

(2) to any other existing HIV care consortia.

(f) Allocation of funds; treatment as support services

For purposes of the requirement of section 300ff–22(b)(1) of this title, expenditures of grants under section 300ff–21 of this title for or through consortia under this section are deemed to be support services, not core medical services. The preceding sentence may not be construed as having any legal effect on the provisions of subsection (a) that relate to authorized expenditures of the grant.

(c) Requirements regarding imposition of charges for services

(1) In general
The Secretary may not make a grant under section 300ff–21 of this title to a State unless the State provides assurances that in the provision of services with assistance provided under the grant—

(A) assess the amount of the charge in the discretion of the grantee, including imposing only a nominal charge for the provision of services, subject to the provisions of such paragraph regarding public schedules regarding limitation on the maximum amount of charges; and
(B) take into consideration the medical expenses of individuals in assessing the amount of the charge, subject to such provisions.

(3) Applicability of limitation on amount of charge
The Secretary may not make a grant under section 300ff–21 of this title unless the applicant of the grant agrees that the limitations established in subparagraphs (C), (D), and (E) of paragraph (1) regarding the imposition of charges for services applies to the annual aggregate of charges imposed for such services, without regard to whether they are characterized as enrollment fees, premiums, deductibles, cost sharing, copayments, coinsurance, or other charges.

(2) Determination of amount of non-Federal contribution

(A) In general

Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. (B) Inclusion of certain amounts

(i) In making a determination of the amount of non-Federal contributions made by a State for purposes of paragraph (1), the Secretary shall, subject to clause (ii), include any non-Federal contributions provided by the State for HIV-related services, without regard to whether the contributions are made for programs established pursuant to this subchapter:

(ii) In making a determination for purposes of clause (i), the Secretary may not include any non-Federal contributions provided by the State as a condition of receiving Federal funds under any program under this subchapter (except for the program established in section 300ff–21 of this title) or under other provisions of law.

(3) Applicability of requirement

(C) Puerto Rico

For purposes of paragraph (1), the number of cases of HIV/AIDS reported and confirmed for the Commonwealth of Puerto Rico for any fiscal year shall be deemed to be less than 1 percent.

(4) Diminished State contribution

With respect to a State that does not make available the entire amount of the non-Federal contribution referred to in paragraph (1), the State shall continue to be eligible to receive Federal funds under a grant under section 300ff–21 of this title, except that the Secretary in providing Federal funds under the grant shall provide such funds (in accordance with the ratios prescribed in paragraph (1)) only with respect to the amount of funds contributed by such State.

(b) Definitions

(B) each territory other than Guam and the Virgin Islands shall be the greater of $50,000 or an amount determined under paragraph (2).

(2) Determination

(A) Formula

For purposes of paragraph (1), the amount referred to in this paragraph for a State (including a territory) for a fiscal year is, subject to subparagraphs (B) and (F)—

(i) an amount equal to the amount made available under section 300ff-31b of this title for the fiscal year involved for grants pursuant to paragraph (1), subject to subparagraph (F); and

(ii) the percentage constituted by the sum of—

(1) the product of 0.75 and the ratio of the State distribution factor for the State or territory (as determined under subsection (B)) to the sum of the respective State distribution factors for all States or territories;

(2) the product of .20 and the ratio of the non-EMA distribution factor for the State or territory (as determined under subparagraph (C)) to the sum of the respective non-EMA distribution factors for all States or territories; and

(3) if the State does not for such fiscal year contain any area that is an eligible area under subpart I of part A or any area that is a transitional area under section 300ff-19 of this title (referred to in this subclause as a “no-EMA State”), the product of 0.05 and the ratio of the number of cases that applies for the State under subparagraph (D) to the sum of the respective numbers of cases that so apply for all no-EMA States.

(B) State distribution factor

For purposes of subparagraph (A)(ii)(I), the term “State distribution factor” means an amount equal to the number of living cases of HIV/AIDS in the State involved, as determined under subparagraph (D).

(C) Non-EMA distribution factor

For purposes of subparagraph (A)(ii)(II), the term “non-EMA distribution factor” means an amount equal to the sum of—

(i) the number of living cases of HIV/AIDS that are within areas in such State that are eligible areas under subpart I of part A for the fiscal year involved, which individual number for an area is the number that applies under section 300ff-11 of this title for the area for such fiscal year; and

(ii) the total number of such cases that are transitional areas under section 300ff-19 of this title for such fiscal year, which individual number for an area is the number that applies under such section for the fiscal year.

(D) Living cases of HIV/AIDS

(i) Requirement of names-based reporting

Except as provided in clause (ii), the number determined under this subparagraph for a State for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV-AIDS in the State that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

(ii) Transition period; exemption regarding non-AIDS cases

For each of the fiscal years 2007 through 2012, a State is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living non-AIDS names-based cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State, subject to clause (vii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, after consultation with the chief executive of the State, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

(iii) Requirements for exemption for fiscal year 2007

For fiscal year 2007, an exemption under clause (i) for a State applies only if, by October 1, 2006—

(I)(aa) the State had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and

(II) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of such cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

(iv) Requirement for exemption as of fiscal year 2008

For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for a State applies only if, as of April 1, 2008, the State is substantially in compliance with the agreement under clause (iii)(II).

(v) Progress toward names-based reporting

For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an ex-
emtion under clause (ii) for a State if the State submitted a plan under clause (iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

(vi) Counting of cases in areas with exemptions

(I) In general

With respect to a State that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as “code-based reporting”), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the State in order to adjust for duplicative reporting in and among systems that use code-based reporting.

(II) Adjustment rate

The adjustment rate under subclause (I) for a State shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the State.

(III) Increased adjustment for certain States previously using code-based reporting

For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in a State that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) there is an area in such State that satisfies all of the conditions described in items (aa) through (cc) of section 300ff–13(a)(3)(C)(vi)(III) of this title; or

(bb)(AA) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this part, was based on a names-based reporting system; and

(bb)(BB) the amount of funding that such State received under this part for fiscal year 2007 was less than 70 percent of the amount of funding that such State received under such part for fiscal year 2006.

(vii) List of States meeting standard regarding December 31, 2005

(I) In general

If a State is specified in subclause (II), the State shall be considered to meet the standard described in clause (ii)(I). No other State may be considered to meet such standard.

(II) Relevant States

For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, and the Virgin Islands.

(viii) Rules of construction regarding acceptance of reports

(I) Cases of AIDS

With respect to a State that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such noncompliance, accept reports of living cases of AIDS that are in accordance with such clause.

(II) Applicability of exemption requirements

The provisions of clauses (ii) through (vii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

(ix) Program for detecting inaccurate or fraudulent counting

The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

(x) Future fiscal years

For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the State involved.

(E) Code-based States; limitation on increase in grant

(i) In general

For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (D)(vi)) applies in a State as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to paragraph (1) for the State may not for the fiscal year involved exceed by more than 5 percent the amount of the grant pursuant to this paragraph for the State for the preceding fiscal year, except that the limitation under this clause may not result in a grant pursuant to paragraph (1) for a fiscal year that is less than the minimum amount that applies to the State under such paragraph for such fiscal year.

(ii) Use of amounts involved

For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be made available by the Secretary as additional
amounts for grants pursuant to section 300ff-29a of this title, subject to subparagraph (H).

(F) Appropriations for treatment drug program

(i) Formula grants

With respect to the fiscal year involved, if under section 300ff-31b of this title an appropriations Act provides an amount exclusively for carrying out section 300ff-26 of this title, the portion of such amount allocated to a State shall be the product of—

(I) 100 percent of such amount, less the percentage reserved under clause (ii)(V); and

(II) the percentage constituted by the ratio of the State distribution factor for the State (as determined under subparagraph (B)) to the sum of the State distribution factors for all States; which product shall then, as applicable, be increased under subparagraph (H).

(ii) Supplemental treatment drug grants

(I) In general

From amounts made available under subclause (V), the Secretary shall award supplemental grants to States described in subclause (II) to enable such States to purchase and distribute to eligible individuals under section 300ff-26(b) of this title pharmaceutical therapeutics described under subsections (c)(2) and (e) of such section.

(II) Eligible States

For purposes of subclause (I), a State shall be an eligible State if the State did not have unobligated funds subject to reallocation under subsection (d) in the previous fiscal year and, in accordance with criteria established by the Secretary, demonstrates a severe need for a grant under this clause. For purposes of determining severe need, the Secretary shall consider eligibility standards, formula composition, the number of eligible individuals to whom a State is unable to provide therapeutics described in section 300ff-26(a) of this title, and an unanticipated increase of eligible individuals with HIV/AIDS.

(III) State requirements

The Secretary may not make a grant to a State under this clause unless the State agrees that the State will make available (directly or through donations of public or private entities) non-Federal contributions toward the activities to be carried out under the grant in an amount equal to $1 for each $4 of Federal funds provided in the grant, except that the Secretary may waive this subclause if the State has otherwise fully complied with section 300ff-27(d) of this title with respect to the grant year involved. The provisions of this subclause shall apply to States that are not required to comply with such section 300ff-27(d) of this title.

(IV) Use and coordination

Amounts made available under a grant under this clause shall only be used by the State to provide HIV/AIDS-related medications. The Secretary shall coordinate the use of such amounts with the amounts otherwise provided under section 300ff-26(a) of this title in order to maximize drug coverage.

(V) Funding

For the purpose of making grants under this clause, the Secretary shall each fiscal year reserve 5 percent of the amount referred to in clause (i) with respect to section 300ff-26 of this title.

(ii) Code-based States; limitation on increase in formula grant

The limitation under subparagraph (E)(i) applies to grants pursuant to clause (i) of this subparagraph to the same extent and in the same manner as such limitation applies to grants pursuant to paragraph (1), except that the reference to minimum grants does not apply for purposes of this clause. Amounts available as a result of the limitation under the preceding sentence shall be made available by the Secretary as additional amounts for grants under clause (ii) of this subparagraph.

(H) Increase in formula grants

(i) Assurance of amount

(I) General rule

For fiscal year 2010, the Secretary shall ensure, subject to clauses (ii) through (iv), that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 95 percent of such total for the State for fiscal year 2009.

(II) Rule of construction

(b) Supplemental grants; cancellation of unobligated balance of grant award

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 300ff–29a or 300ff–30 of this title, has an unobligated balance as of the end of the grant year for the award—

(1) the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State; and

(2) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to section 300ff–29a or 300ff–30 of this title, or under section 300ff–29a or 300ff–30 of this title, has an unobligated balance as of the end of the grant year for the award—

(A) before the end of the grant year, the State submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the State intends to expend the funds involved; and

(B) the Secretary approves the waiver.

(2) Expenditure by end of carryover year

With respect to a waiver under paragraph (1) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(A) The unobligated funds are available for expenditure by the State involved for the one-year period beginning upon the expiration of the grant year (referred to in this section as the “carryover year”).

(B) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State.

(3) Use of cancelled balances

In the case of any balance of a grant award that is cancelled under paragraph (1) or (2)(B), the grant funds involved shall be made available by the Secretary as additional amounts for grants under section 300ff–29a of this title for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such paragraph to be canceled, except that the availability of the funds for such grants is subject to section 300ff–28(a)(2)(H) of this title as applied for such year.

(4) Corresponding reduction in future grant

(A) In general

In the case of a State for which a balance from a grant award made pursuant to section 300ff–28(a)(1) or 300ff–28(a)(2)(F) of this title is unobligated as of the end of the grant year for the award—

(i) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is subject of a waiver of cancellation under paragraph (1)), the amount of the grant under such section for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of the grant year (which requirement for a reduction applies without regard to whether a waiver under paragraph (1) has been approved with respect to such balance); and

(ii) the grant funds involved in such reduction shall be made available by the Secretary as additional funds for grants under section 300ff–29a of this title for such first fiscal year, subject to section 300ff–28(a)(2)(H) of this title; except that this subparagraph does not apply to the State if the amount of the unobligated balance was 5 percent or less.
(B) Relation to increases in grant

A reduction under subparagraph (A) for a State for a fiscal year may not be taken into account in applying section 300ff–28(a)(2)(H) of this title with respect to the State for the subsequent fiscal year.

(d) Treatment of drug rebates

For purposes of this section, funds that are drug rebates referred to in section 300ff–28(c) of this title may not be considered part of any grant award referred to in subsection (a). If an expenditure of ADAP rebate funds would trigger a penalty under this section or a higher penalty than would otherwise have applied, the State may request that for purposes of this section, the Secretary deem the State’s unobligated balance to be reduced by the amount of rebate funds in the proposed expenditure. Notwithstanding 300ff–28(a)(2)(F)(i) of this title, any unobligated amount under section 300ff–28(a)(2)(F)(i)(V) of this title that is returned to the Secretary for reallocation shall be used by the Secretary for—

In such case, the Secretary may permit the State to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to section 300ff–29a of this title, subject to section 300ff–28(a)(2)(H) of this title. “(1) Research studies and statewide clinical experiences have demonstrated that administration of antiretroviral medication during pregnancy can significantly reduce the transmission of the human immunodeficiency virus (commonly known as HIV) from an infected mother to her baby.

“(2) The Centers for Disease Control and Prevention have recommended that all pregnant women receive HIV counseling; voluntary, confidential HIV testing; and appropriate medical treatment (including antiretroviral therapy) and support services.

“(3) The provision of such counseling, treatment, and services will not improve the health of the woman or the child.

§ 300ff–38. Grants for partner notification programs

(a) In general

In the case of States whose laws or regulations are in accordance with subsection (b), the Secretary, subject to subsection (c)(2), may make grants to the States for carrying out programs to provide partner counseling and referral services.

(b) Description of compliant State programs

For purposes of subsection (a), the laws or regulations of a State are in accordance with this subsection if under such laws or regulations (including programs carried out pursuant to the discretion of State officials) the following policies are in effect:

(1) The State requires that the public health officer of the State carry out a program of partner notification to inform partners of individuals with HIV/AIDS that the partners may have been exposed to the disease.

(2) (A) In the case of a health entity that provides for the performance on an individual of a test for HIV/AIDS, or that treats the individual for the disease, the State requires, subject to subparagraph (B), that the entity confidentially report the positive test results to the State public health officer in a manner recommended and approved by the Director of the Centers for Disease Control and Prevention, together with such additional information as may be necessary for carrying out such program.

(B) The State may provide that the requirement of subparagraph (A) does not apply to the testing of an individual for HIV/AIDS if the individual underwent the testing through a program designed to perform the test and provide the results to the individual without the individual disclosing his or her identity to the program. This subparagraph may not be construed as affecting the requirement of subparagraph (A) with respect to a health entity that treats an individual for HIV/AIDS.

(3) The program under paragraph (1) is carried out in accordance with the following:

(A) Partners are provided with an appropriate opportunity to learn that the partners have been exposed to HIV/AIDS, subject to subparagraph (B).

(B) The State does not inform partners of the identity of the infected individuals involved.

(C) Counseling and testing for HIV/AIDS are made available to the partners and to infected individuals, and such counseling includes information on modes of transmission for the disease, including information on prenatal and perinatal transmission and preventing transmission.

(D) Counseling of infected individuals and their partners includes the provision of information regarding therapeutic measures for preventing and treating the deterioration of the immune system and conditions arising from the disease, and the provision of other prevention-related information.

(E) Referrals for appropriate services are provided to partners and infected individuals, including referrals for support services and legal aid.

(F) Notifications under subparagraph (A) are provided in person, unless doing so is an unreasonable burden on the State.

(G) There is no criminal or civil penalty on, or civil liability for, an infected individual if the individual chooses not to identify the partners of the individual, or the individual does not otherwise cooperate with such program.

(H) The failure of the State to notify partners is not a basis for the civil liability of any health entity who under the program reported to the State the identity of the infected individual involved.

(I) The State provides that the provisions of the program may not be construed as prohibiting the State from providing a notification under subparagraph (A) without the consent of the infected individual involved.

(4) The State annually reports to the Director of the Centers for Disease Control and Prevention the number of individuals from whom the names of partners have been sought under the program under paragraph (1), the number of such individuals who provided the names of partners, and the number of partners so named who were notified under the program.

(5) The State cooperates with such Director in carrying out a national program of partner notification, including the sharing of information between the public health officers of the States.

(c) Reporting system for cases of HIV/AIDS; preference in making grants

In making grants under subsection (a), the Secretary shall give preference to States whose reporting systems for cases of HIV/AIDS produce data on such cases that is sufficiently accurate and reliable for use for purposes of section 300ff–28(a)(2)(D)(i) of this title.

(d) Authorization of appropriations

For the purpose of carrying out this section, there is authorized to be appropriated $10,000,000 for each of the fiscal years 2007 through 2009.

CONGRESSIONAL FINDINGS RELATING TO EXERCISE OF COMMERCE CLAUSE AUTHORITY; SEVERABILITY:

“(a) FINDINGS RELATING TO EXERCISE OF COMMERCE CLAUSE AUTHORITY.—Congress finds the following in relation to the provisions of this title (enacting this chapter and sections 1181 to 1183 and 1191 to 1191c of Title 29, Labor, amending sections 233, 300e, and 300bb–8 of this title and sections 1003, 1021, 1022, 1024, 1132, 1136, and 1144 of Title 29, and enacting provisions set out as notes under this section, section 300gg–92 of this title, and section 1181 of Title 29):

“(1) Provisions in group health plans and health insurance coverage that impose certain preexisting condition exclusions impact the ability of employees to seek employment in interstate commerce, thereby impeding such commerce.

“(2) Health insurance coverage is commercial in nature and is in and affects interstate commerce.

“(3) It is a necessary and proper exercise of Congressional authority to impose requirements under this title on group health plans and health insurance coverage (including coverage offered to individuals previously covered under group health plans) in order to promote commerce among the States.

“(4) Congress, however, intends to defer to States, to the maximum extent practicable, in carrying out such requirements with respect to insurers and health maintenance organizations that are subject to State regulation, consistent with the provisions of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.].

“(b) SEVERABILITY.—If any provision of this title or the application of such provision to any person or circumstance is held to be unconstitutional, the remainder of this title and the application of the provisions of such to any person or circumstance shall not be affected thereby.

(2) 180-day suspension upon denial of coverage

A health insurance issuer upon denying health insurance coverage in connection with group health plans in accordance with paragraph (1)(B) may not offer coverage in connection with group health plans in the group or individual market in the State for a period of 180 days after the date such coverage is denied.

§ 300gg-2. Guaranteed renewability of coverage

(a) In general

Except as provided in this section, if a health insurance issuer offers health insurance coverage in the individual or group market, the issuer must renew or continue in force such coverage at the option of the plan sponsor or the individual, as applicable.

(b) General exceptions

A health insurance issuer may nonrenew or discontinue health insurance coverage offered in connection with a health insurance coverage offered in the group or individual market based only on one or more of the following:

(1) Nonpayment of premiums

The plan sponsor, or individual, as applicable, has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.
(2) **Fraud**

The plan sponsor, or individual, as applicable, has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

(3) **Violation of participation or contribution rates**

In the case of a group health plan, the plan sponsor has failed to comply with a material plan provision relating to employer contribution or group participation rules, pursuant to applicable State law.

(4) **Termination of coverage**

The issuer is ceasing to offer coverage in such market in accordance with subsection (c) and applicable State law.

(5) **Movement outside service area**

In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, there is no longer any enrollee in connection with such plan who lives, resides, or works in the service area of the issuer (or in the area for which the issuer is authorized to do business) and, in the case of the small group market, the issuer would deny enrollment with respect to such plan provision relating to employer contribution or group participation rules, pursuant to applicable State law.

(6) **Association membership ceases**

In the case of health insurance coverage that is made available in the small or large group market (as the case may be) only through one or more bona fide associations, the membership of an employer in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor relating to any covered individual.

(c) **Requirements for uniform termination of coverage**

(1) **Particular type of coverage not offered**

In any case in which an issuer decides to discontinue offering a particular type of group or individual health insurance coverage, coverage of such type may be discontinued by the issuer in accordance with applicable State law in such market only if—

(A) the issuer provides notice to each plan sponsor or individual, as applicable, provided coverage of this type in such market (and participants and beneficiaries covered under such coverage) of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the issuer offers to each plan sponsor or individual, as applicable, provided coverage of this type in such market, the option to purchase all (or, in the case of the large group market, any) other health insurance coverage currently being offered by the issuer to a group health plan or individual health insurance coverage in such market; and

(C) in exercising the option to discontinue coverage of this type and in offering the opportunity of coverage under subparagraph (B), the issuer acts uniformly without regard to the claims experience of those sponsors or individuals, as applicable, or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage.

(2) **Discontinuance of all coverage**

(A) **In general**

In any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual or group market, or all markets, in a State, health insurance coverage may be discontinued by the issuer only in accordance with applicable State law and if—

(i) the issuer provides notice to the applicable State authority and to each plan sponsor or individual, as applicable, and participants and beneficiaries covered under such coverage of such discontinuation at least 180 days prior to the date of the discontinuation of such coverage; and

(ii) all health insurance issued or delivered for issuance in the State in such market (or markets) are discontinued and coverage under such health insurance coverage in such market (or markets) is not renewed.

(B) **Prohibition on market reentry**

In the case of a discontinuation under subparagraph (A) in a market, the issuer may not provide for the issuance of any health insurance coverage in the market and State law and effective on a uniform basis among group health plans with that product.

(d) **Exception for uniform modification of coverage**

At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a product offered to a group health plan—

(1) in the large group market; or

(2) in the small group market if, for coverage that is available in such market other than only through one or more bona fide associations, such modification is consistent with State law and effective on a uniform basis among group health plans with that product.

(e) **Application to coverage offered only through associations**

In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the small or large group market to employers only through one or more associations, a reference to “plan sponsor” is deemed, with respect to coverage provided to an employer member of the association, to include a reference to such employer.

(A) the first period in which the individual is eligible to enroll under the plan, or

(B) a special enrollment period under subsection (f).

(3) Late enrollee

The term “late enrollee” means, with respect to coverage under a group health plan, a participant or beneficiary who enrolls under the plan after the date that is 6 months after Mar. 23, 2010, and is classified to section 300gg–11 of this title.

(2) Not counting periods before significant breaks in coverage

(A) In general

A period of creditable coverage shall not be counted, with respect to enrollment of an individual under a group or individual health plan, if, after such period and before the enrollment date, there was a 63-day period during all of which the individual was not covered under any creditable coverage.

(B) Waiting period not treated as a break in coverage

For purposes of subparagraph (A) and subsection (d)(4), any period that an individual is in a waiting period for any coverage under a group or individual health plan (or for group health insurance coverage) or is in an affiliation period (as defined in subsection (g)(2)) shall not be taken into account in determining the continuous period under subparagraph (A).

(C) TAA-eligible individuals

In the case of plan years beginning before January 1, 2014—

(i) TAA pre-certification period rule

(B) Election of alternative method

A group health plan, or a health insurance issuer offering group or individual health insurance, may elect to apply subsection (a)(3) based on coverage of benefits within each of several classes or categories of benefits specified in regulations rather than as provided under subparagraph (A). Such election shall be made on a uniform basis for all participants and beneficiaries. Under such election a group health plan or issuer shall count a period of creditable coverage with respect to any class or category of benefits if any level of benefits is covered within such class or category.

(C) Plan notice

In the case of an election with respect to a group health plan under subparagraph (B) (whether or not health insurance coverage is provided in connection with such plan), the plan shall—

(i) at the time an individual ceases to be covered under the plan or otherwise becomes covered under a COBRA continuation provision,
(ii) in the case of an individual becoming covered under such a provision, at the time the individual ceases to be covered under such provision, and
(iii) on the request on behalf of an individual made not later than 21 months after the date of cessation of the coverage described in clause (i) or (ii), whichever is later.

(i) the period of creditable coverage of the individual under such plan and the coverage (if any) under such COBRA continuation provision, and
(ii) the waiting period (if any) (and affiliation period, if applicable) imposed with respect to the individual for any coverage under such plan.

(C) Issuer compliance
To the extent that medical care under a group health plan consists of group health insurance coverage, the plan is deemed to have satisfied the certification requirement under this paragraph if the health insurance issuer offering the coverage provides for such certification in accordance with this paragraph.

(2) Disclosure of information on previous benefits
In the case of an election described in subsection (c)(3)(B) by a group health plan or health insurance issuer, if the plan or issuer enrolls an individual for coverage under the plan and the individual provides a certification of coverage of the individual under paragraph (1)—
(A) upon request of such plan or issuer, the entity which issued the certification provided by the individual shall promptly disclose to such requesting plan or issuer information on coverage of classes and categories of health benefits available under such entity's plan or coverage, and
(B) such entity may charge the requesting plan or issuer for the reasonable cost of disclosing such information.

(f) Special enrollment periods
(1) Individuals losing other coverage
A group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, shall permit an employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled, for coverage under such terms) to enroll for coverage under the terms of the plan if each of the following conditions is met:
(A) The employee or dependent was covered under a group health plan or had health insurance coverage at the time coverage was previously offered to the employee or dependent.

(B) The employee stated in writing at such time that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the plan sponsor or issuer (if applicable) required such a statement at such time and provided the employee with notice of such requirement (and the consequences of such requirement) at such time.

(C) The employee's or dependent's coverage described in subparagraph (A)—
(i) was under a COBRA continuation provision and the coverage under such provision was exhausted; or
(ii) was not under such a provision and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment) or employer contributions toward such coverage were terminated.

(D) Under the terms of the plan, the employee requests such enrollment not later than 30 days after the date of exhaustion of coverage described in subparagraph (C)(i) or termination of coverage or employer contribution described in subparagraph (C)(ii).
(2) For dependent beneficiaries
(A) In general
If—
(i) a group health plan makes coverage available with respect to a dependent of an individual,
(ii) the individual is a participant under the plan (or has met any waiting period applicable to becoming a participant under the plan and is eligible to be enrolled under the plan but for a failure to enroll during a previous enrollment period), and
(iii) a person becomes such a dependent of the individual through marriage, birth, or adoption or placement for adoption,
the group health plan shall provide for a dependent special enrollment period described in subparagraph (B) during which the person (or, if not otherwise enrolled, the individual) may be enrolled under the plan as a dependent of the individual, and in the case of the birth or adoption of a child, the spouse of the individual may be enrolled as a dependent of the individual if such spouse is otherwise eligible for coverage.

If an individual seeks to enroll a dependent during the first 30 days of such a dependent special enrollment period, the coverage of the dependent shall become effective—

(3) Special rules for application in case of Medicaid and CHIP
(A) In general
A group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, shall permit an employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled, for coverage under such terms) to enroll for coverage under the terms of the plan if either of the following conditions is met:
(i) Termination of Medicaid or CHIP coverage
The employee or dependent is covered under a Medicaid plan under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] or under a State child health plan under title XXI of such Act [42 U.S.C. 1397aa et seq.] and coverage of the employee or dependent under such a plan is terminated as a result of loss of eligibility for such coverage and the employee requests coverage under the group health plan (or health insurance coverage) not later than 60 days after the date of termination of such coverage.
(ii) Eligibility for employment assistance under Medicaid or CHIP
The employee or dependent becomes eligible for assistance, with respect to coverage under the group health plan or health insurance coverage, under such Medicaid plan or State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan), if the employee requests coverage under the group health plan or health insurance coverage not later than 60 days after the date the employee or dependent is determined to be eligible for such assistance.

(B) Coordination with Medicaid and CHIP
(i) Outreach to employees regarding availability of Medicaid and CHIP coverage
(I) In general
Each employer that maintains a group health plan in a State that provides medical assistance under a State Medicaid plan under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.], or child health assistance under a State child health plan under title XXI of such Act [42 U.S.C. 1397aa et seq.], in the form of premium assistance for the purchase of coverage under a group health plan, shall provide to each employee a written notice informing the employee of potential opportunities then currently available in the State in which the employee resides for premium assistance under such plans for health coverage of the employee or the employee’s dependents. For purposes of compliance with this subclause, the employer may use any State-specific model notice developed in accordance with section 1181(f)(3)(B)(i)(II) of title 29.

(II) Option to provide concurrent with provision of plan materials to employee
An employer may provide the model notice applicable to the State in which an employee resides concurrent with the furnishing of materials notifying the employee of health plan eligibility, concurrent with materials provided to the employee in connection with an open season or election process conducted under the plan, or concurrent with the furnishing of the summary plan description as provided in section 1024(b) of title 29.
(ii) Disclosure about group health plan benefits to States for Medicaid and CHIP eligible individuals

In the case of an enrollee in a group health plan who is covered under a Medicaid plan of a State under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] or under a State child health plan under title XXI of such Act [42 U.S.C. 1397aa et seq.], the plan administrator of the group health plan shall disclose to the State, upon request, information about the benefits available under the group health plan in sufficient specificity, as determined under regulations of the Secretary of Health and Human Services in consultation with the Secretary that require use of the model coverage coordination disclosure form developed under section 311(b)(1)(C) of the Children's Health Insurance Program Reauthorization Act of 2009, so as to permit the State to make a determination (under paragraph (2)(B), (3), or (10) of section 2105(c) of the Social Security Act [42 U.S.C. 1397fe(c)(2)(B), (3), (10)] or otherwise) concerning the cost-effectiveness of the State providing medical or child health assistance through premium assistance for the purchase of coverage under such group health plan and in order for the State to provide supplemental benefits required under paragraph (10)(E) of such section or other authority.

(g) Use of affiliation period by HMOs as alternative to preexisting condition exclusion

(1) In general

A health maintenance organization which offers health insurance coverage in connection with a group health plan and which does not impose any preexisting condition exclusion allowed under subsection (a) with respect to any particular coverage option may impose an affiliation period for such coverage option, but only if—

(A) such period is applied uniformly without regard to any health status-related factors; and

(B) such period does not exceed 2 months (or 3 months in the case of a late enrollee).

(2) Affiliation period

(A) “Affiliation period” defined

For purposes of this subchapter, the term “affiliation period” means a period which, under the terms of the health insurance coverage offered by the health maintenance organization, must expire before the health insurance coverage becomes effective. The organization is not required to provide health care services or benefits during such period and no premium shall be charged to the participant or beneficiary for any coverage during the period.

(B) Beginning

Such period shall begin on the enrollment date.

(C) Runs concurrently with waiting periods

An affiliation period under a plan shall run concurrently with any waiting period under the plan.

(3) Alternative methods

A health maintenance organization described in paragraph (1) may use alternative methods, from those described in such paragraph, to address adverse selection as approved by the State insurance commissioner or official or officials designated by the State to enforce the requirements of this part for the State involved with a particular issuer.

§ 300gg–3
Amendments

2010—Pub. L. 111–148, §1201(2)(A), substituted “Prohibition of preexisting condition exclusions or other discrimination based on health status” for “Increased portability through limitation on preexisting condition exclusions or other discrimination based on health status for increased portability” in table of subparts preceding section in table of provisions. See Codification note above.

§300gg–4. Prohibiting discrimination against individual participants and beneficiaries based on health status

(a) In general

A group health plan and a health insurance issuer offering group or individual health insurance coverage may not establish rules for eligibility (including continued eligibility) of any individual to enroll under the terms of the plan or coverage based on any of the following health status-related factors in relation to the individual or a dependent of the individual:

(1) Health status.
(2) Medical condition (including both physical and mental illnesses).
(3) Claims experience.
(4) Receipt of health care.
(5) Medical history.
(6) Genetic information.
(7) Evidence of insurability (including conditions arising out of acts of domestic violence).
(8) Disability.

(b) In premium contributions

(1) In general

A group health plan, and a health insurance issuer offering group or individual health insurance coverage, may not require any individual (as a condition of enrollment or continued enrollment under the plan) to pay a premium or contribution which is greater than a similarly situated individual enrolled in the plan on the basis of any health status-related factor in relation to the individual or to an individual enrolled under the plan as a dependent of the individual.

(2) Construction

Nothing in paragraph (1) shall be construed—

(A) to restrict the amount that an employer or individual may be charged for coverage under a group health plan except as provided in paragraph (3) or individual health coverage, as the case may be; or

(B) to prevent a group health plan, and a health insurance issuer offering group health insurance coverage, from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

(3) No group-based discrimination on basis of genetic information

(A) In general

For purposes of this section, a group health plan, and health insurance issuer offering group health insurance coverage in connection with a group health plan, may not adjust premium or contribution amounts for the group covered under such plan on the basis of genetic information.

(B) Rule of construction

Nothing in subparagraph (A) or in paragraphs (1) and (2) of subsection (d) shall be

1So in original. Probably should be preceded by “a”. 
construed to limit the ability of a health insurance issuer offering group or individual health insurance coverage to increase the premium for an employer based on the manifestation of a disease or disorder of an individual who is enrolled in the plan. In such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the employer.

(c) Genetic testing

(1) Limitation on requesting or requiring genetic testing

A group health plan, and a health insurance issuer offering health insurance coverage in connection with a group health plan, shall not request or require an individual or a family member of such individual to undergo a genetic test.

(2) Rule of construction

Paragraph (1) shall not be construed to limit the authority of a health care professional who is providing health care services to an individual to request that such individual undergo a genetic test.

(3) Rule of construction regarding payment

(A) In general

Nothing in paragraph (1) shall be construed to preclude a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, from obtaining and using the results of a genetic test in making a determination regarding payment (as such term is defined for the purposes of applying the regulations promulgated by the Secretary under part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.] and section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time) consistent with subsection (a).

(B) Limitation

For purposes of subparagraph (A), a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, may request only the minimum amount of information necessary to accomplish the intended purpose.

(4) Research exception

Notwithstanding paragraph (1), a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, may request, but not require, that a participant or beneficiary undergo a genetic test if each of the following conditions is met:

(A) The request is made pursuant to research that complies with part 46 of title 45, Code of Federal Regulations, or equivalent Federal regulations, and any applicable State or local law or regulations for the protection of human subjects in research.

(B) The plan or issuer clearly indicates to each participant or beneficiary, or in the case of a minor child, to the legal guardian of such beneficiary, to whom the request is made that—

(i) compliance with the request is voluntary; and

(ii) non-compliance will have no effect on enrollment status or premium or contribution amounts.

(C) No genetic information collected or acquired under this paragraph shall be used for underwriting purposes.

(D) The plan or issuer notifies the Secretary in writing that the plan or issuer is conducting activities pursuant to the exception provided for under this paragraph, including a description of the activities conducted.

(E) The plan or issuer complies with such other conditions as the Secretary may by regulation require for activities conducted under this paragraph.

(d) Prohibition on collection of genetic information

(1) In general

A group health plan, and a health insurance issuer offering health insurance coverage in connection with a group health plan, shall not request, require, or purchase genetic information for underwriting purposes (as defined in section 300gg–91 of this title).

(2) Prohibition on collection of genetic information prior to enrollment

A group health plan, and a health insurance issuer offering health insurance coverage in connection with a group health plan, shall not request, require, or purchase genetic information with respect to any individual prior to such individual’s enrollment under the plan or coverage in connection with such enrollment.

(3) Incidental collection

If a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of paragraph (2) if such request, requirement, or purchase is not in violation of paragraph (1).

(e) Application to all plans

The provisions of subsections (a)(6), (b)(3), (c), and (d) and subsection (b)(1) and section 300gg-3 of this title with respect to genetic information, shall apply to group health plans and health insurance issuers without regard to section 300gg-21(a) of this title.

(f) Genetic information of a fetus or embryo

Any reference in this part to genetic information concerning an individual or family member of an individual shall—

(1) with respect to such an individual or family member of an individual who is a pregnant woman, include genetic information of any fetus carried by such pregnant woman; and

See References in Text note below.
(2) with respect to an individual or family member utilizing an assisted reproductive technology, include genetic information of any embryo legally held by the individual or family member.

(j) Programs of health promotion or disease prevention

(1) General provisions

(A) General rule

For purposes of subsection (b)(2)(B), a program of health promotion or disease prevention (referred to in this subsection as a “wellness program”) shall be a program offered by an employer that is designed to promote health or prevent disease that meets the applicable requirements of this subsection.

(B) No conditions based on health status factor

If none of the conditions for obtaining a premium discount or rebate or other reward for participation in a wellness program is based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if participation in the program is made available to all similarly situated individuals and the requirements of paragraph (2) are complied with.

(C) Conditions based on health status factor

If any of the conditions for obtaining a premium discount or rebate or other reward for participation in a wellness program is based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if the requirements of paragraph (3) are complied with.

(2) Wellness programs not subject to requirements

If none of the conditions for obtaining a premium discount or rebate or other reward under a wellness program as described in paragraph (1)(B) are based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if participation in the program is made available to all similarly situated individuals. The following programs shall not have to comply with the requirements of paragraph (3) if participation in the program is made available to all similarly situated individuals:

(A) A program that reimburses individuals for the costs of smoking cessation programs without regard to whether the individual quits smoking.

(B) A program that provides a reward to individuals for attending a periodic health education seminar.

(3) Wellness programs subject to requirements

If any of the conditions for obtaining a premium discount, rebate, or reward under a wellness program as described in paragraph (1)(C) is based on an individual satisfying a standard that is related to a health status factor, the wellness program shall not violate this section if the following requirements are complied with:

(A) The reward for the wellness program, together with the reward for other wellness programs with respect to the plan that requires satisfaction of a standard related to a health status factor, shall not exceed 30 percent of the cost of employee-only coverage under the plan. If, in addition to employees or individuals, any class of dependents (such as spouses or spouses and dependent children) may participate fully in the wellness program, such reward shall not exceed 30 percent of the cost of the coverage in which an employee or individual and any dependents are enrolled. For purposes of this paragraph, the cost of coverage shall be determined based on the total amount of employer and employee contributions for the benefit package under which the employee is (or the employee and any dependents are) receiving coverage. A reward may be in the form of a discount or rebate of a premium or contribution, a waiver of all or part of a cost-sharing mechanism (such as deductibles, copayments, or coinsurance), the absence of a surcharge, or the value of a benefit that would otherwise not be provided under the plan. The Secretaries of Labor, Health and Human Services, and the Treasury may increase the reward available under this subparagraph to up to 50 percent of the cost of coverage if the Secretaries determine that such an increase is appropriate.

(B) The wellness program shall be reasonably designed to promote health or prevent disease. A program complies with the preceding sentence if the program has a reasonable chance of improving the health of, or preventing disease in, participating individuals and it is not overly burdensome, is not a subterfuge for discriminating based on a health status factor, and is not highly suspect in the method chosen to promote health or prevent disease.

(C) The plan shall give individuals eligible for the program the opportunity to qualify for the reward under the program at least once each year.

(D) The full reward under the wellness program shall be made available to all similarly situated individuals. For such purpose, among other things:

(i) The reward is not available to all similarly situated individuals for a period unless the wellness program allows—

---

3So in original. No subs. (g) to (i) have been enacted.
(I) for a reasonable alternative standard (or waiver of the otherwise applicable standard) for obtaining the reward for any individual for whom, for that period, it is unreasonably difficult due to a medical condition to satisfy the otherwise applicable standard; and

(ii) if reasonable under the circumstances, the plan or issuer may seek verification, such as a statement from an individual's physician, that a health status factor makes it unreasonably difficult or medically inadvisable for the individual to satisfy or attempt to satisfy the otherwise applicable standard.

(E) The plan or issuer involved shall disclose in all plan materials describing the terms of the wellness program the availability of a reasonable alternative standard (or the possibility of waiver of the otherwise applicable standard) required under subparagraph (D). If plan materials disclose that such a program is available, without describing its terms, the disclosure under this subparagraph shall not be required.

(k) Existing programs

Nothing in this section shall prohibit a program of health promotion or disease prevention that was established prior to March 23, 2010, and that was operating on such date, from continuing to be applied with all applicable regulations, and that was established prior to March 23, 2010, and applies to any individual for whom, for that period, it is medically inadvisable to attempt to satisfy the otherwise applicable standard.

(B) Other requirements

States that participate in the demonstration project under this subsection—

(i) may permit premium discounts or rebates or the modification of otherwise applicable copayments or deductibles for adherence to, or participation in, a reasonably designed program of health promotion and disease prevention;

(ii) shall ensure that requirements of consumer protection are met in programs of health promotion in the individual market;

(iii) shall require verification from health insurance issuers that offer health insurance coverage in the individual market of such State that premium discounts—

(I) do not create undue burdens for individuals insured in the individual market;

(II) do not lead to cost shifting; and

(III) are not a subterfuge for discrimination;

(iv) shall ensure that consumer data is protected in accordance with the requirements of section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note); and

(v) shall ensure and demonstrate to the satisfaction of the Secretary that the discounts or other rewards provided under the project reflect the expected level of participation in the wellness program involved and the anticipated effect the program will have on utilization or medical claim costs.

(m) Report

(1) In general

Not later than 3 years after March 23, 2010, the Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, shall establish a 10-State demonstration project under which participating States shall apply the provisions of subsection (j) to programs of health promotion offered by a health insurance issuer that offers health insurance coverage in the individual market in such State.

(2) Expansion of demonstration project

If the Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, determines that the demonstration project described in paragraph (1) is effective, such Secretaries may, beginning on July 1, 2017 expand such demonstration project to include additional participating States.

(3) Requirements

(A) Maintenance of coverage

The Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, shall not approve the participation of a State in the demonstration project under this section unless the Secretaries determine that the State's project is designed in a manner that—

(i) will not result in any decrease in coverage; and

(ii) will not increase the cost to the Federal Government in providing credits under section 36B of title 26 or cost-sharing assistance under section 18071 of this title.
employes with access to wellness programs, including State and Federal agencies.

(n) Regulations

Nothing in this section shall be construed as prohibiting the Secretaries of Labor, Health and Human Services, or the Treasury from promulgating regulations in connection with this section.

(2) Routine patient costs

(A) Inclusion

(a) Clear accounting for costs

A health insurance issuer offering group or individual health insurance coverage (including a grandfathered health plan) shall, with respect to each plan year, submit to the Secretary a report concerning the ratio of the incurred loss (or incurred claims) plus the loss adjustment expense (or change in contract reserves) to earned premiums. Such report shall include the percentage of total premium revenue, after accounting for collections or receipts for risk adjustment and risk corridors and payments of reinsurance, that such coverage expends—

(1) on reimbursement for clinical services provided to enrollees under such coverage;
(2) for activities that improve health care quality; and
(3) on all other non-claims costs, including an explanation of the nature of such costs, and excluding Federal and State taxes and licensing or regulatory fees.

The Secretary shall make reports received under this section available to the public on the Internet website of the Department of Health and Human Services.

(b) Ensuring that consumers receive value for their premium payments

(1) Requirement to provide value for premium payments

(A) Requirement

Beginning not later than January 1, 2011, a health insurance issuer offering group or individual health insurance coverage (including a grandfathered health plan) shall, with respect to each plan year, provide an annual rebate to each enrollee under such coverage, on a pro rata basis, if the ratio of the amount of premium revenue expended by the issuer on costs described in paragraphs (1) and (2) of subsection (a) to the total amount of premium revenue (excluding Federal and State taxes and licensing or regulatory fees and after accounting for payments or receipts for risk adjustment, risk corridors, and reinsurance under sections 18061, 18062, and 18063 of this title) for the plan year (except as provided in subparagraph (B)(ii)), is less than—
(i) with respect to a health insurance issuer offering coverage in the large group market, 85 percent, or such higher percentage as a State may by regulation determine; or
(ii) with respect to a health insurance issuer offering coverage in the small group market or in the individual market, 80 percent, or such higher percentage as a State may by regulation determine, except that the Secretary may adjust such percentage with respect to a State if the Secretary determines that the application of such 80 percent may destabilize the individual market in such State.

(B) Rebate amount

(i) Calculation of amount

The total amount of an annual rebate required under this paragraph shall be in an amount equal to the product of—
(I) the amount by which the percentage described in clause (i) or (ii) of subparagraph (A) exceeds the ratio described in such subparagraph; and
(II) the total amount of premium revenue (excluding Federal and State taxes and licensing or regulatory fees and after accounting for payments or receipts for risk adjustment, risk corridors, and reinsurance under sections 18061, 18062, and 18063 of this title) for such plan year.

(ii) Calculation based on average ratio

Beginning on January 1, 2014, the determination made under subparagraph (A) for the year involved shall be based on the averages of the premiums expended on the costs described in such subparagraph and total premium revenue for each of the previous 3 years for the plan.

(2) Consideration in setting percentages

In determining the percentages under paragraph (1), a State shall seek to ensure adequate participation by health insurance issuers, competition in the health insurance market in the State, and value for consumers so that premiums are used for clinical services and quality improvements.

(3) Enforcement

The Secretary shall promulgate regulations for enforcing the provisions of this section and may provide for appropriate penalties.

(c) Definitions

Not later than December 31, 2010, and subject to the certification of the Secretary, the National Association of Insurance Commissioners shall establish uniform definitions of the activities reported under subsection (a) and standardized methodologies for calculating measures of such activities, including definitions of which activities, and in what regard such activities, constitute activities described in subsection (a)(2). Such methodologies shall be designed to take into account the special circumstances of smaller plans, different types of plans, and newer plans.

(d) Adjustments

The Secretary may adjust the rates described in subsection (b) if the Secretary determines appropriate on account of the volatility of the individual market due to the establishment of State Exchanges.

(e) Standard hospital charges

Each hospital operating within the United States shall for each year establish (and update) and make public (in accordance with guidelines developed by the Secretary) a list of the hospital’s standard charges for items and services provided by the hospital, including for diagnosis-related groups established under section 1395ww(d)(4) of this title.

(2) Rebate amount

(A) a group health plan and a health insurance issuer offering group health coverage shall implement an effective appeals process for appeals of coverage determinations and claims, under which the plan or issuer shall, at a minimum—

(A) have in effect an internal claims appeals process;

(B) provide notice to enrollees, in a culturally and linguistically appropriate manner, of available internal and external appeals processes, and the availability of any applicable office of health insurance consumer assistance or ombudsman established under section 300gg–93 of this title to assist such enrollees with the appeals processes; and

(C) allow an enrollee to review their file, to present evidence and testimony as part of the appeals process, and to receive continued coverage pending the outcome of the appeals process.

(B) a health insurance issuer offering individual health coverage, and any other issuer...
not subject to subparagraph (A), shall provide an internal claims and appeals process that initially incorporates the claims and appeals procedures set forth under applicable law (as in existence on March 23, 2010), and shall update such process in accordance with any standards established by the Secretary of Health and Human Services for such issuers.

(b) External review

A group health plan and a health insurance issuer offering group or individual health insurance coverage—

(1) shall comply with the applicable State external review process for such plans and issuers that, at a minimum, includes the consumer protections set forth in the Uniform External Review Model Act promulgated by the National Association of Insurance Commissioners and is binding on such plans; or

(2) shall implement an effective external review process that meets minimum standards established by the Secretary through guidance and that is similar to the process described under paragraph (1)—

(A) if the applicable State has not established an external review process that meets the requirements of paragraph (1); or

(B) if the plan is a self-insured plan that is not subject to State insurance regulation (including a State law that establishes an external review process described in paragraph (1)).

(c) Secretary authority

The Secretary may deem the external review process of a group health plan or health insurance issuer offering group or individual health insurance coverage—

(A) without the need for any prior authorization determination; and

(B) whether the health care provider furnishing such services is a participating provider with respect to such services;

(c) in a manner so that, if such services are provided to a participant, beneficiary, or enrollee—

(i) by a nonparticipating health care provider with or without prior authorization; or

(ii) such services will be provided without imposing any requirement under the plan for prior authorization of services or any limitation on coverage where the provider of services does not have a contractual relationship with the plan for the providing of services that is more restrictive than the requirements or limitations that apply to emergency department services received from providers who do have such a contractual relationship with the plan; and

(ii)(I) if such services are provided out-of-network, the cost-sharing requirement (expressed as a copayment amount or coinsurance rate) is the same requirement that would apply if such services were provided in-network;

(D) without regard to any other term or condition of such coverage (other than ex-

clusion or coordination of benefits, or an affiliation or waiting period, permitted under section 2701 of this Act, section 1181 of title 29, or section 9801 of title 26, and other than applicable cost-sharing).

(2) Definitions
In this subsection:

The term “emergency medical condition” means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition described in clause (i), (ii), or (iii) of section 1395dd(e)(1)(A) of this title.

(B) Emergency services
The term “emergency services” means, with respect to an emergency medical condition—

(i) a medical screening examination (as required under section 1395dd of this title) that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition, and

(ii) within the capabilities of the staff and facilities available at the hospital, such further medical examination and treatment as are required under section 1395dd of this title to stabilize the patient.

In the case of a person who has a child who is a participant, beneficiary, or enrollee under a group health plan, or health insurance coverage offered by a health insurance issuer in the group or individual market, if the plan or issuer requires or provides for the designation of a participating primary care provider for the child, the plan or issuer shall permit such person to designate a physician (allopathic or osteopathic) who specializes in pediatrics as the child’s primary care provider if such provider participates in the network of the plan or issuer.

(2) Construction
Nothing in paragraph (1) shall be construed to—

Such professional shall agree to otherwise adhere to such plan’s or issuer’s policies and procedures, including procedures regarding referrals and obtaining prior authorization and providing services pursuant to a treatment plan (if any) approved by the plan or issuer.

(B) Obstetrical and gynecological care
A group health plan or health insurance issuer described in paragraph (2) shall treat the provision of obstetrical and gynecological care, and the ordering of related obstetrical and gynecological items and services, pursuant to the direct access described under subparagraph (A), by a participating health care professional who specializes in obstetrics or gynecology as the authorization of the primary care provider.

(2) Application of paragraph
A group health plan, or health insurance issuer offering group or individual health insurance coverage, described in this paragraph is a group health plan or coverage that—

(A) provides coverage for obstetric or gynecologic care; and

(B) requires the designation by a participating, beneficiary, or enrollee of a participating primary care provider.

(3) Construction
Nothing in paragraph (1) shall be construed to—

waive any exclusions of coverage under the terms and conditions of the plan or health insurance coverage with respect to coverage of obstetrical or gynecological care; or

preclude the group health plan or health insurance issuer involved from requiring that the obstetrical or gynecological provider notify the primary care health care professional or the plan or issuer of treatment decisions.

(e) Application
The provisions of this section shall not apply with respect to a group health plan, health insurance issuers, or group or individual health insurance coverage with respect to plan years beginning on or after January 1, 2022.

(ii) Penalty not to apply to failures corrected within 30 days

No civil money penalty shall be imposed under this paragraph on any failure if such failure was due to reasonable cause and not to willful neglect, and such failure is corrected during the 30-day period beginning on the first day any of the entities against whom the penalty would be imposed knew, or exercising reasonable diligence would have known, that such failure existed.

(D) Administrative review

(i) Opportunity for hearing

The entity assessed shall be afforded an opportunity for hearing by the Secretary upon request made within 30 days after the date of the issuance of a notice of assessment. (ii) Hearing procedure

If a hearing is requested, the initial agency decision shall be made by an administrative law judge, and such decision shall become the final order unless the Secretary modifies or vacates the decision. Notice of intent to modify or vacate the decision of the administrative law judge shall be issued to the parties within 30 days after the date of the decision of the judge. A final order which takes effect under this paragraph shall be subject to review only as provided under subparagraph (E).

(ii) Certification of administrative record

The Secretary shall promptly certify and file in such court the record upon which the penalty was imposed.

The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence as provided by section 706(2)(E) of title 5.

Any final decision, order, or judgment of the district court concerning such review shall be subject to appeal as provided in chapter 83 of title 28.

(F) Failure to pay assessment; maintenance of action

(i) Failure to pay assessment

If any entity fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General who shall recover the amount assessed by action in the appropriate United States district court.

(ii) Nonreviewability

In such action the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

(G) Payment of penalties

Except as otherwise provided, penalties collected under this paragraph shall be paid to the Secretary (or other officer) imposing the penalty and shall be available without appropriation and until expended for the purpose of enforcing the provisions with respect to which the penalty was imposed.

(3) Enforcement authority relating to genetic discrimination

(A) General rule

In the cases described in paragraph (1), notwithstanding the provisions of paragraph (2)(C), the succeeding subparagraphs of this paragraph shall apply with respect to an action under this subsection by the Secretary with respect to any failure of a health insurance issuer in connection with a group health plan, to meet the requirements of subsection (a)(1)(F), (b)(3), (c), or (d) of section 2702 or section 2701 or 2702(b)(1) with respect to genetic information in connection with the plan.

(II) ending on the date the failure is corrected.

(C) Minimum penalties where failure discovered

Notwithstanding clauses (i) and (ii) of subparagraph (D):

(i) In general

In the case of 1 or more failures with respect to an individual—
(I) which are not corrected before the date on which the plan receives a notice from the Secretary of such violation; and

(II) which occurred or continued during the period involved;

the amount of penalty imposed by subparagraph (A) by reason of such failures with respect to such individual shall not be less than $2,500.

(ii) Higher minimum penalty where violations are more than de minimis

To the extent violations for which any person is liable under this paragraph for any year are more than de minimis, clause (i) shall be applied by substituting "$15,000" for "$2,500" with respect to such person.

(D) Limitations

(i) Penalty not to apply where failure not discovered exercising reasonable diligence

No penalty shall be imposed by subparagraph (A) on any failure during any period for which it is established to the satisfaction of the Secretary that the person otherwise liable for such penalty did not know, and exercising reasonable diligence would not have known, that such failure existed.

(ii) Penalty not to apply to failures corrected within certain periods

No penalty shall be imposed by subparagraph (A) on any failure if—

(I) such failure was due to reasonable cause and not to willful neglect; and

(II) such failure is corrected on or before the 30-day period beginning on the first date the person otherwise liable for such penalty knew, or exercising reasonable diligence would have known, that such failure existed.

(iii) Overall limitation for unintentional failures

In the case of failures which are due to reasonable cause and not to willful neglect, the penalty imposed by subparagraph (A) for failures shall not exceed the amount equal to the lesser of—

(II) $500,000.

(E) Waiver by Secretary

In the case of a failure which is due to reasonable cause and not to willful neglect, the Secretary may waive part or all of the penalty imposed by subparagraph (A) to the extent that the payment of such penalty would be excessive relative to the failure involved.

(A) No lifetime limit

If the plan or coverage does not include an aggregate lifetime limit on substantially all medical and surgical benefits, the plan or coverage may not impose any aggregate life-
time limit on mental health or substance use disorder benefits.

(B) Lifetime limit

If the plan or coverage includes an aggregate lifetime limit on substantially all medical and surgical benefits (in this paragraph referred to as the “applicable lifetime limit”), the plan or coverage shall either—

(i) apply the applicable lifetime limit both to the medical and surgical benefits to which it otherwise would apply and to mental health and substance use disorder benefits and not distinguish in the application of such limit between such medical and surgical benefits and mental health and substance use disorder benefits; or

(ii) not include any aggregate lifetime limit on mental health or substance use disorder benefits that is less than the applicable lifetime limit.

(C) Rule in case of different limits

In the case of a plan or coverage that is not described in subparagraph (A) or (B) and that includes no or different aggregate lifetime limits on different categories of medical and surgical benefits, the Secretary shall establish rules under which subparagraph (B) is applied to such plan or coverage with respect to mental health and substance use disorder benefits by substituting for the applicable lifetime limit an average aggregate lifetime limit that is computed taking into account the weighted average of the aggregate lifetime limits applicable to such categories.

(2) Annual limits

In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits—

(A) No annual limit

If the plan or coverage does not include an annual limit on substantially all medical and surgical benefits, the plan or coverage may not impose any annual limit on mental health or substance use disorder benefits.

(B) Annual limit

If the plan or coverage includes an annual limit on substantially all medical and surgical benefits (in this paragraph referred to as the “applicable annual limit”), the plan or coverage shall either—

(i) apply the applicable annual limit both to medical and surgical benefits to which it otherwise would apply and to mental health and substance use disorder benefits and not distinguish in the application of such limit between such medical and surgical benefits and mental health and substance use disorder benefits; or

(ii) not include any annual limit on mental health or substance use disorder benefits that is less than the applicable annual limit.

(C) Rule in case of different limits

In the case of a plan or coverage that is not described in subparagraph (A) or (B) and that includes no or different annual limits on different categories of medical and surgical benefits, the Secretary shall establish rules under which subparagraph (B) is applied to such plan or coverage with respect to mental health and substance use disorder benefits by substituting for the applicable annual limit an average annual limit that is computed taking into account the weighted average of the annual limits applicable to such categories.

(3) Financial requirements and treatment limitations

(A) In general

In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits, such plan or coverage shall ensure that—

(i) the financial requirements applicable to such mental health or substance use disorder benefits are no more restrictive than the predominant financial requirements applied to substantially all medical and surgical benefits covered by the plan (or coverage), and there are no separate cost sharing requirements that are applicable only with respect to mental health or substance use disorder benefits; and

(ii) the treatment limitations applicable to such mental health or substance use disorder benefits are no more restrictive than the predominant treatment limitations applied to substantially all medical and surgical benefits covered by the plan (or coverage) and there are no separate treatment limitations that are applicable only with respect to mental health or substance use disorder benefits.

(B) Definitions

In this paragraph:

(i) Financial requirement

(iii) Treatment limitation

The term “treatment limitation” includes limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment.

(4) Availability of plan information

The criteria for medical necessity determinations made under the plan with respect to mental health or substance use disorder benefits (or the health insurance coverage offered in connection with the plan with respect to
such benefits) shall be made available by the plan administrator (or the health insurance issuer offering such coverage) in accordance with regulations to any current or potential participant, beneficiary, or contracting provider. The reason for any denial under the plan (or coverage) of reimbursement or payment for services with respect to mental health or substance use disorder benefits in the case of any participant or beneficiary shall, on request or as otherwise required, be made available by the plan administrator (or the health insurance issuer offering such coverage) to the participant or beneficiary in accordance with regulations.

(5) Out-of-network providers

In the case of a plan or coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits, if the plan or coverage provides coverage for medical or surgical benefits provided by out-of-network providers, the plan or coverage shall provide coverage for mental health or substance use disorder benefits provided by out-of-network providers in a manner that is consistent with the requirements of this section.

(I) examples illustrating requirements for information disclosures and nonquantitative treatment limitations; and

(II) descriptions of the violations uncovered during the course of such investigations.

(ii) Nonquantitative treatment limitations

Prior to issuing any final guidance under this paragraph, the Secretary shall provide a public comment period of not less than 60 days during which any member of the public may provide comments on a draft of the guidance.

(8) Compliance requirements

(A) Nonquantitative treatment limitation (NQTL) requirements

In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits and that imposes nonquantitative treatment limitations (referred to in this section as "NQTLs") on mental health or substance use disorder benefits, such plan or issuer shall perform and document comparative analyses of the design and application of NQTLs and, beginning 45 days after December 27, 2020, make available to the applicable State authority (or, as applicable, to the Secretary of Labor or the Secretary of Health and Human Services), upon request, the comparative analyses and the following information:

(iii) State

The Secretary shall share information on findings of compliance and noncompliance discovered upon reviewing the comparative analyses requested under subparagraph (B)(i) shall be shared with the State where the group health plan is located or the State where the health insurance issuer is licensed to do business for coverage offered by a health insurance issuer in the group market, in accordance with paragraph (6)(B)(iii)(I).

(b) Construction

Nothing in this section shall be construed—

(1) as requiring a group health plan or a health insurance issuer offering group or individual health insurance coverage to provide any mental health or substance use disorder benefits; or

(2) in the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides mental health or substance use disorder benefits, as affecting the terms and conditions of the plan or coverage relating to such benefits under the plan or coverage, except as provided in subsection (a).

(i) 2 percent in the case of the first plan year in which this section is applied; and

(ii) 1 percent in the case of each subsequent plan year.

(II) a summary of the data received under clause (ii).

(F) Audits by appropriate agencies

To determine compliance with this paragraph, the Secretary may audit the books and records of a group health plan or health insurance issuer relating to an exemption, including any actuarial reports prepared pursuant to subparagraph (C), during the 6-year period following the notification of such exemption under subparagraph (E). A State agency receiving a notification under subparagraph (E) may also conduct such an audit with respect to an exemption covered by such notification.

**Mental Health and Substance Use Disorder Parity Task Force**

Memorandum of President of the United States, Mar. 29, 2016, 81 F.R. 19015, provided:

Memorandum for the Heads of Executive Departments and Agencies

My Administration has made behavioral health a priority and taken a number of steps to improve the prevention, early intervention, and treatment of mental health and substance use disorders. These actions are especially important in light of the prescription drug abuse and heroin epidemic as well as the suicide and substance use-related fatalities that have reversed increases in longevity in certain populations. One important response has been the expansion and implementation of mental health and substance use disorder parity protections to ensure that coverage for these benefits is comparable to coverage for medical and surgical care. The Affordable Care Act builds on the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act to expand mental health and substance use disorder benefits and Federal parity protections for more than 60 million Americans. To realize the promise of coverage expansion and parity protections in helping individuals with mental health and substance use disorders, executive departments and agencies need to work together to ensure that Americans are benefiting from the Federal parity protections the law intends. To that end, I hereby direct the following:

**Section 1. Mental Health and Substance Use Disorder Parity Task Force.** There is established an interagency Mental Health and Substance Use Disorder Parity Task Force (Task Force), which will identify and promote best practices for executive departments and agencies (agencies), as well as State agencies, to better ensure compliance with and implementation of requirements related to mental health and substance use disorder parity, and determine areas that would benefit from further guidance. The Director of the Domestic Policy Council shall serve as Chair of the Task Force.

(a) Membership of the Task Force. In addition to the Director of the Domestic Policy Council, the Task Force shall consist of the heads of the following agencies and offices, or their designees:

(i) the Department of the Treasury;

(ii) the Department of Defense;
(iii) the Department of Justice;
(iv) the Department of Labor;
(v) the Department of Health and Human Services;
(vi) the Department of Veterans Affairs;
(vii) the Office of Personnel Management;
(viii) the Office of National Drug Control Policy; and
(ix) such other agencies or offices as the President may designate.

At the request of the Chair, the Task Force may establish subgroups consisting exclusively of Task Force members or their designees under this section, as appropriate.

(b) Administration of the Task Force. The Department of Health and Human Services shall provide funding and administrative support for the Task Force to the extent permitted by law and within existing appropriations.

Sec. 2. Mission and Functions of the Task Force. The Task Force shall coordinate across agencies to:
(a) identify and promote best practices for compliance and implementation;
(b) identify and address gaps in guidance, particularly with regard to substance use disorder parity; and
(c) implement actions during its tenure and at its conclusion to advance parity in mental health and substance use disorder treatment.

Sec. 3. Outreach. Consistent with the objectives set out in section 2 of this memorandum, the Task Force, in accordance with applicable law, shall conduct outreach to patients, consumer advocates, health care providers, specialists in mental health care and substance use disorder treatment, employers, insurers, State regulators, and other stakeholders as the Task Force deems appropriate.

Sec. 4. Transparency and Reports. The Task Force shall present to the President a report before October 31, 2016, on its findings and recommendations, which shall be made public.

Sec. 5. General Provisions. (a) The heads of agencies shall assist and provide information to the Task Force, consistent with applicable law, as may be necessary to carry out the functions of the Task Force.

(b) Nothing in this memorandum shall be construed to impair or otherwise affect:
(i) the authority granted by law to an executive department, agency, or the head thereof; or
(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(e) The Secretary of Health and Human Services is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

(c) Notice

A group health plan, and a health insurance issuer that offers group or individual health insurance coverage, shall include, with any notice regarding a requirement for certification of student status for coverage under the plan or coverage, a description of the terms of this section for continued coverage during medically necessary leaves of absence. Such description shall be in language which is understandable to the typical plan participant.

(d) No change in benefits

A dependent child whose benefits are continued under this section shall be entitled to the same benefits as if (during the medically necessary leave of absence) the child continued to be a covered student at the institution of higher education and was not on a medically necessary leave of absence.

(e) Continued application in case of changed coverage

If—

(1) a dependent child of a participant or beneficiary is in a period of coverage under a group health plan or individual health insurance coverage, pursuant to a medically necessary leave of absence of the child described in subsection (b);

(2) the manner in which the participant or beneficiary is covered under the plan or coverage, whether through a change in health insurance coverage or health insurance coverage, or otherwise; and

(3) the coverage as so changed continues to provide coverage of beneficiaries as dependent children,

this section shall apply to coverage of the child under the changed coverage or the remainder of the period of the medically necessary leave of absence of the dependent child under the plan in the same manner as it would have applied if the changed coverage had been the previous coverage.

(a) Guaranteed availability

(1) In general

Subject to the succeeding subsections of this section and section 300gg–44 of this title, each health insurance issuer that offers health insurance coverage (as defined in section 300gg–91(b)(1) of this title in the individual market in a State may not, with respect to an eligible individual (as defined in subsection (b)) desiring to enroll in individual health insurance coverage—

(2) Substitution by State of acceptable alternative mechanism

The requirement of paragraph (1) shall not apply to health insurance coverage offered in the individual market in a State in which the State is implementing an acceptable alternative mechanism under section 300gg–44 of this title.

(b) “Eligible individual” defined

In this part, the term “eligible individual” means an individual—

(1)(A) for whom, as of the date on which the individual seeks coverage under this section, the aggregate of the periods of creditable coverage (as defined in section 2701(c))\textsuperscript{1} is 18 or more months and (B) whose most recent prior creditable coverage was under a group health plan, governmental plan, or church plan (or health insurance coverage offered in connection with any such plan);

(5) who, if the individual elected such continuation coverage, has exhausted such continuation coverage under such provision or program.

(c) Alternative coverage permitted where no State mechanism

(1) In general

In the case of health insurance coverage offered in the individual market in a State in which the State is not implementing an acceptable alternative mechanism under section 300gg–44 of this title, the health insurance issuer may elect to limit the coverage offered under subsection (a) so long as it offers at least two different policy forms of health insurance coverage both of which—

(A) are designed for, made generally available to, and actively marketed to, and enroll both eligible and other individuals by the issuer; and

(B) meet the requirement of paragraph (2) or (3), as elected by the issuer.

For purposes of this subsection, policy forms which have different cost-sharing arrangements or different riders shall be considered to be different policy forms.

(2) Choice of most popular policy forms

The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers the policy forms for individual health insurance coverage with the largest, and next to largest, premium volume of all such policy forms offered by the issuer in the State or applicable marketing or service area (as may be prescribed in regulation) by the issuer in the individual market in the period involved.

(3) Choice of 2 policy forms with representative coverage

(A) In general

The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers a lower-level coverage policy form (as defined in subparagraph (B)) and a higher-level coverage policy form (as defined in subparagraph (C)) each of which includes benefits substantially similar to other individual health insurance coverage offered by the issuer in that State and each of which is covered under a method described in section 300gg–44(c)(3)(A) of this title (relating to risk adjustment, risk spreading, or financial subsidization).

(B) Lower-level of coverage described

A policy form is described in this subparagraph if the actuarial value of the benefits under the coverage is at least 85 percent but not greater than 100 percent of a weighted average (described in subparagraph (D)).

(C) Higher-level of coverage described

A policy form is described in this subparagraph if—

(i) the actuarial value of the benefits under the coverage is at least 15 percent greater than the actuarial value of the coverage described in subparagraph (B) offered by the issuer in the area involved; and

(ii) the actuarial value of the benefits under the coverage is at least 100 percent but not greater than 120 percent of a weighted average (described in subparagraph (D)).

(D) Weighted average

For purposes of this paragraph, the weighted average described in this subparagraph is the average actuarial value of the benefits provided by all the health insurance coverage issued (as elected by the issuer) either by that issuer or by all issuers in the State in the individual market during the previous year (not including coverage issued under this section), weighted by enrollment for the different coverage.

(4) Election

The issuer elections under this subsection shall apply uniformly to all eligible individuals in the State for that issuer. Such an election shall be effective for policies offered during a period of not shorter than 2 years.

(5) Assumptions

For purposes of paragraph (3), the actuarial value of benefits provided under individual

\textsuperscript{1} See References in Text note below.
health insurance coverage shall be calculated based on a standardized population and a set of standardized utilization and cost factors.

(d) Special rules for network plans

(1) In general

In the case of a health insurance issuer that offers health insurance coverage in the individual market through a network plan, the issuer may—

(A) limit the individuals who may be enrolled under such coverage to those who live, reside, or work within the service area for such network plan; and

(B) within the service area of such plan, deny such coverage to such individuals if the issuer has demonstrated, if required, to the applicable State authority that—

(i) it will not have the capacity to deliver services adequately to additional individuals because of its obligations to existing group contract holders and enrollees and individual enrollees, and

(ii) it is applying this paragraph uniformly to individuals without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) 180-day suspension upon denial of coverage

An issuer, upon denying health insurance coverage in any service area in accordance with paragraph (1)(B), may not offer coverage in the individual market within such service area for a period of 180 days after such coverage is denied.

(e) Market requirements

(1) In general

The provisions of subsection (a) shall not be construed to require that a health insurance issuer offering health insurance coverage only in connection with group health plans or through one or more bona fide associations, or both, offer such health insurance coverage in the individual market.

(2) Conversion policies

A health insurance issuer offering health insurance coverage in connection with group health plans under this subchapter shall not be deemed to be a health insurance issuer offering individual health insurance coverage solely because such issuer offers a conversion policy.

(f) Construction

Nothing in this section shall be construed—

(1) to restrict the amount of the premium rates that an issuer may charge an individual for health insurance coverage provided in the individual market under applicable State law;

(2) to prevent a health insurance issuer offering health insurance coverage in the individual market from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

§ 300gg–42. Guaranteed renewability of individual health insurance coverage

(a) In general

Except as provided in this section, a health insurance issuer that provides individual health insurance coverage to an individual shall renew or continue in force such coverage at the option of the individual.

(b) General exceptions

A health insurance issuer may nonrenew or discontinue health insurance coverage of an individual in the individual market based only on one or more of the following:

(1) Nonpayment of premiums

The individual has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.

(2) Fraud

The individual has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

(3) Termination of plan

The issuer is ceasing to offer coverage in the individual market in accordance with subsection (c) and applicable State law.

(4) Movement outside service area

In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, the individual no longer resides, lives, or works in the service area (or in an area for which the issuer is authorized to do business) but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of enrolled individuals.

(5) Association membership ceases

In the case of health insurance coverage that is made available in the individual market only through one or more bona fide associations, the membership of the individual in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

(c) Requirements for uniform termination of coverage

(1) Particular type of coverage not offered

In any case in which an issuer decides to discontinue offering a particular type of health insurance coverage offered in the individual market, coverage of such type may be discontinued by the issuer only if—

(A) the issuer provides notice to each covered individual provided coverage of this type in such market of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the issuer offers to each individual in the individual market provided coverage of this type, the option to purchase any other individual health insurance coverage currently being offered by the issuer for individuals in such market; and

(C) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

(2) Discontinuance of all coverage

(A) In general

Subject to subparagraph (C), in any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in a State, health insurance coverage may be discontinued by the issuer only if—

(i) the issuer provides notice to the applicable State authority and to each individual of such discontinuation at least 180 days prior to the date of the expiration of such coverage, and

(ii) all health insurance issued or delivered for issuance in the State in such market are discontinued and coverage under such health insurance coverage in such market is not renewed.

(B) Prohibition on market reentry

In the case of a discontinuation under subparagraph (A) in the individual market, the issuer may not provide for the issuance of any health insurance coverage in the market and State involved during the 5-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

(d) Exception for uniform modification of coverage

At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a policy form offered to individuals in the individual market so long as such modification is consistent with State law and effective on a uniform basis among all individuals with that policy form.

(e) Application to coverage offered only through associations

In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an “individual” is deemed to include a reference to such an association (of which the individual is a member).

(3) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

§ 300gg–44. State flexibility in individual market reforms
(a) Waiver of requirements where implementation of acceptable alternative mechanism
(1) In general
The requirements of section 300gg–41 of this title shall not apply with respect to health insurance coverage offered in the individual market in the State so long as a State is found to be implementing, in accordance with this section and consistent with section 300gg–62(b) of this title, an alternative mechanism (in this section referred to as an “acceptable alternative mechanism”)—
(A) under which all eligible individuals are provided a choice of health insurance coverage;
(B) under which such coverage does not impose any preexisting condition exclusion with respect to such coverage;
(C) under which such choice of coverage includes at least one policy form of coverage that is comparable to comprehensive health insurance coverage offered in the individual market in such State or that is comparable to a standard option of coverage available under the group or individual health insurance laws of such State, and
(D) in a State which is implementing—
(i) a model act described in subsection (c)(1),
(ii) a qualified high risk pool described in subsection (c)(2), or
(iii) a mechanism described in subsection (c)(3).
(2) Permissible forms of mechanisms
A private or public individual health insurance mechanism (such as a health insurance coverage pool or programs, mandatory group conversion policies, guaranteed issue of one or more plans of individual health insurance coverage, or open enrollment by one or more health insurance issuers), or combination of such mechanisms, that is designed to provide access to health benefits for individuals in the individual market in the State in accordance with this section may constitute an acceptable alternative mechanism.
(b) Application of acceptable alternative mechanisms
(1) Presumption
(A) In general
Subject to the succeeding provisions of this subsection, a State is presumed to be implementing an acceptable alternative mechanism in accordance with this section as of July 1, 1997, if, by not later than April 1, 1997, the chief executive officer of a State—
(i) notifies the Secretary that the State has enacted or intends to enact (by not later than January 1, 1998, or July 1, 1998, in the case of a State described in subparagraph (B)(ii)) any necessary legislation to provide for the implementation of a mechanism reasonably designed to be an acceptable alternative mechanism as of January 1, 1998, or (in the case of a State described in subparagraph (B)(ii)) July 1, 1998; and
(ii) provides the Secretary with such information as the Secretary may require to review the mechanism and its implementation (or proposed implementation) under this subsection.
(B) Delay permitted for certain States
(i) Effect of delay
In the case of a State described in clause (ii) that provides notice under subparagraph (A)(i), for the presumption to continue on and after July 1, 1998, the chief executive officer of the State by April 1, 1998—
(I) must notify the Secretary that the State has enacted any necessary legislation to provide for the implementation of a mechanism reasonably designed to be an acceptable alternative mechanism as of July 1, 1998; and

1 See References in Text note below.

2 So in original. The comma probably should not appear.
(II) must provide the Secretary with such information as the Secretary may require to review the mechanism and its implementation (or proposed implementation) under this subsection.

(ii) States described

A State described in this clause is a State that has a legislature that does not meet within the 12-month period beginning on August 21, 1996.

(C) Continued application

In order for a mechanism to continue to be presumed to be an acceptable alternative mechanism, the State shall provide the Secretary every 3 years with information described in subparagraph (A)(ii) or (B)(ii) (as the case may be).

(2) Notice

If the Secretary finds, after review of information provided under paragraph (1) and in consultation with the chief executive officer of the State and the insurance commissioner or chief insurance regulatory official of the State, that such a mechanism is not an acceptable alternative mechanism or is not (or no longer) being implemented, the Secretary—

(A) shall notify the State of—

(i) such preliminary determination, and

(ii) the consequences under paragraph (3) of a failure to implement such a mechanism;

and

(B) shall permit the State a reasonable opportunity in which to modify the mechanism (or to adopt another mechanism) in a manner so that may be an acceptable alternative mechanism or to provide for implementation of such a mechanism.

(3) Final determination

If, after providing notice and opportunity under paragraph (2), the Secretary finds that the mechanism is not an acceptable alternative mechanism or the State is not implementing such a mechanism, the Secretary shall notify the State that the State is no longer considered to be implementing an acceptable alternative mechanism and that the requirements of section 300gg–41 of this title shall apply to health insurance coverage offered, sold, issued, renewed, in effect, or operated in the individual market effective 90 days after the end of such period, subject to the second sentence of paragraph (1).

(c) Provision related to risk

(1) Adoption of NAIC models

The model act referred to in subsection (a)(1)(D)(i) is the Small Employer and Individual Health Insurance Availability Model Act (adopted by the National Association of Insurance Commissioners on June 3, 1996) insofar as it applies to individual health insurance coverage or the Individual Health Insurance Portability Model Act (also adopted by such Association on such date).

(2) Qualified high risk pool

For purposes of subsection (a)(1)(D)(ii), a “qualified high risk pool” described in this paragraph is a high risk pool that—

(A) provides to all eligible individuals health insurance coverage (or comparable coverage) that does not impose any pre-existing condition exclusion with respect to such coverage for all eligible individuals,

(B) provides for premium rates and covered benefits for such coverage consistent with standards included in the NAIC Model Health Plan for Uninsurable Individuals Act (as in effect as of August 21, 1996).

(3) Other mechanisms

For purposes of subsection (a)(1)(D)(iii), a mechanism described in this paragraph—

(A) provides for risk adjustment, risk spreading, or a risk spreading mechanism (among issuers or policies of an issuer) or otherwise provides for some financial subsidization for eligible individuals, including through assistance to participating issuers; or

(B) is a mechanism under which each eligible individual is provided a choice of all individual health insurance coverage otherwise available.

(4) Limitation on secretarial authority

The Secretary shall not make a determination under paragraph (2) or (3) on any basis other than the basis that a mechanism is not an acceptable alternative mechanism or is not being implemented.

(5) Future adoption of mechanisms

If a State, after January 1, 1997, submits the notice and information described in paragraph (1), unless the Secretary makes a finding described in paragraph (3) within the 90-day period beginning on the date of submission of the notice and information, the mechanism shall be considered to be an acceptable alternative mechanism for purposes of this section, effective 90 days after the end of such period, subject to the second sentence of paragraph (1).
§ 300gg–45

RELIEF FOR HIGH RISK POOLS

(a) Seed grants to States

The Secretary shall provide from the funds appropriated under subsection (d)(1)(A) a grant of up to $1,000,000 to each State that has not created a qualified high risk pool as of February 10, 2006, for the State’s costs of creation and initial operation of such a pool.

(b) Grants for operational losses

(1) In general

In the case of a State that has established a qualified high risk pool that—

(A) restricts premiums charged under the pool to no more than 200 percent of the premium for applicable standard risk rates;

(B) offers a choice of two or more coverage options through the pool; and

(C) has in effect a mechanism reasonably designed to ensure continued funding of losses incurred by the State in connection with operation of the pool after the end of the last fiscal year for which a grant is provided under this paragraph;

the Secretary shall provide, from the funds appropriated under paragraphs (1)(B)(i) and (2)(A) of subsection (d) and allotted to the State under paragraph (2), a grant for the losses incurred by the State in connection with the operation of the pool.

(2) Allotment

Subject to paragraph (4), the amounts appropriated under paragraphs (1)(B)(i) and (2)(A) of subsection (d) for a fiscal year shall be allotted and made available to the States (or the entities that operate the high risk pool under applicable State law) that qualify for a grant under paragraph (1) as follows:

(A) An amount equal to 40 percent of such appropriated amount for the fiscal year shall be allotted in equal amounts to each qualifying State that is one of the 50 States or the District of Columbia and that applies for a grant under this subsection.

(B) An amount equal to 30 percent of such appropriated amount for the fiscal year shall be allotted among qualifying States that apply for such a grant so that the amount allotted to such a State bears the same ratio to such appropriated amount as the number of uninsured individuals in the State bears to the total number of uninsured individuals (as determined by the Secretary) in all qualifying States that so apply.

(C) An amount equal to 30 percent of such appropriated amount for the fiscal year shall be allotted among qualifying States that apply for such a grant so that the amount allotted to a State bears the same ratio to such appropriated amount as the number of individuals enrolled in health care coverage through the qualified high risk pool of the State bears to the total number of individuals so enrolled through qualified high risk pools (as determined by the Secretary) in all qualifying States that so apply.

(3) Special rule for pools charging higher premiums

In the case of a qualified high risk pool of a State which charges premiums that exceed 150 percent of the premium for applicable standard risks, the State shall use at least 50 percent of the amount of the grant provided to the State to carry out this subsection to reduce premiums for enrollees.

(4) Limitation for territories

In no case shall the aggregate amount allotted and made available under paragraph (2) for a fiscal year to States that are not the 50 States or the District of Columbia exceed $1,000,000.

(c) Bonus grants for supplemental consumer benefits

(1) In general

In the case of a State that is one of the 50 States or the District of Columbia, that has established a qualified high risk pool, and that is receiving a grant under subsection (b)(1), the Secretary shall provide, from the funds appropriated under paragraphs (1)(B)(ii) and (2)(B) of subsection (d) and allotted to the State under paragraph (3), a grant to be used to provide supplemental consumer benefits to enrollees or potential enrollees (or defined subsets of such enrollees or potential enrollees) in qualified high risk pools.

(2) Benefits

A State shall use amounts received under a grant under this subsection to provide one or more of the following benefits:

(A) Low-income premium subsidies.

(B) A reduction in premium trends, actual premiums, or other cost-sharing requirements.

(C) An expansion or broadening of the pool of individuals eligible for coverage, such as through eliminating waiting lists, increasing enrollment caps, or providing flexibility in enrollment rules.

(D) Less stringent rules, or additional waiver authority, with respect to coverage of pre-existing conditions.

(E) Increased benefits.

(F) The establishment of disease management programs.

(3) Allotment; limitation

The Secretary shall allot funds appropriated under paragraphs (1)(B)(ii) and (2)(B) of subsection (d) among States qualifying for a grant under paragraph (1) in a manner specified by the Secretary, but in no case shall the amount so allotted to a State for a fiscal year exceed 10 percent of the funds so appropriated for the fiscal year.

(4) Rule of construction

Nothing in this subsection shall be construed to prohibit a State that, on February 10, 2006, is in the process of implementing a program to provide benefits of the type described in paragraph (2), from being eligible for a grant under this subsection.

(d) Funding

(1) Appropriation for fiscal year 2006

(c) Determination of out-of-network rates to be paid by health plans; independent dispute resolution process

(1) Determination through open negotiation

(A) In general

With respect to an item or service furnished in a year by a nonparticipating provider or a nonparticipating facility, with respect to a group health plan or health insurance issuer offering group or individual health insurance coverage, in a State described in subsection (a)(3)(K)(i) with respect to such plan or coverage and provider or facility, and for which a payment is required to be made by the plan or coverage pursuant to subsection (a)(1) or (b)(1), the provider or facility (as applicable) or plan or coverage may, during the 30-day period beginning on the day the provider or facility receives an initial payment or a notice of denial of payment from the plan or coverage regarding a claim for payment for such item or service, initiate open negotiations under
this paragraph between such provider or facili-
ty and plan or coverage for purposes of de-
termining, during the open negotiation pe-
tiod, an amount agreed on by such provider or facility, respectively, and such plan or coverage for payment (including any cost sharing) for such item or service. For pur-
poses of this subsection, the open negotia-
tion period, with respect to an item or serv-

cie, is the 30-day period beginning on the date of initiation of the negotiations with respect to such item or service.

(B) Accessing independent dispute resolution process in case of failed negotiations

In the case of open negotiations pursuant to subparagraph (A), with respect to an item or service, that do not result in a determination of an amount of payment for such item or service by the last day of the open negotia-
tion period described in such subpara-
graph with respect to such item or service, the provider or facility (as applicable) or group health plan or health insurance issuer offering group or individual health insurance coverage that was party to such negotia-
tions may, during the 4-day period beginning on the day after such open negotiation pe-
tiod, initiate the independent dispute resolu-
tion process under paragraph (2) with respect to such item or service. The independent dispute resolution process shall be initiated by a party pursuant to the previous sentence by submission to the other party and to the Secretary of a notification (containing such information as specified by the Secretary) and for purposes of this subsection, the date of initiation of such process shall be the date of such submission or such other date specified by the Secretary pursuant to regulations that is not later than the date of receipt of such notification by both the other party and the Secretary.

(2) Independent dispute resolution process available in case of failed open negotia-
tions

(A) Establishment

Not later than 1 year after December 27, 2020, the Secretary, jointly with the Sec-

etary of Labor and the Secretary of the Sec-

etary of Labor and the Secretary of the Sec-

ary of Labor and the Secretary of the Sec-

ary of Labor and the Secretary of the Sec-
dary of the Secretariat, shall establish by regulation one independent dispute resolution process (referred to in this subsection as the “IDR process”) under which, in the case of an item or service with respect to which a provider or facility (as applicable) or group health plan or health insurance issuer offering group or individual health insurance coverage submits a notification under paragraph (1)(B) (in this subsection referred to as a “qualified IDR item or service”), a cer-

ified IDR entity under paragraph (4) deter-
mes, subject to subparagraph (B) and in ac-
cordance with the succeeding provisions of this subsection, the amount of payment under the plan or coverage for such item or service furnished by such provider or facility.

(B) Authority to continue negotiations

Under the independent dispute resolution process, in the case that the parties to a de-
termination for a qualified IDR item or serv-

ice agree on a payment amount for such item or service during such process but be-

fore the date on which the entity selected with respect to such determination under paragraph (4) makes such determination under paragraph (5), such amount shall be treated for purposes of subsection (a)(3)(K)(ii) as the amount agreed to by such parties for such item or service. In the case of an agreement described in the previous sentence, the independent dispute resolution process shall provide for a method to deter-

mine how to allocate between the parties to such determination the payment of the com-

pensation of the entity selected with respect to such determination.

(C) Clarification

A nonparticipating provider may not, with respect to an item or service furnished by such provider, submit a notification under paragraph (1)(B) if such provider is exempt from the requirement under subsection (a) of section 300gg-132 of this title with respect to such item or service pursuant to subsection (b) of such section.

(3) Treatment of batching of items and services

(A) In general

Under the IDR process, the Secretary shall specify criteria under which multiple quali-

fied IDR dispute items and services are per-

mitted to be considered jointly as part of a single determination by an entity for pur-

poses of encouraging the efficiency (includ-

ing minimizing costs) of the IDR process.

Such items and services may be so consid-

ered only if—

(i) such items and services to be included

in such determination are furnished by the

same provider or facility;

(ii) payment for such items and services

is required to be made by the same group

health plan or health insurance issuer;

(iii) such items and services are related

to the treatment of a similar condition; and

(iv) such items and services were fur-

nished during the 30 day period following

the date on which the first item or service

was furnished or an alternative period as
determined by the Secretary, for use in
limited situations, such as by the consent of the parties or in the case of low-volume
items and services, to encourage proce-
dural efficiency and minimize health plan
and provider administrative costs.

(B) Treatment of bundled payments

In carrying out subparagraph (A), the Sec-
tary shall provide that, in the case of items and services which are included by a provider or facility as part of a bundled pay-
ment, such items and services included in

such bundled payment may be part of a sin-

gle determination under this subsection.

*So in original. Probably should be “30-day”.*
§ 300gg–111  

(4) Certification and selection of IDR entities

(A) In general

The Secretary, in consultation with the Secretary of Labor and Secretary of the Treasury, shall establish a process to certify (including to recertify) entities under this paragraph. Such process shall ensure that an entity so certified—

(v) maintains the confidentiality (in accordance with regulations promulgated by the Secretary) of individually identifiable health information obtained in the course of conducting such determinations;

(vi) does not under the IDR process carry out any determination with respect to which the entity would not pursuant to subparagraph (I), (II), or (III) of subparagraph (F)(i) be eligible for selection; and

(vii) meets such other requirements as determined appropriate by the Secretary.

(B) Period of certification

Subject to subparagraph (C), each certification (including a recertification) of an entity under the process described in subparagraph (A) shall be for a 5-year period.

(C) Revocation

A certification of an entity under this paragraph may be revoked under the process described in subparagraph (A) if the entity has a pattern or practice of noncompliance with any of the requirements described in such subparagraph.

(D) Petition for denial or withdrawal

The process described in subparagraph (A) shall ensure that an individual, provider, facility, or group health plan or health insurance issuer offering group or individual health insurance coverage may petition for a denial of a certification or a revocation of a certification with respect to an entity under this paragraph for failure of meeting a requirement of this subsection.

(E) Sufficient number of entities

The process described in subparagraph (A) shall ensure that a sufficient number of entities are certified under this paragraph to ensure the timely and efficient provision of determinations described in paragraph (5).

(F) Selection of certified IDR entity

The Secretary shall, with respect to the determination of the amount of payment under this subsection of an item or service, provide for a method—

(i) that allows for the group health plan or health insurance issuer offering group or individual health insurance coverage and the nonparticipating provider or the nonparticipating emergency facility (as applicable) involved in a notification under paragraph (1)(B) to jointly select, not later than the last day of the 3-business day period following the date of the initiation of the process with respect to such item or service, for purposes of making such determination, an entity certified under this paragraph that—

(I) is not a party to such determination or an employee or agent of such a party;

(II) does not have a material familial, financial, or professional relationship with such a party; and

(III) does not otherwise have a conflict of interest with such a party (as determined by the Secretary); and

(ii) that requires, in the case such parties do not make such selection by such last day, the Secretary to, not later than 6 business days after such date of initiation—

(I) select such an entity that satisfies subclauses (I) through (III) of clause (i); 

and

(II) provide notification of such selection to the provider or facility (as applicable) and the plan or issuer (as applicable) party to such determination.

An entity selected pursuant to the previous sentence to make a determination described in such sentence shall be referred to in this subsection as the “certified IDR entity” with respect to such determination.

(5) Payment determination

(A) In general

Not later than 30 days after the date of selection of the certified IDR entity with respect to a determination for a qualified IDR item or service, the certified IDR entity shall—

(i) taking into account the considerations specified in subparagraph (C), select one of the offers submitted under subparagraph (B) to be the amount of payment for such item or service determined under this subsection for purposes of subsection (a)(1) or (b)(1), as applicable; and

(ii) notify the provider or facility and the group health plan or health insurance issuer offering group or individual health insurance coverage party to such determination of the offer selected under clause (i).

(I) an offer for a payment amount for such item or service furnished by such provider or facility; and

(II) such information as requested by the certified IDR entity relating to such offer; and

(ii) may each submit to the certified IDR entity with respect to such determination any information relating to such offer submitted by either party, including information relating to any circumstance described in subparagraph (C)(ii).

(C) Considerations in determination

(i) In general

In determining which offer is the payment to be applied pursuant to this paragraph, the certified IDR entity, with respect to the determination for a qualified IDR item or service shall consider—

(I) the qualifying payment amounts (as defined in subsection (a)(3)(E)) for the applicable year for items or services that are comparable to the qualified IDR item or service and that are furnished in the same geographic region (as defined by the Secretary for purposes of such subsection) as such qualified IDR item or service; and

(II) subject to subparagraph (D), information on any circumstance described in clause (i)(II), such information as requested in subparagraph (B)(i)(II), and any additional information provided in subparagraph (B)(ii).

(ii) Additional circumstances

For purposes of clause (i)(II), the circumstances described in this clause are, with respect to a qualified IDR item or service of a nonparticipating provider, nonparticipating emergency facility, group health plan, or health insurance issuer of group or individual health insurance coverage the following:

(I) The level of training, experience, and quality and outcomes measurements of the provider or facility that furnished such item or service (such as those endorsed by the consensus-based entity authorized in section 1890 of the Social Security Act [42 U.S.C. 1395aaa]);

(II) The market share held by the nonparticipating provider or facility or that of the plan or issuer in the geographic region in which the item or service was provided.

(III) The acuity of the individual receiving such item or service or the complexity of furnishing such item or service to such individual.

(IV) The teaching status, case mix, and scope of services of the nonparticipating facility that furnished such item or service.

(D) Prohibition on consideration of certain factors

In determining which offer is the payment to be applied with respect to qualified IDR items and services furnished by a provider or facility, the certified IDR entity with respect to a determination shall not consider usual and customary charges, the amount that would have been billed by such provider or facility with respect to such items and services had the provisions of section 300gg–131 or 300gg–132 of this title (as applicable) not applied, or the payment or reimbursement rate for such items and services furnished by such provider or facility payable by a public payer, including under the Medicare program under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], under the Medicaid program under title XIX of such Act [42 U.S.C. 1396 et seq.], under the Children’s Health Insurance Program under title XXI of such Act [42 U.S.C. 1397(aa) et seq.], under the TRICARE program under chapter 55 of title 10, or under chapter 17 of title 38.

(E) Effects of determination

(i) In general

(ii) Suspension of certain subsequent IDR requests

In the case of a determination of a certified IDR entity under subparagraph (A), with respect to an initial notification submitted under paragraph (1)(B) with respect to qualified IDR items and services and the two parties involved with such notification, the party that submitted such notification may not submit during the 90-day period following such determination a subsequent notification under such paragraph involving the same other party to such notification with respect to such an item or service that was the subject of such initial notification.

(iii) Subsequent submission of requests permitted

In the case of a notification that pursuant to clause (ii) is not permitted to be
submitted under paragraph (1)(B) during a 90-day period specified in such clause, if the end of the open negotiation period specified in paragraph (1)(A), that but for this clause would otherwise apply with respect to such notification, occurs during such 90-day period, such paragraph (1)(B) shall be applied as if the reference in such paragraph to the 4-day period beginning on the day after such open negotiation period were instead a reference to the 30-day period beginning on the day after the last day of such 90-day period.

(iv) Reports

The Secretary, jointly with the Secretary of Labor and the Secretary of the Treasury, shall examine the impact of the application of clause (ii) and whether the application of such clause delays payment determinations or impacts early, alternative resolution of claims (such as through open negotiations), and shall submit to Congress, not later than 2 years after the date of implementation of such clause an interim report (and not later than 4 years after such date of implementation, a final report) on whether any group health plans or health insurance issuers offering group or individual health insurance coverage and types of such plans or coverage have a pattern or practice of routine denial, low payment, or down-coding of claims, or otherwise abuse the 90-day period described in such clause, including recommendations on ways to discourage such a pattern or practice.

(ii) if the parties reach a settlement with respect to such notification prior to such a determination, each party shall pay half of all fees charged by such entity, unless the parties otherwise agree.

(6) Timing of payment

The total plan or coverage payment required pursuant to subsection (a)(1) or (b)(1), with respect to a qualified IDR item or service for which a determination is made under paragraph (5)(A) or with respect to an item or service for which a payment amount is determined under open negotiations under paragraph (1), shall be made directly to the nonparticipating provider or facility not later than 30 days after the date on which such determination is made.

(4) Rule of construction

The consent described in paragraph (3), with respect to a participant, beneficiary, or enrollee of a group health plan or group or individual health insurance coverage offered by a health insurance issuer, shall constitute only consent to the receipt of the information provided pursuant to this subsection and shall not constitute a contractual agreement of the participant, beneficiary, or enrollee to any estimated charge or amount included in such information.

(2) integrating the practice of telemedicine within the National Disaster Medical System; and

(3) other strategies to improve such capacity as determined appropriate by the Secretary.

(b) Authority to acquire and operate mobile medical assets

(c) Using Federal facilities to enhance medical surge capacity

(1) Analysis

The Secretary shall conduct an analysis of whether there are Federal facilities which, in the event of a public health emergency, could practicably be used as facilities in which to provide health care.

(1) that the plan has been so changed as to impose any age, residence, or citizenship requirement prohibited by section 302(b) of this title, or that in the administration of the plan any such prohibited requirement is imposed, with the knowledge of such State agency, in a substantial number of cases; or

(84 Stat. 1492)
§ 305. Omitted

CODIFICATION

§ 306. Definitions

(a) For the purposes of this subchapter, the term “old-age assistance” means money payments to, or (if provided in or after the third month before the month in which the recipient makes application for assistance) medical care in behalf of or any type of remedial care recognized under State law in behalf of, needy individuals who are 65 years of age or older, but does not include any such payments to or care in behalf of any individual who is an inmate of a public institution (except as a patient in a medical institution). Such term also includes payments which are not included within the meaning of such term under the preceding sentence, but which would be so included except that they are made on behalf of such a needy individual to another individual who (as determined in accordance with standards prescribed by the Secretary) is interested in or concerned with the welfare of such needy individual, but only with respect to a State whose State plan approved under section 302 of this title includes provision for—

(1) determination by the State agency that such needy individual has, by reason of his physical or mental condition, such inability to manage funds that making payments to him would be contrary to his welfare and, therefore, it is necessary to provide such assistance through payments described in this sentence;

(2) making such payments only in cases in which such payments will, under the rules otherwise applicable under the State plan for determining need and the amount of old-age assistance to be paid (and in conjunction with other income and resources), meet all the need of the individuals with respect to whom such payments are made;

(3) undertaking and continuing special efforts to protect the welfare of such individual and to improve, to the extent possible, his capacity for self-care and to manage funds;

(4) periodic review by such State agency of the determination under paragraph (1) of this subsection to ascertain whether conditions justifying such determination still exist, with provision for termination of such payments if they do not and for seeking judicial appointment of a guardian or other legal representative, as described in section 1311 of this title, if and when it appears that such action will best serve the interests of such needy individual; and

(5) opportunity for a fair hearing before the State agency on the determination referred to in paragraph (1) of this subsection for any individual with respect to whom it is made.

At the option of a State (if its plan approved under this subchapter so provides), such term (1) need not include money payments to an individual who has been absent from such State for a period in excess of 90 consecutive days (regardless of whether he has maintained his residence in such State during such period) until he has been present in such State for 30 consecutive days in the case of such an individual who has maintained his residence in such State during such period or 90 consecutive days in the case of any other such individual, and (2) may include rent payments made directly to a public housing agency on behalf of a recipient or a group or groups of recipients of assistance under such plan.

Pub. L. 89–97, §402(a), extended definition of “old-age assistance” to include payments made on behalf of the recipient to an individual who (as determined in accordance with the standards prescribed by the Secretary) is interested in or concerned with the welfare of the recipient and inserted an enumeration of the five characteristics required of State plans under which such payments can be made, including provision for finding of inability to manage funds, payment to meet all needs, special efforts to protect welfare, periodic review, and opportunity for fair hearing.

Subsecs. (b), (c). Pub. L. 86–778, §601(f)(2), added subsecs. (b) and (c).

(c) Board of Trustees; duties; reports to Congress

With respect to the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund (hereinafter in this subchapter called the "Trust Funds") there is hereby created a body to be known as the Board of Trustees of the Trust Funds (hereinafter in this subchapter called the "Board of Trustees") which Board of Trustees shall be composed of the Commissioner of Social Security, the Secretary of the Treasury, the Secretary of Labor, and the Secretary of Health and Human Services, all ex officio, and of two members of the public (both of whom may not be from the same political party), who shall be nominated by the President for a term of four years and subject to confirmation by the Senate. A member of the Board of Trustees serving as a member of the public and nominated and confirmed to fill a vacancy occurring during a term shall be nominated and confirmed only for the remainder of such term. An individual nominated and confirmed as a member of the public may serve in such position after the expiration of such member's term until the earlier of the time at which the member's successor takes office or the time at which a report of the Board is first issued under paragraph (2) after the expiration of the member's term. The Secretary of the Treasury shall be the Managing Trustee of the Board of Trustees (hereinafter in this subchapter called the "Managing Trustee"). The Deputy Commissioner of Social Security shall serve as Secretary of the Board of Trustees. The Board of Trustees shall meet not less frequently than once each calendar year. It shall be the duty of the Board of Trustees to—

(1) Hold the Trust Funds;

(2) Report to the Congress not later than the first day of April of each year on the operation and status of the Trust Funds during the preceding fiscal year and on their expected operation and status during the next ensuing five fiscal years;

(3) Report immediately to the Congress whenever the Board of Trustees is of the opinion that the amount of either of the Trust Funds is unduly small;

(4) Recommend improvements in administrative procedures and policies designed to effec-

(5) Review the general policies followed in managing the Trust Funds, and recommend changes in such policies, including necessary changes in the provisions of the law which govern the way in which the Trust Funds are to be managed.

The report provided for in paragraph (2) of this subsection shall include a statement of the assets of, and the disbursements made from, the Trust Funds during the preceding fiscal year, an estimate of the expected future income to, and disbursements to be made from, the Trust Funds during each of the next ensuing five fiscal years, and a statement of the actuarial status of the Trust Funds. Such statement shall include a finding by the Board of Trustees as to whether the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund, individually and collectively, are in close actuarial balance (as defined by the Board of Trustees). Such report shall include an actuarial analysis of the benefit disbursements made from the Federal Old-Age and Survivors Insurance Trust Fund and with respect to disabled beneficiaries. Such report shall be printed as a House document of the session of the Congress to which the report is made. A person serving on the Board of Trustees shall not be considered to be a fiduciary and shall not be personally liable for actions taken in such capacity with respect to the Trust Funds.

(d) Investments

It shall be the duty of the Managing Trustee to invest such portion of the Trust Funds as is not, in his judgment, required to meet current withdrawals. Such investments may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under chapter 31 of title 31 are hereby extended to authorize the issuance at par of public-debt obligations for purchase by the Trust Funds. Such obligations issued for purchase by the Trust Funds shall have maturities fixed with due regard for the needs of the Trust Funds and shall bear interest at a rate equal to the average market yield (computed by the Managing Trustee on the basis of market quotations as of the end of the calendar month next preceding the date of such issue) on all marketable interest-bearing obligations of the United States then forming a part of the public debt which are not due or callable until after the expiration of four years from the end of such calendar month; except that where such average market yield is not a multiple of one-eighth of 1 per centum, the rate of interest of such obligations shall be the multiple of one-eighth of 1 per centum nearest such market yield. Each obligation issued for purchase by the Trust Funds under this subsection shall be evidenced by a paper instrument in the form of a bond, note, or certificate of indebtedness signed by the Secretary of the Treasury setting forth the principal amount, date of maturity, and interest rate of the obligation, and stating on its face that the obligation shall be incontestable in the hands of the Trust Fund to which it is issued, that the obligation is supported by the full faith and credit of the United States, and that the United States is pledged to the payment of the obligation with respect to both principal and interest. The Managing Trustee may purchase other interest-bearing obligations of the United States or obligations guaranteed as to both principal and interest by the United States, on original issue or at the market price, only where he determines that the purchase of such other obligations is in the public interest.

(e) Sale of acquired obligations

Any obligations acquired by the Trust Funds (except public-debt obligations issued exclusively to the Trust Funds) may be sold by the Managing Trustee at the market price, and such public-debt obligations may be redeemed at par plus accrued interest.

(f) Proceeds from sale or redemption of obligations; interest

The interest on, and the proceeds from the sale or redemption of, any obligations held in the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund shall be credited to and form a part of the Federal Old-Age and Survivors Insurance Trust Fund and the Disability Insurance Trust Fund, respectively. Payment from the general fund of the Treasury to either of the Trust Funds of any such interest or proceeds shall be in the form of paper checks drawn on such general fund to the order of such Trust Fund.

Such taxes shall be determined on the basis of the records of wages maintained by the Commissioner of Social Security in accordance with the wages reported to the Secretary of the Treasury or his delegate pursuant to subtitle P of such Code, and the Commissioner of Social Security shall furnish the Managing Trustee such information as may be required by the Trustee for such purpose. The payments by the Managing Trustee shall be covered into the Treasury as repayments to the account for refunding internal revenue collections. (II) the amount estimated by the Commissioner of Social Security to be the total amount to be paid from the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund during the calendar year following such calendar year for all purposes authorized by this section (other than payments of interest on, and repayments of, loans from the Federal Hospital Insurance Trust Fund under paragraph (1), but excluding any transfer payments between such trust funds and reducing the amount of any transfer to the Railroad Retirement Account by the amount of any transfers into either such trust fund from that Account).

(C)(i) The full amount of all loans made under paragraph (1) (whether made before or after January 1, 1983) shall be repaid at the earliest feasible date and in any event no later than December 31, 1989.

The Managing Trustee may, during this period, transfer larger amounts than prescribed by the preceding sentence.

(4) The Board of Trustees shall make a timely report to the Congress of any amounts transferred (including interest payments) under this subsection.

(5)(A) No amounts may be borrowed from the Federal Hospital Insurance Trust Fund under paragraph (1) during any month if the Hospital Insurance Trust Fund ratio for such month is less than 10 percent.

(B) For purposes of this paragraph, the term "Hospital Insurance Trust Fund ratio" means, with respect to any month, the ratio of—

(i) the balance in the Federal Hospital Insurance Trust Fund, reduced by the outstanding amount of any loan (including interest thereon) theretofore made to such Trust Fund under this subsection, as of the last day of the second month preceding such month, to (II) the amount obtained by multiplying by twelve the total amount which (as estimated by the Secretary) will be paid from the Federal Hospital Insurance Trust Fund during the month for which such ratio is to be determined (other than payments of interest on, or repayments of loans from another Trust Fund under this subsection), and reducing the amount of any transfers to the Railroad Retirement Account by the amount of any transfer to the Hospital Insurance Trust Fund from that Account.

(1) The Secretary of the Treasury shall implement procedures to permit the identification of each check issued for benefits under this subchapter that has not been presented for payment by the close of the sixth month following the month of its issuance.

(2) The Secretary of the Treasury shall, on a monthly basis, credit each of the Trust Funds for the amount of all benefit checks (including interest payments) drawn on such Trust Fund during the month of its issuance.

(3) If a benefit check is presented for payment to the Treasurer and the amount thereof has been previously credited pursuant to paragraph (2) to one of the Trust Funds, the Secretary of the Treasury shall nevertheless pay such check, if otherwise proper, recharge such Trust Fund, and notify the Commissioner of Social Security.

(4) A benefit check bearing a current date may be issued to an individual who did not negotiate the original benefit check and who surrenders such check for cancellation if the Secretary of the Treasury determines it is necessary to effect proper payment of benefits.

(ii) in the case of a child who attained the age of 18 prior to the commencement of proceedings for adoption, the child was living with or receiving at least one-half of the child's support from such individual for the year immediately preceding the month in which the adoption is decreed.

(9)(A) A child who is a child of an individual under clause (3) of the first sentence of section 416(c) of this title and is not a child of such individual under clause (1) or (2) of such first sentence shall be deemed not to be dependent on such individual at the time specified in subparagraph (1)(C) of this subsection unless (i) such child was living with such individual in the United States and receiving at least one-half of his support from such individual (I) for the year immediately before the month in which such individual became entitled to old-age insurance benefits or disability insurance benefits or died, or

(2)(A) Except as provided in subsection (k)(5), subsection (q), and subparagraph (D) of this paragraph, such widow’s insurance benefit for each month shall be equal to the primary insurance amount (as determined for purposes of this subsection after application of subparagraphs (B) and (C)) of such deceased individual. (B)(i) For purposes of this subsection, in any case in which such deceased individual dies before attaining age 62 and section 415(a)(1) of this title (as in effect after December 1978) is applicable in determining such individual’s primary insurance amount—

(I) such primary insurance amount shall be determined under the formula set forth in section 415(a)(1)(B)(i) and (ii) of this title which is applicable to individuals who initially become eligible for old-age insurance benefits in the second year after the year specified in clause (I), or

(II) the year specified in clause (ii) shall be substituted for the second calendar year specified in section 415(b)(3)(A)(ii)(I) of this title, and

(iii) This subparagraph shall apply with respect to any benefit under this subsection only to the extent its application does not result in a primary insurance amount for purposes of this subsection which is less than the primary insurance amount otherwise determined for such deceased individual under section 415 of this title.

(C) If such deceased individual was (or upon application would have been) entitled to an old-age insurance benefit which was increased (or subject to being increased) on account of delayed retirement under the provisions of subsection (w), then, for purposes of this subsection, such individual’s primary insurance amount, if less than the old-age insurance benefit (increased, where applicable, under section 415(f)(5), 415(f)(6), or 415(f)(9)(B) of this title and under section 415(i) of this title as if such individual were still alive in the case of an individual who has died) which he was receiving (or would upon application have received) for the month prior to the month in which he died, shall be deemed to be equal to such old-age insurance benefit, and (notwithstanding the provisions of paragraph (3) of such subsection (w)) the number of increment months shall include any month in the months of the calendar year in which he died, prior to the month in which he died, which satisfy the conditions in paragraph (2) of such subsection (w).

(D) If the deceased individual (on the basis of whose wages and self-employment income a widow or surviving divorced wife is entitled to widow’s insurance benefits under this subsection) was, at any time, entitled to an old-age insurance benefit which was reduced by reason of the application of section (q), the widow’s insurance benefit of such widow or surviving divorced wife (as determined under subparagraph (A) and after application of subsection (q)) is greater than—

(i) the amount of the old-age insurance benefit to which such deceased individual would have been entitled (after application of subsection (q)) for such month if such individual were still living and section 415(f)(5), 415(f)(6), or 415(f)(9)(B) of this title were applied, where applicable, and

(ii) 82% percent of the primary insurance amount (as determined without regard to subparagraph (C)) of such deceased individual, be reduced to the amount referred to in clause (I), or (if greater) the amount referred to in clause (II).

(3) For purposes of paragraph (1), if—

(A) a widow or surviving divorced wife marries after attaining age 60 (or after attaining

(2) Such mother’s or father’s insurance benefit for each month shall be equal to three-fourths of the primary insurance amount of such deceased individual.

(3) In the case of a surviving spouse or surviving divorced parent who marries—

the entitlement of such surviving spouse or surviving divorced parent to benefits under this subsection shall, notwithstanding the provisions of paragraph (1) of this subsection but subject to subsection (s), not be terminated by reason of such marriage.

(D) is not entitled to old-age insurance benefits, or is entitled to old-age insurance benefits each of which is less than 82\(\frac{1}{2}\) percent of the primary insurance amount of such deceased individual if the amount of the parent’s insurance benefit for such month is determinable under paragraph (2)(A) (or 75 percent of such primary insurance amount in any other case), and

(E) has filed application for parent’s insurance benefits,

(2)(A) Except as provided in subparagraphs (B) and (C), such parent’s insurance benefit for each month shall be equal to 82\(\frac{1}{2}\) percent of the primary insurance amount of such deceased individual.

(B) For any month for which more than one parent is entitled to parent’s insurance benefits on the basis of such deceased individual’s wages and self-employment income, such benefit for each such parent for such month shall (except as provided in subparagraph (C)) be equal to 75 percent of the primary insurance amount of such deceased individual.

(C) In any case in which—

(ii) another parent of such deceased individual is entitled to a parent’s insurance benefit for such month on the basis of such wages and self-employment income, and on the basis of an application filed after such month and after the month in which the application for the parent’s benefits referred to in clause (i) was filed,

the amount of the parent’s insurance benefit of the parent referred to in clause (i) for the month referred to in such clause shall be determined under subparagraph (A) of subparagraph (B) and the amount of the parent’s insurance benefit of a parent referred to in clause (ii) for such month shall be equal to 150 percent of the primary insurance amount of the deceased individual minus the amount (before the application of section 403(a) of this title) of the benefit for such month of the parent referred to in clause (i).

(3) As used in this subsection, the term “parent” means the mother or father of an indi-
individual, a stepparent of an individual by a marriage contracted before such individual attained the age of sixteen, or an adopting parent by whom an individual was adopted before he attained the age of sixteen.

(4) In the case of a parent who marries—

(B) an individual who has attained the age of eighteen and is entitled to benefits under subsection (d),

such parent’s entitlement to benefits under this subsection shall, notwithstanding the provisions of subsection (s), not be terminated by reason of such marriage.

(i) Lump-sum death payments

Upon the death, after August 1950, of an individual who died a fully or currently insured individual, an amount equal to three times such individual’s primary insurance amount (as determined without regard to the amendments made by section 2291 of the Omnibus Budget Reconciliation Act of 1981, relating to the repeal of the minimum benefit provisions), or an amount equal to $255, whichever is the smaller, shall be paid in a lump sum to the person, if any, determined by the Commissioner of Social Security to be the widow or widower of the deceased and to have been living in the same household with the deceased at the time of death. If there is no such person, or if such person dies before receiving payment, then such amount shall be paid—

(1) to a widow (as defined in section 416(c) of this title) or widower (as defined in section 416(g) of this title) who is entitled (or would have been so entitled had a timely application been filed), on the basis of the wages and self-employment income of such insured individual, to benefits under subsection (e), (f), or (g) of this section for the month in which occurred such individual’s death; or

(2) if no person qualifies for payment under paragraph (1), or if such person dies before receiving payment, in equal shares to each person who is entitled (or would have been so entitled had a timely application been filed), on the basis of the wages and self-employment income of such insured individual, to benefits under subsection (d) of this section for the month in which occurred such individual’s death.

No payment shall be made to any person under this subsection unless application therefor shall have been filed, by or on behalf of such person (whether or not legally competent), prior to the expiration of two years after the date of death of such insured individual, and unless such person was entitled to wife’s or husband’s insurance benefits, on the basis of the wages and self-employment income of such insured individual, for the month preceding the month in which such individual died. In the case of any individual who died outside the forty-eight States and the District of Columbia after December 1956 while he was performing service, as a member of a uniformed service, to which the provisions of section 410(l) of this title are applicable, and who is returned to any State, or to any Territory or possession of the United States, for interment or reinterment, in the case of any individual who died outside the fifty States and the District of Columbia after December 1956 while he was performing service, as a member of a uniformed service, to which the provisions of section 410(l) of this title are applicable, and who is returned to any State, or to any Territory or possession of the United States, for interment or reinterment, the provisions of the third sentence of this subsection shall not prevent payment to any person under the second sentence of this subsection if application for a lump-sum death payment with respect to such deceased individual is filed by or on behalf of such person (whether or not legally competent) prior to the expiration of two years after the date of such interment or reinterment.

(j) Application for monthly insurance benefits

(1) Subject to the limitations contained in paragraph (4), an individual who would have been entitled to a benefit under subsection (a), (b), (c), (d), (e), (f), (g), or (h) for any month after August 1950 had he filed application therefor prior to the end of such month shall be entitled to such benefit for such month if he files application therefor prior to—

(A) the end of the twelfth month immediately succeeding such month in any case where the individual (i) is filing application for a benefit under subsection (e) or (f), and satisfies paragraph (1)(B) of such subsection by reason of clause (ii) thereof, or (ii) is filing application for a benefit under subsection (b), (c), or (d) on the basis of the wages and self-employment income of a person entitled to disability insurance benefits, or

(B) the end of the sixth month immediately succeeding such month in any case where subparagraph (A) does not apply.

Any benefit under this subchapter for a month prior to the month in which application is filed shall be reduced, to any extent that may be necessary, so that it will not render erroneous any benefit which, before the filing of such application, the Commissioner of Social Security has certified for payment for such prior month.

(2) An application for any monthly benefits under this section filed before the first month in which the applicant satisfies the requirements for such benefits shall be deemed a valid application (and shall be deemed to have been filed in such first month) only if the applicant satisfies the requirements for such benefits before the Commissioner of Social Security makes a final decision on the application and no request under section 405(b) of this title for notice and opportunity for a hearing thereon is made or, if such a request is made, before a decision based upon
the evidence adduced at the hearing is made (regardless of whether such decision becomes the final decision of the Commissioner of Social Security).

(3) Notwithstanding the provisions of paragraph (1), an individual may, at his option, waive entitlement to any benefit referred to in paragraph (1) for any one or more consecutive months (beginning with the earliest month for which such individual would otherwise be entitled to such benefit) which occur before the month in which such individual files application for such benefit; and, in such case, such individual shall not be considered as entitled to such benefits for any such month or months before such individual filed such application. An individual shall be deemed to have waived such entitlement for any such month for which such benefit would, under the second sentence of paragraph (1), be reduced to zero.

(4)(A) Except as provided in subparagraph (B), no individual shall be entitled to a monthly benefit under subsection (a), (b), (c), (e), or (f) for any month prior to the month in which he or she files an application for benefits under that subsection if the amount of the monthly benefit to which such individual would otherwise be entitled for any such month would be subject to reduction pursuant to subsection (q).

(B)(i) If the individual applying for retroactive benefits is a widow, surviving divorced wife, or widower and is under a disability (as defined in section 423(d) of this title), and such individual would, except for subparagraph (A), be entitled to retroactive benefits as a disabled widow or widower or disabled surviving divorced wife for any month before attaining the age of 60, then subparagraph (A) shall not apply with respect to such month or any subsequent month.

(ii) Subparagraph (A) does not apply to a benefit under subsection (e) or (f) for the month immediately preceding the month of application, if the insured individual died in that preceding month.

(iii) As used in this subparagraph, the term "retroactive benefits" means benefits to which an individual becomes entitled for a month prior to the month in which application for such benefits is filed.

(k) Simultaneous entitlement to benefits

(1) A child, entitled to child's insurance benefits on the basis of the wages and self-employment income of an insured individual, who would be entitled, on filing application, to child's insurance benefits on the basis of the wages and self-employment income of some other insured individual, shall be deemed entitled, subject to the provisions of paragraph (2) of this subsection, to child's insurance benefits on the basis of the wages and self-employment income of such other individual if an application for child's insurance benefits on the basis of the wages and self-employment income of such other individual has been filed by any other child who would, on filing application, be entitled to child's insurance benefits on the basis of the wages and self-employment income of both such insured individuals.

(2)(A) Any child who under the preceding provisions of this section is entitled for any month to child's insurance benefits on the wages and self-employment income of more than one insured individual shall, notwithstanding such provisions, be entitled to only one of such child's insurance benefits for such month. Such child's insurance benefits for such month shall be the benefit based on the wages and self-employment income of the insured individual who has the greatest primary insurance amount, except that such child's insurance benefits for such month shall be the largest benefit to which such child could be entitled under subsection (d) (without the application of section 403(a) of this title) or subsection (m) if entitlement to such benefit would not, with respect to any person, result in a benefit lower (after the application of section 403(a) of this title) than the benefit which would be applicable if such child were entitled on the wages and self-employment income of the individual with the greatest primary insurance amount. Where more than one child is entitled to child's insurance benefits pursuant to the preceding provisions of this paragraph, each such child who is entitled on the wages and self-employment income of the same insured individual shall be entitled on the wages and self-employment income of the same such insured individual.

(B) Any individual (other than an individual to whom subsection (e)(3) or (f)(3) applies) who, under the preceding provisions of this section and under the provisions of section 423 of this title, is entitled for any month to more than one monthly insurance benefit (other than an old-age or disability insurance benefit) under this subchapter shall be entitled to only one such monthly benefit for such month, such benefit to be the largest of the monthly benefits to which he (but for this subparagraph) would otherwise be entitled for such month. Any individual who is entitled for any month to more than one widow's or widower's insurance benefit to which subsection (e)(3) or (f)(3) applies shall be entitled to only one such benefit for such month, such benefit to be the largest of such benefits.

(q) Reduction of benefit amounts for certain beneficiaries

(1) Subject to paragraph (9), if the first month for which an individual is entitled to an old-age, wife’s, husband’s, widow’s, or widower’s insurance benefit is a month before the month in which such individual attains retirement age, the amount of such benefit for such month and for any subsequent month shall, subject to the succeeding paragraphs of this subsection, be reduced by—

(A) \( \frac{\frac{1}{12}}{\frac{1}{12}} \) of 1 percent of such amount if such benefit is an old-age insurance benefit, \( \frac{\frac{1}{12}}{\frac{1}{12}} \) percent of 1 percent of such amount if such benefit is a wife’s or husband’s insurance benefit, or \( \frac{\frac{1}{12}}{\frac{1}{12}} \) percent of 1 percent of such amount if such benefit is a widow’s or widower’s insurance benefit, multiplied by—

(B)(i) the number of months in the reduction period for such benefit (determined under paragraph (6), if such benefit is for a month before the month in which such individual attains retirement age, or
(ii) if less, the number of such months in the adjusted reduction period for such benefit (determined under paragraph (7), if such benefit is (I) for the month in which such individual attains age 62, or (II) for the month in which such individual attains retirement age.

(2) If an individual is entitled to a disability insurance benefit for a month after a month for which such individual was entitled to an old-age insurance benefit, such disability insurance benefit for each month shall be reduced by the amount such old-age insurance benefit would be reduced under paragraphs (1) and (4) for such month had such individual attained retirement age (as defined in section 416(l) of this title) in the first month for which he or she most recently became entitled to a disability insurance benefit.

(3)(A) If the first month for which an individual is entitled to a disability insurance benefit is a month for which such individual is entitled to an old-age insurance benefit and has attained age 62 (in the case of a wife’s or husband’s insurance benefit) or age 50 (in the case of a widow’s or widower’s insurance benefit), the reduction in such widow’s or widower’s insurance benefit shall be determined by—

(i) an old-age insurance benefit (to which such individual was first entitled for a month before he attains retirement age (as defined in section 416(l) of this title)), or
(ii) a disability insurance benefit,

then in lieu of any reduction under paragraph (1) (but subject to the succeeding paragraphs of this subsection) such wife’s, husband’s, widow’s, or widower’s insurance benefit for each month shall be reduced as provided in subparagraph (B), (C), or (D).

(B) For any month for which such individual is entitled to an old-age insurance benefit and is not entitled to a disability insurance benefit, such individual’s or husband’s insurance benefit shall be reduced by the sum of—

(i) the amount by which such old-age insurance benefit is reduced under paragraph (1) for such month, and

(ii) the amount by which such wife’s or husband’s insurance benefit would be reduced under paragraph (1) for such month if it were equal to the excess of such wife’s or husband’s insurance benefit (before reduction under this subsection) over such old-age insurance benefit (before reduction under this subsection).

(C) For any month for which such individual is entitled to a disability insurance benefit, such individual’s wife’s, husband’s, widow’s, or widower’s insurance benefit shall be reduced by the sum of—

(i) the amount by which such disability insurance benefit is reduced under paragraph (2) for such month (if such paragraph applied to such benefit), and

(ii) the amount by which such wife’s, husband’s, widow’s, or widower’s insurance benefit would be reduced under paragraph (1) for such month if it were equal to the excess of such wife’s, husband’s, widow’s, or widower’s insurance benefit (before reduction under this subsection) over such disability insurance benefit (before reduction under this subsection).

(D) For any month for which such individual is entitled neither to an old-age insurance benefit nor to a disability insurance benefit, such individual’s wife’s, husband’s, widow’s, or widower’s insurance benefit shall be reduced by the amount by which it would be reduced under paragraph (1).

(E) Notwithstanding subparagraph (A) of this paragraph, if the first month for which an individual is entitled to an old-age insurance benefit to which such individual was first entitled for that month or for a month before she or he became entitled to a widow’s or widower’s benefit, the reduction in such widow’s or widower’s insurance benefit shall be determined under paragraph (1).

(4) If—

(A) an individual is or was entitled to a benefit subject to reduction under paragraph (1) or (3) of this subsection, and

(B) such benefit is increased by reason of an increase in the primary insurance amount of the individual on whose wages and self-employment income such benefit is based,

then the amount of the reduction of such benefit (after the application of any adjustment under paragraph (7) for each month beginning with the month of such increase in the primary insurance amount shall be computed under paragraph (1) or (3), whichever applies, as though the increased primary insurance amount had been in effect for and after the month for which the individual first became entitled to such monthly benefit reduced under such paragraph (1) or (3).

(5)(A) No wife’s or husband’s insurance benefit shall be reduced under this subsection—

(i) for any month before the first month for which there is in effect a certificate filed by him or her with the Commissioner of Social Security, in accordance with regulations prescribed by the Commissioner of Social Security, in which he or she elects to receive wife’s or husband’s insurance benefits reduced as provided in this subsection, or
for any month, in which he or she has in his or her care (individually or jointly with the person on whose wages and self-employment income such benefit is based) a child of such person entitled to child’s insurance benefits.

(B) Any certificate described in subparagraph (A)(i) shall be effective for purposes of this subsection and for purposes of preventing deductions under section 403(c)(2) of this title—

(i) for the month in which it is filed and for any month thereafter, and

(ii) for months, in the period designated by the individual filing such certificate, of one or more consecutive months (not exceeding 12) immediately preceding the month in which such certificate is filed;

except that such certificate shall not be effective for any month before the month in which he or she attains age 62, nor shall it be effective for any month to which subparagraph (A)(ii) applies.

(C) If an individual does not have in his or her care a child described in subparagraph (A)(ii) in the first month for which he or she is entitled to a wife’s or husband’s insurance benefit, and if such first month is a month before the month in which he or she attains retirement age (as defined in section 416(i) of this title), he or she shall be deemed to have filed in such first month the certificate described in subparagraph (A)(i).

(D) No widow’s or widower’s insurance benefit shall be entitled to child’s insurance benefits shall be reduced under this subsection below the amount to which he or she would have been entitled had he or she been entitled for such month to mother’s or father’s insurance benefits on the basis of his or her deceased spouse’s (or deceased former spouse’s) wages and self-employment income.

(6) For purposes of this subsection, the “reduction period” for an individual’s old-age, wife’s, husband’s, widow’s, or widower’s insurance benefit is the period—

(A) beginning—

(i) in the case of an old-age insurance benefit, with the first day of the first month for which such individual is entitled to such benefit,

(ii) in the case of a wife’s or husband’s insurance benefit, with the first day of the first month for which a certificate described in paragraph (5)(A)(i) is effective, or

(iii) in the case of a widow’s or widower’s insurance benefit, with the first day of the first month for which such individual is entitled to such benefit or the first day of the month in which such individual attains age 60, whichever is the later, and

(B) ending with the last day of the month before the month in which such individual attains retirement age.

(7) For purposes of this subsection, the “adjusted reduction period” for an individual’s old-age, wife’s, husband’s, widow’s, or widower’s insurance benefit is the reduction period prescribed in paragraph (6) for such benefit, excluding—

(A) any month in which such benefit was subject to deductions under section 403(b), 403(c)(1), 403(d)(1), or 422(b) of this title,

(B) in the case of wife’s or husband’s insurance benefits, any month in which such individual had in his or her care (individually or jointly with the person on whose wages and self-employment income such benefit is based) a child of such person entitled to child’s insurance benefits,

(C) in the case of wife’s or husband’s insurance benefits, any month in which such individual was not entitled to such benefits because of the occurrence of an event that terminated her or his entitlement to such benefits,

(D) in the case of widow’s or widower’s insurance benefits, any month in which the reduction in the amount of such benefit was determined under paragraph (5)(D),

(E) in the case of widow’s or widower’s insurance benefits, any month before the month in which she or he attained age 62, and also for any later month before the month in which she or he attained retirement age, for which she or he was not entitled to such benefit because of the occurrence of an event that terminated her or his entitlement to such benefits,

(F) in the case of old-age insurance benefits, any month for which such individual was entitled to a disability insurance benefit,

(8) This subsection shall be applied after reduction under section 403(a) of this title and before application of section 415(g) of this title. If the amount of any reduction computed under paragraph (1), (2), or (3) is not a multiple of $0.10, it shall be increased to the next higher multiple of $0.10.

(9) The amount of the reduction for early retirement specified in paragraph (1)—

(A) for old-age insurance benefits, wife’s insurance benefits, and husband’s insurance benefits, shall be the amount specified in such paragraph for the first 36 months of the reduction period (as defined in paragraph (6)) or adjusted reduction period (as defined in paragraph (7)), and five-twelfths of 1 percent for any additional months included in such periods; and

(B) for widow’s insurance benefits and widower’s insurance benefits, shall be periodically revised by the Commissioner of Social Security such that—

(i) the amount of the reduction at early retirement age as defined in section 416(i) of this title shall be 28.5 percent of the full benefit; and

(ii) the amount of the reduction for each month in the reduction period (specified in paragraph (6)) or the adjusted reduction period (specified in paragraph (7)) shall be established by linear interpolation between 28.5 percent at the month of attainment of early retirement age and 0 percent at the month of attainment of retirement age.

(10) For purposes of applying paragraph (4), with respect to months payable for any month after December 1977 to an individual who was entitled to a monthly benefit as re-
duced under paragraph (1) or (3) prior to January 1978, the amount of reduction in such benefit for the first month for which such benefit is increased by reason of an increase in the primary insurance amount of the individual on whose wages and self-employment income such benefit is based and for all subsequent months (and similarly for all subsequent increases) shall be increased by a percentage equal to the percentage increase in such primary insurance amount (such increase being made in accordance with the provisions of paragraph (8)). In the case of an individual whose reduced benefit under this section is increased as a result of the use of an adjusted reduction period (in accordance with paragraphs (1) and (3) of this subsection), then for the first month for which such increase is effective, and for all subsequent months, the amount of such reduction (after the application of the previous sentence, if applicable) shall be determined—

(A) in the case of old-age, wife’s, and husband’s insurance benefits, by multiplying such amount by the ratio of (i) the number of months in the adjusted reduction period to (ii) the number of months in the reduction period,

(B) in the case of widow’s and widower’s insurance benefits for the month in which such individual attains age 62, by multiplying such amount by the ratio of (i) the number of months in the reduction period beginning with age 62 multiplied by 1/12 of 1 percent, plus the number of months in the adjusted reduction period prior to age 62 multiplied by 1/12 of 1 percent to (ii) the number of months in the reduction period multiplied by 1/12 of 1 percent, and

(C) in the case of widow’s and widower’s insurance benefits for the month in which such individual attains retirement age (as defined in section 416(f) of this title), by multiplying such amount by the ratio of (i) the number of months in the adjusted reduction period multiplied by 1/12 of 1 percent to (ii) the number of months in the reduction period beginning with age 62 multiplied by 1/12 of 1 percent, plus the number of months in the adjusted reduction period prior to age 62 multiplied by 1/12 of 1 percent,

such determination being made in accordance with the provisions of paragraph (8).

(11) When an individual is entitled to more than one monthly benefit under this subchapter and one or more of such benefits are reduced under this subsection, paragraph (10) shall apply separately to each such benefit reduced under this subsection before the application of subsection (k) (pertaining to the method by which monthly benefits are offset when an individual is entitled to more than one kind of benefit) and the application of this paragraph shall operate in conjunction with paragraph (3).

(r) Presumed filing of application by individuals entitled for old-age insurance benefit, such individual shall be deemed to have filed an application for wife’s or husband’s insurance benefits for such month.

(2) If an individual is eligible (but for subsection (k)(4) for an old-age insurance benefit in any month for which the individual is entitled to a wife’s or husband’s insurance benefit (except in the case of entitlement pursuant to clause (ii) of subsection (b)(1)(B) or subsection (c)(1)(B), as appropriate), such individual shall be deemed to have filed an application for old-age insurance benefits—

(A) for such month, or

(B) if such individual is also entitled to a disability insurance benefit for such month, in the first subsequent month for which such individual is not entitled to a disability insurance benefit.

(2) So much of subsections (b)(3), (c)(4), (d)(4), (g)(3), and (h)(4) of this section as precedes the semicolon, shall not apply in the case of any child unless such child, at the time of the marriage referred to therein, was under a disability (as defined in section 423(d) of this title) or had been under such a disability in the third month before the month in which such marriage occurred.

(3) The last sentence of subsection (c) of section 403 of this title, subsection (f)(1)(C) of section 403 of this title, and subsections (b)(3)(B), (c)(6)(B), (f)(3)(B), and (g)(6)(B) of section 416 of this title shall not apply in the case of any child with respect to any month referred to therein unless in such month or the third month prior thereto such child was under a disability (as defined in section 423(d) of this title).

(a) Maximum benefits

(1) In the case of an individual whose primary insurance amount has been computed or recomputed under section 415(a)(1) or (4) of this title, as in effect after December 1978, the total monthly benefits to which beneficiaries may be entitled under section 402 or 423 of this title for a month on the basis of the wages and self-employment income of such individual shall, except as provided by paragraphs (3) and (6) (but prior to any increases resulting from the application of paragraph (2)(A)(ii)(III) of section 415(i) of this title), be reduced as necessary so as not to exceed—

(A) 150 percent of such individual's primary insurance amount to the extent that it does not exceed the amount established with respect to subparagraph (A) but does not exceed the amount established with respect to this subparagraph by paragraph (2),

(B) 272 percent of such individual's primary insurance amount to the extent that it exceeds the amount established with respect to subparagraph (A) but does not exceed the amount established with respect to this subparagraph by paragraph (2), and

(C) 134 percent of such individual's primary insurance amount to the extent that it exceeds the amount established with respect to this subparagraph by paragraph (2), and

(D) 175 percent of such individual's primary insurance amount to the extent that it exceeds the amount established with respect to this subparagraph (C).

Any such amount that is not a multiple of $0.10 shall be decreased to the next lower multiple of $0.10.

(2)(A) For individuals who initially become eligible for old-age or disability insurance benefits, or who die (before becoming so eligible for such benefits), in the calendar year 1979, the amounts established with respect to subparagraphs (A), (B), and (C) of paragraph (1) shall be $230, $332, and $433, respectively.

(B) For individuals who initially become eligible for old-age or disability insurance benefits, or who die (before becoming so eligible for such benefits), in any calendar year after 1979, each of the amounts so established shall equal the product of the corresponding amount established for the calendar year 1979 by subparagraph (A) of this paragraph and the quotient obtained under subparagraph (B)(i) of section 415(a)(1) of this title, with such product being rounded in the manner prescribed by section 415(a)(1)(B)(iii) of this title.

(C) In each calendar year after 1978 the Commissioner of Social Security shall publish in the Federal Register, on or before November 1, the formula which (except as provided in section 415(i)(2)(D) of this title) is to be applicable under this paragraph to individuals who become eligible for old-age or disability insurance benefits, or who die (before becoming eligible for such benefits), in the following calendar year.

(D) A year shall not be counted as the year of an individual's death or eligibility for purposes of this paragraph or paragraph (B) in any case where such individual was entitled to a disability insurance benefit for any of the 12 months immediately preceding the month of such death or eligibility (but there shall be counted instead the year of the individual's eligibility for the disability insurance benefits to which he was entitled during such 12 months).

(3)(A) When an individual who is entitled to benefits on the basis of the wages and self-employment income of any insured individual and to whom this subsection applies would (but for the provisions of section 402(k)(2)(A) of this title) be entitled to child's insurance benefits for a month on the basis of the wages and self-employment income of one or more other insured individuals, the total monthly benefits to which all beneficiaries are entitled on the basis of such wages and self-employment income shall not be reduced under this subsection to less than the smaller of—

(i) the sum of the maximum amounts of benefits payable on the basis of the wages and self-employment income of all such insured individuals, or

(ii) an amount (I) initially equal to the product of 1.75 and the primary insurance amount...
that would be computed under section 415(a)(1) of this title, for January of the year determined for purposes of this clause under the following two sentences, with respect to average indexed monthly earnings equal to one-twentieth of the contribution and benefit base determined for that year under section 430 of this title, and (II) thereafter increased in accordance with the provisions of section 415(i)(2)(A)(II) of this title.

The year established for purposes of clause (ii) shall be 1983 or, if it occurs later with respect to any individual, the year in which occurred the month that the application of the reduction provisions contained in this subparagraph began with respect to benefits payable on the basis of the wages and self-employment income of the insured individual. If for any month subsequent to the first month for which clause (ii) applies (with respect to benefits payable on the basis of the wages and self-employment income of the insured individual) the reduction under this subparagraph ceases to apply, then the year determined under the preceding sentence shall be re-determined (for purposes of any subsequent application of this subparagraph with respect to benefits payable on the basis of such wages and self-employment income) as though this subparagraph had not been previously applicable.

(B) When two or more persons were entitled (without the application of section 402(j)(1) of this title and section 423(b) of this title) to monthly benefits under section 402 or 423 of this title for January 1971 or any prior month on the basis of the wages and self-employment income of such insured individual and the provisions of this subsection as in effect for such month were applicable in determining the benefit amount of any persons on the basis of such wages and self-employment income, the total of benefits for any month after January 1971 shall not be reduced to less than the largest of—

(i) the amount determined under this subsection without regard to this subparagraph,

(ii) the largest amount which has been determined for any month under this subsection for persons entitled to monthly benefits on the basis of such insured individual’s wages and self-employment income, or

(iii) if any persons are entitled to benefits on the basis of such wages and self-employment income for the month before the effective month (after September 1972) of a general benefit increase under this title (as defined in section 415(i)(3) of this title) or a benefit increase under the provisions of section 415(1) of this title, an amount equal to the sum of amounts derived by multiplying the benefit amount determined under this subchapter (excluding any part thereof determined under section 402(w) of this title) for the month before such effective month (including this subsection, but without the application of section 422(b) of this title, section 402(q) of this title, and subsections (b), (c), and (d) of this section), for each such person for such month, by a percentage equal to the percentage of the increase provided under such benefit increase (with any such increased amount which is not a multiple of $0.10 being rounded to the next lower multiple of $0.10);

but in any such case (I) subparagraph (A) of this paragraph shall not be applied to such total of benefits after the application of clause (ii) or (iii), and (II) if section 402(k)(2)(A) of this title was applicable in the case of any such benefits for a month, and ceases to apply for a month after such month, the provisions of clause (ii) or (iii) shall be applied, for and after the month in which section 402(k)(2)(A) of this title ceases to apply, as though subparagraph (A) of this paragraph had not been applicable to such total of benefits for the last month for which clause (ii) or (iii) was applicable.

(C) When any of such individuals is entitled to monthly benefits as a divorced spouse under section 402(b) or (c) of this title or as a surviving divorced spouse under section 402(e) or (f) of this title for any month, the benefit to which he or she is entitled on the basis of the wages and self-employment income of such insured individual for such month shall be determined without regard to this subsection, and the benefits of all other individuals who are entitled for such month to monthly benefits under section 402 of this title on the wages and self-employment income of such insured individual shall be determined as if no such divorced spouse or surviving divorced spouse were entitled to benefits for such month.

(D) In any case in which—

(i) two or more individuals are entitled to monthly benefits for the same month as a spouse under subsection (b) or (c) of section 402 of this title, or as a surviving spouse under subsection (e), (f), or (g) of section 402 of this title,

(ii) at least one of such individuals is entitled by reason of subparagraph (A)(ii) or (B) of section 416(b)(1) of this title, and

(iii) such entitlements are based on the wages and self-employment income of the same insured individual,

the benefit of the entitled individual whose entitlement is based on a valid marriage (as determined without regard to subparagraphs (A)(ii) and (B) of section 416(b)(1) of this title) to such insured individual shall, for such month and all months thereafter, be determined without regard to this subsection, and the benefits of all other individuals who are entitled, for such month or any month thereafter, to monthly benefits under section 402 of this title based on the wages and self-employment income of such insured individual shall be determined as if such entitled individual were not entitled to benefits for such month.

(4) In any case in which benefits are reduced pursuant to the provisions of this subsection, the reduction shall be made after any deductions under this section and after any deductions under section 422(b)1 of this title. Notwithstanding the preceding sentence, any reduction under this subsection in the case of an individual who is entitled to a benefit under subsection (b), (c), (d), (e), (f), (g), or (h) of section 402 of this title for any month on the basis of the same wages and self-employment income as another person—

1 See References in Text note below.
(A) who also is entitled to a benefit under subsection (b), (c), (d), (e), (f), (g), or (h) of section 402 of this title for such month,

(B) who does not live in the same household as such individual, and

(C) whose benefit for such month is suspended (in whole or in part) pursuant to subsection (h)(3) of this section,

shall be made before the suspension under subsection (h)(3). Whenever a reduction is made under this subsection in the total of monthly benefits to which individuals are entitled for any month on the basis of the wages and self-employment income of an insured individual, each such benefit other than the old-age or disability insurance benefit shall be proportionately decreased.

(5) Notwithstanding any other provision of law, when—

(A) two or more persons are entitled to monthly benefits for a particular month on the basis of such wages and self-employment income for such particular month the provisions of this subsection are applicable to such monthly benefits, and

(B) such individual’s primary insurance amount is increased for the following month under any provision of this subchapter, then the total of monthly benefits for all persons on the basis of such wages and self-employment income for such particular month as determined under the provisions of this subsection, shall for purposes of determining the total monthly benefits for all persons on the basis of such wages and self-employment income for months subsequent to such particular month be considered to have been increased by the smallest amount that would have been required in order to assure that the total of monthly benefits payable on the basis of such wages and self-employment income for any such subsequent month will not be less (after the application of the other provisions of this subsection and section 402(q) of this title) than the total of monthly benefits payable on the basis of such wages and self-employment income for such particular month.

(6) Notwithstanding any of the preceding provisions of this subsection other than paragraphs (3)(A), (3)(C), (3)(D), (4), and (5) (but subject to section 415(i)(2)(A)(ii) of this title), the total monthly benefits to which beneficiaries may be entitled under sections 402 and 423 of this title for any month on the basis of the wages and self-employment income of an individual entitled to disability insurance benefits shall be reduced (before the application of section 424(a) of this title) to the smaller of—

(A) 85 percent of such individual’s average indexed monthly earnings (or 100 percent of his primary insurance amount, if larger), or

(B) 150 percent of such individual’s primary insurance amount.

(7) In the case of any individual who is entitled for any month to benefits based upon the primary insurance amounts of two or more insured individuals, one or more of which primary insurance amounts were determined under section 415(a) or (d) of this title as in effect (without regard to the table contained therein) prior to January 1979 and one or more of which primary insurance amounts were determined under section 415(a)(1) or (4) of this title, or section 415(d) of this title, as in effect after December 1978, the total benefits payable to that individual and all other individuals entitled to benefits for that month based upon those primary insurance amounts shall be reduced to an amount equal to the amount determined in accordance with the provisions of paragraph (3)(A)(ii) of this subsection, except that for this purpose the references to subparagraph (A) in the last two sentences of paragraph (3)(A) shall be deemed to be references to paragraph (7).

(8) Subject to paragraph (7) and except as otherwise provided in paragraph (10)(C), this subsection as in effect in December 1978 shall remain in effect with respect to a primary insurance amount computed under section 415(a) or (d) of this title, as in effect (without regard to the table contained therein) in December 1978 and as amended by section 5117 of the Omnibus Budget Reconciliation Act of 1990, except that a primary insurance amount so computed with respect to an individual who first becomes eligible for an old-age or disability insurance benefit, or dies (before becoming eligible for such a benefit), after December 1978, shall instead be governed by this section as in effect after December 1978. For purposes of the preceding sentence, the phrase “rounded to the next higher multiple of $0.10”, as it appeared in subsection (a)(2)(C) of this section as in effect in December 1978, shall be deemed to read “rounded to the next lower multiple of $0.10”.

(9) When—

(A) one or more persons were entitled (without the application of section 402(j)(1) of this title) to monthly benefits under section 402 of this title for May 1978 on the basis of the wages and self-employment income of an individual,

(B) the benefit of at least one such person for June 1978 is increased by reason of the amendments made by section 204 of the Social Security Amendments of 1977; and

(C) the total amount of benefits to which all such persons are entitled under such section 402 of this title are reduced under the provisions of this subsection (or would be so reduced except for the first sentence of subsection (a)(4))

then the amount of the benefit to which each such person is entitled for months after May 1978 shall be increased (after such reductions are made under this subsection) to the amount such benefits would have been if the benefit of the person or persons referred to in subparagraph (B) had not been so increased.

(10)(A) Subject to subparagraphs (B) and (C)—

(i) the total monthly benefits to which beneficiaries may be entitled under sections 402 and 423 of this title for a month on the basis of the wages and self-employment income of an individual whose primary insurance amount is computed under section 415(a)(2)(B)(i) of this title shall equal the total monthly benefits which were authorized by
this section with respect to such individual’s primary insurance amount for the last month of his prior entitlement to disability insurance benefits, increased for this purpose by the general benefit increases and other increases under section 415(h) of this title that would have applied to such total monthly benefits had the individual remained entitled to disability insurance benefits until the month in which he became entitled to old-age insurance benefits or reentitled to disability insurance benefits or died, and

(ii) the total monthly benefits to which beneficiaries may be entitled under sections 402 and 423 of this title for a month on the basis of such individual’s primary insurance amount is computed under section 415(a)(2)(C) of this title shall equal the total monthly benefits which were authorized by this section with respect to such individual’s primary insurance amount for the last month of his prior entitlement to disability insurance benefits.

(B) In any case in which—

(i) the total monthly benefits with respect to such individual’s primary insurance amount for the last month of his prior entitlement to disability insurance benefits was computed under paragraph (6), and

(ii) the individual’s primary insurance amount is computed under subparagraph (B)(i) or (C) of section 415(a)(2) of this title by reason of the individual’s entitlement to old-age insurance benefits or death,

the total monthly benefits shall equal the total monthly benefits that would have been authorized with respect to the primary insurance amount for the last month of his prior entitlement to disability insurance benefits if such total monthly benefits had been computed without regard to paragraph (6).

(C) This paragraph shall apply before the application of paragraph (3)(A), and before the application of subsection (a)(1) of this section as in effect in December 1978.

(b) Deductions on account of work

(1) Deductions, in such amounts and at such time or times as the Commissioner of Social Security shall determine, shall be made from any payment or payments under this subchapter to which an individual is entitled, and from any payment or payments to which any other persons are entitled on the basis of such individual’s wages and self-employment income, until the total of such deductions equals—

(A) such individual’s benefit or benefits under section 402 of this title for any month, and

(B) if such individual was entitled to old-age insurance benefits under section 402(a) of this title for such month, the benefit or benefits of all other persons for such month under section 402 of this title based on such individual’s wages and self-employment income.

if for such month he is charged with excess earnings, under the provisions of subsection (f) of this section, equal to the total of benefits referred to in clauses (A) and (B). If the excess earnings so charged are less than such total of benefits, such deductions with respect to such month shall be equal only to the amount of such excess earnings. If a child who has attained the age of 18 and is entitled to child’s insurance benefits, or a person who is entitled to father’s insurance benefits, is married to an individual entitled to old-age insurance benefits under section 402(a) of this title, such child or such person, as the case may be, shall, for the purposes of this subsection and subsection (f), be deemed to be entitled to such benefits on the basis of the wages and self-employment income of such individual entitled to old-age insurance benefits. If a deduction has already been made under this subsection with respect to a person’s benefit or benefits under section 402 of this title for a month, he shall be deemed entitled to payments under such section for such month for purposes of further deductions under this subsection, and for purposes of charging of each person’s excess earnings under subsection (f), only to the extent of the total of his benefits remaining after such earlier deductions have been made. For purposes of this subsection and subsection (f)—

(i) an individual shall be deemed to be entitled to payments under section 402 of this title equal to the amount of the benefit or benefits to which he is entitled under such section after the application of subsection (a) of this section, but without the application of the first sentence of paragraph (4) thereof; and

(ii) if a deduction is made with respect to an individual’s benefit or benefits under section 402 of this title because of the occurrence in any month of an event specified in subsection (c) or (d) of this section or in section 422(b) of this title, such individual shall not be considered to be entitled to any benefits under such section 402 for such month.

(2)(A) Except as provided in subparagraph (B), in any case in which—

(i) any of the other persons referred to in paragraph (1)(B) is entitled to monthly benefits as a divorced spouse under section 402(b) or (c) of this title for any month, and

(ii) such person has been divorced for not less than 2 years,

the benefit to which he or she is entitled on the basis of the wages and self-employment income of the individual referred to in paragraph (1) for such month shall be determined without regard to deductions under this subsection as a result of excess earnings of such individual, and the benefits of all other individuals who are entitled for such month to monthly benefits under section 402 of this title on the basis of the wages and self-employment income of such individual referred to in paragraph (1) shall be determined as if no such divorced spouse were entitled to benefits for such month.

(B) Clause (ii) of subparagraph (A) shall not apply with respect to any divorced spouse in any case in which the individual referred to in paragraph (1) became entitled to old-age insurance benefits under section 402(a) of this title before the date of the divorce.

(3) in which such individual, if a widow or widower entitled to a mother’s or father’s insurance benefit, did not have in his or her care a child of his or her deceased spouse entitled to a child’s insurance benefit; or

(4) in which such an individual, if a surviving divorced mother or father entitled to a mother’s or father’s insurance benefit, did not have in his or her care a child of his or her deceased former spouse who (A) is his or her son, daughter, or legally adopted child and (B) is entitled to a child’s insurance benefit on the basis of the wages and self-employment income of such deceased former spouse.

For purposes of paragraphs (2), (3), and (4) of this subsection, a child shall not be considered to be entitled to a child’s insurance benefit for any month in which paragraph (1) of section 402(a)(1) of this title applies or an event specified in section 422(b)(1) of this title occurs with respect to such child. Subject to paragraph (3) of such section 402(a) of this title, no deduction shall be made under this subsection from any child’s insurance benefit for the month in which the child entitled to such benefit attained the age of eighteen or any subsequent month; nor shall any deduction be made under this subsection from any widow’s or widower’s insurance benefit if the widow, surviving divorced wife, widower, or surviving divorced husband involved became entitled to such benefit prior to attaining age 60.

(d) Deductions from dependents’ benefits on account of noncovered work outside United States by old-age insurance beneficiary

(1)(A) Deductions shall be made from any wife’s, husband’s, or child’s insurance benefit, based on the wages and self-employment income of an individual entitled to old-age insurance benefits, to which a wife, divorced wife, husband, divorced husband, or child is entitled, until the total of such deductions equals such wife’s, husband’s, or child’s insurance benefit or benefits under section 402 of this title for any month in which such individual is under retirement age (as defined in section 416(f) of this title) and for more than forty-five hours of which such individual engaged in noncovered remunerative activity outside the United States.

(B)(1) Except as provided in clause (ii), in any case in which—

(I) a divorced spouse is entitled to monthly benefits under section 402(b) or (c) of this title for any month, and

(II) such divorced spouse has been divorced for not less than 2 years,

the benefit to which he or she is entitled for such month on the basis of the wages and self-employment income of the individual entitled to old-age insurance benefits referred to in subparagraph (A) shall be determined without regard to deductions under this paragraph as a result of excess earnings of such individual, and the benefits of all other individuals who are entitled for such month to monthly benefits under section 402 of this title on the basis of the wages and self-employment income of such individual referred to in subparagraph (A) shall be determined as if no such divorced spouse were entitled to benefits for such month.

(ii) Subclause (II) of clause (i) shall not apply with respect to any divorced spouse in any case in which the individual entitled to old-age insurance benefits referred to in subparagraph (A) became entitled to such benefits before the date of the divorce.

(2) Deductions shall be made from any child’s insurance benefit to which a child who has attained the age of eighteen is entitled, or from any mother’s or father’s insurance benefit to which a person is entitled, until the total of such deductions equals such child’s insurance benefit or benefits or mother’s or father’s insurance benefit or benefits under section 402 of this title for any month in which such child or person entitled to mother’s or father’s insurance benefits is married to an individual under retirement age (as defined in section 416(f) of this title) who is entitled to old-age insurance benefits and for more than forty-five hours of which such individual engaged in noncovered remunerative activity outside the United States.

(e) Occurrence of more than one event

If more than one of the events specified in subsections (c) and (d) and section 422(b)(1) of this title occurs in any one month which would occasion deductions equal to a benefit for such month, only an amount equal to such benefit shall be deducted.

(f) Months to which earnings are charged

For purposes of subsection (b)—

(1) The amount of an individual’s excess earnings (as defined in paragraph (3)) shall be charged to months as follows: There shall be charged to the first month of such taxable year an amount of his excess earnings equal to the sum of the payments to which he and all other persons (excluding divorced spouses referred to in subsection (b)(2)) are entitled for such month under section 402 of this title on the basis of his wages and self-employment income (or the total of his excess earnings if such excess earnings are less than such sum),
and the balance, if any, of such excess earnings shall be charged to each succeeding month in such year to the extent, in the case of each such month, of the sum of the payments to which such individual and all such other persons are entitled for such month under section 402 of this title on the basis of his wages and self-employment income, until the total of such excess has been so charged. Where an individual is entitled to benefits under section 402(a) of this title and other persons (excluding divorced spouses referred to in subsection (b)(2)) are entitled to benefits under section 402(b)(c), (d), or (e) of this title on the basis of the wages and self-employment income of such individual, the excess earnings of such individual for any taxable year shall be charged in accordance with the provisions of this subsection before the excess earnings of such persons for a taxable year are charged to months in such individual’s taxable year. Notwithstanding the preceding provisions of this paragraph but subject to section 402(a) of this title, no part of the excess earnings of an individual shall be charged to any month (A) for which such individual was not entitled to a benefit under this subchapter, (B) in which such individual was at or above retirement age (as defined in section 416(l) of this title), (C) in which such individual, if a child entitled to child’s insurance benefits, has attained the age of 18, (D) for which such individual is entitled to widow’s or widower’s insurance benefits if such individual became so entitled prior to attaining age 60, (E) in which such individual did not engage in self-employment and did not render services for wages (determined as provided in paragraph (5) of this subsection) of more than the applicable exempt amount as determined under paragraph (8), or (F) in which such individual’s earnings for a taxable year are charged to months in such individual’s taxable year. Notwithstanding the preceding provisions of this paragraph but subject to section 402(a) of this title, the number of months in the taxable year in which an individual dies shall be 1. The excess earnings as derived under the first sentence of this paragraph, if not a multiple of $1, shall be reduced to the next lower multiple of $1.

(4) For purposes of clause (E) of paragraph (1)—

(A) An individual will be presumed, with respect to any month, to have been engaged in self-employment in such month until it is shown to the satisfaction of the Commissioner of Social Security that such individual did not render such services in such month for more than the applicable exempt amount, as determined under paragraph (8), or net loss from self-employment for any taxable year. The Commissioner of Social Security shall by regulations prescribe the methods and criteria for determining whether or not an individual has rendered substantial services with respect to any trade or business.

(B) An individual will be presumed, with respect to any month, to have rendered services for wages (determined as provided in paragraph (5) of this subsection) of more than the applicable exempt amount as determined under paragraph (8) until it is shown to the satisfaction of the Commissioner of Social Security that such individual did not render such services in such month for more than such amount.

(5)(A) An individual’s earnings for a taxable year shall be (i) the sum of his wages for services rendered in such year and his net earnings from self-employment for such year, minus (ii) any net loss from self-employment for such year.
§ 403

For purposes of this section—

(i) an individual’s net earnings from self-employment for any taxable year shall be determined as provided in section 411 of this title, except that paragraphs (1), (4), and (5) of section 411(c) of this title shall not apply and the gross income shall be computed by excluding the amounts provided by subparagraph (D) of this paragraph, and

(ii) an individual’s net loss from self-employment for any taxable year is the excess of the deductions (plus his distributive share of loss described in section 702(a)(8) of the Internal Revenue Code of 1986) taken into account under clause (i) over the gross income (plus his distributive share of income so described) taken into account under clause (i).

For purposes of this subsection, an individual’s wages shall be computed without regard to the limitations as to amounts of remuneration specified in paragraphs (1), (6)(B), (6)(C), (7)(B), and (8) of section 409(a) of this title; and in making such computation services which do not constitute employment as defined in section 410 of this title, performed within the United States by the individual as an employee or performed outside the United States in the active military or naval service of the United States, shall be deemed to be employment as so defined if the remuneration for such services is not includible in computed on the basis of his wages and self-employment. The term “wages” does not include—

(i) the amount of any payment made to, or on behalf of, an employee or any of his dependents (including any amount paid by an employer for insurance or annuities, or into a fund, to provide for any such payment) on account of retirement, or

(ii) any payment or series of payments by an employer to an employee or any of his dependents upon or after the termination of the employee’s employment relationship because of retirement after attaining an age specified in a plan referred to in section 409(a)(11)(B) of this title or in a pension plan of the employer.

In the case of—

(i) an individual who has attained retirement age (as defined in section 416(l) of this title) on or before the last day of the taxable year, and who shows to the satisfaction of the Commissioner of Social Security that he or she is receiving royalties attributable to a copyright or patent obtained before the taxable year in which he or she attained such age and that the property to which the copyright or patent relates was created by his or her own personal efforts, or

(ii) an individual who has become entitled to insurance benefits under this subchapter, other than benefits under section 423 of this title, or benefits payable under section 422(d) of this title by reason of being under a disability, and who shows to the satisfaction of the Commissioner of Social Security that he or she is receiving, in a year after his or her initial year of entitlement to such benefits, any other income not attributable to services performed after the month in which he or she initially became entitled to such benefits,

there shall be excluded from gross income any such royalties or other income.

For purposes of this section, any individual’s net earnings from self-employment which result from or are attributable to the performance of services by such individual as a director of a corporation during any taxable year shall be deemed to have been derived (and received) by such individual in that year, at the time the services were performed, regardless of when the income, on which the computation of such net earnings from self-employment is based, is actually paid to or received by such individual (unless such income was actually paid and received prior to that year).

For purposes of this subsection, wages (determined as provided in paragraph (5)(C)) which, according to reports received by the Commissioner of Social Security, are paid to an individual during a taxable year shall be presumed to have been paid to him for services performed in such year until it is shown to the satisfaction of the Commissioner of Social Security that they were paid for services performed in another taxable year. If such reports with respect to an individual show his wages for a calendar year, such individual’s taxable year shall be presumed to be a calendar year for purposes of this subsection until it is shown to the satisfaction of the Commissioner of Social Security that his taxable year is not a calendar year.

Where an individual’s excess earnings are charged to a month and the excess earnings so charged are less than the total of the payments (without regard to such charging) to which all persons (excluding divorced spouses referred to in subsection (b)(2)) are entitled under section 402 of this title for such month on the basis of his wages and self-employment income, the difference between such total and the excess so charged to such month shall be paid (if it is otherwise payable under this subchapter) to such individual and other persons in the proportion that the benefit to which each of them is entitled (without regard to such charging, without the application of section 402(k)(3) of this title) bears to the total of the benefits to which all of them are entitled.

Whenever the Commissioner of Social Security pursuant to section 415(i) of this title increases benefits effective with the month of December following a cost-of-living computation quarter 2 the Commissioner shall also determine and publish in the Federal Register on or before November 1 of the calendar year in which such quarter occurs the new exempt amounts (separately stated for individuals described in subparagraph (D) and for other individuals which are to be applicable (unless prevented from becoming effective by subpara-
graph (C), with respect to taxable years ending in (or with the close of) the calendar year after the calendar year in which such benefit increase is effective (or, in the case of an individual who dies during the calendar year after the determination in which the benefit increase is effective, with respect to such individual’s taxable year which ends, upon his death, during such year).

(B) Except as otherwise provided in subparagraph (D), the exempt amount which is applicable to individuals described in such subparagraph and the exempt amount which is applicable to other individuals, for each month of a particular taxable year, shall each be whichever of the following is the larger—

(i) the corresponding exempt amount which is in effect with respect to months in the taxable year in which the determination under subparagraph (A) is made, or

(ii) the product of the corresponding exempt amount which is in effect with respect to months in the taxable year ending after 2001 and before 2003 (with respect to individuals described in subparagraph (D)) or the taxable year ending after 1993 and before 1995 (with respect to other individuals), and the ratio of—

(I) the national average wage index (as defined in section 409(k)(1) of this title) for the calendar year before the calendar year in which the determination under subparagraph (A) is made, to

(II) the national average wage index (as so defined) for 2000 (with respect to individuals described in subparagraph (D)) or 1992 (with respect to other individuals), with such product, if not a multiple of $10, being rounded to the next higher multiple of $10 where such product is a multiple of $5 but not of $10 and to the nearest multiple of $10 in any other case.

Whenever the Commissioner of Social Security determines that an exempt amount is to be increased in any year under this paragraph, the Commissioner shall notify the House Committee on Ways and Means and the Senate Committee on Finance within 30 days after the close of the base quarter (as defined in section 415(i)(1) of this title) for the calendar year in which the determination under subparagraph (A) is made, to (I) the national average wage index (as so defined) for 1991 (with respect to individuals described in subparagraph (D)) or 1992 (with respect to other individuals),

with such product, if not a multiple of $10, being rounded to the next higher multiple of $10 where such product is a multiple of $5 but not of $10 and to the nearest multiple of $10 in any other case.

Whenever the Commissioner of Social Security determines that an exempt amount is to be increased in any year under this paragraph, the Commissioner shall notify the House Committee on Ways and Means and the Senate Committee on Finance within 30 days after the close of the base quarter (as defined in section 415(i)(1) of this title) for the calendar year in which the determination under subparagraph (A) is made, to (I) the national average wage index (as so defined) for 1991 (with respect to individuals described in subparagraph (D)) or 1992 (with respect to other individuals),

with such product, if not a multiple of $10, being rounded to the next higher multiple of $10 where such product is a multiple of $5 but not of $10 and to the nearest multiple of $10 in any other case.

(C) Notwithstanding the determination of a new exempt amount by the Commissioner of Social Security under subparagraph (A) (and notwithstanding any publication thereof under such subparagraph or any notification thereof under the last sentence of subparagraph (B)), such new exempt amount shall not take effect pursuant thereto if during the calendar year in which such determination is made a law increasing the exempt amount is enacted.

(D) Notwithstanding any other provision of this subsection, the exempt amount which is applicable to an individual who has attained retirement age (as defined in section 416(l) of this title) before the close of the taxable year involved shall be—

(i) for each month of any taxable year ending after 1995 and before 1997, $1,041.66;

(ii) for each month of any taxable year ending after 1996 and before 1998, $1,125.00;

(iii) for each month of any taxable year ending after 1997 and before 1999, $1,208.33;

(iv) for each month of any taxable year ending after 1998 and before 2000, $1,291.66;

(v) for each month of any taxable year ending after 1999 and before 2001, $1,416.66;

(vi) for each month of any taxable year ending after 2000 and before 2002, $2,083.33, and

(vii) for each month of any taxable year ending after 2001 and before 2003, $2,500.00.

(E) Notwithstanding subparagraph (D), no deductions in benefits shall be made under subsection (b) with respect to the earnings of any individual in any month beginning with the month in which the individual attains retirement age (as defined in section 416(l) of this title).

(9) For purposes of paragraphs (3), (5)(D)(i), (8)(D), and (8)(E), the term “retirement age (as defined in section 416(l) of this title)” means the retirement age (as so defined) which is applicable in the case of old-age insurance benefits, regardless of whether or not the particular benefits to which the individual is entitled (or the only such benefits) are old-age insurance benefits.

(g) Penalty for failure to report certain events

Any individual in receipt of benefits subject to deduction under subsection (c), (or who is in receipt of such benefits on behalf of another individual), because of the occurrence of an event specified therein, who fails to report such occurrence to the Commissioner of Social Security prior to the receipt and acceptance of an insurance benefit for the second month following the month in which such event occurred, shall suffer deductions in addition to those imposed under subsection (c) as follows:

(1) if such failure is the first one with respect to which an additional deduction is imposed by this subsection, such additional deduction shall be equal to his benefit or benefits for the first month of the period for which there is a failure to report even though such failure is with respect to more than one month;

(2) if such failure is the second one with respect to which an additional deduction is imposed by this subsection, such additional deduction shall be equal to two times his benefit or benefits for the first month of the period for which there is a failure to report even though such failure is with respect to more than two months; and

(3) if such failure is the third or a subsequent one for which an additional deduction is imposed under this subsection, such additional deduction shall be equal to three times his benefit or benefits for the first month of the period for which there is a failure to report even though the failure to report is with respect to more than three months;
except that the number of additional deductions required by this subsection shall not exceed the number of months in the period for which there is a failure to report. As used in this subsection, the term “period for which there is a failure to report” with respect to any individual means the period for which such individual received and accepted insurance benefits under section 402 of this title without making a timely report and for which deductions are required under subsection (c).

(h) Report of earnings to Commissioner

(1)(A) If an individual is entitled to any monthly insurance benefit under section 402 of this title during any taxable year in which he has earnings or wages, as computed pursuant to paragraph (5) of subsection (f), in excess of the product of the applicable exempt amount as determined under subsection (f)(8) times the number of months in such year, such individual (or the individual who is in receipt of such benefit on his behalf) shall make a report to the Commissioner of Social Security of his earnings (or wages) for such taxable year. Such report shall be made on or before the fifteenth day of the month following the close of such year, and shall contain such information and be made in such manner as the Commissioner of Social Security may by regulations prescribe. Such report need not be made for any taxable year—

(i) beginning with or after the month in which such individual attained retirement age (as defined in section 416(l) of this title), or

(ii) if benefit payments for all months (in such taxable year) in which such individual is under retirement age (as defined in section 416(l) of this title) have been suspended under the provisions of the first sentence of paragraph (3) of this subsection, unless—

(I) such individual is entitled to benefits under subsection (b), (c), (d), (e), (f), (g), or (h) of section 402 of this title,

(II) such benefits are reduced under subsection (a) of this section for any month in such taxable year, and

(III) in any such month there is another person who also is entitled to benefits under subsection (b), (c), (d), (e), (f), (g), or (h) of section 402 of this title on the basis of the same wages and self-employment income and who does not live in the same household as such individual.

The Commissioner of Social Security may grant a reasonable extension of time for making the report of earnings required by this paragraph with respect to which an additional deduction is imposed under this paragraph, such additional deduction shall be equal to his benefit or benefits for the last month of such year for which he was entitled to a benefit under section 402 of this title, except that if the deduction imposed under subsection (b) by reason of his earnings for such year is less than the amount of his benefit (or benefits) for the last month of such year for which he was entitled to a benefit under section 402 of this title, the additional deduction shall be equal to the amount of the deduction imposed under subsection (b) but not less than $10;

(B) if such failure is the second one for which an additional deduction is imposed under this paragraph, such additional deduction shall be equal to three times his benefit or benefits for the last month of such year for which he was entitled to a benefit under section 402 of this title;

(C) if such failure is the third or a subsequent one for which an additional deduction is imposed under this paragraph, such additional deduction shall be equal to four times his benefit or benefits for the last month of such year for which he was entitled to a benefit under section 402 of this title;

except that the number of the additional deductions required by this paragraph with respect to which an additional deduction is imposed under this paragraph, such additional deduction shall be equal to his benefit or benefits for the last month of such year for which he was entitled to a benefit under section 402 of this title, the additional deduction shall be equal to two times his benefit or benefits for the last month of such year for which he was entitled to a benefit under section 402 of this title;
any deduction is imposed for such month under subsection (b). The Commissioner of Social Security is authorized, before the close of the taxable year of an individual entitled to benefits during such year, to request of such individual the information, at such time or times as the Commissioner of Social Security may specify, a declaration of his estimated earnings for the taxable year and that he furnish to the Commissioner of Social Security such other information with respect to such earnings as the Commissioner of Social Security may specify. A failure by such individual to comply with any such request shall in itself constitute justification for a determination under this paragraph that it may reasonably be expected that the individual will suffer deductions imposed under subsection (b) by reason of his earnings for such year. If, after the close of a taxable year of an individual entitled to benefits under section 402 of this title for such year, the Commissioner of Social Security requests such individual to furnish a report of his earnings (as computed pursuant to paragraph (5) of subsection (f)) for such taxable year or any other information with respect to such earnings which the Commissioner of Social Security may specify, and the individual fails to comply with such request, such failure shall in itself constitute justification for a determination that such individual’s benefits are subject to deductions under subsection (b) for each month in such taxable year (or only for such months thereof as the Commissioner of Social Security may specify) by reason of his earnings for such year.

4) The Commissioner of Social Security shall develop and implement procedures in accordance with this subsection to avoid paying more than the correct amount of benefits to any individual (including any lack of facility with the English language).

(j) Attainment of retirement age

For the purposes of this section, an individual shall be considered as having attained retirement age (as defined in section 416(j) of this title) during the entire month in which he attains such age.

(k) Noncovered remunerative activity outside United States

An individual shall be considered to be engaged in noncovered remunerative activity outside the United States if he performs services outside the United States as an employee and such services do not constitute employment as defined in section 410 of this title and are not performed in the active military or naval service of the United States, or if he carries on a trade or business outside the United States (other than the performance of service as an employee) the net income or loss of which (1) is not includible in computing his net earnings from self-employment for a taxable year and (2) would not be excluded from net earnings from self-employment, if carried on in the United States, by any of the numbered paragraphs of section 411(a) of this title. When used in the preceding sentence with respect to a trade or business other than the performance of service as an employee, the term “United States” does not include the Commonwealth of Puerto Rico, the Virgin Islands, Guam, or American Samoa in the case of an alien who is not a resident of the United States (including the Commonwealth of Puerto Rico, the Virgin Islands, Guam, or American Samoa) and the term “trade or business” shall have the same meaning as when used in section 162 of the Internal Revenue Code of 1986.

(i) Good cause for failure to make reports required

The failure of an individual to make any report required by subsection (g) or (h)(1)(A) within the time prescribed therein shall not be regarded as such a failure if it is shown to the satisfaction of the Commissioner of Social Security that he had good cause for failing to make such report within such time. The determination of what constitutes good cause for purposes of this subsection shall be made in accordance with regulations of the Commissioner of Social Security, except that in making any such determination, the Commissioner of Social Security shall specifically take into account any physical, mental, educational, or linguistic limitation such individual may have (including any lack of facility with the English language).

Section 422(b) of this title, referred to in subsecs. (a)(9)(B)(ii), (c), (e), was repealed by Pub. L. 106–182, § 12(1), Apr. 19, 1990, 104 Stat. 1388–279.
