§ 10801. Congressional findings and statement of purpose

(a) The Congress finds that—

(1) individuals with mental illness are vulnerable to abuse and serious injury;
(2) family members of individuals with mental illness play a crucial role in being advocates for the rights of individuals with mental illness where the individuals are minors, the individuals are legally competent and choose to involve the family members, and the individuals are legally incompetent and the legal guardians, conservators, or other legal representatives are members of the family;

(3) individuals with mental illness are subject to neglect, including lack of treatment, adequate nutrition, clothing, health care, and adequate discharge planning; and

(4) State systems for monitoring compliance with respect to the rights of individuals with mental illness vary widely and are frequently inadequate.

(b) The purposes of this chapter are—

(1) to ensure that the rights of individuals with mental illness are protected; and

(2) to assist States to establish and operate a protection and advocacy system for individuals with mental illness which will—

(A) protect and advocate the rights of such individuals through activities to ensure the enforcement of the Constitution and Federal and State statutes; and

(B) investigate incidents of abuse and neglect of individuals with mental illness if the incidents are reported to the system or if there is probable cause to believe that the incidents occurred.

(i) such individual;

If such mental health professional determines, based on professional judgment, that disclosure of such information would not be detrimental to the health of such individual, the system may disclose such information to such individual.

(B) An eligible system may select a mental health professional under subparagraph (A)(iii) on behalf of—

(i) an individual whose legal guardian is the State; or

(ii) an individual who has a legal guardian, conservator, or other legal representative other than the State if such guardian, conservator, or representative does not, within a reasonable time after such individual is denied access to information under paragraph (1), select a mental health professional under subparagraph (A) to review such information.

(2)(C) substituted “individuals with mental illness” for “mentally ill individuals”.

State agency or nonprofit organization which entered into a contract with an eligible system under section 10804(a) of this title, shall exhaust in a timely manner all administrative remedies where appropriate. (b) Subsection (a) does not apply to any legal action instituted to prevent or eliminate imminent serious harm to an individual with mental illness.

AMENDMENTS

(2) assurances that such system will have a staff which is trained or being trained to provide advocacy services to individuals with mental illness and to work with family members of clients served by the system where the individuals with mental illness are minors, legally competent and do not object, and legally incompetent and the legal guardians, conservators, or other legal representatives are family members;
(3) assurances that such system, and any State agency or nonprofit organization with which such system may enter into a contract under section 10804(a) of this title, will not, in the case of any individual who has a legal guardian, conservator, or representative other than the State, take actions which are duplicative of actions taken on behalf of such individual by such guardian, conservator, or representative unless such guardian, conservator, or representative requests the assistance of such system; and
(4) such other information as the Secretary may by regulation prescribe.

(b) Satisfaction of requirements regarding trained staff
The assurance required under subsection (a)(2) regarding trained staff may be satisfied through the provision of training by individuals who have received or are receiving mental health services and family members of such individuals.

EFFECTIVE DATE OF 1992 AMENDMENT
Amendment by Pub. L. 102–321 effective Oct. 1, 1992, with provision for programs providing financial assistance, see section 801(c), (d) of Pub. L. 102–321, set out as a note under section 236 of this title.

§10822. Allotment formula and reallocations
(a)(1)(A) Except as provided in paragraph (2) and subject to the availability of appropriations under section 10827 of this title, the Secretary shall make allotments under section 10803 of this title from amounts appropriated under section 10827 of this title for a fiscal year to eligible systems on the basis of a formula prescribed by the Secretary which is based equally—
(i) on the population of each State in which there is an eligible system; and
(ii) on the population of each such State weighted by its relative per capita income.

(B) For purposes of subparagraph (A)(ii), the term “relative per capita income” means the quotient of the per capita income of the United States and the per capita income of the State, except that if the State is Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Islands, the Federated States of Micronesia, the Republic of Palau, or the Virgin Islands, the quotient shall be considered to be one.

(2)(A) The minimum amount of the allotment of an eligible system shall be the product (rounded to the nearest $100) of the appropriate base amount determined under subparagraph (B) and the factor specified in subparagraph (C).

(B) For purposes of subparagraph (A), the appropriate base amount—
(i) for American Samoa, Guam, the Marshall Islands, the Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, the Republic of Palau, and the Virgin Islands, is $139,300; and
(ii) for any other State, is $260,000.
(C) The factor specified in this subparagraph is the ratio of the amount appropriated under section 10827 of this title for the fiscal year for which the allotment is being made to the amount appropriated under such section for fiscal year 1995.

(D) If the total amount appropriated for a fiscal year is at least $25,000,000, the Secretary shall make an allotment in accordance with subparagraph (A) to the eligible system serving the American Indian consortium.

(b)(1) To the extent that all the amounts appropriated under section 10827 of this title for a fiscal year are not allotted to eligible systems because—

(A) one or more eligible systems have not submitted an application for an allotment for such fiscal year; or

(B) one or more eligible systems have notified the Secretary that they do not intend to use the full amount of their allotment,

the amount which is not so allotted shall be reallocated among the remaining eligible systems.

(2) The amount of an allotment to an eligible system for a fiscal year which the Secretary determines will not be required by the system during the period for which it is available shall be available for reallocation by the Secretary to other eligible systems with respect to which such a determination has not been made.

(3) The Secretary shall make reallocations under paragraphs (1) and (2) on such date or dates as the Secretary may fix (but not earlier than 30 days after the Secretary has published notice of the intention of the Secretary to make such reallocation in the Federal Register). A reallocation to an eligible system shall be made in proportion to the original allotment of such system for such fiscal year, but with such proportionate amount for such system being reduced to the extent it exceeds the sum the Secretary estimates such system needs and will be able to use during such period. The total of such reductions shall be similarly reallocated among eligible systems whose proportionate amounts were not so reduced. Any amount so reallocated to an eligible system for a fiscal year shall be deemed to be a part of its allotment under subsection (a) for such fiscal year.

AMENDMENTS

Subsec. (a)(2). Pub. L. 106–310, §2306(d), amended par. (2) generally. Prior to amendment, par. (2) specified minimum amounts of allotments to eligible systems of each State, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and the Virgin Islands based on whether the total amount appropriated in a fiscal year was at least $13,000,000 or less than $13,000,000.

Subsec. (a)(3). Pub. L. 106–310, §2306(e)(2), struck out par. Subchapter II—Restatement of Bill of Rights for Mental Health Patients

§10841. Restatement of bill of rights
It is the sense of the Congress that, as previously stated in title V of the Mental Health Systems Act [42 U.S.C. 9501 et seq.], each State should review and revise, if necessary, its laws
to ensure that mental health patients receive the protection and services they require, and that in making such review and revision, States should take into account the recommendations of the President's Commission on Mental Health and the following:

(A) The right to appropriate treatment and related services in a setting and under conditions that—

(i) are the most supportive of such person's personal liberty; and

(ii) restrict such liberty only to the extent necessary consistent with such person's treatment needs, applicable requirements of law, and applicable judicial orders.

(B) The right to an individualized, written, treatment or service plan (such plan to be developed promptly after admission of such person), the right to treatment based on such plan, the right to periodic review and reassessment of treatment and related service needs, and the right to appropriate revision of such plan, including any revision necessary to provide a description of mental health services that may be needed after such person is discharged from such program or facility.

(C) The right to ongoing participation, in a manner appropriate to such person's capabilities, in the planning of mental health services to be provided such person (including the right to participate in the development and periodic revision of the plan described in subparagraph (B)), and, in connection with such participation, the right to be provided with a reasonable explanation, in terms and language appropriate to such person's condition and ability to understand, of—

(i) such person's general mental condition and, if such program or facility has provided a physical examination, such person's general physical condition;

(ii) the objectives of treatment;

(iii) the nature and significant possible adverse effects of recommended treatments;

(iv) the reasons why a particular treatment is considered appropriate;

(v) the reasons why access to certain visits or services may not be appropriate; and

(vi) any appropriate and available alternative treatments, services, and types of providers of mental health services.

(D) The right not to receive a mode or course of treatment, established pursuant to the treatment plan, in the absence of such person's informed, voluntary, written consent to such mode or course of treatment, except treatment—

(i) during an emergency situation if such treatment is pursuant to or documented contemporaneously by the written order of a responsible mental health professional; or

(ii) as permitted under applicable law in the case of a person committed by a court to a treatment program or facility.

(E) The right not to participate in experimentation in the absence of such person's informed, voluntary, written consent, the right to appropriate protections in connection with such participation, including the right to a reasonable explanation of the procedure to be followed, the benefits to be expected, the relative advantages of alternative treatments, and the potential discomforts and risks, and the right and opportunity to revoke such consent.

(F) The right to freedom from restraint or seclusion, other than as a mode or course of treatment or restraint or seclusion during an emergency situation if such restraint or seclusion is pursuant to or documented contemporaneously by the written order of a responsible mental health professional.

(G) The right to a humane treatment environment that affords reasonable protection from harm and appropriate privacy to such person with regard to personal needs.

(H) The right to confidentiality of such person's records.

(i) The right to access, upon request, to such person's mental health care records, except such person may be refused access to—

(ii) information in such records provided by a third party under assurance that such information shall remain confidential; and

(ii) specific material in such records if the health professional responsible for the mental health services concerned has made a determination in writing that such access would be detrimental to such person's health, except that such material may be made available to a similarly licensed health professional selected by such person and such health professional may, in the exercise of professional judgment, provide such person with access to any or all parts of such material or otherwise disclose the information contained in such material to such person.

(J) The right, in the case of a person admitted on a residential or inpatient care basis, to converse with others privately, to have convenient and reasonable access to the telephone and mails, and to see visitors during regularly scheduled hours, except that, if a mental health professional treating such person determines that denial of access to a particular visitor is necessary for treatment purposes, such mental health professional may, for a specific, limited, and reasonable period of time, deny such access if such mental health professional has ordered such denial in writing and such order has been incorporated in the treatment plan for such person. An order denying such access should include the reasons for such denial.

(K) The right to be informed promptly at the time of admission and periodically thereafter, in language and terms appropriate to such person's condition and ability to understand, of the rights described in this section.

(L) The right to assert grievances with respect to infringement of the rights described in this section, including the right to have
such grievances considered in a fair, timely, and impartial grievance procedure provided for or by the program or facility.

(M) Notwithstanding subparagraph (J), the right of access to (including the opportunities and facilities for private communication with) any available—

(O) The right to referral as appropriate to other providers of mental health services upon discharge.

(2)(A) The rights described in this section should be in addition to and not in derogation of any other statutory or constitutional rights.

(B) The rights to confidentiality of and access to records as provided in subparagraphs (H) and (I) of paragraph (1) should remain applicable to records pertaining to a person after such person’s discharge from a program or facility.

(3)(A) No otherwise eligible person should be denied admission to a program or facility for mental health services as a reprisal for the exercise of the rights described in this section.

(B) Nothing in this section should—
(i) obligate an individual mental health or health professional to administer treatment contrary to such professional’s clinical judgment;
(ii) prevent any program or facility from discharging any person for whom the provision of appropriate treatment, consistent with the clinical judgment of the mental health professional primarily responsible for such person’s treatment, is or has become impossible as a result of such person’s refusal to consent to such treatment;
(iii) require a program or facility to admit any person who, while admitted on prior occasions to such program or facility, has repeatedly frustrated the purposes of such admissions by withholding consent to proposed treatment; or
(iv) obligate a program or facility to provide treatment services to any person who is admitted to such program or facility solely for diagnostic or evaluative purposes.

(C) In order to assist a person admitted to a program or facility in the exercise or protection of such person’s rights, such person’s attorney or legal representatives should have reasonable access to—
(i) such person;
(ii) the areas of the program or facility where such person has received treatment, resided, or had access; and
(iii) pursuant to the written authorization of such person, the records and information pertaining to such person’s diagnosis, treatment, and related services described in paragraph (1)(I).

(D) Each program and facility should post a notice listing and describing, in language and terms appropriate to the ability of the persons to whom such notice is addressed to understand, the rights described in this section of all persons admitted to such program or facility. Each such notice should conform to the format and content for such notices, and should be posted in all appropriate locations.

(4)(A) In the case of a person adjudicated by a court of competent jurisdiction as being incompetent to exercise the right to consent to treatment or experimentation described in subparagraph (D) or (E) of paragraph (1), or the right to confidentiality of or access to records described in subparagraph (H) or (I) of such paragraph, or to provide authorization as described in paragraph (3)(C)(iii), such right may be exercised or such authorization may be provided by the individual appointed by such court as such person’s guardian or representative for the purpose of exercising such right or such authorization.

(B) In the case of a person who lacks capacity to exercise the right to consent to treatment or experimentation under subparagraph (D) or (E) of paragraph (1), or the right to confidentiality of or access to records described in subparagraph (H) or (I) of such paragraph, or to provide authorization as described in paragraph (3)(C)(iii), such right may be exercised or such authorization may be provided on behalf of such person by a parent or legal guardian of such person.

(C) occurs in a manner which would require notification under section 103(a) of CERCLA [42 U.S.C. 9603(a)].

Unless and until superseded by regulations establishing a quantity for an extremely hazardous substance described in this paragraph, a quantity of 1 pound shall be deemed that quantity the release of which requires notice as described in subsection (b).

(3) Non-11002(a) substance which requires CERCLA notice

If a release of a substance which is not on the list referred to in section 11002(a) of this title occurs at a facility at which a hazardous chemical is produced, used, or stored, and such release requires notification under section 103(a) of CERCLA [42 U.S.C. 9603(a)], the owner or operator shall provide notice as follows:

(A) If the substance is one for which a reportable quantity has been established under section 102(a) of CERCLA [42 U.S.C. 9602(a)], the owner or operator shall provide notice as described in subsection (b).

(B) If the substance is one for which a reportable quantity has not been established under section 102(a) of CERCLA [42 U.S.C. 9602(a)]—

(i) Until April 30, 1988, the owner or operator shall provide, for releases of one pound or more of the substance, the same notice to the community emergency coordinator for the local emergency planning committee, at the same time and in the same form, as notice is provided to the National Response Center under section 103(a) of CERCLA [42 U.S.C. 9603(a)].

(2) Contents of list

(A) The list of chemicals referred to in paragraph (1) shall include each of the following:

(i) A list of the hazardous chemicals for which a material safety data sheet is required under the Occupational Safety and Health Act of 1970 [29 U.S.C. 651 et seq.] and regulations promulgated under that Act, grouped in categories of health and physical hazards as set forth under such Act and regulations promulgated under such Act, or in such other categories as the Administrator may prescribe under subparagraph (B).

(ii) The chemical name or the common name of each such chemical as provided on the material safety data sheet.

(iii) Any hazardous component of each such chemical as provided on the material safety data sheet.

(B) For purposes of the list under this paragraph, the Administrator may modify the categories of health and physical hazards as set forth under the Occupational Safety and Health Act of 1970 [29 U.S.C. 651 et seq.] and regulations promulgated under that Act by requiring information to be reported in terms of groups of hazardous chemicals which present similar hazards in an emergency.

(3) Treatment of mixtures

An owner or operator may meet the requirements of this section with respect to a hazardous chemical which is a mixture by doing one of the following:

(A) Submitting a material safety data sheet for, or identifying on a list, each element or compound in the mixture which is a hazardous chemical. If more than one mixture has the same element or compound, only one material safety data sheet, or one listing, of the element or compound is necessary.

(B) Submitting a material safety data sheet for, or identifying on a list, the mixture itself.

(b) Thresholds

The Administrator may establish threshold quantities for hazardous chemicals below which no facility shall be subject to the provisions of this section. The threshold quantities may, in the Administrator's discretion, be based on classes of chemicals or categories of facilities.

(c) Availability of MSDS on request

If an owner or operator of a facility submits a list of chemicals under subsection (a)(1), the owner or operator, upon request by the local emergency planning committee, shall submit the material safety data sheet for any chemical on the list to such committee.

(2) To public

A local emergency planning committee, upon request by any person, shall make available a material safety data sheet to the person in accordance with section 11044 of this title. If the local emergency planning committee does not have the requested material safety data sheet, the committee shall request the sheet from the facility owner or operator and then make the sheet available to the person in accordance with section 11044 of this title.

(d) Initial submission and updating

(1) The initial material safety data sheet or list required under this section with respect to a hazardous chemical shall be provided before the later of—

(A) 12 months after October 17, 1986, or

(B) 3 months after the owner or operator of a facility is required to prepare or have available a material safety data sheet for the chemical under the Occupational Safety and Health Act of 1970 [29 U.S.C. 651 et seq.] and regulations promulgated under that Act.

(2) Within 3 months following discovery by an owner or operator of significant new information concerning an aspect of a hazardous chemical for which a material safety data sheet was previously submitted to the local emergency planning committee under subsection (a), a revised sheet shall be provided to such person.

(e) "Hazardous chemical" defined

For purposes of this section, the term "hazardous chemical" has the meaning given such term by section 1910.1200(c) of title 29 of the Code of Federal Regulations, except that such term does not include the following:

Upon request by a State emergency response commission, a local emergency planning committee, or a fire department with jurisdiction over the facility, the owner or operator of a facility shall provide tier II information, as described in subsection (d), to the person making the request. Any such request shall be with respect to a specific facility.

(2) Availability to other State and local officials

A State or local official acting in his or her official capacity may have access to tier II information by submitting a request to the
State emergency response commission or the local emergency planning committee. Upon receipt of a request for tier II information, the State commission or local committee shall, pursuant to paragraph (1), request the facility owner or operator for the tier II information and make available such information to the official.

(3) Availability to public
(A) In general
Any person may request a State emergency response commission or local emergency planning committee for tier II information relating to the preceding calendar year with respect to a facility. Any such request shall be in writing and shall be with respect to a specific facility.

(B) Automatic provision of information to public
Any tier II information which a State emergency response commission or local emergency planning committee has in its possession shall be made available to a person making a request under this paragraph in accordance with section 11044 of this title. If the State emergency response commission or local emergency planning committee does not have the tier II information in its possession, upon a request for tier II information the State emergency response commission or local emergency planning committee shall, pursuant to paragraph (1), request the facility owner or operator for tier II information with respect to a hazardous chemical which a facility has stored in an amount in excess of 10,000 pounds present at the facility at any time during the preceding calendar year and make such information available in accordance with section 11044 of this title to the person making the request.

(C) Discretionary provision of information to public
In the case of tier II information which is not in the possession of a State emergency response commission or local emergency planning committee and which is with respect to a hazardous chemical which a facility has stored in an amount less than 10,000 pounds present at the facility at any time during the preceding calendar year, a request from a person must include the general need for the information. The State emergency response commission or local emergency planning committee may, pursuant to paragraph (1), request the facility owner or operator for the tier II information on behalf of the person making the request. Upon receipt of any information requested on behalf of such person, the State emergency response commission or local emergency planning committee shall make the information available in accordance with section 11044 of this title to the person.

A State emergency response commission or local emergency planning committee shall respond to a request for tier II information under this paragraph no later than 45 days after the date of receipt of the request.

(4) Availability to community water systems
(A) In general
An affected community water system may have access to tier II information by submitting a request to the State emergency response commission or the local emergency planning committee. Upon receipt of a request for tier II information, the State commission or local committee shall, pursuant to paragraph (1), request the facility owner or operator for the tier II information and make available such information to the affected community water system.

(B) Definition
In this paragraph, the term “affected community water system” means a community water system (as defined in section 300f(15) of this title) that receives supplies of drinking water from a source water area, delineated under section 300–13 of this title, in which a facility that is required to prepare and submit an inventory form under subsection (a)(1) is located.

(f) Fire department access
Upon request to an owner or operator of a facility which files an inventory form under this section by the fire department with jurisdiction over the facility, the owner or operator of the facility shall allow the fire department to conduct an on-site inspection of the facility and shall provide to the fire department specific location information on hazardous chemicals at the facility.

(g) Format of forms
The Administrator shall publish a uniform format for inventory forms within three months after October 17, 1986. Amendments

§ 11023. Toxic chemical release forms
(n) Basic requirement
The owner or operator of a facility subject to the requirements of this section shall complete a toxic chemical release form as published under subsection (g) for each toxic chemical listed under subsection (c) that was manufactured, processed, or otherwise used in quantities ex-
ceeding the toxic chemical threshold quantity established by subsection (f) during the preceding calendar year at such facility. Such form shall be submitted to the Administrator and to an official or officials of the State designated by the Governor on or before July 1, 1988, and annually thereafter on July 1 and shall contain data reflecting releases during the preceding calendar year.

(b) Covered owners and operators of facilities

(1) In general

(A) The requirements of this section shall apply to owners and operators of facilities that have 10 or more full-time employees and that are in Standard Industrial Classification Codes 20 through 39 (as in effect on July 1, 1985) and that manufactured, processed, or otherwise used a toxic chemical listed under subsection (c) in excess of the quantity of that toxic chemical established under subsection (f) during the calendar year for which a release form is required under this section.

(B) The Administrator may add or delete Standard Industrial Classification Codes for purposes of subparagraph (A), but only to the extent necessary to provide that each Standard Industrial Code to which this section applies is relevant to the purposes of this section.

(C) For purposes of this section—

(i) The term “manufacture” means to produce, prepare, import, or compound a toxic chemical.

(ii) The term “process” means the preparation of a toxic chemical, after its manufacture, for distribution in commerce—

(I) in the same form or physical state as, or in a different form or physical state from, that in which it was received by the person so preparing such chemical, or

(II) as part of an article containing the toxic chemical.

(2) Discretionary application to additional facilities

The Administrator, on his own motion or at the request of a Governor of a State (with regard to facilities located in that State), may apply the requirements of this section to the owners and operators of any particular facility that manufactures, processes, or otherwise uses a toxic chemical listed under subsection (c) if the Administrator determines that such action is warranted on the basis of toxicity of the toxic chemical, proximity to other facilities that release the toxic chemical or to population centers, the history of releases of such chemical at such facility, or such other factors as the Administrator deems appropriate.

c) Toxic chemicals covered

The toxic chemicals subject to the requirements of this section are—

(1) the chemicals on the list in Committee Print Number 99–169 of the Senate Committee on Environment and Public Works, titled “Toxic Chemicals Subject to Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986” [42 U.S.C. 11023] (including any revised version of the list as may be made pursuant to subsection (d) or (e)); and

(2) the chemicals included on such list under subsections (b)(1), (c)(1), and (d)(3) of section 8921 of title 15.

(d) Revisions by Administrator

(1) In general

The Administrator may by rule add or delete a chemical from the list described in subsection (c) at any time.

(2) Additions

A chemical may be added if the Administrator determines, in his judgment, that there is sufficient evidence to establish any one of the following:

(A) The chemical is known to cause or can reasonably be anticipated to cause significant adverse acute human health effects at concentration levels that are reasonably likely to exist beyond facility site boundaries as a result of continuous, or frequently recurring, releases.

(B) The chemical is known to cause or can reasonably be anticipated to cause in humans—

(i) cancer or teratogenic effects, or

(ii) serious or irreversible—

(I) reproductive dysfunctions,

(II) neurological disorders,

(III) heritable genetic mutations, or

(IV) other chronic health effects.

(C) The chemical is known to cause or can reasonably be anticipated to cause, because of—

(i) its toxicity,

(ii) its toxicity and persistence in the environment, or

(iii) its toxicity and tendency to bioaccumulate in the environment,

a significant adverse effect on the environment of sufficient seriousness, in the judgment of the Administrator, to warrant reporting under this section. The number of chemicals included on the list described in subsection (c) on the basis of the preceding sentence may constitute in the aggregate no more than 25 percent of the total number of chemicals on the list.

A determination under this paragraph shall be based on generally accepted scientific principles or laboratory tests, or appropriately designed and conducted epidemiological or other population studies, available to the Administrator.

(3) Deletions

A chemical may be deleted if the Administrator determines there is not sufficient evidence to establish any of the criteria described in paragraph (2).

(4) Effective date

Any revision made on or after January 1 and before December 1 of any calendar year shall take effect beginning with the next calendar year. Any revision made on or after December 1 of any calendar year and before January 1 of the next calendar year shall take effect be-
ginning with the calendar year following such next calendar year.

(e) Petitions

(1) In general

Any person may petition the Administrator to add or delete a chemical from the list described in subsection (c) on the basis of the criteria in subparagraph (A) or (B) of subsection (d)(2). Within 180 days after receipt of a petition, the Administrator shall take one of the following actions:

(A) Initiate a rulemaking to add or delete the chemical to the list, in accordance with subsection (d)(2) or (d)(3).
(B) Publish an explanation of why the petition is denied.

(2) Governor petitions

A State Governor may petition the Administrator to add or delete a chemical from the list described in subsection (c) on the basis of the criteria in subparagraph (A), (B), or (C) of subsection (d)(2). In the case of such a petition from a State Governor to delete a chemical, the petition shall be treated in the same manner as a petition received under paragraph (1) to delete a chemical. In the case of such a petition from a State Governor to add a chemical, the chemical will be added to the list within 180 days after receipt of the petition, unless the Administrator

(A) initiates a rulemaking to add the chemical to the list, in accordance with subsection (d)(2), or
(B) publishes an explanation of why the Administrator believes the petition does not meet the requirements of subsection (d)(2) for adding a chemical to the list.

(f) Threshold for reporting

(1) Toxic chemical threshold amount

The threshold amounts for purposes of reporting toxic chemicals under this section are as follows:

(A) With respect to a toxic chemical used at a facility, 10,000 pounds of the toxic chemical per year.
(B) With respect to a toxic chemical manufactured or processed at a facility—

(i) For the toxic chemical release form required to be submitted under this section on or before July 1, 1988, 75,000 pounds of the toxic chemical per year.
(ii) For the form required to be submitted on or before July 1, 1989, 50,000 pounds of the toxic chemical per year.
(iii) For the form required to be submitted on or before July 1, 1990, and for each form thereafter, 25,000 pounds of the toxic chemical per year.

(2) Revisions

The Administrator may establish a threshold amount for a toxic chemical different from the amount established by paragraph (1). Such revised threshold shall obtain reporting on a substantial majority of total releases of the chemical at all facilities subject to the requirements of this section. The amounts established under this paragraph may, at the Administrator’s discretion, be based on classes of chemicals or categories of facilities.

(g) Form

(1) Information required

Not later than June 1, 1987, the Administrator shall publish a uniform toxic chemical release form for facilities covered by this section. If the Administrator does not publish such a form, owners and operators of facilities subject to the requirements of this section shall provide the information required under this subsection by letter postmarked on or before the date on which the form is due. Such form shall—

(A) provide for the name and location of, and principal business activities at, the facility;
(B) include an appropriate certification, signed by a senior official with management responsibility for the person or persons completing the report, regarding the accuracy and completeness of the report; and
(C) provide for submission of each of the following actions:

(i) Whether the toxic chemical at the facility is manufactured, processed, or otherwise used, and the general category or categories of use of the chemical.
(ii) An estimate of the maximum amounts (in ranges) of the toxic chemical present at the facility at any time during the preceding calendar year.
(iii) For each wastestream, the waste treatment or disposal methods employed, and an estimate of the treatment efficiency typically achieved by such methods for that wastestream.
(iv) The annual quantity of the toxic chemical entering each environmental medium.

(2) Use of available data

In order to provide the information required under this section, the owner or operator of a facility may use readily available data (including monitoring data) collected pursuant to other provisions of law, or, where such data are not readily available, reasonable estimates of the amounts involved. Nothing in this section requires the monitoring or measurement of the quantities, concentration, or frequency of any toxic chemical released into the environment beyond that monitoring and measurement required under other provisions of law or regulation. In order to assure consistency, the Administrator shall require that data be expressed in common units.

(h) Use of release form

The release forms required under this section are intended to provide information to the Federal, State, and local governments and the public, including citizens of communities surrounding covered facilities. The release form shall be available, consistent with section 1104(a) of this title, to inform persons about releases of toxic chemicals to the environment; to assist governmental agencies, researchers, and other persons in the conduct of research and data gathering; to aid in the development of appropriate regulations, guidelines, and standards; and for other similar purposes.
(i) Modifications in reporting frequency

(1) In general

The Administrator may modify the frequency of submitting a report under this section, but the Administrator may not modify the frequency to be any more often than annually. A modification may apply, either nationally or in a specific geographic area, to the following:

(A) All toxic chemical release forms required under this section.
(B) A class of toxic chemicals or a category of facilities.
(C) A specific toxic chemical.
(D) A specific facility.

(2) Requirements

A modification may be made under paragraph (1) only if the Administrator—

(A) makes a finding that the modification is consistent with the provisions of subsection (h), based on—

(i) experience from previously submitted toxic chemical release forms, and
(ii) determinations made under paragraph (3), and

(B) the finding is made by a rulemaking in accordance with section 553 of title 5.

(3) Determinations

The Administrator shall make the following determinations with respect to a proposed modification before making a modification under paragraph (1):

(A) The extent to which information relating to the proposed modification provided on the toxic chemical release forms has been used by the Administrator or other agencies of the Federal Government, States, local governments, health professionals, and the public.
(B) The extent to which the information is readily available to potential users from other sources, such as State reporting programs, and (ii) provided to the Administrator under another Federal law or through a State program.
(C) The extent to which the modification would impose additional and unreasonable burdens on facilities subject to the reporting requirements under this section.

(4) 5-year review

Any modification made under this subsection shall be reviewed at least once every 5 years. Such review shall examine the modification and ensure that the requirements of paragraphs (2) and (3) still justify continuation of the modification. Any change to a modification reviewed under this paragraph shall be made in accordance with this subsection.

(5) Notification to Congress

The Administrator shall notify Congress of an intention to initiate a rulemaking for a modification under this subsection. After such notification, the Administrator shall delay initiation of the rulemaking for at least 12 months, but no more than 24 months, after the date of such notification.

(6) Judicial review

In any judicial review of a rulemaking which establishes a modification under this subsection, a court may hold unlawful and set aside agency action, findings, and conclusions found to be unsupported by substantial evidence.

(7) Applicability

A modification under this subsection may apply to a calendar year or other reporting period beginning no earlier than January 1, 1993.

(8) Effective date

Any modification made on or after January 1 and before December 1 of any calendar year shall take effect beginning with the next calendar year. Any modification made on or after December 1 of any calendar year and before January 1 of the next calendar year shall take effect beginning with the calendar year following such next calendar year.

(j) EPA management of data

The Administrator shall establish and maintain in a computer data base a national toxic chemical inventory based on data submitted to the Administrator under this section. The Administrator shall make these data accessible by computer telecommunication and other means to any person on a cost reimbursable basis.

(k) Report

Not later than June 30, 1991, the Comptroller General, in consultation with the Administrator and appropriate officials in the States, shall submit to the Congress a report including each of the following:

(1) A description of the steps taken by the Administrator and the States to implement the requirements of this section, including steps taken to make information collected under this section available to and accessible by the public.
(2) A description of the extent to which the information collected under this section has been used by the Environmental Protection Agency, other Federal agencies, the States, and the public, and the purposes for which the information has been used.
(3) An identification and evaluation of options for modifications to the requirements of this section for the purpose of making information collected under this section more useful.

(l) Mass balance study

(1) In general

The Administrator shall arrange for a mass balance study to be carried out by the National Academy of Sciences using mass balance information collected by the Administrator under paragraph (3). The Administrator shall submit to Congress a report on such study no later than 5 years after October 17, 1986.

(2) Purposes

The purposes of the study are as follows:

(A) To assess the value of mass balance analysis in determining the accuracy of information on toxic chemical releases.
(B) To assess the value of obtaining mass balance information, or portions thereof, to determine the waste reduction efficiency of different facilities, or categories of facilities, including the effectiveness of toxic chemical regulations promulgated under laws other than this chapter.

(C) To assess the utility of such information for evaluating toxic chemical management practices at facilities, or categories of facilities, covered by this section.

(D) To determine the implications of mass balance information collection on a national scale similar to the mass balance information collection carried out by the Administrator under paragraph (3), including implications of the use of such collection as part of a national annual quantity toxic chemical release program.

(3) Information collection

(A) The Administrator shall acquire available mass balance information from States which currently conduct (or during the 5 years after October 17, 1986 initiate) a mass balance-oriented annual quantity toxic chemical release program. If information from such States provides an inadequate representation of industry classes and categories to carry out the purposes of the study, the Administrator also may acquire mass balance information necessary for the study from a representative number of facilities in other States.

(B) Any information acquired under this section shall be available to the public, except that upon a showing satisfactory to the Administrator by any person that the information (or a particular part thereof) to which the Administrator or any officer, employee, or representative has access under this section if made public would divulge information entitled to protection under section 1905 of title 18, such information or part shall be considered confidential in accordance with the purposes of that section, except that such information or part may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this section.

(C) The Administrator may promulgate regulations prescribing procedures for collecting mass balance information under this paragraph.

(D) For purposes of collecting mass balance information under subparagraph (A), the Administrator may require the submission of information by a State or facility.

(4) Mass balance definition

For purposes of this subsection, the term "mass balance" means an accumulation of the annual quantities of chemicals transported to a facility, produced at a facility, consumed at a facility, released from a facility, and transported from a facility as a waste or as a commercial product or byproduct or component of a commercial product or byproduct.

AMENDMENTS

2019—Subsec. (c). Pub. L. 116–92 substituted "are—" and "(1) the chemicals" for "are those chemicals", and added par. (2).

EXPEDITING COMMUNITY RIGHT-TO-KNOW INITIATIVES

Memorandum of President of the United States, Aug. 8, 1985, 50 F.R. 41791, provided:

Memorandum for the Administrator of the Environmental Protection Agency and the Heads of Executive Departments and Agencies

The Emergency Planning and Community Right-to-Know Act of 1986 (42 U.S.C. 11001–11050) ("EPCRA") and the Pollution Prevention Act of 1990 (42 U.S.C. 13101–13109) provide an innovative approach to protecting public health and the environment by ensuring that communities are informed about the toxic chemicals being released into the air, land, and water by manufacturing facilities. I am committed to the effective implementation of this law, because Community Right-to-Know protections provide a basic informational tool to encourage informed community-based environmental decision making and provide a strong incentive for businesses to find their own ways of preventing pollution.

The laws provide the Environmental Protection Agency with substantial authority to add to the Toxics Release Inventory under EPCRA: (1) new chemicals; (2) new classes of industrial facilities; and (3) additional types of information concerning toxic chemical use at facilities. Community Right-to-Know should be enhanced wherever possible as appropriate. EPA currently is engaged in an on-going process to assess potential facility expansion and the collection of use information. I am committed to a full and open process on the policy issues posed by EPA's exercise of these authorities.

So that consideration of these issues can be fully accomplished during this Administration, I am directing the Administrator of the Environmental Protection Agency, in consultation with the Office of Management and Budget and appropriate Federal agencies with applicable technical and functional expertise, as necessary, to take the following actions:

(a) Continuation on an expedited basis of the public notice and comment rulemaking proceedings to consider whether, as appropriate and consistent with section 313(b) of EPCRA, 42 U.S.C. 11023(b), to add to the list of Standard Industrial Classification ("SIC") Code designations of 20 through 39 (as in effect on July 1, 1986); For SIC Code designations, see "Standard Industrial Classification Manual" published by the Office of Management and Budget. EPA shall complete the rule-making process on an accelerated schedule.

(b) Development and implementation of an expedited, open, and transparent process for consideration of reporting under EPCRA on information on the use of toxic chemicals at facilities, including information on mass balance, materials accounting, or other chemical use date (data), pursuant to section 313(b)(1)(A) of EPCRA, 42 U.S.C. 11023(b)(1)(A). EPA shall report on the progress of this effort by October 1, 1995, with a goal of obtaining sufficient information to be able to make informed judgments concerning implementation of any appropriate program.

These actions should continue unless specifically prohibited by law. The head of each executive department or agency shall assist the Environmental Protection Agency in implementing this directive as quickly as possible.

This directive is for the internal management of the executive branch and does not create any right or benefit, substantive or procedural, enforceable by any party against the United States, its agencies or instrumentalities, its officers or employees, or any person.

The Director of the Office of Management and Budget is authorized and directed to publish this Memorandum in the Federal Register.

WILLIAM J. CLINTON.
§ 11041. Relationship to other law

(a) In general

Nothing in this chapter shall—

(1) preempt any State or local law,

(2) except as provided in subsection (b), otherwise affect any State or local law or the authority of any State or local government to adopt or enforce any State or local law, or

(3) affect or modify in any way the obligations or liabilities of any person under other Federal law.

(b) Effect on MSDS requirements

Any State or local law enacted after August 1, 1985, which requires the submission of a material safety data sheet from facility owners or operators shall require that the data sheet be identical in content and format to the data sheet required under subsection (a) of section 11021 of this title. In addition, a State or locality may require the submission of information which is supplemental to the information required on the data sheet (including information on the location and quantity of hazardous chemicals present at the facility), through additional sheets attached to the data sheet or such other means as the State or locality considers appropriate.

§ 11042. Trade secrets

(a) Authority to withhold information

(1) General authority

(A) With regard to a hazardous chemical, an extremely hazardous substance, or a toxic chemical, any person required under section 11003(d)(2), 11003(d)(3), 11021, 11022, or 11023 of this title to submit information to any other person may withhold from such submittal the specific chemical identity (including the chemical name and other specific identification), as defined in regulations prescribed by the Administrator under subsection (c), if the person complies with paragraph (2).

(B) Any person withholding the specific chemical identity shall, in the place on the submittal where the chemical identity would normally be included, include the generic class or category of the hazardous chemical, extremely hazardous substance, or toxic chemical (as the case may be).

(2) Requirements

(A) A person is entitled to withhold information under paragraph (1) if such person—

(i) claims that such information is a trade secret, on the basis of the factors enumerated in subsection (b),

(ii) includes in the submittal referred to in paragraph (1) an explanation of the reasons why such information is claimed to be a trade secret, based on the factors enumerated in subsection (b), including a specific description of why such factors apply, and

(iii) submits to the Administrator a copy of such submittal, and the information withheld from such submittal.

(B) In submitting to the Administrator the information required by subparagraph (A)(iii), a person withholding information under this subsection may—

(i) designate, in writing and in such manner as the Administrator may prescribe by regulation, the information which such person believes is entitled to be withheld under paragraph (1), and

(ii) submit such designated information separately from other information submitted under this subsection.

(3) Limitation

The authority under this subsection to withhold information shall not apply to information which the Administrator has determined, in accordance with subsection (c), is not a trade secret.

(b) Trade secret factors

No person required to provide information under this chapter may claim that the information is entitled to protection as a trade secret under subsection (a) unless such person shows each of the following:

(1) Such person has not disclosed the information to any other person, other than a member of a local emergency planning committee, an officer or employee of the United States or a State or local government, an employee of such person, or a person who is bound by a confidentiality agreement, and such person has taken reasonable measures to protect the confidentiality of such information and intends to continue to take such measures.

(2) The information is not required to be disclosed, or otherwise made available, to the public under any other Federal or State law.

(3) Disclosure of the information is likely to cause substantial harm to the competitive position of such person.

(4) The chemical identity is not readily discoverable through reverse engineering.

(c) Trade secret regulations

As soon as practicable after October 17, 1986, the Administrator shall prescribe regulations to implement this section. With respect to subsection (b)(4), such regulations shall be equivalent to comparable provisions in the Occupational Safety and Health Administration Hazard Communication Standard (29 C.F.R. 1910.1200) and any revisions of such standard prescribed by the Secretary of Labor in accordance with the final ruling of the courts of the United States in United Steelworkers of America, AFL-CIO-CLC v. Thorne G. Aucter.

(d) Petition for review

(1) In general

Any person may petition the Administrator for the disclosure of the specific chemical identity of a hazardous chemical, an extremely hazardous substance, or a toxic chemical which is claimed as a trade secret under this section. The Administrator may, in the absence of a petition under this paragraph, initiate a determination, to be carried out in accordance with this subsection, as to whether information withheld constitutes a trade secret.
(2) Initial review

Within 30 days after the date of receipt of a petition under paragraph (1) (or upon the Administrator's initiative), the Administrator shall review the explanation filed by a trade secret claimant under subsection (a)(2) and determine whether the explanation presents assertions which, if true, are sufficient to support a finding that the specific chemical identity is a trade secret.

(3) Finding of sufficient assertions

(A) If the Administrator determines pursuant to paragraph (2) that the explanation presents sufficient assertions to support a finding that the specific chemical identity is a trade secret, the Administrator shall notify the trade secret claimant that he has 30 days to supplement the explanation with detailed information to support the assertions.

(B) If the Administrator determines, after receipt of any supplemental supporting detailed information under subparagraph (A), that the assertions in the explanation are true and that the specific chemical identity is a trade secret, the Administrator shall so notify the petitioner and the petitioner may seek judicial review of the determination.

(C) If the Administrator determines, after receipt of any supplemental supporting detailed information under subparagraph (A), that the assertions in the explanation are not true and that the specific chemical identity is not a trade secret, the Administrator shall notify the trade secret claimant that the Administrator intends to release the specific chemical identity. The trade secret claimant has 30 days in which he may appeal the Administrator's determination under this subparagraph to the Administrator. If the Administrator does not reverse his determination under this subparagraph in such an appeal by the trade secret claimant, the trade secret claimant may seek judicial review of the determination.

(4) Finding of insufficient assertions

(A) If the Administrator determines pursuant to paragraph (2) that the explanation presents insufficient assertions to support a finding that the specific chemical identity is a trade secret, the Administrator shall notify the trade secret claimant that he has 30 days to appeal the determination to the Administrator, or, upon a showing of good cause, amend the original explanation by providing supplementary assertions to support the trade secret claim.

(B) If the Administrator does not reverse his determination under subparagraph (A) after an appeal or an examination of any supplementary assertions under subparagraph (A), the Administrator shall so notify the trade secret claimant and the trade secret claimant may seek judicial review of the determination.

(C) If the Administrator reverses his determination under subparagraph (A) after an appeal or an examination of any supplementary assertions under subparagraph (A), the procedures under paragraph (3) of this subsection apply.

(e) Exception for information provided to health professionals

Nothing in this section, or regulations adopted pursuant to this section, shall authorize any person to withhold information which is required to be provided to a health professional, a doctor, or a nurse in accordance with section 11023(j) of this title.

(f) Providing information to Administrator; availability to public

Any information submitted to the Administrator under subsection (a)(2) or subsection (d)(3) (except a specific chemical identity) shall be available to the public, except that upon a showing satisfactory to the Administrator by any person that the information (or a particular part thereof) to which the Administrator has access under this section if made public would divulge information entitled to protection under section 1905 of title 18, such information or part shall be considered confidential in accordance with the purposes of that section, except that such information or part may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this chapter.

(g) Information provided to State

Upon request by a State, acting through the Governor of the State, the Administrator shall provide to the State any information obtained under subsection (a)(2) and subsection (d)(3).

(h) Information on adverse effects

(1) In any case in which the identity of a hazardous chemical or an extremely hazardous substance is claimed as a trade secret, the Governor or State emergency response commission established under section 11001 of this title shall identify the adverse health effects associated with the hazardous chemical or extremely hazardous substance and shall assure that such information is provided to any person requesting information about such hazardous chemical or extremely hazardous substance.

(2) In any case in which the identity of a toxic chemical is claimed as a trade secret, the Administrator shall identify the adverse health and environmental effects associated with the toxic chemical and shall assure that such information is included in the computer database required by section 11023(j) of this title and is provided to any person requesting information about such toxic chemical.

(i) Information provided to Congress

Notwithstanding any limitation contained in this section or any other provision of law, all information reported to or otherwise obtained by the Administrator (or any representative of the Administrator) under this chapter shall be made available to a duly authorized committee of the Congress upon written request by such a committee.

31043 of this title.
§ 11043. Provision of information to health professionals, doctors, and nurses

(a) Diagnosis or treatment by health professional

An owner or operator of a facility which is subject to the requirements of section 11021, 11022, or 11023 of this title shall provide the specific chemical identity, if known, of a hazardous chemical, extremely hazardous substance, or a toxic chemical to any health professional who requests such information in writing if the health professional provides a written statement of need under this subsection and a written confidentiality agreement under subsection (d). The written statement of need shall be a statement that the health professional has a reasonable basis to suspect that—

1. the information is needed for purposes of diagnosis or treatment of an individual,
2. the individual or individuals being diagnosed or treated have been exposed to the chemical concerned, and
3. knowledge of the specific chemical identity of such chemical will assist in diagnosis or treatment.

Following such a written request, the owner or operator to whom such request is made shall promptly provide the requested information to the health professional. The authority to withhold the specific chemical identity of a chemical concerned is necessary for or will assist in diagnosis or treatment.

(b) Medical emergency

An owner or operator of a facility which is subject to the requirements of section 11021, 11022, or 11023 of this title shall provide a copy of a material safety data sheet, an inventory form, or a toxic chemical release form under this section, subject to the provisions of subsection (d).

1. a medical emergency exists,
2. the specific chemical identity of the chemical concerned is necessary for or will assist in emergency or first-aid diagnosis or treatment, and
3. the individual or individuals being diagnosed or treated have been exposed to the chemical concerned.

Immediately following such a request, the owner or operator to whom such request is made shall provide the requested information to the physician or nurse. The authority to withhold the specific chemical identity of a chemical from a material safety data sheet, an inventory form, or a toxic chemical release form under section 11042 of this title when such information is a trade secret shall not apply to information required to be provided under this subsection, subject to the provisions of subsection (d).

(c) Preventive measures by local health professionals

(1) Provision of information

An owner or operator of a facility subject to the requirements of section 11021, 11022, or 11023 of this title shall provide the specific chemical identity, if known, of a hazardous chemical, an extremely hazardous substance, or a toxic chemical to any health professional (such as a physician, toxicologist, or epidemiologist)—

(A) who is a local government employee or a person under contract with the local government, and
(B) who requests such information in writing and provides a written statement of need under paragraph (2) and a written confidentiality agreement under subsection (d).

Following such a written request, the owner or operator to whom such request is made shall promptly provide the requested information to the local health professional. The authority to withhold the specific chemical identity of a chemical under section 11042 of this title when such information is a trade secret shall not apply to information required to be provided under this subsection, subject to the provisions of subsection (d).

(2) Written statement of need

The written statement of need shall be a statement that describes with reasonable detail one or more of the following health needs for the information:

(A) To assess exposure of persons living in a local community to the hazards of the chemical concerned.
(B) To conduct or assess sampling to determine exposure levels of various population groups.
(C) To conduct periodic medical surveillance of exposed population groups.
(D) To provide medical treatment to exposed individuals or population groups.
(E) To conduct studies to determine the health effects of exposure.
(F) To conduct studies to aid in the identification of a chemical that may reasonably be anticipated to cause an observed health effect.

(d) Confidentiality agreement

Any person obtaining information under subsection (a) or (c) shall, in accordance with such subsection (a) or (c), be required to agree in a written confidentiality agreement that he will not use the information for any purpose other than the health needs asserted in the statement of need, except as may otherwise be authorized by the terms of the agreement or by the person providing such information. Nothing in this subsection shall preclude the parties to a confidentiality agreement from pursuing any remedies to the extent permitted by law.

(e) Regulations

As soon as practicable after October 17, 1986, the Administrator shall promulgate regulations...
§ 11044. Public availability of plans, data sheets, forms, and followup notices

(a) Availability to public

Each emergency response plan, material safety data sheet, list described in section 11021(a)(2) of this title, inventory form, toxic chemical release form, and followup emergency notice shall be made available to the general public, consistent with section 11042 of this title, during normal working hours at the location or locations designated by the Administrator, Governor, State emergency response commission, or local emergency planning committee, as appropriate. Upon request by an owner or operator of a facility subject to the requirements of section 11022 of this title, the State emergency response commission and the appropriate local emergency planning committee shall withhold from disclosure under this section the location of any specific chemical required by section 11022(d)(2) of this title to be contained in an inventory form as tier II information.

(b) Notice of public availability

Each local emergency planning committee shall annually publish a notice in local newspapers that the emergency response plan, material safety data sheets, and inventory forms have been submitted under this section. The notice shall state that followup emergency notices may subsequently be issued. Such notice shall announce that members of the public who wish to review any such plan, sheet, form, or followup notice may do so at the location designated under subsection (a).

§ 11045. Enforcement

(a) Civil penalties for emergency planning

The Administrator may order a facility owner or operator (except an owner or operator of a facility designated under section 11002(b)(2) of this title) to comply with section 11002(c) of this title and section 11003(d) of this title. The United States district court for the district in which the facility is located shall have jurisdiction to enforce the order, and any person who violates or fails to obey such an order shall be liable to the United States for a civil penalty of not more than $25,000 for each day in which such violation occurs or such failure to comply continues.

(b) Civil, administrative, and criminal penalties for emergency notification

(1) Class I administrative penalty

(A) A civil penalty of not more than $25,000 per violation may be assessed by the Administrator in the case of a violation of the requirements of section 11004 of this title.

(B) No civil penalty may be assessed under this subsection unless the person accused of the violation is given notice and opportunity for a hearing with respect to the violation.

(C) In determining the amount of any penalty assessed pursuant to this subsection, the Administrator shall take into account the nature, circumstances, extent and gravity of the violation or violations and, with respect to the violator, ability to pay, any prior history of such violations, the degree of culpability, economic benefit or savings (if any) resulting from the violation, and such other matters as justice may require.

(2) Class II administrative penalty

A civil penalty of not more than $25,000 per day for each day during which the violation continues may be assessed by the Administrator in the case of a violation of the requirements of section 11004 of this title. In the case of a second or subsequent violation the amount of such penalty may be not more than $75,000 for each day during which the violation continues. Any civil penalty under this subsection shall be assessed and collected in the same manner, and subject to the same provisions, as in the case of civil penalties assessed and collected under section 2615 of title 15. In any proceeding for the assessment of a civil penalty under this subsection the Administrator may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents and may promulgate rules for discovery procedures.

(3) Judicial assessment

The Administrator may bring an action in the United States District court for the appropriate district to assess and collect a penalty of not more than $25,000 per day for each day during which the violation continues in the case of a violation of the requirements of section 11004 of this title. In the case of a second or subsequent violation, the amount of such penalty may be not more than $75,000 for each day during which the violation continues.

(4) Criminal penalties

Any person who knowingly and willfully fails to provide notice in accordance with section 11004 of this title shall, upon conviction, be fined not more than $25,000 or imprisoned for not more than two years, or both (or in the case of a second or subsequent conviction, shall be fined not more than $50,000 or imprisoned for not more than five years, or both).

(c) Civil and administrative penalties for reporting requirements

(1) Any person (other than a governmental entity) who violates any requirement of section 11022 or 11023 of this title shall be liable to the United States for a civil penalty in an amount not to exceed $25,000 for each such violation.

(2) Any person (other than a governmental entity) who violates any requirement of section 11021 or 11043(b) of this title, and any person who

§ 11046

A person who knowingly and willfully divulges or discloses any information entitled to protection under section 11042 of this title shall be liable to the United States for a civil penalty in an amount not to exceed $10,000 for each such violation.

(2) The Administrator may assess any civil penalty for which a person is liable under this subsection by administrative order or may bring an action to assess and collect the penalty in the United States district court for the district in which the person from whom the penalty is sought resides or in which such person’s principal place of business is located.

(d) Civil, administrative, and criminal penalties with respect to trade secrets

(1) Civil and administrative penalty for frivolous claims

If the Administrator determines—

(A)(i) under section 11042(d)(4) of this title that an explanation submitted by a trade secret claimant presents insufficient assertions to support a finding that a specific chemical identity is a trade secret, or (ii) after receiving supplemental supporting detailed information under section 11042(d)(3) of this title, that the specific chemical identity is not a trade secret; and

(B) that the trade secret claim is frivolous, the trade secret claimant is liable for a penalty of $25,000 per claim. The Administrator may assess the penalty by administrative order or may bring an action in the appropriate district court of the United States to assess and collect the penalty.

(2) Criminal penalty for disclosure of trade secret information

Any person who knowingly and willfully divulges or discloses any information entitled to protection under section 11042 of this title shall, upon conviction, be subject to a fine of not more than $20,000 or to imprisonment not to exceed one year, or both.

(e) Special enforcement provisions for section 11043

Whenever any facility owner or operator required to provide information under section 11043 of this title to a health professional who has requested such information fails or refuses to provide such information in accordance with such section, such health professional may bring an action in the appropriate United States district court to require such facility owner or operator to provide the information. Such court shall have jurisdiction to issue such orders and take such other action as may be necessary to enforce the requirements of section 11043 of this title.

(f) Procedures for administrative penalties

(1) Any person against whom a civil penalty is assessed under this section may obtain review thereof in the appropriate district court of the United States by filing a notice of appeal in such court within 30 days after the date of such order and by simultaneously sending a copy of such notice by certified mail to the Administrator. The Administrator shall promptly file in such court a certified copy of the record upon which such violation was found or such penalty imposed. If any person fails to pay an assessment of a civil penalty after it has become a final order or after the appropriate court has entered final judgment in favor of the United States, the Administrator may request the Attorney General of the United States to institute a civil action in an appropriate district court of the United States to collect the penalty, and such court shall have jurisdiction to hear and decide any such action. In hearing such action, the court shall have authority to review the violation and the assessment of the civil penalty on the record.

(2) The Administrator may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, or documents in connection with hearings under this section. In case of contumacy or refusal to obey a subpoena issued pursuant to this paragraph and served upon any person, the district court of the United States for any district in which such person is found, resides, or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the administrative law judge or to appear and produce documents before the administrative law judge, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

§ 11046. Civil actions

(a) Authority to bring civil actions

(1) Citizen suits

Except as provided in subsection (e), any person may commence a civil action on his own behalf against the following:

§ 11101. Findings

The Congress finds the following:

(1) The increasing occurrence of medical malpractice and the need to improve the qual-
ity of medical care have become nationwide problems that warrant greater efforts than those that can be undertaken by any individual State.

(2) There is a national need to restrict the ability of incompetent physicians to move from State to State without disclosure or discovery of the physician's previous damaging or incompetent performance.

(3) This nationwide problem can be remedied through effective professional peer review.

(4) The threat of private money damage liability under Federal laws, including treble damage liability under Federal antitrust law, unreasonably discourages physicians from participating in effective professional peer review.

(5) There is an overriding national need to provide incentive and protection for physicians engaging in effective professional peer review.

SHORT TITLE
Pub. L. 99–660, title IV, § 401, Nov. 14, 1986, 100 Stat. 3784, provided that: "This title [enacting this chapter and provisions set out as a note under section 11111 of this title] may be cited as the 'Health Care Quality Improvement Act of 1986'."

SUBCHAPTER I—PROMOTION OF PROFESSIONAL REVIEW ACTIVITIES
§ 11111. Professional review

(a) In general

(1) Limitation on damages for professional review actions

If a professional review action (as defined in section 11151(9) of this title) of a professional review body meets all the standards specified in section 11112(a) of this title, except as provided in subsection (b)—

(A) the professional review body,

(B) any person acting as a member or staff to the body,

(C) any person under a contract or other formal agreement with the body, and

(D) any person who participates with or assists the body with respect to the action,

shall not be liable in damages under any law of the United States or of any State (or political subdivision thereof) with respect to the action. The preceding sentence shall not apply to damages under any law of the United States or of any State relating to the civil rights of any person or persons, including the Civil Rights Act of 1964, 42 U.S.C. 2000e, et seq. and the Civil Rights Acts, 42 U.S.C. 1981, et seq. Nothing in this paragraph shall prevent the United States or any Attorney General of a State from bringing an action, including an action under section 15c of title 15, where such an action is otherwise authorized.

(2) Protection for those providing information to professional review bodies

Notwithstanding any other provision of law, no person (whether as a witness or otherwise) providing information to a professional review body regarding the competence or professional conduct of a physician shall be held, by reason of having provided such information, to be liable in damages under any law of the United States or of any State (or political subdivision thereof) unless such information is false and the person providing it knew that such information was false.

(b) Exception

If the Secretary has reason to believe that a health care entity has failed to report information in accordance with section 11133(a) of this title, the Secretary shall conduct an investigation. If, after providing notice of noncompliance, an opportunity to correct the noncompliance, and an opportunity for a hearing, the Secretary determines that a health care entity has failed substantially to report information in accordance with section 11133(a) of this title, the Secretary shall publish the name of the entity in the Federal Register. The protections of subsection (a) shall not apply to an entity the name of which is published in the Federal Register under the previous sentence with respect to professional review actions of the entity commenced during the 3-year period beginning 30 days after the date of publication of the name.

(c) Treatment under State laws

(1) Professional review actions taken on or after October 14, 1989

Except as provided in paragraph (2), subsection (a) shall apply to State laws in a State only for professional review actions commenced on or after October 14, 1989.

(2) Exceptions

(A) State early opt-in

Subsection (a) shall apply to State laws in a State for actions commenced before October 14, 1989, if the State by legislation elects such treatment.

(a) In general

For purposes of the protection set forth in section 11111(a) of this title, a professional review action must be taken—

(1) in the reasonable belief that the action was in the furtherance of quality health care,

(2) after a reasonable effort to obtain the facts of the matter,

(3) after adequate notice and hearing procedures are afforded to the physician involved or after such other procedures as are fair to the physician under the circumstances, and

(4) in the reasonable belief that the action was warranted by the facts known after such reasonable effort to obtain facts and after meeting the requirement of paragraph (3).

A professional review action shall be presumed to have met the preceding standards necessary for the protection set out in section 11111(a) of this title unless the presumption is rebutted by a preponderance of the evidence.

(b) Adequate notice and hearing

A health care entity is deemed to have met the adequate notice and hearing requirement of subsection (a)(3) with respect to a physician if the following conditions are met (or are waived voluntarily by the physician):

(1) Notice of proposed action

The physician has been given notice stating—

(A)(i) that a professional review action has been proposed to be taken against the physician,

(ii) reasons for the proposed action,

(B)(i) that the physician has the right to request a hearing on the proposed action,

(ii) any time limit (of not less than 30 days) within which to request such a hearing, and

(C) a summary of the rights in the hearing under paragraph (3).

(2) Notice of hearing

If a hearing is requested on a timely basis under paragraph (1)(B), the physician involved must be given notice stating—

(A) the place, time, and date of the hearing, which date shall not be less than 30 days after the date of the notice, and

(B) a list of the witnesses (if any) expected to testify at the hearing on behalf of the professional review body.

(c) Adequate procedures in investigations or health emergencies

For purposes of section 11111(a) of this title, nothing in this section shall be construed as—

(1) requiring the procedures referred to in subsection (a)(3)—

(A) where there is no adverse professional review action taken, or

(B) in the case of a suspension or restriction of clinical privileges, for a period of not longer than 14 days, during which an investigation is being conducted to determine the need for a professional review action; or

(2) between health care providers—

(A) the place, time, and date of the hearing, which date shall not be less than 30 days after the date of the notice, and

(B) a list of the witnesses (if any) expected to testify at the hearing on behalf of the professional review body.
(2) precluding an immediate suspension or restriction of clinical privileges, subject to
subsequent notice and hearing or other adequate procedures, where the failure to take
such an action may result in an imminent danger to the health of any individual.

§ 11113. Payment of reasonable attorneys’ fees and costs in defense of suit

In any suit brought against a defendant, to the extent that a defendant has met the standards
set forth under section 11112(a) of this title and the defendant substantially prevails, the court
shall, at the conclusion of the action, award to a substantially prevailing party defending
against any such claim the cost of the suit attributable to such claim, including a reasonable
attorney’s fee, if the claim, or the claimant’s conduct during the litigation of the claim, was
frivolous, unreasonable, without foundation, or in bad faith. For the purposes of this section, a
defendant shall not be considered to have substantially prevailed when the plaintiff obtains
an award for damages or permanent injunctive or declaratory relief.

§ 11114. Guidelines of Secretary

The Secretary may establish, after notice and opportunity for comment, such voluntary guidelines
as may assist the professional review bodies in meeting the standards described in section
11112(a) of this title.

§ 11115. Construction

(a) In general

Except as specifically provided in this subchapter, nothing in this subchapter shall be con-
strued as changing the liabilities or immunities under law or as preempting or overriding any
State law which provides incentives, immunities, or protection for those engaged in a profes-
sional review action that is in addition to or greater than that provided by this subchapter.

(b) Scope of clinical privileges

Nothing in this subchapter shall be construed as requiring health care entities to provide clin-
ical privileges to any or all classes or types of physicians or other licensed health care practi-
cioners.

(c) Treatment of nurses and other practitioners

Nothing in this subchapter shall be construed as affecting, or modifying any provision of Fed-
eral or State law, with respect to activities of professional review bodies regarding nurses,
other licensed health care practitioners, or other health professionals who are not physi-
cians.

(d) Treatment of patient malpractice claims

Nothing in this chapter shall be construed as affecting in any manner the rights and remedies
afforded patients under any provision of Federal or State law to seek redress for any harm or in-
jury suffered as a result of negligent treatment or care by any physician, health care practi-
tioner, or health care entity, or as limiting any defenses or immunities available to any physi-
cian, health care practitioner, or health care entity.

section.
(d) Report on treatment of small payments

The Secretary shall study and report to Congress, not later than two years after November 14, 1986, on whether information respecting small payments should continue to be required to be reported under subsection (a) and whether information respecting all claims made concerning a medical malpractice action should be required to be reported under such subsection.

§ 11132. Reporting of sanctions taken by Boards of Medical Examiners

(a) In general

(1) Actions subject to reporting

(c) Relief from liability for reporting

No person or entity (including the agency designated under section 11134(b) of this title) shall be held liable in any civil action with respect to any report made under this subchapter (including information provided under subsection (a)) without knowledge of the falsity of the information contained in the report.

(d) Interpretation of information

In interpreting information reported under this subchapter, a payment in settlement of a medical malpractice action or claim shall not be construed as creating a presumption that medical malpractice has occurred.

(2) The term “adversely affecting” includes reducing, restricting, suspending, revoking, denying, or failing to renew clinical privileges or membership in a health care entity.

(3) The term “clinical privileges” includes privileges, membership on the medical staff, and the other circumstances pertaining to the furnishing of medical care under which a physician or other licensed health care practitioner is permitted to furnish such care by a health care entity.

Such term includes a formal decision of a professional review body not to take an action or make a recommendation described in the previous sentence and also includes professional review activities relating to a professional review action. (B) the difficulties of caring for the individuals;

(8) the responsibility for care of individuals with Alzheimer’s disease and related dementias falls primarily on their families, and the care is financially and emotionally devastating;

(9) attempts to reduce the emotional and financial burden of caring for dementia patients is impeded by a lack of knowledge about such patients, how to care for such patients, the costs associated with such care, the effectiveness of various modes of care, the quality and type of care necessary at various stages of the disease, and other appropriate services that are needed to provide quality care;

(10) the results of the little research that has been undertaken concerning dementia has been inadequate or the results have not been widely disseminated;

(11) more knowledge is needed concerning—
(A) the epidemiology of, and the identification of risk factors for, Alzheimer’s disease and related dementias;
(B) the development of methods for early diagnosis, functional assessment, and psychological evaluation of individuals with Alzheimer’s disease for the purpose of monitoring the course of the disease and developing strategies for improving the quality of life for such individuals;
(C) the understanding of the optimal range and cost-effectiveness of community and institutional services for individuals with Alzheimer’s disease and related dementias and their families, particularly with respect to the design, delivery, staffing, and mix of such services and the coordination of such services with other services, and with respect to the relationship of formal to informal support services;

AMENDMENTS
1992—Pars. (4) to (14). Pub. L. 102–507 added pars. (4) to (8), redesignated former pars. (7) to (12) as (9) to (14), respectively, and struck out former pars. (4) to (6) which read as follows:

“(4) the care for individuals with Alzheimer’s disease and related dementias falls primarily on their families, and such care is very often financially and emotionally devastating;

“(5) the cost of caring for individuals with Alzheimer’s disease and related dementias is great, and conservative estimates range between $38,000,000,000 and $42,000,000,000 per year solely for direct costs;

“(6) although substantial progress has been made in recent years in identifying possible leads to the causes of Alzheimer’s disease and related dementias and more progress can be expected in the near future, there is little likelihood of a breakthrough in the foreseeable future which would eliminate or substantially reduce the number of individuals with such disease and dementias or the difficulties of caring for such individuals;”.

(a) Findings

The Congress finds that—

1. The Nation faces an immediate and unprecedent crisis due to the lack of shelter for a growing number of individuals and families, including elderly persons, handicapped persons, families with children, Native Americans, and veterans;

2. The problem of homelessness has become more severe and, in the absence of more effective efforts, is expected to become dramatically worse, endangering the lives and safety of the homeless;

3. The causes of homelessness are many and complex, and homeless individuals have diverse needs;

4. There is no single, simple solution to the problem of homelessness because of the different subpopulations of the homeless, the different causes of and reasons for homelessness, and the different needs of homeless individuals;

5. Due to the record increase in homelessness, States, units of local government, and private voluntary organizations have been unable to meet the basic human needs of all the homeless and, in the absence of greater Federal assistance, will be unable to protect the lives and safety of all the homeless in need of assistance; and

6. The Federal Government has a clear responsibility and an existing capacity to fulfill a more effective and responsible role to meet the basic human needs and to engender respect for the human dignity of the homeless.

(b) Purpose

It is the purpose of this chapter—

(1) to establish the United States Interagency Council on Homelessness;

(2) to use public resources and programs in a more coordinated manner to meet the critically urgent needs of the homeless of the Nation; and

(3) to provide funding for programs to assist the homeless, with special emphasis on elderly persons, handicapped persons, families with children, Native Americans, and veterans.

(4) Expenditure of funds

The Secretary may establish a date by which funds made available through a grant announced under subsection (c)(2) for a homeless assistance project shall be entirely expended by the recipient or project sponsors involved. The date established under this paragraph shall not occur before the expiration of the 24-month period beginning on the date that funds are obligated for activities described under paragraphs (1) or (2) of section 11383(a) of this title. The Secretary shall recapture the funds not expended by such date. The Secretary shall reallocate the funds for another homeless assistance and prevention project that meets the requirements of this part to be carried out, if possible and appropriate, in the same geographic area as the area served through the original grant.

(e) Renewal funding for unsuccessful applicants

The Secretary may renew funding for a specific project previously funded under this part that the Secretary determines meets the purposes of this part, and was included as part of a total application that met the criteria of subsection (c), even if the application was not selected to receive grant assistance. The Secretary may renew the funding for a period of not more than 1 year, and under such conditions as the Secretary determines to be appropriate.

(f) Considerations in determining renewal funding

When providing renewal funding for leasing, operating costs, or rental assistance for permanent housing, the Secretary shall make adjustments proportional to increases in the fair market rents in the geographic area.

(g) More than 1 application for a geographic area

If more than 1 collaborative applicant applies for funds for a geographic area, the Secretary shall award funds to the collaborative applicant with the highest score based on the selection criteria set forth in section 11386a of this title.

(h) Appeals

(1) In general

The Secretary shall establish a timely appeal procedure for grant amounts awarded or denied under this part pursuant to a collaborative application or solo application for funding.

(2) Process

The Secretary shall ensure that the procedure permits appeals submitted by entities carrying out homeless housing and services projects (including emergency shelters and homelessness prevention programs), and all other applicants under this part.

(i) Solo applicants

A solo applicant may submit an application to the Secretary for a grant under subsection (a) and be awarded such grant on the same basis as such grants are awarded to other applicants based on the criteria described in section 11386a of this title, but only if the Secretary determines that the solo applicant has attempted to participate in the continuum of care process but was not permitted to participate in a reasonable manner. The Secretary may award such grants directly to such applicants in a manner determined to be appropriate by the Secretary.

(j) Flexibility to serve persons defined as homeless under other Federal laws

(1) In general

A collaborative applicant may use not more than 10 percent of funds awarded under this part (continuum of care funding) for any of the types of eligible activities specified in paragraphs (1) through (7) of section 11383(a) of this title to serve families with children and youth defined as homeless under other Federal statutes, or homeless families with children and youth defined as homeless under section 11302(a)(6) of this title, but only if the applicant demonstrates that the use of such funds is of an equal or greater priority or is equally or more cost effective in meeting the overall goals and objectives of the plan submitted under section 11386a(b)(1)(B) of this title, especially with respect to children and unaccompanied youth.

(2) Limitations

The 10 percent limitation under paragraph (1) shall not apply to collaborative applicants in which the rate of homelessness, as calculated in the most recent point in time count, is less than one-tenth of 1 percent of total population.

(3) Treatment of certain populations

(A) In general

Notwithstanding section 11302(a) of this title and subject to subparagraph (B), funds awarded under this part may be used for eligible activities to serve unaccompanied youth and homeless families and children defined as homeless under section 11302(a)(6) of this title only pursuant to paragraph (1) of this subsection and such families and children shall not otherwise be considered as homeless for purposes of this part.
(B) At risk of homelessness

Subparagraph (A) may not be construed to prevent any unaccompanied youth and homeless families and children defined as homeless under section 11302(a)(6) of this title from qualifying for, and being treated for purposes of this part as, at risk of homelessness or from eligibility for any projects, activities, or services carried out using amounts provided under this part for which individuals or families that are at risk of homelessness are eligible.

(3) Exception

A recipient or project sponsor shall not be required to make the repayments, and comply with the terms and conditions, required under paragraph (1) or (2) if—

ance to address chronic disabilities, chronic physical health or mental health conditions, substance addiction, histories of domestic violence or childhood abuse, or multiple barriers to employment; and

(G) such other factors as the Secretary determines to be appropriate to carry out this part in an effective and efficient manner.

(2) Additional criteria

In addition to the criteria required under paragraph (1), the criteria established under paragraph (1) shall also include the need within the geographic area for homeless services, determined as follows and under the following conditions:

(A) Notice

The Secretary shall inform each collaborative applicant, at a time concurrent with the release of the notice of funding availability for the grants, of the pro rata estimated grant amount under this part for the geographic area represented by the collaborative applicant.

(B) Amount

(i) Formula

Such estimated grant amounts shall be determined by a formula, which shall be developed by the Secretary, by regulation, not later than the expiration of the 2-year period beginning upon May 20, 2009, that is based upon factors that are appropriate to allocate funds to meet the goals and objectives of this part.

(ii) Combinations or consortia

For a collaborative applicant that represents a combination or consortium of cities or counties, the estimated need amount shall be the sum of the estimated need amounts for the cities or counties represented by the collaborative applicant.

(iii) Authority of Secretary

Subject to the availability of appropriations, the Secretary shall increase the estimated need amount for a geographic area if necessary to provide 1 year of renewal funding for all expiring contracts entered into under this part for the geographic area.

(3) Homelessness counts

The Secretary shall not require that communities conduct an actual count of homeless people other than those described in paragraphs (1) through (4) of section 11302(a) of this title.

(e) Adjustments

The Secretary may adjust the formula described in subsection (b)(2) as necessary—

(1) to ensure that each collaborative applicant has sufficient funding to renew all qualified projects for at least one year; and

(2) to ensure that collaborative applicants are not discouraged from replacing renewal projects with new projects that the collaborative applicant determines will better be able to meet the purposes of this chapter.

(b) Set-aside for permanent housing for homeless families with children

From the amounts made available to carry out this part for a fiscal year, a portion equal to not less than 10 percent of the sums made available to carry out part B and this part for that fiscal year shall be used to provide or secure permanent housing for homeless families with children.

(c) Treatment of amounts for permanent or transitional housing

Nothing in this chapter may be construed to establish a limit on the amount of funding that an applicant may request under this part for acquisition, construction, or rehabilitation activities for the development of permanent housing or transitional housing.

(d) Incentives for proven strategies

(1) In general

The Secretary shall provide bonuses or other incentives to geographic areas for using funding under this part for activities that have been proven to be effective at reducing homelessness generally, reducing homelessness for a specific subpopulation, or achieving homelessness prevention and independent living goals as set forth in section 11386a(b)(1)(F) of this title.

(2) Rule of construction

For purposes of this subsection, activities that have been proven to be effective at reducing homelessness generally or reducing homelessness for a specific subpopulation includes—

(A) permanent supportive housing for chronically homeless individuals and families;

(B) for homeless families, rapid rehousing services, short-term flexible subsidies to overcome barriers to rehousing, support services concentrating on improving incomes to pay rent, coupled with performance measures emphasizing rapid and permanent rehousing and with leveraging funding from mainstream family service systems such as Temporary Assistance for Needy Families and Child Welfare services; and

(C) any other activity determined by the Secretary, based on research and after notice and comment to the public, to have been proven effective at reducing homelessness generally, reducing homelessness for a specific subpopulation, or achieving homelessness prevention and independent living goals as set forth in section 11386a(b)(1)(F) of this title.

(3) Balance of incentives for proven strategies

To the extent practicable, in providing bonuses or incentives for proven strategies, the Secretary shall seek to maintain a balance among strategies targeting homeless individuals, families, and other subpopulations. The Secretary shall not implement bonuses or incentives that specifically discourage collaborative applicants from exercising their flexibility to serve families with children and youth defined as homeless under other Federal statutes.

(e) Incentives for successful implementation of proven strategies

If any geographic area demonstrates that it has fully implemented any of the activities described in subsection (d) for all homeless individuals and families or for all members of subpopulations for whom such activities are targeted, that geographic area shall receive the bonus or incentive provided under subsection (d), but may use such bonus or incentive for any eligible activity under either section 11383 of this title or paragraphs (4) and (5) of section 11374(a) of this title for homeless people generally or for the relevant subpopulation.

(3) Property that is reviewed by the Secretary under subsection (a) and that is not identified by the Secretary as being suitable for use to assist the homeless may not be made available for any other purpose for 20 days after the determination of unsuitability to allow for review of the determination at the request of the representative of the homeless. The Secretary shall disseminate immediately this information to the regional offices of the Department of Housing and Urban Development and to the United States Interagency Council on Homelessness. (4)(A) Written notice of intent to apply for a property published under subsection (c)(1)(A)(ii) may be filed at any time after the 30-day period described in paragraph (1) has expired. In such case, an application submitted pursuant to the notice may be approved for disposal for use to assist the homeless only if the property remains available for application for use to assist the homeless. opportunities under sections 541–555 of title 40, except as provided in subsection (f)(3)(A).

(3)(A) In disposing of surplus property by deed or lease under sections 541–555 of title 40, the Administrator and the Secretary of Health and Human Services shall give priority of consideration to uses to assist the homeless, unless the Administrator or the Secretary of Health and Human Services determines that a competing request for the property under section 550 of title 40 is so meritorious and compelling as to outweigh the needs of the homeless.

(B) Whenever the Administrator or the Secretary of Health and Human Services makes a determination under subparagraph (A), the Administrator or the Secretary of Health and Human Services shall transmit to the appropriate committees of the Congress an explanatory statement detailing the need satisfied by conveyance of the surplus property and the reasons for determining that such need was so meritorious and compelling as to outweigh the needs of the homeless.

(4) For any property made available by lease to a representative of the homeless before November 29, 1990, the Secretary of Health and Human Services may, upon written request by the representative, convey such property by deed to the representative, in accordance with, and subject to the requirements of, section 550 of title 40. § 11501. Designation of enterprise zones

(a) Designation of zones

(1) “Enterprise zone” defined

For purposes of this section, the term “enterprise zone” means any area that—

(A) is nominated by one or more local governments and the State or States in which it is located for designation as an enterprise zone (in this section referred to as a “nominated area”); and

(B) the Secretary of Housing and Urban Development designates as an enterprise zone, after consultation with—

(i) the Secretaries of Agriculture, Commerce, Labor, and the Treasury, the Director of the Office of Management and Budget, and the Administrator of the Small Business Administration; and

(A) In general

The Secretary of Housing and Urban Development may designate not more than 100 nominated areas as enterprise zones.

(B) Minimum designation in rural areas

Of the areas designated under subparagraph (A), not less than 1⁄2 shall be areas that—

(i) are within a local government jurisdiction or jurisdictions with a population of less than 50,000 (as determined under the most recent census data available);

(ii) are outside of a metropolitan statistical area (as designated by the Director of the Office of Management and Budget); or

(iii) that are determined by the Secretary, after consultation with the Secretary of Commerce, to be rural areas.

(3) Areas designated based solely on degree of poverty

(A) In general

Except as provided in subparagraph (B), the Secretary shall designate (i) the nominated areas with the highest average ranking with respect to the criteria set forth in subparagraphs (C) and (D) of subsection (c)(3), and the 1 criterion set forth in subparagraph (E)(i) or (E)(ii) of subsection (c)(3) that gives an area a higher ranking; and (ii) for areas described in subparagraph (2)(B), the nominated areas with the highest ranking with respect to the 1 criterion set forth in subparagraph (C), (D), (E)(i), or (E)(ii) of subsection (c)(3) that gives an area a higher ranking.

For purposes of the preceding sentence, an area shall be ranked within each such criterion on the basis of the amount by which the area exceeds such criterion, with the area that exceeds such criterion by the greatest amount given the highest ranking.

(B) Exception where inadequate course of action, etc.

An area shall not be designated under subparagraph (A) if the Secretary determines that the course of action with respect to such area is inadequate.

(C) Separate application to rural and other areas

Subparagraph (A) shall be applied separately with respect to areas described in paragraph (2)(B) and to other areas.

(4) Limitation on designations

(A) Publication of regulations

Before designating any area as an enterprise zone, the Secretary shall prescribe by regulation not later than 4 months following February 5, 1988, after consultation with the officials described in paragraph (1)(B)—
§ 11501

(b) Period for which designation is in effect

(1) In general

Any designation of an area as an enterprise zone shall remain in effect during the period beginning on the date of the designation and ending on the earliest of—

(A) December 31 of the 24th calendar year following the calendar year in which such date occurs;

(B) the termination date designated by the State and local governments as provided for in their nomination pursuant to subsection (a)(2)(B)(i); or

(C) the date the Secretary revokes such designation under paragraph (2).

(2) Revocation of designation

The Secretary, after consultation with the officials described in subsection (a)(1)(B) and a hearing on the record involving officials of the State or local government involved, may revoke the designation of an area if the Secretary determines that the local government or the State in which it is located is not complying substantially with the State and local commitments pursuant to subsection (d).

(c) Area and eligibility requirements

(1) In general

The Secretary may make a designation of any nominated area under subsection (a)(1) only if it meets the requirements of paragraphs (2) and (3).

(2) Area requirements

A nominated area meets the requirements of this paragraph if—

(A) the area is within the jurisdiction of the local government;

(B) the boundary of the area is continuous; and

(C) the area—

(i) has a population, as determined by the most recent census data available, of not less than—

(I) 4,000 if any portion of such area (other than a rural area described in subsection (a)(2)(B)(i)) is located within a metropolitan statistical area (as designated by the Director of the Office of Management and Budget) with a population of 50,000 or more; or

(II) 1,000 in any other case; or

(ii) is entirely within an Indian reservation (as determined by the Secretary of the Interior).

(3) Eligibility requirements

For purposes of paragraph (1), a nominated area meets the requirements of this paragraph if the State and local governments in which it is located certify and the Secretary, after such review of supporting data as he deems appropriate, accepts such certification, that—

(A) the area is one of pervasive poverty, unemployment, and general distress;

(B) the area is located wholly within the jurisdiction of a local government that is eligible for Federal assistance under section 5318 of this title, as in effect on October 28, 1992;

(C) the unemployment rate, as determined by the appropriate available data, was not less than 1.5 times the national unemployment rate for that period;

(D) the poverty rate (as determined by the most recent census data available) for each populous census tract (or where not tracted, the equivalent county division as defined by the Bureau of the Census for the purpose of defining poverty areas) within the area was not less than 20 percent for the period to which such data relate; and

(E) the area meets at least one of the following criteria:

(i) Not less than 70 percent of the households residing in the area have incomes below 80 percent of the median income of households of the local government (determined in the same manner as under section 5318 of this title).

(ii) The population of the area decreased by 20 percent or more between 1970 and
1980 (as determined from the most recent census available).

(4) Eligibility requirements for rural areas

For purposes of paragraph (1), a nominated area that is a rural area described in subsection (a)(2)(B) meets the requirements of paragraph (3) if the State and local governments in which it is located certify and the Secretary, after such review of supporting data as he deems appropriate, accepts such certification, that the area meets—

(A) the criteria set forth in subparagraphs (A) and (B) of paragraph (3); and

(B) not less than one of the criteria set forth in the other subparagraphs of paragraph (3).

(d) Required State and local commitments

(1) In general

No nominated area shall be designated as an enterprise zone unless the local government and the State in which it is located agree in writing that, during any period during which the area is an enterprise zone, such governments will follow a specified course of action designated to reduce the various burdens borne by employers or employees in such area.

A course of action shall not be treated as meeting the requirements of this paragraph unless the course of action include provisions described in not less than 4 of the subparagraphs of paragraph (2).

(2) Course of action

The course of action under paragraph (1) may be implemented by both such governments and private nongovernmental entities, may be funded from proceeds of any program administered by the Secretary of Housing and Urban Development or of any program administered by the Secretary of Agriculture under title V of the Housing Act of 1949 [42 U.S.C. 1471 et seq.], and may include, but is not limited to—

(A) a reduction of tax rates or fees applying within the enterprise zone;

(B) an increase in the level of public services, or in the efficiency of the delivery of public services, within the enterprise zone;

(C) actions to reduce, remove, simplify, or streamline paperwork requirements within the enterprise zone;

(D) involvement in the program by public authorities or private entities, organizations, neighborhood associations, and community groups, particularly those within the nominated area, including a written commitment to provide jobs and job training for, and technical, financial, or other assistance to, employers, employees, and residents of the nominated area;

(E) the giving of special preference to contractors owned and operated by members of any minority; and

(F) the gift (or sale at below fair market value) of surplus land in the enterprise zone to neighborhood organizations agreeing to operate a business on the land.

(3) Recognition of past efforts

The Secretary shall take into account the past efforts of such State or local government in reducing the various burdens borne by employers and employees in the area involved.

(4) Prohibition of assistance for business relocations

(A) In general

The course of action implemented under paragraph (1) may not include any action to assist—

(i) any establishment relocating from one area to another area; or

(ii) any subcontractor whose purpose is to divest, or whose economic success is dependent upon divesting, any other contractor or subcontractor of any contract customarily performed by such other contractor or subcontractor.

(B) Exception

The limitations established in subparagraph (A) shall not be construed to prohibit assistance for the expansion of an existing business entity through the establishment of a new branch, affiliate, or subsidiary if the Secretary—

(i) finds that the establishment of the new branch, affiliate, or subsidiary will not result in an increase in unemployment in the area of original location or in any other area where the existing business entity conducts business operations; and

(ii) has no reason to believe that the new branch, affiliate, or subsidiary is being established with the intention of closing down the operations of the existing business entity in the area of its original location or in any other area where the existing business entity conducts business operations.

§ 11503. Interaction with other Federal programs

(2) entitle any person displaced from real property located in such zone to any rights or any benefits under such Act.

(b) Enterprise zones treated as labor surplus areas

Any area that is designated as an enterprise zone under section 11501 of this title shall be treated for all purposes under Federal law as a labor surplus area.

§ 11504. Waiver or modification of housing and community development rules in enterprise zones

(a) In general

Upon the written request of the governments that designated and approved an area that has been designated as an enterprise zone under section 11501 of this title, the Secretary of Housing and Urban Development (or, with respect to any rule issued under title V of the Housing Act of 1949 (42 U.S.C. 1471 et seq.), the Secretary of Agriculture) may, in order to further the job creation, community development, or economic revitalization objectives of the zone, waive or modify all or part of any rule that the Secretary has promulgated, as such rule pertains to the carrying out of projects, activities, or undertakings within the zone.

(b) Limitation

shall send a copy of the request to the Secretary of Housing and Urban Development at the time the request is made.

(d) Consideration of requests

In considering a request, the Secretary shall weigh the extent to which the proposed change is likely to further job creation, community development, or economic revitalization within the enterprise zone against the effect the change is likely to have on the underlying purposes of applicable statutes in the geographic area that would be affected by the change. The Secretary shall approve the request whenever the Secretary finds, in the discretion of the Secretary, that the public interest that the proposed change would serve in furthering such underlying purposes. The Secretary shall not approve any request to waive or modify a rule if that waiver or modification would—

(1) directly violate a statutory requirement; or
(2) be likely to present a significant risk to the public health, including environmental health or safety.

(g) Applicable procedures

A waiver or modification of a rule under subsection (a) shall not be considered to be a rule, rulemaking, or regulation under chapter 5 of title 5. To facilitate reaching a decision on any requested waiver or modification, the Secretary may seek the views of interested parties and, if the views are to be sought, determine how they should be obtained and to what extent, if any, they should be taken into account in considering the request. The Secretary shall publish a notice in the Federal Register stating the views are to be sought, determine how they shall be obtained and to what extent, if any, they should be taken into account in considering the request. The Secretary shall publish a notice in the Federal Register stating any waiver or modification of a rule under this section.

(h) Effect of subsequent amendment of rules

In the event that the Secretary proposes to amend a rule for which a waiver or modification under this section is in effect, the Secretary shall not change the waiver or modification to impose additional requirements unless the Secretary determines, consistent with standards contained in subsection (d), that such action is necessary.

(i) Expiration of waivers and modifications

No waiver or modification of a rule under this section shall remain in effect for a longer period than the period for which the enterprise zone designation remains in effect for the area in which the waiver or modification applies.

Codification

As originally enacted, this chapter was comprised of Pub. L. 100–579 (§§1–12) and subtitle D (§§2301–2312) of title II of Pub. L. 100–690, which enacted substantially identical sections and which were both known as the Native Hawaiian Health Care Act of 1988. Pub. L. 102–296, title IX, §9168, Oct. 6, 1992, 106 Stat. 1948, subsequently amended the Act generally. As so amended, the Act was renamed the Native Hawaiian Health Care Improvement Act and consists of sections 1 to 16 which enacted this chapter, repealed section 1621d of Title 25, Indians, and enacted provisions set out as a Short Title note under section 11701 of this title. For purposes of codification, sections 1 to 16 are considered to be sections of Pub. L. 100–579 only.

§11701. Findings

The Congress finds that:

(1) Native Hawaiians comprise a distinct and unique indigenous people with a historical continuity to the original inhabitants of the Hawaiian archipelago whose society was organized as a Nation prior to the arrival of the first nonindigenous people in 1778.

(2) The Native Hawaiian people are determined to preserve, develop and transmit to future generations their ancestral territory, and their cultural identity in accordance with their own spiritual and traditional beliefs, customs, practices, language, and social institutions.

(3) The constitution and statutes of the State of Hawaii:

(A) acknowledge the distinct land rights of Native Hawaiian people as beneficiaries of the public lands trust; and

(B) reaffirm and protect the unique right of the Native Hawaiian people to practice and perpetuate their cultural and religious customs, beliefs, practices, and language.

(4) At the time of the arrival of the first nonindigenous people in Hawaii in 1778, the Native Hawaiian people lived in a highly organized, self-sufficient, subsistence social system based on communal land tenure with a sophisticated language, culture, and religion.

(5) A unified monarchical government of the Hawaiian Islands was established in 1810 under Kamehameha I, the first King of Hawaii.

(6) Throughout the 19th century and until 1893, the United States: (A) recognized the independence of the Hawaiian Nation; (B) extended full and complete diplomatic recognition to the Hawaiian Government; and (C) entered into treaties and conventions with the Hawaiian monarchs to govern commerce and navigation in 1826, 1842, 1849, 1875 and 1887.

(7) In the year 1893, the United States Minister assigned to the sovereign and independent Kingdom of Hawaii, John L. Stevens, conspired with a small group of non-Hawaiian residents of the Kingdom, including citizens of the United States, to overthrow the indigenous and lawful Government of Hawaii.

(8) In pursuance of that conspiracy, the United States Minister and the naval representative of the United States caused armed naval forces of the United States to invade the sovereign Hawaiian Nation in support of the overthrow of the indigenous and lawful Government of Hawaii and the United States Minister thereupon extended diplomatic recognition of a provisional government formed by the conspirators without the consent of the native people of Hawaii or the lawful Government of Hawaii in violation of treaties between the two nations and of international law.

(9) In a message to Congress on December 18, 1893, then President Grover Cleveland reported fully and accurately on these illegal actions, and acknowledged that by these acts, described by the President as acts of war, the government of a peaceable and friendly people was overthrown, and the President concluded that a "substantial wrong has thus been done which a due regard for our national character as well as the rights of the injured people required that we should endeavor to repair".
(10) Queen Lili‘uokalani, the lawful monarch of Hawaii, and the Hawaiian Patriotic League, representing the aboriginal citizens of Hawaii, promptly petitioned the United States for redress of these wrongs and for restoration of the indigenous government of the Hawaiian nation, but this petition was not acted upon.

(11) In 1898, the United States annexed Hawaii through the Newlands Resolution without the consent of or compensation to the indigenous people of Hawaii or their sovereign government who were thereby denied the mechanism for expression of their inherent sovereignty through self-government and self-determination, their lands and ocean resources.

(12) Through the Newlands Resolution and the 1900 Organic Act, the United States Congress received 1.75 million acres of lands formerly owned by the Crown and Government of the Hawaiian Kingdom and exempted the lands from then existing public land laws of the United States by mandating that the revenue and proceeds from these lands be “used solely for the benefit of the inhabitants of the Hawaiian Islands for education and other public purposes”, thereby establishing a special trust relationship between the United States and the inhabitants of Hawaii.

(13) In 1921, Congress enacted the Hawaiian Homestead Act, 1920 which designated 200,000 acres of the ceded public lands for exclusive homesteading by Native Hawaiians, thereby affirming the trust relationship between the United States and the Native Hawaiians, as expressed by then Secretary of the Interior Franklin K. Lane who was cited in the Committee Report of the United States House of Representatives Committee on Territories as stating, “One thing that impressed me. . . . was the fact that the natives of the islands who are our wards, I should say, and for whom in a sense we are trustees, are falling off rapidly in numbers and many of them are in poverty.”

(14) In 1938, the United States Congress again acknowledged the unique status of the Hawaiian people by including in the Act of June 20, 1938 (52 Stat. 781 et seq.), a provision to lease lands within the extension to Native Hawaiians and to permit fishing in the area “only by native Hawaiian residents of said area or of adjacent villages and by visitors under their guidance”.

(15) Under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4), the United States transferred responsibility for the administration of the Hawaiian Home Lands to the State of Hawaii but reaffirmed the trust relationship which existed between the United States and the Hawaiian people by retaining the legal responsibility of the State for the betterment of the conditions of Native Hawaiians under section 5(f) of the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4, 6).

(17) The authority of the Congress under the United States Constitution to legislate in matters affecting the aboriginal or indigenous peoples of the United States includes the authority to legislate in matters affecting the native peoples of Alaska and Hawaii.

(18) In furtherance of the trust responsibility for the betterment of the conditions of Native Hawaiians, the United States has established a program for the provision of comprehensive health promotion and disease prevention services to maintain and improve the health status of the Hawaiian people.

(20) The United States has also recognized and reaffirmed the trust relationship to the Hawaiian people through legislation which authorizes the provision of services to Native Hawaiians, specifically, the Older Americans Act of 1965 [42 U.S.C. 3001 et seq.], the Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987, the Veterans’ Benefits and Services Act of 1988, the Rehabilitation Act of 1973 [29 U.S.C. 701 et seq.], the Native Hawaiian Health Care Act of 1988, the Health Professions Reauthorization Act of 1988, the Nursing Shortage Reduction and Education Extension Act of 1988, the Handicapped Programs Technical Amendments Act of 1988, the Indian Health Care Amendments of 1988, and the Disadvantaged Minority Health Improvement Act of 1990.

(21) The United States has also affirmed the historical and unique legal relationship to the Hawaiian people by authorizing the provision of services to Native Hawaiians to address problems of alcohol and drug abuse under the Anti-Drug Abuse Act of 1986.

(22) Despite such services, the unmet health needs of the Native Hawaiian people are severe and the health status of Native Hawaiians continues to be far below that of the general population of the United States. (Pub. L. 100–579, § 2, Oct. 31, 1988, 102 Stat. 2916; Pub. L. 100–690, title II, § 2302, Nov. 18, 1988, 102 Stat. 4223; Pub. L. 102–396, title IX, § 9168, Oct. 6, 1992, 106 Stat. 1948.)
The 1900 Organic Act, referred to in par. (12), probably means the Hawaiian Organic Act, act Apr. 30, 1900, ch. 339, 31 Stat. 141, as amended, which was classified principally to chapter 3 (§ 491 et seq.) of Title 48, Territories and Insular Possessions, and was omitted from the Code. For complete classification of this Act to the Code, see Tables.

The Hawaiian Homes Commission Act, 1920, referred to in par. (13), is act July 9, 1921, ch. 42, 42 Stat. 108, as amended, which was classified generally to sections 691 to 718 of Title 48 and was omitted from the Code. Act of June 20, 1938, referred to in par. SUBCHAPTER II—PUBLIC SERVICES

PART A—PROHIBITION AGAINST DISCRIMINATION AND OTHER GENERALLY APPLICABLE PROVISIONS

12131. Definitions.
12132. Discrimination.
12133. Enforcement.
§ 12101  FINDINGS AND PURPOSE

(a) Findings

The Congress finds that—

(1) physical or mental disabilities in no way diminish a person's right to fully participate in all aspects of society, yet many people with physical or mental disabilities have been precluded from doing so because of discrimination; others who have a record of a disability or are regarded as having a disability also have been subjected to discrimination;

(2) historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continue to be a serious and pervasive social problem;

(3) discrimination against individuals with disabilities persists in such critical areas as employment, housing, public accommodations, education, transportation, communication, recreation, institutionalization, health services, voting, and access to public services;

(4) unlike individuals who have experienced discrimination on the basis of race, color, sex, national origin, religion, or age, individuals who have experienced discrimination on the basis of disability have often had no legal recourse to redress such discrimination;

(5) individuals with disabilities continually encounter various forms of discrimination, including outright intentional exclusion, the discriminatory effects of architectural, transportation, and communication barriers, overprotective rules and policies, failure to make modifications to existing facilities and practices, exclusionary qualification standards and criteria, segregation, and relegation to lesser services, programs, activities, benefits, jobs, or other opportunities;

(6) census data, national polls, and other studies have documented that people with disabilities, as a group, occupy an inferior status in our society, and are severely disadvantaged socially, vocationally, economically, and educationally;

(7) the Nation's proper goals regarding individuals with disabilities are to assure equality of opportunity, full participation, independent living, and economic self-sufficiency for such individuals; and

(8) the continuing existence of unfair and unnecessary discrimination and prejudice denies people with disabilities the opportunity to compete on an equal basis and to pursue those opportunities for which our free society is justifiably famous, and costs the United States billions of dollars in unnecessary expenses resulting from dependency and non-productivity.

(b) Purpose

It is the purpose of this chapter—

(1) to provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;

(2) to provide clear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities;

(3) to ensure that the Federal Government plays a central role in enforcing the standards established in this chapter on behalf of individuals with disabilities; and

(4) to invoke the sweep of congressional authority, including the power to enforce the fourteenth amendment and to regulate commerce, in order to address the major areas of discrimination faced day-to-day by people with disabilities.

AMENDMENTS
2008—Subsec. (a)(1). Pub. L. 110–325, § 3(1), amended par. (l) generally. Prior to amendment, par. (l) read as follows: "the "Americans with Disabilities Act of 1990," "the ADA," or the "Act" generally, Americans have one or more physical or mental disabilities, and this number is increasing as the population as a whole is growing older;".
Subsec. (a)(7) to (9). Pub. L. 110–325, § 3(2), (3), redesignated pars. (8) and (9) as (7) and (8), respectively, and struck out former par. (7) which read as follows: "individuals with disabilities are a discrete and insular minority who have been faced with restrictions and limitations, subjected to a history ofpurposeful unequal treatment, and relegated to a position of political powerlessness in our society, based on characteristics that are beyond the control of such individuals and resulting from stereotypic assumptions not truly indicative of the individual ability of such individuals to participate in, and contribute to, society.".

EFFECTIVE DATE OF 2008 AMENDMENT

SHORT TITLE OF 2008 AMENDMENT
Pub. L. 110–325, § 1, Sept. 25, 2008, 122 Stat. 3553, provided that: "This Act [enacting sections 12101 and 12102, 12111 to 12114, 12201, and 12206 to 12213 of this title, section 705 and former section 706 of Title 29, Labor, and enacting provisions set out as notes under this section and section 705 of Title 29] may be cited as the 'ADA Amendments Act of 2008'."

SHORT TITLE
Pub. L. 101–336, § 1(a), July 26, 1990, 104 Stat. 327, provided that: "This Act [enacting this chapter and section 705 of Title 29, Telecommunications, amending section 706 of Title 29, Labor, and sections 152, 221, and 611 of Title 47, and enacting provisions set out as notes under sections 12111, 12131, 12141, 12181 of this title] may be cited as the Americans with Disabilities Act of 1990.''

FINDINGS AND PURPOSES OF PUBL. L. 110–325
Pub. L. 110–325, § 2, Sept. 25, 2008, 122 Stat. 3553, provided that:

(a) FINDINGS.—Congress finds that—
"(1) in enacting the Americans with Disabilities Act of 1990 (ADA) [42 U.S.C. 12101 et seq.], Congress intended that the Act "provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities' and provide broad coverage;"
"(2) in enacting the ADA, Congress recognized that physical and mental disabilities in no way diminish a person's right to fully participate in all aspects of society, but that people with physical or mental disabilities are frequently precluded from doing so because of prejudice, anticipated attitudes, or the failure to remove societal and institutional barriers;
"(3) while Congress expected that the definition of disability under the ADA would be interpreted consistently with how courts had applied the definition of a handicapped individual under the Rehabilitation Act of 1973 [29 U.S.C. 701 et seq.], that expectation has not been fulfilled;
"(4) the holdings of the Supreme Court in Sutton v. United Air Lines, Inc., 527 U.S. 471 (1999) and its companion cases have narrowed the broad scope of protection intended to be afforded by the ADA, thus eliminating protection for many individuals whom Congress intended to protect;
"(5) the holding of the Supreme Court in Toyota Motor Manufacturing, Kentucky, Inc. v. Williams, 534 U.S. 184 (2002) further narrowed the broad scope of protection intended to be afforded by the ADA;
"(6) as a result of these Supreme Court cases, lower courts have incorrectly found in individual cases that people with a range of substantially limiting impairments are not people with disabilities;
"(7) in particular, the Supreme Court, in the case of Toyota Motor Manufacturing, Kentucky, Inc. v. Williams, 534 U.S. 184 (2002) interpreted the term 'substantially limits' to require a greater degree of limitation than was intended by Congress; and
"(8) Congress finds that the current Equal Employment Opportunity Commission ADA regulations defining the term 'substantially limits' as 'significantly restricted' are inconsistent with congressional intent, by expressing too high a standard.

(b) PURPOSES.—The purposes of this Act [see Short Title of 2008 Amendment note above]—
"(1) to carry out the ADA's objectives of providing 'a clear and comprehensive national mandate for the elimination of discrimination' and 'clear, strong, consistent, enforceable standards addressing discrimination' by reinstating a broad scope of protection to be available under the ADA;
"(2) to reject the requirement enunciated by the Supreme Court in Sutton v. United Air Lines, Inc., 527 U.S. 471 (1999) and its companion cases that whether an impairment substantially limits a major life activity is to be determined with reference to the ameliorative effects of mitigating measures;
"(3) to reject the Supreme Court's reasoning in Sutton v. United Air Lines, Inc., 527 U.S. 471 (1999) with regard to coverage under the third prong of the definition of disability and to reinstate the reasoning of the Supreme Court in School Board of Nassau County v. Arline, 490 U.S. 273 (1987) which set forth a broad view of the third prong of the definition of handicap under the Rehabilitation Act of 1973;
"(4) to reject the standards enunciated by the Supreme Court in Toyota Motor Manufacturing, Kentucky, Inc. v. Williams, 534 U.S. 184 (2002), that the terms 'substantially' and 'major' in the definition of disability under the ADA need to be interpreted consistently, and strictly to create a demanding standard for qualifying as disabled, and that to be substantially limited in performing a major life activity under the ADA 'an individual must have an impairment that prevents or severely restricts the individual from doing activities that are of central importance to most people's daily lives';
"(5) to convey congressional intent that the standard created by the Supreme Court in the case of Toyota Motor Manufacturing, Kentucky, Inc. v. Williams, 534 U.S. 184 (2002) for 'substantially limited', and applied by lower courts in numerous decisions, has created an inappropriately high level of limitation necessary to obtain coverage under the ADA, to convey that it is the intent of Congress that the primary object of attention in cases brought under the ADA should be whether entities covered under the ADA have complied with their obligations, and to convey that the question of whether an individual's impairment is a disability under the ADA should not demand extensive analysis; and
"(6) to express Congress' expectation that the Equal Employment Opportunity Commission will revise that portion of its current regulations that defines the term 'substantially limited' as 'significantly restricted' to be consistent with this Act, including the amendments made by this Act."

STUDY BY GENERAL ACCOUNTING OFFICE OF EXISTING DISABILITY-RELATED EMPLOYMENT INCENTIVES

Pub. L. 106–170, title III, §§ 93(a), Dec. 17, 1999, 113 Stat. 1113, provided that, as soon as practicable after Dec. 17, 1999, the Comptroller General was to undertake a study to assess existing tax credits and other disability-related employment incentives under the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and other Federal laws, specifically addressing the extent to which such credits and other incentives would encourage employers to hire and retain individuals with disabilities; and that, not later than 3 years after Dec. 17, 1999, the Comptroller General was to transmit to the appropriate congressional committees a written report presenting the results of the study and any appropriate recommendations for legislative or administrative changes.

§ 12102. Definition of disability

As used in this chapter:

(1) Disability

The term “disability” means, with respect to an individual—

(A) a physical or mental impairment that substantially limits one or more major life activities of such individual;

(B) a record of such an impairment; or

(C) being regarded as having such an impairment (as described in paragraph (3)).

(2) Major life activities

(A) In general

For purposes of paragraph (1), major life activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

(B) Major bodily functions

For purposes of paragraph (1), a major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

(3) Regarded as having such an impairment

For purposes of paragraph (1)(C):

(A) An individual meets the requirement of “being regarded as having such an impairment” if the individual establishes that he or she has been subjected to an action prohibited under this chapter because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

(B) Paragraph (1)(C) shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

(4) Rules of construction regarding the definition of disability

The definition of “disability” in paragraph (1) shall be construed in accordance with the following:

(A) The definition of disability in this chapter shall be construed in favor of broad coverage of individuals under this chapter, to the maximum extent permitted by the terms of this chapter.

(B) The term “substantially limits” shall be interpreted consistently with the findings and purposes of the ADA Amendments Act of 2008.

(C) An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability.

(D) An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

(E)(i) The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures such as—

(I) medication, medical supplies, equipment, or appliances, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aids and cochlear implants or other implantable hearing devices, mobility devices, or oxygen therapy equipment and supplies;

(II) use of assistive technology;

(III) reasonable accommodations or auxiliary aids or services; or

(IV) learned behavioral or adaptive neurological modifications.

(ii) The ameliorative effects of the mitigating measures of ordinary eyeglasses or contact lenses shall be considered in determining whether an impairment substantially limits a major life activity.

(iii) As used in this subparagraph—

(I) the term “ordinary eyeglasses or contact lenses” means lenses that are intended to fully correct visual acuity or eliminate refractive error; and

(II) the term “low-vision devices” means devices that magnify, enhance, or otherwise augment a visual image.

(b) Construction

As used in subsection (a), the term “discriminate against a qualified individual on the basis of disability” includes—

(c) Covered entities in foreign countries

(1) In general

It shall not be unlawful under this section for a covered entity to take any action that constitutes discrimination under this section with respect to an employee in a workplace in a foreign country if compliance with this section would cause such covered entity to violate the law of the foreign country in which such workplace is located.

EX. ORD. NO. 12317. COMMUNITY-BASED ALTERNATIVES FOR INDIVIDUALS WITH DISABILITIES
Ex. Ord. No. 12317, June 18, 2001, 66 F.R. 33155, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to place qualified individuals with disabilities in community settings whenever appropriate, it is hereby ordered as follows:

SECTION 1. Policy. This order is issued consistent with the following findings and principles:

(a) The United States is committed to community-based alternatives for individuals with disabilities and recognizes that such services advance the best interests of Americans.

(b) The United States seeks to ensure that America’s community-based programs effectively foster independent living and participation in the community for Americans with disabilities.

(c) Unjustified isolation or segregation of qualified individuals with disabilities through institutionalization or a form of disability-based discrimination prohibited by Title II of the Americans With Disabilities Act of 1990 (ADA), 42 U.S.C. 12101 et seq., States must avoid disability-based discrimination unless doing so would fundamentally alter the nature of the service, program, or activity provided by the State.

(d) In Olmstead v. L.C., 527 U.S. 581 (1999) (the ‘‘Olmstead decision’’), the Supreme Court construed Title II of the ADA (42 U.S.C. 12131 et seq.) to require States to place qualified individuals with mental disabilities in community settings, rather than in institutions, whenever treatment professionals determine that such placement is appropriate, the affected persons do not oppose such placement, and the State can reasonably accommodate the placement, taking into account the resources available to the State and the needs of others with disabilities.

(e) The Federal Government must assist States and localities to implement switly the Olmstead decision, so as to help ensure that all Americans have the opportunity to live close to their families and friends, to live more independently, to engage in productive employment, and to participate in community life.

SUC. 2. Swift Implementation of the Olmstead Decision: Agency Responsibilities. (a) The Attorney General, the Secretaries of Health and Human Services, Education, Labor, and Housing and Urban Development, and the Commissioner of the Social Security Administration shall work cooperatively to ensure that the Olmstead decision is implemented in a timely manner. Specifically, the designated agencies should work with States to help them assess their compliance with the Olmstead decision and the ADA (42 U.S.C. 12101 et seq.) in providing services to qualified individuals with disabilities in community-based settings, as long as such services are appropriate to the needs of those individuals. These agencies should provide technical guidance and work cooperatively with States to achieve the goals of Title II of the ADA (42 U.S.C. 12131 et seq.), particularly where States have chosen to develop comprehensive, effectively working plans to provide services to qualified individuals with disabilities in the most integrated settings. These agencies should also ensure that Federal resources are used in the most effective manner to support the goals of the ADA. The Secretary of Health and Human Services shall take the lead in coordinating these efforts.

(b) The Attorney General, the Secretaries of Health and Human Services, Education, Labor, and Housing and Urban Development, and the Commissioner of the Social Security Administration shall evaluate the policies, programs, statutes, and regulations of their respective agencies to determine whether any should be revised or modified to improve the availability of community-based services for qualified individuals with disabilities. The review shall focus on identifying affected populations, improving the flow of information about supports in the community, and removing barriers that impede opportunities for community placement. The review should ensure the involvement of consumers, advocacy organizations, providers, and relevant agency representatives. Each agency head should report to the President, through the Secretary of Health and Human Services, with the results of their evaluation within 120 days.

(c) The Attorney General and the Secretary of Health and Human Services shall enforce Title II of the ADA, including investigating and resolving complaints filed on behalf of individuals who allege that they have been the victims of unjustified institutionalization. Whenever possible, the Department of Justice and the Department of Health and Human Services should work cooperatively with States to resolve these complaints, and should use alternative dispute resolution to bring these complaints to a quick and constructive resolution.

(d) The agency actions directed by this order shall be done consistent with this Administration’s budget.

SUC. 3. Judicial Review. Nothing in this order shall affect any otherwise available judicial review of agency action. This order is intended only to improve the internal management of the Federal Government and does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

Effective Date

Section effective 18 months after July 26, 1990, see section 205(a) of Pub. L. 101–336, set out as a note under section 12131 of this title.

§ 12142. Public entities operating fixed route systems

(a) Purchase and lease of new vehicles

It shall be considered discrimination for purposes of section 12132 of this title and section 794 of title 29 for a public entity which operates a
fixed route system to purchase or lease a new bus, a new rapid rail vehicle, a new light rail vehicle, or any other new vehicle to be used on such system, if the solicitation for such purchase or lease is made after the 30th day following July 26, 1990, and if such bus, rail vehicle, or other vehicle is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(b) Purchase and lease of used vehicles

Subject to subsection (c)(1), it shall be considered discrimination for purposes of section 12132 of this title and section 794 of title 29 for a public entity which operates a fixed route system to purchase or lease, after the 30th day following July 26, 1990, a used vehicle for use on such system unless such entity makes demonstrated good faith efforts to purchase or lease a used vehicle for use on such system that is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(c) Remanufactured vehicles

(1) General rule

Except as provided in paragraph (2), it shall be considered discrimination for purposes of section 12132 of this title and section 794 of title 29 for a public entity which operates a fixed route system—

(A) to remanufacture a vehicle for use on such system so as to extend its usable life for 5 years or more, which remanufacture begins (or for which the solicitation is made) after the 30th day following July 26, 1990; or

(B) to purchase or lease for use on such system a remanufactured vehicle which has been remanufactured so as to extend its usable life for 5 years or more, which purchase or lease occurs after such 30th day and during the period in which the usable life is extended;

unless, after remanufacture, the vehicle is, to the maximum extent feasible, readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(2) Exception for historic vehicles

(A) General rule

If a public entity operates a fixed route system any segment of which is included on the National Register of Historic Places and if making a vehicle of historic character to be used solely on such segment readily accessible to and usable by individuals with disabilities would significantly alter the historic character of such vehicle, the public entity only has to make (or to purchase or lease a remanufactured vehicle with) those modifications which are necessary to meet the requirements of paragraph (1) and which do not significantly alter the historic character of such vehicle.

(B) Vehicles of historic character defined by regulations

For purposes of this paragraph and section 12148(b) of this title, a vehicle of historic character shall be defined by the regulations issued by the Secretary to carry out this subsection.

(EFFECTIVE DATE)

Section effective July 26, 1990, see section 231(b) of Pub. L. 101–336, set out as a note under section 12141 of this title.

§ 12143. Paratransit as a complement to fixed route service

(a) General rule

It shall be considered discrimination for purposes of section 12132 of this title and section 794 of title 29 for a public entity which operates a fixed route system (other than a system which provides solely commuter bus service) to fail to provide with respect to the operations of its fixed route system, in accordance with this section, paratransit and other special transportation services to individuals with disabilities, including individuals who use wheelchairs, that are sufficient to provide to such individuals a level of service (1) which is comparable to the level of designated public transportation services provided to individuals without disabilities using such system; or (2) in the case of response time, which is comparable, to the extent practicable, to the level of designated public transportation services provided to individuals without disabilities using such system.

(b) Issuance of regulations

Not later than 1 year after July 26, 1990, the Secretary shall issue final regulations to carry out this section.

(c) Required contents of regulations

(1) Eligible recipients of service

The regulations issued under this section shall require each public entity which operates a fixed route system to provide the paratransit and other special transportation services required under this section—

(A)(i) to any individual with a disability who is unable, as a result of a physical or mental impairment (including a vision impairment) and without the assistance of another individual (except an operator of a wheelchair lift or other boarding assistance device), to board, ride, or disembark from any vehicle on the system which is readily accessible to and usable by individuals with disabilities;

(ii) to any individual with a disability who needs the assistance of a wheelchair lift or other boarding assistance device (and is able with such assistance) to board, ride, and disembark from any vehicle which is readily accessible to and usable by individuals with disabilities if the individual wants to travel on a route on the system during the hours of operation of the system at a time (or within a reasonable period of such time) when such a vehicle is not being used to provide designated public transportation on the route; and

(iii) to any individual with a disability who has a specific impairment-related condition which prevents such individual from

traveling to a boarding location or from a disembarking location on such system;

(B) to one other individual accompanying the individual with the disability; and

(C) to other individuals, in addition to the one individual described in subparagraph (B), accompanying the individual with a disability provided that space for these additional individuals is available on the paratransit vehicle carrying the individual with a disability and that the transportation of such additional individuals will not result in a denial of service to individuals with disabilities.

For purposes of clauses (i) and (ii) of subparagraph (A), boarding or disembarking from a vehicle does not include travel to the boarding location or from the disembarking location.

(2) Service area
The regulations issued under this section shall require that each public entity which operates a fixed route system—

(A) within 18 months after July 26, 1990, submit to the Secretary, and commence implementation of, a plan for providing paratransit and other special transportation services which meets the requirements of this section; and

(B) on an annual basis thereafter, submit to the Secretary, and commence implementation of, a plan for providing such services.

(8) Provision of services by others

(2) Disapproval
If the Secretary determines that a plan reviewed under this subsection fails to meet the requirements of this section, the Secretary shall disapprove the plan and notify the public entity which submitted the plan of such disapproval and the reasons therefor.

(3) Modification of disapproved plan
Not later than 90 days after the date of disapproval of a plan under this subsection, the Secretary may require a public entity to provide such services to the extent that providing such services would not impose such a burden.

(5) Additional services
The regulations issued under this section shall establish circumstances under which the Secretary may require a public entity to provide, notwithstanding paragraph (4), paratransit and other special transportation services which would otherwise be required under paragraph (4).

(6) Public participation
The regulations issued under this section shall require that each public entity which operates a fixed route system—

(A) hold a public hearing, provide an opportunity for public comment, and consult with individuals with disabilities in preparing its plan under paragraph (7);

(7) Plans
The regulations issued under this section shall require that each public entity which operates a fixed route system—

(A) within 18 months after July 26, 1990, submit to the Secretary, and commence implementation of, a plan for providing paratransit and other special transportation services which meets the requirements of this section; and

(B) on an annual basis thereafter, submit to the Secretary, and commence implementation of, a plan for providing such services.

(8) Provision of services by others

Not later than 90 days after the date of disapproval of a plan under this subsection, the Secretary may require a public entity to provide such services to the extent that providing such services would not impose such a burden.

(5) Additional services
The regulations issued under this section shall establish circumstances under which the Secretary may require a public entity to provide, notwithstanding paragraph (4), paratransit and other special transportation services which would otherwise be required under paragraph (4).

(6) Public participation

(2) from providing paratransit or other special transportation services in addition to those paratransit and special transportation services required by this section, or

Paratransit System Under FTA Approved Coordinated Plan

Pub. L. 114–94, div. A, title III, §3023, Dec. 4, 2015, 129 Stat. 1494, provided that: “Notwithstanding the provisions of section 37.131(c) of title 49, Code of Federal Regulations, any paratransit system currently coordinating complementary paratransit service for more than 40 fixed route agencies shall be permitted to continue using an existing tiered, distance-based coordinated paratransit fare system, if the fare for the existing tiered, distance-based coordinated paratransit fare system is not increased by a greater percentage than any increase to the fixed route fare for the largest transit agency in the complementary paratransit service area.”

§12144. Public entity operating a demand responsive system

If a public entity operates a demand responsive system, it shall be considered discrimination, for purposes of section 12132 of this title and section 794 of title 29, for such entity to purchase or lease a new vehicle for use on such system, for which a solicitation is made after the 30th day following July 26, 1990, that is not readily accessible to and usable by individuals with disabilities, unless such system, when viewed in its entirety, provides a level of service to such individuals equivalent to the level of service such system provides to individuals without disabilities.

Effective Date

Section effective July 26, 1990, see section 231(b) of Pub. L. 101–336, set out as a note under section 12141 of this title.

§12145. Temporary relief where lifts are unavailable

(a) Granting

With respect to the purchase of new buses, a public entity may apply for, and the Secretary may temporarily relieve such public entity from the obligation under section 12142(a) or 12144 of this title to purchase new buses that are readily accessible to and usable by individuals with disabilities if such public entity demonstrates to the satisfaction of the Secretary—

(1) that the initial solicitation for new buses made by the public entity specified that all new buses were to be lift-equipped and were to be otherwise accessible to and usable by individuals with disabilities;

(2) the unavailability from any qualified manufacturer of hydraulic, electromechanical, or other lifts for such new buses;

(3) that the public entity seeking temporary relief has made good faith efforts to locate a qualified manufacturer to supply the lifts to the manufacturer of such buses in sufficient time to comply with such solicitation; and

(4) that any further delay in purchasing new buses necessary to obtain such lifts would significantly impair transportation services in the community served by the public entity.

(b) Duration and notice to Congress

Any relief granted under subsection (a) shall be limited in duration by a specified date, and the appropriate committees of Congress shall be notified of any such relief granted.

(c) Fraudulent application

If, at any time, the Secretary has reasonable cause to believe that any relief granted under subsection (a) was fraudulently applied for, the Secretary shall—

(1) cancel such relief if such relief is still in effect; and

(2) take such other action as the Secretary considers appropriate.

Effective Date

Section effective July 26, 1990, see section 231(b) of Pub. L. 101–336, set out as a note under section 12141 of this title.

or part thereof, it shall be considered discrimination, for purposes of section 12132 of this title and section 794 of title 29, for a public entity to fail to make such alterations (or to ensure that the alterations are made) in such a manner that, to the maximum extent feasible, the altered portions of the facility are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, upon the completion of such alterations. Where the public entity is undertaking an alteration that affects or could affect usability of or access to an area of the facility containing a primary function, the entity shall also make the alterations in such a manner that, to the maximum extent feasible, the path of travel to the altered area and the bathrooms, telephones, and drinking fountains serving the altered area, are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, upon completion of such alterations, where such alterations to the path of travel or the bathrooms, telephones, and drinking fountains serving the altered area are not disproportionately to the overall alterations in terms of cost and scope (as determined under criteria established by the Attorney General).

(b) Special rule for stations

(1) General rule

For purposes of section 12132 of this title and section 794 of title 29, it shall be considered discrimination for a public entity that provides designated public transportation to fail, in accordance with the provisions of this subsection, to make key stations (as determined under criteria established by the Secretary by regulation) in rapid rail and light rail systems readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(2) Rapid rail and light rail key stations

(A) Accessibility

Except as otherwise provided in this paragraph, all key stations (as determined under criteria established by the Secretary by regulation) in rapid rail and light rail systems shall be made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as soon as practicable but in no event later than the last day of the 3-year period beginning on July 26, 1990.

(B) Extension for extraordinarily expensive structural changes

The Secretary may extend the 3-year period under subparagraph (A) up to a 30-year period for key stations in a rapid rail or light rail system which stations need extraordinarily expensive structural changes to, or replacement of, existing facilities; except that by the last day of the 20th year following July 26, 1990, at least 5% of such key stations must be readily accessible to and usable by individuals with disabilities.

(3) Plans and milestones

The Secretary shall require the appropriate public entity to develop and submit to the Secretary a plan for compliance with this subsection—

(A) that reflects consultation with individuals with disabilities affected by such plan and the results of a public hearing and public comments on such plan, and

(B) that establishes milestones for achievement of the requirements of this subsection.

Effective Date

Subsec. (a) of this section effective 18 months after July 26, 1990, and subsec. (b) of this section effective July 26, 1990, see section 231 of Pub. L. 101–336, set out as a note under section 12141 of this title.

§12148. Public transportation programs and activities in existing facilities and one car per train rule

(a) Public transportation programs and activities in existing facilities

(1) In general

With respect to existing facilities used in the provision of designated public transportation services, it shall be considered discrimination, for purposes of section 12132 of this title and section 794 of title 29, for a public entity to fail to operate a designated public transportation program or activity conducted in such facilities so that, when viewed in the entirety, the program or activity is readily accessible to and usable by individuals with disabilities.

(2) Exception

Paragraph (1) shall not require a public entity to make structural changes to existing facilities in order to make such facilities accessible to individuals who use wheelchairs, unless and to the extent required by section 12147(a) of this title (relating to alterations) or section 12147(b) of this title (relating to key stations).

(3) Utilization

Paragraph (1) shall not require a public entity to which paragraph (2) applies, to provide to individuals who use wheelchairs services made available to the general public at such facilities when such individuals could not utilize or benefit from such services provided at such facilities.

(b) One car per train rule

(1) General rule

Subject to paragraph (2), with respect to 2 or more vehicles operated as a train by a light or rapid rail system, for purposes of section 12132 of this title and section 794 of title 29, it shall be considered discrimination for a public entity to fail to have at least 1 vehicle per train that is accessible to individuals with disabilities, including individuals who use wheelchairs, as soon as practicable but in no event later than the last day of the 5-year period beginning on the effective date of this section.

(2) Historic trains

In order to comply with paragraph (1) with respect to the remanufacture of a vehicle of historic character which is to be used on a seg-
ment of a light or rapid rail system which is included on the National Register of Historic Places, if making such vehicle readily accessible to and usable by individuals with disabilities would significantly alter the historic character of such vehicle. The Architectural and Transportation Barriers Compliance Board in accordance with the minimum guidelines and requirements issued by the Architectural and Transportation Barriers Compliance Board in accordance with such supplemental minimum guidelines shall be necessary to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities prior to issuance of the final regulations.

Effective Date
Section effective 18 months after July 26, 1990, see section 231(a) of Pub. L. 101–336, set out as a note under section 12141 of this title.

For purposes of subsection (a), discrimination includes—

(i) a failure of a private entity which operates a demand responsive system and which is not subject to section 12184 of this title to operate such system so that, when viewed in its entirety, such system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities; and

(a) Application of term
Except as provided in subsection (b), as applied to public accommodations and commercial facilities, discrimination for purposes of section 12182(a) of this title includes—

(1) a failure to design and construct facilities for first occupancy later than 30 months after July 26, 1990, that are readily accessible to and usable by individuals with disabilities, except where an entity can demonstrate that it is structurally impracticable to meet the requirements of such subsection in accordance with standards set forth or incorporated by reference in regulations issued under this subchapter; and

(2) with respect to a facility or part thereof that is altered by, on behalf of, or for the use of an establishment in a manner that affects or could affect the usability of the facility or part thereof, a failure to make alterations in such a manner that, to the maximum extent feasible, the altered portions of the facility are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. Where the entity is undertaking an alteration that affects or could affect usability of or access to an area of the facility containing a primary function, the entity shall also make the alterations in such a manner that, to the maximum extent feasible, the path of travel to the altered area and the bathrooms, telephones, and drinking fountains serving the altered area, are readily accessible to and usable by individuals with disabilities where such alterations to the path of travel or the bathrooms, telephones, and drinking fountains serving the altered area are not disproportionate to the overall alterations in terms of cost and scope (as determined under criteria established by the Attorney General).

(b) Elevator
Subsection (a) shall not be construed to require the installation of an elevator for facilities that are less than three stories or have less than 3,000 square feet per story unless the building is a shopping center, a shopping mall, or the professional office of a health care provider or unless the Attorney General determines that a particular category of such facilities requires the installation of elevators based on the usage of such facilities.

(4)(A) the purchase or lease by such entity of an over-the-road bus which does not comply with the regulations issued under section 12186(a)(2) of this title; and
(B) any other failure of such entity to comply with such regulations; and 2
(5) the purchase or lease by such entity of a new van with a seating capacity of less than 8 passengers, including the driver, which is to be used to provide specified public transportation and for which a solicitation is made after the 30th day following the effective date of this section that is not readily accessible to or usable by individuals with disabilities, including individuals who use wheelchairs; except that the new van need not be readily accessible to and usable by such individuals if the entity can demonstrate that the system for which the van is being purchased or leased, when viewed in its entirety, provides a level of service to such individuals equivalent to the level of service provided to the general public;
(6) the purchase or lease by such entity of a new rail passenger car that is to be used to provide specified public transportation, and for which a solicitation is made later than 30 days after the effective date of this paragraph, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs; and
(7) the remanufacture by such entity of a rail passenger car that is to be used to provide specified public transportation so as to extend its usable life for 10 years or more, or the purchase or lease by such entity of such a rail car, unless the rail car, to the maximum extent feasible, is made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(c) Historical or antiquated cars

(1) Exception
To the extent that compliance with subsection (b)(2)(C) or (b)(7) would significantly alter the historic or antiquated character of a historical or antiquated rail passenger car, or a rail station served exclusively by such cars, or would result in violation of any rule, regulation, standard, or order issued by the Secretary of Transportation under the Federal Railroad Safety Act of 1970, such compliance shall not be required.

(2) Definition
As used in this subsection, the term "historical or antiquated rail passenger car" means a rail passenger car—
(A) which is not less than 30 years old at the time of its use for transporting individuals;
(B) the manufacturer of which is no longer in the business of manufacturing rail passenger cars; and
(C) which—
(i) has a consequential association with events or persons significant to the past; or
(ii) embodies, or is being restored to embody, the distinctive characteristics of a type of rail passenger car used in the past, or to represent a time period which has passed.

§ 12185. Study

(a) Purposes
The Office of Technology Assessment shall undertake a study to determine—
(1) the access needs of individuals with disabilities to over-the-road buses and over-the-road bus service; and
(2) the most cost-effective methods for providing access to over-the-road buses and over-the-road bus service to individuals with disabilities, particularly individuals who use wheelchairs, through all forms of boarding options.

(b) Contents
The study shall include, at a minimum, an analysis of the following:
(1) The anticipated demand by individuals with disabilities for accessible over-the-road buses and over-the-road bus service.
(2) The degree to which such buses and service, including any service required under sections 12204(b)(4) and 12186(a)(2) of this title, are readily accessible to and usable by individuals with disabilities.
(3) The effectiveness of various methods of providing accessibility to such buses and service to individuals with disabilities.
(4) The cost of providing accessible over-the-road buses and bus service to individuals with disabilities, including consideration of recent technological and cost saving developments in equipment and devices.
(5) Possible design changes in over-the-road buses that could enhance accessibility, including the installation of accessible restrooms which do not result in a loss of seating capacity.

2So in original. The word "and" probably should not appear.
(6) The impact of accessibility requirements on the continuation of over-the-road bus service, with particular consideration of the impact of such requirements on such service to rural communities.

c) Advisory committee

In conducting the study required by subsection (a), the Office of Technology Assessment shall establish an advisory committee, which shall consist of—

(1) members selected from among private operators and manufacturers of over-the-road buses;

(2) members selected from among individuals with disabilities, particularly individuals who use wheelchairs, who are potential riders of such buses; and

(3) members selected for their technical expertise on issues included in the study, including manufacturers of boarding assistance equipment and devices.

The number of members selected under each of paragraphs (1) and (2) shall be equal, and the total number of members selected under paragraphs (1) and (2) shall exceed the number of members selected under paragraph (3).

d) Deadline

The study required by subsection (a), along with recommendations by the Office of Technology Assessment, including any policy options for legislative action, shall be submitted to the President and Congress within 36 months after July 26, 1990. If the President determines that compliance with the regulations issued pursuant to section 12186(a)(2)(B) of this title on or before the applicable deadlines specified in section 12186(a)(2)(B) of this title will result in a significant reduction in intercity over-the-road bus service, the President shall extend each such deadline by 1 year.

e) Review

In developing the study required by subsection (a), the Office of Technology Assessment shall provide a preliminary draft of such study to the Architectural and Transportation Barriers Compliance Board established under section 792 of title 29. The Board shall have an opportunity to comment on such draft study, and any such comments by the Board made in writing within 120 days after the Board’s receipt of the draft study shall be incorporated as part of the final study required to be submitted under subsection (d).

Effective Date

Section effective July 26, 1990, see section 310(c) of Pub. L. 101–336, set out as a note under section 12181 of this title.

Termination of Advisory Committees

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 12186. Regulations

(a) Transportation provisions

(1) General rule

Not later than 1 year after July 26, 1990, the Secretary of Transportation shall issue regulations in an accessible format to carry out sections 12182(b)(2)(B) and (C) of this title and to carry out section 12184 of this title (other than subsection (b)(4)).

(2) Special rules for providing access to over-the-road buses

(A) Interim requirements

(i) Issuance

Not later than 1 year after July 26, 1990, the Secretary of Transportation shall issue regulations in an accessible format to carry out sections 12184(b)(4) and 12182(b)(2)(D)(ii) of this title that require each private entity which uses an over-the-road bus to provide transportation of individuals to provide accessibility to such bus; except that such regulations shall not require any structural changes in over-the-road buses in order to provide access to individuals who use wheelchairs during the effective period of such regulations and shall not require the purchase of boarding assistance devices to provide access to such individuals.

(ii) Effective period

The regulations issued pursuant to this subparagraph shall be effective until the effective date of the regulations issued under subparagraph (B).

(B) Final requirement

(i) Review of study and interim requirements

The Secretary shall review the study submitted under section 12185 of this title and the regulations issued pursuant to subparagraph (A).

(ii) Issuance

Not later than 1 year after the date of the submission of the study under section 12185 of this title and any recommendations resulting from such study, each private entity which uses an over-the-road bus to provide transportation to individuals to provide accessibility to such bus to individuals with disabilities, including individuals who use wheelchairs.

(iii) Effective period

Subject to section 12185(d) of this title, the regulations issued pursuant to this subparagraph shall take effect—

1 So in original. Probably should be “section”.

Effective Date

Section effective July 26, 1990, see section 310(c) of Pub. L. 101–336, set out as a note under section 12181 of this title.
(I) with respect to small providers of transportation (as defined by the Secretary), 3 years after the date of issuance of final regulations under clause (ii); and

(II) with respect to other providers of transportation, 2 years after the date of issuance of such final regulations.

(C) Limitation on requiring installation of accessible restrooms

The regulations issued pursuant to this paragraph shall not require the installation of accessible restrooms in over-the-road buses if such installation would result in a loss of seating capacity.

(3) Standards

The regulations issued pursuant to this subsection shall include standards applicable to facilities and vehicles covered by sections 12182(b)(2) and 12184 of this title.

(b) Other provisions

Not later than 1 year after July 26, 1990, the Attorney General shall issue regulations in an accessible format to carry out the provisions of this subchapter not referred to in subsection (a) that include standards applicable to facilities and vehicles covered under section 12182 of this title.

(c) Consistency with ATBCB guidelines

Standards included in regulations issued under subsections (a) and (b) shall be consistent with the minimum guidelines and requirements issued by the Architectural and Transportation Barriers Compliance Board in accordance with section 12204 of this title.

(d) Interim accessibility standards

(1) Facilities

If final regulations have not been issued pursuant to this section, for new construction or alterations for which a valid and appropriate State or local building permit is obtained prior to the issuance of final regulations under this section, and for which the construction or alteration authorized by such permit begins within one year of the receipt of such permit and is completed under the terms of such permit, compliance with the Uniform Federal Accessibility Standards in effect at the time the building permit is issued shall suffice to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities as required under section 12183 of this title, except that, if such final regulations have not been issued one year after the Architectural and Transportation Barriers Compliance Board has issued the supplemental minimum guidelines required under section 12204(a) of this title, compliance with such supplemental minimum guidelines shall be necessary to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities prior to issuance of the final regulations.

(2) Vehicles and rail passenger cars

If final regulations have not been issued pursuant to this section, a private entity shall be considered to have complied with the requirements of this subchapter, if any, that a vehicle or rail passenger car can be readily accessible to and usable by individuals with disabilities, if the design for such vehicle or car complies with the laws and regulations (including the Minimum Guidelines and Requirements for Accessible Design and such supplemental minimum guidelines as are issued under section 12204(a) of this title) governing accessibility of such vehicles or cars, to the extent that such laws and regulations are not inconsistent with this subchapter and are in effect at the time such design is substantially completed.

AMENDMENTS

1995—Subsec. (a)(2)(B)(iii). Pub. L. 104–59 substituted "3 years after the date of issuance of final regulations under clause (ii)" for "7 years after July 26, 1990" in subcl. (I) and "2 years after the date of issuance of such final regulations" for "6 years after July 26, 1990" in subcl. (II).

EFFECTIVE DATE

Section effective July 26, 1990, see section 310(c) of Pub. L. 101–336, set out as a note under section 12181 of this title.

§ 12188. Enforcement

(a) In general

(1) Availability of remedies and procedures

The remedies and procedures set forth in section 2000a–3(a) of this title are the remedies and procedures this subchapter provides to any person who is being subjected to discrimination on the basis of disability in violation of this subchapter or who has reasonable grounds for believing that such person is about to be subjected to discrimination in violation of section 12183 of this title. Nothing in this section shall require a person with a disability to engage in a futile gesture if such person has actual notice that a person or organization covered by this subchapter does not intend to comply with its provisions.
(2) Injunctive relief
In the case of violations of sections 12182(b)(2)(A)(iv) and section 12183(a) of this title, injunctive relief shall include an order to alter facilities to make such facilities readily accessible to and usable by individuals with disabilities to the extent required by this subchapter. Where appropriate, injunctive relief shall also include requiring the provision of an auxiliary aid or service, modification of a policy, or provision of alternative methods, to the extent required by this subchapter.

(b) Enforcement by Attorney General

(1) Denial of rights

(A) Duty to investigate

(i) In general

The Attorney General shall investigate alleged violations of this subchapter, and shall undertake periodic reviews of compliance of covered entities under this subchapter.

(ii) Attorney General certification

On the application of a State or local government, the Attorney General may, in consultation with the Architectural and Transportation Barriers Compliance Board, and after prior notice and a public hearing at which persons, including individuals with disabilities, are provided an opportunity to testify against such certification, certify that a State law or local building code or similar ordinance that establishes accessibility requirements meets or exceeds the minimum requirements of this chapter for the accessibility and usability of covered facilities under this subchapter. At any enforcement proceeding under this section, such certification by the Attorney General shall be rebuttable evidence that such State law or local ordinance does meet or exceed the minimum requirements of this chapter.

(B) Potential violation

If the Attorney General has reasonable cause to believe that—

(i) any person or group of persons is engaged in a pattern or practice of discrimination under this subchapter; or

(ii) any person or group of persons has been discriminated against under this subchapter and such discrimination raises an issue of general public importance, the Attorney General may commence a civil action in any appropriate United States district court.

(2) Authority of court

In a civil action under paragraph (1)(B), the court—

(A) may grant any equitable relief that such court considers to be appropriate, including, to the extent required by this subchapter—

(i) granting temporary, preliminary, or permanent relief;

(ii) providing an auxiliary aid or service, modification of policy, practice, or procedure, or alternative method; and

(iii) making facilities readily accessible to and usable by individuals with disabilities;

(B) may award such other relief as the court considers to be appropriate, including monetary damages to persons aggrieved when requested by the Attorney General; and

(C) may, to vindicate the public interest, assess a civil penalty against the entity in an amount—

(i) not exceeding $50,000 for a first violation; and

(ii) not exceeding $100,000 for any subsequent violation.

(3) Single violation

For purposes of paragraph (2)(C), in determining whether a first or subsequent violation has occurred, a determination in a single action, by judgment or settlement, that the covered entity has engaged in more than one discriminatory act shall be counted as a single violation.

(4) Punitive damages

For purposes of subsection (b)(2)(B), the term “monetary damages” and “such other relief” does not include punitive damages.

(5) Judicial consideration

In a civil action under paragraph (1)(B), the court, when considering what amount of civil penalty, if any, is appropriate, shall give consideration to any good faith effort or attempt to comply with this chapter by the entity. In evaluating good faith, the court shall consider, among other factors it deems relevant, whether the entity could have reasonably anticipated the need for an appropriate type of auxiliary aid needed to accommodate the unique needs of a particular individual with a disability.

(h) Reasonable accommodations and modifications

A covered entity under subchapter I, a public entity under subchapter II, and any person who owns, leases (or leases to), or operates a place of public accommodation under subchapter III, need not provide a reasonable accommodation or a reasonable modification to policies, practices, or procedures to an individual who meets the definition of disability in section 12102(1) of this title solely under subparagraph (C) of such section.

(1) to direct the Secretary of Energy to conduct a research, development, and demonstration program leading to the production, storage, transport, and use of hydrogen for industrial, residential, transportation, and utility applications;
(2) to direct the Secretary to develop a technology assessment and information transfer program among the Federal agencies and aerospace, transportation, energy, and other entities; and
(3) to develop renewable energy resources as a primary source of energy for the production of hydrogen.

(c) Definitions
As used in this chapter, the term:
(1) "critical technology" (or "critical technical issue") means a technology (or issue) that, in the opinion of the Secretary, requires understanding and development in order to take the next needed step in the development of hydrogen as an economic fuel or storage medium;
(2) "Department" means the Department of Energy; and
(3) "Secretary" means the Secretary of Energy.

§ 12402. Report to Congress

(a) Not later than January 1, 1999, the Secretary shall transmit to Congress a detailed report on the status and progress of the programs authorized under this chapter.

(b) A report under subsection (a) shall include, in addition to any views and recommendations of the Secretary—
(1) an analysis of the effectiveness of the programs authorized under this chapter, to be prepared and submitted to the Secretary by the Hydrogen Technical Advisory Panel established under section 12407 of this title; and
(2) recommendations of the Hydrogen Technical Advisory Panel for any improvements in the program that are needed, including recommendations for additional legislation.

§ 12403. Hydrogen research and development

(a) Program
The Secretary shall conduct a hydrogen research and development program relating to production, storage, transportation, and use of hydrogen, with the goal of enabling the private sector to demonstrate the technical feasibility of using hydrogen for industrial, residential, transportation, and utility applications.

(b) Research
In conducting the program authorized by this section, the Secretary shall—
(1) give particular attention to developing an understanding and resolution of critical technical issues preventing the introduction of hydrogen into the marketplace;
(2) initiate or accelerate existing research in critical technical issues that will contribute to the development of more economic hydrogen production and use, including, but not limited to, critical technical issues with respect to production (giving priority to those production techniques that use renewable energy resources as their primary source of energy for hydrogen production), liquefaction, transmission, distribution, storage, and use (including use of hydrogen in surface transportation); and
(3) survey private sector hydrogen activities and take steps to ensure that research and development activities under this section do not displace or compete with the privately funded hydrogen research and development activities of United States industry.

d) Innovative energy technologies

The Secretary is authorized to evaluate any reasonable new or improved technology, including basic research on highly innovative energy technologies, that could lead or contribute to the development of economic hydrogen production, storage, and utilization.

d) Renewable energy systems; hybrid systems

The Secretary is authorized to evaluate any reasonable new or improved technology that could lead or contribute to, or demonstrate the use of, advanced renewable energy systems or hybrid systems for use in isolated communities that currently import diesel fuel as the primary fuel for electric power production.

(e) Information

The Secretary is authorized to arrange for tests and demonstrations and to disseminate to researchers and developers information, data, and other materials necessary to support the research and development activities authorized under this section and other efforts authorized under this chapter, consistent with section 12405 of this title.

(f) Federal funding

The Secretary shall carry out the research and development activities authorized under this section only through the funding of research and development proposals submitted by interested persons according to such procedures as the Secretary may require and evaluate on a competitive basis using peer review. Such funding shall be in the form of a grant agreement, procurement contract, or cooperative agreement (as those terms are used in chapter 63 of title 31).

(g) Non-Federal funding

The Secretary shall not consider a proposal submitted by a person from industry unless the proposal contains a certification that reasonable efforts to obtain non-Federal funding for the entire cost of the project have been made, and that such non-Federal funding could not be reasonably obtained. As appropriate, the Secretary shall require a commitment from non-Federal sources of at least 50 percent of the cost of the development portion of such a proposal.

(h) Prohibition on duplicative efforts

The Secretary shall not carry out any activities under this section that unnecessarily duplicate activities carried out elsewhere by the Federal Government or industry.

(i) Federal funding consistent with the Agreement on Subsidies and Countervailing Measures

The Secretary shall establish, after consultation with other Federal agencies, terms and conditions under which Federal funding will be provided under this chapter that are consistent with the Agreement on Subsidies and Countervailing Measures referred to in section 3511(d)(12) of title 19.
(c) Non-Federal funding

The Secretary shall require a commitment from non-Federal sources of at least 50 percent of the cost of any demonstration conducted under this section.

AMENDMENTS

§ 12405. Technology transfer program

(a) Program

The Secretary shall conduct a program designed to accelerate wide application of hydrogen production, storage, utilization, and other technologies available in near term as a result of aerospace experience as well as other research progress by transferring critical technologies to the private sector. The Secretary shall direct the program with the advice and assistance of the Hydrogen Technical Advisory Panel established under section 12407 of this title. The objective in seeking this advice is to increase participation of private industry in the demonstration of near commercial applications through cooperative research and development arrangements involving the private sector.

(b) Information

The Secretary, in carrying out the program authorized by subsection (a), shall—

(1) undertake an inventory and assessment of hydrogen technologies and their commercial capability to economically produce, store, or utilize hydrogen in aerospace, transportation, electric utilities, petrochemical, chemical, merchant hydrogen, and other industrial sectors; and

(2) develop a National Aeronautics Space Administration, Department of Energy, and industry information exchange program to improve technology transfer for—

(A) application of aerospace experience by industry;

(B) application of research progress by industry and aerospace;

(C) application of commercial capability of industry by aerospace; and

(D) expression of industrial needs to research organizations.

The information exchange program may consist of workshops, publications, conferences, and a data base for the use by the public and private sectors. The Secretary shall also foster the exchange of generic, nonproprietary information and technology, developed pursuant to this chapter, among industry, academia, and the Federal Government, to help the United States economy attain the economic benefits of this information and technology.

§ 12501. Findings and purpose

(a) Findings

The Congress finds the following:

(1) Throughout the United States, there are pressing unmet human, educational, environmental, and public safety needs.
(2) Americans desire to affirm common responsibilities and shared values, and join together in positive experiences, that transcend race, religion, gender, age, disability, region, income, and education.

(3) The rising costs of postsecondary education are putting higher education out of reach for an increasing number of citizens.

(4) Americans of all ages can improve their communities and become better citizens through service to the United States.

(5) Nonprofit organizations, local governments, States, and the Federal Government are already supporting a wide variety of national service programs that deliver needed services in a cost-effective manner.

(6) Residents of low-income communities, especially youth and young adults, can be empowered through their service, and can help provide future community leadership.

(b) Purpose

It is the purpose of this chapter to—

(1) meet the unmet human, educational, environmental, and public safety needs of the United States, without displacing existing workers;

(2) renew the ethic of civic responsibility and the spirit of community and service throughout the varied and diverse communities of the United States;

(3) expand educational opportunity by rewarding individuals who participate in national service with an increased ability to pursue higher education or job training;

(4) encourage citizens of the United States, regardless of age, income, geographic location, or disability, to engage in full-time or part-time national service;

(5) reinvent government to eliminate duplication, support locally established initiatives, require measurable goals for performance, and offer flexibility in meeting those goals;

(6) expand and strengthen existing national service programs with demonstrated experience in providing structured service opportunities with visible benefits to the participants and communities;

(7) build on the existing organizational service infrastructure of Federal, State, and local programs, agencies, and communities to expand full-time and part-time service opportunities for all citizens;

(8) provide tangible benefits to the communities in which national service is performed;

(9) expand and strengthen service-learning programs through year-round opportunities, including opportunities during the summer months, to improve the education of children and youth and to maximize the benefits of national and community service, in order to renew the ethic of civic responsibility and the spirit of community for children and youth throughout the United States;

(10) assist in coordinating and strengthening Federal and other service opportunities, including opportunities for participation in emergency and disaster preparedness, relief, and recovery;

(11) increase service opportunities for the Nation's retiring professionals, including such opportunities for those retiring from the science, technical, engineering, and mathematics professions, to improve the education of the Nation's youth and keep America competitive in the global knowledge economy, and to further utilize the experience, knowledge, and skills of older individuals;

(12) encourage the continued service of the alumni of the national service programs, including service in times of national need;

(13) encourage individuals age 55 or older to partake of service opportunities;

(14) focus national service on the areas of national need such service has the capacity to address, such as improving education, increasing energy conservation, improving the health status of economically disadvantaged individuals, and improving economic opportunity for economically disadvantaged individuals;

(15) recognize and increase the impact of social entrepreneurs and other nonprofit community organizations in addressing national and local challenges;

(16) increase public and private investment in nonprofit community organizations that are effectively addressing national and local challenges and encourage such organizations to replicate and expand successful initiatives;

(17) lever the Federal investments to increase State, local, business, and philanthropic resources to address national and local challenges;

(18) support institutions of higher education that engage students in community service activities and provide high-quality service-learning opportunities; and

(19) recognize the expertise veterans can offer to national service programs, expand the participation of the veterans in the national service programs, and assist the families of veterans and members of the Armed Forces on active duty.

GEORGE W. BUSH

EXPANDING NATIONAL SERVICE THROUGH PARTNERSHIPS

TO ADVANCE GOVERNMENT PRIORITIES

Memorandum of President of the United States, July 13, 2013, 78 F.R. 43747, provided:

Memorandum for the Heads of Executive Departments and Agencies

Service has always been integral to the American identity. Our country was built on the belief that all of us, working together, can make this country a better place for all. That spirit remains as strong and integral to our identity today as at our country’s founding.

Since its creation 20 years ago, the Corporation for National and Community Service (CNCS) has been the Federal agency charged with leading and expanding national service. The Edward M. Kennedy Serve America Act of 2009 (SAA) expanded CNCS’s authority to create opportunities for more Americans to serve. This landmark, bipartisan legislation focuses national service on six areas: emergency and disaster services; economic opportunity; education; environmental stewardship; health and healthy futures; and veterans and military families. The SAA provides greater opportunities for CNCS to partner with other executive departments and agencies (agencies) and with the private sector to utilize national service to address these critical areas.

National service and volunteering can be effective solutions to national challenges and can have positive and lasting impacts that reach beyond the immediate service experience. Americans engaged in national service make an intensive commitment to tackle unmet national and local needs by working through non-profit, faith-based, and community organizations. Service can help Americans gain valuable skills, pursue higher education, and jumpstart their careers, which can provide immediate and long-term benefits to those individuals, as well as the communities in which they serve.

Americans are ready and willing to serve. Applications from Americans seeking to engage in national service programs far exceed the number of available positions. By creating new partnerships between agencies and CNCS that expand national service opportunities in areas aligned with agency missions, we can utilize the American spirit of service to improve lives and communities, expand economic and educational opportunities, enhance agencies’ capacity to achieve their missions, efficiently use tax dollars, help individuals develop skills that will enable them to prepare for long-term careers, and build a pipeline to employment inside and outside the Federal Government.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to expand the positive impact of national service, I hereby direct the following:

Section 1. Establishing a Task Force on Expanding National Service. There is established a Task Force on Expanding National Service, to be co-chaired by the Chief Executive Officer of CNCS and the Director of the Domestic Policy Council, which shall include representatives from agencies and offices that administer programs and develop policies in areas that include the six focus areas set forth in the SAA. The Task Force shall include representatives from:

(a) the Department of Defense;

(b) the Department of Justice;

(c) the Department of the Interior;

(d) the Department of Agriculture;

(e) the Department of Commerce;

(f) the Department of Labor;

(g) the Department of Health and Human Services;

(h) the Department of Housing and Urban Development;

(i) the Department of Transportation;

(j) the Department of Energy;

(k) the Department of Education;

(l) the Department of Veterans Affairs;

(m) the Department of Homeland Security;

(n) the Peace Corps;

(o) the National Science Foundation;

(p) the Office of Personnel Management;

(q) the Environmental Protection Agency;

(r) the White House Office of Cabinet Affairs; and

(s) such other agencies and offices as the co-chairs may designate.

Sec. 2. Mission and Function of the Task Force. (a) The Task Force shall:

(i) identify existing, and, if appropriate, recommend new, policies or practices that support the expansion of national service and volunteer opportunities that align with the SAA and agency priorities;
(ii) make recommendations on the most effective way to coordinate national service and volunteering programs across the Federal Government;
(iii) identify and develop opportunities for interagency agreements between CNCS and other agencies to support the expansion of national service and volunteering;
(iv) identify and develop public-private partnerships to support the expansion of national service and volunteering;
(v) identify and develop strategies to use innovation and technology to facilitate the ability of the public to participate in national service and volunteering activities; and
(vi) develop a mechanism to evaluate the effectiveness and cost-effectiveness of national service and volunteering interventions in achieving agency priorities, and aggregate and disseminate the results of that evaluation.
(b) Within 18 months of the date of this memorandum, the Task Force shall provide the President with a report on the progress made with respect to the functions set forth in subsection (a) of this section.

Sect. 3. Facilitating National Service and Volunteering Partnerships. (a) Each agency on the Task Force shall:
(i) within 180 days of the date of this memorandum, consult with CNCS about how existing authorities and CNCS programs can be used to enter into interagency and public-private partnerships that allow for meaningful national service and volunteering opportunities, including participating in AmeriCorps, and help the agency achieve its mission;
(ii) work with CNCS to evaluate the effectiveness and cost-effectiveness of such partnerships; and
(iii) work with CNCS to identify ways in which the agency’s national service participants and volunteers can develop transferable skills, and also how national service can serve as a pipeline to employment inside and outside the Federal Government.
(b) Where practicable, agencies may consider entering into interagency agreements with CNCS to share program development and funding responsibilities, as authorized under 42 U.S.C. 12511(b)(1).

Sect. 4. Recruitment of National Service Participants in the Civilian Career Services. In order to provide national service participants a means to pursue additional opportunities to continue their public service through career civilian service, the Office of Personnel Management shall, within 120 days of the date of this memorandum, issue guidance to agencies on developing and improving Federal recruitment strategies for participants in national service.

Sect. 5. General Provisions. (a) Nothing in this memorandum shall be construed to impair or otherwise affect:
(i) the authority granted by law or Executive Order to an agency, or the head thereof, or
(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.
(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.
(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
(d) The Chief Executive Officer of CNCS is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

PART II—APPLICATION AND APPROVAL PROCESS

§ 12581. Provision of assistance and approved national service positions

(a) One percent allotment for certain territories

Of the funds allocated by the Corporation for provision of assistance under section 12571(a) of this title for a fiscal year, the Corporation shall reserve 1 percent for grants to the United States
Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands upon approval by the Corporation of an application submitted under section 12552 of this title. The Corporation shall allot for a grant to each such territory under this subsection for a fiscal year an amount that bears the same ratio to 1 percent of the allocated funds for that fiscal year as the population of the territory bears to the total population of all such territories.

(b) Allotment for Indian tribes

Of the funds allocated by the Corporation for provision of assistance under section 12571(a) of this title for a fiscal year, the Corporation shall reserve at least 1 percent for grants to Indian tribes to be allotted by the Corporation on a competitive basis.

(c) Reservation of approved positions

The Corporation shall ensure that each individual selected during a fiscal year for assignment as a VISTA volunteer under title I of the Domestic Volunteer Service Act of 1973 (42 U.S.C. 4951 et seq.) or as a participant in the National Civilian Community Corps Program under division E shall receive the national service educational award described in division D if the individual satisfies the eligibility requirements for the award. Funds for approved national service programs required by this paragraph for a fiscal year shall be deducted from the total funding for approved national service positions to be available for distribution under subsections (d) and (e) for that fiscal year.

(d) Allotment for competitive grants

(1) In general

Of the funds allocated by the Corporation for provision of assistance under section 12571(a) of this title for a fiscal year and subject to section 12558(d)(3) of this title, the Corporation shall reserve not more than 62.7 percent for grants awarded on a competitive basis to States specified in subsection (e)(1) for national service programs to nonprofit organizations seeking to operate a national service program in 2 or more of those States, and to Indian tribes.

(2) Equitable treatment

In the consideration of applications for such grants, the Corporation shall ensure the equitable treatment of applicants from urban areas, applicants from rural areas, applicants of diverse sizes (as measured by the number of participants served), applicants from States, and applicants from national nonprofit organizations.

(3) Encore service programs

In making grants under this subsection for a fiscal year, the Corporation shall make an effort to allocate not less than 10 percent of the financial assistance and approved national service positions provided through the grants for that fiscal year to eligible entities proposing to carry out encore service programs, unless the Corporation does not receive a sufficient number of applications of adequate quality to justify making that percentage available to those eligible entities.

(4) Corps programs

In making grants under this subsection for a fiscal year, the Corporation—

(A) shall select 2 or more of the national service corps described in section 12572(a) of this title to receive grants under this subsection; and

(B) may select national service programs described in section 12572(b) of this title to receive such grants.

(e) Allotment to certain States on formula basis

(1) Grants

Of the funds allocated by the Corporation for provision of assistance under section 12571(a) of this title for a fiscal year, the Corporation shall make a grant to each of the several States, the District of Columbia, and the Commonwealth of Puerto Rico that submits an application under section 12582 of this title that is approved by the Corporation.

(2) Allotments

The Corporation shall allot for a grant to each such State under this subsection for a fiscal year an amount that bears the same ratio to 35.3 percent of the allocated funds for that fiscal year as the population of the State bears to the total population of the several States, the District of Columbia, and the Commonwealth of Puerto Rico, in compliance with paragraph (3).

(3) Minimum amount

Notwithstanding paragraph (2), the minimum grant made available to each State approved by the Corporation under paragraph (1) for each fiscal year shall be at least $600,000, or 0.5 percent of the amount allocated for the State formula under this subsection for the fiscal year, whichever is greater.

(f) Effect of failure to apply

If a State or territory fails to apply for, or fails to give notice to the Corporation of its intent to apply for, an allotment under this section, or the Corporation does not approve the application consistent with section 12585 of this title, the Corporation may use the amount that would have been allotted under this section to the State or territory to—

(1) make grants (and provide approved national service positions in connection with such grants) to other community-based entities under section 12571 of this title that propose to carry out national service programs in such State or territory; and

(2) make reallocations to other States or territories with approved applications submitted under section 12582 of this title, from the allotment funds not used to make grants as described in paragraph (1).

(g) Application required

The Corporation shall make an allotment of assistance (including the provision of approved national service positions) to a recipient under this section only pursuant to an application submitted by a State or other applicant under section 12552 of this title.

(h) Approval of positions subject to available funds

The Corporation may not approve positions as approved national service positions under this
division for a fiscal year in excess of the number of such positions for which the Corporation has sufficient available funds in the National Service Trust for that fiscal year, taking into consideration funding needs for national service educational awards under division D based on completed service. If appropriations are insufficient to provide the maximum allowable national service educational awards under division D for all eligible participants, the Corporation is authorized to make necessary and reasonable adjustments to program rules.

(i) Sponsorship of approved national service positions

(1) Sponsorship authorized

The Corporation may enter into agreements with persons or entities who offer to sponsor national service positions for which the person or entity will be responsible for supplying the funds necessary to provide a national service educational award. The distribution of those approved national service positions shall be made pursuant to the agreement, and the creation of those positions shall not be taken into consideration in determining the number of approved national service positions to be available for distribution under this section.

(2) Deposit of contribution

Funds provided pursuant to an agreement under paragraph (1) shall be deposited in the National Service Trust established in section 12601 of this title until such time as the funds are needed.

(j) Reservation of funds for special assistance

(1) Reservation

From amounts appropriated for a fiscal year pursuant to the authorization of appropriations in section 12581(a)(2) of this title and allocated to carry out this division and subject to the limitation in such section, the Corporation may reserve such amount as the Corporation considers to be appropriate for the purpose of making assistance available under subsections (b) and (c) of section 12576 of this title.

(2) Limitation

The amount reserved under paragraph (1) for a fiscal year may not exceed $10,000,000.

(3) Timing

The Corporation shall reserve such amount, and any amount reserved under subsection (k) from funds appropriated and allocated to carry out this division, before allocating funds for the provision of assistance under any other provision of this division.

(k) Reservation of funds to increase the participation of individuals with disabilities

(1) Reservation

To make grants to public or private nonprofit organizations to increase the participation of individuals with disabilities in national service and for demonstration activities in furtherance of this purpose, and subject to the limitation in paragraph (2), the Chief Executive Officer shall reserve not less than 2 percent from the amounts, appropriated to carry out this division and divisions D, E, and H for each fiscal year.

(2) Limitation

The amount reserved under paragraph (1) for a fiscal year may not exceed $20,000,000.

(3) Remainder

The Chief Executive Officer may use the funds reserved under paragraph (1), and not distributed to make grants under this subsection for other activities described in section 12681(a)(2) of this title.

(l) Authority for fixed-amount grants

(1) In general

(A) Authority

From amounts appropriated for a fiscal year to provide financial assistance under the national service laws, the Corporation may provide assistance in the form of fixed-amount grants in an amount determined by the Corporation under paragraph (2) rather than on the basis of actual costs incurred by a program.

(B) Limitation

Other than fixed-amount grants to support programs described in section 12581a of this title, for the 1-year period beginning on the effective date of the Serve America Act, the Corporation may provide assistance in the form of fixed-amount grants to programs that only offer full-time positions.

(2) Determination of amount of fixed-amount grants

A fixed-amount grant authorized by this subsection shall be in an amount determined by the Corporation that is—

(A) significantly less than the reasonable and necessary costs of administering the program supported by the grant; and

(B) based on an amount per individual enrolled in the program receiving the grant, taking into account—

(i) the capacity of the entity carrying out the program to manage funds and achieve programmatic results;

(ii) the number of approved national service positions, approved silver scholar positions, or approved summer of service positions for the program, if applicable;

(iii) the proposed design of the program;

(iv) whether the program provides service to, or involves the participation of, disadvantaged youth or otherwise would reasonably incur a relatively higher level of costs; and

(v) such other factors as the Corporation may consider under section 12585 of this title in considering applications for assistance.

(3) Requirements for grant recipients

In awarding a fixed-amount grant under this subsection, the Corporation—

(A) shall require the grant recipient—

(i) to return a pro rata amount of the grant funds based upon the difference between the number of hours served by a participant and the minimum number of
hours for completion of a term of service (as established by the Corporation); (ii) to report on the program’s performance on standardized measures and performance levels established by the Corporation; (iii) to cooperate with any evaluation activities undertaken by the Corporation; and (iv) to provide assurances that additional funds will be raised in support of the program, in addition to those received under the national service laws; and (B) may adopt other terms and conditions that the Corporation considers necessary or appropriate based on the relative risks (as determined by the Corporation) associated with any application for a fixed-amount grant.

(4) Other requirements not applicable
Limitations on administrative costs and matching fund documentation requirements shall not apply to fixed-amount grants provided in accordance with this subsection.

(5) Rule of construction
Nothing in this subsection shall relieve a grant recipient of the responsibility to comply with the requirements of chapter 75 of title 31 or other requirements of Office of Management and Budget Circular A-133.

PROC. NO. 6662. TRANSFER OF FUNCTIONS OF ACTION AGENCY TO CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proc. No. 6662, Apr. 4, 1994, 59 F.R. 16597, provided:

On September 21, 1993, I had the honor of signing into law the National and Community Service Trust Act of 1993 [Pub. L. 103–82, see Tables for classification], which created the Corporation for National and Community Service. The Corporation was designed to involve Americans of all ages and backgrounds in community projects to address many of our Nation’s most important needs—from educating our children to ensuring public safety to protecting our environment. It was chartered to foster civic responsibility, strengthening the ties that bind us together as a people, while providing educational opportunity for those who make the commitment to serve.

In the few short months since the Corporation’s establishment, enormous progress has been made toward the achievement of these invaluable goals. Final regu-
lations have been published governing the Corporation’s new grant programs, grant application packages have been developed, and a national recruitment effort has begun. As a result of intensive outreach efforts, most states have already established State Commissions on National and Community Service, and many local programs, national nonprofit organizations, institutions of higher education, and Federal agencies are eager to participate. Grant competitions have begun for a summer program that will focus on our Nation’s public safety concerns, and all community service grant competitions will be completed by this summer. Finally, the Corporation has established the National Civilian Community Corps, which will take advantage of closed and down-sized military bases to launch environmental clean-up and preservation efforts.

The ACTION Agency, provided for by the Domestic Volunteer Service Act of 1973 [42 U.S.C. 4950 et seq.], has worked closely with the Corporation, sharing its many years of experience in engaging Americans in service to their communities. Because the Corporation’s initiatives and those programs operated by the ACTION Agency involve similar goals, the National and Community Service Trust Act calls for the merger of ACTION with the Corporation no later than March 22, 1995. To build upon the tremendous accomplishments already achieved by the Corporation, and to facilitate the further development of community service programs across the country, I am pleased to order that the functions of the Director of the ACTION Agency be transferred to the Corporation for National and Community Service.

NOW, THEREFORE, I, WILLIAM J. CLINTON, President of the United States of America, acting under the Constitution and the laws of the United States of America, including but not limited to sections 203(c)(2) and (d)(1)(B) of the National and Community Service Trust Act of 1993 [set out above], proclaim that all functions of the Director of the ACTION Agency are hereby transferred to the Corporation for National and Community Service, effective April 4, 1994.

IN WITNESS WHEREOF, I have hereunto set my hand this fourth day of April, in the year of our Lord nineteen hundred and ninety-four, and of the Independence of the United States of America the two hundred and eighteenth.

WILLIAM J. CLINTON.

Urban Youth Corps

(a) Findings

The Congress finds the following:

(1) The rehabilitation, reclamation, and beautification of urban public housing, recreational sites, youth and senior centers, and public roads and public works facilities through the efforts of young people in the United States in an Urban Youth Corps can benefit these youths, while also benefiting their communities, by—

(A) providing them with education and work opportunities;

(B) furthering their understanding and appreciation of the challenges faced by individuals residing in urban communities; and

(C) providing them with a means to pay for higher education or to repay indebtedness they have incurred to obtain higher education.

(2) A significant number of housing units for low-income individuals in urban areas has become substandard and unsafe and the deterioration of urban roadways, mass transit systems, and transportation facilities in the United States have contributed to the blight encountered in many cities in the United States.

(3) As a result, urban housing, public works, and transportation resources are in need of labor intensive rehabilitation, reclamation, and beautification work that has been neglected in the past and cannot be adequately carried out by Federal, State, and local government at existing personnel levels.

(4) Urban youth corps have established a good record of rehabilitating, reclaiming, and beautifying these kinds of resources in a cost-efficient manner, especially when they have worked in partnership with government housing, public works, and transportation authorities and agencies.

(b) Purpose

It is the purpose of this section—

(1) to perform, in a cost-effective manner, appropriate service projects to rehabilitate, reclaim, beautify, and improve public housing and public works and transportation facilities and resources in urban areas suffering from high rates of poverty where work will not be performed by existing employees;

(2) to assist government housing, public works, and transportation authorities and agencies;

(3) to expose young people in the United States to public service while furthering their understanding and appreciation of their community;

(4) to expand educational opportunity for individuals who participate in the Urban Youth Corps established by this section by providing them with an increased ability to pursue post-secondary education or job training; and

(5) to stimulate interest among young people in the United States in lifelong service to their communities and the United States.

The Secretary shall review the housing strategy upon receipt. Not later than 60 days after receipt by the Secretary, the housing strategy shall be approved unless the Secretary determines before that date that (A) the housing strategy is inconsistent with the purposes of this Act, or (B) the information described in subsection (b) has not been provided in a substantially complete manner. For the purpose of the preceding sentence, the adoption or continuation of a public policy identified pursuant to subsection (b)(4) shall not be a basis for the Secretary’s disapproval of a housing strategy. During the 18-month period following November 28, 1990, the Secretary may extend the review period to not longer than 90 days.

(2) Actions in case of disapproval

If the Secretary disapproves the housing strategy, the Secretary shall immediately inform the jurisdiction of such disapproval. Not later than 15 days after the Secretary’s disapproval, the Secretary shall inform the jurisdiction in writing of (A) the reasons for disapproval, and (B) actions that the jurisdiction could take to meet the criteria for approval. If the Secretary fails to inform the jurisdiction of the reasons for disapproval within such 15-day period, the housing strategy shall be deemed to have been approved.

(3) Amendments and resubmission

The Secretary shall, for a period of not less than 45 days following the date of first dis-
approval, permit amendments to, or the resubmission of, any housing strategy that is disapproved. The Secretary shall approve or disapprove a housing strategy not less than 30 days after receipt of such amendments or resubmission.

(d) Coordination of State and local housing strategies

The Secretary may establish such requirements as the Secretary deems appropriate to encourage coordination between and among the housing strategies of a State and any participating jurisdictions within the State, except that a unit of general local government shall not be required to have elements of its housing strategy approved by the State.

(e) Consultation with social service agencies

(1) In general

When preparing a housing strategy for submission under this section, a jurisdiction shall make reasonable efforts to confer with appropriate social service agencies regarding the housing needs of children, elderly persons, persons with disabilities, homeless persons, and other persons served by such agencies.

(2) Lead-based paint hazards

When preparing that portion of a housing strategy required by subsection (b)(16), a jurisdiction shall consult with State or local health and child welfare agencies and examine existing data related to lead-based paint hazards and poisonings, including health department data on the addresses of housing units in which children have been identified as lead poisoned.

(f) Barrier removal

Not later than 4 months after completion of the final report of the Secretary’s Advisory Commission on Regulatory Barriers to Affordable Housing, the Secretary shall submit to the Congress a written report outlining the Secretary’s recommendations for legislative and administrative actions to facilitate the removal or modification of excessive, duplicative, or unnecessary regulations or other requirements of Federal, State, or local governments that (1) inflate necessary regulations or other requirements of Federal, State, or local governments that (1) inflate the costs of or otherwise inhibit the construction, rehabilitation, or management of housing, particularly housing that otherwise could be affordable to low-income and moderate-income families, or (2) contribute to economic or racial discrimination.

(g) Treatment of troubled public housing agencies

(1) Effect of troubled status on CHAS

The comprehensive housing affordability strategy (or any consolidated plan incorporating such strategy) for the State or unit of general local government in which any troubled public housing agency is located shall not be considered to comply with the requirements under this section unless such plan includes a description of the manner in which the State or unit will provide financial or other assistance to such troubled agency in improving its operations to remove such designation.

(2) Definition

For purposes of this subsection, the term “troubled public housing agency” means a public housing agency that, upon the effective date of the Quality Housing and Work Responsibility Act of 1998, is designated under section 6(j)(2) of the United States Housing Act of 1937 (42 U.S.C. 1437d(j)(2)) as a troubled public housing agency.

EX. ORD. No. 13878, ESTABLISHING A WHITE HOUSE COUNCIL ON ELIMINATING REGULATORY BARRIERS TO AFFORDABLE HOUSING

Ex. Ord. No. 13878, June 25, 2019, 84 F.R. 30833, provided:

1. Purpose. For many Americans, access to affordable housing is becoming far too difficult. Rising housing costs are forcing families to dedicate larger shares of their monthly incomes to housing. In 2017, approximately 37 million renter and owner households spent more than 30 percent of their incomes on housing, with more than 18 million spending more than half of their incomes on housing. Between 2001 and 2017, the number of renter households allocating more than half of their incomes toward rent increased by nearly 45 percent. These rising costs are leaving families with fewer resources for necessities such as food, healthcare, clothing, education, and transportation, negatively affecting their quality of life and hindering their access to economic opportunity.

Driving the rise in housing costs is a lack of housing supply to meet demand. Federal, State, local, and tribal governments impose a multitude of regulatory barriers—laws, regulations, and administrative practices—that hinder the development of housing. These regulatory barriers include: overly restrictive zoning and growth management controls; rent controls; cumbersome building and rehabiliation codes; excessive energy and water efficiency mandates; unreasonable maximum-density allowances; historic preservation requirements; overly burdensome wetland or environmental regulations; outdated manufactured-housing regulations and restrictions; undue parking requirements; cumbersome and time-consuming permitting and review procedures; tax policies that discourage investment or reinvestment; overly complex labor requirements; and inordinate impact or developer fees. These regulatory barriers increase the costs associated with development, and, as a result, drive down the supply of affordable housing. They are the leading factor in the growth of housing prices across metropolitan areas in the United States. Many of the markets with the most severe shortages in affordable housing contend with the most restrictive State and local regulatory barriers to development.

These regulatory barriers impede our Nation’s economic growth. Hardworking American families struggle to live in markets where there is an insufficient supply of housing—even in markets generating a significant number of jobs. One recent study suggests that current regulatory restrictions on housing supply have forced workers to live far away from high-productivity areas with the best available jobs, creating a geographic mislocation of labor between cities that may have increased the annual economic growth rate in the United States by 36 percent between 1964 and 2009.

Low- and middle-income Americans are often hit the hardest by regulatory barriers to housing development. High housing costs place strains on household budgets, limit educational opportunities, impair workforce mobility, slow job creation, and increase financial risks. Furthermore, studies have consistently identified high housing prices as a primary determinant of homelessness, and research has directly linked more stringent housing market regulation to higher homelessness rates.

To help these populations, in 2018, the Federal Government invested more than $46 billion in rental assistance programs for low-income families—much of which grows at approximately 3 percent per annum while assisting a fixed number of households. The Federal Government provides additional housing support through the tax code, with over $91 billion in tax expenditures in Low-Income Housing Tax Credits (LIHTC) to develop housing for low-income housing. Generally, these Federal tax dollars are focused disproportionately on areas with high-cost and highly regulated housing markets.

But to improve housing affordability in a truly sustainable manner, we need innovative solutions—not simply increases in spending and subsidies for Federal housing. These solutions must address the regulatory barriers that are inhibiting the development of housing. If we fail to act, Federal subsidies will only continue to mask the true cost of these onerous regulatory barriers, and, as a result, many Americans will not be able to access the opportunities they deserve.

2. Policy. It shall be the policy of my Administration to work with Federal, State, local, tribal, and private sector leaders to address, reduce, and remove the multitude of overly burdensome regulatory barriers that artificially raise the cost of housing development and help to cause the lack of housing supply. Increasing the supply of housing by removing overly burdensome regulatory barriers will reduce housing costs, boost economic growth, and provide more Americans with opportunities for economic mobility. In addition, it will strengthen American communities and the quality of services offered in them by allowing hardworking Americans to live in or near the communities they serve.

3. White House Council on Eliminating Regulatory Barriers to Affordable Housing. There is hereby established a White House Council on Eliminating Regulatory Barriers to Affordable Housing (Council). The Council shall be chaired by the Secretary of Housing and Urban Development, or his designee. The Assistant to the President for Domestic Policy and the Assistant to the President for Economic Policy, or their designees, shall be Vice Chairs.

(a) Membership. In addition to the Chair and Vice Chairs, the Council shall consist of the following officials, or their designees:

(i) the Secretary of the Treasury;
(ii) the Secretary of the Interior;
(iii) the Secretary of Agriculture;
(iv) the Secretary of Labor;
(v) the Secretary of Transportation;
(vi) the Secretary of Energy;
(vii) the Administrator of the Environmental Protection Agency;
(viii) the Director of the Office of Management and Budget;
(ix) the Chairman of the Council of Economic Advisers;
(x) the Deputy Assistant to the President and Director of Intergovernmental Affairs; and
(xi) the heads of such other executive departments and agencies (agencies) and offices as the President, Chair, or Vice Chairs may, from time to time, designate or invite, as appropriate.

(b) Administration. The Vice Chairs shall convene regular meetings of the Council, determine its agenda, and direct its work with the oversight of and in consultation with the Chair. The Department of Housing and Urban Development shall provide funding and administrative support for the Council.

4. Mission and Functions of the Council. The Council shall work across agencies and offices, with consideration of existing initiatives, to:

(a) solicit feedback from State, local, and tribal government officials, as well as relevant private-sector stakeholders, including developers, homebuilders, creditors, real estate professionals, manufacturers, academic researchers, renters, advocates, and homeowners, to:

(i) identify Federal, State, local, and tribal laws, regulations, and administrative practices that artificially raise the costs of housing development and contribute to shortages in housing supply, and
(ii) identify practices and strategies that most successfully reduce or remove burdensome Federal, State, local, and tribal laws, regulations, and administrative practices that artificially raise the costs of housing development, while highlighting actors that successfully implement such practices and strategies;

(b) evaluate and quantify the effect that various Federal, State, local, and tribal regulatory barriers
on affordable housing development, and the economy in general, and identify ways to improve the data available to the public and private researchers who evaluate such effects, without violating privacy laws or creating unnecessary burdens;

(c) identify and assess the actions each agency can take under existing authorities to minimize Federal regulatory barriers that unnecessarily raise the costs of housing development;

(d) assess the actions each agency can take under existing authorities to align, support, and encourage State, local, and tribal efforts to reduce regulatory barriers that unnecessarily raise the costs of housing development; and

(e) recommend Federal, State, local, and tribal actions and policies that would:

(i) reduce and streamline statutory, regulatory, and administrative burdens at all levels of government that inhibit the development of affordable housing, and

(ii) encourage State, local, and tribal governments to reduce regulatory barriers to the development of affordable housing.

Sec. 5. Reports. The Vice Chairs, on behalf of the Council, and with the oversight of and in consultation with the Chair, shall:

(a) within 12 months of the date of this order [June 25, 2019], submit to the President a report on the Council’s implementation of section 4 of this order; and

(b) submit to the President any subsequent report that the President may request or that the Council may deem appropriate.

Sec. 6. Agency Participation and Response. The heads of agencies and offices shall provide such assistance and information to the Council, consistent with applicable law, as may be necessary to carry out the functions of this order.

Sec. 7. Termination. The Council shall terminate on January 21, 2021, unless extended by the President.

Sec. 8. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

In developing such standards, the Secretaries shall consult with an advisory task force composed of homebuilders, national, State, and local housing agencies (including public housing agencies), energy agencies, building code organizations and agencies, energy efficiency organizations, utility organizations, low-income housing organizations, and other parties designated by the Secretaries.

(b) International Energy Conservation Code

If the Secretaries have not, by September 30, 2006, established energy efficiency standards under subsection (a), all new construction and rehabilitation of housing specified in such subsection shall meet the requirements of the 2006 IECC, or, in the case of multifamily high rises, the requirements of ASHRAE Standard 90.1–2004.

(c) Revisions of the International Energy Conservation Code

If the requirements of the 2006 IECC, or, in the case of multifamily high rises, ASHRAE Standard 90.1–2004, are revised at any time, the Secretaries shall, not later than 1 year after such revision, amend the standards established under subsection (a) to meet or exceed the requirements of such revised code or standard unless the Secretaries determine that compliance with such revised code or standard would not result in a significant increase in energy efficiency or would not be technologically feasible or economically justified.

(d) Failure to amend the standards

If the Secretary of Housing and Urban Development and the Secretary of Agriculture have not, within 1 year after the requirements of the 2006 IECC or the ASHRAE Standard 90.1–2004 are revised, amended the standards or made a determination under subsection (c), all new construction and rehabilitation of housing specified in subsection (a) shall meet the requirements of the revised code or standard if—

(1) the Secretary of Housing and Urban Development or the Secretary of Agriculture make a determination that the revised codes do not negatively affect the availability or affordability of new construction of assisted housing and single family and multifamily residential housing (other than manufactured homes) subject to mortgages insured under the National Housing Act (12 U.S.C. 1701 et seq.) or insured, guaranteed, or made by the Secretary of Agriculture under title V of the Housing Act of 1949 (42 U.S.C. 1471 et seq.), respectively; and

(2) the Secretary of Energy has made a determination under section 6933 of this title that the revised code or standard would improve energy efficiency.

SUBCHAPTER II—INVESTMENT IN AFFORDABLE HOUSING

§ 12721. Findings

The Congress finds that—

(1) the Nation has not made adequate progress toward the goal of national housing policy, as set out in the Housing Act of 1949 [42 U.S.C. 1441 et seq.] and reaffirmed in the Housing and Urban Development Act of 1968, which would provide decent, safe, sanitary, and affordable living environments for all Americans;

(2) the supply of affordable rental housing is diminishing;

(3) the Tax Reform Act of 1986 removed major tax incentives for the production of affordable rental housing;

(4) the living environments of an increasing number of Americans have deteriorated over the past several years as a result of reductions in Federal assistance to low-income and moderate-income families;

(5) many Americans face the possibility of homelessness unless Federal, State, and local governments work together with the private sector to develop and rehabilitate the housing stock of the Nation to provide decent, safe, sanitary, and affordable housing for very low-income and low-income families;

(6) reliable Federal leadership is needed to achieve an adequate supply of affordable housing for all Americans;

(7) to achieve the goal of national housing policy, there is a need to strengthen nationwide a cost-effective community-based housing partnership designed to—

(A) expand the supply of rental housing that is affordable to very low-income and low-income families,

(B) improve homeownership opportunities for low-income families,

(C) carry out comprehensive housing strategies tailored to local housing market conditions, and

(D) protect the Federal, State, and local investment in low-income housing to ensure affordability of the housing for the remaining useful life of the property;

(8) direct assistance to expand the supply of affordable rental housing should be provided in a way that is more cost-effective and targeted than tax incentives;

(9) much of the Nation’s housing system works very well and provides a strong base on which national housing policy should build;

(10) an increasing number of States and local governments have been successful in producing cost-effective low-income and moderate-income housing by working in partnership with the private sector, including nonprofit community development corporations, community action agencies, neighborhood housing services corporations, trade unions, groups sponsored by religious organizations, limited equity cooperatives, and other tenant organizations;

(11) during the 1980’s, nonprofit community housing development organizations, despite severe obstacles caused by inadequate funding, have played an increasingly important role in the production and rehabilitation of affordable housing in communities across the Nation;

(12) additional financial resources and technical skills must be made available in local communities if the Nation is to mobilize the capacity of the private sector, including nonprofit community housing development organizations, to provide a more adequate supply of decent, safe, and sanitary housing that is affordable to very low-income, low-income, and moderate-income families and meets the need for large family units and other additional units that are available to very low-income families receiving rental assistance payments from Federal, State, and local governments; and

(13) the long-term success of efforts to provide more affordable housing depends upon tenants and homeowners being fiscally responsible and able managers.

PART A—HOME INVESTMENT PARTNERSHIPS

§ 12741. Authority

The Secretary is authorized to make funds available to participating jurisdictions for investment to increase the number of families served with decent, safe, sanitary, and affordable housing and expand the long-term supply of affordable housing in accordance with provisions of this part.

§ 12742. Eligible uses of investment

(a) Housing uses

(1) In general

Funds made available under this part may be used by participating jurisdictions to provide incentives to develop and support affordable rental housing and homeownership affordability through the acquisition, new construction, reconstruction, or moderate or substantial rehabilitation of affordable housing, including real property acquisition, site improvement, conversion, demolition, and other expenses, including financing costs, relocation expenses of any displaced persons, families, businesses, or organizations, to provide for the payment of operating expenses of community housing development organizations, and to provide tenant-based rental assistance. For the purpose of this part, the term “affordable housing” includes permanent housing for disabled homeless persons, transitional housing, and single room occupancy housing.

(2) Preference to rehabilitation

A participating jurisdiction shall give preference to rehabilitation of substandard housing unless the jurisdiction determines that—

(A) such rehabilitation is not the most cost effective way to meet the jurisdiction’s need to expand the supply of affordable housing; and

(B) the jurisdiction’s housing needs cannot be met through rehabilitation of the available stock.

The Secretary shall not restrict a participating jurisdiction’s choice of rehabilitation, substantial rehabilitation, new construction, reconstruction, acquisition, or other eligible housing use unless such restriction is explicitly authorized under section 12753(2) of this title.

(3) Tenant-based rental assistance

(A) In general

A participating jurisdiction may use funds provided under this part for tenant-based rental assistance only if—

(i) the jurisdiction certifies that the use of funds under this part for tenant-based rental assistance is an essential element of the jurisdiction’s annual housing strategy for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing, and specifies the local market conditions that lead to the choice of this option; and

(ii) the tenant-based rental assistance is provided in accordance with written tenant selection policies and criteria that are consistent with the purposes of providing housing to very low- and low-income families and are reasonably related to preference rules established under section 1437d(c)(4)(A)¹ of this title.

(B) Fair share not affected

A jurisdiction’s section 8 [42 U.S.C. 1437f] fair share allocation shall be unaffected by the use of assistance under this subchapter.

(C) 24-month contracts

Rental assistance contracts made available with assistance under this subchapter shall be for not more than 24 months, except that assistance to a family may be renewed.

(D) Use of section 1437f assistance

In any case where assistance under section 1437f of this title becomes available to a participating jurisdiction, recipients of rental assistance under this subchapter shall qualify for tenant selection preferences to the same extent as when they received the rental assistance under this subchapter. A rental assistance program under this subchapter shall meet minimum criteria prescribed by the Secretary, such as housing quality standards and standards regarding the reasonableness of the rent.

(E) Security deposit assistance

A participating jurisdiction using funds provided under this part for tenant-based rental assistance may use such funds to provide loans or grants to very low- and low-income families for security deposits for rental of dwelling units. Assistance under this subchapter does not preclude assistance under any other provision of this paragraph.

(4) Redesignated (3)

(5) Lead-based paint hazards

A participating jurisdiction may use funds provided under this part for the evaluation and reduction of lead-based paint hazards, as defined in section 4851b of this title.

(b) Investments

Participating jurisdictions shall have discretion to invest funds made available under this part as equity investments, interest-bearing loans or advances, noninterest-bearing loans or advances, interest subsidies or other forms of assistance that the Secretary has determined to be consistent with the purposes of this subchapter. Each participating jurisdiction shall have the right to establish the terms of assistance.

(c) Administrative costs

In each fiscal year, each participating jurisdiction may use not more than 10 percent of the funds made available under this part to the jurisdiction for any administrative and planning costs of the jurisdiction in carrying out this part, including the costs of the salaries of persons engaged in administering and managing activities assisted with funds made available under this part.

(d) Prohibited uses

(e) Cost limits

(1) In general

The Secretary shall establish limits on the amount of funds under this part that may be invested on a per unit basis. For multifamily housing, such limits shall not be less than the per unit dollar amount limitations set forth in section 1715(d)(3)(ii) of title 12, as such limitations may be adjusted in accordance therewith, except that for purposes of this subsection the Secretary shall, by regulation, increase the per unit dollar amount limitations in any geographical area by an amount, not to exceed 140 percent, that equals the amount by which the costs of multifamily housing construction in the area exceed the national average of such costs. The limits shall be established on a market-by-market basis, with adjustments made for number of bedrooms, and shall reflect the actual cost of new construction, reconstruction, or rehabilitation of housing that meets applicable State and local housing and building codes and the cost of land, including necessary site improvements. Adjustments shall be made annually to reflect inflation. Separate limits may be set for different eligible activities.

(2) Criteria

In calculating per unit limits, the Secretary shall take into account that assistance under this subchapter is intended to—

(A) provide nonluxury housing with suitable amenities;

(B) operate effectively in all jurisdictions;

(C) facilitate mixed-income housing; and

(D) reflect the costs associated with meeting the special needs of tenants or homeowners that the housing is designed to serve.

(3) Consultation

In calculating cost limits, the Secretary shall consult with organizations that have expertise in the development of affordable housing, including national nonprofit organizations and national organizations representing private development firms and State and local governments.

(f) Certification of compliance

The requirements of section 3545(d) of this title shall be satisfied by a certification by a participating jurisdiction to the Secretary that the combination of Federal assistance provided to any housing project shall not be any more than is necessary to provide affordable housing.

(g) Limitation on operating assistance

A participating jurisdiction may not use more than 5 percent of its allocation under this part for the payment of operating expenses for community housing development organizations.

The Secretary shall—

(1) in cooperation with participating jurisdictions, government-sponsored mortgage finance corporations, nonprofit organizations, the private sector, and other appropriate parties, develop, test, evaluate, refine, and, as necessary, replace a selection of model programs designed to carry out the purposes of this subchapter;

(2) make available to participating jurisdictions alternative model programs, which shall include suggested guidelines, procedures, forms, legal documents and such other elements as the Secretary determines to be appropriate;

(3) assure, insofar as is feasible, the availability of an appropriate variety of model programs designed for local market conditions, housing problems, project characteristics, and managerial capacities as they differ among participating jurisdictions;

(4) negotiate and enter into agreements with agencies of the Federal Government, participating jurisdictions, private financial institutions, government-sponsored mortgage finance corporations, nonprofit organizations, and other entities to provide such services, products, or financing as may be required for the implementation of a model program;

(5) provide detailed information on model programs as requested by participating jurisdictions, private financial institutions, developers, nonprofit organizations, and other interested parties; and

(6) encourage the use of such model programs to achieve efficiency, economies of scale, and effectiveness in the investment of funds made available under this part through third-party training, printed materials, and such other means of support as the Secretary determines will achieve the purpose of this subchapter.

(b) Adoption of programs

Except as provided in section 12753(2) of this title, each participating jurisdiction shall have the discretion to adopt one or more model programs, adapt one or more model programs to its own requirements, design additional forms of assistance by itself or in cooperation with other participating jurisdictions, and suggest additional model programs for adoption by the Secretary as the participating jurisdiction may deem appropriate, and the Secretary may assist a participating jurisdiction in adopting, adapting, or designing one or more model programs.

(c) Part D programs

The selection of model programs to be made available for adoption or adaptation shall include programs meeting the criteria set forth in part D.

§ 12744. Income targeting

Each participating jurisdiction shall invest funds made available under this part within each fiscal year so that—

(1) with respect to rental assistance and rental units—

(A) not less than 90 percent of (i) the families receiving such rental assistance are families whose incomes do not exceed 60 percent of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, (except that the Secretary may establish income ceilings higher or lower than 60 percent of the median for the area on the basis of the Secretary’s findings that such variations are necessary because of prevailing levels of construction cost or fair market rent, or unusually high or low family income) at the time of occupancy or at the time funds are invested, whichever is later, or (ii) the dwelling units assisted with such funds are occupied by families having such incomes; and

(B) the remainder of (i) the families receiving such rental assistance are households that qualify as low-income families (other than families described in subparagraph (A)) at the time of occupancy or at the time funds are invested, whichever is later, or (ii) the dwelling units assisted with such funds are occupied by families having such incomes; and

(2) with respect to homeownership assistance, 100 percent of such funds are invested with respect to dwelling units that are occupied by households that qualify as low-income families; and

(3) all such funds are invested with respect to housing that qualifies as affordable housing under section 12745 of this title.
§ 12745. Qualification as affordable housing

(a) Rental housing

(1) Qualification

Housing that is for rental shall qualify as affordable housing under this subchapter only if the housing—

(A) bears rents not greater than the lesser of (i) the existing fair market rent for comparable units in the area as established by the Secretary under section 1437f of this title, or (ii) a rent that does not exceed 30 percent of the adjusted income of a family whose income equals 65 percent of the median income for the area, as determined by the Secretary, with adjustment for number of bedrooms in the unit, except that the Secretary may establish income ceilings higher or lower than 65 percent of the median for the area on the basis of the Secretary's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes;

(B) has not less than 20 percent of the units (i) occupied by very low-income families who pay as a contribution toward rent (excluding any Federal or State rental subsidy provided on behalf of the family) not more than 30 percent of the family's monthly adjusted income as determined by the Secretary, or (ii) occupied by very low-income families and bearing rents not greater than the gross rent for rent-restricted residential units as determined under section 42(g)(2) of title 26;

(C) is occupied only by households that qualify as low-income families;

(D) is not refused for adjustment to a holder of a voucher or certificate of eligibility under section 1437f of this title because of the status of the prospective tenant as a holder of such voucher or certificate of eligibility;

(E) will remain affordable, according to binding commitments satisfactory to the Secretary, for the remaining useful life of the property, as determined by the Secretary, without regard to the term of the mortgage or to transfer of ownership, or for such other period that the Secretary determines is the longest feasible period of time consistent with sound economics and the purposes of this Act, except upon a foreclosure by a lender (or upon other transfer in lieu of foreclosure) if such action (1) recognizes any contractual or legal rights of public agencies, nonprofit sponsors, or others to take actions that would avoid termination of low-income affordability in the case of foreclosure or transfer in lieu of foreclosure, and (ii) is not for the purpose of avoiding low income affordability restrictions, as determined by the Secretary; and

(F) if newly constructed, meets the energy efficiency standards promulgated by the Secretary in accordance with section 12709 of this title.

(2) Adjustment of qualifying rent

The Secretary may adjust the qualifying rent established for a project under subparagraph (A) of paragraph (1), only if the Secretary finds that such adjustment is necessary to support the continued financial viability of the project and only by such amount as the Secretary determines is necessary to maintain continued financial viability of the project.

(3) Increases in tenant income

Housing shall qualify as affordable housing despite a temporary noncompliance with subparagraph (B) or (C) of paragraph (1) if such noncompliance is caused by increases in the incomes of existing tenants and if actions satisfactory to the Secretary are being taken to ensure that all vacancies are filled in accordance with paragraph (1) until such noncompliance is corrected. Tenants who no longer qualify as low-income families shall pay as rent the lesser of the amount payable by the tenant under State or local law or 30 percent of the family's adjusted monthly income, as recertified annually. The preceding sentence shall not apply with respect to funds made available under this Act for units that have been allocated to a low-income housing tax credit by a housing credit agency pursuant to section 42 of title 26.

(4) Mixed-income project

Housing that accounts for less than 100 percent of the dwelling units in a project shall qualify as affordable housing if such housing meets the criteria of this section.

(5) Mixed-use project

Housing in a project that is designed in part for uses other than residential use shall qualify as affordable housing if such housing meets the criteria of this section.

(6) Waiver of qualifying rent

(A) In general

For the purpose of providing affordable housing appropriate for families described in
subsection (B), the Secretary may, upon the application of the project owner, waive the applicability of subparagraph (A) of paragraph (1) with respect to a dwelling unit if—

(i) the unit is occupied by such a family, on whose behalf tenant-based assistance is provided under section 1437f of this title;
(ii) the rent for the unit is not greater than the existing fair market rent for comparable units in the area, as established by the Secretary under section 1437f of this title; and
(iii) the Secretary determines that the waiver, together with waivers under this paragraph for other dwelling units in the project, will result in the use of amounts described in clause (iii) in an effective manner that will improve the provision of affordable housing for such families.

(B) Eligible families

A family described in this subparagraph is a family that consists of at least one elderly person (who is the head of household) and one or more of such person’s grand children, great grandchildren, great nieces, great nephews, or great great grandchildren (as defined by the Secretary), but does not include any parent of such grandchildren, great grandchildren, great nieces, great nephews, or great great grandchildren. Such term includes any such grandchildren, great grandchildren, great nieces, great nephews, or great great grandchildren who have been legally adopted by such elderly person.

(b) Homeownership

Housing that is for homeownership shall qualify as affordable housing under this subchapter only if the housing—

(1) has an initial purchase price that does not exceed 95 percent of the median purchase price for the area, as determined by the Secretary in accordance with section 12709 of this title;
(2) is the principal residence of an owner whose family qualifies as a low-income family—
(A) in the case of a contract to purchase existing housing, at the time of purchase;
(B) in the case of a lease-purchase agreement for existing housing or for housing to be constructed, at the time the agreement is signed; or
(C) in the case of a contract to purchase housing to be constructed, at the time the contract is signed;
(3) is subject to resale restrictions that are established by the participating jurisdiction and determined by the Secretary to be appropriate to—
(A) allow for subsequent purchase of the property only by persons who meet the qualifications specified under paragraph (2), at a price which will—
(i) provide the owner with a fair return on investment, including any improvements, and
(ii) ensure that the housing will remain affordable to a reasonable range of low-income homebuyers; or
(B) recapture the investment provided under this subchapter in order to assist other persons in accordance with the requirements of this subchapter, except where there are no net proceeds or where the net proceeds are insufficient to repay the full amount of the assistance; and
(4) if newly constructed, meets the energy efficiency standards promulgated by the Secretary in accordance with section 12709 of this title.

L, title II, Dec. 18, 2015, 129 Stat. 2878, provided in part: “That with respect to funds made available under this heading (HOME INVESTMENT PARTNERSHIPS PROGRAM, see 129 Stat. 2878) pursuant to such Act [probably means title II of Pub. § 12746. Participation by States and local governments

The Secretary shall designate a State or unit of general local government to be a participating jurisdiction when it complies with procedures that the Secretary shall establish by regulation, which procedures shall only provide for the following:

(1) Allocation
Not later than 20 days after funds to carry out this part become available (or, during the first year after November 28, 1990, not later than 20 days after (A) funds to carry out this part are provided in an appropriations Act, or (B) regulations to implement this part are promulgated, whichever is later), the Secretary shall allocate funds in accordance with section 12747 of this title and promptly notify each jurisdiction receiving a formula allocation of its allocation amount. If a jurisdiction is not already a participating jurisdiction, the Secretary shall inform the jurisdiction in writing how the jurisdiction may become a participating jurisdiction.

(2) Consortia
A consortium of geographically contiguous units of general local government shall be deemed to be a unit of general local government for purposes of this subchapter if the Secretary determines that the consortium—
(A) has sufficient authority and administrative capability to carry out the purposes of this subchapter on behalf of its member jurisdictions, and
(B) will, according to a written certification by the State (or States, if the consortium includes jurisdictions in more than one State), direct its activities to alleviation of housing problems within the State or States.

(3) Eligibility
(A) Except as provided in paragraph (10), a jurisdiction receiving a formula allocation under section 12747(a)(1) of this title shall be eligible to become a participating jurisdiction if its formula allocation is $750,000 or greater, or if the Secretary finds that—
(i) the jurisdiction has a local housing authority and has demonstrated a capacity to carry out provisions of this part, and
(ii) the State has authorized the Secretary to transfer to the jurisdiction a portion of the State's allocation that is equal to or greater than the difference between the jurisdiction's formula allocation and $750,000, or the State or jurisdiction has made available from the State's or jurisdiction's own sources an equal amount for use by the jurisdiction in conformance with the provisions of this part.
(B) If a jurisdiction has met the requirements of subparagraph (A), the jurisdiction's formula allocation for a fiscal year shall subsequently be deemed to equal the sum of the jurisdiction's allocation under section 12747(a)(1) of this title and the amount made available to the jurisdiction under subparagraph (A)(ii).

(4) Notification
If an eligible jurisdiction notifies the Secretary in writing, not later than 30 days after receiving notification under paragraph (1), of its intention to become a participating jurisdiction, the Secretary shall reserve an amount equal to the jurisdiction's allocation (plus any reallocations for which the jurisdiction is eligible under section 12747(d)(1) of this title) pending the jurisdiction's designation as a participating jurisdiction. The Secretary shall reallocate, in accordance with this section, any funds reserved under the previous sentence if the Secretary determines that the jurisdiction will not meet the requirements for designation as a participating jurisdiction within a reasonable period of time.

(5) Submission of strategy
Not later than 90 days after providing notification under paragraph (4), an eligible jurisdiction shall submit to the Secretary a comprehensive housing affordability strategy in accordance with section 12705 of this title.
(6) Reallocation
If the Secretary determines that a jurisdiction has failed to meet the requirements of the previous 3 paragraphs or if the Secretary, after providing for amendments and resubmissions in accordance with section 12705(c)(3) of this title, disapproves the jurisdiction's comprehensive housing affordability strategy, the Secretary shall reallocate any funds reserved for the jurisdiction as follows:

(A) State
If a State has failed to meet the requirements, the Secretary shall—

(i) make any funds reserved for the State available by direct reallocation among applications submitted by units of general local government within the State or consortia that include units of general local government within the State, insofar as approvable applications meeting the selection criteria under section 12747(c) of this title are received within 12 months after the funds become available for the direct reallocation, and

(ii) reallocate the remainder by formula in accordance with section 12747(b) of this title.

(B) Local
If a unit of general local government has failed to meet the requirements and is located in a State that is a participating jurisdiction, the Secretary shall reallocate to the State any funds reserved for the locality, with preference going to the provision of affordable housing within the locality.

(C) Direct reallocation
If a unit of general local government has failed to meet the requirements and is located in a State that is not a participating jurisdiction, the Secretary shall—

(i) make any funds reserved for the locality available for use within the State by direct reallocation among units of general local government and community housing development organizations, insofar as approvable applications meeting the selection criteria under section 12747(c) of this title are received within 12 months after the funds become available for the direct reallocation with priority going to applications for affordable housing within the locality, and

(ii) reallocate the remainder in accordance with section 12747(b) of this title.

(D) Certain jurisdictions deemed to be participating jurisdictions
If a State or unit of general local government is meeting the requirements of paragraphs (3), (4), and (5), it shall be deemed to be a participating jurisdiction for purposes of reallocation under this paragraph.

(7) Designation
The Secretary shall designate an eligible jurisdiction to be a participating jurisdiction as soon as its comprehensive housing affordability strategy is approved in accordance with section 12705 of this title.

(8) Continuous designation
Once a State or unit of general local government is designated a participating jurisdiction, it shall remain a participating jurisdiction for subsequent fiscal years, except as provided in paragraph (9). The provisions of paragraphs (3) through (6) shall not apply to participating jurisdictions.

(9) Revocation
The Secretary may revoke a jurisdiction's designation as a participating jurisdiction if—

(A) the Secretary finds, after reasonable notice and opportunity for hearing, that the jurisdiction is unwilling or unable to carry out the provisions of this subchapter, or

(B) the jurisdiction's allocation falls below $750,000 for 3 consecutive years, below $625,000 for 2 consecutive years, or the jurisdiction does not receive a formula allocation of $500,000 or more in any 1 year, except as provided in paragraph (10).

If a jurisdiction's designation as a participating jurisdiction is revoked, any remaining line of credit in the jurisdiction's HOME Investment Trust Fund established under section 12748 of this title shall be reallocated in accordance with paragraph (6) of this section.

(10) Threshold reduction
If the amount appropriated pursuant to section 12724 of this title for any fiscal year is less than $1,500,000,000, then this section shall be applied during that year—

(A) by substituting "$500,000" for "$750,000" both places it appears in paragraph (3); and

(B) by substituting "$500,000", "$410,000", and "$335,000" for "$750,000", "$625,000", and "$500,000", respectively, where they appear in paragraph (9).

AMENDMENTS

Par. (9)(B). Pub. L. 102–550, §202(a)(2), inserted “except as provided in paragraph (10)” after “in any 1 year”.

EFFECTIVE DATE OF 1992 AMENDMENT
Amendment by Pub. L. 102–550 applicable to unexpended funds allocated under subchapter II of this chapter in fiscal year 1992, except as otherwise specifically provided, see section 223 of Pub. L. 102–550, set out as a note under section 12704 of this title.

APPLICABILITY OF GRANT_THRESHOLDS
Pub. L. 102–550, title II, §202(c), Oct. 28, 1992, 106 Stat. 3752, provided that: “Notwithstanding any other provision of law, the grant thresholds provided for in section 216 [42 U.S.C. 12746], as amended by this section, and the grant thresholds provided for in section 217(b) of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12747(b)], as amended by this section, shall apply.”
§ 12747. Allocation of resources

(a) In general

(1) States and units of general local government

After reserving amounts under paragraph (3) for the insular areas, the Secretary shall allocate funds approved in an appropriation Act to carry out this subchapter by formula as provided in this subsection. The Secretary shall initially allocate 60 percent among units of general local government and 40 percent among States.

(3) 1 Insular areas

For each fiscal year, of any amounts approved in appropriation Acts to carry out this subchapter, the Secretary shall reserve for grants to the insular areas the greater of (A) $750,000, or (B) 0.2 percent of the amounts appropriated under such Acts. The Secretary shall provide for the distribution of amounts reserved under this paragraph among the insular areas pursuant to specific criteria for such distribution, which shall be contained in a regulation issued by the Secretary.

(b) Formula allocation

(1) In general

(A) Basic formula

The Secretary shall establish in regulation an allocation formula that reflects each jurisdiction’s share of total need among eligible jurisdictions for an increased supply of affordable housing for very low-income and low-income families of different size, as identified by objective measures of inadequacy housing supply, substandard housing, the number of low-income families in housing likely to be in need of rehabilitation, the costs of producing housing, poverty, and the relative fiscal incapacity of the jurisdiction to carry out housing activities eligible under section 12742 of this title without Federal assistance. Allocation among units of general local government shall take into account the housing needs of metropolitan cities, urban counties, and approved consortia of units of general local government.

(B) Source of data

The data to be used for formula allocation of funds within a fiscal year shall be data obtained from a standard source that are available to the Secretary 90 days prior to the beginning of that fiscal year.

(C) Use of basic formula

The basic formula established under subparagraph (A) shall be used for all formula allocations and reallocations provided for in this part.

(D) Weights

When allocation is made among States, the Secretary shall apply the formula in subparagraph (A) giving 20 percent weight to measures of need for the whole State and 80 percent weight to measures of need among units of general local government that are not receiving an allocation under section 12746(1) of this title.

(E) Adjustments

In developing the basic formula in subparagraph (A), the Secretary shall (i) avoid the allocation of an excessively large share of amounts made available under this part to any one State or unit of general local government, and (ii) take into account the need for a geographic distribution of amounts made available under this part that appropriately reflects the housing need in each region of the Nation.

(F) Consultation

The Secretary shall develop the formula in subparagraph (A) in ongoing consultation with (i) the Subcommittee on Housing and Urban Affairs of the Committee on Banking, Housing, and Urban Affairs of the Senate, (ii) the Subcommittee on Housing and Community Development of the Committee on Banking, Finance and Urban Affairs of the House of Representatives, and (iii) organizations representing States and units of general local government. Not less than 60 days prior to publishing a formula for comment, the Secretary shall submit to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives a copy of the formula the Secretary intends to propose.

(2) Minimum State allocation

(A) In general

If the formula, when applied to funds approved under this section in appropriation Acts for a fiscal year, would allocate less than $3,000,000 to any State, the allocation for such State shall be $3,000,000, and the increase shall be deducted pro rata from the allocations of other States.

(B) Increased minimum allocation

If no unit of general local government within a State receives an allocation under paragraph (3), the State’s allocation shall be increased by $500,000. Priority for use of such increased allocation shall go to the provision of affordable housing within the boundaries of metropolitan cities, urban counties, and approved consortia within the State, based on the need for such funds. The increased allocation to a State under the preceding sentence shall be derived by a pro rata deduction from the allocations to units of general local government in all States, except that such pro rata deduction shall not reduce the allocation of any unit of general local government below $500,000.

(3) Minimum local allocation

The Secretary shall allocate funds available for allocation to units of general local government that, as of the end of the previous fiscal year, qualified as metropolitan cities.

1 See 1992 Amendment note below.
2 So in original. Probably should be “by”.
3 So in original. Probably should be “jurisdictions”.
4 Insular areas
urban counties, and consortia approved by the Secretary in accordance with section 12746(2) of this title so that, when all such funds are initially allocated by formula, jurisdictions that are allocated an amount of $500,000 or more, and participating jurisdictions (other than consortia that fail to renew the membership of all of their member jurisdictions) that are allocated an amount less than $500,000, shall receive an allocation. Prior to announcing initial allocations, the Secretary shall successively recalculate the allocations to jurisdictions under this subchapter so that the maximum number of such jurisdictions can receive initial allocations, except as provided in paragraph (4).

(4) **Threshold reduction**

If the amount appropriated pursuant to section 12724 of this title for any fiscal year is less than $1,500,000,000, then this section shall be applied during that year by substituting "$335,000" for "$500,000" where it appears in paragraph (3).

(c) **Criteria for direct reallocation**

The Secretary shall establish objective criteria for making direct reallocations to any participating jurisdiction and other eligible entities. A jurisdiction shall be eligible for a direct reallocation under this subsection only if the jurisdiction, in a form acceptable to the Secretary, submits an application that demonstrates to the satisfaction of the Secretary that the jurisdiction is engaged, or has made good faith efforts to engage, in cooperative efforts between the State and appropriate participating jurisdictions within the State to develop, coordinate, and implement housing strategies under this subchapter. The Secretary shall by regulation establish objective selection criteria for such direct reallocations, which criteria shall take into account—

1. The applicant’s demonstrated commitment to expand the supply of affordable rental housing, including units developed by public housing agencies, as indicated by the additional number of units of affordable housing made available through production or rehabilitation within the previous 2 years, making adjustment for regional variations in construction and rehabilitation costs and giving special consideration to the number of additional units made available under this subchapter through production or rehabilitation, including units developed by public housing agencies, in relation to the amounts made available under this program;
2. The applicant’s actions that—
   - (A) direct funds made available under this part to benefit very low-income families, with a range of incomes, in amounts that exceed the income targeting requirements of section 12744 of this title, with extra consideration given for activities that expand the supply of affordable housing for very low-income families whose incomes do not exceed 30 percent of the median family income for the area, as determined by the Secretary;
   - (B) apply the tenant selection preference categories applicable under section 1437f of this title to the selection of tenants for housing assisted under this part; (C) provide matching resources in excess of funds required under section 12750 of this title; and
   - (D) stimulate a high degree of investment and participation in development by the private sector, including nonprofit organizations; and
   - (3) the degree to which the applicant is pursuing policies that—
     - (A) make existing housing more affordable;
     - (B) remove or ameliorate any negative effects that public policies identified by the applicant pursuant to section 12705(b)(4) of this title may have on the incentives to develop, maintain, or improve affordable housing in the jurisdiction;
     - (C) preserve the affordability of privately-owned housing that is vulnerable to conversion, demolition, disinvestment, or abandonment;
     - (D) increase the supply of housing that is affordable to very low-income and low-income persons, particularly in areas that are accessible to expanding job opportunities; and
     - (E) remedy the effects of discrimination and improve housing opportunities for disadvantaged minorities.

(d) **Reallocations**

(1) **In general**

The Secretary shall make any reallocations periodically throughout each fiscal year so as to ensure that all funds to be reallocated are made available to eligible jurisdictions as soon as possible, consistent with orderly program administration. Jurisdictions eligible for such reallocations shall include participating jurisdictions and jurisdictions meeting the requirements of paragraphs (3), (4), and (5) of section 12746 of this title.

(2) **Commitments**

The Secretary shall establish procedures according to which participating jurisdictions may make commitments to invest funds made available under this section. Such procedures shall provide for appropriate stages of commitment of funds to a project from initial reservation through binding commitment. Notwithstanding any other provision of this subchapter, funds that the Secretary determines are needed to fulfill binding commitments shall not be available for reallocation.

(3) **Limitation**

Unless otherwise specified in this part, any reallocation of funds from a State shall be made only among all participating States, and any reallocation of funds from units of general local government shall be made only among all participating units of general local government.

§ 12747

No tenant residing in a dwelling unit in a property on the date the Secretary approves an application for an implementation grant may be evicted by reason of a homeownership program approved under this part.

EFFECTIVE DATE OF REPEAL

CHAPTER 133—POLLUTION PREVENTION

Sec. 13101. Findings and policy.
§ 13101. Findings and policy

(a) Findings

The Congress finds that:

(1) The United States of America annually produces millions of tons of pollution and spends tens of billions of dollars per year controlling this pollution.

(2) There are significant opportunities for industry to reduce or prevent pollution at the source through cost-effective changes in production, operation, and raw materials use. Such changes offer industry substantial savings in reduced raw material, pollution control, and liability costs as well as help protect the environment and reduce risks to worker health and safety.

(3) The opportunities for source reduction are often not realized because existing regulations, and the industrial resources they require for compliance, focus upon treatment and disposal, rather than source reduction; existing regulations do not emphasize multimedia management of pollution; and businesses need information and technical assistance to overcome institutional barriers to the adoption of source reduction practices.

(4) Source reduction is fundamentally different and more desirable than waste management and pollution control. The Environmental Protection Agency needs to address the historical lack of attention to source reduction.

(5) As a first step in preventing pollution through source reduction, the Environmental Protection Agency must establish a source reduction program which collects and disseminates information, provides financial assistance to States and implements the other activities provided for in this chapter.

(b) Policy

The Congress hereby declares it to be the national policy of the United States that pollution should be prevented or reduced at the source whenever feasible; pollution that cannot be prevented should be recycled in an environmentally safe manner, whenever feasible; pollution that cannot be prevented or recycled should be treated in an environmentally safe manner whenever feasible; and disposal or other release into the environment should be employed only as a last resort and should be conducted in an environmentally safe manner.

Short Title

§ 13102. Definitions

For purposes of this chapter—

(1) The term “Administrator” means the Administrator of the Environmental Protection Agency.

(2) The term “Agency” means the Environmental Protection Agency.

(3) The term “toxic chemical” means any substance on the list described in section 11023(c) of this title.

(i) reduces the amount of any hazardous substance, pollutant, or contaminant entering any waste stream or otherwise released into the environment (including fugitive emissions) prior to recycling, treatment, or disposal; and

(ii) reduces the hazards to public health and the environment associated with the release of such substances, pollutants, or contaminants.

The term includes equipment or technology modifications, process or procedure modifications, reformulation or redesign of products, substitution of raw materials, and improvements in housekeeping, maintenance, training, or inventory control.

(B) The term “source reduction” does not include any practice which alters the physical, chemical, or biological characteristics or the volume of a hazardous substance, pollutant, or contaminant through a process or activity which itself is not integral to and necessary for the production of a product or the providing of a service.

(6) The term “multi-media” means water, air, and land.

(7) The term “SIC codes” refers to the 2-digit code numbers used for classification of economic activity in the Standard Industrial Classification Manual.

§ 13103. EPA activities

(a) Authorities

The Administrator shall establish in the Agency an office to carry out the functions of the Administrator under this chapter. The office shall be independent of the Agency’s single-medium program offices but shall have the authority to review and advise such offices on their activities to promote a multi-media approach to source reduction. The office shall be under the direction of such officer of the Agency as the Administrator shall designate.
(b) Functions

The Administrator shall develop and implement a strategy to promote source reduction. As part of the strategy, the Administrator shall—

(1) establish standard methods of measurement of source reduction;

(2) ensure that the Agency considers the effect of its existing and proposed programs on source reduction efforts and shall review regulations of the Agency prior and subsequent to their proposal to determine their effect on source reduction;

(3) coordinate source reduction activities in each Agency Office and coordinate with appropriate offices to promote source reduction practices in other Federal agencies, and generic research and development on techniques and processes which have broad applicability;

(4) develop improved methods of coordinating, streamlining and assuring public access to data collected under Federal environmental statutes;

(5) facilitate the adoption of source reduction techniques by businesses. This strategy shall include the use of the Source Reduction Clearinghouse and State matching grants provided in this chapter to foster the exchange of information regarding source reduction techniques, the dissemination of such information to businesses, and the provision of technical assistance to businesses. The strategy shall also consider the capabilities of various businesses to make use of source reduction techniques;

(6) identify, where appropriate, measurable goals which reflect the policy of this chapter, the tasks necessary to achieve the goals, dates at which the principal tasks are to be accomplished, required resources, organizational responsibilities, and the means by which progress in meeting the goals will be measured;

(7) establish an advisory panel of technical experts comprised of representatives from industry, the States, and public interest groups, to advise the Administrator on ways to improve collection and dissemination of data;

(8) establish a training program on source reduction opportunities, including workshops and guidance documents, for State and Federal permit issuance, enforcement, and inspection officials working within all agency program offices.

(9) identify and make recommendations to Congress to eliminate barriers to source reduction including the use of incentives and disincentives;

(10) identify opportunities to use Federal procurement to encourage source reduction;

(11) develop, test and disseminate model source reduction auditing procedures designed to highlight source reduction opportunities; and

(12) establish an annual award program to recognize a company or companies which operate outstanding or innovative source reduction programs.

§13104. Grants to States for State technical assistance programs

(a) General authority

The Administrator shall make matching grants to States for programs to promote the use of source reduction techniques by businesses.

(b) Criteria

When evaluating the requests for grants under this section, the Administrator shall consider, among other things, whether the proposed State program would accomplish the following:

(1) Make specific technical assistance available to businesses seeking information about source reduction opportunities, including funding for experts to provide onsite technical advice to business seeking assistance and to assist in the development of source reduction plans.

(2) Target assistance to businesses for whom lack of information is an impediment to source reduction.

(3) Provide training in source reduction techniques. Such training may be provided through local engineering schools or any other appropriate means.

(c) Matching funds

Federal funds used in any State program under this section shall provide no more than 50 per centum of the funds made available to a State in each year of that State’s participation in the program.

(d) Effectiveness

The Administrator shall establish appropriate means for measuring the effectiveness of the State grants made under this section in promoting the use of source reduction techniques by businesses.

(e) Information

States receiving grants under this section shall make information generated under the grants available to the Administrator.

§13105. Source Reduction Clearinghouse

(a) Authority

The Administrator shall establish a Source Reduction Clearinghouse to compile information including a computer data base which contains information on management, technical, and operational approaches to source reduction. The Administrator shall use the clearinghouse to—

(1) serve as a center for source reduction technology transfer;

(2) mount active outreach and education programs by the States to further the adoption of source reduction technologies; and

(3) collect and compile information reported by States receiving grants under section 13104.
of this title on the operation and success of State source reduction programs.

(b) Public availability

The Administrator shall make available to the public such information on source reduction as is gathered pursuant to this chapter and such other pertinent information and analysis regarding source reduction as may be available to the Administrator. The data base shall permit entry and retrieval of information to any person.

§ 13106. Source reduction and recycling data collection

(a) Reporting requirements

Each owner or operator of a facility required to file an annual toxic chemical release form under section 11023 of this title for any toxic chemical shall include with each such annual filing a toxic chemical source reduction and recycling report for the preceding calendar year. The toxic chemical source reduction and recycling report shall cover each toxic chemical required to be reported in the annual toxic chemical release form filed by the owner or operator under section 11023(c) of this title. This section shall take effect with the annual report filed under section 11023 of this title for the first full calendar year beginning after November 5, 1990.

(b) Items included in report

The toxic chemical source reduction and recycling report required under subsection (a) shall set forth each of the following on a facility-by-facility basis for each toxic chemical:

1. The quantity of the chemical entering any waste stream (or otherwise released into the environment) prior to recycling, treatment, or disposal during the calendar year for which the report is filed and the percentage change from the previous year. The quantity reported shall not include any amount reported under paragraph (7). When actual measurements of the quantity of a toxic chemical entering the waste streams are not readily available, reasonable estimates should be made based on best engineering judgment.

2. The amount of the chemical from the facility which is recycled (at the facility or elsewhere) during such calendar year, the percentage change from the previous year, and the process of recycling used.

3. The source reduction practices used with respect to that chemical during such year at the facility. Such practices shall be reported in accordance with the following categories unless the Administrator finds other categories to be more appropriate.
   (A) Equipment, technology, process, or procedure modifications.
   (B) Reformulation or redesign of products.
   (C) Substitution of raw materials.
   (D) Improvement in management, training, inventory control, materials handling, or other general operational phases of industrial facilities.

4. The amount expected to be reported under paragraph 1(1) and (2) for the two calendar years immediately following the calendar year for which the report is filed. Such amount shall be expressed as a percentage change from the amount reported in paragraphs (1) and (2).

5. A ratio of production in the reporting year to production in the previous year. The ratio should be calculated to most closely reflect all activities involving the toxic chemical. In specific industrial classifications subject to this section, where a feedstock or some variable other than production is the primary influence on waste characteristics or volumes, the report may provide an index based on that primary variable for each toxic chemical. The Administrator is encouraged to develop production indexes to accommodate individual industries for use on a voluntary basis.

6. The techniques which were used to identify source reduction opportunities. Techniques listed should include, but are not limited to, employee recommendations, external and internal audits, participative team management, and material balance audits. Each type of source reduction listed under paragraph (3) should be associated with the techniques or multiples of techniques used to identify the source reduction technique.

7. The amount of any toxic chemical released into the environment which resulted from a catastrophic event, remedial action, or other one-time event, and is not associated with production processes during the reporting year.

8. The amount of the chemical from the facility which is treated (at the facility or elsewhere) during such calendar year and the percentage change from the previous year. For the first year of reporting under this subsection, comparison with the previous year is required only to the extent such information is available.

(c) SARA provisions

The provisions of sections 11042, 11045(c), and 11046 of this title shall apply to the reporting requirements of this section in the same manner as to the reports required under section 11023 of this title. The Administrator may modify the form required for purposes of reporting information under section 11023 of this title to the extent he deems necessary to include the additional information required under this section.

(d) Additional optional information

Any person filing a report under this section for any year may include with the report additional information regarding source reduction, recycling, and other pollution control techniques in earlier years.

(e) Availability of data

Subject to section 11042 of this title, the Administrator shall make data collected under this section publicly available in the same manner as the data collected under section 11023 of this title.

1So in original. Probably should be “preceding”.

2So in original. Probably should be “paragraphs”.
§ 13107. EPA report

(a) Biennial reports

The Administrator shall provide Congress with a report within eighteen months after November 5, 1990, and biennially thereafter, containing a detailed description of the actions taken to implement the strategy to promote source reduction developed under section 13103(b)\(^1\) of this title and of the results of such actions. The report shall include an assessment of the effectiveness of the clearinghouse and grant program established under this chapter in promoting the goals of the strategy, and shall evaluate data gaps and data duplication with respect to data collected under Federal environmental statutes.

(b) Subsequent reports

Each biennial report submitted under subsection (a) after the first report shall contain each of the following:

(1) An analysis of the data collected under section 13106 of this title on an industry-by-industry basis for not less than five SIC codes or other categories as the Administrator deems appropriate. The analysis shall begin with those SIC codes or other categories of facilities which generate the largest quantities of toxic chemical waste. The analysis shall include an evaluation of trends in source reduction by industry, firm size, production, or other useful means. Each such subsequent report shall cover five SIC codes or other categories which were not covered in a prior report until all SIC codes or other categories have been covered.

(2) An analysis of the usefulness and validity of the data collected under section 13106 of this title for measuring trends in source reduction and the adoption of source reduction by business.

(3) Identification of regulatory and non-regulatory barriers to source reduction, and of opportunities for using existing regulatory programs, and incentives and disincentives to promote and assist source reduction.

(4) Identification of industries and pollutants that require priority assistance in multimedia source reduction\(^2\).

(5) Recommendations as to incentives needed to encourage investment and research and development in source reduction.

(6) Identification of opportunities and development of priorities for research and development in source reduction methods and techniques.

(7) An evaluation of the cost and technical feasibility, by industry and processes, of source reduction opportunities and current activities and an identification of any industries for which there are significant barriers to source reduction with an analysis of the basis of this identification.

(8) An evaluation of methods of coordinating, streamlining, and improving public access to data collected under Federal environmental statutes.

(9) An evaluation of data gaps and data duplication with respect to data collected under Federal environmental statutes.

In the report following the first biennial report provided for under this subsection, paragraphs (3) through (9) may be included at the discretion of the Administrator.

SHORT TITLE

EX. ORD. NO. 13211. ACTIONS CONCERNING REGULATIONS THAT SIGNIFICANTLY AFFECT ENERGY SUPPLY, DISTRIBUTION, OR USE

Ex. Ord. No. 13211, May 18, 2001, 66 F.R. 28335, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to appropriately weigh and consider the effects of the Federal Government’s regulations on the supply, distribution, and use of energy, it is hereby ordered as follows:

SECTION 1. Policy. The Federal Government can significantly affect the supply, distribution, and use of energy. Yet there is often too little information regarding the effects that governmental regulatory action can have on energy. In order to provide more useful energy-related information and hence improve the quality of agency decisionmaking, I am requiring that agencies shall prepare a Statement of Energy Effects when undertaking certain agency actions. As described more fully below, such Statements of Energy Effects shall describe the effects of certain regulatory actions on energy supply, distribution, or use.

SEC. 2. Preparation of a Statement of Energy Effects. (a) To the extent permitted by law, agencies shall prepare and submit a Statement of Energy Effects to the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget, for those matters identified as significant energy actions. (b) A Statement of Energy Effects shall consist of a detailed statement by the agency responsible for the significant energy action relating to: (i) any adverse effects on energy supply, distribution, or use (including a shortfall in supply, price increases, and increased use of foreign supplies) should the proposal be implemented, and (ii) reasonable alternatives to the action with adverse energy effects and the expected effects of such alternatives on energy supply, distribution, and use. (c) The Administrator of the Office of Information and Regulatory Affairs shall provide guidance to the agencies on the implementation of this order and shall consult with other agencies as appropriate in the implementation of this order.

§ 13201  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 8026

Ssc. 4. Definitions. For purposes of this order:
(a) “Regulation” and “rule” have the same meaning as they do in Executive Order 12866 [5 U.S.C. 601 note] or any successor order.
(b) “Significant energy action” means any action by an agency (normally published in the Federal Register) that promulgates or is expected to lead to the promulgation of a final rule or regulation, including notices of inquiry, advance notices of proposed rulemaking, and notices of proposed rulemaking:
(i) that is a significant regulatory action under Executive Order 12866 or any successor order, and
(ii) is likely to have a significant adverse effect on the supply, distribution, or use of energy; or
(c) “Agency” means any authority of the United States that is an “agency” under 44 U.S.C. 3502(1), or any successor regulatory agencies, as defined in 44 U.S.C. 3502(5).
Ssc. 5. Judicial Review. Nothing in this order shall affect any otherwise available judicial review of agency actions with applicable law, to expedite projects that will increase the production, transmission, or conservation of energy and projects that will strengthen pipeline safety.
Ssc. 2. Actions to Expedite Energy-Related Projects. For energy-related projects (including pipeline safety projects), agencies shall expedite their review of permits or take other actions as necessary to accelerate the completion of such projects while maintaining safety, public health, and environmental protections. The agencies shall take such actions to the extent permitted by law and regulation, and where appropriate.
(a) In the performance of all Task Force functions set out in sections 3(a)(i) and (ii) of this order, the Secretaries of State, the Treasury, Defense, Agriculture, Housing and Urban Development, Commerce, Transportation, the Interior, Labor, Education, Health and Human Services, Energy, and Veterans Affairs, the Attorney General, the Administrator of the Environmental Protection Agency, the Director of Central Intelligence, the Administrator of General Services, the Director of Management and Budget, the Chairman of the Council of Economic Advisers, the Assistant to the President for Domestic Policy, the Assistant to the President for Economic Policy, and such other heads of agencies as the Chairman of the Council on Environmental Quality may designate; and
(b) In the performance of the functions to which section 3(a)(iii) of this order refers, the officers listed in section 6033(a)(2)(A)–(H) of title 49, United States Code, and such other representatives of Federal agencies with responsibilities relating to pipeline repair projects as the Chairman of the Council on Environmental Quality may designate.
(a) A member of the Task Force may designate, to perform the Task Force functions of the member, a full-time officer or employee of that member’s agency or office.
(b) The Chairman of the Council on Environmental Quality shall chair the Task Force.
(c) Consultation in the implementation of this order with State and local officials and other persons who are not full-time or permanent part-time employees of the Federal Government shall be conducted in a manner that elicits fully the individual views of each official or other person consulted, without deliberations or efforts to achieve consensus on advice or recommendations.
(e) This order shall be implemented in a manner consistent with the President’s constitutional authority to supervise the unitary executive branch.
Ssc. 4. Judicial Review. Nothing in this order shall affect any otherwise available judicial review of agency action. This order is intended only to improve the internal management of the Federal Government and does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

George W. Bush.

Ex. Ord. No. 13781. PROMOTING ENERGY INDEPENDENCE AND ECONOMIC GROWTH

Ex. Ord. No. 13781, Mar. 28, 2017, 82 F.R. 16993, provided:
(a) It is in the national interest to ensure that the Nation’s electricity is affordable, reliable, safe, secure, and clean, and that it can be produced from coal, natural gas, nuclear material, flowing water, and other domestic sources, including renewable sources.
(b) Accordingly, it is the policy of the United States that executive departments and agencies (agencies) immediately review existing regulations that potentially burden the development or use of domestically produced energy resources and appropriately suspend, revise, or rescind those that unduly burden the development of domestic energy resources beyond the degree necessary to protect the public interest or otherwise comply with the law.
(c) It is further the policy of the United States that, to the extent permitted by law, all agencies should...
take appropriate actions to promote clean air and clean water for the American people, while also respecting the proper roles of the Congress and the States concerning these matters in our constitutional republic.

(e) It is also the policy of the United States that necessary and appropriate environmental regulations comply with the law, are of greater benefit than cost, when permissible, achieve environmental improvements for the American people, and are developed through transparent processes that employ the best available peer-reviewed science and economics.

SIC. 2. Immediate Review of All Agency Actions that Potentially Burden the Safe, Efficient Development of Domestic Energy Resources. (a) The heads of agencies shall review all existing regulations, orders, guidance documents, policies, and any other similar agency actions (collectively, agency actions) that potentially burden the development or use of domestically produced energy resources, with particular attention to oil, natural gas, coal, and nuclear energy resources. Such review shall not include agency actions that are mandated by law, necessary for the public interest, and consistent with the policy set forth in section 1 of this order.

(b) For purposes of this order, "burden" means to unnecessarily obstruct, delay, curtail, or otherwise impede significant costs on the timing, permitting, production, utilization, transmission, or delivery of energy resources.

(c) Within 60 days of the date of this order, the head of each agency with agency actions described in subsection (a) of this section shall develop and submit to the Director of the Office of Management and Budget (OMB Director) a plan to carry out the review required by subsection (a) of this section. The plans shall also be sent to the Vice President, the Assistant to the President for Economic Policy, the Assistant to the President for Domestic Policy, and the Chair of the Council on Environmental Quality. The head of any agency who determines that such agency does not have agency actions described in subsection (a) of this section shall submit to the OMB Director a written statement to that effect and, absent a determination by the OMB Director that such agency does have agency actions described in subsection (a) of this section, shall have no further responsibilities under this section.

(d) Within 120 days of the date of this order, the head of each agency shall submit a draft final report detailing the agency actions described in subsection (a) of this section to the Vice President, the OMB Director, the Assistant to the President for Economic Policy, the Assistant to the President for Domestic Policy, and the Chair of the Council on Environmental Quality. The report shall include specific recommendations that, to the extent permitted by law, could alleviate or eliminate aspects of agency actions that burden domestic energy production.

(e) The report shall be finalized within 180 days of the date of this order, unless the OMB Director, in consultation with the other officials who receive the draft final reports, extends that deadline.

(f) The OMB Director, in consultation with the Assistant to the President for Economic Policy, shall be responsible for coordinating the recommended actions included in the agency final reports within the Executive Office of the President.

(g) With respect to any agency action for which specific recommendations are made in a final report pursuant to subsection (e) of this section, the head of the relevant agency shall, as soon as practicable, suspend, revise, or rescind, or publish for notice and comment proposed rules suspending, revising, or rescinding, those actions, as appropriate and consistent with law. Agencies shall endeavor to develop regulatory reforms with their activities undertaken in compliance with Executive Order 13771 of January 30, 2017 (Reducing Regulation and Controlling Regulatory Costs).

SIC. 4. Review of the Environmental Protection Agency’s ‘‘Clean Power Plan’’ and Related Rules and Agency Actions. (a) The Administrator of the Environmental Protection Agency (Administrator) shall immediately take all steps necessary to review the final rules set forth in subsections (b)(i) and (b)(ii) of this section, and any rules and guidance issued pursuant to them, for consistency with the policy set forth in section 1 of this order and, if appropriate, shall, as soon as practicable, suspend, revise, or rescind the guidance, or publish for notice and comment proposed rules suspending, revising, or rescinding any such actions, as appropriate and consistent with law and with the policies set forth in section 1 of this order.

(b) This section applies to the following final or proposed rules:

(i) The final rule entitled ‘‘Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units,’’ 80 Fed. Reg. 64606 (October 23, 2015) (Clean Power Plan);

(ii) The final rule entitled ‘‘Standards of Performance for Greenhouse Gas Emissions from New, Modified, and Reconstructed Stationary Sources: Electric Utility Generating Units,’’ 80 Fed. Reg. 64509 (October 23, 2015); and

(c) The Administrator shall review and, if appropriate, as soon as practicable, take lawful action to suspend, revise, or rescind, as appropriate and consistent with law, the following Memorandum entitled ‘‘Simplifying Cogeneration and Combined Heat and Power Rules to Promote Clean Power Plan for Certain Issues,’’ which was published in conjunction with the Clean Power Plan.

(d) The Administrator shall promptly notify the Attorney General of any actions taken by the Administrator pursuant to this order related to the rules identified...
§ 13201  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 8028

16128 (March 26, 2015); notice and comment proposed rules suspending, revising, or rescinding those rules, and, in his discretion, request that the court stay the litigation or otherwise delay further litigation, or seek other appropriate relief consistent with this order, pursuant to the completion of the administrative actions described in subsection (a) of this section.

SIRC. 6. Federal Land Coal Leasing Moratorium. The Secretary of the Interior shall suspend, revise, or rescind the guidance, or publish for notice and comment proposed rules suspending, revising, or rescinding those rules.

SIRC. 7. Review of Regulations Related to United States Oil and Gas Development. (a) The Administrator shall review the following final rules, and any rules and guidance issued pursuant to it, for consistency with the policy set forth in section 1 of this order and, if appropriate, shall, as soon as practicable, suspend, revise, or rescind the guidance, or publish for notice and comment proposed rules suspending, revising, or rescinding those rules:

(i) The final rule entitled “Oil and Gas; Hydraulic Fracturing on Federal and Indian Lands,” 80 Fed. Reg. 16128 (March 26, 2015); and

(ii) The final rule entitled “General Provisions and Non-Federal Oil and Gas Rights,” 81 Fed. Reg. 77972 (November 4, 2016); and

(c) The Administrator or the Secretary of the Interior, as applicable, shall promptly notify the Attorney General of any actions taken by them related to the rules identified in subsections (a) and (b) of this section so that the Attorney General may, as appropriate, provide notice of this order and any such action to any court with jurisdiction over pending litigation related to those rules, and, in his discretion, request that the court stay the litigation or otherwise delay further litigation, or seek other appropriate relief consistent with this order, pursuant to the completion of the administrative actions described in subsections (a) and (b) of this section.

SIRC. 8. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(1) The authority granted by law to an executive department or agency, or the head thereof; or

(2) The functions of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

EX. ORD. No. 13868, PROMOTING ENERGY INFRASTRUCTURE AND ECONOMIC GROWTH

Ex. Ord. No. 13868, Apr. 10, 2019, 84 F.R. 15495, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Purpose. The United States is blessed with plentiful energy resources, including abundant supplies of coal, oil, and natural gas. Producers in America have demonstrated a remarkable ability to harness innovation and to cost-effectively unlock new energy supplies, making our country a dominant energy force. In fact, last year the United States surpassed record production set nearly 5 decades ago and is in all likelihood now the largest producer of crude oil in the world. We are also the world’s leading producer of natural gas, and we became a net exporter for the first time since 1957. The United States will continue to be the undisputed global leader in crude oil and natural gas production for the foreseeable future.

These robust energy supplies present the United States with tremendous economic opportunities. To fully realize this economic potential, however, the United States needs infrastructure capable of safely and efficiently transporting these plentiful resources to end users. Without it, energy costs will rise and the national energy market will be stifled; job growth will be hampered; and the manufacturing and geopolitical advantages of the United States will erode. To enable the timely construction of the infrastructure needed to move our energy resources through domestic and international commerce, the Federal Government must promote efficient permitting processes and reduce regulatory uncertainties that currently make energy infrastructure projects expensive and that discourage new investment. Enhancing our Nation’s energy infrastructure, including facilities for the transmission, distribution, storage, and processing of energy resources, will ensure that our Nation’s vast reserves of these re-
sources can reach vital markets. Doing so will also help families and businesses in States with energy advantages. By promoting the development of new energy infrastructure, the United States will make energy more affordable, while safeguarding the environment and advancing our Nation’s economic and geopolitical advantages.

Sec. 2. Policy. It is the policy of the United States to promote private investment in the Nation’s energy infrastructure through:

(a) efficient permitting processes and procedures that employ a single point of accountability, avoid duplicative and redundant studies and reviews, and establish clear and reasonable timetables;

(b) regulations that reflect best practices and best-available technologies;

(c) timely action on infrastructure projects that advance America’s interests and ability to participate in global energy markets;

(d) increased regulatory certainty regarding the development of new energy infrastructure;

(e) effective stewardship of America’s natural resources; and

(f) support for American ingenuity, the free market, and capitalism.

Sec. 3. Water Quality Certifications. Section 401 of the Clean Water Act (33 U.S.C. 1341) provides that States and authorized tribes have a direct role in Federal permitting and licensing processes to ensure that activities subject to Federal permitting requirements comply with established water quality requirements. Outdated Federal guidance and regulations regarding section 401 of the Clean Water Act, however, are causing confusion and uncertainty and are hindering the development of energy infrastructure.

(a) The Administrator of the Environmental Protection Agency (EPA) shall consult with States, tribes, and relevant executive departments and agencies (agencies) in reviewing section 401 of the Clean Water Act and EPA’s related regulations and guidance to determine whether any provisions thereof should be clarified to be consistent with the policies described in section 2 of this order. This review shall include examination of the existing interagency guidance entitled, “Clean Water Act Section 401 Water Quality Certification: A Water Quality Protection Tool for States and Tribes’” (Section 401 Interim Guidance). This review shall also take into account federalism considerations underlying section 401 of the Clean Water Act and shall focus on:

(i) the need to promote timely Federal-State cooperation and collaboration;

(ii) the appropriate scope of water quality reviews;

(iii) types of conditions that may be appropriate to include in a certification;

(iv) expectations for reasonable review times for various types of certification requests; and

(v) the nature and scope of information States and authorized tribes may need in order to substantively act on a certification request within a prescribed period of time.

(b) Upon completion of the consultation and review process described in subsection (a) of this section, but no later than 60 days after the date of this order [Apr. 10, 2019], the Administrator of the EPA shall:

(i) as appropriate and consistent with applicable law, issue new guidance to States and authorized tribes to supersede the Section 401 Interim Guidance to clarify, at minimum, the items set forth in subsection (a) of this section; and

(ii) issue guidance to agencies, consistent with the policies outlined in section 2 of this order, to address the items set forth in subsection (a) of this section.

(c) After completion of the consultation and review process described in subsection (a) of this section, but no later than 120 days after the date of this order, the Administrator of the EPA shall review EPA’s regulations implementing section 401 of the Clean Water Act for consistency with the policies set forth in section 2 of this order and shall publish for notice and comment proposed rules revising such regulations, as appropriate and consistent with law. The Administrator of the EPA shall finalize such rules no later than 13 months after the date of this order.

(d) Upon completion of the processes described in subsection (b) of this section, the Administrator of the EPA shall lead an interagency review, in coordination with the head of each agency or department, of the existing Federal guidance and regulations for consistency with EPA guidance and rulemaking.

Within 90 days of completion of the processes described in subsection (b) of this section, the heads of the 401 Implementing Agencies shall initiate a rulemaking to ensure their respective agencies’ regulations are consistent with the rulemaking described in subsection (c) of this section and with the policies set forth in section 2 of this order.

Sec. 4. Safety Regulations. (a) The Department of Transportation’s safety regulations for Liquefied Natural Gas (LNG) facilities, found in 49 CFR part 193 (Part 193), apply uniformly to small-scale peak-shaving facilities. To advance the principles of objective materiality and fiduciary duty, and to achieve the policies set forth in section 2 of this order, the Secretary of Transportation shall initiate a rulemaking to update Part 193 nearly 40 years ago. To achieve the policies set forth in section 2(b) of this order, the Secretary of Transportation shall initiate a rulemaking to update Part 193.

(b) In the United States, LNG may be transported by truck and, with approval by the Federal Railroad Administration, by rail in United Nations portable tanks, but Department of Transportation regulations do not authorize LNG transport in rail tank cars. The Secretary of Transportation shall propose for notice and comment a rule, no later than 100 days after the date of this order, that would treat LNG the same as other cryogenic liquids and permit LNG to be transported in approved rail tank cars. The Secretary shall finalize such rulemaking no later than 13 months after the date of this order.

Sec. 5. Environment, Social, and Governance Issues; Proxy Firms; and Financing Energy Projects Through the United States Capital Markets. (a) The majority of financing in the United States is conducted through its capital markets. The United States capital markets are the deepest and most liquid in the world. They benefit from decades of sound regulation grounded in disclosure of information that, under an objective standard, is material to investors and owners seeking to make sound investment decisions or to understand current and projected business. As the Supreme Court held in TSC Industries, Inc. v. Northway, Inc., 426 U.S. 438, 449 (1976), information is “material” if “there is a substantial likelihood that a reasonable shareholder would consider it important.” Furthermore, the United States capital markets have thrived under the principle that fiduciary duty to shareholders to strive to maximize shareholder return, consistent with the long-term growth of a company.

(b) To advance the principles of objective materiality and fiduciary duty, and to achieve the policies set forth in subsections 2(c), (d), and (f) of this order, the Secretary of Labor shall, within 180 days of the date of this order, complete a review of available data filed with the Department of Labor and publish for notice and comment to the Employee Retirement Income Security Act of 1974 (ERISA) (29 U.S.C. 1001 et seq.) in order to identify
§ 13201

whether there are discernible trends with respect to such plans' investments in the energy sector. Within 180 days of the date of this order, the Secretary shall prepare an update to the Assistant to the President for Economic Policy on any discernable trends in energy investments by such plans. The Secretary of Labor shall also, within 180 days of the date of this order, commence a review of existing Department of Labor guidance on the fiduciary responsibilities for proxy voting to determine whether any such guidance should be rescinded, replaced, or modified to ensure consistency with current law and policies that promote long-term growth and maximize return on ERISA plan assets.

SIC. 6. Rights-of-Way Renewals or Reauthorizations. The Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce approve rights-of-way for energy infrastructure through lands owned by or within the jurisdiction or control of the United States. Energy infrastructure rights-of-way, grants, leases, permits, and agreements routinely include sunset provisions. Operating facilities in expired rights-of-way creates legal and operational uncertainties for owners and operators of energy infrastructure.

To achieve the policies set forth in section 2 of this order, the Secretaries of the Interior, Agriculture, and Commerce shall:
(a) develop a master agreement for energy infrastructure rights-of-way renewals or reauthorizations; and
(b) within 1 year of the date of this order, initiate renewals or reauthorization processes for all expired energy infrastructure rights-of-way grants, leases, permits, and agreements, as determined to be appropriate by the applicable Secretary and to the extent permitted by law.

SIC. 7. Reports on the Barriers to a National Energy Market. (a) Within 180 days of the date of this order [Apr. 10, 2019], the Secretary of Transportation, in consultation with the Secretary of Energy, shall submit a report to the President, through the Assistant to the President for Economic Policy, regarding the economic and other effects caused by the inability to transport sufficient quantities of natural gas and other domestic energy resources to the States in other regions of the Nation. This report shall assess whether, and to what extent, State, local, tribal, or territorial actions have contributed to such effects.
(b) Within 180 days of the date of this order, the Secretary of Energy, in consultation with the Secretary of Transportation, shall submit a report to the President, through the Assistant to the President for Economic Policy, regarding the economic and other effects caused by limitations on the export of coal, oil, natural gas, and other domestic energy resources through the west coast of the United States. This report shall assess whether, and to what extent, State, local, tribal, or territorial actions have contributed to such effects.

SIC. 8. Progress Reports on the Barriers to a National Energy Market. Within 180 days of the date of this order, the Secretary of Energy, in consultation with the heads of agencies shall review existing authorities related to the transportation and development of domestically produced energy resources and, within 30 days of the date of this order, report to the Director of the Office of Management and Budget and the Assistant to the President for Economic Policy on how those authorities can be most efficiently and effectively used to advance the policies set forth in this order.

SIC. 9. Report on Economic Growth of the Appalachian Region. Within 180 days of the date of this order, the Secretary of Energy, in consultation with the heads of other agencies, as appropriate, shall submit a report to the President, through the Assistant to the President for Economic Policy, describing opportunities, through the Federal Government or otherwise, to promote economic growth of the Appalachian region, including growth of petrochemical and other industries. This report shall also shall assess methods for diversifying the Appalachian economy and promoting workforce development.

SIC. 10. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:
(i) the authority granted by law to an executive department or agency, or the head thereof; or
(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriated funds.

Protecting Jobs, Economic Opportunities, and National Security for All Americans by Ensuring Appropriate Support of Innovative Technologies for Using Our Domestic Natural Resources

Memorandum of President of the United States, Oct. 31, 2020, 85 F.R. 70039, provided:

Memorandum for the Secretary of State,[] the Secretary of the Treasury,[] the Attorney General,[] the Secretary of Defense,[] the Secretary of the Interior,[] the Secretary of Agriculture,[] the Secretary of Commerce,[] the Secretary of Labor,[] the Secretary of Transportation,[] the Secretary of Energy,[] the United States Trade Representative,[] the Administrator of the Environmental Protection Agency,[] the Director of the Office of Management and Budget,[] the Assistant to the President for National Security Affairs,[] the Assistant to the President for Economic Policy,[] the Chairman of the Council of Economic Advisers,[] the Chairman of the Council on Environmental Quality,[] and the Administrator of the Office of Information and Regulatory Affairs.

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

Section 1. Purpose. This memorandum sets forth policies related to protecting American jobs, economic opportunities, and national security by ensuring appropriate support of hydraulic fracturing and other innovative technologies for the use of domestic energy resources, including energy resources. In support of these policies, this memorandum directs certain officials to assess the potential effects of efforts to ban or restrict the use of such technologies.

Section 2. Background. Our country has been favored with abundant land, wildlife, and natural resources. Americans have rightly seen this abundance as both an opportunity and a responsibility. Our blessings have rightly been a great source of national pride and gratitude. As we enjoy these bounties, we are also bound by a responsibility of stewardship to use, protect, and preserve them for future generations.

Among the greatest of our blessings are our energy resources, which all too often we take for granted. Our Nation has untold potential to deliver energy to provide us with the necessities—light, heat, cold, food, and water—to say nothing of modern telecommunications—for our daily lives at home and at work, and our travel from place to place. Reliable, affordable energy is essential for running our homes, businesses, farms, factories, health care facilities, and schools, and is critical to every sector of our economy, including our energy-intensive and trade-exposed industries. Access to dependable, inexpensive energy is a cornerstone of our well-being, of our economic strength and global competitiveness, and of our national security.
One of the great success stories of our time has been the development of hydraulic fracturing (often known as “fracking”) and other technologies to facilitate the extraction of natural resources from the earth. Hydraulic fracturing is a process that provides access to reservoirs of natural gas and petroleum by opening rocks deep underground. When coupled with horizontal drilling and other new technologies, it has opened new sources of inexpensive, reliable, abundant energy for our country. It has also produced jobs and economic opportunities for many Americans.

In a report issued in October 2019, the Council of Economic Advisers (CEA) estimated that by lowering energy prices, the use of fracking and other innovations had saved United States consumers $320 billion per year, or $2.500 in annual savings for a family of four. These savings disproportionately benefit low-income households, which spend a larger share of their income on energy bills, representing 6.8 percent of income for the poorest fifth of households compared to 1.3 percent for the richest fifth of households. The CEA estimated that greater productivity had reduced the domestic price of natural gas by 63 percent as of 2018; had led to a 45 percent decrease in the wholesale price of electricity; and had reduced the global price of oil by 10 percent as of 2019.

The transformation wrought by technologies such as fracking is not only the result of America’s natural abundance and Americans’ capacity for scientific discovery and practical invention. It is also a testament to our nation’s greatest resource: our hardworking men and women. Energy workers have dedicated their lives to an industry that is essential to the modern world, and their labors have demonstrated their talent, perseverance, and courage. Even in the midst of this unprecedented pandemic, essential energy workers have continued to ensure that our Nation has the energy that it needs to survive and to flourish. We owe these workers our gratitude. We also owe them appropriate respect and support for their careers, their livelihoods, and their families.

It should be emphasized that technologies such as fracking—when used lawfully and responsibly, with appropriate attention to environmental, health, and safety protections—are vital not just to our domestic prosperity but also to our national security. Shortly after I entered office, I issued Executive Order 13783 of March 28, 2017 (Promoting Energy Independence and Economic Growth) [42 U.S.C. 13201 note], which directed an immediate review of all agency actions that potentially burdened the development or use of domestic energy resources. That order also rescinded certain actions of the previous Administration that, in my judgment, were not consistent with the national interest and our Nation’s geopolitical security. As a result of new technologies and my Administration’s continued push for appropriate technologies for using our domestic natural resources more efficiently and responsibly, including environmental protection and restoration technologies.

Before taking actions that may jeopardize such innovation, responsible officials should carefully consider the impacts on American citizens.

SBC. 4. Assessing the Domestic and Economic Impacts of Undermining Hydraulic Fracturing and Other Technologies. (a) Within 70 days of the date of this memorandum (Oct. 31, 2020), the Secretary of Energy, in consultation with the United States Trade Representative, shall submit a report to the President, through the Assistant to the President for Economic Policy (who shall act in coordination with the Assistant to the President for National Security Affairs), assessing:

(i) the economic impacts of prohibiting, or sharply restricting, the use of hydraulic fracturing and other technologies, including the following:

(A) any loss of jobs, wages, benefits, and other economic opportunities by Americans who work in or are indirectly benefited by the energy industry and other industries (including mining for sand and other minerals);

(B) any increases in energy prices (including the prices of gasoline, electricity, heating, and air conditioning) for Americans (including senior citizens and other persons on fixed incomes) and businesses;

(C) any decreases in property values and the royalties and other revenues that are currently available to private property owners; and

(D) any decreases in tax revenues, impact fees, royalties, and other revenues that are currently available to the Federal Government, to State and local governments, and to civic institutions (including public schools, trade and vocational schools, community colleges, and other educational and training institutions; hospitals; and medical clinics);

(ii) the trade impacts of prohibiting, or sharply restricting, the use of hydraulic fracturing and other technologies, including impacts on United States exports of liquefied natural gas (LNG) and other energy products, as well as exports of other commodities that may be affected by increases in transportation costs; and

(iii) such other domestic or economic impacts as the Secretary of Energy deems appropriate.

(b) In preparing the report described in subsection (a) of this section, the Secretary of Energy and the United States Trade Representative shall consult with the Secretary of the Treasury, the Secretary of the Interior, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Labor, the Secretary of Transportation, the Administrator of the Environmental Protection Agency, the Chairman of CEA, the United States Trade Representative, and such other officials as the Secretary of Energy and the United States Trade Representative deem appropriate.

SBC. 5. Assessing the National Security Impacts of Undermining Hydraulic Fracturing and Other Technologies. Within 70 days of the date of this memorandum, the Secretary of Energy shall submit a report to the President, through the Assistant to the President for National Security Affairs (who shall act in coordination with the Assistant to the President for Economic Policy), assessing the national security impacts of prohibiting, or sharply restricting, the use of hydraulic fracturing and other technologies. This report shall include an assessment of potential impacts on Russian and Chinese energy production, consumption, and trade activities, and on the energy security of United States allies that may be attributable to changes in United States exports of LNG and other energy products. In preparing this report, the Secretary of Energy shall consult with the Secretary of State, the Secretary of Defense, the United States Trade Representative, and such other officials as the Secretary of Energy deems appropriate.

This report may be combined, as appropriate, with the report required by section 4 of this memorandum in which case the combined report shall be submitted to the President through the Assistant to the President.

SBC. 3. Policy. It is the policy of the Federal Government to aggressively protect and enhance American jobs and to ensure the economic opportunities for all Americans by ensuring appropriate support of innovative technologies for using our domestic natural resources.
