1984—Subsec. (a). Pub. L. 98–558, §607(c), inserted at end “Nothing in this subsection may be construed to require the Secretary to collect data which has been collected and made available to the Secretary by any other agency of the Federal Government.”.
Subsec. (a)(2). Pub. L. 98–558, §607(a), inserted “amount,” before “cost” and inserted at end “for households eligible for assistance under this subchapter.”.
Subsec. (a)(5), (6). Pub. L. 98–558, §607(b), added par. (5) and redesignated former par. (5) as (6).
Subsec. (b). Pub. L. 98–558, §607(d), in amending subsec. (b) generally, inserted “no later than June 30 of each fiscal year.” and substituted “a detailed compilation of the data under subsection (a) with respect to the prior fiscal year” for “a summary of data collected under subsection (a)”.

EFFECTIVE DATE OF 1994 AMENDMENT

EFFECTIVE DATE OF 1986 AMENDMENT

EFFECTIVE DATE OF 1984 AMENDMENT
Amendment by Pub. L. 98–558 applicable to data collected and compiled after Oct. 30, 1984, and this section as in effect before Oct. 30, 1984, applicable with respect to the report submitted under this section for fiscal year 1984, see section 609(d) of Pub. L. 98–558, set out as a note under section 8621 of this title.

TERMINATION OF REPORTING REQUIREMENTS
For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semiannual, or other regular periodic report listed in House Document No. 103–7 (in which the 12th item on page 93 identifies a reporting provision which, as amended, is contained in subsec. (b) of this section), see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance.

§8630. Renewable fuels
In providing assistance pursuant to this subchapter, a State, or any other person with which the State makes arrangements to carry out the purposes of this subchapter, may purchase renewable fuels, including biomass.

REPORT TO CONGRESS

CHAPTER 95—UNITED STATES SYNTHETIC FUELS CORPORATION

§8701. Omitted

CODIFICATION
Section, Pub. L. 96–294, title I, §112, June 30, 1980, 94 Stat. 635, which defined terms for this chapter, was omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

SUBCHAPTER I—INTRODUCTORY PROVISIONS

§8702. Omitted

CODIFICATION
Section, Pub. L. 96–294, title I, §112, June 30, 1980, 94 Stat. 635, which defined terms for this chapter, was omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

SUBCHAPTER II—ESTABLISHMENT OF CORPORATION

§§8711 to 8719. Omitted

CODIFICATION
Sections 8711 to 8719 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

Section 8711, Pub. L. 96–294, title I, §115, June 30, 1980, 94 Stat. 636, created the Corporation, provided for its offices and residence status, and referred to its general powers.

Section 8719, Pub. L. 96–294, title I, §123, June 30, 1980, 94 Stat. 644, established an Advisory Committee to the Board of Directors. For continuation of Advisory Committee, see section 7404(c) of Pub. L. 99–272, set out as a note under section 8791 of this title.

SUBCHAPTER III—PRODUCTION GOAL OF THE CORPORATION

§§8721 to 8725. Omitted

CODIFICATION
Sections 8721 to 8725 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation.

§§8721 to 8725. Omitted
Corporation. See note set out under section 8791 of this title.

SUBCHAPTER IV—FINANCIAL ASSISTANCE

§§ 8731 to 8740. Omitted

CODIFICATION
Sections 8731 to 8740 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

SUBCHAPTER V—CORPORATION CONSTRUCTION PROJECTS

§§ 8741 to 8745. Omitted

CODIFICATION
Sections 8741 to 8745 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

SUBCHAPTER VI—CAPITALIZATION AND FINANCE

§§ 8751 to 8755. Omitted

CODIFICATION
Sections 8751 to 8755 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

SUBCHAPTER VII—UNLAWFUL ACTS, PENALTIES, AND SUITS AGAINST THE CORPORATION

§§ 8761 to 8768. Omitted

CODIFICATION
Sections 8761 to 8768 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.
Section 8766, Pub. L. 96–294, title I, § 166, June 30, 1980, 94 Stat. 672, authorized an action for damages by Corporation in addition to penalties prescribed for violations.

SUBCHAPTER VIII—GENERAL PROVISIONS

§§ 8771 to 8780. Omitted

CODIFICATION
Sections 8771 to 8780 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.
**SUBCHAPTER IX—DISPOSAL OF ASSETS**

### §§ 8781, 8782. Omitted

**Codification**
Sections 8781 and 8782 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation.

### §§ 8789 to 8793. Omitted

**Codification**
Sections 8791 to 8793 were omitted from the Code in view of termination of United States Synthetic Fuels Corporation.

**Termination of United States Synthetic Fuels Corporation**

```
SEC. 7401. SHORT TITLE.
This subtitle may be cited as the 'Synthetic Fuels Corporation Act of 1985'.

SEC. 7402. CESSATION OF FINANCIAL ASSISTANCE AUTHORITY.

(a) Effective on the date of enactment of this Act [Apr. 7, 1986], the United States Synthetic Fuels Corporation (hereafter in this subtitle referred to as the 'Corporation') may not make any legally binding awards or commitments for financial assistance (including any changes in an existing award or commitment) pursuant to the Energy Security Act [Pub. L. 96–294; see Short Title note set out under section 8801 of this title] for synthetic fuel project proposals, except as otherwise permitted in this subtitle, in accordance with subtitle J of part B of title I of Energy Security Act [42 U.S.C. 8791 to 8793].

(b) Within 60 days of the date of enactment of this Act [Apr. 7, 1986], the Corporation shall terminate, except as otherwise provided in this subtitle, in accordance with subtitle J of part B of title I of Energy Security Act [42 U.S.C. 8791 to 8793].

SEC. 7404. DUTIES OF SECRETARY OF THE TREASURY.

(a) Within 60 days of the date of enactment of this Act [Apr. 7, 1986] (or earlier, in the event of absence of a Chairman of the Board of Directors of the Corporation), the Secretary of the Treasury shall assume the duties of the Chairman of the Board of Directors of the Corporation. The Secretary of the Treasury shall have the authority to negotiate and execute agreements modifying an existing contract relating to the production of synthetic crude oil from oil shale, entered into under the Defense Production Act Amendments of 1980 (Pub. L. 96–294, title I, part A, see Short Title of 1980 Amendment note set out under section 4501 of Title 50, War and National Defense) and subsequently transferred to the Secretary of the Treasury for administration, provided the terms and conditions of any modification(s) are revenue neutral or result in a fiscal savings to the United States Government, and in no event shall increase the financial exposure of the United States Government under the contract: Provided, however, That the Secretary of the Treasury shall have no authority to increase the total amount of funds originally authorized for the existing contract. And provided further, That the Secretary shall have no authority to negotiate and execute any agreement modifying the existing contract if such modification(s) would increase or accelerate the financial support per unit for the synthetic fuel to be produced under the contract.

(b) Notwithstanding any other provision of law, the duties and responsibilities of the Secretary of the Treasury under subtitle J of part B of title I of Energy Security Act [42 U.S.C. 8791 to 8793] may not be transferred to any other Federal department or agency.

(c) Notwithstanding such termination of the Corporation, the Advisory Committee established under section 123 of the Energy Security Act [42 U.S.C. 8719] shall remain in effect to advise the Secretary of the Treasury regarding the administration of any contract or obligation of the Corporation pursuant to subtitle J of part B of title I of such Act [42 U.S.C. 8731 to 8740].

(d) To the extent that the Secretary of the Treasury may be required to take an action under section 131(q) of the Energy Security Act [42 U.S.C. 8731(q)] in connection with an award or commitment of financial assistance under such Act [Pub. L. 96–294; see Short Title note set out under section 8801 of this title], the Secretary shall complete such action within 30 days of the date of enactment of this Act [Apr. 7, 1986].

SEC. 7405. SALARIES AND COMPENSATION RIGHTS.

(a) The Director of the Office of Personnel Management shall, before February 1, 1986, determine the amount of compensation or benefits which each Director, officer, or employee of the Corporation shall be legally entitled to under any contract as of the date of enactment of this Act [Apr. 7, 1986].

(b) Effective on the date of enactment of this Act [Apr. 7, 1986], no change in any Director, officer, or employee compensation or benefits shall be allowed or permitted, unless the Director of the Office of Personnel Management agrees that such change is reasonable.

(c) Effective on the date of enactment of this Act [Apr. 7, 1986]—

1. no officer or employee of the Corporation shall receive a salary in excess of the rate of basic pay payable for level IV of the Executive Schedule under title 5 of the United States Code; and

2. the Corporation shall not waive any requirements in its By-Laws which are necessary for a Director, officer, or employee to qualify for pension or termination benefits under the By-Laws and written personnel policies and procedures in effect on the date of enactment of this Act [Apr. 7, 1986].

SEC. 7406. REPORT TO THE CONGRESS.

The Corporation shall, within 60 days of the date of enactment of this Act [Apr. 7, 1986], transmit to the Committee on Energy and Natural Resources of the Senate and to the Committee on Energy and Commerce and Committee on Banking, Housing and Urban Affairs of the House of Representatives a report—
"(1) containing a review of implementation of its Phase I Business Plan dated February 19, 1985; and
"(2) fulfilling the requirements of section 126(b)(3) of the Energy Security Act (42 U.S.C. 8722(b)(3))."
Similar provisions were contained in Pub. L. 99-190, §101(d) [title II, §201], Dec. 19, 1985, 99 Stat. 1224, 1249.

SUBCHAPTER XI—DEPARTMENT OF THE TREASURY

§ 8795. Omitted

CODIFICATION

Section, Pub. L. 96–294, title I, § 195, June 30, 1980, 94 Stat. 682, which authorized appropriations to purchase corporate obligations and authorized public debt status for purchases and redemptions of corporate obligations, was omitted from the Code in view of termination of United States Synthetic Fuels Corporation. See note set out under section 8791 of this title.

CHAPTER 96—BIOMASS ENERGY AND ALCOHOL FuELS

Sec. 8801. Congressional findings.
8802. Definitions.
8803. Funding.
8804. Coordination with other authorities and programs.

SUBCHAPTER I—GENERAL BIOMASS ENERGY DEVELOPMENT

8811. Biomass energy development plans.
8812. Program responsibility and administration and effect on other programs.
8813. Insured loans.
8814. Loan guarantees.
8815. Price guarantees.
8816. Purchase agreements.
8817. General requirements regarding financial assistance.
8818. Reports.
8819. Review; reorganization.
8820. Office of Alcohol Fuels.
8821. Termination of authorities; modification of commitments for loan guarantees.

SUBCHAPTER II—MUNICIPAL WASTE BIOMASS ENERGY

8831. Municipal waste energy development plan.
8832. Construction loans.
8833. Guaranteed construction loans.
8834. Price support loans and price guarantees.
8835. General requirements regarding financial assistance.
8836. Financial assistance program administration.
8837. Commercialization demonstration program pursuant to Federal nonnuclear energy research and development.
8838. Jurisdiction of Department of Energy and Environmental Protection Agency.
8840. Termination of authorities.

SUBCHAPTER III—RURAL, AGRICULTURAL, AND FORESTRY BIOMASS ENERGY

8851. Model demonstration biomass energy facilities; establishment, public inspection, etc.; authorization of appropriations.
8852. Coordination of research and extension activities; consultative requirements.
8853. Lending for energy production and conservation projects by production credit associations, Federal land banks, and banks for cooperatives.
8854. Utilization of National Forest System in wood energy development projects.
8855. Forest Service leases and permits.

SUBCHAPTER IV—MISCELLANEOUS BIOMASS PROVISIONS

Sec. 8871. Use of gasohol in Federal motor vehicles.

§ 8801. Congressional findings

The Congress finds that—

(1) the dependence of the United States on imported petroleum and natural gas must be reduced by all economically and environmentally feasible means, including the use of biomass energy resources;

(2) a national program for increased production and use of biomass energy that does not impair the Nation’s ability to produce food and fiber on a sustainable basis for domestic and export use must be formulated and implemented within a multiple-use framework.

SHORT Title

Pub. L. 96–294, §1, June 30, 1980, 94 Stat. 611, provided: "That this Act [enacting chapters 95 to 97, and sections 6347, 7361 to 7364, 7371 to 7375, 8235 to 8235i, 8235j, 8281 to 8284, 8285 to 8285c, and 8286 to 8286b of this title, sections 1435 and 3129 of Title 7, Agriculture, sections 3601 to 3620 of Title 12, Banks and Banking, section 3391a of Title 15, Commerce and Trade, sections 1146, 1147, 1501, 1511 to 1516, 1521, 1522, 1531, 1541, and 1542 of Title 30, Mineral Lands and Mining, sections 4515 and 4516 of Title 50, War and National Defense, and sections 2085 to 2098 of the former Appendix to Title 50, amending sections 6240, 6862 to 6872, 8211, 8213, 8214, 8216, 8217, 8221, 8255, 8271, and 8274 to 8276 of this title, sections 341, 342, 3104, and 315n of Title 7, section 7430 of Title 9, Armed Forces, sections 1451, 1454, 1477, 1728, and 1728h of Title 12, section 755 of Title 15, sections 590h, 796, 824a–3, 824i, 824j, 1642, 2705, and 2708 of Title 16, Conservation, sections 1141 and 1143 of Title 30, sections 4502, 4531 to 4533, 4551, 4561, and 4564 of Title 50, repealing section 1723h of Title 12, and enacting provisions set out as notes under this section and sections 6240, 7371, 8211, 8235, 8701, and 8901 of this title, section 3601 of Title 12, section 2701 of Title 16, section 1501 of Title 30, and sections 4501 and 4502 of Title 50] may be cited as the 'Energy Security Act'.''

Pub. L. 96–294, title II, §201, June 30, 1980, 94 Stat. 683, provided that: "This title [enacting this chapter, sections 1435 and 3129 of Title 7, Agriculture, and section 3391a of Title 15, Commerce and Trade, and amending sections 341, 342, 3104, and 315n of Title 7, section 7430 of Title 9, Armed Forces, sections 1451, 1454, 1477, 1728, and 1728h of Title 12, section 755 of Title 15, sections 590h and 1642 of Title 16, Conservation] may be cited as the 'Biomass Energy and Alcohol Fuels Act of 1980.'""

§ 8802. Definitions

As used in this chapter—

(1) The term "alcohol" means alcohol (including methanol and ethanol) which is produced from biomass and which is suitable for use by itself or in combination with other substances as a fuel or as a substitute for petroleum or petrochemical feedstocks.

(A) The term "biomass" means any organic matter which is available on a renewable basis, including agricultural crops and agricultural wastes and residues, wood and wood wastes and residues, animal wastes, municipal wastes, and aquatic plants.

(B) For purposes of subchapter I, such term does not include municipal wastes; and for purposes of subchapter III, such term does not include aquatic plants and municipal wastes.

(2) a national program for increased production and use of biomass energy that does not impair the Nation’s ability to produce food and fiber on a sustainable basis for domestic and export use must be formulated and implemented within a multiple-use framework.
(3) The term "biomass fuel" means any gaseous, liquid, or solid fuel produced by conversion of biomass.

(4) The term "biomass energy" means—
(A) biomass fuel; or
(B) energy or steam derived from the direct combustion of biomass for the generation of electricity, mechanical power, or industrial process heat.

(5) The term "biomass energy project" means any facility (or portion of a facility) located in the United States which is primarily for—
(A) the production of biomass fuel (and by-products); or
(B) the combustion of biomass for the purpose of generating industrial process heat, mechanical power, or electricity (including cogeneration).

(6) The term "Btu" means British thermal unit.

(7) The term "cogeneration" means the combined generation by any facility of—
(A) electrical or mechanical power, and
(B) steam or forms of useful energy (such as heat) which are used for industrial, commercial, heating, or cooling purposes.

(8) The term "cooperative" means any agricultural association, as that term is defined in section 1141j(a) of title 12.

(9)(A) The term "construction" means—
(i) the construction or acquisition of any biomass energy project;
(ii) the conversion of any facility to a biomass energy project; or
(iii) the expansion or improvement of any biomass energy project which increases the capacity or efficiency of that facility to produce biomass energy.

(B) Such term includes—
(i) the acquisition of equipment and machinery for use in or at the site of a biomass energy project; and
(ii) the acquisition of land and improvements thereon for the construction, expansion, or improvement of such a project, or the conversion of a facility to such a project.

(C) Such term does not include the acquisition of any facility which was operated as a biomass energy project before the acquisition.

(10) The term "Federal agency" means any Executive agency, as defined in section 105 of title 5.

(11)(A) The term "financial assistance" means any of the following forms of financial assistance provided under this chapter, or any combination of such forms:
(i) loans,
(ii) loan guarantees,
(iii) price guarantees, and
(iv) purchase agreements.

(B) Such term includes any commitment to provide such assistance.

(12) The term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.] which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(13) The term "motor fuel" means gasoline, kerosene, and middle distillates (including diesel fuel).

(14)(A) The term "municipal waste" means any organic matter, including sewage, sewage sludge, and industrial or commercial waste, and mixtures of such matter and inorganic refuse—
(i) from any publicly or privately operated municipal waste collection or similar disposal system, or
(ii) from similar waste flows (other than such flows which constitute agricultural wastes or residues, or wood wastes or residues from wood harvesting activities or production of forest products).

(B) Such term does not include any hazardous waste, as determined by the Secretary of Energy for purposes of this chapter.

(15)(A) The term "municipal waste energy project" means any facility (or portion of a facility) located in the United States primarily for—
(i) the production of biomass fuel (and by-products) from municipal waste; or
(ii) the combustion of municipal waste for the purpose of generating steam or forms of useful energy, including industrial process heat, mechanical power, or electricity (including cogeneration).

(B) Such term includes any necessary transportation, preparation, and disposal equipment and machinery for use in or at the site of the facility involved.

(16) The term "Office of Alcohol Fuels" means the Office of Alcohol Fuels established under section 8820 of this title.

(17) The term "person" means any individual, company, cooperative, partnership, corporation, association, consortium, unincorporated organization, trust, estate, or any entity organized for a common business purpose, any State or local government (including any special purpose district or similar governmental unit) or any agency or instrumentality thereof, or any Indian tribe or tribal organization.

(18) The term "State" means any of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands.

(19) The term "small scale biomass energy project" means a biomass energy project with an anticipated annual production capacity of not more than 1,000,000 gallons of ethanol per year, or its energy equivalent of other forms of biomass energy.

§ 8803

TITLE 42—THE PUBLIC HEALTH AND WELFARE
Page 7178

§ 8803. Funding

(a) Authorization of appropriations

To the extent provided in advance in appropriation Acts, for the two-year period beginning October 1, 1980, there is authorized to be appropriated and transferred $1,170,000,000 from the Energy Security Reserve established in the Treasury of the United States under title II of the Act entitled “An Act making appropriations for the Department of the Interior and related agencies for the fiscal year ending September 30, 1980, and for other purposes” (Public Law 96–126; 93 Stat. 970) and made available for obligation by such Act only to the extent provided in advance in appropriation Acts, as follows:

(1) $460,000,000 to the Secretary of Agriculture for carrying out activities under subchapter I, except that the amount of the financial assistance provided by the Secretary of Agriculture under subchapter I, up to one-third shall be for small-scale biomass energy projects;

(2) $460,000,000 to the Secretary of Energy for carrying out biomass energy activities under subchapter I, of which at least $500,000,000 shall be available to the Office of Alcohol Fuels for carrying out its activities, and any amount not made available to the Office of Alcohol Fuels shall be available to the Secretary to carry out the purposes of subchapter I under available authorities of the Secretary, including authorities under subchapter I and any other modification to a contract for a loan, guarantee, or purchase agreement, shall be counted at the value determined by the Secretary concerned as of the date of each such contract based upon the Secretary’s determination as to whether such contract is to be provided to any one project, the obligation and commitment thereunder shall be counted at the maximum potential liability of the United States under the contract; and

(b) Availability of funds until expended

Funds made available under subsection (a) shall remain available until expended.

(c) Determinations respecting amount of appropriations remaining available

(1) For purposes of determining the amount of such appropriations which remain available for purposes of this chapter—

(A) loans shall be counted at the initial face value of the loan;

(B) loan guarantees shall be counted at the initial face value of such loan guarantee;

(C) price guarantees and purchase agreements shall be counted at the value determined by the Secretary concerned as of the date of each such contract based upon the Secretary’s determination as to whether such contract is to be provided to any one project, the obligation and commitment thereunder shall be counted at the maximum potential liability of the United States under the contract; and

(2) any increase in the liability of the United States pursuant to any amendment or other modification to a contract for a loan, guarantee, price guarantee, or purchase agreement, shall be counted to the extent of such increase.

(d) Financial assistance provided only to extent advanced in appropriation Acts

Financial assistance may be provided under this chapter only to the extent provided in advance in appropriation Acts.

References in Text

The Energy Security Reserve established in the Treasury of the United States under title II of the Act entitled “An Act making appropriations for the Department of the Interior and related agencies for the fiscal year ending September 30, 1980, and for other purposes” (Public Law 96–126; 93 Stat. 970), referred to in subsec. (a), was established by Pub. L. 96–126, title II, § 201, Nov. 27, 1979, 93 Stat. 970, which is set out as a note under section 8801 of this title.

Amendments

1981—Subsec. (a). Pub. L. 97–35, § 1063, substituted “$1,170,000,000” for “$1,450,000,000”.

Subsec. (a)(1). Pub. L. 97–35, § 1061, substituted “$460,000,000” for “$600,000,000”.

Subsec. (a)(2). Pub. L. 97–35, § 1062, substituted “$460,000,000” for “$600,000,000”.

§ 8804. Financial assistance for purposes of this chapter

(a) Loans shall be counted at the initial face value of the loan; loan guarantees shall be counted at the initial face value of such loan guarantee; price guarantees and purchase agreements shall be counted at the value determined by the Secretary concerned as of the date of each such contract based upon the Secretary’s determination as to whether such contract is to be provided to any one project, the obligation and commitment thereunder shall be counted at the maximum potential liability of the United States under the contract; and

(b) any increase in the liability of the United States pursuant to any amendment or other modification to a contract for a loan, guarantee, price guarantee, or purchase agreement, shall be counted to the extent of such increase.

(c) Financial assistance provided only to extent advanced in appropriation Acts

Financial assistance may be provided under this chapter only to the extent provided in advance in appropriation Acts.

This chapter, referred to in text, was in the original ‘‘this title’’, meaning title II of Pub. L. 96–294, June 30, 1980, 94 Stat. 683, known as the Biomass Energy and Alcohol Fuels Act of 1980, which is classified principally to this chapter. For complete classification of title II of the Code, see Short Title note set out under section 8801 of this title and Tables.

SUBCHAPTER I—GENERAL BIOMASS ENERGY DEVELOPMENT

§ 8811. Biomass energy development plans

(a) Plan respecting maximized production and use by December 31, 1982; preparation, transmission, etc.

Not later than 180 days after June 30, 1980, the Secretary of Agriculture and the Secretary of Energy shall jointly prepare, and transmit to the President and the Congress, a plan for maximizing in accordance with this subchapter biomass energy production and use. Such plan shall be designed to achieve a total level of alcohol production and use within the United States of at least 60,000 barrels per day of alcohol by December 31, 1982.

(b) Comprehensive plan respecting maximized production and use from January 1, 1983, to December 31, 1990; preparation, transmission, etc.

(1) Not later than January 1, 1982, the Secretary of Agriculture and the Secretary of Energy shall jointly prepare, and transmit to the President and the Congress, a comprehensive plan for maximizing in accordance with this subchapter biomass energy production and use, for the period beginning January 1, 1983, and ending December 31, 1990. Such plan shall be designed to achieve a level of alcohol production within the United States equal to at least 10 percent of the level of gasoline consumption within the United States as estimated by the Secretary of Energy for the calendar year 1990.

(2) The plan prepared under this subsection shall evaluate the feasibility of reaching the goals set forth in such subsection.

(c) Required guidelines

The plans prepared under subsections (a) and (b) shall each include guidelines for use in awarding financial assistance under this subchapter which are designed to increase, during the period covered by the plan, the amount of motor fuel displaced by biomass energy.

§ 8812. Program responsibility and administration and effect on other programs

(a) Duties and functions of Secretary of Agriculture and Secretary of Energy over projects

(1) Except as provided in paragraph (2), in the case of any financial assistance under this subchapter for a biomass energy project, the Secretary concerned shall be—

(A) the Secretary of Agriculture, in the case of any biomass energy project which will have an anticipated annual production capacity of less than 15,000,000 gallons of ethanol (or the energy equivalent of other forms of biomass energy) and which will use feedstocks other than aquatic plants; and

(B) the Secretary of Energy, in the case of any biomass energy project which will use aquatic plants as feedstocks or which will have an anticipated annual production capacity of 15,000,000 gallons or more of ethanol (or the energy equivalent of other forms of biomass energy).

(2)(A) Either the Secretary of Agriculture or the Secretary of Energy may be the Secretary concerned in the case of any biomass energy project which will have an anticipated annual production capacity of 15,000,000 gallons or more of ethanol (or the energy equivalent of other forms of biomass energy) and—

(i) which will use wood or wood wastes or residue, or

(ii) which is owned and operated by a cooperative and will use feedstocks other than aquatic plants.

(B) Financial assistance may not be provided by either Secretary under subparagraph (A) without the written concurrence of the other Secretary. Such concurrence shall be granted or denied by such Secretary in accordance with subparagraph (C) and on the same standards as that Secretary applies in making his own awards of financial assistance under this paragraph.

(C)(i) In the case of a project described in subparagraph (A), the Secretary concerned shall provide the other Secretary a copy of the application and such supporting information as may be material, and shall provide the other Secretary at least 15 days to review the project. If during such 15-day period the reviewing Secretary provides written notification to the Secretary concerned specifying reasons why such project should not proceed, the Secretary concerned shall defer the final decision on the application for an additional 30 days. During such 30-day period, both Secretaries shall attempt to reach agreement regarding all issues raised in the written notice. Before the end of the 30-day period, the reviewing Secretary shall notify the Secretary concerned of his decision regarding concurrence. If the reviewing Secretary fails to provide such notice before the end of such period, concurrence shall be deemed to have been given.

(ii) The project applicant may reapply for financial assistance for such project, after mak-
§ 8812

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7180

ing such modifications to the project as may be necessary to address issues raised by the reviewing Secretary in the original notice of objection. The subsequent review of such project by the reviewing Secretary shall be limited to the issues originally raised by the reviewing Secretary and any issues raised by changed circumstances.

(D) Both Secretaries may jointly act as the Secretary concerned in accordance with such procedures as the Secretaries may jointly prescribe, in which case—

(i) subparagraphs (B) and (C) and subsection (c) shall not apply, and

(ii) the proportion of financial assistance provided by each Secretary shall be determined in accordance with the procedures jointly prescribed.

(b) Procedural requirements applicable

(1) Each Secretary shall take such action as may be necessary to assure that—

(A) guidelines for soliciting and receiving applications for financial assistance are established within 90 days after June 30, 1980;

(B) applications for financial assistance for biomass energy projects are initially solicited within 30 days after such guidelines are established;

(C) additional applications for financial assistance are solicited within 1 year after the date of the initial solicitation;

(D) any application is evaluated and a decision made on such application within 120 days after the receipt of the application, including review under subsections (a)(2)(C), (a)(2)(D), or (c); and

(E) all interested persons are provided the easiest possible access to the application process, including procedures which assure that—

(i) information concerning financial assistance from either Secretary is available through all appropriate offices of the Department of Agriculture and the Department of Energy, and other regional and local offices of the Federal Government, as may be appropriate;

(ii) all such locations where such information is available will be able to accept and file applications, and will forward them to the Secretary concerned; and

(iii) the procedures established for accepting, evaluating, and awarding financial assistance will provide for categories of biomass energy projects, according to size and provide to the maximum extent practicable the simplest procedures for small producers.

(2) The procedural requirements of subparagraphs (A) through (D) of paragraph (1) shall not apply to either Secretary to the extent that the Secretary finds that other procedures are adopted for the solicitation, evaluation, and awarding of financial assistance which will result in applications being processed more expeditiously.

(c) Notice to and reviewing functions of other Secretary concerning application for financial assistance

(1) After evaluating any application and before awarding any financial assistance on the basis of that application, the Secretary concerned shall provide the other Secretary with—

(A) a copy of the application and such supporting material as may be appropriate, and

(B) an opportunity of not less than 15 days to review the application.

This subsection shall not apply in the case of a project subject to review under subsection (a)(2)(C).

(2) If the reviewing Secretary provides written notice specifying any issues regarding matters subject to the Secretary’s review to the Secretary concerned before the end of the 15-day review period, the Secretary concerned shall defer a final decision on the application for an additional 30 days to provide an opportunity for both Secretaries to answer and resolve such issues. At the expiration of the 30-day period, the Secretary concerned may make a final decision with respect to the application, using the best judgment of the Secretary concerned to resolve any remaining issues.

(3) Reviews of projects under the provisions of subsection (a)(2)(C) or paragraph (1)(B) by the Secretary of Agriculture shall be for the purpose of considering the national, regional, and local agricultural policy impacts of such project on agricultural supply, production, and use, and reviews by the Secretary of Energy under such provisions shall be for the purpose of considering national energy policy impacts and the technical feasibility of the project.

(4) The Secretary of Agriculture and the Secretary of Energy may jointly establish categories of projects to which paragraphs (1) and (2) shall not apply. Within 90 days after June 30, 1980, the Secretaries shall identify potential categories and make an initial determination of exempted categories.

(d) Notification of applicant upon disapproval of application for financial assistance

If any application for financial assistance under this subchapter is disapproved, the applicant shall be provided written notice of the reasons for the disapproval.

(e) Implementation of functions assigned to Secretary of Agriculture by administrative entities within Department of Agriculture; issuance of regulations; coordination of functions by designated entities

(1) The functions assigned under this subchapter to the Secretary of Agriculture may be carried out by any of the administrative entities in the Department of Agriculture which the Secretary of Agriculture may designate. Within 30 days after June 30, 1980, the Secretary of Agriculture shall make such designations and notify the Congress of the administrative entity or entities so designated and the officials in such administrative entity or entities who are to be responsible for such functions.

(2) The Secretary of Agriculture may issue such regulations as are necessary to carry out functions assigned to the Secretary of Agriculture under this subchapter.

(3) The entities or entity designated under paragraph (1) shall coordinate the administration of functions assigned to it under this subsection with any other biomass energy programs within the Department of Agriculture established under other provisions of law.
(f) Implementation of functions assigned to Secretary of Energy by Office of Alcohol Fuels

The functions under this subchapter which are assigned to the Secretary of Energy and which relate to alcohol production shall be carried out by the Office of Alcohol Fuels.

(g) Energy equivalency determinations respecting biomass energy and ethanol

For purposes of this subchapter, the quantity of any biomass energy which is the energy equivalent to 15,000,000 gallons of ethanol shall be prescribed jointly by the Secretary of Agriculture and the Secretary of Energy within 30 days after June 30, 1980.

§ 8813. Insured loans

(a) Authority of Secretary of Agriculture; maximum amount per project

Subject to sections 8812 and 8817 of this title, the Secretary of Agriculture may commit to make, and make, insured loans in amounts not to exceed $1,000,000 per project for the construction of small-scale biomass energy projects.

(b) Estimated project construction costs as determinative of initial and revised amount of loan; interest rate

(1) Any insured loan under this section—

   (A) may not exceed 90 per centum of the total estimated cost of construction of the biomass energy project involved, and

   (B) shall bear interest at rates determined by the Secretary of Agriculture, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus not to exceed one per centum, as determined by the Secretary of Agriculture, and adjusted to the nearest one-eighth of one per centum.

(2) In the event the total estimated costs of construction of the project thereafter exceed the total estimated costs initially determined by the Secretary of Agriculture, the Secretary may, upon application therefor, make an insured loan for so much of the additional estimated total costs as does not exceed 10 per centum of the total costs initially estimated.

(c) Funding requirements; “insured loan” defined

(1) The Secretary of Agriculture shall make insured loans under this section using, to the extent provided in advance in appropriations Acts, the Agricultural Credit Insurance Fund in section 309 of the Consolidated Farm and Rural Development Act [7 U.S.C. 1929] or the Rural Development Insurance Fund in section 309A of such Act [7 U.S.C. 1929a] (hereinafter in this section referred to as the “Funds”). The Secretary of Agriculture may not use an aggregate amount of funds to make or commit to make insured loans under this section in excess of the aggregate amount for insured loans and administrative costs appropriated and transferred under section 8803 of this title. The terms, conditions, and requirements applicable to such insured loans shall be in accordance with this subchapter.

(2) There shall be reimbursed to the Funds, from appropriations made under section 8803 of this title, amounts equal to the operating and administrative costs incurred by the Secretary of Agriculture in insuring loans under this section.

(3) Notwithstanding any provision of the Consolidated Farm and Rural Development Act [7 U.S.C. 1921 et seq.], no funds made available to the Secretary of Agriculture under this section for insured loans shall be used for any other purpose.

(4) For purposes of this section, the term “insured loan” means a loan which is made, sold, and insured.

(d) Preconditions

An insured loan may not be made under this section unless the applicant for such loan has established to the satisfaction of the Secretary that the applicant is unable without such a loan to obtain sufficient credit elsewhere at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms for loans for similar purposes and periods of time, to finance the construction of the biomass energy project for which such loan is sought.

References in Text

The Consolidated Farm and Rural Development Act, referred to in subsec. (c)(3), is title III of Pub. L. 87–128, Aug. 8, 1961, 75 Stat. 307, as amended, which is classified principally to chapter 50 (§1921 et seq.) of Title 7, Agriculture. For complete classification of this Act to the Code, see Short Title note set out under section 1921 of Title 7 and Tables.

§ 8814. Loan guarantees

(a) Authority of Secretary concerned

Subject to sections 8812 and 8817 of this title, the Secretary concerned may commit to guarantee, and guarantee, against loss of principal and interest, loans which are made to provide funds for the construction of biomass energy projects.

(b) Estimated project construction costs as determinative of initial and revised amount of guarantee

(1) Any guarantee of a loan under this section may not exceed 90 per centum of the cost of the construction of the biomass energy project involved, as estimated by the Secretary on the date of the guarantee or commitment to guarantee.

(2) In the event the construction costs of the project are thereafter estimated by the Secretary concerned to exceed the construction costs initially estimated by the Secretary, the Secretary may in addition, upon application therefor, guarantee, against loss of principal and interest, a loan for up to 60 per centum of the difference between the construction costs then estimated and the construction costs initially estimated.
(c) Debt obligation; ineligibility for purchase, etc., by Federal Financing Bank or any Federal agency

Notwithstanding the provisions of the Federal Financing Bank Act of 1973 (12 U.S.C. 2281 et seq.) or any other provision of law (except as may be specifically provided by reference to this subsection in any Act enacted after June 30, 1980), no debt obligation which is guaranteed or committed to be guaranteed by the Secretary of Agriculture or the Secretary of Energy under this section shall be eligible for purchase by, or commitment to purchase by, or sale or issuance to, the Federal Financing Bank or any Federal agency.

(d) Terms and conditions

The terms and conditions of loan guarantees under this section shall provide that, if the Secretary concerned makes a payment of principal or interest upon the default by a borrower, the Secretary shall be subrogated to the rights of the recipient of such payment (and such subrogation shall be expressly set forth in the loan guarantee or related agreements).

(e) Termination, cancellation, or revocation, and conclusive nature of guarantee

Any loan guarantee under this section shall not be terminated, canceled, or otherwise revoked, except in accordance with the terms thereof and shall be conclusive evidence that such guarantee complies fully with the provisions of this chapter and of the approval and legality of the principal amount, interest rate, and all other terms of the securities, obligations, or loans and of the guarantee.

(f) Payment to lender

If the Secretary concerned determines that—

(1) the borrower is unable to meet payments and is not in default,

(2) it is in the public interest to permit the borrower to continue with such project, and

(3) the probable net benefit to the United States in paying the principal and interest due under the loan will be greater than that which would result in the event of a default,

then the Secretary may pay to the lender under a loan guarantee agreement an amount not greater than the principal and interest which the borrower is obligated to pay to such lender, if the borrower agrees to reimburse the Secretary for such payment on terms and conditions, including interest, which the Secretary determines are sufficient to protect the financial interests of the United States.

(g) Preconditions

(1) A loan may not be guaranteed under this section unless the applicant for such loan has established to the satisfaction of the Secretary concerned that the lender is not willing without such a guarantee to extend credit to the applicant at reasonable rates and terms, taking into consideration prevailing rates and terms for loans for similar purposes and periods of time, to finance the construction of the biomass energy project for which such loan is sought.

(2) The Secretary concerned shall ensure that the lender bears a reasonable degree of risk in the financing of such project.

This chapter, referred to in subsec. (e), was in the original "this title", meaning title II of Pub. L. 96–294, June 30, 1980, 94 Stat. 681, known as the Biomass Energy and Alcohol Fuels Act of 1980, which is classified principally to this chapter. For complete classification of title II to the Code, see Short Title note set out under section 8801 of this title and Tables.

DEFRAULTED LOANS UNDER DEPARTMENT OF ENERGY ALCOHOL FUELS LOAN GUARANTEE PROGRAM; SALE OF ASSETS; UNOBLIGATED FUNDS

"Notwithstanding 31 U.S.C. 3302, funds derived from the sale of assets as a result of defaulted loans made under the Department of Energy Alcohol Fuels Loan Guarantee program, or any other funds received in connection with this program, shall hereafter be credited to the Biomass Energy Development account, and shall be available solely for payment of the guaranteed portion of defaulted loans and associated costs of the Department of Energy Alcohol Fuels Loan Guarantee program for loans guaranteed prior to January 1, 1987."

"Unobligated balances available in the 'Alternative fuels production' account may hereafter be used for payment of the guaranteed portion of defaulted loans and associated costs of the Department of Energy Alcohol Fuels Loan Guarantee program for loans guaranteed prior to January 1, 1987.

"Unobligated balances available in the 'Alternative fuels production' account may hereafter be used for payment of the guaranteed portion of defaulted loans and associated costs of the Department of Energy Alcohol Fuels Loan Guarantee program for loans guaranteed prior to January 1, 1987. Provided further, That such funds shall be used only after the unobligated balance in the Department of Energy Alcohol Fuel Loan Guarantee reserve has been exhausted."

§8815. Price guarantees

(a) Authority of Secretary concerned; minimum sales price

Subject to sections 8812 and 8817 of this title, the Secretary concerned may commit to guarantee, and guarantee, that the price that the owner or operator of any biomass energy project will receive for all or part of the production from that project shall not be less than a specified sales price determined as of the date of execution of the price guarantee or commitment to guarantee.

(b) Cost-plus arrangements as basis

(1) No price guarantee under this section may be based upon a cost-plus arrangement, or variant thereof, which guarantees a profit to the owner or operator involved.

(2) The use of a cost-of-service pricing mechanism by a person pursuant to law, or by a regulatory body establishing rates for a regulated person, shall not be deemed to be a cost-plus arrangement, or variant thereof, for purposes of paragraph (1).
(c) Maximum dollar amount of liability of United States

Each price guarantee, or commitment to guarantee, which is made under this section shall specify the maximum dollar amount of liability of the United States under that guarantee.

(d) Renegotiation of sales price and maximum liability

If the Secretary determines, in the discretion of the Secretary, that—
(1) a biomass energy project would not otherwise be satisfactorily completed or continued, and
(2) completion or continuation of such project would be necessary to achieve the purposes of this chapter,
the sales price set forth in the price guarantee, and maximum liability under such guarantee, may be renegotiated.

§8816. Purchase agreements

(a) Authority of Secretary concerned; consultative requirements

Subject to sections 8812 and 8817 of this title, the Secretary concerned may commit to make, and make, purchase agreements for all or part of the biomass energy production of any biomass energy project, if the Secretary determines—
(1) that such biomass energy is of a type, quantity, and quality that can be used by Federal agencies; and
(2) that the quantity of such biomass energy, if delivery is accepted, would not exceed the likely needs of Federal agencies.

Each Secretary concerned shall consult with the other Secretary before making any determination under paragraph (2).

(b) Maximum sales price

The sales price specified in a purchase agreement under this section may not exceed the estimated prevailing market price as of the date of delivery, as determined by the Secretary of Energy, unless the Secretary concerned determines that such sales price must exceed the estimated prevailing market price in order to ensure the production of biomass energy to achieve the purposes of this chapter.

(c) Assurances required

The Secretary concerned in entering into, or committing to enter into, a purchase agreement under this section shall require—
(1) assurances that the quality of the biomass energy purchased will meet standards for the use for which such energy is purchased;
(2) assurances that the ordered quantities of such energy will be delivered on a timely basis; and
(3) such other assurances as may reasonably be required.

(d) Arrangements for delivery pursuant to agreement; charge to Federal agency receiving delivery

The Secretary concerned may take delivery of biomass energy pursuant to a purchase agreement under this section if appropriate arrangements have been made for its distribution to and use by one or more Federal agencies. Any Federal agency receiving such energy shall be charged (in accordance with otherwise applicable law), from sums appropriated to such Federal agency, for the prevailing market price as of the date of delivery, as determined by the Secretary of Energy, for the product which the biomass energy is replacing.

(e) Consultative requirements

The Secretary concerned shall consult with the Secretary of Defense and the Administrator of the General Services Administration in carrying out this section.

(f) Terms and conditions

Each purchase agreement, and commitment to enter into a purchase agreement, under this section shall provide that the Secretary concerned retains the right to refuse delivery of the biomass energy involved upon such terms and conditions as shall be specified in the purchase agreement.

(g) Maximum dollar amount of liability of United States

Each purchase agreement, or commitment to enter into a purchase agreement, which is made under this section shall specify the maximum dollar amount of liability of the United States under that agreement.

(h) Renegotiation of sales price and maximum liability

If the Secretary concerned determines, in the discretion of the Secretary, that—
(1) a biomass energy project would not otherwise be satisfactorily completed or continued, and
(2) completion or continuation of such project would be necessary to achieve the purposes of this chapter,
the sales price set forth in the purchase agreement, and maximum liability under such agreement, may be renegotiated.

References in Text

This chapter, referred to in subsec. (d)(2), was in the original “this title”, meaning title II of Pub. L. 96–294, June 30, 1980, 94 Stat. 693, known as the Biomass Energy and Alcohol Fuels Act of 1980, which is classified principally to this chapter. For complete classification of title II to the Code, see Short Title note set out under section 8801 of this title and Tables.

§8817. General requirements regarding financial assistance

(a) Priorities, terms, availability, etc.

(1) Priority for financial assistance under this subchapter, and the most favorable financial
terms available, shall be provided to a person for any biomass energy project that—
(A) uses a primary fuel other than petroleum or natural gas in the production of biomass fuel, such as geothermal energy resources, solar energy resources, or waste heat; or
(B) applies new technologies which expand the possible feedstocks, produces new forms of biomass energy, or produces biomass fuel using improved or new technologies.

Nothing in this paragraph shall be construed to exclude financial assistance for any project which does not use such a fuel or apply such a technology.

(2)(A) Financial assistance under this subchapter shall be available for a biomass energy project only if the Secretary concerned finds that the Btu content of the motor fuels to be used in the facility involved to produce the biomass fuel will not exceed the Btu content of the biomass fuel produced in the facility.

(B) In making the determination under subparagraph (A), the Secretary concerned shall take account any displacement of motor fuel or other petroleum products which the applicant has demonstrated to the satisfaction of the Secretary would result from the use of the biomass fuel produced in the facility involved.

(3) No financial assistance may be provided under this subchapter to any person for any biomass energy project if the Secretary concerned finds that the process to be used by the project will not extract the protein content of the feedstock for utilization as food or feed for readily available markets in any case in which to do so would be technically and economically practicable.

(4) Financial assistance may not be provided under this subchapter to any person unless the Secretary concerned—

(A) finds that necessary feedstocks are available and it is reasonable to expect they will continue to be available in the future, and, for biomass energy projects using wood or wood wastes or residues from the National Forest System, there shall be taken into account current levels of use by then existing facilities;

(B) has obtained assurance that the person receiving such financial assistance will bear a reasonable degree of risk in the construction and operation of the project; and

(C) has determined that the amount of financial assistance provided for the project is not greater than is necessary to achieve the purposes of this chapter.

(5) In providing financial assistance under this subchapter, the Secretary concerned shall give due consideration to promoting competition.

(6) In determining the amount of financial assistance for any biomass energy project which will yield byproducts in addition to biomass energy, the Secretary shall consider the potential value of such byproducts and the costs attributable to their production.

(b) Terms, conditions, maturity, etc., for insured loans, and loan guarantees

An insured loan may not be made, and a loan guarantee may not be issued, under this subchapter unless the Secretary concerned determines that the terms, conditions, maturity, security, and schedule and amounts of repayments with respect to such loan are reasonable and meet such standards as the Secretary determines are sufficient to protect the financial interests of the United States.

(c) Application requirements

(1) No financial assistance may be provided to any person under this subchapter unless an application therefor—

(A) has been submitted to the Secretary concerned by that person in such form and under such procedures as the Secretary shall prescribe, consistent with the requirements of this subchapter; and

(B) has been approved by the Secretary in accordance with such procedures.

(2) Each such application shall include information regarding the construction costs of the biomass energy project involved, and estimates of operating costs and income relating to that project (including the sale of any byproducts from that project). In addition, each applicant shall provide—

(A) access at reasonable times to such other information, and

(B) such assurances,
as the Secretary concerned may require.

(d) Reports and recordkeeping

(1) Every recipient of financial assistance under this subchapter shall, as a condition precedent thereto, consent to such examinations and reports regarding the biomass energy project involved as the Secretary concerned may require.

(2) With respect to each biomass energy project for which financial assistance is provided under this subchapter, the Secretary shall—

(A) require from the recipient of financial assistance such reports and records relating to that project as the Secretary deems necessary;

(B) prescribe the manner in which such recipient shall keep such records; and

(C) have access to such records at reasonable times for the purpose of ensuring compliance with the terms and conditions upon which financial assistance is provided.

(e) Contracts and instruments of Secretary concerned backed by full faith and credit of United States

All contracts and instruments of the Secretary concerned backed by full faith and credit of the United States.

(f) Contestability of contracts

Subject to the conditions of any contract for financial assistance, such contract shall be incontestable in the hands of the holder, except as to fraud or material misrepresentation on the part of the holder.

(g) Fees for loan guarantees, etc.

(1) A fee or fees may be charged and collected by the Secretary concerned for any loan guarantee, price guarantee, or purchase agreement provided under this subchapter.

42 USC § 8817
(2) The amount of such fee shall be based on the estimated administrative costs and risk of loss, except that such fee may not exceed 1 per centum of the amount of the financial assistance provided.

(h) Deposit of amounts received by Secretary concerned

All amounts received by the Secretary of Agriculture or the Secretary of Energy as fees, interest, repayment of principal, and any other moneys received by either Secretary from activities under this subchapter shall be deposited in the Treasury of the United States as miscellaneous receipts. The preceding sentence shall not apply to insured loans made under section 8813 of this title.

§ 8818. Reports

(b) Comprehensive list of loans, grants, etc.

Within 120 days after June 30, 1980, the Secretary of Agriculture and the Secretary of Energy shall submit to the Congress a comprehensive list of all the types of loans, grants, incentives, rebates, or any other such private, State, or Federal economic or financial benefits now in effect or proposed which can be or have been used for production of alcohol to be used as a motor fuel or petroleum substitute.

(c) Annual reports; report evaluating overall impact and plan for termination of Office of Alcohol Fuels

(1)(A) The Office of Alcohol Fuels shall submit to the Congress and the President annual reports containing a general description of the Office’s operations during the year and a description and evaluation of each biomass energy project for which financial assistance by the Office is then in effect.

(B) Each annual report shall describe progress made toward meeting the goals of this subchapter and contain specific recommendations on what actions the Congress could take in order to facilitate the work of the Office in achieving such goals.

(C) Each annual report under this subsection shall contain financial statements prepared by the Office.

(2) On or before September 30, 1990, the Office shall submit to the Congress and the President a report evaluating the overall impact made by the Office and describing the status of each biomass energy project which has received financial assistance under this subchapter from the Office. Such report shall contain a plan for the termination of the work of the Office.

AMENDMENTS

1986—Subsec. (a). Pub. L. 99–386 struck out subsec. (a) which related to submission of quarterly reports to the President and Congress by Secretary of Agriculture and Secretary of Energy.

§ 8819. Review; reorganization

(a) The President shall review periodically the progress of the Secretary of Agriculture and the Secretary of Energy in carrying out the purposes of this subchapter.

(b) If the President determines it necessary in order to achieve such purposes the President may, in accordance with the provisions of chapter 9 of title 5, provide for a reorganization, including any required realignment of the respective programs of the Secretaries under this subchapter.

§ 8820. Office of Alcohol Fuels

(a) Establishment in Department of Energy; appointment and compensation of Director

There is hereby established within the Department of Energy an Office of Alcohol Fuels (hereinafter in this section referred to as the “Office”) to be headed by a Director, who shall be appointed by the President, by and with the advice and consent of the Senate, and who shall be compensated at the rate provided for level IV of the Executive Schedule under section 5315 of title 5.

(b) Responsibilities of Director

(1) The Director shall be responsible for carrying out the functions of the Secretary of Energy under this subchapter which relate to alcohol, including the terms and conditions of financial assistance and the selection of recipients for that assistance, subject to the general supervision of the Secretary of Energy.

(2) The Director shall be responsible directly to the Secretary of Energy.

(c) Annual authorization and appropriation requests for support of Office

In each annual authorization and appropriation request, the Secretary shall identify the portion thereof intended for the support of the Office and include a statement by the Office (1) showing the amount requested by the Office in its budgetary presentation to the Secretary and the Office of Management and Budget and (2) an assessment of the budgetary needs of the Office. Whenever the Office submits to the Secretary, the President, or the Office of Management and Budget, any formal legislative recommendation
or testimony, or comments on legislation, prepared for submission to Congress, the Office shall concurrently transmit a copy thereof to the appropriate committees of Congress.

(d) Consultations respecting coordination of programs

The Secretary of Energy, after consultation with the Director, shall consult with the Secretary of the Treasury, the Secretary of Agriculture, the Secretary of Transportation, the Secretary of Commerce, the Administrator of the Community Services Administration, the Administrator of the Environmental Protection Agency, or their appointed representatives, in order to coordinate the programs under the Director’s responsibility with other programs within the Department of Energy and in such Federal agencies, which are related to the production of alcohol.

COMMUNITY SERVICES ADMINISTRATION

§ 8821. Termination of authorities; modification of terms and conditions of conditional commitments for loan guarantees

No insured loan, loan guarantee, price guarantee, or purchase agreement may be committed to or made under this subchapter after September 30, 1984, except that all conditional commitments for loan guarantees under this subchapter which were in existence on September 30, 1984, are hereby extended through June 30, 1987. This section shall not be construed to affect the authority of the Secretary concerned to spend funds after such date pursuant to any contract for financial assistance made on or before that date under this subchapter. Notwithstanding any other provision of this subchapter, the Secretary of Energy may modify the terms and conditions of any conditional commitment for a loan guarantee under this subchapter made before October 1, 1984, including the amount of the loan guarantee. Nothing in this section shall be interpreted as indicating Congressional approval with respect to any pending conditional commitments under this Act.

Codification

AMENDMENTS

1987—For amendment by Pub. L. 100–202, see 1985 Amendment note below.

Pub. L. 99–272 made amendment substantially identical to that by Pub. L. 99–190, substituting “through June 30, 1986” for “through September 30, 1985” and inserting provisions authorizing the Secretary of Energy to modify the terms and conditions of any conditional commitment for a loan guarantee under this subchapter made before Oct. 1, 1984, including the amount of the guarantee, and further providing that nothing in this section shall be interpreted as indicating Congressional approval with respect to any pending conditional commitments.

1985—Pub. L. 99–190, § 101(a), as enacted by Pub. L. 100–202, substituted “through June 30, 1986” for “through September 30, 1985” and inserted provisions authorizing the Secretary of Energy to modify the terms and conditions of any conditional commitment for a loan guarantee under this subchapter made before Oct. 1, 1984, including the amount of the guarantee, and further providing that nothing in this section shall be interpreted as indicating Congressional approval with respect to any pending conditional commitments. See Codification note above.

Pub. L. 99–24 inserted “, except that all conditional commitments for loan guarantees under this subchapter which were in existence on September 30, 1984, are hereby extended through September 30, 1985”.

Effective Date of 1985 Amendment

Pending Conditional Commitments

Pub. L. 99–24, § 1(b), Apr. 16, 1985, 99 Stat. 50, provided that: “Enactment of this Act [amending this section] shall not be interpreted as indicating congressional approval with respect to any pending conditional commitments under this Act.”

SUBCHAPTER II—MUNICIPAL WASTE

$ 8831. Municipal waste energy development plan

(a) Preparation by Secretary of Energy; consultative requirements

The Secretary of Energy shall prepare a comprehensive plan for carrying out this subchapter. In the preparation of such plan, the Secretary shall consult with the Administrator of the Environmental Protection Agency, the Secretary of Commerce, and the head of such other Federal agencies as the Secretary deems appropriate.
(b) Transmittal to President and Congress
Not later than 90 days after June 30, 1980, the Secretary shall transmit the comprehensive plan to the President and the Congress.

(c) Required statements
The comprehensive plan under this section shall include a statement setting forth—

1. the anticipated research, development, demonstration, and commercialization objectives to be achieved;
2. the management structure and approach to be adopted to carry out such plan;
3. the program strategies, including detailed milestone goals to be achieved;
4. the specific funding requirements for individual program elements and activities, including the total estimated construction costs of proposed projects; and
5. the estimated relative financial contributions of the Federal Government and non-Federal participants in the program.

(d) Report to President and Congress; contents
Not later than January 1, 1982, the Secretary shall prepare and submit to the President and the Congress a report containing a complete description of any financial, institutional, environmental, and social barriers to the development and application of technologies for the recovery of energy from municipal wastes.

§ 8832. Construction loans

(a) Authority of Secretary of Energy
Subject to sections 8835 and 8836 of this title, the Secretary of Energy may commit to make, and make, loans for the construction of municipal waste energy projects.

(b) Estimated project construction costs as determinative of initial and revised amount of loan; interest rate

1. Any loan under this section—
   A. may not exceed 80 per centum of the total estimated cost of the construction of the municipal waste energy project involved, and
   B. shall bear interest at a rate determined by the Secretary of Energy (taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans) plus not to exceed one per centum, as determined by the Secretary of Energy, and adjusted to the nearest one-eighth of one per centum.

2. In the event the total estimated costs of construction of the project thereafter exceed the total estimated costs initially determined by the Secretary of Energy, the Secretary may in addition, upon application therefor, make a loan for so much of the additional estimated costs as does not exceed 10 per centum of the initial total estimated costs of construction.

(c) Preconditions
A loan may not be made under this section unless the person applying for such loan has established to the satisfaction of the Secretary of Energy that the applicant is unable without such a loan to obtain sufficient credit elsewhere at reasonable rates and terms, taking into consideration prevailing market rates and terms for loans for similar periods of time, to finance the construction of the project for which such loan is sought.

§ 8833. Guaranteed construction loans

(a) Authority of Secretary of Energy
Subject to sections 8835 and 8836 of this title, the Secretary of Energy may commit to guarantee, and guarantee, against loss on up to 90 per centum of the principal and interest, any loan which is made solely to provide funds for the construction of a municipal waste energy project and which does not exceed 90 per centum of the cost of the construction of the project involved, as estimated by the Secretary on the date of the guarantee or commitment to guarantee.

(b) Estimated project construction costs as determinative of revised amount of guarantee
In the event the total estimated costs of construction of the project thereafter exceed the total estimated costs initially determined by the Secretary of Energy, the Secretary may in addition, upon application therefor, guarantee, against loss on up to 90 per centum of the principal and interest, a loan for so much of the additional estimated total costs as does not exceed 10 per centum of the total estimated costs.

(c) Terms and conditions
The terms and conditions of loan guarantees under this section shall provide that, if the Secretary of Energy makes a payment of principal or interest upon the default by a borrower, the Secretary shall be subrogated to the rights of the recipient of such payment (and such subrogation shall be expressly set forth in the loan guarantee or related agreements).

(d) Termination, cancellation, or revocation, and conclusive nature of guarantee
Any loan guarantee under this section shall not be terminated, canceled, or otherwise revoked, except in accordance with the terms thereof and shall be conclusive evidence that such guarantee complies fully with the provisions of this chapter and of the approval and legality of the principal amount, interest rate, and all other terms of the securities, obligations, or loans and of the guarantee.

(e) Payment to lender
If the Secretary of Energy determines that—
1. the borrower is unable to meet payments and is not in default,
2. it is in the public interest to permit the borrower to continue to pursue the purposes of such project, and
3. the probable net benefit to the United States in paying the principal and interest due under a loan guarantee agreement will be greater than that which would result in the event of a default,
then the Secretary may pay to the lender under a loan guarantee agreement an amount not greater than the principal and interest which the borrower is obligated to pay to such lender, if the borrower agrees to reimburse the Secretary for such payment on terms and conditions, including interest, which the Secretary determines are sufficient to protect the financial interests of the United States.

(f) Preconditions

A loan may not be guaranteed under this section unless the applicant for such loan has established to the satisfaction of the Secretary of Energy that the lender is not willing without such a guarantee to extend credit to the applicant at reasonable rates and terms, taking into consideration prevailing market rates and terms for loans for similar periods of time, to finance the construction of the project for which such loan is sought.

(g) Payment of interest; tax consequences

(1) With respect to any loan or debt obligation which is—

(A) issued after June 30, 1980, by, or on behalf of, any State or any political subdivision or governmental entity thereof,

(B) guaranteed by the Secretary of Energy under this section, and

(C) not supported by the full faith and credit of the issuer as a general obligation of the issuer,

the interest paid on such obligation and received by the purchaser thereof (or the purchaser’s successors in interest) shall be included in gross income for the purposes of chapter 1 of title 26.

(2) With respect to the amount of obligations described in paragraph (1) that the issuer would have been able to issue as tax exempt obligations (other than obligations secured by the full faith and credit of the issuer as a general obligation of the issuer), the Secretary of Energy is authorized to pay only to the issuer any portion of the interest on such obligations, as determined (in accordance with paragraph (3)) by the Secretary of Energy, and adjusted to the nearest one-eighth of one per centum.

(h) Fees

(1) A fee or fees may be charged and collected by the Secretary of Energy for any loan guaranteed under this section.

(2) The amount of such fee shall be based on the estimated administrative costs and risk of loss, except that such fee may not exceed 1 per centum of the maximum of the guarantee.

§ 8834. Price support loans and price guarantees

(a) Authority of Secretary of Energy with respect to loans for existing projects; disbursements, etc.

(1) In the case of any existing municipal waste energy project which produces and sells biomass energy, the Secretary of Energy may commit to make, and make, a price support loan in amounts determined under paragraph (3) for the operation of such project. Payments under any such loan shall be disbursed on an annual basis, as determined (in accordance with paragraph (3)) on the basis of the amount of biomass energy produced and sold by that project during the 12-month period involved and the type and cost of fuel displaced by the biomass energy sold.

(2)(A) In the case of any support loan under this section for an existing municipal waste energy project—

(i) disbursements under such loan may not be made for more than 5 consecutive 12-month periods;

(ii) the amount of the disbursement for the second and any subsequent 12-month period for which disbursements are to be made under the support loan shall be reduced by an amount determined by multiplying the amount calculated under paragraph (3) by a factor determined by dividing the number of 12-month periods for which disbursements are made under the support loan into the number of such periods which have elapsed;

(iii) commencing at the end of the last of such 12-month periods, the support loan shall be repayable over a period equal to the then remaining useful life of the project (as determined by the Secretary) or 10 years, whichever is shorter; and

(iv) commencing at the end of such last 12-month period, such loan shall bear interest at a rate determined by the Secretary of Energy (taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans) plus not to exceed one per centum, as determined by the Secretary of Energy, and adjusted to the nearest one-eighth of one per centum.

(3) The amount of the loan payment to be disbursed under this subsection for any year with respect to each type of biomass energy produced and sold by an existing municipal waste energy project shall be equal to—

1 So in original. No subpar. (B) has been enacted.
(A)(i) the standard support price reduced by the cost of the fuel displaced by the biomass energy sold, or (ii) $2.00, whichever is lower, multiplied by
(B) the amount of such biomass energy sold (in millions of Btu’s).

(b) Authority of Secretary of Energy with respect to loans for new projects; disbursements, etc.

(1) In the case of any new municipal waste energy project which produces and sells biomass energy, the Secretary of Energy may commit to make, and make, a price support loan in amounts determined in accordance with the provisions of subsection (a), except as provided in paragraph (2).

(2) In the case of any loan under this subsection for a new municipal waste energy project—
(A) disbursements under such loan may not be made for more than 7 consecutive 12-month periods (with reductions as provided in subsection (a)(2)(A)(ii));
(B) such loan shall bear interest at a rate not in excess of the rate prescribed under subsection (a); and
(C) the principal of or interest on such loan shall, in accordance with the support loan agreement, be repayable, commencing at the end of the last 12-month period covered by the support loan, over a period not in excess of the period equal to the then remaining useful life of the project (as determined by the Secretary) or 15 years, whichever is shorter.

c) Authority of Secretary of Energy with respect to guarantees for new projects; pricing determinations, etc.

(1) In the case of any new municipal waste energy project which produces and sells biomass energy, the Secretary of Energy may commit to make, and make, a price guarantee for the operation of such project which guarantees that the price the owner or operator will receive for all electricity, the term “standard support price” means the average price (per million Btu’s) for No. 6 fuel oil imported into the United States on June 30, 1980, as determined, by rule, by the Secretary of Energy not later than 90 days after June 30, 1980. (B) In any case in which the fuel displaced is No. 6 fuel oil or any higher grade of petroleum (as determined by the Secretary of Energy), the term “standard support price” means 125 per centum of the price determined by rule under subparagraph (A).

(C) In any case in which biomass energy produced and sold by a project is steam or electricity, the term “standard support price” means the price determined by rule under subparagraph (A), subject to such adjustments as the Secretary of Energy may authorize by rule.

(5) The term “cost of the fuel displaced” means the cost of the fuel (per million Btu’s) which the purchaser of biomass energy would have purchased if the biomass energy had not been available for sale to that purchaser.

(6) Any biomass energy produced by a municipal waste energy project which may be retained for use by the owner or operator of such project shall be considered to be sold at such price as the Secretary of Energy determines.

(7) Not later than 90 days after June 30, 1980, the Secretary of Energy shall prescribe, by rule, the manner of determining the fuel displaced by the sale of any biomass energy, and the price of the fuel displaced.

§ 8835. General requirements regarding financial assistance

(a) Priorities, terms, availability, etc.

(1) Priority for financial assistance under the provisions of sections 8832, 8833, and 8834 of this title and the most favorable financial terms available, shall be provided for any municipal waste energy project that will—
(A) produce a liquid fuel from municipal waste; or
(B) will displace petroleum or natural gas as a fuel.

(2)(A) With respect to projects producing biomass energy other than biomass fuel, financial assistance under the provisions of sections 8832,
8833, and 8834 of this title shall be available only if the Secretary of Energy finds that the project does not use petroleum or natural gas except for flame stabilization or start-up.

(B) With respect to projects producing biomass fuel, financial assistance under such provisions shall be available to such project only if the Secretary of Energy finds that the Btu content of the biomass fuel produced substantially exceeds the Btu content of any petroleum or natural gas used in the project to produce the biomass fuel.

(3) Financial assistance may not be provided under section 8832, 8833, or 8834 of this title unless the Secretary of Energy finds that necessary municipal waste feedstocks are available and it is reasonable to expect they will continue to be available for the expected economic life of the project.

(4) In providing financial assistance under section 8832, 8833, or 8834 of this title, the Secretary of Energy shall give due consideration to promoting competition.

(5) In determining the amount of financial assistance for any municipal waste energy project which will yield byproducts in addition to biomass energy, the Secretary shall consider the value of such byproducts and the costs attributable to their production.

(6) The Secretary of Energy shall not provide financial assistance under section 8832, 8833, or 8834 of this title for any municipal waste energy unless the Secretary determines that:

(A) the project will be technically and economically viable;

(B) the financial assistance provided encourages and supplements, but does not compete with nor supplant, any private capital investment which otherwise would be available to the proposed municipal waste energy project on reasonable terms and conditions which would permit such project to be undertaken;

(C) assurances are provided that the project will not use, in any substantial quantities, waste paper which would otherwise be recycled for a use other than as a fuel and will not substantially compete with facilities in existence on the date of the financial assistance which are engaged in the separation or recovery of reusable materials from municipal waste; and

(D) that the amount of financial assistance provided for the project is not greater than is necessary to achieve the purposes of this chapter.

(b) Terms, conditions, maturity, etc.

Financial assistance may not be provided under section 8832, 8833, or 8834 of this title unless the Secretary of Energy determines that—

(1) the terms, conditions, maturity, security and schedule and amounts of repayments with respect to such assistance are reasonable and meet such standards as the Secretary determines are sufficient to protect the financial interests of the United States; and

(2) the person receiving such financial assistance will bear a reasonable degree of risk with respect to the project.

(c) Application requirements

(1) No financial assistance may be provided to any person under section 8832, 8833, or 8834 of this title unless an application therefor—

(A) has been submitted to the Secretary of Energy by such person in such form and under such procedures as the Secretary shall prescribe, consistent with the requirements of this subchapter, and

(B) has been approved by the Secretary in accordance with such procedures.

(2) Each such application shall include information regarding the construction costs of the municipal waste energy project involved (if appropriate), and estimates of operating costs and income relating to that project (including the sale of any byproducts from that project). In addition, each applicant shall provide—

(A) access at reasonable times to such other information, and

(B) such assurances, as the Secretary of Energy may require.

(d) Reports and recordkeeping

(1) Every person receiving financial assistance under section 8832, 8833, or 8834 of this title shall, as a condition precedent thereto, consent to such examinations and reports thereon regarding the municipal waste energy project involved as the Secretary of Energy may require.

(2) With respect to each municipal waste energy project for which financial assistance is provided under section 8832, 8833, or 8834 of this title, the Secretary shall—

(A) require from the recipient of financial assistance such reports and records relating to that project as the Secretary deems necessary;

(B) prescribe the manner in which such recipient shall keep such records; and

(C) have access to such records at reasonable times for the purpose of ensuring compliance with the terms and conditions upon which financial assistance is provided.

(e) Deposit of amounts received

All amounts received by the Secretary of Energy as fees, interest, repayment of principal, and any other moneys received by the Secretary from operations under section 8832, 8833, or 8834 of this title shall be deposited in the general fund of Treasury of the United States as miscellaneous receipts.

(f) Contracts and instruments backed by full faith and credit of United States

All contracts and instruments of the Secretary of Energy to provide, or providing, for financial assistance shall be general obligations of the United States backed by its full faith and credit.

(g) Contestability of contracts

Subject to the conditions of any contract for financial assistance, such contract shall becontestable in the hands of the holder, except as to fraud or material misrepresentation on the part of the holder.

¹So in original. Probably should be "of the".
(h) Eligibility of debt obligations for purchase, sale, or issuance to Federal Financing Bank or any Federal agency

Notwithstanding the provisions of the Federal Financing Bank Act of 1973 (12 U.S.C. 2281 et seq.) or any other provision of law (except as may be specifically provided by reference to this subsection in any Act enacted after June 30, 1980), no debt obligation which is made or committed to be made, or which is guaranteed or committed to be guaranteed by the Secretary of Energy under section 8832, 8833, or 8834 of this title shall be eligible for purchase by, or commitment to purchase by, or sale or issuance to, the Federal Financing Bank or any Federal agency.

REFERENCES IN TEXT

This chapter, referred to in subsec. (a)(6)(D), was in the original “this title”, meaning title II of Pub. L. 96–294, June 30, 1980, 94 Stat. 683, known as the Biomass Energy and Alcohol Fuels Act of 1980, which is classified principally to this chapter. For complete classification of title II to the Code, see Short Title note set out under section 8801 of this title and Tables.

§ 8836. Financial assistance program administration

The Secretary of Energy shall establish procedures and take such other actions as may be necessary regarding the solicitation, review, and evaluation of applications, and awarding of financial assistance under section 8832, 8833, or 8834 of this title as may be necessary to carry out the plan established under section 8831 of this title.

§ 8837. Commercialization demonstration program pursuant to Federal nonnuclear energy research and development

(a) Establishment and conduct pursuant to other Federal statutory authorities; required undertakings subsequent to consultations

(1) The Secretary of Energy shall establish and conduct, pursuant to the authorities contained in the Federal Nonnuclear Energy Research and Development Act of 1974 (42 U.S.C. 5901 et seq.), an accelerated research, development, and demonstration program for promoting the commercial viability of processes for the recovery of energy from municipal wastes.

(2) The provisions of subsections (d), (m), and (x)(2) of section 19 of such Act ¹ shall not apply with respect to the program established under this section.

(3) As part of the program established under this section, the Secretary, after consulting with the Administrator of the Environmental Protection Agency and the Secretary of Commerce, shall undertake—

(A) the research, development, and demonstration of technologies to recover energy from municipal wastes;

(B) the development and application of new municipal waste-to-energy recovery technologies;

(C) the assessment, evaluation, demonstration, and improvement of the performance of existing municipal waste-to-energy recovery technologies with respect to capital costs, operating and maintenance costs, total project financing, recovery efficiency, and the quality of recovered energy and energy intensive materials;

(D) the evaluation of municipal waste energy projects for the purpose of developing a base of engineering data that can be used in the design of future municipal waste energy projects to recover energy from municipal wastes; and

(E) research studies on the size and other significant characteristics of potential markets for municipal waste-to-energy recovery technologies, and recovered energy, and energy intensive materials.

(b) Financial assistance

Under such program, the Secretary of Energy may provide financial assistance consisting of price supports, loans, and loan guarantees, for the cost of planning, designing, constructing, operating, and maintaining demonstration facilities, and, in the case of existing facilities, modifications of such facilities solely for demonstration purposes, for the conversion of municipal wastes into energy or the recovery of materials.

(c) Priority for funding

Priority for funding of activities under subsection (a) and financial assistance under subsection (b) shall be provided for any activity or project for the demonstration of technologies for the production of liquid fuels or biomass energy which substitute for petroleum or natural gas.

(d) Obligation and expenditure of funds

The Secretary of Energy may not obligate or expend any funds authorized under this chapter in carrying out subsection (b) of this section until the plan required under section 8831(a) of this title has been prepared and submitted to the Congress.

(e) Deposit of moneys received

All amounts received by the Secretary of Energy as fees, interest, repayment of principal, and any other moneys received by the Secretary from operations under this chapter shall be deposited in the general fund of the Treasury of the United States as miscellaneous receipts.

¹ See References in Text note below.
§ 8838. Jurisdiction of Department of Energy and Environmental Protection Agency

The provisions of section 5920(c) 1 of this title, relating to the responsibilities of the Environmental Protection Agency and the Department of Energy, shall apply with respect to actions under this subchapter to the same extent and in the same manner as such provisions apply to actions under section 5920 of this title.

REFERENCES IN TEXT

Section 5920 of this title, referred to in text, was repealed by Pub. L. 109–58, title X, § 8839. Office of Energy from Municipal Waste

(a) Establishment in Department of Energy; appointment of Director

There is hereby established within the Department of Energy an Office of Energy from Municipal Waste (hereinafter in this section referred to as the "Office") to be headed by a Director, who shall be appointed by the Secretary of Energy.

(b) Functions

It shall be the function of the Office to perform—

(1) the research, development, demonstration, and commercialization activities authorized under this subchapter (including those authorized under section 8837 of this title), and

(2) such other duties relating to the production of energy from municipal waste as the Secretary of Energy may assign to the Office.

(c) Consultations respecting implementation of functions

In carrying out functions transferred 1 or assigned to the Office, the Secretary of Energy shall consult with the Administrator of the Environmental Protection Agency, the Secretary of Commerce, and the heads of such other Federal agencies, as appropriate.

(d) Transfer of related functions and personnel from Department of Energy

The Secretary shall provide for the transfer to the Office of the functions relating to, and personnel of the Department who are responsible for the administration of, programs in existence on June 30, 1980, which relate to the research, development, demonstration, and commercialization of technologies for the recovery of energy from municipal waste.

1 See References in Text note below.

§ 8840. Termination of authorities

No financial assistance may be committed to or made under this subchapter after September 30, 1984. This section shall not be construed to affect the authority of the Secretary of Energy to spend funds after such date pursuant to any award of financial assistance made on or before that date.

SUBCHAPTER III—RURAL, AGRICULTURAL, AND FORESTRY BIOMASS ENERGY

§ 8851. Model demonstration biomass energy facilities; establishment, public inspection, etc.; authorization of appropriations

(a) The Secretary of Agriculture shall establish not more than ten model demonstration biomass energy facilities for purposes of exhibiting the most advanced technology available for producing biomass energy. Such facilities and information regarding the operation of such facilities shall be available for public inspection, and, to the extent practicable, such facilities shall be established in various regions in the United States. Such facilities may be established in cooperation with appropriate departments or agencies of the States, or appropriate in various regions in the United States. Such facilities may be established in cooperation with appropriate departments or agencies of the States, or appropriate departments, agencies, or other instrumentalities of the United States.

(b) For purposes of carrying out subsection (a), there is authorized to be appropriated $5,000,000 for each of the fiscal years 1981, 1982, 1983, and 1984.

§ 8852. Coordination of research and extension activities; consultative requirements

(b) In carrying out this subchapter and the amendments made by this subchapter, the Secretary of Agriculture shall consult on a continuing basis with—

(1) the Subcommittee on Food, Agricultural, and Forestry Research of the Federal Coordinating Council for Science, Engineering, and Technology;
(2) the Joint Council on Food and Agricultural Sciences; and
(3) the National Agricultural Research and Extension Users Advisory Board;
for the purpose of coordinating research and extension activities.

REFERENCES IN TEXT

This subchapter, referred to in text, was in the original “this subtitle”, meaning subtitle C (§§251–262) of title II of Pub. L. 96–294, June 30, 1980, 94 Stat. 705, which enacted this subchapter and sections 1435 and 3129 of Title 7, Agriculture, and amended sections 341, 342, 3104, and 3154 of Title 7 and sections 5909 and 1642 of Title 16, Conservation. For complete classification of subtitle C to the Code, see Tables.

Amendments

Effective Date of 1981 Amendment

§ 8853. Lending for energy production and conservation projects by production credit associations, Federal land banks, and banks for cooperatives

The Farm Credit Administration shall encourage production credit associations, Federal land banks, and banks for cooperatives to use existing authorities to make loans to eligible persons for commercially feasible biomass energy projects.

§ 8854. Utilization of National Forest System in wood energy development projects

The Secretary of Agriculture may make available the timber resources of the National Forest System, in accordance with appropriate timber appraisal and sale procedures, for use by biomass energy projects.

§ 8855. Forest Service leases and permits

It is the intent of the Congress that the Secretary of Agriculture shall process applications for leases of National Forest System lands and for permits to explore, drill, and develop resources on land leased from the Forest Service, notwithstanding the current status of any plan being prepared under section 1604 of title 16.

§ 8871. Use of gasohol in Federal motor vehicles

(a) Exercise of President’s authority pursuant to executive order respecting use

The President shall, by executive order, require that motor vehicles which are owned or leased by Federal agencies and are capable of operating on gasohol shall use gasohol where available at reasonable prices and in reasonable quantities.

(b) Exceptions

The President may provide for exceptions to the requirement of subsection (a) where necessary, including to protect the national security.

(c) Gasohol requirements

Such executive order shall specify the alcohol-gasoline mixture or mixtures which shall constitute “gasohol” for purposes of such order, as well as specifications for its use.

REPORT ON EXEMPTIONS AND SENSE OF CONGRESS REGARDING PURCHASE OF DOMESTIC GASOHOL

“(c) Report on Exemptions.—The Secretary of Defense shall review all exemptions granted for the Department of Defense, and the Administrator of the General Services Administration shall review all exemptions granted for Federal agencies and departments, to the requirements of section 2398 of title 10, United States Code, and section 271 of the Energy Security Act (Public Law 96–294; 42 U.S.C. 8871) and shall terminate any exemption that the Secretary or the Administrator determines is no longer appropriate. Not later than 90 days after the date of the enactment of this Act [Dec. 5, 1991], the Secretary and the Administrator shall submit jointly to Congress a report on the results of the review, with a justification for the exemptions that remain in effect under those provisions of law.

“(d) Sense of Congress.—It is the sense of Congress that whenever any motor vehicle capable of operating on gasoline or alcohol-gasoline blends that is owned or operated by the Department of Defense or any other department or agency of the Federal Government is refueled, it shall be refueled with an alcohol-gasoline blend containing at least 10 percent domestically produced alcohol if available along the normal travel route of the vehicle at the same or lower price than unleaded gasoline.”

Ex. Ord. No. 12261, IMPLEMENTATION OF USE OF GASOHOL IN FEDERAL MOTOR VEHICLES

Ex. Ord. No. 12261, Jan. 5, 1981, 46 F.R. 2023, provided: By the authority vested in me as President of the United States of America by Section 271 of the Energy Security Act (94 Stat. 710; Public Law 96–294; 42 U.S.C. 8871), in order to require Federal agencies which own or lease motor vehicles to use gasohol in those vehicles which are capable of operating on gasohol where it is available at reasonable prices and in reasonable quantities, it is hereby ordered as follows:

1–101. In procurement actions for unleaded gasoline motor fuel, Federal agencies shall, whenever feasible, specify that gasohol is an acceptable substitute motor fuel. In such procurements there shall be a preference for the purchase of gasohol.

1–102. Agencies may procure the components of gasohol and do their own blending.

1–103. In determining the feasibility of specifying gasohol as a substitute motor fuel in procurement actions
for unleaded gasoline, agencies shall include in their considerations such factors as the availability of storage facilities for bulk purchases and the number of vehicles capable of operating on gasohol.

1–104. Agencies shall designate those vehicles which are capable of using gasohol, consistent with overall agency needs and sound vehicle management practices. Agencies shall specify the conditions governing the use of gasohol, including when gasohol shall be purchased from normal retail outlets by vehicle operators.

1–105. The use of gasohol by the Department of Defense pursuant to this Order shall be in accordance with Section 815 of the Department of Defense Authorization Act, 1980 (83 Stat. 817; Public Law 96–107; 10 U.S.C. 2388 note) which provides for the use of gasohol to the maximum extent feasible and consistent with overall defense needs and sound vehicle management practices, as determined by the Secretary of Defense.

1–106. Vehicles used in experimental programs to test fuels other than gasohol are excepted from this Order.

1–107. The authority vested in the President by Section 271(b) of the Energy Security Act (42 U.S.C. 8802(2)(A)) is delegated to the Secretary of Defense with respect to gasohol use by the Department of Defense, and delegated to the Administrator of General Services with respect to gasohol use by other agencies.

1–108. Federal agencies shall make available to the Department of Energy, upon request, relevant data or information they possess concerning agency gasohol usage.

1–109. For purposes of this Order “Gasohol” means a motor fuel which has an octane rating of not less than 87 (R+M)/2 and which consists of approximately 90 percent unleaded gasoline and approximately 10 percent anhydrous (199 proof or above) ethyl alcohol derived from biomass, as defined in Section 203(2)(A) of the Energy Security Act (94 Stat. 683; Public Law 96–294; 42 U.S.C. 8802(2)(A)).

1–110. (a) The Secretary of Defense with respect to gasohol use by the Department of Defense, and the Administrator of General Services with respect to gasohol use by other agencies, shall issue such guidelines for the implementation of this Order as they deem appropriate.

(b) Such guidelines shall provide for a determination of reasonable prices and reasonable quantities based on the local prevailing price of unleaded gasolines, the octave requirements for vehicles in the Federal fleet, local market availability of gasohol or its components, and other such factors, as may be appropriate.

JIMMY CARTER.

CHAPTER 97—ACID PRECIPITATION PROGRAM AND CARBON DIOXIDE STUDY

SUBCHAPTER I—ACID PRECIPITATION

Sec.
8901. Introductory provisions.
8902. Comprehensive ten-year program.
8903. Comprehensive research plan.
8904. Implementation of comprehensive plan; new or existing regulatory authorities, etc., not granted or modified.
8905. Authorization of appropriations.
8906. Updated data base on acid content in precipitation; new monitoring site not required.

SUBCHAPTER II—CARBON DIOXIDE

8911. Comprehensive study of projected impact on atmospheric levels of fossil fuel combustion, etc.
8912. Authorization of appropriations.

SUBCHAPTER I—ACID PRECIPITATION

§ 8901. Introductory provisions

(a) Congressional statement of findings and purpose

The Congress finds and declares that acid precipitation resulting from other than natural sources—

(1) could contribute to the increasing pollution of natural and man-made water systems;
(2) could adversely affect agricultural and forest crops;
(3) could adversely affect fish and wildlife and natural ecosystems generally;
(4) could contribute to corrosion of metals, wood, paint, and masonry used in construction and ornamentation of buildings and public monuments;
(5) could adversely affect public health and welfare; and
(6) could affect areas distant from sources and thus involve issues of national and international policy.

(b) Congressional declaration of purpose

The Congress declares that it is the purpose of this subchapter—

(1) to identify the causes and sources of acid precipitation;
(2) to evaluate the environmental, social, and economic effects of acid precipitation; and
(3) based on the results of the research program established by this subchapter and to the extent consistent with existing law, to take action to the extent necessary and practicable (A) to limit or eliminate the identified emissions which are sources of acid precipitation, and (B) to remedy or otherwise ameliorate the harmful effects which may result from acid precipitation.

(c) “Acid precipitation” defined

For purposes of this subchapter the term “acid precipitation” means the wet or dry deposition from the atmosphere of acid chemical compounds.

SHORT TITLE

Section 701 of title VII Pub. L. 96–294 provided that: “This title [enacting this chapter] may be cited as the ‘Acid Precipitation Act of 1980.’”

§ 8902. Comprehensive ten-year program

(a) Implementation by Acid Precipitation Task Force; membership, etc., of Task Force

There is hereby established a comprehensive ten-year program to carry out the provisions of this subchapter; and to implement this program there shall be formed an Acid Precipitation Task Force (hereafter in this subchapter referred to as the “Task Force”), of which the Secretary of Agriculture, the Administrator of the Environmental Protection Agency, and the Administrator of the National Oceanic and Atmospheric Administration shall be joint chairmen. The remaining membership of the Task Force shall consist of—

(1) one representative each from the Department of the Interior, the Department of Health and Human Services, the Department of Commerce, the Department of Energy, the Department of State, the National Aeronautics and Space Administration, the Council on Environmental Quality, the National Science Foundation, and the Tennessee Valley Authority;

(2) the director of the Argonne National Laboratory, the director of the Brookhaven Na-
onal Laboratory, the director of the Oak Ridge National Laboratory, and the director of the Pacific Northwest National Laboratory; and
(3) four additional members to be appointed by the President.

(b) Research management consortium; membership, responsibilities, etc.

The four National Laboratories (referred to in subsection (a)(2)) shall constitute a research management consortium having the responsibilities described in section 8903(b)(13) of this title as well as the general responsibilities required from their representation on the Task Force. In carrying out these responsibilities the consortium shall report to, and act pursuant to direction from, the joint chairmen of the Task Force.

(c) Director of research program

The Administrator of the National Oceanic and Atmospheric Administration shall serve as the director of the research program established by this subchapter.

§ 8903. Comprehensive research plan

(a) Preparation by Task Force for ten-year program; purposes

The Task Force shall prepare a comprehensive research plan for the ten-year program (hereafter in this subchapter referred to as the “comprehensive plan”), setting forth a coordinated program (1) to identify the causes and effects of acid precipitation and (2) to identify actions to limit or ameliorate the harmful effects of acid precipitation.

(b) Scope

The comprehensive plan shall include programs for—
(1) identifying the sources of atmospheric emissions contributing to acid precipitation;
(2) establishing and operating a nationwide long-term monitoring network to detect and measure levels of acid precipitation;
(3) research in atmospheric physics and chemistry to facilitate understanding of the processes by which atmospheric emissions are transformed into acid precipitation;
(4) development and application of atmospheric transport models to enable prediction of long-range transport of substances causing acid precipitation;
(5) defining geographic areas of impact through deposition monitoring, identification of sensitive areas, and identification of areas at risk;
(6) broadening of impact data bases through collection of existing data on water and soil chemistry and through temporal trend analysis;
(7) development of dose-response functions with respect to soils, soil organisms, aquatic and amphibious organisms, crop plants, and forest plants;
(8) establishing and carrying out system studies with respect to plant physiology, aquatic ecosystems, soil chemistry systems, soil microbial systems, and forest ecosystems;
(9) economic assessments of (A) the environmental impacts caused by acid precipitation on crops, forests, fisheries, and recreational and aesthetic resources and structures, and (B) alternative technologies to remedy or otherwise ameliorate the harmful effects which may result from acid precipitation;
(10) documenting all current Federal activities related to research on acid precipitation and ensuring that such activities are coordinated in ways that prevent needless duplication and waste of financial and technical resources;
(11) effecting cooperation in acid precipitation research and development programs, ongoing and planned, with the affected and contributing States and with other sovereign nations having a commonality of interest;
(12) subject to subsection (f)(1), management by the Task Force of financial resources committed to Federal acid precipitation research and development;
(13) subject to subsection (f)(2), management of the technical aspects of Federal acid precipitation research and development programs, including but not limited to (A) the planning and management of research and development programs and projects, (B) the selection of contractors and grantees to carry out such programs and projects, and (C) the establishment of peer review procedures to assure the quality of research and development programs and their products; and
(14) analyzing the information available regarding acid precipitation in order to formulate and present periodic recommendations to the Congress and the appropriate agencies about actions to be taken by these bodies to alleviate acid precipitation and its effects.

(c) Procedures applicable

The comprehensive plan—
(1) shall be submitted in draft form to the Congress, and for public review, within six months after June 30, 1980;
(2) shall be available for public comment for a period of sixty days after its submission in draft form under paragraph (1);
(3) shall be submitted in final form, incorporating such needed revisions as arise from comments received during the review period, to the President and the Congress within forty-five days after the close of the period allowed for comments on the draft comprehensive plan under paragraph (2); and
(4) shall constitute the basis on which requests for authorizations and appropriations are to be made for the nine fiscal years following the fiscal year in which the comprehensive plan is submitted in final form under paragraph (3).

(d) Convening of Task Force

The Task Force shall convene as necessary, but no less than twice during each fiscal year of the ten-year period covered by the comprehensive plan.

(e) Submission of annual report to President and Congress by Task Force

The Task Force shall submit to the President and the Congress by January 15 of each year an
annual report which shall detail the progress of the research program under this subchapter and which shall contain such recommendations as are developed under subsection (b)(14).

(f) Applicability of other statutory provisions to Task Force or plan

(1) Subsection (b)(12) shall not be construed as modifying, or as authorizing the Task Force or the comprehensive plan to modify, any provision of an appropriation Act (or any other provision of law relating to the use of appropriated funds) which specifies (A) the department or agency to which funds are appropriated, or (B) the obligations of such department or agency with respect to the use of such funds.

(2) Subsection (b)(13) shall not be construed as modifying, or as authorizing the Task Force or the comprehensive plan to modify, any provision of law (relating to or involving a department or agency) which specifies (A) procurement practices for the selection, award, or management of contracts or grants by such department or agency, or (B) program activities, limitations, obligations, or responsibilities of such department or agency.

(3) Subsection (b)(14) shall not be construed as modifying, or as authorizing the Task Force or the comprehensive plan to modify, any provision of law (relating to or involving a department or agency) which specifies (A) procurement practices for the selection, award, or management of contracts or grants by such department or agency, or (B) program activities, limitations, obligations, or responsibilities of such department or agency.

(4) Nothing in this subchapter shall be deemed to grant any new regulatory authority or to limit, expand, or otherwise modify any regulatory authority under existing law, or to establish new criteria, standards, or requirements for regulation under existing law.

§ 8904. Implementation of comprehensive plan; new or existing regulatory authorities, etc., not granted or modified

(a) The comprehensive plan shall be carried out during the nine fiscal years following the fiscal year in which the comprehensive plan is submitted in its final form under section 8903(c)(3) of this title; and—

(1) shall be carried out in accord with, and meet the program objectives specified in, paragraphs (1) through (11) of section 8903(b) of this title;

(2) shall be managed in accord with paragraphs (12) through (14) of such section; and

(3) shall be funded by annual appropriations, subject to annual authorizations which shall be made for each fiscal year of the program (as provided in section 8905 of this title) after the submission of the Task Force progress report which under section 8903(e) of this title is required to be submitted by January 15 of the calendar year in which such fiscal year begins.

(b) Nothing in this subchapter shall be deemed to grant any new regulatory authority or to limit, expand, or otherwise modify any regulatory authority under existing law, or to establish new criteria, standards, or requirements for regulation under existing law.

(1) The Director of the Office of Science and Technology Policy shall enter into an agree-

§ 8906. Updated data base on acid content in precipitation; new monitoring site not required

(a)(1) The National Weather Service of the National Oceanic and Atmospheric Administration shall maintain an updated data base describing the acid content in precipitation in the United States, using information from Federal acid precipitation monitoring sites.

(2) Such data shall be available to interested parties by Weather Service Forecast Offices in the National Weather Service, or through such other facilities or means as the Assistant Administrator for Weather Services, National Oceanic and Atmospheric Administration, shall direct, for those areas of the United States where and at such time as such information is presently available, within 120 days after November 17, 1988.

(3) Where other Federal agencies collect such data in the course of carrying out their statutory missions, the heads of those agencies and the Administrator of the National Oceanic and Atmospheric Administration shall arrange for the transfer of such data to the National Weather Service.

(b) Nothing in this section shall be construed to require any Federal agency to establish any new acid precipitation monitoring site.

§ 8905. Authorization of appropriations

(a) For the purpose of establishing the Task Force and developing the comprehensive plan under section 8903 of this title there is authorized to be appropriated to the National Oceanic and Atmospheric Administration for fiscal year 1981 the sum of $5,000,000 to remain available until expended.

(b) Authorizations of appropriations for the nine fiscal years following the fiscal year in which the comprehensive plan is submitted in final form under section 8903(c)(3) of this title, for purposes of carrying out the comprehensive ten-year program established by section 8902(a) of this title and implementing the comprehensive plan under sections 8903 and 8904 of this title, shall be provided on an annual basis in authorization Acts hereafter enacted; but the total sum of dollars authorized for such purposes for such nine fiscal years shall not exceed $45,000,000 except as may be specifically provided by reference to this paragraph in the authorization Acts involved.

§ 8907. Comprehensive study of projected impact on atmospheric levels of fossil fuel combustion, etc.

(a) Implementing agreement between Director of Office of Science and Technology and National Academy of Sciences; contents; conduct; status report by President respecting negotiations of Office

(1) The Director of the Office of Science and Technology Policy shall enter into an agree-

SUBCHAPTER II—CARBON DIOXIDE

§ 8911. Comprehensive study of projected impact on atmospheric levels of fossil fuel combustion, etc.

(a) Implementing agreement between Director of Office of Science and Technology and National Academy of Sciences; contents; conduct; status report by President respecting negotiations of Office

(1) The Director of the Office of Science and Technology Policy shall enter into an agree-
ment with the National Academy of Sciences to carry out a comprehensive study of the projected impact, on the level of carbon dioxide in the atmosphere, of fossil fuel combustion, coal-conversion and related synthetic fuels activities authorized in this Act, and other sources. Such study should also include an assessment of the economic, physical, climatic, and social effects of such impacts. In conducting such study the Office and the Academy are encouraged to work with domestic and foreign governmental and non-governmental entities, and international entities, so as to develop an international, worldwide assessment of the problems involved and to suggest such original research on any aspect of such problems as the Academy deems necessary.

(2) The President shall report to the Congress within six months after June 30, 1980, regarding the status of the Office’s negotiations to implement the study required under this section.

(b) Final report by Office and Academy; contents; prior clearance or review of work of Academy; recommendations

A report including the major findings and recommendations resulting from the study required under this section shall be submitted to the Congress by the Office and the Academy not later than three years after June 30, 1980. The Academy contribution to such report shall not be subject to any prior clearance or review, nor shall any prior clearance or conditions be imposed on the Academy as part of the agreement made by the Office with the Academy under this section. Such report shall in any event include recommendations regarding—

(1) how a long-term program of domestic and international research, monitoring, modeling, and assessment of the causes and effects of varying levels of atmospheric carbon dioxide should be structured, including comments by the Office on the interagency requirements of such a program and comments by the Secretary of State on the international agreements required to carry out such a program;

(2) how the United States can best play a role in the development of such a long-term program on an international basis;

(3) what domestic resources should be made available to such a program;

(4) how the ongoing United States Government carbon dioxide assessment program should be modified so as to be of increased utility in providing information and recommendations of the highest possible value to government policy makers; and

(5) periodic reports to the Congress in conjunction with any long-term program the Office and the Academy may recommend under this section.

c) Information from other Federal agencies and departments

The Secretary of Energy, the Secretary of Commerce, the Administrator of the Environmental Protection Agency, and the Director of the National Science Foundation shall furnish to the Office or the Academy upon request any information which the Office or the Academy determines to be necessary for purposes of conducting the study required by this section.

d) Separate assessment by Office of interagency implementation requirements

The Office shall provide a separate assessment of the interagency requirements to implement a comprehensive program of the type described in the third sentence of subsection (b).

References in Text

§ 8912. Authorization of appropriations

For the expenses of carrying out the carbon dioxide study authorized by section 8911 of this title (as determined by the Office of Science and Technology Policy) there are authorized to be appropriated such sums, not exceeding $3,000,000 in the aggregate, as may be necessary. At least 80 percent of any amounts appropriated pursuant to the preceding sentence shall be provided to the National Academy of Sciences.

CHAPTER 98—OCEAN THERMAL ENERGY CONVERSION RESEARCH AND DEVELOPMENT

§ 9001. Congressional findings and declaration of purpose

(a) The Congress finds that—

(1) the supply of nonrenewable fuels in the United States is slowly being depleted;

(2) alternative sources of energy must be developed;

(3) ocean thermal energy is a renewable energy resource that can make a significant contribution to the energy needs of the United States;

(4) the technology base for ocean thermal energy conversion has improved over the past two years, and has consequently lowered the technical risk involved in constructing moderate-sized pilot plants with an electrical generating capacity of about ten to forty megawatts;

(5) while the Federal ocean thermal energy conversion program has grown in size and scope over the past several years, it is in the national interest to accelerate efforts to commercialize ocean thermal energy conversion by building pilot and demonstration facilities and to begin planning for the commercial demonstration of ocean thermal energy conversion technology;
§9002. Comprehensive program management plan

(a) Preparation of plan

(1) The Secretary is authorized and directed to prepare a comprehensive program management plan for the conduct under this chapter of research, development, and demonstration activities consistent with the provisions of sections 9003, 9004, and 9005 of this title.

(2) In the preparation of such plan, the Secretary shall consult with the Administrator of the National Oceanic and Atmospheric Administration, the Administrator of the Maritime Administration, the Administrator of the National Aeronautics and Space Administration, and the heads of such other Federal agencies and such public and private organizations as he deems appropriate.

(b) Transmittal of plan to Congress

The Secretary shall transmit the comprehensive program management plan to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate within nine months after July 17, 1980.

(c) Requisite provisions of plan

The detailed description of the comprehensive plan under this section shall include, but need not be limited to—

(1) the anticipated research, development, and demonstration objectives to be achieved by the program;

(2) the program strategies and technology application and market development plans, including detailed milestone goals to be achieved during the next fiscal year for all major activities and projects;

(3) a five-year implementation schedule for program elements with associated budget and program management resources requirements;

(4) a detailed description of the functional organization of the program management including identification of permanent test facilities and of a lead center responsible for technology support and project management;

(5) the estimated relative financial contributions of the Federal Government and non-Federal participants in the pilot and demonstration projects;

(6) supporting research needed to solve problems which may inhibit or limit development of ocean thermal energy conversion systems; and

(7) an analysis of the environmental, economic, and societal impacts of ocean thermal energy conversion facilities.

AMENDMENTS

1995—Subsec. (d). Pub. L. 104–66 struck out subsec. (d) which read as follows:

"(d)(1) Concurrently with the submission of the President's annual budget for each subsequent year, the Secretary shall transmit to the Congress a detailed description of modifications which may be necessary to revise appropriately the comprehensive plan as then in effect, setting forth any changes in policies and circumstances which may have occurred since the plan or the last previous modification thereof was transmitted in accordance with this section.

"(2) Such description shall also include a detailed justification of any such changes, a detailed description of the progress made toward achieving the goals of this chapter, a statement on the status of interagency cooperation in meeting such goals, any comments on and recommendations for improvements in the comprehensive program management plan made by the Technical Panel established under section 9007 of this title, and any legislative or other recommendations which the Secretary may have to help attain such goals."

CHANGE OF NAME

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.
(b) Evaluations, tests, and dissemination of information, data, and materials

The Secretary shall conduct evaluations, arrange for tests, and disseminate to developers information, data, and materials necessary to support the design efforts undertaken pursuant to section 9004 of this title. Specific technical areas to be addressed shall include, but not be limited to—
(1) interface requirements between the platform and cold water pipe;
(2) cold water pipe deployment techniques;
(3) heat exchangers;
(4) control system simulation;
(5) stationkeeping requirements; and
(6) energy delivery systems, such as electric cable or energy product transport.

(c) Consideration of new or improved technologies

The Secretary shall, for the purpose of performing his responsibilities pursuant to this chapter, solicit proposals and evaluate any reasonable new or improved technology, a description of which is submitted to the Secretary in writing, which could lead or contribute to the development of ocean thermal energy conversion system technology.

§ 9004. Pilot and demonstration plants

(a) Initiation of program

The Secretary is authorized to initiate a program to design, construct, and operate well instrumented ocean thermal energy conversion facilities of sufficient size to demonstrate the technical feasibility and potential economic feasibility of utilizing the various forms of ocean thermal energy conversion to displace non-renewable fuels. To achieve the goals of this section and to facilitate development of a strong industrial basis for the application of ocean thermal energy conversion system technology, at least two independent parallel demonstration projects shall be competitively selected.

(b) Demonstration program goals

The specific goals of the demonstration program shall include at a minimum—
(1) the demonstration of ocean thermal energy conversion technical feasibility through multiple pilot and demonstration plants with a combined capacity of at least one hundred megawatts of electrical capacity or energy product equivalent by the year 1986;
(2) the delivery of baseload electricity to utilities located on land or the production of commercially attractive quantities of energy product; and
(3) the continuous operation of each pilot and demonstration facility for a sufficient period of time to collect and analyze system performance and reliability data.

(c) Financial assistance

In providing any financial assistance under this section, the Secretary shall (1) give full consideration to those projects which will provide energy to United States offshore States, its territories, and its possessions and (2) seek satisfactory cost-sharing arrangements when he deems such arrangements to be appropriate.

§ 9005. Technology application

(a) Technology application and market development plan

The Secretary shall, in consultation with the Administrator of the National Oceanic and Atmospheric Administration, the Administrator of the Maritime Administration, the Administrator of the National Aeronautics and Space Administration, and the Technical Panel established under section 9007 of this title, prepare a comprehensive technology application and market development plan that will permit realization of the ten-thousand-megawatt national goal by the year 1999. Such plans shall include at a minimum—
(1) an assessment of those Government actions required to achieve a two-hundred- to four-hundred-megawatt electrical-commercial demonstration of ocean thermal energy conversion systems in time to have industry meet the goal contained in section 9001(b)(2) of this title including a listing of those financial, property, and patent right packages most likely to lead to early commercial demonstration at minimum cost to the Federal Government;
(2) an assessment of further Government actions required to permit expansion of the domestic ocean thermal energy conversion industry to meet the goal contained in section 9001(b)(3) of this title;
(3) an analysis of further Government actions necessary to aid the industry in minimizing and removing any legal and institutional barriers such as the designation of a lead agency; and
(4) an assessment of the necessary Government actions to assist in eliminating economic uncertainties through financial incentives, such as loan guarantees, price supports, or other inducements.

(b) Transmittal of plan to Congress

The Secretary shall transmit such comprehensive technology application and market development plan to the Congress within three years after July 17, 1980, and update the plan on an annual basis thereafter.

(c) Respondent proposals

As part of the competitive procurement initiative for design and construction of the pilot and demonstration projects authorized in section 9009(c) of this title, each respondent shall include in its proposal (1) a plan leading to a full-scale, first-of-a-kind facility based on a proposed demonstration system; and (2) the financial and other contributions the respondent will make toward meeting the national goals.

§ 9006. Program selection criteria

The Secretary shall, in fulfilling his responsibilities under this chapter, select program activities and set priorities which are consistent with the following criteria:
(1) realization of energy production costs for ocean thermal energy conversion systems that are competitive with costs from conventional energy production systems;
§ 9007. Technical Panel of Energy Research Advisory Board

(a) Establishment

A Technical Panel of the Energy Research Advisory Board shall be established to advise the Board on the conduct of the ocean thermal energy conversion program.

(b) Membership

(1) The Technical Panel shall be comprised of such representatives from domestic industry, universities, Government laboratories, financial, environmental and other organizations as the Chairman of the Energy Research Advisory Board deems appropriate based on his assessment of the technical and other qualifications of such representative.

(2) Members of the Technical Panel need not be members of the full Energy Research Advisory Board.

(c) Compliance with laws and regulations

The activities of the Technical Panel shall be in compliance with any laws and regulations guiding the activities of technical and fact-finding groups reporting to the Energy Research Advisory Board.

(d) Review and recommendations

The Technical Panel shall review and may make recommendations on the following items, among others:

(1) implementation and conduct of the programs established by this chapter;

(2) definition of ocean thermal energy conversion system performance requirements for various user applications; and

(3) economic, technological, and environmental consequences of the deployment of ocean thermal energy conversion systems.

(e) Report

The Technical Panel shall submit to the Energy Research Advisory Board on at least an annual basis a written report of its findings and recommendations with regard to the program. Such report, shall include at a minimum—

(1) a summary of the Panel’s activities for the preceding year;

(2) an assessment and evaluation of the status of the programs mandated by this chapter; and

(3) comments on and recommendations for improvements in the comprehensive program management plan required under section 9002 of this title.

(f) Submittal of report to Secretary of Energy

After consideration of the Technical Panel report, the Energy Research Advisory Board shall submit such report, together with any comments such Board deems appropriate, to the Secretary.

(g) Cooperation by agency heads

The heads of the departments, agencies, and instrumentalities of the executive branch of the Federal Government shall cooperate with the Technical Panel in carrying out the requirements of this section and shall furnish to the Technical Panel such information as the Technical Panel deems necessary to carry out this section.

(h) Staff, funds, and other support from Secretary of Energy

The Secretary shall provide sufficient staff, funds, and other support as necessary to enable the Technical Panel to carry out the functions described in this section.

(Pub. L. 96–310, § 8, July 17, 1980, 94 Stat. 945.)

Termination of Advisory Panels

Advisory panels established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a panel established by the President or an officer of the Federal Government, such panel is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a panel established by the Congress, its duration is otherwise provided for by law. See sections 3(2) and 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 9008. Definitions

As used in this chapter, the term—

(1) ‘‘ocean thermal energy conversion’’ means a method of converting part of the heat from the Sun which is stored in the surface layers of a body of water into electrical energy or energy product equivalent;

(2) ‘‘energy product equivalent’’ means an energy carrier including, but not limited to, ammonia, hydrogen, or molten salts or an energy-intensive commodity, including, but not limited to, electrometals, fresh water, or nutrients for aquaculture; and

(3) ‘‘Secretary’’ means the Secretary of Energy.

§ 9009. Authorization of appropriations

(a) There is hereby authorized to be appropriated to carry out the purposes of this chapter the sum of $20,000,000 for operating expenses for the fiscal year ending September 30, 1981, in addition to any amounts authorized to be appro-

§ 9101. Congressional declaration of policy

(a) It is declared to be the purposes of the Congress in this chapter to—

(1) authorize and regulate the construction, location, ownership, and operation of ocean thermal energy conversion facilities connected to the United States by pipeline or cable, or located in whole or in part between the highwater mark and the seaward boundary of the territorial sea of the United States consistent with the Convention on the High Seas, and general principles of international law;

(2) authorize and regulate the construction, location, ownership, and operation of ocean thermal energy conversion plantships documented under the laws of the United States, consistent with the Convention on the High Seas and general principles of international law;

(3) authorize and regulate the construction, location, ownership, and operation of ocean thermal energy conversion plantships by United States citizens, consistent with the Convention on the High Seas and general principles of international law;

(4) establish a legal regime which will permit and encourage the development of ocean thermal energy conversion as a commercial energy technology;

(5) provide for the protection of the marine and coastal environment, and consideration of the interests of ocean users, to prevent or minimize any adverse impact which might occur as a consequence of the development of such ocean thermal energy conversion facilities or plantships;

(6) make applicable certain provisions of the Merchant Marine Act, 1936 (46 U.S.C. 1177 et seq.) to assist in financing of ocean thermal energy conversion facilities and plantships;

(7) protect the interests of the United States in the location, construction, and operation of ocean thermal energy conversion facilities and plantships; and

(8) protect the rights and responsibilities of adjacent coastal States in ensuring that Federal actions are consistent with approved State coastal zone management programs and other applicable State and local laws.

(b) The Congress declares that nothing in this chapter shall be construed to affect the legal status of the high seas, the superjacent airspace, or the seabed and subsoil, including the Continental Shelf.
This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out below and Tables.

The Merchant Marine Act, 1936, referred to in subsec. (a)(6), is act June 29, 1936, ch. 884, 49 Stat. 988, which was classified principally to chapter 27 (§ 1101 et seq.) of Title 46, Shipping. The Act, with the exception of title V, most of title VI, and sections 361, 362, 390(a), and 909 thereof, was repealed and restated, mainly in subtitle V of Title 46, by Pub. L. 109–304, §§ 8, 19, Oct. 6, 2006, 120 Stat. 1555, 1710. Title V and sections 301 and 909 of the Act are set out as notes under section 53101 of Title 46. Those portions of title VI not repealed by Pub. L. 109–304 and sections 802 and 809(a) of the Act were repealed by Pub. L. 114–120, title III, § 313(a), Feb. 8, 2016, 130 Stat. 58. Section 801 of the Act was transferred to section 57522 of Title 46 by Pub. L. 114–120, title III, § 313(c)(1)(A), Feb. 8, 2016, 130 Stat. 58. For complete classification of the Act to the Code, see Tables. For disposition of sections of the former Appendix to Title 46, see Disposition Table preceding section 101 of Title 46.

AMENDMENTS
1984—Subsec. (a)(1). Pub. L. 98–623 substituted ‘‘located in whole or in part between the highwater mark and the seaward boundary of the territorial sea’’ for ‘‘located in the territorial sea’’.

SHORT TITLE
Pub. L. 96–320, § 1, Aug. 3, 1980, 94 Stat. 974, provided: ‘‘That this chapter and section 1273c of Title 46, Appendix, Shipping, amending sections 1271, 1273, and 1274 of Title 46, Appendix, and enacting provisions set out as a note section 1273c of Title 46, Appendix’’ may be cited as the ‘‘Ocean Thermal Energy Conversion Act of 1980’’.

TERRITORIAL SEA OF UNITED STATES
For extension of territorial sea of United States, see Proc. No. 5928, set out as a note under section 1331 of Title 43, Public Lands.

§ 9102. Definitions
As used in this chapter, unless the context otherwise requires, the term—
(1) ‘‘adjacent coastal State’’ means any coastal State which is required to be designated as such by section 9115(a)(1) of this title or is designated as such by the Administrator in accordance with section 9115(a)(2) of this title;
(2) ‘‘Administrator’’ means the Administrator of the National Oceanic and Atmospheric Administration;
(4) ‘‘application’’ means any application submitted under this chapter (A) for issuance of a license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship; (B) for transfer or renewal of any such license; or (C) for any substantial change in any of the conditions and provisions of any such license;
(5) ‘‘coastal State’’ means a State in, or bordering on, the Atlantic, Pacific, or Arctic Ocean, the Gulf of Mexico, Long Island Sound, or one or more of the Great Lakes;
(6) ‘‘construction’’ means any activities conducted at sea to supervise, inspect, actually build, or perform other functions incidental to the building, repairing, or expanding of an ocean thermal energy conversion facility or plantship or any of its components, including but not limited to, piledriving, emplacement of mooring devices, emplacement of cables and pipelines, and deployment of the cold water pipe, and alterations, modifications, or additions to an ocean thermal energy conversion facility or plantship;
(7) ‘‘facility’’ means an ocean thermal energy conversion facility;
(8) ‘‘Governor’’ means the Governor of a State or the person designated by law to exercise the powers granted to the Governor pursuant to this chapter;
(9) ‘‘high seas’’ means that part of the oceans lying seaward of the territorial sea of the United States and outside the territorial sea, as recognized by the United States, of any other nation;
(10) ‘‘licensee’’ means the holder of a valid license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship that was issued, transferred, or renewed pursuant to this chapter;
(11) ‘‘ocean thermal energy conversion facility’’ means any facility which is standing, fixed or moored in whole or in part seaward of the highwater mark and which is designed to use temperature differences in ocean water to produce electricity or another form of energy capable of being used directly to perform work, and includes any equipment installed on such facility to use such electricity or other form of energy to produce, process, refine, or manufacture a product, and any cable or pipeline used to deliver such electricity, fresh water, or product to shore, and all other associated equipment and appurtenances of such facility, to the extent they are located seaward of the highwater mark;
(12) ‘‘ocean thermal energy conversion plantship’’ means any vessel which is designed to use temperature differences in ocean water while floating unmoored or moving through such water, to produce electricity or another form of energy capable of being used directly to perform work, and includes any equipment installed on such vessel to use such electricity or other form of energy to produce, process, refine, or manufacture a product, and any equipment used to transfer such product to other vessels for transportation to users, and all other associated equipment and appurtenances of such vessel;
(13) ‘‘plantship’’ means an ocean thermal energy conversion plantship;
(14) ‘‘person’’ means any individual (whether or not a citizen of the United States), any corporation, partnership, association, or other entity organized or existing under the laws of any nation, and any Federal, State, local or foreign government or any entity of any such government;
(15) ‘‘State’’ means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the United States Virgin Islands, Guam, the Com-
monwealth of the Northern Marianas, and any other Commonwealth, territory, or possession over which the United States has jurisdiction;

(16) "test platform" means any floating or moored platform, barge, ship, or other vessel which is designed for limited-scale, at sea operation in order to test or evaluate the operation of components or all of an ocean thermal energy conversion system and which will not operate as an ocean thermal energy conversion facility or plantship after the conclusion of such tests or evaluation;

(17) "thermal plume" means the area of the ocean in which a significant difference in temperature, as defined in regulations by the Administrator, occurs as a result of the operation of an ocean thermal energy conversion facility or plantship; and

(18) "United States citizen" means (A) any individual who is a citizen of the United States by law, birth, or naturalization; (B) any Federal, State, or local government in the United States, or any entity of any such government; or (C) any corporation, partnership, association, or other entity, organized or existing under the laws of the United States, or of any State, which has as its president or other executive officer and as its chairman of the board of directors, or holder of similar office, an individual who is a United States citizen and which has no more of its directors who are not United States citizens than constitute a minority of the number required for a quorum necessary to conduct the business of the board.

REFERENCES IN TEXT

This chapter, referred to in introductory provisions and pars. (4), (8), and (10), was in the original "this Act", meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 12 of Title 15, and Tables.

Act of July 2, 1890, as amended, referred to in par. (3), is act July 2, 1890, ch. 647, 26 Stat. 209, known as the Sherman Act, which is classified to sections 1 to 7 of Title 15, Commerce and Trade. For complete classification of this Act to the Code, see Short Title note set out under section 1 of Title 15 and Tables.

Act of October 15, 1914, as amended, referred to in par. (3), is act Oct. 15, 1914, ch. 323, 78 Stat. 730, known as the Clayton Act, which is classified generally to sections 13, 14 to 19, 21, and 22 to 27 of Title 15, and sections 52 and 53 of Title 29, Labor. For further details and complete classification of this Act to the Code, see References in Text note set out under section 1 of Title 15 and Tables.

Sections 73 and 74 of the Act of August 27, 1894, as amended, referred to in par. (3), are sections 73 and 74 of act Aug. 27, 1894, ch. 329, 28 Stat. 570. Sections 73 to 77 of such Act are known as the Wilson Tariff Act. Sections 73 to 76 enacted sections 8 to 11 of Title 15. Section 77 is not classified to the Code. For complete classification of this Act to the Code, see Short Title note set under section 8 of Title 15 and Tables.

AMENDMENTS

1984—Par. (11). Pub. L. 98–623, § 602(a)(2), substituted "standing, fixed or moored in whole or in part seaward of the highwater mark" for "standing or moored in or beyond the territorial sea of the United States".

§9111. License for ownership, construction, and operation of ocean thermal energy conversion facilities or plantships

(a) License requirement

No person may engage in the ownership, construction, or operation of an ocean thermal energy conversion facility which is documented under the laws of the United States, which is located in whole or in part between the highwater mark and the seaward boundary of the territorial sea of the United States, or which is connected to the United States by pipeline or cable, except in accordance with a license issued pursuant to this chapter. No citizen of the United States may engage in the ownership, construction or operation of an ocean thermal energy conversion plantship except in accordance with a license issued pursuant to this chapter, or in accordance with a license issued by a foreign nation whose licenses are found by the Administrator, after consultation with the Secretary of State, to be compatible with licenses issued pursuant to this chapter.

(b) Documented plantships; documented facilities; facilities located in territorial sea; facilities connected to United States by pipeline or cable

The Administrator shall, upon application and in accordance with the provisions of this chapter, issue, transfer, amend, or renew licenses for the ownership, construction, and operation of—

(1) ocean thermal energy conversion plantships documented under the laws of the United States, and

(2) ocean thermal energy conversion facilities documented under the laws of the United States, located in whole or in part between the highwater mark and the seaward boundary of the territorial sea of the United States, or connected to the United States by pipeline or cable.

(c) License issuance prerequisites

The Administrator may issue a license to a citizen of the United States in accordance with the provisions of this chapter unless—

(1) he determines that the applicant cannot or will not comply with applicable laws, regulations, and license conditions; and

(2) he determines that the construction and operation of the ocean thermal energy conversion facility or plantship will not be in the national interest and consistent with national security and other national policy goals and objectives, including energy self-sufficiency and environmental quality;

(3) he determines, after consultation with the Secretary of the department in which the
Section 9111 of this title, stating that issuance of the license would create a situation in violation of the antitrust laws, or the 90-day period provided in section 9114 of this title has not expired;
(6) he has consulted with the Secretary of Energy, the Secretary of Transportation, the Secretary of State, the Secretary of the Interior, and the Secretary of Defense, to determine their views on the adequacy of the application, and its effect on programs within their respective jurisdictions and determines on the basis thereof, that the application for a license is inadequate; 
(7) the proposed ocean thermal energy conversion facility or plantship will be documented under the laws of a foreign nation;
(8) the applicant has not agreed to the condition that no vessel may be used for the transportation to the United States of things produced, processed, refined, or manufactured at the ocean thermal energy conversion facility or plantship unless such vessel is documented under the laws of the United States;
(9) when the license is for an ocean thermal energy conversion facility, he determines that the facility, including any submarine electric transmission cables and equipment or pipelines which are components of the facility, will not be located and designed so as to minimize interference with other uses of the high seas or the Continental Shelf, including cables or pipelines already in position on or in the seabed and the possibility of their repair;
(10) the Governor of any adjacent coastal State with an approved coastal zone management program in good standing pursuant to the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.) determines that, in his or her view, the application is inadequate or inconsistent with respect to programs within his or her jurisdiction;
(11) when the license is for an ocean thermal energy conversion facility, he determines that the thermal plume of the facility is expected to impinge on so as to degrade the thermal gradient used by any other ocean thermal energy conversion facility already licensed or operating, without the consent of its owner;
(12) when the license is for an ocean thermal energy conversion facility, he determines that the thermal plume of the facility is expected to impinge on so as to adversely affect the territorial sea or area of national resource jurisdiction, as recognized by the United States, of any other nation unless the Secretary of State approves such impingement after consultation with such nation;
(13) when the license is for an ocean thermal energy conversion plantship, he determines that the applicant has not provided adequate assurance that the plantship will be operated in such a way as to prevent its thermal plume from impinging on so as to degrade the thermal gradient used by any other ocean thermal energy conversion facility or plantship without the consent of its owner, and from impinging on so as to adversely affect the territorial sea or area of national resource jurisdiction, as recognized by the United States, of any other nation unless the Secretary of State approves such impingement after consultation with such nation; or
(14) if a regulation has been adopted which places an upper limit on the number or total capacity of ocean thermal energy conversion facilities or plantships to be licensed under this chapter for simultaneous operation, either overall or within specific geographic areas, pursuant to a determination under the provisions of section 9117(b)(4) of this title, issuance of the license will cause such upper limit to be exceeded.

(d) Issuance conditions; written agreement of compliance; disposal or removal requirements

(1) In issuing a license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship, the Administrator shall prescribe conditions which he deems necessary to carry out the provisions of this chapter, or which are otherwise required by any Federal department or agency pursuant to the terms of this chapter.
(2) No license shall be issued, transferred, or renewed under this chapter unless the applicant, licensee or transferee first agrees in writing that (A) there will be no substantial change from the plans, operational systems, and methods, procedures, and safeguards set forth in his application, as approved, without prior approval in writing from the Administrator, and (B) he will comply with conditions the Administrator may prescribe in accordance with the provisions of this chapter.
(3) The Administrator shall establish such bonding requirements or other assurances as he deems necessary to assure that, upon the revocation, termination, relinquishment, or surrender of a license, the licensee will dispose of or remove all components of the ocean thermal energy conversion facility or plantship as directed by the Administrator. In the case of components which another applicant or licensee desires to use, the Administrator may waive the disposal or removal requirements until he has reached a decision on the application. In the case of components lying on or below the seabed, the Administrator may waive the disposal or removal requirements if he finds that such removal is not otherwise necessary and that the remaining components do not constitute any threat to the environment, navigation, fishing, or other uses of the seabed.
(e) License transfer

Upon application, a license issued under this chapter may be transferred if the Administrator determines that such transfer is in the public interest and that the transferee meets the requirements of this chapter and the prerequisites to issuance under subsection (c) of this section.

(f) License eligibility

Any United States citizen who otherwise qualifies under the terms of this chapter shall be eligible to be issued a license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship.

(g) License term and renewal

Licenses issued under this chapter shall be for a term of not to exceed 25 years. Each licensee shall have a preferential right to renew his license subject to the requirements of subsection (c) of this section, upon such conditions and for such term, not to exceed an additional 10 years upon each renewal, as the Administrator determines to be reasonable and appropriate.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

AKRON SEAWATER ENERGY CONVERSION SYSTEM

Any United States citizen who otherwise qualifies under the terms of this chapter shall be eligible to be issued a license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship.

PACIFIC OCEAN THERMAL ENERGY CONVERSION FACILITIES

Any United States citizen who otherwise qualifies under the terms of this chapter shall be eligible to be issued a license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship.

ANTARCTICA

Any United States citizen who otherwise qualifies under the terms of this chapter shall be eligible to be issued a license for the ownership, construction, and operation of an ocean thermal energy conversion facility or plantship.
§9112  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 7206

(d) Application

(1) Within 21 days after the receipt of an application, the Administrator shall determine whether the application appears to contain all of the information required by paragraph (2) of this subsection. If the Administrator determines that such information appears to be contained in the application, the Administrator shall, no later than 5 days after making such a determination, publish notice of the application and a summary of the plans in the Federal Register. If the Administrator determines that all of the required information does not appear to be contained in the application, the Administrator shall notify the applicant and take no further action with respect to the application until such deficiencies have been remedied.

(2) Each application shall include such financial, technical, and other information as the Administrator determines by regulation to be necessary or appropriate to process the license pursuant to section 9111 of this title.

(e) Area description; additional license applications

(1) At the time notice of an application for an ocean thermal energy conversion facility is published pursuant to subsection (d) of this section, the Administrator shall publish a description in the Federal Register of an application area encompassing the site proposed in the application for such facility and within which the thermal plume of one ocean thermal energy conversion facility might be expected to impinge on so as to degrade the thermal gradient used by another ocean thermal energy conversion facility, unless the application is for a license for an ocean thermal energy conversion facility to be located within an application area which has already been designated.

(2) The Administrator shall accompany such publication with a call for submission of any other applications for licenses for the ownership, construction, and operation of an ocean thermal energy conversion facility within the designated application area. Any person intending to file such an application shall submit a notice of intent to file an application to the Administrator not later than 60 days after the publication of notice pursuant to subsection (d) of this section, and shall submit the completed application no later than 90 days after publication of such notice. The Administrator shall publish notice of any such application received in accordance with subsection (d) of this section. No application for a license for the ownership, construction, and operation of an ocean thermal energy conversion facility within the designated application area for which a notice of intent to file was received after such 90-day period, or which is received after such 90-day period has elapsed, shall be considered until action has been completed on all timely filed applications pending with respect to such application area.

(f) Copies of application to other agencies

An application filed with the Administrator shall constitute an application for all Federal authorizations required for ownership, construction, and operation of an ocean thermal energy conversion facility or plantship, except for authorizations required by documentation, inspection, certification, construction, and manning laws and regulations administered by the Secretary of the department in which the Coast Guard is operating. At the time notice of any application is published pursuant to subsection (d) of this section, the Administrator shall forward a copy of such application to those Federal agencies and departments with jurisdiction over any aspect of such ownership, construction, or operation for comment, review, or recommendation as to conditions and for such other action as may be required by law. Each agency or department involved shall review the application and, based upon legal considerations within its area of responsibility, recommend to the Administrator the approval or disapproval of the application not later than 45 days after public hearings are concluded pursuant to subsection (g) of this section. In any case in which an agency or department recommends disapproval, it shall set forth in detail the manner in which the application does not comply with any law or regulation within its area of responsibility and shall notify the Administrator of the manner in which the application may be amended or the license conditioned so as to bring it into compliance with the law or regulation involved.

(g) Notice, comments, and hearing

A license may be issued, transferred, or renewed only after public notice, opportunity for comment, and public hearings in accordance with this subsection. At least one such public hearing shall be held in the District of Columbia and in any adjacent coastal State to which a facility is proposed to be directly connected by pipeline or electric transmission cable. Any interested person may present relevant material at any such hearing. After the hearings required by this subsection are concluded, if the Administrator determines that there exist one or more specific and material factual issues which may be resolved by a formal evidentiary hearing, at least one adjudicatory hearing shall be held in the District of Columbia in accordance with the provisions of section 554 of title 5. The record developed in any such adjudicatory hearing shall be part of the basis for the Administrator's decision to approve or deny a license. Hearings held pursuant to this subsection shall be consolidated insofar as practicable with hearings held by other agencies. All public hearings on all applications with respect to facilities for any designated application area shall be consolidated and shall be concluded not later than 240 days after notice of the initial application has been published pursuant to subsection (d) of this section. All public hearings on applications with respect to ocean thermal energy conversion plantships shall be concluded not later than 240 days after notice of the application has been published pursuant to subsection (d) of this section.

(h) Administrative fee

The Administrator shall not take final action on any application unless the applicant has paid to the Administrator a reasonable administrative fee, which shall be deposited into miscellaneous receipts of the Treasury. The amount of the fee imposed by the Administrator on any ap-
plicant shall reflect the reasonable administrative costs incurred by the National Oceanic and Atmospheric Administration in reviewing and processing the application.

(i) Approval or denial of application; applications for same area; factors determinative of facility selection

(1) The Administrator shall approve or deny any timely filed application with respect to a facility for a designated application area submitted in accordance with the provision of this chapter no later than 90 days after public hearings on proposed licenses for that area are concluded pursuant to subsection (g) of this section. The Administrator shall approve or deny an application for a license for ownership, construction, and operation of an ocean thermal energy conversion plantship submitted pursuant to this chapter no later than 90 days after the public hearings on that application are concluded pursuant to subsection (g) of this section.

(2) In the event more than one application for a license for ownership, construction, and operation of an ocean thermal energy conversion facility is submitted pursuant to this chapter for the same designated application area, the Administrator, unless one or a specific combination of the proposed facilities clearly best serves the national interest, shall make decisions on license applications in the order in which they were submitted to him.

(3) In determining whether any one or a specific combination of the proposed ocean thermal energy conversion facilities clearly best serves the national interest, the Administrator, in consultation with the Secretary of Energy, shall consider the following factors:

(A) the goal of making the greatest possible use of ocean thermal energy conversion by installing the largest capacity practicable in each application area;

(B) the amount of net energy impact of each of the proposed ocean thermal energy conversion facilities;

(C) the degree to which the proposed ocean thermal energy conversion facilities will affect the environment;

(D) any significant differences between anticipated dates and commencement of operation of the proposed ocean thermal energy conversion facilities; and

(E) any differences in costs of construction and operation of the proposed ocean thermal energy conversion facilities, to the extent that such differentials may significantly affect the ultimate cost of energy or products to the consumer.

(b) of this section for the breaking or injury of any submarine electric transmission cable or equipment being constructed or operated under a license issued pursuant to this chapter shall be guilty of a misdemeanor and, on conviction thereof, shall be liable to imprisonment for a term not exceeding 2 years, or to a fine not exceeding $5,000, or to both fine and imprisonment, at the discretion of the court.

Transfer of Functions

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 533(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 9113. Protection of submarine electric transmission cables and equipment

(a) Prohibited acts; misdemeanor; penalty and fine

Any person who shall willfully and wrongfully break or injure, or attempt to break or injure, or who shall in any manner procure, counsel, aid, abet, or be accessory to such breaking or injury, or attempt to break or injure, any submarine electric transmission cable or equipment being constructed or operated under a license issued pursuant to this chapter shall be guilty of a misdemeanor and, on conviction thereof, shall be liable to imprisonment for a term not exceeding 2 years, or to a fine not exceeding $5,000, or to both fine and imprisonment, at the discretion of the court.

(b) Culpable negligence; misdemeanor; penalty and fine

Any person who by culpable negligence shall break or injure any submarine electric transmission cable or equipment being constructed or operated under a license issued pursuant to this chapter shall be guilty of a misdemeanor and, on conviction thereof, shall be liable to imprisonment for a term not exceeding 3 months, or to a fine not exceeding $500, or to both fine and imprisonment, at the discretion of the court.

(c) Exceptions

The provisions of subsections (a) and (b) of this section shall not apply to any person who, after having taken all necessary precautions to avoid such breaking or injury, breaks or injures any submarine electric transmission cable or equipment in an effort to save the life or limb of himself or of any other person, or to save his own or any other vessel.

(d) Suits for damages

The penalties provided in subsections (a) and (b) of this section for the breaking or injury of any submarine electric transmission cable or equipment shall not be a bar to a suit for damages on account of such breaking or injury.

(e) Indemnity

Whenever any vessel sacrifices any anchor, fishing net, or other fishing gear to avoid injuring any submarine electric transmission cable
or equipment being constructed or operated under a license issued pursuant to this chapter, the licensee shall indemnify the owner of such vessel for the items sacrificed: Provided, That the owner of the vessel had taken all reasonable precautionary measures beforehand.

(f) Repair costs

Any licensee who causes any break in or injury to any submarine cable or pipeline of any type shall bear the cost of the repairs.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a), (b), and (e), was in the original “this Act”, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

§ 9114. Antitrust review

(a) Review of applications by Attorney General

Whenever any application for issuance, transfer, or renewal of any license is received, the Administrator shall transmit promptly to the Attorney General a complete copy of such application. Within 90 days of the receipt of the application, the Attorney General shall conduct such antitrust review of the application as he deems appropriate, and submit to the Administrator any advice or recommendations he deems advisable to avoid any action upon such application by the Administrator which would create a situation inconsistent with the antitrust laws. If the Attorney General fails to file such views within the 90-day period, the Administrator shall proceed as if such views had been received. The Administrator shall not issue, transfer, or renew the license during the 90-day period, except upon written confirmation by the Attorney General that he does not intend to submit any further advice or recommendation on the application during such period.

(b) Issuance of license as constituting no defense for antitrust violations

The issuance of a license under this chapter shall not be admissible in any way as a defense to any civil or criminal action for violation of the antitrust laws of the United States, nor shall it in any way modify or abridge any private right of action under such laws. Nothing in this section shall be construed to bar the Attorney General or the Federal Trade Commission from challenging any anticompetitive situation involved in the ownership, construction, or operation of an ocean thermal energy conversion facility or plantship.

REFERENCES IN TEXT

This chapter, referred to in subsec. (b), was in the original “this Act”, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

§ 9115. Adjacent coastal States

(a) Designation of adjacent coastal State

(1) The Administrator, in issuing notice of application pursuant to section 9112(d) of this title, shall designate as an “adjacent coastal State” any coastal State which (A) would be directly connected by electric transmission cable or pipeline to an ocean thermal energy conversion facility as proposed in an application, or (B) in whose waters any part of such proposed ocean thermal energy conversion facility would be located, or (C) in whose waters an ocean thermal energy conversion plantship would be operated as proposed in an application.

(2) The Administrator shall, upon request of a State, designate such State as an “adjacent coastal State” if he determines that there is a risk of damage to the coastal environment of such State equal to or greater than the risk posed to a State required to be designated as an “adjacent coastal State” by paragraph (1) of this subsection or (B) that the thermal plume of the proposed ocean thermal energy conversion facility or plantship is likely to impinge on sensitive locations for ocean thermal energy conversion facilities which could reasonably be expected to be directly connected by electric transmission cable or pipeline to such State. This paragraph shall apply only with respect to requests by a State not later than the 14th day after the date of publication of notice of application for a proposed ocean thermal energy conversion facility in the Federal Register in accordance with section 9112(d) of this title. The Administrator shall make any designation required by this paragraph not later than the 45th day after the date he receives such a request from a State.

(b) State coastal zone management program

(1) Not later than 5 days after the designation of an adjacent coastal State pursuant to this section, the Administrator shall transmit a complete copy of the application to the Governor of such State. The Administrator shall not issue a license without consultation with the Governor of each adjacent coastal State which has an approved coastal zone management program in good standing pursuant to the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.). If the Governor of such a State has not transmitted his approval or disapproval to the Administrator by the 45th day after public hearings on the application are concluded pursuant to section 9112(g) of this title, such approval shall be conclusively presumed. If the Governor of such a State notifies the Administrator that an application which the Governor would otherwise approve pursuant to this paragraph is inconsistent in some respect with the State’s coastal zone management program, the Administrator shall condition the license granted so as to make it consistent with such State program.

(2) Any adjacent coastal State which does not have an approved coastal zone management program in good standing, and any other interested State, shall have the opportunity to make its views known to, and to have them given full consideration by, the Administrator regarding the location, construction, and operation of an
§ 9117. Protection of the environment

(a) Environmental assessment program

The Administrator shall initiate a program to assess the effects on the environment of ocean thermal energy conversion facilities and plantships. The program shall include baseline studies of locations where ocean thermal energy conversion facilities or plantships are likely to be sited or operated; and research; and monitoring of the effects of ocean thermal energy conversion facilities and plantships in actual operation. The purpose of the program shall be to assess the environmental effects of individual ocean thermal energy facilities and plantships, and to assess the magnitude of any cumulative environmental effects of large numbers of ocean thermal energy facilities and plantships.

(b) Program purposes

The program shall be designed to determine, among other things—

(1) any short-term and long-term effects on the environment which may occur as a result of the operation of ocean thermal energy conversion facilities and plantships;

(2) the nature and magnitude of any oceanographic, atmospheric, weather, climatic, or biological changes in the environment which may occur as a result of deployment and operation of large numbers of ocean thermal energy conversion facilities and plantships;

(3) the nature and magnitude of any oceanographic, biological or other changes in the environment which may occur as a result of the operation of electric transmission cables and equipment located in the water column or on or in the seabed, including the hazards of accidentally severed transmission cables; and

(4) whether the magnitude of one or more of the cumulative environmental effects of deployment and operation of large numbers of ocean thermal energy conversion facilities and plantships requires that an upper limit be placed on the number or total capacity of such facilities or plantships to be licensed under this chapter for simultaneous operation, either overall or within specific geographic areas.

(c) Plan submitted to Congress

Within 180 days after August 3, 1980, the Administrator shall prepare a plan to carry out the program described in subsections (a) and (b) of this section, including necessary funding levels for the next 5 fiscal years, and submit the plan to the Congress.

(d) Reduction of program to minimum necessary level

The program established by subsections (a) and (b) of this section shall be reduced to the minimum necessary to perform baseline studies and to analyze monitoring data, when the Administrator determines that the program has resulted in sufficient knowledge to make the determinations enumerated in subsection (b) of this section with an acceptable level of confidence.

(e) Environmental impact statement

The issuance of any license for ownership, construction, and operation of an ocean thermal energy conversion facility or plantship shall be deemed to be a major Federal action significantly affecting the quality of the human environment for purposes of section 4332(2)(C) of this title. For all timely applications covering proposed facilities in a single application area, and for each application relating to a proposed plantship, the Administrator shall, pursuant to such section 4332(2)(C) of this title and in cooperation with other involved Federal agencies and departments, prepare a single environ-
mental impact statement, which shall fulfill the requirement of all Federal agencies in carrying out their responsibilities pursuant to this chapter to prepare an environmental impact statement. Each such draft environmental impact statement relating to proposed facilities shall be prepared and published within 180 days after notice of the initial application has been published pursuant to section 9112(d) of this title. Each such draft environmental impact statement relating to a proposed plantship shall be prepared and published within 180 days after notice of the application has been published pursuant to section 9112(d) of this title. Each final environmental impact statement shall be published not later than 90 days following the date on which public hearings are concluded pursuant to section 9112(g) of this title. The Administrator may extend the deadline for publication of a specific draft or final environmental impact statement to a later specified time for good cause shown in writing.

(f) Discharge of pollutants

An ocean thermal energy conversion facility or plantship licensed under this subchapter shall be deemed not to be a "vessel or other floating craft" for the purposes of section 1362(12)(B) of title 33.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (b)(4) and (e), was in the original "this Act", meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

§9118. Marine environmental protection and safety of life and property at sea

(a) Coast Guard operations

The Secretary of the department in which the Coast Guard is operating shall, subject to recognized principles of international law, prescribe by regulation and enforce procedures with respect to any ocean thermal energy conversion facility or plantship licensed under this chapter, including, but not limited to, rules governing vessel movement, procedures for transfer of materials between such a facility or plantship and transport vessels, designation and marking of anchorage areas, maintenance, law enforcement, and the equipment, training, and maintenance required (1) to promote the safety of life and property at sea, (2) to prevent pollution of the marine environment, (3) to clean up any pollutants which may be discharged, and (4) to otherwise prevent or minimize any adverse impact from the construction and operation of such ocean thermal energy conversion facility or plantship.

(b) Promotion of safety of life and property

The Secretary of the department in which the Coast Guard is operating shall issue and enforce regulations, subject to recognized principles of international law, with respect to lights and other warning devices, safety equipment, and other matters relating to the promotion of safety of life and property on any ocean thermal energy conversion facility or plantship licensed under this chapter.

(c) Marking components for protection of navigation

Whenever a licensee fails to mark any component of such an ocean thermal energy conversion facility or plantship in accordance with applicable regulations, the Secretary of the department in which the Coast Guard is operating shall mark such components for the protection of navigation, and the licensee shall pay the cost of such marking.

(d) Safety zones

(1) Subject to recognized principles of international law and after consultation with the Secretary of Commerce, the Secretary of the Interior, the Secretary of State, and the Secretary of Defense, the Secretary of the department in which the Coast Guard is operating shall designate a zone of appropriate size around and including any ocean thermal energy conversion facility licensed under this chapter and may designate such a zone around and including any ocean thermal energy conversion plantship licensed under this chapter for the purposes of navigational safety and protection of the facility or plantship. The Secretary of the department in which the Coast Guard is operating shall by regulation define permitted activities within such zone consistent with the purpose for which it was designated. The Secretary of the department in which the Coast Guard is operating shall, not later than 30 days after publication of notice pursuant to section 9112(d) of this title, designate such safety zone with respect to any proposed ocean thermal energy conversion facility or plantship.

(2) In addition to any other regulations, the Secretary of the department in which the Coast Guard is operating is authorized, in accordance with this subsection, to establish a safety zone to be effective during the period of construction of an ocean thermal energy conversion facility or plantship licensed under this chapter, and to issue rules and regulations relating thereto.

(3) Except in a situation involving force majeure, a licensee of an ocean thermal energy conversion facility or plantship shall not permit a vessel, registered in or flying the flag of a foreign state, to call at, load or unload cargo at, or otherwise utilize such a facility or plantship licensed under this chapter unless (A) the foreign state involved has agreed, by specific agreement with the United States, to recognize the jurisdiction of the United States over the vessel and its personnel, in accordance with the provisions of this chapter, while the vessel is located within the safety zone, and (B) the vessel owner or operator has designated an agent for service of process in the event of any claim or legal proceeding resulting from activities of the vessel or its personnel while located within such a safety zone.

(e) Rules and regulations; vessels; “ocean thermal energy conversion facility” defined

(1) The Secretary of the department in which the Coast Guard is operating shall promulgate
and enforce regulations specified in paragraph (2) of this subsection and such other regulations as he deems necessary concerning the documentation, design, construction, alteration, equipment, maintenance, repair, inspection, certification, and manning of ocean thermal energy conversion facilities and plantships. In addition to other requirements prescribed under those regulations, the Secretary of the department in which the Coast Guard is operating may require compliance with those vessel documentation, inspection, and manning laws which he determines to be appropriate.

(2) Within 1 year after August 3, 1980, the Secretary of the department in which the Coast Guard is operating shall promulgate regulations under paragraph (1) of this subsection which require that any ocean thermal energy conversion facility or plantship—

(A) be documented;
(B) comply with minimum standards of design, construction, alteration, and repair; and
(C) be manned or crewed by United States citizens or aliens lawfully admitted to the United States for permanent residence, unless—
   (i) there is not a sufficient number of United States citizens, or aliens lawfully admitted to the United States for permanent residence, qualified and available for such work; or
   (ii) the President makes a specific finding, with respect to the particular vessel, platform, or moored, fixed or standing structure, that application of this requirement would not be consistent with the national interest.

(3) For the purposes of the documentation laws, for which compliance is required under paragraph (1) of this subsection, ocean thermal energy conversion facilities and plantships shall be deemed to be vessels and, if documented, vessels of the United States for the purposes of the Ship Mortgage Act, 1920 (46 U.S.C. 911-984).

(4) For the purposes of this subsection the term "ocean thermal energy conversion facility" refers only to an ocean thermal energy conversion facility which has major components other than water intake or discharge pipes located seaward of the highwater mark.

(f) Protection of navigation

Subject to recognized principles of international law, the Secretary of the department in which the Coast Guard is operating shall promulgate and enforce such regulations as he deems necessary to protect navigation in the vicinity of a vessel engaged in the installation, repair, or maintenance of any submarine electric transmission cable or equipment, and to govern the markings and signals used by such a vessel.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a), (b), and (d), was in the original "this Act"—meaning Pub. L. 96-320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

The Ship Mortgage Act, 1920, referred to in subsec. (e)(3), is section 30 of act June 5, 1920, ch. 250, 41 Stat. 1000, which was classified generally to chapter 25 (§911 et seq.) of former Title 46, Shipping, and was repealed by Pub. L. 109-710, Nov. 23, 1988, 102 Stat. 4752, and reenacted by section 102(c) thereof as chapters 301 and 313 of Title 46, Shipping. Chapter 301 of Title 46, consisting solely of section 30101 which defined, among other terms, "vessel of the United States", was subsequently repealed by Pub. L. 109-304, §6(b), Oct. 6, 2006, 120 Stat. 1509. For a definition of "vessel of the United States" as that term applies to Title 46, see section 116 of Title 46.

AMENDMENTS

Subsec. (e)(2)(C)(i). Pub. L. 98-623, §602(a)(6), substituted "moored, fixed or standing" for "moored or standing".

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§9119. Prevention of interference with other uses of high seas

(a) License conditions

Each license shall include such conditions as may be necessary and appropriate to ensure that construction and operation of the ocean thermal energy conversion facility or plantship are conducted with reasonable regard for navigation, fishing, energy production, scientific research, or other uses of the high seas, either by citizens of the United States or by other nations in their exercise of the freedoms of the high seas as recognized under the Convention of the High Seas and the general principles of international law.

(b) Rules and regulations

The Administrator shall promulgate regulations specifying under what conditions and in what circumstances the thermal plume of an ocean thermal energy conversion facility or plantship licensed under this chapter will be deemed—

(1) to impinge on so as to degrade the thermal gradient used by another ocean thermal energy conversion facility or plantship, or

(2) to impinge on so as to adversely affect the territorial sea or area of national resource jurisdiction, as recognized by the United States, of any other nation.

Such regulations shall also provide for the Administrator to mediate or arbitrate any disputes among licensees regarding the extent to which the thermal plume of one licensee's facility or plantship impinges on the operation of another licensee's facility or plantship.

1 So in original. Probably should be followed by a period.
(c) Coast Guard operations

The Secretary of the department in which the Coast Guard is operating shall promulgate, after consultation with the Administrator, and shall enforce, regulations governing the movement and navigation of ocean thermal energy conversion plantships licensed under this chapter to ensure that the thermal plume of such an ocean thermal energy conversion plantship does not unreasonably impinge on so as to degrade the thermal plume used by the operation of any other ocean thermal energy conversion plantship or facility except in case of force majeure or with the consent of owner of the other such plantship of facility, and to ensure that the thermal plume of such an ocean thermal energy conversion plantship does not impinge on so as to adversely affect the territorial sea or area of national resource jurisdiction, as recognized by the United States, of any other nation unless the Secretary of State has approved such impingement after consultation with such nation.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (b) and (c), was in the original ‘‘this Act’’, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

AMENDMENTS

Subsec. (b)(3). Pub. L. 98–623, § 602(e)(15), struck out par. (3) which prohibited a licensee of an ocean thermal energy conversion facility or plantship under this chapter, except in the case of force majeure, from permitting foreign vessels to call at, load or unload cargo, or to otherwise use such facility or plantship unless the foreign state involved had specifically agreed to recognize the jurisdiction of the United States over the vessel and its personnel while such vessel was located in the safety zone and the vessel owner or operator had designated an agent in the United States for receipt of service of process for legal claims or proceedings arising from activities of the vessel or its personnel while located in such zone. See section 9118(d)(3) of this title.

Subsec. (c). Pub. L. 98–623, § 602(e)(16), substituted ‘‘the thermal plume of such’’ for ‘‘the thermal plume such’’ in second place appearing, and substituted ‘‘impingement’’ for ‘‘impingement’’.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 9120. Monitoring of licensees’ activities

Each license shall require the licensee—

(1) to allow the Administrator to place appropriate Federal officers or employees in or aboard the ocean thermal energy conversion facility or plantship to which the license applies, at such times and to such extent as the Administrator deems reasonable and necessary to assess compliance with any condition or regulation applicable to the license, and to report to the Administrator whenever such officers or employees have reason to believe there is a failure to comply;

(2) to cooperate with such officers and employees in the performance of monitoring functions; and

(3) to monitor the environmental effects, if any, of the operation of the ocean thermal energy conversion facility or plantship in accordance with regulations issued by the Administrator, and to submit such information as the Administrator finds to be necessary and appropriate to assess environmental impacts and to develop and evaluate mitigation methods and possibilities.

AMENDMENTS

1984—Par. (1). Pub. L. 98–623 substituted ‘‘in or aboard’’ for ‘‘aboard’’.

§ 9121. Suspension, revocation, and termination of licenses

(a) Filing of action by Attorney General; automatic suspension

Whenever a licensee fails to comply with any applicable provision of this chapter or any applicable rule, regulation, restriction, or condition issued or imposed by the Administrator under the authority of this chapter, the Attorney General, at the request of the Administrator, shall file an action in the appropriate United States district court to—

(1) suspend the license; or

(2) if such failure is knowing and continues for a period of 30 days after the Administrator mails notification of such failure by registered letter to the licensee at his record post office address, revoke such license.

No proceeding under this section is necessary if the license, by its terms, provides for automatic suspension or termination upon the occurrence of a fixed or agreed upon condition, event, or time.

(b) Immediate suspension of construction or operation pending completion of proceedings

If the Administrator determines that immediate suspension of the construction or operation of an ocean thermal energy conversion facility or plantship or any component thereof is necessary to protect public health and safety or to eliminate imminent and substantial danger to the environment the Administrator may order the licensee to cease or alter such construction or operation pending the completion of a judicial proceeding pursuant to subsection (a) of this section.

REFERENCES IN TEXT
This chapter, referred to in subsec. (a), was in the original “this Act”, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

AMENDMENTS
1984—Subsec. (b). Pub. L. 98–623 substituted “environment” for “environment established by any treaty or convention.”.

§ 9122. Recordkeeping and public access to information

(a) Records and reports
Each licensee shall establish and maintain such records, make such reports, and provide such information as the Administrator, after consultation with other interested Federal departments and agencies, shall by regulation prescribe to carry out the provisions of this chapter. Each licensee shall submit such reports and shall make available such records and information as the Administrator may request.

(b) Confidential information
Any information reported to or collected by the Administrator under this chapter which is exempt from disclosure pursuant to section 552(b)(4) of title 5 (relating to trade secrets and commercial or financial information which is privileged or confidential) shall not—

(1) be publicly disclosed by the Administrator or by any other officer or employee of the United States, unless the Administrator has—

(A) determined that the disclosure is necessary to protect the public health or safety or the environment against an unreasonable risk of injury, and

(B) notified the person who submitted the information 10 days before the disclosure is to be made, unless the delay resulting from such notice would be detrimental to the public health or safety or the environment, or

(2) be otherwise disclosed except—

(A)(i) to other Federal and adjacent coastal State government departments and agencies for official use,

(ii) to any committee of the Congress of appropriate jurisdiction, or

(iii) pursuant to court order, and

(B) when the Administrator has taken appropriate steps to inform the recipient of the confidential nature of the information.

REFERENCES IN TEXT
This chapter, referred to in text, was in the original “this Act”, meaning Pub. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

AMENDMENTS
1984—Subsec. (b). Pub. L. 98–623, § 602(e)(3), substituted “relating to trade secrets and confidential or financial information which is privileged or confidential” for “(relating to trade secrets and confidential commercial and financial information)”.

§ 9123. Relinquishment or surrender of license

(a) Relinquishment or surrender authority; continuation of liability
Any licensee may at any time, without penalty, surrender to the Administrator a license issued to him, or relinquish to the Administrator, in whole or in part, any right to conduct construction or operation of an ocean thermal energy conversion facility or plantship, including part or all of any right of way which may have been granted in conjunction with such license: Provided, That such surrender or relinquishment shall not relieve the licensee of any obligation or liability established by this chapter, or any other Act, or of any obligation or liability for actions taken by him prior to such surrender or relinquishment, or during disposal or removal of any components required to be disposed of or removed pursuant to this chapter.

(b) Transfer of right of way
If part or all of a right of way which is relinquished, or for which the license is surrendered, to the Administrator pursuant to subsection (a) of this section contains an electric transmission cable or pipeline which is used in conjunction with another license for an ocean thermal energy conversion facility, the Administrator shall allow the other licensee an opportunity to add such right of way to his license before informing the Secretary of the Interior that the right of way has been vacated.

REFERENCES IN TEXT
This chapter, referred to in subsec. (a), was in the original “this Act”, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

§ 9124. Civil actions

(a) Jurisdiction
Except as provided in subsection (b) of this section, any person having a valid legal interest which is or may be adversely affected may commence a civil action for equitable relief on his own behalf in the United States District Court for the District of Columbia whenever such action constitutes a case or controversy—

(1) against any person who is alleged to be in violation of any provision of this chapter or any regulation or condition of a license issued pursuant to this chapter; or

(2) against the Administrator where there is alleged a failure of the Administrator to perform any act or duty under this chapter which is not discretionary.

In suits brought under this chapter, the district courts of the United States shall have jurisdiction, without regard to the amount in con-
troversy or the citizenship of the parties, to enforce any provision of this chapter or any regulation or term or condition of a license issued pursuant to this chapter or to order the Administrator to perform such act or duty, as the case may be.

(b) Notice

No civil action may be commenced—

(1) under subsection (a)(1) of this section—
(A) prior to 60 days after the plaintiff has given notice of the violation to the Administrator and to any alleged violator; or
(B) if the Administrator or the Attorney General has commenced and is diligently prosecuting a civil or criminal action with respect to such matters in a court of the United States, but in any such action any person may intervene as a matter of right; or

(2) under subsection (a)(2) of this section prior to 60 days after the plaintiff has given notice of such action to the Administrator.

Notice under this subsection shall be given in such a manner as the Administrator shall prescribe by regulation.

(c) Right of Administrator or Attorney General to intervene

In any action under this section, the Administrator or the Attorney General, if not a party, may intervene as a matter of right.

(d) Award of costs

The court, in issuing any final order in any action brought pursuant to subsection (a) of this section, may award costs of litigation (including reasonable attorney and expert witness fees) to any party whenever the court determines that such an award is appropriate.

(e) Other remedies not restricted

Nothing in this section shall restrict any right which any person or class of persons may have under any statute or common law to seek enforcement or to seek any other relief.

§ 9126. Exempt operations

(a) Test platforms

The provisions of this subchapter shall not apply to any test platform which will not operate as an ocean thermal energy conversion facility or plantship after conclusion of the testing period.

(b) Commercial demonstration ocean thermal energy conversion facilities or plantships

The provisions of this subchapter shall not apply to ownership, construction, or operation of any ocean thermal energy conversion facility or plantship which the Secretary of Energy has designated in writing as a demonstration project for the development of alternative energy sources for the United States which is conducted by, participated in, or approved by the Department of Energy. The Secretary of Energy, after consultation with the Administrator, shall require such demonstration projects to abide by as many of the substantive requirements of this subchapter as he deems to be practicable without damaging the nature of or unduly delaying such projects.

§ 9127. Periodic review and revision of regulations

The Administrator and the Secretary of the department in which the Coast Guard is operating shall periodically, at intervals of not more than every 3 years, and in consultation with the Secretary of Energy, review any regulations promulgated pursuant to the provisions of this subchapter to determine the status and impact of such regulations on the continued development, evolution, and commercialization of ocean thermal energy conversion technology. The results of each such review shall be included in the next annual report required by section 9165 of this title. The Administrator and such Secretary are authorized and directed to promulgate any revisions to the then effective reg-

1 See References in Text note below.
ulations as are deemed necessary and appropriate based on such review, to ensure that any regulations promulgated pursuant to the provisions of this subchapter do not impede such development, evolution, and commercialization of such technology. Additionally, the Secretary of Energy is authorized to propose, based on such review, such revisions for the same purpose. The Administrator or such Secretary, as appropriate, shall have exclusive jurisdiction with respect to any such proposal by the Secretary of Energy and, pursuant to applicable procedures, shall consider and take final action on any such proposal in an expeditious manner. Such consideration shall include at least one informal hearing pursuant to the procedures in section 553 of title 5.

Section 9165 of this title, referred to in text, was omitted from the Code.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

SUBCHAPTER II—MARITIME FINANCING FOR OCEAN THERMAL ENERGY CONVERSION

§9141. Determinations under Merchant Marine Act, 1936

(a)(1) For the purposes of chapter 535 of title 46, any ocean thermal energy conversion facility or plantship licensed pursuant to this chapter, and any vessel providing shipping service to or from such an ocean thermal energy conversion facility or plantship, shall be deemed to be a vessel operated in the foreign commerce of the United States.

(2) The provisions of paragraph (1) of this subsection shall apply for taxable years beginning after December 31, 1981.

(b) For the purposes of the Merchant Marine Act, 1936 (46 U.S.C. 1177 et seq.), any vessel documented under the laws of the United States and used in providing shipping service to or from any ocean thermal energy conversion facility or plantship licensed pursuant to the provisions of this chapter shall be deemed to be used in, and used in an essential service in, the foreign commerce or foreign trade of the United States, as defined in section 109 of title 46.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a)(1) and (b), was in the original ‘‘this Act’’, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal En-

1 See References in Text note below.
§ 9152. Remedies and penalties

(a) Issuance and enforcement of orders

(1) The Administrator or his delegate shall have the authority to issue and enforce orders during proceedings brought under this chapter. Such authority shall include the authority to issue subpoenas, administer oaths, compel the attendance and testimony of witnesses and the production of books, papers, documents, and other evidence, to take depositions before any designated individual competent to administer oaths, and to examine witnesses.

(2) Whenever on the basis of any information available to him the Administrator finds that any person subject to section 9151 of this title is in violation of any provision of this chapter or any rule, regulation, order, license, or term or condition thereof, or other requirements under this chapter, he may issue an order requiring such person to comply with such provision or requirement, or bring a civil action in accordance with subsection (b) of this section.

(3) Any compliance order issued under this subsection shall state with reasonable specificity the nature of the violation and a time for compliance, not to exceed 30 days, which the Administrator determines is reasonable, taking into account the seriousness of the violation and any good faith efforts to comply with applicable requirements.

(b) Civil actions by Attorney General; equitable relief

(1) Upon a request by the Administrator, the Attorney General shall commence a civil action for appropriate relief, including a permanent or temporary injunction, to halt any violation for which the Administrator is authorized to issue a compliance order under subsection (a) of this section.

(2) Upon a request by the Administrator, the Attorney General shall bring an action in an appropriate district court of the United States for equitable relief to redress a violation, by any person subject to section 9151 of this title, of any provision of this chapter, any regulation issued pursuant to this chapter, or any license condition.

(c) Civil penalties

(1) Any person who is found by the Administrator, after notice and an opportunity for a hearing in accordance with section 554 of title 5, to have committed an act prohibited by section 9151 of this title shall be liable to the United States for a civil penalty, not to exceed $25,000 for each violation. Each day of a continuing violation shall constitute a separate violation. The amount of such civil penalty shall be assessed by the Administrator, or his designee, by written notice. In determining the amount of such penalty, the Administrator shall take into account the nature, circumstances, extent and gravity of the prohibited acts committed and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.

(2) Any person against whom a civil penalty is assessed under paragraph (1) of this subsection may obtain a review thereof in the appropriate court of the United States by filing a notice of appeal in such court within 30 days from the date of such order and by simultaneously sending a copy of such notice by certified mail to the Administrator. The Administrator shall promptly file in such court a certified copy of the record upon which such violation was found or such penalty imposed, as provided in section 2112 of title 28. The findings and order of the Administrator shall be set aside by such court if they are not found to be supported by substantial evidence, as provided in section 706(2) of title 5.

(3) If any person subject to section 9151 of this title fails to pay an assessment of a civil penalty against him after it has become final, or after the appropriate court has entered final judgment in favor of the Administrator, the Administrator shall refer the matter to the Attorney General of the United States, who shall recover the amount assessed in any appropriate court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

(4) The Administrator may compromise, modify, or remit, with or without conditions, any civil penalty which is subject to imposition or which has been imposed under this subsection.

(d) Criminal penalties

(1) Any person subject to section 9151 of this title is guilty of an offense if he willfully commits any act prohibited by such section.

(2) Any offense, other than an offense for which the punishment is prescribed by section 9113 of this title, is punishable by a fine of not more than $75,000 for each day during which the violation continues. Any offense described in paragraphs (2), (3), (4), and (5) of section 9151 of this title is punishable by the fine or imprisonment for not more than 6 months, or both. If, in the commission of any offense, the person subject to section 9151 of this title uses a dangerous weapon, engages in conduct that causes bodily injury to any Federal officer or employee, or places any Federal officer or employee in fear of imminent bodily injury, the offense is punishable by a fine of not more than $100,000 or imprisonment for not more than 10 years, or both.

(e) In rem liability of vessels

Any ocean thermal energy conversion facility or plantship licensed pursuant to this chapter and any other vessel documented or numbered under the laws of the United States, except a
public vessel engaged in noncommercial activities, used in any violation of this chapter or of any rule, regulation, order, license, or term or condition thereof, or other requirements of this chapter, shall be liable in rem for any civil penalty assessed or criminal fine imposed and may be proceeded against in any district court of the United States having jurisdiction thereof, whenever it shall appear that one or more of the owners, or bareboat charterers, was at the time of the violation a consenting party or privy to such violation.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a)(1), (2), (b)(2), and (e), was in the original “this Act”, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

AMENDMENTS

§ 9153. Enforcement

(a) Enforcement responsibility of Administrator of National Oceanic and Atmospheric Administration; Coast Guard

Except where a specific section of this chapter designates enforcement responsibility, the provisions of this chapter shall be enforced by the Administrator. The Secretary of the department in which the Coast Guard is operating shall have exclusive responsibility for enforcement measures which affect the safety of life and property at sea, shall exercise such other enforcement responsibilities with respect to vessels subject to the provisions of this chapter as are authorized under other provisions of law, and may, upon the specific request of the Administrator, assist the Administrator in the enforcement of any provision of this chapter. The Administrator and the Secretary of the department in which the Coast Guard is operating may, by agreement, on a reimbursable basis or otherwise, utilize the personnel, services, equipment, including aircraft and vessels, and facilities of any other Federal agency or department, and may authorize officers or employees of other departments or agencies to provide assistance as necessary in carrying out subsection (b) of this section. The Administrator and the Secretary of the department in which the Coast Guard is operating may issue regulations jointly or severally as may be necessary and appropriate to carry out their duties under this section.

(b) Enforcement activities of authorized officers

To enforce the provisions of this chapter in or on board any ocean thermal energy conversion facility or plantship or any vessel which is subject to the provisions of this chapter;

(2) search the vessel if the officer has reasonable cause to believe that the vessel has been used or employed in the violation of any provision of this chapter;

(3) arrest any person subject to section 9151 of this title if the officer has reasonable cause to believe that the person has committed a criminal act prohibited by sections 9151 and 9152(d) of this title;

(4) seize the vessel together with its gear, furniture, appurtenances, stores, and cargo, used or employed in, or with respect to which it reasonably appears that such vessel was used or employed in, the violation of any provision of this chapter if such seizure is necessary to prevent evasion of the enforcement of this chapter;

(5) seize any evidence related to any violation of any provision of this chapter;

(6) execute any warrant or other process issued by any court of competent jurisdiction; and

(7) exercise any other lawful authority.

(c) Jurisdiction; venue

Except as otherwise specified in section 9125 of this title, the district courts of the United States shall have exclusive original jurisdiction over any case or controversy arising under the provisions of this chapter. Except as otherwise specified in this chapter, venue shall lie in any district wherein, or nearest to which, the cause of action arose, or wherein any defendant resides, may be found, or has his principal office. In the case of Guam, and any Commonwealth, territory, or possession of the United States in the Pacific Ocean, the appropriate court is the United States District Court for the District of Guam, except that in the case of American Samoa, the appropriate court is the United States District Court for the District of Hawaii. Any such court may, at any time—

(1) enter restraining orders or prohibitions;

(2) issue warrants, process in rem, or other process;

(3) prescribe and accept satisfactory bonds or other security; and

(4) take such other actions as are in the interest of justice.

(d) Definitions

For the purposes of this section, the term “vessel” includes an ocean thermal energy conversion facility or plantship, and the term “provisions of this chapter” or “provision of this chapter” includes any rule, regulation, or order issued pursuant to this chapter and any term or condition of any license issued pursuant to this chapter.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original “this Act”, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.
§ 9161. Law of the Sea Treaty

If the United States ratifies a treaty, which includes provisions with respect to jurisdiction over ocean thermal energy conversion activities, resulting from any United Nations Conference on the Law of the Sea, the Administrator, after consultation with the Secretary of State, shall promulgate any amendment to the regulations promulgated under this chapter which is necessary and appropriate to conform such regulations to the provisions of such treaty, in anticipation of the date when such treaty shall come into force and effect for, or otherwise be applicable to, the United States.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original "this Act", meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

§ 9162. International negotiations

The Secretary of State, in cooperation with the Administrator and the Secretary of the department in which the Coast Guard is operating, shall seek effective international action and cooperation in support of the policy and purposes of this chapter and may initiate and conduct negotiations for the purpose of entering into international agreements designed to guarantee non-interference of ocean thermal energy conversion facilities and plantships with the thermal gradients used by other such facilities and plantships, to assure protection of such facilities and plantships and of navigational safety in the vicinity thereof, and to resolve such other matters relating to ocean thermal energy conversion facilities and plantships as need to be resolved in international agreements.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original "this Act", meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

Transfer of Functions

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 9163. Relationship to other laws

(a) Facilities and plantships as comparable to areas of exclusive Federal jurisdiction located within a State

(1) The Constitution, laws, and treaties of the United States shall apply to an ocean thermal energy conversion facility or plantship licensed under this chapter and all of which is located seaward of the highwater mark, and to activities connected, associated, or potentially interfering with the use or operation of any such facility or plantship, in the same manner as if such facility or plantship were an area of exclusive Federal jurisdiction located within a State. Nothing in this chapter shall be construed to relieve, exempt, or immunize any person from any other requirement imposed by Federal law, regulation, or treaty.

(b) Responsibilities and authorities of States or United States within territorial seas; applicability of State law to facilities located beyond territorial seas

(1) Except as may otherwise be provided by this chapter, nothing in this chapter shall in any way alter the responsibilities and authorities of a State or the United States within the territorial seas of the United States.

(2) The law of the nearest adjacent coastal State to which an ocean thermal energy conversion facility located beyond the territorial sea and licensed under this chapter is connected by an electric transmission cable or pipeline, now in effect or hereafter adopted, amended, or repealed, is declared to be the law of the United States, and shall apply to such facility, to the extent applicable and not inconsistent with any provision or regulation under this chapter or other Federal laws and regulations now in effect or hereafter adopted, amended, or repealed: Provided, however, That the application of State taxation laws is not extended hereby outside the seaward boundary of any State. All such applicable laws shall be administered and enforced by the appropriate officers and courts of the United States outside the seaward boundary of any State.

(c) Customs laws

(1) For the purposes of the customs laws administered by the Secretary of the Treasury, ocean thermal energy conversion facilities and
plantships documented under the laws of the United States and licensed under this chapter shall be deemed to be vessels.

(2) Except as so far as they apply to vessels documented under the laws of the United States, the customs laws administered by the Secretary of the Treasury, including the provisions of the Tariff Act of 1930, as amended (19 U.S.C. 1202), and other laws codified in title 19, shall not apply to any ocean thermal energy conversion facility or plantship documented under the laws of the United States and licensed under the provisions of this chapter, but all foreign articles to be used in the construction of any such facility or plantship, including any component thereof, shall first be made subject to all applicable duties and taxes which would be imposed upon or by reason of their importation if they were imported for consumption in the United States. Duties and taxes shall be paid thereon in accordance with laws applicable to merchandise imported into the customs territory of the United States.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

The Tariff Act of 1930, as amended, referred to in subsec. (c)(2), is act June 17, 1930, ch. 497, 46 Stat. 590, which is classified generally to chapter 4 (§1202 et seq.) of Title 19. For complete classification of this Act to the Code, see section 1654 of Title 19 and Tables.

AMENDMENTS

1984—Subsec. (a)(1), Pub. L. 98–623, §602(a)(11), inserted ‘‘and all of which is located seaward of the highwater mark.’’. Subsec. (c)(2), Pub. L. 98–623, §602(a)(12), substituted ‘‘ocean thermal energy conversion facility or plantship documented under the laws of the United States and licensed’’ for ‘‘ocean thermal energy conversion facility or plantship licensed’’. Pub. L. 98–623, §602(e)(6), substituted ‘‘Secretary of the Treasury, including the provisions of the Tariff Act of 1930, as amended (19 U.S.C. 1202), and other laws codified in title 19,’’ for ‘‘Secretary of the Treasury’’.

TERRITORIAL SEA OF UNITED STATES

For extension of territorial sea of United States, see Proc. No. 5928, set out as a note under section 1331 of Title 43, Public Lands.

§9164. Submarine electric transmission cable and equipment safety

(a) Standards and regulations

The Secretary of Energy, in cooperation with other interested Federal agencies and departments, shall establish and enforce such standards and regulations as may be necessary to assure the safe construction and operation of submarine electric transmission cables and equipment subject to the jurisdiction of the United States. Such standards and regulations shall include, but not be limited to, requirements for the use of the safest and best available technology for submarine electric transmission cable shielding, and for the use of automatic switches to shut off electric current in the event of a break in such a cable.

(b) Report to Congress on appropriation and staffing needs

The Secretary of Energy, in cooperation with other interested Federal agencies and departments, is authorized and directed to report to the Congress within 60 days after August 3, 1980, on appropriations and staffing needed to monitor submarine electric transmission cables and equipment subject to the jurisdiction of the United States so as to assure that they meet all applicable standards for construction, operation, and maintenance.

§9165. Omitted

CODIFICATION

Section, Pub. L. 96–320, title IV, §405, Aug. 3, 1980, 94 Stat. 999; Pub. L. 98–623, title VI, §602(c), Nov. 8, 1984, 98 Stat. 3411, which required the Administrator of the National Oceanic and Atmospheric Administration to submit an annual report on the administration of this chapter to the President of the Senate and the Speaker of the House of Representatives, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See also, the 8th item on page 54 of House Document No. 103–7.

§9166. Authorization of appropriations

There are authorized to be appropriated to the Secretary of Commerce, for the use of the Administrator in carrying out the provisions of this chapter, not to exceed $3,500,000 for the fiscal year ending September 30, 1981, not to exceed $3,500,000 for the fiscal year ending September 30, 1982, not to exceed $3,500,000 for the fiscal year ending September 30, 1983, not to exceed $480,000 for each of the fiscal years ending September 30, 1984 and September 30, 1985, and not to exceed $630,000 for each of the fiscal years ending September 30, 1986 and September 30, 1987.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–320, Aug. 3, 1980, 94 Stat. 974, known as the Ocean Thermal Energy Conversion Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9101 of this title and Tables.

AMENDMENTS

1984—Pub. L. 98–623 inserted provisions authorizing appropriations not to exceed $480,000 for each of the fiscal years ending September 30, 1984 and September 30, 1985, and not to exceed $630,000 for each of the fiscal years ending September 30, 1986 and September 30, 1987.

§9167. Severability

If any provision of this chapter or any application thereof is held invalid, the validity of the remainder of the chapter, or any other application, shall not be affected thereby.
§ 9168. Report to Congress on promotion and enhancement of export potential of ocean thermal energy conversion components, facilities, and plantships

Within 18 months after November 8, 1984, the Administrator shall submit to the President of the Senate and the Speaker of the House of Representatives a report detailing what steps the United States Government is taking and plans to take to promote and enhance the export potential of ocean thermal energy conversion components, facilities, and plantships manufactured by United States industry. Such report shall include—

(1) the relevant views of the National Oceanic and Atmospheric Administration, International Trade Administration, Maritime Administration, Department of Energy, Small Business Administration, United States International Development Cooperative Agency, the Office of the Special Trade Representative, and other relevant United States Government agencies;

(2) the findings of studies conducted by the Administrator to fulfill the intent of this section;

(3) a summary of activities, including consultations held with representatives of both the ocean thermal energy conversion and financial industries conducted by the Administrator to fulfill the intent of this section; and

(4) such recommendations as the Administrator deems appropriate for amending this chapter or other relevant Acts to better promote and enhance the export potential of ocean thermal energy conversion components, facilities and plantships manufactured by United States industry.

CHAPTER 100—WIND ENERGY SYSTEMS

Sec. 9201. Congressional findings and declaration of purpose.

9202. Definitions.

9203. Comprehensive program management plan.

9204. Research, development, and demonstration.

9205. Technology application programs.

9206. Wind resource assessment.

9207. Criteria for program selection.

9208. Administrative provisions.

9209. Utilization of capabilities and facilities.

9210. Analysis of applications of wind energy systems.

9211. Encouragement and protection of small business.

9212. General provisions.

9213. Authorization of appropriations.

§ 9201. Congressional findings and declaration of purpose

(a) The Congress finds that—

(1) the United States is faced with a finite and diminishing resource base of native fossil fuels and, as a consequence, must develop as quickly as possible a diversified, pluralistic national energy capability and posture;

(2) the current imbalance between supply and demand for fuels and energy in the United States is likely to grow for many years;

(3) it is in the Nation’s interest to provide opportunities for the increased production of electricity from renewable energy sources;

(4) the early wide-spread utilization of wind energy for the generation of electricity and for mechanical power could lead to relief on the demand for existing non-renewable fuel and energy supplies;

(5) the use of large wind energy systems for certain limited applications is already economically feasible;

(6) the use of small wind energy systems for certain applications is already economically feasible, and therefore, the Federal Government should not undertake any financial incentive or financial initiative which may detrimentally affect commercial markets for small wind energy systems;

(7) an aggressive research, development and demonstration program to accelerate widespread utilization of wind energy should solve existing technical problems of converting wind energy into electricity and mechanical energy and, supported by an assured and growing market for wind energy systems during the next decade, should maximize the future contribution of wind energy to the Nation’s future energy production;

(8) it is the proper and appropriate role of the Federal Government to undertake research and development, to participate in demonstration programs for wind energy systems, and to assist private industry, other entities, and the general public in hastening the widespread utilization of such systems;

(9) the widespread use of wind energy systems to supplement and replace conventional methods for the generation of electricity and mechanical power would have a beneficial effect upon the environment;

(10) the evaluation of the performance and reliability of wind energy technologies can be expedited by the testing of prototypes under carefully controlled conditions;

(11) innovation and creativity in the development of components and systems for converting wind energy into electricity and mechanical energy can be fostered through encouraging direct contact between the manufacturers of such components and systems and
utilities and other persons interested in utilizing such components and systems; and

(12) consistent with the findings of the Domestic Policy Review on Solar Energy, wind energy can potentially contribute 1.7 quads of energy per year by the year 2000.

(b) It is declared to be the policy of the United States and the purpose of this chapter to establish during the next eight years an aggressive research, development, demonstration, and technology applications program for converting wind energy into electricity and mechanical energy. It is declared to be the further policy of the United States and the purpose of this chapter that the objectives of such program are—

(1) to reduce the average cost of electricity produced by installed wind energy systems, by the end of fiscal year 1988, to a level competitive with conventional energy sources;

(2) to reach a total megawatt capacity in the United States from wind energy systems, by the end of fiscal year 1988, of at least eight hundred megawatts, of which at least one hundred megawatts are provided by small wind energy systems; and

(3) to accelerate the growth of a commercially viable and competitive industry to make wind energy systems available to the general public as an option in order to reduce national consumption of fossil fuel.

§ 9202. Definitions

For purposes of this chapter—

(1) the term "wind energy system" means a system of components which converts the kinetic energy of the wind into electricity or mechanical power, and which comprises all necessary components, including energy storage, power conditioning, control systems, and transmission systems, where appropriate, to provide electricity or mechanical power for individual, residential, agricultural, commercial, industrial, utility, or governmental use;

(2) the term "small wind energy system" means a wind energy system having a maximum rated capacity of one hundred kilowatts or less;

(3) the term "large wind energy system" means a wind energy system which is not a small wind energy system;

(4) the term "public and private entity" means any individual, corporation, partnership, firm, association, agricultural cooperative, public- or investor-owned utility, public or private institution or group, any State or local government agency, or any other domestic entity;

(5) the term "known wind resource" means a site with an estimated average annual wind velocity of at least twelve miles per hour;

(6) the term "conventional energy source" means energy produced from oil, gas, coal, and nuclear fuels; and

(7) the term "Secretary" means the Secretary of Energy.

§ 9203. Comprehensive program management plan

(a) Program activities and periods; consultations with heads of Federal agencies and non-Federal organizations

The Secretary shall prepare a comprehensive program management plan for the research, development, demonstration, and technology application activities to carry out the purposes of this chapter. The program activities shall be conducted in accordance with such comprehensive plan which shall include—

(1) a five-year program for small wind energy systems,

(2) an eight-year program for large wind energy systems, and

(3) a three-year program for wind resource assessment, which shall be consistent with the provisions of sections 9204, 9205, and 9206 of this title. In the preparation of such plan, the Secretary shall consult with the Administrator of the National Aeronautics and Space Administration, the Secretary of the Interior, and the heads of such other Federal agencies and such public and private organizations as he deems appropriate.

(b) Initial transmittal to Congressional committees

The Secretary shall transmit the comprehensive program management plan to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate within nine months after September 8, 1980.

(c) Subsequent transmittals to Congress: descriptive statement: current plan, changes, justification for changes, progress, interagency cooperation, and recommendations for achievement of goals

Concurrently with the submission of the President's annual budget to the Congress for each year after the year in which the comprehensive plan is initially transmitted under subsection (b), the Secretary shall transmit to the Congress a detailed description of the comprehensive plan as then in effect, setting forth the modifications which may be necessary to appropriately revise such plan and any changes in circumstances which may have occurred since the plan or the last previous modification thereof was transmitted in accordance with this section. The detailed description of the comprehensive plan under this subsection shall include but need not be limited to a statement setting forth with respect to each of the programs under this chapter any changes in—

(1) the anticipated research, development, demonstration, and technology application objectives to be achieved by the program;

(2) the program elements, management structure, and activities, including any regional aspects and field responsibilities thereof;

(3) the program strategies and technology applications plans, including detailed mile-

---

1 So in original. Probably should be followed by a comma.
§ 9204. Research, development, and demonstration

(a) Areas of knowledge limiting system utilization

The Secretary shall initiate research and development or accelerate existing research and development in areas in which the lack of knowledge limits the widespread utilization of wind energy systems in order to achieve the purposes of this chapter.

(b) Development of system prototypes and improvements

(1) The Secretary shall continue an aggressive program for the development of prototypes of advanced wind energy systems.

(2) As often as he deems appropriate, the Secretary shall solicit and evaluate proposals for the research and development of any new or improved technologies, which, in the Secretary’s opinion, will contribute to the development of improvements in current wind energy systems.

(c) Acquisition of economic, scientific, and technological information of system operations under various circumstances and conditions

The Secretary is authorized to enter into contracts, grants, and cooperative agreements with public and private entities for the purchase, fabrication, installation, and testing to obtain scientific, technological, and economic information from the demonstration of a variety of prototypes of advanced wind energy systems under a variety of circumstances and conditions.

(d) Other provisions inapplicable

In carrying out the responsibilities under this section, the Secretary is not subject to the requirements of section 553 of title 5 or section 7191 of this title.

§ 9205. Technology application programs

(a) Unit, operating, and maintenance costs

The Secretary shall establish a technology application program for wind energy systems to achieve the purposes of this chapter by reducing in unit costs of wind energy systems through mass production and by determination of operating and maintenance costs through broad operational systems experience.

(b) Proposals for Federal assistance

In achieving the objectives of this section, the Secretary shall solicit and evaluate proposals for Federal assistance pursuant to paragraphs (1), (2), and (3) of subsection (c) for investigating, purchasing, and installing such wind energy systems from public or private entities wishing to utilize wind energy systems.

(c) Forms of Federal assistance

In achieving the objectives of this section, the Secretary is authorized to use various forms of Federal assistance including, but not limited to—

(1) contracts and cooperative agreements;

(2) grants;

(3) loans; and

(4) direct Federal procurement.

(d) Quantity production and utilization

In carrying out his duties under this chapter, the Secretary is authorized to enter into such contracts and cooperative agreements with any public or private entity as may be necessary or appropriate for the production and utilization of large and small wind energy systems in quantities sufficient to achieve the objectives of this section.

(e) Procedure for direct grants for large systems; limitation of amount

In carrying out his duties under this chapter, the Secretary shall, within six months of September 8, 1980, establish procedures to allow any public or private entity wishing to install a large wind energy system to apply for and, upon meeting such terms and conditions as the Secretary may prescribe, to receive a direct grant for a portion of the total purchase and installation cost of such wind energy system: Provided, That grants for the portion of such cost in the case of large wind energy systems shall not exceed (A) 50 per centum of such cost during the first six years of the program under this subsection, and (B) 25 per centum of such cost during the seventh or eighth year of the program.

(f) Procedure for loans for small or large systems; limitation of amount; term; interest; prepayment; other terms and conditions

(1) In carrying out his duties under this chapter, the Secretary shall, within six months of September 8, 1980, establish procedures to allow public or private entities wishing to install a
small or large wind energy system to apply for and, upon meeting such terms and conditions as the Secretary may prescribe, to receive loans for up to 75 per centum of the total purchase and installation costs of wind energy systems providing in the aggregate up to three hundred and twenty megawatts peak generating capacity involving at a minimum four projects: Provided, That no such loan in any fiscal year shall be for more than 50 per centum of the amount appropriated under this chapter for such fiscal year.

(2) Each loan shall be for a term which the Secretary deems appropriate, but no loan shall exceed twenty years beyond the date the wind energy system becomes operational.

(3) Each loan made pursuant to this section shall bear interest at the discount or interest rate used at the time the loan is made for water resource planning projects under section 1962d-17 of this title. Such loan can be prepaid at any time without prepayment penalty and shall be contingent upon such other terms and conditions prescribed by the Secretary.

(g) Funds for Federal agency systems; projects and activities for technology applications of systems

(1) In carrying out his duties under this chapter, the Secretary is authorized to provide funds for the accelerated procurement and installation of small and large wind energy systems by Federal agencies.

(2) The Secretary is authorized to enter into arrangements with appropriate Federal agencies, including the Water and Power Resources Services and the Federal power marketing agencies for large wind energy systems, to carry out such projects and activities as may be appropriate for the broad technology applications of small and large wind energy systems which are suitable and effective for use by such Federal agencies.

(h) Observation, monitoring, and reporting requirements; public inspection

The terms and conditions prescribed by the Secretary under this subsection shall require such observation, monitoring, and reporting requirements as the Secretary deems necessary for a period of five years and shall provide for members of the public to view and inspect the system under reasonable conditions.

(i) Termination of new Federal assistance and Federal assistance programs

New Federal assistance for technology applications systems shall terminate upon the appropriate determination by the Secretary, in the annual update of the comprehensive program management plan pursuant to section 9203 of this title. Termination of the small wind energy systems program shall occur when the Secretary finds that such systems have become economically competitive with conventional energy sources, or on September 30, 1986, whichever occurs first. Termination of the large wind energy systems program shall occur when the Secretary finds that such systems have become economically competitive with conventional energy sources, or on September 30, 1988, whichever occurs first.

References in Text

Change of Name

§ 9206. Wind resource assessment

The Secretary shall initiate a three-year national wind resource assessment program. As part of such program, the Secretary shall—

(1) conduct activities to validate existing assessments of known wind resources;

(2) perform wind resource assessments in regions of the United States where the use of wind energy may prove feasible;

(3) initiate a general site prospecting program;

(4) establish standard wind data collection and siting techniques; and

(5) establish, in consultation with the Administrator of the National Oceanic and Atmospheric Administration, the Administrator of the National Aeronautics and Space Administration, and the Administrator of the Environmental Protection Agency, a national wind data center which shall make public information available on the known wind energy resources of various regions throughout the United States.

§ 9207. Criteria for program selection

The Secretary shall set priorities which are, as far as possible, consistent with the intent and purposes of this chapter and which are set in accordance with the following criteria:

(1) the construction, operation, and maintenance costs of wind energy systems shall be minimized;

(2) programs established under this chapter shall be conducted with the express intent of bringing wind energy system costs down to a level competitive with energy costs from conventional energy systems;

(3) priority shall be given in the conduct of programs established under this chapter to those projects in which cost-sharing funds are provided by private, industrial, agricultural, or governmental entities or utilities; and

(4) to the extent that the Secretary is limited by the availability of funds to carry out the objectives of this chapter, priority, but not exclusive emphasis, should be given in the early years of the programs to activities under sections 9204 and 9206 of this title and in the later years of the programs to activities under section 9205 of this title.

§ 9208. Administrative provisions

(a) Monitoring of performance; collection and evaluation of data

The Secretary, in coordination with such Government agencies as may be appropriate, shall—
(1) monitor the performance and operation of wind energy systems installed under this chapter; and
(2) collect and evaluate data and information on the performance and operation of wind energy systems installed under this chapter.

(b) Liaison

The Secretary shall also maintain continuing liaison with related industries and interests and with the scientific and technical community in order to assure that the benefits of programs under this chapter are and will continue to be realized to the maximum extent feasible.

(c) Availability of information

The Secretary shall assure, subject to section 552 of title 5 and section 1905 of title 18, that full and complete information with respect to any program, project, or other activity conducted under this chapter is made available to Federal, State, and local authorities, relevant segments of the economy, the scientific community, and the public so that the early, widespread, and practical use of wind energy throughout the United States is promoted to the maximum extent feasible.

AMENDMENTS

1995—Subsec. (a)(3). Pub. L. 104–66 struck out par. (3) which read as follows: "from time to time carry out such studies and investigations and take such other actions, including the submission of special reports to the Congress when appropriate, as may be necessary to assure that the programs for which the Secretary is responsible under this chapter effectively carry out the purposes of this chapter."

§ 9209. Utilization of capabilities and facilities

The Secretary shall utilize the technological and management capabilities, equipment, and facilities of the National Aeronautics and Space Administration to the maximum extent practicable in carrying out his duties under this chapter, and shall enter into such additional agreements with the Administrator of such Administration as may be necessary for this purpose.

§ 9210. Analysis of applications of wind energy systems

The Secretary shall—
(1) initiate and conduct a federal applications study for wind energy systems, cooperatively with appropriate Federal agencies to determine the potential for the use of wind systems at specific Federal facilities; and this study shall—
(A) include an analysis which determines those sites at which wind energy systems are economically competitive with the marginal costs of new conventional energy sources in the areas;
(B) identify potential sites and uses of wind energy systems at the following agencies as well as any others which the Secretary deems necessary:
(i) the Department of Defense;
(ii) the Department of Transportation (including the United States Coast Guard, the Federal Aviation Administration, and the Federal Highway Administration);
(iii) the Department of Commerce;
(iv) the Department of Agriculture; and
(v) the Department of the Interior;
(C) provide a preliminary report to the Congress within nine months after September 8, 1980; and
(D) include the presentation of a detailed plan for the use of wind energy systems for power generation at specific sites in Federal Government agencies to the Congress within twelve months after September 8, 1980;
(2) study the effects, at varying levels of market penetration, of the widespread utilization of wind energy systems on the existing electrical utility system;
(3) determine the necessity for, and make recommendations to the Committee on Energy and Natural Resources of the Senate and the Committee on Science and Technology of the House of Representatives within eighteen months after September 8, 1980, on, the need for any additional incentives for either users or manufacturers, in each of the potential markets for wind energy systems, to accelerate the widespread utilization of wind energy technologies;
(4) evaluate the actual performance of wind energy systems in various applications, including but not limited to residential, agricultural, large and small scale irrigation pumping, industrial, commercial, remote nonnetwork utility, and other applications, and report thereon to the Congress within two years after September 8, 1980; and
(5) in carrying out his functions under this section, consult with the appropriate government agencies, industry representatives, and members of the scientific and technical community having expertise and interest in this subject.

The Secretary, as appropriate, may merge any continuing or on-going studies within the Department of Energy or any other Federal agency with those required under this section to avoid any unnecessary duplication of effort or funding.

AMENDMENTS

1986—Pars. (5), (6). Pub. L. 99–386 redesignated par. (6) as (5) and struck out former par. (5) which read as follows: "initiate and conduct a study involving the prospects for applications of wind energy systems for power generation in foreign countries, particularly lesser developed countries and the potential for the exploration of these energy systems. This study shall involve the cooperation of the Department of State and the Depart-
§ 9213. Authorization of appropriations

(a) There is authorized to be appropriated to the Secretary to carry out this chapter (1) for the fiscal year ending September 30, 1981, the sum of $100,000,000 (of which $10,000,000 shall be available exclusively for purposes of section 9206 of this title), and (2) for each fiscal year beginning after that date, such sum as may be authorized by legislation hereafter enacted.

(b) In each of the five years of the small wind energy systems program, at least 25 per centum of the total authorization for appropriations under subsection (a) shall be for small wind energy systems activities, including supporting activities.

CHAPTER 101—MAGNETIC FUSION ENERGY ENGINEERING

Sec. 9301. Congressional findings and declaration of policy.

9302. Definitions.

9303. Program activities.

9304. Comprehensive program management plan; submittal to Congressional committees.

9305. Magnetic fusion engineering center.

9306. Repealed.

9307. Program advisory committees.

9308. International cooperation; examination of impact on national magnetic fusion program; exploration of prospects for joint funding in construction of fusion engineering device; report to Congressional committees on results of examination and exploration.

9309. Technical manpower requirements; report to President and Congress.

9310. Dissemination of information.

9311. Repealed.

9312. Authorization of appropriations; contract authority.

§ 9301. Congressional findings and declaration of policy

(a) The Congress hereby finds that—

(1) the United States must formulate an energy policy designed to meet an impending worldwide shortage of many exhaustible, conventional energy resources in the next few decades;

(2) the energy policy of the United States must be designed to ensure that energy technologies using essentially inexhaustible resources are commercially available at a time prior to serious depletion of conventional resources;

(3) fusion energy is one of the few known energy sources which are essentially inexhaustible, and thus constitutes a long-term energy option;
§ 9302

**Program activities**

(a) Development in areas where lack of knowledge limits magnetic fusion energy systems

The Secretary shall initiate activities or accelerate existing activities in research areas in which the lack of knowledge limits magnetic fusion energy systems in order to ensure the achievement of the purposes of this chapter.

(b) Research programs on plasma confinement, alternate confinement concepts, advanced fuels, and properties of materials likely to be used in construction of fusion engineering devices

(1) The Secretary shall maintain an aggressive plasma confinement research program on the current lead concept to provide a full measure of support for the design, construction, and operation of the fusion engineering devices.

(2) The Secretary shall maintain a broadly based research program on alternate confinement concepts and on advanced fuels at a sufficient level of funding to achieve optimal design of each successive magnetic fusion facility using the then best available confinement and fuel concept.

(3) The Secretary shall ensure that research on properties of materials likely to be required for the construction of fusion engineering devices is adequate to provide timely information for the design of such devices.

(c) Fusion engineering device designs

(1) The Secretary shall initiate design activities on a fusion engineering device using the best available confinement concept to ensure operation of such a device at the earliest practicable time, but not later than the year 1990.
(2) The Secretary shall develop and test the adequacy of the engineering design of components to be utilized in the fusion engineering device.

(d) Operation of demonstration plant at turn of twenty-first century

The Secretary shall initiate at the earliest practical time each activity which he deems necessary to achieve the national goal for operation of a demonstration plant at the turn of the twenty-first century.

(e) Assessment of factors in determining commercial introduction of magnetic fusion energy systems

The Secretary shall continue efforts to assess factors which will determine the commercial introduction of magnetic fusion energy systems including, but not limited to—

(1) projected costs relative to other alternative energy sources;
(2) projected growth rates in energy demand;
(3) safety-related design limitations;
(4) environmental impacts; and
(5) limitations on the availability of strategic elements, such as helium, lithium, and special metals.

§ 9304. Comprehensive program management plan; submittal to Congressional committees

(a) The Secretary shall prepare a comprehensive program management plan for the conduct of the research, development, and demonstration activities under this chapter. Such plan shall include at a minimum—

(1) a presentation of the program strategy which will be used to achieve the purposes of this chapter;
(2) a five-year program implementation schedule, including identification of detailed milestone goals, with associated budget and program resources requirements;
(3) risk assessments;
(4) supporting research and development needed to solve problems which may inhibit or limit development of magnetic fusion energy systems; and
(5) an analysis of institutional, environmental, and economic considerations which are limiting the national magnetic fusion program.

(b) The Secretary shall transmit the comprehensive program management plan to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate not later than January 1, 1982.

CHANGE OF NAME

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

§ 9305. Magnetic fusion engineering center

(a) Development plan

The Secretary shall develop a plan for the creation of a national magnetic fusion engineering center for the purpose of accelerating fusion technology development via the concentration and coordination of major magnetic fusion engineering devices and associated activities at such a national center.

(b) Factors considered in formulation of development plan

In developing the plan, the Secretary shall include relevant factors including, but not limited to—

(1) means of saving cost and time through the establishment of the national center relative to the cost and schedule currently projected for the program;
(2) means of providing common facilities to be shared by many magnetic fusion concepts;
(3) assessment of the environmental and safety-related aspects of the national center;
(4) provisions for international cooperation in magnetic fusion activities at the national center;
(5) provision of access to facilities for the broader technical involvement of domestic industry and universities in the magnetic fusion energy program;
(6) siting criteria for the national center including a list of potential sites;
(7) the advisability of establishing such a center considering all factors, including the alternative means and associated costs of pursuing such technology; and
(8) changes in the management structure of the magnetic fusion program to allow more effective direction of activities related to the national center.

(c) Report to Congressional committees

The Secretary shall submit not later than July 1, 1981, a report to the House Committee on Science and Technology and the Senate Committee on Energy and Natural Resources characterizing the plan and setting forth the steps necessary for implementation of the plan, including any steps already implemented.

CHANGE OF NAME

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

Section. Pub. L. 96–386, § 7, Oct. 7, 1980, 94 Stat. 1542, related to establishment, membership, duties, etc., of technical panel on magnetic fusion and required panel to submit to Energy Research Advisory Board on at least a triennial basis a written report of its findings and recommendations with regard to magnetic fusion program.

§ 9307. Program advisory committees

The Secretary may direct the director of each laboratory or installation at which a major magnetic fusion facility is operated for, or funded primarily by, the Federal Government to establish, for the sole purpose of providing advice to such director, a program advisory committee composed of persons with expertise in magnetic
fusion from such domestic industry, universities, government laboratories, and other scientific and technical organizations as such director deems appropriate.

§ 9308. Termination of Advisory Committees

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 9309. International cooperation; examination of impact on national magnetic fusion program; exploration of prospects for joint funding in construction of fusion engineering device; report to Congressional committees on results of examination and exploration

(a)(1) The Secretary in consultation with the Secretary of State shall actively seek to enter into or to strengthen existing international cooperative agreements in magnetic fusion research and development activities of mutual benefit to all parties.

(2) The Secretary shall seek to achieve equitable exchange of information, data, scientific personnel, and other considerations in the conduct of cooperative efforts with technologically advanced nations.

(b)(1) The Secretary shall examine the potential impacts on the national magnetic fusion program of United States participation in an international effort to construct fusion engineering devices.

(2) The Secretary shall explore, to the extent feasible, the prospects for joint financial participation by other nations with the United States in the construction of a fusion engineering device.

(3) Within two years of October 7, 1980, the Secretary shall transmit to the House Committee on Science and Technology and the Senate Committee on Energy and Natural Resources the results of such examinations and explorations with his recommendations for construction of a national or international fusion engineering device: Provided, however, That such examinations and explorations shall not have the effect of delaying design activities related to a national fusion engineering device.

§ 9309. Technical manpower requirements; report to President and Congress

(a) The Secretary shall assess the adequacy of the projected United States supply of manpower in the engineering and scientific disciplines required to achieve the purposes of this chapter taking cognizance of the other demands likely to be placed on such manpower supply.

(b) The Secretary shall within one year of October 7, 1980, submit a report to the President and to the Congress setting forth his assessment along with his recommendations regarding the need for increased support for education in such engineering and scientific disciplines.

§ 9310. Dissemination of information

(a) The Secretary shall take all necessary steps to assure that technical information relevant to the status and progress of the national magnetic fusion program is made readily available to interested persons in domestic industry and universities in the United States: Provided, however, That upon a showing to the Secretary by any person that any information or portion thereof provided to the Secretary directly or indirectly from such person would, if made public, divulge (1) trade secrets or (2) other proprietary information of such person, the Secretary shall not disclose such information and disclosure thereof shall be punishable under section 1905 of title 18.

(b) The Secretary shall maintain an aggressive program in the United States for the provision of public information and educational materials to promote widespread knowledge of magnetic fusion among educational, community, business, environmental, labor, and governmental entities and the public at large.

§ 9312. Authorization of appropriations; contract authority

(a) There is hereby authorized to be appropriated to the Secretary, for the fiscal year ending September 30, 1981, such sums as are provided in the annual authorization Act pursuant to section 7270 of this title.

(b) In carrying out the provisions of this chapter, the Secretary is authorized to enter into contracts only to such extent or in such amounts as may be provided in advance in appropriations Acts.

CHAPTER 102—MENTAL HEALTH SYSTEMS

Sec. 9401. Congressional statement of findings.

SUBCHAPTER I—GENERAL PROVISIONS

9411. Repealed.

9412. Definitions.

9421 to 9423. Repealed.

SUBCHAPTER II—GRANT PROGRAMS

9431 to 9438. Repealed.
§ 9401. Congressional statement of findings

The Congress finds—

(1) despite the significant progress that has been made in making community mental health services available and in improving residential mental health facilities since the original community mental health centers legislation was enacted in 1963, unserved and underserved populations remain and there are certain groups in the population, such as chronically mentally ill individuals, children and youth, elderly individuals, racial and ethnic minorities, women, poor persons, and persons in rural areas, which often lack access to adequate private and public mental health services and support services;

(2) the process of transferring or diverting chronically mentally ill individuals from unwarranted or inappropriate institutionalized settings to their home communities has frequently not been accompanied by a process of providing those individuals with the mental health and support services they need in community-based settings;

(3) the shift in emphasis from institutional care to community-based care has not always been accompanied by a process of affording training, retraining, and job placement for employees affected by institutional closure and conversion;

(4) the delivery of mental health and support services is typically uncoordinated within and among local, State, and Federal entities;

(5) mentally ill persons are often inadequately served by (A) programs of the Department of Health and Human Services such as medicare, medicaid, supplemental security income, and social services, and (B) programs of the Department of Housing and Urban Development, the Department of Labor, and other Federal agencies;

(6) health care systems often lack general health care personnel with adequate mental health care training and often lack mental health care personnel and consequently many individuals with some level of mental disorder do not receive appropriate mental health care;

(7) present knowledge of methods to prevent mental illness through discovery and elimination of its causes and through early detection and treatment is too limited;

(8) a comprehensive and coordinated array of appropriate private and public mental health and support services for all people in need within specific geographic areas, based upon a cooperative local-State-Federal partnership, remains the most effective and humane way to provide a majority of mentally ill individuals with mental health care and needed support; and

(9) because of the rising demand for mental health services and the wide disparity in the distribution of psychiatrists, clinical psychologists, social workers, and psychiatric nurses, there is a shortage in the medical specialty of psychiatry and there are also shortages among the other health personnel who provide mental health services.

§ 9412. Definitions

For purposes of this chapter:

(1) The term “Secretary” means the Secretary of Health and Human Services.

(2) The term “State” includes (in addition to the fifty States) the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Northern Mariana Islands.

(3) The term “nonprofit”, as applied to any entity, means an entity which is owned and
operated by one or more corporations or associations no part of the net earnings of which inures or may lawfully inure to the benefit of any private shareholder or person.  

REFERENCES IN TEXT  
This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–398, Oct. 7, 1980, 94 Stat. 1564, as amended, known as the Mental Health Systems Act, which enacted this chapter, amended sections 210, 225a, 229b, 242a, 246, 289k–1, 300–2, 300m–2, 1396h, 2689a to 2689c, 2689g, and 2689h of this title, repealed section 2689q of this title, and enacted provisions set out as notes under sections 242a, 246, 289k–1, and 2689b of this title. For complete classification of this Act to the Code, see Short Title note set out under section 9401 of this title and Table.

AMENDMENTS  
1981—Pub. L. 97–35 redesignated former par. (5) as (3). Former pars. (3), (4), (6), and (7), which defined ‘‘State mental health authority’’, ‘‘mental health service area’’, ‘‘priority population group’’, and ‘‘Governor’’, respectively, were struck out.

EFFECTIVE DATE OF 1981 AMENDMENT  

TERMINATION OF TRUST TERRITORY OF THE PACIFIC ISLANDS  
For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

SUBCHAPTER IV—MENTAL HEALTH RIGHTS AND ADVOCACY

§ 9501. Bill of Rights

It is the sense of the Congress that each State should review and revise, if necessary, its laws to ensure that mental health patients receive the protection and services they require; and in making such review and revision should take into account the recommendations of the President’s Commission on Mental Health and the following:

(1) A person admitted to a program or facility for the purpose of receiving mental health services should be accorded the following:

(A) The right to appropriate treatment and related services in a setting and under conditions that—

(i) are the most supportive of such person’s personal liberty; and

(ii) restrict such liberty only to the extent necessary consistent with such person’s treatment needs, applicable requirements of law, and applicable judicial orders.

(B) The right to an individualized, written, treatment or service plan (such plan to be developed promptly after admission of such person), the right to treatment based on such plan, the right to periodic review and reassessment of treatment and related service needs, and the right to appropriate revision of such plan, including any revision necessary to provide a description of mental health services that may be needed after such person is discharged from such program or facility.

(C) The right to ongoing participation, in a manner appropriate to such person’s capabilities, in the planning of mental health services to be provided such person (including the right to participate in the development and periodic revision of the plan described in subparagraph (B)), and, in connection with such participation, the right to be provided with a reasonable explanation, in terms and language appropriate to such person’s condition and ability to understand, of—

(i) such person’s general mental condition and, if such program or facility has provided a physical examination, such person’s general physical condition;

(ii) the objectives of treatment;

(iii) the nature and significant possible adverse effects of recommended treatments;

(iv) the reasons why a particular treatment is considered appropriate;

(v) the reasons why access to certain visitors may not be appropriate; and

(vi) any appropriate and available alternative treatments, services, and types of providers of mental health services.

(D) The right not to receive a mode or course of treatment, established pursuant to the treatment plan, in the absence of such person’s informed, voluntary, written consent to such mode or course of treatment, except treatment—

(i) during an emergency situation if such treatment is pursuant to or documented contemporaneously by the written order of a responsible mental health professional; or

(ii) as permitted under applicable law in the case of a person committed by a court to a treatment program or facility.

(E) The right not to participate in experimentation in the absence of such person’s informed, voluntary, written consent, the right to appropriate protections in connection with such participation, including the right to a reasonable explanation of the procedure to be followed, the benefits to be expected, the relative advantages of alternative treatments, and the potential discomforts and risks, and the right and opportunity to revoke such consent.

(F) The right to freedom from restraint or seclusion, other than as a mode or course of treatment or restraint or seclusion during an emergency situation if such restraint or seclusion is pursuant to or documented contemporaneously by the written order of a responsible mental health professional.

(G) The right to a humane treatment environment that affords reasonable protection from harm and appropriate privacy to such person with regard to personal needs.

(H) The right to confidentiality of such person’s records.

(I) The right to access, upon request, to such person’s mental health care records, except such person may be refused access to—

(i) information in such records provided by a third party under assurance that such information shall remain confidential; and

(ii) specific material in such records if the health professional responsible for the mental health services concerned has made a determination in writing that such
access would be detrimental to such person’s health, except that such material may be made available to a similarly licensed health professional selected by such person and such health professional may, in the exercise of professional judgment, provide such person with access to any or all parts of such material or otherwise disclose the information contained in such material to such person.

(J) The right, in the case of a person admitted on a residential or inpatient care basis, to converse with others privately, to have convenient and reasonable access to the telephone and mails, and to see visitors during regularly scheduled hours, except that, if a mental health professional treating such person determines that denial of access to a particular visitor is necessary for treatment purposes, such mental health professional may, for a specific, limited, and reasonable period of time, deny such access if such mental health professional has ordered such denial in writing and such order has been incorporated in the treatment plan for such person. An order denying such access should include the reasons for such denial.

(K) The right to be informed promptly at the time of admission and periodically thereafter, in language and terms appropriate to such person’s condition and ability to understand, of the rights described in this section.

(L) The right to assert grievances with respect to infringement of the rights described in this section, including the right to have such grievances considered in a fair, timely, and impartial grievance procedure provided for or by the program or facility.

(M) Notwithstanding subparagraph (J), the right of access to (including the opportunities and facilities for private communication with) any available—

(i) rights protection service within the program or facility;

(ii) rights protection service within the State mental health system designed to be available to such person; and

(iii) qualified advocate;

for the purpose of receiving assistance to understand, exercise, and protect the rights described in this section and in other provisions of law.

(N) The right to exercise the rights described in this section without reprisal, including reprisal in the form of denial of any appropriate, available treatment.

(O) The right to referral as appropriate to other providers of mental health services upon discharge.

(2)(A) The rights described in this section should be in addition to and not in derogation of any other statutory or constitutional rights.

(B) The rights to confidentiality of and access to records as provided in subparagraphs (H) and (I) of paragraph (1) should remain applicable to records pertaining to a person after such person’s discharge from a program or facility.

(3)(A) No otherwise eligible person should be denied admission to a program or facility for mental health services as a reprisal for the exercise of the rights described in this section.

(B) Nothing in this section should—

(i) obligate an individual mental health or health professional to administer treatment contrary to such professional’s clinical judgment;

(ii) prevent any program or facility from discharging any person for whom the provision of appropriate treatment, consistent with the clinical judgment of the mental health professional primarily responsible for such person’s treatment, is or has become impossible as a result of such person’s refusal to consent to such treatment;

(iii) require a program or facility to admit any person who, while admitted on prior occasions to such program or facility, has repeatedly frustrated the purposes of such admissions by withholding consent to proposed treatment; or

(iv) obligate a program or facility to provide treatment services to any person who is admitted to such program or facility solely for diagnostic or evaluative purposes.

(C) In order to assist a person admitted to a program or facility in the exercise or protection of such person’s rights, such person’s attorney or legal representatives should have reasonable access to—

(i) such person;

(ii) the areas of the program or facility where such person has received treatment, resided, or had access; and

(iii) pursuant to the written authorization of such person, the records and information pertaining to such person’s diagnosis, treatment, and related services described in paragraph (1)(D).

(D) Each program and facility should post a notice listing and describing, in language and terms appropriate to the ability of the persons to whom such notice is addressed to understand, the rights described in this section of all persons admitted to such program or facility. Each such notice should conform to the format and content for such notices, and should be posted in all appropriate locations.

(4)(A) In the case of a person adjudicated by a court of competent jurisdiction as being incompetent to exercise the right to consent to treatment or experimentation described in subparagraph (D) or (E) of paragraph (1), or the right to confidentiality of or access to records described in subparagraph (H) or (I) of such paragraph, or to provide authorization as described in paragraph (3)(C)(iii), such right may be exercised or such authorization may be provided by the individual appointed by such court as such person’s guardian or representative for the purpose of exercising such right or such authorization.

(B) In the case of a person who lacks capacity to exercise the right to consent to treatment or experimentation under subparagraph (D) or (E) of paragraph (1), or the right to confidentiality of or access to records described in subparagraph (H) or (I) of such paragraph, or
to provide authorization as described in paragraph (3)(C)(ii), because such person has not attained an age considered sufficiently advanced under State law to permit the exercise of such right or such authorization to be legally binding, such right may be exercised or such authorization may be provided on behalf of such person by a parent or legal guardian of such person.

(C) Notwithstanding subparagraphs (A) and (B), in the case of a person admitted to a program or facility for the purpose of receiving mental health services, no individual employed by or receiving any remuneration from such program or facility should act as such person’s guardian or representative.

EFFECTIVE DATE OF REPEAL

SUBCHAPTER V—SEX OFFENSE PREVENTION AND CONTROL

§ 9511. Grants for sex offense prevention and control

(a) Authority of National Center for the Prevention and Control of Sex Offenses; functions

The Secretary, acting through the National Center for the Prevention and Control of Sex Offenses (hereafter in this section referred to as the “Center”), may, directly or by grant, carry out the following:

(1) A continuing study of sex offenses, including a study and investigation of—

(A) the effectiveness of existing Federal, State, and local laws dealing with sex offenses;

(B) the relationship, if any, between traditional legal and social attitudes toward sexual roles, sex offenses, and the formulation of laws dealing with rape;

(C) the treatment of the victims of sex offenses by law enforcement agencies, hospitals or other medical institutions, prosecutors, and the courts;

(D) the causes of sex offenses, identifying to the degree possible—

(i) social conditions which encourage sexual attacks, and

(ii) the motives of offenders, and

(E) the impact of a sex offense on the victim and family of the victim;

(F) sexual assaults in correctional institutions;

(G) the estimated actual incidence of forcible sex offenses as compared to the reported incidence of forcible sex offenses and the reasons for any difference between the two; and

(H) the effectiveness of existing private and local and State government educational, counseling, and other programs designed to prevent and control sex offenses.

(2) The compilation, analysis, and publication of summaries of the continuing study conducted under paragraph (1) and the research and demonstration projects conducted under paragraph (5). The Secretary shall submit not later than March 30, 1983, to the Congress a summary of such study and projects together with a review of their effectiveness and recommendations where appropriate.

(3) The development and maintenance of an information clearinghouse with regard to—

(A) the prevention and control of sex offenses;

(B) the treatment and counseling of the victims of sex offenses and their families; and

(C) the rehabilitation of offenders.

(4) The compilation and publication of training materials for personnel who are engaged or intend to engage in programs designed to prevent and control sex offenses.

(5) Assistance to qualified public and nonprofit private entities in conducting research and demonstration projects concerning the prevention and control of sex offense, including projects (A) for the planning, development, implementation, and evaluation of alternative methods used in the prevention and control of sex offense, the treatment and counseling of the victims of sex offense and their families, and the rehabilitation of offenders; (B) for the application of such alternative methods; and (C) for the promotion of community awareness of the specific locations in which, and the specific social and other conditions under which sexual attacks are most likely to occur.

(b) Advisory committee; functions, membership, etc.

The Secretary shall appoint an advisory committee to advise, consult with, and make recommendations to the Secretary on the implementation of subsection (a). The recommendations of the committee shall be submitted directly to the Secretary without review or revision by any person without the consent of the committee. The Secretary shall appoint to such committee persons who are particularly qualified to assist in carrying out the functions of the committee. A majority of the members of the committee shall be women. Members of the advisory committee shall receive compensation at rates, not to exceed the daily equivalent of the annual rate in effect for grade GS–18 of the General Schedule, for each day (including travel-time) they are engaged in the performance of their duties as members of the advisory committee and, while so serving away from their homes or regular places of business, each member shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as authorized by section 5703 of title 5 for persons in Government service employed intermittently.

(c) Submission and approval of application; form, manner and contents

No grant may be made under subsection (a) unless an application therefor is submitted to
and approved by the Secretary. The application shall be submitted in such form and manner and contain such information as the Secretary may prescribe.

(d) Authorization of appropriations

For the purpose of carrying out subsection (a), there are authorized to be appropriated $6,000,000 for the fiscal year ending September 30, 1981, $1,500,000 for the fiscal year ending September 30, 1982, $1,500,000 for the fiscal year ending September 30, 1983.

(e) "Sex offense" defined

For purposes of subsection (a), the term "sex offense" includes statutory and attempted rape and any other criminal sexual assault (whether homosexual or heterosexual) which involves force or the threat of force.

AMENDMENTS

Subsec. (a). Pub. L. 99–646, § 87(d)(4)–(6), and Pub. L. 99–654, § 3(b)(4)–(6), in amending subsec. (a) identically, in introductory provision substituted "Sex Offenses" for "Rape", in par. (1) and in subpars. (A), (C), (D), (G), and (H) of par. (1) substituted "sex offenses" for "rape" wherever appearing, in par. (1)(B) substituted "sex offenses" for "the act of rape", in par. (1)(B) substituted "sex offense" for "rape", and in par. (3)(A) and (B) substituted "sex offenses" for "rape".

EFFECTIVE DATE OF 1986 AMENDMENTS

EFFECTIVE DATE OF 1981 AMENDMENT

§ 9522. Report on shelter and basic living needs of chronically mentally ill individuals

(a) Submission to Congressional committees by Secretaries of Health and Human Services and Housing and Urban Development

The Secretary of Health and Human Services and the Secretary of Housing and Urban Development shall jointly submit a report to the Committees on Labor and Human Resources and Banking, Housing, and Urban Affairs of the Senate, and the Committees on Energy and Commerce and Banking, Finance, and Urban Affairs of the House of Representatives, relating to Federal efforts to respond to the shelter and basic living needs of chronically mentally ill individuals.

(b) Contents

The report required by subsection (a) shall include—

(1) an analysis of the extent to which chronically mentally ill individuals remain inappropriately housed in institutional facilities or have otherwise inadequate or inappropriate housing arrangements;

(2) an analysis of available permanent noninstitutional housing arrangements for the chronically mentally ill;

(3) an evaluation of ongoing permanent and demonstration programs, funded in whole or in part by Federal funds, which are designed to provide noninstitutional shelter and basic living services for the chronically mentally ill, including—

(A) a description of each program;

(B) the total number of individuals estimated to be eligible to participate in each program, the number of individuals served by each program, and an estimate of the total population each program expects to serve; and

(C) an assessment of the effectiveness of each program in the provision of shelter and basic living services;
§ 9601. Definitions

For purpose of this subchapter—

(1) The term “act of God” means an unanticipated, grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(2) The term “Administrator” means the Administrator of the United States Environmental Protection Agency.

(3) The term “barrel” means forty-two United States gallons at sixty degrees Fahrenheit.

(4) recommendations of measures to encourage States to coordinate and link the provisions in State health plans which relate to mental health and, in particular, the shelter and basic living needs of chronically mentally ill individuals, with local and State housing plans;

(5) recommendations for Federal legislation relating to the provision of permanent residential noninstitutional housing arrangements and basic living services for chronically mentally ill individuals, including an estimate of the cost of such recommendations; and

(6) any other recommendations for Federal initiatives which, in the judgment of the Secretary of Health and Human Services and the Secretary of Housing and Urban Development, will lead to improved shelter and basic living services for chronically mentally ill individuals.

(c) Submission date

The report required by subsection (a) shall be submitted to the committees referred to in subsection (a) no later than January 1, 1981.

CHANGE OF NAME

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

Committee on Banking, Finance and Urban Affairs of House of Representatives abolished and replaced by Committee on Banking and Financial Services of House of Representatives treated as referring to Committee on Banking and Financial Services of House of Representatives by section 1(a) of Pub. L. 104–14, set out as a note preceding section 21 of Title 2. Committee on Banking and Financial Services of House of Representatives abolished and replaced by Committee on Financial Services of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred from Committee on Energy and Commerce of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

EFFECTIVE DATE OF REPEAL

CHAPTER 103—COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY

SUBCHAPTER I—HAZARDOUS SUBSTANCES RELEASES, LIABILITY, COMPENSATION

Sec.
9601. Definitions.
9602. Designation of additional hazardous substances and establishment of reportable released quantities; regulations.
9603. Notification requirements respecting released substances.
9604. Response authorities.

9660. Legislation.
9661. Construction, acquisition, etc., provisions.
9662. Limitation on contract and borrowing authority.

SUBCHAPTER I—HAZARDOUS SUBSTANCES RELEASES, LIABILITY, COMPENSATION

§ 9601. Definitions

For purpose of this subchapter—

(1) The term “act of God” means an unanticipated grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(2) The term “Administrator” means the Administrator of the United States Environmental Protection Agency.

(3) The term “barrel” means forty-two United States gallons at sixty degrees Fahrenheit.
§ 9601

(4) The term "claim" means a demand in writing for a sum certain.

(5) The term "claimant" means any person who presents a claim for compensation under this chapter.

(6) The term "damages" means damages for injury or loss of natural resources as set forth in section 9607(a) or 9611(b) of this title.

(7) The term "drinking water supply" means any raw or finished water source that is or may be used by a public water system (as defined in the Safe Drinking Water Act [42 U.S.C. 300f et seq.]) or as drinking water by one or more individuals.

(8) The term "environment" means (A) the navigable waters, the waters of the contiguous zone, and the ocean waters of which the natural resources are under the exclusive management authority of the United States under the Magnuson-Stevens Fishery Conservation and Management Act [16 U.S.C. 1801 et seq.], and (B) any other surface water, ground water, drinking water supply, land surface or subsurface strata, or ambient air within the United States or under the jurisdiction of the United States.

(9) The term "facility" means (A) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, rolling stock, or aircraft, or (B) any site or area where a hazardous substance has been deposited, stored, disposed of, or placed, or otherwise come to be located; but does not include any consumer product in consumer use or any vessel.

(10) The term "federally permitted release" means (A) discharges in compliance with a permit under section 402 of the Federal Water Pollution Control Act (33 U.S.C. 1342), (B) discharges resulting from circumstances identified and reviewed and made part of the public record with respect to a permit issued or modified under section 402 of the Federal Water Pollution Control Act and subject to a condition of such permit, (C) continuous or anticipated intermittent discharges from a point source, identified in a permit or permit application under section 402 of the Federal Water Pollution Control Act, which are caused by events occurring within the scope of relevant operating or treatment systems, (D) discharges in compliance with a legally enforceable permit under section 404 of the Federal Water Pollution Control Act (33 U.S.C. 1344), (E) releases in compliance with a legally enforceable final permit issued pursuant to section 3065(a) through (d) of the Solid Waste Disposal Act [42 U.S.C. 6925(a)–(d)] from a hazardous waste treatment, storage, or disposal facility when such permit specifically identifies the hazardous substances and makes such substances subject to a standard of practice, control procedure or bioassay limitation or condition, or other control on the hazardous substances in such releases, (F) any release in compliance with a legally enforceable permit issued under section 1412 of title 33 of this title and section 1413 of title 33, (G) any injection of fluids authorized under Federal underground injection control programs or State programs submitted for Federal approval (and not disapproved by the Administrator of the Environmental Protection Agency) pursuant to part C of the Safe Drinking Water Act [42 U.S.C. 300h et seq.], (H) any emission into the air subject to a permit or control regulation under section 111 [42 U.S.C. 7411], section 112 [42 U.S.C. 7412], title I part C [42 U.S.C. 7470 et seq.], title I part D [42 U.S.C. 7501 et seq.], or State implementation plans submitted in accordance with section 110 of the Clean Air Act [42 U.S.C. 7410] (and not disapproved by the Administrator of the Environmental Protection Agency), including any schedule or waiver granted, promulgated, or approved under these sections, (I) any injection of fluids or other materials authorized under applicable State law (i) for the purpose of stimulating or treating wells for the production of crude oil, natural gas, or water, (ii) for the purpose of secondary, tertiary, or other enhanced recovery of crude oil or natural gas, or (iii) which are brought to the surface in conjunction with the production of crude oil or natural gas and which are reinjected, (J) the introduction of any pollutant into a publicly owned treatment works when such pollutant is specified in and in compliance with applicable pretreatment standards of section 307(b) or (c) of the Clean Water Act [33 U.S.C. 1317(b), (c)] and enforceable requirements in a pretreatment program submitted by a State or municipality for Federal approval under section 402 of such Act [33 U.S.C. 1342], and (K) any release of source, special nuclear, or byproduct material, as those terms are defined in the Atomic Energy Act of 1954 [42 U.S.C. 2011 et seq.], in compliance with a legally enforceable license, permit, regulation, or order issued pursuant to the Atomic Energy Act of 1954.

(11) The term "Fund" or "Trust Fund" means the Hazardous Substance Superfund established by section 9507 of title 26.

(12) The term "ground water" means water in a saturated zone or stratum beneath the surface of land or water.

(13) The term "guarantor" means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this chapter.

(14) The term "hazardous substance" means (A) any substance designated pursuant to section 311(b)(2)(A) of the Federal Water Pollution Control Act [33 U.S.C. 1321(b)(2)(A)], (B) any element, compound, mixture, solution, or substance designated pursuant to section 9602 of this title, (C) any hazardous waste having the characteristics identified under or listed pursuant to section 3001 of the Solid Waste Disposal Act [42 U.S.C. 6921] (but not including any waste the regulation of which under the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.] has been suspended by Act of Congress), (D) any toxic pollutant listed under section 307(a) of the Federal Water Pollution Control Act [33 U.S.C. 1317(a)], (E) any hazardous air pollutant listed under section 112 of the Clean Air Act [42 U.S.C. 7412], and (F) any immi-

1 So in original. Probably should be "or".
ently hazardous chemical substance or mixture with respect to which the Administrator has taken action pursuant to section 7 of the Toxic Substances Control Act [15 U.S.C. 2606]. The term does not include petroleum, including crude oil or any fraction thereof which is not otherwise specifically listed or designated as a hazardous substance under subparagraphs (A) through (F) of this paragraph, and the term does not include natural gas, natural gas liquids, liquefied natural gas, or synthetic gas usable for fuel (or mixtures of natural gas and such synthetic gas).

(15) The term "navigable waters" or "navigable waters of the United States" means the waters of the United States, including the territorial seas.

(16) The term "natural resources" means land, fish, wildlife, biota, air, water, ground water, drinking water supplies, and other such resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States (including the resources of the fishery conservation zone established by the Magnuson-Stevens Fishery Conservation and Management Act [16 U.S.C. 1801 et seq.]), any State or local government, any foreign government, any Indian tribe, or, if such resources are subject to a trust restriction on alienation, any member of an Indian tribe under such trust.

(17) The term "offshore facility" means any facility of any kind located in, on, or under, any of the navigable waters of the United States, and any facility of any kind which is subject to the jurisdiction of the United States and is located in, on, or under any other waters, other than a vessel or a public vessel.

(18) The term "onshore facility" means any facility (including, but not limited to, motor vehicles and rolling stock) of any kind located in, on, or under, any land or nonnavigable waters within the United States.

(19) The term "otherwise subject to the jurisdiction of the United States" means subject to the jurisdiction of the United States by virtue of United States citizenship, United States vessel documentation or numbering, or as provided by international agreement to which the United States is a party.

(20)(A) The term "owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, such vessel, (ii) in the case of an onshore facility or an offshore facility, any person owning or operating such facility, and (iii) in the case of any facility, title or control of which was conveyed due to bankruptcy, foreclosure, tax delinquency, abandonment, or similar means to a unit of State or local government, any person who owned, operated, or otherwise controlled activities at such facility immediately beforehand. Such term does not include a person, who, without participating in the management of a vessel or facility, holds indicia of ownership primarily to protect his security interest in the vessel or facility.

(B) In the case of a hazardous substance which has been accepted for transportation by a common or contract carrier and except as provided in section 9607(a)(3) or (4) of this title, (i) the term "owner or operator" shall mean such common carrier or other bona fide for hire carrier acting as an independent contractor during such transportation, (ii) the shipper of such hazardous substance shall not be considered to have caused or contributed to any release during such transportation which resulted solely from circumstances or conditions beyond his control.

(C) In the case of a hazardous substance which has been delivered by a common or contract carrier to a disposal or treatment facility and except as provided in section 9607(a)(3) or (4) of this title, (i) the term "owner or operator" shall not include such common or contract carrier, and (ii) such common or contract carrier shall not be considered to have caused or contributed to any release at such disposal or treatment facility resulting from circumstances or conditions beyond its control.

(D) The term "owner or operator" does not include a unit of State or local government which acquired ownership or control through seizure or otherwise in connection with law enforcement activity, or through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government acquires title by virtue of its function as sovereign. The exclusion provided under this paragraph shall not apply to any State or local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility, and such a State or local government shall be subject to the provisions of this chapter in the same manner and to the same extent, both procedurally and substantively, as any nongovernmental entity, including liability under section 9607 of this title.

(E) EXCLUSION OF CERTAIN ALASKA NATIVE VILLAGES AND NATIVE CORPORATIONS.—

(i) IN GENERAL.—The term "owner or operator" does not include, with respect to a facility conveyed to a Native village or Native Corporation (as those terms are defined in section 3 of the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.]) under the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.],—

(I) the Native village or Native Corporation that received the facility from the United States Government; or

(II) a successor in interest to which the facility was conveyed under section 14(c) of such Act [43 U.S.C. 1613(c)].

(ii) LIMITATION.—The exclusion provided under this subparagraph shall not apply to any entity described in clause (i) that causes or contributes to a release or threatened release of a hazardous substance from the facility conveyed as described in such clause.

(F) EXCLUSION OF LENDERS NOT PARTICIPANTS IN MANAGEMENT.—

(i) INDICIA OF OWNERSHIP TO PROTECT SECURITY.—The term "owner or operator" does not include a person that is a lender that, without participating in the management of a vessel or facility, holds indicia of owner-
ship primarily to protect the security interest of the person in the vessel or facility.

(ii) FORECLOSURE.—The term "owner or operator" does not include a person that is a lender that did not participate in management of a vessel or facility prior to foreclosure, notwithstanding that the person—

(I) forecloses on the vessel or facility; and

(II) after foreclosure, sells, re-leases (in the case of a lease finance transaction), or liquidates the vessel or facility, maintains business activities, winds up operations, undertakes a response action under section 9607(d)(1) of this title or under the direction of an on-scene coordinator appointed under the National Contingency Plan, with respect to the vessel or facility, or takes any other measure to preserve, protect, or prepare the vessel or facility prior to sale or disposition.

If the person seeks to sell, re-lease (in the case of a lease finance transaction), or otherwise divest the person of the vessel or facility at the earliest practicable, commercially reasonable time, on commercially reasonable terms, taking into account market conditions and legal and regulatory requirements.

(G) PARTICIPATION IN MANAGEMENT.—For purposes of subparagraph (F)—

(i) the term "participate in management"—

(I) means actually participating in the management or operational affairs of a vessel or facility; and

(II) does not include merely having the capacity to influence, or the unexercised right to control, vessel or facility operations;

(ii) a person that is a lender and that holds indicia of ownership primarily to protect a security interest in a vessel or facility shall be considered to participate in management only if, while the borrower is still in possession of the vessel or facility encumbered by the security interest, the person—

(I) exercises decisionmaking control over the environmental compliance related to the vessel or facility, such that the person has undertaken responsibility for the hazardous substance handling or disposal practices related to the vessel or facility; or

(II) exercises control at a level comparable to that of a manager of the vessel or facility, such that the person has assumed or manifested responsibility—

(aa) for the overall management of the vessel or facility encompassing day-to-day decisionmaking with respect to environmental compliance; or

(bb) over all or substantially all of the operational functions (as distinguished from financial or administrative functions) of the vessel or facility other than the function of environmental compliance;

(iii) the term "participate in management" does not include performing an act or failing to act prior to the time at which a security interest is created in a vessel or facility; and

(iv) the term "participate in management" does not include—

(I) holding a security interest or abandoning or releasing a security interest;

(II) including in the terms of an extension of credit, or in a contract or security agreement relating to the extension, a covenant, warranty, or other term or condition that relates to environmental compliance;

(III) monitoring or enforcing the terms and conditions of the extension of credit or security interest;

(IV) monitoring or undertaking 1 or more inspections of the vessel or facility;

(V) requiring a response action or other lawful means of addressing the release or threatened release of a hazardous substance in connection with the vessel or facility prior to, during, or on the expiration of the term of the extension of credit;

(VI) providing financial or other advice or counseling in an effort to mitigate, prevent, or cure default or diminution in the value of the vessel or facility;

(VII) restructuring, renegotiating, or otherwise agreeing to alter the terms and conditions of the extension of credit or security interest, exercising forbearance;

(VIII) exercising other remedies that may be available under applicable law for the breach of a term or condition of the extension of credit or security agreement; or

(IX) conducting a response action under section 9607(d) of this title or under the direction of an on-scene coordinator appointed under the National Contingency Plan, if the actions do not rise to the level of participating in management (within the meaning of clauses (i) and (ii)).

(H) OTHER TERMS.—As used in this chapter:

(i) EXTENSION OF CREDIT.—The term "extension of credit" includes a lease finance transaction—

(I) in which the lessor does not initially select the leased vessel or facility and does not during the lease term control the daily operations or maintenance of the vessel or facility; or

(II) that conforms with regulations issued by the appropriate Federal banking agency or the appropriate State bank supervisor (as those terms are defined in section 1813 of title 12) or with regulations issued by the National Credit Union Administration Board, as appropriate.

(ii) FINANCIAL OR ADMINISTRATIVE FUNCTION.—The term "financial or administrative function" includes a function such as that of a credit manager, accounts payable officer, accounts receivable officer, personnel manager, comptroller, or chief financial officer, or a similar function.

(iii) FORECLOSURE; FORECLOSE.—The terms "foreclosure" and "foreclose" mean, respec-
tively, acquiring, and to acquire, a vessel or facility through—
(I)(aa) purchase at sale under a judgment or decree, power of sale, or nonjudicial foreclosure sale;
(b) a deed in lieu of foreclosure, or similar conveyance from a trustee; or
(cc) repossession,
if the vessel or facility was security for an extension of credit previously contracted;
(II) conveyance pursuant to an extension of credit previously contracted, including the termination of a lease agreement; or
(III) any other formal or informal manner by which the person acquires, for subsequent disposition, title to or possession of a vessel or facility in order to protect the security interest of the person.
(iv) Lender.—The term “lender” means—
(I) an insured depository institution (as defined in section 1813 of title 12);
(II) an insured credit union (as defined in section 1752 of title 12);
(III) a bank or association chartered under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.);
(IV) a leasing or trust company that is an affiliate of an insured depository institution;
(V) any person (including a successor or assignee of any such person) that makes a bona fide extension of credit to or takes or acquires a security interest from a non-affiliated person;
(VI) the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Agricultural Mortgage Corporation, or any other entity that in a bona fide manner buys or sells loans or interests in loans;
(VII) a person that insures or guarantees against a default in the repayment of an extension of credit, or acts as a surety with respect to an extension of credit, to a nonaffiliated person; and
(VIII) a person that provides title insurance and that acquires a vessel or facility as a result of assignment or conveyance in the course of underwriting claims and claims settlement.
(v) OPERATIONAL FUNCTION.—The term "operational function" includes a function such as that of a facility or plant manager, operations manager, chief operating officer, or chief executive officer.
(vi) SECURITY INTEREST.—The term "security interest" includes a right under a mortgage, deed of trust, assignment, judgment lien, pledge, security agreement, factoring agreement, or lease and any other right accruing to a person to secure the repayment of money, the performance of a duty, or any other obligation by a nonaffiliated person.
(22) The term “person” means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, United States Government, State, municipality, commission, political subdivision of a State, or any interstate body.
(23) The term “removal” or “removal” means the cleanup or removal of released hazardous substances from the environment, such actions as may be necessary taken in the event of the threat of release of hazardous substances into the environment, such actions as may be necessary to monitor, assess, and evaluate the release or threat of release of hazardous substances, the disposal of removed material, or the taking of such other actions as may be necessary to prevent, minimize, or mitigate damage to the public health or welfare or to the environment, which may otherwise result from a release or threat of release. The term includes, in addition, without being limited to, security fencing or other measures to limit access, provision of alternative water supplies, temporary evacuation and housing of threatened individuals not otherwise provided for, action taken under section 9604(b) of this title, and any emergency assistance which may be provided under the Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.].
(24) The terms “remedy” or “remedial action” means those actions consistent with permanent remedy taken instead of or in addition to removal actions in the event of a release or threatened release of a hazardous substance into the environment, to prevent or minimize the release of hazardous substances so that they do not migrate to cause substantial danger to present or future public health or welfare or the environment. The term includes, but is not limited to, such actions at the location of the release as storage, confinement, perimeter protection using dikes, trenches, or ditches, clay cover, neutralization, cleanup of released hazardous substances and associated contaminated materials, recy-

clinging or reuse, diversion, destruction, segregation of reactive wastes, dredging or excavations, repair or replacement of leaking containers, collection of leachate and runoff, on-site treatment or incineration, provision of alternative water supplies, and any monitoring reasonably required to assure that such actions protect the public health and welfare and the environment. The term includes the costs of permanent relocation of residents and businesses and community facilities where the President determines that, alone or in combination with other measures, such relocation is more cost-effective than and environmentally preferable to the transportation, storage, treatment, destruction, or secure disposition offsite of hazardous substances, or may otherwise be necessary to protect the public health or welfare; the term includes offsite transport and offsite storage, treatment, destruction, or secure disposition of hazardous substances and associated contaminated materials.

(25) The terms “respond” or “response” means any removal, remedial, and remedial action; all such terms (including the terms “removal” and “remedial action”) include enforcement activities related thereto.

(26) The terms “transport” or “transportation” means the movement of a hazardous substance by any mode, including a hazardous liquid pipeline facility (as defined in section 60101(a) of title 49), and in the case of a hazardous substance which has been accepted for transportation by a common or contract carrier, the term “transport” or “transportation” shall include any stoppage in transit which is temporary, incidental to the transportation movement, and at the ordinary operating convenience of a common or contract carrier, and any such stoppage shall be considered as a continuity of movement and not as the storage of a hazardous substance.

(27) The terms “United States” and “State” include the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, the Commonwealth of the Northern Marianas, and any other territory or possession over which the United States has jurisdiction.

(28) The term “vessel” means every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on water.

(29) The terms “disposal”, “hazardous waste”, and “treatment” shall have the meaning provided in section 1004 of the Solid Waste Disposal Act [42 U.S.C. 6903].

(30) The terms “territorial sea” and “contiguous zone” shall have the meaning provided in section 502 of the Federal Water Pollution Control Act [33 U.S.C. 1362].

(31) The term “national contingency plan” means the national contingency plan published under section 311(c) of the Federal Water Pollution Control Act or revised pursuant to section 9605 of this title.

(32) The terms “liable” or “liability” under this subchapter shall be construed to be the standard of liability which obtains under section 311 of the Federal Water Pollution Control Act [33 U.S.C. 1321].

(33) The term “pollutant or contaminant” shall include, but not be limited to, any element, substance, compound, or mixture, including disease-causing agents, which after release into the environment and upon exposure, ingestion, inhalation, or assimilation into any organism, either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavioral abnormalities, cancer, genetic mutation, physiological malfunctions (including malfunctions in reproduction) or physical deformations, in such organisms or their offspring; except that the term “pollutant or contaminant” shall not include petroleum, including crude oil or any fraction thereof which is not otherwise specifically listed or designated as a hazardous substance under subparagraphs (A) through (F) of paragraph (14) and shall not include natural gas, liquefied natural gas, or synthetic gas of pipeline quality (or mixtures of natural gas and such synthetic gas).

(34) The term “alternative water supplies” includes, but is not limited to, drinking water and household water supplies.

(35)(A) The term “contractual relationship”, for the purpose of section 9007(b)(3) of this title, includes, but is not limited to, land contracts, deeds, easements, leases, or other instruments transferring title or possession, unless the real property on which the facility concerned is located was acquired by the defendant after the disposal of placement of the hazardous substance on, in, or at the facility, and one or more of the circumstances described in clause (i), (ii), or (iii) is also established by the defendant by a preponderance of the evidence:

(i) At the time the defendant acquired the facility the defendant did not know and had no reason to know that any hazardous substance which is the subject of the release or threatened release was disposed of on, in, or at the facility.

(ii) The defendant is a government entity which acquired the facility by escheat, or through any other involuntary transfer or acquisition, or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The defendant acquired the facility by inheritance or bequest.

In addition to establishing the foregoing, the defendant must establish that the defendant has satisfied the requirements of section 9007(b)(3)(a) and (b) of this title, provides full cooperation, assistance, and facility access to the persons that are authorized to conduct response actions at the facility (including the cooperation and access necessary for the installation, integrity, operation, and maintenance of any complete or partial response action at the facility), is in compliance with any
land use restrictions established or relied on in connection with the response action at a facility, and does not impede the effectiveness or integrity of any institutional control employed at the facility in connection with a response action.

(B) Reason to Know.—
   (i) All appropriate inquiries.—To establish that the defendant had no reason to know of the matter described in subparagraph (A)(i), the defendant must demonstrate to a court that—
      (I) on or before the date on which the defendant acquired the facility, the defendant carried out all appropriate inquiries, as provided in clauses (ii) and (iv), into the previous ownership and uses of the facility in accordance with generally accepted good commercial and customary standards and practices; and
      (II) the defendant took reasonable steps to—
         (aa) stop any continuing release;
         (bb) prevent any threatened future release; and
         (cc) prevent or limit any human, environmental, or natural resource exposure to any previously released hazardous substance.

   (ii) Standards and practices.—Not later than 2 years after January 11, 2002, the Administrator shall by regulation establish standards and practices for the purpose of satisfying the requirement to carry out all appropriate inquiries under clause (i).

   (iii) Criteria.—In promulgating regulations that establish the standards and practices referred to in clause (ii), the Administrator shall include each of the following:
      (I) The results of an inquiry by an environmental professional.
      (II) Interviews with past and present owners, operators, and occupant of the facility for the purpose of gathering information regarding the potential for contamination at the facility.
      (III) Reviews of historical sources, such as chain of title documents, aerial photographs, building department records, and land use records, to determine previous uses and occupancies of the real property since the property was first developed.
      (IV) Searches for recorded environmental cleanup liens against the facility that are filed under Federal, State, or local law.
      (V) Reviews of Federal, State, and local government records, waste disposal records, underground storage tank records, and hazardous waste handling, generation, treatment, disposal, and spill records, concerning contamination at or near the facility.
      (VI) Visual inspections of the facility and adjoining properties.
      (VII) Specialized knowledge or experience on the part of the defendant.
      (VIII) The relationship of the purchase price to the value of the property, if the property was not contaminated.

   (iv) Interim standards and practices.—
      (I) Property purchased before May 31, 1997.—With respect to property purchased before May 31, 1997, in making a determination with respect to a defendant described in clause (i), a court shall take into account—
         (aa) any specialized knowledge or experience on the part of the defendant;
         (bb) the relationship of the purchase price to the value of the property, if the property was not contaminated;
         (cc) commonly known or reasonably ascertainable information about the property;
         (dd) the obviousness of the presence or likely presence of contamination at the property; and
         (ee) the ability of the defendant to detect the contamination by appropriate inspection.

      (II) Property purchased on or after May 31, 1997.—With respect to property purchased on or after May 31, 1997, and until the Administrator promulgates the regulations described in clause (ii), the procedures of the American Society for Testing and Materials, including the document known as "Standard E1527–97", entitled "Standard Practice for Environmental Site Assessment: Phase 1 Environmental Site Assessment Process", shall satisfy the requirements in clause (i).

   (v) Site inspection and title search.—In the case of property for residential use or other similar use purchased by a nongovernmental or noncommercial entity, a facility inspection and title search that reveal no basis for further investigation shall be considered to satisfy the requirements of this subparagraph.

   (C) Nothing in this paragraph or in section 9607(b)(3) of this title shall diminish the liability of any previous owner or operator of such facility who would otherwise be liable under this chapter. Notwithstanding this paragraph, if the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at such facility when the defendant owned the real property and then subsequently transferred ownership of the property to another person without disclosing such knowledge, such defendant shall be treated as liable under section 9607(a)(1) of this title and no defense under section 9607(b)(3) of this title shall be available to such defendant.

   (D) Nothing in this paragraph shall affect the liability under this chapter of a defendant who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance which is the subject of the action relating to the facility.
(36) The term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village but not including any Alaska Native regional or village corporation, which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(37)(A) The term "service station dealer" means any person—
(i) who owns or operates a motor vehicle service station, filling station, garage, or similar retail establishment engaged in the business of selling, repairing, or servicing motor vehicles, where a significant percentage of the gross revenue of the establishment is derived from the fueling, repairing, or servicing of motor vehicles, and
(ii) who accepts for collection, accumulation, and delivery to an oil recycling facility, recycled oil that has been removed from the engine of a light duty motor vehicle or household appliances by the owner of such vehicle or appliances, and (II) is presented, by such owner, to such person for collection, accumulation, and delivery to an oil recycling facility.

(B) For purposes of section 9614(c) of this title, the term "service station dealer" shall, notwithstanding the provisions of subparagraph (A), include any government agency that establishes a facility solely for the purpose of accepting recycled oil that satisfies the criteria set forth in subclauses (I) and (II), owners or operators of refuse collection services who are compelled by State law to collect, accumulate, and deliver such oil to an oil recycling facility.

(C) The President shall promulgate regulations regarding the determination of what constitutes a significant percentage of the gross revenues of an establishment for purposes of this paragraph.

(38) The term "incineration vessel" means any vessel which carries hazardous substances for the purpose of incineration of such substances, so long as such substances or residues of such substances are on board.

(39) BROWNFIELD SITE.—

(A) IN GENERAL.—The term "brownfield site" means real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

(B) EXCLUSIONS.—The term "brownfield site" does not include—
(i) a facility that is the subject of a planned or ongoing removal action under this chapter;
(ii) a facility that is listed on the National Priorities List or is proposed for listing;
(iii) a facility that is the subject of a unilateral administrative order, a court order, an administrative order on consent or judicial consent decree that has been issued to or entered into by the parties under this chapter;
(iv) a facility that is the subject of a unilateral administrative order, a court order, an administrative order on consent or judicial consent decree that has been issued to or entered into by the parties, or a facility to which a permit has been issued by the United States or an authorized State under the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.), the Federal Pollution Control Act (33 U.S.C. 1321) [33 U.S.C. §1251 et seq.], the Toxic Substances Control Act (15 U.S.C. 2601 et seq.), or the Safe Drinking Water Act (42 U.S.C. 300f et seq.);
(v) a facility that—
(I) is subject to corrective action under section 3004(u) or 3008(h) of the Solid Waste Disposal Act (42 U.S.C. 6924(u), 6929(h)); and
(II) to which a corrective action permit or order has been issued or modified to require the implementation of corrective measures;
(vi) a land disposal unit with respect to which—
(I) a closure notification under subtitle C of the Solid Waste Disposal Act (42 U.S.C. 6921 et seq.) has been submitted; and
(II) closure requirements have been specified in a closure plan or permit;
(vii) a facility that is subject to the jurisdiction, custody, or control of a department, agency, or instrumentality of the United States, except for land held in trust by the United States for an Indian tribe;
(viii) a portion of a facility—
(I) at which there has been a release of polychlorinated biphenyls; and
(II) that is subject to remediation under the Toxic Substances Control Act (15 U.S.C. 1251 et seq.) or
(ix) a portion of a facility, for which portion, assistance for response activity has been obtained under subtitle I of the Solid Waste Disposal Act (42 U.S.C. 6991 et seq.) from the Leaking Underground Storage Tank Trust Fund established under section 9508 of title 26.

(C) SITE-BY-SITE DETERMINATIONS.—Notwithstanding subparagraph (B) and on a site-by-site basis, the President may authorize financial assistance under section 9604(k) of this title to an eligible entity at a site included in clause (i), (iv), (v), (vi), (vii), or (ix) of subparagraph (B) if the President finds that financial assistance will protect human health and the environment, and either promote economic development or enable the creation of, preservation of, or addition to parks, greenways, undeveloped property, other recreational property, or other property used for nonprofit purposes.

(D) ADDITIONAL AREAS.—For the purposes of section 9604(k) of this title, the term "brownfield site" includes a site that—
(i) meets the definition of "brownfield site" under subparagraphs (A) through (C); and
(i)(I) is contaminated by a controlled substance (as defined in section 802 of title 21); 

(ii)(aa) is contaminated by petroleum or a petroleum product excluded from the definition of “hazardous substance” under this section; and

(bb) is a site for which there is no viable responsible party and that is determined to be a site that will be assessed, investigated, or cleaned up by a person that is not potentially liable for cleaning up the site under this chapter or any other law pertaining to the cleanup of petroleum products; and

(cc) is not subject to any order issued under section 9003(h) of the Solid Waste Disposal Act (42 U.S.C. 6991b(h)); or

(iii) IS POSAL PRIOR TO ACQUISITION

(II) establishes by a preponderance of the evidence each of the criteria described in clauses (i) through (viii) of subparagraph (B); and

(iii) A person—

(A) acquires ownership of the facility after January 11, 2002; and

(B) establishes by a preponderance of the evidence that the leasehold interest is not designed to avoid liability under this chapter by any person; and

(ii) A person who acquires a leasehold interest in the facility after January 11, 2002; and

(iii) The person provides full cooperation, assistance, and access.

(iv) CARE.—The person exercises appropriate care with respect to hazardous substances found at the facility by taking reasonable steps to—

(I) stop any continuing release;

(II) prevent any threatened future release; and

(iii) prevent or limit human, environmental, or natural resource exposure to any previously released hazardous substance.

(v) COOPERATION, ASSISTANCE, AND ACCESS.—The person provides full cooperation, assistance, and access to persons that are authorized to conduct response actions or natural resource restoration at a vessel or facility (including the cooperation and access necessary for the installation, integrity, operation, and maintenance of any complete or partial response actions or natural resource restoration at the vessel or facility).

(vi) INSTITUTIONAL CONTROL.—The person—

(I) is in compliance with any land use restrictions established or relied on in connection with the response action at a vessel or facility; and

(II) does not impede the effectiveness or integrity of any institutional control employed at the vessel or facility.

(vii) REQUESTS; SUBPOENAS.—The person complies with any request for information or administrative subpoena issued by the President under this chapter.

(viii) NO AFFILIATION.—The person is not—

(I) potentially liable, or affiliated with any other person that is potentially liable, for response costs at a facility through—

(aa) any direct or indirect familial relationship; or

(bb) any contractual, corporate, or financial relationship (other than a con-
(4) ELIGIBLE RESPONSE SITE.—

(A) IN GENERAL.—The term “eligible response site” means a site that meets the definition of a brownfield site in subparagraphs (A) and (B) of paragraph (39), as modified by subparagraphs (B) and (C) of this paragraph.

(B) INCLUSIONS.—The term “eligible response site” includes—

(i) notwithstanding paragraph (39)(B)(ix), a portion of a facility, for which portion assistance for response activity has been obtained under subtitle I of the Solid Waste Disposal Act (42 U.S.C. 6991 et seq.) from the Leaking Underground Storage Tank Trust Fund established under section 9508 of title 26; or

(ii) a site for which, notwithstanding the exclusions provided in subparagraph (C) or paragraph (39)(B), the President determines, on a site-by-site basis and after consultation with the State, that limitations on enforcement under section 9628 of this title at sites specified in clause (iv), (v), (vi) or (vii) of paragraph (39)(B) would be appropriate and will—

(I) protect human health and the environment; and

(II) promote economic development or facilitate the creation of, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for non-profit purposes.

(C) EXCLUSIONS.—The term “eligible response site” does not include—

(i) a facility for which the President—

(I) conducts or has conducted a preliminary assessment or site inspection; and

(II) after consultation with the State, determines or has determined that the site obtains a preliminary score sufficient for possible listing on the National Priorities List, or that the site otherwise qualifies for listing on the National Priorities List; unless the President has made a determination that no further Federal action will be taken; or

(ii) facilities that the President determines warrant particular consideration as identified by regulation, such as sites posing a threat to a sole-source drinking water aquifer or a sensitive ecosystem.

REFERENCES IN TEXT

This chapter, referred to in pars. (5), (13), (20)(D), (G), (35)(C), (D), (39)(B)(iii), (D)(ii) and (b), and (40)(A) and (ii), (B)(vii), was in the original “this Act,” meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, as amended, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980. For complete classification of this Act to the Code, see Short Title note below and Tables.

The Safe Drinking Water Act, referred to in pars. (7), (10), and (39)(B)(iv), is title XIV of act July 1, 1944, as amended, which is classified generally to subchapter XII of chapter 6A of this title. For complete classification of this Act to the Code, see Short Title note set out under section 201 of this title and Tables.

The Magnuson-Stevens Fishery Conservation and Management Act, referred to in pars. (8) and (16), is Pub. L. 94–265, Apr. 13, 1976, 90 Stat. 331, as amended, which is classified principally to chapter 38 (§1801 et seq.) of Title 16, Conservation. The fishery conservation zone established by this Act, referred to in par. (16), was established by section 101 of this Act (16 U.S.C. 1811), which as amended generally by Pub. L. 99–659, title I, §181(b), Nov. 14, 1986, 100 Stat. 3706, relates to United States sovereign rights and fishery management authority over fish within the exclusive economic zone as defined in section 1802 of Title 16. For complete classification of this Act to the Code, see Short Title note set out under section 1801 of Title 16 and Tables.

The Safe Drinking Water Act, referred to in par. (8), is act July 1, 1944, as amended, which is classified generally to subchapter II of chapter 6A of this title. The Safe Drinking Water Act is classified generally to parts C (§7401 et seq.) and IX of this title.

688, which is classified generally to chapter 33 (§1601 et seq.) of Title 33, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1251 of Title 33 and Tables.

The Farm Credit Act of 1971, referred to in par. (20)(H)(iv)(III), is Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 816, also known as the Clean Water Act, which was amended generally by Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 816, also known as the Clean Water Act, which was classified principally to chapter 68 (§5121 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 1251 of Title 33 and Tables.

The Federal Water Pollution Control Act, referred to in pars. (31) and (39)(B)(iv), is act June 30, 1948, ch. 758, as amended generally by Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 816, also known as the Clean Water Act, which is classified generally to chapter 26 (§1251 et seq.) of Title 33, Navigation and Navigable Waters. Section 311(c) of the Act was amended generally by Pub. L. 101–16, § 103, Oct. 22, 1989, 103 Stat. 1161, and no longer contains provisions directing the publishing of a National Contingency Plan. However, such provisions are contained in section 1321(d) of Title 33. For complete classification of this Act to the Code, see Short Title note set out under section 1251 of Title 33 and Tables.

The Toxics Substances Control Act, referred to in par. (39)(B)(iv), (vii)(II), is Pub. L. 93–288, May 22, 1974, 88 Stat. 688, which is classified generally to chapter 33 (§1601 et seq.) of Title 15, Commerce and Trade. For complete classification of this Act to the Code, see Short Title note set out under section 2601 of Title 15 and Tables.

AMENDMENTS

2018—Par. (20)(D). Pub. L. 115–141, § 2, substituted “ownership or control through seizure or otherwise in connection with law enforcement activity, or through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government acquires title by virtue” for “ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government involuntarily acquires title by virtue”.

Par. (20)(E). Pub. L. 115–141, § 2, added subpar. (E) and redesignated former subpar. (E) as (F). Former subpar. (F) redesignated (G). Pub. L. 115–141, § 3(1), (4), redesignated subpar. (F) as (G) and substituted “subparagraph (F)” for “subparagraph (E)” in introductory provisions.

Par. (20)(H). Pub. L. 115–141, § 3(1), redesignated subpar. (G) as (H) and substituted “of title 12” for “of title 12 or” in cl. (i)(II).

Par. (39)(B)(iv)(II)(bb). Pub. L. 115–141, § 4, amended item (bb) generally. Prior to amendment, item (bb) read as follows: “(a) as determined by the Administrator or the State, as appropriate, to be—

"(AA) of relatively low risk, as compared with other petroleum-only sites in the State; and

"(BB) a site for which there is no viable responsible party and which will be assessed, investigated, or cleaned up by a person that is not potentially liable for cleaning up the site; and"

"(BB) a site for which there is no viable responsible party and which will be assessed, investigated, or cleaned up by a person that is not potentially liable for cleaning up the site; and"

"(BB) a site for which there is no viable responsible party and which will be assessed, investigated, or cleaned up by a person that is not potentially liable for cleaning up the site; and"

"(BB) a site for which there is no viable responsible party and which will be assessed, investigated, or cleaned up by a person that is not potentially liable for cleaning up the site; and"

Par. (40). Pub. L. 115–141, § 5(a)(1)(B)–(D), just prior to redesignation of subpar. (B) as cl. (ii) of subpar. (B), substituted “subclasses (II) and (III)” for “clauses (ii) and (iii)” in subcl. (I) and “clause for “subparagraph” in subcls. (II) and (III).

Par. (40)(H)(ii). Pub. L. 115–141, § 5(a)(4)(A)(i), just prior to redesignation of subpar. (H)(ii)(II) as cl. (ii) of subpar. (I)(ii) of section 2001(b) of subpart (B), redesignated by a tenancy, by the instruments by which a leasehold interest in the facility is created,” after “financed”.

2002—Par. (35)(A). Pub. L. 107–118, § 222(1), in introductory provisions substituted “deeds, easements, leases, or” for “deeds or” and in concluding provisions substituted “the defendant has satisfied” for “he has satisfied” and inserted before period at end “; provides full cooperation, assistance, and facility access to the persons that are authorized to conduct response actions at the facility (including the cooperation and access necessary for the installation, integrity, operation, and maintenance of any complete or partial response action at the facility), is in compliance with any land use restrictions established or relied on in connection with the response action at a facility, and does not impede the effectiveness or integrity of any institutional control employed at the facility in connection with a response action”.

Par. (35)(B). Pub. L. 107–118, § 222(2), added subpar. (B) and struck out former subpar. (B) which read as follows: “To establish that the defendant had no reason to know, as provided in clause (i) of subparagraph (A) of this paragraph, the defendant must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of the preceding sentence the court shall take into account any specialized knowledge or experience on the part of the defendant, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection.”

1999—Par. (20)(D). Pub. L. 106–74, which directed the amendment of subpar. (D) by inserting “through seizure or otherwise in connection with law enforcement activity” before “involuntary” the first place it appears, could not be executed because the word “involuntary” does not appear in subpar. (D).

1996—Pars. (8), (16). Pub. L. 104–208, § 101(a) (title II, §211(b)), substituted “Magnuson-Stevens Fishery” for “Magnuson Fishery.”

Par. (20)(E) to (G). Pub. L. 104–208, § 2502(b), added subpars. (E) to (G).

Par. (26). Pub. L. 104–287 substituted “section 6010(a) of title 49” for “the Pipeline Safety Act”.

Par. (1) to (10). Pub. L. 99–499, § 101(f), inserted “The term” and substituted a period for the semicolon at end.

Par. (11). Pub. L. 99–499, § 1517(c)(2), amended par. (11) generally. Prior to amendment, par. (11) read as follows: “The term ‘Fund’ or ‘Trust Fund’ means the Hazardous Substance Response Fund established by section 9631 of this title or, in the case of a hazardous waste disposal facility for which liability has been transferred under section 9607(k) of this title, the Post-closure Liability Fund established by section 9611 of this title, and subsections within former parts.

Par. L. 99–499, § 101(f), inserted “The term” and substituted a period for the semicolon at end.
§ 9601  TITLE 42—THE PUBLIC HEALTH AND WELFARE

Pars. (12) to (15). Pub. L. 99–499, §101(f), inserted “The term” and substituted a period for the semicolon at end.

Par. (18). Pub. L. 99–499, §101(a), (f), inserted “The term,” struck out “or” after “local government,” inserted “an Indian tribe, or, if such resources are subject to a trust restriction on alienation, any member of an Indian tribe,” and substituted a period for the semicolon at end.

Par. (17) to (19). Pub. L. 99–499, §101(f), inserted “The term” and substituted a period for the semicolon at end.

Par. (20)(D). Pub. L. 99–499, §101(b)(1), (f), added subpar. (D). The part of §101(f) of Pub. L. 99–499 which directed amendment of par. (20) by changing the semicolon at end to a period could not be executed in view of the prior amendment of par. (20) by §101(b)(1) of Pub. L. 99–499 which added subpar. (D) ending in a period.

Par. (21). Pub. L. 99–499, §101(f), inserted “The term” and substituted a period for the semicolon at end.

Par. (22). Pub. L. 99–499, §101(c), (f), inserted “The term” and “(including the abandonment or discarding of barrels, containers, and other closed receptacles containing any hazardous substance or pollutant or contaminant)” substituted a period for the semicolon at end.

Par. (23). Pub. L. 99–499, §101(f), inserted “The terms” and substituted a period for the semicolon at end.

Par. (24). Pub. L. 99–499, §101(d), (f), inserted “The terms” and substituted “and associated contaminated materials” for “or contaminated materials” and “welfare; the term includes offsite transport and offsite storage, treatment, destruction, or secure disposition of hazardous substances and associated contaminated materials” for “welfare. The term does not include offsite transport of hazardous substances, or the storage, treatment, destruction, or secure disposition offsite of such hazardous substances or contaminated materials unless the President determines that such actions (A) are more cost-effective than other remedial actions, (B) will create new capacity to manage, in compliance with subpar. (i), (ii) of paragraph (24), ending in a period for former language ending in a period. Pub. L. 99–499 which directed amendment of par. (24) by changing the semicolon at end to a period could not be executed in view of prior amendment of par. (24) by §101(d) of Pub. L. 99–499 which substituted language at end of par. (24) ending in a period for former language ending in a period.

Par. (25). Pub. L. 99–499, §101(e), (f), inserted “The terms” and “and” all such terms (including the terms ‘removal’ and ‘remedial action’) include enforcement activities related thereto.” The part of §101(f) of Pub. L. 99–499 which directed amendment of par. (25) by changing the semicolon at end to a period could not be executed in view of prior amendment of par. (25) by §101(e) of Pub. L. 99–499 inserting language and a period at end of par. (25) ending in a period for former language ending in a period.

Par. (26). Pub. L. 99–499, §101(f), inserted “The term” and substituted a period for the semicolon at end.

Par. (27). Pub. L. 99–499, §101(f), inserted “The terms” and substituted a period for the semicolon at end.
Pub. L. 107–118, title II, §201, Jan. 11, 2002, 115 Stat. 2360, provided that: ‘‘This title [enacting section 9628 of this title and amending this section and sections 9604, 9605, and 9607 of this title] may be cited as the ‘Brownfields Revitalization and Environmental Restoration Act of 2001.’’

**SHORT TITLE OF 1996 AMENDMENT**

**SHORT TITLE OF 1992 AMENDMENT**

Pub. L. 102–426, §1, Oct. 19, 1992, 106 Stat. 2174, provided that: ‘‘This Act [amending section 9620 of this title and enacting provisions set out as a note under section 9620 of this title] may be cited as the ‘Community Environmental Response Facilitation Act.’’

**SHORT TITLE OF 1986 AMENDMENT**

Pub. L. 99–499, §1, Oct. 17, 1986, 100 Stat. 1613, provided that: ‘‘This Act [enacting subchapter IV of this chapter and sections 9616 to 9626, 9638 to 9662, 11001 to 11005, 11021 to 11023, and 11941 to 11960 of this title, sections 2701 to 2707 and 2810 of Title 10, Armed Forces, and sections 59A, 4671, 4672, 9507, and 9508 of Title 26, Internal Revenue Code, amending this section, sections 6926, 6938, 6991 to 6991d, 6991g, 9602 to 9609, 9611 to 9614, 9631, 9635, 9655, and 9657 of this title, section 26, 161, 275, 396, 1561, 4041, 4042, 4081, 4221, 4611, 4612, 4661, 4662, 6154, 6146, 6420, 6421, 6225, 6427, 6655, 9502, 9503, and 9506 of Title 26, and section 1416 of Title 33, Navigation and Navigable Waters, renumbering former section 2701 of Title 10 as section 2701 of Title 10, repealing sections 9631 to 9633, 9641, and 9653 of this title and sections 4681 and 4682 of Title 28, and enacting provisions set out as notes under this section, sections 6921, 6922, 7401, 9622, 9631, 9635, 9660, 9661, and 11001 of this title, section 2703 of Title 10, sections 1, 2, 4041, 4611, 4661, 4671, 4661, 9507, and 9508 of Title 28, and section 655 of Title 29, Labor] may be cited as the ‘Superfund Amendments and Reauthorization Act of 1986.’’

**SHORT TITLE**

Pub. L. 96–510, §1, Dec. 11, 1980, 94 Stat. 2767, provided that: ‘‘That this Act [enacting this chapter, section 6911a of this title, and sections 4611, 4612, 4661, 4662, 4681, and 4682 of Title 26, Internal Revenue Code, amending section 9611 of this title, section 1364 of Title 33, Navigation and Navigable Waters, and section 11901 of Title 49, Transportation, and enacting provisions set out as notes under section 9611 of this title and sections 4681 and 4682 of Title 28, and enacting provisions set out as notes under this section, sections 6921, 6922, 7401, 9622, 9631, 9635, 9660, 9661, and 11001 of this title, section 2703 of Title 10, sections 1, 2, 4041, 4611, 4661, 4671, 4661, 9507, and 9508 of Title 28, and section 655 of Title 29, Labor] may be cited as the ‘Superfund Amendments and Reauthorization Act of 1980.’’

**TRANSFER OF FUNCTIONS**

For transfer of certain functions from Nuclear Regulatory Commission to Chairman thereof, see Reorg. Plan No. 1 of 1980, 45 F.R. 40661, 94 Stat. 3585, set out as a note under section 5841 of this title.

**TERRITORIAL SEA AND CONTIGUOUS ZONE OF UNITED STATES**

For extension of territorial sea and contiguous zone of United States, see Proc. No. 5928 and Proc. No. 7219, respectively, set out as notes under section 1331 of Title 43, Public Lands.

**DEFINITIONS**

‘‘(1) CERCLA.—The term ‘CERCLA’ means the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.).

‘‘(2) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the Environmental Protection Agency.’’

§ 9602. Designation of additional hazardous substances and establishment of reportable released quantities; regulations

(a) The Administrator shall promulgate and revise as may be appropriate, regulations designating as hazardous substances, in addition to those referred to in section 9601(14) of this title, such elements, compounds, mixtures, solutions, and substances which, when released into the environment may present substantial danger to the public health or welfare or the environment, and shall promulgate regulations establishing that quantity of any hazardous substance the release of which shall be reported pursuant to section 9603 of this title. The Administrator may determine that one single quantity shall be the reportable quantity for any hazardous substance, regardless of the medium into which the hazardous substance is released. For all hazardous substances for which proposed regulations establishing reportable quantities were published in the Federal Register under this subsection on or before March 1, 1986, the Administrator shall promulgate under this subsection final regulations establishing reportable quantities not later than December 31, 1986. For all hazardous substances for which proposed regulations establishing reportable quantities were not published in the Federal Register under this subsection on or before March 1, 1986, the Administrator shall publish under this subsection proposed regulations establishing reportable quantities not later than December 31, 1986, and promulgate final regulations under this subsection establishing reportable quantities not later than April 30, 1988.

(b) Unless and until superseded by regulations establishing a reportable quantity under subsection (a) of this section for any hazardous substance as defined in section 9601(14) of this title, (1) a quantity of one pound, or (2) for those hazardous substances for which reportable quantities have been established pursuant to section 1321(b)(4) of title 33, such reportable quantity, shall be deemed that quantity, the release of which shall be reported pursuant to section 9603(a) or (b) of this title.

**AMENDMENTS**

§ 9603. Notification requirements respecting released substances

(a) Notice to National Response Center upon release from vessel or offshore or onshore facility by person in charge; conveyance of notice by Center

Any person in charge of a vessel or an offshore or onshore facility shall, as soon as he has...
knowledge of any release (other than a federally permitted release) of a hazardous substance from such vessel or facility in quantities equal to or greater than those determined pursuant to section 9602 of this title, immediately notify the National Response Center established under the Clean Water Act [33 U.S.C. 1251 et seq.] of such release. The National Response Center shall convey the notification expeditiously to all appropriate Government agencies, including the Governor of any affected State.

(b) Penalties for failure to notify; use of notice or information pursuant to notice in criminal case

Any person—

(1) in charge of a vessel from which a hazardous substance is released, other than a federally permitted release, into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone, or

(2) in charge of a vessel from which a hazardous substance is released, other than a federally permitted release, which may affect natural resources belonging to, appertaining to, or under the exclusive management authority of the United States (including resources under the Magnuson-Stevens Fishery Conservation and Management Act [16 U.S.C. 1801 et seq.], and who is otherwise subject to the jurisdiction of the United States at the time of the release, or

(3) in charge of a facility from which a hazardous substance is released, other than a federally permitted release, in a quantity equal to or greater than that determined pursuant to section 9602 of this title who fails to notify immediately the appropriate agency of the United States Government as soon as he has knowledge of such release or who submits in such a notification any information which he knows to be false or misleading, shall, upon conviction, be fined in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both. Notification received pursuant to this subsection or information obtained by the exploitation of such notification shall be used against any such person in any criminal case, except a prosecution for perjury or for giving a false statement.

(c) Notice to Administrator of EPA of existence of storage, etc., facility by owner or operator; exception; time, manner, and form of notice; penalties for failure to notify; use of notice or information pursuant to notice in criminal case

Within one hundred and eighty days after December 11, 1980, any person who owns or operates or who at the time of disposal owned or operated, or who accepted hazardous substances for transport and selected, a facility at which hazardous substances (as defined in section 9601(C) of this title) are or have been stored, treated, or disposed of shall, unless such facility has a permit issued under, or has been accorded interim status under, subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.], notify the Administrator of the Environmental Protection Agency of the existence of such facility, specifying the amount and type of any hazardous substance to be found there, and any known, suspected, or likely releases of such substances from such facility. The Administrator may prescribe in greater detail the manner and form of the notice and the information included. The Administrator shall notify the affected State agency, or any department designated by the Governor to receive such notice, of the existence of such facility. Any person who knowingly fails to notify the Administrator of the existence of any such facility shall, upon conviction, be fined not more than $10,000, or imprisoned for not more than one year, or both. In addition, any such person who knowingly fails to provide the notice required by this subsection shall not be entitled to any limitation of liability or to any defenses to liability set out in section 9607 of this title: Provided, however, That notification under this subsection is not required for any facility which would be reportable hereunder solely as a result of any stoppage in transit which is temporary, incidental to the transportation movement, or at the ordinary operating convenience of a common or contract carrier, and such stoppage shall be considered as a continuity of movement and not as the storage of a hazardous substance. Notification received pursuant to this subsection or information obtained by the exploitation of such notification shall not be used against any such person in any criminal case, except a prosecution for perjury or for giving a false statement.

(d) Recordkeeping requirements; promulgation of rules and regulations by Administrator of EPA; penalties for violations; waiver of retention requirements

(1) The Administrator of the Environmental Protection Agency is authorized to promulgate rules and regulations specifying, with respect to—

(A) the location, title, or condition of a facility, and

(B) the identity, characteristics, quantity, origin, or condition (including containerization and previous treatment) of any hazardous substances contained or deposited in a facility;

the records which shall be retained by any person required to provide the notification of a facility set out in subsection (c) of this section. Such specification shall be in accordance with the provisions of this subsection.

(2) Beginning with December 11, 1980, for fifty years thereafter or for fifty years after the date of establishment of a record (whichever is later), or at any such earlier time as a waiver is obtained under paragraph (3) of this subsection, it shall be unlawful for any such person knowingly to destroy, mutilate, erase, dispose of, conceal, or otherwise render unavailable or unreadable or falsify any records identified in paragraph (1) of this subsection. Any person who violates this paragraph shall, upon conviction, be fined in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both.
(3) At any time prior to the date which occurs fifty years after December 11, 1980, any person identified under paragraph (1) of this subsection may apply to the Administrator of the Environmental Protection Agency for a waiver of the provisions of the first sentence of paragraph (2) of this subsection. The Administrator is authorized to grant such waiver if, in his discretion, such waiver would not unreasonably interfere with the attainment of the purposes and provisions of this chapter. The Administrator shall promulgate rules and regulations regarding such a waiver so as to inform parties of the proper application procedure and conditions for approval of such a waiver.

(4) Notwithstanding the provisions of this subsection, the Administrator of the Environmental Protection Agency may in his discretion require any such person to retain any record identified pursuant to paragraph (1) of this subsection for such a time period in excess of the period specified in paragraph (2) of this subsection as the Administrator determines to be necessary to protect the public health or welfare.

(e) Applicability to registered pesticide products and air emissions from animal waste at farms

(1) In general

This section shall not apply to—

(A) the application of a pesticide product registered under the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136 et seq.) or the handling and storage of such a pesticide product by an agricultural producer; or

(B) air emissions from animal waste (including decomposing animal waste) at a farm.

(2) Definitions

In this subsection:

(A) Animal waste

(i) In general

The term “animal waste” means feces, urine, or other excrement, digestive emission, urea, or similar substances emitted by animals (including any form of livestock, poultry, or fish).

(ii) Inclusions

The term “animal waste” includes animal waste that is mixed or commingled with bedding, compost, feed, soil, or any other material typically found with such waste.

(B) Farm

The term “farm” means a site or area (including associated structures) that—

(i) is used for—

(I) the production of a crop; or

(II) the raising or selling of animals (including any form of livestock, poultry, or fish); and

(ii) under normal conditions, produces during a farm year any agricultural products with a total value equal to not less than $1,000.

(f) Exemptions from notice and penalty provisions for substances reported under other Federal law or in continuous release, etc.

No notification shall be required under subsection (a) or (b) of this section for any release of a hazardous substance—

(1) which is required to be reported (or specifically exempted from a requirement for reporting) under subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.] or regulations thereunder and which has been reported to the National Response Center, or

(2) which is a continuous release, stable in quantity and rate, and is—

(A) from a facility for which notification has been given under subsection (c) of this section, or

(B) a release of which notification has been given under subsections (a) and (b) of this section for a period sufficient to establish the continuity, quantity, and regularity of such release:

Provided, That notification in accordance with this paragraph annually, or at such time as there is any statistically significant increase in the quantity of any hazardous substance or constituent thereof released, above that previously reported or occurring.

The Federal Insecticide, Fungicide, and Rodenticide Act, referred to in subsec. (e)(1)(A), is act June 25, 1947,
§ 9604. Response authorities

(a) Removal and other remedial action by President; applicability of national contingency plan; response by potentially responsible parties; public health threats; limitations on response; exception

(1) Whenever (A) any hazardous substance is released or there is a substantial threat of such a release into the environment, or (B) there is a release or substantial threat of release into the environment of any pollutant or contaminant which may present an imminent and substantial danger to the public health or welfare, the President is authorized to act, consistent with the national contingency plan, to remove or arrange for the removal of, and provide for remedial action relating to such hazardous substance, pollutant, or contaminant at any time (including its removal from any contaminated natural resource), or take any other response measure consistent with the national contingency plan which the President deems necessary to protect the public health or welfare or the environment. When the President determines that such action will be done properly and promptly by the owner or operator of the facility or vessel or by any other responsible party, the President may allow such person to carry out the action, conduct the remedial investigation, or conduct the feasibility study in accordance with section 9622 of this title. No remedial investigation or feasibility study (RI/FS) shall be authorized except on a determination by the President that the party is qualified to conduct the RI/FS and only if the President contracts with or arranges for a qualified person to assist the President in overseeing and reviewing the conduct of such RI/FS and if the responsible party agrees to reimburse the Fund for any cost incurred by the President under, or in connection with, the oversight contract or arrangement. In no event shall a potentially responsible party be subject to a lesser standard of liability, receive preferential treatment, or in any other way, whether direct or indirect, benefit from any such arrangements as a response action contractor, or as a person hired or retained by such a response action contractor, with respect to the release or facility in question. The President shall give primary attention to those releases which the President deems may present a public health threat.

(2) REMOVAL ACTION.—Any removal action undertaken by the President under this subsection (or by any other person referred to in section 9622 of this title) shall, to the extent the President deems practicable, contribute to the efficient performance of any long term remedial action with respect to the release or threatened release concerned.

(3) LIMITATIONS ON RESPONSE.—The President shall not provide for a removal or remedial action under this section in response to a release or threat of release—

(A) of a naturally occurring substance in its unaltered form, or altered solely through naturally occurring processes or phenomena, from a location where it is naturally found;

(B) from products which are part of the structure of, and result in exposure within,

APPLICATION

Pub. L. 96–561, title II, § 238(b), Dec. 22, 1980, 94 Stat. 3300, provided that: "Nothing in this title [see Short Title of 2018 Amendment note set out under section 1331 of Title 43, Public Lands] affects, or supersedes or modifies the responsibility or authority of any Federal official or employee to comply with or enforce, any requirement under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.), other than the hazardous substance notification requirements under section 103 of that Act (42 U.S.C. 9603) with respect to air emissions from animal waste at farms."

CONTINUOUS ZONE OF UNITED STATES

For extension of contiguous zone of United States, see Proc. No. 7219, set out as a note under section 1331 of Title 43, Public Lands.

AMENDMENTS

2018—Subsec. (e). Pub. L. 115–141 added subsec. (e) and struck out former subsec. (e). Prior to amendment, text read as follows: "This section shall not apply to the application of a pesticide product registered under the Federal Insecticide, Fungicide, and Rodenticide Act to the handling and storage of such a pesticide product by an agricultural producer."

1986—Subsec. (b)(2). Pub. L. 99–499, §§ 109(a), 109(b), adjusted left hand margin of text following "federally permitted release," third place appearing so that there is no indentation of that text, inserted "or who submits in such a notification any information which he knows to be false or misleading", and substituted "in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both" for "not more than $10,000 or imprisoned for not more than one year, or both" and "subsection" for "paragraph".

Subsec. (d)(2). Pub. L. 99–499, §109(a)(2), substituted "in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both" for "not more than $20,000, or imprisoned for not more than one year, or both" as the probable intent of Congress, not withstanding directory language that the substitution be made for "not more than $20,000, or imprisoned for not more than one year or both".

EFFECTIVE DATE OF 1996 AMENDMENT

EFFECTIVE DATE OF 1980 AMENDMENT

ch. 125, as amended generally by Pub. L. 92–516, Oct. 21, 1972, 86 Stat. 973, which is classified generally to subchapter II (§136 et seq.) of chapter 6 of Title 7, Agriculture. For complete classification of this Act to the Code, see Short Title note set out under section 136 of Title 7 and Tables.
residential buildings or business or community structures; or
(C) into public or private drinking water supplies due to deterioration of the system through ordinary use.

(4) EXCEPTION TO LIMITATIONS.—Notwithstanding paragraph (3) of this subsection, to the extent authorized by this section, the President may respond to any release or threat of release if in the President's discretion, it constitutes a public health or environmental emergency and no other person with the authority and capability to respond to the emergency will do so in a timely manner.

(b) Investigations, monitoring, coordination, etc., by President
(1) Information; studies and investigations
Whenever the President is authorized to act pursuant to subsection (a) of this section, or whenever the President has reason to believe that a release has occurred or is about to occur, or that illness, disease, or complaints thereof may be attributable to exposure to a hazardous substance, pollutant, or contaminant and that a release may have occurred or be occurring, he may undertake such investigations, monitoring, surveys, testing, and other information gathering as he may deem necessary or appropriate to identify the existence and extent of the release or threat thereof, the source and nature of the hazardous substances, pollutants or contaminants involved, and the extent of danger to the public health or welfare or to the environment. In addition, the President may undertake such planning, legal, fiscal, economic, engineering, architectural, and other studies or investigations as he may deem necessary or appropriate to plan and direct response actions, to recover the costs thereof, and to enforce the provisions of this chapter.

(2) Coordination of investigations
The President shall promptly notify the appropriate Federal and State natural resource trustees of potential damages to natural resources resulting from releases under investigation pursuant to this section and shall seek to coordinate the assessments, investigations, and planning under this section with such Federal and State trustees.

(c) Criteria for continuation of obligations from Fund over specified amount for response actions; consultation by President with affected States; contracts or cooperative agreements by States with President prior to remedial actions; cost-sharing agreements; selection by President of remedial actions; State credits; granting of credit, expenses before listing or agreement, response actions between 1978 and 1980, State expenses after December 11, 1980, in excess of 10 percent of costs, item-by-item approval, use of credits; operation and maintenance; limitation on source of funds for O&M; recontracting; siting
(1) Unless (A) the President finds that (1) continued response actions are immediately required to prevent, limit, or mitigate an emergency, (ii) there is an immediate risk to public health or welfare or the environment, and (iii) such assistance will not otherwise be provided on a timely basis, or (B) the President has determined the appropriate remedial actions pursuant to paragraph (2) of this subsection and the State or States in which the source of the release is located have complied with the requirements of paragraph (3) of this subsection, or (C) continued response action is otherwise appropriate and consistent with the remedial action to be taken obligations from the Fund, or more than those authorized by subsection (b) of this section, shall not continue after $2,000,000 has been obligated for response actions or 12 months has elapsed from the date of initial response to a release or threatened release of hazardous substances.

(2) The President shall consult with the affected State or States before determining any appropriate remedial action to be taken pursuant to the authority granted under subsection (a) of this section.

(3) The President shall not provide any remedial actions pursuant to this section unless the State in which the release occurs first enters into a contract or cooperative agreement with the President providing assurances deemed adequate by the President that (A) the State will assure all future maintenance of the removal and remedial actions provided for the expected life of such actions as determined by the President; (B) the State will assure the availability of a hazardous waste disposal facility acceptable to the President and in compliance with the requirements of subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.] for any necessary offsite storage, destruction, treatment, or secure disposition of the hazardous substances; and (C) the State will pay or assure payment of (i) 10 per centum of the costs of the remedial action, including all future maintenance, or (ii) 50 percent (or such greater amount as the President may determine appropriate, taking into account the degree of responsibility of the State or political subdivision for the release) of any sums expended in response to a release at a facility, that was operated by the State or a political subdivision thereof, either directly or through a contractual relationship or otherwise, at the time of any disposal of hazardous substances therein. For the purpose of clause (ii) of this subparagraph, the term "facility" does not include navigable waters or the beds underlying those waters. In the case of remedial action to be taken on land or water held by an Indian tribe, held by the United States in trust for Indians, held by a member of an Indian tribe (if such land or water is subject to a trust restriction on alienation), or otherwise within the borders of an Indian reservation, the requirements of this paragraph for assurances regarding future maintenance and cost-sharing shall not apply, and the President shall provide the assurance required by this paragraph regarding the availability of a hazardous waste disposal facility.

(4) SELECTION OF REMEDIAL ACTION.—The President shall select remedial actions to carry
out this section in accordance with section 9621 of this title (relating to cleanup standards).

(5) STATE CREDITS.—

(A) GRANTING OF CREDIT.—The President shall grant a State a credit against the share of the costs, for which it is responsible under paragraph (3) with respect to a facility listed on the National Priorities List under the National Contingency Plan, for amounts expended by a State for remedial action at such facility pursuant to a contract or cooperative agreement with the President. The credit under this paragraph shall be limited to those State expenses which the President determines to be reasonable, documented, direct out-of-pocket expenditures of non-Federal funds.

(B) EXPENSES BEFORE LISTING OR AGREEMENT.—The credit under this paragraph shall include expenses for remedial action at a facility incurred before the listing of the facility on the National Priorities List or before a contract or cooperative agreement is entered into under subsection (d) for the facility if—

(i) after such expenses are incurred the facility is listed on such list and a contract or cooperative agreement is entered into for the facility, and

(ii) the President determines that such expenses would have been credited to the State under subparagraph (A) had the expenditures been made after listing of the facility on such list and after the date on which such contract or cooperative agreement is entered into.

(C) RESPONSE ACTIONS BETWEEN 1978 AND 1980.—The credit under this paragraph shall include funds expended or obligated by the State or a political subdivision thereof after January 1, 1978, and before December 11, 1980, for cost-eligible response actions and claims for damages compensable under section 9611 of this title.

(D) STATE EXPENSES AFTER DECEMBER 11, 1980, IN EXCESS OF 10 PERCENT OF COSTS.—The credit under this paragraph shall include 90 percent of State expenses incurred at a facility owned, but not operated, by such State or by a political subdivision thereof. Such credit applies only to expenses incurred pursuant to a contract or cooperative agreement under subsection (d) and only to expenses incurred after December 11, 1980, but before October 17, 1986.

(E) ITEM-BY-ITEM APPROVAL.—In the case of expenditures made after October 17, 1986, the President may require prior approval of each item of expenditure as a condition of granting a credit under this paragraph.

(F) USE OF CREDITS.—Credits granted under this paragraph for funds expended with respect to a facility may be used by the State to reduce all or part of the share of costs otherwise required to be paid by the State under paragraph (3) in connection with remedial actions at such facility. If the amount of funds for which credit is allowed under this paragraph exceeds such share of costs for such facility, the State may use the amount of such excess to reduce all or part of the share of such costs at other facilities in that State. A credit shall not entitle the State to any direct payment.

(6) OPERATION AND MAINTENANCE.—For the purposes of paragraph (3) of this subsection, in the case of ground or surface water contamination, completed remedial action includes the completion of treatment or other measures, whether taken onsite or offsite, necessary to restore ground and surface water quality to a level that assures protection of human health and the environment. With respect to such measures, the operation of such measures for a period of up to 10 years after the construction or installation and commencement of operation shall be considered remedial action. Activities required to maintain the effectiveness of such measures following such period or the completion of remedial action, whichever is earlier, shall be considered operation or maintenance.

(7) LIMITATION ON SOURCE OF FUNDS FOR O&M.—During any period after the availability of funds received by the Hazardous Substance Superfund established under subchapter A of chapter 98 of title 26 from tax revenues or appropriations from general revenues, the Federal share of the payment of the cost of operation or maintenance pursuant to paragraph (3)(C)(i) or paragraph (6) of this subsection (relating to operation and maintenance) shall be from funds received by the Hazardous Substance Superfund from amounts recovered on behalf of such fund under this chapter.

(8) RECONTRACTING.—The President is authorized to undertake or continue whatever interim remedial actions the President determines to be appropriate to reduce risks to public health or the environment where the performance of a complete remedial action requires recontracting because of the discovery of sources, types, or quantities of hazardous substances not known at the time of entry into the original contract. The total cost of interim actions undertaken at a facility pursuant to this paragraph shall not exceed $2,000,000.

(9) SITTING.—Effective 3 years after October 17, 1986, the President shall not provide any remedial actions pursuant to this section unless the State in which the release occurs first enters into a contract or cooperative agreement with the President providing assurances deemed adequate by the President that the State will assure the availability of hazardous waste treatment or disposal facilities which—

(A) have adequate capacity for the destruction, treatment, or secure disposition of all hazardous wastes that are reasonably expected to be generated within the State during the 20-year period following the date of such contract or cooperative agreement and to be disposed of, treated, or destroyed,

(B) are within the State or outside the State in accordance with an interstate agreement or regional agreement or authority,

(C) are acceptable to the President, and

(D) are in compliance with the requirements of subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.].

(d) Contracts or cooperative agreements by President with States or political subdivisions or Indian tribes; State applications, terms and conditions; reimbursements; cost-sharing provisions; enforcement requirements and procedures

(1) COOPERATIVE AGREEMENTS.—
(A) STATE APPLICATIONS.—A State or political subdivision thereof or Indian tribe may apply to the President to carry out actions authorized in this section. If the President determines that the State or political subdivision or Indian tribe has the capability to carry out any or all of such actions in accordance with the criteria and priorities established pursuant to section 9605(a)(8) of this title and to carry out related enforcement actions, the President may enter into a contract or cooperative agreement with the State or political subdivision or Indian tribe to carry out such actions. The President shall make a determination regarding such an application within 90 days after the President receives the application.

(B) TERMS AND CONDITIONS.—A contract or cooperative agreement under this paragraph shall be subject to such terms and conditions as the President may prescribe. The contract or cooperative agreement may cover a specific facility or specific facilities.

(C) REIMBURSEMENTS.—Any State which expended funds during the period beginning September 30, 1985, and ending on October 17, 1986, for response actions at any site included on the National Priorities List and subject to a cooperative agreement under this chapter shall be reimbursed for the share of costs of such actions for which the Federal Government is responsible under this chapter.

(2) If the President enters into a cost-sharing agreement pursuant to subsection (c) of this section or a contract or cooperative agreement pursuant to this subsection, and the State or political subdivision thereof fails to comply with any requirements of the contract, the President may, after providing sixty days notice, seek in the appropriate Federal district court to enforce the contract or to recover any funds advanced or any costs incurred because of the breach of the contract by the State or political subdivision.

(3) Where a State or a political subdivision thereof is acting in behalf of the President, the President is authorized to provide technical and legal assistance in the administration and enforcement of any contract or subcontract in connection with response actions assisted under this subchapter, and to intervene in any civil action involving the enforcement of such contract or subcontract.

(4) Where two or more noncontiguous facilities are reasonably related on the basis of geography, or on the basis of the threat, or potential threat to the public health or welfare or the environment, the President may, in his discretion, treat these related facilities as one for purposes of this section.

(e) Information gathering and access

(1) Action authorized

Any officer, employee, or representative of the President, duly designated by the President, is authorized to take action under paragraph (2), (3), or (4) (or any combination thereof) at a vessel, facility, establishment, place, property, or location or, in the case of paragraph (3) or (4), at any vessel, facility, establishment, place, property, or location which is adjacent to the vessel, facility, establishment, place, property, or location referred to in such paragraph (3) or (4). Any duly designated officer, employee, or representative of a State or political subdivision under a contract or cooperative agreement under subsection (d)(1) is also authorized to take such action. The authority of paragraphs (3) and (4) may be exercised only if there is a reasonable basis to believe there may be a release or threat of release of a hazardous substance or pollutant or contaminant. The authority of this subsection may be exercised only for the purposes of determining the need for response, or choosing or taking any response action under this subchapter, or otherwise enforcing the provisions of this subchapter.

(2) Access to information

Any officer, employee, or representative described in paragraph (1) may require any person who has or may have information relevant to any of the following to furnish, upon reasonable notice, information or documents relating to such matter:

(A) The identification, nature, and quantity of materials which have been or are generated, treated, stored, or disposed of at a vessel or facility or transported to a vessel or facility.

(B) The nature or extent of a release or threatened release of a hazardous substance or pollutant or contaminant at or from a vessel or facility.

(C) Information relating to the ability of a person to pay for or to perform a cleanup.

In addition, upon reasonable notice, such person either (i) shall grant any such officer, employee, or representative access at all reasonable times to any vessel, facility, establishment, place, property, or location to inspect and copy all documents or records relating to such matters or (ii) shall copy and furnish to the officer, employee, or representative all such documents or records, at the option and expense of such person.

(3) Entry

Any officer, employee, or representative described in paragraph (1) is authorized to enter at reasonable times any of the following:

(A) Any vessel, facility, establishment, or other place or property where any hazardous substance or pollutant or contaminant may be or has been generated, stored, treated, disposed of, or transported from.

(B) Any vessel, facility, establishment, or other place or property from which or to which a hazardous substance or pollutant or contaminant has been or may have been released.

(C) Any vessel, facility, establishment, or other place or property where such release is or may be threatened.

(D) Any vessel, facility, establishment, or other place or property where such entry is needed to determine the need for response or the appropriate response or to effectuate a response action under this subchapter.

(4) Inspection and samples

(A) Authority

Any officer, employee or representative described in paragraph (1) is authorized to
inspect and obtain samples from any vessel, facility, establishment, or other place or property referred to in paragraph (3) or from any location of any suspected hazardous substance or pollutant or contaminant. Any such officer, employee, or representative is authorized to inspect and obtain samples of any containers or labeling for suspected hazardous substances or pollutants or contaminants. Each such inspection shall be completed with reasonable promptness.

(B) Compliance

If the officer, employee, or representative obtains any samples, before leaving the premises he shall give to the owner, operator, tenant, or other person in charge of the place from which the samples were obtained a receipt describing the sample obtained and, if requested, a portion of each such sample. A copy of the results of any analysis made of such samples shall be furnished promptly to the owner, operator, tenant, or other person in charge, if such person can be located.

(5) Compliance orders

(A) Issuance

If consent is not granted regarding any request made by an officer, employee, or representative under paragraph (2), (3), or (4), the President may issue an order directing compliance with the request. The order may be issued after such notice and opportunity for consultation as is reasonably appropriate under the circumstances.

(B) Compliance

The President may ask the Attorney General to commence a civil action to compel compliance with a request or order referred to in subparagraph (A). Where there is a reasonable basis to believe there may be a release or threat of a release of a hazardous substance or pollutant or contaminant, the court shall take the following actions:

(i) In the case of interference with entry or inspection, the court shall enjoin such interference or direct compliance with orders to prohibit interference with entry or inspection unless under the circumstances of the case the demand for entry or inspection is arbitrary and capricious, an abuse of discretion, or otherwise not in accordance with law.

(ii) In the case of information or document requests or orders, the court shall enjoin interference with such information or document requests or orders or direct compliance with the requests or orders to provide such information or documents unless under the circumstances of the case the demand for information or documents is arbitrary and capricious, an abuse of discretion, or otherwise not in accordance with law.

The court may assess a civil penalty not to exceed $25,000 for each day of noncompliance against any person who unreasonably fails to comply with the provisions of paragraph (2), (3), or (4) or an order issued pursuant to subparagraph (A) of this paragraph.

(6) Other authority

Nothing in this subsection shall preclude the President from securing access or obtaining information in any other lawful manner.

(7) Confidentiality of information

(A) Any records, reports, or information obtained from any person under this section (including records, reports, or information obtained by representatives of the President) shall be available to the public, except that upon a showing satisfactory to the President (or the State, as the case may be) by any person that records, reports, or information, or particular part thereof (other than health or safety effects data), to which the President (or the State, as the case may be) or any officer, employee, or representative has access under this section if made public would divulge information entitled to protection under section 1905 of title 18, such information or particular portion thereof shall be considered confidential in accordance with the purposes of that section, except that such record, report, document or information may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this chapter, or when relevant in any proceeding under this chapter.

(B) Any person not subject to the provisions of section 1905 of title 18 who knowingly and willfully divulges or discloses any information entitled to protection under this subsection shall, upon conviction, be subject to a fine of not more than $5,000 or to imprisonment not to exceed one year, or both.

(C) In submitting data under this chapter, a person required to provide such data may (i) designate the data which such person believes is entitled to protection under this subsection and (ii) submit such designated data separately from other data submitted under this chapter. A designation under this paragraph shall be made in writing and in such manner as the President may prescribe by regulation.

(D) Notwithstanding any limitation contained in this section or any other provision of law, all information reported to or otherwise obtained by the President (or any representative of the President) under this chapter shall be made available, upon written request of any duly authorized committee of the Congress, to such committee.

(E) No person required to provide information under this chapter may claim that the information is entitled to protection under this paragraph unless such person shows each of the following:

(i) Such person has not disclosed the information to any other person, other than a member of a local emergency planning committee established under title III of the Amendments and Reauthorization Act of 1986 [42 U.S.C. 11001 et seq.], an officer or employee of the United States or a State or local government, an employee of such person, or a person who is bound by a confidentiality agreement, and such person has taken reasonable measures to protect the confidentiality of such information and intends to continue to take such measures.
(ii) The information is not required to be disclosed, or otherwise made available, to the public under any other Federal or State law.

(iii) Disclosure of the information is likely to cause substantial harm to the competitive position of such person.

(iv) The specific chemical identity, if sought to be protected, is not readily discoverable through reverse engineering.

(F) The following information with respect to any hazardous substance at the facility or vessel shall not be entitled to protection under this paragraph:

(i) The trade name, common name, or generic class or category of the hazardous substance.

(ii) The physical properties of the substance, including its boiling point, melting point, flash point, specific gravity, vapor density, solubility in water, and vapor pressure at 20 degrees Celsius.

(iii) The hazards to health and the environment posed by the substance, including physical hazards (such as explosion) and potential acute and chronic health hazards.

(iv) The potential routes of human exposure to the substance at the facility, establishment, place, or property being investigated, entered, or inspected under this subsection.

(v) The location of disposal of any waste stream.

(vi) Any monitoring data or analysis of monitoring data pertaining to disposal activities.

(vii) Any hydrogeologic or geologic data.

(viii) Any groundwater monitoring data.

(f) Contracts for response actions; compliance with Federal health and safety standards

In awarding contracts to any person engaged in response actions, the President or the State, in any case where it is awarding contracts pursuant to a contract entered into under subsection (d) of this section, shall require compliance with Federal health and safety standards established under section 9651(f) of this title by contractors and subcontractors as a condition of such contracts.

(g) Rates for wages and labor standards applicable to covered work

(1) All laborers and mechanics employed by contractors or subcontractors in the performance of construction, repair, or alteration work funded in whole or in part under this section or section 9628(a)(1)(B)(ii)(III) of this title shall be paid wages at rates not less than those prevailing on projects of a character similar to the locality as determined by the Secretary of Labor in accordance with sections 3141–3144, 3146, and 3147 of title 40. The President shall not approve any such funding without first obtaining adequate assurance that required labor standards will be maintained upon the construction work.

(2) The Secretary of Labor shall have, with respect to the labor standards specified in paragraph (1), the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1297) and section 3145 of title 40.

(h) Emergency procurement powers; exercise by President

Notwithstanding any other provision of law, subject to the provisions of section 9611 of this title, the President may authorize the use of such emergency procurement powers as he deems necessary to effect the purpose of this chapter. Upon determination that such procedures are necessary, the President shall promulgate regulations prescribing the circumstances under which such authority shall be used and the procedures governing the use of such authority.

(i) Agency for Toxic Substances and Disease Registry; establishment, functions, etc.

(1) There is hereby established within the Public Health Service an agency, to be known as the Agency for Toxic Substances and Disease Registry, which shall report directly to the Surgeon General of the United States. The Administrator of said Agency shall, with the cooperation of the Administrator of the Environmental Protection Agency, the Commissioner of the Food and Drug Administration, the Directors of the National Institute of Medicine, National Institute of Environmental Health Sciences, National Institute of Occupational Safety and Health, Centers for Disease Control and Prevention, the Administrator of the Occupational Safety and Health Administration, the Administrator of the Social Security Administration, the Secretary of Transportation, and appropriate State and local health officials, effectuate and implement the health-related authorities of this chapter. In addition, said Administrator shall—

(A) in cooperation with the States, establish and maintain a national registry of serious diseases and illnesses and a national registry of persons exposed to toxic substances;

(B) establish and maintain inventory of literature, research, and studies on the health effects of toxic substances;

(C) in cooperation with the States, and other agencies of the Federal Government, establish and maintain a complete listing of areas closed to the public or otherwise restricted in use because of toxic substance contamination;

(D) in cases of public health emergencies caused or believed to be caused by exposure to toxic substances, provide medical care and testing to exposed individuals, including but not limited to tissue sampling, chromosomal testing where appropriate, epidemiological studies, or any other assistance appropriate under the circumstances; and

(E) either independently or as part of other health status survey, conduct periodic survey and screening programs to determine relationships between exposure to toxic substances and illness. In cases of public health emergencies, exposed persons shall be eligible for admission to hospitals and other facilities and services operated or provided by the Public Health Service.

(2)(A) Within 6 months after October 17, 1986, the Administrator of the Agency for Toxic Substances and Disease Registry (ATSDR) and the
Administrator of the Environmental Protection Agency ("EPA") shall prepare a list, in order of priority, of at least 100 hazardous substances which are most commonly found at facilities on the National Priorities List and which, in their sole discretion, they determine are posing the most significant potential threat to human health due to their known or suspected toxicity to humans and the potential for human exposure to such substances at facilities on the National Priorities List or at facilities to which a release or threatened release under this section is under consideration.

(B) Within 24 months after October 17, 1986, the Administrator of ATSDR and the Administrator of EPA shall revise the list prepared under subparagraph (A). Such revision shall include, in order of priority, the addition of 100 or more such hazardous substances. In each of the 3 consecutive 12-month periods that follow, the Administrator of ATSDR and the Administrator of EPA shall revise, in the same manner as provided in the 2 preceding sentences, such list to include not fewer than 25 additional hazardous substances per revision. The Administrator of ATSDR and the Administrator of EPA shall not less often than once every year thereafter revise such list to include additional hazardous substances in accordance with the criteria in subparagraph (A).

(3) Based on all available information, including information maintained under paragraph (1)(B) and data developed and collected on the health effects of hazardous substances under this paragraph, the Administrator of ATSDR shall prepare toxicological profiles of each of the substances listed pursuant to paragraph (2). The toxicological profiles shall be prepared in accordance with guidelines developed by the Administrator of ATSDR and the Administrator of EPA. Such profiles shall include, but not be limited to each of the following:

(A) An examination, summary, and interpretation of available toxicological information and epidemiologic evaluations on a hazardous substance in order to ascertain the levels of significant human exposure for the substance and the associated acute, subacute, and chronic health effects.

(B) A determination of whether adequate information on the health effects of each substance is available or in the process of development to determine levels of exposure which present a significant risk to human health of acute, subacute, and chronic health effects.

(C) Where appropriate, an identification of toxicological testing needed to identify the types or levels of exposure that may present a significant risk of adverse health effects in humans.

Any toxicological profile or revision thereof shall reflect the Administrator of ATSDR’s assessment of all relevant toxicological testing which has been peer reviewed. The profiles required to be prepared under this paragraph for those hazardous substances listed under subparagraph (A) of paragraph (2) shall be completed, at a rate of no fewer than 25 per year, within 4 years after October 17, 1986. A profile required on a substance listed pursuant to subparagraph (B) of paragraph (2) shall be completed within 3 years after addition to the list. The profiles prepared under this paragraph shall be of those substances highest on the list of priorities under paragraph (2) for which profiles have not previously been prepared. Profiles required under this paragraph shall be revised and republished as necessary, but no less often than once every 3 years. Such profiles shall be provided to the States and made available to other interested parties.

(4) The Administrator of the ATSDR shall provide consultations upon request on health issues relating to exposure to hazardous or toxic substances, on the basis of available information, to the Administrator of EPA, State officials, and local officials. Such consultations to individuals may be provided by States under cooperative agreements established under this chapter.

(5)(A) For each hazardous substance listed pursuant to paragraph (2), the Administrator of ATSDR (in consultation with the Administrator of EPA and other agencies and programs of the Public Health Service) shall assess whether adequate information on the health effects of such substance is available. For any such substance for which adequate information is not available (or under development), the Administrator of ATSDR, in cooperation with the Director of the National Toxicology Program, shall assure the initiation of a program of research designed to determine the health effects (and techniques for development of methods to determine such health effects) of such substance. Where feasible, such program shall seek to develop methods to determine the health effects of such substance in combination with other substances with which it is commonly found. Before assuring the initiation of such program, the Administrator of ATSDR shall consider recommendations of the Interagency Testing Committee established under section 4(e) of the Toxic Substances Control Act [15 U.S.C. 2603(e)] on the types of research that should be done. Such program shall include, to the extent necessary to supplement existing information, but shall not be limited to—

(i) laboratory and other studies to determine short, intermediate, and long-term health effects;

(ii) laboratory and other studies to determine organ-specific, site-specific, and systems-specific acute and chronic toxicity;

(iii) laboratory and other studies to determine the manner in which such substances are metabolized or to otherwise develop an understanding of the biokinetics of such substances; and

(iv) where there is a possibility of obtaining human data, the collection of such information.

(B) In assessing the need to perform laboratory and other studies, as required by subparagraph (A), the Administrator of ATSDR shall consider—

(i) the availability and quality of existing test data concerning the substance on the suspected health effect in question;

(ii) the extent to which testing already in progress will, in a timely fashion, provide data that will be adequate to support the preparation of toxicological profiles as required by paragraph (3); and
(iii) such other scientific and technical factors as the Administrator of ATSDR may determine are necessary for the effective implementation of this subsection.

(C) In the development and implementation of any research program under this paragraph, the Administrator of ATSDR and the Administrator of EPA shall coordinate such research programs implemented under this paragraph with the National Toxicology Program and with programs of toxicological testing established under the Toxic Substances Control Act [15 U.S.C. 136 et seq.] and the Federal Insecticide, Fungicide and Rodenticide Act [7 U.S.C. 136 et seq.]. The purpose of such coordination shall be to avoid duplication of effort and to assure that the hazardous substances listed pursuant to this subsection are tested thoroughly at the earliest practicable date. Where appropriate, consistent with such purpose, a research program on this paragraph may be carried out using such programs of toxicological testing.

(D) It is the sense of the Congress that the costs of research programs under this paragraph be borne by the manufacturers and processors of the hazardous substance in question, as required in programs of toxicological testing under the Toxic Substances Control Act [15 U.S.C. 136 et seq.]. Within 1 year after October 17, 1986, the Administrator of EPA shall promulgate regulations which provide, where appropriate, for payment of such costs by manufacturers and processors under the Toxic Substances Control Act, and registrants under the Federal Insecticide, Fungicide, and Rodenticide Act [7 U.S.C. 136 et seq.], and recovery of such costs from responsible persons or licensed physicians may submit a petition to the Administrator of ATSDR providing such information and requesting a health assessment. If such a petition is submitted and the Administrator of ATSDR does not initiate a health assessment, the Administrator of ATSDR shall state such recommendation in any report on the results of any assessment carried out directly by the Administrator of ATSDR for such facility and shall include periodic reports which include the results of all health assessments carried out under this subsection. The Administrator of ATSDR shall state such recommendations in any report on the results of any assessment carried out directly by the Administrator of ATSDR for such facility and shall issue periodic reports which include the results of all health assessments carried out under this subsection.

(E) Any State or political subdivision carrying out a health assessment for a facility shall report the results of the assessment to the Administrator of ATSDR and the Administrator of EPA and shall include recommendations with respect to further activities which need to be carried out under this section. The Administrator of ATSDR shall determine whether additional information on human exposure to hazardous substances from a facility and the comparison of existing morbidity and mortality data on diseases that may be associated with the observed levels of exposure. The Administrator of ATSDR shall use appropriate data, risk assessments, risk evaluations and studies available from the Administrator of EPA.

(F) For the purposes of this subsection and section 9611(c)(4) of this title, the term “health assessments” shall include preliminary assessments of the potential risk to human health posed by individual sites and facilities, based on such factors as the nature and extent of contamination, the existence of potential pathways of human exposure (including ground or surface water contamination, air emissions, and food chain contamination), the size and potential susceptibility of the community within the likely pathways of exposure, the comparison of expected human exposure levels to the short-term and long-term health effects associated with identified hazardous substances and any available recommended exposure or tolerance limits for such hazardous substances, and the comparison of existing morbidity and mortality data on diseases that may be associated with the observed levels of exposure. The Administrator of ATSDR shall determine whether actions under paragraph (11) of this subsection should be taken to reduce human exposure to hazardous substances from a facility and whether additional information on human exposure and associated health risks is needed and should be acquired by conducting epidemiological studies under paragraph (7), establishing a registry under paragraph (8), establishing a health surveillance program under paragraph (9), or through other means. In using the results of health assessments for determining additional actions to be taken under this section, the Administrator of ATSDR may consider additional information on the risks to the potentially affected population from all sources of

(G) The purpose of health assessments under this subsection shall be to assist in determining whether actions under paragraph (11) of this subsection should be taken to reduce human exposure to hazardous substances from a facility and whether additional information on human exposure and associated health risks is needed and should be acquired by conducting epidemiological studies under paragraph (7), establishing a registry under paragraph (8), establishing a health surveillance program under paragraph (9), or through other means. In using the results of health assessments for determining additional actions to be taken under this section, the Administrator of ATSDR may consider additional information on the risks to the potentially affected population from all sources of
such hazardous substances including known point or nonpoint sources other than those from the facility in question.

(H) At the completion of each health assessment, the Administrator of ATSDR shall provide the Administrator of EPA and each affected State with the results of such assessment, together with any recommendations for further actions under this subsection or otherwise under this chapter. In addition, if the health assessment indicates that the release or threatened release concerned may pose a serious threat to human health or the environment, the Administrator of ATSDR shall so notify the Administrator of EPA who shall promptly evaluate such release or threatened release in accordance with the hazard ranking system referred to in section 9605(a)(8)(A) of this title to determine whether the site shall be placed on the National Priorities List or, if the site is already on the list, the Administrator of ATSDR may recommend to the Administrator of EPA that the site be accorded a higher priority.

(7) Whenever in the judgment of the Administrator of ATSDR it is appropriate on the basis of the results of a health assessment, the Administrator of ATSDR shall conduct a pilot study of health effects for selected groups of exposed individuals in order to determine the desirability of conducting full scale epidemiological or other health studies of the entire exposed population.

(B) Whenever in the judgment of the Administrator of ATSDR it is appropriate on the basis of the results of such pilot study or other study or health assessment, the Administrator of ATSDR shall conduct such full scale epidemiological or other health studies as may be necessary to determine the health effects on the population exposed to hazardous substances from a release or threatened release. If a significant excess of disease in a population is identified, the letter of transmittal of such study shall include an assessment of other risk factors, other than a release, that may, in the judgment of the peer review group, be associated with such disease, if such risk factors were not taken into account in the design or conduct of the study.

(8) In any case in which the results of a health assessment indicate a potential significant risk to human health, the Administrator of ATSDR shall consider whether the establishment of a registry of exposed persons would contribute to accomplishing the purposes of this subsection, taking into account circumstances bearing on the usefulness of such a registry, including the seriousness or unique character of identified diseases or the likelihood of population migration from the affected area.

(9) Where the Administrator of ATSDR has determined that there is a significant increased risk of adverse health effects in humans from exposure to hazardous substances based on the results of a health assessment conducted under paragraph (6), an epidemiologic study conducted under paragraph (7), or an exposure registry that has been established under paragraph (6), and the Administrator of ATSDR has determined that such exposure is the result of a release from a facility, the Administrator of ATSDR shall initiate a health surveillance program for such population. This program shall include but not be limited to—

(A) periodic medical testing where appropriate of population subgroups to screen for diseases for which the population or subgroup is at significant increased risk; and

(B) a mechanism to refer for treatment those individuals within such population who are screened positive for such diseases.

(10) Two years after October 17, 1986, and every 2 years thereafter, the Administrator of ATSDR shall prepare and submit to the Administrator of EPA and to the Congress a report on the results of the activities of ATSDR regarding—

(A) health assessments and pilot health effects studies conducted;

(B) epidemiologic studies conducted;

(C) hazardous substances which have been listed under paragraph (2), toxicological profiles which have been developed, and toxicologic testing which has been conducted or which is being conducted under this subsection;

(D) registries established under paragraph (8); and

(E) an overall assessment, based on the results of activities conducted by the Administrator of ATSDR, of the linkage between human exposure to individual or combined hazardous substances due to releases from facilities covered by this chapter or the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.] and any increased incidence or prevalence of adverse health effects in humans.

(11) If a health assessment or other study carried out under this subsection contains a finding that the exposure concerned presents a significant risk to human health, the President shall take such steps as may be necessary to reduce such exposure and eliminate or substantially mitigate the significant risk to human health. Such steps may include the use of any authority under this chapter, including, but not limited to—

(A) provision of alternative water supplies, and

(B) permanent or temporary relocation of individuals.

In any case in which information is insufficient, in the judgment of the Administrator of ATSDR or the President to determine a significant human exposure level with respect to a hazardous substance, the President may take such steps as may be necessary to reduce the exposure of any person to such hazardous substance to such level as the President deems necessary to protect human health.

(12) In any case which is the subject of a petition, a health assessment or study, or a research program under this subsection, nothing in this subsection shall be construed to delay or otherwise affect or impair the authority of the President, the Administrator of ATSDR, or the Administrator of EPA to exercise any authority vested in the President, the Administrator of ATSDR or the Administrator of EPA under any other provision of law (including, but not limited to, the imminent hazard authority of section 7003 of the Solid Waste Disposal Act [42 U.S.C. 6973]) or the response and abatement authorities of this chapter.
(13) All studies and results of research conducted under this subsection (other than health assessments) shall be reported or adopted only after appropriate peer review. Such peer review shall be completed, to the maximum extent practicable, within a period of 60 days. In the case of research conducted under the National Toxicology Program, such peer review may be conducted by the Board of Scientific Counselors. In the case of other research, such peer review shall be conducted by panels consisting of no less than three nor more than seven members, who shall be disinterested scientific experts selected for such purpose by the Administrator of ATSDR or the Administrator of EPA, as appropriate, on the basis of their reputation for scientific objectivity and the lack of institutional ties with any person involved in the conduct of the study or research under review. Support services for such panels shall be provided by the Agency for Toxic Substances and Disease Registry, or by the Environmental Protection Agency, as appropriate.

(14) In the implementation of this subsection and other health-related authorities of this chapter, the Administrator of ATSDR shall assemble, develop as necessary, and distribute to the States, and upon request to medical colleges, physicians, and other health professionals, appropriate educational materials (including short courses) on the medical surveillance, screening, and methods of diagnosis and treatment of injury or disease related to exposure to hazardous substances (giving priority to those listed in paragraph (2)), through such means as the Administrator of ATSDR deems appropriate.

(15) The activities of the Administrator of ATSDR described in this subsection and section 9611(c)(4) of this title shall be carried out by the Administrator of ATSDR, either directly or through cooperative agreements with States (or political subdivisions thereof) which the Administrator of ATSDR determines are capable of carrying out such activities. Such activities shall include provision of consultations on health information, the conduct of health assessments, including those required under section 3019(b) of the Solid Waste Disposal Act [42 U.S.C. 6993a(b)], health studies, registries, and health surveillance.

(16) The President shall provide adequate personnel for ATSDR, which shall not be fewer than 100 employees. For purposes of determining the number of employees under this subsection, an employee employed by ATSDR on a part-time career employment basis shall be counted as a fraction which is determined by dividing 40 hours into the average number of hours of such employee’s regularly scheduled workweek.

(17) In accordance with section 9620 of this title (relating to Federal facilities), the Administrator of ATSDR shall have the same authorities under this section with respect to facilities owned or operated by a department, agency, or instrumentality of the United States as the Administrator of ATSDR has with respect to any nongovernmental entity.

(18) If the Administrator of ATSDR determines that it is appropriate for purposes of this section to treat a pollutant or contaminant as a hazardous substance, such pollutant or contaminant shall be treated as a hazardous substance for such purpose.

(j) Acquisition of property

(1) Authority

The President is authorized to acquire, by purchase, lease, condemnation, donation, or otherwise, any real property or any interest in real property that the President in his discretion determines is needed to conduct a remedial action under this chapter. There shall be no cause of action to compel the President to acquire any interest in real property under this chapter.

(2) State assurance

The President may use the authority of paragraph (1) for a remedial action only if, before an interest in real estate is acquired under this subsection, the State in which the interest to be acquired is located assures the President, through a contract or cooperative agreement or otherwise, that the State will accept transfer of the interest following completion of the remedial action.

(3) Exemption

No Federal, State, or local government agency shall be liable under this chapter solely as a result of acquiring an interest in real estate under this subsection.

(k) Brownfields revitalization funding

(1) Definition of eligible entity

In this subsection, the term “eligible entity” means—

(A) a general purpose unit of local government;

(B) a land clearance authority or other quasi-governmental entity that operates under the supervision and control of or as an agent of a general purpose unit of local government;

(C) a government entity created by a State legislature;

(D) a regional council or group of general purpose units of local government;

(E) a redevelopment agency that is chartered or otherwise sanctioned by a State;

(F) a State;

(G) an Indian Tribe other than in Alaska;

(H) an Alaska Native Regional Corporation and an Alaska Native Village Corporation as those terms are defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601 and following) and the Metlakatla Indian community;—

(I) an organization described in section 501(c)(3) of title 26 and exempt from taxation under section 501(a) of that title;

(J) a limited liability corporation in which all managing members are organizations described in subparagraph (I) or limited liability corporations whose sole members are organizations described in subparagraph (I);

(K) a limited partnership in which all general partners are organizations or limited liability corporations whose sole members are organizations described in subparagraph (I);

(L) a qualified community development entity (as defined in section 45D(c)(1) of title 26).
§ 9604

(2) Brownfield site characterization and assessment grant program

(A) Establishment of program

The Administrator shall establish a program to—

(i) provide grants to inventory, characterize, assess, and conduct planning related to brownfield sites under subparagraph (B); and

(ii) perform targeted site assessments at brownfield sites.

(B) Assistance for site characterization and assessment

(i) In general

On approval of an application made by an eligible entity, the Administrator may make a grant to the eligible entity to be used for programs to inventory, characterize, assess, and conduct planning related to one or more brownfield sites.

(ii) Site characterization and assessment

A site characterization and assessment carried out with the use of a grant under clause (i) shall be performed in accordance with section 9603(35)(B) of this title.

(C) Exemption for certain publicly owned brownfield sites

Notwithstanding paragraph (5)(B)(iii), an eligible entity described in any of subparagraphs (A) through (H) of paragraph (1) may receive a grant under this paragraph for property acquired by that eligible entity prior to January 11, 2002, even if the eligible entity does not qualify as a bona fide prospective purchaser, so long as the eligible entity has not caused or contributed to a release or threatened release of a hazardous substance at the property.

(3) Grants and loans for brownfield remediation

(A) Grants provided by the President

Subject to paragraphs (5) and (6), the President shall establish a program to provide grants to—

(i) eligible entities, to be used for capitalization of revolving loan funds; and

(ii) eligible entities or nonprofit organizations, where warranted, as determined by the Administrator, to carry out planning, or remediation activities at 1 or more brownfield sites owned by the entity or organization that receives the grant and in amounts not to exceed $500,000 for each site to be remediated, which limit may be waived by the Administrator, but not to exceed a total of $650,000 for each site, based on the anticipated level of contamination, size, or ownership status of the site.

(B) Loans and grants provided by eligible entities

An eligible entity that receives a grant under subparagraph (A)(i) shall use the grant funds to provide assistance for the remediation of brownfield sites in the form of—

(i) one or more loans to an eligible entity, a site owner, a site developer, or another person; or

(ii) one or more grants to an eligible entity or other nonprofit organization, where warranted, as determined by the eligible entity that is providing the assistance, based on considerations under subparagraph (C), to remediate sites owned by the eligible entity or nonprofit organization that receives the grant.

(C) Considerations

In determining whether a grant under subparagraph (A)(ii) or (B)(ii) is warranted, the President or the eligible entity, as the case may be, shall take into consideration—

(i) the extent to which a grant will facilitate the creation of, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for nonprofit purposes;

(ii) the extent to which a grant will facilitate the use or reuse of existing infrastructure;

(iii) the extent to which a grant will facilitate the creation, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for nonprofit purposes;

(iv) the benefit of promoting the long-term availability of funds from a revolving loan fund for brownfield remediation; and

(v) such other similar factors as the Administrator considers appropriate to consider for the purposes of this subsection.

(D) Transition

Revolving loan funds that have been established before January 11, 2002, may be used in accordance with this paragraph.

(E) Exemption for certain publicly owned brownfield sites

Notwithstanding paragraph (5)(B)(iii), an eligible entity described in any of subparagraphs (A) through (H) of paragraph (1) may receive a grant or loan under this paragraph for property acquired by that eligible entity prior to January 11, 2002, even if the eligible entity does not qualify as a bona fide prospective purchaser, so long as the eligible entity has not caused or contributed to a release or threatened release of a hazardous substance at the property.

(4) Multipurpose brownfields grants

(A) In general

Subject to subparagraph (D) and paragraphs (5) and (6), the Administrator shall establish a program to provide multipurpose grants to an eligible entity based on the criteria under subparagraph (C) and the considerations under paragraph (3)(C), to carry out inventory, characterization, assessment, planning, or remediation activities at 1 or more brownfield sites in an area proposed by the eligible entity.

(B) Grant amounts

(i) Individual grant amounts

Each grant awarded under this paragraph shall not exceed $1,000,000.
(ii) Cumulative grant amounts  
The total amount of grants awarded for each fiscal year under this paragraph may not exceed 15 percent of the funds made available for the fiscal year to carry out this subsection.

(C) Criteria  
In awarding a grant under this paragraph, the Administrator shall consider the extent to which the eligible entity is able—  
(i) to provide an overall plan for revitalization of the 1 or more brownfield sites in the proposed area in which the multipurpose grant will be used;  
(ii) to demonstrate a capacity to conduct the range of eligible activities that will be funded by the multipurpose grant; and  
(iii) to demonstrate that a multipurpose grant will meet the needs of the 1 or more brownfield sites in the proposed area.

(D) Condition  
As a condition of receiving a grant under this paragraph, each eligible entity shall expend the full amount of the grant by not later than the date that is 5 years after the date on which the grant is awarded to the eligible entity, unless the Administrator provides an extension.

(E) Ownership  
An eligible entity that receives a grant under this paragraph may not expend any of the grant funds for the remediation of a brownfield site unless the eligible entity owns the brownfield site.

(5) General provisions

(A) Maximum grant amount

(i) Brownfield site characterization and assessment

(I) In general  
A grant under paragraph (2) may be awarded to an eligible entity on a community-wide or site-by-site basis, and shall not exceed, for any individual brownfield site covered by the grant, $200,000.

(II) Waiver  
The Administrator may waive the $200,000 limitation under subclause (I) to permit the brownfield site to receive a grant of not to exceed $350,000, based on the anticipated level of contamination, size, or status of ownership of the site.

(ii) Brownfield remediation

A grant under paragraph (3)(A)(i) may be awarded to an eligible entity on a community-wide or site-by-site basis, not to exceed $2,000,000 per eligible entity. The Administrator may make an additional grant to an eligible entity described in the previous sentence for any year after the year for which the initial grant is made, taking into consideration—  
(I) the number of sites and number of communities that are addressed by the revolving loan fund;  
(II) the demand for funding by eligible entities that have not previously received a grant under this subsection;  
(III) the demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and  
(IV) such other similar factors as the Administrator considers appropriate to carry out this subsection.

(B) Prohibition

No part of a grant or loan under this subsection may be used for the payment of—  
(i) a penalty or fine;  
(ii) a Federal cost-share requirement;  
(iii) a response cost at a brownfield site for which the recipient of the grant or loan is potentially liable under section 9607 of this title; or  
(iv) a cost of compliance with any Federal law (including a Federal law specified in section 9601(39)(B) of this title), excluding the cost of compliance with laws applicable to the cleanup.

(C) Assistance for development of local government site remediation programs

A local government that receives a grant under this subsection may use not to exceed 10 percent of the grant funds to develop and implement a brownfields program that may include—  
(I) monitoring the health of populations exposed to one or more hazardous substances from a brownfield site; and  
(II) monitoring and enforcement of any institutional control used to prevent human exposure to any hazardous substance from a brownfield site.

(D) Insurance

A recipient of a grant or loan awarded under paragraph (2), (3), or (4) that performs a characterization, assessment, or remediation of a brownfield site may use a portion of the grant or loan to purchase insurance for the characterization, assessment, or remediation of that site.

(E) Administrative costs

(i) In general  
An eligible entity may use up to 5 percent of the amounts made available under a grant or loan under this subsection for administrative costs.

(ii) Restriction  
For purposes of clause (i), the term “administrative costs” does not include—  
(I) investigation and identification of the extent of contamination of a brownfield site;  
(II) design and performance of a response action; or  
(III) monitoring of a natural resource.

(6) Grant applications

(A) Submission

(i) In general

(1) Application  
An eligible entity may submit to the Administrator, through a regional office of the Environmental Protection Agency and in such form as the Administrator...
may require, an application for a grant under this subsection for one or more brownfield sites (including information on the criteria used by the Administrator to rank applications under subparagraph (C), to the extent that the information is available).

(II) NCP requirements

The Administrator may include in any requirement for submission of an application under subclause (I) a requirement of the National Contingency Plan only to the extent that the requirement is relevant and appropriate to the program under this subsection.

(ii) Coordination

The Administrator shall coordinate with other Federal agencies to assist in making eligible entities aware of other available Federal resources.

(iii) Guidance

The Administrator shall publish guidance to assist eligible entities in applying for grants under this subsection.

(B) Approval

The Administrator shall—

(i) at least annually, complete a review of applications for grants that are received from eligible entities under this subsection; and

(ii) award grants under this subsection to eligible entities that the Administrator determines have the highest rankings under the ranking criteria established under subparagraph (C).

(C) Ranking criteria

The Administrator shall establish a system for ranking grant applications received under this paragraph that includes the following criteria:

(i) The extent to which a grant will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse, of an area in which one or more brownfield sites are located.

(ii) The potential of the proposed project or the development plan for an area in which one or more brownfield sites are located to stimulate economic development of the area on completion of the cleanup.

(iii) The extent to which a grant would address or facilitate the identification and reduction of threats to human health and the environment, including threats in areas in which there is a greater-than-normal incidence of diseases or conditions (including cancer, asthma, or birth defects) that may be associated with exposure to hazardous substances, pollutants, or contaminants.

(iv) The extent to which a grant would facilitate the use or reuse of existing infrastructure.

(v) The extent to which a grant would facilitate the creation of, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for nonprofit purposes.

(vi) The extent to which a grant would meet the needs of a community that has an inability to draw on other sources of funding for environmental remediation and subsequent redevelopment of the area in which a brownfield site is located because of the small population or low income of the community.

(vii) The extent to which the applicant is eligible for funding from other sources.

(viii) The extent to which a grant will further the fair distribution of funding between urban and nonurban areas.

(ix) The extent to which the grant provides for involvement of the local community in the process of making decisions relating to cleanup and future use of a brownfield site.

(x) The extent to which a grant would address or facilitate the identification and reduction of threats to the health or welfare of children, pregnant women, minority or low-income communities, or other sensitive populations.

(xi) The extent to which a grant would address a site adjacent to a body of water or a federally designated flood plain.

(xii) The extent to which a grant would facilitate—

(I) the location at a brownfield site of a facility that generates renewable electricity from wind, solar, or geothermal energy; or

(II) any energy efficiency improvement project at a brownfield site, including a project for a combined heat and power system or a district energy system.

(D) Report on ranking criteria

Not later than September 30, 2022, the Administrator shall submit to Congress a report regarding the Administrator’s use of the ranking criteria described in subparagraph (C) in awarding grants under this subsection.

(7) Implementation of brownfields programs

(A) Establishment of program

The Administrator may provide, or fund eligible entities or nonprofit organizations to provide, training, research, and technical assistance to individuals and organizations, as appropriate, to facilitate the inventory of brownfield sites, site assessments, remediation of brownfield sites, community involvement, or site preparation.

(B) Funding restrictions

The total Federal funds to be expended by the Administrator under this paragraph shall not exceed 15 percent of the total amount appropriated to carry out this subsection in any fiscal year.

(8) Audits

(A) In general

The Inspector General of the Environmental Protection Agency shall conduct such reviews or audits of grants and loans under this subsection as the Inspector General considers necessary to carry out this subsection.
(B) Procedure
An audit under this subparagraph shall be conducted in accordance with the auditing procedures of the Government Accountability Office, including chapter 75 of title 31.

(C) Violations
If the Administrator determines that a person that receives a grant or loan under this subsection has violated or is in violation of a condition of the grant, loan, or applicable Federal law, the Administrator may—
(i) terminate the grant or loan;
(ii) require the person to repay any funds received; and
(iii) seek any other legal remedies available to the Administrator.

(D) Report to Congress
Not later than September 30, 2022, the Inspector General of the Environmental Protection Agency shall submit to Congress a report that provides a description of the management of the program (including a description of the allocation of funds under this subsection).

(9) Leveraging
An eligible entity that receives a grant under this subsection may use the grant funds for a portion of a project at a brownfield site for which funding is received from other sources if the grant funds are used only for the purposes described in paragraph (2), (3), or (4).

(10) Agreements
Each grant or loan made under this subsection shall—
(A) include a requirement of the National Contingency Plan only to the extent that the requirement is relevant and appropriate to the program under this subsection, as determined by the Administrator; and
(B) be subject to an agreement that—
(i) comply with all applicable Federal and State laws; and
(ii) ensure that the cleanup protects human health and the environment;
(iii) in the case of an application by an eligible entity under paragraph (3)(A), requires the eligible entity to pay a matching share (which may be in the form of a contribution of labor, material, or services) of at least 20 percent, from non-Federal sources of funding, unless the Administrator determines that the matching share would place an undue hardship on the eligible entity; and
(iv) contains such other terms and conditions as the Administrator determines to be necessary to carry out this subsection.

(11) Facility other than brownfield site
The fact that a facility may not be a brownfield site within the meaning of section 9601(39)(A) of this title has no effect on the eligibility of the facility for assistance under any other provision of Federal law.

(12) Effect on Federal laws
Nothing in this subsection affects any liability or response authority under any Federal law, including—
(A) this chapter (including the last sentence of section 9601(14) of this title);
(B) the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.);
(C) the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.);
(D) the Toxic Substances Control Act (15 U.S.C. 2601 et seq.); and
(E) the Safe Drinking Water Act (42 U.S.C. 300f et seq.).

(13) Authorization of appropriations
There is authorized to be appropriated to carry out this subsection $200,000,000 for each of fiscal years 2019 through 2023.

CODIFICATION

AMENDMENTS

2018—Subsec. (g)(1). Pub. L. 115–141, §14(b), inserted “or section 9626(a)(1)(B)(i)(III) of this title” after “under this section”.

Subsec. (k)(2). Pub. L. 115–141, §9(2), inserted “Subject to subparagraphs (5) and (6)” for “Subject to paragraph (5)” in introductory provisions.

Subsec. (k)(3)(A)(i). Pub. L. 115–141, §8, substituted “$500,000 for each site to be remediated” for “$1,000,000” and “12 months” for “6 months”.

Subsec. (k)(5). Pub. L. 115–141, §7(3), amended subpar. (D) generally. Prior to amendment, subpar. (D) related to prohibited uses of grants or loans under subsec. (k).

Subsec. (k)(9). Pub. L. 115–141, §9(1), redesignated par. (8) as (9), inserted (8) after (7), and redesignated former par. (9) as (10). Former par. (10) redesignated (11).

Subsec. (k)(10). Pub. L. 115–141, §9(1), redesignated par. (9) as (10), inserted (9) after (8), and redesignated former par. (10) as (11). Former par. (11) redesignated (12).

Subsec. (k)(11). Pub. L. 115–141, §9(1), redesignated par. (10) as (11), inserted (10) after (9), and redesignated former par. (11) as (12).

Subsec. (k)(12). Pub. L. 115–141, §10(1), inserted (12) after (11), and redesignated former par. (12) as (13).

1986—Subsec. (a)(1). Pub. L. 99–499, §104(a), substituted provisions authorizing the President to allow owner or operator of facility or vessel or any other responsible party to carry out action, conduct the remedial investigation, or conduct feasibility study under section 9622 of this title, specifying conditions under which a remedial investigation or feasibility study would be authorized, providing for treatment of potentially responsible parties, and requiring President to give primary attention to those releases which the President deems may present a public health threat, for “”, unless the President determines that such removal and remedial action will be done properly by the owner or operator of the vessel or facility from which the release or threat of release emanates, or by any other responsible party.”.

Subsec. (a)(2). Pub. L. 99–499, §104(b), amended par. (2) generally. Prior to amendment, par. (2) read as follows: “For the purposes of this section, ‘pollutant or contaminant’ shall include, but not be limited to, any element, substance, compound, or mixture, including disease-causing agents, which, after release into the environment and upon exposure, ingestion, inhalation, or assimilation into any organism, either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavioral abnormalities, cancer, genetic mutation, physiological malfunctions (including malfunctions in reproduction) or physical deformations, in such organisms or their offspring. The term does not include petroleum, including crude oil and any fraction thereof which is not otherwise specifically listed or designated as hazardous substances under section 9601(a)(14) through (P) of this title, nor does it include natural gas, liquefied natural gas, or synthetic gas of pipeline quality (or mixtures of natural gas and such synthetic gas).”

Subsec. (a)(3), (4). Pub. L. 99–499, §104(c), added pars. (3) and (4).

Subsec. (b). Pub. L. 99–499, §104(d), designated existing provisions as par. (1), inserted par. (1) heading, and added par. (2).

Subsec. (c)(1). Pub. L. 99–499, §104(e)(1), substituted “$2,000,000” for “$1,000,000” and “12 months” for “six months”.

Subsec. (c)(3). Pub. L. 99–499, §§104(f), 207(b), substituted text of cl. (C)(ii) and sentence providing that “facility” does not include navigable waters or beds underlying those waters for “(ii) at least 50 per centum or such greater amount as the President may determine appropriate, taking into account the degree of responsibility of the State or political subdivision, of any sums expended in response to a release at a facility that was owned at the time of any disposal of hazardous substances therein by the State or political subdivision thereof.”

The President shall grant the State a credit against the share of the costs for which it is responsible, as determined by the Administrator, of any sums expended in response to a release at a facility that was owned at the time of any disposal of hazardous substances therein by the State or political subdivision thereof after January 1, 1978, and before December 11, 1980, for cost-eligible re-

§ 9604 TITLÉ 42—THE PUBLIC HEALTH AND WELFARE Page 7294
spouse actions and claims for damages compensable under section 9611 of this title relating to the specific release in question: Provided, however, That in no event shall the amount of the credit granted exceed the total response costs relating to the release;" and inserted provisions relating to remedial action to be taken on land or water held by an Indian tribe, held by the United States in trust for Indians, held by a member of an Indian Tribe (if such land or water is subject to a trust restriction on alienation), or otherwise within the boundary of an Indian reservation.

Subsec. (c)(4). Pub. L. 99–499, §104(g), amended par. (4) generally. Prior to amendment, par. (4) read as follows: "The President shall select appropriate remedial actions necessary to carry out this action which are to the extent practicable in accordance with the national contingency plan and which provide for that cost-effective response which provides a balance between the need for protection of public health and welfare and the environment and the facility under consideration, and the availability of amounts from the Fund established under subchapter II of this chapter to respond to other sites which present or may present a threat to public health or welfare or the environment, taking into consideration the need for immediate action.".

Subsec. (c)(7). Pub. L. 99–514 substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954", which for purposes of codification was translated as "title 26" thus requiring no change in text.

Subsec. (c)(10). Pub. L. 99–499, §104(m), amended par. (10) generally. Prior to amendment, par. (10) read as follows: "Where the President determines that a State or political subdivision thereof has the capability to carry out any or all of the actions authorized in this section, the President may, in his discretion, enter into a contract or cooperative agreement with such State or political subdivision to take such actions in accordance with criteria and priorities established pursuant to section 9650 of this title and to be reimbursed for the reasonable response costs thereof from the Fund. Any contract made hereunder shall be subject to the cost-sharing provisions of subsection (c) of this section."

Subsec. (c)(11). Pub. L. 99–499, §104(n), added par. (11), and struck out former par. (11) which provided for access to, and copying of, records relating to covered substances, and sampling of containers or labeling for such substances.

Subsec. (d). Pub. L. 99–499, §104(o), added par. (1) and struck out former par. (1) which provided for subparts (A) to (E), respectively, of par. (1), in introductory provisions of par. (1), struck out "and" after "Health Administration," and inserted "the Secretary of Transportation, and appropriate State and local health officials," in par. (1)(D), inserted "where appropriate", and added par. (2) to (6).

Coordination of Titles I to IV of Pub. L. 99–499 Any provision of titles I to IV of Pub. L. 99–499, imposing any tax, premium, or fee; establishing any trust fund; or authorizing expenditures from any trust fund, to have no force or effect, see section 551 of Pub. L. 99–499, set out as a note under section 1 of Title 26, Internal Revenue Code.

§ 9605. National contingency plan

(a) Revision and republication

Within one hundred and eighty days after December 11, 1980, the President shall, after notice and opportunity for public comments, revise and republic the national contingency plan for the removal of oil and hazardous substances, originally prepared and published pursuant to section 1321 of title 33, to reflect and effectuate the responsibilities and powers created by this chapter, in addition to those matters specified in section 1321(c)(2) of title 33. Such revision shall include a section of the plan to be known as the national hazardous substance response plan which shall establish procedures and standards for responding to releases of hazardous substances, pollutants, and contaminants, which shall include at a minimum:

1 See References in Text note below.
tion of drinking water supplies, the potential for direct human contact, the potential for destruction of sensitive ecosystems, the damage to natural resources which may affect the human food chain and which is associated with any release or threatened release, the contamination or potential contamination of the ambient air which is associated with the release or threatened release, State preparedness to assume State costs and responsibilities, and other appropriate factors;

(b) based upon the criteria set forth in subparagraph (A) of this paragraph, the President shall list as part of the plan national priorities among the known releases or threatened releases throughout the United States and shall revise the list no less often than annually. Within one year after December 11, 1980, and annually thereafter, each State shall establish and submit for consideration by the President priorities for remedial action among known releases and potential releases in that State based upon the criteria set forth in subparagraph (A) of this paragraph. In assembling or revising the national list, the President shall consider any priorities established by the States. To the extent practicable, the highest priority facilities shall be designated individually and shall be referred to as the “top priority among known response targets”, and, to the extent practicable, shall include among the one hundred highest priority facilities one such facility from each State which shall be the facility designated by the State as presenting the greatest danger to public health or welfare or the environment among the known facilities in such State. A State shall be allowed to designate its highest priority facility only once. Other priority facilities or incidents may be listed singly or grouped for response priority purposes;

(9) specified roles for private organizations and entities in preparation for response and in responding to releases of hazardous substances, including identification of appropriate qualifications and capacity therefor and including consideration of minority firms in accordance with subsection (f); and

(10) standards and testing procedures by which alternative or innovative treatment technologies can be determined to be appropriate for utilization in response actions authorized by this chapter.

The plan shall specify procedures, techniques, materials, equipment, and methods to be employed in identifying, removing, or remedying releases of hazardous substances comparable to those required under section 3002(c)(2)(F) and (G) and (j)(1) of title 33. Following publication of the revised national contingency plan, the response to and actions to minimize damage from hazardous substances releases shall, to the greatest extent possible, be in accordance with the provisions of the plan. The President may, from time to time, revise and republish the national contingency plan.

(b) Revision of plan

Not later than 18 months after the enactment of the Superfund Amendments and Reauthorization Act of 1986 [October 17, 1986], the President shall revise the National Contingency Plan to reflect the requirements of such amendments. The portion of such Plan known as “the National Hazardous Substance Response Plan” shall be revised to provide procedures and standards for remedial actions undertaken pursuant to this chapter which are consistent with amendments made by the Superfund Amendments and Reauthorization Act of 1986 relating to the selection of remedial action.

(c) Hazard ranking system

(1) Revision

Not later than 18 months after October 17, 1986, and after publication of notice and opportunity for submission of comments in accordance with section 553 of title 5, the President shall by rule promulgate amendments to the hazard ranking system in effect on September 1, 1984. Such amendments shall assure, to the maximum extent feasible, that the hazard ranking system accurately assesses the relative degree of risk to human health and the environment posed by sites and facilities subject to review. The President shall establish an effective date for the amended hazard ranking system which is not later than 24 months after October 17, 1986. Such amended hazard ranking system shall be applied to any site or facility to be newly listed on the National Priorities List after the effective date established by the President. Until such effective date of the regulations, the hazard ranking system in effect on September 1, 1984, shall continue in full force and effect.

(2) Health assessment of water contamination risks

In carrying out this subsection, the President shall ensure that the human health risks associated with the contamination or potential contamination (either directly or as a result of the runoff of any hazardous substance or pollutant or contaminant from sites or facilities) of surface water are appropriately assessed where such surface water is, or can be, used for recreation or potable water consumption. In making the assessment required pursuant to the preceding sentence, the President shall take into account the potential migration of any hazardous substance or pollutant or contaminant through such surface water to downstream sources of drinking water.

(3) Reevaluation not required

The President shall not be required to reevaluate, after October 17, 1986, the hazard ranking of any facility which was evaluated in accordance with the criteria under this section before the effective date of the amendments to the hazard ranking system under this subsection and which was assigned a national priority under the National Contingency Plan.

(4) New information

Nothing in paragraph (3) shall preclude the President from taking new information into account in undertaking response actions under this chapter.

(d) Petition for assessment of release

Any person who is, or may be, affected by a release or threatened release of a hazardous sub-
stance or pollutant or contaminant, may petition the President to conduct a preliminary assessment of the hazards to public health and the environment which are associated with such release or threatened release. If the President has not previously conducted a preliminary assessment of such release, the President shall, within 12 months after the receipt of any such petition, complete such assessment or provide an explanation of why the assessment is not appropriate. If the preliminary assessment indicates that the release or threatened release concerned may pose a threat to human health or the environment, the President shall promptly evaluate such release or threatened release in accordance with the hazard ranking system referred to in paragraph (a)(e) of subsection (a) to determine the national priority of such release or threatened release.

(e) Releases from earlier sites

Whenever there has been, after January 1, 1983, a significant release of hazardous substances or pollutants or contaminants from a site which is listed by the President as a “Site Cleaned Up To Date” on the National Priorities List (revised edition, December 1984) the site shall be restored to the National Priorities List, without application of the hazard ranking system.

(f) Minority contractors

In awarding contracts under this chapter, the President shall consider the availability of qualified minority firms. The President shall describe, as part of any annual report submitted to the Congress under this chapter, the participation of minority firms in contracts carried out under this chapter. Such report shall contain a brief description of the contracts which have been awarded to minority firms under this chapter and of the efforts made by the President to encourage the participation of such firms in programs carried out under this chapter.

(g) Special study wastes

(1) Application

This subsection applies to facilities—

(A) which as of October 17, 1986, were not included on, or proposed for inclusion on, the National Priorities List; and

(B) at which special study wastes described in paragraph (2), (3)(A)(ii) or (3)(A)(iii) of section 6921(b) of this title are present in significant quantities, including any such facility from which there has been a release of a special study waste.

(2) Considerations in adding facilities to NPL

Pending revision of the hazard ranking system under subsection (c), the President shall consider each of the following factors in adding facilities covered by this section to the National Priorities List:

(A) The extent to which hazard ranking system score for the facility is affected by the presence of any special study waste at, or released from, such facility.

(B) Available information as to the quantity, toxicity, and concentration of hazardous substances that are constituents of any special study waste at, or released from, such facility, the extent of or potential for release of such hazardous constituents, the exposure or potential exposure to human population and the environment, and the degree of hazard to human health or the environment posed by the release of such hazardous constituents at such facility. This subparagraph refers only to available information on actual concentrations of hazardous substances and not on the total quantity of special study waste at such facility.

(3) Savings provisions

Nothing in this subsection shall be construed to limit the authority of the President to remove any facility which as of October 17, 1986, is included on the National Priorities List from such List, or not to list any facility which as of such date is proposed for inclusion on such list.

(4) Information gathering and analysis

Nothing in this chapter shall be construed to preclude the expenditure of monies from the Fund for gathering and analysis of information which will enable the President to consider the specific factors required by paragraph (2).

(h) NPL deferral

(1) Deferral to State voluntary cleanups

At the request of a State and subject to paragraphs (2) and (3), the President generally shall defer final listing of an eligible response site on the National Priorities List if the President determines that—

(A) the State, or another party under an agreement to perform a response action at the eligible response site—

(i) in compliance with a State program that specifically governs response actions for the protection of public health and the environment; and

(ii) that will provide long-term protection of human health and the environment; or

(B) the State is actively pursuing an agreement to perform a response action described in subparagraph (A) at the site with a person that the State has reason to believe is capable of conducting a response action that meets the requirements of subparagraph (A).

(2) Progress toward cleanup

If, after the last day of the 1-year period beginning on the date on which the President proposes to list an eligible response site on the National Priorities List, the President determines that the State or other party is not making reasonable progress toward completing a response action at the eligible response site, the President may list the eligible response site on the National Priorities List.

(3) Cleanup agreements

With respect to an eligible response site under paragraph (1)(B), if, after the last day of the 1-year period beginning on the date on which the President proposes to list the eligible response site on the National Priorities List.
List, an agreement described in paragraph (1)(B) has not been reached, the President may defer the listing of the eligible response site on the National Priorities List for an additional period of not to exceed 180 days if the President determines deferring the listing would be appropriate based on—

A) the complexity of the site;

B) substantial progress made in negotiations; and

C) other appropriate factors, as determined by the President.

(4) Exceptions

The President may decline to defer, or elect to discontinue a deferral of, a listing of an eligible response site on the National Priorities List if the President determines that—

A) deferral would not be appropriate because the State, as an owner or operator or a significant contributor of hazardous substances to the facility, is a potentially responsible party;

B) the criteria under the National Contingency Plan for issuance of a health advisory have not been met; or

C) the conditions in paragraphs (1) through (3), as applicable, are no longer being met.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a), (b), (c)(4), (f), and (g)(4), was in the original “this Act”, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

Section 1321(c)(2) of title 33, referred to in subsec. (a), was amended generally by Pub. L. 101–380, title IV, § 9601 of this title and Tables.

(1) Any person who, without sufficient cause, willfully violates, or fails or refuses to comply with, any order of the President under subsection (a) may, in an action brought in the appropriate United States district court to enforce such order, be fined not more than $25,000 for each day in which such violation occurs or such failure to comply continues.

(b) Fines; reimbursement

(1) Any person who receives and complies with the terms of any order issued under subsection (a) may, within 60 days after completion of the required action, petition the President for reimbursement from the Fund for the reasonable costs of such action, plus interest. Any interest payable under this paragraph shall accrue on the amounts expended from the date of expenditure at the same rate as specified for interest on investments of the Hazardous Substance Superfund established under subchapter A of chapter 98 of title 26.

(B) If the President refuses to grant all or part of a petition made under this paragraph, the petitioner may within 30 days of receipt of such refusal file an action against the President in the appropriate United States district court seeking reimbursement from the Fund.

(C) Except as provided in subparagraph (D), to obtain reimbursement, the petitioner shall establish by a preponderance of the evidence that it is not liable for response costs under section 9607(a) of this title and that costs for which it seeks reimbursement are reasonable in light of the action required by the relevant order.

(D) A petitioner who is liable for response costs under section 9607(a) of this title may also recover its reasonable costs of response to the extent that it can demonstrate, on the administrative record, that the President’s decision in selecting the response action ordered was arbitrary and capricious or was otherwise not in ac-
cordance with law. Reimbursement awarded under this subparagraph shall include all reasonable response costs incurred by the petitioner pursuant to the portions of the order found to be arbitrary and capricious or otherwise not in accordance with law.

(E) Reimbursement awarded by a court under subparagraph (C) or (D) may include appropriate costs, fees, and other expenses in accordance with subsections (a) and (d) of section 2412 of title 26.

(c) Guidelines for using imminent hazard, enforcement, and emergency response authorities; promulgation by Administrator of EPA, scope, etc.

Within one hundred and eighty days after December 11, 1980, the Administrator of the Environmental Protection Agency shall, after consultation with the Attorney General, establish and publish guidelines for using the imminent hazard, enforcement, and emergency response authorities of this section and other existing statutes administered by the Administrator of the Environmental Protection Agency to effectuate the responsibilities and powers created by this chapter. Such guidelines shall to the extent practicable be consistent with the national hazardous substance response plan, and shall include, at a minimum, the assignment of responsibility for coordinating response actions with the issuance of administrative orders, enforcement of standards and permits, the gathering of information, and other imminent hazard and emergency powers authorized by (1) sections 1321(c)(2), 1318, 1319, and 1364(a) of title 33, (2) sections 6927, 6928, 6934, and 6973 of this title, (3) sections 3001–4 and 3001 of this title, (4) sections 713, 714, and 7603 of this title, and (5) section 2606 of title 15.

§ 9607. Liability

(a) Covered persons; scope; recoverable costs and damages; interest rate; “comparable maturity” date

Notwithstanding any other provision or rule of law, and subject only to the defenses set forth in subsection (b) of this section—

(1) the owner and operator of a vessel or a facility,

(2) any person who at the time of disposal of any hazardous substance owned or operated any facility at which such hazardous substances were disposed of,

(3) any person who by contract, agreement, or otherwise arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of hazardous substances owned or possessed by such person, by any other party or entity, at any facility or incineration vessel owned or operated by another party or entity and containing such hazardous substances, and

(4) any person who accepts or accepted any hazardous substances for transport to disposal or treatment facilities, incineration vessels or sites selected by such person, from which there is a release, or a threatened release which causes the incurrence of response costs, of a hazardous substance, shall be liable for—

(A) all costs of removal or remedial action incurred by the United States Government or a State or an Indian tribe not inconsistent with the national contingency plan;

(B) any other necessary costs of response incurred by any other person consistent with the national contingency plan;

(C) damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss resulting from such a release; and

(D) the costs of any health assessment or health effects study carried out under section 9604(k) of this title.

The amounts recoverable in an action under this section shall include interest on the amounts recoverable under subparagraphs (A) through (D). Such interest shall accrue from the later of (i) the date payment of a specified amount is demanded in writing, or (ii) the date of the expenditure concerned. The rate of interest on the outstanding unpaid balance of the amounts recoverable under this section shall be the same rate as is specified for interest on investments of the Hazardous Substance Superfund established under subchapter A of chapter 98 of title 26. For
purposes of applying such amendments to inter-
est under this subsection, the term “comparable
maturity” shall be determined with reference to
the date on which interest accruing under this
subsection commences.

(b) Defenses

There shall be no liability under subsection (a)
of this section for a person otherwise liable who
can establish by a preponderance of the evidence
that the release or threat of release of a haz-
ardous substance and the damages resulting
therefrom were caused solely by—

(1) an act of God;
(2) an act of war;
(3) an act or omission of a third party other
than an employee or agent of the defendant, or
than one whose act or omission occurs in con-
nection with a contractual relationship, exist-
ing directly or indirectly, with the defendant
(except where the sole contractual arrange-
ment arises from a published tariff and accept-
ance for carriage by a common carrier by rail).

If the defendant establishes by a preponder-
ance of the evidence that (a) he exercised due
care with respect to the hazardous substance
concerned, taking into consideration the char-
acteristics of such hazardous substance, in
light of all relevant facts and circumstances,
and (b) he took precautions against foresee-
able acts or omissions of any such third party
and the consequences that could foreseeably
result from such acts or omissions; or

(4) any combination of the foregoing para-
graphs.

(c) Determination of amounts

(1) Except as provided in paragraph (2) of this
subsection, the liability under this section of an
owner or operator or other responsible person
for each release of a hazardous substance or in-
cident involving release of a hazardous sub-
stance shall not exceed—

(A) for any vessel, other than an inciner-
ation vessel, which carries any hazardous sub-
stance as cargo or residue, $500 per gross ton,
or $5,000,000, whichever is greater;
(B) for any other vessel, other than an incin-
eration vessel, $300 per gross ton, or $500,000,
whichever is greater;
(C) for any motor vehicle, aircraft, haz-
ardous liquid pipeline facility (as defined in
section 60101(a) of title 49), or rolling stock,
$50,000,000 or such lesser amount as the Presi-
dent shall establish by regulation, but in no
event less than $5,000,000 (or, for releases of
hazardous substances as defined in section
9601(14)(A) of this title into the navigable wa-
ters, $8,000,000). Such regulations shall take
into account the size, type, location, storage,
and handling capacity and other matters rela-
ting to the likelihood of release in each such
class and to the economic impact of such lim-
its on each such class; or

(D) for any incineration vessel or any facili-
ty other than those specified in subparagraph
(C) of this paragraph, the total of all costs of
response plus $50,000,000 for any damages under
this subchapter.

(2) Notwithstanding the limitations in para-
graph (1) of this subsection, the liability of an
owner or operator or other responsible person
under this section shall be the full and total
costs of response and damages, if (A)(i) the re-
lease or threat of release of a hazardous sub-
stance was the result of willful misconduct or
willful negligence within the privity or knowl-
dge of such person, or (ii) the primary cause of
the release was a violation (within the privity or
knowledge of such person) of applicable safety,
construction, or operating standards or regula-
tions; or (B) such person fails or refuses to pro-
vide all reasonable cooperation and assistance
requested by a responsible public official in con-
nection with response activities under the na-
tional contingency plan with respect to regu-
lated carriers subject to the provisions of title
49 or vessels subject to the provisions of title 33
or 46, subparagraph (A)(ii) of this paragraph
shall be deemed to refer to Federal standards or
regulations.

(3) If any person who is liable for a release or
threat of release of a hazardous substance fails
without sufficient cause to properly provide re-
moval or remedial action upon order of the
President pursuant to section 9604 or 9606 of this
title, such person may be liable to the United
States for punitive damages in an amount at
least equal to, and not more than three times,
the amount of any costs incurred by the Fund as
a result of such failure to take proper action.
The President is authorized to commence a civil
action against any such person to recover the
punitive damages, which shall be in addition to
any costs recovered from such person pursuant
to section 9612(c) of this title. Any moneys re-
ceived by the United States pursuant to this
subsection shall be deposited in the Fund.

(d) Rendering care or advice

(1) In general

Except as provided in paragraph (2), no per-
son shall be liable under this subchapter for
costs or damages as a result of actions taken
or omitted in the course of rendering care, as-
assistance, or advice in accordance with the Na-
tional Contingency Plan (“NCP”) or at the di-
rection of an onscene coordinator appointed
under such plan, with respect to an incident
creating a danger to public health or welfare or
the environment as a result of any releases of
a hazardous substance or the threat thereof.
This paragraph shall not preclude liability for
costs or damages as the result of negligence on
the part of such person.

(2) State and local governments

No State or local government shall be liable
under this subchapter for costs or damages as a
result of actions taken in response to an emer-
gency created by the release or threat-
ened release of a hazardous substance gen-
erated by or from a facility owned by another
person. This paragraph shall not preclude li-
ability for costs or damages as a result of gross
negligence or intentional misconduct by the
State or local government. For the pur-
pose of the preceding sentence, reckless, will-
ful, or wanton misconduct shall constitute
gross negligence.

(3) Savings provision

This subsection shall not alter the liability
of any person covered by the provisions of
paragraph (1), (2), (3), or (4) of subsection (a) of this section with respect to the release or threatened release concerned.

(e) Indemnification, hold harmless, etc., agreements or conveyances; subrogation rights

(1) No indemnification, hold harmless, or similar agreement or conveyance shall be effective to transfer from the owner or operator of any vessel or facility or from any person who may be liable for a release or threat of release under this section, to any other person the liability imposed under this section. Nothing in this subsection shall bar a cause of action that an owner or operator or any other person subject to liability under this section, or a guarantor, has or would have, by reason of subrogation or otherwise against any person.

(f) Natural resources liability; designation of public trustees of natural resources

(1) Natural resources liability

In the case of an injury to, destruction of, or loss of natural resources under subparagraph (C) of subsection (a) liability shall be to the United States Government and to any State for natural resources within the State or belonging to, managed by, controlled by, or appertaining to such State and to any Indian tribe for natural resources belonging to, managed by, controlled by, or appertaining to such tribe, or held in trust for the benefit of such tribe if such resources are subject to a trust restriction on alienation: Provided, however, That no liability to the United States or State or Indian tribe shall be imposed under subparagraph (C) of subsection (a), where the party sought to be charged has demonstrated that the damages to natural resources complained of were specifically identified as an irreversible and irretrievable commitment of natural resources in an environmental impact statement, or other comparable environment analysis, and the decision to grant a permit or license authorizes such commitment of natural resources, and the facility or project was otherwise operating within the terms of its permit or license, so long as, in the case of damages to an Indian tribe occurring pursuant to a Federal permit or license, the issuance of that permit or license was not inconsistent with the fiduciary duty of the United States with respect to such Indian tribe. The President, or the authorized representative of any State, shall act on behalf of the public as trustee of such natural resources to recover for such damages. Sums recovered by the United States Government as trustee under this subsection shall be retained by the trustee, without further appropriation, for use only to restore, replace, or acquire the equivalent of such natural resources. Sums recovered by a State as trustee under this subsection shall be available for use only to restore, replace, or acquire the equivalent of such natural resources by the State. The measure of damages in any action under subparagraph (C) of subsection (a) shall not be limited by the sums which can be used to restore or replace such resources. There shall be no double recovery under this chapter for natural resource damages, including the costs of damage assessment or restoration, rehabilitation, or acquisition for the same release and natural resource. There shall be no recovery under the authority of subparagraph (C) of subsection (a) where such damages and the release of a hazardous substance from which such damages resulted have occurred wholly before December 11, 1980.

(2) Designation of Federal and State officials

(A) Federal

The President shall designate in the National Contingency Plan published under section 9605 of this title the Federal officials who shall act on behalf of the public as trustees for natural resources under this chapter and section 1321 of title 33. Such officials shall assess damages for injury to, destruction of, or loss of natural resources for purposes of this chapter and such section 1321 of title 33 for those resources under their trusteeship and may, upon request of and reimbursement from a State and at the Federal officials' discretion, assess damages for those natural resources under the State's trusteeship.

(B) State

The Governor of each State shall designate State officials who may act on behalf of the public as trustees for natural resources under this chapter and section 1321 of title 33 and shall notify the President of such designations. Such State officials shall assess damages to natural resources for the purposes of this chapter and such section 1321 of title 33 for those natural resources under their trusteeship.

(C) Rebuttable presumption

Any determination or assessment of damages to natural resources for the purposes of this chapter and section 1321 of title 33 made by a Federal or State trustee in accordance with the regulations promulgated under section 9651(c) of this title shall have the force and effect of a rebuttable presumption on behalf of the trustee in any administrative or judicial proceeding under this chapter or section 1321 of title 33.

(g) Federal agencies

For provisions relating to Federal agencies, see section 9620 of this title.

(h) Owner or operator of vessel

The owner or operator of a vessel shall be liable in accordance with this section, under maritime tort law, and as provided under section 9614 of this title notwithstanding any provision of the Act of March 3, 1851 (46 U.S.C. 1830) or the absence of any physical damage to the proprietary interest of the claimant.

(i) Application of a registered pesticide product

No person (including the United States or any State or Indian tribe) may recover under the au-
authority of this section for any response costs or damages resulting from the application of a pesticide product registered under the Federal Insecticide, Fungicide, and Rodenticide Act [7 U.S.C. 136 et seq.]. Nothing in this paragraph shall affect or modify in any way the obligations or liability of any person under any other provision of State or Federal law, including common law, for damages, injury, or loss resulting from a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

(j) Obligations or liability pursuant to federally permitted release

Recovery by any person (including the United States or any State or Indian tribe) for response costs or damages resulting from a federally permitted release shall be pursuant to existing law in lieu of this section. Nothing in this paragraph shall affect or modify in any way the obligations or liability of any person under any other provision of State or Federal law, including common law, for damages, injury, or loss resulting from a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance. In addition, costs of response incurred by the Federal Government in connection with a discharge specified in section 9601(10)(B) or (C) of this title shall be recoverable in an action brought under section 1319(b) of title 33.

(k) Transfer to, and assumption by, Post-Closure Liability Fund of liability of owner or operator of hazardous waste disposal facility in receipt of permit under applicable solid waste disposal law; time, criteria applicable, procedures, etc.; monitoring costs; reports

(1) The liability established by this section or any other law for the owner or operator of a hazardous waste disposal facility which has received a permit under subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.], shall be transferred to and assumed by the Post-closure Liability Fund established by section 96411 of this title when—

(A) such facility and the owner and operator thereof has complied with the requirements of subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.] and regulations issued thereunder, which may affect the performance of such facility after closure; and

(B) such facility has been closed in accordance with such regulations and the conditions of such permit, and such facility and the surrounding area have been monitored as required by such regulations and permit conditions for a period not to exceed five years after closure to demonstrate that there is no substantial likelihood that any migration offsite or release from confinement of any hazardous substance or other risk to public health or welfare will occur.

(2) Such transfer of liability shall be effective ninety days after the owner or operator of such facility notifies the Administrator of the Environmental Protection Agency (and the State where it has an authorized program under section 3006(b) of the Solid Waste Disposal Act [42 U.S.C. 6926(b)]) that the conditions imposed by this subsection have been satisfied. If within such ninety-day period the Administrator of the Environmental Protection Agency or such State determines that any such facility has not complied with all the conditions imposed by this subsection or that insufficient information has been provided to demonstrate compliance, the Administrator or such State shall notify the owner and operator of such facility and the administrator of the Fund established by section 96411 of this title, and the owner and operator of such facility shall continue to be liable with respect to such facility under this section and other law until such time as the Administrator and such State determines that such facility has complied with all conditions imposed by this subsection. A determination by the Administrator or such State that a facility has not complied with all conditions imposed by this subsection or that insufficient information has been supplied to demonstrate compliance, shall be a final administrative action for purposes of judicial review. A request for additional information shall state in specific terms the data required.

(3) In addition to the assumption of liability of owners and operators under paragraph (1) of this subsection, the Post-closure Liability Fund established by section 96411 of this title may be used to pay costs of monitoring and care and maintenance of a site incurred by other persons after the period of monitoring required by regulations under subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.] for hazardous waste disposal facilities meeting the conditions of paragraph (1) of this subsection.

(4)(A) Not later than one year after December 11, 1980, the Secretary of the Treasury shall conduct a study and shall submit a report thereon to the Congress on the feasibility of establishing or qualifying an optional system of private insurance for postclosure financial responsibility for hazardous waste disposal facilities to which this subsection applies. Such study shall include a specification of adequate and realistic minimum standards to assure that any such privately placed insurance will carry out the purposes of this subsection in a reliable, available, and practical manner. Such a study shall include an examination of the public and private incentives, programs, and actions necessary to make privately placed insurance a practical and effective option to the financing system for the Post-closure Liability Fund provided in subchapter II of this chapter.

(B) Not later than eighteen months after December 11, 1980, and after a public hearing, the President shall by rule determine whether or not it is feasible to establish or qualify an optional system of private insurance for postclosure financial responsibility for hazardous waste disposal facilities to which this subsection applies. If the President determines the establishment or qualification of such a system would be infeasible, he shall promptly publish an explanation of the reasons for such a determination. If the President determines the establishment or qualification of such a system would be feasible, he shall promptly publish notice of such determination. Not later than six months after an affirmative determination
under the preceding sentence and after a public hearing, the President shall by rule promulgate adequate and realistic minimum standards which must be met by any such privately placed insurance, taking into account the purposes of this chapter and this subsection. Such rules shall also specify reasonably expeditious procedures by which privately placed insurance plans can qualify as meeting such minimum standards.

(C) In the event any privately placed insurance plan qualifies under subparagraph (B), any person enrolled in, and complying with the terms of, such plan shall be excluded from the provisions of paragraphs (1), (2), and (3) of this subsection and exempt from the requirements to pay any tax or fee to the Post-closure Liability Trust Fund established by section 9641 of this title, no liability shall be transferred to or assumed by the Post-Closure Liability Trust Fund established by section 9641 of this title prior to completion of the study required under paragraph (6) of this subsection, transmission of a report of such study to both Houses of Congress, and authorization of such a transfer or assumption by Act of Congress following receipt of such study and report.

(D) The President may issue such rules and take such other actions as are necessary to effectuate the purposes of this paragraph.

(5) SUSPENSION OF LIABILITY TRANSFER.—Notwithstanding paragraphs (1), (2), (3), and (4) of this subsection and subsection (i) of section 9611 of this title, no liability shall be transferred to or assumed by the Post-Closure Liability Trust Fund established by section 9641 of this title prior to completion of the study required under paragraph (6) of this subsection, transmission of a report of such study to both Houses of Congress, and authorization of such a transfer or assumption by Act of Congress following receipt of such study and report.

(6) STUDY OF OPTIONS FOR POST-CLOSURE PROGRAM.

(A) STUDY.—The Comptroller General shall conduct a study of options for a program for the management of the liabilities associated with hazardous waste treatment, storage, and disposal sites after their closure which complements the policies set forth in the Hazardous and Solid Waste Amendments of 1984 and assures the protection of human health and the environment.

(B) PROGRAM ELEMENTS.—The program referred to in subparagraph (A) shall be designed to ensure each of the following:

(i) Incentives are created and maintained for the safe management and disposal of hazardous wastes so as to assure protection of human health and the environment.

(ii) Members of the public will have reasonable confidence that hazardous wastes will be managed and disposed of safely and that resources will be available to address any problems that may arise and to cover costs of long-term monitoring, care, and maintenance of such sites.

(iii) Persons who are or seek to become owners and operators of hazardous waste disposal facilities will be able to manage their potential future liabilities and to attract the investment capital necessary to build, operate, and close such facilities in a manner which assures protection of human health and the environment.

(C) ASSESSMENTS.—The study under this paragraph shall include assessments of treatment, storage, and disposal facilities which have been or are likely to be issued a permit under section 3005 of the Solid Waste Disposal Act [42 U.S.C. 6925] and the likelihood of future insolvency on the part of owners and operators of such facilities. Separate assessments shall be made for different classes of facilities and for different classes of land disposal facilities and shall include but not be limited to—

(i) the current and future financial capabilities of facility owners and operators;

(ii) the current and future costs associated with facilities, including the costs of routine monitoring and maintenance, compliance mechanisms and combinations of mechanisms that assure protection of human health and the environment.

(D) PROCEDURES.—In carrying out the responsibilities of this paragraph, the Comptroller General shall consult with the Administrator, the Secretary of Commerce, the Secretary of the Treasury, and the heads of other appropriate Federal agencies.

(E) CONSIDERATION OF OPTIONS.—In conducting the study under this paragraph, the Comptroller General shall consider various mechanisms and combinations of mechanisms to complement the policies set forth in the Hazardous and Solid Waste Amendments of 1984 to serve the purposes set forth in subparagraph (B) and to assure that the current and future costs associated with hazardous waste facilities, including post-closure costs, will be adequately financed and, to the greatest extent possible, borne by the owners and operators of such facilities. Mechanisms to be considered include, but are not limited to—

(i) revisions to closure, post-closure, and financial responsibility requirements under subtitles C and I of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq., 6991 et seq.];

(ii) voluntary risk pooling by owners and operators;

(iii) legislation to require risk pooling by owners and operators;

(iv) modification of the Post-Closure Liability Trust Fund previously established by section 9641 of this title, and the conditions for transfer of liability under this subsection, including limiting the transfer of some or all liability under this subsection only in the case of insolvency of owners and operators;

(v) private insurance;

(vi) insurance provided by the Federal Government;

(vii) coinsurance, reinsurance, or pooled-risk insurance, whether provided by the private sector or provided or assisted by the Federal Government; and

(viii) creation of a new program to be administered by a new or existing Federal agency or by a federally chartered corporation.

(F) RECOMMENDATIONS.—The Comptroller General shall consider options for funding any program under this section and shall, to the extent necessary, make recommendations to
(l) Federal lien

(1) In general

All costs and damages for which a person is liable to the United States under subsection (a) of this section (other than the owner or operator of a vessel under paragraph (1) of subsection (a)) shall constitute a lien in favor of the United States upon all real property and rights to such property which—

(A) belong to such person; and

(B) are subject to or affected by a removal or remedial action.

(2) Duration

The lien imposed by this subsection shall arise at the later of the following:

(A) The time costs are first incurred by the United States with respect to a response action under this chapter;

(B) The time that the person referred to in paragraph (1) is provided (by certified or registered mail) written notice of potential liability.

Such lien shall continue until the liability for the costs (or a judgment against the person arising out of such liability) is satisfied or becomes unenforceable through operation of the statute of limitations provided in section 9613 of this title.

(3) Notice and validity

The lien imposed by this subsection shall be subject to the rights of any purchaser, holder of a security interest, or judgment lien creditor whose interest is perfected under applicable State law before notice of the lien has been filed in the appropriate office within the State (or county or other governmental subdivision), as designated by State law, in which the real property subject to the lien is located. Any such purchaser, holder of a security interest, or judgment lien creditor shall be afforded the same protections against the lien imposed by this subsection as are afforded under State law against a judgment lien which arises out of an unsecured obligation and which arises as of the time of the filing of the notice of the lien imposed by this subsection. If the State has not by law designated one office for the receipt of such notices of liens, the notice shall be filed in the office of the clerk of the United States district court for the district in which the real property is located. For purposes of this subsection, the terms “purchaser” and “security interest” shall have the definitions provided under section 6323(h) of title 26.

(4) Action in rem

The costs constituting the lien may be recovered in an action in rem in the United States district court for the district in which the removal or remedial action is occurring or has occurred. Nothing in this subsection shall affect the right of the United States to bring an action against any person to recover all costs and damages for which such person is liable under subsection (a) of this section.

(m) Maritime lien

All costs and damages for which the owner or operator of a vessel is liable under subsection (a)(1) with respect to a release or threatened release from such vessel shall constitute a maritime lien in favor of the United States on such vessel. Such costs may be recovered in an action in rem in the district court of the United States for the district in which the vessel may be found. Nothing in this subsection shall affect the right of the United States to bring an action against the owner or operator of such vessel in any court of competent jurisdiction to recover such costs.

(n) Liability of fiduciaries

(1) In general

The liability of a fiduciary under any provision of this chapter for the release or threatened release of a hazardous substance at, from, or in connection with a vessel or facility held in a fiduciary capacity shall not exceed the assets held in the fiduciary capacity.

(2) Exclusion

Paragraph (1) does not apply to the extent that a person is liable under this chapter independently of the person's ownership of a vessel or facility as a fiduciary or actions taken in a fiduciary capacity.

(3) Limitation

Paragraphs (1) and (4) do not limit the liability pertaining to a release or threatened release of a hazardous substance if negligence of a fiduciary causes or contributes to the release or threatened release.

(4) Safe harbor

A fiduciary shall not be liable in its personal capacity under this chapter for—

(A) undertaking or directing another person to undertake a response action under subsection (d)(1) or under the direction of an on scene coordinator designated under the National Contingency Plan;

(B) undertaking or directing another person to undertake any other lawful means of addressing a hazardous substance in connection with the vessel or facility;

(C) terminating the fiduciary relationship;

(D) including in the terms of the fiduciary agreement a covenant, warranty, or other term or condition that relates to compliance with an environmental law, or monitoring, modifying or enforcing the term or condition;

(E) monitoring or undertaking 1 or more inspections of the vessel or facility;

(F) providing financial or other advice or counseling to other parties to the fiduciary relationship, including the settlor or beneficiary;

(G) restructuring, renegotiating, or otherwise altering the terms and conditions of the fiduciary relationship;

(H) administering, as a fiduciary, a vessel or facility that was contaminated before the fiduciary relationship began; or

(I) declining to take any of the actions described in subparagraphs (B) through (H).

(5) Definitions

As used in this chapter:
(A) Fiduciary

The term “‘fiduciary’”—

(i) means a person acting for the benefit of another party as a bona fide—

(I) trustee;

(ii) executor;

(III) administrator;

(IV) custodian;

(V) guardian of estates or guardian ad litem;

(VI) receiver;

(VII) conservator;

(VIII) committee of estates of incapacitated persons;

(IX) personal representative;

(X) trustee (including a successor to a trustee) under an indenture agreement, trust agreement, lease, or similar financing agreement, for debt securities, certificates of interest or certificates of participation in debt securities, or other forms of indebtedness as to which the trustee is not, in the capacity of trustee, the lender; or

(XI) representative in any other capacity that the Administrator, after providing public notice, determines to be similar to the capacities described in subclauses (I) through (X); and

(ii) does not include—

(I) a person that is acting as a fiduciary with respect to a trust or other fiduciary estate that was organized for the primary purpose of, or is engaged in, actively carrying on a trade or business for profit, unless the trust or other fiduciary estate was created as part of, or to facilitate, 1 or more estate plans or because of the incapacity of a natural person; or

(II) a person that acquires ownership or control of a vessel or facility with the objective purpose of avoiding liability of the person or of any other person.

(B) Fiduciary capacity

The term “‘fiduciary capacity’” means the capacity of a person in holding title to a vessel or facility, or otherwise having control of or an interest in the vessel or facility, pursuant to the exercise of the responsibilities of the person as a fiduciary.

(6) Savings clause

Nothing in this subsection—

(A) affects the rights or immunities or other defenses that are available under this chapter or other law that is applicable to a person subject to this subsection; or

(B) creates any liability for a person or a private right of action against a fiduciary or any other person.

(7) No effect on certain persons

Nothing in this subsection applies to a person if the person—

(A)(i) acts in a capacity other than that of a fiduciary or in a beneficiary capacity; and

(ii) in that capacity, directly or indirectly benefits from a trust or fiduciary relationship; or

(B)(i) is a beneficiary and a fiduciary with respect to the same fiduciary estate; and

(ii) as a fiduciary, receives benefits that exceed customary or reasonable compensation, and incidental benefits, permitted under other applicable law.

(8) Limitation

This subsection does not preclude a claim under this chapter against—

(A) the assets of the estate or trust administered by the fiduciary; or

(B) a nonemployee agent or independent contractor retained by a fiduciary.

(o) De micromis exemption

(1) In general

Except as provided in paragraph (2), a person shall not be liable, with respect to response costs at a facility on the National Priorities List, under this chapter if liability is based solely on paragraph (3) or (4) of subsection (a), and the person, except as provided in paragraph (4) of this subsection, can demonstrate that—

(A) the total amount of the material containing hazardous substances that the person arranged for disposal or treatment of, arranged with a transporter for transport for disposal or treatment of, or accepted for transport for disposal or treatment, at the facility was less than 110 gallons of liquid materials or less than 200 pounds of solid materials (or such greater or lesser amounts as the Administrator may determine by regulation); and

(B) all or part of the disposal, treatment, or transport concerned occurred before April 1, 2001.

(2) Exceptions

Paragraph (1) shall not apply in a case in which—

(A) the President determines that—

(i) the materials containing hazardous substances referred to in paragraph (1) have contributed significantly or could contribute significantly, either individually or in the aggregate, to the cost of the response action or natural resource restoration with respect to the facility; or

(ii) the person has failed to comply with an information request or administrative subpoena issued by the President under this chapter or has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the facility; or

(B) a person has been convicted of a criminal violation for the conduct to which the exemption would apply, and that conviction has not been vitiated on appeal or otherwise.

(3) No judicial review

A determination by the President under paragraph (2)(A) shall not be subject to judicial review.

(4) Nongovernmental third-party contribution actions

In the case of a contribution action, with respect to response costs at a facility on the National Priorities List, brought by a party,
other than a Federal, State, or local government, under this chapter, the burden of proof shall be on the party bringing the action to demonstrate that the conditions described in paragraph (1)(A) and (B) of this subsection are not met.

(p) Municipal solid waste exemption

(1) In general
Except as provided in paragraph (2) of this subsection, a person shall not be liable, with respect to response costs at a facility on the National Priorities List, under paragraph (3) of subsection (a) for municipal solid waste disposed of at a facility if the person, except as provided in paragraph (5) of this subsection, can demonstrate that the person is—

(A) an owner, operator, or lessee of residential property from which all of the person’s municipal solid waste was generated with respect to the facility;

(B) a business entity (including a parent, subsidiary, or affiliate of the entity) that, during its 3 taxable years preceding the date of transmittal of written notification from the President of its potential liability under this section, employed on average not more than 100 full-time individuals, or the equivalent thereof, and that is a small business concern (within the meaning of the Small Business Act (15 U.S.C. 631 et seq.)); from which was generated all of the municipal solid waste attributable to the entity with respect to the facility; or

(C) an organization described in section 501(c)(3) of title 26 and exempt from tax under section 501(a) of such title that, during its taxable year preceding the date of transmittal of written notification from the President of its potential liability under this section, employed not more than 100 paid individuals at the location from which was generated all of the municipal solid waste attributable to the organization with respect to the facility.

For purposes of this subsection, the term “affiliate” has the meaning of that term provided in regulations promulgated by the Small Business Administration in accordance with the Small Business Act (15 U.S.C. 631 et seq.).

(2) Exception
Paragraph (1) shall not apply in a case in which the President determines that—

(A) the municipal solid waste referred to in paragraph (1) has contributed significantly or could contribute significantly, either individually or in the aggregate, to the cost of the response action or natural resource restoration with respect to the facility;

(B) the person has failed to comply with an information request or administrative subpoena issued by the President under this chapter; or

(C) the person has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the facility.

(3) No judicial review
A determination by the President under paragraph (2) shall not be subject to judicial review.

(4) Definition of municipal solid waste

(A) In general
For purposes of this subsection, the term “municipal solid waste” means waste material—

(i) generated by a household (including a single or multifamily residence); and

(ii) generated by a commercial, industrial, or institutional entity, to the extent that the waste material—

(I) is essentially the same as waste normally generated by a household;

(II) is collected and disposed of with other municipal solid waste as part of normal municipal solid waste collection services; and

(III) contains a relative quantity of hazardous substances no greater than the relative quantity of hazardous substances contained in waste material generated by a typical single-family household.

(B) Examples
Examples of municipal solid waste under subparagraph (A) include food and yard waste, paper, clothing, appliances, consumer product packaging, disposable diapers, office supplies, cosmetics, glass and metal food containers, elementary or secondary school science laboratory waste, and household hazardous waste.

(C) Exclusions
The term “municipal solid waste” does not include—

(i) combustion ash generated by resource recovery facilities or municipal incinerators; or

(ii) waste material from manufacturing or processing operations (including pollution control operations) that is not essentially the same as waste normally generated by households.

(5) Burden of proof
In the case of an action, with respect to response costs at a facility on the National Priorities List, brought under this section or section 9613 of this title by—

(A) a party, other than a Federal, State, or local government, with respect to municipal solid waste disposed of on or after April 1, 2001; or

(B) any party with respect to municipal solid waste disposed of before April 1, 2001, the burden of proof shall be on the party bringing the action to demonstrate that the conditions described in paragraphs (1) and (4) for exemption for entities and organizations described in paragraph (1)(B) and (C) are not met.

(6) Certain actions not permitted
No contribution action may be brought by a party, other than a Federal, State, or local government, under this chapter with respect
to circumstances described in paragraph (1)(A).

(7) Costs and fees

A nongovernmental entity that commences, after January 11, 2002, a contribution action under this chapter shall be liable to the defendant for all reasonable costs of defending the action, including all reasonable attorney's fees and expert witness fees, if the defendant is not liable for contribution based on an exemption under this subsection or subsection (o).

(q) Contiguous properties

(1) Not considered to be an owner or operator

(A) In general

A person that owns real property that is contiguous to or otherwise similarly situated with respect to, and that is or may be contaminated by a release or threatened release of a hazardous substance from, real property that is not owned by that person shall not be considered to be an owner or operator of a vessel or facility under paragraph (1) or (2) of subsection (a) solely by reason of the contamination if—

(i) the person did not cause, contribute, or consent to the release or threatened release;

(ii) the person is not—

(I) potentially liable, or affiliated with any other person that is potentially liable, for response costs at a facility through any direct or indirect familial relationship or any contractual, corporate, or financial relationship (other than a contractual, corporate, or financial relationship that is created by a contract for the sale of goods or services); or

(II) the result of a reorganization of a business entity that was potentially liable;

(iii) the person takes reasonable steps to—

(I) stop any continuing release;

(II) prevent any threatened future release; and

(III) prevent or limit human, environmental, or natural resource exposure to any hazardous substance released on or from property owned by that person;

(iv) the person provides full cooperation, assistance, and access to persons that are authorized to conduct response actions or natural resource restoration at the vessel or facility from which there has been a release or threatened release (including the cooperation and access necessary for the installation, integrity, operation, and maintenance of any complete or partial response action or natural resource restoration at the vessel or facility);

(v) the person—

(I) is in compliance with any land use restrictions established or relied on in connection with the response action at the facility; and

(II) does not impede the effectiveness or integrity of any institutional control employed in connection with a response action;

(vi) the person is in compliance with any request for information or administrative subpoena issued by the President under this chapter;

(vii) the person provides all legally required notices with respect to the discovery or release of any hazardous substances at the facility; and

(viii) at the time at which the person acquired the property, the person—

(I) conducted all appropriate inquiry within the meaning of section 9601(35)(B) of this title with respect to the property; and

(II) did not know or have reason to know that the property was or could be contaminated by a release or threatened release of one or more hazardous substances from other real property not owned or operated by the person.

(B) Demonstration

To qualify as a person described in subparagraph (A), a person must establish by a preponderance of the evidence that the conditions in clauses (i) through (viii) of subparagraph (A) have been met.

(C) Bona fide prospective purchaser

Any person that does not qualify as a person described in this paragraph because the person had, or had reason to have, knowledge specified in subparagraph (A)(viii) at the time of acquisition of the real property may qualify as a bona fide prospective purchaser under section 9601(40) of this title if the person is otherwise described in that section.

(D) Ground water

With respect to a hazardous substance from one or more sources that are not on the property of a person that is a contiguous property owner that enters ground water beneath the property of the person solely as a result of subsurface migration in an aquifer, subparagraph (A)(viii) shall not require the person to conduct ground water investigations or to install ground water remediation systems, except in accordance with the policy of the Environmental Protection Agency concerning owners of property containing contaminated aquifers, dated May 24, 1995.

(2) Effect of law

With respect to a person described in this subsection, nothing in this subsection—

(A) limits any defense to liability that may be available to the person under any other provision of law; or

(B) imposes liability on the person that is not otherwise imposed by subsection (a).

(3) Assurances

The Administrator may—

(A) issue an assurance that no enforcement action under this chapter will be initiated against a person described in paragraph (1); and

(B) grant a person described in paragraph (1) protection against a cost recovery or con-
(r) Prospective purchaser and windfall lien

(1) Limitation on liability

Notwithstanding subsection (a)(1), a bona fide prospective purchaser whose potential liability for a release or threatened release is based solely on the bona fide prospective purchaser being considered to be an owner or operator of a facility shall not be liable as long as the bona fide prospective purchaser does not impede the performance of a response action or natural resource restoration.

(2) Lien

If there are unrecovered response costs incurred by the United States at a facility for which an owner of the facility is not liable by reason of paragraph (1), and if each of the conditions described in paragraph (3) is met, the United States shall have a lien on the facility, or may by agreement with the owner, obtain from the owner a lien on any other property or other assurance of payment satisfactory to the Administrator, for the unrecovered response costs.

(3) Conditions

The conditions referred to in paragraph (2) are the following:

(A) Response action

A response action for which there are unrecovered costs of the United States is carried out at the facility.

(B) Fair market value

The response action increases the fair market value of the facility above the fair market value of the facility that existed before the response action was initiated.

(4) Amount; duration

A lien under paragraph (2)—

(A) shall be in an amount not to exceed the increase in fair market value of the property attributable to the response action at the time of a sale or other disposition of the property;

(B) shall arise at the time at which costs are first incurred by the United States with respect to a response action at the facility;

(C) shall be subject to the requirements of subsection (b)(3); and

(D) shall continue until the earlier of—

(i) satisfaction of the lien by sale or other means; or

(ii) notwithstanding any statute of limitations under section 9613 of this title, recovery of all response costs incurred at the facility.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original “this Act”, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

Act of March 3, 1913 (46 U.S.C. 1830), referred to in subsec. (b), is act Mar. 3, 1851, ch. 43, 9 Stat. 635, which was incorporated into the Revised Statutes as R.S. §§4282, 4283, 4284 to 4287 and 4289, which were classified to sections 182, 183, and 184 to 188 of the former Appendix to Title 46, Title 46, Shipping, prior to being repealed and re-stated in chapter 305 of Title 46 by Pub. L. 109–304, §§6(c), 19, Oct. 6, 2006, 120 Stat. 1599, 1710. For disposition of sections of the former Appendix to Title 46, see Disposition Table preceding section 101 of Title 46.

Subchapter II of this chapter, referred to in subsec. (k)(4)(A) and (C), was in the original “title II of this Act”, meaning title II of Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2796, known as the Hazardous Substance Response Revenue Act of 1980, which enacted subchapter II of this chapter and sections 4611, 4612, 4652, 4653, and 4662 of Title 26, Internal Revenue Code. Sections 221 to 232 of Pub. L. 96–510, which were classified to sections 9631 to 9633 and 9641 of this title, comprising subchapter II of this chapter, were repealed by Pub. L. 99–499, title V, §§514(b), 517(c)(1), Oct. 17, 1986, 100 Stat. 1767, 1774. For complete classification of title II to the Code, see Short Title of 1980 Amendment note set out under section 1 of Title 26 and Tables.

The Small Business Act, referred to in subsec. (p)(1), is Pub. L. 85–536, §2(1 et seq.), July 18, 1958, 72 Stat. 384, which is classified generally to chapter 14A (§631 et seq.) of Title 15, Commerce and Trade. For complete classification of this Act to the Code, see Short Title note set out under section 101 of Title 15 and Tables.

AMENDMENTS

2018—Subsec. (r)(1). Pub. L. 115–141 substituted “bona fide prospective purchaser being considered” for “purchaser’s being considered”.

2002—Subsecs. (c), (p), Pub. L. 107–118, §102(a), added subsecs. (c) and (p).
Pub. L. 99–499, §107(b), inserted concluding provisions relating to accrual and rate of interest on amounts recoverable under this section.
Subsec. (a)(1). Pub. L. 99–499, §107(a), struck out “otherwise subject to the jurisdiction of the United States” after “vessel”.
Subsec. (a)(3). Pub. L. 99–499, §127(b)(1), inserted “or incineration vessel” after “facility”.
Subsec. (c)(1)(B). Pub. L. 99–499, §127(b)(4), inserted “other than an incineration vessel,” after “other ves-
Subsec. (c)(1)(D). Pub. L. 99–499, §127(b)(5), inserted “any incineration vessel or” before “any facility”.
Subsec. (d). Pub. L. 99–499, §107(c), amended subsec. (d) generally. Prior to amendment, subsec. (d) read as follows: “No person shall be liable under this subchapter for damages as a result of actions taken or omitted in the course of rendering care, assistance, or advice in accordance with the national contingency plan or at the direction of an onscene coordinator appointed under such plan, with respect to an incident creating a danger to public health or welfare or the environment as a result of any release of a hazardous substance or the threat thereof. This subsection shall not prejudice liability for damages as the result of gross negligence or intentional misconduct on the part of such person. For the purposes of the preceding sentence, reckless, willful, or wanton misconduct shall constitute gross negligence.”
Subsec. (e)(1). Pub. L. 99–499, §107(d)(1), designated existing provisions as par. (1) and added heading “Subsec. (a). Pub. L. 99–499, §207(c)(2)(A), inserted “and to any Indian tribe for natural resources belonging to, managed by, controlled by, or appertaining to such tribe, or held in trust for the benefit of such tribe, or belonging to a member or members of such tribe if such resources are subject to trust restriction on alienation” after third reference to “State”.
Pub. L. 99–499, §207(c)(2)(B), inserted “or Indian tribe” after fourth reference to “State”.
Pub. L. 99–499, §207(c)(2)(C), inserted in first sentence “‘,‘ so long as, in the case of damages to an Indian tribe occurring pursuant to a Federal permit or license, the issuance of that permit or license was not inconsistent with the fiduciary duty of the United States with respect to such Indian tribe’”.
Pub. L. 99–499, §107(d)(2), substituted “‘sums recovered by the United States Government as trustee under this subsection shall be retained by the trustee, without further appropriation, for use only to restore, replace, or acquire the equivalent of such natural resources. Sums recovered by the State as trustee under this subsection shall be available for use only to restore, replace, or acquire the equivalent of such natural resources by the State. The measure of damages in any action under subparagraph (A) shall not be limited by the sums which can be used to restore or replace such resources. There shall be no double recovery under this chapter for natural resource damages, including the costs of damage assessment or restoration, rehabilitation, or acquisition for the same release and natural resources, for the sums recovered shall not be available for use to restore, rehabilitate, or acquire the equivalent of such natural resources by the appropriate agencies of the Federal Government or the State government, but the measure of such damages shall not be limited by the sums which can be used to restore or replace such resources’”.
Pub. L. 99–499, §207(c)(2)(D), which directed the insertion of “or the Indian tribe” after “State government” could not be executed because the prior amendment by section 107(d)(2) of Pub. L. 99–499, struck out third sentence referring to “State government”.
Subsec. (g). Pub. L. 99–499, §107(e), amended subsec. (g) generally. Prior to amendment, subsec. (g) read as follows: “Each department, agency, or instrumentality of the executive, legislative, and judicial branches of the Federal Government shall be subject to, and comply with, this chapter in the same manner and to the same extent, both procedurally and substantively, as any nongovernmental entity, including liability under this section.”
Subsec. (h). Pub. L. 99–499, §127(e), inserted “, under maritime tort law,” after “with this section” and inserted “or the absence of any physical damage to the proprietary interest of the claimant” before the period at end.
Subsec. (i). Pub. L. 99–499, §207(c)(3), inserted “or Indian tribe after ‘State’”.
Subsec. (j). Pub. L. 99–499, §207(c)(4), inserted “or Indian tribe” after first reference to “State”.

**Effective Date of 1996 Amendment**

Amendment by Pub. L. 104–208 applicable with respect to any claim that has not been finally adjudicated as of Sept. 30, 1996, see section 2505 of Pub. L. 104–208, set out as a note under section 6991b of this title.

**Effect on Concluded Actions**

Pub. L. 107–118, title I, §103, Jan. 11, 2002, 115 Stat. 2360, provided that: “The amendments made by this title (amending this section and section 60101 of this title) shall not apply to or in any way affect any settlement lodged in, or judgment issued by, a United States District Court, or any administrative settlement or order entered into or issued by the United States or any State, before the date of the enactment of this Act [Jan. 11, 2002].”

**Central, Hazardous Materials Fund**

Pub. L. 110–161, div. F, title I, Dec. 26, 2007, 121 Stat. 2116, as amended by Pub. L. 111–88, div. A, title I, Oct. 30, 2009, 123 Stat. 2924, provided in part: “That hereafter, notwithstanding 31 U.S.C. 3302, sums recovered from or paid by a party including any fines or penalties, shall be credited to this account, to be available until expended without further appropriation: Provided further. That hereafter such sums recovered from or paid by any party are not limited to monetary payments and may include stocks, bonds or other personal or real property, which may be retained, liquidated, or otherwise disposed of by the Secretary and which shall be credited to this account.”

Similar provisions were contained in the following prior appropriation acts:

§ 9608. Financial responsibility

(a) Establishment and maintenance by owner or operator of vessel; amount; failure to obtain certification of compliance

(1) The owner or operator of each vessel (except a nonself-propelled barge that does not carry hazardous substances as cargo) over three hundred gross tons that uses any port or place in the United States or the navigable waters or any offshore facility, shall maintain, in accordance with regulations promulgated by the President, evidence of financial responsibility of $300 per gross ton (or for a vessel carrying hazardous substances as cargo, or $5,000,000, whichever is greater) to cover the liability prescribed under paragraph (1) of section 9607(a) of this title. Financial responsibility may be established by any one, or any combination, of the following: insurance, guarantee, surety bond, or qualification as a self-insurer. Any bond filed shall be issued by a bonding company authorized to do business in the United States. In cases where an owner or operator owes, operates, or charters more than one vessel subject to this subsection, evidence of financial responsibility need be established only to meet the maximum liability applicable to the largest of such vessels.

(2) The Secretary of the Treasury shall withhold or revoke the clearance required by section 60105 of title 46 of any vessel subject to this subsection that does not have certification furnished by the President that the financial responsibility provisions of paragraph (1) of this subsection have been complied with.

(3) The Secretary of Transportation, in accordance with regulations issued by him, shall (A) deny entry to any port or place in the United States or navigable waters to, and (B) detain at the port or place in the United States from which it is about to depart for any other port or place in the United States, any vessel subject to this subsection that, upon request, does not produce certification furnished by the President that the financial responsibility provisions of paragraph (1) of this subsection have been complied with.

(4) In addition to the financial responsibility provisions of paragraph (1) of this subsection, the President shall require additional evidence of financial responsibility for incineration vessels in such amounts, and to cover such liabilities recognized by law, as the President deems appropriate, taking into account the potential risks posed by incineration and transport for incineration, and any other factors deemed relevant.

(b) Establishment and maintenance by owner or operator of production, etc., facilities; amount; adjustment; consolidated form of responsibility; coverage of motor carriers

(1) Beginning not earlier than five years after December 11, 1980, the President shall promulgate requirements (for facilities in addition to those under subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.] and other Federal law) that classes of facilities establish and maintain evidence of financial responsibility consistent with the degree and duration of risk associated with the production, transportation, treatment, storage, or disposal of hazardous substances. Not later than three years after December 11, 1980, the President shall identify those classes for which requirements will be first developed and publish notice of such identification in the Federal Register. Priority in the development of such requirements shall be accorded to those classes of facilities, owners, and operators which the President determines present the highest level of risk of injury.

(2) The level of financial responsibility shall be initially established, and, when necessary, adjusted to protect against the level of risk which the President in his discretion believes is appropriate based on the payment experience of the Fund, commercial insurers, courts settlements and judgments, and voluntary claims satisfaction. To the maximum extent practicable, the President shall cooperate with and seek the advice of the commercial insurance industry in developing financial responsibility requirements. Financial responsibility may be established by any one, or any combination, of the following: insurance, guarantee, surety bond, letter of credit, or qualification as a self-insurer. In promulgating requirements under this section, the President is authorized to specify policy or other contractual terms, conditions, or defenses which are necessary, or which are unacceptable, in establishing such evidence of financial responsibility in order to effectuate the purposes of this chapter.

(3) Regulations promulgated under this subsection shall incrementally impose financial re-
responsibility requirements as quickly as can reasonably be achieved but in no event more than 4 years after the date of promulgation. Where possible, the level of financial responsibility which the President believes appropriate as a final requirement shall be achieved through incremental, annual increases in the requirements.

(4) Where a facility is owned or operated by more than one person, evidence of financial responsibility covering the facility may be established and maintained by one of the owners or operators, or, in consolidated form, by or on behalf of two or more owners or operators. When evidence of financial responsibility is established in a consolidated form, the proportional share of each participant shall be shown. The evidence shall be accompanied by a statement authorizing the applicant to act for and in behalf of each participant in submitting and maintaining the evidence of financial responsibility.

(5) The requirements for evidence of financial responsibility for motor carriers covered by this chapter shall be determined under section 31139 of title 49.

(c) Direct action

(1) Releases from vessels

In the case of a release or threatened release from a vessel, any claim authorized by section 9607 or 9611 of this title may be asserted directly against any guarantor providing evidence of financial responsibility for such vessel under subsection (a). In defending such a claim, the guarantor may invoke all rights and defenses which would be available to the owner or operator under this subchapter. The guarantor may also invoke the defense that the incident was caused by the willful misconduct of the owner or operator, but the guarantor may not invoke any other defense that the guarantor might have been entitled to invoke in a proceeding brought by the owner or operator against him.

(2) Releases from facilities

In the case of a release or threatened release from a facility, any claim authorized by section 9607 or 9611 of this title may be asserted directly against any guarantor providing evidence of financial responsibility for such facility under subsection (b), if the person liable under section 9607 of this title is in bankruptcy, reorganization, or arrangement pursuant to the Federal Bankruptcy Code, or if, with reasonable diligence, jurisdiction in the Federal courts cannot be obtained over a person liable under section 9607 of this title who is likely to be solvent at the time of judgment.

In the case of any action pursuant to this paragraph, the guarantor shall be entitled to invoke all rights and defenses which would have been available to the person liable under section 9607 of this title if any action had been brought against that person by the claimant and all rights and defenses which would have been available to the guarantor if an action had been brought against the guarantor by such person.

(d) Limitation of guarantor liability

(1) Total liability

The total liability of any guarantor in a direct action suit brought under this section shall be limited to the aggregate amount of the monetary limits of the policy of insurance, guaranty, surety bond, letter of credit, or similar instrument obtained from the guarantor by the person subject to liability under section 9607 of this title for the purpose of satisfying the requirement for evidence of financial responsibility.

(2) Other liability

Nothing in this subsection shall be construed to limit any other State or Federal statutory, contractual, or common law liability of a guarantor, including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed, interpreted, or applied to diminish the liability of any person under section 9607 of this title or other applicable law.

REFERENCES IN TEXT

This chapter, referred to in subsec. (b)(2), (5), was in the original "this Act", meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which was classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 6901 of this title and Tables.

The Federal Bankruptcy Code, referred to in subsec. (c)(2), probably means a reference to Title 11, Bankruptcy.

CODIFICATION

AMENDMENTS

1986—Subsec. (a)(1). Pub. L. 99–499, § 127(c)(1), inserted "...to cover the liability prescribed under paragraph (1) of section 9607(a) of this title after "whichever is greater".

Subsec. (b)(3). Pub. L. 99–499, § 108(b), substituted "...as quickly as can reasonably be achieved but in no event more than 4 years" for "over a period of not less than three and no more than six years".
§ 9609. Civil penalties and awards

(a) Class I administrative penalty

(1) Violations
A civil penalty of not more than $25,000 per violation may be assessed by the President in the case of any of the following—

(A) A violation of the requirements of section 9603(a) or (b) of this title (relating to notice).

(B) A violation of the requirements of section 9603(d)(2) of this title (relating to destruction of records, etc.).

(C) A violation of the requirements of section 9608 of this title (relating to financial responsibility, etc.), the regulations issued under section 9608 of this title, or with any denial or detention order under section 9608 of this title.

(D) A violation of an order under section 9622(d)(3) of this title (relating to settlement agreements for action under section 9604(b) of this title).

(E) Any failure or refusal referred to in section 9622(f) of this title (relating to violations of administrative orders, consent decrees, or agreements under section 9620 of this title).

(2) Notice and hearings
No civil penalty may be assessed under this subsection unless the person accused of the violation is given notice and opportunity for a hearing with respect to the violation.

(3) Determining amount
In determining the amount of any penalty assessed pursuant to this subsection, the President shall take into account the nature, circumstances, extent and gravity of the violation or violations and, with respect to the violator, ability to pay, any prior history of such violations, the degree of culpability, economic benefit or savings (if any) resulting from the violation, and such other matters as justice may require.

(b) Class II administrative penalty
A civil penalty of not more than $25,000 per day for each day during which the violation continues may be assessed by the President in the case of any of the following—

(1) A violation of the notice requirements of section 9603(a) or (b) of this title (relating to notice).

(2) A violation of section 9603(d)(2) of this title (relating to destruction of records, etc.).

(3) A violation of the requirements of section 9608 of this title (relating to financial responsibility, etc.), the regulations issued under section 9608 of this title, or with any denial or detention order under section 9608 of this title.

(4) A violation of an order under section 9622(d)(3) of this title (relating to settlement agreements for action under section 9604(b) of this title).

(5) Any failure or refusal referred to in section 9622(f) of this title (relating to violations of administrative orders, consent decrees, or agreements under section 9620 of this title).

In the case of a second or subsequent violation the amount of such penalty may be not more than $75,000 for each day during which the violation continues. Any civil penalty under this sub-

(4) Review
Any person against whom a civil penalty is assessed under this subsection may obtain review thereof in the appropriate district court of the United States by filing a notice of appeal in such court within 30 days from the date of such order and by simultaneously sending a copy of such notice by certified mail to the President. The President shall promptly file in such court a certified copy of the record upon which such violation was found or such penalty imposed. If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order or after the appropriate court has entered final judgment in favor of the United States, the President may request the Attorney General of the United States to institute a civil action in an appropriate district court of the United States to collect the penalty, and such court shall have jurisdiction to hear and decide any such action. In hearing such action, the court shall have authority to review the violation and the assessment of the civil penalty on the record.

(5) Subpoenas
The President may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, or documents in connection with hearings under this subsection. In case of contempt or refusal to obey a subpoena issued pursuant to this paragraph and served upon any person, the district court of the United States for any district in which such person is found, resides, or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the administrative law judge or to appear and produce documents before the administrative law judge, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.
section shall be assessed and collected in the same manner, and subject to the same provisions, as in the case of civil penalties assessed and collected after notice and opportunity for hearing on the record in accordance with section 554 of title 5. In any proceeding for the assessment of a civil penalty under this subsection the President may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents and may promulgate rules for discovery procedures. Any person who requested a hearing with respect to a civil penalty under this subsection and who is aggrieved by an order assessing the civil penalty may file a petition for judicial review of such order with the United States Court of Appeals for the District of Columbia Circuit or for any other circuit in which such person resides or transacts business. Such a petition may only be filed within the 30-day period beginning on the date the order making such assessment was issued.

(e) Procurement procedures

Notwithstanding any other provision of law, any executive agency may use competitive procedures or procedures other than competitive procedures to procure the services of experts for use in preparing or prosecuting a civil or criminal action under this chapter, whether or not the expert is expected to testify at trial. The executive agency need not provide any written justification for the use of procedures other than competitive procedures when procuring such expert services under this chapter and need not furnish for publication in the Commerce Business Daily or otherwise any notice of solicitation or synopsis with respect to such procurement.

(f) Savings clause

Action taken by the President pursuant to this section shall not affect or limit the President’s authority to enforce any provisions of this chapter.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (d) to (f), was in the original “this Act”, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

AMENDMENTS

1986—Pub. L. 99–499 amended section generally. Prior to amendment, section read as follows: “Any person who, after notice and an opportunity for a hearing, is found to have failed to comply with the requirements of section 9608 of this title, the regulations issued thereunder, or with any denial or detention order shall be liable to the United States for a civil penalty, not to exceed $10,000 for each day of violation.”

COORDINATION OF TITLES I TO IV OF PUB. L. 99–499

Any provision of titles I to IV of Pub. L. 99–499, imposing any tax, premium, or fee; establishing any trust fund; or authorizing expenditures from any trust fund, to have no force or effect, see section 531 of Pub. L. 99–499, set out as a note under section 1 of Title 26, Internal Revenue Code.

§9610. Employee protection

(a) Activities of employee subject to protection

No person shall fire or in any other way discriminate against, or cause to be fired or discriminated against, any employee or any authorized representative of employees by reason of the fact that such employee or representative has provided information to a State or to the Federal Government, filed, instituted, or caused to be filed or instituted any proceeding under this chapter, or has testified or is about to testify in any proceeding resulting from the administration or enforcement of the provisions of this chapter.

(b) Administrative grievance procedure in cases of alleged violations

Any employee or a representative of employees who believes that he has been fired or other-
wise discriminated against by any person in violation of subsection (a) of this section may, within thirty days after such alleged violation occurs, apply to the Secretary of Labor for a review of such firing or alleged discrimination. A copy of the application shall be sent to such person, who shall be the respondent. Upon receipt of such application, the Secretary of Labor shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing at the request of any party to such review to enable the parties to present information relating to such alleged violation. The parties shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any such hearing shall be of record and shall be subject to section 554 of title 5. Upon receiving the report of such investigation, the Secretary of Labor shall make findings of fact. If he finds that such violation did occur, he shall issue a decision, incorporating an order therein and his findings, requiring the party committing such violation to take such affirmative action to abate the violation as the Secretary deems appropriate, including, but not limited to, the rehiring or reinstatement of the employee or representative of employees to his former position with compensation. If he finds that there was no such violation, he shall issue an order denying the application. Such order issued by the Secretary of Labor under this subparagraph shall be subject to judicial review in the same manner as orders and decisions are subject to judicial review under this chapter.

(c) Assessment of costs and expenses against violator subsequent to issuance of order of abatement

Whenever an order is issued under this section to abate such violation, at the request of the applicant a sum equal to the aggregate amount of all costs and expenses (including the attorney's fees) determined by the Secretary of Labor to have been reasonably incurred by the applicant for, or in connection with, the institution and prosecution of such proceedings, shall be assessed against the person committing such violation.

(d) Defenses

This section shall have no application to any employee who acting without discretion from his employer (or his agent) deliberately violates any requirement of this chapter.

(e) Presidential evaluations of potential loss of shifts of employment resulting from administration or enforcement of provisions; investigations; procedures applicable, etc.

The President shall conduct continuing evaluations of potential loss of shifts of employment which may result from the administration or enforcement of the provisions of this chapter, including, where appropriate, investigating threatened plant closures or reductions in employment allegedly resulting from such administration or enforcement. Any employee who is discharged, or laid off, threatened with discharge or layoff, or otherwise discriminated against by any person because of the alleged results of such administration or enforcement, or any representative of such employee, may request the President to conduct a full investigation of the matter and, at the request of any party, shall hold public hearings, require the parties, including the employer involved, to present information relating to the actual or potential effect of such administration or enforcement on employment and any alleged discharge, layoff, or other discrimination, and the detailed reasons or justification therefore. Any such hearing shall be of record and shall be subject to section 554 of title 5. Upon receiving the report of such investigation, the President shall make findings of fact as to the effect of such administration or enforcement on employment and on the alleged discharge, layoff, or discrimination and shall make such recommendations as he deems appropriate. Such report, findings, and recommendations shall be available to the public. Nothing in this subsection shall be construed to require or authorize the President or any State to modify or withdraw any action, standard, limitation, or any other requirement of this chapter.

References in Text

This chapter, referred to in subsecs. (a), (b), (d), and (e), was in the original "this Act", meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

§9611. Uses of Fund

(a) In general

For the purposes specified in this section there is authorized to be appropriated from the Hazardous Substance Superfund established under subchapter A of chapter 98 of title 26 not more than $8,500,000,000 for the 5-year period beginning on October 17, 1986, and not more than $5,100,000,000 for the period commencing October 1, 1991, and ending September 30, 1994, and such sums shall remain available until expended. The preceding sentence constitutes a specific authorization for the funds appropriated under title II of Public Law 99–160 (relating to payment to the Hazardous Substances Trust Fund). The President shall use the money in the Fund for the following purposes:

1. Payment of governmental response costs incurred pursuant to section 9004 of this title, including costs incurred pursuant to the Interception on the High Seas Act [33 U.S.C. 1471 et seq.].

2. Payment of any claim for necessary response costs incurred by any other person as a result of carrying out the national contingency plan established under section 102(c)(1) of title 33 and amended by section 9005 of this title: Provided, however, That such costs must be approved under said plan and certified by the responsible Federal official.

3. Payment of any claim authorized by subsection (b) of this section and finally decided

1 See References in Text note below.
pursuant to section 9612 of this title, including those costs set out in subsection 9612(c)(3) of this title.

(4) Payment of costs specified under subsection (c) of this section.

(5) Grants for technical assistance.—The cost of grants under section 9617(e) of this title (relating to public participation grants for technical assistance).

(6) Lead contaminated soil.—Payment of not to exceed $15,000,000 for the costs of a pilot program for removal, decontamination, or other action with respect to lead-contaminated soil in one to three different metropolitan areas.

The President shall not pay for any administrative costs or expenses out of the Fund unless such costs and expenses are reasonably necessary for and incidental to the implementation of this subchapter.

(b) Additional authorized purposes

(1) In general

Claims asserted and compensable but unsatisfied under provisions of section 1321 of title 33, which are modified by section 304 of this Act may be asserted against the Fund under this subchapter; and other claims resulting from a release or threat of release of a hazardous substance from a vessel or a facility may be asserted against the Fund under this subchapter for injury to, or destruction or loss of, natural resources, including cost for damage assessment: Provided, however, That any such claim may be asserted only by the President, as trustee, for natural resources over which the United States has sovereign rights, or natural resources within the territory or the fishery conservation zone of the United States to the extent they are managed or protected by the United States, or by any State for natural resources within the boundary of that State belonging to, managed by, controlled by, or appertaining to the State, or by any Indian tribe or by the United States acting on behalf of any Indian tribe for natural resources belonging to, managed by, controlled by, or appertaining to such tribe, or held in trust for the benefit of such tribe, or belonging to a member of such tribe if such resources are subject to a trust restriction on alienation.

(2) Limitation on payment of natural resource claims

(A) General requirements

No natural resource claim may be paid from the Fund unless the President determines that the claimant has exhausted all administrative and judicial remedies to recover the amount of such claim from persons who may be liable under section 9607 of this title.

(B) Definition

As used in this paragraph, the term “natural resource claim” means any claim for injury to, or destruction or loss of, natural resources. The term does not include any claim for the costs of natural resource damage assessment.

(c) Peripheral matters and limitations

Uses of the Fund under subsection (a) of this section include—

(1) The costs of assessing both short-term and long-term injury to, destruction of, or loss of any natural resources resulting from a release of a hazardous substance.

(2) The costs of Federal or State or Indian tribe efforts in the restoration, rehabilitation, or replacement or acquiring the equivalent of any natural resources injured, destroyed, or lost as a result of a release of a hazardous substance.

(3) Subject to such amounts as are provided in appropriation Acts, the costs of a program to identify, investigate, and take enforcement and abatement action against releases of hazardous substances.

(4) Any costs incurred in accordance with subsection (m) of this section (relating to ATSDR) and section 9604(i) of this title, including the costs of epidemiologic and laboratory studies, health assessments, preparation of toxicologic profiles, development and maintenance of a registry of persons exposed to hazardous substances to allow long-term health effect studies, and diagnostic services not otherwise available to determine whether persons in populations exposed to hazardous substances in connection with a release or a suspected release are suffering from long-latency diseases.

(5) Subject to such amounts as are provided in appropriation Acts, the costs of providing equipment and similar overhead, related to the purposes of this chapter and section 1321 of title 33, and needed to supplement equipment and services available through contractors or other non-Federal entities, and of establishing and maintaining damage assessment capability, for any Federal agency involved in strike forces, emergency task forces, or other response teams under the national contingency plan.

(6) Subject to such amounts as are provided in appropriation Acts, the costs of a program to protect the health and safety of employees involved in response to hazardous substance releases. Such program shall be developed jointly by the Environmental Protection Agency, the Occupational Safety and Health Administration, and the National Institute for Occupational Safety and Health and shall include, but not be limited to, measures for identifying and assessing hazards to which persons engaged in removal, remedy, or other response to hazardous substances may be exposed, methods to protect workers from such hazards, and necessary regulatory and enforcement measures to assure adequate protection of such employees.

(7) Evaluation costs under petition provisions of section 9655(d).—Costs incurred by the President in evaluating facilities pursuant to petitions under section 9655(d) of this title (relating to petitions for assessment of release).

(8) Contract costs under section 9604(a)(1).—The costs of contracts or arrangements entered into under section 9604(a)(1) of this title to oversee and review the conduct of remedial investigations and feasibility studies.
undertaken by persons other than the President and the costs of appropriate Federal and State oversight of remedial activities at National Priorities List sites resulting from consent orders or settlement agreements.

(9) ACQUISITION COSTS UNDER SECTION 9604.(j).—The costs incurred by the President in acquiring real estate or interests in real estate under section 9604(j) of this title (relating to acquisition of property).

(10) RESEARCH, DEVELOPMENT, AND DEMONSTRATION COSTS UNDER SECTION 9609. —The cost of carrying out section 9660 of this title (relating to research, development, and demonstration), except that the amounts available for such purposes shall not exceed the amounts specified in subsection (n) of this section.

(11) LOCAL GOVERNMENT REIMBURSEMENT.—Reimbursements to local governments under section 9623 of this title, except that during the 8-fiscal year period beginning October 1, 1986, not more than 0.1 percent of the total amount appropriated from the Fund may be used for such reimbursements.

(13) AWARDS UNDER SECTION 9609. —The costs of any awards granted under section 9609(d) of this title.

(14) LEAD POISONING STUDY.—The cost of carrying out the study under subsection (f) of section 118 of the Superfund Amendments and Reauthorization Act of 1986 (relating to lead poisoning in children).

(d) ADDITIONAL LIMITATIONS

(1) No money in the Fund may be used under subsection (c)(1) and (2) of this section, nor for the payment of any claim under subsection (b) of this section, where the injury, destruction, or loss is not the only potentially responsible party.

(2) No money in the Fund may be used for the payment of any claim under subsection (b) of this section where such claims are associated with injury or loss resulting from long-term exposure to ambient concentrations of air pollutants from multiple or diffuse sources.

(e) FUNDING REQUIREMENTS RESPECTING MONEYS IN FUND; LIMITATION ON CERTAIN CLAIMS; FUND USE OUTSIDE FEDERAL PROPERTY BOUNDARIES

(1) Claims against or presented to the Fund shall not be valid or paid in excess of the total money in the Fund at any one time. Such claims become valid only when additional money is collected, appropriated, or otherwise added to the Fund. Should the total claims outstanding at any time exceed the current balance of the Fund, the President shall pay such claims, to the extent authorized under this section, in full in the order in which they were finally determined.

(2) In any fiscal year, 85 percent of the money credited to the Fund under subchapter II of this chapter shall be available only for the purposes specified in paragraphs (1), (2), and (4) of subsection (a) of this section. No money in the Fund may be used for the payment of any claim under subsection (a)(3) or subsection (b) of this section in any fiscal year for which the President determines that all of the Fund is needed for response to threats to public health from releases or threatened releases of hazardous substances.

(3) No money in the Fund shall be available for remedial action, other than actions specified in subsection (c) of this section, with respect to federally owned facilities; except that money in the Fund shall be available for the provision of alternative water supplies (including the reimbursement of costs incurred by a municipality) in any case involving groundwater contamination outside the boundaries of a federally owned facility in which the federally owned facility is not the only potentially responsible party.

(4) Paragraphs (1) and (4) of subsection (a) of this section shall in the aggregate be subject to such amounts as are provided in appropriation Acts.

(f) OBLIGATION OF MONEYS BY FEDERAL OFFICIALS; OBLIGATION OF MONEYS OR SETTLEMENT OF CLAIMS BY STATE OFFICIALS OR INDIAN TRIBE

The President is authorized to promulgate regulations designating one or more Federal officials who may obligate money in the Fund in accordance with this section or portions thereof. The President is also authorized to delegate authority to obligate money in the Fund or to settle claims to officials of a State or Indian tribe operating under a contract or cooperative agreement with the Federal Government pursuant to section 9604(d) of this title.

(g) NOTICE TO POTENTIAL INJURED PARTIES BY OWNER AND OPERATOR OF VESSEL OR FACILITY CAUSING RELEASE OF SUBSTANCE; RULES AND REGULATIONS

The President shall provide for the promulgation of rules and regulations with respect to the notice to be provided to potential injured parties by an owner and operator of any vessel or facility from which a hazardous substance has been released. Such rules and regulations shall consider the scope and form of the notice which would be appropriate to carry out the purposes of this subchapter. Upon promulgation of such rules and regulations, the owner and operator of any vessel or facility from which a hazardous substance has been released shall provide notice in accordance with such rules and regulations. With respect to releases from public vessels, the President shall provide such notification as is appropriate to potential injured parties. Until the promulgation of such rules and regulations, the owner and operator of any vessel or facility from which a hazardous substance has been released shall provide reasonable notice to potential injured parties by publication in local newspapers serving the affected area.

(i) RESTORATION, ETC., OF NATURAL RESOURCES

Except in a situation requiring action to avoid an irreversible loss of natural resources or to prevent or reduce any continuing danger to nat-
ural resources or similar need for emergency action, funds may not be used under this chapter for the restoration, rehabilitation, or replacement or acquisition of the equivalent of any natural resources until a plan for the use of such funds for such purposes has been developed and adopted by affected Federal agencies and the Governor or Governors of any State having sustained damage to natural resources within its borders, belonging to, managed by or appertaining to such State, and by the governing body of any Indian tribe having sustained damage to natural resources belonging to, managed by, controlled by, or appertaining to such tribe, or held in trust for the benefit of such tribe, or belonging to a member of such tribe if such resources are subject to a trust restriction on alienation, after adequate public notice and opportunity for hearing and consideration of all public comment.

(j) Use of Post-closure Liability Fund

The President shall use the money in the Post-closure Liability Fund for any of the purposes specified in subsection (a) of this section with respect to a hazardous waste disposal facility for which liability has transferred to such fund under section 9607(k) of this title, and, in addition, for payment of any claim or appropriate request for costs of response, damages, or other compensation for injury or loss under section 9607 of this title or any other State or Federal law, resulting from a release of a hazardous substance from such a facility.

(k) Inspector General

In each fiscal year, the Inspector General of each department, agency, or instrumentality of the United States which is carrying out any authority of this chapter shall conduct an annual audit of all payments, obligations, reimbursements, or other uses of the Fund in the prior fiscal year, to assure that the Fund is being properly administered and that claims are being appropriately and expeditiously considered. The audit shall include an examination of a sample of agreements with States (in accordance with the provisions of the Single Audit Act (31 U.S.C. 7501 et seq.) carrying out response actions under this subchapter and an examination of remedial investigations and feasibility studies prepared for remedial actions. The Inspector General shall submit to the Congress an annual report regarding the audit report required under this subsection. The report shall contain such recommendations as the Inspector General deems appropriate. Each department, agency, or instrumentality of the United States shall cooperate with its inspector general in carrying out this subsection.

(l) Foreign claimants

To the extent that the provisions of this chapter permit, a foreign claimant may assert a claim to the same extent that a United States claimant may assert a claim if—

(1) the release of a hazardous substance occurred (A) in the navigable waters or (B) in or on the territorial sea or adjacent shoreline of a foreign country of which the claimant is a resident;

(2) the claimant is not otherwise compensated for his loss;

(3) the hazardous substance was released from a facility or from a vessel located adjacent to or within the navigable waters or was discharged in connection with activities conducted under the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1331 et seq.) or the Deepwater Port Act of 1974, as amended (33 U.S.C. 1501 et seq.); and

(4) recovery is authorized by a treaty or an executive agreement between the United States and foreign country involved, or if the Secretary of State, in consultation with the Attorney General and other appropriate officials, certifies that such country provides a comparable remedy for United States claimants.

(m) Agency for Toxic Substances and Disease Registry

There shall be directly available to the Agency for Toxic Substances and Disease Registry to be used for the purpose of carrying out activities described in subsection (c)(4) and section 9604(1) of this title not less than $50,000,000 per fiscal year for each of fiscal years 1987 and 1988, not less than $55,000,000 for fiscal year 1989, and not less than $60,000,000 per fiscal year for each of fiscal years 1990, 1991, 1992, 1993, and 1994. Any funds so made available which are not obligated by the end of the fiscal year in which made available shall be returned to the Fund.

(n) Limitations on research, development, and demonstration program

(1) Section 9660(b)

For each of the fiscal years 1987, 1988, 1989, 1990, 1991, 1992, 1993, and 1994, not more than $20,000,000 of the amounts available in the Fund may be used for the purposes of carrying out the applied research, development, and demonstration program for alternative or innovative technologies and training program authorized under section 9660(b) of this title (relating to research, development, and demonstration) other than basic research. Such amounts shall remain available until expended.

(2) Section 9660(a)

From the amounts available in the Fund, not more than the following amounts may be used for the purposes of section 9660(a) of this title (relating to hazardous substance research, demonstration, and training activities):

(A) For the fiscal year 1987, $3,000,000.

(B) For the fiscal year 1988, $10,000,000.

(C) For the fiscal year 1989, $20,000,000.

(D) For the fiscal year 1990, $30,000,000.

No more than 10 percent of such amounts shall be used for training under section 9660(a) of this title in any fiscal year.

(3) Section 9660(d)

For each of the fiscal years 1987, 1988, 1989, 1990, 1991, 1992, 1993, and 1994, not more than $5,000,000 of the amounts available in the Fund may be used for the purposes of section 9660(d) of this title (relating to university hazardous substance research centers).
(o) Notification procedures for limitations on certain payments

Not later than 90 days after October 17, 1986, the President shall develop and implement procedures to adequately notify, as soon as practicable after a site is included on the National Priorities List, concerned local and State officials and other concerned persons of the limitations, set forth in subsection (a)(2) of this section, on the payment of claims for necessary response costs incurred with respect to such site.

(p) General revenue share of Superfund

(1) In general

The following sums are authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, to the Hazardous Substance Superfund:

(A) For fiscal year 1987, $212,500,000.

(B) For fiscal year 1988, $212,500,000.

(C) For fiscal year 1989, $212,500,000.

(D) For fiscal year 1990, $212,500,000.

(E) For fiscal year 1991, $212,500,000.

(F) For fiscal year 1992, $212,500,000.

(G) For fiscal year 1993, $212,500,000.

(H) For fiscal year 1994, $212,500,000.

In addition there is authorized to be appropriated to the Hazardous Substance Superfund for each fiscal year an amount equal to so much of the aggregate amount authorized to be appropriated under this subsection (and paragraph (2) of section 9631(b) of this title) as has not been appropriated before the beginning of the fiscal year involved.

(2) Computation

The amounts authorized to be appropriated under paragraph (1) of this subsection in a given fiscal year shall be available only to the extent that such amount exceeds the amount determined by the Secretary under section 9507(b)(2) of title 26 for the prior fiscal year.

(Fishery conservation zone, referred to in subsection (b), probably means the fishery conservation zone established by section 1811 of Title 16, Conservation, which as amended generally by Pub. L. 99-659, title I, §130(b), Nov. 14, 1986, 100 Stat. 3706, relates to United States sovereign rights and fishery management authority over fish within the exclusive economic zone as defined in section 1902 of Title 14.

This chapter, referred to in subsections (c)(5), (i), (k), and (l), was in the original “this Act”, meaning Pub. L. 96-510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

Subchapter II of this chapter, referred to in subsection (e)(2), was in the original “title II of this Act”, meaning title II of Pub. L. 96-510, Dec. 11, 1980, 94 Stat. 2767, known as the Hazardous Substance Response Revenue Act of 1980, which enacted subchapter II of this chapter and sections 4611, 4612, 4661, 4662, 4681, and 4682 of Title 26, Internal Revenue Code. Sections 221 to 223 and 226 of Pub. L. 96-510, which were classified to sections 9631 to 9633 and 9641 of this title, comprising subchapter II of this chapter, were repealed by Pub. L. 99-499, title V, §§1514(b), 1517(c)(1), Oct. 17, 1986, 100 Stat. 1767, 1774.

For complete classification of title II of the Code, see Short Title of 1986 Amendment note set out under section 1 of Title 26 and Tables.

For complete classification of this Act to the Code, see Short Title note set out under section 1301 of Title 43 and Tables.

The Outer Continental Shelf Lands Act as amended, referred to in subsection (l)(3), is act Aug. 7, 1953, ch. 345, 67 Stat. 462, which is classified generally to subchapter III (§1331 et seq.) of chapter 29 of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1301 of Title 43 and Tables.

The Disaster Relief Act of 1974, as amended, referred to in subsection (l)(3), is Pub. L. 93-627, Jan. 3, 1975, 88 Stat. 2126, which is classified generally to chapter 29 (§1501 et seq.) of Title 33, Navigation and Navigable Waters. For complete classification of this Act to the Code, see Short Title note set out under section 1501 of Title 33 and Tables.

Section 9631(b) of this title, referred to in subsection (p)(1), was repealed by Pub. L. 99-499, title V, §517(c)(1), Oct. 17, 1986, 100 Stat. 1774.

AMENDMENTS

Subsec. (c)(11). Pub. L. 101-508, §6301(2), substituted “8-fiscal year period” for “5-fiscal-year period”.

Subsec. (n)(2)(E). Pub. L. 101-508, §6301(6), added subpar. (E) and struck out former subpar. (E) which read as follows: “For the fiscal year 1991, $35,000,000.”

REFERENCES IN TEXT

The Intervention on the High Seas Act, referred to in subsection (a), is Pub. L. 93-248, Feb. 5, 1974, 88 Stat. 8, which is classified generally to chapter 26 (§1471 et seq.) of Title 33, Navigation and Navigable Waters. For complete classification of this Act to the Code, see Short Title note set out under section 1471 of Title 33 and Tables.

Section 1321(c) of title 33, referred to in subsection (a)(2), was amended generally by Pub. L. 101-388, title IV, §4203(a), Aug. 18, 1990, 104 Stat. 523, and no longer contains provisions establishing a National Contingency Plan. However, such provisions are contained in section 1321(d) of Title 33, Navigation and Navigable Waters.

Section 304 of this Act, referred to in subsection (b), is section 304 of Pub. L. 96-510, title III, Dec. 11, 1980, 94 Stat. 2809, which enacted section 9654 of this title and amended section 1364 of Title 33.
(2) Any determination or assessment of damages for injury to, destruction of, or loss of natural resources for the purposes of this chapter and section 1321(i)(4) and (5) of title 33 shall have the force and effect of a rebuttable presumption on behalf of any claimant (including a tribe under section 9607 of this title or a Federal agency) in any judicial or adjudicatory administrative proceeding under this chapter or section 1321 of title 33.

Subsec. (i). Pub. L. 99–499, § 207(d)(4), inserted “and by the governing body of any Indian tribe having sustained damage to natural resources belonging to, managed by, controlled by, or appertaining to such tribe, or held in trust for the benefit of such tribe, or belonging to a member of such tribe if such resources are subject to a trust restriction on alienation,” after “State,”.

Subsec. (k). Pub. L. 99–499, § 111(g), amended subsec. (k) generally. Prior to amendment, subsec. (k) read as follows: The Inspector General of each department or agency to which responsibility to obligate money in the Fund is delegated shall provide an audit review team to audit all payments, obligations, reimbursements, or other uses of the Fund, to assure that the Fund is being properly administered and that claims are being appropriately and expeditiously considered. Each such Inspector General shall submit to the Congress an interim report one year after the establishment of the Fund and a final report two years after the establishment of the Fund. Each such Inspector General shall thereafter provide such auditing of the Fund as is appropriate. Each Federal agency shall cooperate with the Inspector General in carrying out this subsection.

Subsecs. (m) to (p). Pub. L. 99–499, § 111(h), (i), added subsecs. (m) to (p).

**Termination of Reporting Requirements**

For termination, effective May 15, 2000, of provisions in subsec. (k) of this section relating to the requirement that the Inspector General submit an annual report to Congress on the audit report required under subsec. (k), see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 7th item on page 151 of House Document No. 103–7.

**Satisfaction of Superfund Audit Requirements by Inspector General of the Department of Defense**

“(a) **Satisfaction of Requirements.**—The Inspector General of the Department of Defense shall be deemed to be in compliance with the requirements of section 111(k) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9621(k)) if the Inspector General conducts periodic audits of the payments, obligations, reimbursements, and other uses of the Hazardous Substance Superfund by the Department of Defense, even if such audits do not occur on an annual basis.

“(b) **Reports to Congress on Audits.**—The Inspector General shall submit to Congress a report on each audit conducted by the Inspector General as described in subsection (a).”

**Coordination of Titles I to IV of Pub. L. 99–499**

Any provision of titles I to IV of Pub. L. 99–499, imposing any tax, premium, or fee; establishing any trust fund; or authorizing expenditures from any trust fund, to have no force or effect, see section 531 of Pub. L. 99–499, set out as a note under section 1 of Title 26, Internal Revenue Code.
§ 9612 TITLE 42—THE PUBLIC HEALTH AND WELFARE Page 7290

the owner, operator, or guarantor of the vessel or facility from which a hazardous substance has been released, if known to the claimant, and to any other person known to the claimant who may be liable under section 9607 of this title. In any case where the claim has not been satisfied within 60 days of presentation in accordance with this subsection, the claimant may present the claim to the Fund for payment. No claim against the Fund may be approved or certified during the pendency of an action by the claimant in court to recover costs which are the subject of the claim.

(b) Forms and procedures applicable

(1) Prescribing forms and procedures

The President shall prescribe appropriate forms and procedures for claims filed hereunder, which shall include a provision requiring the claimant to make a sworn verification of the claim to the best of his knowledge. Any person who knowingly gives or causes to be given any false information as a part of any such claim shall, upon conviction, be fined in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both.

(2) Payment or request for hearing

The President may, if satisfied that the information developed during the processing of the claim warrants it, make and pay an award of the claim, except that no claim may be awarded to the extent that a judicial judgment has been made on the costs that are the subject of the claim. If the President declines to pay all or part of the claim, the claimant may, within 30 days after receiving notice of the President’s decision, request an administrative hearing.

(3) Burden of proof

In any proceeding under this subsection, the claimant shall bear the burden of proving his claim.

(4) Decisions

All administrative decisions made hereunder shall be in writing, with notification to all appropriate parties, and shall be rendered within 90 days of submission of a claim to an administrative law judge, unless all the parties to the claim agree in writing to an extension or unilaterally fail to comply with the schedule, and the claimant is not otherwise notified. The President shall determine the method, terms, and time of payment.

(c) Subrogation rights; actions maintainable

(1) Payment of any claim by the Fund under this section shall be subject to the United States Government acquiring by subrogation the rights of the claimant to recover those costs of removal or damages for which it has compensated the claimant from the person responsible or liable for such release.

(2) Any person, including the Fund, who pays compensation pursuant to this chapter to any claimant for damages or costs resulting from a release of a hazardous substance shall be subrogated to all rights, claims, and causes of action for such damages and costs of removal that the claimant has under this chapter or any other law.

(3) Upon request of the President, the Attorney General shall commence an action on behalf of the Fund to recover any compensation paid by the Fund to any claimant pursuant to this subchapter, and, without regard to any limitation of liability, all interest, administrative and adjudicative costs, and attorney’s fees incurred by the Fund by reason of the claim. Such an action may be commenced against any owner, operator, or guarantor, or against any other person who is liable, pursuant to any law, to the compensated claimant or to the Fund, for the damages or costs for which compensation was paid.

(d) Statute of limitations

(1) Claims for recovery of costs

No claim may be presented under this section for recovery of the costs referred to in section 9607(a) of this title after the date 6 years after the date of completion of all response action.

(2) Claims for recovery of damages

No claim may be presented under this section for recovery of the damages referred to in section 9607(a) of this title unless the claim is presented within 3 years after the later of the following:

(A) The date of the discovery of the loss and its connection with the release in question.

(B) The date on which final regulations are promulgated under section 9651(c) of this title.

(3) Minors and incompetents

The time limitations contained herein shall not begin to run—

(A) against a minor until the earlier of the date when such minor reaches 18 years of age or the date on which a legal representative is duly appointed for the minor; or

(B) against an incompetent person until the earlier of the date on which such person’s incompetency ends or the date on which a legal representative is duly appointed for such incompetent person.
(e) Other statutory or common law claims not waived, etc.

Regardless of any State statutory or common law to the contrary, no person who asserts a claim against the Fund pursuant to this subchapter shall be deemed or held to have waived any other claim not covered or ascertainable against the Fund under this subchapter arising from the same incident, transaction, or set of circumstances, nor to have split a cause of action. Further, no person asserting a claim against the Fund pursuant to this subchapter shall as a result of any determination of a question of fact or law made in connection with that claim be deemed or held to be collaterally estopped from raising such question in connection with any other claim not covered or ascertainable against the Fund under this subchapter arising from the same incident, transaction, or set of circumstances.

(f) Double recovery prohibited

Where the President has paid out of the Fund for any response costs or any costs specified under section 9611(c)(1) or (2) of this title, no other claim may be paid out of the Fund for the same costs.

REFERENCES IN TEXT

This chapter, referred to in subsec. (c)(2), was in the original "this Act", meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

AMENDMENTS

1986—Subsec. (a), (b), Pub. L. 99–499, §112(a), amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: "All claims which may be asserted against the Fund pursuant to section 9611 of this title shall be presented in the first instance to the owner, operator, or guarantor of the vessel or facility from which a hazardous substance has been released, if known to the claimant, and to any other person known to the claimant who may be liable under section 9607 of this title. In any case where the claim has not been satisfied within sixty days of presentation in accordance with this subsection, the claimant may elect to commence an action in court against such owner, operator, guarantor, or other person or to present the claim to the Fund for payment.

Subsec. (b)(1), Pub. L. 99–499, §112(b), added heading. Pub. L. 99–499, §109(a)(3), substituted "in accordance with the applicable provisions of title 16 or imprisoned for not more than 5 years (or not more than 5 years in the case of a second or subsequent conviction), or both" for "up to $5,000 or imprisoned for not more than one year, or both".

Subsec. (b)(2) to (6), Pub. L. 99–499, §112(b), added pars. (2) to (6) and struck out former pars. (2) to (4) which related to the settlement and arbitration of claims against liable persons and against the Fund.

Subsec. (c), Pub. L. 99–499, §112(c), amended subsec. (d) generally. Prior to amendment, subsec. (d) read as follows: "No claim may be presented, nor may an action be commenced for damages under this subchapter, unless that claim is presented or action commenced within three years from the date of the discovery of the loss or December 11, 1980, whichever is later: Provided, however, That the time limitations contained herein shall not begin to run against a minor until he reaches eighteen years of age or a legal representative is duly appointed for him, nor against an incompetent person until his incompetency ends or a legal representative is duly appointed for him."

COORDINATION OF TITLES I TO IV OF PUB. L. 99–499

Any provision of titles I to IV of Pub. L. 99–499, imposing any tax, premium, or fee; establishing any trust fund; or authorizing expenditures from any trust fund, to have no force or effect, see section 531 of Pub. L. 99–499, set out as a note under section 1 of Title 26, Internal Revenue Code.

§ 9613. Civil proceedings

(a) Review of regulations in Circuit Court of Appeals of the United States for the District of Columbia

Review of any regulation promulgated under this chapter may be had upon application by any interested person only in the Circuit Court of Appeals of the United States for the District of Columbia. Any such application shall be made within ninety days from the date of promulgation of such regulations. Any matter with respect to which review could have been obtained under this subsection shall not be subject to judicial review in any civil or criminal proceeding for enforcement or to obtain damages or recovery of response costs.

(b) Jurisdiction; venue

Except as provided in subsections (a) and (b) of this section, the United States district courts shall have exclusive original jurisdiction over all controversies arising under this chapter, without regard to the citizenship of the parties or the amount in controversy. Venue shall lie in any district in which the release or damages occurred, or in which the defendant resides, may be found, or has his principal office. For the purposes of this section, the Fund shall reside in the District of Columbia.

(c) Controversies or other matters resulting from tax collection or tax regulation review

The provisions of subsections (a) and (b) of this section shall not apply to any controversy or other matter resulting from the assessment of collection of any tax, as provided by subchapter II of this chapter, or to the review of any regulation promulgated under title 26.

(d) Litigation commenced prior to December 11, 1980

No provision of this chapter shall be deemed or held to moot any litigation concerning any release of any hazardous substance, or any damages associated therewith, commenced prior to December 11, 1980.

(e) Nationwide service of process

In any action by the United States under this chapter, process may be served in any district where the defendant is found, resides, transacts business, or has appointed an agent for the service of process.

(f) Contribution

(1) Contribution

Any person may seek contribution from any other person who is liable or potentially liable
under section 9607(a) of this title, during or following any civil action under section 9606 of this title or under section 9607(a) of this title. Such claims shall be brought in accordance with this section and the Federal Rules of Civil Procedure, and shall be governed by Federal law. In resolving contribution claims, the court may allocate response costs among liable parties using such equitable factors as the court determines are appropriate. Nothing in this subsection shall diminish the right of any person to bring an action for contribution in the absence of a civil action under section 9606 of this title or section 9607 of this title.

(2) Settlement

A person who has resolved its liability to the United States or a State in an administrative or judicially approved settlement shall be liable for claims for contribution regarding matters addressed in the settlement. Such settlement does not discharge any of the other potentially liable persons unless its terms so provide, but it reduces the potential liability of the others by the amount of the settlement.

(3) Persons not party to settlement

(A) If the United States or a State has obtained less than complete relief from a person who has resolved its liability to the United States or the State in an administrative or judicially approved settlement, the United States or the State may bring an action against any person who has not so resolved its liability.

(B) A person who has resolved its liability to the United States or a State for some or all of a response action or for some or all of the costs of such action in an administrative or judicially approved settlement may seek contribution from any person who is not party to a settlement referred to in paragraph (2).

(C) In any action under this paragraph, the rights of any person who has resolved its liability to the United States or a State shall be subordinate to the rights of the United States or the State. Any contribution action brought under this paragraph shall be governed by Federal law.

(g) Period in which action may be brought

(1) Actions for natural resource damages

Except as provided in paragraphs (3) and (4), no action may be commenced for damages (as defined in section 9601(6) of this title) under this chapter, unless that action is commenced within 3 years after the later of the following:

(A) The date of the discovery of the loss and its connection with the release in question.

(B) The date on which regulations are promulgated under section 9651(c) of this title.

With respect to any facility listed on the National Priorities List (NPL), any Federal facility identified under section 9620 of this title (relating to Federal facilities), or any vessel or facility at which a remedial action under this chapter is otherwise scheduled, an action for damages under this chapter must be commenced within 3 years after the completion of the remedial action (excluding operation and maintenance activities) in lieu of the dates referred to in subparagraph (A) or (B).

No action for damages under this chapter with respect to such a vessel or facility may be commenced (i) prior to 60 days after the Federal or State natural resource trustee provides to the President and the potentially responsible party a notice of intent to file suit, or (ii) before selection of the remedial action if the President is diligently proceeding with a remedial investigation and feasibility study under section 9604(b) of this title or section 9620 of this title (relating to Federal facilities). The limitation in the preceding sentence on commencing an action before giving notice or before selection of the remedial action does not apply to actions filed on or before October 17, 1986.

(2) Actions for recovery of costs

An initial action for recovery of the costs referred to in section 9607 of this title must be commenced—

(A) for a removal action, within 3 years after completion of the removal action, except that such cost recovery action must be brought within 6 years after a determination to grant a waiver under section 9604(c)(1)(C) of this title for continued response action; and

(B) for a remedial action, within 6 years after initiation of physical on-site construction of the remedial action, except that, if the remedial action is initiated within 3 years after the completion of the removal action, costs incurred in the removal action may be recovered in the cost recovery action brought under this subparagraph.

In any such action described in this subsection, the court shall enter a declaratory judgment on liability for response costs or damages that will be binding on any subsequent action or actions to recover further response costs or damages. A subsequent action or actions under section 9607 of this title for further response costs at the vessel or facility may be maintained at any time during the response action, but must be commenced no later than 3 years after the date of completion of all response action. Except as otherwise provided in this paragraph, an action may be commenced under section 9607 of this title for recovery of costs at any time after such costs have been incurred.

(3) Contribution

No action for contribution for any response costs or damages may be commenced more than 3 years after—

(A) the date of judgment in any action under this chapter for recovery of such costs or damages, or

(B) the date of an administrative order under section 9622(g) of this title (relating to de minimis settlements) or 9622(h) of this title (relating to cost recovery settlements) or entry of a judicially approved settlement with respect to such costs or damages.

(4) Subrogation

No action based on rights subrogated pursuant to this section by reason of payment of a
claim may be commenced under this subchapter more than 3 years after the date of payment of such claim.

(5) Actions to recover indemnification payments

Notwithstanding any other provision of this subsection, where a payment pursuant to an indemnification agreement with a response action contractor is made under section 9619 of this title, an action under section 9607 of this title for recovery of such indemnification payment from a potentially responsible party may be brought at any time before the expiration of 3 years from the date on which such payment is made.

(6) Minors and incompetents

The time limitations contained herein shall not begin to run—
(A) against a minor until the earlier of the date when such minor reaches 18 years of age or the date on which a legal representative is duly appointed for such minor, or
(B) against an incompetent person until the earlier of the date on which such incompetent's incompetency ends or the date on which a legal representative is duly appointed for such incompetent.

(h) Timing of review

No Federal court shall have jurisdiction under Federal law other than under section 1332 of title 28 (relating to diversity of citizenship jurisdiction) or under State law which is applicable or relevant and appropriate under section 9621 of this title (relating to cleanup standards) to review any challenges to removal or remedial action selected under section 9604 of this title, or to review any order issued under section 9606(a) of this title, in any action except one of the following:

(1) An action under section 9607 of this title to recover response costs or damages or for contribution.
(2) An action to enforce an order issued under section 9606(a) of this title or to recover a penalty for violation of such order.
(3) An action for reimbursement under section 9606(b)(2) of this title.
(4) An action under section 9659 of this title (relating to citizens suits) alleging that the removal or remedial action taken under section 9604 of this title or secured under section 9606 of this title was in violation of any requirement of this chapter. Such an action may not be brought with regard to a removal where a remedial action is to be undertaken at the site.
(5) An action under section 9606 of this title in which the United States has moved to compel a remedial action.

(i) Intervention

In any action commenced under this chapter or under the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.] in a court of the United States, any person may intervene as a matter of right when such person claims an interest relating to the subject of the action and is so situated that the disposition of the action may, as a practical matter, impair or impede the person’s ability to protect that interest, unless the President or the State shows that the person’s interest is adequately represented by existing parties.

(j) Judicial review

(1) Limitation

In any judicial action under this chapter, judicial review of any issues concerning the adequacy of any response action taken or ordered by the President shall be limited to the administrative record. Otherwise applicable principles of administrative law shall govern whether any supplemental materials may be considered by the court.

(2) Standard

In considering objections raised in any judicial action under this chapter, the court shall uphold the President’s decision in selecting the response action unless the objecting party can demonstrate, on the administrative record, that the decision was arbitrary and capricious or otherwise not in accordance with law.

(3) Remedy

If the court finds that the selection of the response action was arbitrary and capricious or otherwise not in accordance with law, the court shall award (A) only the response costs or damages that are not inconsistent with the national contingency plan, and (B) such other relief as is consistent with the National Contingency Plan.

(4) Procedural errors

In reviewing alleged procedural errors, the court may disallow costs or damages only if the errors were so serious and related to matters of such central relevance to the action that the action would have been significantly changed had such errors not been made.

(k) Administrative record and participation procedures

(1) Administrative record

The President shall establish an administrative record upon which the President shall base the selection of a response action. The administrative record shall be available to the public at or near the facility at issue. The President also may place duplicates of the administrative record at any other location.

(2) Participation procedures

(A) Removal action

The President shall promulgate regulations in accordance with chapter 5 of title 5 establishing procedures for the appropriate participation of interested persons in the development of the administrative record on which the President will base the selection of removal actions and on which judicial review of removal actions will be based.

(B) Remedial action

The President shall provide for the participation of interested persons, including potentially responsible parties, in the development of the administrative record on which the President will base the selection of remedial actions and on which judicial review
of remedial actions will be based. The procedures developed under this subparagraph shall include, at a minimum, each of the following:

(i) Notice to potentially affected persons and the public, which shall be accompanied by a brief analysis of the plan and alternative plans that were considered.

(ii) A reasonable opportunity to comment and provide information regarding the plan.

(iii) An opportunity for a public meeting in the affected area, in accordance with section 9617(a)(2) of this title (relating to public participation).

(iv) A response to each of the significant comments, criticisms, and new data submitted in written or oral presentations.

(v) A statement of the basis and purpose of the selected action.

For purposes of this subparagraph, the administrative record shall include all items developed and received under this subparagraph and all items described in the second sentence of section 9617(d) of this title. The President shall promulgate regulations in accordance with chapter 5 of title 5 to carry out the requirements of this subparagraph.

(C) Interim record

Until such regulations under subparagraphs (A) and (B) are promulgated, the administrative record shall consist of all items developed and received pursuant to current procedures for selection of the response action, including procedures for the participation of interested parties and the public. The development of an administrative record and the selection of response action under this chapter shall not include an adjudicatory hearing.

(D) Potentially responsible parties

The President shall make reasonable efforts to identify and notify potentially responsible parties as early as possible before selection of a response action. Nothing in this paragraph shall be construed to be a defense to liability.

(i) Notice of actions

Whenever any action is brought under this chapter in a court of the United States by a plaintiff other than the United States, the plaintiff shall provide a copy of the complaint to the Attorney General of the United States and to the Administrator of the Environmental Protection Agency.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.
(B) is stored, treated, transported, or otherwise managed in compliance with regulations or standards promulgated pursuant to section 3014 of the Solid Waste Disposal Act [42 U.S.C. 6935] and other applicable authorities. Nothing in this paragraph shall affect or modify in any way the obligations or liability of any person under any other provision of State or Federal law, including common law, for damages, injury, or loss resulting from a release or threatened release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action.

(2) Presumption

So far as the purposes of this subsection, a service station dealer may presume that a small quantity of used oil is not mixed with other hazardous substances if it—

(A) has been removed from the engine of a light duty motor vehicle or household appliances by the owner of such vehicle or appliances, and

(B) is presented, by such owner, to the dealer for collection, accumulation, and delivery to an oil recycling facility.

(3) Definition

For purposes of this subsection, the terms "used oil" and "recycled oil" have the same meanings as set forth in sections 1004(37) and 1004(36) of the Solid Waste Disposal Act [42 U.S.C. 6903(36), (37)] and regulations promulgated pursuant to that Act [42 U.S.C. 6901 et seq.].

(4) Effective date

The effective date of paragraphs (1) and (2) of this subsection shall be the effective date of regulations or standards promulgated under section 3014 of the Solid Waste Disposal Act [42 U.S.C. 6935] that include, among other provisions, a requirement to conduct corrective action to respond to any releases of recycled oil under subtitle C or subtitle I of such Act [42 U.S.C. 6921 et seq., 6991 et seq.].

(d) Financial responsibility of owner or operator of vessel or facility under State or local law, rule, or regulation

Except as provided in this subsection, no owner or operator of a vessel or facility who establishes and maintains evidence of financial responsibility in accordance with this subsection shall be required under any State or local law, rule, or regulation to establish or maintain any other evidence of financial responsibility in connection with liability for the release of a hazardous substance from such vessel or facility. Evidence of compliance with the financial responsibility requirements of this subsection shall be accepted by a State in lieu of any other requirement of financial responsibility imposed by such State in connection with liability for the release of a hazardous substance from such vessel or facility.

(Pub. L. 96–510, title I, § 114, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

AMENDMENTS

1986—Subsec. (c). Pub. L. 99–499 amended subsec. (c) generally. Prior to amendment, subsec. (c) read as follows: "Except as provided in this chapter, no person may be required to contribute to any fund, the purpose of which is to pay compensation for claims for any costs of response or damages or claims which may be compensated under this subchapter. Nothing in this section shall preclude any State from using general revenues for such a fund, or from imposing a tax or fee upon any person or upon any substance in order to finance the purchase or prepositioning of hazardous substance response equipment or other preparations for the response to a release of hazardous substances which affects such State."

§ 9615. Presidential delegation and assignment of duties or powers and promulgation of regulations

The President is authorized to delegate and assign any duties or powers imposed upon or assigned to him and to promulgate any regulations necessary to carry out the provisions of this subchapter.

EX. ORD. NO. 12580. SUPERFUND IMPLEMENTATION

(a)(1) The National Contingency Plan ("the NCP") shall provide for a National Response Team ("the NRT") composed of representatives of appropriate Federal departments and agencies for national planning and coordination of preparedness and response actions, and National Response Teams as the regional counterparts to the NRT for planning and coordination of regional preparedness and response actions.

(2) The following agencies (in addition to other appropriate agencies) shall provide representatives to the National and Regional Response Teams to carry out their responsibilities under the NCP: Department of State, Department of Defense, Department of Justice, Department of the Interior, Department of Agriculture, Department of Commerce, Department of Labor, Department of Health and Human Services, Department of Transportation, Department of Energy, Department of Homeland Security, Environmental Protection Agency, [sic] United States Coast Guard, and the Nuclear Regulatory Commission.
§ 9615

(3) Except for periods of activation because of response action, the representative of the Environmental Protection Agency ("EPA") shall be the chairman, and the representatives of the United States Coast Guard shall be the vice chairman, of the NRT and these agencies' representatives shall be co-chairs of the Regional Response Teams ("the RRTs"). When the NRT or a RRT is activated for a response action, the EPA representative shall be the chairman when the release or threatened release or discharge or threatened discharge occurs in the inland zone, and the United States Coast Guard representative shall be the chairman when the release or threatened release or discharge or threatened discharge occurs in the coastal zone, unless otherwise agreed upon by the EPA and the United States Coast Guard representatives (inland and coastal zones are defined in the NCP).

(4) The RRTs may include representatives from State governments, local governments (as agreed upon by the States), and Indian tribal governments. Subject to the functions and authorities delegated to Executive departments and agencies in other sections of this order, the NRT shall provide policy and program direction to the RRTs.

(b)(1) The responsibility for the revision of the NCP and all the other functions vested in the President by Sections 105(a), (b), (c), (d), and (f)(i) of the Act [42 U.S.C. 9605(a), (b), (c), (g), (h), 9625, 9651(f)], by Section 311(d)(1) of the Federal Water Pollution Control Act [33 U.S.C. 1321(b)], and by Section 2303(c) of the Oil Pollution Act of 1990 [Pub. L. 101–380, 33 U.S.C. 1321 note] is delegated to the Administrator of the Environmental Protection Agency ("the Administrator").

(e)(1) Subject to subsections (a), (b), (c), and (d) of this Section, the functions vested in the President by Sections 104(a), (b), and (c)(4), 119, and 121 of the Act [42 U.S.C. 9604(a), (b), (c)(4), 9619(a), (c), 9619, 9621] are delegated to the Secretaries of Defense and Energy, with respect to releases or threatened releases where either the release is on or the sole source of the release is from any facility or vessel under the jurisdiction, custody or control of their departments, respectively, including vessels bare-boat chartered and operated. These functions must be exercised consistent with the requirements of Section 120 of the Act [42 U.S.C. 9620].

(e)(2) Subject to subsections (a), (b), (c), and (d) of this Section, the functions vested in the President by Sections 104(b)(2), 113(k), 117(a) and (c), and 119 of the Act [42 U.S.C. 9604(b)(2), 9613(k), 9617(a), (c), 9619] are delegated to the heads of Executive departments and agencies, with respect to remedial actions for releases or threatened releases which are not on the National Prioritization List ("the NPL") or removal actions other than emergencies, where either the release is on or the sole source of the release is from any facility or vessel under the jurisdiction, custody or control of those departments and agencies, including vessels bare-boat chartered and operated.

(f) Subject to subsections (a), (b), (c), (d), and (e) of this Section, the functions vested in the President by Sections 104(a), (b) and (c)(4), 113(k), 117(a) and (c), 119, and 121 of the Act [42 U.S.C. 9604(a), (b), (c)(4), 9613(k), 9617(a), (c), 9619, 9621] are delegated to the Secretary of the Department in which the Coast Guard is operating ("the Coast Guard"), with respect to any release or threatened release involving the coastal zone, Great Lakes waters, ports, and harbors.

(g) Subject to subsections (a), (b), (c), (d), (e), and (f) of this Section, the functions vested in the President by Sections 101(24), 104(a), (b), (c)(4) and (c)(9), 113(k), 117(a) and (c), 119, 121, and 126(b) of the Act [42 U.S.C. 9601(24), 9604(a), (b), (c)(4), (9), 9613(k), 9617(a), (c), 9619, 9621, 9626(b)] are delegated to the Administrator, under the Administrator's authority under Section 119 of the Act, retroactive to the date of enactment of SARA [Oct. 17, 1986].

(h) The functions vested in the President by Section 104(c)(3) of the Act [42 U.S.C. 9604(c)(3)] are delegated to the Administrator, with respect to providing assurances for Indian tribes, to be exercised in consultation with the Secretary of the Interior and the Secretary of Agriculture.

(i) Subject to subsections (d), (e), (f), (g), and (h) of this Section, the functions vested in the President by
Section 104(c) and (d) of the Act are delegated to the Coast Guard, the Secretary of Health and Human Services, the Director of the Federal Emergency Management Agency, and the Administrator in order to carry out the functions delegated to them by this Section.

(j)(1) The functions vested in the President by Section 104(e)(5)(A) are delegated to the heads of Executive departments and agencies, with respect to releases or threatened releases where either the release is on or the sole source of the release is from any facility or vessel under the jurisdiction, custody or control of those departments and agencies, to be exercised with the concurrence of the Attorney General.

(2) Subject to subsection (b) of this Section and paragraph (1) of this subsection, the functions vested in the President by Section 104(f), (g), (h), (i)(1), and (j) of the Act are delegated to the heads of Executive departments and agencies in order to carry out their functions under this Order or the Act.

(k) The functions vested in the President by Section 104(h) of the Act shall be subject to the approval of the Administrator of the Office of Federal Procurement Policy.

SIC 3. Cleanup Schedules. (a) The functions vested in the President by Sections 116(a) and the first two sentences of 105(d) of the Act [42 U.S.C. 9616(a), 9605(d)] are delegated to the heads of Executive departments and agencies with respect to facilities under the jurisdiction, custody or control of those departments and agencies.

(b) Subject to subsection (a) of this Section, the functions vested in the President by Sections 115 and 104(d) are delegated to the Administrator.

SIC 4. Enforcement. (a) The functions vested in the President by Sections 109(d) and 122(e)(3)(A) of the Act [42 U.S.C. 9609(d), 9622(e)(3)(A)], relating to development of regulations and guidelines, are delegated to the Administrator, to be exercised in consultation with the Attorney General.

(b)(1) Subject to subsection (a) of this Section, the functions vested in the President by Section 122 [42 U.S.C. 9622] (except subsection (b)(1)) are delegated to the heads of Executive departments and agencies, with respect to releases or threatened releases on the NPL, where either the release is on or the sole source of the release is from any facility under the jurisdiction, custody or control of those Executive departments and agencies. These functions may be exercised only with the concurrence of the Attorney General.

(2) Subject to subsection (a) of this Section, the functions vested in the President by Section 109 of the Act [42 U.S.C. 9609], relating to violations of Section 122 of the Act, are delegated to the heads of Executive departments and agencies, with respect to releases or threatened releases not on the NPL, where either the release is on or the sole source of the release is from any facility under the jurisdiction, custody or control of those Executive departments and agencies. These functions may be exercised only with the concurrence of the Attorney General.

(c)(1) Subject to subsections (a) and (b)(1) of this Section, the functions vested in the President by Sections 106(a) and 122 of the Act [42 U.S.C. 9606(a), 9622] are delegated to the Coast Guard with respect to any release or threatened release involving the coastal zone, Great Lakes waters, ports, and harbors.

(2) Subject to subsections (a) and (b)(2) of this Section, the functions vested in the President by Section 109 of the Act [42 U.S.C. 9609], relating to violations of Sections 103(a) and (b), and 122 of the Act [42 U.S.C. 9603(a), 9603(b), 9622], are delegated to the Coast Guard with respect to any release or threatened release involving the coastal zone, Great Lakes waters, ports, and harbors.

(3) Subject to subsections (a) and (b)(1) of this Section, the functions vested in the President by sections 106(a) [42 U.S.C. 9606(a)] and 122 [42 U.S.C. 9622] (except subsection (b)(1)) of the Act are delegated to the Secretary of the Interior, the Secretary of Commerce, the Secretary of Agriculture, the Secretary of Energy, and the Secretary of the Army (or delegate) in order to carry out their functions under this Order or the Act.

(j)(1) The functions vested in the President by Section 104(e)(5)(A) are delegated to the heads of Executive departments and agencies, with respect to releases or threatened releases where either the release is on or the sole source of the release is from any facility or vessel under the jurisdiction, custody or control of those departments and agencies, to be exercised with the concurrence of the Attorney General.

(2) Subject to subsection (b) of this Section and paragraph (1) of this subsection, the functions vested in the President by Section 104(f), (g), (h), (i)(1), and (j) of the Act are delegated to the heads of Executive departments and agencies in order to carry out the functions delegated to them by this Section. The exercise of authority under Section 104(h) of the Act shall be subject to the approval of the Administrator of the Office of Federal Procurement Policy.

SIC 5. Liability. (a) The function vested in the President by Section 107(c)(1)(C) of the Act [42 U.S.C. 9607(c)(1)(C)] is delegated to the Secretary of Transportation.

(b) The functions vested in the President by Section 107(c)(3) of the Act are delegated to the Coast Guard with respect to any release or threatened release involving the coastal zone, Great Lakes waters, ports, and harbors.
(c) Subject to subsection (b) of this Section, the functions vested in the President by Section 107(c)(3) of the Act are delegated to the Administrator.

(d) The functions vested in the President by Section 107(f)(1) of the Act are delegated to each of the Federal trustees for natural resources designated in the NCP for resources under their trusteeship.

(e) The functions vested in the President by Section 107(f)(2)(B) of the Act, to receive notification of the state natural resource trustee designations, are delegated to the Administrator.

(f) The functions vested in the President by Section 107(o) and (p) of the Act are delegated to the heads of the Executive departments and agencies, to be exercised in consultation with the Administrator, with respect to releases or threatened releases where either the release is on or the sole source of the release is from any facility under the jurisdiction, custody, or control of those departments and agencies.

(g) Subject to subsection (f) of this Section, the functions vested in the President by Section 107(o) and (p) of the Act are delegated to the Administrator except that, with respect to determinations regarding natural resource restoration, the Administrator shall make such determinations in consultation with the appropriate Federal natural resource trustee.

§ 9615. 6. Litigation. (a) Notwithstanding any other provision of this Order, any representation pursuant to or under this Order in any judicial proceedings shall be by or through the Attorney General. The conduct and control of all litigation arising under the Act shall be the responsibility of the Attorney General.

(b) Notwithstanding any other provision of this Order, the authority under the Act to require the Attorney General to commence litigation is retained by the Administrator.

(c) The functions vested in the President by Section 111(g) of the Act [42 U.S.C. 9611(g)], to receive notification of a natural resource trustee’s intent to file suit, are delegated to the heads of Executive departments and agencies with respect to response actions for which they have been delegated authority under Section 2 of this Order. The Administrator shall promulgate procedural regulations for providing such notification.

(d) The functions vested in the President by Sections [sic] 310(d) and (e) of the Act [42 U.S.C. 9659(d), (e)], relating to promulgation of regulations, are delegated to the Administrator.

9. Financial Responsibility. (a) The functions vested in the President by Section 107(k)(4)(B) of the Act [42 U.S.C. 9607(k)(4)(B)] are delegated to the Secretary of the Treasury. The Administrator will provide the Secretary with such technical information and assistance as the Administrator may have available.

(b) The functions vested in the President by Section 108(a)(1) of the Act [42 U.S.C. 9608(a)(1)] are delegated to the Coast Guard.

(c) The functions vested in the President by Section 108(a)(1) of the Act [42 U.S.C. 9608(a)(1)] are delegated to the Coast Guard.

(d) The functions vested in the President by Section 108(b) of the Act are delegated to the Secretary of Transportation with respect to all transportation related facilities, including any pipeline, motor vehicle, rolling stock, or aircraft.

(e) Subject to Section 4(a) of this Order, the functions vested in the President by Section 109 of the Act [42 U.S.C. 9609], relating to violations of Section 108(a)(1) of the Act, are delegated to the Coast Guard.

(f) The functions vested in the President by Section 111(c) of the Act are delegated to the Administrator.

(g) The functions vested in the President by Section 111(d) of the Act [42 U.S.C. 9611(d)] are delegated to the Administrator, subject to the provisions of this Section and other applicable provisions of this Order.

(h) The Administrator shall transfer to other agencies, from the Hazardous Substance Superfund out of sums appropriated, such amounts as the Administrator may determine necessary to carry out the purposes of the Act. The Administrator shall make such determinations in consultation with the appropriate Federal natural resource trustee.

(i) Funds from the Hazardous Substance Superfund which is based on recommended levels developed by the budget task force, the Administrator may prescribe reporting and other forms, procedures, and guidelines to be used by the agencies of the Task Force in preparing the budget request, consistent with budgetary reporting requirements issued by OMB.

(j) The Administrator shall prescribe forms to agency task force members for reporting the expenditure of funds on a site specific basis.

(k) The Administrator and each department and agency head to whom funds are provided pursuant to this Section, with respect to funds provided to them, are authorized in accordance with Section 111(i)(f) of the Act [42 U.S.C. 9611(f)] to designate Federal officials who may obligate such funds.

(l) The functions vested in the President by Section 112 of the Act [42 U.S.C. 9612] are delegated to the Administrator for all claims presented pursuant to Section 111 of the Act.

(m) The functions vested in the President by Section 111(e) of the Act are delegated to the Administrator.

(n) The functions vested in the President by Section 123 of the Act [42 U.S.C. 9623] are delegated to the Administrator.

(o) Funds from the Hazardous Substance Superfund may be used, at the discretion of the Administrator or the Secretary of Transportation, to pay for removal actions, lease or release from facilities or vessels under the jurisdiction, custody or control of Executive departments and agencies that are applicable to the Hazardous Substance Superfund by such Executive departments and agency.

10. Federal Facilities. (a) When necessary, prior to selection of a remedial action by the Administrator under Section 128(e)(4)(A) of the Act [42 U.S.C. 9620(e)(4)(A)], Executive agencies shall have the opportunity to present their views to the Administrator.
after using the procedures under Section 1–6 of Executive Order No. 12088 of October 13, 1978 (set out as a note under section 4321 of this title), or any other mutually acceptable procedures. Notwithstanding subsection 1–802 of Executive Order No. 12088, the Director of the Office of Management and Budget shall facilitate resolution of any issues.

(b) Executive Order No. 12088 of October 13, 1978, is amended by renumbering the current Section 1–802 as Section 1–803 and inserting the following new Section 1–802:

"1–802. Nothing in this Order shall create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or any person."

Tenth. General Provisions. (a) The functions vested in the President by Section 101(7) of the Act (42 U.S.C. 9601(7)) is delegated to the Administrator.

(b)(1) The function vested in the President by Section 105(f) of the Act (42 U.S.C. 9605(f)), relating to reporting on minority participation in contracts, is delegated to the Administrator.

(2) Subject to paragraph 1 of this subsection, the functions vested in the President by Section 105(f) of the Act are delegated to the heads of Executive departments and agencies in order to carry out the functions delegated to them by this Order. Each Executive department and agency shall provide to the Administrator any requested information on minority contracting for inclusion in the Section 105(f) annual report.

(c) The functions vested in the President by Section 126(c) of the Act (42 U.S.C. 9626(c)) are delegated to the Administrator, to be exercised in consultation with the Secretary of the Interior.

(d) The functions vested in the President by Section 301(c) of the Act (42 U.S.C. 9651(c)) are delegated to the Secretary of the Interior.

(e) Each agency shall have authority to issue such regulations as may be necessary to carry out the functions delegated to them by this Order.

(f) The performance of any function under this Order shall be done in consultation with interested Federal departments and agencies represented on the NRPT, as well as with any other interested Federal agency.

(g) The following functions vested in the President by the Act which have been delegated or assigned by this Order may be redelegated to the head of any Executive department or agency with his consent: functions set forth in Sections 2 (except subsection (b)), 3, 4(b), 4(c), 4(d), 5(b), 5(c), and 6(c) of this Order.

(h) Executive Order No. 12316 of August 14, 1981, is revoked.

Sec. 12. Brownfields. (a) The functions vested in the President by Sections 101(9) and (41) and 104(k) of the Act (42 U.S.C. 9601(9), (41), 9604(k)) are delegated to the Administrator.

(b) The functions vested in the President by Section 126(b)(1)(B)(ii) of the Act (42 U.S.C. 9626(b)(1)(B)(ii)) are delegated to the heads of Executive departments and agencies, to be exercised in consultation with the Administrator, with respect to property subject to their jurisdiction, custody, or control.

(c) The functions vested in the President by Section 126(b)(1)(E) of the Act (42 U.S.C. 9626(b)(1)(E)) are delegated to the heads of Executive departments and agencies in cases where they have acted under subsection (b) of this Section.

(d) Subject to subsections (b) and (c) of this Section, the functions vested in the President by Section 128 of the Act (42 U.S.C. 9628) are delegated to the Administrator.

Sec. 13. Preservation of Authorities. Nothing in this order shall be construed to impair or otherwise affect the functions of the Director of the Office of Management and Budget relating to budget, administrative, or legislative proposals.

Sec. 14. General Provision. This order is intended only to improve the internal management of the Federal Government and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its departments, agencies, instrumentalities, or entities, its officers or employees, or any other person.

§ 9616. Schedules

(a) Assessment and listing of facilities

It shall be a goal of this chapter that, to the maximum extent practicable—

(1) not later than January 1, 1988, the President shall complete preliminary assessments of all facilities that are contained (as of October 17, 1986) on the Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) including in each assessment a statement as to whether a site inspection is necessary and by whom it should be carried out; and

(2) not later than January 1, 1989, the President shall assure the completion of site inspections at all facilities for which the President has stated a site inspection is necessary pursuant to paragraph (1).

(b) Evaluation

Within 4 years after October 17, 1986, each facility listed (as of October 17, 1986) in the CERCLIS shall be evaluated if the President determines that such evaluation is warranted on the basis of a site inspection or preliminary assessment. The evaluation shall be in accordance with the criteria established in section 9605 of this title under the National Contingency Plan for determining priorities among release for inclusion on the National Priorities List. In the case of a facility listed in the CERCLIS after October 17, 1986, the facility shall be evaluated within 4 years after the date of such listing if the President determines that such evaluation is warranted on the basis of a site inspection or preliminary assessment.

(c) Explanations

If any of the goals established by subsection (a) or (b) are not achieved, the President shall publish an explanation of why such action could not be completed by the specified date.

(d) Commencement of RI/FS

The President shall assure that remedial investigations and feasibility studies (RI/FS) are commenced for facilities listed on the National Priorities List, in addition to those commenced prior to October 17, 1986, in accordance with the following schedule:

(1) not fewer than 275 by the date 36 months after October 17, 1986, and

(2) if the requirement of paragraph (1) is not met, not fewer than an additional 175 by the date 4 years after October 17, 1986, an additional 200 by the date 5 years after October 17, 1986, and a total of 650 by the date 5 years after October 17, 1986.

(e) Commencement of remedial action

The President shall assure that substantial and continuous physical on-site remedial action commences at facilities on the National Priorities List, in addition to those facilities on which remedial action has commenced prior to October 17, 1986, at a rate not fewer than:
§9617. Public participation

(a) Proposed plan

Before adoption of any plan for remedial action to be undertaken by the President, by a State, or by any other person, under section 9604, 9606, 9620, or 9622 of this title, the President or State, as appropriate, shall take both of the following actions:

(1) Publish a notice and brief analysis of the proposed plan and make such plan available to the public.

(2) Provide a reasonable opportunity for submission of written and oral comments and an opportunity for a public meeting at or near the facility at issue regarding the proposed plan and regarding any proposed findings under section 9621(d)(4) of this title (relating to cleanup standards). The President or the State shall keep a transcript of the meeting and make such transcript available to the public.

The notice and analysis published under paragraph (1) shall include sufficient information as may be necessary to provide a reasonable explanation of the proposed plan and alternative proposals considered.

(b) Final plan

Notice of the final remedial action plan adopted shall be published and the plan shall be made available to the public before commencement of any remedial action. Such final plan shall be accompanied by a discussion of any significant changes (and the reasons for such changes) in the proposed plan and a response to each of the significant comments, criticisms, and new data submitted in written or oral presentations under subsection (a).

(c) Explanation of differences

After adoption of a final remedial action plan—

(1) if any remedial action is taken,

(2) if any enforcement action under section 9606 of this title is taken, or

(3) if any settlement or consent decree under section 9606 of this title or section 9622 of this title is entered into,

and if such action, settlement, or decree differs in any significant respects from the final plan, the President or the State shall publish an explanation of the significant differences and the reasons such changes were made.

(d) Publication

For the purposes of this section, publication shall include, at a minimum, publication in a major local newspaper of general circulation. In addition, each item developed, received, published, or made available to the public under this section shall be available for public inspection and copying at or near the facility at issue.

(e) Grants for technical assistance

(1) Authority

Subject to such amounts as are provided in appropriations Acts and in accordance with rules promulgated by the President, the President may make grants available to any group of individuals which may be affected by a release or threatened release at any facility which is listed on the National Priorities List under the National Contingency Plan. Such grants may be used to obtain technical assistance in interpreting information with regard to the nature of the hazard, remedial investigation and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, or removal action at such facility.

(2) Amount

The amount of any grant under this subsection may not exceed $50,000 for a single grant recipient. The President may waive the $50,000 limitation in any case where such waiver is necessary to carry out the purposes of this subsection. Each grant recipient shall be required, as a condition of the grant, to contribute at least 20 percent of the total cost of the technical assistance for which such grant is made. The President may waive the 20 percent contribution requirement if the grant recipient demonstrates financial need and such waiver is necessary to facilitate public participation in the selection of remedial action at the facility. Not more than one grant may be made under this subsection with respect to a single facility, but the grant may be renewed to facilitate public participation at all stages of remedial action.

§9618. High priority for drinking water supplies

For purposes of taking action under section 9604 or 9606 of this title and listing facilities on the National Priorities List, the President shall give a high priority to facilities where the release of hazardous substances or pollutants or contaminants has resulted in the closing of drinking water wells or has contaminated a principal drinking water supply.

§9619. Response action contractors

(a) Liability of response action contractors

(1) Response action contractors

A person who is a response action contractor with respect to any release or threatened release of a hazardous substance or pollutant or...
contaminant from a vessel or facility shall not be liable under this subchapter or under any other Federal law to any person for injuries, costs, damages, expenses, or other liability (including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness or loss of or damage to property or economic loss) which results from such release or threatened release.

(2) Negligence, etc.

Paragraph (1) shall not apply in the case of a release that is caused by conduct of the response action contractor which is negligent, grossly negligent, or which constitutes intentional misconduct.

(3) Effect on warranties; employer liability

Nothing in this subsection shall affect the liability of any person under any warranty under Federal, State, or common law. Nothing in this subsection shall affect the liability of an employer who is a response action contractor to any employee of such employer under any provision of law, including any provision of any law relating to worker’s compensation.

(4) Governmental employees

A state employee or an employee of a political subdivision who provides services relating to response action while acting within the scope of his authority as a governmental employee shall have the same exemption from liability (subject to the other provisions of this section) as is provided to the response action contractor under this section.

(b) Savings provisions

(1) Liability of other persons

The defense provided by section 9607(b)(3) of this title shall not be available to any potentially responsible party with respect to any costs or damages caused by any act or omission of a response action contractor. Except as provided in subsection (a)(4) and the preceding sentence, nothing in this section shall affect the liability under this chapter or under any other Federal or State law of any person, other than a response action contractor.

(2) Burden of plaintiff

Nothing in this section shall affect the plaintiff’s burden of establishing liability under this subchapter.

(c) Indemnification

(1) In general

The President may agree to hold harmless and indemnify any response action contractor meeting the requirements of this subchapter against any liability (including the expenses of litigation or settlement) for negligence arising out of the contractor’s performance in carrying out response action activities under this subchapter, unless such liability was caused by conduct of the contractor which was grossly negligent or which constituted intentional misconduct.

(2) Applicability

This subsection shall apply only with respect to a response action carried out under written agreement with—

(A) the President;

(B) any Federal agency;

(C) a State or political subdivision which has entered into a contract or cooperative agreement in accordance with section 9604(d)(1) of this title or

(D) any potentially responsible party carrying out any agreement under section 9622 of this title (relating to settlements) or section 9606 of this title (relating to abatement).

(3) Source of funding

This subsection shall not be subject to section 1301 or 1341 of title 31 or section 6301(a) and (b) of title 41 or to section 9602 of this title. For purposes of section 9611 of this title, amounts expended pursuant to this subsection for indemnification of any response action contractor (except with respect to federally owned or operated facilities) shall be considered governmental response costs incurred pursuant to section 9604 of this title. If sufficient funds are unavailable in the Hazardous Substance Superfund established under subchapter A of chapter 98 of title 26 to make payments pursuant to such indemnification or if the Fund is repealed, there are authorized to be appropriated such amounts as may be necessary to make such payments.

(4) Requirements

An indemnification agreement may be provided under this subsection only if the President determines that each of the following requirements are met:

(A) The liability covered by the indemnification agreement exceeds or is not covered by insurance available, at a fair and reasonable price, to the contractor at the time the contractor enters into the contract to provide response action, and adequate insurance to cover such liability is not generally available at the time the response action contract is entered into.

(B) The response action contractor has made diligent efforts to obtain insurance coverage from non-Federal sources to cover such liability.

(C) In the case of a response action contract covering more than one facility, the response action contractor agrees to continue to make such diligent efforts each time the contractor begins work under the contract at a new facility.

(5) Limitations

(A) Liability covered

Indemnification under this subsection shall apply only to response action contractor liability which results from a release of any hazardous substance or pollutant or contaminant if such release arises out of response action activities.

(B) Deductibles and limits

An indemnification agreement under this subsection shall include deductibles and shall place limits on the amount of indemnification to be made available.
§ 9619  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 7302

(C) Contracts with potentially responsible parties
(i) Decision to indemnify
In deciding whether to enter into an indemnification agreement with a response action contractor carrying out a written contract or agreement with any potentially responsible party, the President shall determine an amount which the potentially responsible party is able to indemnify the contractor. The President may enter into such an indemnification agreement only if the President determines that such amount of indemnification is inadequate to cover any reasonable potential liability of the contractor arising out of the contractor’s negligence in performing the contract or agreement with such party. The President shall make the determinations in the preceding sentences (with respect to the amount and the adequacy of the amount) taking into account the total net assets and resources of potentially responsible parties with respect to the facility at the time of such determinations.

(ii) Conditions
The President may pay a claim under an indemnification agreement referred to in clause (i) only if the contractor has exhausted all administrative, judicial, and common law claims for indemnification against all potentially responsible parties participating in the clean-up of the facility with respect to the liability of the contractor arising out of the contractor’s negligence in performing the contract or agreement with such party. Such indemnification agreement shall require such contractor to pay any deductible established under subparagraph (B) before the contractor may recover any amount from the potentially responsible party or under the indemnification agreement.

(D) RCRA facilities
No owner or operator of a facility regulated under the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.] may be indemnified under this subsection with respect to such facility.

(E) Persons retained or hired
A person retained or hired by a person described in subsection (e)(2)(B) shall be eligible for indemnification under this subsection only if the President specifically approves of the retaining or hiring of such person.

(6) Cost recovery
For purposes of section 9607 of this title, amounts expended pursuant to this subsection for indemnification of any person who is a response action contractor with respect to any release or threatened release shall be considered a cost of response incurred by the United States Government with respect to such release.

(7) Regulations
The President shall promulgate regulations for carrying out the provisions of this subsection. Before promulgation of the regulations, the President shall develop guidelines to carry out this section. Development of such guidelines shall include reasonable opportunity for public comment.

(8) Study
The Comptroller General shall conduct a study in the fiscal year ending September 30, 1989, on the application of this subsection, including whether indemnification agreements under this subsection are being used, the number of claims that have been filed under such agreements, and the need for this subsection. The Comptroller General shall report the findings of the study to Congress no later than September 30, 1989.

(d) Exception
The exemption provided under subsection (a) and the authority of the President to offer indemnification under subsection (c) shall not apply to any person covered by the provisions of paragraph (1), (2), (3), or (4) of section 9607(a) of this title with respect to the release or threatened release concerned if such person would be covered by such provisions even if such person had not carried out any actions referred to in subsection (e) of this section.

(e) Definitions
For purposes of this section—
(1) Response action contract
The term “response action contract” means any written contract or agreement entered into by a response action contractor (as defined in paragraph (2)(A) of this subsection) with—
(A) the President;
(B) any Federal agency;
(C) a State or political subdivision which has entered into a contract or cooperative agreement in accordance with section 9604(d)(1) of this title; or
(D) any potentially responsible party carrying out an agreement under section 9606 or 9622 of this title;

to provide any remedial action under this chapter at a facility listed on the National Priorities List, or any removal under this chapter, with respect to any release or threatened release of a hazardous substance or pollutant or contaminant from the facility or to provide any evaluation, planning, engineering, surveying and mapping, design, construction, equipment, or any ancillary services thereto for such facility.

(2) Response action contractor
The term “response action contractor” means—
(A) any—
(i) person who enters into a response action contract with respect to any release or threatened release of a hazardous substance or pollutant or contaminant from a facility and is carrying out such contract; and
(ii) person, public or nonprofit private entity, conducting a field demonstration

1So in original. The word “and” probably should not appear.
pursuant to section 9660(b) of this title; and

(iii) Recipients of grants (including subgrantees) under section 9660a of this title for the training and education of workers who are or may be engaged in activities related to hazardous waste removal, containment, or emergency response under this chapter; and

(B) any person who is retained or hired by a person described in subparagraph (A) to provide any services relating to a response action; and

(C) any surety who after October 16, 1990, provides a bid, performance or payment bond to a response action contractor, and begins activities to meet its obligations under such bond, but only in connection with such activities or obligations.

(3) Insurance

The term ‘insurance’ means liability insurance which is fair and reasonably priced, as determined by the President, and which is made available at the time the contractor enters into the response action contract to provide response action.

(f) Competition

Response action contractors and subcontractors for program management, construction management, architectural and engineering, surveying and mapping, and related services shall be selected in accordance with title IX of the Federal Property and Administrative Services Act of 1949. The Federal selection procedures shall apply to appropriate contracts negotiated by all Federal governmental agencies involved in carrying out this chapter. Such procedures shall be followed by response action contractors and subcontractors.

(g) Surety bonds

(1) If under sections 3131 and 3133 of title 40, surety bonds are required for any direct Federal procurement of any response action contract and are not waived pursuant to section 3134 of title 40, they shall be issued in accordance with sections 3131 and 3133 of title 40.

(2) If under applicable Federal law surety bonds are required for any direct Federal procurement of any response action contract, no right of action shall accrue on the performance bond issued on such response action contract to or for the use of any person other than the obligee named in the bond.

(3) If under applicable Federal law surety bonds are required for any direct Federal procurement of any response action contract, unless otherwise provided for by the procuring agency in the bond, in the event of a default, the surety’s liability on a performance bond shall be only for the cost of completion of the contract work in accordance with the plans and specifications less the balance of funds remaining to be paid under the contract, up to the penal sum of the bond. The surety shall in no event be liable on bonds to indemnify or compensate the obligee for loss or liability arising from personal injury or property damage whether or not caused by a breach of the bonded contract.

(4) Nothing in this subsection shall be construed as preempting, limiting, superseding, affecting, applying to, or modifying any State or local laws, regulations, rules, procedures or ordinances. Nothing in this subsection shall be construed as affecting, applying to, modifying, limiting, superseding, or preempting any rights, authorities, liabilities, demands, actions, causes of action, losses, judgments, claims, statutes of limitation, or obligations under Federal or State law, which do not arise on or under the bond.

(5) This subsection shall not apply to bonds executed before October 17, 1990.

This chapter, referred to in subsecs. (b)(1), (e)(1), (f)(1)(A)(ii), (A)(iii), and (f), was in the original ‘‘this Act’’, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

The Solid Waste Disposal Act, referred to in subsec. (c)(5)(D), is title II of Pub. L. 98–272, Oct. 28, 1984, 98 Stat. 1111, which is classified to chapter 10 of former Title 40, Public Buildings, Property, and Works. For disposition of sections of this Act to the Code, see Tables preceding section 9601 of this title and Tables.

Section 9660a of this title, referred to in subsec. (e)(2)(A)(ii), was in the original ‘‘section 128’’ probably meaning section 128 of Pub. L. 99–499, title I, Oct. 17, 1986, 100 Stat. 1705, which is classified to chapter 11 (§ 1101 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

In subsec. (g)(1), ‘‘sections 3131 and 3133 of title 40’’ substituted for ‘‘the Act of August 24, 1935 (40 U.S.C. 270a–270d), commonly referred to as the ‘Miller Act’’ and for ‘‘such Act of August 24, 1935’’ and ‘‘section 3134 of title 40’’ substituted for ‘‘the Act of April 29, 1941 (40 U.S.C. 11)’’.
§ 9620. Federal facilities

(a) Application of chapter to Federal Government

AMENDMENTS

§ 9620. Federal facilities

(a) Application of chapter to Federal Government

(1) In general

Each department, agency, and instrumentality of the United States (including the executive, legislative, and judicial branches of government) shall be subject to, and comply with, this chapter in the same manner and to the same extent, both procedurally and substantively, as any nongovernmental entity, including liability under section 9007 of this title. Nothing in this chapter shall be construed to require a State to comply with section 9004(c)(3) of this title in the case of a facility which is owned or operated by any department, agency, or instrumentality of the United States.

(b) Notice

Each department, agency, and instrumentality of the United States shall add to the inventory of Federal agency hazardous waste facilities required to be submitted under section 3016 of the Solid Waste Disposal Act [42 U.S.C. 6937] (in addition to the information required under section 3016(a)(3) of such Act [42 U.S.C. 6937(a)(3)]) information on contamination from each facility owned or operated by the department, agency, or instrumentality if such contamination affects contiguous or adjacent property owned by the department, agency, or instrumentality or by any other person, including a description of the monitoring data obtained.

(c) Federal Agency Hazardous Waste Compliance Docket

The Administrator shall establish a special Federal Agency Hazardous Waste Compliance Docket (hereinafter in this section referred to as the “docket”) which shall contain each of the following:

(1) All information submitted under section 3016 of the Solid Waste Disposal Act [42 U.S.C. 6937] and subsection of this section regarding any Federal facility and notice of each subsequent action taken under this chapter with respect to the facility.

(2) Information submitted by each department, agency, or instrumentality of the United States under section 3005 or 3016 of such Act [42 U.S.C. 6925, 6930].

(3) Information submitted by the department, agency, or instrumentality under section 9003 of this title.
The docket shall be available for public inspection at reasonable times. Six months after establishment of the docket and every 6 months thereafter, the Administrator shall publish in the Federal Register a list of the Federal facilities which have been included in the docket during the immediately preceding 6-month period. Such publication shall also indicate where in the appropriate regional office of the Environmental Protection Agency additional information may be obtained with respect to any facility on the docket. The Administrator shall establish a program to provide information to the public with respect to facilities which are included in the docket under this subsection.

(d) Assessment and evaluation

(1) In general

The Administrator shall take steps to assure that a preliminary assessment is conducted for each facility on the docket. Following such preliminary assessment, the Administrator shall, where appropriate—

(A) evaluate such facilities in accordance with the criteria established in accordance with section 9605 of this title under the National Contingency Plan for determining priorities among releases; and

(B) include such facilities on the National Priorities List maintained under such plan if the facility meets such criteria.

(2) Application of criteria

(A) In general

Subject to subparagraph (B), the criteria referred to in paragraph (1) shall be applied in the same manner as the criteria are applied to facilities that are owned or operated by persons other than the United States.

(B) Response under other law

It shall be an appropriate factor to be taken into consideration for the purposes of section 9605(a)(8)(A) of this title that the head of the department, agency, or instrumentality that owns or operates a facility has arranged with the Administrator or appropriate State authorities to respond appropriately, under authority of a law other than this chapter, to a release or threatened release of a hazardous substance.

(3) Completion

Evaluation and listing under this subsection shall be completed in accordance with a reasonable schedule established by the Administrator.

(e) Required action by department

(1) RI/FS

Not later than 6 months after the inclusion of any facility on the National Priorities List, the department, agency, or instrumentality which owns or operates such facility shall, in consultation with the Administrator and appropriate State authorities, commence such an investigation and study for such facility within one year after October 17, 1986. The Administrator and appropriate State authorities shall publish a timetable and deadlines for expeditious completion of such investigation and study.

(2) Commencement of remedial action; interagency agreement

The Administrator shall review the results of each investigation and study conducted as provided in paragraph (1). Within 180 days thereafter, the head of the department, agency, or instrumentality concerned shall enter into an interagency agreement with the Administrator for the expeditious completion by such department, agency, or instrumentality of all necessary remedial action at such facility. Substantial continuous physical onsite remedial action shall be commenced at each facility not later than 15 months after completion of the investigation and study. All such interagency agreements, including review of alternative remedial action plans and selection of remedial action, shall comply with the public participation requirements of section 9617 of this title.

(3) Completion of remedial actions

Remedial actions at facilities subject to interagency agreements under this section shall be completed as expeditiously as practicable. Each agency shall include in its annual budget submissions to the Congress a review of alternative agency funding which could be used to provide for the costs of remedial action. The budget submission shall also include a statement of the hazard posed by the facility to human health, welfare, and the environment and identify the specific consequences of failure to begin and complete remedial action.

(4) Contents of agreement

Each interagency agreement under this subsection shall include, but shall not be limited to, each of the following:

(A) A review of alternative remedial actions and selection of a remedial action by the head of the relevant department, agency, or instrumentality and the Administrator or, if unable to reach agreement on selection of a remedial action, selection by the Administrator.

(B) A schedule for the completion of each such remedial action.

(C) Arrangements for long-term operation and maintenance of the facility.

(5) Annual report

Each department, agency, or instrumentality responsible for compliance with this section shall furnish an annual report to the Congress concerning its progress in implementing the requirements of this section. Such reports shall include, but shall not be limited to, each of the following items:

(A) A report on the progress in reaching interagency agreements under this section.

(B) The specific cost estimates and budgetary proposals involved in each interagency agreement.
§ 9620  TITLE 42—THE PUBLIC HEALTH AND WELFARE Page 7306

(C) A brief summary of the public comments regarding each proposed interagency agreement.

(D) A description of the instances in which no agreement was reached.

(E) A report on progress in conducting investigations and studies under paragraph (1).

(F) A report on progress in conducting remedial actions.

(G) A report on progress in conducting remedial action at facilities which are not listed on the National Priorities List.

With respect to instances in which no agreement was reached within the required time period, the department, agency, or instrumentality filing the report under this paragraph shall include in such report an explanation of the reasons why no agreement was reached. The annual report required by this paragraph shall also contain a detailed description on a State-by-State basis of the status of each facility subject to this section, including a description of the hazard presented by each facility, plans and schedules for initiating and completing response action, enforcement status (where appropriate), and an explanation of any postponements or failure to complete response action. Such reports shall also be submitted to the affected States.

(6) Settlements with other parties

If the Administrator, in consultation with the head of the relevant department, agency, or instrumentality of the United States, determines that remedial investigations and feasibility studies or remedial action will be done properly at the Federal facility by another potentially responsible party within the deadlines provided in paragraphs (1), (2), and (3) of this subsection, the Administrator may enter into an agreement with such party under section 9622 of this title (relating to settlements). Following approval by the Attorney General of any such agreement relating to a remedial action, the agreement shall be entered in the appropriate United States district court as a consent decree under section 9606 of this title.

(h) Property transferred by Federal agencies

(1) Notice

After the last day of the 6-month period beginning on the effective date of regulations under paragraph (2) of this subsection, whenever any department, agency, or instrumentality of the United States enters into any contract for the sale or other transfer of real property which is owned by the United States and on which any hazardous substance was stored for one year or more, known to have been released, or disposed of, the head of such department, agency, or instrumentality shall include in such contract notice of the type and quantity of such hazardous substance and notice of the time at which such storage, release, or disposal took place, to the extent such information is available on the basis of a complete search of agency files.

(2) Form of notice; regulations

Notice under this subsection shall be provided in such form and manner as may be provided in regulations promulgated by the Administrator. As promptly as practicable after October 17, 1986, but not later than 18 months after October 17, 1986, and after consultation with the Administrator of the General Services Administration, the Administrator shall promulgate regulations regarding the notice required to be provided under this subsection.

(3) Contents of certain deeds

(A) In general

After the last day of the 6-month period beginning on the effective date of regulations under paragraph (2) of this subsection, in the case of any real property owned by the United States on which any hazardous substance was stored for one year or more, known to have been released, or disposed of, each deed entered into for the transfer of such property by the United States to any other person or entity shall contain—

(i) to the extent such information is available on the basis of a complete search of agency files—

(II) notice of the time at which such storage, release, or disposal took place, and

(III) a description of the remedial action taken, if any;

(ii) a covenant warranting that—

(I) all remedial action necessary to protect human health and the environment with respect to any such substance remaining on the property has been taken before the date of such transfer, and

(II) any additional remedial action found to be necessary after the date of such transfer shall be conducted by the United States; and

(iii) a clause granting the United States access to the property in any case in which remedial action or corrective action is found to be necessary after the date of such transfer.

(b) Pursuant to regulations promulgated by the Administrator, the President may transfer any Federal facility by another potentially responsible party within the deadlines provided in this subsection.

(g) Transfer of authorities

Except for authorities which are delegated by the Administrator to an officer or employee of the Environmental Protection Agency, no authority vested in the Administrator under this section may be transferred, by executive order of the President or otherwise, to any other officer or employee of the United States or to any other person.
(B) Covenant requirements

For purposes of subparagraphs (A)(ii)(I) and (C)(iii), all remedial action described in such subparagraph has been taken if the construction and installation of an approved remedial design has been completed, and the remedy has been demonstrated to the Administrator to be operating properly and successfully. The carrying out of long-term pumping and treating, or operation and maintenance, after the remedy has been demonstrated to the Administrator to be operating properly and successfully does not preclude the transfer of the property. The requirements of subparagraph (A)(ii) shall not apply in any case in which the person or entity to whom the real property is transferred is a potentially responsible party with respect to such property. The requirements of subparagraph (A)(ii) shall not apply in any case in which the transfer of the property occurs or has occurred by means of a lease, without regard to whether the lessee has agreed to purchase the property or whether the duration of the lease is longer than 55 years. In the case of a lease entered into after September 30, 1995, with respect to real property located at an installation approved for closure and realignment under a base closure law, the agency leasing the property, in consultation with the Administrator, shall determine before leasing the property that the property is suitable for lease, that the uses contemplated for the lease are consistent with protection of human health and the environment, and that there are adequate assurances that the United States will take all remedial action referred to in subparagraph (A)(ii) that has not been taken on the date of the lease.

(C) Deferral

(i) In general

The Administrator, with the concurrence of the Governor of the State in which the facility is located (in the case of real property at a Federal facility that is listed on the National Priorities List), or the Governor of the State in which the facility is located (in the case of real property at a Federal facility not listed on the National Priorities List) may defer the requirement of subparagraph (A)(ii)(I) with respect to the property if the Administrator or the Governor, as the case may be, determines that the property is suitable for transfer, based on a finding that—

(I) the property is suitable for transfer for the use intended by the transferee, and the intended use is consistent with protection of human health and the environment;

(II) the deed or other agreement proposed to govern the transfer between the United States and the transferee of the property contains the assurances set forth in clause (I);

(III) the Federal agency requesting deferral has provided notice, by publication in a newspaper of general circulation in the vicinity of the property, of the proposed transfer and of the opportunity for the public to submit, within a period of not less than 30 days after the date of the notice, written comments on the suitability of the property for transfer; and

(IV) the deferral and the transfer of the property will not substantially delay any necessary response action at the property.

(ii) Response action assurances

With regard to a release or threatened release of a hazardous substance for which a Federal agency is potentially responsible under this section, the deed or other agreement proposed to govern the transfer shall contain assurances that—

(I) provide for any necessary restrictions on the use of the property to ensure the protection of human health and the environment;

(II) provide that there will be restrictions on use necessary to ensure that required remedial investigations, response action, and oversight activities will not be disrupted;

(III) provide that all necessary response action will be taken and identify the schedules for investigation and completion of all necessary response action as approved by the appropriate regulatory agency; and

(IV) provide that the Federal agency responsible for the property subject to transfer will submit a budget request to the Director of the Office of Management and Budget that adequately addresses schedules for investigation and completion of all necessary response action, subject to congressional authorizations and appropriations.

(iii) Warranty

When all response action necessary to protect human health and the environment with respect to any substance remaining on the property on the date of transfer has been taken, the United States shall execute and deliver to the transferee an appropriate document containing a warranty that all such response action has been taken, and the making of the warranty shall be considered to satisfy the requirement of subparagraph (A)(ii)(I).

(iv) Federal responsibility

A deferral under this subparagraph shall not increase, diminish, or affect in any manner any rights or obligations of a Federal agency (including any rights or obligations under this section and sections 9606 and 9607 of this title existing prior to transfer) with respect to a property transferred under this subparagraph.

(4) Identification of uncontaminated property

(A) In the case of real property to which this paragraph applies (as set forth in subparagraph (E)), the head of the department, agency, or instrumentality of the United States with jurisdiction over the property shall iden-
§ 9620

The real property shall consist, at a minimum, of a review of each of the following sources of information concerning the current and previous uses of the real property:

(i) A detailed search of Federal Government records pertaining to the property.

(ii) Recorded chain of title documents relative to the property.

(iii) Aerial photographs that may reflect prior uses of the real property and that are reasonably obtainable through State or local government agencies.

(iv) A visual inspection of the real property and any buildings, structures, equipment, pipe, pipeline, or other improvements on the real property, and a visual inspection of properties immediately adjacent to the real property.

(v) A physical inspection of property adjacent to the real property, to the extent permitted by owners or operators of such property.

(vi) Reasonably obtainable Federal, State, and local government records of each adjacent facility where there has been a release of any hazardous substance or any petroleum product or its derivatives, including aviation fuel and motor oil, and which is likely to cause or contribute to a release or threatened release of any hazardous substance or any petroleum product or its derivatives, including aviation fuel and motor oil, on the real property.

(vii) Interviews with current or former employees involved in operations on the real property.

Such identification shall also be based on sampling, if appropriate under the circumstances. The results of the identification shall be provided immediately to the Administrator and State and local government officials and made available to the public.

(B) The identification required under subparagraph (A) is not complete until concurrence, in the form of the identification, is obtained, in the case of real property that is part of a facility on the National Priorities List, from the Administrator, or, in the case of real property that is not part of a facility on the National Priorities List, from the appropriate State official. In the case of a concurrence which is required from a State official, the concurrence is deemed to be obtained if, within 90 days after receiving a request for the concurrence, the State official has not acted (by either concurring or declining to concur) on the request for concurrence.

(C)(i) Except as provided in clauses (ii), (iii), and (iv), the identification and concurrence required under subparagraphs (A) and (B), respectively, shall be made at least 6 months before the termination of operations on the real property.

(ii) In the case of real property described in subparagraph (E)(i)(II) on which operations have been closed or realigned or scheduled for closure or realignment pursuant to a base closure law described in subparagraph (E)(ii)(I) or (E)(ii)(II) by October 19, 1992, the identification and concurrence required under subparagraphs (A) and (B), respectively, shall be made not later than 18 months after October 19, 1992.

(iii) In the case of real property described in subparagraph (E)(i)(II) on which operations are closed or realigned or become scheduled for closure or realignment pursuant to the base closure law described in subparagraph (E)(ii)(II) after October 19, 1992, the identification and concurrence required under subparagraphs (A) and (B), respectively, shall be made not later than 18 months after the date by which a joint resolution disapproving the closure or realignment of the real property under section 2004(b) of such base closure law must be enacted, and such a joint resolution has not been enacted.

(iv) In the case of real property described in subparagraphs (E)(i)(II) on which operations are closed or realigned pursuant to a base closure law described in subparagraph (E)(ii)(III) or (E)(ii)(IV), the identification and concurrence required under subparagraphs (A) and (B), respectively, shall be made not later than 18 months after the date on which the real property is selected for closure or realignment pursuant to such a base closure law.

(D) In the case of the sale or other transfer of any parcel of real property identified under subparagraph (A), the deed entered into for the sale or transfer of such property by the United States to any other person or entity shall contain—

(i) a covenant warranting that any response action or corrective action found to be necessary after the date of such sale or transfer shall be conducted by the United States; and

(ii) a clause granting the United States access to the property in any case in which a response action or corrective action is found to be necessary after such date at such property, or such access is necessary to carry out a response action or corrective action on adjoining property.

(E)(i) This paragraph applies to—

(I) real property owned by the United States and on which the United States plans to terminate Federal Government operations, other than real property described in subclause (II); and

(II) real property that is or has been used as a military installation and on which the United States plans to close or realign military operations pursuant to a base closure law.

(ii) For purposes of this paragraph, the term “base closure law” includes the following:

(III) Section 2687 of title 10.

(IV) Any provision of law authorizing the closure or realignment of a military installation enacted on or after October 19, 1992.

(F) Nothing in this paragraph shall affect, preclude, or otherwise impair the termination of Federal Government operations on real property owned by the United States.

(5) Notification of States regarding certain leases

In the case of real property owned by the United States, on which any hazardous substance or any petroleum product or its derivatives (including aviation fuel and motor oil) was stored for one year or more, known to have been released, or disposed of, and on which the United States plans to terminate Federal Government operations, the head of the department, agency, or instrumentality of the United States with jurisdiction over the property shall notify the State in which the property is located of any lease entered into by the United States that will encumber the property beyond the date of termination of operations on the property. Such notification shall be made before entering into the lease and shall include the length of the lease, the name of person to whom the property is leased, and a description of the uses that will be allowed under the lease of the property and buildings and other structures on the property.

(i) Obligations under Solid Waste Disposal Act

Nothing in this section shall affect or impair the obligation of any department, agency, or instrumentality of the United States to comply with any requirement of the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.] (including corrective action requirements).

(j) National security

(1) Site specific Presidential orders

The President may issue such orders regarding response actions at any specified site or facility of the Department of Energy or the Department of Defense as may be necessary to protect the national security interests of the United States at that site or facility. Such orders may include, where necessary to protect such interests, an exemption from any requirement contained in this subchapter or under title III of the Superfund Amendments and Reauthorization Act of 1986 [42 U.S.C. 9601 et seq.] (including corrective action requirements).

(2) Classified information

Notwithstanding any other provision of law, all requirements of the Atomic Energy Act [42 U.S.C. 2011 et seq.] and all Executive orders concerning the handling of restricted data and national security information, including “need to know” requirements, shall be applicable to any grant of access to classified information under the provisions of this chapter or under title III of the Superfund Amendments and Reauthorization Act of 1986 [42 U.S.C. 9601 et seq.].

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a)(1) to (3), (c)(1), (d)(2)(B), and (j)(2), was in the original “this Act”, meaning Pub. L. 96-510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 2011 of this title and Tables.

Section 2904(b) of such base closure law, referred to in subsec. (h)(4)(C)(iii), means section 2904(b) of Pub. L. 101-510, which is set out as a note under section 2687 of Title 10, Armed Forces.

AMENDMENTS

1996—Subsec. (a)(4). Pub. L. 104-201, §33(b), inserted “or facilities that are the subject of a deferral under subsection (h)(3)(C)” after “‘United States’.”
Subsec. (d). Pub. L. 101-204, §330(2)-(4), designated existing provisions as par. (1), inserted par. heading, substituted "The Administrator" for "Not later than 18 months after October 17, 1988, the Administrator", realigned margins of par. (1) and subpars. (A) and (B), and substituted pars. (2) and (3) for "Such criteria shall be applied in the same manner as the criteria are applied to facilities which are owned or operated by other persons. Evaluation and listing under this subsection shall be completed not later than 30 months after October 17, 1988. Upon the receipt of a petition from the Governor of any State, the Administrator shall make such an evaluation of any facility included in the docket."

Subsec. (h). Pub. L. 101-204, §330(1), redesignated pars. (1) and (2) as pars. (1) and (A), respectively, and redesignated par. (3) as par. (B).

Pub. L. 101-204, §334(a),(6), designated existing provisions as subpar. (B), inserted heading, substituted "For purposes of subparagraphs (A) and (C)" for "For purposes of subparagraph (B)" and, substituted subparagraph (A)(ii) for subparagraph (B) in three places.

Pub. L. 101-204, §334(a),(1)-(5), designated first sentence as subpar. (A), inserted heading, redesignated paragraphs (A) and (B) as (iv) and (C)(iii), respectively, redesignated former subpar. (B) and clauses (i) and (ii) of that subparagraph as cl. (i) of subparagraph (B) and subcl. (I) of clause (ii) of that subparagraph, respectively, redesignated former subparagraph (A) and subdivisions (i) and (ii) of that subparagraph as subparagraph (A) and subcl. (I) of clause (ii) of that subparagraph, respectively, redesignated former subparagraph (C) and subdivisions (i), (ii), (iii) of subparagraph (B), and, realigned margins of such clauses and subclauses.

Pub. L. 104-106, §2384(2), which directed that par. (3) be added in the matter following subpar. (C) by adding at the end, flush to the paragraph margin, the following, was executed by inserting the following provision at the end of the concluding provisions "The requirements of subparagraph (B) shall not apply in any case in which the person or entity to whom the real property is transferred is a potentially responsible party with respect to such property. The requirements of subparagraph (B) shall not apply in any case in which the transfer of the property occurs or has occurred by means of a lease, without regard to whether the leases has agreed to purchase the property or whether the duration of the lease is longer than 55 years. In the case of a lease entered into after September 30, 1995, with respect to real property located at a base closure law, the agency leasing the property, in consultation with the Administrator, shall determine before leasing the property that the property is suitable for lease, that the uses contemplated for the lease are consistent with protection of human health and the environment, and that there are adequate assurances that the United States will take all remedial action referred to in subparagraph (B) that has not been taken on the date of the lease."

Pub. L. 104-106, §2384(1), struck out first sentence of concluding provisions which read as follows: "The requirements of subparagraph (B) shall not apply in any case in which the person or entity to whom the property is transferred is a potentially responsible party with respect to such real property."

Subsec. (h)(4)(A). Pub. L. 104-201, §331, substituted "known to have been released" for "stored for one year or more, known to have been released."

1992—Subsec. (b)(3). Pub. L. 102-426, §4(a), inserted at end "For purposes of subparagraph (B)(1), all remedial action described in such subparagraph has been taken if the construction and installation of an approved remedial design has been completed, and the remedy has been demonstrated to the Administrator to be operating properly and successfully. The carrying out of long-term pumping and treating, or operation and maintenance, after the remedy has been demonstrated to the Administrator to be operating properly and successfully does not preclude the transfer of the property."

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semiannual, or other regular periodic report listed in House Document No. 106-43, which a report required under subsec. (e)(5) of this section is listed as the 5th item on page 151, see section 3003 of Pub. L. 104-66, as amended, and section 1(a)(4) [div. A, §1402(1)] of Pub. L. 106-554, set out as notes under section 1113 of Title 31, Money and Finance.

ENVIRONMENTAL COMPLIANCE NOT AFFECTED BY PUB. L. 114–120

Pub. L. 114–120, title V, §534(a), Feb. 8, 2016, 130 Stat. 75, as amended by Pub. L. 116–92, div. C, title XXXV, §3514(e), Dec. 20, 2019, 133 Stat. 1984, provided that: "After the date on which the Secretary of the Interior conveys land under section 533 of this Act [section 533 of Pub. L. 114–120, 130 Stat. 74, not classified to Code], nothing in this Act [see Tables for classification] or any amendment made by this Act may be construed to affect or limit the application of or obligation to comply with any applicable environmental law, including section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)), with respect to contaminants on such land prior to the date on which the land is conveyed."

IDENTIFICATION OF UNCONTAMINATED PROPERTY AT INSTALLATIONS TO BE CLOSED

Pub. L. 103-160, div. B, title XXIX, §2101, Nov. 30, 1993, 107 Stat. 2352, provided that: "The identification by the Secretary of Defense required under section 120(h)(4)(A) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)(4)(A)), and the concurrence required under section 120(h)(4)(B) of such Act, shall be made not later than the earlier of—\(1\) the date that is 9 months after the date of the submittal, if any, to the transition coordinator for the installation concerned of a specific use proposed for all or a portion of the real property of the installation; or \(2\) the date specified in section 120(h)(4)(C) of such Act."

CONGRESSIONAL FINDINGS

Pub. L. 102-426, §2, Oct. 19, 1992, 106 Stat. 2174, provided that: "The Congress finds the following: \(1\) The closure of certain Federal facilities is having adverse effects on the economies of local communities by eliminating jobs associated with such facilities, and delay in remediation of environmental contamination of real property at such facilities is preventing transfer and private development of such property. \(2\) Each department, agency, or instrumentality of the United States, in cooperation with local communities, should expeditiously identify real property that offers the greatest opportunity for reuse and redevelopment on each facility under the jurisdiction of the department, agency, or instrumentality where operations are terminating. \(3\) Remedial actions, including remedial investigations and feasibility studies, and corrective actions at such Federal facilities should be expedited in a manner to facilitate environmental protection and the sale or transfer of such excess real property for the purpose of mitigating adverse economic effects on the surrounding community. \(4\) Each department, agency, or instrumentality of the United States, in accordance with applicable law, should make available without delay such excess real property. \(5\) In the case of any real property owned by the United States and transferred to another person, the
United States Government should remain responsible for conducting any remedial action or corrective action necessary to protect human health and the environment with respect to any hazardous substance or petroleum product or its derivatives, including aviation fuel and motor oil, that was present on such real property at the time of transfer.

**Applability**

Pub. L. 99–499, title I, § 120(b), Oct. 17, 1986, 100 Stat. 1671, provided that: “Section 120 of CERCLA [42 U.S.C. 9620] shall not apply to any response action or remedial action for which a plan is under development by the Department of Energy on the date of enactment of this Act (Oct. 17, 1986) with respect to facilities—

(1) owned or operated by the United States and subject to the jurisdiction of such Department;

(2) located in St. Charles and St. Louis counties, Missouri, or the city of St. Louis, Missouri, and

(3) published in the National Priorities List. In preparing such plans, the Secretary of Energy shall consult with the Administrator of the Environmental Protection Agency.”

§ 9621. Cleanup standards

(a) Selection of remedial action

The President shall select appropriate remedial actions determined to be necessary to be carried out under section 9604 of this title or secured under section 9606 of this title which are in accordance with this section and, to the extent practicable, the national contingency plan, and which provide for cost-effective response. In evaluating the cost effectiveness of proposed alternative remedial actions, the President shall take into account the total short- and long-term costs of such actions, including the costs of operation and maintenance for the entire period during which such activities will be required.

(b) General rules

(1) Remedial actions in which treatment which permanently and significantly reduces the volume, toxicity or mobility of the hazardous substances, pollutants, and contaminants is a principal element, are to be preferred over remedial actions not involving such treatment. The off-site transport and disposal of hazardous substances or contaminated materials without such treatment should be the least favored alternative remedial action where practicable treatment technologies are available. The President shall conduct an assessment of permanent solutions and alternative treatment technologies or resource recovery technologies that, in whole or in part, will result in a permanent and significant decrease in the toxicity, mobility, or volume of the hazardous substance, pollutant, or contaminant. In making such assessment, the President shall specifically address the long-term effectiveness of various alternatives. In assessing alternative remedial actions, the President shall, at a minimum, take into account:

(A) the long-term uncertainties associated with land disposal;

(B) the goals, objectives, and requirements of the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.];

(C) the persistence, toxicity, mobility, and propensity to bioaccumulate of such hazardous substances and their constituents;

(D) short- and long-term potential for adverse health effects from human exposure;

(E) long-term maintenance costs;

(F) the potential for future remedial action costs if the alternative remedial action in question were to fail; and

(G) the potential threat to human health and the environment associated with excavation, transportation, and disposal, or containment.

The President shall select a remedial action that is protective of human health and the environment, that is cost effective, and that utilizes permanent solutions and alternative treatment technologies or resource recovery technologies to the maximum extent practicable. If the President selects a remedial action involving such reductions was not selected.

(2) The President may select an alternative remedial action meeting the objectives of this subsection whether or not such action has been achieved in practice at any other facility or site that has similar characteristics. In making such a selection, the President may take into account the degree of support for such remedial action by parties interested in such site.

(c) Review

If the President selects a remedial action that results in any hazardous substances, pollutants, or contaminants remaining at the site, the President shall review such remedial action no less often than each 5 years after the initiation of such remedial action to assure that human health and the environment are being protected by the remedial action being implemented. In addition, if upon such review it is the judgment of the President that action is appropriate at such site in accordance with section 9604 or 9606 of this title, the President shall take or require such action. The President shall report to the Congress a list of facilities for which such review is required, the results of all such reviews, and any actions taken as a result of such reviews.

(d) Degree of cleanup

(1) Remedial actions selected under this section or otherwise required or agreed to by the President under this chapter shall attain a degree of cleanup of hazardous substances, pollutants, and contaminants released into the environment and of control of further release at a minimum which assures protection of human health and the environment. Such remedial actions shall be relevant and appropriate under the circumstances presented by the release or threatened release of such substance, pollutant, or contaminant.

(2)(A) With respect to any hazardous substance, pollutant or contaminant that will remain onsite, if—

(i) any standard, requirement, criteria, or limitation under any Federal environmental law, including, but not limited to, the Toxic Substances Control Act [15 U.S.C. 2601 et seq.], the Safe Drinking Water Act [42 U.S.C. 300f et seq.], the Clean Air Act [42 U.S.C. 7401 et seq.], the Clean Water Act [33 U.S.C. 1251 et seq.], the Marine Protection, Research and Sancti-
Situates Act [16 U.S.C. 1431 et seq., 1447 et seq., 33 U.S.C. 1401 et seq., 2801 et seq.], or the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.;] or (ii) any promulgated standard, requirement, criteria, or limitation under a State environmental or facility siting law that is more stringent than any Federal standard, requirement, criteria, or limitation, including each such State standard, requirement, criteria, or limitation contained in a program approved, authorized or delegated by the Administrator under a statute cited in subparagraph (A), and that has been identified to the President by the State in a timely manner.

is legally applicable to the hazardous substance or pollutant or contaminant concerned or is relevant and appropriate under the circumstances of the release or threatened release of such hazardous substance or pollutant or contaminant, the remedial action selected under section 9004 of this title or secured under section 9006 of this title shall require, at the completion of the remedial action, a level or standard of control for such hazardous substance or pollutant or contaminant at least attains such legally applicable or relevant and appropriate standard, requirement, criteria, or limitation. Such remedial action shall require a level or standard of control which at least attains Maximum Contaminant Level Goals established under the Safe Drinking Water Act [42 U.S.C. 300f et seq.] and water quality criteria established under section 304 or 303 of the Clean Water Act [33 U.S.C. 1314, 1313], where such goals or criteria are relevant and appropriate under the circumstances of the release or threatened release.

(B)(1) In determining whether or not any water quality criteria under the Clean Water Act [33 U.S.C. 1251 et seq.] is relevant and appropriate under the circumstances of the release or threatened release, the President shall consider the designated or potential use of the surface or groundwater, the environmental media affected, the purposes for which such criteria were developed, and the latest information available.

(ii) For the purposes of this section, a process for establishing alternate concentration limits to those otherwise applicable for hazardous constituents in groundwater under paragraph (A) may not be used to establish applicable standards under this paragraph if the process assumes a point of human exposure beyond the boundary of the facility, as defined at the conclusion of the remedial investigation and feasibility study, except where—

(I) there are known and projected points of entry of such groundwater into surface water; and

(II) on the basis of measurements or projections, there is or will be no statistically significant increase of such constituents from such groundwater in such surface water at the point of entry or at any point where there is reason to believe accumulation of constituents may occur downstream; and

(III) the remedial action includes enforceable measures that will preclude human exposure to the contaminated groundwater at any point between the facility boundary and all known and projected points of entry of such groundwater into surface water then the assumed point of human exposure may be at such known and projected points of entry.

(C)(i) Clause (ii) of this subparagraph shall be applicable only in cases where, due to the President's selection, in compliance with subsection (b)(1), of a proposed remedial action which does not permanently and significantly reduce the volume, toxicity, or mobility of hazardous substances, pollutants, or contaminants, the proposed disposition of waste generated by or associated with the remedial action selected by the President is land disposal in a State referred to in clause (ii).

(ii) Except as provided in clauses (iii) and (iv), a State standard, requirement, criteria, or limitation (including any State siting standard or requirement) which could effectively result in the statewide prohibition of land disposal of hazardous substances, pollutants, or contaminants shall not apply.

(iii) Any State standard, requirement, criteria, or limitation referred to in clause (ii) shall apply where each of the following conditions is met:

(I) The State standard, requirement, criteria, or limitation is of general applicability and was adopted by formal means.

(II) The State standard, requirement, criteria, or limitation was adopted on the basis of hydrologic, geologic, or other relevant considerations and was not adopted for the purpose of precluding onsite remedial actions or other land disposal for reasons unrelated to protection of human health and the environment.

(III) The State arranges for, and assures payment of the incremental costs of utilizing, a facility for disposition of the hazardous substances, pollutants, or contaminants concerned.

(iv) Where the remedial action selected by the President does not conform to a State standard and the State has initiated a law suit against the Environmental Protection Agency prior to May 1, 1986, to seek to have the remedial action conform to such standard, the President shall conform the remedial action to the State standard. The State shall assure the availability of an offsite facility under such remedial action.

(3) In the case of any removal or remedial action involving the transfer of any hazardous substance or pollutant or contaminant offsite, such hazardous substance or pollutant or contaminant shall only be transferred to a facility which is operating in compliance with sections 3004 and 3005 of the Solid Waste Disposal Act [42 U.S.C. 6924, 6925] (or, where applicable, in compliance with the Toxic Substances Control Act [15 U.S.C. 2601 et seq.] or other applicable Federal law) and all applicable State requirements. Such substance or pollutant or contaminant may be transferred to a land disposal facility only if the President determines that both of the following requirements are met:

(A) The unit to which the hazardous substance or pollutant or contaminant is transferred is not releasing any hazardous waste, or constituent thereof, into the groundwater or surface water or soil.

(B) All such releases from other units at the facility are being controlled by a corrective
action program approved by the Administrator under subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.]. The President shall notify the owner or operator of such facility of determinations under this paragraph.

(4) The President may select a remedial action meeting the requirements of paragraph (1) that does not attain a level or standard of control at least equivalent to a legally applicable or relevant and appropriate standard, requirement, criteria, or limitation as required by paragraph (2) (including subparagraph (B) thereof), if the President finds that—

(A) the remedial action selected is only part of a total remedial action that will attain such level or standard of control when completed;

(B) compliance with such requirement at that facility will result in greater risk to human health and the environment than alternative options;

(C) compliance with such requirements is technically impracticable from an engineering perspective;

(D) the remedial action selected will attain a standard of performance that is equivalent to that required under the otherwise applicable standard, requirement, criteria, or limitation, through use of another method or approach;

(E) with respect to a State standard, requirement, criteria, or limitation, the State has not consistently applied (or demonstrated the intention to consistently apply) the standard, requirement, criteria, or limitation in similar circumstances at other remedial actions within the State; or

(F) in the case of a remedial action to be undertaken solely under section 9604 of this title using the Fund, selection of a remedial action that attains such level or standard of control will not provide a balance between the need for protection of public health and welfare and the environment at the facility under consideration, and the availability of amounts from the Fund to respond to other sites which present or may present a threat to public health or welfare or the environment, taking into consideration the relative immediacy of such threats.

The President shall publish such findings, together with an explanation and appropriate documentation.

(e) Permits and enforcement

(1) No Federal, State, or local permit shall be required for the portion of any removal or remedial action conducted entirely onsite, where such remedial action is selected and carried out in compliance with this section.

(2) A State may enforce any Federal or State standard, requirement, criteria, or limitation to which the remedial action is required to conform under this chapter in the United States district court for the district in which the facility is located. Any consent decree shall require the parties to attempt expeditiously to resolve disagreements concerning implementation of the remedial action informally with the appropriate Federal and State agencies. Where the parties agree, the consent decree may provide for administrative enforcement. Each consent decree shall also contain stipulated penalties for violations of the decree in an amount not to exceed $25,000 per day, which may be enforced by either the President or the State. Such stipulated penalties shall not be construed to impair or affect the authority of the court to order compliance with the specific terms of any such decree.

(f) State involvement

(1) The President shall promulgate regulations providing for substantial and meaningful involvement by each State in initiation, development, and selection of remedial actions to be undertaken in that State. The regulations, at a minimum, shall include each of the following:

(A) State involvement in decisions whether to perform a preliminary assessment and site inspection.

(B) Allocation of responsibility for hazard ranking system scoring.

(C) State concurrence in deleting sites from the National Priorities List.

(D) State participation in the long-term planning process for all remedial sites within the State.

(E) A reasonable opportunity for States to review and comment on each of the following:

(i) The remedial investigation and feasibility study and all data and technical documents leading to its issuance.

(ii) The planned remedial action identified in the remedial investigation and feasibility study.

(iii) The engineering design following selection of the final remedial action.

(iv) Other technical data and reports relating to implementation of the remedy.

(v) Any proposed finding or decision by the President to exercise the authority of subsection (d)(4).

(F) Notice to the State of negotiations with potentially responsible parties regarding the scope of any response action at a facility in the State and an opportunity to participate in such negotiations and, subject to paragraph (2), be a party to any settlement.

(G) Notice to the State and an opportunity to comment on the President’s proposed plan for remedial action as well as on alternative plans under consideration. The President’s proposed decision regarding the selection of remedial action shall be accompanied by a response to the comments submitted by the State, including an explanation regarding any decision under subsection (d)(4) on compliance with promulgated State standards. A copy of such response shall also be provided to the State.

(H) Prompt notice and explanation of each proposed action to the State in which the facility is located.

Prior to the promulgation of such regulations, the President shall provide notice to the State of negotiations with potentially responsible parties regarding the scope of any response action at a facility in the State, and such State may
participate in such negotiations and, subject to paragraph (2), any settlements.

(2)(A) This paragraph shall apply to remedial actions secured under section 9006 of this title. At least 30 days prior to the entering of any consent decree, if the President proposes to select a remedial action that does not attain a legally applicable or relevant and appropriate standard, requirement, criteria, or limitation, the State shall intervene in the action under section 9006 of this title before entry of the consent decree, to seek to have the remedial action so conform. Such intervention shall be a matter of right. The remedial action shall conform to such standard, requirement, criteria, or limitation if the State establishes, on the administrative record, that the finding of the President was not supported by substantial evidence. If the court determines that the remedial action need not conform to such standard, requirement, criteria, or limitation, and the State pays or assures the payment of the additional costs attributable to meeting such standard, requirement, criteria, or limitation, the remedial action shall be so modified and the State may become a signatory to the consent decree.

(B) If the State does not concur in such selection, and the State desires to have the remedial action conform to such standard, requirement, criteria, or limitation, the State shall intervene in the action under section 9006 of this title before entry of the consent decree, to seek to have the remedial action so conform. Such intervention shall be a matter of right. The remedial action shall conform to such standard, requirement, criteria, or limitation if the State establishes, on the administrative record, that the finding of the President was not supported by substantial evidence. If the court determines that the remedial action need not conform to such standard, requirement, criteria, or limitation, and the State pays or assures the payment of the additional costs attributable to meeting such standard, requirement, criteria, or limitation, the remedial action shall be so modified and the State may become a signatory to the decree.

(C) Nothing in this section precludes, and the court shall not enjoin, the Federal agency from taking any remedial action unrelated to or not inconsistent with such standard, requirement, criteria, or limitation.

enacted chapters 32 (§1421 et seq.) and 32A (§1447 et seq.) of Title 16, Conservation, and chapters 27 (§1401 et seq.) and 41 (§2801 et seq.) of Title 33. For complete classification of this Act to the Code, see Short Title note set out under section 1401 of Title 33 and Tables.

**Effective Date**

Pub. L. 99–499, title I, §121(b), Oct. 17, 1986, 100 Stat. 1678, provided that: “With respect to section 121 of CERCLA [this section], as added by this section—

“(1) The requirements of section 121 of CERCLA shall not apply to any remedial action for which the Record of Decision (hereinafter in this section referred to as the ‘ROD’) was signed, or the consent decree was lodged, before date of enactment [Oct. 17, 1986].

“(2) If the ROD was signed, or the consent decree lodged, within the 30-day period immediately following enactment of the Act [Oct. 17, 1986], the Administrator shall certify in writing that the portion of the remedial action covered by the ROD or consent decree complies to the maximum extent practicable with section 121 of CERCLA.

Any ROD signed before enactment of this Act [Oct. 17, 1968] and reopened after enactment of this Act to modify or supplement the selection of remedy shall be subject to the requirements of section 121 of CERCLA.”

**Termination of Reporting Requirements**

For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semiannual, or other regular periodic report listed in House Document No. 103–7 (in which the report under subsec. (c) of this section appears to be the report listed as the 15th item on page 20), see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance.

**§ 9622. Settlements**

(a) Authority to enter into agreements

The President, in his discretion, may enter into an agreement with any person (including the owner or operator of the facility from which a release or substantial threat of release emanates, or any other potentially responsible person), to perform any response action (including any action described in section 9604(b) of this title) if the President determines that such action will be done properly by such person. Whenever practicable and in the public interest, as determined by the President, the President shall act to facilitate agreements under this section that are in the public interest and consistent with the National Contingency Plan in order to expedite effective remedial actions and minimize litigation. If the President decides not to use the procedures in this section, the President shall notify in writing potentially responsible parties at the facility of such decision and the reasons why use of the procedures is inappropriate. A decision of the President to use or not to use the procedures in this section is not subject to judicial review.

(b) Agreements with potentially responsible parties

(1) Mixed funding

An agreement under this section may provide that the President will reimburse the parties to the agreement from the Fund, with interest, for certain costs of actions under the agreement that the parties have agreed to perform but which the President has agreed to finance. In any case in which the President provides such reimbursement, the President shall make all reasonable efforts to recover the amount of such reimbursement under section 9607 of this title or under other relevant authorities.

(2) Reviewability

The President’s decisions regarding the availability of fund financing under this subsection shall not be subject to judicial review under subsection (d).

(3) Retention of funds

If, as part of any agreement, the President will be carrying out any action and the parties will be paying amounts to the President, the President may, notwithstanding any other provision of law, retain and use such amounts for purposes of carrying out the agreement.

(4) Future obligation of Fund

In the case of a completed remedial action pursuant to an agreement described in paragraph (1), the Fund shall be subject to an obligation for subsequent remedial actions at the same facility but only to the extent that such subsequent actions are necessary by reason of the failure of the original remedial action. Such obligation shall be in a proportion equal to, but not exceeding, the proportion contributed by the Fund for the original remedial action. The Fund’s obligation for such future remedial action may be met through Fund expenditures or through payment, following settlement or enforcement action, by parties who were not signatories to the original agreement.

(c) Effect of agreement

(1) Liability

Whenever the President has entered into an agreement under this section, the liability to the United States under this chapter of each party to the agreement, including any future liability to the United States, arising from the release or threatened release that is the subject of the agreement shall be limited as provided in the agreement pursuant to a covenant not to sue in accordance with subsection (f). A covenant not to sue may provide that future liability to the United States of a settling potentially responsible party under the agreement may be limited to the same proportion as that established in the original settlement agreement. Nothing in this section shall limit or otherwise affect the authority of any court to review in the consent decree process under subsection (d) any covenant not to sue contained in an agreement under this section. In determining the extent to which the liability of parties to an agreement shall be limited pursuant to a covenant not to sue, the President shall be guided by the principle that a more complete covenant not to sue shall be provided for a more permanent remedy undertaken by such parties.

(2) Actions against other persons

If an agreement has been entered into under this section, the President may make any action under section 9606 of this title against any person who is not a party to the agree-
ment, once the period for submitting a proposal under subsection (e)(2)(B) has expired. Nothing in this section shall be construed to affect either of the following:

(A) The liability of any person under section 9606 or 9607 of this title with respect to any costs or damages which are not included in the agreement.

(B) The authority of the President to maintain an action under this chapter against any person who is not a party to the agreement.

(d) Enforcement

(1) Cleanup agreements

(A) Consent decree

Whenever the President enters into an agreement under this section with any potentially responsible party with respect to remedial action under section 9606 of this title, following approval of the agreement by the Attorney General, except as otherwise provided in the case of certain administrative settlements referred to in subsection (g), the agreement shall be entered in the appropriate United States district court as a consent decree. The President need not make any finding regarding an imminent and substantial endangerment to the public health or the environment in connection with any such agreement or consent decree.

(B) Effect

The entry of any consent decree under this subsection shall not be construed to be an acknowledgment by the parties that the release or threatened release concerned constitutes an imminent and substantial endangerment to the public health or welfare or the environment. Except as otherwise provided in the Federal Rules of Evidence, the participation by any party in the process under this section shall not be considered an admission of liability for any purpose, and the fact of such participation shall not be admissible in any judicial or administrative proceeding, including a subsequent proceeding under this section.

(C) Structure

The President may fashion a consent decree so that the entering of such decree and compliance with such decree or with any determination or agreement made pursuant to this section shall not be considered an admission of liability for any purpose.

(2) Public participation

(A) Filing of proposed judgment

At least 30 days before a final judgment is entered under paragraph (1), the proposed judgment shall be filed with the court.

(B) Opportunity for comment

The Attorney General shall provide an opportunity to persons who are not named as parties to the action to comment on the proposed judgment before its entry by the court as a final judgment. The Attorney General shall consider, and file with the court, any written comments, views, or allegations relating to the proposed judgment. The Attorney General may withdraw or withhold its consent to the proposed judgment if the comments, views, and allegations concerning the judgment disclose facts or considerations which indicate that the proposed judgment is inappropriate, improper, or inadequate.

(3) 9604(b) agreements

Whenever the President enters into an agreement under this section with any potentially responsible party with respect to action under section 9604(b) of this title, the President shall issue an order or enter into a decree setting forth the obligations of such party. The United States district court for the district in which the release or threatened release occurs may enforce such order or decree.

(e) Special notice procedures

(1) Notice

Whenever the President determines that a period of negotiation under this subsection would facilitate an agreement with potentially responsible parties for taking response action (including any action described in section 9604(b) of this title) and would expedite remedial action, the President shall so notify all such parties and shall provide them with information concerning each of the following:

(A) The names and addresses of potentially responsible parties (including owners and operators and other persons referred to in section 9607(a) of this title), to the extent such information is available.

(B) To the extent such information is available, the volume and nature of substances contributed by each potentially responsible party identified at the facility.

(C) A ranking by volume of the substances at the facility, to the extent such information is available.

The President shall make the information referred to in this paragraph available in advance of notice under this paragraph upon the request of a potentially responsible party in accordance with procedures provided by the President. The provisions of subsection (e) of section 9604 of this title regarding protection of confidential information apply to information provided under this paragraph. Disclosure of information generated by the President under this section to persons other than the Congress, or any duly authorized Committee thereof, is subject to other privileges or protections provided by law, including (but not limited to) those applicable to attorney work product. Nothing contained in this paragraph or in other provisions of this chapter shall be construed, interpreted, or applied to diminish the required disclosure of information under other provisions of this or other Federal or State laws.

(2) Negotiation

(A) Moratorium

Except as provided in this subsection, the President may not commence action under section 9604(a) of this title or take any action under section 9606 of this title for 120 days after providing notice and information
under this subsection with respect to such action. Except as provided in this subsection, the President may not commence a remedial investigation and feasibility study under section 9604(b) of this title for 90 days after providing notice and information under this subsection with respect to such action. The President may commence any additional studies or investigations authorized under section 9604(b) of this title, including remedial design, during the negotiation period.

(B) Proposals

Persons receiving notice and information under paragraph (1) of this subsection with respect to action under section 9606 of this title shall have 60 days from the date of receipt of such notice to make a proposal to the President for undertaking or financing the action under section 9606 of this title. Persons receiving notice and information under paragraph (1) of this subsection with respect to action under section 9604(b) of this title shall have 60 days from the date of receipt of such notice to make a proposal to the President for undertaking or financing the action under section 9606(b) of this title.

(C) Additional parties

If an additional potentially responsible party is identified during the negotiation period or after an agreement has been entered into under this subsection concerning a release or threatened release, the President may bring the additional party into the negotiation or enter into a separate agreement with such party.

(3) Preliminary allocation of responsibility

(A) In general

The President shall develop guidelines for preparing nonbinding preliminary allocations of responsibility. In developing these guidelines the President may include such factors as the President considers relevant, such as: volume, toxicity, mobility, strength of evidence, ability to pay, litigative risks, public interest considerations, precedential value, and inequities and aggravating factors. When it would expedite settlements under this section and remedial action, the President may, after completion of the remedial investigation and feasibility study, provide a nonbinding preliminary allocation of responsibility which allocates percentages of the total cost of response among potentially responsible parties at the facility.

(B) Collection of information

To collect information necessary or appropriate for performing the allocation under subparagraph (A) or for otherwise implementing this section, the President may by subpoena require the attendance and testimony of witnesses and the production of reports, papers, documents, answers to questions, and other information that the President deems necessary. Witnesses shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. In the event of contumacy or failure or refusal of any person to obey any such subpoena, any district court of the United States in which venue is proper shall have jurisdiction to order any such person to comply with such subpoena. Any failure to obey such an order of the court is punishable by the court as a contempt thereof.

(C) Effect

The nonbinding preliminary allocation of responsibility shall not be admissible as evidence in any proceeding, and no court shall have jurisdiction to review the nonbinding preliminary allocation of responsibility. The nonbinding preliminary allocation of responsibility shall not constitute an apportionment or other statement on the divisibility of harm or causation.

(D) Costs

The costs incurred by the President in producing the nonbinding preliminary allocation of responsibility shall be reimbursed by the potentially responsible parties whose offer is accepted by the President. Where an offer under this section is not accepted, such costs shall be considered costs of response.

(E) Decision to reject offer

Where the President, in his discretion, has provided a nonbinding preliminary allocation of responsibility and the potentially responsible parties have made a substantial offer providing for response to the President which he rejects, the reasons for the rejection shall be provided in a written explanation. The President’s decision to reject such an offer shall not be subject to judicial review.

(4) Failure to propose

If the President determines that a good faith proposal for undertaking or financing action under section 9606 of this title has not been submitted within 60 days of the provision of notice pursuant to this subsection, the President may thereafter commence action under section 9606 of this title. If the President determines that a good faith proposal for undertaking or financing action under section 9604(b) of this title has not been submitted within 60 days after the provision of notice pursuant to this subsection, the President may thereafter commence action under section 9604(b) of this title.

(5) Significant threats

Nothing in this subsection shall limit the President’s authority to undertake response or enforcement action regarding a significant threat to public health or the environment within the negotiation period established by this subsection.

(6) Inconsistent response action

When either the President, or a potentially responsible party pursuant to an administrative order or consent decree under this chapter, has initiated a remedial investigation and feasibility study for a particular facility under this chapter, no potentially responsible party may undertake any remedial action at the fa-
Covenant not to sue

(1) Discretionary covenants

The President may, in his discretion, provide any person with a covenant not to sue concerning any liability to the United States under this chapter, including future liability, resulting from a release or threatened release of a hazardous substance addressed by a remedial action, whether that action is onsite or offsite, if each of the following conditions is met:

(A) The covenant not to sue is in the public interest.

(B) The covenant not to sue would expedite response action consistent with the National Contingency Plan under section 9005 of this title.

(C) The person is in full compliance with a consent decree under section 9006 of this title (including a consent decree entered into in accordance with this section) for response to the release or threatened release concerned.

(D) The response action has been approved by the President.

(2) Special covenants not to sue

In the case of any person to whom the President is authorized under paragraph (1) of this subsection to provide a covenant not to sue, for the portion of remedial action—

(A) which involves the transport and secure disposition offsite of hazardous substances in a facility meeting the requirements of sections 6924(c), (d), (e), (f), (g), (m), (o), (p), (u), and (v) and 6925(c) of this title, where the President has rejected a proposed remedial action that is consistent with the National Contingency Plan that does not include such offsite disposition and has thereafter required offsite disposition; or

(B) which involves the treatment of hazardous substances so as to destroy, eliminate, or permanently immobilize the hazardous constituents of such substances, such that, in the judgment of the President, the substances no longer present any current or currently foreseeable future significant risk to public health, welfare or the environment, no byproduct of the treatment or destruction process presents any significant hazard to public health, welfare or the environment, and all byproducts are themselves treated, destroyed, or contained in a manner which assures that such byproducts do not present any current or currently foreseeable future significant risk to public health, welfare or the environment, the President shall provide such person with a covenant not to sue with respect to future liability to the United States under this chapter for a future release or threatened release of hazardous substances from such facility, and a person provided such covenant not to sue shall not be liable to the United States under section 9006 or 9007 of this title with respect to such release or threatened release at a future time.

(3) Requirement that remedial action be completed

A covenant not to sue concerning future liability to the United States shall not take effect until the President certifies that remedial action has been completed in accordance with the requirements of this chapter at the facility that is the subject of such covenant.

(4) Factors

In assessing the appropriateness of a covenant not to sue under paragraph (1) and any condition to be included in a covenant not to sue under paragraph (1) or (2), the President shall consider whether the covenant or condition is in the public interest on the basis of such factors as the following:

(A) The effectiveness and reliability of the remedy, in light of the other alternative remedies considered for the facility concerned.

(B) The nature of the risks remaining at the facility.

(C) The extent to which performance standards are included in the order or decree.

(D) The extent to which the response action provides a complete remedy for the facility, including a reduction in the hazardous nature of the substances at the facility.

(E) The extent to which the technology used in the response action is demonstrated to be effective.

(F) Whether the Fund or other sources of funding would be available for any additional remedial actions that might eventually be necessary at the facility.

(G) Whether the remedial action will be carried out, in whole or in significant part, by the responsible parties themselves.

(5) Satisfactory performance

Any covenant not to sue under this subsection shall be subject to the satisfactory performance by such party of its obligations under the agreement concerned.

(6) Additional condition for future liability

(A) Except for the portion of the remedial action which is subject to a covenant not to sue under paragraph (2) or under subsection (g) (relating to de minimis settlements), a covenant not to sue a person concerning future liability to the United States shall include an exception to the covenant that allows the President to sue such person concerning future liability resulting from the release or threatened release that is the subject of the covenant where such liability arises out of conditions which are unknown at the time the President certifies under paragraph (3) that remedial action has been completed at the facility concerned.

(B) In extraordinary circumstances, the President may determine, after assessment of relevant factors such as those referred to in paragraph (4) and volume, toxicity, mobility, strength of evidence, ability to pay, litigative risks, public interest considerations, precedential value, and inequities and aggravating factors, not to include the exception referred to
in subparagraph (A) if other terms, conditions, or requirements of the agreement containing the covenant not to sue are sufficient to provide all reasonable assurances that public health and the environment will be protected from any future releases at or from the facility.

(C) The President is authorized to include any provisions allowing future enforcement action under section 9606 or 9607 of this title that in the discretion of the President are necessary and appropriate to assure protection of public health, welfare, and the environment.

(g) De minimis settlements

(1) Expedited final settlement

Whenever practicable and in the public interest, as determined by the President, the President shall as promptly as possible reach a final settlement with a potentially responsible party in an administrative or civil action under section 9606 or 9607 of this title if such settlement involves only a minor portion of the response costs at the facility concerned and, in the judgment of the President, the conditions in either of the following subparagraphs (A) or (B) are met:

(A) Both of the following are minimal in comparison to other hazardous substances at the facility:
   (i) The amount of the hazardous substances contributed by that party to the facility.
   (ii) The toxic or other hazardous effects of the substances contributed by that party to the facility.

(B) The potentially responsible party—
   (i) is the owner of the real property on or in which the facility is located;
   (ii) did not conduct or permit the generation, transportation, storage, treatment, or disposal of any hazardous substance at the facility; and
   (iii) did not contribute to the release or threat of release of a hazardous substance at the facility through any action or omission.

This subparagraph (B) does not apply if the potentially responsible party purchased the real property with actual or constructive knowledge that the property was used for the generation, transportation, storage, treatment, or disposal of any hazardous substance.

(2) Covenant not to sue

The President may provide a covenant not to sue with respect to the facility concerned to any party who has entered into a settlement under this subsection unless such a covenant would be inconsistent with the public interest as determined under subsection (f).

(3) Expedited agreement

The President shall reach any such settlement or grant any such covenant not to sue as soon as possible after the President has available the information necessary to reach such a settlement or grant such a covenant.

(4) Consent decree or administrative order

A settlement under this subsection shall be entered as a consent decree or embodied in an administrative order setting forth the terms of the settlement. In the case of any facility where the total response costs exceed $500,000 (excluding interest), if the settlement is embodied as an administrative order, the order may be issued only with the prior written approval of the Attorney General. If the Attorney General or his designee has not approved or disapproved the order within 30 days of this referral, the order shall be deemed to be approved unless the Attorney General and the Administrator have agreed to extend the time. The district court for the district in which the release or threatened release occurs may enforce any such administrative order.

(5) Effect of agreement

A party who has resolved its liability to the United States under this subsection shall not be liable for claims for contribution regarding matters addressed in the settlement. Such settlement does not discharge any of the other potentially responsible parties unless its terms so provide, but it reduces the potential liability of the others by the amount of the settlement.

(6) Settlements with other potentially responsible parties

Nothing in this subsection shall be construed to affect the authority of the President to reach settlements with other potentially responsible parties under this chapter.

(7) Reduction in settlement amount based on limited ability to pay

(A) In general

The condition for settlement under this paragraph is that the potentially responsible party is a person who demonstrates to the President an inability or a limited ability to pay response costs.

(B) Considerations

In determining whether or not a demonstration is made under subparagraph (A) by a person, the President shall take into consideration the ability of the person to pay response costs and still maintain its basic business operations, including consideration of the overall financial condition of the person and demonstrable constraints on the ability of the person to raise revenues.

(C) Information

A person requesting settlement under this paragraph shall promptly provide the President with all relevant information needed to determine the ability of the person to pay response costs.

(D) Alternative payment methods

If the President determines that a person is unable to pay its total settlement amount at the time of settlement, the President shall consider such alternative payment methods as may be necessary or appropriate.

(8) Additional conditions for expedited settlements

(A) Waiver of claims

The President shall require, as a condition for settlement under this subsection, that a
potentially responsible party waive all of the claims (including a claim for contribution under this chapter) that the party may have against other potentially responsible parties for response costs incurred with respect to the facility, unless the President determines that requiring a waiver would be unjust.

(B) Failure to comply

The President may decline to offer a settlement to a potentially responsible party under this subsection if the President determines that the potentially responsible party has failed to comply with any request for access or information or an administrative subpoena issued by the President under this chapter or has impeded or is impeding, through action or inaction, the performance of a response action with respect to the facility.

(C) Responsibility to provide information and access

A potentially responsible party that enters into a settlement under this subsection shall not be relieved of the responsibility to provide any information or access requested in accordance with subsection (e)(3)(B) or section 9604(e) of this title.

(9) Basis of determination

If the President determines that a potentially responsible party is not eligible for settlement under this subsection, the President shall provide the reasons for the determination in writing to the potentially responsible party that requested a settlement under this subsection.

(10) Notification

As soon as practicable after receipt of sufficient information to make a determination, the President shall notify any person that the President determines is eligible under paragraph (1) of the person’s eligibility for an expedited settlement.

(11) No judicial review

A determination by the President under paragraph (7), (8), (9), or (10) shall not be subject to judicial review.

(12) Notice of settlement

After a settlement under this subsection becomes final with respect to a facility, the President shall promptly notify potentially responsible parties at the facility that have not resolved their liability to the United States of the settlement.

(h) Cost recovery settlement authority

(1) Authority to settle

The head of any department or agency with authority to undertake a response action under this chapter pursuant to the national contingency plan may consider, compromise, and settle a claim under section 9607 of this title for costs incurred by the United States Government if the claim has not been referred to the Department of Justice for further action. In the case of any facility where the total response costs exceed $500,000 (excluding interest), any claim referred to in the preceding sentence may be compromised and settled only with the prior written approval of the Attorney General.

(2) Use of arbitration

Arbitration in accordance with regulations promulgated under this subsection may be used as a method of settling claims of the United States where the total response costs for the facility concerned do not exceed $500,000 (excluding interest). After consultation with the Attorney General, the department or agency head may establish and publish regulations for the use of arbitration or settlement under this subsection.

(3) Recovery of claims

If any person fails to pay a claim that has been settled under this subsection, the department or agency head shall request the Attorney General to bring a civil action in an appropriate district court to recover the amount of such claim, plus costs, attorneys’ fees, and interest from the date of the settlement. In such an action, the terms of the settlement shall not be subject to review.

(4) Claims for contribution

A person who has resolved its liability to the United States under this subsection shall not be liable for claims for contribution regarding matters addressed in the settlement. Such settlement shall not discharge any of the other potentially liable persons unless its terms so provide, but it reduces the potential liability of the others by the amount of the settlement.

(i) Settlement procedures

(1) Publication in Federal Register

At least 30 days before any settlement (including any settlement arrived at through arbitration) may become final under subsection (h), or under subsection (g) in the case of a settlement embodied in an administrative order, the head of the department or agency which has jurisdiction over the proposed settlement shall publish in the Federal Register notice of the proposed settlement. The notice shall identify the facility concerned and the parties to the proposed settlement.

(2) Comment period

For a 30-day period beginning on the date of publication of notice under paragraph (1) of a proposed settlement, the head of the department or agency which has jurisdiction over the proposed settlement shall provide an opportunity for persons who are not parties to the proposed settlement to file written comments relating to the proposed settlement.

(3) Consideration of comments

The head of the department or agency shall consider any comments filed under paragraph (2) in determining whether or not to consent to the proposed settlement and may withdraw or withhold consent to the proposed settlement if such comments disclose facts or considerations which indicate the proposed settlement is inappropriate, improper, or inadequate.
(j) Natural resources

(1) Notification of trustee

Where a release or threatened release of any hazardous substance that is the subject of negotiations under this section may have resulted in damages to natural resources under the trusteeship of the United States, the President shall notify the Federal natural resource trustee or consent deceree entered pursuant to an agreement under this section or section 9620 of this title (relating to Federal facilities) or which is a party to an agreement under section 9620 of this title and which fails or refuses to comply with any term or condition of the order, decree or agreement shall be subject to a civil penalty in accordance with section 9609 of this title.

(2) Covenant not to sue

An agreement under this section may contain a covenant not to sue under section 9607(a)(4)(C) of this title for damages to natural resources under the trusteeship of the United States resulting from the release or threatened release of hazardous substances that is the subject of the agreement, but only if the Federal natural resource trustee has agreed in writing to such covenant. The Federal natural resource trustee may agree to such covenant if the potentially responsible party agrees to undertake appropriate actions necessary to protect and restore the natural resources damaged by such release or threatened release of hazardous substances.

(k) Section not applicable to vessels

The provisions of this section shall not apply to releases from a vessel.

(l) Civil penalties

A potentially responsible party which is a party to an administrative order or consent decree entered pursuant to an agreement under this section or section 9620 of this title (relating to Federal facilities) or which is a party to an agreement under section 9620 of this title and which fails or refuses to comply with any term or condition of the order, decree or agreement shall be subject to a civil penalty in accordance with section 9609 of this title.

(m) Applicability of general principles of law

In the case of consent decrees and other settlements under this section (including covenants not to sue), no provision of this chapter shall be construed to preclude or otherwise affect the applicability of general principles of law regarding the setting aside or modification of consent decrees or other settlements.

Amendment by Pub. L. 107–118 not to apply to or in any way affect any settlement lodged in, or judgment issued by, a United States District Court, or any administrative settlement or order entered into or issued by the United States or any State, before Jan. 11, 2002, see section 103 of Pub. L. 107–118, set out as a note under section 9607 of this title.

COORDINATION OF TITLES I TO IV OF PUB. L. 99–499

Any provision of titles I to IV of Pub. L. 99–499, imposing any tax, premium, or fee; establishing any trust fund; or authorizing expenditures from any trust fund, to have no force or effect, see section 531 of Pub. L. 99–499, set out as a note under section 1 of Title 26, Internal Revenue Code.

§ 9623. Reimbursement to local governments

(a) Application

Any general purpose unit of local government for a political subdivision which is affected by a release or threatened release at any facility may apply to the President for reimbursement under this section.

(b) Reimbursement

(1) Temporary emergency measures

The President is authorized to reimburse local community authorities for expenses incurred (before or after October 17, 1986) in carrying out temporary emergency measures necessary to prevent or mitigate injury to human health or the environment associated with the release or threatened release of any hazardous substance or pollutant or contaminant. Such measures may include, where appropriate, security fencing to limit access, response to fires and explosions, and other measures which require immediate response at the local level.

(2) Local funds not supplanted

Reimbursement under this section shall not supplant local funds normally provided for response.

(c) Amount

The amount of any reimbursement to any local authority under subsection (b)(1) may not exceed $25,000 for a single response. The reimbursement under this section with respect to a single facility shall be limited to the units of local government having jurisdiction over the political subdivision in which the facility is located.

(d) Procedure

Reimbursements authorized pursuant to this section shall be in accordance with rules promulgated by the Administrator within one year after October 17, 1986.

§ 9624. Methane recovery

(a) In general

In the case of a facility at which equipment for the recovery or processing (including recirculation of condensate) of methane has been installed, for purposes of this chapter:

(1) The owner or operator of such equipment shall not be considered an “owner or oper-
Subsection (a) does not apply with respect to a release or threatened release of a hazardous substance from a facility described in subsection (a) if either of the following circumstances exist:

1. The release or threatened release was primarily caused by activities of the owner or operator of the equipment described in subsection (a).
2. The owner or operator of such equipment would be covered by paragraph (1), (2), (3), or (4) of subsection (a) of section 9607 of this title with respect to such release or threatened release if he were not the owner or operator of such equipment.

In the case of any release or threatened release referred to in paragraph (1), the owner or operator of the equipment described in subsection (a) shall be liable under this chapter only for costs or damages primarily caused by the activities of such owner or operator.

(b) Exceptions

REFERENCES IN TEXT

This chapter, referred to in text, was in the original "this Act", meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

§ 9625. Section 6921(b)(3)(A)(i) waste

(a) Revision of hazard ranking system

This section shall apply only to facilities which are not included or proposed for inclusion on the National Priorities List and which contain substantial volumes of waste described in section 6921(b)(3)(A)(i) of this title. As expeditiously as practicable, the President shall revise the hazard ranking system in effect under the National Contingency Plan with respect to such facilities in a manner which assures appropriate consideration of each of the following site-specific characteristics of such facilities:

1. The quantity, toxicity, and concentrations of hazardous constituents which are present in such waste and a comparison thereof with other wastes.
2. The extent of, and potential for, release of such hazardous constituents into the environment.
3. The degree of risk to human health and the environment posed by such constituents.

(b) Inclusion prohibited

Until the hazard ranking system is revised as required by this section, the President may not include on the National Priorities List any facility which contains substantial volumes of waste described in section 6921(b)(3)(A)(i) of this title on the basis of an evaluation made principally on the volume of such waste and not on the concentrations of the hazardous constituents of such waste. Nothing in this section shall be construed to affect the President’s authority to include any such facility on the National Priorities List based on the presence of other substances at such facility or to exercise any other authority of this chapter with respect to such other substances.

§ 9626. Indian tribes

(a) Treatment generally

The governing body of an Indian tribe shall be afforded substantially the same treatment as a State with respect to the provisions of section 9603(a) of this title (regarding notification of releases), section 9604(c)(2) of this title (regarding consultation on remedial actions), section 9604(e) of this title (regarding access to information), section 9604(i) of this title (regarding health authorities) and section 9605 of this title (regarding roles and responsibilities under the national contingency plan and submittal of priorities for remedial action, but not including the provision regarding the inclusion of at least one facility per State on the National Priorities List).

(b) Community relocation

Should the President determine that proper remedial action is the permanent relocation of tribal members away from a contaminated site because it is cost effective and necessary to protect their health and welfare, such finding must be concurred in by the affected tribal government before relocation shall occur. The President, in cooperation with the Secretary of the Interior, shall also assure that all benefits of the relocation program are provided to the affected tribe and that alternative land of equivalent value is available and satisfactory to the tribe. Any lands acquired for relocation of tribal members shall be held in trust by the United States for the benefit of the tribe.

(c) Study

The President shall conduct a survey, in consultation with the Indian tribes, to determine the extent of hazardous waste sites on Indian lands. Such survey shall be included within a report which shall make recommendations on the program needs of tribes under this chapter, with particular emphasis on how tribal participation in the administration of such programs can be maximized. Such report shall be submitted to
Congress along with the President’s budget request for fiscal year 1988.

(d) Limitation

Notwithstanding any other provision of this chapter, no action under this chapter by an Indian tribe shall be barred until the later of the following:

1. The applicable period of limitations has expired.
2. 2 years after the United States, in its capacity as trustee for the tribe, gives written notice to the governing body of the tribe that it will not present a claim or commence an action on behalf of the tribe or fails to present a claim or commence an action within the time limitations specified in this chapter.

References in Text
This chapter, referred to in subsecs. (c) and (d), was in the original “this Act”, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

§9627. Recycling transactions

(a) Liability clarification

(1) As provided in subsections (b), (c), (d), and (e), a person who arranged for recycling of recyclable material shall not be liable under sections 9607(a)(3) and 9607(a)(4) of this title with respect to such material.

(2) A determination whether or not any person shall be liable under section 9607(a)(3) of this title or section 9607(a)(4) of this title for any material that is not a recyclable material as that term is used in subsections (b) and (c), (d), or (e) of this section shall be made, without regard to subsections 1(b), (c), (d), or (e) of this section.

(b) Recyclable material defined

For purposes of this section, the term “recyclable material” means scrap paper, scrap plastic, scrap glass, scrap textiles, scrap rubber (other than whole tires), scrap metal, or spent lead-acid, spent nickel-cadmium, and other spent batteries, as well as minor amounts of material incident to or adhering to the scrap material as a result of its normal and customary use prior to becoming scrap; except that such term shall not include—

1 Shipping containers of a capacity from 30 liters to 3,000 liters, whether intact or not, having any hazardous substance (but not metal bits and pieces or hazardous substance that form an integral part of the container) contained in or adhering thereto; or

2 Any item of material that contained polychlorinated biphenyls at a concentration in excess of 50 parts per million or any new standard promulgated pursuant to applicable Federal laws.

1 So in original. Probably should be “subsection”.

(c) Transactions involving scrap paper, plastic, glass, textiles, or rubber

Transactions involving scrap paper, scrap plastic, scrap glass, scrap textiles, or scrap rubber (other than whole tires) shall be deemed to be arranging for recycling if the person who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that all of the following criteria were met at the time of the transaction:

1. The recyclable material met a commercial specification grade.
2. A market existed for the recyclable material.
3. A substantial portion of the recyclable material was made available for use as feedstock for the manufacture of a new saleable product.
4. The recyclable material could have been a replacement or substitute for a virgin raw material, or the product to be made from the recyclable material could have been a replacement or substitute for a product made, in whole or in part, from a virgin raw material.
5. For transactions occurring 90 days or more after November 29, 1999, the person exercised reasonable care to determine that the facility where the recyclable material was handled, processed, reclaimed, or otherwise managed by another person (hereinafter in this section referred to as a “consuming facility”) was in compliance with substantive (not procedural or administrative) provisions of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, storage, or other management activities associated with recyclable material.
6. For purposes of this subsection, “reasonable care” shall be determined using criteria that include (but are not limited to) —

(A) the price paid in the recycling transaction;

(B) the ability of the person to detect the nature of the consuming facility’s operations concerning its handling, processing, reclamation, or other management activities associated with recyclable material; and

(C) the result of inquiries made to the appropriate Federal, State, or local environmental agency (or agencies) regarding the consuming facility’s past and current compliance with substantive (not procedural or administrative) provisions of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, storage, or other management activities associated with the recyclable material. For the purposes of this paragraph, a requirement to obtain a permit applicable to the handling, processing, reclamation, or other management activity associated with the recyclable materials shall be deemed to be a substantive provision.

(d) Transactions involving scrap metal

(1) Transactions involving scrap metal shall be deemed to be arranging for recycling if the per-
son who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that at the time of the transaction—

(A) the person met the criteria set forth in subsection (c) with respect to the scrap metal;

(B) the person was in compliance with any applicable regulations or standards regarding the storage, transport, management, or other activities associated with the recycling of scrap metal that the Administrator promulgates under the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.] subsequent to November 29, 1999, and with regard to transactions occurring after the effective date of such regulations or standards; and

(C) the person did not melt the scrap metal prior to the transaction.

(2) For purposes of paragraph (1)(C), melting of scrap metal does not include the thermal separation of 2 or more materials due to differences in their melting points (referred to as “sweating”).

(3) For purposes of this subsection, the term “scrap metal” means bits and pieces of metal parts (e.g., bars, turnings, rods, sheets, wire) or metal pieces that may be combined together with bolts or soldering (e.g., radiators, scrap automobiles, railroad box cars), which when worn or superfluous can be recycled, except for scrap metals that the Administrator excludes from this definition by regulation.

(e) Transactions involving batteries

Transactions involving spent lead-acid batteries, spent nickel-cadmium batteries, or other spent batteries shall be deemed to be arranging for the recycling of recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that at the time of the transaction—

(1) the person met the criteria set forth in subsection (c) with respect to the spent lead-acid batteries, spent nickel-cadmium batteries, or other spent batteries, but the person did not recover the valuable components of such batteries; and

(2)(A) with respect to transactions involving lead-acid batteries, the person was in compliance with applicable Federal environmental regulations or standards, and any amendments thereto, regarding the storage, transport, management, or other activities associated with the recycling of spent lead-acid batteries;

(B) with respect to transactions involving nickel-cadmium batteries, Federal environmental regulations or standards are in effect regarding the storage, transport, management, or other activities associated with the recycling of spent nickel-cadmium batteries, and the person was in compliance with applicable regulations or standards or any amendments thereto; or

(C) with respect to transactions involving other spent batteries, Federal environmental regulations or standards are in effect regarding the storage, transport, management, or other activities associated with the recycling of such batteries, and the person was in compliance with applicable regulations or standards or any amendments thereto.

(f) Exclusions

(1) The exemptions set forth in subsections (c), (d), and (e) shall not apply if—

(A) the person had an objectively reasonable basis to believe at the time of the recycling transaction—

(i) that the recyclable material would not be recycled;

(ii) that the recyclable material would be burned as fuel, or for energy recovery or incineration; or

(iii) for transactions occurring before 90 days after November 29, 1999, that the consuming facility was not in compliance with a substantive (not procedural or administrative) provision of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, or other management activities associated with the recyclable material;

(B) the person had reason to believe that hazardous substances had been added to the recyclable material for purposes other than processing for recycling; or

(C) the person failed to exercise reasonable care with respect to the management and handling of the recyclable material (including adhering to customary industry practices current at the time of the recycling transaction designed to minimize, through source control, contamination of the recyclable material by hazardous substances).

(2) For purposes of this subsection, an objectively reasonable basis for belief shall be determined using criteria that include (but are not limited to) the size of the person’s business, customary industry practices (including customary industry practices current at the time of the recycling transaction designed to minimize, through source control, contamination of the recyclable material by hazardous substances), the price paid in the recycling transaction, and the ability of the person to detect the nature of the consuming facility’s operations concerning its handling, processing, reclamation, or other management activities associated with the recyclable material.

(3) For purposes of this subsection, a requirement to obtain a permit applicable to the handling, processing, reclamation, or other management activities associated with recyclable material shall be deemed to be a substantive provision.

(g) Effect on other liability

Nothing in this section shall be deemed to affect the liability of a person under paragraph (1) or (2) of section 9607(a) of this title.

(h) Regulations

The Administrator has the authority, under section 9615 of this title, to promulgate additional regulations concerning this section.

(i) Effect on pending or concluded actions

The exemptions provided in this section shall not affect any concluded judicial or administra-

Page 7325  TITLE 42—THE PUBLIC HEALTH AND WELFARE  § 9628

tive action or any pending judicial action initiated by the United States prior to November 29, 1999.

(j) Liability for attorney’s fees for certain actions

Any person who commences an action in contribution against a person who is not liable by operation of this section shall be liable to that person for all reasonable costs of defending that action, including all reasonable attorney’s and expert witness fees.

(k) Relationship to liability under other laws

Nothing in this section shall affect—
(1) liability under any other Federal, State, or local statute or regulation promulgated pursuant to any such statute, including any requirements promulgated by the Administrator under the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.]; or
(2) the ability of the Administrator to promulgate regulations under any other statute, including the Solid Waste Disposal Act.

(l) Limitation on statutory construction

Nothing in this section shall be construed to—
(1) affect any defenses or liabilities of any person to whom subsection (a)(1) does not apply; or
(2) create any presumption of liability against any person to whom subsection (a)(1) does not apply.

REFERENCES IN TEXT

SUPERFUND RECYCLING EQUITY: PURPOSES

“(1) to promote the reuse and recycling of scrap material in furtherance of the goals of waste minimization and natural resource conservation while protecting human health and the environment;

“(2) to create greater equity in the statutory treatment of recycled versus virgin materials; and

“(3) to remove the disincentives and impediments to recycling created as an unintended consequence of the 1980 Superfund liability provisions.”

§ 9628. State response programs

(a) Assistance to States

(1) In general

(A) States

The Administrator may award a grant to a State or Indian tribe that—

(i) has a response program that includes each of the elements, or is taking reasonable steps to include each of the elements, listed in paragraph (2); or

(ii) is a party to a memorandum of agreement with the Administrator for voluntary response programs.

(B) Use of grants by States

(i) In general

A State or Indian tribe may use a grant under this subsection to establish or enhance the response program of the State or Indian tribe.

(ii) Additional uses

In addition to the uses under clause (i), a State or Indian tribe may use a grant under this subsection to—

(I) capitalize a revolving loan fund for brownfield remediation under section 9604(k)(3) of this title;

(II) purchase insurance or develop a risk sharing pool, an indemnity pool, or insurance mechanism to provide financing for response actions under a State response program; or

(III) assist small communities, Indian tribes, rural areas, or disadvantaged areas in carrying out activities described in section 9604(k)(7)(A) of this title with respect to brownfield sites.

(iii) Small communities, Indian tribes, rural areas, and disadvantaged areas

(I) In general

To make grants to States or Indian tribes under clause (ii)(III), the Administrator may use, in addition to amounts available to carry out this subsection, not more than $1,500,000 of the amounts made available to carry out section 9604(k)(7) of this title in each fiscal year.

(II) Limitation

Each grant made under subclause (I) may be not more than $20,000.

(III) Inclusion in other grants

The Administrator may, at the request of a State or Indian tribe, include a grant under this clause in any other grant to the State or Indian tribe made under this subsection.

(iv) Definitions

In this subparagraph:

(I) Disadvantaged area

The term “disadvantaged area” means a community with an annual median household income that is less than 80 percent of the statewide annual median household income, as determined by the President based on the latest available decennial census.

(II) Small community

The term “small community” means a community with a population of not more than 15,000 individuals, as determined by the President based on the latest available decennial census.

(2) Elements

The elements of a State or Indian tribe response program referred to in paragraph (1)(A)(i) are the following:

(A) Timely survey and inventory of brownfield sites in the State.

(B) Oversight and enforcement authorities or other mechanisms, and resources, that are adequate to ensure that—
(i) a response action will—
   (I) protect human health and the environment; and
   (II) be conducted in accordance with applicable Federal and State law; and
(ii) if the person conducting the response action fails to complete the necessary response activities, including operation and maintenance or long-term monitoring activities, the necessary response activities are completed.

(C) Mechanisms and resources to provide meaningful opportunities for public participation, including—
   (i) public access to documents that the State, Indian tribe, or party conducting the cleanup is relying on or developing in making cleanup decisions or conducting site activities;
   (ii) prior notice and opportunity for comment on proposed cleanup plans and site activities; and
   (iii) a mechanism by which—
      (I) a person that is or may be affected by a release or threatened release of a hazardous substance, pollutant, or contaminant at a brownfield site located in the community in which the person works or resides may request the conduct of a site assessment; and
      (II) an appropriate State official shall consider and appropriately respond to a request under subclause (I).

(D) Mechanisms for approval of a cleanup plan, and a requirement for verification by and certification or similar documentation from the State, an Indian tribe, or a licensed site professional to the person conducting a response action indicating that the response is complete.

(3) Funding

There is authorized to be appropriated to carry out this subsection $50,000,000 for each of fiscal years 2019 through 2023.

(b) Enforcement in cases of a release subject to State program

(1) Enforcement

(A) In general

Except as provided in subparagraph (B) and subject to subparagraph (C), in the case of an eligible response site at which—
   (i) there is a release or threatened release of a hazardous substance, pollutant, or contaminant; and
   (ii) a person is conducting or has completed a response action regarding the specific release that is addressed by the response action.

(B) Exceptions

The President may bring an administrative or judicial enforcement action under this chapter during or after completion of a response action described in subparagraph (A) with respect to a release or threatened release at an eligible response site described in that subparagraph if—
   (i) the State requests that the President provide assistance in the performance of a response action;
   (ii) the Administrator determines that contamination has migrated or is likely to migrate across a State line, resulting in the need for further response action to protect human health or the environment, or the President determines that contamination has migrated or is likely to migrate onto property subject to the jurisdiction, custody, or control of a department, agency, or instrumentality of the United States and may impact the authorized purposes of the Federal property;
   (iii) after taking into consideration the response activities already taken, the Administrator determines that—
      (I) a release or threatened release may present an imminent and substantial endangerment to public health or welfare or the environment; and
      (II) additional response actions are likely to be necessary to address, prevent, limit, or mitigate the release or threatened release; or
   (iv) the Administrator, after consultation with the State, determines that information, that on the earlier of the date on which cleanup was approved or completed, was not known by the State, as recorded in documents prepared or relied on in selecting or conducting the cleanup, has been discovered regarding the contamination or conditions at a facility such that the contamination or conditions at the facility present a threat requiring further remediation to protect public health or welfare or the environment. Consultation with the State shall not limit the ability of the Administrator to make this determination.

(C) Public record

The limitations on the authority of the President under subparagraph (A) apply only at sites in States that maintain, update not less than annually, and make available to the public a record of sites, by name and location, at which response actions have been completed in the previous year and are planned to be addressed under the State program that specifically governs response actions for the protection of public health and the environment in the upcoming year. The public record shall identify whether or not the site, on completion of the response action, will be suitable for unrestricted use and, if not, shall identify the institutional controls relied on in the remedy. Each State and tribe receiving financial assistance
under subsection (a) shall maintain and make available to the public a record of sites as provided in this paragraph.

(D) EPA notification

(i) In general
In the case of an eligible response site at which there is a release or threatened release of a hazardous substance, pollutant, or contaminant and for which the Administrator intends to carry out an action that may be barred under subparagraph (A), the Administrator shall—

(I) notify the State of the action the Administrator intends to take; and

(II)(aa) wait 48 hours for a reply from the State under clause (i); or

(bb) if the State fails to reply to the notice or if the Administrator makes a determination under clause (iii), take immediate action under that clause.

(ii) State reply
Not later than 48 hours after a State receives notice from the Administrator under clause (i), the State shall notify the Administrator if—

(I) the release at the eligible response site is or has been subject to a cleanup conducted under a State program; and

(II) the State is planning to abate the release or threatened release, any actions that are planned.

(iii) Immediate Federal action
The Administrator may take action immediately after giving notification under clause (i) without waiting for a State reply under clause (ii) if the Administrator determines that one or more exceptions under subparagraph (B) are met.

(E) Report to Congress
Not later than 90 days after the date of initiation of any enforcement action by the President under clause (ii), (iii), or (iv) of subparagraph (B), the President shall submit to Congress a report describing the basis for the enforcement action, including specific references to the facts demonstrating that enforcement action is permitted under subparagraph (B).

(2) Savings provision

(A) Costs incurred prior to limitations
Nothing in paragraph (1) precludes the President from seeking to recover costs incurred prior to January 11, 2002, or during a period in which the limitations of paragraph (1)(A) were not applicable.

(B) Effect on agreements between States and EPA
Nothing in paragraph (1)—

(i) modifies or otherwise affects a memorandum of agreement, memorandum of understanding, or any similar agreement relating to this chapter between a State agency or an Indian tribe and the Administrator that is in effect on or before January 11, 2002 (which agreement shall remain in effect, subject to the terms of the agreement); or

(ii) limits the discretionary authority of the President to enter into or modify an agreement with a State, an Indian tribe, or any other person relating to the implementation by the President of statutory authorities.

(3) Effective date
This subsection applies only to response actions conducted after February 15, 2001.

(c) Effect on Federal laws
Nothing in this section affects any liability or response authority under any Federal law, including—

(1) this chapter, except as provided in subsection (b);
(2) the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.);
(3) the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.);
(4) the Toxic Substances Control Act (15 U.S.C. 2601 et seq.); and

(5) the Safe Drinking Water Act (42 U.S.C. 300f et seq.).

REFERENCES IN TEXT
This chapter, referred to in subsecs. (b)(1)(A), (B), (2)(B)(i) and (c)(1), was in the original "this Act", meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

The Federal Water Pollution Control Act, referred to in subsec. (c)(3), is act June 30, 1948, ch. 758, 62 Stat. 166, which is classified generally to chapter 53 (§2601 et seq.) of Title 33, Navigation and Navigable Waters. For complete classification of this Act to the Code, see Short Title note set out under section 1251 of Title 33 and Tables.

The Safe Drinking Water Act, referred to in subsec. (c)(5), is title XIV of act July 1, 1948, as added Dec. 16, 1974, Pub. L. 93–523, §2(a), 88 Stat. 1660, which is classified generally to subchapter XII (§300f et seq.) of chapter 6A of this title. For complete classification of this Act to the Code, see Short Title note set out under section 201 of this title and Tables.

AMENDMENTS
Subsec. (a)(3). Pub. L. 115–141, §15, amended par. (3) generally. Prior to amendment, text read as follows:
through 2006.’’

**SUBCHAPTER II—HAZARDOUS SUBSTANCE RESPONSE REVENUE**

**PART A—HAZARDOUS SUBSTANCE RESPONSE TRUST FUND**

**EFFECTIVE DATE OF REPEAL**

**PART B—POST-CLOSURE LIABILITY TRUST FUND**

**EFFECTIVE DATE OF REPEAL**

Pub. L. 99–499, title V, § 514(c), Oct. 17, 1986, 100 Stat. 1767, provided that:

“(1) IN GENERAL.—The amendments made by this section (repealing this section and sections 4681 and 4682 of Title 26, Internal Revenue Code) shall take effect on October 1, 1983.

“(2) WAIVER OF STATUTE OF LIMITATIONS.—If on the date of the enactment of this Act (Oct. 17, 1986) (or at any time within 1 year after such date of enactment) refund or credit of any overpayment of tax resulting from the application of this section is barred by any law or rule of law, refund or credit of such overpayment shall, nevertheless, be made or allowed if claim therefore is filed before the date 1 year after the date of the enactment of this Act.”

**SUBCHAPTER III—MISCELLANEOUS PROVISIONS**

§ 9651. Reports and studies

(a) Implementation experiences; identification and disposal of waste

(1) The President shall submit to the Congress, within four years after December 11, 1980, a comprehensive report on experience with the implementation of this chapter including, but not limited to—

(A) the extent to which the chapter and Fund are effective in enabling Government to respond to threats to public health, and the environment posed by the projected releases which create any such needs;

(B) the record and experience of the Fund in recovering Fund disbursements from liable parties;

(C) the record of State participation in the system of response, liability, and compensation established by this chapter;

(F) the impact of the taxes imposed by subchapter II of this chapter on the Nation’s balance of trade with other countries;

(G) an assessment of the feasibility and desirability of a schedule of taxes which would take into account one or more of the following: the likelihood of a release of a hazardous substance, the degree of hazard and risk of harm to public health, welfare, and the environment resulting from any such release, incentives to proper handling, recycling, incineration, and neutralization of hazardous wastes, and disincentives to improper or illegal handling or disposal of hazardous materials, administrative and reporting burdens on Government and industry, and the extent to which the tax burden falls on the substances and parties which create the problems addressed by this chapter. In preparing the report, the President shall consult with appropriate Federal, State, and local agencies, affected industries and claimants, and such other interested parties as he may find useful. Based upon the analyses and consultation required by this subsection, the President shall also include in the report any recommendations for legislative changes he may deem necessary for the better effectuation of the purposes of this chapter, including but not limited to recommendations concerning authorization levels, taxes, State participation, liability and liability limits, and financial responsibility provisions for the Response Trust Fund and the Post-closure Liability Trust Fund;

(H) an exemption from or an increase in the amount of taxes imposed by section 4661 of title 26 for copper, lead, and zinc oxide, and for feedstocks when used in the manufacture and production of fertilizers, based upon the expenditure experience of the Response Trust Fund;

(1) the economic impact of taxing coal-derived substances and recycled metals.

(2) The Administrator of the Environmental Protection Agency (in consultation with the Secretary of the Treasury) shall submit to the Congress (i) within four years after December 11, 1980, a report identifying additional wastes designated by rule as hazardous after the effective date of this chapter and pursuant to section 3001 of the Solid Waste Disposal Act (42 U.S.C. 6921) and recommendations on appropriate tax rates for such wastes for the Post-closure Liability Trust Fund. The report shall, in addition, recommend a tax rate, considering the quantity and potential danger to human health and the environment posed by the disposal of any wastes

1 See References in Text note below.
which the Administrator, pursuant to subsection 3001(b)(2)(B) and subsection 3001(b)(3)(A) of the Solid Waste Disposal Act of 1980 [42 U.S.C. 6921(b)(2)(B) and 6921(b)(3)(A)], has determined should be subject to regulation under subtitle C of such Act [42 U.S.C. 6921 et seq.], (ii) within three years after December 11, 1980, a report on the necessity for and the adequacy of the revenue raised, in relation to estimated future requirements, of the Post-closure Liability Trust Fund.

(b) Private insurance protection

The President shall conduct a study to determine (1) whether adequate private insurance protection is available on reasonable terms and conditions to the owners and operators of vessels and facilities subject to liability under section 9607 of this title, and (2) whether the market for such insurance is sufficiently competitive to assure purchasers of features such as a reasonable range of deductibles, coinsurance provisions, and exclusions. The President shall submit the results of his study, together with his recommendations, within two years of December 11, 1980, and shall submit an interim report on his study within one year of December 11, 1980.

(c) Regulations respecting assessment of damages to natural resources

(1) The President, acting through Federal officials designated by the National Contingency Plan published under section 9005 of this title, shall study and, not later than two years after December 11, 1980, shall promulgate regulations for the assessment of damages for injury to, destruction of, or loss of natural resources resulting from a release of oil or a hazardous substance for the purposes of this chapter and section 1321(f)(4) and (5) of title 33. Notwithstanding the failure of the President to promulgate the regulations required under this subsection on the required date, the President shall promulgate such regulations not later than 6 months after October 17, 1986.

(2) Such regulations shall specify (A) standard procedures for simplified assessments requiring minimal field observation, including establishing measures of damages based on units of discharge or release or units of affected area, and (B) alternative protocols for conducting assessments in individual cases to determine the type and extent of short- and long-term injury, destruction, or loss. Such regulations shall identify the best available procedures to determine such damages, including both direct and indirect injury, destruction, or loss and shall take into consideration factors including, but not limited to, replacement value, use value, and ability of the ecosystem or resource to recover.

(3) Such regulations shall be reviewed and revised as appropriate every two years.

(d) Issues, alternatives, and policy considerations involving selection of locations for waste treatment, storage, and disposal facilities

The Administrator of the Environmental Protection Agency shall, in consultation with other Federal agencies and appropriate representatives of States and local governments and non-governmental agencies, conduct a study and report to the Congress within two years of December 11, 1980, on the issues, alternatives, and policy considerations involved in the selection of locations for hazardous waste treatment, storage, and disposal facilities. This study shall include—

(A) an assessment of current and projected treatment, storage, and disposal capacity needs and shortfalls for hazardous waste by management category on a State-by-State basis;

(B) an evaluation of the appropriateness of a regional approach to siting and designing hazardous waste management facilities and the identification of hazardous waste management regions, interstate or intrastate, or both, with similar hazardous waste management needs;

(C) solicitation and analysis of proposals for the construction and operation of hazardous waste management facilities by nongovernmental entities, except that no proposal solicited under terms of this subsection shall be analyzed if it involves cost to the United States Government or fails to comply with the requirements of subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.] and other applicable provisions of law;

(D) recommendations on the appropriate balance between public and private sector involvement in the siting, design, and operation of new hazardous waste management facilities;

(E) documentation of the major reasons for public opposition to new hazardous waste management facilities; and

(F) an evaluation of the various options for overcoming obstacles to siting new facilities, including needed legislation for implementing the most suitable option or options.

(e) Adequacy of existing common law and statutory remedies

(1) In order to determine the adequacy of existing common law and statutory remedies in providing legal redress for harm to man and the environment caused by the release of hazardous substances into the environment, there shall be submitted to the Congress a study within twelve months of December 11, 1980.

(2) This study shall be conducted with the assistance of the American Bar Association, the American Law Institute, the Association of American Trial Lawyers, and the National Association of State Attorneys General with the President of each entity selecting three members from each organization to conduct the study. The study chairman and one reporter shall be elected from among the twelve members of the study group.

(3) As part of their review of the adequacy of existing common law and statutory remedies, the study group shall evaluate the following:

(A) the nature, adequacy, and availability of existing remedies under present law in compensating for harm to man from the release of hazardous substances;

(B) the nature of barriers to recovery (particularly with respect to burdens of going forward and of proof and relevancy) and the role such barriers play in the legal system;
(C) the scope of the evidentiary burdens placed on the plaintiff in proving harm from the release of hazardous substances, particularly in light of the scientific uncertainty over causation with respect to—

(i) carcinogens, mutagens, and teratogens, and

(ii) the human health effects of exposure to low doses of hazardous substances over long periods of time;

(D) the nature and adequacy of existing remedies under present law in providing compensation for damages to natural resources from the release of hazardous substances;

(E) the scope of liability under existing law and the consequences, particularly with respect to obtaining insurance, of any changes in such liability;

(F) barriers to recovery posed by existing statutes of limitations.

(4) The report shall be submitted to the Congress with appropriate recommendations. Such recommendations shall explicitly address—

(A) the need for revisions in existing statutory or common law, and

(B) whether such revisions should take the form of Federal statutes or the development of a model code which is recommended for adoption by the States.

(5) The Fund shall pay administrative expenses incurred for the study. No expenses shall be available to pay compensation, except expenses on a per diem basis for the one reporter, but in no case shall the total expenses of the study exceed $300,000.

(f) Modification of national contingency plan

The President, acting through the Administrator of the Environmental Protection Agency, the Secretary of Transportation, the Administrator of the Occupational Safety and Health Administration, and the Director of the National Institute for Occupational Safety and Health shall study and, not later than two years after December 11, 1980, shall modify the national contingency plan to provide for the protection of the health and safety of employees involved in response actions.

(g) Insurability study

(1) Study by Comptroller General

The Comptroller General of the United States, in consultation with the persons described in paragraph (2), shall undertake a study to determine the insurability, and effects on the standard of care, of the liability of each of the following:

(A) Persons who generate hazardous substances: liability for costs and damages under this chapter.

(B) Persons who own or operate facilities: liability for costs and damages under this chapter.

(C) Persons liable for injury to persons or property caused by the release of hazardous substances into the environment.

(2) Consultation

In conducting the study under this subsection, the Comptroller General shall consult with the following:

(A) Representatives of the Administrator.

(B) Representatives of persons described in subparagraphs (A) through (C) of the preceding paragraph.

(C) Representatives of groups or organizations comprised generally of persons adversely affected by releases or threatened releases of hazardous substances and (ii) of groups organized for protecting the interests of consumers.

(D) Representatives of property and casualty insurers.

(E) Representatives of reinsurers.

(F) Persons responsible for the regulation of insurance at the State level.

(3) Items evaluated

The study under this section shall include, among other matters, an evaluation of the following:

(A) Current economic conditions in, and the future outlook for, the commercial market for insurance and reinsurance.

(B) Current trends in statutory and common law remedies.

(C) The impact of possible changes in traditional standards of liability, proof, evidence, and damages on existing statutory and common law remedies.

(D) The effect of the standard of liability and extent of the persons upon whom it is imposed under this chapter on the protection of human health and the environment and on the availability, underwriting, and pricing of insurance coverage.

(E) Current trends, if any, in the judicial interpretation and construction of applicable insurance contracts, together with the degree to which amendments in the language of such contracts and the description of the risks assumed, could affect such trends.

(F) The frequency and severity of a representative sample of claims closed during the calendar year immediately preceding October 17, 1986.

(G) Impediments to the acquisition of insurance or other means of obtaining liability coverage other than those referred to in the preceding subparagraphs.

(H) The effects of the standards of liability and financial responsibility requirements imposed pursuant to this chapter on the cost of, and incentives for, developing and demonstrating alternative and innovative treatment technologies, as well as waste generation minimization.

(4) Submission

The Comptroller General shall submit a report on the results of the study to Congress with appropriate recommendations within 12 months after October 17, 1986.

References in Text

This chapter, referred to in subsections (a)(1)(A), (E), (G), (c)(1), and (g), was in the original “this Act”, meaning

§9652. Effective dates; savings provisions

(a) Unless otherwise provided, all provisions of this chapter shall be effective on December 11, 1980.

(b) Any regulation issued pursuant to any provisions of section 1321 of title 33 which is repealed or superseded by this chapter and which is in effect on the date immediately preceding the effective date of this chapter shall be deemed to be a regulation issued pursuant to the authority of this chapter and shall remain in full force and effect unless or until superseded by new regulations issued thereunder.

(c) Any regulation—

(1) respecting financial responsibility,

(2) issued pursuant to any provision of law repealed or superseded by this chapter, and

(3) in effect on the date immediately preceding the effective date of this chapter shall be deemed to be a regulation issued pursuant to the authority of this chapter and shall remain in full force and effect unless or until superseded by new regulations issued thereunder.

(d) Nothing in this chapter shall affect or modify in any way the obligations or liabilities of any person under other Federal or State law, including common law, with respect to releases of hazardous substances or other pollutants or contaminants. The provisions of this chapter shall not be considered, interpreted, or construed in any way as reflecting a determination, in part or whole, of policy regarding the inapplicability of strict liability, or strict liability doctrines, to activities relating to hazardous substances, pollutants, or contaminants or other such activities.

REFERENCES IN TEXT

This chapter, referred to in subsecs. (a), (b), (c)(2), (3), and (d), was in the original “this Act”, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

EFFECTIVE DATE OF REPEAL

Repeal effective Jan. 1, 1987, see section 511(c) of Pub. L. 99–499, set out as an Effective Date of 1986 Amendment note under section 4611 of Title 26, Internal Revenue Code.

$9654. Applicability of Federal water pollution control funding, etc., provisions

(a) Omitted

(b) One-half of the unobligated balance remaining before December 11, 1980, under subsection (k)1 of section 1321 of title 33 and all

1 See References in Text note below.
§ 9655. Legislative veto of rule or regulation

(a) Transmission to Congress upon promulgation or repromulgation of rule or regulation; disapproval procedures

Notwithstanding any other provision of law, simultaneously with promulgation or repromulgation of any rule or regulation under authority of subchapter I of this chapter, the head of the department, agency, or instrumentality promulgating such rule or regulation shall transmit a copy thereof to the Secretary of the Senate and the Clerk of the House of Representatives. Except as provided in subsection (b) of this section, the rule or regulation shall not become effective, if—

(1) within ninety calendar days of continuous session of Congress after the date of promulgation, both Houses of Congress adopt a concurrent resolution, the matter after the resolving clause of which is as follows: “That Congress disapproves the rule or regulation promulgated by the dealing with the matter of , which rule or regulation was transmitted to Congress on , the blank spaces therein being appropriately filled; or

(2) within sixty calendar days of continuous session of Congress after the date of promulgation, one House of Congress adopts such a concurrent resolution and transmits such resolution to the other House, and such resolution is not disapproved by such other House within thirty calendar days of continuous session of Congress after such transmittal.

(b) Approval; effective dates

If, at the end of sixty calendar days of continuous session of Congress after the date of promulgation of a rule or regulation, no committee of either House of Congress has reported or been discharged from further consideration of a concurrent resolution disapproving the rule or regulation and neither House has adopted such a resolution, the rule or regulation may go into effect immediately. If, within such sixty calendar days, such a committee has reported or been discharged from further consideration of such a resolution, or either House has adopted such a resolution, the rule or regulation may go into effect not sooner than ninety calendar days of continuous session of Congress after such rule is prescribed unless disapproved as provided in subsection (a) of this section.

(c) Sessions of Congress as applicable

For purposes of subsections (a) and (b) of this section—

(1) continuity of session is broken only by an adjournment of Congress sine die; and

(2) the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of thirty, sixty, and ninety calendar days of continuous session of Congress.

(d) Congressional inaction on, or rejection of, resolution of disapproval

Congressional inaction on, or rejection of, a resolution of disapproval shall not be deemed an expression of approval of such rule or regulation.

§ 9656. Transportation of hazardous substances; listing as hazardous material; liability for release

(a) Each hazardous substance which is listed or designated as provided in section 9601(14) of this title shall, within 30 days after October 17, 1986, or at the time of such listing or designation, whichever is later, be listed and regulated as a hazardous material under chapter 51 of title 49.

(b) A common or contract carrier shall be liable under other law in lieu of section 9607 of this title for damages or remedial action resulting from the release of a hazardous substance during the course of transportation which commenced prior to the effective date of the listing and regulation of such substance as a hazardous material under chapter 51 of title 49, or for substances listed pursuant to subsection (a) of this section, prior to the effective date of such listing; Provided, however, That this subsection shall not apply where such a carrier can demonstrate that he did not have actual knowledge of the identity or nature of the substance released.

§ 9657. Separability; contribution

If any provision of this chapter, or the application of any provision of this chapter to any person or circumstance, is held invalid, the application of such provision to other persons or circumstances and the remainder of this chapter shall not be affected thereby. If an administrative settlement under section 9622 of this title has the effect of limiting any person’s right to obtain contribution from any party to such settlement, and if the effect of such limitation would constitute a taking without just compensation in violation of the fifth amendment of the Constitution of the United States, such person shall not be entitled, under other laws of the United States, to recover compensation from the United States for such taking, but in any such case, such limitation on the right to obtain contribution shall be treated as having no force and effect.

REFERENCES IN TEXT

This chapter, referred to in text, was in the original ‘‘this Act’’, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, as amended, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which enacted this chapter, section 6911a of this title, and sections 4611, 4612, 4661, 4662, 4681, and 4682 of Title 26, Internal Revenue Code, amended section 6911 of this title, section 1364 of Title 33, Navigation and Navigable Waters, and section 11901 of Title 49, Transportation, and enacted provisions set out as notes under section 6911 of this title and sections 1 and 4611 of Title 26. For complete classification of this Act to the Code, see Short Title note set out under section 6911 of this title and Tables.

AMENDMENTS

1986—Subsec. (b). Pub. L. 99–499, § 202(b), inserted ‘‘and regulation’’ after ‘‘prior to the effective date of the listing’’.

§ 9658. Actions under State law for damages from exposure to hazardous substances

(a) State statutes of limitations for hazardous substance cases

(1) Exception to State statutes

In the case of any action brought under State law for personal injury, or property damages, which are caused or contributed to by exposure to any hazardous substance, or pollutant or contaminant, released into the environment from a facility, if the applicable limitations period for such action (as specified in the State statute of limitations or under common law) provides a commencement date which is earlier than the federally required commencement date, such period shall commence at the federally required commencement date in lieu of the date specified in such State statute.

(2) State law generally applicable

Except as provided in paragraph (1), the statute of limitations established under State law shall apply in all actions brought under State law for personal injury, or property damages, which are caused or contributed to by exposure to any hazardous substance, or pollutant or contaminant, released into the environment from a facility.

(3) Actions under section 9607

Nothing in this section shall apply with respect to any cause of action brought under section 9607 of this title.

(b) Definitions

As used in this section—

(1) Subchapter I terms

The terms used in this section shall have the same meaning as when used in subchapter I of this chapter.

(2) Applicable limitations period

The term ‘‘applicable limitations period’’ means the period specified in a statute of limitations during which a civil action referred to in subsection (a)(1) may be brought.

(3) Commencement date

The term ‘‘commencement date’’ means the date specified in a statute of limitations as the beginning of the applicable limitations period.

(4) Federally required commencement date

(A) In general

Except as provided in subparagraph (B), the term ‘‘federally required commencement date’’ means the date the plaintiff knew (or reasonably should have known) that the personal injury or property damages referred to in subsection (a)(1) were caused or contributed to by the hazardous substance or pollutant or contaminant concerned.

(B) Special rules

In the case of a minor or incompetent plaintiff, the term ‘‘federally required commencement date’’ means the later of the date referred to in subparagraph (A) or the following:

(i) In the case of a minor, the date on which the minor reaches the age of majority, as determined by State law, or has a legal representative appointed.

(ii) In the case of an incompetent individual, the date on which such individual becomes competent or has had a legal representative appointed.

§ 9659. Citizens suits

(a) Authority to bring civil actions

Except as provided in subsections (d) and (e) of this section and in section 9613(h) of this title (relating to timing of judicial review), any person may commence a civil action on his own behalf—

(1) against any person (including the United States and any other governmental instrumentality or agency, to the extent permitted by the eleventh amendment to the Constitution) who is alleged to be in violation of any standard, regulation, condition, requirement, or order which has become effective pursuant to this chapter (including any provision of an agreement under section 9620 of this title, relating to Federal facilities); or

(2) against the President or any other officer of the United States (including the Administrator of the Environmental Protection Agency and the Administrator of the ATSDR) where there is alleged a failure of the President or of such other officer to perform any act or duty under this chapter, including an act or duty under section 9620 of this title (relating to Federal facilities), which is not discretionary with the President or such other officer.

Paragraph (2) shall not apply to any act or duty under the provisions of section 9660 of this title (relating to research, development, and demonstration).

(b) Venue

(1) Actions under subsection (a)(1)

Any action under subsection (a)(1) shall be brought in the district court for the district in which the alleged violation occurred.

(2) Actions under subsection (a)(2)

Any action brought under subsection (a)(2) may be brought in the United States District Court for the District of Columbia.

(c) Relief

The district court shall have jurisdiction in actions brought under subsection (a)(1) to enforce the standard, regulation, condition, requirement, or order concerned (including any provision of an agreement under section 9620 of this title), to order such action as may be necessary to correct the violation, and to impose any civil penalty provided for the violation. The district court shall have jurisdiction in actions brought under subsection (a)(2) to order the President or other officer to perform the act or duty concerned.

(d) Rules applicable to subsection (a)(1) actions

(1) Notice

No action may be commenced under subsection (a)(1) before 60 days after the plaintiff has given notice of the violation to each of the following:

(A) The President.

(B) The President in which the alleged violation occurs.

(C) Any alleged violator of the standard, regulation, condition, requirement, or order concerned (including any provision of an agreement under section 9620 of this title).

Notice under this paragraph shall be given in such manner as the President shall prescribe by regulation.

(2) Diligent prosecution

No action may be commenced under paragraph (1) of subsection (a) if the President has commenced and is diligently prosecuting an action under this chapter, or under the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.) to require compliance with the standard, regulation, condition, requirement, or order concerned (including any provision of an agreement under section 9620 of this title).

(e) Rules applicable to subsection (a)(2) actions

No action may be commenced under paragraph (2) of subsection (a) before the 60th day following the date on which the plaintiff gives notice to the Administrator or other department, agency, or instrumentality that the plaintiff will commence such action. Notice under this subsection shall be given in such manner as the President shall prescribe by regulation.

(f) Costs

The court, in issuing any final order in any action brought pursuant to this section, may award costs of litigation (including reasonable attorney and expert witness fees) to the prevailing or the substantially prevailing party whenever the court determines such an award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security in accordance with the Federal Rules of Civil Procedure.

(g) Intervention

In any action under this section, the United States or the State, or both, if not a party may intervene as a matter of right. For other provisions regarding intervention, see section 9613 of this title.

(h) Other rights

This chapter does not affect or otherwise impair the rights of any person under Federal, State, or common law, except with respect to the timing of review as provided in section 9613(h) of this title or as otherwise provided in section 9618 of this title (relating to actions under State law).

(i) Definitions

The terms used in this section shall have the same meanings as when used in subchapter I.

References in Text

This chapter, referred to in subsections (a), (d)(2), and (h), was in the original “‘This Act’”, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally
§ 9660. Research, development, and demonstration

(a) Hazardous substance research and training

(1) Authorities of Secretary

The Secretary of Health and Human Services (hereinafter in this subsection referred to as the Secretary), in consultation with the Administrator, shall establish and support a basic research and training program (through grants, cooperative agreements, and contracts) consisting of the following:

(A) Basic research (including epidemiologic and ecologic studies) which may include each of the following:

(i) Advanced techniques for the detection, assessment, and evaluation of the effects on human health of hazardous substances.

(ii) Methods to assess the risks to human health presented by hazardous substances.

(iii) Methods and technologies to detect hazardous substances in the environment and basic biological, chemical, and physical methods to reduce the amount and toxicity of hazardous substances.

(B) Training, which may include each of the following:

(i) Short courses and continuing education for State and local health and environment agency personnel and other personnel engaged in the handling of hazardous substances, in the management of facilities at which hazardous substances are located, and in the evaluation of the hazards to human health presented by such facilities.

(ii) Graduate or advanced training in environmental and occupational health and safety and in the public health and engineering aspects of hazardous waste control.

(iii) Graduate training in the geosciences, including hydrogeology, geologic engineering, geophysics, geochemistry, and related fields necessary to meet professional personnel needs in the public and private sectors and to effectuate the purposes of this chapter.

(2) Director of NIEHS

The Director of the National Institute for Environmental Health Sciences shall cooperate fully with the relevant Federal agencies referred to in subparagraph (A) of paragraph (5) in carrying out the purposes of this section.

§ 9660. Research, development, and demonstration

(a) Hazardous substance research and training

(1) Authorities of Secretary

The Secretary of Health and Human Services (hereinafter in this subsection referred to as the Secretary), in consultation with the Administrator, shall establish and support a basic research and training program (through grants, cooperative agreements, and contracts) consisting of the following:

(A) Basic research (including epidemiologic and ecologic studies) which may include each of the following:

(i) Advanced techniques for the detection, assessment, and evaluation of the effects on human health of hazardous substances.

(ii) Methods to assess the risks to human health presented by hazardous substances.

(iii) Methods and technologies to detect hazardous substances in the environment and basic biological, chemical, and physical methods to reduce the amount and toxicity of hazardous substances.

(B) Training, which may include each of the following:

(i) Short courses and continuing education for State and local health and environment agency personnel and other personnel engaged in the handling of hazardous substances, in the management of facilities at which hazardous substances are located, and in the evaluation of the hazards to human health presented by such facilities.

(ii) Graduate or advanced training in environmental and occupational health and safety and in the public health and engineering aspects of hazardous waste control.

(iii) Graduate training in the geosciences, including hydrogeology, geologic engineering, geophysics, geochemistry, and related fields necessary to meet professional personnel needs in the public and private sectors and to effectuate the purposes of this chapter.

(2) Director of NIEHS

The Director of the National Institute for Environmental Health Sciences shall cooperate fully with the relevant Federal agencies referred to in subparagraph (A) of paragraph (5) in carrying out the purposes of this section.

(3) Recipients of grants, etc.

A grant, cooperative agreement, or contract may be made or entered into under paragraph (1) with an accredited institution of higher education. The institution may carry out the research or training under the grant, cooperative agreement, or contract through contracts, including contracts with any of the following:

(A) Generators of hazardous wastes.

(B) Persons involved in the detection, assessment, evaluation, and treatment of hazardous substances.

(C) Owners and operators of facilities at which hazardous substances are located.

(D) State and local governments.

(4) Procedures

In making grants and entering into cooperative agreements and contracts under this subsection, the Secretary shall act through the Director of the National Institute for Environmental Health Sciences. In considering the allocation of funds for training purposes, the Director shall ensure that at least one grant, cooperative agreement, or contract shall be awarded for training described in each of clauses (i), (ii), and (iii) of paragraph (1)(B). Where applicable, the Director may choose to operate training activities in cooperation with the Director of the National Institute for Occupational Safety and Health. The procedures applicable to grants and contracts under title IV of the Public Health Service Act [42 U.S.C. 281 et seq.] shall be followed under this subsection.

(5) Advisory council

To assist in the implementation of this subsection and to aid in the coordination of research and demonstration and training activities funded from the Fund under this section, the Secretary shall appoint an advisory council (hereinafter in this subsection referred to as the “Advisory Council”) which shall consist of representatives of the following:

(A) The relevant Federal agencies.

(B) The chemical industry.

(C) The toxic waste management industry.

(D) Institutions of higher education.

(E) State and local health and environmental agencies.

(F) The general public.

(6) Planning

Within nine months after October 17, 1986, the Secretary, acting through the Director of the National Institute for Environmental Health Sciences, shall issue a plan for the implementation of paragraph (1). The plan shall include priorities for actions under paragraph (1) and include research and training relevant to scientific and technological issues resulting from site specific hazardous substance response experience. The Secretary shall, to the maximum extent practicable, take appropriate steps to coordinate program activities under this plan with the activities of other Federal agencies in order to avoid duplication of effort. The plan shall be consistent with the need for the development of new technologies for meeting the goals of response actions in accordance with the provisions of this chapter. The Advisory Council shall be provided an opportunity to review and comment on the plan and priorities and assist appropriate coordina-
tion among the relevant Federal agencies referred to in subparagraph (A) of paragraph (5).

(b) Alternative or innovative treatment technology research and demonstration program

(1) Establishment

The Administrator is authorized and directed to carry out a program of research, evaluation, testing, development, and demonstration of alternative or innovative treatment technologies (hereinafter in this subsection referred to as the "program") which may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment.

(2) Administration

The program shall be administered by the Administrator, acting through an office of the Office of Solid Waste and Emergency Response and the Office of Research and Development.

(3) Contracts and grants

In carrying out the program, the Administrator is authorized to enter into contracts and cooperative agreements with, and make grants to, persons, public entities, and nonprofit private entities which are exempt from tax under section 501(c)(3) of title 26. The Administrator shall, to the maximum extent possible, enter into appropriate cost sharing arrangements under this subsection.

(4) Use of sites

In carrying out the program, the Administrator may arrange for the use of sites at which a response may be undertaken under section 9604 of this title for the purposes of carrying out research, testing, evaluation, development, and demonstration projects. Each such project shall be carried out under such terms and conditions as the Administrator shall require to assure the protection of human health and the environment and to assure adequate control by the Administrator of the research, testing, evaluation, development, and demonstration activities at the site.

(5) Demonstration assistance

(A) Program components

The demonstration assistance program shall include the following:

(i) The publication of a solicitation and the evaluation of applications for demonstration projects utilizing alternative or innovative technologies.

(ii) The selection of sites which are suitable for the testing and evaluation of innovative technologies.

(iii) The development of detailed plans for innovative technology demonstration projects.

(iv) The supervision of such demonstration projects and the providing of quality assurance for data obtained.

(v) The evaluation of the results of alternative innovative technology demonstration projects and the determination of whether or not the technologies used are effective and feasible.

(B) Solicitation

Within 90 days after October 17, 1986, and no less often than once every 12 months thereafter, the Administrator shall publish a solicitation for innovative or alternative technologies at a stage of development suitable for full-scale demonstrations at sites at which a response action may be undertaken under section 9604 of this title. The purpose of any such project shall be to demonstrate the use of an alternative or innovative treatment technology with respect to hazardous substances or pollutants or contaminants which are located at the site or which are to be removed from the site. The solicitation notice shall prescribe information to be included in the application, including technical and economic data derived from the applicant’s own research and development efforts, and other information sufficient to permit the Administrator to assess the technology’s potential and the types of remedial action to which it may be applicable.

(C) Applications

Any person and any public or private nonprofit entity may submit an application to the Administrator in response to the solicitation. The application shall contain a proposed demonstration plan setting forth how and when the project is to be carried out and such other information as the Administrator may require.

(D) Project selection

In selecting technologies to be demonstrated, the Administrator shall fully review the applications submitted and shall consider at least the criteria specified in paragraph (7). The Administrator shall select or refuse to select a project for demonstration under this subsection within 90 days of receiving the completed application for such project. In the case of a refusal to select the project, the Administrator shall notify the applicant within such 90-day period of the reasons for his refusal.

(E) Site selection

The Administrator shall propose 10 sites at which a response may be undertaken under section 9604 of this title to be the location of any demonstration project under this subsection within 60 days after the close of the public comment period. After an opportunity for notice and public comment, the Administrator shall select such sites and projects. In selecting any such site, the Administrator shall take into account the applicant’s technical data and preferences either for onsite operation or for utilizing the site as a source of hazardous substances or pollutants or contaminants to be treated off-site.

(F) Demonstration plan

Within 60 days after the selection of the site under this paragraph to be the location of a demonstration project, the Administrator shall establish a final demonstration plan for the project, based upon the demonstration plan contained in the application.
for the project. Such plan shall clearly set forth how and when the demonstration project will be carried out.

(G) Supervision and testing

Each demonstration project under this subsection shall be performed by the applicant, or by a person satisfactory to the applicant, under the supervision of the Administrator. The Administrator shall enter into a written agreement with each applicant granting the Administrator the responsibility and authority for testing procedures, quality control, monitoring, and other measurements necessary to determine and evaluate the results of the demonstration project. The Administrator may pay the costs of testing, monitoring, quality control, and other measurements required by the Administrator to determine and evaluate the results of the demonstration project, and the limitations established by subparagraph (J) shall not apply to such costs.

(H) Project completion

Each demonstration project under this subsection shall be completed within such time as is established in the demonstration plan.

(I) Extensions

The Administrator may extend any deadline established under this paragraph by mutual agreement with the applicant concerned.

(J) Funding restrictions

The Administrator shall not provide any Federal assistance for any part of a full-scale field demonstration project under this subsection to any applicant unless such applicant can demonstrate that it cannot obtain appropriate private financing on reasonable terms and conditions sufficient to carry out such demonstration project without such Federal assistance. The total Federal funds for any full-scale field demonstration project under this subsection shall not exceed 50 percent of the total cost of such project estimated at the time of the award of such assistance. The Administrator shall not expend more than $10,000,000 for assistance under the program in any fiscal year and shall not expend more than $3,000,000 for any single project.

(6) Field demonstrations

In carrying out the program, the Administrator shall initiate or cause to be initiated at least 10 field demonstration projects of alternative or innovative treatment technologies at sites at which a response may be undertaken under section 9604 of this title, in fiscal year 1987 and each of the succeeding three fiscal years. If the Administrator determines that 10 field demonstration projects under this subsection cannot be initiated consistent with the criteria set forth in paragraph (7) in any of such fiscal years, the Administrator shall transmit to the appropriate committees of Congress a report explaining the reasons for his inability to conduct such demonstration projects.

(7) Criteria

In selecting technologies to be demonstrated under this subsection, the Administrator shall, consistent with the protection of human health and the environment, consider each of the following criteria:

(A) The potential for contributing to solutions to those waste problems which pose the greatest threat to human health, which cannot be adequately controlled under present technologies, or which otherwise pose significant management difficulties.

(B) The availability of technologies which have been sufficiently developed for field demonstration and which are likely to be cost-effective and reliable.

(C) The availability and suitability of sites for demonstrating such technologies, taking into account the physical, biological, chemical, and geological characteristics of the sites, the extent and type of contamination found at the site, and the capability to conduct demonstration projects in such a manner as to assure the protection of human health and the environment.

(D) The likelihood that the data to be generated from the demonstration project at the site will be applicable to other sites.

(8) Technology transfer

In carrying out the program, the Administrator shall conduct a technology transfer program including the development, collection, evaluation, coordination, and dissemination of information relating to the utilization of alternative or innovative treatment technologies for response actions. The Administrator shall establish and maintain a central reference library for such information. The information maintained by the Administrator shall be made available to the public, subject to the provisions of section 552 of title 5 and section 1905 of title 18, and to other Government agencies in a manner that will facilitate its dissemination; except, that upon a showing satisfactory to the Administrator by any person that any information or portion thereof obtained under this subsection by the Administrator directly or indirectly from such person, would, if made public, divulge—

(A) trade secrets; or

(B) other proprietary information of such person.

the Administrator shall not disclose such information and disclosure thereof shall be punishable under section 1905 of title 18. This subsection is not authority to withhold information from Congress or any committee of Congress upon the request of the chairman of such committee.

(9) Training

The Administrator is authorized and directed to carry out, through the Office of Technology Demonstration, a program of training and an evaluation of training needs for each of the following:

(A) Training in the procedures for the handling and removal of hazardous substances for employees who handle hazardous substances.
(B) Training in the management of facilities at which hazardous substances are located and in the evaluation of the hazards to human health presented by such facilities for State and local health and environment agency personnel.

(10) **Definition**

For purposes of this subsection, the term “alternative or innovative treatment technologies” means those technologies, including proprietary or patented methods, which permanently alter the composition of hazardous waste through chemical, biological, or physical means so as to significantly reduce the toxicity, mobility, or volume (or any combination thereof) of the hazardous waste or contaminated materials being treated. The term also includes technologies that characterize or assess the extent of contamination, the chemical and physical character of the contaminants, and the stresses imposed by the contaminants on complex ecosystems at sites.

(c) **Hazardous substance research**

The Administrator may conduct and support, through grants, cooperative agreements, and contracts, research with respect to the detection, assessment, and evaluation of the effects on and risks to human health of hazardous substances and detection of hazardous substances in the environment. The Administrator shall coordinate such research with the Secretary of Health and Human Services, acting through the advisory council established under this section, in order to avoid duplication of effort.

(d) **University hazardous substance research centers**

(1) **Grant program**

The Administrator shall make grants to institutions of higher learning to establish and operate not fewer than 5 hazardous substance research centers in the United States. In carrying out the program under this subsection, the Administrator should seek to have established and operated 10 hazardous substance research centers in the United States.

(2) **Responsibilities of centers**

The responsibilities of each hazardous substance research center established under this subsection shall include, but not be limited to, the conduct of research and training relating to the manufacture, use, transportation, disposal, and management of hazardous substances and publication and dissemination of the results of such research.

(3) **Applications**

Any institution of higher learning interested in receiving a grant under this subsection shall submit to the Administrator an application in such form and containing such information as the Administrator may require by regulation.

(4) **Selection criteria**

The Administrator shall select recipients of grants under this subsection on the basis of the following criteria:

(A) The hazardous substance research center shall be located in a State which is representative of the needs of the region in which such State is located for improved hazardous waste management.

(B) The grant recipient shall be located in an area which has experienced problems with hazardous substance management.

(C) There is available to the grant recipient for carrying out this subsection demonstrated research resources.

(D) The capability of the grant recipient to provide leadership in making national and regional contributions to the solution of both long-range and immediate hazardous substance management problems.

(E) The grant recipient shall make a commitment to support ongoing hazardous substance research programs with budgeted institutional funds of at least $100,000 per year.

(F) The grant recipient shall have an interdisciplinary staff with demonstrated expertise in hazardous substance management and research.

(G) The grant recipient shall have a demonstrated ability to disseminate results of hazardous substance research and educational programs through an interdisciplinary continuing education program.

(H) The projects which the grant recipient proposes to carry out under the grant are necessary and appropriate.

(5) **Maintenance of effort**

No grant may be made under this subsection in any fiscal year unless the recipient of such grant enters into such agreements with the Administrator as the Administrator may require to ensure that such recipient will maintain its aggregate expenditures from all other sources for establishing and operating a regional hazardous substance research center and related research activities at or above the average level of such expenditures in its 2 fiscal years preceding October 17, 1986.

(6) **Federal share**

The Federal share of a grant under this subsection shall not exceed 80 percent of the costs of establishing and operating a regional hazardous substance research center and related research activities carried out by the grant recipient.

(7) **Limitation on use of funds**

No funds made available to carry out this subsection shall be used for acquisition of real property (including buildings) or construction of any building.

(8) **Administration through the Office of the Administrator**

Administrative responsibility for carrying out this subsection shall be in the Office of the Administrator.

(9) **Equitable distribution of funds**

The Administrator shall allocate funds made available to carry out this subsection equitably among the regions of the United States.

(10) **Technology transfer activities**

Not less than five percent of the funds made available to carry out this subsection for any fiscal year shall be available to carry out technology transfer activities.
(e) Report to Congress
At the time of the submission of the annual budget request to Congress, the Administrator shall submit to the appropriate committees of the House of Representatives and the Senate and to the advisory council established under subsection (a), a report on the progress of the research, development, and demonstration program authorized by subsection (b), including an evaluation of each demonstration project completed in the preceding fiscal year, findings with respect to the efficacy of such demonstrated technologies in achieving permanent and significant reductions in risk from hazardous wastes, the costs of such demonstration projects, and the potential applicability of, and projected costs for, such technologies at other hazardous substance sites.

(f) Saving provision
Nothing in this section shall be construed to affect the provisions of the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.].

(g) Small business participation
The Administrator shall ensure, to the maximum extent practicable, an adequate opportunity for small business participation in the program established by subsection (b).

This chapter, referred to in subsec. (a)(1)(B)(iii), (6), was in the original ‘‘this Act’’, meaning Pub. L. 96–510, Dec. 11, 1980, 94 Stat. 2767, known as the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 9601 of this title and Tables.

The Public Health Service Act, referred to in subsec. (a)(4), is act July 1, 1944, ch. 373, 58 Stat. 682. Title IV of the Public Health Service Act is classified generally to subchapter III (§ 281 et seq.) of chapter 6A of this title. For complete classification of this Act to the Code, see section 201 thereof.

AMENDMENTS

METHAMPHETAMINE REMEDIATION RESEARCH
Pub. L. 110–143, Dec. 21, 2007, 121 Stat. 1809, provided that:

‘‘SEC. 1. SHORT TITLE.
‘‘This Act may be cited as the ‘Methamphetamine Remediation Research Act of 2007’.

‘‘SEC. 2. FINDINGS.
‘‘The Congress finds the following:
‘‘(1) Methamphetamine use and production is growing rapidly throughout the United States.

‘‘(2) Materials and residues remaining from the production of methamphetamine pose novel environmental problems in locations where methamphetamine laboratories have been closed.

‘‘(3) There has been little standardization of measures for determining when the site of a closed methamphetamine laboratory has been successfully remediating.

‘‘(4) Initial cleanup actions are generally limited to removal of hazardous substances and contaminated materials that pose an immediate threat to public health or the environment. It is not uncommon for significant levels of contamination to be found throughout residential structures after a methamphetamine laboratory has closed, partially because of a lack of knowledge of how to achieve an effective cleanup.

‘‘(5) Data on methamphetamine laboratory-related contaminants of concern are very limited, and cleanup standards do not currently exist. In addition, procedures for sampling and analysis of contaminants need to be researched and developed.

‘‘(6) Many States are struggling with establishing remediation guidelines and programs to address the rapidly expanding number of methamphetamine laboratories being closed each year.

‘‘SEC. 3. VOLUNTARY GUIDELINES.
‘‘(a) ESTABLISHMENT OF VOLUNTARY GUIDELINES.—Not later than one year after the date of enactment of this Act [Dec. 21, 2007], the Administrator of the Environmental Protection Agency (in this Act referred to as the ‘Administrator’), in consultation with the National Institute of Standards and Technology, shall establish voluntary guidelines, based on the best currently available scientific knowledge, for the remediation of former methamphetamine laboratories, including guidelines regarding preliminary site assessment and the remediation of residual contaminants.

‘‘(b) CONSIDERATIONS.—In developing the voluntary guidelines under subsection (a), the Administrator shall consider, at a minimum—

‘‘(1) relevant standards, guidelines, and requirements found in Federal, State, and local laws and regulations;

‘‘(2) the varying types and locations of former methamphetamine laboratories; and

‘‘(3) the expected cost of carrying out any proposed guidelines.

‘‘(c) STATES.—The voluntary guidelines should be designed to assist State and local governments in the development and the implementation of legislation and other policies to apply state-of-the-art knowledge and research results to the remediation of former methamphetamine laboratories. The Administrator shall work with State and local governments and other relevant non-Federal agencies and organizations, including through the conference described in section 5, to promote and encourage the appropriate adoption of the voluntary guidelines.

‘‘(d) UPDATING THE GUIDELINES.—The Administrator shall periodically update the voluntary guidelines as the Administrator, in consultation with States and other interested parties, determines to be necessary and appropriate to incorporate research findings and other new knowledge.

‘‘SEC. 4. RESEARCH PROGRAM.
‘‘The Administrator shall establish a program of research to support the development and revision of the voluntary guidelines described in section 3. Such research shall—

‘‘(1) identify methamphetamine laboratory-related chemicals of concern;

‘‘(2) assess the types and levels of exposure to chemicals of concern identified under paragraph (1), including routine and incidental exposures, that may present a significant risk of adverse biological effects, and the research necessary to better address biological effects and to minimize adverse human exposure;
“(3) evaluate the performance of various methamphetamine laboratory cleanup and remediation techniques; and

“(4) support other research priorities identified by the Administrator in consultation with States and other interested parties.

“SEC. 5. TECHNOLOGY TRANSFER CONFERENCE.

“(a) CONFERENCE.—Not later than 90 days after the date of enactment of this Act [Dec. 21, 2007], and at least every third year thereafter, the Administrator shall convene a conference of appropriate State agencies, as well as individuals or organizations involved in research and other activities directly related to the environmental, or biological impacts of former methamphetamine laboratories. The conference should be a forum for the Administrator to provide information on the guidelines developed under section 3 and on the latest findings from the research program described in section 4, and for the non-Federal participants to provide information on the problems and needs of States and localities and their experience with guidelines developed under section 3.

“(b) REPORT.—Not later than 3 months after each conference, the Administrator shall submit a report to the Congress that summarizes the proceedings of the conference, including a summary of any recommendations or concerns raised by the non-Federal participants and how the Administrator intends to respond to them. The report shall also be made widely available to the general public.

“SEC. 6. RESIDUAL EFFECTS STUDY.

“(a) STUDY.—Not later than 6 months after the date of enactment of this Act [Dec. 21, 2007], the Administrator shall enter into an arrangement with the National Academy of Sciences for a study of the status and quality of research on the residual effects of methamphetamine laboratories. The study shall identify research gaps and recommend an agenda for the research program described in section 4. The study shall pay particular attention to the need for research on the impacts of methamphetamine laboratories on—

“(1) the residents of buildings where such laboratories are, or were, located, with particular emphasis given to biological impacts on children; and

“(2) first responders.

“(b) REPORT.—Not later than 3 months after the completion of the study, the Administrator shall transmit to Congress a report on how the Administrator will use the results of the study to carry out the activities described in sections 3 and 4.

“SEC. 7. METHAMPHETAMINE DETECTION RESEARCH AND DEVELOPMENT PROGRAM.

“The Director of National Institute of Standards and Technology, in consultation with the Administrator, shall support a research program to develop—

“(1) new methamphetamine detection technologies, with emphasis on field test kits and site detection; and

“(2) appropriate standard reference materials and validation procedures for methamphetamine detection testing.

“SEC. 8. SAVINGS CLAUSE.

“Nothing in this Act shall be construed to affect or limit the application of, or any obligation to comply with, any State or Federal environmental law or regulation, including the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.) and the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.).

“SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

“(a) ENVIRONMENTAL PROTECTION AGENCY.—There are authorized to be appropriated to the Environmental Protection Agency to carry out this Act $750,000 for each of the fiscal years 2007 and 2008.

“(b) NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY.—There are authorized to be appropriated to the National Institute of Standards and Technology to carry out this Act $750,000 for each of the fiscal years 2007 and 2008.

“GULF COAST HAZARDOUS SUBSTANCE RESEARCH, DEVELOPMENT, AND DEMONSTRATION CENTER

“(1) ESTABLISHMENT OF HAZARDOUS SUBSTANCE RESEARCH, DEVELOPMENT, AND DEMONSTRATION CENTER.—The Administrator shall establish a hazardous substance research, development, and demonstration center (hereinafter in this subsection referred to as the ‘Center’) for the purpose of conducting research to aid in more effective hazardous substance response and waste management throughout the Gulf Coast.

“(2) PURPOSES OF THE CENTER.—The Center shall carry out a program of research, evaluation, testing, development, and demonstration of alternative or innovative technologies which may be utilized in response actions or in normal handling of hazardous wastes to achieve better protection of human health and the environment.

“(3) OPERATION OF CENTER.—(A) For purposes of operating the Center, the Administrator is authorized to enter into contracts and cooperative agreements with, and make grants to, a university related institute involved with the improvement of waste management. Such institute shall be located in Jefferson County, Texas.

“(B) The Center shall be authorized to make grants, accept contributions, and enter into agreements with universities located in the States of Texas, Louisiana, Mississippi, Alabama, and Florida in order to carry out the purposes of the Center.

“(4) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Administrator for purposes of carrying out this subsection for fiscal years beginning after September 30, 1986, not more than $5,000,000.

“PACIFIC NORTHWEST HAZARDOUS SUBSTANCE RESEARCH, DEVELOPMENT, AND DEMONSTRATION CENTER

Pub. L. 99–499, title I, §118(c), Oct. 17, 1986, 100 Stat. 1661, provided that:

“(1) ESTABLISHMENT.—The Administrator shall establish a hazardous substance research, development, and demonstration center (hereinafter in this subsection referred to as the ‘Center’) for the purpose of conducting research to aid in more effective hazardous substance response in the Pacific Northwest.

“(2) PURPOSES OF CENTER.—The Center shall carry out a program of research, evaluation, testing, development, and demonstration of alternative or innovative technologies which may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment.

“(3) OPERATION OF CENTER.—(A) NONPROFIT ENTITY.—For the purposes of operating the Center, the Administrator is authorized to enter into contracts and cooperative agreements with, and make grants to, a nonprofit private entity as defined in section 201(i) of Public Law 96–517 (probably means section 201(i) of Title 35, Patents, which was enacted by section 6(a) of Pub. L. 96–517, Dec. 12, 1980, 94 Stat. 3620) which entity shall agree to provide the basic technical and management personnel. Such nonprofit private entity shall also agree to provide at least two permanent research facilities, one of which shall be located in Benton County, Washington, and one of which shall be located in Clallam County, Washington.

“(B) AUTHORITIES.—The Center shall be authorized to make grants, accept contributions, and enter into agreements with universities located in the States of Washington, Oregon, Idaho, and Montana in order to carry out the purposes of the Center.

“(4) HAZARDOUS WASTE RESEARCH AT THE HANFORD SITE OF STANDARDS AND TECHNOLOGY.—(A) INTERAGENCY AGREEMENTS.—The Administrator and the Secretary of Energy are authorized to
enter into interagency agreements with one another for the purpose of providing for research, evaluation, testing, development, and demonstration into alternative or innovative technologies to characterize and assess the nature and extent of hazardous waste (including radioactive mixed waste) contamination at the Hanford site, in the State of Washington.

(8) Funding.—There is authorized to be appropriated to the Secretary of Energy for purposes of carrying out this paragraph for fiscal years beginning after September 30, 1986, not more than $5,000,000. All sums appropriated under this subparagraph shall be provided to the Administrator by the Secretary of Energy, pursuant to the interagency agreement entered into under subparagraph (A) for the purpose of the Administrator entering into contracts and cooperative agreements with, and making grants to, the Center in order to carry out the research, evaluation, testing, development, and demonstration described in paragraph (1).

(5) Authorization of Appropriations.—There is authorized to be appropriated to the Administrator for purposes of carrying out this subsection (other than paragraph (4)) for fiscal years beginning after September 30, 1986, not more than $5,000,000.

Congressional Statement of Purpose

Pub. L. 99–499, title II, § 209(a), Oct. 17, 1986, 100 Stat. 1708, provided that: ‘‘The purposes of this section [enacting this section] are as follows:

‘‘(1) To establish a comprehensive and coordinated Federal program of research, development, demonstration, and training for the purpose of promoting the development of alternative and innovative treatment technologies that can be used in response actions under the CERCLA program, to provide incentives for the development and use of such technologies, and to improve the scientific capability to assess, detect and evaluate the effects on and risks to human health from hazardous substances.

‘‘(2) To establish a basic university research and education program within the Department of Health and Human Services and a research, demonstration, and training program within the Environmental Protection Agency.

‘‘(3) To reserve certain funds from the Hazardous Substance Trust Fund to support a basic research program within the Department of Health and Human Services, and an applied and developmental research program within the Environmental Protection Agency.

‘‘(4) To enhance the Environmental Protection Agency’s internal research capabilities related to CERCLA activities, including site assessment and technology evaluation.

‘‘(5) To provide incentives for the development of alternative and innovative treatment technologies in a manner that supplements or coordinates with, but does not compete with or duplicate, private sector development of such technologies.’’

Termination of Advisory Councils

Advisory councils established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a council established by the President or an officer of the Federal Government, such council is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a council established by the Congress, its duration is otherwise provided by law. See sections 3(2) and 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 9660a. Grant program

(1) Grant purposes

Grants for the training and education of workers who are or may be engaged in activities related to hazardous waste removal or containment or emergency response may be made under this section.

(2) Administration

Grants under this section shall be administered by the National Institute of Environmental Health Sciences.

(3) Grant recipients

Grants shall be awarded to nonprofit organizations which demonstrate experience in implementing and operating worker health and safety training and education programs and demonstrate the ability to reach and involve in training programs target populations of workers who are or will be engaged in hazardous waste removal or containment or emergency response operations.

Codification

Section was enacted as part of the Superfund Amendments and Reauthorization Act of 1986, and not as part of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 which comprises this chapter.

§ 9661. Love Canal property acquisition

(a) Acquisition of property in Emergency Declaration Area

The Administrator of the Environmental Protection Agency (hereinafter referred to as the ‘‘Administrator’’) may make grants not to exceed $2,500,000 to the State of New York (or to any duly constituted public agency or authority thereof) for purposes of acquisition of private property in the Love Canal Emergency Declaration Area. Such acquisition shall include (but shall not be limited to) all private property within the Emergency Declaration Area, including non-owner occupied residential properties, commercial, industrial, public, religious, non-profit, and vacant properties.

(b) Procedures for acquisition

No property shall be acquired pursuant to this section unless the property owner voluntarily agrees to such acquisition. Compensation for any property acquired pursuant to this section shall be based upon the fair market value of the property as it existed prior to the emergency declaration. Valuation procedures for property acquired with funds provided under this section shall be in accordance with those set forth in the agreement entered into between the New York State Disaster Preparedness Commission and the Love Canal Revitalization Agency on October 9, 1980.

(c) State ownership

The Administrator shall not provide any funds under this section for the acquisition of any properties pursuant to this section unless a public agency or authority of the State of New York first enters into a cooperative agreement with the Administrator providing assurances deemed adequate by the Administrator that the State or an agency created under the laws of the State shall take title to the properties to be so acquired.
§ 9662

(d) Maintenance of property

The Administrator shall enter into a cooperative agreement with an appropriate public agency or authority of the State of New York under which the Administrator shall maintain or arrange for the maintenance of all properties within the Emergency Declaration Area that have been acquired by any public agency or authority of the State. Ninety (90) percent of the costs of such maintenance shall be paid by the Administrator. The remaining portion of such costs shall be paid by the State (unless a credit is available under section 9604(c) of this title). The Administrator is authorized, in his discretion, to provide technical assistance to any public agency or authority of the State of New York in order to implement the recommendations of the habitability and land-use study in order to put the land within the Emergency Declaration Area to its best use.

(e) Habitability and land use study

The Administrator shall conduct or cause to be conducted a habitability and land-use study. The study shall—

(1) assess the risks associated with inhabiting the Love Canal Emergency Declaration Area;

(2) compare the level of hazardous waste contamination in that Area to that present in other comparable communities; and

(3) assess the potential uses of the land within the Emergency Declaration Area, including but not limited to residential, industrial, commercial and recreational, and the risks associated with such potential uses.

The Administrator shall publish the findings of such study and shall work with the State of New York to develop recommendations based upon the results of such study.

(f) Funding

For purposes of section 9611 of this title and section 9631 of this title, expenditures authorized by this section shall be treated as a cost specified in section 9611(c) of this title.

(g) Response

The provisions of this section shall not affect the implementation of other response actions within the Emergency Declaration Area that the Administrator has determined (before October 17, 1986) to be necessary to protect the public health or welfare or the environment.

(h) Definitions

For purposes of this section:

(1) Emergency Declaration Area

The terms “Emergency Declaration Area” and “Love Canal Emergency Declaration Area” mean the Emergency Declaration Area as defined in section 950, paragraph (2) of the General Municipal Law of the State of New York, Chapter 259, Laws of 1980, as in effect on October 17, 1986.

(2) Private property

As used in subsection (a), the term “private property” means all property which is not owned by a department, agency, or instrumentality of—

(A) the United States, or

(B) the State of New York (or any public agency or authority thereof).

REFERENCES IN TEXT

LOVE CANAL PROPERTY ACQUISITION; CONGRESSIONAL FINDINGS

“'(1) The area known as Love Canal located in the city of Niagara Falls and the town of Wheatfield, New York, was the first toxic waste site to receive national attention. As a result of that attention Congress investigated the problems associated with toxic waste sites and enacted CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. §9601 et seq.)) to deal with these problems.

‘'(2) Because Love Canal came to the Nation’s attention prior to the passage of CERCLA and because the fund under CERCLA was not available to compensate for all of the hardships endured by the citizens in the area, Congress has determined that special provisions are required. These provisions do not affect the lawfulness, implementation, or selection of any other response actions at Love Canal or at any other facilities.’’

COORDINATION OF TITLES I TO IV OF PUB. L. 99–499

Any provision of titles I to IV of Pub. L. 99–499, imposing any tax, premium, or fee; establishing any trust fund; or authorizing expenditures from any trust fund, to have no force or effect, see section 531 of Pub. L. 99–499, set out as a note under section 1 of Title 26, Internal Revenue Code.

§ 9662. Limitation on contract and borrowing authority

Any authority provided by this Act, including any amendment made by this Act, to enter into contracts to obligate the United States or to incur indebtedness for the repayment of which the United States is liable shall be effective only to such extent or in such amounts as are provided in appropriation Acts.

REFERENCES IN TEXT

COORDINATION

Section was enacted as part of the Superfund Amendments and Reauthorization Act of 1986, and not as part of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 which comprises this chapter.

SUBCHAPTER IV—POLLUTION INSURANCE

§ 9671. Definitions

As used in this subchapter—
(1) Insurance
The term "insurance" means primary insurance, excess insurance, reinsurance, surplus lines insurance, and any other arrangement for shifting and distributing risk which is determined to be insurance under applicable State or Federal law.

(2) Pollution liability
The term "pollution liability" means liability for injuries arising from the release of hazardous substances or pollutants or contaminants.

(3) Risk retention group
The term "risk retention group" means any corporation or other limited liability association taxable as a corporation, or as an insurance company, formed under the laws of any State:

(A) whose primary activity consists of assuming and spreading all, or any portion, of the pollution liability of its group members;

(B) which is organized for the primary purpose of conducting the activity described under subparagraph (A);

(C) which is chartered or licensed as an insurance company and authorized to engage in the business of insurance under the laws of any State; and

(D) which does not exclude any person from membership in the group solely to provide for members of such a group a competitive advantage over such a person.

(4) Purchasing group
The term "purchasing group" means any group of persons which has as one of its purposes the purchase of pollution liability insurance on a group basis.

(5) State
The term "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, the Commonwealth of the Northern Marianas, and any other territory or possession over which the United States has jurisdiction.

(a) Exemption
Except as provided in this section, a risk retention group shall be exempt from the following:

(1) A State law, rule, or order which makes unlawful, or regulates, directly or indirectly, the operation of a risk retention group.

(2) A State law, rule, or order which requires or permits a risk retention group to participate in any insurance insolvency guaranty association to which an insurer licensed in the State is required to belong.

(3) A State law, rule, or order which otherwise discriminates against a risk retention group or any member of the group to be countersigned by an insurance agent or broker residing in the State.

(4) A State law, rule, or order which otherwise discriminates against a risk retention group or any of its members.

(b) Exceptions
(1) State laws generally applicable
Nothing in subsection (a) shall be construed to affect the applicability of State laws generally applicable to persons or corporations. The State in which a risk retention group is chartered may regulate the formation and operation of the group.

(2) State regulations not subject to exemption
Subsection (a) shall not apply to any State law which requires a risk retention group to do any of the following:

(A) Comply with the unfair claim settlement practices law of the State.

(B) Pay, on a nondiscriminatory basis, applicable premium and other taxes which are levied on admitted insurers and surplus line insurers, brokers, or policyholders under the laws of the State.

(C) Participate, on a nondiscriminatory basis, in any mechanism established or authorized under the law of the State for the equitable apportionment among insurers of pollution liability insurance losses and expenses incurred on policies written through such mechanism.

(D) Submit to the appropriate authority reports and other information required of licensed insurers under the laws of a State re-
§ 9674

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7344

lating solely to pollution liability insurance losses and expenses.

(E) Register with and designate the State insurance commissioner as its agent solely for the purpose of receiving service of legal documents or process.

(F) Furnish, upon request, such commissioner a copy of any financial report submitted by the risk retention group to the commissioner of the chartering or licensing jurisdiction.

(G) Submit to an examination by the State insurance commissioner in any State in which the group is doing business to determine the group’s financial condition, if—

(i) the commissioner has reason to believe the risk retention group is in a financially impaired condition; and

(ii) the commissioner of the jurisdiction in which the group is chartered has not begun or has refused to initiate an examination of the group.

(H) Comply with a lawful order issued in a delinquency proceeding commenced by the State insurance commissioner if the commissioner of the jurisdiction in which the group is chartered has not begun or has refused to initiate such proceeding after notice of a finding of financial impairment under subparagraph (G).

(c) Application of exemptions

The exemptions specified in subsection (a) apply to—

(1) pollution liability insurance coverage provided by a risk retention group for—

(A) such group; or

(B) any person who is a member of such group;

(2) the sale of pollution liability insurance coverage for a risk retention group; and

(3) the provision of insurance related services or management services for a risk retention group or any member of such a group.

(d) Agents or brokers

A State may require that a person acting, or offering to act, as an agent or broker for a risk retention group obtain a license from that State, except that a State may not impose any qualification or requirement which discriminates against a nonresident agent or broker.

§ 9674. Purchasing groups

(a) Exemption

Except as provided in this section, a purchasing group is exempt from the following:

(1) A State law, rule, or order which prohibits the establishment of a purchasing group.

(2) A State law, rule, or order which makes it unlawful for an insurer to provide or offer to provide insurance on a basis providing, to a purchasing group or its member, advantages, based on their loss and expense experience, not afforded to other persons with respect to rates, policy forms, coverages, or other matters.

(3) A State law, rule, or order which prohibits a purchasing group or its members from purchasing insurance on the group basis described in paragraph (2) of this subsection.

(4) A State law, rule, or order which prohibits a purchasing group from obtaining insurance on a group basis because the group has not been in existence for a minimum period of time or because any member has not belonged to the group for a minimum period of time.

(5) A State law, rule, or order which requires that a purchasing group must have a minimum number of members, common ownership or affiliation, or a certain legal form.

(6) A State law, rule, or order which requires that a certain percentage of a purchasing group must obtain insurance on a group basis.

(7) A State law, rule, or order which requires that any insurance policy issued to a purchasing group or any members of the group be countersigned by an insurance agent or broker residing in that State.

(8) A State law, rule, or order which otherwise discriminate against a purchasing group or any of its members.

(b) Application of exemptions

The exemptions specified in subsection (a) apply to the following:

(1) Pollution liability insurance, and comprehensive general liability insurance which includes this coverage, provided to—

(A) a purchasing group; or

(B) any person who is a member of a purchasing group.

(2) The sale of any one of the following to a purchasing group or a member of the group:

(A) Pollution liability insurance and comprehensive general liability coverage.

(B) Insurance related services.

(C) Management services.

(c) Agents or brokers

A State may require that a person acting, or offering to act, as an agent or broker for a purchasing group obtain a license from that State, except that a State may not impose any qualification or requirement which discriminates against a nonresident agent or broker.

§ 9675. Applicability of securities laws

(a) Ownership interests

The ownership interests of members of a risk retention group shall be considered to be—

(1) exempted securities for purposes of section 77e of title 15 and for purposes of section 78l of title 15; and

(2) securities for purposes of the provisions of section 77q of title 15 and the provisions of section 78j of title 15.

(b) Investment Company Act

A risk retention group shall not be considered to be an investment company for purposes of the

1So in original. Probably should be “discriminates”.  

Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.).

(c) Blue sky law

The ownership interests of members in a risk retention group shall not be considered securities for purposes of any State blue sky law.

REFERENCES IN TEXT

The Investment Company Act of 1940, referred to in subsec. (b), is title I of act Aug. 22, 1940, ch. 686, 54 Stat. 789, as amended, which is classified generally to subchapter I (§ 80a–1 et seq.) of chapter 2D of Title 15, Commerce and Trade. For complete classification of this Act to the Code, see section 80a–1i of Title 15 and Tables.

CHAPTER 104—NUCLEAR SAFETY RESEARCH, DEVELOPMENT, AND DEMONSTRATION

Sec. 9701. Congressional findings and declaration of policy.

9702. Definitions.

9703. Research, development, and demonstration program; establishment; purposes; implementation.

9705. Federal Nuclear Operations Corps' study.

9706. Dissemination of information.

9707. Comprehensive program management plan.

9708. Authorization of appropriations.

§ 9701. Congressional findings and declaration of policy

(a) The Congress finds that—

1. nuclear energy is one of the two major energy sources available for electric energy production in the United States during the balance of the twentieth century;

2. continued development of nuclear power is dependent upon maintaining an extremely high level of safety in the operation of nuclear plants, and on public recognition that these facilities do not constitute a significant threat to human health or safety;

3. it is the responsibility of utilities, as owners and operators of nuclear powerplants, to assure that such plants are designed and operated safely and reliably; and

4. a proper role of the Federal Government in assuring nuclear powerplant safety, in addition to its regulatory function, is the conduct of a research, development, and demonstration program to provide important scientific and technical information which can contribute to sound design and safe operation of these plants.

(b) It is declared to be the policy of the United States and the purpose of this chapter to establish a research, development, and demonstration program for developing practical improvements in the generic safety of nuclear powerplants during the next five years, beginning in the fiscal year 1981. The objectives of such program shall be—

1. to reduce the likelihood and severity of potentially serious nuclear powerplant accidents; and

2. to reduce the likelihood of disrupting the population in the vicinity of nuclear powerplants as the result of nuclear powerplant accidents.

Nothing in this chapter shall be construed as preventing the Secretary from undertaking projects or activities, in addition to those specified in this chapter, which appropriately further the purpose and objectives set forth in this subsection. Nothing in this chapter shall authorize the Secretary to assume responsibility for the management, cleanup or repair of any commercial nuclear powerplant. Nothing in this chapter shall be construed as limiting the authority of the Secretary under any other law.

SHORT TITLE

§ 9702. Definitions

For purposes of this chapter—

1. the term "Secretary" means the Secretary of Energy;

2. the term "Government agency" means any department, agency, commission, or independent establishment in the executive branch of the Federal Government, or any corporation, wholly or partly owned by the United States, which is an instrumentality of the United States, or any board, bureau, division, service, office, officer, authority, administration, or other establishment in the executive branch of the Federal Government;

3. the term "Commission" means the Nuclear Regulatory Commission; and

4. the term "Advisory Committee" means the Advisory Committee on Reactor Safeguards established by section 2039 of this title.

§ 9703. Research, development, and demonstration program; establishment; purposes; implementation

(a) The Secretary shall establish a research, development, and demonstration program to carry out the purpose of this chapter. As part of such program, the Secretary shall at a minimum—

1. refine further the assessment of risk factors associated with the generic design and operation of nuclear powerplants to determine the degree and consequences of propagation of failures of systems, subsystems, and components, including consideration of the interaction between the primary and secondary systems;

2. develop potentially cost-beneficial changes in the generic design and operation of nuclear powerplants that can (A) significantly reduce the risks from unintentional release of radioactive material from the various engineered barriers of nuclear powerplants and (B) reduce the radiation exposure to workers during plant operation and maintenance;

3. develop potentially cost-beneficial generic methods and designs that will signifi-
§ 9704. National reactor engineering simulator feasibility study

(a) Consultative requirements: purpose

The Secretary, in consultation with the Commission and the Advisory Committee, shall initiate a study of the need for and feasibility of establishing a reactor engineering simulator facility at a national laboratory, for the primary purpose of fostering research in generic design improvements and simplifications through the simulation of the performance of various types of light water reactors under a wide variety of abnormal conditions and postulated accident conditions.

(b) Applicability of relevant factors

In performing the study, the Secretary shall consider relevant factors including, but not limited to—

(1) the potential advantages that would accrue from the establishment of such a facility;
(2) the extent to which such a facility would further the generic safety research and development program established by this chapter;
(3) the extent to which such a facility can be established by nongovernmental entities;
(4) the opportunities for cost sharing by nongovernmental entities in the construction and operation of such a facility;
(5) the importance of such a facility in emergencies to limit the extent of any future nuclear powerplant excursions;
(6) the potential for international cooperation in the establishment and operation of such a facility; and
(7) the appropriate national laboratory for siting such a facility.

(c) Report to Congressional committees

The Secretary shall, by January 1, 1982, submit to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report characterizing the study and the resulting conclusions and recommendations.

TRANSFER OF FUNCTIONS

For transfer of certain functions from Nuclear Regulatory Commission to Chairman thereof, see Reorg. Plan No. 1 of 1980, 45 F.R. 40561, 94 Stat. 3585, set out as a note under section 5841 of this title.

§ 9704. National reactor engineering simulator feasibility study

(a) Consultative requirements: purpose

The Secretary, in consultation with the Commission and the Advisory Committee, shall initiate a study of the need for and feasibility of establishing a reactor engineering simulator facility at a national laboratory, for the primary purpose of fostering research in generic design improvements and simplifications through the simulation of the performance of various types of light water reactors under a wide variety of abnormal conditions and postulated accident conditions.

(b) Applicability of relevant factors

In performing the study, the Secretary shall consider relevant factors including, but not limited to—

(1) the potential advantages that would accrue from the establishment of such a facility;
(2) the extent to which such a facility would further the generic safety research and development program established by this chapter;
(3) the extent to which such a facility can be established by nongovernmental entities;
(4) the opportunities for cost sharing by nongovernmental entities in the construction and operation of such a facility;
(5) the importance of such a facility in emergencies to limit the extent of any future nuclear powerplant excursions;
(6) the potential for international cooperation in the establishment and operation of such a facility; and
(7) the appropriate national laboratory for siting such a facility.

(c) Report to Congressional committees

The Secretary shall, by January 1, 1982, submit to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report characterizing the study and the resulting conclusions and recommendations.

TRANSFER OF FUNCTIONS

For transfer of certain functions from Nuclear Regulatory Commission to Chairman thereof, see Reorg. Plan No. 1 of 1980, 45 F.R. 40561, 94 Stat. 3585, set out as a note under section 5841 of this title.

§ 9704. National reactor engineering simulator feasibility study

(a) Consultative requirements: purpose

The Secretary, in consultation with the Commission and the Advisory Committee, shall initiate a study of the need for and feasibility of establishing a reactor engineering simulator facility at a national laboratory, for the primary purpose of fostering research in generic design improvements and simplifications through the simulation of the performance of various types of light water reactors under a wide variety of abnormal conditions and postulated accident conditions.

(b) Applicability of relevant factors

In performing the study, the Secretary shall consider relevant factors including, but not limited to—

(1) the potential advantages that would accrue from the establishment of such a facility;
(2) the extent to which such a facility would further the generic safety research and development program established by this chapter;
(3) the extent to which such a facility can be established by nongovernmental entities;
(4) the opportunities for cost sharing by nongovernmental entities in the construction and operation of such a facility;
(5) the importance of such a facility in emergencies to limit the extent of any future nuclear powerplant excursions;
(6) the potential for international cooperation in the establishment and operation of such a facility; and
(7) the appropriate national laboratory for siting such a facility.

(c) Report to Congressional committees

The Secretary shall, by January 1, 1982, submit to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report characterizing the study and the resulting conclusions and recommendations.

TRANSFER OF FUNCTIONS

For transfer of certain functions from Nuclear Regulatory Commission to Chairman thereof, see Reorg. Plan No. 1 of 1980, 45 F.R. 40561, 94 Stat. 3585, set out as a note under section 5841 of this title.
§ 9705. Federal Nuclear Operations Corps' study
(a) Cooperation and coordination requirements; purpose

The Secretary, in cooperation with the Nuclear Regulatory Commission, shall initiate a study as to the sufficiency of efforts in the United States to provide specially trained professionals to operate the controls of nuclear powerplants and other facilities in the back-end of the nuclear fuel cycle. In carrying out the study, the Secretary shall coordinate his activities with the ongoing programs of the utility industry and other Federal governmental agencies for obtaining high standards of operator performance.

(b) Assessments

(1) In conducting the study the Secretary shall assess the desirability and feasibility of creating a Federal Corps of such professionals to inspect and supervise such operations.

(2) The assessment shall consider the establishment of an academy to train Corps professionals in all aspects of nuclear technology, nuclear operations, nuclear regulatory and related law, and health science.

(3) The assessment shall include the appropriate organizational approach for the establishment of a Federal Corps within the executive branch.

(c) Report to Congress

The Secretary shall complete the study within one year after December 22, 1980, and shall submit a report along with his recommendations to the Congress.

TRANSFER OF FUNCTIONS

For transfer of certain functions from Nuclear Regulatory Commission to Chairman thereof, see Reorg. Plan No. 1 of 1980, 45 F.R. 40561, 94 Stat. 3585, set out as a note under section 5841 of this title.

§ 9706. Dissemination of information

The Secretary shall assure that full and complete safety-related information resulting from any project or other activity conducted under this chapter is made available in a timely manner to appropriate committees of Congress, Federal, State, and local authorities, relevant segments of private industry, the scientific community, and the public.

§ 9707. Comprehensive program management plan
(a) Preparation; scope; consultative requirements

The Secretary is authorized and directed to prepare a comprehensive program management plan for the conduct of research, development, and demonstration activities under this chapter consistent with the provisions of section 9703 of this title. In the preparation of such plan, the Secretary shall consult with the Commission and the Advisory Committee and with the heads of such other Government agencies and such public and private organizations as he deems appropriate.

(b) Transmission to Congressional committees; revisions

The Secretary shall transmit the comprehensive program management plan along with any comments by the Commission on the plan to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources and the Committee on Environment and Public Works of the Senate within twelve months after December 22, 1980. Revisions to the plan shall be transmitted to such committees whenever deemed appropriate by the Secretary.

AMENDMENTS

1995—Subsec. (c). Pub. L. 104–66 struck out subsec. (c) which directed Secretary of Energy to transmit to Congress, concurrently with submission of President's annual budget to Congress, detailed description of comprehensive plan as then in effect.

CHANGE OF NAME

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

TRANSFER OF FUNCTIONS

For transfer of certain functions from Nuclear Regulatory Commission to Chairman thereof, see Reorg. Plan No. 1 of 1980, 45 F.R. 40561, 94 Stat. 3585, set out as a note under section 5841 of this title.

§ 9708. Authorization of appropriations

There is authorized to be appropriated to the Secretary to carry out this chapter such sums as may be authorized by legislation hereafter enacted.

CHAPTER 105—COMMUNITY SERVICES PROGRAMS

SUBCHAPTER I—COMMUNITY ECONOMIC DEVELOPMENT

Sec.
9801. Statement of purpose.
9802. "Community development corporation" defined.
9803. Repealed.
9804. Advisory Community Investment Board.

PART A—URBAN AND RURAL SPECIAL IMPACT PROGRAMS

Sec.
9805. Statement of purpose.
9806. Establishment and scope of programs.
9807. Financial assistance requirements.
9808. Federal share; amount; availability; ownership of property acquired with Federal financial assistance.

PART B—SPECIAL RURAL PROGRAMS

Sec.
9809. Statement of purpose.
9810. Financial assistance to low-income families, local cooperative associations, and local public or private nonprofit organizations or entities; amount, purposes, etc.
§ 9801

SUBCHAPTER I—COMMUNITY ECONOMIC DEVELOPMENT

PART C—DEVELOPMENT LOANS TO COMMUNITY ECONOMIC DEVELOPMENT PROGRAMS

9812a. Interest rates payable on certain rural development loans; assignment of loan contracts.

PART D—SUPPORTIVE PROGRAMS AND ACTIVITIES

9814. Training and technical assistance.
9815. Small Business Administration and Department of Commerce economic development programs; regulations.
9816. Department of Housing and Urban Development programs.
9817. Department of Agriculture; Rural Development Administration programs.
9818. Coordination and eligibility.
9819. Evaluation of programs; implementation and funding, etc.; research and demonstration projects; implementation and purposes.
9820. Grants to plan economic development and cooperative programs.
9821. Nondiscrimination provisions.
9822. Availability of certain appropriated funds.

SUBCHAPTER II—HEAD START PROGRAMS

9831. Statement of purpose.
9832. Definitions.
9833. Financial assistance for Head Start programs.
9834. Authorization of appropriations.
9835. Allotment of funds.
9835a. Repealed.
9836. Designation of Head Start agencies.
9836a. Standards; monitoring of Head Start agencies and programs.
9837. Powers and functions of Head Start agencies.
9837b. Head Start collaboration; State early education and care.
9838. Submission of plans to chief executive officer.
9839. Administrative requirements and standards.
9840. Participation in Head Start programs.
9840a. Early Head Start programs.
9841. Appeals, notice, hearing, and mediation; alternative agency for Indian tribe.
9842. Records and audits.
9843. Technical assistance and training.
9843a. Staff qualifications and development.
9844. Research, demonstrations, and evaluation.
9845. Repealed.
9846. Reports.
9846a, 9847. Repealed.
9848. Comaratability of wages.
9849. Nondiscrimination provisions.
9850. Limitation with respect to certain unlawful activities.
9851. Repealed.
9852. Advance funding.
9852a. Parental consent requirement for nonemergency intrusive physical examinations.
9852b. Centers of Excellence in Early Childhood.
9852c. General provisions.

SUBCHAPTER III—FOLLOW THROUGH PROGRAMS

9861 to 9869. Repealed.

SUBCHAPTER IV—GRANTS TO STATES FOR PLANNING AND DEVELOPMENT OF DEPENDENT CARE PROGRAMS AND FOR OTHER PURPOSES

9871. Authorization of appropriations.
9872. Allotments.
9873. Payments under allotments to States.
9874. Use of allotments.
9875. Report.
9877. Definitions.

SUBCHAPTER V—COMPREHENSIVE CHILD DEVELOPMENT PROGRAM

9881 to 9887. Repealed.

SUBCHAPTER I—COMMUNITY ECONOMIC DEVELOPMENT

Repealed.

SUBCHAPTER A—HEAD START TRANSITION PROJECT

9855 to 9855g. Repealed.

SUBCHAPTER B—CHILD CARE AND DEVELOPMENT BLOCK GRANT

9857. Short title and purposes.
9858. Authorization of appropriations.
9858a. Establishment of block grant program.

9858b. Lead agency.
9858c. Application and plan.
9858d. Limitations on State allotments.
9858e. Activities to improve the quality of child care.
9858f. Criminal background checks.
9858g. Administration and enforcement.
9858h. Payments.
9858i. Reports and audits.
9858j. Reports, hotline, and Web site.
9858k. Limitations on use of financial assistance for certain purposes.
9858l. Nondiscrimination.
9858m. Amounts reserved; allotments.
9858n. Definitions.
9858o. Parental rights and responsibilities.
9858p. Severability.
9858q. Miscellaneous provisions.
9858r. Studies on waiting lists.

SUBCHAPTER II—C—CHILD CARE SAFETY AND HEALTH GRANTS

9859. Definitions.
9859a. Authorization of appropriations.
9859b. Programs.
9859c. Amounts reserved; allotments.
9859d. State applications.
9859e. Use of funds.
9859f. Reports.

SUBCHAPTER III—FOLLOW THROUGH PROGRAMS

9861 to 9869. Repealed.

SUBCHAPTER IV—GRANTS TO STATES FOR PLANNING AND DEVELOPMENT OF DEPENDENT CARE PROGRAMS AND FOR OTHER PURPOSES

9871. Authorization of appropriations.
9872. Allotments.
9873. Payments under allotments to States.
9874. Use of allotments.
9875. Application and description of activities; requirements.
9877. Definitions.

SUBCHAPTER V—COMPREHENSIVE CHILD DEVELOPMENT PROGRAM

9881 to 9887. Repealed.

SUBCHAPTER I—COMMUNITY ECONOMIC DEVELOPMENT

Repealed.

§ 9801. Statement of purpose

The purpose of this subchapter is to encourage the development of special programs by which the residents of urban and rural low-income areas may, through self-help and mobilization of the community at large, with appropriate Federal assistance, improve the quality of their economic and social participation in community life in such a way as to contribute to the elimination of poverty and the establishment of permanent economic and social benefits.

SHORT TITLE OF 2014 AMENDMENT

Pub. L. 113–186, § 1, Nov. 19, 2014, 128 Stat. 129, provided that: “This Act [enacting sections 9858 to 9858r of this title and amending sections 9855 to 9858e, 9858g, 9858i, 9858j, and 9858m to 9858o of this title and
provisions set out as notes under this section and section 9858 of this title may be cited as the 'Head Care and Development Block Grant Act of 1994'.

**Short Title of 2007 Amendment**

Pub. L. 110–134, §1(a), Dec. 12, 2007, 121 Stat. 1363, provided that: "This Act [enacting sections 9837h and 9852a to 9852c of this title and amending sections 1758, 1796, 9831 to 9835, 9836 to 9841, 9843 to 9846, 9850, and 9851 of this title and sections 6312 and 9409 of Title 20, Education] may be cited as the 'Improving Head Start for School Readiness Act of 2007'."

**Short Title of 1998 Amendment**

Pub. L. 101–205, §1, Oct. 27, 1998, 112 Stat. 2703, provided that: "This title [enacting section 9837a of this title, amending sections 9831 to 9835, 9836 to 9844, and 9845 of this title, and repealing sections 9832a and 9855 to 9855g of this title and provisions set out as a note under this section] may be cited as the 'Head Start Amendments of 1998'."

**Short Title of 1996 Amendment**

Pub. L. 100–193, title VI, §601(a), Aug. 22, 1996, 110 Stat. 2278, provided that: "This title [enacting section 618 of this title, amending sections 9835, 9838 to 9850, 9852, 9857, 9858, 9858m, and 9859m of this title, repealing sections 9835a, 9847, and 9855 to 9855g of this title and provisions set out as a note below] may be cited as the 'Child Care and Development Block Grant Amendments of 1996'."

**Short Title of 1994 Amendment**

Pub. L. 103–252, §1, May 18, 1994, 108 Stat. 623, provided that this Act [see Tables for classification] may be cited as the 'Human Services Amendments of 1994'.

Pub. L. 103–252, title I, §101(a), May 18, 1994, 108 Stat. 624, provided that: "This title [enacting sections 9836a, 9840a, 9843a, and 9852a of this title, transferring sections 3161 to 3161g of Title 20, Education, to sections 1235 to 1235g of Title 20, respectively, amending sections 1396i–5, 9832 to 9835, 9836, 9837, 9839, 9840, 9841, 9843, 9844, 9846, 9855a, 9871, and 10095 of this title and sections 1235, 1235a, and 1235c to 1235e of Title 20, repealing sections 9835a, 9845, 9846a, 9847, and 9881 to 9887 of this title, enacting provisions set out as notes under sections 9832, 9839, 9844, and 9861 of this title, and repealing provisions set out as notes under this section and section 9881 of this title] may be cited as the 'Head Start Act Amendments of 1994'."

**Short Title of 1992 Amendment**

Pub. L. 102–104, §1, Oct. 7, 1992, 106 Stat. 1956, provided that: "This Act [amending sections 9835 to 9839, 9846, 9846a, and 9858m of this title and enacting provisions set out as notes under sections 9835 and 9836 of this title] may be cited as the 'Head Start Implementation Act of 1992'."

**Short Title of 1990 Amendment**

**Short Title of 1989 Amendment**

**Short Title of 1988 Amendment**

**Short Title of 1986 Amendment**

Pub. L. 99–425, §1, Sept. 30, 1986, 100 Stat. 966, provided that: "This Act [enacting sections 8628a, 9812a, 9905a, and 9906 to 10901 of this title, amending sections 8621, 8623, 8624, 8626, 8628, 8634, 8635, 8637, 8940, 8962, 8967, 8971, 8974, 8977, 9001 to 9994, 9905a, 9906 to 9910, and 9910a of this title and section 4053 of Title 20, Education, enacting provisions set out as notes under this section and sections 8621, 8623, and 10901 of this title, and amending provisions set out as notes under section 9861 of this title and section 9912 of Title 7, Agriculture] may be cited as the 'Human Services Reauthorization Act of 1986'."

**Short Title of 1984 Amendment**

Pub. L. 98–558, §1, Oct. 30, 1984, 98 Stat. 2878, provided that: "This Act [enacting sections 9871 to 9877, 9905a, and 9906a of this title and sections 10704–31 to 10704–41, 11184 to 11184–8, 1118e to 1118e–5, and 2601 to 2606 of Title 20, Education, amending sections 2901, 2902c to 2902e, 6862, 6865, 6862 to 6864, 6862, 6867, 8632, 8632, 9834 to 9836, 9840, 9843, 9844, 9846, 9862, 9901, 9902, 9904, 9908, and 9910 of this title and section 4061 of Title 20, enacting provisions set out as notes under sections 2901, 6862, and 9904 of this title, and amending provisions set out as a note under section 9861 of this title] may be cited as the 'Human Services Reauthorization Act'."

**Short Title**

§ 9802. “Community development corporation” defined

For purposes of this subchapter, the term “community development corporation” means a nonprofit organization responsible to residents of the area it serves which is receiving financial assistance under part A and any organization more than 50 percent of which is owned by such an organization, or otherwise controlled by such an organization, or designated by such an organization for the purpose of this subchapter.

The President is authorized to establish a National Advisory Community Investment Board (hereinafter in this section referred to as the “Investment Board”). Such Investment Board shall be composed of 15 members appointed, for staggered terms and without regard to the civil service laws, by the President, in consultation with the Secretary of Health and Human Services (hereinafter in this subchapter referred to as the “Secretary”). Such members shall be representative of the investment and business communities and appropriate fields of endeavor related to this subchapter. The Investment Board shall meet at the call of the chairperson, but not less often than 3 times each year. The Secretary and the administrator of community economic development programs shall be ex officio members of the Investment Board.

(2) The Secretary shall carry out the provisions of this subchapter through an appropriate office.

(b) Function

The Investment Board shall promote cooperation between private investors and businesses and community development corporation projects through—

(1) advising the Secretary and the community development corporations on ways to facilitate private investment;
(2) advising businesses and other investors of opportunities in community development corporation projects; and
(3) advising the Secretary, community development corporations, and private investors and businesses of ways in which they might engage in mutually beneficial efforts.

(c) Local advisory community investment boards; establishment, composition, etc.

The governing body of each Community Development Corporation may establish an advisory community investment board composed of not to exceed 15 members who shall be appointed by the governing body after consultation with appropriate local officials. Each such board shall promote cooperation between private investors and businesses and the governing body of the Community Development Corporation through—

(1) advising the governing body on ways to facilitate private investors;
(2) advising businesses and other investors of opportunities in Community Development Corporation projects; and
(3) advising the governing body, private investors, and businesses of ways in which they might engage in mutually beneficial efforts.

AMENDMENTS

1998—Subsec. (a)(2). Pub. L. 105–285 substituted “through an appropriate office” for “through the Office of Community Services established in section 9905(a) of this title”.

Termination of Advisory Boards

Advisory boards established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a board established by the President or an officer of the Federal Government, such board is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a board estab-
lished by the Congress, its duration is otherwise provided for by law. See sections 3(2) and 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

PART A—URBAN AND RURAL SPECIAL IMPACT PROGRAMS

§ 9805. Statement of purpose

The purpose of this part is to establish special programs of assistance to nonprofit private locally initiated community development corporations and other affiliated and supportive agencies and organizations associated with qualifying community development corporations for the payment of all or part of the cost of programs which are designed to carry out the purposes of this part. Financial assistance shall be provided so that each community economic development program is of sufficient size, scope, and duration to have an appreciable impact on the area served. Such programs may include—

(1) community business and commercial development programs, including (A) programs which provide financial and other assistance (including equity capital) to start, expand, or locate businesses in or near the area served so as to provide employment and ownership opportunities for residents of such areas; and (B) programs for small businesses located in or owned by residents of such areas;

(2) community physical development programs, including industrial parks and housing activities, which contribute to an improved environment and which create new training, employment and ownership opportunities for residents of such area;

(3) training and public service employment programs and related services for unemployed or low-income persons which support and complement community development programs financed under this part, including child care, educational services, health services, credit counseling, energy conservation, recreation services, and programs for the maintenance of housing facilities.

(b) The Secretary shall conduct programs assisted under this part so as to contribute, on an equitable basis between urban and rural areas, to the elimination of poverty and the establishment of permanent economic and social benefits in such areas.

AMENDMENTS

1998—Subsec. (a)(3). Pub. L. 105–277, § 101(f) [title VII, § 405(f)(31)], struck out “the Job Training Partnership Act or” after “activities described in”. Pub. L. 105–277, § 101(f) [title VIII, § 405(d)(40)], substituted “activities such as the activities described in the Job Training Partnership Act or title I of the Workforce Investment Act of 1998” for “activities such as those described in the Comprehensive Employment and Training Act”.

EFFECTIVE DATE OF 1998 AMENDMENT

§ 9807. Financial assistance requirements

(a) Conditions

The Secretary, under such regulations as the Secretary may establish, shall not provide financial assistance for any community economic development program under this part unless the Secretary determines that—

(1) such community development corporation is responsible to residents of the area served (A) through a governing body not less than

1 See References in Text note below.
than 50 percent of the members of which are area residents; and (B) in accordance with such other guidelines as may be established by the Secretary, except that the composition of the governing bodies of organizations owned or controlled by the community development corporation need not be subject to such residency requirement;

(2) the program will be appropriately coordinated with local planning under this subchapter with housing and community development programs, with employment and training programs, and with other relevant planning for physical and human resources in the areas served;

(3) adequate technical assistance is made available and committed to the programs being supported;

(4) such financial assistance will materially further the purposes of this part;

(5) the applicant is fulfilling or will fulfill a need for services, supplies, or facilities which is otherwise not being met;

(6) all projects and related facilities will, to the maximum feasible extent, be located in the areas served;

(7) projects will, where feasible, promote the development of entrepreneurial and management skills and the ownership or participation in ownership of assisted businesses and housing, cooperatively or otherwise, by residents of the area served;

(8) projects will be planned and carried out with the fullest possible participation of resident or local businessmen and representatives of financial institutions, including participation through contract, joint venture, partnership, stock ownership or membership on the governing boards or advisory councils of such projects consistent with the self-help purposes of this subchapter;

(9) no participant will be employed on projects involving political parties, or the construction, operation, or maintenance of so much of any facility as is used or to be used for sectarian instruction or as a place for religious worship;

(10) the program will not result in the displacement of employed workers or impair existing contracts for services, or result in the substitution of Federal or other funds in connection with work that would otherwise be performed;

(11) the rates of pay for time spent in work training and education, and other conditions of employment, will be appropriate and reasonable in the light of such factors as the type of work, geographical region, and proficiency of the participant;

(12) the program will, to the maximum extent feasible, contribute to the occupational development or upward mobility of individual participants;

(13) preference will be given to low-income or economically disadvantaged residents of the areas served in filling jobs and training opportunities; and

(14) training programs carried out in connection with projects financed under this part shall be designed wherever feasible to provide those persons who successfully complete such training with skills which are also in demand in communities, neighborhoods, or rural areas other than those for which programs are established under this part.

(b) Relocations substantially increasing unemployment

Financial assistance under this section shall not be extended to assist in the relocation of establishments from one location to another if such relocation would result in a substantial increase in unemployment in the area of original location.

(c) Community economic development program; application; specification of goals

Financial assistance for commercial development under this part shall not be extended until the community economic development program that has applied for assistance under this subchapter has specified in some detail its development goals and its development timetable. The Secretary, in providing continued financial assistance to a community economic development program, shall give serious consideration to the experience such program has had in meeting development goals or in adhering to development timetables.

§ 9808. Federal share; amount; availability; ownership of property acquired with Federal financial assistance

(a)(1) Assistance provided under this subchapter to any program described in section 9807(a) of this title shall not exceed 90 percent of the cost of such program, including costs of administration, unless the Secretary determines that the assistance in excess of such percentage is required in furtherance of the purposes of this subchapter. Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, and services.

(2) The assistance referred to in paragraph (1) shall be made available (A) for deposit to the order of grantees which have demonstrated successful program performance, under conditions which the Secretary deems appropriate, within 30 days following approval of the grant agreement by the Secretary and such grantee; or (B) whenever the Secretary deems appropriate, in accordance with applicable rules and regulations prescribed by the Secretary of the Treasury, and including any other conditions which the Secretary of Health and Human Services deems appropriate, within 30 days following approval of the grant agreement by the Secretary and such grantee.

(b) Property acquired as a result of capital investments made by any community development corporation with funds granted as its Federal share of the cost of programs carried out under this subchapter, and the proceeds from such property, shall become the property of the community development corporation and shall not be considered to be Federal property. The Federal Government retains the right to direct that on severance of the grant relationship the assets purchased with grant funds shall continue
to be used for the original purpose for which they were granted.

PART B—SPECIAL RURAL PROGRAMS

§ 9809. Statement of purpose

It is the purpose of this part to meet the special economic needs of rural communities or areas with concentrations or substantial numbers of low-income persons by providing support to self-help programs which promote economic development and independence, as a supplement to existing similar programs conducted by other departments and agencies of the Federal Government. Such programs should encourage low-income families to pool their talents and resources so as to create and expand rural economic enterprise.

§ 9810. Financial assistance to low-income families, local cooperative associations, and local public or private nonprofit organizations or entities; amount, purposes, etc.

(a) The Secretary is authorized to provide financial assistance, including loans having a maximum maturity of fifteen years and in amounts not resulting in an aggregate principal indebtedness of more than $3,500 at any one time, to any low-income rural family where, in the judgment of the Secretary, such financial assistance has a reasonable possibility of effecting a permanent increase in the income of such families, or will contribute to the improvement of their living or housing conditions, by assisting or permitting them to—

1. acquire or improve real estate or reduce encumbrances or erect improvements thereon;
2. operate or improve the operation of farms not larger than family sized, including but not limited to the purchase of feed, seed, fertilizer, livestock, poultry, and equipment; or
3. participate in cooperative associations, or finance nonagricultural enterprises which will enable such families to supplement their income.

(b) The Secretary is authorized to provide financial assistance to local cooperative associations or local public and private nonprofit organizations or agencies in rural areas containing concentrations or substantial numbers of low-income persons for the purpose of defraying all or part of the costs of establishing and operating cooperative programs for farming, purchasing, marketing, processing, and to improve their income as producers and their purchasing power as consumers, and to provide such essentials as credit and health services. Costs which may be defrayed shall include—

1. administrative costs of staff and overhead;
2. costs of planning and developing new enterprises;
3. costs of acquiring technical assistance; and

4. initial capital where it is determined by the Secretary that the poverty of the families participating in the program and the social conditions of the rural area require such assistance.

§ 9811. Limitation on assistance

No financial assistance shall be provided under this part unless the Secretary determines that—

1. any cooperative association receiving assistance has a minimum of fifteen active members, a majority of which are low-income rural persons;
2. adequate technical assistance is made available and committed to the programs being supported;
3. such financial assistance will materially further the purposes of this part; and
4. the applicant is fulfilling or will fulfill a need for services, supplies, or facilities which is otherwise not being met.

PART C—DEVELOPMENT LOANS TO COMMUNITY ECONOMIC DEVELOPMENT PROGRAMS

§ 9812. Development loan fund

(a) Authorities, scope, and purposes; conditions; interest rate; repayment

The Secretary is authorized to make or guarantee loans (either directly or in cooperation with banks or other organizations through agreements to participate on an immediate or deferred basis) to community development corporations, to families and local cooperatives and the designated supportive organizations of cooperatives eligible for financial assistance under this subchapter, to private nonprofit organizations receiving assistance under chapter 106 of this title, or to public and private nonprofit organizations or agencies for business facilities and community development projects, including community development credit unions, which the Secretary determines will carry out the purposes of this part. No loans, guarantees, or other financial assistance shall be provided under this section unless the Secretary determines that—

1. there is reasonable assurance of repayment of the loan;
2. the loan is not otherwise available on reasonable terms from private sources or other Federal, State, or local programs; and
3. the amount of the loan, together with other funds available, is adequate to assure completion of the project or achievement of the purposes for which the loan is made.

Loans made by the Secretary pursuant to this section shall bear interest at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the average market yield on outstanding Treasury obligations of comparable maturity, plus such additional charge, if any, toward covering other costs of the program as the Secretary of Health and Human Services may determine to be consistent with its purposes, except that, for the 5
years following the date in which funds are initially available to the borrower, the rate of interest shall be set at a rate considered appropriate by the Secretary in light of the particular needs of the borrower, which rate shall not be lower than 1 percent. All such loans shall be repayable within a period of not more than 30 years.

(b) Adjustment of interest rates, moratorium on principal and interest, etc.

The Secretary is authorized to adjust interest rates, grant moratoriums on repayment of principal and interest, collect or compromise any obligations held by the Secretary, and to take such other actions in respect to such loans as the Secretary shall determine to be necessary or appropriate, consistent with the purposes of this section.

(c) Establishment, funding, etc.

(1) To carry out the lending and guaranty functions authorized under this part, there shall be established a Development Loan Fund consisting of two separate accounts, one of which shall be a revolving fund called the Rural Development Loan Fund and the other of which shall be a revolving fund called the Community Development Loan Fund. The capital of each such revolving fund shall remain available until expended.

(2) The Rural Development Loan Fund shall consist of the remaining funds provided for in part A of title III of the Economic Opportunity Act of 1964 [42 U.S.C. 2841 et seq.], as in effect on September 19, 1972, and such amounts as may be deposited in such fund by the Secretary out of funds made available from appropriations for purposes of carrying out this part. The Secretary shall utilize the services of the Farmers Home Administration, or the Rural Development Administration in administering such fund.

(3) The Community Development Loan Fund shall consist of such amounts as may be deposited in such fund by the Secretary out of funds made available from appropriations for purposes of carrying out this subchapter. The Secretary may make deposits in the Community Development Loan Fund in any fiscal year in which the Secretary has made available for grants to community development corporations under this subchapter not less than $60,000,000 out of funds made available from appropriations for purposes of carrying out this subchapter.

AMENDMENTS

1990—Subsec. (c)(2). Pub. L. 101–624 inserted “‘ or the Rural Development Administration’” after “Farmers Home Administration’”.

TRANSFER OF FUNCTIONS

Functions relating to administration of Community Development Credit Union Revolving Loan Fund transferred from Secretary of Health and Human Services to National Credit Union Administration Board by Pub. L. 99–609, set out as a note under section 9623 of this title.

§9812a. Interest rates payable on certain rural development loans; assignment of loan contracts

(a) Modification of interest rates

Notwithstanding any other provision of law—

(1) any outstanding loan made after December 31, 1982, by the Secretary of Health and Human Services; or

(2) any loan made after September 30, 1986, with moneys from the Rural Development Loan Fund established by section 9812(c)(1) of this title or with funds available (before October 27, 1998) under section 9910(a) of this title (as in effect before October 27, 1998) to an intermediary borrower shall bear interest at a fixed rate equal to the rate of interest that was in effect on the date of issuance for loans made in 1980 with such moneys or such funds if the weighted average rate of interest for all loans made after December 31, 1982, by such intermediary borrower with such moneys or such funds does not exceed the sum of 6 percent and the rate of interest payable under this subsection by such intermediary borrower.

(b) Assignment of certain loan contracts

Any contract for a loan made during the period beginning on December 31, 1982, and ending on September 30, 1986, with—

(1) moneys from the Rural Development Loan Fund established by section 9812(c)(1) of this title; or

(2) funds available (before October 27, 1998) under section 9910(a) of this title (as in effect before October 27, 1998); to an intermediary borrower that is a county government may be assigned by such borrower to an entity to which such loan could have been made for the purpose for which such contract was made. Any entity to which such contract is so assigned shall be substituted as a party to such contract and shall be obligated to carry out such contract and the purpose for which such contract was made.

L. 99–591, §101(a) [title VI, §640], Oct. 30, 1986, 100 Stat. 3341, 3341–35, purported to amend section 623B(b)(2) of the Community Economic Development Act of 1981, a nonexistent section of that Act (Pub. L. 99–35, title VI, §611 et seq.), by adding at the end thereof the following new sentence: “Notwithstanding any other provision of law, any Utah or Ohio local public body to which a loan was made after December 31, 1982, from the Rural Development Loan Fund may, at the discretion of such local public body and with the approval of the Secretary of Health and Human Services, transfer such loan to a nonprofit corporation designated by such body to serve as an intermediate borrower and to carry out the purposes of the loan.”

## § 9813. Model Community Economic Development Finance Corporation; establishment; functions

To the extent he deems appropriate, the Secretary shall utilize funds available under this part to prepare a plan of action for the establishment of a Model Community Economic Development Finance Corporation to provide a user-controlled independent and professionally operated long-term financing vehicle with the principal purpose of providing financial support for community economic development corporations, cooperatives, other affiliated and supportive agencies and organizations associated with community economic development corporations, and other entities eligible for assistance under this subchapter.

**Part D—Supportive Programs and Activities**

### § 9814. Training and technical assistance

#### (a) Grants, contracts, and other arrangements; preconditions

The Secretary shall provide, directly or through grants, contracts, or other arrangements, such technical assistance and training of personnel as may be required to effectively implement the purposes of this subchapter. No financial assistance shall be provided to any public or private organization under this section unless the Secretary provides the beneficiaries of these services with opportunity to participate in the selection of and to review the quality and utility of the services furnished them by such organization.

(b) Technical assistance to community development corporations and urban and rural cooperatives

Technical assistance to community development corporations and both urban and rural cooperatives may include planning, management, legal assistance or support, preparation of feasibility studies, product development, marketing, and the provision of stipends to encourage skilled professionals to engage in full-time activities under the direction of a community organization financially assisted under this subchapter.

(c) Training for employees of community development corporations and employees and members of urban and rural cooperatives

Training for employees of community development corporations and for employees and members of urban and rural cooperatives shall include on-the-job training, classroom instruction, and scholarships to assist them in development, managerial, entrepreneurial, planning, and other technical and organizational skills which will contribute to the effectiveness of programs assisted under this subchapter.

### § 9815. Small Business Administration and Department of Commerce economic development programs; regulations

(a)(1) Funds granted under this subchapter which are invested directly or indirectly, in a small investment company, local development company, limited small business investment company, or small business investment company licensee under section 681(d) of title 15 shall be included as “private paid-in capital and paid-in surplus”, “combined paid-in capital and paid-in surplus”, and “paid-in capital” for purposes of sections 682, 683, and 696, respectively, of title 15.

(2) Not later than 90 days after August 13, 1981, the Administrator of the Small Business Administration, after consultation with the Secretary, shall promulgate regulations to ensure the availability to community development corporations of such programs as shall further the purposes of this subchapter, including programs under section 637(a) of title 15.

(b)(1) Areas selected for assistance under this subchapter shall be deemed “redevelopment areas” within the meaning of section 401 of the Public Works and Economic Development Act of 1965,1 shall qualify for assistance under the provisions of title I and title II of such Act, and shall be deemed to have met the overall eco-

nomic development program requirements of section 202(b)(10) of such Act.

(2) Not later than 90 days after August 13, 1981, the Secretary of Commerce shall prescribe regulations which will ensure that community development corporations and cooperatives shall qualify for assistance and shall be eligible to receive such assistance under all such programs of the Economic Development Administration as shall further the purposes of this subchapter.

REFERENCES IN TEXT

The Secretary of Housing and Urban Development, after consultation with the Secretary, shall take all necessary steps to assist community development corporations and local cooperative associations to qualify for and receive (1) such assistance in connection with technical assistance, counseling to tenants and homeowners, and loans to sponsors of low-income and moderate-income housing under section 106 of the Housing and Urban Development Act of 1968 [12 U.S.C. 1701x], as amended by section 811 of the Housing and Community Development Act of 1974; (2) such land for housing and business location and expansion under title I of the Housing and Community Development Act of 1974 [42 U.S.C. 5301 et seq.]; and (3) such funds for comprehensive planning under section 701 of the Housing Act of 1954,1 as amended by section 401 of the Housing and Community Development Act of 1974, as further the purposes of this subchapter.

REFERENCES IN TEXT

Section 401 of the Housing and Community Development Act of 1974, referred to in text, is section 401 of Pub. L. 93–383, title IV, Aug. 22, 1974, 88 Stat. 686, subsecs. (a) and (b) of which amended section 401 of former Title 40, Public Buildings, Property, and Works, prior to its repeal by Pub. L. 97-35, and subsec. (c) of which amended section 460 of former Title 40.

CAPACITY BUILDING FOR COMMUNITY DEVELOPMENT AND AFFORDABLE HOUSING

“(a) IN GENERAL.—The Secretary is authorized to provide assistance through the National Community Development Initiative, Local Initiatives Support Corporation, The Enterprise Foundation, Habitat for Humanity, and YouthBuild USA to develop the capacity and ability of community development corporations and community housing development organizations to undertake community development and affordable housing projects and programs.

“(b) FORM OF ASSISTANCE.—Assistance under this section may be used for—

“(1) training, education, support, and advice to enhance the technical and administrative capabilities of community development corporations and community housing development organizations;

“(2) loans, grants, or predevelopment assistance to community development corporations and community housing development organizations to carry out community development and affordable housing activities that benefit low-income families; and

“(3) such other activities as may be determined by the National Community Development Initiative, Local Initiatives Support Corporation, The Enterprise Foundation, Habitat for Humanity, and YouthBuild USA in consultation with the Secretary.

“(c) MATCHING REQUIREMENT.—Assistance provided under this section shall be matched from private sources in an amount equal to 3 times the amount made available under this section.

“(d) IMPLEMENTATION.—The Secretary shall by notice establish such requirements as may be necessary to carry out the provisions of this section. The notice shall take effect upon issuance.

“(e) AUTHORIZATION.—There are authorized to be appropriated $25,000,000 for fiscal year 1994 to carry out this section.”

§ 9817. Department of Agriculture; Rural Development Administration programs

The Secretary of Agriculture or, where appropriate, the Administrator of the Farmers Home Administration, or of the Rural Development Administration, after consultation with the Secretary of Health and Human Services, shall take all necessary steps to ensure that community development corporations and local cooperative associations shall qualify for and shall receive—

(1) such assistance in connection with housing development under the Housing Act of 1949, as amended [42 U.S.C. 1441 et seq.];

(2) such assistance in connection with housing, business, industrial, and community development under the Consolidated Farmers Home Administration Act of 1961 [7 U.S.C. 1921 et seq.] and the Rural Development Act of 1972, and

(3) such further assistance under all such programs of the United States Department of Agriculture; as shall further the purposes of this subchapter.

1 See References in Text note below.
§ 9818. Coordination and eligibility

(a) The Secretary shall take all necessary and appropriate steps to encourage Federal departments and agencies and State and local governments to make grants, provide technical assistance, enter into contracts, and generally support and cooperate with community development corporations and local cooperative associations.

(b) Eligibility for assistance under other Federal programs shall not be denied to any applicant on the ground that it is a community development corporation or any other entity assisted under this subchapter.

§ 9819. Evaluation of programs; implementation and funding, etc.; research and demonstration projects; implementation and purposes

(a) Each program for which grants are made under this subchapter shall provide for a thorough evaluation of the effectiveness of the program in achieving its purposes, which evaluation shall be conducted by such public or private organizations as the Secretary in consultation with existing grantees familiar with programs carried out under the Community Services Block Grant Act [42 U.S.C. 9901 et seq.] may designate, and all or part of the costs of evaluation may be paid from funds appropriated to carry out this part. In evaluating the performance of any community development corporation funded under part A, the criteria for evaluation shall be based upon such program objectives, goals, and priorities as are consistent with the purposes of this subchapter and were set forth by such community development corporation in its proposal for funding as approved and agreed upon by or as subsequently modified from time to time by mutual agreement between the Secretary and such community development corporation.

(b) The Secretary shall conduct, either directly or through grants to or on behalf of community development corporations and local cooperative associations, research and demonstration projects designed to suggest new programs and policies to achieve the purposes of this subchapter in such ways as to provide opportunities for employment, ownership, and a better quality of life for low-income residents.

§ 9820. Grants to plan economic development and cooperative programs

In order to facilitate the purposes of this subchapter, the Secretary is authorized to provide financial assistance to any public or private nonprofit agency or organization for planning of community economic development programs and cooperative programs under this subchapter.

§ 9821. Nondiscrimination provisions

(a) The Secretary shall not provide financial assistance for any program, project, or activity under this subchapter unless the grant or contract with respect thereto specifically provides that no person with responsibilities in the operation thereof will discriminate with respect to any such program, project, or activity because of race, color, creed, national origin, sex, political affiliation, or beliefs.

(b) No person in the United States shall on the ground of sex be excluded from participation in, be denied the benefits of, be subjected to discrimination under, or be denied employment in connection with any program or activity receiving assistance under this subchapter. The Secretary shall enforce the provisions of the preceding sentence in accordance with section 2000d–1 of this title. Section 2000d–2 of this title shall apply with respect to any action taken by the Secretary to enforce such sentence. This section shall not be construed as affecting any other legal remedy that a person may have if such person is excluded from participation in, denied the benefits of, subjected to discrimination under, or denied employment in connection with, any program, project, or activity receiving assistance under this subchapter.

§ 9822. Availability of certain appropriated funds

Funds appropriated to the Rural Development Loan Fund under title VII of the Economic Op-
portunity Act of 1964 [42 U.S.C. 2981 et seq.] (as in effect on August 12, 1981), and interest accumulated in such fund, shall be deposited in the Rural Development Loan Fund established under section 9812(o)(1) of this title and shall continue to be available to carry out the purposes of such fund. Funds appropriated to the Community Development Credit Union Revolving Loan Fund under title VII of the Economic Opportunity Act of 1964 (as in effect on August 12, 1981), and interest accumulated in such fund, shall continue to be available to carry out the purposes of such fund.

"August 12, 1981" substituted in text for "the day before the date of the enactment of this Act".

TRANSFER OF COMMUNITY DEVELOPMENT CREDIT UNION REVOLVING LOAN FUND

Pub. L. 99–609, Nov. 6, 1986, 100 Stat. 3475, provided that:

"SECTION 1. SHORT TITLE."

"This Act may be cited as the 'Community Development Credit Union Revolving Loan Fund Transfer Act'."

"SEC. 2. TRANSFER OF COMMUNITY DEVELOPMENT CREDIT UNION REVOLVING LOAN FUND."

"(a) Administration of Fund by NCUA.—"

"(1) In General.—Beginning on the date of the enactment of this Act [Nov. 6, 1986], the National Credit Union Administration Board shall administer the Community Development Credit Union Revolving Loan Fund.

"(2) Transfer of Authority.—All authority to carry out the purposes of the Fund and to prescribe regulations in connection with the administration of the Fund which, on the day before the date of the enactment of this Act, was vested in the Secretary of Health and Human Services shall vest on such date in the Board. Except as provided in subsection (c), the Secretary shall have no further responsibility with respect to the Fund.

"(b) Continued Availability of Appropriated Funds.—All funds appropriated to the Fund and interest accumulated in the Fund which continue to be available under section 9831 of the Omnibus Budget Reconciliation Act of 1981 [42 U.S.C. 9822] shall continue to be available to the Board to carry out the purposes of the Fund.

"(c) Transfer of Assets; Etc.—The Secretary shall transfer to the National Credit Union Administration all assets, liabilities, grants, contracts, property, records, and funds held, used, arising from, or available to the Secretary in connection with the administration of the Fund before the end of the 60-day period beginning on the date of the enactment of this Act [Nov. 6, 1986]."

"(d) Savings Provisions.—"

"(1) Regulations.—Any regulations prescribed by the Secretary in connection with the administration of the Fund shall continue in effect until superseded by regulations prescribed by the Board.

"(2) Existing Rights, Duties, and Obligations Not Affected.—Subsection (a) shall not be construed as affecting the validity of any right, duty, or obligation of the United States or any other person arising under or pursuant to any contract, loan, or other instrument or agreement which was in effect on the day before the date of the enactment of this Act [Nov. 6, 1986]."

"(3) Continuation of Suits.—No action or other proceeding commenced by or against the Secretary in connection with the administration of the Fund shall abate by reason of the enactment of this Act, except that the Board shall be substituted for the Secretary as a party to any such action or proceeding.

"(e) Definitions.—For purposes of this section—"

"(1) Board.—The term 'Board' means the National Credit Union Administration Board.

"(2) Fund.—The term 'Fund' means the Community Development Credit Union Revolving Loan Fund established under title VII of the Economic Opportunity Act of 1964 [see References in Text note above] (as in effect before the date of the enactment of the Omnibus Budget Reconciliation Act of 1981 [Aug. 13, 1981])."

"(3) Secretary.—The term 'Secretary' means the Secretary of Health and Human Services."

SUBCHAPTER II—HEAD START PROGRAMS

CODIFICATION

§ 9831. Statement of purpose

It is the purpose of this subchapter to promote the school readiness of low-income children by enhancing their cognitive, social, and emotional development—

"(1) in a learning environment that supports children's growth in language, literacy, mathematics, science, social and emotional functioning, creative arts, physical skills, and approaches to learning; and

"(2) through the provision to low-income children and their families of health, educational, nutritional, social, and other services that are determined, based on family needs assessments, to be necessary.

AMENDMENTS

2007—Pub. L. 110–134 amended section generally. Prior to amendment, text read as follows: "It is the purpose of this subchapter to promote school readiness by enhancing the social and cognitive development of low-income children through the provision, to low-income children and their families, of health, educational, nutritional, social, and other services that are determined, based on family needs assessments, to be necessary."

1998—Pub. L. 105–285 amended section catchline and text generally. Prior to amendment, text read as follows: "(a) In recognition of the role which Project Head Start has played in the effective delivery of comprehensive health, educational, nutritional, social, and other services to economically disadvantaged children and their families, it is the purpose of this subchapter to extend the authority for the appropriation of funds for such program.

"(b) In carrying out the provisions of this subchapter, the Secretary of Health and Human Services shall continue the administrative arrangement responsible for
meeting the needs of migrant, non-English language background, and Indian children and shall assure that appropriate funding is provided to meet such needs.

“(A) of early childhood education services that are delivered through a combination of programs, providers, and settings (such as Head Start, licensed family and center-based child care programs, public schools, and community-based organizations); and

“(B) that is supported with a combination of public funds and private funds.

“(6) SECRETARY.—The term ‘Secretary’ means the Secretary of Health and Human Services.

“(7) STATE ADVISORY COUNCIL.—The term ‘State Advisory Council’ means a State Advisory Council on Early Childhood Education and Care designated or established under section 642B(b)(1)(A) of the Head Start Act (42 U.S.C. 9837b(b)(1)(A)).

“(c) GRANTS AUTHORIZED.—

“(1) IN GENERAL.—From amounts made available under subsection (k), the Secretary, jointly with the Secretary of Education, shall award grants to States to enable the States to carry out the activities described in subsection (f).

“(2) AWARD BASIS.—Grants under this subsection shall be awarded—

“(A) on a competitive basis; and

“(B) with priority for States that meet the requirements of subsection (e)(3).

“(3) DURATION OF GRANTS.—A grant awarded under paragraph (1) shall be for a period of not more than 1 year and may be renewed by the Secretary, jointly with the Secretary of Education, under subsection (e)(5).

“(4) MATCHING REQUIREMENT.—Each State that receives a grant under this section shall provide funds from non-Federal sources (which may be provided in cash or in kind) to carry out the activities supported by the grant, in an amount equal to not less than 30 percent of the amount of such grant.

“(d) INITIAL APPLICATION.—A State desiring a grant under subsection (c)(1) shall submit an application at such time and in such manner as the Secretary may reasonably require. The application shall contain—

“(1) an identification of the State entity that the Governor of the State has appointed to be responsible for duties under this section;

“(2) a description of how such State entity proposes to accomplish the activities described in subsection (f) and meet the purposes of this section described in subsection (a), including—

“(A) a timeline for strategic planning activities; and

“(B) a description of how the strategic planning activities and the proposed activities described in subsection (f) will increase participation of children from low-income and disadvantaged families in high-quality early childhood education and preschool programs as a result of the grant;

“(3) a description of the Federal, State, and local existing programs in the State for which such State entity proposes to facilitate activities described in subsection (f), including—

“(A) programs carried out under the Head Start Act (42 U.S.C. 9801 et seq.); (B) child care programs carried out under the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9857 et seq.); and

“(C) other Federal, State, and local programs of early learning and development, early childhood education, and child care, operating in the State (including programs operated by Indian tribes and tribal organizations and private entities, including faith- and community-based entities), as of the date of the application for the grant;
§ 9831 TITLE 42—THE PUBLIC HEALTH AND WELFARE

(4) a description of how the State entity, in collaboration with Centers of Excellence in Early Childhood, if appropriate, will provide technical assistance and disseminate best practices;

(5) a description of how the State plans to sustain the activities described in, and carried out in accordance with, subsection (f) with non-Federal sources after grant funds under this section no longer available, if the State plans to continue such activities after such time; and

(6) a description of how the State entity will work with the State Advisory Council and Head Start collaborative offices.

(e) Review Process.—The Secretary shall review the applications submitted under subsection (d) to—

(1) determine which applications satisfy the requirements of such subsection;

(2) confirm that each State submitting an application, has, as of the date of the application, a mixed delivery system in place; and

(3) determine if a priority is merited in accordance with subsection (c)(2)(B) because the State has never received—

(A) a grant under subsection (c); or

(B) a preschool development grant for development or expansion under such program as it existed on the day before the date of enactment of this Act.

(1) Use of Funds.—A State, acting through the State entity described in subsection (d)(1), that receives a grant under subsection (c)(1) shall use the grant funds for all of the following activities:

(1) Conducting a periodic statewide needs assessment of—

(A) the availability and quality of existing programs in the State, including such programs serving the most vulnerable or underserved populations and children in rural areas;

(B) to the extent practicable, the unduplicated number of children being served in existing programs; and

(C) to the extent practicable, the unduplicated number of children awaiting service in such programs.

(2) Developing a strategic plan that recommends collaboration, coordination, and quality improvement activities (including activities to improve children’s transition from early childhood education programs into elementary schools) among existing programs in the State and local educational agencies.

Such plan shall include information that—

(A) identifies opportunities for, and barriers to, collaboration and coordination among existing programs in the State, including among State, local, and tribal (if applicable) agencies responsible for administering such programs;

(B) recommends partnership opportunities among Head Start providers, local educational agencies, State and local governments, Indian tribes and tribal organizations, and private entities (including faith- and community-based entities) that would improve coordination, program quality, and delivery of services;

(C) builds on existing plans and goals with respect to early childhood education programs, including improving coordination and collaboration among such programs, of the State Advisory Council while incorporating new or updated Federal, State, and local statutory requirements, including—

(i) the requirements of the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9358 et seq.) [42 U.S.C. 9357 et seq.]; and

(ii) when appropriate, information found in the report required under section 13 of the Child Care and Development Block Grant Act of 2014 (Public Law 113–186; 128 Stat. 2002); and

(D) describes how accomplishing the activities described in subparagraphs (A) through (C) will contribute to, and how such activities will increase the overall participation of children in the State.

(3) Maximizing parental choice and knowledge about the State’s mixed delivery system of existing programs and providers by—

(A) ensuring that parents are provided information about the variety of early childhood education programs for children from birth to kindergarten entry in the State’s mixed delivery system; and

(B) promoting an involvement by parents and family members, including families of low-income and disadvantaged children, in the development of their children and the transition of such children from an early childhood education program into an elementary school.

(4) Sharing best practices among early childhood education program providers in the State to increase collaboration and efficiency of services, including to improve transitions from such programs to elementary school.

(5) After activities described in paragraphs (1) and (2) have been completed, improving the overall quality of early childhood education programs in the State, including by developing and implementing evidence-based practices that meet the requirements of section 8101(2)(A)(1) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801(2)(A)(1)), to improve professional development for early childhood education providers and educational opportunities for children.

(g) Renewal Grants.—

(1) General.—The Secretary, jointly with the Secretary of Education, may use funds available under subsection (k) to award renewal grants to States described in paragraph (2) to enable such States to continue activities described in subsection (f) and to carry out additional activities described in paragraph (6).

(2) Eligible States.—A State shall be eligible for a grant under paragraph (1) if—

(A) the State has received a grant under subsection (c)(1) and the grant period has concluded; or

(B) the State has received a preschool development grant for development or expansion under such program as it existed on the day before the date of enactment of this Act, and the grant period for such grant has concluded; and

(ii) the Secretary allows such State to apply directly for a renewal grant under this subsection, rather than an initial grant under subsection (c)(1), and the State submits with its application the needs assessment completed under the preschool development grant (updated as necessary to reflect the needs of the State as of the time of the application) in place of the activity described in subsection (f)(1).

(3) Duration of Grants.—A grant awarded under this subsection shall be for a period of not more than 3 years and shall not be renewed.

(4) Matching Requirement.—Each State that receives a grant under this subsection shall provide funds from non-Federal sources (which may be provided in cash or in kind) to carry out the activities supported by the grant, in an amount equal to not less than 30 percent of the amount of the grant.

(5) Application.—A State described in paragraph (2) that desires a grant under this subsection shall submit an application for renewal at such time and in such manner as the Secretary may reasonably require. The application shall contain—

(A) applicable information required in the application described in subsection (d), and in the case of a State described in paragraph (2)(A), updated as the State determines necessary;

(B) in the case of a State described in paragraph (2)(A), a description of how funds were used for the activities described in subsection (f) in the initial grant period and the extent to which such activities will continue to be supported in the renewal period;

(C) in the case of a State described in paragraph (2)(B), how a needs assessment completed prior to the date of the application, such as the needs as-
the end of the grant period, if the State proposes to use grant funds for such activities; and

(E) the case of a State that proposes to carry out activities described in paragraph (6) and to continue such activities after grant funds under this subsection are no longer available, a description of how such activities will be sustained with non-Federal sources after such time.

(6) ADDITIONAL ACTIVITIES.—

(A) In general.—Each State that receives a grant under this subsection may use grant funds to award subgrants to programs in a mixed delivery system across the State designed to benefit low-income and disadvantaged children prior to entering kindergarten, to—

(i) enable programs to implement activities addressing areas in need of improvement as determined by the State through the use of funds for the activities described in paragraph (5)(C) or subsection (f), as applicable; and

(ii) as determined through the activities described in paragraph (5)(C) or subsection (f), as applicable, expand access to such existing programs; or

(iii) develop new programs to address the needs of children and families eligible for, but not served by, such programs, if the State ensures that—

(I) the distribution of subgrants under this subparagraph supports a mixed delivery system; and

(II) funds made available under this subparagraph will be used to supplement, and not supplant, any other Federal, State, or local funds that would otherwise be available to carry out the activities assisted under this section.

(B) Priority.—In awarding subgrants under subparagraph (A), a State shall prioritize activities to improve areas in which there are State-identified needs that would improve services for low-income and disadvantaged children living in rural areas.

(C)(I) A State receiving a renewal grant under this subsection that elects to award subgrants under subparagraph (A) shall not—

(I) for the first year of the renewal grant, use more than 60 percent of the grant funds available for such year to award such subgrants; and

(II) for each of the second and third years of the renewal grant, use more than 75 percent of the grant funds available for such year to award such subgrants.

(D) Initial grants.—A State that receives an initial grant under subsection (c)(1) shall submit a final report to the Secretary not later than 6 months after the end of the grant period. The report shall include a description of—

(A) how, and to what extent, the grant funds were utilized for activities described in subsection (f), and any other activities through which funds were used to meet the purposes of this section, as described in subsection (a);

(B) strategies undertaken at the State level and, if applicable, local or program level, to implement recommendations in the strategic plan developed under subsection (f)(2);

(C)(I) any new partnerships among Head Start providers, State and local governments, Indian tribes and tribal organizations, and private entities (including faith- and community-based entities); and

(ii) how these partnerships improve coordination and delivery of services;

(D) if applicable, the degree to which the State used information from the report required under section 13 of the Child Care and Development Block Grant Act of 2014 to inform activities under this section, and how this information was useful in coordinating, and collaborating among, programs and funding sources;

(E) the extent to which activities funded by the initial grant led to the blending or braiding of other public and private funding;

(F) how information about available existing programs for children from birth to kindergarten entry was disseminated to parents and families, and how involvement by parents and family was improved; and

(G) other State-determined and voluntarily provided information to share best practices regarding early childhood education programs and the coordination of such programs.

(2) Renewal Grants.—A State receiving a renewal grant under subsection (g) shall submit a follow-up report to the Secretary not later than 6 months after the end of the grant period that includes—

(A) information described in subparagraphs (A) through (G) of paragraph (1), as applicable, and updated for the period covered by the renewal grant; and

(B) if applicable, information on how the State was better able to serve children through the distribution of funds in accordance with subsection (g)(5), through—

(i) a description of the activities conducted through the use of subgrant funds, including, where appropriate, measurable areas of program improvement and better use of existing resources; and

(ii) best practices from the use of subgrant funds, including how to better serve the most vulnerable, underserved, and rural populations.

(1) RULES OF CONSTRUCTION.—

(A) early learning and development guidelines, standards, or specific assessments, including the standards or measures that States use to develop, implement, or improve such guidelines, standards, or assessments;

(B) specific measures or indicators of quality early learning and care, including—

(i) the systems that States use to assess the quality of early childhood education programs and providers, school readiness, and achievement; and

(ii) the term ‘high-quality’ as it relates to early learning, development, or care;

(C) early learning or preschool curriculum, programs of instruction, or instructional content;

(D) teacher and staff qualifications and salaries;

(E) class sizes and ratios of children to instructional staff;

(F) any new requirement that an early childhood education program is required to meet that is not explicitly authorized in this section;

(G) the scope of programs, including length of program day and length of program year; and

(H) any aspect or parameter of a teacher, principal, other school leader, or staff evaluation system within a State, local educational agency, or early childhood education program.

(2) LIMITATION ON GOVERNMENTAL REQUIREMENTS.—Nothing in this section shall be construed to authorize the Secretary or the Secretary of Education to establish any criterion for grants made under this section that specifies, defines, or prescribes—

(A) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(B) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(C) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(D) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(E) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(F) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(G) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;

(H) any criterion for grants made under this section that would otherwise be available to carry out the activities assisted under this section;
(A) a child with a disability, as defined in section 1401(3) of title 20; and
(B) an infant or toddler with a disability, as defined in section 1432(5) of title 20.

(2) The term “deficiency” means—
(A) a systemic or substantial material failure of an agency in an area of performance that the Secretary determines involves—
(i) a threat to the health, safety, or civil rights of children or staff;
(ii) a denial to parents of the exercise of their full roles and responsibilities related to program operations;
(iii) a failure to comply with standards related to early childhood development and health services, family and community partnerships, or program design and management;
(iv) the misuse of funds received under this subchapter;
(v) loss of legal status (as determined by the Secretary) or financial viability, loss of permits, debarment from receiving Federal grants or contracts, or the improper use of Federal funds; or
(vi) failure to meet any other Federal or State requirement that the agency has shown an unwillingness or inability to correct, after notice from the Secretary, within the period specified;
(B) systemic or material failure of the governing body of an agency to fully exercise its legal and fiduciary responsibilities; or
(C) an unresolved area of noncompliance.

(3) The term “delegate agency” means a public, private nonprofit (including a community-based organization, as defined in section 8101 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 7801]), or for-profit organization or agency to which a grantee has delegated all or part of the responsibility of the grantee for operating a Head Start program.

(4) The term “family literacy services” means services that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following activities:
(A) Interactive literacy activities between parents and their children.
(B) Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children.
(C) Parent literacy training that leads to economic self-sufficiency, and financial literacy.1
(D) An appropriate education to prepare children for success in school and life experiences.

(5) The term “financial assistance” includes assistance provided by grant, agreement, or contract, and payments may be made in installments and in advance or by way of reimbursement with necessary adjustments on account of overpayments or underpayments.

(6) The term “full calendar year” means all days of the year other than Saturday, Sunday, and a legal public holiday.

---
1So in original.
(7) The term “full-working-day” means not less than 10 hours per day. Nothing in this paragraph shall be construed to require an agency to provide services to a child who has not reached the age of compulsory school attendance for more than the number of hours per day permitted by State law (including regulation) for the provision of services to such a child.

(8) The term “Head Start classroom” means a group of children supervised and taught by two paid staff members (a teacher and a teacher’s aide or two teachers) and, where possible, a volunteer.

(9) The term “Head Start family day care” means Head Start services provided in a private residence other than the residence of the child receiving such services.

(10) The term “home-based Head Start program” means a Head Start program that provides Head Start services in the private residence of the child receiving such services.

(11) The term “homeless children” has the meaning given the term “homeless children and youths” in section 11434a(2) of this title.

(12) The term “Indian tribe” means any tribe, band, nation, pueblo, or other organized group or community of Indians, including any Native village described in section 3(c) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(c)) or established pursuant to such Act (43 U.S.C. 1601 et seq.), that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(13) The term “institution of higher education” has the meaning given the term in section 1001(a) of title 20.

(14) The term “interrater reliability” means the extent to which 2 or more independent raters or observers consistently obtain the same result when using the same assessment tool.

(15) The term “limited English proficient”, used with respect to a child, means a child—

(A)(i) who was not born in the United States or whose native language is a language other than English; and

(ii) who is a Native American (as defined in section 6101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801), an Alaska Native, or a native resident of an outlying area (as defined in such section 6101); and

(B) who comes from an environment where a language other than English has had a significant impact on the child’s level of English language proficiency; or

(iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and

(B) whose difficulties in speaking or understanding the English language may be sufficient to deny such child—

(i) the ability to successfully achieve in a classroom in which the language of instruction is English; or

(ii) the opportunity to participate fully in society.

(16) The term “local educational agency” has the meaning given such term in the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.].

(17) The term “migrant or seasonal Head Start program” means

(A) with respect to services for migrant farmworkers, a Head Start program that serves families who are engaged in agricultural labor and who have changed their residence from one geographic location to another in the preceding 2-year period; and

(B) with respect to services for seasonal farmworkers, a Head Start program that serves families who are engaged primarily in seasonal agricultural labor and who have not changed their residence to another geographic location in the preceding 2-year period.

(18) The term “mobile Head Start program” means the provision of Head Start services utilizing transportable equipment set up in various community-based locations on a routine, weekly schedule, operating in conjunction with home-based Head Start programs, or as a Head Start classroom.

(19) The term “poverty line” means the official poverty line (as defined by the Office of Management and Budget)—

(A) adjusted to reflect the percentage change in the Consumer Price Index For All Urban Consumers, issued by the Bureau of Labor Statistics, occurring in the 1-year period or other interval immediately preceding the date such adjustment is made; and

(B) adjusted for family size.

(20) The term “principles of scientific research” means principles of research that—

(A) applies rigorous, systematic, and objective methodology to obtain reliable and valid knowledge relevant to education activities and programs;

(B) presents findings and makes claims that are appropriate to and supported by methods that have been employed; and

(C) includes, as appropriate to the research being conducted—

(i) use of systematic, empirical methods that draw on observation or experiment;

(ii) use of data analyses that are adequate to support the general findings;

(iii) reliance on measurements or observational methods that provide reliable and generalizable findings;

(iv) strong claims of causal relationships, only with research designs that eliminate plausible competing explanations for observed results, such as, but not limited to, random assignment experiments;

(v) presentation of studies and methods in sufficient detail and clarity to allow for replication or, at a minimum, to offer the opportunity to build systematically on the findings of the research;

(vi) acceptance by a peer-reviewed journal or critique by a panel of independent experts through a comparably rigorous, objective, and scientific review; and

(vii) consistency of findings across multiple studies or sites to support the generality of results and conclusions.

§ 9832

---

*So in original. Probably should not be capitalized.*
(21) The term “professional development” means high-quality activities that will improve the knowledge and skills of Head Start teachers and staff, as relevant to their roles and functions, in program administration and the provision of services and instruction, as appropriate, in a manner that improves service delivery to enrolled children and their families, including activities that—
(A) are part of a sustained effort to improve overall program quality and outcomes for enrolled children and their families;
(B) are developed or selected with extensive participation of administrators and teachers from Head Start programs;
(C) are developmentally appropriate for the children being served;
(D) include instruction in ways that Head Start teachers and staff may work more effectively with parents, as appropriate;
(E) are designed to give Head Start teachers and staff the knowledge and skills to provide instruction and appropriate support services to children of diverse backgrounds, as appropriate;
(F) may include a 1-day or short-term workshop or conference, if the workshop or conference is consistent with the goals in the professional development plan described in section 9843a(f) of this title and will be delivered by an institution of higher education or other entity, with expertise in delivering training in early childhood development, training in family support, and other assistance designed to improve the delivery of Head Start services; and
(G) in the case of teachers, assist teachers with—
(i) the acquisition of the content knowledge and teaching strategies needed to provide effective instruction and other school readiness services regarding early language and literacy, early mathematics, early science, cognitive skills, approaches to learning, creative arts, physical health and development, and social and emotional development linked to school readiness;
(ii) meeting the requirements in paragraphs (1) and (2) of section 9843a(a) of this title, as appropriate;
(iii) improving classroom management skills, as appropriate;
(iv) advancing their understanding of effective instructional strategies that are—
(I) based on scientifically valid research; and
(II) aligned with—
(aa) the Head Start Child Outcomes Framework developed by the Secretary and, as appropriate, State early learning standards; and
(bb) curricula, ongoing assessments, and other instruction and services, designed to help meet the standards described in section 9836a(a)(1) of this title;
(v) acquiring the knowledge and skills to provide instruction and appropriate language and support services to increase the English language skills of limited English proficient children, as appropriate; or
(vi) methods of teaching children with disabilities, as appropriate.

(22) The term “scientifically based reading research”—
(A) means the application of rigorous, systematic, and objective procedures to obtain valid knowledge relevant to reading development, reading instruction, and reading difficulties; and
(B) shall include research that—
(i) employs systematic, empirical methods that draw on observation or experiment;
(ii) involves rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions drawn;
(iii) relies on measurements or observational methods that provide valid data across evaluators and observers and across multiple measurements and observations; and
(iv) has been accepted by a peer-reviewed journal or approved by a panel of independent experts through a comparably rigorous, objective, and scientific review.

(23) The term “scientifically valid research” includes applied research, basic research, and field-initiated research in which the rationale, design, and interpretation are soundly developed in accordance with principles of scientific research.

(24) The term “Secretary” means the Secretary of Health and Human Services.

(25) The term “State” means a State, the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands. The term includes the Republic of Palau for fiscal years 2006 and 2009, and (if the legislation described in section 9835(a)(2)(B)(v) of this title has not been enacted by September 30, 2009) for fiscal years 2010 through 2012.

(26) The term “unresolved area of noncompliance” means failure to correct a noncompliance item within 120 days, or within such additional time (if any) as is authorized by the Secretary, after receiving from the Secretary notice of such noncompliance item, pursuant to section 9836a(c) of this title.

The Alaska Native Claims Settlement Act, referred to in par. (12), is Pub. L. 92–203, Dec. 18, 1971, 85 Stat. 748, which is classified generally to chapter 33 (§1601 et seq.) of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

The Elementary and Secondary Education Act of 1965, referred to in par. (16), is Pub. L. 89–10, Apr. 11, 1965, 79 Stat. 27, which is classified generally to chapter
AMENDMENTS

Par. (15). Pub. L. 114–95, § 9215(1)(B), substituted “(as defined in section 8101 of the Elementary and Secondary Education Act of 1965)”, an Alaska Native, or a native resident of an outlying area (as defined in such section 8101),” for “(as defined in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801))”, an Alaska Native, or a native resident of an outlying area (as defined in such section 9101)”.

Pub. L. 110–134, § 3(b)(1), which directed amendment of this section by redesignating pars. (1) to (23) as (1), (3), (4), (5), (6), (7), (8), (9), (10), (12), (16), (17), (18), (19), (21), (22), (23), (2), (11), (13), (14), (15), (20), (21), (23), and (26), respectively, was executed by redesignating pars. (1) to (26) as (1), (3), (4), (5), (6), (7), (8), (9), (10), (12), (16), (17), (18), (19), (22), (24), (25), (2), (11), (13), (14), (15), (20), (21), (23), and (26), respectively, to reflect the probable intent of Congress.

Par. (17). Pub. L. 110–134, § 3(a)(4), added par. (17) and struck out former par. (17) which read as follows: “The term ‘State’ means a State, the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands, but for fiscal years ending before October 1, 2001, and fiscal year 2002, if the legislation described in section 9835(a)(2)(B)(iii) of this title has not been enacted before September 30, 2001,” also means “Virgin Islands,” and “the Republic of Palau” for “Palau, and the Commonwealth of the Northern Mariana Islands”.

Par. (18). Pub. L. 110–134, § 3(a)(9), which directed substitution of “Term” for “Term”, could not be executed because “Term” does not appear in par. (17).

Par. (13). Pub. L. 110–134, § 3(a)(4), redesignated par. (12) as (10) and struck out former par. (10) which defined “quality improvement funds”.

Par. (7). Pub. L. 110–134, § 3(a)(4), redesignated paras. (6) and (7) as (7) and (8), respectively. Former par. (8) redesignated (9).

Pub. L. 110–134, § 3(a)(4), added par. (10) and struck out former par. (10) which defined “poverty line”.

Par. (4). Pub. L. 101–501, § 104(b)(2), added (4) and (5).

Title 42—The Public Health and Welfare

Section 9833: Financial Assistance for Head Start Programs

The Secretary may, upon application by an agency which is eligible for designation as a Head Start agency pursuant to section 9836 of this title, provide financial assistance to such agency for a period of 5 years for the planning, conduct, administration, and evaluation of a Head Start program focused primarily upon children from low-income families who have not reached the age of compulsory school attendance which will provide such comprehensive health, education, parental involvement, nutritional, social, and other services as will enable the children to attain their full potential and attain school readiness; and (2) will provide for direct participation of the parents of such children in the development, conduct, and overall program direction at the local level.

Effective Date of 1990 Amendment

Amendments

Subsec. (b)(1) to (3). Pub. L. 105–285, §105(2), added pars. (1) to (3) and struck out former pars. (1) and (2) which read as follows:

“(1) $35,000,000 for each of the fiscal years 1995 through 1998 to—

“(A) carry out the Head Start Transition Project Act; and

“(B) carry out activities authorized under section 9837(d) of this title; and

“(2) not more than $5,000,000 for fiscal year 1995, and such sums as may be necessary for each of the fiscal years 1996 through 1998, to carry out longitudinal research under section 9844(e) of this title.”

1994—Subsec. (a). Pub. L. 103–252, §104(1), substituted “such sums as may be necessary for fiscal years 1995 through 1998” for “(other than section 9846a of this title) $1,552,000,000 for fiscal year 1990, $2,386,000,000 for fiscal year 1991, $4,273,000,000 for fiscal year 1992, $5,924,000,000 for fiscal year 1993, and $7,660,000,000 for fiscal year 1994”.

Subsecs. (b), (c). Pub. L. 103–252, §104(2), added subsec. (b) and struck out former subsecs. (b) and (c) which read as follows:

“(b) There are authorized to be appropriated to carry out section 9846a of this title, such sums as may be necessary for fiscal years 1991 through 1996.

“(c)(1) If the amount appropriated under subsection (a) of this section for fiscal year 1991 exceeds the adjusted appropriation, the Secretary shall make available not less than $20,000,000 to carry out the Head Start Transition Project Act.

“(2) The Secretary shall make available not less than $20,000,000 for each of the fiscal years 1992, 1993, and 1994 to carry out the Head Start Transition Project Act.”

Pub. L. 101–501, §120(b), designated existing provisions as subsec. (a), inserted “(other than section 9846a of this title) after “of this subchapter” and added subsec. (b).

Pub. L. 101–501, §103, struck out “$1,198,000,000 for fiscal year 1987, $1,263,000,000 for fiscal year 1988, $1,332,000,000 for fiscal year 1989, and” after “of this subchapter” and inserted “, $2,386,000,000 for fiscal year 1991, $4,273,000,000 for fiscal year 1992, $5,924,000,000 for fiscal year 1993, and $7,660,000,000 for fiscal year 1994” after “1990”.

1989—Pub. L. 101–120 substituted “$1,552,000,000” for “$1,405,000,000”.

1986—Pub. L. 99–425 amended section generally, substituting “$1,198,000,000 for fiscal year 1987, $1,263,000,000 for fiscal year 1988, $1,332,000,000 for fiscal year 1989, and $1,405,000,000 for fiscal year 1990” for “$1,093,000,000 for fiscal year 1985, and $1,221,000,000 for fiscal year 1986”.

1984—Pub. L. 98–458 substituted “$1,221,000,000 for fiscal year 1985, and $1,221,000,000 for fiscal year 1986” for “$950,000,000 for fiscal year 1982, $1,070,000,000 for fiscal year 1983, and $1,058,500,000 for fiscal year 1984”.

Effective Date of 1994 Amendment

Amendment by Pub. L. 103–252 effective May 18, 1994, but not applicable to Head Start agencies and other re-
Behavior is not a response to a cue.

The text is not a natural representation of the document.
(D) The Secretary shall reserve not more than $20,000,000 to fund research, demonstration, and evaluation activities under section 9844 of this title, of which not more than $7,000,000 for each of fiscal years 2008 through 2012 shall be available to carry out impact studies under section 9844(g) of this title.

(E) The Secretary shall reserve not more than $42,000,000 for discretionary payments by the Secretary, including payments for all costs (other than compensation of Federal employees) for activities carried out under subsection (c) or (e) of section 9836a of this title.

(F) If the sums appropriated under section 9834 of this title are not sufficient to provide the amounts required to be reserved under subparagraphs (B) through (E), the amounts shall be reduced proportionately.

(G) Nothing in this section shall be construed to deny the Secretary the authority, consistent with sections 9836, 9836a, and 9841 of this title to terminate, suspend, or reduce funding to a Head Start agency.

(3)(A) From any amount remaining for a fiscal year after the Secretary carries out paragraph (2) (referred to in this paragraph as the “remaining amount”), the Secretary shall—

(i) subject to clause (ii)—

(I) provide a cost of living increase for each Head Start agency (including each Early Head Start agency) funded under this subchapter for that fiscal year, to maintain the level of services provided during the prior year; and

(II) subject to subparagraph (B), provide $10,000,000 for Indian Head Start programs (including each Early Head Start agency), and $10,000,000 for migrant and seasonal Head Start programs, to increase enrollment in the programs involved;

(ii) subject to clause (iii), if the remaining amount is not sufficient to carry out clause (i)—

(I) for each of fiscal years 2008, 2009, and 2010—

(aa) subject to subparagraph (B), provide 5 percent of that amount for Indian Head Start programs (including Early Head Start programs), and 5 percent of that amount for migrant and seasonal Head Start programs, to increase enrollment in the programs involved; and

(bb) use 90 percent of that amount to provide, for each Head Start agency (including each Early Head Start agency) funded as described in clause (i)(I), the same percentage (but not less than 50 percent) of the cost of living increase described in clause (i); and

(II) for fiscal year 2011 and each subsequent fiscal year—

(aa) provide, for each Head Start agency (including each Early Head Start agency) funded as described in clause (i)(I), the cost of living increase described in clause (i); and

(bb) subject to subparagraph (B), with any portion of the remaining amount that is not used under item (aa), provide equal amounts for Indian Head Start programs (including Early Head Start programs), and for migrant and seasonal Head Start programs, to increase enrollment in the programs involved; and

(iii) if the remaining amount is not sufficient to carry out clause (ii) for the fiscal year involved, use that amount to provide, for each Head Start agency (including each Early Head Start agency) funded as described in clause (i)(I), the same percentage of the cost of living increase described in clause (i).

(B)(i) Notwithstanding any other provision of this paragraph, the Indian Head Start programs shall not receive more than a total cumulative amount of $50,000,000 for all fiscal years, and the migrant and seasonal Head Start programs shall not receive more than a total cumulative amount of $50,000,000 for all fiscal years, under clause (ii)(I), and subclauses (1)(aa) and (1)(bb) of clause (ii), of subparagraph (A) (referred to in this subsection as the “special expansion provisions”), to increase enrollment in the programs involved.

(ii)(I) Funds that are appropriated under section 9834 of this title for a fiscal year, and made available to Indian Head Start programs or migrant or seasonal Head Start programs under the special expansion provisions, shall remain available until the end of the following fiscal year.

(ii) For purposes of subclause (I)—

(aa) if no portion is reallocated under clause (iii), those funds shall remain available to the programs involved; or

(bb) if a portion is reallocated under clause (iii), the portion shall remain available to the recipients of the portion.

(iii) Of the funds made available as described in clause (ii), the Secretary shall reallocate the portion that the Secretary determines is unobligated 18 months after the funds are made available. The Secretary shall add that portion to the balance described in paragraph (4), and reallocate the portion in accordance with paragraph (4), for the following fiscal year referred to in clause (ii).

(4)(A) Except as provided in subparagraph (B), from any amount remaining for a fiscal year after the Secretary carries out paragraphs (2) and (3) (referred to in this paragraph as the “balance”), the Secretary shall—

(i) reserve 40 percent to carry out subparagraph (C) and paragraph (5);

(ii) reserve 45 percent to carry out subparagraph (D); and

(iii) reserve 15 percent (which shall remain available through the end of fiscal year 2012) to provide funds for carrying out section 9837b(b)(2) of this title.

(B)(i) Under the circumstances described in clause (ii), from the balance, the Secretary shall—

(I) reserve 45 percent to carry out subparagraph (C) and paragraph (5); and

(II) reserve 55 percent to carry out subparagraph (D).

(ii) The Secretary shall make the reservations described in clause (i) for a fiscal year if—
(I) the total cumulative amount reserved under subparagraph (A)(iii) for all preceding fiscal years equals $100,000,000; or

(II) in the 2-year period preceding such fiscal year, funds were reserved under subparagraph (A)(iii) in an amount that totals not less than $15,000,000 and the Secretary received no approvable applications for such funds.

(iii) The total cumulative amount reserved under subparagraph (A)(iii) for all fiscal years may not be greater than $100,000,000.

(C) The Secretary shall fund the quality improvement activities described in paragraph (5) using the amount reserved under subparagraph (A)(i) or subparagraph (B)(i)(I), as appropriate, of which—

(I) a portion that is less than 10 percent may be reserved by the Secretary to provide funding to Head Start agencies (including Early Head Start agencies) that demonstrate the greatest need for additional funding for such activities, as determined by the Secretary; and

(ii) a portion that is not less than 90 percent shall be reserved by the Secretary to allot, to each Head Start agency (including each Early Head Start agency), an amount that bears the same ratio to such portion as the number of enrolled children served by the agency involved bears to the number of enrolled children served by all the Head Start agencies (including Early Head Start agencies), except that the Secretary shall account for the additional costs of serving children in Early Head Start programs and may consider whether an agency is providing a full-day program or whether an agency is providing a full-year program.

(D) The Secretary shall fund expansion of Head Start programs (including Early Head Start programs) using the amount reserved under subparagraph (A)(ii) or subparagraph (B)(i)(II), as appropriate, of which the Secretary shall—

(i) use 0.2 percent for Head Start programs funded under clause (iv) or (v) of paragraph (2)(B) (other than Early Head Start programs); 

(ii) for any fiscal year after the last fiscal year for which Indian Head Start programs receive funds under the special expansion provisions, use 3 percent for Head Start programs funded under paragraph (2)(B)(ii) (other than Early Head Start programs), except that the Secretary may increase that percentage if the Secretary determines that the results of the study conducted under section 9844(k) of this title indicate that the percentage should be increased; 

(iii) for any fiscal year after the last fiscal year for which migrant or seasonal Head Start programs receive funds under the special expansion provisions, use 4.5 percent for Head Start programs funded under paragraph (2)(B)(iii) (other than Early Head Start programs), except that the Secretary may increase that percentage if the Secretary determines that the results of the study conducted under section 9844(l) of this title indicate that the percentage should be increased; and

(iv) from the remainder of the reserved amount—

(I) use 50 percent for Head Start programs funded under paragraph (2)(B)(i) (other than Early Head Start programs), of which—

(aa) the covered percentage shall be allocated among the States serving less than 5 percent (as determined by the Secretary) of children who are 3 or 4 years of age from families whose income is below the poverty line, by allocating to each of those States an amount that bears the same relationship to that covered percentage as the number of children who are less than 5 years of age from families whose income is below the poverty line (referred to in this subclause as "young low-income children") in that State bears to the number of young low-income children in all those States; and 

(bb) the remainder shall be allocated proportionately among the States on the basis of the number of young low-income children; and

(II) use 50 percent for Early Head Start programs.

(E) In this paragraph, the term "covered percentage" means—

(i) for fiscal year 2008, 30 percent; 

(ii) for fiscal year 2009, 40 percent; 

(iii) for fiscal year 2010, 50 percent; 

(iv) for fiscal year 2011, 55 percent; and

(v) for fiscal year 2012, 55 percent.

(5)(A) Not less than 50 percent of the amount reserved under subparagraph (A)(i) or subparagraph (B)(i)(I), as appropriate, of paragraph (4) to carry out quality improvement activities under paragraph (4)(C) and this paragraph shall be used to improve the compensation (including benefits) of educational personnel, family service workers, and child counselors, as described in sections 9839(a) and 9848 of this title, in the manner determined by the Head Start agencies (including Early Head Start agencies) involved, to—

(i) ensure that compensation is adequate to attract and retain qualified staff for the programs involved in order to enhance program quality;

(ii) improve staff qualifications and assist with the implementation of career development programs for staff that support ongoing improvement of their skills and expertise; and

(iii) provide education and professional development to enable teachers to be fully competent to meet the professional standards established under section 9843a(a)(1) of this title, including—

(I) providing assistance to complete post-secondary course work;

(II) improving the qualifications and skills of educational personnel to become certified and licensed as bilingual education teachers, or as teachers of English as a second language; and

(III) improving the qualifications and skills of educational personnel to teach and provide services to children with disabilities.

(B) Any remaining funds from the reserved amount described in subparagraph (A) shall be used to carry out any of the following activities:
(i) Supporting staff training, child counseling, and other services to address the challenges of children from immigrant, refugee, and asylee families, homeless children, children in foster care, limited English proficient children, children of migrant or seasonal farmworker families, children from families in crisis, children referred to Head Start programs (including Early Head Start programs) by child welfare agencies, and children who are exposed to chronic violence or substance abuse.

(ii) Ensuring that the physical environments of Head Start programs are conducive to providing effective program services to children and families, and are accessible to children with disabilities and other individuals with disabilities.

(iii) Employing additional qualified classroom staff to reduce the child-to-teacher ratio in the classroom and additional qualified family service workers to reduce the family-to-staff ratio for those workers.

(iv) Ensuring that Head Start programs have qualified staff that promote the language skills and literacy growth of children and that provide children with a variety of skills that have been identified, through scientifically based reading research, as predictive of later reading achievement.

(v) Increasing hours of program operation, including—

(I) conversion of part-day programs to full-working-day programs; and

(II) increasing the number of weeks of operation in a calendar year.

(vi) Improving communitywide strategic planning and needs assessments for Head Start programs and collaboration efforts for such programs, including outreach to children described in clause (i).

(vii) Transporting children in Head Start programs safely, except that not more than 10 percent of funds made available to carry out this paragraph may be used for such purposes.

(viii) Improving the compensation and benefits of staff of Head Start agencies, in order to improve the quality of Head Start programs.

(6) No sums appropriated under this subchapter may be combined with funds appropriated under any provision other than this subchapter if the purpose of combining funds is to make a single discretionary grant or a single discretionary payment, unless such sums appropriated under this subchapter are separately identified in such grant or payment and are used for the purposes of this subchapter.

(7) In this subsection:

(A) The term "base grant", used with respect to a fiscal year, means the amount of permanent ongoing funding (other than funding described in sections 9840a(g)(2)(A)(i) of this title and paragraph (2)(C)(i)(II)(aa)) provided to a Head Start agency (including an Early Head Start agency) under this subchapter for that fiscal year.

(B) The term "cost-of-living increase", used with respect to an agency for a fiscal year, means an increase in the funding for that agency, based on the percentage change in the Consumer Price Index for All Urban Consumers (issued by the Bureau of Labor Statistics) for the prior fiscal year, calculated on the amount of the base grant for that agency for the prior fiscal year.

(C) For the purposes of this subsection, the term "State" does not include Guam, American Samoa, the Virgin Islands of the United States, the Commonwealth of the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.

(b) Federal share

Financial assistance extended under this subchapter for a Head Start program shall not exceed 80 percent of the approved costs of the assisted program or activities, except that the Secretary may approve assistance in excess of such percentage if the Secretary determines that such action is required in furtherance of the purposes of this subchapter. For the purpose of making such determination, the Secretary shall take into consideration:

(1) the lack of resources available in the community that may prevent the Head Start agency from providing all or a portion of the non-Federal contribution that may be required under this subsection;

(2) the impact of the cost the Head Start agency may incur in initial years it carries out such program;

(3) the impact of an unanticipated increase in the cost the Head Start agency may incur to carry out such program;

(4) whether the Head Start agency is located in a community adversely affected by a major disaster; and

(5) the impact on the community that would result if the Head Start agency ceased to carry out such program.

Non-Federal contributions may be in cash or in kind, fairly evaluated, including plant, equipment, or services. The Secretary shall not require non-Federal contributions in excess of 20 percent of the approved costs of programs or activities assisted under this subchapter.

(c) Services covered

No programs shall be approved for assistance under this subchapter unless the Secretary is satisfied that the services to be provided under such program will be in addition to, and not in substitution for, comparable services previously provided without Federal assistance. The requirement imposed by the preceding sentence shall be subject to such regulations as the Secretary may prescribe.

(d) Enrollment of children with disabilities and provision of services

(1) The Secretary shall establish policies and procedures to assure that, for fiscal year 2009 and thereafter, not less than 10 percent of the total number of children actually enrolled by each Head Start agency and each delegate agency will be children with disabilities who are determined to be eligible for special education and related services, or early intervention services, as appropriate, as determined under the Individuals with Disabilities Education Act (20 U.S.C.
(2) Such policies and procedures shall ensure the provision of early intervening services, such as educational and behavioral services and supports, to meet the needs of children with disabilities, prior to an eligibility determination under the Individuals with Disabilities Education Act.

(3) Such policies and procedures shall require Head Start agencies to provide timely referral to and collaborate with the State or local agency providing services under section 619 or part C of the Individuals with Disabilities Education Act to ensure the provision of special education and related services and early intervention services, and the coordination of programmatic efforts, to meet the special needs of such children.

(4) The Secretary shall establish policies and procedures to provide Head Start agencies with waivers of the requirements of paragraph (1) for not more than 3 years. Such policies and procedures shall require Head Start agencies, in order to receive such waivers, to provide evidence demonstrating that the Head Start agencies are making reasonable efforts on an annual basis to comply with the requirements of that paragraph.

(5) Nothing in this subsection shall be construed to limit or create a right to a free appropriate public education under the Individuals with Disabilities Education Act.

(e) Distribution of benefits between residents of rural and urban areas

The Secretary shall adopt appropriate administrative measures to assure that the benefits of this subchapter will be distributed equivalently between residents of rural and urban areas.

(f) Guidelines for local service delivery models

(1) Not later than 1 year after December 12, 2007, the Secretary shall establish procedures to enable Head Start agencies to develop locally designed or specialized service delivery models to address local community needs, including models that leverage the capacity and capabilities of the delivery system of early childhood education and development services or programs.

(2) In establishing the procedures the Secretary shall establish procedures to provide for—

(A) the conversion of part-day programs to full-working-day programs or part-day slots to full-working-day slots; and

(B) serving additional infants and toddlers pursuant to section 9840(a)(5) of this title.

(g) Maintenance of current services; expansion of Head Start programs

(1) For the purpose of expanding Head Start programs the Secretary shall take into consideration—

(A) the quality of the applicant’s programs (including Head Start and other child care or child development programs) in existence on the date of the allocation, the extent to which such programs meet or exceed standards described in section 9836(a)(1) of this title and other requirements under this subchapter, and the performance history of the applicant in providing services under other Federal programs (other than the program carried out under this subchapter);

(B) the applicant’s capacity to expand services (including, in the case of Head Start programs in existence on the date of the allocation, whether the applicant accomplished any prior expansions in an effective and timely manner);

(C) the extent to which the applicant has undertaken a communitywide strategic planning and needs assessment involving other community organizations, including community organizations, and Federal, State, and local public agencies (including the local educational agency liaison designated under section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii))), that provide services to children and families, such as—

(i) family support services;

(ii) child abuse prevention services;

(iii) protective services;

(iv) foster care;

(v) services for families in whose homes English is not the language customarily spoken;

(vi) services for children with disabilities; and

(vii) services for homeless children;

(D) the extent to which the family needs assessment and communitywide strategic planning and needs assessment of the applicant reflect a need to provide full-working-day or full calendar year services and the extent to which, and manner in which, the applicant demonstrates the ability to collaborate and participate with the State and local community providers of child care or preschool services to provide full-working-day full calendar year services;

(E) the number of eligible children, as described in clause (i) or (ii) of section 9840(a)(1)(B) of this title, in each community who are not participating in a Head Start program or any other publicly funded early childhood education and development program;

(F) the concentration of low-income families in each community;

(G) the extent to which the applicant proposes to foster partnerships with other service providers in a manner that will leverage the existing delivery systems of such services and enhance the resource capacity of the applicant; and

(H) the extent to which the applicant, in providing services, successfully coordinated activities with the local educational agency serving the community involved (including the local educational agency liaison designated under section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii))), and with schools in which children participating in such applicant’s program will enroll following such program, with respect to such services and the education services provided by such local educational agency.

1 So in original. Probably should be followed by a comma.
§ 9835

(2) Notwithstanding paragraph (1), in using funds made available for expansion under subsection (a)(4)(D), the Secretary shall first allocate the funds to qualified applicants proposing to use such funds to serve children from families with incomes below the poverty line. Agencies that receive such funds are subject to the eligibility and enrollment requirements under section 9840(a)(1) of this title.

(3)(A) In the event that the amount appropriated to carry out the program under this subchapter for a fiscal year does not exceed the amount appropriated for the prior fiscal year, or is not sufficient to maintain services comparable to the services provided under this subchapter during the prior fiscal year, a Head Start agency may negotiate with the Secretary a reduced funded enrollment level without a reduction in the amount of the grant received by the agency under this subchapter, if such agency can reasonably demonstrate that such reduced funded enrollment level is necessary to maintain the quality of services.

(B) In accordance with this paragraph, the Secretary shall set up a process for Head Start agencies to negotiate the reduced funded enrollment levels referred to in subparagraph (A) for the fiscal year involved.

(C) In the event described in subparagraph (A), the Secretary shall be required to notify Head Start agencies of their ability to negotiate the reduced funded enrollment levels if such an agency can reasonably demonstrate that such reduced funded enrollment level is necessary to maintain the quality of services.

(h) Full-working-day services

Financial assistance provided under this subchapter may be used by each Head Start program to provide full-working-day Head Start services to any eligible child throughout the full calendar year.

(i) Vehicle safety regulations

The Secretary shall issue regulations establishing requirements for the safety features, and the safe operation, of vehicles used by Head Start agencies to transport children participating in Head Start programs. The regulations shall also establish requirements to ensure the appropriate supervision of, and appropriate background checks for, individuals with whom the agencies contract to transport those children.

(j) Compensation of staff

Any agency that receives financial assistance under this subchapter to improve the compensation of staff who provide services under this subchapter shall use the financial assistance to improve the compensation of such staff, regardless of whether the agency has the ability to improve the compensation of staff employed by the agency who do not provide Head Start services.

(k) Flexibility in hours of service requirement

(1) The Secretary shall allow center-based Head Start programs the flexibility to satisfy the total number of hours of service required by the regulations in effect on May 18, 1994, to be provided to children in Head Start programs so long as such agencies do not—

(A) provide less than 3 hours of service per day;

(B) reduce the number of days of service per week; or

(C) reduce the number of days of service per year.

(2) The provisions of this subsection shall not be construed to restrict the authority of the Secretary to fund alternative program variations authorized under section 1306.35 of title 45 of the Code of Federal Regulations in effect on May 18, 1994.

(f) Frequent relocation of migrant families

(1) With funds made available under this subchapter to expand migrant and seasonal Head Start programs, the Secretary shall give priority to migrant and seasonal Head Start programs that serve eligible children of migrant or seasonal farmworker families whose work requires them to relocate most frequently.

(2) In determining the need and demand for migrant and seasonal Head Start programs (and services provided through such programs), the Secretary shall consult with appropriate entities, including providers of services for migrant and seasonal Head Start programs. The Secretary shall, after taking into consideration the need and demand for migrant and seasonal Head Start programs (and such services), ensure that there is an adequate level of such services for eligible children of migrant farmworker families before approving an increase in the allocation of funds provided under this subchapter for unserved eligible children of seasonal farmworker families. In serving the eligible children of seasonal farmworker families, the Secretary shall ensure that services provided by migrant and seasonal Head Start programs do not duplicate or overlap with other Head Start services available to eligible children of such farmworker families.

(3) In carrying out this subchapter, the Secretary shall continue the administrative arrangement at the national level for meeting the needs of Indian children and children of migrant and seasonal farmworker families and shall ensure—

(A) the provision of training and technical assistance by staff with knowledge of and experience in working with such populations; and

(B) the appointment of a national Indian Head Start collaboration director and a national migrant and seasonal Head Start collaboration director.

(4)(A) For the purposes of paragraph (3), the Secretary shall conduct an annual consultation in each affected Head Start region, with tribal governments operating Head Start (including Early Head Start) programs.

(B) The consultations shall be for the purpose of better meeting the needs of Indian, including Alaska Native, children and their families, in accordance with this subchapter, taking into consideration funding allocations, distribution formulas, and other issues affecting the delivery of Head Start services in their geographic locations.

2See References in Text note below.
(C) The Secretary shall publish a notification of the consultations in the Federal Register before conducting the consultations.

(D) The Secretary shall ensure that a detailed report of each consultation shall be prepared and made available, within 90 days after the consultation, to all tribal governments receiving funds under this subchapter.

(m) Enrollment and participation of homeless children

The Secretary shall issue rules to establish policies and procedures to remove barriers to the enrollment and participation of homeless children in Head Start programs. Such rules shall require Head Start agencies—

(1) to implement policies and procedures to ensure that homeless children are identified and prioritized for enrollment;

(2) to allow families of homeless children to apply to, enroll in, and attend Head Start programs while required documents, such as proof of residency, immunization and other medical records, birth certificates, and other documents, are obtained within a reasonable time frame; and

(3) to coordinate individual Head Start programs with efforts to implement subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).

(n) Construction of prerequisites to participation in program

Nothing in this subchapter shall be construed to require a State to establish a publicly funded program of early childhood education and development, or to require any child to participate in such a publicly funded program, including a State-funded preschool program, or to participate in any initial screening before participating in a publicly funded program of early childhood education and development, except as provided under sections 612(a)(3) and 635(a)(5) of the Individuals with Disabilities Education Act (20 U.S.C. 1412(a)(3), 1435(a)(5)).

(o) Curricula

All curricula funded under this subchapter shall be based on scientifically valid research, and be age and developmentally appropriate. The curricula shall reflect all areas of child development, and be age and developmentally appropriate. The curricula shall be based on scientifically valid research, and that services shall be provided to meet their special needs. Such policies and procedures shall require Head Start agencies to coordinate programmatic efforts with efforts to implement part C and section 619 of the Individuals with Disabilities Education Act (20 U.S.C. 1411–1414, 1419).

Curricula

All curricula funded under this subchapter shall be based on scientifically valid research, and be age and developmentally appropriate. The curricula shall reflect all areas of child development, and be age and developmentally appropriate. The curricula shall have the opportunity to examine any such curricula or instructional materials funded under this subchapter.

Curricula

All curricula funded under this subchapter shall be based on scientifically valid research, and be age and developmentally appropriate. lies (including organizations serving families in whose homes English is not the language customarily spoken), and organizations and public entities serving children with disabilities.

Subsec. (g)(2)(D). Pub. L. 110–134, § 6(d)(2)(D), substituted “family needs assessment and communitywide strategic planning and needs assessment” for “family and community needs assessment,” “reflect,” “and” for “reflects,” and the “State and local” for “other local.”

Subsec. (g)(2)(E). Pub. L. 110–134, § 6(d)(2)(E), added subpars. (E) and struck out former subpar. (E) which read as follows: “the numbers of eligible children in each community who are not participating in a Head Start program or any other early childhood program;”.

Subsec. (g)(2)(G), (H). Pub. L. 110–134, § 6(d)(2)(F), added subpars. (G) and (H) and struck out former subpars. (G) and (H) which read as follows: “(G) the extent to which the applicant proposes to foster partnerships with other service providers in a manner that will enhance the resource capacity of the applicant; and “(H) the extent to which the applicant, in providing services, plans to coordinate with the local educational agency serving the community involved and with schools in which children participating in a Head Start program operated by such agency will enroll.”

Subsec. (g)(3)(A). Pub. L. 110–134, § 6(d)(1), added par. (3) and struck out former pars. (3) and (4) which read as follows: “(3) In determining the amount of funds reserved pursuant to subparagraph (A) or (B) of subsection (a)(2) of this section to be used for expanding Head Start programs under this subchapter, the Secretary shall take into consideration, to the extent appropriate, the factors specified in paragraph (2), “(4) Notwithstanding subsection (a)(2) of this section, the Secretary may allocate a portion of the remaining additional funds under subsection (a)(2)(A) of this section for the purpose of increasing funds available for activities described in such subsection.”

Subsec. (i). Pub. L. 110–134, § 6(e), inserted at end “The regulations shall also establish requirements to ensure the appropriate supervision of, and appropriate background checks for, individuals with whom the agencies contract to transport those children.”

Subsec. (j)(1). Pub. L. 110–134, § 6(f)(1), substituted “With funds made available under this subchapter to expand migrant and seasonal Head Start programs,” for “With funds made available under subsection (a)(2) of this section,” and inserted “and children of migrant or seasonal farmworker families” for “children of migrant and seasonal farmworker families”.

Subsec. (j)(2). Pub. L. 110–134, § 6(f)(2), substituted “In determining” for “For purposes of subsection (a)(2)(A) of this section, in determining”, “children of migrant farmworker families” for “children of migrant farmworkers”, “under this subchapter” for “under such subchapter”, “children of seasonal farmworker families” for “children of seasonal farmworkers”, “in two places,” and “children of such farmworker families” for “children of such farmworkers”.

Subsec. (j)(3), (4). Pub. L. 110–134, § 6(f)(3), added pars. (3) and (4) and struck out former par. (3) which read as follows: “In carrying out this subchapter, the Secretary shall continue the administrative arrangements responsible for meeting the needs of children of migrant and seasonal farmworkers and Indian children and shall ensure that appropriate funding is provided to meet such needs.”

Subsecs. (m) to (o). Pub. L. 110–134, § 6(g), added subsecs. (m) to (o).

Subsec. (a)(2)(B). Pub. L. 105–285, § 106(a)(1)(B), substituted “(B) payments, subject to paragraph (7)”, “of” for “subject to paragraph (7),” and “which directed substitution of ‘carried out under paragraph (1), (2), (3), or (4) of this title’ for paragraph (7)” for “related to the development and implementation of quality improvement plans under section 9836a(d)(2) of this title.”, was executed by making the substitution “for ‘related to the development and implementation of quality improvement plans under section 9836a(d)(2) of this title’.” for “for paragraph (7)”.

Subsec. (a)(2)(C). Pub. L. 105–285, § 106(a)(1)(C), substituted “, of not less than $3,000,000 of the amount appropriated for such fiscal year shall be made available to carry out activities described in section 9834(c)(4) of this title,” for “,” and “.”

Subsec. (a)(2)(D). Pub. L. 105–285, § 106(a)(1)(D), which directed substitution of “carried out under paragraph (1), (2), or (3) of section 9836a(d) of this title” for “carried out under paragraph (7)” for “related to the development and implementation of quality improvement plans under section 9836a(d)(2) of this title.”, was executed by making the substitution “for ‘related to the development and implementation of quality improvement plans under section 9836a(d)(2) of this title’.” for “for paragraph (7)”.

Subsec. (a)(3)(B)(i), (II), Pub. L. 105–285, § 106(a)(2)(B)(i), substituted “adequate numbers of qualified staff” for “qualified staff” and inserted “and children with disabilities before ‘,” when appropriate”.

Subsec. (a)(3)(B)(iv). Pub. L. 105–285, § 106(a)(2)(B)(iv), inserted before period at end “,” and to encourage the staff to continually improve their skills and expand the knowledge by informing the staff of the availability of Federal and State incentive and loan forgiveness programs for professional development.”

Subsec. (a)(3)(C)(i). Pub. L. 105–285, § 106(a)(2)(C)(i), substituted “this paragraph”, “of classroom teachers and other staff” for “of staff”, and “qualified staff, including recruitment and retention pursuant to achieving the requirements set forth in section 9846(a) of this title for ‘such staff’,” and inserted at end “Preferences in awarding salary increases, in excess of cost-of-living allowances, with such funds shall be granted to classroom teachers and staff who obtain additional training or education related to such responsibilities as employees of a Head Start program.”

Subsec. (a)(3)(C)(i)(II), Pub. L. 105–285, § 106(a)(2)(C)(i)(II), substituted “this paragraph” for “the subparagraph”, “of classroom teachers and other staff” for “of staff”, and “qualified staff, including recruitment and retention pursuant to achieving the requirements set forth in section 9846(a) of this title for ‘such staff’,” and inserted at end “Preferences in awarding salary increases, in excess of cost-of-living allowances, with such funds shall be granted to classroom teachers and staff who obtain additional training or education related to such responsibilities as employees of a Head Start program.”

Subsec. (a)(3)(C)(v) to (vii). Pub. L. 105–285, §106(a)(2)(C)(v), (iv), redesignated cls. (vi) and (vii) as (v) and (vi), respectively, and struck out former cl. (v), which read as follows: “To make nonstructural and minor structural changes, and to acquire and install equipment, for the purpose of improving facilities necessary to expand the availability, or enhance the quality, of Head Start programs.”

Subsec. (a)(4)(B). Pub. L. 105–285, §106(a)(4)(B), amended subpar. (B) generally. Prior to amendment, subpar. (B) read as follows: “(B) read as follows: ‘‘(ii) 33 1/3 percent of any amount available after all allotments have been made under subparagraph (A) for such fiscal year shall be distributed on the basis of the relative number of children from birth through 18 years of age, on whose behalf payments are made under the State program of assistance funded under part A of title IV of the Social Security Act in each State as compared to all States; and “(ii) 66 2/3 percent of such amount shall be distributed on the basis of the relative number of children from birth through 5 years of age living with families with incomes below the poverty line in each State as compared to all States.””

Subsec. (a)(5)(A). Pub. L. 105–285, §106(a)(5)(A), substituted “subparagraphs (B) and (D)” for “subparagraph (B)”.

Subsec. (a)(5)(B). Pub. L. 105–285, §106(a)(5)(B), inserted before period at end “and to encourage Head Start agencies to collaborate with entities involved in State and local planning processes (including the State lead agency administering the financial assistance received under subchapter II–B of this chapter and the entities providing resource and referral services in the State) in order to better meet the needs of low-income children and families”.

Subsec. (a)(5)(D) to (F). Pub. L. 105–285, §106(a)(5)(D), (E), added subsupers (D) and (E) and redesignated former subpar. (D) as (F).

Subsec. (a)(6). Pub. L. 105–285, §106(a)(6), designated existing provisions as subpar. (A), substituted “7.5 percent for fiscal year 1999, 8 percent for fiscal year 2000, 9 percent for fiscal year 2001, 10 percent for fiscal year 2002, and 10 percent for fiscal year 2003,” for the amount appropriate pursuant to section 9834(a) of this title, except as provided in subparagraph (B), for “3 percent for fiscal year 1999, 4 percent for each of fiscal years 1999, 2000, and 2001, and 5 percent for fiscal year 2002,” of the amount appropriated pursuant to section 9834(a) of this title,” added subparas. (B) and (C).

Subsec. (d). Pub. L. 105–285, §106(b)(2), which directed striking out “‘(as defined in section 1901(a) of title 20)’” was executed by striking out “‘as defined in section 1901(a)(1) of title 20’” after “Head Start children with disabilities” to reflect the probable intent of Congress.

Subsec. (g)(2)(A). Pub. L. 105–285, §106(c)(1)(A), inserted before semicolon at end “, and the performance history of the applicant in providing services under other Federal programs (other than the program carried out under this subchapter);”.

Subsec. (g)(2)(D). Pub. L. 105–285, §106(c)(1)(C), inserted before semicolon at end “and the extent to which, and manner in which, the applicant demonstrates the ability to collaborate and participate with other local community providers of child care or preschool services to provide full-working-day full calendar year services.”

Subsec. (g)(3)(G), (H). Pub. L. 105–285, §106(c)(1)(E), (F), added subsupers (G) and (H).

Subsec. (h). Pub. L. 105–285, §106(d), designated existing provisions as par. (1), substituted “migrant and seasonal Head Start programs” for “migrant Head Start programs” in two places and “migrant and seasonal farmworker families” for “migrant families”, and added paras. (2) and (3).

1994—Subsec. (a)(1). Pub. L. 103–252, §105(b)(1), substituted “through (4), and subject to paragraphs (5) and (6)” for “through (5)”.

Subsec. (a)(2)(D). Pub. L. 103–252, §105(b)(2)(B), inserted “(including payments for all costs (other than compensation of Federal employees) of reviews of Head Start agencies and programs under section 9836a(c) of this title, and of activities related to the development and implementation of quality improvement plans under section 9836a(d)(2) of this title)” after “Secretary.”

Subsec. (a)(3)(A), (B). Pub. L. 103–252, §105(a)(2), added subsupers. (A) and (B). Former subsupers. (A) and (B) redesignated subsupers. (C) and (D), respectively.

Subsec. (a)(3)(C). Pub. L. 103–252, §105(a)(1)(C), redesignated subpar. (A) as (C), substituted in introductory provisions “Quality improvement funds shall be used to carry out any or all of the following activities:” for “For any fiscal year for which the amount appropriated under section 9834(a) of this title exceeds the adjusted appropriation, the Secretary shall reserve the quality improvement funds for such fiscal year, for one or more of the following quality improvement activities:” and added cl. (vii).

Subsec. (a)(3)(D)(I). Pub. L. 103–252, §105(a)(4)(A), (B), struck out “‘for the first, second, and third fiscal years for which funds are so reserved’” after “subparagraph (A)” in introductory provisions, substituted “paragraph (4)” for “paragraph (5)” in subcl. (I), and inserted “geographical areas specified in subsection (a)(2)(B) of this section and Indian and migrant Head Start programs,” after “Termination,”.

§9835

Page 7375
§ 9835

Title 42—The Public Health and Welfare

Pub. L. 103-252, §105(a)(4)(B), (E), redesignated cl. (iv) as (ii) and struck out former cl. (i) which read as follows: "Funds reserved under subparagraph (A) for any fiscal year subsequent to the third fiscal year for which funds are reserved shall be allotted by the Secretary among the States in the same proportion as the Secretary allocates funds among the States under paragraph (5) for the respective subsequent fiscal year."

Subsec. (a)(3)(D)(ii). Pub. L. 103-252, §105(a)(4)(B), (E), redesignated cl. (vi) as (iii) and struck out former cl. (ii) which read as follows: "Such grants made under this subparagraph shall be used by the Secretary to make a grant to each Head Start agency that receives a grant from funds allotted under paragraph (5) for such fiscal year, in the amount that bears the same ratio to the amount allotted under clause (i)(I) for such fiscal year for the State in which such agency is located as the number of children participating in the Head Start program in such State in such fiscal year bears to the number of children participating in all Head Start programs in such State in such fiscal year."

Subsec. (a)(3)(D)(iv). Pub. L. 103-252, §105(a)(4)(E), redesignated cl. (iv) as (ii). Pub. L. 103-252, §105(a)(4)(C), substituted "Funds" for "To be expended for the activities specified in subparagraph (A) in the first fiscal, second, and third fiscal years for which funds are required by such subparagraph to be reserved, funds" and "clause (i)" for "clause (ii)", inserted ", for expenditure for activities specified in subparagraph (A) that are struck out at end "The aggregate amount of grants made under this clause to Head Start agencies in a State for a fiscal year may not exceed the amount allotted under clause (ii) for such State for such fiscal year."

Subsec. (a)(3)(D)(v). Pub. L. 103-252, §105(a)(4)(E), struck out cl. (v) which read as follows: "If a Head Start agency certifies for such fiscal year to the Secretary that it does not need any funds under subparagraph (A), or does not need part of such funds it would otherwise receive under clause (iii) or (iv), then unneeded funds shall be used by the Secretary to make grants under this subparagraph without regard to such agency."

Subsec. (a)(3)(D)(vi). Pub. L. 103-252, §105(a)(4)(E), redesignated cl. (vi) as (iii). Pub. L. 103-252, §105(a)(4)(D), substituted "paragraph (2) or (4)" for "paragraphs (2), (4), and (5)"

Subsec. (a)(4). Pub. L. 103-252, §105(b)(4), (5), redesignated par. (5) as (4), substituted "Subject to section 9834(b) of this title, the Secretary" for "The Secretary", and struck out former par. (4), which related to the Secretary reserving sums for grants to carry out early childhood intervention programs, known as "Parent-Child Centers."

Subsec. (a)(5). (6). Pub. L. 103-252, §105(b)(6), added pars. (5) and (6). Former pars. (5) and (6) redesignated (4) and (7), respectively.

Subsec. (g). Pub. L. 103-252, §105(c), designated existing provisions as par. (1) and added pars. (2) and (3).

Subsec. (h). Pub. L. 103-252, §105(d), substituted "Financial assistance provided under this subchapter may be used by each Head Start program for "For each Head Start program may":

Subsecs. (j) to (l). Pub. L. 103-252, §105(e), added subsec. (j) to (l).

Subsec. (a)(2)(C). Pub. L. 102-401, §2(k)(1)(A)(iii), substituted "such fiscal year" for "any such fiscal year".

Subsec. (b). Pub. L. 102-401, §2(c), struck out "in accordance with regulations establishing objective criteria," after "if the Secretary determines" and inserted after first sentence "For the purpose of making such determination, the Secretary shall take into consideration with respect to the Head Start program involved—" and cls. (1) to (5).

Subsec. (g). Pub. L. 102-401, §2(k)(1)(B), substituted "Price Index For All" for "Price Index for all"

1991—Subsec. (d). Pub. L. 102-119 substituted "section 1401(a)(1) of title 20" for "paragraph (1) of section 1401 of title 20". The references to section 1401 of title 20 include the substitution of "Individuals with Disabilities Education Act" for "Education of the Handicapped Act" in the original.

1990—Subsec. (a)(1). Pub. L. 101-501, §104(a)(1), substituted "through (5)" for "and (3)"

Subsec. (a)(2). Pub. L. 101-501, §104(a)(2)(D), (E), struck out before last sentence "The minimum reservation contained in clause (C) of this paragraph shall not apply in any fiscal year in which the appropriation for the program authorized by this subchapter is less than the amount appropriated for fiscal year 1984" and inserted "or paragraph (3)" after "under this paragraph" in last sentence.

Subsec. (a)(2)(A). Pub. L. 101-501, §104(a)(2)(A), substituted ", except that there shall be made available for each fiscal year for use by Indian and migrant Head Start programs, on a nationwide basis, not less than the amount that was obligated for use by Indian and migrant Head Start programs for fiscal year 1990 for "children, except that there shall be made available for use by Indian and migrant Head Start programs, on a nationwide basis, no less funds for fiscal year 1987 and each subsequent fiscal year than were obligated for use by Indian and migrant Head Start programs for fiscal year 1985"

Subsec. (a)(2)(C). Pub. L. 101-501, §104(a)(2)(C), substituted "2 percent of the amount appropriated for any such fiscal year" for "the amount expended for training and technical assistance activities under this clause for fiscal year 1992"

Subsec. (d). Pub. L. 101-501, §105(a), struck out sentence at end requiring Secretary to report to Congress at least annually on status of children with disabilities in Head Start programs.

Pub. L. 101-476, §901(d), substituted "children with disabilities" for "handicapped children" in two places and substituted "disabling" for "handicapping".

Subsecs. (f), (g). Pub. L. 101-501, §106(g), added subsecs. (f) and (g).

1984—Subsec. (a)(2). Pub. L. 98–558 inserted "as described in section 9843 of this title, in an amount for each fiscal year which is not less than the amount expended for training and technical assistance activities under this clause for fiscal year 1982" in cl. (C), and inserted at end "The minimum reservation contained in clause (C) of this paragraph shall not apply in any fiscal year in which the appropriation for the program authorized by this subchapter is less than the amount appropriated for fiscal year 1984. No funds reserved under this paragraph may be combined with funds appropriated under any other Act if the purpose of combining funds is to make a single discretionary grant or a single discretionary payment, unless such funds appropriated under this subchapter are separately identified in such grant or payment and are used for the purposes of this subchapter."

CHANGE OF NAME

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–193 effective July 1, 1997, with transition rules relating to State options to accelerate such date, rules relating to claims, actions, and proceedings commenced before such date, rules relating to closing out of accounts for terminated or substantially modified programs and continuance in office of Assistant Secretary for Family Support, and provisions relating to termination of entitlement under AFDC program, see section 116 of Pub. L. 104–193, as amended, set out as an Effective Date note under section 9832 of this title.

EFFECTIVE DATE OF 1994 AMENDMENT

EFFECTIVE DATE OF 1992 AMENDMENT

(a) EFFECTIVE DATES.—(1) Except as provided in paragraph (2) and subsection (b), this Act amending this section and sections 9835a to 9839, 9846, 9846a, and 9858n of this title and enacting provisions set out as a note under section 9836 of this title and the amendments made by this Act shall take effect on the date of the enactment of this Act (Oct. 7, 1992).

(2) The amendment made by section 2(e)(1) (amending section 9836 of this title) shall take effect on July 30, 1992.

(b) APPLICATION OF AMENDMENTS.—The amendments made by this Act, other than the amendment made by section 2(e)(1), shall not apply with respect to fiscal years beginning before October 1, 1992.

EFFECTIVE DATE OF 1990 AMENDMENTS

Amendment by Pub. L. 100–201 effective Oct. 1, 1990, see section 1001(a) of Pub. L. 100–201, set out as a note under section 9821 of this title.

Amendment by Pub. L. 100–476 effective Oct. 1, 1990, see section 1001 of Pub. L. 100–476, set out as a note under section 1087e of Title 20, Education.

EFFECTIVE DATE OF 1986 AMENDMENT

EFFECTIVE DATE OF REPEAL

Repeal effective May 18, 1994, but not applicable to Head Start agencies and other recipients of financial assistance under the Head Start Act (42 U.S.C. 9831 et seq.) until Oct. 1, 1994, see section 127 of Pub. L. 103–252, set out as an Effective Date of 1994 Amendment note under section 9832 of this title.

§ 9836. Designation of Head Start agencies

(a) Authority to designate

(1) In general

The Secretary is authorized to designate as a Head Start agency any local public or private nonprofit agency, including community-based and faith-based organizations, or for-profit agency, within a community, pursuant to the requirements of this section.

(2) Interim policy

Notwithstanding paragraph (1), until such time as the Secretary develops and implements the system for designation renewal under this section, the Secretary is authorized to designate as a Head Start agency, any local public or private nonprofit agency, including community-based and faith-based organizations, or for-profit agency, within a community, in the manner and process utilized by the Secretary prior to December 12, 2007.

(b) Application for designation renewal

To be considered for designation renewal, an entity shall submit an application to the Secretary, at such time and in such manner as the Secretary may require.

(c) System for designation renewal

(1) In general

The Secretary shall develop a system for designation renewal that integrates the recommendations of the expert panel convened under paragraph (2) to determine if a Head Start agency is delivering a high-quality and comprehensive Head Start program that meets the educational, health, nutritional, and social needs of the children and families it serves, and meets program and financial management requirements and standards described in section 9836a(a)(1) of this title, based on—

(A) annual budget and fiscal management data;

(B) program reviews conducted under section 9836a(c) of this title;

(C) annual audits required under section 9842 of this title;

(D) classroom quality as measured under section 9836a(c)(2)(F) of this title; and

(E) Program Information Reports.

(2) Expert panel

Not later than 3 months after December 12, 2007, the Secretary shall convene an expert
panel of 7 members to make recommendations to the Secretary on the development of a transparent, reliable, and valid system for designation renewal.

(3) Composition of expert panel

The Secretary, in convening such panel, shall appoint the following:

(A)(i) One member, who has demonstrated competency, as evidenced by training, expertise, and experience, in early childhood program accreditation.

(ii) One member, who has demonstrated competency (as so evidenced) in research on early childhood development.

(iii) One member, who has demonstrated competency (as so evidenced) in governance and finance of nonprofit organizations.

(iv) One member, who has demonstrated competency (as so evidenced) in delivery of services to populations of children with special needs and their families.

(v) One member, who has demonstrated competency (as so evidenced) in assessment and evaluation of programs serving young children.

(B) An employee from the Office of Head Start.

(C) An executive director of a Head Start agency.

(4) Expert panel report

Within 9 months after being convened by the Secretary, the expert panel shall issue a report to the Secretary that provides recommendations on a proposed system for designation renewal that takes into account the criteria in subparagraphs (A) through (E) of paragraph (1) to evaluate whether a Head Start agency is fulfilling its mission to deliver a high-quality and comprehensive Head Start program, including adequately meeting its governance, legal, and financial management requirements.

(5) Public comment and consideration

Not later than 3 months after receiving the report described in paragraph (4), the Secretary shall publish a notice describing a proposed system for designation renewal in the Federal Register, including a proposal for the transition to such system, providing at least 90 days for public comment. The Secretary shall review and consider public comments prior to finalizing the system for designation renewal described in this subsection.

(6) Designation renewal system

Not later than 12 months after publishing a notice describing the proposed system under paragraph (5), the Secretary shall implement the system for designation renewal and use that system to determine—

(A) whether a Head Start grantee is successfully delivering a high-quality and comprehensive Head Start program; and

(B) whether the grantee has any unresolved deficiencies found during the last triennial review under section 9836a(c) of this title.

(7) Implementation of the designation renewal system

(A) In general

A grantee who is determined under such system—

(i) to be delivering a high-quality and comprehensive Head Start program shall be designated (consistent with section 9833 of this title) as a Head Start agency for the period of 5 years described in section 9833 of this title;

(ii) to not be delivering a high-quality and comprehensive Head Start program shall be subject to an open competition as described in subsection (d); and

(iii) in the case of an Indian Head Start agency, to not be delivering a high-quality and comprehensive Head Start program shall (notwithstanding clause (ii)) be subject to the requirements of subparagraph (B).

(B) Tribal government consultation and re-evaluation

On making a determination described in subparagraph (A)(iii), the Secretary shall engage in government-to-government consultation with the appropriate tribal government or governments for the purpose of establishing a plan to improve the quality of Head Start programs operated by the Indian Head Start agency. Such plan shall be established and implemented within 6 months after the Secretary’s determination. Not more than 6 months after the implementation of the plan, the Secretary shall re-evaluate the performance of the Indian Head Start agency. If the Indian Head Start agency is still not delivering a high-quality and comprehensive Head Start program, the Secretary shall conduct an open competition as described in subsection (d), subject to the limitations described in subsection (e).

(8) Transparency, reliability, and validity

The Secretary shall ensure the system for designation renewal is fair, consistent, and transparent and is applied in a manner that renews designations, in a timely manner, grantees as Head Start agencies for periods of 5 years if such grantees are delivering high-quality and comprehensive Head Start programs. The Secretary shall periodically evaluate whether the criteria of the system are being applied in a manner that is transparent, reliable, and valid.

(9) Transition

(A) In general

Each Head Start agency shall be reviewed under the system for designation renewal described in paragraph (6), not later than 3 years after the implementation of such system.

(B) Limitation

A Head Start agency shall not be subject to the requirements of the system for designation renewal prior to 18 months after December 12, 2007.

(C) Schedule

The Secretary shall establish and implement a schedule for reviewing each Head Start agency.
Start agency under the system for designation renewal described in paragraph (6), consistent with subparagraphs (A) and (B).

(10) Reports to Congress
The Secretary shall—

(A) make available to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate the report described in paragraph (4);

(B) concurrently with publishing a notice in the Federal Register as described in paragraph (5), provide a report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate that provides a detailed description of the proposed system described in paragraph (5), including a clear rationale for any differences between the proposed system and the plans for implementation of such system.

(d) Designation when no entity is renewed

(1) In general
If no entity in a community is determined to be successfully delivering a high-quality and comprehensive Head Start program, as specified in subsection (c), the Secretary shall, after conducting an open competition, designate for a 5-year period a Head Start agency from among qualified applicants in such community.

(2) Considerations for designation
In selecting from among qualified applicants for designation as a Head Start agency, the Secretary shall consider the effectiveness of such applicant provided such comparable services to Head Start services, based on—

(A) any past performance of such applicant in providing services comparable to Head Start services, including how effectively such applicant provided such comparable services;

(B) the plan of such applicant to provide comprehensive health, educational, nutritional, social, and other services needed to aid participating children in attaining their full potential, and to prepare children to succeed in school;

(C) the plan of such applicant to attract and retain qualified staff capable of delivering, including implementing, a high-quality and comprehensive program, including the ability to carry out a research based curriculum aligned with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards;

(D) the ability of such applicant to maintain child-to-teacher ratios and family service worker caseloads that reflect best practices and are tied to high-quality service delivery;

(E) the capacity of such applicant to serve eligible children with—

(i) curricula that are based on scientifically valid research, that are developmentally appropriate, and that promote the school readiness of children participating in the program involved; and

(ii) teaching practices that are based, as appropriate, on scientifically valid research, that are developmentally appropriate, and that promote the school readiness of children participating in the program involved;

(F) the plan of such applicant to meet standards described in section 9836a(a)(1) of this title, with particular attention to the standards described in subparagraphs (A) and (B) of such section;

(G) the proposed budget of the applicant and plan of such applicant to maintain strong fiscal controls and cost-effective fiscal management;

(H) the plan of such applicant to coordinate and collaborate with other public or private entities providing early childhood education and development programs and services for young children in the community involved, including—

(i) preschool programs under title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.);

(ii) programs under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

(iii) State prekindergarten programs;

(iv) child care programs;

(v) the educational programs that the children in the Head Start program involved will enter at the age of compulsory school attendance; and

(vi) local entities, such as a public or school library, for—

(I) conducting reading readiness programs;

(II) developing innovative programs to excite children about the world of books, including providing fresh books in the Head Start classroom;

(III) assisting in literacy training for Head Start teachers; or

(IV) supporting parents and other caregivers in literacy efforts;

(I) the plan of such applicant to coordinate the Head Start program that the applicant proposes to carry out, with public and private entities that are willing to commit resources to assist the Head Start program in meeting its program needs;

(J) the plan of such applicant—

(i) to facilitate the involvement of parents (including grandparents and kinship caregivers, as appropriate) of children participating in the proposed Head Start program, in activities (at home and, if practicable, at the location of the Head Start
§ 9836

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7380

program) designed to help such parents become full partners in the education of their children;

(ii) to afford such parents the opportunity to participate in the development and overall conduct of the program at the local level, including transportation assistance, as appropriate;

(iii) to offer (directly or through referral to local entities, public and school libraries, and entities carrying out family support programs) to such parents—

(I) family literacy services; and

(II) parenting skills training;

(iv) to offer to parents of participating children substance abuse counseling (either directly or through referral to local entities), if needed, including information on the effect of drug exposure on infants and fetal alcohol syndrome;

(v) at the option of such applicant, to offer (directly or through referral to local entities) to such parents—

(I) training in basic child development (including cognitive, social, and emotional development);

(II) assistance in developing literacy and communication skills;

(III) opportunities to share experiences with other parents (including parent-mentor relationships);

(IV) regular in-home visitation;

(V) health services, including information on maternal depression; or

(VI) any other activity designed to help such parents become full partners in the education of their children;

(vi) to provide, with respect to each participating family, a family needs assessment that includes consultation with such parents (including foster parents, grandparents, and kinship caregivers, where applicable), in a manner and language that such parents can understand, to the extent practicable, about the benefits of parent involvement and about the activities described in this subparagraph in which such parents may choose to become involved (taking into consideration their specific family needs, work schedules, and other responsibilities); and

(vii) to extend outreach to fathers (including father figures), in appropriate cases, in order to strengthen the role of those fathers in families, in the education of young children, and in the Head Start program, by working directly with the fathers through activities such as—

(I) in appropriate cases, including the fathers in home visits and providing opportunities for direct father-child interactions; and

(II) targeting increased male participation in the conduct of the program;

(M) the plan of such applicant to meet the diverse needs of the population served;

(N) the plan of such applicant to meet the needs of children with disabilities, including procedures to identify such children, procedures for referral of such children for evaluation to State or local agencies providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.), and plans for collaboration with those State or local agencies;

(O) the plan of such applicant to meet the needs of homeless children, including transportation needs, and the needs of children in foster care; and

(P) other factors related to the requirements of this subchapter.

(3) Priority

In selecting from among qualified applicants for designation as a Head Start agency, the Secretary shall give priority to applicants that have demonstrated capacity in providing effective, comprehensive, and well-coordinated early childhood education and development services and programs to children and their families.

(e) Prohibition against non-Indian Head Start agency receiving a grant for an Indian Head Start program

(1) In general

Notwithstanding any other provision of law, except as provided in paragraph (2), under no condition may a non-Indian Head Start agency receive a grant to carry out an Indian Head Start program.

(2) Exception

In a community in which there is no Indian Head Start agency available for designation to carry out an Indian Head Start program, a non-Indian Head Start agency may receive a grant to carry out an Indian Head Start program but only until such time as an Indian Head Start agency in such community becomes available and is designated pursuant to this section.

(f) Interim provider

If no agency in a community is designated under subsection (d), and there is no qualified applicant in the community, the Secretary shall designate a qualified agency to carry out the Head Start program in the community on an interim basis until a qualified applicant from the community is designated under subsection (d).

(g) Parent and community participation

The Secretary shall require that the practice of significantly involving parents and community residents in the area affected by the pro-
gram involved, in the selection of Head Start agencies, be continued.

(h) Community

For purposes of this subchapter, a community may be a city, county, or multicity or multicity-county unit within a State, an Indian reservation (including Indians in any off-reservation area designated by an appropriate tribal government in consultation with the Secretary), or a neighborhood or other area (irrespective of boundaries or political subdivisions) that provides a suitable organizational base and possesses the commonality of interest needed to operate a Head Start program.

REFERENCES IN TEXT

AMENDMENTS

Subsec. (d)(2)(H)(i). Pub. L. 114–95, §9215(nn)(2)(A), redesignated cl. (ii) as (i), struck out “other” before “pre-school programs” and substituted “the Elementary and Secondary Education Act of 1965” for “that Act”, and struck out former cl. (i) which read as follows: “programs implementing grant agreements under the Early Reading First and Even Start programs under subparts 2 and 3 of part B of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6317 et seq.)”.

Subsec. (d)(2)(H)(ii) to (vii). Pub. L. 114–95, §§9215(nn)(2)(A)(ii), redesignated cl. (iii) to (vii) as (i) to (vi), respectively. Former cl. (ii) redesignated (i).

Subsec. (c)(1). Pub. L. 105–285, §107(3)(A), inserted “in consultation with the chief executive officer of the State involved if such State expends non-Federal funds to carry out Head Start programs” after “Secretary”.

Subsec. (b). Pub. L. 105–285, §107(2), substituted “off-reservation area designated by an appropriate tribal government in consultation with the Secretary” for “area designated by the Bureau of Indian Affairs as near-reservation”.

Subsec. (c)(1). Pub. L. 105–285, §107(3)(A), inserted “in consultation with the chief executive officer of the State involved if such State expends non-Federal funds to carry out Head Start programs,” after “Secretary shall” and realigned margins.

Subsec. (d). Pub. L. 105–285, §107(4)(A), inserted in introductory provisions “In selecting from among qualified applicants for designation as a Head Start agency, the Secretary shall give priority to any qualified agency that functioned as a Head Start delegate agency in the community and carried out a Head Start program that the Secretary determines met or exceeded such performance standards and such results-based performance measures developed by the Secretary under section 9836a(b) of this title, or other requirements established by the Secretary” for “makes a finding that the agency involved fails to meet program, financial management, and other requirements established by the Secretary”.

Subsec. (d)(1). Pub. L. 105–285, §107(3)(B)(C), (E), inserted “in consultation with the chief executive officer of the State if such State expends non-Federal funds to carry out Head Start programs,” after “Secretary shall” and realigned margins.

Subsec. (d)(4)(D)(v). Pub. L. 105–285, §107(4)(C)(iii)(II), (III), redesignated cl. (v) as (iv) and struck out former cl. (iv) which read as follows: “substance abuse counseling; or”.

Pub. L. 105–285, §107(4)(C)(ii)(I), substituted “(D) and (E)” for “(D)”.

Subsec. (d)(7). Pub. L. 105–285, §107(4)(D), amended par. (7) generally. Prior to amendment, par. (7) read as follows: “the plan of such applicant to meet the needs of non-English language background children and their families in the community; and”.

Subsec. (d)(8) to (10). Pub. L. 105–285, §107(4)(E)–(G), added pars. (8) and (10) and redesignated former par. (8) as (9).

Subsec. (e). Pub. L. 105–285, §107(5), added subsec. (e) and struck out former subsec. (e) which read as follows: “If, in a community served by a Head Start program, there is no applicant qualified for designation as a Head Start agency to carry out such program, the Secretary may appoint an interim agency to carry out such program until a qualified applicant is so designated.”

§ 9836
TITLE 42—THE PUBLIC HEALTH AND WELFARE

1994—Subsec. (b). Pub. L. 103–252, §107(a), inserted “(including Indians in any area designated by the Bureau of Indian Affairs as near-reservation)” after “Indian reservation.”

Subsec. (c)(1). Pub. L. 103–252, §107(b)(2), (3), (5), inserted “(subject to paragraph (2))” after “the provisions of this section,” struck out subpar. (A), inserted “The Secretary makes a finding that the agency involved fails to meet program, financial management, and other requirements established by the Secretary,” after “unless,” redesignated par. (9) as (8) and struck out former par. (8) which read as follows: “The plan of such applicant to provide (directly or through referral to educational services available in the community) parents of children who will participate in the proposed Head Start program with child development and literacy skills training in order to aid their children to attain their full potential; and”.

Subsecs. (f), (g). Pub. L. 103–252, §107(d), redesignated subsec. (g) as (f) and struck out former subsec. (f) which read as follows: “The provisions of subsections (c), (d), and (e) of this section shall be applied by the Secretary in the distribution of any additional appropriations available under this subchapter during any fiscal year as well as to initial designations of Head Start agencies.”

1992—Subsec. (c)(1). Pub. L. 102–401, §2(e)(1), inserted at end “Notwithstanding any other provision of this paragraph, the Secretary shall not give such priority to any agency with respect to which financial assistance has been terminated, or an application for refunding has been denied, under this subchapter by the Secretary after affording such agency reasonable notice and opportunity for a full and fair hearing in accordance with section 9611(a)(3) of this title.”

Subsec. (c)(2). Pub. L. 102–401, §2(g), redesignated existing provisions as subpar. (A) and added subpars. (B) and (C).

Subsec. (d)(8). Pub. L. 102–401, §2(g), added pars. (8) and (9).

Pub. L. 102–401, §2(h)(4), substituted “(c), (d), and (e)” for “(c) and (d)”.

Subsecs. (f), (g). Pub. L. 102–401, §2(h)(5), redesignated subsec. (g) as (f) and struck out former par. (2) and last sentence which read as follows: “except that if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the Secretary shall give priority in the designation of Head Start agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds in the fiscal year preceding the fiscal year for which the determination is made.”

The provisions of clause (2) shall apply only to agencies actually operating Head Start programs.”

Subsec. (d). Pub. L. 101–501, §108, inserted at end “In selecting from among qualified applicants for designation as a Head Start agency and subject to the preceding sentence, the Secretary shall consider the effectiveness of each such applicant to provide Head Start services, based on—” and paras. (1) to (7).

Subsec. (c)(1). Pub. L. 98–558, §104(b)(2), (3), substituted “makes a finding” for “shall, before giving such priority, determine” and “fails to meet” for “meet.”

Subsec. (c)(2). Pub. L. 98–558, §104(b)(4), inserted “except that” before “if”.

Subsec. (d). Pub. L. 98–558, §104(c), added subsecs. (d) and (e) and redesignated former subsec. (d) as (f).

EFFECTIVE DATE OF 2015 AMENDMENT
Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive pro-
grams and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

**Effective Date of 1994 Amendment**

**Effective Date of 1992 Amendment**

**Effective Date of 1990 Amendment**

**Head Start Designation Renewal System**

“Notwithstanding section 638 of the Head Start Act (42 U.S.C. 9838), if the Secretary of Health and Human Services—

‘‘(1) is required to make a determination under paragraph (1) of section 641(c) of such Act (42 U.S.C. 9836a(c)) (sic, probably should be “42 U.S.C. 9836(c)”)) whether to renew the designation of a Head Start agency for which such determination under the schedule developed pursuant to paragraph (9)(C) of such section 641(c) is required to be made before December 31, 2022; and

‘‘(2) cannot make such determination in accordance with such schedule because the Secretary lacks any information described in any of subparagraphs (A) through (E) of section 641(c)(1) of such Act required for the purpose of making such determination; then before December 31, 2022, the Secretary shall extend for not more than 2 years the 5-year period otherwise applicable to the designation of such Head Start agency under such Act (42 U.S.C. 9831 et seq.).”

§9836a. Standards; monitoring of Head Start agencies and programs

(a) Standards

(1) Content of standards

The Secretary shall modify, as necessary, program performance standards by regulation applicable to Head Start agencies and programs under this subchapter, including—

(A) performance standards with respect to services required to be provided, including health, parental involvement, nutritional, and social services, transition activities described in section 9837a of this title, and other services;

(B) scientifically based and developmentally appropriate education performance standards related to school readiness that are based on the Head Start Child Outcomes Framework to ensure that the children participating in the program, at a minimum, develop and demonstrate—

(i) language knowledge and skills, including oral language and listening comprehension;

(ii) literacy knowledge and skills, including phonological awareness, print awareness and skills, and alphabetic knowledge;

(iii) mathematics knowledge and skills;

(iv) science knowledge and skills;

(v) cognitive abilities related to academic achievement and child development;

(vi) approaches to learning related to child development and early learning;

(vii) social and emotional development related to early learning, school success, and social problem-solving;

(viii) abilities in creative arts;

(ix) physical development; and

(x) in the case of limited English proficient children, progress toward acquisition of the English language while making meaningful progress in attaining the knowledge, skills, abilities, and development described in clauses (i) through (ix), including progress made through the use of culturally and linguistically appropriate instructional services;

(C) administrative and financial management standards;

(D) standards relating to the condition and location of facilities (including indoor air quality assessment standards, where appropriate) for such agencies, and programs, including regulations that require that the facilities used by Head Start agencies (including Early Head Start agencies and any delegate agencies) for regularly scheduled center-based and combination program option classroom activities—

(i) shall meet or exceed State and local requirements concerning licensing for such facilities; and

(ii) shall be accessible by State and local authorities for purposes of monitoring and ensuring compliance, unless State or local laws prohibit such access; and

(E) such other standards as the Secretary finds to be appropriate.

(2) Considerations regarding standards

In developing any modifications to standards required under paragraph (1), the Secretary shall—

(A) consult with experts in the fields of child development, early childhood education, child health care, family services (including linguistically and culturally appropriate services to non-English speaking children and their families), administration, and financial management, and with persons with experience in the operation of Head Start programs;

(B) take into consideration—

(i) past experience with use of the standards in effect under this subchapter on December 12, 2007;

(ii) changes over the period since October 27, 1998, in the circumstances and problems typically facing children and families served by Head Start agencies;

(iii) recommendations from the study on Developmental Outcomes and Assessments
for Young Children by the National Academy of Sciences, consistent with section 9844(j) of this title;

(iv) developments concerning research-based practices with respect to early childhood education and development, children with disabilities, homeless children, children in foster care, and family services, and best practices with respect to program administration and financial management;

(v) projected needs of an expanding Head Start program;

(vi) guidelines and standards that promote child health services and physical development, including participation in outdoor activity that supports children's motor development and overall health and nutrition;

(vii) changes in the characteristics of the population of children who are eligible to participate in Head Start programs, including country of origin, language background, and family structure of such children, and changes in the population and number of such children who are in foster care or are homeless children;

(viii) mechanisms to ensure that children participating in Head Start programs make a successful transition to the schools that the children will be attending;

(ix) the need for Head Start agencies to maintain regular communications with parents, including conducting periodic meetings to discuss the progress of individual children in Head Start programs; and

(x) the unique challenges faced by individual programs, including those programs that are seasonal or short term and those programs that serve rural populations;

(C)(i) review and revise as necessary the standards in effect under this subsection; and

(ii) ensure that any such revisions in the standards will not result in the elimination of or any reduction in quality, scope, or types of health, educational, parental involvement, nutritional, social, or other services required to be provided under such standards as in effect on December 12, 2007; and

(D) consult with Indian tribes, including Alaska Natives, experts in Indian, including Alaska Native, early childhood education and development, linguists, and the National Indian Head Start Directors Association on the review and promulgation of standards under paragraph (1) (including standards for language acquisition and school readiness).

3) Standards relating to obligations to delegate agencies

In developing any modifications to standards under paragraph (1), the Secretary shall describe the obligations of a Head Start agency to a delegate agency to which the Head Start agency has delegated responsibility for providing services under this subchapter.

(b) Measures

1) In general

The Secretary, in consultation with representatives of Head Start agencies and with experts in the fields of early childhood education and development, family services, and program management, shall use the study on Developmental Outcomes and Assessments for Young Children by the National Academy of Sciences and other relevant research to inform, revise, and provide guidance to Head Start agencies for utilizing, scientifically based measures that support, as appropriate—

(A) classroom instructional practices;

(B) identification of children with special needs;

(C) program evaluation; and

(D) administrative and financial management practices.

2) Characteristics of measures

The measures under this subsection shall—

(A) be developmentally, linguistically, and culturally appropriate for the population served;

(B) be reviewed periodically, based on advances in the science of early childhood development;

(C) be consistent with relevant, nationally recognized professional and technical standards related to the assessment of young children;

(D) be valid and reliable in the language in which they are administered;

(E) be administered by staff with appropriate training for such administration;

(F) provide for appropriate accommodations for children with disabilities and children who are limited English proficient;

(G) be high-quality research-based measures that have been demonstrated to assist with the purposes for which they were devised; and

(H) be adaptable, as appropriate, for use in the self-assessment of Head Start agencies, including in the evaluation of administrative and financial management practices.

3) Use of measures; limitations on use

(A) Use

The measures shall be designed, as appropriate, for the purpose of—

(i) helping to develop the skills, knowledge, abilities, and development described in subsection (a)(1)(B) of children participating in Head Start programs, with an emphasis on measuring skills that scientifically valid research has demonstrated are related to children's school readiness and later success in school;

(ii) improving classroom practices, including reviewing children's strengths and weaknesses and individualizing instruction to better meet the needs of the children involved;

(iii) identifying the special needs of children; and

(iv) improving overall program performance in order to help programs identify problem areas that may require additional training and technical assistance resources.
§ 9836a

(c) Monitoring of local agencies and programs

(1) In general

To determine whether Head Start agencies meet standards described in subsection (a)(1) established under this subchapter with respect to program, administrative, financial management, and other requirements, and in order to help the programs identify areas for improvement and areas of strength as part of their ongoing self-assessment process, the Secretary shall conduct the following reviews of Head Start agencies, including the Head Start programs operated by such agencies:

(A) A full review, including the use of a risk-based assessment approach, of each such agency at least once during each 3-year period.

(B) A review of each newly designated Head Start agency immediately after the completion of the first year such agency carries out a Head Start program.

(C) Followup reviews, including—

(i) return visits to Head Start agencies with 1 or more findings of deficiencies, not later than 6 months after the Secretary provides notification of such findings, or not later than 12 months after such notification if the Secretary determines that additional time is necessary for an agency to address such a deficiency prior to the review; and

(ii) a review of Head Start agencies with significant areas of noncompliance.

(D) Other reviews, including unannounced site inspections of Head Start centers, as appropriate.

(2) Conduct of reviews

The Secretary shall ensure that reviews described in subparagraphs (A) through (C) of paragraph (1)—

(A) are conducted by review teams that—

(i) include individuals who are knowledgeable about Head Start programs and, to the maximum extent practicable, individuals who are knowledgeable about—

(I) other early childhood education and development programs, personnel management, financial accountability, and systems development and monitoring; and

(II) the diverse (including linguistic and cultural) needs of eligible children (including children with disabilities, homeless children, children in foster care, and limited English proficient children) and their families;

(ii) provide rewards or sanctions for individual children or teachers.

(B) Results

The Secretary shall not use the results of a single assessment as the sole method for assessing program effectiveness or making agency funding determinations at the national, regional, or local level under this subchapter.

(c) Monitoring of local agencies and programs

(1) In general

To determine whether Head Start agencies meet standards described in subsection (a)(1) established under this subchapter with respect to program, administrative, financial management, and other requirements, and in order to help the programs identify areas for improvement and areas of strength as part of their ongoing self-assessment process, the Secretary shall conduct the following reviews of Head Start agencies, including the Head Start programs operated by such agencies:

(A) A full review, including the use of a risk-based assessment approach, of each such agency at least once during each 3-year period.

(B) A review of each newly designated Head Start agency immediately after the completion of the first year such agency carries out a Head Start program.

(C) Followup reviews, including—

(i) return visits to Head Start agencies with 1 or more findings of deficiencies, not later than 6 months after the Secretary provides notification of such findings, or not later than 12 months after such notification if the Secretary determines that additional time is necessary for an agency to address such a deficiency prior to the review; and

(ii) a review of Head Start agencies with significant areas of noncompliance.

(D) Other reviews, including unannounced site inspections of Head Start centers, as appropriate.

(2) Conduct of reviews

The Secretary shall ensure that reviews described in subparagraphs (A) through (C) of paragraph (1)—

(A) are conducted by review teams that—

(i) include individuals who are knowledgeable about Head Start programs and, to the maximum extent practicable, individuals who are knowledgeable about—

(I) other early childhood education and development programs, personnel management, financial accountability, and systems development and monitoring; and

(II) the diverse (including linguistic and cultural) needs of eligible children (including children with disabilities, homeless children, children in foster care, and limited English proficient children) and their families;

(ii) provide rewards or sanctions for individual children or teachers.

(B) Results

The Secretary shall not use the results of a single assessment as the sole method for assessing program effectiveness or making agency funding determinations at the national, regional, or local level under this subchapter.
overall operations with consistency and objectivity, are based on a transparent and reliable system of review, and are conducted in a manner that includes periodic interrater reliability checks, to ensure quality and consistency, across and within regions, of the reviews and of noncompliance and deficiency determinations;

(H) in the case of reviews of Early Head Start agencies and programs, are conducted by a review team that includes individuals who are knowledgeable about the development of infants and toddlers;

(I) include as part of the reviews a protocol for fiscal management that shall be used to assess compliance with program requirements for—

(i) using Federal funds appropriately;
(ii) using Federal funds specifically to purchase property (consistent with section 9839(f) of this title) and to compensate personnel;
(iii) securing and using qualified financial officer support; and
(iv) reporting financial information and implementing appropriate internal controls to safeguard Federal funds;

(J) include as part of the reviews of the programs, a review and assessment of whether the programs are in conformity with the eligibility requirements under section 9840(a)(1) of this title, including regulations promulgated under such section and whether the programs have met the requirements for the outreach and enrollment policies and procedures, and selection criteria, in such section, for the participation of children in programs assisted under this subchapter;

(K) include as part of the reviews, a review and assessment of whether agencies have adequately addressed the needs of children with disabilities, including whether the agencies involved have met the 10 percent minimum enrollment requirement specified in section 9835(d) of this title and whether the agencies have made sufficient efforts to collaborate with State and local agencies providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.); and

(L) include as part of the reviews, a review and assessment of child outcomes and performance as they relate to agency-determined school readiness goals described in subsection (g)(2), consistent with subsection (b)(5).

(3) Standards relating to obligations to delegate agencies

In conducting a review described in paragraph (1)(A) of a Head Start agency, the Secretary shall determine whether the agency complies with the obligations described in subsection (a)(3). The Secretary shall consider such compliance in determining whether to renew financial assistance to the Head Start agency under this subchapter.

(4) Use of review findings

The findings of a review described in paragraph (1) of a Head Start agency shall, at a minimum—

(A) be presented to the agency in a timely, transparent, and uniform manner that conveys information of program strengths and weaknesses and assists with program improvement; and

(B) be used by the agency to inform the development and implementation of its plan for training and technical assistance.

(d) Evaluations and corrective action for delegate agencies

(1) Procedures

Each Head Start agency shall establish, subject to paragraph (4), procedures relating to its delegate agencies, including—

(A) procedures for evaluating delegate agencies;

(B) procedures for defunding delegate agencies; and

(C) procedures for a delegate agency to appeal a defunding decision.

(2) Evaluation

Each Head Start agency—

(A) shall evaluate its delegate agencies using the procedures established under this subsection; and

(B) shall inform the delegate agencies of the deficiencies identified through the evaluation that are required to be corrected.

(3) Remedies to ensure corrective actions

In the event that the Head Start agency identifies a deficiency for a delegate agency through the evaluation, the Head Start agency shall take action, which may include—

(A) initiating procedures to terminate the designation of the agency unless the agency corrects the deficiency;

(B) conducting monthly monitoring visits to such delegate agency until all deficiencies are corrected or the Head Start agency decides to defund such delegate agency; and

(C) releasing funds to such delegate agency—

(i) only as reimbursements except that, upon receiving a request from the delegate agency accompanied by assurances satisfactory to the Head Start agency that the funds will be appropriately safeguarded, the Head Start agency shall provide to the delegate agency a working capital advance in an amount sufficient to cover the estimated expenses involved during an agreed upon disbursing cycle; and

(ii) only if there is continuity of services.

(4) Termination

The Head Start agency may not terminate a delegate agency’s contract or reduce a delegate agency’s service area without showing cause or demonstrating the cost-effectiveness of such a decision.

(5) Rule of construction

Nothing in this subsection shall be construed to limit the powers, duties, or functions of the Secretary with respect to Head Start agencies or delegate agencies that receive financial assistance under this subchapter.
(e) Corrective action for Head Start agencies

(1) Determination

If the Secretary determines, on the basis of a review pursuant to subsection (c), that a Head Start agency designated pursuant to this subchapter fails to meet the standards described in subsection (a)(1) or fails to address the communitywide strategic planning and needs assessment, the Secretary shall—

(A) inform the agency of the deficiencies that shall be corrected and identify the assistance to be provided consistent with paragraph (3);

(B) with respect to each identified deficiency, require the agency—

(i) to correct the deficiency immediately, if the Secretary finds that the deficiency threatens the health or safety of staff or program participants or poses a threat to the integrity of Federal funds;

(ii) to correct the deficiency not later than 90 days after the identification of the deficiency if the Secretary finds, in the discretion of the Secretary, that such a 90-day period is reasonable, in light of the nature and magnitude of the deficiency; or

(iii) in the discretion of the Secretary (taking into consideration the seriousness of the deficiency and the time reasonably required to correct the deficiency), to comply with the requirements of paragraph (2) concerning a quality improvement plan; and

(C) initiate proceedings to terminate the designation of the agency unless the agency corrects the deficiency.

(2) Quality improvement plan

(A) Agency and program responsibilities

To retain a designation as a Head Start agency under this subchapter, or in the case of a Head Start program to continue to receive funds from such agency, a Head Start agency that is the subject of a determination described in paragraph (1), or a Head Start program that is determined to have a deficiency under subsection (d)(2) (excluding an agency required to correct a deficiency immediately or during a 90-day period under clause (i) or (ii) of paragraph (1)(B)) shall—

(i) develop in a timely manner, a quality improvement plan that shall be subject to the approval of the Secretary, or in the case of a program, the sponsoring agency, and that shall specify—

(I) the deficiencies to be corrected;

(II) the actions to be taken to correct such deficiencies; and

(III) the timetable for accomplishment of the corrective actions specified; and

(ii) correct each deficiency identified, not later than the date for correction of such deficiency specified in such plan (which shall not be later than 1 year after the date the agency or Head Start program that is determined to have a deficiency received notice of the determination and of the specific deficiency to be corrected).

(B) Secretarial responsibility

Not later than 30 days after receiving from a Head Start agency a proposed quality improvement plan pursuant to subparagraph (A), the Secretary shall either approve such proposed plan or specify the reasons why the proposed plan cannot be approved.

(C) Agency responsibility

Not later than 30 days after receiving from a Head Start program a proposed quality improvement plan pursuant to subparagraph (A), the Head Start agency involved shall either approve such proposed plan or specify the reasons why the proposed plan cannot be approved.

(3) Training and technical assistance

The Secretary shall provide training and technical assistance to Head Start agencies and programs with respect to the development or implementation of such quality improvement plans to the extent the Secretary finds such provision to be feasible and appropriate given available funding and other statutory responsibilities.

(f) Summaries of monitoring outcomes

(1) In general

Not later than 120 days after the end of each fiscal year, the Secretary shall publish a summary report on the findings of reviews conducted under subsection (c) and on the outcomes of quality improvement plans implemented under subsection (e), during such fiscal year.

(2) Report availability

Such report shall be made widely available to—

(A) parents with children receiving assistance under this subchapter—

(i) in an understandable and uniform format; and

(ii) to the extent practicable, in a language that the parents understand; and

(B) the public through means such as—

(i) distribution through public agencies; and

(ii) posting such information on the Internet.

(3) Report information

Such report shall contain detailed data—

(A) on compliance with specific standards and measures; and

(B) sufficient to allow Head Start agencies to use such data to improve the quality of their programs.

(g) Self-assessments

(1) In general

Not less frequently than once each program year, with the consultation and participation of policy councils and, as applicable, policy committees and, as appropriate, other community members, each Head Start agency, and each delegate agency, that receives financial assistance under this subchapter shall conduct a comprehensive self-assessment of its effectiveness and progress in meeting program goals and objectives and in implementing and complying with standards described in subsection (a)(1).
§ 9836a

(2) Goals, reports, and improvement plans

(A) Goals
An agency conducting a self-assessment shall establish agency-determined program goals for improving the school readiness of children participating in a program under this subchapter, including school readiness goals that are aligned with the Head Start Child Outcomes Framework, State early learning standards as appropriate, and requirements and expectations of the schools the children will be attending.

(B) Improvement plan
The agency shall develop, and submit to the Secretary a report containing, an improvement plan approved by the governing body of the agency to strengthen any areas identified in the self-assessment as weaknesses or in need of improvement.

(3) Ongoing monitoring
Each Head Start agency (including each Early Head Start agency) and each delegate agency shall establish and implement procedures for the ongoing monitoring of their respective programs, to ensure that the operations of the programs work toward meeting program goals and objectives and standards described in subsection (a)(1).

(h) Reduction of grants and redistribution of funds in cases of underenrollment

(1) Definitions
In this subsection:

(A) Actual enrollment
The term “actual enrollment” means, with respect to the program of a Head Start agency, the actual number of children enrolled in such program and reported by the agency (as required in paragraph (2)) in a given month.

(B) Base grant
The term “base grant” has the meaning given the term in section 9835(a)(7) of this title.

(C) Funded enrollment
The term “funded enrollment” means, with respect to the program of a Head Start agency in a fiscal year, the number of children that the agency is funded to serve through a grant for the program during such fiscal year, as indicated in the grant agreement.

(2) Enrollment reporting requirement
Each entity carrying out a Head Start program shall report on a monthly basis to the Secretary and the relevant Head Start agency—

(A) the actual enrollment in such program; and

(B) if such actual enrollment is less than the funded enrollment, any apparent reason for such enrollment shortfall.

(3) Secretarial review and plan
The Secretary shall—

(A) on a semiannual basis, determine which Head Start agencies are operating with an actual enrollment that is less than the funded enrollment based on not less than 4 consecutive months of data;

(B) for each such Head Start agency operating a program with an actual enrollment that is less than its funded enrollment, as determined under subparagraph (A), develop, in collaboration with such agency, a plan and timetable for reducing or eliminating underenrollment taking into consideration—

(i) the quality and extent of the outreach, recruitment, and communitywide strategic planning and needs assessment conducted by such agency;

(ii) changing demographics, mobility of populations, and the identification of new underserved low-income populations;

(iii) facilities-related issues that may impact enrollment;

(iv) the ability to provide full-working-day programs, where needed, through funds made available under this subchapter or through collaboration with entities carrying out other early childhood education and development programs, or programs with other funding sources (where available);

(v) the availability and use by families of other early childhood education and development options in the community served; and

(vi) agency management procedures that may impact enrollment; and

(C) provide timely and ongoing technical assistance to each agency described in subparagraph (B) for the purpose of assisting the Head Start agency to implement the plan described in such subparagraph.

(4) Implementation
Upon receipt of the technical assistance described in paragraph (3)(C), a Head Start agency shall immediately implement the plan described in paragraph (3)(B). The Secretary shall, where determined appropriate, continue to provide technical assistance to such agency.

(5) Secretarial review and adjustment for chronic underenrollment

(A) In general
If, after receiving technical assistance and developing and implementing the plan as described in paragraphs (3) and (4) for 12 months, a Head Start agency is operating a program with an actual enrollment that is less than 97 percent of its funded enrollment, the Secretary may—

(i) designate such agency as chronically underenrolled; and

(ii) recapture, withhold, or reduce the base grant for the program by a percentage equal to the percentage difference between funded enrollment and actual enrollment for the program for the most recent year for which the agency is determined to be underenrolled under paragraph (3)(A).

(B) Waiver or limitation of reductions
The Secretary may, as appropriate, waive or reduce the percentage recapturing, with-
holding, or reduction otherwise required by subparagraph (A), if, after the implementation of the plan described in paragraph (3)(B), the Secretary finds that—

(i) the causes of the enrollment shortfall, or a portion of the shortfall, are related to the agency’s serving significant numbers of highly mobile children, or are other significant causes as determined by the Secretary;

(ii) the shortfall can reasonably be expected to be temporary; or

(iii) the number of slots allotted to the agency is small enough that underenrollment does not create a significant shortfall.

(6) Redistribution of funds

(A) In general

Funds held by the Secretary as a result of recapturing, withholding, or reducing a base grant in a fiscal year shall be redistributed by the end of the following fiscal year as follows:

(i) Indian Head Start programs

If such funds are derived from an Indian Head Start program, then such funds shall be redistributed to increase enrollment by the end of the following fiscal year in 1 or more Indian Head Start programs.

(ii) Migrant and seasonal Head Start programs

If such funds are derived from a migrant or seasonal Head Start program, then such funds shall be redistributed to increase enrollment by the end of the following fiscal year in 1 or more programs of the type from which such funds are derived.

(iii) Early Head Start programs

If such funds are derived from an Early Head Start program in a State, then such funds shall be redistributed to increase enrollment by the end of the following fiscal year in 1 or more Indian Early Head Start programs.

(iv) Other Head Start programs

If such funds are derived from a Head Start program in a State (excluding programs described in clauses (i) through (iii)), then such funds shall be redistributed to increase enrollment by the end of the following fiscal year in 1 or more Head Start programs (excluding programs described in clauses (i) through (iii)) that are carried out in such State.

(B) Adjustment to funded enrollment

The Secretary shall adjust as necessary the requirements relating to funded enrollment indicated in the grant agreement of a Head Start agency receiving redistributed funds under this paragraph.

(7) Monitoring, evaluation, and peer review

(A) General

The regulations promulgated under this subsection shall establish the minimum levels of overall accomplishment that a Head Start agency shall achieve in order to meet the standards specified in paragraph (1).”

(B) Performance measures

Subsec. (a)(2)(B)(iii). Pub. L. 105–285, § 108(a)(4)(B)(i), struck out “not later than 1 year after May 18, 1994,” before “review” and substituted “this subsection; and” for “section 9804(b) of this title on the date before May 18, 1994; and”.

(C) Programs

(D) Evaluation

(E) Peer review

(F) Peer review

Subsec. (a)(2)(B). Pub. L. 105–285, § 108(a)(2), (3), redesignated par. (3) as (2) and struck out heading and text of former par. (2). Text read as follows: “The regulations promulgated under this subsection shall establish the minimum levels of overall accomplishment that a Head Start agency shall achieve in order to meet the standards specified in paragraph (1).”

§ 9837. Powers and functions of Head Start agencies

(a) Authority

To be designated as a Head Start agency under this subchapter, an agency shall have authority under its charter or applicable law to receive and administer funds under this subchapter, funds and contributions from private or local public sources that may be used in support of a Head Start program, and funds under any Federal or State assistance program pursuant to which a public or private nonprofit or for-profit agency (as the case may be) organized in accordance with this subchapter, could act as grantee, contractor, or sponsor of projects appropriate for inclusion in a Head Start program. Such an agency shall also be empowered to transfer funds so received, and to delegate powers to other agencies, subject to the powers of its governing board and its overall program responsibilities. The power to transfer funds and delegate powers shall include the power to make transfers and delegations covering component projects in all cases where this will contribute to efficiency and effectiveness or otherwise further program objectives.

(b) Family and community involvement; family services

To be so designated, a Head Start agency shall, at a minimum, do all the following to involve and serve families and communities:

1. Provide for the regular and direct participation of parents and community residents in the implementation of the Head Start program, including decisions that influence the character of such program, consistent with paragraphs (2)(D) and (3)(C) of subsection (c).

2. Seek the involvement of parents, community residents, and local business in the design and implementation of the program.

3. Establish effective procedures—

A) to facilitate and seek the involvement of parents of participating children in activities designed to help such parents become full partners in the education of their children; and

B) to afford such parents the opportunity to participate in the development and overall conduct of the program at the local level, including transportation assistance as appropriate.

4. Offer (directly or through referral to local entities, public and school libraries, and entities carrying out family support programs) to such parents—

A) family literacy services; and

B) parenting skills training.

5. Offer to parents of participating children substance abuse counseling (either directly or through referral to local entities), if needed, including information on the effects of drug exposure on infants and fetal alcohol syndrome.

6. At the option of such agency, offer (directly or through referral to local entities) to such parents—

A) training in basic child development (including cognitive, social, and emotional development);

B) assistance in developing literacy and communication skills;

C) opportunities to share experiences with other parents (including parent-mentor relationships);

D) health services, including information on maternal depression;

E) regular in-home visitation; or

F) any other activity designed to help such parents become full partners in the education of their children.

7. Provide, with respect to each participating family, a family needs assessment that includes consultation with such parents (including foster parents, grandparents, and kinship caregivers, where applicable), in a manner and language that such parents may choose to be involved (taking into consideration their specific family needs, work schedules, and other responsibilities).

8. Consider providing services to assist younger siblings of children participating in its Head Start program to obtain health services from other sources.
(9) Perform community outreach to encourage individuals previously unaffiliated with Head Start programs to participate in its Head Start program as volunteers.

(10)(A) Inform custodial parents in single-parent families that participate in programs, activities, or services carried out or provided under this subchapter about the availability of child support services for purposes of establishing paternity and acquiring child support.

(B) Refer eligible parents to the child support offices of State and local governments.

(11) Provide to parents of limited English proficient children outreach and information, in an understandable and uniform format and, to the extent practicable, in a language that the parents can understand.

(12) Provide technical and other support needed to enable parents and community residents to secure, on their own behalf, available assistance from public and private sources.

(13) Promote the continued involvement of the parents (including foster parents, grandparents, and kinship caregivers, as appropriate) of children that participate in Head Start programs in the education of their children upon transition of their children to school, by working with the local educational agency—

(A) to provide training to the parents—

(i) to inform the parents about their rights and responsibilities concerning the education of their children; and

(ii) to enable the parents—

(I) to understand and work with schools in order to communicate with teachers and other school personnel;

(II) to support the schoolwork of their children; and

(III) to participate as appropriate in decisions relating to the education of their children; and

(B) to take other actions, as appropriate and feasible, to support the active involvement of the parents with schools, school personnel, and school-related organizations.

(14) Establish effective procedures for timely referral of children with disabilities to the State or local agency providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.), and collaboration with that agency, consistent with section 9835(d)(3) of this title.

(15) Establish effective procedures for providing necessary early intervening services to children with disabilities prior to an eligibility determination by the State or local agency responsible for providing services under section 619 or part C of such Act, consistent with section 9835(d)(2) of this title.

(16) At the option of the Head Start agency, partner with an institution of higher education and a nonprofit organization to provide college students with the opportunity to serve as mentors or reading partners for Head Start participants.

(c) Program governance

Upon receiving designation as a Head Start agency, the agency shall establish and maintain a formal structure for program governance, for the oversight of quality services for Head Start children and families and for making decisions related to program design and implementation. Such structure shall include the following:

(1) Governing body

(A) In general

The governing body shall have legal and fiscal responsibility for the Head Start agency.

(B) Composition

The governing body shall be composed as follows:

(i) Not less than 1 member shall have a background and expertise in fiscal management or accounting.

(ii) Not less than 1 member shall have a background and expertise in early childhood education and development.

(iii) Not less than 1 member shall be a licensed attorney familiar with issues that come before the governing body.

(iv) Additional members shall—

(I) reflect the community to be served and include parents of children who are currently, or were formerly, enrolled in Head Start programs; and

(II) are selected for their expertise in education, business administration, or community affairs.

(v) Exceptions shall be made to the requirements of clauses (i) through (iv) for members of a governing body when those members oversee a public entity and are selected to their positions with the public entity by public election or political appointment.

(vi) If a person described in clause (i), (ii), or (iii) is not available to serve as a member of the governing body, the governing body shall use a consultant, or an other individual with relevant expertise, with the qualifications described in that clause, who shall work directly with the governing body.

(C) Conflict of interest

Members of the governing body shall—

(i) not have a financial conflict of interest with the Head Start agency (including any delegate agency);

(ii) not receive compensation for serving on the governing body or for providing services to the Head Start agency;

(iii) not be employed, nor shall members of their immediate family be employed, by the Head Start agency (including any delegate agency); and

(iv) operate as an entity independent of staff employed by the Head Start agency.

(D) Exception

If an individual holds a position as a result of public election or political appointment, and such position carries with it a concurrent appointment to serve as a member of a Head Start agency governing body, and such individual has any conflict of interest described in clause (ii) or (iii) of subparagraph (C)—
(i) such individual shall not be prohibited from serving on such body and the Head Start agency shall report such conflict to the Secretary; and
(ii) if the position held as a result of public election or political appointment provides compensation, such individual shall not be prohibited from receiving such compensation.

(E) Responsibilities

The governing body shall—

(i) have legal and fiscal responsibility for administering and overseeing programs under this subchapter, including the safeguarding of Federal funds;
(ii) adopt practices that assure active, independent, and informed governance of the Head Start agency, including practices consistent with subsection (d)(1), and fully participate in the development, planning, and evaluation of the Head Start programs involved;
(iii) be responsible for ensuring compliance with Federal laws (including regulations) and applicable State, tribal, and local laws (including regulations); and
(iv) be responsible for other activities, including—

(I) selecting delegate agencies and the service areas for such agencies;
(II) establishing procedures and criteria for recruitment, selection, and enrollment of children;
(III) reviewing all applications for funding and amendments to applications for funding for programs under this subchapter;
(IV) establishing procedures and guidelines for accessing and collecting information described in subsection (d)(2);
(V) reviewing and approving all major policies of the agency, including—

(aa) the annual self-assessment and financial audit;
(bb) such agency’s progress in carrying out the programmatic and fiscal provisions in such agency’s grant application, including implementation of corrective actions; and
(cc) personnel policies of such agencies regarding the hiring, evaluation, termination, and compensation of agency employees;

(VI) developing procedures for how members of the policy council are selected, consistent with paragraph (2)(B);

(VII) approving financial management, accounting, and reporting policies, and compliance with laws and regulations related to financial statements, including the—

(aa) approval of all major financial expenditures of the agency;
(bb) annual approval of the operating budget of the agency;
(cc) selection (except when a financial auditor is assigned by the State under State law or is assigned under local law) of independent financial auditors who shall report all critical accounting policies and practices to the governing body; and
(dd) monitoring of the agency’s actions to correct any audit findings and of other action necessary to comply with applicable laws (including regulations) governing financial statement and accounting practices;

(VIII) reviewing results from monitoring conducted under section 9836a(c) of this title, including appropriate followup activities;

(IX) approving personnel policies and procedures, including policies and procedures regarding the hiring, evaluation, compensation, and termination of the Executive Director, Head Start Director, Director of Human Resources, Chief Fiscal Officer, and any other person in an equivalent position with the agency;
(X) establishing, adopting, and periodically updating written standards of conduct that establish standards and formal procedures for disclosing, addressing, and resolving—

(aa) any conflict of interest, and any appearance of a conflict of interest, by members of the governing body, officers and employees of the Head Start agency, and consultants and agents who provide services or furnish goods to the Head Start agency; and
(bb) complaints, including investigations, when appropriate; and

(XI) to the extent practicable and appropriate, at the discretion of the governing body, establishing advisory committees to oversee key responsibilities related to program governance and improvement of the Head Start program involved.

(2) Policy council

(A) In general

Consistent with paragraph (1)(E), each Head Start agency shall have a policy council responsible for the direction of the Head Start program, including program design and operation, and long- and short-term planning goals and objectives, taking into account the annual communitywide strategic planning and needs assessment and self-assessment.

(B) Composition and selection

(i) The policy council shall be elected by the parents of children who are currently enrolled in the Head Start program of the Head Start agency.

(ii) The policy council shall be composed of—

(I) parents of children who are currently enrolled in the Head Start program of the Head Start agency (including any delegate agency), who shall constitute a majority of the members of the policy council; and

(II) members at large of the community served by the Head Start agency (including any delegate agency), who
may include parents of children who were formerly enrolled in the Head Start program of the agency.

(C) Conflict of interest

Members of the policy council shall—
(i) not have a conflict of interest with the Head Start agency (including any delegate agency); and
(ii) not receive compensation for serving on the policy council or for providing services to the Head Start agency.

(D) Responsibilities

The policy council shall approve and submit to the governing body decisions about each of the following activities:
(i) Activities to support the active involvement of parents in supporting program operations, including policies to ensure that the Head Start agency is responsive to community and parent needs.
(ii) Program recruitment, selection, and enrollment priorities.
(iii) Applications for funding and amendments to applications for funding for programs under this subchapter, prior to submission of applications described in this clause.
(iv) Budget planning for program expenditures, including policies for reimbursement and participation in policy council activities.
(v) Bylaws for the operation of the policy council.
(vi) Program personnel policies and decisions regarding the employment of program staff, consistent with paragraph (1)(E)(iv)(IX), including standards of conduct for program staff, contractors, and volunteers and criteria for the employment and dismissal of program staff.
(vii) Developing procedures for how members of the policy council of the Head Start agency will be elected.
(viii) Recommendations on the selection of delegate agencies and the service areas for such agencies.

(3) Policy committees

Each delegate agency shall create a policy committee, which shall—
(A) be elected and composed of members, consistent with paragraph (2)(B) (with respect to delegate agencies);
(B) follow procedures to prohibit conflict of interest, consistent with clauses (i) and (ii) of paragraph (2)(C) (with respect to delegate agencies); and
(C) be responsible for approval and submission of decisions about activities as they relate to the delegate agency, consistent with paragraph (2)(D) (with respect to delegate agencies).

(d) Program governance administration

(1) Impasse policies

The Secretary shall develop policies, procedures, and guidance for Head Start agencies concerning—
(A) the resolution of internal disputes, including any impasse in the governance of Head Start programs; and
(B) the facilitation of meaningful consultation and collaboration about decisions of the governing body and policy council.

(2) Conduct of responsibilities

Each Head Start agency shall ensure the sharing of accurate and regular information for use by the governing body and the policy council, about program planning, policies, and Head Start agency operations, including—
(A) monthly financial statements, including credit card expenditures;
(B) monthly program information summaries;
(C) program enrollment reports, including attendance reports for children whose care is partially subsidized by another public agency;
(D) monthly reports of meals and snacks provided through programs of the Department of Agriculture;
(E) the financial audit;
(F) the annual self-assessment, including any findings related to such assessment;
(G) the communitywide strategic planning and needs assessment of the Head Start agency, including any applicable updates;
(H) communication and guidance from the Secretary; and
(I) the program information reports.

(3) Training and technical assistance

Appropriate training and technical assistance shall be provided to the members of the governing body and the policy council to ensure that the members understand the information the members receive and can effectively oversee and participate in the programs of the Head Start agency.

(e) Collaboration and coordination

To be so designated, a Head Start agency shall collaborate and coordinate with public and private entities, to the maximum extent practicable, to improve the availability and quality of services to Head Start children and families, including carrying out the following activities:

(1) Conduct outreach to schools in which children participating in the Head Start program will enroll following the program, local educational agencies, the local business community, community-based organizations, faith-based organizations, museums, and libraries to generate support and leverage the resources of the entire local community in order to improve school readiness.

(2)(A) In communities where both a public prekindergarten program and a Head Start program operate, collaborate and coordinate activities with the local educational agency or other public agency responsible for the operation of the prekindergarten program and providers of prekindergarten, including outreach activities to identify eligible children.

(B) With the permission of the parents of children enrolled in the Head Start program, regularly communicate with the schools in which the children will enroll following the program, to—
(i) share information about such children;
(ii) collaborate with the teachers in such schools regarding professional development

and instructional strategies, as appropriate; and

(iii) ensure a smooth transition to school for such children.

(3) Coordinate activities and collaborate with programs under the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9857 et seq.), the agencies responsible for administering section 5106a of this title and parts B and E of title IV of the Social Security Act (42 U.S.C. 620 et seq., 670 et seq.), programs under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), programs under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.), and other entities providing early childhood education and development programs or services, serving the children and families served by the Head Start agency.

(4) Take steps to coordinate activities with the local educational agency serving the community involved and with schools in which children participating in the Head Start program will enroll following the program, including—

(A) collaborating on the shared use of transportation and facilities, in appropriate cases;

(B) collaborating to reduce the duplication and enhance the efficiency of services while increasing the program participation of underserved populations of eligible children; and

(C) exchanging information on the provision of noneducational services to such children.

(5) Enter into a memorandum of understanding, not later than 1 year after December 12, 2007, with the appropriate local entity responsible for managing publicly funded preschool programs in the service area of the Head Start agency, that shall—

(A)(i) provide for a review of each of the activities described in clause (ii); and

(ii) include plans to coordinate, as appropriate, activities regarding—

(I) educational activities, curricular objectives, and instruction;

(II) public information dissemination and access to programs for families contacting the Head Start program or any of the preschool programs;

(III) selection priorities for eligible children to be served by programs;

(IV) service areas;

(V) staff training, including opportunities for joint staff training on topics such as academic content standards, instructional methods, curricula, and social and emotional development;

(VI) program technical assistance;

(VII) provision of additional services to meet the needs of working parents, as applicable;

(VIII) communications and parent outreach for smooth transitions to kindergarten as required in paragraphs (3) and (6) of section 9837a(a) of this title;

(IX) provision and use of facilities, transportation, and other program elements; and

(X) other elements mutually agreed to by the parties to such memorandum;

(B) be submitted to the Secretary and the State Director of Head Start Collaboration not later than 30 days after the parties enter into such memorandum, except that—

(i) where there is an absence of publicly funded preschool programs in the service area of a Head Start agency, this paragraph shall not apply; or

(ii) where the appropriate local entity responsible for managing the publicly funded preschool programs is unable or unwilling to enter into such a memorandum, this paragraph shall not apply and the Head Start agency shall inform the Secretary and the State Director of Head Start Collaboration of such inability or unwillingness; and

(C) be revised periodically and renewed biennially by the parties to such memorandum, in alignment with the beginning of the school year.

(f) Quality standards, curricula, and assessment

To be so designated, each Head Start agency shall—

(1) take steps to ensure, to the maximum extent practicable, that children maintain the developmental and educational gains achieved in Head Start programs and build upon such gains in further schooling;

(2) establish a program with the standards set forth in section 9836a(a)(1) of this title, with particular attention to the standards set forth in subparagraphs (A) and (B) of such section;

(3) implement a research-based early childhood curriculum that—

(A) promotes young children’s school readiness in the areas of language and cognitive development, early reading and mathematics skills, socio-emotional development, physical development, and approaches to learning;

(B) is based on scientifically valid research and has standardized training procedures and curriculum materials to support implementation;

(C) is comprehensive and linked to ongoing assessment, with developmental and learning goals and measurable objectives;

(D) is focused on improving the learning environment, teaching practices, family involvement, and child outcomes across all areas of development; and

(E) is aligned with the Head Start Child Outcomes Framework developed by the Secretary and, as appropriate, State early learning standards;

(4) implement effective interventions and support services that help promote the school readiness of children participating in the program;

(5) use research-based assessment methods that reflect the characteristics described in section 9836a(b)(2) of this title in order to support the educational instruction and school readiness of children in the program;

(6) use research-based developmental screening tools that have been demonstrated to be
standardized, reliable, valid, and accurate for the child being assessed, to the maximum extent practicable, for the purpose of meeting the relevant standards described in section 9836(a)(1) of this title;

(7) adopt, in consultation with experts in child development and with classroom teachers, an evaluation to assess whether classroom teachers have mastered the functions discussed in section 9834(a)(1) of this title;

(8) use the information provided from the assessment conducted under section 9836(c)(2)(F) of this title to inform professional development plans, as appropriate, that lead to improved teacher effectiveness;

(9) establish goals and measurable objectives for the provision of health, educational, nutritional, and social services provided under this subchapter and related to the program mission and to promote school readiness; and

(10) develop procedures for identifying children who are limited English proficient, and informing the parents of such children about the instructional services used to help children make progress towards acquiring the knowledge and skills described in section 9836(a)(1)(B) of this title and acquisition of the English language.

(g) Funded enrollment; waiting list

Each Head Start agency shall enroll 100 percent of its funded enrollment and maintain an active waiting list at all times with ongoing outreach to the community and activities to identify underserved populations.

(h) Technical assistance and training plan

In order to receive funds under this subchapter, a Head Start agency shall develop an annual technical assistance and training plan. Such plan shall be based on the agency’s self-assessment, the communitywide strategic planning and needs assessment, the needs of parents and children to be served by such agency, and the results of the reviews conducted under section 9836a(c) of this title.

(i) Financial management

In order to receive funds under this subchapter, a Head Start agency shall document strong fiscal controls, including the employment of well-qualified fiscal staff with a history of successful management of a public or private organization.

The Individuals with Disabilities Education Act, referred to in subsecs. (b)(14), (15), and (e)(3), is title VII of Pub. L. 99–457, Apr. 13, 1980, 94 Stat. 493, as classified generally to subchapter II–B of chapter 105 of Title 20 and Tables.

For complete classification of this Act to the Code, see section 1105 of this title and Tables.

AMENDMENTS

2007—Pub. L. 110–134 amended section generally. Prior to amendment, section related to, in subsec. (a), receipt, administration, and transfer of funds, sponsorship of projects, and delegation of authority, in subsec. (b), participation of parents in decisionmaking and implementation of programs, in subsec. (c), coordination with other agencies, in subsec. (d), transition coordination with schools, and, in subsec. (e), assessment when hiring or evaluating classroom teachers.

Subsec. (b)(6)(D) to (F), Pub. L. 105–285, § 109(2)(A), struck out subpart (D) which read as follows: “substance abuse counseling;” and further directed the amendment of par. (6) “by redesignating subparagraphs (E) and (F) and subparagraphs (D) and (E), respectively”, which was executed by redesignating subparagraph (D) as (E) and (E) as (D) and (E), respectively, to reflect the probable intent of Congress.

Subsec. (b)(8). Pub. L. 105–285, § 109(2)(D), redesignated par. (7) as (8) and substituted “paragraphs (4) through (7)” for “paragraphs (4) through (6)”.

former par. (8) redesignated (9).

Subsec. (c). Pub. L. 105–285, § 109(3), inserted “and collaborate” after “shall coordinate” and “and programs under part C and section 619 of the Individuals with Disabilities Education Act”.

The Act is classified to section 1411 of Title 20. For complete classification of this Act to the Code, see section 1400 of Title 20 and Tables.
§ 9837a  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 7396

after “(20 U.S.C. 2741 et seq.)” and substituted “the State program carried out under the Child Care and Development Block Grant Act of 1990 (20 U.S.C. 9835 et seq.) and other early childhood education and development” for “section 602(g) of this title, and other”.

Subsec. (d)(1). Pub. L. 105–285, §109(a)(4)(A), substituted “take steps to ensure, to the maximum extent possible, that children maintain” for “carry out the actions specified in this subsection, to the extent feasible and appropriate in the circumstances (including the extent to which such agency is able to secure the cooperation of parents and schools) to enable children to maintain” and “&quot; for “to build” and inserted “and educational” after “developmental”.

Subsec. (d)(2). Pub. L. 105–285, §109(a)(4)(B), redesignated pars. (3) and (4) as (2) and (3), respectively, and struck out former par. (2) which related to coordination between Head Start agency and local education agency and schools.

1994—Subsec. (b). Pub. L. 103–252, §109(1), amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: “In order to be so designated, a Head Start agency must also (1) establish effective procedures by which parents and area residents concerned will be enabled to directly participate in decisions that influence the character of programs affecting their interests; (2) provide for their regular participation in the implementation of such programs; (3) provide technical and other support needed to enable parents and area residents to secure on their own behalf available assistance from public and private sources; (4) involve parents of children participating in its Head Start program in appropriate educational services in accordance with the performance standards in effect upon section 9846(b) of this title or through referral of such parents to educational services available in the community in order to aid their children to attain their full potential; (5) establish procedures to seek reimbursement, to the extent feasible, from other agencies for services for which any such other agency is responsible, which are provided to a Head Start participant by the Head Start agency; (6) provide (directly or through referral to educational services available in the community) parents of children participating in its Head Start program with child development and literacy skills training in order to aid their children to attain their full potential; and (7) consider providing services to assist younger siblings of children participating in its Head Start program to obtain health services from other sources.”

Subsec. (c). Pub. L. 103–252, §109(c), struck out “&quot; which children participating in a Head Start program operated by such agency will enroll following such program to promote continuity of services and effective transitions, including—

(1) developing and implementing a systematic procedure for transferring, with parental consent, Head Start program records for each participating child to the school in which such child will enroll;

(2) establishing ongoing channels of communication between Head Start staff and their counterparts in the schools (including teachers, social workers, local educational agency liaisons designated under section 722 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii), and health staff) to facilitate coordination of programs;

(3) establishing ongoing communications between the Head Start agency and local educational agency for developing continuity of developmentally appropriate curricular objectives (which for the purpose of the Head Start program shall be aligned with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards) and for shared expectations for children’s learning and development as the children transition to school;

(4) organizing and participating in joint training, including transition-related training for school staff and Head Start staff;

(5) establishing comprehensive transition policies and procedures that support children

Effective Date of 2015 Amendment
Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

§ 9837a. Head Start transition and alignment with K–12 education

(a) In general

Each Head Start agency shall take steps to coordinate with the local educational agency serving the community involved and with schools in which children participating in a Head Start program operated by such agency will enroll following such program to promote continuity of services and effective transitions, including—

(1) developing and implementing a systematic procedure for transferring, with parental consent, Head Start program records for each participating child to the school in which such child will enroll;

(2) establishing ongoing channels of communication between Head Start staff and their counterparts in the schools (including teachers, social workers, local educational agency liaisons designated under section 722 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii), and health staff) to facilitate coordination of programs;

(3) establishing ongoing communications between the Head Start agency and local educational agency for developing continuity of developmentally appropriate curricular objectives (which for the purpose of the Head Start program shall be aligned with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards) and for shared expectations for children’s learning and development as the children transition to school;

(4) organizing and participating in joint training, including transition-related training for school staff and Head Start staff;

(5) establishing comprehensive transition policies and procedures that support children
transitioning to school, including by engaging the local educational agency in the establishment of such policies;

(6) conducting outreach to parents and elementary school (such as kindergarten) teachers to discuss educational, developmental, and other needs of individual children;

(7) helping parents of limited English proficient children understand—

(A) the instructional and other services provided by the school in which such child will enrol after participation in Head Start; and

(B) as appropriate, the information provided to parents of English learners under section 1112(c)(3) of the Elementary and Secondary Education Act of the 1965 [20 U.S.C. 6312(c)(3)];

(8) developing and implementing a family outreach and support program, in cooperation with entities carrying out parent and family engagement efforts under title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.], and family outreach and support efforts under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), taking into consideration the language needs of parents of limited English proficient children;

(9) assisting families, administrators, and teachers in enhancing educational and developmental continuity and competency of parental involvement in activities between Head Start services and elementary school classes;

(10) linking the services provided in such Head Start program with educational services, including services relating to language, literacy, and numeracy, provided by such local educational agency;

(11) helping parents (including grandparents and kinship caregivers, as appropriate) to understand the importance of parental involvement in a child’s academic success while teaching them strategies for maintaining parental involvement as their child moves from Head Start to elementary school;

(12) helping parents understand the instructional and other services provided by the school in which their child will enrol after participation in the Head Start program;

(13) developing and implementing a system to increase program participation of underserved populations of eligible children; and

(14) coordinating activities and collaborating to ensure that curricula used in the Head Start program are aligned with—

(A) the Head Start Child Outcomes Framework, as developed by the Secretary; and

(B) State early learning standards, as appropriate, with regard to cognitive, social, emotional, and physical competencies that children entering kindergarten are expected to demonstrate.

(b) Construction

In this section, a reference to a Head Start agency, or its program, services, facility, or personnel, shall not be construed to be a reference to an Early Head Start agency, or its program, services, facility, or personnel.

1 So in original.

(c) Dissemination and technical assistance

The Secretary, in consultation with the Secretary of Education, shall—

(1) disseminate to Head Start agencies information on effective policies and activities relating to the transition of children from Head Start programs to public schools; and

(2) provide technical assistance to such agencies to promote and assist such agencies to adopt and implement such effective policies and activities.

Amendments

2007—Pub. L. 110–134 amended section generally. Prior to amendment, section related to requirements for Head Start agencies to coordinate with local educational agencies and schools to assist in transition from Head Start to school.

Effective Date of 2015 Amendment

Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

§ 9837b. Head Start collaboration; State early education and care

(a)(1) From amounts made available under section 9835(a)(2)(B)(vi) of this title, the Secretary shall award the collaboration grants described in paragraphs (2), (3), and (4).

(2) (A) The Secretary shall award, upon submission of a written request, a collaboration grant to each State and to each national administrative office serving Indian Head Start programs and migrant or seasonal Head Start programs to facilitate collaboration among Head Start agencies (including Early Head Start agencies) and entities that carry out activities designed to
benefit low-income children from birth to school entry, and their families. The national administrative offices shall use the funds made available through the grants to carry out the authorities and responsibilities described in subparagraph (B) and paragraphs (3) and (4), as appropriate.

(B) Grants described in subparagraph (A) shall be used to—

(i) assist Head Start agencies to collaborate with entities involved in State and local planning processes to better meet the needs of low-income children from birth to school entry, and their families;

(ii) assist Head Start agencies to coordinate activities with the State agency responsible for administering the State program carried out under the Child Care and Development Block Grant Act of 1990 [42 U.S.C. 9857 et seq.] and entities providing resource and referral services in the State, to make full-working-day and full calendar year services available to children;

(iii) promote alignment of curricula used in Head Start programs and continuity of services with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards;

(iv) promote better linkages between Head Start agencies and other child and family agencies, including agencies that provide health, mental health, or family services, or other child or family supportive services, such as services provided under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.); and

(v) carry out the activities of the State Director of Head Start Collaboration authorized in paragraph (4).

(3) In order to improve coordination and delivery of early childhood education and development to children in the State, a State that receives a collaboration grant under paragraph (2) shall—

(A) appoint or designate an individual to serve as, or carry out the responsibilities of, the State Director of Head Start Collaboration;

(B) ensure that the State Director of Head Start Collaboration holds a position with sufficient authority and access to ensure that the collaboration described in paragraph (2) is effective and involves a range of State agencies; and

(C) involve the State Head Start Association in the selection of the Director and involve the Association in determinations relating to the ongoing direction of the collaboration office involved.

(4) The State Director of Head Start Collaboration shall—

(A) not later than 1 year after the State receives a collaboration grant under paragraph (2), conduct an assessment that—

(i) addresses the needs of Head Start agencies in the State with respect to collaboration, coordination and alignment of services, and alignment of curricula and assessments used in Head Start programs with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards;

(ii) shall be updated on an annual basis; and

(iii) shall be made available to the general public within the State;

(B) develop a strategic plan that is based on the assessment described in subparagraph (A) that will—

(i) enhance collaboration and coordination of Head Start services by Head Start agencies with other entities providing early childhood education and development (such as child care or services offered by museums), health care, mental health care, welfare, child protective services, education and community service activities, family literacy services, reading readiness programs (including such programs offered by public and school libraries), services relating to children with disabilities, other early childhood education and development for limited English proficient children and homeless children, and services provided for children in foster care and children referred to Head Start programs by child welfare agencies, including agencies and State officials responsible for services described in this clause;

(ii) assist Head Start agencies to develop a plan for the provision of full working-day, full calendar year services for children enrolled in Head Start programs who need such services;

(iii) assist Head Start agencies to align curricula and assessments used in Head Start programs with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards;

(iv) enable Head Start agencies to better access professional development opportunities for Head Start staff, such as by working with Head Start agencies to enable the agencies to meet the degree requirements described in section 9833a(a)(2)(A) of this title, including providing distance learning opportunities for Head Start staff, where needed to make higher education more accessible to Head Start staff; and

(v) enable the Head Start agencies to better conduct outreach to eligible families;

(C) promote partnerships between Head Start agencies, State and local governments, and the private sector to help ensure that children from low-income families, who are in Head Start programs or are preschool age, are receiving comprehensive services to prepare the children for elementary school;

(D) consult with the chief State school officer, local educational agencies, and providers of early childhood education and development, at both the State and local levels;

(E) promote partnerships between Head Start agencies, schools, law enforcement, relevant community-based organizations, and substance abuse and mental health treatment agencies to strengthen family and community environments and to reduce the impact on child development of substance abuse, child abuse, domestic violence, and other high-risk behaviors that compromise healthy development;

(F) promote partnerships between Head Start agencies and other organizations in
order to enhance Head Start program quality, including partnerships to promote inclusion of more books in Head Start classrooms;

(G) identify other resources and organizations (both public and private) for the provision of in-kind services to Head Start agencies in the State; and

(H) serve on the State Advisory Council in order to assist the efforts of Head Start agencies to engage in effective coordination and collaboration.

(b)(1)(A) The Governor of the State shall—

(i) designate or establish a council to serve as the State Advisory Council on Early Childhood Education and Care for children from birth to school entry (in this subchapter referred to as the “State Advisory Council”); and

(ii) designate an individual to coordinate activities of the State Advisory Council, as described in subparagraph (D)(i).

(B) The Governor may designate an existing entity in the State to serve as the State Advisory Council, and shall appoint representatives to the State Advisory Council at the Governor’s discretion. In designating an existing entity, the Governor shall take steps to ensure that its membership includes, to the extent possible, representatives consistent with subparagraph (C).

(C) Members of the State Advisory Council shall include, to the maximum extent possible—

(i) a representative of the State agency responsible for child care;

(ii) a representative of the State educational agency;

(iii) a representative of local educational agencies;

(iv) a representative of institutions of higher education in the State;

(v) a representative of local providers of early childhood education and development services;

(vi) a representative from Head Start agencies located in the State, including migrant and seasonal Head Start programs and Indian Head Start programs;

(vii) the State Director of Head Start Collaboration;

(viii) a representative of the State agency responsible for programs under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

(ix) a representative of the State agency responsible for health or mental health care; and

(x) representatives of other entities determined to be relevant by the Governor of the State.

(D)(1) The State Advisory Council shall, in addition to any responsibilities assigned to the Council by the Governor of the State—

(I) conduct a periodic statewide needs assessment concerning the quality and availability of early childhood education and development programs and services for children from birth to school entry, including an assessment of the availability of high-quality pre-kindergarten services for low-income children in the State;

(II) identify opportunities for, and barriers to, collaboration and coordination among Federally-funded and State-funded child development, child care, and early childhood education programs and services, including collaboration and coordination among State agencies responsible for administering such programs;

(III) develop recommendations for increasing the overall participation of children in existing Federal, State, and local child care and early childhood education programs, including outreach to underrepresented and special populations;

(IV) develop recommendations regarding the establishment of a unified data collection system for public early childhood education and development programs and services throughout the State;

(V) develop recommendations regarding statewide professional development and career advancement plans for early childhood educators in the State;

(VI) assess the capacity and effectiveness of 2- and 4-year public and private institutions of higher education in the State toward supporting the development of early childhood educators, including the extent to which such institutions have in place articulation agreements, professional development and career advancement plans, and practice or internships for students to spend time in a Head Start or prekindergarten program; and

(VII) make recommendations for improvements in State early learning standards and undertake efforts to develop high-quality comprehensive early learning standards, as appropriate.

(ii) The State Advisory Council shall hold public hearings and provide an opportunity for public comment on the activities described in clause (i). The State Advisory Council shall submit a statewide strategic report addressing the activities described in clause (i) to the State Director of Head Start Collaboration and the Governor of the State.

(iii) After submission of a statewide strategic report under clause (ii), the State Advisory Council shall meet periodically to review any implementation of the recommendations in such report and any changes in State and local needs.

(2)(A) The Secretary shall use the portion reserved under subsection 9835(a)(4)(A)(iii) of this title to award, on a competitive basis, one-time startup grants of not less than $500,000 to eligible States to enable such States to pay for the Federal share of developing and implementing a plan pursuant to the responsibilities included under paragraph (1)(D)(i). A State that receives funds under this paragraph shall use such funds to facilitate the development or enhancement of high-quality systems of early childhood education and care designed to improve school preparedness through one or more of the following activities—

(i) promoting school preparedness of children from birth through school entry, including activities to encourage families and caregivers to engage in highly interactive, developmentally and age-appropriate activities to improve children’s early social, emotional, and cognitive development, support the transition of young children to school, and foster pa-
rental and family involvement in the early education of young children;

(ii) supporting professional development, recruitment, and retention initiatives for early childhood educators;

(iii) enhancing existing early childhood education and development programs and services (in existence on the date on which the grant involved is awarded), including quality improvement activities authorized under the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9857 et seq.); and

(iv) carrying out other activities consistent with the State's plan and application, pursuant to subparagraph (B).

(B) To be eligible to receive a grant under this paragraph, a State shall prepare and submit to the Secretary a plan and application, for a 3-year period, at such time, in such manner, and containing such information as the Secretary shall require, including—

(i) the statewide strategic report described in paragraph (1)(D)(ii), including a description of the State Advisory Council's responsibilities under paragraph (1)(D)(i);

(ii) a description, for each fiscal year, of how the State will make effective use of funds available under this paragraph, with funds described in subparagraph (C), to create an early childhood education and care system, by developing or enhancing programs and activities consistent with the statewide strategic report described in paragraph (1)(D)(i);

(iii) a description of the State early learning standards and the State's goals for increasing the number of children entering kindergarten ready to learn;

(iv) information identifying the agency or joint interagency office, and individual, designated to carry out the activities under this paragraph, which may be the individual designated under paragraph (1)(A)(ii); and

(v) a description of how the State plans to sustain activities under this paragraph beyond the grant period.

(C) The Federal share of the cost of activities proposed to be conducted under subparagraph (A) shall be 30 percent, and the State shall provide the non-Federal share.

(D) Funds made available under this paragraph shall be used to supplement, and not supplant, other Federal, State, and local funds expended to carry out activities related to early childhood education and care in the State.

(E) Not later than 18 months after the date a State receives a grant under this paragraph, the State shall submit an interim report to the Secretary. A State that receives a grant under this paragraph shall submit a final report to the Secretary at the end of the grant period. Each report shall include—

(i) a description of the activities and services carried out under the grant, including the outcomes of such activities and services in meeting the needs described in the periodic needs assessment and statewide strategic report;

(ii) information about how the State used such funds to meet the goals of this subsection through activities to develop or enhance high-quality systems of early childhood education and care, increase effectiveness of delivery systems and use of funds, and enhance existing programs and services;

(iii) information regarding the remaining needs described in the periodic statewide needs assessment and statewide strategic report that have not yet been addressed by the State; and

(iv) any other information that the Secretary may require.

(F) Nothing in this subsection shall be construed to provide the State Advisory Council with authority to modify, supersede, or negate the requirements of this subchapter.

REFERENCES IN TEXT

The Individuals with Disabilities Education Act, referred to in subsecs. (a)(2)(B)(iv) and (b)(1)(C)(viii), is title VI of Pub. L. 91–230, Apr. 13, 1970, 84 Stat. 175. Part C of the Act is classified generally to subchapter III (§1411 et seq.) of chapter 33 of Title 20, Education. Section 619 of the Act is classified to section 1419 of Title 20. AMENDMENTS

§ 9838. Submission of plans to chief executive officer

In carrying out the provisions of this subchapter, no contract, agreement, grant, or other assistance shall be made for the purpose of carrying out a Head Start program within a State unless a plan setting forth such proposed contract, agreement, grant, or other assistance has been submitted to the chief executive officer of the State, and such plan has not been disapproved by such officer within 45 days of such submission, or, if disapproved (for reasons other than failure of the program to comply with State health, safety, and child care laws, including regulations applicable to comparable child care programs in the State), has been reconsidered by the Secretary and found by the Secretary to be fully consistent with the provisions and in furtherance of the purposes of this subchapter, as evidenced by a written statement of the Secretary's findings that is transmitted to such officer. Funds to cover the costs of the proposed contract, agreement, grant, or other assistance shall be obligated from the appropriated funds to the extent such funds are available.
dian Head Start programs or migrant or seasonal Head Start programs.

AMENDMENTS

2007—Pub. L. 110–134 inserted at end "This section shall not apply to contracts, agreements, grants, loans, or other assistance for Indian Head Start programs or migrant or seasonal Head Start programs."

1998—Pub. L. 105–285, in first sentence, substituted "‘45 days’" for "‘30 days’" and "‘disapproved’ (for reasons other than failure of the program to comply with State health, safety, and child care laws, including regulations applicable to comparable child care programs in the State)” for "‘so disapproved’ and inserted ‘, as evidenced by a written statement of the Secretary’s findings that is transmitted to such officer’ before period.

1992—Pub. L. 102–401 substituted "‘such officer’" for "‘the such officer’" in two places.

1990—Pub. L. 101–501 substituted "‘chief executive officer’" for first reference to "Governor" and "‘such officer’" for second and third references to "Governor."

EFFECTIVE DATE OF 1992 AMENDMENT

EFFECTIVE DATE OF 1990 AMENDMENT

§9839. Administrative requirements and standards

(a) Employment practices, nonpartisanship, staff accountability, public access to information, etc.

(1) Each Head Start agency shall observe standards of organization, management, and administration that will ensure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of this subchapter and the objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism. Each such agency shall establish or adopt rules to carry out this section, which shall include rules to assure full staff accountability in matters governed by law, regulations, or agency policy. Each agency shall also provide for reasonable public access to information, including public hearings at the request of appropriate community groups and reasonable public access to books and records of the agency or other agencies engaged in program activities or operations involving the use of authority or funds for which it is responsible.

(2) Each Head Start agency shall make available to the public a report published at least once in each fiscal year that discloses the following information from the most recently concluded fiscal year, except that reporting such information shall not reveal personally identifiable information about an individual child or parent:

(A) The total amount of public and private funds received and the amount from each source.

(B) An explanation of budgetary expenditures and proposed budget for the fiscal year.

(C) The total number of children and families served, the average monthly enrollment (as a percentage of funded enrollment), and the percentage of eligible children served.

(D) The results of the most recent review by the Secretary and the financial audit.

(E) The percentage of enrolled children that received medical and dental exams.

(F) Information about parent involvement activities.

(G) The agency’s efforts to prepare children for kindergarten.

(H) Any other information required by the Secretary.

(3) Each such agency shall adopt for itself and other agencies using funds or exercising authority for which it is responsible, rules designed to—

(A) establish specific standards governing salaries, salary increases, travel and per diem allowances, and other employee benefits;

(B) assure that only persons capable of discharging their duties with competence and integrity are employed and that employees are promoted or advanced under impartial procedures calculated to improve agency performance and effectiveness;

(C) guard against personal or financial conflicts of interest; and

(D) define employee duties in an appropriate manner that will in any case preclude employees from participating, in connection with the performance of their duties, in any form of picketing, protest, or other direct action that is in violation of law.

(b) Development and administrative costs of programs

Except as provided in subsection (f), no financial assistance shall be extended under this subchapter in any case in which the Secretary determines that the costs of developing and administering a program assisted under this subchapter exceed 15 percent of the total costs, including the required non-Federal contributions to such costs, of such program. The Secretary shall establish by regulation, criteria for determining (1) the costs of developing and administering such program; and (2) the total costs of such program. In any case in which the Secretary determines that the cost of administering such program does not exceed 15 percent of such total costs but is, in the judgment of the Secretary, excessive, the Secretary shall forthwith require the recipient of such financial assistance to take such steps prescribed by the Secretary as will eliminate such excessive administrative cost, including the sharing by one or more Head Start agencies of a common director and other administrative personnel. The Secretary may waive the limitation prescribed by this subsection for specific periods of time not to exceed 12 months whenever the Secretary determines that such a waiver is necessary in order to carry out the purposes of this subchapter.

(c) Rules and regulations; special or simplified requirements for small agencies; common or joint use of facilities

The Secretary shall prescribe rules or regulations to supplement subsections (a) and (f),
which shall be binding on all agencies carrying on Head Start program activities with financial assistance under this subchapter. The Secretary may, where appropriate, establish special or simplified requirements for smaller agencies or agencies operating in rural areas. Policies and procedures shall be established to ensure that indirect costs attributable to the common or joint use of facilities and services by programs assisted under this subchapter and other programs shall be fairly allocated among the various programs which utilize such facilities and services.

(d) Publication and notification of proposed rules, etc.

At least 30 days prior to their effective date, all rules, regulations, and application forms shall be published in the Federal Register and shall be sent to each grantee with the notification that each such grantee has the right to submit comments pertaining thereto to the Secretary prior to the final adoption thereof.

(e) Neutrality concerning union organizing

Funds appropriated to carry out this subchapter shall not be used to assist, promote, or deter union organizing.

(f) Purchase of facility; approval requirements; financial assistance

(1) The Secretary shall establish uniform procedures for Head Start agencies to request approval to purchase facilities, or to request approval of the purchase (after December 31, 1986) of facilities, to be used to carry out Head Start programs. The Secretary shall suspend any proceedings pending against any Head Start agency to claim costs incurred in purchasing such facilities until the agency has been afforded an opportunity to apply for approval of the purchase and the Secretary has determined whether the purchase will be approved. The Secretary shall not be required to repay claims previously satisfied by Head Start agencies for costs incurred in the purchase of such facilities.

(2) Financial assistance provided under this subchapter may not be used by a Head Start agency to purchase a facility (including paying the cost of amortizing the principal, and paying interest on, loans) to be used to carry out a Head Start program unless the Secretary approves a request that is submitted by such agency and contains—

(A) a description of the efforts by the agency to coordinate or collaborate with other providers in the community to seek assistance, including financial assistance, prior to the use of funds under this section;

(B) a description of the site of the facility proposed to be purchased or that was previously purchased;

(C) the plans and specifications of such facility;

(D) information demonstrating that—

(i) the proposed purchase will result, or the previous purchase has resulted, in savings when compared to the costs that would be incurred to acquire the use of an alternative facility to carry out such program; or

(ii) the lack of alternative facilities will prevent, or would have prevented, the operation of such program;

(E) in the case of a request regarding a previously purchased facility, information demonstrating that the facility will be used principally as a Head Start center, or a direct support facility for a Head Start program; and

(F) such other information and assurances as the Secretary may require.

(3) Upon a determination by the Secretary that suitable facilities are not otherwise available to Indian tribes to carry out Head Start programs, and that the lack of suitable facilities will inhibit the operation of such programs, the Secretary, in the discretion of the Secretary, may authorize the use of financial assistance to make payments for the purchase of facilities owned by such tribes. The amount of such a payment for such a facility shall not exceed the fair market value of the facility.

(g) Payments for capital expenditures

(1) Upon a determination by the Secretary that suitable facilities (including public school facilities) are not otherwise available to Indian tribes, rural communities, and other low-income communities to carry out Head Start programs, that the lack of suitable facilities will inhibit the operation of such programs, and that construction of such facilities is more cost effective than purchase of available facilities or renovation, the Secretary, in the discretion of the Secretary, may authorize the use of financial assistance under this subchapter to make payments for capital expenditures related to facilities that will be used to carry out such programs. The Secretary shall establish uniform procedures for Head Start agencies to request approval for such payments, and shall promote, to the extent practicable, the collocation of Head Start programs with other programs serving low-income children and families.

(2) Such payments may be used for capital expenditures (including the cost of amortizing the principal, and paying interest on, loans) such as expenditures for—

(A) construction of facilities that are not in existence on the date of the determination;

(B) major renovation of facilities in existence on such date; and

(C) purchase of vehicles used for programs conducted at the Head Start facilities.

(3) All laborers and mechanics employed by contractors or subcontractors in the construction or renovation of facilities to be used to carry out Head Start programs shall be paid wages at not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with sections 3141–3148, 3146, and 3147 of title 40.

(h) Personnel preferences to Indian tribe members

In all personnel actions of the American Indian Programs Branch of the Head Start Bureau of the Administration for Children and Families, the Secretary shall give the same preference to individuals who are members of an Indian tribe as the Secretary gives to a disabled veteran, as defined in section 2108(3)(C) of title 5. The Secretary shall give the same preference to individuals who are members of an Indian tribe as the Secretary gives to a disabled veteran, as defined in section 2108(3)(C) of title 5. The Secretary shall take such additional actions as may be necessary to promote recruitment of such individuals for employment in the Administration.

CODIFICATION

AMENDMENTS

2007—Subsec. (a). Pub. L. 110–134, §13(1), added subsec. (a) and struck out former subsec. (a) which related to employment practices, nonpartisanship, staff accountability, and public access to information.

Subsec. (b). Pub. L. 110–134, §13(2)(A), added subpar. (A) and redesignated former subpars. (A) to (E) as (B) to (F), respectively.

Subsec. (c). Pub. L. 110–134, §13(2)(B), struck out “, from the amount reserved under section 9835(a)(2)(A) to (F), respectively.

Subsec. (d). Pub. L. 110–134, §13(2)(B), struck out “(A) and redesignated former subpars. (A) to (E) as (B) to (F), respectively.”

Subsec. (f)(1). Pub. L. 103–218, §403(1), inserted “, or to request approval of the purchase (after December 31, 1996) of facilities,” after “to purchase facilities” and inserted at end “The Secretary shall suspend any proceedings pending against any Head Start agency to contest claims incurred in purchasing such facilities until the agency has been afforded an opportunity to apply for approval of the purchase and the Secretary has determined whether the purchase will be approved. The Secretary shall not be required to repay claims previously satisfied by Head Start agencies for costs incurred in the purchase of such facilities.”

Subsec. (f)(2)(A). Pub. L. 103–218, §403(2)(A), inserted before semicolon at end “or that was previously purchased”.

Subsec. (f)(2)(C). Pub. L. 103–218, §403(2)(B), inserted “, or if the previous purchase has resulted,” after “purchase will result”.

Subsec. (f)(2)(C)(i). Pub. L. 103–218, §403(2)(B)(i), inserted “, or would have prevented,” after “will prevent” and struck out “and” after semicolon at end.

Subsec. (f)(2)(D), (E). Pub. L. 103–218, §403(2)(C), (D), added subpar. (D) and redesignated former subpar. (D) as (E).

Subsecs. (g) and (h). Pub. L. 103–252, §110(3), added subsecs. (g) and (h).

Subsec. (c). Pub. L. 102–401, §2(j)(2), substituted “sections (a) and (f)” for “subsection (a)”.

EFFECTIVE DATE OF 1994 AMENDMENT

EFFECTIVE DATE OF 1990 AMENDMENT

STUDY OF BENEFITS FOR HEAD START EMPLOYEES

Pub. L. 103–252, title I, §120, May 18, 1994, 108 Stat. 648, provided that:

“(a) STUDY.—The Secretary of Health and Human Services shall conduct a study regarding the benefits available to individuals employed by Head Start agencies under the Head Start Act (42 U.S.C. 9831 et seq.).

“(b) REPORT.—

“(1) PREPARED—The Secretary shall prepare a report, containing the results of the study, that—

“(A) describes the benefits, including health care benefits, family and medical leave, and retirement benefits, available to such individuals;

“(B) includes recommendations for increasing the access of the individuals to benefits, including access to a retirement pension program; and

“(C) addresses the feasibility of participation by such individuals in the Federal Employees’ Retirement System under chapter 84 of title 5, United States Code.

“(2) SUBMISSION.—The Secretary shall submit the report to the appropriate committees of Congress.”

§9840. Participation in Head Start programs

(a) Criteria for eligibility

The Secretary shall by regulation prescribe eligibility for the participation of persons in Head Start programs assisted under this subchapter.

(b) Except as provided in paragraph (2), such regulation shall provide—

(i) that children from low-income families shall be eligible for participation in programs assisted under this subchapter.

(ii) that homeless children shall be eligible for participation in programs assisted under this subchapter.

(iii) that programs assisted under this subchapter may include—

(I) to a reasonable extent (but not to exceed 10 percent of participants), participation of children in the area served who would benefit from such programs but who are not eligible under clause (i) or (ii); and

(II) from the area served, an additional 35 percent of participants who are not eligible under clause (i) or (ii) and whose families have incomes below 130 percent of the poverty line, if—

(aa) the Head Start agency involved established and implements outreach and enrollment policies and procedures that ensure such agency is meeting the needs of

1So in original. The “(aa)” probably should not appear.
children eligible under clause (i) or (ii) (or subclause (I) if the child involved has a disability) prior to meeting the needs of children eligible under this subclause; and

(bb) in prioritizing the selection of children to be served, the Head Start agency establishes criteria that provide that the agency will serve children eligible under clause (i) or (ii) prior to serving the children eligible under this subclause;

(iv) that any Head Start agency serving children eligible under clause (iii)(II) shall report annually to the Secretary information on—

(I) how such agency is meeting the needs of children eligible under clause (i) or (ii), in the area served, including local demographic data on families of children eligible under clause (i) or (ii);

(II) the outreach and enrollment policies and procedures established by the agency that ensure the agency is meeting the needs of children eligible under clause (i) or (ii) (or clause (iii)(I) if the child involved has a disability) prior to meeting the needs of children eligible under clause (iii)(II);

(III) the efforts, including outreach efforts (that are appropriate to the community involved), of such agency to be fully enrolled with children eligible under clause (i) or (ii);

(IV) the policies, procedures, and selection criteria such agency is implementing to serve eligible children, consistent with clause (iii)(II);

(V) the agency’s enrollment level, and enrollment level over the fiscal year prior to the fiscal year in which the report is submitted;

(VI) the number of children served by the agency, disaggregated by whether such children are eligible under clause (i), clause (ii), clause (iii)(I), or clause (iii)(II); and

(VII) the eligibility criteria category of the children on the agency’s waiting list;

(v) that a child who has been determined to meet the eligibility criteria described in this subparagraph and who is participating in a Head Start program in a program year shall be considered to continue to meet the eligibility criteria through the end of the succeeding program year.

(C) In determining, for purposes of this paragraph, whether a child who has applied for enrollment in a Head Start program meets the eligibility criteria, an entity may consider evidence of family income during the 12 months preceding the month in which the application is submitted, or during the calendar year preceding the calendar year in which the application is submitted, whichever more accurately reflects the needs of the family at the time of application.

(2) Whenever a Head Start program is operated in a community with a population of 1,000 or less individuals and—

(A) there is no other preschool program in the community;

(B) the community is located in a medically underserved area, as designated by the Secretary pursuant to section 254c(b)(3)\(^2\) of this title and is located in a health professional shortage area, as designated by the Secretary pursuant to section 254e(a)(1) of this title;

(C) the community is in a location which, by reason of remoteness, does not permit reasonable access to the types of services described in clauses (A) and (B); and

(D) not less than 50 percent of the families to be served in the community are eligible under the eligibility criteria established by the Secretary under paragraph (1);

the Head Start program in each such locality shall establish the criteria for eligibility, except that no child residing in such community whose family is eligible under such eligibility criteria shall, by virtue of such project’s eligibility criteria, be denied an opportunity to participate in such program. During the period beginning on October 30, 1984, and ending on October 1, 1994, and unless specifically authorized in any statute of the United States enacted after October 30, 1984, the Secretary may not make any change in the method, as in effect on April 25, 1984, of calculating income used to prescribe eligibility for the participation of persons in the Head Start programs assisted under this subchapter if such change would result in any reduction in, or exclusion from, participation of persons in any of such programs.

(3)(A) In this paragraph:

(i) The term "dependent" has the meaning given the term in paragraphs (2)(A) and (4)(A)(I) of section 401(a) of title 37.

(ii) The terms "member" and "uniformed services" have the meanings given the terms in paragraphs (23) and (3), respectively, of section 161 of title 37.

(B) The following amounts of pay and allowance of a member of the uniformed services shall not be considered to be income for purposes of determining the eligibility of a dependent of such member for programs funded under this subchapter:

(i) The amount of any special pay payable under section 310 or 351 of title 37, relating to duty subject to hostile fire or imminent danger.

(ii) The amount of basic allowance payable under section 403 of such title, including any such amount that is provided on behalf of the member for housing that is acquired or constructed under the alternative authority for the acquisition and improvement of military housing under subchapter IV of chapter 169 of title 10 or any other related provision of law.

(4) After demonstrating a need through a communitywide strategic planning and needs assessment, a Head Start agency may apply to the Secretary to convert part-day sessions, particularly consecutive part-day sessions, into full-working-day sessions.

(5)(A) Upon written request and pursuant to the requirements of this paragraph, a Head Start agency may use funds that were awarded under this subchapter to serve children age 3 to compulsory school age, in order to serve infants and toddlers if the agency submits an application to the Secretary containing, as specified in rules issued by the Secretary, all of the following information:
(i) The amount of such funds that are proposed to be used in accordance with section 9840a(b) of this title.

(ii) A communitywide strategic planning and needs assessment demonstrating how the use of such funds would best meet the needs of the community.

(iii) A description of how the needs of pregnant women, and of infants and toddlers, will be addressed in accordance with section 9840a(b) of this title, and with regulations prescribed by the Secretary pursuant to section 9840a of this title in areas including the agency’s approach to child development and provision of health services, approach to family and community partnerships, and approach to program design and management.

(iv) A description of how the needs of eligible children will be met in the community.

(v) Assurances that the agency will participate in technical assistance activities (including planning, start-up site visits, and national training activities) in the same manner as recipients of grants under section 9840a of this title.

(vi) Evidence that the agency meets the same eligibility criteria as recipients of grants under section 9840a of this title.

(B) An application that satisfies the requirements specified in subparagraph (A) shall be approved by the Secretary unless the Secretary finds that—

(i) the agency lacks adequate capacity and capability to carry out an effective Early Head Start program; or

(ii) the information provided under subparagraph (A) is inadequate.

(C) In approving such applications, the Secretary shall take into account the costs of serving persons under section 9840a of this title.

(D) Any Head Start agency with an application approved under subparagraph (B) shall be considered to be an Early Head Start agency and shall be subject to the same rules, regulations, and conditions as apply to recipients of grants under section 9840a of this title, with respect to activities carried out under this paragraph.

(b) Establishment of fee schedule or charging of fees; payment by families willing and able to pay

The Secretary shall not prescribe any fee schedule or otherwise provide for the charging of any fees for participation in Head Start programs, unless such fees are authorized by legislation hereafter enacted. Nothing in this subsection shall be construed to prevent the families of children who participate in Head Start programs and who are willing and able to pay the full cost of such participation from doing so. A Head Start agency that provides a Head Start program with full-working-day services in collaboration with other agencies or entities may collect a family copayment to support extended day services if a copayment is required in conjunction with the collaborative. The copayment charged to families receiving services through the Head Start program shall not exceed the copayment charged to families with similar incomes and circumstances who are receiving the services through participation in a program carried out by another agency or entity.

(c) Availability of more than one year of services; children eligible

Each Head Start program operated in a community shall be permitted to provide more than 1 year of Head Start services to eligible children in the State. Each Head Start program operated in a community shall be permitted to recruit and accept applications for enrollment of children throughout the year.

(d) Indian tribes

(1) An Indian tribe that—

(A) operates a Head Start program;

(B) enrolls as participants in the program all children in the community served by the tribe (including a community that is an off-reservation area, designated by an appropriate tribal government, in consultation with the Secretary) from families that meet the low-income criteria prescribed under subsection (a)(1)(A); and

(C) has the resources to enroll additional children in the community who do not meet the low-income criteria;

may enroll such additional children in a Head Start program, in accordance with this subsection, if the program predominantly serves children who meet the low-income criteria.

(2) The Indian tribe shall enroll the children in the Head Start program in accordance with such requirements as the Secretary may specify by regulation promulgated after consultation with Indian tribes.

(3) Notwithstanding any other provision of this Act, an Indian tribe or tribes that operates both an Early Head Start program under section 9840a of this title and a Head Start program may, at its discretion, at any time during the grant period involved, reallocate funds between the Early Head Start program and the Head Start program in order to address fluctuations in client populations, including pregnant women and children from birth to compulsory school age. The reallocation of such funds between programs by an Indian tribe or tribes during a year shall not serve as the basis for the Secretary to reduce a base grant (as defined in section 9835(a)(7) of this title) for either program in succeeding years.

**EFFECTIVE DATE OF 1994 AMENDMENT**  

**EFFECTIVE DATE OF 1990 AMENDMENT**  

**EFFECTIVE DATE OF 1986 AMENDMENT**  

§ 8940a. Early Head Start programs  
(a) In general  
The Secretary shall make grants to entities (referred to in this subchapter as "Early Head Start agencies") in accordance with this section for programs (referred to in this subchapter as "Early Head Start programs") providing family-centered services for low-income families with very young children designed to promote the development of the children, and to enable their parents to fulfill their roles as parents and to move toward self-sufficiency.  

(b) Scope and design of programs  
In carrying out a program described in subsection (a), an entity receiving assistance under this section shall—  

(1) provide, either directly or through referral, early, continuous, intensive, and comprehensive child development and family support services that will enhance the physical, social, emotional, and intellectual development of participating children;  

(2) ensure that the level of services provided to families responds to their needs and circumstances;  

(3) promote positive parent–child interactions;  

(4) provide services to parents to support their role as parents (including parenting skills training and training in basic child development) and services to help the families move toward self-sufficiency (including educational and employment services, as appropriate);  

(5) coordinate services with services provided by programs in the State (including home-based services) and programs in the community (including programs for infants
and toddlers with disabilities and programs for homeless infants and toddlers) to ensure a comprehensive array of services (such as health and mental health services and family support services); (6) ensure that children with documented behavioral problems, including problems involving behavior related to prior or existing trauma, receive appropriate screening and referral; (7) ensure formal linkages with local Head Start programs in order to provide for continuity of services for children and families; (8) develop and implement a systematic procedure for transitioning children and parents from an Early Head Start program to a Head Start program or other local early childhood education and development program; (9) establish channels of communication between staff of the Early Head Start program, and staff of a Head Start program or other local providers of early childhood education and development programs, to facilitate the coordination of programs; (10) in the case of a Head Start agency that operates a program and that also provides Head Start services through the age of mandatory school attendance, ensure that children and families participating in the program receive such services through such age; (11) ensure formal linkages with providers of early intervention services for infants and toddlers with disabilities under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), with the State interagency coordinating council, as established in part C of the Individuals with Disabilities Education Act (20 U.S.C. 1431 et seq.), and with the agency responsible for administering section 5106a of this title; (12) meet such other requirements concerning design and operation of the program described in subsection (a) as the Secretary may establish.

c) Persons eligible to participate

Persons who may participate in programs described in subsection (a) include— (1) pregnant women; and (2) families with children under age 3; who meet the eligibility criteria specified in section 9840(a)(1) of this title, including the criteria specified in section 9840(a)(1)(B)(ii) of this title.

d) Eligible service providers

To be eligible to receive assistance under this section, an entity shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require. Entities that may apply to carry out activities under this section include— (1) entities operating Head Start programs under this subchapter; (2) entities operating Indian Head Start programs or migrant or seasonal Head Start programs; and (3) other public entities, and nonprofit or for-profit private entities, including community-based and faith-based organizations, capable of providing child and family services that meet the standards for participation in programs under this subchapter and meet such other appropriate requirements relating to the activities under this section as the Secretary may establish.

e) Selection of grant recipients

The Secretary shall award grants under this section on a competitive basis to applicants meeting the criteria specified in subsection (d) (giving priority to entities with a record of providing early, continuous, and comprehensive childhood development and family services).

f) Distribution

In awarding grants to eligible applicants under this section, the Secretary shall— (1) ensure an equitable national geographic distribution of the grants; and (2) award grants to applicants proposing to serve communities in rural areas and to applicants proposing to serve communities in urban areas.

g) Monitoring, training, technical assistance, and evaluation

(1) Requirement

In order to ensure the successful operation of programs assisted under this section, the Secretary shall use funds made available under section 9835(a)(2)(E) of this title to monitor the operation of such programs, and funds made available under section 9835(a)(2)(C)(i)(I) of this title to provide training and technical assistance tailored to the particular needs of such programs, consistent with section 9835(c) of this title.

(2) Training and technical assistance

(A) Activities

Of the portion set aside under section 9835(a)(2)(C)(i)(I) of this title— (i) not less than 50 percent shall be made available to Early Head Start agencies to use directly, which may include, at their discretion, the establishment of local or regional agreements with community experts, institutions of higher education, or private consultants, for training and technical assistance activities in order to make program improvements identified by such agencies; (ii) not less than 25 percent shall be available to the Secretary to support a State-based training and technical assistance system, or a national system, described in section 9843(e) of this title, including infant and toddler specialists, to support Early Head Start agencies, consistent with subparagraph (B); and (iii) the remainder of such amount shall be made available to the Secretary to assist Early Head Start agencies in meeting and exceeding the standards described in section 9836(a)(1) of this title (directly, or through grants, contracts, or other agreements or arrangements with an entity with demonstrated expertise relating to infants, toddlers, and families) by— (I) providing ongoing training and technical assistance to Early Head Start agencies, including developing training and technical assistance materials and resources to support program develop-
§ 9840a

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7408

ment and improvement and best practices in providing services to children and families served by Early Head Start programs;

(II) supporting a national network of infant and toddler specialists designed to improve the quality of Early Head Start programs;

(III) providing ongoing training and technical assistance on Early Head Start program development and improvement for regional staff charged with monitoring and overseeing the administration of the program carried out under this section; and

(IV) if funds remain after the activities described in subclauses (I), (II), and (III) are carried out, carry out 1 or more of the following activities:

(aa) Providing support and program planning and implementation assistance for new Early Head Start agencies, including for agencies who want to use funds as described in section 9840(a)(5) of this title to serve infants and toddlers.

(bb) Creating special training and technical assistance initiatives targeted to serving high-risk populations, such as children in the child welfare system and homeless children.

(cc) Providing professional development designed to increase program participation for underserved populations of eligible children.

(B) Contracts

For the purposes of supporting a State-based system, as described in subparagraph (A)(ii), that will meet the needs of Early Head Start agencies and provide high-quality, sustained, and intensive training and technical assistance on programming for infants and toddlers to Early Head Start agencies, and in order to help such agencies meet or exceed the standards described in section 9836a(a)(1) of this title, the Secretary shall—

(i) use funds reserved under subparagraph (A)(i) in combination with funds reserved under section 9835(a)(2)(C)(i)(II)(bb) of this title to ensure the contracts described in section 9843(e)(1) of this title provide for a minimum of 1 full-time specialist with demonstrated expertise in the development of infants and toddlers; and

(ii) ensure that such contracts and the services provided in the contracts are integrated with and augment the contracts awarded and services provided under section 9843(e) of this title;

(h) Center-based staff

The Secretary shall—

(1) ensure that, not later than September 30, 2010, all teachers providing direct services to children and families participating in Early Head Start programs located in Early Head Start centers, have a minimum of a child development associate credential, and have been trained (or have equivalent coursework) in early childhood development; and

(2) establish staff qualification goals to ensure that not later than September 30, 2012, all such teachers have been trained (or have equivalent coursework) in early childhood development with a focus on infant and toddler development.

(i) Staff qualifications and development

(1) Home visitor staff standards

In order to further enhance the quality of home visiting services provided to families of children participating in home-based, center-based, or combination program options under this subchapter, the Secretary shall establish standards for training, qualifications, and the conduct of home visits for home visitor staff in Early Head Start programs.

(2) Contents of standards

The standards for training, qualifications, and the conduct of home visits shall include content related to—

(A) structured child-focused home visiting that promotes parents’ ability to support the child’s cognitive, social, emotional, and physical development;

(B) effective strengths-based parent education, including methods to encourage parents as their child’s first teachers;

(C) early childhood development with respect to children from birth through age 3;

(D) methods to help parents promote emergent literacy in their children from birth through age 3, including use of research-based strategies to support the development of literacy and language skills for children who are limited English proficient;

(E) ascertaining what health and developmental services the family receives and working with providers of these services to eliminate gaps in service by offering annual health, vision, hearing, and developmental screening for children from birth to entry into kindergarten, when needed;

(F) strategies for helping families coping with crisis; and

(G) the relationship of health and well-being of pregnant women to prenatal and early child development.

Amendments

Subsec. (a). Pub. L. 110–134, § 15(2), substituted “The Secretary shall make grants to entities (referred to in this subchapter as ‘Early Head Start agencies’) in accordance with this section for programs (referred to in this subchapter as ‘Early Head Start programs’)” for “The Secretary shall make grants, in accordance with the provisions of this section for programs”. 
Subsec. (b)(4). Pub. L. 110–134, §153(3)(A), added par. (4) and struck out former par. (4) which read as follows: “provide services to parents to support their role as parents and to help the families move toward self-sufficiency (including educational and employment services as appropriate)”;.

Subsec. (b)(5). Pub. L. 110–134, §153(3)(B), added par. (5) and struck out former par. (5) which read as follows: “coordinate services with services provided by programs in the State and programs in the community (including programs for infants and toddlers with disabilities) to ensure a comprehensive array of services (such as health and mental health services)”.

Subsec. (b)(8). Pub. L. 110–134, §153(3)(E), added pars. (8) and (9).

Pub. L. 110–134, §153(3)(C), redesignated pars. (8) and (9) as (10) and (12), respectively.

Subsec. (b)(11). Pub. L. 110–134, §153(3)(F), added par. (11) and struck out former par. (11) which read as follows: “ensure formal linkages with the agencies and entities described in section 644(b) of the Individuals with Disabilities Education Act (20 U.S.C. 1444(b) and providers of early intervention services for infants and toddlers with disabilities under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.)”;.

Subsec. (c). Pub. L. 110–134, §155, added pars. (1) to (3) and struck out former pars. (1) and (2) which read as follows: “(1) entities operating Head Start programs under this subchapter; and

“(2) other public entities, and nonprofit or for-profit private entities, capable of providing child and family services that meet the standards for participation in programs under this subchapter and meet such other appropriate requirements relating to the activities under this section as the Secretary may establish.”;

Subsec. (e). Pub. L. 110–134, §156, substituted “The Secretary shall award grants under this section” for “From the portion specified in section 9835(a)(6) of this title, the Secretary shall award grants under this subsection”;.

Subsec. (g). Pub. L. 110–134, §157, added subsec. (g) and struck out former subsec. (g) which related to monitoring training, technical assistance, and evaluation of programs assisted under this section.

Subsec. (h). Pub. L. 110–134, §158, added subsecs. (h) and (i).

Subsec. (a). Pub. L. 105–285, §113(2), substituted “provisions of this section for” for “provisions of this section for—”, struck out par. (1) designation before “programs providing”, substituted “self-sufficiency,” for “self-sufficiency;” and, struck out par. (2) which read as follows: “program of training and technical assistance to entities carrying out programs, and evaluation of programs, that were supported under the Comprehensive Child Development Act (42 U.S.C. 9881 et seq.), as in effect on the day before May 18, 1994.”

Subsec. (b)(8). Pub. L. 105–285, §113(3)(C), added par. (8) and redesignated former par. (8) as (9).

Subsec. (c)(2). Pub. L. 105–285, §113(4)(B), substituted “3;” for “3 (or under age 5, in the case of children served by an entity specified in subsection (e)(3) of this section);”.

Subsec. (d). Pub. L. 105–285, §113(5), inserted “and” at end of par. (1), redesignated par. (3) as (2), inserted “or for-profit” after “non-profit”, and struck out former par. (2) which read as follows: “entities that, on the day before the date of enactment of this section, were operating—

“(A) Parent-Child Centers receiving financial assistance under section 9835(a)(4) of this title, as in effect on such date; or

“(B) programs receiving financial assistance under the Comprehensive Child Development Act, as in effect on such date;”.

Subsec. (e). Pub. L. 105–285, §113(6), struck out “other” before “grant recipients” in heading and substituted “From the portion specified in section 9835(a)(6) of this title, after making grants to the eligible entities specified in subsection (e) of this section,” in text.

Pub. L. 105–285, §113(6), (7), redesignated subsec. (f) as (e) and struck out heading and text of former subsec. (e) which related to time-limited priority for certain entities.

Subsecs. (f), (g). Pub. L. 105–285, §113(7), (10), added subsec. (g) and redesignated former subsec. (g) as (f). Former subsec. (f) redesignated (2).

Effective Date

Section effective May 18, 1994, but not applicable to Head Start agencies and other recipients of financial assistance under the Head Start Act (42 U.S.C. 9831 et seq.) until Oct. 1, 1994, see section 127 of Pub. L. 103–252, set out as an Effective Date of 1994 Amendment note under section 9832 of this title.  § 9841. Appeals, notice, hearing, and mediation; alternative agency for Indian tribe

(a) Notice requirements; suspension or termination of assistance stayed pending hearing; mediation

The Secretary shall prescribe—

(1) procedures to assure that special notice of and an opportunity for a timely and expeditious appeal to the Secretary will be provided for an agency or organization which desires to serve as a delegate agency under this subchapter and whose application to the Head Start agency has been wholly or substantially rejected or has not been acted upon within a period of time deemed reasonable by the Secretary, in accordance with regulations which the Secretary shall prescribe;

(2) procedures to assure that financial assistance under this subchapter shall not be suspended, except in emergency situations, unless the recipient agency has been given reasonable notice and opportunity to show cause why such action should not be taken;

(3) procedures to assure that financial assistance under this subchapter may be terminated or reduced, and an application for refunding may be denied, after the recipient has been afforded reasonable notice and opportunity for a full and fair hearing, including—

(A) a right to file a notice of appeal of a decision not later than 30 days after notice of the decision from the Secretary; and
(B) access to a full and fair hearing of the appeal, not later than 120 days after receipt by the Secretary of the notice of appeal;

(4) procedures (including mediation procedures) are developed and published, to be used in order to—

(A) resolve in a timely manner conflicts potentially leading to an adverse action between—

(i) recipients of financial assistance under this subchapter; and

(ii) delegate agencies, or policy councils of Head Start agencies;

(B) avoid the need for an administrative hearing on an adverse action; and

(C) prohibit a Head Start agency from expending financial assistance awarded under this subchapter for the purpose of paying legal fees, or other costs incurred, pursuant to an appeal under paragraph (3);

(5) procedures to assure that the Secretary may suspend financial assistance to a recipient under this subchapter—

(A) except as provided in subparagraph (B), for not more than 30 days; or

(B) in the case of a recipient under this subchapter that has multiple and recurring deficiencies for 180 days or more and has not made substantial and significant progress toward meeting the goals of the grantee’s quality improvement plan or eliminating all deficiencies identified by the Secretary, during the hearing of an appeal described in paragraph (3), for any amount of time; and

(6) procedures to assure that in cases where a Head Start agency prevails in a decision under paragraph (4), the Secretary may determine and provide a reimbursement to the Head Start agency for fees deemed reasonable and customary.

(b) Notification of conflict by Head Start agency to regional office

In prescribing procedures for the mediation described in subsection (a)(4), the Secretary shall specify—

(1) the date by which a Head Start agency engaged in a conflict described in subsection (a)(4) will notify the appropriate regional office of the Department of the conflict; and

(2) a reasonable period for the mediation.

(c) Timeline for administrative hearing

The Secretary shall also specify—

(1) a timeline for an administrative hearing, if necessary, on an adverse action; and

(2) a timeline by which the person conducting the administrative hearing shall issue a decision based on the hearing.

(d) Termination of designation not stayed upon appeal

In any case in which a termination, reduction, or suspension of financial assistance under this subchapter is upheld in an administrative hearing under this section, such termination, reduction, or suspension shall not be stayed pending any judicial appeal of such administrative decision.

(e) Establishment of alternative agency by Indian tribe

(1) The Secretary shall by regulation specify a process by which an Indian tribe may identify and establish an alternative agency, and request that the alternative agency be designated under section 9836 of this title as the Head Start agency providing services to the tribe, if—

(A) the Secretary terminates financial assistance under this section to the only agency that was receiving financial assistance to provide Head Start services to the Indian tribe; and

(B) the tribe would otherwise be precluded from providing such services to the members of the tribe.

(2) The regulation required by this subsection shall prohibit such designation of an alternative agency that includes an employee who—

(A) served on the administrative staff or program staff of the agency described in paragraph (1)(A); and

(B) was responsible for a deficiency that—

(i) relates to the performance standards or financial management standards described in section 9836a(a)(1) of this title; and

(ii) was the basis for the termination of financial assistance described in paragraph (1)(A); as determined by the Secretary after providing the notice and opportunity described in subsection (a)(3).

AMENDMENTS

Subsec. (a)(1), (2). Pub. L. 110–134, § 16(2), inserted “procedures to assure that” after the par. designation.

Subsec. (a)(3) to (6). Pub. L. 110–134, § 16(3), added pars. (3) to (6) and struck out former pars. (3) and (4) which read as follows:

“(3) financial assistance under this subchapter shall not be terminated or reduced, an application for refunding shall not be denied, and a suspension of financial assistance shall not be continued for longer than 30 days, unless the recipient has been afforded reasonable notice and opportunity for a full and fair hearing; and

“(4) the Secretary shall develop and publish procedures (including mediation procedures) to be used in order to—

“(A) resolve in a timely manner conflicts potentially leading to adverse action between—

“(i) recipients of financial assistance under this subchapter; and

“(ii) delegate agencies or Head Start Parent Policy Councils; and

“(B) avoid the need for an administrative hearing on an adverse action.”

Subsecs. (b) to (e). Pub. L. 103–252, § 113(b), added subsecs. (b) to (e) and struck out former subsec. (b) which read as follows: “The Secretary may not prescribe any procedure that would modify the operation of section 1303.21 or 1303.35, or any of subdivisions (a) through (f) of section 1303.35, of title 45 of the Code of Federal Regulations as in effect on April 1, 1990.”
(a) Each recipient of financial assistance under this subchapter shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such financial assistance, the total cost of the project or undertaking in connection with which such financial assistance is given or used, the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients that are pertinent to the financial assistance received under this subchapter.

(c) Each recipient of financial assistance under this subchapter shall—

(1) maintain, and annually submit to the Secretary, a complete accounting of the recipient’s administrative expenses (including a detailed statement identifying the amount of financial assistance provided under this subchapter used to pay expenses for salaries and compensation and the amount (if any) of other funds used to pay such expenses);

(2) not later than 30 days after the date of completion of an audit conducted in the manner and to the extent provided in chapter 75 of title 31 (commonly known as the “Single Audit Act of 1984”), submit to the Secretary a copy of the audit management letter and of any audit findings as they relate to the Head Start program; and

(3) provide such additional documentation as the Secretary may require.

§ 9843. Technical assistance and training

(a) Secretarial training and technical assistance

(1) Authority

From the funds provided under section 9835(a)(2)(C)(i) of this title, the Secretary shall provide, directly or through grants, contracts, or other agreements or arrangements as the Secretary considers appropriate, technical assistance and training for Head Start programs for the purposes of improving program quality and helping prepare children to succeed in school.

(2) Process

The process for determining the technical assistance and training activities to be carried out under this section shall—

(A) ensure that the needs of local Head Start agencies and programs relating to improving program quality and to program expansion are addressed to the maximum extent practicable; and

(B) incorporate mechanisms to ensure responsiveness to local needs, including an ongoing procedure for obtaining input from the individuals and agencies carrying out Head Start programs.

(3) Activities

In providing training and technical assistance and for allocating resources for such assistance under this section, the Secretary shall—

(A) give priority consideration to—

(i) activities to correct program and management deficiencies identified through reviews carried out pursuant to section 9836a(c) of this title (including the provision of assistance to local programs in the development of quality improvement plans under section 9836a(d)(2) of this title);

(ii) assisting Head Start agencies in ensuring the school readiness of children; and

(iii) activities that supplement those funded with amounts provided under section 9835(a)(5)(B) of this title to address the training and career development needs of classroom staff (including instruction for providing services to children with disabilities\(^1\)) and non-classroom staff, including home visitors and other staff working directly with families, including training relating to increasing parent involvement and services designed to increase family literacy and improve parenting skills; and

(B) to the maximum extent practicable—

(i) assist Head Start agencies in the development of collaborative initiatives with States and other entities within the States, to foster effective professional development systems for early childhood education and development services;

(ii) provide technical assistance and training either directly or through a grant, contract, or cooperative agreement with an entity that has experience in the development and operation of successful family literacy services programs, for the purpose of—

(1) assisting Head Start agencies providing family literacy services, in order

\(^1\)So in original. Probably should be followed by a closing parenthesis.
§ 9843

(II) enabling those Head Start agencies that demonstrate effective provision of family literacy services, based on improved outcomes for children and their parents, to provide technical assistance and training to other Head Start agencies and to service providers that work in collaboration with such agencies to provide family literacy services;

(iii) assist Head Start agencies and programs in conducting and participating in communitywide strategic planning and needs assessments, including the needs of homeless children and their families, and in conducting self-assessments;

(iv) assist Head Start agencies and programs in developing and implementing full-working-day and full calendar year programs where community need is clearly identified and making the transition to such programs, with particular attention to involving parents and programming for children throughout the day, and assist the agencies and programs in expediting the sharing of information about innovative models for providing full-working-day, full calendar year services for children;

(v) assist Head Start agencies in better serving the needs of families with very young children, including providing support and program planning and implementation assistance for Head Start agencies that apply to serve or are serving additional infants and toddlers, in accordance with section 9840(a)(5) of this title;

(vi) assist Head Start agencies and programs in the development of sound management practices, including financial management procedures;

(vii) assist in efforts to secure and maintain adequate facilities for Head Start programs;

(viii) assist Head Start agencies in developing innovative program models, including mobile and home-based programs;

(ix) provide support for Head Start agencies (including policy councils and policy committees) that meet the standards described in section 9836a(a) of this title but that have, as documented by the Secretary through reviews conducted pursuant to section 9836a(c) of this title, programmatic, quality, and fiscal issues to address;

(x) assist Head Start agencies and programs in improving outreach to, increasing program participation of, and improving the quality of services available to meet the unique needs of—

(I) homeless children;

(II) limited English proficient children and their families, particularly in communities that have experienced a large percentage increase in the population of limited English proficient individuals, as measured by the Bureau of the Census; and

(III) children with disabilities, particularly if such program's enrollment opportunities or funded enrollment for children with disabilities is less than 10 percent;

(xi) assist Head Start agencies and programs to increase the capacity of classroom staff to meet the needs of eligible children in Head Start classrooms that are serving both children with disabilities and children without disabilities;

(xii) assist Head Start agencies and programs to address the unique needs of programs located in rural communities, including—

(I) removing barriers related to the recruitment and retention of Head Start teachers in rural communities;

(II) developing innovative and effective models of professional development for improving staff qualifications and skills for staff living in rural communities;

(III) removing barriers related to outreach efforts to eligible families in rural communities;

(IV) removing barriers to parent involvement in Head Start programs in rural communities;

(V) removing barriers to providing home visiting services in rural communities; and

(VI) removing barriers to obtaining health screenings for Head Start participants in rural communities;

(xiii) provide training and technical assistance to members of governing bodies, policy councils, and, as appropriate, policy committees, to ensure that the members can fulfill their functions;

(xiv) provide activities that help ensure that Head Start programs have qualified staff who can promote prevention of childhood obesity by integrating developmentally appropriate research-based initiatives that stress the importance of physical activity and healthy, nutritional choices in daily classroom and family routines;

(xv) assist Indian Head Start agencies to provide on-site and off-site training to staff, using approaches that identify and enhance the positive resources and strengths of Indian children and families, to improve parent and family engagement and staff development, particularly with regard to child and family development; and

(xvi) assisting Head Start agencies in selecting and using the measures described in section 9836a(b) of this title.

(b) Additional support

The Secretary shall provide, either directly or through grants, contracts or other arrangements, funds from section 9835(a)(2)(C)(i)(II)(cc) of this title to—

(1) support an organization to administer a centralized child development and national assessment program leading to recognized credentials for personnel working in early childhood education and development programs; and
(2) support training for personnel—
   (A) providing services to limited English proficient children and their families (including services to promote the acquisition of the English language);
   (B) providing services to children determined to be abused or neglected or children referred by or receiving child welfare services;
   (C) in helping children cope with community violence;
   (D) to recognize common health, including mental health, problems in children for appropriate referral;
   (E) to address the needs of children with disabilities and their families;
   (F) to address the needs of migrant and seasonal farmworker families; and
   (G) to address the needs of homeless families.

(c) Outreach

The Secretary shall develop and implement a program of outreach to recruit and train professionals from diverse backgrounds to become Head Start teachers in order to reflect the communities in which Head Start children live and to increase the provision of quality services and instruction to children with diverse backgrounds.

(d) Funds to agencies

Funds made available under section 9835(a)(2) of this title shall be used by a Head Start agency to provide high-quality, sustained, and intensive training and technical assistance as follows:

1. For 1 or more of the following:
   (A) Activities that ensure that Head Start programs meet or exceed the standards described in section 9836(a)(1) of this title.
   (B) Activities that ensure that Head Start programs have adequate numbers of trained, qualified staff who have skills in working with children and families, including children and families who are limited English proficient and children with disabilities and their families.
   (C) Activities to improve the management and implementation of Head Start services and systems, including direct training for expert consultants working with staff.
   (D) Activities that help ensure that Head Start programs have qualified staff who can promote language skills and literacy growth of children and who can provide children with a variety of skills that have been identified as predictive of later reading achievement, school success, and the skills, knowledge, abilities, development, and progress described in section 9836(a)(1) of this title.
   (E) Activities to improve staff qualifications and to assist with the implementation of career development programs and to encourage the staff to continually improve their skills and expertise, including developing partnerships with programs that recruit, train, place, and support college students in Head Start centers to deliver an innovative early learning program to preschool children.
   (F) Activities that help local programs ensure that the arrangement, condition, and implementation of the learning environments in Head Start programs are conducive to providing effective program services to children and families.
   (G) Activities to provide training necessary to improve the qualifications of Head Start staff and to support staff training, child counseling, health services, and other services necessary to address the needs of children enrolled in Head Start programs, including children from families in crises, children who experience chronic violence or homelessness, children who experience substance abuse in their families, and children under 3 years of age, where applicable.
   (H) Activities to provide classes or in-service-type programs to improve or enhance parenting skills, job skills, and adult and family literacy, including financial literacy, or training to become a classroom aide or bus driver in a Head Start program.
   (I) Additional activities deemed appropriate to the improvement of Head Start programs, as determined by the technical assistance and training plans of the Head Start agencies.

2. To support enhanced early language and literacy development of children in Head Start programs, and to provide the children with high-quality oral language skills and with environments that are rich in literature in which to acquire language and early literacy skills. Each Head Start agency, in consultation with the State-based training and technical assistance system, as appropriate, shall ensure that—
   (A) all of the agency’s Head Start teachers receive ongoing training in language and emergent literacy (referred to in this sub- section as “literacy training”), including appropriate curricula and assessment to improve instruction and learning;
   (B) such literacy training shall include training in methods to promote vocabulary development and phonological awareness (including phonemic awareness) in a developmentally, culturally, and linguistically appropriate manner and support children’s development in their native language;
   (C) the literacy training shall include training in how to work with parents to enhance positive language and early literacy development at home;
   (D) the literacy training shall include specific methods to best address the needs of children who are limited English proficient;
   (E) the literacy training shall include training on how to best address the language and literacy needs of children with disabilities, including training on how to work with specialists in language development; and
   (F) the literacy training shall be tailored to the early childhood literacy background and experience of the teachers involved;

except that funds made available under section 9835(a)(2) of this title shall not be used for long-distance travel expenses for
training activities available locally or regionally or for training activities substantially similar to locally or regionally available training activities.

(e) State-based training and technical assistance system

For the purposes of delivering a State-based training and technical assistance system (which may include a consortium of 2 or more States within a region) or a national system in the case of migrant or seasonal Head Start and Indian Head Start programs, as described in section 9835(a)(2)(C)(i)(II)(bb) of this title, that will meet the needs of local grantees, as determined by such grantees, and provide high-quality, sustained, and intensive training and technical assistance to Head Start agencies and programs in order to improve their capacity to deliver services that meet or exceed the standards described in section 9836(a)(1) of this title, the Secretary shall—

(1) enter into contracts in each State with 1 or more entities that have a demonstrated expertise in supporting the delivery of high-quality early childhood education and development programs, except that contracts for a consortium of 2 or more States within a geographic region may be entered into if such a system is more appropriate to better meet the needs of local grantees within a region, as determined by such grantees;

(2) ensure that the entities described in subparagraph (1) determine the types of services to be provided through consultation with—

(A) local Head Start agencies (including Indian Head Start agencies and migrant or seasonal Head Start agencies, as appropriate);

(B) the State Head Start collaboration office; and

(C) the State Head Start Association;

(3) encourage States to supplement the funds authorized in section 9835(a)(2)(C)(i)(II)(bb) of this title with Federal, State, or local funds made available under this subchapter, to expand training and technical assistance activities beyond Head Start agencies to include other providers of other early childhood education and development programs within a State;

(4) provide a report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, not later than 90 days after the end of the fiscal year, summarizing the funding for such contracts and the activities carried out thereunder;

(5) periodically evaluate the effectiveness of the delivery of services in each State in promoting program quality; and

(6) ensure that in entering into such contracts as described in paragraph (1), such entities will address the needs of grantees in both urban and rural communities.

(f) Indoor air quality

The Secretary shall consult with appropriate Federal agencies and other experts, as appropriate, on issues of air quality related to children’s health and inform Head Start agencies of existing programs or combination of programs that provide methods for improving indoor air quality.

(g) Career advancement partnership program

(1) Authority

From amounts allocated under section 9835(a)(2) of this title the Secretary is authorized to award demonstration grants, for a period of not less than 5 years, to historically Black colleges and universities, Hispanic-serving institutions, and Tribal Colleges and Universities—

(A) to implement education programs that increase the number of associate, baccalaureate, and graduate degrees in early childhood education and related fields that are earned by Head Start agency staff members, parents of children served by such agencies, and members of the communities involved;

(B) to provide assistance for stipends and costs related to tuition, fees, and books for enrolling Head Start agency staff members, parents of children served by such an agency, and members of the communities involved in courses required to complete the degree and certification requirement to become teachers in early childhood education and related fields;

(C) to develop program curricula to promote high-quality services and instruction to children with diverse backgrounds, including—

(i) in the case of historically Black colleges and universities, to help Head Start Agency staff members develop skills and expertise needed to teach in programs serving large numbers of African American children;

(ii) in the case of Hispanic-serving institutions, programs to help Head Start Agency staff members develop skills and expertise needed to teach in programs serving large numbers of Hispanic children, including programs to develop the linguistic skills and expertise needed to teach in programs serving a large number of children with limited English proficiency; and

(iii) in the case of Tribal Colleges and Universities, to help Head Start Agency staff members develop skills and expertise needed to teach in programs serving large numbers of Indian children, including programs concerning tribal culture and language;

(D) to provide other activities to upgrade the skills and qualifications of educational personnel to meet the professional standards in subsection (a) to better promote high-quality services and instruction to children and parents from populations served by historically Black colleges and universities, Hispanic-serving institutions, or Tribal Colleges and Universities;

(E) to provide technology literacy programs for Indian Head Start agency staff members and families of children served by such agency; and
(F) to develop and implement the programs described under subparagraph (A) in technology-mediated formats, including through such means as distance learning and use of advanced technology, as appropriate.

(2) Other assistance

The Secretary shall, using resources within the Department of Health and Human Services, provide:

(A) technical assistance to historically Black colleges and universities, Hispanic-serving institutions, and Tribal Colleges and Universities receiving grants under this section, including coordination with the White House Initiative on historically Black colleges and universities; and

(B) assistance to the American Indian Programs Branch of the Office of Head Start of the Administration for Children and Families of the Department of Health and Human Services to effectively administer the programs under this section and provide appropriate technical assistance to Tribal Colleges and Universities under this section.

(3) Application

Each historically Black college or university, Hispanic-serving institution, or Tribal College or University desiring a grant under this section shall submit an application, in partnership with at least 1 Head Start agency enrolling large numbers of students from the populations served by historically Black colleges and universities, Hispanic-serving institutions, or Tribal Colleges and Universities, to the Secretary, at such time, in such manner, and containing such information as the Secretary may require, including a certification that the institution of higher education has established a formal partnership with 1 or more Head Start agencies for the purposes of conducting the activities described in paragraph (1).

(4) Definitions

In this subsection:

(A) The term "Hispanic-serving institution" has the meaning given such term in section 1101a of title 20.

(B) The term "historically Black college or university" has the meaning given the term "part B institution" in section 1061(2) of title 20.

(C) The term "Tribal College or University" has the meaning given such term in section 1059c(b) of title 20.

(5) Teaching requirement

A student at an institution receiving a grant under this subsection who receives assistance under a program funded under this subsection shall teach in a center-based Head Start program for a period of time equivalent to the period for which they received assistance or shall repay such assistance.

Amendments

Subsec. (c)(1). Pub. L. 105–285, §114(a)(2)(A), amended par. (1) generally. Prior to amendment, par. (1) read as follows: "give priority consideration to activities to correct program and management deficiencies identified through reviews pursuant to section 6372a(c) of this title (including the provision of assistance to local programs in the development of quality improvement plans under section 6372a(d)(2) of this title).

Former par. (3) redesignated (4).

Former par. (4) redesignated (5).

Pub. L. 105–285, §114(a)(2)(C), inserted "and implementing" after "developing" and substituted "the day, and assist the agencies and programs in expediting the sharing of information about innovative models for providing full-working-day, full calendar year services for children" for "a longer day" before semicolon.

Subsec. (c)(5), (6). Pub. L. 105–285, §114(a)(2)(F), redesignated pars. (3) and (4) as (5) and (6), respectively.

Former pars. (5) and (6) redesignated (7) and (8), respectively.

Subsec. (c)(9), (10). Pub. L. 105–285, §114(a)(2)(F), redesignated pars. (7) and (8) as (9) and (10), respectively.

Subsec. (e). Pub. L. 105–285, §114(b), inserted "including services to promote the acquisition of the English language" after "non-English language background children:

Subsec. (a). Pub. L. 103–252, §114(3)(A), redesignated as subsec. (e) the last sentence which read as follows: "The Secretary shall provide, either directly or through grants or other arrangements, funds from programs authorized under this subchapter to support an administrative and national assessment program leading to recognized credentials for personnel working in early childhood development and child care programs, training for personnel providing services to non-English language background children, training for personnel in helping children cope with community violence, and resource access projects for personnel working with disabled children.

Pub. L. 103–252, §114(2), substituted "(2) training for specialized or other personnel needed in connection
§ 9843a. Staff qualifications and development

(a) Classroom teachers

(1) Professional requirements

The Secretary shall ensure that each Head Start classroom in a center-based program is assigned 1 teacher who has demonstrated competency to perform functions that include—

(A) planning and implementing learning experiences that advance the intellectual and physical development of children, including improving the readiness of children for school by developing their literacy, phonemic, and print awareness, their understanding and use of language, their understanding and use of increasingly complex and varied vocabulary, their appreciation of books, their understanding of early math and early science, their problem-solving abilities, and their approaches to learning;

(B) establishing and maintaining a safe, healthy learning environment;

(C) supporting the social and emotional development of children; and

(D) encouraging the involvement of the families of the children in a Head Start program and supporting the development of relationships between children and their families.

(2) Degree requirements

(A) Head Start teachers

The Secretary shall ensure that not later than September 30, 2013, at least 50 percent of Head Start teachers nationwide in center-based programs have—

(i) a baccalaureate or advanced degree in early childhood education; or

(ii) a baccalaureate or advanced degree and coursework equivalent to a major relating to early childhood education, with experience teaching preschool-age children.

(B) Additional staff

The Secretary shall ensure that, not later than September 30, 2013, all—

(I) Head Start education coordinators, including those that serve as curriculum specialists, nationwide in center-based programs—

(aa) have the capacity to offer assistance to other teachers in the implementation and adaptation of curricula to the group and individual needs of children in a Head Start classroom; and

(bb) have—at least 50 percent—

(A) a baccalaureate or advanced degree in early childhood education; or

(B) a baccalaureate or advanced degree and coursework equivalent to a major relating to early childhood education, with experience teaching preschool-age children; and
(ii) Head Start teaching assistants nationwide in center-based programs have—
(I) at least a child development associate credential;
(II) enrolled in a program leading to an associate or baccalaureate degree; or
(III) enrolled in a child development associate credential program to be completed within 2 years.

(C) Progress
(i) Implementation
The Secretary shall—
(I) require Head Start agencies to—
(aa) describe continuing progress each year toward achieving the goals described in subparagraphs (A) and (B); and
(bb) annually submit to the Secretary a report indicating the number and percentage of classroom personnel described in subparagraphs (A) and (B) in center-based programs with child development associate credentials or associate, baccalaureate, or advanced degrees;
(II) compile and submit a summary of all program reports described in subclause (I)(bb) to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate; and
(III) not impose any penalties or sanctions on any individual Head Start agency, program, or staff in the monitoring of local agencies and programs under this subchapter not meeting the requirements of subparagraph (A) or (B).

(D) Construction
In this paragraph a reference to a Head Start agency, or its program, services, facility, or personnel, shall not be considered to be a reference to an Early Head Start agency, or its program, services, facility, or personnel.

(3) Alternative credentialing and degree requirements
The Secretary shall ensure that, for center-based programs, each Head Start classroom that does not have a teacher who meets the qualifications described in clause (i) or (ii) of paragraph (2)(A) is assigned one teacher who has the following during the period specified:
(A) Through September 30, 2011—
(i) a child development associate credential that is appropriate to the age of children being served in center-based programs;
(ii) a State-awarded certificate for preschool teachers that meets or exceeds the requirements for a child development associate credential;
(iii) an associate degree in early childhood education;
(iv) an associate degree in a related field and coursework equivalent to a major relating to early childhood education, with experience teaching preschool-age children; or
(v) a baccalaureate degree and has been admitted into the Teach For America program, passed a rigorous early childhood content exam, such as the Praxis II, participated in a Teach For America summer training institute that includes teaching preschool children, and is receiving ongoing professional development and support from Teach For America’s professional staff.

(B) As of October 1, 2011—
(i) an associate degree in early childhood education;
(ii) an associate degree in a related field and coursework equivalent to a major relating to early childhood education, with experience teaching preschool-age children; or
(iii) a baccalaureate degree and has been admitted into the Teach For America program, passed a rigorous early childhood content exam, such as the Praxis II, participated in a Teach For America summer training institute that includes teaching preschool children, and is receiving ongoing professional development and support from Teach For America’s professional staff.

(4) Waiver
On request, the Secretary shall grant—
(A) through September 30, 2011, a 180-day waiver ending on or before September 30, 2011, of the requirements of paragraph (3)(A) for a Head Start agency that can demonstrate that the agency has attempted unsuccessfully to recruit an individual who has the qualifications described in any of clauses (i) through (iv) of paragraph (3)(A) with respect to an individual who—
(i) is enrolled in a program that grants a credential, certificate, or degree described in clauses (i) through (iv) of paragraph (3)(A); and
(ii) will receive such credential, certificate, or degree under the terms of such program not later than 180 days after beginning employment as a teacher with such agency; and
(B) as of October 1, 2011, a 3-year waiver of the requirements of paragraph (3)(B) for a Head Start agency that can demonstrate that—
(i) the agency has attempted unsuccessfully to recruit an individual who has the qualifications described in clause (i) or (ii) of such paragraph, with respect to an individual who is enrolled in a program that grants a degree described in clause (i) or (ii) of such paragraph and will receive such degree in a reasonable time; and
(ii) each Head Start classroom has a teacher who has, at a minimum—
(I) a child development associate credential that is appropriate to the age of children being served in center-based programs;
(IV) a State-awarded certificate for preschool teachers that meets or exceeds the requirements for a child development associate credential.
(5) Teacher in-service requirement

Each Head Start teacher shall attend not less than 15 clock hours of professional development per year. Such professional development shall be high-quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom, and regularly evaluated by the program for effectiveness.

(6) Service requirements

The Secretary shall establish requirements to ensure that, in order to enable Head Start agencies to comply with the requirements of paragraph (2)(A), individuals who receive financial assistance under this subchapter to pursue a degree described in paragraph (2)(A) shall—

(A) teach or work in a Head Start program for a minimum of 3 years after receiving the degree; or

(B) repay the total or a prorated amount of the financial assistance received based on the length of service completed after receiving the degree.

(7) Use of funds

The Secretary shall require that any Federal funds provided directly or indirectly to comply with paragraph (2)(A) shall be used toward degrees awarded by an institution of higher education, as defined by section 1001 or 1002 of title 20.

(b) Mentor teachers

(1) “Mentor teacher” defined; function

For purposes of this subsection, the term “mentor teacher” means an individual responsible for observing and assessing the classroom activities of a Head Start program and providing on-the-job guidance and training to the Head Start program staff and volunteers, in order to improve the qualifications and training of classroom staff, to maintain high quality education services, and to promote career development in Head Start programs.

(2) Requirement

In order to assist Head Start agencies in establishing positions for mentor teachers, the Secretary shall—

(A) provide technical assistance and training to enable Head Start agencies to establish such positions;

(B) give priority consideration, in providing assistance pursuant to subparagraph (A), to Head Start programs that have substantial numbers of new classroom staff or that are experiencing difficulty in meeting applicable education standards;

(C) encourage Head Start programs to give priority consideration for such positions to Head Start teachers at the appropriate level of career advancement in such programs; and

(D) promote the development of model curricula, designed to ensure the attainment of appropriate competencies of mentor teachers in Head Start programs.

(c) Family service workers

To improve the quality and effectiveness of staff providing in-home and other services (including needs assessment, development of service plans, family advocacy, and coordination of service delivery) to families of children participating in Head Start programs, the Secretary, in coordination with concerned public and private agencies and organizations examining the issues of standards and training for family service workers, shall—

(1) review, and, as necessary, revise or develop new qualification standards for Head Start staff providing such services;

(2) review, and as necessary, revise or develop maximum caseload requirements, as suggested by best practices;

(3) promote the development of model curricula (on subjects including parenting training and family literacy) designed to ensure the attainment of appropriate competencies by individuals working or planning to work in the field of early childhood and family services;

(4) promote the establishment of a credential that indicates attainment of the competencies and that is accepted nationwide; and

(5) promote the use of appropriate strategies to meet the needs of special populations (including populations of limited English proficient children).

(d) Head Start Fellowships

(1) Authority

The Secretary may establish a program of fellowships, to be known as “Head Start Fellowships”, in accordance with this subsection. The Secretary may award the fellowships to individuals, to be known as “Head Start Fellows”, who are staff in local Head Start programs or other individuals working in the field of child development and family services.

(2) Purpose

The fellowship program established under this subsection shall be designed to enhance the ability of Head Start Fellows to make significant contributions to programs authorized under this subchapter, by providing opportunities to expand their knowledge and experience through exposure to activities, issues, resources, and new approaches, in the field of child development and family services.

(3) Assignments of Fellows

(A) Placement sites

Fellowship positions under the fellowship program may be located (subject to subparagraphs (B) and (C))—

(i) in agencies of the Department of Health and Human Services administering programs authorized under this subchapter (in national or regional offices of such agencies);

(ii) in local Head Start agencies and programs;

(iii) in institutions of higher education;

(iv) in public or private entities and organizations concerned with services to children and families; and

(v) in other appropriate settings.

(B) Limitation for Fellows other than Head Start employees

A Head Start Fellow who is not an employee of a local Head Start agency or pro-
program may be placed only in a fellowship position located in an agency or program specified in clause (i) or (ii) of subparagraph (A).

(C) No placement in lobbying organizations

Head Start Fellowship positions may not be located in any agency (including a center) whose primary purpose, or one of whose major purposes, is to influence Federal, State, or local legislation.

(4) Selection of Fellows

Head Start Fellowships shall be awarded on a competitive basis to individuals (other than Federal employees) selected from among applicants who are working, on the date of application, in local Head Start programs or otherwise working in the field of child development and children and family services.

(5) Duration

Head Start Fellowships shall be for terms of 1 year, and may be renewed for a term of 1 additional year.

(6) Authorized expenditures

From amounts made available under section 9835(a)(2)(E) of this title, the Secretary is authorized to make expenditures of not to exceed $1,000,000 for any fiscal year, for stipends and other reasonable expenses of the fellowship program.

(7) Status of Fellows

Except as otherwise provided in this paragraph, Head Start Fellows shall not be considered to be employees or otherwise in the service or employment of the Federal Government. Head Start Fellows shall be considered to be employees for purposes of compensation for injuries under chapter 81 of title 5. Fellows assigned to positions located in agencies specified in paragraph (3)(A)(i) shall be considered employees in the executive branch of the Federal Government for the purposes of chapter 11 of title 5 and for purposes of any administrative standards of conduct applicable to the employees of the agency to which they are assigned.

(8) Regulations

The Secretary shall promulgate regulations to carry out this subsection.

(e) Model staffing plans

Not later than 1 year after May 18, 1994, the Secretary, in consultation with appropriate public agencies, private agencies, and organizations and with individuals with expertise in the field of children and family services, shall develop model staffing plans to provide guidance to local Head Start agencies and programs on the numbers, types, responsibilities, and qualifications of staff required to operate a Head Start program.

(f) Professional development plans

Each Head Start agency and program shall create, in consultation with an employee, a professional development plan for all full-time Head Start employees who provide direct services to children and shall ensure that such plans are regularly evaluated for their impact on teacher and staff effectiveness. The agency and the employee shall implement the plan to the extent feasible and practicable.

(g) Staff recruitment and selection procedures

Before a Head Start agency employs an individual, such agency shall—

(1) conduct an interview of such individual;
(2) verify the personal and employment references provided by such individual; and
(3) obtain—
   (A) a State, tribal, or Federal criminal record check covering all jurisdictions where the grantee provides Head Start services to children;
   (B) a State, tribal, or Federal criminal record check as required by the law of the jurisdiction where the grantee provides Head Start services; or
   (C) a criminal record check as otherwise required by Federal law.

Subsec. (c). Pub. L. 110–134, §19(2), amended subsec. (c) generally. Prior to amendment, text of subsec. (c) read as follows: ‘‘In order to improve the quality and effectiveness of staff providing in-home and other services (including needs assessment, development of service plans, family advocacy, and coordination of service delivery) to families of children participating in Head Start programs, the Secretary, in coordination with concerned public and private agencies and organizations examining the issues of standards and training for family service workers, shall—

“(1) review and, as necessary, revise or develop new qualification standards for Head Start staff providing such services;

“(2) promote the development of model curricula (on subjects including parenting training and family literacy) designed to ensure the attainment of appropriate competencies by individuals working or planning to work in the field of early childhood and family services; and

“(3) promote the establishment of a credential that indicates attainment of the competencies and that is accepted nationwide.’’

Subsec. (d)(6). Pub. L. 110–134, §19(3)(B), substituted ‘‘amounts made available under section 9835(a)(2)(E) of this title’’ for ‘‘amounts appropriated under this subchapter and allotted under section 9835(a)(2)(D) of this title’’.

Subsecs. (f), (g). Pub. L. 110–134, §19(4), added subsecs. (f) and (g).

1996—Subsec. (a). Pub. L. 104–255, title I, §115, amended heading and text of subsec. (a) generally. Prior to amendment, subsec. (a) required Secretary to ensure that not later than Sept. 30, 1996, each Head Start classroom in a center-based program was assigned a teacher with certain specified credentials and gave Secretary limited authority to waive that requirement.

Subsec. (b)(2)(B). Pub. L. 104–255, §115(2), substituted ‘‘staff or that are’’ for ‘‘staff, that are’’ and struck out ‘‘, or that lack staff of a similar cultural background to that of the participating children and their families’’ before semicolon.
§ 9844. Research, demonstrations, and evaluation

(a) In general

(1) Requirement; general purposes

The Secretary shall carry out a continuing program of research, demonstration, and evaluation activities, in order to—

(A) foster continuous improvement in the quality of the Head Start programs under this subchapter and in their effectiveness in enabling participating children and their families to succeed in school and otherwise; and

(B) use the Head Start programs to develop, test, and disseminate new ideas based on existing scientifically valid research, for addressing the needs of low-income preschool children (including children with disabilities, homeless children, children who have been abused or neglected, and children in foster care) and their families and communities (including demonstrations of innovative non-center-based program models such as home-based and mobile programs), and otherwise to further the purposes of this subchapter.

(2) Plan

The Secretary shall develop, and periodically update, a plan governing the research, demonstration, and evaluation activities under this section.

(b) Conduct of research, demonstration, and evaluation activities

The Secretary, in order to conduct research, demonstration, and evaluation activities under this section—

(1) may carry out such activities directly, or through grants to, or contracts or cooperative agreements with, public or private entities;

(2) shall, to the extent appropriate, undertake such activities in collaboration with other Federal agencies, and with non-Federal agencies, conducting similar activities;

(3) shall ensure that evaluation of activities in a specific program or project is conducted by persons not directly involved in the operation of such program or project;

(4) may require Head Start agencies to provide for independent evaluations;

(5) may approve, in appropriate cases, community-based cooperative research and evaluation efforts to enable Head Start programs to collaborate with qualified researchers not directly involved in program administration or operation; and

(6) may collaborate with organizations with expertise in inclusive educational strategies for preschoolers with disabilities.

(c) Consultation and collaboration

In carrying out activities under this section, the Secretary shall—

(1) consult with—

(A) individuals from relevant academic disciplines;

(B) individuals who are involved in the operation of Head Start programs and individuals who are involved in the operation of other child and family service programs; and

(C) individuals from other Federal agencies, and individuals from organizations, involved with children and families, ensuring that the individuals described in this subparagraph reflect the multicultural nature of the children and families served by the Head Start programs and the multidisciplinary nature of the Head Start programs;

(2) whenever feasible and appropriate, obtain the views of persons participating in and served by programs and projects assisted under this subchapter with respect to activities under this section; and

(3) establish, to the extent appropriate, working relationships with the faculties of institutions of higher education, as defined in section 1001 of title 20, located in the area in which any evaluation under this section is being conducted, unless there is no such institution of higher education willing and able to participate in such evaluation.

(d) Specific objectives

The research, demonstration, and evaluation activities under this subchapter shall include components designed to—

(1) permit ongoing assessment of the quality and effectiveness of the programs under this subchapter;

(2) establish evaluation methods that measure the effectiveness and impact of family literacy services program models, including models for the integration of family literacy services with Head Start services;

(3) contribute to developing knowledge concerning factors associated with the quality and effectiveness of Head Start programs and in identifying ways in which services provided under this subchapter may be improved;

(4) assist in developing knowledge concerning the factors that promote or inhibit healthy development and effective functioning of children and their families both during and following participation in a Head Start program;

(5)(A) identify successful strategies that promote good oral health and provide effective linkages to quality dental services through pediatric dental referral networks, for infants and toddlers participating in Early Head Start programs and children participating in other Head Start programs; and

(B) identify successful strategies that promote good vision health through vision screenings for such infants, toddlers, and children, and referrals for appropriate followup care for those identified as having a vision problem;

(6) permit comparisons of children and families participating in Head Start programs with children and families receiving other child care, early childhood education and develop-
ment or services 1 programs and with other appropriate control groups;
(7) contribute to understanding the characteristics and needs of population groups eligible for services provided under this subchapter and the impact of such services on the individuals served and the communities in which such services are provided;
(8) provide for disseminating and promoting the use of the findings from such research, demonstration, and evaluation activities;
(9) promote exploration of areas in which knowledge is insufficient, and that will otherwise contribute to fulfilling the purposes of this subchapter; and
(10)(A) contribute to understanding the impact of Head Start services delivered in classrooms which include both children with disabilities and children without disabilities, on all of the children; and
(B) disseminate promising practices for increasing the availability and quality of such services and such classrooms.

(e) Longitudinal studies
In developing priorities for research, demonstration, and evaluation activities under this section, the Secretary shall give special consideration to longitudinal studies that—
(1) examine the developmental progress of children and their families both during and following participation in a Head Start program, including the examination of factors that contribute to or detract from such progress;
(2) examine factors related to improving the quality of the Head Start programs and the preparation the programs provide for children and their families to function effectively in schools and other settings in the years following participation in such a program; and
(3) as appropriate, permit comparison of children and families participating in Head Start programs with children and families receiving other early childhood education and development services or programs, and with other appropriate control groups.

(f) Ownership of results
The Secretary shall take necessary steps to ensure that all studies, reports, proposals, and data produced or developed with Federal funds under this subchapter shall become the property of the United States.

(g) National Head Start impact research
(1) Expert panel
   (A) In general
   The Secretary shall appoint an independent panel consisting of experts in program evaluation and research, education, and early childhood programs—
   (i) to review, and make recommendations on, the design and plan for the research (whether conducted as a single assessment or as a series of assessments) described in paragraph (2), within 1 year after October 27, 1998;
   (ii) to maintain and advise the Secretary regarding the progress of the research; and
   (iii) to comment, if the panel so desires, on the interim and final research reports submitted under paragraph (7).

   (B) Travel expenses
   The members of the panel shall not receive compensation for the performance of services for the panel, but shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, while away from their homes or regular places of business in the performance of services for the panel. Notwithstanding section 1342 of title 31, the Secretary may accept the voluntary and uncompensated services of members of the panel.

   (2) General authority
   After reviewing the recommendations of the expert panel, the Secretary shall make a grant to, or enter into a contract or cooperative agreement with, an organization to conduct independent research that provides a national analysis of the impact of Head Start programs. The Secretary shall ensure that the organization shall have expertise in program evaluation, and research, education, and early childhood programs.

   (3) Designs and techniques
   The Secretary shall ensure that the research uses rigorous methodological designs and techniques (based on the recommendations of the expert panel), including longitudinal designs, control groups, nationally recognized standardized measures, and random selection and assignment, as appropriate. The Secretary may provide that the research shall be conducted as a single comprehensive assessment or as a group of coordinated assessments designed to provide, when taken together, a national analysis of the impact of Head Start programs.

   (4) Programs
   The Secretary shall ensure that the research focuses primarily on Head Start programs that operate in the 50 States, the Commonwealth of Puerto Rico, or the District of Columbia and that do not specifically target special populations.

   (5) Analysis
   The Secretary shall ensure that the organization conducting the research—
   (A)(i) determines if, overall, the Head Start programs have impacts consistent with their primary goal of increasing the social competence of children, by increasing the everyday effectiveness of the children in dealing with their present environments and future responsibilities, and increasing their school readiness;
   (ii) considers whether the Head Start programs—
   (I) enhance the growth and development of children in cognitive, emotional, and physical health areas;
   (II) strengthen families as the primary nurturers of their children; and
   (III) ensure that children attain school readiness; and

1 So in original. Probably should be “services or”. 
§ 9844

Title 42—The Public Health and Welfare

(iii) examines—

(I) the impact of the Head Start programs on increasing access of children to such services as educational, health, and nutritional services, and linking children and families to needed community services; and

(II) how receipt of services described in subclause (I) enriches the lives of children and families participating in Head Start programs;

(B) examines the impact of Head Start programs on participants on the date the participants leave Head Start programs, at the end of kindergarten and at the end of first grade (whether in public or private school), by examining a variety of factors, including educational achievement, referrals for special education or remedial course work, and absenteeism;

(C) makes use of random selection from the population of all Head Start programs described in paragraph (4) in selecting programs for inclusion in the research; and

(D) includes comparisons of individuals who participate in Head Start programs with control groups (including comparison groups) composed of—

(i) individuals who participate in other early childhood programs (such as public or private preschool programs and day care); and

(ii) individuals who do not participate in any other early childhood program.

(6) Consideration of sources of variation

In designing the research, the Secretary shall, to the extent practicable, consider addressing possible sources of variation in impact of Head Start programs, including variations in impact related to such factors as—

(A) Head Start program operations;

(B) Head Start program quality;

(C) the length of time a child attends a Head Start program;

(D) the age of the child on entering the Head Start program;

(E) the type of organization (such as a local educational agency or a community action agency) providing services for the Head Start program;

(F) the number of hours and days of program operation of the Head Start program (such as whether the program is a full-work ing-day, full calendar year program, a part-day program, or a part-year program); and

(G) other characteristics and features of the Head Start program (such as geographic location, location in an urban or a rural service area, or participant characteristics), as appropriate.

(7) Reports

(A) Submission of interim reports

The organization shall prepare and submit to the Secretary two interim reports on the research. The first interim report shall describe the design of the research, and the rationale for the design, including a description of how potential sources of variation in impact of Head Start programs have been considered in designing the research. The second interim report shall describe the status of the research and preliminary findings of the research, as appropriate.

(B) Submission of final report

The organization shall prepare and submit to the Secretary a final report containing the findings of the research.

(C) Transmittal of report to Congress

Not later than September 30, 2009, the Secretary shall transmit the final report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate.

(8) Definition

In this subsection, the term "impact", used with respect to a Head Start program, means a difference in an outcome for a participant in the program that would not have occurred without the participation in the program.

(h) Limited English proficient children

(1) Study

Not later than 1 year after December 12, 2007, the Secretary shall conduct a study on the status of limited English proficient children and their families participating in Head Start programs (including Early Head Start programs).

(2) Report

The Secretary shall prepare and submit to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, not later than September 30, 2010, a report containing the results of the study, including information on—

(A) the demographics of limited English proficient children from birth through age 5, including the number of such children receiving Head Start services and Early Head Start services, and the geographic distribution of children described in this subparag raph;

(B) the nature of the Head Start services and of the Early Head Start services provided to limited English proficient children and their families, including the types, content, duration, intensity, and costs of family services, language assistance, and educational services;

(C) procedures in Head Start programs and Early Head Start programs for the assessment of language needs and the transition of limited English proficient children to kindergarten, including the extent to which such programs meet the requirements of section 9837a of this title for limited English proficient children;

(D) the qualifications and training provided to Head Start teachers and Early Head Start teachers who serve limited English proficient children and their families;

(E) the languages in which Head Start teachers and Early Head Start teachers are fluent, in relation to the population, and instructional needs, of the children served;
(F) the rate of progress made by limited English proficient children and their families in Head Start programs and in Early Head Start programs, including—

(i) the rate of progress made by limited English proficient children toward meeting the additional educational standards described in section 9836a(a)(5)(A) of this title while enrolled in such programs;

(ii) a description of the type of assessment or assessments used to determine the rate of progress made by limited English proficient children;

(iii) the correlation between such progress and the type and quality of instruction and educational programs provided to limited English proficient children; and

(iv) the correlation between such progress and the health and family services provided by such programs to limited English proficient children and their families.

(G) the extent to which Head Start programs and Early Head Start programs make use of funds under section 9835(a)(2)(D) of this title to improve the quality of such services provided to limited English proficient children and their families.

(i) Research and evaluation activities relevant to diverse communities

For purposes of conducting the study described in subsection (h), activities described in section 9835(i)(5)(A) of this title, and other research and evaluation activities relevant to limited English proficient children and their families, migrant and seasonal farmworker families, and other families from diverse populations served by Head Start programs, the Secretary shall—

(A) integrate the results of the study, as appropriate and in accordance with paragraphs (2) and (3), into each assessment used in Head Start programs; and

(B) use the results of the study to develop, inform, and revise as appropriate the standards and measures described in section 9836a of this title, consistent with section 9836a(a)(2)(C)(ii) of this title.

(2) Inform and revise

In informing and revising any assessment used in the Head Start programs, the Secretary shall—

(A) receive recommendations from the Panel on Developmental Outcomes and Assessments for Young Children of the National Academy of Sciences; and

(B) with respect to the development or refinement of such assessment, ensure—

(i) consistency with relevant, nationally recognized professional and technical standards;

(ii) validity and reliability for all purposes for which assessments under this subchapter are designed and used;

(iii) developmental and linguistic appropriateness of such assessments for children assessed, including children who are limited English proficient; and

(iv) that the results can be used to improve the quality of, accountability of, and training and technical assistance in, Head Start programs.

(3) Additional requirements

The Secretary, in carrying out the process described in paragraph (2), shall ensure that—

(A) staff administering any assessments under this subchapter have received appropriate training to administer such assessments;

(B) appropriate accommodations for children with disabilities and children who are limited English proficient are made;

(C) the English and Spanish (and any other language, as appropriate) forms of such assessments are valid and reliable in the languages in which they are administered; and

(D) such assessments are not used to exclude children from Head Start programs.

(4) Suspended implementation of national reporting system

The Secretary shall suspend implementation and terminate further development and use of the National Reporting System.

(k) Indian Head Start study

The Secretary shall—

(1) work in collaboration with the Head Start agencies that carry out Indian Head Start programs, the Indian Head Start collaboration director, and other appropriate entities, including tribal governments and the National Indian Head Start Directors Association—

(A) to undertake a study or set of studies designed to focus on the American Indian and Alaska Native Head Start-eligible population, with a focus on issues such as curriculum development, availability and need for services, appropriate research methodologies and measures for these populations, and best practices for teaching and educating American Indian and Alaska Native Head Start Children;

(B) to accurately determine the number of children nationwide who are eligible to participate in Indian Head Start programs each year;

(C) to document how many of these children are receiving Head Start services each year;

(D) to the extent practicable, to ensure that access to Indian Head Start programs for eligible children is comparable to access to other Head Start programs for other eligible children; and

(E) to make the funding decisions required in section 9835(a)(4)(D)(ii) of this title, after completion of the studies required in that section, taking into account—
(i) Migrant and seasonal Head Start program study

(1) Data

In order to increase access to Head Start services for children of migrant and seasonal farmworkers, the Secretary shall work in collaboration with providers of migrant and seasonal Head Start programs, the Secretary of Agriculture, the Secretary of Labor, the Bureau of Migrant Health, and the Secretary of Education to—

(A) collect, report, and share data, within a coordinated system, on children of migrant and seasonal farmworkers and their families, including health records and educational documents of such children, in order to adequately account for the number of children of migrant and seasonal farmworkers who are eligible for Head Start services and determine how many of such children receive the services; and

(B) identify barriers that prevent children of migrant and seasonal farmworkers who are eligible for Head Start services from accessing Head Start services, and develop a plan for eliminating such barriers, including certain requirements relating to tracking, health records, and educational documents, and increasing enrollment.

(2) Publication of plan

Not later than 1 year after December 12, 2007, the Secretary shall publish in the Federal Register a notice about how the Secretary plans to implement the activities identified in paragraph (1) and shall provide a period for public comment. To the extent practicable, the Secretary shall consider comments received before submitting a report to the Congress;

(3) Report

Not later than 18 months after December 12, 2007, and annually thereafter, the Secretary shall submit a report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, detailing how the Department of Health and Human Services plans to carry out paragraph (1);

(4) Protection of confidentiality

The Secretary shall, through regulation, ensure the confidentiality of any personally identifiable data, information, and records collected or maintained by the Secretary, by Head Start agencies that carry out Indian Head Start programs, and by State Directors of Head Start Collaboration, by the Indian Head Start Collaboration Project Director and by other appropriate entities pursuant to this subsection (such regulations shall provide the policies, protections, and rights equivalent to those provided a parent, student, or educational agency or institution under section 1232g of title 20); and

(6) ensure that nothing in this subsection shall be construed to authorize the development of a nationwide database of personally identifiable information on individuals involved in studies or other collections of data under this subsection.

(ii) Migrant and seasonal Head Start program study

(1) Data

In order to increase access to Head Start services for children of migrant and seasonal farmworkers, the Secretary shall work in collaboration with providers of migrant and seasonal Head Start programs, the Secretary of Agriculture, the Secretary of Labor, the Bureau of Migrant Health, and the Secretary of Education to—

So in original. Probably should be capitalized.
programs, including Early Head Start programs, and make recommendations for how Head Start shall enhance its readiness to respond to an emergency.

(2) Study

The Secretary shall evaluate the Federal, State, and local preparedness of Head Start programs, including Early Head Start programs, to respond appropriately in the event of a large-scale emergency, such as the hurricanes Katrina, Rita, and Wilma, the terrorist attacks of September 11, 2001, or other incidents where assistance may be warranted under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

(3) Report to Congress

Not later than 18 months after December 12, 2007, the Secretary shall prepare and submit to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report containing the results of the evaluation required under paragraph (2), including—

(A) recommendations for improvements to Federal, State, and local preparedness and response capabilities to large-scale emergencies, including those that were developed in response to hurricanes Katrina, Rita, and Wilma, as they relate to Head Start programs, including Early Head Start programs, and the Secretary’s plan to implement such recommendations;

(B) an evaluation of the procedures for informing families of children in Head Start programs about the program protocols for response to a large-scale emergency, including procedures for communicating with such families in the event of a large-scale emergency;

(C) an evaluation of such procedures for staff training on State and local evacuation and emergency protocols; and

(D) an evaluation of procedures for Head Start agencies and the Secretary to coordinate with appropriate Federal, State, and local emergency management agencies in the event of a large scale emergency and recommendations to improve such procedures.

REFERENCES IN TEXT

The effective date of this subsection, referred to in subsec. (k)(3), (4), probably means the date of enactment of Pub. L. 110–134, which enacted subsec. (k) of this section and was approved Dec. 12, 2007.

The Robert T. Stafford Disaster Relief and Emergency Assistance Act, referred to in subsec. (m)(2), is Pub. L. 97–256, Aug. 22, 1982, 96 Stat. 251, which is classified principally to chapter 68 (§5121 et seq.) of this title. For complete classification of this Act to the Code, see

Short Title note set out under section 5121 of this title and Tables.

AMENDMENTS

2007—Subsec. (a)(1)(B). Pub. L. 110–134, §20(1), amended subpar. (B) generally. Prior to amendment, subpar. (B) read as follows: “use the Head Start programs to develop, test, and disseminate new ideas and approaches for addressing the needs of low-income preschool children (including children with disabilities) and their families and communities (including demonstrations of innovative noncenter-based program models such as home-based and mobile programs), and otherwise to further the purposes of this subchapter.”

Subsec. (d), Pub. L. 110–134, §20(2)(F), struck out concluding provisions which read as follows: “The Secretary shall ensure that an appropriate entity carries out a study described in paragraph (9), and prepares and submits to the appropriate committees of Congress a report containing the results of the study, not later than September 30, 2002.”

Pub. L. 110–134, §20(2)(C), substituted “early childhood education and development or services programs” for “early childhood education, or child development services”.

Subsec. (d)(6), (7), Pub. L. 110–134, §20(2)(D), redesignated pars. (5) and (6) as (6) and (7), respectively. Former par. (7) redesignated (8).

Subsec. (d)(9), Pub. L. 110–134, §20(2)(B), (D), redesignated par. (8) as (9) and struck out former par. (9) which read as follows: “study the experiences of small, medium, and large States with Head Start programs in order to permit comparisons of children participating in the programs with eligible children who did not participate in the programs, which study—

“(A) may include the use of a data set that existed prior to the initiation of the study; and

“(B) shall compare the educational achievement, social adaptation, and health status of the participating children and the eligible nonparticipating children;”

Subsec. (d)(10), Pub. L. 110–134, §20(2)(B), added par. (10) and struck out former par. (10) which provided for using the Survey of Income and Program Participation to conduct certain analyses, the National Longitudinal Survey of Youth to examine certain outcomes, and the Survey of Program Dynamics to begin certain annual reporting.

Subsec. (e)(3), Pub. L. 110–134, §20(3), substituted “early childhood education and development services or programs” for “child care, early childhood education, or child development services”.

Subsec. (g)(7)(C), Pub. L. 110–134, §20(4), amended subpar. (C) generally. Prior to amendment, text read as follows:

“(i) IN GENERAL.—The Secretary shall transmit, to the committees described in clause (ii), the first interim report by September 30, 1999, the second interim report by September 30, 2001, and the final report by September 30, 2003.

“(ii) COMMITTEES.—The committees referred to in clause (i) are the Committee on Education and the Workforce of the House of Representatives and the Committee on Labor and Human Resources of the Senate.”

Subsecs. (h) to (m). Pub. L. 110–134, §20(5), added subsecs. (h) to (m) and struck out former subsec. (h) which related to quality improvement study.

1998—Subsec. (c)(3). Pub. L. 105–244 substituted “section 1001” for “section 1141(a)”.

Subsec. (d)(2) to (8). Pub. L. 105–285, §116(1)(C), (D), added par. (2) and redesignated former pars. (2) to (7) as (3) to (8), respectively.

ment concerning grants or contracts for research, dem-
ostrations, pilot projects, studies, or reports under this subchapter.

Effective Date of Repeal
Repeal effective May 18, 1994, but not applicable to Head Start agencies and other recipients of financial assistance under the Head Start Act (42 U.S.C. 9831 et seq.) until Oct. 1, 1994, see section 127 of Pub. L. 103-252, set out as an Effective Date of 1994 Amendment note under section 9832 of this title.

§ 9846. Reports
(a) Status of children
At least once during every 2-year period, the Secretary shall prepare and submit, to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, a report concerning the status of children, including children with disabilities, limited English proficient children, homeless children, children in foster care, and children participating in Indian Head Start programs and migrant or seasonal Head Start programs in Head Start programs, including the number of children and the services being provided to such children. Such report shall include—

(1) a statement for the then most recently concluded fiscal year specifying—

(A) the amount of funds received by Head Start agencies designated under section 9836 of this title to provide Head Start services in a period before such fiscal year; and

(B) the amount of funds received by Head Start agencies newly designated under section 9836 of this title to provide such services in such fiscal year;

(2) a description of the distribution of Head Start services relative to the distribution of children who are eligible to participate in Head Start programs, including geographic distribution within States, and information on the number of children served under this sub-
section, disaggregated by type of eligibility criterion;

(3) a statement identifying how funds made available under section 9835(a) of this title were distributed and used at national, regional, and local levels;

(4) a statement specifying the amount of funds provided by the State, and by local sources, to carry out Head Start programs;

(5) cost per child and how such cost varies by region;

(6) a description of the level and nature of participation of parents in Head Start programs as volunteers and in other capacities;

(7) information concerning Head Start staff, including salaries, education, training, experience, and staff turnover;

(8) information concerning children participating in programs that receive Head Start funding, including information on family incom-

ance, racial and ethnic background, homelessness, whether the child is in foster care or was referred by a child welfare agency, disability, and receipt of benefits under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.);

(9) the use and source of funds to extend Head Start services to operate full-day and year round;

(10) using data from the monitoring con-
ducted under section 9836(c) of this title—

(A) a description of the extent to which programs funded under this subchapter com-
apply with performance standards and regulations in effect under this subchapter;
(B) a description of the types and condition of facilities in which such programs are located;
(C) the types of organizations that receive Head Start funds under such programs; and
(D) the number of children served under each program option;
(11) the information contained in the documents entitled “Program Information Report” and “Head Start Cost Analyses System” (or any document similar to either), prepared with respect to Head Start programs;
(12) a description of the types of services provided to children and their families, both on-site and through referrals, including health, mental health, dental care, vision care, parenting education, physical fitness, and literacy training;
(13) a summary of information concerning the research, demonstration, and evaluation activities conducted under section 9844 of this title, including—
(A) a status report on ongoing activities; and
(B) results, conclusions, and recommendations, not included in any previous report, based on completed activities; and
(14) a study of the delivery of Head Start programs to Indian children living on and near Indian reservations, to children of Alaska Natives, and to children of migrant and seasonal farmworker families.
Promptly after submitting such report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, the Secretary shall publish in the Federal Register a notice indicating that such report is available to the public and specifying how such report may be obtained.

(b) Facilities
At least once during every 5-year period, the Secretary shall prepare and submit, to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, a report concerning the condition, location, and ownership of facilities used, or available to be used, by Indian Head Start agencies (including Alaska Native Head Start agencies) and Native Hawaiian Head Start agencies.

(c) Fiscal protocol

(1) In general
The Secretary shall conduct an annual review to assess whether the design and implementation of the triennial reviews described in section 9836(c) of this title include compliance procedures that provide reasonable assurances that Head Start agencies are complying with applicable fiscal laws and regulations.

(2) Report
Not later than 30 days after the date the Secretary completes the annual review under paragraph (1), the Secretary shall report the findings and conclusions of the annual review to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate.

(d) Disability-related services

(1) In general
The Secretary shall track the provision of disability-related services for children, in order to—
(A) determine whether Head Start agencies are making timely referrals to the State or local agency responsible for providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);
(B) identify barriers to timely evaluations and eligibility determinations by the State or local agency responsible for providing services under section 619 or part C of the Individuals with Disabilities Education Act; and
(C) determine under what circumstances and for what length of time Head Start agencies are providing disability-related services for children who have not been determined under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) to be children with disabilities.

(2) Report
Not later than 1 year after December 12, 2007, the Secretary shall provide a report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate on the activities described in paragraph (1).

(e) Evaluation and recommendations regarding obesity prevention
Not later than 1 year after December 12, 2007, the Secretary shall submit to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report on the Secretary’s progress in assisting program efforts to prevent and reduce obesity in children who participate in Head Start programs, including progress on implementing initiatives within the Head Start program to prevent and reduce obesity in such children.

REFERENCES IN TEXT

The Individuals with Disabilities Education Act, referred to in subsec. (d)(1), is title VI of Pub. L. 91–230, Apr. 13, 1970, 84 Stat. 175, which is classified generally...
to chapter 33 (§1400 et seq.) of Title 20, Education. Part C of the Act is classified generally to subchapter III (§1451 et seq.) of chapter 33 of Title 20. Section 619 of the Act is classified to section 1419 of Title 20. For complete classification of this Act to the Code, see section 1400 of Title 20 and Tables.

**AMENDMENTS**

Subsec. (a)(2). Pub. L. 110–134, § 21(1)(B), inserted “, and information on the number of children served under this subsection, disaggregated by type of eligibility criterion” before semicolon at end.

Subsec. (a)(3). Pub. L. 110–134, § 21(1)(C), substituted “funds made available under section 9835(a) of this title” for “funds expended under section 9835(a)(2) of this title, and funds allotted under section 9835a(a)(3) of this title.”

Subsec. (a)(8). Pub. L. 110–134, § 21(1)(D), inserted “homelessness, whether the child is in foster care or was referred by a child welfare agency,” after “background.”

Subsec. (c) to (e). Pub. L. 110–134, § 21(3), added subsecs. (c) to (e).

Subsecs. (a) to (f). Pub. L. 103–252, § 118(a)(1), struck out subsecs. (a) to (f) which related to evaluations of programs under this subchapter to determine impact and effectiveness, adherence to Head Start performance standards, persons or entities assisting in evaluations, Secretary obtaining views of program participants, publication and submission of results to congressional committees, and all studies and evaluation material remaining property of the United States.

Subsec. (g). Pub. L. 103–252, § 118(a)(2)–(4), struck out subsec. (g) designation, substituted “monitoring conducted under section 9838(c)(c) of this title” for “evaluations conducted under section 9838(c)(2) of this title” in par. (10), and added pars. (13) and (14).

1992—Subsec. (g). Pub. L. 102–401 struck out “(1) before “At least” at beginning of subsec. and substituted “physical” for “physical” in par. (12).

1990—Subsec. (c)(2). Pub. L. 101–501, § 118, inserted at end “The Secretary is encouraged to provide funds for community-based cooperative research efforts to enable Head Start directors to conduct evaluations of their programs with the assistance of qualified researchers not directly involved in the administration of the program or project operation.”

1984—Subsec. (b). Pub. L. 98–558, § 4, substituted “result in the elimination of nor any reduction in the scope or types of health, education, parental involvement, social or other services required to be provided under the standards” for “result in standards which are no less comprehensive than those” in second sentence.

**EFFECTIVE DATE OF 1994 AMENDMENT**

**EFFECTIVE DATE OF 1992 AMENDMENT**

**EFFECTIVE DATE OF 1990 AMENDMENT**

**TERMINATION OF REPORTING REQUIREMENTS**

For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semiannual, or other regular periodic report listed in House Document No. 103–7 (in which the 4th item on page 79 identifies a reporting provision which, as subsequently amended, is contained in subsec. (a) of this section), see section 3903 of Pub. L. 101–96, as amended, set out as a note under section 1113 of Title 31, Money and Finance.

**EFFECTIVE DATE OF REPEAL**

Repeal effective May 18, 1994, but not applicable to Head Start agencies and other recipients of financial assistance under the Head Start Act (42 U.S.C. 9831 et seq.) until Oct. 1, 1994, see section 127 of Pub. L. 103–252, set out as an Effective Date of 1994 Amendment note under section 9832 of this title.

§ 9848. Comparability of wages

(a) Comparability of wages

The Secretary shall take such action as may be necessary to assure that persons employed in carrying out programs financed under this subchapter shall not receive compensation at a rate which is (1) in excess of the average rate of compensation paid in the area where the program is carried out to a substantial number of the persons providing substantially comparable services, or in excess of the average rate of compensation paid to a substantial number of the persons providing substantially comparable services in the area of the person’s immediately preceding employment, whichever is higher; or (2) less than the minimum wage rate prescribed in section 206(a)(1) of title 29. The Secretary shall encourage Head Start agencies to provide compensation according to salary scales that are based on training and experience.
(b) Limitation

(1) In general

Notwithstanding any other provision of law, no Federal funds may be used to pay any part of the compensation of an individual employed by a Head Start agency, if such compensation, including non-Federal funds, exceeds an amount equal to the rate payable for level II of the Executive Schedule under section 5313 of title 5.

(2) Compensation

In this subsection, the term “compensation”—

(A) includes salary, bonuses, periodic payments, severance pay, the value of any vacation time, the value of a compensatory or paid leave benefit not excluded by subparagraph (B), and the fair market value of any employee perquisite or benefit not excluded by subparagraph (B); and

(B) excludes any Head Start agency expenditure for a health, medical, life insurance, disability, retirement, or any other employee welfare or pension benefit.

AMENDMENTS

1990—Pub. L. 101–501 inserted at end “The Secretary shall encourage Head Start agencies to provide compensation according to salary scales that are based on training and experience.”

EFFECTIVE DATE OF 1990 AMENDMENT

§9849. Nondiscrimination provisions

(a) Discrimination based on race, creed, color, etc., as basis for denial of financial assistance

The Secretary shall not provide financial assistance for any program, project, or activity under this subchapter unless the grant or contract relating to the financial assistance specifically provides that no person with responsibilities in the operation thereof will discriminate with respect to any such program, project, or activity because of race, creed, color, national origin, sex, political affiliation, or beliefs.

(b) Sex discrimination; enforcement provisions applicable

No person in the United States shall on the ground of sex be excluded from participation in, be denied the benefits of, be subjected to discrimination under, or be denied employment in connection with any program or activity receiving assistance under this subchapter. The Secretary shall enforce the provisions of the preceding sentence in accordance with section 2000d–1 of this title. Section 2000d–2 of this title shall apply with respect to any action taken by the Secretary to enforce such sentence. This section shall not be construed as affecting any other legal remedy that a person may have if such person is excluded from participation in, denied the benefits of, subjected to discrimination under, or denied employment in connection with, any program, project, or activity receiving assistance under this subchapter.

(c) Discrimination based on handicapping condition as basis for denial of financial assistance

The Secretary shall not provide financial assistance for any program, project, or activity under this subchapter unless the grant or contract relating to the financial assistance specifically provides that no person with responsibilities in the operation of the program, project, or activity will discriminate against any individual because of a handicapping condition in violation of section 794 of title 29.

§9850. Limitation with respect to certain unlawful activities

No individual employed or assigned by or in any Head Start agency or other agency assisted under this subchapter shall, pursuant to or during the performance of services rendered in connection with any program or activity conducted or assisted under this subchapter by such Head Start agency or such other agency, plan, initiate, participate in, or otherwise aid or assist in the conduct of any unlawful demonstration, rioting, or civil disturbance.

AMENDMENTS

§9851. Political activities

(a) State or local agency

For purposes of chapter 15 of title 5, any agency which assumes responsibility for planning, developing, and coordinating Head Start programs and receives assistance under this subchapter shall, pursuant to or during the performance of services rendered in connection with any program or activity conducted or assisted under this subchapter by such Head Start agency or such other agency, plan, initiate, participate in, or otherwise aid or assist in the conduct of any unlawful demonstration, rioting, or civil disturbance.

AMENDMENTS

§9851. Political activities

(a) State or local agency

For purposes of chapter 15 of title 5, any agency which assumes responsibility for planning, developing, and coordinating Head Start programs and receives assistance under this subchapter shall, pursuant to or during the performance of services rendered in connection with any program or activity conducted or assisted under this subchapter by such Head Start agency or such other agency, plan, initiate, participate in, or otherwise aid or assist in the conduct of any unlawful demonstration, rioting, or civil disturbance.

(b) Restrictions

(1) In general

A program assisted under this subchapter, and any individual employed by, or assigned to or in, a program assisted under this subchapter (during the hours in which such individual is working on behalf of such program), shall not engage in—

(A) any partisan or nonpartisan political activity or any other political activity associated with a candidate, or contending faction or group, in an election for public or party office; or

(B) any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with any such election.
§ 9852. Advance funding

For the purpose of affording adequate notice of funding available under this subchapter, appropriations for carrying out this subchapter are authorized to be included in an appropriation Act for the fiscal year preceding the fiscal year for which they are available for obligation.

§ 9852a. Parental consent requirement for non-emergency intrusive physical examinations

(a) Definition

The term “nonemergency intrusive physical examination” means, with respect to a child, a physical examination that—

(1) is not immediately necessary to protect the health or safety of the child involved or the health or safety of another individual; and

(2) requires incision or is otherwise invasive, or involves exposure of private body parts.

(b) Requirement

A Head Start agency shall obtain written parental consent before administration of any non-emergency intrusive physical examination of a child in connection with participation in a program under this subchapter.

(c) Rule of construction

Nothing in this section shall be construed to prohibit agencies from using established methods, for handling cases of suspected or known child abuse and neglect, that are in compliance with applicable Federal, State, or tribal law.

PRIOR PROVISIONS

§ 9852b. Centers of Excellence in Early Childhood

(a) Definition

In this section, the term “center of excellence” means a Center of Excellence in Early Childhood designated under subsection (b).

(b) Designation and bonus grants

The Secretary shall, subject to the availability of funds under this section, establish a program under which the Secretary shall—

(1) designate not more than 200 exemplary Head Start agencies (including Early Head Start agencies, Indian Head Start agencies, and migrant and seasonal Head Start agencies) as Centers of Excellence in Early Childhood; and

(2) make bonus grants to the centers of excellence to carry out the activities described in subsection (d).

(c) Application and designation

(1) Application

(A) Nomination and submission

(i) In general

To be eligible to receive a designation as a center of excellence under subsection (b), except as provided in clause (ii), a Head Start agency in a State shall be nominated by the Governor of the State, through a competitive process, and shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(ii) Indian and migrant and seasonal Head Start programs

In the case of an Indian Head Start agency or a migrant or seasonal Head Start agency, to be eligible to receive a designation as a center of excellence under subsection (b), such an agency shall be nominated by the Governor of the State, through a competitive process, and shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(B) Contents

At a minimum, the application shall include—
(i) evidence that the Head Start program carried out by the agency involved has significantly improved the school readiness of children who have participated in the program;
(ii) evidence that the program meets or exceeds standards described in section 9836a(a)(1) of this title, as evidenced by the results of monitoring reviews described in section 9836a(c) of this title, and has no findings of deficiencies in the preceding 3 years;
(iii) evidence that the program is making progress toward meeting the requirements described in section 9843a of this title;
(iv) an assurance that the Head Start agency will develop a collaborative partnership with the State (or a State agency) and other providers of early childhood education and development programs and services in the local community involved to conduct activities under subsection (d);
(v) a nomination letter from the Governor, or appropriate regional office, demonstrating the agency’s ability to provide the coordination, transition, and training services of the program to be carried out under the bonus grant involved, including coordination of activities with State and local agencies that provide early childhood education and development to children and families in the community served by the agency, and carry out the activities described under subsection (d)(1); and
(vi) a description of how the center involved, in order to expand accessibility and continuity of quality early childhood education and development services and programs, will coordinate activities, as appropriate, assisted under this section with—
(I) programs carried out under subchapter II–B;
(II) the Early Head Start programs carried out under section 9840a of this title;
(III) preschool programs carried out under title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.);
(IV) programs carried out under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);
(V) State prekindergarten programs; and
(VI) other programs of early childhood education and development.

(2) Selection
In selecting agencies to designate as centers of excellence under subsection (b), the Secretary shall designate not less than 1 from each of the 50 States, the District of Columbia, an Indian Head Start program, a migrant or seasonal Head Start program, and the Commonwealth of Puerto Rico.

(3) Priority
In making bonus grant determinations under this section, the Secretary shall give priority to agencies that, through their applications, demonstrate that their programs are of exceptional quality and would serve as exemplary models for programs in the same geographic region. The Secretary may also consider the populations served by the applicants, such as agencies that serve large proportions of families of limited English proficient children or other underserved populations, and may make bonus grants to agencies that do an exceptional job meeting the needs of children in such populations.

(4) Term of designation
(A) In general
Subject to subparagraph (B), the Secretary shall designate a Head Start agency as a center of excellence for a 5-year term. During the period of that designation, subject to the availability of appropriations, the agency shall be eligible to receive a bonus grant under subsection (b).

(B) Revocation
The Secretary may revoke an agency’s designation under subsection (b) if the Secretary determines that the agency is not demonstrating adequate performance or has had findings of deficiencies described in paragraph (1)(B)(i).

(5) Amount of bonus grant
The Secretary shall base the amount of funding provided through a bonus grant made under subsection (b) to a center of excellence on the number of children eligible for Head Start services in the community involved. The Secretary shall, subject to the availability of funding, make such a bonus grant in an amount of not less than $200,000 per year.

(d) Use of funds
A center of excellence that receives a bonus grant under subsection (b)—
(1) shall use not less than 15 percent of the funds made available through the bonus grant to disseminate to other Head Start agencies in the State involved, best practices for achieving early academic success, including—
(A) best practices for achieving school readiness, including developing early literacy and mathematics skills, for children at risk for school difficulties;
(B) best practices for achieving the acquisition of the English language for limited English proficient children, if appropriate to the population served; and
(C) best practices for providing high-quality comprehensive services for eligible children and their families;
(2) may use the funds made available through the bonus grant—
(A) to provide Head Start services to additional eligible children;
(B) to better meet the needs of working families in the community served by the center by serving more children in existing Early Head Start programs (existing as of the date the center is designated under this section) or in full-working-day, full calendar year Head Start programs;
(C) to further coordinate early childhood education and development programs and

A center of excellence that receives a bonus grant under subsection (b)—
(1) shall use not less than 15 percent of the funds made available through the bonus grant to disseminate to other Head Start agencies in the State involved, best practices for achieving early academic success, including—
(A) best practices for achieving school readiness, including developing early literacy and mathematics skills, for children at risk for school difficulties;
(B) best practices for achieving the acquisition of the English language for limited English proficient children, if appropriate to the population served; and
(C) best practices for providing high-quality comprehensive services for eligible children and their families;
(2) may use the funds made available through the bonus grant—
(A) to provide Head Start services to additional eligible children;
(B) to better meet the needs of working families in the community served by the center by serving more children in existing Early Head Start programs (existing as of the date the center is designated under this section) or in full-working-day, full calendar year Head Start programs;
(C) to further coordinate early childhood education and development programs and
services and social services available in the community served by the center for at-risk children (birth through age 8), their families, and pregnant women;
(D) to provide professional development for Head Start teachers and staff, including joint training for Head Start teachers and staff, child care providers, public and private preschool and elementary school teachers, and other providers of early childhood education and development programs;
(E) to provide effective transitions between Head Start programs and elementary schools and to facilitate ongoing communication between Head Start and elementary school teachers concerning children receiving Head Start services to improve the teachers’ ability to work effectively with low-income, at-risk children and their families;
(F) to develop or maintain partnerships with institutions of higher education and nonprofit organizations, including community-based organizations, that recruit, train, place, and support college students to serve as mentors and reading partners to preschool children in Head Start programs; and
(G) to carry out other activities determined by the center to improve the overall quality of the Head Start program carried out by the agency and the program carried out under the bonus grant involved.

(e) Research and reports

(1) Research

The Secretary shall, subject to the availability of funds to carry out this subsection, award a grant or contract to an independent organization to conduct research on the ability of the centers of excellence to use the funds received under this section to improve the school readiness of children receiving Head Start services, and to positively impact school results in the earliest grades. The organization shall also conduct research to measure the success of the centers of excellence at encouraging the center’s delegate agencies, additional Head Start agencies, and other providers of early childhood education and development programs in the communities involved to meet measurable improvement goals, particularly in the area of school readiness.

(2) Research report

Not later than 48 months after December 12, 2007, the organization shall prepare and submit to the Secretary and Congress a report containing the results of the research described in paragraph (1).

(3) Reports to the Secretary

Each center of excellence shall submit an annual report to the Secretary, at such time and in such manner as the Secretary may require, that contains a description of the activities the center carried out with funds received under this section, including a description of how such funds improved services for children and families.

(f) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for each of fiscal years 2008 through 2012 to make bonus grants to centers of excellence under subsection (b) to carry out activities described in subsection (d) and research and report activities described in subsection (e).

REFERENCES IN TEXT

The Individuals with Disabilities Education Act, referred to in subsec. (c)(1)(B)(vi)(IV), is title VI of Pub. L. 91–230, Apr. 13, 1970, 84 Stat. 175. Part C of the Act is classified generally to subchapter III (§1431 et seq.) of chapter 33 of Title 20, Education. Section 619 of the Act is classified to section 1419 of Title 20. For complete classification of this Act to the Code, see section 1400 of Title 20 and Tables.

AMENDMENTS

2015—Subsec. (c)(1)(B)(vi)(III) to (VII). Pub. L. 114–95 redesignated subcls. (IV) to (VII) as (III) to (VI), respectively, in subcl. (III) as redesignated, struck out “other” before “preschool programs” and substituted “the Elementary and Secondary Education Act of 1965” for “that Act”, and struck out former subcl. (III) which read as follows: “Early Reading First and Even Start programs carried out under subparts 2 and 3 of part B of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6371 et seq., 6381 et seq.)”.

EFFECTIVE DATE OF 2015 AMENDMENT

Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

§9852c. General provisions

(a) Limitation

Nothing in this subchapter shall be construed to authorize or permit the Secretary or any employee or contractor of the Department of Health and Human Services to mandate, direct, or control, the selection of a curriculum, a program of instruction, or instructional materials, for a Head Start program.

(b) Special rule

Nothing in this subchapter shall be construed to authorize a Head Start program or a local educational agency to require the other to select or implement a specific curriculum or program of instruction.

(c) Definition

In this subchapter, the term “health”, when used to refer to services or care provided to enrolled children, their parents, or their siblings, shall be interpreted to refer to both physical and mental health.

SUBCHAPTER II—A—HEAD START TRANSITION PROJECT

SUBCHAPTER II—B—CHILD CARE AND DEVELOPMENT BLOCK GRANT

CODIFICATION

AMENDMENTS

§ 9857. Short title and purposes

(a) Short title

This subchapter may be cited as the “Child Care and Development Block Grant Act of 1990”.

(b) Purposes

The purposes of this subchapter are—

(1) to allow each State maximum flexibility in developing child care programs and policies that best suit the needs of children and parents within that State;

(2) to promote parental choice to empower working parents to make their own decisions regarding the child care services that best suit their family’s needs;

(3) to encourage States to provide consumer education information to help parents make informed choices about child care;

(4) to assist States in delivering high-quality, coordinated early childhood care and education services to maximize parents’ options and support parents trying to achieve independence from public assistance;

(5) to assist States in improving the overall quality of child care services and programs by implementing the health, safety, licensing, training, and oversight standards established in this subchapter and in State law (including State regulations);

(6) to improve child care and development of participating children; and

(7) to increase the number and percentage of low-income children in high-quality child care settings.

§ 9858. Authorization of appropriations

There is authorized to be appropriated to carry out this subchapter $2,360,000,000 for fiscal year 2015, $2,478,000,000 for fiscal year 2016, $2,539,950,000 for fiscal year 2017, $2,603,448,750 for fiscal year 2018, $2,668,534,969 for fiscal year 2019, and $2,748,591,018 for fiscal year 2020.

§ 9858a. Short title

§ 9858

The Secretary shall make grants under this section. The Secretary shall determine the amount of a grant to a State under this section, the small business involved shall prepare and submit to the State an application at such time, in such manner, and containing such information as the State may require.

(3) Preference.—
(A) In general.—In providing assistance under this section, a State shall give priority to an applicant that desires to form a consortium to provide child care in a geographic area within the State where such care is not generally available or accessible.

(B) Consortium.—For purposes of subparagraph (A), a consortium shall be made up of 2 or more entities that shall include small businesses and that may include large businesses, nonprofit agencies or organizations, local governments, or other appropriate entities.

(4) Limitations.—With respect to grant funds received under this section, a State may not provide in excess of $500,000 in assistance from such funds to any single applicant.

(e) Matching Requirement.—To be eligible to receive a grant under this section, a State shall provide assurances to the Secretary that, with respect to the costs to be incurred by a covered entity receiving assistance in carrying out activities under this section, the covered entity will make available (directly or through donations from public or private entities) non-Federal contributions to such costs in an amount equal to—

(1) for the first fiscal year in which the covered entity receives such assistance, not less than 50 percent of such costs ($1 for each $1 of assistance provided to the covered entity under the grant);

(2) for the second fiscal year in which the covered entity receives such assistance, not less than 66 percent of such costs ($2 for each $1 of assistance provided to the covered entity under the grant); and

(3) for the third fiscal year in which the covered entity receives such assistance, not less than 75 percent of such costs ($3 for each $1 of assistance provided to the covered entity under the grant).

(f) Requirements of Providers.—To be eligible to receive assistance under a grant awarded under this section, a child care provider—

(1) who receives assistance from a State shall comply with all applicable State and local licensing and regulatory requirements and all applicable health and safety standards in effect in the State; and

(2) who receives assistance from an Indian tribe or tribal organization shall comply with all applicable regulatory standards.

(g) State-Level Activities.—A State may not retain more than 3 percent of the amount described in subsection (c) for State administration and other State-level activities.

(i) Reports and Audits.—A State shall require each covered entity receiving assistance under the grant awarded under this section to conduct an annual audit with respect to the activities of the covered entity. Such audits shall be submitted to the Secretary.

(j) Reporting Requirement.—The Secretary shall by regulation provide for an appeals process with respect to repayments under this paragraph.

(k) 2-Year Study.—

(A) In general.—Not later than 2 years after the date on which the Secretary first awards grants.
under this section, the Secretary shall conduct a study to determine—
“(1) the capacity of covered entities to meet the child care needs of communities within States;
“(ii) the kinds of consortia that are being formed with respect to child care at the local level to carry out programs funded under this section; and
“(iii) who is using the programs funded under this section and the income levels of such individuals.
”
“(B) REPORT.—Not later than 28 months after the date on which the Secretary first awards grants under this section, the Secretary shall prepare and submit to the appropriate committees of Congress a report on the results of the study conducted in accordance with subparagraph (A).
”
“(2) FOUR-YEAR STUDY.—
“(A) IN GENERAL.—Not later than 4 years after the date on which the Secretary first awards grants under this section, the Secretary shall conduct a study to determine the number of child care facilities that are funded through covered entities that received and spent through a grant awarded under this section and that remain in operation, and the extent to which such facilities are meeting the child care needs of the individuals served by such facilities.
”
“(B) REPORT.—Not later than 52 months after the date on which the Secretary first awards grants under this section, the Secretary shall prepare and submit to the appropriate committees of Congress a report on the results of the study conducted in accordance with subparagraph (A).
”
“(3) DEFINITIONS.—In this section:
“(1) COVERED ENTITY.—The term ‘covered entity’ means a small business or a consortium formed in accordance with subsection (d)(3).
”
“(2) INDIAN COMMUNITY.—The term ‘Indian community’ means a community served by an Indian tribe or tribal organization.
”
“(3) INDIAN TRIBE; TRIBAL ORGANIZATION.—The terms ‘Indian tribe’ and ‘tribal organization’ have the meanings given the terms in section 658P of the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9857(b)).
”
“(4) SMALL BUSINESS.—The term ‘small business’ means an employer who employed an average of at least 2 but not more than 50 employees on the business days during the preceding calendar year.
”
“(5) STATE.—The term ‘State’ has the meaning given the term in section 658P of the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9858n).
”
“(6) APPLICATION TO INDIAN TRIBES AND TRIBAL ORGANIZATIONS.—In this section:
“(1) IN GENERAL.—Except as provided in subsection (f)(1), and in paragraphs (2) and (3), the term ‘State’ includes an Indian tribe or tribal organization.
”
“(2) GEOGRAPHIC REFERENCES.—The term ‘State’ includes an Indian community in subsections (c) (the second and third place the term appears), (d)(1) (the second place the term appears), (d)(3)(A) (the second place the term appears), and (l)(1)(A)(i).
”
“(3) STATE-LEVEL ACTIVITIES.—The term ‘State-level activities’ includes activities at the tribal level.
”
“(4) AUTHORIZATION OF APPROPRIATIONS.—
“(1) IN GENERAL.—There is authorized to be appropriated to carry out this section, $50,000,000,000 for the period of fiscal years 2008 through 2012.
”
“(2) STUDIES AND ADMINISTRATION.—With respect to the total amount appropriated for such period in accordance with this subchapter, not more than $2,500,000 of that amount may be used for expenditures related to conducting studies required under, and the administration of, this section.

**GOALS OF SUBCHAPTER**

**AMENDMENTS**

**§ 9858b. Lead agency**

(a) **Designation**

The Governor of a State desiring to receive a grant under this subchapter shall designate an agency (which may be an appropriate collaborative agency), or establish a joint interagency office, that complies with the requirements of subsection (b) to serve as the lead agency for the State under this subchapter.

(b) **Duties**

(1) **In general**

The lead agency shall—

(A) administer, directly or through other governmental or nongovernmental agencies, the financial assistance received under this subchapter by the State;

(B) develop the State plan to be submitted to the Secretary under section 9858c(a) of this title;

(C) in conjunction with the development of the State plan as required under subparagraph (B), hold at least one hearing in the State with sufficient time and Statewide distribution of the notice of such hearing, to provide to the public an opportunity to comment on the provision of child care services under the State plan;

(D) coordinate the provision of services under this subchapter with other Federal, State, and local child care and early childhood development programs; and

(E) at the option of an Indian tribe or tribal organization in the State, collaborate and coordinate with such Indian tribe or tribal organization in the development of the State plan in a timely manner.

(2) **Development of plan**

In the development of the State plan described in paragraph (1)(B), the lead agency shall consult with appropriate representatives of units of general purpose local government.

§ 9858c. Application and plan

(a) Application

To be eligible to receive assistance under this subchapter, a State shall prepare and submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary shall by rule require, including—

(1) an assurance that the State will comply with the requirements of subsection (b) of this section to act as the lead agency;

(2) a State plan that meets the requirements of subsection (c).

(b) Period covered by plan

The State plan contained in the application under subsection (a) shall be designed to be implemented during a 3-year period.

(c) Requirements of a plan

(1) Lead agency

The State plan shall identify the lead agency designated or established under section 9858b of this title.

(2) Policies and procedures

The State plan shall:

(A) Parental choice of providers

Provide assurances that—

(i) the parent or parents of each eligible child within the State who receives or is offered child care services for which financial assistance is provided under this subchapter are given the option either—

(I) to enroll such child with a child care provider that has a grant or contract for the provision of such services; or

(II) to receive a child care certificate as defined in section 9858n(2) of this title;

(ii) in cases in which the parent selects the option described in clause (i)(I), the child will be enrolled with the eligible provider selected by the parent to the maximum extent practicable; and

(iii) child care certificates offered to parents selecting the option described in clause (i)(II) shall be of a value commensurate with the subsidy value of child care services provided under the option described in clause (i)(I);

and provide a detailed description of the procedures the State will implement to carry out the requirements of this subparagraph.

(B) Unlimited parental access

Certify that procedures are in effect within the State to ensure that child care providers who provide services for which assistance is made available under this subchapter afford parents unlimited access to their children and to the providers caring for their children, during the normal hours of operation of such providers and whenever such children are in the care of such providers, and provide a detailed description of such procedures.

(C) Parental complaints

Certify that the State maintains a record of substantiated parental complaints and makes information regarding such parental complaints available to the public on request and provide a detailed description of how such record is maintained and is made available.

(D) Monitoring and inspection reports

The plan shall include a certification that the State, not later than 1 year after the State has in effect the policies and practices described in subparagraph (K)(i), will make public by electronic means, in a consumer-friendly and easily accessible format, organized by provider, the results of monitoring and inspection reports, including those due to major substantiated complaints about failure to comply with this subchapter and State child care policies, as well as the number of deaths, serious injuries, and instances of substantiated child abuse that occurred in child care settings each year, for eligible child care providers within the State. The results shall also include information on the date of such an inspection, and, where applicable, information on corrective action taken.

(E) Consumer and provider education information

The plan shall include a certification that the State will collect and disseminate

\[1\] So in original. Subpars. (D) and following do not continue from introductory provisions.
(which dissemination may be done, except as otherwise specified in this subparagraph, through resource and referral organizations or other means as determined by the State) to parents of eligible children, the general public, and, where applicable, providers—

(i) information about the availability of the full diversity of child care services that will promote informed child care choices and that concerns—

(I) the availability of child care services provided through programs authorized by this subchapter and, if feasible, other child care services and other programs provided in the State for which the family may be eligible, as well as the availability of financial assistance to obtain child care services in the State;

(II) if available, information about the quality of providers, as determined by the State, that can be provided through a Quality Rating and Improvement System;

(III) information, made available through a State Web site, describing the State process for licensing child care providers, the State processes for conducting background checks, and monitoring and inspections, of child care providers, and the offenses that prevent individuals and entities from serving as child care providers in the State;

(IV) other programs for which families that receive child care services for which financial assistance is provided under this subchapter may be eligible, including the program of block grants to States for temporary assistance for needy families established under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), Head Start and Early Head Start programs carried out under the Head Start Act (42 U.S.C. 9831 et seq.), the program carried out under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.), the supplemental nutrition assistance program established under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.), the special supplemental nutrition program for women, infants, and children established under section 1786 of this title, and the Medicaid and State children’s health insurance programs under titles XIX and XXI of the Social Security Act (42 U.S.C. 1396 et seq., 1397aa et seq.);

(V) programs carried out under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

(VI) research and best practices concerning children’s development, including social and emotional development, early childhood development, and meaningful parent and family engagement, and physical health and development (particularly healthy eating and physical activity); and

(VII) the State policies regarding the social-emotional behavioral health of young children, which may include positive behavioral intervention and support models, and policies on expulsion of preschool-aged children, in early childhood programs receiving assistance under this subchapter; and

(ii) information on developmental screenings, including—

(I) information on existing (as of the date of submission of the application containing the plan) resources and services the State can deploy, including the coordinated use of the Early and Periodic Screening, Diagnosis, and Treatment program under the Medicaid program carried out under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) and developmental screening services available under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.), in conducting developmental screenings and providing referrals to services, when appropriate, for children who receive assistance under this subchapter; and

(II) a description of how a family or eligible child care provider may utilize the resources and services described in subclause (I) to obtain developmental screenings for children who receive assistance under this subchapter who may be at risk for cognitive or other developmental delays, which may include social, emotional, physical, or linguistic delays.

(F) Compliance with State licensing requirements

(i) In general

The plan shall include a certification that the State involved has in effect licensing requirements applicable to child care services provided within the State, and provide a detailed description of such requirements and of how such requirements are effectively enforced.

(ii) License exemption

If the State uses funds received under this subchapter to support a child care provider that is exempt from the corresponding licensing requirements described in clause (i), the plan shall include a description stating why such licensing exemption does not endanger the health, safety, or development of children who receive services from child care providers who are exempt from such requirements.

(G) Training and professional development requirements

(i) In general

The plan shall describe the training and professional development requirements that are in effect within the State designed to enable child care providers to promote the social, emotional, physical, and cognitive development of children and to improve the knowledge and skills of the
§ 9858c

child care workforce. Such requirements shall be applicable to child care providers that provide services for which assistance is provided in accordance with this subchapter.

(ii) Requirements

The plan shall provide an assurance that such training and professional development—

(I) shall be conducted on an ongoing basis, provide for a progression of professional development (which may include encouraging the pursuit of postsecondary education), reflect current research and best practices relating to the skills necessary for the child care workforce to meet the developmental needs of participating children, and improve the quality of, and stability within, the child care workforce;

(II) shall be developed in consultation with the State Advisory Council on Early Childhood Education and Care (designated or established pursuant to section 622R(b)(1)(A)(i) of the Head Start Act (42 U.S.C. 9837b(b)(1)(A)(i))), and may engage training providers in aligning training opportunities with the State’s training framework;

(III) incorporates knowledge and application of the State’s early learning and developmental guidelines (where applicable), the State’s health and safety standards, and incorporates social-emotional behavior intervention models, which may include positive behavior intervention and support models;

(IV) shall be accessible to providers supported through Indian tribes or tribal organizations that receive assistance under this subchapter; and

(V) to the extent practicable, are appropriate for a population of children that includes—

(aa) different age groups;

(bb) English learners;

(cc) children with disabilities; and

(dd) Native Americans, including Indians, as the term is defined in section 5304 of title 25 (including Alaska Natives within the meaning of that term), and Native Hawaiians (as defined in section 7517 of title 20).

(iii) Information

The plan shall include the number of hours of training required for eligible providers and caregivers to engage in annually, as determined by the State.

(iv) Construction

The Secretary shall not require an individual or entity that provides child care services for which assistance is provided in accordance with this subchapter to acquire a credential to provide such services. Nothing in this section shall be construed to prohibit a State from requiring a credential.

(H) Child-to-provider ratio standards

(i) Standards

The plan shall describe child care standards for child care services for which assistance is made available in accordance with this subchapter, appropriate to the type of child care setting involved, to provide for the safety and developmental needs of the children served, that address—

(I) group size limits for specific age populations, as determined by the State;

(II) the appropriate ratio between the number of children and the number of providers, in terms of the age of the children in child care, as determined by the State; and

(III) required qualifications for such providers, as determined by the State.

(ii) Construction

The Secretary may offer guidance to States on child-to-provider ratios described in clause (i) according to setting and age group, but shall not require that the State maintain specific group size limits for specific age populations or child-to-provider ratios for providers who receive assistance in accordance with subchapter.3

(I) Health and safety requirements

The plan shall include a certification that there are in effect within the State, under State or local law, requirements designed to protect the health and safety of children that are applicable to child care providers that provide services for which assistance is made available in accordance with this subchapter. Such requirements—

(i) shall relate to matters including health and safety topics consisting of—

(I) the prevention and control of infectious diseases (including immunization) and the establishment of a grace period that allows homeless children and children in foster care to receive services under this subchapter while their families (including foster families) are taking any necessary action to comply with immunization and other health and safety requirements;

(II) prevention of sudden infant death syndrome and use of safe sleeping practices;

(III) the administration of medication, consistent with standards for parental consent;

(IV) the prevention of and response to emergencies due to food and allergic reactions;

(V) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(VI) prevention of shaken baby syndrome and abusive head trauma;

(VII) emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man—

2So in original. Probably should be “incorporate”.

3So in original. Probably should be “with this subchapter.”
caused event (such as violence at a child care facility), within the meaning of those terms under section 5195a(a)(1) of this title;

(VIII) the handling and storage of hazardous materials and the appropriate disposal of biocontaminants;

(IX) for providers that offer transportation, if applicable, appropriate precautions in transporting children;

(X) first aid and cardiopulmonary resuscitation; and

(XI) minimum health and safety training, to be completed pre-service or during an orientation period in addition to ongoing training, appropriate to the provider setting involved that addresses each of the requirements relating to matters described in subclauses (I) through (X); and

(ii) may include requirements relating to nutrition, access to physical activity, or any other subject area determined by the State to be necessary to promote child development or to protect children’s health and safety.

(J) Compliance with state and local health and safety requirements

The plan shall include a certification that procedures are in effect to ensure that child care providers within the State, that provide services for which assistance is made available in accordance with this subchapter, comply with all applicable State and local health and safety requirements as described in subparagraph (I).

(K) Enforcement of licensing and other regulatory requirements

(i) Certification

The plan shall include a certification that the State, not later than 2 years after November 19, 2014, shall have in effect policies and practices, applicable to licensing or regulating child care providers that provide services for which assistance is made available in accordance with this subchapter, comply with all applicable State and local health and safety requirements as described in subparagraph (I).

(ii) Construction

The Secretary may offer guidance to a State, if requested by the State, on a research-based minimum standard regarding ratios described in clause (i)(III) and provide technical assistance to the State on meeting the minimum standard within a reasonable time period, but shall not prescribe a particular ratio.

(L) Compliance with child abuse reporting requirements

The plan shall include a certification that child care providers within the State will comply with the child abuse reporting requirements of section 5106a(b)(2)(B)(i) of this title.

(M) Meeting the needs of certain populations

The plan shall describe how the State will develop and implement strategies (which may include alternative reimbursement rates to child care providers, the provision of direct contracts or grants to community-based organizations, offering child care certificates to parents, or other means determined by the State) to increase the supply and improve the quality of child care services for—

(i) children in underserved areas;

(ii) infants and toddlers;

(iii) children with disabilities, as defined by the State; and

(iv) children who receive care during nontraditional hours.

(N) Protection for working parents

(i) Minimum period

(1) 12-month period

The plan shall demonstrate that each child who receives assistance under this subchapter in the State will be considered to meet all eligibility requirements
for such assistance and will receive such assistance, for not less than 12 months before the State or designated local entity redetermines the eligibility of the child under this subchapter, regardless of a temporary change in the ongoing status of the child’s parent as working or attending a job training or educational program or a change in family income for the child’s family, if that family income does not exceed 85 percent of the State median income for a family of the same size.

(ii) Fluctuations in earnings

The plan shall demonstrate how the State’s or designated local entity’s processes for initial determination and redetermination of such eligibility take into account irregular fluctuations in earnings.

(ii) Redetermination process

The plan shall describe the procedures and policies that are in place to ensure that working parents (especially parents in families receiving assistance under the program of block grants to States for temporary assistance for needy families under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.)) are not required to unduly disrupt their employment in order to comply with the State’s or designated local entity’s requirements for re-determination of eligibility for assistance provided in accordance with this subchapter.

(iii) Period before termination

At the option of the State, the plan shall demonstrate that the State will not terminate assistance provided to carry out this subchapter based on a factor consisting of a parent’s loss of work or cessation of attendance at a job training or educational program for which the family was receiving the assistance, without continuing the assistance for a reasonable period of time, of not less than 3 months, after such loss or cessation in order for the parent to engage in a job search and resume work, or resume attendance at a job training or educational program, as soon as possible.

(iv) Graduated phaseout of care

The plan shall describe the policies and procedures that are in place to allow for provision of continued assistance to carry out this subchapter, at the beginning of a new eligibility period under clause (i)(I), for children of parents who are working or attending a job training or educational program and whose family income exceeds the State’s income limit to initially qualify for such assistance, if the family income for the family involved does not exceed 85 percent of the State median income for a family of the same size.

O) Coordination with other programs

(i) In general

The plan shall describe how the State, in order to expand accessibility and continuity of care, and assist children enrolled in early childhood programs to receive full-day services, will efficiently, and to the extent practicable, coordinate the services supported to carry out this subchapter with programs operating at the Federal, State, and local levels for children in preschool programs, tribal early childhood programs, and other early childhood programs, including those serving infants and toddlers with disabilities, homeless children, and children in foster care.

(ii) Optional use of combined funds

If the State elects to combine funding for the services supported to carry out this subchapter with funding for any program described in clause (i), the plan shall describe how the State will combine the multiple sets of funding and use the combined funding.

(iii) Rule of construction

Nothing in clause (i) shall be construed to affect the priority of children described in clause (i) to receive full-day prekindergarten or Head Start program services.

(P) Public-private partnerships

The plan shall demonstrate how the State encourages partnerships among State agencies, other public agencies, Indian tribes and tribal organizations, and private entities, including faith-based and community-based organizations, to leverage existing service delivery systems (as of the date of the submission of the application containing the plan) for child care and development services and to increase the supply and quality of child care services for children who are less than 13 years of age, such as by implementing voluntary shared services alliance models.

(Q) Priority for low-income populations

The plan shall describe the process the State proposes to use, with respect to investments made to increase access to programs providing high-quality child care and development services, to give priority for those investments to children of families in areas that have significant concentrations of poverty and unemployment and that do not have such programs.

(R) Consultation

The plan shall include a certification that the State has developed the plan in consultation with the State Advisory Council on Early Childhood Education and Care designated or established pursuant to section 642B(b)(1)(A)(i) of the Head Start Act (42 U.S.C. 9837b(b)(1)(A)(i)).

(S) Payment practices

The plan shall include—

(i) a certification that the payment practices of child care providers in the State that serve children who receive assistance under this subchapter reflect generally accepted payment practices of child care providers in the State that serve children who do not receive assistance under this sub-
chapter, so as to provide stability of funding and encourage more child care providers to serve children who receive assistance under this subchapter; and

(ii) an assurance that the State will, to the extent practicable, implement enrollment and eligibility policies that support the fixed costs of providing child care services by delinking provider reimbursement rates from an eligible child’s occasional absences due to holidays or unforeseen\(^4\) circumstances such as illness.

(T) Early learning and developmental guidelines

(i) In general

The plan shall include an assurance that the State will maintain or implement early learning and developmental guidelines (or develop such guidelines if the State does not have such guidelines as of November 19, 2014) that are appropriate for children from birth to kindergarten entry, describing what such children should know and be able to do, and covering the essential domains of early childhood development for use statewide by child care providers. Such guidelines shall—

(I) be research-based, developmentally appropriate, and aligned with entry to kindergarten;

(II) be implemented in consultation with the state\(^5\) educational agency and the State Advisory Council on Early Childhood Education and Care (designated or established pursuant to section 642B(b)(I)(A)(i) of the Head Start Act (42 U.S.C. 9837b(b)(I)(A)(i));\(^7\) and

(III) be updated as determined by the State.

(ii) Prohibition on use of funds

The plan shall include an assurance that funds received by the State to carry out this subchapter will not be used to develop or implement an assessment for children that—

(I) will be the sole basis for a child care provider being determined to be ineligible to participate in the program carried out under this subchapter;

(II) will be used as the primary or sole basis to provide a reward or sanction for an individual provider;

(III) will be used as the primary or sole method for assessing program effectiveness; or

(IV) will be used to deny children eligibility to participate in the program carried out under this subchapter.

(iii) Exceptions

Nothing in this subchapter shall preclude the State from using a single assessment as determined by the State for children for—

(I) supporting learning or improving a classroom environment;

(II) targeting professional development to a provider;

(III) determining the need for health, mental health, disability, developmental delay, or family support services;

(IV) obtaining information for the quality improvement process at the State level; or

(V) conducting a program evaluation for the purposes of providing program improvement and parent information.

(iv) No Federal control

Nothing in this section shall be construed to authorize an officer or employee of the Federal Government to—

(I) mandate, direct, control, or place conditions (outside of what is required by this subchapter) around adopting a State’s early learning and developmental guidelines developed in accordance with this section;

(II) establish any criterion that specifies, defines, prescribes, or places conditions (outside of what is required by this subchapter) on a State adopting standards or measures that a State uses to establish, implement, or improve such guidelines, related accountability systems, or alignment of such guidelines with education standards; or

(III) require a State to submit such guidelines for review.

(U) Disaster preparedness

(i) In general

The plan shall demonstrate the manner in which the State will address the needs of children in child care services provided through programs authorized under this subchapter, including the need for safe child care, for the period before, during, and after a state of emergency declared by the Governor or a major disaster or emergency (as such terms are defined in section 5122 of this title).

(ii) Statewide child care disaster plan

Such plan shall include a statewide child care disaster plan for coordination of activities and collaboration, in the event of an emergency or disaster described in clause (i), among the State agency with jurisdiction over human services, the agency with jurisdiction over State emergency planning, the State lead agency, the State agency with jurisdiction over licensing of child care providers, the local resource and referral organizations, the State resource and referral system, and the State Advisory Council on Early Childhood Education and Care as provided for under section 642B(b) of the Head Start Act (42 U.S.C. 9837b(b)).

(iii) Disaster plan components

The components of the disaster plan, for such an emergency or disaster, shall include—

(I) evacuation, relocation, shelter-in-place, and lock-down procedures, and

(i) In general

The State shall use amounts provided to

The State shall use amounts provided to

The State shall use amounts provided to

the State for each fiscal year under this sub-

chapter in accordance with subparagraphs

not later than September 30 of the

(WAIVER FOR EXTRAORDINARY CIRCUMSTANCES)

Notwithstanding subclause (II) the

Secretary may grant a waiver to a State for

one year to the penalty applied in

subclause (II) if the Secretary deter-

mines there are extraordinary cir-

cumstances, such as a natural disaster,

that prevent the State from complying

with clause (i). If the Secretary does

grant a waiver to a State under this sec-

tion, the Secretary shall, within 30 days

of granting such waiver, submit a report

to the appropriate congressional com-

mittees on the circumstances of the

waiver including the stated reason from

the State on the need for a waiver, the

expected impact of the waiver on chil-

dren served under this program, and any

such other relevant information the Sec-

retary deems necessary.

(ii) Child care resource and referral sys-

tem

(I) In general

A State may use amounts described in

clause (i) to establish or support a sys-

tem of local or regional child care re-

source and referral organizations that is

coordinated, to the extent determined

appropriate by the State, by a statewide

public or private nonprofit, community-

based or regionally based, lead child care

resource and referral organization.

(II) Local or regional organizations

The local or regional child care re-

source and referral organizations sup-

ported as described in subclause (I) shall—

(aa) provide parents in the State

with consumer education information

referred to in paragraph (2)(E) (except
as otherwise provided in that paragraph), concerning the full range of child care options (including faith-based and community-based child care providers), analyzed by provider, including child care provided during non-traditional hours and through emergency child care centers, in their political subdivisions or regions;

(bb) to the extent practicable, work directly with families who receive assistance under this subchapter to offer the families support and assistance, using information described in item (aa), to make an informed decision about which child care providers they will use, in an effort to ensure that the families are enrolling their children in the most appropriate child care setting to suit their needs and one that is of high quality (as determined by the State);

(cc) collect data and provide information on the coordination of services and supports, including services under section 619 and part C of the Individuals with Disabilities Education Act [20 U.S.C. 1419, 1431 et seq.], for children with disabilities (as defined in section 602 of such Act [20 U.S.C. 1411]);

(dd) collect data and provide information on the supply of and demand for child care services in political subdivisions or regions within the State and submit such information to the State;

(ee) work to establish partnerships with public agencies and private entities, including faith-based and community-based child care providers, to increase the supply and quality of child care services in the State; and

(ff) as appropriate, coordinate their activities with the activities of the State lead agency and local agencies that administer funds made available in accordance with this subchapter.

(C) Limitation on administrative costs

Not more than 5 percent of the aggregate amount of funds available to the State to carry out this subchapter by a State in each fiscal year may be expended for administrative costs incurred by such State to carry out all of its functions and duties under this subchapter. As used in the preceding sentence, the term “administrative costs” shall not include the costs of providing direct services.

(D) Assistance for certain families

A State shall ensure that a substantial portion of the amounts available (after the State has complied with the requirement of section 418(b)(2) of the Social Security Act [42 U.S.C. 618(b)(2)] with respect to each of the fiscal years 2015 through 2020\(^8\)) to the State to carry out activities under this subchapter in each fiscal year is used to provide assistance to low-income working families including or in addition to families with children described in clause (i), (ii), (iii), or (iv) of paragraph (2)(M).

(E) Direct services

From amounts provided to a State for a fiscal year to carry out this subchapter, the State shall—

(i) reserve the minimum amount required to be reserved under section 9858e of this title, and the funds for costs described in subparagraph (C); and

(ii) from the remainder, use not less than 70 percent to fund direct services (provided by the State) in accordance with paragraph (2)(A).

(4) Payment rates

(A) In general

The State plan shall certify that payment rates for the provision of child care services for which assistance is provided in accordance with this subchapter are sufficient to ensure equal access for eligible children to child care services that are comparable to child care services in the State or substate area involved that are provided to children whose parents are not eligible to receive assistance under this subchapter or to receive child care assistance under any other Federal or State program, and shall provide a summary of the facts relied on by the State to determine that such rates are sufficient to ensure such access.

(B) Survey

The State plan shall—

(i) demonstrate that the State has, after consulting with the State Advisory Council on Early Childhood Education and Care designated or established in section 642B(b)(1)(A)(i) of the Head Start Act (42 U.S.C. 9837b(b)(1)(A)(i)), local child care program administrators, local child care resource and referral agencies, and other appropriate entities, developed and conducted (not earlier than 2 years before the date of the submission of the application containing the State plan) a statistically valid and reliable survey of the market rates for child care services in the State (that reflects variations in the cost of child care services by geographic area, type of provider, and age of child) or an alternative methodology, such as a cost estimation model, that has been developed by the State lead agency;

(ii) demonstrate that the State prepared a detailed report containing the results of the State market rates survey or alternative methodology conducted pursuant to clause (i), and made the results of the survey or alternative methodology widely available (not later than 30 days after the completion of such survey or alternative methodology) through periodic means, including posting the results on the Internet;

(iii) describe how the State will set payment rates for child care services, for which assistance is provided in accordance with this subchapter—

\(^8\)So in original. A closing parenthesis probably should appear.
in accordance with the results of the market rates survey or alternative methodology conducted pursuant to clause (i);

(ii) taking into consideration the cost of providing higher quality child care services than were provided under this subchapter before November 19, 2014; and

(iii) without, to the extent practicable, reducing the number of families in the State receiving such assistance to carry out this subchapter, relative to the number of such families on November 19, 2014; and

(iv) describe how the State will provide for timely payment for child care services provided under this subchapter.

(C) Construction

(i) No private right of action

Nothing in this paragraph shall be construed to create a private right of action if the State acted in accordance with this paragraph.

(ii) No prohibition of certain different rates

Nothing in this subchapter shall be construed to prevent a State from differentiating the payment rates described in subparagraph (B)(iii) on the basis of such factors as—

(I) geographic location of child care providers (such as location in an urban or rural area);

(II) the age or particular needs of children (such as the needs of children with disabilities and children served by child protective services);

(III) whether the providers provide child care services during weekend and other nontraditional hours; or

(IV) the State’s determination that such differentiated payment rates may enable a parent to choose high-quality child care that best fits the parent’s needs.

(5) Sliding fee scale

The State plan shall provide that the State will establish and periodically revise, by rule, a sliding fee scale that provides for cost sharing (that is not a barrier to families receiving assistance under this subchapter) to relative to the number of such families.

(d) Approval of application

The Secretary shall approve an application that satisfies the requirements of this section.

(2) in text as reference to section 7517 of title 20.

(3)(B)(iii)(II)(cc), is title VI of Pub. L. 91–230, Apr. 13, 1970, 84 Stat. 175. Part C of the Act is classified generally to chapter 33 of this title. Titles XIX and XXI, respectively, of subpart A of title IV of the Act are classified generally to subchapter XIX (§1396 et seq.) and XXI (§1397aa et seq.), respectively, of chapter 7 of this title. For complete classification of this Act to the Code, see section 1015 of this title and Tables.

The Head Start Act, referred to in subsec. (c)(2)(E)(i)(IV), is subchapter B (§635 et seq.) of chapter 8 of title VI of Pub. L. 97–35, Aug. 13, 1981, 95 Stat. 499, which is classified generally to subchapter II (§9831 et seq.) of chapter 105 of Title 20, Education. For complete classification of this Act to the Code, see section 1400 of this title and Tables.

The Individuals with Disabilities Education Act, referred to in subsec. (c)(2)(E)(i)(IV), is title I of Pub. L. 99–457, Oct. 1, 1986, 100 Stat. 1077, which is classified generally to chapter 1 of Title 20, Education. For complete classification of this Act to the Code, see section 1400 of this title and Tables.

AMENDMENTS

Subsec. (c)(1). Pub. L. 113–186, §5(a), inserted “or established” after “designated”.

Subsec. (c)(2)(D) to (V). Pub. L. 113–186, §5(b)(2)(B), (C), added subpars. (D) to (V) and struck out former subpars. (D) to (H) which related to consumer education information, compliance with State licensing requirements, establishment of health and safety requirements, compliance with State and local health and safety requirements, and meeting the needs of certain populations, respectively.

Subsec. (c)(3)(B). Pub. L. 113–186, §5(b)(3)(B), designated existing provisions as cl. (i), inserted heading, substituted “activities that improve access to child care services, including the use of procedures to permit enrollment (after an initial eligibility determination) of homeless children while required documentation is obtained, training and technical assistance on identifying and serving homeless children and their families, and specific outreach to homeless families, and any other activity that the State determines to be appropriate to meet the purposes of this subchapter (which may include an activity described in clause (ii))” for “and any other activity that the State deems appropriate to meet any of the goals specified in paragraphs (2) through (5) of section 658A(b)” and added clss. (i) and (ii).

Subsec. (c)(3)(D). Pub. L. 113–186, §5(b)(3)(C), substituted “2015 through 2020” for “1997 through 2002” and “including or in addition to families with children described in clause (i), (ii), (iii), or (iv) of paragraph (2)(M)” for “other than families described in paragraph (2)(H)”.

Subsec. (c)(4). Pub. L. 113–116, §5(b)(4), added par. (4). Prior to amendment, text read as follows:

“(4) The State plan shall certify that payment rates for the provision of child care services for which assistance is provided under this subchapter are sufficient to ensure equal access for eligible children to comparable child care services in the State or substate area that are provided to children whose parents are not eligible to receive assistance under this subchapter or for child care assistance under any other Federal or State programs and shall provide a summary of the facts relied on by the State to determine that such rates are sufficient to ensure such access.”

Subsec. (c)(5). Pub. L. 113–116, §5(b)(5), inserted “(that is not a barrier to families receiving assistance under this subchapter)” after “cost sharing.”

Subsec. (h). Pub. L. 105–33 substituted “tribal organizations receiving” for “tribal organization receiving”.

1996—Subsec. (b). Pub. L. 104–193, §605(1), substituted “implemented during a 2-year period” for “implemented—

“(1) during a 3-year period for the initial State plan; and

“(2) during a 2-year period for subsequent State plans.”

Subsec. (c)(2)(A). Pub. L. 104–193, §605(2)(A)(i)(II), in closing provisons, substituted “and provide a detailed description of the procedures the State will implement to carry out the requirements of this subparagraph.” for “except that nothing in this subparagraph shall require a State to have a child care certificate program in operation prior to October 1, 1992.”

Subsec. (c)(2)(B). Pub. L. 104–193, §605(2)(A)(ii), substituted “Certify that procedures are in effect” for “Provide assurances that procedures are in effect” and inserted before period at end “of a detailed description of such procedures.”

Subsec. (c)(2)(C). Pub. L. 104–193, §605(2)(A)(iii), substituted “Certify that the State maintains” for “Provide assurances that the State maintains” and inserted before period at end “of how such record is maintained and is made available”.

Subsec. (c)(2)(D). Pub. L. 104–193, §605(2)(A)(iv), amended heading and text of subpar. (D) generally. Prior to amendment, text read as follows: “Provide assurances that consumer education information will be made available to parents and the general public within the State concerning licensing and regulatory requirements, complaint procedures, and policies and practices relative to child care services within the State.”

Subsec. (c)(2)(H). Pub. L. 104–193, §605(2)(A)(viii), added subpar. (H) and struck out heading and text of former subpar. (H). Text read as follows: “Provide assurances that if the State reduces the level of standards applicable to child care services provided in the State on November 5, 1990, the State shall inform the Secretary of the rationale for such reduction in the annual report of the State described in section 9858i of this title.”

Subsec. (c)(2)(I). Pub. L. 104–193, §605(2)(A)(ix), struck out heading and text of subpar. (I). Text read as follows: “Provide assurances that not later than 18 months after the date of the submission of the application under this section, the State will complete a full review of the law applicable to, and the licensing and regulatory requirements and policies of, each licensing agency that regulates child care services in the State unless the State has reviewed such law, requirements, and policies in the 3-year period ending on November 5, 1990.”

Subsec. (c)(2)(J). Pub. L. 104–193, §605(2)(A)(x), struck out heading and text of subpar. (J). Text read as follows: “Provide assurances that funds received under this subchapter by the State will be used only to supplement, not to supplant, the amount of Federal, State, and local funds otherwise expended for the support of child care services and related programs in the State.”

Subsec. (c)(3)(A). Pub. L. 104–193, §605(2)(B)(i), substituted “subparagraphs (B) through (D)” for “subparagraphs (B) and (C)”.

Subsec. (c)(3)(B). Pub. L. 104–193, §605(2)(B)(ii), inserted “and related activities” after “services” in heading, substituted “State” for “Subject to the reservation contained in subparagraph (C), the”, substituted “for child care services on a sliding fee scale basis, activities that improve the quality or availability of such services, and any other activity that the State deems appropriate to realize any of the goals specified in paragraphs (2) through (5) of section 658A(b)” for “for—

“(1) child care services, that meet the requirements of this subchapter, that are provided to eligible children in the State on a sliding fee scale basis using funding methods provided for in subsection (c)(2)(A) of this section”, substituted “special needs.” for “special needs; and,” and struck out cl. (ii) which read as follows: “activities designed to improve the availability and quality of child care.”

Subsec. (c)(3)(C). Pub. L. 104–193, §605(2)(B)(iii), amended heading and text of subpar. (C) generally. Prior to amendment, text read as follows: “The State shall reserve 25 percent of the amounts provided to the State for each fiscal year under this subchapter to carry out activities designed to improve the quality of child care (as described in section 9858e of this title) and to provide before- and after-school and early childhood development services (as described in section 9858f of this title).”

Subsec. (c)(4)(A). Pub. L. 104–193, §605(2)(C), substituted “State plan shall certify” for “State plan shall provide assurances”, inserted “and shall provide a summary of the facts relied on by the State to determine that such rates are sufficient to ensure such access” after “Federal or State programs”, and struck out at end “Such payment rates shall take into account the variations in the costs of providing child care in different settings and to children of different age groups, and the additional costs of providing child care for children with special needs.”

**Effective Date of 2015 Amendment**

Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

**Effective Date of 1997 Amendment**

**Effective Date of 1996 Amendment**

§ 9858d. Limitations on State allotments
(a) No entitlement to contract or grant
Nothing in this subchapter shall be construed—
(1) to entitle any child care provider or recipient of a child care certificate to any contract, grant or benefit; or
(2) to limit the right of any State to impose additional limitations or conditions on contracts or grants funded under this subchapter.

(b) Construction of facilities
(1) In general
Except as provided for in section 9858m(c)(6) of this title, no funds made available under this subchapter shall be expended for the purchase or improvement of land, or for the purchase, construction, or permanent improvement (other than minor remodeling) of any building or facility.

(2) Sectarian agency or organization
In the case of a sectarian agency or organization, no funds made available under this subchapter may be used for the purposes described in paragraph (1) except to the extent that renovation or repair is necessary to bring the facility of such agency or organization into compliance with health and safety requirements referred to in section 9858c(c)(2)(I) of this title.

1996—Subsec. (b)(1). Pub. L. 104–193 substituted “Except as provided for in section 9858m(c)(6) of this title, no funds” for “‘No funds’”.

1992—Pub. L. 102–401 added subpar. (D) and redesignated subpar. (E) as (D).

1990—Subsec. (b)(1)(B). Pub. L. 101–508 substituted “9 percent of such funds” for “5 percent of such funds” in (B).

1988—Subsec. (b)(2). Pub. L. 100–241, § 8(c)(1), Nov. 5, 1988 substituted “7 percent of such funds” for “5 percent of such funds” in (2).

(1) Supporting the training and professional development of the child care workforce through activities such as those included under section 9858c(c)(2)(G) of this title, in addition to—
(A) offering training and professional development opportunities for child care providers that relate to the use of scientifically-based, developmentally-appropriate and age-appropriate strategies to promote the social, emotional, physical, and cognitive development of children, including those related to nutrition and physical activity, and offering specialized training for child care providers caring for those populations prioritized in section 9858c(c)(2)(Q) of this title, and children with disabilities;
(B) incorporating the effective use of data to guide program improvement;
(C) including effective behavior management strategies and training, including positive behavior interventions and support models, that promote positive social and emotional development and reduce challenging behaviors, including reducing expulsions of preschool-aged children for such behaviors;
(D) providing training and outreach on engaging parents and families in culturally and linguistically appropriate ways to expand their knowledge, skills, and capacity to

1So in original. No subpar. (D) has been enacted.
become meaningful partners in supporting their children’s positive development;

(F) providing training corresponding to the nutritional and physical activity needs of children to promote healthy development;

(G) providing training or professional development for child care providers regarding the early neurological development of children; and

(H) connecting child care staff members of child care providers with available Federal and State financial aid, or other resources, that would assist child care staff members in pursuing relevant postsecondary training.

(2) Improving upon the development or implementation of the early learning and developmental guidelines described in section 9858c(c)(2)(T) of this title by providing technical assistance to eligible child care providers that enhances the cognitive, physical, social and emotional development, including early childhood development, of participating preschool and school-aged children and supports their overall well-being.

(3) Developing, implementing, or enhancing a tiered quality rating system for child care providers and services, which may—

(A) support and assess the quality of child care providers in the State;

(B) build on State licensing standards and other State regulatory standards for such providers;

(C) be designed to improve the quality of different types of child care providers and services;

(D) describe the safety of child care facilities;

(E) build the capacity of State early childhood programs and communities to promote parents’ and families’ understanding of the State’s early childhood system and the ratings of the programs in which the child is enrolled;

(F) provide, to the maximum extent practicable, financial incentives and other supports designed to expand the full diversity of child care options and help child care providers improve the quality of services; and

(G) accommodate a variety of distinctive approaches to early childhood education and care, including but not limited to, those practiced in faith-based settings, community-based settings, child-centered settings, or similar settings that offer a distinctive approach to early childhood development.

(4) Improving the supply and quality of child care programs and services for infants and toddlers through activities, which may include—

(A) establishing or expanding high-quality community or neighborhood-based family child care networks;

(B) establishing or expanding the operation of community or neighborhood-based family child care networks;

(C) promoting and expanding child care providers’ ability to provide developmentally appropriate services for infants and toddlers through training and professional development; coaching and technical assistance on this age group’s unique needs from statewide networks of qualified infant-toddler specialists; and improved coordination with early intervention specialists who provide services for infants and toddlers with disabilities under part C of the Individuals with Disabilities Education Act (20 U.S.C. 1431 et seq.);

(D) if applicable, developing infant and toddler components within the State’s quality rating system described in paragraph (3) for child care providers for infants and toddlers, or the development of infant and toddler components in a State’s child care licensing regulations or early learning and development guidelines;

(E) improving the ability of parents to access transparent and easy to understand consumer information about high-quality infant and toddler care; and

(F) carrying out other activities determined by the State to improve the quality of infant and toddler care provided in the State, and for which there is evidence that the activities will lead to improved infant and toddler health and safety, infant and toddler cognitive and physical development, or infant and toddler well-being, including providing health and safety training (including training in safe sleep practices, first aid, and cardiopulmonary resuscitation) for providers and caregivers.

(5) Establishing or expanding a statewide system of child care resource and referral services.

(6) Facilitating compliance with State requirements for inspection, monitoring, training, and health and safety, and with State licensing standards.

(7) Evaluating and assessing the quality and effectiveness of child care programs and services offered in the State, including evaluating how such programs positively impact children.

(8) Supporting child care providers in the voluntary pursuit of accreditation by a national accrediting body with demonstrated, valid, and reliable program standards of high quality.

(9) Supporting State or local efforts to develop or adopt high-quality program standards relating to health, mental health, nutrition, physical activity, and physical development.

(10) Carrying out other activities determined by the State to improve the quality of child care services provided in the State, and for which measurement of outcomes relating to improved provider preparedness, child safety, child well-being, or entry to kindergarten is possible.

(c) Certification

Beginning with fiscal year 2016, at the beginning of each fiscal year, the State shall annually
submit to the Secretary a certification containing an assurance that the State was in compliance with subsection (a) during the preceding fiscal year and a description of how the State used funds received under this subchapter to comply with subsection (a) during that preceding fiscal year.

(d) Reporting requirements

Each State receiving funds under this subchapter shall prepare and submit an annual report to the Secretary, which shall include information about—

1. The amount of funds that are reserved under subsection (a);
2. The activities carried out under this section; and
3. The measures that the State will use to evaluate the State’s progress in improving the quality of child care programs and services in the State.

(e) Technical assistance

The Secretary shall offer technical assistance, in accordance with section 9858g(a)(3) of this title, which may include technical assistance through the use of grants or cooperative agreements, to States for the activities described in subsection (b) at the request of the State.

(f) Construction

Nothing in this section shall be construed as providing the Secretary the authority to regulate, direct, dictate, or place conditions (outside of what is required by this subchapter) on a State adopting specific State child care quality activities or progress in implementing those activities.

(Amendment by Pub. L. 101–508, § 5082(2), which added this section.)

REFERENCES IN TEXT

The Individuals with Disabilities Education Act, referred to in subsec. (b)(4)(C), is title VI of Pub. L. 91–230, Apr. 13, 1970, 84 Stat. 175. Part C of the Act is classified generally to subchapter III (§ 1431 et seq.) of chapter 33 of Title 20, Education. For complete classification of this Act to the Code, see section 1400 of Title 20 and Tables.

AMENDMENTS

2014—Pub. L. 113–186 amended section generally. Prior to amendment, text read as follows: “A State that receives funds to carry out this subchapter for a fiscal year, shall use not less than 4 percent of the amount of such funds for activities that are designed to provide comprehensive consumer education to parents and the public, activities that increase parental choice, and activities designed to improve the quality and availability of child care (such as resource and referral services).”

1996—Pub. L. 104–193 reenacted section catchline without change and amended text generally, substituting current provisions for provisions requiring State receiving financial assistance under this subchapter to utilize not less than 20 percent of such assistance for one or more of following: resource and referral programs, grants or loans to assist in meeting State and local standards, monitoring of compliance with licensing and regulatory requirements, training, or improving salaries or other compensation to staff.

EFFECTIVE DATE OF 1996 AMENDMENT

§ 9858f. Criminal background checks

(a) In general

A State that receives funds to carry out this subchapter shall have in effect—

1. Requirements, policies, and procedures to require and conduct criminal background checks for child care staff members (including prospective child care staff members) of child care providers described in subsection (c)(1); and
2. Licensing, regulation, and registration requirements, as applicable, that prohibit the employment of child care staff members as described in subsection (c).

(b) Requirements

A criminal background check for a child care staff member under subsection (a) shall include—

1. A search of the State criminal and sex offender registry or repository in the State where the child care staff member resides, and each State where such staff member resided during the preceding 5 years;
2. A search of State-based child abuse and neglect registries and databases in the State where the child care staff member resides, and each State where such staff member resided during the preceding 5 years;
3. A search of the National Crime Information Center;
4. A Federal Bureau of Investigation fingerprint check using the Integrated Automated Fingerprint Identification System; and
5. A search of the National Sex Offender Registry established under the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16901 et seq.).

(c) Prohibitions

(1) Child care staff members

A child care staff member shall be ineligible for employment by a child care provider that is receiving assistance under this subchapter if such individual—

1. Refuses to consent to the criminal background check described in subsection (b);
2. Knowingly makes a materially false statement in connection with such criminal background check;
3. Is registered, or is required to be registered, on a State sex offender registry or repository or the National Sex Offender Registry established under the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16901 et seq.); or
4. Has been convicted of a felony consisting of—

1 See References in Text note below.
(i) murder, as described in section 1111 of title 18;
(ii) child abuse or neglect;
(iii) a crime against children, including child pornography;
(iv) spousal abuse;
(v) a crime involving rape or sexual assault;
(vi) kidnapping;
(vii) arson;
(viii) physical assault or battery; or
(ix) subject to subsection (e)(4), a drug-related offense committed during the preceding 5 years; or
(E) has been convicted of a violent misdemeanor committed as an adult against a child, including the following crimes: child abuse, child endangerment, sexual assault, or of a misdemeanor involving child pornography;

(2) Child care providers
A child care provider described in subsection (i)(1) shall be ineligible for assistance provided in accordance with this subchapter if the provider employs a staff member who is ineligible for employment under paragraph (1).

(d) Submission of requests for background checks

(1) In general
A child care provider covered by subsection (c) shall submit a request, to the appropriate State agency designated by a State, for a criminal background check described in subsection (b), for each child care staff member (including prospective child care staff members) of the provider.

(2) Staff members
Subject to paragraph (4), in the case of an individual who became a child care staff member before November 19, 2014, the provider shall submit such a request—
(A) prior to the last day described in subsection (j)(1); and
(B) not less often than once during each 5-year period following the first submission date under this paragraph for that staff member.

(3) Prospective staff members
Subject to paragraph (4), in the case of an individual who is a prospective child care staff member on or after November 19, 2014, the provider shall submit such a request—
(A) prior to the date the individual becomes a child care staff member of the provider; and
(B) not less than once during each 5-year period following the first submission date under this paragraph for that staff member.

(4) Background check for another child care provider
A child care provider shall not be required to submit a request under paragraph (2) or (3) for a child care staff member if
(A) the staff member received a background check described in subsection (b)—
(i) within 5 years before the latest date on which such a submission may be made; and
(ii) while employed by or seeking employment by another child care provider within the State;
(B) the State provided to the first provider a qualifying background check result, consistent with this subchapter, for the staff member; and
(C) the staff member is employed by a child care provider within the State, or has been separated from employment from a child care provider within the State for a period of not more than 180 consecutive days.

(e) Background check results and appeals

(1) Background check results
The State shall carry out the request of a child care provider for a criminal background check as expeditiously as possible, but not to exceed 45 days after the date on which such request was submitted, and shall provide the results of the criminal background check to such provider and to the current or prospective staff member.

(2) Privacy
(A) In general
The State shall provide the results of the criminal background check to the provider in a statement that indicates whether a child care staff member (including a prospective child care staff member) is eligible or ineligible for employment described in subsection (c), without revealing any disqualifying crime or other related information regarding the individual.

(B) Ineligible staff member
If the child care staff member is ineligible for such employment due to the background check, the State will, when providing the results of the background check, include information related to each disqualifying crime, in a report to the staff member or prospective staff member.

(C) Public release of results
No State shall publicly release or share the results of individual background checks, except States may release aggregated data by crime as listed under subsection (c)(1)(D) from background check results, as long as such data is not personally identifiable information.

(3) Appeals
(A) In general
The State shall provide for a process by which a child care staff member (including a prospective child care staff member) may appeal the results of a criminal background check conducted under this section to challenge the accuracy or completeness of the information contained in such member's criminal background report.

(B) Appeals process
The State shall ensure that—
(i) each child care staff member shall be given notice of the opportunity to appeal;
(ii) a child care staff member will receive instructions about how to complete the appeals process if the child care staff mem-
ber wishes to challenge the accuracy or completeness of the information contained in such member’s criminal background report; and

(iii) the appeals process is completed in a timely manner for each child care staff member.

(4) Review

The State may allow for a review process through which the State may determine that a child care staff member (including a prospective child care staff member) disqualified for a crime specified in subsection (c)(1)(D)(ix) is eligible for employment described in subsection (c)(1), notwithstanding subsection (c). The review process shall be consistent with title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000e et seq.).

(5) No private right of action

Nothing in this section shall be construed to create a private right of action if a provider has acted in accordance with this section.

(f) Fees for background checks

Fees that a State may charge for the costs of processing applications and administering a criminal background check as required by this section shall not exceed the actual costs to the State for the processing and administration.

(g) Transparency

The State must ensure that the policies and procedures under this section are published on the Web site (or otherwise publicly available venue in the absence of a Web site) of the State and the Web sites of local lead agencies.

(h) Construction

(1) Disqualification for other crimes

Nothing in this section shall be construed to prevent a State from disqualifying individuals as child care staff members based on their conviction for crimes not specifically listed in this section that bear upon the fitness of an individual to provide care for and have responsibility for the safety and well-being of children.

(2) Rights and remedies

Nothing in this section shall be construed to alter or otherwise affect the rights and remedies provided for child care staff members residing in a State that disqualifies individuals as child care staff members for crimes not specifically provided for under this section.

(i) Definitions

In this section—

(1) the term “child care provider” means a center-based child care provider, a family child care provider, or another provider of child care services for compensation and on a regular basis that—

(A) is not an individual who is related to all children for whom child care services are provided; and

(B) is licensed, regulated, or registered under State law or receives assistance provided under this subchapter; and

(2) the term “child care staff member” means an individual (other than an individual who is related to all children for whom child care services are provided)—

(A) who is employed by a child care provider for compensation; or

(B) whose activities involve the care or supervision of children for a child care provider or unsupervised access to children who are cared for or supervised by a child care provider.

(j) Effective date

(1) In general

A State that receives funds under this subchapter shall meet the requirements of this section for the provision of criminal background checks for child care staff members described in subsection (d)(1) not later than the last day of the second full fiscal year after November 19, 2014.

(2) Extension

The Secretary may grant a State an extension of time, of not more than 1 fiscal year, to meet the requirements of this section if the State demonstrates a good faith effort to comply with the requirements of this section.

(3) Penalty for noncompliance

Except as provided in paragraphs (1) and (2), for any fiscal year that a State fails to comply substantially with the requirements of this section, the Secretary shall withhold 5 percent of the funds that would otherwise be allocated to that State in accordance with this subchapter for the following fiscal year.

REFERENCES IN TEXT

The Adam Walsh Child Protection and Safety Act of 2006, referred to in subsec. (b)(5) and (c)(1)(C), is Pub. L. 109–248, July 27, 2006, 120 Stat. 587, which was classified principally to chapter 151 (§16901 et seq.) of this title, prior to editoria reclassification and renumbering as chapter 209 (§20901 et seq.) of Title 34, Crime Control and Law Enforcement. For complete classification of this Act to the Code, see Short Title of 2006 Act note set out under section 10101 of Title 34 and Tables.

PRIOR PROVISIONS

§ 9858g. Administration and enforcement

(a) Administration

The Secretary shall—

(1) coordinate all activities of the Department of Health and Human Services relating to child care, and, to the maximum extent practicable, coordinate such activities with similar activities of other Federal entities;
(2) collect, publish, and make available to the public a listing of State child care standards at least once every 3 years;
(3) provide technical assistance, such as business technical assistance, as described in section 9858c(2)(V) of this title, to States (which may include providing assistance on a reimbursable basis) which shall be provided by qualified experts on practices grounded in scientifically valid research, where appropriate, to carry out this subchapter;
(4) disseminate, for voluntary informational purposes, information on practices that scientifically valid research indicates are most successful in improving the quality of programs that receive assistance with this subchapter; and
(5) after consultation with the heads of any other Federal agencies involved, issue guidance and disseminate information on best practices regarding the use of funding combined by States as described in section 9858c(c)(2)(O)(ii) of this title, consistent with laws other than this subchapter.

(b) Enforcement

(1) Review of compliance with State plan

The Secretary shall review and monitor State compliance with this subchapter and the plan approved under section 9858c(c) of this title for the State.

(2) Noncompliance

(A) In general

If the Secretary, after reasonable notice to a State and opportunity for a hearing, finds that—

(i) there has been a failure by the State to comply substantially with any provision or requirement set forth in the plan approved under section 9858c(c) of this title for the State; or
(ii) in the operation of any program for which assistance is provided under this subchapter there is a failure by the State to comply substantially with any provision of this subchapter;

the Secretary shall notify the State of the finding and shall require that the State reimburse the Secretary for any funds that were improperly expended for purposes prohibited or not authorized by this subchapter, that the Secretary deduct from the administrative portion of the State allotment for the following fiscal year an amount that is less than or equal to any improperly expended funds, or a combination of such options.

(B) Additional sanctions

In the case of a finding of noncompliance made pursuant to subparagraph (A), the Secretary may, in addition to imposing the sanctions described in such subparagraph, impose other appropriate sanctions, including recoupment of money improperly expended for purposes prohibited or not authorized by this subchapter, and disqualification from the receipt of financial assistance under this subchapter.

(C) Notice

The notice required under subparagraph (A) shall include a specific identification of any additional sanction being imposed under subparagraph (B).

(3) Issuance of rules

The Secretary shall establish by rule procedures for—

(A) receiving, processing, and determining the validity of complaints concerning any failure of a State to comply with the State plan or any requirement of this subchapter; and
(B) imposing sanctions under this section.

(c) Request for relief

(1) In general

The Secretary may waive for a period of not more than three years any provision under this subchapter or sanctions imposed upon a State in accordance with subsection (b)(2) upon the State’s request for such a waiver if the Secretary finds that—

(A) the request describes one or more conflicting or duplicative requirements preventing the effective delivery of child care services to justify a waiver, extraordinary circumstances, such as natural disaster or financial crisis, or an extended period of time for a State legislature to enact legislation to implement the provisions of this subchapter;
(B) such circumstances included in the request prevent the State from complying with any statutory or regulatory requirements of this subchapter;
(C) the waiver will, by itself, contribute to or enhance the State’s ability to carry out the purposes of this subchapter; and,
(D) the waiver will not contribute to inconsistency with the objectives of this law.

(2) Contents

Such request shall be provided to the Secretary in writing and will—

(A) detail each sanction or provision within this subchapter that the State seeks relief from;
(B) describe how a waiver from that sanction or provision of this subchapter will, by itself, improve delivery of child care services for children in the State; and
(C) certify that the health, safety, and well-being of children served through assistance received under this subchapter will not be compromised as a result of the waiver.

(3) Approval

Within 90 days after the receipt of a State’s request under this subsection, the Secretary shall inform the State of approval or disapproval of the request. If the plan is disapproved, the Secretary shall, at this time, inform the State, the Committee on Education, Labor, and Pensions of the Senate of the reasons for the disapproval and give the State the opportunity to amend the request.

1 So in original. The comma probably should not appear.
In the case of approval, the Secretary shall, within 30 days of granting such waiver, notify and submit a report to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate on the circumstances of the waiver including each specific sanction or provision waived, the reason as given by the State of the need for a waiver, and the expected impact of the waiver on children served under this program.

(4) External conditions

The Secretary shall not require or impose any new or additional requirements in exchange for receipt of a waiver if such requirements are not specified in this subchapter.

(5) Duration

The Secretary may approve a request under this subsection for a period not to exceed three years, unless a renewal is granted under paragraph (7).

(6) Termination

The Secretary shall terminate approval of a request for a waiver authorized under this subsection if the Secretary determines, after notice and opportunity for a hearing, that the performance of a State granted relief under this subsection has been inadequate, or if such relief is no longer necessary to achieve its original purposes.

(7) Renewal

The Secretary may approve or disapprove a request from a State for renewal of an existing waiver under this subchapter for a period no longer than one year. A State seeking to renew their waiver approval must inform the Secretary of this intent no later than 30 days prior to the expiration date of the waiver. The State shall re-certify in its extension request the provisions in paragraph (2) of this subchapter, and shall also explain the need for additional time of relief from such sanction(s) or provisions approved under this law as provided in this subchapter.

(8) Restrictions

Nothing in this subchapter shall be construed as providing the Secretary the authority to permit States to alter the eligibility requirements for eligible children, including work requirements, job training, or educational program participation, that apply to the parents of eligible children under this subchapter. Nothing in this subsection shall be construed to allow the Secretary to waive anything related to his or her authority under this subchapter.

AMENDMENTS

2014—Subsec. (a)(2), Pub. L. 113–186, §8(a)(1), inserted a comma after “publish” and struck out “and” at end.

Subsec. (a)(3). Pub. L. 113–186, §8(a)(2), added par. (3) and struck out former par. (3) which read as follows: “provide technical assistance to assist States to carry out this subchapter, including assistance on a reimbursable basis.”

1996—Subsec. (b)(1). Pub. L. 104–193, §609(1), struck out “, and shall have the power to terminate payments to the State in accordance with paragraph (2)” before period at end.

Subsec. (b)(2)(A). Pub. L. 104–193, §609(2), in closing provisions, substituted before period at end “finding and shall require that the State reimburse the Secretary for any funds that were improperly expended for purposes prohibited or not authorized by this subchapter, that the Secretary deduct from the administrative portion of the State allotment for the following fiscal year an amount that is less than or equal to any improperly expended funds, or a combination of such options” for “finding and that no further payments may be made to such State under this subchapter (or, in the case of noncompliance in the operation of a program or activity, that no further payments to the State will be made with respect to such program or activity) until the Secretary is satisfied that there is no longer any such failure to comply or that the noncompliance will be promptly corrected”.

CHANGE OF NAME

Committee on Education and the Workforce of House of Representatives changed to Committee on Education and Labor of House of Representatives by House Resolution No. 6, One Hundred Sixteenth Congress, Jan. 9, 2019.

EFFECTIVE DATE OF 1996 AMENDMENT

§ 9858h. Payments

(a) In general

Subject to the availability of appropriations, a State that has an application approved by the Secretary under section 9858c(d) of this title shall be entitled to a payment under this section for each fiscal year in an amount equal to its allotment under section 9858m of this title for such fiscal year.

(b) Method of payment

(1) In general

Subject to paragraph (2), the Secretary may make payments to a State in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments, as the Secretary may determine.

(2) Limitation

The Secretary may not make such payments in a manner that prevents the State from complying with the requirement specified in section 9858c(3) of this title.

(c) Spending of funds by State

Payments to a State from the allotment under section 9858m of this title for any fiscal year may be obligated by the State in that fiscal year or in the succeeding fiscal year.
A State that receives funds to carry out this subchapter shall collect the information described in subparagraph (B) on a monthly basis.

(B) Required information

The information required under this subparagraph shall include, with respect to a family unit receiving assistance under this subchapter information concerning—

(i) family income;

(ii) county of residence;

(iii) the gender, race, and age of children receiving such assistance;

(iv) whether the head of the family unit is a single parent;

(v) the sources of family income, including—

(I) employment, including self-employment;

(II) cash or other assistance under—

(aa) the temporary assistance for needy families program under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); and

(bb) a State program for which State spending is counted toward the maintenance of effort requirement under section 408(a)(7) of the Social Security Act (42 U.S.C. 609(a)(7));

(iii) housing assistance;

(iv) assistance under the Food and Nutrition Act of 2008 [7 U.S.C. 2011 et seq.]; and

(V) other assistance programs;

(vi) the number of months the family has received benefits;

(vii) the type of child care in which the child was enrolled (such as family child care, home care, or center-based child care);

(viii) whether the child care provider involved was a relative;

(ix) the cost of child care for such families;

(x) the average hours per month of such care; and

(xi) whether the children receiving assistance under this subchapter are homeless children;

during the period for which such information is required to be submitted.

(C) Submission to Secretary

A State described in subparagraph (A) shall, on a quarterly basis, submit the information required to be collected under subparagraph (B) to the Secretary.

(D) Use of samples

(i) Authority

A State may comply with the requirement to collect the information described in subparagraph (B) through the use of disaggregated case record information on a sample of families selected through the use of scientifically acceptable sampling methods approved by the Secretary.

(ii) Sampling and other methods

The Secretary shall provide the States with such case sampling plans and data collection procedures as the Secretary deems necessary to produce statistically valid samples of the information described in subparagraph (B). The Secretary may develop and implement procedures for verifying the quality of data submitted by the States.

(E) Prohibition

Reports submitted to the Secretary under subparagraph (C) shall not contain personally identifiable information.

(2) Annual reports

Not later than 1 year after November 19, 2014, and annually thereafter, a State described in paragraph (1)(A) shall prepare and submit to the Secretary a report that includes aggregate data concerning—

(A) the number of child care providers that received funding under this subchapter as

1 So in original. Probably should be followed by a comma.

2 So in original.
separately identified based on the types of providers listed in section 9858n(6) of this title;

(B) the monthly cost of child care services, and the portion of such cost that is paid for with assistance provided under this subchapter, listed by the type of child care services provided;

(C) the number of payments made by the State through vouchers, contracts, cash, and disregards under public benefit programs, listed by the type of child care services provided;

(D) the manner in which consumer education information was provided to parents and the number of parents to whom such information was provided; and

(E) the total number (without duplication) of children and families served under this subchapter; and

(F) the number of child fatalities occurring among children while in the care and facility of child care providers receiving assistance under this subchapter, listed by type of child care provider and indicating whether the providers (excluding child care providers described in section 9858n(6)(B) of this title) are licensed or license-exempt.¹ during the period for which such report is required to be submitted.

(b) Audits

(1) Requirement

A State shall, after the close of each program period covered by an application approved under section 9858c(d) of this title audit its expenditures during such program period from amounts received under this subchapter.

(2) Independent auditor

Audits under this subsection shall be conducted by an entity that is independent of the State that receives assistance under this subchapter and be in accordance with generally accepted auditing principles.

(3) Submission

Not later than 30 days after the completion of an audit under this subsection, the State shall submit a copy of the audit to the legislature of the State and to the Secretary.

(4) Repayment of amounts

Each State shall repay to the United States from amounts received under this subchapter, listed by the type of child care services provided.

(a) Requirement

A State shall, after the close of each program period covered by an application approved under section 9858c(d) of this title audit its expenditures during such program period from amounts received under this subchapter.

(b) Independent auditor

Audits under this subsection shall be conducted by an entity that is independent of the State that receives assistance under this subchapter and be in accordance with generally accepted auditing principles.

(3) Submission

Not later than 30 days after the completion of an audit under this subsection, the State shall submit a copy of the audit to the legislature of the State and to the Secretary.

(4) Repayment of amounts

Each State shall repay to the United States from amounts received under this subchapter.
text related to requirement of reports by Dec. 31, 1992, and annually thereafter, which include specification of expenditures under section 9858c(c)(3) of this title, data on fulfillment of child care needs, description of improvements in affordability and availability, description of review of State licensing and regulatory requirements and policies and results of review, explanation of any reductions in child care standards, and description of standards and health and safety requirements applicable to providers.

Subsec. (b)(2). Pub. L. 104–193, §611(2)(3)(3)(B), substituted “the State that receives” for “any agency administering activities that receive”.

Subsec. (b)(4). Pub. L. 104–193, §611(2)(3)(3)(C), substituted “entitled under this subchapter” for “entitles under this subchapter”.

**Effective Date of 2008 Amendment**
Amendment of this section and repeal of Pub. L. 110–234 as a note under section 618 of this title.

**Effective Date of 1997 Amendment**

**Effective Date of 1996 Amendment**

§9858j. Reports, hotline, and Web site

(a) Report by Secretary

Not later than July 31, 2016, and biennially thereafter, the Secretary shall prepare and submit to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report that contains a summary and analysis of the data and information provided to the Secretary in the State reports submitted under section 9858i of this title. Such report shall include an assessment, and where appropriate, recommendations for the Congress concerning efforts that should be undertaken to improve the access of the public to quality and affordable child care in the United States. Such report shall contain a determination around whether each State that uses amounts provided under this subchapter has complied with the priority for services described in sections 9858c(c)(2)(Q) and 9858c(c)(3)(B) of this title.

(b) National toll-free hotline and Web site

(1) In general

The Secretary shall operate, directly or through the use of grants or contracts, a national toll-free hotline and Web site, to—

(A) develop and disseminate publicly available child care consumer education information for parents and help parents access safe and quality child care services in their community, with a range of price options, that best suit their family’s needs; and

(B) to allow persons to report (anonymously if desired) suspected child abuse or neglect, or violations of health and safety requirements, by an eligible child care provider that receives assistance under this subchapter or a member of the provider’s staff.

(2) Requirements

The Secretary shall ensure that the hotline and Web site meet the following requirements:

(A) Referral to local child care providers

The Web site shall be hosted by “childcare.gov”. The Web site shall enable a child care consumer to enter a zip code and obtain a referral to local child care providers described in subparagraph (B) within a specified search radius.

(B) Information

The Web site shall provide to consumers, directly or through linkages to State databases, at a minimum—

(i) a localized list of all eligible child care providers, differentiating between licensed and license-exempt providers;

(ii) any provider-specific information from a Quality Rating and Improvement System or information about other quality indicators, to the extent the information is publicly available and to the extent practicable;

(iii) any other provider-specific information about compliance with licensing, and health and safety requirements to the extent the information is publicly available and to the extent practicable;

(iv) referrals to local resource and referral organizations from which consumers can find more information about child care providers; and

(v) State information about child care subsidy programs and other financial supports available to families.

(C) Nationwide capacity

The Web site and hotline shall have the capacity to help families in every State and community in the Nation.

(D) Information at all hours

The Web site shall provide, to parents and families, access to information about child care services 24 hours a day.

(E) Services in different languages

The Web site and hotline shall ensure the widest possible access to services for families who speak languages other than English.

(F) High-quality consumer education and referral

The Web site and hotline shall ensure that families have access to easy-to-understand

\[1\] So in original. Probably should be “suit”.

child care consumer education and referral services.

(3) Prohibition

Nothing in this subsection shall be construed to allow the Secretary to compel States to provide additional data and information that is currently (as of November 19, 2014) not publicly available, or is not required by this subchapter, unless such additional data are related to the purposes and scope of this subchapter, and are subject to a notice and comment period of no less than 90 days.

AMENDMENTS

2014—Pub. L. 113–186 substituted “Reports, hotline, and Web site” for “Report by Secretary” in section catchline, designated existing provisions as subsec. (a), inserted heading, substituted “2016” for “1996” and “to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate” for “to the Committee on Economic and Educational Opportunities of the House of Representatives and the Committee on Labor and Human Resources of the Senate”, inserted at end of subsec. (a) “Such report shall contain a determination around whether each State that uses amounts provided under this subchapter has complied with the priority for services described in sections 6858c(c)(2)(Q) and 6858c(c)(3)(B) of this title.”, and added subsec. (b).

1996—Pub. L. 104–193 substituted “July 31, 1997, and biennially thereafter” for “July 31, 1993, and annually thereafter” and “Committee on Economic and Educational Opportunities” for “Committee on Education and Labor”.

CHANGE OF NAME

Committee on Education and the Workforce of House of Representatives changed to Committee on Education and Labor of House of Representatives by House Resolution No. 6, One Hundred Sixteenth Congress, Jan. 9, 2019.

EFFECTIVE DATE OF 1997 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT

§9858k. Limitations on use of financial assistance for certain purposes

(a) Sectoral purposes and activities

No financial assistance provided under this subchapter, pursuant to the choice of a parent under section 9858c(c)(2)(A)(1)(I) of this title or through any other grant or contract under the State plan, shall be expended for any sectarian purpose or activity, including sectarian worship or instruction.

(b) Tuition

With regard to services provided to students enrolled in grades 1 through 12, no financial assistance provided under this subchapter shall be expended for—

(1) any services provided to such students during the regular school day;

(2) any services for which such students receive academic credit toward graduation; or

(3) any instructional services which supplant or duplicate the academic program of any public or private school.

AMENDMENTS

§9858l. Nondiscrimination

(a) Religious nondiscrimination

(1) Construction

(A) In general

Except as provided in subparagraph (B), nothing in this section shall be construed to modify or affect the provisions of any other Federal law or regulation that relates to discrimination in employment on the basis of religion.

(B) Exception

A sectarian organization may require that employees adhere to the religious tenets and teachings of such organization, and such organization may require that employees adhere to rules forbidding the use of drugs or alcohol.

(2) Discrimination against child

(A) In general

A child care provider (other than a family child care provider) that receives assistance under this subchapter shall not discriminate against any child on the basis of religion in providing child care services.

(B) Non-funded child care slots

Nothing in this section shall prohibit a child care provider from selecting children for child care slots that are not funded directly with assistance provided under this subchapter because such children or their family members participate on a regular basis in other activities of the organization that owns or operates such provider.

(3) Employment in general

(A) Prohibition

A child care provider that receives assistance under this subchapter shall not discriminate in employment on the basis of the religion of the prospective employee if such
employee’s primary responsibility is or will be working directly with children in the provision of child care services.

(B) Qualified applicants

If two or more prospective employees are qualified for any position with a child care provider receiving assistance under this subchapter, nothing in this section shall prohibit such child care provider from employing a prospective employee who is already participating on a regular basis in other activities of the organization that owns or operates such provider.

(C) Present employees

This paragraph shall not apply to employees of child care providers receiving assistance under this subchapter if such employees are employed with the provider on November 5, 1990.

(4) Employment and admission practices

Notwithstanding paragraphs (1)(B), (2), and (3), if assistance provided under this subchapter, any other Federal or State program, amounts to 80 percent or more of the operating budget of a child care provider that receives such assistance, the Secretary shall not permit such provider to receive any further assistance under this subchapter unless the grant or contract relating to the financial assistance, or the employment and admissions policies of the provider, specifically provides that no person with responsibilities in the operation of the child care program, project, or activity of the provider will discriminate against any individual in employment, if such employee’s primary responsibility is or will be working directly with children in the provision of child care, or admissions because of the religion of such individual.

(b) Effect on State law

Nothing in this subchapter shall be construed to supersede or modify any provision of a State constitution or State law that prohibits the expenditure of public funds in or by sectarian institutions, except that no provision of a State constitution or State law shall be construed to prohibit the expenditure in or by sectarian institutions of any Federal funds provided under this subchapter.

AMENDMENTS

§ 9858m. Amounts reserved; allotments

(a) Amounts reserved

(1) Territories and possessions

The Secretary shall reserve not to exceed one half of 1 percent of the amount appropriated under this subchapter in each fiscal year for payments to Guam, American Samoa, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands to be allotted in accordance with their respective needs.

(2) Indians tribes

(A) In general

The Secretary shall reserve not less than 2 percent of the amount appropriated under section 9858 of this title for payments to Indian tribes and tribal organizations with applications approved under subsection (c).

(B) Limitations

Notwithstanding subparagraph (A), the Secretary shall only reserve an amount that is greater than 2 percent of the amount appropriated under section 9858 of this title, for fiscal year (referred to in this subparagraph as the “reservation year”) if—

(i) the amount appropriated under section 9858 of this title for the reservation year is greater than the amount appropriated under section 9858 of this title for fiscal year 2014; and

(ii) the Secretary ensures that the amount allotted to States under subsection (b) for the reservation year is not less than the amount allotted to States under subsection (b) for fiscal year 2014.

(3) National toll-free hotline and Web site

The Secretary shall reserve up to $1,500,000 of the amount appropriated under this subchapter for the operation of a national toll-free hotline and Web site, under section 9858(j)(b) of this title.

(4) Technical assistance

The Secretary shall reserve up to ½ of 1 percent of the amount appropriated under this subchapter for each fiscal year to support technical assistance and dissemination activities under paragraphs (3) and (4) of section 9858(g)(a) of this title.

(5) Research, demonstration, and evaluation

The Secretary may reserve ½ of 1 percent of the amount appropriated under this subchapter for each fiscal year to conduct research and demonstration activities, as well as periodic external, independent evaluations of the impact of the program described by this subchapter on increasing access to child care services and improving the safety and quality of child care services, using scientifically valid research methodologies, and to disseminate the key findings of those evaluations widely and on a timely basis.

(b) State allotment

(1) General rule

From the amounts appropriated under section 9858 of this title for each fiscal year remaining after reservations under subsection (a), the Secretary shall allot to each State an amount equal to the sum of—

(A) an amount that bears the same ratio to 50 percent of such remainder as the product

1 So in original. Probably should be “Indian.”
(2) Applications and requirements
An application for a grant or contract under this section shall provide that:
(A) Coordination
The applicant will coordinate, to the maximum extent feasible, with the lead agency in the State or States in which the applicant will carry out programs or activities under this section.
(B) Services on reservations
In the case of an applicant located in a State other than Alaska, California, or Oklahoma, programs and activities under this section will be carried out on the Indian reservation for the benefit of Indian children.
(C) Reports and audits
The applicant will make such reports on, and conduct such audits of, programs and activities under a grant or contract under this section as the Secretary may require.
(D) Licensing and standards
In lieu of any licensing and regulatory requirements applicable under State or local law, the Secretary, in consultation with Indian tribes and tribal organizations, shall develop minimum child care standards that shall be applicable to Indian tribes and tribal organizations receiving assistance under this subchapter. Such standards shall appropriately reflect Indian tribe and tribal organization needs and available resources, and shall include standards requiring a publicly available application, health and safety standards, and standards requiring a reservation of funds for activities to improve the quality of child care services provided to Indian children.
(3) Consideration of secretarial approval
In determining whether to approve an application for a grant or contract under this section, the Secretary shall take into consideration—
(A) the availability of child care services provided in accordance with this subchapter by the State or States in which the applicant proposes to carry out a program to provide child care services; and
(B) whether the applicant has the ability (including skills, personnel, resources, community support, and other necessary components) to satisfactorily carry out the proposed program or activity.
(4) Three-year limit
Grants or contracts under this section shall be for periods not to exceed 3 years.
(5) Dual eligibility of Indian children
The awarding of a grant or contract under this section for programs or activities to be conducted in a State or States shall not affect the eligibility of any Indian child to receive services provided or to participate in programs and activities carried out under a grant to the State or States under this subchapter.
(6) Construction or renovation of facilities
(A) Request for use of funds
An Indian tribe or tribal organization may submit to the Secretary a request to use
amounts provided under this subsection for construction or renovation purposes.

(B) Determination
With respect to a request submitted under subparagraph (A), and except as provided in subparagraph (C), upon a determination by the Secretary that adequate facilities are not otherwise available to an Indian tribe or tribal organization to enable such tribe or organization to carry out child care programs in accordance with this subchapter, and that the lack of such facilities will inhibit the operation of such programs in the future, the Secretary may permit the tribe or organization to use assistance provided under this subsection to make payments for the construction or renovation of facilities that will be used to carry out such programs.

(C) Limitation
(i) In general
Except as provided in clause (ii), the Secretary may not permit an Indian tribe or tribal organization to use amounts provided under this subsection for construction or renovation if the use will result in a decrease in the level of child care services provided by the Indian tribe or tribal organization as compared to the level of child care services provided by the Indian tribe or tribal organization in the fiscal year preceding the year for which the determination under subparagraph (B) is being made.

(ii) Waiver
The Secretary shall waive the limitation described in clause (i) if—
(1) the Secretary determines that the decrease in the level of child care services provided by the Indian tribe or tribal organization is temporary; and
(2) the Indian tribe or tribal organization submits to the Secretary a plan that demonstrates that after the date on which the construction or renovation is completed—
(aa) the level of child care services will increase; or
(bb) the quality of child care services will improve.

(D) Uniform procedures
The Secretary shall develop and implement uniform procedures for the solicitation and consideration of requests under this paragraph.

(d) Data and information
The Secretary shall obtain from each appropriate Federal agency, the most recent data and information necessary to determine the allotments provided for in subsection (b).

(e) Reallocation
(1) In general
Any portion of the allotment under subsection (b) to a State that the Secretary determines is not required to carry out a State plan approved under section 9853c(d) of this title, in the period for which the allotment is made available, shall be reallocated by the Secretary to other States in proportion to the original allotments to the other States.

(2) Limitations
(A) Reduction
The amount of any reallocation to which a State is entitled to under paragraph (1) shall be reduced to the extent that it exceeds the amount that the Secretary estimates will be used in the State to carry out a State plan approved under section 9853c(d) of this title.

(B) Reallocation
The amount of such reduction shall be similarly reallocated among States for which no reduction in an allotment or reallocation is required by this subsection.

(3) Amounts reallocated
For purposes of any other section of this subchapter, any amount reallocated to a State under this subsection shall be considered to be part of the allotment made under subsection (b) to the State.

(4) Indian tribes or tribal organizations
Any portion of a grant or contract made to an Indian tribe or tribal organization under subsection (c) that the Secretary determines is not being used in a manner consistent with the provision of this subchapter in the period for which the grant or contract is made available, shall be allotted by the Secretary to other tribes or organizations that have submitted applications under subsection (c) in accordance with their respective needs.

(f) “State” defined
For the purposes of this section, the term “State” includes only the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.
§ 9858n

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7460

amendment, text read as follows: “The Secretary may not permit an Indian tribe or tribal organization to use amounts provided under this subsection for construction or renovation if such use will result in a decrease in the level of child care services provided by the tribe or organization as compared to the level of such services provided by the tribe or organization in the fiscal year preceding the year for which the determination under subparagraph (B) is being made.”

1996—Subsec. (a)(1). Pub. L. 104–193, § 613(1)(A), made technical amendment to heading, inserted “and” before “the Commonwealth of the Northern Mariana Islands”, and struck out “, and the Trust Territory of the Pacific Islands” before “to be allotted in accordance with the Act”.

Subsec. (a)(2). Pub. L. 104–193, § 613(1)(B), substituted “more than 3 percent” for “less than 1 percent, and not more than 2 percent.”

EFFECTIVE DATE OF 1997 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT

§ 9858n. Definitions

As used in this subchapter:

(1) Caregiver

The term “caregiver” means an individual who provides a service directly to an eligible child on a person-to-person basis.

(2) Child care certificate

The term “child care certificate” means a certificate (that may be a check or other disbursement) that is issued by a State or local government under this subchapter directly to a parent who may use such certificate only as payment for child care services or as a deposit for child care services if such a deposit is required of other children being cared for by the provider. Nothing in this subchapter shall preclude the use of such certificates for sectarian child care services if freely chosen by the parent. For purposes of this subchapter, child care certificates shall not be considered to be grants or contracts.

(3) Child with a disability

The term “child with a disability” means—

(A) a child with a disability, as defined in section 602 of the Individuals with Disabilities Education Act (20 U.S.C. 1401); and

(B) a child who is eligible for early intervention services under part C of the Individuals with Disabilities Education Act (20 U.S.C. 1431 et seq.).

(C) a child who is less than 13 years of age and who is eligible for services under section 794 of title 29; and

(D) a child with a disability, as defined by the State involved.

(4) Eligible child

The term “eligible child” means an individual—

(A) who is less than 13 years of age;

(B) whose family income does not exceed 85 percent of the State median income for a family of the same size, and whose family assets do not exceed $1,000,000 (as certified by a member of such family); and

(C) who—

(i) resides with a parent or parents who are working or attending a job training or educational program; or

(ii) is receiving, or needs to receive, protective services and resides with a parent or parents not described in clause (i).

(5) English learner

The term “English learner” means an individual who is an English learner, as defined in section 7801 of title 20, or who is limited English proficient, as defined in section 9832 of this title.

(6) Eligible child care provider

The term “eligible child care provider” means—

(A) a center-based child care provider, a group home child care provider, a family child care provider, or other provider of child care services for compensation that—

(i) is licensed, regulated, or registered under State law as described in section 9858c(c)(2)(F) of this title; and

(ii) satisfies the State and local requirements, including those referred to in section 9858c(c)(2)(I) of this title; and

applicable to the child care services it provides; or

(B) a child care provider that is 18 years of age or older who provides child care services only to eligible children who are, by affinity or consanguinity, or by court decree, the grandchild, great grandchild, sibling (if such provider lives in a separate residence), niece, or nephew of such provider, if such provider complies with any applicable requirements that govern child care provided by the relative involved.

(7) Family child care provider

The term “family child care provider” means one individual who provides child care services for fewer than 24 hours per day, as the sole caregiver, and in a private residence.

(8) Indian tribe

The term “Indian tribe” has the meaning given it in section 5304(e) of title 25.

(9) Lead agency

The term “lead agency” means the agency designated or established under section 9858b(a) of this title.

(10) Parent

The term “parent” includes a legal guardian, foster parent, or other person standing in loco parentis.
(11) Scientifically valid research
The term “scientifically valid research” includes applied research, basic research, and field-initiated research, for which the rationale, design, and interpretation are soundly developed in accordance with principles of scientific research.

(12) Secretary
The term “Secretary” means the Secretary of Health and Human Services unless the context specifies otherwise.

(13) Sliding fee scale
The term “sliding fee scale” means a system of cost sharing by a family based on income and size of the family.

(14) State
The term “State” means any of the several States, the District of Columbia, the Virgin Islands of the United States, the Commonwealth of Puerto Rico, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(15) Tribal organization
(A) In general
The term “tribal organization” has the meaning given it in section 5304(f) of title 25.

(B) Other organizations
Such term includes a Native Hawaiian Organization, as defined in section 496(h) of title 20 and a private nonprofit organization established for the purpose of serving youth who are Indians or Native Hawaiians.

Pub. L. 102–401, §3(b)(2), substituted “section 5304(f) of title 25” for “section 5304(c) of title 25”.

Effective Date of 2015 Amendment
Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

**Effective Date of 1996 Amendment**

**Effective Date of 1992 Amendments**

**§ 9858p. Severability**

If any provision of this subchapter or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions of applications of this subchapter which can be given effect without regard to the invalid provision or application, and to this end the provisions of this subchapter shall be severable.

### Amendments

### § 9858q. Miscellaneous provisions

Notwithstanding any other law, the value of any child care provided or arranged (or any amount received as payment for such care or reimbursement for costs incurred for such care) under this subchapter shall not be treated as income for purposes of any other Federal or Federally-assisted program that bases eligibility, or the amount of benefits, on need.

**Amendments**

### Effective Date

Section effective Nov. 4, 1992, but not applicable with respect to fiscal years beginning before Oct. 1, 1992, see section 8(d) of Pub. L. 102–586, set out as an Effective Date of 1992 Amendment note under section 9858h of this title.

### § 9858r. Studies on waiting lists

(a) **Study**

The Comptroller General of the United States shall conduct studies to determine, for each State, the number of families that—

(1) are eligible to receive assistance under the Child Care and Development Block Grant Act of 1990 [42 U.S.C. 9857 et seq.]; and

(2) have applied for the assistance, identified by the type of assistance requested; and

(3) have been placed on a waiting list for the assistance.

(b) **Report**

The Comptroller General shall prepare a report containing the results of each study and shall submit the report to the Committee on Education, Labor and Pensions of the Senate, and the Committee on Education and the Workforce of the House of Representatives—

(1) not later than 2 years after November 19, 2014; and

(2) every 2 years thereafter.

### (c) Definition

In this section, the term “State” has the meaning given the term in section 658P of the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9858n).

**References in Text**

the Child Care and Development Block Grant Act of 1990, which comprises this subchapter.

CHANGE OF NAME

Committee on Education and the Workforce of House of Representatives changed to Committee on Education and Labor of House of Representatives by House Resolution No. 6, One Hundred Sixteenth Congress, Jan. 9, 2019.

SUBCHAPTER II–C—CHILD CARE SAFETY AND HEALTH GRANTS

CODIFICATION

This subchapter was enacted as part of title XIV of div. A of the Children’s Health Act of 2000, and not as part of chapter 8 of subtitle A of title VI of Pub. L. 97-35 which comprises this chapter.

§ 9859. Definitions

In this subchapter:

(1) Child with a disability; infant or toddler with a disability

The terms “child with a disability” and “infant or toddler with a disability” have the meanings given the terms in sections 1401 and 1431 of title 20.

(2) Eligible child care provider

The term “eligible child care provider” means a provider of child care services for compensation, including a provider of care for a school-age child during non-school hours, that—

(A) is licensed, regulated, registered, or otherwise legally operating, under State and local law; and

(B) satisfies the State and local requirements,

applicable to the child care services the provider provides.

(3) Secretary

The term “Secretary” means the Secretary of Health and Human Services.

(4) State

The term “State” means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

§ 9859a. Authorization of appropriations

There are authorized to be appropriated under section 9859a of this title for each fiscal year and remaining after reservations are made under subsection (a), the Secretary shall allot to each State an amount equal to the sum of—

(A) an amount that bears the same ratio to 50 percent of such remainder as the product of the young child factor of the State and the allotment percentage of the State bears to the sum of the corresponding products for all States; and

(B) an amount that bears the same ratio to 50 percent of such remainder as the product of the school lunch factor of the State and the allotment percentage of the State bears to the sum of the corresponding products for all States.

(2) Young child factor

In this subsection, the term “young child factor” means the ratio of the number of children under 5 years of age in a State to the number of such children in all States, as provided by the most recent annual estimates of population in the States by the Census Bureau of the Department of Commerce.

(3) School lunch factor

In this subsection, the term “school lunch factor” means the ratio of the number of children who are receiving free or reduced price lunches under the school lunch program established under the National School Lunch Act (42 U.S.C. 1751 et seq.) in the State to the number of such children in all States, as determined annually by the Department of Agriculture.

(4) Allotment percentage

(A) In general

For purposes of this subsection, the allotment percentage for a State shall be determined by dividing the per capita income of all individuals in the United States, by the per capita income of all individuals in the State.

(B) Limitations

If an allotment percentage determined under subparagraph (A) for a State—

(i) is more than 1.2 percent, the allotment percentage of the State shall be considered to be 1.2 percent; and

§ 9859c. Amounts reserved; allotments

(a) Amounts reserved

The Secretary shall reserve not more than one-half of 1 percent of the amount appropriated under section 9859a of this title for each fiscal year to make allotments to Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands to be allotted in accordance with their respective needs.

(b) State allotments

(1) General rule

From the amounts appropriated under section 9859a of this title for each fiscal year and remaining after reservations are made under subsection (a), the Secretary shall allot to each State an amount equal to the sum of—

(A) an amount that bears the same ratio to 50 percent of such remainder as the product of the young child factor of the State and the allotment percentage of the State bears to the sum of the corresponding products for all States; and

(B) an amount that bears the same ratio to 50 percent of such remainder as the product of the school lunch factor of the State and the allotment percentage of the State bears to the sum of the corresponding products for all States.

(2) Young child factor

In this subsection, the term “young child factor” means the ratio of the number of children under 5 years of age in a State to the number of such children in all States, as provided by the most recent annual estimates of population in the States by the Census Bureau of the Department of Commerce.

(3) School lunch factor

In this subsection, the term “school lunch factor” means the ratio of the number of children who are receiving free or reduced price lunches under the school lunch program established under the National School Lunch Act (42 U.S.C. 1751 et seq.) in the State to the number of such children in all States, as determined annually by the Department of Agriculture.

(4) Allotment percentage

(A) In general

For purposes of this subsection, the allotment percentage for a State shall be determined by dividing the per capita income of all individuals in the United States, by the per capita income of all individuals in the State.

(B) Limitations

If an allotment percentage determined under subparagraph (A) for a State—

(i) is more than 1.2 percent, the allotment percentage of the State shall be considered to be 1.2 percent; and

§ 9860. Enacted as part of title XIV of div. A of the Children’s Health Act of 2000, and not as part of chapter 8 of subtitle A of title VI of Pub. L. 97-35 which comprises this chapter.

§ 9861. Amounts reserved; allotments

(a) Amounts reserved

The Secretary shall reserve not more than one-half of 1 percent of the amount appropriated under section 9859a of this title for each fiscal year to make allotments to Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands to be allotted in accordance with their respective needs.

(b) State allotments

(1) General rule

From the amounts appropriated under section 9859a of this title for each fiscal year and remaining after reservations are made under subsection (a), the Secretary shall allot to each State an amount equal to the sum of—

(A) an amount that bears the same ratio to 50 percent of such remainder as the product of the young child factor of the State and the allotment percentage of the State bears to the sum of the corresponding products for all States; and

(B) an amount that bears the same ratio to 50 percent of such remainder as the product of the school lunch factor of the State and the allotment percentage of the State bears to the sum of the corresponding products for all States.

(2) Young child factor

In this subsection, the term “young child factor” means the ratio of the number of children under 5 years of age in a State to the number of such children in all States, as provided by the most recent annual estimates of population in the States by the Census Bureau of the Department of Commerce.

(3) School lunch factor

In this subsection, the term “school lunch factor” means the ratio of the number of children who are receiving free or reduced price lunches under the school lunch program established under the National School Lunch Act (42 U.S.C. 1751 et seq.) in the State to the number of such children in all States, as determined annually by the Department of Agriculture.
(ii) is less than 0.8 percent, the allotment percentage of the State shall be considered to be 0.8 percent.

(C) Per capita income

For purposes of subparagraph (A), per capita income shall be—

(i) determined at 2-year intervals;

(ii) applied for the 2-year period beginning on October 1 of the first fiscal year beginning after the date such determination is made; and

(iii) equal to the average of the annual per capita incomes for the most recent period of 3 consecutive years for which satisfactory data are available from the Department of Commerce on the date such determination is made.

(c) Data and information

The Secretary shall obtain from each appropriate Federal agency, the most recent data and information necessary to determine the allotments provided for in subsection (b).

(d) Definition

In this section, the term “State” includes only the several States of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

REMARKS IN TEXT

The National School Lunch Act, referred to in subsec. (b)(3), probably means the Richard B. Russell National School Lunch Act, act June 4, 1946, ch. 281, 60 Stat. 230, as amended, which is classified generally to chapter 13 (§1751 et seq.) of this title. For complete classification as amended, which is classified generally to chapter 13 of this title, see Short Title note set out under section 1751 of this title and Tables.

§ 9859d. State applications

To be eligible to receive an allotment under section 9859c of this title, a State shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require. The application shall contain information assessing the needs of the State with regard to child care health and safety, the goals to be achieved through the program carried out by the State under this subchapter, and the measures to be used to assess the progress made by the State toward achieving the goals.

§ 9859e. Use of funds

(a) In general

A State that receives an allotment under section 9859c of this title shall use the funds made available through the allotment to carry out two or more activities consisting of—

(1) providing training and education to eligible child care providers on preventing injuries and illnesses in children, and promoting health-related practices;

(2) strengthening licensing, regulation, or registration standards for eligible child care providers;

(3) assisting eligible child care providers in meeting licensing, regulation, or registration standards, including rehabilitating the facilities of the providers, in order to bring the facilities into compliance with the standards;

(4) enforcing licensing, regulation, or registration standards for eligible child care providers, including holding increased unannounced inspections of the facilities of those providers;

(5) providing health consultants to provide advice to eligible child care providers;

(6) assisting eligible child care providers in enhancing the ability of the providers to serve children with disabilities and infants and toddlers with disabilities;

(7) conducting criminal background checks for eligible child care providers and other individuals who have contact with children in the facilities of the providers;

(8) providing information to parents on what factors to consider in choosing a safe and healthy child care setting; or

(9) assisting in improving the safety of transportation practices for children enrolled in child care programs with eligible child care providers.

(b) Supplement, not supplant

Funds appropriated pursuant to the authority of this subchapter shall be used to supplement and not supplant other Federal, State, and local public funds expended to provide services for eligible individuals.

§ 9859f. Reports

Each State that receives an allotment under section 9859c of this title shall annually prepare and submit to the Secretary a report that describes—

(1) the activities carried out with funds made available through the allotment; and

(2) the progress made by the State toward achieving the goals described in the application submitted by the State under section 9859d of this title.

SUBCHAPTER III—FOLLOW THROUGH PROGRAMS

PART I—DIRECT SERVICES

PART II—PROGRAM IMPROVEMENT

PART III—GENERAL AND ADMINISTRATIVE PROVISIONS

SUBCHAPTER IV—GRANTS TO STATES FOR PLANNING AND DEVELOPMENT OF DEPENDENT CARE PROGRAMS AND FOR OTHER PURPOSES

CODIFICATION

§ 9871. Authorization of appropriations

For the purpose of making allotments to States to carry out the activities described in section 9874 of this title, there is authorized to be appropriated $13,000,000 for fiscal year 1995.
§ 9874. Use of allotments

(a) Referral systems; information; contents

(1) Subject to the provisions of subsections (c) and (d), amounts paid to a State under section 9873 of this title from its allotment under section 9872 of this title may be used for the planning, development, establishment, operation, expansion, or improvement by the States, directly or by grant or contract with public or private entities, of State and local resource and referral systems to provide information concerning the availability, types, costs, and locations of dependent care services. The information provided by any such system may include—

(A) the types of dependent care services available, including services provided by individual homes, religious organizations, community organizations, employers, private industry, and public and private institutions;

(B) the costs of available dependent care services;

(C) the locations in which dependent care services are provided;

(D) the forms of transportation available to such locations;

(E) the hours during which such dependent care services are available;

(F) the dependents eligible to enroll for such dependent care services; and

(G) any resource and referral system planned, developed, established, expanded, or improved with amounts paid to a State under this subchapter.

(2) The State, with respect to the uses of funds described in paragraph (1) of this subsection shall—

(A) provide assurances that no information will be included with respect to any dependent care services which are not provided in compliance with the laws of the State and localities in which such services are provided; and

(B) provide assurances that the information provided will be the latest information available and will be kept up to date.

(b) School-age child care services; assurances; estimates

(1) Subject to the provisions of subsections (c) and (d), amounts paid to a State under section 9873 of this title from its allotment under section 9872 of this title may be used for the planning, development, establishment, operation, expansion, or improvement by the States, directly, or by grant or contract, with public agencies or private nonprofit organizations of programs to furnish school-age child care services before and after school. Amounts so paid to a State and used for the operation of such child care services shall be designed to enable children, whose families lack adequate financial resources, to participate in before or after school child care programs.

(2) The State, with respect to the uses of funds described in paragraph (1) of this subsection shall—

(A) provide assurances, in the case of an applicant that is not a State or local educational agency, that the applicant has or will enter into an agreement with the State or local educational agency, institution of higher education or community center containing provisions for—

(i) the use of facilities for the provision of before or after school child care services (including such use during holidays and vacation periods),

(ii) the restrictions, if any, on the use of such space, and

(iii) the times when the space will be available for the use of the applicant;

(B) provide an estimate of the costs of the establishment of the child care service program in the facilities;

(C) provide assurances that the parents of school-age children will be involved in the development and implementation of the program for which assistance is sought under this Act; and

(D) provide assurances that the applicant is able and willing to seek to enroll racially, ethnically, and economically diverse school-age children, as well as handicapped school-age children, in the child care service program for which assistance is sought under this Act;

(E) provide assurances that the child care program is in compliance with State and local child care licensing laws and regulations governing day care services for school-age children to the extent that such regulations are appropriate to the age group served; and

(F) provide such other assurances as the chief executive officer of the State may reasonably require to carry out this Act.

(c) Percentage of allotment; waiver

(1) Except as provided in paragraph (2), of the allotment to each State in each fiscal year—

(A) 40 percent shall be available for the activities described in subsection (a);

(B) 60 percent shall be available for the activities described in subsection (b).

(2) For any fiscal year the Secretary may waive the percentage requirements specified in paragraph (1) on the request of a State if such State demonstrates to the satisfaction of the Secretary—

(A) that the amount of funds available as a result of one of such percentage requirements is not needed in such fiscal year for the activities for which such amount is so made available; and

(B) the adequacy of the alternative percentages, relative to need, the State specifies the State will apply with respect to all of the activities referred to in paragraph (1) if such waiver is granted.

(d) Prohibition; use of amounts

A State may not use amounts paid to it under this subchapter to—

(1) make cash payments to intended recipients of dependent care services including child care services;

(2) pay for construction or renovation; or

(3) satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds.

1So in original. Probably should be ‘‘subchapter’’.
(e) Federal share; cost of administration

(1) The Federal share of any project supported under this subchapter shall be not more than 75 percent.

(2) Not more than 10 percent of the allotment of each State under this subchapter may be available for the cost of administration.

(f) Duplication of services

Projects supported under this section to plan, develop, establish, expand, operate, or improve a State or local resource and referral system or before or after school child care program shall not duplicate any services which are provided before October 30, 1984, by the State or locality which will be served by such system.

(g) Technical assistance to States; planning and operational activities

The Secretary may provide technical assistance to States in planning and carrying out activities under this subchapter.

AMENDMENTS

Subsec. (b)(1). Pub. L. 101–501, §§ 303(a)(1), 303(a)(2), 305(a)(1), 305(a)(3), struck out “system shall include”, “system may include”, “system shall include”, and “system may include”, respectively.

1986—Subsec. (a). Pub. L. 99–425, § 302(a), redesignated existing provisions as par. (1), substituted “system” for “system shall include”, redesignated cl. (1) to (7) as (A) to (G), respectively, struck out last sentence which read as follows: “In carrying out clause (7) of the previous sentence, no information shall be included with respect to any dependent care services which are not provided in compliance with the laws of the State and localities in which such services are provided”, and added par. (2).

Subsec. (b)(1). Pub. L. 99–425, § 302(b)(1), struck out “where school facilities are not available” after “centers in communities”.

$9875. Application and description of activities; requirements

(a) Applications

(1) In order to receive an allotment under section 9872 of this title, each State shall submit an application to the Secretary. Each such application shall be in such form and submitted by such date as the Secretary shall require.

(2) Each application required under paragraph (1) for an allotment under section 9872 of this title shall contain assurances that the State will meet the requirements of subsection (b).

(b) Certifications

As part of the annual application required by subsection (a), the chief executive officer of each State shall—

(1) certify that the State agrees to use the funds allotted to it under section 9872 of this title in accordance with the requirements of this subchapter; and

(2) certify that the State agrees that Federal funds made available under section 9873 of this title for any period will be so used as to supplement and increase the level of State, local, and other non-Federal funds that would in the absence of such Federal funds be made available for the programs and activities for which funds are provided under that section and will in no event supplant such State, local, and other non-Federal funds.

The Secretary may not prescribe for a State the manner of compliance with the requirements of this subsection.

(c) Description; intended use of payments; comments; revision

(1) The chief executive officer of a State shall, as part of the application required by subsection
(a), also prepare and furnish the Secretary (in accordance with such form as the Secretary shall provide) with a description of the intended use of the payments the State will receive under section 9873 of this title, including information on the programs and activities to be supported. The description shall be made public within the State in such manner as to facilitate comment from any person (including any Federal or other public agency) during development of the description and after its transmittal. The description shall be revised (consistent with this section) until September 30, 1991, as may be necessary to reflect substantial changes in the programs and activities assisted by the State under this subchapter, and any revision shall be subject to the requirements of the preceding sentence.

(2) The chief executive officer of each State shall include in such a description of—
(A) the number of children who participated in before and after school child care programs assisted under this subchapter;
(B) the characteristics of the children served including age levels, handicapped condition, income level of families in such programs;
(C) the salary level and benefits paid to employees in such child care programs; and
(D) the number of clients served in resource and referral systems assisted under this subchapter, and the types of assistance they requested.

(d) Application to Public Health Service Act
Except where inconsistent with the provisions of this subchapter, the provisions of section 1903(b) [42 U.S.C. 300w–2(b)], paragraphs (1) through (5) of section 1906(a) [42 U.S.C. 300w–5(a)], and sections 1906(b), 1907, 1908, and 1909 [42 U.S.C. 300w–5(b), 300w–6, 300w–7, 300w–8] of the Public Health Service Act shall apply to this subchapter in the same manner as such provisions apply to part A of title XIX of such Act [42 U.S.C. 300w et seq.].

REFERENCES IN TEXT
The Public Health Service Act, referred to in subsec. (d), is act July 1, 1944, ch. 373, 58 Stat. 682, as amended. Part A of title XIX of the Public Health Service Act is classified generally to part A (§300w et seq.) of subchapter XVII of chapter 6A of this title. Section 1906(a) of the Act, which is classified to section 300w–5(a) of this title, was amended generally by Pub. L. 102–501, title I, §109(a), Oct. 27, 1992, 106 Stat. 3473, and, as so amended, consists of pars. (1) to (4) rather than pars. (1) to (5). For complete classification of this Act to the Code, see Short Title note set out under section 201 of this title and Tables.

AMENDMENTS
1990—Subsec. (c), Pub. L. 101–501, §305(b), which directed that "until September 30, 1997," be struck out, could not be executed, because of the intervening amendment by Pub. L. 101–501, §304, see below.

9926. Projects to expand the number of job opportunities available to certain low-income individuals.

CODIFICATION

§ 9901. Purposes and goals

The purposes of this chapter are—

(1) to provide assistance to States and local communities, working through a network of community action agencies and other neighborhood-based organizations, for the reduction of poverty, the revitalization of low-income communities, and the empowerment of low-income families and individuals in rural and urban areas to become fully self-sufficient (particularly families who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.)); and

(2) to accomplish the goals described in paragraph (1) through—

(A) the strengthening of community capabilities for planning and coordinating the use of a broad range of Federal, State, local, and other assistance (including private resources) related to the elimination of poverty, so that this assistance can be used in a manner responsive to local needs and conditions;

(B) the organization of a range of services related to the needs of low-income families and individuals, so that these services may have a measurable and potentially major impact on the causes of poverty in the community and may help the families and individuals to achieve self-sufficiency;

(C) the greater use of innovative and effective community-based approaches to attacking the causes and effects of poverty and of community breakdown;

(D) the maximum participation of residents of the low-income communities and members of the groups served by programs assisted through the block grants made under this chapter to empower such residents and members to respond to the unique problems and needs within their communities; and

(E) the broadening of the resource base of programs directed to the elimination of poverty so as to secure a more active role in the provision of services for—

(i) private, religious, charitable, and neighborhood-based organizations; and

(ii) individual citizens, and business, labor, and professional groups, who are able to influence the quantity and quality of opportunities and services for the poor.

BACKGROUND

The COVID–19 pandemic has impacted the lives of children across the United States. Schools have been closed or operating at reduced capacity for over a year, which has led to significant disruptions in learning and other services. The American Academy of Pediatrics (AAP) has found that school closures are especially difficult for families with special needs, as these students are being underserved due to the public health challenges and uncertainties posed by the pandemic. These closures and declining enrollments are likely to have long-term economic effects on students whose families pay tuition for their education.

Specifically, the AAP notes that the pandemic has had a disproportionate impact on students of color, low-income students, and students with disabilities. These students are at higher risk of academic and social isolation, which can lead to negative outcomes such as increased mental health problems, absenteeism, and reduced educational opportunities. Additionally, the pandemic has increased the financial burden on families, as parents have had to work from home and provide virtual learning support, which has led to job loss and reduced income.

In response to these challenges, the federal government has provided more than $13 billion to States and school districts to implement those measures. This funding has allowed schools to provide emergency learning scholarships to disadvantaged families, and the Community Services Block Grant program to be used by grantees and eligible entities to provide emergency learning scholarships to disadvantaged families for use by any child without access to in-person learning. These scholarships may be used for:

(i) tuition and fees for a private or parochial school;
(ii) homeschool, microschool, or learning-pod costs;
(iii) special education and related services, including therapies.

I am committed to ensuring that all children of our great Nation have access to the educational resources they need to obtain a high-quality education and to improving students' safety and well-being, including by empowering families with emergency learning scholarships.
§ 9902. Definitions

In this chapter:

(1) Eligible entity; family literacy services

(A) Eligible entity

The term "eligible entity" means an entity—

(i) that is an eligible entity described in paragraph (1) (as in effect on the day before October 27, 1998) as of the day before October 27, 1998, or is designated by the process described in section 9909 of this title (including an organization serving migrant or seasonal farmworkers that is so described or designated); and

(ii) that has a tripartite board or other mechanism described in subsection (a) or (b), as appropriate, of section 9910 of this title.

(B) Family literacy services

The term "family literacy services" has the meaning given the term in section 9832 of this title.

(2) Poverty line

The term "poverty line" means the official poverty line defined by the Office of Management and Budget based on the most recent data available from the Bureau of the Census.

The Secretary shall revise annually (or at any shorter interval the Secretary determines to be feasible and desirable) the poverty line, which shall be used as a criterion of eligibility in the community services block grant program established under this chapter.

The required revision shall be accomplished by multiplying the official poverty line by the percentage change in the Consumer Price Index for All Urban Consumers during the annual or other interval immediately preceding the time at which the revision is made. Whenever a State determines that it serves the objectives of the block grant program established under this chapter, the State may revise the poverty line to not to exceed 125 percent of the official poverty line otherwise applicable under this paragraph.

(3) Private, nonprofit organization

The term "private, nonprofit organization" includes a religious organization, to which the provisions of section 9920 of this title shall apply.

(4) Secretary

The term "Secretary" means the Secretary of Health and Human Services.

(5) State

The term "State" means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the United States Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands.

§ 9903. Authorization of appropriations

(a) In general

There are authorized to be appropriated such sums as may be necessary for each of fiscal years 1999 through 2003 to carry out the provisions of this chapter (other than sections 9922 and 9923 of this title).

(b) Reservations

Of the amounts appropriated under subsection (a) for each fiscal year, the Secretary shall reserve—

(1) 1/2 of 1 percent for carrying out section 9905 of this title (relating to payments for territories);

(2) 11/2 percent for activities authorized in sections 9913 through 9918 of this title, of which—

(A) not less than 1/2 of the amount reserved by the Secretary under this paragraph shall be distributed directly to eligible entities, organizations, or associations described in section 9913(c)(2) of this title for the purpose of carrying out activities described in section 9913(c) of this title; and

(B) 1/2 of the remainder of the amount reserved by the Secretary under this paragraph shall be used by the Secretary to carry out evaluation and to assist States in carrying out corrective action activities and monitoring (to correct programmatic deficiencies of eligible entities), as described in sections 9914(c) and 9913 of this title; and

(3) 9 percent for carrying out section 9921 of this title (relating to discretionary activities) and section 9917(b)(2) of this title.

§ 9904. Establishment of block grant program

The Secretary is authorized to establish a community services block grant program and
make grants through the program to States to ameliorate the causes of poverty in communities within the States.

§ 9905. Distribution to territories

(a) Apportionment

The Secretary shall apportion the amount reserved under section 9903(b)(1) of this title for each fiscal year on the basis of need among Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(b) Application

Each jurisdiction to which subsection (a) applies may receive a grant under this section for the amount apportioned under subsection (a) on submitting to the Secretary, and obtaining approval of, an application, containing provisions that describe the programs for which assistance is sought under this section, that is prepared in accordance with, and contains the information described in, section 9008 of this title.

§ 9906. Allotments and payments to States

(a) Allotments in general

The Secretary shall, from the amount appropriated under section 9903(a) of this title for each fiscal year that remains after the Secretary makes the reservations required in section 9903(b) of this title, allot to each State (subject to section 9911 of this title) an amount that bears the same ratio to such remaining amount as the amount received by the State for fiscal year 1981 under section 2808 of this title bore to the total amount received by all States for fiscal year 1981 under such section, except—

(1) that no State shall receive less than 1/4 of 1 percent of the amount appropriated under section 9903(a) of this title for such fiscal year; and

(2) as provided in subsection (b).

(b) Allotments in years with greater available funds

(1) Minimum allotments

Subject to paragraphs (2) and (3), if the amount appropriated under section 9903(a) of this title for a fiscal year that remains after the Secretary makes the reservations required in section 9903(b) of this title exceeds $345,000,000, the Secretary shall allot to each State not less than 1/2 of 1 percent of the amount appropriated under section 9903(a) of this title for such fiscal year.

(2) Maintenance of fiscal year 1990 levels

Paragraph (1) shall not apply with respect to a fiscal year if the amount allotted under subsection (a) to any State for that year is less than the amount allotted under section 9903(a)(1) of this title (as in effect on September 30, 1989) to such State for fiscal year 1990.

(3) Maximum allotments

The amount allotted under paragraph (1) to a State for a fiscal year shall be reduced, if necessary, so that the aggregate amount allotted to such State under such paragraph and subsection (a) does not exceed 140 percent of the aggregate amount allotted to such State under the corresponding provisions of this chapter for the preceding fiscal year.

(c) Payments

The Secretary shall make grants to eligible States for the allotments described in subsections (a) and (b). The Secretary shall make payments for the grants in accordance with section 6303(a) of title 31.

(d) Definition

In this section, the term “State” does not include Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

REFERENCES IN TEXT

PRIOR PROVISIONS

§ 9907. Uses of funds

(a) Grants to eligible entities and other organizations

(1) In general

Not less than 90 percent of the funds made available to a State under section 9905 or 9906 of this title shall be used by the State to make grants for the purposes described in section 9901 of this title to eligible entities.

(2) Obligational authority

Funds distributed to eligible entities through grants made in accordance with para-
§ 9907  TITLE 42—THE PUBLIC HEALTH AND WELFARE

graph (1) for a fiscal year shall be available for obligation during that fiscal year and the succeeding fiscal year, subject to paragraph (3).

(3) Recapture and redistribution of unobligated funds

(A) Amount

Beginning on October 1, 2000, a State may recapture and redistribute funds distributed to an eligible entity through a grant made under paragraph (1) that are unobligated at the end of a fiscal year if such unobligated funds exceed 20 percent of the amount so distributed to such eligible entity for such fiscal year.

(B) Redistribution

In redistributing funds recaptured in accordance with this paragraph, States shall require the original recipient of the funds to redistribute the funds to a private, nonprofit organization, located within the community served by the original recipient of the funds, for activities consistent with the purposes of this chapter.

(b) Statewide activities

(1) Use of remainder

If a State uses less than 100 percent of the grant or allotment received under section 9905 or 9906 of this title to make grants under subsection (a), the State shall use the remainder of the grant or allotment under section 9905 or 9906 of this title (subject to paragraph (2)) for activities that may include—

(A) providing training and technical assistance to those entities in need of such training and assistance;

(B) coordinating State-operated programs and services, and at the option of the State, locally-operated programs and services, targeted to low-income children and families with services provided by eligible entities and other organizations funded under this chapter, including detailing appropriate employees of State or local agencies to entities funded under this chapter, to ensure increased access to services provided by such State or local agencies;

(C) supporting statewide coordination and communication among eligible entities;

(D) analyzing the distribution of funds made available under this chapter within the State to determine if such funds have been targeted to the areas of greatest need;

(E) supporting asset-building programs for low-income individuals, such as programs supporting individual development accounts;

(F) supporting innovative programs and activities conducted by community action agencies or other neighborhood-based organizations to eliminate poverty, promote self-sufficiency, and promote community revitalization;

(G) supporting State charity tax credits as described in subsection (c); and

(H) supporting other activities, consistent with the purposes of this chapter.

(2) Administrative cap

No State may spend more than the greater of $55,000, or 5 percent, of the grant received under section 9905 of this title or State allotment received under section 9906 of this title for administrative expenses, including monitoring activities. Funds to be spent for such expenses shall be taken from the portion of the grant under section 9905 of this title or State allotment that remains after the State makes grants to eligible entities under subsection (a). The cost of activities conducted under paragraph (1)(A) shall not be considered to be administrative expenses. The startup cost and cost of administrative activities conducted under subsection (c) shall be considered to be administrative expenses.

(c) Charity tax credit

(1) In general

Subject to paragraph (2), if there is in effect under State law a charity tax credit, the State may use for any purpose the amount of the allotment that is available for expenditure under subsection (b).

(2) Limit

The aggregate amount a State may use under paragraph (1) during a fiscal year shall not exceed 100 percent of the revenue loss of the State during the fiscal year that is attributable to the charity tax credit, as determined by the Secretary of the Treasury without regard to any such revenue loss occurring before January 1, 1999.

(3) Definitions and rules

In this subsection:

(A) Charity tax credit

The term “charity tax credit” means a nonrefundable credit against State income tax (or, in the case of a State that does not impose an income tax, a comparable benefit) that is allowable for contributions, in cash or in kind, to qualified charities.

(B) Qualified charity

(i) In general

The term “qualified charity” means any organization—

(I) that is—

(aa) described in section 501(c)(3) of title 26 and exempt from tax under section 501(a) of such title;

(bb) an eligible entity; or

(cc) a public housing agency as defined in section 1437a(b)(6) of this title;

(II) that is certified by the appropriate State authority as meeting the requirements of clauses (iii) and (iv); and

(iii) if such organization is otherwise required to file a return under section 6033 of such title, that elects to treat the information required to be furnished by clause (v) as being specified in section 6033(b) of such title;

(ii) Certain contributions to collection organizations treated as contributions to qualified charity

(I) In general

A contribution to a collection organization shall be treated as a contribution to a qualified charity if the donor des-
ignates in writing that the contribution is for the qualified charity.

**II. Collection organization**

The term “collection organization” means an organization described in section 501(c)(3) of such title and exempt from tax under section 501(a) of such title—

(aa) that solicits and collects gifts and grants that, by agreement, are distributed to qualified charities;

(bb) that distributes to qualified charities at least 90 percent of the gifts and grants the organization receives that are designated for such qualified charities; and

(cc) that meets the requirements of clause (vi).

(iii) Charity must primarily assist poor individuals

(I) In general

An organization meets the requirements of this clause only if the appropriate State authority reasonably expects that the predominant activity of such organization will be the provision of direct services within the United States to individuals and families whose annual incomes generally do not exceed 185 percent of the poverty line in order to prevent or alleviate poverty among such individuals and families.

(II) No recordkeeping in certain cases

An organization shall not be required to establish or maintain records with respect to the incomes of individuals and families for purposes of subclause (I) if such individuals or families are members of groups that are generally recognized as including substantially only individuals and families described in subclause (I).

(III) Food aid and homeless shelters

Except as otherwise provided by the appropriate State authority, for purposes of subclause (I), services to individuals in the form of—

(aa) donations of food or meals; or

(bb) temporary shelter to homeless individuals;

shall be treated as provided to individuals described in subclause (I) if the location and provision of such services are such that the service provider may reasonably conclude that the beneficiaries of such services are predominantly individuals described in subclause (I).

(iv) Minimum expense requirement

(I) In general

An organization meets the requirements of this clause only if the appropriate State authority reasonably expects that the annual poverty program expenses of such organization will not be less than 75 percent of the annual aggregate expenses of such organization.

(II) Poverty program expense

For purposes of subclause (I)—

(aa) In general

The term “poverty program expense” means any expense in providing direct services referred to in clause (iii).

(bb) Exceptions

Such term shall not include any management or general expense, any expense for the purpose of influencing legislation (as defined in section 491(d) of title 26), any expense for the purpose of fundraising, any expense for a legal service provided on behalf of any individual referred to in clause (iii), any expense for providing tuition assistance relating to compulsory school attendance, and any expense that consists of a payment to an affiliate of the organization.

(v) Reporting requirement

The information required to be furnished under this clause about an organization is—

(I) the percentages determined by dividing the following categories of the organization’s expenses for the year by the total expenses of the organization for the year: expenses for direct services, management expenses, general expenses, fundraising expenses, and payments to affiliates; and

(II) the category or categories (including food, shelter, education, substance abuse prevention or treatment, job training, or other) of services that constitute predominant activities of the organization.

(vi) Additional requirements for collection organizations

The requirements of this clause are met if the organization—

(I) maintains separate accounting for revenues and expenses; and

(II) makes available to the public information on the administrative and fundraising costs of the organization, and information as to the organizations receiving funds from the organization and the amount of such funds.

(vii) Special rule for States requiring tax uniformity

In the case of a State—

(I) that has a constitutional requirement of tax uniformity; and

(II) that, as of December 31, 1997, imposed a tax on personal income with—

(aa) a single flat rate applicable to all earned and unearned income (except insofar as any amount is not taxed pursuant to tax forgiveness provisions); and

(bb) no generally available exemptions or deductions to individuals;

the requirement of paragraph (2) shall be treated as met if the amount of the credit described in paragraph (2) is limited to a uniform percentage (but not greater than 25 percent) of State personal income tax liability (determined without regard to credits).
§ 9908

(4) Limitation on use of funds for startup and administrative activities

Except to the extent provided in subsection (b)(2), no part of the aggregate amount a State uses under paragraph (1) may be used to pay for the cost of the startup and administrative activities conducted under this subsection.

(5) Prohibition on use of funds for legal services or tuition assistance

No part of the aggregate amount a State uses under paragraph (1) may be used to provide legal services or to provide tuition assistance related to compulsory education requirements (not including tuition assistance for tutoring, camps, skills development, or other supplemental services or training).

(6) Prohibition on supplanting funds

No part of the aggregate amount a State uses under paragraph (1) may be used to supplant non-Federal funds that would be available, in the absence of Federal funds, to offset a revenue loss of the State attributable to a charity tax credit.

§ 9908. Application and plan

(a) Designation of lead agency

(1) Designation

The chief executive officer of a State desiring to receive a grant or allotment under section 9905 or 9906 of this title shall designate, in an application submitted to the Secretary under subsection (b), an appropriate State agency that complies with the requirements of paragraph (2) to act as a lead agency for purposes of carrying out State activities under this chapter.

(2) Duties

The lead agency shall—

(A) develop the State plan to be submitted to the Secretary under subsection (b);

(B) in conjunction with the development of the State plan as required under subsection (b), hold at least one hearing in the State with sufficient time and statewide distribution of notice of such hearing, to provide to the public an opportunity to comment on the proposed use and distribution of funds to be provided through the grant or allotment under section 9905 or 9906 of this title for the period covered by the State plan; and

(C) conduct reviews of eligible entities under section 9914 of this title.

(b) State application and plan

Beginning with fiscal year 2000, to be eligible to receive a grant or allotment under section 9905 or 9906 of this title, a State shall prepare and submit to the Secretary an application and State plan covering a period of not less than 1 fiscal year and not more than 2 fiscal years. The plan shall be submitted not later than 30 days prior to the beginning of the first fiscal year covered by the plan, and shall contain such information as the Secretary shall require, including—

(1) an assurance that funds made available through the grant or allotment will be used—

(A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), homeless families and individuals, migrant or seasonal farmworkers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals—

(i) to remove obstacles and solve problems that block the achievement of self-sufficiency (including self-sufficiency for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);

(ii) to secure and retain meaningful employment;

(iii) to attain an adequate education, with particular attention toward improving literacy skills of the low-income families in the communities involved, which may include carrying out family literacy initiatives;

(iv) to make better use of available income;

(v) to obtain and maintain adequate housing and a suitable living environment;

(vi) to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent family and individual needs; and

(vii) to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to—

(I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and

(II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as—
(i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and

(ii) after-school child care programs; and

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this chapter (including State welfare reform efforts);

(2) a description of how the State intends to use discretionary funds made available from the remainder of the grant or allotment described in section 9907(b) of this title in accordance with this chapter, including a description of how the State will support innovative community and neighborhood-based initiatives related to the purposes of this chapter;

(3) information provided by eligible entities in the State, containing—

(A) a description of the service delivery system, for services provided or coordinated with funds made available through grants made under section 9907(a) of this title, targeted to low-income individuals and families in communities within the State;

(B) a description of how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations;

(C) a description of how funds made available through grants made under section 9907(a) of this title will be coordinated with other public and private resources; and

(D) a description of how the local entity will use the funds to support innovative community and neighborhood-based initiatives related to the purposes of this chapter, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging effective parenting;

(4) an assurance that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals;

(5) an assurance that the State and the eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services to low-income individuals and to avoid duplication of such services, and a description of how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act [29 U.S.C. 3102], in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act;

(6) an assurance that the State will ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI [42 U.S.C. 8621 et seq.] (relating to low-income home energy assistance) are conducted in such community;

(7) an assurance that the State will permit and cooperate with Federal investigations undertaken in accordance with section 9916 of this title;

(8) an assurance that any eligible entity in the State that received funding in the previous fiscal year through a community services block grant made under this chapter will not have its funding terminated under this chapter, or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in section 9915(b) of this title;

(9) an assurance that the State and eligible entities in the State will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations;

(10) an assurance that the State will require each eligible entity in the State to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation;

(11) an assurance that the State will secure from each eligible entity in the State, as a condition to receipt of funding by the entity through a community services block grant made under this chapter for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs;

(12) an assurance that the State and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to section 9917(b) of this title, or an alternative system for measuring performance and results that meets the requirements of that section, and a description of outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization; and

(13) information describing how the State will carry out the assurances described in this subsection.
(c) Funding termination or reductions

For purposes of making a determination in accordance with subsection (b)(8) with respect to—

(1) a funding reduction, the term “cause” includes—

(A) a statewide redistribution of funds provided through a community services block grant under this chapter to respond to—

(i) the results of the most recently available census or other appropriate data;
(ii) the designation of a new eligible entity; or
(iii) severe economic dislocation; or

(B) the failure of an eligible entity to comply with the terms of an agreement or a State plan, or to meet a State requirement, as described in section 9915(a) of this title; and

(2) a termination, the term “cause” includes the failure of an eligible entity to comply with the terms of an agreement or a State plan, or to meet a State requirement, as described in section 9915(a) of this title.

(d) Procedures and information

The Secretary may prescribe procedures for the purpose of assessing the effectiveness of eligible entities in carrying out the purposes of this chapter.

(e) Revisions and inspection

(1) Revisions

The chief executive officer of each State may revise any plan prepared under this section and shall submit the revised plan to the Secretary.

(2) Public inspection

Each plan or revised plan prepared under this section shall be made available for public inspection within the State in such a manner as will facilitate review of, and comment on, the plan.

(f) Transition

For fiscal year 2000, to be eligible to receive a grant or allotment under section 9905 or 9906 of this title, a State shall prepare and submit to the Secretary an application and State plan in accordance with the provisions of this chapter (as in effect on the day before October 27, 1998), rather than the provisions of subsections (a) through (c) relating to applications and plans.

A prior section 676 of Pub. L. 97–35 was classified to section 9905 of this title, prior to the general amendment of this chapter by Pub. L. 105–285.

AMENDMENTS

2014—Subsec. (b)(5). Pub. L. 113–128 substituted “the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act” for “the eligible entities will coordinate the provision of employment and training activities, as defined in section 101 of such Act, in the State and in communities with entities providing activities through statewide and local workforce investment systems under the Workforce Investment Act of 1998”.

EFFECTIVE DATE OF 2014 AMENDMENT

Amendment by Pub. L. 113–128 effective on the first day of the first full program year after July 22, 2014 (July 1, 2015), see section 306 of Pub. L. 113–128, set out as an Effective Date note under section 3101 of Title 29, Labor.

§ 9909. Designation and redesignation of eligible entities in unserved areas

(a) Qualified organization in or near area

(1) In general

If any geographic area of a State is not, or ceases to be, served by an eligible entity under this chapter, and if the chief executive officer of the State decides to serve such area, the chief executive officer may solicit applications from, and designate as an eligible entity—

(A) a private nonprofit organization (which may include an eligible entity) that is geographically located in the unserved area, that is capable of providing a broad range of services designed to eliminate poverty and foster self-sufficiency, and that meets the requirements of this chapter; and

(B) a private nonprofit eligible entity that is geographically located in an area contiguous to or within reasonable proximity of the unserved area and that is already providing related services in the unserved area.

(2) Requirement

In order to serve as the eligible entity for the area, an entity described in paragraph (1)(B) shall agree to add additional members to the board of the entity to ensure adequate representation—

(A) in each of the three required categories described in subparagraphs (A), (B), and (C) sections and notes in the Code. For complete classification of this Act to the Code, see Short Title note set out under section 3101 of Title 29 and Tables.

PRIOR PROVISIONS

A prior section 676 of Pub. L. 97–35 was classified to section 9905 of this title, prior to the general amendment of this chapter by Pub. L. 105–285.
§ 9910. Tripartite boards

(a) Private nonprofit entities

(1) Board

In order for a private, nonprofit entity to be considered to be an eligible entity for purposes of section 9902(1) of this title, the entity shall administer the community services block grant program through a tripartite board described in paragraph (2) that fully participates in the development, planning, implementation, and evaluation of the program to serve low-income communities.

(2) Selection and composition of board

The members of the board referred to in paragraph (1) shall be selected by the entity and the board shall be composed so as to assure that—

(A) ⅓ of the members of the board are elected public officials, holding office on the date of selection, or their representatives, except that if the number of such elected officials reasonably available and willing to serve on the board is less than ⅓ of the membership of the board, membership on the board of appointive public officials or their representatives may be counted in meeting such ⅓ requirement;

(B) not fewer than ⅕ of the members are persons chosen in accordance with democratic selection procedures adequate to assure that these members are representative of low-income individuals and families in the neighborhood served; and

(ii) each representative of low-income individuals and families selected to represent a specific neighborhood within a community under clause (i) resides in the neighborhood represented by the member; and

(C) the remainder of the members are officials or members of business, industry, labor, religious, law enforcement, education, or other major groups and interests in the community served.

(b) Public organizations

In order for a public organization to be considered to be an eligible entity for purposes of section 9902(1) of this title, the entity shall administer the community services block grant program through—

(1) a tripartite board, which shall have members selected by the organization and shall be composed so as to assure that not fewer than ⅕ of the members are persons chosen in accordance with democratic selection procedures adequate to assure that these members—

(A) are representative of low-income individuals and families in the neighborhood served;

(B) reside in the neighborhood served; and

(C) are able to participate actively in the development, planning, implementation, and evaluation of programs funded under this chapter; or

(2) another mechanism specified by the State to assure decisionmaking and participation by low-income individuals in the development, planning, implementation, and evaluation of programs funded under this chapter.

Prior Provisions

Prior sections 9910 and 9910a were omitted in the general amendment of this chapter by Pub. L. 105–285.

Prior section 9910b, Pub. L. 99–425, title IV, § 408, Sept. 30, 1986, 100 Stat. 972, as amended, which related to demonstration partnership agreements addressing needs of poor, was transferred to section 9925 of this title.

sional programs designed to provide instructional activities for low-income youth, prior to the general amendment of this chapter by Pub. L. 105–285.

A prior section 9911, Pub. L. 100–485, title V, §505, Oct. 13, 1988, 102 Stat. 2404, as amended, which related to demonstration partnership agreements addressing needs of poor, was transferred to section 9926 of this title.

§ 9911. Payments to Indian tribes

(a) Reservation

If, with respect to any State, the Secretary—

(1) receives a request from the governing body of an Indian tribe or tribal organization within the State that assistance under this chapter be made directly to such tribe or organization; and

(2) determines that the members of such tribe or tribal organization would be better served by means of grants made directly to provide benefits under this chapter,

the Secretary shall reserve from amounts that would otherwise be allotted to such State under section 9906 of this title for the fiscal year the amount determined under subsection (b).

(b) Determination of reserved amount

The Secretary shall reserve for the purpose of subsection (a) from amounts that would otherwise be allotted to such State, not less than 100 percent of an amount that bears the same ratio to the State allotment for the fiscal year involved as the population of all eligible Indians for whom a determination has been made under subsection (a) bears to the population of all individuals eligible for assistance through a community services block grant made under this chapter in such State.

(c) Awards

The sums reserved by the Secretary on the basis of a determination made under subsection (a) shall be made available by grant to the Indian tribe or tribal organization serving the individuals for whom such a determination has been made.

(d) Plan

In order for an Indian tribe or tribal organization to be eligible for a grant award for a fiscal year under this section, the tribe or organization shall submit to the Secretary a plan for such fiscal year that meets such criteria as the Secretary may prescribe by regulation.

(e) Definitions

In this section:

(1) Indian tribe; tribal organization

The terms ‘‘Indian tribe’’ and ‘‘tribal organization’’ mean a tribe, band, or other organized group recognized in the State in which the tribe, band, or group resides, or considered by the Secretary of the Interior, to be an Indian tribe or an Indian organization for any purpose.

(2) Indian

The term ‘‘Indian’’ means a member of an Indian tribe or of a tribal organization.

(1) ensure that the needs of eligible entities and programs relating to improving program quality (including quality of financial management practices) are addressed to the maximum extent feasible; and

(2) incorporate mechanisms to ensure responsiveness to local needs, including an ongoing procedure for obtaining input from the national and State networks of eligible entities.

(c) Distribution requirement

(1) In general

The amounts reserved under section 9903(b)(2)(A) of this title for activities to be carried out under this subsection shall be distributed directly to eligible entities, organizations, or associations described in paragraph (2) for the purpose of improving program quality (including quality of financial management practices), management information and reporting systems, and measurement of program results, and for the purpose of ensuring responsiveness to identified local needs.

(2) Eligible entities, organizations, or associations

Eligible entities, organizations, or associations described in this paragraph shall be eligible entities, or statewide or local organizations or associations, with demonstrated expertise in providing training to individuals and organizations on methods of effectively addressing the needs of low-income families and communities.

§ 9914. Monitoring of eligible entities

(a) In general

In order to determine whether eligible entities meet the performance goals, administrative standards, financial management requirements, and other requirements of a State, the State shall conduct the following reviews of eligible entities:

(1) A full onsite review of each such entity at least once during each 3-year period.

(2) An onsite review of each newly designated entity immediately after the completion of the first year in which such entity receives funds through the community services block grant program.

(3) Followup reviews including prompt return visits to eligible entities, and their programs, that fail to meet the goals, standards, and requirements established by the State.

(4) Other reviews as appropriate, including reviews of entities with programs that have had other Federal, State, or local grants (other than assistance provided under this chapter) terminated for cause.

(b) Requests

The State may request training and technical assistance from the Secretary as needed to comply with the requirements of this section.

(c) Evaluations by the Secretary

The Secretary shall conduct in several States in each fiscal year evaluations (including investigations) of the use of funds received by the States under this chapter in order to evaluate compliance with the provisions of this chapter, and especially with respect to compliance with section 9908(b) of this title. The Secretary shall submit, to each State evaluated, a report containing the results of such evaluations, and recommendations of improvements designed to enhance the benefit and impact of the activities carried out with such funds for people in need. On receiving the report, the State shall submit to the Secretary a plan of action in response to the recommendations contained in the report. The results of the evaluations shall be submitted annually to the Chairperson of the Committee on Education and the Workforce of the House of Representatives and the Chairperson of the Committee on Labor and Human Resources of the Senate as part of the report submitted by the Secretary in accordance with section 9917(b)(2) of this title.

§ 9915. Corrective action; termination and reduction of funding

(a) Determination

If the State determines, on the basis of a final decision in a review pursuant to section 9914 of this title, that an eligible entity fails to comply with the terms of an agreement, or the State plan, to provide services under this chapter or to meet appropriate standards, goals, and other requirements established by the State (including performance objectives), the State shall—

(1) inform the entity of the deficiency to be corrected;

(2) require the entity to correct the deficiency;

(3)(A) offer training and technical assistance, if appropriate, to help correct the deficiency, and prepare and submit to the Secretary a report describing the training and technical assistance offered; or

(B) if the State determines that such training and technical assistance are not appropriate, prepare and submit to the Secretary a report stating the reasons for the determination;

(4)(A) at the discretion of the State (taking into account the seriousness of the deficiency and the time reasonably required to correct the deficiency), allow the entity to develop and implement, within 60 days after being informed of the deficiency, a quality improvement plan to correct such deficiency within a reasonable period of time, as determined by the State; and

(B) not later than 30 days after receiving from an eligible entity a proposed quality improvement plan pursuant to subparagraph (A),
either approve such proposed plan or specify the reasons why the proposed plan cannot be approved; and

(5) after providing adequate notice and an opportunity for a hearing, initiate proceedings to terminate the designation of or reduce the funding under this chapter of the eligible entity unless the entity corrects the deficiency.

(b) Review

A determination to terminate the designation or reduce the funding of an eligible entity is reviewable by the Secretary. The Secretary shall, upon request, review such a determination. The review shall be completed not later than 90 days after the Secretary receives from the State all necessary documentation relating to the determination to terminate the designation or reduce the funding. If the review is not completed within 90 days, the determination of the State shall become final at the end of the 90th day.

(c) Direct assistance

Whenever a State violates the assurances contained in section 9908(b)(8) of this title and terminates or reduces the funding of an eligible entity prior to the completion of the State hearing described in that section and the Secretary’s review as required in subsection (b), the Secretary is authorized to provide financial assistance under this chapter to the eligible entity affected until the violation is corrected. In such a case, the grant or allotment for the State under section 9905 or 9906 of this title for the earliest appropriate fiscal year shall be reduced by an amount equal to the funds provided under this subsection to such eligible entity.

§9916. Fiscal controls, audits, and withholding

(a) Fiscal controls, procedures, audits, and inspections

(1) In general

A State that receives funds under this chapter shall—

(A) establish fiscal control and fund accounting procedures necessary to assure the proper disbursement and accounting for Federal funds paid to the State under this chapter, including procedures for monitoring the funds provided under this chapter;

(B) ensure that cost and accounting standards of the Office of Management and Budget apply to a recipient of the funds under this chapter;

(C) subject to paragraph (2), prepare, at least every year, an audit of the expenditures of the State of amounts received under this chapter and amounts transferred to carry out the purposes of this chapter; and

(D) make appropriate books, documents, papers, and records available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for examination, copying, or mechanical reproduction on or off the premises of the appropriate entity upon a reasonable request for the items.

(2) Audits

(A) In general

Subject to subparagraph (B), each audit required by subsection (a)(1)(C) shall be conducted by an entity independent of any agency administering activities or services carried out under this chapter and shall be conducted in accordance with generally accepted accounting principles.

(B) Single audit requirements

Audits shall be conducted under this paragraph in the manner and to the extent provided in chapter 75 of title 31 (commonly known as the “Single Audit Act Amendments of 1996”).

(C) Submission of copies

Within 30 days after the completion of each such audit in a State, the chief executive officer of the State shall submit a copy of such audit to any eligible entity that was the subject of the audit at no charge, to the legislature of the State, and to the Secretary.

(3) Repayments

The State shall repay to the United States amounts found not to have been expended in accordance with this chapter or the Secretary may offset such amounts against any other amount to which the State is or may become entitled under this chapter.

(b) Withholding

(1) In general

The Secretary shall, after providing adequate notice and an opportunity for a hearing conducted within the affected State, withhold funds from any State that does not utilize the grant or allotment under section 9905 or 9906 of this title in accordance with the provisions of this chapter, including the assurances such State provided under section 9908 of this title.

(2) Response to complaints

The Secretary shall respond in an expeditious and speedy manner to complaints of a substantial or serious nature that a State has failed to use funds in accordance with the provisions of this chapter, including the assurances provided by the State under section 9908 of this title. For purposes of this paragraph, a complaint of a failure to meet any one of the assurances provided under section 9908 of this title that constitutes disregarding that assurance shall be considered to be a complaint of a serious nature.

(3) Investigations

Whenever the Secretary determines that there is a pattern of complaints of failures described in paragraph (2) from any State in any fiscal year, the Secretary shall conduct an investigation of the use of funds received under this chapter by such State in order to ensure compliance with the provisions of this chapter.

§ 9917. Accountability and reporting requirements

(a) State accountability and reporting requirements

(1) Performance measurement

(A) In general

By October 1, 2001, each State that receives funds under this chapter shall participate, and shall ensure that all eligible entities in the State participate, in a performance measurement system, which may be a performance measurement system for which the Secretary facilitated development pursuant to subsection (b), or an alternative system that the Secretary is satisfied meets the requirements of subsection (b).

(B) Local agencies

The State may elect to have local agencies that are subcontractors of the eligible entities under this chapter participate in the performance measurement system. If the State makes that election, references in this section to eligible entities shall be considered to include the local agencies.

(2) Annual report

Each State shall annually prepare and submit to the Secretary a report on the measured performance of the State and the eligible entities in the State. Prior to the participation of the State in the performance measurement system, the State shall include in the report any information collected by the State relating to such performance. Each State shall also include in the report an accounting of the expenditure of funds received by the State through the community services block grant program, including an accounting of funds spent on administrative costs by the State and the eligible entities, and funds spent by eligible entities on the direct delivery of local services, and shall include information on the number of and characteristics of clients served under this chapter in the State, based on data collected from the eligible entities. The State shall also include in the report a summary describing the training and technical assistance offered by the State under section 9915(a)(3) of this title during the year covered by the report.

(b) Secretary’s accountability and reporting requirements

(1) Performance measurement

The Secretary, in collaboration with the States and with eligible entities throughout the Nation, shall facilitate the development of one or more model performance measurement systems, which may be used by the States and by eligible entities to measure their performance in carrying out the requirements of this chapter and in achieving the goals of their community action plans. The Secretary shall provide technical assistance, including support for the enhancement of electronic data systems, to States and to eligible entities to enhance their capability to collect and report data for such a system and to aid in their participation in such a system.

(2) Reporting requirements

At the end of each fiscal year beginning after September 30, 1999, the Secretary shall, directly or by grant or contract, prepare a report containing—

(A) a summary of the planned use of funds by each State, and the eligible entities in the State, under the community services block grant program, as contained in each State plan submitted pursuant to section 9908 of this title;

(B) a description of how funds were actually spent by the State and eligible entities in the State, including a breakdown of funds spent on administrative costs and on the direct delivery of local services by eligible entities;

(C) information on the number of entities eligible for funds under this chapter, the number of low-income persons served under this chapter, and such demographic data on the low-income populations served by eligible entities as is determined by the Secretary to be feasible;

(D) a comparison of the planned uses of funds for each State and the actual uses of the funds;

(E) a summary of each State’s performance results, and the results for the eligible entities, as collected and submitted by the States in accordance with subsection (a)(2); and

(F) any additional information that the Secretary considers to be appropriate to carry out this chapter, if the Secretary informs the States of the need for such additional information and allows a reasonable period of time for the States to collect and provide the information.

(3) Submission

The Secretary shall submit to the Committee on Education and the Workforce of the House of Representatives and the Committee on Labor and Human Resources of the Senate the report described in paragraph (2), and any comments the Secretary may have with respect to such report. The report shall include definitions of direct and administrative costs used by the Department of Health and Human Services for programs funded under this chapter.

(4) Costs

Of the funds reserved under section 9903(b)(3) of this title, not more than $350,000 shall be available to carry out the reporting requirements contained in paragraph (2).

CHANGE OF NAME

Committee on Education and the Workforce of House of Representatives changed to Committee on Education and Labor of House of Representatives by House Resolution No. 6, One Hundred Sixteenth Congress, Jan. 9, 2019.

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.
§ 9918. Limitations on use of funds

(a) Construction of facilities

(1) Limitations

Except as provided in paragraph (2), grants made under this chapter (other than amounts reserved under section 9905(b)(3) of this title) may not be used by the State, or by any other person with which the State makes arrangements to carry out the purposes of this chapter, for the purchase or improvement of land, or the purchase, construction, or permanent improvement (other than low-cost residential weatherization or other energy-related home repairs) of any building or other facility.

(2) Waiver

The Secretary may waive the limitation contained in paragraph (1) upon a State request for such a waiver, if the Secretary finds that the request describes extraordinary circumstances to justify the purchase of land or the construction of facilities (or the making of permanent improvements) and that permitting the waiver will contribute to the ability of the State to carry out the purposes of this chapter.

(b) Political activities

(1) Treatment as a State or local agency

For purposes of chapter 15 of title 5, any entity that assumes responsibility for planning, developing, and coordinating activities under this chapter and receives assistance under this chapter shall be deemed to be a State or local agency. For purposes of paragraphs (1) and (2) of section 1502(a) of such title, any entity receiving assistance under this chapter shall be deemed to be a State or local agency.

(2) Prohibitions

Programs assisted under this chapter shall not be carried on in a manner involving the use of program funds, the provision of services, or the employment or assignment of personnel, in a manner supporting or resulting in the identification of such programs with—

(A) any partisan or nonpartisan political activity or any political activity associated with a candidate, or contending faction or group, in an election for public or party office;

(B) any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with any such election; or

(C) any voter registration activity.

(3) Rules and regulations

The Secretary, after consultation with the Office of Personnel Management, shall issue rules and regulations to provide for enforcement of this subsection, which shall include provisions for summary suspension of assistance or other action necessary to permit enforcement on an emergency basis.

(c) Nondiscrimination

(1) In general

No person shall, on the basis of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or in part with funds made available under this chapter. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.) or with respect to an otherwise qualified individual with a disability as provided in section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), or title II of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131 et seq.) shall also apply to any such program or activity.

(2) Action of Secretary

Whenever the Secretary determines that a State that has received a payment under this chapter has failed to comply with paragraph (1) or an applicable regulation, the Secretary shall notify the chief executive officer of the State and shall request that the officer secure compliance. If within a reasonable period of time, not to exceed 60 days, the chief executive officer fails or refuses to secure compliance, the Secretary is authorized to—

(A) refer the matter to the Attorney General with a recommendation that an appropriate civil action be instituted;

(B) exercise the powers and functions provided by title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), or title II of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131 et seq.), as may be applicable; or

(C) take such other action as may be provided by law.

(3) Action of Attorney General

When a matter is referred to the Attorney General pursuant to paragraph (2), or whenever the Attorney General has reason to believe that the State is engaged in a pattern or practice of discrimination in violation of the provisions of this subsection, the Attorney General may bring a civil action in any appropriate United States district court for such relief as may be appropriate, including injunctive relief.

REFERENCES IN TEXT

The Age Discrimination Act of 1975, referred to in subsec. (c)(1), (2)(B), is title III of Pub. L. 94–135, Nov. 29, 1975, 89 Stat. 728, as amended, which is classified generally to chapter 76 (§6101 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 6101 of this title and Tables.

§ 9919. Drug and child support services and referrals

(a) Drug testing and rehabilitation

(1) In general

Nothing in this chapter shall be construed to prohibit a State from testing participants in programs, activities, or services carried out or provided under this chapter for controlled substances. A State that conducts such testing shall inform the participants who test positive for any of such substances about the availability of treatment or rehabilitation services and refer such participants for appropriate treatment or rehabilitation services.

(2) Administrative expenses

Any funds provided under this chapter expended for such testing shall be considered to be expended for administrative expenses and shall be subject to the limitation specified in section 9907(b)(2) of this title.

(3) Definition

In this subsection, the term “controlled substance” has the meaning given in the term in section 802 of title 21.

(b) Child support services and referrals

During each fiscal year for which an eligible entity receives a grant under section 9907 of this title, such entity shall—

(1) inform custodial parents in single-parent families that participate in programs, activities, or services carried out or provided under this chapter about the availability of child support services; and

(2) refer eligible parents to the child support offices of State and local governments.

§ 9920. Operational rule

(a) Religious organizations included as non-governmental providers

For any program carried out by the Federal Government, or by a State or local government under this chapter, the government shall consider—

(1) inform custodial parents in single-parent families that participate in programs, activities, or services carried out or provided under this chapter about the availability of child support services; and

(2) refer eligible parents to the child support offices of State and local governments.

(b) Religious character and independence

(1) In general

A religious organization that provides assistance under a program described in subsection (a) shall—

(A) to alter its form of internal governance, except (for purposes of administration of the community services block grant program) as provided in section 9910 of this title; or

(B) to remove religious art, icons, scripture, or other symbols;

in order to be eligible to provide assistance under a program described in subsection (a).

(3) Employment practices

A religious organization’s exemption provided under section 2000e–1 of this title regarding employment practices shall not be affected by its participation in, or receipt of funds from, programs described in subsection (a).

(c) Limitations on use of funds for certain purposes

No funds provided directly to a religious organization to provide assistance under any program described in subsection (a) shall be expended for sectarian worship, instruction, or proselytization.

(d) Fiscal accountability

(1) In general

Except as provided in paragraph (2), any religious organization providing assistance under any program described in subsection (a) shall be subject to the same regulations as other nongovernmental organizations to account in accord with generally accepted accounting principles for the use of such funds provided under such program.

(2) Limited audit

Such organization shall segregate government funds provided under such program into a separate account. Only the government funds shall be subject to audit by the government.

(e) Treatment of eligible entities and other intermediate organizations

If an eligible entity or other organization (referred to in this subsection as an “intermediate organization”), acting under a contract, or grant or other agreement, with the Federal Government or a State or local government, is given the authority under the contract or agreement to select nongovernmental organizations to provide assistance under the programs described in subsection (a), the intermediate organization shall have the same duties under this section as the government.

PRIOR PROVISIONS

A prior section 679 of Pub. L. 97–35 was classified to section 9908 of this title, prior to the general amendment of this chapter by Pub. L. 105–265.

§ 9921. Discretionary authority of Secretary

(a) Grants, contracts, arrangements, loans, and guarantees

(1) In general

The Secretary shall, from funds reserved under section 9903(b)(3) of this title, make grants, loans, or guarantees to States and pub-
lic agencies and private, nonprofit organizations, or enter into contracts or jointly financed cooperative arrangements with States and public agencies and private, nonprofit organizations (and for-profit organizations, to the extent specified in paragraph (2)(E)) for each of the objectives described in paragraphs (2) through (4).

(2) Community economic development

(A) Economic development activities

The Secretary shall make grants described in paragraph (1) on a competitive basis to private, nonprofit organizations that are community development corporations to provide technical and financial assistance for economic development activities designed to address the economic needs of low-income individuals and families by creating employment and business development opportunities.

(B) Consultation

The Secretary shall exercise the authority provided under subparagraph (A) after consultation with other relevant Federal officials.

(C) Governing boards

For a community development corporation to receive funds to carry out this paragraph, the corporation shall be governed by a board that shall consist of residents of the community and business and civic leaders and shall have as a principal purpose planning, developing, or managing low-income housing or community development projects.

(D) Geographic distribution

In making grants to carry out this paragraph, the Secretary shall take into consideration the geographic distribution of funding among States and the relative proportion of funding among rural and urban areas.

(E) Reservation

Of the amounts made available to carry out this paragraph, the Secretary may reserve not more than 1 percent for each fiscal year to make grants to private, nonprofit organizations or to enter into contracts with private, nonprofit or for-profit organizations to provide technical assistance to aid community development corporations in developing or implementing activities funded to carry out this paragraph and to evaluate activities funded to carry out this paragraph.

(3) Rural community development activities

The Secretary shall provide the assistance described in paragraph (1) for rural community development activities, which shall include providing—

(A) grants to private, nonprofit corporations to enable the corporations to provide assistance concerning home repair to rural low-income families and concerning planning and developing low-income rural rental housing units; and

(B) grants to multistate, regional, private, nonprofit organizations to enable the organizations to provide training and technical assistance to small, rural communities concerning meeting their community facility needs.

(4) Neighborhood innovation projects

The Secretary shall provide the assistance described in paragraph (1) for neighborhood innovation projects, which shall include providing grants to neighborhood-based private, nonprofit organizations to test or assist in the development of new approaches or methods that will aid in overcoming special problems identified by communities or neighborhoods or otherwise assist in furthering the purposes of this chapter, and which may include providing assistance for projects that are designed to serve low-income individuals and families who are not being effectively served by other programs.

(b) Evaluation

The Secretary shall require all activities receiving assistance under this section to be evaluated for their effectiveness. Funding for such evaluations shall be provided as a stated percentage of the assistance or through a separate grant awarded by the Secretary specifically for the purpose of evaluation of a particular activity or group of activities.

(c) Annual report

The Secretary shall compile an annual report containing a summary of the evaluations required in subsection (b) and a listing of all activities assisted under this section. The Secretary shall annually submit the report to the Chairperson of the Committee on Education and the Workforce of the House of Representatives and the Chairperson of the Committee on Labor and Human Resources of the Senate.

PRIOR PROVISIONS

A prior section 680 of Pub. L. 97–35 was classified to section 9909 of this title, prior to the general amendment of this chapter by Pub. L. 105–285.

CHANGE OF NAME

Committee on Education and the Workforce of House of Representatives changed to Committee on Education and Labor of House of Representatives by House Resolution No. 6, One Hundred Sixteenth Congress, Jan. 9, 2019.

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

PROCEDURES TO PERMIT GRANT FUNDS OR INTANGIBLE PROPERTY ACQUIRED BY GRANT FUNDS TO BECOME SOLE PROPERTY OF GRANTEES

Pub. L. 116–260, div. H, title II, Dec. 27, 2020, 134 Stat. 1584, provided in part: “That the Secretary of Health and Human Services shall establish procedures regarding the disposition of intangible assets and program income that permit such assets acquired with, and program income derived from, grant funds authorized under section 680 of the CSBG Act [Community Services Block Grant Act, 42 U.S.C. 9921] to become the sole property of such grantees after a period of not more than 12 years after the end of the grant period for any activity consistent with section 680(a)(2)(A) of the CSBG Act [42 U.S.C. 9921(a)(2)(A)]: Provided further, That intangible assets in the form of loans, equity investments and other debt instruments, and program in-
come may be used by grantees for any eligible purpose consistent with section 680(a)(2)(A) of the CSBG Act: Provided further, That these procedures shall apply to such grant funds made available after November 29, 1999.

Similar provisions were contained in the following prior appropriation acts:

§ 9922. Community food and nutrition programs

(a) Grants

The Secretary may, through grants to public and private, nonprofit agencies, provide for community-based, local, statewide, and national programs—

(1) to coordinate private and public food assistance resources, wherever the grant recipient involved determines such coordination to be inadequate, to better serve low-income populations;

(2) to assist low-income communities to identify potential sponsors of child nutrition programs and to initiate such programs in underserved or unserved areas; and

(3) to develop innovative approaches at the State and local level to meet the nutrition needs of low-income individuals.

(b) Allotments and distribution of funds

(1) Not to exceed $6,000,000 in appropriations

Of the amount appropriated for a fiscal year to carry out this section (but not to exceed $6,000,000), the Secretary shall distribute funds for grants under subsection (a) as follows:

(A) Allotments

From a portion equal to 60 percent of such amount (but not to exceed $3,600,000), the Secretary shall allot for grants to eligible agencies for statewide programs in each State the amount that bears the same ratio to such portion as the low-income and unemployed population of such State bears to the low-income and unemployed population of all the States.

(B) Competitive grants

From a portion equal to 40 percent of such amount (but not to exceed $2,400,000), the Secretary shall make grants on a competitive basis to eligible agencies for local and statewide programs.

(2) Greater available appropriations

Any amounts appropriated for a fiscal year to carry out this section in excess of $6,000,000 shall be allotted as follows:

(A) Allotments

The Secretary shall use 40 percent of such excess to allot for grants under subsection (a) to eligible agencies for statewide programs in each State an amount that bears the same ratio to 40 percent of such excess as the low-income and unemployed population of such State bears to the low-income and unemployed population of all the States.

(B) Competitive grants for local and statewide programs

The Secretary shall use 40 percent of such excess to make grants under subsection (a) on a competitive basis to eligible agencies for local and statewide programs.

(C) Competitive grants for nationwide programs

The Secretary shall use the remaining 20 percent of such excess to make grants under subsection (a) on a competitive basis to eligible agencies for nationwide programs, including programs benefiting Indians, as defined in section 9911 of this title, and migrant or seasonal farmworkers.

(3) Eligibility for allotments for statewide programs

To be eligible to receive an allotment under paragraph (1)(A) or (2)(A), an eligible agency shall demonstrate that the proposed program is statewide in scope and represents a comprehensive and coordinated effort to alleviate hunger within the State.

(4) Minimum allotments for statewide programs

(A) In general

From the amounts allotted under paragraphs (1)(A) and (2)(A), the minimum total allotment for each State for each fiscal year shall be—

(i) $15,000 if the total amount appropriated to carry out this section is not less than $7,000,000 but less than $10,000,000;

(ii) $20,000 if the total amount appropriated to carry out this section is not less than $10,000,000 but less than $15,000,000; or

(iii) $30,000 if the total amount appropriated to carry out this section is not less than $15,000,000.

(B) Definition

In this paragraph, the term “State” does not include Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.
§ 9923. National or regional programs designed to provide instructional activities for low-income youth

(a) General authority

The Secretary is authorized to make a grant to an eligible service provider to administer national or regional programs to provide instructional activities for low-income youth. In making such a grant, the Secretary shall give priority to eligible service providers that have a demonstrated ability to operate such a program.

(b) Program requirements

Any instructional activity carried out by an eligible service provider receiving a grant under this section shall be carried out on the campus of an institution of higher education (as defined in section 1141(a)\(^1\) of title 20) and shall include—

1. access to the facilities and resources of such an institution;
2. an initial medical examination and follow-up referral or treatment, without charge, for youth during their participation in such activity;
3. at least one nutritious meal daily, without charge, for participating youth during each day of participation;
4. high quality instruction in a variety of sports (that shall include swimming and that may include dance and any other high quality recreational activity) provided by coaches and teachers from institutions of higher education and from elementary and secondary schools (as defined in section 7801 of title 20); and
5. enrichment instruction and information on matters relating to the well-being of youth, to include educational opportunities and information on study practices, education for the prevention of drug and alcohol abuse, and information on health and nutrition, career opportunities, and family and job responsibilities.

(c) Advisory committee; partnerships

The eligible service provider shall, in each community in which a program is funded under this section—

1. ensure that—
   A. a community-based advisory committee is established, with representatives from local youth, family, and social service organizations, schools, entities providing park and recreation services, and other community-based organizations serving high-risk youth; or
   B. an existing community-based advisory board, commission, or committee with similar membership is utilized to serve as the committee described in subparagraph (A); and
2. enter into formal partnerships with youth-serving organizations or other appropriate social service entities in order to link program participants with year-round services in their home communities that support and continue the objectives of this chapter.

(d) Eligible providers

A service provider that is a national private, nonprofit organization, a coalition of such organizations, or a private, nonprofit organization applying jointly with a business concern shall be eligible to apply for a grant under this section if—

1. the applicant has demonstrated experience in operating a program providing instruction to low-income youth;
2. the applicant agrees to contribute an amount (in cash or in kind, fairly evaluated) of not less than 25 percent of the amount requested, for the program funded through the grant;
3. the applicant agrees to use no funds from a grant authorized under this section for administrative expenses; and
4. the applicant agrees to comply with the regulations or program guidelines promulgated by the Secretary for use of funds made available through the grant.

\(^1\) See References in Text note below.
(e) Application process
To be eligible to receive a grant under this section, a service provider shall submit to the Secretary, for approval, an application at such time, in such manner, and containing such information as the Secretary may require.

(f) Promulgation of regulations or program guidelines
The Secretary shall promulgate regulations or program guidelines to ensure funds made available through a grant made under this section are used in accordance with the objectives of this chapter.

(g) Authorization of appropriations
There are authorized to be appropriated $15,000,000 for each of fiscal years 1999 through 2003 for grants to carry out this section.

§ 9925. Demonstration partnership agreements addressing needs of poor

(a) General authority
(1) In order to stimulate the development of new approaches to provide for greater self-sufficiency of the poor, to test and evaluate such new approaches, to disseminate project results and evaluation findings so that such approaches can be replicated, and to strengthen the integration, coordination, and redirection of activities to promote maximum self-sufficiency among the poor, the Secretary may make grants from funds appropriated under subsection (e) to eligible entities for the development and implementation of new and innovative approaches to deal with particularly critical needs or problems of the poor which are common to a number of communities. Grants may be made only with respect to applications which—

(A) involve activities which can be incorporated into or be closely coordinated with eligible entities’ ongoing programs;

(B) involve significant new combinations of resources or new and innovative approaches involving partnership agreements;

(C) are structured in a way that will, within the limits of the type of assistance or activities contemplated, most fully and effectively promote the purposes of the Community Services Block Grant Act (42 U.S.C. 9901 et seq.); and

(D) contain an assurance that the applicant for such grants will obtain an independent, methodologically sound evaluation of the effectiveness of the activities carried out with such grant and will submit such evaluation to the Secretary.

(2) No grant may be made under this section unless an application is submitted to the Secretary at such time, in such manner, and containing or accompanied by such information, as the Secretary may require.
(3) Initial and subsequent grant awards may fully fund projects for periods of up to 3 years.

(b) Federal share; limitations

(1)(A) Subject to subparagraph (B), grants awarded pursuant to this section shall be used for programs and shall not exceed 50 per centum of the cost of such programs.

(B) After the first funding period for which an eligible entity receives a grant under this section to carry out a program, the amount of a subsequent grant made under this section to such entity to carry out such program may not exceed 80 percent of the amount of the grant previously received by such entity under this section to carry out such program.

(2) Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, or services.

(3) Not more than one grant in each fiscal year may be made to any eligible entity, and no grants may be made under this section to an eligible entity to carry out a particular program.

(4) No application may be approved for assistance under this section unless the Secretary is satisfied that—

(A) the activities to be carried out under the application will be in addition to, and not in substitution for, activities previously carried on without Federal assistance; and

(B) funds or other resources devoted to programs designed to meet the needs of the poor within the community, area, or State will not be diminished in order to provide the matching contributions required under this section.

(c) Programs directed to special populations

(1) In addition to the grant programs described in subsection (a), the Secretary may make grants to community action agencies for the purpose of enabling such agencies to demonstrate new approaches to dealing with the problems caused by entrenched, chronic unemployment and lack of economic opportunities for urban youth. Demonstrations shall include such activities as peer counseling, mentoring, development of job skills, assistance with social skills, community services, family literacy, parenting skills, opportunities for employment, or entrepreneurship, and other services designed to assist such at-risk youth to continue their education, to secure meaningful employment, to perform community service, or to pursue other productive alternatives within the community.

(2) Such grants may be made only with respect to applications that—

(A) identify and describe the population to be served, the problems to be addressed, the overall approach and methods of outreach and recruitment to be used, and the services to be provided;

(B) describe how the approach to be used differs from other approaches used for the population to be served by the project;

(C) describe the objectives of the project and contain a plan for measuring progress toward meeting those objectives; and

(D) contain assurances that the grantee will report on the progress and results of the demonstration at such times and in such manner as the Secretary shall require.

(3) Notwithstanding subsection (b), such grants shall not exceed 80 percent of the cost of such programs.

(4) Such grants made under this subsection on a competitive basis shall be based on an annual competition determined by the Secretary. Grants made under this subsection shall not exceed $500,000.

(d) Dissemination of results

As soon as practicable, but not later than 180 days after the end of the fiscal year in which a recipient of a grant under this section completes the expenditure of such grant, the Secretary shall prepare and make available to each State and each eligible entity a description of the program carried out with such grant, any relevant information developed and results achieved, and a summary of the evaluation of such program received under subsection (a)(1)(D) so as to provide a model of innovative programs for other eligible entities.

(e) Replication of programs

(1) The Secretary shall annually identify programs that receive grants under this section that demonstrate a significant potential for dealing with particularly critical needs or problems of the poor that exist in a number of communities.

(2) Not less than 10 percent, and not more than 25 percent, of the funds appropriated for each fiscal year to carry out this section shall be available to make grants under this section to replicate in additional geographic areas programs identified under paragraph (1).

(f) Omitted

(g) Definitions

As used in this section—

(1) the term “eligible entity” has the same meaning given such term by section 673(1) of the Community Services Block Grant Act (42 U.S.C. 9902(1)), except that such term includes an organization that serves migrant and seasonal farm workers and that receives a grant under the Community Services Block Grant Act (42 U.S.C. 9901 et seq.) in the fiscal year preceding the fiscal year for which such organization requests a grant under this section; and

(2) the term “Secretary” means the Secretary of Health and Human Services.

(h) Authorization of appropriations

(1) There are authorized to be appropriated $30,000,000 for fiscal year 1995, and such sums as may be necessary for fiscal years 1996, 1997, and 1998, to carry out this section.

(2) Of the amounts appropriated for this section, not less than 30 percent and not more than 40 percent shall be used to carry out the programs authorized under subsection (c).

(3) In addition to sums which are required to carry out the evaluation, reporting, and dissemination of results under subsections (a), (c), (d), and (f), the Secretary is authorized to reserve up to 2 percent of the amounts appropriated pursuant to subparagraphs (1) and (2) for 1

1See References in Text note below.
administration of the program as well as for planning and technical assistance.

REFERENCES IN TEXT

The Community Services Block Grant Act, referred to in subsec. (a)(1)C) and (g)(1), is subtitle B (§ 671 et seq.) of title VI of Pub. L. 97–35, Aug. 13, 1981, 95 Stat. 511, as amended, which is classified generally to this chapter (§ 9901 et seq.). For complete classification of this Act to the Code, see Short Title note set out under section 9901 of this title and Tables.

Subsection (f) of this section, referred to in subsec. (h)(3), was omitted from the Code.

CODIFICATION

Subsec. (f) of this section, which required the Secretary to submit to the Committee on Education and Labor of the House of Representatives and the Committee on Labor and Human Resources of the Senate an annual report describing programs for which grants were made under this section in the most recently completed fiscal year and the evaluations received under subsec. (a)(1)(D) of this section in such fiscal year, describing the methods used by the Secretary to comply with subsec. (d) of this section, making recommendations regarding the suitability of carrying out such programs with funds made available under other Federal laws, and describing each program identified under subsec. (d)(1) of this section or replicated under subsec. (e)(2) of this section and identifying the geographical location where such program was carried out, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 103–162, as amended, set out as a note under section 9901 of this title and Tables.

Subsection (f) of this section, which required the Secretary to provide for the self-sufficiency of the poor, to test and evaluate such new approaches, to disseminate project results and evaluation findings so that such approaches can be replicated, and to strengthen the integration, coordination, and redirection of activities to promote maximum self-sufficiency among the poor was redesignated (g). Former subsec. (g) redesignated (h).

Subsec. (b)(1), Pub. L. 101–204, § 705(a)(1), redesignated subsec. (g) as (h), designated existing provisions as par. (1), substituted "$10,000,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992, 1993, and 1994" for "$5,000,000 for each of the fiscal years 1987, 1988, 1989, and $7,000,000 for fiscal year 1990", inserted "(other than subsection (c) of this section)" before period at end, and added par. (2).

1989—Subsec. (a)(1), Pub. L. 101–204, § 705(a)(1), substituted "stimulate the development of new approaches to provide for greater self-sufficiency of the poor, to test and evaluate such new approaches, to disseminate project results and evaluation findings so that such approaches can be replicated, and to strengthen the integration, coordination, and redirection of activities to promote maximum self-sufficiency among the poor" for "provide for the self-sufficiency of the Nation's poor".

Subsec. (b)(1), Pub. L. 101–204, § 705(b)(1), designated existing provisions as subpar. (A), substituted "Subject to subparagraph (B), grants for "Grants", struck out "new" before "programs" wherever appearing, and added subpar. (B).

Subsec. (b)(3), Pub. L. 101–204, § 705(b)(2), inserted "in each fiscal year" after "than one grant", substituted "$50,000" for "$250,000", and inserted at end "Not more than 2 grants may be made under this section to an eligible entity to carry out a particular program."

Subsec. (c), Pub. L. 101–204, § 705(c), amended subsec. (c) generally. Prior to amendment, subsec. (c) read as follows: "As soon as practicable, but not later than 90 days after the expiration of the fiscal year for which any grant is awarded under this section, the Secretary shall prepare and make available upon request to each State and eligible entity descriptions of the demonstration programs assisted under this section, and any relevant information developed and results achieved, so as to provide models for innovative programs to other eligible entities."

Subsecs. (d), (e), Pub. L. 101–204, § 705(f)(2), added subsecs. (d) and (e). Former subsecs. (d) and (e) redesignated (f) and (g), respectively.

Subsec. (f), Pub. L. 101–204, § 705(d), (f)(1), redesignated subsec. (d) as (f) and inserted before semicolon in par. (1) "except that such term includes an organization that serves migrant and seasonal farm workers that receives a grant under the Community Services Block Grant Act (42 U.S.C. 9901 et seq.) in the fiscal year preceding the fiscal year for which such organization requests a grant under this section."

Subsec. (g), Pub. L. 101–204, § 705(e), (f)(1), redesignated subsec. (e) as (g), substituted "are" for "is", and following: "Such grants shall be made annually on such terms and conditions as the Secretary shall specify to eligible entities that serve the populations described in paragraph (1) that are located in those areas where such populations are concentrated."
inserted “and $7,000,000 for fiscal year 1990,” after “1989.”

**Effective Date of 1994 Amendment**

**Effective Date of 1990 Amendment**

### § 9926. Projects to expand the number of job opportunities available to certain low-income individuals

(a) In general
The Secretary of Health and Human Services (in this section referred to as the “Secretary”) shall enter into agreements with nonprofit organizations (including community development corporations) submitting applications under this section for the purpose of conducting projects in accordance with subsection (b) to create employment opportunities for certain low-income individuals.

(b) Nature of project
(1) Each nonprofit organization conducting a project under this section shall provide technical and financial assistance to private employers in the community to assist them in creating employment and business opportunities for those individuals eligible to participate in the projects as described in this subsection.

(2) For purposes of this section, a nonprofit organization is any organization (including a community development corporation) exempt from taxation under section 501(a) of title 26 by reason of paragraph (3) or (4) of section 501(c) of such title.

(3) A low-income individual eligible to participate in a project conducted under this section is any individual eligible to receive assistance under the program funded part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] of the State in which the individual resides and any other individual whose income level does not exceed 100 percent of the official poverty line as defined by the Office of Management and Budget and revised in accordance with section 9902(2) of this title.

(c) Content of applications; selection priority
(1) Each nonprofit organization submitting an application under this section shall, as part of such application, describe—

(A) the technical and financial assistance that will be made available under the project conducted under this section;

(B) the geographic area to be served by the project;

(C) the percentage of low-income individuals (as described in subsection (b)) and individuals receiving assistance under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] in the area to be served by the project; and

(D) unemployment rates in the geographic areas to be served and (to the extent practicable) the jobs available and skills necessary to fill those vacancies in such areas.

(2) In approving applications under this section, the Secretary shall give priority to applications proposing to serve those areas containing the highest percentage of individuals receiving assistance under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.].

(d) Administration
Each nonprofit organization participating in a project conducted under this section shall provide assurances in its agreement with the Secretary that it has or will have a cooperative relationship with the agency responsible for administering the the2 State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] in the area served by the project.

(e) Authorization of appropriations
For the purpose of conducting projects under this section, there is authorized to be appropriated an amount not to exceed $25,000,000 for any fiscal year.

### Footnotes

1 So in original. Probably should be “under part”.

2 So in original.
Subsec. (b)(3). Pub. L. 104–193, § 112(a), substituted “assistance under the program funded part A of title IV of the Social Security Act of the State in which the individual resides” for “aid to families with dependent children under part A of title IV of the Social Security Act”.

Subsec. (d). Pub. L. 104–193, § 112(2), struck out “demonstration” after “organization participating in a” and substituted “the State program funded under part A of title IV of the Social Security Act” for “job opportunities and basic skills training program (as provided for under title IV of the Social Security Act)”.

Subsec. (e) and struck out former subsec. (e) which related to duration of demonstration projects under this section, subsection (f) which required evaluation of the success of each demonstration project, and subsec. (g) which authorized appropriations for the conduct of demonstration projects for each of fiscal years 1990 to 1996.

1994—Subsec. (e). Pub. L. 103–432, § 261(a)(1), substituted “6-year period” for “3-year period”.

Subsec. (e). Pub. L. 101–508, § 5063(2), substituted “September 30 of the fiscal year specified in the agreement described in subsection (a) of this section” for “September 30, 1989.”

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–193 effective July 1, 1997, with transition rules relating to State options to accelerate such date, rules relating to claims, actions, and proceedings commenced before such date, rules relating to closing out of accounts for terminated or substantially modified programs and continuance in office of Assistant Secretary for Family Support, and provisions relating to termination of entitlement under AFDC program, see section 112(a) of Pub. L. 104–193, as amended, set out as an Effective Date note under section 601 of this title.

EFFECTIVE DATE OF 1994 AMENDMENT

CHAPTER 107—CONSUMER-PATIENT RADIATION HEALTH AND SAFETY

§ 10001. Statement of findings

The Congress finds that—

(1) it is in the interest of public health and safety to minimize unnecessary exposure to potentially hazardous radiation due to medical and dental radiologic procedures;

(2) it is in the interest of public health and safety to have a continuing supply of adequately educated persons and appropriate accreditation and certification programs administered by State governments;

(3) the protection of the public health and safety from unnecessary exposure to potentially hazardous radiation due to medical and dental radiologic procedures and the assurance of efficacious procedures are the responsibility of State and Federal governments;

(4) persons who administer radiologic procedures, including procedures at Federal facilities, should be required to demonstrate competence by reason of education, training, and experience; and

(5) the administration of radiologic procedures and the effect on individuals of such procedures have a substantial and direct effect upon United States interstate commerce.

SHORT TITLE

§ 10002. Statement of purpose

It is the purpose of this chapter to—

(1) provide for the establishment of minimum standards by the Federal Government for the accreditation of education programs for persons who administer radiologic procedures and for the certification of such persons; and

(2) insure that medical and dental radiologic procedures are consistent with rigorous safety precautions and standards.

§ 10003. Definitions

Unless otherwise expressly provided, for purposes of this chapter, the term—

(1) “radiation” means ionizing and nonionizing radiation in amounts beyond normal background levels from sources such as medical and dental radiologic procedures;

(2) “radiologic procedure” means any procedure or article intended for use in—

(A) the diagnosis of disease or other medical or dental conditions in humans (including diagnostic X-rays or nuclear medicine procedures); or

(B) the cure, mitigation, treatment, or prevention of disease in humans; that achieves its intended purpose through the emission of radiation;

(3) “radiologic equipment” means any radiation electronic product which emits or detects radiation and which is used or intended for use to—

(A) diagnose disease or other medical or dental conditions (including diagnostic X-ray equipment); or
§ 10004. Promulgation of standards

(a) Within twelve months after August 13, 1981, the Secretary, in consultation with the Radiation Policy Council, the Secretary of Veterans Affairs, the Administrator of the Environmental Protection Agency, appropriate agencies of the States, and appropriate professional organizations, shall by regulation promulgate minimum standards for the accreditation of educational programs to train individuals to perform radiologic procedures. Such standards shall distinguish between programs for the education of (1) medical radiologic technologists (including dental hygienists and assistants), (2) radiation therapy technologists, (4) nuclear medicine technologists, and (5) such other kinds of health auxiliaries who administer radiologic procedures as the Secretary determines appropriate. Such standards shall include minimum certification criteria for individuals with regard to accredited education, practical experience, successful passage of required examinations, and such other criteria as the Secretary shall deem necessary for the adequate qualification of individuals to administer radiologic procedures. Such standards shall not apply to practitioners.

AMENDMENTS

1991—Subsecs. (a), (b). Pub. L. 102–54 substituted “Secretary of Veterans Affairs” for “Administrator of Veterans Affairs”.

§ 10005. Model statute

In order to encourage the administration of accreditation and certification programs by the States, the Secretary shall prepare and transmit to the States a model statute for radiologic procedure safety. Such model statute shall provide that—

(1) it shall be unlawful in a State for individuals to perform radiologic procedures unless such individuals are certified by the State to perform such procedures; and

(2) any educational requirements for certification of individuals to perform radiologic procedures shall be limited to educational programs accredited by the State.

§ 10006. Compliance

(a) Implementation by Secretary

The Secretary shall take all actions consistent with law to effectuate the purposes of this chapter.

(b) Accreditation or certification program

A State may utilize an accreditation or certification program administered by a private entity if—

(1) such State delegates the administration of the State accreditation or certification program to such private entity;

(2) such program is approved by the State; and

(3) such program is consistent with the minimum Federal standards promulgated under this chapter for such program.

(c) Noncompliance; proposed legislative changes

Absence compliance by the States with the provisions of this chapter within three years after August 13, 1981, the Secretary shall report to the Congress recommendations for legislative changes considered necessary to assure the States' compliance with this chapter.

(e) Existing standards and guidelines

Notwithstanding any other provision of this section, in the case of a State which has, prior to the effective date of standards and guidelines promulgated pursuant to this chapter, estab-
lished standards for the accreditation of educational programs and certification of radiologic technologists, such State shall be deemed to be in compliance with the conditions of this section unless the Secretary determines, after notice and hearing, that such State standards do not meet the minimum standards prescribed by the Secretary or are inconsistent with the purposes of this chapter.

AMENDMENTS

1995—Subsec. (d). Pub. L. 104–66 struck out subsec. (d) which read as follows: “The Secretary shall be responsible for continued monitoring of compliance by the States with the applicable provisions of this chapter and shall report to the Senate and the House of Representatives by January 1, 1982, and January 1 of each succeeding year the status of the States’ compliance with the purposes of this chapter.”

§ 10007. Federal radiation guidelines

The Secretary shall, in conjunction with the Radiation Policy Council, the Secretary of Veterans Affairs, the Administrator of the Environmental Protection Agency, appropriate agencies of the States, and appropriate professional organizations, promulgate Federal radiation guidelines with respect to radiologic procedures. Such guidelines shall—

(1) determine the level of radiation exposure due to radiologic procedures which is unnecessary and specify the techniques, procedures, and methods to minimize such unnecessary exposure;

(2) provide for the elimination of the need for retakes of diagnostic radiologic procedures;

(3) provide for the elimination of unproductive screening programs;

(4) provide for the optimum diagnostic information with minimum radiologic exposure; and

(5) include the therapeutic application of radiation to individuals in the treatment of disease, including nuclear medicine applications.

AMENDMENTS

1991—Subsec. (b). Pub. L. 102–54 substituted “The Secretary of Veterans Affairs, through the Chief Medical Director of the Department of Veterans Affairs, shall, to the maximum extent feasible consistent with the responsibilities of such Secretary and Chief Medical Director under title 38” for “(1) The Administrator of Veterans’ Affairs, through the Chief Medical Director of the Veterans’ Administration, shall, to the maximum extent feasible consistent with the responsibilities of such Administrator and Chief Medical Director under subtitle 38, “over which that Secretary”, for “over which the Administrator”, and “Secretary of Veterans Affairs for “Administrator” wherever else appearing, and struck out pars. (2) and (3) which read as follows:

“(2) Not later than 180 days after standards are promulgated by the Secretary pursuant to this chapter, the Administrator of Veterans’ Affairs shall submit to the appropriate committees of Congress a full report with respect to the regulations (including guidelines, policies, and procedures thereunder) prescribed pursuant to paragraph (1) of this subsection. Such report shall include—

“(A) an explanation of any inconsistency between standards made applicable by such regulations and the standards promulgated by the Secretary pursuant to this chapter;

“(B) an account of the extent, substance, and results of consultations with the Secretary respecting the prescription and implementation of regulations by the Administrator; and

“(C) such recommendations for legislation and administrative action as the Administrator determines are necessary and desirable.

“(3) The Administrator of Veterans’ Affairs shall publish the report required by paragraph (2) in the Federal Register.”

CHAPTER 108—NUCLEAR WASTE POLICY

Sec.

10101. Definitions.

10102. Separability.

10103. Territories and possessions.

10104. Ocean disposal.

10105. Limitation on spending authority.

10106. Protection of classified national security information.

10107. Applicability to atomic energy defense activities.

10108. Applicability to transportation.

SUBCHAPTER I—DISPOSAL AND STORAGE OF HIGH-LEVEL RADIOACTIVE WASTE, SPENT NUCLEAR FUEL, AND LOW-LEVEL RADIOACTIVE WASTE

10121. State and affected Indian tribe participation in development of proposed repositories for defense waste.
§ 10101  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 7496

Sec. 10131. Findings and purposes.
10132. Recommendation of candidate sites for site characterization.
10133. Site characterization.
10134. Site approval and construction authorization.
10135. Review of repository site selection.
10136. Participation of States.
10137. Consultation with States and affected Indian tribes.
10138. Participation of Indian tribes.
10139. Judicial review of agency actions.
10140. Expedited authorizations.
10141. Certain standards and criteria.
10142. Disposal of spent nuclear fuel.
10143. Title to material.
10144. Consideration of effect of acquisition of water rights.
10145. Termination of certain provisions.

PART A—REPOSITORY FOR DISPOSAL OF HIGH-LEVEL RADIOACTIVE WASTE AND SPENT NUCLEAR FUEL

10172. Selection of Yucca Mountain site.
10172a. Siting a second repository.

PART B—INTERIM STORAGE PROGRAM

10151. Findings and purposes.
10152. Available capacity for interim storage of spent nuclear fuel.
10153. Interim at-reactor storage.
10154. Licensing of facility expansions and transshipments.
10155. Storage of spent nuclear fuel.
10156. Interim Storage Fund.
10157. Transportation.

PART C—MONITORED RETRIEVABLE STORAGE

10161. Monitored retrievable storage.
10162. Authorization of monitored retrievable storage.
10163. Monitored Retrievable Storage Commission.
10164. Survey.
10165. Site selection.
10166. Notice of disapproval.
10167. Benefits agreement.
10168. Construction authorization.
10169. Financial assistance.

PART D—LOW-LEVEL RADIOACTIVE WASTE

PART E—DIRECTION OF NUCLEAR WASTE PROGRAM

10172. Selection of Yucca Mountain site.
10172a. Siting a second repository.

PART F—BENEFITS

10173. Benefits agreements.
10173a. Content of agreements.
10173b. Review Panel.
10173c. Termination.

PART G—OTHER BENEFITS

10174. Consideration in siting facilities.

PART H—TRANSPORTATION

10175. Transportation.

SUBCHAPTER II—RESEARCH, DEVELOPMENT, AND DEMONSTRATION REGARDING DISPOSAL OF HIGH-LEVEL RADIOACTIVE WASTE AND SPENT NUCLEAR FUEL

10191. Purpose.
10192. Applicability.
10193. Identification of sites.
10194. Siting research and related activities.
10195. Test and evaluation facility siting review and reports.
10196. Federal agency actions.
10197. Research and development on disposal of high-level radioactive waste.

10198. Research and development on spent nuclear fuel.
10199. Payments to States and Indian tribes.
10200. Study of research and development needs for monitored retrievable storage proposal.
10201. Judicial review.
10202. Research on alternatives for permanent disposal of high-level radioactive waste.
10203. Technical assistance to non-nuclear weapon states in field of spent fuel storage and disposal.
10204. Subseabed disposal.

SUBCHAPTER III—OTHER PROVISIONS RELATING TO RADIOACTIVE WASTE

10221. Mission plan.
10223. Alternative means of financing.
10225. Location of test and evaluation facility.
10226. Nuclear Regulatory Commission training authorization.

SUBCHAPTER IV—NUCLEAR WASTE NEGOTIATOR

10241. “State” defined.
10243. Duties of Negotiator.
10244. Environmental assessment of sites.
10245. Site characterization; licensing.
10246. Monitored retrievable storage.
10247. Environmental impact statement.
10248. Administrative powers of Negotiator.
10249. Cooperation of other departments and agencies.
10250. Termination of Office.
10251. Authorization of appropriations.

SUBCHAPTER V—NUCLEAR WASTE TECHNICAL REVIEW BOARD

10261. Definitions.
10263. Functions.
10264. Investigatory powers.
10265. Compensation of members.
10266. Staff.
10267. Support services.
10269. Authorization of appropriations.
10270. Termination of Board.

§ 10101. Definitions

For purposes of this chapter:

(1) The term “Administrator” means the Administrator of the Environmental Protection Agency.

(2) The term “affected Indian tribe” means any Indian tribe—

(A) within whose reservation boundaries a monitored retrievable storage facility, test and evaluation facility, or a repository for high-level radioactive waste or spent fuel is proposed to be located;

(B) whose federally defined possessory or usage rights to other lands outside of the reservation’s boundaries arising out of congressionally ratified treaties may be substantially and adversely affected by the locating of such a facility: Provided, That the Secretary of the Interior finds, upon the petition of the appropriate governmental officials of the tribe, that such effects are both substantial and adverse to the tribe; 1

1So in original. The semicolon probably should be a period.
(3) The term "atomic energy defense activity" means any activity of the Secretary performed in whole or in part in carrying out any of the following functions:

(A) naval reactors development;
(B) weapons activities including defense inertial confinement fusion;
(C) verification and control technology;
(D) defense nuclear materials production;
(E) defense nuclear waste and materials by-products management;
(F) defense nuclear materials security and safeguards and security investigations; and
(G) defense research and development.

(4) The term "candidate site" means an area, within a geologic and hydrologic system, that is recommended by the Secretary under section 10132 of this title for site characterization, approved by the President under section 10132 of this title for site characterization, or undergoing site characterization under section 10133 of this title.

(5) The term "civilian nuclear activity" means any atomic energy activity other than an atomic energy defense activity.

(6) The term "civilian nuclear power reactor" means a civilian nuclear powerplant required to be licensed under section 2133 or 2134(b) of this title.

(7) The term "Commission" means the Nuclear Regulatory Commission.

(8) The term "Department" means the Department of Energy.

(9) The term "disposal" means the emplacement in a repository of high-level radioactive waste, spent nuclear fuel, or other highly radioactive material with no foreseeable intent of recovery, whether or not such emplacement permits the recovery of such waste.

(10) The terms "disposal package" and "packaging" mean the primary container that holds, and is in contact with, solidified high-level radioactive waste, spent nuclear fuel, or other radioactive materials, and any overpacks that are emplaced at a repository.

(11) The term "engineered barriers" means man-made components of a disposal system designed to prevent the release of radionuclides into the geologic medium involved. Such term includes the high-level radioactive waste form, high-level radioactive waste canisters, and other materials placed over and around such canisters.

(12) The term "high-level radioactive waste" means—

(A) the highly radioactive material resulting from the reprocessing of spent nuclear fuel, including liquid waste produced directly in reprocessing and any solid material derived from such liquid waste that contains fission products in sufficient concentrations; and
(B) other highly radioactive material that the Commission, consistent with existing law, determines by rule requires permanent isolation.

(13) The term "Federal agency" means any Executive agency, as defined in section 105 of title 5.

(14) The term "Governor" means the chief executive officer of a State.

(15) The term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community of Indians recognized as eligible for the services provided to Indians by the Secretary of the Interior because of their status as Indians, including any Alaska Native village, as defined in section 3(c) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(c)).

(16) The term "low-level radioactive waste" means radioactive material that:

(A) is not high-level radioactive waste, spent nuclear fuel, transuranic waste, or by-product material as defined in section 2014(e)(2) of this title; and
(B) the Commission, consistent with existing law, classifies as low-level radioactive waste.

(17) The term "Office" means the Office of Civilian Radioactive Waste Management established in section 10224 of this title.

(18) The term "repository" means any system licensed by the Commission that is intended to be used for, or may be used for, the permanent deep geologic disposal of high-level radioactive waste and spent nuclear fuel, whether or not such system is designed to permit the recovery, for a limited period during initial operation, of any materials placed in such system. Such term includes both surface and subsurface areas at which high-level radioactive waste and spent nuclear fuel handling activities are conducted.

(19) The term "reservation" means—

(A) any Indian reservation or dependent Indian community referred to in clause (a) or (b) of section 1151 of title 18; or
(B) any land selected by an Alaska Native village or regional corporation under the provisions of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

(20) The term "Secretary" means the Secretary of Energy.

(21) The term "site characterization" means—

(A) siting research activities with respect to a test and evaluation facility at a candidate site; and
(B) activities, whether in the laboratory or in the field, undertaken to establish the geologic condition and the ranges of the parameters of a candidate site relevant to the location of a repository, including borings, surface excavations, excavations of exploratory shafts, limited subsurface lateral excavations and borings, and in situ testing needed to evaluate the suitability of a candidate site for the location of a repository, but not including preliminary borings and geophysical testing needed to assess whether site characterization should be undertaken.

(22) The term "siting research" means activities, including borings, surface excavations, shaft excavations, subsurface lateral excavations and borings, and in situ testing, to determine the suitability of a site for a test and evaluation facility.

(23) The term "spent nuclear fuel" means fuel that has been withdrawn from a nuclear reprocessing facility.
reactor following irradiation, the constituent elements of which have not been separated by reprocessing.

(24) The term "State" means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and any other territory or possession of the United States.

(25) The term "storage" means retention of high-level radioactive waste, spent nuclear fuel, or transuranic waste with the intent to recover such waste or fuel for subsequent use, processing, or disposal.

(26) The term "Storage Fund" means the Interim Storage Fund established in section 10156(c) of this title.

(27) The term "test and evaluation facility" means an at-depth, prototypic, underground cavity with subsurface lateral excavations extending from a central shaft that is used for research and development purposes, including the development of data and experience for the safe handling and disposal of solidified high-level radioactive waste, transuranic waste, or spent nuclear fuel.

(28) The term "unit of general local government" means any borough, city, county, parish, town, township, village, or other general purpose political subdivision of a State.

(29) The term "Waste Fund" means the Nuclear Waste Fund established in section 10222(c) of this title.

(30) The term "Yucca Mountain site" means the candidate site in the State of Nevada recommended by the Secretary to the President under section 10132(b)(1)(B) of this title on May 27, 1986.

(31) The term "affected unit of local government" means the unit of local government with jurisdiction over the site of a repository or a monitored retrievable storage facility. Such term may, at the discretion of the Secretary, include units of local government that are contiguous with such unit.

(32) The term "Negotiator" means the Nuclear Waste Negotiator.

(33) As used in subchapter IV, the term "Office" means the Office of the Nuclear Waste Negotiator established under subchapter IV of this chapter.

(34) The term "monitored retrievable storage facility" means the storage facility described in section 10161(b)(1) of this title.

SHORT TITLE OF 1987 AMENDMENT

AMENDMENTS

SHORT TITLE

TERMINATION OF TRUST TERRITORY OF THE PACIFIC ISLANDS

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1611 of Title 48, Territories and Insular Possessions.

NUCLEAR WASTE MANAGEMENT PLAN; REPORT

(a) PREPARATION AND SUBMISSION OF REPORT.—The Secretary of Energy, in consultation with the Nuclear Regulatory Commission and the Environmental Protection Agency, shall prepare and submit to the Congress a report on whether current programs and plans for management of nuclear waste as mandated by the Nuclear Waste Policy Act of 1982 (42 U.S.C. 10101 et seq.) are adequate for management of any additional volumes or categories of nuclear waste that might be generated by any new nuclear power plants that might be constructed and licensed after the date of the enactment of this Act (Oct. 24, 1992). The Secretary shall prepare the report for submission to the President and the Congress within 1 year after the date of the enactment of this Act. The report shall examine any new relevant issues related to management of spent nuclear fuel and high-level radioactive waste that might be raised by the addition of new nuclear-generated electric capacity, including anticipated increased volumes of spent nuclear fuel or high-level radioactive waste, any need for additional interim storage capacity prior to final disposal, transportation of additional volumes of waste, and any need for additional repositories for deep geologic disposal.

(b) OPPORTUNITY FOR PUBLIC COMMENT.—In preparation of the report required under subsection (a), the Secretary of Energy shall offer members of the public an opportunity to provide information and comment and shall solicit the views of the Nuclear Regulatory Commission, the Environmental Protection Agency, and other interested parties.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section."
§ 10102. Separability

If any provision of this chapter, or the application of such provision to any person or circumstance, is held invalid, the remainder of this chapter, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

§ 10103. Territories and possessions

Nothing in this chapter shall be deemed to repeal, modify, or amend the provisions of section 1410 of title 48.

§ 10104. Ocean disposal

Nothing in this chapter shall be deemed to affect the Marine Protection, Research, and Sanctuaries Act of 1972 (33 U.S.C. 1401 et seq.).

REFERENCES IN TEXT

For complete classification of this Act to the Code, see Short Title note set out under section 1401 of Title 33 and Tables.

§ 10105. Limitation on spending authority

The authority under this chapter to incur indebtedness, or enter into contracts, obligating amounts to be expended by the Federal Government shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance by appropriation Acts.

§ 10106. Protection of classified national security information

Nothing in this chapter shall require the release or disclosure to any person or to the Commission of any classified national security information.

§ 10107. Applicability to atomic energy defense activities

(a) Atomic energy defense activities

Subject to the provisions of subsection (c), the provisions of this chapter shall not apply with respect to any atomic energy defense activity or to any facility used in connection with any such activity.

(b) Evaluation by President

(1) Not later than 2 years after January 7, 1983, the President shall evaluate the use of disposal capacity at one or more repositories to be developed under part A of subchapter I for the disposal of high-level radioactive waste resulting from atomic energy defense activities. Such evaluation shall take into consideration factors relating to cost efficiency, health and safety, regulation, transportation, public acceptability, and national security.

(2) Unless the President finds, after conducting the evaluation required in paragraph (1), that the development of a repository for the disposal of high-level radioactive waste resulting from atomic energy defense activities only is required, taking into account all of the factors described in such subsection, the Secretary shall proceed promptly with arrangement for the use of one or more of the repositories to be developed under part A of subchapter I for the disposal of such waste. Such arrangements shall include the allocation of costs of developing, constructing, and operating this repository or repositories. The costs resulting from permanent disposal of high-level radioactive waste from atomic energy defense activities shall be paid by the Federal Government, into the special account established under section 10222 of this title.

(3) Any repository for the disposal of high-level radioactive waste resulting from atomic energy defense activities only shall (A) be subject to licensing under section 5842 of this title; and (B) comply with all requirements of the Commission for the siting, development, construction, and operation of a repository.

(c) Applicability to certain repositories

The provisions of this chapter shall apply with respect to any repository not used exclusively for the disposal of high-level radioactive waste or spent nuclear fuel resulting from atomic energy defense activities, research and development activities of the Secretary, or both.

§ 10108. Applicability to transportation

Nothing in this chapter shall be construed to affect Federal, State, or local laws pertaining to the transportation of spent nuclear fuel or high-level radioactive waste.

SUBCHAPTER I—DISPOSAL AND STORAGE OF HIGH-LEVEL RADIOACTIVE WASTE, SPENT NUCLEAR FUEL, AND LOW-LEVEL RADIOACTIVE WASTE

§ 10121. State and affected Indian tribe participation in development of proposed repositories for defense waste

(a) Notification to States and affected Indian tribes

Notwithstanding the provisions of section 10107 of this title, upon any decision by the Secretary or the President to develop a repository for the disposal of high-level radioactive waste or spent nuclear fuel resulting exclusively from atomic energy defense activities, research and development activities of the Secretary, or both, and before proceeding with any site-specific investigations with respect to such repository, the Secretary shall notify the Governor and legislature of the State in which such repository is proposed to be located, or the governing body of the affected Indian tribe on whose reservation such repository is proposed to be located, as the case may be, of such decision.
(b) Participation of States and affected Indian tribes

Following the receipt of any notification under subsection (a), the State or Indian tribe involved shall be entitled, with respect to the proposed repository involved, to rights of participation and consultation identical to those provided in sections 10135 through 10138 of this title, except that any financial assistance authorized to be provided to such State or affected Indian tribe under section 10136(c) or 10138(b) of this title shall be made from amounts appropriated to the Secretary for purposes of carrying out this section.

PART A—REPOSITORIES FOR DISPOSAL OF HIGH-LEVEL RADIOACTIVE WASTE AND SPENT NUCLEAR FUEL

§1031. Findings and purposes

(a) The Congress finds that—

(1) radioactive waste creates potential risks and requires safe and environmentally acceptable methods of disposal;

(2) a national problem has been created by the accumulation of (A) spent nuclear fuel from nuclear reactors; and (B) radioactive waste from (i) reprocessing of spent nuclear fuel; (ii) activities related to medical research, diagnosis, and treatment; and (iii) other sources;

(3) Federal efforts during the past 30 years to devise a permanent solution to the problems of civilian radioactive waste disposal have not been adequate;

(4) while the Federal Government has the responsibility to provide for the permanent disposal of high-level radioactive waste and such spent nuclear fuel as may be disposed of in order to protect the public health and safety and the environment, the costs of such disposal should be the responsibility of the generators and owners of such waste and spent fuel;

(5) the generators and owners of high-level radioactive waste and spent nuclear fuel have the primary responsibility to provide for, and the responsibility to pay the costs of, the interim storage of such waste and spent fuel until such waste and spent fuel is accepted by the Secretary of Energy in accordance with the provisions of this chapter;

(6) State and public participation in the planning and development of repositories is essential in order to promote public confidence in the safety of disposal of such waste and spent fuel; and

(7) high-level radioactive waste and spent nuclear fuel have become major subjects of public concern, and appropriate precautions must be taken to ensure that such waste and spent fuel do not adversely affect the public health and safety and the environment for this or future generations.

(b) The purposes of this part are—

(1) to establish a schedule for the siting, construction, and operation of repositories that will provide a reasonable assurance that the public and the environment will be adequately protected from the hazards posed by high-level radioactive waste and such spent nuclear fuel as may be disposed of in a repository;

(2) to establish the Federal responsibility, and a definite Federal policy, for the disposal of such waste and spent fuel;

(3) to define the relationship between the Federal Government and the State governments with respect to the disposal of such waste and spent fuel; and

(4) to establish a Nuclear Waste Fund, composed of payments made by the generators and owners of such waste and spent fuel, that will ensure that the costs of carrying out activities relating to the disposal of such waste and spent fuel will be borne by the persons responsible for generating such waste and spent fuel.

§1032. Recommendation of candidate sites for site characterization

(a) Guidelines

Not later than 180 days after January 7, 1983, the Secretary, following consultation with the Council on Environmental Quality, the Administrator of the Environmental Protection Agency, the Director of the United States Geological Survey, and interested Governors, and the concurrence of the Commission shall issue general guidelines for the recommendation of sites for repositories. Such guidelines shall specify detailed geologic considerations that shall be primary criteria for the selection of sites in various geologic media. Such guidelines shall specify factors that qualify or disqualify any site from development as a repository, including factors pertaining to the location of valuable natural resources, hydrology, geophysics, seismic activity, and atomic energy defense activities, proximity to water supplies, proximity to populations, the effect upon the rights of users of water, and proximity to components of the National Park System, the National Wildlife Refuge System, the National Wild and Scenic Rivers System, the National Wilderness Preservation System, or National Forest Lands. Such guidelines shall take into consideration the proximity to sites where high-level radioactive waste and spent nuclear fuel is generated or temporarily stored and the transportation and safety factors involved in moving such waste to a repository. Such guidelines shall specify population factors that will disqualify any site from development as a repository if any surface facility of such repository would be located (1) in a highly populated area; or (2) adjacent to an area 1 mile by 1 mile having a population of not less than 1,000 individuals. Such guidelines also shall require the Secretary to consider the cost and impact of transporting to the repository site the solidified high-level radioactive waste and spent fuel to be disposed of in the repository and the advantages of regional distribution in the siting of repositories. Such guidelines shall require the Secretary to consider the various geologic media in which sites for repositories may be located and, to the extent practicable, to recommend sites in different geologic media.
Secretary shall use guidelines established under this subsection in considering candidate sites for recommendation under subsection (b). The Secretary may revise such guidelines from time to time, consistent with the provisions of this subsection.

(b) Recommendation by Secretary to President

(1)(A) Following the issuance of guidelines under subsection (a) and consultation with the Governors of affected States, the Secretary shall nominate at least 5 sites that he determines suitable for site characterization for selection of the first repository site.

(B) Subsequent to such nomination, the Secretary shall recommend to the President 3 of the nominated sites not later than January 1, 1985 for characterization as candidate sites.

(C) Such recommendations under subparagraph (B) shall be consistent with the provisions of section 10221 of this title.

(D) Each nomination of a site under this subsection shall be accompanied by an environmental assessment, which shall include a detailed statement of the basis for such recommendation and of the probable impacts of the site characterization activities planned for such site, and a discussion of alternative activities relating to site characterization that may be undertaken to avoid such impacts. Such environmental assessment shall include—

(i) an evaluation by the Secretary as to whether such site is suitable for site characterization under the guidelines established under subsection (a);

(ii) an evaluation by the Secretary as to whether such site is suitable for development as a repository under each such guideline that does not require site characterization as a prerequisite for application of such guideline;

(iii) an evaluation by the Secretary of the effects of the site characterization activities at such site on the public health and safety and the environment;

(iv) a reasonable comparative evaluation by the Secretary of such site with other sites and locations that have been considered;

(v) a description of the decision process by which such site was recommended; and

(vi) an assessment of the regional and local impacts of locating the proposed repository at such site.

(E)(1) The issuance of any environmental assessment under this paragraph shall be considered to be a final agency action subject to judicial review in accordance with the provisions of chapter 7 of title 5 and section 10139 of this title. Such judicial review shall be limited to the sufficiency of such environmental assessment with respect to the items described in clauses (i) through (vi) of subparagraph (D). 2

(F) Each environmental assessment prepared under this paragraph shall be made available to the public.

(G) Before nominating a site, the Secretary shall notify the Governor and legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, of such nomination and the basis for such nomination.

(2) Before nominating any site the Secretary shall hold public hearings in the vicinity of such site to inform the residents of the area in which such site is located of the proposed nomination of such site and to receive their comments. At such hearings, the Secretary shall also solicit and receive any recommendations of such residents with respect to issues that should be addressed in the environmental assessment described in paragraph (1) and the site characterization plan described in section 10133(b)(1) of this title.

(3) In evaluating the sites nominated under this section prior to any decision to recommend a site as a candidate site, the Secretary shall use available geophysical, geologic, geochemical and hydrologic, and other information and shall not conduct any preliminary borings or excavations at a site unless (i) such preliminary boring or excavation activities were in progress on January 7, 1983, or (ii) the Secretary certifies that such available information from other sources, in the absence of preliminary boring or excavations, will not be adequate to satisfy applicable requirements of this chapter or any other law: Provided, That preliminary borings or excavations under this section shall not exceed a diameter of 6 inches.

(c) Presidential review of recommended candidate sites

(1) The President shall review each candidate site recommendation made by the Secretary under subsection (b). Not later than 60 days after the submission by the Secretary of a recommendation of a candidate site, the President, in his discretion, may either approve or disapprove such candidate site, and shall transmit any such decision to the Secretary and to either the Governor and legislature of the State in which such candidate site is located, or the governing body of the affected Indian tribe where such candidate site is located, as the case may be. If, during such 60-day period, the President fails to approve or disapprove such candidate site, or fails to invoke his authority under paragraph (2) to delay his decision, such candidate site shall be considered to be approved, and the Secretary shall notify such Governor and legislature, or governing body of the affected Indian tribe, of the approval of such candidate site by reason of the inaction of the President.

(2) The President may delay for not more than 6 months his decision under paragraph (1) to approve or disapprove a candidate site, upon determining that the information provided with the recommendation of the Secretary is insufficient to permit a decision within the 60-day period referred to in paragraph (1). The President may invoke his authority under this paragraph by submitting written notice to the Congress, within such 60-day period, of his intent to invoke such authority. If the President invokes such authority, but fails to approve or disapprove the candidate site involved by the end of such 6-month period, such candidate site shall be considered to be approved, and the Secretary shall notify such Governor and legislature, or governing body of the affected Indian tribe, of the approval

---

2 So in original. Probably should be “subparagraph (D)."
§ 10133  TITLE 42—THE PUBLIC HEALTH AND WELFARE Page 7502

of such candidate site by reason of the inaction of the President.

(d) Preliminary activities

Except as otherwise provided in this section, each activity of the President or the Secretary under this section shall be considered to be a preliminary decisionmaking activity. No such activity shall require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.

AMENDMENTS

1987—Subsec. (b)(1)(C) to (H). Pub. L. 100–202 and Pub. L. 100–203, § 5011(b), amended par. (1) identically, redesignating subpars. (D) to (H) as (C) to (G), respectively, in subpar. (C), substituting “paragraph (B)” for “subparagraphs (B) and (C)”, and striking out former subpar. (C) which read as follows: “Not later than July 1, 1989, the Secretary shall nominate 5 sites, which shall include at least 3 additional sites not nominated under subparagraph (A), and recommend by such date to the President from such 5 nominated sites 3 candidate sites the Secretary determines suitable for site characterization for selection of the second repository. The Secretary may not nominate any site previously nominated under subparagraph (A), that was not recommended as a candidate site under subparagraph (B).”

Subsec. (d). Pub. L. 100–202 and Pub. L. 100–203, § 5011(c), amended section identically, redesignating subsec. (e) as (d) and striking out former subsec. (d) which read as follows: “After the required recommendation of candidate sites under subsection (b) of this section, the Secretary may continue, as he determines necessary, to identify and study other sites to determine their suitability for recommendation for site characterization, in accordance with the procedures described in this section.”

Subsec. (f). Pub. L. 100–202 and Pub. L. 100–203, § 5011(d), which contained identical amendments directing that subsec. (f) be struck out and all subsequent subsections be redesignated accordingly, was executed by striking out subsec. (e) the probable intent of Congress because of the redesignation of former subsec. (f) as (e) by Pub. L. 100–202 and Pub. L. 100–203, § 5011(c), and the absence of any subsections subsequent to former subsec. (f). Subsec. (e) read as follows: “Nothing in this section may be construed as prohibiting the Secretary from continuing ongoing or presently planned site characterization at any site on Department of Energy land for which the location of the principal borehole has been approved by the Secretary by August 1, 1982, except that (1) the environmental assessment described in subsection (b)(1) of this section shall be prepared and made available to the public before proceeding to sink shafts at any such site; and (2) the Secretary shall not continue site characterization at any such site unless such site is among the candidate sites recommended by the Secretary under the first sentence of subsection (b) of this section for site characterization and approved by the President under subsection (c) of this section; and (3) the Secretary shall conduct public hearings under section 10133(b)(2) of this title and comply with requirements under section 10137 of this title within one year of January 7, 1983.”

Pub. L. 100–202 and Pub. L. 100–203, § 5011(c), amended section identically, redesignating subsec. (f) as (e). Former subsec. (e) redesignated (d).

CHANGE OF NAME

DELEGATION OF NOTIFICATION FUNCTION

Letter of the President of the United States, dated May 28, 1966, 51 F.R. 19531, provided:

Letter to the Honorable John S. Herrington, Secretary of Energy

Dear Mr. Secretary:

You are hereby authorized to perform the notification function vested in the President pursuant to Section 112(c)(1) of the Nuclear Waste Policy Act of 1982, 42 U.S.C. § 10132(c)(1).

This document shall be published in the Federal Register.

Sincerely,

RONALD REAGAN.

§ 10133. Site characterization

(a) In general

The Secretary shall carry out, in accordance with the provisions of this section, appropriate site characterization activities at the Yucca Mountain site. The Secretary shall consider fully the comments received under subsection (b)(2) and section 10132(b)(2) of this title and shall, to the maximum extent practicable and in consultation with the Governor of the State of Nevada, conduct site characterization activities in a manner that minimizes any significant adverse environmental impacts identified in such comments or in the environmental assessment submitted under subsection (b)(1).1

(b) Commission and States

(1) Before proceeding to sink shafts at the Yucca Mountain site, the Secretary shall submit for such candidate site to the Commission and to the Governor or legislature of the State of Nevada, for their review and comment—

(A) a general plan for site characterization activities to be conducted at such candidate site, which plan shall include—

(i) a description of such candidate site;

(ii) a description of such site characterization activities, including the following: the extent of planned excavations, plans for any onsite testing with radioactive or nonradioactive material, plans for any investigation activities that may affect the capability of such candidate site to isolate high-level radioactive waste and spent nuclear fuel, and plans to control any adverse, safety-related impacts from such site characterization activities;

(iii) plans for the decontamination and decommissioning of such candidate site, and for the mitigation of any significant adverse environmental impacts caused by site characterization activities if it is determined unsuitable for application for a construction authorization for a repository;

(iv) criteria to be used to determine the suitability of such candidate site for the lo-

1 See References in Text note below.
cation of a repository, developed pursuant to section 10132(a) of this title; and
(v) any other information required by the Commission;
(B) a description of the possible form or packaging for the high-level radioactive waste and spent nuclear fuel to be emplaced in such repository, a description, to the extent practicable, of the relationship between such waste form or packaging and the geologic medium of such site, and a description of the activities being conducted by the Secretary with respect to such possible waste form or packaging or such relationship; and
(C) a conceptual repository design that takes into account likely site-specific requirements.
(2) Before proceeding to sink shafts at the Yucca Mountain site, the Secretary shall (A) make available to the public the site characterization plan described in paragraph (1); and (B) hold public hearings in the vicinity of such candidate site to inform the residents of the area in which such candidate site is located of such plan, and to receive their comments.
(3) During the conduct of site characterization activities at the Yucca Mountain site, the Secretary shall report not less than once every 6 months to the Commission and to the Governor and legislature of the State of Nevada, on the nature and extent of such activities and the information developed from such activities.
(c) Restrictions
(1) The Secretary may conduct at the Yucca Mountain site only such site characterization activities as the Secretary considers necessary to provide the data required for evaluation of the suitability of such site for an application to be submitted to the Commission for a construction authorization for a repository at such site, and for compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).
(2) In conducting site characterization activities—
(A) the Secretary may not use any radioactive material at a site unless the Commission consents that such use is necessary to provide data for the preparation of the required environmental reports and an application for a construction authorization for a repository at such site; and
(B) if any radioactive material is used at a site—
(i) the Secretary shall use the minimum quantity necessary to determine the suitability of such site for a repository, but in no event more than the curie equivalent of 10 metric tons of spent nuclear fuel; and
(ii) such radioactive material shall be fully retrievable.
(3) If the Secretary at any time determines the Yucca Mountain site to be unsuitable for development as a repository, the Secretary shall—
(A) terminate all site characterization activities at such site;
(B) notify the Congress, the Governor and legislature of Nevada of such termination and the reasons for such termination;
(C) remove any high-level radioactive waste, spent nuclear fuel, or other radioactive materials at or in such site as promptly as practicable;
(D) take reasonable and necessary steps to reclaim the site and to mitigate any significant adverse environmental impacts caused by site characterization activities at such site;
(E) suspend all future benefits payments under part F with respect to such site; and
(F) report to Congress not later than 6 months after such determination the Secretary's recommendations for further action to assure the safe, permanent disposal of spent nuclear fuel and high-level radioactive waste, including the need for new legislative authority.
(d) Preliminary activities
Each activity of the Secretary under this section that is in compliance with the provisions of subsection (c) shall be considered a preliminary decisionmaking activity. No such activity shall require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4322(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.

§ 10134  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 7504

Subsec. (b)(3). Pub. L. 100–202 and Pub. L. 100–203, §5011(f)(3), amended par. (3) identically, substituting "the Yucca Mountain site" for "a candidate site", striking "either" before "the Governor", and substituting "the State of Nevada" for "the State in which such candidate site is located, or the governing body of the affected Indian tribe where such candidate site is located, as the case may be."
Subsec. (c)(1). Pub. L. 100–202 and Pub. L. 100–203, §5011(g)(1), amended par. (1) identically, substituting "the Yucca Mountain site" for "any candidate site", "suitability of such site" for "suitability of such candidate site", and "repository at such site" for "repository at such candidate site".
Subsec. (c)(2). Pub. L. 100–202 and Pub. L. 100–203, §5011(g)(2), amended par. (2) identically, striking out "candidate" before "site" in two places in subpar. (A) and in two places in subpar. (B).
Subsec. (c)(3). (4). Pub. L. 100–202 and Pub. L. 100–203, §5011(g)(3), amended subsec. (c) identically, adding par. (3) and striking out former pars. (3) and (4) which read as follows:
"(3) If site characterization activities are terminated at a candidate site for any reason, the Secretary shall (A) notify the Congress, the Governors and legislatures of all States in which candidate sites are located, and the governing bodies of all affected Indian tribes where such candidate sites are located, of such termination and the reasons for such termination; and (B) remove any high-level radioactive waste, spent nuclear fuel, or other radioactive materials at or in such candidate site as promptly as practicable.
"(4) If a site is determined to be unsuitable for application for a construction authorization for a repository, the Secretary shall take reasonable and necessary steps to reclaim the site and to mitigate any significant adverse environmental impacts caused by site characterization activities."

§ 10134. Site approval and construction authorizaton

(a) Hearings and Presidential recommendation

(1) The Secretary shall hold public hearings in the vicinity of the Yucca Mountain site, for the purposes of informing the residents of the area of such consideration and receiving their comments regarding the possible recommendation of such site. If, upon completion of such hearings and completion of site characterization activities at the Yucca Mountain site, under section 10333 of this title, the Secretary decides to recommend approval of such site to the President, the Secretary shall notify the Governor and legislature of the State of Nevada, of such decision.

(2) No sooner than the expiration of the 30-day period following such notification, the Secretary shall submit to the President a recommendation that the President approve such site for the development of a repository. Any such recommendation by the Secretary shall be based on the record of information developed by the Secretary under section 10333 of this title and this section, including the information described in subparagraph (A) through subparagraph (G). Together with any recommendation of a site under this paragraph, the Secretary shall make available to the public, and submit to the President, a comprehensive statement of the basis of such recommendation, including the following:

(A) a description of the proposed repository, including preliminary engineering specifications for the facility;

(B) a description of the waste form or packaging proposed for use at such repository, and an explanation of the relationship between such waste form or packaging and the geologic medium of such site;

(C) a discussion of data, obtained in site characterization activities, relating to the safety of such site;

(D) a final environmental impact statement prepared for the Yucca Mountain site pursuant to subsection (f) and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), together with comments made concerning such environmental impact statement by the Secretary of the Interior, the Council on Environmental Quality, the Administrator, and the Commission, except that the Secretary shall not be required in any such environmental impact statement to consider the need for a repository, the alternatives to geological disposal, or alternative sites to the Yucca Mountain site;

(E) preliminary comments of the Commission concerning the extent to which the in-depth site characterization analysis and the waste form proposal for such site seem to be sufficient for inclusion in any application to be submitted by the Secretary for licensing of such site as a repository;

(F) the views and comments of the Governor and legislature of any State, or the governing body of any affected Indian tribe, as determined by the Secretary, together with the response of the Secretary to such views;

(G) such other information as the Secretary considers appropriate; and

(H) any impact report submitted under section 1036(c)(2)(B) of this title by the State of Nevada.

(2)(A) If, after recommendation by the Secretary, the President considers the Yucca Mountain site qualified for application for a construction authorization for a repository, the President shall submit a recommendation of such site to Congress.

(B) The President shall submit with such recommendation a copy of the statement for such site prepared by the Secretary under paragraph (1).

(3)(A) The President may not recommend the approval of the Yucca Mountain site unless the Secretary has recommended to the President under paragraph (1) approval of such site and has submitted to the President a statement for such site as required under such paragraph.

(B) No recommendation of a site by the President under this subsection shall require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.

(b) Submission of application

If the President recommends to the Congress the Yucca Mountain site under subsection (a) and the site designation is permitted to take effect under section 10335 of this title, the Secretary shall submit to the Commission an application for a construction authorization for a repository at such site not later than 90 days after

1 So in original. The word "to" probably should not appear.
the date on which the recommendation of the site designation is effective under such section and shall provide to the Governor and legislature of the State of Nevada a copy of such application.

(c) Status report on application

Not later than 1 year after the date on which an application for a construction authorization is submitted under subsection (b), and annually thereafter until the date on which such authorization is granted, the Commission shall submit a report to the Congress describing the proceedings undertaken through the date of such report with regard to such application, including a description of—

(1) any major unresolved safety issues, and the explanation of the Secretary with respect to design and operation plans for resolving such issues;
(2) any matters of contention regarding such application; and
(3) any Commission actions regarding the granting or denial of such authorization.

(d) Commission action

The Commission shall consider an application for a construction authorization for all or part of a repository in accordance with the laws applicable to such applications, except that the Commission shall issue a final decision approving or disapproving the issuance of a construction authorization not later than the expiration of 3 years after the date of the submission of such application, except that the Commission may extend such deadline by not more than 12 months if, not less than 30 days before such deadline, the Commission complies with the requirements established in subsection (e)(2). The Commission decision approving the first such application shall prohibit the emplacement in the first repository of a quantity of spent fuel containing in excess of 70,000 metric tons of heavy metal or a quantity of solidified high-level radioactive waste resulting from the reprocessing of such a quantity of spent fuel until such time as a second repository is in operation. In the event that a monitored retrievable storage facility, approved pursuant to part C of this subchapter, shall be located, or is planned to be located, within 50 miles of the first repository, then the Commission decision approving the first such application shall prohibit the emplacement of a quantity of spent fuel containing in excess of 70,000 metric tons of heavy metal or a quantity of solidified high-level radioactive waste resulting from the reprocessing of such a quantity of spent fuel until such time as a second repository is in operation. The Secretary could not amend the project decision schedule to accommodate the Federal agency involved.

(e) Project decision schedule

(1) The Secretary shall prepare and update, as appropriate, in cooperation with all affected Federal agencies, a project decision schedule that portrays the optimum way to attain the operation of the repository, within the time periods specified in this part shall include a description of objectives and a sequence of deadlines for all Federal agencies required to take action, including an identification of the activities in which a delay in the start, or completion, of such activities will cause a delay in beginning repository operation.

(2) Any Federal agency that determines that it cannot comply with any deadline in the project decision schedule, or fails to so comply, shall submit to the Secretary and to the Commission a written report explaining the reason for its failure or expected failure to meet such deadline, the reason why such agency could not reach an agreement with the Secretary, the estimated time for completion of the activity or activities involved, the associated effect on its other deadlines in the project decision schedule, and any recommendations it may have or actions it intends to take regarding any improvements in its operation or organization, or changes to its statutory directives or authority, so that it will be able to mitigate the delay involved. The Secretary, within 30 days after receiving any such report, shall file with the Congress his response to such report, including the reasons why the Secretary could not amend the project decision schedule to accommodate the Federal agency involved.

(f) Environmental impact statement

(1) Any recommendation made by the Secretary under this section shall be considered a major Federal action significantly affecting the quality of the human environment for purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.). A final environmental impact statement prepared by the Secretary under such Act shall accompany any recommendation to the President to approve a site for a repository.

(2) With respect to the requirements imposed by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), compliance with the procedures and requirements of this chapter shall be deemed adequate consideration of the need for a repository, the time of the initial availability of a repository, and all alternatives to the isolation of high-level radioactive waste and spent nuclear fuel in a repository.

(3) For purposes of complying with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and this section, the Secretary need not consider alternate sites to the Yucca Mountain site for the repository to be developed under this part.

(4) Any environmental impact statement prepared in connection with a repository proposed to be constructed by the Secretary under this part shall, to the extent practicable, be adopted by the Commission in connection with the issuance by the Commission of a construction authorization and license for such repository. To the extent such statement is adopted by the Commission, such adoption shall be deemed to also satisfy the responsibilities of the Commission under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and no further consideration shall be required, except that nothing in this subsection shall affect any independent responsibilities of the Commission to protect the public health and safety under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.).

(5) Nothing in this chapter shall be construed to amend or otherwise detract from the licens-
ing requirements of the Nuclear Regulatory Commission established in title II of the Energy Reorganization Act of 1974 (42 U.S.C. 5841 et seq.).

(6) In any such statement prepared with respect to the repository to be constructed under this part, the Nuclear Regulatory Commission need not consider the need for a repository, the time of initial availability of a repository, alternate sites to the Yucca Mountain site, or non-geologic alternatives to such site.

REFERENCES IN TEXT

AMENDMENTS

1987—Subsec. (a)(1). Pub. L. 100–202 and Pub. L. 100–203, §5011(h)(1)(A)–(E), amended par. (1) identically, in introductory provisions substituting “vicinity of the Yucca Mountain site” for “vicinity of each site under consideration for recommendation to the President under this paragraph as a site for the development of a repository”, striking out “in which such site is located” after “residents of the area”, substituting “activities at the Yucca Mountain site” for “activities at no more than 3 candidate sites for the first proposed repository, or from all of the characterized sites for the development of subsequent repositories” in “vicinity of any such site.”

Subsec. (a)(1)(D). Pub. L. 100–202 and Pub. L. 100–203, §5011(h)(1)(F), generally amended subpar. (D) identically. Prior to amendment, subpar. (D) read as follows: “a final environmental impact statement pursuant to subsection (f) of this section and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), including an analysis of the consideration given by the Secretary to not less than 3 candidate sites for the first proposed repository [sic] or to all of the characterized sites for the development of subsequent repositories, with respect to which site characterization is completed under section 10138(b)(3) of this title, together with comments made concerning such environmental impact statement by the Secretary of the Interior, the Council on Environmental Quality, the Administrator, and the Commission, except that any such environmental impact statement concerning the first repository to be developed under this chapter shall not be required to consider the need for a repository or the alternatives to geologic disposal.”

Subsec. (a)(2). Pub. L. 100–202 and Pub. L. 100–203, §5011(h)(2), amended subsec. (a) identically, adding par. (2) and striking out former par. (2) which required submission of recommendation of one site for repository not later than Mar. 31, 1987, and recommendation of second site not later than Mar. 31, 1990, and permitted subsequent recommendations for other sites and extension of deadlines.

Subsec. (a)(3), (4). Pub. L. 100–202 and Pub. L. 100–203, §5011(h)(2), (3), amended subsec. (a) identically, redesignating par. (4) as (5), in subpar. (A), substituting “the Yucca Mountain site” for “any site under this subsection” and “statement” for “report”, and striking out former par. (3) which read as follows: “If approval of any such site recommendation does not take effect as a result of a disapproval by the Governor or legislature of a State under section 10136 of this title or the governing body of an affected Indian tribe under section 10138 of this title, the President shall submit to the Congress, not later than 1 year after the disapproval of such recommendation, a recommendation of another site for the first or subsequent repository.”

Subsec. (b). Pub. L. 100–202 and Pub. L. 100–203, §5011(i), amended subsec. (b) identically, substituting “the Yucca Mountain site” for “a site for a repository” and “State of Nevada” for “State in which such site is located, or the governing body of such Indian tribe where such site is located, as the case may be.”

Subsec. (d). Pub. L. 100–202 and Pub. L. 100–203, §5011(j), amended subsec. (d) identically, substituting “than the expiration” for “than— (1) January 1, 1989, for the first such application, and January 1, 1992 for the second such application; or (2) the expiration” and “subsection (e)(2)” for “subsection (e)(2); whichever occurs later”.

Subsec. (e)(1). Pub. L. 100–202 and Pub. L. 100–203, §5011(k), amended par. (1) identically, substituting “operation of the repository” for “operation of the repository involved”.

Subsec. (f). Pub. L. 100–202 and Pub. L. 100–203, §5011(l), generally amended subsec. (f) identically, substituting provisions consisting of pars. (1) to (6) for former provisions consisting of single unnumbered par.

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semiannual, or other regular periodic report listed in House Document No. 103–7 (in which a report required under subsec. (c) of this section is listed as the 17th item on page 186), see section 3005 of Pub. L. 104–44, as amended, set out as a note under section 1113 of Title 31, Money and Finance.

VIABILITY ASSESSMENT OF YUCCA MOUNTAIN SITE

Pub. L. 104–206, title III, Sept. 30, 1996, 110 Stat. 2995, provided in part: ‘‘That no later than September 30, 1998, the Secretary shall provide to the President and to the Congress a viability assessment of the Yucca Mountain site. The viability assessment shall include: (1) the preliminary design concept for the critical elements for the repository and waste package; (2) a total system performance assessment, based upon the design concept and the scientific data and analysis available by September 30, 1996, describing the probable behavior of the repository in the Yucca Mountain geological setting relative to the overall system performance standards;’’.
§ 10135. Review of repository siting selection

(a) "Resolution of repository siting approval" defined

For purposes of this section, the term "resolution of repository siting approval" means a joint resolution of the Congress, the matter after the resolving clause of which is as follows: "That there hereby is approved the site at .......... for a repository, with respect to which a notice of disapproval was submitted by .......... on .......... ". The first blank space in such resolution shall be filled with the name of the geographic location of the proposed site of the repository to which such resolution pertains; the second blank space in such resolution shall be filled with the designation of the State Governor and legislature or Indian tribe governing body submitting the notice of disapproval to which such resolution pertains; and the last blank space in such resolution shall be filled with the date of such submission.

(b) State or Indian tribe petitions

The designation of a site as suitable for application for a construction authorization for a repository shall be effective at the end of the 60-day period beginning on the date that the President recommends such site to the Congress under section 10134 of this title, unless the Governor and legislature of the State in which such site is located, or the governing body of an Indian tribe on whose reservation such site is located, as the case may be, has submitted to the Congress a notice of disapproval under section 10136 or 10138 of this title. If any such notice of disapproval has been submitted, the designation of such site shall not be effective except as provided under subsection (c).

(c) Congressional review of petitions

If any notice of disapproval of a repository site designation has been submitted to the Congress under section 10136 or 10138 of this title after a recommendation for approval of such site is made by the President under section 10134 of this title, such site shall be disapproved unless, during the first period of 90 calendar days of continuous session of the Congress after the date of the receipt by the Congress of such notice of disapproval, the Congress passes a resolution of repository siting approval in accordance with this subsection approving such site, and such resolution thereafter becomes law.

(d) Procedures applicable to Senate

(1) The provisions of this subsection are enacted by the Congress—

(A) as an exercise of the rulemaking power of the Senate, and as such they are deemed a part of the rules of the Senate, but applicable only with respect to the procedure to be followed in the Senate in the case of resolutions of repository siting approval, and such provisions supersede other rules of the Senate only to the extent that they are inconsistent with such other rules; and

(B) with full recognition of the constitutional right of the Senate to change the rules (so far as relating to the procedure of the Senate) at any time, in the same manner and to the same extent as in the case of any other rule of the Senate.

(2)(A) Not later than the first day of session following the day on which any notice of disapproval of a repository site selection is submitted to the Congress under section 10136 or 10138 of this title, a resolution of repository siting approval shall be introduced (by request) in the Senate by the chairman of the committee to which such notice of disapproval is referred, or by a Member or Members of the Senate designated by such chairman.

(B) Upon introduction, a resolution of repository siting approval shall be referred to the appropriate committee or committees of the Senate by the President of the Senate, and all such resolutions with respect to the same repository shall be referred to the same committee or committees. Upon the expiration of 60 calendar days of continuous session after the introduction of the first resolution of repository siting approval with respect to any site, each committee to which such resolution was referred shall make its recommendations to the Senate.

(3) If any committee to which is referred a resolution of siting approval introduced under paragraph (2)(A), or, in the absence of such a resolution, any other resolution of siting approval introduced with respect to the site involved, has not reported such resolution at the end of 60 days of continuous session of Congress after introduction of such resolution, such committee shall be deemed to have discharged its further consideration of such resolution, and such resolution shall be placed on the appropriate calendar of the Senate.

(4)(A) When each committee to which a resolution of siting approval has been referred has reported, or has been deemed to be discharged from further consideration of, a resolution described in paragraph (3), it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) for any Member of the Senate to move to proceed to the consideration of such resolution. Such motion shall be highly privileged and shall not be debatable. Such motion shall not be subject to amendment, to a motion to postpone, or to a motion to proceed to the consideration of other business. A motion to reconsider the vote by which such motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of such resolution is agreed to, such resolution shall remain the unfinished business of the Senate until disposed of.

(B) Debate on a resolution of siting approval, and on all debatable motions and appeals in connection with such resolution, shall be limited to not more than 10 hours, which shall be divided equally between Members favoring and Members opposing such resolution. A motion further to limit debate shall be in order and shall not be debatable. Such motion shall not be subject to amendment, to a motion to postpone, or to a motion to proceed to the consideration of other business, and a motion to recommence such resolution shall not be in order. A motion to recon-
sider the vote by which such resolution is agreed to or disagreed to shall not be in order.

(C) Immediately following the conclusion of the debate on a resolution of siting approval, and a single quorum call at the conclusion of such debate if requested in accordance with the rules of the Senate, the vote on final approval of such resolution shall occur.

(D) Appeals from the decisions of the Chair relating to the application of the rules of the Senate to the procedure relating to a resolution of siting approval shall be decided without debate.

(5) If the Senate receives from the House a resolution of repository siting approval with respect to any site, then the following procedure shall apply:

(A) The resolution of the House with respect to such site shall not be referred to a committee.

(B) With respect to the resolution of the Senate with respect to such site—

(i) the procedure with respect to that other resolution of the Senate with respect to such site shall be the same as if no resolution from the House with respect to such site had been received; but

(ii) on any vote on final passage of a resolution of the Senate with respect to such site, a resolution from the House with respect to such site where the text is identical shall be automatically substituted for the resolution of the Senate.

(e) Procedures applicable to House of Representatives

(1) The provisions of this section\(^1\) are enacted by the Congress—

(A) as an exercise of the rulemaking power of the House of Representatives, and as such they are deemed a part of the rules of the House, but applicable only with respect to the procedure to be followed in the House in the case of resolutions of repository siting approval, and such provisions supersede other rules of the House only to the extent that they are inconsistent with such other rules; and

(B) with full recognition of the constitutional right of the House to change the rules (so far as relating to the procedure of the House) at any time, in the same manner and to the same extent as in the case of any other rule of the House.

(2) Resolutions of repository siting approval shall upon introduction, be immediately referred by the Speaker of the House to the appropriate committee or committees of the House. Any such resolution received from the Senate shall be held at the Speaker’s table.

(3) Upon the expiration of 60 days of continuous session after the introduction of the first resolution of repository siting approval with respect to any site, each committee to which such resolution was referred shall be discharged from further consideration of such resolution, and such resolution shall be referred to the appropriate calendar, unless such resolution or an identical resolution was previously reported by each committee to which it was referred.

(4) It shall be in order for the Speaker to recognize a Member favoring a resolution to call up a resolution of repository siting approval after it has been on the appropriate calendar for 5 legislative days. When any such resolution is called up, the House shall proceed to its immediate consideration and the Speaker shall recognize the Member calling up such resolution and a Member opposed to such resolution for 2 hours of debate in the House, to be equally divided and controlled by such Members. When such time has expired, the previous question shall be considered as ordered on the resolution to adoption without intervening motion. No amendment to any such resolution shall be in order, nor shall it be in order to move to reconsider the vote by which such resolution is agreed to or disagreed to.

(5) If the House receives from the Senate a resolution of repository siting approval with respect to any site, then the following procedure shall apply:

(A) The resolution of the Senate with respect to such site shall not be referred to a committee.

(B) With respect to the resolution of the House with respect to such site—

(i) the procedure with respect to that other resolution of the House with respect to such site shall be the same as if no resolution from the Senate with respect to such site had been received; but

(ii) on any vote on final passage of a resolution of the House with respect to such site, a resolution from the Senate with respect to such site where the text is identical shall be automatically substituted for the resolution of the House.

(f) Computation of days

For purposes of this section—

(1) continuity of session of Congress is broken only by an adjournment sine die; and

(2) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of the 90-day period referred to in subsection (c) and the 60-day period referred to in subsections (d) and (e).

(g) Information provided to Congress

In considering any notice of disapproval submitted to the Congress under section 10136 or 10138 of this title, the Congress may obtain any comments of the Commission with respect to such notice of disapproval. The provision of such comments by the Commission shall not be construed as binding the Commission with respect to any licensing or authorization action concerning the repository involved.

YUCCA MOUNTAIN, NEVADA REPOSITORY SITE

Pub. L. 107–200, July 23, 2002, 116 Stat. 735, provided: “That there hereby is approved the site at Yucca Mountain, Nevada, for a repository, with respect to which a notice of disapproval was submitted by the Governor of the State of Nevada on April 8, 2002.”

§10136. Participation of States

(a) Notification of States and affected tribes

The Secretary shall identify the States with one or more potentially acceptable sites for a re-

---

\(^1\) So in original. Probably should be “subsection”. 
pository within 90 days after January 7, 1983. Within 90 days of such identification, the Secretary shall notify the Governor, the State legislature, and the tribal council of any affected Indian tribe in any State of the potentially acceptable sites within such State. For the purposes of this subchapter, the term "potentially acceptable site" means any site at which, after geologic studies and field mapping but before detailed geologic data gathering, the Department undertakes preliminary drilling and geophysical testing for the definition of site location.

(b) State participation in repository siting decisions

(1) Unless otherwise provided by State law, the Governor or legislature of each State shall have authority to submit a notice of disapproval to the Congress under paragraph (2). In any case in which State law provides for submission of any such notice of disapproval by any other person or entity, any reference in this part to the Governor or legislature of such State shall be considered to refer instead to such other person or entity.

(2) Upon the submission by the President to the Congress of a recommendation of a site for a repository, the Governor or legislature of the State in which such site is located may disapprove the site designation and submit to the Congress a notice of disapproval. Such Governor or legislature may submit such a notice of disapproval to the Congress not later than the 60 days after the date that the President recommends such site to the Congress under section 10134 of this title. A notice of disapproval shall be considered to be submitted to the Congress on the date of the transmittal of such notice of disapproval to the Speaker of the House of Representatives and the President pro tempore of the Senate. Such notice of disapproval shall be accompanied by a statement of reasons explaining why such Governor or legislature disapproved the recommended repository site involved.

(3) The authority of the Governor or legislature of each State under this subsection shall not be applicable with respect to any site located on a reservation.

(c) Financial assistance

(1)(A) The Secretary shall make grants to the State of Nevada and any affected unit of local government for the purpose of participating in activities required by this section and section 10137 of this title or authorized by written agreement entered into pursuant to section 10137(c) of this title. Any salary or travel expense that would ordinarily be incurred by such State or affected unit of local government, may not be considered eligible for funding under this paragraph.

(B) The Secretary shall make grants to the State of Nevada and any affected unit of local government of the development of such repository and the characterization of such site.

(2)(A) The Secretary shall provide financial and technical assistance to the State of Nevada, and any affected unit of local government requesting such assistance.

(ii) Such assistance shall be designed to mitigate the impact on such State or affected unit of local government of the development of such repository and the characterization of such site.

(iii) Such assistance to such State or affected unit of local government of such State shall commence upon the initiation of site characterization activities.

(B) The State of Nevada and any affected unit of local government may request assistance under this subsection by preparing and submitting to the Secretary a report on the economic, social, public health and safety, and environmental impacts that are likely to result from site characterization activities at the Yucca Mountain site. Such report shall be submitted to the Secretary after the Secretary has submitted to the State a general plan for site characterization activities under section 10139(b) of this title.

(C) As soon as practicable after the Secretary has submitted such site characterization plan, the Secretary shall seek to enter into a binding agreement with the State of Nevada setting forth—

(i) the amount of assistance to be provided under this subsection to such State or affected unit of local government; and

(ii) the procedures to be followed in providing such assistance.

(3)(A) In addition to financial assistance provided under paragraphs (1) and (2), the Secretary shall grant to the State of Nevada and any affected unit of local government an amount each fiscal year equal to the amount such State or affected unit of local government, respectively, would receive if authorized to tax site characterization activities at such site, and the development and operation of such repository, as such State or affected unit of local government taxes the non-Federal real property and industrial activities occurring within such State or affected unit of local government.

(B) Such grants shall continue until such time as all such activities, development, and operation are terminated at such site.

(4)(A) The State of Nevada or any affected unit of local government may not receive any grant
§ 10137. Consultation with States and affected Indian tribes

(a) Provision of information

(1) The Secretary, the Commission, and other agencies involved in the construction, operation, or regulation of any aspect of a repository in a State shall provide to the Governor and legislature of such State, and to the governing body of any affected Indian tribe, timely and complete information regarding determinations or plans made with respect to the site characterization, development, design, licensing, construction, operation, regulation, or decommissioning of such repository.

(2) Upon written request for such information by the Governor or legislature of such State, or by the governing body of any affected Indian tribe, as the case may be, the Secretary shall provide a written response to such request within 30 days of the receipt of such request. Such response shall provide the information requested or, in the alternative, the reasons why the information cannot be so provided. If the Secretary fails to so respond within such 30 days, the Governor or legislature of such State, or the governing body of any affected Indian tribe, as the case may be, may transmit a formal written objection to such failure to respond to the President. If the President or Secretary fails to respond to such written request within 30 days of the receipt by the President of such formal written objection, the Secretary shall immediately suspend all activities in such State authorized by this part, and shall not renew such activities until the Governor or legislature of such State, or the governing body of any affected Indian tribe, as the case may be, has received the written response to such written request required by this subsection.

(b) Consultation and cooperation

In performing any study of an area within a State for the purpose of determining the suitability of such area for a repository pursuant to section 10132(c) of this title, and in subsequently developing and loading 1 any repository within such State, the Secretary shall consult and cooperate with the Governor and legislature of such State and the governing body of any affected Indian tribe in an effort to resolve the concerns of such State and any affected Indian tribe regarding the public health and safety, environmental, and economic impacts of any such repository. In carrying out his duties under this part, the Secretary shall take such concerns into account to the maximum extent feasible and as specified in written agreements entered into under subsection (c).

(c) Written agreement

Not later than 60 days after (1) the approval of a site for site characterization for such a repository under section 10132(c) of this title, or (2) the written request of the State or Indian tribe in any affected State notified under section 10136(a) of this title to the Secretary, whichever first occurs, the Secretary shall seek to enter into a binding written agreement, and shall begin negotiations, with such State and, where appropriate, to enter into a separate binding agreement with the governing body of any affected Indian tribe, setting forth (but not limited to) the procedures under which the requirements of subsections (a) and (b), and the provi-

AMENDMENTS

1987—Subsec. (c). Pub. L. 100–202 and Pub. L. 100–203 generally amended subsec. (c) identically, substituting provisions consisting of pars. (1) to (6) for former provisions consisting of pars. (1) to (5).
tions of such written agreement, shall be carried out. Any such written agreement shall not affect the authority of the Commission under existing law. Each such written agreement shall, to the maximum extent feasible, be completed not later than 6 months after such notification. Such written agreement shall specify procedures—

(1) by which such State or governing body of an affected Indian tribe, as the case may be, may study, determine, comment on, and make recommendations with regard to the possible public health and safety, environmental, social, and economic impacts of any such repository;

(2) by which the Secretary shall consider and respond to comments and recommendations made by such State or governing body of an affected Indian tribe, including the period in which the Secretary shall so respond;

(3) by which the Secretary and such State or governing body of an affected Indian tribe may review or modify the agreement periodically;

(4) by which such State or governing body of an affected Indian tribe is to submit an impact report and request for impact assistance under section 10136(c) of this title or section 10138(b) of this title, as the case may be;

(5) by which the Secretary shall assist such State and the units of general local government in the vicinity of the repository site, in resolving the offsite concerns of such State and units of general local government, including, but not limited to, questions of State liability arising from accidents, necessary road upgrading and access to the site, ongoing emergency preparedness and emergency response, monitoring of transportation of high-level radioactive waste and spent nuclear fuel through such State, conduct of baseline health studies of inhabitants in neighboring communities near the repository site and reasonable periodic monitoring thereafter, and monitoring of the repository site upon any decommissioning and decontamination;

(6) by which the Secretary shall consult and cooperate with such State on a regular, ongoing basis and provide for an orderly process and timely schedule for State review and evaluation, including identification in the agreement of key events, milestones, and decision points in the activities of the Secretary at the potential repository site;

(7) by which the Secretary shall notify such State prior to the transportation of any high-level radioactive waste and spent nuclear fuel into such State for disposal at the repository site;

(8) by which such State may conduct reasonable independent monitoring and testing of activities on the repository site, except that such monitoring and testing shall not unreasonably interfere with or delay onsite activities;

(9) for sharing, in accordance with applicable law, of all technical and licensing information, the utilization of available expertise, the facilitating of permit procedures, joint project review, and the formulation of joint surveillance and monitoring arrangements to carry out applicable Federal and State laws;

(10) for public notification of the procedures specified under the preceding paragraphs; and

(11) for resolving objections of a State and affected Indian tribes at any stage of the planning, siting, development, construction, operation, or closure of such a facility within such State through negotiation, arbitration, or other appropriate mechanisms.

(d) On-site representative

The Secretary shall offer to any State, Indian tribe or unit of local government within whose jurisdiction a site for a repository or monitored retrievable storage facility is located under this subchapter an opportunity to designate a representative to conduct on-site oversight activities at such site. Reasonable expenses of such representatives shall be paid out of the Waste Fund.

Amendments

1995—Subsec. (c). Pub. L. 104–66 struck out after third sentence “If such written agreement is not completed within such period, the Secretary shall report to the Congress in writing within 30 days on the status of negotiations to develop such agreement and the reasons why such agreement has not been completed. Prior to submission of such report to the Congress, the Secretary shall transmit such report to the Governor of such State or the governing body of such affected Indian tribe, as the case may be, for their review and comments. Such comments shall be included in such report prior to submission to the Congress.”

§10138. Participation of Indian tribes

(a) Participation of Indian tribes in repository siting decisions

Upon the submission by the President to the Congress of a recommendation of a site for a repository located on the reservation of an affected Indian tribe, the governing body of such Indian tribe may disapprove the site designation and submit to the Congress a notice of disapproval. The governing body of such Indian tribe may submit such a notice of disapproval to the Congress not later than the 60 days after the date that the President recommends such site to the Congress under section 10134 of this title. A notice of disapproval shall be considered to be submitted to the Congress on the date of the transmittal of such notice of disapproval to the Speaker of the House and the President pro tempore of the Senate. Such notice of disapproval shall be accompanied by a statement of reasons explaining why the governing body of such Indian tribe disapproved the recommended repository site involved.

(b) Financial assistance

(1) The Secretary shall make grants to each affected tribe notified under section 10138(a) of this title for the purpose of participating in activities required by section 10137 of this title or authorized by written agreement entered into
pursuant to section 10137(c) of this title. Any salary or travel expense that would ordinarily be incurred by such tribe, may not be considered eligible for funding under this paragraph.

(6) The Secretary shall make grants to each affected Indian tribe holding a candidate site for a repository is approved under section 10132(c) of this title. Such grants may be made to each such Indian tribe only for purposes of enabling such Indian tribe—

(i) to review activities taken under this part with respect to such site for purposes of determining any potential economic, social, public health and safety, and environmental impacts of such repository on the reservation and its residents;

(ii) to develop a request for impact assistance under paragraph (2);

(iii) to engage in any monitoring, testing, or evaluation activities with respect to site characterization programs with regard to such site;

(iv) to provide information to the residents of its reservation regarding any activities of such Indian tribe, the Secretary, or the Commission with respect to such site; and

(v) to request information from, and make comments and recommendations to, the Secretary regarding any activities taken under this part with respect to such site.

(B) The amount of funds provided to any affected Indian tribe under this paragraph in any fiscal year may not exceed 100 percent of the costs incurred by such Indian tribe with respect to the activities described in clauses (i) through (v) of subparagraph (A). Any salary or travel expense that would ordinarily be incurred by such Indian tribe may not be considered eligible for funding under this paragraph.

(3)(A) The Secretary shall provide financial and technical assistance to any affected Indian tribe requesting such assistance and where there is a site with respect to which the Commission has authorized construction of a repository. Such assistance shall be designed to mitigate the impact on such Indian tribe of the development of such repository. Such assistance to such Indian tribe shall commence within 6 months following the granting by the Commission of a construction authorization for such repository and following the initiation of construction activities at such site.

(B) Any affected Indian tribe desiring assistance under this paragraph shall prepare and submit to the Secretary a report on any economic, social, public health and safety, and environmental impacts that are likely as a result of the development of a repository at a site on the reservation of such Indian tribe. Such report shall be submitted to the Secretary following the completion of site characterization activities at such site and before the recommendation of such site to the President by the Secretary for application for a construction authorization for a repository. As soon as practicable following the granting of a construction authorization for such repository, the Secretary shall seek to enter into a binding agreement with the Indian tribe involved setting forth the amount of assistance to be provided to such Indian tribe under this paragraph and the procedures to be followed in providing such assistance.

(4) The Secretary shall grant to each affected Indian tribe where a site for a repository is approved under section 10132(c) of this title an amount each fiscal year equal to the amount such Indian tribe would receive were it authorized to tax site characterization activities at such site, and the development and operation of such repository, as such Indian tribe taxes the other commercial activities occurring on such reservation. Such grants shall continue until such time as all such activities, development, and operation are terminated at such site.

(5) An affected Indian tribe may not receive any grant under paragraph (1) after the expiration of the 1-year period following—

(i) the date on which the Secretary notifies such Indian tribe of the termination of site characterization activities at the candidate site involved on the reservation of such Indian tribe;

(ii) the date on which such site is disapproved under section 10135 of this title;

(iii) the date on which the Commission disapproves an application for a construction authorization for a repository at such site;

(iv) December 22, 1987; whichever occurs first, unless there is another candidate site on the reservation of such Indian tribe that is approved under section 10132(c) of this title and with respect to which the actions described in clauses (i), (ii), and (iii) have not been taken.

(B) An affected Indian tribe may not receive any further assistance under paragraph (2) with respect to a site if repository construction activities at such site are terminated by the Secretary or if such activities are permanently enjoined by any court.

(C) At the end of the 2-year period beginning on the effective date of any license to receive and possess for a repository at a site on the reservation of an affected Indian tribe, no Federal funds shall be made available under paragraph (1) or (2) to such Indian tribe, except for—

(i) such funds as may be necessary to support activities of such Indian tribe related to any other repository where a license to receive and possess has not been in effect for more than 1 year; and

(ii) such funds as may be necessary to support activities of such Indian tribe pursuant to agreements or contracts for impact assistance entered into under paragraph (2), by such Indian tribe with the Secretary during such 2-year period.

(6) Financial assistance authorized in this subsection shall be made out of amounts held in the Nuclear Waste Fund established in section 10222 of this title.

Amendments

So in original. Probably should be designated "(5)(A)".

So in original. Probably should be followed by "or".
§ 10139. Judicial review of agency actions

(a) Jurisdiction of United States courts of appeals

(1) Except for review in the Supreme Court of the United States, the United States courts of appeals shall have original and exclusive jurisdiction over any civil action—
   (A) for review of any final decision or action of the Secretary, the President, or the Commission under this part;
   (B) alleging the failure of the Secretary, the President, or the Commission to make any decision, or take any action, required under this part;
   (C) challenging the constitutionality of any decision made, or action taken, under any provision of this part;
   (D) for review of any environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) with respect to any action under this part, or as required under section 10155(c)(1) of this title, or alleging a failure to prepare such statement with respect to any such action;
   (E) for review of any environmental assessment prepared under section 10132(b)(1) or 10155(c)(2) of this title; or
   (F) for review of any research and development activity under subchapter II.

(2) The venue of any proceeding under this section shall be in the judicial circuit in which the petitioner involved resides or has its principal office, or in the United States Court of Appeals for the District of Columbia.

(c) Deadline for commencing action

A civil action for judicial review described under subsection (a)(1) may be brought not later than the 180th day after the date of the decision or action or failure to act involved, as the case may be, except that if a party shows that he did not know of the decision or action complained of (or of the failure to act), and that a reasonable person acting under the circumstances would not have known, such party may bring a civil action not later than the 180th day after the date such party acquired actual or constructive knowledge of such decision, action, or failure to act.

§ 10141. Certain standards and criteria

(a) Environmental Protection Agency standards

Not later than 1 year after January 7, 1983, the Administrator, pursuant to authority under other provisions of law, shall, by rule, promulgate generally applicable standards for protection of the general environment from offsite releases from radioactive material in repositories.

§ 10140. Expeditied authorizations

(a) Issuance of authorizations

(1) To the extent that the taking of any action related to the site characterization of a site or the construction or initial operation of a repository under this part requires a certificate, right-of-way, permit, lease, or other authorization from a Federal agency or officer, such agency or officer shall issue or grant any such authorization at the earliest practicable date, to the extent permitted by the applicable provisions of law administered by such agency or officer. All actions of a Federal agency or officer with respect to consideration of applications or requests for the issuance or grant of any such authorization shall be expedited, and any such application or request shall take precedence over any similar applications or requests not related to such repositories.

(2) The provisions of paragraph (1) shall not apply to any certificate, right-of-way, permit, lease, or other authorization issued or granted by, or requested from, the Commission.

(b) Terms of authorizations

Any authorization issued or granted pursuant to subsection (a) shall include such terms and conditions as may be required by law, and may include terms and conditions permitted by law.

§ 10140. Expeditied authorizations

(a) Issuance of authorizations

(1) To the extent that the taking of any action related to the site characterization of a site or the construction or initial operation of a repository under this part requires a certificate, right-
ments and criteria are promulgated by the Commission under paragraph (1), such requirements and criteria shall be revised by the Commission if necessary to comply with paragraph (1)(C).

(c) Environmental impact statement

The promulgation of standards or criteria in accordance with the provisions of this section shall not require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.

Nuclear Waste Storage and Disposal at Yucca Mountain Site

“(a) ENVIRONMENTAL PROTECTION AGENCY STANDARDS.—

“(1) PROMULGATION.—Notwithstanding the provisions of section 121(a) of the Nuclear Waste Policy Act of 1982 (42 U.S.C. 10141(a)), section 161b of the Atomic Energy Act of 1954 (42 U.S.C. 2201(b)), and any other authority of the Administrator of the Environmental Protection Agency to set generally applicable standards for the Yucca Mountain site, the Administrator shall, based upon and consistent with the findings and recommendations of the National Academy of Sciences, promulgate, by rule, public health and safety standards for protection of the public from releases from radioactive materials stored or disposed of in the repository at the Yucca Mountain site. Such standards shall prescribe the maximum annual effective dose equivalent to individual members of the public from releases to the accessible environment from radioactive materials stored or disposed of in the repository. The standards shall be promulgated not later than 1 year after the Administrator receives the findings and recommendations of the National Academy of Sciences under paragraph (2) and shall be the only such standards applicable to the Yucca Mountain site.

“(2) STUDY BY NATIONAL ACADEMY OF SCIENCES.—Within 90 days after the date of the enactment of this Act (Oct. 24, 1992), the Administrator shall contract with the National Academy of Sciences to conduct a study to provide, by not later than December 31, 1993, findings and recommendations on reasonable standards for protection of the public health and safety, including—

“(A) whether a health-based standard based upon doses to individual members of the public from releases to the accessible environment (as that term is defined in the regulations contained in subpart B of part 191 of title 49, Code of Federal Regulations, as in effect on November 18, 1985) will provide a reasonable standard for protection of the health and safety of the general public;

“(B) whether it is reasonable to assume that a system for post-closure oversight of the repository can be developed, based upon active institutional controls, that will prevent an unreasonable risk of breaching the repository’s engineered or geologic barriers or increasing the exposure of individual members of the public to radiation beyond allowable limits; and

“(C) whether it is possible to make scientifically supportable predictions of the probability that the repository’s engineered or geologic barriers will be breached as a result of human intrusion over a period of 10,000 years.

“(2) REQUIRED ASSUMPTIONS.—The Commission’s requirements and criteria shall assume, to the extent consistent with the findings and recommendations of the National Academy of Sciences, that, following repository closure, the inclusion of engineered barriers and the Secretary’s post-closure oversight of the Yucca Mountain site, in accordance with subsection (c), shall be sufficient to—

“(1) prevent any activity at the site that poses an unreasonable risk of breaching the repository’s engineered or geologic barriers; and

“(2) prevent any increase in the exposure of individual members of the public to radiation beyond allowable limits.

“(c) POST-CLOSURE OVERSIGHT.—Following repository closure, the Secretary of Energy shall continue to oversee the Yucca Mountain site to prevent any activity at the site that poses an unreasonable risk of—

“(1) breaching the repository’s engineered or geologic barriers; or

“(2) increasing the exposure of individual members of the public to radiation beyond allowable limits.”

§10142. Disposal of spent nuclear fuel

Notwithstanding any other provision of this part, any repository constructed on a site approved under this part shall be designed and constructed to permit the retrieval of any spent nuclear fuel placed in such repository, during an appropriate period of operation of the facility, for any reason pertaining to the public health and safety, or the environment, or for the purpose of permitting the recovery of the economically valuable contents of such spent fuel. The Secretary shall specify the appropriate period of retrievability with respect to any repository at the time of design of such repository, and such aspect of such repository shall be subject to approval or disapproval by the Commission as part of the construction authorization process under subsections (b) through (d) of section 10134 of this title.

§10143. Title to material

Delivery, and acceptance by the Secretary, of any high-level radioactive waste or spent nu-
§ 10151. Findings and purposes

This part shall constitute a transfer to the Secretary of title to such waste or spent fuel.

§ 10144. Consideration of effect of acquisition of water rights

The Secretary shall give full consideration to whether the development, construction, and operation of a repository may require any purchase or other acquisition of water rights that will have a significant adverse effect on the present or future development of the area in which such repository is located. The Secretary shall mitigate any such adverse effects to the maximum extent practicable.

§ 10145. Termination of certain provisions

Sections 10139 and 10140 of this title shall cease to have effect at such time as a repository developed under this part is licensed to receive and possess high-level radioactive waste and spent nuclear fuel.

PART B—INTERIM STORAGE PROGRAM

§ 10151. Findings and purposes

(a) The Congress finds that—

(1) the persons owning and operating civilian nuclear power reactors have the primary responsibility for providing interim storage of spent nuclear fuel from such reactors, by maximizing, to the extent practical, the effective use of existing storage facilities at the site of each civilian nuclear power reactor, and by adding new onsite storage capacity in a timely manner where practical;

(2) the Federal Government has the responsibility to encourage and expedite the effective use of existing storage facilities and the addition of needed new storage capacity at the site of each civilian nuclear power reactor; and

(3) the Federal Government has the responsibility to provide, in accordance with the provisions of this part, not more than 1,900 metric tons of capacity for interim storage of spent nuclear fuel for civilian nuclear power reactors that cannot reasonably provide adequate storage capacity at the sites of such reactors when needed to assure the continued, orderly operation of such reactors.

(b) The purposes of this part are—

(1) to provide for the utilization of available spent nuclear fuel pools at the site of each civilian nuclear power reactor to the extent practical and the addition of new spent nuclear fuel storage capacity where practical at the site of such reactor; and

(2) to provide, in accordance with the provisions of this part, for the establishment of a federally owned and operated system for the interim storage of spent nuclear fuel at one or more facilities owned by the Federal Government with not more than 1,900 metric tons of capacity to prevent disruptions in the orderly operation of any civilian nuclear power reactor that cannot reasonably provide adequate spent nuclear fuel storage capacity at the site of such reactor when needed.

§ 10152. Available capacity for interim storage of spent nuclear fuel

The Secretary, the Commission, and other authorized Federal officials shall each take such actions as such official considers necessary to encourage and expedite the effective use of available storage, and necessary additional storage, at the site of each civilian nuclear power reactor consistent with—

(1) the protection of the public health and safety, and the environment;

(2) economic considerations;

(3) continued operation of such reactor;

(4) any applicable provisions of law; and

(5) the views of the population surrounding such reactor.

§ 10153. Interim at-reactor storage

The Commission shall, by rule, establish procedures for the licensing of any technology approved by the Commission under section 10198(a)1 of this title for use at the site of any civilian nuclear power reactor. The establishment of such procedures shall not preclude the licensing, under any applicable procedures or rules of the Commission in effect prior to such establishment, of any technology for the storage of civilian spent nuclear fuel at the site of any civilian nuclear power reactor.

REFERENCES IN TEXT

Section 10198(a) of this title, referred to in text, was in the original a reference to section 219(a) of Pub. L. 97–425, which is classified to section 10199(a) of this title, and has been translated as section 10198(a) of this title as the probable intent of Congress in view of the subject matter of section 10198(a) which relates to development of technologies for storage of spent nuclear fuel, and the subject matter of section 10199(a) which relates to payments to States and Indian tribes.

§ 10154. Licensing of facility expansions and transshipments

(a) Oral argument

In any Commission hearing under section 189 of the Atomic Energy Act of 1954 (42 U.S.C. 2239) on an application for a license, or for an amendment to an existing license, filed after January 7, 1983, to expand the spent nuclear fuel storage capacity at the site of a civilian nuclear power reactor, through the use of high-density fuel storage racks, fuel rod compaction, the transshipment of spent nuclear fuel to another civilian nuclear power reactor within the same util-

1 See References in Text note below.
§ 10155. Storage of spent nuclear fuel

(a) Storage capacity

(1) Subject to section 10107 of this title, the Secretary shall provide, in accordance with paragraph (5), not more than 1,900 metric tons of capacity for the storage of spent nuclear fuel from civilian nuclear power reactors. Such storage capacity shall be provided through any one or more of the following methods, used in any combination determined by the Secretary to be appropriate:

(A) use of available capacity at one or more facilities owned by the Federal Government on January 7, 1983, including the modification and expansion of any such facilities, if the Commission determines that such use will adequately protect the public health and safety, except that such use shall not:

(i) render such facilities subject to licensing under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) or the Energy Reorganization Act of 1974 (42 U.S.C. 5801 et seq.); or

(ii) except as provided in subsection (c) require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), such facility is already being used, or has previously been

(3) The provisions of paragraph (2)(B) shall apply only with respect to licenses, authorizations, or amendments to licenses or authorizations, applied for under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) before December 31, 2005.

(4) The provisions of this section shall not apply to the first application for a license or license amendment received by the Commission to expand onsite spent fuel storage capacity by the use of a new technology not previously approved for use at any nuclear powerplant by the Commission.

(c) Judicial review

No court shall hold unlawful or set aside a decision of the Commission in any proceeding described in subsection (a) because of a failure by the Commission to use a particular procedure pursuant to this section unless—

(1) an objection to the procedure used was presented to the Commission in a timely fashion or there are extraordinary circumstances that excuse the failure to present a timely objection; and

(2) the court finds that such failure has precluded a fair consideration and informed resolution of a significant issue of the proceeding taken as a whole.

§ 10155. Storage of spent nuclear fuel

(a) Storage capacity

(1) Subject to section 10107 of this title, the Secretary shall provide, in accordance with paragraph (5), not more than 1,900 metric tons of capacity for the storage of spent nuclear fuel from civilian nuclear power reactors. Such storage capacity shall be provided through any one or more of the following methods, used in any combination determined by the Secretary to be appropriate:

(A) use of available capacity at one or more facilities owned by the Federal Government on January 7, 1983, including the modification and expansion of any such facilities, if the Commission determines that such use will adequately protect the public health and safety, except that such use shall not:

(i) render such facilities subject to licensing under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) or the Energy Reorganization Act of 1974 (42 U.S.C. 5801 et seq.); or

(ii) except as provided in subsection (c) require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), such facility is already being used, or has previously been

1 So in original. Probably should be preceded by "if".
used, for such storage or for any similar purpose.

(B) acquisition of any modular or mobile spent nuclear fuel storage equipment, including spent nuclear fuel storage casks, and provision of such equipment, to any person generating or holding title to spent nuclear fuel, at the site of any civilian nuclear power reactor operated by such person or at any site owned by the Federal Government on January 7, 1983; and

(C) construction of storage capacity at any site of a civilian nuclear power reactor.

(2) Storage capacity authorized by paragraph (1) shall not be provided at any Federal or non-Federal site within which there is a candidate site for a repository. The restriction in the preceding sentence shall only apply until such time as the Secretary decides that such candidate site is no longer a candidate site under consideration for development as a repository.

(3) In selecting methods of providing storage capacity under paragraph (1), the Secretary shall consider the timeliness of the availability of each such method and shall seek to minimize the transportation of spent nuclear fuel, the public health and safety impacts, and the costs of providing such storage capacity.

(4) In providing storage capacity through any method described in paragraph (1), the Secretary shall comply with any applicable requirements for licensing or authorization of such method, except as provided in paragraph (1)(A)(i).

(5) The Secretary shall ensure that storage capacity is made available under paragraph (1) when needed, as determined on the basis of the storage needs specified in contracts entered into under section 10156(a) of this title, and shall accept upon request any spent nuclear fuel as covered under such contracts.

(6) For purposes of paragraph (1)(A), the term “facility” means any building or structure.

(b) Contracts

(1) Subject to the capacity limitation established in subsections (a)(1) and (d), the Secretary shall offer to enter into, and may enter into, contracts under section 10156(a) of this title with any person generating or owning spent nuclear fuel for purposes of providing storage capacity for such spent fuel under this section only if the Commission determines that—

(A) adequate storage capacity to ensure the continued orderly operation of the civilian nuclear power reactor at which such spent nuclear fuel is generated cannot reasonably be provided by the person owning and operating such reactor at such site, or at the site of any other civilian nuclear power reactor operated by such person, and such capacity cannot be made available in a timely manner through any method described in subparagraph (B); and

(B) such person is diligently pursuing licensed alternatives to the use of Federal storage capacity for the storage of spent nuclear fuel expected to be generated by such person in the future, including—

(i) expansion of storage facilities at the site of any civilian nuclear power reactor operated by such person;

(ii) construction of new or additional storage facilities at the site of any civilian nuclear power reactor operated by such person;

(iii) acquisition of modular or mobile spent nuclear fuel storage equipment, including spent nuclear fuel storage casks, for use at the site of any civilian nuclear power reactor operated by such person; and

(iv) transshipment to another civilian nuclear power reactor owned by such person.

(2) In making the determination described in paragraph (1)(A), the Commission shall ensure maintenance of a full core reserve storage capability at the site of the civilian nuclear power reactor involved unless the Commission determines that maintenance of such capability is not necessary for the continued orderly operation of such reactor.

(3) The Commission shall complete the determinations required in paragraph (1) with respect to any request for storage capacity not later than 6 months after receipt of such request by the Commission.

(c) Environmental review

(1) The provision of 300 or more metric tons of storage capacity at any one Federal site under subsection (a)(1)(A) shall be considered to be a major Federal action requiring preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

(2)(A) The Secretary shall prepare, and make available to the public, an environmental assessment of the probable impacts of any provision of less than 300 metric tons of storage capacity at any one Federal site under subsection (a)(1)(A) that requires the modification or expansion of any facility at the site, and a discussion of alternative activities that may be undertaken to avoid such impacts. Such environmental assessment shall include—

(i) an estimate of the amount of storage capacity to be made available at such site;

(ii) an evaluation as to whether the facilities to be used at such site are suitable for the provision of such storage capacity;

(iii) a description of activities planned by the Secretary with respect to the modification or expansion of the facilities to be used at such site;

(iv) an evaluation of the effects of the provision of such storage capacity at such site on the public health and safety, and the environment;

(v) a reasonable comparative evaluation of current information with respect to such site and facilities and other sites and facilities available for the provision of such storage capacity;

(vi) a description of any other sites and facilities that have been considered by the Secretary for the provision of such storage capacity; and

(vii) an assessment of the regional and local impacts of providing such storage capacity at such site, including the impacts on transportation.

(B) The issuance of any environmental assessment under this paragraph shall be considered
to be a final agency action subject to judicial review in accordance with the provisions of chapter 7 of title 5. Such judicial review shall be limited to the sufficiency of such assessment with respect to the items described in clauses (i) through (vii) of subparagraph (A).

(3) Judicial review of any environmental impact statement or environmental assessment prepared pursuant to this subsection shall be conducted in accordance with the provisions of section 10339 of this title.

(d) Review of sites and State participation

(1) In carrying out the provisions of this part with regard to any interim storage of spent fuel from civilian nuclear power reactors which the Secretary is authorized by this section to provide, the Secretary shall, as soon as practicable, notify, in writing, the Governor and the State legislature of any State and the Tribal Council of any affected Indian tribe in such State in which is located a potentially acceptable site or facility for such interim storage of spent fuel of his intention to investigate that site or facility.

(2) During the course of investigation of such site or facility, the Secretary shall keep the Governor, State legislature, and affected Tribal Council currently informed of the progress of the work, and results of the investigation. At the time of selection by the Secretary of any site or existing facility, but prior to undertaking any site-specific work or alterations, the Secretary shall promptly notify the Governor, the legislature, and any affected Tribal Council in writing of such selection, and subject to the provisions of paragraph (6) of this subsection, shall promptly enter into negotiations with such State and affected Tribal Council to establish a cooperative agreement under which such State and Council shall have the right to participate in a process of consultation and cooperation, based on public health and safety and environmental concerns, in all stages of the planning, development, modification, expansion, operation, and closure of storage capacity at a site or facility within such State for the interim storage of spent fuel from civilian nuclear power reactors. Public participation in the negotiation of such an agreement shall be provided for and encouraged by the Secretary, the State, and the affected Tribal Council. The Secretary, in cooperation with the States and Indian tribes, shall develop and publish minimum guidelines for public participation in such negotiations, but the adequacy of such guidelines or any failure to comply with such guidelines shall not be a basis for judicial review.

(3) The cooperative agreement shall include, but need not be limited to, the sharing in accordance with applicable law of all technical and licensing information, the utilization of available expertise, the facilitating of permitting procedures, joint project review, and the formulation of joint surveillance and monitoring arrangements to carry out applicable Federal and State laws. The cooperative agreement shall include a detailed plan or schedule of milestones, decision points and opportunities for State or eligible Tribal Council review and objection. Such cooperative agreement shall provide procedures for negotiating and resolving objections of the State and affected Tribal Council in any stage of planning, development, modification, expansion, operation, or closure of storage capacity at a site or facility within such State. The terms of any cooperative agreement shall not affect the authority of the Nuclear Regulatory Commission under existing law.

(4) For the purpose of this subsection, “process of consultation and cooperation” means a methodology by which the Secretary (A) keeps the State and eligible Tribal Council fully and currently informed about the aspects of the project related to any potential impact on the public health and safety and environment; (B) solicits, receives, and evaluates concerns and objections of such State and Council with regard to such aspects of the project on an ongoing basis; and (C) works diligently and cooperatively to resolve, through arbitration or other appropriate mechanisms, such concerns and objections. The process of consultation and cooperation shall not include the grant of a right to any State or Tribal Council to exercise an absolute veto of any aspect of the planning, development, modification, expansion, or operation of the project.

(5) The Secretary and the State and affected Tribal Council shall seek to conclude the agreement required by paragraph (2) as soon as practicable, but not later than 180 days following the date of notification of the selection under paragraph (2). The Secretary shall periodically report to the Congress thereafter on the status of the agreements approved under paragraph (3). Any report to the Congress on the status of negotiations of such agreement by the Secretary shall be accompanied by comments solicited by the Secretary from the State and eligible Tribal Council.

(6)(A) Upon deciding to provide an aggregate of 300 or more metric tons of storage capacity under subsection (a)(1) at any one site, the Secretary shall notify the Governor and legislature of the State where such site is located, or the governing body of the Indian tribe in whose reservation such site is located, as the case may be, of such decision. During the 60-day period following receipt of notification by the Secretary of his decision to provide an aggregate of 300 or more metric tons of storage capacity at any one site, the Governor or legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, may disapprove the provision of such storage capacity at the site involved and submit to the Congress a notice of such disapproval. A notice of disapproval shall be considered to be submitted to the Congress on the date of the transmittal of such notice of disapproval to the Speaker of the House and the President pro tempore of the Senate. Such notice of disapproval shall be accompanied by a statement of reasons explaining why the provision of such storage capacity at such site was disapproved by such Governor or legislature or the governing body of such Indian tribe.

(B) Unless otherwise provided by State law, the Governor or legislature of each State shall have authority to submit a notice of disapproval to the Congress under subparagraph (A). In any case in which State law provides for submission
of any such notice of disapproval by any other person or entity, any reference in this part to the Governor or legislature of such State shall be considered to refer instead to such other person or entity.

(C) The authority of the Governor and legislature of each State under this paragraph shall not be applicable with respect to any site located on a reservation.

(D) If any notice of disapproval is submitted to the Congress under subparagraph (A), the proposed provision of 300 or more metric tons of storage capacity at the site involved shall be disapproved unless, during the first period of 90 calendar days of continuous session of the Congress following the date of the receipt by the Congress of such notice of disapproval, the Congress passes a resolution approving such provision of storage capacity in accordance with the procedures established in this paragraph and subsections (d) through (f) of section 10135 of this title and such resolution thereafter becomes law. For purposes of this paragraph, the term "resolution" means a joint resolution of either House of the Congress, the matter after the resolving clause of which is as follows: "That there hereby is approved the provision of 300 or more metric tons of spent nuclear fuel storage capacity at the site located at ... with respect to which a notice of disapproval was submitted on ...". The first blank space in such resolution shall be filled with the geographic location of the site involved; the second blank space in such resolution shall be filled with the designation of the State Governor and legislature or affected Indian tribe governing body submitting the notice of disapproval involved; and the last blank space in such resolution shall be filled with the date of submission of such notice of disapproval.

(E) For purposes of the consideration of any resolution described in subparagraph (D), each reference in subsections (d) and (e) of section 10135 of this title to a resolution of repository siting approval shall be considered to refer to the resolution described in such subparagraph.

(7) As used in this section, the term "affecting Tribal Council" means the governing body of any Indian tribe within whose reservation boundaries there is located a potentially acceptable site for interim storage capacity of spent nuclear fuel from civilian nuclear power reactors, or within whose boundaries a site for such capacity is selected by the Secretary, or whose federally defined possessory or usage rights to other lands outside of the reservation's boundaries arising out of congressionally ratified treaties, as determined by the Secretary of the Interior pursuant to a petition filed with him by the appropriate governmental officials of such tribe, may be substantially and adversely affected by the establishment of any such storage capacity.

(e) Limitations

Any spent nuclear fuel stored under this section shall be removed from the storage site or facility involved as soon as practicable, but in any event not later than 3 years following the date on which a repository or monitored retrievable storage facility developed under this chapter is available for disposal of such spent nuclear fuel.

(f) Report

The Secretary shall annually prepare and submit to the Congress a report on any plans of the Secretary for providing storage capacity under this section. Such report shall include a description of the specific manner of providing such storage selected by the Secretary, if any. The Secretary shall prepare and submit the first such report not later than 1 year after January 7, 1983.

(g) Criteria for determining adequacy of available storage capacity

Not later than 90 days after January 7, 1983, the Commission pursuant to section 553 of the Administrative Procedures Act [5 U.S.C. 553], shall propose, by rule, procedures and criteria for making the determination required by subsection (b) that a person owning and operating a civilian nuclear power reactor cannot reasonably provide adequate spent nuclear fuel storage capacity at the civilian nuclear power reactor site when needed to ensure the continued orderly operation of such reactor. Such criteria shall ensure the maintenance of a full core reserve storage capability at the site of such reactor unless the Commission determines that maintenance of such capability is not necessary for the continued orderly operation of such reactor. Such criteria shall identify the feasibility of reasonably providing such adequate spent nuclear fuel storage capacity, taking into account economic, technical, regulatory, and public health and safety factors, through the use of high-density fuel storage racks, fuel rod compaction, transshipment of spent nuclear fuel to another civilian nuclear power reactor within the same utility system, construction of additional spent nuclear fuel pool capacity, or such other technologies as may be approved by the Commission.

(h) Application

Notwithstanding anything in this chapter, nothing in this chapter shall be construed to encourage, authorize, or require the private or Federal use, purchase, lease, or other acquisition of any storage facility located away from the State of such nuclear reactor not owned by the Federal Government on January 7, 1983.

(i) Coordination with research and development program

To the extent available, and consistent with the provisions of this section, the Secretary shall provide spent nuclear fuel for the research and development program authorized in section 10198(a) of this title from spent nuclear fuel received by the Secretary for storage under this section. Such spent nuclear fuel shall not be subject to the provisions of subsection (e).

§ 10156. Interim Storage Fund

(a) Contracts

(1) During the period following January 7, 1983, but not later than January 1, 1990, the Secretary is authorized to enter into contracts with persons who generate or own spent nuclear fuel resulting from nuclear activities for the storage of such spent nuclear fuel in any storage capacity provided under this part: Provided, however, That the Secretary shall not enter into contracts for spent nuclear fuel in amounts in excess of the available storage capacity specified in section 10156(a) of this title. Those contracts shall provide that the Federal Government will (1) take title at the civilian nuclear power reactor site, to such amounts of spent nuclear fuel from the civilian nuclear power reactor as the Commission determines cannot be stored onsite, (2) transport the spent nuclear fuel to a federally owned and operated interim away-from-reactor storage facility, and (3) store such fuel in the facility pending further processing, storage, or disposal. Each such contract shall (A) provide for payment to the Secretary of fees determined in accordance with the provisions of this section; and (B) specify the amount of storage capacity to be provided for the person involved.

(2) The Secretary shall undertake a study and, not later than 180 days after January 7, 1983, submit to the Congress a report, establishing payment charges that shall be calculated on an annual basis, commencing on or before January 1, 1984. Such payment charges and the calculation thereof shall be published in the Federal Register, and shall become effective not less than 30 days after publication. Each payment charge published in the Federal Register under this paragraph shall remain effective for a period of 12 months from the effective date as the charge for the cost of the interim storage of any spent nuclear fuel. The report of the Secretary shall specify the method and manner of collection (including the rates and manner of payment) and any legislative recommendations determined by the Secretary to be appropriate.

(3) Fees for storage under this part shall be established on a nondiscriminatory basis. The fees to be paid by each person entering into a contract with the Secretary under this subsection shall be based upon an estimate of the pro rata costs of storage and related activities under this part with respect to such person, including the acquisition, construction, operation, and maintenance of any facilities under this part.

(4) The Secretary shall establish in writing criteria setting forth the terms and conditions under which such storage services shall be made available.

(5) Except as provided in section 10157 of this title, nothing in this chapter or any other Act requires the Secretary, in carrying out the responsibilities of this section, to obtain a license or permit to possess or own spent nuclear fuel.

(b) Limitation

No spent nuclear fuel generated or owned by any department of the United States referred to in section 101 or 102 of title 5 may be stored by the Secretary in any storage capacity provided under this part unless such department transmits to the Secretary, for deposit in the Interim Storage Fund, amounts equivalent to the fees that would be paid to the Secretary under the contracts referred to in this section if such spent nuclear fuel were generated by any other person.

(c) Establishment of Interim Storage Fund

There hereby is established in the Treasury of the United States a separate fund, to be known as the Interim Storage Fund. The Storage Fund shall consist of—

(1) all receipts, proceeds, and recoveries realized by the Secretary under subsections (a), (b), and (c), which shall be deposited in the Storage Fund immediately upon their realization;

(2) any appropriations made by the Congress to the Storage Fund; and

(3) any unexpended balances available on January 7, 1983, for functions or activities necessary or incidental to the interim storage of civilian spent nuclear fuel, which shall automatically be transferred to the Storage Fund on such date.

(d) Use of Storage Fund

The Secretary may make expenditures from the Storage Fund, subject to subsection (e), for any purpose necessary or appropriate to the conduct of the functions and activities of the Secretary, or the provision of anticipated provision of services, under this part, including—

(1) the identification, development, licensing, construction, operation, decommissioning, and post-decommissioning maintenance and monitoring of any interim storage facility provided under this part;

(2) the administrative cost of the interim storage program;

(3) the costs associated with acquisition, design, modification, replacement, operation, and construction of facilities at an interim storage facility;
storage site, consistent with the restrictions in section 10155 of this title;  
(4) the cost of transportation of spent nuclear fuel; and  
(5) impact assistance as described in subsection (e).  
(e) Impact assistance  
(1) Beginning the first fiscal year which commences after January 7, 1983, the Secretary shall make annual impact assistance payments to a State or appropriate unit of local government, or both, in order to mitigate social or economic impacts occasioned by the establishment and subsequent operation of any interim storage capacity within the jurisdictional boundaries of such government or governments and authorized under this part: Provided, however, That such impact assistance payments shall not exceed (A) ten per centum of the costs incurred in paragraphs (1) and (2), or (B) $15 per kilogram of spent fuel, whichever is less;  
(2) Payments made available to States and units of local government pursuant to this section shall be—  
(A) allocated in a fair and equitable manner with a priority to those States or units of local government suffering the most severe impacts; and  
(B) utilized by States or units of local government only for (i) planning, (ii) construction and maintenance of public services, (iii) provision of public services related to the providing of such interim storage authorized under this subchapter, and (iv) compensation for loss of taxable property equivalent to that if the storage had been provided under private ownership.  
(3) Such payments shall be subject to such terms and conditions as the Secretary determines necessary to ensure that the purposes of this subsection shall be achieved. The Secretary shall issue such regulations as may be necessary to carry out the provisions of this subsection.  
(4) Payments under this subsection shall be made available solely from the fees determined under subsection (a).  
(5) The Secretary is authorized to consult with States and appropriate units of local government in advance of commencement of establishment of storage capacity authorized under this part in an effort to determine the level of payment such government would be eligible to receive pursuant to this subsection.  
(6) As used in this subsection, the term “unit of local government” means a county, parish, township, municipality, and shall include a borough existing in the State of Alaska on January 7, 1983, and any other unit of government below the State level which is a unit of general government as determined by the Secretary.  
(f) Administration of Storage Fund  
(1) The Secretary of the Treasury shall hold the Storage Fund and, after consultation with the Secretary, annually report to the Congress on the financial condition and operations of the Storage Fund during the preceding fiscal year.  
(2) The Secretary shall submit the budget of the Storage Fund to the Office of Management and Budget triennially along with the budget of the Department of Energy submitted at such time in accordance with chapter 11 of title 31. The budget of the Storage Fund shall consist of estimates made by the Secretary of expenditures from the Storage Fund and other relevant financial matters for the succeeding 3 fiscal years, and shall be included in the Budget of the United States Government. The Secretary may make expenditures from the Storage Fund, subject to appropriations which shall remain available until expended. Appropriations shall be subject to triennial authorization.  
(3) If the Secretary determines that the Storage Fund contains at any time amounts in excess of current needs, the Secretary may request the Secretary of the Treasury to invest such amounts, or any portion of such amounts as the Secretary determines to be appropriate, in obligations of the United States—  
(A) having maturities determined by the Secretary of the Treasury to be appropriate to the needs of the Storage Fund; and  
(B) bearing interest at rates determined to be appropriate by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the maturities of such investments, except that the interest rate on such investments shall not exceed the average interest rate applicable to existing borrowings.  
(4) Receipts, proceeds, and recoveries realized by the Secretary under this section, and expenditures of amounts from the Storage Fund, shall be exempt from annual apportionment under the provisions of subchapter II of chapter 15 of title 31.  
(5) If at any time the moneys available in the Storage Fund are insufficient to enable the Secretary to discharge his responsibilities under this part, the Secretary shall issue to the Secretary of the Treasury obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be agreed to by the Secretary and the Secretary of the Treasury. The total of such obligations shall not exceed amounts provided in appropriation Acts. Redemption of such obligations shall be made by the Secretary from moneys available in the Storage Fund. Such obligations shall bear interest at a rate determined by the Secretary of the Treasury, which shall be not less than a rate determined by taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the obligations under this paragraph. The Secretary of the Treasury shall purchase any issued obligations, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which securities may be issued under such Act are extended to include any purchase of such obligations. The Secretary of the Treasury may at any

1 So in original. Probably should be “jurisdictional”.

§ 10157 Transportation

(a)(1) Transportation of spent nuclear fuel under section 10156(a) of this title shall be subject to licensing and regulation by the Commission and by the Secretary of Transportation as provided for transportation of commercial spent nuclear fuel under existing law.

(2) The Secretary, in providing for the transportation of spent nuclear fuel under this chapter, shall utilize by contract private industry to the fullest extent possible in each aspect of such transportation. The Secretary shall use direct Federal services for such transportation only upon a determination of the Secretary of Transportation, in consultation with the Secretary, that private industry is unable or unwilling to provide such transportation services at reasonable cost.

Part C—Monitored Retrievable Storage

§ 10161. Monitored retrievable storage

(a) Findings

The Congress finds that—

(1) long-term storage of high-level radioactive waste or spent nuclear fuel in monitored retrievable storage facilities is an option for providing safe and reliable management of such waste or spent fuel;

(2) the executive branch and the Congress should proceed as expeditiously as possible to consider fully a proposal for construction of one or more monitored retrievable storage facilities to provide such long-term storage;

(3) the Federal Government has the responsibility to ensure that site-specific designs for such facilities are available as provided in this section;

(4) the generators and owners of the high-level radioactive waste and spent nuclear fuel to be stored in such facilities have the responsibility to pay the costs of the long-term storage of such waste and spent fuel; and

(5) disposal of high-level radioactive waste and spent nuclear fuel in a repository developed under this chapter should proceed regardless of any construction of a monitored retrievable storage facility pursuant to this section.

(b) Submission of proposal by Secretary

(1) On or before June 1, 1985, the Secretary shall complete a detailed study of the need for and feasibility of, and shall submit to the Congress a proposal for, the construction of one or more monitored retrievable storage facilities for high-level radioactive waste and spent nuclear fuel. Each such facility shall be designed—

(A) to accommodate spent nuclear fuel and high-level radioactive waste resulting from civilian nuclear activities;

(B) to permit continuous monitoring, management, and maintenance of such spent fuel and waste for the foreseeable future;

(C) to provide for the ready retrieval of such spent fuel and waste for further processing or disposal; and

(D) to safely store such spent fuel and waste as long as may be necessary by maintaining such facility through appropriate means, including any required replacement of such facility.

(2) Such proposal shall include—

(A) the establishment of a Federal program for the siting, development, construction, and operation of facilities capable of safely storing high-level radioactive waste and spent nuclear fuel, which facilities are to be licensed by the Commission;

(B) a plan for the funding of the construction and operation of such facilities, which plan shall provide that the costs of such activities shall be borne by the generators and owners of the high-level radioactive waste and spent nuclear fuel to be stored in such facilities;

(C) site-specific designs, specifications, and cost estimates sufficient to (i) solicit bids for the construction of the first such facility; (ii) support congressional authorization of the construction of such facility; and (iii) enable completion and operation of such facility as soon as practicable following congressional authorization of such facility; and

(D) a plan for integrating facilities constructed pursuant to this section with other storage and disposal facilities authorized in this chapter.

1 So in original. No subsec. (b) has been enacted.
(3) In formulating such proposal, the Secretary shall consult with the Commission and the Administrator, and shall submit their comments on such proposal to the Congress at the time such proposal is submitted. The proposal shall include, for the first such facility, at least 3 alternative sites and at least 5 alternative combinations of such proposed sites and facility designs consistent with the criteria of paragraph (1). The Secretary shall recommend the combination among the alternatives that the Secretary deems preferable. The environmental assessment under subsection (c) shall include a full analysis of the relative advantages and disadvantages of all 5 such alternative combinations of proposed sites and proposed facility designs.

(c) Environmental impact statements

(1) Preparation and submission to the Congress of the proposal required in this section shall not require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4322(2)(C)). The Secretary shall prepare, in accordance with regulations issued by the Secretary implementing such Act [42 U.S.C. 4321 et seq.], an environmental assessment with respect to such proposal. Such environmental assessment shall be based upon available information regarding alternative technologies for the storage of spent nuclear fuel and high-level radioactive waste. The Secretary shall submit such environmental assessment to the Congress at the time such proposal is submitted.

(2) If the Congress by law, after review of the proposal submitted by the Secretary under subsection (b), specifically authorizes construction of a monitored retrievable storage facility, the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) shall apply with respect to construction of such facility, except that any environmental impact statement prepared with respect to such facility shall not be required to consider the need for such facility or any alternative to the design criteria for such facility set forth in subsection (b)(1).

(d) Licensing

Any facility authorized pursuant to this section shall be subject to licensing under section 5842(3) of this title. In reviewing the application filed by the Secretary for licensing of the first such facility, the Commission may not consider the need for such facility or any alternative to the design criteria for such facility set forth in subsection (b)(1).

(e) Clarification

Nothing in this section limits the consideration of alternative facility designs consistent with the criteria of paragraph (b)(1) in any environmental impact statement, or in any licensing procedure of the Commission, with respect to any monitored, retrievable facility authorized pursuant to this section.

(f) Impact assistance

(1) Upon receipt by the Secretary of congressional authorization to construct a facility described in subsection (b), the Secretary shall commence making annual impact aid payments to appropriate units of general local government in order to mitigate any social or economic impacts resulting from the construction and subsequent operation of any such facility within the jurisdictional boundaries of any such unit.

(2) Payments made available to units of general local government under this subsection shall be—

(A) allocated in a fair and equitable manner, with priority given to units of general local government determined by the Secretary to be most severely affected; and

(B) utilized by units of general local government only for planning, construction, maintenance, and provision of public services related to the siting of such facility.

(3) Such payments shall be subject to such terms and conditions as the Secretary determines are necessary to ensure achievement of the purposes of this subsection. The Secretary shall issue such regulations as may be necessary to carry out the provisions of this subsection.

(4) Such payments shall be made available entirely from funds held in the Nuclear Waste Fund established in section 10222(c) of this title and shall be available only to the extent provided in advance in appropriation Acts.

(5) The Secretary may consult with appropriate units of general local government in advance of commencement of construction of any such facility in an effort to determine the level of payments each such unit is eligible to receive under this subsection.

(g) Limitation

No monitored retrievable storage facility developed pursuant to this section may be constructed in any State in which there is located any site approved for site characterization under section 10132 of this title. The restriction in the preceding sentence shall only apply until such time as the Secretary decides that such candidate site is no longer a candidate site under consideration for development as a repository. Such restriction shall continue to apply to any site selected for construction as a repository.

(h) Participation of States and Indian tribes

Any facility authorized pursuant to this section shall be subject to the provisions of sections 10135, 10136(a), 10136(b), 10136(d), 10137, and 10138 of this title. For purposes of carrying out the provisions of this subsection, any reference in sections 10135 through 10138 of this title to a repository shall be considered to refer to a monitored retrievable storage facility.

REFERENCES IN TEXT

§ 10162. Authorization of monitored retrievable storage

(a) Nullification of Oak Ridge sitting proposal

The proposal of the Secretary (EC–1022, 100th Congress) to locate a monitored retrievable storage facility at a site on the Clinch River in the Roane County portion of Oak Ridge, Tennessee, with alternative sites on the Oak Ridge Reservation of the Department of Energy and on the former site of a proposed nuclear powerplant in Hartsville, Tennessee, is annulled and revoked. In carrying out the provisions of sections 10164 and 10165 of this title, the Secretary shall make no presumption or preference to such sites by reason of their previous selection.

(b) Authorization

The Secretary is authorized to site, construct, and operate one monitored retrievable storage facility subject to the conditions described in sections 10163 through 10169 of this title.

CODIFICATION

§ 10163. Monitored Retrievable Storage Commission

(a) Establishment

(1)(A) There is established a Monitored Retrievable Storage Review Commission (hereinafter in this section referred to as the “MRS Commission”), that shall consist of 3 members who shall be appointed by and serve at the pleasure of the President pro tempore of the Senate and the Speaker of the House of Representatives.

(B) Members of the MRS Commission shall be appointed not later than 30 days after December 22, 1987, from among persons who as a result of training, experience and attainments are exceptionally well qualified to evaluate the need for a monitored retrievable storage facility as a part of the Nation’s nuclear waste management system.

(C) The MRS Commission shall prepare a report on the need for a monitored retrievable storage facility as a part of a national nuclear waste management system that achieves the purposes of this chapter. In preparing the report under this subparagraph, the MRS Commission shall—

(i) review the status and adequacy of the Secretary’s evaluation of the systems advantages and disadvantages of bringing such a facility into the national nuclear waste disposal system;

(ii) obtain comment and available data on monitored retrievable storage from affected parties, including States containing potentially acceptable sites;

(iii) evaluate the utility of a monitored retrievable storage facility from a technical perspective; and

(iv) make a recommendation to Congress as to whether such a facility should be included in the national nuclear waste management system in order to achieve the purposes of this chapter, including meeting needs for packaging and handling of spent nuclear fuel, improving the flexibility of the repository development schedule, and providing temporary storage of spent nuclear fuel accepted for disposal.

(2) In preparing the report and making its recommendation under paragraph (1) the MRS Commission shall compare such a facility to the alternative of at-reactor storage of spent nuclear fuel prior to disposal of such fuel in a repository under this chapter. Such comparison shall take into consideration the impact on—

(A) repository design and construction;

(B) waste package design, fabrication and standardization;

(C) waste preparation;

(D) waste transportation systems;

(E) the reliability of the national system for the disposal of radioactive waste;

(F) the ability of the Secretary to fulfill contractual commitments of the Department under this chapter to accept spent nuclear fuel for disposal; and

(G) economic factors, including the impact on the costs likely to be imposed on rate-payers of the Nation’s electric utilities for temporary at-reactor storage of spent nuclear fuel prior to final disposal in a repository, as well as the costs likely to be imposed on rate-payers of the Nation’s electric utilities in building and operating such a facility.

(3) The report under this subsection, together with the recommendation of the MRS Commission, shall be transmitted to Congress on November 1, 1989.

(4) Each member of the MRS Commission shall be paid at the rate provided for level III of the Executive Schedule for each day (including travel time) such member is engaged in the work of the MRS Commission, and shall receive travel expenses, including per diem in lieu of subsistence in the same manner as is permitted under sections 5702 and 5703 of title 5.

(ii) The MRS Commission may appoint and fix compensation, not to exceed the rate of basic pay payable for GS–18 of the General Schedule, for such staff as may be necessary to carry out its functions.

(B)(i) The MRS Commission may hold hearings, sit and act at such times and places, take such testimony and receive such evidence as the MRS Commission considers appropriate. Any member of the MRS Commission may administer oaths or affirmations to witnesses appearing before the MRS Commission.

(ii) The MRS Commission may request any Executive agency, including the Department, to furnish such assistance or information, including records, data, files, or documents, as the Commission considers necessary to carry out its functions. Unless prohibited by law, such agency shall promptly furnish such assistance or information.

(iii) To the extent permitted by law, the Administrator of the General Services Administra-
tion shall, upon request of the MRS Commission, provide the MRS Commission with necessary administrative services, facilities, and support on a reimbursable basis.

(iv) The MRS Commission may procure temporary and intermittent services from experts and consultants to the same extent as is authorized by section 3109(b) of title 5 at rates and under such rules as the MRS Commission considers reasonable.

(C) The MRS Commission shall cease to exist 60 days after the submission to Congress of the report required under this subsection.

Level III of the Executive Schedule, referred to in subsec. (a)(4)(A)(i), is set out in section 5314 of Title 5, Government Organization and Employees.

Amendments

1988—Subsec. (a)(3). Pub. L. 100–507 amended par. (3) generally. Prior to amendment, par. (3) read as follows: "The report under this subsection, together with the recommendation of the MRS Commission, shall be transmitted to Congress on June 1, 1989."

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 (title I, §181(c)(1)) of Pub. L. 101–507, set out in a note under section 5376 of Title 5.

§ 10164. Survey

After the MRS Commission submits its report to the Congress under section 10165 of this title, the Secretary may conduct a survey and evaluation of potentially suitable sites for a monitored retrievable storage facility. In conducting such survey and evaluation, the Secretary shall consider the extent to which sitting a monitored retrievable storage facility at each site surveyed would—

(1) enhance the reliability and flexibility of the system for the disposal of spent nuclear fuel and high-level radioactive waste established under this chapter;

(2) minimize the impacts of transportation and handling of such fuel and waste;

(3) provide for public confidence in the ability of such system to safely dispose of the fuel and waste;

(4) impose minimal adverse effects on the local community and the local environment;

(5) provide a high probability that the facility will meet applicable environmental, health, and safety requirements in a timely fashion;

(6) provide such other benefits to the system for the disposal of spent nuclear fuel and high-level radioactive waste as the Secretary deems appropriate; and

(7) unduly burden a State in which significant volumes of high-level radioactive waste resulting from atomic energy defense activities are stored.

Codification

§ 10165. Site selection

(a) In general

The Secretary may select the site evaluated under section 10164 of this title that the Secretary determines on the basis of available information to be the most suitable for a monitored retrievable storage facility that is an integral part of the system for the disposal of spent nuclear fuel and high-level radioactive waste established under this chapter.

(b) Limitation

The Secretary may not select a site under subsection (a) until the Secretary recommends to the President the approval of a site for development as a repository under section 10134(a) of this title.

(c) Site specific activities

The Secretary may conduct such site specific activities at each site surveyed under section 10164 of this title as he determines may be necessary to support an application to the Commission for a license to construct a monitored retrievable storage facility at such site.

(d) Environmental assessment

Site specific activities and selection of a site under this section shall not require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)). The Secretary shall prepare an environmental assessment with respect to such selection in accordance with regulations issued by the Secretary implementing such Act [42 U.S.C. 4321 et seq.]. Such environmental assessment shall be based upon available information regarding alternative technologies for the storage of spent nuclear fuel and high-level radioactive waste. The Secretary shall submit such environmental assessment to the Congress at the time such site is selected.

(e) Notification before selection

(1) At least 6 months before selecting a site under subsection (a), the Secretary shall notify the Governor and legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, of such potential selection and the basis for such selection.

(2) Before selecting any site under subsection (a), the Secretary shall hold at least one public hearing in the vicinity of such site to solicit any recommendations of interested parties with re-
§ 10166. Notice of disapproval

(a) In general

The selection of a site under section 10165 of this title shall be effective at the end of the period of 60 calendar days beginning on the date of notification under such subsection, unless the governing body of the Indian tribe on whose reservation such site is located, or, if the site is not on a reservation, the Governor and the legislature of the State in which the site is located, has submitted to Congress a notice of disapproval with respect to such site. If any such notice of disapproval has been submitted under this subsection, the selection of the site under section 10165 of this title shall not be effective except as provided under section 10135(c) of this title.

(b) References

For purposes of carrying out the provisions of this subsection, references in section 10135(c) of this title to a repository shall be considered to refer to a monitored retrievable storage facility and references to a notice of disapproval of a repository site designation under section 10136(b) or 10138(a) of this title shall be considered to refer to a notice of disapproval under this section.

§ 10167. Benefits agreement

Once selection of a site for a monitored retrievable storage facility is made by the Secretary under section 10165 of this title, the Indian tribe on whose reservation the site is located, or, in the case that the site is not located on a reservation, the State in which the site is located, shall be eligible to enter into a benefits agreement with the Secretary under section 10173 of this title.

§ 10168. Construction authorization

(a) Environmental impact statement

(1) Once the selection of a site for a monitored retrievable storage facility is effective under section 10166 of this title, the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) shall apply with respect to construction of a monitored retrievable storage facility, except that any environmental impact statement prepared with respect to such facility shall not be required to consider the need for such facility or any alternative to the design criteria for such facility set forth in section 10161(b)(1) of this title.

(2) Nothing in this section shall be construed to limit the consideration of alternative facility designs consistent with the criteria described in section 10161(b)(1) of this title in any environmental impact statement, or in any licensing procedure of the Commission, with respect to any monitored retrievable storage facility authorized under section 10162(b) of this title.

(b) Application for construction license

Once the selection of a site for a monitored retrievable storage facility is effective under section 10166 of this title, the Secretary may submit an application to the Commission for a license to construct such a facility as part of an integrated nuclear waste management system and in accordance with the provisions of this section and applicable agreements under this chapter affecting such facility.

(c) Licensing

Any monitored retrievable storage facility authorized pursuant to section 10162(b) of this title shall be subject to licensing under section 5842(3) of this title. In reviewing the application filed by the Secretary for licensing of such facility, the Commission may not consider the need for such facility or any alternative to the design criteria for such facility set forth in section 10161(b)(1) of this title.

(d) Licensing conditions

Any license issued by the Commission for a monitored retrievable storage facility under this section shall provide that—

(1) construction of such facility may not begin until the Commission has issued a license for the construction of a repository under section 10135(d) of this title;

§ 10169. Construction and operation of repository

(a) In general

Any monitored retrievable storage facility authorized pursuant to section 10162(b) of this title shall be subject to licensing under section 5842(3) of this title. In reviewing the application filed by the Secretary for licensing of such facility, the Commission may not consider the need for such facility or any alternative to the design criteria for such facility set forth in section 10161(b)(1) of this title.

(b) Application for construction license

Once the selection of a site for a monitored retrievable storage facility is effective under section 10166 of this title, the Secretary may submit an application to the Commission for a license to construct such a facility as part of an integrated nuclear waste management system and in accordance with the provisions of this section and applicable agreements under this chapter affecting such facility.

(c) Licensing

Any monitored retrievable storage facility authorized pursuant to section 10162(b) of this title shall be subject to licensing under section 5842(3) of this title. In reviewing the application filed by the Secretary for licensing of such facility, the Commission may not consider the need for such facility or any alternative to the design criteria for such facility set forth in section 10161(b)(1) of this title.

(d) Licensing conditions

Any license issued by the Commission for a monitored retrievable storage facility under this section shall provide that—

(1) construction of such facility may not begin until the Commission has issued a license for the construction of a repository under section 10135(d) of this title;

So in original. Section 10135(d) of this title does not relate to Commission issuance of license.
(2) construction of such facility or acceptance of spent nuclear fuel or high-level radioactive waste shall be prohibited during such time as the repository license is revoked by the Commission or construction of the repository ceases;

(3) the quantity of spent nuclear fuel or high-level radioactive waste at the site of such facility at any one time may not exceed 10,000 metric tons of heavy metal until a repository under this chapter first accepts spent nuclear fuel or solidified high-level radioactive waste; and

(4) the quantity of spent nuclear fuel or high-level radioactive waste at the site of such facility at any one time may not exceed 15,000 metric tons of heavy metal.

CODIFICATION

§ 10169. Financial assistance

The provisions of section 10136(c) or 10138(b) of this title with respect to grants, technical assistance, and other financial assistance shall apply to the State, to affected Indian tribes and to affected units of local government in the case of a monitored retrievable storage facility in the same manner as for a repository.

CODIFICATION

PART D—LOW-LEVEL RADIOACTIVE WASTE

§ 10171. Financial arrangements for low-level radioactive waste site closure

(a) Financial arrangements

(1) The Commission shall establish by rule, regulation, or order, after public notice, and in accordance with section 2221 of this title, such standards and instructions as the Commission may deem necessary or desirable to ensure in the case of each license for the disposal of low-level radioactive waste that an adequate bond, surety, or other financial arrangement (as determined by the Commission) will be provided by a licensee to permit completion of all requirements established by the Commission for the decontamination, decommissioning, site closure, and reclamation of sites, structures, and equipment used in conjunction with such low-level radioactive waste. Such financial arrangements shall be provided and approved by the Commission, or, in the case of sites within the boundaries of any agreement State under section 2021 of this title, by the appropriate State or State entity, prior to issuance of licenses for low-level radioactive waste disposal or, in the case of licenses in effect on January 7, 1983, prior to termination of such licenses.

(2) If the Commission determines that any long-term maintenance or monitoring, or both, will be necessary at a site described in paragraph (1), the Commission shall ensure before termination of the license involved that the licensee has made available such bonding, surety, or other financial arrangements as may be necessary to ensure that any necessary long-term maintenance or monitoring needed for such site will be carried out by the person having title and custody for such site following license termination.

(b) Title and custody

(1) The Secretary shall have authority to assume title and custody of low-level radioactive waste and the land on which such waste is disposed of, upon request of the owner of such waste and land and following termination of the license issued by the Commission for such disposal, if the Commission determines that—

(A) the requirements of the Commission for site closure, decommissioning, and decontamination have been met by the licensee involved and that such licensee is in compliance with the provisions of subsection (a);

(B) such title and custody will be transferred to the Secretary without cost to the Federal Government; and

(C) Federal ownership and management of such site is necessary or desirable in order to protect the public health and safety, and the environment.

(2) If the Secretary assumes title and custody of any such waste and land under this subsection, the Secretary shall maintain such waste and land in a manner that will protect the public health and safety, and the environment.

(c) Special sites

If the low-level radioactive waste involved is the result of a licensed activity to recover zirconium, hafnium, and rare earths from source material, the Secretary, upon request of the owner of the site involved, shall assume title and custody of such waste and the land on which it is disposed when such site has been decontaminated and stabilized in accordance with the requirements established by the Commission and when such owner has made adequate financial arrangements approved by the Commission for the long-term maintenance and monitoring of such site.

§ 10172. Selection of Yucca Mountain site

(a) In general

(1) The Secretary shall provide for an orderly phase-out of site specific activities at all candidate sites other than the Yucca Mountain site.

(2) The Secretary shall terminate all site specific activities (other than reclamation activities) at all candidate sites, other than the Yucca Mountain site, within 90 days after December 22, 1987.

(b) Eligibility to enter into benefits agreement

Effective on December 22, 1987, the State of Nevada shall be eligible to enter into a benefits agreement with the Secretary under section 10173 of this title.

§ 10172a. Siting a second repository

(a) Congressional action required

The Secretary may not conduct site-specific activities with respect to a second repository unless Congress has specifically authorized and appropriated funds for such activities.

(b) Report

The Secretary shall report to the President and to Congress on or after January 1, 2007, but not later than January 1, 2010, on the need for a second repository.

(c) Termination of granite research

Not later than 6 months after December 22, 1987, the Secretary shall phase out in an orderly manner funding for all research programs in existence on December 22, 1987, designed to evaluate the suitability of crystalline rock as a potential repository host medium.

(d) Additional siting criteria

In the event that the Secretary at any time after December 22, 1987, considers any sites in crystalline rock for characterization or selection as a repository, the Secretary shall consider (as a supplement to the siting guidelines under section 10132 of this title) such potentially disqualifying factors as—

(1) seasonal increases in population;
(2) proximity to public drinking water supplies, including those of metropolitan areas; and
(3) the impact that characterization or siting decisions would have on lands owned or placed in trust by the United States for Indian tribes.

§ 10173. Benefits agreements

(a) In general

(1) The Secretary may enter into a benefits agreement with the State of Nevada concerning a repository or with a State or an Indian tribe concerning a monitored retrievable storage facility for the acceptance of high-level radioactive waste or spent nuclear fuel in that State or on the reservation of that tribe, as appropriate.

(2) The State or Indian tribe may enter into such an agreement only if the State Attorney General or the appropriate governing authority of the Indian tribe or the Secretary of the Interior, in the absence of an appropriate governing authority, as appropriate, certifies to the satisfaction of the Secretary that the laws of the State or Indian tribe provide adequate authority for that entity to enter into the benefits agreement.

(3) Any benefits agreement with a State under this section shall be negotiated in consultation with affected units of local government in such State.

(4) Benefits and payments under this part may be made available only in accordance with a benefits agreement under this section.

(b) Amendment

A benefits agreement entered into under subsection (a) may be amended only by the mutual consent of the parties to the agreement and terminated only in accordance with section 10173c of this title.

(c) Agreement with Nevada

The Secretary shall offer to enter into a benefits agreement with the Governor of Nevada. Any benefits agreement with a State under this subsection shall be negotiated in consultation with any affected units of local government in such State.

(d) Monitored retrievable storage

The Secretary shall offer to enter into a benefits agreement relating to a monitored retrievable storage facility with the governing body of the Indian tribe on whose reservation the site for such facility is located, or, if the site is not located on a reservation, with the Governor of the State in which the site is located and in consultation with affected units of local government in such State.

(e) Limitation

Only one benefits agreement for a repository and only one benefits agreement for a monitored retrievable storage facility may be in effect at any one time.

(f) Judicial review

Decisions of the Secretary under this section are not subject to judicial review.

§ 10172, Title I, § 160, as added Pub. L. 100–202.

§ 10172, Title I, § 161, as added Pub. L. 100–202.

§ 10173a. Content of agreements

(a) In general

(1) In addition to the benefits to which a State, an affected unit of local government or Indian tribe is entitled under this subchapter, the Secretary shall make payments to a State or Indian tribe that is a party to a benefits agreement under section 10173 of this title in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Event</th>
<th>MRS</th>
<th>Repository</th>
</tr>
</thead>
<tbody>
<tr>
<td>(A) Annual payments prior to first spent fuel receipt</td>
<td>5</td>
<td>10</td>
</tr>
<tr>
<td>(B) Upon first spent fuel receipt</td>
<td>10</td>
<td>20</td>
</tr>
<tr>
<td>(C) Annual payments after first spent fuel receipt until closure of facility</td>
<td>10</td>
<td>20</td>
</tr>
</tbody>
</table>

(2) For purposes of this section, the term—

(A) "MRS" means a monitored retrievable storage facility,

(B) "spent fuel" means high-level radioactive waste or spent nuclear fuel,

(C) "first spent fuel receipt" does not include receipt of spent fuel or high-level radioactive waste for purposes of testing or operational demonstration.

(3) Annual payments prior to first spent fuel receipt under paragraph (1)(A) shall be made on the date of execution of the benefits agreement and thereafter on the anniversary date of such execution. Annual payments after the first spent fuel receipt until closure of the facility under paragraph (1)(C) shall be made on the anniversary date of such first spent fuel receipt.

(4) If the first spent fuel payment under paragraph (1)(B) is made within six months after the last annual payment prior to the receipt of spent fuel under paragraph (1)(A), such first spent fuel payment under paragraph (1)(B) shall be reduced by an amount equal to one-twelfth of such annual payment under paragraph (1)(A) for each full month less than six that has not elapsed since the last annual payment under paragraph (1)(A).

(5) Notwithstanding paragraph (1), (2), or (3), no payment under this section may be made before January 1, 1989, and any payment due under this subchapter before January 1, 1989, shall be made on or after such date.

(6) Except as provided in paragraph (7), the Secretary may not restrict the purposes for which the payments under this section may be used.

(7)(A) Any State receiving a payment under this section shall transfer an amount equal to not less than one-third of the amount of such payment to affected units of local government of such State.

(B) A plan for this transfer and appropriate allocation of such portion among such governments shall be included in the benefits agreement under section 10173 of this title concerning such payments.

(C) In the event of a dispute concerning such plan, the Secretary shall resolve such dispute, consistent with this chapter and applicable State law.

(b) Contents

A benefits agreement under section 10173 of this title shall provide that—

1. A benefits agreement under section 10173 of this title shall provide that—

(a) a Review Panel be established in accordance with section 10173b of this title;

(b) the Secretary shall resolve such dispute, consistent with this chapter and applicable State law.
§ 10173c

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7530

shall receive a per diem compensation for each day spent conducting work of the Review Panel, including their necessary travel or other expenses while engaged in the work of the Review Panel.

(3) Expenses of the Panel shall be paid by the Secretary from the Waste Fund.

(c) Duties

The Review Panel shall—

(1) advise the Secretary on matters relating to the proposed repository or monitored retrievable storage facility, including issues relating to design, construction, operation, and decommissioning of the facility;

(2) evaluate performance of the repository or monitored retrievable storage facility, as it considers appropriate;

(3) recommend corrective actions to the Secretary;

(4) assist in the presentation of State or affected Indian tribe and local perspectives to the Secretary; and

(5) participate in the planning for and the review of preoperational data on environmental, demographic, and socioeconomic conditions of the site and the local community.

(d) Information

The Secretary shall promptly make available any information in the Secretary’s possession requested by the Panel or its Chairman.

(e) Federal Advisory Committee Act

The requirements of the Federal Advisory Committee Act shall not apply to a Review Panel established under this subchapter.

(2) Termination by State or Indian tribe

A State or Indian tribe may terminate a benefits agreement under this subchapter if—

(1) the site under consideration is disqualified for its failure to comply with guidelines and technical requirements established by the Secretary in accordance with this chapter or the Secretary determines that the Commission cannot license the facility within a reasonable time.

(c) Decisions of Secretary

Decisions of the Secretary under this section shall be in writing, shall be available to Congress and the public, and are not subject to judicial review.

§ 10174. Consideration in siting facilities

The Secretary, in siting Federal research projects, shall give special consideration to proposals from States where a repository is located.

§ 10174a. Report

(a) In general

Within one year of December 22, 1987, the Secretary shall report to Congress on the potential impacts of locating a repository at the Yucca Mountain site, including the recommendations of the Secretary for mitigation of such impacts and a statement of which impacts should be dealt with by the Federal Government, which should be dealt with by the State with State resources, including the benefits payments under section 10173a of this title, and which should be a joint Federal-State responsibility. The report under this subsection shall include the analysis of the Secretary of the authorities available to mitigate these impacts and the appropriate sources of funds for such mitigation.

(b) Impacts to be considered

Potential impacts to be addressed in the report under this subsection (a) shall include impacts on—

(1) education, including facilities and personnel for elementary and secondary schools, community colleges, vocational and technical schools and universities;

(2) public health, including the facilities and personnel for treatment and distribution of water, the treatment of sewage, the control of pests and the disposal of solid waste;

(3) law enforcement, including facilities and personnel for the courts, police and sheriff’s departments, district attorneys and public defenders and prisons;

(1) So in original. The word “this” probably should not appear.
(4) fire protection, including personnel, the construction of fire stations, and the acquisition of equipment;
(5) medical care, including emergency services and hospitals;
(6) cultural and recreational needs, including facilities and personnel for libraries and museums and the acquisition and expansion of parks;
(7) distribution of public lands to allow for the timely expansion of existing, or creation of new, communities and the construction of necessary residential and commercial facilities;
(8) vocational training and employment services;
(9) social services, including public assistance programs, vocational and physical rehabilitation programs, mental health services, and programs relating to the abuse of alcohol and controlled substances;
(10) transportation, including any roads, terminals, airports, bridges, or railways associated with the facility and the repair and maintenance of roads, terminals, airports, bridges, or railways damaged as a result of the construction, operation, and closure of the facility;
(11) equipment and training for State and local personnel in the management of accidents involving high-level radioactive waste;
(12) availability of energy;
(13) tourism and economic development, including the potential loss of revenue and future economic growth; and
(14) other needs of the State and local governments that would not have arisen but for the characterization of the site and the construction, operation, and eventual closure of the repository facility.

CODIFICATION

SUBCHAPTER II—RESEARCH, DEVELOPMENT, AND DEMONSTRATION REGARDING DISPOSAL OF HIGH-LEVEL RADIOACTIVE WASTE AND SPENT NUCLEAR FUEL

§10191. Purpose
It is the purpose of this subchapter—
(1) to provide direction to the Secretary with respect to the disposal of high-level radioactive waste and spent nuclear fuel;
(2) to authorize the Secretary, pursuant to this subchapter—
(A) to provide for the construction, operation, and maintenance of a deep geologic test and evaluation facility; and
(B) to provide for a focused and integrated high-level radioactive waste and spent nuclear fuel research and development program, including the development of a test and evaluation facility to carry out research and provide an integrated demonstration of the technology for deep geologic disposal of high-level radioactive waste, and the development of the facilities to demonstrate dry storage of spent nuclear fuel; and
(3) to provide for an improved cooperative role between the Federal Government and States, affected Indian tribes, and units of general local government in the siting of a test and evaluation facility.

§10192. Applicability
The provisions of this subchapter are subject to section 10107 of this title and shall not apply to facilities that are used for the disposal of high-level radioactive waste, low-level radioactive waste, transuranic waste, or spent nuclear fuel resulting from atomic energy defense activities.

§10193. Identification of sites
(a) Guidelines
Not later than 6 months after January 7, 1983, and notwithstanding the failure of other agencies to promulgate standards pursuant to applicable law, the Secretary, in consultation with
the Commission, the Director of the United States Geological Survey, the Administrator, the Council on Environmental Quality, and such other Federal agencies as the Secretary considers appropriate, is authorized to issue, pursuant to section 553 of title 5, general guidelines for the selection of a site for a test and evaluation facility. Under such guidelines the Secretary shall specify factors that qualify or disqualify a site for development as a test and evaluation facility, including factors pertaining to the location of valuable natural resources, hydrogeophysics, seismic activity, and atomic energy defense activities, proximity to water supplies, proximity to populations, the effect upon the rights of users of water, and proximity to components of the National Park System, the National Wildlife Refuge System, the National Wild and Scenic Rivers System, the National Wilderness Preservation System, or National Forest Lands. Such guidelines shall require the Secretary to consider the various geologic media in which the site for a test and evaluation facility may be located and, to the extent practicable, to identify sites in different geologic media. The Secretary shall use guidelines established under this subsection in considering and selecting sites under this subchapter.

(b) Site identification by Secretary

(1) Not later than 1 year after January 7, 1983, and following promulgation of guidelines under subsection (a), the Secretary is authorized to identify 3 or more sites, at least 2 of which shall be in different geologic media in the continental United States, and at least 1 of which shall be in media other than salt. Subject to Commission requirements, the Secretary shall give preference to sites for the test and evaluation facility in media possessing geochemical characteristics that retard aqueous transport of radionuclides. In order to provide a greater possible protection of public health and safety as operating experience is gained at the test and evaluation facility, and with the exception of the primary areas under review by the Secretary on January 7, 1983, for the location of a test and evaluation facility or repository, all sites identified under this subsection shall be more than 15 statute miles from towns having a population of greater than 1,000 persons as determined by the most recent census unless such sites contain high-level radioactive waste prior to identification under this subchapter. Each identification of a site shall be supported by an environmental assessment, which shall include a detailed statement of the basis for such identification and of the probable impacts of the siting research activities planned for such site, and a discussion of alternative activities relating to siting research that may be undertaken to avoid such impacts. Such environmental assessment shall include—

(A) an evaluation by the Secretary as to whether such site is suitable for siting research under the guidelines established under subsection (a);

(B) an evaluation by the Secretary of the effects of the siting research activities at such site on the public health and safety and the environment;

(C) a reasonable comparative evaluation by the Secretary of such site with other sites and locations that have been considered;

(D) a description of the decision process by which such site was recommended; and

(E) an assessment of the regional and local impacts of locating the proposed test and evaluation facility at such site.

(2) When the Secretary identifies a site, the Secretary shall as soon as possible notify the Governor of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, of such identification and the basis of such identification. Additional sites for the location of the test and evaluation facility authorized in section 10222(d) of this title may be identified after such 1 year period, following the same procedure as if such sites had been identified within such period.

CHANGE OF NAME

§10194. Siting research and related activities

(a) In general

Not later than 30 months after the date on which the Secretary completes the identification of sites under section 10193 of this title, the Secretary is authorized to complete sufficient siting research activities and for other activities under section 10198 of this title. The Secretary is authorized to conduct such preconstruction activities relative to such site selection for the test and evaluation facility as he deems appropriate. Additional sites for the location of the test and evaluation facility authorized in section 10222(d) of this title may be evaluated after such 30-month period, following the same procedures as if such sites were to be evaluated within such period.

(b) Public meetings and environmental assessment

Not later than 6 months after the date on which the Secretary completes the identification of sites under section 10193 of this title, and before beginning siting research activities, the Secretary shall hold at least 1 public meeting in the vicinity of each site to inform the residents of the area of the activities to be conducted at such site and to receive their views.

(c) Restrictions

Except as provided in section 10198 of this title with respect to a test and evaluation facility, in conducting siting research activities pursuant to subsection (a)—

(1) the Secretary shall use the minimum quantity of high-level radioactive waste or other radioactive materials, if any, necessary to achieve the test or research objectives;

(2) the Secretary shall ensure that any radioactive material used or placed on a site shall be fully retrievable; and
(3) upon termination of siting research activities at a site for any reason, the Secretary shall remove any radioactive material at or in the site as promptly as practicable.

d) Title to material

The Secretary may take title, in the name of the Federal Government, to the high-level radioactive waste, spent nuclear fuel, or other radioactive material emplaced in a test and evaluation facility. If the Secretary takes title to any such material, the Secretary shall enter into the appropriate financial arrangements described in subsection (a) or (b) of section 10222 of this title for the disposal of such material.

§ 10195. Test and evaluation facility siting review and reports

(a) Consultation and cooperation

The Governor of a State, or the governing body of an affected Indian tribe, notified of a site identification under section 10193 of this title shall have the right to participate in a process of consultation and cooperation as soon as the site involved has been identified pursuant to such section and throughout the life of the test and evaluation facility. For purposes of this section, the term “process of consultation and cooperation” means a methodology—

(1) by which the Secretary—

(A) keeps the Governor or governing body involved fully and currently informed about any potential economic or public health and safety impacts in all stages of the siting, development, construction, and operation of a test and evaluation facility;

(B) solicits, receives, and evaluates concerns and objections of such Governor or governing body with regard to such test and evaluation facility on an ongoing basis; and

(C) works diligently and cooperatively to resolve such concerns and objections; and

(2) by which the State or affected Indian tribe involved may exercise reasonable independent monitoring and testing of onsite activities related to all stages of the siting, development, construction and operation of the test and evaluation facility, except that any such monitoring and testing shall not reasonably interfere with onsite activities.

(b) Written agreements

The Secretary shall enter into written agreements with the Governor of the State in which an identified site is located or with the governing body of any affected Indian tribe where an identified site is located or with the governing body, including the period in which the Secretary shall so respond;

(3) the documents the Department is to submit to such Governor or governing body, the timing for such submissions, the timing for such Governor or governing body to identify public health and safety concerns and the process to be followed to try to eliminate those concerns;

(4) procedures by which the Secretary and either such Governor or governing body may review or modify the agreement periodically; and

(5) procedures for public notification of the procedures specified under subparagraphs (A) through (D).

(c) Limitation

Except as specifically provided in this section, nothing in this subchapter is intended to grant any State or affected Indian tribe any authority with respect to the siting, development, or loading of the test and evaluation facility.

§ 10196. Federal agency actions

(a) Cooperation and coordination

Federal agencies shall assist the Secretary by cooperating and coordinating with the Secretary in the preparation of any necessary reports under this subchapter and the mission plan under section 10221 of this title.

(b) Environmental review

(1) No action of the Secretary or any other Federal agency required by this subchapter or section 10221 of this title with respect to a test and evaluation facility shall require the preparation of an environmental impact statement under section 102(2)(C) of the Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require the preparation of environmental reports, except as otherwise specifically provided for in this subchapter.

(2) The Secretary and the heads of all other Federal agencies shall, to the maximum extent possible, avoid duplication of efforts in the preparation of reports under the National Environmental Policy Act of 1969 (42 U.S.C. 4231 et seq.).

REFERENCES IN TEXT

§ 10197. Research and development on disposal of high-level radioactive waste

(a) Purpose

Not later than 64 months after January 7, 1983, the Secretary is authorized to, to the extent practicable, begin at a site evaluated under section 10194 of this title, as part of and as an cx-
tension of siting research activities of such site under such section, the mining and construction of a test and evaluation facility. Prior to the mining and construction of such facility, the Secretary shall prepare an environmental assessment. The purpose of such facility shall be—

1. to supplement and focus the repository site characterization process;
2. to provide the conditions under which known technological components can be integrated to demonstrate a functioning repository-like system;
3. to provide a means of identifying, evaluating, and resolving potential repository licensing issues that could not be resolved during the siting research program conducted under section 10192 of this title;
4. to validate, under actual conditions, the scientific models used in the design of a repository;
5. to refine the design and engineering of repository components and systems and to confirm the predicted behavior of such components and systems;
6. to supplement the siting data, the generic and specific geological characteristics developed under section 10194 of this title relating to isolating disposal materials in the physical environment of a repository;
7. to evaluate the design concepts for packaging, handling, and emplacement of high-level radioactive waste and spent nuclear fuel at the design rate; and
8. to establish operating capability without exposing workers to excessive radiation.

(b) Design

The Secretary shall design each test and evaluation facility—

1. to be capable of receiving not more than 100 full-sized canisters of solidified high-level radioactive waste (which canisters shall not exceed an aggregate weight of 100 metric tons), except that spent nuclear fuel may be used instead of such waste if such waste cannot be obtained under reasonable conditions;
2. to permit full retrieval of solidified high-level radioactive waste, or other radioactive material used by the Secretary for testing, upon completion of the technology demonstration activities; and
3. based upon the principle that the high-level radioactive waste, spent nuclear fuel, or other radioactive material involved shall be isolated from the biosphere in such a way that the initial isolation is provided by engineered barriers functioning as a system with the geologic environment.

(c) Operation

1. Not later than 88 months after January 7, 1983, the Secretary shall begin an in situ testing program at the test and evaluation facility in accordance with the mission plan developed under section 10221 of this title, for purposes of—

   A. conducting in situ tests of bore hole sealing, geologic media fracture sealing, and room closure to establish the techniques and performance for isolation of high-level radioactive waste, spent nuclear fuel, or other radioactive materials from the biosphere;
   B. conducting in situ tests with radioactive sources and materials to evaluate and improve reliable models for radionuclide migration, absorption, and containment within the engineered barriers and geologic media involved, if the Secretary finds there is reasonable assurance that such radioactive sources and materials will not threaten the use of such site as a repository;
   C. conducting in situ tests to evaluate and improve models for ground water or brine flow through fractured geologic media;
   D. conducting in situ tests under conditions representing the real time and the accelerated time behavior of the engineered barriers within the geologic environment involved;
   E. conducting in situ tests to evaluate the effects of heat and pressure on the geologic media involved, on the hydrology of the surrounding area, and on the integrity of the disposal packages;
   F. conducting in situ tests under both normal and abnormal repository conditions to establish safe design limits for disposal packages and to determine the effects of the gross release of radionuclides into surroundings, and the effects of various credible failure modes, including—
   i. seismic events leading to the coupling of aquifers through the test and evaluation facility;
   ii. thermal pulses significantly greater than the maximum calculated; and
   iii. human intrusion creating a direct pathway to the biosphere; and
   G. conducting such other research and development activities as the Secretary considers appropriate, including such activities necessary to obtain the use of high-level radioactive waste, spent nuclear fuel, or other radioactive materials (such as any highly radioactive material from the Three Mile Island nuclear powerplant or from the West Valley Demonstration Project) for test and evaluation purposes, if such other activities are reasonably necessary to support the repository program and if there is reasonable assurance that the radioactive sources involved will not threaten the use of such site as a repository.

2. The in situ testing authorized in this subsection shall be designed to ensure that the suitability of the site involved for licensing by the Commission as a repository will not be adversely affected.

(d) Use of existing Department facilities

During the conducting of siting research activities under section 10194 of this title and for such period thereafter as the Secretary considers appropriate, the Secretary shall use Department facilities owned by the Federal Government on January 7, 1983, for the conducting of generically applicable tests regarding packaging, handling, and emplacement technology for solidified high-level radioactive waste and spent nuclear fuel from civilian nuclear activities.

(e) Engineered barriers

The system of engineered barriers and selected geology used in a test and evaluation facility
shall have a design life at least as long as that which the Commission requires by regulations issued under this chapter, or under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.), for repositories.

(f) Role of Commission

(1)(A) Not later than 1 year after January 7, 1983, the Secretary and the Commission shall reach a written understanding establishing the procedures for review, consultation, and coordination in the planning, construction, and operation of the test and evaluation facility under this section. Such understanding shall establish a schedule, consistent with the deadlines set forth in this subchapter, for submission by the Secretary of, and review by the Commission of and necessary action on—

(i) the mission plan prepared under section 10221 of this title; and

(ii) such reports and other information as the Commission may reasonably require to evaluate any health and safety impacts of the test and evaluation facility.

(B) Such understanding shall also establish the conditions under which the Commission may have access to the test and evaluation facility for the purpose of assessing any public health and safety concerns that it may have. No shafts may be excavated for the test and evaluation until the Secretary and the Commission enter into such understanding.

(2) Subject to section 10225 of this title, the test and evaluation facility, and the facilities authorized in this section, shall be constructed and operated as research, development, and demonstration facilities, and shall not be subject to licensing under section 5842 of this title.

(3)(A) The Commission shall carry out a continuing analysis of the activities undertaken under this section to evaluate the adequacy of the consideration of public health and safety issues.

(B) The Commission shall report to the President, the Secretary, and the Congress as the Commission considers appropriate with respect to the conduct of activities under this section.

(g) Environmental review

The Secretary shall prepare an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)) prior to conducting tests with radioactive materials at the test and evaluation facility. Such environmental impact statement shall incorporate, to the extent practicable, the environmental assessment prepared under subsection (a). Nothing in this subsection may be construed to limit siting research activities conducted under section 10194 of this title. This subsection shall apply only to activities performed exclusively for a test and evaluation facility.

(h) Limitations

(1) If the test and evaluation facility is not located at a candidate site or repository site, the Secretary shall conduct only the portion of the in situ testing program required in subsection (c) determined by the Secretary to be useful in carrying out the purposes of this chapter. (2) If the test and evaluation facility is not located at a candidate site or repository site, the Secretary shall conduct only the portion of the in situ testing program required in subsection (c) determined by the Secretary to be useful in carrying out the purposes of this chapter. (3) The operation of the test and evaluation facility shall terminate not later than—

(A) 5 years after the date on which the initial repository begins operation; or

(B) at such time as the Secretary determines that the continued operation of a test and evaluation facility is not necessary for research, development, and demonstration purposes;

whichever occurs sooner.

(4) Notwithstanding any other provisions of this subsection, as soon as practicable following any determination by the Secretary, with the concurrence of the Commission, that the test and evaluation facility is unsuitable for continued operation, the Secretary shall take such actions as are necessary to remove from such site any radioactive material placed on such site as a result of testing and evaluation activities conducted under this section. Such requirement may be waived if the Secretary, with the concurrence of the Commission, finds that short-term testing and evaluation activities using radioactive material will not endanger the public health and safety.

REFERENCES IN TEXT

This subchapter, referred to in subsec. (f)(1)(A), was in the original “‘this subtitle’”, and was translated as this subchapter to reflect the probable intent of Congress because title II of Pub. L. 97–425, which enacted this subchapter, does not contain subtitles.

§ 10198. Research and development on spent nuclear fuel

(a) Demonstration and cooperative programs

The Secretary shall establish a demonstration program, in cooperation with the private sector, for the dry storage of spent nuclear fuel at civilian nuclear power reactor sites, with the objective of establishing one or more technologies that the Commission may, by rule, approve for use at the sites of civilian nuclear power reactors without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission. Not later than 1 year after January 7, 1983, the Secretary shall select at least 1, but not more than 3, sites evaluated under section 10194 of this title at such power reactors. In selecting such site or sites, the Secretary shall give preference to civilian nuclear power reactors that will soon have a shortage of interim storage capacity for spent nuclear fuel. Subject to reaching agreement as provided in subsection (b), the Secretary shall undertake activities to assist such power reac—
tors with demonstration projects at such sites, which may use one of the following types of alternate storage technologies: spent nuclear fuel storage casks, caissons, or silos. The Secretary shall also undertake a cooperative program with civilian nuclear power reactors to encourage the development of the technology for spent nuclear fuel rod consolidation in existing power reactor water storage basins.

(b) Cooperative agreements

To carry out the programs described in subsection (a), the Secretary shall enter into a cooperative agreement with each utility involved that specifies, at a minimum, that—

(1) such utility shall select the alternate storage technique to be used, make the land and spent nuclear fuel available for the dry storage demonstration, submit and provide site-specific documentation for a license application to the Commission, obtain a license relating to the facility involved, construct such facility, operate such facility after licensing, pay the costs required to construct such facility, and pay all costs associated with the operation and maintenance of such facility;

(2) the Secretary shall provide, on a cost-sharing basis, consultative and technical assistance, including design support and generic licensing documentation, to assist such utility in obtaining the construction authorization and appropriate license from the Commission; and

(3) the Secretary shall provide generic research and development of alternative spent nuclear fuel storage techniques to enhance utility-provided, at-reactor storage capabilities, if authorized in any other provision of this chapter or in any other provision of law.

(c) Dry storage research and development

(1) The consultative and technical assistance referred to in subsection (b)(2) may include, but shall not be limited to, the establishment of a research and development program for the dry storage of not more than 300 metric tons of spent nuclear fuel at facilities owned by the Federal Government on January 7, 1983. The purpose of such program shall be to collect necessary data to assist the utilities involved in the licensing process.

(2) To the extent available, and consistent with the provisions of section 10155 of this title, the Secretary shall provide spent nuclear fuel for the research and development program authorized in this subsection from spent nuclear fuel received by the Secretary for storage under section 10155 of this title. Such spent nuclear fuel shall not be subject to the provisions of section 10155(e) of this title.

(d) Funding

The total contribution from the Secretary from Federal funds and the use of Federal facilities or services shall not exceed 25 percent of the total costs of the demonstration program authorized in subsection (a), as estimated by the Secretary. All remaining costs of such program shall be paid by the utilities involved or shall be provided by the Secretary from the Interim Storage Fund established in section 10156 of this title.

(e) Relation to spent nuclear fuel storage program

The spent nuclear fuel storage program authorized in section 10155 of this title shall not be construed to authorize the use of research development or demonstration facilities owned by the Department unless—

(1) a period of 30 calendar days (not including any day in which either House of Congress is not in session because of adjournment of more than 3 calendar days to a day certain) has passed after the Secretary has transmitted to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a written report containing a full and complete statement concerning (A) the facility involved; (B) any necessary modifications; (C) the cost thereof; and (D) the impact on the authorized research and development program;

(2) each such committee, before the expiration of such period, has transmitted to the Secretary a written notice to the effect that such committee has no objection to the proposed use of such facility.

AMENDMENTS

1994—Subsec. (e)(1). Pub. L. 103–437 substituted “Committee on Science, Space, and Technology” for “Committee on Science and Technology”.

§ 10199. Payments to States and Indian tribes

(a) Payments

Subject to subsection (b), the Secretary shall make payments to each State or affected Indian tribe that has entered into an agreement pursuant to section 10196 of this title. The Secretary shall pay an amount equal to 100 percent of the expenses incurred by such State or Indian tribe in engaging in any monitoring, testing, evaluation, or other consultation and cooperation activity under section 10195 of this title with respect to any site. The amount paid by the Secretary under this paragraph shall not exceed $3,000,000 per year from the date on which the site involved was identified to the date on which the decontamination and decommission of the facility is complete pursuant to section 10197(h) of this title. Any such payment may only be made to a State in which a potential site for a test and evaluation facility has been identified under section 10193 of this title, or to an affected Indian tribe where the potential site has been identified under such section.

(b) Limitation

The Secretary shall make any payment to a State under subsection (a) only if such State agrees to provide, to each unit of general local government within the jurisdictional boundaries of which the potential site or effectively selected site involved is located, at least one-tenth of the payments made by the Secretary to such State under such subsection. A State or affected Indian tribe receiving any payment under subsection (a) shall otherwise have discretion to use
§ 10200. Study of research and development needs for monitored retrievable storage proposal

Not later than 6 months after January 7, 1983, the Secretary shall submit to the Congress a report describing the research and development activities the Secretary considers necessary to develop the proposal required in section 10161(b) of this title with respect to a monitored retrievable storage facility.

§ 10201. Judicial review

Judicial review of research and development activities under this subchapter shall be in accordance with the provisions of section 10195 of this title.

§ 10202. Research on alternatives for permanent disposal of high-level radioactive waste

The Secretary shall continue and accelerate a program of research, development, and investigation of alternative means and technologies for the permanent disposal of high-level radioactive waste from civilian nuclear activities and Federal research and development activities except that funding shall be made from amounts appropriated to the Secretary for purposes of carrying out this section. Such program shall include examination of various waste disposal options.

§ 10203. Technical assistance to non-nuclear weapon states in field of spent fuel storage and disposal

(a) Statement of policy

It shall be the policy of the United States to cooperate with and provide technical assistance to non-nuclear weapon states in the field of spent fuel storage and disposal.

(b) Publication of joint notice; update

(1) Within 90 days of January 7, 1983, the Secretary and the Commission shall publish a joint notice in the Federal Register stating that the United States is prepared to cooperate with and provide technical assistance to non-nuclear weapon states in the fields of spent fuel storage; away-from-reactor spent fuel storage; monitored, retrievable spent fuel storage; geologic disposal of spent fuel; and the health, safety, and environmental regulation of such activities. The notice shall summarize the resources that can be made available for international cooperation and assistance in these fields through existing programs of the Department and the Commission, including the availability of: (i) data from past or ongoing research and development projects; (ii) consultations with expert Department or Commission personnel or contractors; and (iii) liaison with private business entities and organizations working in these fields.

(2) The joint notice described in the preceding subparagraph shall be updated and reissued annually for 5 succeeding years.

(c) Notification to non-nuclear weapon states; expressions of interest

Following publication of the annual joint notice referred to in paragraph (2), the Secretary of State shall inform the governments of non-nuclear weapon states and, as feasible, the organizations operating nuclear powerplants in such states, that the United States is prepared to cooperate with and provide technical assistance to non-nuclear weapon states in the fields of spent fuel storage and disposal, as set forth in the joint notice. The Secretary of State shall also solicit expressions of interest from non-nuclear weapon state governments and non-nuclear weapon state nuclear power reactor operators concerning their participation in expanded United States cooperation and technical assistance programs in these fields. The Secretary of State shall transmit any such expressions of interest to the Department and the Commission.

(d) Funding requests

With his budget presentation materials for the Department and the Commission for fiscal years 1984 through 1989, the President shall include funding requests for an expanded program of cooperation and technical assistance with non-nuclear weapon states in the fields of spent fuel storage and disposal as appropriate in light of expressions of interest in such cooperation and assistance on the part of non-nuclear weapon state governments and non-nuclear weapon state nuclear power reactor operators.

(e) “Non-nuclear weapon state” defined

For the purposes of this subsection, the term “non-nuclear weapon state” shall have the same meaning as that set forth in article IX of the Treaty on the Non-Proliferation of Nuclear Weapons (21 U.S.C. 438).

(f) Unauthorized actions

Nothing in this subsection shall authorize the Department or the Commission to take any action not authorized under existing law.

REFERENCES IN TEXT

The Treaty on the Non-Proliferation of Nuclear Weapons, referred to in subsec. (e), is set out in 21 UST 483; TIAS 6839.

§ 10204. Subseabed disposal

(b) Office of Subseabed Disposal Research

(1) There is hereby established an Office of Subseabed Disposal Research within the Office of Science of the Department of Energy. The Office shall be headed by the Director, who shall be a member of the Senior Executive Service appointed by the Director of the Office of Science, and compensated at a rate determined by applicable law.

(2) The Director of the Office of Subseabed Disposal Research shall be responsible for carrying out research, development, and demonstration activities on all aspects of subseabed disposal of high-level radioactive waste and spent nuclear fuel, subject to the general supervision of the Secretary. The Director of the Office shall be directly responsible to the Director of the Office of Science, and the first such Director shall be appointed within 30 days of December 22, 1987.

(3) In carrying out his responsibilities under this chapter, the Secretary may make grants to, or enter into contracts with, the Subseabed Consortium described in subsection (d) of this section and other persons.

(4)(A) Within 60 days of December 22, 1987, the Secretary shall establish a university-based Subseabed Consortium involving leading oceanographic universities and institutions, national laboratories, and other organizations to investigate the technical and institutional feasibility of subseabed disposal.

(B) The Subseabed Consortium shall develop a research plan and budget to achieve the following objectives by 1995:

(i) demonstrate the capacity to identify and characterize potential subseabed disposal sites;

(ii) develop conceptual designs for a subseabed disposal system, including estimated costs and institutional requirements; and

(iii) identify and assess the potential impacts of subseabed disposal on the human and marine environment.

(C) In 1990, and again in 1995, the Subseabed Consortium shall report to Congress on the progress being made in achieving the objectives of paragraph (2).

(2) an identification of any information described in paragraph (1) that is not available because of any unresolved scientific, engineering, or technical questions, or undemonstrated engineering or systems integration, a schedule including specific major milestones for the research, development, and technology demonstration program required under this chapter and any additional activities to be undertaken to provide such information, a schedule for the activities necessary to achieve important programmatic milestones, and an estimate of the costs required to carry out such research, development, and demonstration programs;

(3) an evaluation of financial, political, legal, or institutional problems that may impede the implementation of this chapter, the plans of the Secretary to resolve such problems, and recommendations for any necessary legislation to resolve such problems;

(4) any comments of the Secretary with respect to the purpose and program of the test and evaluation facility;

(5) a discussion of the significant results of research and development programs conducted and the implications for each of the different geologic media under consideration for the siting of repositories, and, on the basis of such information, a comparison of the advantages and disadvantages associated with the use of such media for repository sites;

(6) the guidelines issued under section 1032(a) of this title;

(7) a description of known sites at which site characterization activities should be undertaken, a description of such siting characterization activities, including the extent of planned excavations, plans for onsite testing with radioactive or nonradioactive material, plans for any investigations activities which may affect the capability of any such site to isolate high-level radioactive waste or spent...

Acknowledgments

1995—Subsec. (a). Pub. L. 104–66 struck out subsec. (a) which required Secretary of Energy to report to Congress on subseabed disposal of spent nuclear fuel and high-level radioactive waste.

Subsec. (b)(5). Pub. L. 104–66 struck out par. (5) which read as follows: “The Director of the Office of Subseabed Disposal Research shall annually prepare and submit a report to the Congress on the activities and expenditures of the Office.”

SUBCHAPTER III—OTHER PROVISIONS RELATING TO RADIOACTIVE WASTE

§ 10221. Mission plan

(a) Contents of mission plan

The Secretary shall prepare a comprehensive report, to be known as the mission plan, which shall provide an informational basis sufficient to permit informed decisions to be made in carrying out the repository program and the research, development, and demonstration programs required under this chapter. The mission plan shall include—

(1) an identification of the primary scientific, engineering, and technical information, including any necessary demonstration of engineering or systems integration, with respect to the siting and construction of a test and evaluation facility and repositories;

(2) an identification of any information described in paragraph (1) that is not available because of any unresolved scientific, engineering, or technical questions, or undemonstrated engineering or systems integration, a schedule including specific major milestones for the research, development, and technology demonstration program required under this chapter and any additional activities to be undertaken to provide such information, a schedule for the activities necessary to achieve important programmatic milestones, and an estimate of the costs required to carry out such research, development, and demonstration programs;

(3) an evaluation of financial, political, legal, or institutional problems that may impede the implementation of this chapter, the plans of the Secretary to resolve such problems, and recommendations for any necessary legislation to resolve such problems;

(4) any comments of the Secretary with respect to the purpose and program of the test and evaluation facility;

(5) a discussion of the significant results of research and development programs conducted and the implications for each of the different geologic media under consideration for the siting of repositories, and, on the basis of such information, a comparison of the advantages and disadvantages associated with the use of such media for repository sites;

(6) the guidelines issued under section 1032(a) of this title;

(7) a description of known sites at which site characterization activities should be undertaken, a description of such siting characterization activities, including the extent of planned excavations, plans for onsite testing with radioactive or nonradioactive material, plans for any investigations activities which may affect the capability of any such site to isolate high-level radioactive waste or spent...
nuclear fuel, plans to control any adverse, safety-related impacts from such site characterization activities, and plans for the decontamination and decommissioning of such site if it is determined unsuitable for licensing as a repository;

(8) an identification of the process for solidifying high-level radioactive waste or packaging spent nuclear fuel, including a summary and analysis of the data to support the selection of the solidification process and packaging techniques, an analysis of the requirements for the number of solidification packaging facilities needed, a description of the state of the art for the materials proposed to be used in packaging such waste or spent fuel and the availability of such materials including impacts on strategic supplies and any requirements for new or reactivated facilities to produce any such materials needed, and a description of a plan, and the schedule for implementing such plan, for an aggressive research and development program to provide when needed a high-integrity disposal package at a reasonable price;

(9) an estimate of (A) the total repository capacity required to safely accommodate the disposal of all high-level radioactive waste and spent nuclear fuel expected to be generated through December 31, 2020, in the event that no commercial reprocessing of spent nuclear fuel occurs, as well as the repository capacity that will be required if such reprocessing does occur; (B) the number and type of repositories required to be constructed to provide such disposal capacity; (C) a schedule for the construction of such repositories; and (D) an estimate of the period during which each repository listed in such schedule will be accepting high-level radioactive waste or spent nuclear fuel for disposal;

(10) an estimate, on an annual basis, of the costs required (A) to construct and operate the repositories anticipated to be needed under paragraph (9) based on each of the assumptions referred to in such paragraph; (B) to construct and operate a test and evaluation facility, or any other facilities, other than repositories described in subparagraph (A), determined to be necessary; and (C) to carry out any other activities under this chapter; and

(11) an identification of the possible adverse economic and other impacts to the State or Indian tribe involved that may arise from the development of a test and evaluation facility or repository at a site.

(b) Submission of mission plan

(1) Not later than 15 months after January 7, 1983, the Secretary shall submit a draft mission plan to the States, the affected Indian tribes, the Commission, and other Government agencies as the Secretary deems appropriate for their comments.

(2) In preparing any comments on the mission plan, such agencies shall specify with precision any objections that they may have. Upon submission of the mission plan to such agencies, the Secretary shall publish a notice in the Federal Register of the submission of the mission plan and of its availability for public inspection, and, upon receipt of any comments of such agencies respecting the mission plan, the Secretary shall publish a notice in the Federal Register of the receipt of comments and of the availability of the comments for public inspection. If the Secretary does not revise the mission plan to meet objections specified in such comments, the Secretary shall publish in the Federal Register a detailed statement for not so revising the mission plan.

(3) The Secretary, after reviewing any other comments made by such agencies and revising the mission plan to the extent that the Secretary may consider to be appropriate, shall submit the mission plan to the appropriate committees of the Congress not later than 17 months after January 7, 1983. The mission plan shall be used by the Secretary at the end of the first period of 30 calendar days (not including any day on which either House of Congress is not in session because of adjournment of more than 3 calendar days to a day certain) following receipt of the mission plan by the Congress.

§10222 Nuclear Waste Fund

(a) Contracts

(1) In the performance of his functions under this chapter, the Secretary is authorized to enter into contracts with any person who generates or holds title to high-level radioactive waste, or spent nuclear fuel, of domestic origin for the acceptance of title, suitable packaging, transportation, and disposal of such waste or spent fuel. Such contracts shall provide for payment to the Secretary of fees pursuant to paragraphs (2) and (3) sufficient to offset expenditures described in subsection (d).

(2) For electricity generated by a civilian nuclear power reactor and sold on or after the date 90 days after January 7, 1983, the fee under paragraph (1) shall be equal to 1.0 mil per kilowatt-hour.

(3) For spent nuclear fuel, or solidified high-level radioactive waste derived from spent nuclear fuel, which fuel was used to generate electricity in a civilian nuclear power reactor prior to the application of the fee under paragraph (2) to such reactor, the Secretary shall, not later than 90 days after January 7, 1983, establish a time fee per kilogram of heavy metal in spent nuclear fuel, or in solidified high-level radioactive waste. Such fee shall be in an amount equivalent to an average charge of 1.0 mil per kilowatt-hour for electricity generated by such spent nuclear fuel, or such solidified high-level waste derived therefrom, to be collected from any person delivering such spent nuclear fuel or high-level waste, pursuant to section 10143 of this title, to the Federal Government. Such fee shall be paid to the Treasury of the United States and shall be deposited in the separate fund established by subsection (c).1 In paying such a fee, the person delivering spent fuel, or solidified high-level radioactive wastes derived therefrom, to the Federal Government shall have no further financial obligation to the Fed-

1 See References in Text note below.
eral Government for the long-term storage and permanent disposal of such spent fuel, or the so-
olidified high-level radioactive waste derived therefrom.

(4) Not later than 180 days after January 7, 1983, the Secretary shall establish procedures for
the collection and payment of the fees established by paragraph (2) and paragraph (3). The
Secretary shall annually review the amount of the fees established by paragraphs (2) and (3)
avove to evaluate whether collection of the fee will provide sufficient revenues to offset the
costs as defined in subsection (d) herein. In the event the Secretary determines that either in-
sufficient or excess revenues are being collected, in order to recover the costs incurred by the
Federal Government that are specified in sub-
section (d), the Secretary shall propose an ad-
justment to the fee to insure full cost recovery.
The Secretary shall immediately transmit this
proposal for such an adjustment to Congress.
The adjusted fee proposed by the Secretary shall
be effective after a period of 90 days of contin-
uous session have elapsed following the receipt of
such transmittal unless during such 90-day period either House of Congress adopts a resolu-
tion disapproving the Secretary’s proposed ad-
justment in accordance with the procedures set
forth for congressional review of an energy ac-
tion under section 6221 of this title.

(3) Contracts entered into under this section shall provide that—
(A) following commencement of operation of
a repository, the Secretary shall take title to
the high-level radioactive waste or spent nu-
clear fuel involved as expeditiously as prac-
ticable upon the request of the generator or
owner of such waste or spent fuel; and
(B) in return for the payment of fees estab-
lished by this section, the Secretary, begin-
nings not later than January 31, 1998, will dis-
pose of the high-level radioactive waste or
spent nuclear fuel involved as provided in this
subchapter.

(6) The Secretary shall establish in writing
criteria setting forth the terms and conditions
under which such disposal services shall be made available.

(b) Advance contracting requirement

(1) (A) The Commission shall not issue or
renew a license to any person to use a utiliza-
tion or production facility under the authority
of section 2133 or 2134 of this title unless—
(i) such person has entered into a contract
with the Secretary under this section; or
(ii) the Secretary affirms in writing that
such person is actively and in good faith negoti-
ating with the Secretary for a contract under
this section.

(B) The Commission, as it deems necessary or
appropriate, may require as a precondition to
the issuance or renewal of a license under sec-
tion 2133 or 2134 of this title that the applicant
for such license shall have entered into an agree-
ment with the Secretary for the disposal of
high-level radioactive waste and spent nuclear
fuel that may result from the use of such li-
cense.

(2) Except as provided in paragraph (1), no
spent nuclear fuel or high-level radioactive

\[\text{(d) Establishment of Nuclear Waste Fund}\]

There hereby is established in the Treasury of
the United States a separate fund, to be known
as the Nuclear Waste Fund. The Waste Fund
shall consist of—

(1) all receipts, proceeds, and recoveries real-
ized by the Secretary under subsections (a),
(b), and (e), which shall be deposited in the
Waste Fund immediately upon their realiza-
tion;

(2) any appropriations made by the Congress
to the Waste Fund; and

(3) any unexpended balances available on
January 7, 1983, for functions or activities nec-
essary or incident to the disposal of civilian
high-level radioactive waste or civilian spent
nuclear fuel, which shall automatically be
transferred to the Waste Fund on such date.

\[\text{(d) Use of Waste Fund}\]

The Secretary may make expenditures from the
Waste Fund, subject to subsection (e), only for
purposes of radioactive waste disposal activi-
ties under subchapters I and II, including—

(1) the identification, development, licens-
ing, construction, operation, decommis-
sioning, and post-decommissioning mainte-
nance and monitoring of any repository, mon-
itored,\(^2\) retrievable storage facility,\(^3\) or test
and evaluation facility constructed under this
chapter;

(2) the conducting of nongeneric research,
development, and demonstration activities
under this chapter;

(3) the administrative cost of the radioactive
waste disposal program;

(4) any costs that may be incurred by the
Secretary in connection with the transpor-
\(2\) So in original. The comma probably should not appear.
\(3\) So in original. Probably should be followed by a comma.
tation, treating, or packaging of spent nuclear fuel or high-level radioactive waste to be disposed of in a repository, to be stored in a monitored, retrievable storage site or to be used in a test and evaluation facility;

(2) the costs associated with acquisition, design, modification, replacement, operation, and construction of facilities at a repository site, a monitored, retrievable storage site or a test and evaluation facility and

(6) the provision of assistance to States, units of general local government, and Indian tribes under sections 10136, 10138, and 10199 of this title.

No amount may be expended by the Secretary under this subchapter for the construction or expansion of any facility unless such construction or expansion is expressly authorized by this or subsequent legislation. The Secretary hereby is authorized to construct one repository and one test and evaluation facility.

(e) Administration of Waste Fund

(1) The Secretary of the Treasury shall hold the Waste Fund and, after consultation with the Secretary, annually report to the Congress on the financial condition and operations of the Waste Fund during the preceding fiscal year.

(2) The Secretary shall submit the budget of the Waste Fund to the Office of Management and Budget triennially along with the budget of the Department of Energy submitted at such time in accordance with chapter 11 of title 31. The budget of the Waste Fund shall consist of estimates made by the Secretary of expenditures from the Waste Fund and other relevant financial matters for the succeeding 3 fiscal years, and shall be included in the Budget of the United States Government. The Secretary may make expenditures from the Waste Fund, subject to appropriations which shall remain available until expended. Appropriations shall be subject to triennial authorization.

(3) If the Secretary determines that the Waste Fund contains at any time amounts in excess of current needs, the Secretary may request the Secretary of the Treasury to invest such amounts, or any portion of such amounts as the Secretary determines to be appropriate, in obligations of the United States—

(A) having maturities determined by the Secretary of the Treasury to be appropriate to the needs of the Waste Fund; and

(B) bearing interest at rates determined to be appropriate by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the maturities of such investments, except that the interest rate on such investments shall not exceed the average interest rate applicable to existing borrowings.

(4) Receipts, proceeds, and recoveries realized by the Secretary under this section, and expenditures of amounts from the Waste Fund, shall be exempt from annual apportionment under the provisions of subchapter II of chapter 15 of title 31.

(5) If at any time the moneys available in the Waste Fund are insufficient to enable the Secretary to discharge his responsibilities under this subchapter, the Secretary shall issue to the Secretary of the Treasury obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be agreed to by the Secretary and the Secretary of the Treasury. The total of such obligations shall not exceed amounts provided in appropriation Acts. Redemption of such obligations shall be made by the Secretary from moneys available in the Waste Fund. Such obligations shall bear interest at a rate determined by the Secretary of the Treasury, which shall be not less than a rate determined by taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the obligations under this paragraph. The Secretary of the Treasury shall purchase any issued obligations, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which securities may be issued under such Act are extended to include any purchase of such obligations. The Secretary of the Treasury may at any time sell any of the obligations acquired by him under this paragraph. All redemptions, purchases, and sales by the Secretary of the Treasury of obligations under this paragraph shall be treated as public debt transactions of the United States.

(6) Any appropriations made available to the Waste Fund for any purpose described in subsection (d) shall be repaid into the general fund of the Treasury, together with interest from the date of availability of the appropriations until the date of repayment. Such interest shall be paid on the cumulative amount of appropriations available to the Waste Fund, less the average undisbursed cash balance in the Waste Fund account during the fiscal year involved. The rate of such interest shall be determined by the Secretary of the Treasury taking into consideration the average market yield during the month preceding each fiscal year on outstanding marketable obligations of the United States of comparable maturity. Interest payments may be deferred with the approval of the Secretary of the Treasury, but any interest payments so deferred shall themselves bear interest.

References in Text

Subsection (c), referred to in subsec. (a)(3), was in the original "subsection (c) 126(b)" and was translated as subsection (c) as the probable intent of Congress in view of the establishment of the Nuclear Waste Fund by subsec. (c) of this section and the absence of a section 126 in Pub. L. 97–425.

This subchapter, referred to in subsecs. (a)(5)(B), (d), and (e)(5), was in the original "this subtitle", and was translated as this subchapter to reflect the probable intent of Congress because title III of Pub. L. 97–425, which enacted this subchapter, does not contain subtitles.
§ 10223. Termination of reporting requirements

For termination, effective May 15, 2000, of provisions in subsec. (e)(1) of this section relating to annual report to Congress, see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 4th item on page 143 of House Document No. 103–7.

§ 10223. Alternative means of financing

The Secretary shall undertake a study with respect to alternative approaches to managing the construction and operation of all civilian radioactive waste management facilities, including the feasibility of establishing a private corporation for such purposes. In conducting such study, the Secretary shall consult with the Director of the Office of Management and Budget, the Chairman of the Commission, and such other Federal agency representatives as may be appropriate. Such study shall be completed, and a report containing the results of such study shall be submitted to the Congress, within 1 year after January 7, 1983.

§ 10224. Office of Civilian Radioactive Waste Management

(a) Establishment

There hereby is established within the Department of Energy an Office of Civilian Radioactive Waste Management. The Office shall be headed by a Director, who shall be appointed by the President, by and with the advice and consent of the Senate, and who shall be compensated at the rate payable for level IV of the Executive Schedule under section 5315 of title 5.

(b) Functions of Director

The Director of the Office shall be responsible for carrying out the functions of the Secretary under this chapter, subject to the general supervision of the Secretary. The Director of the Office shall be directly responsible to the Secretary.

(c) Annual report to Congress

The Director of the Office shall annually prepare and submit to the Congress a comprehensive report on the activities and expenditures of the Office.

(d) Audit by GAO

If requested by either House of the Congress (or any committee thereof) or if considered necessary by the Comptroller General, the Government Accountability Office shall conduct an audit of the Office, in accord with such regulations as the Comptroller General may prescribe. The Comptroller General shall have access to such books, records, accounts, and other materials of the Office as the Comptroller General determines to be necessary for the preparation of such audit. The Comptroller General shall submit a report on the results of each audit conducted under this section.

Amendments

1995—Subsec. (d). Pub. L. 104–66 amended heading and text of subsec. (d) generally. Prior to amendment, text read as follows: “The Comptroller General of the United States shall annually make an audit of the Office, in accordance with such regulations as the Comptroller General may prescribe. The Comptroller General shall have access to such books, records, accounts, and other materials of the Office as the Comptroller General determines to be necessary for the preparation of such audit. The Comptroller General shall submit to the Congress a report on the results of each audit conducted under this section.”

§ 10225. Location of test and evaluation facility

(a) Report to Congress

Not later than 1 year after January 7, 1983, the Secretary shall transmit to the Congress a report setting forth whether the Secretary plans to locate the test and evaluation facility at the site of a repository.

(b) Procedures

(1) If the test and evaluation facility is to be located at any candidate site or repository site (A) site selection and development of such facility shall be conducted in accordance with the procedures and requirements established in subchapter I with respect to the site selection and development of repositories; and (B) the Secretary may not commence construction of any surface facility for such test and evaluation facility prior to issuance by the Commission of a construction authorization for a repository at the site involved.

(2) No test and evaluation facility may be converted into a repository unless site selection and development of such facility was conducted in accordance with the procedures and requirements established in subchapter I with respect to the site selection and development of repositories.

(3) The Secretary may not commence construction of a test and evaluation facility at a candidate site or site recommended as the location for a repository prior to the date on which the designation of such site is effective under section 10135 of this title.

§ 10226. Nuclear Regulatory Commission training authorization

The Nuclear Regulatory Commission is authorized and directed to promulgate regulations, or other appropriate Commission regulatory requirements...
guidance, for the training and qualifications of civilian nuclear powerplant operators, supervisors, technicians and other appropriate operating personnel. Such regulations or guidance shall establish simulator training requirements for applicants for civilian nuclear powerplant operator licenses and for operator requalification programs; requirements governing NRC administration of requalification examinations; requirements for operating tests at civilian nuclear powerplant simulators, and instructional requirements for civilian nuclear powerplant licensee personnel training programs. Such regulations or other regulatory guidance shall be promulgated by the Commission within the 12-month period following January 7, 1983, and the Commission within the 12-month period following January 7, 1983, shall submit a report to Congress setting forth the actions the Commission has taken with respect to fulfilling its obligations under this section.

SUBCHAPTER IV—NUCLEAR WASTE NEGOTIATOR

§ 10241. “State” defined

For purposes of this subchapter, the term “State” means each of the several States and the District of Columbia.

CODIFICATION

AMENDMENTS

1988—Subsec. (a). Pub. L. 100–507 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “There is established within the Executive Office of the President the Office of the Nuclear Waste Negotiator.”

§ 10243. Duties of Negotiator

(a) Negotiations with potential hosts

(1) The Negotiator shall—

(A) seek to enter into negotiations on behalf of the United States, with—

(i) the Governor of any State in which a potential site is located; and

(ii) the governing body of any Indian tribe on whose reservation a potential site is located; and

(B) attempt to reach a proposed agreement between the United States and any such State or Indian tribe specifying the terms and conditions under which such State or tribe would agree to host a repository or monitored retrievable storage facility within such State or reservation.

(2) In any case in which State law authorizes any person or entity other than the Governor to negotiate a proposed agreement under this section on behalf of the State, any reference in this subchapter to the Governor shall be considered to refer instead to such other person or entity.

(b) Consultation with affected States, subdivisions of States, and tribes

In addition to entering into negotiations under subsection (a), the Negotiator shall consult with any State, affected unit of local government, or any Indian tribe that the Negotiator determines may be affected by the siting of a repository or monitored retrievable storage facility and may include in any proposed agreement such terms and conditions relating to the interest of such States, affected units of local government, or Indian tribes as the Negotiator determines to be reasonable and appropriate.

(c) Consultation with other Federal agencies

The Negotiator may solicit and consider the comments of the Secretary, the Nuclear Regulatory Commission, or any other Federal agency on the suitability of any potential site for site characterization. Nothing in this subsection shall be construed to require the Secretary, the Nuclear Regulatory Commission, or any other Federal agency to make a finding that any such site is suitable for site characterization.

(d) Proposed agreement

(1) The Negotiator shall submit to the Congress any proposed agreement between the
United States and a State or Indian tribe negotiated under subsection (a) and an environmental assessment prepared under section 10249(a) of this title for the site concerned.

(2) Any such proposed agreement shall contain such terms and conditions (including such financial and institutional arrangements) as the Negotiator and the host State or Indian tribe determine to be reasonable and appropriate and shall contain such provisions as are necessary to preserve any right to participation or compensation of such State, affected unit of local government, or Indian tribe under sections 10136(c), 10137, and 10138(b) of this title.

(3)(A) No proposed agreement entered into under this section shall have legal effect unless enacted into Federal law.

(B) A State or Indian tribe shall enter into an agreement under this section in accordance with the laws of such State or tribe. Nothing in this section may be construed to prohibit the disapproval of a proposed agreement between a State and the United States under this section by a referendum or an act of the legislature of such State.

(4) Notwithstanding any proposed agreement under this section, the Secretary may construct a repository or monitored retrievable storage facility at a site agreed to under this subchapter only if authorized by the Nuclear Regulatory Commission in accordance with the Atomic Energy Act of 1954 (42 U.S.C. 5841 et seq.), title II of the Energy Reorganization Act of 1982 (42 U.S.C. 5841 et seq.) and any other law applicable to authorization of such construction.

**Codification**

§ 10244. Environmental assessment of sites

(a) In general

Upon the request of the Negotiator, the Secretary shall prepare an environmental assessment of any site that is the subject of negotiations under section 10243(a) of this title.

(b) Contents

(1) Each environmental assessment prepared for a repository site shall include a detailed statement of the probable impacts of characterizing such site and the construction and operation of a repository at such site.

(2) Each environmental assessment prepared for a monitored retrievable storage facility site shall include a detailed statement of the probable impacts of construction and operation of such a facility at such site.

(c) Judicial review

The issuance of an environmental assessment under subsection (a) shall be considered to be a final agency action subject to judicial review in accordance with the provisions of chapter 7 of title 5 and section 10139 of this title.

(d) Public hearings

(1) In preparing an environmental assessment for any repository or monitored retrievable storage facility site, the Secretary shall hold public hearings in the vicinity of such site to inform the residents of the area in which such site is located that such site is being considered and to receive their comments.

(2) At such hearings, the Secretary shall solicit and receive any recommendations of such residents with respect to issues that should be addressed in the environmental assessment required under subsection (a) and the site characterization plan described in section 10133(b)(1) of this title.

(e) Public availability

Each environmental assessment prepared under subsection (a) shall be made available to the public.

(f) Evaluation of sites

(1) In preparing an environmental assessment under subsection (a), the Secretary shall use available geophysical, geologic, geochemical and hydrologic, and other information and shall not conduct any preliminary borings or excavations at any site that is the subject of such assessment unless—

(A) such preliminary boring or excavation activities were in progress on or before December 22, 1987; or

(B) the Secretary certifies that, in the absence of preliminary borings or excavations, adequate information will not be available to satisfy the requirements of this chapter or any other law.

(2) No preliminary boring or excavation conducted under this section shall exceed a diameter of 40 inches.

**Codification**

§ 10245. Site characterization; licensing

(a) Site characterization

Upon enactment of legislation to implement an agreement to site a repository negotiated under section 10243(a) of this title, the Secretary shall conduct appropriate site characterization activities for the site that is the subject of such
agreement subject to the conditions and terms of such agreement. Any such site characterization activities shall be conducted in accordance with section 10133 of this title, except that references in such section to the Yucca Mountain site and the State of Nevada shall be deemed to refer to the site that is the subject of the agreement and the State or Indian tribe entering into the agreement.

(b) Licensing

(1) Upon the completion of site characterization activities carried out under subsection (a), the Secretary shall submit to the Nuclear Regulatory Commission an application for construction authorization for a repository at such site.

(2) The Nuclear Regulatory Commission shall consider an application for a construction authorization for a repository or monitored retrievable storage facility in accordance with the laws applicable to such applications, except that the Nuclear Regulatory Commission shall issue a final decision approving or disapproving the issuance of a construction authorization not later than 3 years after the date of the submission of such application.

CODIFICATION

§ 10246. Monitored retrievable storage

(a) Construction and operation

Upon enactment of legislation to implement an agreement negotiated under section 10243(a) of this title to site a monitored retrievable storage facility, the Secretary shall construct and operate such facility as part of an integrated nuclear waste management system in accordance with the terms and conditions of such agreement.

(b) Financial assistance

The Secretary may make grants to any State, Indian tribe, or affected unit of local government to assist in the construction and operation of a monitored retrievable storage facility under this section at a site under the jurisdiction of such State, tribe, or affected unit of local government.

CODIFICATION

§ 10247. Environmental impact statement

(a) In general

Issuance of a construction authorization for a repository or monitored retrievable storage facility under section 10245(b) of this title shall be considered a major Federal action significantly affecting the quality of the human environment for purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(b) Preparation

A final environmental impact statement shall be prepared by the Secretary under such Act and shall accompany any application to the Nuclear Regulatory Commission for a construction authorization.

(c) Adoption

(1) Any such environmental impact statement shall, to the extent practicable, be adopted by the Nuclear Regulatory Commission, in accordance with section 1506.3 of title 40, Code of Federal Regulations, in connection with the issuance by the Nuclear Regulatory Commission of a construction authorization and license for such repository or monitored retrievable storage facility.

(2)(A) In any such statement prepared with respect to a repository to be constructed under this subchapter at the Yucca Mountain site, the Nuclear Regulatory Commission need not consider the need for a repository, the time of initial availability of a repository, alternate sites to the Yucca Mountain site, or nongeologic alternatives to such site.

(B) In any such statement prepared with respect to a repository to be constructed under this subchapter at a site other than the Yucca Mountain site, the Nuclear Regulatory Commission need not consider the need for a repository, the time of initial availability of a repository, or nongeologic alternatives to such site but shall consider the Yucca Mountain site as an alternate to such site in the preparation of such statement.

REFERENCES IN TEXT

The National Environmental Policy Act of 1969, referred to in subsecs. (a) and (b), is Pub. L. 91–190, Jan. 1, 1970, 83 Stat. 852, as amended, which is classified generally to chapter 55 (§4321 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of this title and Tables.

CODIFICATION

§ 10248. Administrative powers of Negotiator

In carrying out his functions under this subchapter, the Negotiator may—

(1) appoint such officers and employees as he determines to be necessary and prescribe their duties;

(2) obtain services as authorized by section 3109 of title 5, at rates not to exceed the rate prescribed for grade GS–18 of the General Schedule by section 5332 of title 5;

(3) promulgate such rules and regulations as may be necessary to carry out such functions;

(4) utilize the services, personnel, and facilities of other Federal agencies (subject to the consent of the head of any such agency);

(5) for purposes of performing administrative functions under this subchapter, and to the ex-
§ 10249. Cooperation of other departments and agencies

Each department, agency, and instrumentality of the United States, including any independent agency, may furnish the Negotiator such information as he determines to be necessary to carry out his functions under this subchapter.

CODIFICATION

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 (title I, §104(c)(1)) of Pub. L. 101–509, set out in a note under section 5376 of Title 5.

§ 10249. Cooperation of other departments and agencies

Each department, agency, and instrumentality of the United States, including any independent agency, may furnish the Negotiator such information as he determines to be necessary to carry out his functions under this subchapter.

CODIFICATION

SUBCHAPTER V—NUCLEAR WASTE TECHNICAL REVIEW BOARD

§ 10251. Authorization of appropriations

Notwithstanding subsection (d) of section 10222 of this title, and subject to subsection (e) of such section, there are authorized to be appropriated for expenditures from amounts in the Waste Fund established in subsection (c) of such section, such sums as may be necessary to carry out the provisions of this subchapter.

CODIFICATION

SUBCHAPTER V—NUCLEAR WASTE TECHNICAL REVIEW BOARD

§ 10261. Definitions

As used in this subchapter:

(1) The term “Chairman” means the Chairman of the Nuclear Waste Technical Review Board.

(2) The term “Board” means the Nuclear Waste Technical Review Board established under section 10262 of this title.

CODIFICATION

§ 10262. Nuclear Waste Technical Review Board

(a) Establishment

There is established a Nuclear Waste Technical Review Board that shall be an independent establishment within the executive branch.

(b) Members

(1) The Board shall consist of 11 members who shall be appointed by the President not later than 90 days after December 22, 1987, from among persons nominated by the National Academy of Sciences in accordance with paragraph (3).

(2) The President shall designate a member of the Board to serve as chairman.

(3)(A) The National Academy of Sciences shall, not later than 90 days after December 22, 1987, nominate not less than 22 persons for appointment to the Board from among persons who meet the qualifications described in subparagraph (C).

§ 10264. Investigatory powers

(a) Hearings

Upon request of the Chairman or a majority of the members of the Board, the Board may hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence, as the Board considers appropriate. Any member of the Board may administer oaths or affirmations to witnesses appearing before the Board.

(b) Production of documents

(1) Upon the request of the Chairman or a majority of the members of the Board, and subject to existing law, the Secretary (or any contractor of the Secretary) shall provide the Board with such records, files, papers, data, or information as may be necessary to respond to any inquiry of the Board under this subchapter.

(2) Subject to existing law, information obtainable under paragraph (1) shall not be limited to final work products of the Secretary, but shall include drafts of such products and documentation of work in progress.

§ 10265. Compensation of members

(a) In general

Each member of the Board shall be paid at the rate of pay payable for level III of the Executive Schedule for each day (including travel time) such member is engaged in the work of the Board.

(b) Travel expenses

Each member of the Board may receive travel expenses, including per diem in lieu of subsistence, in the same manner as is permitted under sections 5702 and 5703 of title 5.

§ 10266. Staff

(a) Clerical staff

(1) Subject to paragraph (2), the Chairman may appoint and fix the compensation of such clerical staff as may be necessary to discharge the responsibilities of the Board.

(2) Clerical staff shall be appointed subject to the provisions of title 5 governing appointments in the competitive service, and shall be paid in
accordance with the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates.

(b) Professional staff

(1) Subject to paragraphs (2) and (3), the Chairman may appoint and fix the compensation of such professional staff as may be necessary to discharge the responsibilities of the Board.

(2) Not more than 10 professional staff members may be appointed under this subsection.

(3) Professional staff members may be appointed without regard to the provisions of title 5 governing appointments in the competitive service, and may be paid without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, except that no individual so appointed may receive pay in excess of the annual rate of basic pay payable for GS–18 of the General Schedule.

CODIFICATION

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 [title I, § 161(c)(1)] of Pub. L. 101–509, set out in a note under section 5376 of Title 5.

§ 10267. Support services

(a) General services

To the extent permitted by law and requested by the Chairman, the Administrator of General Services shall provide the Board with necessary administrative services, facilities, and support on a reimbursable basis.

(b) Accounting, research, and technology assessment services

The Comptroller General, the Librarian of Congress, and the Director of the Office of Technology Assessment shall, to the extent permitted by law and subject to the availability of funds, provide the Board with such facilities, support, funds and services, including staff, as may be necessary for the effective performance of the functions of the Board.

(c) Additional support

Upon the request of the Chairman, the Board may secure directly from the head of any department or agency of the United States information necessary to enable it to carry out this subchapter.

(d) Mails

The Board may use the United States mails in the same manner and under the same conditions as other departments and agencies of the United States.

(e) Experts and consultants

Subject to such rules as may be prescribed by the Board, the Chairman may procure temporary and intermittent services under section 3109(b) of title 5, but at rates for individuals not to exceed the daily equivalent of the maximum annual rate of basic pay payable for GS–18 of the General Schedule.

CODIFICATION

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 [title I, § 161(c)(1)] of Pub. L. 101–509, set out in a note under section 5376 of Title 5.

§ 10268. Report

The Board shall report not less than 2 times per year to Congress and the Secretary its findings, conclusions, and recommendations. The first such report shall be submitted not later than 12 months after December 22, 1987.

CODIFICATION

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions of this section relating to reporting to Congress 2 times per year, see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the last item on page 186 of House Document No. 106–7.

§ 10269. Authorization of appropriations

Notwithstanding subsection (d) of section 10222 of this title, and subject to subsection (e) of such section, there are authorized to be appropriated for expenditures from amounts in the Waste Fund established in subsection (c) of such section such sums as may be necessary to carry out the provisions of this subchapter.

CODIFICATION

§ 10270. Termination of Board

The Board shall cease to exist not later than 1 year after the date on which the Secretary begins disposal of high-level radioactive waste or spent nuclear fuel in a repository.
CHAPTER 109—WATER RESOURCES RESEARCH

The Congress finds and declares that—

(1) the existence of an adequate supply of water of good quality for the production of materials and energy for the Nation's needs and for the efficient use of the Nation's energy and water resources is essential to national economic stability and growth, and to the well-being of the people;

(2) the management of water resources is closely related to maintaining environmental quality, productivity of natural resources and agricultural systems, and social well-being;

(3) there is an increasing threat of impairment to the quantity and quality of surface and groundwater resources;

(4) the Nation's capabilities for technological assessment and planning and for policy formulation for water resources must be strengthened at the Federal, State, and local governmental levels;

(5) there should be a continuing national investment in water and related research and technology commensurate with growing national needs;

(6) it is necessary to provide for the research and development of technology for the conversion of saline and other impaired waters to a quality suitable for municipal, industrial, agricultural, recreational, and other beneficial uses;

(7) the Nation must provide programs to strengthen research and associated graduate education because the pool of scientists, engineers, and technicians trained in fields related to water resources constitutes an invaluable natural resource which should be increased, fully utilized, and regularly replenished; and

(8) long-term planning and policy development are essential to ensure the availability of an abundant supply of high quality water for domestic and other uses; and

(9) the States must have the research and problem-solving capacity necessary to effectively manage their water resources.

1 So in original. The word “and” probably should not appear.
§ 10301

(2) **PRODUCED WATER.**—The term ‘produced water’ means water from an underground source that is brought to the surface as part of the process of exploration for, or development of—

(A) oil;

(B) natural gas;

(C) coalbed methane; or

(D) any other substance to be used as an energy source.

(3) **SECRETARY.**—The term ‘Secretary’ means the Secretary of the Interior.

(4) **UPPER BASIN STATE.**—The term ‘Upper Basin State’ means any of the States of—

(A) Colorado;

(B) New Mexico;

(C) Utah; and

(D) Wyoming.

(4) **IDENTIFICATION OF PROBLEMS AND SOLUTIONS.**—

(1) **STUDY.**—The Secretary shall conduct a study to identify—

(A) the technical, economic, environmental, and other obstacles to reducing the quantity of produced water;

(B) the technical, economic, environmental, legal, and other obstacles to increasing the extent to which produced water can be used for irrigation and other purposes without adversely affecting water quality, public health, or the environment;

(C) the legislative, administrative, and other actions that could reduce or eliminate the obstacles identified in subparagraphs (A) and (B); and

(D) the costs and benefits associated with reducing or eliminating the obstacles identified in subparagraphs (A) and (B).

(2) **REPORT.**—Not later than 1 year after the date of enactment of this Act [May 8, 2008], the Secretary shall submit to the Committee on Natural Resources and the Committee on Energy and Natural Resources of the Senate a report describing the results of the study under paragraph (1).

(5) **IMPLEMENTATION.**—

(1) **GRANTS.**—Subject to the availability of appropriations, the Secretary shall provide financial assistance for the development of facilities, technologies, and processes to demonstrate the feasibility, effectiveness, and safety of—

(A) optimizing energy resource production by reducing the quantity of produced water generated; or

(B) increasing the extent to which produced water may be recovered and made suitable for use for irrigation, municipal, or industrial uses, or other purposes without adversely affecting water quality or the environment.

(2) **LIMITATIONS.**—Assistance under this subsection—

(A) shall be provided for—

(i) at least 1 project in each of the Upper Basin States; and

(ii) at least 1 project in at least 1 of the Lower Basin States;

(B) shall not exceed $1,000,000 for any project;

(C) shall be used to pay not more than 50 percent of the total cost of a project;

(D) shall not be used for the operation or maintenance of any facility; and

(E) may be in addition to assistance provided by the Federal Government pursuant to other provisions of law.

(6) **CONSULTATION, ADVICE, AND COMMENTS.**—In carrying out this section, including in preparing the report under subsection (d)(2) and establishing criteria to be used in connection with an award of financial assistance under subsection (e), the Secretary shall—

(A) consult with the Secretary of Energy, the Administrator of the Environmental Protection Agency, and appropriate Governors and local officials;

(B) review any relevant information developed in connection with research carried out by others, including research carried out pursuant to subtitle J of title IX of the Energy Policy Act of 2005 ([former] 42 U.S.C. 16371 et seq.); and

(C) solicit comments and suggestions from the public.

(6) **RELATION TO OTHER LAWS.**—Nothing in this section supersedes, modifies, abrogates, or limits—

(1) the effect of any State law or any interstate authority or compact relating to—

(A) any use of water; or

(B) the regulation of water quantity or quality; or

(2) the applicability or effect of any Federal law (including regulations).

(7) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated—

(1) $1,000,000 to carry out subsection (d); and

(2) $7,500,000 to carry out subsection (e)."
projects to the extent provided in advance in appropriation Acts, to conduct, encourage, and assist in the financing of research to develop processes for converting saline water into water suitable for beneficial uses. Awards of research grants and contracts under this section shall be made on the basis of a competitive, merit-reviewed process. Research and study topics authorized by this section include—

'(1) investigating desalination processes;
'(2) ascertaining the optimum mix of investment and operating costs;
'(3) determining the best designs for different conditions of operation;
'(4) investigating methods of increasing the economic efficiency of desalination processes through dual-purpose co-facilities with other processes involving the use of water;
'(5) conducting or contracting for technical work, including the design, construction, and testing of pilot systems and test beds, to develop desalting processes and concepts;
'(6) studying methods for the recovery of byproducts resulting from desalination to offset the costs of treatment and to reduce environmental impacts from those byproducts;
'(7) salinity modeling and toxicity analysis of brine discharges, cost reduction strategies for constructing and operating desalination facilities, and the horticultural effects of desalinated water used for irrigation;
'(8) development of metrics to analyze the costs and benefits of desalination relative to other sources of water (including costs and benefits related to associated infrastructure, energy use, environmental impacts, and diversification of water supplies); and
'(9) development of design and siting specifications that avoid or minimize, adverse economic and environmental impacts.

'(b) PROJECT RECOMMENDATIONS AND REPORTS TO THE CONGRESS.—As soon as practicable and within three years after the date of enactment of this Act (Oct. 11, 1996), the Secretary shall recommend to Congress desalination demonstration projects or full-scale desalination projects to carry out the purposes of this Act and to further evaluate and implement the results of research and studies conducted under the authority of this section. Recommendations for projects shall be accompanied by reports on the engineering and economic feasibility of proposed projects and their environmental impacts.

'(c) AUTHORITY TO ENGAGE OTHERS.—In carrying out research and studies authorized in this section, the Secretary may engage the necessary personnel, industrial or engineering firms, Federal laboratories, water research and technology institutes, other facilities, and educational institutions suitable to conduct investigations and studies authorized under this section.

'(d) ALTERNATIVE TECHNOLOGIES.—In carrying out the purposes of this Act, the Secretary shall ensure that at least three separate technologies are evaluated and demonstrated for the purposes of accomplishing desalination.

'(e) PRIORITIZATION.—In carrying out this section, the Secretary shall prioritize funding for research—

'(1) to reduce energy consumption and lower the cost of desalination, including chloride control;
'(2) to reduce the environmental impacts of seawater desalination and develop technology and strategies to minimize those impacts;
'(3) to improve existing reverse osmosis and membrane technology;
'(4) to carry out basic and applied research on next generation desalination technologies, including improved energy recovery systems and renewable energy-powered desalination systems that could significantly reduce desalination costs;
'(5) to develop portable or modular desalination units capable of providing temporary emergency water supplies for domestic or military deployment purposes; and

'(6) to develop and promote innovative desalination technologies, including chloride control, identified by the Secretary.

'SEC. 4. DESALINATION DEMONSTRATION AND DEVELOPMENT.

'(a) IN GENERAL.—In order to further demonstrate the feasibility of desalination processes investigated either independently or in research conducted pursuant to section 3, the Secretary shall administer and conduct a demonstration and development program for water desalination and related activities, including the following:

'(1) DESALINATION PLANTS AND MODULES.—Conduct or contract for technical work, including the design, construction, and testing of plants and modules to develop desalination processes and concepts, including modules specifically designed for brine management.

'(1) [sic, probably should be "(2)""] PROJECTS.—

'(a) IN GENERAL.—Subject to the requirements of this subsection, the Secretary of the Interior may participate in an eligible desalination project in an amount equal to not more than 25 percent of the total cost of the eligible desalination project.

'(b) ELIGIBLE DESALINATION PROJECT.—The term "eligible desalination project" means any project in a Reclamation State, that—

'(i) involves an ocean or brackish water desalination facility either constructed, operated and maintained; or sponsored by any State, department of a State, subdivision of a State or public agency organized pursuant to a State law; and

'(ii) provides a Federal benefit in accordance with the reclamation laws (including regulations).

'(c) STATE ROLE.—Participation by the Secretary of the Interior in an eligible desalination project under this subsection shall not occur unless—

'(i) the project is included in a state-approved plan or federal participation has been requested by the Governor of the State in which the eligible desalination project is located; and

'(ii) the State or local sponsor determines, and the Secretary of the Interior concurs, that—

'(I) the eligible desalination project is technically and financially feasible and provides a Federal benefit in accordance with the reclamation laws;

'(II) sufficient non-Federal funding is available to complete the eligible desalination project; and

'(III) the eligible desalination project sponsors are financially solvent; and

'(iii) the Secretary of the Interior submits to Congress a written notification of these determinations within 30 days of making such determinations.

'(d) ENVIRONMENTAL LAWS.—When participating in an eligible desalination project under this subsection, the Secretary shall comply with all applicable environmental laws, including the National Environmental Policy Act of 1969 (42 U.S.C. § 4321 et seq.).

'(e) INFORMATION.—When participating in an eligible desalination project under this subsection, the Secretary of the Interior—

'(i) may rely on reports prepared by the sponsor of the eligible desalination project, including feasibility (or equivalent) studies, environmental analyses, and other pertinent reports and analyses; but

'(ii) shall retain responsibility for making the independent determinations described in subparagraph (C).

'(f) AUTHORIZATION OF APPROPRIATIONS.—

'(i) $90,000,000 of funding is authorized to remain available until expended; and

'(ii) Projects can only receive funding if enacted appropriations legislation designates fund-
ing to them by name, after the Secretary recommends specific projects for funding pursuant to this subsection and transmits such recommendations to the appropriate committees of Congress.

“(3) BYPRODUCTS.—Study methods for the marketing of byproducts resulting from the desalting of water to offset the costs of treatment and to reduce environmental impacts of those byproducts.

“(4) ECONOMIC SURVEYS.—Conduct economic studies and surveys to determine present and prospective costs of producing water for beneficial purposes in various locations by desalination processes compared to other methods.

(b) COOPERATIVE AGREEMENTS.—Federal participation in desalination activities may be conducted through cooperative agreements, including cost-sharing agreements, with non-Federal public utilities and State and local governmental agencies and other entities, in order to develop recommendations for Federal participation in processes and plants utilizing desalting technologies for the production of water.

(c) PRIORITIZATION.—In carrying out demonstration and development activities under this section, the Secretary shall prioritize projects—

“(1) for the benefit of drought-stricken States and communities;

“(2) for the benefit of States that have authorized funding for research and development of desalination technologies and projects;

“(3) that can reduce reliance on imported water supplies that have an impact on species listed under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) and

“(4) that demonstrably leverage the experience of international partners with considerable expertise in desalination, such as the State of Israel.

“(d) WATER PRODUCTION.—The Secretary shall provide, as part of the annual budget submission to Congress, an estimate of how much water has been produced and delivered in the past fiscal year using processes and facilities developed or demonstrated using assistance provided under sections 3 and 4. This submission shall include, to the extent practicable, available information on a detailed water accounting by process and facility and the cost per acre foot of water produced and delivered.

SEC. 5. AVAILABILITY OF INFORMATION.

All information from studies sponsored or funded under authority of this Act shall be considered public information.

SEC. 6. TECHNICAL AND ADMINISTRATIVE ASSISTANCE.

The Secretary may—

“(1) accept technical and administrative assistance from States and public or private agencies in connection with studies, surveys, location, construction, operation, and other work relating to the desalting of water, and

“(2) enter into contracts or agreements stating the purpose for which the assistance is contributed and providing for the sharing of costs between the Secretary and any such agency.

SEC. 7. COST SHARING.

“The Federal share of the cost of a research, study, or demonstration project or a desalination development project or activity carried out under this Act shall not exceed 50 percent of the total cost of the project or research or study activity. A Federal contribution in excess of 25 percent for a project carried out under this Act may not be made unless the Secretary determines that the project is not feasible without such increased Federal contribution. The Secretary shall prescribe appropriate procedures to implement the provisions of this section. Costs of operation, maintenance, repair, and rehabilitation of facilities funded under the authority of this Act shall be non-Federal responsibilities.

SEC. 8. AUTHORIZATION OF APPROPRIATIONS.

“(a) Section 3.—There are authorized to be appropriated to carry out section 3 of this Act $5,000,000 per year for fiscal years 1997 through 2021. Of these amounts, up to $1,000,000 in each fiscal year may be awarded to institutions of higher education, including the United States-Mexico binational research foundations and interuniversity research programs established by the two countries, for research grants without any cost-sharing requirement.

“(b) Section 4.—There are authorized to be appropriated to carry out section 4 of this Act $20,000,000 for each of fiscal years 2022 through 2026, in addition to the authorization of appropriations for projects in section 4(a)(2)(F).

SEC. 9. CONSULTATION AND COORDINATION.

“(a) CONSULTATION.—In carrying out the provisions of this Act, the Secretary shall consult with the heads of other Federal agencies, including the Secretary of the Army, which have experience in conducting desalination research or operating desalination facilities.

“(b) COORDINATION OF FEDERAL DESALINATION RESEARCH AND DEVELOPMENT.—The White House Office of Science and Technology Policy shall develop a coordinated strategic plan that—

“(1) establishes priorities for future Federal investments in desalination;

“(2) coordinates the activities of Federal agencies involved in desalination, including the Bureau of Reclamation, the Corps of Engineers, the United States Army Tank Automotive Research, Development and Engineering Center, the National Science Foundation, the Office of Naval Research of the Department of Defense, the National Laboratories of the Department of Energy, the United States Geological Survey, the Environmental Protection Agency, and the National Oceanic and Atmospheric Administration;

“(3) strengthens research and development cooperation with international partners, such as the State of Israel, in the area of desalination technology; and

“(4) promotes public-private partnerships to develop a framework for assessing needs for, and to optimize siting and design of, future ocean desalination projects.

“(c) OTHER DESALINATION PROGRAMS.—The authorization provided for in this Act shall not prohibit other agencies from carrying out separately authorized programs for desalination research or operations.

OGALLALA AQUIFER

“(a) The Congress finds that—

“(1) the Ogallala aquifer lies beneath, and provides needed water supplies to, the 8 States of the High Plains Region; Colorado, Kansas, Nebraska, New Mexico, Oklahoma, South Dakota, Texas, and Wyoming; “(2) the High Plains region has become an important source of agricultural commodities and livestock for domestic and international markets, providing 15 percent of the Nation’s supply of wheat, corn, feed grains, sorghum, and cotton, plus 38 percent of the value of livestock raised in the United States; and

“(3) annual precipitation in the High Plains region ranges from 15 to 22 inches, providing inadequate supplies of surface water and recharging of the Ogallala aquifer needed to sustain the agricultural productivity and economic vitality of the High Plains region.

“(b) It is, therefore, the purpose of this section to establish a comprehensive research and development program to assist those portions of the High Plains region dependent on water from the Ogallala aquifer to—

“(1) plan for the development of an adequate supply of water for the region; and

“(2) develop and provide information and technical assistance concerning water-conservation management practices to agricultural producers in the region; and

“(3) examine alternatives for the development of an adequate supply of water for the region; and
"(4) develop water-conservation management practices which are efficient for agricultural producers in the region.

"The Water Resources Research Act [of 1984] (Public Law 98–242) [see Short Title note above] is amended by adding at the end thereof the following new title:

"TITLE III—OAGALLALA AQUIFER RESEARCH AND DEVELOPMENT

"Sec. 301. (a) There is hereby established the High Plains Study Council composed of:

"(1) the Governor of each State of the High Plains region (defined for the purposes of this title as the States of Colorado, Kansas, Nebraska, New Mexico, Oklahoma, South Dakota, Texas, and Wyoming and referred to hereinafter in this title as the "High Plains region"), or a designee of the Governor;

"(2) a representative of the Secretary;

"(3) a representative of the Department of Agriculture; and

"(4) a representative of the Secretary.

"(b) The Council established pursuant to this section shall—

"(1) review research work being performed by each State committee established under section 302 of this Act; and

"(2) coordinate such research efforts to avoid duplication of research and to assist in the development of research plans within each State of the High Plains region that will benefit the research needs of the entire region.

"Sec. 302. (a) The Secretary shall establish within each State of the High Plains region an Ogallala aquifer technical advisory committee (hereinafter in this title referred to as the "State committee"), each State committee shall be composed of no more than seven members, including—

"(1) a representative of the United States Department of Agriculture;

"(2) a representative of the Secretary; and

"(3) at the appointment of the Governor of the State, five representatives from agencies of that State having jurisdiction over water resources, the agricultural community, the State Water Research Institute (as designated under this Act [see Short Title note above]), and others with a special interest or expertise in water resources.

"(b) The State committee established pursuant to subsection (a) of this section shall—

"(1) review existing State laws and institutions concerning water management and, where appropriate, recommend changes to improve or expand local management capabilities and more efficiently use the waters of such State, if such a review is not already being undertaken by the State;

"(2) establish, in coordination with other State committees, State priorities for research and demonstration projects involving water resources; and

"(3) provide public information, education, extension, and technical assistance on the need for water conservation and information on proven and effective water management.

"(c) Each State committee established pursuant to this section shall elect a chairman, and shall meet at least once every three months at the call of the chairman, unless the chairman determines, after consultation with a majority of the members of the committee, that such a meeting is not necessary to achieve the purposes of this section.

"Sec. 303. The Secretary shall annually allocate among the States of the High Plains region funds authorized to be appropriated for this section for research in—

"(1) water-use efficiency;

"(2) cultural methods;

"(3) irrigation technologies;

"(4) water-efficient crops; and

"(5) water and soil conservation.

"Funds distributed under this section shall be allocated to each State committee for use by institutions of higher education within each State. To qualify for funds under this section an institution of higher education shall submit a proposal to the State committee describing the costs, methods, and goals of the proposed research. Proposals shall be selected by the State committee on the basis of merit.

"Sec. 304. The Secretary shall annually divide funds authorized to be appropriated under this section among the States of the High Plains region for research into—

"(1) precipitation management;

"(2) weather modification;

"(3) aquifer recharge opportunities;

"(4) saline water uses;

"(5) desalinization technologies;

"(6) salt tolerant crops; and

"(7) ground water recovery.

"Funds distributed under this section shall be allocated by the Secretary to the State committee for distribution to institutions of higher education within such State. To qualify for a grant under this section, an institution of higher education shall submit a research proposal to the State committee describing the costs, methods, and goals of the proposed research. Proposals shall be selected by the State committee on the basis of merit.

"Sec. 305. The Secretary shall annually allocate among the States of the High Plains region funds authorized under this section for grants to farmers for demonstration projects for—

"(1) water-efficient irrigation technologies and practices;

"(2) soil and water conservation management systems; and

"(3) the growing and marketing of more water-efficient crops.

"Grants under this section shall be made by each State committee in amounts not to exceed 85 percent of the cost of each demonstration project. To qualify for a grant under this section, a farmer shall submit a proposal to the State committee describing the costs, methods, and goals of the proposed project. Proposals shall be selected by the State committee on the basis of merit. Each State committee shall monitor each demonstration project to assure proper implementation and make and the results of the project available to other State committees.

"Sec. 306. The Secretary, acting through the United States Geological Survey and in cooperation with the States of the High Plains region, is authorized and directed to monitor the levels of the Ogallala aquifer, and report biennially to Congress. [As amended Pub. L. 104–66, title I, §1062(a)(1), Dec. 21, 1995, 109 Stat. 721.]

"Sec. 307. The amount of any allocation of funds to a State under this title shall not exceed 75 percent of the cost of carrying out the purposes for which the grant is made.

"Sec. 308. Not later than one year after the date of enactment of this title [Nov. 17, 1986], and at intervals of 2 years thereafter, the Secretary shall prepare and transmit to the Congress a report on activities undertaken under this title. [As amended Pub. L. 104–66, title I, §1062(a)(2), Dec. 21, 1995, 109 Stat. 721.]

"Sec. 309. (a) For each of the fiscal years ending September 30, 1987, through September 30, 1995, the following sums are authorized to be appropriated to the Secretary to implement the following sections of this title, and such sums shall remain available until expended:

"(1) $600,000 for the purposes of section 302;

"(2) $4,300,000 for the purposes of section 303;

"(3) $2,300,000 for the purposes of section 304; and

"(4) $5,300,000 for the purposes of section 305; and

"(5) $600,000 for the purposes of section 306.

§ 10302. Congressional declaration of purpose

It is the purpose of this chapter to assist the Nation and the States in augmenting their water resources science and technology as a way to—

1. assure supplies of water sufficient in quantity and quality to meet the Nation's expanding needs for the production of food, materials, and energy;

2. discover practical solutions to the Nation's water and water resources related problems, particularly those problems related to impaired water quality;

3. assure the protection and enhancement of environmental and social values in connection with water resources management and utilization;

4. promote the interest of State and local governments as well as private industry in research and the development of technology that will reclaim waste water and to convert saline and other impaired waters to waters suitable for municipal, industrial, agricultural, recreational, and other beneficial uses;

5. promote more effective coordination of the Nation's water resources research program;

6. promote the development of a cadre of trained research scientists, engineers, and technicians for future water resources problems; and

7. encourage long-term planning and research to meet future water management, quality, and supply challenges.

§ 10303 Water resources research and technology institutes

(a) Establishment; designation of site by State legislature or Governor

Subject to the approval of the Secretary of the Interior (hereafter in this chapter referred to as the “Secretary”) under this section, one water resources research and technology institute, center, or equivalent agency (hereafter in this chapter referred to as the “institute”) may be established in each State (as used in this chapter, the term “State” includes the Commonwealth of Puerto Rico, the District of Columbia, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Mariana Islands and the Federated States of Micronesia) at a college or university which was established in accordance with the Act approved July 2, 1862 (12 Stat. 503) [7 U.S.C. 301 et seq.], or at some other institution designated by act of the legislature of the State concerned. If there is more than one such college or university in a State established in accordance with such Act of July 2, 1862, the institute in such State shall, in the absence of a designation to the contrary by act of the legislature of the State, be established at the one such college or university designated by the Governor of the State. Two or more States may cooperate in the establishment of a single institute or regional institute, in which event the sums otherwise allocated to institutes in each of the cooperating States shall be paid to such single or regional institute.

(b) Scope of research; other activities; cooperation and coordination

Each institute shall—

(1) plan, conduct, or otherwise arrange for competent applied and peer reviewed research that fosters—

(A) improvements in water supply reliability;

(B) the exploration of new ideas that—

(i) address water problems; or

(ii) expand understanding of water and water-related phenomena;

(C) the entry of new research scientists, engineers, and technicians into water resources fields; and

(D) the dissemination of research results to water managers and the public.¹

(2) cooperate closely with other colleges and universities in the State that have demonstrated capabilities for research, information dissemination, and graduate training in order to develop a statewide program designed to resolve State and regional water and related land problems.

Each institute shall also cooperate closely with other institutes and other organizations in the region to increase the effectiveness of the institutes and for the purpose of promoting regional coordination.

(c) Grants; matching funds

From the sums appropriated pursuant to subsection (f) of this section, the Secretary shall make grants to each institute to be matched on a basis of no less than 2 non-Federal dollars for every 1 Federal dollar, such sums to be used only for the reimbursement of the direct cost expenditures incurred for the conduct of the water resources research program.

(d) Submission and approval of water research program; requisite assurances

Prior to and as a condition of the receipt each fiscal year of funds appropriated under subsection (f) of this section, each institute shall submit to the Secretary for his approval a water research program that includes assurances satisfactory to the Secretary, that such program was developed in close consultation and collaboration with the director of that State’s department of water resources or similar agency, other leading water resources officials within the State, and interested members of the public. The program described in the preceding sentence shall include plans to promote research, training, information dissemination, and other activities meeting the needs of the State and Nation, and shall encourage regional cooperation among institutes in research into areas of water management, development, and conservation that have a regional or national character.

(e) Evaluation of water resources research program

The Secretary shall conduct a careful and detailed evaluation of each institute at least once every 3 years to determine that the quality and relevance of its water resources research and its effectiveness at producing measured results and applied water supply research as an institution for planning, conducting, and arranging for research warrants its continued support under this section. If, as a result of any such evaluation, the Secretary determines that an institute does not qualify for further support under this section, then no further grants to the institute may be made until the institute’s qualifications are reestablished to the satisfaction of the Secretary.

(f) Authorization of appropriations in general

(1) There is authorized to be appropriated to carry out this section, to remain available until expended, $12,000,000 for each of fiscal years 2007 through 2011.

(2) Any sums appropriated under this subsection but which fail to be obligated by the close of the fiscal year for which they were appropriated shall be transferred by the Secretary

¹ So in original. The period probably should be “... and”.

References in Text

This chapter, referred to in text, was in the original “this Act”, meaning Pub. L. 98–242, Mar. 22, 1984, 98 Stat. 97, known as the Water Resources Research Act of 1984, for complete classification of this Act to the Code, see Short Title note set out under section 10301 of this title and Tables.

Amendments

1996—Par. (5), Pub. L. 104–147, § 2(1), struck out “to” before “promote” and “and” after “program;”.

Par. (6), Pub. L. 104–147, § 2(2), substituted “; and” for period at end.

Par. (7), Pub. L. 104–147, § 2(3), added par. (7).

1990—Par. (5), Pub. L. 101–397 substituted “to promote effective”.
and available for obligation during the succeeding fiscal year under the terms of subsection (g) of this section.

(g) Additional appropriations where research focused on water problems of interstate nature

(1) There is further authorized to be appropriated to the Secretary of the Interior the sum of $6,000,000 for each of fiscal years 2007 through 2011 only for reimbursement of the direct cost expenses of additional research or synthesis of the results of research by institutes which focuses on water problems and issues of a regional or interstate nature beyond those of concern only to a single State and which relate to specific program priorities identified jointly by the Secretary and the institutes. Such funds when appropriated shall be matched on a not less than dollar-for-dollar basis by funds made available to institutes or groups of institutes, by States or other non-Federal sources. Funds made available under this subsection shall remain available until expended.

(2) Research funds made available under this subsection shall be made on a competitive basis subject to the merit of the proposal, the need for the information to be produced, and the opportunity such funds will provide for training of water resources scientists or professionals.

(h) Coordination

(1) In general

To carry out this chapter, the Secretary—

(A) shall encourage other Federal departments, agencies (including agencies within the Department of the Interior), and instrumentalities to use and take advantage of the expertise and capabilities that are available through the institutes established by this section, on a cooperative or other basis;

(B) shall encourage cooperation and coordination with other Federal programs concerned with water resources problems and issues;

(C) may enter into contracts, cooperative agreements, and other transactions without regard to section 6101 of title 41;

(D) may accept funds from other Federal departments, agencies (including agencies within the Department of the Interior), and instrumentalities to pay for and add to grants made, and contracts entered into, by the Secretary;

(E) may promulgate such regulations as the Secretary considers appropriate; and

(F) may support a program of internships for qualified individuals at the undergraduate and graduate levels to carry out the educational and training objectives of this chapter.

(2) Reports

The Secretary shall report to Congress annually on coordination efforts with other Federal departments, agencies, and instrumentalities under paragraph (1). As part of the annual budget submission to Congress, the Secretary shall also provide a crosscut budget detailing the expenditures on activities listed under subsection (a)(1) and a report which details the level of applied research and the results of the activities authorized by this chapter, including potential and actual—

(A) increases in annual water supplies;

(B) increases in annual water yields;

(C) advances in water infrastructure and water quality improvements; and

(D) methods for identifying, and determining the effectiveness of, treatment technologies and efficiencies.

(3) Relationship to State rights

Nothing in this chapter shall preempt the rights and authorities of any State with respect to its water resources or management of those resources.

References in Text

This chapter, referred to in subsecs. (a) and (h), was in the original “this Act”, meaning Pub. L. 98–242, Mar. 22, 1984, 98 Stat. 97, known as the Water Resources Research Act of 1984, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 10301 of this title and Tables.

Act approved July 2, 1862, referred to in subsec. (a), is act July 2, 1862, ch. 139, 12 Stat. 303, popularly known as the “Morrill Act”; and also as the “First Morrill Act”, which is classified generally to subchapter I (§301 et seq.) of chapter 13 of Title 7, Agriculture. For complete classification of this Act to the Code, see Short Title note set out under section 10301 of Title 7 and Tables.

Codification

Amendments

2007—Subsec. (b)(1). Pub. L. 109–471, §2(a), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “plan, conduct, or otherwise arrange for competent research that fosters (A) the entry of new research scientists into the water resources fields, (B) the training and education of future water scientists, engineers, and technicians, (C) the preliminary exploration of new ideas that address water problems or expand understanding of water and water-related phenomena, and (D) the dissemination of research results to water managers and the public, and”.

Subsec. (e). Pub. L. 109–471, §2(b), substituted “3” for “5” and inserted “at producing measured results and applied water supply research” after “effectiveness”.

Subsec. (f)(1). Pub. L. 109–471, §2(c), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “For the purpose of carrying out this section, there is authorized to be appropriated to the Secretary the sum of $9,000,000 for fiscal year 2001, $10,000,000 for each of fiscal years 2002 and 2003, and $12,000,000 for each of fiscal years 2004 and 2005, such sums to remain available until expended.”

Subsec. (g)(1). Pub. L. 109–471, §2(d), substituted “$6,000,000 for each of fiscal years 2007 through 2011” for “$3,000,000 for fiscal year 2001, $4,000,000 for each of fiscal years 2002 and 2003, and $6,000,000 for each of fiscal years 2004 and 2005”.

Subsec. (h)(2). Pub. L. 109–471, §2(e), substituted “Reports” for “Report” in heading and inserted after first sentence “As part of the annual budget submission to Congress, the Secretary shall also provide a crosscut budget detailing the expenditures on activities listed
under subsection (a)(1) and a report which details the level of applied research and the results of the activities authorized by this chapter, including potential and actual benefits and subparts (A) to (D).

2000—Subsec. (f)(1). Pub. L. 106–374, § 1, substituted “$9,000,000 for fiscal year 2001, $10,000,000 for each of fiscal years 2002 and 2003, and $12,000,000 for each of fiscal years 2004 and 2005” for “$8,000,000 for fiscal year 2001, $4,000,000 for each of fiscal years 1997 and 1998, and $9,000,000 for each of fiscal years 1999 and 2000”.

Subsec. (g)(1). Pub. L. 106–374, § 2, in first sentence, substituted “$1,000,000 for fiscal year 2001, $4,000,000 for each of fiscal years 2002 and 2003, and $6,000,000 for each of fiscal years 2004 and 2005” for “$3,000,000 for each of fiscal years 1996 through 2000”.

1996—Subsec. (c). Pub. L. 104–147, § 3, substituted “2 non-Federal dollars for every 1 Federal dollar” for “one non-Federal dollar for every Federal dollar during the fiscal years ending September 30, 1985, and September 30, 1986, and two non-Federal dollars for each Federal dollar during the fiscal years ending September 30, 1987, and September 30, 1988, and two non-Federal dollars for each Federal dollar during the fiscal year ending September 30, 1989 and thereafter”. Subsec. (f)(1). Pub. L. 104–147, § 4, substituted “of $5,000,000,000 for each fiscal year 1996, $7,000,000,000 for each of fiscal years 1997 and 1998, and $9,000,000,000 for each of fiscal years 1999 and 2000” for “of $10,000,000,000 for each of the fiscal years ending September 30, 1989, through September 30, 1995”.

Subsec. (g)(1). Pub. L. 104–147, § 5, substituted “of $5,000,000,000 for each of fiscal years 1996 through 2000” for “of $5,000,000,000 for each of the fiscal years 1991, 1992, 1993, 1994, and 1995”.

Subsec. (b). Pub. L. 101–397, § 1(c), inserted “promoting” after “for the purpose of” in last sentence.

Subsec. (b)(1). Pub. L. 101–397, § 1(d), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “plan, conduct, or otherwise arrange for competent research with respect to water resources, including investigations and experiments of either a basic or practical nature, or both; promote the dissemination and application of the results of these efforts; and provide for the training of scientists and engineers through such research, investigations, and experiments, and”.

Subsec. (c). Pub. L. 101–397, § 1(e), substituted for period at end “and thereafter, such sums to be used only for the reimbursement of the direct cost expenditures incurred for the conduct of the water resources research program.”

Subsec. (e). Pub. L. 101–397, § 1(f), amended subsec. (e) generally, substituting provisions directing that evaluation be conducted at least once every 5 years for provisions directing evaluation within two years after establishment of institute and at least once every four years thereafter and striking out provisions relating to the importance of the project and the extent to which it will provide an opportunity for the training of water resource-related problems deemed to be in national interest

(a) Grants; matching funds

(1) In addition to the grants authorized by section 10303 of this title, the Secretary is authorized to make grants, on a dollar-for-dollar matching basis, to the institutes established under such section, as well as other qualified educational institutions, private foundations, private firms, individuals, and agencies of local or State government for research concerning any aspect of a water resource-related problem which the Secretary may deem to be in the national interest. Such grants shall be made with such advice and review by peer or other expert groups of appropriate interdisciplinary composition as the Secretary deems appropriate on the basis of the merits of the project and the need for the knowledge such project is expected to produce upon completion.

(2) Research funded under this section should be to the extent possible utilize the best qualified graduate students so that the Nation benefits from the education and training benefits resulting from the use of the latest in technological developments in solving water problems.

(b) Applications for grants

Each application for a grant under this section shall state the nature of the project to be undertaken, the period during which it will be pursued, the qualifications of the personnel who will direct and conduct it, the importance of the project to the Nation as well as to the region and State concerned, its relation to other research projects previously or currently being pursued, and the extent to which it will provide an opportunity for the training of water resources scientists.

(c) Authorization of appropriations

There is authorized to be appropriated to the Secretary the sum of $10,000,000 for the purpose of carrying out this section for each of the fiscal years ending September 30, 1985, through September 30, 1995, such sums to remain available until expended.

§ 10305

Development of water-related technology

(a) Grants; matching funds

(1) The Secretary shall make grants in addition to those authorized under sections 10303 and 10304 of this title for technology development concerning any aspect of water resources including water-related technology which the Secretary may deem to be of State, regional, or national importance. Activities funded under this section may be carried out by educational institutions, private firms, foundations, individuals, or agencies of State or local government. Care shall be taken to protect proprietary information of private individuals or firms associated with the technology.

(2) The Secretary may establish any condition for the matching of funds by the recipient of any grant or contract under this section which the Secretary considers to be in the best interest of the Nation concerning the information transfer and technology needs of the Nation. However, in the case of institutes established by section 10303 of this title no match greater than that required under section 10303 of this title may be required.

(b) Applications for grants

Each application for a grant under this section shall state the nature of the project to be undertaken, the qualifications of the personnel who will direct and conduct it, facilities of the organization performing any technology development, the importance of the project to the Nation, region, and State concerned, and the potential benefit to be accrued.

(c) Authorization of appropriations

There is authorized to be appropriated to the Secretary the sum of $6,000,000 for the purpose of carrying out this section for each of the fiscal years ending September 30, 1990, through September 30, 1995; such sums to remain available until expended.

§ 10306. Administrative costs

From the sums appropriated pursuant to this chapter, not more than 7.5 per centum shall be utilized for administrative costs.

§ 10307. Types of research and development

The type of research and development to be undertaken under the authority of sections 10304 and 10305 of this title and to be encouraged by the institutes established under section 10303 of this title shall include the following:

(1) Aspects of the hydrologic cycle;

(2) Supply and demand for water;

(3) Demineralization of saline and other impaired waters;

(4) Conservation and best use of available supplies of water and methods of increasing such supplies;

(5) Water reuse;

(6) Depletion, contamination, and degradation of groundwater supplies;

(7) Improvements in the productivity of water when used for agricultural, municipal, and commercial purposes;

(8) The economic, legal, engineering, social, recreational, biological, geographic, ecological, and other aspects of water quality and quantity problems;

(9) Scientific information dissemination activities, including identifying, assembling, and interpreting the results of scientific and engineering research on water resources problems; and

(10) Providing means for improved communication of research results, having due regard for the varying conditions and needs for the respective States and regions.

§ 10308. Patent policy

Notwithstanding any other provision of law, the Secretary shall be governed by the provisions of sections 5908 (except subsections (l) and (n)) and 5909 of this title with respect to patent policy and to the definition of title to and li-
licensing of inventions made or conceived in the course of work performed, or under any contract or grant made, pursuant to this chapter. Subject to such patent policy, all research or development contracted for, sponsored, cosponsored, or authorized under authority of this chapter shall be provided in such manner that all information, data, and know-how, regardless of their nature or mediums, resulting from such research and development shall (with such exceptions and limitations, if any, as the Secretary may find to be necessary in the interest of national defense) be usefully available for practice by the general public.

REFERENCES IN TEXT
This chapter, referred to in text, was in the original ‘‘this Act’, meaning Pub. L. 98–242, Mar. 22, 1984, 98 Stat. 97, known as the Water Resources Research Act of 1984, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 10301 of this title and Tables.

§10309. New spending authority; amounts provided in advance
Any new spending authority described in subsection (c)(2)(A) or (B) of section 651 of title 2 which is provided under this chapter shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance in appropriations Acts.

REFERENCES IN TEXT
Section 651 of title 2, referred to in text, was amended by Pub. L. 106–13, title X, §10116(a)(3), (5), Aug. 5, 1999, 113 Stat. 691, by striking out subsec. (c) and redesignating former subsec. (d) as (c).

This chapter, referred to in text, was in the original ‘‘this Act’, meaning Pub. L. 98–242, Mar. 22, 1984, 98 Stat. 97, known as the Water Resources Research Act of 1984, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 10301 of this title and Tables.

§10310. Produced water research and development
(a) Establishment
As soon as possible after December 27, 2020, the Secretary of Energy (in this section referred to as the ‘‘Secretary’’) shall establish a research and development program on produced water to develop—

(1) new technologies and practices to reduce the environmental impact; and

(2) opportunities for reprocessing of produced water at natural gas or oil development sites.

(b) Prioritization
In carrying out the program established under subsection (a), the Secretary shall give priority to projects that develop and bring to market—

(1) effective systems for on-site management or repurposing of produced water; and

(2) new technologies or approaches to reduce the environmental impact of produced water on local water sources and the environment.

(c) Conduct of program
In carrying out the program established under subsection (a), the Secretary shall carry out science-based research and development activities to pursue—

(1) improved efficiency, technologies, and techniques for produced water recycling stations; and

(2) alternative approaches to treating, reusing, storing, or decontaminating produced water.

(d) Authorization of appropriations
There are authorized to be appropriated to carry out this section $10,000,000 for each of fiscal years 2021 through 2025.

CODIFICATION
Section was enacted as part of the Energy Act of 2020, and not as part of the Water Resources Research Act of 1984 which comprises this chapter.

CHAPTER 109A—MEMBRANE PROCESSES

RESEARCH

Sec. 10341. Findings.

10342. Research program.

10343. Goals of research program.

10344. Coordination with other research.

10345. Authorization of appropriations.

§10341. Findings
The Congress finds that—

(1) there is an increasing threat of impairment to the quantity and quality of the Nation’s water resources due to, among other things, growing national needs, recurring drought in the Western States, point and nonpoint source pollution, and saltwater intrusion into existing groundwater supplies;

(2) many communities in the United States have water supplies containing high salinity levels or contaminants which pose health risks;

(3) the Nation needs to develop economical processes to treat existing water supplies that are contaminated;

(4) it is necessary to provide for research into new techniques to reclaim waste water and to convert saline and other contaminated waters to a quality suitable for municipal, industrial, agricultural, recreational, and other beneficial uses;

(5) there is very little Federal funding being applied to basic research in the field of treatment of contaminated water through membrane processes; and

(6) the treatment of contaminated water through membrane processes will solve a wide variety of water treatment problems, including compliance with the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.] and the Safe Drinking Water Act [42 U.S.C. 300f et seq.].

§ 10342. Research program

The Director of the National Science Foundation shall establish a basic research program on membranes and membrane processes. Such program may be carried out through awarding grants, entering into contracts or cooperative agreements, or direct research.

§ 10343. Goals of research program

The goals of the research program established under section 10342 of this title shall be—

(1) the development of membranes resistant to degradation, bacterial or otherwise, thereby extending the life of such membranes;

(2) the development of membranes useful for the efficient and cost effective treatment of contaminated water; and

(3) the development of innovative technologies for membrane processes.

§ 10344. Coordination with other research

The research program established under section 10342 of this title shall be carried out in coordination with any other related Federal research efforts.

§ 10345. Authorization of appropriations

There are authorized to be appropriated to the Director of the National Science Foundation, from sums otherwise authorized to be appropriated, $2,500,000 for fiscal year 1993, for carrying out this chapter.

CHAPTER 109B—SECURE WATER

Sec. 10361. Findings.
10362. Definitions.
10363. Reclamation climate change and water program.
10364. Water management improvement.
10365. Hydroelectric power assessment.
10366. Climate change and water intragovernmental panel.
(A) to the understanding of the impacts of human activity on water and ecological resources; and
(B) to the assessment of whether available surface and groundwater supplies will be available to meet the future needs of the United States.

§ 10362. Definitions
In this chapter:
(1) Administrator
The term “Administrator” means the Administrator of the National Oceanic and Atmospheric Administration.

(2) Advisory Committee
The term “Advisory Committee” means the National Advisory Committee on Water Information established—
(A) under the Office of Management and Budget Circular 92–01; and
(B) to coordinate water data collection activities.

(3) Assessment program
The term “assessment program” means the water availability and use assessment program established by the Secretary under section 10368(a) of this title.

(4) Climate division
The term “climate division” means 1 of the 359 divisions in the United States that represents 2 or more regions located within a State that are as climatically homogeneous as possible, as determined by the Administrator.

(5) Commissioner
The term “Commissioner” means the Commissioner of Reclamation.

(6) Director
The term “Director” means the Director of the United States Geological Survey.

(7) Eligible applicant
The term “eligible applicant” means—
(A) any State, Indian tribe, irrigation district, or water district;
(B) any State, regional, or local authority, the members of which include 1 or more organizations with water or power delivery authority;
(C) any other organization with water or power delivery authority; and
(D) any nonprofit conservation organization, if—
(i) the nonprofit conservation organization is acting in partnership with and with the agreement of an entity described in subparagraph (A), (B), or (C); or
(ii) in the case of an application for a project to improve the condition of a natural feature or nature-based feature on Federal land, the entities described in subparagraph (A), (B), or (C) from the applicable service area have been notified of the project application and there is no written objection to the project.

(8) Federal Power Marketing Administration
The term “Federal Power Marketing Administration” means—
(A) the Bonneville Power Administration;
(B) the Southeastern Power Administration;
(C) the Southwestern Power Administration; and
(D) the Western Area Power Administration.

(9) Hydrologic accounting unit
The term “hydrologic accounting unit” means 1 of the 352 river basin hydrologic accounting units used by the United States Geological Survey.

(10) Indian tribe
The term “Indian tribe” has the meaning given the term in section 5304 of title 25.

(11) Major aquifer system
The term “major aquifer system” means a groundwater system that is—
(A) identified as a significant groundwater system by the Director; and
(B) included in the Groundwater Atlas of the United States, published by the United States Geological Survey.

(12) Major reclamation river basin
(A) In general
The term “major reclamation river basin” means each major river system (including tributaries)—
(i) that is located in a service area of the Bureau of Reclamation; and
(ii) at which is located a federally authorized project of the Bureau of Reclamation.

(B) Inclusions
The term “major reclamation river basin” includes—
(i) the Colorado River;
(ii) the Columbia River;
(iii) the Klamath River;
(iv) the Missouri River;
(v) the Rio Grande;
(vi) the Sacramento River;
(vii) the San Joaquin River; and
(viii) the Truckee River.

(13) Natural feature
The term “natural feature” means a feature that is created through the action of physical, geological, biological, and chemical processes over time.

(14) Nature-based feature
The term “nature-based feature” means a feature that is created by human design, engineering, and construction to provide a means to reduce water supply and demand imbalances or drought or flood risk by acting in concert with natural processes.

(15) Non-Federal participant
The term “non-Federal participant” means—
(A) a State, regional, or local authority;
(B) an Indian tribe or tribal organization; or
(C) any other qualifying entity, such as a water conservation district, water conservancy district, or rural water district or as-
§ 10363

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 7562

The term “adaptation program” means the regional integrated sciences and assessments program—
(A) established by the Administrator; and
(B) that is comprised of 8 regional programs that use advances in integrated climate sciences to assist decisionmaking processes.

(18) Secretary

(A) In general

Except as provided in subparagraph (B), the term “Secretary” means the Secretary of the Interior.

(B) Exceptions

The term “Secretary” means—
(i) in the case of sections 10363, 10364, and 10369 of this title, the Secretary of the Interior (acting through the Commissioner); and
(ii) in the case of sections 10367 and 10368 of this title, the Secretary of the Interior (acting through the Director).

(19) Service area

The term “service area” means any area that encompasses a watershed that contains a federally authorized reclamation project that is located in any State or area described in section 391 of title 43.

AMENDMENTS

Par. (7). Pub. L. 116–260, § 1106(a)(2), added par. (7) and struck out former par. (7). Prior to amendment, text read as follows: “The term ‘eligible applicant’ means any State, Indian tribe, irrigation district, water district, or other organization with water or power delivery authority.”

Pars. (13) to (19). Pub. L. 116–260, § 1106(a)(4), (5), added pars. (13) and (14) and redesignated former pars. (13) to (17) as (15) to (19).

§ 10363. Reclamation climate change and water program

(a) In general

The Secretary shall establish a climate change adaptation program—
(1) to coordinate with the Administrator and other appropriate agencies to assess each effect of, and risk resulting from, global climate change with respect to the quantity of water resources located in a service area; and
(2) to ensure, to the maximum extent possible, that strategies are developed at watershed and aquifer system scales to address potential water shortages, conflicts, and other impacts to water users located at, and the environment of, each service area.

(b) Required elements

In carrying out the program described in subsection (a), the Secretary shall—
(1) coordinate with the United States Geological Survey, the National Oceanic and Atmospheric Administration, the program, and each appropriate State water resource agency, to ensure that the Secretary has access to the best available scientific information with respect to presently observed and projected future impacts of global climate change on water resources;
(2) assess specific risks to the water supply of each major reclamation river basin, including any risk relating to—
(A) a change in snowpack;
(B) changes in the timing and quantity of runoff;
(C) changes in groundwater recharge and discharge; and
(D) any increase in—
(i) the demand for water as a result of increasing temperatures; and
(ii) the rate of reservoir evaporation;
(3) with respect to each major reclamation river basin, analyze the extent to which changes in the water supply of the United States will impact—
(A) the ability of the Secretary to deliver water to the contractors of the Secretary;
(B) hydroelectric power generation facilities;
(C) recreation at reclamation facilities;
(D) fish and wildlife habitat;
(E) applicable species listed as an endangered, threatened, or candidate species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.);
(F) water quality issues (including salinity levels of each major reclamation river basin);
(G) flow and water dependent ecological resiliency; and
(H) flood control management;
(4) in consultation with appropriate non-Federal participants, consider and develop appropriate strategies to mitigate each impact of water supply changes analyzed by the Secretary under paragraph (3), including strategies relating to—
(A) the modification of any reservoir storage or operating guideline in existence as of March 30, 2009;
(B) the development of new water management, operating, or habitat restoration plans;
(C) water conservation;
(D) improved hydrologic models and other decision support systems; and
(E) groundwater and surface water storage needs; and
(5) in consultation with the Director, the Administrator, the Secretary of Agriculture (acting through the Chief of the Natural Resources Conservation Service), and applicable State water resource agencies, develop a monitoring
plan to acquire and maintain water resources data—
(A) to strengthen the understanding of water supply trends; and
(B) to assist in each assessment and analysis conducted by the Secretary under paragraphs (2) and (3).

c) Reporting
Not later than 2 years after March 30, 2009, and every 5 years thereafter, the Secretary shall submit to the appropriate committees of Congress a report that describes—
(1) each effect of, and risk resulting from, global climate change with respect to the quantity of water resources located in each major reclamation river basin;
(2) the impact of global climate change with respect to the operations of the Secretary in each major reclamation river basin;
(3) each mitigation and adaptation strategy considered and implemented by the Secretary to address each effect of global climate change described in paragraph (1);
(4) each coordination activity conducted by the Secretary with—
(A) the Director;
(B) the Administrator;
(C) the Secretary of Agriculture (acting through the Chief of the Natural Resources Conservation Service); or
(D) any appropriate State water resource agency; and
(5) the implementation by the Secretary of the monitoring plan developed under subsection (b)(5).

d) Feasibility studies
(1) Authority of Secretary
The Secretary, in cooperation with any non-Federal participant, may conduct 1 or more studies to determine the feasibility and impact on ecological resiliency of implementing each mitigation and adaptation strategy described in subsection (c)(3), including the construction of any water supply, water management, environmental, or habitat enhancement water infrastructure that the Secretary determines to be necessary to address the effects of global climate change on water resources located in each major reclamation river basin.

(2) Cost sharing
(A) Federal share
(i) In general
Except as provided in clause (ii), the Federal share of the cost of a study described in paragraph (1) shall not exceed 50 percent of the cost of the study.

(ii) Exception relating to financial hardship
The Secretary may increase the Federal share of the cost of a study described in paragraph (1) to exceed 50 percent of the cost of the study if the Secretary determines that, due to a financial hardship, the non-Federal participant of the study is unable to contribute an amount equal to 50 percent of the cost of the study.

(B) Non-Federal share
The non-Federal share of the cost of a study described in paragraph (1) may be provided in the form of any in-kind services that substantially contribute toward the completion of the study, as determined by the Secretary.

e) No effect on existing authority
Nothing in this section amends or otherwise affects any existing authority under reclamation laws that govern the operation of any Federal reclamation project.

(2) Authorization of appropriations
There are authorized to be appropriated such sums as are necessary to carry out this section for each of fiscal years 2009 through 2023, to remain available until expended.

§ 10364. Water management improvement

(a) Authorization of grants and cooperative agreements

(1) Authority of Secretary
The Secretary may provide any grant to, or enter into an agreement with, any eligible applicant to assist the eligible applicant in planning, designing, or constructing any improvement or carrying out any activity—
(A) to conserve water;
(B) to increase water use efficiency;
(C) to facilitate water markets;
(D) to enhance water management, including increasing the use of renewable energy in the management and delivery of water;
(E) to accelerate the adoption and use of advanced water treatment technologies to increase water supply;
(F) to assist States and water users in complying with interstate compacts or reducing basin water supply-demand imbalances;
(G) to achieve the prevention of the decline of species that the United States Fish and Wildlife Service and National Marine Fisheries Service have proposed for listing under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) (or candidate species that are being considered by those agencies for such listing but are not yet the subject of a proposed rule);

(H) to achieve the acceleration of the recovery of threatened species, endangered species, and designated critical habitats that are adversely affected by Federal reclamation projects or are subject to a recovery plan or conservation plan under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) under which the Commissioner of Reclamation has implementation responsibilities;

(I) to improve the condition of a natural feature; or

(J) to carry out any other activity—
(i) to address any climate-related impact to the water supply of the United States that increases ecological resiliency to the impacts of climate change;
(ii) to prevent any water-related crisis or conflict at any watershed that has a nexus to a Federal reclamation project located in a service area; or
(iii) to plan for or address the impacts of drought.

(2) Application
To be eligible to receive a grant, or enter into an agreement with the Secretary under paragraph (1), an eligible applicant shall—
(A) be located within—
(i) the States and areas referred to in section 391 of title 43;
(ii) the State of Alaska;
(iii) the State of Hawaii; or
(iv) the Commonwealth of Puerto Rico; and
(B) submit to the Secretary an application that includes—
(i) a proposal of the improvement or activity to be planned, designed, constructed, or implemented by the eligible applicant; and
(ii) for a project that is intended to have a quantifiable water savings and would receive a grant of $500,000 or more—
(I) a proposal for a monitoring plan of at least 5 years that would demonstrate ways in which the proposed improvement or activity would result in improved streamflows or aquatic habitat; or
(II) for a project that does not anticipate improved streamflows or aquatic habitat, an analysis of ways in which the proposed improvement or activity would contribute to 1 or more of the other objectives described in paragraph (1).

(3) Requirements of grants and cooperative agreements

(A) Compliance with requirements
Each grant and agreement entered into by the Secretary with any eligible applicant under paragraph (1) shall be in compliance with each requirement described in subparagraphs (B) through (F).

(B) Agricultural operations

(i) in general
Except as provided in clause (ii), in carrying out paragraph (1), the Secretary shall not provide a grant, or enter into an agreement, for an improvement to conserve irrigation water unless the Indian tribe agrees not—
(I) to use any associated water savings to increase the total irrigated acreage more than the water right of that Indian tribe, as determined by—
(aa) a court decree;
(bb) a settlement;
(cc) a law; or
(dd) any combination of the authorities described in items (aa) through (cc); or
(II) to otherwise increase the consumptive use of water more than the water right of the Indian tribe described in subclause (I).

(C) Nonreimbursable funds
Any funds provided by the Secretary to an eligible applicant through a grant or agreement under paragraph (1) shall be nonreimbursable.

(D) Title to improvements
If an infrastructure improvement to a federally owned facility is the subject of a grant or other agreement entered into between the Secretary and an eligible applicant under paragraph (1), the Federal Government shall continue to hold title to the facility and improvements to the facility.

(E) Cost sharing

(i) Federal share

(I) In general
Except as provided in subclause (II), the Federal share of the cost of any infrastructure improvement or activity that is the subject of a grant or other agreement entered into between the Secretary and an eligible applicant under paragraph (1) shall not exceed 50 percent of the cost of the infrastructure improvement or activity.

(II) Increased Federal share for certain infrastructure improvements and activities
The Federal share of the cost of an infrastructure improvement or activity shall not exceed 75 percent of the cost of the infrastructure improvement or activity, if—
(aa) the infrastructure improvement or activity was developed as part of a collaborative process by—
(AA) a watershed group (as defined in section 1015 of title 16); or
(BB) a water user and 1 or more stakeholders with diverse interests; and
(bb) the majority of the benefits of the infrastructure improvement or activity, as determined by the Secretary, are for the purpose of advancing 1 or more components of an established strategy or plan to increase the reliability of water supply for consumptive and nonconsumptive ecological values.
(ii) Calculation of non-Federal share
In calculating the non-Federal share of the cost of an infrastructure improvement or activity proposed by an eligible applicant through an application submitted by the eligible applicant under paragraph (2), the Secretary shall—
(I) consider the value of any in-kind services that substantially contributes toward the completion of the improvement or activity, as determined by the Secretary; and
(II) not consider any other amount that the eligible applicant receives from a Federal agency.

(iii) Maximum amount
The amount provided to an eligible applicant through a grant or other agreement under paragraph (1) shall be not more than $5,000,000.

(iv) Operation and maintenance costs
The non-Federal share of the cost of operating and maintaining any infrastructure improvement that is the subject of a grant or other agreement entered into between the Secretary and an eligible applicant under paragraph (1) shall be 100 percent.

(F) Liability
(i) In general
Except as provided under chapter 171 of title 28 (commonly known as the “Federal Tort Claims Act”), the United States shall not be liable for monetary damages of any kind for any injury arising out of an act, omission, or occurrence that arises in relation to any facility created or improved under this section, the title of which is not held by the United States.

(ii) Tort Claims Act
Nothing in this section increases the liability of the United States beyond that provided in chapter 171 of title 28 (commonly known as the “Federal Tort Claims Act”).

(4) Priority
In providing grants to, and entering into agreements for, projects intended to have a quantifiable water savings under this subsection, the Secretary shall give priority to projects that enhance drought resilience by benefitting the water supply and ecosystem.

(b) Research agreements
(1) Authority of Secretary
The Secretary may enter into 1 or more agreements with any university, nonprofit research institution, or eligible applicant to fund any research activity that is designed—
(A) to conserve water resources;
(B) to increase the efficiency of the use of water resources;
(C) to restore a natural feature or use a nature-based feature to reduce water supply and demand imbalances or the risk of drought or flood; or
(D) to enhance the management of water resources, including increasing the use of renewable energy in the management and delivery of water.

(2) Terms and conditions of Secretary
(A) In general
An agreement entered into between the Secretary and any university, institution, or organization described in paragraph (1) shall be subject to such terms and conditions as the Secretary determines to be appropriate.

(B) Availability
The agreements under this subsection shall be available to all Reclamation projects and programs that may benefit from project-specific or programmatic cooperative research and development.

(c) Mutual benefit
Grants or other agreements made under this section may be for the mutual benefit of the United States and the entity that is provided the grant or enters into the cooperative agreement.

(d) Relationship to project-specific authority
This section shall not supersede any existing project-specific funding authority.

(e) Authorization of appropriations
There is authorized to be appropriated to carry out this section $700,000,000, subject to the condition that $50,000,000 of that amount shall be used to carry out section 206 of the Energy and Water Development and Related Agencies Appropriations Act, 2015 (43 U.S.C. 620 note; Public Law 113–235), to remain available until expended.

AMENDMENTS
Pub. L. 116–260, § 1106(b)(1)(B), redesignated subpar. (F) as (G). Former subpar. (G) redesignated (H).
Subsec. (a)(2)(B). Pub. L. 116–260, §1106(b)(2)(B), added subpar. (B) and struck out former subpar. (B). (Which read as follows: "submit to the Secretary an application that includes a proposal of the improvement or activity to be planned, designed, constructed, or implemented by the eligible applicant.")
Subsec. (a)(3)(E)(i). Pub. L. 116–260, §1106(b)(3), added cl. (i) and struck out former cl. (i). Prior to amendment, text read as follows: "The Federal share of the cost of any infrastructure improvement or activity that is subject of a grant or other agreement entered into between the Secretary and an eligible applicant under paragraph (1) shall not exceed 50 percent of the cost of the infrastructure improvement or activity."
Subsec. (b)(1). Pub. L. 116–260, §1106(c)(1), substituted "or eligible applicant" for "or organization with water or power delivery authority" in introductory provisions.
Subsec. (b)(1)(C), (D). Pub. L. 116–260, §1106(c)(2)(A), added subpar. (C) and redesignated former subpar. (C) as (D).
Subsec. (e). Pub. L. 116–260, §1106(d), which directed substitution of "$700,000,000, subject to the condition that $50,000,000 of that amount shall be used to carry out section 206 of the Energy and Water Development and Related Agencies Appropriations Act, 2015" for "$610,000,000", was enacted by making the substitution for "$610,000,000" to reflect the probable intent of Congress and the intervening amendment by Pub. L. 116–260, §203. See below.
Pub. L. 116–260, §203, substituted "$610,000,000" for "$530,000,000".

Subsec. (a)(3)(B). Pub. L. 116–9, §850(2), designated existing provisions as cl. (i) and inserted heading, substituted "Except as provided in clause (ii), in carrying" for "In carrying" in introductory provisions, redesignated former cls. (i) and (ii) as subcls. (I) and (II), respectively, of cl. (i) and realigned margins, and added cl. (ii).
Subsec. (e). Pub. L. 116–94 substituted "$530,000,000" for "$480,000,000".

2018—Subsec. (e). Pub. L. 115–244 substituted "$480,000,000" for "$450,000,000".

2016—Subsec. (e). Pub. L. 114–322 substituted "$450,000,000" for "$350,000,000".

2015—Subsec. (e). Pub. L. 114–113 substituted "$350,000,000" for "$300,000,000".

2014—Subsec. (e). Pub. L. 113–235 substituted "$300,000,000" for "$200,000,000".

FUNDING

(Amendment of section 4009(d) of Pub. L. 114–322, set out above, by section 1106(e) of div. FF of Pub. L. 116–260 struck out before period at end "on the condition that of that amount, $50,000,000 of it is used to carry out section 206 of the Energy and Water Development and Related Agencies Appropriations Act, 2015 (43 U.S.C. 10362 note; Public Law 115–235).")

§10365. Hydroelectric power assessment

(a) Duty of Secretary of Energy

The Secretary of Energy, in consultation with the Administrator of each Federal Power Marketing Administration, shall assess each effect of, and risk resulting from, global climate change with respect to water supplies that are required for the generation of hydroelectric power at each Federal water project that is applicable to a Federal Power Marketing Administration.

(b) Access to appropriate data

(1) In general

In carrying out each assessment under subsection (a), the Secretary of Energy shall consult with the United States Geological Survey, the National Oceanic and Atmospheric Administration, the program, and each appropriate State water resource agency, to ensure that the Secretary of Energy has access to the best available scientific information with respect to presently observed impacts and projected future impacts of global climate change on water supplies that are used to produce hydroelectric power.

(2) Access to data for certain assessments

In carrying out each assessment under subsection (a), with respect to the Bonneville Power Administration and the Western Area Power Administration, the Secretary of Energy shall consult with the Commissioner to access data and other information that—

(A) is collected by the Commissioner; and

(B) the Secretary of Energy determines to be necessary for the conduct of the assessment.

(c) Report

Not later than 2 years after March 30, 2009, and every 5 years thereafter, the Secretary of Energy shall submit to the appropriate committees of Congress a report that describes—

(1) each effect of, and risk resulting from, global climate change with respect to—

(A) water supplies used for hydroelectric power generation; and

(B) power supplies marketed by each Federal Power Marketing Administration, pursuant to—

(i) long-term power contracts; (ii) contingent capacity contracts; and (iii) short-term sales; and

(2) each recommendation of the Administrator of each Federal Power Marketing Administration relating to any change in any operation or contracting practice of each Federal Power Marketing Administration to address each effect and risk described in paragraph (1), including the use of purchased power to meet long-term commitments of each Federal Power Marketing Administration.

(d) Authority

The Secretary of Energy may enter into contracts, grants, or other agreements with appropriate entities to carry out this section.
(e) Costs

(1) Nonreimbursable

Any costs incurred by the Secretary of Energy in carrying out this section shall be non-reimbursable.

(2) PMA costs

Each Federal Power Marketing Administration shall incur costs in carrying out this section only to the extent that appropriated funds are provided by the Secretary of Energy for that purpose.

(f) Authorization of appropriations

There are authorized to be appropriated such funds as are necessary to carry out this section for each of fiscal years 2009 through 2023, to remain available until expended.

§ 10366. Climate change and water intragovernmental panel

(a) Establishment

The Secretary and the Administrator shall establish and lead a climate change and water intragovernmental panel—

(1) to review the current scientific understanding of each impact of global climate change on the quantity and quality of freshwater resources of the United States; and

(2) to develop any strategy that the panel determines to be necessary to improve observational capabilities, expand data acquisition, or take other actions—

(A) to increase the reliability and accuracy of modeling and prediction systems to benefit water managers at the Federal, State, and local levels; and

(B) to increase the understanding of the impacts of climate change on aquatic ecosystems.

(b) Membership

The panel shall be comprised of—

(1) the Secretary;

(2) the Director;

(3) the Administrator;

(4) the Secretary of Agriculture (acting through the Under Secretary for Natural Resources and Environment);

(5) the Commissioner;

(6) the Secretary of the Army, acting through the Chief of Engineers;

(7) the Administrator of the Environmental Protection Agency; and

(8) the Secretary of Energy.

(c) Review elements

In conducting the review and developing the strategy under subsection (a), the panel shall consult with State water resource agencies, the Advisory Committee, drinking water utilities, water research organizations, and relevant water user, environmental, and other nongovernmental organizations—

(1) to assess the extent to which the conduct of measures of streamflow, groundwater levels, soil moisture, evapotranspiration rates, evaporation rates, snowpack levels, precipitation amounts, flood risk, and glacier mass is necessary to improve the understanding of the Federal Government and the States with respect to each impact of global climate change on water resources;

(2) to identify data gaps in current water monitoring networks that must be addressed to improve the capability of the Federal Government and the States to measure, analyze, and predict changes to the quality and quantity of water resources, including flood risks, that are directly or indirectly affected by global climate change;

(3) to establish data management and communication protocols and standards to increase the quality and efficiency by which each Federal agency acquires and reports relevant data;

(4) to consider options for the establishment of a data portal to enhance access to water resource data—

(A) relating to each nationally significant freshwater watershed and aquifer located in the United States; and

(B) that is collected by each Federal agency and any other public or private entity for each nationally significant freshwater watershed and aquifer located in the United States;

(5) to facilitate the development of hydrologic and other models to integrate data that reflects groundwater and surface water interactions; and

(6) to apply the hydrologic and other models developed under paragraph (5) to water resource management problems identified by the panel, including the need to maintain or improve ecological resiliency at watershed and aquifer system scales.

(d) Report

Not later than 2 years after March 30, 2009, the Secretary shall submit to the appropriate committees of Congress a report that describes the review conducted, and the strategy developed, by the panel under subsection (a).

(e) Demonstration, research, and methodology development projects

(1) Authority of Secretary

The Secretary, in consultation with the panel and the Advisory Committee, may provide grants to, or enter into any contract, cooperative agreement, interagency agreement, or other transaction with, an appropriate entity to carry out any demonstration, research, or methodology development project that the Secretary determines to be necessary to assist in the implementation of the strategy developed by the panel under subsection (a)(2).

(2) Requirements

(A) Maximum amount of Federal share

The Federal share of the cost of any demonstration, research, or methodology development project that is the subject of any grant, contract, cooperative agreement, interagency agreement, or other transaction entered into between the Secretary and an appropriate entity under paragraph (1) shall not exceed $1,000,000.
§ 10367. Water data enhancement by United States Geological Survey
(a) National streamflow information program
(1) In general
The Secretary, in consultation with the Advisory Committee and the Panel and consistent with this section, shall proceed with implementation of the national streamflow information program, as reviewed by the National Research Council in 2004.

(2) Requirements
In conducting the national streamflow information program, the Secretary shall—

(A) measure streamflow and related environmental variables in nationally significant watersheds—
   (i) in a reliable and continuous manner; and
   (ii) to develop a comprehensive source of information on which public and private decisions relating to the management of water resources may be based;

(B) provide for a better understanding of hydrologic extremes (including floods and droughts) through the conduct of intensive data collection activities during and following hydrologic extremes;

(C) establish a base network that provides resources that are necessary for—
   (i) the monitoring of long-term changes in streamflow; and
   (ii) the conduct of assessments to determine the extent to which each long-term change monitored under clause (i) is related to global climate change;

(D) integrate the national streamflow information program with data collection activities of Federal agencies and appropriate State water resource agencies (including the National Integrated Drought Information System)—
   (i) to enhance the comprehensive understanding of water availability;
   (ii) to improve flood-hazard assessments;
   (iii) to identify any data gap with respect to water resources; and
   (iv) to improve hydrologic forecasting; and

(E) incorporate principles of adaptive management in the conduct of periodic reviews of information collected under the national streamflow information program to assess whether the objectives of the national streamflow information program are being adequately addressed.

(3) Improved methodologies
The Secretary shall—

(A) improve methodologies relating to the analysis and delivery of data; and

(B) investigate, develop, and implement new methodologies and technologies to estimate or measure streamflow in a more cost-efficient manner.

(4) Network enhancement
(A) In general
Not later than 10 years after March 30, 2009, in accordance with subparagraph (B), the Secretary shall—
   (i) increase the number of streamgages funded by the national streamflow information program to a quantity of not less than 4,700 sites; and
   (ii) ensure all streamgages are flood-hardened and equipped with water-quality sensors and modernized telemetry.

(B) Requirements of sites
Each site described in subparagraph (A) shall conform with the National Streamflow Information Program plan as reviewed by the National Research Council.

(5) Federal share
The Federal share of the national streamgaging network established pursuant to this subsection shall be 100 percent of the cost of carrying out the national streamgaging network.

(6) Authorization of appropriations
(A) In general
Except as provided in subparagraph (B), there are authorized to be appropriated such sums as are necessary to operate the national streamflow information program for the period of fiscal years 2009 through 2023, to remain available until expended.

(B) Network enhancement funding
There is authorized to be appropriated to carry out the network enhancements described in paragraph (4) $10,000,000 for each of fiscal years 2009 through 2019, to remain available until expended.

(b) National groundwater resources monitoring
(1) In general
The Secretary shall develop a systematic groundwater monitoring program for each major aquifer system located in the United States.
(2) Program elements

In developing the monitoring program described in paragraph (1), the Secretary shall—

(A) establish appropriate criteria for monitoring wells to ensure the acquisition of long-term, high-quality data sets, including, to the maximum extent possible, the inclusion of real-time instrumentation and reporting;

(B) in coordination with the Advisory Committee and State and local water resource agencies—

(i) assess the current scope of groundwater monitoring based on the access availability and capability of each monitoring well in existence as of March 30, 2009; and

(ii) develop and carry out a monitoring plan that maximizes coverage for each major aquifer system that is located in the United States; and

(C) prior to initiating any specific monitoring activities within a State after March 30, 2009, consult and coordinate with the applicable State water resource agency with jurisdiction over the aquifer that is the subject of the monitoring activities, and comply with all applicable laws (including regulations) of the State.

(3) Program objectives

In carrying out the monitoring program described in paragraph (1), the Secretary shall—

(A) provide data that is necessary for the improvement of understanding with respect to surface water and groundwater interactions;

(B) by expanding the network of monitoring wells to reach each climate division, support the groundwater climate response network to improve the understanding of the effects of global climate change on groundwater recharge and availability; and

(C) support the objectives of the assessment program.

(4) Improved methodologies

The Secretary shall—

(A) improve methodologies relating to the analysis and delivery of data; and

(B) investigate, develop, and implement new methodologies and technologies to estimate or measure groundwater recharge, discharge, and storage in a more cost-efficient manner.

(5) Federal share

The Federal share of the monitoring program described in paragraph (1) may be 100 percent of the cost of carrying out the monitoring program.

(6) Priority

In selecting monitoring activities consistent with the monitoring program described in paragraph (1), the Secretary shall give priority to those activities for which a State or local governmental entity agrees to provide for a substantial share of the cost of establishing or operating a monitoring well or other measuring device to carry out a monitoring activity.

(7) Authorization of appropriations

There are authorized to be appropriated such sums as are necessary to carry out this subsection for the period of fiscal years 2009 through 2023, to remain available until expended.

(c) Brackish groundwater assessment

(1) Study

The Secretary, in consultation with State and local water resource agencies, shall conduct a study of available data and other relevant information—

(A) to identify significant brackish groundwater resources located in the United States; and

(B) to consolidate any available data relating to each groundwater resource identified under subparagraph (A).

(2) Report

Not later than 2 years after March 30, 2009, the Secretary shall submit to the appropriate committees of Congress a report that includes—

(A) a description of each—

(i) significant brackish aquifer that is located in the United States (including 1 or more maps of each significant brackish aquifer that is located in the United States);

(ii) data gap that is required to be addressed to fully characterize each brackish aquifer described in clause (i); and

(iii) current use of brackish groundwater that is supplied by each brackish aquifer described in clause (i); and

(B) a summary of the information available as of March 30, 2009, with respect to each brackish aquifer described in subparagraph (A)(i) (including the known level of total dissolved solids in each brackish aquifer).

(3) Authorization of appropriations

There is authorized to be appropriated to carry out this subsection $3,000,000 for the period of fiscal years 2009 through 2011, to remain available until expended.

(d) Improved water estimation, measurement, and monitoring technologies

(1) Authority of Secretary

The Secretary may provide grants on a non-reimbursable basis to appropriate entities with expertise in water resource data acquisition and reporting, including Federal agencies, the Water Resources Research Institutes and other academic institutions, and private entities, to—

(A) investigate, develop, and implement new methodologies and technologies to estimate or measure water resources data in a cost-efficient manner; and

(B) improve methodologies relating to the analysis and delivery of data.

(2) Priority

In providing grants to appropriate entities under paragraph (1), the Secretary shall give priority to appropriate entities that propose the development of new methods and technologies for—
(A) predicting and measuring streamflows;  
(B) estimating changes in the storage of groundwater;  
(C) improving data standards and methods of analysis (including the validation of data entered into geographic information system databases);  
(D) measuring precipitation and potential evapotranspiration; and  
(E) water withdrawals, return flows, and consumptive use.  

(3) Partnerships  
In recognition of the value of collaboration to foster innovation and enhance research and development efforts, the Secretary shall encourage partnerships, including public-private partnerships, between and among Federal agencies, academic institutions, and private entities to promote the objectives described in paragraph (1).  

(4) Authorization of appropriations  
There is authorized to be appropriated to carry out this subsection $5,000,000 for each of fiscal years 2009 through 2019.  

§ 10368. National water availability and use assessment program  

(a) Establishment  
The Secretary, in coordination with the Advisory Committee and State and local water resource agencies, shall establish a national assessment program to be known as the “national water availability and use assessment program”—  

(1) to provide a more accurate assessment of the status of the water resources of the United States;  
(2) to assist in the determination of the quantity of water that is available for beneficial uses;  
(3) to assist in the determination of the quality of the water resources of the United States;  
(4) to identify long-term trends in water availability;  
(5) to use each long-term trend described in paragraph (4) to provide a more accurate assessment of the change in the availability of water in the United States; and  
(6) to develop the basis for an improved ability to forecast the availability of water for future economic, energy production, and environmental uses.  

(b) Program elements  

(1) Water use  
In carrying out the assessment program, the Secretary shall conduct any appropriate activity to carry out an ongoing assessment of water use in hydrologic accounting units and major aquifer systems located in the United States, including—  

(A) the maintenance of a comprehensive national water use inventory to enhance the level of understanding with respect to the effects of spatial and temporal patterns of water use on the availability and sustainable use of water resources;  
(B) the incorporation of water use science principles, with an emphasis on applied research and statistical estimation techniques in the assessment of water use;  
(C) the integration of any dataset maintained by any other Federal or State agency into the dataset maintained by the Secretary; and  
(D) a focus on the scientific integration of any data relating to water use, water flow, or water quality to generate relevant information relating to the impact of human activity on water and ecological resources.  

(2) Water availability  
In carrying out the assessment program, the Secretary shall conduct an ongoing assessment of water availability by—  

(A) developing and evaluating nationally consistent indicators that reflect each status and trend relating to the availability of water resources in the United States, including—  
(i) surface water indicators, such as streamflow and surface water storage measures (including lakes, reservoirs, perennial snowfields, and glaciers);  
(ii) groundwater indicators, including groundwater level measurements and changes in groundwater levels due to—  
(I) natural recharge;  
(II) withdrawals;  
(III) saltwater intrusion;  
(IV) mine dewatering;  
(V) land drainage;  
(VI) artificial recharge; and  
(VII) other relevant factors, as determined by the Secretary; and  
(iii) impaired surface water and groundwater supplies that are known, accessible, and used to meet ongoing water demands;  
(B) maintaining a national database of water availability data that—  
(i) is comprised of maps, reports, and other forms of interpreted data;  
(ii) provides electronic access to the archived data of the national database; and  
(iii) provides for real-time data collection; and  
(C) developing and applying predictive modeling tools that integrate groundwater, surface water, and ecological systems.  

(c) Grant program  

(1) Authority of Secretary  
The Secretary may provide grants to State water resource agencies to assist State water resource agencies in—  

(A) developing water use and availability datasets that are integrated with each appropriate dataset developed or maintained by the Secretary; or  
(B) integrating any water use or water availability dataset of the State water resource agency into each appropriate dataset developed or maintained by the Secretary.  

(2) Criteria  
To be eligible to receive a grant under paragraph (1), a State water resource agency shall
demonstrate to the Secretary that the water use and availability dataset proposed to be established or integrated by the State water resource agency—

(A) is in compliance with each quality and conformity standard established by the Secretary to ensure that the data will be capable of integration with any national dataset; and

(B) will enhance the ability of the officials of the State or the State water resource agency to carry out each water management and regulatory responsibility of the officials of the State in accordance with each applicable law of the State.

(3) Maximum amount

The amount of a grant provided to a State water resource agency under paragraph (1) shall be an amount not more than $250,000.

(d) Report

Not later than December 31, 2012, and every 5 years thereafter, the Secretary shall submit to the appropriate committees of Congress a report that provides a detailed assessment of—

(1) the current availability of water resources in the United States, including—

(A) historic trends and annual updates of river basin inflows and outflows;

(B) surface water storage;

(C) groundwater reserves; and

(D) estimates of undeveloped potential resources (including saline and brackish water and wastewater);

(2) significant trends affecting water availability, including each documented or projected impact to the availability of water as a result of global climate change;

(3) the withdrawal and use of surface water and groundwater by various sectors, including—

(A) the agricultural sector;

(B) municipalities;

(C) the industrial sector;

(D) thermoelectric power generators; and

(E) hydroelectric power generators;

(4) significant trends relating to each water use sector, including significant changes in water use due to the development of new energy supplies;

(5) significant water use conflicts or shortages that have occurred or are occurring; and

(6) each factor that has caused, or is causing, a conflict or shortage described in paragraph (5).

(e) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out subsections (a), (b), and (d) $20,000,000 for each of fiscal years 2009 through 2023, to remain available until expended.

(2) Grant program

There is authorized to be appropriated to carry out subsection (c) $12,500,000 for the period of fiscal years 2009 through 2013, to remain available until expended.

§ 10369. Research agreement authority

The Secretary may enter into contracts, grants, or cooperative agreements, for periods not to exceed 5 years, to carry out research within the Bureau of Reclamation.

§ 10370. Effect

(a) In general

Nothing in this chapter supersedes or limits any existing authority provided, or responsibility conferred, by any provision of law.

(b) Effect on State water law

(1) In general

Nothing in this chapter preempts or affects any—

(A) State water law; or

(B) interstate compact governing water.

(2) Compliance required

The Secretary shall comply with applicable State water laws in carrying out this chapter.

§ 10371. Water prediction and forecasting

(a) National Water Center

(1) Establishment

(A) In general

The Under Secretary of Commerce for Oceans and Atmosphere shall establish a center—

(i) to serve as the research and operational center of excellence for hydrologic analyses, forecasting, and related decision support services within the National Oceanic and Atmospheric Administration and the National Weather Service; and

(ii) to facilitate collaboration across Federal and State departments and agencies, academia, and the private sector on matters relating to water resources.

(B) Designation

The center established under subparagraph (A) shall be known as the “National Water Center”.

(2) Functions

The functions of the National Water Center shall include the following:

(A) Improving understanding of water resources, stakeholder needs regarding water resources, and identifying science and services gaps relating to water resources.

(B) Developing and implementing advanced water resources modeling capabilities.

(C) Facilitating the transition of hydrologic research into operations.

(D) Delivering analyses, forecasts, and inundation information and guidance for all hydrologic events in the United States, including flash flooding, riverine flooding, and water resources outlooks.

(E) In coordination with warning coordination meteorologists, providing decision-sup-
port services to inform emergency management and water resources decisions.

(b) National instructions

(1) In general

Not later than one year after December 31, 2020, the Under Secretary, acting through the Director of the National Weather Service, shall make public an operations and services policy directive for the National Water Center.

(2) Contents

The directive required by paragraph (1) shall include national instructions to perform the functions of the National Water Center, including the following:

(A) Operational staff responsibilities.
(B) Guidelines for content, format, and provision of hydrologic and inundation products developed by the National Water Center.
(C) Procedures for cooperation and coordination between the National Water Center, the National Weather Service National Centers for Environmental Prediction, National Weather Service River Forecast Centers, and National Weather Service Weather Forecast Offices.

(c) Total water prediction

The Under Secretary, acting through the Director of the Office of Water Prediction of the National Weather Service, shall—

(1) initiate and lead research and development activities to develop operational water resource prediction and related decision support products;
(2) collaborate with, and provide decision support regarding total water prediction to—

(A) the relevant Federal agencies represented on the National Science and Technology Council, Committee on Environment, Natural Resources, and Sustainability and the Subcommittee on Disaster Reduction;
(B) State water resource agencies; and
(C) State and local emergency management agencies; and

(3) in carrying out the responsibilities described in paragraphs (1) and (2), collaboratively develop capabilities necessary for total water predictive capacity, including observations, modeling, data management, supercomputing, social science, and communications.

(d) Authorization of appropriations

There are authorized to be appropriated to carry out the activities under this section amounts as follows:

(1) $44,500,000 for fiscal year 2021.
(2) $45,000,000 for fiscal year 2022.
(3) $45,500,000 for fiscal year 2023.
(4) $46,000,000 for fiscal year 2024.

(e) Derivation of funds

Funds to carry out this section shall be derived from amounts authorized to be appropriated to the National Weather Service and the National Ocean Service that are enacted after December 31, 2020.

PRIOR PROVISIONS

STUDY OF TRAINING NEEDS OF HEALTH PROFESSIONALS
Pub. L. 105–392, title IV, § 407(b), Nov. 13, 1998, 112 Stat. 3589, related to study by the Institute of Medicine concerning the training needs of health professionals with respect to the detection and referral of victims of family or acquaintance violence and required the Institute to submit a report to Congress concerning such study not later than 2 years after Nov. 13, 1998.

§ 10402. Definitions
In this chapter:

(1) Alaska Native
The term “Alaska Native” has the meaning given the term “Native” in section 1002 of title 43.

(2) Dating violence
The term “dating violence” has the meaning given such term in section 12291(a) of this title.

(3) Domestic violence
The term “domestic violence” has the meaning given such term in section 12291(a) of this title.

(4) Family violence
The term “family violence” means any act or threatened act of violence, including any forceful detention of an individual, that—

(A) results or threatens to result in physical injury; and

(B) is committed by a person against another individual (including an elderly individual) to or with whom such person—

(i) is related by blood;

(ii) is or was related by marriage or is or was otherwise legally related; or

(iii) is or was lawfully residing.

(5) Indian; Indian tribe; tribal organization
The terms “Indian”, “Indian tribe”, and “tribal organization” have the meanings given such terms in section 5304 of title 25.

(6) Native Hawaiian
The term “Native Hawaiian” has the meaning given the term in section 7517 of title 20.

(7) Personally identifying information
The term “personally identifying information” has the meaning given the term in section 12291(a) of this title.

(8) Secretary
The term “Secretary” means the Secretary of Health and Human Services.

(9) Shelter
The term “shelter” means the provision of temporary refuge and supportive services in compliance with applicable State law (including regulation) governing the provision, on a regular basis, of shelter, safe homes, meals, and supportive services to victims of family violence, domestic violence, or dating violence, and their dependents.

(10) State
The term “State” means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, and, except as otherwise provided, Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(11) State Domestic Violence Coalition
The term “State Domestic Violence Coalition” means a statewide nongovernmental nonprofit private domestic violence organization that—

(A) has a membership that includes a majority of the primary-purpose domestic violence service providers in the State;

(B) has board membership that is representative of primary-purpose domestic violence service providers, and which may include representatives of the communities in which the services are being provided in the State;

(C) has as its purpose to provide education, support, and technical assistance to such service providers to enable the providers to establish and maintain shelter and supportive services for victims of domestic violence and their dependents; and

(D) serves as an information clearinghouse, primary point of contact, and resource center on domestic violence for the State and supports the development of policies, protocols, and procedures to enhance domestic violence intervention and prevention in the State.

(12) Supportive services
The term “supportive services” means services for adult and youth victims of family violence, domestic violence, or dating violence, and dependents exposed to family violence, domestic violence, or dating violence, that are designed to—

(A) meet the needs of such victims of family violence, domestic violence, or dating violence, and their dependents, for short-term, transitional, or long-term safety; and

(B) provide counseling, advocacy, or assistance for victims of family violence, domestic violence, or dating violence, and their dependents.

(13) Tribally designated official
The term “tribally designated official” means an individual designated by an Indian tribe, tribal organization, or nonprofit private organization authorized by an Indian tribe, to administer a grant under section 10409 of this title.
(14) Underserved populations

The term “underserved populations” has the meaning given the term in section 12291(a) of this title. For the purposes of this chapter, the Secretary has the authority to determine whether a population is an underserved population as the Attorney General has under that section 12291(a) of this title.

PRIOR PROVISIONS

A prior section 302 of Pub. L. 98–457 was classified to section 10401 of this title prior to the general amendment of this chapter by Pub. L. 111–320.

AMENDMENTS

EFFECTIVE DATE OF 2015 AMENDMENT

Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of Title 20, Education.

§ 10403. Authorization of appropriations

(a) Formula grants to States

(1) In general

There is authorized to be appropriated to carry out sections 10401 through 10412 of this title, $175,000,000 for each of fiscal years 2011 through 2015.

(2) Allocations

(A) Formula grants to States

(i) Reservation of funds

For any fiscal year for which the amounts appropriated under paragraph (1) exceed $130,000,000, not less than 25 percent of such excess funds shall be made available to carry out section 10412 of this title.

(ii) Formula grants

Of the amounts appropriated under paragraph (1) for a fiscal year and not reserved under clause (i), not less than 70 percent shall be used by the Secretary to carry out section 10409 of this title.

(B) Grants to tribes

Of the amounts appropriated under paragraph (1) for a fiscal year and not reserved under subparagraph (A)(i), not less than 10 percent shall be used to carry out section 10409 of this title.

(C) Technical assistance and training centers

Of the amounts appropriated under paragraph (1) for a fiscal year and not reserved under subparagraph (A)(i), not less than 5 percent shall be used by the Secretary for making grants under section 10410 of this title.

(D) Grants for State Domestic Violence Coalitions

Of the amounts appropriated under paragraph (1) for a fiscal year and not reserved under subparagraph (A)(i), not more than 2.5 percent shall be used by the Secretary for evaluation, monitoring, and other administrative costs under this chapter.

(b) National domestic violence hotline

There is authorized to be appropriated to carry out section 10413 of this title $3,500,000 for each of fiscal years 2011 through 2015.

(c) Domestic Violence Prevention Enhancement and Leadership Through Alliances

There is authorized to be appropriated to carry out section 10414 of this title $6,000,000 for each of fiscal years 2011 through 2015.

PRIOR PROVISIONS

A prior section 303 of Pub. L. 98–457 was classified to section 10402 of this title prior to the general amendment of this chapter by Pub. L. 111–320.

§ 10404. Authority of Secretary

(a) Authorities

In order to carry out the provisions of this chapter, the Secretary is authorized to—

(1) appoint and fix the compensation of such personnel as are necessary;

(2) procure, to the extent authorized by section 3109 of title 5, such temporary and intermittent services of experts and consultants as are necessary;

(3) make grants to eligible entities or enter into contracts with for-profit or nonprofit nongovernmental entities and establish reporting requirements for such grantees and contractors;

(4) prescribe such regulations and guidance as are reasonably necessary in order to carry out the objectives and provisions of this chapter, including regulations and guidance on—

(5) the application of funds;
implementing new grant conditions established or provisions modified by amendments made to this chapter by the CAPTA Reauthorization Act of 2010, to ensure accountability and transparency of the actions of grantees and contractors, or as determined by the Secretary to be reasonably necessary to carry out this chapter; and

(5) coordinate programs within the Department of Health and Human Services, and seek to coordinate those programs with programs administered by other Federal agencies, that involve or affect efforts to prevent family violence, domestic violence, and dating violence or the provision of assistance for adult and youth victims of family violence, domestic violence, or dating violence.

(b) Administration

The Secretary shall—

(1) assign 1 or more employees of the Department of Health and Human Services to carry out the provisions of this chapter, including carrying out evaluation and monitoring under this chapter, which employees shall, prior to such appointment, have expertise in the field of family violence and domestic violence prevention and services and, to the extent practicable, have expertise in the field of dating violence;

(2) provide technical assistance in the conduct of programs for the prevention and treatment of family violence, domestic violence, and dating violence;

(3) provide for and coordinate research into the most effective approaches to the intervention in and prevention of family violence, domestic violence, and dating violence, by—

(A) consulting with experts and program providers within the family violence, domestic violence, and dating violence field to identify gaps in research and knowledge, establish research priorities, and disseminate research findings;

(B) collecting and reporting data on the provision of family violence, domestic violence, and dating violence services, including assistance provided by Federal funds made available under this chapter and by other governmental or non-governmental sources of funds; and

(C) coordinating family violence, domestic violence, and dating violence research efforts within the Department of Health and Human Services with relevant research administered or carried out by other Federal agencies and other researchers, including research on the provision of assistance for adult and youth victims of family violence, domestic violence, or dating violence; and

(4) support the development and implementation of effective policies, protocols, and programs within the Department and at other Federal agencies that address the safety and support needs of adult and youth victims of family violence, domestic violence, or dating violence.

(c) Reports

Every 2 years, the Secretary shall review and evaluate the activities conducted by grantees, subgrantees, and contractors under this chapter and the effectiveness of the programs administered pursuant to this chapter, and submit a report containing the evaluation to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate. Such report shall also include a summary of the documentation provided to the Secretary through performance reports submitted under section 10406(d) of this title. The Secretary shall make publicly available on the Department of Health and Human Services website the evaluation reports submitted to Congress under this subsection, including the summary of the documentation provided to the Secretary under section 10406(d) of this title.

REFERENCES IN TEXT

PRIOR PROVISIONS

A prior section 304 of Pub. L. 98–457 was classified to section 10403 of this title prior to the general amendment of this chapter by Pub. L. 111–320.

§ 10405. Allotment of funds

(a) In general

From the sums appropriated under section 10403 of this title and available for grants to States under section 10406(a) of this title for any fiscal year—

(1) Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands shall each be allotted not less than ⅛ of 1 percent of the amounts available for grants under section 10406(a) of this title for the fiscal year for which the allotment is made; and

(2) each State shall be allotted for a grant under section 10406(a) of this title, $600,000, with the remaining funds to be allotted to each State in an amount that bears the same ratio to such remaining funds as the population of such State bears to the population of all States.

(b) Population

For the purpose of this section, the population of each State, and the total population of all the States, shall be determined by the Secretary on the basis of the most recent census data available to the Secretary, and the Secretary shall use for such purpose, if available, the annual interim current census data produced by the Secretary of Commerce pursuant to section 181 of title 13.

(c) Ratable reduction

If the sums appropriated under section 10403 of this title for any fiscal year and available for
§ 10406. Formula grants to States

(a) Formula grants to States

The Secretary shall award grants to States in order to assist in supporting the establishment, maintenance, and expansion of programs and projects—

(1) to prevent incidents of family violence, domestic violence, and dating violence;

(2) to provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and

(3) to provide specialized services for children exposed to family violence, domestic violence, or dating violence, underserved populations, and victims who are members of racial and ethnic minority populations.

(b) Administrative expenses

(1) Administrative costs

Each State may use not more than 5 percent of the grant funds for State administrative costs.

(2) Subgrants to eligible entities

The State shall use the remainder of the grant funds to make subgrants to eligible entities for approved purposes as described in section 10408 of this title.

(c) Grant conditions

(1) Approved activities

In carrying out the activities under this chapter, grantees and subgrantees may collaborate with and provide information to Federal, State, local, and tribal public officials and agencies, in accordance with limitations on disclosure of confidential or private information as described in paragraph (5), to develop and implement policies to reduce or eliminate family violence, domestic violence, and dating violence.

(2) Discrimination prohibited

(A) Application of civil rights provisions

For the purpose of applying the prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), on the basis of disability under section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), on the basis of sex under title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.), or on the basis of race, color, or national origin under title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), programs and activities funded in whole or in part with funds made available under this chapter are considered to be programs and activities receiving Federal financial assistance.

(B) Prohibition on discrimination on basis of sex, religion

(i) In general

No person shall on the ground of sex or religion be excluded from participation in, be denied the benefits of, or be subject to discrimination under, any program or activity funded in whole or in part with funds made available under this chapter.

(ii) Enforcement

The Secretary shall enforce the provisions of clause (i) in accordance with sec-
tribe unless the entity agrees that, with respect to any action taken by the Secretary to enforce such clause.

(iii) Construction

This subparagraph shall not be construed as affecting any legal remedy provided under any other provision of law.

(C) Enforcement authorities of Secretary

Whenever the Secretary finds that a State, Indian tribe, or other entity that has received financial assistance under this chapter has failed to comply with a provision of law referred to in subparagraph (A), with subparagraph (B), or with an applicable regulation (including one prescribed to carry out subparagraph (B)), the Secretary shall notify the chief executive officer of the State involved or the tribally designated official of the tribe involved and shall request such officer or official to secure compliance. If, within a reasonable period of time, not to exceed 60 days, the chief executive officer or official fails or refuses to secure compliance, the Secretary may—

(i) refer the matter to the Attorney General with a recommendation that an appropriate civil action be instituted;

(ii) exercise the powers and functions provided by title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), sections 504 and 505 of the Rehabilitation Act of 1973 (29 U.S.C. 794, 794a), or title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.), as may be applicable; or

(iii) take such other action as may be provided by law.

(D) Enforcement authority of Attorney General

When a matter is referred to the Attorney General pursuant to subparagraph (C)(i), or whenever the Attorney General has reason to believe that a State, an Indian tribe, or an entity described in subparagraph (C) is engaged in a pattern or practice in violation of a provision of law referred to in subparagraph (A) or in violation of subparagraph (B), the Attorney General may bring a civil action in any appropriate district court of the United States for such relief as may be appropriate, including injunctive relief.

(3) Income eligibility standards

No income eligibility standard may be imposed upon individuals with respect to eligibility for assistance or services supported with funds appropriated to carry out this chapter. No fees may be levied for assistance or services provided with funds appropriated to carry out this chapter.

(4) Match

No grant shall be made under this section to any entity other than a State or an Indian tribe unless the entity agrees that, with respect to the costs to be incurred by the entity in carrying out the program or project for which the grant is awarded, the entity will make available (directly or through donations from public or private entities) non-Federal contributions in an amount that is not less than $1 for every $5 of Federal funds provided under the grant. The non-Federal contributions required under this paragraph may be in cash or in kind.

(5) Nondisclosure of confidential or private information

(A) In general

In order to ensure the safety of adult, youth, and child victims of family violence, domestic violence, or dating violence, and their families, grantees and subgrantees under this chapter shall protect the confidentiality and privacy of such victims and their families.

(B) Nondisclosure

Subject to subparagraphs (C), (D), and (E), grantees and subgrantees shall not—

(i) disclose any personally identifying information collected in connection with services requested (including services utilized or denied), through grantees’ and subgrantees’ programs; or

(ii) reveal personally identifying information without informed, written, reasonably time-limited consent by the person about whom information is sought, whether for this program or any other Federal or State grant program, which consent—

(I) shall be given by—

(aa) the person, except as provided in item (bb) or (cc); or

(bb) in the case of an unemancipated minor, the minor and the minor’s parent or guardian; or

(cc) in the case of an individual with a guardian, the individual’s guardian; and

(II) may not be given by the abuser or suspected abuser of the minor or individual with a guardian, or the abuser or suspected abuser of the other parent of the minor.

(C) Release

If release of information described in subparagraph (B) is compelled by statutory or court mandate—

(i) grantees and subgrantees shall make reasonable attempts to provide notice to victims affected by the release of the information; and

(ii) grantees and subgrantees shall take steps necessary to protect the privacy and safety of the persons affected by the release of the information.

(D) Information sharing

Grantees and subgrantees may share—

(i) nonpersonally identifying information, in the aggregate, regarding services to their clients and demographic nonpersonally identifying information in order to comply with Federal, State, or tribal reporting, evaluation, or data collection requirements;

(ii) court-generated information and law enforcement-generated information con-
tained in secure, governmental registries for protective order enforcement purposes; and

(iii) law enforcement- and prosecution-generated information necessary for law enforcement and prosecution purposes.

(E) Oversight

Nothing in this paragraph shall prevent the Secretary from disclosing grant activities authorized in this chapter to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate and exercising congressional oversight authority. In making all such disclosures, the Secretary shall protect the confidentiality of individuals and omit personally identifying information, including location information about individuals and shelters.

(F) Statutorily permitted reports of abuse or neglect

Nothing in this paragraph shall prohibit a grantee or subgrantee from reporting abuse and neglect, as those terms are defined by law, where mandated or expressly permitted by the State or Indian tribe involved.

(G) Preemption

Nothing in this paragraph shall be construed to supersede any provision of any Federal, State, tribal, or local law that provides greater protection than this paragraph for victims of family violence, domestic violence, or dating violence.

(H) Confidentiality of location

The address or location of any shelter facility assisted under this chapter that otherwise maintains a confidential location shall, except with written authorization of the person or persons responsible for the operation of such shelter, not be made public.

(6) Supplement not supplant

Federal funds made available to a State or Indian tribe under this chapter shall be used to supplement and not supplant other Federal, State, tribal, and local public funds expended to provide services and activities that promote the objectives of this chapter.

(d) Reports and evaluation

Each grantee shall submit an annual performance report to the Secretary at such time as shall be reasonably required by the Secretary. Such performance report shall describe the grantee and subgrantee activities that have been carried out with grant funds made available under subsection (a) or section 10409 of this title, contain an evaluation of the effectiveness of such activities, and provide such additional information as the Secretary may reasonably require.

PRIOR PROVISIONS

A prior section 306 of Pub. L. 98-457 was classified to title 4065 of this title prior to the general amendment of this chapter by Pub. L. 111-320.

§ 10407. State application

(a) Application

(1) In general

The chief executive officer of a State seeking funds under section 10406(a) of this title or a tribally designated official seeking funds under section 10409(a) of this title shall submit an application to the Secretary at such time and in such manner as the Secretary may reasonably require.

(2) Contents

Each such application shall—

(A) provide a description of the procedures that have been developed to ensure compliance with the provisions of sections 10406(c) and 10406(d) of this title;

(B) provide, with respect to funds described in paragraph (1), assurances that—

(i) not more than 5 percent of such funds will be used for administrative costs;

(ii) the remaining funds will be distributed to eligible entities as described in section 10406(a) of this title for approved activities as described in section 10406(b) of this title; and

(iii) in the distribution of funds by a State under section 10408(a) of this title, the State will give special emphasis to the support of community-based projects of demonstrated effectiveness, that are carried out by nonprofit private organizations and that—

(I) have as their primary purpose the operation of shelters for victims of family violence, domestic violence, and dating violence, and their dependents; or

(II) provide counseling, advocacy, and self-help services to victims of family violence, domestic violence, and dating violence, and their dependents;

(C) in the case of an application submitted by a State, provide an assurance that there will be an equitable distribution of grants...
and grant funds within the State and between urban and rural areas within such State;

(D) in the case of an application submitted by a State, provide an assurance that the State will consult with and provide for the participation of the State Domestic Violence Coalition in the planning and monitoring of the distribution of grants to eligible entities as described in section 10408(a) of this title and the administration of the grant programs and projects;

(E) describe how the State or Indian tribe will involve community-based organizations, whose primary purpose is to provide culturally appropriate services to underserved populations, including how such community-based organizations can assist the State or Indian tribe in addressing the unmet needs of such populations;

(F) describe how activities and services provided by the State or Indian tribe are designed to reduce family violence, domestic violence, and dating violence, including how funds will be used to provide shelter, supportive services, and prevention services in accordance with section 10408(b) of this title;

(G) specify the State agency or tribally designated official to be designated as responsible for the administration of programs and activities relating to family violence, domestic violence, and dating violence, that are carried out by the State or Indian tribe under this chapter, and for coordination of related programs within the jurisdiction of the State or Indian tribe;

(H) provide an assurance that the State or Indian tribe has a law or procedure to bar an abuser from a shared household or a household of the abused person, which may include eviction laws or procedures, where appropriate; and

(I) meet such requirements as the Secretary reasonably determines are necessary to carry out the objectives and provisions of this chapter.

(b) Approval of application

(1) In general

The Secretary shall approve any application that meets the requirements of subsection (a) and section 10406 of this title. The Secretary shall not disapprove any application under this subsection unless the Secretary gives the applicant reasonable notice of the Secretary’s intention to disapprove and a 6-month period providing an opportunity for correction of any deficiencies.

(2) Correction of deficiencies

The Secretary shall give such notice, within 45 days after the date of submission of the application, if any of the provisions of subsection (a) or section 10406 of this title have not been satisfied in such application. If the State or Indian tribe does not correct the deficiencies in such application within the 6-month period following the receipt of the Secretary’s notice, the Secretary shall withhold payment of any grant funds under section 10406 of this title to such State or under section 10409 of this title to such Indian tribe until such date as the State or Indian tribe provides documentation that the deficiencies have been corrected.

(3) State or tribal Domestic Violence Coalition participation in determinations of compliance

State Domestic Violence Coalitions, or comparable coalitions for Indian tribes, shall be permitted to participate in determining whether grantees for corresponding States or Indian tribes are in compliance with subsection (a) and section 10406(c) of this title, except that no funds made available under section 10411 of this title shall be used to challenge a determination about whether a grantee is in compliance with, or to seek the enforcement of, the requirements of this chapter.

(4) Failure to report; nonconforming expenditures

The Secretary shall suspend funding for an approved application if the applicant fails to submit an annual performance report under section 10406(d) of this title, or if funds are expended for purposes other than those set forth in section 10406(b) of this title, after following the procedures set forth in paragraphs (1), (2), and (3).

PRIOR PROVISIONS

A prior section 307 of Pub. L. 98–457 was classified to section 10406 of this title prior to the general amendment of this chapter by Pub. L. 111–320.

§ 10408. Subgrants and uses of funds

(a) Subgrants

A State that receives a grant under section 10406(a) of this title shall use grant funds described in section 10406(b)(2) of this title to provide subgrants to eligible entities for programs and projects within such State, that is designed to prevent incidents of family violence, domestic violence, and dating violence by providing immediate shelter and supportive services for adult and youth victims of family violence, domestic violence, or dating violence (and their dependents), and that may provide prevention services to prevent future incidents of family violence, domestic violence, and dating violence.

(b) Use of funds

(1) In general

Funds awarded to eligible entities under subsection (a) shall be used to provide shelter, supportive services, or prevention services to adult and youth victims of family violence, domestic violence, or dating violence, and their dependents, which may include—

1 So in original. Probably should be “are”.
(A) provision, on a regular basis, of immediate shelter and related supportive services to adult and youth victims of family violence, domestic violence, or dating violence, and their dependents, including paying for the operating and administrative expenses of the facilities for such shelter; (B) assistance in developing safety plans, and supporting efforts of victims of family violence, domestic violence, or dating violence to make decisions related to their ongoing safety and well-being; (C) provision of individual and group counseling, peer support groups, and referral to community-based services to assist family violence, domestic violence, and dating violence victims, and their dependents, in recovering from the effects of the violence; (D) provision of services, training, technical assistance, and outreach to increase awareness of family violence, domestic violence, and dating violence and increase the accessibility of family violence, domestic violence, and dating violence services; (E) provision of culturally and linguistically appropriate services; (F) provision of services for children exposed to family violence, domestic violence, or dating violence, including age-appropriate counseling, supportive services, and services for the nonabusing parent that support that parent’s role as a caregiver, which may, as appropriate, include services that work with the nonabusing parent and child together; (G) provision of advocacy, case management services, and information and referral services, concerning issues related to family violence, domestic violence, or dating violence intervention and prevention, including— (i) assistance in accessing related Federal and State financial assistance programs; (ii) legal advocacy to assist victims and their dependents; (iii) medical advocacy, including provision of referrals for appropriate health care services (including mental health, alcohol, and drug abuse treatment), but which shall not include reimbursement for any health care services; (iv) assistance locating and securing safe and affordable permanent housing and homelessness prevention services; (v) provision of transportation, child care, respite care, job training and employment services, financial literacy services and education, financial planning, and related economic empowerment services; and (vi) parenting and other educational services for victims and their dependents; and (H) prevention services, including outreach to underserved populations.

(2) Shelter and supportive services

Not less than 70 percent of the funds distributed by a State under subsection (a) shall be distributed to entities for the primary purpose of providing immediate shelter and supportive services to adult and youth victims of family violence, domestic violence, or dating violence, and their dependents, as described in paragraph (1)(A). Not less than 25 percent of the funds distributed by a State under subsection (a) shall be distributed to entities for the purpose of providing supportive services and prevention services as described in subparagraphs (B) through (H) of paragraph (1).

(c) Eligible entities

To be eligible to receive a subgrant from a State under this section, an entity shall be— (1) a local public agency, or a nonprofit private organization (including faith-based and charitable organizations, community-based organizations, tribal organizations, and voluntary associations), that assists victims of family violence, domestic violence, or dating violence, and their dependents, and has a documented history of effective work concerning family violence, domestic violence, or dating violence; or (2) a partnership of 2 or more agencies or organizations that includes— (A) an agency or organization described in paragraph (1); and (B) an agency or organization that has a demonstrated history of serving populations in their communities, including providing culturally appropriate services.

(d) Conditions

(1) Direct payments to victims or dependants

No funds provided under this chapter may be used as direct payment to any victim of family violence, domestic violence, or dating violence, or to any dependent of such victim.

(2) Voluntarily accepted services

Receipt of supportive services under this chapter shall be voluntary. No condition may be applied for the receipt of emergency shelter as described in subsection (b)(1)(A).

PRIOR PROVISIONS

A prior section 308 of Pub. L. 98–457 was classified to section 10407 of this title prior to the general amendment of this chapter by Pub. L. 111–320.

§ 10409. Grants for Indian tribes

(a) Grants authorized

The Secretary, in consultation with tribal governments pursuant to Executive Order No. 13175 (25 U.S.C. 450 note) and in accordance with section 20126 of title 34, shall continue to award grants for Indian tribes from amounts appro-
priated under section 10403(a)(2)(B) of this title to carry out this section.

(b) Eligible entities

To be eligible to receive a grant under this section, an entity shall be an Indian tribe, or a tribal organization or nonprofit private organization authorized by an Indian tribe. An Indian tribe shall have the option to authorize a tribal organization or a nonprofit private organization to submit an application and administer the grant funds awarded under this section.

(c) Conditions

Each recipient of such a grant shall comply with requirements that are consistent with the requirements applicable to grantees under section 10406 of this title.

(d) Grantee application

To be eligible to receive a grant under this section, an entity shall submit an application to the Secretary under section 10407 of this title at such time, in such manner, and containing such information as the Secretary determines to be essential to carry out the objectives and provisions of this chapter. The Secretary shall approve any application that meets requirements consistent with the requirements of section 10406(c) of this title and section 10407(a) of this title.

(e) Use of funds

An amount provided under a grant to an eligible entity shall be used for the services described in section 10408(b) of this title.

(2) Grants authorized

From the amounts appropriated under this chapter and reserved under section 10403(a)(2)(C) of this title, the Secretary—

(A) shall award grants to eligible entities for the establishment and maintenance of—

(i) 2 national resource centers (as provided for in subsection (b)(1)); and

(ii) at least 7 special issue resource centers addressing key areas of domestic violence, and intervention and prevention (as provided for in subsection (b)(2)); and

(B) may award grants to—

(i) State resource centers to reduce disparities in domestic violence in States with high proportions of Indian (including Alaska Native) or Native Hawaiian populations (as provided for in subsection (b)(3)); and

(ii) support training and technical assistance that address emerging issues related to family violence, domestic violence, or dating violence, to entities demonstrating related expertise.

(b) Domestic violence resource centers

(1) National resource centers

In accordance with subsection (a)(2), the Secretary shall award grants to eligible entities for—

(A) a National Resource Center on Domestic Violence, which shall—

(i) offer a comprehensive array of technical assistance and training resources to Federal, State, and local governmental agencies, domestic violence service providers, community-based organizations, and other professionals and interested parties, related to domestic violence service programs and research, including programs and research related to victims and their children who are exposed to domestic violence; and

(ii) maintain a central resource library in order to collect, prepare, analyze, and disseminate information and statistics related to—

(I) the incidence and prevention of family violence and domestic violence; and

(II) the provision of shelter, supportive services, and prevention services to adult and youth victims of domestic violence (including services to prevent repeated incidents of violence); and

(B) a National Indian Resource Center Addressing Domestic Violence and Safety for Indian Women, which shall—

(i) offer a comprehensive array of technical assistance and training resources to Indian tribes and tribal organizations, specifically designed to enhance the capacity of the tribes and organizations to respond to domestic violence and the findings of section 901 of the Violence Against Women Act of 2005 (42 U.S.C. 3796gg–10 note); and

(ii) enhance the intervention and prevention efforts of Indian tribes and tribal or-
organizations to respond to domestic violence and increase the safety of Indian women in support of the purposes of section 902 of the Violence Against Women and Department of Justice Reauthorization Act of 2005 [42 U.S.C. 3796gg–10 note];
and
(ii) coordinate activities with other Federal agencies, offices, and grantees that address the needs of Indians (including Alaska Natives), and Native Hawaiians that experience domestic violence, including the Office of Justice Services at the Bureau of Indian Affairs, the Indian Health Service of the Department of Health and Human Services, and the Office on Violence Against Women of the Department of Justice.

(2) Special issue resource centers

In accordance with subsection (a)(2)(A)(ii), the Secretary shall award grants to eligible entities for special issue resource centers, which shall be national in scope and shall provide information, training, and technical assistance to State and local domestic violence service providers. Each special issue resource center shall focus on enhancing domestic violence intervention and prevention efforts in at least one of the following areas:

(A) The response of the criminal and civil justice systems to victims of domestic violence, which may include the response to the use of the self-defense plea by domestic violence victims and the issuance and use of protective orders.

(B) The response of child protective service agencies to victims of domestic violence and their dependents and child custody issues in domestic violence cases.

(C) The response of the interdisciplinary health care system to victims of domestic violence and access to health care resources for victims of domestic violence.

(D) The response of mental health systems, domestic violence service programs, and other related systems and programs to victims of domestic violence and to their children who are exposed to domestic violence.

(E) In the case of 3 specific resource centers, enhancing domestic violence intervention and prevention efforts for victims of domestic violence who are members of racial and ethnic minority groups, to enhance the cultural and linguistic relevancy of service delivery, resource utilization, policy, research, technical assistance, community education, and prevention initiatives.

(3) State resource centers to reduce tribal disparities

(A) In general

In accordance with subsection (a)(2), the Secretary may award grants to eligible entities for State resource centers, which shall provide statewide information, training, and technical assistance to Indian tribes, tribal organizations, and local domestic violence service organizations serving Indians (including Alaska Natives) or Native Hawaiians, in a culturally sensitive and relevant manner.

(B) Requirements

An eligible entity shall use a grant provided under this paragraph—

(i) to offer a comprehensive array of technical assistance and training resources to Indian tribes, tribal organizations, and providers of services to Indians (including Alaska Natives) or Native Hawaiians, specifically designed to enhance the capacity of the tribes, organizations, and providers to respond to domestic violence, including offering the resources in States in which the population of Indians (including Alaska Natives) or Native Hawaiians exceeds 2.5 percent of the total population of the State;

(ii) to coordinate all projects and activities with the national resource center described in paragraph (1)(B) demonstrating experience working directly with nontribal State and local governments to enhance their capacity to understand the unique needs of Indians (including Alaska Natives) and Native Hawaiians; and

(iii) to provide comprehensive community education and domestic violence prevention initiatives in a culturally sensitive and relevant manner.

(c) Eligibility

(1) In general

To be eligible to receive a grant under subsection (b)(1)(A) or subparagraph (A), (B), (C), or (D) of subsection (b)(2), an entity shall be a nonprofit private organization that focuses primarily on domestic violence and that—

(A) provides documentation to the Secretary demonstrating experience working directly on issues of domestic violence, and (in the case of an entity seeking a grant under subsection (b)(2)) demonstrating experience working directly in the corresponding specific special issue area described in subsection (b)(2);

(B) includes on the entity’s advisory board representatives who are from domestic violence service programs and who are geographically and culturally diverse; and

(C) demonstrates the strong support of domestic violence service programs from across the Nation for the entity’s designation as a national resource center or a special issue resource center, as appropriate.

(2) National Indian Resource Center

To be eligible to receive a grant under subsection (b)(1)(B), an entity shall be a tribal organization or a nonprofit private organization that focuses primarily on issues of domestic violence within Indian tribes and that submits documentation to the Secretary demonstrating—

(A) experience working with Indian tribes and tribal organizations to respond to domestic violence and the findings of section 901 of the Violence Against Women and Department of Justice Reauthorization Act of 2005 (42 U.S.C. 3796gg–10 note);
§ 10411

(a) Grants

The Secretary shall award grants for the funding of State Domestic Violence Coalitions.

(b) Allotment of funds

(1) In general

From the amount appropriated under section 10403(a)(2)(D) of this title for each fiscal year, the Secretary shall allot to each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and each of the covered territories an amount equal to \(\frac{1}{5}\) of the amount so appropriated for such fiscal year.

(2) Definition

For purposes of this subsection, the term “covered territories” means Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(c) Application

Each State Domestic Violence Coalition desiring a grant under this section shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary determines to be essential to carry out the objectives of this section. The application submitted by the coalition for the grant shall provide documentation of the coalition’s work, satisfactory to the Secretary, demonstrating that the coalition—

(1) meets all of the applicable requirements set forth in this chapter; and

(2) demonstrates the ability to conduct appropriately all activities described in this section, as indicated by—
(A) documented experience in administering Federal grants to conduct the activities described in subsection (d); or

(B) a documented history of active participation in the activities described in paragraphs (1), (3), (4), and (5) of subsection (d) and a demonstrated capacity to conduct the activities described in subsection (d)(2).

(d) Use of funds

A coalition that receives a grant under this section shall use the grant funds for administration and operations to further the purposes of family violence, domestic violence, and dating violence intervention and prevention, through activities that shall include—

(1) working with local family violence, domestic violence, and dating violence service programs and providers of direct services to encourage appropriate and comprehensive responses to family violence, domestic violence, and dating violence against adults or youth within the State involved, including providing training and technical assistance and conducting State needs assessments;

(2) participating in planning and monitoring the distribution of subgrants and subgrant funds within the State under section 10406(a) of this title;

(3) working in collaboration with service providers and community-based organizations to address the needs of family violence, domestic violence, and dating violence victims, and their dependents, who are members of racial and ethnic minority populations and underserved populations;

(4) collaborating with and providing information to entities in such fields as housing, health care, mental health, social welfare, or business to support the development and implementation of effective policies, protocols, and programs that address the safety and support needs of adult and youth victims of family violence, domestic violence, or dating violence;

(5) encouraging appropriate responses to cases of family violence, domestic violence, or dating violence against adults or youth, including by working with judicial and law enforcement agencies;

(6) working with family law judges, criminal court judges, child protective service agencies, and children's advocates to develop appropriate responses to child custody and visitation issues in cases of child exposure to family violence, domestic violence, or dating violence and in cases in which—

(A) family violence, domestic violence, or dating violence is present; and

(B) child abuse is present;

(7) providing information to the public about prevention of family violence, domestic violence, and dating violence, including information targeted to underserved populations; and

(8) collaborating with Indian tribes and tribal organizations (and corresponding Native Hawkahs (1), (3), (4), and (5) of subsection (d) to address the needs of Indian (including Alaska Native) and Native Hawaiian victims of family violence, domestic violence, or dating violence, as applicable in the State.

(e) Limitation on use of funds

A coalition that receives a grant under this section shall not be required to use funds received under this chapter for the purposes described in paragraph (5) or (6) of subsection (d) if the coalition provides an annual assurance to the Secretary that the coalition is—

(1) using funds received under section 2001(c)(1) of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796gg(c)(1)) for such purposes; and

(2) coordinating the activities carried out by the coalition under subsection (d) with the State’s activities under part T of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796gg et seq.) that address those purposes.

(f) Prohibition on lobbying

No funds made available to entities under this section shall be used, directly or indirectly, to influence the issuance, amendment, or revocation of any executive order or similar promulgation by any Federal, State, or local agency, or to undertake to influence the passage or defeat of any legislation by Congress, or by any State or local legislative body, or State proposals by initiative petition, except that the representatives of the entity may testify or make other appropriate communication—

(1) when formally requested to do so by a legislative body, a committee, or a member of the body or committee; or

(2) in connection with legislation or appropriations directly affecting the activities of the entity.

(g) Reports and evaluation

Each entity receiving a grant under this section shall submit a performance report to the Secretary at such time as shall be reasonably required by the Secretary. Such performance report shall describe the activities that have been carried out with such grant funds, contain an evaluation of the effectiveness of such activities, and provide such additional information as the Secretary may reasonably require.

(h) Indian representatives

For purposes of this section, a State Domestic Violence Coalition may include representatives of Indian tribes and tribal organizations.

§ 10412. Specialized services for abused parents and their children

(a) In general

(1) Program

The Secretary shall establish a grant program to expand the capacity of family violence, domestic violence, and dating violence service programs and community-based programs to prevent future domestic violence by addressing, in an appropriate manner, the needs of children exposed to family violence, domestic violence, or dating violence.

(2) Grants

The Secretary may make grants to eligible entities through the program established under paragraph (1) for periods of not more than 2 years. If the Secretary determines that an entity has received such a grant and been successful in meeting the objectives of the grant application submitted under subsection (c), the Secretary may renew the grant for 1 additional period of not more than 2 years.

(b) Eligible entities

To be eligible to receive a grant under this section, an entity shall be a local agency, a nonprofit private organization (including faith-based and charitable organizations, community-based organizations, and voluntary associations), or a tribal organization, with a demonstrated record of serving victims of family violence, domestic violence, or dating violence and their children.

(c) Application

An entity seeking a grant under this section shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require, including—

(1) a description of how the entity will prioritize the safety of, and confidentiality of information about—

(A) victims of family violence, victims of domestic violence, and victims of dating violence; and

(B) children of victims described in subparagraph (A);

(2) a description of how the entity will provide developmentally appropriate and age-appropriate services, and culturally and linguistically appropriate services, to the victims and children; and

(3) a description of how the entity will ensure that professionals working with the children receive the training and technical assistance appropriate and relevant to the unique needs of children exposed to family violence, domestic violence, or dating violence.

(d) Use of funds

An entity that receives a grant under this section for a family violence, domestic violence, and dating violence service or community-based program described in subsection (a)—

(1) shall use the funds made available through the grant—

(A) to provide direct counseling, appropriate services consistent with subsection (c)(2), or advocacy on behalf of victims of family violence, domestic violence, or dating violence and their children, including coordinating services with services provided by the child welfare system;

(B) to provide services for nonabusing parents to support those parents’ roles as caregivers and their roles in responding to the social, emotional, and developmental needs of their children; and

(C) where appropriate, to provide the services described in this subsection while working with such a nonabusing parent and child together; and

(2) may use the funds made available through the grant—

(A) to provide early childhood development and mental health services;

(B) to coordinate activities with and provide technical assistance to community-based organizations serving victims of family violence, domestic violence, or dating violence or children exposed to family violence, domestic violence, or dating violence; and

(C) to provide additional services and referrals to services for children, including child care, transportation, educational support, respite care, supervised visitation, or other necessary services.

(e) Reports and evaluation

Each entity receiving a grant under this section shall submit a performance report to the Secretary at such time as shall be reasonably required by the Secretary. Such performance report shall describe the activities that have been carried out with such grant funds, contain an evaluation of the effectiveness of such activities, and provide such additional information as the Secretary may reasonably require.

PRIOR PROVISIONS

A prior section 312 of Pub. L. 98–457, which was classified to section 10411 of this title, was repealed by section 303(a) of Pub. L. 110–294.

§ 10413. National domestic violence hotline grant

(a) In general

The Secretary shall award a grant to 1 or more private entities to provide for the ongoing operation of a 24-hour, national, toll-free telephone hotline to provide information and assistance to adult and youth victims of family violence, domestic violence, or dating violence, and family and
§ 10413  TITLE 42—THE PUBLIC HEALTH AND WELFARE

household members of such victims, and persons affected by the victimization. The Secretary shall give priority to applicants with experience in operating a hotline that provides assistance to adult and youth victims of family violence, domestic violence, or dating violence.

(b) Term

The Secretary shall award a grant under this section for a period of not more than 5 years.

(c) Conditions on payment

The provision of payments under a grant awarded under this section shall be subject to annual approval by the Secretary and subject to the availability of appropriations for each fiscal year to make the payments.

(d) Application

To be eligible to receive a grant under this section, an entity shall submit an application to the Secretary that shall—

(1) contain such agreements, assurances, and information, be in such form, and be submitted in such manner, as the Secretary shall prescribe;

(2) include a complete description of the applicant’s plan for the operation of a national domestic violence hotline, including descriptions of—

(A) the training program for hotline personnel, including technology training to ensure that all persons affiliated with the hotline are able to effectively operate any technological systems used by the hotline;

(B) the hiring criteria and qualifications for hotline personnel;

(C) the methods for the creation, maintenance, and updating of a resource database;

(D) a plan for publicizing the availability of the hotline;

(E) a plan for providing service to non-English speaking callers, including service through hotline personnel who have non-English language capability;

(F) a plan for facilitating access to the hotline by persons with hearing impairments; and

(G) a plan for providing assistance and referrals to youth victims of domestic violence and for victims of dating violence who are minors, which may be carried out through a national teen dating violence hotline;

(3) demonstrate that the applicant has recognized expertise in the area of family violence, domestic violence, or dating violence and a record of high quality service to victims of family violence, domestic violence, or dating violence, including a demonstration of support from advocacy groups and State Domestic Violence Coalitions;

(4) demonstrate that the applicant has the capacity and the expertise to maintain a domestic violence hotline and a comprehensive database of service providers;

(5) demonstrate the ability to provide information and referrals for callers, directly connect callers to service providers, and employ crisis interventions meeting the standards of family violence, domestic violence, and dating violence providers;

(6) demonstrate that the applicant has a commitment to diversity and to the provision of services to underserved populations, including to ethnic, racial, and non-English speaking minorities, in addition to older individuals and individuals with disabilities;

(7) demonstrate that the applicant complies with nondisclosure requirements as described in section 10406(c)(5) of this title and follows comprehensive quality assurance practices; and

(8) contain such other information as the Secretary may require.

(e) Hotline activities

(1) In general

An entity that receives a grant under this section for activities described, in whole or in part, in subsection (a) shall use funds made available through the grant to establish and operate a 24-hour, national, toll-free telephone hotline to provide information and assistance to adult and youth victims of family violence, domestic violence, or dating violence, and other individuals described in subsection (a).

(2) Activities

In establishing and operating the hotline, the entity—

(A) shall contract with a carrier for the use of a toll-free telephone line;

(B) shall employ, train (including providing technology training), and supervise personnel to answer incoming calls, provide counseling and referral services for callers on a 24-hour-a-day basis, and directly connect callers to service providers;

(C) shall assemble and maintain a database of information relating to services for adult and youth victims of family violence, domestic violence, or dating violence, including information on the availability of shelters and supportive services for victims of family violence, domestic violence, or dating violence;

(D) shall widely publicize the hotline throughout the United States, including to potential users;

(E) shall provide assistance and referrals to meet the needs of underserved populations and individuals with disabilities;

(F) shall provide assistance and referrals for youth victims of domestic violence and for victims of dating violence who are minors, which may be carried out through a national teen dating violence hotline;

(G) may provide appropriate assistance and referrals for family and household members of victims of family violence, domestic violence, or dating violence, and persons affected by the victimization described in subsection (a); and

(H) at the discretion of the hotline operator, may provide assistance, or referrals for counseling or intervention, for identified adult and youth perpetrators, including self-identified perpetrators, of family violence, domestic violence, or dating violence, but shall not be required to provide such assistance or referrals in any circumstance in which the hotline operator fears the safety of a victim may be impacted by an abuser or suspected abuser.
(f) Reports and evaluation

The entity receiving a grant under this section shall submit a performance report to the Secretary at such time as shall be reasonably required by the Secretary. Such performance report shall describe the activities that have been carried out with such grant funds, contain an evaluation of the effectiveness of such activities, and provide such additional information as the Secretary may reasonably require.

Prior Provisions

§10414. Domestic Violence Prevention Enhancement and Leadership Through Alliances (DELTA)

(a) In general

The Secretary shall enter into cooperative agreements with State Domestic Violence Coalitions for the purposes of establishing, operating, and maintaining local community projects to prevent family violence, domestic violence, and dating violence, including violence committed by and against youth, using a coordinated community response model and through prevention and education programs.

(b) Term

The Secretary shall enter into a cooperative agreement under this section for a period of not more than 5 fiscal years.

(c) Conditions on payment

The provision of payments under a cooperative agreement under this section shall be subject to—

(1) annual approval by the Secretary; and
(2) the availability of appropriations for each fiscal year to make the payments.

(d) Eligibility

To be eligible to enter into a cooperative agreement under this section, an organization shall—

(1) be a State Domestic Violence Coalition; and
(2) include representatives of pertinent sectors of the local community, which may include—
(A) health care providers and State or local health departments;
(B) the education community;
(C) the faith-based community;
(D) the criminal justice system;
(E) family violence, domestic violence, and dating violence service provider or community-based organization;
(F) human service entities such as State child services divisions;
(G) business and civic leaders; and
(H) other pertinent sectors.

(e) Applications

An organization that desires to enter into a cooperative agreement under this section shall submit to the Secretary an application, in such form and in such manner as the Secretary shall require, that—

(1) demonstrates the capacity of the applicant, who may enter into a partnership with a local family violence, domestic violence, or dating violence service provider or community-based organization, to undertake the project involved;
(2) demonstrates that the project will include a coordinated community response to improve and expand prevention strategies through increased communication and coordination among all affected sectors of the local community;
(3) includes a complete description of the applicant’s plan for the establishment and implementation of the coordinated community response, including a description of—
(A) the method to be used for identification and selection of an administrative committee made up of persons knowledgeable about comprehensive family violence, domestic violence, and dating violence prevention planning to oversee the project, hire staff, assure compliance with the project outline, and secure annual evaluation of the project;
(B) the method to be used for identification and selection of project staff and a project evaluator;
(C) the method to be used for identification and selection of a project council consisting of representatives of the community sectors listed in subsection (d)(2); and
(D) the method to be used for identification and selection of a steering committee consisting of representatives of the various community sectors who will chair subcommittees of the project council, each of which will focus on 1 of the sectors;
(4) demonstrates that the applicant has experience in providing, or the capacity to provide, prevention-focused training and technical assistance;
(5) demonstrates that the applicant has the capacity to carry out collaborative community initiatives to prevent family violence, domestic violence, and dating violence; and
(6) contains such other information, agreements, and assurances as the Secretary may require.

(f) Geographical dispersion

The Secretary shall enter into cooperative agreements under this section with organizations in States geographically dispersed throughout the Nation.

(g) Use of funds

(1) In general

An organization that enters into a cooperative agreement under subsection (a) shall use the funds made available through the agreement to establish, operate, and maintain comprehensive family violence, domestic violence, and dating violence prevention programming.

(2) Technical assistance, evaluation and monitoring

The Secretary may use a portion of the funds provided under this section to—
(A) provide technical assistance; 
(B) monitor the performance of organizations carrying out activities under the cooperative agreements; and 
(C) conduct an independent evaluation of the program carried out under this section.

(3) Requirements

In establishing and operating a project under this section, an eligible organization shall—

(A) establish protocols to improve and expand family violence, domestic violence, and dating violence prevention and intervention strategies within affected community sectors described in subsection (d)(2); 
(B) develop comprehensive prevention plans to coordinate prevention efforts with other community sectors; 
(C) provide for periodic evaluation of the project, and analysis to assist in replication of the prevention strategies used in the project in other communities, and submit a report under subsection (h) that contains the evaluation and analysis; 
(D) develop, replicate, or conduct comprehensive, evidence-informed primary prevention programs that reduce risk factors and promote protective factors that reduce the likelihood of family violence, domestic violence, and dating violence, which may include—

(i) educational workshops and seminars; 
(ii) training programs for professionals; 
(iii) the preparation of informational material; 
(iv) developmentally appropriate education programs; 
(v) other efforts to increase awareness of the facts about, or to help prevent, family violence, domestic violence, and dating violence; and 
(vi) the dissemination of information about the results of programs conducted under this subparagraph; 
(E) utilize evidence-informed prevention program planning; and 
(F) recognize, in applicable cases, the needs of underserved populations, racial and linguistic populations, and individuals with disabilities.

(h) Reports and evaluation

Each organization entering into a cooperative agreement under this section shall submit a performance report to the Secretary at such time as shall be reasonably required by the Secretary. Such performance report shall describe activities that have been carried out with the funds made available through the agreement, contain an evaluation of the effectiveness of such activities, and provide such additional information as the Secretary may reasonably require. The Secretary shall make the evaluations received under this subsection publicly available on the Department of Health and Human Services website. The reports shall also be submitted to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate.

PRIOR PROVISIONS

§10416. Omitted

CODIFICATION

CHAPTER 113—STATE JUSTICE INSTITUTE

Sec.
10701. Definitions.
10702. Establishment of Institute; duties.
10703. Board of Directors.
10704. Officers and employees.
10705. Grants and contracts.
10706. Limitations on grants and contracts.
10707. Restrictions on activities of Institute.
10708. Administrative provisions.
10709. Presidential coordination.
10710. Records and reports.
10711. Audits.
10713. Authorization of appropriations.

§ 10701. Definitions
As used in this chapter, the term—
(1) “Board” means the Board of Directors of the Institute;
(2) “Director” means the Executive Director of the Institute;
(3) “Governor” means the Chief Executive Officer of a State;
(4) “Institute” means the State Justice Institute;
(5) “recipient” means any grantee, contractor, or recipient of financial assistance under this chapter;
(6) “State” means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and any other territory or possession of the United States;
(7) “Supreme Court” means the highest appellate court within a State unless, for the purposes of this chapter, a constitutionally or legislatively established judicial council acts in place of that court; and
(8) “domestic violence” means—
(A) any action that constitutes—
(i) attempting to cause or intentionally, knowingly, or recklessly causing bodily injury or physical illness;
(ii) rape, sexual assault, or causing involuntary deviate sexual intercourse;
(iii) placing by physical menace another in fear of imminent serious bodily injury; or
(iv) the infliction of false imprisonment;
if such action is taken by one of 2 spouses, former spouses, or sexual or intimate partners against the other spouse, former spouse, or partner and the 2 of whom share biological parenthood of, have adopted, are legal custodians of, or are stepparents of a minor child; or
(B) physically or sexually abusing such minor child if such abuse is inflicted by either of such spouses, former spouses, or partners.

REFERENCES IN TEXT
This chapter, referred to in text, was in the original “this title”, meaning title II of Pub. L. 98–620, Nov. 8, 1984, 98 Stat. 3336, known as the State Justice Institute Act of 1984, which is classified principally to this chapter. For complete classification of title II to the Code, see Short Title note below and Tables.

AMENDMENTS

EFFECTIVE DATE

SHORT TITLE OF 2004 AMENDMENT

SHORT TITLE
Pub. L. 98–620, title II, § 201, Nov. 8, 1984, 98 Stat. 3336, provided that: “This title [enacting this chapter and amending section 620 of Title 28, Judiciary and Judicial Procedure] may be cited as the ‘State Justice Institute Act of 1984’.”

TERMINATION OF TRUST TERRITORY OF THE PACIFIC ISLANDS
For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

§ 10702. Establishment of Institute; duties
(a) Establishment; purpose; incorporation; powers
