In subsection (d)(1)(A), the words “whether the application of the standard under subsection (a) or (b) of this subsection, or both” are substituted for “whether one or both rules promulgated under this subsection” for clarity.

In subsection (d)(2)(A)(iii), the words “civil . . . penalties under section 33115(b) of this title” are substituted for “civil . . . penalties under section 2007(b) of this title” to correct an erroneous cross-reference.

In subsection (d)(3), the words “for the model years after model year 2000” are substituted for “Nothing in this paragraph affects exemptions granted in model year 2000 or earlier to any manufacturer” to eliminate unnecessary words. The words “at one of the following levels that the Attorney General decides: at the level authorized before October 25, 1992, or at the level provided in section 33106(b)(2)(C) of this title for model year 2000.” are substituted for “as determined by the Attorney General” for clarity.

In subsection (e), the text of 15:2022(c)(4) related to the standard under 15:2022(c)(1) is omitted as obsolete because the standard under 15:2022(c)(1) has already been prescribed. See 49 C.F.R. § 541.

References in Text

Section 33112 of this title, referred to in subsec. (c) and (d)(2)(A)(ii), was repealed by Pub. L. 112-141, div. C, title I, §31313(2), July 6, 2012, 126 Stat. 772.
§ 33104. Designation of high theft vehicle lines and parts

(a) Designation, Nonapplication, Selection, and Procedures.—(1) For purposes of the standard under section 33102 of this title, the following are high theft lines:

(A) a passenger motor vehicle line determined under subsection (b) of this section to have had a new passenger motor vehicle theft rate in the 2-year period covering calendar years 1990 and 1991 greater than the median theft rate for all new passenger motor vehicle thefts in that 2-year period.

(B) a passenger motor vehicle line initially introduced into commerce in the United States after December 31, 1989, that is selected under paragraph (3) of this subsection as likely to have a theft rate greater than the median theft rate referred to in clause (A) of this paragraph.

(C) subject to paragraph (2) of this subsection, a passenger motor vehicle line having (for existing lines) or likely to have (for new lines) a theft rate below the median theft rate referred to in clause (A) of this paragraph, if the major parts in the vehicles are selected under paragraph (3) of this subsection as interchangeable with the majority of the major parts that are subject to the standard and are contained in the motor vehicles of a line described in clause (A) or (B) of this paragraph.

(2) The standard may not apply to any major part of a line described in paragraph (1)(C) of this subsection if all the passenger motor vehicles of lines that are, or are likely to be, below the median theft rate, and that contain parts interchangeable with the major parts of the line involved, account (for existing lines), or the Secretary of Transportation determines they are likely to account (for new lines), for more than 90 percent of the total annual production of all lines of that manufacturer containing those interchangeable parts.

(3) The lines, and the major parts of the passenger motor vehicles in those lines, that are to be subject to the standard may be selected by agreement between the manufacturer and the Secretary. If the manufacturer and the Secretary disagree on the selection, the Secretary shall select the lines and parts, after notice to the manufacturer and opportunity for written comment, and subject to the confidentiality requirements of this chapter.

(4) To the maximum extent practicable, the Secretary shall prescribe reasonable procedures designed to ensure that a selection under paragraph (3) of this subsection is made at least 6 months before the first applicable model year beginning after the selection.

(5) A manufacturer may not be required to comply with the standard under a selection under paragraph (3) of this subsection for a model year beginning earlier than 6 months after the date of the selection.

(b) Determining Theft Rate for Passenger Vehicles.—(1) In this subsection, "new passenger motor vehicle thefts", when used in reference to a calendar year, means thefts in the United States in that year of passenger motor vehicles with the same model-year designation as that calendar year.

(2) Under subsection (a) of this section, the theft rate for passenger motor vehicles of a line shall be determined by a fraction—

(A) the numerator of which is the number of new passenger motor vehicle thefts for that line during the 2-year period referred to in subsection (a)(1)(A) of this section; and

(B) the denominator of which is the sum of the respective production volumes of all passenger motor vehicles of that line (as reported to the Administrator of the Environmental Protection Agency under chapter 329 of this title) that are of model years 1990 and 1991 and are distributed for sale in commerce in the United States.

(3) Under subsection (a) of this section, the median theft rate for all new passenger motor vehicle thefts during that 2-year period is the theft rate midway between the highest and the lowest theft rates determined under paragraph (2) of this subsection. If there is an even number of theft rates determined under paragraph (2), the median theft rate is the arithmetic average of the 2 adjoining theft rates midway between the highest and the lowest of those theft rates.

(4) In consultation with the Director of the Federal Bureau of Investigation, the Secretary periodically shall obtain from the most reliable source accurate and timely theft and recovery information and publish the information for review and comment. To the greatest extent possible, the Secretary shall use theft information reported by United States Government, State, and local police. After publication and opportunity for comment, the Secretary shall use the theft information to determine the median theft rate under this subsection. The Secretary and the Director shall take any necessary actions to improve the accuracy, reliability, and timeliness of the information, including ensuring that vehicles represented as stolen are really stolen.

(5) The Secretary periodically (but not more often than once every 2 years) may redetermine and prescribe by regulation the median theft rate under this subsection.

(c) Providing Information.—The Secretary by regulation shall require each manufacturer to provide information necessary to select under subsection (a)(3) of this section the high theft lines and the major parts to be subject to the standard.

(d) Application.—Except as provided in section 33106 of this title, the Secretary may not make the standard inapplicable to a line that has been subject to the standard.
In subsection (a)(1)(A), the words “the 2-year period covering calendar years 1990 and 1991” are substituted for “the 2 calendar years immediately preceding the year in which the Anti Car Theft Act of 1992 is enacted” because that Act was enacted on October 25, 1992. The substitution also makes it clear that the 2-year period is to be treated as a single period.

In subsection (a)(1)(B), the words “after December 31, 1989,” are substituted for “after the beginning of the 2-year period specified in subparagraph (A)” for consistency with clause (A).

In subsection (a)(6), the word “passenger” is added because the source provisions in the revised chapter apply to passenger motor vehicles.

In subsection (b)(2)(B), the words “Administrator of the” are added for clarity and consistency because of section 1(b) of Reorganization Plan No. 3 of 1970 (eff. Dec. 2, 1970, 44 Stat. 2088). The words “model years 1983 and 1984” are substituted for “the 2 model years having the same model-year designations as the 2 calendar years specified in subsection (a)(1)(A) of this section” because the particular years are now known.

In subsection (b)(4), the words “Immediately upon enactment of this subchapter” are omitted as executed. The words “or sources” are omitted because of 1:1.

7. REFERENCES IN TEXT

Sections 602 and 603 of the Motor Vehicle Information and Cost Savings Act, referred to in subsection (a)(6), are sections 602 and 603 of Pub. L. 92-513, which were classified to sections 2022 and 2023, respectively, of Title 15, Commerce and Trade, and were repealed and reenacted as sections 33102 to 33104 of this title by Pub. L. 103-272, §§1(e), 7(b), July 5, 1994, 108 Stat. 1077, 1379.

§ 33105. Cost limitations

(a) MAXIMUM MANUFACTURER COSTS.—A standard under section 33102 or 33103 of this title may not impose—

(1) on a manufacturer of motor vehicles, compliance costs of more than $15 a motor vehicle; or

(2) on a manufacturer of major replacement parts, compliance costs for each part of more than the reasonable amount (but less than $15) that the Secretary of Transportation specifies in the standard.

(b) COSTS INVOLVED IN ENGINES AND TRANSMISSIONS.—For a manufacturer engaged in identifying engines or transmissions on October 25, 1984, in a way that substantially complies with the standard—

(1) the costs of identifying engines and transmissions may not be considered in calculating the manufacturer’s costs under subsection (a) of this section; and

(2) the manufacturer may not be required under the standard to conform to any identification system for engines and transmissions that imposes greater costs on the manufacturer than are incurred under the identification system used by the manufacturer on October 25, 1984.

(c) COST ADJUSTMENTS.—(1) In this subsection—

(A) “base period” means calendar year 1984.

(B) “price index” means the average over a calendar year of the Consumer Price Index (all items—United States city average) published monthly by the Secretary of Labor.

(2) At the beginning of each calendar year, as necessary data become available from the Bureau of Labor Statistics, the Secretary of Labor shall certify to the Secretary of Transportation for and Cost Savings Act, referred to in subsec. (a)(6), are substituted for “costs . . . to comply with a requirement of a standard prescribed under section—

In subsection (a)(1)(A), the words “the 2-year period covering calendar years 1990 and 1991” are substituted for “the 2 calendar years immediately preceding the year in which the Anti Car Theft Act of 1992 is enacted” because that Act was enacted on October 25, 1992. The substitution also makes it clear that the 2-year period is to be treated as a single period.

In subsection (a)(1)(B), the words “after December 31, 1989,” are substituted for “after the beginning of the 2-year period specified in subparagraph (A)” for consistency with clause (A).

In subsection (a)(6), the word “passenger” is added because the source provisions in the revised chapter apply to passenger motor vehicles.

In subsection (b)(2)(B), the words “Administrator of the” are added for clarity and consistency because of section 1(b) of Reorganization Plan No. 3 of 1970 (eff. Dec. 2, 1970, 44 Stat. 2088). The words “model years 1983 and 1984” are substituted for “the 2 model years having the same model-year designations as the 2 calendar years specified in subsection (a)(1)(A) of this section” because the particular years are now known.

In subsection (b)(4), the words “Immediately upon enactment of this subchapter” are omitted as executed. The words “or sources” are omitted because of 1:1.

7. REFERENCES IN TEXT

Sections 602 and 603 of the Motor Vehicle Information and Cost Savings Act, referred to in subsection (a)(6), are sections 602 and 603 of Pub. L. 92-513, which were classified to sections 2022 and 2023, respectively, of Title 15, Commerce and Trade, and were repealed and reenacted as sections 33102 to 33104 of this title by Pub. L. 103-272, §§1(e), 7(b), July 5, 1994, 108 Stat. 1077, 1379.

§ 33105. Cost limitations

(a) MAXIMUM MANUFACTURER COSTS.—A standard under section 33102 or 33103 of this title may not impose—

(1) on a manufacturer of motor vehicles, compliance costs of more than $15 a motor vehicle; or

(2) on a manufacturer of major replacement parts, compliance costs for each part of more than the reasonable amount (but less than $15) that the Secretary of Transportation specifies in the standard.

(b) COSTS INVOLVED IN ENGINES AND TRANSMISSIONS.—For a manufacturer engaged in identifying engines or transmissions on October 25, 1984, in a way that substantially complies with the standard—

(1) the costs of identifying engines and transmissions may not be considered in calculating the manufacturer’s costs under subsection (a) of this section; and

(2) the manufacturer may not be required under the standard to conform to any identifi-
senger motor vehicles equipped as standard equipment with an anti-theft device that the Secretary decides is likely to be as effective in reducing and deterring motor vehicle theft as compliance with the standard.

(2) The Secretary may grant an exemption—
(A) for model year 1987, for not more than 2 lines of a manufacturer;
(B) for each of the model years 1988–1996, for not more than 2 additional lines of a manufacturer; and
(C) for each of the model years 1997–2000, for not more than one additional line of a manufacturer; and
(D) for each of the model years after model year 2000, for the number of lines that the Attorney General decides under section 33103(d)(3) of this title.

(3) An additional exemption granted under paragraph (2)(B) or (C) of this subsection does not affect an exemption previously granted.

(c) Petitioning Procedure.—A petition must be filed not later than 8 months before the start of production for the first model year covered by the petition. The petition must include—
(1) a detailed description of the device;
(2) the reasons for the manufacturer’s conclusion that the device will be effective in reducing and deterring theft of motor vehicles; and
(3) additional information the Secretary reasonably may require to make the decision described in subsection (b)(1) of this section.

(d) Decisions and Approvals.—The Secretary shall make a decision about a petition filed under this section not later than 120 days after the date the petition is filed. A decision approving a petition must be based on substantial evidence. The Secretary may approve a petition in whole or in part. If the Secretary does not make a decision within the 120-day period, the petition shall be deemed to be approved and the manufacturer shall be exempt from the standard for the line covered by the petition for the subsequent model year.

(e) Rescissions.—The Secretary may rescind an exemption if the Secretary decides that the anti-theft device has not been as effective in reducing and deterring theft of motor vehicle theft as compliance with the standard. A rescission may be effective only—
(1) for a model year after the model year in which the rescission occurs; and
(2) at least 6 months after the manufacturer receives written notice of the rescission from the Secretary.

In subsection (b)(1), the words “the application of any of” are omitted as surplus. The words “or lines” are omitted because of 1:1.

In subsection (b)(2)(A), the words “for model year 1987” are substituted for “For the initial model year to which such standard applies” for clarity. See 50 Fed. Reg. 43166 (1985). In clause (D), the words “that the Attorney General decides” are substituted for “for which the Secretary may grant such an exemption (if any)” shall be determined” for clarity and because of the re-statement.

In subsection (d), the words “for the line covered by the petition” are added for clarity.

Subsection (e) is substituted for 15:2025(d) for clarity and to eliminate unnecessary words.

This amends 49:33106(b)(3) to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1082).

AMENDMENTS
1994—Subsec. (b)(3). Pub. L. 103–429 substituted “paragraph (2)(B) or (C) of this subsection” for “subparagraph (2)(B) or (C) of this paragraph”.

Effective Date of 1994 Amendment

§33107. Voluntary vehicle identification standards

(a) Election To Inscribe or Affix Identifying Marks.—The Secretary of Transportation by regulation may prescribe a vehicle theft prevention standard under which a person may elect to inscribe or affix an identifying number or symbol on major parts of a motor vehicle manufactured or owned by the person for purposes of section 511 of title 18 and related provisions. The standard may include provisions for registration of the identification with the Secretary or a person designated by the Secretary.

(b) Standard Requirements.—The standard under this section shall be practicable and provide relevant objective criteria.

(c) Voluntary Compliance.—Compliance with the standard under this section is voluntary. Failure to comply does not subject a person to a penalty or enforcement under this chapter.

(d) Compliance With Other Standards.—Compliance with the standard under this section does not relieve a manufacturer from a requirement of a standard prescribed under section 33102 or 33103 of this title.
§ 33108. Monitoring compliance of manufacturers

(a) RECORDS, REPORTS, INFORMATION, AND INSPECTION.—To enable the Secretary of Transportation to decide whether a manufacturer of motor vehicles containing a part subject to a standard prescribed under section 33102 or 33103 of this title, or a manufacturer of major replacement parts subject to the standard, is complying with this chapter and the standard, the Secretary may require the manufacturer to—

(1) keep records;
(2) make reports;
(3) provide items and information; and
(4) allow an officer or employee designated by the Secretary to inspect the vehicles and parts and relevant records of the manufacturer.

(b) ENTRY AND INSPECTION.—To enforce this chapter, an officer or employee designated by the Secretary, on presenting appropriate credentials and a written notice to the owner, operator, or agent in charge, may inspect a facility in which motor vehicles containing major parts subject to the standard, or major replacement parts subject to the standard, are manufactured, held for introduction into interstate commerce, or held for sale after introduction into interstate commerce. An inspection shall be conducted at a reasonable time, in a reasonable way, and with reasonable promptness.

(c) CERTIFICATION OF COMPLIANCE.—(1) A manufacturer of a motor vehicle subject to the standard, and a manufacturer of a major replacement part subject to the standard, shall provide at the time of delivery of the vehicle or part a certification that the vehicle or part conforms to the applicable motor vehicle theft prevention standard. The certification shall accompany the vehicle or part until its delivery to the first purchaser. The Secretary by regulation may prescribe the type and form of the certification.

(2) This subsection does not apply to a motor vehicle or major replacement part that is—

(A) intended only for export;
(B) labeled only for export on the vehicle or replacement part and the outside of any container until exported; and
(C) exported.

(d) NOTIFICATION OF ERROR.—A manufacturer shall notify the Secretary if the manufacturer discovers that—

(1) there is an error in the identification (required by the standard) applied to a major part installed by the manufacturer in a motor vehicle during its assembly, or to a major replacement part manufactured by the manufacturer; and
(2) the motor vehicle or major replacement part has entered interstate commerce.

§ 33109. National Stolen Passenger Motor Vehicle Information System

(a) GENERAL REQUIREMENTS.—(1) Not later than July 25, 1993, the Attorney General shall establish, and thereafter maintain, a National Stolen Passenger Motor Vehicle Information System containing the vehicle identification numbers of stolen passenger motor vehicles and stolen passenger motor vehicles. The System shall be located in the National Crime Information Center and shall include at least the following information on each passenger motor vehicle reported to a law enforcement authority as stolen and not recovered:

(A) the vehicle identification number.
(B) the make and model year.
(C) the date on which the vehicle was reported as stolen.
(D) the location of the law enforcement authority that received the report of the theft of the vehicle.

(2) In establishing the System, the Attorney General shall consult with—

(A) State and local law enforcement authorities; and
(B) the National Crime Information Center Policy Advisory Board to ensure the security of the information in the System and that the System will not compromise the security of stolen passenger motor vehicle and passenger motor vehicle parts information in the System.

(3) If the Attorney General decides that the Center is not able to perform the functions of the System, the Attorney General shall make an
agreement for the operation of the System separate from the Center.

(4) The Attorney General shall prescribe by regulation the effective date of the System.

(b) REQUESTS FOR INFORMATION.—(1) The Attorney General shall prescribe by regulation procedures under which an individual or entity intending to transfer a passenger motor vehicle or passenger motor vehicle part may obtain information on whether the vehicle or part is listed in the System as stolen. On request of an insurance carrier, a person lawfully selling or distributing passenger motor vehicle parts in interstate commerce, or an individual or enterprise engaged in the business of repairing passenger motor vehicles, the Attorney General (or the entity the Attorney General designates) immediately shall inform the insurance carrier, person, individual, or enterprise whether the System has a record of a vehicle or vehicle part with a particular vehicle identification number (or derivative of that number) being reported as stolen. The Attorney General may require appropriate verification to ensure that the request is legitimate and will not compromise the security of the System.

(c) ADVISORY COMMITTEE.—(1) Not later than December 24, 1992, the Attorney General shall establish in the Department of Justice an advisory committee. The Attorney General shall develop the System with the advice and recommendations of the committee.

(2)(A) The committee is composed of the following 10 members:

(i) the Attorney General.

(ii) the Secretary of Transportation.

(iii) one individual who is qualified to represent the interests of the law enforcement community at the State level.

(iv) one individual who is qualified to represent the interests of the law enforcement community at the local level.

(v) one individual who is qualified to represent the interests of the automotive recycling industry.

(vi) one individual who is qualified to represent the interests of the automotive repair industry.

(vii) one individual who is qualified to represent the interests of the automotive rebuilders industry.

(viii) one individual who is qualified to represent the interests of the automotive parts suppliers industry.

(ix) one individual who is qualified to represent the interests of the insurance industry.

(x) one individual who is qualified to represent the interests of consumers.

(B) The Attorney General shall appoint the individuals described in subparagraph (A)(iii)–(x) of this paragraph and shall serve as chairman of the committee.

(3) The committee shall make recommendations on developing and carrying out—

(A) the National Stolen Passenger Motor Vehicle Information System; and

(B) the verification system under section 33110 of this title.

(4) Not later than April 25, 1993, the committee shall submit to the Attorney General, the Secretary, and Congress a report including the recommendations of the committee.

(d) IMMUNITY.—Any person performing any activity under this section or section 33110 or 33111 in good faith and with the reasonable belief that the activity was in accordance with such section shall be immune from any civil action respecting such activity which is seeking money damages or equitable relief in any court of the United States or a State.

§ 33110. Verifications involving junk and salvage motor vehicles

(a) DEFINITION.—In this section, “vehicle identification number” means a unique identification number (or derivative of that number) assigned to a passenger motor vehicle by a manufacturer in compliance with applicable regulations of the revised section.

(b) GENERAL REQUIREMENTS.—(1) If an insurance carrier selling comprehensive motor vehicle insurance coverage obtains possession of and transfers a junk motor vehicle or a salvage motor vehicle, the carrier shall—

(A) under procedures the Attorney General prescribes by regulation under section 33109 of this title in consultation with the Secretary of Transportation, verify whether the vehicle is reported as stolen; and

(B) provide the purchaser or transferee of the vehicle from the insurance carrier verification identifying the vehicle identification number and verifying that the vehicle has not been reported as stolen or, if reported as stolen, that the carrier has recovered the vehicle and has proper legal title to the vehicle.

(2)(A) This subsection does not prohibit an insurance carrier from transferring a motor vehicle if, within a reasonable period of time during normal business operations (as decided by the Attorney General under section 33109 of this title) using reasonable efforts, the carrier—

(i) has not been informed under the procedures prescribed in section 33109 of this title that the vehicle has not been reported as stolen; or

(ii) has not otherwise established whether the vehicle has been reported as stolen.

(B) When a carrier transfers a motor vehicle for which the carrier has not established whether the vehicle has been reported as stolen, the carrier shall provide written certification to the transferee that the carrier has not established whether the vehicle has been reported as stolen.

(c) REGULATIONS.—In consultation with the Secretary, the Attorney General shall prescribe regulations necessary to ensure that a verification a person provides under subsection (a)(2) of this section is uniform, effective, and resistant to fraudulent use.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1086.)

§ 33111. Verifications involving motor vehicle major parts

(a) GENERAL REQUIREMENTS.—A person engaged in the business of salvaging, dismantling, recycling, or repairing passenger motor vehicles may not knowingly sell in commerce or transfer or install a major part marked with an identification number without—

(1) first establishing, through a procedure the Attorney General by regulation prescribes in consultation with the Secretary of Transportation under section 33109 of this title, that the major part has not been reported as stolen; and

(2) providing the purchaser or transferee with a verification—

(A) identifying the vehicle identification number (or derivative of that number) of that major part; and

(B) verifying that the major part has not been reported as stolen.

(b) NONAPPLICATION.—(1) Subsection (a) of this section does not apply to a person that—

(A) is the manufacturer of the major part;

(B) has purchased the major part directly from the manufacturer; or

(C) has received a verification from an insurance carrier under section 33110 of this title that the motor vehicle from which the major part is derived has not been reported as stolen, or that the carrier has not established whether that vehicle has been stolen.

(2) A person described under paragraph (1)(C) of this subsection that subsequently transfers or sells in commerce the motor vehicle or a major part of the vehicle shall provide the verification received from the carrier to the person to whom the vehicle or part is transferred or sold.

(c) REGULATIONS.—The Attorney General shall prescribe regulations to carry out this section. The regulations shall include regulations prescribed in consultation with the Secretary that are necessary to ensure that a verification a person provides under subsection (a)(2) of this section is uniform, effective, and resistant to fraudulent use.
shall submit a report to Congress that in-

October 25, 1995, the Secretary of Transportation

tion 33109 of title 49.''

In subsection (a), before clause (1), the word “distribute” is omitted as being included in “sell”. In clause (1), the word “establishing” is substituted for “determining” for clarity and consistency in the revised title.

Subsection (b)(2) is substituted for 15:2026b(c) (2d sentence) for clarity.

EFFECTIVE DATE

vided that: “Section 3311 of title 49, United States Code, as enacted by section I of this Act, is effective on the date on which the National Stolen Passenger Motor Vehicle Information System is established under section 33109 of title 49.”

EFFECTIVE DATE OF REPEAL

Repeal effective Oct. 1, 2012, see section 3(a) of Pub. L. 112–141, set out as an Effective and Termination Dates of 2012 Amendment note under section 101 of Title 23, Highways.

§33113. Theft reports

(a) TRUCK, MULTIPURPOSE PASSENGER VEHICLE, AND MOTORCYCLE REPORT.—Not later than October 25, 1995, the Secretary of Transportation shall submit a report to Congress that in-

cludes—

(1) information on the number of trucks, multipurpose passenger vehicles, and motorcycles distributed for sale in interstate commerce that are stolen and recovered annually, compiled by model, make, and line;

(2) information on the extent to which trucks, multipurpose passenger vehicles, and motorcycles stolen annually are dismantled to recover parts or are exported;

(3) a description of the market for the stolen parts;

(4) information on the premiums charged by insurers of comprehensive coverage of trucks, multipurpose passenger vehicles, or motorcycles, including any increase in the premiums charged because any of those motor vehicles is a likely candidate for theft;

(5) an assessment of whether the identification of parts of trucks, multipurpose passenger vehicles, and motorcycles is likely—

(A) to decrease the theft rate of those motor vehicles;

(B) to increase the recovery rate of those motor vehicles;

(C) to decrease the trafficking in stolen parts of those motor vehicles;

(D) to stem the export and import of those stolen motor vehicles or parts; or

(E) to have benefits greater than the costs of the identification; and

(6) recommendations on whether, and to what extent, the identification of trucks, multipurpose passenger vehicles, and motorcycles should be required by law.

(b) MOTOR VEHICLE REPORT.—Not later than October 25, 1997, the Secretary shall submit a report to Congress that includes—

(1) information on—

(A) the methods and procedures used by public and private entities to collect, compile, and disseminate information on the theft and recovery of motor vehicles, including classes of motor vehicles; and

(B) the reliability and timeliness of the information and how the information can be improved;

(2) information on the number of motor vehicles distributed for sale in interstate commerce that are stolen and recovered annually, compiled by class, model, make, and line;

(3) information on the extent to which motor vehicles stolen annually are dismantled to recover parts or are exported;

(4) a description of the market for the stolen parts;

(5) information on—

(A) the costs to manufacturers and purchasers of passenger motor vehicles of compliance with the standards prescribed under this chapter;

(B) the beneficial impacts of the standards and the monetary value of the impacts; and

(C) the extent to which the monetary value is greater than the costs;

(6) information on the experience of officials of the United States Government, States, and localities in—

(A) making arrests and successfully prosecuting persons for violating a law set forth in title II or III of the Motor Vehicle Theft Law Enforcement Act of 1984;

(B) preventing or reducing the number and rate of thefts of motor vehicles that are dismantled for parts subject to this chapter; and

(C) preventing or reducing the availability of used parts that are stolen from motor vehicles subject to this chapter;

(7) information on the premiums charged by insurers of comprehensive coverage of motor vehicles subject to this chapter, including any increase in the premiums charged because a motor vehicle is a likely candidate for theft, and the extent to which the insurers have reduced for the benefit of consumers the premiums, or foregone premium increases, because of this chapter;

(8) information on the adequacy and effectiveness of laws of the United States and the States aimed at preventing the distribution and sale of used parts that have been removed from stolen motor vehicles and the adequacy of systems available to enforcement personnel for tracing parts to determine if they have been stolen from a motor vehicle;
§ 33114. Prohibited acts

(a) GENERAL.—A person may not—

(1) manufacture for sale, sell, offer for sale, introduce or deliver for introduction in interstate commerce, or import into the United States, a motor vehicle or major replacement part subject to a standard prescribed under section 33102 or 33103 of this title, unless it conforms to the standard;

(2) fail to comply with a regulation prescribed by the Secretary of Transportation or Attorney General under this chapter;

(3) fail to keep specified records, refuse access to or copying of records, fail to make reports or provide items or information, or fail or refuse to allow entry or inspection, as required by this chapter;

(4) fail to provide the certification required by section 33108(c) of this title, or provide a certification that the person knows, or in the exercise of reasonable care has reason to know, is false.

(b) CERTIFICATION.—A person may not certify a standard or any part subject to a standard prescribed under section 33102 or 33103 of this title to the Secretary—

(1) knowing it is false, or

(2) with knowledge that it is made with reckless disregard for its truth.

(c) PENALTIES.—A violation of any of the prohibitions set forth in subsections (a) and (b) of this section each shall be a violation of this chapter.

In this section, the terms "false" and "reckless disregard for the truth" have the meanings given to them under section 1001 of Title 18, United States Code.
know, is false or misleading in a material respect; or
(5) knowingly—
(A) own, operate, maintain, or control a chop shop;
(B) conduct operations in a chop shop; or
(C) transport a passenger motor vehicle or passenger motor vehicle part to or from a chop shop.

(b) NONAPPLICATION.—Subsection (a)(1) of this section does not apply to a person establishing that in the exercise of reasonable care the person did not have reason to know that the motor vehicle or major replacement part was not in conformity with the standard.

HISTORICAL AND REVISION NOTES

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsection (a)(1), the words “which is manufactured on or after the date the standard under section 2022 of this title takes effect under this subchapter for such vehicle or major replacement part” are omitted as obsolete because the standard applies to passenger motor vehicles and major replacement parts starting with the 1987 model year. See 50 Fed. Reg. 43168 (1985).

In subsection (a)(5)(A), the words “of any kind” are omitted as unnecessary because of the definition of “chop shop” in section 33101 of the revised title.

§ 33115. Civil penalties and enforcement

(a) GENERAL PENALTY AND CIVIL ACTIONS TO COLLECT.—(1) A person that violates section 33114(a)(1)–(4) of this title is liable to the United States Government for a civil penalty of not more than $1,000 for each violation.

(2) The Secretary of Transportation imposes a civil penalty under this subsection. The Secretary may compromise the amount of a penalty.

(3) In determining the amount of a civil penalty or compromise under this subsection, the Secretary shall consider the size of the person’s business and the gravity of the violation.

(4) The Attorney General shall bring a civil action in a United States district court to collect a civil penalty imposed under this subsection.

(5) The Government may deduct the amount of a civil penalty imposed or compromised under this subsection from amounts it owes the person liable for the penalty.

(b) CHOP SHOP PENALTY AND ENFORCEMENT.—
(1) A person that violates section 33114(a)(5) of this title is liable to the Government for a civil penalty of not more than $100,000 a day for each violation.

(2) As appropriate and in consultation with the Attorney General, the Secretary shall—
(A) bring a civil action for a temporary or permanent injunction to restrain a person violating section 33114(a)(5) of this section;
(B) impose and recover the penalty described in paragraph (1) of this subsection; or
(C) take both the actions described in clauses (A) and (B) of this paragraph.

(c) CIVIL ACTIONS TO ENFORCE.—(1) The Attorney General may bring a civil action in a United States district court to enjoinder a violation of this chapter or the sale, offer for sale, introduction or delivery for introduction in interstate commerce, or importation into the United States, of a passenger motor vehicle containing a major part, or of a major replacement part, that is subject to the standard and is determined before the sale of the vehicle or part to a first purchaser not to conform to the standard.

(2)(A) When practicable, the Secretary—
(i) shall notify a person against whom an action under this subsection is planned;
(ii) shall give the person an opportunity to present that person’s views; and
(iii) except for a knowing and willful violation, shall give the person a reasonable opportunity to comply.

(B) The failure of the Secretary to comply with subparagraph (A) of this paragraph does not prevent a court from granting appropriate relief.

(d) JURY TRIAL DEMAND.—In a trial for criminal contempt for violating an injunction or restraining order issued under subsection (c) of this section, the violation of which is also a violation of this chapter, the defendant may demand a jury trial. The defendant shall be tried as provided in rule 42(b) of the Federal Rules of Criminal Procedure (18 App. U.S.C.).

(e) VENUE.—A civil action under subsection (a) or (c) of this section may be brought in the judicial district in which the violation occurred or the defendant resides, is found, or transacts business. Process in the action may be served in any other judicial district in which the defendant resides or is found. A subpoena for a witness in the action may be served in any judicial district.

§ 33116. Confidentiality of information

(a) GENERAL.—Information obtained by the Secretary of Transportation under this chapter related to a confidential matter referred to in section 1905 of title 18 may be disclosed only—

1. to another officer or employee of the United States Government for use in carrying out this chapter; or

2. in a proceeding under this chapter (except a proceeding under section 33104(a)(3)).

(b) WITHHOLDING INFORMATION FROM CONGRESS.—This section does not authorize information to be withheld from a committee of Congress authorized to have the information.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1093.)

HISTORICAL AND REVISION NOTES

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsection (a), before clause (1), the words “reported to, or otherwise” and “or the Secretary’s representative” are omitted as surplus. The words “related to a confidential matter referred to” are substituted for “contains or relates to a trade secret or other matter referred to” to eliminate unnecessary words and for consistency in the revised title. The words “or in section 552(b)(4) of title 5” are omitted as surplus because the language in 18:1905 is broader than the language in 5:552(b)(4) and for consistency with similar provisions in other chapters in this part. The words “shall be considered confidential for the purpose of the applicable section of this subchapter” are omitted as surplus. In clause (1), the words “for use in carrying out” are substituted for “concerned with carrying out” for consistency with similar provisions in other chapters in this part. In clause (2), the words “when relevant” are omitted as surplus. The cross-reference to 15:2023(a)(3) is omitted. The text of 15:2023(a)(3), originally enacted as section 603(a)(3) of the Motor Vehicle Information and Cost Savings Act (Public Law 92-513, 86 Stat. 947), was repealed by section 3303(2) of the Anti Car Theft Act of 1992 (Public Law 102-519, 106 Stat. 3396). Section 3303(2) also redesignated subsection (a)(4) as subsection (a)(3). However, a corresponding amendment to correct the cross-reference in the source provisions rested in this section was not made.

In subsection (b), the words “authorized to have the information” are added for clarity and consistency with similar provisions in other chapters in this part.

§ 33117. Judicial review

A person that may be adversely affected by a regulation prescribed under this chapter may obtain judicial review of the regulation under section 32909 of this title. A remedy under this section is in addition to any other remedies provided by law.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1093.)

HISTORICAL AND REVISION NOTES

</table>

The words “regulation prescribed” are substituted for “any provision of any standard or other rule” to eliminate unnecessary words and because “rule” and “regulation” are synonymous. The words “in the case of any standard, rule, or other action under this subchapter” are omitted as surplus.

§ 33118. Preemption of State and local law

When a motor vehicle theft prevention standard prescribed under section 33102 or 33103 of this title is in effect, a State or political subdivision of a State may not have a different motor vehicle theft prevention standard for a motor vehicle or major replacement part.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1093.)

### AMENDMENTS

#### § 40101. Policy

(a) ECONOMIC REGULATION—In carrying out subpart II of this part and those provisions of

---

1. So in original. Probably should be “Unmanned Aircraft Systems”.

2. Amendment note below.
subpart IV applicable in carrying out subpart II, the Secretary of Transportation shall consider the following matters, among others, as being in the public interest and consistent with public convenience and necessity:

1. assigning and maintaining safety as the highest priority in air commerce.
2. before authorizing new air transportation services, evaluating the safety implications of those services.
3. preventing deterioration in established safety procedures, recognizing the clear intent, encouragement, and dedication of Congress to further the highest degree of safety in air transportation and air commerce, and to maintain the safety vigilance that has evolved in air transportation and air commerce and has come to be expected by the traveling and shipping public.

4. the availability of a variety of adequate, economic, efficient, and low-priced services without unreasonable discrimination or unfair or deceptive practices.
5. coordinating transportation by, and improving relations among, air carriers, and encouraging fair wages and working conditions.
6. placing maximum reliance on competitive market forces and on actual and potential competition.
(a) to provide the needed air transportation system; and
(b) to encourage efficient and well-managed air carriers to earn adequate profits and attract capital, considering any material differences between interstate air transportation and foreign air transportation.
(c) developing and maintaining a sound regulatory system that is responsive to the needs of the public and in which decisions are reached promptly to make it easier to adapt the air transportation system to the present and future needs of—
   (A) the commerce of the United States;
   (B) the United States Postal Service; and
   (C) the national defense.

7. encouraging air transportation at major urban areas through secondary or satellite airports if consistent with regional airport plans of regional and local authorities, and if endorsed by appropriate State authorities—
   (A) encouraging the transportation by air carriers that provide, in a specific market, transportation exclusively at those airports; and
   (B) fostering an environment that allows those carriers to establish themselves and develop secondary or satellite airport services.

8. preventing unfair, deceptive, predatory, or anticompetitive practices in air transportation.
9. avoiding unreasonable industry concentration, excessive market domination, monopoly powers, and other conditions that would tend to allow at least one air carrier or foreign air carrier unreasonably to increase prices, reduce services, or exclude competition in air transportation.
10. maintaining a complete and convenient system of continuous scheduled interstate air transportation for small communities and isolated areas with direct financial assistance from the United States Government when appropriate.
11. encouraging, developing, and maintaining an air transportation system relying on actual and potential competition—
   (A) to provide efficiency, innovation, and low prices; and
   (B) to decide on the variety and quality of, and determine prices for, air transportation services.
12. encouraging entry into air transportation markets by new and existing air carriers and the continued strengthening of small air carriers to ensure a more effective and competitive airline industry.
13. promoting, encouraging, and developing civil aeronautics and a viable, privately-owned United States air transport industry.
14. strengthening the competitive position of air carriers to at least ensure equality with foreign air carriers, including the attainment of the opportunity for air carriers to maintain and increase their profitability in foreign air transportation.
15. ensuring that consumers in all regions of the United States, including those in small communities and rural and remote areas, have access to affordable, regularly scheduled air service.

(b) ALL-CARGO AIR TRANSPORTATION CONSIDERATIONS.—In carrying out subpart II of this part and those provisions of subpart IV applicable in carrying out subpart II, the Secretary of Transportation shall consider the following matters, among others and in addition to the matters referred to in subsection (a) of this section, as being in the public interest for all-cargo air transportation:

1. encouraging and developing an expedited all-cargo air transportation system provided by private enterprise and responsive to—
   (A) the present and future needs of shippers;
   (B) the commerce of the United States; and
   (C) the national defense.
2. encouraging and developing an integrated transportation system relying on competitive market forces to decide the extent, variety, quality, and price of services provided.
3. providing services without unreasonable discrimination, unfair or deceptive practices, or predatory pricing.

(c) GENERAL SAFETY CONSIDERATIONS.—In carrying out subpart III of this part and those provisions of subpart IV applicable in carrying out subpart III, the Administrator of the Federal Aviation Administration shall consider the following matters:

1. the requirements of national defense and commercial and general aviation.
2. the public right of freedom of transit through the navigable airspace.

(d) SAFETY CONSIDERATIONS IN PUBLIC INTEREST.—In carrying out subpart III of this part and those provisions of subpart IV applicable in carrying out subpart III, the Administrator shall
consider the following matters, among others, as being in the public interest:

(1) assigning, maintaining, and enhancing safety and security as the highest priorities in air commerce.
(2) regulating air commerce in a way that best promotes safety and fulfills national defense requirements.
(3) encouraging and developing civil aeronautics, including new aviation technology.
(4) controlling the use of the navigable airspace and regulating civil and military operations in that airspace in the interest of the safety and efficiency of both of those operations.
(5) consolidating research and development for air navigation facilities and the installation and operation of those facilities.
(6) developing and operating a common system of air traffic control and navigation for military and civil aircraft.

(7) providing assistance to law enforcement agencies in the enforcement of laws related to regulation of controlled substances, to the extent consistent with aviation safety.

(e) INTERNATIONAL AIR TRANSPORTATION.—In formulating United States international air transportation policy, the Secretaries of State and Transportation shall develop a negotiating policy emphasizing the greatest degree of competition compatible with a well-functioning international air transportation system, including the following:

(1) strengthening the competitive position of air carriers to ensure at least equality with foreign air carriers, including the attainment of the opportunity for air carriers to maintain and increase their profitability in foreign air transportation.
(2) freedom of air carriers and foreign air carriers to offer prices that correspond to consumer demand.
(3) the fewest possible restrictions on chartered air transportation.
(4) the maximum degree of multiple and permissive international authority for air carriers so that they will be able to respond quickly to a shift in market demand.
(5) eliminating operational and marketing restrictions to the greatest extent possible.
(6) integrating domestic and international air transportation.
(7) increasing the number of nonstop United States gateway cities.

(8) opportunities for carriers of foreign countries to increase their access to places in the United States if exchanged for benefits of similar magnitude for air carriers or the traveling public with permanent linkage between rights granted and rights given away.

(9) eliminating discrimination and unfair competitive practices faced by United States airlines in foreign air transportation, including—

(A) excessive landing and user fees;
(B) unreasonable ground handling requirements;
(C) unreasonable restrictions on operations;
(D) prohibitions against change of gauge; and
(E) similar restrictive practices.

(10) promoting, encouraging, and developing civil aeronautics and a viable, privately-owned United States air transport industry.

(f) STRENGTHENING COMPETITION.—In selecting an air carrier to provide foreign air transportation from among competing applicants, the Secretary of Transportation shall consider, in addition to the matters specified in subsections (a) and (b) of this section, the strengthening of competition among air carriers operating in the United States to prevent unreasonable concentration in the air carrier industry.

### Historical and Revision Notes

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In this part, the words “overseas air commerce” and “overseas air transportation” are omitted as obsolete because there no longer is a distinction in economic or safety regulation between “interstate” and “overseas” air commerce or air transportation.

In this section, the words “In exercising the authority granted in, and discharging the duties imposed by,” “In exercising the authority granted in,” and “in discharging the duties imposed by” are substituted for “In the exercise and performance of its powers and duties under this chapter” in 49 App:1302(a), “In the exercise and performance of his powers and duties under this chapter” in 49 App:1303, and “In exercising the authority granted in, and discharging the duties imposed by, this chapter” in 49 App:1347 for consistency in the revised title and to eliminate unnecessary words.

In subsections (a) and (b), the reference to subpart II is added because the policy applies only to economic issues, and under the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), the Civil Aeronautics Board was given responsibility for economic issues.

In subsection (a)(2), the word “full” is omitted as surplus. The words “the recommendations of the Secretary of Transportation” are omitted as obsolete because the Secretary carries out 49 App:1302(a). The words “and full evaluation of any report or recommendation submitted under section 1307 of this Ap-
pendix” are omitted as obsolete because the report and recommendations are no longer required.

In subsection (a)(4), the words “by air carriers and foreign air carriers” are omitted as surplus. The words “unreasonable discrimination” are substituted for “unjust discriminations, undue preferences or advantages” for consistency in the revised title and to eliminate unnecessary words.

In subsection (a)(6)(B), the words “nevertheless”, “on the one hand”, “on the other” are omitted as surplus.

In subsection (a)(8), before clause (A), the word “authorities” is substituted for “entities” for consistency in the revised title and under other titles of the Code. In clause (A), the words “sole responsibility” are omitted as unnecessary because of the restatement.

In subsection (a)(15), the words “United States” are omitted as surplus because of the definition of “air carrier” in section 40102(a) of the revised title.

In subsection (b)(3), the words “unreasonable discrimination” are substituted for “unjust discriminations, undue preferences or advantages” for consistency in the revised title and to eliminate unnecessary words.

In subsections (c) and (d), the reference to subpart III is added because the policies apply only to safety issues, and under the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), the Federal Aviation Administration was given responsibility for safety issues.

In subsection (c), before clause (1), the word “Administrator” in section 306 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 749) is retained on authority of 49 App.:1306(g). The words “consider the following matters” are substituted for “give full consideration to” for consistency in this section.

In subsection (d)(3), the word “both” in 49 App.:1303(c) is omitted as surplus because of the definition of “navigable airspace” in section 40102(a) of the revised title. The words “of those operations” are added for clarity.

In subsection (d)(5), the word “both” in 49 App.:1303(e) is omitted as surplus.

In subsection (e), before clause (1), the words “the Congress intends that” are omitted as surplus. In clauses (1) and (4), the words “United States” are omitted as surplus because of the definition of “air carrier” in section 40102(a) of the revised title. In clause (2), the word “prices” is substituted for “fares and rates” because of the definition of “price” in section 40102(a).

In subsection (h), the words “places in the United States” are substituted for “United States points” for consistency in this chapter. The word “air” is added for clarity and consistency in this subtitle. In clause (9)(C), the word “unreasonable” is substituted for “undue” for consistency in the revised title and with other titles of the United States Code.

**AMENDMENTS**

Subsec. (d)(4) to (7). Pub. L. 104–264, § 401(a)(1)(A), redesignated pars. (3) to (6) as (4) to (7), respectively.

**EFFECTIVE DATE OF 2012 AMENDMENT**

Pub. L. 112–95, § 3, Feb. 14, 2012, 126 Stat. 15, provided that: “Except as otherwise expressly provided, this Act [see Tables for classification] and the amendments made by this Act shall take effect on the date of enactment of this Act [Feb. 14, 2012].”

**EFFECTIVE DATE OF 2000 AMENDMENT**

**EFFECTIVE DATE OF 1996 AMENDMENT**

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

**SHORT TITLE OF 2020 AMENDMENT**

Pub. L. 116–190, § 1, Oct. 30, 2019, 134 Stat. 974, provided that: “This Act [amending section 47107 of this title] may be cited as the ‘Friendless Airports for Mothers Improvement Act’.”

**SHORT TITLE OF 2019 AMENDMENT**

**SHORT TITLE OF 2018 AMENDMENT**

Pub. L. 115–254, div. B, title VII, § 701, Oct. 5, 2018, 132 Stat. 3409, provided that: “This title [amending sections 44518 and 47511 of this title and sections 2801 to 2811 of Title 43, Public Lands, amending sections 44508 and 44102 of this title, and enacting provisions set out as notes under this section and sections 106, 44505, and 44102 of this title and section 2801 of Title 43, Public Lands, amending sections 44508 and 44102 of this title, and enacting provisions set out as notes under sections 4701 and 4703 of this title] may be cited as the ‘National Transportation Safety Board Reauthorization Act’.”

Pub. L. 115–254, div. C, § 1101, Oct. 5, 2018, 132 Stat. 3429, provided that: “This division [amending section 1140 of this title, amending sections 1111, 1113, 1114, 1116 to 1118, 1131, 1134, 1138, 1139, 1154, 4113, and 4413 of this title, and enacting provisions set out as notes under sections 1101, 1116, and 1119 of this title] may be cited as the ‘National Transportation Safety Board Reauthorization Act’.”

**SHORT TITLE OF 2016 AMENDMENT**

Pub. L. 114–242, § 1, Oct. 7, 2016, 130 Stat. 978, provided that: “This Act [amending section 40122 of this title and enacting provisions set out as notes under section 40122 of this title] may be cited as the ‘Federal Aviation Administration Veteran Transition Improvement Act of 2016’.”

Short Title of 2015 Amendment

Short Title of 2014 Amendment

Short Title of 2013 Amendment
Pub. L. 112–27, §1, Aug. 9, 2013, 127 Stat. 503, provided that: “This Act [enacting section 44927 of this title] may be cited as the ‘Helping Heroes Fly Act’.”

Short Title of 2012 Amendment

Pub. L. 112–153, §1, Aug. 3, 2012, 126 Stat. 1159, provided that: “This Act [amending sections 44703, 44709, and 44710 of this title and enacting provisions set out as notes under sections 44701 and 44703 of this title] may be cited as the ‘Pilot’s Bill of Rights’.”

Pub. L. 112–86, §1, Jan. 3, 2012, 125 Stat. 1674, provided that: “This Act [amending section 44903 of this title and enacting provisions set out as a note under section 44903 of this title] may be cited as the ‘Risk-Based Security Screening for Members of the Armed Forces Act’.”

Short Title of 2010 Amendment
Pub. L. 111–216, §1, Aug. 1, 2010, 124 Stat. 2248, provided that: “This Act [amending sections 106, 1135, 4017, 41712, 44302, 44303, 44703, 47104, 47107, 47115, 47114, 48101, 48102, and 49106 of this title and sections 4081, 4251, 4271, and 9502 of Title 26, Internal Revenue Code, enacting provisions set out as notes under sections 4017 and 44701 of this title and sections 4081 and 9502 of Title 26, and amending provisions set out as a note under section 47109 of this title] may be cited as the ‘Airline Safety and Federal Aviation Administration Extension Act of 2010’.”

Short Title of 2007 Amendment

Short Title of 2004 Amendment

Short Title of 2002 Amendment

Short Title of 2001 Amendment

Short Title of 2000 Amendments
Pub. L. 106–528, §1, Nov. 22, 2000, 114 Stat. 2517, provided that: “This Act [amending sections 106, 41104, 44903, 44935, and 44936 of this title, enacting provisions set out as notes under sections 106, 44903, and 44936 of this title, and amending provisions set out as notes under sections 40128 and 47503 of this title] may be cited as the ‘Airport Security Improvement Act of 2000’.”

Short Title of 1999 Amendment

Short Title of 1998 Amendment

Short Title of 1997 Amendment

Short Title of 1996 Amendment

Pub. L. 104–264, title II, §201, Oct. 9, 1996, 110 Stat. 3227, provided that: “This title [enacting sections 40121,
(a) PROGRAM.—

(1) PROGRAM MAINTENANCE.—The Administrator of the Federal Aviation Administration shall maintain within the FAA a program to be known as the ‘National Air Grant Fellowship Program’.

(2) PROGRAM ELEMENTS.—The National Air Grant Fellowship Program shall provide support for the fellowship program under subsection (b).

(3) RESPONSIBILITIES OF ADMINISTRATOR.—

(A) GUIDELINES.—The Administrator shall establish guidelines related to the activities and responsibilities of air grant fellowships under subsection (b).

(B) QUALIFICATIONS.—The Administrator shall by regulation prescribe the qualifications required for designation of air grant fellowships under subsection (b).

(C) AUTHORITY.—In order to carry out the provisions of this section, the Administrator may—

(i) appoint, assign the duties, transfer, and fix the compensation of such personnel as may be necessary, in accordance with civil service laws;

(ii) make appointments with respect to temporary and intermittent services to the extent authorized by section 3109 of title 5, United States Code;

(iii) enter into contracts, cooperative agreements, and other transactions without regard to section 601 of title 41, United States Code;

(iv) notwithstanding section 1342 of title 31, United States Code, accept donations and voluntary and uncompensated services;

(v) accept funds from other Federal departments and agencies, including agencies within the FAA, to pay for and add to activities authorized by this section; and

(vi) promulgate such rules and regulations as may be necessary and appropriate.

(4) DIRECTOR OF NATIONAL AIR GRANT FELLOWSHIP PROGRAM.—

(A) IN GENERAL.—The Administrator shall appoint, as the Director of the National Air Grant Fellowship Program, a qualified individual who has appropriate administrative experience and knowledge or expertise in fields related to aerospace. The Director shall be appointed and compensated, without regard to the provisions of title 5 governing appointments in the competitive service, at a rate payable under section 5376 of title 5, United States Code.

(B) DUTIES.—Subject to the supervision of the Administrator, the Director shall administer the National Air Grant Fellowship Program. In addition to any other duty prescribed by law or assigned by the Administrator, the Director shall—

(i) cooperate with institutions of higher education that offer degrees in fields related to aerospace;

(ii) encourage the participation of graduate and post-graduate students in the National Air Grant Fellowship Program; and

(iii) cooperate and coordinate with other Federal activities in fields related to aerospace.

(D) FELLOWS.—

(1) IN GENERAL.—The Administrator shall support a program of fellowships for qualified individuals at the graduate and post-graduate level. The fellowships shall be in fields related to aerospace and awarded pursuant to guidelines established by the Administrator. The Administrator shall strive to ensure equal access for minority and economically disadvantaged students to the program carried out under this paragraph.

(2) AEROSPACE POLICY FELLOWSHIP.—

(A) IN GENERAL.—The Administrator shall award aerospace policy fellowships to support the placement of individuals at the graduate level of education in fields related to aerospace in positions with—

(i) the executive branch of the United States Government; and

(ii) the legislative branch of the United States Government.

(B) PLACEMENT PRIORITIES FOR LEGISLATIVE FELLOWS.—

(i) IN GENERAL.—In considering the placement of individuals receiving a fellowship for a legislative branch position under subparagraph (A)(ii),
§ 40101

the Administrator shall give priority to placement of such individuals in the following:

(I) Positions in offices of, or with Members on, committees of Congress that have jurisdiction over the FAA.

(II) Positions in offices of Members of Congress that have a demonstrated interest in aerospace policy.

(III) Equitable distribution.—In placing fellows in positions described under clause (I), the Administrator shall ensure that placements are equally distributed among the political parties.

(IV) Duration.—A fellowship awarded under this paragraph shall be for a period of not more than 1 year.

(V) Restriction on use of funds.—Amounts available for fellowships under this subsection, including amounts accepted under subsection (a)(3)(C)(v) or appropriated under subsection (d) to carry out this subsection, shall be used only for award of such fellowships and administrative costs of implementing this subsection.

(VI) Interagency cooperation.—Each department, agency, or other instrumentality of the Federal Government that is engaged in or concerned with, or that has authority over, matters relating to aerospace—

(a) may, upon a written request from the Administrator, make available, on a reimbursable basis or otherwise, any personnel (with their consent and without prejudice to their position and rating), services, or facility that the Administrator deems necessary to carry out any provision of this section;

(b) shall, upon a written request from the Administrator, furnish any available data or other information that the Administrator deems necessary to carry out any provision of this section; and

(c) shall cooperate with the FAA and duly authorized officials thereof.

(VII) Authorization of appropriations.—There is authorized to be appropriated to the Administrator $15,000,000 for each of fiscal years 2021 through 2025 to carry out this section. Amounts appropriated under the preceding sentence shall remain available until expended.

(E) Definitions.—In this section:

(I) Director.—The term 'Director' means the Director of the National Air Grant Fellowship Program, appointed pursuant to subsection (a)(4).

(II) Fields related to aerospace.—The term 'fields related to aerospace' means any discipline or field that is concerned with, or likely to improve, the development, assessment, operation, safety, or repair of aircraft and other airborne objects and systems, including the following:

(A) Aerospace engineering.

(B) Aerospace physiology.

(C) Aeronautical engineering.

(D) Airworthiness engineering.

(E) Electrical engineering.

(F) Human factors.

(G) Software engineering.

(H) Systems engineering.''

Emerging Safety Trends in Aviation

(a) In General.—The Administrator of the Federal Aviation Administration shall exercise leadership in the creation of Federal and international policies, regulations, and standards relating to the certification and safe and efficient operation of civil supersonic aircraft; and

(b) Exercise of Leadership.—In exercising leadership under subsection (a), the Administrator shall—

(1) consider the needs of the aerospace industry and other stakeholders when creating policies, regulations, and standards that enable the safe commercial deployment of civil supersonic aircraft technology and the safe and efficient operation of civil supersonic aircraft; and

(2) obtain the input of aerospace industry stakeholders regarding—

(A) the appropriate regulatory framework and timeline for permitting the safe and efficient operation of civil supersonic aircraft within United States airspace, including updating or modifying existing regulations on such operation;

(B) issues related to standards and regulations for the type certification and safe operation of civil supersonic aircraft, including noise certification, including—

(i) the operational differences between subsonic aircraft and supersonic aircraft;

(ii) costs and benefits associated with landing and takeoff noise requirements for civil supersonic aircraft, including impacts on aircraft emissions;

(iii) public and economic benefits of the operation of civil supersonic aircraft and associated aerospace industry activity; and

(iv) challenges relating to ensuring that standards and regulations aimed at relieving and protecting the public health and welfare from aircraft noise and sonic boom are economically reasonable, technologically practicable, and appropriate for civil supersonic aircraft; and
“(C) other issues identified by the Administrator or the aerospace industry that must be addressed to enable the safe commercial deployment and safe and efficient operation of civil supersonic aircraft.

“(o) INTERNATIONAL LEADERSHIP.—The Administrator, in the appropriate international forums, shall take actions that—

“(1) demonstrate global leadership under subsection (a);

“(2) address the needs of the aerospace industry identified under subsection (b); and

“(3) protect the public health and welfare.

“(d) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act (Oct. 5, 2018), the Administrator shall submit to the appropriate committees of Congress (Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives) a report detailing—

“(1) the Administrator’s actions to exercise leadership in the creation of Federal and international policies, regulations, and standards relating to the certification and safe and efficient operation of civil supersonic aircraft;

“(2) planned, proposed, and anticipated actions to update or modify existing policies and regulations related to civil supersonic aircraft, including those identified as a result of industry consultation and feedback; and

“(3) a timeline for any actions to be taken to update or modify existing policies and regulations related to civil supersonic aircraft.

“(e) LONG-TERM REGULATORY REFORM.—

“(1) NOISE STANDARDS.—Not later than March 31, 2020, the Administrator shall issue a notice of proposed rulemaking to revise part 36 of title 14, Code of Federal Regulations, to include supersonic aircraft in the applicability of such part. The proposed rule shall include necessary definitions, noise standards for landing and takeoff, and noise test requirements that would apply to a civil supersonic aircraft.

“(2) SPECIAL FLIGHT AUTHORIZATIONS.—Not later than December 31, 2019, the Administrator shall issue a notice of proposed rulemaking to revise appendix B of part 91 of title 14, Code of Federal Regulations, to modernize the application process for a person applying to operate a civil aircraft at supersonic speeds for the purposes stated in that rule.

“(f) NEAR-TERM CERTIFICATION OF SUPERSONIC CIVIL AIRCRAFT.—

“(1) IN GENERAL.—If a person submits an application requesting type certification of a civil supersonic aircraft pursuant to part 21 of title 14, Code of Federal Regulations, before the Administrator promulgates a final rule amending part 36 of title 14, Code of Federal Regulations, in accordance with subsection (e)(1), the Administrator shall, not later than 18 months after having received such application, issue a notice of proposed rulemaking applicable solely for the type certification, inclusive of the aircraft engines, of the supersonic aircraft design for which such application was made.

“(2) CONTENTS.—A notice of proposed rulemaking described in paragraph (1) shall—

“(A) address safe operation of the aircraft type, including development and flight testing prior to type certification;

“(B) address manufacturing of the aircraft;

“(C) address continuing airworthiness of the aircraft;

“(D) specify landing and takeoff noise standards for that aircraft type that the Administrator considers appropriate, practicable, and consistent with section 44715 of title 49, United States Code; and

“(E) consider differences between subsonic and supersonic aircraft including differences in thrust requirements at equivalent gross weight, engine requirements, aerodynamics, operational characteristics, and other physical properties.

“(g) REVIEW OF RULES OF CIVIL SUPERSONIC FLIGHTS.—Beginning December 31, 2020, and every 2 years thereafter, the Administrator shall review available aircraft noise and performance data, and consult with heads of appropriate Federal agencies, to determine whether section 91.817 of title 14, Code of Federal Regulations, and Appendix B of part 91 of title 14, Code of Federal Regulations, may be amended, consistent with section 44715 of title 49, United States Code, to permit supersonic flight of civil aircraft over land in the United States.

“(h) IMPLEMENTATION OF NOISE STANDARDS.—The portion of the regulation issued by the Administrator of the Federal Aviation Administration titled ‘Revision of General Operating and Flight Rules’ and published in the Federal Register on August 18, 1989 (54 Fed. Reg. 34284) that restricts operation of civil aircraft at a true flight Mach number greater than 1 shall have no force or effect beginning on the date on which the Administrator publishes in the Federal Register a final rule specifying sonic boom noise standards for civil supersonic aircraft.”

**AIRCRAFT AIR QUALITY**

“(a) EDUCATIONAL MATERIALS.—Not later than 1 year after the date of enactment of this Act (Oct. 5, 2018), the Administrator (of the Federal Aviation Administration) shall, in consultation with relevant stakeholders, establish and make available on a publicly available Internet website of the Administration, educational materials for flight attendants, pilots, and aircraft maintenance technicians on how to respond to incidents on board aircraft involving smoke or fumes.

“(b) REPORTING OF INCIDENTS OF SMOKE OR FUMES ON BOARD AIRCRAFT.—Not later than 180 days after the date of enactment of this Act, the Administrator shall consult with heads of appropriate Federal agencies, in consultation with relevant stakeholders, issue guidance for flight attendants, pilots, and aircraft maintenance technicians to report incidents of smoke or fumes on board an aircraft operated by a commercial air carrier and with respect to the basis on which commercial air carriers shall report such incidents through the Service Difficulty Reporting System.

“(c) RESEARCH TO DEVELOP TECHNIQUES TO MONITOR BLEED AIR QUALITY.—Not later than 180 days after the date of enactment of this Act, the Administrator shall commission a study by the Airliner Cabin Environment Research Center of Excellence—

“(1) to identify and measure the constituents and levels of constituents resulting from bleed air in the cabins of a representative set of commercial aircraft in operation of the United States;

“(2) to assess the potential health effects of such constituents on passengers and cabin and flight deck crew;

“(3) to identify technologies suitable to provide reliable and accurate warning of bleed air contamination, including technologies to effectively monitor the aircraft air supply system when the aircraft is in flight; and

“(4) to identify potential techniques to prevent fume events.

“(d) REPORT REQUIRED.—Not later than 18 months after the date of enactment of this Act, the Adminin-
trator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the feasibility, efficacy, and cost-effectiveness of certification and installation of systems to evaluate bleed air quality.

"(c) PILOT PROGRAM.—The FAA may conduct a pilot program to evaluate the effectiveness of technologies identified in subsection (c)."

**PERFORMANCE-BASED STANDARDS**

**RETURN ON INVESTMENT REPORT**

Pub. L. 115–254, div. B, title V, §508(a)-(d), Oct. 5, 2018, 132 Stat. 3352, 3353, provided that: "(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], and annually thereafter until the date that each NextGen [Next Generation Air Transportation System] program has a positive return on investment, the Administrator [of the Federal Aviation Administration] shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the status of each NextGen program, including the most recent NextGen priority list under subsection (c)."

"(b) CONTENTS.—The report under subsection (a) shall include, for each NextGen program—"

"(1) an estimate of the date the program will have a positive return on investment;"

"(2) an explanation for any delay in the delivery of expected benefits from previously published estimates on delivery of such benefits, in implementing or utilizing the program;"

"(3) an estimate of the completion date;"

"(4) an assessment of the long-term and near-term user benefits of the program for—"

"(A) the Federal Government; and"

"(B) the users of the national airspace system; and"

"(5) a description of how the program directly contributes to a safer and more efficient air traffic control system.

"(c) NEXTGEN PRIORITY LIST.—Based on the assessment under subsection (a), the Administrator—"

"(1) develop, in coordination with the NextGen Advisory Committee and considering the need for a balance between long-term and near-term user benefits, a prioritization of the NextGen programs;"

"(2) annually update the priority list under paragraph (1); and"

"(3) prepare budget submissions to reflect the current status of NextGen programs and projected returns on investment for each NextGen program.

"(d) DEFINITION OF RETURN ON INVESTMENT.—In this section, the term ‘return on investment’ means the cost associated with technologies that are required by law or policy as compared to the financial benefits derived from such technologies by a government or a user of airspace."

**HUMAN FACTORS**

Pub. L. 115–254, div. B, title V, §507, Oct. 5, 2018, 132 Stat. 3354, provided that: "(a) IN GENERAL.—In order to avoid having to subsequently modify products and services developed as a part of NextGen [Next Generation Air Transportation System], the Administrator [of the Federal Aviation Administration] shall—"

"(1) recognize and incorporate, in early design phases of all relevant NextGen programs, the human factors and procedural and airspace implications of stated goals and associated technical changes; and"

"(2) ensure that a human factors specialist, separate from the research and certification groups, is directly involved with the NextGen approval process.

"(b) REPORT.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the progress made toward implementing the requirements under subsection (a)."

**PROGRAMMATIC RISK MANAGEMENT**

Pub. L. 115–254, div. B, title V, §508, Oct. 5, 2018, 132 Stat. 3355, provided that: "To better inform the [Federal Aviation Administration’s] decisions regarding the prioritization of efforts and allocation of resources for NextGen [Next Generation Air Transportation System], the Administrator [of the Federal Aviation Administration] shall—"

"(1) solicit input from specialists in probability and statistics to identify and prioritize the programmatic and implementation risks to NextGen; and"

"(2) develop a method to measure and mitigate the risks identified in paragraph (1)."

**PART 91 REVIEW, REFORM, AND STREAMLINING**

"(1) conduct an assessment of the FAA oversight and authorization processes and requirements for aircraft under part 91; and"

"(2) make recommendations to streamline the applicable authorization and approval processes, improve safety, and reduce regulatory cost burdens and delays for the FAA and aircraft owners and operators who operate pursuant to part 91.

"(b) CONTENTS.—In conducting the assessment and making recommendations under subsection (a), the task force shall consider—"

"(1) process reforms and improvements to allow the FAA to review and approve applications in a fair and timely fashion;"

"(2) the appropriateness of requiring an authorization for each experimental aircraft rather than using a broader all-makes-and-models approach;"

"(3) ways to improve the timely response to letters of authorization applications for aircraft owners and operators who operate pursuant to part 91, including setting deadlines and granting temporary or automatic authorizations if deadlines are missed by the FAA;"

"(4) methods for enhancing the effective use of delegation systems;"

"(5) methods for training the FAA’s field office employees in risk-based and safety management system oversight; and"

"(6) such other matters related to streamlining part 91 authorization and approval processes as the task force considers appropriate.

"(c) REPORT TO CONGRESS.—"

"(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transpor-
enhanced surveillance capability

“(a) In general.—The Secretary of Transportation shall establish—

“(1) a program to provide grants for eligible projects to support the education of future aircraft pilots and the development of the aircraft pilot workforce; and

“(2) a program to provide grants for eligible projects to support the education and recruitment of aviation maintenance technical workers and the development of the aviation maintenance workforce.

“(b) Project grants.—

“(1) In general.—Out of amounts made available under section 48105 of title 49, United States Code, not more than $5,000,000,000 for each of fiscal years 2019 through 2023 is authorized to be expended to provide grants under the program established under subsection (a)(1), and $5,000,000 for each of fiscal years 2019 through 2023 is authorized to provide grants under the program established under subsection (a)(2).

“(2) Dollar amount limit.—Not more than $500,000 shall be available for any 1 grant in any 1 fiscal year under the programs established under subsection (a).

“(c) Eligible applications.—

“(1) An application for a grant under the program established under subsection (a)(1) shall be submitted, in such form as the Secretary may specify, by—

“(A) an air carrier, as defined in section 40102 of title 49, United States Code, or a labor organization representing aircraft pilots;

“(B) an accredited institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)) or a high school or secondary school (as defined in section 7801 (probably should be “7801.”) of the Higher Education Act of 1965 (20 U.S.C. 7801));

“(C) a flight school that provides flight training, as defined in section 121 of title 49, Code of Federal Regulations, or that holds a pilot school certificate under part 141 of title 14, Code of Federal Regulations;
under subsection (a)(1), an eligible project is a project—
(A) to create and deliver curriculum designed to provide high school students with meaningful aviation education that is designed to prepare the students to become aircraft pilots, aerospace engineers, or unmanned aircraft systems operators; or
(B) to support the professional development of teachers using the curriculum described in subparagraph (A).
(2) For purposes of the pilot program established under subsection (a)(2), an eligible project is a project—
(A) to establish new educational programs that teach technical skills used in aviation maintenance, including purchasing equipment, or to improve existing such programs;
(B) to establish scholarships or apprenticeships for individuals pursuing employment in the aviation maintenance industry;
(C) to support outreach about careers in the aviation maintenance industry;
(i) primary, secondary, and post-secondary school students; or
(ii) to [sic] communities underrepresented in the industry;
(D) to support educational opportunities related to aviation maintenance in economically disadvantaged geographic areas;
(E) to support transition to careers in aviation maintenance, including for members of the Armed Forces; or
(F) to otherwise enhance aviation maintenance technical education or the aviation maintenance industry workforce.
(3) GRANT APPLICATION REVIEW.—In reviewing and selecting applications for grants under the programs established under subsection (a), the Secretary shall—
(1) prior to selecting among competing applications, consult, as appropriate, with representatives of aircraft repair stations, design and production approval holders, air carriers, labor organizations, business aviation, general aviation, educational institutions, and other relevant aviation sectors; and
(2) ensure that the applications selected for projects established under subsection (a)(1) will allow participation from a diverse collection of public and private schools in rural, suburban, and urban areas.

COMMUNITY AND TECHNICAL COLLEGE CENTERS OF EXCELLENCE IN SMALL UNMANNED AIRCRAFT SYSTEM TECHNOLOGY TRAINING

(1) DESIGNATION.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation, in consultation with the Secretary of Education and the Secretary of Labor, shall establish a process to designate consortia of public, 2-year institutions of higher education as Community and Technical College Centers of Excellence in Small Unmanned Aircraft System Technology Training (in this section referred to as the ‘Centers of Excellence’).
(b) FUNCTIONS.—A Center of Excellence designated under subsection (a) shall have the capacity to train students for career opportunities in industry and government service related to the use of small unmanned aircraft systems.
(c) EDUCATION AND TRAINING REQUIREMENTS.—In order to be designated as a Center of Excellence under subsection (a), a consortium shall be able to address education and training requirements associated with various types of small unmanned aircraft systems, components, and related equipment, including with respect to—
(1) multicopter and fixed-wing small unmanned aircraft;
(2) flight systems, radio controllers, components, and characteristics of such aircraft;
(3) routine maintenance, uses and applications, privacy concerns, safety, and insurance for such aircraft;
(4) hands-on flight practice using small unmanned aircraft systems and computer simulator training;
(5) use of small unmanned aircraft systems in various industry applications and local, State, and Federal government programs and services, including in agriculture, law enforcement, monitoring oil and gas pipelines, natural disaster response and recovery, fire and emergency services, and other emerging areas;
(6) Federal policies concerning small unmanned aircraft;
(7) dual credit programs to deliver small unmanned aircraft training opportunities to secondary school students; or
(8) training with respect to sensors and the processing, analyzing, and visualizing of data collected by small unmanned aircraft.
(d) COLLABORATION.—Each Center of Excellence shall seek to collaborate with institutions participating in the Alliance for System Safety of UAS through Research Excellence of the Federal Aviation Administration and with the test ranges defined under section 44801 of title 49, United States Code, as added by this Act.
(e) INSTITUTION OF HIGHER EDUCATION.—In this section, the term ‘institution of higher education’ has the meaning given the term in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)."

COLLEGIATE TRAINING INITIATIVE PROGRAM FOR UNMANNED AIRCRAFT SYSTEMS

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall establish a collegiate training initiative program relating to unmanned aircraft systems by making new agreements or continuing existing agreements with institutions of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)) under which the institutions prepare students for careers involving unmanned aircraft systems. The Administrator may establish standards for the entry of such institutions into the program and for their continued participation in the program.
(b) UNMANNED AIRCRAFT SYSTEM DEFINED.—In this section, the term ‘unmanned aircraft system’ has the meaning given that term by section 44801 of title 49, United States Code, as added by this Act."
after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Federal Aviation Administration] shall develop an integrated Cyber Testbed for research, development, evaluation, and validation of air traffic control modernization technologies, before they enter the national airspace system, as being compliant with FAA data security regulations. The Cyber Testbed shall be part of an integrated research and development test environment capable of creating, identifying, defending, and solving cybersecurity-related problems for the national airspace system. This integrated test environment shall incorporate integrated test capacities within the FAA related to the national airspace system and NextGen.

Mitigation of Operational Risks Posed to Certain Military Aircraft by Automatic Dependent Surveillance-Broadcast Equipment

“(a) In General.—The Secretary of Transportation may not—

“(1) directly or indirectly require the installation of automatic dependent surveillance-broadcast (hereinafter in this section referred to as ‘ADS-B’) equipment on fighter aircraft, bomber aircraft, or other special mission aircraft owned or operated by the Department of Defense;

“(2) deny or reduce air traffic control services in United States airspace or international airspace delegated to the United States to any aircraft described in paragraph (1) on the basis that such aircraft is not equipped with ADS-B equipment; or

“(3) restrict or limit airspace access for aircraft described in paragraph (1) on the basis such aircraft are not equipped with ADS-B equipment.

“(b) Termination.—Subsection (a) shall cease to be effective on the date that the Secretary of Transportation and the Secretary of Defense jointly submit to the appropriate congressional committees notice that the Secretaries have entered into a memorandum of agreement or other similar agreement providing that fighter aircraft, bomber aircraft, and other special mission aircraft owned or operated by the Department of Defense that are not equipped or not yet equipped with ADS-B equipment will be reasonably accommodated for safe operations in the National Airspace System and provided with necessary air traffic control services.

“(c) Rule of Construction.—Nothing in this section may be construed to—

“(1) vest in the Secretary of Defense any authority of the Secretary of Transportation or the Administrator of the Federal Aviation Administration under title 49, United States Code, or any other provision of law;

“(2) vest in the Secretary of Transportation or the Administrator of the Federal Aviation Administration any authority of the Secretary of Defense under title 10, United States Code, or any other provision of law; or

“(3) limit the authority or discretion of the Secretary of Transportation or the Administrator of the Federal Aviation Administration to operate air traffic control services to ensure the safe minimum separation of aircraft in flight and the efficient use of airspace.

“(d) Notification Requirement.—The Secretary of Defense shall provide to the Secretary of Transportation notification of any aircraft the Secretary of Defense designates as a special mission aircraft pursuant to subsection (e)(3).

“(e) Definitions.—In this section:

“(1) The term ‘appropriate congressional committees’ means the congressional defense committees, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate.

“(2) The term ‘air traffic control services’ means services used for the monitoring, directing, control, and guidance of aircraft or flows of aircraft and for the safe conduct of flight, including communications, navigation, and surveillance services and provision of aeronautical information.

“(3) The term ‘special mission aircraft’ means an aircraft the Secretary of Defense designates for a unique mission to which ADS-B equipment creates a unique risk.

Collaboration Between Federal Aviation Administration and Department of Defense on Unmanned Aircraft Systems

Pub. L. 115–91, div. A, title X, §1092, Dec. 12, 2017, 131 Stat. 1610, formerly set out as a note under this section, was transferred and is set out as a note under section 44802 of this title.

Unmanned Aircraft Joint Training and Usage Plan

Interagency Collaboration

Pub. L. 112–239, div. A, title X, §1052(b), (c), Jan. 2, 2013, 126 Stat. 1935, 1936, formerly set out as a note under this section, was transferred and is set out as a note under section 44802 of this title.

Prohibition on Participation in European Union’s Emissions Trading Scheme

Pub. L. 112–200, Nov. 27, 2012, 126 Stat. 1477, provided that:

“SECTION 1. SHORT TITLE. —This Act may be cited as the ‘European Union Emissions Trading Scheme Prohibition Act of 2011’.

“SEC. 2. PROHIBITION ON PARTICIPATION IN THE EUROPEAN UNION’S EMISSIONS TRADING SCHEME.

“(a) In General.—The Secretary of Transportation shall prohibit an operator of a civil aircraft of the United States from participating in the emissions trading scheme unilaterally established by the European Union in EU Directive 2003/87/EC of October 13, 2003, as amended, in any case in which the Secretary determines the prohibition to be, and in a manner that is, in the public interest, taking into account—

“(1) the impacts on U.S. consumers, U.S. carriers, and U.S. operators;

“(2) the impacts on the economic, energy, and environmental security of the United States; and

“(3) the impacts on U.S. foreign relations, including existing international commitments.

“(b) Public Hearing.—After determining that a prohibition under this section may be in the public interest, the Secretary must hold a public hearing at least 30 days before imposing any prohibition.

“(c) Reassessment of Determination of Public Interest.—The Secretary—

“(1) may reassess a determination under subsection (a) that a prohibition under that subsection is in the public interest at any time after making such a determination; and

“(2) shall reassess such a determination after—

“(A) any amendment by the European Union to the EU Directive referred to in subsection (a); or

“(B) the adoption of any international agreement pursuant to section 3(1), [sic]

“(C) enactment of a public law or issuance of a final rule after formal agency rulemaking, in the United State[s] to address aircraft emissions.

“SEC. 3. NEGOTIATIONS.

“(a) In General.—The Secretary of Transportation, the Administrator of the Federal Aviation Administration, and other appropriate officials of the United States Government—

“(1) should, as appropriate, use their authority to conduct international negotiations, including using
their authority to conduct international negotiations to pursue a worldwide approach to address aircraft emissions, including the environmental impact of aircraft emissions, and

“(2) shall, as appropriate and except as provided in subsection (b), take other actions under existing authorities that are in the public interest necessary to hold operators of civil aircraft of the United States harmless from the emissions trading scheme referred to under section 2.

“(b) EXCLUSION OF PAYMENT OF TAXES AND PENALTIES.—Actions taken under subsection (a)(2) may not include the obligation or expenditure of any amounts in the Airport and Airway Trust Fund established under section 9905 [9502] of the Internal Revenue Code of 1986 [26 U.S.C. 9502] or amounts otherwise made available to the Department of Transportation or any other Federal agency pursuant to appropriations Acts, for the payment of any tax or penalty imposed on an operator of civil aircraft of the United States pursuant to the emissions trading scheme referred to under section 2.

“SEC. 4. DEFINITION OF CIVIL AIRCRAFT OF THE UNITED STATES.

“In this Act, the term ‘civil aircraft of the United States’ has the meaning given the term under section 40102(a) of title 49, United States Code.’’

NEXTGEN AIR TRANSPORTATION SYSTEM AND AIR TRAFFIC CONTROL MODERNIZATION

“(1) NEXTGEN.—The term ‘NextGen’ means the Next Generation Air Transportation System.

“(2) ADS–B.—The term ‘ADS–B’ means automatic dependent surveillance-broadcast.

“(3) ADS–B OUT.—The term ‘ADS–B Out’ means automatic dependent surveillance-broadcast with the ability to transmit information from the aircraft to ground stations and to other equipped aircraft.

“(4) ADS–B IN.—The term ‘ADS–B In’ means automatic dependent surveillance-broadcast with the ability to transmit information from the aircraft to ground stations and to other equipped aircraft as well as the ability of the aircraft to receive information from other transmitting aircraft and the ground infrastructure.

“(5) RNAV.—The term ‘RNAV’ means area navigation.

“(6) RNP.—The term ‘RNP’ means required navigation performance.

“(A) REVIEW BY DOT INSPECTOR GENERAL.—

“(1) IN GENERAL.—The Inspector General of the Department of Transportation shall conduct a review concerning the Federal Aviation Administration’s award and oversight of any contracts entered into by the Administration to provide ADS–B services for the national airspace system.

“(2) CONTENTS.—The review shall include, at a minimum—

“(A) an examination of how the Administration manages program risks;

“(B) an assessment of expected benefits attributable to the deployment of ADS–B services, including the Administration’s plans for implementation of advanced operational procedures and air-to-air applications, as well as the extent to which ground radar will be retained;

“(C) an assessment of the Administration’s analysis of specific operational benefits, and benefit/cost analyses of planned operational benefits conducted by the Administration, for ADS–B In and ADS–B Out avionics equipage for airspace users;

“(D) a determination of whether the Administration has established sufficient mechanisms to ensure that all design, acquisition, operation, and maintenance requirements have been met by the contractor;

“(E) an assessment of whether the Administration and any contractors are meeting cost, schedule, and performance milestones, as measured against the original baseline of the Administration’s program for providing ADS–B services;

“(F) an assessment of how security issues are being addressed in the overall design and implementation of the ADS–B system;

“(G) identification of any potential operational or workforce changes resulting from deployment of ADS–B;

“(H) any other matters or aspects relating to contract implementation and oversight that the Inspector General determines merit attention;

“(3) REPORTS TO CONGRESS.—The Inspector General shall submit, periodically (and on at least an annual basis), to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the review conducted under this subsection.

“(c) USE OF ADS–B TECHNOLOGY.

“(1) PLANS.—Not later than 18 months after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall develop, in consultation with appropriate employee and industry groups, a plan for the use of ADS–B technology for surveillance and active air traffic control.

“(2) CONTENTS.—The plan shall—

“(A) include provisions to test the use of ADS–B technology for surveillance and active air traffic control in specific regions of the United States with the most congested airspace;

“(B) identify the equipment required at air traffic control facilities and the training required for air traffic controllers;

“(C) identify procedures, to be developed in consultation with appropriate employee and industry groups, to conduct air traffic management in mixed equipage environments; and

“(D) establish a policy in test regions referred to in subparagraph (A), in consultation with appropriate employee and industry groups, to provide incentives for equipage with ADS–B technology, including giving priority to aircraft equipped with such technology before the 2020 equipage deadline.

“SEC. 212. EXPERT REVIEW OF ENTERPRISE ARCHITECTURE FOR NEXTGEN.

“(a) REVIEW.—The Administrator of the Federal Aviation Administration shall enter into an arrangement with the National Research Council to review the enterprise architecture for the NextGen.

“(b) CONTENTS.—At a minimum, the review to be conducted under subsection (a) shall—

“(1) highlight the technical activities, including human-system design, organizational design, and other safety and human factors aspects of the system, that will be necessary to successfully transition current and planned modernization programs to the future system envisioned by the Joint Planning and Development Office of the Administration;

“(2) assess technical, cost, and schedule risk for the software development that will be necessary to
achieve the expected benefits from a highly automated air traffic management system and the implications for ongoing modernization projects; and

(3) determine how risks from integration with automation efforts for the NextGen can be mitigated based on the experiences of other public or private entities in developing complex, software-intensive systems.

(b) Project.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the results of the review conducted pursuant to subsection (a).

‘‘SEC. 213. ACCELERATION OF NEXTGEN TECHNOLOGIES.’’

‘‘(a) OPERATIONAL EVOLUTION PARTNERSHIP (OEP) AIRPORT PROCEDURES.—

‘‘(1) OEP AIRPORTS REPORT.—Not later than 6 months after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall publish a report, after consultation with representatives of appropriate Administration employee groups, airport operators, air carriers, general aviation representatives, aircraft and avionics manufacturers, and third parties that have received letters of qualification from the Administration to design and validate required navigation performance flight paths for public use (in this section referred to as ‘qualified third parties’) that includes the following:

‘‘(A) RNP/RNAV OPERATIONS FOR OEP AIRPORTS.— The required navigation performance and area navigation operations, including the procedures to be developed, certified, and published and the air traffic control operational changes, to maximize the fuel efficiency and airspace capacity of NextGen commercial operations at each of the 35 operational evolution partnership airports identified by the Administrator and any medium or small hub airport located within the same metropolex area considered appropriate by the Administrator. The Administrator shall, to the maximum extent practicable, avoid overlays of existing flight procedures, but if unavoidable, the Administrator shall clearly identify each required navigation performance and area navigation procedure that is an overlay of an existing instrument flight procedure and the reason why such an overlay was used.

‘‘(B) COORDINATION AND IMPLEMENTATION ACTIVITIES FOR OEP AIRPORTS.—A description of the activities and operational changes and approvals required to coordinate and utilize the procedures at OEP airports.

‘‘(C) IMPLEMENTATION PLAN FOR OEP AIRPORTS.—A plan for implementing the procedures for OEP airports under subparagraph (A) that establishes—

‘‘(i) baseline and performance metrics for—

‘‘(I) measuring the Administration’s progress in implementing the plan, including the percentage utilization of required navigation performance in the national airspace system; and

‘‘(II) achieving measurable fuel burn and carbon dioxide emissions reductions compared to current performance;

‘‘(ii) expedited environmental review procedures and processes for timely environmental approval of area navigation and required navigation performance that offer significant efficiency improvements as determined by baseline and performance metrics under clause (iii);

‘‘(iii) coordination and communication mechanisms with qualified third parties;

‘‘(iv) plans to address human factors, training, and other issues for air traffic controllers surrounding the adoption of RNP procedures in the en route and terminal environments, including in a mixed operational environment; and

‘‘(vii) a lifecycle management strategy for RNP procedures to be developed by qualified third parties, if applicable.

‘‘(D) ADDITIONAL PROCEDURES FOR OEP AIRPORTS.—A process for the identification, certification, and publication of additional required navigation performance and area navigation procedures that may provide operational benefits at OEP airports, and any medium or small hub airport located within the same metropolex area as the OEP airport, in the future.

‘‘(2) IMPLEMENTATION SCHEDULE FOR OEP AIRPORTS.—

The Administrator shall certify, publish, and implement—

‘‘(A) not later than 18 months after the date of enactment of this Act [Feb. 14, 2012], 30 percent of the required procedures at OEP airports;

‘‘(B) not later than 36 months after the date of enactment of this Act, 60 percent of the required procedures at OEP airports; and

‘‘(C) before June 30, 2015, 100 percent of the required procedures at OEP airports.

‘‘(2) NON-OEP AIRPORTS.—

‘‘(1) NON-OEP AIRPORTS REPORT.—Not later than 6 months after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall publish a report, after consultation with representatives of appropriate Administration employee groups, airport operators, air carriers, general aviation representatives, aircraft and avionics manufacturers, and third parties that have received letters of qualification from the Administration to design and validate required navigation performance flight paths for public use (in this section referred to as ‘qualified third parties’) that includes the following:

‘‘(A) RNP OPERATIONS FOR NON-OEP AIRPORTS.— A list of required navigation performance procedures (as defined in FAA order 8260.52(d)) to be developed, certified, and published, and the air traffic control operational changes, to maximize the fuel efficiency and airspace capacity of NextGen commercial operations at 35 non-OEP small, medium, and large hub airports other than those referred to in subsection (a)(1). The Administrator shall choose such non-OEP airports considered appropriate by the Administrator to produce maximum operational benefits, including improved fuel efficiency and emissions reductions that do not have public RNP procedures that produce such benefits on the date of enactment of this Act. The Administrator shall, to the maximum extent practicable, avoid overlays of existing flight procedures, but if unavoidable, the Administrator shall clearly identify each required navigation performance procedure that is an overlay of an existing instrument flight procedure and the reason why such an overlay was used.

‘‘(B) COORDINATION AND IMPLEMENTATION ACTIVITIES FOR NON-OEP AIRPORTS.—A description of the activities and operational changes and approvals required to coordinate and utilize the procedures at non-OEP airports described in such subparagraph.

‘‘(C) IMPLEMENTATION PLAN FOR NON-OEP AIRPORTS.—A plan for implementation of the procedures required by subparagraph (A) at each of the airports described in such subparagraph.

‘‘(D) COORDINATION AND COMMUNICATION MECHANISMS WITH QUALIFIED THIRD PARTIES.—

‘‘(i) clearly defined budget, schedule, project organization, and leadership requirements;

‘‘(ii) specific implementation and transition steps;

‘‘(iii) coordination and communications mechanisms with qualified third parties;

‘‘(iv) plans if applicable;
en route and terminal environments, including in a mixed operational environment;

"(v) baseline and performance metrics for—

"(i) measuring the Administration’s progress in implementing the plan, including the percentage utilization of required navigation performance in the national airspace system; and

"(ii) achieving metrics for measurable fuel burn and carbon dioxide emissions reduction compared to current performance;

"(vi) expedited environmental review procedures and processes for timely environmental approval of area navigation and required navigation performance that offer significant efficiency improvements as determined by baseline and performance metrics established under clause (v);

"(vii) a description of the software and database information, such as a current version of the Noise Integrated Routing System or the Integrated Noise Model that the Administration will need to make available to qualified third parties to enable those third parties to design procedures that will meet the broad range of requirements of the Administration; and

"(viii) lifecycle management strategy for RNP procedures to be developed by qualified third parties, if applicable.

"(D) ADDITIONAL PROCEDURES FOR NON-OEP AIRPORTS.—A process for the identification, certification, and publication of additional required navigation performance procedures that may provide operational benefits at non-OEP airports in the future.

"(2) IMPLEMENTATION SCHEDULE FOR NON-OEP AIRPORTS.—The Administrator shall certify, publish, and implement—

"(A) not later than 18 months after the date of enactment of this Act [Feb. 14, 2012], 35 percent of the required procedures for non-OEP airports;

"(B) not later than 36 months after the date of enactment of this Act, 50 percent of the required procedures for non-OEP airports; and

"(C) before June 30, 2016, 100 percent of the required procedures for non-OEP airports.

"(c) COORDINATED AND EXPEDITED REVIEW.—

"(1) IN GENERAL.—Navigation performance and area navigation procedures developed, certified, published, or implemented under this section shall be presumed to be covered by a categorical exclusion (as defined in section 1508.4 of title 40, Code of Federal Regulations) unless the Administrator determines that extraordinary circumstances exist with respect to the procedure.

"(2) NEXTGEN PROCEDURES.—Any navigation performance or other performance based navigation procedure developed, certified, published, or implemented that, in the determination of the Administrator, would result in measurable reductions in fuel consumption, carbon dioxide emissions, and noise, on a per flight basis, as compared to aircraft operations that follow existing instrument flight rules procedures in the same airspace, shall be presumed to have no significant affect on the quality of the human environment and the Administrator shall issue and file a categorical exclusion for the new procedure.

"(3) NOTIFICATIONS AND CONSULTATIONS.—Not later than 90 days before applying a categorical exclusion under this subsection to a new procedure at an OEP airport, the Administrator shall—

"(a) notify and consult with the operator of the airport at which the procedure would be implemented; and

"(b) consider consultations or other engagement with the community in the [sic] which the airport is located to inform the public of the procedure.

"(4) REVIEW OF CERTAIN CATEGORICAL EXCLUSIONS.—

"(a) IN GENERAL.—The Administrator shall review any decision of the Administrator made on or after February 14, 2012, and before the date of the enactment of this paragraph [Dec. 23, 2016] to grant a categorical exclusion under this subsection with respect to a procedure to be implemented at an OEP airport that was a material change from procedures previously in effect at the airport to determine if the implementation of the procedure had a significant effect on the human environment in the community in which the airport is located.

"(b) COSTS OR INCREMENTS.—If, in conducting a review under subparagraph (A) with respect to a procedure implemented at an OEP airport, the Administrator, in consultation with the operator of the airport, determines that implementing the procedure had a significant effect on the human environment in the community in which the airport is located, the Administrator shall—

"(i) consult with the operator of the airport to identify measures to mitigate the effect of the procedure on the human environment; and

"(ii) in conducting such consultations, consider the use of alternative flight paths that do not substantially degrade the efficiencies achieved by the implementation of the procedure being reviewed.

"(C) HUMAN ENVIRONMENT DEFINED.—In this paragraph, the term ‘human environment’ has the meaning given such term in section 1508.14 of title 40, Code of Federal Regulations (as in effect on the day before the date of the enactment of this paragraph).

"(D) DEPLOYMENT PLAN FOR NATIONALWIDE DATA COMMUNICATIONS SYSTEM.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a plan for implementation of a nationwide data communications system. The plan shall include—

"(1) clearly defined budget, schedule, project organization, and leadership requirements;

"(2) specific implementation and transition steps; and

"(3) baseline and performance metrics for measuring the Administration’s progress in implementing the plan.

"(E) IMPROVED PERFORMANCE STANDARDS.—

"(1) ASSESSMENT OF WORK BEING PERFORMED UNDER NEXTGEN IMPLEMENTATION PLAN.—The Administrator shall clearly outline in the NextGen Implementation Plan document of the Administration the work being performed under the plan to determine—

"(A) whether utilization of ADS-B, RNP, and other technologies as part of NextGen implementation will display the position of aircraft more accurately and frequently to enable a more efficient use of existing airspace and result in reduced consumption of aviation fuel and aircraft engine emissions; and

"(B) the feasibility of reducing aircraft separation standards in a safe manner as a result of the implementation of such technologies.

"(2) AIRCRAFT SEPARATION STANDARDS.—If the Administrator determines that the standards referred to in paragraph (1)(B) can be reduced safely, the Administrator shall include in the NextGen Implementation Plan a timetable for implementation of such reduced standards.

"(F) THIRD-PARTY USE.—The Administration shall establish a program under which the Administrator is authorized to use qualified third parties in the development, testing, and maintenance of flight procedures.

"SEC. 214. PERFORMANCE METRICS.

"(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall establish and begin tracking national airspace system performance metrics, including, at a minimum, metrics with respect to—

"(1) actual arrival and departure rates per hour measured against the currently published aircraft ar-
rival rate and aircraft departure rate for the 35 operational evolution partnership airports;

"(2) average gate-to-gate times;

"(3) fuel burned between key city pairs;

"(4) operations using the advanced navigation procedures, including performance based navigation procedures;

"(5) the average distance flown between key city pairs;

"(6) the time between pushing back from the gate and taking off;

"(7) continuous climb or descent;

"(8) average gate arrival delay for all arrivals;

"(9) flown versus filed flight times for key city pairs;

"(10) implementation of NextGen Implementation Plan, or any successor document, capabilities designed to reduce emissions and fuel consumption;

"(11) the Administration’s unit cost of providing air traffic control services; and

"(12) runway safety, including runway incursions, operational errors, and loss of standard separation events.

"(b) BASELINES.—The Administrator, in consultation with aviation industry stakeholders, shall identify baselines for each of the metrics established under subsection (a) and appropriate methods to measure deviations from the baselines.

"(c) PUBLICATION.—The Administrator shall make data obtained under subsection (a) available to the public in a searchable, sortable, and downloadable format through the Web site of the Administration and other appropriate media.

"(d) Report.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report that contains—

"(1) a description of the metrics that will be used to measure the Administration’s progress in implementing NextGen capabilities and operational results;

"(2) information on any additional metrics developed; and

"(3) a process for holding the Administration accountable for meeting or exceeding the metrics baselines identified in subsection (b).

"SEC. 215. CERTIFICATION STANDARDS AND RESOURCES.

"(a) PROCESS FOR CERTIFICATION.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall develop a plan to accelerate and streamline the process for certification of NextGen technologies, including—

"(1) establishment of updated project plans and timelines;

"(2) identification of the specific activities needed to certify NextGen technologies, including the establishment of NextGen technical requirements for the manufacture of equipment, installation of equipment, airline operational procedures, pilot training standards, air traffic control procedures, and air traffic controller training;

"(3) identification of staffing requirements for the Air Certification Service and the Flight Standards Service, taking into consideration the leveraging of assistance from third parties and designees;

"(4) establishment of a program under which the Administration will use third parties in the certification process; and

"(5) establishment of performance metrics to measure the Administration’s progress.

"(b) CERTIFICATION INTEGRITY.—The Administrator shall ensure that equipment, systems, or services used in the national airspace system meet appropriate certification requirements regardless of whether the equipment, system, or service is publically or privately owned.

"SEC. 216. SURFACE SYSTEMS ACCELERATION.

"(a) IN GENERAL.—The Chief Operating Officer of the Air Traffic Organization shall—

"(1) evaluate the Airport Surface Detection Equipment-Model X program for its potential contribution to implementation of the NextGen initiative;

"(2) evaluate airport surveillance technologies and associated collaborative surface management software for potential contributions to implementation of NextGen surface management;

"(3) accelerate implementation of the program referred to in paragraph (1); and

"(4) carry out such additional duties as the Administrator of the Federal Aviation Administration may require.

"(b) EXPEDITED CERTIFICATION AND UTILIZATION.—The Administrator shall—

"(1) consider options for expediting the certification of Ground-Based Augmentation System technology; and

"(2) develop a plan to utilize such a system at the 35 operational evolution partnership airports by December 31, 2012.

"SEC. 217. INCLUSION OF STAKEHOLDERS IN AIR TRAFFIC CONTROL MODERNIZATION PROJECTS.

"(a) PROCESS FOR EMPLOYEE INCLUSION.—Notwithstanding any other law or agreement, the Administrator of the Federal Aviation Administration shall establish a process or processes for including qualified employees selected by each exclusive collective bargaining representative of employees of the Administration impacted by the air traffic control modernization process to serve in a collaborative and expert capacity in the planning and development of air traffic control modernization projects, including NextGen.

"(b) ADHERENCE TO DEADLINES.—Participants in these processes shall adhere, to the greatest extent possible, to all deadlines and milestones established pursuant to this title.

"(c) NO CHANGE IN EMPLOYEE STATUS.—Participation in these processes by an employee shall not—

"(1) serve as a waiver of any bargaining obligations or rights;

"(2) entitle the employee to any additional compensation or benefits with the exception of a per diem, if appropriate; or

"(3) entitle the employee to prevent or unduly delay the exercise of management prerogatives.

"(d) WORKING GROUPS.—Except in extraordinary circumstances, the Administrator shall not pay overtime related to work group participation.

"(e) REPORT.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the implementation of this section.

"SEC. 218. AIRSPACE REDESIGN.

"(a) FINDINGS.—Congress finds the following:

"(1) The airspace redesign efforts of the Federal Aviation Administration will play a critical near-term role in enhancing capacity, reducing delays, transitioning to more flexible routing, and ultimately saving money in fuel costs for airlines and airspace users.

"(2) The critical importance of airspace redesign efforts is underscored by the fact that they are highlighted in strategic plans of the Administration, including Flight Plan 2009-2013 and the NextGen Implementation Plan.

"(3) Funding cuts have led to delays and deferrals of critical capacity enhancing airspace redesign efforts.

"(4) New runways planned for the period of fiscal years 2011 and 2012 will not provide estimated capacity benefits without additional funding.

"(b) NOISE IMPACTS OF NEW YORK/New Jersey/Philadelphia METROPOLITAN AREA AIRSPACE REDESIGN.—
“SEC. 219. STUDY ON FEASIBILITY OF DEVELOPMENT OF A PUBLIC INTERNET WEB-BASED RESOURCE ON LOCATIONS OF POTENTIAL AVIATION OBSTRUCTIONS.

“(a) The Administrator of the Federal Aviation Administration shall carry out a study on the feasibility of developing a publicly searchable, Internet Web-based resource that provides information regarding the height and latitudinal and longitudinal locations of guy-wire and free-standing tower obstructions.

“(b) CONSIDERATIONS.—In conducting the study, the Administrator shall consult with affected industries and appropriate Federal agencies.

“(c) REPORT.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit a report to the appropriate committees of Congress on the results of the study.

“SEC. 220. NEXTGEN RESEARCH AND DEVELOPMENT CENTER OF EXCELLENCE.

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration may enter into an agreement, on a competitive basis, to assist in the establishment of a center of excellence for the research and development of NextGen technologies.

“(b) FUNCTIONS.—The Administrator shall ensure that the center established under subsection (a)—

“(1) leverages resources and partnerships, including appropriate programs of the Administration, to enhance the research and development of NextGen technologies by industry and academia; and

“(2) provides educational, technical, and analytical assistance to the Administration and other Federal departments and agencies with responsibilities to research and develop NextGen technologies.

“SEC. 221. PUBLIC-PRIVATE PARTNERSHIPS.

“(a) IN GENERAL.—The Secretary may establish an avionics equipage incentive program for the purpose of equipping general aviation and commercial aircraft with communications, surveillance, navigation, and other avionics equipment, as determined by the Secretary to be in the interest of achieving NextGen capabilities for such aircraft.

“(b) NEXTGEN PUBLIC-PRIVATE PARTNERSHIPS.—The incentive program established under subsection (a) shall, at a minimum—

“(1) be based on public-private partnership principles; and

“(2) leverage and maximize the use of private sector capital.

“(c) FINANCIAL INSTRUMENTS.—Subject to the availability of appropriated funds, the Secretary may use financial instruments to facilitate public-private financing for the equipage of general aviation and commercial aircraft registered under section 4103 of title 49, United States Code. To the extent appropriations are not made available, the Secretary may establish the program, provided the costs are covered by the fees and premiums authorized by subsection (d)(2). For purposes of this section, the term ‘financial instruments’ means loan guarantees and other credit public-private financing designed to leverage and maximize private sector capital.

“(d) PROTECTION OF THE TAXPAYER.—

“(1) LIMITATION ON PRINCIPAL.—The amount of any guarantees under this program may not exceed 90 percent of the principal amount of the underlying loan.

“(2) COLLATERAL, FEES, AND PREMIUMS.—The Secretary shall require applicants for the incentive program to post collateral and pay such fees and premiums if feasible, as determined by the Secretary, to offset costs to the Government of potential defaults, and agree to performance measures that the Secretary considers necessary and in the best interest of implementing the NextGen program.

“(3) USE OF FUNDS.—Applications for this program shall be limited to equipment that is installed on general aviation or commercial aircraft and is necessary for communications, surveillance, navigation, or other purposes determined by the Secretary to be in the interests of achieving NextGen capabilities for commercial and general aviation.

“(e) TERMINATION OF PROGRAM.—The authority of the Secretary to issue such financial instruments under this section shall terminate 5 years after the date of the establishment of the incentive program.

“SEC. 222. OPERATIONAL INCENTIVES.

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall issue a report that—

“(1) identifies incentive options to encourage the equipage of aircraft with NextGen technologies, including a policy that gives priority to aircraft equipped with ADS-B technology;

“(2) identifies the costs and benefits of each option; and

“(3) includes input from industry stakeholders, including passenger and cargo air carriers, aerospace manufacturers, and general aviation aircraft operators.

“(b) DEADLINE.—The Administrator shall issue the report before the earlier of—

“(1) the date that is 6 months after the date of enactment of this Act [Feb. 14, 2012]; or

“(2) the date on which aircraft are required to be equipped with ADS-B technology pursuant to the rulemaking under [former] section 211(b).”

“PUBLIC PRIVATE PARTNERSHIPS.

“Pub. L. 112–95, title II, § 208(d), Feb. 14, 2012, 126 Stat. 43, provided that: ‘The Associate Administrator for Next Generation Air Transportation System Planning, Development, and Interagency Coordination shall, as part of the design of the System, develop contingency plans for dealing with the degradation of the System in the event of a natural disaster, major equipment failure, or act of terrorism.”

REPORTS ON STATUS OF GREENER SKIES PROJECT

“(a) INITIAL REPORT.—Not later than 180 days after the date of the enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall submit to Congress a report on the strategy of the Administrator for implementing, on an accelerated basis, the NextGen operational capabilities produced by the Greener Skies project, as recommended in the final report of the RTCA NextGen Mid-Term Implementation Task Force that was issued on September 9, 2009.

“(b) SUBSEQUENT REPORTS.—

“(1) IN GENERAL.—Not later than 180 days after the Administrator submits to Congress the report required by subsection (a) and annually thereafter until the pilot program terminates, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and to the Committee on Transportation and Infrastructure of the House of Representatives a report on the progress of the Administrator in carrying out the strategy described in the report submitted under subsection (a).
"(2) CONTENTS.—Each report submitted under paragraph (1) shall include the following:

"(A) A timeline for full implementation of the strategy described in the report submitted under subsection (a).

"(B) A description of the progress made in carrying out such strategy.

"(C) A description of the challenges, if any, encountered by the Administrator in carrying out such strategy."

[For definition of “NextGen” as used in section 225 of Pub. L. 112–95, set out above, see section 201 of Pub. L. 112–95, set out as a note above.]

UNMANNED AIRCRAFT SYSTEMS

CLARIFICATION OF REQUIREMENTS FOR VOLUNTEER PILOTS OPERATING CHARITABLE MEDICAL FLIGHTS

"(a) REIMBURSEMENT OF FUEL COSTS.—Notwithstanding any other law or regulation, in administering section 61.113(c)(1) of title 14, Code of Federal Regulations (or any successor regulation), the Administrator of the Federal Aviation Administration shall allow an aircraft owner or operator to accept reimbursement from a volunteer pilot organization for the fuel costs associated with a flight operation to provide transportation for an individual or organ for medical purposes (and for other associated individuals), if the aircraft owner or operator has—

"(1) volunteered to provide such transportation; and

"(2) notified any individual that will be on the flight, at the time of inquiry about the flight, that the flight operation is for charitable purposes and is not subject to the same requirements as a commercial flight.

"(b) CONDITIONS TO ENSURE SAFETY.—The Administrator may impose minimum standards with respect to training and flight hours for single-engine, multi-engine, and turbine-engine operations conducted by an aircraft owner or operator that is being reimbursed for fuel costs by a volunteer pilot organization, including mandating that the pilot in command of such aircraft hold an instrument rating and be current and qualified for the aircraft being flown to ensure the safety of the flight operations described in subsection (a).

"(c) VOLUNTEER PILOT ORGANIZATION.—In this section, the term ‘volunteer pilot organization’ means an organization that—

"(1) is described in section 501(c)(3) of the Internal Revenue Code of 1986 [26 U.S.C. 501(c)(3)] and is exempt from taxation under section 501(a) of such Code; and

"(2) is organized for the primary purpose of providing, arranging, or otherwise fostering charitable medical transportation."

INTERAGENCY RESEARCH ON AVIATION AND THE ENVIRONMENT

"(a) IN GENERAL.—Using amounts made available under section 40102(a) of title 49, United States Code, the Administrator, in coordination with NASA and after consultation with other relevant agencies, may maintain a research program to assess the potential effect of aviation activities on the environment and, if warranted, to evaluate approaches to address any such effect.

"(b) RESEARCH PLAN.—

"(1) IN GENERAL.—The Administrator, in coordination with NASA and after consultation with other relevant agencies, shall jointly develop a plan to carry out the research under subsection (a).

"(2) CONTENTS.—The plan shall contain an inventory of current interagency research being undertaken in this area, future research objectives, proposed tasks, milestones, and a 5-year budgetary profile.

"(3) REQUIREMENTS.—The plan shall be completed not later than 1 year after the date of enactment of this Act (Feb. 14, 2012); and

"(C) shall be updated, as appropriate, every 3 years after the initial submission."

UNMANNED AERIAL SYSTEMS AND NATIONAL AIRSPACE

FINDINGS
Pub. L. 110–113, § 2, Nov. 8, 2007, 121 Stat. 1009, provided that: "Congress finds the following:

"(1) The United States has revolutionized the way people travel, developing new technologies and aircraft to move people more efficiently and more safely.

"(2) Past Federal investment in aeronautics research and development has benefited the economy and national security of the United States and the quality of life of its citizens.

"(3) The total impact of civil aviation on the United States economy exceeds $800,000,000,000 annually and accounts for 9 percent of the gross national product and 11,000,000 jobs in the national workforce. Civil aviation products and services generate a significant surplus for United States trade accounts, and amount to significant numbers of the Nation’s highly skilled, technologically qualified workforce.

"(4) Aerospace technologies, products, and services underpin the advanced capabilities of our men and women in uniform and those charged with homeland security.

"(5) Future growth in civil aviation increasingly will be constrained by concerns related to aviation

"
system safety and security, aviation system capabilities, aircraft noise, emissions, and fuel consumption.

(6) Revitalization and coordination of the United States efforts to maintain its leadership in aviation and aeronautics are critical and must begin now.

(7) A recent report by the Commission on the Future of the United States Aerospace Industry outlined the scope of the problems confronting the aerospace and aviation industries in the United States and found that—

(A) aerospace will be at the core of the Nation’s leadership and strength throughout the 21st century;

(B) aerospace will play an integral role in the Nation’s economy, security, and mobility; and

(C) global leadership in aerospace is a national imperative.

(8) Despite the downturn in the global economy, projections of the Federal Aviation Administration indicate that upwards of 1,000,000,000 people will fly annually by 2013. Efforts must begin now to prepare for future growth in the number of airline passengers.

(9) The United States must increase its investment in research and development to revitalize the aviation and aerospace industries, to create jobs, and to provide educational assistance and training to prepare workers in those industries for the future.

REPORT ON LONG-TERM ENVIRONMENTAL IMPROVEMENTS

(1) GENERAL.—The Secretary of Transportation, in consultation with the Administrator of the National Aeronautics and Space Administration, shall conduct a study of ways to reduce aircraft noise and emissions and to increase aircraft fuel efficiency. The study shall—

(A) explore new operational procedures for aircraft to achieve those goals;

(B) identify both near-term and long-term options to achieve those goals;

(C) identify infrastructure changes that would contribute to attainment of those goals;

(D) identify emerging technologies that might contribute to attainment of those goals;

(E) develop a research plan for application of such emerging technologies, including new combustor and engine design concepts and methodologies for designing high bypass ratio turbofan engines so as to minimize the effects on climate change per unit of production of thrust and flight speed; and

(F) develop an implementation plan for exploiting such emerging technologies to attain those goals.

(2) REPORT.—The Secretary shall transmit a report on the study to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure within 1 year after the date of enactment of this Act [Dec. 12, 2003].

(3) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary $500,000 for fiscal year 2004 to carry out this section.

REDUCTION OF NOISE AND EMISSIONS FROM CIVILIAN AIRCRAFT

(1) ESTABLISHMENT OF RESEARCH PROGRAM.—From amounts made available under section 48102(a) of title 49, United States Code, the Secretary of Transportation shall establish a research program related to reducing community exposure to civilian aircraft noise or emissions through grants or other measures or authorized under section 106(i)(6) of such title, including reimbursable agreements with other Federal agencies. The program shall include participation by educational and research institutions that have existing facilities for developing and testing noise reduction engine technology.

(2) DESIGNATION OF INSTITUTE AS A CENTER OF EXCELLENCE.—The Administrator of the Federal Aviation Administration shall designate an institution described in subsection (a) as a Center of Excellence for Noise and Emission Research.

AIR TRANSPORTATION SYSTEM JOINT PLANNING AND DEVELOPMENT OFFICE

(1) The Secretary of Transportation shall establish in the Federal Aviation Administration a joint planning and development office to manage work related to the Next Generation Air Transportation System. The office shall be known as the Next Generation Air Transportation System Joint Planning and Development Office (in this section referred to as the ‘’Office’’).

(2) The head of the Office shall be the Associate Administrator for Next Generation Air Transportation System Planning, Development, and Interagency Coordination, who shall be appointed by the Administrator of the Federal Aviation Administration, with the approval of the Secretary. The Administrator shall appoint the Associate Administrator after consulting with the Chairman of the Next Generation Senior Policy Committee and providing advanced notice to the other members of that Committee.

(3) The responsibilities of the Office shall include—

(A) creating and carrying out an integrated plan for a Next Generation Air Transportation System pursuant to subsection (b);

(B) overseeing research and development on that system;

(C) creating a transition plan for the implementation of that system;

(D) coordinating aviation and aeronautics research programs to achieve the goal of more effective and directed programs that will result in applicable research;

(E) coordinating goals and priorities and coordinating research activities within the Federal Government with United States aviation and aeronautical firms;

(F) coordinating the development and utilization of new technologies to ensure that when available, they may be used to their fullest potential in aircraft and in the air traffic control system;

(G) facilitating the transfer of technology from research programs such as the National Aeronautics and Space Administration program and the Department of Defense Advanced Research Projects Agency program to Federal agencies with operational responsibilities and to the private sector;

(H) reviewing activities relating to noise, emissions, fuel consumption, and safety conducted by Federal agencies, including the Federal Aviation Administration, the National Aeronautics and Space Administration, the Department of Commerce, and the Department of Defense;

(I) establishing specific quantitative goals for the safety, capacity, efficiency, performance, and environmental impacts of each phase of Next Generation Air Transportation System planning and development activities and measuring actual operational experience against those goals, taking into account noise pollution reduction concerns of affected communities to the extent practicable in establishing the environmental goals;

(J) working to ensure global interoperability of the Next Generation Air Transportation System;

(K) working through grants to ensure the use of weather information and space weather information in the Next Generation Air Transportation System as soon as possible;

(L) overseeing, with the Administrator and in consultation with the Chief Technology Officer, the selection of projects or outcomes of research and de-
development activities that should be moved to a demonstration phase; and

(8) maintaining a baseline modeling and simulation environment for testing and evaluating alternative concepts to satisfy Next Generation Air Transportation System enterprise architecture requirements.

(iii) The Office shall operate in conjunction with relevant programs in the Department of Defense, the National Aeronautics and Space Administration, the Department of Commerce and the Department of Homeland Security. The Secretary of Transportation may request assistance from staff from those Departments and other Federal agencies.

(ii) The Secretary of Defense, the Administrator of the National Aeronautics and Space Administration, the Secretary of Commerce, the Secretary of Homeland Security, and the head of any other Federal agency from which the Secretary of Transportation requests assistance under subparagraph (A) shall designate a senior official in the agency to be responsible for—

(i) carrying out the activities of the agency relating to the Next Generation Air Transportation System in coordination with the Office, including the execution of all aspects of the work of the agency in developing and implementing the integrated work plan described in subsection (b)(5);

(ii) serving as a liaison for the agency in activities of the agency relating to the Next Generation Air Transportation System and coordinating with other Federal agencies involved in activities relating to the System; and

(iii) ensuring that the agency meets its obligations as set forth in any memorandum of understanding executed by or on behalf of the agency relating to the Next Generation Air Transportation System.

(c) The head of a Federal agency referred to in subparagraph (B) shall—

(i) ensure that the responsibilities of the agency relating to the Next Generation Air Transportation System are clearly communicated to the senior official of the agency designated under subparagraph (B);

(ii) ensure that the performance of the senior official in carrying out responsibilities of the agency relating to the Next Generation Air Transportation System is reflected in the official’s annual performance evaluations and compensation;

(iii) establish or designate an office within the agency to carry out its responsibilities under the memorandum of understanding between the Office and the designated official; and

(iv) ensure that the designated official has sufficient budgetary authority and staff resources to carry out the agency’s Next Generation Air Transportation System responsibilities as set forth in the integrated plan under subsection (b).

(2) Not later than 6 months after the date of enactment of this subparagraph [Feb. 14, 2012], the head of each Federal agency that has responsibility for carrying out any activity under the integrated plan shall execute a memorandum of understanding with the Office obligating that agency to carry out the activity.

(3) In developing and carrying out its plans, the Office shall consult with the public and ensure the participation of experts from the private sector including representatives of commercial aviation, general aviation, aviation labor groups, aviation research and development entities, aircraft and air traffic control suppliers, and the space industry.

(6) The Office shall work with the Director of the Office of Management and Budget to develop a process whereby the Director will identify to the Next Generation Air Transportation System across the agencies referred to in paragraph (4)(A) and consider the Next Generation Air Transportation System as a major crosscutting program.

(B) The Director of the Office of Management and Budget, to the extent practicable, shall—

(i) ensure that—

(I) each Federal agency covered by the plan has sufficient funds requested in the President’s budget, as submitted under section 1105(a) of title 31, United States Code, for each fiscal year covered by the plan to carry out its responsibilities under the plan; and

(II) the development and implementation of the Next Generation Air Transportation System remains on schedule;

(ii) include, in the President’s budget, a statement of the portion of the estimated budget of each Federal agency covered by the plan that relates to the activities of the agency under the Next Generation Air Transportation System; and

(iii) identify and justify as part of the President’s budget submission any inconsistencies between the plan and amounts requested in the budget.

(7) The Associate Administrator for Next Generation Air Transportation System Planning, Development, and Interagency Coordination shall be a voting member of the Joint Resources Council of the Federal Aviation Administration.

Integrated Plan. —The integrated plan shall be designed to ensure that the Next Generation Air Transportation System meets anticipated future air transportation service characteristics with the Next Generation Air Transportation System with the characteristics outlined under clause (ii) [(2)], including—

(A) the most significant technical obstacles and the research and development activities necessary to overcome them, including for each project, the role of each Federal agency, corporations, and universities;

(B) the annual anticipated cost of carrying out the research and development activities; and

(C) the technical milestones that will be used to evaluate the activities;

(4) a description of the operational concepts to meet the system performance requirements for all system users and a timeline and anticipated expenditures needed to develop and deploy the system to meet the vision for 2025;

(5) a multiagency research and development roadmap for creating the Next Generation Air Transportation System with the characteristics outlined under clause (ii) [(2)], including—

(I) carrying out the activities of the agency relating to the Next Generation Air Transportation System responsibly as set forth in the integrated plan under subsection (b) shall execute a memorandum of understanding with the Office obligating that agency to carry out the activity.

(II) the development and implementation of the Next Generation Air Transportation System’s end-state architecture, as expressed in the concept of operations and enterprise architecture documents, that identifies each Federal agency or other entity responsible for each activity in the outline;

(III) the annual anticipated cost of carrying out the research and development activities; and

(IV) the technical milestones that will be used to evaluate the activities;

(5) a multiagency integrated work plan for the Next Generation Air Transportation System that includes—

(A) an outline of the activities required to achieve the end-state architecture, as expressed in the concept of operations and enterprise architecture documents, that identifies each Federal agency or other entity responsible for each activity in the outline;

(B) details on a year-by-year basis of specific accomplishments, activities, research requirements, rulemakings, policy decisions, and other milestones of progress for each Federal agency or entity conducting activities relating to the Next Generation Air Transportation System;

(C) for each element of the Next Generation Air Transportation System, an outline, on a year-by-year basis, of what is to be accomplished in that year toward meeting the Next Generation Air Transportation System’s end-state architecture, as expressed in the concept of operations and enterprise architecture documents, as well as identifying
each Federal agency or other entity that will be responsible for each component of any research, development, or implementation program; 

(2) an estimate of all necessary expenditures on a year-by-year basis, including a statement of each Federal agency or entity’s responsibility for costs and available resources, for each stage of development, from the basic research stage through the demonstration and implementation phase; 

(3) a clear explanation of how each step in the development of the Next Generation Air Transportation System will lead to the following step and of the implications of not successfully completing a step in the time period described in the integrated work plan; 

(F) a transition plan for the implementation of the Next Generation Air Transportation System that includes date-specific milestones for the implementation of new capabilities into the national airspace system; 

(G) date-specific timetables for meeting the environmental goals identified in subsection (a)(3)(I); and 

(H) a description of potentially significant operational or workforce changes resulting from deployment of the Next Generation Air Transportation System.

(c) GOALS.—The Next Generation Air Transportation System shall—

(1) improve the level of safety, security, efficiency, quality, and affordability of the National Airspace System and aviation services; 

(2) take advantage of data from emerging ground-based and space-based communications, navigation, and surveillance technologies; 

(3) integrate data streams from multiple agencies and sources to enable situational awareness and seamless global operations for all appropriate users of the system, including users responsible for civil aviation, homeland security, and national security; 

(4) leverage investments in civil aviation, homeland security, and national security and build upon current air traffic management and infrastructure initiatives to meet system performance requirements for all users; 

(5) be scalable to accommodate and encourage substantial growth in domestic and international transportation and anticipate and accommodate continuing technology upgrades and advances; 

(6) accommodate a wide range of aircraft operations, including airlines, air taxis, helicopters, general aviation, unmanned aerial vehicles; and 

(7) take into consideration, to the greatest extent practicable, design of airport approach and departure flight paths to reduce exposure of noise and emissions pollution on affected residents. 

(d) NEXTGEN IMPLEMENTATION PLAN.—The Administrator shall develop and publish annually the document known as the NextGen Implementation Plan, or any successor document, that provides a detailed description of how the agency is implementing the Next Generation Air Transportation System.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Office $50,000,000 for each of the fiscal years 2004 through 2010.

NEXT GENERATION AIR TRANSPORTATION SENIOR POLICY COMMITTEE

(a) IN GENERAL.—The Secretary of Transportation shall establish a senior policy committee to work with the Next Generation Air Transportation System Joint Planning and Development Office. The senior policy committee shall be chaired by the Secretary and shall meet at least twice each year. 

(b) MEMBERSHIP.—In addition to the Secretary, the senior policy committee shall be composed of—

(1) the Administrator of the Federal Aviation Administration (or the Administrator’s designee); 

(2) the Administrator of the National Aeronautics and Space Administration (or the Administrator’s designee); 

(3) the Secretary of Defense (or the Secretary’s designee); 

(4) the Secretary of Homeland Security (or the Secretary’s designee); 

(5) the Secretary of Commerce (or the Secretary’s designee); 

(6) the Director of the Office of Science and Technology Policy (or the Director’s designee); and 

(7) designees from other Federal agencies determined by the Secretary of Transportation to have an important interest in, or responsibility for, other aspects of the system.

(c) FUNCTION.—The senior policy committee shall—

(1) advise the Secretary of Transportation regarding the national goals and strategic objectives for the transformation of the Nation’s air transportation system to meet its future needs; 

(2) provide policy guidance for the integrated plan for the air transportation system to be developed by the Next Generation Air Transportation System Joint Planning and Development Office; 

(3) provide ongoing policy review for the transformation of the air transportation system; 

(4) identify resource needs and make recommendations to their respective agencies for necessary funding for planning, research, and development activities; and 

(5) make legislative recommendations, as appropriate, for the future air transportation system.

(d) CONSULTATION.—In carrying out its functions under this section, the senior policy committee shall consult with, and ensure participation by, the private sector (including representatives of general aviation, commercial aviation, aviation labor, and the space industry), members of the public, and other interested parties and may do so through a special advisory committee composed of such representatives.

(e) ANNUAL REPORT.—

(1) SUBMISSION TO CONGRESS.—Not later than 1 year after the date of enactment of this subsection [Feb. 14, 2012], and annually thereafter on the date of submission of the President’s budget request to Congress under section 1105(a) of title 31, United States Code, the Secretary shall submit to Congress a report summarizing the progress made in carrying out the integrated work plan required by section 709(b)(5) [of Pub. L. 108–176, set out as a note above] and any changes in that plan.

(2) CONTENTS.—The report shall include—

(A) a copy of the updated integrated work plan; 

(B) a description of the progress made in carrying out the integrated work plan and any changes in that plan, including any changes based on funding shortfalls and limitations set by the Office of Management and Budget; 

(C) a detailed description of—

(i) the success or failure of each item of the integrated work plan for the previous year and relevant information as to why any milestone was not met; and 

(ii) the impact of not meeting the milestone and what actions will be taken in the future to account for the failure to complete the milestone; 

(D) an explanation of any change to future years in the integrated work plan and the reasons for such change; and 

(E) an identification of the levels of funding for each agency participating in the integrated work plan devoted to programs and activities under the plan for the previous fiscal year and in the President’s budget request.

[Next Generation Air Transportation System Senior Policy Committee to terminate on date of initial appointment of members of the advisory committee established under section 439 of Pub. L. 115–254, see section 439(h) of Pub. L. 115–254, set out as a note under section 41705 of this title.]
Reimbursement for Losses Incurred by General Aviation Entities

"(a) In General.—The Secretary of Transportation may make grants to reimburse the following general aviation entities for the security costs incurred and revenue foregone as a result of the restrictions imposed by the Federal Government following the terrorist attacks on the United States that occurred on September 11, 2001:

"(1) General aviation entities that operate at Ronald Reagan Washington National Airport.

"(2) Airports that are located within 15 miles of Ronald Reagan Washington National Airport and were operating under security restrictions on the date of enactment of this Act [Dec. 12, 2003] and general aviation entities operating at those airports.

"(3) General aviation entities affected by implementation of section 49939 of title 49, United States Code.

"(4) General aviation entities that were affected by Federal Aviation Administration Notices to Airmen FDC 2/1999 and 3/1992 or section 352 of the Department of Transportation and Related Agencies Appropriations Act, 2003 (Public Law 108–7, division I) [117 Stat. 420], or both.

"(5) Sightseeing operations that were not authorized to resume in enhanced class B air space under Federal Aviation Administration notice to airmen 1/1225.

"(b) Documentation.—Reimbursement under this section shall be made in accordance with sworn financial statements or other appropriate data submitted by each general aviation entity demonstrating the costs incurred and revenue foregone to the satisfaction of the Secretary.

"(c) General Aviation Entity Defined.—In this section, the term ‘general aviation entity’ means any person (other than a scheduled air carrier or foreign air carrier, as such terms are defined in section 40102 of title 49, United States Code) that—

"(1) operates nonmilitary aircraft under part 91 of title 14, Code of Federal Regulations, for the purpose of conducting its primary business;

"(2) manufactures nonmilitary aircraft with a maximum seating capacity of fewer than 20 passengers or aircraft parts to be used in such aircraft;

"(3) provides services necessary for nonmilitary operations under such part 91;

"(4) operates an airport other than a primary airport (as such terms are defined in such section 49102), that—

"(A) is listed in the national plan of integrated airport systems developed by the Federal Aviation Administration under section 47103 of such title; or

"(B) is normally open to the public, is located within the confines of enhanced class B airspace (as defined by the Federal Aviation Administration in Notice to Airmen FDC 1/0618), and was closed as a result of an order issued by the Federal Aviation Administration in the period beginning September 11, 2001, and ending January 1, 2002, and remained closed as a result of that order on January 1, 2002. Such term includes fixed based operators, flight schools, manufacturers of general aviation aircraft and products, persons engaged in nonscheduled aviation enterprises, and general aviation independent contractors.

"(d) Authorization of Appropriations.—There is authorized to be appropriated to carry out this section $100,000,000. Such sums shall remain available until expended.

GAO Report on Airlines’ Actions to Improve Finances and on Executive Compensation

"(a) Finding.—Congress finds that the United States Government has by law provided substantial financial assistance to United States commercial airlines in the form of war risk insurance and reinsurance and other economic benefits and has imposed substantial economic and regulatory burdens on those airlines. In order to determine the economic viability of the domestic commercial airline industry and to evaluate the need for additional measures or the modification of existing laws, Congress needs more frequent information and independently verified information about the financial condition of these airlines.

"(b) GAO Report.—Not later than one year after the date of enactment of this Act [Dec. 12, 2003], the Comptroller General shall prepare a report for Congress analyzing the financial condition of the United States airline industry in its efforts to reduce the costs, improve the earnings and profits and balances of each individual air carrier. The report shall recommend steps that the industry should take to become financially self-sufficient.

"(c) GAO Authority.—In order to compile the report required by subsection (b), the Comptroller General, or any of the Comptroller General’s duly authorized representatives, shall have access for the purpose of audit and examination to any books, accounts, documents, papers, and records of such air carriers that relate to the information required to compile the report. The Comptroller General shall submit with the report a certification as to whether the Comptroller General has had access to sufficient information to make informed judgments on the matters covered by the report.

"(d) Reports to Congress.—The Comptroller General shall transmit the report required by subsection (b) to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.

Mail and Freight Waivers

"(a) In General.—During a national emergency affecting air transportation or intrastate air transportation, the Secretary of Transportation, after consultation with the Transportation Security Oversight Board, may grant a complete or partial waiver of any restrictions on the carriage by aircraft of freight, mail, emergency medical supplies, personnel, or patients on aircraft, imposed by the Department of Transportation (or other Federal agency or department) that would permit such carriage of freight, mail, emergency medical supplies, personnel, or patients on flights, to, from, or within a State if the Secretary determines that—

"(1) extraordinary air transportation needs or concerns exist; and

"(2) the waiver is in the public interest, taking into consideration the isolation of and dependence on air transportation of the State.

"(b) Limitations.—The Secretary may impose reasonable limitations on any such waiver.

Air Carriers Required To Honor Tickets for Suspended Service

Relationship of Eligible Crime Victim Compensation Programs to September 11th Victim Compensation Fund

**§ 40101**

[TITLE 49—TRANSPORTATION]

Page 902

Compensation payable under title IV of Public Law 107–42 [set out as a note below], the failure of a crime victim compensation program, after the effective date of final regulations issued pursuant to section 407 of Public Law 107–42, to provide compensation otherwise required pursuant to section 1403 of the Victims of Crime Act of 1984 (42 U.S.C. 10602) [now 44 U.S.C. 20102(b)] shall not render that program ineligible for future grants under the Victims of Crime Act of 1984 [44 U.S.C. 20101 et seq.].

**AIR TRANSPORTATION SAFETY AND SYSTEM STABILIZATION**

Pub. L. 112–10, div. B, title III, § 1247, Apr. 15, 2011, 125 Stat. 124, as amended by Pub. L. 114–113, div. O, title IV, § 402(h), Dec. 18, 2015, 129 Stat. 3007, provided that: “Notwithstanding any other provision of law, in fiscal year 2012 and thereafter payments for costs described in section 406(b) and (d)(1) and (2) of such Act. Costs for payments for compensation for claims in Group A, as described in section 405(a)(3)(C)(i) of such Act, shall be paid from amounts made available under section 406 of such Act. Costs for payments for compensation for claims in Group B, as described in section 405(a)(3)(C)(ii) of such Act, shall be paid from amounts in the Victims Compensation Fund established under section 410 of such Act.”

**‘SECTION I. SHORT TITLE.**

‘This Act may be cited as the ‘Air Transportation Safety and System Stabilization Act’.

**‘TITLE I—AIRLINE STABILIZATION**

**‘SEC. 101. AVIATION DISASTER RELIEF.**

(a) In General.—Notwithstanding any other provision of law, the President shall take the following actions to compensate air carriers for losses incurred by the air carriers as a result of the terrorist attacks on the United States that occurred on September 11, 2001:

(2) Compensate air carriers in an aggregate amount equal to $5,600,000,000 for—

(A) direct losses incurred beginning on September 11, 2001, by air carriers as a result of any Federal ground stop order issued by the Secretary of Transportation or any subsequent order which continues or renews such a stoppage; and

(B) the incremental losses incurred beginning September 11, 2001, and ending December 31, 2001, by air carriers as a direct result of such attacks.

(b) Emergency Designation.—Congress designates the amount of new budget authority and outlays in all fiscal years resulting from this title as an emergency requirement pursuant to section 252(a) of the Balanced Budget and Emergency Deficit Control Act of 1985 (2 U.S.C. 901(e)). Such amount shall be available only to the extent that a request, that includes designation of such amount as an emergency requirement as defined in such Act [see Short Title note set out under section 900 of Title 2, The Congress], is transmitted by the President to Congress.

**‘SEC. 103. SPECIAL RULES FOR COMPENSATION.**

(a) Documentation.—Subject to subsection (b), the amount of compensation payable to an air carrier under section 101(a)(2) may not exceed the amount of losses described in section 101(a)(2) that the air carrier demonstrates to the satisfaction of the President, using sworn financial statements or other appropriate data, that the air carrier incurred. The Secretary of Transportation and the Comptroller General of the United States may audit such statements and may request any information that the Secretary and the Comptroller General deems necessary to conduct such audit.

(b) Maximum Amount of Compensation Payable Per Air Carrier.—The maximum total amount of compensation payable to an air carrier under section 101(a)(2) may not exceed the lesser of—

(1) the amount of such air carrier’s direct and incremental losses described in section 101(a)(2); or

(2) in the case of—

(A) flights involving passenger-only or combined passenger and cargo transportation, the product of—

(i) $4,500,000,000; and

(ii) the ratio of—

(I) the available seat miles of the air carrier for the month of August 2001 as reported to the Secretary; to

(II) the total available seat miles of all such air carriers for such month as reported to the Secretary; and

(B) flights involving cargo-only transportation, the product of—

(i) $500,000,000; and

(ii) the ratio of—

(I) the revenue ton miles or other auditable measure of the air carrier for cargo for the latest quarter for which data is available as reported to the Secretary; to

(II) the total revenue ton miles or other auditable measure of all such air carriers for cargo for such quarter as reported to the Secretary.

(c) Payments.—The President may provide compensation to air carriers under section 101(a)(2) in 1 or more payments up to the amount authorized by this title.

(d) Compensation for Certain Air Carriers.—

(1) Set-Aside.—The President may set aside a portion of the amount of compensation payable to air carriers under section 101(a)(2) to provide compensation to classes of air carriers, such as air tour operators and air ambulances (including hospitals operating air ambulances) for whom the application of a distribution formula containing available seat miles as a factor would inadequately reflect their share of direct and incremental losses. The President shall reduce the $4,500,000,000 specified in subsection (b)(2)(A)(i) by the amount set aside under this subsection.

(2) Distribution of Amounts.—The President shall distribute the amount set aside under this subsection proportionally among such air carriers based on an appropriate auditable measure, as determined by the President.

SEC. 105. CONTINUATION OF CERTAIN AIR SERVICE.

(a) Action of Secretary.—The Secretary of Transportation shall take appropriate action to ensure that all communities that had scheduled air service before September 11, 2001, continue to receive adequate air transportation service and that essential air service to small communities continues without interruption.

(b) Essential Air Service.—There is authorized to be appropriated to the Secretary to carry out the es-
essential air service program under subchapter II of chapter 417 of title 49, United States Code, $120,000,000 for fiscal year 2002.

"(2) AGREEMENTS.—In applying paragraph (1), the Secretary may require air carriers receiving direct financial assistance under this Act to enter into agreements which will ensure, to the maximum extent practicable, that all communities that had scheduled air service before September 11, 2001, continue to receive adequate air transportation service.

"SEC. 106. REPORTS.

"(a) REPORT.—Not later than February 1, 2002, the President shall transmit to the Committee on Transportation and Infrastructure, the Committee on Appropriations, and the Committee on the Budget of the Senate a report on the financial status of the air carrier industry and the amounts of assistance provided under this title to each air carrier.

"(b) UPDATE.—Not later than the end of the 7-month period following the date of enactment of this Act [Sept. 22, 2001], the President shall update and transmit the report to the Committees.

"SEC. 107. DEFINITIONS.

"In this title, the following definitions apply:

"(1) AIR CARRIER.—The term ‘air carrier’ has the meaning such term has under section 40102 of title 49, United States Code.

"(3) INCREMENTAL LOSS.—The term ‘incremental loss’ does not include any loss that the President determines would have been incurred if the terrorist attacks on the United States that occurred on September 11, 2001, had not occurred.

"TITLE II—AVIATION INSURANCE

"SEC. 201. DOMESTIC INSURANCE AND REIMBURSEMENT OF INSURANCE COSTS.

"(a) IN GENERAL.—[Amended section 44302 of this title.]

"(b) COVERAGE.—

"(1) IN GENERAL.—[Amended section 44303 of this title.]

"(2) [Transferred to section 44303(b) of this title.]

"(c) REIMBURSEMENT.—[Amended section 44304 of this title.]

"(d) PREMIUMS.—[Amended section 44306 of this title.]

"(e) CONFORMING AMENDMENT.—[Amended section 44305 of this title.]

"SEC. 202. EXTENSION OF PROVISIONS TO VENDORS, AGENTS, AND SUBCONTRACTORS OF AIR CARRIERS.

"Notwithstanding any other provision of this title, the Secretary may extend any provision of chapter 417 of title 49, United States Code, as amended by this title, and the provisions of this title, to vendors, agents, and subcontractors of air carriers. For the 180-day period beginning on the date of enactment of this Act [Sept. 22, 2001], the Secretary may extend or amend any such provisions so as to ensure that the entities referred to in the preceding sentence are not responsible in cases of acts of terrorism for losses suffered by third parties that exceed the amount of such entities’ liability coverage, as determined by the Secretary.

"TITLE III—TAX PROVISIONS

"SEC. 301. EXTENSION OF DUE DATE FOR EXCISE TAX DEPOSITS; TREATMENT OF LOSS COMPENSATION.

"(a) EXTENSION OF DUE DATE FOR EXCISE TAX DEPOSITS.—

"(1) IN GENERAL.—In the case of an eligible air carrier, any airline-related deposit required under section 6392 of the Internal Revenue Code of 1986 [26 U.S.C. 6392] to be made after September 10, 2001, and before November 15, 2001, shall be treated for purposes of such Code [26 U.S.C. 1 et seq.] as timely made if such deposit is made on or before November 15, 2001. If the Secretary of the Treasury so prescribes, the preceding sentence shall be applied by substituting for ‘November 15, 2001’ each place it appears—

"(A) ‘January 15, 2002’; or

"(B) such earlier date after November 15, 2001, as such Secretary may prescribe.

"(2) ELIGIBLE AIR CARRIER.—For purposes of this subsection, the term ‘eligible air carrier’ means any domestic corporation engaged in the trade or business of transporting (for hire) persons by air if such transportation is available to the general public.

"(3) AIRLINE-RELATED DEPOSIT.—For purposes of this subsection, the term ‘airline-related deposit’ means any deposit of taxes imposed by chapter C of chapter 33 of such Code [26 U.S.C. 4261 et seq.] relating to transportation by air.

"(4) TREATMENT OF LOSS COMPENSATION.—Nothing in any provision of law shall be construed to exclude from gross income under the Internal Revenue Code of 1986 any compensation received under section 10(a)(4) of this Act.

"TITLE IV—VICTIM COMPENSATION

"SEC. 401. SHORT TITLE.

"This title may be cited as the ‘September 11th Victim Compensation Fund of 2001’.}

"SEC. 402. DEFINITIONS.

"In this title, the following definitions apply:

"(1) AIR CARRIER.—The term ‘air carrier’ means a citizen of the United States undertaking by any means, directly or indirectly, to provide air transportation and includes employees and agents (including persons engaged in the business of providing air transportation security and their affiliates) of such citizen. For purposes of the preceding sentence, the term ‘agent’, as applied to persons engaged in the business of providing air transportation security, shall only include persons that have contracted directly with the Federal Aviation Administration on or after September 11, 2001, to provide such security, and had not been or are not debarred for any period within 6 months from that date.

"(2) AIR TRANSPORTATION.—The term ‘air transportation’ means foreign air transportation, interstate air transportation, or the transportation of mail by aircraft.

"(3) AIRCRAFT MANUFACTURER.—The term ‘aircraft manufacturer’ means any entity that manufactured the aircraft or any parts or components of the aircraft involved in the terrorist-related aircraft crashes of September 11, 2001, including employees and agents of that entity.

"(4) AIRPORT SPONSOR.—The term ‘airport sponsor’ means the owner or operator of an airport (as defined in section 40102 of title 49, United States Code).

"(5) CLAIMANT.—The term ‘claimant’ means an individual filing a claim for compensation under section 404(a)(1).

"(6) COLLATERAL SOURCE.—The term ‘collateral source’ means all collateral sources, including life insurance, pension funds, death benefit programs, and payments by Federal, State, or local governments related to the terrorist-related aircraft crashes of September 11, 2001, or debris removal, including under the World Trade Center Health Program established under section 3301 of the Public Health Service Act (probably means section 3301 of the Public Health Service Act, 42 U.S.C. 300mm), and payments made pursuant to the settlement of a civil action described in section 305(c)(3)(C)(ii).

"(7) CONTRACTOR AND SUBCONTRACTOR.—The term ‘contractor and subcontractor’ means any contractor
or subcontractor (at any tier of a subcontracting relationship), including any general contractor, construction manager, prime contractor, consultant, or any parent, subsidiary, associated or allied company, affiliated company, corporation, firm, organization, or joint venture thereof that participated in debris removal at any 9/11 crash site. Such term shall not include any entity, including the Port Authority of New York and New Jersey, with a property interest in the World Trade Center, on September 11, 2001, whether fee simple, leasehold or easement, direct or indirect.

“(8) DEBRIS REMOVAL.—The term ‘debris removal’ means rescue and recovery efforts, removal of debris, cleanup, remediation, and response during the immediate aftermath of the terrorist-related aircraft crashes of September 11, 2001, with respect to a 9/11 crash site.

“(9) ECONOMIC LOSS.—The term ‘economic loss’ means any pecuniary loss resulting from harm (including the loss of earnings or other benefits related to employment, replacement services loss, loss due to death, burial costs, loss of business or employment opportunities, and past out-of-pocket medical expense loss but not future medical expense loss) to the extent recovery for such loss is allowed under applicable State law.

“(10) ELIGIBLE INDIVIDUAL.—The term ‘eligible individual’ means an individual determined to be eligible for compensation under section 405(c).

“(11) IMMEDIATE AFTERMATH.—The term ‘immediate aftermath’ means any period beginning with the terrorist-related aircraft crashes of September 11, 2001, and ending on May 30, 2002.

“(12) NONECONOMIC LOSSES.—The term ‘noneconomic losses’ means losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium (other than loss of domestic service), hedonic damages, injury to reputation, and all other noneconomic losses of any kind or nature.

“(13) SPECIAL MASTER.—The term ‘Special Master’ means the Special Master appointed under section 404(a).

“(14) WTC PROGRAM ADMINISTRATOR.—The term ‘WTC Program Administrator’ has the meaning given such term in section 3306 of the Public Health Service Act (42 U.S.C. 300mm–5).

“(15) WTC-RELATED PHYSICAL HEALTH CONDITION.—The term ‘WTC-related physical health condition’ means—

“(A) means, subject to subparagraph (B), a WTC-related health condition as defined by section 3312(a) of the Public Health Service Act (42 U.S.C. 300mm–22(a)), including the conditions listed in section 3322(b) of such Act (42 U.S.C. 300mm–32(b)); and

“(B) does not include—

“(i) a mental health condition described in paragraph (1)(A)(11) or (3)(B) of section 3312(a) of such Act (42 U.S.C. 300mm–22(a));

“(ii) any mental health condition certified under section 3312(b)(2)(B)(11) of such Act (42 U.S.C. 300mm–22(b)(2)(B)(11)) (including such certification as applied under section 3322(a) of such Act (42 U.S.C. 300mm–32(a)));

“(iii) a mental health condition described in section 3322(b) of such Act (42 U.S.C. 300mm–32(b)); or

“(iv) any other mental health condition.

“(16) 9/11 CRASH SITE.—The term ‘9/11 crash site’ means—

“(A) the World Trade Center site, Pentagon site, and Shanksville, Pennsylvania site;

“(B) the buildings or portions of buildings that were destroyed as a result of the terrorist-related aircraft crashes of September 11, 2001;

“(C) the area in Manhattan that is south of the line that runs along Canal Street from the Hudson River to the intersection of Canal Street and East Broadway, north on East Broadway to Clinton Street, and east on Clinton Street to the East River;

“(D) any area related to, or along, routes of debris removal, such as barges and Fresh Kills.

“SEC. 403. PURPOSE.

“It is the purpose of this title to provide full compensation to any individual (or relatives of a deceased individual) who was physically injured or killed as a result of the terrorist-related aircraft crashes of September 11, 2001, or the rescue and recovery efforts during the immediate aftermath of such crashes.

“SEC. 404. ADMINISTRATION.

“(a) IN GENERAL.—The Attorney General, acting through a Special Master appointed by the Attorney General, shall—

“(1) administer the compensation program established under this title;

“(2) promulgate all procedural and substantive rules for the administration of this title; and

“(3) employ and supervise hearing officers and other administrative personnel to perform the duties of the Special Master under this title.

“(b) APPOINTMENT OF SPECIAL MASTER AND DEPUTY SPECIAL MASTERS.—The Attorney General may appoint a Special Master and no more than two Deputy Special Masters without regard to the provisions of title 5, United States Code, governing appointments in the competitive service. Any such employee shall serve at the pleasure of the Attorney General. The Attorney General shall fix the annual salary of the Special Master and the Deputy Special Masters.

“(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to pay the administrative and support costs for the Special Master in carrying out this title.

“SEC. 405. DETERMINATION OF ELIGIBILITY FOR COMPENSATION.

“(a) FILING OF CLAIM.—

“(1) IN GENERAL.—A claimant may file a claim for compensation under this title with the Special Master. The claim shall be on the form developed under paragraph (2) and shall state the factual basis for eligibility for compensation and the amount of compensation sought.

“(2) CLAIM FORM.—

“(A) IN GENERAL.—The Special Master shall develop a claim form that claimants shall use when submitting claims under paragraph (1). The Special Master shall ensure that such form can be filed electronically, if determined to be practicable.

“(B) CONTENTS.—The form developed under subparagraph (A) shall request—

“(i) information from the claimant concerning the physical harm that the claimant suffered, or in the case of a claim filed on behalf of a deceased individual, confirming the decedent’s death as a result of the terrorist-related aircraft crashes of September 11, 2001, or debris removal during the immediate aftermath;

“(ii) information from the claimant concerning any possible economic and noneconomic losses that the claimant suffered as a result of such crashes or debris removal during the immediate aftermath; and

“(iii) information regarding collateral sources of compensation the claimant has received or is entitled to receive as a result of such crashes or debris removal during the immediate aftermath.

“(3) LIMITATION.—

“(A) IN GENERAL.—Except as provided by subparagraph (B), no claim may be filed under paragraph (1) after the date that is 2 years after the date on which regulations are promulgated under section 407(a).

“(B) EXCEPTION.—A claim may be filed under paragraph (1), in accordance with subsection (c)(3)(A)(i), by an individual (or by a personal representative on behalf of a deceased individual) dur-
ing the period beginning on the date on which the regulations are updated under section 407(b)(1) and ending on October 1, 2006.

(C) SPECIAL MASTER DETERMINATION.—

(1) IN GENERAL.—For claims filed under this title during the period described in subparagraph (B), the Special Master shall establish a system for determining whether, for purposes of this title, the claim is—

(A) a claim in Group A, as described in clause (i); or

(B) a claim in Group B, as described in clause (ii).

(2) GROUP A CLAIMS.—A claim under this title is a claim in Group A if—

(A) is filed under this title during the period described in subparagraph (B); and

(B) is not a claim described in clause (ii).

(3) DEFINITION OF FINAL AWARD DETERMINATION.—For purposes of this subparagraph, the term ‘final award determination’ means a letter from the Special Master indicating the total amount of compensation to which a claimant is entitled for a claim under this title without regard to the limitation under the second sentence of section 406(d)(1), as such sentence was in effect on the day before the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act.

(b) REVIEW AND DETERMINATION.—

(1) REVIEW.—The Special Master shall review a claim submitted under subsection (a) and determine—

(A) whether the claimant is an eligible individual under subsection (c); and

(B) with respect to a claimant determined to be an eligible individual—

(i) the extent of the harm to the claimant, including any economic and noneconomic losses; and

(ii) subject to paragraph (7), the amount of compensation to which the claimant is entitled based on the harm to the claimant, the facts of the claim, and the individual circumstances of the claimant.

(2) NEGLIGENCE.—With respect to a claimant, the Special Master shall not consider negligence or any other theory of liability.

(3) DETERMINATION.—Not later than 120 days after that date on which a claim is filed under subsection (a), the Special Master shall complete a review, make a determination, and provide written notice to the claimant, with respect to the matters that were the subject of the claim under review. Such a determination shall be final and not subject to judicial review.

(4) RIGHTS OF CLAIMANT.—A claimant in a review under paragraph (1) shall have—

(A) the right to be represented by an attorney;

(B) the right to present evidence, including the presentation of witnesses and documents; and

(C) any other due process rights determined appropriate by the Special Master.

(5) NO PUNITIVE DAMAGES.—The Special Master may not include amounts for punitive damages in any compensation paid under a claim under this title.

(6) COLLATERAL COMPENSATION.—

(A) IN GENERAL.—The Special Master shall reduce the amount of compensation determined under paragraph (1)(B)(ii) by the amount of the collateral source compensation the claimant has received or is entitled to receive as a result of the terrorist-related aircraft crashes of September 11, 2001.

(B) GROUP B CLAIMS.—Notwithstanding any other provision of this title, in the case of a claim in Group B as described in subsection (a)(3)(C)(iii), a claimant filing such claim shall receive an amount of compensation under this title for such claim that is not greater than the amount determined under paragraph (1)(B)(ii) less the amount of any collateral source compensation that such claimant has received or is entitled to receive for such claim as a result of the terrorist-related aircraft crashes of September 11, 2001.

(7) LIMITATIONS FOR GROUP B CLAIMS.—

(A) NONECONOMIC LOSSES.—

(i) IN GENERAL.—Except as provided in clause (ii), with respect to a claim in Group B as described in subsection (a)(3)(C)(iii), the total amount of noneconomic losses in such claim is entitled to receive for such claim under this title on account of any noneconomic loss.

(ii) EXCEPTION.—The Special Master may exceed the applicable limitation in clause (i) for a claim in Group B as described in subsection (a)(3)(C)(iii) if the Special Master determines that the claim presents special circumstances.

(B) DETERMINATION OF ECONOMIC LOSS.—

(i) IN GENERAL.—Subject to the limitation described in clause (ii) and with respect to a claim in Group B as described in subsection (a)(3)(C)(iii), the Special Master shall, for purposes of calculating the amount of compensation to which a claimant is entitled under this title for such claim on account of any economic loss, determine the loss of earnings or other benefits related to employment by using the applicable methodology described in section 104.45 or 104.45 of title 28, Code of Federal Regulations, as such Code was in effect on the day before the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act [Dec. 18, 2015].

(ii) ANNUAL GROSS INCOME LIMITATION.—Considering annual gross income under clause (i) for the purposes described in such clause, the Special Master shall, for each year of any loss of earnings or other benefits related to employment, limit the annual gross income of the claimant (or dependent in the case of a personal representative) for each such year to an amount that is not greater than the annual gross income limitation. The annual gross income limitation in effect on the date of enactment of the Never Forget the Heroes: James Zadroga, Ray Pfeifer, and Luis Alvarez Permanent Authorization of the September 11th Victim Compensation Fund Act [July 29, 2018] is $200,000. The Special Master shall periodically adjust that annual gross income limitation to account for inflation.

(C) GROSS INCOME DEFINED.—For purposes of this paragraph, the term ‘gross income’ has the meaning given such term in section 61 of the Internal Revenue Code of 1986 [26 U.S.C. 61].

(D) ELIGIBILITY.—

(1) IN GENERAL.—A claimant shall be determined to be an eligible individual for purposes of this subsection if the Special Master determines that such claimant—

(A) is an individual described in paragraph (2); and

(B) meets the requirements of paragraph (3).

(2) INDIVIDUALS.—A claimant is an individual described in this paragraph if the claimant is—

(A) an individual who—

(i) was present at the World Trade Center, (New York, New York), the Pentagon (Arlington, Virginia), the Shanksville field (Pennsylvania), or any place of occurrence of a terrorist-related aircraft crash that occurred on September 11, 2001; or

(ii) was a member of the Armed Forces on active duty in the United States or a dependent of a member of the Armed Forces on active duty in the United States immediately prior to the terrorist-related aircraft crash that occurred on September 11, 2001; or

(iii) was a member of the Armed Forces on active duty in the United States or a dependent of a member of the Armed Forces on active duty in the United States immediately prior to any terrorist-related aircraft crash that occurred on September 11, 2001.

(B) meets the requirements of paragraph (3).

(3) REASONS.—The Special Master shall not consider negligence or any other theory of liability.
An individual (or a personal representative on behalf of a deceased individual) may file a claim during the period described in subsection (a)(3)(B) only if—

"(i) the individual was treated by a medical professional for suffering from a physical harm described in clause (i)(I) within a reasonable time from the date of discovering such harm; and

"(ii) the individual’s physical harm is verified by contemporaneous medical records created by or at the direction of the medical professional who provided the medical care.

"(III) DATE SPECIFIED.—The date specified in this clause is the date on which the regulations are updated under section 407(b)(1).

"(IV) GROUP B CLAIMS.—

"(I) IN GENERAL.—Subject to subsection (d), an individual filing a claim in Group B as described in subsection (a)(3)(C)(iii), an individual may file a claim during the period described in subsection (a)(3)(B) only if—

"(I) the individual’s physical harm is, or would have been determined to be, a WTC-related physical health condition, as defined by section 402 of this Act.

"(II) PENDING ACTIONS.—In the case of an individual who is a party to a civil action described in clause (i), such individual may not submit a claim under this title during the period described in subsection (a)(3)(A) unless such individual withdraws from such action by the date that is 90 days after the date on which the regulations are promulgated under section 407(a); and

"(II) during the period described in subsection (a)(3)(B) unless such individual withdraws from such action by the date that is 90 days after the date on which the regulations are updated under section 407(b)(1).

"(III) SETTLED ACTIONS.—In the case of an individual who settled a civil action described in clause (i), such individual may not submit a claim under this title unless such action was commenced after December 22, 2003, and a release of all claims in such action was tendered prior to the date on which the James Zadroga 9/11 Health and Compensation Act of 2010 [Pub. L. 111–347] was enacted [Jan. 2, 2011].

"SEC. 406. PAYMENTS TO ELIGIBLE INDIVIDUALS.

"(a) IN GENERAL.—Subject to the limitations under subsection (d), not later than 20 days after the date on which a determination is made by the Special Master regarding the amount of compensation due a claimant as a result of a physical harm described in clause (i)(I) of this subsection, amounts contained in any account containing funds provided under paragraph (1) of section 405(a)(3)(C)(ii), this title constitutes budget authority in advance of appropriations Acts in the amounts provided under subsection (d)(1) and represents the obligation of the Federal Government to provide for the payment of amounts for compensation under this title subject to the limitations under subsection (d).

"(b) PAYMENT AUTHORITY.—For the purpose of providing compensation for claims in Group A as described in section 405(a)(3)(C)(ii), this title constitutes budget authority in advance of appropriations Acts in the amounts provided under subsection (d)(1) and represents the obligation of the Federal Government to provide for the payment of amounts for compensation under this title subject to the limitations under subsection (d).

"(c) ADDITIONAL FUNDING.—

"(I) IN GENERAL.—The Attorney General is authorized to accept such amounts as may be contributed by individuals, business concerns, or other entities to carry out this title, under such terms and conditions as the Attorney General may impose.

"(II) USE OF SEPARATE ACCOUNT.—In making payments under this section, amounts contained in any account containing funds provided under paragraph (1) shall be used prior to using appropriated amounts.

"(d) LIMITATIONS.—
“(1) Group A Claims.—

(A) In General.—The total amount of Federal funds paid for compensation under this title, with respect to claims in Group A as described in section 405(a)(3)(C)(ii), shall not exceed $2,775,000,000.

(B) Remainder of Claim Amounts.—In the case of a claim in Group A as described in section 405(a)(3)(C)(ii) and for which the Special Master has ratably reduced the amount of compensation for such claim pursuant to paragraph (2) of this subsection, as this subsection was in effect on the day before the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act (Dec. 18, 2015), the Special Master shall, as soon as practicable after the date of enactment of such Act, authorize payment of the amount of compensation that is equal to the difference between—

(i) the amount of compensation that the claimant would have been paid under this title for such claim without regard to the limitation under the second sentence of paragraph (1) of this subsection, as this subsection was in effect on the day before the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act; and

(ii) the amount of compensation the claimant was paid under this title for such claim prior to the date of enactment of such Act.

(2) Group B Claims.—

(A) In General.—The total amount of Federal funds paid for compensation under this title, with respect to claims in Group B as described in section 405(a)(3)(C)(iii), shall not exceed the amount of funds deposited into the Victims Compensation Fund under section 410.

(B) Payment System.—The Special Master shall establish a system for providing compensation for claims in Group B as described in section 405(a)(3)(C)(iii) in accordance with this subsection and section 405(b)(7).

(C) Development of Agency Policies and Procedures.—

(1) Development.—

(I) In General.—Not later than 30 days after the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act, the Special Master shall develop agency policies and procedures that meet the requirements under subclauses (II) and (III) for providing compensation for claims in Group B as described in section 405(a)(3)(C)(iii), including policies and procedures for presumptive award schedules, administrative expenses, and related internal memoranda.

(II) Limitation.—The policies and procedures developed under subclause (I) shall ensure that total expenditures, including administrative expenses, in providing compensation for claims in Group B, as described in section 405(a)(3)(C)(iii), do not exceed the amount of funds deposited into the Victims Compensation Fund under section 410.

(III) Prioritization.—The policies and procedures developed under subclause (I) shall prioritize claims for claimants who are determined by the Special Master as suffering from the most debilitating physical conditions to ensure, for purposes of equity, that such claimants are not unduly burdened by such policies or procedures.

(2) Reassessment.—Beginning 1 year after the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act, and each year thereafter until the Victims Compensation Fund is permanently closed under section 419(e), the Special Master shall conduct a reassessment of the agency policies and procedures developed under subclause (1) to ensure that such policies and procedures continue to satisfy the requirements under subclauses (II) and (III) of such clause. If the Special Master determines, upon re-assessment, that such agency policies or procedures do not achieve the requirements of such subclauses, the Special Master shall take additional actions or make such modifications as necessary to achieve such requirements.

(D) Compensation Reduced by Special Master Due to Insufficient Funding.—

(1) In General.—In any claim in Group B as described in section 405(a)(3)(C)(ii) in which, prior to the enactment of the Never Forget the Heroes: James Zadroga, Ray Pfeifer, and Luis Alvarez Permanent Authorization of the September 11th Victim Compensation Fund Act (July 29, 2010), the Special Master had advised the claimant that the amount of compensation has been reduced on the basis of insufficient funding, the Special Master shall, in the first fiscal year beginning after sufficient funding becomes available under such Act (amending this note), pay to the claimant an amount that is, as determined by the Special Master, equal to the difference between—

(I) the amount the claimant would have been paid under this title if sufficient funding was available to the Special Master at the time the Special Master determined the amount due the claimant under this title; and

(II) the amount the claimant was paid under this title.

(2) Definitions.—For purposes of this subparagraph:

(A) Insufficient Funding.—The term ‘insufficient funding’ means funding—

(aa) that is available to the Special Master under section 410(c) on the day before the date of enactment of the Never Forget the Heroes: James Zadroga, Ray Pfeifer, and Luis Alvarez Permanent Authorization of the September 11th Victim Compensation Fund Act for purposes of compensating claims in Group B as described in section 405(a)(3)(C)(iii); and

(bb) that the Special Master determines is insufficient for purposes of compensating all such claims and complying with subparagraph (A).

(B) Sufficient Funding.—The term ‘sufficient funding’ means funding—

(aa) made available to the Special Master for purposes of compensating claims in Group B as described in section 405(a)(3)(C)(iii) through an Act of Congress that is enacted after the date on which the determination of the claim described in clause (1) has been reduced; and

(bb) that the Special Master determines is sufficient for purposes of compensating all claims under this title.

(E) Attorney Fees.—

(1) In General.—Notwithstanding any contract, the representative of an individual under this title, more than 10 percent of an award made under this title on such claim.

(2) Limitation.—

(A) In General.—Except as provided in subparagraph (B), in the case of an individual who was charged a legal fee in connection with the settlement of a civil action described in section 405(c)(3)(C)(iii), the representative of the individual may not charge any amount for compensation for services rendered in connection with a claim filed under this title.

(B) Exception.—If the legal fee charged in connection with the settlement of a civil action described in section 405(c)(3)(C)(iii) of an individual is less than 10 percent of the aggregate amount of compensation awarded to such individual through such settlement, the representative of such individual may charge an amount for compensation for services rendered to the extent that such amount charged is not more than—
"(i) 10 percent of such aggregate amount through the settlement, minus
(ii) the total amount of all legal fees charged for services rendered in connection with such settlement.

(3) DISCRETION TO LOWER FEE.—In the event that the special master (probably should be capitalized) finds that the fee limit set by paragraph (1) or (2) provides excessive compensation for services rendered in connection with such claim, the Special Master may, in the discretion of the Special Master, award as reasonable compensation for services rendered an amount lesser than that permitted for in paragraph (1).

"SEC. 407. REGULATIONS.

"(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act [Sept. 22, 2001], the Attorney General, in consultation with the Special Master, shall promulgate regulations to carry out this title, including regulations with respect to—

(1) forms to be used in submitting claims under this title;
(2) the information to be included in such forms;
(3) procedures for hearing and the presentation of evidence;
(4) procedures to assist an individual in filing and pursuing claims under this title; and
(5) other matters determined appropriate by the Attorney General.

"(b) UPDATED REGULATIONS.—

(1) JAMES ZADROGA 9/11 HEALTH AND COMPENSATION ACT.—Not later than 180 days after the date of enactment of the James Zadroga 9/11 Health and Compensation Act of 2010 [Jan. 2, 2011], the Special Master shall update the regulations promulgated under subsection (a) to the extent necessary to comply with the provisions of title II of such Act [title II of Pub. L. 111–347, amending this note].

(2) JAMES ZADROGA 9/11 VICTIM COMPENSATION FUND REAUTHORIZATION ACT.—Not later than 180 days after the date of enactment of the James Zadroga 9/11 Victim Compensation Fund Reauthorization Act [Dec. 18, 2015], the Special Master shall update the regulations promulgated under subsection (a), and updated under paragraph (1), to the extent necessary to comply with the amendments made by such Act [amending section 903 of Title 2, The Congress, and adding this note and section 1347 of div. B of Pub. L. 112–10, set out as a note above].

"SEC. 408. LIMITATION ON LIABILITY.

"(a) IN GENERAL.—

(1) LIABILITY LIMITED TO INSURANCE COVERAGE.—Notwithstanding any other provision of law, liability for all claims, whether for compensatory or punitive damages or for contribution or indemnity, arising from the terrorist-related aircraft crashes of September 11, 2001, against an air carrier, aircraft manufacturer, airport sponsor, or person with a property interest in the World Trade Center, on September 11, 2001, whether fee simple, leasehold or easement, direct or indirect, or their directors, officers, employees, or agents, shall not be in an amount greater than the limits of liability insurance coverage maintained by such air carrier, aircraft manufacturer, airport sponsor, or person.

(2) WILLFUL DEFAULTS ON REBUILDING OBLIGATION.—Paragraph (1) does not apply to any such person with a property interest in the World Trade Center if the Attorney General determines, after notice and an opportunity for a hearing on the record, that the person has defaulted willfully on a contractual obligation to rebuild, or assist in the rebuilding of, the World Trade Center.

(3) LIMITATIONS ON LIABILITY FOR NEW YORK CITY.—Liability for all claims, whether for compensatory or punitive damages or for contribution or indemnity, arising from the terrorist-related aircraft crashes of September 11, 2001, against the City of New York shall not exceed the greater of the city's insurance coverage or $350,000,000. If a claimant who is eligible to seek compensation under section 406 of this Act, submits a claim under section 405, the claimant waives the right to file a civil action (or to participate in an action) in any Federal or State court for damages sustained as a result of the terrorist-related aircraft crashes of September 11, 2001, including any such action against the City of New York. The preceding sentence does not apply to a civil action to recover collateral source obligations.

(4) LIABILITY FOR CERTAIN CLAIMS.—Notwithstanding any other provision of law, liability for all claims and actions (including claims or actions that have been previously resolved, that are currently pending, and that may be filed) for compensatory damages, contribution or indemnity, or any other form or type of relief, arising from or related to debris removal, against the City of New York, any entity (including the Port Authority of New York and New Jersey) with a property interest in the World Trade Center on September 11, 2001 (whether fee simple, leasehold or easement, or direct or indirect) and any contractors and subcontractors, shall not be in an amount that exceeds the sum of the following, as may be applicable:

(A) The amount of funds of the WTC Captive Insurance Company, including the cumulative interest.

(B) The amount of all available insurance identified in schedule 2 of the WTC Captive Insurance Company insurance policy.

(C) As it relates to the limitation of liability of the City of New York, the amount that is the greater of the City of New York's insurance coverage or $350,000,000. In determining the amount of the City's insurance coverage for purposes of the previous sentence, any amount described in subparagraphs (A) and (B) shall not be included.

(D) As it relates to the limitation of liability of any entity, including the Port Authority of New York and New Jersey, with a property interest in the World Trade Center on September 11, 2001 (whether fee simple, leasehold or easement, or direct or indirect), the amount of all available liability insurance coverage maintained by such entity.

(E) As it relates to the limitation of liability of any individual contractor or subcontractor, the amount of all available liability insurance coverage maintained by such contractor or subcontractor on September 11, 2001.

(5) PRIORITY OF CLAIMS PAYMENTS.—Payments to plaintiffs who obtain a settlement or judgment with respect to a claim or action to which paragraph (4) applies, shall be paid solely from the following funds in the following order, as may be applicable:

(A) The funds described in subparagraph (A) or (B) of paragraph (4).

(B) If there are no funds available as described in subparagraph (A) or (B) of paragraph (4), the funds described in subparagraph (C) of such paragraph.

(C) If there are no funds available as described in subparagraph (A), (B), or (C) of paragraph (4), the funds described in subparagraph (D) of such paragraph.

(D) If there are no funds available as described in subparagraph (A), (B), (C), or (D) of paragraph (4), the funds described in subparagraph (E) of such paragraph.

(6) DECLARATORY JUDGMENT ACTIONS AND DIRECT ACTION.—Any claimant to a claim or action to which paragraph (4) applies may, with respect to such claim or action, either file an action for a declaratory judgment for insurance coverage or bring a direct action against the insurance company involved, except that no such action for declaratory judgment or direct action may be commenced until after the funds available in subparagraph (A) or (B) of paragraph (4), and (D) of paragraph (5) have been exhausted consistent with the order described in such paragraph for payment.
"(b) FEDERAL CAUSE OF ACTION.—

"(1) AVAILABILITY OF ACTION.—There shall exist a Federal cause of action for damages arising out of the hijacking and subsequent crashes of American Airlines flights 11 and 77, and United Airlines flights 93 and 175, on September 11, 2001. Notwithstanding section 4012(b) of title 49, United States Code, this cause of action shall be the exclusive remedy for damages arising out of the hijacking and subsequent crashes of such flights.

"(2) SUBSTANTIVE LAW.—The substantive law for disposition in any such suit shall be derived from the law, including choice of law principles, of the State in which the crash occurred unless such law is inconsistent with or preempted by Federal law.

"(3) JURISDICTION.—The United States District Court for the Southern District of New York shall have original and exclusive jurisdiction over all actions brought for any claim (including any claim for loss of property, personal injury, or death) resulting from or relating to the terrorist-related aircraft crashes of September 11, 2001.

"(4) NATIONAL DEFENSE SUBPOENAS.—

"(A) IN GENERAL.—A subpoena requiring the attendance of a witness at trial or a hearing conducted under this section may be served at any place in the United States.

"(B) RULE OF CONSTRUCTION.—Nothing in this subsection is intended to diminish the authority of a court to quash or modify a subpoena for the reasons provided in clause (i), (iii), or (iv) of subparagraph (A) or subparagraph (B) of rule 45(c)(3) of the Federal Rules of Civil Procedure (28 U.S.C. App.).

"(c) EXCLUSION.—Nothing in this section shall in any way limit any liability of any person who is a knowing participant in any conspiracy to hijack any aircraft or commit any terrorist act. Subsections (a) and (b) do not apply to civil actions to recover collateral source obligations.

"SEC. 409. RIGHT OF SUBROGATION.

"The United States shall have the right of subrogation with respect to any claim paid by the United States under this title, subject to the limitations described in section 408.

"SEC. 410. VICTIMS COMPENSATION FUND.

"(a) IN GENERAL.—There is established in the Treasury of the United States a fund to be known as the 'Victims Compensation Fund', consisting of amounts deposited into such fund under subsection (b).

"(b) DEPOSITS INTO FUND.—There shall be deposited into the Victims Compensation Fund each of the following:

"(1) Effective on the day after the date on which all claims in Group A, as described in section 405(a)(3)(C)(ii), have received the full compensation due such claimants under this title for such claim, any amounts remaining from the total amounts made available under section 406 to compensate claimants in Group A as described in section 405(a)(3)(C)(ii).

"(2) The amount appropriated under subsection (c).

"(c) APPROPRIATIONS.—There is appropriated, out of any money in the Treasury not otherwise appropriated, such sums as may be necessary for fiscal year 2019 and each fiscal year thereafter through fiscal year 2027, to remain available until expended, to provide compensation for claims in Group B, as described in section 406(a)(3)(C)(iii).

"(d) AVAILABILITY OF FUNDS.—Amounts deposited into the Victims Compensation Fund shall be available, without further appropriation, to the Special Master to provide compensation for claims in Group B as described in section 405(a)(3)(C)(iii).

"(e) TERMINATION.—On October 1, 2009, or at such time thereafter as all funds are expended, the Victims Compensation Fund shall be permanently closed.

"SEC. 411. 9-11 RESPONSE AND BIOMETRIC ENTRY-EXIT FEE.

"(a) TEMPORARY L-1 VISA FEE INCREASE.—Notwithstanding section 261 of the Immigration and Nationality Act (8 U.S.C. 1351) or any other provision of law, during the period beginning on the date of the enactment of this section [Dec. 18, 2015] and ending on September 30, 2017, the combined filing fee and fraud prevention and detection fee required to be submitted with an application for admission as a nonimmigrant under section 101(a)(15)(B) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(B)), including an application for an extension of such status, shall be increased by $4,500 for applicants that employ 50 or more employees in the United States if more than 50 percent of the applicant's employees are nonimmigrants admitted pursuant to subparagraph (H)(i)(b) or (L) of section 101(a)(15) of such Act.

"(b) TEMPORARY H-1B VISA FEE INCREASE.—Notwithstanding section 261 of the Immigration and Nationality Act (8 U.S.C. 1351) or any other provision of law, during the period beginning on the date of the enactment of this section and ending on September 30, 2017, the combined filing fee and fraud prevention and detection fee required to be submitted with an application for admission as a nonimmigrant under section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(i)(b)), including an application for an extension of such status, shall be increased by $4,000 for applicants that employ 50 or more employees in the United States if more than 50 percent of the applicant's employees are nonimmigrants admitted pursuant to subparagraph (H)(i)(b) or (L) of section 101(a)(15) of such Act.

"(c) 9-11 RESPONSE AND BIOMETRIC EXIT ACCOUNT.—

"(1) ESTABLISHMENT.—There is established in the general fund of the Treasury a separate account, which shall be known as the '9-11 Response and Biometric Exit Account'.

"(2) DEPOSITS.—

"(A) IN GENERAL.—Subject to subparagraph (B), amounts collected pursuant to the fee increases authorized under subsections (a) and (b)

"(B) TERMINATION OF DEPOSITS IN ACCOUNT.—After a total of $1,000,000,000 is deposited into the 9-11 Response and Biometric Exit Account, and shall remain available until expended.

"(C) USE OF FUNDS.—For fiscal year 2017, and each fiscal year thereafter, amounts in the 9-11 Response and Biometric Exit Account shall be available to the Secretary of Homeland Security without further appropriation for implementing the biometric entry and exit data system described in section 7208 of the Intelligence Reform and Terrorism Prevention Act of 2004 (8 U.S.C. 1351).
44306 of this title) or the application thereof to any person or circumstance is held invalid, the remainder of this Act (including any amendment made by this Act) and the application thereof to other persons or circumstances shall not be affected thereby.

INDEPENDENT STUDY OF FAA COSTS AND ALLOCATIONS

'(a) INDEPENDENT ASSESSMENT.—

'(1) IN GENERAL.—The Inspector General of the Department of Transportation shall conduct the assessments described in this section. To conduct the assessments, the Inspector General may use the staff and resources of the Inspector General or contract with one or more independent entities.

'(2) ASSESSMENT OF ADEQUACY AND ACCURACY OF FAA COST DATA AND ATTRIBUTIONS.—

'(a) IN GENERAL.—The Inspector General shall conduct an assessment to ensure that the method for calculating the overall costs of the Federal Aviation Administration and attributing such costs to specific users is appropriate, reasonable, and understandable to the users.

'(b) COMPONENTS.—In conducting the assessment under this paragraph, the Inspector General shall assess the following:

'(i) The Administration’s cost input data, including the reliability of the Administration’s source documents and the integrity and reliability of the Administration’s data collection process.

'(ii) The Administration’s system for tracking assets.

'(iii) The Administration’s bases for establishing asset values and depreciation rates.

'(iv) The Administration’s system of internal controls for ensuring the consistency and reliability of reported data.

'(v) The Administration’s definition of the services to which the Administration ultimately attributes its costs.

'(vi) The cost pools used by the Administration and the rationale for and reliability of the bases which the Administration proposes to use in allocating costs of services to users.

'(c) REQUIREMENTS FOR ASSESSMENT OF COST POOLS.—In carrying out subparagraph (B)(vi), the Inspector General shall—

'(i) review costs that cannot reliably be attributed to specific Administration services or activities (called ‘common and fixed costs’ in the Administration Cost Allocation Study) and consider alternative methods for allocating such costs; and

'(ii) perform appropriate tests to assess relationships between costs in the various cost pools and attributes services to which the costs are attributed by the Administration.

'(3) COST EFFECTIVENESS.—

'(a) IN GENERAL.—The Inspector General shall assess the progress of the Administration in cost and performance management, including use of internal and external benchmarking in improving the performance and productivity of the Administration.

'(b) ANNUAL REPORTS.—Not later than December 31, 2000, and annually thereafter until December 31, 2004, the Inspector General shall transmit to Con- gress an updated report containing the results of the assessment conducted under this paragraph.

'(C) INFORMATION TO BE INCLUDED IN FAA FINANCIAL REPORT.—The Administrator [of the Federal Aviation Administration] shall include in the annual financial report of the Administration information on the performance of the Administration sufficient to permit users and others to make an informed evaluation of the progress of the Administration in increasing productivity.

'(b) FUNDING.—There are authorized to be appropriated such sums as may be necessary to carry out this section.’’

OPERATIONS OF AIR TAXI INDUSTRY

Pub. L. 106–181, title VII, §735, Apr. 5, 2000, 114 Stat. 171, provided that:

'(a) STUDY.—The Administrator [of the Federal Aviation Administration], in consultation with the National Transportation Safety Board and other interested persons, shall conduct a study of air taxi operators regulated under part 135 of title 14, Code of Federal Regulations.

'(b) CONTEST.—The study shall include an analysis of the size and type of the aircraft fleet, relevant aircraft equipment, hours flown, utilization rates, safety record by various categories of use and aircraft type, sales revenues, and airports served by the air taxi fleet.

'(c) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a report on the results of the study.’’

FINDINGS

Pub. L. 104–294, title II, §271, Oct. 9, 1996, 110 Stat. 3238, provided that: ‘‘Congress finds the following:

'(1) The Administration [Federal Aviation Administration] is recognized throughout the world as a leader in aviation safety.

'(2) The Administration certifies aircraft, engines, propellers, and other manufactured parts.

'(3) The Administration certifies more than 650 training schools for pilots and nonpilots, more than 4,858 repair stations, and more than 193 maintenance schools.

'(4) The Administration certifies pilot examiners, who are then qualified to determine if a person has the skills necessary to become a pilot.

'(5) The Administration certifies more than 6,000 medical examiners, each of whom is then qualified to medically certify the qualifications of pilots and nonpilots.

'(6) The Administration certifies more than 470 airports, and provides a limited certification for another 205 airports. Other airports in the United States are also reviewed by the Administration.

'(7) The Administration each year performs more than 355,000 inspections.

'(8) The Administration issues more than 655,000 pilot’s licenses and more than 560,000 nonpilot’s licenses (including mechanics).

'(9) The Administration’s certification means that the product meets world-wide recognized standards of safety and reliability.

'(10) The Administration’s certification means aviation-related equipment and services meet world-wide recognized standards.

'(11) The Administration’s certification is recognized by governments and businesses throughout the world and as such may be a valuable element for any company desiring to sell aviation-related products throughout the world.

'(12) The Administration’s certification may constitute a valuable license, franchise, privilege or benefits for the holders.

'(13) The Administration also is a major purchaser of computers, radars, and other systems needed to run the air traffic control system. The Administration’s design, acceptance, commissioning, or certifi-
cation of such equipment enables the private sector to market those products around the world, and as such confers a benefit on the manufacturer.

"(14) The Administration provides extensive services to public use aircraft."

**Purposes**

Pub. L. 104–264, title II, § 272, Oct. 9, 1996, 110 Stat. 3239, provided that: ‘‘The purposes of this subtitle [subtitle C (§§ 271–278) of title II of Pub. L. 104–264, enacting sections 45301, 45303, 48111, and 48201 of this title, amending section 41742 of this title, renumbering section 45303 of this title as section 45904, repealing former section 45301 of this title, and enacting provisions set out as notes under this section and section 41742 of this title] are—"

‘‘(1) to provide a financial structure for the Administration [Federal Aviation Administration] so that it will be able to support the future growth in the national aviation and airport system;"

‘‘(2) to review existing and alternative funding options, including incentive-based fees for services, and establish a program to improve air traffic management system performance and to establish appropriate accountability for air traffic management services provided by the Administration;"

‘‘(3) to ensure that any funding will be dedicated solely for the use of the Administration;"

‘‘(4) to authorize the Administration to recover the costs of its services from those who benefit from, but do not contribute to, the national aviation system and the services provided by the Administration;"

‘‘(5) to consider a fee system based on the cost or value of the services provided and other funding alternatives;"

‘‘(6) to develop funding options for Congress in order to provide for the long-term efficient and cost-effective support of the Administration and the aviation system; and"

‘‘(7) to achieve a more efficient and effective Administration for the benefit of the aviation transportation industry.’’

**Independent Assessment of FAA Financial Requirements; Establishment of National Civil Aviation Review Commission**

‘‘(1) Initiation.—Not later than 30 days after the date of the enactment of this Act [Oct. 9, 1996], the Administrator [of the Federal Aviation Administration] shall contract with an entity independent of the Administration (Federal Aviation Administration) and the Department of Transportation to conduct a complete independent assessment of the financial requirements of the Administration through the year 2002.

‘‘(2) Assessment Criteria.—The Administrator shall provide to the independent entity estimates of the financial requirements of the Administration for the period described in paragraph (1), using as a base the fiscal year 1997 appropriation levels established by Congress. The independent assessment shall be based on an objective analysis of agency funding needs.

‘‘(3) Certain Factors to be Taken into Account.—The independent assessment shall take into account all relevant factors, including—"

‘‘(A) anticipated air traffic forecasts;"

‘‘(B) other workload measures;"

‘‘(C) estimated productivity gains, if any, which contribute to budgetary requirements;"

‘‘(D) the need for programs; and"

‘‘(E) the need to provide for continued improvements in all facets of aviation safety, along with operational improvements in air traffic control.

‘‘(4) Cost Allocation.—The independent assessment shall also assess the costs to the Administration occasioned by the provision of services to each segment of the aviation system.

‘‘(5) Deadline.—The independent assessment shall be completed no later than 90 days after the contract is awarded, and shall be submitted to the Commission established under subsection (b), the Secretary of Transportation, the Secretary of the Treasury, the Committee on Commerce, Science, and Transportation and the Committee on Finance of the Senate, and the Committee on Transportation and Infrastructure and the Committee on Ways and Means of the House of Representatives.

‘‘(b) National Civil Aviation Review Commission.—"

‘‘(1) Establishment.—There is established a commission to be known as the National Civil Aviation Review Commission (hereinafter in this section referred to as the ‘Commission’).

‘‘(2) Membership.—The Commission shall consist of 21 members to be appointed as follows:"

‘‘(A) 13 members to be appointed by the Secretary, in consultation with the Secretary of the Treasury, from among individuals who have expertise in the aviation industry and who are able, collectively, to represent a balanced view of the issues important to general aviation, major air carriers, air cargo carriers, regional air carriers, business aviation, airports, aircraft manufacturers, the financial community, aviation industry workers, and airline passengers. At least one member appointed under this subparagraph shall have detailed knowledge of the congressional budgetary process.

‘‘(B) Two members appointed by the Speaker of the House of Representatives.

‘‘(C) Two members appointed by the minority leader of the House of Representatives.

‘‘(D) Two members appointed by the majority leader of the Senate.

‘‘(E) Two members appointed by the minority leader of the Senate.

‘‘(3) Task Forces.—The Commission shall establish an aviation funding task force and an aviation safety task force to carry out the responsibilities of the Commission under this subsection.

‘‘(4) First Meeting.—The Commission may conduct its first meeting as soon as a majority of the members of the Commission are appointed.

‘‘(5) Hearings and Consultation.—"

‘‘(A) Hearings.—The Commission shall take such testimony and solicit and receive such comments from the public and other interested parties as it considers appropriate, shall conduct 2 public hearings after affording adequate notice to the public thereof, and may conduct such additional hearings as may be necessary.

‘‘(B) Consultation.—The Commission shall consult on a regular and frequent basis with the Secretary, the Secretary of the Treasury, the Committee on Commerce, Science, and Transportation and the Committee on Finance of the Senate, and the Committee on Transportation and Infrastructure and the Committee on Ways and Means of the House of Representatives.

‘‘(C) FACA Not to Apply.—The Commission shall not be considered an advisory committee for purposes of the Federal Advisory Committee Act (5 U.S.C. App.).

‘‘(6) Duties of Aviation Funding Task Force.—"

‘‘(A) Report to Secretary.—"

‘‘(i) In General.—The aviation funding task force established pursuant to paragraph (3) shall submit a report setting forth a comprehensive analysis of the Administration’s budgetary requirements through fiscal year 2002, based upon the independent assessment under subsection (a), that analyzes alternative financing and funding means for meeting the needs of the aviation system through the year 2002. The task force shall submit a preliminary report of that analysis to

..."
the Secretary not later than 6 months after the independent assessment is completed under subsection (a). The Secretary shall provide comments on the preliminary report to the task force within 30 days after receiving the report. The task force shall issue a final report of such comprehensive analysis within 30 days after receiving the Secretary’s comments on its preliminary report.

“(ii) CONTENTS.—The report submitted by the aviation funding task force under clause (i)

“(I) shall consider the independent assessment under subsection (a);

“(II) shall consider estimated cost savings, if any, resulting from the procurement and personnel reforms included in this Act [see Tables for classification] or in sections 40110(d) and 4022(g) of title 49, United States Code, and additional financial initiatives;

“(III) shall include specific recommendations to Congress on how the Administration can reduce costs, raise additional revenue for the support of agency operations, and accelerate modernization efforts; and

“(IV) shall include a draft bill containing the changes in law necessary to implement its recommendations.

“(B) RECOMMENDATIONS.—The aviation funding task force shall make such recommendations under subparagraph (A)(ii)(III) as the task force deems appropriate. Those recommendations may include—

“(i) proposals for off-budget treatment of the Airport and Airway Trust Fund;

“(ii) alternative financing and funding proposals, including linked financing proposals;

“(iii) modifications to existing levels of Airport and Airways Trust Fund receipts and taxes for each type of tax;

“(iv) establishment of a cost-based user fee system based on, but not limited to, criteria under subparagraph (F) and methods to ensure that costs are borne by users on a fair and equitable basis;

“(v) methods to ensure that funds collected from the aviation community are able to meet the needs of the agency;

“(vi) methods to ensure that funds collected from the aviation community and passengers are used to support the aviation system;

“(vii) methods of meeting the airport infrastructure needs for large, medium, and small airports; and

“(viii) any other matter the task force deems appropriate to address the funding and needs of the Administration and the aviation system.

“(C) ADDITIONAL RECOMMENDATIONS.—The aviation funding task force report may also make recommendations concerning—

“(i) means of improving productivity by expanding and accelerating the use of automation and other technology;

“(ii) methods of contracting out services consistent with this Act, other applicable law, and safety and national defense needs;

“(iii) methods to accelerate air traffic control modernization and improvements in aviation safety and safety services;

“(iv) the elimination of unneeded programs; and

“(V) a limited innovative program based on funding mechanisms such as loan guarantees, financial partnerships with for-profit private sector entities, government-sponsored enterprises, and revolving loan funds, as a means of funding specific facilities and equipment projects, and to provide limited additional funding alternatives for airport capacity development.

“(D) IMPACT ASSESSMENT FOR RECOMMENDATIONS.—For each recommendation contained in the aviation funding task force’s report, the report shall include a full analysis and assessment of the impact implementation of the recommendation would have on—

“(i) safety;

“(ii) administrative costs;

“(iii) the congressional budget process;

“(iv) the economics of the industry (including the proportionate share of all users);

“(v) the ability of the Administration to utilize the sums collected; and

“(vi) the funding needs of the Administration.

“(E) TRUST FUND TAX RECOMMENDATIONS.—If the task force’s report includes a recommendation that the existing Airport and Airways Trust Fund tax structure be modified, the report shall—

“(i) state the specific rate for each group affected by the proposed modifications;

“(ii) consider the impact such modifications shall have on specific users and the public (including passengers); and

“(iii) state the basis for the recommendations.

“(F) FEE SYSTEM RECOMMENDATIONS.—If the task force’s report includes a recommendation that a fee system be established, including an air traffic control performance-based user fee system, the report shall consider—

“(i) the impact such a recommendation would have on passengers, air fares (including low-fare, high frequency service), service, and competition;

“(ii) existing contributions provided by individual air carriers toward funding the Administration and the air traffic control system through contributions to the Airport and Airways Trust Fund;

“(iii) continuing the promotion of fair and competitive practices;

“(iv) the unique circumstances associated with interisland air carrier service in Hawaii and rural air service in Alaska;

“(v) the impact such a recommendation would have on service to small communities;

“(vi) the impact such a recommendation would have on services provided by regional air carriers;

“(vii) alternative methodologies for calculating fees so as to achieve a fair and reasonable distribution of costs of service among users;

“(viii) the usefulness of phased-in approaches to implementing such a financing system;

“(ix) means of ensuring the distribution of fund contributions, as appropriate, toward the support of the Administration; and

“(x) the provision of incentives to encourage greater efficiency in the provision of air traffic services by the Administration and greater efficiency in the use of air traffic services by aircraft operators.

“(G) DUTIES OF AVIATION SAFETY TASK FORCE.—

“(A) REPORT TO ADMINISTRATOR.—Not later than 1 year after the date of the enactment of this Act [Oct. 9, 1996], the aviation safety task force established pursuant to paragraph (3) shall submit to the Administrator a report setting forth a comprehensive analysis of aviation safety in the United States and emerging trends in the safety of particular sectors of the aviation industry.

“(B) CONTENTS.—The report to be submitted under subparagraph (A) shall include an assessment of—

“(i) the adequacy of staffing and training resources for safety personnel of the Administration, including safety inspectors;

“(ii) the Administration's progress for ensuring the public safety from fraudulent parts in civil aviation and the extent to which use of suspected unapproved parts requires additional oversight or enforcement action; and

“(iii) the ability of the Administration to anticipate changes in the aviation industry and to develop policies and actions to ensure the highest level of aviation safety in the 21st century.

“(B) ACCESS TO DOCUMENTS AND STAFF.—The Administration may give the Commission appropriate ac-
cess to relevant documents and personnel of the Administration, and the Administrator shall make available, consistent with the authority to withhold commercial and other proprietary information under section 552 of title 5, United States Code (commonly known as the ‘Freedom of Information Act’), cost data associated with the acquisition and operation of air traffic service systems. Any member of the Commission who receives commercial or other proprietary data from the Administrator shall be subject to the provisions of section 1905 of title 18, United States Code, pertaining to unauthorized disclosure of such information."

"(9) TRAVEL AND PER DIEM.—Each member of the Commission shall be paid actual travel expenses, and per diem in lieu of subsistence expenses when away from his or her usual place of residence, in accordance with section 5703 of title 5, United States Code.

"(10) DETAIL OF PERSONNEL FROM THE ADMINISTRATION.—The Administrator shall make available to the Commission such staff, information, and administrative services and assistance as may reasonably be required to enable the Commission to carry out its responsibilities under this subsection.

"(11) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated such sums as may be necessary to carry out the provisions of this subsection.

"(c) REPORTS TO CONGRESS.—

"(1) REPORT BY THE SECRETARY BASED ON FINAL REPORT OF AVIATION FUNDING TASK FORCE.—

"(A) CONSIDERATION OF TASK FORCE’S PRELIMINARY REPORT.—Not later than 30 days after receiving the preliminary report of the aviation funding task force, the Secretary, in consultation with the Secretary of the Treasury, shall furnish comments on the report to the task force.

"(B) REPORT TO CONGRESS.—Not later than 30 days after receiving the final report of the aviation funding task force, and in no event more than 1 year after the date of the enactment of this Act, the Secretary, after consulting the Secretary of the Treasury, shall transmit a report to the Committee on Commerce, Science, and Transportation and the Committee on Finance of the Senate, and the Committee on Transportation and Infrastructure and the Committee on Ways and Means of the House of Representatives. Such report shall be based upon the final report of the task force and shall contain the Secretary’s recommendations for funding the needs of the aviation system through the year 2002.

"(C) CONTENTS.—The Secretary shall include in the report to Congress under subparagraph (B)—

"(i) a copy of the final report of the task force; and

"(ii) a draft bill containing the changes in law necessary to implement the Secretary’s recommendations.

"(D) PUBLICATION.—The Secretary shall cause a copy of the report to be printed in the Federal Register upon its transmittal to Congress under subparagraph (B).

"(2) REPORT BY THE ADMINISTRATOR BASED ON FINAL REPORT OF AVIATION SAFETY TASK FORCE.—Not later than 30 days after receiving the report of the aviation safety task force, the Administrator shall transmit the report to Congress, together with the Administrator’s recommendations for improving aviation safety in the United States.

"(d) GAO AUDIT OF COST ALLOCATION.—The Comptroller General shall conduct an assessment of the manner in which costs for air traffic control services are allocated between the Administration and the Department of Defense. The Comptroller General shall report the results of the assessment, together with any recommendations the Comptroller General may have for reallocation of costs and for opportunities to increase the efficiency of air traffic control services provided by the Administration and by the Department of Defense, to the Commission, the Administrator, the Secretary of Defense, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate, not later than 180 days after the date of the enactment of this Act.

"(e) GAO ASSESSMENT.—Not later than 180 days after the date of the enactment of this Act, the Comptroller General shall transmit to the Committee on Transportation and Congress an independent assessment of airport development needs.”

JOINT AVIATION RESEARCH AND DEVELOPMENT PROGRAM

"(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration, in consultation with the heads of other appropriate Federal agencies, shall jointly establish a program to conduct research on aviation technologies that enhance United States competitiveness. The program shall include—

"(1) next-generation satellite communications, including global positioning satellites;

"(2) advanced airport and airplane security;

"(3) environmentally compatible technologies, including technologies that limit or reduce noise and air pollution;

"(4) advanced aviation safety programs; and

"(5) technologies and procedures to enhance and improve airport and airway capacity.

"(b) PROCEDURES FOR CONTRACTS AND GRANTS.—The Administrator and the heads of the other appropriate Federal agencies shall administer contracts and grants entered into under the program established under subsection (a) in accordance with procedures developed jointly by the Administrator and the heads of the other appropriate Federal agencies. The procedures should include an integrated acquisition policy for contract and grant requirements and for technical data rights that are not an impediment to joint programs among the Federal Aviation Administration, the other Federal agencies involved, and industry.

"(c) PROGRAM ELEMENTS.—The program established under subsection (a) shall include—

"(1) selected programs that jointly enhance public and private aviation technology development;

"(2) an opportunity for private contractors to be involved in such technology research and development; and

"(3) the transfer of Government-developed technologies to the private sector to promote economic strength and competitiveness.

"(d) AUTHORIZATION OF APPROPRIATIONS.—Of amounts authorized to be appropriated for fiscal years 1995 and 1996 under section 4812(a) of title 49, United States Code, as amended by section 302 of this title, there are authorized to be appropriated for fiscal years 1995 and 1996, respectively, such sums as may be necessary to carry out this section.”

AIR QUALITY IN AIRCRAFT CABINS

"(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall undertake the studies and analysis called for in the report of the National Research Council entitled ‘The Airliner Cabin Environment and the Health of Passengers and Crew’.

"(b) REQUIRED ACTIVITIES.—In carrying out this section, the Administrator, at a minimum, shall—

"(1) conduct surveillance to monitor ozone in the cabin on a representative number of flights and aircraft to determine compliance with existing Federal Aviation Regulations for ozone;

"(2) collect pesticide exposure data to determine exposures of passengers and crew;

"(3) analyze samples of residue from aircraft ventilation ducts and filters to detect hazardous incidents to identify the contaminants to which passengers and crew were exposed;
§ 40101

TITLED 49—TRANSPORTATION Page 914

“(4) analyze and study cabin air pressure and altitude; and

(5) establish an air quality incident reporting system.

(6) REPORT.—Not later than 30 months after the date of enactment of this Act [Dec. 12, 2003], the Administrator shall transmit to Congress a report on the find-

ings of the Administrator pursuant to this section.

Pub. L. 106–181, title VII, §725, Apr. 5, 2000, 114 Stat. 166, provided that:

“(a) STUDY OF AIR QUALITY IN PASSENGER CABINS IN COMMERCIAL AIRCRAFT.—

“(1) IN GENERAL.—Not later than 60 days after the date of enactment of this Act [Apr. 5, 2000], the Administrator of the Federal Aviation Administra-
tion shall arrange for and provide necessary data to the National Academy of Sciences in order to complete the study.

“(2) ALTERNATIVE AIR SUPPLY.—The study shall examine whether contaminants would be reduced by the replacement of engine and auxiliary power unit bleed air with an alternative supply of air for the air-
craft passengers and crew.

“(3) SCOPE.—The study shall include an assessment and a quantitative analysis of each of the following:

“(A) Contaminants of concern, as determined by the National Academy of Sciences.

“(B) The systems of air supply on aircraft, including the identification of means by which contami-
nants may enter such systems.

“(C) The toxicological and health effects of the contaminants of concern, their byproducts, and the products of their degradation.

“(D) Any contaminant used in the maintenance, operation, or treatment of aircraft, if a passenger or a member of the air crew may be directly ex-
posed to the contaminant.

“(E) Actual measurements of the contaminants of concern in the air of passenger cabins during actual flights in air transportation or foreign air transporta-
tion, along with comparisons of such measure-
ments to actual measurements taken in public build-
gings.

“(b) PROVISION OF CURRENT DATA.—The Admini-
strator shall collect all data of the Federal Aviation Administration that is relevant to the study and make the data available to the National Academy of Sciences in order to complete the study.

“(c) COLLECTION OF AIRCRAFT AIR QUALITY DATA.—

“(1) IN GENERAL.—The Administrator may consider the feasibility of using the flight data recording sys-
tem of each aircraft to monitor and record appropriate data related to air inflow quality, including measure-
ments of the exposure of persons aboard the aircraft to contaminants during normal aircraft operation and during incidents involving air quality problems.

“(2) PASSENGER CABINS.—The Administrator may also consider the feasibility of using the flight data recording system to monitor and record data related to the air quality in passengers cabins of aircraft.

“(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration, in consultation with the heads of other appropriate Federal agencies, shall es-

cablish a research program to determine—

“(1) what, if any, aircraft cabin air conditions, including pressure altitude systems, on flights within the United States are harmful to the health of airline passengers and crew, as indicated by physical symp-
toms such as headaches, nausea, fatigue, and lightheadedness; and

“(2) the risk of airborne passengers and crew con-
acting infectious diseases during flight.

“(b) CONTRACT WITH CENTER FOR DISEASE CONTROL.—

In carrying out the research program established under subsection (a), the Administrator and the heads of the other appropriate Federal agencies shall contract with the Center for Disease Control [now Centers for Disease Control and Prevention] and other appropriate agencies to carry out any studies necessary to meet the goals of the program set forth in subsection (c).

“(c) GOALS.—The goals of the research program established under subsection (a) shall be—

“(1) to determine what, if any, cabin air conditions currently exist on domestic aircraft used for flights within the United States that could be harmful to the health of airline passengers and crew, as indicated by physical symptoms such as headaches, nausea, fa-
tigue, and lightheadedness, and including the risk of infection by bacteria and viruses;

“(2) to determine to what extent, changes in, cabin air pressure, temperature, rate of cabin air circula-
tion, the quantity of fresh air per occupant, and hu-
midity on current domestic aircraft would reduce or eliminate the risk of illness or discomfort to airline passengers and crew; and

“(3) to establish a long-term research program to examine potential health problems to airline pas-
sengers and crew that may arise in an airplane cabin on a flight within the United States because of cabin air quality as a result of the conditions and changes described in paragraphs (1) and (2).

“(d) PARTICIPATION.—In carrying out the research program established under subsection (a), the Adminis-

trator shall encourage participation in the program by representatives of aircraft manufacturers, air carriers, aviation employee organizations, airline passengers, and academia.

“(e) REPORT.—(1) Within six months after the date of enactment of this Act [Aug. 23, 1994], the Administrator shall submit to the Congress a plan for implementation of the research program established under subsection (a).

“(2) The Administrator shall annually submit to the Congress a report on the progress made during the year for which the report is submitted toward meeting the goals set forth in subsection (c).

“(f) AUTHORIZATION OF APPROPRIATIONS.—Of amounts

authorized to be appropriated for fiscal years 1995 and 1996, there are authorized to be appropriated for fiscal years 1995 and 1996, respectively, such sums as may be necessary to carry out this section.

INFORMATION ON DISINSECTION OF AIRCRAFT

“(a) AVAILABILITY OF INFORMATION.—In the interest of protecting the health of air travelers, the Secretary shall publish a list of the countries (as determined by the Secretary) that require disinsection of aircraft landing in such countries while passengers and crew are on board such aircraft.

“(b) REVISION.—The Secretary shall revise the list required under subsection (a) not later than 30 days after the date of the enactment of this Act [Aug. 23, 1994]. The Secretary shall publish a revision to the list not later than 30 days after completing the revision under subsection (b).

GENERAL AVIATION REVITALIZATION ACT OF 1994

“SECTION 1. SHORT TITLE.

“TITLED SEC. 1. SHORT TITLE.

“TITLED This Act may be cited as the ‘General Aviation Re-

vitalization Act of 1994’.

SEC. 2. TIME LIMITATIONS ON CIVIL ACTIONS AGAINST AIRCRAFT MANUFACTURERS.

“(a) IN GENERAL.—Except as provided in subsection (b), no civil action for damages for death or injury to
persons or damage to property arising out of an accident involving a general aviation aircraft may be brought against the manufacturer of the aircraft or the manufacturer of any new component, system, subsystem, or other part of the aircraft, in its capacity as a manufacturer if the accident occurred—
"(1) after the applicable limitation period beginning on—
"(A) the date of delivery of the aircraft to its first purchaser or lessee, if delivered directly from the manufacturer; or
"(B) the date of first delivery of the aircraft to a person engaged in the business of selling or leasing such aircraft; or
"(2) with respect to any new component, system, subassembly, or other part which replaced another component, system, subassembly, or other part originally in, or which was added to, the aircraft, and which is alleged to have caused such death, injury, or damage, after the applicable limitation period beginning on the date of completion of the replacement or addition.
"(b) EXCEPTIONS.—Subsection (a) does not apply—
"(1) if the claimant pleads with specificity facts necessary to prove, and proves, that the manufacturer with respect to a type certificate or airworthiness certificate for, or obligations with respect to continuing airworthiness of, an aircraft or a component, system, subassembly, or other part of an aircraft knowingly misrepresented to the Federal Aviation Administration, or concealed or withheld from the Federal Aviation Administration, required information that is material and relevant to the performance or the maintenance or operation of such aircraft or such component, system, subassembly, or other part, that is causally related to the harm which the claimant allegedly suffered;
"(2) if the person for whose injury or death the claim is being made is a passenger for purposes of receiving treatment for a medical or other emergency; or
"(3) if the person for whose injury or death the claim is being made was not aboard the aircraft at the time of the accident; or
"(4) to an action brought under a written warranty enforceable under law but for the operation of this Act.
"(c) GENERAL AVIATION AIRCRAFT DEFINED.—For the purposes of this Act, the term ‘general aviation aircraft’ means any aircraft for which a type certificate or airworthiness certificate has been issued by the Administrator of the Federal Aviation Administration, which, at the time such certificate was originally issued, had a maximum seating capacity of fewer than 20 passengers, and which was not, at the time of the accident, engaged in scheduled passenger-carrying operations as defined under regulations in effect under part A of subtitle VII of title 49, United States Code, at the time of the accident.
"(d) RELATIONSHIP TO OTHER LAWS.—This section supersedes any State law to the extent that such law permits a civil action described in subsection (a) to be brought after the applicable limitation period for such civil action established by subsection (a).
"SECTION 3. OTHER DEFINITIONS.
"For purposes of this Act—
"(1) the term ‘aircraft’ has the meaning given such term in section 40102(a)(6) of title 49, United States Code;
"(2) the term ‘airworthiness certificate’ means an airworthiness certificate issued under section 47804(c)(1) of title 49, United States Code, or under any predecessor Federal statute;
"(3) the term ‘limitation period’ means 18 years with respect to general aviation aircraft and the components, systems, subassemblies, and other parts of such aircraft; and
"(4) the term ‘type certificate’ means a type certificate issued under section 44704(a) of title 49, United States Code, or under any predecessor Federal statute.
"SECTION 4. EFFECTIVE DATE; APPLICATION OF ACT.
"(a) Effective Date.—Except as provided in subsection (b), this Act shall take effect on the date of the enactment of this Act [Aug. 17, 1994].
"(b) Application of Act.—This Act shall not apply with respect to civil actions commenced before the date of the enactment of this Act.

National Commission to Ensure a Strong Competitive Airline Industry

Pub. L. 102–581, title II, § 204, Oct. 31, 1992, 106 Stat. 4981, as amended Pub. L. 103–13, § 1, Apr. 7, 1993, 107 Stat. 43, provided for establishment of National Commission to Ensure a Strong Competitive Airline Industry to make a complete investigation and study of financial condition of the airline industry, adequacy of competition in the airline industry, and legal impediments to a financially strong and competitive airline industry, to report to President and Congress not later than 90 days after the date on which initial appointments of members to the Commission were completed, and to terminate on the 30th day following transmission of report.

"(1) ADMINISTRATION; FAA.—The terms ‘Administration’ and ‘FAA’ mean the Federal Aviation Administration;
"(2) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the FAA;
"(3) CONGRESSIONAL COMMITTEES OF JURISDICTION.—The term ‘congressional committees of jurisdiction’ means the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate;
"(4) ICAO.—The term ‘ICAO’ means the International Civil Aviation Organization;
"(5) ORGANIZATION DESIGNATION AUTHORIZATION.—The term ‘organization designation authorization’ has the same meaning given such term in section 44736(c) of title 49, United States Code;
"(6) TRANSPORT AIRPLANE.—The term ‘transport airplane’ means a transport category airplane designed for operation by an air carrier or foreign air carrier type-certificated with a passenger seating capacity of 30 or more or an all-cargo or combi derivative of such an airplane;
"(7) TYPE CERTIFICATE.—The term ‘type certificate’—
"(A) means a type certificate issued pursuant to section 44704(a) of title 49, United States Code, or an amendment to such certificate; and
"(B) does not include a supplemental type certificate issued under section 44704(b) of such section.’

Definitions of Terms in Pub. L. 115–254

"(1) COVERED AIR CARRIER.—The term ‘covered air carrier’ means an air carrier or a foreign air carrier as those terms are defined in section 40102 of title 49, United States Code;
"(2) ONLINE SERVICE.—The term ‘online service’ means any service available over the Internet, or that connects to the Internet or a wide-area network;
"(3) TICKET AGENCY.—The term ‘ticket agent’ has the meaning given the term in section 40102 of title 49, United States Code.’

Pub. L. 102–581, title II, § 204, Oct. 31, 1992, 106 Stat. 4981, as amended Pub. L. 103–13, § 1, Apr. 7, 1993, 107 Stat. 43, provided for establishment of National Commission to Ensure a Strong Competitive Airline Industry to make a complete investigation and study of financial condition of the airline industry, adequacy of competition in the airline industry, and legal impediments to a financially strong and competitive airline industry, to report to President and Congress not later than 90 days after the date on which initial appointments of members to the Commission were completed, and to terminate on the 30th day following transmission of report.

"(1) ADMINISTRATION; FAA.—The terms ‘Administration’ and ‘FAA’ mean the Federal Aviation Administration;
"(2) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the FAA;
"(3) CONGRESSIONAL COMMITTEES OF JURISDICTION.—The term ‘congressional committees of jurisdiction’ means the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate;
"(4) ICAO.—The term ‘ICAO’ means the International Civil Aviation Organization;
"(5) ORGANIZATION DESIGNATION AUTHORIZATION.—The term ‘organization designation authorization’ has the same meaning given such term in section 44736(c) of title 49, United States Code;
"(6) TRANSPORT AIRPLANE.—The term ‘transport airplane’ means a transport category airplane designed for operation by an air carrier or foreign air carrier type-certificated with a passenger seating capacity of 30 or more or an all-cargo or combi derivative of such an airplane;
"(7) TYPE CERTIFICATE.—The term ‘type certificate’—
"(A) means a type certificate issued pursuant to section 44704(a) of title 49, United States Code, or an amendment to such certificate; and
"(B) does not include a supplemental type certificate issued under section 44704(b) of such section.’

Definitions of Terms in Pub. L. 115–254

"(1) COVERED AIR CARRIER.—The term ‘covered air carrier’ means an air carrier or a foreign air carrier as those terms are defined in section 40102 of title 49, United States Code;
"(2) ONLINE SERVICE.—The term ‘online service’ means any service available over the Internet, or that connects to the Internet or a wide-area network;
"(3) TICKET AGENCY.—The term ‘ticket agent’ has the meaning given the term in section 40102 of title 49, United States Code.’

Page 915  TITLE 49—TRANSPORTATION

40101
§ 40101

TITLe 49—TRANSPORTATION

Pub. L. 115–254, div. B, title V, §501, Oct. 5, 2018, 132 Stat. 3350, provided that: “In this title [see Tables for classification], the following definitions apply:

(1) Administrator.—The term ‘Administrator’ means the Federal Aviation Administration.

(2) Administrator.—The term ‘Administrator’ means the Administrator of the FAA.

(3) ADS-B.—The term ‘ADS-B’ means automatic dependent surveillance-broadcast.

(4) ADS-B out.—The term ‘ADS-B Out’ means automatic dependent surveillance-broadcast with the ability to transmit information from the aircraft to ground stations and to other equipped aircraft.

(5) FAA.—The term ‘FAA’ means the Federal Aviation Administration.

(6) NextGen.—The term ‘NextGen’ means the Next Generation Air Transportation System.”

Pub. L. 115–254, div. B, title VII, §702, Oct. 5, 2018, 132 Stat. 3609, provided that: “In this title [see Short Title of 2018 Amendment note set out above], the following definitions apply:

(1) Administrator.—The term ‘Administrator’ means the Administrator of the Federal Aviation Administration.

(2) FAA.—The term ‘FAA’ means the Federal Aviation Administration.

(3) NASA.—The term ‘NASA’ means the National Aeronautics and Space Administration.

(4) Secretary.—The term ‘Secretary’ means the Secretary of Transportation.”

DEFINITIONS OF TERMS IN PUB. L. 114–190

Pub. L. 114–190, §2, July 15, 2016, 130 Stat. 617, provided that: “In this Act [see Tables for classification], unless expressly provided otherwise, the term ‘appropriate committees of Congress’ means the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.”

DEFINITIONS OF TERMS IN TITLE II OF PUB. L. 112–95

Pub. L. 112–95, title IX, §902, Feb. 14, 2012, 128 Stat. 138, provided that: “In this title [amending sections 44500, 44503, 44511, 44513, and 44516 of this title], enacting provisions set out as notes under this section and sections 44501, 44504, 44505, and 44513 of this title, and amending provisions set out as notes under section 44500 of this title], the following definitions apply:

(1) Administrator.—The term ‘Administrator’ means the Administrator of the FAA.

(2) FAA.—The term ‘FAA’ means the Federal Aviation Administration.

(3) Institution of Higher Education.—The term ‘Institution of higher education’ has the same meaning given the term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

(4) NASA.—The term ‘NASA’ means the National Aeronautics and Space Administration.

(5) NOAA.—The term ‘NOAA’ means the National Oceanic and Atmospheric Administration.”

DEFINITIONS OF TERMS IN PUB. L. 107–71

EX. ORD. NO. 13479. TRANSFORMATION OF THE NATIONAL AIR TRANSPORTATION SYSTEM

Ex. Ord. No. 13479, Nov. 18, 2008, 73 F.R. 70241, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Policy. It is the policy of the United States to establish and maintain a national air transportation system that meets the present and future civil aviation, homeland security, economic, environmental protection, and national defense needs of the United States, including through effective implementation of the Next Generation Air Transportation System (NextGen).

SEC. 2. Definitions. As used in this order the term “Next Generation Air Transportation System” means the system to which section 709 of the Vision 100—Century of Aviation Reauthorization Act (Public Law 108–176) (Act) refers.

SEC. 3. Functions of the Secretary of Transportation. Consistent with sections 709 and 710 of the Act and the policy set forth in section 1 of this order, the Secretary of Transportation shall:

(a) take such action within the authority of the Secretary, and recommend as appropriate to the President such action as is within the authority of the President, to implement the policy set forth in section 1 of this order and in particular to implement the NextGen in a safe, secure, timely, environmentally sound, efficient, and effective manner;

(b) convene quarterly, unless the Secretary determines that meeting less often is consistent with effective implementation of the policy set forth in section 1 of this order, the Senior Policy Committee established pursuant to section 710 of the Act (Committee); (c) not later than 60 days after the date of this order, establish within the Department of Transportation a support staff (Staff), including employees from departments and agencies assigned pursuant to subsection 4(e) of this order, to support, as directed by the Secretary, the Secretary and the Committee in the performance of their duties relating to the policy set forth in section 1 of this order; and

(d) not later than 180 days after the date of this order, establish an advisory committee to provide advice to the Secretary and, through the Secretary, the Committee concerning the implementation of the policy set forth in section 1 of this order, including aviation-related subjects and any related performance measures specified by the Secretary, pursuant to section 710 of the Act.

SEC. 4. Functions of Other Heads of Executive Departments and Agencies. Consistent with the policy set forth in section 1 of this order:

(a) the Secretary of Defense shall assist the Secretary of Transportation by:

(i) collaborating, as appropriate, and verifying that the NextGen meets the national defense needs of the United States consistent with the policies and plans established under applicable Presidential guidance; and

(ii) furnishing, as appropriate, data streams to integrate national defense capabilities of the United States civil and military systems relating to the national air transportation system, and coordinating the development of requirements and capabilities to address tracking and other activities relating to non-cooperative aircraft in consultation with the Secretary of Homeland Security, as appropriate;

(b) the Secretary of Commerce shall:

(i) develop and make available, as appropriate, the capabilities of the Department of Commerce, including those relating to aviation weather and spectrum management, to support the NextGen; and

(ii) take appropriate account of the needs of the NextGen in the trade, commerce, and other activities of the Department of Commerce, including those relating to the development and setting of standards;

(c) the Secretary of Homeland Security shall assist the Secretary of Transportation by ensuring that:

(i) the NextGen includes the aviation-related security capabilities necessary to ensure the security of persons, property, and activities within the national air transportation system consistent with the policies and plans established under applicable Presidential guidance; and

(ii) the Department of Homeland Security shall continue to carry out all statutory and assigned responsibilities relating to aviation security, border security, and critical infrastructure protection in consultation with the Secretary of Defense, as appropriate;
(d) the Administrator of the National Aeronautics and Space Administration shall carry out the Administrator’s duties under Executive Order 13419 of December 20, 2006, in a manner consistent with that order and the policy set forth in section 1 of this order;

(e) the heads of executive departments and agencies shall provide to the Secretary of Transportation such information and assistance, including personnel and other resources for the Staff to which subsection 3(c) of this order refers, as may be necessary and appropriate to implement this order as agreed to by the heads of the departments and agencies involved; and

(f) the Director of the Office of Management and Budget may issue such instructions as may be necessary to implement subsection 5(b) of this order.

§ 5. Additional Functions of the Senior Policy Committee. In addition to performing the functions specified in section 710 of the Act, the Committee shall:

(a) report not less often than every 2 years to the President, through the Secretary of Transportation, on progress made and projected to implement the policy set forth in section 1 of this order, together with such recommendations including performance measures for administrative or other action as the Committee determines appropriate;

(b) review the proposals by the heads of executive departments and agencies to the Director of the Office of Management and Budget with respect to programs affecting the policy set forth in section 1 of this order, and make recommendations including performance measures thereon, through the Secretary of Transportation, to the Director; and

(c) advise the Secretary of Transportation and, through the Secretary of Transportation, the Secretaries of Defense, Commerce, and Homeland Security, and the Administrator of the National Aeronautics and Space Administration, with respect to the activities of their departments and agencies in the implementation of the policy set forth in section 1 of this order.

§ 6. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) authority granted by law to a department or agency, or the head thereof; or

(ii) functions of the Director of the Office of Management and Budget with respect to programs affecting the policy set forth in section 1 of this order, and make recommendations including performance measures thereon, through the Secretary of Transportation, to the Director; and

(c) advise the Secretary of Transportation and, through the Secretary of Transportation, the Secretaries of Defense, Commerce, and Homeland Security, and the Administrator of the National Aeronautics and Space Administration, with respect to the activities of their departments and agencies in the implementation of the policy set forth in section 1 of this order.

§ 40102. Definitions

(a) GENERAL DEFINITIONS.—In this part—

(1) “aeronautics” means the science and art of flight.

(2) “air carrier” means a citizen of the United States undertaking by any means, directly or indirectly, to provide air transportation.

(3) “air commerce” means foreign air commerce, interstate air commerce, the transportation of mail by aircraft, the operation of aircraft that directly affects, or intended to be used, to propel an aircraft, including a part, appurtenance, and accessory of the engine, except a propeller.

(4) “airman” means an individual—

(A) in command, or as pilot, mechanic, or member of the crew, who navigates aircraft when under way;

(B) except to the extent the Administrator of the Federal Aviation Administration may provide otherwise for individuals employed outside the United States, who is directly in charge of inspecting, maintaining, overhauling, or repairing aircraft, aircraft engines, propellers, or appliances; or

(C) who serves as an aircraft dispatcher or air traffic control-tower operator.

(5) “airport” means a landing area used regularly by aircraft for receiving or discharging passengers or cargo.

(6) “all-cargo air transportation” means the transportation by aircraft in interstate air transportation of only property or only mail, or both.

(7) “aircraft engine” means an engine used, or intended to be used, in operating or controlling aircraft in flight, including a parachute, communication equipment, and another mechanism installed in or attached to aircraft during flight, and not a part of an aircraft, aircraft engine, or propeller.

(8) “charter air carrier” means an air carrier holding a certificate of public convenience and necessity that authorizes it to provide charter air transportation.

(9) “cargo” means property, mail, or both.

(10) “charter air carrier” means an air carrier holding a certificate of public convenience and necessity that authorizes it to provide charter air transportation.

(11) “charter air transportation” means charter trips in air transportation authorized under this part.

(12) “citizen of the United States” means—

(A) an individual who is a citizen of the United States;

(B) a partnership each of whose partners is an individual who is a citizen of the United States; or

(C) a corporation or association organized under the laws of the United States or a State, the District of Columbia, or a territory or possession of the United States, of

(D) apparatus, equipment, software, or service for distributing aeronautical and meteorological information to air traffic control facilities or aircraft;

(E) communication, navigation, or surveillance equipment for air-to-ground or air-to-air applications;

(F) buildings, equipment, and systems dedicated to the national airspace system.

§ 40103. Implementation

(a) The Committee shall take such actions as may be necessary and appropriate to carry out the purposes and policies of this order and shall provide to the Secretary of Transportation such information and assistance, including personnel and other resources for the Staff to which subsection 3(c) of this order refers, as may be necessary and appropriate to implement this order as agreed to by the heads of the departments and agencies involved; and

(b) the Director of the Office of Management and Budget may issue such instructions as may be necessary to implement subsection 5(b) of this order.

§ 40104. Definitions

(a) GENERAL DEFINITIONS.—In this part—

(1) “aeronautics” means the science and art of flight.

(2) “air carrier” means a citizen of the United States undertaking by any means, directly or indirectly, to provide air transportation.

(3) “air commerce” means foreign air commerce, interstate air commerce, the transportation of mail by aircraft, the operation of aircraft that directly affects, or intended to be used, to propel an aircraft, including a part, appurtenance, and accessory of the engine, except a propeller.

(4) “airman” means an individual—

(A) in command, or as pilot, mechanic, or member of the crew, who navigates aircraft when under way;

(B) except to the extent the Administrator of the Federal Aviation Administration may provide otherwise for individuals employed outside the United States, who is directly in charge of inspecting, maintaining, overhauling, or repairing aircraft, aircraft engines, propellers, or appliances; or

(C) who serves as an aircraft dispatcher or air traffic control-tower operator.

(5) “airport” means a landing area used regularly by aircraft for receiving or discharging passengers or cargo.

(6) “all-cargo air transportation” means the transportation by aircraft in interstate air transportation of only property or only mail, or both.

(7) “aircraft engine” means an engine used, or intended to be used, in operating or controlling aircraft in flight, including a parachute, communication equipment, and another mechanism installed in or attached to aircraft during flight, and not a part of an aircraft, aircraft engine, or propeller.

(8) “charter air carrier” means an air carrier holding a certificate of public convenience and necessity that authorizes it to provide charter air transportation.

(9) “cargo” means property, mail, or both.

(10) “charter air carrier” means an air carrier holding a certificate of public convenience and necessity that authorizes it to provide charter air transportation.

(11) “charter air transportation” means charter trips in air transportation authorized under this part.

(12) “citizen of the United States” means—

(A) an individual who is a citizen of the United States;

(B) a partnership each of whose partners is an individual who is a citizen of the United States; or

(C) a corporation or association organized under the laws of the United States or a State, the District of Columbia, or a territory or possession of the United States, of

(D) apparatus, equipment, software, or service for distributing aeronautical and meteorological information to air traffic control facilities or aircraft;

(E) communication, navigation, or surveillance equipment for air-to-ground or air-to-air applications;

(F) buildings, equipment, and systems dedicated to the national airspace system.

§ 40105. Implementation

(a) The Committee shall take such actions as may be necessary and appropriate to carry out the purposes and policies of this order and shall provide to the Secretary of Transportation such information and assistance, including personnel and other resources for the Staff to which subsection 3(c) of this order refers, as may be necessary and appropriate to implement this order as agreed to by the heads of the departments and agencies involved; and

(b) the Director of the Office of Management and Budget may issue such instructions as may be necessary to implement subsection 5(b) of this order.
which the president and at least two-thirds of the board of directors and other managing officers are citizens of the United States, which is under the actual control of citizens of the United States, and in which at least 75 percent of the voting interest is owned or controlled by persons that are citizens of the United States.

(16) “civil aircraft” means an aircraft except a public aircraft.

(17) “civil aircraft of the United States” means an aircraft registered under chapter 441 of this title.

(18) “conditional sales contract” means a contract—

(A) for the sale of an aircraft, aircraft engine, propeller, appliance, or spare part, under which the buyer takes possession of the property but title to the property vests in the buyer at a later time on—

(i) paying any part of the purchase price;
(ii) performing another condition; or
(iii) the happening of a contingency; or

(B) to bail or lease an aircraft, aircraft engine, propeller, appliance, or spare part, under which the bailee or lessee—

(i) agrees to pay an amount substantially equal to the value of the property; and

(ii) is to become, or has the option of becoming, the owner of the property on complying with the contract.

(19) “conveyance” means an instrument, including a conditional sales contract, affecting title to, or an interest in, property.

(20) “Federal airway” means a part of the navigable airspace that the Administrator designates as a Federal airway.

(21) “foreign air carrier” means a person, not a citizen of the United States, undertaking by any means, directly or indirectly, to provide foreign air transportation.

(22) “foreign air commerce” means the transportation of passengers or property by aircraft for compensation, the transportation of mail by aircraft, or the operation of aircraft in furthering a business or vocation, between a place in the United States and a place outside the United States when any part of the transportation or operation is by aircraft.

(23) “foreign air transportation” means the transportation of passengers or property by aircraft as a common carrier for compensation, or the transportation of mail by aircraft.

(24) “intrastate air carrier” means a citizen of the United States undertaking by any means to provide only intrastate air transportation.

(25) “intrastate air transportation” means the transportation by a common carrier of passengers or property for compensation, entirely in the same State, by turbojet-powered aircraft capable of carrying at least 30 passengers.

(26) “large hub airport” means a commercial service airport (as defined in section 47102) that has at least 1.0 percent of the passenger boardings.

(27) “mail” means United States mail and foreign transit mail.

(28) “medium hub airport” means a commercial service airport (as defined in section 47102) that has at least 0.25 percent but less than 1.0 percent of the passenger boardings.

(29) “navigate aircraft” and “navigation of aircraft” include piloting aircraft.

(30) “operate aircraft” and “operation of aircraft” include piloting aircraft.

(31) “passenger boardings” means the number of people actually boarding an aircraft at an airport during a given period of time.

(32) “readily accessible” means accessible in a manner that is convenient for use.

(33) “regional airport” means a commercial service airport (as defined in section 47102) that has at least 0.05 percent of the passenger boardings.

(34) “short-term airport” means a commercial service airport (as defined in section 47102) that has at least 0.05 percent of the passenger boardings.

(35) “sold” means United States mail and foreign transit mail.

(B) when any part of the transportation or operation is by aircraft.

(A) between a place in—

(i) a State, territory, or possession of the United States and another place in the United States; or
(ii) a State and another place in the same State through the airspace over a place outside the State;
(A) the navigation of aircraft; and
(B) causing or authorizing the operation of aircraft with or without the right of legal control of the aircraft.

(36) "passenger boardings"—
(A) means, unless the context indicates otherwise, revenue passenger boardings in the United States in the prior calendar year on an aircraft in service in air commerce, as the Secretary determines under regulations the Secretary prescribes; and
(B) includes passengers who continue on an aircraft in international flight that stops at an airport in the 48 contiguous States, Alabama, or Hawaii for a nontraffic purpose.

(37) "person", in addition to its meaning under section 1 of title 1, includes a governmental authority and a trustee, receiver, assignee, and other similar representative.

(38) "predatory" means a practice that violates the antitrust laws as defined in the first section of the Clayton Act (15 U.S.C. 12).

(39) "price" means a rate, fare, or charge.

(40) "propeller" includes a part, appurtenance, and accessory of a propeller.

(41) "public aircraft" means any of the following:
(A) Except with respect to an aircraft described in subparagraph (E), an aircraft used only for the United States Government, except as provided in section 40125(b).
(B) An aircraft owned by the Government and operated by any person for purposes related to crew training, equipment development, or demonstration, except as provided in section 40125(b).
(C) An aircraft owned and operated by the government of a State, the District of Columbia, or a territory or possession of the United States or a political subdivision of one of these governments, except as provided in section 40125(b).
(D) An aircraft exclusively leased for at least 90 continuous days by the government of a State, the District of Columbia, or a territory or possession of the United States or a political subdivision of one of these governments, except as provided in section 40125(b).
(E) An aircraft owned or operated by the armed forces under the conditions specified by section 40125(c). In the preceding sentence, the term "other commercial air service" means an aircraft operation that (i) is within the United States territorial airspace; (ii) the Administrator of the Federal Aviation Administration determines is available for compensation or hire to the public, and (iii) must comply with all applicable civil aircraft rules under title 14, Code of Federal Regulations.
(F) An unmanned aircraft that is owned and operated by, or exclusively leased for at least 90 continuous days by, an Indian Tribal government, as defined in section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122), except as provided in section 40125(b).

(42) "small hub airport" means a commercial service airport (as defined in section 47102) that has at least 0.05 percent but less than 0.25 percent of the passenger boardings.

(43) "spare part" means an accessory, appurtenance, or part of an aircraft (except an aircraft engine or propeller), aircraft engine (except a propeller), propeller, or appliance, that is to be installed at a later time in an aircraft, aircraft engine, propeller, or appliance.

(44) "State authority" means an authority of a State designated under State law—
(A) to receive notice required to be given a State authority under subpart II of this part; or
(B) as the representative of the State before the Secretary of Transportation in any matter about which the Secretary is required to consult with or consider the views of a State authority under subpart II of this part.

(45) "ticket agent" means a person (except an air carrier, a foreign air carrier, or an employee of an air carrier or foreign air carrier) that as a principal or agent sells, offers for sale, negotiates for, or holds itself out as selling, providing, or arranging for, air transportation.

(46) "United States" means the States of the United States, the District of Columbia, and the territories and possessions of the United States, including the territorial sea and the overlying airspace.

(47) "air traffic control system" means the combination of elements used to safely and efficiently monitor, direct, control, and guide aircraft in the United States and United States-assigned airspace, including—
(A) allocated electromagnetic spectrum and physical, real, personal, and intellectual property assets making up facilities, equipment, and systems employed to detect, track, and guide aircraft movement;
(B) laws, regulations, orders, directives, agreements, and licenses;
(C) published procedures that explain required actions, activities, and techniques used to ensure adequate aircraft separation; and
(D) trained personnel with specific technical capabilities to satisfy the operational, engineering, management, and planning requirements for air traffic control.

(b) LIMITED DEFINITION.—In subpart II of this part, "control" means control by any means.

In subsection (a)(21), the words “by any means” are substituted for “whether . . . or by lease or any other arrangement” to eliminate unnecessary words. The word “provide” is substituted for “engage in” for consistency in the revised title.

In subsection (a)(22)–(25) and (27), the words “transportation” and “passengers” are substituted for “carriage” and “persons”, respectively, for consistency in the revised title. The word “compensation” is substituted for, and is coextensive with, “compensation or hire”.

In subsection (a)(22) and (24), the words “or navigation” are omitted as being included in the definition of “operation of aircraft” in this subsection. The words “the conduct or” and “in commerce” are omitted as surplus. The words “when any part of the transportation or operation is by aircraft” are substituted for 49 App.:1301(23) (words after last semicolon) to eliminate unnecessary words.

In subsection (a)(23) and (25), the words “in commerce” are omitted as surplus. The words “when any part of the transportation is by aircraft” are substituted for 49 App.:1301(24) (words after last semicolon) to eliminate unnecessary words.

In subsection (a)(24), (25), and (27), the words “of the United States” are omitted as surplus.

In subsection (a)(24)(A)(i) and (25)(A)(i), the words “or the District of Columbia” the first time they appear are omitted as surplus.

In subsection (a)(25)(A)(ii), the text of 49 App.:1301(24)(a) (words between semicolons) is omitted because 49 App.:1306(b)(2) removes the subject matter of the text from the definition. See H. Rept. No. 95–1211, 95th Cong., 2d Sess., p. 16 (1978).

In subsection (a)(26), the words “by any means” are substituted for “whether . . . or by a lease or any other arrangement” to eliminate unnecessary words. The word “provide” is substituted for “engage” for consistency in the revised title.

In subsection (a)(26), the word “place” is substituted for “transportation” in the revised title.

In subsection (a)(32)(B), the words “in the capacity of owner, lessee, or otherwise” are omitted as surplus.

In subsection (a)(33), the words “in addition to its meaning under section 1 of title 1” are substituted for “any individual, firm, copartnership, corporation, company, association, joint stock association” for clarity because 1:1 is applicable to all laws unless otherwise provided. The words “governmental authority” are substituted for “body politic” for consistency in the revised title and with other titles of the United States Code.

In subsection (a)(35) is added to eliminate repetition of the words “rates, fares, or charges” throughout this part.

In subsection (a)(36), the text of 49 App.:1301(34) (1st sentence) is omitted as obsolete. Reference to the Canal Zone is omitted because of the Panama Canal Treaty of 1977. The text of 49 App.:1301(34) (last sentence) is omitted because of 48:16.

Subsection (a)(37)(A)(i) is substituted for “used exclusively in the service of any government” and “for purposes of this paragraph, “used exclusively in the service of means, for other than the Federal Government” for clarity and to eliminate unnecessary words.

Subsection (a)(37)(A)(ii) is substituted for “used exclusively in the service of any government or of any political subdivision thereof, including the government of any State, Territory, or possession of the United States, or the District of Columbia” and “for purposes of this paragraph, “used exclusively in the service of means, for other than the Federal Government, an aircraft which is owned and operated by a governmental entity for other than commercial purposes or which is exclusively leased by such governmental entity for not less than 90 continuous days” for clarity and to eliminate unnecessary words.

In subsection (a)(37)(B), the words “transporting passengers or property” are substituted for “engaged in carrying persons or property” for consistency in the revised title.

In subsection (a)(38), the words “that is to be installed at a later time” are substituted for “maintained for installation or use . . . but which at the time are not installed therein or attached thereto” to eliminate unnecessary words.

In subsection (a)(39), the word “authority” is substituted for “agency” and “entity” for consistency in the revised title. Before subclause (A), the words “department, agency, officer, or other” are omitted as being included in “authority”.

In subsection (a)(40), the words “bona fide” and “by solicitation, advertisement, or otherwise” are omitted as surplus. The words “furnishes, contracts” are omitted as being included in “providing, or arranging”.

In subsection (a)(41), the words “States of the United States” are substituted for “several States”, and the word “sea” is substituted for “waters”, for consistency in the revised title and with other titles of the Code.

Subsection (b) is substituted for 49 App.:1380 to eliminate unnecessary words.

PUBL. L. 103–429
This makes a conforming amendment for consistency with the title of 49.

AMENDMENTS
2012—Subsec. (a)(4). Pub. L. 112–95 added subpars. (B) to (D), redesignated former subpar. (D) as (E) and substituted “any structure, equipment,” for “another structure” and “; and” for period at end, added subpar. (F), and struck out former subpars. (B) and (C) which read as follows: “(B) a light; “(C) apparatus or equipment for distributing weather information, signaling, radio-directional finding, or radio or other electromagnetic communication; and”.
2006—Subsec. (a)(41)(E). Pub. L. 110–181 inserted “or other commercial air service” after “transportation” and inserted at end “In the preceding sentence, the term ‘other commercial air service’ means an aircraft operation that (i) is within the United States territorial airspace; (ii) the Administrator of the Federal Aviation Administration determines is available for compensation or hire to the public, and (iii) must comply with all applicable civil aircraft rules under title 14, Code of Federal Regulations.”
Subsec. (a)(29) to (47). Pub. L. 108–176, § 225(a), added pars. (29), (31), (34), (36), and (42) and redesignated former pars. (29), (30), (31), (32), (33), (34), (35), (36), (37), (39), (40), (41), and (42) as (30), (32), (33), (35), (37), (38), (39), (40), (41), (43), (44), (45), (46), and (47), respectively.
2000—Subsec. (a)(37). Pub. L. 106–181, § 702(a), amended par. (37) generally, revising and restating provisions defining “public aircraft” to include references to qualifications found in section 4025(b) and (c).
1997—Subsec. (a)(37)(A). Pub. L. 105–137 struck out “or” at end of cl. (i), added cl. (ii), and redesignated former cl. (ii) as (iii).
Subsec. (a)(35). Pub. L. 103–305 struck out “for air transportation” after “charge”.
Subsec. (a)(37)(B). Pub. L. 103–411 added subpar. (B) and struck out former subpar. (B) which read as follows: “does not include a government-owned aircraft for installation or use . . . but which at the time are not installed therein or attached thereto” to eliminate unnecessary words.

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.
§ 40103  TITLE 49—TRANSPORTATION  Page 922

**Effective Date of 2000 Amendment**

**Effective Date of 1994 Amendments**

Amendment by Pub. L. 103–411 effective on the 180th day following Oct. 25, 1994, see section 3(d) of Pub. L. 103–411, set out as a note under section 1131 of this title.

**Territorial Sea of United States**

For extension of territorial sea of United States, see Proc. No. 5228, set out as a note under section 1331 of Title 49, Public Lands.

**Definitions of Terms in Pub. L. 107–71**

Pub. L. 107–71, title I, § 133, Nov. 19, 2001, 115 Stat. 636, provided that: “Except as otherwise explicitly provided, any term used in this title [see Tables for classification] that is defined in section 40102 of this title, United States Code, has the meaning given that term in that section.”

**Definitions Applicable to Pub. L. 106–181**

Pub. L. 106–181, § 4, Apr. 5, 2000, 114 Stat. 64, provided that: “Except as otherwise provided in this Act [see Tables for classification], the following definitions apply:

‘(1) Administrator.—The term ‘Administrator’ means the Administrator of the Federal Aviation Administration.

‘(2) Secretary.—The term ‘Secretary’ means the Secretary of Transportation.’

**Definitions Applicable to Pub. L. 103–305**

Pub. L. 103–305, § 2, Aug. 23, 1994, 108 Stat. 1570, provided that: “In this Act [see Short Title of 1994 Amendment note set out under section 40101 of this title], the following definitions apply:

‘(1) Administrator.—The term ‘Administrator’ means the Administrator of the Federal Aviation Administration.

‘(2) Secretary.—The term ‘Secretary’ means the Secretary of Transportation.’

**§ 40103. Sovereignty and use of airspace**

(a) Sovereignty and Public Right of Transit.—(1) The United States Government has exclusive sovereignty of airspace of the United States.

(2) A citizen of the United States has a public right of transit through the navigable airspace. To further that right, the Secretary of Transportation shall consult with the Architectural and Transportation Barriers Compliance Board established under section 502 of the Rehabilitation Act of 1973 (29 U.S.C. 792) before prescribing a regulation or issuing an order or procedure that will have a significant impact on the accessibility of commercial airports or commercial air transportation for handicapped individuals.

(b) Use of Airspace.—(1) The Administrator of the Federal Aviation Administration shall develop plans and policy for the use of the navigable airspace and assign by regulation or order the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. The Administrator may modify or revoke an assignment when required in the public interest.

(2) The Administrator shall prescribe air traffic regulations on the flight of aircraft (including regulations on safe altitudes) for—

(A) navigating, protecting, and identifying aircraft;

(B) protecting individuals and property on the ground;

(C) using the navigable airspace efficiently; and

(D) preventing collision between aircraft, between aircraft and land or water vehicles, and between aircraft and airborne objects.

(3) To establish security provisions that will encourage and allow maximum use of the navigable airspace by civil aircraft consistent with national security, the Administrator, in consultation with the Secretary of Defense, shall—

(A) establish areas in the airspace the Administrator decides are necessary in the interest of national defense; and

(B) by regulation or order, restrict or prohibit flight of civil aircraft that the Administrator cannot identify, locate, and control with available facilities to thoroughly.

(4) Notwithstanding the military exception in section 553(a)(1) of title 49, subchapter II of chapter 5 of title 49 applies to a regulation prescribed under this subsection.

(c) Foreign Aircraft.—A foreign aircraft, not part of the armed forces of a foreign country, may be navigated in the United States as provided in section 41703 of this title.

(d) Aircraft of Armed Forces of Foreign Countries.—Aircraft of the armed forces of a foreign country may be navigated in the United States only when authorized by the Secretary of State.

(e) No Exclusive Rights at Certain Facilities.—A person does not have an exclusive right to use an air navigation facility on which Government money has been expended. However, providing services at an airport by only one fixed-based operator is not an exclusive right if—

(1) it is unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide the services; and

(2) allowing more than one fixed-based operator to provide the services requires a reduction in space leased under an agreement existing on September 3, 1982, between the operator and the airport.

</table>
In subsection (a), the word "has" is substituted for "is declared to possess and exercise complete and" to eliminate surplus words. The word "national" is omitted as surplus. The text of 49 App.1506(a)(1) sentence words after 1st comma is omitted as surplus.

In subsection (a)(2), the words "of the United States" are omitted for consistency in the revised title and because of the definition of "navigable airspace" in section 40102(a) of the revised title. The words "or amending" are omitted as surplus.

In subsection (b), the word "Administrator" in section 307(a), (c), and (d) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 749, 750) is retained on authority of 49:106(g).

In subsection (b)(1) and (3)(B), the word "rule" is omitted as being synonymous with "regulation".

In subsection (b)(1), the words "under such terms, conditions, and limitations as he may deem" are omitted as surplus. The words "In the exercise of his authority under section 1348(a) of this Appendix" in 49 App.1522 are omitted as unnecessary because of the restatement.

In subsection (b)(2), before clause (A), the word "shall" is substituted for "is further authorized and directed" for consistency in the revised title and to eliminate unnecessary words.

In subsection (b)(3), before clause (A), the words "In the exercise of his authority under section 1348(a) of this Appendix" in 49 App.1522 are omitted as surplus. The word "navigable" is used for clarity and consistency in clause (A), the words "such zones or" are omitted as surplus.

In subsection (b)(4), the words "the military exception" are substituted for "any exception relating to military or naval functions" to eliminate unnecessary words and because "nava1" is included in "military".

The words "applies to a regulation prescribed under" are substituted for "In the exercise of the rulemaking authority . . . the Secretary of Transportation shall be subject to" to eliminate unnecessary words and because "rules" and "regulations" are synonymous.

Subsection (c) is added for clarity.

In subsection (d), the words "including the Canal Zone" are omitted because of the Panama Canal Treaty of 1977.

In subsection (e), before clause (1), the words "any landing area" are omitted as being included in the definition of "air navigation facility" in section 40102(a) of the revised title. The word "only" is added for clarity. In clause (2), the words "on September 3, 1982" are added for clarity.

**Regulations**

Pub. L. 115–254, div. B, title V, §512, Oct. 5, 2018, 132 Stat. 3335, provided that: "(a) National Disaster Areas.—Before the 180th day following the date of the enactment of this section [Nov. 5, 1990], the Administrator, for safety and humanitarian reasons, shall issue such regulations as may be necessary to prohibit or otherwise restrict aircraft overflights of any inhabited area which has been declared a national disaster area in the State of Hawaii.

"(b) Exceptions.—Regulations issued pursuant to subsection (a) shall not be applicable in the case of aircraft overflights involving an emergency or a legitimate [sic] scientific purpose."

**DEPLOYMENT OF REAL-TIME STATUS OF SPECIAL USE AIRSPACE**

Pub. L. 116–283, div. A, title X, §1085, Jan. 1, 2021, 134 Stat. 3877, provided that: "Not later than 180 days after the date of the enactment of this Act [Jan. 1, 2021], to the maximum extent practicable, the Administrator of the Federal Aviation Administration, in coordination with the Secretary of Defense, shall enable the automated public dissemination of information on the real-time status of the activation or deactivation of military operations areas and restricted areas in a manner that is similar to the manner that temporary flight restrictions are published and disseminated."

**AIR TRAFFIC CONTROL OPERATIONAL CONTINGENCY PLANS**

"(a) Air Traffic Control Operational Contingency Plans.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Federal Aviation Administration] shall review the Administration’s air traffic control operational contingency plans (FAA Order JO 1900.4T2), and, as the Administrator considers appropriate, update such plans, to address potential air traffic facility outages that could have a major impact on the operation of the national airspace system, including the most recent findings and recommendations in the report under subsection (c).

"(b) Updates.—Not later than 60 days after the date the air traffic control operational contingency plans are reviewed under subsection (a), the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the review, including any recommendations for ensuring air traffic facility outages do not have a major impact on the operation of the national airspace system.

"(c) Resiliency Recommendations.—Not later than 180 days after the date of enactment of this Act, and periodically thereafter as the Administrator considers appropriate, the Administrator shall convene NextGen [Next Generation Air Transportation System] program officials to evaluate, expedite, and complete a report on how planned NextGen capabilities can enhance the resiliency and continuity of national airspace system operations and mitigate the impact of future air traffic control disruptions."

**AIR SHOWS**

Pub. L. 115–254, div. B, title V, §512, Oct. 5, 2018, 132 Stat. 3356, provided that: "(1) flight restrictions will be imposed pursuant to section 521 of title V of division F of Public Law 108–199 (118 Stat. 346) [set out below]; or provided that (2) any other restriction will be imposed pursuant to Federal Aviation Administration Flight Data Center Notice to Airmen 43621 (or any successor notice to airmen)."

**AIR TRAFFIC SERVICES AT AVIATION EVENTS**

§ 40104

TITLED—TRANSPORTATION Page 924

“(a) REQUIREMENT TO PROVIDE SERVICES AND RELATED SUPPORT.—The Administrator [of the Federal Aviation Administration] shall provide air traffic services and aviation safety support for large, multiday aviation events, including airshows and fly-ins, where the average daily number of manned operations were 1,000 or greater in at least one of the preceding two years, without the imposition or collection of any fee, tax, or other charge for that purpose. Amounts for the provision of such services and support shall be derived from amounts appropriated or otherwise available for the [Federal aviation] Administration.

“(b) DETERMINATION OF SERVICES AND SUPPORT TO BE PROVIDED.—In determining the services and support to be provided for an aviation event for purposes of subsection (a), the Administrator shall take into account the following:

“(1) The services and support required to meet levels of activity at prior events, if any, similar to the event.

“(2) The anticipated need for services and support at the event.”

ENHANCED AIR TRAFFIC SERVICES

“(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall establish a pilot program to provide air traffic control services on a preferential basis to aircraft equipped with certain NextGen Next Generation Air Transportation System avionics—that

“(1) lasts at least 2 years; and

“(2) operates in at least 3 suitable airports.

“(b) DURATION OF DAILY SERVICE.—The air traffic control services provided under the pilot program established under subsection (a) shall occur for at least 3 consecutive hours between 0600 and 2200 local time during each day of the pilot program.

“(c) AIRPORT SELECTION.—The Administrator shall designate airports for participation in the pilot program after consultation with aircraft operators, manufacturers, and airport sponsors.

“(d) DEFINITIONS.—

“(1) CERTAIN NEXTGEN AVIONICS.—The term ‘certain NextGen avionics’ means those avionics and related software designated by the Administrator after consultation with aircraft operators and manufacturers.

“(2) PREFERENTIAL BASIS.—The term ‘preferential basis’ means—

“(A) prioritizing aircraft equipped with certain NextGen avionics during a Ground Delay Program by assigning them fewer minutes of delay relative to other aircraft based upon principles established after consultation with aircraft operators and manufacturers; or

“(B) sequencing aircraft equipped with certain NextGen avionics ahead of other aircraft in the Traffic Flow Management System to the maximum extent consistent with safety.

“(e) SUNSET.—The pilot program established under subsection (a) shall terminate on September 30, 2023.

“(f) REPORT.—Not later than 90 days after the date on which the pilot program terminates, the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the results of the pilot program.

MAINTAINING RESTRICTIONS UNDER CERTAIN NOTAMs

“(a) IN GENERAL.—The Secretary of Transportation—

“(1) shall, without regard to any fiscal year limitation, maintain in full force and effect the restrictions imposed under Federal Aviation Administration Notices to Airmen FDC 32122, FDC 32123, and FDC 2/0199; and

“(2) may not grant any waivers or exemptions from such restrictions, except—

“(A) as authorized by air traffic control for operational or safety purposes;

“(B) with respect to an event, stadium, or other venue—

“(i) for operational purposes;

“(ii) for the transport of team members, officials of the governing body, and immediate family members and guests of such team members and officials to and from such event, stadium, or venue;

“(iii) in the case of a sporting event, for the transport of equipment or parts to and from such sporting event;

“(iv) to permit a broadcast rights holder to provide broadcast coverage of such event, stadium, or venue; and

“(v) for safety and security purposes related to such event, stadium, or venue; and

“(C) to allow the operation of an aircraft in restricted airspace to the extent necessary to arrive at or depart from an airport using standard air traffic control procedures.

“(b) LIMITATIONS ON USE OF FUNDS.—None of the funds appropriated or otherwise made available by title I of this Act [div. F of Pub. L. 108–199, see Tables for classification] may be obligated or expended to terminate or limit the restrictions imposed under the Federal Aviation Administration Notices to Airmen referred to in subsection (a), or to grant waivers of, or exemptions from, such restrictions except as provided under subsection (a)(2).

“(c) BROADCAST CONTRACTS NOT AFFlicted.—Nothing in this section shall be construed to affect contractual rights pertaining to any broadcasting agreement.”

NATIONAL AIRSPACE REDesign

Pub. L. 106–181, title VII, § 736, Apr. 5, 2000, 114 Stat. 171, provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) The national airspace, comprising more than 20 million square miles, handles more than 55,000 flights per day.

“(2) Almost 2,000,000 passengers per day traverse the United States through 20 major en route centers, including more than 700 different sectors.

“(3) Redesign and review of the national airspace may produce benefits for the travelling public by increasing the efficiency and capacity of the air traffic control system and reducing delays.

“(4) Redesign of the national airspace should be a high priority for the Federal Aviation Administration and the air transportation industry.

“(b) REDESIGN.—The Administrator [of the Federal Aviation Administration], with advice from the aviation industry and other interested parties, shall conduct a comprehensive redesign of the national airspace system.

“(c) REPORT.—Not later than December 31, 2000, the Administrator shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the Administrator’s comprehensive national airspace redesign. The report shall include projected milestones for completion of the redesign and shall also include a date for completion.

“(d) AUTHORIZATION.—There is authorized to be appropriated to the Administrator to carry out this section $12,000,000 for each of fiscal years 2000, 2001, and 2002.”

§ 40104. Promotion of civil aeronautics and safety of air commerce

(a) DEVELOPING CIVIL AERONAUTICS AND SAFETY OF AIR COMMERCE.—The Administrator of the Federal Aviation Administration shall encour-
age the development of civil aeronautics and safety of air commerce in and outside the United States. In carrying out this subsection, the Administrator shall take action that the Administrator considers necessary to establish, with available resources, a program to distribute civil aviation information in each region served by the Administration. The program shall provide, on request, informational material and expertise on civil aviation to State and local school administrators, college and university officials, and officers of other interested organizations.

(b) INTERNATIONAL ROLE OF THE FAA.—

(1) IN GENERAL.—The Administrator shall promote and achieve global improvements in the safety, efficiency, and environmental effect of air travel by exercising leadership with the Administrator’s foreign counterparts, in the International Civil Aviation Organization and its subsidiary organizations, and other international organizations and fora, and with the private sector.

(2) BILATERAL AND MULTILATERAL ENGAGEMENT; TECHNICAL ASSISTANCE.—The Administrator shall—

(A) in consultation with the Secretary of State, engage bilaterally and multilaterally, including with the International Civil Aviation Organization, on an ongoing basis to bolster international collaboration, data sharing, and harmonization of international aviation safety requirements including through—

(i) sharing of continued operational safety information;

(ii) prioritization of pilot training deficiencies, including manual flying skills and flight crew training, to discourage over reliance on automation, further bolstering the components of airmanship;

(iii) encouraging the consideration of the safety advantages of appropriate Federal regulations, which may include relevant Federal regulations pertaining to flight crew training requirements; and

(iv) prioritizing any other flight crew training areas that the Administrator believes will enhance all international aviation safety; and

(B) seek to expand technical assistance provided by the Federal Aviation Administration in support of enhancing international aviation safety, including by—

(i) promoting and enhancing effective oversight systems, including operational safety enhancements identified through data collection and analysis;

(ii) promoting and encouraging compliance with international safety standards by counterpart civil aviation authorities;

(iii) minimizing cybersecurity threats and vulnerabilities across the aviation ecosystem;

(iv) supporting the sharing of safety information, best practices, risk assessments, and mitigations through established international aviation safety groups; and

(v) providing technical assistance on any other aspect of aviation safety that the Administrator determines is likely to enhance international aviation safety.

(c) AIRPORT CAPACITY ENHANCEMENT PROJECTS AT CONGESTED AIRPORTS.—In carrying out subsection (a), the Administrator shall take action to encourage the construction of airport capacity enhancement projects at congested airports as those terms are defined in section 47175.

(d) PROMOTION OF UNITED STATES AEROSPACE STANDARDS, PRODUCTS, AND SERVICES ABROAD.—The Secretary shall take appropriate actions to—

(1) promote United States aerospace-related safety standards abroad;

(2) facilitate and vigorously defend approvals of United States aerospace products and services abroad;

(3) with respect to bilateral partners, utilize bilateral safety agreements and other mechanisms to improve validation of United States certificated aeronautical products, services, and appliances and enhance mutual acceptance in order to eliminate redundancies and unnecessary costs; and

(4) with respect to the aeronautical safety authorities of a foreign country, streamline validation and coordination processes.

HISTORICAL AND REVISION NOTES

PUB. L. 103–272

The words “and foster” in ⁴9 App.:1346 are omitted as surplus. The words “In carrying out this section” are substituted for “In furtherance of his mandate to promote civil aviation” in ⁴9 App.:1346a because of the restatement. The word “Administrator” is substituted for “Secretary of Transportation acting through the Administrator of the Federal Aviation Administration” for consistency with the source provisions restated in this section. The words “be designed so as to”, “various aspects of”, and “civil and” are omitted as surplus.

PUB. L. 103–429, §§6(47)(A), (B)

This makes conforming amendments to ⁴9:40104, as enacted by section 1 of the Oct. 31, 1994, Public Law 103–272, 108 Stat. 1102, because of the restatement of ⁴9 App.:1655(c)(1) (words after last comma) as ⁴9:40104(b) by section 6(47)(C) of the bill.

PUB. L. 103–429, §§6(47)(C)

**§ 40105**

**INTERNATIONAL EFFORTS REGARDING TRACKING OF CIVIL AIRCRAFT**

(1) foreign counterparts of the Administrator in the International Civil Aviation Organization and its subsidiary organizations; and

(2) other international organizations and fora; and

(3) the private sector.”

**§ 40105. International negotiations, agreements, and obligations**

(a) **ADVICE AND CONSULTATION.**—The Secretary of State shall advise the Administrator of the Federal Aviation Administration and the Secretaries of Transportation and Commerce, and consult with them as appropriate, about negotiations for an agreement with a government of a foreign country to establish or develop air navigation, including air routes and services. The Secretary of Transportation shall consult with the Secretary of State in carrying out this part to the extent this part is related to foreign air transportation.

(b) **ACTIONS OF SECRETARY AND ADMINISTRATOR.**—(1) In carrying out this part, the Secretary of Transportation and the Administrator—

(A) shall act consistently with obligations of the United States Government under an international agreement;

(B) shall consider applicable laws and requirements of a foreign country; and

(C) may not limit compliance by an air carrier with obligations or liabilities imposed by the government of a foreign country when the Secretary takes any action related to a certificate of public convenience and necessity issued under chapter 411 of this title.

(2) This subsection does not apply to an agreement between an air carrier or an officer or representative of an air carrier and the government of a foreign country, if the Secretary of Transportation disapproves the agreement because it is not in the public interest. Section 40106(b)(2) of this title applies to this subsection.

(c) **CONSULTATION ON INTERNATIONAL AIR TRANSPORTATION POLICY.**—In carrying out sec-
Emergency powers

(a) Deviations from regulations.—Appropriate military authority may authorize aircraft of the armed forces of the United States to deviate from air traffic regulations prescribed under section 40103(b)(1) and (2) of this title when the authority decides the deviation is essential to the national defense because of a military emergency or urgent military necessity. The authority shall—

(1) give the Administrator of the Federal Aviation Administration prior notice of the deviation at the earliest practicable time; and

(2) to the extent time and circumstances allow, make every reasonable effort to consult with the Administrator and arrange for the deviation in advance on a mutually agreeable basis.

(b) Suspension of authority.—(1) When the President decides that the government of a foreign country is acting inconsistently with the Convention for the Suppression of Unlawful Seizure of Aircraft or that the government of a foreign country allows territory under its jurisdiction to be used as a base of operations or training of, or as a sanctuary for, or arms, aids, or abets, a terrorist organization that knowingly uses the unlawful seizure, or the threat of an unlawful seizure, of an aircraft as an instrument of policy, the President may suspend the authority of—

(A) an air carrier or foreign air carrier to provide foreign air transportation to and from that foreign country;

(B) a person to operate aircraft in foreign air commerce to and from that foreign country;

(C) a foreign air carrier to provide foreign air transportation between the United States and another country that maintains air service with the foreign country; and

are substituted for “developing and implementing” for consistency in the revised title and with other titles of the Code. The word “both” is omitted as surplus. In clause (8), the word “authorities” is substituted for “agencies” for consistency in the revised title and with other titles of the Code.

Reciprocal airworthiness certification

“(a) In general.—As part of their bilateral negotiations with foreign nations and their civil aviation counterparts, the Secretary of State and the Administrator of the Federal Aviation Administration shall facilitate the reciprocal airworthiness certification of aviation products.

“(b) Reciprocal airworthiness defined.—In this section, the term ‘reciprocal airworthiness certification of aviation products’ means that the regulatory authorities of each nation perform a similar review in certifying or validating the certification of aircraft and aircraft components of other nations.”

Report on certain bilateral negotiations

Pub. L. 103–305, title V, § 519, Aug. 23, 1994, 108 Stat. 1660, provided that: “The Secretary shall report every other month to the Committee on Public Works and Transportation (now Committee on Transportation and Infrastructure) of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of all active aviation bilateral and multilateral negotiations and informal government-to-government consultations with United States aviation trade partners.”

§ 40106. Emergency powers

In subsection (a), the words “government of a foreign country” are substituted for “foreign governments” in 49 App. 1462 and “foreign country” in 49 App. 1500(a) for consistency in the revised title and with other titles of the United States Code. The words “Secretary of Transportation” are substituted for “Department of Transportation” in 49 App. 1506(b) because of 49:102(b). The words “Secretary of State” are substituted for “Department of State” because of 22:2651.

In subsection (b)(1), before clause (A), the words “carrying out” are substituted for “exercising and performing . . . powers and duties” for consistency in the revised title and with other titles of the Code. In clause (A), the words “an international agreement” are substituted for “any treaty, convention, or agreement” that may be in force between the United States and any foreign country or foreign countries” for consistency and to eliminate unnecessary words. In clause (C), the word “public” is added for consistency in this part.

In subsection (b)(2), the words “obligation, duty, or liability arising out of a contract or other” and “here- tofore or hereafter” are omitted as surplus. The words “government of a foreign country” are substituted for “foreign country” for consistency in the revised title and with other titles of the Code. The last sentence is inserted to inform the reader that section 40106(b)(2) of the revised title qualifies this subsection.

In subsection (c), before clause (1), the words “To assist” are omitted as surplus. The words “carrying out” are substituted for “developing and implementing” for consistency in the revised title and with other titles of the Code.
§ 40107  TITLE 49—TRANSPORTATION  Page 928

(D) a foreign person to operate aircraft in foreign air commerce between the United States and another country that maintains air service with the foreign country.

(2) The President may act under this subsection without notice or a hearing. The suspension remains in effect for as long as the President decides is necessary to ensure the security of aircraft against unlawful seizure. Notwithstanding section 40105(b) of this title, the authority of the President to suspend rights under this subsection is a condition to a certificate of operation issued by the Secretary of Transportation under this part.

(3) An air carrier or foreign air carrier may not provide foreign air transportation, and a person may not operate aircraft in foreign air commerce, in violation of a suspension of authority under this subsection.

HISTORICAL AND REVISION NOTES

In subsection (a), before clause (1), the words “armed forces” are substituted for “national defense forces” because of 10:101. The words “section 40106(b)(1) and (2) of this title” are substituted for “this subchapter” as being more precise. In clauses (1) and (2), the word “Administrator” in section 4037(f) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 750) is retained on authority of 49:106(g). In clause (2), the words “fully” and “required” are omitted as surplus.

In subsection (b)(1), the words “government of a foreign country” are substituted for “foreign nation” for consistency in the revised title and with other titles of the United States Code. The word “unit” is substituted for “organizational entity” for clarity. The words “appropriate” and “civilians and military” are omitted as surplus. The words “officers and employees” are substituted for “personnel” for consistency in the revised title and with other titles of the United States Code. The word “to” is added for clarity.

In subsection (b)(2), the words “deemed to be” are omitted before proviso, and words in the proviso are omitted as obsolete. The word “Secretaries of Defense” are substituted for “Department of Defense” because of 10:133(a). The words “prior to enactment of such proposed legislation” are omitted as obsolete because the legislation was not enacted. The word “appropriate” is omitted as surplus. The words “of the Administration to the Department of Defense” are added for clarity.

EX. ORD. NO. 10786. TRANSFER OF FUNCTIONS OF THE AIRWAYS MODERNIZATION BOARD TO THE ADMINISTRATOR

Ex. Ord. No. 10786, Nov. 1, 1958, 23 F.R. 8573, provided:

Sect. 1. All functions (including powers, duties, activities, and parts of functions) of the Airways Modernization Board, including those of the Chairman thereof, are hereby transferred to the Administrator of the Federal Aviation Agency; and all records, property, facilities, employees, and unexpended balances of appropriations, allocations, and other funds of the Airways Modernization Board, are hereby transferred to the Federal Aviation Agency [now Federal Aviation Administration].

Sect. 2. Such further measures and dispositions, if any, as the Director of the Bureau of the Budget [now the Office of Management and Budget] shall determine to be necessary in connection with the transfer provided for hereinabove in respect of records, property, facilities, employees, and balances shall be carried out.

In section 9 of this title, the words “appropriate” and “civilians and military” are omitted as surplus. The words “officers and employees” are substituted for “personnel” for consistency in the revised title and with other titles of the United States Code. The word “to” is added for clarity.

In subsection (b)(2), the words “deemed to be” are omitted before proviso, and words in the proviso are omitted as obsolete. The word “Secretaries of Defense” are substituted for “Department of Defense” because of 10:133(a). The words “prior to enactment of such proposed legislation” are omitted as obsolete because the legislation was not enacted. The word “appropriate” is omitted as surplus. The words “of the Administration to the Department of Defense” are added for clarity.

In the table of section headings, the words “functions (including . . . parts of functions)” are omitted as included in “duty, power, activity, or facility.”

In subsection (a), the words “of a department, agency, or instrumentality of the executive branch of the United States Government” are substituted for “the executive departments or agencies of the Government” for consistency in the revised title and with other titles of the United States Code. The word “unit” is substituted for “organizational entity” for clarity. The words “appropriate” and “civilians and military” are omitted as surplus. The words “officers and employees” are substituted for “personnel” for consistency in the revised title and with other titles of the United States Code. The word “to” is added for clarity.

In subsection (b), the text of 49 App.:1343(c) (words before proviso) is omitted as obsolete. The words “Secretary of Defense” are substituted for “Department of Defense” because of 10:133(a). The words “prior to enactment of such proposed legislation” are omitted as obsolete because the legislation was not enacted. The word “appropriate” is omitted as surplus. The words “of the Administration to the Department of Defense” are added for clarity.

§ 40107. Presidential transfers

(a) GENERAL AUTHORITY.—The President may transfer to the Administrator of the Federal Aviation Administration a duty, power, activity, or facility of a department, agency, or instrumentality of the executive branch of the United States Government, or an officer or unit of a department, agency, or instrumentality of the executive branch, related primarily to selecting, developing, testing, evaluating, establishing, operating, or maintaining a system, procedure, facility, or device for safe and efficient air navigation and air traffic control. In making a transfer, the President may transfer records and property and make officers and employees from the department, agency, instrumentality, or unit available to the Administrator.

(b) DURING WAR.—If war occurs, the President by executive order may transfer to the Secretary of Defense a duty, power, activity, or facility of the Administrator. In making the transfer, the President may transfer records, property, officers, and employees of the Administration to the Department of Defense.

In this section, the words “functions (including . . . parts of functions)” are omitted as included in “duty, power, activity, or facility.”

In subsection (a), the words “of a department, agency, or instrumentality of the executive branch of the United States Government” are substituted for “the executive departments or agencies of the Government” for consistency in the revised title and with other titles of the United States Code. The word “unit” is substituted for “organizational entity” for clarity. The words “appropriate” and “civilians and military” are omitted as surplus. The words “officers and employees” are substituted for “personnel” for consistency in the revised title and with other titles of the United States Code. The word “to” is added for clarity.

In subsection (b), the text of 49 App.:1343(c) (words before proviso) is omitted as obsolete. The words “Secretary of Defense” are substituted for “Department of Defense” because of 10:133(a). The words “prior to enactment of such proposed legislation” are omitted as obsolete because the legislation was not enacted. The word “appropriate” is omitted as surplus. The words “of the Administration to the Department of Defense” are added for clarity.
in such manner as he shall direct and by such agencies as he shall designate.

SEC. 3. The provisions of this order shall become effective concurrently with the entering upon office of the Administrator of the Federal Aviation Administration by the first person appointed as Administrator. The functions transferred by this order may be performed by the Administrator until the effective date of the repeal [Aug. 23, 1938] of the Airways Modernization Act of 1937 [former 49 U.S.C. 1211 et seq.] effected by section 1401(d) of the Federal Aviation Act of 1938 [Pub. L. 85-726].

Dwight D. Eisenhower.

EX. ORD. No. 10797. DELEGATION OF AUTHORITY TO THE DIRECTOR OF THE OFFICE OF MANAGEMENT AND BUDGET

Ex. Ord. No. 10797, Dec. 24, 1958, 23 F.R. 15991, provided:

SECTION 1. There is hereby delegated to the Director of the Bureau of the Budget [now the Office of Management and Budget] all authority vested in the President by the last sentence of section 304 [see 49 U.S.C. 40107(a)], and by sections 1502(a) and 1502(b), of the Federal Aviation Act of 1958 [72 Stat. 749; 49 U.S.C. 1345 (first sentence)] [see 49 U.S.C. 401 et seq.], and which are vested in and imposed upon it by the last sentence of section 304 [see 49 U.S.C. 40107(a)] as affected by the provisions of Section 1(k) of Executive Order No. 10530 of May 10, 1954 [set out as a note under section 301 of Title 3, The President].

SEC. 2. (a) To the extent necessitated by transfers of functions effected under the provisions of Section 1 of this order:

(1) Transfers of balances of appropriations available and necessary to finance and discharge the transferred functions shall be made under the authority of Section 202(b) of the Budget and Accounting Procedures Act of 1950 [31 U.S.C. 501(b)] as amended by the provisions of section 1(k) of Executive Order No. 10530 of May 10, 1954 [set out above].

(b) Neither this order nor the said Executive Order No. 10797 shall be deemed to require or authorize the transfer of any civilian or military personnel from the Department of Defense to the Federal Aviation Administration, under authority of the said Section 304 [see 49 U.S.C. 40107(a)], in connection with transfers of functions effected under the provisions of Section 1 of this order.

SEC. 3. (a) In order to facilitate the orderly and timely accomplishment of the transfers and other arrangements mentioned in Section 3(a) of this order, the Secretary of Defense and the Administrator of the Federal Aviation Administration shall transmit to the Director of the Office of Management and Budget, not less than 30 days prior to the execution by them of any order or other transfer instrument in pursuance of the provisions of Section 1 of this order, all appropriate information in respect to any transfers or other arrangements proposed to be made in connection therewith under the provisions of Section 3 hereof, together with copy of the order or other transfer instrument proposed to be executed by them.

(b) In connection with any particular action or actions under Section 1 of this order, the Director of the Office of Management and Budget may either waive the requirements of Section 4(a), above, or reduce the 30 day period there prescribed.

Ex. Ord. No. 11161. TRANSFER OF FEDERAL AVIATION AGENCY TO DEFENSE DEPARTMENT IN EVENT OF WAR

WHEREAS Section 302(e) of the Federal Aviation Act of 1958 [see 49 U.S.C. 40107(b)] provides, in part, that in the event of war the President by Executive order may transfer to the Department of Defense any functions (including powers, duties, activities, facilities, and parts of functions) of the Federal Aviation Administration and

WHEREAS it appears that the defense of the United States would require the transfer of the Federal Aviation Administration to the Department of Defense in the event of war;

WHEREAS if any such transfer were to be made it would be essential to the defense of the United States
that the transition be accomplished promptly and with maximum ease and effectiveness; and

WHEREAS these objectives require that the relationship that would obtain in the event of such a transfer as between the Federal Aviation Administration and the Department of Defense be understood in advance by the two agencies concerned and be developed in necessary detail by them in advance of transfer:

NOW, THEREFORE, by virtue of the authority vested in me by Section 302(e) (72 Stat. 746; 49 U.S.C. 1343(c)) [see 49 U.S.C. 40107(b)], and as President of the United States and Commander in Chief of the Armed Forces of the United States, it is hereby ordered as follows:

SECTION 1. The Secretary of Defense and the Secretary of Transportation are hereby directed to prepare and develop plans, procedures, policies, programs, and courses of action in anticipation of the probable transfer of the Federal Aviation Administration to the Department of Defense in the event of war. Those plans, policies, procedures, programs, and courses of action shall be prepared and developed in conformity with the following-described standards and conditions—

(A) The Federal Aviation Administration will function as an adjunct of the Department of Defense with the Federal Aviation Administrator being responsible directly to the Secretary of Defense and subject to his authority, direction, and control to the extent deemed necessary by the Secretary to be necessary for the discharge of his responsibilities as Secretary of Defense.

(B) To the extent deemed by the Secretary of Defense to be necessary for the accomplishment of the military mission, he will be empowered to direct the Administrator to place operational elements of the Federal Aviation Administration under the direct operational control of appropriate military commanders.

(C) While functioning as an adjunct of the Department of Defense, the Federal Aviation Administration will remain organizationally intact and the Administrator thereof will retain responsibility for administration of his statutory functions, subject to the authority, direction, and control of the Secretary of Defense to the extent deemed by the Secretary to be necessary for the discharge of his responsibilities as Secretary of Defense.

SEC. 2. In furtherance of the objectives of the foregoing provisions of this order, the Secretary of Defense and the Secretary of Transportation shall, to the extent permitted by law, make such arrangements and take such actions as they deem necessary to assure—

(A) That the functions of the Federal Aviation Administration are performed during any period of national emergency short of war in a manner that will assure that essential national defense requirements will be satisfied during any such period of national emergency.

(B) Consistent with the provisions of paragraphs (A), (B), and (C) of Section 1 of this order, that any transfer of the Federal Aviation Administration to the Department of Defense, in the event of war, will be accomplished smoothly and rapidly and effective operation of the agencies and functions affected by the transfer will be achieved after the transfer.

LYNDON B. JOHNSON.

§ 40108. Training schools

(a) AUTHORITY TO OPERATE.—The Administrator of the Federal Aviation Administration may operate schools to train officers and employees of the Administration to carry out duties, powers, and activities of the Administrator.

(b) ATTENDANCE.—The Administrator may authorize officers and employees of other departments, agencies, or instrumentalities of the United States Government, officers and employees of governments of foreign countries, and individuals from the aeronautics industry to attend those schools. However, if the attendance of any of those officers, employees, or individuals increases the cost of operating the schools, the Administrator may require the payment or transfer of amounts or other consideration to offset the additional cost. The amount received may be credited to the appropriation current when the expenditures are or were paid, the appropriation current when the amount is received, or both.

HISTORICAL AND REVISION NOTES

Record Section Source (U.S. Code) Source (Statutes at Large)

40108(a) ...... 49 App.1354(d)(1st sentence)
49 App.1655(c)(1).

40108(b) ...... 49 App.1354(d)
(2d–last sentences).
49 App.1655(c)(1).

In this section, the word “Administrator” in section 313(d) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 753) is retained on authority of 49:188(g). The words “school or” are omitted because of 1:1.

In subsection (a), the words “officers and” are added for clarity and consistency in the revised title and with other titles of the United States Code. The words “to carry out duties, powers, and activities of the Administrator” are substituted for “in those subjects necessary for the proper performance of all authorized functions of the Administrator” for clarity and consistency in the revised title.

In subsection (b), the words “officers and employees” are substituted for “personnel”, the words “departments, agencies, or instrumentalities of the United States Government” are substituted for “governmental”, and the words “governments of foreign countries” are substituted for “foreign governments”, for consistency in the revised title and with other titles of the United States Code. The words “courses given in”, “sufficient”, and “appropriate” are omitted as surplus. The text of 49 App.1354(d) (3d sentence) is omitted as unnecessary because chapter 41 of title 5, United States Code, applies to all training of employees. The words “or both” are substituted for “(3) in part as provided under clause (1) and in part as provided under clause (2)” to eliminate unnecessary words.

§ 40109. Authority to exempt

(a) AIR CARRIERS AND FOREIGN AIR CARRIERS NOT ENGAGED DIRECTLY IN OPERATING AIRCRAFT.—(1) The Secretary of Transportation may exempt from subpart II of this part—

(A) an air carrier not engaged directly in operating aircraft in air transportation; or

(B) a foreign air carrier not engaged directly in operating aircraft in foreign air transportation.

(2) The exemption is effective to the extent and for periods that the Secretary decides are in the public interest.

(b) SAFETY REGULATION.—The Administrator of the Federal Aviation Administration may grant an exemption from a regulation prescribed in carrying out sections 40103(b)(1) and (2) of 185–726, 72 Stat. 753.) is retained on authority of 49:188(g). The words “school or” are omitted because of 1:1.

1 So in original. Probably should be “section”.

185–726, 72 Stat. 753.) is retained on authority of 49:188(g). The words “school or” are omitted because of 1:1.
this title when the Administrator decides the exemption is in the public interest.

(c) OTHER ECONOMIC REGULATION.—Except as provided in this section, the Secretary may exempt to the extent the Secretary considers necessary a person or class of persons from a provision of chapter 411, chapter 413 (except sections 41307 and 41310(b)(f)), chapter 415 (except sections 41502, 41505, and 41507–41509), chapter 417 (except sections 41703, 41704, 41710, 41713, and 41714), chapter 419, subchapter II of chapter 421, and sections 44908(a), 44909(b), and 46301(b) of this title, or a regulation or term prescribed under any of those provisions, when the Secretary decides that the exemption is consistent with the public interest.

(d) LABOR REQUIREMENTS.—The Secretary may not exempt an air carrier from section 42112 of this title. However, the Secretary may exempt from section 42112(b)(1) and (2) an air carrier not providing scheduled air transportation, and the operations conducted during daylight hours by an air carrier providing scheduled air transportation, when the Secretary decides that—

(1) because of the limited extent of, or unusual circumstances affecting, the operation of the air carrier, the enforcement of section 42112(b)(1) and (2) of this title is or would be an unreasonable burden on the air carrier that would obstruct its development and prevent it from beginning or continuing operations; and

(2) the exemption would not affect adversely the public interest.

(e) MAXIMUM FLYING HOURS.—The Secretary may not exempt an air carrier under this section from a provision referred to in subsection (c) of this section, or a regulation or term prescribed under any of those provisions, that sets maximum flying hours for pilots or copilots.

(f) SMALLER AIRCRAFT.—(1) An air carrier is exempt from section 41101(a)(1) of this title, and the Secretary may exempt an air carrier from another provision of subpart II of this part, if the air carrier—

(A) provides passenger transportation only with aircraft having a maximum capacity of 55 passengers; or

(B) provides the transportation of cargo only with aircraft having a maximum payload of less than 18,000 pounds; and

(B) complies with liability insurance requirements and other regulations the Secretary prescribes.

(2) The Secretary may increase the passenger or payload capacities when the public interest requires.

(3) A) An exemption under this subsection applies to an air carrier providing air transportation between 2 places in Alaska, or between Alaska and Canada, only if the carrier is authorized by Alaska to provide the transportation.

(B) The Secretary may limit the number or location of places that may be served by an air carrier providing transportation only in Alaska under an exemption from section 41101(a)(1) of this title, or the frequency with which the transportation may be provided, only when the Secretary decides that providing the transportation substantially impairs the ability of an air carrier holding a certificate issued by the Secretary to provide its authorized transportation, including the minimum transportation requirement for Alaska specified under section 41732(b)(1)(B) of this title.

(g) EMERGENCY AIR TRANSPORTATION BY FOREIGN AIR CARRIERS.—(1) To the extent that the Secretary decides an exemption is in the public interest, the Secretary may exempt by order a foreign air carrier from the requirements and limitations of this part for not more than 30 days to allow the foreign air carrier to carry passengers or cargo in interstate air transportation in certain markets if the Secretary finds that—

(A) because of an emergency created by unusual circumstances not arising in the normal course of business, air carriers holding certificates under section 41102 of this title cannot accommodate traffic in those markets;

(B) all possible efforts have been made to accommodate the traffic by using the resources of the air carriers, including the use of—

(i) foreign aircraft, or sections of foreign aircraft, under lease or charter to the air carriers; and

(ii) the air carriers’ reservations systems to the extent practicable;

(C) the exemption is necessary to avoid unreasonable hardship for the traffic in the markets that cannot be accommodated by the air carriers; and

(D) granting the exemption will not result in an unreasonable advantage to any party in a labor dispute where the inability to accommodate traffic in a market is a result of the dispute.

(2) When the Secretary grants an exemption to a foreign air carrier under this subsection, the Secretary shall—

(A) ensure that air transportation that the foreign air carrier provides under the exemption is made available on reasonable terms;

(B) monitor continuously the passenger load factor of air carriers in the market that hold certificates under section 41102 of this title, and

(C) review the exemption at least every 30 days (or, in the case of an exemption that is necessary to provide and sustain air transportation in American Samoa between the islands of Tutuila and Manu’a, at least every 180 days) to ensure that the unusual circumstances that established the need for the exemption still exist.

(3) RENEWAL OF EXEMPTIONS.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the Secretary may renew an exemption (including renewals) under this subsection for not more than 30 days.

(B) EXCEPTION.—The Secretary may renew an exemption (including renewals) under this subsection that is necessary to provide and sustain air transportation in American Samoa between the islands of Tutuila and Manu’a for not more than 180 days.

(4) CONTINUATION OF EXEMPTIONS.—An exemption granted by the Secretary under this subsection may continue for not more than 5 days after the unusual circumstances that established the need for the exemption cease.
(h) NOTICE AND OPPORTUNITY FOR HEARING.—The Secretary may act under subsections (d) and (f)(3)(B) of this section only after giving the air carrier notice and an opportunity for a hearing.

In this section, the words “requirements of”, “term”, and “or limitation” are omitted as surplus. The word “rule” is omitted as being synonymous with “regulation”. The word “unreasonable” is substituted for “undue” for consistency in the revised title and with other titles of the United States Code.

In subsection (a)(1), before clause (A), the words “by order” are omitted as unnecessary because of 5 ch. 5, subch. II. The word “exempt” is substituted for “re- lieve” for consistency in this section.

In subsection (a)(2), the words “that the Secretary decides” are added for clarity.

In subsections (b), (c), and (f)(3)(B), the words “from time to time” are omitted as unnecessary.

In subsection (b), the word “Administrator” in section 307(e) of the Federal Aviation Act of 1958 (Pub. Law 85–726, 72 Stat. 750) is retained on authority of 49:106(g).

In subsection (d), before clause (1), the words “to the extent” are omitted as surplus.

In subsection (f)(1), before clause (A), the words “subject to paragraph (5) of this subsection” and “in air transportation” are omitted as surplus. The words “the Secretary may exempt” are substituted for “as may be prescribed in regulations promulgated by the Board” for clarity and to eliminate unnecessary words. In clause (A)(ii), the word “capacity” is omitted as surplus. In clause (B), the word “reasonable” is omitted as surplus. The word “presents” is substituted for “adopt” for consistency in the revised title and with other titles of the Code. The words “in the public interest” are omitted as surplus.

In subsection (f)(2), the words “by regulation” are omitted as surplus. The word “payload” is substituted for “property” for consistency in this subsection. The words “specified in this paragraph” are omitted as surplus.

In subsection (f)(3), the words “the State of” are omitted as surplus.

In subsection (f)(3)(A), the words “under this subsection” are substituted for “from section 1371 of this title or any other requirement of this chapter”, the words “2 places” are substituted for “points both of which are”, and the word “between” is substituted for “one of which is in . . . and the other in”, to eliminate unnecessary words.

In subsection (f)(3)(B), the word “only” is added for clarity. The words “promulgated by the Board”, “by such air carrier to points within such State”, and “but not limited to” are omitted as surplus. The word “Alaska” is substituted for “such State” for clarity. The cross-reference to section 41732(b)(1)(B) to correct an error in the source provisions. The cross-reference in 49 App.:1386(b)(6) to 49 App.:1389(c)(2) should have been to 49 App.:1389(t)(2). This error was not corrected when 49 App.:1389 was restated by section 202(b) of the Airport and Airway Safety and Capacity Expansion Act of 1987 (Public Law 100–223, 101 Stat. 1300). The correct source provision is 49 App.:1389(k)(1)(A)(ii), restated as section 41732(b)(1)(B).

In subsection (g), the word “exemption” is substituted for “authorization” and “authority” for clarity and consistency.

In subsection (g)(1), before clause (A), the words “required”, “a period”, and “to the extent necessary” are omitted as surplus. The word “mail” is omitted as being included in “cargo”. In clause (B), before subclause (i), the words “for example” are omitted as surplus.

In subsection (g)(3), the words “a period” are omitted as surplus.

In subsection (h), the words “The Secretary may act under subsections (d) and (f)(3)(B) of this section” are added because of the restatement. The word “notice” does not appear in 49 App.:1386(b)(5) (words between 5th and 8th commas) but is made applicable to both of the restated source provisions for consistency with the chapter II of chapter 5 of title 5, United States Code. The words “opportunity for a” are added for consistency in the revised title.

(Pub. L. 104–287)

This amends 49:40109(c) to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1105), to include in the cross-reference sections enacted after the cutoff date for the codification of title 49 as enacted by section 1 of the Act (Public Law 103–272, 108 Stat. 745), and to make it easier to include future sections in the cross-reference by restating it in terms of chapters.

AMENDMENTS

Subsec. (c). Pub. L. 115–254, § 1991(c)(1)(B), substituted “sections 44900(a), 44909(b), and “for “sections 44909 and”.

Subsec. (g)(2)(C). Pub. L. 115–254, § 402(1), added subpar. (C) and struck out former subpar. (C) which read as follows: “review the exemption at least every 30 days to ensure that the unusual circumstances that established the need for the exemption still exist.”
Subsec. (g)(3), (4). Pub. L. 115–254, §402(2), added paras. (3) and (4) and struck out former par. (3) which read as follows: "The Secretary may renew an exemption (including renewals) under this subsection for not more than 30 days. An exemption may continue for not more than 5 days after the unusual circumstances that established the need for the exemption cease.

Pub. L. 104–287. §402(3), substituted "sections 44009 and 46301(b)" for "section 46301(b)".

Pub. L. 104–287. §402(4), substituted "chapter 413 (except sections 41307 and 41310(b)–(f)), chapter 415 (except sections 41502, 41505, and 41507–41509), chapter 417 (except sections 41703, 41704, 41710, 41713, and 41714)," for 

Authority to Grant Exemptions to Government Aircraft. Pub. L. 103–411, §3(b), Oct. 25, 1994, 108 Stat. 4237, provided that:

"(1) IN GENERAL.—The Administrator of the Federal Aviation Administration may grant an exemption to any unit of Federal, State, or local government from any requirement of part A of subtitle VII of title 49, United States Code, that would otherwise be applicable to current or future aircraft of such unit of government as a result of the amendment made by subsection (a) of this section, the Administrator may purchase a housing unit under paragraph (1) even if there is an obligation therefor to pay necessary and reasonable fees duly assessed upon such unit, including fees related to operation, maintenance, taxes, and insurance.

(4) Certification to Congress.—The Administrator may purchase a housing unit under paragraph (1) only if, at least 30 days before completing the purchase, the Administrator transmits to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

(A) a description of the housing unit and its price;

(B) a certification that the price does not exceed the median price of housing units in the area; and

(C) a certification that purchasing the housing unit is the most cost-beneficial means of providing necessary accommodations in carrying out this part.

(5) Payment of Fees.—The Administrator may pay, when due, fees resulting from the purchase of a housing unit under this subsection from any amounts made available to the Administrator.

(d) Duties and Powers.—When carrying out subsection (a) of this section, the Administrator of the Federal Aviation Administration may—

(1) notwithstanding section 1341(a)(1) of title 31, lease an interest in property for not more than 20 years;

(2) consider the reasonable probable future use of the underlying land in making an award for a condemnation of an interest in airspace; and

(3) construct, or acquire an interest in, a public building (as defined in section 3301(a) of title 40) only under a delegation of authority from the Administrator of General Services; and

(4) dispose of property under subsection (a)(2) of this section, except for airport and airway property and technical equipment used for the special purposes of the Administration, only under sections 121, 123, and 126 and chapter 5 of title 40.

(d) Acquisition Management System.—

(1) IN GENERAL.—In consultation with such non-governmental experts in acquisition management systems as the Administrator may employ, and notwithstanding provisions of Federal acquisition law, the Administrator shall develop and implement an acquisition management system for the Administration that addresses the unique needs of the agency and, at a minimum, provides for—

(A) more timely and cost-effective acquisitions of equipment, services, property, and materials; and

(B) the resolution of bid protests and contract disputes related thereto, using consensual alternative dispute resolution techniques to the maximum extent practicable.
§ 40110

(2) **Applicability of Federal Acquisition Law.**—The following provisions of Federal acquisition law shall not apply to the new acquisition management system developed and implemented pursuant to paragraph (1):

(A) Division C (except sections 3302, 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41.

(B) Division B (except sections 1704 and 2303) of subtitle I of title 41.

(C) The Federal Acquisition Streamlining Act of 1994 (Public Law 103-355). However, section 4705 of title 41 shall apply to the new acquisition management system developed and implemented pursuant to paragraph (1). For the purpose of applying section 4705 of title 41 to the system, the term “executive agency” is deemed to refer to the Federal Aviation Administration.

(D) The Small Business Act (15 U.S.C. 631 et seq.), except that all reasonable opportunities to be awarded contracts shall be provided to small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals.

(E) The Competition in Contracting Act.

(F) Subchapter V of chapter 35 of title 31, relating to the procurement protest system.

(G) The Federal Acquisition Regulation and any laws not listed in subparagraphs (A) through (F) providing authority to promulgate regulations in the Federal Acquisition Regulation.

(3) **Certain Provisions of Division B (Except Sections 1704 and 2303) of Subtitle I of Title 41.**—Notwithstanding paragraph (2)(B), chapter 21 of title 41 shall apply to the new acquisition management system developed and implemented under paragraph (1) with the following modifications:

(A) Sections 2101 and 2106 of title 41 shall not apply.

(B) Within 90 days after the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, the Administrator shall adopt definitions for the acquisition management system that are consistent with the purpose and intent of the Office of Federal Procurement Policy Act.1

(C) After the adoption of those definitions, the criminal, civil, and administrative remedies provided under the Office of Federal Procurement Policy Act1 apply to the acquisition management system.

(D) In the administration of the acquisition management system, the Administrator may take adverse personnel action under section 27(c)(3)(A)(iv) of the Office of Federal Procurement Policy Act1 in accordance with the procedures contained in the Administrator’s personnel management system.

(4) **Adjudication of Certain Bid Protests and Contract Disputes.**—A bid protest or contract dispute that is not addressed or resolved through alternative dispute resolution shall be adjudicated by the Administrator through Dispute Resolution Officers or Special Masters of the Federal Aviation Administration Office of Dispute Resolution for Acquisition, acting pursuant to sections 46102, 46104, 46105, 46106 and 46107 and shall be subject to judicial review under section 46110 and to section 504 of title 5.

(5) **Annual Report on the Purchase of Foreign Manufactured Articles.**—

(A) **Report.**—(1) Not later than 90 days after the end of the fiscal year, the Secretary of Transportation shall submit a report to Congress on the dollar amount of acquisitions subject to the Buy American Act made by the agency from entities that manufacture the articles, materials, or supplies outside of the United States in such fiscal year.

(ii) The report required by clause (i) shall only include acquisitions with total value exceeding the micro-purchase level.

(B) **Contents.**—The report required by subparagraph (A) shall separately indicate:

(i) the dollar value of any articles, materials, or supplies purchased that were manufactured outside of the United States; and

(ii) a summary of the total procurement funds spent on goods manufactured in the United States versus funds spent on goods manufactured outside of the United States.

(C) **Availability of Report.**—The Secretary shall make the report under subparagraph (A) publicly available on the agency’s website not later than 30 days after submission to Congress.

(6) **Prohibition on Release of Offeror Proposals.**—

(1) **General Rule.**—Except as provided in paragraph (2), a proposal in the possession or control of the Administrator may not be made available to any person under section 552 of title 5.

(2) **Exception.**—Paragraph (1) shall not apply to any portion of a proposal of an offeror the disclosure of which is authorized by the Administrator pursuant to procedures published in the Federal Register. The Administrator shall provide an opportunity for public comment on the procedures for a period of not less than 30 days beginning on the date of such publication in order to receive and consider the views of all interested parties on the procedures. The procedures shall not take effect before the 60th day following the date of such publication.

(3) **Proposal Defined.**—In this subsection, the term “proposal” means information contained in or originating from any proposal, including a technical, management, or cost proposal, submitted by an offeror in response to the requirements of a solicitation for a competitive proposal.

This amends 49:40110(a) to clarify the restatement of 49:40110(a)(1)–(3) by section 1 of the Act of July 5, 1994 (Public Law 103-272, 108 Stat. 1106).

REFERENCES IN TEXT

Subsec. (d)(4)(A). Pub. L. 111–350, § 5(a)(7)(D)(ii), substituted “Sections 2101 and 2106 of title 41” for “Subsections (f) and (g)”.

2003—Subsec. (c). Pub. L. 108–176, § 224(a), struck out par. (1), which related to the senior procurement executive, par. (2) designation before “may—,” and subpar. (D) of par. (2), which related to use procedures other than competitive procedures, redesignated subpars. (A), (B), (C), (E), and (F) of par. (2) as pars. (1) to (5), respectively, and realigned margins.

Subsec. (d)(1). Pub. L. 108–176, § 224(b)(1), struck out “‘not later than January 1, 1996,’ after ‘shall develop and implement,’ substituted ‘provides for—’ for ‘provides for more timely and cost-effective acquisitions of equipment and materials.’”, and added subpars. (A) and (B).

Subsec. (d)(2)(C). Pub. L. 108–176, § 222, substituted “‘[Public Law 103–355], except for section 315 [41 U.S.C. 265]. For the purpose of applying section 315 of that Act to the system, the term ‘executive agency’ is deemed to refer to the Federal Aviation Administration.’” for “‘[Public Law 103–355].’”

Subsec. (d)(2)(G). Pub. L. 108–178, § 4(k)(3), substituted “‘subparagraphs (A) through (F)’” for “‘subparagraphs (A) through (G)’”.

Subsec. (d)(4)(C). Pub. L. 108–176, § 224(b)(2), added subpar. (4) and struck out heading and text of former par. (4). Text read as follows: “This subsection shall take effect on April 1, 1996.”

2000—Subsecs. (d), (e), Pub. L. 109–181 added subsecs. (d) and (e).

1996—Subsecs. (b), (c), Pub. L. 104–246 added subsec. (b) and redesignated former subsec. (b) as (c).

1995—Subsec. (a). Pub. L. 104–429, § 8(48), in introductory provisions, struck out “‘may’ after ‘Administration’,” and in par. (1), struck out “acquire,” before “to the extent and substituted ‘may acquire services or, by condemnation or otherwise,’ for ‘services or,’ and in par. (2) and (3), inserted “‘may’ after par. designation. Subsec. (b)(2)(A), Pub. L. 103–429, § 6(b)(3), inserted ‘notwithstanding section 121(a)(1) of title 31,’ before ‘lease’.”

EFFECTIVE DATE OF 2003 AMENDMENTS

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT
Except as otherwise specifically provided, amendment by Pub. L. 104–246 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 1994 AMENDMENT

CONTRACTING
Pub. L. 112–95, title VIII, § 814, Feb. 14, 2012, 126 Stat. 125, provided that: “When drafting contract proposals for training facilities under the general contracting authority of the Federal Aviation Administration, the Administrator of the Federal Aviation Administration shall ensure—

‘‘(1) the proposal is drafted so that all parties can fairly compete; and

‘‘(2) the proposal takes into consideration the most cost-effective location, accessibility, and services options.”

FAA EVALUATION OF LONG-TERM CAPITAL LEASING

“(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] may carry out a pilot program in fiscal years 2001 through 2003 to test and evaluate the benefits of long-term contracts for the leasing of aviation equipment and facilities.

“(b) PERIOD OF CONTRACTS.—Notwithstanding any other provision of law, the Administrator may enter into a contract under the program to lease aviation equipment or facilities for a period of greater than 5 years.

“(c) NUMBER OF CONTRACTS.—The Administrator may not enter into more than 10 contracts under the program.

“(d) TYPES OF CONTRACTS.—The contracts to be evaluated under the program may include contracts for telecommunication services that are provided through the use of a satellite, requirements related to oceanic and air traffic control, air-to-ground radio communications, and air traffic control tower construction.”

ASSESSMENT OF ACQUISITION MANAGEMENT SYSTEM
Pub. L. 104–264, title II, § 251, Oct. 9, 1996, 110 Stat. 3236, provided that: “Not later than April 1, 1999, the Administrator [of the Federal Aviation Administration] shall employ outside experts to provide an independent evaluation of the effectiveness of the Administrator’s [Federal Aviation Administration] acquisition management system within 3 months after such date. The Administrator shall transmit a copy of the evaluation to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.”

‘‘(a) take such action as may be necessary to provide for an independent assessment of the acquisition management system of the Federal Aviation Administration that includes a review of any efforts of the Administrator in promoting and encouraging the use of full and open competition as the preferred method of procurement with respect to any contract that involves an amount greater than $50,000,000; and

‘‘(b) submit to the Congress a report on the findings of that independent assessment: Provided, That for purposes of this section, the term ‘full and open competition’ has the meaning provided in section 403(6) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(6)).’’

FAA EVALUATION OF LONG-TERM CAPITAL LEASING
ACQUISITION MANAGEMENT SYSTEM FOR FEDERAL
AVIATION ADMINISTRATION

ALTERNATIVE PROCUREMENT AND ACQUISITION PILOT PROGRAM

(a) AUTHORITY.—The Secretary of Transportation may conduct a test of alternative and innovative procurement procedures in carrying out acquisitions for one of the modernization programs under the Airway Capital Investment Plan prepared pursuant to section 44501(b) of title 49, United States Code. In conducting such test, the Secretary shall consult with the Administrator for Federal Procurement Policy.

(b) PILOT PROGRAM IMPLEMENTATION.—(1) The Secretary of Transportation should prescribe policies and procedures for the interaction of the program manager and the end user executive responsible for the requirement for the equipment acquired. Such policies and procedures should include provisions for enabling the end user executive to participate in acceptance testing.

(2) Not later than 45 days after the date of enactment of this Act [Oct. 13, 1994], the Secretary of Transportation shall identify for the pilot program quantitative measures and goals for reducing acquisition management costs.

(3) The Secretary of Transportation shall establish for the pilot program a review process that provides senior acquisition officials with reports on the minimum necessary data items required to ensure the appropriate expenditure of funds appropriated for the program and that—

(A) contain essential information on program results at appropriate intervals, including the criteria to be used in measuring the success of the program; and

(B) reduce data requirements from the current program review reporting requirements.

(c) SPECIAL AUTHORITIES.—The authority provided by subsection (a) shall include authority for the Secretary of Transportation to—

(1) to apply any amendment or repeal of a provision of law made in this Act; and

(2) to apply to a procurement of items other than commercial items under such program—

(A) any authority provided in this Act (or in an amendment made by a provision of this Act) to waive a provision of law in the case of commercial items, and

(B) any exception applicable under this Act (or an amendment made by a provision of this Act) to the extent that the Secretary determines necessary to test the application of such waiver or exception to procurements of items other than commercial items.

(d) APPLICABILITY.—Subsection (c) applies with respect to—

(1) a contract that is awarded or modified after the date occurring 45 days after the date of the enactment of this Act [Oct. 13, 1994]; and

(2) a contract that is awarded before such date and is to be performed (or may be performed), in whole or in part, after such date.

(e) PROCEDURES AUTHORIZED.—The test conducted under this section may include any of the following procedures:

(1) Restriction of competitions to sources determined capable in a precompetition screening process, provided that the screening process affords all interested sources a fair opportunity to be considered.

(2) Restriction of competitions to sources of preevaluated products, provided that the preevaluation process affords all interested sources a fair opportunity to be considered.

(3) Alternative notice and publication requirements.

(4) A process in which—

(A) the competitive process is initiated by publication in the Commerce Business Daily, or by dissemination through FACNET, of a notice that—

(1) contains a synopsis of the functional and performance needs of the executive agency conducting the test, and, for purposes of guidance only, other specifications; and

(i) invites any interested source to submit information or samples showing the suitability of its product for meeting those needs, together with a price quotation, or, if appropriate, showing the source’s technical capability, past performance, product supportability, or other qualifications (including, as appropriate, information regarding rates and other cost-related factors);

(i) contracting officials develop a request for proposals (including appropriate specifications and evaluation criteria) after reviewing the submissions of interested sources and, if the officials determine necessary, after consultation with those sources; and

(2) a contract is awarded after a streamlined competition that is limited to all sources that timely provided product information in response to the notice or, if appropriate, to those sources determined most capable based on the qualification-based factors included in an invitation to submit information pursuant to subparagraph (A).

(f) WAIVER OF PROCUREMENT REGULATIONS.—(1) In conducting the test under this section, the Secretary of Transportation, with the approval of the Administrator for Federal Procurement Policy, may waive—

(A) any provision of the Federal Acquisition Regulation that is not required by statute; and

(B) any provision of the Federal Acquisition Regulation that is required by a provision of law described in paragraph (2) to the extent that the Administrator determines in writing to be necessary to test procedures authorized by subsection (e).

(2) The provisions of law referred to in paragraph (1) are as follows:

(A) Subsections (e), (f), and (g) of section 8 of the Small Business Act (15 U.S.C. 637).

(B) The following provisions of the Federal Property and Administrative Services Act of 1949:

(i) Section 303 ([former] 41 U.S.C. 253) [see 41 U.S.C. 3105, 3301, 3303 to 3305].

(ii) Section 303A ([former] 41 U.S.C. 253a) [see 41 U.S.C. 3306].

(iii) Section 303B ([former] 41 U.S.C. 253b) [now 41 U.S.C. 3307, 3701 to 3708, 4702].

(iv) Section 303C ([former] 41 U.S.C. 253c) [now 41 U.S.C. 3311].

(C) The following provisions of the Office of Federal Procurement Policy Act:

(i) Section 4(6) ([former] 41 U.S.C. 403(6)) [see 41 U.S.C. 107].

(ii) Section 18 ([former] 41 U.S.C. 416) [see 41 U.S.C. 1708].

(d) DEFINITION.—In this section, the term ‘commercial item’ has the meaning provided that term in section 4(12) of the Office of Federal Procurement Policy Act [see 41 U.S.C. 103].

(g) EXPIRATION OF AUTHORITY.—The authority to conduct the test under subsection (a) and to waive contracts under such test shall expire 4 years after the date of the enactment of this Act. Contracts entered into before such authority expires shall remain in effect, notwithstanding the expiration of the authority to conduct the test under this section.
§ 40111. Multiyear procurement contracts for services and related items

(a) General Authority.—Notwithstanding section 1341(a)(1)(B) of title 31, the Administrator of the Federal Aviation Administration may make a contract of not more than 5 years for the following types of services and items of supply related to those services for which amounts otherwise would be available for obligation only in the fiscal year for which appropriated:

(1) operation, maintenance, and support of facilities and installations;

(2) operation, maintenance, and modification of aircraft, vehicles, and other highly complex equipment;

(3) specialized training requiring high quality instructor skills, including training of pilotlots and aircrew members and foreign language training;

(4) base services, including ground maintenance, aircraft refueling, bus transportation, and refuse collection and disposal.

(b) Required Findings.—The Administrator may make a contract under this section only if the Administrator finds that—

(1) there will be a continuing requirement for the service consistent with current plans for the proposed contract period;

(2) providing the service will require a substantial initial investment in plant or equipment, or will incur a substantial contingent liability for assembling, training, or transporting a specialized workforce; and

(3) the contract will promote the best interests of the United States by encouraging effective competition and promoting economies in operation.

(c) Considerations.—When making a contract under this section, the Administrator shall be guided by the following:

(1) The part of the cost of a plant or equipment amortized as a cost of contract performance may not be more than the ratio between the period of contract performance and the anticipated useful commercial life (instead of the physical life) of the plant or equipment, considering the location and specialized nature of the plant or equipment, obsolescence, and other similar factors.

(2) The Administrator shall consider the desirability of—

(A) obtaining an option to renew the contract for a reasonable period of not more than 3 years, at a price that does not include charges for nonrecurring costs already amortized; and

(B) reserving in the Administrator the right, on payment of the unamortized part of the cost of the plant or equipment, to take title to the plant or equipment under appropriate circumstances.

(d) Ending Contracts.—A contract made under this section shall be ended if amounts are not made available to continue the contract into a subsequent fiscal year. The cost of ending the contract may be paid from—

(1) an appropriation originally available for carrying out the contract;

(2) an appropriation currently available for procuring the type of service concerned and not otherwise obligated; or

(3) amounts appropriated for payments to end the contract.

In this section, the word “Administrator” in section 303(e) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 747) is retained on authority of 49:196(g).

In subsection (a), before clause (1), the words “periods of” are omitted as surplus. In clause (3), the words “training of” are added for clarity. In clause (4), the word “aircraft” is substituted for “in-plane” for clarity.

In subsection (c)(2)(A), the words “plant, equipment, and other” are omitted as surplus.

In subsection (d), the words “canceled or” and “cancellation or” are omitted as being included in “ended” and “ending,” respectively.

§ 40112. Multiyear procurement contracts for property

(a) General Authority.—Notwithstanding section 1341(a)(1)(B) of title 31 and to the extent that amounts otherwise are available for obligation, the Administrator of the Federal Aviation Administration may make a contract of more than one but not more than 5 fiscal years to purchase property, except a contract to construct, alter, or make a major repair or improvement to real property.

(b) Required Findings.—The Administrator may make a contract under this section if the Administrator finds that—

(1) the contract will promote the safety or efficiency of the national airspace system and will result in reduced total contract costs;

(2) the minimum need for the property to be purchased is expected to remain substantially unchanged during the proposed contract period in terms of production rate, procurement rate, and total quantities;

(3) there is a reasonable expectation that throughout the proposed contract period the Administrator will request appropriations for the contract at the level required to avoid cancellation;

(4) there is a stable design for the property to be acquired and the technical risks associated with the property are not excessive; and
(5) the estimates of the contract costs and the anticipated savings from the contract are realistic.

(c) REGULATIONS.—The Administrator shall prescribe regulations for acquiring property under this section to promote the use of contracts under this section in a way that will allow the most efficient use of those contracts. The regulations may provide for a cancellation provision in the contract to the extent the provision is necessary and in the best interest of the United States. The provision may include consideration of recurring and nonrecurring costs of the contractor associated with producing the items to be delivered under the contract. The regulations shall provide that, to the extent practicable—

(1) to broaden the aviation industrial base—
(A) a contract under this section shall be used to seek, retain, and promote the use under that contract of subcontractors, vendors, or suppliers; and
(B) on accrual of a payment or other benefit accruing on a contract under this section to a subcontractor, vendor, or supplier participating in the contract, the payment or benefit shall be delivered in the most expeditious way practicable; and

(2) this section and regulations prescribed under this section may not be carried out in a way that precludes or curtails the existing ability of the Administrator to provide for—
(A) competition in producing items to be delivered under a contract under this section; or
(B) ending a prime contract when performance is deficient with respect to cost, quality, or schedule.

(d) CONTRACT PROVISIONS.—(1) A contract under this section may—
(A) be used for the advance procurement of components, parts, and material necessary to manufacture equipment to be used in the national airspace system;
(B) provide that performance under a contract after the first year is subject to amounts being appropriated; and
(C) contain a negotiated priced option for varying the number of end items to be procured over the period of the contract.

(2) If feasible and practicable, an advance procurement contract may be made to achieve economic-lot purchases and more efficient production rates.

(e) CANCELLATION PAYMENT AND NOTICE OF CANCELLATION CEILING.—(1) If a contract under this section provides that performance is subject to an appropriation being made, it also may provide for a cancellation payment to be made to the contractor if the appropriation is not made.

(2) Before awarding a contract under this section containing a cancellation ceiling of more than $100,000,000, the Administrator shall give written notice of the proposed contract and cancellation ceiling to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives. The contract may not be awarded until the end of the 30-day period beginning on the date of the notice.

(f) ENDING CONTRACTS.—A contract made under this section shall be ended if amounts are not made available to continue the contract into a subsequent fiscal year. The cost of ending the contract may be paid from—

(1) an appropriation originally available for carrying out the contract;
(2) an appropriation currently available for procuring the type of property concerned and not otherwise obligated; or
(3) amounts appropriated for payments to end the contract.

In subsection (a), the reference in 49 App.:1344(f)(7) to a contract for the purchase of services is omitted as surplus. In clause (1)(A), the words ''in such a manner as'' and ''companies that are'' are omitted as surplus. In clause (1)(B), the words ''acquiring on'' are substituted for ''under'' for clarity. The words ''subcontractor'' and ''contractor'' are substituted for ''under'' for clarity. The words ''subcontractor'' and ''contractor'', respectively, to correct errors in the source provisions being restated.

In section 40112(b)(6), the words ''canceled or'' and ''cancellation or'' are omitted as being included in ''ended''.

In subsection (c), before clause (1), the word ''both'' is omitted as surplus. In clause (1)(A), the words ''in such a manner as'' and ''companies that are'' are omitted as surplus. In clause (1)(B), the words ''acquiring on'' are substituted for ''under'' for clarity. The words ''subcontractor'' and ''contractor'' are substituted for ''under'' for clarity. The words ''subcontractor'' and ''contractor'', respectively, to correct errors in the source provisions being restated.

In subsection (d)(1)(B), the words ''after the first year'' are substituted for ''during the second and subsequent years of the contract'' to eliminate unnecessary words.

In subsection (e)(2), the words ''a clause setting forth'' are omitted as surplus.

In subsection (f), the words ''canceled or'' and ''cancellation or'' are omitted as being included in ''ended'' and ''ending'', respectively.
§ 40113

AMENDMENTS

Subsec. (e)(2), Pub. L. 104–287 substituted "Transportation and Infrastructure" for "Public Works and Transportation".

Effective Date of 1996 Amendment

§ 40113. Administrative

(a) General Authority.—The Secretary of Transportation (or the Administrator of the Transportation Security Administration with respect to aviation safety duties and powers designated to be carried out by that Administrator) may take action the Secretary, Administrator of the Transportation Security Administration, or Administrator of the Federal Aviation Administration, as appropriate, considers necessary to carry out this part, including conducting investigations, prescribing regulations, standards, and procedures, and issuing orders.

(b) Hazardous Material.—In carrying out this part, the Secretary has the same authority to regulate the transportation of hazardous material by air that the Secretary has under section 5103 of this title. However, this subsection does not prohibit or regulate the transportation of a firearm (as defined in section 232 of title 18) or ammunition for a firearm, when transported by an individual for personal use.

(c) Governmental Assistance.—The Secretary (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may use the assistance of the Administrator of the National Aeronautics and Space Administration and any research or technical department, agency, or instrumentality of the United States Government on matters related to aircraft fuel and oil, and to the design, material, workmanship, construction, performance, maintenance, and operation of aircraft, aircraft engines, propellers, appliances, and air navigation facilities. Each department, agency, and instrumentality may conduct scientific and technical research, investigations, and tests necessary to assist the Secretary or Administrator of the Federal Aviation Administration in carrying out this part. This part does not authorize duplicating laboratory research activities of a department, agency, or instrumentality.

(d) Indemnification.—The Administrator of the Federal Aviation Administration may indemnify an officer or employee of the Federal Aviation Administration against a claim or judgment arising out of an act that the Administrator decides was committed within the scope of the official duties of the officer or employee.

(e) Assistance to Foreign Aviation Authorities.—

(1) Safety-Related Training and Operational Services.—The Administrator may provide safety-related training and operational services to foreign aviation authorities (whether public or private) with or without reimbursement, if the Administrator determines that providing such services promotes aviation safety or efficiency. The Administrator may also provide technical assistance related to all aviation safety-related training and operational services in connection with bilateral and multilateral agreements, including further bolstering the components of airmanship. The Administrator is authorized to participate in, and submit offers in response to, competitions to provide these services, and to contract with foreign aviation authorities to provide these services consistent with section 106(f)(6). To the extent practicable, air travel reimbursed under this subsection shall be conducted on United States air carriers.

(2) Reimbursement Sought.—The Administrator shall actively seek reimbursement for services provided under this subsection from foreign aviation authorities capable of providing such reimbursement. The Administrator is authorized, notwithstanding any other provision of law or policy, to accept payments for services provided under this subsection in arrears.

(3) Crediting Appropriations.—Funds received by the Administrator pursuant to this section shall—

(A) be credited to the appropriation current when the amount is received;

(B) be merged with and available for the purposes of such appropriation; and

(C) remain available until expended.

(4) Reporting.—Not later than December 31, 1995, and annually thereafter, the Administrator shall transmit to Congress a list of the foreign aviation authorities to which the Administrator provided services under this subsection in the preceding fiscal year. Such list shall specify the dollar value of such services and any reimbursement received for such services.

(5) Authorization of Appropriations.—There is authorized to be appropriated to the Administrator, $5,000,000 for each of fiscal years 2021 through 2023, to carry out this subsection. Amounts appropriated under the preceding sentence for any fiscal year shall remain available until expended.

(f) Application of Certain Regulations to Alaska.—In amending title 14, Code of Federal Regulations, in a manner affecting intrastate aviation in Alaska, the Administrator of the Federal Aviation Administration shall consider the extent to which Alaska is not served by transportation modes other than aviation, and shall establish such regulatory distinctions as the Administrator considers appropriate.

HISTORICAL AND REVISION NOTES

<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsections (a), (c), and (d), the word “Administrator” in sections 313(a) and (e) and 1105 of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 752, 796) is retained on authority of 49:106(g). Subsection (a) is substituted for 49 App.:1324(a) and 1534(a) to eliminate unnecessary words. The word “standards” is added for consistency. In subsection (b), the words “his responsibilities under” and “safe” are omitted as surplus. In subsection (c), the words “department, agency, and instrumentality” are substituted for “agency” and “governmental agency” for consistency in the revised title and with other titles of the United States Code. The text of 49 App.:1305 (2d, 3d sentences) is omitted as superceded by 49 App.:1903(b), restated in sections 1105, 1110, and 1111 of the revised title. The word “existing” is omitted as surplus. In subsection (d), the text of 49 App.:1354(e) (last sentence) is omitted because of 49:222(a).

AMENDMENTS

2020—Subsec. (e)(1). Pub. L. 116-260, §119(g)(1), inserted “(whether public or private)” after “authorities” and substituted “safety or efficiency.” The Administrator is authorized to participate in, and submit, offers in response to, competitions to provide these services, and to contract with foreign aviation authorities to provide these services consistent with section 106(h)(6)” for “safety.”

Subsec. (e)(2). Pub. L. 112-95, §207(2), inserted at end “The Administrator is authorized, notwithstanding any other provision of law or policy, to accept payments for services provided under this subsection in arrears.”

Subsec. (e)(3). Pub. L. 112-95, §207(3), added par. (3) and struck out former par. (3). Prior to amendment, text read as follows: “Funds received by the Administrator pursuant to this section shall be credited to the appropriation from which the expenses were incurred in providing such services.”

2001—Subsec. (a). Pub. L. 107-71, §140(c)(1), inserted “the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or” before “the Administrator of the Federal Aviation Administration” and substituted “, Under Secretary, or Administrator” for “or Administrator”.

Subsec. (b). Pub. L. 107-71, §140(c)(2), inserted “Under Secretary of Transportation for Security or the” after “The” and substituted “employee of the Transportation Security Administration or Federal Aviation Administration, as the case may be,” for “employee of the Administration” and “the Under Secretary or Administrator, as the case may be, decides” for “the Administrator decides”.

EFFECTIVE DATE OF 2000 AMENDMENT

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

INTRA-AGENCY COORDINATION

Pub. L. 115-254, div. B, title V, §520, Oct. 5, 2018, 132 Stat. 3362, provided that: “Not later than 120 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator of the Federal Aviation Administration shall implement a policy that—

“(1) designates the Associate Administrator for Commercial Space Transportation as the primary liaison between the commercial space transportation industry and the [Federal Aviation Administration];

“(2) recognizes the necessity of, and set [sic] forth processes for, launch license and permit holder coordination with the Air Traffic Organization on matters including—

“(A) the use of air navigation facilities;”

“(B) airspace safety; and

“(C) planning of commercial space launch and launch support activities;”

“(3) designates a single point of contact within the Air Traffic Organization who is responsible for—

“(A) maintaining letters of agreement between a launch license or permit holder and a Federal Aviation Administration facility;

“(B) making such letters of agreement available to the Associate Administrator for Commercial Space Transportation;
“(C) ensuring that a facility that has entered into such a letter of agreement is aware of and fulfills its responsibilities under the letter; and

(D) liaising between the Air Traffic Organization and the Associate Administrator for Commercial Space Transportation on any matter relating to such a letter of agreement; and

(4) requires the Associate Administrator for Commercial Space Transportation to facilitate, upon the request of a launch license or permit holder—

(A) coordination between a launch license and permit holder and the Air Traffic Organization; and

(B) the negotiation of letters of agreement between a launch license or permit holder and a Federal Aviation Administration facility or the Air Traffic Organization.

ADMINISTRATIVE SERVICES FRANCHISE FUND

Pub. L. 104–205, title I, Sept. 30, 1996, 110 Stat. 2697, provided in part that: “There is hereby established in the Treasury a fund, to be available without fiscal year limitation, for the costs of capitalizing and operating such administrative services as the FAA Administrator determines may be performed more advantageously as centralized services, including accounting, international training, payroll, travel, duplicating, multimedia and information technology services: Provided, That any inventories, equipment, and other assets pertaining to the services to be provided by such fund, either on hand or on order, less the related liabilities or unpaid obligations, and any appropriations made prior to the current year for the purpose of providing capital shall be used to capitalize such fund: Provided further, That such fund shall be paid in advance from funds available to the FAA and other Federal agencies for which such centralized services are performed, at rates which will return in full all expenses of operation, including accrued leave, depreciation of fund plant and equipment, amortization of Automated Data Processing (ADP) software and systems (either required or donated), and an amount necessary to maintain a reasonable operating reserve, as determined by the FAA Administrator: Provided further, That such fund shall provide services on a competitive basis: Provided further, That an amount not to exceed four percent of the total annual income to such fund may be retained in the fund for fiscal year 1997 and each year thereafter, to remain available until expended, to be used for the acquisition of capital equipment and for the improvement and implementation of FAA financial management, ADP, and support systems: Provided further, That no later than thirty days after the end of each fiscal year, amounts in excess of this reserve limitation shall be transferred to miscellaneous receipts in the Treasury.”

AIRCRAFT PURCHASE LOAN GUARANTEE PROGRAM

§ 40114. Reports and records

(a) WRITTEN REPORTS.—Except as provided in this part, the Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) shall make a written report of each proceeding and investigation under this part in which a formal hearing was held and shall provide a copy to each party to the proceeding or investigation. The report shall include the decision, conclusions, order, and requirements of the Secretary or Administrator as appropriate.

(2) The Secretary (or the Administrator with respect to aviation safety duties and powers designated to be carried out by the Administrator) shall have all reports, orders, decisions, and regulations the Secretary or Administrator, as appropriate, issues or prescribes published in the form and way best adapted for public use. A publication of the Secretary or Administrator is competent evidence of its contents.

(b) PUBLIC RECORDS.—Except as provided in subpart II of this part, copies of tariffs and arrangements filed with the Secretary under subpart II, and the statistics, tables, and figures contained in reports made to the Secretary under subpart II, are public records. The Secretary is the custodian of those records. A public record, or a copy or extract of it, certified by the Secretary under the seal of the Department of Transportation is competent evidence in an investigation by the Secretary and in a judicial proceeding.

49 App.:1551(b)(1)(B).

49 App.:1324(d) (3d, last sentences).

49 App.:1655(c)(1).

49 App.:1551(b)(1)(B).

In subsection (a), the word “Administrator” in section 313(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 753) is retained on authority of 49:106(g).

In subsection (a)(1), the words “otherwise”, “requirement in the premises”, and “shall be entered of record” are omitted as surplus.
In subsection (a)(2), the word "rules" is omitted as being synonymous with "regulations". The word "pre-
scribes" is added for consistency in the revised title and
with other titles of the United States Code. The words
"under this chapter" and "information and" are
omitted as surplus. The words "A publication of the
Secretary or Administrator is competent evidence of
its contents" is substituted for 49 App.:1239(d) (last sen-
tence) to eliminate unnecessary words and for consist-
ency.

In subsection (b), the words "otherwise", "all con-
tracts, agreements, understandings, and", "annual or
other", "of air carriers and other persons", and "pre-
served as" are omitted as surplus. The last sentence is
substituted for 49 App.:1563 (words after 7th comma)
to eliminate unnecessary words and for consistency.

**CONSOLIDATION OR ELIMINATION OF OBSOLETE, REDUN-
DANT, OR OTHERWISE UNNECESSARY REPORTS; USE OF
ELECTRONIC MEDIA FORMAT**

121, provided that:

"(1) A person may object to the public disclosure of informa-
tion—

(A) in a record filed under this part; or

(B) have an adverse effect on the competi-
tive position of an air carrier in foreign air
transportation.

(b) **WITHHOLDING INFORMATION FROM CON-
GRESS.**—This section does not authorize infor-
mation to be withheld from a committee of Con-
gress authorized to have the information.

1111.)

**HISTORICAL AND REVISION NOTES**

<table>

<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsection (a)(1)(B), the words "the Secretary of
Transportation or State or the United States Postal
Service" are substituted for "the Board, the Secretary
of State, or the Secretary of Transportation" because
under 49 App.:1551 the duties of the Civil Aeronautics
Board were transferred to the Secretary of Transpor-
tation and the Postal Service.

In subsection (a)(2), the words "shall order the infor-
mation withheld from public disclosure when the ap-
propriate Secretary or the Postal Service decides that
disclosure of the information" are substituted for
"shall be withheld from public disclosure by the Board,
the Secretary of State or the Secretary of Transpor-
tation" for clarity and because of the restatement.

In subsection (b), the words "The Board, the Sec-
retary of State, or the Secretary of Transportation,
as the case may be, shall be responsible for classified infor-
mation in accordance with appropriate law" are
omitted as surplus.

**§ 40116. State taxation**

(a) DEFINITION.—In this section, "State" in-
cludes the District of Columbia, a territory or
possession of the United States, and a political
authority of at least 2 States.

(b) PROHIBITIONS.—Except as provided in sub-
section (c) of this section and section 40117 of
this title, a State, a political subdivision of a
State, and any person that has purchased or
leased an airport under section 47134 of this title
may not levy or collect a tax, fee, head charge,
or other charge on—

(1) an individual traveling in air commerce; or

(2) the transportation of an individual trav-
eling in air commerce; or

(3) the sale of air transportation; or

(4) the gross receipts from that air com-
merce or transportation.

(c) AIRCRAFT TAKING OFF OR LANDING IN
STATE.—A State or political subdivision of a
State may levy or collect a tax on or related to a
flight of a commercial aircraft or an activity
or service on the aircraft only if the aircraft
takes off or lands in the State or political sub-
division as part of the flight.

(d) UNREASONABLE BURDENS AND DISCRIMINA-
TION AGAINST INTERSTATE COMMERCE.—(1) In this
subsection—

(A) "air carrier transportation property" means property (as defined by the Secretary of
Transportation) that an air carrier providing air transportation owns or uses.

(B) "assessment" means valuation for a
property tax levied by a taxing district.
(C) “assessment jurisdiction” means a geographical area in a State used in determining the assessed value of property for ad valorem taxation.

(D) “commercial and industrial property” means property (except transportation property and land used primarily for agriculture or timber growing) devoted to a commercial or industrial use and subject to a property tax levy.

(2)(A) A State, political subdivision of a State, or authority acting for a State or political subdivision may not do any of the following acts because those acts unreasonably burden and discriminate against interstate commerce:

(i) assess air carrier transportation property at a value that has a higher ratio to the true market value of the property than the ratio that the assessed value of other commercial and industrial property of the same type in the same assessment jurisdiction has to the true market value of the other commercial and industrial property.

(ii) levy or collect a tax on an assessment that may not be made under clause (i) of this subparagraph.

(iii) levy or collect an ad valorem property tax on air carrier transportation property at a tax rate greater than the tax rate applicable to commercial and industrial property in the same assessment jurisdiction.

(iv) levy or collect a tax, fee, or charge, first taking effect after August 23, 1994, exclusively upon any business located at a commercial service airport or operating as a permittee of such an airport other than a tax, fee, or charge wholly utilized for airport or aeronautical purposes.

(v) except as otherwise provided under section 47133, levy or collect a tax, fee, or charge, first taking effect after the date of enactment of this clause, upon any business located at a commercial service airport or operating as a permittee of such an airport that is not generally imposed on sales or services by that State, political subdivision, or authority unless wholly utilized for airport or aeronautical purposes.

(B) Subparagraph (A) of this paragraph does not apply to an in lieu tax completely used for airport and aeronautical purposes.

(e) OTHER ALLOWABLE TAXES AND CHARGES.—Except as provided in subsection (d) of this section, a State or political subdivision of a State may levy or collect:

(1) taxes (except those taxes enumerated in subsection (b) of this section), including property taxes, net income taxes, franchise taxes, and sales or use taxes on the sale of goods or services; and

(2) reasonable rental charges, landing fees, and other service charges from aircraft operators for using airport facilities of an airport owned or operated by that State or subdivision.

(f) PAY OF AIR CARRIER EMPLOYEES.—(1) In this subsection—

(A) “pay” means money received by an employee for services.

(B) “State” means a State of the United States, the District of Columbia, and a territory or possession of the United States.

(C) an employee is deemed to have earned 50 percent of the employee’s pay in a State or political subdivision of a State in which the scheduled flight time of the employee in the State or subdivision is more than 50 percent of the total scheduled flight time of the employee when employed during the calendar year.

(2) The pay of an employee of an air carrier having regularly assigned duties on aircraft in at least 2 States is subject to the income tax laws of only the following:

(A) the State or political subdivision of the State that is the residence of the employee.

(B) the State or political subdivision of the State in which the employee earns more than 50 percent of the pay received by the employee from the carrier.

(3) Compensation paid by an air carrier to an employee described in subsection (a) in connection with such employee’s authorized leave or other authorized absence from regular duties on the carrier’s aircraft in order to perform services on behalf of the employee’s airline union shall be subject to the income tax laws of only the following:

(A) The State or political subdivision of the State that is the residence of the employee.

(B) The State or political subdivision of the State in which the employee’s scheduled flight time would have been more than 50 percent of the employee’s total scheduled flight time for the calendar year had the employee been engaged full time in the performance of regularly assigned duties on the carrier’s aircraft.

Revised Section
40116(f)
40116(f)(1)(A), (B)
40116(f)(1)(C)

Source (U.S. Code)
49 App.:1512(c).
49 App.:1512(b).
49 App.:1512(a).

Source (Statutes at Large)

Subsection (a) is made applicable to subsections (b) and (e) of this section to avoid having to repeat the term being defined. In subsection (a), the words “Commonwealth of Puerto Rico, the Virgin Islands, Guam” are omitted as surplus because of the definition of “territory or possession of the United States” in section 40102(a) of the revised title. The word “authority” is substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (b), before clause (1), reference to 49 App.:1513(f) (words after “subsection (e) and”) is omitted as surplus.

In subsections (d)(2)(A), before clause (i), and (f)(1)(C) and (2), the word ‘‘political’’ is added for consistency in the revised title and with other titles of the Code.

In subsection (f)(1)(A), the word ‘‘pay’’ is substituted for ‘‘compensation’’ for consistency in the revised title and with chapter 56 of title 5, United States Code. The words ‘‘rendered by the employee in the performance of his duties and shall include wages and salary’’ are omitted as surplus.

In subsection (f)(1)(B), the words ‘‘means a State of the United States’’ are substituted for ‘‘also means’’ for clarity.

In subsection (f)(1)(C), the words ‘‘of a State’’ are added for clarity.

In subsection (f)(2), before clause (A), the words ‘‘as such an employee’’ are omitted as surplus.

Pub. L. 104–287

This amendment 49:40116(d)(2)(A)(iv) to conform to the style of title 49 and to set out the effective date for this clause.

References in Text

The date of enactment of this clause, referred to in subsec. (d)(2)(A)(v), is the date of enactment of Pub. L. 115–254, which was approved Oct. 5, 2018.

Amendments

1995—Subsec. (d)(2)(A)(v). Pub. L. 104–267, which directed substitution of ‘‘August 23, 1994’’ for ‘‘the date of enactment of this clause’’, was executed by making the substitution for ‘‘the date of the enactment of this clause’’ to reflect the probable intent of Congress.

Effective Date of 1996 Amendment

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

Construction of 2018 Amendment

Pub. L. 115–254, div. B, title I, §159(b), Oct. 5, 2018, 132 Stat. 3229, provided that: ‘‘Nothing in this section [amending this section] or an amendment made by this section shall affect a change to a rate or other provision of a tax, fee, or charge under section 40116 of title 49, United States Code, that was enacted prior to the date of enactment of this Act [Oct. 5, 2018].’’ Such provision of a tax, fee, or charge shall continue to be subject to the requirements to which such provision was subject under that section as in effect on the day before the date of enactment of this Act.’’

§ 40117. Passenger facility charges

(a) Definitions.—In this section, the following definitions apply:

(1) Airport, commercial service airport, and public agency.—The terms ‘‘airport’’, ‘‘commercial service airport’’, and ‘‘public agency’’ have the meaning those terms have under section 47102.

(2) Eligible agency.—The term ‘‘eligible agency’’ means a public agency that controls a commercial service airport.

(3) Eligible airport-related project.—The term ‘‘eligible airport-related project’’ means any of the following projects:

(A) A project for airport development or airport planning under subchapter I of chapter 471.

(B) A project for terminal development described in section 47119(a).

(C) A project for costs of terminal development referred to in subparagraph (B) incurred after August 1, 1986, at an airport that did not have more than .25 percent of the total annual passenger boardings in the United States in the most recent calendar year for which data is available and at which total passenger boardings declined by at least 16 percent between calendar year 1989 and calendar year 1997.

(D) A project for airport noise capability planning under section 47505.

(E) A project to carry out noise compatibility measures eligible for assistance under section 47504, whether or not a program for those measures has been approved under section 47504.

(F) A project for constructing gates and related areas at which passengers board or exit aircraft.

(G) A project for converting vehicles and ground support equipment used at a commercial service airport to low-emission technology (as defined in section 47102) or to use cleaner burning conventional fuels, retrofitting of any such vehicles or equipment that are powered by a diesel or gasoline engine with emission control technologies cer-
(5) **Passenger Facility Charge.**—The term "passenger facility charge" means a charge imposed under this section.

(6) **Passenger Facility Revenue.**—The term "passenger facility revenue" means revenue derived from a passenger facility charge.

(b) **General Authority.**—(1) The Secretary of Transportation may authorize under this section an eligible agency to impose a passenger facility charge of $1, $2, or $3 on each paying passenger of an air carrier or foreign air carrier boarding an aircraft at an airport the agency controls to finance an eligible airport-related project, including making payments for debt service on indebtedness incurred to carry out the project, to be carried out in connection with the airport or any other airport the agency controls.

(2) A State, political subdivision of a State, or authority of a State or political subdivision that is not the eligible agency may not regulate or prohibit the imposition or collection of a passenger facility charge or the use of the passenger facility revenue.

(3) A passenger facility charge may be imposed on a passenger of an air carrier or foreign air carrier originating or connecting at the commercial service airport that the agency controls.

(4) In lieu of authorizing a charge under paragraph (1), the Secretary may authorize under this section an eligible agency to impose a passenger facility charge of $4.00 or $4.50 on each paying passenger of an air carrier or foreign air carrier boarding an aircraft at an airport the agency controls to finance an eligible airport-related project, including making payments for debt service on indebtedness incurred to carry out the project.

(5) **Maximum Cost for Certain Low-Emission Technology Projects.**—The maximum cost that may be financed by imposition of a passenger facility charge under this section for a project described in subsection (a)(3)(G) with respect to a vehicle or ground support equipment may not exceed the incremental amount of the project cost that is greater than the cost of acquiring a vehicle or equipment that is not low-emission and would be used for the same purpose, or the cost of low-emission retrofitting, as determined by the Secretary.

(6) **Debt Service for Certain Projects.**—In addition to the uses specified in paragraphs (1) and (4), the Secretary may authorize a passenger facility charge imposed under paragraph (1) or (4) to be used for making payments for debt service on indebtedness incurred to carry out at the airport a project that is not an eligible airport-related project if the Secretary determines that such use is necessary due to the financial need of the airport.

(7) **Noise Mitigation for Certain Schools.**—

(A) **In General.**—In addition to the uses specified in paragraphs (1), (4), and (6), the Secretary may authorize a passenger facility charge imposed under paragraph (1) or (4) at a large hub airport that is the subject of an amended judgment and final order in condemnation filed on January 7, 1980, by the Superior Court of the State of California for the county of Los Angeles, to be used for a project to carry out noise mitigation for a building, or for the replacement of a relocatable building with a permanent building, in the noise-impacted area surrounding the airport at which such building is used primarily for educational purposes, notwithstanding the air easement granted or any terms to the contrary in such judgment and final order, if:

(i) the Secretary determines that the building is adversely affected by airport noise;

(ii) the building is owned or chartered by the school district that was the plaintiff in case number 986,442 or 986,446, which was resolved by such judgment and final order;

(iii) the project is for a school identified in 1 of the settlement agreements effective February 16, 2005, between the airport and each of the school districts;

(iv) in the case of a project to replace a relocatable building with a permanent building, the eligible project costs are limited to the actual structural construction costs necessary to mitigate aircraft noise in instructional classrooms to an interior noise level meeting current standards of the Federal Aviation Administration; and

(v) the project otherwise meets the requirements of this section for authorization of a passenger facility charge.

(B) **Eligible Project Costs.**—In subpara-

graph (A)(iv), the term "eligible project costs" means the difference between the cost of standard school construction and the cost of construction necessary to mitigate classroom noise to the standards of the Federal Aviation Administration.

(c) **Applications.**—(1) An eligible agency must submit to the Secretary an application for authority to impose a passenger facility charge. The application shall contain information and be in the form that the Secretary may require by regulation.

(2) Before submitting an application, the eligible agency must provide reasonable notice to, and an opportunity for consultation with, air carriers and foreign air carriers operating at the airport. The Secretary shall prescribe regulations that define reasonable notice and contain at least the following requirements:

(A) The agency must provide written notice of individual projects being considered for fi-
nancing by a passenger facility charge and the date and location of a meeting to present the projects to air carriers and foreign air carriers operating at the airport.

(B) Not later than 30 days after written notice is provided under subparagraph (A) of this paragraph, each air carrier and foreign air carrier operating at the airport must provide to the agency written notice of receipt of the notice. Failure of a carrier to provide the notice may be deemed certification of agreement with the project by the carrier under subparagraph (D) of this paragraph.

(C) Not later than 45 days after written notice is provided under subparagraph (A) of this paragraph, the agency must conduct a meeting to provide air carriers and foreign air carriers with descriptions of projects and justifications and a detailed financial plan for projects.

(D) Not later than 30 days after the meeting, each air carrier and foreign air carrier must provide to the agency certification of agreement or disagreement with projects (or total plan for the projects). Failure to provide the certification is deemed certification of agreement with the project by the carrier. A certification of disagreement is void if it does not contain the reasons for the disagreement.

(E) The agency must include in its application or notice submitted under subparagraph (A) copies of all certifications of agreement or disagreement received under subparagraph (D).

(F) For the purpose of this section, an eligible agency providing notice and an opportunity for consultation to an air carrier or foreign air carrier is deemed to have satisfied the requirements of this paragraph if the eligible agency limits such notices and consultations to air carriers and foreign air carriers that have a significant business interest at the airport. In the subparagraph, the term "significant business interest" means an air carrier or foreign air carrier that had no less than 1.0 percent of passenger boardings at the airport in the prior calendar year, had at least 25,000 passenger boardings at the airport in the prior calendar year, or provides scheduled service at the airport.

(3) Before submitting an application, the eligible agency must provide reasonable notice and an opportunity for public comment. The Secretary shall prescribe regulations that define reasonable notice and provide for at least the following under this paragraph:

(A) A requirement that the eligible agency provide public notice of intent to collect a passenger facility charge so as to inform those interested persons and agencies that may be affected. The public notice may include—

(i) publication in local newspapers of general circulation;
(ii) publication in other local media; and
(iii) posting the notice on the agency’s Internet website.

(B) A requirement for submission of public comments no sooner than 30 days, and no later than 45 days, after the date of the publication of the notice.

(C) A requirement that the agency include in its application or notice submitted under subparagraph (A) copies of all comments received under subparagraph (B).

(4) After receiving an application, the Secretary may provide notice and an opportunity to air carriers, foreign air carriers, and other interested persons to comment on the application. The Secretary shall make a final decision on the application not later than 120 days after receiving it.

(d) LIMITATIONS ON APPROVING APPLICATIONS.—

The Secretary may approve an application that an eligible agency has submitted under subsection (c) of this section to finance a specific project only if the Secretary finds, based on the application, that—

(1) the amount and duration of the proposed passenger facility charge will result in revenue (including interest and other returns on the revenue) that is not more than the amount necessary to finance the specific project;

(2) each project is an eligible airport-related project that will—

(A) preserve or enhance capacity, safety, or security of the national air transportation system;

(B) reduce noise resulting from an airport that is part of the system; or

(C) provide an opportunity for enhanced competition between or among air carriers and foreign air carriers;

(3) the application includes adequate justification for each of the specific projects; and

(4) in the case of an application to impose a charge of more than $3.00 for an eligible surface transportation or terminal project, the agency has made adequate provision for financing the airside needs of the airport, including runways, taxiways, aprons, and aircraft gates.

(e) LIMITATIONS ON IMPOSING CHARGES.—(1) An eligible agency may impose a passenger facility charge only—

(A) if the Secretary approves an application that the agency has submitted under subsection (c) of this section; and

(B) subject to terms the Secretary may prescribe to carry out the objectives of this section.

(2) A passenger facility charge may not be collected from a passenger—

(A) for more than 2 boardings on a one-way trip or a trip in each direction of a round trip;

(B) for the boarding to an eligible place under subchapter II of chapter 417 of this title for which essential air service compensation is paid under subchapter II;

(C) enplaning at an airport if the passenger did not pay for the air transportation which resulted in such enplanement, including any case in which the passenger obtained the ticket for the air transportation with a frequent flier award coupon without monetary payment;

(D) on flights, including flight segments, between 2 or more points in Hawaii;

(E) in Alaska aboard an aircraft having a seating capacity of less than 60 passengers; and
§ 40117  TITLE 49—TRANSPORTATION

(F) enplaning at an airport if the passenger did not pay for the air transportation which resulted in such enplanement due to charter arrangements and payment by the Department of Defense.

(i) LIMITATIONS ON CONTRACTS, LEASES, AND USE AGREEMENTS.—(1) A contract between an air carrier or foreign air carrier and an eligible agency made at any time may not impair the authority of the agency to impose a passenger facility charge or to use the passenger facility revenue as provided in this section.

(ii) A project financed with a passenger facility charge may not be subject to an exclusive long-term lease or use agreement of an air carrier or foreign air carrier, as defined by regulations of the Secretary.

(iii) A lease or use agreement of an air carrier or foreign air carrier related to a project whose construction or expansion was financed with a passenger facility charge may not restrict the eligible agency from financing, developing, or assigning new capacity at the airport with passenger facility revenue.

(g) TREATMENT OF REVENUE.—(1) Passenger facility revenue is not airport revenue for purposes of establishing a price under a contract between an eligible agency and an air carrier or foreign air carrier.

(2) An eligible agency may not include in its price base the part of the capital costs of a project paid for by using passenger facility revenue as provided in this section.

(3) For a project for terminal development, gates and related areas, or a facility occupied or used by at least one air carrier or foreign air carrier on an exclusive or preferential basis, a price payable by an air carrier or foreign air carrier using the facilities must at least equal the price paid by an air carrier or foreign air carrier using a similar facility at the airport that was not financed with passenger facility revenue.

(4) Passenger facility revenues that are held by an air carrier or an agent of the carrier after collection of a passenger facility charge constitute a trust fund that is held by the air carrier or agent for the beneficial interest of the eligible agency imposing the charge. Such carrier or agent holds neither legal nor equitable interest in the passenger facility revenues except for any handling fee or retention of interest collected on unremitting proceeds as may be allowed by the Secretary.

(h) COMPLIANCE.—(1) As necessary to ensure compliance with this section, the Secretary shall prescribe regulations requiring record-keeping and auditing of accounts maintained by an air carrier or foreign air carrier and its agent collecting a passenger facility charge and by the eligible agency imposing the charge.

(2) The Secretary periodically shall audit and review the use by an eligible agency of passenger facility revenue. After review and a public hearing, the Secretary may end any part of the authority of the agency to impose a passenger facility charge to the extent the Secretary decides that the revenue is not being used as provided in this section.

(3) The Secretary may set off amounts necessary to ensure compliance with this section against amounts otherwise payable to an eligible agency under subchapter I of chapter 471 of this title if the Secretary decides a passenger facility charge is excessive or that passenger facility revenue is not being used as provided in this section.

(i) REGULATIONS.—The Secretary shall prescribe regulations necessary to carry out this section. The regulations—

(1) may prescribe the time and form by which a passenger facility charge takes effect; and

(2) shall—

(A) require an air carrier or foreign air carrier and its agent to collect a passenger facility charge that an eligible agency imposes under this section;

(B) establish procedures for handling and remitting money collected;

(C) ensure that the money, less a uniform amount the Secretary determines reflects the average necessary and reasonable expenses (net of interest accruing to the carrier and agent after collection and before remittance) incurred in collecting and handling the charge, is paid promptly to the eligible agency for which they are collected; and

(D) require that the amount collected for any air transportation be noted on the ticket for that air transportation; and

(3) may permit an eligible agency to request that collection of a passenger facility charge be waived for—

(A) passengers enplaned by any class of air carrier or foreign air carrier if the number of passengers enplaned by the carriers in the class constitutes not more than one percent of the total number of passengers enplaned annually at the airport at which the charge is imposed; or

(B) passengers enplaned on a flight to an airport—

(i) that has fewer than 2,500 passenger boardings each year and receives scheduled passenger service; or

(ii) in a community which has a population of less than 10,000 and is not connected by a land highway or vehicular way to the land-connected National Highway System within a State.

(j) LIMITATION ON CERTAIN ACTIONS.—A State, political subdivision of a State, or authority of a State or political subdivision that is not the eligible agency may not tax, regulate, or prohibit or otherwise attempt to control in any manner, the imposition or collection of a passenger facility charge or the use of the revenue from the passenger facility charge.

(k) COMPETITION PLANS.—

(1) IN GENERAL.—Beginning in fiscal year 2001, no eligible agency may impose a passenger facility charge under this section with respect to a covered airport (as such term is defined in section 47106(f)) unless the agency has submitted to the Secretary a written competition plan in accordance with such section. This subsection does not apply to passenger facility charges in effect before the date of the enactment of this subsection.

(2) SECRETARY SHALL ENSURE IMPLEMENTATION AND COMPLIANCE.—The Secretary shall re-
view any plan submitted under paragraph (1) to ensure that it meets the requirements of this section, and shall review its implementation from time-to-time to ensure that each covered airport successfully implements its plan.

(d) Pilot Program for Passenger Facility Charge Authorizations.—

(1) In General.—The Secretary shall establish a pilot program to test alternative procedures for authorizing eligible agencies for airports to impose passenger facility charges. An eligible agency may impose in accordance with the provisions of this subsection a passenger facility charge under this section. For purposes of the pilot program, the procedures in this subsection shall apply instead of the procedures otherwise provided in this section.

(2) Notice and Opportunity for Consultation.—The eligible agency must provide reasonable notice and an opportunity for consultation to air carriers and foreign air carriers in accordance with subsection (c)(2) and must provide reasonable notice and opportunity for public comment in accordance with subsection (c)(3).

(3) Notice of Intention.—The eligible agency must submit to the Secretary a notice of intention to impose a passenger facility charge under this subsection. The notice shall include—

(A) information that the Secretary may require by regulation on each project for which authority to impose a passenger facility charge is sought;

(B) the amount of revenue from passenger facility charges that is proposed to be collected for each project; and

(C) the level of the passenger facility charge that is proposed.

(4) Acknowledgement of Receipt and Indication of Objection.—The Secretary shall acknowledge receipt of the notice and indicate any objection to the imposition of a passenger facility charge under this subsection for any project identified in the notice within 30 days after receipt of the eligible agency’s notice.

(5) Authority to Impose Charge.—Unless the Secretary objects within 30 days after receipt of the eligible agency’s notice, the eligible agency is authorized to impose a passenger facility charge in accordance with the terms of its notice under this subsection.

(6) Regulations.—The Secretary shall propose such regulations as may be necessary to carry out this subsection.

(7) Acknowledgement Not an Order.—An acknowledgement issued under paragraph (4) shall not be considered an order issued by the Secretary for purposes of section 46110.

(m) Financial Management of Charges.—

(1) Handling of Charges.—A covered air carrier shall segregate in a separate account passenger facility revenue equal to the average monthly liability for charges collected under this section by such carrier or any of its agents for the benefit of the eligible agencies entitled to such revenue.

(2) Trust Fund Status.—If a covered air carrier or its agent fails to segregate passenger facility revenue in violation of the subsection, the trust fund status of such revenue shall not be defeated by an inability of any party to identify and trace the precise funds in the accounts of the air carrier.

(3) Prohibition.—A covered air carrier and its agents may not grant to any third party any security or other interest in passenger facility revenue.

(4) Compensation to Eligible Entities.—A covered air carrier that fails to comply with any requirement of this subsection, or otherwise unnecessarily causes an eligible entity to expend funds, through litigation or otherwise, to recover or retain payment of passenger facility revenue to which the eligible entity is otherwise entitled shall be required to compensate the eligible agency for the costs so incurred.

(5) Interest on Amounts.—A covered air carrier that collects passenger facility charges is entitled to receive the interest on passenger facility charge accounts if the accounts are established and maintained in compliance with this subsection.

(6) Existing Regulations.—The provisions of section 158.49 of title 14, Code of Federal Regulations, that permit the commingling of passenger facility charge accounts if the accounts are established and maintained in compliance with this subsection.

(n) Use of Revenues at Previously Associated Airport.—Notwithstanding the requirements relating to airport control under subsection (b)(1), the Secretary may authorize use of a passenger facility charge under subsection (b) to finance an eligible airport-related project if—

(1) the eligible agency seeking to impose the new charge controls an airport where a $2.00 passenger facility charge became effective on January 1, 2013; and

(2) the location of the project to be financed by the new charge is at an airport that was under the control of the same eligible agency that had controlled the airport described in paragraph (1).

In subsection (a), before clause (1), the text of 49 App.:1513(e)(15)(A) is omitted for clarity and because the terms “air carrier” and “foreign air carrier” are used the first time the term appears in this section. The text of 49 App.:1513(e)(15)(B), (D), (E), (F) is omitted because the complete name of the Secretary of Transportation is used in the first time the term appears in this section. In clause (3)(D), the words “without regard to” are omitted as surplus. In subsection (b)(1) the words “bonds and other” are omitted as surplus. In subsection (b)(2), the word “limit” is omitted as being included in “regulate”. In subsection (c), before clause (1), the text of 49 App.:1513(e)(5) is omitted as executed. The words “approve an application that an eligible agency has submitted under subsection (c) of this section” are substituted for “grant a public agency which controls a commercial service airport authority to impose a fee under this subsection” for clarity.

Subsec. (l)(7). Pub. L. 112–96, § 111(b), redesignated par. (8) as (7) and struck out former par. (7). Prior to amendment, text read as follows: "This subsection shall cease to be effective beginning on February 18, 2012."

Subsec. (l)(8). Pub. L. 112–95, § 111(b), redesignated par. (8) as (7).

Pub. L. 112–16 substituted "July 1, 2011." for "June 1, 2011."

Pub. L. 110–253 substituted "September 30, 2008." for "the date that is 3 years after the date of issuance of regulations to carry out this subsection:

Subsec. (a)(4) to (6). Pub. L. 108–176, § 121(c), added par. (4) and redesignated former pars. (4) as (5) and (6), respectively.

Subsec. (b)(5). Pub. L. 108–176, § 121(b), added par. (5).

Subsec. (c)(3). (4). Pub. L. 108–176, § 122(a)(2)–(4), added par. (3), redesignated former par. (3) as (4), and substituted "may" for "shall" in first sentence of par. (4).

2000—Subsec. (a). Pub. L. 106–181, § 151, amended heading and text of subsec. (a) generally. Prior to amendment, text read as follows: "In this section—

1. ‘airport’, ‘commercial service airport’, and ‘public agency’ have the same meanings given those terms in section 47109 of this title.

2. ‘eligible airport-related project’ means a project—

(A) for airport development or airport planning under subchapter I of chapter 471 of this title;

(B) for terminal development described in section 47110(d) of this title;

(C) for airport noise compatibility planning under section 47505 of this title;

(D) to carry out noise compatibility measures eligible for assistance under section 47504 of this title, whether or not a program for those measures has been approved under section 47504; and

(E) for constructing gates and related areas at which passengers board or exit aircraft.

4. ‘passenger facility fee’ means a fee imposed under this section.

5. ‘passenger facility revenue’ means revenue derived from a passenger facility fee.

Subsec. (a)(3)(C) to (F). Pub. L. 106–181, § 152(a), added subpar. (C) and redesignated former subpars. (C) to (E) as (D) to (F), respectively.

Subsec. (e)(2)(D). (E). Pub. L. 106–181, § 158(a), added subpars. (D) and (E).

1996—Subsec. (a)(3)(D) to (F). Pub. L. 104–264, § 142(b)(2), inserted ‘‘and’’ at end of subpar. (D), substituted a period for ‘‘;’’ at end of subpar. (E), and struck out subpar. (F) which read as follows: ‘‘in addition to projects eligible under subparagraph (A), the construction, reconstruction, repair, or improvement of areas of an airport used for the operation of aircraft or actions to mitigate the environmental effects of such construction, reconstruction, repair, or improvement when the construction, reconstruction, repair, improvement, or action is necessary for compliance with the responsibilities of the operator or owner of the airport under the Americans with Disabilities Act of 1990, the Clean Air Act, or the Federal Water Pollution Control Act with respect to the airport.‘‘

Subsec. (e)(2)(B) to (D). Pub. L. 104–287 inserted ‘‘and’’ at end of subpar. (B), redesignated subpar. (C) as (D), and struck out former subpar. (C) which read as follows: ‘‘for a project the Secretary does not approve under this section before October 1, 1993, if, during the fiscal year ending September 30, 1993, the amount available for obligation under subsection (B) of this section is less than $38,600,000, except that this clause—

(i) does not apply if the amount available for obligation under subsection (B) of this section is less than $38,600,000 because of sequestration or other general appropriations reductions applied proportionately to appropriations accounts throughout an appropriation law; and

(ii) does not affect the authority of the Secretary to approve the imposition of a fee or the use of revenues derived from a fee imposed under an approval made under this section, by a public agency that has received an approval to impose a fee under this section before September 30, 1993, regardless of whether the fee is being imposed on September 30, 1993; and’’. Pub. L. 104–264, § 1204, added par. (4).

Effective Date of 2011 Amendment

Pub. L. 112–117, § 5(j), Aug. 5, 2011, 125 Stat. 271, provided that: ‘‘The amendments made by this section [amending this section and sections 44302, 44303, 47107, 47115, 47141, and 47108 of this title and provisions set out as a note under section 47109 of this title] shall take effect on July 23, 2011.’’
Pub. L. 110–21, § 5(j), June 29, 2011, 125 Stat. 235, provided that: “The amendments made by this section [amending this section and sections 44302, 44303, 47107, 47115, 47141, and 49108 of this title and provisions set out as a note under section 47109 of this title] shall take effect on July 1, 2011.”

Pub. L. 112–16, § 5(j), May 31, 2011, 125 Stat. 220, provided that: “The amendments made by this section [amending this section and sections 44302, 44303, 47107, 47115, 47141, and 49108 of this title and provisions set out as a note under section 47109 of this title] shall take effect on June 1, 2011.”

Pub. L. 112–7, § 5(j), Mar. 31, 2011, 125 Stat. 33, provided that: “The amendments made by this section [amending this section and sections 44302, 44303, 47107, 47115, 47141, and 49108 of this title and provisions set out as a note under section 47109 of this title] shall take effect on April 1, 2011.”

**Effective Date of 2010 Amendment**

Pub. L. 111–249, § 5(j), Sept. 30, 2010, 124 Stat. 2628, provided that: “The amendments made by this section [amending this section, sections 47143, 44302, 44303, 47107, 47115, 47141, and 49108 of this title, and provisions set out as a note under section 47109 of this title] shall take effect on October 1, 2010.”

Pub. L. 111–197, § 5(j), July 2, 2010, 124 Stat. 1354, provided that: “The amendments made by this section [amending this section, sections 44302, 44303, 47107, 47115, 47141, and 49108 of this title, and provisions set out as a note under section 47109 of this title] shall take effect on July 4, 2010.”

Pub. L. 111–161, § 5(j), Apr. 30, 2010, 124 Stat. 1127, provided that: “The amendments made by this section [amending this section, sections 44302, 44303, 47107, 47115, 47141, and 49108 of this title, and provisions set out as a note under section 47109 of this title] shall take effect on May 1, 2010.”

**Effective Date of 2009 Amendment**

Pub. L. 111–69, § 5(o), Oct. 1, 2009, 123 Stat. 2055, provided that: “The amendments made by this section [amending this section and sections 47143, 44302, 44303, 47107, 47115, 47141, and 49108 of this title and provisions set out as notes under sections 47131 and 47109 of this title] shall take effect on October 1, 2009.”

Pub. L. 111–12, § 5(j), Mar. 30, 2009, 123 Stat. 1458, provided that: “The amendments made by this section [amending this section and sections 44302, 44303, 47107, 47115, 47141, and 49108 of this title and provisions set out as a note under section 47109 of this title] shall take effect on April 1, 2009.”

**Effective Date of 2008 Amendment**

Pub. L. 110–330, § 5(l), Sept. 30, 2008, 122 Stat. 3719, provided that: “The amendments made by this section [amending this section, sections 47143, 44302, 44303, 47107, 47115, 47141, and 49108 of this title, and provisions set out as notes under sections 47131 and 47109 of this title] shall take effect on December 1, 2008.”

Amendment by Pub. L. 110–253 effective July 1, 2008, see section 3(d) of Pub. L. 110–253, set out as a note under section 9502 of Title 26, Internal Revenue Code.

**Effective Date of 2003 Amendment**

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

**Effective Date of 2000 Amendment**

**Effective Date of 1996 Amendment**

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

**Guidance**

Pub. L. 108–176, title I, § 121(d), Dec. 12, 2003, 117 Stat. 2500, provided that: “The Secretary, in consultation with the Administrator of the Environmental Protection Agency, shall issue guidance determining eligibility [of projects, and how benefits to air quality must be demonstrated, under the amendments made by this section [amending this section].”

**Eligibility of Airport Ground Access Transportation Projects**

Pub. L. 108–176, title I, § 123(e), Dec. 12, 2003, 117 Stat. 2502, provided that: “Not later than 60 days after the enactment of this Act [Dec. 12, 2003], the Administrator of the Federal Aviation Administration shall publish in the Federal Register the current policy of the Administration, consistent with current law, with respect to the eligibility of airport ground access transportation projects for the use of passenger facility fees under section 40117 of title 49, United States Code.”

**Competition Plans**

Pub. L. 106–181, title I, § 155(a), Apr. 5, 2000, 114 Stat. 88, provided that: “The Congress makes the following findings:

(1) Major airports must be available on a reasonable basis to all air carriers wishing to serve those airports.

(2) 15 large hub airports today are each dominated by one air carrier, with each such carrier controlling more than 50 percent of the traffic at the hub.

(3) The General Accounting Office [now Government Accountability Office] has found that such levels of concentration lead to higher airfares.

(4) The United States Government must take every step necessary to reduce those levels of concentration.

(5) Consistent with air safety, spending at these airports must be directed at providing opportunities for carriers wishing to serve such facilities on a commercially viable basis.”

**Limitation on Statutory Construction of Subsection (e)(2)(D)**

§ 40118. Government-financed air transportation

(a) TRANSPORTATION BY AIR CARRIERS HOLDING CERTIFICATES.—A department, agency, or instrumentality of the United States Government shall take necessary steps to ensure that the transportation of passengers and property by air is provided by an air carrier holding a certificate under section 4102 of this title if—

(1) the department, agency, or instrumentality—

(A) obtains the transportation for itself or in carrying out an arrangement under which payment is made by the Government or payment is made from amounts provided for the use of the Government; or

(B) provides the transportation to or for a foreign country or international or other organization without reimbursement;

(2) the transportation is authorized by the certificate or by regulation or exemption of the Secretary of Transportation; and

(3) the air carrier is—

(A) available, if the transportation is between a place in the United States and a place outside the United States; or

(B) reasonably available, if the transportation is between 2 places outside the United States.

(b) TRANSPORTATION BY FOREIGN AIR CARRIERS.—This section does not preclude the transportation of passengers and property by a foreign air carrier if the transportation is provided under a bilateral or multilateral air transportation agreement to which the Government and the government of a foreign country are parties if the agreement—

(1) is consistent with the goals for international aviation policy of section 40101(e) of this title; and

(2) provides for the exchange of rights or benefits of similar magnitude.

(c) PROOF.—The Administrator of General Services shall prescribe regulations under which agencies may allow the expenditure of an appropriation for transportation in violation of this section only when satisfactory proof is presented showing the necessity for the transportation.

(d) CERTAIN TRANSPORTATION BY AIR OUTSIDE THE UNITED STATES.—Notwithstanding subsections (a) and (c) of this section, any amount appropriated to the Secretary of State or the Administrator of the Agency for International Development may be used to pay for the transportation of an officer or employee of the Department of State or of one of those agencies, a dependent of the officer or employee, and accompanying baggage, by a foreign air carrier when the transportation is between 2 places outside the United States.

(e) RELATIONSHIP TO OTHER LAWS.—This section does not affect the application of the anti-discrimination provisions of this part.

(f) PROHIBITION OF CERTIFICATION OR CONTRACT CLAUSE.—(1) No certification by a contractor, and no contract clause, may be required in the case of a contract for the transportation of commercial products in order to implement a requirement in this section.

(2) In paragraph (1), the term “commercial product” has the meaning given such term in section 103 of title 41, except that it shall not include a contract for the transportation by air of passengers.

(g) TRAINING REQUIREMENTS.—The Administrator of General Services shall ensure that any contract entered into for provision of air transportation with a domestic carrier under this section requires that the contracting air carrier submits to the Administrator of General Services, the Secretary of Transportation, the Administrator of the Transportation Security Administration, the Secretary of Labor and the Commissioner of U.S. Customs and Border Protection an annual report regarding—

(1) the number of personnel trained in the detection and reporting of potential human trafficking (as described in paragraphs (9) and (10) of section 103 of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7102)), including the training required under section 4773(b)(4);

(2) the number of notifications of potential human trafficking victims received from staff or other passengers; and

(3) whether the air carrier notified the National Human Trafficking Hotline or law enforcement at the relevant airport of the potential human trafficking victim for each such notification of potential human trafficking, and if so, when the notification was made.

Historical and Revision Notes

Pub. L. 103–272

Revised Section Source (U.S. Code) Source (Statutes at Large)

40118(c) ⋯ 49 App.:1517(d) (1st sentence).

40118(d) ⋯ 49 App.:1518.

40118(e) ⋯ 49 App.:1517(d) (last sentence).

In this section, the word “passengers” is substituted for “persons” for consistency in the revised title. The words “(and their personal effects)” are omitted as being included in “property”.

In subsection (a), before clause (1), the words “Except as provided in subsection (c) of this section” are omit-
ted as surplus. The words “department, agency, or instrumentality” are substituted for “agency” for consistency in the revised title and with other titles of the United States Code. The words “or agency” are omitted because of 11. In clause (1), before subclause (A), the words “executive” and “other” are omitted as surplus. In subclause (A), the words “procure, contract for, or otherwise obtain” are substituted for “in furtherance of the purpose or pursuant to the terms of any contract, agreement, or other special arrangement made or entered into under which payment is made by the United States or payment is made from funds appropriated, owned, controlled, granted, or conditionally granted or utilized by or otherwise for clarity and to eliminate unnecessary words. In subclause (B), the word “country” is substituted for “nation” for consistency in the revised title and with other titles of the Code. The words “international or other organization” are substituted for “international agency, or other organization” in section 706 because of 1:1. In clause (2), the words “the limitations established by” are omitted as surplus. The words “after October 7, 1978” are omitted as executed. The words “Secretary of State” are substituted for “Department of State” because of 22:2651. The words “Director of the United States Information Agency” are substituted for “United States Information Agency” for consistency in the revised title and with other titles of the Code. The words “Director of the United States International Development Cooperation Agency” are substituted for “Agency for International Development (or any successor agency)” in section 706 because of 1:1. In subsection (d), the words “the limitations established by” are omitted as surplus. The words “in furtherance of the purpose or pursuant to the terms of any contract, agreement, or other special arrangement made or entered into under which payment is made by the United States or payment is made from funds appropriated, owned, controlled, granted, or conditionally granted or utilized by or otherwise for clarity and to eliminate unnecessary words. The words “provisions for” are omitted as surplus.

In subsection (b), before clause (1), the words “government of a foreign country” are substituted for “foreign government” for consistency in the revised title and with other titles of the Code. The words “or government” are omitted because of 1:1.

In subsection (c), the words “for payment for personnel or cargo transportation” are omitted as surplus. In subsection (d), the words “the limitations established by” are omitted as surplus. The words “after October 7, 1978” are omitted as executed. The words “Secretary of State” are substituted for “Department of State” because of 22:2651. The words “Director of the United States Information Agency” are substituted for “United States Information Agency” for consistency in the revised title and with other titles of the Code. The words “Director of the United States International Development Cooperation Agency” are substituted for “Agency for International Development (or any successor agency)” in section 706 because of 1:1.

In subsection (b), before clause (1), the words “the limitations established by” are omitted as surplus. The words “after October 7, 1978” are omitted as executed. The words “Secretary of State” are substituted for “Department of State” because of 22:2651. The words “Director of the United States Information Agency” are substituted for “United States Information Agency” for consistency in the revised title and with other titles of the Code. The words “Director of the United States International Development Cooperation Agency” are substituted for “Agency for International Development (or any successor agency)” in section 706 because of 1:1.

In subsection (c), the words “for payment for personnel or cargo transportation” are omitted as surplus. In subsection (d), the words “the limitations established by” are omitted as surplus. The words “after October 7, 1978” are omitted as executed. The words “Secretary of State” are substituted for “Department of State” because of 22:2651. The words “Director of the United States Information Agency” are substituted for “United States Information Agency” for consistency in the revised title and with other titles of the Code. The words “Director of the United States International Development Cooperation Agency” are substituted for “Agency for International Development (or any successor agency)” in section 706 because of 1:1.

In subsection (d), the words “the limitations established by” are omitted as surplus. The words “after October 7, 1978” are omitted as executed. The words “Secretary of State” are substituted for “Department of State” because of 22:2651. The words “Director of the United States Information Agency” are substituted for “United States Information Agency” for consistency in the revised title and with other titles of the Code. The words “Director of the United States International Development Cooperation Agency” are substituted for “Agency for International Development (or any successor agency)” in section 706 because of 1:1.

In subsection (c), the words “for payment for personnel or cargo transportation” are omitted as surplus. In subsection (d), the words “the limitations established by” are omitted as surplus. The words “after October 7, 1978” are omitted as executed. The words “Secretary of State” are substituted for “Department of State” because of 22:2651. The words “Director of the United States Information Agency” are substituted for “United States Information Agency” for consistency in the revised title and with other titles of the Code. The words “Director of the United States International Development Cooperation Agency” are substituted for “Agency for International Development (or any successor agency)” in section 706 because of 1:1.

§ 40120. Relationship to other laws

(a) NONAPPLICATION.—Except as provided in the International Navigational Rules Act of 1977 (33 U.S.C. 1601 et seq.), the navigation and shipping laws of the United States and the rules for the prevention of collisions do not apply to aircraft or to the navigation of vessels related to those aircraft.

(b) EXTENDING APPLICATION OUTSIDE UNITED STATES.—The President may extend (in the way and for periods the President considers necessary) the application of this part to outside the United States when—

(1) an international arrangement gives the United States Government authority to make the extension; and

(2) the President decides the extension is in the national interest.

(c) ADDITIONAL REMEDIES.—A remedy under this part is in addition to any other remedies provided by law.

Historical and Revision Notes

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
---|---|---
40120(b) | 49 App.:1510 | 72 Stat. 798.
40120(c) | 49 App.:1506 |

In subsection (a), the words “International Navigational Rules Act of 1977 (33 U.S.C. 1601 et seq.)” are substituted for “sections 143 to 147d of title 33” because those sections were repealed by section 3 of the Act of September 24, 1963 (Public Law 88–131, 77 Stat. 194), and replaced by 33:ch. 21. Chapter 21 was repealed by section 10 of the International Navigational Rules Act of 1977 (Public Law 96–70, 91 Stat. 311) and replaced by 33:1601–1608. The words “including any definition of ‘vessel’ or ‘vehicle’ found therein” and “be construed to” are omitted as surplus.

In subsection (b), before clause (1), the words “to the extent”, “of time”, and “any areas of land or water” are omitted as surplus. The words “and the overlying airspace thereof” are omitted as being included in “outside the United States”. In clause (1), the words “treaty, agreement or other lawful” and “necessary legal” are omitted as surplus.

Subsection (c) is substituted for 49 App.:1506 to eliminate unnecessary words and for clarity and consistency in the revised title and with other titles of the United States Code.

The International Navigational Rules Act of 1977, referred to in subsec. (a), is Pub. L. 95–75, July 27, 1977, 91 Stat. 308, as amended, which is classified principally to chapter 30 (§1601 et seq.) of Title 33, Navigation and Navigable Waters. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 33 and Tables.

Ex. Ord. No. 10854. Extension of Application

Ex. Ord. No. 10854, Nov. 27, 1959, 24 F.R. 9665, as amended by Ex. Ord. No. 11382, Nov. 28, 1967, 32 F.R. 16247, provided:

The application of the Federal Aviation Act of 1958 (72 Stat. 731; 49 U.S.C.A. §1301 et seq. [see 49 U.S.C. 4101 et seq.], to the extent necessary to permit the Secretary of Transportation to accomplish the purposes and objectives of Titles III (former 49 U.S.C. 1341 et seq., see Disposition Table at beginning of this title) and XII [see 49 U.S.C. 4103(b)(3), 46807] thereof, is hereby extended to those areas of land or water outside the United States and the overlying airspace thereof over or in which the Federal Government of the United States, under international treaty, agreement or other lawful arrangement, has appropriate jurisdiction or control: Provided, That the Secretary of Transportation, prior to taking any action under the authority hereby conferred, shall first consult with the Secretary of State on matters affecting foreign relations, and with the Secretary of Defense on matters affecting national-defense interests, and shall not take any action which the Secretary of State determines to be in conflict with any international treaty or agreement to which the United States is a party, or to be inconsistent with the successful conduct of the foreign relations of the United States, or which the Secretary of Defense determines to be inconsistent with the requirements of national defense.

§ 40121. Air traffic control modernization reviews

(a) REQUIRED TERMINATIONS OF ACQUISITIONS.—The Administrator of the Federal Aviation Administration shall terminate any acquisition program initiated after the date of the enactment of the Air Traffic Management System Performance Improvement Act of 1996 and funded under the Facilities and Equipment account that—

(1) is more than 50 percent over the cost goal established for the program;

(2) fails to achieve at least 50 percent of the performance goals established for the program; or

(3) is more than 50 percent behind schedule as determined in accordance with the schedule goal established for the program.

(b) AUTHORIZED TERMINATION OF ACQUISITION PROGRAMS.—The Administrator shall consider terminating, under the authority of subsection (a), any substantial acquisition program that—

(1) is more than 10 percent over the cost goal established for the program;

(2) fails to achieve at least 90 percent of the performance goals established for the program; or

(3) is more than 10 percent behind schedule as determined in accordance with the schedule goal established for the program.

(c) EXCEPTIONS AND REPORT.—

(1) CONTINUANCE OF PROGRAM, ETC.—Notwithstanding subsection (a), the Administrator may continue an acquisitions program required to be terminated under subsection (a) if
§ 40122. Federal Aviation Administration personnel management system

(a) **IN GENERAL.**—

(1) **CONSULTATION AND NEGOTIATION.**—In developing and making changes to the personnel management system initially implemented by the Administrator of the Federal Aviation Administration on April 1, 1996, the Administrator shall negotiate with the exclusive bargaining representatives of employees of the Administration certified under section 7111 of title 5 and consult with other employees of the Administration.

(2) **DISPUTE RESOLUTION.**—

(A) **MEDIATION.**—If the Administrator does not reach an agreement under paragraph (1) or the provisions referred to in subsection (g)(2)(C) with the exclusive bargaining representative of the employees, the Administrator and the bargaining representative—

(i) shall use the services of the Federal Mediation and Conciliation Service to attempt to reach such agreement in accordance with part 1425 of title 29, Code of Federal Regulations (as in effect on the date of enactment of the FAA Modernization and Reform Act of 2012); or

(ii) may by mutual agreement adopt alternative procedures for the resolution of disputes or impasses arising in the negotiation of the collective-bargaining agreement.

(B) **MID-TERM BARGAINING.**—If the services of the Federal Mediation and Conciliation Service under subparagraph (A)(i) do not lead to the resolution of issues in controversy arising from the negotiation of a mid-term collective-bargaining agreement, the Federal Service Impasses Panel shall assist the parties in resolving the impasse in accordance with section 7119 of title 5.

(C) **BINDING ARBITRATION FOR TERM BARGAINING.**—

(i) **ASSISTANCE FROM FEDERAL SERVICE IMPASSES PANEL.**—If the services of the Federal Mediation and Conciliation Service under subparagraph (A)(i) do not lead to the resolution of issues in controversy arising from the negotiation of a term collective-bargaining agreement, the Federal Service Impasses Panel shall provide assistance from the Federal Service Impasses Panel. The Panel shall assist the parties in resolving the impasse by assigning jurisdiction and ordering binding arbitration by a private arbitration board consisting of 3 members.

(ii) **APPOINTMENT OF ARBITRATION BOARD.**—The Executive Director of the Panel shall provide for the appointment of 3 members of a private arbitration board under clause (i) by requesting the Director of the Federal Mediation and Conciliation Service to prepare a list of not less than 15 names of arbitrators with Federal sector experience and by providing the list to the parties. Not later than 10 days after receiving the list, the parties shall each select one person from the list. The 2 arbitrators selected by the parties shall then select a third person from the list not later than 7 days after being selected. If either of the parties fails to select a person or if the 2 arbitrators are unable to agree on the third person in 7 days, the parties shall make the selection by alternately striking names on the list until one arbitrator remains.
(iii) Framing Issues in Controversy.—If the parties do not agree on the framing of the issues to be submitted for arbitration, the arbitration board shall frame the issues.

(iv) Hearings.—The arbitration board shall give the parties a full and fair hearing, including an opportunity to present evidence in support of their claims and an opportunity to present their case in person, by counsel, or by other representative as they may elect.

(v) Decisions.—The arbitration board shall render its decision within 90 days after the date of its appointment. Decisions of the arbitration board shall be conclusive and binding upon the parties.

(vi) Matters for Consideration.—The arbitration board shall take into consideration such factors as—

(I) the effect of its arbitration decisions on the Federal Aviation Administration’s ability to attract and retain a qualified workforce;

(II) the effect of its arbitration decisions on the Federal Aviation Administration’s budget; and

(III) any other factors whose consideration would assist the board in fashioning a fair and equitable award.

(vii) Costs.—The parties shall share costs of the arbitration equally.

(3) Ratification of Agreements.—Upon reaching a voluntary agreement or at the conclusion of the binding arbitration under paragraph (2)(C), the final agreement, except for those matters decided by an arbitration board, shall be subject to ratification by the exclusive bargaining representative of the employees, if so requested by the bargaining representative, and the final agreement shall be subject to approval by the head of the agency in accordance with the provisions referred to in subsection (g)(2)(C).

(4) Cost Savings and Productivity Goals.—The Administration and the exclusive bargaining representatives of the employees shall use every reasonable effort to find cost savings and to increase productivity within each of the affected bargaining units.

(5) Annual Budget Discussions.—The Administration and the exclusive bargaining representatives of the employees shall meet annually for the purpose of finding additional cost savings within the Administration’s annual budget as it applies to each of the affected bargaining units and throughout the agency.

(b) Expert Evaluation.—On the date that is 3 years after the personnel management system is implemented, the Administration shall employ outside experts to provide an independent evaluation of the effectiveness of the system within 3 months after such date. For this purpose, the Administrator may utilize the services of experts and consultants under section 3109 of title 5 without regard to the limitation imposed by the last sentence of section 3109(b) of such title, and may contract on a sole source basis, notwithstanding any other provision of law to the contrary.

(c) Pay Restriction.—No officer or employee of the Administration may receive an annual rate of basic pay in excess of the annual rate of basic pay payable to the Administrator.

(d) Ethics.—The Administration shall be subject to Executive Order No. 12674 and regulations and opinions promulgated by the Office of Government Ethics, including those set forth in section 2635 of title 5 of the Code of Federal Regulations.

(e) Employee Protections.—Until July 1, 1999, basic wages (including locality pay) and operational differential pay provided employees of the Administration shall not be involuntarily adversely affected by reason of the enactment of this section, except for unacceptable performance or by reason of a reduction in force or reorganization or by agreement between the Administration and the affected employees’ exclusive bargaining representative.

(f) Labor-Management Agreements.—Except as otherwise provided by this title, all labor-management agreements covering employees of the Administration that are in effect on the effective date of the Air Traffic Management System Performance Improvement Act of 1996 shall remain in effect until their normal expiration date, unless the Administrator and the exclusive bargaining representative agree to the contrary.

(g) Personnel Management System.—

(1) In General.—In consultation with the employees of the Administration and such non-governmental experts in personnel management systems as he may employ, and notwithstanding the provisions of title 5 and other Federal personnel laws, the Administrator shall develop and implement, not later than January 1, 1996, a personnel management system for the Administration that addresses the unique demands on the agency’s workforce. Such a new system shall, at a minimum, provide for greater flexibility in the hiring, training, compensation, and location of personnel.

(2) Applicability of Title 5.—The provisions of title 5 shall not apply to the personnel management system developed and implemented pursuant to paragraph (1), with the exception of—

(A) section 2302(b), relating to whistle-blower protection, including the provisions for investigation and enforcement as provided in chapter 12 of title 5;

(B) sections 3304(f), to the extent consistent with the Federal Aviation Administration’s status as an excepted service agency, 3308–3320, 3330a, 3330b, 3330c, and 3330d, relating to veterans’ preference;

(C) chapter 71, relating to labor-management relations;

(D) section 7204, relating to antidiscrimination;

(E) chapter 73, relating to suitability, security, and conduct;

(F) chapter 81, relating to compensation for work injury;

(G) chapters 83–85, 87, and 89, relating to retirement, unemployment compensation, and insurance coverage;

(H) sections 1204, 1211–1218, 1221, and 7701–7703, relating to the Merit Systems Protection Board;
(I) subsections (b), (c), and (d) of section 4507 (relating to Meritorious Executive or Distinguished Executive rank awards) and subsections (b) and (c) of section 4507a (relating to Meritorious Senior Professional or Distinguished Senior Professional rank awards), except that—

(i) for purposes of applying such provisions to the personnel management system—

(1) the term "agency" means the Department of Transportation;

(2) the term "senior executive" means a Federal Aviation Administration executive;

(3) the term "career appointee" means a Federal Aviation Administration career executive; and

(4) the term "senior career employee" means a Federal Aviation Administration career senior professional;

(ii) receipt by a career appointee or a senior career employee of the rank of Meritorious Executive or Meritorious Senior Professional entitles the individual to a lump-sum payment of an amount equal to 20 percent of annual basic pay, which shall be in addition to the basic pay paid under the Federal Aviation Administration Executive Compensation Plan; and

(iii) receipt by a career appointee or a senior career employee of the rank of Distinguished Executive or Distinguished Senior Professional entitles the individual to a lump-sum payment of an amount equal to 35 percent of annual basic pay, which shall be in addition to the basic pay paid under the Federal Aviation Administration Executive Compensation Plan;

(J) subject to paragraph (4) of this subsection, section 6329, relating to disabled veteran leave.

(3) APPEALS TO MERIT SYSTEMS PROTECTION BOARD.—Under the new personnel management system developed and implemented under paragraph (1), an employee of the Administration may submit an appeal to the Merit Systems Protection Board and may seek judicial review of any resulting final orders or decisions of the Board from any action that was appealable to the Board under any law, rule, or regulation as of March 31, 1996. Notwithstanding any other provision of law, retroactive to April 1, 1996, the Board shall have the same remedial authority over such employee appeals that it had as of March 31, 1996.

(4) CERTIFICATION OF DISABLED VETERAN LEAVE.—In order to verify that leave credited to an employee pursuant to paragraph (2)(J) is used for treating a service-connected disability, that employee shall, notwithstanding section 6329(c) of title 5, submit to the Assistant Administrator for Human Resource Management of the Federal Aviation Administration certification, in such form and manner as the Administrator of the Federal Aviation Administration may prescribe, that the employee used that leave for purposes of being furnished treatment for that disability by a health care provider.

(5) PAID PARENTAL LEAVE.—The Administrator shall implement a paid parental leave benefit for employees of the Administration that is, at a minimum, consistent with the paid parental leave benefits provided under section 6382 of title 5.

(6) EFFECTIVE DATE.—This subsection shall take effect on April 1, 1996.

(h) RIGHT TO CONTEST ADVERSE PERSONNEL ACTIONS.—An employee of the Federal Aviation Administration who is the subject of a major adverse personnel action may contest the action either through any contractual grievance procedure that is applicable to the employee as a member of the collective bargaining unit or through the Administration’s internal process relating to review of major adverse personnel actions of the Administration, known as Guaranteed Fair Treatment, or under section 40122(g)(3).

(1) ELECTION OF FORUM.—Where a major adverse personnel action may be contested through more than one of the indicated forums (such as the contractual grievance procedure, the Federal Aviation Administration’s internal process, or that of the Merit Systems Protection Board), an employee must elect the forum through which the matter will be contested.

Nothing in this section is intended to allow an employee to contest an action through more than one forum unless otherwise allowed by law.

(j) DEFINITION.—In this section, the term “major adverse personnel action” means a suspension of more than 14 days, a reduction in pay or grade, a removal for conduct or performance, a nondisciplinary removal, a furlough of 30 days or less (but not including placement in a nonpay status as the result of a lapse of appropriations or an enactment by Congress), or a reduction in force action.

REFERENCES IN TEXT

The date of enactment of the FAA Modernization and Reform Act of 2012, referred to in subsec. (a)(2)(A)(i), is the date of enactment of Pub. L. 112–95, which was approved Feb. 14, 2012.

Executive Order No. 12674, referred to in subsec. (d), is set out as a note under section 7301 of Title 5, Government Organization and Employees.

The effective date of the Air Traffic Management System Performance Improvement Act of 1996, referred to in subsec. (f), is the date that is 30 days after Oct. 9, 1996. See section 205 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

AMENDMENTS

2018—Subsec. (g)(2)(B). Pub. L. 115–254 inserted “3394(f),” to the extent consistent with the Federal Aviation Administration’s status as an excepted service agency,” before “3308–3320” and “3339a, 3339b, 3339c, and 3339d,” before “relating”.

2000—Pub. L. 106–181, §§ 307(a), 308, added subsec. (g)(3) and subsec. (g)(4), respectively.

1996—Pub. L. 104–264, title II, § 253, added subsections (g) and (h) and section 40122(g)(3).

2012—Subsec. (a)(2) to (5). Pub. L. 112–95, §601, added par. (2) and (3), redesignated former par. (3) and (4) as (4) and (5), respectively, and struck out former par. (2).

Prior to amendment, text of par. (2) read as follows: ‘‘If the Administrator does not reach an agreement under paragraph (1) with the exclusive bargaining representatives, the services of the Federal Mediation and Conciliation Service shall be used to attempt to reach such agreement. If the services of the Federal Mediation and Conciliation Service do not lead to an agreement, the Administrator’s proposed change to the personnel management system shall not take effect until 60 days have elapsed after the Administrator has transmitted the proposed change, along with the objections of the exclusive bargaining representatives to the change, and the reasons for such objections, to Congress. The 60-day period shall not include any period during which Congress has adjourned sine die.’’

Subsec. (g)(3). Pub. L. 112–95, §611, inserted at end ‘‘Notwithstanding any other provision of law, retroactive to April 1, 1996, the Board shall have the same remedial authority over such employee appeals that it had as of March 31, 1996.’’

2000—Subsec. (a)(2). Pub. L. 106–181, §1303(a), inserted at end ‘‘The 60-day period shall not include any period during which Congress has adjourned sine die.’’

Subsec. (g). Pub. L. 106–181, §1307(a), added subsec. (g).

Subsecs. (h) to (j). Pub. L. 106–181, §1308(b), added subsecs. (h) to (j).

Effective Date of 2021 Amendment
Pub. L. 116–283, div. A, title XI, §1103(c)(2), Jan. 1, 2021, 134 Stat. 3887, provided that: ‘‘The amendments made by paragraph (1) [amending this section] shall apply with respect to any birth or placement occurring on or after October 1, 2020.’’

Effective Date of 2000 Amendment

Effective Date
Section effective on date that is 30 days after Oct. 9, 1996, see section 205 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

Except as otherwise specifically provided, section applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

Rule of Construction

Deemed References to Chapters 509 and 511 of Title 51
General references to ‘‘this title’’ deemed to refer also to chapters 509 and 511 of Title 51, National and Commercial Space Programs, see section 4(d)(8) of Pub. L. 111–314, set out as a note under section 101 of this title.

Office of Investigations and Professional Responsibility; Misconduct Investigations
Pub. L. 116–260, div. V, title I, §133(c), (d), Dec. 27, 2020, 134 Stat. 2355, provided that:

‘‘(c) Office of Investigations and Professional Responsibility.—The Administrator shall take such action as may be necessary to redesignate the Office of Investigations of the Administrator as the Office of Investigations and Professional Responsibility.

‘‘(d) Misconduct Investigations.—

‘‘(1) In General.—The Administrator shall review and revise the Administrator’s existing investigatory policies that govern the investigation of misconduct by a manager of the Administration conducted by the FAA (in this subsection referred to as the ‘Agency’).

‘‘(2) Preservation of Collective Bargaining Agreements.—The investigatory policy established under paragraph (1) shall not apply to, or in the future, be extended by the Administrator to apply to, any employee who is not a manager or is covered by or eligible to be covered by a collective bargaining agreement entered into by the Agency.

‘‘(3) Requirements.—In revising the investigatory policies, the Administrator shall ensure such policies require—

‘‘(A) the utilization of investigative best practices to ensure independent and objective investigation and accurate recording and reporting of such investigation;

‘‘(B) the management of case files to ensure the integrity of the information contained in such case files;

‘‘(C) interviews be conducted in a manner that ensures, to the greatest extent possible, truthful answers and accurate records of such interviews;

‘‘(D) coordination with the Office of the Inspector General of the Department of Transportation, the Office of the Special Counsel, and the Attorney General, as appropriate; and

‘‘(E) the completion of investigations in a timely manner.

‘‘(4) Definition.—For purposes of this subsection, the term ‘manager’ means an employee of the Agency who is a supervisor or management official, as defined in section 7103(a) of title 5, United States Code.’’

[For definitions of terms used in section 133(c), (d) of div. V of Pub. L. 116–260, set out above, see section 137 of div. V of Pub. L. 116–260, set out as a note under section 40101 of this title.]

Application of 2016 Amendment
Pub. L. 114–242, §2(c), Oct. 7, 2016, 130 Stat. 978, provided that: ‘‘The amendments made by this section [amending this section] shall apply with respect to any employee of the Federal Aviation Administration hired on or after the date that is one year after the date of the enactment of this Act [Oct. 7, 2016].’’

Policies and Procedures
Pub. L. 114–242, §2(d), Oct. 7, 2016, 130 Stat. 978, provided that: ‘‘Not later than 270 days after the date of the enactment of this Act [Oct. 7, 2016], the Administrator of the Federal Aviation Administration shall prescribe policies and procedures to carry out the amendments made by this section [amending this section] that are comparable, to the maximum extent practicable, to the regulations prescribed by the Office of Personnel Management under section 6329 of title 5, United States Code.’’

§ 40123. Protection of voluntarily submitted information

(a) In General.—Notwithstanding any other provision of law, neither the Administrator of the Federal Aviation Administration, nor any agency receiving information from the Administrator, shall disclose voluntarily-provided safety or security related information if the Administrator finds that—

(1) the disclosure of the information would inhibit the voluntary provision of that type of
§ 40124

TITLE 49—TRANSPORTATION

Page 960

information and that the receipt of that type of information aids in fulfilling the Administrator's safety and security responsibilities; and

(2) withholding such information from disclosure would be consistent with the Administrator's safety and security responsibilities.

(b) REGULATIONS.—The Administrator shall issue regulations to carry out this section.

HISTORICAL AND REVISION NOTES

This restates 49:44502(e) as 49:40124 to provide a more appropriate place in title 49.

AMENDMENTS

EFFECTIVE DATE

1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

IMPROVED VOLUNTARY DISCLOSURE REPORTING SYSTEM

Pub. L. 112–95, title III, § 344, Feb. 14, 2012, 126 Stat. 81, provided that:

"(a) VOLUNTARY DISCLOSURE REPORTING PROGRAM DEFINED.—In this section, the term 'Voluntary Disclosure Reporting Program' means the program established by the Federal Aviation Administration through Advisory Circular 00–58A, dated September 8, 2006, including any subsequent revisions thereto.

"(b) VERIFICATION.—The Administrator of the Federal Aviation Administration shall modify the Voluntary Disclosure Reporting Program to require inspectors to—

"(1) verify that air carriers are implementing comprehensive solutions to correct the underlying causes of the violations voluntarily disclosed by such air carriers; and

"(2) confirm, before approving a final report of a violation, that a violation with the same root causes, has not been previously discovered by an inspector or self-disclosed by the air carrier.

"(c) SUPERVISORY REVIEW OF VOLUNTARY SELF-DISCLOSURES.—The Administrator shall establish a process by which voluntary self-disclosures received from air carriers are reviewed and approved by a supervisor after the initial review by an inspector.

"(d) INSPECTOR GENERAL STUDY.—

"(1) IN GENERAL.—The Inspector General of the Department of Transportation shall conduct a study of the Voluntary Disclosure Reporting Program.

"(2) REVIEW.—In conducting the study, the Inspector General shall examine, at a minimum, if the Administration—

"(A) conducts comprehensive reviews of voluntary disclosure reports before closing a voluntary disclosure report under the provisions of the program;

"(B) evaluates the effectiveness of corrective actions taken by air carriers; and

"(C) effectively prevents abuse of the voluntary disclosure reporting program through its secondary review of self-disclosures before they are accepted and closed by the Administration.

"(3) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Inspector General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study conducted under this section.

§ 40124. Interstate agreements for airport facilities

Congress consents to a State making an agreement, not in conflict with a law of the United States, with another State to develop or operate an airport facility.

HISTORICAL AND REVISION NOTES

This restates 49:44502(e) as 49:40124 to provide a more appropriate place in title 49.

AMENDMENTS

EFFECTIVE DATE OF 1997 AMENDMENT

Pub. L. 105–102, §3(d), Nov. 20, 1997, 111 Stat. 2215, provided that the amendment made by section 3(d)(1)(B) is effective Oct. 11, 1996.

Amendment by Pub. L. 105–102 effective as if included in the provisions of the Act to which the amendment relates, see section 3(d) of Pub. L. 105–102, set out as a note under section 106 of this title.

§ 40125. Qualifications for public aircraft status

(a) DEFINITIONS.—In this section, the following definitions apply:

(1) COMMERCIAL PURPOSES.—The term "commercial purposes" means the transportation of persons or property for compensation or hire, but does not include the operation of an aircraft by the armed forces for reimbursement when that reimbursement is required by any Federal statute, regulation, or directive, in effect on November 1, 1999, or by one government on behalf of another government under a cost reimbursement agreement if the government on whose behalf the operation is conducted certifies to the Administrator of the Federal Aviation Administration that the operation is necessary to respond to a significant and imminent threat to life or property (including natural resources) and that no service by a private operator is reasonably available to meet the threat.

(2) GOVERNMENTAL FUNCTION.—The term "governmental function" means an activity undertaken by a governmental unit, such as national defense, intelligence missions, firefighting, search and rescue, law enforcement (including transport of prisoners, detainees, and illegal aliens), aeronautical research, or biological or geological resource management.

(3) QUALIFIED NON-CREWMEMBER.—The term "qualified non-crewmember" means an individual, other than a member of the crew, aboard an aircraft—

(A) operated by the armed forces or an intelligence agency of the United States Government; or

(B) whose presence is required to perform, or is associated with the performance of, a governmental function.

(4) ARMED FORCES.—The term "armed forces" has the meaning given such term by section 101 of title 10.

(b) AIRCRAFT OWNED BY GOVERNMENTS.—An aircraft described in subparagraph (A), (B), (C), (D), or (F) of section 40122(a)(41) does not qualify as a public aircraft under such section when the aircraft is used for commercial purposes or to carry an individual other than a crewmember or a qualified non-crewmember.
Transfer of Functions

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see section 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 40126. Severable services contracts for periods crossing fiscal years

(a) In General.—The Administrator of the Federal Aviation Administration may enter into a contract for procurement of severable services for a period that begins in 1 fiscal year and ends in the next fiscal year if (without regard to any option to extend the period of the contract) the contract period does not exceed 1 year.

(b) Obligation of Funds.—Funds made available for a fiscal year may be obligated for the total amount of a contract entered into under the authority of subsection (a).

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 40127. Prohibitions on discrimination

(a) Persons in Air Transportation.—An air carrier or foreign air carrier may not subject a person in air transportation to discrimination on the basis of race, color, national origin, religion, sex, or ancestry.

(b) Use of Private Airports.—Notwithstanding any other provision of law, no State or local government may prohibit the use or full enjoyment of a private airport within its jurisdiction by any person on the basis of that person's race, color, national origin, religion, sex, or ancestry.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

Training Policies Regarding Racial, Ethnic, and Religious Non-Discrimination

“(a) In General.—Not later than 180 days after the date of the enactment of this Act [Oct. 5, 2018], the Comptroller General of the United States shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] and the Secretary of Transportation a report describing—

“(1) each air carrier’s training policy for its employees and contractors regarding racial, ethnic, and religious non-discrimination; and

“(2) how frequently an air carrier is required to train new employees and contractors because of turnover in positions that require such training.
“(b) BEST PRACTICES.—After the date the report is submitted under subsection (a), the Secretary shall develop and disseminate to air carriers best practices necessary to improve the training policies described in subsection (a), based on the findings of the report and in consultation with—

(1) passengers of diverse racial, ethnic, and religious backgrounds;

(2) national organizations that represent impacted communities;

(3) air carriers;

(4) airport operators; and

(5) contract service providers.”

§ 40128. Overflights of national parks

(a) IN GENERAL.—

(1) GENERAL REQUIREMENTS.—A commercial air tour operator may not conduct commercial air tour operations over a national park or tribal lands, as defined by this section, except—

(A) in accordance with this section;

(B) in accordance with conditions and limitations prescribed for that operator by the Administrator; and

(C) in accordance with any applicable air tour management plan or voluntary agreement under subsection (b)(7) for the park or tribal lands.

(2) APPLICATION FOR OPERATING AUTHORITY.—

(A) APPLICATION REQUIRED.—Before commencing commercial air tour operations over a national park or tribal lands, a commercial air tour operator shall apply to the Administrator for authority to conduct the operations over the park or tribal lands.

(B) COMPETITIVE BIDDING FOR LIMITED CAPACITY PARKS.—Whenever an air tour management plan limits the number of commercial air tour operations over a national park during a specified time frame, the Administrator, in cooperation with the Director, shall issue operation specifications to commercial air tour operators that conduct such operations. The operation specifications shall include such terms and conditions as the Administrator and the Director find necessary for management of commercial air tour operations over the park. The Administrator, in cooperation with the Director, shall develop an open competitive process for evaluating proposals from persons interested in providing commercial air tour operations over the park. In making a selection from among various proposals submitted, the Administrator, in cooperation with the Director, shall consider relevant factors, including—

(i) the safety record of the person submitting the proposal or pilots employed by the person;

(ii) any quiet aircraft technology proposed to be used by the person submitting the proposal;

(iii) the experience of the person submitting the proposal with commercial air tour operations over other national parks or scenic areas;

(iv) the financial capability of the person submitting the proposal;

(v) any training programs for pilots provided by the person submitting the proposal; and

(vi) responsiveness of the person submitting the proposal to any relevant criteria developed by the National Park Service for the affected park.

(C) NUMBER OF OPERATIONS AUTHORIZED.—In determining the number of authorizations to issue to provide commercial air tour operations over a national park, the Administrator, in cooperation with the Director, shall take into consideration the provisions of the air tour management plan, the number of existing commercial air tour operators and current level of service and equipment provided by any such operators, and the financial viability of each commercial air tour operation.

(D) COOPERATION WITH NPS.—Before granting an application under this paragraph, the Administrator, in cooperation with the Director, shall develop an air tour management plan in accordance with subsection (b) and implement such plan.

(E) TIME LIMIT ON RESPONSE TO ATMP APPLICATIONS.—The Administrator shall make every effort to act on any application under this paragraph and issue a decision on the application not later than 24 months after it is received or amended.

(F) PRIORITY.—In acting on applications under this paragraph to provide commercial air tour operations over a national park, the Administrator shall give priority to an application under this paragraph in any case in which a new entrant commercial air tour operator is seeking operating authority with respect to that national park.

(3) EXCEPTION.—Notwithstanding paragraph (1), commercial air tour operators may conduct commercial air tour operations over a national park under part 91 of title 14, Code of Federal Regulations if—

(A) such activity is permitted under part 119 of such title;

(B) the operator secures a letter of agreement from the Administrator and the national park superintendent for that national park describing the conditions under which the operations will be conducted; and

(C) the total number of operations under this exception is limited to not more than five flights in any 30-day period over a particular park.

(4) SPECIAL RULE FOR SAFETY REQUIREMENTS.—Notwithstanding subsection (c), an existing commercial air tour operator shall apply, not later than 90 days after the date of the enactment of this section, for operating authority under part 119, 121, or 135 of title 14, Code of Federal Regulations if—

(A) the operations will be conducted; and

(B) the safety record of the person submitting the proposal or pilots employed by the person.

(5) EXEMPTION FOR NATIONAL PARKS WITH 50 OR FEWER FLIGHTS EACH YEAR.—

(A) IN GENERAL.—Notwithstanding paragraph (1), a national park that has 50 or
fewer commercial air tour operations over the park each year shall be exempt from the requirements of this section, except as provided in subparagraph (B).

§ 40128

(B) WITHDRAWAL OF EXEMPTION.—If the Director determines that an air tour management plan or voluntary agreement is necessary to protect park resources and values or park visitor use and enjoyment, the Director shall withdraw the exemption of a park under subparagraph (A).

(C) LIST OF PARKS.—

(i) In General.—The Director and Administrator shall jointly publish a list each year of national parks that are covered by the exemption provided under this paragraph.

(ii) Notification of Withdrawal of Exemption.—The Director shall inform the Administrator, in writing, of each determination to withdraw an exemption under subparagraph (B).

(D) ANNUAL REPORT.—A commercial air tour operator conducting commercial air tour operations over a national park that is exempt from the requirements of this section shall submit to the Administrator and the Director a report each year that includes the number of commercial air tour operations the operator conducted during the preceding 1-year period over such park.

(b) AIR TOUR MANAGEMENT PLANS.—

(1) Establishment.—

(A) In General.—The Administrator, in cooperation with the Director, shall establish an air tour management plan for any national park or tribal land for which such a plan is not in effect whenever a person applies for authority to conduct a commercial air tour operation over the park. The air tour management plan shall be developed by means of a public process in accordance with paragraph (4).

(B) Objective.—The objective of any air tour management plan shall be to develop acceptable and effective measures to mitigate or prevent the significant adverse impacts, if any, of commercial air tour operations upon the natural and cultural resources, visitor experiences, and tribal lands.

(C) Exception.—An application to begin or expand commercial air tour operations at Crater Lake National Park or Great Smoky Mountains National Park may be denied without the establishment of an air tour management plan by the Director of the National Park Service if the Director determines that such operations would adversely affect park resources or visitor experiences.

(2) Environmental Determination.—In establishing an air tour management plan under this subsection, the Administrator and the Director shall each sign the environmental decision document required by section 102 of the National Environmental Policy Act of 1969 (42 U.S.C. 4332) which may include a finding of no significant impact, an environmental assessment, or an environmental impact statement and the record of decision for the air tour management plan.

(3) CONTENTS.—An air tour management plan for a national park—

(A) may prohibit commercial air tour operations over a national park in whole or in part;

(B) may establish conditions for the conduct of commercial air tour operations over a national park, including commercial air tour routes, maximum or minimum altitudes, time-of-day restrictions, restrictions for particular events, maximum number of flights per unit of time, intrusions on privacy on tribal lands, and mitigation of noise, visual, or other impacts;

(C) shall apply to all commercial air tour operations over a national park that are also within ½ mile outside the boundary of a national park;

(D) shall include incentives (such as preferred commercial air tour routes and altitudes, relief from caps and curfews) for the adoption of quiet aircraft technology by commercial air tour operators conducting commercial air tour operations over a national park;

(E) shall provide for the initial allocation of opportunities to conduct commercial air tour operations over a national park if the plan includes a limitation on the number of commercial air tour operations for any time period; and

(F) shall justify and document the need for measures taken pursuant to subparagraphs (A) through (E) and include such justifications in the record of decision.

(4) Procedure.—In establishing an air tour management plan for a national park or tribal lands, the Administrator and the Director shall—

(A) hold at least one public meeting with interested parties to develop the air tour management plan;

(B) publish the proposed plan in the Federal Register for notice and comment and make copies of the proposed plan available to the public;

(C) comply with the regulations set forth in sections 1501.3 and 1501.5 through 1501.8 of title 40, Code of Federal Regulations (for purposes of complying with the regulations, the Federal Aviation Administration shall be the lead agency and the National Park Service is a cooperating agency); and

(D) solicit the participation of any Indian tribe whose tribal lands are, or may be, overflown by aircraft involved in a commercial air tour operation over the park or tribal lands to which the plan applies, as a cooperating agency under the regulations referred to in subparagraph (C).

(5) Judicial Review.—An air tour management plan developed under this subsection shall be subject to judicial review.

(6) Amendments.—The Administrator, in cooperation with the Director, may make amendments to an air tour management plan. Any such amendments shall be published in the Federal Register for notice and comment. A request for amendment of an air tour management plan shall be made in such form and manner as the Administrator may prescribe.
§ 40128

(7) VOLUNTARY AGREEMENTS.—

(A) IN GENERAL.—As an alternative to an air tour management plan, the Director and the Administrator may enter into a voluntary agreement with a commercial air tour operator (including a new entrant commercial air tour operator and an operator that has interim operating authority) that has applied to conduct commercial air tour operations over a national park to manage commercial air tour operations over such national park.

(B) PARK PROTECTION.—A voluntary agreement under this paragraph with respect to commercial air tour operations over a national park shall address the management issues necessary to protect the resources of such park and visitor use of such park without compromising aviation safety or the air traffic control system and may—

(i) include provisions such as those described in subparagraphs (B) through (E) of paragraph (3);

(ii) include provisions to ensure the stability of, and compliance with, the voluntary agreement; and

(iii) provide for fees for such operations.

(C) PUBLIC REVIEW.—The Director and the Administrator shall provide an opportunity for public review of a proposed voluntary agreement under this paragraph and shall consult with any Indian tribe whose tribal lands are, or may be, flown over by a commercial air tour operator under a voluntary agreement under this paragraph. After such opportunity for public review and consultation, the voluntary agreement may be implemented without further administrative or environmental process beyond that described in this subsection.

(D) TERMINATION.—

(i) IN GENERAL.—A voluntary agreement under this paragraph may be terminated at any time at the discretion of—

(I) the Director, if the Director determines that the agreement is not adequately protecting park resources or visitor experiences; or

(II) the Administrator, if the Administrator determines that the agreement is adversely affecting aviation safety or the national aviation system.

(ii) EFFECT OF TERMINATION.—If a voluntary agreement with respect to a national park is terminated under this subparagraph, the operators shall conform to the requirements for interim operating authority under subsection (c) until an air tour management plan for the park is in effect.

(c) INTERIM OPERATING AUTHORITY.—

(A) IN GENERAL.—Upon application for operating authority, the Administrator shall grant interim operating authority under this subsection to a commercial air tour operator for commercial air tour operations over a national park or tribal lands for which the operator is an existing commercial air tour operator.

(2) REQUIREMENTS AND LIMITATIONS.—Interim operating authority granted under this subsection—

(A) shall provide annual authorization only for the greater of—

(i) the number of flights used by the operator to provide the commercial air tour operations over a national park within the 12-month period prior to the date of the enactment of this section; or

(ii) the average number of flights per 12-month period used by the operator to provide such operations within the 36-month period prior to such date of enactment, and, for seasonal operations, the number of flights so used during the season or seasons covered by that 12-month period;

(B) may not provide for an increase in the number of commercial air tour operations over a national park conducted during any time period by the commercial air tour operator above the number that the air tour operator was originally granted unless such an increase is agreed to by the Administrator and the Director;

(C) shall be published in the Federal Register to provide notice and opportunity for comment;

(D) may be revoked by the Administrator for cause;

(E) shall terminate 180 days after the date on which an air tour management plan is established for the park or tribal lands;

(F) shall promote protection of national park resources, visitor experiences, and tribal lands;

(G) shall promote safe commercial air tour operations;

(H) shall promote the adoption of quiet technology, as appropriate; and

(I) may allow for modifications of the interim operating authority without further environmental review beyond that described in this subsection, if—

(i) adequate information regarding the existing and proposed operations of the operator under the interim operating authority is provided to the Administrator and the Director;

(ii) the Administrator determines that there would be no adverse impact on aviation safety or the air traffic control system; and

(iii) the Director agrees with the modification, based on the professional expertise of the Director regarding the protection of the resources, values, and visitor use and enjoyment of the park.

(3) NEW ENTRANT AIR TOUR OPERATORS.—

(A) IN GENERAL.—The Administrator, in cooperation with the Director, may grant interim operating authority under this paragraph to an air tour operator for a national park or tribal lands for which that operator is a new entrant air tour operator without further environmental process beyond that described in this paragraph, if—

(i) adequate information on the proposed operations of the operator is provided to the Administrator and the Director by the operator making the request;
§ 40128

Commercial Air Tour Operations over a National Park

(i) the Administrator agrees that there would be no adverse impact on aviation safety or the air traffic control system; and

(ii) the Director agrees, based on the Director’s professional expertise regarding the protection of park resources and values and visitor use and enjoyment.

(B) Safety Limitation.—The Administrator may not grant interim operating authority under subparagraph (A) if the Administrator determines that it would create a safety problem at the park or on the tribal lands, or the Director determines that it would create a noise problem at the park or on the tribal lands.

(C) ATMP Limitation.—The Administrator may grant interim operating authority under subparagraph (A) only if the air tour management plan for the park or tribal lands to which the application relates has not been developed within 24 months after the date of the enactment of this section.

(d) Commercial Air Tour Operator Reports.—

(1) Report.—Each commercial air tour operator conducting a commercial air tour operation over a national park under interim operating authority granted under subsection (c) or in accordance with an air tour management plan or voluntary agreement under subsection (b) shall submit to the Administrator and the Director a report regarding the number of commercial air tour operations over each national park that are conducted by the operator and such other information as the Administrator and Director may request in order to facilitate administering the provisions of this section.

(2) Report Submission.—Not later than 90 days after the date of enactment of the FAA Modernization and Reform Act of 2012, the Administrator and the Director shall jointly issue an initial request for reports under this subsection. The reports shall be submitted to the Administrator and the Director with a frequency and in a format prescribed by the Administrator and the Director.

(e) Exemptions.—This section shall not apply to—

(1) the Grand Canyon National Park; or
(2) tribal lands within or abutting the Grand Canyon National Park.

(f) Lake Mead.—This section shall not apply to any air tour operator while flying over or near the Lake Mead National Recreation Area, solely as a transportation route, to conduct an air tour over the Grand Canyon National Park.

For purposes of this subsection, an air tour operator flying over the Hoover Dam in the Lake Mead National Recreation Area en route to the Grand Canyon National Park shall be deemed to be flying solely as a transportation route.

(g) Definitions.—In this section, the following definitions apply:

(1) Commercial Air Tour Operator.—The term “commercial air tour operator” means any person who conducts a commercial air tour operation over a national park.

(2) Existing Commercial Air Tour Operator.—The term “existing commercial air tour operator” means a commercial air tour operator that was actively engaged in the business of providing commercial air tour operations over a national park at any time during the 12-month period ending on the date of the enactment of this section.

(3) New Entrant Commercial Air Tour Operator.—The term “new entrant commercial air tour operator” means a commercial air tour operator that—

(A) applies for operating authority as a commercial air tour operator for a national park or tribal lands; and

(B) has not engaged in the business of providing commercial air tour operations over the national park or tribal lands in the 12-month period preceding the application.

(4) Commercial Air Tour Operation over a National Park.—

(A) In General.—The term “commercial air tour operation over a national park” means any flight, conducted for compensation or hire in a powered aircraft where a purpose of the flight is sightseeing over a national park, within ½ mile outside the boundary of any national park (except the Grand Canyon National Park), or over tribal lands (except those within or abutting the Grand Canyon National Park), during which the aircraft flies—

(i) below a minimum altitude, determined by the Administrator in cooperation with the Director, above ground level (except solely for purposes of takeoff or landing, or necessary for safe operation of an aircraft as determined under the rules and regulations of the Federal Aviation Administration requiring the pilot-in-command to take action to ensure the safe operation of the aircraft); or

(ii) less than 1 mile laterally from any geographic feature within the park (unless more than ½ mile outside the boundary).

(B) Factors to Consider.—In making a determination of whether a flight is a commercial air tour operation over a national park for purposes of this section, the Administrator may consider—

(i) whether there was a holding out to the public of willingness to conduct a sightseeing flight for compensation or hire;

(ii) whether a narrative that referred to areas or points of interest on the surface below the route of the flight was provided by the person offering the flight;

(iii) the area of operation;

(iv) the frequency of flights conducted by the person offering the flight;

(v) the route of flight;

(vi) the inclusion of sightseeing flights as part of any travel arrangement package offered by the person offering the flight;

(vii) whether the flight would have been canceled based on poor visibility of the surface below the route of the flight; and

(viii) any other factors that the Administrator and the Director consider appropriate.
5. NATIONAL PARK.—The term "national park" means any unit of the National Park System.

6. TRIBAL LANDS.—The term "tribal lands," means Indian country (as that term is defined in section 1151 of title 18) that is within or abutting a national park.

7. ADMINISTRATOR.—The term "Administrator" means the Administrator of the Federal Aviation Administration.

8. DIRECTOR.—The term "Director" means the Director of the National Park Service.

REFERENCES IN TEXT

The date of the enactment of this Act [see section 3(a), (b) of Pub. L. 112–141, set out as an Effective Date of 2012 Amendment note under section 101 of Title 23, Highways].

Amendments

2012—Subsec. (a)(1)(C). Pub. L. 112–95, § 501(a), inserted "or voluntary agreement under subsection (b)(7)" before "for the park".

Subsec. (a)(5). Pub. L. 112–95, § 501(b), added par. (5).

Subsec. (b)(1)(C). Pub. L. 112–141 added subpar. (C) generally. Prior to amendment, text read as follows: "An application to begin commercial air tour operations at the national park may be denied without the establishment of an air tour management plan by the Director of the National Park Service if the Director determines that such operations would adversely affect park resources or visitor experiences." Pub. L. 112–95, § 501(c)(1), added subpar. (C).

Subsec. (c)(2)(A)(i), (B). Pub. L. 112–95, § 501(d)(1), added subpar. (I) and struck out former subpar. (I) which read as follows: "shall allow for modifications of the interim operating authority based on experience if the modification improves protection of national park resources and values and of tribal lands." Subsec. (c)(3)(A). Pub. L. 112–95, § 501(d)(2), substituted "without further environmental process beyond that described in this paragraph, if—" for "if the Administrator determines the authority is necessary to ensure competition in the provision of commercial air tour operations over the park or tribal lands." and added cls. (I) to (III).

Subsecs. (d) to (g). Pub. L. 112–95, § 501(e), added subsec. (d) and redesignated former subsecs. (d) to (f) as (e) to (g), respectively.

2005—Subsec. (e). Pub. L. 109–115 inserted at end "For purposes of this subsection, an air tour operator flying over the Hoover Dam in the Lake Mead National Recreation Area on route to the Grand Canyon National Park shall be deemed to be flying solely as a transportation route."

2003—Subsec. (a)(1). Pub. L. 108–176, § 323(a)(1), inserted "over a national park that are also" after "operations.

Subsec. (b)(3)(E). Pub. L. 108–176, § 323(a)(5), inserted "over a national park" before "if the plan includes".

Subsec. (f)(4)(A). Pub. L. 108–176, § 323(a)(8), in introductory provisions, substituted "commercial air tour operation over a national park" for "commercial air tour operation and park (except the Grand Canyon National Park), or over tribal lands (except those within or abutting the Grand Canyon National Park)," for "park, or over tribal lands.

Effective Date of 2012 Amendment

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

Overflights in Grand Canyon National Park

"(a) Determinations With Respect to Substantial Restoration of Natural Quiet and Experience.— "(1) In general.—Notwithstanding any other provision of law, for purposes of section 3(b)(1) of Public Law 108–91 [(former) 18 U.S.C. 1a–1 note [now set out below]), the substantial restoration of the natural quiet and experience of the Grand Canyon National Park (in this section referred to as the ‘Park’) shall be considered to be achieved in the Park if, for at least 75 percent of each day, 50 percent of the Park is free of sound produced by commercial air tour operations that have an allocation to conduct commercial air tours in the Park as of the date of enactment of this Act [see section 3(a), (b) of Pub. L. 112–141, set out as Effective and Termination Dates of 2012 Amendment notes under section 101 of Title 23, Highways].

"(2) Considerations.— "(A) In general.—For purposes of determining whether substantial restoration of the natural quiet and experience of the Park has been achieved in accordance with paragraph (1), the Secretary of the Interior (in this section referred to as the ‘Secretary’) shall use— "(I) the 2-zone system for the Park in effect on the date of enactment of this Act to assess impacts relating to substantial restoration of natural quiet at the Park, including— "(I) the thresholds for noticeability and audibility; and "(II) the distribution of land between the 2 zones; and "(II) noise modeling science that is— "(I) developed for use at the Park, specifically Integrated Noise Model Version 6.2;
“(II) validated by reasonable standards for conducting field observations of model results; and
“(III) accepted and validated by the Federal Interagency Committee on Aviation Noise.

“(B) Sound from other sources.—The Secretary shall not consider sound produced by sources other than commercial air tour operations, including sound emitted by other types of aircraft operations or other noise sources, for purposes of—
“(i) making recommendations, developing a final plan, or issuing regulations relating to commercial air tour operations in the Park; or
“(ii) determining under paragraph (1) whether substantial restoration of the natural quiet and experience of the Park has been achieved.

“(3) CONTINUED MONITORING.—The Secretary shall continue monitoring noise from aircraft operating over the Park below 17,999 feet MSL to ensure continued compliance with the substantial restoration of natural quiet and experience of the Park.

“(4) DAY DEFINED.—For purposes of this section, the term ‘day’ means the hours between 7:00 a.m. and 7:00 p.m.

“(b) CONVERSION TO QUIET TECHNOLOGY AIRCRAFT.—

“(1) IN GENERAL.—Not later than 15 years after the date of enactment of this Act, all commercial air tour aircraft operating in the Grand Canyon National Park Special Flight Rules Area shall be required to fully convert to quiet aircraft technology (as determined in accordance with regulations in effect on the day before the date of enactment of this Act).

“(2) CONVERSION INCENTIVES.—Not later than 60 days after the date of enactment of this Act, the Secretary and the Administrator of the Federal Aviation Administration shall provide incentives for commercial air tour operators that convert to quiet aircraft technology (as determined in accordance with the regulations in effect on the day before the date of enactment of this Act).

“SEC. 802. FINDINGS.

“Congress finds that—
“(1) the Federal Aviation Administration has sole authority to control airspace over the United States;
“(2) the Federal Aviation Administration has the authority to preserve, protect, and enhance the environment by minimizing, mitigating, or preventing the adverse effects of aircraft overflights on public and tribal lands;
“(3) the National Park Service has the responsibility of conserving the scenery and natural and historic objects and wildlife in national parks and of providing for the enjoyment of the national parks in ways that leave the national parks unimpaired for future generations;
“(4) the protection of tribal lands from aircraft overflights is consistent with protecting the public health and welfare and is essential to the maintenance of the natural and cultural resources of Indian tribes;
“(5) the National Parks Overflights Working Group, composed of general aviation, commercial air tour, environmental, and Native American representatives, recommended that the Congress enact legislation based on the Group’s consensus work product; and
“(6) this title reflects the recommendations made by that Group.

“SEC. 803. AIR TOUR MANAGEMENT PLANS FOR NATIONAL PARKS.

“(a) IN GENERAL.—[Enacted this section.]

“(b) CONFORMING AMENDMENT.—(Amended analysis for chapter 401 of this title.)

“(c) COMPLIANCE WITH OTHER REGULATIONS.—For purposes of section 40128 of title 49, United States Code—

“(1) regulations issued by the Secretary of Transportation and the Administrator of the Federal Aviation Administration under section 3 of Public Law 100–91 [(former] 16 U.S.C. 1a–1 note [now set out below]); and
“(2) commercial air tour operations carried out in compliance with the requirements of those regulations, shall be deemed to meet the requirements of such section.

“SEC. 804. QUIET AIRCRAFT TECHNOLOGY FOR GRAND CANYON.

“(a) QUIET TECHNOLOGY REQUIREMENTS.—Within 12 months after the date of the enactment of this Act (Apr. 5, 2000), the Administrator shall designate reasonably achievable requirements for fixed-wing and helicopter aircraft necessary for such aircraft to be considered as employing quiet aircraft technology for purposes of this section. If the Administrator determines that the Administrator will not be able to make such designation before the last day of such 12-month period, the Administrator shall transmit to Congress a report on the reasons for not meeting such time period and the expected date of such designation.

“(b) ROUTES OR CORRIDORS.—In consultation with the Director and the advisory group established under section 805, if the Administrator shall designate, by rule, routes or corridors for commercial air tour operations (as defined in section 40128(f) of title 49, United States Code) by fixed-wing and helicopter aircraft that employ quiet aircraft technology for—
“(1) tours of the Grand Canyon originating in Clark County, Nevada; and
Title 49—Transportation

Section 40128

Paragraphs 1-3

- "(1) "local loop" tours originating at the Grand Canyon National Park Airport, in Tusayan, Arizona, that will not negatively impact the substantial restoration of natural quiet, tribal lands, or safety.

- "(c) Operational Caps. —Commercial air tour operations by any fixed-wing or helicopter aircraft that employs quiet aircraft technology and that replaces an existing aircraft shall not be subject to the operational flight allocations that apply to other commercial air tour operations of the Grand Canyon, provided that the cumulative impact of such operations does not increase noise at the Grand Canyon.

- "(d) Modification of Existing Aircraft to Meet Standards. —A commercial air tour operation by a fixed-wing or helicopter aircraft in a commercial air tour operator’s fleet on the date of the enactment of this Act [Apr. 5, 2000] that meets the requirements designated under subsection (a), or is subsequently modified to meet the requirements designated under subsection (a), may be used for commercial air tour operations under the same terms and conditions as a replaced aircraft under subsection (c) without regard to whether it replaces an existing aircraft.

- "(e) Mandate to Restore Natural Quiet. —Nothing in this Act [should be “this title”] shall be construed to relieve or diminish—

  "(1) the statutory mandate imposed upon the Secretary of the Interior and the Administrator of the Federal Aviation Administration under Public Law 106–510 (former) 16 U.S.C. 1a–1 note (now set out below) to achieve the substantial restoration of the natural quiet and experience at the Grand Canyon National Park; and

  "(2) the obligations of the Secretary and the Administrator to promulgate forthwith regulations to achieve the substantial restoration of the natural quiet and experience at the Grand Canyon National Park.

- "SEC. 805. ADVISORY GROUP.

  "(a) Establishment. —Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator (of the Federal Aviation Administration) and the Director of the National Park Service shall jointly establish an advisory group to provide continuing advice and counsel with respect to commercial air tour operations over and near national parks.

  "(b) Membership.—

    "(1) In General. —The advisory group shall be composed of—

      "(A) a balanced group of—

        "(i) representatives of general aviation;

        "(ii) representatives of commercial air tour operators;

        "(iii) representatives of environmental concerns; and

        "(iv) representatives of Indian tribes;

      "(B) a representative of the Federal Aviation Administration; and

      "(C) a representative of the National Park Service.

    "(2) Ex officio Members. —The Administrator (or the designee of the Administrator) and the Director (or the designee of the Director) shall serve as ex officio members.

    "(3) Chairperson. —The representative of the Federal Aviation Administration and the representative of the National Park Service shall serve alternating 1-year terms as chairmen of the advisory group, with the representative of the Federal Aviation Administration serving initially until the end of the calendar year following the year in which the advisory group is first appointed.

  "(c) Duties. —The advisory group shall provide advice, information, and recommendations to the Administrator and the Director—

    "(1) on the implementation of this title and the amendments made by this title;

    "(2) on commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will receive preferential treatment in a given air tour management plan; and

    "(3) on other measures that might be taken to accommodate the interests of visitors to national parks and the United States, while attending conferences or meetings of the group or otherwise engaged in its business, or while serving away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons in the Government service employed intermittently.

  "(2) Administrative Support. —The Federal Aviation Administration and the National Park Service shall jointly furnish to the advisory group clerical and other assistance.

  "(3) Nonapplicability of FACA. —Section 14 of the Federal Advisory Committee Act (5 U.S.C. App.) does not apply to the advisory group.

- "SEC. 806. PROHIBITION OF COMMERCIAL AIR TOUR OPERATIONS OVER THE ROCKY MOUNTAIN NATIONAL PARK.

  "(a) Overflight Fee Report. —Not later than 180 days after the date of the enactment of this Act [Apr. 5, 2000], the Administrator of the Federal Aviation Administration shall transmit to Congress a report on the effects of overflight fees are likely to have on the commercial air tour operation industry. The report shall include, but shall not be limited to—

    "(1) the viability of a tax credit for the commercial air tour operators equal to the amount of any overflight fees charged by the National Park Service; and

    "(2) the financial effects proposed offsets are likely to have on Federal Aviation Administration budgets and appropriations.

  "(b) Quiet Aircraft Technology Report. —Not later than 2 years after the date of the enactment of this Act, the Administrator and the Director of the National Park Service shall jointly transmit a report to Congress on the effectiveness of this title in providing incentives for the development and use of quiet aircraft technology.

- "SEC. 808. METHODOLOGIES USED TO ASSESS AIR TOUR NOISE.

  "Any methodology adopted by a Federal agency to assess air tour noise in any unit of the national park system (including the Grand Canyon and Alaska) shall be based on reasonable scientific methods.

- "SEC. 809. ALASKA EXEMPTION.

  "The provisions of this title and section 40128 of title 49, United States Code, as added by section 808(a), do not apply to any land or waters located in Alaska.

Study to Determine Appropriate Minimum Altitude for Aircraft Flying Over National Park System Units

"SECTION 1. STUDY OF PARK OVERFLIGHTS.

"(a) Study by Park Service.—The Secretary of the Interior (hereinafter referred to as the ‘Secretary’),

"(b) Study by Administrator.—The Administrator (hereinafter referred to as the ‘Administrator’),
acting through the Director of the National Park Service, shall conduct a study to determine the proper minimum altitude which should be maintained by aircraft when flying over units of the National Park System. The Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration (hereinafter referred to as the ‘Administrator’), shall provide technical assistance to the Secretary in carrying out the study.

‘(b) General Requirements of Study.—The study shall identify any problems associated with overflight by aircraft of units of the National Park System and shall provide information regarding the types of overflight which may be impacting on park unit resources. The study shall distinguish between the impacts caused by sightseeing aircraft, military aircraft, commercial aviation, general aviation, and other forms of aircraft which affect such units. The study shall identify those park system units, and portions thereof, in which the most serious adverse impacts from aircraft overflights exist.

‘(c) Specific Requirements.—The study under this section shall include research at the following units of the National Park System: 

- Cumberland Island National Seashore, Yosemite National Park, Hawaii’s Volcanoes National Park, Haleakalā National Park, Glacier National Park, and Mount Rushmore National Memorial, and at no less than four additional units of the National Park System, excluding all National Park System units in the State of Alaska. The research at each such unit shall provide information and an evaluation regarding each of the following:

  - (1) the impacts of aircraft noise on the safety of the park system users, including hikers, rock-climb- ers, and boaters;
  - (2) the impairment of visitor enjoyment associated with flights over such units of the National Park System;
  - (3) other injurious effects of overflights on the natural, historical, and cultural resources for which such units were established; and
  - (4) the adverse effects associated with aircraft overflights over such units of the National Park System in terms of visitor enjoyment, the protection of persons or property, search and rescue operations and firefighting. Such research shall evaluate the impact of overflights by both fixed-wing aircraft and helicopters. The research shall include an evaluation of the differences in noise levels within such units of the National Park System which are associated with flight by commonly used aircraft at different altitudes. The research shall apply only to overflights and shall not apply to landing fields within, or adjacent to, such units.

‘(d) Review of Report.—The Secretary shall submit a report to the Congress within 3 years after the enactment of this Act [Aug. 18, 1987] containing the results of the study carried out under this section. Such report shall also contain recommendations for legislative and regulatory action which could be taken regarding the information gathered pursuant to paragraphs (1) through (4) of subsection (c). Before submission to the Congress, the Secretary shall provide a draft of the report and recommendations to the Administrator for review. The Administrator shall review such report and recommendations and notify the Secretary of any adverse effects which the implementation of such recommendations would have on the safety of aircraft operations. The Administrator shall consult with the Secretary to resolve issues relating to such adverse effects. The final report shall include a finding by the Administrator that implementation of the recommendations of the Secretary will not have adverse effects on the safety of aircraft operations, or if the Administrator is unable to make such a finding, a statement by the Administrator of the reasons he believes the Secretary’s recommendations will have an adverse effect on the safety of aircraft operations.

‘(e) Review of Rules.—The Administrator shall review current rules and regulations pertaining to flights of aircraft over units of the National Park System at which research is conducted under subsection (c) and over any other such units at which such a review is determined necessary by the Administrator or is requested by the Secretary. In the review under this subsection, the Administrator shall determine whether changes are needed in such rules and regulations on the basis of aviation safety. Not later than 180 days after identification of the types of aircraft for which research is to be conducted under subsection (c), the Administrator shall submit a report to Congress containing the results of the review along with recommendations for legislative and regulatory action which are needed to implement any such changes.

‘(f) Authorization.—There are authorized to be appropriated such sums as may be necessary to carry out the studies and review under this section.

‘SEC. 2. Flights over Yosemite and Haleakalā during Study and Review.

‘(a) Yosemite National Park.—During the study and review periods provided in subsection (c), it shall be unlawful for any fixed wing aircraft or helicopter flying under visual flight rules to fly at an altitude of less than 2,000 feet over the surface of Yosemite National Park. For purposes of this subsection, the term ‘surface’ refers to the highest terrain within the park which is within 2,000 feet laterally of the route of flight and with respect to Yosemite Valley such term refers to the upper-most rim of the valley.

‘(b) Haleakalā National Park.—During the study and review periods provided in subsection (c), it shall be unlawful for any fixed wing aircraft or helicopter flying under visual flight rules to fly at an altitude below 9,500 feet above mean sea level over the surface of any of the following areas in Haleakalā National Park: Haleakalā Crater, Crater Cabins, the Scientific Research Reserve, Halemaunu Trail, Kaupo Gap Trail, or any designated tourist viewpoint.

‘(c) Study and Review Periods.—For purposes of subsections (a) and (b), the study period shall be the period of the time after the date of enactment of this Act [Aug. 18, 1987] and prior to the submission of the report under section 1. The review period shall comprise a 2-year period for Congressional review after the submission of the report to Congress.

‘(d) Exceptions.—The prohibitions contained in subsections (a) and (b) shall not apply to any of the following:

  - (1) emergency situations involving the protection of persons or property, including aircraft;
  - (2) search and rescue operations;
  - (3) flights for purposes of firefighting or for required administrative purposes; and
  - (4) compliance with instructions of an air traffic controller.

‘(e) Enforcement.—For purposes of enforcement, the prohibitions contained in subsections (a) and (b) shall be treated as requirements established pursuant to section 307 of the Federal Aviation Act of 1958 [see 49 U.S.C. 40103(b)]. To provide information to pilots regarding the restrictions established under this Act, the Administrator shall provide public notice of such restrictions in appropriate Federal Aviation Administration publications as soon as practicable after the enactment of this Act [Aug. 18, 1987].

‘(a) Noise associated with aircraft overflights at the Grand Canyon National Park is causing a significant adverse effect on the natural quiet and experience of the park and current aircraft operations at the Grand Canyon National Park have raised serious concerns regarding public safety, including concerns regarding the safety of park users.

‘(b) Recommendations.—

  - (1) Submission.—Within 30 days after the enactment of this Act [Aug. 18, 1987], the Secretary shall submit to the Administrator recommendations regarding actions necessary for the protection of resources in the Grand Canyon from adverse impacts
§ 40129  TITLE 49—TRANSPORTATION  Page 970

associated with aircraft overflights. The recommendations shall provide for substantial restoration of the natural quiet and experience of the park and protection of public health and safety from adverse effects associated with aircraft overflight. Except as provided in subsection (c), the recommendations shall contain provisions prohibiting the flight of aircraft below the rim of the Canyon, and shall designate flight free zones. Such zones shall be flight free except for purposes of administration and for emergency operations, including those required for the transportation of persons and supplies to and from Supai Village and the lands of the Havasupai Indian Tribe of Arizona. The Administrator, after consultation with the Secretary, shall define the rim of the Canyon in a manner consistent with the purposes of this paragraph.

"(2) IMPLEMENTATION.—Not later than 90 days after receipt of the recommendations under paragraph (1) and after notice and opportunity for hearing, the Administrator shall prepare and issue a final plan for the management of air traffic in the air space above the Grand Canyon. The plan shall, by appropriate rules and regulations, implement the recommendations of the Secretary without change unless the Administrator determines that implementing the recommendations would adversely affect aviation safety. If the Administrator determines that implementing the recommendations would adversely affect aviation safety, he shall, not later than 60 days after making such determination, in consultation with the Secretary and after notice and opportunity for hearing, review the recommendations consistent with the requirements of paragraph (1) to eliminate the adverse effects on aviation safety and issue regulations implementing the revised recommendations in the plan. In addition to the Administrator's authority to implement such regulations under the Federal Aviation Act of 1958 (see 49 U.S.C. 40101 et seq.), the Secretary may enforce the appropriate requirements of the plan under such rules and regulations applicable to the units of the National Park System as he deems appropriate.

"(3) REPORT.—Within 2 years after the effective date of the plan required by subsection (b)(2), the Secretary shall submit to the Congress a report discussing—

"(A) whether the plan has succeeded in substantially restoring the natural quiet in the park; and

"(B) such other matters, including possible revisions in the plan, as may be of interest.

The report shall include comments by the Administrator regarding the effect of the plan's implementation on aircraft safety.

"(c) HELICOPTER FLIGHTS OF RIVER RUNNERS.—Subsection (b) shall not prohibit the flight of helicopters—

"(1) which fly a direct route between a point on the north rim outside of the Grand Canyon National Park and locations on the Haualapai Indian Reservation (as designated by the Tribe); and

"(2) whose sole purpose is transporting individuals to or from boat trips on the Colorado River and any guide of such a trip.

"SEC. 4. BOUNDARY WATERS CANOE AREA WILDERNESS.

"The Administrator shall conduct surveillance of aircraft flights over the Boundary Waters Canoe Area Wilderness as authorized by the Act of October 21, 1978 (92 Stat. 1649–1659) for a period of not less than 180 days beginning within 60 days of enactment of this Act [Aug. 18, 1987]. In addition to any actions the Administrator may take as a result of such surveillance, he shall provide a report to the Committee on Interior and Insular Affairs and the Committee on Public Works and Transportation of the United States House of Representatives and to the Committee on Energy and Natural Resources and the Committee on Commerce, Science, and Transportation of the United States Senate. Such report is to be submitted within 30 days of completion of the surveillance activities. Such report shall include but not necessarily be limited to information on the type and frequency of aircraft using the airspace over the Boundary Waters Canoe Area Wilderness.

"SEC. 5. ASSESSMENT OF NATIONAL FOREST SYSTEM WILDERNESS OVERFLIGHTS.

"(a) ASSESSMENT BY FOREST SERVICE.—The Chief of the Forest Service (hereinafter referred to as the ‘Chief’) shall conduct an assessment to determine what, if any, adverse impacts to wilderness resources are associated with overflights of National Forest System wilderness areas. The Administrator of the Federal Aviation Administration shall provide technical assistance to the Chief in carrying out the assessment. Such assessment shall apply only to overflight of wilderness areas and shall not apply to aircraft flights or landings adjacent to National Forest System wilderness units. The assessment shall not apply to any National Forest System wilderness units in the State of Alaska.

"(b) REPORT TO CONGRESS.—The Chief shall submit a report to Congress within 2 years after enactment of this Act [Aug. 18, 1987] containing the results of the assessments carried out under this section.

"(c) AUTHORIZATION.—Effective October 1, 1987, there are authorized to be appropriated such sums as may be necessary to carry out the assessment under this section.

"SEC. 6. CONSULTATION WITH FEDERAL AGENCIES.

"In conducting the study and the assessment required by this Act, the Secretary of the Interior and the Chief of the Forest Service shall consult with other Federal agencies that are engaged in an analysis of the adverse impacts of aircraft overflights over federally-owned land.”

§ 40129. Collaborative decisionmaking pilot program

(a) ESTABLISHMENT.—Not later than 90 days after the date of enactment of this section, the Administrator of the Federal Aviation Administration shall establish a collaborative decisionmaking pilot program in accordance with this section.

(b) DURATION.—Except as provided in subsection (k), the pilot program shall be in effect for a period of 2 years.

(c) GUIDELINES.—

(1) ISSUANCE.—The Administrator, with the concurrence of the Attorney General, shall issue guidelines concerning the pilot program. Such guidelines, at a minimum, shall—

(A) define a capacity reduction event;

(B) establish the criteria and process for determining when a capacity reduction event exists that warrants the use of collaborative decisionmaking among carriers at airports participating in the pilot program; and

(C) prescribe the methods of communication to be implemented among carriers during such an event.

(2) VIEWS.—The Administrator may obtain the views of interested parties in issuing the guidelines.

(d) EFFECT OF DETERMINATION OF EXISTENCE OF CAPACITY REDUCTION EVENT.—Upon a determination by the Administrator that a capacity reduction event exists, the Administrator may authorize air carriers and foreign air carriers operating at an airport participating in the pilot program to communicate for a period of time not to exceed 24 hours with each other con-
cording changes in their respective flight schedules in order to use air traffic capacity most effectively. The Administration shall facilitate and monitor such communication. The Attorney General, or the Attorney General’s designee, may monitor such communication.

(e) Selection of Participating Airports.—Not later than 30 days after the date on which the Administrator establishes the pilot program, the Administrator shall select 2 airports to participate in the pilot program from among the most capacity-constrained airports in the Nation based on the Administration’s Airport Capacity Benchmark Report 2001 or more recent data on airport capacity that is available to the Administrator. The Administrator shall select an airport for participation in the pilot program if the Administrator determines that collaborative decisionmaking among air carriers and foreign air carriers would reduce delays at the airport and have beneficial effects on reducing delays in the national airspace system as a whole.

(f) Eligibility of Air Carriers.—An air carrier or foreign air carrier operating at an airport selected to participate in the pilot program is eligible to participate in the pilot program if the Administrator determines that the carrier has the operational and communications capability to participate in the pilot program.

(g) Modification or Termination of Pilot Program at an Airport.—The Administrator, with the concurrence of the Attorney General, may modify or end the pilot program at an airport before the term of the pilot program has expired, or may ban an air carrier or foreign air carrier from participating in the program, if the Administrator determines that the purpose of the pilot program is not being furthered by participation of the airport or air carrier or if the Secretary of Transportation, with the concurrence of the Attorney General, finds that the pilot program or the participation of an air carrier or foreign air carrier in the pilot program has had, or is having, an adverse effect on competition among carriers.

(h) Antitrust Immunity.—

(1) In General.—Unless, within 5 days after receiving notice from the Secretary of the Attorney General of a demand for the production of documents or other evidence, the airman objects in writing to the production of the documents or other evidence, the airman, by moving to the trial court, may seek an order by the court, on such terms as may be just, for the inspection and copying of such documents or other evidence or for an in camera inspection and copying of such documents or other evidence. The court may order the production of such documents or other evidence, or may order an in camera inspection and copying of such documents or other evidence, on such terms as may be just, and may grant a protective order in such circumstances as may be just.

(2) Antitrust Laws Defined.—In this section, the term “antitrust laws” means the antitrust laws in force at the time this section was enacted, including any amendment or modification to such antitrust laws and any judicial interpretation of such antitrust laws.

(i) Consultation With Attorney General.—The Secretary shall consult with the Attorney General regarding the design and implementation of the pilot program, including determining whether a limit should be set on the number of occasions collaborative decisionmaking could be employed during the initial 2-year period of the pilot program.

(j) Evaluation.—

(1) In General.—Before the expiration of the 2-year period for which the pilot program is authorized under subsection (b), the Administrator shall determine whether the pilot program has facilitated more effective use of air traffic capacity and the Secretary, with the concurrence of the Attorney General, shall determine whether the pilot program has had an adverse effect on airline competition or the availability of air services to communities. The Administrator shall also examine whether capacity benefits resulting from the participation in the pilot program of an airport resulted in capacity benefits to other parts of the national airspace system.

(2) Obtaining Necessary Data.—The Administrator may require participating air carriers and airports to provide data necessary to evaluate the pilot program’s impact.

(k) Extension of Pilot Program.—At the end of the 2-year period for which the pilot program is authorized, the Administrator, with the concurrence of the Attorney General, may continue the pilot program for an additional 2 years and expand participation in the program to up to 7 additional airports if the Administrator determines pursuant to subsection (j) that the pilot program has facilitated more effective use of air traffic capacity and if the Secretary, with the concurrence of the Attorney General, determines that the pilot program has had no adverse effect on airline competition or the availability of air services to communities. The Administrator shall select the additional airports to participate in the extended pilot program in the same manner in which airports were initially selected to participate.

The date of enactment of this section, referred to in subsec. (a), is the date of enactment of Pub. L. 108–176, which was approved Dec. 12, 2003.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 40130. FAA authority to conduct criminal history record checks

(a) Criminal History Background Checks.—

(1) Access to Information.—The Administrator of the Federal Aviation Administration, for certification purposes of the Administration only, is authorized—

(A) to conduct, in accordance with the established request process, a criminal history background check of an airman in the criminal repositories of the Federal Bureau of Investigation and States by submitting positive identification of the airman to a fingerprint-based repository in compliance with section 217 of the National Crime Prevention
(a) GENERAL.—Except as provided in this chapter or another law—

1 See References in Text note below.

(1) an air carrier may provide air transportation only if the air carrier holds a certificate issued under this chapter authorizing the air transportation;

(2) a charter air carrier may provide charter air transportation only if the charter air carrier holds a certificate issued under this chapter authorizing the charter air transportation; and

(3) an air carrier may provide all-cargo air transportation only if the air carrier holds a certificate issued under this chapter authorizing the all-cargo air transportation.

(b) THROUGH SERVICE AND JOINT TRANSPORTATION.—A citizen of the United States providing transportation in a State of passengers or property as a common carrier for compensation with aircraft capable of carrying at least 30 passengers, under authority granted by the appropriate State authority—

(1) may provide transportation for passengers and property that includes through service by the citizen over its routes in the State and in air transportation by an air carrier or foreign air carrier; and

(2) subject to sections 41009 and 42111 of this title, may make an agreement with an air carrier or foreign air carrier to provide the joint transportation.

(c) PROPRIETARY OR EXCLUSIVE RIGHT NOT CONFERRED.—A certificate issued under this chapter does not confer a proprietary or exclusive right to use airspace, an airway of the United States, or an air navigation facility.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1118.)

HISTORICAL AND REVISION NOTES

Revised Section Source (U.S. Code) Source (Statutes at Large)

41101(a)(1) ..... 49 App.:1371(a).

41101(a)(2) ..... 49 App.:1301(14) (related to certificate).

41101(a)(3) ..... 49 App.:1371(d) (4)(A)(i), (ii) (related to joint services).

41101(b) ..... 49 App.:1371(i).

In subsections (a)(2) and (c), the words “issued under this chapter” are added for clarity.

In subsection (a), the word “provide” is substituted for “engage in” for consistency in the revised title. The words before clause (1) are added to inform the reader that other provisions of the chapter and other laws qualify the requirement of being licensed by the Secretary of Transportation. In clause (1), the word “holds” is substituted for “there is in force” to eliminate unnecessary words. The words “under this chapter” are substituted for “by the Board” for clarity. In clause (2), the words “of public convenience and necessity” are omitted as surplus. Clause (3) is included to inform the reader at the beginning of this chapter about all of the types of certificates and permits that the Secretary may issue under this subchapter.

In subsection (b), the word “passengers” is substituted for “persons” for consistency in the revised title.
title. Before clause (1), the words “Notwithstanding any other provision of this chapter” are omitted as surplus. The words “providing transportation” are substituted for “undertakes the carriage of” for consistency in the revised title. The words “or hire” are omitted as surplus and for consistency. The words “for such carriage within such State” are omitted as surplus. In clause (1), the words “through service” are substituted for “transportation” the first time it appears for clarity. In clause (2), the words “the requirements of” and “for such through services” are omitted as surplus.

In subsection (c), the word “property” is omitted as surplus. The words “landing area” are omitted because they are included in the definition of “air navigation facility” in section 40102(a) of the revised title.

§ 41102. General, temporary, and charter air transportation certificates of air carriers

(a) ISSUANCE.—The Secretary of Transportation may issue a certificate of public convenience and necessity to a citizen of the United States authorizing the citizen to provide any part of the following air transportation the citizen has applied for under section 41108 of this title:

(1) air transportation as an air carrier.

(2) temporary air transportation as an air carrier for a limited period.

(3) charter air transportation as a charter air carrier.

(b) FINDINGS REQUIRED FOR ISSUANCE.—(1) Before issuing a certificate under subsection (a) of this section, the Secretary must find that the citizen is fit, willing, and able to provide the transportation to be authorized by the certificate and to comply with this part and regulations of the Secretary.

(2) In addition to the findings under paragraph (1) of this subsection, the Secretary, before issuing a certificate under subsection (a) of this section for foreign air transportation, must find that the transportation is consistent with the public convenience and necessity.

(c) TEMPORARY CERTIFICATES.—The Secretary may issue a certificate under subsection (a) of this section for interstate air transportation (except the transportation of passengers) or foreign air transportation for a temporary period of time (whether the application is for permanent or temporary authority) when the Secretary decides that a test period is desirable—

(1) to decide if the projected services, efficiencies, methods, and prices and the projected results will materialize and remain for a sustained period of time; or

(2) to evaluate the new transportation.

(d) FOREIGN AIR TRANSPORTATION.—The Secretary shall submit each decision authorizing the provision of foreign air transportation to the President under section 41307 of this title.

<td>49 App.:1551(a)(1)(B), (C).</td>
</tr>
</tbody>
</table>

In this section, the words “citizen of the United States” and “citizen” are substituted for “applicant” for clarity and consistency because only a citizen of the United States may be an “air carrier” as defined in section 40102(a) of the revised title, and only an air carrier may be a “charter air carrier” as defined in section 40102(a). The word “provide” is substituted for “perform” for consistency in the revised title.

In subsection (a), before clause (1), the words “of public convenience and necessity” are added for clarity. The words “any part of” are substituted for “the whole or any part of” to eliminate unnecessary words. In clauses (2) and (3), the words “in the case of” are omitted as surplus. In clause (3), the words “for such periods” are omitted as surplus. In subsection (b)(1), the word “comply” is substituted for “conform” for consistency in the revised title. The words “properly” and “requirements” are omitted as surplus. The word “rules” is omitted as being synonymous with “regulations”.

In subsection (b)(2), the words “foreign air transportation” are added because 49 App.:1551(a)(1)(A) provides that 49 App.:1371(d)(1)–(3) no longer applies to interstate or overseas transportation of persons. After January 1, 1985, other interstate and overseas air transportation and the domestic air transportation of mail do not require a certificate of public convenience and necessity. See H. Rept. 98–793, 98th Cong., 2d Sess., p.10 (1984).

In subsection (c), before clause (1), the words “issue a certificate” are substituted for “grant an application” for consistency in this chapter. The words “for interstate air transportation (except the transportation of passengers) or foreign air transportation” are added for clarity and consistency. The word “only” is omitted as surplus. In clause (2), the word “prices” is substituted for “rates, fares, charges” because of the definition of “price” in section 40102(a) of the revised title. The words “in fact” are omitted as surplus. In clause (2), the word “prices” is substituted for “rates, fares, charges” because of the definition of “price” in section 40102(a) of the revised title. The words “in fact” are omitted as surplus. In subsection (d) is added for clarity.
§ 41103. All-cargo air transportation certificates of air carriers

(a) APPLICATIONS.—A citizen of the United States may apply to the Secretary of Transportation for a certificate authorizing the citizen to provide all-cargo air transportation. The application must contain information and be in the form the Secretary by regulation requires.

(b) Issuance.—Not later than 120 days after an application for a certificate is filed under this section, the Secretary shall issue the certificate to a citizen of the United States authorizing the citizen, as an air carrier, to provide any part of the all-cargo air transportation applied for unless the Secretary finds that the citizen is not fit, willing, and able to provide the all-cargo air transportation to be authorized by the certificate and to comply with regulations of the Secretary.

(c) TERMS.—The Secretary may impose terms the Secretary considers necessary when issuing a certificate under this section. However, the Secretary may not impose terms that restrict the places served or prices charged by the holder of the certificate.

(d) EXEMPTIONS AND STATUS.—A citizen issued a certificate under this section—

(1) is exempt in providing the transportation under the certificate from a requirement of this part.

(A) section 41101(a)(1) of this title and regulations or procedures prescribed under section 41101(a)(1); and

(B) other provisions of this part and regulations or procedures prescribed under those provisions when the Secretary finds under regulations of the Secretary that the exemption is appropriate; and

(2) is an air carrier under this part except to the extent the carrier is exempt under this section from a requirement of this part.

41103(d)(4) ...... 1977 49 App.:1388(d).

41104. Additional limitations and requirements of charter air carriers

(a) RESTRICTIONS.—The Secretary of Transportation may prescribe a regulation or issue an order restricting the marketability, flexibility, accessibility, or variety of charter air transportation provided under a certificate issued under section 41102 of this title only to the extent required by the public interest. A regulation prescribed or order issued under this subsection may not be more restrictive than a regulation related to charter air transportation that was in effect on October 1, 1978.

(b) SCHEDULED OPERATIONS.—Except as provided in paragraphs (3) and (4), an air carrier, including an indirect air carrier, may not provide, in aircraft designed for more than 9 passenger seats, regularly scheduled charter air transportation, for which the public is provided in advance a schedule containing the departure location, departure time, and arrival location of the flight, to or from an airport that—

(A) does not have an airport operating certificate issued under part 139 of title 14, Code of Federal Regulations (or any subsequent similar regulation); or

(B) has an airport operating certificate issued under part 139 of title 14, Code of Federal Regulations (or any subsequent similar regulation) if the airport—

(1) is a reliever airport (as defined in section 47102) and is designated as such in the national plan of integrated airports maintained under section 47103; and

(2) is located within 20 nautical miles (22 statute miles) of 3 or more airports that each annually account for at least 1 percent of the total United States passenger enplanements and at least 2 of which are operated by the sponsor of the reliever airport.
(2) DEFINITION.—In this paragraph, the term “regularly scheduled charter air transportation” does not include operations for which the departure time, departure location, and arrival location are specifically negotiated with the customer or the customer’s representative.

(3) EXCEPTION.—This subsection does not apply to any airport in the State of Alaska or to any airport outside the United States.

(4) WAIVERS.—The Secretary may waive the application of paragraph (1)(B) in cases in which the Secretary determines that the public interest so requires.

(c) ALASKA.—An air carrier holding a certificate issued under section 41102 of this title may provide charter air transportation between places in Alaska only to the extent the Secretary decides the transportation is required by public convenience and necessity. The Secretary may make that decision when issuing, amending, or modifying the certificate. This subsection does not apply to a certificate issued under section 41102 to a citizen of the United States who, before July 1, 1977—

(1) maintained a principal place of business in Alaska; and

(2) conducted air transport operations between places in Alaska with aircraft with a certificate for gross takeoff weight of more than 40,000 pounds.

(d) SUSPENSIONS.—(1) The Secretary shall suspend for not more than 30 days any part of the certificate of a charter air carrier if the Secretary determines that the failure of the carrier to comply with the requirements described in sections 41110(e) and 41112 of this title, or a regulation or order of the Secretary under section 41110(e) or 41112, requires immediate suspension in the interest of the rights, welfare, or safety of the public. The Secretary may act under this paragraph without notice or a hearing.

(2) The Secretary shall begin immediately a hearing to decide if the certificate referred to in paragraph (1) is necessary to assure the public interest so requires.

In subsection (a), the word “rule” is omitted as being synonymous with “regulation”. The words “charter air transportation” are substituted for “charter trips” for consistency in this part. The text of 49 App.:1371(n)(4) and 1551(m)(1)(E) (related to 49 App.:1371(n)(4)) is omitted because the words “charter air transportation” are substituted for “charter trips” for consistency in this part.

In subsection (b), before clause (1), the words “Notwithstanding any other provision of this subchapter” are omitted as surplus. The words “certificate of a charter air carrier” are added for clarity. The words “State of” are added as surplus. The word “modifying” is added for clarity. The words “citizen of the United States” are substituted for “person” for clarity and consistency because only a citizen of the United States may be an “air carrier” as defined in section 40102(a) of the revised title.

In subsection (c), the words “the requirements described in” are added for clarity.

In subsection (c)(1), the text of 49 App.:1371(m)(6) is omitted as surplus because of 93222(a).

In subsection (c)(2), the word “amended” is added for consistency in the revised title.

AMENDMENTS

2003—Subsec. (b)(1). Pub. L. 108–176, § 822(a), inserted a comma after “regularly scheduled charter air transportation”, substituted “paragraphs (3) and (4)” for “paragraph (3)” and “flight, to or from an airport that—” for “flight unless such air transportation is to and from an airport that has an airport operating certificate issued under part 139 of title 14, Code of Federal Regulations (or any subsequent similar regulation).”, and added subpars. (A) and (B).

Subsec. (b)(1). Pub. L. 106–528, § 8(c)(1), added par. (1) and struck out heading and text of former par. (1). Text read as follows: “An air carrier, including an indirect air carrier, which operates aircraft designed for more than nine passenger seats, may not provide regularly scheduled charter air transportation for which the general public is provided in advance a schedule containing the departure location, departure time, and arrival location of the flights to or from an airport that is not located in Alaska and that does not have an operating certificate issued under part 139 of title 14, Code of Federal Regulations (or any subsequent similar regulation).”

Subsecs. (c), (d), Pub. L. 106–181, § 723(1), redesignated subsecs. (b) and (c) as (c) and (d), respectively.

**§ 41105. Transfers of certificates**

(a) **GENERAL.**—A certificate issued under section 41102 of this title may be transferred only when the Secretary of Transportation approves the transfer as being consistent with the public interest.

(b) **CERTIFICATION TO CONGRESS.**—When a certificate is transferred, the Secretary shall certify to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives that the transfer is consistent with the public interest. The Secretary shall include with the certification a report analyzing the effects of the transfer on—

(1) the viability of each carrier involved in the transfer;

(2) competition in the domestic airline industry; and

(3) the trade position of the United States in the international air transportation market.

**AMENDMENTS**

**§ 41106. Airlift service**

(a) **INTERSTATE TRANSPORTATION.**—(1) Except as provided in subsection (d) of this section, the transportation of passengers or property by CRAF-eligible aircraft in interstate air transportation obtained by the Secretary of Defense or the Secretary of a military department through a contract for airlift service in the United States may be provided only by an air carrier that—

(A) has aircraft in the civil reserve air fleet or offers to place the aircraft in that fleet; and

(B) holds a certificate issued under section 41102 of this title.

(2) The Secretary of Transportation shall act as expeditiously as possible on an application for a certificate under section 41102 of this title to provide airlift service.

(b) **TRANSPORTATION BETWEEN THE UNITED STATES AND FOREIGN LOCATIONS.**—Except as provided in subsection (d), the transportation of passengers or property by CRAF-eligible aircraft between a place in the United States and a place outside the United States obtained by the Secretary of Defense or the Secretary of a military department through a contract for airlift service shall be provided by an air carrier referred to in subsection (a).

(c) **TRANSPORTATION BETWEEN FOREIGN LOCATIONS.**—The transportation of passengers or property by CRAF-eligible aircraft between two places outside the United States obtained by the Secretary of Defense or the Secretary of a military department through a contract for airlift service shall be provided by an air carrier referred to in subsection (a) whenever transportation by such an air carrier is reasonably available.

(3) The Secretary of Defense may make a contract to provide the service with an air carrier not having a certificate.

(e) **CRAF-ELIGIBLE AIRCRAFT DEFINED.**—In this section, “CRAF-eligible aircraft” means aircraft of a type the Secretary of Defense has determined to be capable of participating in the civil reserve air fleet.

**HISTORICAL AND REVISION NOTES**

</thead>
</table>

In subsection (a), before clause (1), the word “passengers” is substituted for “persons” for consistency in the revised title. The words “Secretary of Defense” are substituted for “Department of Defense” because of 10:113(a). The words “an air carrier” are substituted for “carriers” for clarity.

In subsection (b), the words “to provide the service” are added for clarity.

**AMENDMENTS**

Subsec. (c). Pub. L. 112–81, §385(a), substituted “CRAF-eligible aircraft” for “transport category aircraft” and “referred to in subsection (a)” for “that has aircraft in the civil reserve air fleet”.

Subsec. (e). Pub. L. 112–81, §385(b), added subsec. (e).

2000—Subsec. (a). Pub. L. 106–398, §1 [[div. A], title III, §385(a)(1), (b)], in heading substituted “Interstate Transportation” for “General” and in introductory...
provisions of par. (1), substituted "Except as provided in subsection (d) of this section," for "Except as provided in subsection (b) of this section," and struck out "of at least 31 days" after "through a contract". Subsecs. (b) to (d). Pub. L. 106–398, § 1 [div. A], title III, § 383(a)(2), (3), added subsec. (b) and (c) and redesignated former subsec. (b) as (d).

**Effective Date of 2000 Amendment**

§ 41107. Transportation of mail

When the United States Postal Service finds that the needs of the Postal Service require the transportation of mail by aircraft in foreign air transportation or between places in Alaska, in addition to the transportation of mail authorized under certificates in effect, the Postal Service shall certify that finding to the Secretary of Transportation with a statement about the additional transportation and facilities necessary to provide the additional transportation. A copy of each certification and statement shall be posted for at least 20 days in the office of the Secretary. After notice and an opportunity for a hearing, the Secretary shall issue a new certificate under section 41102 of this title, or amend or modify an existing certificate under section 41110(a)(2)(A) of this title, to provide the additional transportation and facilities if the Secretary finds the additional transportation is required by the public convenience and necessity.

<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

The words "from time to time" are omitted as surplus. The words "the United States Postal Service and "Postal Service" are substituted for "Postmaster General" in section 401(m) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 727) because of sections 4(a) and 6(o) of the Postal Reorganization Act (Public Law 91–372, 94 Stat. 733, 784). The words "in foreign air transportation or between places in Alaska" are substituted for "between any points within the United States or between the United States and foreign countries" for consistency in the revised title and because 49 App.1551(a)(4)(A) provides that 49 App.1371(m) no longer applies to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska). In addition, Congress did not intend to maintain the regulation of domestic air transportation of mail. See section 40102(a) of the revised title defining "air transportation" to mean interstate or foreign air transportation or the transportation of mail by aircraft. The word "currently" is omitted as surplus. The words "opportunity for a," are added for consistency in the revised title and with other titles of the United States Code. The words "or certificates" are omitted as surplus because of 1:1. The word "modify" is added for consistency in the revised title.

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(f) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704). Section 1601(a)(8) provides that the authority under 49 App.1371(f) and (m) and 1375(b)(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 4107 and 41901–41903 of the revised title) ceases on January 1, 1999. Section 1601(b)(3) transfers the authority for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.

**AMENDMENTS**

1994—Pub. L. 103–272, §4(k)(1), which directed the amendment of this section by substituting "foreign air transportation," for "foreign air transportation or between places in Alaska."

**Effective Date of 1999 Amendment**

**Effective Date of 1994 Amendment**

Pub. L. 103–272, §4(k), July 5, 1994, 108 Stat. 1370, which provided that the amendments made by that section (amending this section and sections 41901, 41902, and 41903 of this title) were effective Jan. 1, 1999, was repealed by Pub. L. 106–31, title VI, § 6003, effective Dec. 31, 1998.

**§ 41108. Applications for certificates**

(a) **Form, Contents, and Proof of Service.**—To be issued a certificate of public convenience and necessity under section 41102 of this title, a citizen of the United States must apply to the Secretary of Transportation. The application must—

(1) be in the form and contain information required by regulations of the Secretary; and

(2) be accompanied by proof of service on interested persons as required by regulations of the Secretary and on each community that may be affected by the issuance of the certificate.

(b) **Notice, Response, and Actions on Applications.**—(1) When an application is filed, the Secretary shall post a notice of the application
in the office of the Secretary and give notice of the application to other persons as required by regulations of the Secretary. An interested person may file a response with the Secretary opposing or supporting the issuance of the certificate. Not later than 90 days after the application is filed, the Secretary shall—

(A) provide an opportunity for a public hearing on the application;

(B) begin the procedure under section 41111 of this title; or

(C) dismiss the application on its merits.

(2) An order of dismissal issued by the Secretary under paragraph (1)(C) of this subsection is a final order and may be reviewed judicially under section 46110 of this title.

(3) If the Secretary provides an opportunity for a hearing under paragraph (1)(A) of this subsection, an initial or recommended decision shall be issued not later than 150 days after the date the Secretary provides the opportunity. The Secretary shall issue a final order on the application not later than 90 days after the decision is issued. However, if the Secretary does not act within the 90-day period, the initial or recommended decision on an application to provide—

(A) interstate air transportation is a final order and may be reviewed judicially under section 46110 of this title; and

(B) foreign air transportation shall be submitted to the President under section 41307 of this title.

(4) If the Secretary acts under paragraph (1)(B) of this subsection, the Secretary shall issue a final order on the application not later than 180 days after beginning the procedure on the application.

(5) If a citizen applying for a certificate does not meet the procedural schedule adopted by the Secretary in a proceeding, the Secretary may extend the period for acting under paragraphs (3) and (4) of this subsection by a period equal to the period of delay caused by the citizen. In addition to an extension under this paragraph, an initial or recommended decision under paragraph (3) of this subsection may be delayed for not more than 30 days in extraordinary circumstances.

(c) PROOF REQUIREMENTS.—(1) A citizen applying for a certificate must prove that the citizen is fit, willing, and able to provide the transportation referred to in section 41102 of this title and to comply with this part.

(2) A person opposing a certificate must prove that the transportation referred to in section 41102(b)(2) of this title is not consistent with the public convenience and necessity. The transportation is deemed to be consistent with the public convenience and necessity unless the Secretary finds, by a preponderance of the evidence, that the transportation is not consistent with the public convenience and necessity.

(2) The Secretary of Transportation—
   (A) may prescribe terms for providing air transportation under the certificate that the Secretary finds may be required in the public interest; but
   (B) may not prescribe a term preventing an air carrier from adding or changing schedules, equipment, accommodations, and facilities for providing the authorized transportation to satisfy business development and public demand.

(3) A certificate issued under section 41102 of this title to provide foreign air transportation shall specify the places between which the air carrier is authorized to provide the transportation only to the extent the Secretary considers practicable and otherwise only shall specify each geographical area in which, or between which, the transportation may be provided.

(4) A certificate issued under section 41102 of this title to provide foreign air charter transportation shall specify the places between which the air carrier is authorized to provide the transportation only to the extent the Secretary finds may be required in the public interest; the certificate shall authorize an air carrier holding a certificate to provide foreign air transportation to handle and transport mail of countries other than the United States.

(5) As prescribed by regulation by the Secretary, an air carrier other than a charter air carrier may provide charter trips or other special services without regard to the places named or type of transportation specified in its certificate.

(b) MODIFYING TERMS.—(1) An air carrier may file with the Secretary an application to modify any term of its certificate issued under section 41102 of this title to provide interstate or foreign air transportation. Not later than 60 days after an application is filed, the Secretary shall—
   (A) provide the carrier an opportunity for an oral evidentiary hearing on the record; or
   (B) begin to consider the application under section 41111 of this title.

(2) The Secretary shall modify each term the Secretary finds to be inconsistent with the criteria under section 40101(a) and (b) of this title.

(3) An application under this subsection may not be dismissed under section 41108(b)(1)(C) of this title.

HISTORICAL AND REVISION NOTES
PUB. L. 103–272

Revised Source (U.S. Code) Source (Statutes at Large)

In subsection (a)(1), the text of 49 App.:1371(e)(1) (words before semicolon related to terminal and intermediate points) is omitted as obsolete because of 49 App.:1371(e)(1)(C) and because interstate and overseas air transportation is no longer regulated. The words "type of" are added for clarity. The word "provided" is substituted for "rendered" for consistency in the revised title.

In subsection (a)(2), the words before clause (A) are added for clarity. Clause (A) is substituted for 49 App.:1371(e)(1) (words after semicolon) for clarity and consistency and to eliminate unnecessary words. In clause (B), the words "may not prescribe a term preventing" are substituted for "No term, condition, or limitation of a certificate shall restrict the right" for consistency and clarity. The word "providing" is substituted for "performing" for consistency in the revised title.

In subsection (a)(3) and (4), the word "places" is substituted for "points"; and the word "provide" is substituted for "engage in", for consistency in the revised title. The words "terminal and intermediate" are omitted as surplus. The words "between which the air carrier is authorized to provide the transportation" are added for clarity and consistency.

In subsection (a)(3), the words "or routes" are omitted because of 1:1. The words "The Secretary" are added for clarity.

In subsection (a)(4), the words "or areas" are omitted because of 1:1.

In subsection (b), the words "condition, or limitation" are omitted as being included in "term".

In subsection (b)(1), before clause (A), the word "modify" is substituted for "removal or modification" to eliminate unnecessary words. The word "provide" is substituted for "engage in" for consistency in the revised title. In clause (A), the words "provide the carrier an opportunity" are substituted for "set such application" for consistency in the revised title and with other titles of the United States Code. In clause (B), the words "the simplified procedures established by the Board in regulations pursuant to" are omitted as surplus.

PUB. L. 104–287

This amends 49:41109(a) to clarify the restatement of 49 App.:1371(e) by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1123).

AMENDMENTS

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–287 effective July 5, 1994, see section 8(1) of Pub. L. 104–287, set out as a note under section 5903 of this title.
§ 41110. Effective periods and amendments, modifications, suspensions, and revocations of certificates

(a) General.—(1) Each certificate issued under section 41102 of this title is effective from the date specified in it and remains in effect until—

(A) the Secretary of Transportation suspends or revokes the certificate under this section;

(B) the end of the period the Secretary specifies for an air carrier having a certificate of temporary authority issued under section 41102(a)(2) of this title; or

(C) the Secretary certifies that transportation is no longer being provided under a certificate.

(2) On application or on the initiative of the Secretary and after notice and an opportunity for a hearing or, except as provided in paragraph (4) of this subsection, under section 41111 of this title, the Secretary may—

(A) amend, modify, or suspend any part of a certificate if the Secretary finds the public convenience and necessity require amendment, modification, or suspension; and

(B) revoke any part of a certificate if the Secretary finds that the holder of the certificate intentionally does not comply with this chapter, sections 41308–41310(a), 41501, 41503, 41504, 41506, 41511, 41701, 41702, 41705–41709, 41711, 41712, and 41731–41742, chapter 419, subchapter II of chapter 421, and section 46301(b) of this title, a regulation or order of the Secretary under any of those provisions, or a term of its certificate.

(3) The Secretary may revoke a certificate under paragraph (2)(B) of this subsection only if the holder of the certificate does not comply, within a reasonable time the Secretary specifies, with an order to the holder requiring compliance.

(4) A certificate to provide foreign air transportation may not be amended, modified, suspended, or revoked under section 41111 of this title if the holder of the certificate does not comply, under all the facts and circumstances, that the holder of the certificate is not fit, willing, and able to provide the transportation authorized by the certificate and to comply with the requirements of clause (A) of this subsection if the air carrier—

(A) is not fit, willing, and able to provide the transportation authorized by the certificate and to comply with this part and regulations of the Secretary; or

(B) does not file reports necessary for the Secretary to decide if the carrier is complying with the requirements of clause (A) of this paragraph.

(f) Illegal Importation of Controlled Substances.—The Secretary—

(1) in consultation with appropriate departments, agencies, and instrumentalities of the United States Government, shall reexamine immediately the fitness of an air carrier that—

(A) violates the laws and regulations of the United States related to the illegal importation of a controlled substance; or

(B) does not adopt available measures to prevent the illegal importation of a controlled substance into the United States on its aircraft; and

(2) when appropriate, shall amend, modify, suspend, or revoke the certificate of the air carrier issued under this chapter.

(g) Responses.—An interested person may file a response with the Secretary opposing or supporting the amendment, modification, suspension, or revocation of a certificate under subsection (a) of this section.

In subsection (a)(1)(C), the words “transportation is no longer being provided under a certificate” are substituted for “operation thereunder has ceased” and “operations thereunder have ceased” for clarity and consistency.

In subsections (a)(2) and (e), the words “opportunity for a” are added for consistency in the revised title and with other titles of the United States Code.

In subsections (a)(4) and (f)(2), the words “amend” is omitted as being synonymous with “regulate.”

In subsections (e) and (f)(3), the word “operation” is substituted for “operation thereunder has ceased” and “operations thereunder have ceased” for clarity. The word “immediately” is added for clarity.

In subsection (d)(2), the words “alter” and “the procedures prescribed in” are omitted as surplus.

In subsections (e) and (f)(4), the word “amend” is added for consistency.

In subsection (e), before clause (1), the words “The requirement that each applicant for a certificate or any other authority . . . shall be a continuing requirement applicable to each such air carrier with respect to the transportation authorized by the Board” are added for clarity. The words “by order” are omitted as unnecessary because of section 5(b), subch. II. In clause (1), the word “provide” is substituted for “perform” for consistency in the revised title. The word “rules” is added for consistency with the revised title. The word “requirements” is added for as an unnecessary synonym with “regulation.” The word “requirements” is omitted as surplus. The word “comply” is substituted for “conform to” for consistency in the revised title. The words “rules” is omitted as being synonymous with “regulations.” The word “requirements” is added for surplus.

In subsection (f), before clause (1), the words “Notwithstanding any other provision of law” are added for surplus. The words “on and after August 15, 1985” are omitted as executed. In clause (1), before subclause (A), the words “law enforcement and other” are omitted as surplus.

The words “agencies, and instrumentalities of the United States Government” are substituted for “agencies” for consistency in the revised title and with other titles of the Code. The words “an air carrier” are substituted for “any carrier” for clarity.

In subsection (f), before clause (2), the words “of public convenience and necessity” are omitted as surplus. The words “issued” are added for surplus.

In clause (2), the words “of public convenience and necessity” are omitted as surplus. The words “issued under this chapter” are added for clarity.
(2) Regulations under this section shall provide for notice and an opportunity for each interested person to file appropriate written evidence and argument. An oral evidentiary hearing is not required to be provided under this section.

(b) When Simplified Procedure Used.—The Secretary may use the simplified procedure to act on an application for a certificate to provide air transportation under section 41102 of this title, or to amend, modify, suspend, or transfer any part of that certificate under section 41105 or 41110(a) or (c) of this title, when the Secretary decides the use of the procedure is in the public interest.

(c) Contents.—(1) To the extent the Secretary finds practicable, regulations under this section shall include each standard the Secretary will apply when—

(A) deciding whether to use the simplified procedure; and

(B) making a decision on an action in which the procedure is used.

(2) The regulations may provide that written evidence and argument may be filed under section 41108(b) of this title as a part of a response opposing or supporting the issuance of a certificate.

### Historical and Revision Notes

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In this section, the words “acting on” and “act on” are substituted for “disposition of” for consistency.

In subsection (a)(1)(A), the word “provide” is substituted for “engage in” for consistency in the revised title.

In subsection (a)(1)(B), the word “alteration” is omitted as surplus.

In subsection (a)(2), the word “adequate” is omitted as surplus.

In subsection (b), the words “to act on an application for a certificate to provide air transportation under section 41102 of this title, or to amend, modify, suspend, or transfer any part of that certificate under section 41105 or 41110(a) or (c) of this title” are added for clarity.

In subsection (c)(2), the words “by such person” are omitted as surplus. The words “a protest or memorandum filed with respect to such application” are substituted for “a protest or memorandum filed with respect to such application” for consistency.

§ 41112. Liability insurance and financial responsibility

(a) Liability Insurance.—The Secretary of Transportation may issue a certificate to a citizen of the United States to provide air transportation as an air carrier under section 41102 of this title only if the citizen complies with regulations and orders of the Secretary governing the filing of an insurance policy or self-insurance plan approved by the Secretary. The policy or plan must be sufficient to pay, not more than the amount of the insurance, for bodily injury to, or death of, an individual or for loss of, or damage to, property of others, resulting from the operation or maintenance of the aircraft under the certificate. A certificate does not remain in effect unless the carrier complies with this subsection.

(b) Financial Responsibility.—To protect passengers and shippers using an aircraft operated by an air carrier issued a certificate under section 41102 of this title, the Secretary may require the carrier to file a performance bond or equivalent security in the amount and on terms the Secretary prescribes. The bond or security must be sufficient to ensure the carrier adequately will pay the passengers and shippers when the transportation the carrier agrees to provide is not provided. The Secretary shall prescribe the amounts to be paid under this subsection.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1126.)

In subsection (a), the words “citizen of the United States” and “citizen” are substituted for “applicant for such certificate or the air carrier” for clarity and consistency because only a citizen of the United States may be an “air carrier” as defined in section 40102(a) of the revised title and receive a certificate. The words “as the case may be” are omitted as surplus. The words “to provide air transportation as an air carrier under section 41102 of this title” are added for clarity. The words “approved by the Secretary” are substituted for “governing the filing and approval . . . in the amount prescribed by the Board” to eliminate unnecessary words. The words “The policy or plan must be sufficient to pay . . . amounts” are omitted for clarity. The words “for which such applicant or such air carrier may become liable for” are omitted as surplus.

In subsection (b), the word “passengers” is substituted for “travelers” for consistency in this chapter. The words “issued . . . under section 41102 of this title” are added for clarity. The word “arrangement” is omitted as surplus. The words “which are conditioned to pay . . . amounts” are substituted for “to perform” for consistency in the revised title.

§ 41113. Plans to address needs of families of passengers involved in aircraft accidents

(a) Submission of Plans.—Each air carrier holding a certificate of public convenience and necessity under section 41102 of this title shall submit to the Secretary and the Chairman of the National Transportation Safety Board a plan for addressing the needs of the families of passengers involved in any aircraft accident in—
(b) CONTENTS OF PLANS.—A plan to be submitted by an air carrier under subsection (a) shall include, at a minimum, the following:

(1) A plan for publicizing a reliable, toll-free telephone number, and for providing staff, to handle calls from the families of the passengers.

(2) A process for notifying the families of the passengers, before providing any public notice of the names of the passengers, either by utilizing the services of the organization designated for the accident under section 1136(a)(2) of this title or the services of other suitably trained individuals.

(3) An assurance that the notice described in paragraph (2) will be provided to the family of a passenger as soon as the air carrier has verified that the passenger was aboard the aircraft (whether or not the names of all of the passengers have been verified) and, to the extent practicable, in person.

(4) An assurance that the air carrier will provide to the director of family support services designated for the accident under section 1136(a)(1) of this title, and to the organization designated for the accident under section 1136(a)(2) of this title, immediately upon request, a list (which is based on the best available information at the time of the request) of the names of the passengers aboard the aircraft (whether or not such names have been verified), and will periodically update the list.

(5) An assurance that the family of each passenger will be consulted about the disposition of all remains and personal effects of the passenger within the control of the air carrier.

(6) An assurance that if requested by the family of a passenger, any possession of the passenger within the control of the air carrier (regardless of its condition) will be returned to the family unless the possession is needed for the accident investigation or any criminal investigation.

(7) An assurance that any unclaimed possession of a passenger within the control of the air carrier will be retained by the air carrier for at least 18 months.

(8) An assurance that the family of each passenger will be consulted about construction by the air carrier of any monument to the passengers, including any inscription on the monument.

(9) An assurance that the treatment of the families of nonrevenue passengers (and any other victim of the accident, including any victim on the ground) will be the same as the treatment of the families of revenue passengers.

(10) An assurance that the air carrier will work with any organization designated under section 1136(a)(2) of this title on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following each accident.

(11) An assurance that the air carrier will provide reasonable compensation to any organization designated under section 1136(a)(2) of this title for services provided by the organization.

(12) An assurance that the air carrier will assist the family of a passenger in traveling to the location of the accident and provide for the physical care of the family while the family is staying at such location.

(13) An assurance that the air carrier will commit sufficient resources to carry out the plan.

(14) An assurance that, upon request of the family of a passenger, the air carrier will inform the family of whether the passenger’s name appeared on a preliminary passenger manifest for the flight involved in the accident.

(15) An assurance that the air carrier will provide adequate training to the employees and agents of the carrier to meet the needs of survivors and family members following an accident.

(16) An assurance that the air carrier, in the event that the air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside the United States involving any loss of life, will consult with the Board and the Department of State on the provision of the assistance.

(17)(A) An assurance that, in the case of an accident that results in any damage to a man-made structure or other property on the ground that is not government-owned, the air carrier will promptly provide notice, in writing, to the extent practicable, directly to the owner of the structure or other property about liability for any property damage and means for obtaining compensation.

(B) At a minimum, the written notice shall advise an owner (i) to contact the insurer of the property as the authoritative source for information about coverage and compensation; (ii) to not rely on unofficial information offered by air carrier representatives about compensation by the air carrier for accident-site property damage; and (iii) to obtain photographic or other detailed evidence of property damage as soon as possible after the accident, consistent with restrictions on access to the accident site.

(18) An assurance that, in the case of an accident in which the National Transportation Safety Board conducts a public hearing or comparable proceeding at a location greater than 80 miles from the accident site, the air carrier will ensure that the proceeding is made available simultaneously by electronic means at a location open to the public at both the origin city and destination city of the air carrier’s flight if that city is located in the United States.

(c) CERTIFICATE REQUIREMENT.—The Secretary may not approve an application for a certificate of public convenience and necessity under section 41102 of this title unless the applicant has included as part of such application a plan that meets the requirements of subsection (b).

(d) LIMITATION ON LIABILITY.—An air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the performance of the air carrier in preparing or providing a passenger list, or in providing information concerning a preliminary
passenger manifest, pursuant to a plan submitted by the air carrier under subsection (b), unless such liability was caused by conduct of the air carrier which was grossly negligent or which constituted intentional misconduct.

(e) AIRCRAFT ACCIDENT AND PASSENGER DEFINED.—In this section, the terms “aircraft accident” and “passenger” have the meanings such terms have in section 1136 of this title.

(f) STATUTORY CONSTRUCTION.—Nothing in this section may be construed as limiting the actions that an air carrier may take, or the obligations that an air carrier may have, in providing assistance to the families of passengers involved in an aircraft accident.

AMENDMENTS

Subsec. (b)(9). Pub. L. 115–254, §1109(a)(2)(A), substituted “(and any other victim of the accident, including any victim on the ground)” for “(and any other victim of the accident)”.

Subsec. (b)(17)(A). Pub. L. 115–254, §1109(a)(2)(C), substituted “any damage” for “significant damage”.

2000—Subsec. (a). Pub. L. 106–181, §402(a)(5)(A), substituted “Any air carrier” for “Not later than 6 months after the date of the enactment of this section, each air carrier”.

Subsec. (c). Pub. L. 106–181, §402(a)(5)(B), substituted “The Secretary” for “After the date that is 6 months after the date of the enactment of this section, each air carrier”.

Subsec. (d). Pub. L. 106–181, §402(b), inserted “, or in providing information concerning a preliminary passenger manifest, before “pursuant to a plan”.

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 106–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 106–176, set out as an effective date under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

Amendment by section 402(a)(5)(B) to (c) of Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as a note under section 106 of this title.

EFFECTIVE DATE

Except as otherwise specifically provided, section applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

UPDATE PLANS

Pub. L. 108–176, title VIII, §809(c), Dec. 12, 2003, 117 Stat. 2589, provided that: “Air carriers and foreign air carriers shall update their plans under sections 41113 and 41313 of title 49, United States Code, respectively, to reflect the amendments made by subsections (a) and (b) of this section [amending this section and section 41313 of this title] not later than 90 days after the date of enactment of this Act [Dec. 12, 2003].”

ESTABLISHMENT OF TASK FORCE

“(a) ESTABLISHMENT.—The Secretary of Transportation, in cooperation with the National Transportation Safety Board, the Federal Emergency Management Agency, the American Red Cross, air carriers, and families which have been involved in aircraft accidents shall establish a task force consisting of representatives of such entities and families, representatives of air carrier employees, and representatives of such other entities as the Secretary considers appropriate.

“(b) GUIDELINES AND RECOMMENDATIONS.—The task force established pursuant to subsection (a) shall develop

“(1) guidelines to assist air carriers in responding to aircraft accidents;

“(2) recommendations on methods to ensure that attorneys and representatives of media organizations do not intrude on the privacy of families of passengers involved in an aircraft accident;

“(3) recommendations on methods to ensure that the families of passengers involved in an aircraft accident who are not citizens of the United States receive appropriate assistance;

“(4) recommendations on methods to ensure that State mental health licensing laws do not act to prevent out-of-state mental health workers from working at the site of an aircraft accident or other related sites;

“(5) recommendations on the extent to which military experts and facilities can be used to aid in the identification of the remains of passengers involved in an aircraft accident; and

“(6) recommendations on methods to improve the timeliness of the notification provided by air carriers to the families of passengers involved in an aircraft accident, including—

“(A) an analysis of the steps that air carriers would have to take to ensure that an accurate list of passengers on board the aircraft would be available within 1 hour of the accident and an analysis of such steps to ensure that such list would be available within 3 hours of the accident;

“(B) an analysis of the added costs to air carriers and travel agents that would result if air carriers were required to take the steps described in subparagraph (A);

“(C) an analysis of any inconvenience to passengers, including flight delays, that would result if air carriers were required to take the steps described in subparagraph (A); and

“(D) an analysis of the implications for personal privacy that would result if air carriers were required to take the steps described in subparagraph (A).”
to provide the foreign air transportation under an agreement with the United States Government; or
(b) the foreign air transportation to be provided under the permit will be in the public interest.

(Pub. L. 103–272, § 1(e), July 5, 1994, 108 Stat. 1126.)

</table>

In this section, before clause (1), the words “person (except a citizen of the United States)” and “person” are substituted for “applicant” for clarity and consistency because only a person other than a United States citizen may be a “foreign air carrier” as defined in section 40102(a) of the revised title. In clauses (1) and (2), the word “provide” is substituted for “perform” for consistency in the revised title. In clause (1), the word “properly” is omitted as surplus. The word “comply” is substituted for “conform” for consistency in the revised title. The word “rules” is omitted as being synonymous with “regulations”. The word “requirements” is omitted as surplus. In clause (2)(A), the words “government of its country” are substituted for “its government” for consistency in the revised title and with other titles of the United States Code.

§ 41303. Transfers of permits

A permit issued under section 41302 of this title may be transferred only when the Secretary of Transportation approves the transfer because the transfer is in the public interest.

(Pub. L. 103–272, § 1(e), July 5, 1994, 108 Stat. 1127.)

§ 41304. Effective periods and amendments, modifications, suspensions, and revocations of permits

(a) GENERAL.—The Secretary of Transportation may prescribe the period during which a permit issued under section 41302 of this title is in effect. After notice and an opportunity for a hearing, the Secretary may amend, modify, suspend, or revoke the permit if the Secretary finds that action to be in the public interest.

(b) SUSPENSIONS AND RESTRICTIONS.—Without a hearing, but subject to the approval of the President, the Secretary—

(1) may suspend summarily the permits of foreign air carriers of a foreign country, or amend, modify, or limit the operations of the foreign air carriers under the permits, when the Secretary finds—

(A) the action is in the public interest; and

The word “provide” is substituted for “engage in” for consistency in the revised title. The word “holds” is substituted for “there is in force” to eliminate unnecessary words.

§ 41301. Requirement for a permit

A foreign air carrier may provide foreign air transportation only if the foreign air carrier holds a permit issued under this chapter authorizing the foreign air transportation.

(Pub. L. 103–272, § 1(e), July 5, 1994, 108 Stat. 1126.)

</table>

The word “provide” is substituted for “engage in” for consistency in the revised title. The word “holds” is substituted for “there is in force” to eliminate unnecessary words.

§ 41302. Permits of foreign air carriers

The Secretary of Transportation may issue a permit to a person (except a citizen of the United States) authorizing the person to provide foreign air transportation as a foreign air carrier if the Secretary finds that:

(1) the person is fit, willing, and able to provide the foreign air transportation to be authorized by the permit and to comply with this part and regulations of the Secretary; and

(2)(A) the person is qualified, and has been designated by the government of its country,
§ 41305

(B) the government, an aeronautical authority, or a foreign air carrier of the foreign country, over the objection of the United States Government, has—

(i) limited or denied the operating rights of an air carrier; or

(ii) engaged in unfair, discriminatory, or restrictive practices that have a substantial adverse competitive impact on an air carrier related to air transportation to, from, through, or over the territory of the foreign country; and

(2) to make this subsection effective, may restrict operations between the United States and the foreign country by a foreign air carrier of a third country.

(c) ILLEGAL IMPORTATION OF CONTROLLED SUBSTANCES.—The Secretary—

(1) in consultation with appropriate departments, agencies, and instrumentalities of the Government, shall reexamine immediately the fitness of a foreign air carrier that—

(A) violates the laws and regulations of the United States related to the illegal importation of a controlled substance; or

(B) does not adopt available measures to prevent the illegal importation of a controlled substance into the United States on its aircraft; and

(2) when appropriate, shall amend, modify, suspend, or revoke the permit of the carrier issued under this chapter.

(d) RESPONSES.—An interested person may file a response with the Secretary opposing or supporting the amendment, modification, suspension, or revocation of a permit under subsection (a) of this section.

(Pub. L. 100–272, §1(e), July 5, 1994, 108 Stat. 1127.)

### Historical and Revision Notes

In subsection (a), the words “altered” and “cancelled” are omitted as surplus. In subsection (b)(1), before clause (A), the words “alter” and “condition” are omitted as surplus. In clause (B)(1) and (ii), the words “United States” before “air carriers” and “carriers” are omitted as surplus and for consistency because only a citizen of the United States may be an “air carrier” as defined in section 40102(a) of the revised title. In clause (B)(1), the word “impaired” is omitted as surplus.

### § 41305. Applications for permits

(a) FORM, CONTENTS, NOTICE, RESPONSE, AND ACTIONS ON APPLICATIONS.—(1) A person must apply in writing to the Secretary of Transportation to be issued a permit under section 41302 of this title. The Secretary shall prescribe regulations to require that the application be—

(A) verified;

(B) in a certain form and contain certain information;

(C) served on interested persons; and

(D) accompanied by proof of service on those persons.

(2) When an application is filed, the Secretary shall post a notice of the application in the office of the Secretary and give notice of the application to other persons as required by regulations of the Secretary. An interested person may file a response with the Secretary opposing or supporting the issuance of the permit. The Secretary shall act on an application as expeditiously as possible.

(b) TERMS.—The Secretary may impose terms for providing foreign air transportation under the permit that the Secretary finds may be required in the public interest.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1127.)

In subsection (a)(1), before clause (A), the words “A person must apply . . . to the Secretary of Transportation to be issued a permit under section 41302 of this title” are added for clarity. Clause (C) is added for clarity.

In subsection (a)(2), the words “give due notice thereof to the public by” are omitted as surplus. The word
approval not later than 60 days after it is submitted to the President; or
(2)(A) takes effect as a decision of the Secretary if the President does not disapprove the decision not later than 60 days after the decision is submitted to the President; and
(B) when effective, may be reviewed judicially under section 46110 of this title.

In this section, before clause (1), the word “cancellation” is omitted as surplus. The word “modify” is added for consistency. The words “the terms, conditions, and limitations contained in” are omitted as surplus. The words “issued under section 41102 of this title” are added for clarity. The word “provide” is substituted for “engage in” for consistency in the revised title. In clause (1), the words “null and” are omitted as surplus. The word “publishes” is substituted for “issued in a public document” to eliminate unnecessary words. In clause (2)(A), the words “not the President” are omitted as surplus.

EXECUTIVE ORDER No. 11920
Ex. Ord. No. 11920, June 10, 1961, 41 F.R. 23665, which provided for establishment of Executive branch procedures to facilitate review of submitted decisions, was revoked by Ex. Ord. No. 12547, Feb. 6, 1986, 51 F.R. 5029.

EXECUTIVE ORDER No. 12547
Ex. Ord. No. 12547, Feb. 6, 1986, 51 F.R. 5029, which provided for establishment of procedures to facilitate Presidential review of international aviation decisions submitted by Department of Transportation, was revoked by Ex. Ord. No. 12597, May 13, 1987, 52 F.R. 18335, set out below.

EX. ORD. No. 12597, ESTABLISHING PROCEDURES FOR FACILITATING PRESIDENTIAL REVIEW OF INTERNATIONAL AVIATION DECISIONS BY THE DEPARTMENT OF TRANSPORTATION
Ex. Ord. No. 12597, May 13, 1987, 52 F.R. 18335, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, including Section 801 of the Federal Aviation Act, as amended (49 U.S.C. app. §1461) [see 49 U.S.C. 41307, 41509], and in order to provide presidential guidance to department and agency heads and facilitate presidential review of decisions by the Department of Transportation pursuant to the Federal Aviation Act [see 49 U.S.C. 40101 et seq.], it is hereby ordered as follows:

SECT. 1. Executive Order No. 12597 of February 6, 1986, is revoked.

Sect. 2. The Secretary of Transportation is designated and empowered to receive on behalf of the President any decision of the Department of Transportation (hereinafter referred to as the “DOT”) subject to Section 801 of the Federal Aviation Act, as amended. The Secretary of Transportation is further designated and empowered to exercise, without the approval, ratification, or other action of the President, the authority of the President under Section 801 of the Federal Aviation Act, as amended, to review and determine not to dis-
approve any such decision that is not the subject of any written recommendation for disapproval or for a statement of reasons submitted to the Department of Transportation and shall promptly make those matters known to the DOT in the course of the presidential review established by this Order.

Sic. 3. (a) Except as otherwise provided in this section, decisions of the DOT subject to Section 801 of the Federal Aviation Act, as amended, may be made available by the DOT for public inspection and copying following transmission to Executive departments and agencies pursuant to section 3(c) of this Order.

(b) In the interests of national security, and in order to allow for consideration of appropriate action under former Executive Order No. 12356, decisions of the DOT transmitted to Executive departments and agencies pursuant to section 3(c) of this Order shall be withheld from public disclosure for a period not to exceed 5 days after said transmission.

(c) At the same time that decisions of the DOT are received by the Secretary of Transportation pursuant to section 2 of this Order, the DOT shall transmit copies thereof to the Secretary of State, the Secretary of Defense, the Secretary of the Treasury, the Attorney General, the Assistant to the President for National Security Affairs, the Director of the Office of Management and Budget, and any other Executive department or agency that the DOT deems appropriate.

(d) The Secretary of State and the Secretary of Defense, or their designees, shall review the decisions of the DOT transmitted pursuant to section 3(c) of this Order and shall promptly advise the Assistant to the President for National Security Affairs or his designee whether action pursuant to Executive Order No. 12356 is deemed appropriate. If, after considering these recommendations, the Assistant to the President for National Security Affairs determines that classification under Executive Order No. 12356 is appropriate, he shall take such action and immediately so inform the DOT. Action pursuant to this subsection shall be completed by the persons designated herein within 5 days of the transmission of the decision.

5. (a) The DOT shall receive the recommendations, addressed to the President, of the departments and agencies referred to in section 3(c) of this Order.

(b) Departments or agencies outside of the Executive Office of the President making recommendations on matters of national defense or foreign relations in the course of the presidential review established by this Order. All other matters, including those related to regulatory policy, shall be presented to the DOT in accordance with the procedures of the DOT.

(c) At the same time that decisions of the DOT are received by the Secretary of Transportation pursuant to section 2 of this Order, the DOT shall transmit copies of any decision to the Assistant to the President for National Security Affairs, who, if recommendations for disapproval or for a statement of reasons are received, transmit them to the Assistant to the President for National Security Affairs, who, upon review, shall transmit them to the President with a recommendation as to whether or not the President should disapprove the proposed decision.

Sic. 6. (a) In advising the President with respect to his review of a decision pursuant to Section 801, departments and agencies outside of the Executive Office of the President shall identify with particularity the defense or foreign policy implications of the DOT decision that are deemed appropriate for consideration.

(b) If any department or agency that made recommendations to the President pursuant to Section 801 believes that, if the President decides not to disapprove a decision, the letter so advising the DOT should include a statement that the decision not to disapprove was based on national defense or foreign relations reasons, it should so indicate separately and explain why.

Sic. 7. Individuals within the Executive Office of the President shall follow a policy of: (a) refusing to discuss matters relating to the disposition of a case subject to review of the President pursuant to Section 801 with any interested private party, or an attorney or agent for any such party, prior to the decision by the President or his designee; and (b) referring any written communication from an interested private party, or an attorney or agent for any such party, to the appropriate department or agency outside of the Executive Office of the President. Exceptions to this policy may be made only when the head of an appropriate department or agency outside of the Executive Office of the President personally finds, on a nondelegable basis, that direct written or oral communication between a private party and a person within the Executive Office of the President is needed for reasons of defense or foreign policy.

Sic. 8.Departments and agencies outside of the Executive Office of the President that regularly make recommendations in connection with the presidential review pursuant to Section 801 shall, consistent with applicable law, including the provisions of Chapter 5 of Title 5 of the United States Code:

(a) establish public dockets for all written communications (other than those requiring confidential treatment for defense or foreign policy reasons) between their officers and employees and private parties in connection with the preparation of such recommendations; and

(b) prescribe such other procedures governing oral and written communications as they deem appropriate.

Sic. 9. This Order is intended solely for the internal guidance of the departments and agencies in order to facilitate the presidential review process. This Order does not confer rights on any private parties.

Sic. 10. None of the time deadlines specified in this Order shall be construed as a limitation on expedited presidential review of any decision under Section 801.

Sic. 11. The provisions of this Order shall become effective upon publication in the Federal Register and shall govern the review of any proposed decisions of the DOT that have not become final prior to that date under Executive Order No. 12547.

Sic. 12. References in any Executive order to any provision in Executive Order No. 12547 shall be deemed to refer to the corresponding provision in this Order.

RONALD REAGAN.

§ 41308. Exemption from the antitrust laws

(a) DEFINITION.—In this section, “antitrust laws” has the same meaning given that term in the first section of the Clayton Act (15 U.S.C. 12).

(b) EXEMPTION AUTHORIZED.—When the Secretary of Transportation decides it is required
by the public interest, the Secretary, as part of an order under section 41309 or 42111 of this title, may exempt a person affected by the order from the antitrust laws to the extent necessary to allow the person to proceed with the transaction specifically approved by the order and with any transaction necessarily contemplated by the order.

(c) EXEMPTION REQUIRED.—In an order under section 41309 of this title approving an agreement, request, modification, or cancellation, the Secretary, on the basis of the findings required under section 41309(b)(1), shall exempt a person affected by the order from the antitrust laws to the extent necessary to allow the person to proceed with the transaction specifically approved by the order and with any transaction necessarily contemplated by the order.

(Subsection (a) is substituted for “the ‘anti-trust laws’ set forth in subsection (a) of section 12 of title 15” for consistency in the revised title and with other titles of the United States Code.

In subsection (b), reference to 49 App.:1378 and 1379 is omitted as obsolete.

§ 41309. Cooperative agreements and requests

(a) FILING.—An air carrier or foreign air carrier may file with the Secretary of Transportation a true copy of or, if oral, a true and complete memorandum of, an agreement (except an agreement related to interstate air transportation), or a request for authority to discuss cooperative arrangements (except arrangements related to interstate air transportation), and any modification or cancellation of an agreement, between the air carrier or foreign air carrier and another air carrier, a foreign carrier, or another carrier.

(b) APPROVAL.—The Secretary of Transportation shall approve an agreement, request, modification, or cancellation referred to in subsection (a) of this section when the Secretary finds that—

(1) or, after periodic review, end approval of, an agreement, request, modification, or cancellation, that substantially reduces or eliminates competition unless the Secretary finds that——

(A) the agreement, request, modification, or cancellation is necessary to meet a serious transportation need or to achieve important public benefits (including international comity and foreign policy considerations);

(B) the transportation need cannot be met or those benefits cannot be achieved by reasonably available alternatives that are materially less anticompetitive; or

(2) an agreement that—

(A) is between an air carrier not directly operating aircraft in foreign air transportation and a carrier subject to subtitle IV of this title; and

(B) governs the compensation the carrier may receive for the transportation.

(c) NOTICE AND OPPORTUNITY TO RESPOND OR FOR HEARING.—(1) When an agreement, request, modification, or cancellation is filed, the Secretary of Transportation shall serve the Attorney General and the Secretary of State written notice of, and an opportunity to submit written comments about, the filing. On the initiative of the Secretary of Transportation or on request of the Attorney General or Secretary of State, the Secretary of Transportation may conduct a hearing to decide whether an agreement, request, modification, or cancellation is consistent with this part whether or not it was approved previously.

(2) In a proceeding before the Secretary of Transportation applying standards under subsection (b)(1) of this section, a party opposing an agreement, request, modification, or cancellation has the burden of proving that it substantially reduces or eliminates competition and that less anticompetitive alternatives are available. The party defending the agreement, request, modification, or cancellation has the burden of proving the transportation need or public benefits.

(3) The Secretary of Transportation shall include the findings required by subsection (b)(1) of this section in an order of the Secretary approving or disapproving an agreement, request, modification, or cancellation.

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

(A) the agreement, request, modification, or cancellation is necessary to meet a serious transportation need or to achieve important public benefits (including international comity and foreign policy considerations);

(B) the transportation need cannot be met or those benefits cannot be achieved by reasonably available alternatives that are materially less anticompetitive; or

(2) an agreement that—

(A) is between an air carrier not directly operating aircraft in foreign air transportation and a carrier subject to subtitle IV of this title; and

(B) governs the compensation the carrier may receive for the transportation.

(c) NOTICE AND OPPORTUNITY TO RESPOND OR FOR HEARING.—(1) When an agreement, request, modification, or cancellation is filed, the Secretary of Transportation shall serve the Attorney General and the Secretary of State written notice of, and an opportunity to submit written comments about, the filing. On the initiative of the Secretary of Transportation or on request of the Attorney General or Secretary of State, the Secretary of Transportation may conduct a hearing to decide whether an agreement, request, modification, or cancellation is consistent with this part whether or not it was approved previously.

(2) In a proceeding before the Secretary of Transportation applying standards under subsection (b)(1) of this section, a party opposing an agreement, request, modification, or cancellation has the burden of proving that it substantially reduces or eliminates competition and that less anticompetitive alternatives are available. The party defending the agreement, request, modification, or cancellation has the burden of proving the transportation need or public benefits.

(3) The Secretary of Transportation shall include the findings required by subsection (b)(1) of this section in an order of the Secretary approving or disapproving an agreement, request, modification, or cancellation.

--- | --- | ---

Subsection (a) is substituted for “the ‘anti-trust laws’ set forth in subsection (a) of section 12 of title 15” for consistency in the revised title and with other titles of the United States Code.

In subsection (b), reference to 49 App.:1378 and 1379 is omitted as obsolete.
### § 41310. Discriminatory practices

(a) **Prohibition.**—An air carrier or foreign air carrier may not subject a person, place, port, or type of traffic in foreign air transportation to unreasonable discrimination.

(b) **Review and Negotiation of Discriminatory Foreign Charges.**

(1) The Secretary of Transportation shall survey charges imposed on an air carrier by the government of a foreign country or another foreign entity for the use of airport property or airway property in foreign air transportation. If the Secretary of Transportation decides that a charge is discriminatory, the Secretary promptly shall report the decision to the Secretary of State. The Secretaries of State and Transportation promptly shall begin negotiations with the appropriate government to end the discrimination. If the discrimination is not ended in a reasonable time through negotiation, the Secretary of Transportation shall establish a compensating charge equal to the discriminatory charge. With the approval of the Secretary of State, the Secretary of the Treasury shall impose the compensating charge on a foreign air carrier of that country as a condition to accepting the general declaration of the aircraft of the foreign air carrier when it lands or takes off.

(2) The Secretary of the Treasury shall maintain an account to credit money collected under paragraph (1) of this subsection. An air carrier shall be paid from the account an amount certified by the Secretary of Transportation to compensate the air carrier for the discriminatory charge paid to the government.

(c) **Actions Against Discriminatory Activity.**

(1) The Secretary of Transportation may take actions the Secretary considers are in the public interest to eliminate an activity of a government of a foreign country or another foreign entity, including a foreign air carrier, when the Secretary, on the initiative of the Secretary or on complaint, decides that the activity—

(A) is an unjustifiable or unreasonable discriminatory predatory, or anticompetitive practice against an air carrier; or

(B) imposes an unjustifiable or unreasonable restriction on access of an air carrier to a foreign market.

(2) The Secretary of Transportation may deny, amend, modify, suspend, revoke, or transfer under paragraph (1) of this subsection a foreign air carrier permit or tariff under section 41302, 41303, 41304(a), 41504(c), 41507, or 41509 of this title.

(d) **Filing of, and Acting on, Complaints.**

(1) An air carrier, computer reservations system firm, or a department, agency, or instrumentality of the United States Government may file a complaint under subsection (c) or (g) of this section with the Secretary of Transportation. The Secretary shall approve, deny, or dismiss the complaint, set the complaint for a hearing or investigation, or begin another proceeding proposing remedial action not later than 60 days after receiving the complaint. The Secretary may extend the period for acting for additional periods totaling not more than 30 days if the Secretary decides that with additional time it is likely that a complaint can be resolved satisfac-
torily through negotiations with the government of the foreign country or foreign entity. The Secretary must act not later than 90 days after receiving the complaint. However, the Secretary may extend this 90-day period for not more than an additional 90 days if, on the last day of the initial 90-day period, the Secretary finds that—

(A) negotiations with the government have progressed to a point that a satisfactory resolution of the complaint appears imminent;

(B) an air carrier or computer reservations system firm has not been subjected to economic injury by the government or entity as a result of filing the complaint; and

(C) the public interest requires additional time before the Secretary acts on the complaint.

(2) In carrying out paragraph (1) of this subsection and subsection (c) of this section, the Secretary of Transportation shall—

(A) solicit the views of the Secretaries of Commerce and State and the United States Trade Representative;

(B) give an affected air carrier or foreign air carrier reasonable notice and an opportunity to submit written evidence and arguments within the time limits of this subsection; and

(C) submit to the President under section 41307 of this title actions proposed by the Secretary of Transportation.

(e) REVIEW.—(1) The Secretaries of State, the Treasury, and Transportation and the heads of other departments, agencies, and instrumentalities of the Government shall keep under review, to the extent of each of their jurisdictions, each form of discrimination or unfair competitive practice to which an air carrier is subject when providing foreign air transportation or a computer reservations system firm is subject when providing services with respect to airline service. Each Secretary and head shall—

(A) take appropriate action to eliminate any discrimination or unfair competitive practice found to exist; and

(B) request Congress to enact legislation when the authority to eliminate the discrimination or unfair practice is inadequate.

(2) The Secretary of Transportation shall report to Congress annually on each action taken under paragraph (1) of this subsection and on the continuing program to eliminate discrimination and unfair competitive practices. The Secretaries of State and the Treasury each shall give the Secretary of Transportation information necessary to prepare the report.

(f) REPORTS.—Not later than 30 days after acting on a complaint under this section, the Secretary of Transportation shall report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on action taken under this section on the complaint.

(g) ACTIONS AGAINST DISCRIMINATORY ACTIVITY BY FOREIGN CRS SYSTEMS.—The Secretary of Transportation may take such actions as the Secretary considers are in the public interest to eliminate an activity of a foreign air carrier that owns or markets a computer reservations system, or of a computer reservations system firm whose principal offices are located outside the United States, when the Secretary, on the initiative of the Secretary or on complaint, decides that the activity, with respect to airline service—

(1) is an unjustifiable or unreasonable discriminatory, predatory, or anticompetitive practice against a computer reservations system firm whose principal offices are located inside the United States; or

(2) imposes an unjustifiable or unreasonable restriction on access of such a computer reservations system to a foreign market.

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

In subsection (a), the words “may not subject . . . to unreasonable discrimination” are substituted for “No . . . shall make, give, or cause any undue or unreasonable preference or advantage . . . in any respect whatsoever . . . to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever” to eliminate unnecessary words. The words “foreign air transportation” are substituted for “air transportation” because 49 App.:1364 no longer applies to interstate or overseas air transportation except insofar as 49 App.:1374 requires air carriers to provide safe and adequate service.

In subsection (b)(1), the words “at any time”, “unreasonably exceed comparable charges for furnishing such airport property or property in the United States or are otherwise” and “subject . . . as surplus” are omitted as surplus because the Secretary of Transpor-
tation is involved in the negotiations and aware of the failure to end the discrimination. The words “excessive or” are omitted as surplus. The words “or carriers” are omitted because of 1:1.

In subsection (b)(2), the words “in accordance with such regulations as he shall adopt” are omitted as surplus because of 49:322(a). The words “by them” are omitted as surplus.

In subsections (c)-(e), the words “United States” before “air carriers” and “air carrier” are omitted as surplus and for consistency because only a citizen of the United States may be an “air carrier” as defined in section 40102(a) of the revised title and because 49 App:1301 applies to this section.

In subsections (c)(1) and (d)(1), before clause (A), the words “department, agency, or instrumentality of the United States Government” are substituted for “agency of the Government of the United States” for consistency in the revised title and with other titles of the Code. The words “additional periods totaling not more than 30 days” are substituted for “an additional period or periods of up to 30 days each” for clarity because the amendment made by section 10111 of the Omnibus Trade and Competitiveness Act of 1988 (Public Law 100–418, 102 Stat. 1973) changed the additional period within which the Secretary had to act to only 30 days. The word “initial” is added for clarity.

In subsection (d)(2)(A), the words “the Secretaries of Commerce and State and the United States Trade Representative” are substituted for “the Department of State, the Department of Commerce, and the Office of the United States Trade Representative” because of 15:1501, 22:3651, and 19:2171, respectively.

In subsection (d)(2)(B), the words “as is consistent with acting on the complaint” are omitted as surplus.

In subsection (e)(1), before clause (A), the text of 49 App:1159b(a) (1st, 2d sentences) is omitted as executed.

In subsection (e)(2)(B), the words “as is consistent with acting on the complaint” are omitted as surplus.

In subsection (e)(1), before clause (A), the text of 49 App:1159b(a) (1st, 2d sentences) is omitted as executed.

In subsection (e)(2), the words “faced by United States carriers in foreign air transportation”, “as may be”, and “required by this subsection” are omitted as surplus.

AMENDMENTS

2000—Subsec. (d)(1). Pub. L. 106–181, § 741(b)(1)(A), (B), in first sentence of introductory provision, substituted “air carrier, computer reservations system firm,” for “air carrier” and “subsection (c) or (g)” for “subsection (c) or (g).

Subsec. (d)(1)(B). Pub. L. 106–181, § 741(b)(1)(C), substituted “air carrier or computer reservations system firm” for “air carrier”.

Subsec. (e)(1). Pub. L. 106–181, § 741(b)(2), inserted “or a computer reservations system firm is subject when providing services with respect to airline service” before period at end of first sentence.

Subsec. (g). Pub. L. 106–181, § 741(a), added subsec. (g).

### § 41311 Gambling restrictions

(a) IN GENERAL.—An air carrier or foreign air carrier may not install, transport, or operate, or permit the use of, any gambling device on board an aircraft in foreign air transportation.

(b) DEFINITION.—In this section, the term “gambling device” means any machine or mechanical device (including gambling applications on electronic interactive video systems installed on board aircraft for passenger use)—

(1) which when operated may deliver, as the result of the application of an element of chance, any money or property; or

(2) by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property.

### Study of Gambling on Commercial Aircraft

Pub. L. 103–305, title II, § 205(b), Aug. 23, 1994, 108 Stat. 1583, provided that: “Not later than 1 year after the date of the enactment of this Act [Aug. 23, 1994], the Secretary shall complete a study of—

“(1) the aviation safety effects of gambling applications on electronic interactive video systems installed on board aircraft for passenger use, including an evaluation of the effect of such systems on the navigational and other electronic equipment of the aircraft, on the passengers and crew of the aircraft, and on issues relating to the method of payment; and

“(2) the competitive implications of permitting foreign air carriers only, but not United States air carriers, to install, transport, and operate gambling applications on electronic interactive video systems on board aircraft in the foreign commerce of the United States on flights over international waters, or in fifth freedom city-pair markets; and

“(3) whether gambling should be allowed on international flights, including proposed legislation to effectuate any recommended changes in existing law.

The Secretary shall, within 5 days after the completion of the study, submit a report to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Public Works and Transportation [now Committee on Transportation and Infrastructure] of the House of Representatives on the results of the study.”

### § 41312 Ending or suspending foreign air transportation

(a) GENERAL.—An air carrier holding a certificate issued under section 4102 of this title to provide foreign air transportation—

(1) may end or suspend the transportation to a place under the certificate only when the carrier gives at least 90 days notice of its intention to end or suspend the transportation
to the Secretary of Transportation, any community affected by that decision, and the State authority of the State in which a community is located; and

(2) if it is the only air carrier holding a certificate to provide non-stop or single-plane foreign air transportation between 2 places, may end or suspend the transportation between those places only when the carrier gives at least 60 days notice of its intention to end or suspend the transportation to the Secretary and each community directly affected by that decision.

(b) TEMPORARY SUSPENSION.—The Secretary may authorize the temporary suspension of foreign air transportation under subsection (a) of this section when the Secretary finds the suspension is in the public interest.

HISTORICAL AND REVISION NOTES

PUB. L. 103–429

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---
41312(b) ...... | 49 App.:1371(j)(1) (last sentence), 49 App.:1551(a)(1)(D), (b)(1)(E). | 

In subsection (a)(1), the words “which it is providing” are omitted as surplus. The word “authority” is substituted for “point” for consistency in the revised title. The words “by that decision” are added for clarity.

In subsection (a)(2), the words “between those places” are substituted for “being provided by such air carrier under such certificate” to eliminate unnecessary words.

In subsection (b), the words “by regulation or other wise” are omitted as surplus. The words “when the Secretary finds the suspension is in” are substituted for “as may be” for clarity and consistency.

PUB. L. 104–287

This amends 49:41312(a)1 to conform to the style of title 49.

AMENDMENTS

1996—Subsec. (a)(1). Pub. L. 104–287 substituted “Secretary of Transportation” for “Secretary”.

§ 41313. Plans to address needs of families of passengers involved in foreign air carrier accidents

(a) DEFINITIONS.—In this section, the following definitions apply:

(1) AIRCRAFT ACCIDENT.—The term “aircraft accident” means any aviation disaster, regardless of its cause or suspected cause, that occurs within the United States; and

(2) PASSENGER.—The term “passenger” has the meaning given such term by section 1136.

(b) SUBMISSION OF PLANS.—A foreign air carrier providing foreign air transportation under this chapter shall transmit to the Secretary of Transportation and the Chairman of the National Transportation Safety Board a plan for addressing the needs of the families of passengers involved in an aircraft accident that involves an aircraft under the control of the foreign air carrier and results in any loss of life.

(c) CONTENTS OF PLANS.—To the extent permitted by foreign law which was in effect on the date of the enactment of this section, a plan submitted by a foreign air carrier under subsection (b) shall include the following:

(1) TELEPHONE NUMBER.—A plan for publicizing a reliable, toll-free telephone number and staff to take calls to such number from families of passengers involved in an aircraft accident that involves an aircraft under the control of the foreign air carrier and results in any loss of life.

(2) NOTIFICATION OF FAMILIES.—A process for notifying, in person to the extent practicable, the families of passengers involved in an aircraft accident that involves an aircraft under the control of the foreign air carrier and results in any loss of life before providing any public notice of the names of such passengers. Such notice shall be provided by using the services of—

(A) the organization designated for the accident under section 1136(a)(2); or

(B) other suitably trained individuals.

(3) NOTICE PROVIDED AS SOON AS POSSIBLE.—An assurance that the notice required by paragraph (2) shall be provided as soon as practicable after the foreign air carrier has verified the identity of a passenger on the foreign aircraft, whether or not the names of all of the passengers have been verified.

(4) LIST OF PASSENGERS.—An assurance that the foreign air carrier shall provide, immediately upon request, and update a list (based on the best available information at the time of the request) of the names of the passengers aboard the aircraft (whether or not such names have been verified), to—

(A) the director of family support services designated for the accident under section 1136(a)(1); and

(B) the organization designated for the accident under section 1136(a)(2).

(5) CONSULTATION REGARDING DISPOSITION OF REMAINS AND EFFECTS.—An assurance that the

Effective Date

Section effective July 5, 1994, see section 9 of Pub. L. 103–429, set out as an Effective Date of 1994 Amendment note under section 321 of this title.
family of each passenger will be consulted about the disposition of any remains and personal effects of the passenger that are within the control of the foreign air carrier.

(6) Return of Possessions.—An assurance that, if requested by the family of a passenger, any possession (regardless of its condition) of that passenger that is within the control of the foreign air carrier will be returned to the family unless the possession is needed for the accident investigation or a criminal investigation.

(7) Unclaimed Possessions Retained.—An assurance that any unclaimed possession of a passenger within the control of the foreign air carrier will be retained by the foreign air carrier for not less than 18 months after the date of the accident.

(8) Monuments.—An assurance that the family of each passenger will be consulted about construction by the foreign air carrier of any monument to the passengers built in the United States, including any inscription on the monument.

(9) Equal Treatment of Passengers.—An assurance that the treatment of the families of non-revenue passengers (and any other victim of the accident, including any victim on the ground) will be the same as the treatment of the families of revenue passengers.

(10) Service and Assistance to Families of Passengers.—An assurance that the foreign air carrier will work with any organization designated under section 1136(a)(2) on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following an accident.

(11) Compensation to Service Organizations.—An assurance that the foreign air carrier will provide reasonable compensation to any organization designated under section 1136(a)(2) for services and assistance provided by the organization.

(12) Travel and Care Expenses.—An assurance that the foreign air carrier will assist the family of any passenger in traveling to the location of the accident and provide for the physical care of the family while the family is staying at such location.

(13) Resources for Plan.—An assurance that the foreign air carrier will commit sufficient resources to carry out the plan.

(14) Substitute Measures.—If a foreign air carrier does not wish to comply with paragraph (10), (11), or (12), a description of proposed adequate substitute measures for the requirements of each paragraph with which the foreign air carrier does not wish to comply.

(15) Training of Employees and Agents.—An assurance that the foreign air carrier will provide adequate training to the employees and agents of the carrier to meet the needs of survivors and family members following an accident.

(16) Consultation on Carrier Response Not Covered by Plan.—An assurance that, in the event that the foreign air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside the United States involving any loss of life, will consult \(^1\) with the Board and the Department of State on the provision of the assistance.

(17) Notice Concerning Liability for Man-Made Structures.—

(A) In General.—An assurance that, in the case of an accident that results in any damage to a manmade structure or other property on the ground that is not government-owned, the foreign air carrier will promptly provide notice, in writing, to the extent practicable, directly to the owner of the structure or other property about liability for any property damage and means for obtaining compensation.

(B) Minimum Contents.—At a minimum, the written notice shall advise an owner (i) to contact the insurer of the property as the authoritative source for information about coverage and compensation; (ii) to not rely on unofficial information offered by foreign air carrier representatives about compensation by the foreign air carrier for accident-site property damage; and (iii) to obtain photographic or other detailed evidence of property damage as soon as possible after the accident, consistent with restrictions on access to the accident site.

(18) Simultaneous Electronic Transmission of NTSB Hearing.—An assurance that, in the case of an accident in which the National Transportation Safety Board conducts a public hearing or comparable proceeding at a location greater than 80 miles from the accident site, the foreign air carrier will ensure that the proceeding is made available simultaneously by electronic means at a location open to the public at both the origin city and destination city of the foreign air carrier’s flight if that city is located in the United States.

(d) Permit and Exemption Requirement.—The Secretary shall not approve an application for a permit under section 41302 unless the applicant has included as part of the application or request for exemption a plan that meets the requirements of subsection (c).

(e) Limitation on Liability.—A foreign air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the performance of the foreign air carrier in preparing or providing a passenger list pursuant to a plan submitted by the foreign air carrier under subsection (c), unless the liability was caused by conduct of the foreign air carrier which was grossly negligent or which constituted intentional misconduct.

The date of the enactment of this section, referred to in subsec. (c), is the date of enactment of Pub. L. 105–148, which was approved Dec. 16, 1997.

\(^1\) So in original. Probably should be “the foreign air carrier will consult”.
CHAPTER 415—PRICING

Sec. 41501. Establishing reasonable prices, classifications, rules, practices, and divisions of joint prices for foreign air transportation.

41502. Establishing joint prices for through routes with other carriers.

41503. Establishing joint prices for through routes provided by State authorized carriers.

41504. Tariffs for foreign air transportation.

41505. Uniform methods for establishing joint prices, and divisions of joint prices, applicable to commuter air carriers.

41506. Price division filing requirements for foreign air transportation.

41507. Authority of the Secretary of Transportation to change prices, classifications, rules, and practices for foreign air transportation.

41508. Authority of the Secretary of Transportation to adjust divisions of joint prices for foreign air transportation.

41509. Authority of the Secretary of Transportation to suspend, cancel, and reject tariffs for foreign air transportation.

41510. Required adherence to foreign air transportation tariffs.

41511. Special prices for foreign air transportation.

AMENDMENTS

2018—Subsec. (b). Pub. L. 115–254, §1109(b)(1), substituted “any loss of life” for “a major loss of life”.

Subsec. (c)(1). Pub. L. 115–254, §1109(b)(2)(A), substituted “any loss of life” for “a significant loss of life”.

Subsec. (c)(9). Pub. L. 115–254, §1109(b)(2)(C), amended par. (9) generally. Prior to amendment, text read as follows: “An assurance that the treatment of the families of nonrevenue passengers will be the same as the treatment of the families of revenue passengers.”

Subsec. (c)(16). Pub. L. 115–254, §1109(b)(2)(D), substituted “any loss of life” for “major loss of life” and “will consult” for “the foreign air carrier will consult”.

Pub. L. 115–254, §589(d), substituted “An assurance that” for “An assurance that the foreign air carrier”. Pub. L. 115–254, §1109(b)(2)(E), substituted “any damage” for “significant damage”.

2000—Subsec. (a)(2). Pub. L. 106–181, §403(a), amended heading and text of par. (2) generally. Prior to amendment, text read as follows: “The term ‘passenger’ includes an employee of a foreign air carrier or air carrier aboard an aircraft.”

Subsec. (b). Pub. L. 106–181, §403(b), substituted “major” for “significant”.

Subsec. (c)(15), (16). Pub. L. 106–181, §403(c)(1), added pars. (15) and (16).

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 2000 Amendment

Amendment by section 403(a) and (b) of Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as a note under section 106 of this title.

In this chapter, the word “regulation” is omitted in restating the phrase “classifications, rules, regulations, and practices” because it is covered by the word “rules” and to distinguish the rules of an air carrier or foreign air carrier from the regulations of the United States Government.

Every air carrier and foreign air carrier shall establish, comply with, and enforce—

(1) reasonable prices, classifications, rules, and practices related to foreign air transportation; and

(2) for joint prices established for foreign air transportation, reasonable divisions of those prices among the participating air carriers or foreign air carriers without unreasonably discriminating against any of those carriers.

lish under this section a joint price for the transportation of property with a carrier subject to subtitle IV of this title.

(b) Prices, Classifications, Rules, and Practices and Divisions of Joint Prices.—For through service by an air carrier and a carrier subject to subtitle IV of this title, the participating carriers shall establish—

(1) reasonable prices and reasonable classifications, rules, and practices affecting those prices or the value of the transportation provided under those prices; and

(2) for joint prices established for the through service, reasonable divisions of those joint prices among the participating carriers.

(c) Statements Included in Tariffs.—An air carrier and a carrier subject to subtitle IV of this title that are participating in through service and joint prices shall include in their tariffs, filed with the Secretary of Transportation, a statement showing the through service and joint prices.

§ 41503. Establishing joint prices for through routes provided by State authorized carriers

Subject to sections 41309 and 42111 of this title, a citizen of the United States providing transportation under section 41101(b) of this title may make an agreement with an air carrier or foreign air carrier for joint prices for that transportation. The joint prices agreed to must be the lowest of—

(1) the sum of the applicable prices for—

(A) the part of the transportation provided in the State and approved by the appropriate State authority; and

(B) the part of the transportation provided by the air carrier or foreign air carrier:

(2) a joint price established and filed under section 41504 of this title; or

(3) a joint price prescribed by the Secretary of Transportation under section 41507 of this title.

In this section, before clause (1), the words “Notwithstanding any other provision of this chapter” are omitted as surplus. The words “a citizen of the United States providing transportation under section 41101(b) of this title” are substituted for “any citizen of the United States who undertakes, within any State, the carriage of persons or property as a common carrier for compensation or hire with aircraft capable of carrying thirty or more persons pursuant to authority for such carriage within such State granted by the appropriate State agency” for clarity and because of the restatement of 49 App.:1371(d)(1)(A)(i) and (ii) (related to joint rates, fares) in 49:41504 of this title.

The words “the establishment of” are omitted as surplus.

§ 41504. Tariffs for foreign air transportation

(a) Filing and Contents.—In the way prescribed by regulation by the Secretary of Transportation, every air carrier and foreign air carrier shall file with the Secretary, publish, and keep open to public inspection, tariffs showing the prices for the foreign air transportation provided between places served by the carrier and provided between places served by the carrier and places served by another air carrier or foreign air carrier with which through service and joint prices have been established. A tariff—

(1) shall contain—

(A) to the extent the Secretary requires by regulation, a description of the classifications, rules, and practices related to the foreign air transportation;

(B) a statement of the prices in money of the United States; and

(C) other information the Secretary requires by regulation; and

HISTORICAL AND REVISION NOTES

Pub. L. 103–272

Revised Section Source (U.S. Code) Source (Statutes at Large)

41503 .......... 49 App.:1371(d) (4)(A)(i) (related to joint rates, fares), (B).

In this section, before clause (1), the words “Notwithstanding any other provision of this chapter” are omitted as surplus.

In subsection (a), the words “(except an air express company)” are substituted for “(other than companies engaged in the air express business)” to eliminate unnecessary words.

In subsection (b), before clause (1), the words “participating carriers” are substituted for “carriers parties thereto” and “carriers participating therein” for consistency in this chapter.

In subsection (c), the words “or the Interstate Commerce Commission, as the case may be” are omitted because of 49:10526(a)(5)(B).

Pub. L. 103–272

This amends the catchline for 49:41502 to make a technical and conforming amendment necessary because section 308(l) of the ICC Termination Act (Public Law 104–88, 109 Stat. 948) struck “common” from the text of 49:41502.

AMENDMENTS

1995—Pub. L. 104–88 substituted “another carrier” for “another common carrier” in subsec. (a) and “a carrier” for “a common carrier” in subsecs. (a), (b), and (c).

EFFECTIVE DATE OF 1995 AMENDMENT

(2) may contain—
(A) a statement of the prices in money that is not money of the United States; and
(B) information that is required under the laws of a foreign country in or to which the air carrier or foreign air carrier is authorized to operate.

(b) CHANGES.—(1) Except as provided in paragraph (2) of this subsection, an air carrier or foreign air carrier may change a price or a classification, rule, or practice affecting that price or the value of the transportation provided under that price, specified in a tariff of the carrier for foreign air transportation only after 30 days after the carrier has filed, published, and posted notice of the proposed change in the same way as required for a tariff under subsection (a) of this section. However, the Secretary may prescribe an alternative notice requirement, of at least 25 days, to allow an air carrier or foreign air carrier to match a proposed change in a passenger fare or a charge of another air carrier or foreign air carrier. A notice under this paragraph must state plainly the change proposed and when the change will take effect.

(2) If the effect of a proposed change would be to begin a passenger fare that is outside of, or a charge of another air carrier or foreign air carrier is authorized to operate.

In this section, the words “foreign air transportation” are substituted for “air transportation because 49 App.:1373 no longer applies to interstate or overseas air transportation and 49 App.:1376(a)–(e), restated in section 41901 of the revised title, governs rates for the transportation of mail by aircraft. See section 4010(a) of the revised title defining “air transportation” to mean interstate or foreign air transportation or the transportation of mail by aircraft. The words “passenger fare” are substituted for “fare” for consistency in the revised title.

In subsection (a), before clause (1), the word “print” is omitted as being included in “publish”. The word “places” is substituted for “points” for consistency in the revised title and with other titles of the United States Code. In clause (1)(A), the word “services” is omitted as being included in “practices”. In clauses (1)(B) and (2)(A), the word “lawful” is omitted as surplus.

In subsection (b)(1), the words “for foreign air transportation” are added because of 49 App.:1373(b)(1). See the revision notes for subsection (a) of this section. The words “in the same way as required for a tariff under” are substituted for “in accordance with” for clarity. The words “proposed change in a passenger fare” are substituted for “may change” for consistency in the revised title and other titles of the United States Code. In subsection (c)(2), the words “not covered by” are substituted for “to which such range of fares does not apply” to eliminate unnecessary words. The words “subparagraphs (A) and (B) of section 1822(d)(4) of this Appendix . . . section 14822(d)(7) of this Appendix” are omitted because those sections related to interstate and overseas air transportation and the source provisions restated in this section relate to foreign air transportation. In addition, the text of 49 App.:1373(a)(4)(B) is omitted as being included in “practices”. The word “other air carrier” is substituted for “air carrier” for consistency in the revised title.

The words “in the same way as required for a tariff under” are substituted for “in accordance with” for clarity. The words “proposed change in a passenger fare” are substituted for “may change” for consistency in the revised title and other titles of the United States Code.

In subsection (b)(2), the words “not covered by” are substituted for “to which such range of fares does not apply” to eliminate unnecessary words. The words “subparagraphs (A) and (B) of section 1822(d)(4) of this Appendix . . . section 14822(d)(7) of this Appendix” are omitted because those sections related to interstate and overseas air transportation and the source provisions restated in this section relate to foreign air transportation. In addition, the text of 49 App.:1373(a)(4)(B) is omitted as being included in “practices”. The word “other air carrier” is substituted for “air carrier” for consistency in the revised title.

41504(c) | 46 App.:1373(a) | Aug. 23, 1958, Pub. L. 85–726, § 603(a), 72 Stat. 758. |

41505. Uniform methods for establishing joint prices, and divisions of joint prices, applicable to commuter air carriers

(a) DEFINITION.—In this section, “commuter air carrier” means an air carrier providing transportation under section 40109(f) of this title that provides at least 5 scheduled roundtrips a week between the same 2 places.
§ 41506

(b) GENERAL.—Except as provided in subsection (c) of this section, when the Secretary of Transportation prescribes under section 41508 or 41509 of this title a uniform method generally applicable to establishing joint prices and divisions of joint prices for and between air carriers holding certificates issued under section 41102 of this title, the Secretary shall make that uniform method apply to establishing joint prices and divisions of joint prices for and between air carriers and commuter air carriers.

(c) NOTICE REQUIRED BEFORE MODIFYING, SUSPENDING, OR ENDING TRANSPORTATION.—A commuter air carrier that has an agreement with an air carrier to provide transportation for passengers and property that includes through service by the commuter air carrier over the commuter air carrier’s routes and air transportation provided by the air carrier shall give the air carrier and the Secretary at least 90 days’ notice before modifying, suspending, or ending the transportation. If the commuter air carrier does not give that notice, the uniform method of establishing joint prices and divisions of joint prices referred to in subsection (b) of this section does not apply to the commuter air carrier.

<tbody>
<tr>
<td>41506(c) .......</td>
<td>49 App.:1482a(1) (last sentence). 49 App.:1551(b)(2)(E).</td>
<td></td>
</tr>
</tbody>
</table>

In subsection (a), the text of 49 App.:1482a(2)(A) is omitted as unnecessary because the definition of “air carrier” in 49 App.:1303(d) is restated in section 40102(a) of the revised title and applies to this section and because the functions of the Civil Aeronautics Board under 49 App.:1482a were transferred to the Secretary of Transportation by 49 App.:1551(b)(1)(E) and the complete name of the Secretary is used the first time the term appears in a section. The text of 49 App.:1482a(3) is omitted as executed. The reference in the source provisions to “section 416(b)(3) of the Federal Aviation Act of 1958” has been retracted as though it were a reference to section 416(b)(4) to correct an apparent error in the Airline Deregulation Act of 1978 (Public Law 95–504, 92 Stat. 1705). Section 24 of H.R. 1261 of the 95th Congress (the derivative source for 416(b)(4)), added section 416(b)(3) to the Federal Aviation Act. Section 29(c) added provisions that eventually were classified as 49 App.:1482a. Those provisions contained a reference to section 416(b)(3). When S. 2903 (passed in lieu of the House bill after being amended to contain much of the text of the House bill) was reported by the conference committee and enacted into law, section 32 added what had been a new 416(b)(3) as a new 416(b)(4). However, the conference committee did not make a corresponding change in the cross-reference in section 37(c), that added 49 App.:1482a. See 124 Cong. Rec. 30714, 30716, 36521, 36524. The word “scheduled” is substituted for “pursuant to flight schedules” to eliminate unnecessary words. The words “the same 2 places” are substituted for “one pair of points” for consistency in the revised title and with other titles of the United States Code.

In subsection (b), the words “Except as provided in subsection (c) of this section” are added for clarity.

The words “pursuant to its authority” are omitted as surplus.

In subsection (c), the word “passengers” is substituted for “persons” for consistency in the revised title and with other titles of the Code. The words “through service by the commuter air carrier over the commuter air carrier’s routes” are substituted for “transportation over its routes” for clarity. The words “between air carriers and commuter air carriers” are omitted as surplus.

§ 41506. Price division filing requirements for foreign air transportation

Every air carrier and foreign air carrier shall keep currently on file with the Secretary of Transportation, if the Secretary requires, the established divisions of all joint prices for foreign air transportation in which the carrier participates.

The words “foreign air transportation” are substituted for “air transportation” because 49 App.:1561(a)(4)(E) provides that 49 App.:1373 no longer applies to interstate or overseas air transportation and 49 App.:1378(a)–(e), restated in section 41901 of the revised title, governs rates for the transportation of mail by aircraft. See section 40102(a) of the revised title defining “air transportation” to mean interstate or foreign air transportation or the transportation of mail by aircraft.

§ 41507. Authority of the Secretary of Transportation to change prices, classifications, rules, and practices for foreign air transportation

(a) GENERAL.—When the Secretary of Transportation decides that a price charged or received by an air carrier or foreign air carrier for foreign air transportation, or a classification, rule, or practice affecting that price or the value of the transportation provided under that price, is or will be unreasonably discriminatory, the Secretary may—

(1) change the price, classification, rule, or practice as necessary to correct the discrimination; and

(2) order the air carrier or foreign air carrier to stop charging or collecting the discriminatory price or carrying out the discriminatory classification, rule, or practice.

(b) WHEN SECRETARY MAY ACT.—The Secretary may act under this section on the Secretary’s own initiative or on a complaint filed with the Secretary and only after notice and an opportunity for a hearing.

§41509. Authority of the Secretary of Transportation to suspend, cancel, and reject tariffs for foreign air transportation

(a) CANCELLATION AND REJECTION.—(1) On the initiative of the Secretary of Transportation or on a complaint filed with the Secretary, the Secretary may conduct a hearing to decide whether a price for foreign air transportation contained in an existing or newly filed tariff of an air carrier or foreign air carrier, a classification, rule, or practice affecting that price, or the value of the transportation provided under that price, is lawful. The Secretary may begin the hearing at once and without an answer or another formal pleading by the air carrier or foreign air carrier, but only after reasonable notice. If, after the hearing, the Secretary decides that the price, classification, rule, or practice is or will be unreasonable or unreasonably discriminatory, the Secretary may cancel or reject the tariff and prevent the use of the price, classification, rule, or practice.

(2) With or without a hearing, the Secretary may cancel or reject a tariff of an air carrier or foreign air carrier under this subsection, the Secretary shall consider—

(A) the effect of the price on the movement of traffic;

(B) the need in the public interest of adequate and efficient transportation by air carriers and foreign air carriers at the lowest cost consistent with providing the transportation;

(C) the standards prescribed under law related to the character and quality of transportation to be provided by air carriers and foreign air carriers;

(D) the inherent advantages of transportation by aircraft;

(E) the need of the air carrier and foreign air carrier for revenue sufficient to enable the air carrier and foreign air carrier, under honest, economical, and efficient management, to provide adequate and efficient air carrier and foreign air carrier transportation;

(F) whether the price will be predatory or tend to monopolize competition among air carriers and foreign air carriers in foreign air transportation;

(G) reasonably estimated or foreseeable future costs and revenues for the air carrier or foreign air carrier for a reasonably limited future period during which the price would be in effect; and

reasonable or unreasonably discriminatory” are substituted for “unjust, unreasonable, inequitable, or unduly preferential or prejudicial” for consistency in the revised title and to eliminate unnecessary words. See the revision notes following 49:10101. The words “against any of those carriers” are substituted for “as between the air carriers or foreign air carriers parties thereto” to eliminate unnecessary words. The word “retroactively” is added for clarity.

In subsection (b), the words “an opportunity for a” are added for consistency in the revised title and with other titles of the United States Code.

§41509. Authority of the Secretary of Transportation to adjust divisions of joint prices for foreign air transportation

(a) GENERAL.—When the Secretary of Transportation decides that a division between air carriers, foreign air carriers, or both, of a joint price for foreign air transportation is or will be unreasonable or unreasonably discriminatory against any of those carriers, the Secretary shall prescribe a reasonable division of the joint price among those carriers. The Secretary may order the adjustment in the division of the joint price to be made retroactively to the date the complaint was filed, the date the order for an investigation was made, or a later date the Secretary decides is reasonable.

(b) WHEN SECRETARY MAY ACT.—The Secretary may act under this section on the Secretary's own initiative or on a complaint filed with the Secretary and only after notice and an opportunity for a hearing.

§41507 Authority of the Secretary of Transportation to suspend, cancel, and reject tariffs for foreign air transportation

(a) CANCELLATION AND REJECTION.—(1) On the initiative of the Secretary of Transportation or on a complaint filed with the Secretary, the Secretary may conduct a hearing to decide whether a price for foreign air transportation contained in an existing or newly filed tariff of an air carrier or foreign air carrier, a classification, rule, or practice affecting that price, or the value of the transportation provided under that price, is lawful. The Secretary may begin the hearing at once and without an answer or another formal pleading by the air carrier or foreign air carrier, but only after reasonable notice. If, after the hearing, the Secretary decides that the price, classification, rule, or practice is or will be unreasonable or unreasonably discriminatory, the Secretary may cancel or reject the tariff and prevent the use of the price, classification, rule, or practice.

(2) With or without a hearing, the Secretary may cancel or reject a tariff of an air carrier or foreign air carrier under this subsection, the Secretary shall consider—

(A) the effect of the price on the movement of traffic;

(B) the need in the public interest of adequate and efficient transportation by air carriers and foreign air carriers at the lowest cost consistent with providing the transportation;

(C) the standards prescribed under law related to the character and quality of transportation to be provided by air carriers and foreign air carriers;

(D) the inherent advantages of transportation by aircraft;

(E) the need of the air carrier and foreign air carrier for revenue sufficient to enable the air carrier and foreign air carrier, under honest, economical, and efficient management, to provide adequate and efficient air carrier and foreign air carrier transportation;

(F) whether the price will be predatory or tend to monopolize competition among air carriers and foreign air carriers in foreign air transportation;

(G) reasonably estimated or foreseeable future costs and revenues for the air carrier or foreign air carrier for a reasonably limited future period during which the price would be in effect; and

reasonable or unreasonably discriminatory” are substituted for “unjust, unreasonable, inequitable, or unduly preferential or prejudicial” for consistency in the revised title and to eliminate unnecessary words. See the revision notes following 49:10101. The words “against any of those carriers” are substituted for “as between the air carriers or foreign air carriers parties thereto” to eliminate unnecessary words. The word “retroactively” is added for clarity.

In subsection (b), the words “an opportunity for a” are added for consistency in the revised title and with other titles of the United States Code.
(H) other factors.

(b) SUSPENSION.—(1)(A) Pending a decision under subsection (a)(1) of this section, the Secretary may suspend a tariff and the use of a price contained in the tariff or a classification, rule, or practice affecting that price.

(B) The Secretary may suspend a tariff of a foreign air carrier and the use of a price, classification, rule, or practice when the suspension is in the public interest.

(2) A suspension becomes effective when the Secretary files with the tariff and delivers to the air carrier or foreign air carrier affected by the suspension a written statement of the reasons for the suspension. To suspend a tariff, reasonable notice of the suspension must be given to the affected carrier.

(3) The suspension of a newly filed tariff may be for periods totaling not more than 365 days after the date the tariff otherwise would go into effect. The suspension of an existing tariff may be for periods totaling not more than 365 days after the effective date of the suspension. The Secretary may rescind at any time the suspension of a newly filed tariff and allow the price, classification, rule, or practice to go into effect.

(c) EFFECTIVE TARIFFS AND PRICES WHEN TARIFF IS SUSPENDED, CANCELED, OR REJECTED.—(1) If a tariff is suspended pending the outcome of a proceeding under subsection (a) of this section and the Secretary does not take final action in the proceeding during the suspension period, the tariff goes into effect at the end of that period subject to cancellation when the proceeding is concluded.

(2) During the period of suspension, or after the cancellation or rejection, of a newly filed tariff (including a tariff that has gone into effect provisionally), the affected air carrier or foreign air carrier shall maintain in effect and use—

(i) the corresponding seasonal prices, or the classifications, rules, and practices affecting those prices or the value of transportation provided under those prices, that were in effect for the carrier immediately before the new tariff was filed; or

(ii) another price provided for under an applicable intergovernmental agreement or understanding.

(B) If the suspended, canceled, or rejected tariff is the first tariff of the carrier for the covered transportation, the carrier, for the purpose of operations during the period of suspension or pending effectiveness of a new tariff, may file another tariff containing a price or another classification, rule, or practice affecting the price, or the value of the transportation provided under the price, that is in effect (and not subject to a suspension order) for any air carrier providing the same transportation.

(3) If an existing tariff is suspended or canceled, the affected air carrier or foreign air carrier, for the purpose of operations during the period of suspension or pending effectiveness of a new tariff, may file another tariff containing a price or another classification, rule, or practice affecting the price, or the value of the transportation provided under the price, that is in effect (and not subject to a suspension order) for any air carrier providing the same transportation.

(d) RESPONSE TO REFUSAL OF FOREIGN COUNTRY TO ALLOW AIR CARRIER TO CHARGE A PRICE.—

When the Secretary finds that the government or an aeronautical authority of a foreign country has refused to allow an air carrier to charge a price contained in a tariff filed and published under section 41504 of this title for foreign air transportation to the foreign country—

(1) the Secretary, without a hearing—

(A) may suspend any existing tariff of a foreign air carrier providing transportation between the United States and the foreign country for periods totaling not more than 365 days after the date of the suspension; and

(B) may order the foreign air carrier to charge, during the suspension periods, prices that are the same as those contained in a tariff (designated by the Secretary) of an air carrier filed and published under section 41504 of this title for foreign air transportation to the foreign country; and

(2) a foreign air carrier may continue to provide foreign air transportation to the foreign country only if the government or aeronautical authority of the foreign country allows an air carrier to start or continue foreign air transportation to the foreign country at the prices designated by the Secretary.

(e) STANDARD FOREIGN FARE LEVEL.—(1)(A) In this subsection, “standard foreign fare level” means—

(i) for a class of fares existing on October 1, 1979, the fare between 2 places (as adjusted under subparagraph (B) of this paragraph) filed for and allowed by the Civil Aeronautics Board to go into effect after September 30, 1979, and before August 13, 1980 (with seasonal fares adjusted by the percentage difference that prevailed between seasons in 1978), or the fare established under section 10922(j)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 24(a) of the International Air Transportation Competition Act of 1979 (Public Law 96–192, 94 Stat. 46); or

(ii) for a class of fares established after October 1, 1979, the fare between 2 places in effect on the effective date of the establishment of the new class.

(B) At least once every 60 days for fuel costs, and at least once every 180 days for other costs, the Secretary shall adjust the standard foreign fare level for the particular foreign air transportation to which the standard foreign fare level applies by increasing or decreasing that level by the percentage change from the last previous period in the actual operating cost for each available seat-mile. In adjusting a standard foreign fare level, the Secretary may not make an adjustment to costs actually incurred. In establishing a standard foreign fare level and making adjustments in the level under this paragraph, the Secretary may use all relevant or appropriate information reasonably available to the Secretary.

(2) The Secretary may not decide that a proposed fare for foreign air transportation is unreasonable on the basis that the fare is too low or too high if the proposed fare is neither more than 5 percent higher nor 50 percent lower than...
the standard foreign fare level for the same or essentially similar class of transportation. The Secretary by regulation may increase the 50 percent specified in this paragraph.

(3) Paragraph (2) of this subsection does not apply to a proposed fare that is not more than—

(A) 5 percent higher than the standard foreign fare level when the Secretary decides that the proposed fare may be unreasonably discriminatory or that suspension of the fare is in the public interest because of an unreasonable regulatory action by the government of a foreign country that is related to a fare proposal of an air carrier; or

(B) 50 percent lower than the standard foreign fare level when the Secretary decides that the proposed fare may be predatory or discriminatory or that suspension of the fare is required because of an unreasonable regulatory action by the government of a foreign country that is related to a fare proposal of an air carrier.

(f) Submission of Orders to President.—The Secretary shall submit to the President an order of the Secretary under this section.

(g) Compliance as Condition of Certificate or Permit.—This section and compliance with an order of the Secretary under this section are conditions to any certificate or permit held by an air carrier or foreign air carrier. An air carrier or foreign air carrier may provide foreign air transportation only as long as the carrier maintains prices for that transportation that comply with this section and orders of the Secretary under this section.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1135.)

**HISTORICAL AND REVISION NOTES—CONTINUED**

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsection (a)(1) and (2), the words “take action to” are omitted as surplus.

In subsection (a)(1), the words “individual or joint (between air carriers, between foreign air carriers, or between an air carrier or carriers and a foreign air carrier or carriers)” and “and, if it so orders” are omitted as surplus. The words “unreasonable or unreasonably discriminatory” are substituted for “unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial” for consistency in the revised title and to eliminate unnecessary words. See the revision notes following 49:10101.

In subsection (a)(3), before clause (A), the words “In deciding whether to cancel or reject a tariff of an air carrier or foreign air carrier under this subsection” are substituted for “In exercising and performing its powers and duties under this subsection with respect to the rejection or cancellation of rates for the carriage of persons or property” for consistency in this section and to eliminate unnecessary words. In clause (B), the words “of persons and property” are omitted as surplus.

In subsection (b)(1), the words “contained in the tariff” are added for clarity.

In subsection (b)(1)(A), the words “such hearing and” are omitted as surplus.

In subsection (b)(1)(B), the words “or in the case of” are omitted as surplus.

In subsection (b)(2), the text of 49 App.1373(c)(3) is omitted as obsolete. Reference to 49 App.1482(g) is omitted because 49 App.1482(g) does not relate to foreign air transportation and 49 App.1551(a)(5)(D) provides that 49 App.1482(g) ceased to be in effect on January 1, 1985, except insofar as it related to foreign air transportation.
transportation. Reference to 49 App.:1482(j) is omitted because it consistently has been interpreted that the minimum notice requirement does not apply to foreign air transportation.

In subsection (b)(3), the words “for periods totaling not more than 365 days after” are substituted for “for a period or periods not exceeding 365 days in the aggregate beyond the time when” and “a period or periods not exceeding 365 days in the aggregate from” to eliminate unnecessary words.

In subsection (c)(1), the words “a tariff is suspended pending the outcome of a proceeding under subsection (a) of this section” are added for clarity. The words “and the Secretary does not take final action in the proceeding during the suspension period” are substituted for “the proceeding has not been concluded and an order made within the period of suspension or suspensions” and “the proceeding has not been concluded within the period of suspension or suspensions” to eliminate unnecessary words. The words “or if the Board shall otherwise so direct” are omitted as surplus because under subsection (b)(3) of this section the Secretary may rescind a suspension at any time.

In subsection (c)(2)(B) and (3), the words “providing the same transportation” are substituted for “engaged in the same foreign air transportation” for consistency in this chapter and to eliminate unnecessary words.

In subsection (c)(2)(B), the words “of the carrier for the covered transportation” and “during the period of suspension or” are added for clarity.

In subsection (c)(3), the words “If an existing tariff is suspended or canceled” are added for clarity. The words “following cancellation of an existing tariff” are omitted as surplus.

In subsection (d), the word “properly” is omitted as surplus. In clause (1), the words the operation of’ are omitted because of 1:1. In clause (2), the words “by the Secretary” are added for clarity.

In subsection (e)(1)(B), the words “within 30 days after February 15, 1980” are omitted as executed. The words “as the case may be” are omitted as surplus.

In subsection (e)(2), the text of 49 App.:1482(j)(6)(A) is omitted as expired. The words “with respect to any proposed increase filed with the Board after the 180th day after February 15, 1980” and “with respect to an proposed decrease filed after February 15, 1980” are omitted as obsolete. The words “of persons” are omitted as surplus because a “fare” is only for passengers. The words “The Secretary by regulation may increase the 50 percent specified in this paragraph” are substituted for 49 App.:1482(j)(10) for clarity.

In subsection (e)(3)(A), the words “unreasonably discriminatory” are substituted for “unduly preferential, unduly prejudicial, or unjustly discriminatory” to eliminate unnecessary words and for consistency in the revised title. See the revision notes following §40101.

In subsection (e)(3), the words “express” and “now . . . or hereafter issued” are omitted as surplus. The words “may provide foreign air transportation only as long as air transportation is substituted for “shall be a condition to the continuation of the affected service” for clarity.

REFERENCES IN TEXT

§ 41510. Required adherence to foreign air transport tariffs

(a) Prohibited actions by air carriers, foreign air carriers, and ticket agents.—An air carrier, foreign air carrier, or ticket agent may not—

(1) charge or receive compensation for foreign air transportation that is different from the price specified in the tariff of the carrier that is in effect for that transportation;

(2) refund or remit any part of the price specified in the tariff; or

(3) extend to any person a privilege or facility, related to a matter required by the Secretary of Transportation to be specified in a tariff for foreign air transportation, except as specified in the tariff.

(b) Prohibited actions by any person.—A person may not knowingly—

(1) pay compensation for foreign air transportation of property that is different from the price specified in the tariff in effect for that transportation; or

(2) solicit, accept, or receive—

(A) a refund or remittance of any part of the price specified in the tariff; or

(B) a privilege or facility, related to a matter required by the Secretary to be specified in a tariff for foreign air transportation of property, except as specified in the tariff.

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

In this section, the words “greater or less” are omitted as being included in “different”. The words “foreign air transportation” are substituted for “air transportation” because 49 App.:1551(a)(4)(A) provides that 49 App.:1373 no longer applies to interstate or overseas air transportation tariffs and 49 App.:1373(a)–(e) restated in section 41501 of the revised title, governs prices for the transportation of mail by aircraft. See section 41592(a) of the revised title defining “air transportation” to mean interstate or foreign air transportation or the transportation of mail by aircraft. The words “for any service in connection therewith” are omitted as surplus because the word “transportation” includes any services related to the transportation.

In subsection (a), before clause (1), the words “may not” are substituted for “no . . . shall” and “no . . . shall, in any manner or by any device, directly or indirectly, or through any agent or broker, or otherwise” for clarity and to eliminate unnecessary words. In clause (1), the words “demand or collect” are omitted from “may provide foreign air transportation only as long as air transportation is substituted for “shall be a condition to the continuation of the affected service” for clarity.

REFERENCES IN TEXT

§ 41511. Special prices for foreign air transportation

(a) FREE AND REDUCED PRICING.—This chapter does not prohibit an air carrier or foreign air carrier, under terms the Secretary of Transportation prescribes, from issuing or interchanging tickets or passes for free or reduced-price foreign air transportation to or for the following:

(1) a director, officer, or employee of the carrier (including a retired director, officer, or employee who is receiving retirement benefits from an air carrier or foreign air carrier);

(2) a parent or the immediate family of such an officer or employee or the immediate family of such a director;

(3) a widow, widower, or minor child of an employee of the carrier who died as a direct result of a personal injury sustained when performing a duty in the service of the carrier;

(4) a witness or attorney attending a legal investigation in which the air carrier is interested.

(5) an individual injured in an aircraft accident and a physician or nurse attending the individual.

(6) a parent or the immediate family of an individual injured or killed in an aircraft accident when the transportation is related to the accident.

(7) an individual or property to provide relief in a general epidemic, pestilence, or other emergency.

(8) other individuals under other circumstances the Secretary prescribes by regulation.

(b) SPACE-AVAILABLE BASIS.—Under terms the Secretary prescribes, an air carrier or foreign air carrier may grant reduced-price foreign air transportation on a space-available basis to the following:

(1) a minister of religion.

(2) an individual who is at least 60 years of age and no longer gainfully employed.

(3) an individual who is at least 65 years of age.

(4) an individual who has severely impaired vision or hearing or another physical or mental handicap and an accompanying attendant needed by that individual.

§ 41701

Classification of air carriers

The Secretary of Transportation may establish—

(1) reasonable classifications for air carriers when required because of the nature of the transportation provided by them; and

(2) reasonable requirements for each class when the Secretary decides those requirements are necessary in the public interest.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1140.)

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

In this section, before clause (1), the words “from time to time” are omitted as unnecessary. In clauses (1) and (2), the words “just” is omitted as being included in “reasonable”. In clause (1), the word “groups” is omitted as being included in “classifications”. The words “transportation provided” are substituted for “services performed” for consistency in the revised title. In clause (2), the word “requirements” is substituted for “rules and regulations pursuant to and consistent with the provisions of this subchapter” as being more appropriate and for consistency in the revised title.

§ 41702. Interstate air transportation

An air carrier shall provide safe and adequate interstate air transportation.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1140.)

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

This section is substituted for 49 App.:1374(a)(1) because 49 App.:1551(a)(4)(C) provides that 49 App.:1374 no longer applies to interstate or overseas air transportation except insofar as 49 App.:1374 requires air carriers to provide safe and adequate service.

§ 41703. Navigation of foreign civil aircraft

(a) PERMITTED NAVIGATION.—A foreign aircraft, not part of the armed forces of a foreign country, may be navigated in the United States only—

(1) if the country of registry grants a similar privilege to aircraft of the United States;
(2) by an airman holding a certificate or license issued or made valid by the United States Government or the country of registry; 
(3) if the Secretary of Transportation authorizes the navigation; and 
(4) if the navigation is consistent with terms the Secretary may prescribe.

(b) REQUIREMENTS FOR AUTHORIZING NAVIGATION.—The Secretary may authorize navigation under this section only if the Secretary decides the authorization is—
(1) in the public interest; and
(2) consistent with any agreement between the Government and the government of a foreign country.

(c) PROVIDING AIR COMMERCE.—The Secretary may authorize an aircraft permitted to navigate in the United States under this section to provide air commerce in the United States only if—
(1) specifically authorized under section 40109(g) of this title; or
(2) under regulations the Secretary prescribes authorizing air carriers to provide otherwise authorized air transportation with foreign registered aircraft under lease or charter to them without crew.

(d) PERMIT REQUIREMENTS NOT AFFECTED.—This section does not affect section 41301 or 41302 of this title. However, a foreign air carrier holding a permit under section 41302 does not need to obtain additional authorization under this section for an operation authorized by the permit.

(e) CARGO IN ALASKA.—

(1) IN GENERAL.—For the purposes of subsection (c), eligible cargo taken on or off any aircraft at a place in Alaska in the course of transportation of that cargo by any combination of 2 or more air carriers or foreign air carriers in either direction between a place in the United States and a place outside the United States shall not be deemed to have broken its international journey in, been taken on in, or been destined for Alaska.

(2) ELIGIBLE CARGO.—For purposes of paragraph (1), the term "eligible cargo" means cargo transported between Alaska and any other place in the United States on a foreign air carrier (having been transported from, or thereafter being transported to, a place outside the United States on a different air carrier or foreign air carrier) that is carried—
(A) under the code of a United States air carrier providing air transportation to Alaska;
(B) on an air carrier way bill of an air carrier providing air transportation to Alaska;
(C) under a term arrangement or block space agreement with an air carrier; or
(D) under the code of a United States air carrier for purposes of transportation within the United States.

In subsection (a), the word "country" is substituted for "nation" for consistency in the revised title and with other titles of the United States Code. In clause (3), the words "permit, order, or regulation issued" are omitted as surplus. In clause (4), the words "conditions, and limitations" are omitted as being included in "terms".

In subsection (b)(2), the word "agreement" is substituted for "treaty, convention, or agreement" for clarity and consistency in the revised title. The words which may be in force" are omitted as surplus. The words "or countries" are omitted because of 1:1.

In subsection (c), before clause (1), the word "place" is substituted for "point", and the word "passengers" is substituted for "persons", for consistency in the revised title.

In subsection (d), the word "affect" is substituted for "limit, modify, or amend" to eliminate unnecessary words.

AMENDMENTS

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

§ 41704. Transporting property not to be transported in aircraft cabins

Under regulations or orders of the Secretary of Transportation, an air carrier shall transport as baggage the property of a passenger traveling in air transportation that may not be carried in an aircraft cabin because of a law or regulation of the United States. The carrier is liable to pay an amount not more than the amount declared to the carrier by that passenger for actual loss or damage to, the property caused by the carrier. The carrier may impose reasonable charges and conditions for its liability.

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large) |
--- | --- | --- |

The words "as may be necessary", "which . . . lawfully", and "by such person" are omitted as surplus.
§ 41705  TITLE 49—TRANSPORTATION Page 1006

The words “The carrier is liable to pay an amount not more than” are substituted for “shall assume liability . . . within” for clarity. The words “to such person” are omitted as surplus. The words “The carrier may impose” are added for clarity. The words “terms and” are omitted as covered by “conditions”.

REFUNDS FOR DELAYED BAGGAGE
Pub. L. 114–190, title II, § 2305, July 15, 2016, 130 Stat. 640, provided that:

“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act (July 15, 2016), the Secretary of Transportation shall issue final regulations to require an air carrier or foreign air carrier to promptly provide to a passenger an automated refund for any ancillary fees paid by the passenger for checked baggage if—

“(1) the air carrier or foreign air carrier fails to deliver the checked baggage to the passenger—

“(A) not later than 12 hours after the arrival of a domestic flight; or

“(B) not later than 15 hours after the arrival of an international flight; and

“(2) the passenger has notified the air carrier or foreign air carrier of the lost or delayed checked baggage.

“(b) EXCEPTION.—If, as part of the rulemaking, the Secretary makes a determination on the record that a requirement under subsection (a) is not feasible and would adversely affect consumers in certain cases, the Secretary may modify 1 or both of the deadlines specified in subsection (a)(1) for such cases, except that—

“(1) the deadline relating to a domestic flight may not exceed 18 hours after the arrival of the domestic flight; and

“(2) the deadline relating to an international flight may not exceed 30 hours after the arrival of the international flight.”

§ 41705. Discrimination against handicapped individuals

(a) IN GENERAL.—In providing air transportation, an air carrier, including (subject to section 40105(b)) any foreign air carrier, may not discriminate against an otherwise qualified individual on the following grounds:

(1) the individual has a physical or mental impairment that substantially limits one or more major life activities;

(2) the individual has a record of such an impairment;

(3) the individual is regarded as having such an impairment.

(b) EACH ACT CONSTITUTES SEPARATE OFFENSE.—For purposes of section 46301, a separate violation occurs under this section for each individual act of discrimination prohibited by subsection (a).

(c) INVESTIGATION OF COMPLAINTS.—

(1) IN GENERAL.—The Secretary shall investigate each complaint of a violation of subsection (a).

(2) PUBLICATION OF DATA.—The Secretary shall publish disability-related complaint data in a manner comparable to other consumer complaint data.

(3) REVIEW AND REPORT.—The Secretary shall regularly review all complaints received by air carriers alleging discrimination on the basis of disability and shall report annually to Congress on the results of such review.

(4) TECHNICAL ASSISTANCE.—Not later than 180 days after the date of the enactment of this subsection, the Secretary shall—

(A) implement a plan, in consultation with the Department of Justice, the United States Architectural and Transportation Barriers Compliance Board, and the National Council on Disability, to provide technical assistance to air carriers and individuals with disabilities in understanding the rights and responsibilities set forth in this section; and

(B) ensure the availability and provision of appropriate technical assistance manuals to individuals and entities with rights or responsibilities under this section.

HISTORICAL AND REVISION NOTES

In this section, before clause (1), the words “on the following grounds” are substituted for “by reason of such handicap” and “For purposes of paragraph (1) of this subsection the term ‘handicapped individual’ means any individual who” because of the restatement.

REFERENCES IN TEXT

The date of the enactment of this subsection, referred to in subsec. (c)(4), is the date of enactment of Pub. L. 106–181, which was approved Apr. 5, 2000.

AMENDMENTS

2000—Pub. L. 106–181 designated existing provisions as subsec. (a), inserted heading, substituted “carrier, including (subject to section 40105(b)) any foreign air carrier,” for “carrier” in introductory provisions, and added subsecs. (b) and (c).

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 106–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 106–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

REGULATIONS ENSURING ASSISTANCE FOR PASSENGERS WITH DISABILITIES IN AIR TRANSPORTATION

“(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall—

“(1) review, and if necessary revise, applicable regulations to ensure that passengers with disabilities who request assistance while traveling in air transportation receive dignified, timely, and effective assistance at airports and on aircraft from trained personnel; and

“(2) review, and if necessary revise, applicable regulations related to covered air carrier training programs for air carrier personnel, including contractors, who provide physical assistance to passengers with disabilities to ensure that training under such programs—

“...
“(A) occurs on an annual schedule for all new and continuing personnel charged with providing physical assistance; and

(b) includes, as appropriate, instruction by personnel, with hands-on training for employees who physically lift or otherwise physically assist passengers with disabilities, including the use of relevant equipment.

(b) Types of Assistance.—The assistance referred to in subsection (a)(1) may include requests for assistance in boarding or deplaning an aircraft, requests for assistance in connecting between flights, and other similar or related requests, as appropriate.”

[For definition of “covered air carrier” as used in section 41705 of title 49, United States Code; and for purposes of air transportation; and 2 develop minimum standards for what is required for service and emotional support animals carried in aircraft cabins.]

(b) Considerations.—In conducting the rulemaking under subsection (a), the Secretary shall consider, at a minimum—

1. whether to align the definition of ‘service animal’ with the definition of that term in regulations of the Department of Justice implementing the Americans with Disabilities Act of 1990 (Public Law 101–336) [42 U.S.C. 12101 et seq.];

2. reasonable measures to ensure pets are not claimed as service animals, such as—

(A) whether to require photo identification for a service animal identifying the type of animal, the breed of animal, and the service the animal provides to the passenger;

(B) whether to require documentation indicating whether or not a service animal was trained by the owner or an approved training organization;

(c) whether to require, from a licensed physician, documentation indicating the mitigating task or tasks a service animal provides to its owner; and

(D) whether to allow a passenger to be accompanied by more than 1 service animal;

3. reasonable measures to ensure the safety of all passengers, such as—

(A) whether to require health and vaccination records for a service animal; and

(B) whether to require third-party proof of behavioral training for a service animal;

4. the impact additional requirements on service animals could have on access to air transportation for passengers with disabilities; and

5. if impacts on access to air transportation for passengers with disabilities are found, ways to eliminate or mitigate those impacts.

(c) Final Rule.—Not later than 18 months after the date of enactment of this Act (Oct. 5, 2018), the Secretary shall issue a final rule pursuant to the rulemaking conducted under this section.

Advisory Committee on the Air Travel Needs of Passengers with Disabilities

(a) Establishment.—The Secretary of Transportation shall establish an advisory committee on issues related to the air travel needs of passengers with disabilities (referred to in this section as the ‘Advisory Committee’).

(b) Duties.—The Advisory Committee shall—

1. identify and assess the disability-related access barriers encountered by passengers with disabilities;

2. determine the extent to which the programs and activities of the Department of Transportation are addressing the barriers identified in paragraph (1);

3. recommend consumer protection improvements to the air travel experience of passengers with disabilities;

4. advise the Secretary with regard to the implementation of section 41705 of title 49, United States Code; and

5. conduct such activities as the Secretary considers necessary to carry out this section.
§ 41706. Prohibitions against smoking on passenger flights

(a) SMOKING PROHIBITION IN INTERSTATE AND INTRASTATE AIR TRANSPORTATION.—An individual may not smoke—

(1) in an aircraft in scheduled passenger interstate or intrastate air transportation; or

(2) in an aircraft in nonscheduled passenger interstate or intrastate air transportation, if a
flight attendant is a required crewmember on the aircraft (as determined by the Administrator of the Federal Aviation Administration).

(b) SMOKING PROHIBITION IN FOREIGN AIR TRANSPORTATION.—The Secretary of Transportation shall require all air carriers and foreign air carriers to prohibit smoking—

1. in an aircraft in scheduled passenger foreign air transportation; and

2. in an aircraft in nonscheduled passenger foreign air transportation, if a flight attendant is a required crewmember on the aircraft (as determined by the Administrator or a foreign government).

(c) LIMITATION ON APPLICABILITY.—

1. IN GENERAL.—If a foreign government objects to the application of subsection (b) on the basis that subsection (b) provides for an extraterritorial application of the laws of the United States, the Secretary shall waive the application of subsection (b) to a foreign air carrier licensed by that foreign government at such time as an alternative prohibition negotiated under paragraph (2) becomes effective and is enforced by the Secretary.

2. ALTERNATIVE PROHIBITION.—If, pursuant to paragraph (1), a foreign government objects to the prohibition under subsection (b), the Secretary shall enter into bilateral negotiations with the objecting foreign government to provide for an alternative smoking prohibition.

(d) ELECTRONIC CIGARETTES.—

1. INCLUSION.—The use of an electronic cigarette shall be treated as smoking for purposes of this section.

2. ELECTRONIC CIGARETTE DEFINED.—In this section, the term ‘‘electronic cigarette’’ means a device that delivers nicotine to a user of the device in the form of a vapor that is inhaled to simulate the experience of smoking.

(e) REGULATIONS.—The Secretary shall prescribe such regulations as are necessary to carry out this section.

### Historical and Revision Notes

<table>

<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsection (a), before clause (1), the words ‘‘On and after the date of expiration of the 4-month period following December 22, 1987’’ are omitted as executed. The words ‘‘of an aircraft’’ are added for clarity. The text of §41714 (note) is omitted as executed.

### Amendments

2018—Subsecs. (d), (e). Pub. L. 115–254 added subsec. (d) and redesignated former subsec. (d) as (e).

2012—Pub. L. 112–95, §401(a)(1), substituted ‘‘passenger’’ for ‘‘scheduled’’ in section catchline.

Subsecs. (a), (b). Pub. L. 112–95, §401(a)(2), added subsecs. (a) and (b) and struck out former subsecs. (a) and (b) which read as follows:

(a) SMOKING PROHIBITION IN INTRASTATE AND INTERSTATE AIR TRANSPORTATION.—An individual may not smoke in any aircraft in scheduled passenger or intrastate air transportation or scheduled passenger intrastate air transportation.

(b) SMOKING PROHIBITION IN FOREIGN AIR TRANSPORTATION.—The Secretary of Transportation shall require all air carriers and foreign air carriers to prohibit smoking in any aircraft in scheduled passenger foreign air transportation.

2000—Pub. L. 106–181 amended section catchline and text generally. Prior to amendment, text read as follows:

(a) GENERAL.—An individual may not smoke in the passenger cabin or lavatory of an aircraft on a scheduled airline flight segment in air transportation or intrastate air transportation that is—

1. between places in a State of the United States, the District of Columbia, Puerto Rico, or the Virgin Islands;

2. between a place in any jurisdiction referred to in clause (1) of this subsection (except Alaska and Hawaii) and a place in any other of those jurisdictions; or

3. scheduled for not more than 6 hours’ duration; and

4. between a place referred to in clause (1) of this subsection (except Alaska and Hawaii) and Alaska or Hawaii; or

5. between Alaska and Hawaii.

(b) REGULATIONS.—The Secretary of Transportation shall prescribe regulations necessary to carry out this section.

**Effective Date of 2000 Amendment**

Pub. L. 106–181, title VII, §708(b), Apr. 5, 2000, 114 Stat. 159, provided that: ‘‘The amendment made by subsection (a) [amending this section] shall take effect on the date that is 60 days after the date of the enactment of this Act [Apr. 5, 2000].’’

### §41707. Incorporating contract terms into written instrument

To the extent the Secretary of Transportation prescribes by regulation, an air carrier may incorporate by reference in a ticket or written instrument any term of the contract for providing interstate air transportation.

### §41708. Reports

(a) APPLICATION.—To the extent the Secretary of Transportation finds necessary to carry out this subpart, this section and section 41709 of this title apply to a person controlling an air carrier or affiliated (within the meaning of section 11343(c) of this title) with a carrier.

(b) REQUIREMENTS.—The Secretary may require an air carrier or foreign air carrier—
§ 41709

(1)(A) to file annual, monthly, periodical, and special reports with the Secretary in the form and way prescribed by the Secretary; and
(B) to file the reports under oath;
(2) to provide specific answers to questions on which the Secretary considers information to be necessary; and
(3) to file with the Secretary a copy of each agreement, arrangement, contract, or understanding between the carrier and another carrier or person related to transportation affected by this subpart.

(c) Diverted and cancelled flights.—

(1) Monthly reports.—The Secretary shall require an air carrier referred to in paragraph (2) to file with the Secretary a monthly report on each flight of the air carrier that is diverted from its scheduled destination to another airport and each flight of the air carrier that departs the gate at the airport at which the flight originates but is cancelled before wheels-off time.

(2) Applicability.—An air carrier that is required to file a monthly airline service quality performance report pursuant to part 234 of title 14, Code of Federal Regulations, shall be subject to the requirement of paragraph (1).

(3) Contents.—A monthly report filed by an air carrier under paragraph (1) shall include, at a minimum, the following information:

(A) For a diverted flight—
   (i) the flight number of the diverted flight;
   (ii) the scheduled destination of the flight;
   (iii) the date and time of the flight;
   (iv) the airport to which the flight was diverted;
   (v) wheels-on time at the diverted airport;
   (vi) the time, if any, passengers deplaned the aircraft at the diverted airport; and
   (vii) if the flight arrives at the scheduled destination airport—
      (I) the gate-departure time at the diverted airport;
      (II) the wheels-off time at the diverted airport;
      (III) the wheels-on time at the scheduled arrival airport; and
      (IV) the gate-arrival time at the scheduled arrival airport.
(B) For flights cancelled after gate departure—
   (i) the flight number of the cancelled flight;
   (ii) the scheduled origin and destination airports of the cancelled flight;
   (iii) the date and time of the cancelled flight;
   (iv) the gate-departure time of the cancelled flight; and
   (v) the time the aircraft returned to the gate.

(4) Publication.—The Secretary shall compile the information provided in the monthly reports filed pursuant to paragraph (1) in a single monthly report and publish such report on the Internet Web site of the Department of Transportation.

In subsection (a), the word “reasonably” is omitted as surplus. The words “carry out” are substituted for “administer” for consistency in the revised title. The words “section 11343(c) of this title” are substituted for “section 5(b) of the Interstate Commerce Act, as amended” in section 407(e) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 766), to cite the corresponding section of the revised title and correct the inaccurate reference to the definition of “affiliate”.

In subsection (b)(3), the word “copy” is substituted for “true copy” to eliminate an unnecessary word. The word “transportation” is substituted for “traffic” for consistency in the revised title.

AMENDMENTS

EFFECTIVE DATE OF 2012 AMENDMENT

Pub. L. 112–95, title IV, § 402(b), Feb. 14, 2012, 126 Stat. 84, provided that: “Beginning not later than 90 days after the date of enactment of this Act [Feb. 14, 2012], the Secretary of Transportation shall require monthly reports pursuant to the amendment made by subsection (a) [amending this section].”

§ 41709. Records of air carriers

(a) Requirements.—The Secretary of Transportation shall prescribe the form of records to be kept by an air carrier, including records on the movement of traffic, receipts and expenditures of money, and the time period during which the records shall be kept. A carrier may keep only records prescribed or approved by the Secretary. However, a carrier may keep additional records if the additional records do not impair the integrity of the records prescribed or approved by the Secretary and are not an unreasonable financial burden on the carrier.

(b) Inspection.—(1) The Secretary at any time may—

(A) inspect the land, buildings, and equipment of an air carrier or foreign air carrier when necessary to decide under subchapter II of this chapter or section 41102, 41103, or 41302 of this title whether a carrier is fit, willing, and able; and

(B) inspect records kept or required to be kept by an air carrier, foreign air carrier, or ticket agent.

(2) The Secretary may employ special agents or auditors to carry out this subsection.

§ 41710. Time requirements

When a matter requiring action of the Secretary of Transportation is submitted under section 40109(a) or (c)–(h), 41309, or 42111 of this title and an evidentiary hearing—

(1) is ordered, the Secretary shall make a final decision on the matter not later than the last day of the 12th month that begins after the date the matter is submitted; or

(2) is not ordered, the Secretary shall make a final decision on the matter not later than the last day of the 6th month that begins after the date the matter is submitted.

§ 41711. Unfair and deceptive practices and unfair methods of competition

(a) In General.—On the initiative of the Secretary of Transportation or the complaint of an air carrier, foreign air carrier, air ambulance consumer (as defined by the Secretary of Transportation), or ticket agent, and if the Secretary considers it is in the public interest, the Secretary may investigate and determine whether an air carrier, foreign air carrier, or ticket agent has been or is engaged in an unfair or deceptive practice or unfair method of competition in air transportation or the sale of air transportation. If the Secretary, after notice and an opportunity for a hearing, finds that an air carrier, foreign air carrier, or ticket agent is engaged in an unfair or deceptive practice or unfair method of competition, the Secretary shall order the air carrier, foreign air carrier, or ticket agent to stop the practice or method.

(b) E-Ticket Expiration Notice.—It shall be an unfair or deceptive practice under subsection (a) for any air carrier, foreign air carrier, or ticket agent utilizing electronically transmitted tickets for air transportation to fail to notify the purchaser of such a ticket of its expiration date, if any.

(c) Disclosure Requirement for Sellers of Tickets for Flights.—

(1) In General.—It shall be an unfair or deceptive practice under subsection (a) for any ticket agent, air carrier, foreign air carrier, or
other person offering to sell tickets for air transportation on a flight of an air carrier to fail to disclose, whether verbally in oral communication or in writing in written or electronic communication, prior to the purchase of a ticket—

(A) the name of the air carrier providing the air transportation; and

(B) if the flight has more than one flight segment, the name of each air carrier providing the air transportation for each such flight segment.

(2) INTERNET OFFERS.—In the case of an offer to sell tickets described in paragraph (1) on an Internet Web site, disclosure of the information required by paragraph (1) shall be provided on the first display of the Web site following a search of a requested itinerary in a format that is easily visible to a viewer.

§ 41713. Preemption of authority over prices, routes, and service

(a) DEFINITION.—In this section, “State” means a State, the District of Columbia, and a territory or possession of the United States.

(b) PREEMPTION.—(1) Except as provided in this subsection, a State, political subdivision of a State, or political authority of at least 2 States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier that may provide air transportation under this subpart.

(2) Paragraphs (1) and (4) of this subsection do not apply to air transportation provided entirely in Alaska unless the transportation is air transportation (except charter air transportation) provided under a certificate issued under section 41102 of this title.

(3) This subsection does not limit a State, political subdivision of a State, or political authority of at least 2 States that owns or operates an airport served by an air carrier holding a certificate issued by the Secretary of Transportation from carrying out its proprietary powers and rights.

(4) TRANSPORTATION BY AIR CARRIER OR CARRIER AFFILIATED WITH A DIRECT AIR CARRIER.—

(A) GENERAL RULE.—Except as provided in subparagraph (B), a State, political subdivision of a State, or political authority of 2 or more States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier or carrier affiliated with a direct air carrier through common controlling ownership when such carrier is transporting property by aircraft or by motor vehicle (whether or not such property has had or will have a prior or subsequent air movement).

(B) MATTERS NOT COVERED.—Subparagraph (A)—

(i) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle or the hazardous nature of the cargo, or the authority of a State to regulate motor carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization; and

(ii) does not apply to the transportation of household goods, as defined in section 13102 of this title.

(C) APPLICABILITY OF PARAGRAPH (1).—This paragraph shall not limit the applicability of paragraph (1).

§ 41713(a). Preemption of authority over prices, routes, and service

(a) DEFINITION.—In this section, “State” means a State, the District of Columbia, and a territory or possession of the United States.

(b) PREEMPTION.—(1) Except as provided in this subsection, a State, political subdivision of a State, or political authority of at least 2 States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier that may provide air transportation under this subpart.

(2) Paragraphs (1) and (4) of this subsection do not apply to air transportation provided entirely in Alaska unless the transportation is air transportation (except charter air transportation) provided under a certificate issued under section 41102 of this title.

(3) This subsection does not limit a State, political subdivision of a State, or political authority of at least 2 States that owns or operates an airport served by an air carrier holding a certificate issued by the Secretary of Transportation from carrying out its proprietary powers and rights.

(4) TRANSPORTATION BY AIR CARRIER OR CARRIER AFFILIATED WITH A DIRECT AIR CARRIER.—

(A) GENERAL RULE.—Except as provided in subparagraph (B), a State, political subdivision of a State, or political authority of 2 or more States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier or carrier affiliated with a direct air carrier through common controlling ownership when such carrier is transporting property by aircraft or by motor vehicle (whether or not such property has had or will have a prior or subsequent air movement).

(B) MATTERS NOT COVERED.—Subparagraph (A)—

(i) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle or the hazardous nature of the cargo, or the authority of a State to regulate motor carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization; and

(ii) does not apply to the transportation of household goods, as defined in section 13102 of this title.

(C) APPLICABILITY OF PARAGRAPH (1).—This paragraph shall not limit the applicability of paragraph (1).

Revised Section Source (U.S. Code) Source (Statutes at Large)
41713(a) ......... 49 App.:1385(c)(d), (related to (a), (b)(1), (c)).

Amendments

2018—Subsec. (a). Pub. L. 115–254 inserted “air ambulance consumer (as defined by the Secretary of Transportation),” after “of an air carrier, foreign air carrier,”.

Effective Date of 2000 Amendment

section on or before the 60th day after receiving a request from an air carrier for operational authority under this subsection.

(b) SLOTS FOR FOREIGN AIR TRANSPORTATION.—

(1) EXEMPTIONS.—If the Secretary finds it to be in the public interest at a high density airport (other than Ronald Reagan Washington National Airport), the Secretary may grant by order exemptions from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to enable air carriers and foreign air carriers to provide foreign air transportation using Stage 3 aircraft.

(2) SLOT WITHDRAWALS.—The Secretary may not withdraw a slot at Chicago O’Hare International Airport from an air carrier in order to allocate that slot to a carrier to provide foreign air transportation.

(3) EQUIVALENT RIGHTS OF ACCESS.—The Secretary shall not take a slot at a high density airport from an air carrier and award such slot to a foreign air carrier if the Secretary determines that air carriers are not provided equivalent rights of access to airports in the country of which such foreign air carrier is a citizen.

(4) CONVERSIONS OF SLOTS.—Effective May 1, 2000, slots at Chicago O’Hare International Airport allocated to an air carrier as of November 1, 1999, to provide foreign air transportation shall be made available to such carrier to provide interstate or intrastate air transportation.

(c) SLOTS FOR NEW ENTRANTS.—If the Secretary finds it to be in the public interest, the Secretary may by order grant exemptions from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to enable new entrant air carriers to provide air transportation at high density airports (other than Ronald Reagan Washington National Airport).

(d) SPECIAL RULES FOR RONALD REagan WASHINGTON NATIONAL AIRPORT.—

(1) IN GENERAL.—Notwithstanding sections 49104(a)(5) and 49111(e) of this title, or any provision of this section, the Secretary may, only under circumstances determined by the Secretary to be exceptional, grant by order to an air carrier currently holding or operating a slot at Ronald Reagan Washington National Airport an exemption from requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at Ronald Reagan Washington National Airport), to enable that carrier to provide air transportation with Stage 3 aircraft at Ronald Reagan Washington National Airport; except that such exemption shall not—

(A) result in an increase in the total number of slots per day at Ronald Reagan Washington National Airport;

(B) result in an increase in the total number of slots at Ronald Reagan Washington National Airport from 7:00 ante meridiem to 9:59 post meridiem;

(C) increase the number of operations at Ronald Reagan Washington National Airport
in any 1-hour period by more than 2 operations;
(D) result in the withdrawal or reduction of slots operated by an air carrier;
(E) result in a net increase in noise impact on surrounding communities resulting from changes in timing of operations permitted under this subsection; and
(F) continue in effect on or after the date on which the final rules issued under subsection (f) become effective.

(2) LIMITATION ON APPLICABILITY.—Nothing in this subsection shall adversely affect Exemption No. 5133, as from time-to-time amended and extended.

(e) STUDY.—
(1) MATTERS TO BE CONSIDERED.—The Secretary shall continue the Secretary’s current examination of slot regulations and shall ensure that the examination considers the following:
(A) whether improvements in technology and procedures of the air traffic control system and the use of quieter aircraft make it possible to eliminate the limitations on hourly operations imposed by the high density rule contained in part 93 of title 14 of the Code of Federal Regulations or to increase the number of operations permitted under such rule;
(B) the effects of the elimination of limitations or an increase in the number of operations allowed on each of the following:
(i) congestion and delay in any part of the national aviation system;
(ii) the impact of noise on persons living near the airport;
(iii) competition in the air transportation system;
(iv) the profitability of operations of airlines serving the airport; and
(v) aviation safety;
(C) the impact of the current slot allocation process upon the ability of air carriers to provide essential air service under subchapter II of this chapter;
(D) the impact of such allocation process upon the ability of new entrant air carriers to obtain slots in time periods that enable them to provide service;
(E) the impact of such allocation process on the ability of foreign air carriers to obtain slots;
(F) the fairness of such process to air carriers and the extent to which air carriers are provided equivalent rights of access to the air transportation market in the countries of which foreign air carriers holding slots are citizens;
(G) the impact, on the ability of air carriers to provide domestic and international air service, of the withdrawal of slots from air carriers in order to provide slots for foreign air carriers; and
(H) the impact of the prohibition on slot withdrawals in subsections (b)(2) and (b)(3) of this section on the aviation relationship between the United States Government and foreign governments, including whether the prohibition in such subsections will require the withdrawal of slots from general and military aviation in order to meet the needs of air carriers and foreign air carriers providing foreign air transportation and the impact of such withdrawal on general aviation and military aviation, and whether slots will become available to meet the needs of air carriers and foreign air carriers to provide foreign air transportation as a result of the planned relocation of Air Force Reserve units and the Air National Guard at O’Hare International Airport.

(2) REPORT.—Not later than January 31, 1995, the Secretary shall complete the current examination of slot regulations and shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report containing the results of such examination.

(f) RULEMAKING.—The Secretary shall conduct a rulemaking proceeding based on the results of the study described in subsection (e). In the course of such proceeding, the Secretary shall issue a notice of proposed rulemaking not later than August 1, 1995, and shall issue a final rule not later than 90 days after public comments are due on the notice of proposed rulemaking.

(g) WEEKEND OPERATIONS.—The Secretary shall consider the advisability of revising section 93.227 of title 14, Code of Federal Regulations, so as to eliminate weekend schedules from the determination of whether the 80 percent standard of subsection (a)(1) of that section has been met.

(h) DEFINITIONS.—In this section and sections 41715–41718 and 41734(h), the following definitions apply:

(1) COMMUTER AIR CARRIER.—The term “commuter air carrier” means a commuter operator as defined or applied in subpart K or S of part 93 of title 14, Code of Federal Regulations;
(2) HIGH DENSITY AIRPORT.—The term “high density airport” means an airport at which the Administrator limits the number of instrument flight rule takeoffs and landings of aircraft.
(3) NEW ENTRANT AIR CARRIER.—The term “new entrant air carrier” means an air carrier that does not hold a slot at the airport concerned and has never sold or given up a slot at that airport after December 16, 1983, and a limited incumbent carrier.
(4) SLOT.—The term “slot” means a reservation for an instrument flight rule takeoff or landing by an air carrier of an aircraft in air transportation.
(5) LIMITED INCUMBENT AIR CARRIER.—The term “limited incumbent air carrier” has the meaning given that term in subpart S of part 93 of title 14, Code of Federal Regulations, except that—
(A) “40” shall be substituted for “12” in sections 93.213(a)(5), 93.223(c)(3), and 93.225(h); and
(B) for purposes of such sections, the term “slot” shall not include—
(i) “slot exemptions”;
(ii) slots operated by an air carrier under a fee-for-service arrangement for another air carrier, if the air carrier operating...
such slots does not sell flights in its own name, and is under common ownership with an air carrier that seeks to qualify as a limited incumbent and that sells flights in its own name; or

(ii) slots held under a sale and license-back financing arrangement with another air carrier, where the slots are under the marketing control of the other air carrier; and

(C) for Ronald Reagan Washington National Airport, the Administrator shall not count, for the purposes of section 93.213(a)(5), slots currently held by an air carrier but leased out on a long-term basis by that carrier for use in foreign air transportation and renounced by the carrier for return to the Department of Transportation or the Federal Aviation Administration.

(6) REGIONAL JET.—The term “regional jet” means a passenger, turbofan-powered aircraft with a certificated maximum passenger seating capacity of less than 71.

(7) NONHUB AIRPORT.—The term “nonhub airport” means an airport that had at least .05 percent of the total annual boardings in the United States as determined under the Federal Aviation Administration’s Primary Airport Enplanement Activity Summary for Calendar Year 1997.

(8) SMALL HUB AIRPORT.—The term “small hub airport” means an airport that had at least .05 percent, but less than .25 percent, of the total annual boardings in the United States as determined under the summary referred to in paragraph (7).

(9) MEDIUM HUB AIRPORT.—The term “medium hub airport” means an airport that each year has at least .25 percent, but less than 1.0 percent, of the total annual boardings in the United States as determined under the summary referred to in paragraph (7).

(1) 60-DAY APPLICATION PROCESS.—

(1) REQUEST FOR SLOT EXEMPTIONS.—Any slot exemption request filed with the Secretary under this section or section 41716 or 41717 (other than subsection (c)) shall include—

(A) the names of the airports to be served;

(B) the times requested; and

(C) such additional information as the Secretary may require.

(2) ACTION ON REQUEST; FAILURE TO ACT.—Within 60 days after a slot exemption request under this section or section 41716 or 41717 (other than subsection (c)) is received by the Secretary, the Secretary shall—

(A) approve the request if the Secretary determines that the requirements of the section under which the request is made are met;

(B) return the request to the applicant for additional information relating to the request to provide air transportation; or

(C) deny the request and state the reasons for its denial.

(3) 60-DAY PERIOD TOLLED FOR TIMELY REQUEST FOR MORE INFORMATION.—If the Secretary returns under paragraph (2)(B) the request for additional information during the first 20 days after the request is filed, then the 60-day period under paragraph (2) shall be tolled until the date on which the additional information is filed with the Secretary.

(4) FAILURE TO DETERMINE DEEMED APPROVAL.—If the Secretary neither approves the request under paragraph (2)(A) nor denies the request under paragraph (2)(C) within the 60-day period beginning on the date the request is received, excepting any days during which the 60-day period is tolled under paragraph (3), then the request is deemed to have been approved on the 61st day, after the request was filed with the Secretary.

(j) EXEMPTIONS MAY NOT BE TRANSFERRED.—No exemption from the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations, granted under this section or section 41716, 41717, or 41718 may be bought, sold, leased, or otherwise transferred by the carrier to which it is granted, except through an air carrier merger or acquisition.

(k) AFFILIATED CARRIERS.—For purposes of this section and sections 41716, 41717, and 41718, an air carrier that operates under the same designator code, or has or enters into a code-share agreement, with any other air carrier shall not qualify for a new slot or slot exemption as a new entrant or limited incumbent air carrier at an airport if the total number of slots and slot exemptions held by the two carriers at the airport exceed 20 slots and slot exemptions.

HISTORICAL AND REVISION NOTES

Pub. L. 105–102

AMENDMENTS

Subsec. (b)(5)(B). Pub. L. 112–95, § 414(c)(2), amended subpar. (B) generally. Prior to amendment, subpar. (B) read as follows: “for purposes of such sections, the term ‘slot’ shall include ‘slot exemptions’; and”.

Subsec. (j). Pub. L. 112–95, § 414(d), substituted “... except through an air carrier merger or acquisition,” for period at end.

2000—Subsec. (a)(3). Pub. L. 106–181, § 231(d)(2), struck out before period at end “; except that the Secretary shall not be required to make slots available at O’Hare International Airport in Chicago, Illinois, if the number of slots available for basic essential air service (including slots specifically designated as essential air service slots and slots used for such purposes) to and from such airport is at least 132 slots”.

Subsec. (b)(2). Pub. L. 106–181, § 231(d)(3), inserted “at Chicago O’Hare International Airport” after “a slot” and struck out before period at end “if the withdrawal...
of that slot would result in the withdrawal of slots from an air carrier at O'Hare International Airport under section 93.225 of title 14, Code of Federal Regulations, in excess of the total withdrawn from that air carrier as of October 31, 1993.

Subsec. (b)(4). Pub. L. 106–181, § 231(d)(4), amended heading and text of par. (4) generally. Prior to amendment, text read as follows: "This subsection and exemptions issued under this subsection shall cease to be in effect when the final rules issued under subsection (f) become effective."

Subsec. (c). Pub. L. 106–181, § 231(a)(4), reenacted subsec. heading and struck out "‘(1) in general.—’ before ‘‘If the Secretary finds’, ‘‘and the circumstances to be exceptional’’ before ‘‘the Secretary may by’, and par. (2) heading and text. Text of par. (2) read as follows: ‘‘Exemptions issued under this subsection shall cease to be in effect on or after the date on which the final rules issued under subsection (f) become effective.’"

Subsec. (h). Pub. L. 106–181, § 231(a)(5)(A), in introductory provisions, substituted "‘and sections 41715–41718 and 41734(h)’" for "‘and section 41734(h)’".

Text of par. (5)(B) struck out "as defined in subpart S of part 93 of title 14, Code of Federal Regulations, before the date of the enactment of this Act [Apr. 30, 2000]."

Subsec. (i). Pub. L. 106–181, § 231(a)(5)(C), reenacted subsec. heading and text generally. Prior to amendment, text read as follows: "Within 120 days after receiving an application for an exemption under subsection (a)(2) to improve air service between a nonhub airport (as defined in section 41371(a)(4)) and a high density airport subject to the exemption authority under subsection (a), the Secretary shall grant or deny the exemption. The Secretary shall notify the Senate Committee on Commerce, Science, and Transportation and the House Committee on Transportation and Infrastructure of the grant or denial within 14 calendar days after the determination and state the reasons for the determination."

1997—Subsec. (d)(1). Pub. L. 105–192 substituted "sections 48104(a)(5) and 48111(e) of this title" for "sections 6006(c)(5) and 6006(e) of the Metropolitan Washington Airports Act of 1986".

§ 41716. Interim slot rules at New York airports

(a) EXEMPTIONS FOR AIR SERVICE TO SMALL AND NONHUB AIRPORTS.—Subject to section 41714(i), the Secretary of Transportation may, in order, exemptions from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations, pertaining to slots at high density airports, to any air carrier to provide nonstop air transportation, using an aircraft with a certificated maximum seating capacity of less than 71, between LaGuardia Airport or John F. Kennedy International Airport and a small hub airport or nonhub airport—

(1) if the air carrier was not providing such air transportation during the week of November 1, 1999;

(2) if the number of flights to be provided between such airports by the air carrier during any week will exceed the number of flights provided by the air carrier between such airports during the week of November 1, 1999; or

(3) if the air transportation to be provided under the exemption will be provided with a regional jet as replacement of turboprop air transportation that was being provided during the week of November 1, 1999.

(b) EXEMPTIONS FOR NEW ENTRANT AND LIMITED INCUMBENT AIR CARRIERS.—Subject to section 41714(j), the Secretary shall grant, by order, ex-
emptions from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to any new entrant air carrier or limited incumbent air carrier to provide air transportation to or from LaGuardia Airport or John F. Kennedy International Airport if the number of slot exemptions granted under this subsection to such air carrier with respect to such airport when added to the slots and slot exemptions held by such air carrier with respect to such airport does not exceed 20 but not more than 28 slots at such airport as of October 1, 2004, to provide air transportation between LaGuardia Airport and a small hub airport or nonhub airport.

(c) STAGE 3 AIRCRAFT REQUIRED.—An exemption may not be granted under this section with respect to any aircraft that is not a Stage 3 aircraft (as defined by the Secretary).

(d) PRESERVATION OF CERTAIN EXISTING SLOT-RELATED AIR SERVICE.—An air carrier that provides air transportation of passengers from LaGuardia Airport or John F. Kennedy International Airport to a small hub airport or nonhub airport, or to an airport that is smaller than a nonhub airport, on or before the date of enactment of this subsection pursuant to an exemption granted to an incumbent air carrier operating at least 20 but not more than 28 slots at such airport as of October 1, 2004, to provide air transportation between LaGuardia Airport and a small hub airport or nonhub airport, may be exempted from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations, pertaining to slots at high density airports, when added to the slots and slot exemptions at LaGuardia Airport to an incumbent air carrier operating at least 20 but not more than 28 slots at such airport as of October 1, 2004, to provide air transportation between LaGuardia Airport and a small hub airport or nonhub airport.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§41717. Interim application of slot rules at Chicago O’Hare International Airport

(a) SLOT OPERATING WINDOW NARROWED.—Effective July 1, 2001, the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations, do not apply with respect to aircraft operating before 2:45 post meridiem and after 8:14 post meridiem at Chicago O’Hare International Airport.

(b) EXEMPTIONS FOR AIR SERVICE TO SMALL AND NONHUB AIRPORTS.—Effective May 1, 2000, subject to section 41714(1), the Secretary of Transportation shall grant, by order, exemptions from the requirements of subparts K and S of part 93 of title 14, Code of Federal Regulations (pertaining to slots at high density airports), to any air carrier to provide nonstop air transportation, using an aircraft with a certificated maximum seating capacity of less than 71, between Chicago O’Hare International Airport and a small hub or nonhub airport:

1. if the air carrier was not providing such air transportation during the week of November 1, 1999;
2. if the number of flights to be provided between such airports by the air carrier during any week will exceed the number of flights provided by the air carrier between such airports during the week of November 1, 1999; or
3. if the air transportation to be provided under the exemption will be provided with a regional jet as replacement of turboprop air transportation that was being provided during the week of November 1, 1999.

(c) EXEMPTIONS FOR NEW ENTRANT AND LIMITED INCUMBENT AIR CARRIERS.—

1. IN GENERAL.—The Secretary shall grant, by order, 30 exemptions from the requirements under subparts K and S of part 93 of title 14, Code of Federal Regulations, to any new entrant air carrier or limited incumbent air carrier to provide air transportation to or from Chicago O’Hare International Airport.

2. DEADLINE FOR GRANTING EXEMPTIONS.—The Secretary shall grant an exemption under paragraph (1) within 45 days of the date of the request for such exemption if the person making the request qualifies as a new entrant air carrier or limited incumbent air carrier.

(d) SLOTS USED TO PROVIDE TURBOPROP SERVICE.—

1. IN GENERAL.—Except as provided in paragraph (2), a slot used to provide turboprop air transportation that is replaced with regional jet air transportation under subsection (b)(3) may not be used, sold, leased, or otherwise transferred after the date the slot exemption is granted to replace the turboprop air transportation.

2. TWO-FOR-ONE EXCEPTION.—An air carrier that otherwise could not use 2 slots as a result of paragraph (1) may use 1 of such slots to provide air transportation.

3. WITHDRAWAL OF SLOT.—If the Secretary determines that an air carrier that is using a

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106-181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41718. Special rules for Ronald Reagan Washington National Airport

(a) Beyond-Perimeter Exemptions.—The Secretary shall grant, by order, 24 exemptions from the application of sections 49104(a)(3), 49109, and 41714 of this title to air carriers to operate limited frequencies and aircraft on select routes between Ronald Reagan Washington National Airport and domestic hub airports and exemptions from the requirements of subparts K and S of part 93, Code of Federal Regulations, if the Secretary finds that the exemptions will—

(1) provide air transportation with domestic network benefits in areas beyond the perimeter described in that section;

(2) increase competition by new entrant air carriers or in multiple markets;

(3) not reduce travel options for communities served by small hub airports and medium hub airports within the perimeter described in section 49109; and

(4) not result in meaningfully increased travel delays.

(b) Within-Perimeter Exemptions.—The Secretary shall grant, by order, 20 exemptions from the requirements of sections 49104(a)(5), 49111(e), and 41714 of this title to air carriers for providing air transportation to airports within the perimeter established for civil aircraft operations at Ronald Reagan Washington National Airport under section 49109. The Secretary shall develop criteria for distributing slot exemptions for flights within the perimeter to such airports under this paragraph in a manner that promotes air transportation—

(1) by new entrant air carriers and limited incumbent air carriers;

(2) to communities without existing nonstop air transportation to Ronald Reagan Washington National Airport;

(3) to small communities;

(4) that will provide competitive nonstop air transportation on a monopoly nonstop route to Ronald Reagan Washington National Airport; or

(5) that will produce the maximum competitive benefits, including low fares.

(c) Limitations.—

(1) Stage 3 Aircraft Required.—An exemption may not be granted under this section with respect to any aircraft that is not a Stage 3 aircraft (as defined by the Secretary).

(2) General Exemptions.—

(A) Hourly Limitation.—The exemptions granted—

(i) under subsections (a) and (b) and departures authorized under subsection (g)(2)
may not be for operations between the hours of 10:00 p.m. and 7:00 a.m.; and.
(ii) under subsections (a), (b), and (g) may not increase the number of operations at Ronald Reagan Washington National Airport in any 1-hour period during the hours between 7:00 a.m. and 9:59 p.m. by more than 5 operations.

(B) USE OF EXISTING SLOTS.—A non-limited incumbent air carrier utilizing an exemption authorized under subsection (g)(3) for an arrival permitted between the hours of 10:01 p.m. and 11:00 p.m. under this section shall discontinue use of an existing slot during the same time period the arrival exemption is operated.

(3) ALLOCATION OF WITHIN-PERIMETER EXEMPTIONS.—Of the exemptions granted under subsection (b)—
(A) without regard to the criteria contained in subsection (b)(1), six shall be for air transportation to small hub airports and nonhub airports;
(B) ten shall be for air transportation to medium hub and smaller airports; and
(C) four shall be for air transportation to airports without regard to their size.

(4) APPLICABILITY TO EXEMPTION NO. 5133.—Nothing in this section affects Exemption No. 5133, as from time-to-time amended and extended.

(d) APPLICATION PROCEDURES.—The Secretary shall establish procedures to ensure that all requests for exemptions under this section are granted or denied within 90 days after the date on which the request is made.

(e) APPLICABILITY OF CERTAIN LAWS.—Neither the request for, nor the granting of an exemption, under this section shall be considered for purposes of any Federal law a major Federal action significantly affecting the quality of the human environment.

(f) COMMUTERS DEFINED.—For purposes of aircraft operations at Ronald Reagan Washington National Airport under subpart K of part 93 of title 14, Code of Federal Regulations, the term ‘commuters’ means aircraft operations using aircraft having a certificated maximum seating capacity of 76 or less.

(g) ADDITIONAL SLOTS EXEMPTIONS.—
(1) INCREASE IN SLOTS EXEMPTIONS.—Not later than 90 days after the date of enactment of the FAA Modernization and Reform Act of 2012, the Secretary shall grant, by order 16 exemptions from—
(A) the application of sections 49104(a)(5), 49109, and 41714 to air carriers to operate limited frequencies and aircraft on routes between Ronald Reagan Washington National Airport and airports located beyond the perimeter described in section 49109; and
(B) the requirements of subpart K and S of part 93, Code of Federal Regulations.

(2) NEW ENTRANTS AND LIMITED INCUMENTS.—Of the slot exemptions made available under paragraph (1), the Secretary shall make 8 available to limited incumbent air carriers or new entrant air carriers (as such terms are defined in section 41714(h)). Such exemptions shall be allocated pursuant to the application process established by the Secretary under subsection (d). The Secretary shall consider the extent to which the exemptions will—
(A) provide air transportation with domestic network benefits in areas beyond the perimeter described in section 49109;
(B) increase competition in multiple markets;
(C) not reduce travel options for communities served by small hub airports and medium hub airports within the perimeter described in section 49109;
(D) not result in meaningfully increased travel delays;
(E) enhance options for nonstop travel to and from the beyond-perimeter airports that will be served as a result of those exemptions;
(F) have a positive impact on the overall level of competition in the markets that will be served as a result of those exemptions; or
(G) produce public benefits, including the likelihood that the service to airports located beyond the perimeter described in section 49109 will result in lower fares, higher capacity, and a variety of service options.

(3) IMPROVED NETWORK SLOTS.—Of the slot exemptions made available under paragraph (1), the Secretary shall make 8 available to incumbent air carriers qualifying for status as a non-limited incumbent carrier at Ronald Reagan Washington National Airport as of the date of enactment of the FAA Modernization and Reform Act of 2012. Each such non-limited incumbent air carrier—
(A) may operate up to a maximum of 2 of the newly authorized slot exemptions;
(B) prior to exercising an exemption made available under paragraph (1), shall discontinue the use of a slot for service between Ronald Reagan Washington National Airport and a large hub airport within the perimeter as described in section 49109, and operate, in place of such service, service between Ronald Reagan Washington National Airport and an airport located beyond the perimeter described in section 49109;
(C) shall be entitled to return of the slot by the Secretary if use of the exemption made available to the carrier under paragraph (1) is discontinued;
(D) shall have sole discretion concerning the use of an exemption made available under paragraph (1), including the initial or any subsequent beyond perimeter destinations to be served; and
(E) shall file a notice of intent with the Secretary and subsequent notices of intent, when appropriate, to inform the Secretary of any change in circumstances concerning the use of any exemption made available under paragraph (1).

(4) NOTICES OF INTENT.—Notices of intent under paragraph (3)(E) shall specify the beyond perimeter destination to be served and the slots the carrier shall discontinue using to serve a large hub airport located within the perimeter.

(5) CONDITIONS.—Beyond-perimeter flight operations carried out by an air carrier using an
exemption granted under this subsection shall be subject to the following conditions:

(a) An air carrier may not operate a multi-aisle or widebody aircraft in conducting such operations.

(b) An air carrier granted an exemption under this subsection is prohibited from transferring the rights to its beyond-perimeter exemptions pursuant to section 49109.

(h) SCHEDULING PRIORITY.—In administering this section, the Secretary shall—

(1) afford a scheduling priority to operations conducted by new entrant air carriers and limited incumbent air carriers over operations conducted by other air carriers granted additional slot exemptions under subsection (g) for service to airports located beyond the perimeter described in section 49109;

(2) afford a scheduling priority to slot exemptions currently held by new entrant air carriers and limited incumbent air carriers for service to airports located beyond the perimeter described in section 49109, to the extent necessary to protect viability of such service; and

(3) consider applications from foreign air carriers that are certificated by the government of Canada if such consideration is required by the bilateral aviation agreement between the United States and Canada and so long as the conditions and limitations under this section apply to such foreign air carriers.

§ 41719. Air service termination notice

Subsec. (d), Pub. L. 108–176, § 425(d), amended heading and text of subsec. (d) generally. Prior to amendment, text read as follows:

“(1) DEADLINE FOR SUBMISSION.—All requests for exemptions under this section must be submitted to the Secretary not later than the 30th day following the date of the enactment of this subsection.

“(2) DEADLINE FOR COMMENTS.—All comments with respect to any request for an exemption under this section must be submitted to the Secretary not later than the 45th day following the date of the enactment of this subsection.

“(3) DEADLINE FOR FINAL DECISION.—Not later than the 90th day following the date of the enactment of this Act, the Secretary shall make a decision regarding whether to approve or deny any request that is submitted to the Secretary in accordance with paragraph (1).”

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 5 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

REGULATIONS

Pub. L. 108–176, title IV, § 426(b), Dec. 12, 2003, 117 Stat. 2556, provided that: “The Administrator of the Federal Aviation Administration shall revise regulations to take into account the amendment made by subsection (a) [amending this section].”

GENERAL AVIATION FLIGHTS AT RONALD REAGAN WASHINGTON NATIONAL AIRPORT

“(a) SECURITY PLAN.—The Secretary of Homeland Security shall develop and implement a security plan to permit general aviation aircraft to land and take off at Ronald Reagan Washington National Airport.

“(b) LANDING AND TAKEOFFS.—The Administrator of the Federal Aviation Administration shall allow general aviation aircraft that comply with the requirements of the security plan to land and take off at the Airport except during any period that the President suspends the plan developed under subsection (a) due to national security concerns.

“(c) REPORT.—If the President suspends the security plan developed under subsection (a), the President shall submit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure a report on the reasons for the suspension not later than 30 days following the first day of the suspension. The report may be submitted in classified form.”

§ 41719. Air service termination notice

(a) IN GENERAL.—An air carrier may not terminate interstate air transportation from a nonhub airport included on the Secretary of Transportation’s latest published list of such airports, unless such air carrier has given the Secretary at least 45 days’ notice before such termination.

(b) EXCEPTIONS.—The requirements of subsection (a) shall not apply when—

(1) the carrier involved is experiencing a sudden or unforeseen financial emergency, including natural weather related emergencies, equipment-related emergencies, and strikes;
(2) the termination of transportation is made for seasonal purposes only;
(3) the carrier involved has operated at the affected nonhub airport for 180 days or less;
(4) the carrier involved provides other transportation by jet from another airport serving the same community as the affected nonhub airport; or
(5) the carrier involved makes alternative arrangements, such as a change of aircraft size, or other types of arrangements with a part 121 or part 135 air carrier, that continues uninterrupted service from the affected nonhub airport.

(c) Waivers for Regional/Commuter Carriers.—Before January 1, 1995, the Secretary shall establish terms and conditions under which regional/commuter carriers can be excluded from the termination notice requirement.

(d) Definitions.—In this section, the following definitions apply:

(1) Part 121 air carrier.—The term “part 121 air carrier” means an air carrier to which part 121 of title 14, Code of Federal Regulations, applies.

(2) Part 135 air carrier.—The term “part 135 air carrier” means an air carrier to which part 135 of title 14, Code of Federal Regulations, applies.

(3) Regional/Commuter Carriers.—The term “regional/commuter carrier” means—

(A) a part 135 air carrier; or

(B) a part 121 air carrier that provides air transportation exclusively with aircraft having a seating capacity of no more than 70 passengers.

(4) Termination.—The term “termination” means the cessation of all service at an airport by an air carrier.

(Added Pub. L. 103–305, title II, §207(a), Aug. 23, 1994, 108 Stat. 1588, provided that: “The amendments made by this section [enacting this section and amending section 46301 of this title] shall take effect on February 1, 1995.”)

§ 41720. Joint venture agreements

(a) Definitions.—In this section, the following definitions apply:

(1) Joint venture agreement.—The term “joint venture agreement” means an agreement between two or more major air carriers on or after January 1, 1986, with regard to (A) code-sharing, blocked-space arrangements, long-term wet leases (as defined in section 207.1 of title 14, Code of Federal Regulations) of a substantial number (as defined by the Secretary by regulation) of aircraft, or frequent flyer programs, or (B) any other cooperative working arrangement (as defined by the Secretary by regulation) between 2 or more major air carriers that affects more than 15 percent of the total number of available seat miles offered by the major air carriers.

(2) Major air carrier.—The term “major air carrier” means a passenger air carrier that is certificated under chapter 411 of this title and included in Carrier Group III under criteria contained in section 04 of part 241 of title 14, Code of Federal Regulations.

(b) Submission of Joint Venture Agreement.—At least 30 days before a joint venture agreement may take effect, each of the major air carriers that entered into the agreement shall submit to the Secretary—

(1) a complete copy of the joint venture agreement and all related agreements; and

(2) other information and documentary material that the Secretary may require by regulation.

(c) Extension of Waiting Period.—

(1) In general.—The Secretary may extend the 30-day period referred to in subsection (b) until—

(A) in the case of a joint venture agreement with regard to code-sharing, the 150th day following the last day of such period; and

(B) in the case of any other joint venture agreement, the 60th day following the last day of such period.

(2) Publication of Reasons for Extension.—If the Secretary extends the 30-day period referred to in subsection (b), the Secretary shall publish in the Federal Register the Secretary’s reasons for making the extension.

(d) Termination of Waiting Period.—At any time after the date of submission of a joint venture agreement under subsection (b), the Secretary may terminate the waiting periods referred to in subsections (b) and (c) with respect to the agreement.

(e) Regulations.—The effectiveness of a joint venture agreement may not be delayed due to any failure of the Secretary to issue regulations to carry out this section.

(f) Memorandum to Prevent Duplicitous Reviews.—Promptly after the date of enactment of this section, the Secretary shall consult with the Assistant Attorney General of the Antitrust Division of the Department of Justice in order
to establish, through a written memorandum of understanding, preclearance procedures to prevent unnecessary duplication of effort by the Secretary and the Assistant Attorney General under this section and the antitrust laws of the United States, respectively.

(g) Prior Agreements.—With respect to a joint venture agreement entered into before the date of enactment of this section as to which the Secretary finds that—

(1) the parties submitted the agreement to the Secretary before such date of enactment; and

(2) the parties submitted all information on the agreement requested by the Secretary,

the waiting period described in paragraphs (2) and (3) shall begin on the date, as determined by the Secretary, on which all such information was submitted and end on the last day to which the period could be extended under this section.

(h) Limitation on Statutory Construction.—The authority granted to the Secretary under this section shall not in any way limit the authority of the Attorney General to enforce the antitrust laws as defined in the first section of the Clayton Act (15 U.S.C. 12).

References in Text

The date of enactment of this section, referred to in subsecs. (f) and (g), is the date of enactment of Pub. L. 105–277, which was approved Oct. 21, 1998.

Codification

Pub. L. 105–277, §110(f)(1), which directed amendment of subchapter I of chapter 417 by adding this section at the end, without specifying a Code title or Act, was executed by adding this section at the end of this subchapter to reflect the probable intent of Congress.

Amendments

Effective Date of 2000 Amendment

§ 41721. Reports by carriers on incidents involving animals during air transport

(a) In General.—An air carrier that provides scheduled passenger air transportation shall submit to the Secretary a report on any incidents involving the loss, injury, or death of an animal (as defined by the Secretary of Transportation) during air transport provided by the air carrier. The report shall be in such form and contain such information as the Secretary determines appropriate.

(b) Training of Air Carrier Employees.—The Secretary shall work with air carriers to improve the training of employees with respect to the air transport of animals and the notification of passengers of the conditions under which the air transport of animals is conducted.

(c) Sharing of Information.—The Secretary and the Secretary of Agriculture shall enter into a memorandum of understanding to ensure the sharing of information that the Secretary receives under subsection (a).

(d) Publication of Data.—The Secretary shall publish data on incidents and complaints involving the loss, injury, or death of an animal during air transport in a manner comparable to other consumer complaint and incident data.

(e) Air Transport.—For purposes of this section, the air transport of an animal includes the entire period during which an animal is in the custody of an air carrier, from check-in of the animal prior to departure until the animal is returned to the owner or guardian of the animal at the final destination of the animal.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41722. Delay reduction actions

(a) Scheduling Reduction Meetings.—The Secretary of Transportation may request that air carriers meet with the Administrator of the Federal Aviation Administration to discuss flight reductions at severely congested airports to reduce overscheduling and flight delays during hours of peak operations if—

(1) the Administrator determines that it is necessary to convene such a meeting; and

(2) the Secretary determines that the meeting is necessary to meet a serious transportation need or achieve an important public benefit.

(b) Meeting Conditions.—Any meeting under subsection (a)—

(1) shall be chaired by the Administrator;

(2) shall be open to all scheduled air carriers; and

(3) shall be limited to discussions involving the airports and time periods described in the Administrator’s determination.

(c) Flight Reduction Targets.—Before any such meeting is held, the Administrator shall establish flight reduction targets for the meeting and notify the attending air carriers of those targets not less than 48 hours before the meeting.

(d) Delay Reduction Offers.—An air carrier attending the meeting shall make any offer to meet a flight reduction target to the Administrator rather than to another carrier.

(e) Transcript.—The Administrator shall ensure that a transcript of the meeting is kept and made available to the public not later than 3 business days after the conclusion of the meeting.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically pro-
vided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

SCHEDULE REDUCTION

Pub. L. 112–95, title IV, § 413, Feb. 14, 2012, 126 Stat. 89, provided that:

"(a) IN GENERAL.—If the Administrator of the Federal Aviation Administration determines that—

"(1) the aircraft operations of air carriers during any hour at an airport exceed the hourly maximum departure and arrival rate established by the Administrator for such operations; and

"(2) the operations in excess of the maximum departure and arrival rate for such hour at such airport are likely to have a significant adverse effect on the safe and efficient use of navigable airspace,

the Administrator shall convene a meeting of such carriers to reduce pursuant to section 41722 of title 49, United States Code, on a voluntary basis, the number of such operations so as not to exceed the maximum departure and arrival rate.

"(b) NO AGREEMENT.—If the air carriers participating in a meeting with respect to an airport under subsection (a) are not able to agree to a reduction in the number of flights to and from the airport so as not to exceed the maximum departure and arrival rate, the Administrator shall take such action as is necessary to ensure such reduction is implemented.

"(c) SUBSEQUENT SCHEDULE INCREASES.—Subsequent to any reduction in operations under subsection (a) or (b) at an airport, if the Administrator determines that the hourly number of aircraft operations at that airport is less than the amount that can be handled safely and efficiently, the Administrator shall ensure that priority is given to United States air carriers in permitting additional aircraft operations with respect to that hour."

§ 41723. Notice concerning aircraft assembly

The Secretary of Transportation shall require, beginning after the last day of the 18-month period following the date of enactment of this section, an air carrier using an aircraft to provide scheduled passenger air transportation to display a notice, on an information placard available to each passenger on the aircraft, that informs the passengers of the nation in which the aircraft was finally assembled.

REFERENCES IN TEXT

The date of enactment of this section, referred to in text, is the date of enactment of Pub. L. 108–176, which was approved Dec. 12, 2003.

 Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 41724. Musical instruments

(a) IN GENERAL.—

(1) SMALL INSTRUMENTS AS CARRY-ON BAGGAGE.—An air carrier providing air transportation shall permit a passenger to carry a violin, guitar, or other musical instrument in the aircraft cabin, without charging the passenger a fee in addition to any standard fee that carrier may require for comparable carry-on baggage, if—

(A) the instrument is contained in a case or covered so as to avoid injury to other passengers;

(B) the weight of the instrument, including the case or covering, does not exceed 165 pounds or the applicable weight restrictions for the aircraft;

(C) the instrument can be stowed in accordance with the requirements for carriage of carry-on baggage or cargo established by the Administrator;

(D) neither the instrument nor the case contains any object not otherwise permitted to be carried in an aircraft cabin because of a law or regulation of the United States; and

(E) the passenger wishing to carry the instrument in the aircraft cabin has purchased an additional seat to accommodate the instrument.

(2) LARGER INSTRUMENTS AS CARRY-ON BAGGAGE.—An air carrier providing air transportation shall permit a passenger to carry a musical instrument that is too large to meet the requirements of paragraph (1) in the aircraft cabin, without charging the passenger a fee in addition to the cost of the additional ticket described in subparagraph (E), if—

(A) the instrument is contained in a case or covered so as to avoid injury to other passengers;

(B) the weight of the instrument, including the case or covering, does not exceed 165 pounds or the applicable weight restrictions for the aircraft;

(C) the instrument can be stowed in accordance with the requirements for carriage of carry-on baggage or cargo established by the Administrator;

(D) neither the instrument nor the case contains any object not otherwise permitted to be carried in an aircraft cabin because of a law or regulation of the United States; and

(E) the passenger wishing to carry the instrument in the aircraft cabin has purchased an additional seat to accommodate the instrument.

(3) LARGE INSTRUMENTS AS CHECKED BAGGAGE.—An air carrier shall transport as baggage a musical instrument that is the property of a passenger traveling in air transportation that may not be carried in the aircraft cabin if—

(A) the sum of the length, width, and height measured in inches of the outside linear dimensions of the instrument (including the case) does not exceed 150 inches or the applicable size restrictions for the aircraft;

(B) the weight of the instrument does not exceed 165 pounds or the applicable weight restrictions for the aircraft; and

(C) the instrument can be stowed in accordance with the requirements for carriage of carry-on baggage or cargo established by the Administrator.

(b) REGULATIONS.—Not later than 2 years after the date of enactment of this section, the Secretary shall issue final regulations to carry out subsection (a).

(c) EFFECTIVE DATE.—The requirements of this section shall become effective on the date of issuance of the final regulations under subsection (b).

(Added Pub. L. 112–95, title IV, § 403(a), Feb. 14, 2012, 126 Stat. 84.)

REFERENCES IN TEXT

The date of enactment of this section, referred to in text, is the date of enactment of Pub. L. 112–95, which was approved Feb. 14, 2012.

Final regulations, referred to in subsec. (b) and (c), were issued Dec. 29, 2014, effective Mar. 6, 2015. See 80 F.R. 161.
§ 41725. Prohibition on certain cell phone voice communications

(a) PROHIBITION.—The Secretary of Transportation shall issue regulations—

(1) to prohibit an individual on an aircraft from engaging in voice communications using a mobile communications device during a flight of that aircraft in scheduled passenger interstate or intrastate air transportation; and

(2) that exempt from the prohibition described in paragraph (1) any—

(A) member of the flight crew on duty on an aircraft;

(B) flight attendant on duty on an aircraft; and

(C) Federal law enforcement officer acting in an official capacity.

(b) DEFINITIONS.—In this section, the following definitions apply:

(1) FLIGHT.—The term "flight" means, with respect to an aircraft, the period beginning when the aircraft takes off and ending when the aircraft lands.

(2) MOBILE COMMUNICATIONS DEVICE.—

(A) IN GENERAL.—The term "mobile communications device" means any portable wireless telecommunications equipment utilized for the transmission or reception of voice data.

(B) LIMITATION.—The term "mobile communications device" does not include a phone installed on an aircraft.

§ 41726. Strollers

(a) IN GENERAL.—Except as provided in subsection (b), a covered air carrier shall not deny a passenger the ability to check a stroller at the departure gate if the stroller is being used by a passenger the ability to check a stroller at the departure gate if the stroller is being used by a passenger on a flight of that aircraft in scheduled passenger interstate or intrastate air transportation; and

(b) EXCEPTIONS.—Subsection (a) shall not apply in instances where the size or weight of the stroller poses a safety or security risk.

SUBCHAPTER II—SMALL COMMUNITY AIR SERVICE

§ 41731. Definitions

(a) GENERAL.—In this subchapter—

(1) "eligible place" means a place in the United States that—

(A)(I) was an eligible point under section 419 of the Federal Aviation Act of 1958 before October 1, 1988; and

(B) received scheduled air transportation at an eligible place after January 1, 1990; and

(III) is not listed in Department of Transportation Orders 89–9–37 and 89–12–52 as a place ineligible for compensation under this subchapter; or

(ii) was determined, on or after October 1, 1988, and before the date of the enactment of the FAA Extension, Safety, and Security Act of 2016 (Public Law 114–190), under this subchapter by the Secretary of Transportation to be eligible to receive subsidized small community air service under section 41736(a); (B) had an average of 10 enplanements per service day or more, as determined by the Secretary, during the most recent fiscal year beginning after September 30, 2012; (C) had an average subsidy per passenger of less than $1,000 during the most recent fiscal year, as determined by the Secretary; and

(D) is a community that, at any time during the period between September 30, 2010, and September 30, 2011, inclusive—

(i) received essential air service for which compensation was provided to an air carrier under this subchapter; or

(ii) received a 90-day notice of intent to terminate essential air service and the Secretary required the air carrier to continue to provide such service to the community.

(2) "enhanced essential air service" means scheduled air transportation to an eligible place of a higher level or quality than basic essential air service described in section 41732 of this title.

(b) LIMITATION ON AUTHORITY TO DECIDE A PLACE NOT AN ELIGIBLE PLACE.—The Secretary may not decide that a place described in subsection (a)(1) of this section is not an eligible place on any basis that is not specifically stated in this subchapter.

(c) EXCEPTION FOR LOCATIONS IN ALASKA AND HAWAII.—Subparagraphs (B), (C), and (D) of subsection (a)(1) shall not apply with respect to locations in the State of Alaska or the State of Hawaii.

(d) EXCEPTIONS FOR LOCATIONS MORE THAN 175 DRIVING MILES FROM THE NEAREST LARGE OR MEDIUM HUB AIRPORT.—Subsection (a)(1)(B) shall not apply with respect to locations that are more than 175 driving miles from the nearest large or medium hub airport.

(e) WAIVERS.—For fiscal year 2013 and each fiscal year thereafter, the Secretary may waive, on an annual basis, subsection (a)(1)(B) with respect to a location if the location demonstrates to the Secretary's satisfaction that the reason the location averages fewer than 10 enplanements per day is due to a temporary decline in enplanements.

(f) DEFINITION.—For purposes of subsection (a)(1)(B), the term "enplanements" means the number of passengers enplaning, at an eligible place, on flights operated by the subsidized essential air service carrier.

In this subchapter (except subsection (a)(1)(A) of this section), the word “place” is substituted for “point” for clarity and consistency in the revised title.

In subsection (a)(1), the word “was an eligible point . . . as in effect before Octo-

er 1, 1988” is substituted for “is defined as an eligible point . . . as in effect before Octo-

ber 1, 1988” for clarity and to eliminate unnecessary words.

In subsection (a)(2), the words “described in section 41716(a)(2) of such title) serving large

place or on another basis”.

Subsections (a)(3) to (5) which defined “hub airport”, “nonhub airport”, and “small hub airport”, respectively, were redesignated as cls. (i), (ii), and (iii). In subsection (a)(4), the word “boardings” is substituted for “place” for clarity and consistency in the revised title.

AMENDMENTS

2012—Subsec. (a)(1)(B). Pub. L. 112–95, § 421(1), amended subpar. (B) generally. Prior to amendment, subpar. (B) read as follows: “is located not less than 90 miles from the nearest medium or large hub airport; and".

Subsec. (c). Pub. L. 112–95, § 421(2), amended subsec. (c) generally. Prior to amendment, text read as follows: “Subsections (a)(1)(B) and (a)(1)(C) shall not apply with respect to a location in the State of Alaska.”

Subsec. (d). Pub. L. 112–95, § 421(3), amended subsec. (d) generally. Prior to amendment, text read as follows: “The Secretary may waive subsection (a)(1)(B) with re-

spect to a location if the Secretary determines that the geographic characteristics of the location result in undue difficulty in accessing the nearest medium or large hub airport.”

Subsecs. (e), (f). Pub. L. 112–95, § 421(4), added subsecs. (e) and (f).

2011—Subsec. (a)(1). Pub. L. 112–27, § 6(a), redesignated cls. (i) to (iii) of subpar. (A) as subcls. (I) to (III), respectively, redesignated subpars. (A) and (B) as cls. (i) and (ii), respectively, inserted “(A)” before “(i)“ in subcl. (I) of cl. (i), substituted “was determined” for “determined”, “Secretary of Transportation” for “Secretary” and “Secretary of Transportation” for “Secretary”, and semicolon for period at end in cl. (ii) of subpar. (A), and added subpars. (B) and (C).

Subsec. (b). Pub. L. 112–27, § 6(b), substituted “Secretary” for “Secretary of Transportation” and “on any basis” for “on the basis of a passenger subsidy at that place or on another basis”.

Subsecs. (c), (d). Pub. L. 112–27, § 6(c), added subsecs. (c) and (d).

2003—Subsec. (a)(3) to (5). Pub. L. 108–176 struck out paras. (3) to (5) which defined “hub airport”, “nonhub airport”, and “small hub airport”, respectively.

2000—Subsec. (a)(1). Pub. L. 106–181, § 421(1), redesignated subpars. (A), (B), and (C) as cls. (i), (ii), and (iii), respectively, of subpar (A) and added subpar. (B).

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

CODE-SHARING PILOT PROGRAM

“(a) IN GENERAL.—The Secretary of Transportation shall establish a pilot program under which the Sec-

retary may require air carriers providing service with compensation under subchapter II of chapter 417 of title 49, United States Code, and major air carriers (as defined in section 41716(a)(2) of such title) serving large hub airports (as defined in section 41716(a)(3) of such title) to participate in multiple code-share arrangements consist-

ent with normal industry practice whenever and wherever the Secretary determines that such multiple code-sharing arrangements would improve air transportation services.

“(b) LIMITATION.—The Secretary may not require air carriers to participate in the pilot program under this section for more than 10 communities receiving service under subchapter II of chapter 417 of title 49, United States Code.”

MEASUREMENT OF HIGHWAY MILES FOR PURPOSES OF DETERMINING ELIGIBILITY OF ESSENTIAL AIR SERVICE SUBSIDIES

An eligible place (as defined in section 41731 of title 49, United States Code) with respect to which the Secretary “has, in the 2-year period ending on the date of enactment of this Act [Dec. 12, 2003]”, eliminated (or tentatively eliminated) compensation for essential air service to such place, or terminated (or tentatively terminated) the compensation eligibility of such place for essential air service, under section 332 of the Department of
Transportation and Related Agencies Appropriations Act, 2000 [Pub. L. 106–69] (49 U.S.C. 41731 note), section 205 of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century [Pub. L. 106–181] (49 U.S.C. 41731 note), or any prior law of similar effect based on the highway mileage of such place from the nearest hub airport (as defined in section 40102 of such title) or any prior law of similar effect based on the highway mileage of such place from the nearest large or medium hub airport, or require a rate of subsidy per passenger in excess of $200 unless such point is greater than 210 miles from the nearest large or medium hub airport.

"(1) consulting with the Governor of a State or the Governor’s designee; and

"(2) conducting the certification of the Governor of a State or the Governor’s designee as to the most commonly used route.

"(c) Eligibility Determination.—Not later than 60 days after receiving a request under subsection (a), the Secretary shall—

"(1) determine whether the eligible place would have been subject to an elimination of compensation eligibility for essential air service, or termination of the eligibility of such place for essential air service, under the provisions of law referred to in subsection (a), based on the determination of the highway mileage of such place from the nearest medium hub airport or large hub airport or large hub airport under subsection (b); and

"(2) issue a final order with respect to the eligibility of such place for essential air service compensation under subchapter II of chapter 417 of title 49, United States Code.

"(d) Limitation on Period of Final Order.—A final order issued under subsection (c) shall terminate on September 30, 2023.

"(e) Review of Marketing Practices.—The Secretary of Transportation shall review the marketing practices of air carriers that may inhibit the availability of affordable air transportation services to small- and medium-sized communities, including—

"(1) marketing arrangements between airlines and travel agents;

"(2) code-sharing partnerships;

"(3) computer reservation system displays;

"(4) gate arrangements at airports;

"(5) exclusive dealing arrangements; and

"(6) any other marketing practice that may have the same effect.

"(f) Regulations.—If the Secretary finds, after conducting the review, that marketing practices inhibit the availability of affordable air transportation services to small- and medium-sized communities, then, after public notice and an opportunity for comment, the Secretary may issue regulations that address the problem or take other appropriate action.

"(g) Statutory Construction.—Nothing in this section expands the authority or jurisdiction of the Secretary to issue regulations under chapter 417 of title 49, United States Code, or under any other law.

Restrictions on Essential Air Service Subsidies

Pub. L. 106–181, title II, § 205, Apr. 5, 2000, 114 Stat. 94, provided that: "The Secretary of Transportation may provide assistance under subchapter II of chapter 417 of title 49, United States Code, with respect to a place that is located within 70 highway miles of a hub airport (as defined by section 41731 of such title) if the most commonly used highway route between the place and the hub airport exceeds 70 miles."

Pub. L. 106–69, title III, § 332, Oct. 9, 1999, 113 Stat. 1022, provided that: "Hereafter, notwithstanding 49 U.S.C. 41742, no essential air service subsidies shall be provided to communities in the 48 contiguous States that are located fewer than 70 highway miles from the nearest large or medium hub airport, or that require a rate of subsidy per passenger in excess of $200 unless such point is greater than 210 miles from the nearest large or medium hub airport."

Title 49—Transportation

§ 41732. Basic essential air service

(a) General.—Basic essential air service provided under section 41733 of this title is scheduled air transportation of passengers and cargo—

(1) to a hub airport that has convenient connecting or single-plane air service to a substantial number of destinations beyond that airport; or

(2) to a small hub or nonhub airport, when in Alaska or when the nearest hub airport is more than 400 miles from an eligible place.

(b) Minimum Requirements.—Basic essential air service shall include at least the following:

(1)(A) for a place not in Alaska, 2 daily round trips 6 days a week, with not more than one intermediate stop on each flight; or

(B) for a place in Alaska, a level of service at least equal to that provided in 1976 or 2 round trips a week, whichever is greater, except that the Secretary of Transportation and the appropriate State authority of Alaska may agree...
to a different level of service after consulting with the affected community.

(2) Flights at reasonable times considering the needs of passengers with connecting flights at the airport and at prices that are not excessive compared to the generally prevailing prices of other air carriers for like service between similar places.

(3) For a place not in Alaska, service provided in an aircraft with an effective capacity of at least 15 passengers if the average daily boardings at the place in any calendar year from 1976-1986 were more than 11 passengers unless—

(A) that level-of-service requirement would require paying compensation in a fiscal year under section 41739(d) or 41734(d) or (e) of this title for the place when compensation otherwise would not have been paid for that place in that year; or

(B) the affected community agrees with the Secretary in writing to the use of smaller aircraft to provide service to the place.

(4) Service accommodating the estimated passenger and property traffic at an average load factor, for each class of traffic considering seasonal demands for the service, of not more than—

(A) 50 percent; or

(B) 60 percent when service is provided by aircraft with more than 14 passenger seats.

(5) Service provided in aircraft with at least 2 engines and using 2 pilots, unless scheduled air transportation has not been provided to the place in aircraft with at least 2 engines and using 2 pilots for at least 60 consecutive operating days at any time since October 31, 1978.

(6) Service provided by pressurized aircraft when the service is provided by aircraft that regularly fly above 8,000 feet in altitude.

(c) Waivers.—Notwithstanding section 41733(e), upon request by an eligible place, the Secretary may waive, in whole or in part, subsections (a) and (b) of this section or subsections (a) through (c) of section 41734. A waiver issued under this subsection shall remain in effect for a limited period of time, as determined by the Secretary.

</table>

In subsection (a), before clause (1), the words “provided under section 41733 of this title” are added for clarity. In clause (2), the words “from an eligible place” are added for clarity.

In subsection (b), before clause (1), the words “basic essential air service” are substituted for “Such transportation” for clarity and consistency in the revised title.

In clause (1)(B), the word “1976” is substituted for “calendar year 1976” to eliminate unnecessary words. The words “appropriate State authority of Alaska” are substituted for “State agency of the State of Alaska for clarity and consistency with the source provisions restated in section 41734(a) of the revised title. The words “agree to a different level of service” are substituted for “otherwise specified under an agreement” for clarity.

In clause (2), the word “prices” is substituted for “rates, fares, and charges” and “fares” because of the definition of “price” in section 40102(a) of the revised title. In clause (3), before subclause (A), the word “boardings” is substituted for “enplanements” for clarity and consistency in the revised title. The words “from 1976–1986” are substituted for “beginning after December 31, 1975, and ending on or before December 31, 1986” to eliminate unnecessary words. In subclause (B), the words “affected community” are substituted for “community concerned” for consistency with the source provisions restated in clause (1)(B) of this section.

The words “for at least 60 consecutive operating days” are substituted for “on each of 60 consecutive operating days” for clarity.

### Amendments

§ 41733. Level of basic essential air service

(a) Decisions Made Before October 1, 1988.—For each eligible place for which a decision was made before October 1, 1988, under section 419 of the Federal Aviation Act of 1958, establishing the level of essential air transportation, the level of basic essential air service for that place shall be the level established by the Secretary of Transportation for that place by not later than December 31, 1986.

(b) Decisions Not Made Before October 1, 1988.—(1) The Secretary shall decide on the level of basic essential air service for each eligible place for which a decision was not made before October 1, 1988, establishing the level of essential air transportation, when the Secretary receives notice that service to that place will be provided by only one air carrier. The Secretary shall make the decision by the last day of the 6-month period beginning on the date the Secretary receives the notice. The Secretary may impose notice requirements necessary to carry out this subsection. Before making a decision, the Secretary shall consider the views of any interested community and the appropriate State authority of the State in which the community is located.

(2) Until the Secretary has made a decision on a level of basic essential air service for an eligible place under this subsection, the Secretary, on petition by an appropriate representative of the place, shall prohibit an air carrier from ending, suspending, or reducing air transportation to that place that appears to deprive the place of basic essential air service.

(c) Availability of Compensation.—(1) If the Secretary decides that basic essential air service will not be provided to an eligible place without compensation, the Secretary shall provide notice that an air carrier may apply to provide basic essential air service to the place for compensation under this section. In selecting an applicant, the Secretary shall consider, among other factors—
(A) the demonstrated reliability of the applicant in providing scheduled air service;
(B) the contractual and marketing arrangements the applicant has made with a larger carrier to ensure service beyond the hub airport;
(C) the interline arrangements that the applicant has made with a larger carrier to allow passengers and cargo of the applicant at the hub airport to be transported by the larger carrier through one reservation, ticket, and baggage check-in;
(D) the preferences of the actual and potential users of air transportation at the eligible place, giving substantial weight to the views of the elected officials representing the users;
(E) whether the air carrier has included a plan in its proposal to market its services to the community; and
(F) for an eligible place in Alaska, the experience of the applicant in providing, in Alaska, scheduled air service, or significant patterns of non-scheduled air service under an exemption granted under section 40109(a) and (c)–(h) of this title.

(2) Under guidelines prescribed under section 41737(a) of this title, the Secretary shall pay the rate of compensation for providing basic essential air service under this subchapter on or before the 45th day before issuing any final decision to end payment of compensation to an air carrier for providing basic essential air service to an eligible place because the Secretary has determined that providing such service requires a rate of subsidy per passenger in excess of the subsidy cap.

(g) PROPOSALS OF STATE AND LOCAL GOVERNMENTS TO RESTORE ELIGIBILITY.—
(1) In general.—If the Secretary, after the date of enactment of this subsection, ends payment of compensation to an air carrier for providing basic essential air service to an eligible place because the Secretary has determined that providing such service requires a rate of subsidy per passenger in excess of the subsidy cap or that the place is no longer an eligible place pursuant to section 41731(a)(1)(B), a State or local government may submit to the Secretary a proposal for restoring compensation for such service. Such proposal shall be a joint proposal of the State or local government and an air carrier.

(h) SUBSIDY CAP DEFINED.—In this section, the term “subsidy cap” means the subsidy-per-passenger cap established by section 332 of the Department of Transportation and Related Agencies Appropriations Act, 2000 (Public Law 106–69; 113 Stat. 1022).

In subsection (a), the words “the level of basic essential air service for that place shall be the level established by the Secretary of Transportation for that place” are substituted for “Such determination shall be made” because the determinations for those places have been made. The words “by not later than December 29, 1988” are substituted for “no later than the last day of the 1-year period beginning on December 30, 1987” for clarity. The words “and only after consideration of the views of any interested community and the State agency of the State in which such community is located” and 49 App.1389(b)(1)(C) are omitted as executed.

In subsections (b)(1) and (e), the words “appropriate State authority” are substituted for “State agency” for clarity and consistency with the source provisions restated in section 41734(a) of the revised title.

In section (b)(2), the words “that appears to deprive” are substituted for “which reasonably appears to deprive” to eliminate an unnecessary word.

In subsection (c)(1), before clause (A), the words “an air carrier may apply to provide basic essential air service to the place for compensation” are substituted for “applications may be submitted by any air carrier that is willing to provide such service to such point for compensation” for clarity and to eliminate unnecessary words.

2000—Subsec. (e), Pub. L. 106–181 inserted before period at end “; to the extent such adjustments are to a level not less than the basic essential air service level established under subsection (a) for the airport that serves the community”.

### Effective Date of 2000 Amendment

### Seasonal Service

Pub. L. 115–254, div. B, title IV, § 451(b), Oct. 5, 2018, 132 Stat. 3347, provided that: “The Secretary of Transportation may consider the flexibility of current operational dates and airport accessibility to meet local community needs when issuing requests for proposal of essential air service at seasonal airports.”

### Effect on Certain Orders

Pub. L. 106–181, title II, § 209(c), Apr. 5, 2000, 114 Stat. 95, provided that: “All orders issued by the Secretary [of Transportation] after September 30, 1999, and before the date of the enactment of this Act [Apr. 5, 2000] establishing, modifying, or revoking essential air service levels shall be null and void beginning on the 90th day following such date of enactment. During the 90-day period, the Secretary shall reconsider such orders and shall issue new orders consistent with the amendments made by this section [amending this section and section 41742 of this title].”

### § 41734. Ending, suspending, and reducing basic essential air service

(a) **Notice Required.**—An air carrier may end, suspend, or reduce air transportation to an eligible place below the level of basic essential air service established for that place under section 41733 of this title only after giving the Secretary of Transportation, the appropriate State authority, and the affected communities at least 90 days’ notice before ending, suspending, or reducing that transportation.

(b) **Continuation of Service for 30 Days After Notice Period.**—If at the end of the notice period under subsection (a) of this section the Secretary has not found another air carrier to provide basic essential air service to the eligible place, the Secretary shall require the carrier providing notice to continue to provide basic essential air service to the place for an additional 30-day period or until another carrier begins to provide basic essential air service to the place, whichever occurs first.

(c) **Continuation of Service for Additional 30-Day Periods.**—If at the end of the 30-day period under subsection (b) of this section the Secretary decides another air carrier will not provide basic essential air service to the place on a continuing basis, the Secretary shall require the carrier providing service to continue to provide service for additional 30-day periods until another carrier begins providing service on a continuing basis. At the end of each 30-day period, the Secretary shall decide if another carrier will provide service on a continuing basis.

(d) **Continuation of Compensation After Notice Period.**—If an air carrier receiving compensation under section 41733 of this title for providing basic essential air service to an eligible place is required to continue to provide service to the place under this section after the 90-day notice period under subsection (a) of this section, the Secretary shall provide the carrier with compensation sufficient—

1. to pay for the fully allocated actual cost to the carrier of performing the basic essential air service that was being provided when the 90-day notice was given under subsection (a) of this section plus a reasonable return on investment that is at least 5 percent of operating costs; and

2. to provide the carrier an additional return that recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that those lost profits increase as the period during which the carrier is required to provide the service continues.

(e) **Compensation to Air Carriers Originally Providing Service Without Compensation.**—If the Secretary requires an air carrier providing basic essential air service to an eligible place without compensation under section 41733 of this
title to continue providing that service after the 90-day notice period required by subsection (a) of this section, the Secretary shall provide the carrier with compensation after the end of the 90-day notice period that is sufficient—

1. to pay for the fully allocated actual cost to the carrier of performing the basic essential air service that was being provided when the 90-day notice was given under subsection (a) of this section plus a reasonable return on investment that is at least 5 percent of operating costs; and

2. to provide the carrier an additional return that recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that those lost profits increase as the period during which the carrier is required to provide the service continues.

(f) Finding Replacement Carriers.—When the Secretary requires an air carrier to continue to provide basic essential air service to an eligible place, the Secretary shall continue to make every effort to find another carrier to provide at least that basic essential air service to the place on a continuing basis.

(g) Transfer of Authority.—If an air carrier, providing basic essential air service under section 41733 of this title between an eligible place and an airport at which the Administrator of the Federal Aviation Administration limits the number of instrument flight rule takeoffs and landings of aircraft, provides notice under subsection (a) of this section of an intention to end, suspend, or reduce that service and another carrier is found to provide the service, the Secretary shall require the carrier providing notice to transfer any operational authority the carrier has to land or take off at that airport related to the service to the eligible place to the carrier that will provide the service, if—

1. the carrier that will provide the service needs the authority; and

2. the authority to be transferred is being used to provide air service to another eligible place.

(h) Nonconsideration of Slot Availability.—In determining what is basic essential air service and in selecting an air carrier to provide such service, the Secretary shall not consider as a factor whether slots at a high density airport are available for providing such service.

(i) Exemption From Hold-In Requirements.—If, after the date of enactment of this subsection, an air carrier commences air transportation to an eligible place that is not receiving scheduled passenger air service as a result of the failure of the eligible place to meet requirements contained in an appropriations Act, the air carrier shall not be subject to the requirements of subsections (b) and (c) with respect to such air transportation.

In subsection (b), the words “If at the end of the notice period under subsection (a) of this section” are substituted for “If an air carrier has provided notice to the Secretary under paragraph (2) of such air carrier’s intention to suspend, terminate, or reduce service to any eligible point below the level of basic essential air service to such point, and if at the conclusion of the applicable period of notice” for clarity and to eliminate unnecessary words.

In subsection (c), the words “either with or without compensation” are omitted as unnecessary. The words “shall require the carrier providing service to continue to provide service for additional 30-day periods” are substituted for “shall extend such requirement for such additional 30-day periods . . . as may be necessary to continue basic essential air service to such eligible point”, and the words “the Secretary shall decide if another carrier will provide service on a continuing basis” are substituted for “making the same determination”, for clarity.

In subsections (d) and (e), the word “fair” is omitted as being included in “reasonable”.

In subsection (d), before clause (1), the words “basic essential air service” are substituted for “air transportation” and “such transportation” for consistency with the source provisions restated in this section. The words “to continue to provide service to the place under this section after the 90-day notice period under subsection (a) of this section” are substituted for “to continue service to such point beyond the date on which such carrier would, but for paragraph (5), be able to suspend, terminate, or reduce such service below the level of basic essential air service to such point” to eliminate unnecessary words.

In subsection (e), before clause (1), the words “basic essential air service” are substituted for “air transportation” and “such transportation” for consistency with the source provisions restated in this section. The words “after the end of the 90-day notice period that is” are substituted for “then” for clarity.

In subsection (f), the words “basic essential air service” are substituted for “air transportation which such carrier would, but for paragraph (5), be able to provide the carrier with com-

### References in Text

### Amendments

2012—Subsec. (d), Pub. L. 112–95, in introductory provisions, substituted “provide the carrier with com-
shall apply to compensation sufficient—" for "continue to pay that compensation after the last day of that period. The Secretary shall pay the compensation until the Secretary finds another carrier to provide the service to the place or the 90th day after the end of that notice period, whichever is earlier. If, after the 90th day after the end of the 90-day notice period, the Secretary has not found another carrier to provide the service, the carrier required to continue to provide that service shall receive compensation sufficient—":

§ 41735 Enhanced essential air service

(a) Proposals.—(1) A State or local government may submit a proposal to the Secretary of Transportation for enhanced essential air service to an eligible place for which basic essential air service is being provided under section 41733 of this title. The proposal shall—

(A) specify the level and type of enhanced essential air service the State or local government considers appropriate; and

(B) include an agreement related to compensation required for the proposed service.

(2) The agreement submitted under paragraph (1)(B) of this subsection shall provide that—

(A) the State or local government or a person pay 50 percent of the compensation required for the proposed service and the United States Government pay the remaining 50 percent; or

(B)(i) the Government pay 100 percent of the compensation; and

(ii) if the proposed service is not successful for at least a 2-year period under the criteria prescribed by the Secretary under paragraph (3) of this subsection, the eligible place is not eligible for air service or air transportation for which compensation is paid by the Secretary under this subchapter.

(3) The Secretary shall prescribe by regulation objective criteria for deciding whether enhanced essential air service to an eligible place under this section is successful in terms of—

(A) increasing passenger usage of the airport facilities at the place; and

(B) reducing the amount of compensation provided by the Secretary under this subchapter for that service.

(b) Decisions.—Not later than 90 days after receiving a proposal under subsection (a) of this section, the Secretary shall—

(1) approve the proposal if the Secretary decides the proposal is reasonable; or

(2) if the Secretary decides the proposal is not reasonable, disapprove the proposal and notify the State or local government of the disapproval and the reasons for the disapproval.

(c) Compensation Payments.—(1) The Secretary shall pay compensation under this section when and in the way the Secretary decides is appropriate. Compensation for enhanced essential air service under this section may be paid only for the costs incurred in providing air service to an eligible place that are in addition to the costs incurred in providing basic essential air service to the place under section 41733 of this title. The Secretary shall continue to pay compensation under this section only as long as—

(A) the air carrier maintains the level of enhanced essential air service;

(B) the State or local government or person agreeing to pay compensation under this section continues to pay the compensation; and

(C) the Secretary decides the compensation is necessary to maintain the service to the place.

(2) The Secretary may require the State or local government or person agreeing to pay compensation under this section to make advance payments or provide other security to ensure that timely payments are made.

(d) Review.—(1) The Secretary shall review periodically the enhanced essential air service provided to each eligible place under this section.

(2) For service for which the Government pays 50 percent of the compensation, based on the review and consultation with the affected community and the State or local government or person paying the remaining 50 percent of the compensation, the Secretary shall make appropriate adjustments in the type and level of service to the place.

(3) For service for which the Government pays 100 percent of the compensation, based on the review and consultation with the State or local government submitting the proposal, the Secretary shall decide whether the service has succeeded for at least a 2-year period under the criteria prescribed under subsection (a)(3) of this section. If unsuccessful, the place is not eligible for air service or air transportation for which compensation is paid by the Secretary under this subchapter.

(e) Ending, Suspending, and Reducing Air Transportation.—An air carrier may end, suspend, or reduce air transportation to an eligible place below the level of enhanced essential air service established for that place by the Secretary under this section only after giving the Secretary, the affected community, and the State or local government or person paying
compensation for that service at least 30 days' notice before ending, suspending, or reducing the service. This subsection does not relieve the carrier of an obligation under section 41734 of this title.

In subsections (a)(2)(B)(i) and (d)(3), the words “air service or air transportation for which compensation is paid” are substituted for “air service for which compensation is payable” for consistency with the source provisions restated in sections 41733 and 41736 of the revised title.

In subsection (a)(3), the word “prescribe” is substituted for “establish” for consistency in the revised title.

In subsection (b), before clause (1), the words “issue a decision” are omitted as unnecessary because of the restatement.

In subsection (c)(1)(B), the words “State or local government or person agreeing to pay compensation under this section” are substituted for “government or person agreeing to pay any non-Federal share” for clarity.

In subsection (c)(2), the words “State or local government or person agreeing to pay compensation under this section” are substituted for “non-Federal payor” for clarity.

In subsection (d)(2), the words “For service for which the Government pays 50 percent of the compensation” are substituted for “If the enhanced essential air service approved under this subsection is to be at a 50 percent Federal share” because of the restatement. The words “the remaining 50 percent” are substituted for “the non-Federal” for clarity.

In subsection (d)(3), the words “For service for which the Government pays 100 percent of the compensation” are substituted for “If the enhanced essential air service approved under this subsection is to be at a 100 percent Federal share” because of the restatement.

§ 41736. Air transportation to noneligible places

(a) PROPOSALS AND DECISIONS.—(1) A State or local government may propose to the Secretary of Transportation that the Secretary provide compensation to an air carrier to provide air transportation to a place that is not an eligible place under this subchapter. Not later than 90 days after receiving a proposal under this section, the Secretary shall—

(A) decide whether to designate the place as eligible to receive compensation under this section; and

(B)(i) approve the proposal if the State or local government or a person is willing and able to pay 50 percent of the compensation for providing the transportation, and notify the State or local government of the approval; or

(ii) disapprove the proposal if the Secretary decides the proposal is not reasonable under paragraph (2) of this subsection, and notify the State or local government of the disapproval and the reasons for the disapproval.

(2) In deciding whether a proposal is reasonable, the Secretary shall consider, among other factors—

(A) the traffic-generating potential of the place;

(B) the cost to the United States Government of providing the proposed transportation; and

(C) the distance of the place from the closest hub airport.

(b) APPROVAL FOR CERTAIN AIR TRANSPORTATION.—Notwithstanding subsection (a)(1)(B) of this section, the Secretary shall approve a proposal under this section to compensate an air carrier for providing air transportation to a place in the 48 contiguous States or the District of Columbia and designate the place as eligible for compensation under this section if—

(1) at any time before October 23, 1978, the place was served by a carrier holding a certificate under section 401 of the Federal Aviation Act of 1958;

(2) the place is more than 50 miles from the nearest small hub airport or an eligible place;

(3) the place is more than 150 miles from the nearest hub airport; and

(4) the State or local government submitting the proposal or a person is willing and able to pay 25 percent of the cost of providing the compensated transportation.

Paragraph (4) does not apply to any community approved for service under this section during the period beginning October 1, 1991, and ending December 31, 1997.

(c) LEVEL OF AIR TRANSPORTATION.—(1) If the Secretary designates a place under subsection (a)(1) of this section as eligible for compensation under this section, the Secretary shall decide, not later than 6 months after the date of the designation, on the level of air transportation to be provided under this section. Before making a decision, the Secretary shall consider the views of any interested community, the appropriate State authority of the State in which the place is located, and the State or local government or person agreeing to pay compensation for the transportation under subsection (b)(4) of this section.

(2) After making the decision under paragraph (1) of this subsection, the Secretary shall provide notice that any air carrier that is willing to provide the level of air transportation established under paragraph (1) for a place may submit an application to provide the transportation. In selecting an application, the Secretary shall consider, among other factors—

(A) the factors listed in section 41733(c)(1) of this title; and

(B) the views of the State or local government or person agreeing to pay compensation for the transportation.

(d) COMPENSATION PAYMENTS.—(1) The Secretary shall pay compensation under this section when and in the way the Secretary decides
§ 41737. Compensation guidelines, limitations, and claims

(a) COMPENSATION GUIDELINES.—(1) The Secretary of Transportation shall prescribe guidelines governing the rate of compensation payable under this subchapter. The guidelines shall be used to determine the reasonable amount of compensation required to ensure the continuation of air service or air transportation under this subchapter. The guidelines shall—

(A) provide for a reduction in compensation when an air carrier does not provide service or transportation agreed to be provided;
(B) consider amounts needed by an air carrier to promote public use of the service or transportation for which compensation is being paid;

(C) include expense elements based on representative costs of air carriers providing scheduled air transportation of passengers, property, and mail on aircraft of the type the Secretary decides is appropriate for providing the service or transportation for which compensation is being provided;

(D) include provisions under which the Secretary may encourage an air carrier to improve air service for which compensation is being paid under this subchapter by incorporating financial incentives in an essential air service contract based on specified performance goals, including goals related to improving on-time performance, reducing the number of flight cancellations, establishing reasonable fares (including joint fares beyond the hub airport), establishing convenient connections to flights providing service beyond hub airports, and increasing marketing efforts; and

(E) include provisions under which the Secretary may execute a long-term essential air service contract to encourage an air carrier to provide air service to an eligible place if it would be in the public interest to do so.

(2) Promotional amounts described in paragraph (1)(B) of this subsection shall be a special, segregated element of the compensation provided to a carrier under this subchapter.

(b) REQUIRED FINDING.—The Secretary may pay compensation to an air carrier for providing air service or air transportation under this subchapter only if the Secretary finds the carrier is able to provide the service or transportation in a reliable way.

(c) CLAIMS.—Not later than 15 days after receiving a written claim from an air carrier for compensation under this subchapter, the Secretary shall—

(1) pay or deny the United States Government’s share of a claim; and

(2) if denying the claim, notify the carrier of the denial and the reasons for the denial.

(d) AUTHORITY TO MAKE AGREEMENTS AND INCUR OBLIGATIONS.—(1) The Secretary may make agreements and incur obligations from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to pay compensation under this subchapter. An agreement by the Secretary under this subsection is a contractual obligation of the Government to pay the compensation.

(2) Not more than $38,600,000 is available to the Secretary out of the Fund for each of the fiscal years ending September 30, 1993–1998, to incur obligations under this section. Amounts made available under this section remain available until expended.

(e) ADJUSTMENTS TO ACCOUNT FOR SIGNIFICANTLY INCREASED COSTS.—

(1) IN GENERAL.—If the Secretary determines that air carriers are experiencing significantly increased costs in providing air service or air transportation for which compensation is being paid under this subchapter, the Secretary may increase the rates of compensation payable under this subchapter without regard to any agreement or requirement relating to the renegotiation of contracts or any notice requirement under section 41734.

(2) READJUSTMENT IF COSTS SUBSEQUENTLY DECLINE.—If an adjustment is made under paragraph (1), and total unit costs subsequently decrease to at least the total unit cost reflected in the compensation rate, then the Secretary may reverse the adjustment previously made under paragraph (1) without regard to any agreement or requirement relating to the renegotiation of contracts or any notice requirement under section 41734.

(3) SIGNIFICANTLY INCREASED COSTS DEFINED.—In this subsection, the term “significantly increased costs” means a total unit cost increase (but not increases in individual unit costs) of 10 percent or more in relation to the total unit cost reflected in the compensation rate, based on the carrier’s internal audit of its financial statements if such cost increase is incurred for a period of at least 2 consecutive months.

In subsection (a)(1), before clause (A), the word “prescribe” is substituted for “establish” to eliminate an executed word. The words “air service or air transportation under this subchapter” are substituted for “air service under this section” for consistency with the source provisions restated in sections 41735, 41735, and 41736 of the revised title. In clause (C), the words “the service or transportation for which compensation is being provided” are substituted for “such service” for clarity.

In subsection (a)(2), the words “compensation provided to a carrier under this subchapter” are substituted for “required compensation” for clarity.

In subsection (b), the words “air service or air transportation” are substituted for “air service” for consistency with the source provisions restated in sections 41735, 41735, and 41736 of the revised title.

In subsection (d)(2), the reference to fiscal year 1992 is omitted as obsolete.

**AMENDMENTS**

2012—Subsec. (a)(1)(D), (E). Pub. L. 112–95 added subpars. (D) and (E).
with the other carriers for the quality of transportation provided the public under the code by the other carriers.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1152.)

The words “quality of transportation” are substituted for “quality of service” for clarity and consistency in this section.

#### §41740. Joint proposals

The Secretary of Transportation shall encourage the submission of joint proposals, including joint fares, by 2 or more air carriers for providing air service or air transportation under this subchapter through arrangements that maximize the service or transportation to and from major destinations beyond the hub.

### Historical and Revision Notes

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

The words “air service or air transportation” are substituted for “air service”, and the words “the service or transportation” are substituted for “service”, for consistency with the source provisions restated in sections 41733, 41735, and 41736 of the revised title.

#### AMENDMENTS

#### EFFECTIVE DATE OF 2003 AMENDMENT

#### §41741. Insurance

The Secretary of Transportation may pay an air carrier compensation under this subchapter only when the carrier files with the Secretary an insurance policy or self-insurance plan approved by the Secretary. The policy or plan must be sufficient to pay for bodily injury to, or death of, an individual, or for loss of or damage to property of others, resulting from the operation of aircraft, but not more than the amount of the policy or plan limits.

In this section, before clause (1), the words “air transportation to a place” are substituted for “service or transportation” for consistency with the source provisions restated in sections 41733, 41735, 41736 of the revised title. In clauses (1) and (2), the words “service or transportation” are substituted for “such service” for consistency with the source provisions restated in sections 41733, 41735, and 41736 of the revised title.

#### §41739. Air carrier obligations

If at least 2 air carriers make an agreement to operate under or use a single carrier designator code to provide air transportation, the carrier whose code is being used shares responsibility
The words “The Secretary of Transportation may pay . . . only when” are substituted for “An air carrier shall not receive . . . unless” for clarity. The words “approved by the Secretary” are substituted for “complies with regulations or orders issued by the Secretary governing the filing and approval” to eliminate unnecessary words. The words “The policy or plan must be sufficient to pay . . . but not more than the amount of the policy or plan limits” are substituted for “in the amount prescribed by the Secretary which are conditioned to pay, within the amount of such insurance, amounts” because of the restatement. The words “for which such air carrier may become liable” are substituted for “in the policy or plan limits” to eliminate unnecessary words. The word “individual” is substituted for “person” because it is more precise. The word “operation” is substituted for “operation or maintenance” because it is inclusive.

§ 41742. Essential air service authorization

(a) In General.—

(1) Authorization.—Out of the amounts received by the Federal Aviation Administration credited to the account established under section 45303 of this title or otherwise provided to the Administration, the sum of $50,000,000 for each fiscal year is authorized and shall be made available immediately for obligation and expenditure to carry out the essential air service program under this subchapter.

(2) Additional Funds.—In addition to amounts authorized under paragraph (1), there are authorized to be appropriated out of the Airport and Airway Trust Fund (established under section 9502 of the Internal Revenue Code of 1986) $135,000,000 for fiscal year 2018, $158,000,000 for fiscal year 2019, $161,000,000 for fiscal year 2020, $165,000,000 for fiscal year 2021, $168,000,000 for fiscal year 2022, and $172,000,000 for fiscal year 2023 for carrying out the essential air service program under this subchapter of which not more than $12,000,000 per fiscal year may be used for the marketing incentive program for communities and for State marketing assistance.

(3) Authorization for Additional Employees.—In addition to amounts authorized under paragraphs (1) and (2), there are authorized to be appropriated such sums as may be necessary for the Secretary of Transportation to hire and employ 4 additional employees for the office responsible for carrying out the essential air service program.

(b) Distribution of Additional Funds.—Notwithstanding any other provision of law, in any fiscal year in which funds credited to the account established under section 45303, including the funds derived from fees imposed under the authority contained in section 45301(a), exceed the $50,000,000 made available under subsection (a)(1), such funds shall be made available immediately for obligation and expenditure to carry out the essential air service program under this subchapter.

(c) Availability of Funds.—The funds made available under this section shall remain available until expended.

References in Text

Section 9502 of the Internal Revenue Code of 1986, referred to in subsec. (a)(2), is classified to section 9502 of Title 26, Internal Revenue Code.

Amendments

2018—Subsec. (a)(2). Pub. L. 115–254 substituted “$155,000,000 for fiscal year 2018, $158,000,000 for fiscal year 2019, $161,000,000 for fiscal year 2020, $165,000,000 for fiscal year 2021, $168,000,000 for fiscal year 2022, and $172,000,000 for fiscal year 2023” for “$150,000,000 for fiscal year 2011, $143,000,000 for fiscal year 2012, $118,000,000 for fiscal year 2013, $107,000,000 for fiscal year 2014, $93,000,000 for fiscal year 2015, $75,000,000 for each of fiscal years 2016 and 2017, and $150,000,000 for fiscal year 2018”.

Pub. L. 115–141 substituted “2016 and 2017,” and “$150,000,000 for each of fiscal years 2016 and 2017,” for “2016 and 2017,” and “$74,794,521 for the period beginning on October 1, 2017, and ending on March 31, 2018.”

2017—Subsec. (a)(2). Pub. L. 115–63 substituted “$175,000,000 for each of fiscal years 2016 and 2017, and $74,794,521 for the period beginning on October 1, 2017, and ending on March 31, 2018,” for “and $75,000,000 for each of fiscal years 2016 and 2017”.

2016—Pub. L. 114–190 substituted “‘fiscal year 2014, $93,000,000 for fiscal year 2015, and $175,000,000 for each of fiscal years 2016 and 2017’” for “‘fiscal year 2014, $93,000,000 for fiscal year 2015, and $122,708,333 for each of fiscal years 2016 and 2017’.”
2015—Subsec. (a)(2). Pub. L. 114–55 substituted ‘‘$93,000,000 for fiscal year 2015, and $77,500,000 for the period beginning on October 1, 2015, and ending on March 31, 2016,’’ for ‘‘and $95,000,000 for fiscal year 2015’’.

2012—Subsec. (a)(1). Pub. L. 112–95, § 428(a)(1), inserted ‘‘for each fiscal year’’ before ‘‘is authorized’’ and substituted ‘‘under this subchapter’’ for ‘‘under this subchapter for each fiscal year’’.

Subsec. (a)(2). Pub. L. 112–95, § 428(a)(2), substituted ‘‘$143,000,000 for fiscal year 2012, $118,000,000 for fiscal year 2013, $107,000,000 for fiscal year 2014, and $95,000,000 for fiscal year 2015’’ for ‘‘and $54,699,454 for the period beginning on October 1, 2011, and ending on February 17, 2012’’.

Pub. L. 112–91 substituted ‘‘and $54,699,454 for the period beginning on October 1, 2011, and ending on February 17, 2012,’’ for ‘‘and $50,309,016 for the period beginning on October 1, 2011, and ending on January 31, 2012’’.

Subsec. (b). Pub. L. 112–95, § 428(b), amended subsec. (b) generally. Prior to amendment, text read as follows: ‘‘Notwithstanding any other provision of law, money credited to the account established under section 45303(a) of this title, including the funds derived from fees imposed under the authority contained in section 45301(a) of this title, shall be used to carry out the essential air service program under this subchapter. Notwithstanding section 47114(g) of this title, any amounts from those fees that are not obligated or expended at the end of the fiscal year for the purpose of funding the essential air service program under this subchapter shall be made available to the Administration for use in improving rural air safety under subchapter I of chapter 471 of this title and shall be used exclusively for projects at rural airports under this subchapter.’’

Subsec. (c). Pub. L. 112–95, § 428(c), added subsec. (c).

2011—Subsec. (a)(2). Pub. L. 112–30 substituted ‘‘there is authorized to be appropriated out of the Airport and Airway Trust Fund (established under section 9502 of the Internal Revenue Code of 1986) $150,000,000 for fiscal year 2011 and $50,309,016 for the period beginning on October 1, 2011, and ending on January 31, 2012,’’ for ‘‘there is authorized to be appropriated $77,000,000 for each fiscal year’’.

2003—Subsec. (a)(2). Pub. L. 108–176, § 404(1), substituted ‘‘$77,000,000 for ‘‘$15,000,000’’ and inserted ‘‘of which not more than $12,000,000 per fiscal year may be used for the marketing incentive program for communities and for State marketing assistance’’ before period at end.

Subsec. (c). Pub. L. 108–176, § 404(3), struck out heading and text of subsec. (c). Text read as follows: ‘‘Notwithstanding subsections (a) and (b), in fiscal year 1997, amounts in excess of $75,000,000 that are collected in fees pursuant to section 45301(a)(1) of this title shall be available for the essential air service program under this subchapter, in addition to amounts specifically provided for in appropriations Acts.’’

1996—Pub. L. 104–264 amended section generally, substituting provisions relating to essential air service authorization for provisions stating that this subchapter was not effective after Sept. 30, 1996.

**Effective Date of 2003 Amendment**

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 1 of Pub. L. 108–176, set out as a note under section 106 of this title.

**Effective Date of 2000 Amendment**

**Amendment by Pub. L. 104–264** effective on date that is 30 days after Oct. 9, 1996, see section 203 of Pub. L. 104–264, set out as a note under section 106 of this title.

**FUNDING FOR ESSENTIAL AIR SERVICE PROGRAM**

Pub. L. 112–55, div. C, title I, Nov. 18, 2011, 125 Stat. 644, provided in part: ‘‘That no funds made available under section 41742 of title 49, United States Code, and no funds made available in this Act (div. C of Pub. L. 112–55, see Tables for classification) or any other Act in any fiscal year, shall be available to carry out the essential air service program under sections 41731 through 41742 of such title 49 in communities in the 48 contiguous States unless the community received subsidized essential air service or received a 90-day notice of intent to terminate service and the Secretary required the air carrier to continue to provide service to the community at any time between September 30, 2010, and September 30, 2011, inclusive’’.

**FINDSINGS**

Pub. L. 104–264, title II, § 278(b), Oct. 9, 1996, 110 Stat. 3249, provided that: ‘‘Congress finds that—

‘‘(1) air service in rural areas is essential to a national and international transportation network;

‘‘(2) the rural air service infrastructure supports the safe operation of all air travel;

‘‘(3) rural air service creates economic benefits for all air carriers by making the national aviation system available to passengers from rural areas;

‘‘(4) rural air service has suffered since deregulation;

‘‘(5) the essential air service program under the Department of Transportation—

‘‘(A) provides essential airline access to rural and isolated rural communities throughout the Nation;

‘‘(B) is necessary for the economic growth and development of rural communities;

‘‘(C) is a critical component of the national and international transportation system of the United States; and

‘‘(D) has endured serious funding cuts in recent years; and

‘‘(6) a reliable source of funding must be established to maintain air service in rural areas and the essential air service program.’’

§ 41743. Airports not receiving sufficient service

(a) SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM.—The Secretary of Transportation shall establish a program that meets the requirements of this section for improving air carrier service to airports not receiving sufficient air carrier service.

(b) APPLICATION REQUIRED.—In order to participate in the program established under subsection (a), a community or consortium of communities shall submit an application to the Secretary in such form, at such time, and containing such information as the Secretary may require, including—

‘‘(1) an assessment of the need of the community or consortium for access, or improved access, to the national air transportation system; and

‘‘(2) an analysis of the application of the criteria in subsection (c) to that community or consortium.

(c) CRITERIA FOR PARTICIPATION.—In selecting communities, or consortia of communities, for
participation in the program established under subsection (a), the Secretary shall apply the following criteria:

(1) **Size.**—On the date of submission of the relevant application under subsection (b), the airport serving the community or consortium—
   - (A) is not larger than a small hub airport, as determined using the Department of Transportation’s most recently published classification; and
   - (B) has—
     - (i) insufficient air carrier service; or
     - (ii) unreasonably high air fares.

(2) **Characteristics.**—The airport presents characteristics, such as geographic diversity or unique circumstances, that will demonstrate the need for, and feasibility of, the program established under subsection (a).

(3) **State Limit.**—Not more than 4 communities or consortia of communities, or a combination thereof, from the same State may be selected to participate in the program in any fiscal year.

(4) **Overall Limit.**—
   - (A) **In General.**—No more than 40 communities or consortia, or a combination thereof, may be selected to participate in the program in each year for which funds are appropriated for the program.
   - (B) **Same Projects.**—Except as provided in subparagraph (C), no community, consortium of communities, or combination thereof may participate in the program in support of the same project more than once in a 10-year period, but any community, consortium of communities, or combination thereof may apply, subsequent to such participation, to participate in the program in support of a different project at any time.
   - (C) **Exception.**—The Secretary may waive the limitation under subparagraph (B) related to projects that are the same if the Secretary determines that the community or consortium spent little or no money on its previous project or encountered industry or environmental challenges, due to circumstances that were reasonably beyond the control of the community or consortium.

(5) **Priorities.**—The Secretary shall give priority to communities or consortia of communities where—
   - (A) air fares are higher than the average air fares for all communities;
   - (B) the community or consortium will provide a portion of the cost of the activity to be assisted under the program from local sources other than airport revenues;
   - (C) the community or consortium has established, or will establish, a public-private partnership to facilitate air carrier service to the public;
   - (D) the assistance will provide material benefits to a broad segment of the travelling public, including business, educational institutions, and other enterprises, whose access to the national air transportation system is limited;
   - (E) the assistance will be used to help restore scheduled passenger air service that has been terminated;
   - (F) the assistance will be used in a timely fashion; and
   - (G) multiple communities cooperate to submit a regional or multistate application to consolidate air service into one regional airport.

(6) **Types of Assistance.**—The Secretary may use amounts made available under this section—
   - (1) to provide assistance to an air carrier to subsidize service to and from an underserved airport for a period not to exceed 3 years;
   - (2) to provide assistance to an underserved airport to obtain service to and from the underserved airport; and
   - (3) to provide assistance to an underserved airport to implement such other measures as the Secretary, in consultation with such airport, considers appropriate to improve air service both in terms of the cost of such service to consumers and the availability of such service, including improving air service through marketing and promotion of air service and enhanced utilization of airport facilities.

(7) **Authority To Make Agreements.**—
   - (1) **In General.**—The Secretary may make agreements to provide assistance under this section. The Secretary may amend the scope of a grant agreement at the request of the community or consortium and any participating air carrier, and may limit the scope of a grant agreement to only the elements using grant assistance or to only the elements achieved, if the Secretary determines that the amendment is reasonably consistent with the original purpose of the project.
   - (2) **Authorization of Appropriations.**—There is authorized to be appropriated to the Secretary $10,000,000 for each of fiscal years 2018 through 2023 to carry out this section. Such sums shall remain available until expended.

(8) **Additional Action.**—Under the program established under subsection (a), the Secretary shall work with air carriers providing service to participating communities and major air carriers (as defined in section 41716(a)(2)) serving large hub airports to facilitate joint-fare arrangements consistent with normal industry practice.

(9) **Designation of Responsible Official.**—The Secretary shall designate an employee of the Department of Transportation—
   - (1) to function as a facilitator between small communities and air carriers;
   - (2) to carry out this section;
   - (3) to ensure that the Bureau of Transportation Statistics collects data on passenger information to assess the service needs of small communities;
   - (4) to work with and coordinate efforts with other Federal, State, and local agencies to increase the viability of service to small communities and the creation of aviation development zones; and
   - (5) to provide policy recommendations to the Secretary and Congress that will ensure that small communities have access to quality, affordable air transportation services.

(10) **Air Service Development Zone.**—The Secretary shall designate an airport in the program...
as an Air Service Development Zone and work with the community or consortium on means to attract business to the area surrounding the airport, to develop land use options for the area, and provide data, working with the Department of Commerce and other agencies.

**AMENDMENTS**

2018—Subsec. (c)(1). Pub. L. 115–254, § 455(a)(1), added par. (1) and struck out former par. (1). Prior to amendment, text read as follows: “For calendar year 1997, the airport serving the community or consortium was not larger than a small hub airport, and—

‘‘(A) had insufficient air carrier service; or

‘‘(B) had unreasonably high air fares.’’

Subsec. (c)(4). Pub. L. 115–254, § 455(a)(2), added par. (4) and struck out former par. (4). Prior to amendment, text read as follows: “No more than 40 communities or consortia of communities, or a combination thereof, may be selected to participate in the program in each year for which funds are appropriated for the program. No community, consortia of communities, or combination thereof may participate in the program in support of the same project more than once, but any community, consortia of communities, or combination thereof may apply, subsequent to such participation, to participate in the program in support of a different project.”

Subsec. (c)(5)(E) to (G). Pub. L. 115–254, § 455(a)(3), added subpars. (E) and (F) as (F) and (G), respectively.

Subsec. (c)(1). Pub. L. 115–254, § 455(b), inserted at end “The Secretary may amend the scope of a grant agreement at the request of the community or consortium and any participating air carrier, and may limit the scope of a grant agreement to only the elements using grant assistance or to only the elements achieved, if the Secretary determines that the amendment is reasonably consistent with the original purpose of the project.”

Subsec. (e)(2). Pub. L. 115–254, § 455(c), amended par. (2) generally. Prior to amendment, text read as follows: “There is authorized to be appropriated to the Secretary $35,000,000 for each of fiscal years 2004 through 2011 and for the portion of fiscal year 2012 ending before Feb. 18, 2012.

Subsec. (c)(4). Pub. L. 108–176, § 412(3)(A), added par. (3) and struck out heading and text of former par. (3).

Text read as follows: “No more than four communities or consortia of communities, or a combination thereof, may be located in the same State.”

Subsec. (c)(4). Pub. L. 108–176, § 412(3)(B), inserted at end “No community, consortia of communities, or combination thereof may participate in the program in support of the same project more than once, but any community, consortia of communities, or combination thereof may apply, subsequent to such participation, to participate in the program in support of a different project.”

Pub. L. 108–11 inserted before period at end “in each year for which funds are appropriated for the program”.

Subsec. (c)(3). Pub. L. 108–176, § 412(5)(A), added par. (5) and struck out heading and text of former par. (3).

Text read as follows: “No more than four communities or consortia of communities, or a combination thereof, may participate, subsequent to such participation, to participate in the program in support of a different project.”

Pub. L. 108–11 inserted before period at end “in each year for which funds are appropriated for the program”.

**EFFECTIVE DATE OF 2010 AMENDMENT**

**EFFECTIVE DATE OF 2008 AMENDMENT**

**EFFECTIVE DATE OF 2003 AMENDMENT**

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

**EFFECTIVE DATE**

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

### §41744. Preservation of basic essential air service at single carrier dominated hub airports

(a) In General.—If the Secretary of Transportation determines that extraordinary cir-
cumstances jeopardize the reliable performance of essential air service under this subchapter from a subsidized essential air service community to and from an essential airport facility, the Secretary may require an air carrier that has more than 60 percent of the total annual enplanements at the essential airport facility to take action to enable another air carrier to provide reliable essential air service to that community. Actions required by the Secretary under this subsection may include interline agreements, ground services, subleasing of gates, and the provision of any other service or facility necessary for the performance of satisfactory essential air service to that community.

(b) ESSENTIAL AIRPORT FACILITY DEFINED.—In this section, the term “essential airport facility” means a large hub airport in the contiguous 48 States at which one air carrier has more than 60 percent of the total annual enplanements at that airport.

AMENDMENTS
2003—Subsec. (b). Pub. L. 108–176 struck out “(as defined in section 41731)” after “large hub airport”.

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE
Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41745. Community and regional choice programs
(a) ALTERNATE ESSENTIAL AIR SERVICE PILOT PROGRAM.—
(1) ESTABLISHMENT.—The Secretary of Transportation shall establish an alternate essential air service pilot program in accordance with the requirements of this section.
(2) ASSISTANCE TO ELIGIBLE PLACES.—In carrying out the program, the Secretary, instead of paying compensation to an air carrier to provide essential air service to an eligible place, may provide assistance directly to a unit of local government having jurisdiction over the eligible place or a State within the boundaries of which the eligible place is located.
(3) USE OF ASSISTANCE.—A unit of local government or State receiving assistance for an eligible place under the program may use the assistance for any of the following purposes:
(A) To provide assistance to air carriers that will use smaller equipment to provide the service and to consider increasing the frequency of service using such smaller equipment if the Secretary determines that passenger safety would not be compromised by the use of such smaller equipment and if the State or unit of local government waives the minimum service requirements under section 41732(b).
(B) To provide assistance to an air carrier to provide on-demand air taxi service to and from the eligible place.
(C) To provide assistance to a person to provide scheduled or on-demand surface transportation to and from the eligible place and an airport in another place.
(D) In combination with other units of local government in the same region, to provide transportation services to and from all the eligible places in that region at an airport or other transportation center that can serve all the eligible places in that region.
(E) To purchase aircraft to provide transportation to and from the eligible place or to purchase a fractional share in an aircraft to provide such transportation after the effective date of a rule the Secretary issues relating to fractional ownership.
(F) To pay for other transportation or related services that the Secretary may permit.

(b) COMMUNITY FLEXIBILITY PILOT PROGRAM.—
(1) IN GENERAL.—The Secretary shall establish a pilot program for not more than 10 eligible places or consortia of units of local government.
(2) ELECTION.—Under the program, the sponsor of an airport serving an eligible place may elect to forego any essential air service for which compensation is being provided under this subchapter for a 10-year period in exchange for a grant from the Secretary equal in value to twice the compensation paid to provide such service in the most recent 12-month period.
(3) GRANT.—Notwithstanding any other provision of law, the Secretary shall make a grant to each airport sponsor participating in the program for use on any project that—
(A) is eligible for assistance under chapter 471 and complies with the requirements of that chapter;
(B) is located on the airport property; or
(C) will improve airport facilities in a way that would make such facilities more usable for general aviation.

(c) FRACTIONALLY OWNED AIRCRAFT.—After the effective date of the rule referred to in subsection (a)(3)(E), only those operating rules that relate to an aircraft that is fractionally owned apply when an aircraft described in subsection (a)(3)(E) is used to provide transportation described in subsection (a)(3)(E).

(d) APPLICATIONS.—
(1) IN GENERAL.—An entity seeking to participate in a program under this section shall submit to the Secretary an application in such form and containing such information as the Secretary may require.
(2) REQUIRED INFORMATION.—At a minimum, the application shall include—
(A) a statement of the amount of compensation or assistance required; and
(B) a description of how the compensation or assistance will be used.

(e) PARTICIPATION REQUIREMENTS.—An eligible place for which compensation or assistance is provided under this section in a fiscal year shall not be eligible in that fiscal year for the essen-
tial air service that it would otherwise be entitled to under this subchapter.

(f) SUBSEQUENT PARTICIPATION.—A unit of local government participating in the program under this subsection (a) in a fiscal year shall not be prohibited from participating in the basic essential air service program under this subchapter in a subsequent fiscal year if such unit is otherwise eligible to participate in such program.

(g) FUNDING.—Amounts appropriated or otherwise made available to carry out the essential air service program under this subchapter shall be available to carry out this section.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 41746. Tracking service

The Secretary of Transportation shall require a carrier that provides essential air service to an eligible place and that receives compensation for such service under this subchapter to report not less than semiannually—

(1) the percentage of flights to and from the place that arrive on time as defined by the Secretary; and

(2) such other information as the Secretary considers necessary to evaluate service provided to passengers traveling to and from such place.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 41747. Repealed

§ 41748. Marketing program

(a) IN GENERAL.—The Secretary of Transportation shall establish a marketing incentive program for eligible places that receive subsidized service by an air carrier under section 41733.

Under the program, the sponsor of the airport serving such an eligible place may receive a grant of not more than $50,000 in a fiscal year to develop and implement a marketing plan to increase passenger boardings and the level of passenger usage of its airport facilities.

(b) MATCHING REQUIREMENT; SUCCESS BONUSES.—

(1) IN GENERAL.—Except as provided in paragraphs (2) and (3), not less than 25 percent of the publicly financed costs associated with a marketing plan to be developed and implemented under this section shall come from non-Federal sources. For purposes of this section—

(A) the non-Federal portion of the publicly financed costs may be derived from contributions in kind; and

(B) matching contributions from a State or unit of local government may not be derived, directly or indirectly, from Federal funds, but the use by the State or unit of local government of proceeds from the sale of bonds to provide the matching contribution is not considered to be a contribution derived directly or indirectly from Federal funds, without regard to the Federal income tax treatment of interest paid on those bonds or the Federal income tax treatment of those bonds.

(2) BONUS FOR 25-PERCENT INCREASE IN USAGE.—Except as provided in paragraph (3), if, after any 12-month period during which a marketing plan has been in effect under this section with respect to an eligible place, the Secretary determines that the marketing plan has increased average monthly boardings, or the level of passenger usage, at the airport serving the eligible place, by 25 percent or more, then only 10 percent of the publicly financed costs associated with the marketing plan shall be required to come from non-Federal sources under this subsection for the following 12-month period.

(3) BONUS FOR 50-PERCENT INCREASE IN USAGE.—If, after any 12-month period during which a marketing plan has been in effect under this section with respect to an eligible place, the Secretary determines that the marketing plan has increased average monthly boardings, or the level of passenger usage, at the airport serving the eligible place, by 50 percent or more, then no portion of the publicly financed costs associated with the marketing plan shall be required to come from non-Federal sources under this subsection for the following 12-month period.

CODIFICATION

Another section 410(b) of Pub. L. 108–176 amended the table of sections at the beginning of this chapter.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

INCENTIVE PROGRAM

“(1) to enable essential air service communities to increase boardings and the level of passenger usage of airport facilities at an eligible place by providing technical, financial, and other marketing assistance to such communities and to States;

“(2) to reduce subsidy costs under subchapter II of this chapter [probably means chapter 417 of title 49, United States Code] as a consequence of such increased usage; and

“(3) to provide such communities with opportunities to obtain, retain, and improve transportation services.”
§ 41761. Purpose

The purpose of this subchapter is to improve service by jet aircraft to underserved markets by providing assistance, in the form of Federal credit instruments, to commuter air carriers that purchase regional jet aircraft for use in serving those markets.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41762. Definitions

In this subchapter, the following definitions apply:

(1) AIR CARRIER.—The term “air carrier” means any air carrier holding a certificate of public convenience and necessity issued by the Secretary of Transportation under section 41102.

(2) AIRCRAFT PURCHASE.—The term “aircraft purchase” means the purchase of commercial transport aircraft, including spare parts normally associated with the aircraft.

(3) CAPITAL RESERVE SUBSIDY AMOUNT.—The term “capital reserve subsidy amount” means the amount of budget authority sufficient to cover estimated long-term cost to the United States Government of a Federal credit instrument, calculated on a net present value basis, excluding administrative costs and any incidental effects on Government receipts or outlays in accordance with provisions of the Federal Credit Reform Act of 1990 (2 U.S.C. 661 et seq.).

(4) COMMUTER AIR CARRIER.—The term “com­muter air carrier” means an air carrier that primarily operates aircraft designed to have a maximum passenger seating capacity of 75 or less in accordance with published flight schedules.

(5) FEDERAL CREDIT INSTRUMENT.—The term “Federal credit instrument” means a secured loan, loan guarantee, or line of credit authorized to be made under this subchapter.

(6) FINANCIAL OBLIGATION.—The term “financial obligation” means any note, bond, debenture, or other debt obligation issued by an obligor in connection with the financing of an aircraft purchase, other than a Federal credit instrument.

(7) LENDER.—The term “lender” means any non-Federal qualified institutional buyer (as defined by section 230.144A(a) of title 17, Code of Federal Regulations (or any successor regulation) known as Rule 144A(a) of the Security and Exchange Commission and issued under the Security Act of 1933 (15 U.S.C. 77a et seq.), including—

(A) a qualified retirement plan (as defined in section 4974(c) of the Internal Revenue Code of 1986) that is a qualified institutional buyer; and

(B) a governmental plan (as defined in section 414(d) of the Internal Revenue Code of 1986) that is a qualified institutional buyer.

(8) LINE OF CREDIT.—The term “line of credit” means an agreement entered into by the Secretary with an obligor under section 41763(d) to provide a direct loan at a future date upon the occurrence of certain events.

(9) LOAN GUARANTEE.—The term “loan guarantee” means any guarantee or other pledge by the Secretary under section 41763(c) to pay all or part of any of the principal of and interest on a loan or other debt obligation issued by an obligor and funded by a lender.

(10) NEW ENTRANT AIR CARRIER.—The term “new entrant air carrier” means an air carrier that has been providing air transportation according to a published schedule for less than 5 years, including any person that has received authority from the Secretary to provide air transportation but is not providing air transportation.

(11) OBLIGOR.—The term “obligor” means a party primarily liable for payment of the principal of or interest on a Federal credit instrument, which party may be a corporation, partnership, joint venture, trust, or governmental entity, agency, or instrumentality.

(12) REGIONAL JET AIRCRAFT.—The term “regional jet aircraft” means a civil aircraft—

(A) powered by jet propulsion; and

(B) designed to have a maximum passenger seating capacity of not less than 30 nor more than 75.

(13) SECURED LOAN.—The term “secured loan” means a direct loan funded by the Secretary in connection with the financing of an aircraft purchase under section 41763(b).

(14) UNDERSERVED MARKET.—The term “underserved market” means a passenger air transportation market (as defined by the Secretary) that—

(A) is served (as determined by the Secretary) by a nonhub airport or a small hub airport;

(B) is not within a 90-mile radius of an airport that each year has at least .25 percent of the total annual boardings in the United States; and

(C) the Secretary determines does not have sufficient air service.

References in Text

Sections 414(d) and 4974(c) of the Internal Revenue Code of 1986, referred to in par. (7), are classified to sections 414(d) and 4974(c), respectively, of Title 26, Internal Revenue Code.

Amendments

2003—Pars. (11) to (16). Pub. L. 108–176 redesignated pars. (12), (13), (14), and (16) as (11), (12), (13), and (14), respectively, and struck out former pars. (11) and (15), which defined “nonhub airport” and “small hub airport,” respectively.

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as a note under section 106 of this title.

§ 41763. Federal credit instruments

(a) In General.—Subject to this section and section 41766, the Secretary of Transportation may enter into agreements with one or more obligors to make available Federal credit instruments, the proceeds of which shall be used to finance aircraft purchases.

(b) Secured Loans.—

(1) Terms and Limitations.—

(A) In General.—A secured loan under this section with respect to an aircraft purchase shall be on such terms and conditions and contain such covenants, representatives, warranties, and requirements (including requirements for audits) as the Secretary determines appropriate.

(B) Maximum Amount.—No secured loan may be made under this section—

(i) that extends to more than 50 percent of the purchase price (including the value of any manufacturer credits, post-purchase options, or other discounts) of the aircraft, including spare parts, to be purchased; or

(ii) that, when added to the remaining balance on any other Federal credit instruments made under this subchapter, provides more than $100,000,000 of outstanding credit to any single obligor.

(C) Final Payment Date.—The final payment on the secured loan shall not be due later than 18 years after the date of execution of the loan agreement.

(D) Subordination.—The secured loan may be subordinate to claims of other holders of obligations in the event of bankruptcy, insolvency, or liquidation of the obligor as determined appropriate by the Secretary.

(e) Fees.—The Secretary, subject to appropriations, may establish fees at a level sufficient to cover all or a portion of the administrative costs to the United States Government of making a secured loan under this section. The proceeds of such fees shall be deposited in an account to be used by the Secretary for the purpose of administering the program established under this subchapter and shall be available upon deposit until expended.

(3) Prepayment.—

(A) Use of Excess Revenue.—After satisfying scheduled debt service requirements on all financial obligations and secured loans and all deposit requirements under the terms of any trust agreement, bond resolution, or similar agreement securing financial obligations, the secured loan may be prepaid at any time without penalty.

(B) Use of Proceeds of Refinancing.—The secured loan may be prepaid at any time without penalty from proceeds of refinancing from non-Federal funding sources.

(c) Loan Guarantees.—

(1) In General.—A loan guarantee under this section with respect to an aircraft purchase shall be made in such form and on such terms and conditions and contain such covenants, representatives, warranties, and requirements (including requirements for audits) as the Secretary determines appropriate.

(2) Maximum Amount.—No loan guarantee shall be made under this section—

(A) that extends to more than the unpaid interest and 50 percent of the unpaid principal on any loan;

(B) that, for any loan or combination of loans, extends to more than 50 percent of the purchase price (including the value of any manufacturer credits, post-purchase options, or other discounts) of the aircraft, including spare parts, to be purchased with the loan or loan combination;

(C) on any loan with respect to which terms permit repayment more than 15 years after the date of execution of the loan;

(D) that, when added to the remaining balance on any other Federal credit instruments made under this subchapter, provides more than $100,000,000 of outstanding credit to any single obligor.

(3) Fees.—The Secretary, subject to appropriations, may establish fees at a level sufficient to cover all or a portion of the administrative costs to the United States Government of making a loan guarantee under this section. The proceeds of such fees shall be deposited in an account to be used by the Secretary for the purpose of administering the program established under this subchapter and shall be available upon deposit until expended.

(d) Lines of Credit.—

(1) In General.—Subject to the requirements of this subsection, the Secretary may enter into agreements to make available lines of credit to one or more obligors in the form of direct loans to be made by the Secretary at future dates on the occurrence of certain events.
for any aircraft purchase selected under this section.

(2) TERMS AND LIMITATIONS.—

(A) IN GENERAL.—A line of credit under this subsection with respect to an aircraft purchase shall be on such terms and conditions and contain such covenants, representations, warranties, and requirements (including requirements for audits) as the Secretary determines appropriate.

(B) MAXIMUM AMOUNT.—

(i) TOTAL AMOUNT.—The amount of any line of credit shall not exceed 50 percent of the purchase price (including the value of any manufacturer credits, post-purchase options, or other discounts) of the aircraft, including spare parts.

(ii) 1-YEAR DRAWS.—The amount drawn in any year shall not exceed 20 percent of the total amount of the line of credit.

(C) DRAWS.—Any draw on the line of credit shall represent a direct loan.

(D) PERIOD OF AVAILABILITY.—The line of credit shall be available not more than 5 years after the aircraft purchase date.

(E) RIGHTS OF THIRD-PARTY CREDITORS.—

(i) AGAINST UNITED STATES GOVERNMENT.—A third-party creditor of the obligor shall not have any right against the United States Government with respect to any draw on the line of credit.

(ii) ASSIGNMENT.—An obligor may assign the line of credit to one or more lenders or to a trustee on the lender’s behalf.

(F) SUBORDINATION.—A direct loan under this subsection may be subordinate to claims of other holders of obligations in the event of bankruptcy, insolvency, or liquidation of the obligor as determined appropriate by the Secretary.

(G) FEES.—The Secretary, subject to appropriations, may establish fees at a level sufficient to cover all of a portion of the administrative costs to the United States Government of providing a line of credit under this subsection. The proceeds of such fees shall be deposited in an account to be used by the Secretary for the purpose of administering the program established under this subsection and shall be available upon deposit until expended.

(3) REPAYMENT.—

(A) SCHEDULE.—The Secretary shall establish a repayment schedule for each direct loan under this subsection.

(B) COMMENCEMENT.—Scheduled loan repayments of principal or interest on a direct loan under this subsection shall commence no later than 3 years after the date of the first draw on the line of credit and shall be repaid, with interest, not later than 18 years after the date of the first draw.

(e) RISK ASSESSMENT.—Before entering into an agreement under this section to make available a Federal credit instrument, the Secretary, in consultation with the Director of the Office of Management and Budget, shall determine an appropriate capital reserve subsidy amount for the Federal credit instrument based on such credit evaluations as the Secretary deems necessary.

(f) CONDITIONS.—Subject to subsection (h), the Secretary may only make a Federal credit instrument available under this section if the Secretary finds that—

(1) the aircraft to be purchased with the Federal credit instrument is a regional jet aircraft needed to improve the service and efficiency of operation of a commuter air carrier or new entrant air carrier;

(2) the commuter air carrier or new entrant air carrier enters into a legally binding agreement that requires the carrier to use the aircraft to provide service to underserved markets; and

(3) the prospective earning power of the commuter air carrier or new entrant air carrier, together with the character and value of the security pledged, including the collateral value of the aircraft being acquired and any other assets or pledges used to secure the Federal credit instrument, furnish—

(A) reasonable assurances of the air carrier’s ability and intention to repay the Federal credit instrument within the terms established by the Secretary;

(i) to continue its operations as an air carrier; and

(ii) to the extent that the Secretary determines to be necessary, to continue its operations as an air carrier between the same route or routes being operated by the air carrier at the time of the issuance of the Federal credit instrument; and

(B) reasonable protection to the United States.

(g) LIMITATION ON COMBINED AMOUNT OF FEDERAL CREDIT INSTRUMENTS.—The Secretary shall not allow the combined amount of Federal credit instruments available for any aircraft purchase under this section to exceed—

(1) 50 percent of the cost of the aircraft purchase; or

(2) $100,000,000 for any single obligor.

(h) REQUIREMENT.—Subject to subsection (i), no Federal credit instrument may be made under this section for the purchase of any regional jet aircraft that does not comply with the stage 3 noise levels of part 36 of title 14 of the Code of Federal Regulations, as in effect on January 1, 1999.

(i) OTHER LIMITATIONS.—No Federal credit instrument shall be made by the Secretary under this section for the purchase of a regional jet aircraft unless the commuter air carrier or new entrant air carrier enters into a legally binding agreement that requires the carrier to provide scheduled passenger air transportation to the underserved market for which the aircraft is purchased for a period of not less than 36 consecutive months after the date that aircraft is placed in service.

**Effective Date**

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.
§ 41764. Use of Federal facilities and assistance

(a) USE OF FEDERAL FACILITIES.—To permit the Secretary of Transportation to make use of such expert advice and services as the Secretary may require in carrying out this subchapter, the Secretary may use available services and facilities of other agencies and instrumentalities of the United States Government—

(1) with the consent of the appropriate Federal officials; and

(2) on a reimbursable basis.

(b) ASSISTANCE.—The head of each appropriate department or agency of the United States Government shall exercise the duties and powers of that head in such manner as to assist in carrying out the policy specified in section 41761.

(c) OVERSIGHT.—The Secretary shall make available to the Comptroller General of the United States such information with respect to any Federal credit instrument made under this subchapter as the Comptroller General may require to carry out the duties of the Comptroller General under chapter 7 of title 31, United States Code.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41765. Administrative expenses

In carrying out this subchapter, the Secretary shall use funds made available by appropriations to the Department of Transportation for the purpose of administration, in addition to the proceeds of any fees collected under this subchapter, to cover administrative expenses of the Federal credit instrument program under this subchapter.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41766. Funding

Of the amounts appropriated under section 106(k) for each of fiscal years 2001 through 2003, such sums as may be necessary may be used to carry out this subchapter, including administrative expenses.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 41767. Termination

(a) AUTHORITY TO ISSUE FEDERAL CREDIT INSTRUMENTS.—The authority of the Secretary of Transportation to issue Federal credit instruments under section 41763 shall terminate on the date that is 5 years after the date of the enactment of this subchapter.

(b) CONTINUATION OF AUTHORITY TO ADMINISTER PROGRAM FOR EXISTING FEDERAL CREDIT INSTRUMENTS.—On and after the termination date, the Secretary shall continue to administer the program established under this subchapter for Federal credit instruments issued under this subchapter before the termination date until all obligations associated with such instruments have been satisfied.

The date of the enactment of this subchapter, referred to in subsec. (a), is the date of enactment of Pub. L. 106–181, which was approved Apr. 5, 2000.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

CHAPTER 419—TRANSPORTATION OF MAIL

Sec. 41901. General authority.
41902. Schedules for certain transportation of mail.
41903. Duty to provide certain transportation of mail.
41904. Noncitizens transporting mail to or in foreign countries. 1
41905. Regulating air carrier transportation of foreign mail. 2
41906. Emergency mail transportation.
41907. Prices for foreign transportation of mail. 2
41908. Prices for transporting mail of foreign countries. 2
41909. Duty to oppose unreasonable prices under the Universal Postal Union Convention.
41910. Weighing mail.
41911. Evidence of providing mail service.
41908. Effect on foreign postal arrangements.

Amendments

§ 41901. General authority

(a) TITLE 39.—The United States Postal Service may provide for the transportation of mail by aircraft in interstate air transportation under section 5402(c) and (f) of title 39, and in foreign air transportation under section 5402(b) and (c) of title 39.

(b) AUTHORITY TO PRESCRIBE PRICES.—Except as provided in section 5402 of title 39, on the initiative of the Secretary of Transportation or on petition by the Postal Service or an air carrier, the Secretary shall prescribe and publish—

1Section catchline amended by Pub. L. 110–405 without corresponding amendment of chapter analysis.
2Section repealed by Pub. L. 110–405 without corresponding amendment of chapter analysis.
§ 41901

(1) after notice and an opportunity for a hearing on the record, reasonable prices to be paid by the Postal Service for the transportation of mail by aircraft between places in Alaska, the facilities used in and useful for the transportation of mail, and the services related to the transportation of mail for each carrier holding a certificate that authorizes that transportation;

(2) the methods used, whether by aircraft-mile, pound-mile, weight, space, or a combination of those or other methods, to determine the prices for each air carrier or class of air carriers; and

(3) the effective date of the prices.

c) OTHER TRANSPORTATION.—In prescribing prices under subsection (b) of this section, the Secretary may include transportation other than by aircraft that is incidental to transportation of mail by aircraft or necessary because of emergency conditions related to aircraft operations.

d) AUTHORITY TO PRESCRIBE DIFFERENT PRICES.—Considering conditions peculiar to transportation by aircraft and to particular air carriers or classes of air carriers, the Secretary may prescribe different prices under this section for different air carriers or classes of air carriers and for different classes of service. In prescribing a price for a carrier under this section, the Secretary shall consider, among other factors, the following:

(1) the condition that the carrier may hold and operate under a certificate authorizing the transportation of mail only by providing necessary and adequate facilities and service for the transportation of mail.

(2) standards related to the character and quality of service to be provided that are prescribed by or under law.

e) STATEMENTS ON PRICES.—A petition for prescribing a reasonable price under this section must include a statement of the price the petitioner believes is reasonable.

(f) STATEMENTS ON REQUIRED SERVICES.—The Postal Service shall introduce as part of the record in every proceeding under this section a comprehensive statement of the services to be required of the air carrier and other information considered material to the proceeding.

In subsection (b), before clause (1), the words “Except as provided in section 5402 of title 39” are added for clarity and consistency with subsection (f) of this section. The words “to be paid by the Postal Service” are substituted for “the United States Postal Service pays”. The terms “to be paid by the Postal Service” are added as superseded by 39:5402(d) and (f). The text of 49 App.:1376(a) (1st sentence related to foreign and Alaska air transportation less words between parentheses) is omitted as surplus. The text of 49 App.:1376(a) (1st sentence related to non-Alaska interstate and overseas air transportation less words between parentheses) is added for clarity and to eliminate an unnecessary word. See the revision notes following 49:10101.

Subsection (a) is substituted for 49 App.:1551(b)(1)(D) to make clear that the United States Postal Service derives its authority to provide for the transportation of mail by aircraft in interstate transportation from 39:5402(d) and (f). The text of 49 App.:1376(a) (1st sentence related to non-Alaska interstate and overseas air transportation less words between parentheses) is omitted as superseded by 39:5402(d).

In subsection (b), before clause (1), the words “Except as provided in section 5402 of title 39” are added for clarity. The words “from time to time” in 49 App.:1376(a) are omitted as surplus. The text of 49 App.:1376(a) (1st sentence related to non-Alaska interstate and overseas air transportation less words between parentheses) is added for clarity and consistency with subsection (f) of this section. The words “to be paid by the Postal Service” are substituted for “The United States Postal Service

HISTORICAL AND REVISION NOTES—CONTINUED

PUB. L. 103–272, §1(e)
shall make payments . . . of so much of the total compensation as is fixed and determined by the Board under this section without regard to clause (3) of subsection (b) of this section; 49 App.1376c to eliminate unnecessary words because the text of 49 App.1376b(2) (2d sentence words after 2d semicolon) is being omitted. See the revision notes for subsection (d) of this section. The words "out of appropriations for the transportation of mail by aircraft," are omitted as being superseded by chapters 20 and 24 of title 39, United States Code. The text of 49 App.1376c(2) (2d sentence) is omitted as expressed because of title 39(c). The text of 49 App.1376c(last sentence) is omitted as executed. The words "and to make such rates effective from such date as it shall determine to be proper" in 49 App.1376a are omitted because the power to determine when rates go into effect is included in the power to prescribe rates. The words "transportation of mail by aircraft in foreign air transportation or between places in Alaska" are substituted for "transportation of mail by aircraft" because 49 App.1551b(1)(D) and (E) provides that transportation of mail in interstate or overseas air transportation (except transportation of mail between 2 places in Alaska) is transferred to the jurisdiction of the United States Postal Service leaving the balance of authority under 49 App.1376a with the Secretary of Transportation.

In subsections (c), (d), and (f), reference to service provided by the Postal Service is omitted as obsolete because of 39:5402(d).

In subsection (c), the words "in prescribing prices under subsection (b) of this section, the Secretary" are added for clarity.

In subsection (d), the text of 49 App.1376b(2) (2d sentence words after 2d semicolon, 5th–7th sentences) and (d) is omitted as obsolete because under 49 App.1376c(1), 1376a, payments by the Board under 49 App.1376 were terminated. The text of 49 App.1376b(3) (4d sentences) is omitted as obsolete because it applies only to rates paid for service performed between October 24, 1978, and January 1, 1983. The text of 49 App.1376b(3) (last sentence) is omitted as executed.

Subsection (g) is substituted for 49 App.1553(b)(3) and 1553c because the date on which the authority of the Secretary of Transportation to provide for the transportation of mail by aircraft expires is set out in 39:5402(f). The source provisions of 49 App.1553(b)(3) providing for the transfer of that authority from the Secretary to the Postal Service are restated in section 5(k) of this bill.
In this chapter, the word "place" is substituted for "points" for consistency in the revised title. The words "United States Postal Service" and "Postal Service" are substituted for "Postmaster General" in sections 401, 405, and 406 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 754, 760) because of sections 4(a) and 6(o) of the Postal Reorganization Act (Public Law 91–375, 84 Stat. 773).

In subsection (d), the words "transport mail by aircraft in foreign air transportation or between places in Alaska" are substituted for "transport mail" because 49 App.:1375(b) no longer applies to interstate or overseas transportation. The words "transport mail by aircraft in foreign air transportation or between places in Alaska" are substituted for "transport mail" because 49 App.:1375(b) no longer applies to interstate or overseas transportation.

In subsection (f), the words "as those sections relate to transportation of mail by aircraft" are substituted for "as they relate to transportation of mail by aircraft" because 49 App.:1375(b)–(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 4107 and 4109) of the revised title cease as of January 1, 1999. Section 1601(b)(3) transfers the authority for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.

**AMENDMENTS**

Subsec. (b), Pub. L. 110–405, §2(b)(3)(B), added subsec. (b) and struck out former subsec. (b). Prior to amendment, text read as follows: "Every air carrier shall file with the Secretary of Transportation and the United States Postal Service a statement showing:

(a) the places between which the carrier is authorized to provide foreign air transportation;

(b) the places between which the carrier is authorized to transport mail in Alaska;

(c) every schedule of aircraft regularly operated by the carrier between places described in clauses (a) and (b) and every change in each schedule; and

(d) for each schedule, the places served by the carrier and the time of its arrival at, and departure from, each place.

Subsecs. (c)(1), (d), Pub. L. 110–405, §2(b)(3)(C), substituted "subsection (b)(2)" for "subsection (b)(3)".

Subsecs. (e), (f), Pub. L. 110–405, §2(b)(3)(D), struck out subsecs. (e) and (f) which read as follows:

---

**HISTORICAL AND REVISION NOTES**

**Revised Section** | **Source (U.S. Code)** | **Source (Statutes at Large)**
--- | --- | ---
41902(a) | 49 App.:1375(b) (last sentence) | Aug. 23, 1958, Pub. L. 85–726, 72 Stat. 760.

---

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(f) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704). Section 1601(b)(3) transfers the authority for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.
§ 41903. Duty to provide certain transportation of mail

(a) AIR CARRIERS.—Subject to subsection (b) of this section, an air carrier authorized by its certificate to transport mail by aircraft between places in Alaska shall—

(1) provide facilities and services necessary and adequate to provide that transportation; and

(2) transport mail between the places authorized in the certificate for transportation of mail when required, and under regulations prescribed, by the United States Postal Service.

(b) MAXIMUM MAIL LOAD.—The Secretary of Transportation may prescribe the maximum mail load for a schedule or for an aircraft or type of aircraft for the transportation of mail by aircraft between places in Alaska. If the Postal Service tenders to an air carrier mail exceeding the maximum load for transportation by the carrier under a schedule designated or required to be established for the transportation of mail under section 41902(c) of this title, the carrier, as nearly in accordance with the schedule as the Secretary decides is possible, shall—

(1) provide facilities sufficient to transport the mail to the extent the Secretary decides the carrier reasonably is able to do so; and

(2) transport that mail.

In subsection (a), before clause (1), the words “Subject to subsection (b) of this section” are added for clarity because subsection (b) limits the effect of this section. The words “transportation of mail by aircraft in foreign air transportation or between places in Alaska” are substituted for “the transportation of mail” in 49 App.:1371(l) and “the transportation of mail by aircraft” in 49 App.:1375(d) because 49 App.:1371(l) and 1375(d) no longer apply to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska). Clause (2) is substituted for “shall transport mail whenever required by the United States Postal Service” in 49 App.:1371(l) and the text of 49 App.:1375(d) for clarity and to eliminate unnecessary words. The text of 49 App.:1371(l) (last sentence) is omitted as surplus because section 41901 of the revised title specifies how the rates of compensation are determined.

In subsection (b), before clause (1), the words “transportation of mail by aircraft in foreign air transportation or between places in Alaska” are added because 49 App.:1551(a)(4)(A) provides that 49 App.:1371(l) and 1375(d) no longer applies to interstate or overseas air transportation of mail (except transportation of mail between 2 places in Alaska).

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(d) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704).
§ 41904. Noncitizens transporting mail

When the United States Postal Service decides that it may be necessary to have a person not a citizen of the United States transport mail by aircraft between two points outside the United States, the Postal Service may make an arrangement with noncitizens for the carriage of mail in foreign air transportation under subsections 5402(b) and (c) of title 39.

The words “who may not be obligated to transport the mail for a foreign country” are omitted for simplicity and clarity because the omitted words impose no requirement or qualification that is meaningful.

**AMENDMENTS**

2008—Pub. L. 110–405 struck out “‘or in foreign countries’ after ‘mail in section catchline, substituted ‘between two points outside the United States’ for ‘to or in a foreign country’”, and inserted “Nothing in this section shall affect the authority of the Postal Service to make arrangements with noncitizens for the carriage of mail in foreign air transportation under subsections 5402(b) and (c) of title 39,” after “transportation.”

**Effective Date of 2008 Amendment**

§ 41905. Emergency mail transportation

(a) **Contract Authority.**—In an emergency caused by a flood, fire, or other disaster, the United States Postal Service may make a contract without advertising to transport mail by aircraft to or from a locality affected by the emergency when the available facilities of persons authorized to transport mail to or from the locality are inadequate to meet the requirements of the Postal Service during the emergency. The contract may be for periods necessary to maintain mail service because of the inadequacy of the facilities. Payment for transportation provided under the contract shall be made at rates provided for the contract.

(b) **Transportation Not Air Transportation.**—Transportation provided under a contract made under subsection (a) of this section is not air transportation within the meaning of this part.

(2) oppose any existing or proposed Universal Postal Union price that is higher than a reasonable price for transporting mail.

The words “necessary and” are omitted as being included in the word “appropriate”. The words “each” and “all” are omitted as surplus. The words “transporting mail” are substituted for “such services” for consistency in this section. The word “reasonable” is substituted for “‘fair and reasonable’” for consistency in the revised title and to eliminate an unnecessary word.

See revision notes following 49:10101.

PRIOR PROVISIONS

A prior section 41906 was renumbered section 41909 of this title.

AMENDMENTS

2008—Pub. L. 110–405 renumbered section 41909 of this title as this section.

§ 41907. Weighing mail

The United States Postal Service may weigh mail transported by aircraft between places in Alaska and make statistical and administrative computations necessary in the interest of mail service. When the Secretary of Transportation decides that additional or more frequent weighings of mail are advisable or necessary to carry out this part, the Postal Service shall provide the weighings, but it is not required to provide them for continuous periods of more than 30 days.

In clause (1), the words “abrogate or” are omitted as being included in “affect”.

PRIOR PROVISIONS

AMENDMENTS

2008—Pub. L. 110–405, which directed the amendment of this chapter by renumbering section 49112 as this section, was executed by renumbering section 41912 of this title as this section to reflect the probable intent of Congress.

§ 41909. Repealed

This part was repealed by Pub. L. 110–405 effective Oct. 1, 2008, see section 2(c) of Pub. L. 110–405, set out as a note under section 101 of Title 39, Postal Service.

§ 41908. Effect on foreign postal arrangements

This part does not—

(1) affect an arrangement made by the United States Government with the postal administration of a foreign country related to the transportation of mail by aircraft; or

(2) impair the authority of the United States Postal Service to make such an arrangement.

The text of 49 App.:1376(b)(2) (2d sentence) is omitted as surplus because of 39:chs. 4 and 10. The words “upon request of the Board” are omitted as surplus because the Secretary of Transportation makes the determination. The words “therefor in like manner” are omitted as surplus.

PRIOR PROVISIONS

AMENDMENTS

2018—Pub. L. 115–254 substituted “and administrative” for “and—administrative”.

1 Subchapter I repealed by Pub. L. 105–220 without corresponding amendment of chapter analysis.
SUBCHAPTER I—MUTUAL AID AGREEMENTS AND LABOR REQUIREMENTS OF AIR CARRIERS

§ 42111. Mutual aid agreements

An air carrier that will receive payments from another air carrier under an agreement between the air carriers for the time the one air carrier is not providing foreign air transportation, or is providing reduced levels of foreign air transportation, because of a labor strike must file a true copy of the agreement with the Secretary of Transportation and have it approved by the Secretary under section 41309 of this title. Notwithstanding section 41309, the Secretary shall approve the agreement only if it provides that—

(1) the air carrier will receive payments of not more than 60 percent of direct operating expenses, including interest expenses, but not depreciation or amortization expenses;

(2) benefits may be paid for not more than 8 weeks, and may not be for losses incurred during the first 30 days of a strike; and

(3) on request of the striking employees, the dispute will be submitted to binding arbitration under the Railway Labor Act (45 U.S.C. 151 et seq.).

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 149, added heading for subchapter III and item 42121.)

[SUBCHAPTER I—REPEALED]
(3) comply with title II of the Railway Labor Act (45 U.S.C. 181 et seq.) as long as it holds its certificate.

(c) **MINIMUM ANNUAL RATE OF COMPENSATION.—**

A minimum annual rate under subsection (b)(2) of this section may be less than the annual rate required to be paid for comparable service to a pilot or copilot under subsection (b)(1) of this section.

(d) **COLLECTIVE BARGAINING.—**This section does not prevent pilots or copilots of an air carrier from obtaining by collective bargaining higher rates of compensation or more favorable working conditions or relations.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1160.)

In subsection (a), the words “properly” and “currently” are omitted as surplus.

In subsection (b), the word “providing” is substituted for “engaged in” for consistency in the revised title. In clause (1), the words “48 contiguous States and the District of Columbia” are substituted for “the continental United States (not including Alaska)” for clarity and consistency in the revised title. In clause (2), the words “overseas or” are omitted as obsolete. The word “only” is substituted for “wholly” for consistency. In clause (3), the words “as long as it holds” are substituted for “upon the holding” for clarity.

In subsection (c), the words “or other employees” are omitted as unnecessary because this section only applies to pilots and copilots.

**REFERENCES IN TEXT**

In subsection (c), the words “under subsection (b)(1) of this section” are substituted for “said decision” and “engaged in interstate air transportation within the continental United States (not including Alaska)” to eliminate unnecessary words.

In subsection (d), the words “or other employees” are omitted as unnecessary because this section only applies to pilots and copilots.

**SUBCHAPTER III—WHISTLEBLOWER PROTECTION PROGRAM**

§42121. Protection of employees providing air safety information

(a) **PROHIBITED DISCRIMINATION.—**A holder of a certificate under section 47094 or 47095 of this title, or a contractor, subcontractor, or supplier of such holder, may not discharge an employee or otherwise discriminate against an employee with respect to compensation, terms, conditions, or privileges of employment because the employee (or any person acting pursuant to a request of the employee)—

(1) provided, caused to be provided, or is about to provide (with any knowledge of the employer) or cause to be provided to the employer or Federal Government information regarding to any violation or alleged violation of any order, regulation, or standard of the Federal Aviation Administration or any other provision of Federal law relating to aviation safety under this subtitle or any other law of the United States;

(2) has filed, caused to be filed, or is about to file (with any knowledge of the employer) or cause to be filed a proceeding relating to any violation or alleged violation of any order, regulation, or standard of the Federal Aviation Administration or any other provision of Federal law relating to aviation safety under this subtitle or any other law of the United States;

(3) testified or is about to testify in such a proceeding; or

(4) assisted or participated or is about to assist or participate in such a proceeding.
(b) DEPARTMENT OF LABOR COMPLAINT PROCEDURE.—

(1) FILING AND NOTIFICATION.—A person who believes that he or she has been discharged or otherwise discriminated against by any person in violation of subsection (a) may, not later than 90 days after the date on which such violation occurs, file (or have any person file on his or her behalf) a complaint with the Secretary of Labor alleging such discharge or discrimination. Upon receipt of such a complaint, the Secretary of Labor shall notify, in writing, the person named in the complaint and the Administrator of the Federal Aviation Administration of the filing of the complaint, of the allegations contained in the complaint, of the substance of evidence supporting the complaint, and of the opportunities that will be afforded to such person under paragraph (2).

(2) INVESTIGATION; PRELIMINARY ORDER.—

(A) IN GENERAL.—Not later than 60 days after the date of receipt of a complaint filed under paragraph (1) and after affording the person named in the complaint an opportunity to submit to the Secretary of Labor a written response to the complaint and an opportunity to meet with a representative of the Secretary to present statements from witnesses, the Secretary of Labor shall conduct an investigation and determine whether there is reasonable cause to believe that the complaint has merit and notify, in writing, the complainant and the person alleged to have committed a violation of subsection (a) of the Secretary's findings. If the Secretary of Labor concludes that there is a reasonable cause to believe that a violation of subsection (a) has occurred, the Secretary shall accompany the Secretary's findings with a preliminary order providing the relief prescribed by paragraph (3)(B). Not later than 30 days after the date of notification of findings under this paragraph, either the person alleged to have committed the violation or the complainant may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be conducted expeditiously. If a hearing is not requested in such 30-day period, the preliminary order shall be deemed a final order that is not subject to judicial review.

(B) REQUIREMENTS.—

(i) REQUIRED SHOWING BY COMPLAINANT.—The Secretary of Labor shall dismiss a complaint filed under this subsection and shall not conduct an investigation otherwise required under subparagraph (A) unless the complainant makes a prima facie showing that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(ii) SHOWING BY EMPLOYER.—Notwithstanding a finding by the Secretary that the complainant has made the showing required under clause (i), no investigation otherwise required under subparagraph (A) shall be conducted if the employer demonstrates, by clear and convincing evidence, that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(C) CRITERIA FOR DETERMINATION BY SECRETARY.—The Secretary may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(D) PROHIBITION.—Relief may not be ordered under subparagraph (A) if the employer demonstrates by clear and convincing evidence that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(3) FINAL ORDER.—

(A) DEADLINE FOR ISSUANCE; SETTLEMENT AGREEMENTS.—Not later than 120 days after the date of conclusion of a hearing under paragraph (2), the Secretary of Labor shall issue a final order providing the relief prescribed by this paragraph or denying the complaint. At any time before issuance of a final order, a proceeding under this subsection may be terminated on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

(B) REMEDY.—If, in response to a complaint filed under paragraph (1), the Secretary of Labor determines that a violation of subsection (a) has occurred, the Secretary of Labor shall order the person who committed such violation to—

(i) take affirmative action to abate the violation;

(ii) reinstate the complainant to his or her former position together with the compensation (including back pay) and restore the terms, conditions, and privileges associated with his or her employment; and

(iii) provide compensatory damages to the complainant.

If such an order is issued under this paragraph, the Secretary of Labor, at the request of the complainant, shall assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses (including attorneys' and expert witness fees) reasonably incurred, as determined by the Secretary of Labor, by the complainant or, if in connection with, the bringing the complaint upon which the order was issued.

(C) FRIVOLOUS COMPLAINTS.—If the Secretary of Labor finds that a complaint under paragraph (1) is frivolous or has been brought in bad faith, the Secretary of Labor may award to the prevailing employer a reasonable attorney's fee not exceeding $1,000.

(4) REVIEW.—

(A) APPEAL TO COURT OF APPEALS.—Any person adversely affected or aggrieved by an
order issued under paragraph (3) may obtain review of the order in the United States Court of Appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred or the circuit in which the complainant resided on the date of such violation. The petition for review must be filed not later than 60 days after the date of the issuance of the final order of the Secretary of Labor. Review shall conform to chapter 7 of title 5, United States Code. The commencement of proceedings under this subparagraph shall not, unless ordered by the court, operate as a stay of the order.

(B) LIMITATION ON COLLATERAL ATTACK.—An order of the Secretary of Labor with respect to which review could have been obtained under subparagraph (A) shall not be subject to judicial review in any criminal or other civil proceeding.

(5) ENFORCEMENT OF ORDER BY SECRETARY OF LABOR.—Whenever any person has failed to comply with an order issued under paragraph (3), the Secretary of Labor may file a civil action in the United States district court for the district in which the violation was found to occur to enforce such order. In actions brought under this paragraph, the district courts shall have jurisdiction to grant all appropriate relief including, but not limited to, injunctive relief and compensatory damages.

(6) ENFORCEMENT OF ORDER BY PARTIES.—

(A) COMMENCEMENT OF ACTION.—A person on whose behalf an order was issued under paragraph (3) may commence a civil action against the person to whom such order was issued to require compliance with such order. The appropriate United States district court shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to enforce such order.

(B) ATTORNEY FEES.—The court, in issuing any final order under this paragraph, may award costs of litigation (including reasonable attorney and expert witness fees) to any party whenever the court determines such award is appropriate.

(c) MANDAMUS.—Any nondiscretionary duty imposed by this section shall be enforceable in a mandamus proceeding brought under section 1361 of title 28, United States Code.

(d) NONAPPLICABILITY TO DELIBERATE VIOLATIONS.—Subsection (a) shall not apply with respect to an employee of a holder of a certificate issued under section 44704 or 44705, or a contractor or subcontractor thereof, who, acting without direction from such certificate-holder, contractor, or subcontractor (or such person's agent), deliberately causes a violation of any requirement relating to aviation safety under this subtitle or any other law of the United States.

(e) CONTRACTOR DEFINED.—In this section, the term "contractor" means—

(1) a person that performs safety-sensitive functions by contract for an air carrier or commercial operator; or

(2) a person that performs safety-sensitive functions related to the design or production of an aircraft, aircraft engine, propeller, appliance, or component thereof by contract for a holder of a certificate issued under section 44704.

AMENDMENTS

2020—Subsec. (a). Pub. L. 116–260, §118(1), added subsec. (a) and struck out former subsec. (a) which related to discrimination against airline employees.

Subsec. (d). Pub. L. 116–260, §118(2), added subsec. (d) and struck out former subsec. (d). Prior to amendment, text read as follows: "Subsection (a) shall not apply with respect to an employee of an air carrier, contractor, or subcontractor who, acting without direction from such air carrier, contractor, or subcontractor (or such person's agent), deliberately causes a violation of any requirement relating to air carrier safety under this subtitle or any other law of the United States."

Subsec. (e). Pub. L. 116–260, §118(3), added subsec. (e) and struck out former subsec. (e) which defined the term "contractor" as a company that performs safety-sensitive functions by contract for an air carrier.

EFFECTIVE DATE

Subchapter applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

CHAPTER 423—PASSENGER AIR SERVICE IMPROVEMENTS

Sec.
42301. Emergency contingency plans.
42302. Consumer complaints.
42303. Use of insecticides in passenger aircraft.
42304. Widespread disruptions.

AMENDMENTS

ADVISORY COMMITTEE ON AIR AMBULANCE AND PATIENT BILLING

"(a) IN GENERAL.—Not later than 60 days after the date of enactment of this Act (Oct. 5, 2018), the Secretary of Transportation, in consultation with the Secretary of Health and Human Services, shall establish an advisory committee for the purpose of reviewing options to improve the disclosure of charges and fees for air medical services, better inform consumers of insurance options for such services, and protect consumers from balance billing.

"(b) COMPOSITION OF THE ADVISORY COMMITTEE.—The advisory committee shall be composed of the following members:

"(1) The Secretary of Transportation, or the Secretary's designee.

"(2) The Secretary of Health and Human Services, or the Secretary's designee.

"(3) One representative, to be appointed by the Secretary of Transportation, of each of the following:

"(A) Each relevant Federal agency, as determined by the Secretary of Transportation.

"(B) State insurance regulators.

"(C) Health insurance providers.

"(D) Patient advocacy groups.

"(E) Consumer advocacy groups.

"(F) Physician[s] specializing in emergency, trauma, cardiac, or stroke.

"(4) Three representatives, to be appointed by the Secretary of Transportation, to represent the various segments of the air ambulance industry."
"(5) Additional three representatives not covered under paragraphs (1) through (4), as determined necessary and appropriate by the Secretary.

(b) Consultation.—The advisory committee shall, as appropriate, consult with relevant experts and stakeholders not captured in [subsection] (b) while conducting its review.

(c) Recommendations.—The advisory committee shall make recommendations with respect to disclosure of charges and fees for air ambulance services and insurance coverage, consumer protection and enforcement authorities of both the Department of Transportation and State authorities, and the prevention of balance billing to consumers. The recommendations shall address, at a minimum—

"(1) the costs, benefits, practicability, and impact on all stakeholders of clearly distinguishing between charges for air transportation services and charges for non-air transportation services in bills and invoices, including the costs, benefits, and practicability of—

"(A) developing cost-allocation methodologies to separate charges for air transportation services from charges for non-air transportation services; and

"(B) formats for bills and invoices that clearly distinguish between charges for air transportation services and charges for non-air transportation services;

"(2) options, best practices, and identified standards to prevent instances of balance billing such as improving network and contract negotiation, dispute resolution between health insurance and air medical service providers, and explanation of insurance coverage and subscription programs to consumers;

"(3) steps that can be taken by State legislatures, State insurance regulators, State attorneys general, and other State officials as appropriate, consistent with current legal authorities regarding consumer protection;

"(4) recommendations made by the Comptroller General study, GAO–17–637, including what additional data from air ambulance providers and other sources should be collected by the Department of Transportation to improve its understanding of the air ambulance market and oversight of the air ambulance industry for the purposes of pursuing action related to unfair or deceptive practices or unfair methods of competition, which may include—

"(A) cost data;

"(B) standard charges and payments received per transport;

"(C) whether the provider is part of a hospital-sponsored program, municipality-sponsored program, hospital-independent partnership (hybrid) program, or independent program;

"(D) number of transports per base and helicopter;

"(E) market shares of air ambulance providers inclusive of any parent or holding companies;

"(F) any data indicating the extent of competition among air ambulance providers on the basis of price and service;

"(G) prices assessed to consumers and insurers for air transportation and any non-transportation services provided by air ambulance providers; and

"(H) financial performance of air ambulance providers;

"(5) definitions of all applicable terms that are not defined in statute or regulations; and

"(6) other matters as determined necessary or appropriate.

(d) Removal.—Not later than 180 days after the date of the first meeting of the advisory committee, the advisory committee shall submit to the Secretary of Transportation, the Secretary of Health and Human Services, and the appropriate committees of Congress (Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives) a report containing the recommendations made under subsection (d).

(1) Rulemaking.—Upon receipt of the report under subsection (e), the Secretary of Transportation shall consider the recommendations of the advisory committee and issue regulations or other guidance as deemed necessary—

"(1) to require air ambulance providers to regularly report data to the Department of Transportation;

"(2) to increase transparency related to Department of Transportation actions related to consumer complaints; and

"(3) to provide other consumer protections for customers of air ambulance providers.

(2) Elimination of Advisory Council on Transportation Statistics.—The Advisory Council on Transportation Statistics shall terminate on the date of enactment of this Act [Oct. 5, 2018].

Refunds for Other Fees That Are Not Honored by a Covered Air Carrier

Pub. L. 115–254, div. B, title IV, § 421, Oct. 5, 2018, 132 Stat. 3337, provided that: "Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall promulgate regulations that require each covered air carrier to promptly provide a refund to a passenger of any ancillary fees paid for services related to air travel that the passenger does not receive, including on the passenger’s scheduled flight, on a subsequent replacement itinerary if there has been a rescheduling, or for a flight not taken by the passenger."

[Ticketing during pregnancy]

Advance boarding during pregnancy

Pub. L. 115–254, div. B, title IV, § 422, Oct. 5, 2018, 132 Stat. 3337, provided that: "Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall review air carrier policies regarding traveling during pregnancy and, if appropriate, may revise regulations, as the Secretary considers necessary, to require an air carrier to offer advance boarding of an aircraft to a pregnant passenger who requests such assistance."

Tickets act

"(1) Short title.—This section may be cited as the ‘Transparency Improvements and Compensation to Keep Every Ticketholder Safe Act of 2018’ or the ‘TICKETS Act’.

"(b) Boarded Passengers.—Beginning on the date of enactment of this Act [Oct. 5, 2018], a covered air carrier may not deny a revenue passenger traveling on a confirmed reservation permission to board, or involuntarily remove that passenger from the aircraft, once a revenue passenger has—

"(1) checked in for the flight prior to the check-in deadline; and

"(2) had their ticket or boarding pass collected or electronically scanned and accepted by the gate agent.

"(c) Limitations.—The prohibition pursuant to subsection (b) shall not apply when—

"(1) there is a safety, security, or health risk with respect to that revenue passenger or there is a safety or security issue requiring removal of a revenue passenger; or

"(2) the revenue passenger is engaging in behavior that is obscene, disruptive, or otherwise unlawful.

"(d) Rule of Construction.—Nothing in this section may be construed to limit or otherwise affect the responsibility or authority of a pilot in command of an aircraft under section 121.533 of title 14, Code of Federal Regulations, or limit any penalty under section 46504 of title 49, United States Code.
“(e) INVOLUNTARY [sic] DENIED BOARDING COMPENSATION.—Not later than 60 days after the date of enactment of this Act, the Secretary of Transportation shall issue a final rule to revise part 250 of title 14, Code of Federal Regulations, to clarify that—

“(1) there is not a maximum level of compensation an air carrier or foreign air carrier may pay to a passenger who is involuntarily denied boarding as the result of an oversold flight;

“(2) the compensation levels set forth in that part are the minimum levels of compensation an air carrier or foreign air carrier must pay to a passenger who is involuntarily denied boarding as the result of an oversold flight; and

“(3) an air carrier or foreign air carrier must proactively offer to pay compensation to a passenger who is voluntarily or involuntarily denied boarding on an oversold flight, rather than waiting until the passenger requests the compensation.

“(f) GAO REPORT ON OVERSALES.—

“(1) IN GENERAL.—The Comptroller General of the United States shall review airline policies and practices related to oversales.

“(2) CONSIDERATIONS.—In conducting the review under paragraph (1), the Comptroller General shall examine—

“(A) the impact on passengers as a result of an oversale, including increasing or decreasing the costs of passenger air transportation;

“(B) economic and operational factors which result in oversales;

“(C) whether, and if so how, the incidence of oversales varies depending on markets;

“(D) potential consequences on the limiting of oversales; and

“(E) best practices on how oversale policies can be communicated to passengers at airline check-in desks and airport gates.

“(3) REPORT.—Not later than 1 year after the date of enactment of this Act, the Comptroller General shall submit to the appropriate committees of Congress (Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives) a report on the review under paragraph (2).

“(g) GATE NOTICE OF POLICIES.—The Secretary may provide guidance on how these policies should be communicated at covered air carrier check-in desks and airport gates.

[For definition of ‘covered air carrier’ as used in section 429 of Pub. L. 115–254, set out above, see section 401 of Pub. L. 115–254 note under section 40101 of this title.]"

CONSUMER PROTECTION REQUIREMENTS RELATING TO LARGE TICKET AGENTS

“(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall require each covered air carrier to submit a summarized 1-page document that describes the rights of passengers in air transportation, including guidelines for the following:

“(1) Compensation (regarding rebooking options, refunds, meals, and lodging) for flight delays of various lengths.

“(2) Compensation (regarding rebooking options, refunds, meals, and lodging) for flight diversions.

“(3) Compensation (regarding rebooking options, refunds, meals, and lodging) for flight cancellations.

“(4) Compensation for mishandled baggage, including delayed, damaged, pilfered, or lost luggage.

“(5) Voluntary relinquishment of a ticketed seat due to overbooking or priority of other passengers.

“(6) Involuntary denial of boarding and forced removal for whatever reason, including for safety and security reasons.

“(b) FILING OF SUMMARIZED GUIDELINES.—Not later than 90 days after each air carrier submits its guidelines to the Secretary under subsection (a), the air carrier shall make available such 1-page document in a prominent location on its website.

[For definition of ‘covered air carrier’ as used in section 429 of Pub. L. 115–254, set out above, see section 401 of Pub. L. 115–254, set out as a Definitions in Terms in Pub. L. 115–254 note under section 40101 of this title.]"

MINIMUM DIMENSIONS FOR PASSENGER SEATS

“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], and after providing notice and an opportunity for comment, the Administrator of the Federal Aviation Administration shall issue regulations that establish minimum dimensions for passenger seats on aircraft operated by air carriers in interstate air transportation or intrastate air transportation, including minimums for seat pitch, width, and length, and that are necessary for the safety of passengers.

“(b) DEFINITIONS.—The definitions contained in section 40102(a) of title 49, United States Code, apply to this section.”

FAMILY SEATING

Pub. L. 114–190, title II, §2309, July 15, 2016, 130 Stat. 648, provided that:
“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [July 15, 2016], the Secretary of Transportation shall review and, if appropriate, establish a policy directing all air carriers providing scheduled passenger interstate or intrastate air transportation to establish policies that enable a child, who is age 13 or under on the date an applicable flight is scheduled to occur, to be seated in a seat adjacent to the seat of an accompanying family member over the age of 13, to the maximum extent practicable and at no additional cost, except when assignment to an adjacent seat would require an upgrade to another cabin class or a seat with extra legroom or seat pitch for which additional payment is normally required.

“(b) EFFECT ON AIRLINE BOARDING AND SEATING POLICIES.—When considering any new policy under this section, the Secretary shall consider the traditional seating and boarding policies of air carriers providing scheduled passenger interstate or intrastate air transportation and whether those policies generally allow families to sit together.

“(c) STATUTORY CONSTRUCTION.—Notwithstanding the requirement in subsection (a), nothing in this section may be construed to allow the Secretary to impose a significant change in the overall seating or boarding policy of an air carrier providing scheduled passenger interstate or intrastate air transportation that has an open or flexible seating policy in place that generally allows adjacent family seating as described in subsection (a).”

**ESTABLISHMENT OF ADVISORY COMMITTEE FOR AVIATION CONSUMER PROTECTION**

“(1) the recommendations made by the advisory committee during the preceding calendar year; and

“(2) an explanation of how the Secretary has implemented each recommendation and, for each recommendation not implemented, the Secretary’s reason for not implementing the recommendation.

“(b) TERMINATION.—The advisory committee established under this section shall terminate on September 30, 2023.”

**DISCLOSURE OF SEAT DIMENSIONS TO FACILITATE THE USE OF CHILD SAFETY SEATS ON AIRCRAFT**

Pub. L. 112–95, title IV, § 412, Feb. 14, 2012, 126 Stat. 89, provided that: “Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall initiate a rulemaking to require each air carrier operating under part 121 of title 14, Code of Federal Regulations, to post on the Internet Web site of the air carrier the maximum dimensions of a child safety seat that can be used on each aircraft operated by the air carrier to enable passengers to determine which child safety seats can be used on those aircraft.”

§ 42301. Emergency contingency plans

(a) SUBMISSION OF AIR CARRIER AND AIRPORT PLANS.—Not later than 90 days after the date of enactment of this section, each of the following air carriers and airport operators shall submit to the Secretary of Transportation for review and approval an emergency contingency plan in accordance with the requirements of this section:

(1) An air carrier providing covered air transportation at a commercial airport.

(2) An operator of a commercial airport.

(3) An operator of an airport used by an air carrier described in paragraph (1) for diversions.

(b) AIR CARRIER PLANS.—

(1) PLANS FOR INDIVIDUAL AIRPORTS.—An air carrier shall submit an emergency contingency plan under subsection (a) for—

(A) each airport at which the carrier provides covered air transportation; and

(B) each airport at which the carrier has flights for which the carrier has primary responsibility for inventory control.

(2) CONTENTS.—An emergency contingency plan submitted by an air carrier for an airport under subsection (a) shall contain a description of how the carrier will—

(A) provide adequate food, potable water, restroom facilities, comfortable cabin temperatures, and access to medical treatment for passengers onboard an aircraft at the airport when the departure of a flight is delayed or the disembarkation of passengers is delayed;

(B) share facilities and make gates available at the airport in an emergency; and

(C) allow passengers to deplane following an excessive tarmac delay in accordance with paragraph (3).

(3) DEPLANING FOLLOWING AN EXCESSIVE TARMAC DELAY.—For purposes of paragraph (2)(C), an emergency contingency plan submitted by an air carrier for an airport under subsection (a) shall incorporate the following requirements:

(A) A passenger shall have the option to deplane an aircraft and return to the airport terminal when there is an excessive tarmac delay.
(B) The option described in subparagraph (A) shall be offered to a passenger even if a flight in covered air transportation is diverted to a commercial airport other than the originally scheduled airport.

(C) In providing the option described in subparagraph (A), the air carrier shall begin to return the aircraft to a suitable disembarkation point—

(i) in the case of a flight in interstate air transportation, not later than 3 hours after the main aircraft door is closed in preparation for departure; and

(ii) in the case of a flight in foreign air transportation, not later than 4 hours after the main aircraft door is closed in preparation for departure.

(D) Notwithstanding the requirements described in subparagraphs (A), (B), and (C), a passenger shall not have an option to deplane an aircraft and return to the airport terminal in the case of an excessive tarmac delay if—

(i) an air traffic controller with authority over the airport advises the pilot in command that permitting a passenger to deplane would significantly disrupt airport operations; or

(ii) the pilot in command determines that permitting a passenger to deplane would jeopardize passenger safety or security.

(c) AIRPORT PLANS.—An emergency contingency plan submitted by an airport operator under subsection (a) shall contain a description of how the operator, to the maximum extent practicable, will—

(1) provide for the deplanement of passengers following excessive tarmac delays;

(2) provide for the sharing of facilities and make gates available at the airport in an emergency; and

(3) provide a sterile area following excessive tarmac delays for passengers who have not yet cleared United States Customs and Border Protection.

(d) UPDATES.—

(1) AIR CARRIERS.—An air carrier shall update each emergency contingency plan submitted by the carrier under subsection (a) every 3 years and submit the update to the Secretary for review and approval.

(2) AIRPORTS.—An airport operator shall update each emergency contingency plan submitted by the operator under subsection (a) every 5 years and submit the update to the Secretary for review and approval.

(e) APPROVAL.—

(1) IN GENERAL.—Not later than 60 days after the date of the receipt of an emergency contingency plan submitted under subsection (a) or an update submitted under subsection (d), the Secretary shall review and approve or, if necessary, require modifications to the plan or update to ensure that the plan or update will effectively address emergencies and provide for the health and safety of passengers.

(2) FAILURE TO APPROVE OR REQUIRE MODIFICATIONS.—If the Secretary fails to approve or require modifications to a plan or update under paragraph (1) within the timeframe specified in that paragraph, the plan or update shall be deemed to be approved.

(f) ADMITTANCE REQUIRED.—An air carrier or airport operator shall adhere to an emergency contingency plan of the carrier or operator approved under this section.

(g) MINIMUM STANDARDS.—The Secretary shall establish, as necessary or desirable, minimum standards for elements in an emergency contingency plan required to be submitted under this section.

(h) REPORTS.—Not later than 30 days after any flight experiences an excessive tarmac delay, the air carrier responsible for such flight shall submit a written description of the incident and its resolution to the Aviation Consumer Protection Division of the Department of Transportation.

(i) DEFINITIONS.—In this section, the following definitions apply:

(1) COMMERCIAL AIRPORT.—The term “commercial airport” means a large hub, medium hub, small hub, or nonhub airport.

(2) COVERED AIR TRANSPORTATION.—The term “covered air transportation” means scheduled or public charter passenger air transportation provided by an air carrier that operates an aircraft that as originally designed has a passenger capacity of 30 or more seats.

(3) TARMAC DELAY.—The term “tarmac delay” means the period during which passengers are on board an aircraft on the tarmac—

(A) awaiting takeoff after the aircraft doors have been closed or after passengers have been boarded if the passengers have not been advised they are free to deplane; or

(B) awaiting deplaning after the aircraft has landed.

(4) EXCESSIVE TARMAC DELAY.—The term “excessive tarmac delay” means a tarmac delay of more than—

(A) 3 hours for a flight in interstate air transportation; or

(B) 4 hours for a flight in foreign air transportation.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsec. (a), is the date of enactment of Pub. L. 112–95, which was approved Feb. 14, 2012.

AMENDMENTS

Subsec. (b)(3)(D). Pub. L. 114–190, § 2308(a)(1), (3), redesignated subpar. (C) as (D) and substituted “subparagraphs (A), (B), and (C)” for “subparagraphs (A) and (B)” in introductory provisions.
Subsec. (1)(4), Pub. L. 114–190, §2308(b), amended par. (4) generally. Prior to amendment, text read as follows: “The term ‘excessive tarmac delay’ means a tarmac delay that lasts for a length of time, as determined by the Secretary.”

**Effective Date**
Pub. L. 112–95, title IV, §415(c), Feb. 14, 2012, 126 Stat. 96, provided that: “Except as otherwise provided, the requirements of chapter 423 of title 49, United States Code, as added by this section, shall begin to apply 60 days after the date of enactment of this Act [Feb. 14, 2012].”

**Regulations**
Pub. L. 114–190, title II, §2308(c), July 15, 2015, 130 Stat. 648, provided that: “Not later than 90 days after the date of enactment of this section [July 15, 2016], the Secretary of Transportation shall issue regulations and take other actions necessary to carry out the amendments made by this section (amending this section).”

### §42302. Consumer complaints

(a) IN GENERAL.—The Secretary of Transportation shall establish a consumer complaints toll-free hotline telephone number for the use of passengers in air transportation (including transportation by air ambulance [as defined by the Secretary of Transportation]) and shall take actions to notify the public of—

1. that telephone number; and
2. the Internet Web site of the Aviation Consumer Protection Division of the Department of Transportation.

(b) NOTICE TO PASSENGERS ON THE INTERNET.—An air carrier or foreign air carrier providing scheduled air transportation using any aircraft that as originally designed has a passenger capacity of 30 or more passenger seats shall include on the Internet Web site of the carrier—

1. the hotline telephone number established under subsection (a);
2. the e-mail address, telephone number, and mailing address of the air carrier for the submission of complaints by passengers about air travel service problems; and
3. the Internet Web site and mailing address of the Aviation Consumer Protection Division of the Department of Transportation for the submission of complaints by passengers about air travel service problems.

(c) NOTICE TO PASSENGERS ON BOARDING DOCUMENTATION.—Each air carrier and foreign air carrier shall include the hotline telephone number established under subsection (a) on—

1. prominently displayed signs of the carrier at the airport ticket counters in the United States where the carrier operates; and
2. any electronic confirmation of the purchase of a passenger ticket for air transportation issued by the carrier.

(d) USE OF NEW TECHNOLOGIES.—The Secretary shall periodically evaluate the benefits of using mobile phone applications or other widely used technologies to provide new means for air passengers to communicate complaints in addition to the telephone number established under subsection (a) and shall provide such new means as the Secretary determines appropriate.

(e) AIR AMBULANCE PROVIDERS.—Each air ambulance provider shall include the hotline telephone number, link to the Internet website established under subsection (a), and contact information for the Aviation Consumer Advocate established under section 425 on—

1. any invoice, bill, or other communication provided to a passenger or customer of the provider; and
2. its Internet Web site, and any related mobile device application.

**References in Text**

Section 425, referred to in subsec. (e), is probably a reference to section 425 of Pub. L. 115–254 but should be a reference to section 424 of Pub. L. 115–254, which is set out as a note below and relates to the establishment of an Aviation Consumer Advocate. There is no section 425 of this title, and section 425 of Pub. L. 115–254, which is set out as a note preceding section 42301 of this title, relates to prohibition of denial of boarding for certain revenue passengers.

**Amendments**

2018—Subsec. (a). Pub. L. 115–254, §419(a)(1), inserted “(including transportation by air ambulance (as defined by the Secretary of Transportation))” after “air transportation” in introductory provisions.

Subsec. (c)(1). Pub. L. 115–254, §423(a)(2), substituted “carrier operates” for “air carrier operates”.

Subsec. (c)(2). Pub. L. 115–254, §423(a)(3), substituted “carrier” for “air carrier”.

**Effective Date**

Requirements of this section to begin to apply 60 days after Feb. 14, 2012, except as otherwise provided, see section 415(c) of Pub. L. 112–95, set out as a note under section 42301 of this title.

**Rulemaking**

Pub. L. 115–254, div. B, title IV, §423(b), Oct. 5, 2018, 132 Stat. 3337, provided that: “Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall promulgate regulations to implement the requirements of section 42302 of title 49, United States Code, as amended by this Act.”

**Aviation Consumer Advocate**

(a) IN GENERAL.—The Secretary of Transportation shall review aviation consumer complaints received that allege a violation of law and, as appropriate, pursue enforcement or corrective actions that would be in the public interest.

(b) CONSIDERATIONS.—In considering which cases to pursue for enforcement or corrective action under subsection (a), the Secretary shall consider—

1. the Air Carrier Access Act of 1986 (Public Law 99–435; 100 Stat. 1080);
2. unfair and deceptive practices by air carriers (including air ambulance operators), foreign air carriers, and ticket agents;

1. See References in Text note below.
§ 42304. Widespread disruptions

(a) GENERAL REQUIREMENTS.—In the event of a widespread disruption, a covered air carrier shall immediately publish, via a prominent link on the air carrier’s public internet website, a clear statement indicating whether, with respect to a passenger of the air carrier whose travel is interrupted as a result of the widespread disruption, the air carrier will—

(1) provide for hotel accommodations;
(2) arrange for ground transportation;
(3) provide meal vouchers;
(4) arrange for air transportation on another air carrier or foreign air carrier to the passenger’s destination; and
(5) provide for sleeping facilities inside the airport terminal.

(b) DEFINITIONS.—In this section, the following definitions apply:

(1) WIDESPREAD DISRUPTION.—The term "widespread disruption" means, with respect to a covered air carrier, the interruption of all or the overwhelming majority of the air carrier’s systemwide flight operations, including flight delays and cancellations, as the result of the failure of 1 or more computer systems or computer networks of the air carrier.
§ 44101

TITLe 49—TRANSPORTATION

Page 1062

(2) COVERED AIR CARRIER.—The term “covered air carrier” means an air carrier that provides scheduled passenger air transportation by operating an aircraft that as originally designed has a passenger capacity of 30 or more seats.

(c) SAVINGS PROVISION.—Nothing in this section may be construed to modify, abridge, or repeal any obligation of an air carrier under section 42301.

SUBPART III—SAFETY

CHAPTER 441—REGISTRATION AND RECORDATION OF AIRCRAFT

Sec. 44101. Operation of aircraft.

44102. Registration requirements.

44103. Registration of aircraft.

44104. Registration of aircraft components and dealers’ certificates of registration.

44105. Suspension and revocation of aircraft certificates.

44106. Revocation of aircraft certificates for controlled substance violations.

44107. Recordation of conveyances, leases, and security instruments.

44108. Validity of conveyances, leases, and security instruments.

44109. Reporting transfer of ownership.

44110. Information about aircraft ownership and controls, including any amendments made by this Act.

44111. Modifications in registration and recordation system for aircraft not providing air transportation.

44112. Limitation of liability.

44113. Definitions.

AMENDMENTS

§ 44101. Operation of aircraft

(a) REGISTRATION REQUIREMENT.—Except as provided in subsection (b) of this section, a person may operate an aircraft only when the aircraft is registered under section 44103 of this title.

(b) EXCEPTIONS.—A person may operate an aircraft in the United States that is not registered—

(1) when authorized under section 40103(d) or 41003 of this title;

(2) when it is an aircraft of the national defense forces of the United States and is identified in a way satisfactory to the Administrator of the Federal Aviation Administration; and

(3) for a reasonable period of time after a transfer of ownership, under regulations prescribed by the Administrator.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1161.)

HISTORICAL AND REVISION NOTES

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In this section, the word “navigate” is omitted as being included in the definition of “operate aircraft” in section 40102(a) of the revised title.

In subsection (a), the words “Except as provided in subsection (b) of this section” are added for clarity. The words “a person may . . . an aircraft only when the aircraft is registered under section 44103 of this title” are substituted for “shall be unlawful . . . any aircraft eligible for registration if such aircraft is not registered by its owner as provided in this section, or . . . any aircraft not eligible for registration” for clarity and to eliminate unnecessary words.

In subsection (b), before clause (1), the words “A person may operate an aircraft in the United States that is not registered” are substituted for “may be operated and navigated without being so registered” and “may . . . permit the operation and navigation of aircraft without registration” for clarity. In clause (2), the words “identified in a way” are substituted for “identified, by the agency having jurisdiction over them, in a manner” to eliminate unnecessary words.

EFFECTIVE DATE OF 2004 AMENDMENT

Pub. L. 108–297, §4, Aug. 9, 2004, 118 Stat. 1097, provided that: “This Act [see Short Title of 2004 Amendment note set out under section 40101 of this title], including any amendments made by this Act, shall take effect on the date the Cape Town Treaty (as defined in section 44113 of title 49, United States Code) enters into force with respect to the United States and shall not apply to any registration or recordation that was made before such effective date under chapter 441 of such title or any legal rights relating to such registration or recordation.” [The Cape Town Treaty entered into force with respect to the United States on Mar. 1, 2006. See 71 F.R. 8457.]

REGULATIONS

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall issue regulations necessary to carry out this Act (see Short Title of 2004 Amendment note set out under section 40101 of this title), including any amendments made by this Act.

“(b) CONTENTS OF REGULATIONS.—Regulations to be issued under this Act shall specify, at a minimum, the requirements for—

“(1) the registration of aircraft previously registered in a country in which the Cape Town Treaty is in effect; and

“(2) the cancellation of registration of a civil aircraft of the United States based on a request made in accordance with the Cape Town Treaty.

“(c) EXPEDITED RULEMAKING PROCESS.—

“(1) FINAL RULE.—The Administrator shall issue regulations under this section by publishing a final rule by December 31, 2004.

“(2) EFFECTIVE DATE.—The final rule shall not be effective before the date the Cape Town Treaty enters into force with respect to the United States [Mar. 1, 2006, see Effective Date of 2004 Amendment note above].

“(3) ECONOMIC ANALYSIS.—The Administrator shall not be required to prepare an economic analysis of the cost and benefits of the final rule.

“(d) APPLICABILITY OF TREATY.—Notwithstanding parts 47.71a(3)(ii) and 47.41a(2) of title 14, of the Code
of Federal Regulations, Articles IX(5) and XIII of the Cape Town Treaty shall apply to the matters described in subsection (b) until the earlier of the effective date of the final rule under this section or December 31, 2004."

CAPE TOWN TREATY: FINDINGS AND PURPOSE

"(a) FINDINGS.—Congress finds the following:

(1) The Cape Town Treaty (as defined in section 44113 of title 49, United States Code) extends modern commercial laws for the sale, finance, and lease of aircraft and aircraft engines to the international arena in a manner consistent with United States law and practice.

(2) The Cape Town Treaty provides for internationally established and recognized financing and leasing rights that will provide greater security and commercial predictability in connection with the financing and leasing of highly mobile assets, such as aircraft and aircraft engines.

(3) The legal and financing framework of the Cape Town Treaty will provide substantial economic benefits to the aviation and aerospace sectors, including the promotion of exports, and will facilitate the acquisition of newer, safer aircraft around the world.

(4) Only technical changes to United States law and regulations are required since the asset-based financing and leasing concepts embodied in the Cape Town Treaty are already reflected in the United States in the Uniform Commercial Code.

(5) The new electronic registry system established under the Cape Town Treaty will work in tandem with current aircraft document recordation systems of the Federal Aviation Administration, which have served United States industry well.

(6) The United States Government was a leader in the development of the Cape Town Treaty.

(b) PURPOSE.—Accordingly, the purpose of this Act [see Short Title of 2004 Amendment note set out under § 44102. Registration requirements] as set out under section 44101 of this title is to provide for the implementation of the Cape Town Treaty in the United States by making certain technical amendments to the provisions of chapter 4H of title 49, United States Code, directing the Federal Aviation Administration to complete the necessary rulemaking processes as expeditiously as possible, and clarifying the applicability of the Treaty during the rulemaking process.

§ 44102. Registration requirements

(a) ELIGIBILITY.—An aircraft may be registered under section 44103 of this title only when the aircraft is—

(1) not registered under the laws of a foreign country and is owned by—

(A) a citizen of the United States;

(B) an individual citizen of a foreign country lawfully admitted for permanent residence in the United States; or

(C) a corporation not a citizen of the United States when the corporation is organized and doing business under the laws of the United States or a State, and the aircraft is based and primarily used in the United States; or

(2) an aircraft of—

(A) the United States Government; or

(B) a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of a State, territory, or possession.

(b) DUTY TO DEFINE CERTAIN TERM.—In carrying out subsection (a)(1)(C) of this section, the Secretary of Transportation shall define "based and primarily used in the United States".

(b) CERTIFICATES AS EVIDENCE.—A certificate of registration issued under this section is—

(1) conclusive evidence of the nationality of an aircraft for international purposes, but not

In subsection (a), before clause (1), the words "may be registered" are substituted for "shall be eligible for registration", and the words "under section 44103 of this title" are added, for clarity. The words "only when" are substituted for "if, but only if" for consistency. In subclause (C), the words "not a citizen of the United States" are substituted for "other than a corporation which is a citizen of the United States" to eliminate unnecessary words. The word "lawfully" is omitted as surplus.

In subsection (b), the words "in carrying out subsection (a)(1)(C) of this section" are added because of the restatement. The words "by regulation" are omitted as unnecessary because of 49:323(a).

§ 44103. Registration of aircraft

(a) GENERAL.—(1) On application of the owner of an aircraft that meets the requirements of section 44102 of this title, the Administrator of the Federal Aviation Administration shall—

(A) register the aircraft; and

(B) issue a certificate of registration to its owner.

(2) The Administrator may prescribe the extent to which an aircraft owned by the holder of a dealer’s certificate of registration issued under section 44104(2) of this title also is registered under this section.

(b) CONTROLLED SUBSTANCE VIOLATIONS.—(1) The Administrator may not issue an owner’s certificate of registration under subsection (a)(1) of this section to a person whose certificate is revoked under section 44106 of this title during the 5-year period beginning on the date of the revocation, except—

(A) as provided in section 44106(e)(2) of this title; or

(B) that the Administrator may issue the certificate to the person after the one-year period beginning on the date of the revocation if the Administrator decides that the aircraft otherwise meets the requirements of section 44102 of this title and that denial of a certificate for the 5-year period—

(i) would be excessive considering the nature of the offense or the act committed and the burden the denial places on the person; or

(ii) would not be in the public interest.

(2) A decision of the Administrator under paragraph (1)(B)(i) or (ii) of this subsection is within the discretion of the Administrator. That decision or failure to make a decision is not subject to administrative or judicial review.

(c) CERTIFICATES AS EVIDENCE.—A certificate of registration issued under this section is—

(1) conclusive evidence of the nationality of an aircraft for international purposes, but not
§ 44104

§ 44104. Registration of aircraft components and dealers’ certificates of registration

The Administrator of the Federal Aviation Administration may prescribe regulations—
(1) in the interest of safety for registering and identifying an aircraft engine, propeller, or appliance; and
(2) in the public interest for issuing, suspending, and revoking a dealer’s certificate of registration under this chapter and for its use by a person manufacturing, distributing, or selling aircraft.

The words "when the aircraft no longer meet's" are substituted for "for any cause which renders the aircraft ineligible" for consistency.

§ 44106. Revocation of aircraft certificates for controlled substance violations

(a) Definition.—In this section, "controlled substance" has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) Revocations.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking the certificate of registration for an aircraft issued to an owner under section 44103 of this title and any other certificate of registration that the owner of the aircraft holds under section 44105, if the Administrator finds that:

(A) the aircraft was used to carry out, or facilitate, an activity that is punishable by death or imprisonment for more than one year under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance); and

(B) the owner of the aircraft permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in clause (A) of this paragraph.

(2) An aircraft owner that is not an individual is deemed to have permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A) of this subsection only if a majority of the individuals who control the owner of the aircraft or who are involved in forming the major policy of the owner permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A).

(c) Advice to Holders and Opportunity to Answer.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator shall—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator bases the proposed action; and

(2) provide the holder of the certificate an opportunity to answer the charges and state why the certificate should not be revoked.

(d) Appeals.—(1) A person whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and a hearing on the record. In conducting the hearing, the Board is not bound by the findings of fact of the Administrator.

(2) When a person files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall dispose of the appeal not later than 60 days after notification by the Administrator under this paragraph.

(3) A person substantially affected by an order of the Board under this subsection may seek judicial review of the order under section 46110 of this title. The Administrator shall be made a party to that judicial proceeding.

(e) Acquittal.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, a certificate of registration under this section on the basis of an activity described in subsection (b)(1)(A) of this section if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked a certificate of registration of a person under this section because of an activity described in subsection (b)(1)(A) of this section, the Administrator shall reissue a certificate to the person if—

(A) subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; and

(B) otherwise meets the requirements of section 44102 of this title. (Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1163.)

In subsection (b)(2), the words "knowing that the aircraft was to be used for the activity described in paragraph (1)(A) of this subsection" are substituted for "with knowledge of such intended use" for clarity.

§ 44107. Recordation of conveyances, leases, and security instruments

(a) Establishment of System.—The Administrator of the Federal Aviation Administration shall establish a system for recording—

(1) conveyances that affect an interest in civil aircraft of the United States;
(2) leases and instruments executed for security purposes, including conditional sales contracts, assignments, and amendments, that affect an interest in—

(a) a specifically identified aircraft engine having at least 550 rated takeoff horsepower or its equivalent;

(b) a specifically identified aircraft propeller capable of absorbing at least 750 rated takeoff shaft horsepower;

(c) an aircraft engine, propeller, or appliance maintained for installation or use in an aircraft, aircraft engine, or propeller, by or for an air carrier holding a certificate issued under section 4705 of this title; and

(D) spare parts maintained by or for an air carrier holding a certificate issued under section 4705 of this title; and

(3) releases, cancellations, discharges, and satisfaction related to a conveyance, lease, or instrument recorded under paragraph (1) or (2).

(b) General Description Required.—A lease or instrument recorded under subsection (a)(2)(C) or (D) of this section only has to describe generally the engine, propeller, appliance, or spare part by type and designate its location.

(c) Acknowledgment.—Except as the Administrator otherwise may provide, a conveyance, lease, or instrument may be recorded under subsection (a) of this section only after it has been acknowledged before—

(1) a notary public; or

(2) another officer authorized under the laws of the United States, a State, the District of Columbia, or a territory or possession of the United States to acknowledge deeds.

(d) Records and Indexes.—The Administrator shall—

(1) keep a record of the time and date that each conveyance, lease, and instrument is filed and recorded with the Administrator; and record each conveyance, lease, and instrument filed with the Administrator, in the order of their receipt, and index them by—

(A) the identifying description of the aircraft, aircraft engine, or propeller, or location specified in a lease or instrument recorded under subsection (a)(2)(C) or (D) of this section; and

(B) the names of the parties to each conveyance, lease, and instrument.

(e) International Registry.—

(1) Designation of United States Entry Point.—As permitted under the Cape Town Treaty, the Federal Aviation Administration Civil Aviation Registry is designated as the United States Entry Point to the International Registry relating to—

(A) civil aircraft of the United States;

(B) an aircraft for which a United States entry point is designated by the person seeking the registration.

(2) System for Filing Notice of Prospective Interests.—

(A) Establishment.—The Administrator shall establish a system for filing notices of prospective assignments and prospective international interests in, and prospective sales of, aircraft or aircraft engines described in paragraph (1) under the Cape Town Treaty.

(B) Maintenance of Validity.—A filing of a notice of prospective assignment, interest, or sale under this paragraph and the registration with the International Registry relating to such assignment, interest, or sale shall not be valid after the 60th day following the date of the filing unless documents eligible for recording under subsection (a) relating to such notice are filed for recordation on or before such 60th day.

(3) Authorization for Registration of Aircraft.—A registration with the International Registry relating to an aircraft described in paragraph (1) (other than subparagraph (C) or (D)) is valid only if (A) the person seeking the registration files documents eligible for recording under subsection (a) and relating to the registration with the United States Entry Point, and (B) the United States Entry Point authorizes the registration.

In subsection (a)(1) and (2), the words “title to” are omitted as being included in “interest in”.

In subsection (a)(2), before subclause (A), the word “instruments” is substituted for “any mortgage, equipment trust . . . or other instrument” because it is inclusive. The word “supplement” is omitted as being included in “amendments”.

In subsection (a)(3), the words “The Secretary of Transportation shall also record under the system” are omitted as unnecessary because of the restatement.

In subsections (a)(3) and (c), the words “lease, or instrument” are substituted for “other instrument” for clarity and consistency in this subchapter.

In subsections (b) and (d), the words “or locations” are omitted because of 1:1.

In subsection (b), the words “recorded under subsection (a)(2)(C) or (D) of this section” are added for
Any legal rights relating to such registration or recordation that was made before such date under this chapter or not applicable to any registration or recordation under section 44107 of this title is substituted for “other instruments” for clarity and consistency in this subchapter.

In subsection (d), the words “lease, and instrument” are substituted for “other instruments” for clarity and consistency in this subchapter. In clause (1), the words “of the time and date of” before “recordation” are omitted as unnecessary because of the restatement. In clause (2), before subclause (A), the words “in files to be kept for that purpose” are omitted as unnecessary. In subclause (A), the words “location specified in a lease or instrument recorded under subsection (a)(2) of this section” are substituted for “in the case of an instrument referred to in subsection (a)(3) of this section, the location or locations specified therein” for clarity and consistency in this subchapter.

44108. Validity of conveyances, leases, and security instruments

(a) Validity Before Filing.—Until a conveyance, lease, or instrument executed for security purposes that may be recorded under section 44107(a)(1) or (2) of this title is filed for recording, the conveyance, lease, or instrument is valid only against—

(1) the person making the conveyance, lease, or instrument;
(2) that person’s heirs and devisees; and
(3) a person having actual notice of the conveyance, lease, or instrument.

(b) Period of Validity.—When a conveyance, lease, or instrument is recorded under section 44107 of this title, the conveyance, lease, or instrument is valid only against—

(1) a lease or instrument recorded under section 44107(a)(2)(A) or (B) of this title is valid for a specifically identified engine or propeller without regard to a lease or instrument previously or subsequently recorded under section 44107(a)(2)(C) or (D); and
(2) a lease or instrument recorded under section 44107(a)(2)(C) or (D) of this title is valid only for items at the location designated in the lease or instrument.

(c) Applicable Laws.—(1) The validity of a conveyance, lease, or instrument that may be recorded under section 44107 of this title is subject to the laws of the State, the District of Columbia, or the territory or possession of the United States at which the conveyance, lease, or instrument is delivered, regardless of the place at which the subject of the conveyance, lease, or instrument is located or delivered. If the conveyance, lease, or instrument specifies the place at which delivery is intended, it is presumed that the conveyance, lease, or instrument was delivered at the specified place.

(2) This subsection does not take precedence over the Convention on the International Recognition of Rights in Aircraft (4 U.S.T. 1830) or the Cape Town Treaty, as applicable.

(d) Nonapplication.—This section does not apply to—

(1) a conveyance described in section 44107(a)(1) of this title that was made before August 22, 1938; or
(2) a lease or instrument described in section 44107(a)(2) of this title that was made before June 20, 1948.

HISTORICAL AND REVISION NOTES

Revised Section
Source (U.S. Code) Source (Statutes at Large)
44108(d) 49 App.:1403(c) June 30, 1946, Pub. L. 88–346, §1(e), 78 Stat. 236.
§ 44109

In subsection (d)(2), the words “lease or instrument” are substituted for “instrument” for clarity and consistency in this subchapter.

AMENDMENTS

2004—Subsec. (c)(2). Pub. L. 108–297 inserted “or the Cape Town Treaty, as applicable” before period at end.

Effective Date of 2004 Amendment

Amendment by Pub. L. 108–297 effective Mar. 1, 2006, and not applicable to any registration or recordation that was made before such date under this chapter or any legal rights relating to such registration or recordation, see section 7 of Pub. L. 108–297, set out as a note under section 44101 of this title.

§ 44109. Reporting transfer of ownership

(a) FILING NOTICES.—A person having an ownership interest in an aircraft for which a certificate of registration was issued under section 44103 of this title shall file a notice with the Secretary of the Treasury that the Secretary requires by regulation, not later than 15 days after a sale, conditional sale, transfer, or conveyance of the interest.

(b) EXEMPTIONS.—The Secretary—

(1) shall prescribe regulations that establish guidelines for exempting a person or class from subsection (a) of this section; and

(2) may exempt a person or class under the regulations.

Historical and Revision Notes

</table>

In subsection (a), the text of 49 App.:1509(f) (last sentence) is omitted as unnecessary.

In subsection (b)(1), the words “Within 30 days after the date of enactment of subsection (f) of section 1109 of the Federal Aviation Act of 1958 as added by this subsection” are omitted as obsolete.

§ 44110. Information about aircraft ownership and rights

The Administrator of the Federal Aviation Administration may provide by regulation for—

(1) endorsing information on each certificate of registration issued under section 44103 of this title and each certificate issued under section 44704 of this title about ownership of the aircraft for which each certificate is issued; and

(2) recording transactions affecting an interest in, and for other records, proceedings, and details necessary to decide the rights of a party related to, a civil aircraft of the United States, aircraft engine, propeller, appliance, or spare part.

In clause (1), the words “each certificate of registration issued under section 44103 of this title and each certificate issued under section 44704 of this title” are substituted for “certificates of registration, or aircraft certificates” for clarity and because of the restatement.

In clause (2), the words “recording transactions” are substituted for “recording of discharges and satisfactions of recorded instruments, and other transactions” to eliminate unnecessary words. The words “title to” are omitted as being included in “interest in”. The words “to decide” are substituted for “to facilitate the determination” to eliminate unnecessary words. The words “related to” are substituted for “dealing with” for clarity. The word “spare” is added for consistency in this section.

§ 44111. Modifications in registration and recordation system for aircraft not providing air transportation

(a) APPLICATION.—This section applies only to aircraft not used to provide air transportation.

(b) AUTHORITY TO MAKE MODIFICATIONS.—The Administrator of the Federal Aviation Administration shall make modifications in the system for registering and recording aircraft necessary to make the system more effective in serving the needs of—

(1) buyers and sellers of aircraft;

(2) officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)); and

(3) other users of the system.

(c) NATURE OF MODIFICATIONS.—Modifications made under subsection (b) of this section—

(1) may include a system of titling aircraft or registering all aircraft, even aircraft not operated;

(2) shall ensure positive, verifiable, and timely identification of the true owner; and

(3) shall address at least each of the following deficiencies in and abuses of the existing system:

(A) the registration of aircraft to fictitious persons;

(B) the use of false or nonexistent addresses by persons registering aircraft;

(C) the use by a person registering an aircraft of a post office box or “mail drop” as a return address to evade identification of the person’s address;

(D) the registration of aircraft to entities established to facilitate unlawful activities;

(E) the submission of names of individuals on applications for registration of aircraft that are not identifiable;

(F) the ability to make frequent legal changes in the registration markings assigned to aircraft;

(G) the use of false registration markings on aircraft.
(H) the illegal use of “reserved” registration markings on aircraft.
(I) the large number of aircraft classified as being in “self-reported status”.
(J) the lack of a system to ensure timely and adequate notice of the transfer of ownership of aircraft.
(K) the practice of allowing temporary operation and navigation of aircraft without the issuance of a certificate of registration.

(d) REGULATIONS.—(1) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out this section and provide a written explanation of how the regulations address each of the deficiencies and abuses described in subsection (c) of this section. In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of U.S. Customs and Border Protection, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

(2) Regulations prescribed under this subsection shall require that—
(A) each individual listed in an application for registration of an aircraft provide with the application the individual’s driver’s license number; and
(B) each person (not an individual) listed in an application for registration of an aircraft provide with the application the person’s taxpayer identifying number.

REDACTED

In subsection (c)(3)(D), the words “corporations and others” are omitted as surplus.

In subsection (d)(1), the words “Not later than September 18, 1989” and “final” are omitted as obsolete.

The words “Administrator of Drug Enforcement” are substituted for “Drug Enforcement Administration of the Department of Justice” because of section 5(a) of the Reorganization Plan No. 2 of 1973 (eff. July 1, 1973, 37 Stat. 1092).

CHANGE OF NAME

“Commissioner of U.S. Customs and Border Protection” substituted for “Commissioner of Customs” in subsec. (d)(1) on authority of section 802(d)(2) of Pub. L. 114–125, set out as a note under section 211 of Title 6, Domestic Security.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the United States Customs Service of the Department of the Treasury, including functions of the Secretary of the Treasury relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 2801, 552(d), 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 557 of Title 6. For establishment of U.S. Customs and Border Protection in the Department of Homeland Security, treated as if included in Pub. L. 107–296 as of Nov. 25, 2002, see section 211 of Title 6, as amended generally by Pub. L. 114–125, and section 802(b) of Pub. L. 114–125, set out as a note under section 211 of Title 6.

DRUG ENFORCEMENT STATUS AND PROGRESS; REPORTS TO CONGRESS; DEFINITIONS

Pub. L. 100–690, title VII, § 7207(d), (e), Nov. 18, 1988, 102 Stat. 4428, provided that:

“(d) REPORT.—Not later than 180 days after the date of the enactment of this subtitle [Nov. 18, 1988] and annually thereafter during the 5-year period beginning on such 180th day, the Administrator shall prepare and transmit to Congress a report on the following:

“(1) The status of the rulemaking process, issuance of regulations, and implementation of regulations in accordance with this section [see subsec. (d) of this section].

“(2) The progress being made in reducing the number of aircraft classified by the Federal Aviation Administration as being in ‘sale-reported status’.

“(3) The progress being made in expediting the filing and processing of forms for major repairs and alterations of fuel tanks and fuel systems of aircraft.

“(4) The status of establishing and collecting fees under section 313(f) of the Federal Aviation Act [see section 4302(b) of this title].

“(e) DEFINITIONS.—For purposes of this subtitle [subtitle E (§§7201–7214) of title VII of Pub. L. 100–690, see Tables for classification]—

“(1) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the Federal Aviation Administration.

“(2) AIRCRAFT.—The term ‘aircraft’ has the meaning such term has under section 101 of the Federal Aviation Act of 1958 [see section 40102 of this title].”

INFORMATION COORDINATION

Pub. L. 100–690, title VII, § 7219, Nov. 18, 1988, 102 Stat. 4432, provided that: “Not later than 180 days after the date of the enactment of this subtitle [Nov. 18, 1988] and annually thereafter during the 3-year period beginning on such 180th day, the Administrator shall prepare and transmit to Congress a report on the following:

“(1) The progress made in establishing a process for provision of informational assistance by such Administrator to officials of Federal, State, and local law enforcement agencies.

“(3) The efforts of such Administration in assessing and defining the appropriate relationship of such Administration’s informational assistance resources (including the El Paso Intelligence Center and the Law Enforcement Assistance Unit of the Aeronautical Center of such Administration) [Pub. L. 98–499, see Tables for classification].

“(4) The progress made in issuing guidelines on [A] the reporting of aviation sensitive drug-related information, and [B] the development, in coordination with the Drug Enforcement Administration of the Department of Justice and the United States Customs Service, of training and educational policies to assist employees of such Administration to better un-
Understand (1) the trafficking of controlled substances (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802)), and (ii) the role of such Administration with respect to such trafficking.

"(5) The progress made in improving and expanding such Administration's role in the El Paso Intelligence Center.''

APPLICABILITY OF PAPERWORK REDUCTION ACT
Pub. L. 100–690, title VII, §7211(b), Nov. 18, 1988, 102 Stat. 4433, provided that: "No information collection requests necessary to carry out the objectives of this subtitle [subtitle E (§§7201–7214) of title VI of Pub. L. 100–690, see Tables for classification] (including the amendments made by this subtitle) shall be subject to or affect, directly or indirectly, the annual information collection budget goals established for the Federal Aviation Administration and the Department of Transportation under chapter 35 of title 44, United States Code.''

§ 44112. Limitation of liability

(a) DEFINITIONS.—In this section—

(1) "lessee" means a person leasing for at least 30 days a civil aircraft, aircraft engine, or propeller.

(2) "owner" means a person that owns a civil aircraft, aircraft engine, or propeller.

(3) "secured party" means a person having a security interest in, or security title to, a civil aircraft, aircraft engine, or propeller under a conditional sales contract, equipment trust agreement, chattel or corporate mortgage, or similar instrument.

(b) LIABILITY.—A lessee, owner, or secured party is liable for personal injury, death, or property loss or damage only when a civil aircraft, aircraft engine, or propeller is in the actual possession or operational control of the lessor, owner, or secured party, and the personal injury, death, or property loss or damage occurs because of—

(1) the aircraft, engine, or propeller; or

(2) the flight of, or an object falling from, the aircraft, engine, or propeller.

§ 44113. Definitions

In this chapter, the following definitions apply:

(1) CAPE TOWN TREATY.—The term "Cape Town Treaty" means the Convention on International Interests in Mobile Equipment, as modified by the Protocol to the Convention on International Interests in Mobile Equipment on Matters Specific to Aircraft Equipment, signed at Rome on May 9, 2003.

(2) UNITED STATES ENTRY POINT.—The term "United States Entry Point" means the Federal Aviation Administration Civil Aviation Registry.

(3) INTERNATIONAL REGISTRY.—The term "International Registry" means the registry established under the Cape Town Treaty.

EFFECTIVE DATE
Section effective Mar. 1, 2006, and not applicable to any registration or recordation that was made before such date under this chapter or any legal rights relating to such registration or recordation, see section 7 of Pub. L. 108–297, set out as an Effective Date of 2004 Amendment note under section 44101 of this title.

CHAPTER 443—INSURANCE

Sec.
44301. Definitions.
44302. General authority.
44303. Coverage.
44304. Reinsurance.
44305. Insuring United States Government property.
44306. Premiums and limitations on coverage and claims.
44307. Revolving fund.
44308. Administrative.
44309. Civil actions.
44310. Ending effective date.

§ 44301. Definitions

In this chapter—

(1) "aircraft manufacturer" means any company or other business entity, the majority ownership and control of which is by United States citizens, that manufactures aircraft or aircraft engines.

(2) "American aircraft" means—

(A) a civil aircraft of the United States; and

(B) an aircraft owned or chartered by, or made available to—

(i) the United States Government; or

(ii) a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of the State, territory, or possession.

(3) "insurance carrier" means a person authorized to do aviation insurance business in a State, including a mutual or stock insurance company and a reciprocal insurance association.

In this section, the text of 49 App.:1531(3) is omitted as surplus because the complete name of the Secretary of Transportation is used the first time the term appears in a section.

(a) INSURANCE AND REINSURANCE.—(1) Subject to subsection (c) of this section and section 44305(a) of this title, the Secretary of Transportation may provide insurance and reinsurance against loss or damage arising out of any risk from the operation of an American aircraft or foreign-flag aircraft.

(2) An aircraft may be insured or reinsured for not more than its reasonable value as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry. Insurance or reinsurance may be provided only when the Secretary decides that the insurance cannot be obtained on reasonable terms from an insurance carrier.

(b) REIMBURSEMENT OF INSURANCE COST INCREASES.—

(1) IN GENERAL.—The Secretary may reimburse an air carrier for the increase in the cost of insurance, with respect to a premium for coverage ending before October 1, 2002, against loss or damage arising out of any risk from the operation of an American aircraft over the insurance premium that was in effect for a comparable operation during the period beginning September 4, 2001, and ending September 10, 2001, as the Secretary may determine. Such reimbursement is subject to subsections (a)(2), (c), and (d) of this section and to section 44303.

(2) PAYMENT FROM REVOLVING FUND.—A reimbursement under this subsection shall be paid from the revolving fund established by section 44307.

(3) FURTHER CONDITIONS.—The Secretary may impose such further conditions on insurance for which the increase in premium is subject to reimbursement under this subsection as the Secretary may deem appropriate in the interest of air commerce.

(4) TERMINATION OF AUTHORITY.—The authority to reimburse air carriers under this subsection shall expire 180 days after the date of enactment of this paragraph.

(c) PRESIDENTIAL APPROVAL.—The Secretary may provide insurance or reinsurance under subsection (a) of this section, or reimburse an air carrier under subsection (b) of this section, only with the approval of the President. The President may approve the insurance or reinsurance or the reimbursement only after deciding that the continued operation of the American aircraft or foreign-flag aircraft to be insured or reinsured is necessary in the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(d) CONSULTATION.—The President may require the Secretary to consult with interested departments, agencies, and instrumentalities of the Government before providing insurance or reinsurance or reimbursing an air carrier under this chapter.

(e) ADDITIONAL INSURANCE.—With the approval of the Secretary, a person having an insurable interest in an aircraft may insure with other underwriters in an amount that is more than the amount insured with the Secretary. However, the Secretary may not benefit from the additional insurance. This subsection does not prevent the Secretary from making contracts of co-insurance.

(f) EXTENSION OF POLICIES.—

(1) IN GENERAL.—The Secretary shall extend through December 11, 2014, the termination date of any insurance policy that the Department of Transportation issued to an air carrier under subsection (a) and that is in effect on the date of enactment of this subsection on no less favorable terms to the air carrier than existed on June 19, 2002, except that the Secretary shall amend the insurance policy, subject to such terms and conditions as the Secretary may prescribe, to add coverage for losses or injuries to aircraft hulls, passengers, and crew at the limits carried by air carriers for such losses and injuries as of such date of enactment and at an additional premium comparable to the premium charged for third-party casualty coverage under such policy.

(2) SPECIAL RULES.—Notwithstanding paragraph (1)—

(A) In no event shall the total premium paid by the air carrier for the policy, as amended, be more than twice the premium that the air carrier was paying to the Department of Transportation for its third party policy as of June 19, 2002; and

(B) the coverage in such policy shall begin with the first dollar of any covered loss that is incurred.

(g) AIRCRAFT MANUFACTURERS.—

(1) IN GENERAL.—The Secretary may provide to an aircraft manufacturer insurance for loss or damage resulting from operation of an aircraft by an air carrier and involving war or terrorism.
(2) AMOUNT.—Insurance provided by the Secretary under this subsection shall be for loss or damage in excess of the greater of the amount of available primary insurance or $50,000,000.

(3) TERMS AND CONDITIONS.—Insurance provided by the Secretary under this subsection shall be subject to the terms and conditions set forth in this chapter and such other terms and conditions as the Secretary may prescribe.

In subsection (c), the words “the Secretary to consult . . . before providing insurance or reinsurance under this chapter” are substituted for “and after such consultation . . . because of the restatement.” The words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (d), the words “However, the Secretary may not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” for clarity.

REFERENCES IN TEXT

The date of enactment of this paragraph, referred to in subsec. (b)(4), is the date of enactment of Pub. L. 107–42, which was approved Sept. 22, 2001. The date of enactment of this subsection, referred to in subsec. (f)(1), is the date of enactment of Pub. L. 107–296, which was approved Nov. 25, 2002.

AMENDMENTS

2012—Subsec. (f)(1). Pub. L. 112–95 substituted “shall extend through September 30, 2013, and may extend through December 31, 2013, the termination date” for “shall extend through February 17, 2012, and may extend through May 17, 2012, the termination date”.

In subsec. (a)(1), before clause (A), the words “subject to the terms and conditions set forth in this chapter” are added, and the words “an aircraft” and “of an aircraft” are substituted for “aircraft” in 49 App.:1532(a), for clarity. The words “in the manner and to the extent provided by this subchapter” are omitted as being included in “terms”. The words “intended for use in emergency”. The words “as the Secretary may prescribe” are added because of the restatement. The words “the Secretary may prescribe” are added because of the restatement.

The words “the Secretary may prescribe” are added because of the restatement. The word “and” is substituted for “only” as being included in “terms”. The words “The Secretary may only” are added because of the restatement. The word “only” is substituted for “and” because of the restatement.

The words “the President may” are substituted for “The President shall” because the authority of the President is discretionary.

In subsection (c), the words “the Secretary to consult . . . before providing insurance or reinsurance under this chapter” are substituted for “and after such consultation . . . because of the restatement.” The words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (d), the words “However, the Secretary may not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” for clarity.

The words “the Secretary to consult . . . before providing insurance or reinsurance under this chapter” are substituted for “and after such consultation . . . because of the restatement.” The words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (d), the words “However, the Secretary may not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” for clarity.

The words “the Secretary to consult . . . before providing insurance or reinsurance under this chapter” are substituted for “and after such consultation . . . because of the restatement.” The words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (d), the words “However, the Secretary may not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” for clarity.

In subsection (a)(1), before clause (A), the words “subject to the terms and conditions set forth in this chapter” are added, and the words “an aircraft” and “of an aircraft” are substituted for “aircraft” in 49 App.:1532(a), for clarity. The words “in the manner and to the extent provided by this subchapter” are omitted as being included in “terms”. The words “intended for use in emergency”. The words “as the Secretary may prescribe” are added because of the restatement. The words “the Secretary may prescribe” are added because of the restatement.

The words “the Secretary may only” are added because of the restatement. The word “only” is substituted for “and” because of the restatement.

The words “The Secretary may only” are added because of the restatement. The word “only” is substituted for “and” because of the restatement.

The words “the President may” are substituted for “The President shall” because the authority of the President is discretionary.

In subsection (c), the words “the Secretary to consult . . . before providing insurance or reinsurance under this chapter” are substituted for “and after such consultation . . . because of the restatement.” The words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (d), the words “However, the Secretary may not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” for clarity.

The words “the Secretary to consult . . . before providing insurance or reinsurance under this chapter” are substituted for “and after such consultation . . . because of the restatement.” The words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (d), the words “However, the Secretary may not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” for clarity.
Subsec. (a)(1). Pub. L. 107–42, §201(a)(1), substituted “subsection (c)” for “subsection (b)” and “foreign-flag aircraft” for “foreign-flag aircraft” “and struck out subpars. (A) and (B) which read as follows: “(A) in foreign air commerce; or “(B) between at least 2 places, all of which are outside the United States.”
Former subsec. (b) redesignated (c), (d). Subsec. (c). Pub. L. 107–42, §201(a)(1), (4), redesignated subsec. (b) as (c), in first sentence inserted “, or reimburse an air carrier under subsection (b) of this section, before “only with the approval”, and in second sentence inserted “or the reimbursement before “only after deciding” and “in the interest of air commerce or national security or” before “to carry out the foreign policy”.
Former subsec. (c) redesignated (d).
Subsec. (d). Pub. L. 107–42, §201(a)(2), (5), redesignated subsec. (c) as (d) and inserted “or reimbursing an air carrier” before “under this chapter”. Former subsec. (d) redesignated (e).
1997—Subsec. (a)(2). Pub. L. 105–157 substituted “as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry” for “as determined by the Secretary.”

Effective Date of 2011 Amendment
Amendment by Pub. L. 112–21 effective July 1, 2011, see section 5(j) of Pub. L. 112–21, set out as a note under section 40117 of this title.
Amendment by Pub. L. 112–16 effective June 1, 2011, see section 5(j) of Pub. L. 112–16, set out as a note under section 40117 of this title.

Effective Date of 2010 Amendment

Effective Date of 2009 Amendment

Effective Date of 2008 Amendment
Amendment by Pub. L. 110–253 effective July 1, 2008, see section 3(d) of Pub. L. 110–253, set out as a note under section 8522 of Title 26, Internal Revenue Code.

Effective Date of 2003 Amendment
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2005, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 2002 Amendment
Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

Extension of Termination Date of Policies
(2) approve provision by the Secretary of Transportation of insurance against loss or damage arising out of any risk from the operation of an aircraft in the manner and to the extent provided in 49 U.S.C. 44301–44310, whenever he determines that such insurance cannot be obtained on reasonable terms and conditions from any company authorized to conduct an insurance business in a State of the United States; (3) delegate to the Secretary of Transportation, in consultation with the Secretary of State, the authority vested in me by 49 U.S.C. 44302(b) [now 44302(c)], for purposes of responding to the current crisis in Haiti; and (4) delegate to the Secretary of Transportation, in consultation with the Secretary of State, the authority vested in me by 49 U.S.C. 44306(b) [now 44306(c)] for purposes of responding to the current crisis in Haiti. The Secretary of Transportation is directed to bring this determination immediately to the attention of all air carriers within the meaning of 49 U.S.C. 40102(a)(2), and to arrange for its publication in the Federal Register.

WILLIAM J. CLINTON.

PROVISION OF AVIATION INSURANCE COVERAGE FOR COMMERCIAL AIR CARRIER SERVICE IN DOMESTIC AND INTERNATIONAL OPERATIONS
Memorandum for the Secretary of Transportation, Memorandum of President of the United States, Dec. 27, 2003, 79 F.R. 327, provided:

By the authority vested in me as President by the Constitution and the laws of the United States, including 49 U.S.C. 44301–44310, I hereby:

1. Determine that the continuation of U.S. air transportation is necessary in the interest of air commerce, national security, and the foreign policy of the United States.

2. Approve provision by the Secretary of Transportation of insurance or reinsurance to U.S.-certificated air carriers against loss or damage arising out of any risk from the operation of an aircraft, in the manner and to the extent provided in chapter 443 of title 49, United States Code, until January 15, 2014, if he determines that such insurance or reinsurance cannot be obtained on reasonable terms from any company authorized to conduct an insurance business in a State of the United States.

3. Delegate to the Secretary of Transportation the authority, vested in me by 49 U.S.C. 44306(c), to extend this approval and determination through December 31, 2014, or until any date prior to December 31, 2014, provided that the Congress further extends the date contained in section 44310 and further provided that he not use this delegation to extend this determination and approval beyond the dates authorized under any such provision of law with an ending effective date prior to December 31, 2014.

You are directed to bring this determination immediately to the attention of all air carriers, as defined in 49 U.S.C. 40102(a)(2), and to arrange for its publication in the Federal Register.

BARACK OBAMA.

Prior Presidential documents related to provision of insurance to U.S.-flag commercial air service were contained in the following:

Memorandum of President of the United States, Sept. 27, 2012, 77 F.R. 60055.
Memorandum of President of the United States, Sept. 28, 2011, 76 F.R. 61247.
Memorandum of President of the United States, Sept. 29, 2010, 75 F.R. 61003.
Memorandum of President of the United States, Aug. 21, 2009, 74 F.R. 43617.
Memorandum of President of the United States, Dec. 23, 2008, 73 F.R. 79589.
Memorandum of President of the United States, Dec. 27, 2007, 72 F.R. 16183.
Memorandum of President of the United States, Dec. 21, 2006, 71 F.R. 77243.
the Secretary may certify that the air carrier was a victim of an act of terrorism and in the Secretary’s judgment, based on the Secretary’s analysis and conclusions regarding the facts and circumstances of each case, shall not be responsible for losses suffered by third parties (as referred to in section 205.5(b)(1) of title 14, Code of Federal Regulations) that exceed $100,000,000, in the aggregate, for all claims by such parties arising out of such act. If the Secretary so certifies, the air carrier shall not be liable for an amount that exceeds $100,000,000, in the aggregate, for all claims by such parties arising out of such act, and the Government shall be responsible for any liability above such amount. No punitive damages may be awarded against an air carrier (or the Government taking responsibility for an air carrier under this subsection) under a cause of action arising out of such act.

The Secretary may extend the provisions of this subsection to an aircraft manufacturer (as defined in section 44301) of the aircraft the air carrier involved.

**HISTORICAL AND REVISION NOTES**

**See Notes Below**

---

In this section, before clause (1), the words “persons, property, or interest” are omitted as unnecessary. In clause (2), the word “property” is substituted for “Cargoes” and “air cargoes” for consistency in the revised title. In clause (2)(B) and (C), the words “its territories, or possessions” are omitted as unnecessary because of the definition of “United States” in section 40102(a) of the revised title. In clause (2)(C)(ii), the word “contract” is substituted for “contracts of sale or purchase,” and the words “putting . . . on” are substituted for “is assumed by or falls upon,” to eliminate unnecessary words. In clause (2)(D), the word “place” is substituted for “point” for consistency in the revised title. In subclause (i), the words “a State or the District of Columbia” are substituted for “the United States” for clarity and consistency because the definition of “United States” in section 40102(a) of the revised title is too broad for the context of the clause. The definition in section 40102(a) includes territories and possession and would therefore overlap with subclauses (ii) and (iii). In subclause (iii), the words “2 places in the same territory or possession of the United States” are substituted for “any point in such territory or possession and any other point in the same territory or possession” for clarity. In clauses (3) and (4), the word “individuals” is substituted for “persons” as being more appropriate. The words “captains” and “pilots” are omitted as being included in “officers and members of the crew.”

**CONCURRENCE**

The text of section 201(b)(2) of Pub. L. 107–42, which was transferred and redesignated so as to appear as subsec. (b) of this section and amended by Pub. L. 107–296, was based on Pub. L. 107–42, title II, §201(b)(2), Sept. 22, 2001, 115 Stat. 235, formerly included in a note set out under section 40101 of this title.

**AMENDMENTS**

Pub. L. 112–164 substituted “the date specified in section 106(3) of the Continuing Appropriations Resolution, 2015” for “September 30, 2014.”

Pub. L. 113–76 substituted “September 30, 2014” for “the date specified in section 106(3) of the Continuing Appropriations Act, 2014.”

2012—Subsec. (b). Pub. L. 112–96 substituted “ending on December 31, 2013, the Secretary may certify” for “ending on May 17, 2012, the Secretary may certify.”

§ 44304  TITLE 49—TRANSPORTATION  Page 1076

Subsec. (b). Pub. L. 108–176, § 106(b), inserted at end “The Secretary may extend the provisions of this subsection to an aircraft manufacturer (as defined in section 44301) of the aircraft of the air carrier involved.”.
2002—Pub. L. 107–296 designated existing provisions as subsec. (a), inserted heading, transferred and redesignated the text of section 201(b)(2) of Pub. L. 107–42 so as to appear as subsec. (b), in heading substituted “Air Carrier Liability for Third Party Claims Arising Out of Acts of Terrorism” for “Discretion of the Secretary,” and in text substituted “the period beginning on September 22, 2001, and ending on December 31, 2003, the Secretary” for “the 180-day period following the date of enactment of this Act, the Secretary of Transportation” and “this subsection” for “this paragraph”.
See Codification note above.
Par. (1). Pub. L. 107–42, § 201(b)(1)(B), inserted “in the interest of air commerce or national security or” before “to carry out the foreign policy”.

Effective Date of 2011 Amendment
Amendment by Pub. L. 112–21 effective July 1, 2011, see section 5(j) of Pub. L. 112–21, set out as a note under section 40117 of this title.
Amendment by Pub. L. 112–16 effective June 1, 2011, see section 5(j) of Pub. L. 112–16, set out as a note under section 40117 of this title.

Effective Date of 2010 Amendment

Effective Date of 2009 Amendment

Effective Date of 2008 Amendment
Amendment by Pub. L. 110–253 effective July 1, 2008, see section 3(d) of Pub. L. 110–253, set out as a note under section 9502 of Title 26, Internal Revenue Code.

Effective Date of 2003 Amendment

Effective Date of 2002 Amendment
Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

Extension of Limitation of Air Carrier Liability

§ 44304. Reinsurance

To the extent the Secretary of Transportation is authorized to provide insurance under this chapter, the Secretary may reinsure any part of the insurance provided by an insurance carrier. The Secretary may reinsure with, transfer to, or transfer back to, any insurance carrier any insurance provided by the Secretary under this chapter.

Historical and Revision Notes

Revised Section  Source (U.S. Code)  Source (Statutes at Large)
44304(a) ....... 49 App.:1353(a).
44304(b) ....... 49 App.:1353(b).

In subsection (a), the words “may reinsure any part of the insurance provided by an insurance carrier” are substituted for “may reinsure, in whole or in part, any company authorized to do an insurance business” for clarity and consistency with source provisions restated in this subchapter and the definition of “insurance carrier” in section 44301 of the revised title. The words “transfer to, or transfer back to” are substituted for “cede or retrocede to” for clarity.

In subsection (b), the word “same” is omitted as being included in “similar”. The words “on account of” are omitted as surplus. The word “providing” is substituted for “rendered” and “furnished” because it is inclusive. The words “except for” are substituted for “but such allowance to the carrier shall not provide for” to eliminate unnecessary words.

Amendments
2012—Pub. L. 112–96 substituted “any insurance carrier” for “the carrier”.
2001—Pub. L. 107–42 struck out subsec. (a) designation and heading “General Authority” and struck out subsec. (b) which read as follows:
“(b) PREMIUM LEVELS.—The Secretary may provide reinsurance at premiums not less than, or obtain reinsurance at premiums not higher than, the premiums the Secretary establishes on similar risks or the premiums the insurance carrier charges for the insurance to be reinsured by the Secretary, whichever is most advantageous to the Secretary. However, the Secretary may make allowances to the insurance carrier for expenses incurred in providing services and facilities that the Secretary considers good business practice, except for payments by the carrier for the stimulation or solicitation of insurance business.”

§ 44305. Insuring United States Government property

(a) GENERAL.—With the approval of the President, a department, agency, or instrumentality of the United States Government may obtain—

(1) insurance under this chapter, including insurance for risks from operating an aircraft in intrastate or interstate air commerce, but not including insurance on valuables subject to sections 17302 and 17303 of title 49; and

(2) insurance for risks arising from providing goods or services directly related to and necessary for operating an aircraft covered by insurance obtained under clause (1) of this subsection if the aircraft is operated—

(A) in carrying out a contract of the department, agency, or instrumentality; or

(B) to transport military forces or matériel on behalf of the United States under an agreement between the Government and the government of a foreign country.

(b) PREMIUM WAIVERS AND INDEMNIFICATION.—With the approval required under subsection (a) of this section, the Secretary of Transportation may provide the insurance without premium at the request of the Secretary of Defense or the head of a department, agency, or instrumentality designated by the President when the Secretary of Defense or the designated head agrees to indemnify the Secretary of Transportation against all losses covered by the insurance. The Secretary of Defense and any designated head may make indemnity agreements with the Secretary of Transportation under this section only if such an agreement is countersigned by the President or the President’s designee, the agreement shall constitute, for purposes of section 44302(b), a determination of the aircraft operations to which the agreement applies is necessary to carry out the foreign policy of the United States.

Amendments

2001—Subsec. (b). Pub. L. 107–42 substituted “44302(c)” for “44302(b)”.

1997—Subsec. (b). Pub. L. 105–137 inserted at end “If such an agreement is countersigned by the President or the President’s designee, the agreement shall constitute, for purposes of section 44302(b), a determination that continuation of the aircraft operations to which the agreement applies is necessary to carry out the foreign policy of the United States.”

§ 44306. Premiums and limitations on coverage and claims

(a) PREMIUMS BASED ON RISK.—To the extent practical, the premium charged for insurance or reinsurance under this chapter shall be based on consideration of the risk involved.

(b) ALLOWANCES IN SETTING PREMIUM RATES FOR REINSURANCE.—In setting premium rates for reinsurance, the Secretary may make allowances to the insurance carrier for expenses incurred in providing services and facilities that the Secretary considers good business practices, except for payments by the insurance carrier for the stimulation or solicitation of insurance business.

(c) TIME LIMITS.—The Secretary of Transportation may provide insurance and reinsurance under this chapter for a period of not more than 1 year. The period may be extended for additional periods of not more than 1 year each only if the President decides, before each additional period, that the continued operation of the aircraft to be insured or reinsured is necessary in the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(d) MAXIMUM INSURED AMOUNT.—The insurance policy on an aircraft insured or reinsured under this chapter shall specify a stated amount that is not more than the value of the aircraft, as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry. A claim under the policy may not be paid for more than that stated amount.

HISTORICAL AND REVISION NOTES

Revised Section Source (U.S. Code) Source (Statutes at Large)
44305 49 App.2d154.
49 App.2d154.

In this section, the words “a department, agency, or instrumentality” are substituted for “Any department or agency” for clarity and consistency in the revised title and with other titles of the United States Code.

In subsection (a)(1), the words “obtain insurance under this chapter” are substituted for “procure from the Secretary any of the insurance provided under this subchapter” to eliminate unnecessary words. The words “overseas air commerce” are omitted for the reasons given in the revision note for section 40101.

In subsection (b), the words “or the head of a department, agency, or instrumentality designated by the President” are substituted for “and such other agencies as the President may make adequate and consistent for the revised title. The words “when the Secretary of Defense or the designated head agrees” are substituted for “in consideration of” for clarity. The words “any designated head” are substituted for “the agreement of . . . such agency” and “such other agencies” for clarity and because of the restatement.

In subsection (a), the words “To the extent” are substituted for “insofar as” for consistency.

In subsection (b), the word “initial” is omitted as surplus. The words “The period” are substituted for “such insurance or reinsurance”, and the words “the President decides . . . that the continued operation of the aircraft to be insured or reinsured is necessary to carry out the foreign policy of the United States Government” are substituted for “the President makes the same determination with respect to such extension as he is required to make under paragraph (2) of subsection (a) of this section for the initial provision of such insurance or reinsurance”, for clarity.

In subsection (c), the words “or reinsured” are added for consistency. The words “to be paid in the event of total loss” are omitted as unnecessary because of the last sentence. The words “A claim under the policy may not be paid for more than that stated amount” are substituted for “the amount of any claim which is compromised, settled, adjusted, or paid shall in no event exceed such stated amount” to eliminate unnecessary words.

### AMENDMENTS

2003—Subsec. (b). Pub. L. 108–176, §106(c), substituted “by the insurance carrier” for “by the air carrier”.

2001—Subsec. (b), Pub. L. 107–42, §201(d)(2), added subsec. (b). Former subsec. (b) redesignated (c).

Pub. L. 107–71, §124(b), as amended by Pub. L. 108–176, §106(e), inserted “in the interest of air commerce or national security or” before “to carry out the foreign policy”.

Pub. L. 107–42, §201(d)(1), redesignated subsec. (b) as (c). Former subsec. (c) redesignated (d).

Subsec. (d). Pub. L. 107–42, §201(d)(1), redesignated subsec. (c) as (d).

1997—Subsec. (c). Pub. L. 105–137 substituted “as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry.” for “as determined by the Secretary.”

### Effective Date of 2003 Amendment

Amendment by section 106(c) of Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

### Effective Date of 2002 Amendment

### Delegation of Authority

Authority of President under subsection (c) of this section delegated to Secretary of Transportation, with certain conditions, by Memorandum of President of the United States, Dec. 27, 2013, 79 F.R. 527, set out as a note under section 44302 of this title.

#### §44307. Revolving fund

(a) EXISTENCE, DISBURSEMENTS, APPROPRIATIONS, AND DEPOSITS.—(1) There is a revolving fund in the Treasury. The Secretary of the Treasury shall disburse from the fund payments to carry out this chapter.

(2) Necessary amounts to carry out this chapter may be appropriated to the fund. The amounts appropriated and other amounts received in carrying out this chapter shall be deposited in the fund.

(b) INVESTMENT.—On request of the Secretary of Transportation, the Secretary of the Treasury may invest any part of the amounts in the revolving fund in interest-bearing securities of the United States Government. The interest on, and proceeds from the sale or redemption of, the securities shall be deposited in the fund.

(c) EXCESS AMOUNTS.—The balance in the revolving fund in excess of an amount the Secretary of Transportation determines is necessary for the requirements of the fund and for reasonable reserves to maintain the solvency of the fund shall be deposited at least annually in the Treasury as miscellaneous receipts.

(d) EXPENSES.—The Secretary of Transportation shall deposit annually an amount in the Treasury as miscellaneous receipts to cover the expenses the Government incurs when the Secretary of Transportation uses appropriated amounts in carrying out this chapter. The deposited amount shall equal an amount determined by multiplying the average monthly balance of appropriated amounts retained in the revolving fund by a percentage that is at least the current average rate payable on marketable obligations of the Government. The Secretary of the Treasury shall determine annually in advance the percentage applied.

</tbody>
</table>

In subsection (a)(1), the first sentence is added for clarity. The last sentence is substituted for 49 App.:1536(a) (last sentence) to eliminate unnecessary words and for consistency in the revised title.

In subsection (a)(2), the words “The amounts appropriated and other amounts received in carrying out this chapter” are substituted for “Moneys appropriated by Congress to carry out the provisions of this subchapter and all moneys received from premiums, salvage, or other recoveries and all receipts in connection with this subchapter” to eliminate unnecessary words.

In subsection (b), the words “any part” are substituted for “all or any part” to eliminate unnecessary
words. The words “held in the revolving fund” are omitted as surplus. The words “deposited in” are substituted for “credited to and form a part of” for consistency.

In subsection (d), the words “The Secretary of Transportation” shall deposit annually an amount in the Treasury” are substituted for “Annual payments shall be made by the Secretary to the Treasury of the United States”, the words “The deposited amount shall equal an amount determined by multiplying” are substituted for “These payments shall be computed by applying to”, and the words “a percentage that is at least the current average rate payable on marketable obligations of the Government” are substituted for “a percentage” and “Such percentage shall not be less than the current average rate which the Treasury pays on its marketable obligations”, for clarity.

§ 44308. Administrative

(a) COMMERCIAL PRACTICES.—The Secretary of Transportation may carry out this chapter consistent with commercial practices of the aviation insurance business.

(b) ISSUANCE OF POLICIES AND DISPOSITION OF CLAIMS.—(1) The Secretary may issue insurance policies to carry out this chapter. The Secretary may prescribe the forms, amounts insured under the policies, and premiums charged. Any such policy may authorize the binding arbitration of claims made thereunder in such manner as may be agreed to by the Secretary and any commercial insurer that may be responsible for any part of a loss to which such policy relates. The Secretary may change an amount of insurance or a premium for an existing policy only with the consent of the insured.

(2) For a claim under insurance authorized by this chapter, the Secretary may—

(A) settle and pay the claim made for or against the United States Government;

(B) pay the amount of a binding arbitration award made under paragraph (1); and

(C) pay the amount of a judgment entered against the Government.

(c) UNDERWRITING AGENT.—(1) The Secretary may, and when practical shall, employ an insurance carrier or group of insurance carriers to act as an underwriting agent. The Secretary may engage the services of a claims adjuster who is independent of the underwriting agent, to adjust claims under this chapter, but claims may be paid only when approved by the Secretary.

(2) The Secretary may pay reasonable compensation to an underwriting agent for servicing insurance the agent writes for the Secretary. Compensation may include payment for reasonable expenses incurred by the agent but may not include a payment by the agent for stimulation or solicitation of insurance business.

(3) Except as provided by this subsection, the Secretary may not pay an insurance broker or other person acting in a similar capacity any consideration for arranging insurance when the Secretary directly insures any part of the risk.

(d) BUDGET.—The Secretary shall submit annually a budget program for carrying out this chapter as provided for wholly owned Government corporations under chapter 91 of title 31.

(e) ACCOUNTS.—The Secretary shall maintain a set of accounts for audit under chapter 35 of title 31. Notwithstanding chapter 35, the Comptroller General shall allow credit for expendi-

HISTORICAL AND REVISION NOTES

Revised Section Source (U.S. Code) Source (Statutes at Large)
44308(a) .... 49 App.:1537(c) (1st sentence).
44308(b)(1) ... 49 App.:1537(a) (1st sentence words before 6th comma).
44308(b)(2) ... 49 App.:1537(a) (1st sentence words after 6th comma).
44308(c)(1) ... 49 App.:1537(d)(1st sentence).
44308(c)(2) ... 49 App.:1537(d)(2nd sentence).
44308(c)(3) ... 49 App.:1537(c)(last sentence).
44308(d) ..... 49 App.:1537(f)(1st sentence).
44308(e) ..... 49 App.:1537(f)(last sentence).

In subsection (a), the words “may carry out this chapter” are substituted for “in administering this subchapter, may exercise his powers, perform his duties and functions, and make his expenditures” to eliminate unnecessary words.

In subsection (b)(1), the word “insurance” is added for clarity. The words “rules, and regulations” are omitted as unnecessary because of 49:322(a). The words “as he deems proper” and “subject to the following provisions of this subsection” are omitted as surplus. The words “and change” and “fix, adjust, and change” are omitted as being included in “settle the policies” are added for clarity. The word “charged” is substituted for “provided for in this subchapter” for consistency in this subchapter.

In subsection (b)(2), before clause (A), the words “the Secretary” are added because of the restatement. In clause (A), the words “adjust and . . . losses, compromise and” are omitted as included in “settle and pay the claim”. The word “made” is substituted for “whether for clarity. In clause (B), the word “entered” is substituted for “rendered” because it is more appropriate. The words “in any suit” are omitted as surplus. The words “the amount of any settlement agreed upon” are omitted as being included in “settle and pay the claim”.

In subsection (c)(1), the words “and when practical shall” are substituted for “and whenever he finds it practical to do so shall” to eliminate unnecessary words. The word “his” is omitted as surplus. The words “The Secretary may use” are substituted for “may be utilized” for consistency. The words “The services of” are omitted as unnecessary.

In subsection (c)(2), the words “pay reasonable compensation” are substituted for “allow . . . fair and reasonable compensation” for consistency in the revised title. The words “an underwriting agent” are substituted for “such companies or groups of companies”, and the words “the agent writes” are substituted for “written by such companies or groups of companies as underwriting agent”, for clarity. The word “payment” is substituted for “allowance” for consistency.

In subsection (c)(3), the words “intermediary” and “fee or other” are omitted as surplus. The word “for”
is substituted for “by virtue of his participation in” to eliminate unnecessary words.

In subsection (d), the word “prepare” is omitted as being included in “submit”. The words “for carrying out this chapter” are substituted for “in the performance of, and with respect to, the functions, powers, and duties vested in him by this subchapter” for consistency and to eliminate unnecessary words. The words “under chapter 91 of title 31” are substituted for “by the Government Corporation Control Act, as amended (59 Stat. 597; 31 U.S.C. 841)” in section 1307(f) of the Act of August 23, 1958 (Public Law 85–726, 72 Stat. 804) because of section 4(b) of the Act of September 13, 1982 (Public Law 97–258, 96 Stat. 1067).

In subsection (e), the words “under chapter 35 of title 31” are substituted for “in accordance with the provisions of the Accounting and Auditing Act of 1950” in section 1307(f) of the Act of August 23, 1958 (Public Law 85–726, 72 Stat. 804) because of section 4(b) of the Act of September 13, 1982 (Public Law 97–258, 96 Stat. 1067).

The words “Provided, That . . . the Secretary may exercise the powers conferred in said subchapter, perform the duties and functions” are omitted as surplus. The words “Notwithstanding chapter 35” are added for clarity. The words “Comptroller General” are substituted for “General Accounting Office” because of 31:702.

AMENDMENTS

2012—Subsec. (c)(1). Pub. L. 112–95 substituted “agent, or a claims adjuster who is independent of the underwriting agent,” for “agent” in second sentence.

1997—Subsec. (b)(1). Pub. L. 104–137, § 4(a), inserted after second sentence “Any such policy may authorize the binding arbitration of claims made thereunder in such manner as may be agreed to by the Secretary and any commercial insurers that may be responsible for any part of a loss to which such policy relates.”

Subsec. (b)(2). Pub. L. 105–137, § 4(b), struck out “and” at end of subpar. (A), added subpar. (B), and redesignated former subpar. (B) as (C).

§ 44309. Civil actions

(a) LOSSES.—

(1) ACTIONS AGAINST UNITED STATES.—A person may bring a civil action in a district court of the United States or in the United States Court of Federal Claims against the United States Government when—

(A) a loss insured under this chapter is in dispute; or

(B)(i) the person is subrogated under a contract between the person and a party insured under this chapter (other than section 44305(b)) to the rights of the insured party against the United States Government; and

(ii) the person has paid to the insured party, with the approval of the Secretary of Transportation, an amount for a physical damage loss that the Secretary has determined is a loss covered by insurance issued under this chapter (other than section 44305(b)).

(2) LIMITATION.—A civil action involving the same matter (except the action authorized by this subsection) may not be brought against an agent, officer, or employee of the Government carrying out this chapter. A civil action shall not be instituted against the United States under this chapter unless the claimant first presents the claim to the Secretary of Transportation and such claim is finally denied by the Secretary in writing and notice of the denial of such claim is sent by certified or registered mail.

(3) PROCEDURE.—To the extent applicable, the procedure in an action brought under section 1346(a)(2) of title 28, United States Code, applies to an action under this subsection.

(b) VENUE AND JOINER.—(1) A civil action under subsection (a) of this section may be brought in the judicial district for the District of Columbia or in the judicial district in which the plaintiff or the agent of the plaintiff resides if the plaintiff resides in the United States. If the plaintiff does not reside in the United States, the action may be brought in the judicial district for the District of Columbia or in the judicial district in which the Attorney General agrees to accept service.

(2) An interested person may be joined as a party to a civil action brought under subsection (a) of this section initially or on motion of either party to the action.

(c) TIME REQUIREMENTS.—(1) Except as provided under paragraph (2), an insurance claim made under this chapter against the United States shall be forever barred unless it is presented in writing to the Secretary of Transportation within two years after the date on which the loss event occurred. Any civil action arising out of the denial of such a claim shall be filed by not later than six months after the date of the mailing, by certified or registered mail, of notice of final denial of the claim by the Secretary.

(2)(A) For claims based on liability to persons with whom the insured has no privity of contract, an insurance claim made under this chapter against the United States shall be forever barred unless it is presented in writing to the Secretary of Transportation by not later than the earlier of—

(i) the date that is 60 days after the date on which final judgment is entered by a tribunal of competent jurisdiction; or

(ii) the date that is six years after the date on which the loss event occurred.

(B) Any civil action arising out of the denial of such claim shall be filed by not later than six months after the date of mailing, by certified or registered mail, of notice of final denial of the claim by the Secretary.

(3) A claim made under this chapter shall be deemed to be administratively denied if the Secretary fails to make a final disposition of the claim before the date that is 6 months after the date on which the claim is presented to the Secretary, unless the Secretary makes a different cause for an agreement.

(d) INTERPLEADER.—(1) If the Secretary admits the Government owes money under an insurance claim under this chapter and there is a dispute about the person that is entitled to payment, the Government may bring a civil action of interpleader in a district court of the United States against the persons that may be entitled to payment. The action may be brought in the judicial district for the District of Columbia or in the judicial district in which any party resides.

(2) The district court may order a party not residing or found in the judicial district in
which the action is brought to appear in a civil action under this subsection. The order shall be served in a reasonable manner decided by the district court. If the court decides an unknown person might assert a claim under the insurance that is the subject of the action, the court may order service on that person by publication in the Federal Register.

(3) Judgment in a civil action under this subsection discharges the Government from further liability to the parties to the action and to all other persons served by publication under paragraph (2) of this subsection.

In subsection (a), the words “A person may bring” are substituted for “may be maintained” for clarity. The words “a civil action” are substituted for “suit” because of rule 2 of the Federal Rules of Civil Procedure (28 App. U.S.C.). The words “A civil action . . . (except the action authorized by this subsection) may not be brought” are substituted for “and this remedy shall be exclusive of any other action”, and the words “invoking the” are substituted for “by reason of”, for clarity. The words “carrying out this chapter” are substituted for “employed or retained under this subsection”, and the words “in an action” are substituted for “for suits in the district courts”, for consistency. The words “applies to” are substituted for “shall otherwise be the same as that provided for” to eliminate unnecessary words. The words “an action under this subsection” are substituted for “such suits” for consistency.

In subsection (b)(1), the words “A civil action under subsection (a) of this section may be brought” are added for clarity. The words “the plaintiff or the agent of the plaintiff resides” are substituted for “the claimant or his agent resides” for consistency in the revised title. The words “if the plaintiff or the agent resides” for consistency in the revised title. The words “an action under this subsection” are added for clarity. The words “The order shall be” are added because of the restatement. The words “the court may order service on that person” are substituted for “it may direct service upon such person unknown” as being more precise.

In subsection (d)(3), the words “in a civil action under this subsection” are substituted for “in any such suit” for clarity.

AMENDMENTS

2014—Subsec. (a)(2). Pub. L. 113–291, §1074(a)(1), inserted at end “A civil action shall not be instituted against the United States under this chapter unless the claimant first presents the claim to the Secretary of Transportation and such claim is finally denied by the Secretary in writing and notice of the denial of such claim is sent by certified or registered mail.”

Subsec. (c). Pub. L. 113–291, §1074(a)(2), added subsec. (c) and struck out former subsec. (c). Prior to amendment, text read as follows: “When an insurance claim is made under this chapter, the period during which, under section 2401 of title 28, a civil action must be brought under subsection (a) of this section is suspended until 60 days after the Secretary of Transportation denies the claim. The claim is deemed to be administratively denied if the Secretary does not act on the claim not later than 6 months after filing, unless the Secretary makes a different agreement with the claimant when there is good cause for an agreement.”

1998—Subsec. (a). Pub. L. 105–277 amended heading and text of subsec. (a) generally. Prior to amendment, text read as follows: “A person may bring a civil action in a district court of the United States against the United States Government when a loss insured under this chapter is in dispute. A civil action involving the same matter (except the action authorized by this subsection) may not be brought against an agent, officer, or employee of the Government carrying out this chapter. To the extent applicable, the procedure in an action brought under section 1348(a)(2) of title 28 applies to an action under this subsection.”

EFFECTIVE DATE OF 2014 AMENDMENT

§ 44310. Ending effective date

(a) IN GENERAL.—The authority of the Secretary of Transportation to provide insurance and reinsurance under any provision of this chapter other than section 44305 is not effective after December 11, 2014.

(b) INSURANCE OF UNITED STATES GOVERNMENT PROPERTY.—The authority of the Secretary of Transportation to provide insurance and reinsurance for a department, agency, or instrumentality of the United States Government under section 44305 is not effective after September 30, 2023.

The words “is not effective after” are substituted for “shall expire at the termination of” for clarity and consistency in the revised title.

AMENDMENTS

Pub. L. 113–164 substituted “the date specified in section 106(3) of the Continuing Appropriations Resolution, 2015” for “September 30, 2014”.

Pub. L. 113–76 substituted “September 30, 2014” for “the date specified in section 106(3) of the Continuing Appropriations Resolution, 2014”.

THE EFFECTIVE DATE OF THE 2003 AMENDMENT

Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 106–181, set out as a note under section 106 of this title.

THE EFFECTIVE DATE OF THE 2000 AMENDMENT

THE EFFECTIVE DATE OF 1997 AMENDMENTS

CONTINUATION OF AVIATION INSURANCE LAWS

Pub. L. 106–381, title IV, §404, Oct. 31, 1999, 106 Stat. 4806, provided that: “Notwithstanding any other provision of law, the provisions of title XII of the Federal Aviation Act of 1958 [now this chapter] and all insurance policies issued by the Secretary of Transportation under such title, as in effect on September 30, 1992, shall be treated as having continued in effect until the date of the enactment of this Act [Oct. 31, 1992].”

CHAPTER 445—FACILITIES, PERSONNEL, AND RESEARCH

Sec. 44501. Plans and policy.

44502. General facilities and personnel authority.

44503. Repealing nonessential expenditures.

44504. Improved aircraft, aircraft engines, propellers, and appliances.

44505. Systems, procedures, facilities, and devices.

44506. Air traffic controllers.

44507. Regions and centers.

44508. Research advisory committee.

44509. Demonstration projects.

44510. Airway science curriculum grants.

44511. Aviation research grants.

44512. Catastrophic failure prevention research grants.

44513. Regional centers of air transportation excellence.

44514. Flight service stations.

44515. Advanced training facilities for maintenance technicians for air carrier aircraft.

44516. Human factors program.

44517. Program to permit cost sharing of air traffic modernization projects.

44518. Advanced Materials Center of Excellence.

44519. Certification personnel continuing education and training.

AMENDMENTS

§ 44501. Plans and policy

(a) Long range plans and policy requirements.—The Administrator of the Federal Aviation Administration shall make long range plans and policy for the orderly development
and use of the navigable airspace, and the orderly development and location of air navigation facilities, that will best meet the needs of, and serve the interests of, civil aeronautics and the national defense, except for needs of the armed forces that are peculiar to air warfare and primarily of military concern.

(b) AIRWAY CAPITAL INVESTMENT PLAN.—The Administrator of the Federal Aviation Administration shall review, revise, and publish a national airways system plan, known as the Airway Capital Investment Plan, before the beginning of each fiscal year. The plan shall set forth—

(1) for a 10-year period, the research, engineering, and development programs and the facilities and equipment that the Administrator considers necessary for a system of airways, air traffic services, and navigation aids that will—

(A) meet the forecasted needs of civil aeronautics;
(B) meet the requirements that the Secretary of Defense establishes for the support of the national defense; and
(C) provide the highest degree of safety in air commerce;
(2) for the first and 2d years of the plan, detailed annual estimates of—

(A) the number, type, location, and cost of acquiring, operating, and maintaining required facilities and services;
(B) the cost of research, engineering, and development required to improve safety, system capacity, and efficiency; and
(C) personnel levels required for the activities described in subclauses (A) and (B) of this clause;
(3) for the 3d, 4th, and 5th years of the plan, estimates of the total cost of each major program for the 3-year period, and additional major research programs, acquisition of systems and facilities, and changes in personnel levels that may be required to meet long range objectives and that may have significant impact on future funding requirements;
(4) a 10-year investment plan that considers long range objectives that the Administrator considers necessary to—

(A) ensure that safety is given the highest priority in providing for a safe and efficient airway system; and
(B) meet the current and projected growth of aviation and the requirements of interstate commerce, the United States Postal Service, and the national defense; and
(5) a list of capital projects that are part of the Next Generation Air Transportation System and funded by amounts appropriated under section 48101(a).

(c) NATIONAL AVIATION RESEARCH PLAN.—(1) The Administrator of the Federal Aviation Administration shall prepare and publish annually a national aviation research plan and submit the plan to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science of the House of Representatives. The plan shall be submitted not later than the date of submission of the President’s budget to Congress.

(2)(A) The plan shall describe, for a 5-year period, the research, engineering, and development that the Administrator of the Federal Aviation Administration considers necessary—

(i) to ensure the continued capacity, safety, and efficiency of aviation in the United States, considering emerging technologies and forecasted needs of civil aeronautics; and
(ii) to provide the highest degree of safety in air travel.
(B) The plan shall—

(i) provide estimates by year of the schedule, cost, and work force levels for each active and planned major research and development project under sections 40119, 44504, 44505, 44507, 44509, 44511–44513, and 44912 of this title, including activities carried out under cooperative agreements with other Federal departments and agencies;
(ii) specify the goals and the priorities for allocation of resources among the major categories of research and development activities, including the rationale for the priorities identified;
(iii) identify the allocation of resources among long-term research, near-term research, and development activities;
(iv) identify the individual research and development projects in each funding category that are described in the annual budget request;
(v) highlight the research and development activities that address specific recommendations of the research advisory committee established under section 45008 of this title, and document the recommendations of the committee that are not accepted, specifying the reasons for nonacceptance; and
(vi) highlight the research and development technology transfer activities that promote technology sharing among government, industry, and academia through the Stevenson-Wydler Technology Innovation Act of 1980.

(3) Subject to section 40119(b) of this title and regulations prescribed under section 40119(b), the Administrator of the Federal Aviation Administration shall submit to the committees named in paragraph (1) of this subsection an annual report on the accomplishments of the research completed during the prior fiscal year, including a description of the dissemination to the private sector of research results and a description of any new technologies developed. The report shall be submitted with the plan required under paragraph (1) and be organized to allow comparison with the plan in effect for the prior fiscal year. The report shall be prepared in accordance with requirements of section 1116 of title 31.

1 See References in Text note below.
set out the requirements for research plans including specific requirements for the first two years of the plan, for the 3rd, 4th, and 5th years, and for the 6th and subsequent years.

Subsec. (c)(3). Pub. L. 104–264, §1105(3), inserted ‘‘, including a description of the dissemination to the private sector of research results and a description of any new technologies developed’’ after ‘‘during the prior fiscal year’’.

CHANGE OF NAME

Committee on Science of House of Representatives changed to Committee on Science and Technology of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007. Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

CONSOLIDATION AND REALIGNMENT OF FAA SERVICES AND FACILITIES

‘‘(a) NATIONAL FACILITIES REALIGNMENT AND CONSOLIDATION REPORT.—

‘‘(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall develop a report, to be known as the National Facilities Realignment and Consolidation Report, in accordance with the requirements of this subsection.

‘‘(2) PURPOSE.—The purpose of the report shall be to reduce capital, operating, maintenance, and administrative costs of the FAA where such cost reductions can be implemented without adversely affecting safety.

‘‘(3) CONTENTS.—The report shall include—

‘‘(A) recommendations of the Administrator on realignment and consolidation of services and facilities (including regional offices) of the FAA; and

‘‘(B) for each of the recommendations, a description of—

‘‘(i) the Administrator’s justification;’’

‘‘(ii) the projected costs and savings; and

‘‘(iii) the proposed timing for implementation.

‘‘(4) INPUT.—The report shall be prepared by the Administrator (or the Administrator’s designee) with the participation of—

‘‘(A) representatives of labor organizations representing air traffic control system employees of the FAA; and

‘‘(B) industry stakeholders.

‘‘(5) SUBMISSION TO CONGRESS.—Not later than 120 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit the report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

‘‘(6) PUBLIC NOTICE AND COMMENT.—The Administrator shall publish the report in the Federal Register and allow 45 days for the submission of public comments.

‘‘(b) REPORT TO CONGRESS CONTAINING RECOMMENDATIONS OF ADMINISTRATOR.—Not later than 60 days after
the last day of the period for public comment under subsection (a)(6), the Administrator shall submit to the committees specified in subsection (a)(5)—

(1) a report containing the recommendations of the Administrator on realignment and consolidation of services and facilities (including regional offices) of the FAA; and

(2) copies of any public comments received by the Administrator under subsection (a)(6).

(2) REALIGNMENT AND CONSOLIDATION OF FAA SERVICES AND FACILITIES.—Except as provided in subsection (d), the Administrator shall realign and consolidate the services and facilities of the FAA in accordance with the recommendations included in the report submitted under subsection (b).

(3) RECONSIDERATION.—If the Administrator realigns or consolidates a facility or tower of the FAA, any person aggrieved by the realignment or consolidation shall be entitled to have a joint resolution of disapproval enacted disapproving such recommendation before the earlier of—

(A) the last day of the 30-day period beginning on the date of submission of the report; or

(B) the adjournment of Congress sine die for the session during which the report is transmitted.

(4) COMPUTATION OF 30-DAY PERIOD.—For purposes of paragraph (1)(A), the days on which either House of Congress is not in session because of an adjournment of more than 3 days to a day certain shall be excluded in computation of the 30-day period.

(5) MILITARY OPERATIONS EXCLUSION.—In this subsection, the term ‘TRACON’ means terminal radar approach control.

(6) LIMITATION.—In this section, the following definitions apply:

(A) FAA.—The term ‘FAA’ means the Federal Aviation Administration.

(B) REALIGNMENT; CONSOLIDATION.—

(i) relocates functions, services, or personnel positions;

(ii) discontinues or severs existing facility functions or services; or

(iii) combines the results described in clauses (i) and (ii).

(C) EXCLUSION.—The terms do not include a reduction in personnel resulting from workload adjustments.

(Section 545(b)(2) of Pub. L. 115–254, which directed amendment of section 804 of Pub. L. 112–95, set out above, by substituting ‘Chief Technology Officer’ for ‘Chief NextGen Officer’ in subsec. (a)(4)(A), could not be executed because the words ‘Chief NextGen Officer’ did not appear after the intervening amendment of subsec. (a)(4) by section 510(a)(2) of Pub. L. 115–254.)

PROGRAM AUTHORIZATIONS

Pub. L. 112–95, title IX, §801(c), Feb. 14, 2012, 126 Stat. 137, provided that: ‘From the other accounts described in the national aviation research plan required under section 44501(c) of title 49, United States Code, the following research and development activities are authorized:

(1) Runway Incursion Reduction.

(2) System Capacity, Planning, and Improvement.

(3) Operations Concept Validation.

(4) NAS Weather Requirements.

(5) Airspace Management Program.

(9) NextGen—Operations Concept Validation—Validation Modeling.

(11) NextGen—Wake Turbulence—Recategorization.

(12) NextGen—Operational Assessments.

(13) NextGen—Staffed NextGen Towers.

(14) Center for Advanced Aviation System Development.

(15) Airports Technology Research Program—Capacity.

(18) Airport Cooperative Research—Capacity.

(19) Airport Cooperative Research—Environment.

(20) Airport Cooperative Research—Safety.’

§44502. General facilities and personnel authority

(a) GENERAL AUTHORITY.—(1) The Administrator of the Federal Aviation Administration may—

(A) acquire, establish, improve, operate, and maintain air navigation facilities; and

(B) provide facilities and personnel to regulate and protect air traffic.

(2) The cost of site preparation work associated with acquiring, establishing, or improving an air navigation facility under paragraph (1)(A) of this subsection shall be charged to amounts available for that purpose appropriated under section 48101(a) of this title. The Secretary of Transportation may make an agreement with an airport owner or sponsor (as defined in section 47102 of this title) so that the owner or sponsor will provide the work and be paid or reimbursed by the Secretary from the appropriated amounts.

(3) The Secretary of Transportation may authorize a department, agency, or instrumentality of the United States Government to carry out any duty or power under this subsection with the consent of the head of the department, agency, or instrumentality.

(4) PURCHASE OF INSTRUMENT LANDING SYSTEM.—

(A) ESTABLISHMENT OF PROGRAM.—The Secretary shall purchase precision approach instrument landing system equipment for installation at airports on an expedited basis.

(B) AUTHORIZATION.—No less than $30,000,000 of the amounts appropriated under section 48101(a) for each of fiscal years 2000 through 2002 shall be used for the purpose of carrying out this paragraph, including acquisition under new or existing contracts, site preparation work, installation, and related expenditures.

(5) IMPROVEMENTS ON LEASED PROPERTIES.—The Administrator may make improvements to real property leased for no or nominal consideration for an air navigation facility, regardless of whether the cost of making the improvements exceeds the cost of leasing the real property, if—
(A) the improvements primarily benefit the Government;
(B) the improvements are essential for accomplishment of the mission of the Federal Aviation Administration; and
(C) the interest of the United States Government in the improvements is protected.

(b) CERTIFICATION OF NECESSITY.—Except for Government money expended under this part or for a military purpose, Government money may be expended to acquire, establish, construct, operate, repair, alter, or maintain an air navigation facility only if the Administrator of the Federal Aviation Administration certifies in writing that the facility is reasonably necessary for use in air commerce or for the national defense. An interested person may apply for a certificate for a facility to be acquired, established, constructed, operated, repaired, altered, or maintained by or for the person.

(c) ENSURING CONFORMITY WITH PLANS AND POLICIES.—(1) To ensure conformity with plans and policies for, and allocation of, airspace by the Administrator of the Federal Aviation Administration under section 40103(b)(1) of this title, a military airport, military landing area, or missile or rocket site may be acquired, established, constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator may advise the appropriate committees of Congress and interested departments, agencies, and instrumentalities of the Government on the effect of the acquisition, establishment, construction, or alteration on the use of airspace by aircraft. A disagreement between the Administrator of the Federal Aviation Administration and the Secretary of Defense or the Administrator of the National Aeronautics and Space Administration may be appealed to the President for a final decision.

(2) To ensure conformity, an airport or landing area not involving the expenditure of Government money may be established or constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator may provide advice on the effects of the establishment, construction, or alteration on the use of airspace by aircraft.

(d) PUBLIC USE AND EMERGENCY ASSISTANCE.—
(1) The head of a department, agency, or instrumentality of the Government having jurisdiction over an air navigation facility owned or operated by the Government may provide, under regulations the head of the department, agency, or instrumentality prescribes, for public use of the facility.

(2) The head of a department, agency, or instrumentality of the Government having jurisdiction over an airport or emergency landing field owned or operated by the Government may, under regulations the head of the department, agency, or instrumentality prescribes, for assistance, and the sale of fuel, oil, equipment, and supplies, to an aircraft, but only when necessary, because of an emergency, to allow the aircraft to continue to the nearest airport operated by private enterprise. The head of the department, agency, or instrumentality shall provide for the assistance and sale at the prevailing local fair market value as determined by the head of the department, agency, or instrumentality. An amount that the head decides is equal to the cost of the assistance provided and the fuel, oil, equipment, and supplies sold shall be credited to the appropriation from which the cost was paid. The balance shall be credited to miscellaneous receipts.

(e) TRANSFERS OF AIR TRAFFIC SYSTEMS.—
(1) IN GENERAL.—An airport may transfer, without consideration, to the Administrator of the Federal Aviation Administration, an eligible air traffic system or equipment that conforms to performance specifications of the Administrator if a Government airport aid program, airport development aid program, or airport improvement project grant was used to assist in purchasing the system or equipment.

(2) ACCEPTANCE.—The Administrator shall accept the eligible air traffic system or equipment and operate and maintain it under criteria of the Administrator.

(3) DEFINITION.—In this subsection, the term "eligible air traffic system or equipment" means—

(A) an instrument landing system consisting of a glide slope and localizer (if the Administrator has determined that a satellite navigation system cannot provide a suitable approach to an airport);

(B) an Automated Weather Observing System weather observation system; or

(C) a Remote Communication Air/Ground and Remote Communication Outlet communications facility.

(f) AIRPORT SPACE.—
(1) RESTRICTION.—The Administrator may not require an airport owner or sponsor (as defined in section 47102) to provide to the Federal Aviation Administration without cost any of the following:

(A) Building construction, maintenance, utilities, or expenses for services relating to air traffic control, air navigation, or weather reporting.

(B) Space in a facility owned by the airport owner or sponsor for services relating to air traffic control, air navigation, or weather reporting.

(2) RULE OF CONSTRUCTION.—Nothing in this subsection may be construed to affect—

(A) any agreement the Secretary may have or make with an airport owner or sponsor for the airport owner or sponsor to provide any of the items described in paragraph (1)(A) or (1)(B) at below-market rates; or

(B) any grant assurance that requires an airport owner or sponsor to provide land to the Administration without cost for an air traffic control facility.

(§ 44502 TITLE 49—TRANSPORTATION)
### Historical and Revision Notes

#### Preliminary Provisions

**PUB. L. 103-272**

<td>44502(a)(3)</td>
<td>49 App.:1348(b) (2d sentence).</td>
<td>Aug. 23, 1968, Pub. L. 85-726, §308(b) (1st, 2d sentences), (b), (39), 1107, 72 Stat. 750, 751, 796.</td>
</tr>
</tbody>
</table>

In this section, the words “department, agency, or instrumentality of the United States Government” are substituted for “Federal department or agency” in 49 App.:1348(b), “agencies” in 49 App.:1349(b), and “department or other agency” and “Government department or other agency” in 49 App.:1507 for consistency in the revised title and with other titles of the United States Code.

In subsections (a)(1), (b), and (c), the word “Administrator” in sections 303(c) (1st sentence), 307(b), 308(a) (1st and 2d sentences) and (b), and 309 of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 750, 751) is retained on authority of 49:106(g).

In subsection (a)(1), before clause (A), the words “within the limits of available appropriations made by the Congress” are omitted as surplus. In clause (A), the words “whereas in necessary” are omitted as surplus. In clause (B), the word “necessary” is omitted as surplus.

In subsection (a)(2), the words “by the Secretary” and “to the Secretary” are omitted as surplus. The last sentence is substituted for 49 App.:2205(a)(3) (last sentence) to eliminate unnecessary words.

In subsection (a)(3), the words “subject to such regulations, supervision, and review as he may prescribe” are omitted because of 49:322(a). The words “from time to time make such provision as he shall deem appropriate” are omitted as surplus. The words “duty or power” are substituted for “function” for consistency in the revised title and with other titles of the Code.

The words “the head of” are added for clarity and consistency.

In subsection (b), the words “whether or not in cooperation with State or other local governmental agencies” and “thereon” are omitted as surplus. The words “landing area” are omitted as being included in the definition of “air navigation facility” in section 40102(a) of the revised title. The words “recommendation” and “are” are omitted as surplus.

The words “under regulations prescribed by him” are omitted because of 49:322(a). The word “proposed” is omitted as surplus. The word “acquired” is added for consistency in this subsection.

In subsection (c)(1), the words “In order”, “layout”, and “in case of . . . the matter” are omitted as surplus. The words “Secretary of Defense” are substituted for “Department of Defense” because of 10:133(a).

The words “the Administrator of” are added because of 42:2472(a).

In subsection (c)(2), the word “layout” is omitted as surplus. The words “pursuant to regulations prescribed by him” are omitted because of 49:322(a). The words “establishment, building, or alteration” are substituted for “such construction” for clarity and consistency in this section.

In subsection (d)(1), the words “under such conditions and to such extent as . . . deems advisable” and “are” are omitted as surplus. The word “provide” is substituted for “be made available”, and the words “of the facility” are added, for clarity.

In subsection (d)(2), the words “All amounts received under this subsection shall be covered into the Treasury” are omitted because of 31:3302(b). The words “services, shelter . . . other” and “if any” are omitted as surplus.

In subsection (e), the words “or compact” are omitted as surplus. The words “or State” are substituted for “of the United States, with another State to develop” because of 1:1. The text of 49 App.:1743 (last sentence) is omitted as surplus.

In subsection (f), the words “Notwithstanding any other provision of law” and “thereafter are” are omitted as surplus.

**PUB. L. 103-429**

This amends 49:44502(b) to clarify the restatement of 49 App.:1349(a) (1st, 2d sentences) by section 1 of the Act of July 5, 1994 (Public Law 103-272, 108 Stat. 1175).

**PUB. L. 104-287, §5(75)(A)**

This amends 49:44502(c)(1) to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103-272, 108 Stat. 1175).

**PUB. L. 104-287, §5(75)(B)**

This strikes 49:44502(e) and redesignates 49:44502(f) as 49:44502(e) because of the restatement of former 49:44502(e) as 49:40121.

### AMENDMENTS

#### 2018—Subsec. (e). Pub. L. 115-254, §147(1), added subsec. (e) and struck out former subsec. (e). Prior to amendment, text read as follows: “An airport may transfer, without consideration, to the Administrator of the Federal Aviation Administration an instrument landing system (and associated approach lighting equipment and runway visual range equipment) that conforms to performance specifications of the Administrator if a Government airport aid program, airport development aid program, or airport improvement project grant was used to assist in purchasing the system. The Administrator shall accept the system and operate and maintain it under criteria of the Administrator.”

**Subsecs. (e), (f). Pub. L. 104-287, §5(75)(B), redesignated subsec. (f) as (e) and struck out former subsec. (e) which read as follows: “(e) CONSENT OF CONGRESS.—Congress consents to a State making an agreement, not in conflict with a law of the United States, with another State to develop or operate an airport facility.”

**Subsec. (b). Pub. L. 103-429 added “Government” before “money may be expended”.

**Effective Date of 2000 Amendment**

Amendment by Pub. L. 106-181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of
TRUST FOR STAFFING, HIRING, AND TRAINING 
FLIGHT STANDARDS AND AIRCRAFT CERTIFICATION STAFF 

Pub. L. 116–6, div. G, title I, Feb. 15, 2019, 133 Stat. 401, provided in part: “That not later than March 31 of each fiscal year hereafter, the Administrator [of the Federal Aviation Administration] shall transmit to Congress a report that describes a comprehensive strategy for staffing, hiring, and training flight standards and aircraft certification staff in a format similar to the one utilized for the controller staffing plan, including stated attrition estimates and numerical hiring goals by fiscal year”.

Similar provisions were contained in the following appropriation acts:

PILOT PROGRAM FOR INNOVATIVE FINANCING OF AIR TRAFFIC CONTROL EQUIPMENT 

“(a) IN GENERAL.—In order to test the cost effectiveness and feasibility of long-term financing of modernization of major air traffic control systems, the Administrator of the Federal Aviation Administration may establish a pilot program to test innovative financing techniques through amending, subject to section 1501 of title 31, United States Code, a contract for more than one, but not more than 20, fiscal years to purchase and install air traffic control equipment for the Administration. Such amendments may be for more than one, but not more than 18, fiscal years.

“(b) CANCELLATION.—A contract described in subsection (a) may include a cancellation provision if the Administrator determines that such a provision is necessary and in the best interest of the United States. Any such provision shall include a cancellation liability schedule that covers reasonable and allocable costs incurred by the contractor through the date of cancellation plus reasonable profit, if any, on those costs. Any such provision shall not apply if the contract is terminated by default of the contractor.

“(c) CONTRACT PROVISIONS.—If feasible and practicable for the pilot program, the Administrator may make an advance contract provision to achieve economic-lot purchases and more efficient production rates.

“(d) LIMITATION.—The Administrator may not amend a contract under this section until the program for the terminal automation replacement systems has been rebaselined in accordance with the acquisition management system of the Administration.

“(e) FUNDING.—Out of amounts appropriated under section 48101 [probably means section 48101 of title 49, United States Code] for fiscal year 2004, such sums as may be necessary shall be available to carry out this section.”

TRANSFER BY AIRPORTS OF INSTRUMENT LANDING SYSTEMS AND ASSOCIATED EQUIPMENT TO FEDERAL AVIATION ADMINISTRATION 

Pub. L. 109–115, div. A, title I, § 101, Nov. 30, 2005, 119 Stat. 2401, which provided that airports may transfer to the Federal Aviation Administration (FAA) instrument landing systems (along with associated approach lighting equipment and runway visual range equipment) which conform to FAA design and performance specifications, the purchase of which was assisted by a Federal airport-aid program, airport development aid program or airport improvement program grant, provided that the FAA accept such equipment and operate and maintain it in accordance with agency criteria, was from the Transportation, Treasury, Housing and Urban Development, the Judiciary, and Independent Agencies Appropriations Act, 2006, and was not repeated in subsequent appropriation acts. Similar provisions were contained in the following prior appropriation acts:
§ 44503. Reducing nonessential expenditures

The Secretary of Transportation shall adopt rules to reduce the capital, operating, maintenance, and administrative costs of the national airport and airway system to the maximum extent practicable consistent with the highest degree of aviation safety. At least annually, the Secretary shall consult with and consider the recommendations of users of the system on ways to reduce nonessential expenditures of the United States Government for aviation. The Secretary shall give particular attention to a recommendation that may reduce, with no adverse effect on safety, future personnel requirements and costs to the Government required to be recovered from user charges.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1176.)

Historical and Revision Notes

Revised Section Source (U.S. Code) Source (Statutes at Large)
44503 .......... 49 App.:1704.

The words “in accordance with this section” and “due” are omitted as surplus. The word “personnel” is
§ 44504. Improved aircraft, aircraft engines, propellers, and appliances

(a) DEVELOPMENTAL WORK AND SERVICE TESTING.—The Administrator of the Federal Aviation Administration may conduct or supervise developmental work and service testing to improve aircraft, aircraft engines, propellers, and appliances.

(b) RESEARCH.—The Administrator shall conduct or supervise research—

1. to develop technologies and analyze information to predict the effects of aircraft design, maintenance, testing, wear, and fatigue on the life of aircraft, including nonstructural aircraft systems, and air safety;
2. to develop methods of analyzing and improving aircraft maintenance technology and practices, including nondestructive evaluation of aircraft structures;
3. to assess the fire and smoke resistance of aircraft material;
4. to develop improved fire and smoke resistant material for aircraft interiors;
5. to develop and improve fire and smoke containment systems for inflight aircraft fires;
6. to develop advanced aircraft fuels with low flammability and technologies that will contain aircraft fuels to minimize post-crash fire hazards;
7. to develop technologies and methods to assess the risk of and prevent defects, failures, and malfunctions of products, parts, processes, and articles manufactured for use in aircraft, aircraft engines, propellers, and appliances that could result in a catastrophic failure of an aircraft; and
8. in conjunction with other Federal agencies, as appropriate, to develop technologies and methods to assess the risk of and prevent defects, failures, and malfunctions of products, parts, and processes for use in all classes of unmanned aircraft systems that could result in a catastrophic failure of the unmanned aircraft that would endanger other aircraft in the national airspace system.

(c) AUTHORITY TO BUY ITEMS OFFERING SPECIAL ADVANTAGES.—In carrying out this section, the Administrator, by negotiation or otherwise, may buy or exchange experimental aircraft, aircraft engines, propellers, and appliances that the Administrator decides may offer special advantages to aeronautics.

HISTORICAL AND REVISION NOTES

In this section, the word “Administrator” in section 312(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 762) is retained on authority of 49:106(g).

In subsection (a), the words “to improve” are substituted for “such . . . as tends to the creation of improved” to eliminate unnecessary words.

AMENDMENTS

2000—Subsec. (b)(1). Pub. L. 106–181 inserted “including research and development activities into the qualification of an unleaded aviation fuel and safe transition to this fuel for the fleet of piston engine aircraft.”

AVIATION FUEL RESEARCH AND DEVELOPMENT PROGRAM

(a) IN GENERAL.—Using amounts made available under section 48106(a) of title 49, United States Code, the Administrator of the Federal Aviation Administration, in coordination with the Administrator of NASA (National Aeronautics and Space Administration), shall continue research and development activities into the qualification of an unleaded aviation fuel and safe transition to this fuel for the fleet of piston engine aircraft.

(b) REQUIREMENTS.—In carrying out the program under subsection (a), the Administrator shall, at a minimum—

1. not later than 120 days after the date of enactment of this Act [Feb. 14, 2012], develop a research and development plan containing the specific research and development objectives, including consideration of aviation safety, technical feasibility, and other relevant factors, and the anticipated timetable for achieving the objectives;
2. assess the methods and processes by which the FAA and industry may expeditiously certify and approve new aircraft and recertify existing aircraft with respect to unleaded aviation fuel;
3. assess technologies that modify existing piston engine aircraft to enable safe operation of the aircraft using unleaded aviation fuel and determine the resources necessary to certify those technologies; and
4. develop recommendations for appropriate policies and guidelines to facilitate a transition to unleaded aviation fuel for piston engine aircraft.

(c) COLLABORATION.—In carrying out the program under subsection (a), the Administrator shall collaborate with—

1. industry groups representing aviation consumers, manufacturers, and fuel producers and distributors; and
“(2) other appropriate Federal agencies.

“(d) REPORT.—Not later than 270 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall provide to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the plan, information obtained, and policies and guidelines developed pursuant to subsection (b).”

**RESEARCH PROGRAM ON ALTERNATIVE JET FUEL**

**TECHNOLOGY FOR CIVIL AIRCRAFT**

Pub. L. 112–95, title IX, §911, Feb. 14, 2012, 126 Stat. 142, provided that:

“(a) IN GENERAL.—Using amounts made available under section 48102(a) of title 49, United States Code, the Administrator [of the Federal Aviation Administration (FAA)] shall establish a research program to assist in the development and qualification of jet fuel from alternative sources (such as natural gas, biomass, ethanol, butanol, and hydrogen) and other renewable sources.

“(b) AUTHORITY TO MAKE GRANTS.—The Administrator shall carry out the program through the use of grants or other measures authorized under section 106(1)(6) of such title, including reimbursable agreements with other Federal agencies.

“(1) IN GENERAL.—The Administrator shall include participation by—

“(A) educational and research institutions that have existing facilities and leverage private sector partnerships; and

“(B) consortia with experience across the supply chain, including with research, feedstock development and production, small-scale development, testing, and technology evaluation related to the creation, processing, production, and transportation of alternative aviation fuel.

“(2) USE OF NASA FACILITIES.—In carrying out the program, the Administrator shall consider utilizing the existing capacity in aeronautics research at Langley Research Center, Glenn Research Center [renamed NASA John H. Glenn Research Center at the Neil A. Armstrong Test Facility by Pub. L. 116–263, Dec. 12, 2019, 134 Stat. 3316], and other appropriate facilities of NASA [National Aeronautics and Space Administration].

“(c) DESIGNATION OF INSTITUTION AS A CENTER OF EXCELLENCE.—

“(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator may designate an institution described in subsection (b) as a Center of Excellence for Alternative Jet-Fuel Research in Civil Aircraft.

“(2) EFFECT OF DESIGNATION.—The center designated under paragraph (1) shall become, upon its designation—

“(A) a member of the Consortium for Continuous Low Energy, Emissions, and Noise of the FAA; and

“(B) part of a Joint Center of Excellence with the Partnership for Air Transportation Noise and Emissions Reduction FAA Center of Excellence.”

**PRODUCTION OF CLEAN COAL FUEL TECHNOLOGY FOR CIVILIAN AIRCRAFT**

Pub. L. 112–95, title IX, §914, Feb. 14, 2012, 126 Stat. 144, provided that:

“(a) ESTABLISHMENT OF RESEARCH PROGRAM.—Using amounts made available under section 48102(a) of title 49, United States Code, the Administrator [of the Federal Aviation Administration] shall establish a research program related to developing jet fuel from clean coal.

“(b) AUTHORITY TO MAKE GRANTS.—The Administrator shall carry out the program through grants or other measures authorized under section 106(1)(6) of such title, including reimbursable agreements with other Federal agencies.

“(c) PARTICIPATION IN PROGRAM.—In carrying out the program, the Administrator shall include participation by educational and research institutions that have existing facilities and experience in the development and deployment of technology that processes coal into aviation fuel.

“(d) DESIGNATION OF INSTITUTION AS A CENTER OF EXCELLENCE.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator may designate an institution described in subsection (c) as a Center of Excellence for Coal-to-Jet-Fuel Research.”

**RESEARCH AND DEVELOPMENT OF EQUIPMENT TO CLEAN AND MONITOR THE ENGINE AND APU BLEED AIR SUPPLIED ON PRESSURIZED AIRCRAFT**

“(a) IN GENERAL.—Not later than 60 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator [of the Federal Aviation Administration], to the extent practicable, shall implement a research program for the identification or development of appropriate and effective air cleaning technology and sensor technology for the engine and auxiliary power unit bleed air supplied to the passenger cabin and flight deck of a pressurized aircraft.

“(b) TECHNOLOGY REQUIREMENTS.—The technology referred to in subsection (a) shall have the capacity, at a minimum—

“(1) to remove oil-based contaminants from the bleed air supplied to the passenger cabin and flight deck; and

“(2) to detect and record oil-based contaminants in the portion of the total air supplied to the passenger cabin and flight deck from bleed air.

“(c) REPORT.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure and the Committee on Science, Space, and Technology of the House of Representatives a report on the results of the research and development work carried out under this section.”

**FAA CENTER FOR EXCELLENCE FOR APPLIED RESEARCH AND TRAINING IN THE USE OF ADVANCED MATERIALS IN TRANSPORT AIRCRAFT**

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall develop a Center for Excellence focused on applied research and training on the durability and maintainability of advanced materials in transport airframe structures. The Center shall—

“(1) promote and facilitate collaboration among academia, the Federal Aviation Administration’s Transportation Division, and the commercial aircraft industry, including manufacturers, commercial air carriers, and suppliers; and

“(2) establish goals set to advance technology, improve engineering practices, and facilitate continuing education in relevant areas of study.

“(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator $500,000 for each of fiscal years 2012 through 2015 to carry out this section.”

**ROTORCRAFT RESEARCH AND DEVELOPMENT INITIATIVE**

“(a) OBJECTIVE.—The Administrator of the Federal Aviation Administration shall establish a rotorcraft initiative with the objective of developing and demonstrating in a relevant environment, within 10 years after the date of the enactment of this Act [Dec. 12,
§ 44505. Systems, procedures, facilities, and devices

(a) General requirements.—(1) The Administrator of the Federal Aviation Administration shall—

(A) develop, alter, test, and evaluate systems, procedures, facilities, and devices, and define their performance characteristics, to meet the needs for safe and efficient navigation and traffic control of civil and military aviation, except for needs of the armed forces that are peculiar to air warfare and primarily of military concern; and

(B) select systems, procedures, facilities, and devices that will best serve those needs and promote maximum coordination of air traffic control and air defense systems.

(2) The Administrator may make contracts to carry out this subsection without regard to section 3324(a) and (b) of title 31.

(3) When a substantial question exists under paragraph (1) of this subsection about whether a matter is of primary concern to the armed forces, the Administrator shall decide whether the Administrator or the Secretary of the appropriate military department has responsibility. The Administrator shall be given technical information related to each research and development project of the armed forces that potentially applies to, or potentially conflicts with, the common system to ensure that potential application to the common system is considered properly and that potential conflicts with the system are eliminated.

(b) Research on human factors and simulation models.—The Administrator shall conduct or supervise research—

(1) to develop a better understanding of the relationship between human factors and aviation accidents and between human factors and air safety;

(2) to enhance air traffic controller, mechanic, and flight crew performance;

(3) to develop a human-factor analysis of the hazards associated with new technologies to be used by air traffic controllers, mechanics, and flight crews;

(4) to identify innovative and effective corrective measures for human errors that adversely affect air safety;

(5) to develop dynamic simulation models of the air traffic control system and airport design and operating procedures that will provide analytical technology—

(A) to predict airport and air traffic control safety and capacity problems;

(B) to evaluate planned research projects; and

(C) to test proposed revisions in airport and air traffic control operations programs;

(6) to develop a better understanding of the relationship between human factors and unmanned aircraft system safety; and

(7) to develop dynamic simulation models for integrating all classes of unmanned aircraft systems into the national airspace system without any degradation of existing levels of safety for all national airspace system users.

(c) Research on developing and maintaining a safe and efficient system.—The Administrator shall conduct or supervise research on—

(1) airspace and airport planning and design;

(2) airport capacity enhancement techniques;

(3) human performance in the air transportation environment;

(4) aviation safety and security;

(5) the supply of trained air transportation personnel, including pilots and mechanics; and

(6) other aviation issues related to developing and maintaining a safe and efficient air transportation system.

(d) Research on design for certification.—

(1) Research.—Not later than 1 year after the date of enactment of the FAA Modernization and Reform Act of 2012, the Administrator shall conduct research on methods and procedures to improve both confidence in and the timeliness of certification of new technologies for their introduction into the national airspace system.

(2) Research plan.—Not later than 6 months after the date of enactment of the FAA Modernization and Reform Act of 2012, the Administrator shall develop a plan for the research under paragraph (1) that contains objectives, proposed tasks, milestones, and a 5-year budgetary profile.

(3) Review.—The Administrator shall enter into an arrangement with the National Research Council to conduct an independent review of the plan developed under paragraph (2) and shall provide the results of that review to the Committee on Science, Space, and Tech-
nology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate not later than 18 months after the date of enactment of the FAA Modernization and Reform Act of 2012.

(e) COOPERATIVE AGREEMENTS.—The Administrator may enter into cooperative agreements on a cost-shared basis with Federal and non-Federal entities that the Administrator may select in order to conduct, encourage, and promote aviation research, engineering, and development, including the development of prototypes and demonstration models.

HISTORICAL AND REVISION NOTES

In this section, the word “Administrator” in section 312(c) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 723) is retained on authority of 49:106(g).

In subsection (a)(3), the words “the armed forces” are substituted for “military agencies” and “the military” because of the definition of “armed forces” in 10:101.

In subsection (a)(3), the words “military department” are substituted for “military agencies” because of the definition of “military department” in 10:101. The words “the needs of” and “to the maximum extent necessary” are omitted as surplus.

REFERENCES IN TEXT

The date of enactment of the FAA Modernization and Reform Act of 2012, referred to in subsec. (d), is the date of enactment of Pub. L. 112–95, which was approved Feb. 14, 2012.

AMENDMENTS

2012—Subsec. (b)(6), (7). Pub. L. 112–95, §903(b), added pars. (6) and (7).

Subsecs. (d), (e). Pub. L. 112–95, §905, added subsec. (d) and redesignated former subsec. (d) as (e).

RESEARCH AND DEPLOYMENT OF CERTAIN AIRFIELD PAVEMENT TECHNOLOGIES

(2) develop and conduct training;

(3) provide for demonstration projects; and

(4) promote the latest airfield pavement technologies to aid in the development of safer, more cost effective, and more durable airfield pavements.

AIRCRAFT DEPARTURE QUEUE MANAGEMENT PILOT PROGRAM

(a) IN GENERAL.—The Secretary of Transportation shall carry out a pilot program at not more than 5 public-use airports under which the Federal Aviation Administration shall use funds made available under section 48101(a) of title 49, United States Code, to test air traffic flow management tools, methodologies, and procedures that will allow air traffic controllers of the Administration to better manage the flow of aircraft on the ground and reduce the length of ground holds and idling time for aircraft.

(b) SELECTION CRITERIA.—In selecting from among airports at which to conduct the pilot program, the Secretary shall give priority consideration to airports at which improvements in ground control efficiencies are likely to achieve the greatest fuel savings or air quality or other environmental benefits, as measured by the amount of reduced fuel, reduced emissions, or other environmental benefits per dollar of funds expended under the pilot program.

(c) MAXIMUM AMOUNT.—Not more than a total of $2,500,000 may be expended under the pilot program at any single public-use airport.”

RESEARCH PROGRAM ON RUNWAYS

Pub. L. 112–95, title IX, §904, Feb. 14, 2012, 126 Stat. 139, provided that: “Using amounts made available under section 48102(a) of title 49, United States Code, the Administrator [of the Federal Aviation Administration] shall continue to carry out a research program under which the Administrator may make grants to and enter into cooperative agreements with institutions of higher education and pavement research organizations for research and technology demonstrations related to—

(1) the design, construction, rehabilitation, and repair of airfield pavements to aid in the development of safer, more cost effective, and more durable airfield pavements; and

(2) engineered material restraining systems for runways at both general aviation airports and airports with commercial air carrier operations.”

WAKE TURBULENCE, VOLCANIC ASH, AND WEATHER RESEARCH

(1) initiate an evaluation of proposals related to research on the nature of wake vortexes that would increase national airspace system capacity by reducing existing spacing requirements between aircraft of all sizes;

(2) begin implementation of a system to improve volcanic ash avoidance options for aircraft, including the development of a volcanic ash warning and notification system for aviation; and

(3) coordinate with NOAA [National Oceanic and Atmospheric Administration], NASA [National Aeronautics and Space Administration], and other appropriate Federal agencies to conduct research to reduce the hazards presented to commercial aviation related to—

(A) ground de-icing and anti-icing, ice pellets, and freezing drizzle;
“(B) oceanic weather, including convective weather;
“(C) en route turbulence prediction and detection; and
“(D) all hazards during oceanic operations, where commercial traffic is high and only rudimentary satellite sensing is available.”

ASSESSMENT OF WAKE TURBULENCE RESEARCH AND DEVELOPMENT PROGRAM

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall review and determine whether the Federal Aviation Administration’s standards used to determine the appropriate thickness for asphalt and concrete airfield pavements are in accordance with the Federal Aviation Administration’s standard 20-year-life requirement using the most up-to-date available information on the life of airfield pavements. If the Administrator determines that such standards are not in accordance with that requirement, the Administrator shall make appropriate adjustments to the Federal Aviation Administration’s standards for airfield pavements.
“(b) REPORT.—Within 1 year after the date of enactment of this Act [Dec. 12, 2003], the Administrator shall report the results of the review conducted under subsection (a) and the adjustments, if any, made on the basis of that review to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.

ENSURING APPROPRIATE STANDARDS FOR AIRFIELD PAVEMENTS

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration may carry out a pilot program under which the Secretary may contract for the enforcement of higher education with expertise necessary to carry out the program.

USE OF RECYCLED MATERIALS

Pub. L. 106–181, title I, §157, Apr. 5, 2000, 114 Stat. 89, provided that:
“(a) STUDY.—The Administrator of the Federal Aviation Administration shall conduct a study of the use of recycled materials (including recycled pavements, waste materials, and byproducts) in pavement used for runways, taxiways, and aprons and the specification standards in that area necessary for the use of recycled materials in such pavement. The primary focus of the study shall be on the long-term physical performance, safety implications, and environmental benefits of using recycled materials in aviation pavement.
“(b) CONTRACTING.—The Administrator may carry out the study by entering into a contract with a university of higher education with expertise necessary to carry out the study.
“(c) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a report on the results of the study, together with recommendations concerning the use of recycled materials in aviation pavement.
“(d) FUNDING.—Of the amounts appropriated pursuant to section 48101(a) of title 49, United States Code, not to exceed $1,500,000 may be used to carry out this section.”

AIRFIELD PAVEMENT CONDITIONS

Pub. L. 106–181, title I, §160, Apr. 5, 2000, 114 Stat. 90, provided that:
“(a) EVALUATION OF OPTIONS.—The Administrator [of the Federal Aviation Administration] shall evaluate options for improving the quality of information available to the Federal Aviation Administration on airfield pavement conditions for airports that are part of the national air transportation system, including
“(1) improving the existing runway condition information contained in the airport safety data program by reviewing and revising rating criteria and providing increased training for inspectors;
“(2) requiring such airports to submit pavement condition index information as part of their airport master plan or as support in applications for airport improvement grants; and
“(3) requiring all such airports to submit pavement condition index information on a regular basis and using this information to create a pavement condition database that could be used in evaluating the cost-effectiveness of project applications and forecasting anticipated pavement needs.
“(b) REPORT TO CONGRESS.—Not later than 12 months after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit a report containing an evaluation of the options described in subsection (a) to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.

PILOT PROGRAM TO PERMIT COST-SHARING OF AIR TRAFFIC MODERNIZATION PROJECTS

Pub. L. 106–181, title III, §304, Apr. 5, 2000, 114 Stat. 122, provided that:
“(a) PURPOSE.—It is the purpose of this section to improve aviation safety and enhance mobility of the Nation’s air transportation system by encouraging non-Federal investment on a pilot program basis in critical air traffic control facilities and equipment.
“(b) IN GENERAL.—Subject to the requirements of this section, the Secretary [of Transportation] shall carry out a pilot program under which the Secretary may make grants to project sponsors for not more than 10 eligible projects.
“(c) FEDERAL SHARE.—The Federal share of the cost of an eligible project carried out under the program shall not exceed 33 percent. The non-Federal share of the cost of an eligible project shall be provided from non-Federal sources, including revenues collected pursuant to section 40117 of title 49, United States Code.
“(d) LIMITATION ON GRANT AMOUNTS.—No eligible project may receive more than $15,000,000 under the program.
“(e) FUNDING.—The Secretary shall use amounts appropriated under section §48101(a) of title 49, United States Code, for fiscal years 2001 through 2003 to carry out the program.
“(f) DEFINITIONS.—In this section, the following definitions apply:
“(1) ELIGIBLE PROJECT.—The term ‘eligible project’ means a project relating to the Nation’s air traffic control system that is certified or approved by the Administrator [of the Federal Aviation Administration] and that promotes safety, efficiency, or mobility. Such projects may include—
“(A) airport-specific air traffic facilities and equipment, including local area augmentation systems, instrument landing systems, weather and wind shear detection equipment, lighting improvements, and control towers;
“(B) automation tools to effect improvements in airport capacity, including passive final approach spacing tools and traffic management advisory equipment; and
“(C) facilities and equipment that enhance airspace control procedures, including consolidation of terminal radar control facilities and equipment, or assist in en route surveillance, including oceanic and offshore flight tracking;
“(2) PROJECT SPONSOR.—The term ‘project sponsor’ means a public-use airport or a joint venture between a public-use airport and one or more air carriers.
“(3) TRANSFERS OF EQUIPMENT.—Notwithstanding any other provision of law, project sponsors may transfer,
without consideration, to the Federal Aviation Administration, facilities, equipment, and automation tools, the purchase of which was assisted by a grant made under this section. The Administration shall accept such facilities, equipment, and automation tools, which shall thereafter be operated and maintained by the Administration in accordance with criteria of the Administration.

(b) GUIDELINES.—Not later than 90 days after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall issue advisory guidelines on the implementation of the program.

AIRCRAFT DISPATCHERS

Pub. L. 106–181, title V, §516, Apr. 5, 2000, 114 Stat. 145, provided that:

"(a) STUDY.—The Administrator [of the Federal Aviation Administration] shall conduct a study of the role of aircraft dispatchers in enhancing aviation safety.

"(b) STUDY.—The study shall include an assessment of whether or not aircraft dispatchers should be required for those operations not presently requiring aircraft dispatcher assistance, operational control issues related to the aircraft dispatching functions, and whether or not designation of positions within the Federal Aviation Administration for oversight of dispatchers would enhance aviation safety.

"(c) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a report on the results of the study conducted under this section."

OCCUPATIONAL INJURIES OF AIRPORT WORKERS

Pub. L. 106–181, title V, §520, Apr. 5, 2000, 114 Stat. 149, provided that:

"(a) STUDY.—The Administrator [of the Federal Aviation Administration] shall conduct a study to determine the number of persons working at airports who are injured or killed as a result of being struck by a moving vehicle while on an airport tarmac, the seriousness of the injuries to such persons, and whether or not reflective safety vests or other actions should be required to enhance the safety of such workers.

"(b) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a report on the results of the study conducted under this section."

ALKALI SILICA REACTIVITY DISTRESS

Pub. L. 106–181, title VII, §743, Apr. 5, 2000, 114 Stat. 175, provided that:

"(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] may conduct a study on the impact of alkali silica reactivity distress on airport runways and taxiways and the use of lithium salts and other alternatives for mitigation and prevention of such distress. The study shall include a determination based on in-the-field inspections followed by petrographic analysis or other similar techniques.

"(b) AUTHORITY TO MAKE GRANTS.—The Administrator may carry out the study by making a grant to, or entering into a cooperative agreement with, a nonprofit organization for the conduct of all or a part of the study.

"(c) REPORT.—Not later than 18 months after the date of initiation of the study under subsection (a), the Administrator shall transmit to Congress a report on the results of the study."

RESEARCH PROGRAM TO IMPROVE AIRFIELD PAVEMENTS

"(a) CONTINUATION OF PROGRAM.—The Administrator of the Federal Aviation Administration shall continue the program to consider awards to nonprofit concrete and asphalt pavement research foundations to improve the design, construction, rehabilitation, and repair of airfield pavements to aid in the development of safer, more cost effective, and more durable airfield pavements.

"(b) USE OF GRANTS OR COOPERATIVE AGREEMENTS.—The Administrator may use grants or cooperative agreements in carrying out this section.

"(c) STATUTORY CONSTRUCTION.—Nothing in this section requires the Administrator to prioritize an airfield pavement research program above safety, security, Flight 21, environment, or energy research programs."

§44506. Air traffic controllers

(a) RESEARCH ON EFFECT OF AUTOMATION ON PERFORMANCE.—To develop the means necessary to establish appropriate selection criteria and training methodologies for the next generation of air traffic controllers, the Administrator of the Federal Aviation Administration shall conduct research to study the effect of automation on the performance of the next generation of air traffic controllers and the air traffic control system. The research shall include investigating—

(1) methods for improving and accelerating future air traffic controller training through the application of advanced training techniques, including the use of simulation technology;

(2) the role of automation in the air traffic control system and its physical and psychological effects on air traffic controllers;

(3) the attributes and aptitudes needed to function well in a highly automated air traffic control system and the development of appropriate testing methods for identifying individuals with those attributes and aptitudes;

(4) innovative methods for training potential air traffic controllers to enhance the benefits of automation and maximize the effectiveness of the air traffic control system; and

(5) new technologies and procedures for exploiting automated communication systems, including Mode S Transponders, to improve information transfers between air traffic controllers and aircraft pilots.

(b) RESEARCH ON HUMAN FACTOR ASPECTS OF AUTOMATION.—The Administrators of the Federal Aviation Administration and National Aeronautics and Space Administration may make an agreement for the use of the National Aeronautics and Space Administration’s unique human factor facilities and expertise in conducting research activities to study the human factor aspects of the highly automated environment for the next generation of air traffic controllers. The research activities shall include investigating—

(1) human perceptual capabilities and the effect of computer-aided decision making on the workload and performance of air traffic controllers;

(2) information management techniques for advanced air traffic control display systems; and
(3) air traffic controller workload and performance measures, including the development of predictive models.

(c) COLLEGIATE TRAINING INITIATIVE.—(1) The Administrator of the Federal Aviation Administration may maintain the Collegiate Training Initiative program by making new agreements and continuing existing agreements with institutions of higher education (as defined by the Administrator) under which the institutions prepare students for the position of air traffic controller with the Department of Transportation (as defined in section 2109 of title 5). The Administrator may establish standards for the entry of institutions into the program and for their continued participation.

(2)(A) The Administrator of the Federal Aviation Administration may appoint an individual who has successfully completed a course of training in a program described in paragraph (1) of this subsection to the position of air traffic controller noncompetitively in the excepted service (as defined in section 2103 of title 5). An individual appointed under this paragraph serves at the pleasure of the Administrator, subject to section 7511 of title 5. However, an appointment under this paragraph may be converted from one in the excepted service to a career conditional or career appointment in the competitive civil service (as defined in section 2102 of title 5) when the individual achieves full performance level air traffic controller status, as decided by the Administrator.

(B) The authority under subparagraph (A) of this paragraph to make appointments in the excepted service expires on October 6, 1997, except that the Administrator of the Federal Aviation Administration may extend the authority for one or more successive one-year periods.

d) AIR TRAFFIC CONTROL SPECIALIST QUALIFICATION TRAINING.—

(1) APPOINTMENT OF AIR TRAFFIC CONTROL SPECIALISTS.—The Administrator is authorized to appoint a qualified air traffic control specialist candidate for placement in an airport traffic control facility if the candidate has—

(A) received a control tower operator certification (referred to in this subsection as a "CTO" certificate); and

(B) satisfied all other applicable qualification requirements for an air traffic control specialist position, including successful completion of orientation training at the Federal Aviation Administration Academy.

(2) COMPENSATION AND BENEFITS.—An individual appointed under paragraph (1) shall receive the same compensation and benefits, and be treated in the same manner as, any other individual appointed as a developmental air traffic controller.

(3) REPORT.—Not later than 2 years after the date of enactment of the FAA Modernization and Reform Act of 2012, the Administrator shall submit to Congress a report that evaluates the effectiveness of the air traffic control specialist qualification training provided pursuant to this section, including the graduation rates of candidates who received a CTO certificate and are working in airport traffic control facilities.

(4) ADDITIONAL APPOINTMENTS.—If the Administrator determines that air traffic control specialists appointed pursuant to this subsection are more successful in carrying out the duties of an air traffic controller than air traffic control specialist candidates hired from the general public without any such certification, the Administrator shall increase, to the maximum extent practicable, the number of appointments of candidates who possess such certification.

(5) REIMBURSEMENT FOR TRAVEL EXPENSES ASSOCIATED WITH CERTIFICATIONS.—

(A) IN GENERAL.—The Administrator may accept reimbursement from an educational entity that provides training to an air traffic control specialist candidate to cover reasonable travel expenses of the Administrator associated with issuing certifications to such candidates.

(B) TREATMENT OF REIMBURSEMENTS.—Notwithstanding section 3302 of title 31, any reimbursement authorized to be collected under subparagraph (A) shall—

(i) be credited as offsetting collections to the account that finances the activities and services for which the reimbursement is accepted;

(ii) be available for expenditure only to pay the costs of activities and services for which the reimbursement is accepted, including all costs associated with collecting such reimbursement; and

(iii) remain available to the account that finances the activities and services for which the reimbursement was available until expended.

(e) STAFFING REPORT.—The Administrator of the Federal Aviation Administration shall submit annually to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

(1) the staffing standards used to determine the number of air traffic controllers needed to operate the air traffic control system of the United States;

(2) a 3-year projection of the number of controllers needed to be employed to operate the system to meet the standards; and

(3) a detailed plan for employing the controllers, including projected budget requests.

(f) HIRING OF CERTAIN AIR TRAFFIC CONTROL SPECIALISTS.—

(1) CONSIDERATION OF APPLICANTS.—

(A) ENSURING SELECTION OF MOST QUALIFIED APPLICANTS.—In appointing individuals to the position of air traffic controller, the Administrator shall give preferential consideration to qualified individuals maintaining 52 consecutive weeks of air traffic controller experience involving the full-time active separation of air traffic after receipt of an air traffic certification or air traffic control facility rating within 5 years of application while serving at—

(i) a Federal Aviation Administration air traffic control facility;

(ii) a civilian or military air traffic control facility of the Department of Defense (including a facility of the National Guard); or

(iii) any other air traffic control facility operated by the Federal Aviation Administration.
(iii) a tower operating under contract with the Federal Aviation Administration under section 47124.

(B) CONSIDERATION OF ADDITIONAL APPLICANTS.—

(i) IN GENERAL.—After giving preferential consideration to applicants under subparagraph (A), the Administrator shall consider additional applicants for the position of air traffic controller by giving further preferential consideration, within each qualification category based upon pre-employment testing results (including application of veterans’ preference as required under section 40122(g)(2)(B)), to pool 1 applicants described in clause (ii) before pool 2 applicants described in clause (iii).

(ii) POOL 1.—Pool 1 applicants are individuals who—

(I) have successfully completed air traffic controller training and graduated from an institution participating in the Collegiate Training Initiative program maintained under subsection (c)(1) and who have received from the institution—

(aa) an appropriate recommendation; or

(bb) an endorsement certifying that the individual would have met the requirements in effect as of December 31, 2013, for an appropriate recommendation;

(II) are eligible for a veterans recruitment appointment pursuant to section 4214 of title 38 and provide a Certificate of Release or Discharge from Active Duty within 120 days of the announcement closing;

(iii) are eligible veterans (as defined in section 4211 of title 38) maintaining aviation experience obtained in the course of the individual’s military experience; or

(IV) are preference eligible veterans (as defined in section 2108 of title 5).

(iii) POOL 2.—Pool 2 applicants are individuals who apply under a vacancy announcement recruiting from all United States citizens.

(C) SPECIAL RULE.—

(i) IN GENERAL.—Notwithstanding subsection (B), after giving preferential consideration to applicants under subparagraph (A) and if, after consulting with the labor organization recognized as the exclusive representative of air traffic controllers under section 7111 of title 5, the Administrator determines there are unique circumstances affecting a covered facility that warrant a vacancy announcement with a limited area of consideration, the Administrator may consider applicants for the position of air traffic controller who apply under a vacancy announcement recruiting from the local commuting area for that covered facility.

(ii) BIOGRAPHICAL ASSESSMENTS.—The Administrator shall not use any biographical assessment with respect to an applicant under this subparagraph who would otherwise qualify as a Pool 1 applicant under subparagraph (B)(ii).

(iii) COVERED FACILITY DEFINED.—In this subparagraph the term “covered facility” means a radar facility with at least 1,000,000 operations annually that is located in a metropolitan statistical area (as defined by the Office of Management and Budget) with a population estimate by the Bureau of the Census of more than 15,000,000 (as of July 1, 2016).

(2) USE OF BIOGRAPHICAL ASSESSMENTS.—

(A) BIOGRAPHICAL ASSESSMENTS.—The Administrator shall not use any biographical assessment when hiring under paragraph (1)(A) or paragraph (1)(B)(ii).

(B) RECONSIDERATION OF APPLICANTS DISQUALIFIED ON BASIS OF BIOGRAPHICAL ASSESSMENTS.—

(i) IN GENERAL.—If an individual described in paragraph (1)(A) or paragraph (1)(B)(ii), who applied for the position of air traffic controller with the Administration in response to Vacancy Announcement FAA–AMC–14–ALLSRCE–33357 (issued on February 10, 2014), was disqualified from the position as the result of a biographical assessment, the Administrator shall provide the applicant an opportunity to reapply for the position as soon as practicable under the revised hiring practices.

(ii) WAIVER OF AGE RESTRICTION.—The Administrator shall waive any maximum age restriction for the position of air traffic controller with the Administration that would otherwise disqualify an individual from the position if the individual—

(I) is reapplying for the position pursuant to clause (i) on or before December 31, 2017; and

(II) met the maximum age requirement on the date of the individual’s previous application for the position during the interim hiring process.

(3) MAXIMUM ENTRY AGE FOR EXPERIENCED CONTROLLERS.—Notwithstanding section 3307 of title 5, except for individuals covered by the program described in paragraph (b), the maximum limit of age for an original appointment to a position as an air traffic controller shall be 35 years of age for those maintaining 52 weeks of air traffic control experience involving the full-time active separation of air traffic after receipt of an air traffic certification or air traffic control facility rating in a civilian or military air traffic control facility.

(4) RETIRED MILITARY CONTROLLERS.—The Administrator may establish a program to provide an original appointment to a position as an air traffic controller for individuals who—

(A) are on terminal leave pending retirement from active duty military service or have retired from active duty military service within 5 years of applying for the appointment; and

(B) have held either an air traffic certification or air traffic control facility rating according to Administration standards within 5 years of applying for the appointment.
In subsections (a) and (b), the text of section 8(a) and (b)(3) of the Aviation Safety Research Act of 1986 (Public Law 100–581, 102 Stat. 3015, 3016) and sections 601 and 602(3) of the National Aeronautics and Space Administration Authorization Act, Fiscal Year 1989 (Public Law 100–585, 102 Stat. 4102, 4103) is omitted as executed.

In subsection (c), the words "institutions of higher education" are substituted for "post-secondary educational institutions" for consistency in the revised title.

REFERENCES IN TEXT

The date of enactment of the FAA Modernization and Reform Act of 2012, referred to in subsec. (d)(3), is the date of enactment of Pub. L. 112–96, which was approved Feb. 14, 2012.

AMENDMENTS

Subsec. (f)(1)(B)(i). Pub. L. 116–92, § 1132, substituted "giving further preferential consideration, within each qualification category based upon pre-employment testing results (including application of veterans' preference as required under section 40123(g)(2)(B)), to pool 1 applicants described in clause (ii) before pool 2 applicants described in clause (iii)." for "referring an approximately equal number of individuals for appointment among the 2 applicant pools described in this subparagraph. The number of individuals referred for consideration from each group shall not differ by more than 10 percent."

Subsec. (f)(3). Pub. L. 115–141, § 108(2)(A), inserted "except for individuals covered by the program described in paragraph (4)," after "section 221 of Public Law 104–287."

2012—Subsecs. (d), (e). Pub. L. 112–95 added subsec. (d) and redesignated former subsec. (d) as (e).

NOTIFICATION OF VACANCIES

Pub. L. 114–190, title II, § 2206(b), July 15, 2016, 130 Stat. 622, provided that: "The Administrator of the Federal Aviation Administration shall consider directly notifying secondary schools and institutions of higher learning, including Historically Black Colleges and Universities, Hispanic-serving Institutions, Tribal Colleges and Universities, and Tribal Institutions, and Tribal Colleges and Universities, Hispanic-serving institutions, Minority Institutions, and Tribal Colleges and Universities, of a vacancy announcement under section 44506(f)(1)(B)(iii) of title 49, United States Code."

AIR TRAFFIC CONTROLLER STAFFING INITIATIVES AND ANALYSIS

Pub. L. 112–95, title II, § 224, Feb. 14, 2012, 126 Stat. 55, provided that: "As soon as practicable, and not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall—

(1) ensure, to the extent practicable, a sufficient number of contract instructors, classroom space (including off-site locations as needed), and simulators to allow for an increase in the number of air traffic controllers at air traffic control facilities;

(2) distribute, to the extent practicable, the placement of certified professional air traffic controllers-in-training and developmental air traffic controllers at facilities evenly across the calendar year in order to avoid training bottlenecks;

(3) initiate an analysis, to be conducted in consultation with the exclusive bargaining representative of air traffic controllers certified under section 7111 of title 5, United States Code, of scheduling processes and practices, including overtime scheduling practices at those facilities;

(4) provide, to the extent practicable and where appropriate, priority to certified professional air traffic controllers-in-training when filling staffing vacancies at facilities;

(5) assess training programs at air traffic control facilities with below-average success rates to determine if training is being carried out in accordance with Administration standards, and conduct exit interview analyses with all candidates to determine potential weaknesses in training protocols, or in the execution of such training protocols; and

(6) prioritize, to the extent practicable, such efforts to address the recommendations for the facilities identified in the Department of Transportation's Office of the Inspector General Report Number: AV-2009-047.

FACILITY TRAINING PROGRAM

Pub. L. 112–95, title VI, § 609(b), Feb. 14, 2012, 126 Stat. 116, provided that: "Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall conduct a comprehensive review and evaluation of its Academy and facility training efforts. The Administrator shall—

(1) clarify responsibility for oversight and direction of the Academy's facility training program at the national level;

(2) communicate information concerning that responsibility to facility managers; and

(3) establish standards to identify the number of developmental air traffic controllers that can be accommodated at each facility, based on—

(A) the number of available on-the-job training instructors;

(B) available classroom space;

(C) the number of available simulators;

(D) training requirements; and

(E) the number of recently placed new personnel already in training."

CONTROLLER STAFFING

Pub. L. 116–6, div. G, title I, Feb. 15, 2019, 133 Stat. 401, provided in part: "That not later than March 31 of each fiscal year hereafter, the Administrator of the Federal Aviation Administration shall transmit to Congress an annual update to the report submitted to Congress in December 2004 pursuant to section 221 of Public Law 108–176 [set out below]":

Similar provisions were contained in the following appropriation acts:

§ 44507. Regions and centers

(a) CIVIL AEROMEDICAL INSTITUTE.—The Civil Aeromedical Institute established by section 106(j) of this title may—

(1) conduct civil aeromedical research, including research related to—

(A) the protection and survival of aircraft occupants;

(B) medical accident investigation and airman medical certification;

(C) toxicology and the effects of drugs on human performance;

(D) the impact of disease and disability on human performance;

(E) vision and its relationship to human performance and equipment design;

(F) human factors of flight crews, air traffic controllers, mechanics, inspectors, airway facility technicians, and other individuals involved in operating and maintaining aircraft and air traffic control equipment; and

(G) agency work force optimization, including training, equipment design, reduction of errors, and identification of candidate tasks for automation;

(2) make comments to the Administrator of the Federal Aviation Administration on human factors aspects of proposed air safety regulations;

(3) make comments to the Administrator on human factors aspects of proposed training programs, equipment requirements, standards, and procedures for aviation personnel;

(4) advise, assist, and represent the Federal Aviation Administration in the human factors aspects of joint projects between the Administration and the National Aeronautics and Space Administration, other departments, agencies, and instrumentalities of the United States Government, industry, and governments of foreign countries; and

(5) provide medical consultation services to the Administrator about medical certification of airmen.

(b) WILLIAM J. HUGHES TECHNICAL CENTER.—
The Secretary of Transportation shall define the roles and responsibilities of the William J. Hughes Technical Center in a manner that is consistent with the defined roles and responsibilities of the Civil Aeromedical Institute under subsection (a).

§ 44508. Research advisory committee

(a) ESTABLISHMENT AND DUTIES.—(1) There is a research advisory committee in the Federal Aviation Administration. The committee shall—

(A) provide advice and recommendations to the Administrator of the Federal Aviation Administration and Congress about needs, objectives, plans, approaches, content, and accomplishments of all aviation research and development activities and programs carried out, including those under sections 40119, 44504, 44506, 44507, 44511–44513, and 44912 of this title;

(B) assist in ensuring that the research is coordinated with similar research being conducted outside the Administration;

(C) review the operations of the regional centers of air transportation excellence established under section 44513 of this title; and

(D) annually review the allocation made by the Administrator of the amounts authorized by section 48102(a) of this title among the major categories of research and development activities carried out by the Administration and provide advice and recommendations to the Administrator on whether such allocation is appropriate to meet the needs and objectives identified under subparagraph (A).

1 See References in Text note below.
(2) The Administrator may establish subordinate committees to provide advice on specific areas of research conducted under sections 40119, 44504, 44505, 44507, 44511-44513, and 44912 of this title.

(b) MEMBERS, CHAIRMAN, PAY, AND EXPENSES.—
(1) The committee is composed of not more than 30 members appointed by the Administrator from among individuals who are not employees of the Administration and who are specially qualified to serve on the committee because of their education, training, or experience. In appointing members of the committee, the Administrator shall ensure that the regional centers of air transportation excellence, universities, corporations, associations, consumers, and other departments, agencies, and instrumentalities of the United States Government are represented.

(2) The Administrator shall designate the chairman of the committee.

(3) A member of the committee serves without pay. However, the Administrator may allow a member, when attending meetings of the committee or a subordinate committee, expenses as authorized under section 5703 of title 5.

(c) SUPPORT STAFF, INFORMATION, AND SERVICES.—The Administrator shall provide support staff for the committee. On request of the committee, the Administrator shall provide information, administrative services, and supplies that the Administrator considers necessary for the committee to carry out its duties and powers.

(d) NONAPPLICATION.—Section 14 of the Federal Advisory Committee Act (5 App. U.S.C.) does not apply to the committee.

(e) USE AND LIMITATION OF AMOUNTS.—(1) Not more than .1 percent of the amounts made available to conduct research under sections 40119, 44504, 44505, 44507, 44511-44513, and 44912 of this title may be used by the Administrator to carry out this section.

(2) A limitation on amounts available for obligation by or for the committee does not apply to amounts made available to carry out this section.

(f) WRITTEN REPLY.—
(1) IN GENERAL.—Not later than 60 days after receiving any recommendation from the research advisory committee, the Administrator shall provide a written reply to the research advisory committee that, at a minimum—
(A) clearly states whether the Administrator accepts or rejects the recommendation;
(B) explains the rationale for the Administrator’s decision;
(C) sets forth the timeframe in which the Administrator will implement the recommendation; and
(D) describes the steps the Administrator will take to implement the recommendation.

(2) TRANSPARENCY.—The written reply to the research advisory committee, when transmitted to the research advisory committee, shall be—
(A) made publicly available on the research advisory committee website; and
(B) transmitted to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

(3) NATIONAL AVIATION RESEARCH PLAN.—The national aviation research plan required under section 44501(c) shall include a summary of all research advisory committee recommendations and a description of the status of their implementation.

In subsection (a)(1), before clause (A), the words “There is a” are substituted for “Not later than 180 days after November 3, 1988, the Administrator shall establish” to eliminate obsolete words. In clause (C), the words “operations of” are substituted for “research and training to be carried out by” for consistency with section 44513 of the revised title.

In subsection (a)(2), the words “to the advisory committee” are omitted as surplus.

In subsection (b)(1), the words “departments, agencies, and instrumentalities” are substituted for “agencies” for consistency in the revised title and with other titles of the United States Code.

In subsection (b)(3), the words “travel or transportation” are omitted as surplus.

In subsection (e), the words “for fiscal years beginning after September 30, 1968” are omitted as obsolete.

REFERENCES IN TEXT

Section 14 of the Federal Advisory Committee Act, referred to in subsec. (d), is section 14 of Pub. L. 92–463, which is set out in the Appendix to Title 5, Government Organization and Employees.

AMENDMENTS

2018—Subsec. (a)(1)(A). Pub. L. 115–254, § 712(a), amended subpar. (A) generally. Prior to amendment, subpar. (A) read as follows: “provide advice and recommendations to the Administrator of the Federal Aviation Administration about needs, objectives, plans, approaches, content, and accomplishments of the aviation research program carried out under sections 40119, 44504, 44505, 44507, 44511–44513, and 44912 of this title.”

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.
§ 44509. Demonstration projects

The Secretary of Transportation may carry out under this chapter demonstration projects that the Secretary considers necessary for research and development activities under this chapter.

§ 44510. Airway science curriculum grants

(a) General Authority.—The Administrator of the Federal Aviation Administration may make competitive grant agreements with institutions of higher education having airway science curricula for the United States Government’s share of the allowable direct costs of the following categories of items to the extent that the items are in support of airway science curricula:

(1) the construction, purchase, or lease with an option to purchase, of buildings and associated facilities.

(2) instructional material and equipment.

(b) Cost Guidelines.—The Administrator shall establish guidelines to determine the direct costs allowable under a grant to be made under this section. The Government’s share of the allowable cost of a project assisted by a grant under this section may not be more than 65 percent.

</tbody>
</table>

In subsection (a), before clause (1), the words “With appropriations made for the Airway Science Program, as authorized below in this section” are omitted as unnecessary because of section 48106 of the revised title.

In subsection (b), the proviso is omitted as executed.

§ 44511. Aviation research grants

(a) General Authority.—The Administrator of the Federal Aviation Administration may make grants to institutions of higher education and nonprofit research organizations to conduct aviation research in areas the Administrator considers necessary for the long-term growth of civil aviation.

(b) Applications.—An institution of higher education or nonprofit research organization interested in receiving a grant under this section may submit an application to the Administrator. The application must be in the form and contain the information the Administrator requires.

(c) Solicitation, Review, and Evaluation Process.—The Administrator shall establish a solicitation, review, and evaluation process that ensures—

(1) providing grants under this section for proposals having adequate merit and relevance to the mission of the Administration;

(2) a fair geographical distribution of grants under this section; and

(3) the inclusion of historically black institutions of higher education and other minority nonprofit research organizations for grant consideration under this section.

(d) Records.—Each person receiving a grant under this section shall maintain records that the Administrator requires as being necessary to facilitate an effective audit and evaluation of the use of money provided under the grant.

(e) Annual Report.—The Administrator shall submit an annual report to the Committee on Science of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on carrying out this section.

(f) Airport Cooperative Research Program.—

(1) Establishment.—The Secretary of Transportation shall maintain an airport cooperative research program to—

(A) identify problems that are shared by airport operating agencies and can be solved through applied research but that are not being adequately addressed by existing Federal research programs; and

(B) fund research to address those problems.

(2) Governance.—The Secretary of Transportation shall appoint an independent governing board for the research program established under this subsection. The governing board shall be appointed from candidates nominated by national associations representing public airport operating agencies, airport executives, State aviation officials, and the scheduled airlines, and shall include representatives of appropriate Federal agencies. Section 14 of the Federal Advisory Committee Act shall not apply to the governing board.

(3) Implementation.—The Secretary of Transportation shall enter into an arrangement with the National Academy of Sciences to provide staff support to the governing board established under paragraph (2) and to carry out projects proposed by the governing board that the Secretary considers appropriate.

(4) Report.—Not later than September 30, 2012, the Secretary shall transmit to the Congress a report on the program.

In this section, the words “institutions of higher education” and “institutions of higher education” are substituted for “colleges, universities”, “university, college”, and “colleges and universities” for consistency in the revised title.

In subsection (c), the words “providing grants” are substituted for “the funding”, the word “grants” is substituted for “grant funds”, and the words “grant consideration” are substituted for “funding consideration”, for consistency in the revised title.

In subsection (d), the words “money provided under the grant” are substituted for “grant funds” for consistency.

REFERENCES IN TEXT
Section 14 of the Federal Advisory Committee Act, referred to in subsec. (f)(2), is section 14 of Pub. L. 92–463, which is set out in the Appendix to Title 5, Government Organization and Employees.

AMENDMENTS
Subsec. (c)(4). Pub. L. 112–95, § 906(2), substituted “Not later than September 30, 2012,” for “Not later than 6 months after the expiration of the program under this subsection,” and “program” for “program, including recommendations as to the need for establishing a permanent airport cooperative research program”.
1996—Subsec. (e). Pub. L. 104–297 substituted “Committee on Science” for “Committee on Science, Space, and Technology”.

CHANGE OF NAME
Committee on Science of House of Representatives changed to Committee on Science and Technology of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007. Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

§ 44512. Catastrophic failure prevention research grants

(a) GENERAL AUTHORITY.—The Administrator of the Federal Aviation Administration may make grants to institutions of higher education and nonprofit research organizations—

(1) to conduct aviation research related to the development of technologies and methods to assess the risk of, and prevent, defects, failures, and malfunctions of products, parts, processes, and articles manufactured for use in aircraft, aircraft engines, propellers, and appliances that could result in a catastrophic failure of an aircraft; and

(2) to establish centers of excellence for continuing the research.

(b) SOLICITATION, APPLICATION, REVIEW, AND EVALUATION PROCESS.—The Administrator shall establish a solicitation, application, review, and evaluation process that ensures providing grants under this section for proposals having adequate merit and relevance to the research described in subsection (a) of this section.

In this section, the words “institutions of higher education” are substituted for “colleges, universities” for consistency in the revised title.

In subsection (b), the words “providing grants” are substituted for “the funding” for consistency in the revised title.

§ 44513. Regional centers of air transportation excellence

(a) GENERAL AUTHORITY.—The Administrator of the Federal Aviation Administration may make grants to institutions of higher education to establish and operate regional centers of air transportation excellence. The locations shall be distributed in a geographically fair way.

(b) RESPONSIBILITIES.—(1) The responsibilities of each center established under this section shall include—

(A) conducting research on—

(i) airspace and airport planning and design;

(ii) airport capacity enhancement techniques;

(iii) human performance in the air transportation environment;

(iv) aviation safety and security;

(v) the supply of trained air transportation personnel, including pilots and mechanics; and

(vi) other aviation issues related to developing and maintaining a safe and efficient air transportation system; and

(B) interpreting, publishing, and disseminating the results of the research.

(2) In conducting research described in paragraph (1)(A) of this subsection, each center may make contracts with nonprofit research organizations and other appropriate persons.

(c) APPLICATIONS.—An institution of higher education interested in receiving a grant under this section may submit an application to the Administrator. The application must be in the form and contain the information that the Administrator requires by regulation.

(d) SELECTION CRITERIA.—The Administrator shall select recipients of grants under this section on the basis of the following criteria:

(1) the extent to which the needs of the State in which the applicant is located are representative of the needs of the region for
improved air transportation services and facilities.
(2) the demonstrated research and extension resources available to the applicant to carry out this section.
(3) the ability of the applicant to provide leadership in making national and regional contributions to the solution of both long-range and immediate air transportation problems.
(4) the extent to which the applicant has an established air transportation program.
(5) the demonstrated ability of the applicant to disseminate results of air transportation research and educational programs through a statewide or regionwide continuing education program.
(6) the projects the applicant proposes to carry out under the grant.
(e) EXPENDITURE AGREEMENTS.—A grant may be made under this section in a fiscal year only if the recipient makes an agreement with the Administrator that the Administrator requires to ensure that the recipient will maintain its total expenditures from all other sources for establishing and operating the center and related research activities at a level at least equal to the average level of those expenditures in the 2 fiscal years of the recipient occurring immediately before November 5, 1990.
(f) GOVERNMENT’S SHARE OF COSTS.—The United States Government’s share of establishing and operating a center and all related research activities at a level at least equal to the average level of those expenditures in the 2 fiscal years of the recipient occurring immediately before November 5, 1990 shall not exceed 50 percent of the costs, except that the Administrator may increase such share to a maximum of 75 percent of the costs for a fiscal year if the Administrator determines that a center would be unable to carry out the authorized activities described in this section without additional funds.
(g) ALLOCATING AMOUNTS.—The Administrator shall allocate amounts made available to carry out this section in a geographically fair way.
(h) ANNUAL REPORT.—The Administrator shall transmit annually to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate at the time of the President’s budget request a report that lists—
(1) the research projects that have been initiated by each center in the preceding year;
(2) the amount of funding for each research project and the funding source;
(3) the institutions participating in each research project and their shares of the overall funding for each research project; and
(4) the level of cost-sharing for each research project.

In this section, the words “institutions of higher education” and “institute of higher education” are substituted for “colleges or universities” and “college or university” for consistency in the revised title. In subsection (a), the words “one or more” are omitted as surplus.

AMENDMENTS

2012—Subsec. (f). Pub. L. 112–95, §907(a), amended subsec. (f) generally. Prior to amendment, text read as follows: “The United States Government’s share of a grant under this section is 50 percent of the costs of establishing and operating the center and related research activities that the grant recipient carries out.”

FAA CENTER OF EXCELLENCE FOR AUTOMATED SYSTEMS AND HUMAN FACTORS IN AIRCRAFT

“(a) IN GENERAL.—The Administrator shall develop or expand a Center of Excellence focused on automated systems and human factors in transport category aircraft.
“(b) DUTIES.—The Center of Excellence shall, as appropriate—
“(1) facilitate collaboration among academia, the FAA, and the aircraft and airline industries, including aircraft, engine, and equipment manufacturers, air carriers, and representatives of the pilot community;
“(2) establish goals for research in areas of study relevant to advancing technology, improving engineering practices, and facilitating better understanding of human factors concepts in the context of the growing development and reliance on automated or complex systems in commercial aircraft, including continuing education and training;
“(3) examine issues related to human system integration and flight crew and aircraft interfaces, including tools and methods to support the integration of human factors considerations into the aircraft design and certification process; and
“(4) review safety reports to identify potential human factors issues for research.
“(c) AVOIDING DUPLICATION OF WORK.—In developing or expanding the Center of Excellence, the Administrator shall ensure the work of the Center of Excellence does not duplicate or overlap with the work of any other established center of excellence.
“(d) MEMBER PRIORITIZATION.—
“(1) IN GENERAL.—The Administrator, when developing or expanding the Center of Excellence, shall prioritize the inclusion of subject-matter experts whose professional experience enables them to be objective and impartial in their contributions to the greatest extent possible.
“(2) REPRESENTATION.—The Administrator shall require that the membership of the Center of Excellence reflect a balanced viewpoint across broad disciplines in the aviation industry.
“(e) DISCLOSURE.—Any member of the Center of Excellence who is a Boeing Company or FAA employee who participated in the certification of the Maneuvering Characteristics Augmentation System for the 737 MAX-8 airplane must disclose such involvement to the FAA prior to performing any work on behalf of the FAA.
“(f) TRANSPARENCY.—In developing or expanding the Center of Excellence, the Administrator shall develop procedures to facilitate transparency and appropriate maintenance of records to the maximum extent practicable.
“(g) COORDINATION.—Nothing in this chapter shall preclude coordination and collaboration between the Center of Excellence developed or expanded under this section and any other established center of excellence.
“(h) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator
$2,000,000 for each of fiscal years 2021 through 2023, out of funds made available under section 48102(a) of title 49, United States Code, to carry out this section. Amounts appropriated pursuant to the preceding sentence for any fiscal year shall remain available until expended.”

CENTER OF EXCELLENCE FOR AVIATION HUMAN RESOURCE RESEARCH

“(a) ESTABLISHMENT.—Using amounts made available under section 48102(a) of title 49, United States Code, the Administrator [of the Federal Aviation Administration] may establish a center of excellence to conduct research on

“(1) human performance in the air transportation environment, including among air transportation personnel such as air traffic controllers, pilots, and technicians; and

“(2) any other aviation human resource issue pertinent to developing and maintaining a safe and efficient air transportation system.

“(b) ACTIVITIES.—Activities conducted under this section may include the following:

“(1) Research, development, and evaluation of training programs for air traffic controllers, aviation safety inspectors, airway transportation safety specialists, and engineers.

“(2) Research and development of best practices for recruitment of individuals into the aviation field for mission critical positions.

“(3) Research, in consultation with other relevant Federal agencies, to develop a baseline of general aviation employment statistics and an analysis of future needs in the aviation field.

“(4) Research and the development of a comprehensive assessment of the airframe and power plant technician certification process and its effect on employment trends.

“(5) Evaluation of aviation maintenance technician school environments.

“(6) Research and an assessment of the ability to develop training programs to allow for the transition of recently unemployed and highly skilled mechanics into the aviation field.”

§ 44514. Flight service stations

(a) HOURS OF OPERATION.—(1) The Secretary of Transportation may close, or reduce the hours of operation of, a flight service station in an area only if the service provided in the area after the closing or during the hours the station is not in operation is provided by an automated flight service station with at least model 1 equipment.

(2) The Secretary shall reopen a flight service station closed after March 24, 1987, but before July 15, 1987, as soon as practicable if the service in the area in which the station is located has not been provided since the closing by an automatic flight service station with at least model 1 equipment. The hours of operation for the reopened station shall be the same as were the hours of operation for the station on March 25, 1987. After reopening the station, the Secretary may close, or reduce the hours of operation of, the station only as provided in paragraph (1) of this subsection.

(b) MANNED AUXILIARY STATIONS.—The Secretary and the Administrator of the Federal Aviation Administration shall establish a system of manned auxiliary flight service stations.

The manned auxiliary flight service stations shall supplement the services of the planned consolidation to 61 automated flight service stations under the flight service station modernization program. A manned auxiliary flight service station shall be located in an area of unique weather or operational conditions that are critical to the safety of flight.

In subsection (a)(1), the words “On or after July 15, 1987” are omitted as obsolete.

In subsection (a)(2), the words “after December 30, 1987” are omitted as obsolete. The words “the date of” are omitted as surplus.

In subsection (b), the text of section 9115(b) of the Omnibus Budget Reconciliation Act of 1990 (Public Law 101–508, 104 Stat. 1388–364) and section 330(a) (last sentence) of the Department of Transportation and Related Agencies Appropriations Act, 1991 (Public Law 101–516, 104 Stat. 2184) is omitted as obsolete.

§ 44515. Advanced training facilities for maintenance technicians for air carrier aircraft

(a) GENERAL AUTHORITY.—The Administrator of the Federal Aviation Administration may make grants to not more than 4 vocational technical educational institutions to acquire or construct facilities to be used for the advanced training of maintenance technicians for air carrier aircraft.

(b) ELIGIBILITY.—The Administrator may make a grant under this section to a vocational technical educational institution only if the institution has a training curriculum that prepares aircraft maintenance technicians who hold airframe and power plant certificates under subpart D of part 65 of title 14, Code of Federal Regulations, to maintain, without direct supervision, air carrier aircraft.

(c) LIMITATION.—A vocational technical educational institution may not receive more than a total of $5,000,000 in grants under this section.

The words “vocational technical educational institution” are used throughout this section for consistency in this section.

PROMOTING AVIATION REGULATIONS FOR TECHNICAL TRAINING

(a) New Regulations Required.—

(1) Interim final regulations.—Not later than 90 days after the date of enactment of this section [Dec. 27, 2020], the Administrator of the Federal Aviation Administration shall issue interim final regulations to establish requirements for issuing aviation maintenance technician school certificates and associated ratings and the general operating rules for the holders of those certificates and ratings in accordance with the requirements of this section.

(2) Repeal of current regulations.—Upon the effective date of the interim final regulations required under paragraph (1), part 147 of title 14, Code of Federal Regulations (as in effect on the date of enactment of this title) and any regulations issued under section 624 of the FAA Reauthorization Act of 2018 (Public Law 115-254) [set out below] shall have no force or effect on or after the effective date of such interim final regulations.

(b) Aviation Maintenance Technician School Certification Required.—No person may operate an aviation maintenance technician school without, or in violation of, any existing maintenance technician certificate and the operations specifications issued under the interim final regulations required under subsection (a)(1), the requirements of this section, or in a manner that is inconsistent with information in the school’s operations specifications under subsection (c)(5).

(c) Certificate and Operations Specifications Requirements.—

(1) Application requirements.—

(A) In general.—An application for a certificate or rating to operate an aviation maintenance technician school shall include the following:

(i) A description of the facilities, including the physical address of the certificate holder’s primary location for operation of the school, any additional fixed locations where training will be provided, and the equipment and materials to be used at each location.

(ii) A description of the manner in which the school’s curriculum will ensure the student has the knowledge and skills necessary for attaining a mechanic certificate and associated ratings under subpart D of part 65 of title 14, Code of Federal Regulations (or any successor regulation).

(iii) A description of the manner in which the school will ensure the necessary qualified instructors to meet the requirements of sub-section (d)(4).

(B) Documented in the school’s operations specifications.—Upon issuance of the school’s certificate or rating, the information required under subparagraph (A) shall be documented in the school’s operations specifications.

(2) Change applications.—

(A) In general.—An application for an additional rating or amended certificate shall include only the information necessary to substantiate the reason for the requested additional rating or change.

(B) Approved changes.—Any approved changes shall be documented in the school’s operations specifications.

(3) Duration.—An aviation maintenance technician school certificate or rating issued under the interim final regulations required under subsection (a)(1) shall be effective from the date of issue until the certificate or rating is surrendered, suspended, or revoked.

(4) Certificate ratings.—An aviation maintenance technician school certificate issued under the interim final regulations required under subsection (a)(1) shall specify which of the following ratings are held by the aviation maintenance technician school:

(A) Airframe.

(B) Powerplant.

(C) Airframe and Powerplant.

(5) Operations specifications.—A certified aviation maintenance technician school shall operate in accordance with operations specifications that include the following:

(A) The certificate holder’s name.

(B) The certificate holder’s air agency certificate number.

(C) The name and contact information of the certificate holder’s primary point of contact.

(D) The physical address of the certificate holder’s primary location, as provided under paragraph (1)(A).

(E) The physical address of any additional locations of the certificate holder, as provided under subsection (d)(2).

(F) The ratings held, as provided under paragraph (4).

(G) Any regulatory exemption granted to the school by the Administrator.

(4) Operations requirements.—Each certified aviation maintenance technician school shall provide and maintain the facilities, equipment, and materials that are appropriate to the 1 or more ratings held by the school and the number of students taught.

(2) Training provided at another location.—A certified aviation maintenance technician school may provide training at any additional location that meets the requirements of the interim final regulations required under subsection (a)(1) and is listed in the certificate holder’s operations specifications.

(3) Training requirements.—Each certified aviation maintenance technician school shall—

(A) establish, maintain, and utilize a curriculum designed to continually align with mechanic airman certification standards as appropriate for the ratings held;

(B) provide training of a quality that meets the requirements of subsection (f)(1); and

(C) ensure students have the knowledge and skills necessary to be eligible to test for a mechanic certificate and associated ratings under subpart D of part 65 of title 14, Code of Federal Regulations (or any successor regulation).

(4) Instructor requirements.—Each certified aviation maintenance technician school shall—

(A) provide qualified instructors to teach in a manner that ensures positive educational outcomes are achieved;

(B) ensure instructors hold a mechanic certificate with 1 or more appropriate ratings (or, with respect to instructors who are not certified mechanics, ensure instructors are otherwise specifically qualified to teach their assigned content); and

(C) ensure the student-to-instructor ratio does not exceed 25:1 for any shop class.

(5) Certificate of completion.—Each certified aviation maintenance technician school shall provide authenticated documentation to each graduating student, indicating the student’s date of graduation and curriculum completed, as described in paragraph (3)(A).

(e) Quality control system.—

(1) Accreditation.—Each aviation maintenance technician school shall—

(A) be accredited as meeting the definition of an institution of higher education provided for in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001); or

(B) establish and maintain a quality control system that meets the requirements specified in paragraph (2) and is approved by the Administrator.

(2) FAA-approved system requirements.—In the case of an aviation maintenance technician school that is not accredited as set forth in paragraph (1), the Administrator shall approve a quality control system that provides procedures for recordkeeping, assessment, issuing credit, issuing of final course grades, attendance, ensuring sufficient number of instructors, granting of graduation documentation, and corrective action for addressing deficiencies.
AVIATION MAINTENANCE INDUSTRY TECHNICAL WORKFORCE

(a) REGULATIONS.—Not later than 180 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator of the Federal Aviation Administration shall issue a final rule to modernize training programs at aviation maintenance technician schools governed by part 147 of title 14, Code of Federal Regulations.

(b) GUIDANCE.—Not later than 180 days after the date of enactment of this Act, the Administrator shall coordinate with government, educational institutions, labor organizations representing aviation maintenance workers, and businesses to develop and publish guidance for aviation maintenance technician schools referred to in subsection (a) to ensure workforce readiness for industry needs, including curricula related to training in avionics, troubleshooting, maintenance and repairs, and other areas of industry need.

(c) REVIEW AND PERIODIC UPDATES.—The Administrator shall:

(1) ensure training programs referred to in subsection (a) are revised and updated in correlation with aviation maintenance technician airman certification standards as necessary to reflect current technology and maintenance practices; and

(2) publish updates to the guidance or model curricula required under subsection (b) at least once every 2 years, as necessary, from the date of initial publication.

(d) REPORT TO CONGRESS.—If the Administrator does not issue such final rule by the deadline specified in subsection (a), the Administrator shall, not later than 30 days after such deadline, submit to the appropriate committees of Congress (Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives) a report containing—

(1) an explanation as to why such final rule was not issued by such deadline; and

(2) a schedule for issuing such final rule.

(e) STUDY.—The Comptroller General of the United States shall conduct a study on technical workers in the aviation maintenance industry.

(f) CONTENTS.—In conducting the study under subsection (e), the Comptroller General shall—

(1) analyze the current Standard Occupational Classification system with regard to the aviation profession, particularly technical workers in the aviation maintenance industry;

(2) analyze how changes to the Federal employment classification of aviation maintenance industry workers might affect government data on unemployment rates and wages;

(3) analyze how changes to the Federal employment classification of aviation maintenance industry workers might affect projections for future aviation maintenance industry workforce needs and project technical worker shortages;

(4) analyze the impact of Federal regulation, including Federal Aviation Administration oversight of certification, testing, and education programs, on employment of technical workers in the aviation maintenance industry;

(5) develop recommendations on how Federal Aviation Administration regulations and policies could be improved to modernize training programs at aviation maintenance technical schools and address aviation maintenance industry needs for technical workers;

(6) develop recommendations for better coordinating actions by government, educational institutions, and businesses to support workforce growth in the aviation maintenance industry; and

(7) develop recommendations for addressing the needs for government funding, private investment, equipment for training purposes, and other resources necessary to strengthen existing training programs or develop new training programs to support workforce growth in the aviation industry.

(g) REPORT.—Not later than 1 year after the date of enactment of this Act, the Comptroller General shall submit to the appropriate committees of Congress a report on the results of the study.

(h) DEFINITIONS.—In this section, the following definitions apply:

(1) AVIATION MAINTENANCE INDUSTRY.—The term 'aviation maintenance industry' means repair stations certificated under part 145 of title 14, Code of Federal Regulations.

(2) TECHNICAL WORKER.—The term 'technical worker' means an individual authorized under part 91 of title 14, Code of Federal Regulations, to maintain, recondition, alter, or perform preventive maintenance on an aircraft, airframe, aircraft engine, propeller, appliance, or component part or employed by an entity so authorized to perform such a function.

IMPROVEMENT OF CURRICULUM STANDARDS FOR AVIATION MAINTENANCE TECHNICIANS

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall ensure that the training standards for airframe and powerplant mechanics under part 65 of title 14, Code of Federal Regulations, are updated and revised in accordance with this section. The Administrator may update and revise the training standards through the initiation of a formal rulemaking or by issuing an advisory circular or other agency guidance.

(b) ELEMENTS FOR CONSIDERATION.—The updated and revised standards required under subsection (a) shall include those curriculum adjustments that are necessary to more accurately reflect current technology and maintenance practices.

(c) CERTIFICATION.—Any adjustment or modification of current curriculum standards made pursuant to this section shall be reflected in the certification examinations of airframe and powerplant mechanics.

(d) COMPLETION.—The revised and updated training standards required by subsection (a) shall be completed not later than 12 months after the date of enactment of this Act (Dec. 12, 2003).
"(e) Periodic Reviews and Updates.—The Administrator shall review the content of the curriculum standards for training airframe and powerplant mechanics referred to in subsection (a) every 3 years after completion of the revised and updated training standards required under subsection (a) as necessary to reflect current technology and maintenance practices."

**Improved Training for Airframe and Powerplant Mechanics**

(A) address the problems and concerns raised by the National Research Council in its report "The Future of Air Traffic Control" on air traffic control automation; and

(B) respond to the recommendations made by the National Research Council.

(2) Pilots and Flight Crews.—The Administrator shall work with representatives of the aviation industry and appropriate aviation programs associated with universities to develop specific training curricula to address critical safety problems, including problems of pilots—

(A) in recovering from loss of control of an aircraft, including handling unusual attitudes and mechanical malfunctions;

(B) in deviating from standard operating procedures, including inappropriate responses to emergencies and hazardous weather;

(C) in awareness of altitude and location relative to terrain to prevent controlled flight into terrain; and

(D) in landing and approaches, including nonprecision approaches and go-around procedures.

(b) Test Program.—The Administrator shall establish a test program in cooperation with air carriers to use model Jeppesen approach plates or other similar tools to improve precision-like landing approaches for aircraft.

(c) Report.—Not later than 1 year after the date of the enactment of this section, the Administrator shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the status of the Administrator’s efforts to encourage the adoption and implementation of advanced qualification programs for air carriers under this section.

(d) Advanced Qualification Program Defined.—In this section, the term "advanced qualification program" means an alternative method for qualifying, training, certifying, and ensuring the competency of flight crews and other commercial aviation operations personnel subject to the training and evaluation requirements of parts 121 and 135 of title 14, Code of Federal Regulations.

**References in Text**

The date of the enactment of this section, referred to in subsec. (c), is the date of enactment of Pub. L. 106–181, which was approved Apr. 5, 2000.

**Effective Date**

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

**Human Factors Education Program**

"(a) Human Factors Education Program.—

(1) In General.—The Administrator shall develop a human factors education program that addresses the effects of modern flight deck systems, including automated systems, on human performance for transport airplanes and the approaches for better integration of human factors in aircraft design and certification.

(2) Target Audience.—The human factors education program shall be integrated into the training protocols (as in existence as of the date of enactment of this title [Dec. 27, 2020]) for, and be routinely administered to, the following:

(A) Appropriate employees within the Flight Standards Service.

(B) Appropriate employees within the Aircraft Certification Service.

(C) Other employees or authorized representatives determined to be necessary by the Administrator.

(2) Transport Airplane Manufacturer Information Sharing.—The Administrator shall—

(1) require each transport airplane manufacturer to provide the Administrator with the information or findings necessary for flight crew to be trained on flight deck systems;

(2) ensure the information or findings under paragraph (1) adequately includes consideration of human factors; and

(3) ensure that each transport airplane manufacturer identifies any technical basis, justification or rationale for the information and findings under paragraph (1).

[For definitions of "Administrator" and "transport airplanes" as used in section 124 of div. V of Pub. L. 116–260, see section 137 of div. V of Pub. L. 116–260, set out above, see section 401 of this title.]

§ 44517. Program to permit cost sharing of air traffic modernization projects

(a) In General.—Subject to the requirements of this section, the Secretary may carry out a program under which the Secretary may make grants to project sponsors for not more than 10 eligible projects per fiscal year for the purpose of improving aviation safety and enhancing mobility of the Nation’s air transportation system by encouraging non-Federal investment in critical air traffic control equipment and software.

(b) Federal Share.—The Federal share of the cost of an eligible project carried out under the program shall not exceed 33 percent. The non-Federal share of the cost of an eligible project shall be provided from non-Federal sources, including revenues collected pursuant to section 40117.
§ 44518. Advanced Materials Center of Excellence

(a) In General.—The Administrator of the Federal Aviation Administration shall continue operation of the Advanced Materials Center of Excellence (referred to in this section as the “Center”) under its structure as in effect on March 1, 2016, which shall focus on applied research and training on the durability and maintainability of advanced materials in transport airframe structures.

(b) Responsibilities.—The Center shall—

(1) promote and facilitate collaboration among academia, the Transportation Division of the Federal Aviation Administration, and the commercial aircraft industry, including manufacturers, commercial air carriers, and suppliers; and

(2) establish goals set to advance technology, improve engineering practices, and facilitate continuing education in relevant areas of study.

(c) Authorization of Appropriations.—Out of amounts appropriated under section 48102(a), the Administrator may expend not more than $10,000,000 for each of fiscal years 2021 through 2023 to carry out this section. Amounts appropriated under the preceding sentence for each fiscal year shall remain available until expended.

Amendments

§ 44519. Certification personnel continuing education and training

(a) In General.—The Administrator of the Federal Aviation Administration shall—

(1) develop a program for regular recurrent training of engineers, inspectors, and other subject-matter experts employed in the Aircraft Certification Service of the Administration in accordance with the training strategy developed pursuant to section 231 of the FAA Reauthorization Act of 2018 (Public Law 115–254; 132 Stat. 3256);

(2) to the maximum extent practicable, implement measures, including assignments in multiple divisions of the Aircraft Certification Service, to ensure that such engineers and other subject-matter experts in the Aircraft Certification Service have access to diverse professional opportunities that expand their knowledge and skills;

(3) develop a program to provide continuing education and training to Administration personnel who hold positions involving aircraft certification and flight standards, including human factors specialists, engineers, flight test pilots, inspectors, and, as determined appropriate by the Administrator, industry personnel who may be responsible for compliance activities including designees; and

(4) in consultation with outside experts, develop—

(A) an education and training curriculum on current and new aircraft technologies, human factors, project management, and the roles and responsibilities associated with oversight of designees; and

(B) recommended practices for compliance with Administration regulations.

(b) Implementation.—The Administrator shall, to the maximum extent practicable, ensure that actions taken pursuant to subsection (a)—
(1) permit engineers, inspectors, and other subject matter experts to continue developing knowledge of, and expertise in, new and emerging technologies in systems design, flight controls, principles of aviation safety, system oversight, and certification project management;

(2) minimize the likelihood of an individual developing an inappropriate bias toward a designer or manufacturer of aircraft, aircraft engines, propellers, or appliances;

(3) are consistent with any applicable collective bargaining agreements; and

(4) account for gaps in knowledge and skills (as identified by the Administrator in consultation with the exclusive bargaining representatives certified under section 7111 of title 5, United States Code) between Administration employees and private-sector employees for each group of Administration employees covered under this section.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator, $10,000,000 for each of fiscal years 2021 through 2023 to carry out this section. Amounts appropriated under the preceding sentence for any fiscal year shall remain available until expended.

Special rule for certain aircraft operations.

Approval of organization designation authorization unit members.

Interference with the duties of organization designation authorization unit members.

Pilot training requirements.

AMENDMENTS

2012—Pub. L. 112–95, tit. III, §§403(c)(2), 306(c), 307(c), 308(b), 309(b), 310(b), Feb. 14, 2012, 126 Stat. 58, 61, 62, 64, 65, substituted “Type certificates, production certificates, airworthiness certificates, and design and production organization certificates” for “Type certificates, production certificates, airworthiness certificates, and design organization certificates” in item 44704 and added items 44730 to 44735.

§ 44701. General requirements

(a) PROMOTING SAFETY.—The Administrator of the Federal Aviation Administration shall promote safe flight of civil aircraft in air commerce by prescribing—

(1) minimum standards required in the interest of safety for appliances and for the design, material, construction, quality of work, and performance of aircraft, aircraft engines, and propellers; and

(2) regulations and minimum standards in the interest of safety for—

(A) inspecting, servicing, and overhauling aircraft, aircraft engines, propellers, and appliances;
(B) equipment and facilities for, and the timing and manner of, the inspecting, servicing, and overhauling; and

(C) a qualified private person, instead of an officer or employee of the Administration, to examine and report on the inspecting, servicing, and overhauling;

(3) regulations required in the interest of safety for the reserve supply of aircraft, aircraft engines, propellers, appliances, and aircraft fuel and oil, including the reserve supply of fuel and oil carried in flight;

(4) regulations in the interest of safety for the maximum hours or periods of service of airmen and other employees of air carriers; and

(5) regulations and minimum standards for other practices, methods, and procedure the Administrator finds necessary for safety in air commerce and national security.

(b) Prescribing Minimum Safety Standards.—The Administrator may prescribe minimum safety standards for—

(1) an air carrier to whom a certificate is issued under section 44705 of this title; and

(2) operating an airport serving any passenger operation of air carrier aircraft designed for at least 31 passenger seats.

(c) Reducing and Eliminating Accidents.—The Administrator shall carry out this chapter in a way that best tends to reduce or eliminate the possibility or recurrence of accidents in air transportation. However, the Administrator is not required to give preference either to air transportation or to other air commerce in carrying out this chapter.

(d) Considerations and Classification of Regulations and Standards.—When prescribing a regulation or standard under subsection (a) or (b) of this section or any of sections 44702–44716 of this title, the Administrator shall—

(1) consider—

(A) the duty of an air carrier to provide service with the highest possible degree of safety in the public interest; and

(B) differences between air transportation and other air commerce; and

(2) classify a regulation or standard appropriate to the differences between air transportation and other air commerce.

(e) Bilateral Exchanges of Safety Oversight Responsibilities.—

(1) In General.—Notwithstanding the provisions of this chapter, the Administrator, pursuant to Article 83 bis of the Convention on International Civil Aviation and by a bilateral agreement with the aeronautical authorities of another country, may exchange with that country all or part of their respective functions and duties with respect to registered aircraft under the following articles of the Convention: Article 12 (Rules of the Air); Article 31 (Certificates of Airworthiness); or Article 32a (Licenses of Personnel).

(2) Relinquishment and Acceptance of Responsibility.—The Administrator relinquishes responsibility with respect to the functions and duties transferred by the Administrator as specified in the bilateral agreement, under the Articles listed in paragraph (1) for United States-registered aircraft described in paragraph (4)(A) transferred abroad and accepts responsibility with respect to the functions and duties under those Articles for aircraft registered abroad and described in paragraph (4)(B) that are transferred to the United States.

(3) Conditions.—The Administrator may predicate, in the agreement, the transfer of functions and duties under this subsection on any conditions the Administrator deems necessary and prudent, except that the Administrator may not transfer responsibilities for United States registered aircraft described in paragraph (4)(A) to a country that the Administrator determines is not in compliance with its obligations under international law for the safety oversight of civil aviation.

(4) Registered Aircraft Defined.—In this subsection, the term “registered aircraft” means—

(A) aircraft registered in the United States and operated pursuant to an agreement for the lease, charter, or interchange of the aircraft or any similar arrangement by an operator that has its principal place of business in the United States or, if it has no such place of business, its permanent residence in another country; and

(B) aircraft registered in a foreign country and operated under an agreement for the lease, charter, or interchange of the aircraft or any similar arrangement by an operator that has its principal place of business or, if it has no such place of business, its permanent residence in the United States.

(5) Foreign Airworthiness Directives.—

(A) Acceptance.—Subject to subparagraph (D), the Administrator may accept an airworthiness directive, as defined in section 39.3 of title 14, Code of Federal Regulations, issued by an aeronautical safety authority of a foreign country, and leverage that authority’s regulatory process, if—

(i) the country is the state of design for the product that is the subject of the airworthiness directive;

(ii) the United States has a bilateral safety agreement relating to aircraft certification with the country;

(iii) as part of the bilateral safety agreement with the country, the Administrator has determined that such aeronautical safety authority has an aircraft certification system relating to safety that produces a level of safety equivalent to the level produced by the system of the Federal Aviation Administration;

(iv) the aeronautical safety authority of the country utilizes an open and transparent notice and comment process in the issuance of airworthiness directives; and

(v) the airworthiness directive is necessary to provide for the safe operation of the aircraft subject to the directive.

(B) Alternative Approval Process.—Notwithstanding subparagraph (A), the Administrator may issue a Federal Aviation Administration airworthiness directive instead
of accepting an airworthiness directive otherwise eligible for acceptance under such subparagraph, if the Administrator determines that such issuance is necessary for safety or operational reasons due to the complexity or unique features of the Federal Aviation Administration airworthiness directive or the United States aviation system.

(C) ALTERNATIVE MEANS OF COMPLIANCE.—

The Administrator may—

(i) accept an alternative means of compliance, with respect to an airworthiness directive accepted under subparagraph (A), that was approved by the aeronautical authority of the foreign country that issued the airworthiness directive; or

(ii) notwithstanding subparagraph (A), and at the request of any person affected by an airworthiness directive accepted under such subparagraph, approve an alternative means of compliance with respect to the airworthiness directive.

(D) LIMITATION.—The Administrator may not accept an airworthiness directive issued by an aeronautical safety authority of a foreign country if the airworthiness directive addresses matters other than those involving the safe operation of an aircraft.

(f) EXEMPTIONS.—The Administrator may grant an exemption from a requirement of a regulation prescribed under subsection (a) or (b) of this section or any of sections 44702–44716 of this title if the Administrator finds the exemption is in the public interest.

49 App.:1655(c)(1).

In this section, the word “Administrator” in sections 601(a)–(c) and 604 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 775, 778) is retained on authority of 49:106(g).

In subsection (a), before clause (1), the words “as empowered and it . . . be his duty to” and “and revising from time to time” are omitted as surplus. In clause (1), the words “as may be” are omitted as surplus. In clauses (2)–(5), the words “Reasonable” and “reasonable” are omitted as surplus and the word “rules” is omitted as being synonymous with “regulations”. In clause (5), the words “to provide adequately” are omitted as surplus.

In subsection (b)(1), the words “the operation of” are omitted as surplus. The words “under section 44705 of this title” are added for clarity.

In subsection (b)(2), the words “scheduled or unscheduled” are omitted as surplus. In subsection (c), the words “carry out” are substituted for “exercise and perform his powers and duties under”, and the words “in carrying out” are substituted for “in the administration and enforcement of”, for consistency and to eliminate unnecessary words.

In subsection (d), before clause (1), the word “rules” is omitted as being synonymous with “regulations”. In clause (1), before subclause (A), the word “full” is omitted as surplus. In clause (1)(A), the word “provide” is substituted for “perform” for consistency in the revised title.

In subsection (e), the words “from time to time” are omitted as surplus. The word “rule” is omitted as being synonymous with “regulation”.

EFFECTIVE DATE OF 1994 AMENDMENT

SAFETY MANAGEMENT SYSTEMS

Pub. L. 116–260, div. V, title I, §102(a)–(f), Dec. 27, 2020, 134 Stat. 2309, 2310, provided that:

“(a) RULEMAKING PROCEEDING.—

“(1) IN GENERAL.—Not later than 30 days after the date of enactment of this title [Dec. 27, 2020], the Administrator shall initiate a rulemaking proceeding to require that manufacturers that hold both a type certificate and a production certificate issued pursuant to section 4704 of title 49, United States Code, where the United States is the State of Design and State of Manufacture, have in place a safety management system that is consistent with the standards and recommended practices established by ICAO and contained in annex 19 to the Convention on International Civil Aviation (61 Stat. 1180), for such systems.

“(2) CONTENTS OF REGULATIONS.—The regulations issued under paragraph (1) shall, at a minimum—

“(A) ensure safety management systems are consistent with, and complementary to, existing safety management systems;

“(B) include provisions that would permit operational feedback from operators and pilots qualified on the manufacturers’ equipment to ensure that the operational assumptions made during design and certification remain valid;
“(C) include provisions for the Administrator’s approval of, and regular oversight of adherence to, a certificate holder’s safety management system adopted pursuant to such regulations; and

“(D) require such certificate holder to adopt, not later than 4 years after the date of enactment of this title, a safety management system.

“(b) FINAL RULE DEADLINE.—Not later than 24 months after initiating the rulemaking under subsection (a), the Administrator shall issue a final rule.

“GOVERNMENT AUDIT AND AUDIT REQUIREMENT.—The final rule issued pursuant to subsection (b) shall include a requirement for the Administrator to implement a systems approach to risk-based surveillance by defining and planning inspections, audits, and monitoring activities on a continuous basis, to ensure that design and production approval holders of aviation products meet and continue to meet safety management system requirements under the rule.

“(d) ENGAGEMENT WITH ICAO.—The Administrator shall engage with ICAO and foreign civil aviation authorities to help encourage the adoption of safety management systems for manufacturers on a global basis, consistent with ICAO standards.

“(e) SAFETY REPORTING PROGRAM.—The regulations issued under subsection (a) shall require a safety management system to include a confidential employee reporting system through which employees can report hazards, issues, concerns, occurrences, and incidents. A reporting system under this subsection shall include provisions for reporting, without concern for reprisal for reporting, of such items by employees in a manner consistent with confidential employee reporting systems administered by the Administrator. Such regulations shall also require a certificate holder described in subsection (a) to submit a summary of reports received under this subsection to the Administrator at least twice per year.

“(f) CODE OF ETHICS.—The regulations issued under subsection (a) shall require a safety management system to include establishment of a code of ethics applicable to all appropriate employees of a certificate holder, including officers (as determined by the FAA), which clarifies that safety is the organization’s highest priority.

“(g) FUNDING AND APPROPRIATIONS.—There is authorized to be appropriated to the Administrator $27,000,000 for each of fiscal years 2021 through 2023 to recruit and retain engineers, safety inspectors, human factors specialists, chief scientists, software and cybersecurity experts, and other qualified technical experts who perform duties related to the certification of aircraft, aircraft engines, propellers, appliances, and new and emerging technologies, and perform other regulatory activities.

“(b) IN GENERAL.—Not later than 60 days after the date of enactment of this title [Dec. 27, 2020], and without duplicating any recently completed or ongoing reviews, the Administrator shall initiate a review of—

“(1) the inspectors, human factors specialists, flight test pilots, engineers, managers, and executives in the FAA who are responsible for the certification of the design, manufacture, and operation of aircraft intended for air transportation for purposes of determining whether the FAA has the expertise and capability to adequately understand the safety implications of, and oversee the adoption of, new or innovative technologies, materials, aircraft operations, and procedures used by designers and manufacturers of such aircraft; and

“(2) the Senior Technical Experts Program to determine whether the program should be enhanced or expanded to bolster and support the programs of the FAA’s Office of Aviation Safety, with particular focus placed on the Aircraft Certification Service and the Flight Standards Service (or any successor organization), particularly with respect to understanding the safety implications of new or innovative technologies, materials, aircraft operations, and procedures used by designers and manufacturers of such aircraft.

“(c) DEADLINE FOR COMPLETION.—Not later than 270 days after the date of enactment of this title, the Administrator shall complete the review required by subsection (b).

“(d) BRIEFING.—Not later than 30 days after the completion of the review required by subsection (b), the Administrator shall brief the congressional committees of jurisdiction on the results of the review. The briefing shall include the following:

“(1) An analysis of the Administration’s ability to hire safety inspectors, human factors specialists, flight test pilots, engineers, managers, executives, scientists, and technical advisors, who have the requisite expertise to oversee new developments in aerospace design and manufacturing.

“(2) A plan for the Administration to improve the overall expertise of the FAA’s personnel who are responsible for the oversight of the design and manufacture of aircraft.

“(e) CONSULTATION REQUIREMENT.—In completing the review under subsection (b), the Administrator shall consult and collaborate with appropriate stakeholders, including labor organizations (including those representing aviation workers, FAA aviation safety engineers, human factors specialists, flight test pilots, and FAA aviation safety inspectors), and aerospace manufacturers.

“(f) RECRUITMENT AND RETENTION.—

“(1) BARGAINING UNITS.—Not later than 30 days after the date of enactment of this title, the Administrator shall begin collaboration with the exclusive bargaining representatives of engineers, safety inspectors, systems safety specialists, and other qualified technical experts certified under section 7111 of title 5, United States Code, to improve recruitment of employees for, and to implement retention incentives for employees holding, positions with respect to the certification of aircraft, aircraft engines, propellers, and appliances. If the Administrator and such representatives are unable to reach an agreement collaboratively, the Administrator and such representatives shall negotiate in accordance with section 40122(a) of title 49, United States Code, to improve recruitment and implement retention incentives for employees described in subsection (a) who are covered under a collective bargaining agreement.

“(2) OTHER EMPLOYEES.—Notwithstanding any other provision of law, not later than 30 days after the date of enactment of this title, the Administrator shall initiate actions to improve recruitment of, and implement retention incentives for, any individual described in subsection (a) who is not covered under a collective bargaining agreement.

“(3) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to vest in any exclusive bargaining representative any management right of the Administrator, as such right existed on the day before the date of enactment of this title.

“(4) AVAILABILITY OF APPROPRIATIONS.—Any action taken by the Administrator under this section shall be subject to the availability of appropriations authorized under subsection (a) for the certification of aircraft.

"CERTIFICATION OVERSIGHT STAFF"

“(a) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator $27,000,000 for each of fiscal years 2021 through 2023 to recruit and retain engineers, safety inspectors, human factors specialists, chief scientists, software and cybersecurity experts, and other qualified technical experts who perform duties related to the certification of aircraft, aircraft engines, propellers, appliances, and new and emerging technologies, and perform other regulatory activities.

“(b) IN GENERAL.—Not later than 60 days after the date of enactment of this title [Dec. 27, 2020], and without duplicating any recently completed or ongoing reviews, the Administrator shall initiate a review of—

“(1) the inspectors, human factors specialists, flight test pilots, engineers, managers, and executives in the FAA who are responsible for the certification of the design, manufacture, and operation of aircraft intended for air transportation for purposes of determining whether the FAA has the expertise and capability to adequately understand the safety implications of, and oversee the adoption of, new or innovative technologies, materials, aircraft operations, and procedures used by designers and manufacturers of such aircraft; and

“(2) the Senior Technical Experts Program to determine whether the program should be enhanced or expanded to bolster and support the programs of the FAA’s Office of Aviation Safety, with particular focus placed on the Aircraft Certification Service and the Flight Standards Service (or any successor organization), particularly with respect to understanding the safety implications of new or innovative technologies, materials, aircraft operations, and procedures used by designers and manufacturers of such aircraft.

“(c) DEADLINE FOR COMPLETION.—Not later than 270 days after the date of enactment of this title, the Administrator shall complete the review required by subsection (b).

“(d) BRIEFING.—Not later than 30 days after the completion of the review required by subsection (b), the Administrator shall brief the congressional committees of jurisdiction on the results of the review. The briefing shall include the following:

“(1) An analysis of the Administration’s ability to hire safety inspectors, human factors specialists, flight test pilots, engineers, managers, executives, scientists, and technical advisors, who have the requisite expertise to oversee new developments in aerospace design and manufacturing.

“(2) A plan for the Administration to improve the overall expertise of the FAA’s personnel who are responsible for the oversight of the design and manufacture of aircraft.

“(e) CONSULTATION REQUIREMENT.—In completing the review under subsection (b), the Administrator shall consult and collaborate with appropriate stakeholders, including labor organizations (including those representing aviation workers, FAA aviation safety engineers, human factors specialists, flight test pilots, and FAA aviation safety inspectors), and aerospace manufacturers.

“(f) RECRUITMENT AND RETENTION.—

“(1) BARGAINING UNITS.—Not later than 30 days after the date of enactment of this title, the Administrator shall begin collaboration with the exclusive bargaining representatives of engineers, safety inspectors, systems safety specialists, and other qualified technical experts certified under section 7111 of title 5, United States Code, to improve recruitment of employees for, and to implement retention incentives for employees holding, positions with respect to the certification of aircraft, aircraft engines, propellers, and appliances. If the Administrator and such representatives are unable to reach an agreement collaboratively, the Administrator and such representatives shall negotiate in accordance with section 40122(a) of title 49, United States Code, to improve recruitment and implement retention incentives for employees described in subsection (a) who are covered under a collective bargaining agreement.

“(2) OTHER EMPLOYEES.—Notwithstanding any other provision of law, not later than 30 days after the date of enactment of this title, the Administrator shall initiate actions to improve recruitment of, and implement retention incentives for, any individual described in subsection (a) who is not covered under a collective bargaining agreement.

“(3) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to vest in any exclusive bargaining representative any management right of the Administrator, as such right existed on the day before the date of enactment of this title.

“(4) AVAILABILITY OF APPROPRIATIONS.—Any action taken by the Administrator under this section shall be subject to the availability of appropriations authorized under subsection (a) for the certification of aircraft.

[For definitions of terms used in section 104 of div. V of Pub. L. 116–260, set out above, see section 137 of div. V of Pub. L. 116–260, set out as a note under section 40101 of this title.]"
ministrator shall establish a voluntary safety reporting program for engineers, safety inspectors, systems safety specialists, and other subject matter experts certified under section 7111 of title 5, United States Code, to confidentially report instances where they have identified safety concerns during certification or oversight processes.

(b) SAFETY REPORTING PROGRAM REQUIREMENTS.—In establishing the safety reporting program under subsection (a), the Administrator shall ensure the following:

(1) The FAA maintains a reporting culture that encourages human factors specialists, engineers, flight test pilots, inspectors, and other appropriate FAA employees to voluntarily report safety concerns.

(2) The safety reporting program is non-punitive, confidential, and protects employees from adverse employment actions related to their participation in the program.

(3) The safety reporting program identifies exclusive criteria for the program.

(4) Collaborative development of the program with bargaining representatives of employees under section 7111 of title 5, United States Code, who are employed in the Aircraft Certification Service or Flight Standards Service of the Administration (or, if unable to reach an agreement collaboratively, the Administrator shall negotiate with the representatives in accordance with section 40122(a) of title 49, United States Code, regarding the development of the program).

(5) Full and collaborative participation in the program by the bargaining representatives of employees described in paragraph (4).

(6) The Administrator thoroughly reviews safety reports to determine whether there is a safety issue, including a hazard, defect, noncompliance, non-conformance, or process error.

(7) The Administrator thoroughly reviews safety reports to determine whether any aircraft certification process contributed to the safety concern being raised.

(8) The creation of a corrective action process in order to address safety issues that are identified through the program.

(c) OUTCOMES.—Results of safety report reviews under this section may be used to—

(1) improve—

(A) safety systems, hazard control, and risk reduction;

(B) certification systems;

(C) FAA oversight;

(D) compliance and conformance; and

(E) any other matter determined necessary by the Administrator; and

(2) implement lessons learned.

(d) REPORT FILING.—The Administrator shall establish requirements for when in the certification process reports may be filed to—

(1) ensure that identified issues can be addressed in a timely manner; and

(2) foster open dialogue between applicants and FAA employees throughout the certification process.

(e) INTEGRATION WITH OTHER SAFETY REPORTING PROGRAMS.—The Administrator shall implement the safety reporting program established under subsection (a) and the reporting requirements established pursuant to subsection (d) in a manner that is consistent with other voluntary safety reporting programs administered by the Administrator.

(f) REPORT TO CONGRESS.—Not later than 2 years after the date of enactment of this title, and annually thereafter through fiscal year 2023, the Administrator shall submit to the congressional committees of jurisdiction a report on the effectiveness of the safety reporting program established under subsection (a).

FAA SAFETY OVERSIGHT AND CERTIFICATION AND PERFORMANCE METRICS

"SEC. 201. DEFINITIONS.

"In this title [enacting this note and section 44736 of this title and amending this section and sections 4014, 44704, and 45905 of this title], the following definitions apply:

(1) ADMINISTRATOR.—The term 'Administrator' means the Administrator of the FAA.

(2) ADVISORY COMMITTEE.—The term 'Advisory Committee' means the Safety Oversight and Certification Advisory Committee established under section 202.

(3) FAA.—The term 'FAA' means the Federal Aviation Administration.

(4) SECRETARY.—The term 'Secretary' means the Secretary of Transportation.

(5) SYSTEMS SAFETY APPROACH.—The term 'systems safety approach' means the application of specialized technical and managerial skills to the systematic, forward-looking identification and control of hazards throughout the lifecycle of a project, program, or activity.

SEC. 202. SAFETY OVERSIGHT AND CERTIFICATION ADVISORY COMMITTEE.

(a) ESTABLISHMENT.—Not later than 60 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary shall establish a Safety Oversight and Certification Advisory Committee.

(b) DUTIES.—The Advisory Committee shall provide advice to the Secretary on policy-level issues facing the aviation community that are related to FAA safety oversight and certification programs and activities, including, at a minimum, the following:

(1) Aircraft and flight standards certification processes, including efforts to streamline those processes.

(2) Implementation and oversight of safety management systems.

(3) Risk-based oversight efforts.

(4) Utilization of delegation and designation authorities, including organization designation authorization.

(5) Regulatory interpretation standardization efforts.

(6) Training programs.

(7) Expediting the rulemaking process and giving priority to rules related to safety.

(8) Enhancing global competitiveness of United States manufactured and United States certificated aerospace and aviation products and services throughout the world.

(c) FUNCTIONS.—In carrying out its duties under subsection (b), the Advisory Committee shall:

(1) Foster industry collaboration in an open and transparent manner.

(2) Consult with, and ensure participation by—

(A) the private sector, including representatives of—

(i) general aviation;

(ii) commercial aviation;

(iii) aviation labor;

(iv) aviation maintenance, repair, and overhaul;

(v) aerospace, and avionics manufacturing;

(vi) unmanned aircraft systems operators and manufacturers; and

(vii) the commercial space transportation industry;

(B) members of the public; and

(C) other interested parties.

(3) Recommend consensus national goals, strategic objectives, and priorities for the most efficient,
streamlined, and cost-effective certification and safety oversight processes in order to maintain the safety of the aviation system and, at the same time, allow the FAA to meet future needs and ensure that aviation stakeholders remain competitive in the global marketplace.

"(4) Provide policy guidance recommendations for the FAA's certification and safety oversight efforts.

"(5) On a regular basis, review and provide recommendations on the FAA's certification and safety oversight efforts.

"(6) Periodically review and evaluate registration, certification, and related fees.

"(7) Provide appropriate legislative, regulatory, and guidance recommendations for the air transportation system and the aviation safety regulatory environment.

"(10) Establish the venue for coordinating progress toward national goals and sustaining joint commitments.

"(11) Recommend recruiting, hiring, training, and continuing education objectives for FAA aviation safety engineers and aviation safety inspectors.

"(12) Provide advice and recommendations to the FAA on how to prioritize safety rulemaking projects.

"(13) Improve the development of FAA regulations by providing information, advice, and recommendations related to aviation issues.

"(14) Facilitate the validation and acceptance of United States manufactured and United States certified products and services throughout the world.

"(d) Membership.

"(1) In general.—The Advisory Committee shall be composed of the following members:

"(A) The Administrator (or the Administrator's designee).

"(B) At least 11 individuals, appointed by the Secretary, each of whom represents at least 1 of the following interests:

"(i) Transport aircraft and engine manufacturers.

"(ii) General aviation aircraft and engine manufacturers.

"(iii) Avionics and equipment manufacturers.

"(iv) Aviation labor organizations, including collective bargaining representatives of FAA aviation safety inspectors and aviation safety engineers.

"(v) General aviation operators.

"(vi) Air carriers.

"(vii) Business aviation operators.

"(viii) Unmanned aircraft systems manufacturers and operators.

"(ix) Aviation safety management experts.

"(x) Aviation maintenance, repair, and overhaul.

"(xi) Airport owners and operators.

"(2) Nonvoting members.

"(A) In general.—In addition to the members appointed under paragraph (1), the Advisory Committee shall be composed of nonvoting members appointed by the Secretary from among individuals representing FAA safety oversight program offices.

"(B) Duties.—The nonvoting members may—

"(i) take part in deliberations of the Advisory Committee; and

"(ii) provide input with respect to any final reports or recommendations of the Advisory Committee.

"(C) Limitation.—The nonvoting members may not represent any stakeholder interest other than that of an FAA safety oversight program office.

"(D) Terms.—Each voting member and nonvoting member of the Advisory Committee appointed by the Secretary shall be appointed for a term of 2 years.

"(4) Committee characteristics.

"(A) Each voting member under paragraph (1)(B) shall be an executive officer of the organization who has decisionmaking authority within the member's organization and can represent and enter into commitments on behalf of such organization.

"(B) The ability to obtain necessary information from experts in the aviation and aerospace communities.

"(C) A membership size that enables the Advisory Committee to have substantive discussions and reach consensus on issues in a timely manner.

"(D) Appropriate expertise, including expertise in certification and risk-based safety oversight processes, operations, policy, technology, labor relations, training, and finance.

"(5) Limitation on statutory construction.—Public Law 104–65 (the Lobbying Disclosure Act of 1995) (2 U.S.C. 1601 et seq.) may not be construed to prohibit or otherwise limit the appointment of any individual as a member of the Advisory Committee.

"(e) Chairperson.

"(1) In general.—The Chairperson of the Advisory Committee shall be appointed by the Secretary from among those members of the Advisory Committee that are voting members under subsection (d)(1)(B).

"(2) Term.—Each member appointed under paragraph (1) shall serve a term of 2 years as Chairperson.

"(f) Meetings.

"(1) Frequency.—The Advisory Committee shall meet at least twice each year at the call of the Chairperson.

"(2) Public attendance.—The meetings of the Advisory Committee shall be open and accessible to the public.

"(g) Special Committees.

"(1) Establishment.—The Advisory Committee may establish special committees composed of private sector representatives, members of the public, labor representatives, and other relevant parties in complying with consultation and participation requirements under this section.

"(2) Rulemaking advice.—A special committee established by the Advisory Committee shall—

"(A) provide rulemaking advice and recommendations to the Advisory Committee with respect to aviation-related issues;

"(B) provide the FAA additional opportunities to obtain firsthand information and insight from those parties that are most affected by existing and proposed regulations; and

"(C) assist in expediting the development, revision, or elimination of rules without circumventing public rulemaking processes and procedures.

"(3) Applicable law.—Public Law 102–463 (the Federal Advisory Committee Act, 5 U.S.C. App.) shall not apply to a special committee established by the Advisory Committee.

"(h) Sunset.—The Advisory Committee shall terminate on the last day of the 6-year period beginning on the date of the initial appointment of the members of the Advisory Committee.

"(i) Termination of Air Traffic Procedures Advisory Committee.—The Air Traffic Procedures Advisory Committee established by the FAA shall terminate on the date of the initial appointment of the members of the Advisory Committee.

"(j) Transitional provisions.

"(1) Establishment.—Not later than 1 year after the date of enactment of this Act (Oct. 5, 2018), the Administrator shall establish a centralized safety guidance database that will—

"(A) encompass all of the regulatory guidance documents of the FAA Office of Aviation Safety;

"(B) contain, for each such guidance document, a link to the Code of Federal Regulations provision to which the document relates; and

"(C) be publicly available in a manner that—

"(A) protects from disclosure identifying information regarding an individual or entity; and
"(B) prevents inappropriate disclosure proprietary information.

"(b) DATA ENTRY TIMING.—

"(1) EXISTING DOCUMENTS.—Not later than 14 months after the date of enactment of this Act, the Administrator shall begin entering into the database established under subsection (a) all of the regulatory guidance documents of the Office of Aviation Safety that are in effect and were issued before the date on which the Administrator begins such entry process.

"(2) NEW DOCUMENTS AND CHANGES.—On and after the date on which the Administrator begins the document entry process under paragraph (1), the Administrator shall ensure that all new regulatory guidance documents of the Office of Aviation Safety and any changes to existing documents are included in the database established under subsection (a) as such documents or changes to existing documents are issued.

"(c) CONSULTATION REQUIREMENT.—In establishing the database or making changes to existing documents, the Administrator shall consult and collaborate with appropriate stakeholders, including labor organizations (including those representing aviation workers, FAA aviation safety engineers and FAA aviation safety inspectors) and aviation industry stakeholders.

"(d) REGULATORY GUIDANCE DOCUMENTS DEFINED.—In this section, the term ‘regulatory guidance documents’ means all forms of written information issued by the FAA that an individual or entity may use to interpret or apply FAA regulations and requirements, including information an individual or entity may use to determine acceptable means of compliance with such regulations and requirements, such as an order, manual, circular, policy statement, legal interpretation memorandum, or rulemaking document.

"SEC. 224. REGULATORY CONSISTENCY COMMUNICATION BOARD.

"(a) ESTABLISHMENT.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall establish a Regulatory Consistency Communications Board (in this section referred to as the ‘Board’).

"(b) CONSULTATION REQUIREMENT.—In establishing the Board, the Administrator shall consult and collaborate with appropriate stakeholders, including FAA labor organizations (including labor organizations representing FAA aviation safety inspectors) and industry stakeholders.

"(c) MEMBERSHIP.—The Board shall be composed of FAA representatives, appointed by the Administrator, from—

"(1) the Flight Standards Service;

"(2) the Aircraft Certification Service; and

"(3) the Office of the Chief Counsel.

"(d) FUNCTIONS.—The Board shall carry out the following functions:

"(1) Establish, at a minimum, processes by which—

"(A) FAA personnel and persons regulated by the FAA may submit anonymous regulatory interpretation questions without fear of retaliation;

"(B) FAA personnel may submit written questions, and receive written responses, as to whether a previous approval or regulatory interpretation issued by FAA personnel in another office or region is correct or incorrect; and

"(C) any other person may submit written anonymous regulatory interpretation questions.

"(2) Meet on a regular basis to discuss and resolve questions submitted pursuant to paragraph (1) and the appropriate application of regulations and policy with respect to each question.

"(3) Provide to a person that submitted a question a timely written response to the question.

"(4) Establish a process to make resolutions of common regulatory interpretation questions publicly available to FAA personnel and persons regulated by the FAA, and the public without revealing any identifying data of the person that submitted the question and in a manner that protects any proprietary information.

"(5) Ensure the incorporation of resolutions of questions submitted pursuant to paragraph (1) into regulatory guidance documents, as such term is defined in section 223(4).

"(e) PERFORMANCE METRICS, TIMELINES, AND GOALS.—Not later than 180 days after the date on which the Advisory Committee recommends performance objectives and performance metrics for the FAA and the regulated aviation industry under section 202, the Administrator, in collaboration with the Advisory Committee, shall—

"(1) establish performance metrics, timelines, and goals to measure the progress of the Board in resolving regulatory interpretation questions submitted pursuant to subsection (d)(1); and

"(2) implement a process for tracking the progress of the Board in meeting the performance metrics, timelines, and goals established under paragraph (1).

"SEC. 225. FAA LEADERSHIP ABROAD.

"(a) IN GENERAL.—To promote United States aerospace safety standards, reduce redundant regulatory activity, and facilitate acceptance of FAA design and production approvals abroad, the Administrator shall—

"(1) attain greater expertise in issues related to dispute resolution, intellectual property, and export control laws to better support FAA certification and other aerospace regulatory activities abroad;

"(2) work with United States companies to more accurately track the amount of time it takes foreign authorities, including bilateral partners, to validate United States aeronautical products;

"(3) provide assistance to United States companies that have experienced significantly long validation wait times;

"(4) work with foreign authorities, including bilateral partners, to collect and analyze data to determine the timeliness of the acceptance and validation of FAA design and production approvals by foreign authorities and the acceptance and validation of foreign-certified products by the FAA;

"(5) establish appropriate benchmarks and metrics to measure the success of bilateral aviation safety agreements and to reduce the validation time for United States certified aeronautical products abroad; and

"(6) work with foreign authorities, including bilateral partners, to improve the timeliness of the acceptance and validation of FAA design and production approvals by foreign authorities and the acceptance and validation of foreign-certified products by the FAA.

"(b) REPORT.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall submit to the appropriate committees of Congress a report that—

"(1) describes the FAA’s strategic plan for international engagement;

"(2) describes the structure and responsibilities of all FAA offices that have international responsibilities, including the Aircraft Certification Office, and all the activities conducted by those offices related to certification and production;

"(3) describes current and forecasted staffing and travel needs for the FAA’s international engagement activities, including the needs of the Aircraft Certification Office in the current and forecasted budgetary environment;

"(4) provides recommendations, if appropriate, to improve the existing structure and personnel and travel policies supporting the FAA’s international engagement activities, including the activities of the Aviation Certification Office, to better support the growth of United States aerospace exports; and

"(5) identifies cost-effective policy initiatives, regulatory initiatives, or legislative initiatives needed to improve and enhance the timely acceptance of United States aerospace products abroad.

"(c) INTERNATIONAL TRAVEL.—The Administrator, or the Administrator’s designee, may authorize inter-
national travel for any FAA employee, without the approval of any other person or entity, if the Administrator determines that the travel is necessary—

“(1) to promote United States aerospace safety standards; or

“(2) to support expedited acceptance of FAA design and production approvals.”

FAA Technical Training

“(a) E-LEARNING TRAINING PILOT PROGRAM.—Not later than 90 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator, of the Federal Aviation Administration, in collaboration with the exclusive bargaining representatives of covered FAA personnel, shall establish an e-learning training pilot program in accordance with the requirements of this section.

“(b) CURRICULUM.—The pilot program shall—

“(1) include a recurrent training curriculum for covered FAA personnel to ensure that the covered FAA personnel receive instruction on the latest aviation technologies, processes, and procedures;

“(2) focus on providing specialized technical training for covered FAA personnel, as determined necessary by the Administrator;

“(3) include training courses on applicable regulations of the Federal Aviation Administration; and

“(4) consider the efficacy of instructor-led online training.

“(c) PILOT PROGRAM TERMINATION.—The pilot program shall terminate 1 year after the date of establishment of the pilot program.

“(d) E-LEARNING TRAINING PROGRAM.—Upon termination of the pilot program, the Administrator shall assess and establish or update an e-learning training program that incorporates lessons learned for covered FAA personnel as a result of the pilot program.

“(e) DEFINITIONS.—In this section, the following definitions apply:

“(1) COVERED FAA PERSONNEL.—The term ‘covered FAA personnel’ means airway transportation systems specialists and aviation safety inspectors of the Federal Aviation Administration.

“(2) E-LEARNING TRAINING.—The term ‘e-learning training’ means learning utilizing electronic technologies to access educational curriculum outside of a traditional classroom.”

Safety Critical Staffing

“(a) UPDATE OF FAA’S SAFETY CRITICAL STAFFING MODEL.—Not later than 270 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall update the safety critical staffing model of the Administration to determine the number of aviation safety inspectors that will be needed to fulfill the safety oversight mission of the Administration.

“(b) AUDIT BY DOT INSPECTOR GENERAL.—

“(1) IN GENERAL.—Not later than 90 days after the date on which the Administrator has updated the safety critical staffing model under subsection (a), the Inspector General of the Department of Transportation shall conduct an audit of the staffing model.

“(2) CONTENTS.—The audit shall include, at a minimum—

“(A) a review of the assumptions and methodologies used in devising and implementing the staffing model to assess the adequacy of the staffing model in predicting the number of aviation safety inspectors needed;

“(B) a determination on whether the staffing model takes into account the Administration’s authority to fully utilize designees.

“(3) REPORT ON AUDIT.—

“(A) REPORT TO SECRETARY.—Not later than 30 days after the date of completion of the audit, the Inspector General shall submit to the Secretary a report on the results of the audit.

“(B) REPORT TO CONGRESS.—Not later than 60 days after the date of receipt of the report, the Secretary shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a copy of the report, together with, if appropriate, a description of any actions taken or to be taken to address the results of the audit.”

Emergency Medical Equipment on Passenger Aircraft

“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall evaluate and revise, as appropriate, regulations in part 121 of title 14, Code of Federal Regulations, regarding emergency medical equipment, including the contents of first-aid kits, applicable to all certificate holders operating passenger aircraft under that part.

“(b) CONSIDERATION.—In carrying out subsection (a), the Administrator shall consider whether the minimum contents of approved emergency medical kits, including approved first-aid kits, include appropriate medications and equipment to meet the emergency medical needs of children and pregnant women.”

FAA and NTSB Review of General Aviation Safety

“(a) STUDY REQUIRED.—Not later than 30 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration, in coordination with the Chairman of the National Transportation Safety Board, shall initiate a study of general aviation safety.

“(b) STUDY CONTENTS.—The study required under subsection (a) shall include—

“(1) a review of all general aviation accidents since 2000, including a review of—

“(A) the number of such accidents;

“(B) the number of injuries and fatalities, including with respect to both occupants of aircraft and individuals on the ground, as a result of such accidents;

“(C) the number of such accidents investigated by the Federal Aviation Administration;

“(D) the number of such accidents investigated by the FAA; and

“(E) a summary of the factual findings and probable cause determinations with respect to such accidents;

“(2) an assessment of the most common probable cause determinations issued for general aviation accidents since 2000.

“(3) an assessment of the most common facts analyzed by the FAA and the National Transportation Safety Board in the course of investigations of general aviation accidents since 2000, including operational details;

“(4) a review of the safety recommendations of the National Transportation Safety Board related to general aviation accidents since 2000;

“(5) an assessment of the responses of the FAA and the general aviation community to the safety recommendations of the National Transportation Safety Board related to general aviation accidents since 2000;

“(6) an assessment of the most common general aviation safety issues;
“(7) a review of the total costs to the Federal Government to conduct investigations of general aviation accidents over the last 10 years; and

“(8) other matters the Administrator or the Chairman considers appropriate.

“(c) RECOMMENDATIONS AND ACTIONS TO ADDRESS GENERAL AVIATION SAFETY.—Based on the results of the study required under subsection (a), the Administrator, in consultation with the Chairman, shall make such recommendations, including with respect to regulations and enforcement activities, as the Administrator considers necessary to—

“(1) address general aviation safety issues identified under the study;

“(2) protect persons and property on the ground; and

“(3) improve the safety of general aviation operators in the United States.

“(d) AUTHORITY.—Notwithstanding any other provision of law, the Administrator shall have the authority to undertake actions to address the recommendations made under subsection (c).

“(e) REPORT. —Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the results of the study required under subsection (a), including the recommendations described in subsection (c).

“(f) GENERAL AVIATION DEFINED.—In this section, the term ‘general aviation’ means aircraft operation for personal, recreational, or other noncommercial purposes.

AVIATION RULEMAKING COMMITTEE FOR PART 135 PILOT REST AND DUTY RULES

“(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall convene an aviation rulemaking committee to review, and develop findings and recommendations regarding, pilot rest and duty rules under part 135 of title 14, Code of Federal Regulations.

“(b) DUTIES. —The Administrator shall—

“(1) not later than 2 years after the date of enactment of this Act, submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report based on the findings of the aviation rulemaking committee; and

“(2) not later than 1 year after the date of submission of the report under paragraph (1), issue a notice of proposed rulemaking based on any consensus recommendations reached by the aviation rulemaking committee.

“(c) COMPOSITION.—The aviation rulemaking committee shall consist of members appointed by the Administrator, including—

“(1) representatives of industry;

“(2) representatives of aviation labor organizations, including collective bargaining units representing pilots who are covered by part 135 of title 14, Code of Federal Regulations, and subpart K of part 91 of such title; and

“(3) aviation safety experts with specific knowledge of flight crewmember education and training requirements under part 135 of such title.

“(d) CONSIDERATIONS.—The Administrator shall direct the aviation rulemaking committee to consider—

“(1) recommendations of prior part 135 rulemaking committees;

“(2) accommodations necessary for small businesses;

“(3) scientific data derived from aviation-related fatigue and sleep research;

“(4) data gathered from aviation safety reporting programs;

“(5) the need to accommodate the diversity of operations conducted under part 135, including the unique duty and rest time requirements of air ambulance pilots; and

“(6) other items, as appropriate.

VOLUNTARY REPORTS OF OPERATIONAL OR MAINTENANCE ISSUES RELATED TO AVIATION SAFETY

“(a) IN GENERAL.—There shall be a presumption that an individual’s voluntary report of an operational or maintenance issue related to aviation safety under an aviation safety action program meets the criteria for acceptance as a valid report under such program.

“(b) DISCLAIMER REQUIRED.—Any dissemination, within the participating organization, of a report that was submitted and accepted under an aviation safety action program pursuant to the presumption under subsection (a), but that has not undergone review by an event review committee, shall be accompanied by a disclaimer stating that the report—

“(1) has not been reviewed by an event review committee tasked with reviewing such reports; and

“(2) may subsequently be determined to be ineligible for inclusion in the aviation safety action program.

“(c) REJECTION OF REPORT.—

“(1) IN GENERAL.—A report described under subsection (a) shall be rejected from an aviation safety action program if, after a review of the report, an event review committee tasked with reviewing such report, or the Federal Aviation Administration member of the event review committee in the case that the review committee does not reach consensus, determines that the report fails to meet the criteria for acceptance under such program.

“(2) PROTECTIONS.—In any case in which a report of an individual described under subsection (a) is rejected under paragraph (1) —

“(A) the protection-related incentive offered to the individual for making such a report shall not apply; and

“(B) the protection from disclosure of the report itself under section 40123 of title 49, United States Code, shall not apply.

“(3) AVIATION SAFETY ACTION PROGRAM DEFINED.—In this section, the term ‘aviation safety action program’ means a program established in accordance with Federal Aviation Administration Advisory Circular 120-66B, issued November 15, 2002 (including any similar successor advisory circular), to allow an individual to voluntarily disclose operational or maintenance issues related to aviation safety.

FLIGHT ATTENDANT DUTY PERIOD LIMITATIONS AND REST REQUIREMENTS

“(a) MODIFICATION OF FINAL RULE.—

“(1) IN GENERAL.—Not later than 30 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall modify the final rule of the Federal Aviation Administration published in the Federal Register on August 19, 1994 (59 Fed. Reg. 42974; relating to flight attendant duty period limitations and rest requirements) in accordance with the requirements of this subsection.

“(2) CONTENTS.—The final rule, as modified under paragraph (1), shall ensure that—

“(A) a flight attendant scheduled to a duty period of 14 hours or less is given a scheduled rest period of at least 10 consecutive hours; and

“(B) the rest period is not reduced under any circumstances.

“(3) FATIGUE RISK MANAGEMENT PLAN.—

“(1) SUBMISSION OF PLAN BY PART 121 AIR CARRIERS.—Not later than 90 days after the date of enactment of
this Act, each air carrier operating under part 121 of title 49, Code of Federal Regulations (in this section referred to as a 'part 121 air carrier'), shall submit to the Administrator of the Federal Aviation Administration for review and acceptance a fatigue risk management plan for the carrier's flight attendants.

'(2) CONTENTS OF PLAN.—A fatigue risk management plan submitted by a part 121 air carrier under paragraph (1) shall include the following:

'(A) Current flight time and duty period limitations.

'(B) A rest scheme consistent with such limitations that enables the management of flight attendant fatigue, including annual training to increase awareness of—

'(i) fatigue;

'(ii) the effects of fatigue on flight attendants; and

'(iii) fatigue countermeasures.

'(C) Development and use of a methodology that continually assesses the effectiveness of implementation of the plan, including the ability of the plan—

'(i) to improve alertness; and

'(ii) to mitigate performance errors.

'(3) REVIEW.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall review and accept or reject each fatigue risk management plan submitted under this subsection. If the Administrator rejects a plan, the Administrator shall provide suggested modifications for resubmission of the plan.

'(4) PLAN UPDATES.—

'(A) IN GENERAL.—A part 121 air carrier shall update its fatigue risk management plan under paragraph (1) every 2 years and submit the update to the Administrator for review and acceptance.

'(B) REVIEW.—Not later than 1 year after the date of submission of a plan update under subparagraph (A), the Administrator shall review and accept or reject the update. If the Administrator rejects an update, the Administrator shall provide suggested modifications for resubmission of the update.

'(5) COMPLIANCE.—A part 121 air carrier shall comply with the fatigue risk management plan of the air carrier that is accepted by the Administrator under this subsection.

'(6) CIVIL PENALTIES.—A violation of this subsection by a part 121 air carrier shall be treated as a violation of chapter 463 of that title. United States Code, for purposes of the application of civil penalties under chapter 463 of that title.'"

CLARIFICATION OF REQUIREMENTS FOR LIVING HISTORY FLIGHTS

'(a) In general.—Not later than 3 years after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall complete covered upgrades of the Administration’s Civil Aviation Registry (in this section referred to as the 'Registry').

'(b) Covered upgrade defined.—In this section, the term 'covered upgrade' means—

'(1) the digitization of nondigital Registry information, including paper documents, microfilm images, and photographs, from an analog or nondigital format to a digital format;

'(2) the digitalization of Registry manual and paper-based processes, business operations, and functions by leveraging digital technologies and a broader use of digitized data;

'(3) the implementation of systems allowing a member of the public to submit any information or form to the Registry and conduct any transaction with the Registry by electronic or other remote means; and

'(4) allowing more efficient, broader, and remote access to the Registry.

'(c) Applicability.—The requirements of subsection (a) shall apply to the entire Civil Aviation Registry, including the Aircraft Registration Branch and the Airmen Certification Branch.

'(d) Manual surcharge.—(Enacted section 45306 of this title.)

'(e) Report.—Not later than 1 year after date of enactment of this Act, and annually thereafter until the covered upgrades required under subsection (a) are complete, the Administrator shall submit a report to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] describing—

'(1) the schedule for the covered upgrades to the Registry;

'(2) the office responsible for the implementation of the such covered upgrades;

'(3) the metrics being used to measure progress in implementing the covered upgrades; and

'(4) the status of the covered upgrades as of the date of the report.'"

UNDECLARED HAZARDOUS MATERIALS PUBLIC AWARENESS CAMPAIGN

'(a) In general.—The Secretary of Transportation shall carry out a public awareness campaign to reduce the amount of undeclared hazardous materials traveling through air commerce.

'(b) Campaign requirements.—The public awareness campaign required under subsection (a) shall do the following:

'(1) Focus on targeting segments of the hazardous materials industry with high rates of undeclared shipments through air commerce and educate air carriers, shippers, manufacturers, and other relevant stakeholders of such segments on properly packaging and clasifying such shipments.
"(2) Educate the public on proper ways to declare and ship hazardous materials, examples of everyday items that are considered hazardous materials, and penalties associated with intentional shipments of undeclared hazardous materials.

"(c) INTERAGENCY WORKING GROUP.—

"(1) ESTABLISHMENT.—Not later than 30 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall establish an interagency working group to promote collaboration and engagement between the Department of Transportation and other relevant agencies, and develop recommendations and guidance on how best to conduct the public awareness campaign required under subsection (a).

"(2) DUTIES.—The interagency working group shall consult with relevant stakeholders, including cargo air carriers, passenger air carriers, and labor organizations representing pilots for cargo and passenger air carriers operating under part 121 of title 14, Code of Federal Regulations.

"(d) UPDATE.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall provide to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] an update on the status of the public awareness campaign required under subsection (a)."

COCKPIT AUTOMATION MANAGEMENT

Pub. L. 114–190, title II, §2102, July 15, 2016, 130 Stat. 619, provided that: “Not later than 180 days after the date of enactment of this Act [July 15, 2016], the Administrator of the Federal Aviation Administration shall—

"(1) develop a process to verify that air carrier training programs incorporate measures to train pilots on—"

"(A) monitoring automation systems; and"

"(B) controlling the flightpath of aircraft without autopilot or autoflight systems engaged;

"(2) develop metrics or measurable tasks that air carriers can use to evaluate pilot monitoring proficiency;

"(3) issue guidance to aviation safety inspectors responsible for oversight of the operations of air carriers on tracking and assessing pilots’ proficiency in manual flight; and"

"(4) issue guidance to air carriers and inspectors regarding standards for compliance with the requirements for enhanced pilot training contained in the final rule published in the Federal Register on November 12, 2013 (78 Fed. Reg. 67800)."

ADDITIONAL CERTIFICATION RESOURCES

Pub. L. 114–190, title II, §2109, July 15, 2016, 130 Stat. 623, provided that:

"(a) IN GENERAL.—Notwithstanding any other provision of law, and subject to the requirements of subsection (b), the Administrator of the FAA may enter into a reimbursable agreement with an applicant or certificate-holder for the reasonable travel and per diem expenses of the FAA associated with official travel to expedite the acceptance or validation by a foreign authority of an FAA certificate or design approval or the acceptance or validation by the FAA of a foreign authority certificate or design approval.

"(b) CONDITIONS.—The Administrator may enter into an agreement under subsection (a) only if—

"(1) the travel covered under the agreement is deemed necessary, by both the Administrator and the applicant or certificate-holder, to expedite the acceptance or validation of the relevant certificate or approval;

"(2) the travel is conducted at the request of the applicant or certificate-holder;

"(3) travel plans and expenses are approved by the applicant or certificate-holder prior to travel; and"

"(4) the agreement requires payment in advance of FAA services and is consistent with the processes under section 106(a)(b) of title 49, United States Code.

"(c) REPORT.—Not later than 2 years after the date of enactment of this Act [July 15, 2016], the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on—

"(1) the number of occasions on which the Administrator entered into reimbursable agreements under this section;

"(2) the number of occasions on which the Administrator declined a request by an applicant or certificate-holder to enter into a reimbursable agreement under this section;

"(3) the amount of reimbursements collected in accordance with agreements under this section; and

"(4) the extent to which reimbursable agreements under this section assisted in reducing the amount of time necessary for validations of certificates and design approvals.

"(d) DEFINITIONS.—In this section, the following definitions apply:

"(1) APPLICANT.—The term ‘applicant’ means a person that has—

"(A) applied to a foreign authority for the acceptance or validation of an FAA certificate or design approval; or

"(B) applied to the FAA for the acceptance or validation of a foreign authority certificate or design approval.

"(2) CERTIFICATE-HOLDER.—The term ‘certificate-holder’ means a person that holds a certificate issued by the Administrator under part 21 of title 14, Code of Federal Regulations.

"(3) FAA.—The term ‘FAA’ means the Federal Aviation Administration.’’

NOTICES TO AIRMEN

Pub. L. 115–254, div. B, title III, §394(a), Oct. 5, 2018, 132 Stat. 3325, provided that: “Beginning on the date that is 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Federal Aviation Administration] may not take any enforcement action against any individual for a violation of a NOTAM (as defined in section 3 of the Pilot’s Bill of Rights [Pub. L. 112–153 (49 U.S.C. 44701 note)] until the Administrator certifies to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] that the Administrator has complied with the requirements of section 3 of the Pilot’s Bill of Rights, as amended by this section.’’

"(a) IN GENERAL.—

"(1) DEFINITION.—In this section, the term ‘NOTAM’ means Notices to Airmen.

"(2) IMPROVEMENTS.—Not later than 180 days after the date of the enactment of the Fairness for Pilots Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall complete the implementation of a Notice to Airmen Improvement Program (in this section referred to as the ‘NOTAM Improvement Program’)—

"(A) to improve the system of providing airmen with pertinent and timely information regarding the national airspace system;

"(B) to continue developing and modernizing the NOTAM repository, in a public central location, to maintain and archive all NOTAMs, including the original content and form of the notices, the original date of publication, and any amendments to such notices with the date of each amendment, in a manner that is Internet-accessible, machine-readable, and searchable;
“(C) to apply filters so that pilots can prioritize critical flight safety information from other airspace system information; and

“(D) to specify the times during which temporary flight restrictions are in effect and the duration of a designation of special use airspace in a specific area.

“(b) GOALS OF PROGRAM.—The goals of the NOTAM Improvement Program are—

“(1) to decrease the overwhelming volume of NOTAMs an airman receives when retrieving airman information prior to a flight in the national airspace system;

“(2) make the NOTAMs more specific and relevant to the airman’s route and in a format that is more usable to the airman;

“(3) to provide a full set of NOTAM results in addition to specific information requested by airman;

“(4) to provide a document that is easily searchable; and

“(5) to provide a filtering mechanism similar to that provided by the Department of Defense Notices to Airmen.

“(c) ADVICE FROM PRIVATE SECTOR GROUPS.—The Administrator shall establish a NOTAM Improvement Panel, which shall be comprised of representatives of relevant nonprofit and not-for-profit general aviation pilot groups, to advise the Administrator in carrying out the goals of the NOTAM Improvement Program under this section.

“(d) DESIGNATION OF REPOSITORY AS SOLE SOURCE FOR NOTAMs.—

“(1) IN GENERAL.—The Administrator—

“(A) shall consider the repository for NOTAMs under subsection (a)(2)(B) to be the sole location for airmen to check for NOTAMs; and

“(B) may not consider a NOTAM to be announced or published until the NOTAM is included in the repository for NOTAMs under subsection (a)(2)(B).

“(2) PROHIBITION ON TAKING ACTION FOR VIOLATIONS OF NOTAM NOT IN REPOSITORY.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), beginning on the date that the repository under subsection (a)(2)(B) is final and published, the Administrator may not take any enforcement action against an airman for a violation of a NOTAM during a flight if—

“(i) that NOTAM is not available through the repository before the commencement of the flight; and

“(ii) that NOTAM is not reasonably accessible and identifiable to the airman.

“(B) EXCEPTION FOR NATIONAL SECURITY.—Subparagraph (A) shall not apply in the case of an enforcement action for a violation of a NOTAM that directly relates to national security.”

“CONSISTENCY OF REGULATORY INTERPRETATION

“(a) ESTABLISHMENT OF ADVISORY PANEL.—Not later than 90 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall establish an advisory panel comprised of both Government and industry representatives to—

“(1) review the October 2010 report by the Government Accountability Office on certification and approval processes (GAO–11–14); and

“(2) develop recommendations to address the findings in the report and other concerns raised by interested parties, including representatives of the aviation industry.

“(b) MATTERS TO BE CONSIDERED.—The advisory panel shall—

“(1) determine the root causes of inconsistent interpretation of regulations by the Administration’s Flight Standards Service and Aircraft Certification Service; and

“(2) develop recommendations to improve the consistency of interpreting regulations by the Administration’s Flight Standards Service and Aircraft Certification Service; and

“(3) develop recommendations to improve communications between the Administration’s Flight Standards Service and Aircraft Certification Service and applicants and certificate and approval holders for the identification and resolution of potentially adverse issues in an expeditious and fair manner.

“(c) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of the advisory panel, together with an explanation of how the Administrator will implement the recommendations of the advisory panel and measure the effectiveness of the recommendations.”

“FLIGHT STANDARDS EVALUATION PROGRAM

“(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall modify the Flight Standards Evaluation Program—

“(1) to include periodic and random reviews as part of the Administration’s oversight of air carriers; and

“(2) to prohibit an individual from participating in a review or audit of an office with responsibility for an air carrier under the program if the individual, at any time in the 5-year period preceding the date of the review or audit, had responsibility for inspecting, or overseeing the inspection of, the operations of that carrier.

“(b) ANNUAL REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], and annually thereafter, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the Flight Standards Evaluation Program, including the Administrator’s findings and recommendations with respect to the program.

“(c) FLIGHT STANDARDS EVALUATION PROGRAM DEFINED.—In this section, the term ‘Flight Standards Evaluation Program’ means the program established by the Federal Aviation Administration in FS 1100.1B CHG3, including any subsequent revisions thereto.”

“REVIEW OF AIR TRANSPORTATION OVERSIGHT SYSTEM DATABASE

Pub. L. 112–95, title III, §343, Feb. 14, 2012, 126 Stat. 80, provided that:

“(a) REVIEWS.—The Administrator of the Federal Aviation Administration shall establish a process by which the air transportation oversight system database under subsection (a) of this section is reviewed by regional teams of employees of the Administrator, including at least one employee on each team representing aviation safety inspectors, on a monthly basis to ensure that—

“(1) any trends in regulatory compliance are identified; and

“(2) appropriate corrective actions are taken in accordance with Administration regulations, advisory directives, policies, and procedures.

“(b) MONTHLY TEAM REPORTS.—

“(1) IN GENERAL.—A regional team of employees conducting a monthly review of the air transportation oversight system database under subsection (a) shall submit to the Administrator, the Associate Administrator for Aviation Safety, and the Director of Flight Standards Service a report each month on the results of the review.

“(2) CONTENTS.—A report submitted under paragraph (1) shall identify—

“(A) any trends in regulatory compliance discovered by the team of employees in conducting the monthly review; and
DUTY PERIODS AND FLIGHT TIME LIMITATIONS APPLICABLE TO FLIGHT CREWMEMBERS

Pub. L. 112–95, title III, §345, Feb. 14, 2012, 126 Stat. 81, provided that:

“(a) RULEMAKING ON APPLICABILITY OF PART 121 DUTY PERIODS AND FLIGHT TIME LIMITATIONS TO PART 121 OPERATIONS.—Not later than 180 days after the date of enactment of this Act (Feb. 14, 2012), the Administrator shall initiate a rulemaking proceeding, if such a proceeding has not already been initiated, to require a flight crewmember who is employed by an air carrier conducting operations under part 121 of such title, Code of Federal Regulations, and who accepts an additional assignment for flying under part 91 of such title from the air carrier or from any other air carrier conducting operations under part 121 or 135 of such title, to apply the period of the additional assignment (regardless of whether the assignment is performed by the flight crewmember before or after an assignment to fly under part 121 of such title) toward any limitation applicable to the flight crewmember relating to duty periods or flight times under part 121 of such title.

“(b) RULEMAKING ON APPLICABILITY OF PART 135 DUTY PERIODS AND FLIGHT TIME LIMITATIONS TO PART 91 OPERATIONS.—Not later than 1 year after the date of enactment of this Act (Feb. 14, 2012), the Administrator shall initiate a rulemaking proceeding to require a flight crewmember who is employed by an air carrier conducting operations under part 135 of title 14, Code of Federal Regulations, and who accepts an additional assignment for flying under part 91 of such title from the air carrier or any other air carrier conducting operations under part 121 or 135 of such title, to apply the period of the additional assignment (regardless of whether the assignment is performed by the flight crewmember before or after an assignment to fly under part 121 of such title) toward any limitation applicable to the flight crewmember relating to duty periods or flight times under part 121 of such title.

“(c) SEPARATE RULEMAKING PROCEEDINGS REQUIRED.—The rulemaking proceeding required under subsection (b) shall be separate from the rulemaking proceeding required under subsection (a).”

SAFETY CRITICAL STAFFING

Pub. L. 112–95, title VI, §606, Feb. 14, 2012, 126 Stat. 113, provided that:

“(a) IN GENERAL.—Not later than October 1, 2012, the Administrator of the Federal Aviation Administration shall implement, in an cost-effective manner as possible, the staffing model for aviation safety inspectors developed pursuant to the National Academy of Sciences study entitled ‘Staffing Standards for Aviation Safety Inspectors’. In doing so, the Administrator shall consult with interested persons, including the exclusive bargaining representative for aviation safety inspectors certified under section 7111 of title 5, United States Code.

“(b) REPORT.—Not later than January 1 of each year beginning after September 30, 2012, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, the staffing model described in subsection (a).”

AIR TRANSPORTATION OF LITHIUM CELLS AND BATTERIES

“(a) HARMONIZATION WITH ICAO TECHNICAL INSTRUCTIONS.—

“(1) ADOPTION OF ICAO INSTRUCTIONS.—

“(A) IN GENERAL.—Pursuant to section 828 of the FAA Modernization and Reform Act of 2012 (Pub. L. 112–95) (49 U.S.C. 44701 note), not later than 90 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary of Transportation shall conform United States regulations on the air transport of lithium cells and batteries with the lithium cells and battery requirements in the 2015-2016 edition of the International Civil Aviation Organization’s (referred to in this subsection as ‘ICAO’) Technical Instructions (to include all addenda), including the revised standards adopted by ICAO which became effective on April 1, 2018 and any further revisions adopted by ICAO prior to the effective date of the FAA Reauthorization Act of 2018 (probably means Oct. 5, 2018).

“(B) FURTHER PROCEEDINGS.—Beginning on the date the revised regulations under subsection (A) are published in the Federal Register, any lithium cell and battery rulemaking action or update commenced on or after that date shall continue to comply with the requirements under section 828 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 44701 note).

“(2) REVIEW OF OTHER REGULATIONS.—Pursuant to section 828 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 44701 note), the Secretary of Transportation may initiate a review of other existing regulations regarding the air transportation, including passenger-carrying and cargo aircraft, of lithium batteries and cells.

“(B) MEDICAL DEVICE BATTERIES.—

“(1) IN GENERAL.—For United States applicants, the Secretary of Transportation shall consider and either grant or deny, not later than 45 days after receipt of an application, an application submitted in compliance with part 107 of title 49, Code of Federal Regulations, for special permits or approvals for air transportation of lithium ion cells or batteries specifically used by medical devices. Not later than 30 days after the date of application, the Pipeline and Hazardous Materials Safety Administration shall provide a draft special permit to the Federal Aviation Administration based on the application. The Federal Aviation Administration shall conduct an on-site inspection for issuance of the special permit not later than 30 days after the date of receipt of the draft special permit from the Pipeline and Hazardous Materials Safety Administration.

“(2) LIMITED EXCEPTIONS TO RESTRICTIONS ON AIR TRANSPORTATION OF MEDICAL DEVICE BATTERIES.—The Secretary shall issue limited exceptions to the restrictions on transportation of lithium ion and lithium metal batteries to allow the shipment of a passenger aircraft of not more than 2 replacement batteries specifically used for a medical device if—

“(A) the intended destination of the batteries is not serviced daily by cargo aircraft if a battery is required for medically necessary care; and

“(B) with regard to a shipper of lithium ion or lithium metal batteries for medical devices that cannot comply with a charge limitation in place at the time, each battery is—

“(i) individually packed in an inner packaging that completely encloses the battery; “(ii) placed in a rigid outer packaging; and

“(iii) protected to prevent a short circuit.

“(3) MEDICAL [sic] DEVICE DEFINED.—In [sic] this subsection, the term ‘medical device’ means an instrument, apparatus, implant, or in vitro reagent, including any component, part, or accessory thereof, which is intended for
use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, of a person.

(4) SAVINGS CLAUSE.—Nothing in this subsection shall be construed as expanding or constraining any other authority the Secretary of Transportation has under section 626 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. App. note).

(c) LITHIUM BATTERY SAFETY WORKING GROUP.—

`(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act (Oct. 5, 2018), the Secretary of Transportation shall establish a lithium battery safety working group (referred to as the ‘working group’ in this section) to promote and coordinate efforts related to the promotion of the safe manufacture, use, and transportation of lithium batteries and cells.

`(2) DUTIES.—The working group shall coordinate and facilitate the transfer of knowledge and expertise among the following Federal agencies:

``(A) The Department of Transportation.
``(C) The National Institute on Standards and Technology.
``(D) The Food and Drug Administration.
``(E) Members.—The Secretary shall appoint not more than 8 members to the working group with expertise in the safe manufacture, use, or transportation of lithium batteries and cells.

`(4) SUBCOMMITTEES.—The Secretary, or members of the working group, may—

``(A) establish working group subcommittees to focus on specific issues related to the safe manufacture, use, or transportation of lithium batteries and cells; and
``(B) include in a subcommittee the participation of nonmember stakeholders with expertise in areas that the Secretary or members consider necessary.

`(5) REPORT.—Not later than 1 year after the date it is established, the working group shall—

``(A) identify and assess—
````(i) additional ways to decrease the risk of fires and explosions from lithium batteries and cells;
````(ii) additional ways to ensure uniform transportation requirements for both bulk and individual batteries; and
````(iii) new or existing technologies that may reduce the fire and explosion risk of lithium batteries and cells; and
``(B) transmit to the appropriate committees of Congress a report on the assessments conducted under subparagraph (A), including any legislative recommendations to effectuate the safety improvements described in clauses (i) through (iii) of that subparagraph.

`(6) TERMINATION.—The working group, and any working group subcommittees, shall terminate 90 days after the date the report is transmitted under paragraph (5).

`(d) LITHIUM BATTERY AIR SAFETY ADVISORY COMMITTEE.

`(1) ESTABLISHMENT.—Not later than 60 days after the date of enactment of this Act [Oct. 5, 2018], the Secretary shall establish, in accordance with the requirements of the Federal Advisory Committee Act (5 U.S.C. App.), a lithium ion and lithium metal battery air safety advisory committee (in this subsection referred to as the ‘Committee’).

`(2) DUTIES.—The Committee shall—

``(A) facilitate communication between manufacturers of lithium ion and lithium metal cells and batteries, manufacturers of products incorporating both large and small lithium ion and lithium metal batteries, air carriers, and the Federal Government regarding the safe air transportation of lithium ion and lithium metal cells and batteries and the effectiveness and economic and social impacts of the regulation of such transportation;
``(B) provide the Secretary, the Federal Aviation Administration, and the Pipeline and Hazardous Materials Safety Administration with timely information about new lithium ion and lithium metal battery technology and transportation safety practices and methodologies;
``(C) provide a forum for the Secretary to provide information on and to discuss the activities of the Department of Transportation relating to lithium ion and lithium metal battery air transportation safety, the policies underlying the activities, and positions to be advocated in international forums;
``(D) provide a forum for the Secretary to provide information and receive advice on—
````(i) activities carried out throughout the world to communicate and enforce relevant United States regulations and the ICAO Technical Instructions; and
````(ii) the effectiveness of the activities;
``(E) provide advice and recommendations to the Secretary with respect to lithium ion and lithium metal battery air transportation safety, including how best to implement activities to increase awareness of relevant requirements and their importance to travelers and shippers; and
``(F) review methods to decrease the risk posed by air shipment of undeclared hazardous materials and efforts to educate those who prepare and offer hazardous materials for shipment via air transport.

`(3) MEMBERSHIP.—The Committee shall be composed of the following members:

``(A) Individuals appointed by the Secretary to represent—
``````(i) large volume manufacturers of lithium ion and lithium metal cells and batteries;
``````(ii) domestic manufacturers of lithium ion and lithium metal batteries or battery packs;
``````(iii) manufacturers of consumer products powered by lithium ion and lithium metal batteries;
``````(iv) manufacturers of vehicles powered by lithium ion and lithium metal batteries;
``````(v) marketers of products powered by lithium ion and lithium metal batteries;
``````(vi) cargo air service providers based in the United States;
``````(vii) passenger air service providers based in the United States;
``````(viii) pilots and employees of air service providers described in clauses (vi) and (vii);
``````(ix) shippers of lithium ion and lithium metal batteries for air transportation;
``````(x) manufacturers of battery-powered medical devices or batteries used in medical devices; and
``````(xi) employees of the Department of Transportation, including employees of the Federal Aviation Administration and the Pipeline and Hazardous Materials Safety Administration.
````(B) Representatives of such other Government departments and agencies as the Secretary determines appropriate.
``(C) Any other individuals the Secretary determines are appropriate to comply with Federal law.

`(4) REPORT.—

``(A) IN GENERAL.—Not later than 180 days after the establishment of the Committee, the Committee shall submit to the Secretary and the appropriate committees of Congress a report that—
``````(i) describes and evaluates the steps being taken in the private sector and by international regulatory authorities to implement and enforce requirements relating to the safe air transportation by air of bulk shipments of lithium ion cells and batteries; and
``````(ii) identifies any areas of enforcement or regulatory requirements for which there is consensus that greater attention is needed.
``(B) INDEPENDENT STATEMENTS.—Each member of the Committee shall be provided an opportunity to submit an independent statement of views with the report submitted pursuant to subparagraph (A).

`(5) MEETINGS.—

``(A) IN GENERAL.—The Committee shall meet at the direction of the Secretary and at least twice a year.
“(B) PREPARATION FOR ICAO MEETINGS.—Notwithstanding subparagraph (A), the Secretary shall convene a meeting of the Committee in connection with and in advance of each meeting of the International Civil Aviation Organization, or any of its panels or working groups, addressing the safety of air transportation of lithium ion and lithium metal batteries to brief Committee members on positions to be taken by the United States at such meeting and provide Committee members a meaningful opportunity to comment."

“(6) TERMINATION.—The Committee shall terminate on the date that is 6 years after the date on which the Committee is established.

“ICAO TECHNICAL INSTRUCTIONS COMMITTEE.—The Future of Aviation Advisory Committee shall terminate on the date on which the lithium ion battery air safety advisory committee is established.

“(e) COOPERATIVE EFFORTS TO ENSURE COMPLIANCE WITH SAFETY REGULATIONS.—The Secretary of Transportation, in coordination with appropriate Federal agencies, shall carry out cooperative efforts to ensure that shippers who offer lithium ion and lithium metal batteries for air transport from the United States comply with U.S. Hazardous Materials Regulations and ICAO Technical Instructions.

“(2) COOPERATIVE EFFORTS.—The cooperative efforts the Secretary shall carry out pursuant to paragraph (1) include the following:

“(A) Encouraging training programs at locations outside the United States from which substantial cargo shipments of lithium ion or lithium metal batteries originate for manufacturers, freight forwarders, and other shippers and potential shippers of lithium ion and lithium metal batteries.

“(B) Working with Federal, regional, and international transportation agencies to ensure enforcement of U.S. Hazardous Materials Regulations and ICAO Technical Instructions with respect to lithium ion and lithium metal batteries.

“(C) Sharing information, as appropriate, with Federal, regional, and international transportation agencies regarding noncompliant shipments.

“(D) Pursuing a joint effort with the international aviation community to develop a process to obtain assurances that appropriate enforcement actions are taken to reduce the likelihood of noncompliant shipments, especially with respect to jurisdictions in which enforcement activities historically have been limited.

“(E) Providing information in brochures and on the internet in appropriate foreign languages and dialects that describes the actions required to comply with U.S. Hazardous Materials Regulations and ICAO Technical Instructions.

“(F) Developing joint efforts with the international aviation community to promote a better understanding of the requirements of and methods of compliance with U.S. Hazardous Materials Regulations and ICAO Technical Instructions.

“(3) REPORTING.—Not later than 120 days after the date of enactment of this Act, and annually thereafter for 2 years, the Secretary shall submit to the appropriate committees of Congress a report on compliance with the policy set forth in subsection (e) and the cooperative efforts carried out, or planned to be carried out, under this subsection.

“(F) PACKAGING IMPROVEMENTS.—Not later than 180 days after the date of enactment of this Act, the Secretary, in consultation with interested stakeholders, shall submit to the appropriate committees of Congress an evaluation of current practices for the packaging of lithium ion batteries and cells for air transportation, including recommendations, if any, to improve the packaging of such batteries and cells for air transportation in a safe, efficient, and cost-effective manner.

“(G) DEPARTMENT OF TRANSPORTATION POLICY ON INTERNATIONAL REPRESENTATION.—

“(1) IN GENERAL.—It shall be the policy of the Department of Transportation to support the participation of industry and labor stakeholders in all panels and working groups of the dangerous goods panel of the ICAO and any other international test or standard setting organization that considers proposals on the safety or transportation of lithium ion and lithium metal batteries in which the United States participates.

“(2) PARTICIPATION.—The Secretary of Transportation shall request that as part of the ICAO deliberations in the dangerous goods panel on these issues, that appropriate experts on issues under consideration be allowed to participate.

“(D) DEFINITIONS.—In this section, the following definitions apply:

“(1) ICAO TECHNICAL INSTRUCTIONS.—The term ‘ICAO Technical Instructions’ has the meaning given that term in section 1 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 44701 note).

“(2) U.S. HAZARDOUS MATERIALS REGULATIONS.—The term ‘U.S. Hazardous Materials Regulations’ means the regulations in parts 100 through 177 of title 49, Code of Federal Regulations (including amendments adopted after the date of enactment of this Act [Oct. 5, 2013]).

“(3) PASSENGER CARRYING AIRCRAFT.—Notwithstanding subsection (a), the Secretary may enforce any regulation or other requirement regarding the transportation by aircraft of lithium metal cells or batteries or lithium ion cells or batteries, whether transported separately or packed with or contained in equipment, if the requirement is more stringent than the requirements of the ICAO Technical Instructions.

“(4) CREDIBLE REPORTS.—Notwithstanding subsection (a), if the Secretary obtains a credible report with respect to a safety incident from a national or international governmental regulatory or investigatory body that demonstrates that the presence of lithium metal cells or batteries or lithium ion cells or batteries on an aircraft, whether transported separately or packed with or contained in equipment, in accordance with the requirements of the ICAO Technical Instructions, has substantially contributed to the initiation or propagation of an onboard fire, the Secretary—

“(A) may issue and enforce an emergency regulation, more stringent than the requirements of the ICAO Technical Instructions, that governs the transportation by aircraft of such cells or batteries, if that regulation—

“(i) addresses solely deficiencies referenced in the report; and

“(ii) is effective for not more than 1 year; and

“(B) may adopt and enforce a permanent regulation, more stringent than the requirements of the ICAO Technical Instructions, that governs the transportation by aircraft of such cells or batteries, if—

“(i) the Secretary bases the regulation upon substantial credible evidence that the otherwise permissible presence of such cells or batteries would substantially contribute to the initiation or propagation of an onboard fire;

“(ii) the regulation addresses solely the deficiencies in existing regulations; and

“(iii) the regulation imposes the least disruptive and least expensive modification from existing requirements while adequately addressing identified deficiencies.

“Provided that:—

“(A) the Secretary may enforce any regulation or other requirement regarding the transportation by aircraft of lithium metal cells or batteries or lithium ion cells or batteries, whether transported separately or packed with or contained in equipment, if the requirement is more stringent than the requirements of the ICAO Technical Instructions.

“(B) in accordance with the provisions of the Federal Aviation Administration Modernization and Reform Act of 2012 (49 U.S.C. 44701 note).
“(c) ICAO Technical Instructions Defined.—In this section, the term ‘ICAO Technical Instructions’ means the International Civil Aviation Organization Technical Instructions for the Safe Transport of Dangerous Goods by Air (as amended, including amendments adopted after the date of enactment of this Act [Feb. 14, 2012]).”

Airline Safety and Pilot Training Improvement

“SEC. 201. DEFINITIONS.
“(a) [sic] Definitions.—In this title, the following definitions apply:
“(1) Advanced qualification program.—The term ‘advanced qualification program’ means the program established by the Federal Aviation Administration in Advisory Circular 120–54A, dated June 23, 2006, including any subsequent revisions thereto.
“(2) Air carrier.—The term ‘air carrier’ has the meaning given that term in section 40102 of title 49, United States Code.
“(3) Aviation safety action program.—The term ‘aviation safety action program’ means the program established by the Federal Aviation Administration in Advisory Circular 120–66B, dated November 15, 2002, including any subsequent revisions thereto.
“(4) Flight crewmember.—The term ‘flight crewmember’ has the meaning given the term ‘flightcrew member’ in part 1 of title 14, Code of Federal Regulations.
“(5) Flight operational quality assurance program.—The term ‘flight operational quality assurance program’ means the program established by the Federal Aviation Administration in Advisory Circular 120–54A, dated June 23, 2006, including any subsequent revisions thereto.
“(6) Line operations safety audit.—The term ‘line operations safety audit’ means the procedure referenced by the Federal Aviation Administration in Advisory Circular 120–90, dated April 27, 2006, including any subsequent revisions thereto.
“(7) Part 121 Air carrier.—The term ‘part 121 air carrier’ means an air carrier that holds a certificate issued under part 121 of title 14, Code of Federal Regulations.
“(8) Part 135 air carrier.—The term ‘part 135 air carrier’ means an air carrier that holds a certificate issued under part 135 of title 14, Code of Federal Regulations.

“SEC. 202. SECRETARY OF TRANSPORTATION RESPONSIBLE TO SAFETY RECOMMENDATIONS.
“(Amended section 1135 of this title.)

“SEC. 203. FAA PILOT RECORDS DATABASE.
“(Amended section 4703 of this title.)

“SEC. 204. FAA TASK FORCE ON AIR CARRIER SAFETY AND PILOT TRAINING.
“(a) Establishment.—The Administrator of the Federal Aviation Administration shall establish a special task force to be known as the FAA Task Force on Air Carrier Safety and Pilot Training (in this section referred to as the ‘Task Force’).
“(b) Composition.—The Task Force shall consist of members appointed by the Administrator and shall include air carrier representatives, labor union representatives, and aviation safety experts with knowledge of foreign and domestic regulatory requirements for flight crewmember education and training.
“(c) Duties.—The duties of the Task Force shall include, at a minimum, evaluating best practices in the air carrier industry and providing recommendations in the following areas:
“(1) Air carrier management responsibilities for flight crewmember education and support.
“(2) Flight crewmember professional standards.
“(3) Flight crewmember training standards and performance.
“(4) Mentoring and information sharing between air carriers.
“(d) Report.—Not later than one year after the date of enactment of this Act [Aug. 1, 2010], and before the last day of each one-year period thereafter until termination of the Task Force, the Task Force shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing—
“(1) the progress of the Task Force in identifying best practices in the air carrier industry;
“(2) the progress of air carriers and labor unions in implementing the best practices identified by the Task Force;
“(3) recommendations of the Task Force, if any, for legislative or regulatory actions;
“(4) the progress of air carriers and labor unions in implementing training-related, nonregulatory actions recommended by the Administrator; and
“(5) the progress of air carriers in developing specific programs to share safety data and ensure implementation of the most effective safety practices.
“(e) Termination.—The Task Force shall terminate on September 30, 2012.

“SEC. 205. AVIATION SAFETY INSPECTORS AND OPERATIONAL RESEARCH ANALYSTS.
“(a) Review by DOT Inspector General.—Not later than 9 months after the date of enactment of this Act [Aug. 1, 2010], the Inspector General of the Department of Transportation shall conduct a review of the aviation safety inspectors and operational research analysts of the Federal Aviation Administration assigned to part 121 air carriers and submit to the Administrator of the Federal Aviation Administration a report on the results of the review.
“(b) Purposes.—The purpose of the review shall be, at a minimum—
“(1) to review the level of the Administration’s oversight of each part 121 air carrier;
“(2) to make recommendations to ensure that each part 121 air carrier is receiving an equivalent level of oversight;
“(3) to assess the number and level of experience of aviation safety inspectors assigned to each part 121 air carrier;
“(4) to evaluate how the Administration is making assignments of aviation safety inspectors to each part 121 air carrier;
“(5) to review various safety inspector oversight programs, including the geographic inspector program;
“(6) to evaluate the adequacy of the number of operational research analysts assigned to each part 121 air carrier;
“(7) to evaluate the surveillance responsibilities of aviation safety inspectors, including en route inspections;
“(8) to evaluate whether inspectors are able to effectively use data sources, such as the Safety Performance Analysis System and the Air Transportation Oversight System, to assist in targeting oversight of each part 121 air carrier;
“(9) to assess the feasibility of establishment by the Administration of a comprehensive repository of information that encompasses multiple Administration data sources and allows access by aviation safety inspectors and operational research analysts to assist in the oversight of each part 121 air carrier; and
“(10) to conduct such other analyses as the Inspector General considers relevant to the review.

“SEC. 206. FLIGHT CREWMEMBER MENTORING, PROFESSIONAL DEVELOPMENT, AND LEADERSHIP.
“(a) Aviation Rulemaking Committee.—
“(1) In general.—The Administrator of the Federal Aviation Administration shall convene an aviation
rulemaking committee to develop procedures for each part 121 air carrier to take the following actions:

“(A) Establish flight crewmember mentoring programs under which the air carrier will pair highly experienced flight crewmembers who will serve as mentor pilots and be paired with newly employed flight crewmembers. Mentor pilots should be provided, at a minimum, specific instruction on techniques for instilling and reinforcing the highest standards of technical performance, airmanship, and professionalism in newly employed flight crewmembers.

“(B) Establish flight crewmember professional development committees made up of air carrier management and labor union or professional association representatives to develop, administer, and oversee formal mentoring programs of the carrier to assist flight crewmembers to reach their maximum potential as safe, seasoned, and proficient flight crewmembers.

“(C) Establish or modify training programs to accommodate substantially different levels and types of flight experience by newly employed flight crewmembers.

“(D) Establish or modify training programs for second-in-command flight crewmembers attempting to qualify as pilot-in-command flight crewmembers for the first time in a specific aircraft type and ensure that such programs include leadership and command training.

“(E) Ensure that recurrent training for pilots in command includes leadership and command training.

“(F) Such other actions as the aviation rulemaking committee determines appropriate to enhance flight crewmember professional development.

“(2) COMPLIANCE WITH STERILE COCKPIT RULE.—Leadership and command training described in paragraphs (1)(D) and (1)(E) shall include instruction on compliance with flight crewmember duties under part 121.542 of title 14, Code of Federal Regulations.

“(3) STREAMLINED PROGRAM REVIEW.—

“(A) IN GENERAL.—As part of the rulemaking required by subsection (b), the Administrator shall establish a streamlined review process for part 121 air carriers that have in effect, as of the date of enactment of this Act [Aug. 1, 2010], the programs described in paragraph (1).

“(B) EXPEDITED APPROVALS.—Under the streamlined review process, the Administrator shall—

“(i) review the programs of such part 121 air carriers to determine whether the programs meet the requirements set forth in the final rule referred to in subsection (b)(2); and

“(ii) expedite the approval of the programs that the Administrator determines meet such requirements.

“(b) RULEMAKING.—The Administrator shall issue—

“(1) not later than one year after the date of enactment of this Act, a final rule based on such recommendations.

“(2) not later than 36 months after the date of enactment of this Act, a notice of proposed rulemaking with respect to the notice of proposed rulemaking published in the Federal Register on January 12, 2009; and

“(3) not later than one year after the date of enactment of this Act, issue a final rule for the rulemaking under each of paragraphs (1) and (2).

“(c) MULTIDISCIPLINARY PANEL.—As part of the rulemaking required by subsection (b), the Administrator shall convene a multidisciplinary panel of specialists in aircraft operations, flight crewmember training, human factors, and aviation safety to study and submit to the Administrator a report on methods to increase the familiarity of flight crewmembers with, and improve the response of flight crewmembers to, stick pusher systems, icing conditions, and microburst and windshear weather events.

“(d) REPORT TO CONGRESS AND NTSB.—Not later than one year after the date on which the Administrator convenes the panel, the Administrator shall—

“(A) submit to the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the National Transportation Safety Board a report based on the findings of the panel; and

“(B) with respect to stick pusher systems, initiate appropriate actions to implement the recommendations of the panel.

“(e) DEFINITIONS.—In this section, the following definitions apply:

“(1) FLIGHT TRAINING AND FLIGHT SIMULATOR.—The terms ‘flight training’ and ‘flight simulator’ have the meanings given those terms in part 61.1 of title 14, Code of Federal Regulations (or any successor regulation).

“(2) STALL.—The term ‘stall’ means an aerodynamic loss of lift caused by exceeding the critical angle of attack.

“(3) STICK PUSHER.—The term ‘stick pusher’ means a device that, at or near a stall, applies a nose down pitch force to an aircraft’s control columns to attempt to decrease the aircraft’s angle of attack.

“(4) UPSET.—The term ‘upset’ means an unusual aircraft attitude.

“SEC. 209. FAA RULEMAKING ON TRAINING PROGRAMS.

“(a) COMPLETION OF RULEMAKING ON TRAINING PROGRAMS.—Not later than 14 months after the date of enactment of this Act [Aug. 1, 2010], the Administrator of the Federal Aviation Administration shall issue a final rule with respect to the notice of proposed rulemaking published in the Federal Register on January 12, 2009 (74 Fed. Reg. 1230; relating to training programs for flight crewmembers and aircraft dispatchers).
§ 44701

"(b) Expert Panel To Review Part 121 and Part 135 Training Hours.—

"(1) Establishment.—Not later than 60 days after the date of enactment of this Act, the Administrator shall convene a multidisciplinary expert panel comprised of, at a minimum, air carrier representatives, training facility representatives, instructional design experts, aircraft manufacturers, safety organization representatives, and labor union representatives.

"(2) Assessment and Recommendations.—The panel shall assess and make recommendations concerning—

"(A) the best methods and optimal time needed for flight crewmembers of part 121 air carriers and flight crewmembers of part 135 air carriers to master aircraft systems, maneuvers, procedures, takeoffs and landings, and crew coordination;

"(B) initial and recurrent testing requirements for pilots, including the rigor and consistency of testing programs such as check rides;

"(C) the optimal length of time between training events for such flight crewmembers, including recurrent training events;

"(D) the best methods reliably to evaluate mastery by such flight crewmembers of aircraft systems, maneuvers, procedures, takeoffs and landings, and crew coordination;

"(E) classroom instruction requirements governing curriculum content and hours of instruction;

"(F) the best methods to allow specific academic training courses to be credited toward the total flight hours required to receive an airline transport pilot certificate; and

"(G) crew leadership training.

"(3) Best Practices.—In making recommendations under subsection (b)(2), the panel shall consider, if appropriate, best practices in the aviation industry with respect to training protocols, methods, and procedures.

"(4) Report.—Not later than one year after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the National Transportation Safety Board a report based on the findings of the panel.

"SEC. 210. DISCLOSURE OF AIR CARRIERS OPERATING FLIGHTS FOR TICKETS SOLD FOR AIR TRANSPORTATION.

"(Amended section 41712 of this title.)

"SEC. 211. SAFETY INSPECTIONS OF REGIONAL AIR CARRIERS.

"The Administrator of the Federal Aviation Administration shall perform, not less frequently than once each year, random, onsite inspections of air carriers that provide air transportation pursuant to a contract with a part 121 air carrier to ensure that such air carriers are complying with all applicable safety standards of the Administration.

"SEC. 212. PILOT FATIGUE.

"(a) Flight and Duty Time Regulations.—

"(1) In General.—In accordance with paragraph (3), the Administrator of the Federal Aviation Administration shall issue regulations, based on the best available scientific information, to specify limitations on the hours of flight and duty time allowed for pilots to address problems related to pilot fatigue.

"(2) Matters To Be Addressed.—In conducting the rulemaking proceeding under this subsection, the Administrator shall consider and review the following:

"(A) Time of day of flights in a duty period.

"(B) Number of takeoff and landings in a duty period.

"(C) Number of time zones crossed in a duty period.

"(D) The impact of functioning in multiple time zones or on different daily schedules.

"(E) Research conducted on fatigue, sleep, and circadian rhythms.

"(F) Sleep and rest requirements recommended by the National Transportation Safety Board and the National Aeronautics and Space Administration.

"(G) International standards regarding flight schedules and duty periods.

"(H) Alternative procedures to facilitate alertness in the cockpit.

"(I) Scheduling and attendance policies and practices, including sick leave.

"(J) The effects of commuting, the means of commuting, and the length of the commute.

"(K) Medical screening and treatment.

"(L) Rest environments.

"(M) Any other matters the Administrator considers appropriate.

"(3) Rulemaking.—The Administrator shall issue—

"(A) not later than 180 days after the date of enactment of this Act (Aug. 1, 2010), a notice of proposed rulemaking under paragraph (1); and

"(B) not later than one year after the date of enactment of this Act, a final rule under paragraph (1).

"(b) Fatigue Risk Management Plan.—

"(1) Submission of Fatigue Risk Management Plan by Part 121 Air Carriers.—Not later than 90 days after the date of enactment of this Act, each part 121 air carrier shall submit to the Administrator for review and acceptance a fatigue risk management plan for the carrier’s pilots.

"(2) Contents of Plan.—A fatigue risk management plan submitted by a part 121 air carrier under paragraph (1) shall include the following:

"(A) Current flight time and duty period limitations.

"(B) A rest scheme consistent with such limitations that enables the management of pilot fatigue, including annual training to increase awareness of—

"(i) fatigue;

"(ii) the effects of fatigue on pilots; and

"(iii) fatigue countermeasures.

"(C) Development and use of a methodology that continually assesses the effectiveness of the program, including the ability of the program—

"(i) to improve alertness; and

"(ii) to mitigate performance errors.

"(3) Review.—Not later than 12 months after the date of enactment of this Act, the Administrator shall review and accept or reject the fatigue risk management plans submitted under this subsection. If the Administrator rejects a plan, the Administrator shall provide suggested modifications for resubmission of the plan.

"(4) Plan Updates.—

"(A) In General.—A part 121 air carrier shall update its fatigue risk management plan under paragraph (1) every 2 years and submit the update to the Administrator for review and acceptance.

"(B) Review.—Not later than 12 months after the date of submission of a plan update under subparagraph (A), the Administrator shall review and accept or reject the update. If the Administrator rejects an update, the Administrator shall provide suggested modifications for resubmission of the update.

"(5) Compliance.—A part 121 air carrier shall comply with the fatigue risk management plan of the air carrier that is accepted by the Administrator under this subsection.

"(6) Civil Penalties.—A violation of this subsection by a part 121 air carrier shall be treated as a violation of chapter 447 of title 49, United States Code, for purposes of the application of civil penalties under chapter 463 of that title.

"(c) Effect of Commuting on Fatigue.—

"(1) In General.—Not later than 60 days after the date of enactment of this Act, the Administrator shall enter into appropriate arrangements with the National Academy of Sciences to conduct a study of
the effects of commuting on pilot fatigue and report its findings to the Administrator.

"(2) STUDY.—In conducting the study, the National Academy of Sciences shall consider—

"(A) the prevalence of pilot commuting in the commercial air carrier industry, including the number and percentage of pilots who commute;

"(B) information relating to commuting by pilots, including distances traveled, time zones crossed, time spent, and methods used;

"(C) research on the impact of commuting on pilot fatigue, sleep, and circadian rhythms;

"(D) commuting policies of commercial air carriers (including passenger and all-cargo air carriers), including pilot check-in requirements and sick leave and fatigue policies;

"(E) postconference materials from the Federal Aviation Administration’s June 2008 symposium titled ‘Aviation Fatigue Management Symposium: Partnerships for Solutions’;

"(F) Federal Aviation Administration and international policies and guidance regarding commuting; and

"(G) any other matters as the Administrator considers appropriate.

"(3) PRELIMINARY FINDINGS.—Not later than 120 days after the date of entering into arrangements under paragraph (1), the National Academy of Sciences shall submit to the Administrator its preliminary findings under the study.

"(4) REPORT.—Not later than 9 months after the date of entering into arrangements under paragraph (1), the National Academy of Sciences shall submit a report to the Administrator containing its findings under the study and any recommendations for regulatory or administrative actions by the Federal Aviation Administration concerning commuting by pilots.

"(5) RULEMAKING.—Following receipt of the report of the National Academy of Sciences under paragraph (4), the Administrator shall—

"(A) consider the findings and recommendations in the report; and

"(B) update, as appropriate based on scientific data, regulations required by subsection (a) on flight and duty time.

"SEC. 213. VOLUNTARY SAFETY PROGRAMS.

"(a) REPORT.—Not later than 180 days after the date of enactment of this Act [Aug. 1, 2010], the Administrator of the Federal Aviation Administration shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the aviation safety action program and the flight operational quality assurance program by all part 121 air carriers.

"(b) MATTERS TO BE CONSIDERED.—In developing the plan under subsection (a), the Administrator shall consider—

"(1) how the Administration can assist part 121 air carriers with smaller fleet sizes to derive a benefit from establishing a flight operational quality assurance program;

"(2) how part 121 air carriers with established aviation safety action and flight operational quality assurance programs can quickly begin to report data into the aviation safety information analysis sharing database; and

"(3) how part 121 air carriers and aviation safety inspectors can better utilize data from such database as accident and incident prevention tools.

"(c) REPORT.—Not later than 180 days after the date of enactment of this Act [Aug. 1, 2010], the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a copy of the plan developed under subsection (a) and an explanation of how the Administration will implement the plan.

"(d) DEADLINE FOR BEGINNING IMPLEMENTATION OF PLAN.—Not later than one year after the date of enactment of this Act, the Administrator shall begin implementation of the plan developed under subsection (a).

"SEC. 215. SAFETY MANAGEMENT SYSTEMS.

"(a) RULEMAKING.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require all part 121 air carriers to implement a safety management system.

"(b) MATTERS TO CONSIDER.—In conducting the rulemaking under subsection (a), the Administrator shall consider, at a minimum, including each of the following as a part of the safety management system:

"(1) An aviation safety action program.

"(2) A flight operational quality assurance program.

"(3) A line operations safety audit.

"(4) An advanced qualification program.

"(e) DEADLINES.—The Administrator shall issue—

"(1) not later than 90 days after the date of enactment of this Act [Aug. 1, 2010], a notice of proposed rulemaking under subsection (a); and

"(2) not later than 24 months after the date of enactment of this Act, a final rule under subsection (a).

"(d) SAFETY MANAGEMENT SYSTEM DEFINED.—In this section, the term ‘safety management system’ means—

"(A) where the data derived from the voluntary safety programs is stored;

"(B) how the data derived from such programs is protected and secured; and

"(C) what data analysis processes air carriers are implementing to ensure the effective use of the data derived from such programs.

"(2) information regarding the extent to which aviation safety inspectors are able to review data derived from the voluntary safety programs to enhance their oversight responsibilities;

"(3) a description of how the Administration plans to incorporate operational trends identified under the voluntary safety programs into the air transport oversight system and other surveillance databases so that such system and databases are more effectively utilized;

"(4) other plans to strengthen the voluntary safety programs, taking into account reviews of such programs by the Inspector General of the Department of Transportation; and

"(5) such other matters as the Administrator determines are appropriate.
the program established by the Federal Aviation Administration in Advisory Circular 120-92, dated June 22, 2006, including any subsequent revisions thereto.

SEC. 216. FLIGHT CREWMEMBER SCREENING AND QUALIFICATIONS.

(a) REQUIREMENTS.—

(1) RULEMAKING PROCEEDING.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require part 121 air carriers to develop and implement means and methods for ensuring that flight crewmembers have proper qualifications and experience.

(2) MINIMUM REQUIREMENTS.—

(A) PROSPECTIVE FLIGHT CREWMEMBERS.—Rules issued under paragraph (1) shall ensure that prospective flight crewmembers undergo comprehensive preemployment screening, including an assessment of the skills, aptitudes, airmanship, and suitability of each applicant for a position as a flight crewmember in terms of functioning effectively in the air carrier’s operational environment.

(B) ALL FLIGHT CREWMEMBERS.—Rules issued under paragraph (1) shall ensure that, after the date that is 3 years after the date of enactment of this Act [Aug. 1, 2010], all flight crewmembers—

(i) have obtained an airline transport pilot certificate under part 61 of title 14, Code of Federal Regulations; and

(ii) have appropriate multi-engine aircraft flight experience, as determined by the Administrator.

(2) DEADLINES.—The Administrator shall issue—

(1) not later than 180 days after the date of enactment of this Act, a notice of proposed rulemaking under subsection (a); and

(2) not later than 24 months after such date of enactment, a final rule under subsection (a).

(c) DEFUALT.—The requirement that each flight crewmember for a part 121 air carrier hold an airline transport pilot certificate under part 61 of title 14, Code of Federal Regulations, shall begin to apply on the date that is 3 years after the date of enactment of this Act even if the Administrator fails to meet a deadline established under this section.

SEC. 217. AIRLINE TRANSPORT PILOT CERTIFICATION.

(a) RULEMAKING PROCEEDING.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to amend part 61 of title 14, Code of Federal Regulations, to modify requirements for the issuance of an airline transport pilot certificate.

(b) MINIMUM REQUIREMENTS.—To be qualified to receive an airline transport pilot certificate pursuant to subsection (a), an individual shall—

(1) have sufficient flight hours, as determined by the Administrator, to enable a pilot to function effectively in an air carrier operational environment; and

(2) have received flight training, academic training, or operational experience that will prepare a pilot, at a minimum, to—

(A) function effectively in a multipilot environment;

(B) function effectively in adverse weather conditions, including icing conditions;

(C) function effectively during high altitude operations;

(D) adhere to the highest professional standards; and

(E) function effectively in an air carrier operational environment.

(c) FLIGHT HOURS.—

(1) NUMBERS OF FLIGHT HOURS.—The total flight hours required by the Administrator under subsection (b)(1) shall be at least 1,500 flight hours.

(2) FLIGHT HOURS IN DIFFICULT OPERATIONAL CONDITIONS.—The total flight hours required by the Administrator under subsection (b)(1) shall include sufficient flight hours, as determined by the Administrator, in difficult operational conditions that may be encountered by an air carrier to enable a pilot to operate safely in such conditions.

(d) CREDIT TOWARD FLIGHT HOURS.—The Administrator may allow specific academic training courses, beyond those required under subsection (b)(2), to be credited toward the total flight hours required under subsection (c). The Administrator may allow such credit based on a determination by the Administrator that allowing a pilot to take specific academic training courses will enhance safety more than requiring the pilot to fully comply with the flight hours requirement.

(f) RECOMMENDATIONS OF EXPERT PANEL.—In conducting the rulemaking proceeding under this section, the Administrator shall review and consider the assessment and recommendations of the expert panel to review part 121 and part 135 training hours established by section 209(b) of this Act.

(f) DEADLINE.—Not later than 36 months after the date of enactment of this Act [Aug. 1, 2010], the Administrator shall issue a final rule under subsection (a).

FAA INSPECTOR TRAINING

(1) IN GENERAL.—The Comptroller General shall conduct a study of the training of the aviation safety inspectors of the Federal Aviation Administration (in this section referred to as ‘‘FAA inspectors’’).

(B) the extent of FAA inspector training provided by the aviation industry and whether such training is provided without charge or on a quid pro quo basis; and

(D) the amount of travel that is required of FAA inspectors in receiving training.

(2) CONTENTS.—The study shall include—

(A) an analysis of the type of training provided to FAA inspectors;

(B) actions that the Federal Aviation Administration has undertaken to ensure that FAA inspectors receive up-to-date training on the latest technologies;

(C) FAA inspector training provided by the aviation industry and whether such training is provided without charge or on a quid pro quo basis; and

(D) the amount of travel that is required of FAA inspectors in receiving training.

(3) REPORT.—Not later than 1 year after the date of enactment of this Act [Dec. 12, 2003], the Comptroller General shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study.

(b) SENSE OF THE HOUSE.—It is the sense of the House of Representatives that—

(1) FAA inspectors should be encouraged to take the most up-to-date initial and recurrent training on the latest aviation technologies;

(2) FAA inspector training should have a direct relation to an individual’s job requirements; and

(3) if possible, a FAA inspector should be allowed to take training at the location most convenient for the inspector.

(c) WORKLOAD OF INSPECTORS.—

(1) STUDY BY NATIONAL ACADEMY OF SCIENCES.—Not later than 90 days after the date of enactment of this Act [Dec. 12, 2003], the Administrator of the Federal Aviation Administration shall make appropriate arrangements for the National Academy of Sciences to conduct a study of the assumptions and methods used by the Federal Aviation Administration to estimate staffing standards for FAA inspectors to ensure proper oversight over the aviation industry, including the designee program.

(2) CONTENTS.—The study shall include the following:

(A) A suggested method of modifying FAA inspectors staffing models for application to current local conditions or applying some other approach to developing an objective staffing standard.

(B) The approximate cost and length of time for developing such models.

(3) REPORT.—Not later than 12 months after the initiation of the arrangements under subsection (a),
the National Academy of Sciences shall transmit to Congress a report on the results of the study.

AIR TRANSPORTATION OVERSIGHT SYSTEM

Pub. L. 106–181, title V, §513, Apr. 5, 2000, 114 Stat. 144, provided that:

“(a) REPORT.—Not later than August 1, 2000, the Administrator of the Federal Aviation Administration shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the progress of the Federal Aviation Administration in implementing the air transportation oversight system, including in detail the training of inspectors under the system, the number of inspectors using the system, air carriers subject to the system, and the budget for the system.

“(b) REQUIRED CONTENTS.—At a minimum, the report shall indicate—

“(1) any funding or staffing constraints that would adversely impact the Administration’s ability to continue to develop and implement the air transportation oversight system;

“(2) progress in integrating the aviation safety data derived from such system’s inspections with existing aviation data of the Administration in the safety performance analysis system of the Administration; and

“(3) the Administration’s efforts in collaboration with the aviation industry to develop and validate safety performance measures and appropriate risk weightings for such system.

“(c) UPDATE.—Not later than August 1, 2002, the Administrator shall update the report submitted under this section and transmit the updated report to the committees referred to in subsection (a).”

REGULATION OF ALASKA GUIDE PILOTS

“(a) IN GENERAL.—Beginning on the date of the enactment of this Act [Apr. 5, 2000], flight operations conducted by Alaska guide pilots shall be regulated under the general operating and flight rules contained in part 91 of title 14, Code of Federal Regulations.

“(b) RULEMAKING PROCEEDING.—

“(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding and issue a final rule to modify the general operating and flight rules referred to in subsection (a) by establishing special rules applicable to the flight operations conducted by Alaska guide pilots.

“(2) CONTENTS OF RULES.—A final rule issued by the Administrator under paragraph (1) shall require Alaska guide pilots—

“(A) to operate aircraft inspected no less often than after 125 hours of flight time;

“(B) to participate in an annual flight review, as described in section 61.56 of title 14, Code of Federal Regulations;

“(C) to have at least 500 hours of flight time as a pilot;

“(D) to have a commercial rating, as described in subpart F of part 61 of such title;

“(E) to hold at least a second-class medical certificate, as described in subpart C of part 67 of such title;

“(F) to hold a current letter of authorization issued by the Administrator; and

“(G) to take such other actions as the Administrator determines necessary for safety.

“(3) CONSIDERATION.—In making a determination to impose a requirement under paragraph (2)(G), the Administrator shall take into account the unique conditions associated with air travel in the State of Alaska to ensure that such requirements are not unduly burdensome.

“(c) DEFINITIONS.—In this section, the following definitions apply:

“(1) LETTER OF AUTHORIZATION.—The term ‘letter of authorization’ means a letter issued by the Administrator once every 5 years to an Alaska guide pilot certifying that the pilot is in compliance with general operating and flight rules applicable to the pilot.

“(2) ALASKA GUIDE PILOT.—The term ‘Alaska guide pilot’ means a pilot who—

“(A) conducts aircraft operations over or within the State of Alaska;

“(B) operates single engine, fixed-wing aircraft on floats, wheels, or skis, providing commercial hunting, fishing, or other guide services and related accommodations in the form of camps or lodges; and

“(C) transports clients by such aircraft incidental to hunting, fishing, or other guide services.”

AVIATION MEDICAL ASSISTANCE

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Aviation Medical Assistance Act of 1998’.

“SEC. 2. MEDICAL KIT EQUIPMENT AND TRAINING.

“Not later than 1 year after the date of the enactment of this Act [Apr. 24, 1998], the Administrator of the Federal Aviation Administration shall reevaluate regulations regarding: (1) the equipment required to be carried in medical kits of aircraft operated by air carriers; and (2) the training required of flight attendants in the use of such equipment, and, if the Administrator determines that such regulations should be modified as a result of such reevaluation, shall issue a notice of proposed rulemaking to modify such regulations.

“SEC. 3. REPORTS REGARDING DEATHS ON AIRCRAFT.

“(a) IN GENERAL.—During the 1-year period beginning on the 60th day following the date of the enactment of this Act [Apr. 24, 1998], a major air carrier shall make a good faith effort to obtain, and shall submit quarterly reports to the Administrator of the Federal Aviation Administration on the following:

“(1) The number of persons who died on aircraft of the air carrier, including any person who was declared dead after being removed from such an aircraft as a result of a medical incident that occurred on such aircraft;

“(2) The age of each such person.

“(3) Any information concerning cause of death that is available at the time such person died on such aircraft or is removed from the aircraft or that subsequently becomes known to the air carrier.

“(4) Whether or not the aircraft was diverted as a result of the death or incident.

“(5) Such other information as the Administrator may request as necessary to aid in a decision as to whether or not to require automatic external defibrillators in airports or on aircraft operated by air carriers, or both.

“(b) FORMAT.—The Administrator may specify a format for reports to be submitted under this section.

“SEC. 4. DECISION ON AUTOMATIC EXTERNAL DEFIBRILLATORS.

“(a) IN GENERAL.—Not later than 120 days after the last day of the 1-year period described in section 3, the Administrator of the Federal Aviation Administration shall make a decision on whether or not to require automatic external defibrillators on passenger aircraft operated by air carriers and whether or not to require automatic external defibrillators at airports.

“(b) FORM OF DECISION.—A decision under this section shall be in the form of a notice of proposed rulemaking requiring automatic external defibrillators in airports or on passenger aircraft operated by air carriers, or
both, or a recommendation to Congress for legislation
requiring such defibrillators or a notice in the Federal
Register that such defibrillators should not be required
in airports or on such aircraft. If a decision under this
section is in the form of a notice of proposed rule-
making, the Administrator shall make a final decision
not later than the 120th day following the date on
which comments are due on the notice of proposed rule-
making.

“(c) CONTENTS.—If the Administrator decides that
automatic external defibrillators should be required—

(1) on passenger aircraft operated by air carriers,
the proposed rulemaking or recommendation shall in-
clude—

(A) the size of the aircraft on which such
defibrillators should be required;

(B) the class flights (whether interstate, over-
seas, or foreign air transportation or any combina-
tion thereof) on which such defibrillators should
be required;

(C) the training that should be required for air
carrier personnel in the use of such defibrillators;

(D) the associated equipment and medication
that should be required to be carried in the aircraft
medical kit; and

(E) at airports, the proposed rulemaking or rec-
ommendation shall include—

(A) the size of the airport at which such
defibrillators should be required;

(B) the training that should be required for air-
port personnel in the use of such defibrillators; and

(C) the associated equipment and medication
that should be required at the airport.

(6) LIMITATION.—The Administrator may not require
automatic external defibrillators on helicopters and on
aircraft with a maximum payload capacity (as defined
in section 119.3 of title 14, Code of Federal Regulations)
of 7,500 pounds or less.

“(e) SPECIAL RULE.—If the Administrator decides
that automatic external defibrillators should be re-
quired at airports, the proposed rulemaking or rec-
ommendation shall provide that the airports are
responsible for providing the defibrillators.

‘‘SEC. 5. LIMITATIONS ON LIABILITY.

‘‘(a) LIABILITY OF AIR CARRIERS.—An air carrier shall
not be liable for damages in any action brought in a
Federal or State court arising out of the performance
of the air carrier in obtaining or attempting to obtain
the assistance of a passenger in an in-flight medical
emergency, or out of the acts or omissions of the pas-
senger rendering the assistance, if the passenger is not
an employee or agent of the carrier and the carrier in
good faith believes that the passenger is a medically
qualified individual.

‘‘(b) LIABILITY OF INDIVIDUALS.—An individual shall
not be liable for damages in any action brought in a
Federal or State court arising out of the acts or omis-
sions of the individual in providing or attempting to
provide assistance in the case of an in-flight medical
emergency unless the individual, while rendering such
assistance, is guilty of gross negligence or willful mis-
conduct.

‘‘SEC. 6. DEFINITIONS.

‘‘In this Act—

(1) the terms ‘air carrier’, ‘aircraft’, ‘airport’, ‘interstate air transportation’, ‘overseas air transpor-
tation’, and ‘foreign air transportation’ have the
meanings such terms have under section 40102 of title
49, United States Code;

(2) the term ‘major air carrier’ means an air car-
rrier certified under section 4102 of title 49, United
States Code, that accounted for at least 1 percent of
domestic scheduled-passenger revenues in the 12
months ending March 31 of the most recent year pre-
ceding the date of the enactment of this Act [Apr. 24,
1988], as reported to the Department of Transpor-
tation pursuant to part 241 of title 14 of the Code of
Federal Regulations; and

(3) the term ‘medically qualified individual’ in-
cludes any person who is licensed, certified, or other-
wise qualified to provide medical care in a State, in-
cluding a physician, nurse, physician assistant, para-
medic, and emergency medical technician.’’

DEFINITIONS

Stat. 3269, provided that: ‘‘In this title [see Tables for
classification], the following definitions apply:

‘‘(1) ADMINISTRATOR.—The term ‘Administrator’
means the Administrator of the FAA.

‘‘(2) FAA.—The term ‘FAA’ means the Federal
Aviation Administration.’’

§ 44702. Issuance of certificates

(a) GENERAL AUTHORITY AND APPLICATIONS.—
The Administrator of the Federal Aviation Ad-
ministration may issue airman certificates, de-
sign organization certificates, type certificates,
production certificates, airworthiness certificates,
air carrier operating certificates, airport
operating certificates, air agency certificates,
and air navigation facility certificates under this
chapter. An application for a certificate must—

(1) be under oath when the Administrator re-
quires; and

(2) be in the form, contain information, and
be filed and served in the way the Admin-
istrator prescribes.

(b) CONSIDERATIONS.—When issuing a certifi-
cate under this chapter, the Administrator shall—

(1) consider—

(A) the duty of an air carrier to provide
service with the highest possible degree of
safety in the public interest; and

(B) differences between air transportation
and other air commerce; and

(2) classify a certificate according to the dif-
fferences between air transportation and other
air commerce.

(c) PRIOR CERTIFICATION.—The Administrator
may authorize an aircraft, aircraft engine, pro-
peller, or appliance for which a certificate has
been issued authorizing the use of the aircraft,
aircraft engine, propeller, or appliance in air
transportation to be used in air commerce with-
out another certificate being issued.

(d) DELEGATION.—(1) Subject to regulations,
supervision, and review the Administrator may
prescribe, the Administrator may delegate to a
qualified private person, or to an employee
under the supervision of that person, a matter
related to—

(A) the examination, testing, and inspection
necessary to issue a certificate under this
chapter; and

(B) issuing the certificate.

(2) The Administrator may rescind a delega-
tion under this subsection at any time for any
reason the Administrator considers appropriate.

(3) A person affected by an action of a private
person under this subsection may apply for re-
consideration of the action by the Adminis-
trator. On the Administrator’s own initiative,
the Administrator may reconsider the action of
a private person at any time. If the Admin-
istrator decides on reconsideration that the ac-
tion is unreasonable or unwarranted, the Administrator shall change, modify, or reverse the action. If the Administrator decides the action is warranted, the Administrator shall affirm the action.

(4)(A) With respect to a critical system design feature of a transport category airplane, the Administrator may not delegate any finding of compliance with applicable airworthiness standards or review of any system safety assessment required for the issuance of a certificate, including a type certificate, or amended or supplemental type certificate, under section 44704, until the Administrator has reviewed and validated any underlying assumptions related to human factors.

(B) The requirement under subparagraph (A) shall not apply if the Administrator determines the matter involved is a routine task.

(C) For purposes of subparagraph (A), the term critical system design feature includes any feature (including a novel or unusual design feature) for which the failure of such feature, either independently or in combination with other failures, could result in catastrophic or hazardous failure conditions, as those terms are defined by the Administrator.

In this section, the word “Administrator” in sections 601(b), 602(a), 603(a)(1), 604(a), 606 (last sentence), 607 (last sentence), and 608 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 775, 776, 777, 778, 779) is retained on authority of 49:106(g).

In subsection (a), the reference to a type certificate and production certificate is added for clarity.

In subsection (b)(1), before subclause (A), the word “full” is omitted as surplus. In clause (1)(A), the word “provide” is substituted for “perform” for consistency in the revised title.

In subsection (d)(1), before clause (A), the words “In exercising the powers and duties vested in him by this chapter” and “properly” are omitted as surplus. The words “or employees” are omitted because of 1. The word “matter” is substituted for “work, business, or function” to eliminate unnecessary words. In clause (B), the words “in accordance with standards established by him” are omitted as surplus.

In subsection (d)(2), the words “made by him” are omitted as surplus.

In subsection (d)(3), the words “exercising delegated authority” and “with respect to the authority granted under subsection (a) of this section” are omitted as surplus. The words “at any time” are substituted for “either before or after it has become effective”, and the words “If the Administrator decides on reconsideration that the action is unreasonable or unwarranted” are substituted for “If, upon reconsideration by the Secretary of Transportation, it shall appear that the action in question is in any respect unjust or unwarranted”, to eliminate unnecessary words. The words “the action” are substituted for “the same accordingly”, and the words “If the Administrator decides the action is warranted, the Administrator shall affirm the action” are substituted for “otherwise, such action shall be affirmed”, for clarity. The text of 49 App.:1555(b) (proviso) is omitted as unnecessary because of 5:559 (last sentence).

### Amendments

### Effective Date of 2003 Amendment

Pub. L. 108–176, title II, §227(a), Dec. 12, 2003, 117 Stat. 2531, provided that the amendment made by section 227(a) is effective on the last day of the 7-year period beginning on Dec. 12, 2003.

### Development of Analytical Tools and Certification Methods

Pub. L. 108–176, title VII, §706, Dec. 12, 2003, 117 Stat. 2562, provided that: “The Federal Aviation Administration shall conduct research to promote the development of analytical tools to improve existing certification methods and to reduce the overall costs for the certification of new products.”

### §44703. Airman certificates

(a) GENERAL.—The Administrator of the Federal Aviation Administration shall issue an airman certificate to an individual when the Administrator finds, after investigation, that the individual is qualified for, and physically able to perform the duties related to, the position to be authorized by the certificate.

(b) CONTENTS.—(1) An airman certificate shall—
(A) be numbered and recorded by the Administrator of the Federal Aviation Administration;
(B) contain the name, address, and description of the individual to whom the certificate is issued;
(C) contain terms the Administrator decides are necessary to ensure safety in air commerce, including terms on the duration of the certificate, periodic or special examinations, and tests of physical fitness;
(D) specify the capacity in which the holder of the certificate may serve as an airman with respect to an aircraft; and
(E) designate the class the certificate covers.

(2) A certificate issued to a pilot serving in scheduled air transportation shall have the designation "airline transport pilot" of the appropriate class.

§ 44703

1. Administrator of the Federal Aviation Administration shall have the designation "airman" of the appropriate class.

2. The Administrator of the Federal Aviation Administration shall decide whether the individual meets the applicable regulations and standards. The Administrator is bound by that decision.

3. A person who is substantially affected by an order of the Board under this subsection, or the Administrator if the Administrator decides that an order of the Board will have a significant adverse impact on carrying out this subtitle, may seek judicial review of the order under section 46110. The Administrator shall be made a party to the judicial review proceedings. The findings of fact of the Board in any such case are conclusive if supported by substantial evidence.

(e) RESTRICTIONS AND PROHIBITIONS.—The Administrator of the Federal Aviation Administration may—

(1) restrict or prohibit issuing an airman certificate to an alien; or
(2) make issuing the certificate to an alien dependent on a reciprocal agreement with the government of a foreign country.

(f) CONTROLLED SUBSTANCE VIOLATIONS.—The Administrator of the Federal Aviation Administration may not issue an airman certificate to an individual whose certificate is revoked under section 44710 of this title except—

(1) when the Administrator decides that issuing the certificate will facilitate law enforcement efforts; and
(2) as provided in section 44710(e)(2) of this title.

(g) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for issuing airman certificates necessary to make the system more effective in serving the needs of airmen and officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)) and related to combating acts of terrorism. The modifications shall ensure positive and verifiable identification of each individual applying for or holding a certificate and shall address at least each of the following deficiencies in, and abuses of, the existing system:

(A) the use of fictitious names and addresses by applicants for those certificates.
(B) the use of stolen or fraudulent identification in applying for those certificates.
(C) the use by an applicant of a post office box or "mail drop" as a return address to evade identification of the applicant's address.
(D) the use of counterfeit and stolen airman certificates by pilots.
(E) the absence of information about physical characteristics of holders of those certificates.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of U.S. Customs and Border Protection, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.
(3) For purposes of this section, the term “acts of terrorism” means an activity that involves a violent act or an act dangerous to human life that is a violation of the criminal laws of the United States or of any State, or that would be a criminal violation if committed within the jurisdiction of the United States or of any State, and appears to be intended to intimidate or coerce a civilian population to influence the policy of a government by intimidation or coercion or to affect the conduct of a government by assassination or kidnaping.

(4) The Administrator is authorized and directed to work with State and local authorities, and other Federal agencies, to assist in the identification of individuals applying for or holding airmen certificates.

(h) RECORDS OF EMPLOYMENT OF PILOT APPLICANTS.—

(1) IN GENERAL.—Subject to paragraph (14), before allowing an individual to begin service as a pilot, an air carrier shall request and receive the following information:

(A) FAA RECORDS.—From the Administrator of the Federal Aviation Administration, records pertaining to the individual that are maintained by the Administrator concerning—

(i) current airmen certificates (including airmen medical certificates) and associated type ratings, including any limitations to those certificates and ratings; and

(ii) summaries of legal enforcement actions resulting in a finding by the Administrator of a violation of this title or a regulation prescribed or order issued under this title that was not subsequently overturned.

(B) AIR CARRIER AND OTHER RECORDS.—From any air carrier or other person (except a branch of the United States Armed Forces, the National Guard, or a reserve component of the United States Armed Forces) that has employed the individual as a pilot of a civil or public aircraft at any time during the 5-year period preceding the date of the employment application of the individual, or from the trustee in bankruptcy for such air carrier or person—

(i) records pertaining to the individual that are maintained by an air carrier (other than records relating to flight time, duty time, or rest time) under regulations set forth in—

(I) section 121.883 of title 14, Code of Federal Regulations;

(II) paragraph (A) of section VI, appendix I, part 121 of such title;

(III) paragraph (A) of section IV, appendix J, part 121 of such title;

(IV) section 125.401 of such title; and

(V) section 135.63(a)(4) of such title; and

(ii) other records pertaining to the individual’s performance as a pilot that are maintained by the air carrier or person concerning—

(I) the training, qualifications, proficiency, or professional competence of the individual, including comments and evaluations made by a check airmen designated in accordance with section 121.411, 125.295, or 135.337 of such title;

(II) any disciplinary action taken with respect to the individual that was not subsequently overturned; and

(III) any release from employment or resignation, termination, or disqualification with respect to employment.

(C) NATIONAL DRIVER REGISTER RECORDS.—In accordance with section 30305(b)(8) of this title, from the chief driver licensing official of a State, information concerning the motor vehicle driving record of the individual.

(2) WRITTEN CONSENT; RELEASE FROM LIABILITY.—An air carrier making a request for records under paragraph (1)—

(A) shall be required to obtain written consent to the release of those records from the individual that is the subject of the records requested; and

(B) may, notwithstanding any other provision of law or agreement to the contrary, require the individual who is the subject of the records to request to execute a release from liability for any claim arising from the furnishing of such records to or the use of such records by such air carrier (other than a claim arising from furnishing information known to be false and maintained in violation of a criminal statute).

(3) 5-YEAR REPORTING PERIOD.—A person shall not furnish a record in response to a request made under paragraph (1) if the record was entered more than 5 years before the date of the request, unless the information concerns a revocation or suspension of an airmen certificate or motor vehicle license that is in effect on the date of the request.

(4) REQUIREMENT TO MAINTAIN RECORDS.—The Administrator and air carriers shall maintain pilot records described in paragraphs (1)(A) and (1)(B) for a period of at least 5 years.

(5) RECEIPT OF CONSENT; PROVISION OF INFORMATION.—A person shall not furnish a record in response to a request made under paragraph (1) without first obtaining a copy of the written consent of the individual who is the subject of the records requested; except that, for purposes of paragraph (15), the Administrator may allow an individual designated by the Administrator to accept and maintain written consent on behalf of the Administrator for records requested under paragraph (1)(A). A person who receives a request for records under this subsection shall furnish a copy of all of such requested records maintained by the person not later than 30 days after receiving the request.

(6) RIGHT TO RECEIVE NOTICE AND COPY OF ANY RECORD FURNISHED.—A person who receives a request for records under paragraph (1) shall provide to the individual who is the subject of the records—

(A) on or before the 20th day following the date of receipt of the request, written notice of the request and of the individual’s right to receive a copy of such records; and
(B) in accordance with paragraph (10), a copy of such records, if requested by the individual.

(7) REASONABLE CHARGES FOR PROCESSING REQUESTS AND FURNISHING COPIES.—A person who receives a request under paragraph (1) or (6) may establish a reasonable charge for the cost of processing the request and furnishing copies of the requested records.

(8) STANDARD FORMS.—The Administrator shall promulgate—
(A) standard forms that may be used by an air carrier to request records under paragraph (1); and
(B) standard forms that may be used by an air carrier to—
(i) obtain the written consent of the individual who is the subject of a request under paragraph (1); and
(ii) inform the individual of—
(I) the request; and
(II) the individual right of that individual to receive a copy of any records furnished in response to the request.

(9) RIGHT TO CORRECT INACCURACIES.—An air carrier that maintains or requests and receives the records of an individual under paragraph (1) shall provide the individual with a reasonable opportunity to submit written comments to correct any inaccuracies contained in the records before making a final hiring decision with respect to the individual.

(10) RIGHT OF PILOT TO REVIEW CERTAIN RECORDS.—Notwithstanding any other provision of law or agreement, an air carrier shall, upon written request from a pilot who is or has been employed by such carrier, make available, within a reasonable time, but not later than 30 days after the date of the request, to the pilot for review, any and all employment records referred to in paragraph (1)(B)(i) or (ii) pertaining to the employment of the pilot.

(11) PRIVACY PROTECTIONS.—An air carrier that receives the records of an individual under paragraph (1) may use such records only to assess the qualifications of the individual in deciding whether or not to hire the individual as a pilot. The air carrier shall take such actions as may be necessary to protect the privacy of the pilot and the confidentiality of the records, including ensuring that information contained in the records is not divulged to any individual that is not directly involved in the hiring decision.

(12) PERIODIC REVIEW.—Not later than 18 months after the date of the enactment of the Pilot Records Improvement Act of 1996, and at least once every 3 years thereafter, the Administrator shall transmit to Congress a statement that contains, taking into account recent developments in the aviation industry—
(A) recommendations by the Administrator concerning proposed changes to Federal Aviation Administration records, air carrier records, and other records required to be furnished under subparagraphs (A) and (B) of paragraph (1); or
(B) reasons why the Administrator does not recommend any proposed changes to the records referred to in subparagraph (A).

(13) REGULATIONS.—The Administrator shall prescribe such regulations as may be necessary—
(A) to protect—
(i) the personal privacy of any individual whose records are requested under paragraph (1) and disseminated under paragraph (15); and
(ii) the confidentiality of those records;
(B) to preclude the further dissemination of records received under paragraph (1) by the person who requested those records; and
(C) to ensure prompt compliance with any request made under paragraph (1).

(14) SPECIAL RULES WITH RESPECT TO CERTAIN PILOTS.—
(A) PILOTS OF CERTAIN SMALL AIRCRAFT.—Notwithstanding paragraph (1), an air carrier, before receiving information requested about an individual under paragraph (1), may allow the individual to begin service for a period not to exceed 90 days as a pilot of an aircraft with a maximum payload capacity (as defined in section 119.3 of title 14, Code of Federal Regulations) of 7,500 pounds or less, or a helicopter, on a flight that is not a scheduled operation (as defined in such section). Before the end of the 90-day period, the air carrier shall obtain and evaluate such information. The contract between the carrier and the individual shall contain a term that provides that the continuation of the individual’s employment, after the last day of the 90-day period, depends on a satisfactory evaluation.

(B) GOOD FAITH EXCEPTION.—Notwithstanding paragraph (1), an air carrier, without obtaining information about an individual under paragraph (1)(B) from an air carrier or other person that no longer exists or from a foreign government or entity that employed the individual, may allow the individual to begin service as a pilot if the air carrier required to request the information has made a documented good faith attempt to obtain such information.

(15) ELECTRONIC ACCESS TO FAA RECORDS.—For the purpose of increasing timely and efficient access to Federal Aviation Administration records described in paragraph (1), the Administrator may allow, under terms established by the Administrator, an individual designated by the air carrier to have electronic access to a specified database containing information about such records. The terms shall limit such access to instances in which information in the database is required by the designated individual in making a hiring decision concerning a pilot applicant and shall require that the designated individual provide assurances satisfactory to the Administrator that information obtained using such access will not be used for any purpose other than making the hiring decision.

(I) APPLICABILITY.—This subsection shall cease to be effective on the date specified in regulations issued under subsection (i).

(I) FAA PILOT RECORDS DATABASE.—
(I) IN GENERAL.—Before allowing an individual to begin service as a pilot, an air car-
rrier shall access and evaluate, in accordance with the requirements of this subsection, information pertaining to the individual from the pilot records database established under paragraph (2).

(2) Pilot records database.—Not later than April 30, 2017, the Administrator shall establish and make available for use an electronic database (in this subsection referred to as the “database”) containing the following records:

(A) FAA records.—From the Administrator—

(i) records that are maintained by the Administrator concerning current airman certificates, including airman medical certificates and associated type ratings and information on any limitations to those certificates and ratings;

(ii) records that are maintained by the Administrator concerning any failed attempt of an individual to pass a practical test required to obtain a certificate or type rating under part 61 of title 14, Code of Federal Regulations; and

(iii) summaries of legal enforcement actions resulting in a finding by the Administrator of a violation of this title or a regulation prescribed or order issued under this title that was not subsequently overturned.

(B) Air carrier and other records.—From any air carrier or other person (except a branch of the Armed Forces, the National Guard, or a reserve component of the Armed Forces) that has employed an individual as a pilot of a civil or public aircraft, or from the trustee in bankruptcy for the air carrier or person—

(i) records pertaining to the individual that are maintained by the air carrier (other than records relating to flight time, duty time, or rest time) or person, including records under regulations set forth in—

(I) section 121.683 of title 14, Code of Federal Regulations;

(II) section 121.111(a) of such title;

(III) section 121.219(a) of such title;

(IV) section 125.401 of such title; and

(V) section 135.63(a)(4) of such title; and

(ii) other records pertaining to the individual’s performance as a pilot that are maintained by the air carrier or person concerning—

(I) the training, qualifications, proficiency, or professional competence of the individual, including comments and evaluations made by a check airman designated in accordance with section 121.411, 125.295, or 135.337 of such title;

(II) any disciplinary action taken with respect to the individual that was not subsequently overturned; and

(III) any release from employment or resignation, termination, or disqualification with respect to employment.

(C) National driver register records.—In accordance with section 30305(b)(8) of this title, from the chief driver licensing official of a State, information concerning the motor vehicle driving record of the individual.

(3) Written consent; release from liability.—An air carrier—

(A) shall obtain the written consent of an individual before accessing records pertaining to the individual under paragraph (1); and

(B) may, notwithstanding any other provision of law or agreement to the contrary, require an individual with respect to whom the carrier is accessing records under paragraph (1) to execute a release from liability for any claim arising from accessing the records or the use of such records by the air carrier in accordance with this section (other than a claim arising from furnishing information known to be false and maintained in violation of a criminal statute).

(4) Reporting.—

(A) Reporting by administrator.—The Administrator shall enter data described in paragraph (2)(A) into the database promptly to ensure that an individual’s records are current.

(B) Reporting by air carriers and other persons.—

(i) In general.—Air carriers and other persons shall report data described in paragraphs (2)(B) and (2)(C) to the Administrator promptly for entry into the database.

(ii) Data to be reported.—Air carriers and other persons shall report, at a minimum, under clause (i) the following data described in paragraph (2)(B):

(I) Records that are generated by the air carrier or other person after the date of enactment of this paragraph.

(II) Records that the air carrier or other person is maintaining, on such date of enactment, pursuant to subsection (h)(4).

(5) Requirement to maintain records.—The Administrator—

(A) shall maintain all records entered into the database under paragraph (2) pertaining to an individual until the date of receipt of notification that the individual is deceased; and

(B) may remove the individual’s records from the database after that date.

(6) Receipt of consent.—The Administrator shall not permit an air carrier to access records pertaining to an individual from the database under paragraph (1) without the air carrier first demonstrating to the satisfaction of the Administrator that the air carrier has obtained the written consent of the individual.

(7) Right of pilot to review certain records and correct inaccuracies.—Notwithstanding any other provision of law or agreement to the contrary, the Administrator, upon receipt of written request from an individual—

(A) shall make available, not later than 30 days after the date of the request, to the individual for review all records referred to in paragraph (2) pertaining to the individual; and
(B) shall provide the individual with a reasonable opportunity to submit written comments to correct any inaccuracies contained in the records.

(8) REASONABLE CHARGES FOR PROCESSING REQUESTS AND FURNISHING COPIES.—

(A) IN GENERAL.—The Administrator may establish a reasonable charge for the cost of processing a request under paragraph (1) or (7) and for the cost of furnishing copies of requested records under paragraph (7).

(B) CREDITING APPROPRIATIONS.—Funds received by the Administrator pursuant to this paragraph shall—

(i) be credited to the appropriation current when the amount is received;

(ii) be merged with and available for the purposes of such appropriation; and

(iii) remain available until expended.

(9) PRIVACY PROTECTIONS.—

(A) USE OF RECORDS.—An air carrier that accesses records pertaining to an individual under paragraph (1) may use the records only to assess the qualifications of the individual in deciding whether or not to hire the individual as a pilot. The air carrier shall take such actions as may be necessary to protect the privacy of the individual and the confidentiality of the records accessed, including ensuring that information contained in the records is not divulged to any individual that is not directly involved in the hiring decision.

(B) DISCLOSURE OF INFORMATION.—

(i) IN GENERAL.—Except as provided by clause (ii), information collected by the Administrator under paragraph (2) shall be exempt from the disclosure requirements of section 552(b)(3)(B) of title 5.

(ii) EXCEPTIONS.—Clause (i) shall not apply to—

(I) deidentified, summarized information to explain the need for changes in policies and regulations;

(II) information to correct a condition that compromises safety;

(III) information to carry out a criminal investigation or prosecution;

(IV) information to comply with section 49605, regarding information about threats to civil aviation; and

(V) such information as the Administrator determines necessary, if withholding the information would not be consistent with the safety responsibilities of the Federal Aviation Administration.

(10) PERIODIC REVIEW.—Not later than 18 months after the date of enactment of this paragraph, and at least once every 3 years thereafter, the Administrator shall transmit to Congress a statement that contains, taking into account recent developments in the aviation industry—

(A) recommendations by the Administrator concerning proposed changes to Federal Aviation Administration records, air carrier records, and other records required to be included in the database under paragraph (2); or

(B) reasons why the Administrator does not recommend any proposed changes to the records referred to in subparagraph (A).

(11) REGULATIONS FOR PROTECTION AND SECURITY OF RECORDS.—The Administrator shall prescribe such regulations as may be necessary—

(A) to protect and secure—

(i) the personal privacy of any individual whose records are accessed under paragraph (1); and

(ii) the confidentiality of those records; and

(B) to preclude the further dissemination of records received under paragraph (1) by the person who accessed the records.

(12) GOOD FAITH EXCEPTION.—Notwithstanding paragraph (1), an air carrier may allow an individual to begin service as a pilot, without first obtaining information described in paragraph (2)(b) from the database pertaining to the individual, if—

(A) the air carrier has made a documented good faith attempt to access the information from the database; and

(B) the air carrier has received written notice from the Administrator that the information is not contained in the database because the individual was employed by an air carrier or other person that no longer exists or by a foreign government or other entity that has not provided the information to the database.

(13) LIMITATIONS ON ELECTRONIC ACCESS TO RECORDS.—

(A) ACCESS BY INDIVIDUALS DESIGNATED BY AIR CARRIERS.—For the purpose of increasing timely and efficient access to records described in paragraph (2), the Administrator may allow, under terms established by the Administrator, an individual designated by an air carrier to have electronic access to the database.

(B) TERMS.—The terms established by the Administrator under subparagraph (A) for allowing a designated individual to have electronic access to the database shall limit such access to instances in which information in the database is required by the designated individual in making a hiring decision concerning a pilot applicant and shall require that the designated individual provide assurances satisfactory to the Administrator that—

(i) the designated individual has received the written consent of the pilot applicant to access the information; and

(ii) information obtained using such access will not be used for any purpose other than making the hiring decision.

(14) AUTHORIZED EXPENDITURES.—Of amounts appropriated under section 106(k)(1), a total of $6,000,000 for fiscal years 2010 through 2013 may be used to carry out this subsection.

(15) REGULATIONS.—

(A) IN GENERAL.—The Administrator shall issue regulations to carry out this subsection.

(B) EFFECTIVE DATE.—The regulations shall specify the date on which the require-
ments of this subsection take effect and the
date on which the requirements of sub-
section (h) cease to be effective.
(C) EXCEPTIONS.—Notwithstanding sub-
paragraph (B)—
(i) the Administrator shall begin to es-

tablish the database under paragraph (2)
not later than 90 days after the date of en-
actment of this paragraph;
(ii) the Administrator shall maintain
records in accordance with paragraph (5)
beginning on the date of enactment of this
paragraph; and
(iii) air carriers and other persons shall
maintain records to be reported to the
database under paragraph (4)(B) in the pe-
riod beginning on such date of enactment
and ending on the date that is 5 years after
the requirements of subsection (h) cease to
be effective pursuant to subparagraph (B).

(16) SPECIAL RULE.—During the one-year
period beginning on the date on which the re-
quirements of this section become effective
pursuant to paragraph (15)(B), paragraph (7)(A)
shall be applied by substituting “45 days” for
“30 days”.

(j) LIMITATIONS ON LIABILITY: PREEMPTION
OF STATE LAW.—

(1) LIMITATION ON LIABILITY.—No action
or proceeding may be brought by or on behalf of
an individual who has applied for or is seek-
ing a position with an air carrier as a pilot and
who has signed a release from liability, as pro-
vided for under subsection (h)(2) or (i)(3),
against—
(A) the air carrier requesting the records
of that individual under subsection (h)(1) or
accessing the records of that individual
under subsection (i)(1);
(B) a person who has complied with such
request;
(C) a person who has entered information
contained in the individual’s records; or
(D) an agent or employee of a person de-
scribed in subparagraph (A) or (B);
in the nature of an action for defamation, in-
vasion of privacy, negligence, interference
with contract, or otherwise, or under any Fed-
eral or State law with respect to the fur-

ishing or use of such records in accordance
with subsection (h) or (i).

(2) PREEMPTION.—No State or political sub-
division thereof may enact, prescribe, issue,
continue in effect, or enforce any law (includ-
ing any regulation, standard, or other provi-
sion having the force and effect of law) that
prohibits, penalizes, or imposes liability for
furnishing or using records in accordance with
subsection (h) or (i).

(3) PROVISION OF KNOWNLY FALSE INFOR-
MATION.—Parasgraph (1) and (2) shall not apply
with respect to a person who furnishes infor-
mation in response to a request made under
subsection (h)(1) or who furnished information
to the database established under subsection
(h)(2), that—
(A) the person knows is false; and
(B) was maintained in violation of a crimini-

al statute of the United States.

(4) PROHIBITION ON ACTIONS AND PROCEEDINGS
AGAINST AIR CARRIERS.—

(A) HIRING DECISIONS.—An air carrier may
refuse to hire an individual as a pilot if the
individual did not provide written consent
for the air carrier to receive records under
subsection (h)(2)(A) or (i)(3)(A) or did not
execute the release from liability requested
under subsection (h)(2)(B) or (i)(3)(B).

(B) ACTIONS AND PROCEEDINGS.—No action
or proceeding may be brought against an air
carrier by or on behalf of an individual who
has applied for or is seeking a position as a
pilot with the air carrier if the air carrier
refused to hire the individual after the indi-
vidual did not provide written consent for
the air carrier to receive records under sub-
section (h)(2)(A) or (i)(3)(A) or did not exe-
cute a release from liability requested under
subsection (h)(2)(B) or (i)(3)(B).

(k) LIMITATION ON STATUTORY CONSTRUCTION.—
Nothing in subsection (h) or (i) shall be con-
strued as precluding the availability of the
records of a pilot in an investigation or other
proceeding concerning an accident or incident
conducted by the Administrator, the National
Transportation Safety Board, or a court.

HISTORICAL AND REVISION NOTES

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>
In subsections (a)–(d), the word “Administrator” in section 692(a), (b)(1), and (c) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 766) is retained on authority of 49:106(g).

In subsection (a), the text of 49 App.1422(b) (1st sentence) is omitted as surplus. The words “is qualified” are substituted for “possesses proper qualifications” to eliminate unnecessary words. The words “to be authorized” by the certificate” are substituted for “for which the airman certificate is sought” for clarity.

In subsection (b)(1)(C), the words “conditions, and limitations” are omitted as being included in “terms”.

In subsection (b)(1)(E), the word “designate” is substituted for “be entitled with the designation of” to eliminate unnecessary words.

In subsection (c)(1), before clause (A), the words “may appeal . . . to” are substituted for “may file with . . . a person for review of the Secretary of Transportation’s action” for consistency with section 1109 of the revised title. The words “the individual holds a certificate that” are substituted for “persons whose certificates” for clarity.

In subsection (c)(2), the words “conduct a hearing on the appeal” are substituted for “thereupon assign such petition for hearing” for consistency. The words “in the conduct of such hearing and in determining whether the airman meets the pertinent rules, regulations, or standards” are omitted as surplus. The word “Administrator” is substituted for “Federal Aviation Administration” because of 49:106(b) and (g). The words “meets the applicable regulations” are substituted for “meets the pertinent rules, regulations” because “rules” and “regulations” are synonymous and for consistency in the revised title.

In subsection (d), before clause (1), the words “in his discretion” are omitted as surplus. In clause (2), the words “the terms of” and “entered into” are omitted as surplus. The words “government of a foreign country” are substituted for “foreign governments” for consistency in the revised title and with other titles of the United States Code.

In subsection (e)(1), before clause (A), the words “established under this chapter” and “to pilots” are omitted as surplus.

In subsection (g)(2), the words “Not later than September 18, 1989” and “final” are omitted as obsolete. The words “Administrator of Drug Enforcement” are substituted for “Drug Enforcement Administration of the Department of Justice” because of section 504 of Reorganization Plan No. 2 of 1973 (eff. July 1, 1973, 37 Stat. 1992). The words “Commissioner of Customs” are substituted for “United States Customs Service” because of 19:2971.

**REFERENCES IN TEXT**

The date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, referred to in subsec. (c)(1), (3), is the date of enactment of Pub. L. 106–181, which was approved Apr. 5, 2000.

The date of the enactment of the Pilot Records Improvement Act of 1996, referred to in subsec. (h)(12), is the date of enactment of Pub. L. 104–264, which was approved Oct. 9, 1996.

The date of enactment of this paragraph, referred to in subsec. (1)(A)(B)(i)(10), (15), (C), is the date of enactment of Pub. L. 111–216, which was approved Aug. 1, 2010.

**CODIFICATION**

**AMENDMENTS**

2012—Subsec. (i)(2). Pub. L. 112–153 struck out “but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law” after “Federal Aviation Administration.”

Subsec. (j)(2). Pub. L. 111–216, §203(c)(1)(C), as amended by Pub. L. 111–249, §6(3), substituted “subsection (h) or (i)” for “subsection (h)”.

Subsec. (k). Pub. L. 111–216, §203(c)(2), as amended by Pub. L. 111–249, §6(4), substituted “subsection (h) or (i)” for “subsection (h)”.

2001—Subsec. (g)(1). Pub. L. 107–71, §129(a), in first sentence, substituted “needs of airmen” for “needs of pilots” and inserted “and related to combating acts of terrorism” before period at end.

Subsec. (g)(3). (d). Pub. L. 107–71, §129(2), added paras. (3) and (4).

Subsec. (h) to (j). Pub. L. 107–71, §§130(b), 140(a), amended section identically, redesignating subsecs. (f) to (h) of section 4906 of this title as subssecs. (h) to (j), respectively, of this section, and substituting “subsection (h)” for “subsection (f)” wherever appearing in subssecs. (i) and (j). See Codification note above.

2000—Subsecs. (c) to (g). Pub. L. 106–181 added subsec. (c) and redesignated former subsec. (c) to (f) as (d) to (g), respectively.

**CHANGE OF NAME**

“Commissioner of U.S. Customs and Border Protection” substituted for “Commissioner of Customs” in subsec. (g)(2) on authority of section 802(d)(2) of Pub. L. 114–125, set out as a note under section 211 of Title 6, Domestic Security.

**EFFECTIVE DATE OF 2010 AMENDMENT**

**HISTORICAL AND REVISION NOTES—CONTINUED**

**Revised Section** | **Source (U.S. Code)** | **Source (Statutes at Large)** |
---|---|---|
§ 44703 | Nov. 18, 1988, Pub. L. 100–600, §7207(a) (1st sentence), (h), 102 Stat. 4472.
L. 111–249 are effective as of Aug. 1, 2010, and as if included in Pub. L. 111–316 as enacted.

**Effective Date of 2000 Amendment**

**Transfer of Functions**

For transfer of functions, personnel, assets, and liabilities of the United States Customs Service of the Department of the Treasury, including functions of the Secretary of the Treasury relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(1), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6, and the Domestic Customs and Border Protection in the Department of Homeland Security, treated as if included in Pub. L. 107–296 as of Nov. 25, 2002, see section 211 of Title 6, as amended generally by Pub. L. 114–125, and section 802(b) of Pub. L. 114–125, set out as a note under section 211 of Title 6.

**Deemed References to Chapters 509 and 511 of Title 31**

General references to “this title” deemed to refer also to chapters 509 and 511 of Title 31, National and Commercial Space Programs, see section 4(d)(8) of Pub. L. 115–249, are effective as of Aug. 25, 2018, and as if included in Pub. L. 111–249 as enacted.

**Portability of Repairman Certificates**

Pub. L. 115–254, div. B, title V, §582, Oct. 5, 2018, 132 Stat. 3359, provided that: “(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] shall assign to the Aviation Rulemaking Advisory Committee the task of making recommendations with respect to the regulatory and policy changes necessary to ensure an adequate number of designated pilot examiners and to apply to an operator of an air balloon to the same extent such regulations apply to a pilot flight crew-member of other aircraft.

‘‘(b) AIR BALLOON DEFINED.—In this section, the term ‘air balloon’ has the meaning given the term ‘balloon’ in section 1.1 of title 14, Code of Federal Regulations (or any corresponding similar regulation or rule).’’

**Designated Pilot Examiner Reforms**

Pub. L. 115–254, div. B, title III, §519, Oct. 5, 2018, 132 Stat. 3369, provided that: “(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] shall assign to the Aviation Rulemaking Advisory Committee (in this section referred to as the ‘Committee’) the task of reviewing all regulations and policies related to designated pilot examiners appointed under section 183.23 of title 14, Code of Federal Regulations. The Committee shall focus on the processes and requirements by which the FAA [Federal Aviation Administration] selects, trains, and deploys individuals as designated pilot examiners, and provide recommendations with respect to the regulatory and policy changes necessary to ensure an adequate number of designated pilot examiners are deployed and available to perform their duties. The Committee also shall make recommendations with respect to the regulatory and policy changes if necessary to allow a designated pilot examiner perform a daily limit of 3 new check rides with no limit for partial check rides and to serve as a designated pilot examiner without regard to any individual managing office.

‘‘(b) ACTION BASED ON RECOMMENDATIONS.—Not later than 1 year after receiving recommendations under subsection (a), the Administrator shall take such action as the Administrator considers appropriate with respect to those recommendations.’’

**Public Aircraft Eligible for Logging Flight Times**

**Medical Certification of Certain Small Aircraft Pilots**

Pub. L. 114–190, title II, §2307, July 15, 2016, 130 Stat. 641, provided that: “(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act (July 15, 2016), the Administrator of the Federal Aviation Administration shall issue or revise regulations to ensure that an individual may operate as pilot in command of a covered aircraft if—

‘‘(1) the individual possesses a valid driver’s license issued by a State, territory, or possession of the United States and complies with all medical requirements or restrictions associated with that license;

‘‘(2) the individual holds a medical certificate issued by the Federal Aviation Administration on the date of enactment of this Act, held such a certificate at any point during the 10-year period preceding such date of enactment, or obtains such a certificate after such date of enactment;

‘‘(3) the most recent medical certificate issued by the Federal Aviation Administration to the individual—

‘‘(A) indicates whether the certificate is first, second, or third class;

‘‘(B) may include authorization for special issuance;

‘‘(C) may be expired;

‘‘(D) cannot have been revoked or suspended; and

‘‘(E) cannot have been withdrawn;

‘‘(4) the most recent application for airman medical certification submitted to the Federal Aviation Administration by the individual cannot have been completed and denied;

‘‘(5) the individual has completed a medical education course described in subsection (c) during the 24 calendar months before acting as pilot in command of a covered aircraft and demonstrates proof of completion of the course;

‘‘(6) the individual, when serving as a pilot in command, is under the care and treatment of a physician if the individual has been diagnosed with any medical condition that may impact the ability of the individual to fly;

‘‘(7) the individual has received a comprehensive medical examination from a State-licensed physician during the previous 48 months and-

‘‘(A) prior to the examination, the individual—

‘‘(i) completed the individual’s section of the checklist described in subsection (b); and
“(ii) provided the completed checklist to the physician performing the examination; and
“(B) the physician conducted the comprehensive medical examination in accordance with the checklist described in subsection (b), checking each item specified during the examination and addressing, as medically appropriate, every medical condition listed, and any medications the individual is taking; and
“(8) the individual is operating in accordance with the following conditions:
“(A) The covered aircraft is carrying not more than 5 passengers.
“(B) The individual is operating the covered aircraft under visual flight rules or instrument flight rules.
“(C) The flight, including each portion of that flight, is not carried out—
“(i) for compensation or hire, including that no passenger or property on the flight is being carried for compensation or hire;
“(ii) at an altitude that is more than 18,000 feet above mean sea level;
“(iii) outside the United States, unless authorized by the country in which the flight is conducted; or
“(iv) at an indicated air speed exceeding 250 knots.

“(B) COMPREHENSIVE MEDICAL EXAMINATION.—
“(1) In general.—Not later than 180 days after the date of enactment of this Act [July 15, 2016], the Administrator shall develop a checklist for an individual to complete and provide to the physician performing the comprehensive medical examination required in subsection (a)(7).
“(2) REQUIREMENTS.—The checklist shall contain—
“(A) a section, for the individual to complete that contains—
“(i) boxes 3 through 13 and boxes 16 through 19 of the Federal Aviation Administration Form 858 (3-90); and
“(ii) a signature line for the individual to affirm that—
“(I) the answers provided by the individual on that checklist, including the individual’s answers regarding medical history, are true and complete;
“(II) the individual understands that he or she is prohibited under Federal Aviation Administration regulations from acting as pilot in command, or any other capacity as a required flight crew member, if he or she knows or has reason to know of any medical deficiency or medically disqualifying condition that would make the individual unable to operate the aircraft in a safe manner; and
“(III) the individual is aware of the regulations pertaining to the prohibition on operations during medical deficiency and has no medically disqualifying conditions in accordance with applicable law;
“(B) a section with instructions for the individual to perform the comprehensive medical examination required in subsection (a)(7); and
“(C) a section, for the physician to complete, that instructs the physician—
“(i) to perform a clinical examination of—
“(I) head, face, neck, and scalp;
“(II) nose, sinuses, mouth, and throat;
“(III) ears, general (internal and external canals), and eardrums (perforation);
“(IV) eyes (general), ophthalmoscopic, pupils (equality and reaction), and ocular motility (associated parallel movement, nystagmus);
“(V) lungs and chest (not including breast examination);
“(VI) heart (precordial activity, rhythm, sounds, and murmurs);
“(VII) vascular system (pulse, amplitude, character, and arms, legs, and others);
“(VIII) abdomen and viscera (including hernia);
“(IX) anus (not including digital examination);
“(X) skin;
“(XI) G–U system (not including pelvic examination);
“(XII) upper and lower extremities (strength and range of motion);
“(XIII) spine and other musculoskeletal;
“(XIV) identifying body marks, scars, and tattoos (size and location);
“(XV) lymphatics;
“(XVI) neurologic (tendon reflexes, equilibrium, senses, cranial nerves, and coordination, etc.);
“(XVII) psychiatric (appearance, behavior, mood, communication, and memory);
“(XVIII) general systemic;
“(XIX) hearing;
“(XX) vision (distant, near, and intermediate vision, field of vision, color vision, and ocular alignment);
“(XXI) blood pressure and pulse; and
“(XXII) anything else the physician, in his or her medical judgment, considers necessary;
“(ii) to exercise medical discretion to address, as medically appropriate, any medical conditions identified, and to exercise medical discretion in determining whether any medical tests are warranted as part of the comprehensive medical examination;
“(iii) to discuss all drugs the individual reports taking (prescription and nonprescription) and their potential to interfere with the safe operation of an aircraft or motor vehicle;
“(iv) to sign the checklist, stating: ‘I certify that I discussed all items on this checklist with the individual during my examination, discussed any medications the individual is taking that could interfere with their ability to safely operate an aircraft or motor vehicle, and performed an examination that included all of the items on this checklist. I certify that I am not aware of any medical condition that, as presently treated, could interfere with the individual’s ability to safely operate an aircraft.’; and
“(v) to provide the date the comprehensive medical examination was completed, and the physician’s full name, address, telephone number, and State medical license number.
“(3) LOGBOOK.—The completed checklist shall be retained in the individual’s logbook and made available on request.
“(c) MEDICAL EDUCATION COURSE REQUIREMENTS.—The medical education course described in this subsection shall—
“(1) be available on the Internet free of charge;
“(2) be developed and periodically updated in coordination with representatives of relevant nonprofit and not-for-profit general aviation stakeholder groups;
“(3) educate pilots on conducting medical self-assessments;
“(4) advise pilots on identifying warning signs of potential serious medical conditions;
“(5) identify risk mitigation strategies for medical conditions;
“(6) increase awareness of the impacts of potentially impairing over-the-counter and prescription drug medications;
“(7) encourage regular medical examinations and consultations with primary care physicians;
“(8) inform pilots of the regulations pertaining to the prohibition on operations during medical deficiency and medically disqualifying conditions;
“(9) provide the checklist developed by the Federal Aviation Administration in accordance with subsection (b); and
“(10) upon successful completion of the course, electronically provide to the individual and transmit to the Federal Aviation Administration—
“(A) a certification of completion of the medical education course, which shall be printed and retained in the individual’s logbook and made available upon request, and shall contain the individual’s name, address, and airman certificate number; “(B) subject to subsection (d), a release authorizing the National Driver Register through a designated State Department of Motor Vehicles to furnish to the Federal Aviation Administration information pertaining to the individual’s driving record; “(C) a certification by the individual that the individual is under the care and treatment of a physician if the individual has been diagnosed with any medical condition that may impact the ability of the individual to fly, as required under subsection (a)(6); “(D) a form that includes— “(i) the name, address, telephone number, and airman certificate number of the individual; “(ii) the name, address, telephone number, and State medical license number of the physician performing the comprehensive medical examination required in subsection (a)(7); “(iii) the date of the comprehensive medical examination required in subsection (a)(7); and “(iv) a certification by the individual that the checklist described in subsection (b) was followed and signed by the physician in the comprehensive medical examination required in subsection (a)(7); and “(E) a statement, which shall be printed, and signed by the individual certifying that the individual understands the existing prohibition on operations during medical deficiency by stating: ‘I understand that I cannot act as pilot in command, or any other capacity, as a required flight crew member, if I know or have reason to know of any medical condition that would make me unable to operate the aircraft in a safe manner.’; “(d) NATIONAL DRIVER REGISTER.—The authorization under subsection (c)(10)(B) shall be an authorization for a single access to the information contained in the National Driver Register. “(e) SPECIAL ISSUANCE PROCESS.— “(1) IN GENERAL.—An individual who has qualified for the third-class medical certificate exemption under subsection (a) and is seeking to serve as a pilot in command of a covered aircraft shall be required to have completed the process for obtaining an Authorization for Special Issuance of a Medical Certificate, after the date of enactment of this Act, the Administrator shall consult with aviation, medical, and union stakeholders. “(2) SPECIAL RULE FOR CARDIOVASCULAR CONDITIONS.—In the case of an individual with a cardiovascular condition, the process for obtaining an Authorization for Special Issuance of a Medical Certificate shall be satisfied with the successful completion of an appropriate clinical evaluation without a mandatory waiting period. “(3) SPECIAL RULE FOR MENTAL HEALTH CONDITIONS.— “(A) IN GENERAL.—In the case of an individual with a clinically diagnosed mental health condition, the third-class medical certificate exemption under subsection (a) shall not apply if— “(i) in the judgment of the individual’s State-licensed medical specialist, the condition— “(I) renders the individual unable to safely perform the duties or exercise the airman privileges described in subsection (a)(8); or “(II) may reasonably be expected to make the individual unable to perform the duties or exercise the privileges described in subsection (a)(8); or “(B) CERTIFICATION.—Subject to subparagraph (A), an individual clinically diagnosed with a mental health condition shall certify every 2 years, in conjunction with the certification under subsection (c)(10)(C), that the individual is under the care of a State-licensed medical specialist for that mental health condition. “(4) SPECIAL RULE FOR NEUROLOGICAL CONDITIONS.— “(A) IN GENERAL.—In the case of an individual with a clinically diagnosed neurological condition, the third-class medical certificate exemption under subsection (a) shall not apply if— “(i) in the judgment of the individual’s State-licensed medical specialist, the condition— “(I) renders the individual unable to safely perform the duties or exercise the airman privileges described in subsection (a)(8); or “(II) may reasonably be expected to make the individual unable to perform the duties or exercise the privileges described in subsection (a)(8); or “(ii) the individual’s driver’s license is revoked by the issuing agency as a result of a clinically diagnosed mental health condition. “(B) CERTIFICATION.—Subject to subparagraph (A), an individual clinically diagnosed with a neurological condition shall certify every 2 years, in conjunction with the certification under subsection (c)(10)(C), that the individual is under the care of a State-licensed medical specialist for that neurological condition. “(1) IDENTIFICATION OF ADDITIONAL MEDICAL CONDITIONS FOR CACI PROGRAM.— “(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [July 15, 2016], the Administrator shall review and identify additional medical conditions that could be added to the program known as the Conditions AMEs Can Issue (CACI) program. “(2) CONSULTATIONS.—In carrying out paragraph (1), the Administrator shall consult with aviation, medical, and union stakeholders. “(3) REPORT REQUIRED.—Not later than 180 days after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on
Transportation and Infrastructure of the House of Representatives] a report listing the medical conditions that have been added to the CACI program under paragraph (1).

"(g) EXPEDITED AUTHORIZATION FOR SPECIAL I ssuance of a Medical Certificate.—

"(1) IN GENERAL.—The Administrator shall imple- ment procedures to expedite the process for obtaining an Authorization for Special Issuance of a Medical Certificate under section 67.403 of title 14, Code of Federal Regulations.

"(2) CONSULTATIONS.—In carrying out paragraph (1), the Administrator shall consult with aviation, medical, and union stakeholders.

"(3) REPORT REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report describing how the procedures implemented under paragraph (1) will streamline the pro- cess for obtaining an Authorization for Special Issuance of a Medical Certificate and reduce the amount of time needed to review and decide special issuance cases.

"(h) REPORT REQUIRED.—Not later than 5 years after the date of enactment of this Act, the Administrator, in coordination with the National Transportation Safe- ty Board, shall submit to the appropriate committees of Congress a report that describes the effect of the reg- ulations issued or revised under subsection (a) and includes statistics with respect to changes in small aircraft activity and safety incidents.

"(i) Prohibition on Enforcement Actions.—Begin- ning on the date that is 1 year after the date of enact- ment of this Act, the Administrator may not take an enforcement action for not holding a valid third-class medical certificate against a pilot of a covered aircraft for a flight if the pilot and the flight meet, through a good faith effort, the applicable requirements under subsection (a), except paragraph (5) of that subsection, unless the Administrator has published final regul- ations in the Federal Register under that subsection.

"(j) COVERED AIRCRAFT DEFINED.—In this section, the term ‘covered aircraft’ means an aircraft that—

"(1) is authorized under Federal law to carry not more than 6 occupants; and

"(2) has a maximum certificated takeoff weight of not more than 6,000 pounds.

"(k) OPERATIONS COVERED.—The provisions and re- quirements covered in this section do not apply to pi- lots who elect to operate under the medical require- ments under subsection (b) or subsection (c) of section 61.23 of title 14, Code of Federal Regulations.

"(l) AUTHORITY TO REQUIRE ADDITIONAL INFOR- MATION.—

"(1) IN GENERAL.—If the Administrator receives credible or urgent information, including from the National Driver Register or the Administrator’s Safety Hotline, that reflects on an individual’s ability to safely operate a covered aircraft under the third-class medical certificate exemption in subsection (a), the Administrator may require the individual to provide additional information or history so that the Admin- istrator may determine whether the individual is safe to continue operating a covered aircraft.

"(2) USE OF INFORMATION.—The Administrator may use credible or urgent information received under paragraph (1) to request an individual to provide additional information or to take actions under section 44709(b) of title 49, United States Code.

FEDERAL AVIATION ADMINISTRATION ENFORCEMENT PROCEDURES AND ELIMINATION OF DIFFERENCE

"(a) IN GENERAL.—Any proceeding conducted under subsection C, D, or F of part 821 of title 49, Code of Federal Regulations, relating to denial, amendment, modification, or revocation of an airman certificate, shall be conducted, to the extent practicable, in accord-
under this subparagraph, the Administrator shall:

"(1) request the contractor to provide the requested information and

"(II) upon receiving such information, transmitting the information to the requesting individual in a timely manner.

"(5) NOTIFICATION.—Except when the Administrator determines that an emergency exists under section 44709(e)(2) or 46105(c) [of title 49, United States Code], the Administrator may not proceed against an individual that is the subject of an investigation described in paragraph (1) during the 30-day period beginning on the date on which the air traffic data required under paragraph (4) is made available to the individual.

"(c) AMENDMENTS TO TITLE 49.—

"(1) AIRMAN CERTIFICATES.—[Amended this section.]

"(2) AMENDMENTS, MODIFICATIONS, SUSPENSIONS, AND REVOCATIONS OF CERTIFICATES.—[Amended section 44709 of this title.]

"(3) REVOCATION OF AIRMAN CERTIFICATES FOR CONTROLLED SUBSTANCE VIOLATIONS.—[Amended section 44710 of this title.]

"(4) APPEAL FROM CERTIFICATE ACTIONS.—

"(1) IN GENERAL.—Upon a decision by the National Transportation Safety Board upholding an order or a final decision by the Administrator denying an airman certificate under section 44709(d) of title 49, United States Code, or imposing a punitive civil action or an emergency order of revocation under subsections (d) and (e) of section 44709 of such title, an individual substantially affected by an order of the Board may, at the individual's election, file an appeal in the United States district court in which the individual resides or in which the action in question occurred, or in the United States District Court for the District of Columbia. If the individual substantially affected by an order of the Board elects not to file an appeal in a United States district court, the individual may file an appeal in an appropriate United States court of appeals.

"(2) EMERGENCY ORDER PENDING JUDICIAL REVIEW.—Subsequent to a decision by the Board to uphold an Administrator's emergency order under section 44709(e)(2) of title 49, United States Code, and absent a stay of the enforcement of that order by the Board, the emergency order of amendment, modification, suspension, or revocation of a certificate shall remain in effect, pending the exhaustion of an appeal to a Federal district court as provided in this Act [amending this section and sections 44709 and 44710 of this title and enacting provisions set out as notes under this section and sections 40101 and 44701 of this title].

"(e) STANDARDS OF REVIEW.—

"(1) IN GENERAL.—In an appeal filed under subsection (d) in a United States district court, the district court shall give full independent review of a denial, suspension, or revocation ordered by the Administrator, including substantive independent and expedited review of any decision by the Administrator to make such order effective immediately.

"(2) EVIDENCE.—A United States district court's review under paragraph (1) shall include in evidence any record of the proceeding before the Administrator and any record of the proceeding before the National Transportation Safety Board, including hearing testimony, transcripts, exhibits, decisions, and briefs submitted by the parties.

"(f) RELEASE OF INVESTIGATIVE REPORTS.—

"(1) IN GENERAL.—

"(A) EMERGENCY ORDERS.—In any proceeding conducted under part 821 of title 49, Code of Federal Regulations, relating to the amendment, modification, suspension, or revocation of an airman certificate, in which the Administrator issues an emergency order under subsection (d) or (e) of section 44709, section 44710, or section 46105(c) of title 49, United States Code, or another order that takes effect immediately, the Administrator shall provide, upon request, to the individual holding the airman certificate the releasable portion of the investigatory report at the time the Administrator issues the order. If the complete Report of Investigation is not available at the time of the request, the Administrator shall issue all portions of the report that are available at the time and shall provide the full report not later than 5 days after its completion.

"(B) OTHER ORDERS.—In any nonemergency proceeding conducted under part 821 of title 49, Code of Federal Regulations, relating to the amendment, modification, suspension, or revocation of an airman certificate, in which the Administrator notifies the certificate holder of a proposed certificate action under subsections (b) and (c) of section 44709 or section 44710 of title 49, United States Code, the Administrator shall, upon the written request of the covered certificate holder and at any time after notification of the proceeding to the covered certificate holder the releasable portion of the investigative report.

"(2) MOTION FOR DISMISSAL.—If the Administrator does not provide the releasable portions of the investigatory report to the individual holding the airman certificate subject to the proceeding referred to in paragraph (1) by the time required by that paragraph, the individual may move to dismiss the complaint of the Administrator or for other relief and, unless the Administrator establishes good cause for the failure to provide the investigatory report or for a lack of timeliness, the administrative law judge shall order such relief as the judge considers appropriate.

"(3) RELEASABLE PORTION OF INVESTIGATIVE REPORT.—For purposes of paragraph (1), the releasable portion of an investigatory report is all information in the report, except for the following:

"(A) Information that is privileged.

"(B) Information that constitutes work product or reflects internal deliberative process.

"(C) Information that would disclose the identity of a confidential source.

"(D) Information the disclosure of which is prohibited by any other provision of law.

"(E) Information that is not relevant to the subject matter of the proceeding.

"(F) Information the Administrator can demonstrate is withheld for good cause.

"(G) Sensitive security information, as defined in section 15.5 of title 49, Code of Federal Regulations (or any corresponding similar ruling or regulation).

"(4) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to prevent the Administrator from releasing to an individual subject to an investigation described in subsection (b)(1)—

"(A) information in addition to the information included in the releasable portion of the investigatory report; or

"(B) a copy of the investigatory report before the Administrator issues a complaint.

MEDICAL CERTIFICATION

"(a) ASSESSMENT.—

"(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act [Aug. 3, 2012], the Comptroller General of the United States shall initiate an assessment of the Federal Aviation Administration's medical certification process and the associated medical standards and forms.

"(2) REPORT.—The Comptroller General shall submit a report to Congress based on the assessment required under paragraph (1) that examines—

"(A) revisions to the medical application form that would provide greater clarity and guidance to applicants;

"(B) the alignment of medical qualification policies with present-day qualified medical judgment and practices, as applied to an individual's medically relevant circumstances; and
§ 44704. Type certificates, production certificates, airworthiness certificates, and design and production organization certificates

(a) Type Certificates.—

(1) Issuance, Investigations, and Tests.—The Administrator of the Federal Aviation Administration shall issue a type certificate for an aircraft, aircraft engine, or propeller, or
for an appliance specified under paragraph (2)(A) of this subsection when the Administrator finds that the aircraft, aircraft engine, propeller, or appliance is properly designed and manufactured, performs properly, and meets the regulations and minimum standards prescribed under section 44701(a) of this title. On receiving an application for a type certificate, the Administrator shall investigate the application and may conduct a hearing. The Administrator shall make, or require the applicant to make, tests the Administrator considers necessary in the interest of safety.

(2) SPECIFICATIONS.—The Administrator may—

(A) specify in regulations those appliances that reasonably require a type certificate in the interest of safety;

(B) include in a type certificate terms required in the interest of safety; and

(C) record on the certificate a numerical specification of the essential factors related to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.

(3) SPECIAL RULES FOR NEW AIRCRAFT AND APPLIANCES.—Except as provided in paragraph (4), if the holder of a type certificate agrees to permit another person to use the certificate to manufacture a new aircraft, aircraft engine, propeller, or appliance, the holder shall provide the other person with written evidence, in a form acceptable to the Administrator, of that agreement. Such other person may manufacture a new aircraft, aircraft engine, propeller, or appliance based on a type certificate only if such other person is the holder of the type certificate or has permission from the holder.

(4) LIMITATION FOR AIRCRAFT MANUFACTURED BEFORE AUGUST 5, 2004.—Paragraph (3) shall not apply to a person who began the manufacture of an aircraft before August 5, 2004, and who demonstrates to the satisfaction of the Administrator that such manufacture began before August 5, 2004, if the name of the holder of the type certificate for the aircraft does not appear on the airworthiness certificate or identification plate of the aircraft. The holder of the type certificate for the aircraft shall not be responsible for the continued airworthiness of the aircraft. A person may invoke the exception provided by this paragraph with regard to the manufacture of only one aircraft.

(5) RELEASE OF DATA.—

(A) IN GENERAL.—Notwithstanding any other provision of law, the Administrator may make available upon request, to a person seeking to maintain the airworthiness or develop product improvements of an aircraft, aircraft engine, propeller, or appliance, engineering data in the possession of the Administrator relating to a type certificate or a supplemental type certificate for such aircraft, engine, propeller, or appliance, without the consent of the owner of record, if the Administrator determines that—

(i) the certificate containing the requested data has been inactive for 3 or more years, except that the Administrator may reduce this time if required to address an unsafe condition associated with the product;

(ii) after using due diligence, the Administrator is unable to find the owner of record, or the owner of record’s heir, of the type certificate or supplemental type certificate; and

(iii) making such data available will enhance aviation safety.

(B) ENGINEERING DATA DEFINED.—In this section, the term “engineering data” as used with respect to an aircraft, engine, propeller, or appliance means type design drawing and specifications for the entire aircraft, engine, propeller, or appliance, including the original design data, and any associated supplier data for individual parts or components approved as part of the particular certificate for the aircraft, engine, propeller, or appliance.

(C) REQUIREMENT TO MAINTAIN DATA.—The Administrator shall maintain engineering data in the possession of the Administration relating to a type certificate or a supplemental type certificate that has been inactive for 3 or more years.

(b) SUPPLEMENTAL TYPE CERTIFICATES.—

(1) ISSUANCE.—The Administrator may issue a type certificate designated as a supplemental type certificate for a change to an aircraft, aircraft engine, propeller, or appliance.

(2) CONTENTS.—A supplemental type certificate issued under paragraph (1) shall consist of the change to the aircraft, aircraft engine, propeller, or appliance with respect to the previously issued type certificate for the aircraft, aircraft engine, propeller, or appliance.

(3) REQUIREMENT.—If the holder of a supplemental type certificate agrees to permit another person to use the certificate to modify an aircraft, aircraft engine, propeller, or appliance, the holder shall provide the other person with written evidence, in a form acceptable to the Administrator, of that agreement. A person may change an aircraft, aircraft engine, propeller, or appliance based on a supplemental type certificate only if the person requesting the change is the holder of the supplemental type certificate or has permission from the holder to make the change.

(c) PRODUCTION CERTIFICATES.—The Administrator shall issue a production certificate authorizing the production of a duplicate of an aircraft, aircraft engine, propeller, or appliance for which a type certificate has been issued when the Administrator finds the duplicate will conform to the certificate. On receiving an application, the Administrator shall inspect, and may require testing of, a duplicate to ensure that it conforms to the requirements of the certificate. The Administrator may include in a production certificate terms required in the interest of safety.

(d) AIRWORTHINESS CERTIFICATES.—(1) The registered owner of an aircraft may apply to the Administrator for an airworthiness certificate for the aircraft. The Administrator shall issue an airworthiness certificate when the Administrator finds that the aircraft conforms to its
type certificate and, after inspection, is in condition for safe operation. The Administrator shall register each airworthiness certificate and may include appropriate information in the certificate. The certificate number or other individual designation the Administrator requires shall be displayed on the aircraft. The Administrator may include in an airworthiness certificate terms required in the interest of safety.

(2) A person applying for the issuance or renewal of an airworthiness certificate for an aircraft for which ownership has not been recorded under section 44107 or 44110 of this title must submit with the application information related to the ownership of the aircraft the Administrator decides is necessary to identify each person having a property interest in the aircraft and the kind and extent of the interest.

(3) Nonconformity with approved type design.—
   (A) In general.—Consistent with the requirements of paragraph (1), a holder of a production certificate for an aircraft may not present a nonconforming aircraft, either directly or through the registered owner of such aircraft or a person described in paragraph (2), to the Administrator for issuance of an initial airworthiness certificate.
   (B) Civil penalty.—Notwithstanding section 46301, a production certificate holder who knowingly violates subparagraph (A) shall be liable to the Administrator for a civil penalty of not more than $1,000,000 for each nonconforming aircraft.
   (C) Penalty considerations.—In determining the amount of a civil penalty under subparagraph (B), the Administrator shall consider—
      (i) the nature, circumstances, extent, and gravity of the violation, including the length of time the nonconformity was known by the holder of a production certificate but not disclosed; and
      (ii) with respect to the violator, the degree of culpability, any history of prior violations, and the size of the business concern.
   (D) Nonconforming aircraft defined.—In this paragraph, the term “nonconforming aircraft” means an aircraft that does not conform to the approved type design for such aircraft type.
   (E) Disclosure of safety critical information.—
      (1) In general.—Notwithstanding a delegation described in section 44702(d), the Administrator shall require an applicant for, or holder of, a type certificate for a transport category airplane covered under part 23 of title 14, Code of Federal Regulations, to submit safety critical information with respect to such airplane to the Administrator in such form, manner, or time as the Administrator may require. Such safety critical information shall include—
         (A) any design and operational details, intended functions, failure modes, and mode annunciations of autopilot and autothrottle systems, if applicable;
         (B) the design and operational details, intended functions, failure modes, and mode annunciations of autopilot and autothrottle systems, if applicable;
         (C) any failure or operating condition that the applicant or holder anticipates or has concluded would result in an outcome with a severity level of hazardous or catastrophic, as defined in the appropriate Administration airworthiness requirements and guidance applicable to transport category airplanes defining risk severity;
         (D) any adverse handling quality that fails to meet the requirements of applicable regulations without the addition of a software system to augment the flight controls of the airplane to produce compliant handling qualities; and
         (E) a system safety assessment with respect to a system described in subparagraph (A) or (B) or with respect to any component or other system for which failure or erroneous operation of such component or system could result in an outcome with a severity level of hazardous or catastrophic, as defined in the appropriate Administration airworthiness requirements and guidance applicable to transport category airplanes defining risk severity.
      (2) Ongoing communications.—
         (A) Newly discovered information.—The Administrator shall require that an applicant for, or holder of, a type certificate disclose to the Administrator, in such form, manner, or time as the Administrator may require, any newly discovered information or design or analysis change that would materially alter any submission to the Administrator under paragraph (1).
         (B) System development changes.—The Administrator shall establish multiple milestones throughout the certification process at which a proposed airplane system will be assessed to determine whether any change to such system during the certification process is such that such system should be considered novel or unusual by the Administrator.
   (3) Flight manuals.—The Administrator shall ensure that an airplane flight manual and a flight crew operating manual (as applicable) for an airplane contains a description of the operation of a system described in paragraph (1)(A) and flight crew procedures for responding to a failure or aberrant operation of such system.
   (4) Civil penalty.—
         (A) Amount.—Notwithstanding section 46301, an applicant for, or holder of, a type certificate that knowingly violates paragraph (1), (2), or (3) of this subsection shall be liable to the Administrator for a civil penalty of not more than $1,000,000 for each violation.
         (B) Penalty considerations.—In determining the amount of a civil penalty under subparagraph (A), the Administrator shall consider—
            (i) the nature, circumstances, extent, and gravity of the violation, including the length of time that such safety critical in-
formation was known but not disclosed; and
(ii) with respect to the violator, the degree of culpability, any history of prior violations, and the size of the business concerned.

(5) Revocation and Civil Penalty for Individuals.—
(A) in General.—The Administrator shall revoke any airline transport pilot certificate issued under section 44703 held by any individual who, while acting on behalf of an applicant for, or holder of, a type certificate, knowingly makes a false statement with respect to any of the matters described in subparagraphs (A) through (E) of paragraph (1).

(B) Authority to Impose Civil Penalty.—The Administrator may impose a civil penalty under the applicable regulation.

(6) Rule of Construction.—Nothing in this subsection shall be construed to affect or otherwise inhibit the authority of the Administrator to deny an application by an applicant for a type certificate or to revoke or amend a type certificate; and the Administrator shall issue an order establishing—

(i) an effective, timely, and milestone-based issue resolution process for type certificate activities under subsection (a); and

(ii) a process by which a decision, finding, or act is erroneous or inconsistent with this chapter, regulations, or guidance materials promulgated by the Administrator, or other requirements.

(B) Escalation.—The order issued under subparagraph (A) shall provide processes for—

(i) resolution of technical issues at pre-established stages of the certification process, as agreed to by the Administrator and the type certificate applicant;

(ii) automatic elevation to appropriate management personnel of the Administrator and the type certificate applicant of any major certification process milestone that is not completed or resolved within a specific period of time agreed to by the Administrator and the type certificate applicant;

(iii) resolution of a major certification process milestone elevated pursuant to clause (ii) within a specific period of time agreed to by the Administrator and the type certificate applicant;

(iv) initial review by appropriate Administration employees of any appeal described in subparagraph (A)(ii); and

(v) subsequent review of any further appeal by appropriate management personnel of the Administration and the Associate Administrator for Aviation Safety.

(C) Disposition.—
(I) Written Decision.—The Associate Administrator for Aviation Safety shall issue a written decision that states the grounds for the decision of the Associate Administrator on—

(i) each appeal submitted under subparagraph (A)(ii); and

(II) An appeal to the Associate Administrator submitted under subparagraph (B)(v).

(ii) Report to Congress.—Not later than December 31 of each calendar year through calendar year 2025, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report summarizing each appeal resolved under this subsection.

(D) Final Review.—
(I) In General.—A written decision of the Associate Administrator under subparagraph (C) may be appealed to the Administrator for a final review and determination.

(ii) Decline to Review.—The Administrator may decline to review an appeal initiated pursuant to clause (i).

(iii) Judicial Review.—No decision under this paragraph (including a decision to decline to review an appeal) shall be subject to judicial review.

(2) Prohibited Contacts.—
(A) Prohibition Generally.—During the course of an appeal under this subsection, no covered official may engage in an ex parte communication (as defined in section 551 of title 5) with an individual representing or acting on behalf of an applicant for, or holder of, a certificate under this section in relation to such appeal unless such communication is disclosed pursuant to subparagraph (B).

(B) Disclosure.—If, during the course of an appeal under this subsection, a covered
official engages in, receives, or is otherwise made aware of an ex parte communication, the covered official shall disclose such communication in the public record at the time of the issuance of the written decision under paragraph (1)(C), including the time and date of the communication, subject of communication, and all persons engaged in such communication.

(3) DEFINITIONS.—In this subsection:
(A) COVERED PERSON.—The term “covered person” means an—
(i) an employee of the Administration whose responsibilities relate to the certification of aircraft, engines, propellers, or appliances; or
(ii) an applicant for, or holder of, a type certificate or amended type certificate issued under this section.
(B) COVERED OFFICIAL.—The term “covered official” means the following:
(i) The Executive Director or any Deputy Director of the Aircraft Certification Service.
(ii) The Deputy Executive Director for Regulatory Operations of the Aircraft Certification Service.
(iii) The Director or Deputy Director of the Compliance and Airworthiness Division of the Aircraft Certification Service.
(iv) The Director or Deputy Director of the System Oversight Division of the Aircraft Certification Service.
(v) The Director or Deputy Director of the Policy and Innovation Division of the Aircraft Certification Service.
(vi) The Executive Director or any Deputy Executive Director of the Flight Standards Service.
(vii) The Associate Administrator or Deputy Associate Administrator for Aviation Safety.
(viii) The Deputy Administrator of the Federal Aviation Administration.
(ix) The Administrator of the Federal Aviation Administration.
(x) Any similarly situated or successor FAA management position to those described in clauses (i) through (ix), as determined by the Administrator.
(C) MAJOR CERTIFICATION PROCESS MILESTONE.—The term “major certification process milestone” means a milestone related to the type certification basis, type certification plan, type inspection authorization issuance, paper, or other major type certification activity agreed to by the Administrator and the type certificate applicant.

(4) RULE OF CONSTRUCTION.—Nothing in this subsection shall apply to the communication of a good-faith complaint by any individual alleging—
(A) gross misconduct;
(B) a violation of title 18; or
(C) a violation of any of the provisions of part 2635 or 6001 of title 5, Code of Federal Regulations.

In subsections (a)–(c)(1), the word “Administrator” in section 603 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 776) is retained on authority of 49:106(g).

In subsection (a)(1), the text of 49:106(g)(2) (1st sentence 1st–16th words) and the words “in regulations” are omitted as surplus. The words “properly designed and manufactured, performs properly” are substituted for “of proper design, material, specification, construction, and performance for safe operation” to eliminate unnecessary words. The word “rules” is omitted as being synonymous with “regulations”. The words “under section 470(a) of this title” and “for a type certificate” are added for clarity. The words “including flight tests and tests of raw materials or any part or appurtenance of such aircraft, aircraft engine, propeller, or appliance” are omitted as surplus.

In subsection (a)(2)(A), the words “issuance of” are omitted as surplus.

In subsection (a)(2)(B), the words “the duration thereof and such other” are omitted as surplus. The words “conditions, and limitations” are omitted as being included in “terms’.

In subsection (a)(2)(C), the words “issued for aircraft, aircraft engines, or propellers” and “all of” are omitted as surplus. The word “specification” is substituted for “determination” for clarity.

In subsection (b), the word “satisfactorily” is omitted as surplus. The words “shall inspect, and may require such testing of, a duplicate to ensure that it conforms as to regulations for applicant” are substituted for “shall make such inspection and may require such tests of any aircraft, aircraft engine, propeller, or appliance manufactured under a production certificate as may be necessary to assure manufacture of each unit in conformity with the type certificate or any amendment or modification thereof” to eliminate unnecessary words. The words “the duration thereof and such other . . . conditions, and limitations” are omitted as surplus.
In subsection (c)(1), the words “may apply to” are substituted for “may file with . . . an application” to eliminate unnecessary words. The words “in accordance with regulations prescribed by the Secretary of Transportation” are omitted because of 49:322(a). The words “the duration of such certificate, the type of service for which the aircraft may be used, and such other . . . conditions, and limitations” are omitted as surplus.

In subsection (c)(2), the words “having a property interest” are substituted for “who are holders of property interests” to eliminate unnecessary words.

REFERENCES IN TEXT

The date of enactment of this subsection, referred to in subsec. (1)(A), is the date of enactment of Pub. L. 116–260, which was approved Dec. 27, 2020.

AMENDMENTS

Subsec. (e). Pub. L. 116–260, §108(a), added subsec. (e) and struck out former subsec. (e) which related to design and production organization certificates.

Subsec. (g). Pub. L. 116–260, §110(a), added subsec. (g).

2012—Pub. L. 112–95, §303(a), amended subsec. (e) generally. Prior to amendment, subsec. (e) related to design organization certificates.

2003—Subsec. (a)(1). Pub. L. 102–585 removed the requirement that the Administrator convene an interdisciplinary integrated project team under subsection (a), the Administrator shall convene an interdisciplinary integrated project team responsible for coordinating review and providing advice and recommendations, as appropriate, to the Administrator on such application.

(b) MEMBERSHIP.—In convening an interdisciplinary integrated project team under subsection (a), the Administrator shall appoint employees of the Administration or other Federal agencies, such as the Air Force, Volpe National Transportation Systems Center, or the National Aeronautics and Space Administration (with the concurrence of the head of such other Federal agency), with specialized expertise and experience in the fields of engineering, systems design, human factors, and pilot training, including, at a minimum—

(1) not less than 1 designee of the Associate Administrator for Aviation Safety whose duty station is in the Administration’s headquarters;

(2) representatives of the Aircraft Certification Service of the Administration;

(3) representatives of the Flight Standards Service of the Administration;

(4) experts in the fields of human factors, aerodynamics, flight controls, software, and systems design; and

(5) any other subject matter expert whom the Administrator determines appropriate.

(c) AVAILABILITY.—In order to carry out its duties with respect to the areas specified in subsection (d), a project team shall be available to the Administrator upon request, at any time during the certification process.

(d) DUTIES.—A project team shall advise the Administrator and make written recommendations to the Administrator, to be retained in the certification project file, including recommendations for any plans, analyses, assessments, and reports required to support and document the certification project, in the following areas associated with a new technology or novel design: 

(1) Initial review of design proposals proposed by the applicant and the establishment of the certification basis.

(2) Identification of new technology, novel design, or safety critical design features or systems that are potentially catastrophic, either alone or in combination with another failure.

(3) Determination of compliance findings, system safety assessments, and safety critical functions the Administration should retain in terms of new technology, novel design, or safety critical design features or systems.

(4) Evaluation of the Administrator’s expertise or experience necessary to support the project.

(e) SURPLUS.

The words “in accord with regulations prescribed by the Secretary of the Administration” are omitted as surplus.

The words “the duration of such certificate, the type of service for which the aircraft may be used, and such other . . . conditions, and limitations” are omitted as surplus.

The words “in accord with regulations prescribed by the Secretary of the Administration” are omitted as surplus. The words “surplus” are substituted for “may file with . . . an application” to eliminate unnecessary words.
the Code of Federal Regulations, as in effect on the date of application for the change.

(6) Conduct of design reviews, procedure evaluations, and training evaluations.

(7) Review of the applicant’s final design documentation and other data to evaluate compliance with all relevant Administration regulations.

(f) Documentation of FAA Responsiveness.—The Administrator shall provide a written response to each recommendation of each project team and shall retain such response in the certification project file.

“(b) Amended Type Certificate Report and Rulemaking.—

“(1) Briefings.—Not later than 12 months after the date of enactment of this title [Dec. 27, 2020], and annually thereafter through fiscal year 2023, the Administrator shall brief the congressional committees of jurisdiction on the work and status of the development of such recommendations by the Certification Management Team.

“(2) Initiation of Action.—Not later than 2 years after the date of enactment of this title, the Administrator shall take action to revise and improve the process of issuing amended type certificates in accordance with this section. Such action shall include, at minimum—

“(A) initiation of a rulemaking proceeding; and

“(B) development or revision of guidance and training materials.

“(3) Contents.—In taking actions required under paragraph (2), the Administrator shall do the following:

“(A) Ensure that proposed changes to an aircraft are evaluated from an integrated whole aircraft system perspective that examines the integration of proposed changes with existing systems and associated impacts.

“(C) Consider—

“(i) the findings and work of the Certification Management Team and other similar international harmonization efforts;

“(ii) any relevant covered recommendations (as defined in section 112(c) [134 Stat. 2244]); and

“(iii) whether a fixed time beyond which a type certificate may not be amended would improve aviation safety.

“(D) Establish the extent to which the following design characteristics should preclude the issuance of an amended type certificate:

“(i) A new or revised flight control system.

“(ii) Any substantial changes to aerodynamic stability resulting from a physical change that may require a new or modified software system or control law in order to produce positive and acceptable stability and handling qualities.

“(iii) A flight control system or augmented software to maintain aerodynamic stability in any portion of the flight envelope that was not required for a previously certified derivative.

“(iv) A change in structural components (other than a stretch or shrink of the fuselage) that result in a change in structural load paths or the magnitude of structural loads attributed to flight maneuvers or cabin pressurization.

“(v) A novel or unusual system, component, or other feature whose failure would present a hazardous or catastrophic risk.

“(E) Develop objective criteria for helping to determine what constitutes a substantial change and a significant change.

“(F) Implement mandatory aircraft-level reviews throughout the certification process to validate the certification basis and assumptions.

“(G) Require maintenance of relevant records of agreements between the FAA and an applicant that affect certification documentation and deliverables.

“(H) Ensure appropriate documentation of any exception or exemption from airworthiness requirements codified in title 14 of the Code of Federal Regulations, as in effect on the date of application for the change.

“(I) Guidance Materials.—The Administrator shall consider the following when developing orders and regulatory guidance, including advisory circulars, where appropriate:

“(A) Early FAA involvement and feedback paths in the aircraft certification process to ensure the FAA is aware of changes to design assumptions and product design impacting a changed product assessment.

“(B) Presentation to the FAA of new technology, novel design, or safety critical features or systems, initially and throughout the certification process, when development and certification prompt design or compliance method revision.

“(D) Type certificate data sheet improvements to accurately state which regulations and amendment level the aircraft complies to and when compliance is limited to a subset of the aircraft.

“(E) Policies to guide applicants on proper visibility, clarity, and consistency of key design and compliance information that is submitted for certification, particularly with new design features.

“(F) The creation, validation, and implementation of analytical tools appropriate for the analysis of complex system for the FAA and applicants.

“(G) Early coordination processes with the FAA for the functional hazard assessments validation and preliminary system safety assessments review.

“(H) Require maintenance of relevant records of the rulemaking conducted pursuant to paragraph (2); and

“(I) procedures for disseminating such materials to implementing personnel of the FAA, designees, and applicants.

“(6) Certification Management Team Defined.—In this section, the term ‘Certification Management Team’ means the team framework under which the FAA, the European Aviation Safety Agency, the Transport Canada Civil Aviation, and the National Civil Aviation Agency of Brazil, manage the technical, policy, certification, manufacturing, export, and continued airworthiness issues common among the 4 authorities.

“(7) Deadline.—The Administrator shall finalize the actions initiated under paragraph (2) not later than 3 years after the date of enactment of this title.

“(c) International Leadership.—The Administrator shall exercise leadership within the ICAO and among other civil aviation regulators representing states of aircraft design to advocate for the adoption of an amended changed product rule on a global basis, consistent with ICAO standards.”

Expert Safety Review

“(1) in general.—Not later than 30 days after the date of enactment of this title [Dec. 27, 2020], the Administrator shall initiate an expert safety review of assumptions relied upon by the Administration and manufacturers of transport category aircraft in the design and certification of such aircraft.

“(c) Certification.—The expert safety review required under paragraph (1) shall include—

“(A) a review of Administration regulations, guidance, and directives related to pilot response assumptions relied upon by the FAA and manufacturers of transport category aircraft in the design and certification of such aircraft, and human factors and human system integration, particularly those related to pilot and aircraft interfaces;

“(B) a focused review of the assumptions relied on regarding the time for pilot responses to non-normal
§ 44704

TITTE 49—TRANSPORTATION  Page 1152

conditions in designing such aircraft's systems and instrumentation, including responses to safety-significant failure conditions and failure scenarios that trigger multiple, and possibly conflicting, warnings and alerts;

(C) a review of human factors assumptions with applicable operational data, human factors research and the input of human factors experts and FAA operational data, and as appropriate, recommendations for modifications to existing assumptions;

(D) a review of revisions made to the airman certification standards for certificates over the last 4 years, including any possible effects on pilot competency in basic manual flying skills;

(E) consideration of the global nature of the aviation marketplace, varying levels of pilot competency, and differences in pilot training programs worldwide;

(F) a process for aviation stakeholders, including pilots, airlines, inspectors, engineers, test pilots, human factors experts, and other aviation safety experts, to provide and discuss any observations, feedback, and best practices;

(G) a review of processes currently in place to ensure that when carrying out the certification of a new aircraft type, or an amended type, the cumulative effects that new technologies, and the interactions between new technologies and unchanged systems for an amended type certificate, may have on pilot interactions with aircraft systems are properly assessed through system safety assessments or otherwise; and

(H) a review of processes currently in place to account for any necessary adjustments to system safety assessments, pilot procedures and training requirements, or design requirements when there are changes to the assumptions relied upon by the Administrator and manufacturers of transport category aircraft in the design and certification of such aircraft.

(3) REPORT AND RECOMMENDATIONS.—Not later than 30 days after the conclusion of the expert safety review pursuant to paragraph (1), the Administrator shall submit to the congressional committees of jurisdiction a report on the results of the review, including any recommendations for actions or best practices to ensure the FAA and the manufacturers of transport category aircraft have accounted for pilot response assumptions to be relied upon in the design and certification of transport category aircraft and tools or methods identified to better integrate human factors throughout the process for such certification.

(4) INTERNATIONAL ENGAGEMENT.—The Administrator shall notify other international regulators that certify transport category aircraft type designs of the expert panel report and encourage them to review the report and evaluate their regulations and processes in light of the recommendations included in the report.

(5) TERMINATION.—The expert safety review shall end upon submission of the report required pursuant to paragraph (3).

(6) REGULATIONS.—The Administrator shall issue or update such regulations as are necessary to implement the recommendations of the expert safety review that the Administrator determines are necessary to improve aviation safety:

[For definitions of terms used in section 118(c) of div. V of Pub. L. 116–260, set out above, see section 137 of div. V of Pub. L. 116–260, set out as a note under section 40101 of this title.]

HUMAN FACTORS RESEARCH

(a) HUMAN FACTORS.—Not later than 180 days after the date of enactment of this title [Dec. 27, 2020], the Administrator, in consultation with aircraft manufacturers, operators, and pilots, and in coordination with the head of such other Federal agency that the Administrator determines appropriate, shall develop research requirements to address the integration of human factors in the design and certification of aircraft that are intended for use in air transportation.

(b) REQUIREMENTS.—In developing such research requirements, the Administrator shall—

(1) establish goals for research in areas of study relevant to advancing human factors engineering and certification practices, and facilitating better understanding of human factors concepts in the context of the growing development and reliance on automated or complex flight deck systems in aircraft operations, including the development of tools to validate pilot recognition and response assumptions and diagnostic tools to improve the clarity of failure indications presented to pilots;

(2) take into consideration and leverage any existing or planned research that is conducted by, or conducted in partnership with, the FAA; and

(3) focus on—

(A) preventing a recurrence of the types of accidents that have involved transport category airplanes designed and manufactured in the United States; and

(B) increasingly complex aircraft systems and designs.

(c) IMPLEMENTATION.—In implementing the research requirements developed under this section, the Administrator shall work with appropriate organizations and authorities with expertise including, to the maximum extent practicable, the Center of Excellence for Technical Training and Human Performance and the Center of Excellence developed or expanded pursuant to section 127 [set out as a note under section 44513 of this title].

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator $7,500,000 for each of fiscal years 2021 through 2023, out of funds made available under section 8602(a) of title 49, United States Code, to carry out this section.

PILOT OPERATIONAL EVALUATIONS

(a) PILOT OPERATIONAL EVALUATIONS.—Not later than 1 year after the date of enactment of this title [Dec. 27, 2020], the Administrator shall revise existing policies for manufacturers of transport airplanes to ensure that pilot operational evaluations for airplane types that are submitted for certification utilize pilots from air carriers that are expected to operate such airplanes.

(b) REQUIREMENT.—Such manufacturer shall ensure, to the satisfaction of the Administrator, that the air carrier and foreign air carrier pilots used for such evaluations include pilots of varying levels of experience.

SECURING AIRCRAFT AVIONICS SYSTEMS

(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] shall consider, where appropriate, revising Federal Aviation Administration regulations regarding airworthiness certification—

(1) to address cybersecurity for avionics systems, including software components; and

(2) to require that aircraft avionics systems used for flight guidance or aircraft control be secured against unauthorized access via passenger in-flight entertainment systems through such means as the Administrator determines appropriate to protect the
aviation systems from unauthorized external and internal access.

“(b) CONSIDERATION.—In carrying out subsection (a), the Administrator shall consider the recommendations of the Aircraft Systems Information Security Protection Working Group under section 2111 of the FAA Extension Safety and Security Act of 2016 (Public Law 114–190; 130 Stat. 615 [625]) (49 U.S.C. 44903 note).”

SMALL AIRPLANE REVITALIZATION

Pub. L. 113–53, Nov. 27, 2013, 127 Stat. 584, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Small Airplane Revitalization Act of 2013’.

“SEC. 2. FINDINGS.

“Congress makes the following findings:

“(1) A healthy small aircraft industry is integral to economic growth and to maintaining an effective transportation infrastructure for communities and countries around the world.

“(2) Small airplanes comprise nearly 90 percent of general aviation aircraft certified by the Federal Aviation Administration.

“(3) General aviation provides for the cultivation of a workforce of engineers, manufacturing and maintenance professionals, and pilots who secure the economic success and defense of the United States.

“(4) General aviation contributes to well-paying jobs in the manufacturing and technology sectors in the United States and products produced by those sectors are exported in great numbers.

“(5) Technology developed and proven in general aviation aids in the success and safety of all sectors of aviation and scientific competencies.

“(6) The average small airplane in the United States is now 40 years old and the regulatory barriers to bringing new designs to the market are resulting in a lack of innovation and investment in small airplane design.

“(7) Since 2003, the United States lost 10,000 active private pilots per year on average, partially due to a lack of cost-effective, new small airplanes.

“(8) General aviation safety can be improved by modernizing and revamping the regulations relating to small airplanes to clear the path for technology adoption and cost-effective means to retrofit the existing fleet with new safety technologies.

“SEC. 3. SAFETY AND REGULATORY IMPROVEMENTS FOR GENERAL AVIATION.

“(a) IN GENERAL.—Not later than December 15, 2015, the Administrator of the Federal Aviation Administration shall issue a final rule—

“(1) to advance the safety and continued development of small airplanes by reorganizing the certification requirements for such airplanes under part 23 to streamline the approval of safety advancements; and

“(2) that meets the objectives described in subsection (b).

“(b) OBJECTIVES DESCRIBED.—The objectives described in this subsection are based on the recommendations of the Part 23 Reorganization Aviation Rulemaking Committee:

“(1) The establishment of a regulatory regime for small airplanes that will improve safety and reduce the regulatory cost burden for the Federal Aviation Administration and the aviation industry.

“(2) The establishment of broad, outcome-driven safety objectives that will spur innovation and technology adoption.

“(3) The replacement of current, prescriptive requirements under part 23 with performance-based regulations.

“(4) The use of consensus standards accepted by the Federal Aviation Administration to clarify how the safety objectives of part 23 may be met using specific designs and technologies.

“(c) CONSENSUS-BASED STANDARDS.—In prescribing regulations under this section, the Administrator shall use consensus standards, as described in section 12(d) of the National Technology Transfer and Advancement Act of 1996 (15 U.S.C. 272 note), to the extent practicable while continuing traditional methods for meeting part 23.

“(d) SAFETY COOPERATION.—The Administrator shall lead the effort to improve general aviation safety by working with leading aviation regulators to assist in adopting a complementary regulatory approach for small airplanes.

“(e) DEFINITIONS.—In this section:

“(1) CONSENSUS STANDARDS.—

“(A) IN GENERAL.—The term ‘consensus standards’ means standards developed by an organization described in section 12(d) of the National Technology Transfer and Advancement Act of 1996 (15 U.S.C. 272 note), to the extent practicable while continuing traditional methods for meeting part 23.

“(B) ORGANIZATIONS DESCRIBED.—An organization described in this subparagraph is a domestic or international organization that—

“(i) plans, develops, establishes, or coordinates, through a process based on consensus and using agreed-upon procedures, voluntary standards; and

“(ii) operates in a transparent manner, considers a balanced set of interests with respect to such standards, and provides for due process and an appeals process with respect to such standards.

“(2) PART 23.—The term ‘part 23’ means part 23 of title 14, Code of Federal Regulations.

“(3) PART 23 REORGANIZATION AVIATION RULEMAKING COMMITTEE.—The term ‘Part 23 Reorganization Aviation Rulemaking Committee’ means the aviation rulemaking committee established by the Federal Aviation Administration in August 2011 to consider the reorganization of the regulations under part 23.

“(4) SMALL AIRPLANE.—The term ‘small airplane’ means an airplane which is certified to part 23 standards.

APPLICABILITY

Pub. L. 112–95, title III, §303(b), Feb. 14, 2012, 126 Stat. 57, provided that: ‘‘Before January 1, 2013, the Administrator of the Federal Aviation Administration may continue to issue certificates under section 44704(e) of title 49, United States Code, as in effect on the day before the date of enactment of this Act [Feb. 14, 2012].’’

AIRCRAFT CERTIFICATION PROCESS REVIEW AND REFORM

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration, in consultation with representatives of the aviation industry, shall conduct an assessment of the certification and approval process under section 44704 of title 49, United States Code.

“(b) CONTENTS.—In conducting the assessment, the Administrator shall consider—

“(1) the expected number of applications for product certifications and approvals the Administrator will receive under section 44704 of such title in the 1-year, 5-year, and 10-year periods following the date of enactment of this Act [Feb. 14, 2012];

“(2) process reforms and improvements necessary to allow the Administrator to review and approve the applications in a fair and timely fashion;

“(3) the status of recommendations made in previous reports on the Administration’s certification process;

“(4) methods for enhancing the effective use of delegation systems, including organizational designation authority;

“(5) methods for training the Administration’s field office employees in the safety management system and auditing; and

"(c) Recommendations.—In conducting the assessment, the Administrator shall make recommendations to improve efficiency and reduce costs through streamlining and reengineering the certification process under section 4704 of such title to ensure that the Administrator can conduct certifications and approvals under such section in a manner that supports and enables the development of new products and technologies and the global competitiveness of the United States aviation industry.

"(d) Report to Congress.—Not later than 180 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the assessment, together with an explanation of how the Administrator will implement recommendations made under subsection (c) and measure the effectiveness of the recommendations.

"(e) Implementation of Recommendations.—Not later than 1 year after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall begin to implement the recommendations made under subsection (c)."

### Historical Aircraft Documents

Pub. L. 112–95, title VIII, §816, Feb. 14, 2012, 128 Stat. 126, provided that:

"(a) Preservation of Documents.—

"(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall take such actions as the Administrator determines necessary to preserve original aircraft type certificate engineering and technical data in the possession of the Federal Aviation Administration related to—

“(A) approved aircraft type certificate numbers ATC 1 through ATC 715; and

“(B) Group-2 approved aircraft type certificate numbers 2-1 through 2-54.

"(2) Revision of Order.—Not later than 3 years after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall revise FAA Order 1350.15C, Item Number 8110. Such revision shall prohibit the destruction of the historical aircraft documents identified in paragraph (1).

"(3) Consultation.—The Administrator may carry out paragraph (1) in consultation with the Archivist of the United States and the Administrator of General Services.

"(b) Availability of Documents.—

"(1) Freedom of Information Act Requests.—The Administrator shall make the documents to be preserved under subsection (a)(1) available to a person—

“(A) upon receipt of a request made by the person pursuant to section 552 of title 5, United States Code; and

“(B) subject to a prohibition on use of the documents for commercial purposes.

"(2) Trade Secrets, Commercial, and Financial Information.—Section 552(b)(4) of such title shall not apply to requests for documents to be made available pursuant to paragraph (1).

"(c) Holder of Type Certificate.—

"(1) Rights of Holder.—Nothing in this section shall affect the rights of a holder or owner of a type certificate identified in subsection (a)(1), nor require the holder or owner to provide, surrender, or preserve any original or duplicate engineering or technical data to or for the Federal Aviation Administration, a person, or the public.

"(2) Liability.—There shall be no liability on the part of, and no cause of action of any nature shall arise against, a holder of a type certificate, its authorized representative, its agents, or its employees, or any firm, person, corporation, or insurer related to the type certificate data and documents identified in subsection (a)(1).

"(3) Airworthiness.—Notwithstanding any other provision of law, the holder of a type certificate identified in subsection (a)(1) shall only be responsible for Federal Aviation Administration regulation requirements related to type certificate data and documents identified in subsection (a)(1) for aircraft having a standard airworthiness certificate issued prior to the date the documents are released to a person by the Federal Aviation Administration under subsection (b)(1)."

### §44705. Air carrier operating certificates

The Administrator of the Federal Aviation Administration shall issue an air carrier operating certificate to a person desiring to operate as an air carrier when the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part. An air carrier operating certificate shall—

1. contain terms necessary to ensure safety in air transportation; and
2. specify the places to and from which, and the airways of the United States over which, a person may operate as an air carrier.

### Historical and Revision Notes

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In this section, the word “Administrator” in section 604(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 778) is retained on authority of 49:106(g). Before clause (1), the words “may file with the Secretary of Transportation an application for an air carrier operating certificate” and “the requirements of” are omitted as surplus. The word “rules” is omitted as being synonymous with “regulations”. In clause (1), the words “conditions, and limitations . . . reason-ably” are omitted as surplus. In clause (2), the word “places” is substituted for “points” for consistency in the revised title. The words “under an air carrier operating certificate” are omitted as surplus.

### §44706. Airport operating certificates

(a) General.—The Administrator of the Federal Aviation Administration shall issue an airport operating certificate to a person desiring to operate an airport—
§ 44706

(1) that serves an air carrier operating aircraft designed for at least 31 passenger seats;
(2) that is not located in the State of Alaska and serves any scheduled passenger operation of an air carrier operating aircraft designed for more than 9 passenger seats but less than 31 passenger seats; and
(3) that the Administrator requires to have a certificate;

if the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part.

(b) TERMS.—An airport operating certificate issued under this section shall contain terms necessary to ensure safety in air transportation.

Unless the Administrator decides that it is not in the public interest, the terms shall include conditions related to—

(1) operating and maintaining adequate safety equipment, including firefighting and rescue equipment capable of rapid access to any part of the airport used for landing, takeoff, or surface maneuvering of an aircraft; and
(2) friction treatment for primary and secondary runways that the Secretary of Transportation decides is necessary.

(c) EXEMPTIONS.—The Administrator may exempt from the requirements of this section, related to firefighting and rescue equipment, an operator of an airport described in subsection (a) of this section having less than .25 percent of the total number of passenger boardings each year at all airports described in subsection (a) when the Administrator decides that the requirements are or would be unreasonably costly, burdensome, or impractical.

(d) COMMUTER AIRPORTS.—In developing the terms required by subsection (b) for airports covered by subsection (a)(2), the Administrator shall identify and consider a reasonable number of regulatory alternatives and select from such alternatives the least costly, most cost-effective or the least burdensome alternative that will provide comparable safety at airports described in subsections (a)(1) and (a)(2).

(e) EFFECTIVE DATE.—Any regulation establishing the terms required by subsection (b) for airports covered by subsection (a)(2) shall not take effect until such regulation, and a report on the economic impact of the regulation on air service to the airports covered by the rule, has been submitted to Congress and 120 days have elapsed following the date of such submission.

(f) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this title may be construed as requiring a person to obtain an airport operating certificate if such person does not desire to operate an airport described in subsection (a).

In subsection (a), before clause (1), the words “may file with the Administrator an application for an airport operating certificate” are omitted as surplus. In clause (3), the words “the requirements of” are omitted as surplus. The word “rules” is omitted as being synonymous with “regulations”.

In subsection (b), before clause (1), the words “conditions, and limitations . . . reasonably” are omitted as surplus. In clause (2), the words “‘grooving or other” are omitted as surplus.

AMENDMENTS

1996—Subsec. (a). Pub. L. 104–264, § 404(a), added par. (2), redesignated former par. (2) as (3), substituted “if” for “(3) when” in former par. (3) and adjusted the margins of that par. to make it a flush provision following par. (3).

Subsec. (e). Pub. L. 104–264, § 404(c), added subsec. (e).

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

DEEMED REFERENCES TO CHAPTERS 509 AND 511 OF TITLE 51

General references to “this title” deemed to refer also to chapters 509 and 511 of Title 51, National and Commercial Space Programs, see section 4(d)(8) of Pub. L. 111–314, set out as a note under section 106 of this title.

FIREFIGHTING FOAM AND FLUORINATED CHEMICALS

IMPROVEMENT OF RUNWAY SAFETY AREAS

Pub. L. 109–115, div. A, title I, Nov. 30, 2005, 119 Stat. 2401, provided in part: “That not later than December 31, 2015, the owner or operator of an airport certificated under 49 U.S.C. 4706 shall improve the airport’s runway safety areas to comply with the Federal Aviation Administration design standards required by 14 CFR part 139: Provided further, That the Federal Aviation Administration shall report annually to the Congress on the

agency’s progress toward improving the runway safety areas at 49 U.S.C. 4706 advisors.”

SMALL AIRPORT CERTIFICATION
Pub. L. 106–181, title V, §518, Apr. 5, 2000, 114 Stat. 145, provided that: “Not later than 60 days after the date of the enactment of this Act (Apr. 5, 2000), the Administrator of the Federal Aviation Administration shall issue a notice of proposed rulemaking on implementing section 44706(a)(2) of title 49, United States Code, relating to issuance of airport operating certificates for small scheduled passenger air carrier operations. Not later than 1 year after the last day of the period for public comment provided for in the notice of proposed rulemaking, the Administrator shall issue a final rule on implementing such program.”

§ 44707. Examining and rating air agencies
The Administrator of the Federal Aviation Administration may examine and rate the following air agencies:
(1) civilian schools giving instruction in flying or repairing, altering, and maintaining aircraft, aircraft engines, propellers, and appliances, on the adequacy of instruction, the suitability and airworthiness of equipment, and the competency of instructors.
(2) repair stations and shops that repair, alter, and maintain aircraft, aircraft engines, propellers, and appliances, on the adequacy and suitability of the equipment, facilities, and materials for, and methods of, repair and overhaul, and the competency of the individuals doing the work or giving instruction in the work.
(3) other air agencies the Administrator decides are necessary in the public interest.

(Historical and Revision Notes)

In this section, the word “Administrator” in section 667 (1st sentence) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 779) is retained on authority of 49:106(g). In clauses (1) and (2), the word “overhaul” is omitted as surplus. In clause (1), the words “‘course of’ are omitted as surplus. In clause (3), the words “in his opinion” are omitted as surplus.

AIRCRAFT REPAIR AND MAINTENANCE ADVISORY PANEL
Pub. L. 106–181, title VII, §734, Apr. 5, 2000, 114 Stat. 170, provided that:
“(a) ESTABLISHMENT OF PANEL.—The Administrator of the Federal Aviation Administration shall establish an aircraft repair and maintenance advisory panel to review issues related to the use and oversight of aircraft and aviation component repair and maintenance facilities (in this section referred to as ‘aircraft repair facilities’) located within, or outside of, the United States; and
“(2) may seek the advice of the panel on any issue related to methods to increase safety by improving the oversight of aircraft repair facilities.
“(b) MEMBERSHIP.—The panel shall consist of—
“(1) nine members appointed by the Administrator as follows:
“(A) three representatives of labor organizations representing aviation mechanics;
“(B) one representative of cargo air carriers;
“(C) one representative of passenger air carriers;
“(D) one representative of aircraft repair facilities;
“(E) one representative of aircraft manufacturers;
“(F) one representative of on-demand passenger air carriers and corporate aircraft operations; and
“(G) one representative of regional passenger air carriers;
“(2) one representative from the Department of Commerce, designated by the Secretary of Commerce;
“(3) one representative from the Department of Transportation, designated by the Secretary of Transportation; and
“(4) one representative from the Federal Aviation Administration, designated by the Administrator.
“(c) RESPONSIBILITIES.—The panel shall—
“(1) determine the amount and type of work that is being performed by aircraft repair facilities located within, and outside of, the United States; and
“(2) provide advice and counsel to the Secretary with respect to the aircraft and aviation component repair work performed by aircraft repair facilities and air carriers, staffing needs, and any balance of trade or safety issues associated with that work.
“(d) DOT TO REQUEST INFORMATION FROM AIR CARRIERS AND REPAIR FACILITIES.—
“(1) COLLECTION OF INFORMATION.—The Secretary, by regulation, shall require air carriers, foreign air carriers, domestic repair facilities, and foreign repair facilities to submit such information as the Secretary may require in order to assess balance of trade and safety issues with respect to work performed on aircraft used by air carriers, foreign air carriers, United States corporate operators, and foreign corporate operators.
“(2) DRUG AND ALCOHOL TESTING INFORMATION.—Included in the information the Secretary requires under paragraph (1) shall be information on the existence and administration of employee drug and alcohol testing programs in place at the foreign repair facilities, if applicable. The Secretary, if necessary, shall consult with the International Civil Aviation Organization to increase the number and improve the administration of employee drug and alcohol testing programs at the foreign repair facilities.
“(3) DESCRIPTION OF WORK DONE.—Included in the information the Secretary requires under paragraph (1) shall be information on the amount and type of work performed on aircraft registered in and outside of the United States.
“(e) DOT TO FACILITATE COLLECTION OF INFORMATION ABOUT AIRCRAFT MAINTENANCE.—The Secretary shall facilitate the collection of information from the National Transportation Safety Board, the Federal Aviation Administration, and other appropriate agencies regarding maintenance performed by aircraft repair facilities.
“(f) DOT TO MAKE INFORMATION AVAILABLE TO PUBLIC.—The Secretary shall make any relevant information received under subsection (d) available to the public, consistent with the authority to withhold trade secrets or commercial, financial, and other proprietary information under section 552 of title 5, United States Code.
“(g) TERMINATION.—The panel established under subsection (a) shall terminate on the earlier of—
“(1) the date that is 2 years after the date of the enactment of this Act [Apr. 5, 2000]; or
“(h) DEFINITIONS.—The definitions contained in section 40102 of title 49, United States Code, shall apply to this section.”

§ 44708. Inspecting and rating air navigation facilities
The Administrator of the Federal Aviation Administration may inspect, classify, and rate
an air navigation facility available for the use of civil aircraft on the suitability of the facility for that use.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1190.)

The word “Administrator” in section 606 (1st sentence) of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 779) is retained on authority of 49:106(g).

§ 44709. Amendments, modifications, suspensions, and revocations of certificates

(a) Reinspection and Reexamination.—

(1) In General.—The Administrator of the Federal Aviation Administration may reinspect at any time a civil aircraft, aircraft engine, propeller, appliance, design organization, production certificate holder, air navigation facility, or air agency, or reexamine an airman holding a certificate issued under section 44703 of this title.

(b) Notification of Reexamination of Airman.—Before taking any action to reexamine an airman under paragraph (1) the Administrator shall provide to the airman—

(A) a reasonable basis, described in detail, for requesting the reexamination; and

(B) any information gathered by the Federal Aviation Administration, that the Administrator determines is appropriate to provide, such as the scope and nature of the requested reexamination, that formed the basis for that justification.

(b) Actions of the Administrator.—The Administrator may issue an order amending, modifying, suspending, or revoking—

(1) any part of a certificate issued under this chapter if—

(A) the Administrator decides after conducting a reinspection, reexamination, or other investigation that safety in air commerce or air transportation and the public interest require that action; or

(B) the holder of the certificate has violated an aircraft noise or sonic boom standards and regulations prescribed under section 44715(a) of this title; and

(2) an airman certificate when the holder of the certificate is convicted of violating section 13(a) of the Fish and Wildlife Act of 1956 (16 U.S.C. 742)(1-a).

(c) Advice to Certificate Holders and Opportunity to Answer.—Before acting under subsection (b) of this section, the Administrator shall advise the holder of the certificate of the charges or other reasons on which the Administrator relies for the proposed action. Except in an emergency, the Administrator shall provide the holder an opportunity to answer the charges and be heard why the certificate should not be amended, modified, suspended, or revoked.

(d) Appeals.—(1) A person adversely affected by an order of the Administrator under this section may appeal the order to the National Transportation Safety Board. After notice and an opportunity for a hearing, the Board may amend, modify, or reverse the order when the Board finds—

(A) if the order was issued under subsection (b)(1)(A) of this section, that safety in air commerce or air transportation and the public interest do not require affirmation of the order; or

(B) if the order was issued under subsection (b)(1)(B) of this section—

(i) that control or abatement of aircraft noise or sonic boom and the public health and welfare do not require affirmation of the order; or

(ii) the order, as it is related to a violation of aircraft noise or sonic boom standards and regulations, is not consistent with safety in air commerce or air transportation.

(2) The Board may modify a suspension or revocation of a certificate to imposition of a civil penalty.

(3) When conducting a hearing under this subsection, the Board is not bound by findings of fact of the Administrator.

(e) Effectiveness of Orders Pending Appeal.—

(1) In General.—When a person files an appeal with the Board under subsection (d), the order of the Administrator is stayed.

(2) Exception.—Notwithstanding paragraph (1), the order of the Administrator is effective immediately if the Administrator advises the Board that an emergency exists and safety in air commerce or air transportation requires the order to be effective immediately.

(3) Review of Emergency Order.—A person affected by the immediate effectiveness of the Administrator’s order under paragraph (2) may petition for a review by the Board, under procedures promulgated by the Board, of the Administrator’s determination that an emergency exists. Any such review shall be requested not later than 48 hours after the order is received by the person. If the Board finds that an emergency does not exist that requires the immediate application of the order in the interest of safety in air commerce or air transportation, the order shall be stayed, notwithstanding paragraph (2). The Board shall dispose of a request for review under this paragraph not later than 5 days after the date on which the request is filed.

(4) Final Disposition.—The Board shall make a final disposition of an appeal under subsection (d) not later than 60 days after the date on which the appeal is filed.

(f) Judicial Review.—A person substantially affected by an order of the Board under this section, or the Administrator when the Administrator decides that an order of the Board under this section will have a significant adverse impact on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.
§ 44710. Revocations of airman certificates for controlled substance violations

(a) Definition.—In this section, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) Revocation.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking an airman certificate issued an individual under section 44703 of this title after the individual is convicted, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), of an offense punishable by death or imprisonment for more than one year if the Administrator finds that—

(A) an aircraft was used to commit, or facilitate the commission of, the offense; and

(B) the individual served as an airman, or was on the aircraft, in connection with commission of, the offense.

(2) The Administrator shall issue an order revoking an airman certificate issued an individual under section 44703 of this title if the Administrator finds that—

In subsection (d)(2), the words “consistent with this subsection” are omitted as surplus.

In subsection (d)(3), the word “Administrator” is substituted for “Federal Aviation Administration” because of 49:106(b) and (g).

In subsection (e), before clause (1), the words “the effectiveness of” are omitted as surplus.

AMENDMENTS

2012—Subsec. (d)(3). Pub. L. 112–153 struck out “but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law” after “Administrator”.

2000—Subsec. (e). Pub. L. 106–181 amended heading and text of subsec. (e) generally. Prior to amendment, text read as follows: “When a person files an appeal with the Board under subsection (d) of the section, the order of the Administrator is stayed. However, if the Administrator advises the Board that an emergency exists and safety in air commerce or air transportation requires the order to be effective immediately—

‘‘(1) the order is effective; and

‘‘(2) the Board shall make a final disposition of the appeal not later than 60 days after the Administrator so advises the Board.’’

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

§ 44710. Revocations of airman certificates for controlled substance violations

(a) Definition.—In this section, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) Revocation.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking an airman certificate issued an individual under section 44703 of this title after the individual is convicted, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), of an offense punishable by death or imprisonment for more than one year if the Administrator finds that—

(A) an aircraft was used to commit, or facilitate the commission of, the offense; and

(B) the individual served as an airman, or was on the aircraft, in connection with committing, or facilitating the commission of, the offense.

(2) The Administrator shall issue an order revoking an airman certificate issued an individual under section 44703 of this title if the Administrator finds that—

In subsection (d)(2), the words “consistent with this subsection” are omitted as surplus.

In subsection (d)(3), the word “Administrator” is substituted for “Federal Aviation Administration” because of 49:106(b) and (g).

In subsection (e), before clause (1), the words “the effectiveness of” are omitted as surplus.

AMENDMENTS

2012—Subsec. (d)(3). Pub. L. 112–153 struck out “but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law” after “Administrator”.

2000—Subsec. (e). Pub. L. 106–181 amended heading and text of subsec. (e) generally. Prior to amendment, text read as follows: “When a person files an appeal with the Board under subsection (d) of the section, the order of the Administrator is stayed. However, if the Administrator advises the Board that an emergency exists and safety in air commerce or air transportation requires the order to be effective immediately—

‘‘(1) the order is effective; and

‘‘(2) the Board shall make a final disposition of the appeal not later than 60 days after the Administrator so advises the Board.’’

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

(A) the individual knowingly carried out an activity punishable, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), by death or imprisonment for more than one year; and

(B) an aircraft was used to carry out or facilitate the activity; and

(C) the individual served as an airman, or was on the aircraft, in connection with carrying out, or facilitating the carrying out of, the activity.

(3) The Administrator has no authority under paragraph (1) of this subsection to review whether an airman violated a law of the United States or a State related to a controlled substance.

(c) ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator must—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator relies for the proposed revocation; and

(2) provide the holder of the certificate an opportunity to answer the charges and be heard why the certificate should not be revoked.

(d) APPEALS.—(1) An individual whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and an opportunity for a hearing on the record. When conducting the hearing, the Board is not bound by findings of fact of the Administrator.

(2) When an individual files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall make a final disposition of the appeal not later than 60 days after the Administrator so advises the Board.

(3) An individual substantially affected by an order of the Board under this subsection, or the Administrator when the Administrator decides that an order of the Board will have a significant adverse effect on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

(e) ACQUITTAL.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, an airman certificate under subsection (b)(2) of this section on the basis of an activity described in subsection (b)(2)(A) if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked an airman certificate under this section because of an activity described in subsection (b)(2)(A) of this section, the Administrator shall reissue a certificate to the individual if—

(A) the individual otherwise satisfies the requirements for a certificate under section 44703 of this title; and

(B)(i) the individual subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; or

(ii) the conviction on which a revocation under subsection (b)(1) of this section is based is reversed.

(f) WAIVERS.—The Administrator may waive the requirement of subsection (b) of this section that an airman certificate of an individual be revoked if—

(1) a law enforcement official of the United States Government or of a State requests a waiver; and

(2) the Administrator decides that the waiver will facilitate law enforcement efforts.

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

In subsection (b)(1) and (2), before each clause (A), the words "of any person" are omitted as surplus. The words "issued . . . under section 44703 of this title" are added for clarity.

In subsection (b)(1), the word "offense" is substituted for "crime" for consistency in the revised title and with other titles of the United States Code.

In subsection (b)(2)(C), the words "in connection with carrying out, or facilitating the carrying out of, the activity" are substituted for "in connection with such activity or the facilitation of such activity" for consistency with the source provisions restated in paragraph (1)(B) of this subsection.

In subsection (d)(1), the word "Administrator" is substituted for "Federal Aviation Administration" because of 49:108(b) and (c).

In subsection (e)(1), the words "on appeal" and "contained" are omitted as surplus.

In subsection (e)(2)(B)(i), the word "contained" is omitted as surplus.

In subsection (e)(2)(B)(ii), the words "judgment of" are omitted as surplus.

AMENDMENTS

2012—Subsec. (d)(1). Pub. L. 112–153 struck out "but shall be bound by all validly adopted interpretations of
§ 44711

Title 49—Transportation

Page 1160

laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law after "findings of fact of the Administrator".

§ 44711. Prohibitions and exemption

(a) Prohibitions.—A person may not—

(1) operate a civil aircraft in air commerce without an airworthiness certificate in effect or in violation of a term of the certificate;

(2) serve in any capacity as an airman with respect to a civil aircraft, aircraft engine, propeller, or appliance used, or intended for use, in air commerce—

(A) without an airman certificate authorizing the airman to serve in the capacity for which the certificate was issued; or

(B) in violation of a term of the certificate or a regulation prescribed or order issued under section 44702(a) or (b) or any of sections 44702–44716 of this title;

(3) employ for service related to civil aircraft used in air commerce an airman who does not have an airman certificate authorizing the airman to serve in the capacity for which the airman is employed;

(4) operate as an air carrier without an air carrier operating certificate or in violation of a term of the certificate;

(5) operate aircraft in air commerce in violation of a regulation prescribed or certificate issued under section 44702(a) or (b) or any of sections 44702–44716 of this title;

(6) operate a seaplane or other aircraft of United States registry on the high seas in violation of a regulation under section 3 of the International Navigational Rules Act of 1977 (33 U.S.C. 1602);

(7) violate a term of an air agency, design organization certificate, or production certificate or a regulation prescribed or order issued under section 44702(a) or (b) or any of sections 44702–44716 of this title;

(8) operate an airport without an airport operating certificate required under section 44706 of this title or in violation of a term of the certificate;

(9) manufacture, deliver, sell, or offer for sale any aviation fuel or additive in violation of a regulation prescribed under section 44714 of this title; or

(10) violate section 44732 or any regulation issued thereunder.

(b) Exemption.—On terms the Administrator of the Federal Aviation Administration prescribes as being in the public interest, the Administrator may exempt a foreign aircraft and airmen serving on the aircraft from subsection (a) of this section. However, an exemption from observing air traffic regulations may not be granted.

(c) Prohibition on Employment of Convicted Counterfeit Part Traffickers.—No person subject to this chapter may knowingly employ anyone to perform a function related to the procurement, sale, production, or repair of a part or material, or the installation of a part into a civil aircraft, who has been convicted in a court of law of a violation of any Federal law relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material.

(d) Post-employment Restrictions for Inspectors and Engineers.—

(1) Prohibition.—A person holding a certificate issued under part 21 or 119 of title 14, Code of Federal Regulations, may not knowingly employ, or make a contractual arrangement that permits, an individual to act as an agent or representative of such person in any matter before the Administration if the individual, in the preceding 2-year period—

(A) served as, or was responsible for oversight of—

(i) a flight standards inspector of the Administration; or

(ii) an employee of the Administration with responsibility for certification functions with respect to a holder of a certificate issued under section 44704(a); and

(B) had responsibility to inspect, or oversee inspection of, the operations of such person.

(2) Written and Oral Communications.—For purposes of paragraph (1), an individual shall be considered to be acting as an agent or representative of a certificate holder in a matter before the Administration if the individual makes any written or oral communication on behalf of the certificate holder to the Administration (or any of its officers or employees) in connection with a particular matter, whether or not involving a specific party and without regard to whether the individual has participated in, or had responsibility for, the particular matter while serving as an individual covered under paragraph (1).

Historical and Revision Notes

Pub. L. 112–95: Section 307(b) of Pub. L. 112–95, redesignated as §44711(a)(8). Section 307(b) of Pub. L. 112–95, redesignated as §44711(a)(8).

### Historical and Revision Notes—Continued

<table>
<thead>
<tr>
<th>Revised Section</th>
<th>Source (U.S. Code)</th>
<th>Source (Statutes at Large)</th>
</tr>
</thead>
</table>

In subsection (a)(1) and (7), the words “condition, or limitation” are omitted as being included in “term.” In subsection (a)(1), the words “without . . . in effect” are substituted for “for which there is not currently in effect an” to eliminate unnecessary words.

In subsection (a)(2), (5), and (7), the word “rule” is omitted as being synonymous with “regulations.”

In subsection (a)(2), the word “prescribed” is added for consistency in the revised title and with other titles of the United States Code.

In subsection (a)(5) and (7), the words “prescribed . . . issued” are added for consistency in the revised title and with other titles of the Code.

In subsection (a)(5), the words “of the Secretary of Transportation” are omitted as surplus.

In subsection (a)(6), the words “proclaimed by the President” are omitted as surplus. The words “section 3 of the International Navigational Rules Act of 1977 (U.S.C. 1602)” are substituted for “section 143 of title 33” because the section was part of the Act of October 11, 1951 (ch. 495, 65 Stat. 406), that was repealed by section 3 of the Act of September 24, 1963 (Public Law 88–131, 77 Stat. 194), and replaced by 33:ch. 21. Chapter 21 was repealed by section 10 of the International Navigational Rules Act of 1977 (Public Law 95–75, 91 Stat. 311) and replaced by 33:1601–1608.

In subsection (a)(7), the words “holding . . . such certificate” are omitted because of the restatement.

In subsection (a)(8), the words “by the Administrator” are omitted as surplus.

In subsection (b), the word “Administrator” in section 618(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 780) is repealed on authority of 49:106(g). The words “to the extent, and . . . and conditions” and “by such airmen” are omitted as surplus.

This amends 49:44711(a)(2)(B), (5), and (7) and 46310(b) to correct erroneous cross-references.

### Amendments

Subsec. (d). Pub. L. 112–95, § 342(a), added subsec. (d).

### Effective Date of 2012 Amendment

Pub. L. 112–95, title III, § 342(b), Feb. 14, 2012, 126 Stat. 80, provided that: “The amendment made by subsection (a) [amending this section] shall not apply to an individual employed by a certificate holder as of the date of enactment of this Act [Feb. 14, 2012].”

### Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

### Effective Date of 2000 Amendment

### Effective Date of 1994 Amendment

### §44712. Emergency locator transmitters

(a) INSTALLATION.—An emergency locator transmitter must be installed on a fixed-wing powered civil aircraft for use in air commerce.

(b) NONAPPLICATION.—Prior to January 1, 2002, subsection (a) does not apply to—

(1) turbojet-powered aircraft;

(2) aircraft when used in scheduled flights by scheduled air carriers holding certificates issued by the Secretary of Transportation under subpart II of this part;

(3) aircraft when used in training operations conducted entirely within a 50 mile radius of the airport from which the training operations begin;

(4) aircraft when used in flight operations related to design and testing, the manufacture, preparation, and delivery of the aircraft, or the aerial application of a substance for an agricultural purpose;

(5) aircraft holding certificates from the Administrator of the Federal Aviation Administration for research and development;

(6) aircraft when used for showing compliance with regulations, crew training, exhibition, air racing, or market surveys; and

(7) aircraft equipped to carry only one individual.

(c) NONAPPLICATION BEGINNING ON JANUARY 1, 2002.—

(1) IN GENERAL.—Subject to paragraph (2), on and after January 1, 2002, subsection (a) does not apply to—

(A) aircraft when used in scheduled flights by scheduled air carriers holding certificates issued by the Secretary of Transportation under subpart II of this part;

(B) aircraft when used in training operations conducted entirely within a 50-mile radius of the airport from which the training operations begin;

(C) aircraft when used in flight operations related to the design and testing, manufacture, preparation, and delivery of aircraft; and

(D) aircraft when used in research and development if the aircraft holds a certificate from the Administrator of the Federal Aviation Administration to carry out such research and development;

(E) aircraft when used in showing compliance with regulations, crew training, exhibition, air racing, or market surveys;
(F) aircraft when used in the aerial application of a substance for an agricultural purpose;

(G) aircraft with a maximum payload capacity of more than 18,000 pounds when used in air transportation; or

(H) aircraft equipped to carry only one individual.

(2) DELAY IN IMPLEMENTATION.—The Administrator of the Federal Aviation Administration may continue to implement subsection (b) rather than subsection (c) for a period not to exceed 2 years after January 1, 2002, if the Administrator finds such action is necessary to promote—

(A) a safe and orderly transition to the operation of civil aircraft equipped with an emergency locator; or

(B) other safety objectives.

(d) COMPLIANCE.—An aircraft meets the requirement of subsection (a) if it is equipped with an emergency locator transmitter that transmits on the 121.5/243 megahertz frequency or the 406 megahertz frequency or with other equipment approved by the Secretary for meeting the requirement of subsection (a).

(e) REMOVAL.—The Administrator shall prescribe regulations specifying the conditions under which an aircraft subject to subsection (a) of this section may operate when its emergency locator transmitter has been removed for inspection, repair, alteration, or replacement.

HISTORICAL AND REVISION NOTES

In subsection (a), the words “Except with respect to aircraft described in paragraph (2) of this subsection and except as provided in paragraph (3) of this subsection” are omitted as surplus. The words “minimum standards pursuant to this section shall include a requirement that”, the text of 49 App.4421(d)(x), and the words “after three years and six months following such date” are omitted as executed.

In subsection (b), the word “used” is substituted for “engaged” for consistency. In clause (3), the word “training” is substituted for “local flight” for consistency. In clause (4), the words “chemicals and other” are omitted as surplus. In clause (5), the word “purpose” is omitted as surplus.

In subsection (c), the words “prescribe regulations” are substituted for “shall issue regulations . . . as he prescribes in such regulations” to eliminate unnecessary words. The words “such limitations and” and “from such aircraft” are omitted as surplus.

AMENDMENTS

Subsecs. (c) to (e), Pub. L. 106–181, §501(a)(2), (3), added subsecs. (c) and (d) and redesignated former subsec. (c) as (e).

EFFECTIVE DATE OF 2000 AMENDMENT

REGULATIONS

Pub. L. 112–95, title III, §347, Feb. 14, 2012, 126 Stat. 82, provided that:

“(a) INSPECTION.—As part of the annual inspection of general aviation aircraft, the Administrator of the Federal Aviation Administration shall require a detailed inspection of each emergency locator transmitter (in this section referred to as an ‘ELT’) installed in general aviation aircraft operating in the United States to ensure that the ELT is mounted and retained in accordance with the manufacturer’s specifications.

“(b) MOUNTING AND RETENTION.—

“(1) In general.—Not later than 90 days after the date of enactment of this Act [Feb. 14, 2012], the Administrator shall determine if the ELT mounting requirements and retention tests specified by Technical Standard Orders C91a and C126 are adequate to assess retention capabilities in ELT designs.

“(2) REVISION.—Based on the determination under paragraph (1), the Administrator shall make any necessary revisions to the requirements and retention tests referred to in paragraph (1) to ensure that ELTs are properly retained in the event of an aircraft accident.

“(c) REPORT.—Upon the completion of any revisions under subsection (b), the Administrator shall submit a report on the implementation of this section to—

“(1) the Committee on Commerce, Science, and Transportation of the Senate; and

“(2) the Committee on Transportation and Infrastructure of the House of Representatives.”

§ 44713. Inspection and maintenance

(a) GENERAL EQUIPMENT REQUIREMENTS.—An air carrier shall make, or cause to be made, any inspection, repair, or maintenance of equipment used in air transportation as required by this part or regulations prescribed or orders issued by the Administrator of the Federal Aviation Administration under this part. A person operating, inspecting, repairing, or maintaining the equipment shall comply with those requirements, regulations, and orders.

(b) DUTIES OF INSPECTORS.—The Administrator of the Federal Aviation Administration shall employ inspectors who shall—

(1) inspect aircraft, aircraft engines, propellers, and appliances designed for use in air transportation, during manufacture and when
in use by an air carrier in air transportation, to enable the Administrator to decide whether the aircraft, aircraft engines, propellers, or appliances are in safe condition and maintained properly; and

(2) advise and cooperate with the air carrier during that inspection and maintenance.

(c) UNSAFE AIRCRAFT, ENGINES, PROPELLERS, AND APPLIANCES.—When an inspector decides that an aircraft, aircraft engine, propeller, or appliance is not in condition for safe operation, the inspector shall notify the air carrier in the form and way prescribed by the Administrator of the Federal Aviation Administration. For 5 days after the carrier is notified, the aircraft, engine, propeller, or appliance may not be used in air transportation or in a way that endangers air transportation unless the Administrator or the inspector decides the aircraft, engine, propeller, or appliance is in condition for safe operation.

(d) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for processing forms for major repairs or alterations to fuel tanks and fuel systems of aircraft not used to provide air transportation that are necessary to make the system more effective in serving the needs of users of the system, including officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)). The modifications shall address at least each of the following deficiencies in, and abuses of, the existing system:

(A) the lack of a special identification feature to allow the forms to be distinguished easily from other major repair and alteration forms.

(B) the excessive period of time required to receive the forms at the Airmen and Aircraft Registry of the Administration.

(C) the backlog of forms waiting for processing at the Registry.

(D) the lack of ready access by law enforcement officials to information contained on the forms.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of U.S. Customs and Border Protection, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation industry, representatives of users of general aviation aircraft, and other interested persons.

(e) AUTOMATED SURVEILLANCE TARGETING SYSTEMS.—

(1) IN GENERAL.—The Administrator shall give high priority to developing and deploying a fully enhanced safety performance analysis system that includes automated surveillance to assist the Administrator in prioritizing and targeting surveillance and inspection activities of the Federal Aviation Administration.

(2) DEADLINES FOR DEPLOYMENT.—

(A) INITIAL PHASE.—The initial phase of the operational deployment of the system developed under this subsection shall begin not later than December 31, 1997.

(B) FINAL PHASE.—The final phase of field deployment of the system developed under this subsection shall begin not later than December 31, 1999. By that date, all principal operations and maintenance inspectors of the Administration, and appropriate supervisors and analysts of the Administration shall have been provided access to the necessary information and resources to carry out the system.

(3) INTEGRATION OF INFORMATION.—In developing the system under this section, the Administration shall consider the near-term integration of accident and incident data into the safety performance analysis system under this subsection.

HISTORICAL AND REVISION NOTES

Revised Section Source (U.S. Code) Source (Statutes at Large)

44713(a) .. 49 App.:1425(a).
     49 App.:1425(a).

44713(b) .. 49 App.:1425(b) (1st
     49 App.:1425(b) (last

     sentence).

44713(d)(1) .. 49 App.:1380 (note).
     49 App.:1425(c).

44713(d)(2) .. 49 App.:1401 (note).

In subsections (a)-(c), the word “Administrator” in section 605(a) and (b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 778) is retained on authority of 49:106(g).

In subsection (a), the word “overhaul” is omitted as being included in “repair”. The word “prescribed” is added for consistency in the revised title and with other titles of the United States Code. The words “A person operating, inspecting, overhauling, or maintaining the equipment shall comply with those requirements, regulations, and orders” are substituted for 49 App.:1425(a) (last sentence) to eliminate unnecessary words.

In subsection (b), before clause (1), the words “be charged with the duty . . . of” are omitted as surplus.

In clause (1), the words “in use” are substituted for “used by an air carrier in air transportation” to eliminate unnecessary words. The words “as may be necessary” and “for operation in air transportation” are omitted as surplus.

In subsection (c), the words “in the performance of his duty”, “used or intended to be used by any air carrier in air transportation”, and “a period of” are omitted as surplus.

In subsection (d)(1), before clause (A), the words “not used to provide air transportation” are substituted for
§ 44714  TITLE 49—TRANSPORTATION

In subsection (d)(2), the words “Not later than September 18, 1989” and “finishes” are omitted as obsolete. The words “Administrator of Drug Enforcement” are substituted for “Drug Enforcement Administration of the Department of Justice” because of section 5a of Reorganization Plan No. 2 of 1973 (eff. July 1, 1973, 87 Stat. 1092). The words “Commissioner of Customs” are substituted for “United States Customs Service” because of 19:2017.

AMENDMENTS

CHANGE OF NAME

“Commissioner of U.S. Customs and Border Protection” substituted for “Commissioner of Customs” in subsec. (d)(2) on authority of section 802(d)(2) of Pub. L. 104–264 as set out in note under section 231 of Title 6, Domestic Security.

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the United States Customs Service of the Department of the Treasury, including functions of the Secretary of the Treasury relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 2031, 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6. For establishment of U.S. Customs and Border Protection in the Department of Homeland Security, treated as if included in Pub. L. 107–296 as of Nov. 25, 2002, see section 211 of Title 6, as amended generally by Pub. L. 114–125, set out as a note under section 211 of Title 6.

MAINTENANCE PROVIDERS

Pub. L. 112–95, title III, §319, Feb. 14, 2012, 126 Stat. 69, provided that:

“(a) REGULATIONS.—Not later than 3 years after the date of enactment of this Act [Feb. 14, 2012], the Administrator of the Federal Aviation Administration shall issue regulations requiring that covered work on an aircraft used to provide air transportation under part 121 of title 14, Code of Federal Regulations, be performed by persons in accordance with subsection (b).

“(b) PERSONS AUTHORIZED TO PERFORM CERTAIN WORK.—A person may perform covered work on aircraft used to provide air transportation under part 121 of title 14, Code of Federal Regulations, only if the person is employed by—

“(1) a part 121 air carrier;

“(2) a part 145 repair station or a person authorized under section 417 of title 14, Code of Federal Regulations (or any successor regulation); or

“(3) subject to subsection (c), a person that—

“(A) provides contract maintenance workers, services, or maintenance functions to a part 121 air carrier or part 145 repair station; and

“(B) meets the requirements of the part 121 air carrier or the part 145 repair station, as appropriate.

“(c) TERMS AND CONDITIONS.—Covered work performed by a person who is employed by a person described in subsection (b)(3) shall be subject to the following terms and conditions:

“(1) The applicable part 121 air carrier shall be directly in charge of the covered work being performed.

“(2) The covered work shall be carried out in accordance with the part 121 air carrier’s maintenance manual.

“(3) The person shall carry out the covered work under the supervision and control of the part 121 air carrier directly in charge of the covered work being performed on its aircraft.

“(d) DEFINITIONS.—In this section, the following definitions apply:

“(1) COVERED WORK.—The term ‘covered work’ means any of the following:

“(A) Essential maintenance that could result in a failure, malfunction, or defect endangering the safe operation of an aircraft if not performed properly or if improper parts or materials are used.

“(B) Regularly scheduled maintenance.

“(C) A required inspection item (as defined by the Administrator).

“(2) PART 121 AIR CARRIER.—The term ‘part 121 air carrier’ means an air carrier that holds a certificate issued under part 121 of title 14, Code of Federal Regulations.

“(3) PART 145 REPAIR STATION.—The term ‘part 145 repair station’ means a repair station that holds a certificate issued under part 145 of title 14, Code of Federal Regulations.

“(4) PERSON.—The term ‘person’ means an individual, firm, partnership, corporation, company, or association that performs maintenance, preventative maintenance, or alterations.’

§ 44714. Aviation fuel standards

The Administrator of the Federal Aviation Administration shall prescribe—

(1) standards for the composition or chemical or physical properties of an aircraft fuel or fuel additive to control or eliminate aircraft emissions the Administrator of the Environmental Protection Agency decides under section 231 of the Clean Air Act (42 U.S.C. 7571) endanger the public health or welfare; and

(2) regulations providing for carrying out and enforcing those standards.

HISTORICAL AND REVISION NOTES

Revised Section Source (U.S. Code) Source (Statutes at Large)

In this section, before clause (1), the words “and from time to time revise” are omitted as surplus. In clause (1), the words “establishing” and “the purpose of” are omitted as surplus.

AVIATION FUEL

“(a) USE OF UNLEADED AVIATION GASOLINE.—The Administrator [of the Federal Aviation Administration] shall allow the use of an unleaded aviation gasoline in an aircraft as a replacement for a leaded gasoline if the Administrator—

“(1) determines that the unleaded aviation gasoline qualifies as a replacement for an approved leaded gasoline;

“(2) identifies the aircraft and engines that are eligible to use the qualified replacement unleaded gasoline; and

“(3) adopts a process (other than the traditional means of certification) to allow eligible aircraft and
§ 44715. Controlling aircraft noise and sonic boom

(a) **Standards and Regulations.**—(1)(A) To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration, as he deems necessary, shall prescribe—

(i) standards to measure aircraft noise and sonic boom; and

(ii) regulations to control and abate aircraft noise and sonic boom.

(B) The Administrator, as the Administrator deems appropriate, shall provide for the participation of a representative of the Environmental Protection Agency on such advisory committees or associated working groups that advise the Administrator on matters related to the environmental effects of aircraft and aircraft engines.

(2) The Administrator of the Federal Aviation Administration may prescribe standards and regulations under this subsection only after consulting with the Administrator of the Environmental Protection Agency. The standards and regulations shall be applied when issuing, amending, modifying, suspending, or revoking a certificate or regulation will carry out the purposes of this section.

(3) An original type certificate may be issued under section 44704(a) of this title for an aircraft for which substantial noise abatement can be achieved only after the Administrator of the Federal Aviation Administration prescribes standards and regulations under this section that apply to that aircraft.

(b) **Considerations and Consultation.**—When prescribing a standard or regulation under this section, the Administrator of the Federal Aviation Administration shall—

(1) consider relevant information related to aircraft noise and sonic boom;

(2) consult with appropriate departments, agencies, and instrumentalities of the United States Government and the State and interstate authorities;

(3) consider whether the standard or regulation is consistent with the highest degree of safety in air transportation or air commerce in the public interest;

(4) consider whether the standard or regulation is economically reasonable, technologically practicable, and appropriate for the applicable aircraft, engine, appliance, or certificate; and

(5) consider the extent to which the standard or regulation will carry out the purposes of this section.

(c) **Proposed Regulations of Administrator of Environmental Protection Agency.**—The Administrator of the Environmental Protection Agency shall submit to the Administrator of the Federal Aviation Administration proposed regulations to control and abate aircraft noise and sonic boom (including control and abatement through the use of the authority of the Administrator of the Federal Aviation Administration) that the Administrator of the Environmental Protection Agency considers necessary to protect the public health and welfare. The Administrator of the Federal Aviation Administration shall consider those proposed regulations and shall publish them in a notice of proposed regulations not later than 30 days after they are received. Not later than 90 days after publication, the Administrator of the Federal Aviation Administration shall begin a hearing at which interested persons are given an opportunity for oral and written presentations. Not later than 90 days after the hearing is completed and after consulting with the Administrator of the Environmental Protection Agency, the Administrator of the Federal Aviation Administration shall—

(1) prescribe regulations as provided by this section—

(A) substantially the same as the proposed regulations submitted by the Administrator of the Environmental Protection Agency; or

(B) that amend the proposed regulations; or

(2) publish in the Federal Register—

(A) a notice that no regulation is being prescribed in response to the proposed regulations of the Administrator of the Environmental Protection Agency;

(B) a detailed analysis of, and response to, all information the Administrator of the Environmental Protection Agency submitted with the proposed regulations; and

(C) a detailed explanation of why no regulation is being prescribed.

(d) **Consultation and Reports.**—(1) If the Administrator of the Environmental Protection Agency believes that the action of the Administrator of the Federal Aviation Administration under subsection (c)(1)(B) or (2) of this section does not protect the public health and welfare from aircraft noise or sonic boom, consistent with the considerations in subsection (b) of this section, the Administrator of the Environmental Protection Agency shall consult with the Administrator of the Federal Aviation Administration and may request a report on the advisability of prescribing the regulation as originally proposed. The request, including a detailed statement of the information on which the request is based, shall be published in the Federal Register.

(2) The Administrator of the Federal Aviation Administration shall report to the Adminis-
A be accompanied by a detailed statement of the findings of the Administrator of the Federal Aviation Administration and the reasons for the findings;

(b) identify any statement related to an action under subsection (c) of this section filed under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C));

(c) specify whether and where that statement is available for public inspection; and

(d) be published in the Federal Register unless the request proposes specific action by the Administrator of the Federal Aviation Administration and the report indicates that action will be taken.

(e) SUPPLEMENTAL REPORTS.—The Administrator of the Environmental Protection Agency may request the Administrator of the Federal Aviation Administration to file a supplemental report if the report under subsection (d) of this section indicates that the proposed regulations under subsection (c) of this section, for which a statement under section 102(2)(C) of the Act (42 U.S.C. 4332(2)(C)) is not required, should not be prescribed. The supplemental report shall be published in the Federal Register within the time the Administrator of the Environmental Protection Agency specifies. However, the time specified must be at least 90 days after the date of the request. The supplemental report shall contain a comparison of the environmental effects, including those that cannot be avoided, of the action of the Administrator of the Federal Aviation Administration and the proposed regulations of the Administrator of the Environmental Protection Agency.

(f) EXEMPTIONS.—An exemption from a standard or regulation prescribed under this section may be granted only if, before granting the exemption, the Administrator of the Federal Aviation Administration consults with the Administrator of the Environmental Protection Agency. However, if the Administrator of the Federal Aviation Administration finds that safety in air transportation or air commerce requires an exemption before the Administrator of the Environmental Protection Agency can be consulted, the exemption may be granted. The Administrator of the Federal Aviation Administration shall consult with the Administrator of the Environmental Protection Agency as soon as practicable after the exemption is granted.

(3) E gives the appropriate Administrator each time the Administrator of the Federal Aviation Administration consults with the Administrator of the Environmental Protection Agency as specified in subsection (a)(1), before clause (A), the text of 49 App. App. 1431(a) is omitted because the revised section identifies the appropriate Administrator each time the Administrator of the Federal Aviation Administration consults with the Administrator of the Environmental Protection Agency. The words “present and future” and “and amend” are omitted as surplus. In clause (B), the words “as the FAA may find necessary to provide” are omitted as surplus.

In subsection (a)(2), the word “only” is added for clarity.

In subsection (a)(3) is substituted for 49 App. 1431(b)(2) to eliminate unnecessary words.

In subsection (b), before clause (1), the words “and amending” are omitted as surplus. In clause (1), the words “available . . . including the results of research, development, testing, and evaluation activities conducted pursuant to this chapter and the Department of Transportation Act” are omitted as surplus. In clause (2), the words “departments, agencies, and instrumentalities of the United States Government and State and interstate authorities” are substituted for “Federal, State, and interstate agencies” for consistency in the revised title and with other titles of the United States Code. The words “as he deems” are omitted as surplus. In clauses (3) and (4), the word “proposed” is omitted as surplus. In clause (4), the word “applicable” is substituted for “particular type of . . . to which it will apply” to eliminate unnecessary words. In clause (5), the words “contribute to” are omitted as surplus.

In subsection (c), before clause (1), the words “Not earlier than the date of submission of the report required by section 4906 of title 42” are omitted as executed. The words “regulatory . . . over air commerce or transportation or over aircraft or airport operations” and “submitted by the EPA under this paragraph” are omitted as surplus. The word “regulations” is substituted for “rulemaking” for consistency in the revised title. The words “after they are received” are substituted for “of the date of its submission to the FAA” to eliminate unnecessary words. The words “of data, views, and arguments” are omitted as surplus. In clause (1), the words “in accordance with subsection (b) of this section” are omitted because of the restatement. In clause (2)(B), the words “documentation or other” are omitted as surplus.

In subsection (d)(1), the words “listed” and “the FAA to review, and . . . to EPA . . . by EPA” are omitted as surplus.

In subsection (d)(2), before clause (A), the words “shall complete the review requested and” are omitted as surplus. In clause (B), the words “of the FAA” are omitted as surplus.

In subsection (e), the words “actually taken . . . in response to EPA’s proposed regulations” are omitted as surplus.

In subsection (f), the words “under any provision of this chapter” and “that . . . be granted” are omitted as surplus. The words “the exemption may be granted” are added for clarity.

AMENDMENTS
1996—Subsec. (a)(1). Pub. L. 104–264, which in directing the general amendment of par. (1) inserted an additional subsec. (a) designation and heading identical to the existing subsec. heading as well as restating the
text of par. (1), was executed by restating the text only to reflect the probable intent of Congress. Prior to amendment, par. (1) read as follows: “To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration shall prescribe—
(A) standards to measure aircraft noise and sonic boom; and
(B) regulations to control and abate aircraft noise and sonic boom.”

**Effective Date of 1996 Amendment**

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

**§ 44716. Collision avoidance systems**

(a) **DEVELOPMENT AND CERTIFICATION.—** The Administrator of the Federal Aviation Administration shall—
(1) complete the development of the collision avoidance system known as TCAS–II so that TCAS–II can operate under visual and instrument flight rules and can be upgraded to the performance standards applicable to the collision avoidance system known as TCAS–III;
(2) develop and carry out a schedule for developing and certifying TCAS–II that will result in certification not later than June 30, 1988; and
(3) submit to Congress monthly reports on the progress being made in developing and certifying TCAS–II.

(b) **INSTALLATION AND OPERATION.—** The Administrator shall require by regulation that, not later than 30 months after the date certification is made under subsection (a)(2) of this section, TCAS–II be installed and operated on each civil aircraft that has a maximum passenger capacity of at least 31 seats and is used to provide air transportation of passengers, including intrastate air transportation of passengers. The Administrator may extend the deadline in this subsection for not more than 2 years if the Administrator finds that the extension is necessary to promote—
(1) a safe and orderly transition to the operation of a fleet of civil aircraft equipped in this subsection equipped with TCAS–II; or
(2) other safety objectives.

(c) **OPERATIONAL EVALUATION.—** Not later than December 30, 1990, the Administrator shall establish a one-year program to collect and assess safety and operational information from civil aircraft equipped with TCAS–II for the operational evaluation of TCAS–II. The Administrator shall encourage foreign air carriers that operate civil aircraft equipped with TCAS–II to participate in the program.

(d) **AMENDING SCHEDULE FOR WINDSHEAR EQUIPMENT.—** The Administrator shall consider the feasibility and desirability of amending the schedule for installing airborne low-altitude windshear equipment to make the schedule compatible with the schedule for installing TCAS–II.

(e) **DEADLINE FOR DEVELOPMENT AND CERTIFICATION.—** (1) The Administrator shall complete developing and certifying TCAS–III as soon as possible.

(2) Necessary amounts may be appropriated from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to carry out this subsection.

(f) **INSTALLING AND USING TRANSpondERS.—** The Administrator shall prescribe regulations requiring that, not later than December 30, 1990, operating transponders with automatic altitude reporting capability be installed and used for aircraft operating in designated terminal airspace where radar service is provided for separation of aircraft. The Administrator may provide for access to that airspace (except terminal control areas and airport radar service areas) by nonequipped aircraft if the Administrator finds the access will not interfere with the normal traffic flow.

(g) **CARGO COLLISION AVOIDANCE SYSTEMS.—**

(1) **IN GENERAL.—** The Administrator shall require by regulation that, no later than December 31, 2002, collision avoidance equipment be installed on each cargo aircraft with a maximum certificated takeoff weight in excess of 15,000 kilograms.

(2) **EXTENSION OF DEADLINE.—** The Administrator may extend the deadline established by paragraph (1) by not more than 2 years if the Administrator finds that the extension is needed to promote—
(A) a safe and orderly transition to the operation of a fleet of cargo aircraft equipped with collision avoidance equipment; or
(B) other safety or public interest objectives.

(3) **COLLISION AVOIDANCE EQUIPMENT DEFINED.—** In this subsection, the term “collision avoidance equipment” means equipment that provides protection from mid-air collisions using technology that provides—
(A) cockpit-based collision detection and conflict resolution guidance, including display of traffic; and
(B) a margin of safety of at least the same level as provided by the collision avoidance system known as TCAS–II.

In subsection (c), the words “in conducting the program” are omitted as surplus.

In subsection (e)(1), the word “research” is omitted as included in “developing”.

In subsection (e)(2), the words “established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502)” are added for consistency in the revised title.

In subsection (f), the words “Not later than 6 months after December 30, 1967, the Administrator shall pro-
§ 44717

Aging aircraft

(a) INSPECTIONS AND REVIEWS.—The Administrator of the Federal Aviation Administration shall prescribe regulations that ensure the continuing airworthiness of aging aircraft. The regulations prescribed under subsection (a) of this section—

(1) at least shall require the Administrator to make inspections, and review the maintenance and other records, of each aircraft an air carrier uses to provide air transportation that the Administrator decides may be necessary to enable the Administrator to decide whether the aircraft is in safe condition and maintained properly for operation in air transportation;

(2) at least shall require an air carrier to demonstrate to the Administrator, as part of the inspection, that maintenance of the aircraft, maintenance of its engines and components has been adequate and timely enough to ensure the highest degree of safety;

(3) shall require the air carrier to make available to the Administrator the aircraft and any records about the aircraft that the Administrator requires to carry out a review; and

(4) shall establish procedures to be followed in carrying out an inspection.

(b) WHEN AND HOW INSPECTIONS AND REVIEWS SHALL BE CARRIED OUT.—(1) Inspections and reviews required under subsection (a)(1) of this section shall be carried out as part of each heavy maintenance check of the aircraft conducted after the 14th year in which the aircraft has been in service.

(2) Inspections under subsection (a)(1) of this section shall be carried out as provided under section 44701(a)(2)(B) and (C) of this title.

(c) AIRCRAFT MAINTENANCE SAFETY PROGRAMS.—The Administrator shall establish—

(1) a program to verify that air carriers are maintaining their aircraft according to maintenance programs approved by the Administrator;

(2) a program—

(A) to provide inspectors and engineers of the Administration with training necessary to conduct auditing inspections of aircraft operated by air carriers for corrosion and metal fatigue; and

(B) to enhance participation of those inspectors and engineers in those inspections; and

(3) a program to ensure that air carriers demonstrate to the Administrator their commitment and technical competence to ensure the airworthiness of aircraft that the carriers operate.

(d) FOREIGN AIR TRANSPORTATION.—(1) The Administrator shall take all possible steps to encourage governments of foreign countries and relevant international organizations to develop standards and requirements for inspections and reviews that—

(A) will ensure the continuing airworthiness of aging aircraft used by foreign air carriers to provide foreign air transportation to and from the United States; and

(B) will provide passengers of those foreign air carriers with the same level of safety that will be provided passengers of air carriers by carrying out this section.

(2) Not later than September 30, 1994, the Administrator shall report to Congress on carrying out this subsection.

HISTORICAL AND REVISION NOTES

Revised Section Source (U.S. Code) Source (Statutes at Large)

In subsections (a) and (c), before clause (1), the words “Not later than 180 days after the date of the enactment of this title” are omitted as obsolete.

In subsection (a), before clause (1), the text of section 405 of the Department of Transportation and Related Agencies Appropriations Act, 1992 (Public Law 102–143, 105 Stat. 952) is omitted as surplus because the complete name of the Administrator of the Federal Aviation Administration is used the first time the term appears in a section. The word “regulations” is substituted for “rule” because the terms are synonymous. In clauses (2)–(4), the words “required by the rule” are omitted as surplus. In clause (3), the words “inspection, maintenance, and other” are omitted as surplus.

In subsection (c)(1), the word “Administrator” is substituted for “Federal Aviation Administration” for consistency in the revised title.

In subsection (d)(1), before clause (A), the words “governments of foreign countries” are substituted for “Foreign governments of foreign countries” for consistency in the revised title and with other titles of the United States Code.

§ 44718. Structures interfering with air commerce or national security

(a) NOTICE.—By regulation or by order when necessary, the Secretary of Transportation shall require a person to give adequate public notice, in the form and way the Secretary prescribes, of the construction, alteration, establishment, or expansion, or the proposed construction, alteration, establishment, or expansion, of a structure or sanitary landfill when the notice will promote—

(1) safety in air commerce;
(2) the efficient use and preservation of the navigable airspace and of airport traffic capacity at public-use airports; or
(3) the interests of national security, as determined by the Secretary of Defense.

(b) STUDIES.—
(1) IN GENERAL.—Under regulations prescribed by the Secretary, if the Secretary decides that constructing or altering a structure may result in an obstruction of the navigable airspace, an interference with air or space navigation facilities and equipment or the navigable airspace, or, after consultation with the Secretary of Defense, an adverse impact on military operations and readiness, the Secretary of Transportation shall conduct an aeronautical study to decide the extent of any adverse impact on the safe and efficient use of the airspace, facilities, or equipment. In conducting the study, the Secretary shall—
(A) consider factors relevant to the efficient and effective use of the navigable airspace, including—
(i) the impact on arrival, departure, and en route procedures for aircraft operating under visual flight rules;
(ii) the impact on arrival, departure, and en route procedures for aircraft operating under instrument flight rules;
(iii) the impact on existing public-use airports and aeronautical facilities;
(iv) the cumulative impact resulting from the proposed construction or alteration of a structure when combined with the impact of other existing or proposed structures;
(v) the impact on launch and reentry for launch and reentry vehicles arriving or departing from a launch site or reentry site licensed by the Secretary of Transportation; and
(vi) other factors relevant to the efficient and effective use of navigable airspace; and
(B) include the finding made by the Secretary of Defense under subsection (f).
(2) REPORT.—On completing the study, the Secretary of Transportation shall issue a report disclosing the extent of the—
(A) adverse impact on the safe and efficient use of the navigable airspace that the Secretary finds will result from constructing or altering the structure; and
(B) unacceptable risk to the national security of the United States, as determined by the Secretary of Defense under subsection (f).
(3) SEVERABILITY.—A determination by the Secretary of Transportation on hazard to air navigation under this section shall remain independent of a determination of unacceptable risk to the national security of the United States by the Secretary of Defense under subsection (f).

(c) BROADCAST APPLICATIONS AND TOWER STUDIES.—In carrying out laws related to a broadcast application and conducting an aeronautical study related to broadcast towers, the Administrator of the Federal Aviation Administration and the Federal Communications Commission shall take action necessary to coordinate efficiently—
(1) the receipt and consideration of, and action on, the application; and
(2) the completion of any associated aeronautical study.

(d) LIMITATION ON CONSTRUCTION OF LANDFILLS.—
(1) IN GENERAL.—No person shall construct or establish a municipal solid waste landfill (as defined in section 258.2 of title 40, Code of Federal Regulations, as in effect on the date of the enactment of this subsection) that receives putrescible waste (as defined in section 257.3–8 of such title) within 6 miles of a public airport that has received grants under chapter 471 and is primarily served by general aviation aircraft and regularly scheduled flights of aircraft designed for 60 passengers or less unless the State aviation agency of the State in which the airport is located requests that the Administrator of the Federal Aviation Administration exempt the landfill from the application of this subsection and the Administrator determines that such exemption would have no adverse impact on aviation safety.
(2) LIMITATION ON APPLICABILITY.—Paragraph (1) shall not apply in the State of Alaska and shall not apply to the construction, establishment, expansion, or modification of, or to any other activity undertaken with respect to, a municipal solid waste landfill if the construction or establishment of the landfill was commenced on or before the date of the enactment of this subsection.

(e) REVIEW OF AERONAUTICAL STUDIES.—The Administrator of the Federal Aviation Administration shall develop procedures to allow the Department of Defense and the Department of Homeland Security to review and comment on an aeronautical study conducted pursuant to subsection (b) prior to the completion of the study.

(f) NATIONAL SECURITY FINDING.—As part of an aeronautical study conducted under subsection (b) and in accordance with section 183a(e) of title 10, the Secretary of Defense shall—
(1) make a finding on whether the construction, alteration, establishment, or expansion of a structure or sanitary landfill included in the study would result in an unacceptable risk to the national security of the United States; and
(2) transmit the finding to the Secretary of Transportation for inclusion in the report required under subsection (b)(2).

(g) SPECIAL RULE FOR IDENTIFIED GEOGRAPHIC AREAS.—In the case of a proposed structure to be located within a geographic area identified under section 183a(d)(2)(B) of title 10, the Secretary of Transportation may not issue a determination pursuant to this section until the Secretary of Defense issues a finding under section 183a(e) of title 10, the Secretary of Defense advises the Secretary of Transportation that no finding under section 183a(e) of title 10 will be forthcoming, or 180 days have lapsed since the
§ 44718  TITLE 49—TRANSPORTATION  Page 1170

project was filed with the Secretary of Transportation pursuant to this section, whichever occurs first.
(h) DEFINITIONS.—In this section, the following definitions apply:
(1) ADVERSE IMPACT ON MILITARY OPERATIONS AND READINESS.—The term "adverse impact on military operations and readiness" has the meaning given the term in section 183a(h)(1) of title 10.
(2) UNACCEPTABLE RISK TO THE NATIONAL SECURITY OF THE UNITED STATES.—The term "unacceptable risk to the national security of the United States" has the meaning given the term in section 183a(h)(7) of title 10.

115–254, § 539(h)(2), was redesignated as section 183a(h)(9) of title 10.

Subsec. (h). Pub. L. 115–232, § 111(e)(1), redesignated subsec. (g) as (h).

Subsecs. (f), (g). Pub. L. 114–328, § 341(a)(3), added subssecs. (f) and (g).

2000—Subsec. (d). Pub. L. 106–181 amended heading and text of subsec. (d) generally. Prior to amendment, text read as follows: For the purposes of enhancing aviation safety, in a case in which 2 landfills have been proposed to be constructed or established within 6 miles of a commercial service airport with fewer than 50,000 enplanements per year, no person shall construct or establish either landfill if an official of the Federal Aviation Administration has stated in writing within the 3-year period ending on the date of the enactment of this subsection that 1 of the landfills would be incompatible with aircraft operations at the airport, unless the landfill is already active on such date of enactment or the airport operator agrees to the construction or establishment of the landfill.”. Subsec. (d). Pub. L. 104–264 added subsec. (d).

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT
Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

RULEMAKING
Pub. L. 114–248, § 1(b), Nov. 28, 2016, 130 Stat. 998, provided that: “Not later than 18 months after the date of enactment of this Act [Nov. 28, 2016], the Administrator of the Federal Aviation Administration shall initiate a rulemaking to implement the amendments made by subsection (a) [amending this section].”

TOWER MARKING

“(a) Application.—
“(1) IN GENERAL.—Except as provided by paragraph (2), not later than 18 months after the date of enactment of the FAA Reauthorization Act of 2018 [Oct. 5, 2018] or the date of availability of the database developed by the Administrator pursuant to subsection (c), whichever is later, all covered towers shall be either—
“(A) clearly marked consistent with applicable guidance in the advisory circular of the FAA issued December 4, 2015 (AC 70/7660-IL); or

1 See References in Text note below.
(B) included in the database described in subsection (c).

(2) METEOROLOGICAL EVALUATION TOWER.—A covered tower that is a meteorological evaluation tower shall be subject to the requirements of subparagraphs (A) and (B) of paragraph (1).

(b) DEFINITIONS.—

(1) IN GENERAL.—In this section, the following definitions apply:

(A) COVERED TOWER.—The term ‘covered tower’ means a structure that—

(I) is a meteorological evaluation tower, a self-standing tower, or a tower supported by guy wires and ground anchors;

(II) is 10 feet or less in diameter at the above-ground base, excluding concrete footing;

(III) at the highest point of the structure is at least 30 feet above ground level;

(IV) at the highest point of the structure is not more than 200 feet above ground level;

(V) has accessory facilities on which an antenna, sensor, camera, meteorological instrument, or other equipment is mounted; and

(VI) is located on land that is—

(aa) in a rural area; and

(bb) used for agricultural purposes or immediately adjacent to such land.

(ii) EXCLUSIONS.—The term ‘covered tower’ does not include any structure that—

(I) is adjacent to a house, barn, electric utility station, or other building;

(II) is within the curtilage of a farmstead or adjacent to another building or visible structure;

(III) supports electric utility transmission or distribution lines;

(IV) is a wind-powered electrical generator with a rotor blade radius that exceeds 6 feet;

(V) is a street light erected or maintained by a Federal, State, local, or tribal entity;

(VI) is designed and constructed to resemble a tree or visible structure other than a tower;

(VII) is an advertising billboard;

(VIII) is located within the right-of-way of a rail carrier, including within the boundaries of a rail yard, and is used for a railroad purpose;

(IX)(aa) is registered with the Federal Communications Commission under the Antenna Structure Registration program set forth under part 17 of title 47, Code of Federal Regulations; and

(bb) is determined by the Administrator to pose no hazard to air navigation; or

(X) has already mitigated any hazard to aviation safety in accordance with Federal Aviation Administration guidance or as otherwise approved by the Administrator.

(B) RURAL AREA.—The term ‘rural area’ has the meaning given the term in section 609(a)(5) of the Public Utility Regulatory Policies Act of 1978 (7 U.S.C. 2609(a)(5)).

(C) AGRICULTURAL PURPOSES.—The term ‘agricultural purposes’ means farming in all its branches and the cultivation and tillage of the soil, the production, cultivation, growing, and harvesting of any agricultural or horticultural commodities performed by a farmer or on a farm, or on pasture land or rangeland.

(2) OTHER DEFINITIONS.—The Administrator shall define such other terms as may be necessary to carry out this section.

(c) DATABASE.—The Administrator shall—

(1) develop, in a new database, or if appropriate use an existing database that meets the requirements under this section, that contains the location and height of each covered tower that, pursuant to subsection (a), the owner or operator of such tower elects not to mark (unless the Administrator has determined that there is a significant safety risk requiring that the tower be marked), except that meteorological evaluation towers shall be marked and contained in the database;

(2) keep the database current to the extent practicable;

(3) ensure that any proprietary information in the database is protected from disclosure in accordance with law;

(4) ensure that, by virtue of accessing the database, users agree and acknowledge that information in the database—

(A) may only be used for aviation safety purposes; and

(B) may not be disclosed for purposes other than aviation safety, regardless of whether or not the information is marked or labeled as proprietary or with a similar designation;

(5) ensure that the tower information in the database is de-identified and that the information only includes the location and height of covered towers and whether the tower has guy wires;

(6) ensure that information in the dataset is encrypted at rest and in transit and is protected from unauthorized access and acquisition;

(7) ensure that towers excluded from the definition of covered tower under subsection (d)(1)(B)(ii)(VIII) must be registered by its owner in the database;

(8) ensure that a tower to be included in the database pursuant to subsection (c)(1) and constructed after the date on which the database is fully operational is submitted by its owner to the FAA for inclusion in the database before its construction;

(9) ensure that pilots who intend to conduct low-altitude operations in locations described in subsection (b)(1)(A)(i)(VI) consult the relevant parts of the database before conducting such operations; and

(10) make the database available for use not later than 1 year after the date of enactment of the FAA Reauthorization Act of 2018 (Oct. 5, 2018).

(d) EXCLUSION AND WAIVER AUTHORITIES.—As part of a rulemaking conducted pursuant to this section, the Administrator shall—

(1) may exclude a class, category, or type of tower that is determined by the Administrator, after public notice and comment, to pose no hazard to aviation safety;

(2) shall establish a process to waive specific covered towers from the marking requirements under this section as required under the rulemaking if the Administrator later determines such tower or towers do not pose a hazard to aviation safety;

(3) shall consider, in establishing exclusions and granting waivers under this subsection, factors that may sufficiently mitigate risks to aviation safety, such as the length of time the tower has been in existence or alternative marking methods or technologies that maintains a tow’s level of conspicuousness to a degree which adequately maintains the safety of the airspace; and

(4) shall consider excluding towers located in a State that has enacted tower marking requirements according to the Federal Aviation Administration’s recommended guidance for the voluntary marking of meteorological evaluation towers erected in remote and rural areas that are less than 200 feet above ground level to enhance the conspicuity of the towers for low level agricultural operations in the vicinity of those towers.

(e) PERIODIC REVIEW.—The Administrator shall, in consultation with the Federal Communications Commission, periodically review any regulations or guidance regarding the marking of covered towers issued pursuant to this section and update them as necessary, consistent with this section, and in the interest of safety of low-altitude aircraft operations.

(f) FCC REGULATIONS.—The Federal Communications Commission shall amend section 17.7 of title 47, Code of Federal Regulations, to require a notice of intent to the Federal Aviation Administration for any construction or alteration of an antenna structure, as de-
§ 44719  TITLE 49—TRANSPORTATION  Page 1172

fined in section 17.2(a) of title 47, Code of Federal Regulations, that is a covered tower as defined by this section.’’

STUDY OF EFFECTS OF NEW CONSTRUCTION OF OBSTRUCTIONS ON MILITARY INSTALLATIONS AND OPERATIONS

LANDFILLS INTERFERING WITH AIR COMMERCE

Pub. L. 106–181, title V, § 503(a), Apr. 5, 2000, 114 Stat. 133, provided that: ‘‘Congress finds that—

(a) collisions between aircraft and birds have resulted in fatal accidents;
(b) bird strikes pose a special danger to smaller aircraft;
(c) landfills near airports pose a potential hazard to aircraft operating there because they attract birds;
(d) even if the landfill is not located in the approach path of the airport’s runway, it still poses a hazard because of the birds’ ability to fly away from the landfill and into the path of oncoming planes;
(e) while certain mileage limits have the potential to be arbitrary, keeping landfills at least 6 miles away from an airport, especially an airport served by small planes, is an appropriate minimum requirement for aviation safety; and
(f) closure of existing landfills (due to concerns about aviation safety) should be avoided because of the likely disruption to those who use and depend on such landfills.’’

§ 44719. Standards for navigational aids

The Secretary of Transportation shall prescribe regulations on standards for installing navigational aids, including airport control towers. For each type of facility, the regulations shall consider at a minimum traffic density (number of aircraft operations without consideration of aircraft size), terrain and other obstacles to navigation, weather characteristics, passengers served, and potential aircraft operating efficiencies.

HISTORICAL AND REVISION NOTES

Historical Notes

44719  49 App.:1348 (note).

Revised Section  Source (U.S. Code)  Source (Statutes at Large)

The words ‘‘Not later than December 31, 1988’’ are omitted as obsolete.

§ 44720. Meteorological services

(a) RECOMMENDATIONS.—The Administrator of the Federal Aviation Administration shall make recommendations to the Secretary of Commerce on providing meteorological services necessary for the safe and efficient movement of aircraft in air commerce. In providing the services, the Secretary shall cooperate with the Administrator and give complete consideration to those recommendations.

(b) PROMOTING SAFETY AND EFFICIENCY.—To promote safety and efficiency in air navigation to the highest possible degree, the Secretary shall—

(1) observe, measure, investigate, and study atmospheric phenomena, and maintain meteorological stations and offices, that are necessary or best suited for finding out in advance information about probable weather conditions;
(2) provide reports to the Administrator to persons engaged in civil aeronautics that are designated by the Administrator and to other persons designated by the Secretary in a way and with a frequency that best will result in safety in, and facilitating, air navigation;
(3) cooperate with persons engaged in air commerce in meteorological services, maintain reciprocal arrangements with those persons in carrying out this clause, and collect and distribute weather reports available from aircraft in flight;
(4) maintain and coordinate international exchanges of meteorological information required for the safety and efficiency of air navigation;
(5) in cooperation with other departments, agencies, and instrumentalities of the United States Government, meteorological services of foreign countries, and persons engaged in air commerce, participate in developing an international basic meteorological reporting network, including the establishment, operation, and maintenance of reporting stations on the high seas, in polar regions, and in foreign countries;
(6) coordinate meteorological requirements in the United States to maintain standard observations, to promote efficient use of facilities, and to avoid duplication of services unless the duplication tends to promote the safety and efficiency of air navigation; and
(7) promote and develop meteorological science and foster and support research projects in meteorology through the use of private and governmental research facilities and provide for publishing the results of the projects unless publication would not be in the public interest.

HISTORICAL AND REVISION NOTES

Historical Notes

44720(a)  49 App.:1391.
44720(b)  49 App.:1463.

In subsection (b), the title ‘‘Secretary’’ [of Commerce] is substituted for ‘‘Chief of the Weather Bureau’’ in section 803 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 783) because of sections 1 and 2 of Reorganization Plan No. 2 of 1965 (eff. July 13, 1965, 79 Stat. 1526). Before clause (1), the words ‘‘In order’’ and ‘‘in addition to any other functions or duties pertaining to weather information for other pur-

1 So in original. Probably should be followed by a comma.
poses” are omitted as surplus. In clause (2), the words “forecasts,” warnings, and advice” are omitted as being included in “reports”. In clause (3), the words “or employees thereof” and “and thereof” are omitted as surplus. The words “with those persons” are added for clarity. In clause (5), the words “departments, agencies, and instrumentalities of the United States Government” are substituted for “governmental agencies of the United States” for consistency in the revised title and with other titles of the United States Code.

**IMPROVED SAFETY IN RURAL AREAS**

Pub. L. 115–254, div. B, title III, § 322, Oct. 5, 2018, 132 Stat. 3270, provided that: “The Administrator [of the Federal Aviation Administration] shall permit a covered air carrier operating pursuant to part 135 of title 14, Code of Federal Regulations, to operate to a destination airport under instrument flight rules and conduct an instrument approach without a destination Meteorological Aerodrome Report (METAR) if a current Area Forecast, supplemented by noncertified local weather observations or reports, is available, and an alternate airport that has a weather report is specified. The operator shall have approved procedures for departure and en route weather evaluation.”

**TERMINAL AERODROME FORECAST**

Pub. L. 115–254, div. B, title V, § 516, Oct. 5, 2018, 132 Stat. 3358, provided that: “The Administrator [of the Federal Aviation Administration] shall permit a covered air carrier to operate to or from a location in a noncontiguous State under instrument flight rules and conduct an instrument approach without a destination Meteorological Aerodrome Report (METAR) if a current Area Forecast, supplemented by noncertified local weather observations or reports, is available, and an alternate airport that has an available Terminal Aerodrome Forecast and weather report is specified.”

**GENERAL LIMITATION**

“Without a written finding of necessity, based on objective and historical evidence of imminent threat to safety, the Administrator shall not promulgate any operation specification, policy, or guidance document pursuant to this section that is more restrictive than, or requires procedures that are not expressly stated in, the regulations.

**COVERED AIR CARRIER DEFINED**

“In this section, the term ‘covered air carrier’ means an air carrier operating in a noncontiguous State under part 121 of title 14, Code of Federal Regulations.”

**AUTOMATED WEATHER OBSERVING SYSTEMS POLICY**

1. update automated weather observing systems standards to maximize the use of new technologies that promote the reduction of equipment or maintenance cost for non-Federal automated weather observing systems, including the use of remote monitoring and maintenance, unless demonstrated to be ineffective;

2. review, and if necessary update, existing policies in accordance with the standards developed under paragraph (1); and

3. establish a process under which appropriate on-site airport personnel or an aviation official may, with appropriate manufacturer training or alternative training as determined by the Administrator, be permitted to conduct the minimum triannual preventative maintenance checks described under subsection (a)(3) and any similar, successor checks.

**PERMISSION**

“Permission to conduct the minimum triannual preventative maintenance checks described under subsection (a)(3) and any similar, successor checks shall not be withheld but for specific cause.

**STANDARDS**

“In updating the standards under subsection (a)(1), the Administrator shall—

1. ensure the standards are performance-based;

2. use risk analysis to determine the accuracy of the automated weather observing systems outputs required for pilots to perform safe aircraft operations; and

3. provide a cost-benefit analysis to determine whether the benefits outweigh the cost for any requirement not directly related to safety.

**AIP ELIGIBILITY OR AWOS EQUIPMENT**

“1. In general. Notwithstanding any other law, the Administrator is authorized to and shall waive any positive benefit-cost ratio requirement for automated weather-observing system equipment under subchapter I of chapter 471, of title 49, United States Code, if—

(a) the airport sponsor or State, as applicable, certifies that a grant for such automated weather observing systems equipment under that chapter will assist an applicable airport to respond to regional emergency needs, including medical, firefighting, and search and rescue needs;

(b) the Secretary determines, after consultation with the airport sponsor or State, as applicable, that the placement of automated weather-observing equipment at the airport will not cause unacceptable radio frequency congestion; and

(c) the other requirements under that chapter are met.

**APPLICABILITY TO LOW POPULATION DENSITY STATES**

“This subsection is applicable only to airports located in states with a population density based on the most recent decennial census, of 50 or fewer persons per square mile.

**REPORT**

“Not later than September 30, 2025, the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the implementation of the requirements under this section.”

**AUTOMATED SURFACE OBSERVATION SYSTEM STATIONS**

1. the Administrator determines that the system provides consistent reporting of changing meteorological conditions and notifies Congress in writing of that determination; and

2. 60 days have passed since the report was transmitted to Congress.”

§ 44721. Aeronautical charts and related products and services

(a) **PUBLICATION.**—

(1) In general. The Administrator of the Federal Aviation Administration may arrange for the publication of aeronautical maps and charts necessary for the safe and efficient movement of aircraft in air navigation, using the facilities and assistance of departments, agencies, and instrumentalities of the United States Government as far as practicable.
(2) NAVIGATION ROUTES.—In carrying out paragraph (1), the Administrator shall update and arrange for the publication of clearly defined routes for navigating through a complex terminal airspace area and to and from an airport located in such an area, if the Administrator decides that publication of the routes would promote safety in air navigation. The routes shall be developed in consultation with pilots and other users of affected airports and shall be for the optional use of pilots operating under visual flight rules.

(b) INDEMNIFICATION.—The Government shall make an agreement to indemnify any person that publishes a map or chart for use in aeronautics from any part of a claim arising out of the depiction by the person on the map or chart of a defective or deficient flight procedure or airway if the flight procedure or airway was—

(1) prescribed by the Administrator;
(2) depicted accurately on the map or chart; and
(3) not obviously defective or deficient.

(c) AUTHORITY OF OFFICE OF AERONAUTICAL CHARTING AND CARTOGRAPHY.—Effective October 1, 2000, the Administrator is vested with and shall exercise the functions, powers, and duties of the Secretary of Commerce and other officers of the Department of Commerce that relate to the Office of Aeronautical Charting and Cartography to provide aeronautical charts and related products and services for the safe and efficient navigation of air commerce, under the following authorities:

(1) Sections 1 through 9 of the Act entitled “An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes”, approved August 6, 1947 (33 U.S.C. 883a–883h).

(d) AUTHORITY.—In order that full public benefit may be derived from the dissemination of data resulting from activities under this section and of related data from other sources, the Administrator may—

(1) develop, process, disseminate and publish digital and analog data, information, compilations, and reports;
(2) compile, print, and disseminate aeronautical charts and related products and services of the United States and its territories and possessions;
(3) compile, print, and disseminate aeronautical charts and related products and services covering international airspace as are required primarily by United States civil aviation; and
(4) compile, print, and disseminate nonaeronautical navigational, transportation or public-safety-related products and services when in the best interests of the Government.

(e) CONTRACTS, COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.—

(1) CONTRACTS.—The Administrator is authorized to contract with qualified organizations for the performance of any part of the authorized functions of the Office of Aeronautical Charting and Cartography when the Administrator deems such procedure to be in the public interest and will not compromise public safety.
(2) COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.—The Administrator is authorized to enter into cooperative agreements, grants, reimbursable agreements, memoranda of understanding and other agreements, with a State, subdivision of a State, Federal agency, public or private organization, or individual, to carry out the purposes of this section.

(f) SPECIAL SERVICES AND PRODUCTS.—

(1) IN GENERAL.—The Administrator is authorized, at the request of a State, subdivision of a State, Federal agency, public or private organization, or individual, to conduct special services, including making special studies, or developing special publications or products on matters relating to navigation, transportation, or public safety.
(2) FEES.—The Administrator shall assess a fee for any special service provided under paragraph (1). A fee shall be not more than the actual or estimated full cost of the service. A fee may be reduced or waived for research organizations, educational organizations, or non-profit organizations, when the Administrator determines that reduction or waiver of the fee is in the best interest of the Government by furthering public safety.

(g) SALE AND DISSEMINATION OF AERONAUTICAL PRODUCTS.—

(1) IN GENERAL.—Aeronautical products created or maintained under the authority of this section shall be sold at prices established annually by the Administrator consistent with the following:

(A) MAXIMUM PRICE.—Subject to subparagraph (B), the price of an aeronautical product sold to the public shall be not more than necessary to recover all costs attributable to: (i) data base management and processing; (ii) compilation; (iii) printing or other types of reproduction; and (iv) dissemination of the product.

(B) ADJUSTMENT OF PRICE.—The Administrator shall adjust the price of an aeronautical product and service sold to the public as necessary to avoid any adverse impact on aviation safety attributable to the price specified under this paragraph.

(C) COSTS ATTRIBUTABLE TO ACQUISITION OF AERONAUTICAL DATA.—A price established under this paragraph may not include costs attributable to the acquisition of aeronautical data.

(D) CONTINUATION OF PRICES.—The price of any product created under subsection (d) may correspond to the price of a comparable product produced by a department of the United States Government as that price was in effect on September 30, 2000, and may remain in effect until modified by regulation under section 9701 of title 31, United States Code.

(2) PUBLICATION OF PRICES.—The Administrator shall publish annually the prices at
which aeronautical products are sold to the public.

(3) DISTRIBUTION.—The Administrator may distribute aeronautical products and provide aeronautical services—

(A) without charge to each foreign government or international organization with which the Administrator or a Federal department or agency has an agreement for exchange of these products or services without cost;

(B) at prices the Administrator establishes, to the departments and officers of the United States requiring them for official use; and

(C) at reduced or no charge where, in the judgment of the Administrator, furnishing the aeronautical product or service to a recipient is a reasonable exchange for voluntary contribution of information by the recipient to the activities under this section.

(4) FEES.—The fees provided for in this subsection are for the purpose of reimbursing the Government for the costs of creating, printing and disseminating aeronautical products and services under this section. The collection of fees authorized by this section does not alter or expand any duty or liability of the Government under existing law for the performance of functions for which fees are collected, nor does the collection of fees constitute an express or implied undertaking by the Government to perform any activity in a certain manner.

(5) CREDITING AMOUNTS RECEIVED.—Notwithstanding any other provision of law, amounts received for the sale of products created and services performed under this section shall be fully credited to the account of the Federal Aviation Administration that funded the provision of the products or services and shall remain available until expended.

HISTORICAL AND REVISION NOTES

<table>

</thead>
</table>

In subsection (a)(1), the word “Administrator” in section 307(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 750) is retained on authority of 49:106(g). The words “within the limits of available appropriations made by the Congress” are omitted as surplus. The words “departments, agencies, and instrumentalities of the United States Government” are substituted for “existing agencies of the Government” for consistency in the revised title and with other titles of the United States Code.

In subsection (b), before clause (1), the words “Notwithstanding the provisions of section 1341 of title 33 or any other provision of law” are omitted as surplus.

REFERENCES IN TEXT

Sections 1 through 9 of the Act entitled “An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes”, approved August 6, 1947, referred to in subsec. (c)(1), are classified to sections 883a to 883i of Title 33, Navigation and Navigable Waters. Section 883g of Title 33 was repealed by Pub. L. 88–611, §4(a)(2), Oct. 2, 1964, 78 Stat. 991.

AMENDMENTS

2000—Pub. L. 106–181 amended section catchline and text generally. Prior to amendment, text read as follows:

“(a) PUBLICATION.—(1) The Administrator of the Federal Aviation Administration may arrange for the publication of aeronautical maps and charts necessary for the safe and efficient movement of aircraft in air navigation, using the facilities and assistance of departments, agencies, and instrumentalities of the United States Government as far as practicable.

“(2) In carrying out paragraph (1) of this subsection, the Administrator shall update and arrange for the publication of clearly defined routes for navigating through a complex terminal airspace area and to and from an airport located in such an area, if the Administrator decides that publication of the routes would promote safety in air navigation. The routes shall be developed in consultation with pilots and other users of affected airports and shall be for the optional use of pilots operating under visual flight rules.

“(b) INDEMNIFICATION.—The Government shall make an agreement to indemnify any person that publishes a map or chart for use in aeronautics from any part of a claim arising out of the depiction by the person on the map or chart of a defective or deficient flight procedure or airway if the flight procedure or airway was—

“(1) prescribed by the Administrator;

“(2) depicted accurately on the map or chart; and

“(3) not obviously defective or deficient.”

Subsec. (c)(3), (4). Pub. L. 106–424, §17(a)(1), struck out pars. (3) and (4) which read as follows:

“(3) Section 1307 of title 44, United States Code.

“(4) The provision of title II of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 1995 under the heading ‘National Oceanic and Atmospheric Administration’ relating to aeronautical charts (44 U.S.C. 1307 note).”

EFFECTIVE DATE OF 2000 AMENDMENTS

SAVINGS PROVISION

Pub. L. 106–181, title VI, §604, Apr. 5, 2000, 114 Stat. 152, provided that:

“(a) CONTINUED Effectiveness OF Directives.—All orders, determinations, rules, regulations, permits, contracts, certificates, licenses, privileges, and financial assistance that—

“(1) have been issued, made, granted, or allowed to become effective by the President of the United States, the Secretary of Commerce, the Administrator of the National Oceanic and Atmospheric Administration, any Federal agency or official thereof,
or by a court of competent jurisdiction, in the performance of functions which are transferred by this title [amending this section, sections 883b and 883e of Title 49, Navigation and Navigable Waters, and section 1307 of Title 44, Public Printing and Documents, and enacting provisions set out as notes under this section]; and

shall continue in effect on the date of transfer, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, accounts payable, financial assistance, and litigation relating to such obligations, regardless whether judgment has been entered, damages awarded, or appeal taken.

SECTION 44722. TITLE 49—TRANSPORTATION

"(2) TRANSITION GUIDELINES.—The Secretary of Commerce, the Administrator of the National Oceanic and Atmospheric Administration, and the Administrator of the Federal Aviation Administration are authorized to issue transition guidelines providing for the orderly transfer of proceedings and otherwise to accomplish the orderly transfer of functions, personnel and property under this title.

"(c) CONTINUED EFFECTIVENESS OF JUDICIAL ACTIONS.—No cause of action by or against the Department of Commerce or the National Oceanic and Atmospheric Administration with respect to functions transferred by this title, or by or against any officer thereof in the official's capacity, shall abate by reason of the effectiveness of this title. Causes of action and actions with respect to a function or office transferred by this title, or other proceedings may be asserted by or against the United States or an official of the Federal Aviation Administration, as may be appropriate, and, in an action pending when this title takes effect, the court may at any time, on its own motion or that of any party, enter an order that will give effect to the provisions of this subsection.

"(d) SUBSTITUTION OR ADDITION OF PARTIES TO JUDICIAL ACTIONS.—If, on the date of transfer, the Department of Commerce or the National Oceanic and Atmospheric Administration, or any officer of the Department or Administration in an official capacity, is a party to an action, and under this title any function relating to the action of the Department, Administration, or officer is transferred to the Federal Aviation Administration, then such action shall be continued with the Administrator of the Federal Aviation Administration substituted or added as a party.

"(e) CONTINUATION OF JURISDICTION OVER ACTIONS TRANSFERRED.—Orders and actions of the Administrator of the Federal Aviation Administration in the exercise of functions transferred by this title shall be subject to judicial review to the same extent and in the same manner as if such orders and actions had been by the Department of Commerce or the National Oceanic and Atmospheric Administration, or any office or officer of such Department or Administration, in the exercise of such functions immediately preceding their transfer.

"(f) LIABILITIES AND OBLIGATIONS.—The Administrator of the Federal Aviation Administration shall assume all liabilities and obligations (tangible and incorporeal, present and executory) associated with the functions transferred under this title on the date of transfer, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, accounts payable, financial assistance, and litigation relating to such obligations, regardless whether judgment has been entered, damages awarded, or appeal taken.

Transfer of Functions

Pub. L. 106–181, title VI, § 601, Apr. 5, 2000, 114 Stat. 149, provided that: "Effective October 1, 2000, there are transferred to the Federal Aviation Administration and vested in the Administrator the functions, powers, and duties of the Secretary of Commerce and other officers of the Department of Commerce that relate to the Office of Aeronautical Charting and Cartography and are set forth in section 44721 of title 49, United States Code."

Transfer of Office, Personnel, and Funds

Pub. L. 106–181, title VI, § 602, Apr. 5, 2000, 114 Stat. 149, provided that:

"(a) TRANSFER OF OFFICE.—Effective October 1, 2000, the Office of Aeronautical Charting and Cartography of the National Oceanic and Atmospheric Administration, Department of Commerce, is transferred to the Federal Aviation Administration.

"(b) OTHER TRANSFERS.—Effective October 1, 2000, the personnel employed in connection with, and the liabilities, contracts, property, equipment, facilities, records, and unexpended balance of appropriations, and other funds employed, held, used, arising from, available to, or to be made available in connection with the function and offices, or portions of offices, transferred by this title [amending this section, sections 883b and 883e of Title 33, Navigation and Navigable Waters, and section 1307 of Title 44, Public Printing and Documents, and enacting provisions set out as notes under this section], including all Senior Executive Service positions, subject to section 1531 of title 31, United States Code, are transferred to the Administrator of the Federal Aviation Administration for appropriate allocation. Personnel employed in connection with functions transferred by this title transfer under any applicable law and regulation relating to transfer of functions. Unexpended funds transferred under this section shall be used only for the purposes for which the funds were originally authorized and appropriated, except that funds may be used for expenses associated with the transfer authorized by this title."

Procurement of Private Enterprise Mapping, Charting, and Geographic Information Systems

Pub. L. 106–181, title VI, § 607, Apr. 5, 2000, 114 Stat. 154, provided that: "The Administrator [of the Federal Aviation Administration] shall consider procuring mapping, charting, and geographic information systems necessary to carry out the duties of the Administrator under title 49, United States Code, from private enterprises, if the Administrator determines that such procurement furthers the mission of the Federal Aviation Administration and is cost effective."

§ 44722. Aircraft operations in winter conditions

The Administrator of the Federal Aviation Administration shall prescribe regulations requiring procedures to improve safety of aircraft operations during winter conditions. In deciding on the procedures to be required, the Administrator shall consider at least aircraft and air traffic control modifications, the availability of
different types of deicing fluids (considering their efficacy and environmental limitations), the types of deicing equipment available, and the feasibility and desirability of establishing timeframes within which deicing must occur under certain types of inclement weather.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1202.)

HISTORICAL AND REVISION NOTES

The words “Before November 1, 1992” are omitted as obsolete. The words “prescribe regulations requiring” are substituted for “require, by regulation”, and the words “other factors the Administrator considers appropriate” are substituted for “among other things”, for consistency in the revised title.

§ 44723. Annual report

Not later than January 1 of each year, the Secretary of Transportation shall submit to Congress a comprehensive report on the safety enforcement activities of the Federal Aviation Administration during the fiscal year ending the prior September 30th. The report shall include—

(1) a comparison of end-of-year staffing levels by operations, maintenance, and avionics inspector categories to staffing goals and a statement on how staffing standards were applied to make allocations between air carrier and general aviation operations, maintenance, and avionics inspectors;

(2) schedules showing the range of inspector experience by various inspector work force categories, and the number of inspectors in each of the categories who are considered fully qualified;

(3) schedules showing the number and percentage of inspectors who have received mandatory training by individual course, and the number of inspectors by work force categories, who have received all mandatory training;

(4) a description of the criteria used to set annual work programs, an explanation of how these criteria differ from criteria used in the prior fiscal year and how the annual work programs ensure compliance with appropriate regulations and safe operating practices;

(5) a comparison of actual inspections performed during the fiscal year to the annual work programs by field location and, for any field location completing less than 80 percent of its planned number of inspections, an explanation of why annual work programs were not met;

(6) a statement of the adequacy of Administration internal management controls available to ensure that field managers comply with Administration policies and procedures, including those on inspector priorities, district office coordination, minimum inspection standards, and inspection followup;

(7) the status of efforts made by the Administration to update inspector guidance documents and regulations to include technological, management, and structural changes taking place in the aviation industry, including a listing of the backlog of all proposed regulatory amendments;

(8) a list of the specific operational measures of effectiveness used to evaluate—

(A) the progress in meeting program objectives;

(B) the quality of program delivery; and

(C) the nature of emerging safety problems;

(9) a schedule showing the number of civil penalty cases closed during the 2 prior fiscal years, including the total initial and final penalties imposed, the total number of dollars collected, the range of dollar amounts collected, the average case processing time, and the range of case processing time;

(10) a schedule showing the number of enforcement actions taken (except civil penalties) during the 2 prior fiscal years, including the total number of violations cited, and the number of cited violation cases closed by certificate suspensions, certificate revocations, warnings, and no action taken; and

(11) schedules showing the safety record of the aviation industry during the fiscal year for air carriers and general aviation, including—

(A) the number of inspections performed when deficiencies were identified compared with inspections when no deficiencies were found;

(B) the frequency of safety deficiencies for each air carrier; and

(C) an analysis based on data of the general status of air carrier and general aviation compliance with aviation regulations.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1202.)

In clauses (4) and (7), the word “regulations” is substituted for “Federal regulations” for consistency in the revised title.

In clause (5), the words “by field location” are substituted for “disaggregated to the field locations” for clarity.

In clause (8), before subclause (A), the words “‘best proxies’ standing between the ultimate goal of accident prevention and ongoing program activities” are omitted as surplus.

In clause (9), the words “penalties imposed” are substituted for “assessments” for consistency in the revised title and with other titles of the United States Code.

In clause (11)(C), the words “aviation regulations” are substituted for “Federal Aviation Regulations” for consistency in the revised title.

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of reporting provisions in this section, see section 3003 of Pub. L. 101-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See, also, the 22nd item on page 132 and the 10th item on page 135 of House Document No. 103-7.
§ 44724. Manipulation of flight controls

(a) PROHIBITION.—No pilot in command of an aircraft may allow an individual who does not hold—

(1) a valid private pilot's certificate issued by the Administrator of the Federal Aviation Administration under part 61 of title 14, Code of Federal Regulations; and

(2) the appropriate medical certificate issued by the Administrator under part 67 of such title,

to manipulate the controls of an aircraft if the pilot knows or should have known that the individual is attempting to set a record or engage in an aeronautical competition or aeronautical feat, as defined by the Administrator.

(b) REVOCATION OF AIRMEN CERTIFICATES.—The Administrator shall issue an order revoking a certificate issued to an airman under section 44703 of this title if the Administrator finds that while acting as a pilot in command of an aircraft, the airman has permitted another individual to manipulate the controls of the aircraft in violation of subsection (a).

(c) PILOT IN COMMAND DEFINED.—In this section, the term “pilot in command” has the meaning given such term by section 1.1 of title 14, Code of Federal Regulations.

§ 44725. Life-limited aircraft parts

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require the safe disposition of life-limited parts removed from an aircraft. The rulemaking proceeding shall ensure that the disposition deter installation on an aircraft of a life-limited part that has reached or exceeded its life limits.

(b) SAFE DISPOSITION.—For the purposes of this section, safe disposition includes any of the following methods:

(1) The part may be segregated under circumstances that preclude its installation on an aircraft.

(2) The part may be permanently marked to indicate its used life status.

(3) The part may be destroyed in any manner calculated to prevent reinstallation in an aircraft.

(4) The part may be marked, if practicable, to include the recordation of hours, cycles, or other airworthiness information. If the parts are marked with cycles or hours of usage, that information must be updated every time the part is removed from service or when the part is retired from service.

(5) Any other method approved by the Administrator.

(c) DEADLINES.—In conducting the rulemaking proceeding under subsection (a), the Administrator shall—

(1) not later than 180 days after the date of the enactment of this section, issue a notice of proposed rulemaking; and

(2) not later than 180 days after the close of the comment period on the proposed rule, issue a final rule.

(d) PRIOR-REMOVED LIFE-LIMITED PARTS.—No rule issued under subsection (a) shall require the marking of parts removed from aircraft before the effective date of the rules issued under subsection (a), nor shall any such rule forbid the installation of an otherwise airworthy life-limited part.

REFERENCES IN TEXT

The date of the enactment of this section, referred to in in subsec. (c)(1), is the date of enactment of Pub. L. 104–264, which was approved Apr. 5, 2000.

§ 44726. Denial and revocation of certificate for counterfeit parts violations

(a) DENIAL OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in paragraph (2) of this subsection and subsection (e)(2), the Administrator of the Federal Aviation Administration may not issue a certificate under this chapter to a person described in subparagraph (A) if issuance of the certificate will facilitate law enforcement efforts.

(b) REVOCATION OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in sub-sections (f) and (g), the Administrator shall issue an order revoking a certificate issued under this chapter if the Administrator finds that the holder of the certificate or an individual who has a controlling or ownership interest in the holder—

(A) was convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) whose certificate is revoked under subsection (b); or

(C) subject to a controlling or ownership interest of an individual described in subparagraph (A) or (B).

(2) EXCEPTION.—Notwithstanding paragraph (1), the Administrator may not issue a certificate under this chapter to a person described in paragraph (1) if issuance of the certificate will facilitate law enforcement efforts.

(Added Pub. L. 104–264, title V, § 504(a), Apr. 5, 2000.)

References in Text

The date of the enactment of this section, referred to in in subsec. (c)(1), is the date of enactment of Pub. L. 104–264, which was approved Apr. 5, 2000.
may not review whether a person violated a law described in paragraph (1)(A).

(c) NOTICE REQUIREMENT.—Before the Administrator revokes a certificate under subsection (b), the Administrator shall—
(1) advise the holder of the certificate of the reason for the revocation; and
(2) provide the holder of the certificate an opportunity to be heard on why the certificate should not be revoked.

(d) APPEAL.—The provisions of section 4710(d) apply to the appeal of a revocation order under subsection (b). For the purpose of applying that section to the appeal, “person” shall be substituted for “individual” each place it appears.

(e) ACQUITTAL OR REVERSAL.—
(1) IN GENERAL.—The Administrator may not revoke, and the National Transportation Safety Board may not affirm a revocation of, a certificate under subsection (b)(1) if the holder of the certificate or the individual referred to in subsection (b)(1) is acquitted of all charges directly related to the violation.

(2) REISSUANCE.—The Administrator may reissue a certificate revoked under subsection (b) of this section to the former holder if—
(A) the former holder otherwise satisfies the requirements of this chapter for the certificate; and
(B)(i) the former holder or the individual referred to in subsection (b)(1), is acquitted of all charges related to the violation on which the revocation was based; or
(ii) the conviction of the former holder or such individual of the violation on which the revocation was based is reversed.

(f) WAIVER.—The Administrator may waive revocation of a certificate under subsection (b) if—
(1) a law enforcement official of the United States Government requests a waiver; and
(2) the waiver will facilitate law enforcement efforts.

(g) AMENDMENT OF CERTIFICATE.—If the holder of a certificate issued under this chapter is other than an individual and the Administrator finds that—
(1) an individual who had a controlling or ownership interest in the holder committed a violation of a law for the violation of which a certificate may be revoked under this section or knowingly, and with intent to defraud, carried out or facilitated an activity punishable under such a law; and
(2) the holder satisfies the requirements for the certificate without regard to that individual,
then the Administrator may amend the certificate to impose a limitation that the certificate will not be valid if that individual has a controlling or ownership interest in the holder.

Effective Date of 2003 Amendment
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date
Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 108–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 44727. Runway safety areas

(a) AIRPORTS IN ALASKA.—An airport owner or operator in the State of Alaska shall not be required to reduce the length of a runway or declare the length of a runway to be less than the actual pavement length in order to meet standards of the Federal Aviation Administration applicable to runway safety areas.

(b) STUDY.—
(1) IN GENERAL.—The Secretary shall conduct a study of runways at airports in States other than Alaska to determine which airports are affected by standards of the Federal Aviation Administration applicable to runway safety areas and to assess how operations at those airports would be affected if the owner or operator of the airport is required to reduce the length of a runway or declare the length of a runway to be less than the actual pavement length in order to meet such standards.

(2) REPORT.—Not later than 9 months after the date of enactment of this section, the Secretary shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report containing the results of the study.

References in Text
The date of enactment of this section, referred to in subsec. (b)(2), is the date of enactment of Pub. L. 108–176, which was approved Dec. 12, 2003.

Effective Date
Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 44728. Flight attendant certification

(a) CERTIFICATE REQUIRED.—
(1) IN GENERAL.—No person may serve as a flight attendant aboard an aircraft of an air carrier unless that person holds a certificate of demonstrated proficiency from the Administrator of the Federal Aviation Administration. Upon the request of the Administrator or an authorized representative of the National Transportation Safety Board or another Federal agency, a person who holds such a certificate shall present the certificate for inspection within a reasonable period of time after the date of the request.
(2) Special rule for current flight attendants.—An individual serving as a flight attendant on the effective date of this section may continue to serve aboard an aircraft as a flight attendant until completion by that individual of the required recurrent or requalification training and subsequent certification under this section.

(3) Treatment of flight attendant after notification.—On the date that the Administrator is notified by an air carrier that an individual has successfully completed all the training requirements for flight attendants approved by the Administrator, the individual shall be treated for purposes of this section as holding a certificate issued under the section.

(b) Issuance of certificate.—The Administrator shall issue a certificate of demonstrated proficiency under this section to an individual after the Administrator is notified by the air carrier that the individual has successfully completed all the training requirements for flight attendants approved by the Administrator.

(c) Designation of person to determine successful completion of training.—In accordance with part 183 of title 14, Code of Federal Regulation, the director of operations of an air carrier is designated to determine that an individual has successfully completed the training requirements approved by the Administrator for such individual to serve as a flight attendant.

(d) Specifications relating to certificates.—Each certificate issued under this section shall—

1. Be numbered and recorded by the Administrator;
2. Contain the name, address, and description of the individual to whom the certificate is issued;
3. Be similar in size and appearance to certificates issued to airmen;
4. Contain the airplane group for which the certificate is issued; and
5. Be issued not later than 120 days after the Administrator receives notification from the air carrier of demonstrated proficiency and, in the case of an individual serving as flight attendant on the effective date of this section, not later than 1 year after such effective date.

(e) Approval of training programs.—Air carrier flight attendant training programs shall be subject to approval by the Administrator. All flight attendant training programs approved by the Administrator in the 1-year period ending on the date of enactment of this section shall be treated as providing a demonstrated proficiency for purposes of meeting the certification requirements of this section.

(f) Minimum language skills.—

1. In General.—No person may serve as a flight attendant aboard an aircraft of an air carrier, unless that person has demonstrated to an individual qualified to determine proficiency the ability to read, speak, and write English well enough to—
   A. Read material written in English and comprehend the information;
   B. Speak and understand English sufficiently to provide direction to, and understand and answer questions from, English-speaking individuals;
   C. Write incident reports and statements and log entries and statements; and
   D. Carry out written and oral instructions regarding the proper performance of their duties.

2. Foreign Flights.—The requirements of paragraph (1) do not apply to a flight attendant serving solely between points outside the United States.

(g) Flight Attendant Defined.—In this section, the term “flight attendant” means an individual working as a flight attendant in the cabin of an aircraft that has 20 or more seats and is being used by an air carrier to provide air transportation.

References in Text

For effective date of this section, referred to in subsecs. (a)(2) and (d)(b), see Effective Date note below.

The date of enactment of this section, referred to in subsec. (e), is the date of enactment of Pub. L. 108–176, which was approved Dec. 12, 2003.

Amendments

Subsec. (d)(3). Pub. L. 115–254, §539(1)(2), struck out “be” for “is”.
2012—Subsecs. (f), (g). Pub. L. 112–95 added subsec. (f) and redesignated former subsec. (f) as (g).

Effective Date

Pub. L. 108–176, title VIII, §814(c), Dec. 12, 2003, 117 Stat. 2592, provided that: “The amendments made by subsections (a) and (b) [enacting this section and amending the analysis to this chapter] shall take effect on the 365th day following the date of enactment of this Act [Dec. 12, 2003].”

Facilitation

Pub. L. 112–95, title III, §304(b), Feb. 14, 2012, 126 Stat. 58, provided that: “The Administrator of the Federal Aviation Administration shall work with air carriers to facilitate compliance with the requirements of section 44728(f) of title 49, United States Code (as amended by this section).”

§44729. Age standards for pilots

(a) In General.—Subject to the limitation in subsection (c), a pilot may serve in multicommand covered operations until attaining 65 years of age.

(b) Covered Operations Defined.—In this section, the term “covered operations” means operations under part 121 of title 14, Code of Federal Regulations.

(c) Limitation for International Flights.—

1. Applicability of ICAO Standard.—A pilot who has attained 60 years of age may serve as pilot-in-command in covered operations between the United States and another country only if there is another pilot in the flight deck crew who has not yet attained 60 years of age.

2. Sunset of Limitation.—Paragraph (1) shall cease to be effective on such date as the
Convention on International Civil Aviation provides that a pilot who has attained 60 years of age may serve as pilot-in-command in international commercial operations without regard to whether there is another pilot in the flight deck crew who has not attained age 60.

(d) Sunset of Age 60 Retirement Rule.—On and after the date of enactment of this section, section 121.383(c) of title 14, Code of Federal Regulations, shall cease to be effective.

(e) Applicability.—

(1) Nonretroactivity.—No person who has attained 60 years of age before the date of enactment of this section may serve as a pilot for an air carrier engaged in covered operations unless—

(A) such person is in the employment of that air carrier in such operations on such date of enactment as a required flight deck crew member; or

(B) such person is newly hired by an air carrier as a pilot on or after such date of enactment without credit for prior seniority or prior longevity for benefits or other terms related to length of service prior to the date of rehire under any labor agreement or employment policies of the air carrier.

(2) Protection for Compliance.—An action taken in conformance with this section, taken in conformance with a regulation issued to carry out this section, or taken prior to the date of enactment of this section in conformance with section 121.383(c) of title 14, Code of Federal Regulations (as in effect before such date of enactment), may not serve as a basis for liability or relief in a proceeding, brought under any employment law or regulation, before any court or agency of the United States or of any State or locality.

(f) Amendments to Labor Agreements and Benefit Plans.—Any amendment to a labor agreement or benefit plan of an air carrier that is required to conform with the requirements of this section or a regulation issued to carry out this section, and is applicable to pilots represented for collective bargaining, shall be made by agreement of the air carrier and the designated bargaining representative of the pilots of the air carrier.

(g) Medical Standards and Records.—Except as provided by paragraph (2), a person serving as a pilot for an air carrier engaged in covered operations shall not be subject to different medical standards, or different, greater, or more frequent medical examinations, on account of age unless the Secretary determines (based on data received or studies published after the date of enactment of this section) that different medical standards, or different, greater, or more frequent medical examinations, are needed to ensure an adequate level of safety in flight.

(2) Duration of First-Class Medical Certificate.—No person who has attained 60 years of age may serve as a pilot of an air carrier engaged in covered operations unless the person has a first-class medical certificate. Such a certificate shall expire on the last day of the 6-month period following the date of examination shown on the certificate.

(h) Safety.—

(1) Training.—Each air carrier engaged in covered operations shall continue to use pilot training and qualification programs approved by the Federal Aviation Administration, with specific emphasis on initial and recurrent training and qualification of pilots who have attained 60 years of age, to ensure continued acceptable levels of pilot skill and judgment.

(2) GAO Report.—Not later than 24 months after the date of enactment of this section, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report concerning the effect, if any, on aviation safety of the modification to pilot age standards made by subsection (a).

References in Text

The date of enactment of this section and such date of enactment, referred to in subs. (d), (e), (g)(1) and (h)(2), is the date of enactment of Pub. L. 110–135, which was approved Dec. 13, 2007.

Amendments

2012—Subsec. (b)(2). Pub. L. 112–95 redesignated par. (3) as (2) and struck out former par. (2). Prior to amendment, text of par. (2) read as follows: "Not later than 6 months after the date of enactment of this section, and every 6 months thereafter, an air carrier engaged in covered operations shall evaluate the performance of each pilot of the air carrier who has attained 60 years of age through a line check of such pilot. Notwithstanding the preceding sentence, an air carrier shall not be required to conduct for a 4-month period a line check under this paragraph of a pilot serving as second-in-command if the pilot has undergone a regularly scheduled simulator evaluation during that period."

§ 44730. Helicopter air ambulance operations

(a) Compliance Regulations.—

(1) In General.—Except as provided in paragraph (2), not later than 180 days after the date of enactment of this section, a part 135 certificate holder providing air ambulance services shall comply, whenever medical personnel are onboard the aircraft, with regulations pertaining to weather minimums and flight and duty time under part 135.

(2) Exception.—If a certificate holder described in paragraph (1) is operating, or carrying out training, under instrument flight rules, the weather reporting requirement at the destination shall not apply if authorized by the Administrator of the Federal Aviation Administration.

(b) Final Rule.—Not later than June 1, 2012, the Administrator shall issue a final rule, with respect to the notice of proposed rulemaking published in the Federal Register on October 12, 2010 (75 Fed. Reg. 62640), to improve the safety of flight crewmembers, medical personnel, and passengers onboard helicopters providing air ambulance services under part 135.

(c) Matters To Be Addressed.—In conducting the rulemaking proceeding under subsection (b), the Administrator shall address the following:
(1) Flight request and dispatch procedures, including performance-based flight dispatch procedures.

(2) Pilot training standards, including establishment of training standards in—
   (A) preventing controlled flight into terrain; and
   (B) recovery from inadvertent flight into instrument meteorological conditions.

(3) Safety-enhancing technology and equipment, including—
   (A) helicopter terrain awareness and warning systems;
   (B) radar altimeters; and
   (C) devices that perform the function of flight data recorders and cockpit voice recorders, to the extent feasible.

(4) Such other matters as the Administrator considers appropriate.

(d) MINIMUM REQUIREMENTS.—In issuing a final rule under subsection (b), the Administrator, at a minimum, shall provide for the following:

(1) FLIGHT RISK EVALUATION PROGRAM.—The Administrator shall ensure that a part 135 certificate holder providing helicopter air ambulance services—
   (A) establishes a flight risk evaluation program, based on FAA Notice 8000.301 issued by the Administration on August 1, 2005, including any updates thereto;
   (B) as part of the flight risk evaluation program, develops a checklist for use by pilots in determining whether a flight request should be accepted; and
   (C) requires the pilots of the certificate holder to use the checklist.

(2) OPERATIONAL CONTROL CENTER.—The Administrator shall ensure that a part 135 certificate holder providing helicopter air ambulance services using 10 or more helicopters has an operational control center that meets such requirements as the Administrator may prescribe.

(e) SUBSEQUENT RULEMAKING.—

(1) IN GENERAL.—Upon completion of the rulemaking required under subsection (b), the Administrator shall conduct a follow-on rulemaking to address the following:
   (A) Pilot training standards, including—
      (i) mandatory training requirements, including a minimum time for completing the training requirements;
      (ii) training subject areas, such as communications procedures and appropriate technology use; and
      (iii) establishment of training standards in—
         (I) crew resource management;
         (II) flight risk evaluation;
         (III) operational control of the pilot in command; and
         (IV) use of flight simulation training devices and line-oriented flight training.
   (B) Use of safety equipment that should be worn or used by flight crewmembers and medical personnel on a flight, including the possible use of shoulder harnesses, helmets, seatbelts, and fire resistant clothing to enhance crash survivability.

(2) DEADLINES.—Not later than 180 days after the date of issuance of a final rule under subsection (b), the Administrator shall initiate the rulemaking under this subsection.

(3) LIMITATION ON CONSTRUCTION.—Nothing in this subsection shall be construed to require the Administrator to propose or finalize any rule that would derogate or supersede the rule required to be finalized under subsection (b).

(f) DEFINITIONS.—In this section, the following definitions apply:

(1) PART 135.—The term “part 135” means part 135 of title 14, Code of Federal Regulations.

(2) PART 135 CERTIFICATE HOLDER.—The term “part 135 certificate holder” means a person holding an operating certificate issued under part 119 of title 14, Code of Federal Regulations, that is authorized to conduct civil helicopter air ambulance operations under part 135.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsec. (a)(1), is the date of enactment of Pub. L. 112–96, which was approved Feb. 14, 2012.

§ 44731. Collection of data on helicopter air ambulance operations

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall require a part 135 certificate holder providing helicopter air ambulance services to submit to the Administrator, annually, a report containing, at a minimum, the following data:

(1) The number of helicopters that the certificate holder uses to provide helicopter air ambulance services and the base locations of the helicopters.

(2) The number of hours flown by the helicopters operated by the certificate holder.

(3) The number of patients transported and the number of patient transport requests for a helicopter providing air ambulance services that were accepted or declined by the certificate holder and the type of each such flight request (such as scene response, interfacility transport, or organ transport).

(4) The number of accidents, if any, involving helicopters operated by the certificate holder while providing air ambulance services and a description of the accidents.

(5) The number of hours flown under instrument flight rules by helicopters operated by the certificate holder.

(6) The number of hours flown at night by helicopters operated by the certificate holder.

(7) The number of incidents, if any, in which a helicopter was not directly dispatched and arrived to transport patients but was not utilized for patient transport.

(b) REPORTING PERIOD.—Data contained in a report submitted by a part 135 certificate holder under subsection (a) shall relate to such reporting period as the Administrator determines appropriate.

(c) DATABASE.—Not later than 180 days after the date of enactment of this section, the Ad-
ministrator shall develop a method to collect and store the data collected under subsection (a), including a method to protect the confidentiality of any trade secret or proprietary information provided in response to this section.

(d) REPORT TO CONGRESS.—The Administrator shall submit annually to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing a summary of the data collected under subsection (a). The report shall include the number of accidents experienced by helicopter air ambulance operations, the number of fatal accidents experienced by helicopter air ambulance operations, and the rate, per 100,000 flight hours, of accidents and fatal accidents experienced by operators providing helicopter air ambulance services.

(e) IMPLEMENTATION.—In carrying out this section, the Administrator, in collaboration with part 135 certificate holders providing helicopter air ambulance services, shall—

(1) propose and develop a method to collect and store the data submitted under subsection (a), including a method to protect the confidentiality of any trade secret or proprietary information submitted; and

(2) ensure that the database under subsection (c) and the report under subsection (d) include data and analysis that will best inform efforts to improve the safety of helicopter air ambulance operations.

(f) DEFINITIONS.—In this section, the terms "part 135" and "part 135 certificate holder" have the meanings given such terms in section 4730.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsec. (c), is the date of enactment of Pub. L. 112–95, which was approved Feb. 14, 2012.

AMENDMENTS

2018—Subsec. (a). Pub. L. 115–254, § 314(d)(1)(A), substituted "annually" for "not later than 1 year after the date of enactment of this section, and annually thereafter" in introductory provisions.

Subsec. (a)(2). Pub. L. 115–254, § 314(d)(1)(B), substituted "hours flown by the helicopters operated by the certificate holder" for "flights and hours flown, by registration number, during which helicopters operated by the certificate holder were providing helicopter air ambulance services".

Subsec. (a)(3). Pub. L. 115–254, § 314(d)(1)(C), substituted "of patients transported and the number of patients transported" for "of flight", inserted "or" after "interfacility transport," and struck out ", or ferry or repositioning flight" after "organ transport".

Subsec. (a)(5). Pub. L. 115–254, § 314(d)(1)(D), struck out "flights and" after "The number of" and "while providing air ambulance services" before period at end.

Subsec. (a)(6). Pub. L. 115–254, § 314(d)(1)(E), amended par. (6) generally. Prior to amendment, par. (6) read as follows: "The time of day of each flight flown by helicopters operated by the certificate holder while providing air ambulance services."

Subsec. (d). Pub. L. 115–254, § 314(d)(2), substituted "The Administrator shall submit annually" for "Not later than 2 years after the date of enactment of this section, and annually thereafter, the Administrator shall submit" and inserted at end "The report shall include the number of accidents experienced by helicopter air ambulance operations, the number of fatal accidents experienced by helicopter air ambulance operations, and the rate, per 100,000 flight hours, of accidents and fatal accidents experienced by operators providing helicopter air ambulance services."

Subsecs. (e), (f). Pub. L. 115–254, § 314(d)(3), (4), added subsec. (e) and redesignated former subsec. (e) as (f).

HELICOPTER AIR AMBULANCE OPERATIONS DATA AND REPORTS

"(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act (Oct. 5, 2018), the Administrator [of the Federal Aviation Administration], in collaboration with helicopter air ambulance industry stakeholders, shall assess the availability of information to the general public related to the location of heliports and helipads used by helicopters providing air ambulance services, including helipads and helipads outside of those listed as part of any existing databases of Airport Master Record (5010) forms.

"(b) REQUIREMENTS.—Based on the assessment under subsection (a), the Administrator shall—

"(1) update, as necessary, any existing guidance on what information is included in the current databases of Airport Master Record (5010) forms to include information related to heliports and helipads used by helicopters providing air ambulance services; or

"(2) develop, as appropriate and in collaboration with helicopter air ambulance industry stakeholders, a new database of heliports and helipads used by helicopters providing air ambulance services.

"(c) REPORTS.—

"(1) ASSESSMENT REPORT.—Not later than 30 days after the date the assessment under subsection (a) is complete, the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the assessment, including any recommendations on how to make information related to the location of heliports and helipads used by helicopters providing air ambulance services available to the general public.

"(2) IMPLEMENTATION REPORT.—Not later than 30 days after completing action under paragraph (1) or paragraph (2) of subsection (b), the Administrator shall submit to the appropriate committees of Congress a report on such action."

§ 44732. Prohibition on personal use of electronic devices on flight deck

(a) IN GENERAL.—It is unlawful for a flight crewmember of an aircraft used to provide air transportation under part 121 of title 14, Code of Federal Regulations, to use a personal wireless communications device or laptop computer while at the flight crewmember’s duty station on the flight deck of such an aircraft while the aircraft is being operated.

(b) EXCEPTIONS.—Subsection (a) shall not apply to the use of a personal wireless communications device or laptop computer for a purpose directly related to operation of the aircraft, or for emergency, safety-related, or employment-related communications, in accordance with procedures established by the air carrier and the Administrator of the Federal Aviation Administration.

(c) ENFORCEMENT.—In addition to the penalties provided under section 46301 applicable to any violation of this section, the Administrator of the Federal Aviation Administration may en-
force compliance with this section under section 4709 by amending, modifying, suspending, or revoking a certificate under this chapter.

(d) PERSONAL WIRELESS COMMUNICATIONS DEVICE DEFINED.—In this section, the term “personal wireless communications device” means a device through which personal wireless services (as defined in section 332(c)(7)(C)(i) of the Communications Act of 1934 (47 U.S.C. 332(c)(7)(C)(i))) are transmitted.

§ 44733. Inspection of repair stations located outside the United States

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this section, the Administrator of the Federal Aviation Administration shall establish and implement a safety assessment system for all part 145 repair stations based on the type, scope, and complexity of work being performed. The system shall:

(1) ensure that repair stations located outside the United States are subject to appropriate inspections based on identified risks and consistent with existing United States requirements;

(2) consider inspection results and findings submitted by foreign civil aviation authorities operating under a maintenance safety or maintenance implementation agreement with the United States; and

(3) require all maintenance safety or maintenance implementation agreements to provide an opportunity for the Administration to conduct independent inspections of covered part 145 repair stations when safety concerns warrant such inspections.

(b) NOTICE TO CONGRESS OF NEGOTIATIONS.—The Administrator shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives not later than 30 days after initiating formal negotiations with foreign aviation authorities or other appropriate foreign government agencies on a new maintenance safety or maintenance implementation agreement.

(c) ANNUAL REPORT.—The Administrator shall publish an annual report on the Administration’s oversight of part 145 repair stations and implementation of the safety assessment system required under subsection (a). The report shall—

(1) describe in detail any improvements in the Administration’s ability to identify and track where part 121 air carrier repair work is performed;

(2) include a staffing model to determine the best placement of inspectors and the number of inspectors needed;

(3) describe the training provided to inspectors; and

(4) include an assessment of the quality of monitoring and surveillance by the Administration of work performed by its inspectors and the inspectors of foreign authorities operating under a maintenance safety or maintenance implementation agreement.

(d) ALCOHOL AND CONTROLLED SUBSTANCES TESTING PROGRAM REQUIREMENTS.—

(1) IN GENERAL.—The Secretary of State and the Secretary of Transportation, acting jointly, shall request the governments of foreign countries that are members of the International Civil Aviation Organization to establish international standards for alcohol and controlled substances testing of persons that perform safety-sensitive maintenance functions on commercial air carrier aircraft.

(2) APPLICATION TO PART 121 AIRCRAFT WORK.—Not later than 1 year after the date of enactment of this section, the Administrator shall promulgate a proposed rule requiring that all part 145 repair station employees responsible for safety-sensitive maintenance functions on part 121 air carrier aircraft are subject to an alcohol and controlled substances testing program determined acceptable by the Administrator and consistent with the applicable laws of the country in which the repair station is located.

(e) ANNUAL INSPECTIONS.—The Administrator shall ensure that part 145 repair stations located outside the United States are inspected annually by Federal Aviation Administration safety inspectors, without regard to where the station is located, in a manner consistent with United States obligations under international agreements. The Administrator may carry out inspections in addition to the annual inspection required under this subsection based on identified risks.

(f) RISK-BASED OVERSIGHT.—

(1) IN GENERAL.—Not later than 90 days after the date of enactment of the FAA Extension, Safety, and Security Act of 2016, the Administrator shall take measures to ensure that the safety assessment system established under subsection (a)—

(A) places particular consideration on inspections of part 145 repair stations located outside the United States that conduct scheduled heavy maintenance work on part 121 air carrier aircraft; and

(B) accounts for the frequency and seriousness of any corrective actions that part 121 air carriers must implement to aircraft following such work at such repair stations.

(2) INTERNATIONAL AGREEMENTS.—The Administrator shall take the measures required under paragraph (1)—

(A) in accordance with United States obligations under applicable international agreements; and

(B) in a manner consistent with the applicable laws of the country in which a repair station is located.

(3) ACCESS TO DATA.—The Administrator may access and review such information or
data in the possession of a part 121 air carrier as the Administrator may require in carrying out paragraph (1)(B).

(g) DEFINITIONS.—In this section, the following definitions apply:

(1) HEAVY MAINTENANCE WORK.—The term “heavy maintenance work” means a C-check, a D-check, or equivalent maintenance operation with respect to the airframe of a transport-category aircraft.

(2) PART 121 AIR CARRIER.—The term “part 121 air carrier” means an air carrier that holds a certificate issued under part 121 of title 14, Code of Federal Regulations.

(3) PART 145 REPAIR STATION.—The term “part 145 repair station” means a repair station that holds a certificate issued under part 145 of title 14, Code of Federal Regulations.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsec. (a) and (d)(2), is the date of enactment of Pub. L. 112–95, which was approved Feb. 14, 2012.

The date of enactment of the FAA Extension, Safety, and Security Act of 2016, referred to in subsec. (f)(1), is the date of enactment of Pub. L. 114–190, which was approved July 15, 2016.

AMENDMENTS

Subsec. (g). Pub. L. 114–190, §2112(a)(3), added par. (1) and redesignated former pars. (1) and (2) as (2) and (3), respectively.

Pub. L. 114–190, §2112(a)(1), redesignated subsec. (f) as (g).

ALCOHOL AND CONTROLLED SUBSTANCES TESTING

Pub. L. 114–190, title II, §2112(b), July 15, 2016, 130 Stat. 628, provided that: “The Administrator of the Federal Aviation Administration shall ensure that—

‘‘(1) not later than 90 days after the date of enactment of this Act [July 15, 2016], a notice of proposed rulemaking required pursuant to section 44730(d)(2) is published in the Federal Register; and

‘‘(2) not later than 1 year after the date on which the notice of proposed rulemaking is published in the Federal Register, the rulemaking is finalized.’’

BACKGROUND INVESTIGATIONS

Pub. L. 114–190, title II, §2112(c), July 15, 2016, 130 Stat. 628, provided that: “Not later than 180 days after the date of enactment of this Act [July 15, 2016], the Administrator shall ensure that each employee of a repair station certificate under part 145 of title 14, Code of Federal Regulations, who performs a safety-sensitive function on an air carrier aircraft has undergone a pre-employment background investigation sufficient to determine whether the individual presents a threat to aviation safety, in a manner that is—

‘‘(1) determined acceptable by the Administrator;

‘‘(2) consistent with the applicable laws of the country in which the repair station is located; and

‘‘(3) consistent with the United States obligations under international agreements.’’

§ 44734. Training of flight attendants

(a) TRAINING REQUIRED.—In addition to other training required under this chapter, each air carrier shall provide to flight attendants employed or contracted by such air carrier initial and annual training regarding—

(1) serving alcohol to passengers;

(2) recognizing intoxicated passengers;

(3) dealing with disruptive passengers; and

(4) recognizing and responding to potential human trafficking victims.

(b) SITUATIONAL TRAINING.—In carrying out the training required under subsection (a), each air carrier shall provide to flight attendants situational training on the proper method for dealing with intoxicated passengers who act in a belligerent manner.

(c) DEFINITIONS.—In this section, the following definitions apply:

(1) AIR CARRIER.—The term ‘‘air carrier’’ means a person, including a commercial enterprise, that has been issued an air carrier operating certificate under section 44705.

(2) FLIGHT ATTENDANT.—The term ‘‘flight attendant’’ has the meaning given that term in section 44728(g).

AMENDMENTS

§ 44735. Limitation on disclosure of safety information

(a) IN GENERAL.—Except as provided by subsection (c), a report, data, or other information described in subsection (b) shall not be disclosed to the public by the Administrator of the Federal Aviation Administration pursuant to section 552(b)(3)(B) of title 5—

(1) if the report, data, or other information is submitted to the Federal Aviation Administration voluntarily and is not required to be submitted to the Administrator under any other provision of law; or

(2) if the report, data, or other information is submitted to the Federal Aviation Administration pursuant to section 102(e) of the Aircraft Certification, Safety, and Accountability Act.

(b) APPLICABILITY.—The limitation established by subsection (a) shall apply to the following:

(1) Reports, data, or other information developed under the Aviation Safety Action Program.

(2) Reports, data, or other information produced or collected under the Flight Operational Quality Assurance Program.

(3) Reports, data, or other information developed under the Line Operations Safety Audit Program.

(4) Reports, data, or other information produced or collected for purposes of developing and implementing a safety management system acceptable to the Administrator.

(5) Reports, analyses, and directed studies, based in whole or in part on reports, data, or other information described in paragraphs (1) through (4), including those prepared under the Aviation Safety Information Analysis and Sharing Program (or any successor program).

(c) EXCEPTION FOR DE-IDENTIFIED INFORMATION.—

(1) IN GENERAL.—The limitation established by subsection (a) shall not apply to a report,
§ 44736. Organization designation authorizations

(a) DELEGATIONS OF FUNCTIONS.—

(1) IN GENERAL.—Except as provided in paragraph (3), when overseeing an ODA holder, the Administrator of the FAA shall—

(A) require, based on an application submitted by the ODA holder and approved by the Administrator (or the Administrator’s designee), a procedures manual that addresses all procedures and limitations regarding the functions to be performed by the ODA holder; and

(B) conduct regular oversight activities by inspecting the ODA holder’s delegated functions and taking action based on validated inspection findings.

(2) DUTIES OF ODA HOLDERS.—An ODA holder shall—

(A) perform each specified function delegated to the ODA holder in accordance with the approved procedures manual for the delegation;

(B) make the procedures manual available to each member of the appropriate ODA unit; and

(C) cooperate fully with oversight activities conducted by the Administrator in connection with the delegation.

(3) EXISTING ODA HOLDERS.—With regard to an ODA holder operating under a procedures manual approved by the Administrator before the date of enactment of the FAA Reauthorization Act of 2018, the Administrator shall conduct regular oversight activities by inspecting the ODA holder’s delegated functions and taking action based on validated inspection findings.

(b) ODA OFFICE.—

(1) ESTABLISHMENT.—Not later than 120 days after the date of enactment of this section, the Administrator of the FAA shall identify, within the FAA Office of Aviation Safety, a centralized policy office to be known as the Organization Designation Authorization Office or the ODA Office.

(2) PURPOSE.—The purpose of the ODA Office shall be to provide oversight and ensure the consistency of the FAA’s audit functions under the ODA program across the FAA.

(3) FUNCTIONS.—The ODA Office shall—

(A)(i) require, as appropriate, an ODA holder to establish a corrective action plan to regain authority for any retained limitations;

(ii) require, as appropriate, an ODA holder to notify the ODA Office when all corrective actions have been accomplished; and

(iii) when appropriate, make a reassessment to determine if subsequent performance in carrying out any retained limitation warrants continued retention and, if such reassessment determines performance meets objectives, lift such limitation immediately;

(B) develop a more consistent approach to audit priorities, procedures, and training under the ODA program;

(C) review, in a timely fashion, a random sample of limitations on delegated authorities under the ODA program to determine if the limitations are appropriate;

(D) ensure national consistency in the interpretation and application of the requirements of the ODA program, including any limitations, and in the performance of the ODA program;

(E) at the request of an ODA holder, review and, when appropriate, approve new limitations to ODA functions; and

(F) ensure the ODA holders procedures manual contains procedures and policies based on best practices established by the Administrator.

(c) DEFINITIONS.—In this section, the following definitions apply:

(1) FAA.—The term “FAA” means the Federal Aviation Administration.

(2) ODA HOLDER.—The term “ODA holder” means an entity authorized to perform functions pursuant to a delegation made by the Administrator of the FAA under section 44702(d).

(3) ODA UNIT.—The term “ODA unit” means a group of 2 or more individuals who perform, under the supervision of an ODA holder, authorized functions under an ODA.

(4) ORGANIZATION.—The term “organization” means a firm, partnership, corporation, company, association, joint-stock association, or governmental entity.

(5) ORGANIZATION DESIGNATION AUTHORIZATION; ODA.—The term “Organization Designation Authorization” or “ODA” means an authorization by the FAA under section 44702(d) for an organization composed of 1 or more ODA units to perform approved functions on behalf of the FAA.

(d) AUDITS.—

(1) IN GENERAL.—The Administrator shall perform a periodic audit of each ODA unit and its procedures.

(2) DURATION.—An audit required under paragraph (1) shall be performed with respect to an ODA holder once every 7 years (or more frequently as determined appropriate by the Administrator).
(3) RECORDS.—The ODA holder shall maintain, for a period to be determined by the Administrator, a record of—
(A) each audit conducted under this subsection; and
(B) any corrective actions resulting from each such audit.

(e) FEDERAL AVIATION SAFETY ADVISORS.—
(1) IN GENERAL.—In the case of an ODA holder, the Administrator shall assign FAA aviation safety personnel with appropriate expertise to be advisors to the ODA unit members that are authorized to make findings of compliance on behalf of the Administrator. The advisors shall—
(A) communicate with assigned unit members on an ongoing basis to ensure that the assigned unit members are knowledgeable of relevant FAA policies and acceptable methods of compliance; and
(B) monitor the performance of the assigned unit members to ensure consistency with such policies.

(2) APPLICABILITY.—Paragraph (1) shall only apply to an ODA holder that is—
(A) a manufacturer that holds both a type and a production certificate for—
(i) transport category airplanes with a maximum takeoff gross weight greater than 150,000 pounds; or
(ii) airplanes produced and delivered to operators operating under part 121 of title 14, Code of Federal Regulations, for air carrier service under such part 121; or
(B) a manufacturer of engines for an airplane described in subparagraph (A).

(f) COMMUNICATION WITH THE FAA.—Neither the Administrator nor an ODA holder may prohibit—
(1) an ODA unit member from communicating with, or seeking the advice of, the Administrator or FAA staff; or
(2) the Administrator or FAA staff from communicating with an ODA unit member.

REFERENCES IN TEXT
The date of enactment of the FAA Reauthorization Act of 2018 and the date of enactment of this section, referred to in subsecs. (a)(3) and (b)(1), is the date of enactment of Pub. L. 115–254, which was approved Oct. 5, 2018.

AMENDMENTS
2020—Subsec. (a)(1). Pub. L. 116–260, §107(c)(1)(A), redesignated subpar. (C) as (B) and struck out former subpars. (B) and (D) which read as follows:
"(B) delegate fully to the ODA holder each of the functions to be performed as specified in the procedures manual, unless the Administrator determines, after the date of the delegation and as a result of an inspection or other investigation, that the public interest and safety of air commerce requires a limitation with respect to one or more of the functions;
"(D) for each function that is limited under subparagraph (B), work with the ODA holder to develop the ODA holder’s capability to execute that function safely and effectively and return to full authority status;"

Subsec. (a)(3). Pub. L. 116–260, §107(c)(1)(B), substituted "shall conduct regular oversight activities by inspecting the ODA holder’s delegated functions and taking action based on validated inspection findings," for "shall—" and subpars. (A) to (D) which read as follows:
"(A) at the request of the ODA holder and in an expeditious manner, approve revisions to the ODA holder’s procedures manual;
"(B) delegate fully to the ODA holder each of the functions to be performed as specified in the procedures manual, unless the Administrator determines, after the date of the delegation and as a result of an inspection or other investigation, that the public interest and safety of air commerce requires a limitation with respect to one or more of the functions;
"(C) conduct regular oversight activities by inspecting the ODA holder’s delegated functions and taking action based on validated inspection findings; and
"(D) for each function that is limited under subparagraph (B), work with the ODA holder to develop the ODA holder’s capability to execute that function safely and effectively and return to full authority status;"
§ 44736

COMPOSITION OF REVIEW PANEL.—The review panel shall consist of—

(A) 2 representatives of the National Aeronautics and Space Administration;

(B) 2 employees of the Administration’s Aircraft Certification Service with experience conducting oversight of persons not involved in the design or production of transport airplanes;

(C) 1 employee of the Administration’s Aircraft Certification Service with experience conducting oversight of persons involved in the design or production of transport airplanes;

(D) 2 employees of the Administration’s Flight Standards Service with experience in oversight of safety management systems;

(E) 1 appropriately qualified representative, designated by the applicable represented organization, of each of—

(i) a labor union representing airline pilots involved in both passenger and all-cargo operations;

(ii) a labor union, not selected under clause (i), representing airline pilots with expertise in the matters described in paragraph (2);

(iii) a labor union representing employees engaged in the assembly of transport airplanes;

(iv) the certified bargaining representative under section 7111 of title 5, United States Code, for field engineers engaged in the audit or oversight of an organization designation authorization within the Aircraft Certification Service of the Administration;

(v) the certified bargaining representative for safety inspectors of the Administration; and

(vi) a labor union representing employees engaged in the design of transport airplanes;

(F) 2 independent experts who have not served as a political appointee in the Administration and—

(i) who hold either a baccalaureate or post-graduate degree in the field of aerospace engineering or a related discipline; and

(ii) who have a minimum of 20 years of relevant applied experience;

(G) 4 air carrier employees whose job responsibilities include administration of a safety management system;

(H) 4 individuals representing 4 different holders of organization designation authorizations, with preference given to individuals representing holders of organization designation authorizations for the design or production of aircraft other than transport airplanes or for the design or production of aircraft engines, propellers, or appliances; and

(I) 1 individual holding a law degree and who has expertise in the legal duties of a holder of an organization designation authorization and the interaction with the FAA, except that such individual may not, within the 10-year period preceding the individual’s appointment, have been employed by, or provided legal services to, the holder of an organization designation authorization referenced in paragraph (2).

RECOMMENDATIONS.—The review panel shall make recommendations to the Administrator regarding suggested actions to address any deficiencies found after review of the matters listed in paragraph (2).

REPORT.—

(A) SUBMISSION.—Not later than 370 days after the date of the first meeting of the review panel, the review panel shall transmit to the Administrator and the congressional committees of jurisdiction a report containing the findings and recommendations of the review panel regarding the matters listed in paragraph (2), except that such report shall include—

(i) only such findings endorsed by 10 or more individual members of the review panel; and

(ii) only such recommendations described in paragraph (i) endorsed by 18 or more of the individual members of the review panel.

(B) DISSENTING VIEWS.—In submitting the report required under this paragraph, the review panel shall append to such report the dissenting views of any individual member or group of members of the review panel regarding the findings or recommendations of the review panel.

(C) PUBLICATION.—Not later than 5 days after receiving the report under subparagraph (A), the Administrator shall publish such report, including any dissenting views appended to the report, on the website of the Administration.

(D) TERMINATION.—The review panel shall terminate upon submission of the report under subparagraph (A).

ADMINISTRATIVE PROVISIONS.—

(A) ACCESS TO INFORMATION.—The review panel shall have authority to perform the following actions if a majority of the total number of review panel members consider each action necessary and appropriate:

(i) Entering onto the premises of a holder of an organization designation authorization referenced in paragraph (2) for access to and inspection of records or other purposes.

(ii) Notwithstanding any other provision of law, accessing and inspecting unredacted records directly necessary for the completion of the panel’s work under this section that are in the possession of such holder of an organization designation authorization or the Administration.

(iii) Interviewing employees of such holder of an organization designation authorization or the Administration as necessary for the panel to complete its work.

(B) DISCLOSURE OF FINANCIAL INTERESTS.—Each individual serving on the review panel shall disclose to the Administrator any financial interest held by such individual, or a spouse or dependent of such individual, in a business enterprise engaged in the design or production of transport airplanes, aircraft engines designed for transport airplanes, or major systems, components, or parts thereof.

(C) PROTECTION OF PROPRIETARY INFORMATION; TRADE SECRETS.—

(i) MARKING.—The custodian of a record accessed under subparagraph (A) may mark such record as proprietary or containing a trade secret. A marking under this subparagraph shall not be dispositive with respect to whether such record contains any information subject to legal protections from public disclosure.

(ii) NONDISCLOSURE FOR NON-FEDERAL GOVERNMENT PARTICIPANTS.—

(I) NON-FEDERAL GOVERNMENT PARTICIPANTS.—Prior to participating on the review panel, each individual serving on the review panel representing a non-Federal entity, including a labor union, shall execute an agreement with the Administrator in which the individual shall be prohibited from disclosing at any time, except as required by law, to any person, foreign or domestic, any non-public information made accessible to the panel under subparagraph (A).

(II) FEDERAL EMPLOYEE PARTICIPANTS.—Federal employees serving on the review panel as representatives of the Federal Government and who are required to protect proprietary information and trade secrets under section 1905 of title 18, United States Code, shall not be required to execute agreements under this subparagraph.

PANTS
"(iii) Protection of voluntarily submitted safety information.—Information subject to protection from disclosure by the Administrator in accordance with sections 40123 and 44735 of title 49, United States Code, is deemed voluntarily submitted to the Administration under such sections when shared with the review panel and retains its protection from disclosure (including protection under section 552(b)(3) of title 5, United States Code). The custodian of a record subject to such protection may mark such record as subject to statutory protections. A marking under this subparagraph shall not be dispositive with respect to whether such record contains any information subject to legal protections from public disclosure. Members of the review panel will protect voluntarily submitted safety information and other otherwise exempt information to the extent permitted under applicable law.

"(iv) Protection of proprietary information and trade secrets.—Members of the review panel will protect proprietary information, trade secrets, and other otherwise exempt information to the extent permitted under applicable law.

"(v) Resolving classification of information.—If the review panel and a holder of an organization designation authorization subject to review under this section disagree as to the proper classification of information described in this subparagraph, then an employee of the Administrator who is not a political appointee shall determine the proper classification of such information and whether such information will be withheld, in part or in full, from release to the public.

"(D) Applicable law.—Public Law 92–463 [Federal Advisory Committee Act, 5 U.S.C. App.] shall not apply to the panel established under this subsection.

"(E) Financial interest defined.—In this paragraph, the term ‘financial interest’—

1. Excludes securities held in an index fund; and

2. (i) includes—

(a) any current or contingent ownership, equity, or security interest;

(b) an indebtedness or compensated employment relationship; or

(c) any right to purchase or acquire any such interest, including a stock option or commodity future.

"(b) FAA authority.—

1. In general.—After reviewing the findings of the review panel submitted under subsection (a)(5), the Administrator may limit, suspend, or terminate an organization designation authorization subject to review under this section.

2. Restatement.—The Administrator may condition reinstatement of a limited, suspended, or terminated organization designation authorization on the holder’s implementation of any corrective actions determined necessary by the Administrator.

3. Rule of construction.—Nothing in this subsection shall be construed to limit the Administrator’s authority to take any action with respect to an organization designation authorization, including limitation, suspension, or termination of such authorization.

4. Organization designation authorization processing improvements.—Not later than 1 year after receipt of the recommendations submitted under subsection (a)(5), the Administrator shall report to the congressional committees of jurisdiction on—

(a) whether the Administrator has concluded that such holder is able to safely and reliably perform all delegated functions in accordance with all applicable provisions of chapter 447 of title 49, United States Code, title 14, Code of Federal Regulations, and other orders or requirements of the Administrator, and, if not, the Administrator shall report to the congressional committees of jurisdiction on—

(A) the risk mitigations or other corrective actions, including the implementation timelines of such mitigations or actions, the Administrator has established for or required of such holder as prerequisites for a conclusion by the Administrator under this paragraph;

(B) the status of any ongoing investigatory actions;

(C) the status of implementation of each of the recommendations of the review panel, if any, with which the Administrator concurs;

(D) the status of procedures under which the Administrator will conduct focused oversight of such holder’s processes for performing delegated functions with respect to the design of new and derivative transport airplanes and the production of such airplanes; and

(E) the Administrator’s efforts, to the maximum extent practicable and subject to appropriations, to increase the number of engineers, inspectors, and other qualified technical experts, as necessary to fulfill the requirements of this section, in—

(A) each office of the Administration responsible for dedicated oversight of such holder; and

(B) the System Oversight Division, or any successor division, of the Aircraft Certification Service.

(d) Non-concurrence with recommendations.—Not later than 6 months after receipt of the recommendations submitted under subsection (a)(5), with respect to each recommendation of the review panel with which the Administrator does not concur, if any, the Administrator shall publish on the website of the Administration and submit to the congressional committees of jurisdiction a detailed explanation as to why, including if the Administrator believes implementation of such recommendation would not improve aviation safety.

ODA REVIEW

"(a) Establishment of Expert Panel.—Not later than 120 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator shall convene a multidisciplinary expert review panel (in this section referred to as the ‘Panel’).

(b) Composition of Panel.—The Panel shall be composed of not more than 20 members appointed by the Administrator.

(c) Qualifications.—The members appointed to the Panel shall—

1. Each have a minimum of 5 years of experience in processes and procedures under the ODA program; and

2. Represent, at a minimum, ODA holders, aviation manufacturers, safety experts, and FAA labor organizations, including labor representatives of FAA aviation safety inspectors and aviation safety engineers.

(d) Survey.—The Panel shall conduct a survey of ODA holders and ODA program applicants to document and assess FAA certification and oversight activities, including use of the ODA program and the timeliness and efficiency of the certification process. In carrying out this subsection, the Panel shall consult with appropriate survey experts to best design and conduct the survey.

(e) Best Practices Review.—In addition to conducting the survey required under subsection (b), the Panel shall conduct a review of a sampling of ODA holders to identify and develop best practices. At a minimum, the best practices shall address preventing and deterring instances of undue pressure on or by an ODA unit member, within an ODA, or by an ODA holder, or failures to maintain independence between the
FAA and an ODA holder or an ODA unit member. In carrying out such review, the Panel shall—

(1) examine other government regulated industries to gather lessons learned, procedures, or processes that address undue pressure of employees, perceived regulatory coziness, or other failures to maintain independence;

(2) identify ways to improve communications between an ODA Administrator, ODA unit members, and FAA engineers and inspectors, consistent with section 44736(g) of title 49, United States Code, in order to enable direct communication of technical concerns that arise during a certification project without fear of reprisal to the ODA Administrator or ODA unit member; and

(3) examine FAA designee programs, including the assignment of FAA advisors to designees, to determine which components of the program may improve the FAA’s oversight of ODA units, ODA unit members, and the ODA program.

(4) ASSESSMENT AND RECOMMENDATIONS.—The Panel shall assess and make recommendations concerning—

(A) the FAA’s processes and procedures under the ODA program and whether the processes and procedures function as intended;

(B) the best practices of and lessons learned by ODA holders and FAA personnel who provide oversight of ODA holders;

(C) training activities related to the ODA program for FAA personnel and ODA holders;

(D) the impact, if any, that oversight of the ODA programs on FAA resources and the FAA’s ability to process applications for certifications outside of the ODA program;

(E) the results of the survey conducted under subsection (b); and

(F) the results of the review conducted under subsection (c).

(5) REPORT.—Not later than 180 days after the date the Panel is convened under subsection (a), the Panel shall submit to the Administrator, the Advisory Committee, and the appropriate committees of Congress a report on the findings and recommendations of the Panel.

(6) DEFINITIONS.—The definitions contained in section 44736 of title 49, United States Code, as added by this Act, apply to this section.

(B) BEST PRACTICES ADOPTION.—

(1) IN GENERAL.—Not later than 180 days after the date on which the Administrator receives the report required under subsection (e), the Administrator shall establish best practices that are generally applicable to all ODA holders and require such practices to be incorporated, as appropriate, into each ODA holder’s approved procedures manual.

(2) NOTICE AND COMMENT PERIOD.—The Administrator shall publish the established best practices for public notice and comment for not fewer than 60 days prior to requiring the practices, as appropriate, be incorporated into each ODA holder’s approved procedures manual.

(3) SUNSET.—The Panel shall terminate on the earlier of—

(1) the date of submission of the report under subsection (e); or

(2) the date that is 2 years after the date on which the Panel is first convened under subsection (a).

§ 44737. Helicopter fuel system safety

(a) PROHIBITION.—

(1) IN GENERAL.—A person may not operate a covered rotorcraft in United States airspace unless the design of the rotorcraft is certified by the Administrator of the Federal Aviation Administration to—

(A) comply with the requirements applicable to the category of the rotorcraft under paragraphs (1), (2), (3), (5), and (6) of section 27.952(a), section 27.952(c), section 27.952(f), section 27.952(g), section 27.953(c), section 29.952(a), section 29.952(c), section 29.952(f), section 29.952(g), section 29.953(c), section 29.953(d), and section 29.953(e) of title 14, Code of Federal Regulations, as in effect on the date of enactment of this section; or

(B) employ other means acceptable to the Administrator to provide an equivalent level of fuel system crash resistance.

(2) COVERED ROTORCRAFT DEFINED.—In this subsection, the term “covered rotorcraft” means a rotorcraft not otherwise required to comply with section 27.952, section 27.963, and section 27.975, or section 29.952, section 29.963, and section 29.975 of title 14, Code of Federal Regulations as in effect on the date of enactment of this section for which manufacture was completed, as determined by the Administrator, or after the date that is 18 months after the date of enactment of this section.

(b) ADMINISTRATIVE PROVISIONS.—The Administrator shall—

(1) expedite the certification and validation of United States and foreign type designs and retrofit kits that improve fuel system crashworthiness; and

(2) not later than 180 days after the date of enactment of this section, and periodically thereafter, issue a bulletin to—

(A) inform rotorcraft owners and operators of available modifications to improve fuel system crashworthiness; and

(B) urge that such modifications be installed as soon as practicable.

(c) RULE OF CONSTRUCTION.—Nothing in this section may be construed to affect the operation of a rotorcraft by the Department of Defense.

REFERENCES IN TEXT

The date of enactment of this section, referred to in text, is the date of enactment of Pub. L. 115–254, which was approved Oct. 5, 2018.

§ 44738. Training on human trafficking for certain staff

In addition to other training requirements, each air carrier shall provide training to ticket counter agents, gate agents, and other air carrier workers whose jobs require regular interaction with passengers on recognizing and responding to potential human trafficking victims.

§ 44739. Pets on airplanes

(a) PROHIBITION.—It shall be unlawful for any person to place a live animal in an overhead storage compartment of an aircraft operated under part 121 of title 14, Code of Federal Regulations.

(b) CIVIL PENALTY.—The Administrator may impose a civil penalty under section 46301 for each violation of this section.

§ 44740. Special rule for certain aircraft operations

(a) IN GENERAL.—The operator of an aircraft with a special airworthiness certification in the experimental category may—

(1) operate the aircraft for the purpose of conducting a space support vehicle flight (as that term is defined in section 50902 of title 51); and

(2) conduct such flight under such certificate carrying persons or property for compensation or hire—

(A) notwithstanding any rule or term of a certificate issued by the Administrator of the Federal Aviation Administration that would prohibit flight for compensation or hire; or

(B) without obtaining a certificate issued by the Administrator to conduct air carrier or commercial operations.

(b) LIMITED APPLICABILITY.—Subsection (a) shall apply only to a space support vehicle flight that satisfies each of the following:

(1) The aircraft conducting the space support vehicle flight—

(A) takes flight and lands at a single site that is operated by an entity licensed for operation under chapter 509 of title 51;

(B) is owned or operated by a launch or reentry vehicle operator licensed under chapter 509 of title 51, or on behalf of a launch or reentry vehicle operator licensed under chapter 509 of title 51;

(C) is a launch vehicle, a reentry vehicle, or a component of a launch or reentry vehicle licensed for operations pursuant to chapter 509 of title 51; and

(D) is used only to simulate space flight conditions in support of—

(i) training for potential space flight participants, government astronauts, or crew (as those terms are defined in chapter 509 of title 51);

(ii) the testing of hardware to be used in space flight; or

(iii) research and development tasks, which require the unique capabilities of the aircraft conducting the flight.

(c) RULES OF CONSTRUCTION.—

(1) SPACE SUPPORT VEHICLES.—Section 44711(a)(1) shall not apply to a person conducting a space support vehicle flight under this section only to the extent that a term of the experimental certificate under which the person is operating the space support vehicle prohibits the carriage of persons or property for compensation or hire.

(2) AUTHORITY OF ADMINISTRATOR.—Nothing in this section shall be construed to limit the authority of the Administrator of the Federal Aviation Administration to exempt a person from a regulatory prohibition on the carriage of persons or property for compensation or hire subject to terms and conditions other than those described in this section.

AMENDMENTS

Pub. L. 116–260, § 107(d)(1), renumbered section 44737 of this title as this section.

RULE OF CONSTRUCTION RELATING TO ROLE OF NASA

Pub. L. 115–254, div. B, title V, § 381(b)(3), Oct. 5, 2018, 132 Stat. 3399, provided that: “Nothing in this subsection [enacting this section] shall be construed as limiting the ability of [the] National Aeronautics and Space Administration (NASA) to place conditions on or otherwise qualify the operations of NASA contractors providing NASA services.”

§ 44741. Approval of organization designation authorization unit members

(a) IN GENERAL.—Beginning January 1, 2022, each individual who is selected on or after such date to become an ODA unit member by an ODA holder engaged in the design of an aircraft, aircraft engine, propeller, or appliance and performs an authorized function pursuant to a delegation by the Administrator of the Federal Aviation Administration under section 44702(d)—

(1) shall be—

(A) an employee, a contractor, or a consultant of the ODA holder; or

(B) the employee of a supplier of the ODA holder; and

(2) may not become a member of such unit unless approved by the Administrator pursuant to this section.

(b) PROCESS AND TIMELINE.—

(1) IN GENERAL.—The Administrator shall maintain an efficient process for the review and approval of an individual to become an ODA unit member under this section.

(2) PROCESS.—An ODA holder described in subsection (a) may submit to the Administrator an application for an individual to be approved to become an ODA unit member under this section. The application shall be submitted in such form and manner as the Administrator determines appropriate. The Administrator shall require an ODA holder to submit with such an application information sufficient to demonstrate an individual’s qualifications under subsection (c).

(3) TIMELINE.—The Administrator shall approve or reject an individual that is selected
§ 44741

by an ODA holder to become an ODA unit member under this section not later than 30 days after the receipt of an application by an ODA holder.

(4) DOCUMENTATION OF APPROVAL.—Upon approval of an individual to become an ODA unit member under this section, the Administrator shall provide such individual a letter confirming that such individual has been approved by the Administrator under this section to be an ODA unit member.

(5) REAPPLICATION.—An ODA holder may submit an application under this subsection for an individual to become an ODA unit member under this section regardless of whether an application for such individual was previously rejected by the Administrator.

(c) QUALIFICATIONS.—

(1) IN GENERAL.—The Administrator shall issue minimum qualifications for an individual to become an ODA unit member under this section. In issuing such qualifications, the Administrator shall consider existing qualifications for Administration employees with similar duties and whether such individual—

(A) is technically proficient and qualified to perform the authorized functions sought;

(B) has no recent record of serious enforcement action, as determined by the Administrator, taken by the Administrator with respect to any certificate, approval, or authorization held by such individual;

(C) is of good moral character (as such qualification is applied to an applicant for an airline transport pilot certificate issued under section 4703);

(D) possesses the knowledge of applicable design or production requirements in this chapter and in title 14, Code of Federal Regulations necessary for performance of the authorized functions sought;

(E) possesses a high degree of knowledge of applicable design or production principles, system safety principles, or safety risk management processes appropriate for the authorized functions sought; and

(F) meets such testing, examination, training, or other qualification standards as the Administrator determines are necessary to ensure the individual is competent and capable of performing the authorized functions sought.

(2) PREVIOUSLY REJECTED APPLICATION.—In reviewing an application for an individual to become an ODA unit member under this section, if an application for such individual was previously rejected, the Administrator shall ensure that the reasons for the prior rejection have been resolved or mitigated to the Administrator’s satisfaction before making a determination on the individual’s reaplication.

(d) RESCISSION OF APPROVAL.—The Administrator may rescind an approval of an individual as an ODA unit member granted pursuant to this section at any time and for any reason the Administrator considers appropriate. The Administrator shall develop procedures to provide for notice and opportunity to appeal rescission decisions made by the Administrator. Such decisions by the Administrator are not subject to judicial review.

(e) CONDITIONAL SELECTIONS.—

(1) IN GENERAL.—Subject to the requirements of this subsection, the Administrator may authorize an ODA holder to conditionally designate an individual to perform the functions of an ODA unit member for a period of not more than 30 days (beginning on the date an application for such individual is submitted under subsection (b)(2)).

(2) REQUIRED DETERMINATION.—The Administrator may not make an authorization under paragraph (1) unless—

(A) the ODA holder has instituted, to the Administrator’s satisfaction, systems and processes to ensure the integrity and reliability of determinations by conditionally-designated ODA unit members; and

(B) the ODA holder has instituted a safety management system in accordance with regulations issued by the Administrator under section 102 of the Aircraft Certification, Safety, and Accountability Act.

(3) FINAL DETERMINATION.—The Administrator shall approve or reject the application for an individual designated under paragraph (1) in accordance with the timeline and procedures described in subsection (b).

(4) REJECTION AND REVIEW.—If the Administrator rejects the application submitted under subsection (b)(2) for an individual conditionally designated under paragraph (1), the Administrator shall review and approve or disapprove any decision pursuant to any authorized function performed by such individual during the period such individual served as a conditional designee.

(5) PROHIBITIONS.—Notwithstanding the requirements of paragraph (2), the Administrator may prohibit an ODA holder from making conditional designations of individuals as ODA unit members under this subsection at any time for any reason the Administrator considers appropriate. The Administrator may prohibit any conditionally designated individual from performing an authorized function at any time for any reason the Administrator considers appropriate.

(f) RECORDS AND BRIEFINGS.—

(1) IN GENERAL.—Beginning on the date described in subsection (a), an ODA holder shall maintain, for a period to be determined by the Administrator and with proper protections to ensure the security of sensitive and personal information—

(A) any data, applications, records, or manuals required by the ODA holder’s approved procedures manual, as determined by the Administrator;

(B) the names, responsibilities, qualifications, and example signature of each member of the ODA unit who performs an authorized function pursuant to a delegation by the Administrator under section 44702(d);

(C) training records for ODA unit members and ODA administrators; and

(D) any other data, applications, records, or manuals determined appropriate by the Administrator.

(2) CONGRESSIONAL BRIEFING.—Not later than 90 days after the date of enactment of this sec-
tion, and every 90 days thereafter through September 30, 2023, the Administrator shall provide a briefing to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the implementation and effects of this section, including—

(A) the Administration’s performance in completing reviews of individuals and approving or denying such individuals within the timeline required under subsection (b)(3);

(B) for any individual rejected by the Administrator under subsection (b) during the preceding 90-day period, the reasoning or basis for such rejection; and

(C) any resource, staffing, or other challenges within the Administration associated with implementation of this section.

(g) SPECIAL REVIEW OF QUALIFICATIONS.—

(1) IN GENERAL.—Not later than 30 days after the issuance of minimum qualifications under subsection (c), the Administrator shall initiate a review of the qualifications of each individual who on the date on which such minimum qualifications are issued is an ODA unit member of a holder of a type certificate for a transport airplane to ensure such individual meets the minimum qualifications issued by the Administrator under subsection (c).

(2) UNQUALIFIED INDIVIDUAL.—For any individual who is determined by the Administrator not to meet such minimum qualifications pursuant to the review conducted under paragraph (1), the Administrator—

(A) shall determine whether the lack of qualification may be remedied and, if so, provide such individual with an action plan or schedule for such individual to meet such qualifications; or

(B) may, if the Administrator determines the lack of qualification may not be remedied, take appropriate action, including prohibiting such individual from performing an authorized function.

(3) DEADLINE.—The Administrator shall complete the review required under paragraph (1) not later than 18 months after the date on which such review was initiated.

(4) SAVINGS CLAUSE.—An individual approved to become an ODA unit member of a holder of a type certificate for a transport airplane under subsection (a) shall not be subject to the review under this subsection.

(h) PROHIBITION.—The Administrator may not authorize an organization or ODA holder to approve an individual selected by an ODA holder to become an ODA unit member under this section.

(i) DEFINITIONS.—

(1) GENERAL APPLICABILITY.—The definitions contained in section 44736(c) shall apply to this section.

(2) TRANSPORT AIRPLANE.—The term “transport airplane” means a transport category airplane designed for operation by an air carrier or foreign air carrier type-certificated with a passenger seating capacity of 30 or more or an all-cargo or combi derivative of such an airplane.

(j) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $3,000,000 for each of fiscal years 2021 through 2023.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsec. (f)(2), is the date of enactment of Pub. L. 116–260, which was approved Dec. 27, 2020.

§44742. Interference with the duties of organization designation authorization unit members

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall continuously seek to eliminate or minimize interference by an ODA holder that affects the performance of authorized functions by ODA unit members.

(b) PROHIBITION.—

(1) IN GENERAL.—It shall be unlawful for any individual who is a supervisory employee of an ODA holder that manufactures a transport category airplane to commit an act of interference with an ODA unit member’s performance of authorized functions.

(2) CIVIL PENALTY.—

(A) INDIVIDUALS.—An individual shall be subject to a civil penalty under section 46301(a)(1) for each violation under paragraph (1).

(B) SAVINGS CLAUSE.—Nothing in this paragraph shall be construed as limiting or constraining any other authority of the Administrator to pursue an enforcement action against an individual or organization for violation of applicable Federal laws or regulations of the Administration.

(c) REPORTING.—

(1) REPORTS TO ODA HOLDER.—An ODA unit member of an ODA holder that manufactures a transport category airplane shall promptly report any instances of interference to the office of the ODA holder that is designated to receive such reports.

(2) REPORTS TO THE FAA.—

(A) IN GENERAL.—The ODA holder office described in paragraph (1) shall investigate reports and submit to the Office of the Administrator designated by the Administrator to accept and review such reports any instances of interference reported under paragraph (1).

(B) CONTENTS.—The Administrator shall prescribe parameters for the submission of reports to the Administration under this paragraph, including the manner, time, and form of submission. Such report shall include the results of any investigation conducted by the ODA holder in response to a report of interference, a description of any action taken by the ODA holder as a result of the report of interference, and any other...
§ 44743
Pilot training requirements
(a) In General.—
(1) ADMINISTRATOR’S DETERMINATION.—In establishing any pilot training requirements with respect to a new transport airplane, the Administrator of the Federal Aviation Administration shall independently review any proposal by the manufacturer of such airplane with respect to the scope, format, or minimum level of training required for operation of such airplane.

(b) PILOT RESPONSE TIME.—Beginning on the day after the date on which regulations are issued under section 119(c)(6) of the Aircraft Certification, Safety, and Accountability Act, the Administrator may not issue a new or amended type certificate for an airplane described in paragraph (1) of this section unless the applicant has accounted for realistic pilot response time.

(c) DEFINITION.—In this section, the term “transport airplane” means a transport category airplane designed for operation by an air carrier or foreign air carrier type-certificated with a passenger seating capacity of 30 or more for an all-cargo or combi derivative of such an airplane.

REFERENCES IN TEXT
Section 119(c) of the Aircraft Certification, Safety, and Accountability Act, referred to in subsec. (b), is section 119(c) of title I of Pub. L. 116–260, div. V, Dec. 27, 2020, 134 Stat. 2339, which is set out as a note under section 49704 of this title.

CHAPTER 448—UNMANNED AIRCRAFT SYSTEMS

§ 44801. Definitions
In this chapter, the following definitions apply:

(1) ACTIVELY TETHERED UNMANNED AIRCRAFT SYSTEM.—The term “actively tethered unmanned aircraft system” means an unmanned aircraft system in which the unmanned aircraft component—

(A) weights 4.4 pounds or less, including payload but not including the tether;

(B) is physically attached to a ground station with a taut, appropriately load-rated tether that provides continuous power to the unmanned aircraft and is unlikely to be separated from the unmanned aircraft; and

(C) is controlled and retrieved by such ground station through physical manipulation of the tether.

(2) APPROPRIATE COMMITTEES OF CONGRESS.—The term “appropriate committees of Congress” means the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

(3) ARCTIC.—The term “Arctic” means the United States zone of the Chukchi Sea, Beaufort Sea, and Bering Sea north of the Aleutian chain.

1 So in original. Does not conform to section catchline.
(4) Certificate of waiver; certificate of authorization.—The terms “certificate of waiver” and “certificate of authorization” mean a Federal Aviation Administration grant of approval for a specific flight operation.

(5) COUNTER-UAS system.—The term “counter-UAS system” means a system or device capable of lawfully and safely disabling, disrupting, or seizing control of an unmanned aircraft or unmanned aircraft system.

(6) PERMANENT AREAS.—The term “permanent areas” means areas on land or water that provide for launch, recovery, and operation of small unmanned aircraft.

(7) PUBLIC UNMANNED AIRCRAFT SYSTEM.—The term “public unmanned aircraft system” means an unmanned aircraft system that meets the qualifications and conditions required for operation of a public aircraft.

(8) SENSE AND AVOID CAPABILITY.—The term “sense and avoid capability” means the capability of an unmanned aircraft to remain a safe distance from and to avoid collisions with other airborne aircraft, structures on the ground, and other objects.

(9) SMALL UNMANNED AIRCRAFT.—The term “small unmanned aircraft” means an unmanned aircraft weighing less than 55 pounds, including the weight of anything attached to or carried by the aircraft.

(10) TEST RANGE.—The term “test range” means a defined geographic area where research and development are conducted as authorized by the Administrator of the Federal Aviation Administration, and includes any of the 6 test ranges established by the Administrator under section 322(c) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), as in effect on the day before the date of enactment of the FAA Reauthorization Act of 2018, and any public entity authorized by the Federal Aviation Administration as an unmanned aircraft system flight test center before January 1, 2009.

(11) UNMANNED AIRCRAFT.—The term “unmanned aircraft” means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft.

(12) UNMANNED AIRCRAFT SYSTEM.—The term “unmanned aircraft system” means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system.

(13) UTM.—The term “UTM” means an unmanned aircraft system traffic management system or service.”

REFERENCES IN TEXT

Section 323(c) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), as in effect on the day before the date of enactment of the FAA Reauthorization Act of 2018, referred to in par. (10), means section 323(c) of Pub. L. 112–95, as in effect on the day before the date of enactment of Pub. L. 115–254, which was approved Oct. 5, 2018. Section 322 of Pub. L. 112–95 was set out in a note under section 40101 of this title, prior to repeal by Pub. L. 115–254, div. B, title III, §341(b)(2), Oct. 5, 2018, 132 Stat. 3287. The remainder of the note comprised of subtitle B of title III of Pub. L. 112–95 was transferred and is set out under section 44802 of this title.

UNMANNED AIRCRAFT SYSTEMS PRIVACY POLICY

Pub. L. 115–254, div. B, title III, §357, Oct. 5, 2018, 132 Stat. 3305, provided that: “It is the policy of the United States that the operation of any unmanned aircraft or unmanned aircraft system shall be carried out in a manner that respects and protects personal privacy consistent with the United States Constitution and Federal, State, and local law.”

STRATEGY FOR RESPONDING TO PUBLIC SAFETY THREATS AND ENFORCEMENT UTILITY OF UNMANNED AIRCRAFT SYSTEMS

“(a) In General.—Not later than 1 year after the date of enactment of this Act (Oct. 5, 2018), the Administrator of the Federal Aviation Administration shall develop a comprehensive strategy to provide outreach to State and local governments and provide guidance for local law enforcement agencies and first responders with respect to—

“(1) how to identify and respond to public safety threats posed by unmanned aircraft systems; and

“(2) how to identify and take advantage of opportunities to use unmanned aircraft systems to enhance the effectiveness of local law enforcement agencies and first responders.

“(b) Resources.—Not later than 180 days after the date of enactment of this Act, the Administrator shall establish a publicly available Internet website that contains resources for State and local law enforcement agencies and first responders seeking—

“(1) to respond to public safety threats posed by unmanned aircraft systems; and

“(2) to identify and take advantage of opportunities to use unmanned aircraft systems to enhance the effectiveness of local law enforcement agencies and public safety response efforts.

“(c) Unmanned Aircraft System Defined.—In this section, the term ‘unmanned aircraft system’ has the meaning given that term in section 44801 of title 49, United States Code, as added by this Act.’’

FEDERAL TRADE COMMISSION AUTHORITY

“(a) In General.—A violation of a privacy policy by a person that uses an unmanned aircraft system for compensation or hire, or in the furtherance of a business enterprise, in the national airspace system shall be an unfair and deceptive practice in violation of section 5(a) of the Federal Trade Commission Act (15 U.S.C. 45(a)).

“(b) Definitions.—In this section, the terms ‘unmanned aircraft’ and ‘unmanned aircraft system’ have the meanings given those terms in section 44801 of this title.

COMMERCIAL AND GOVERNMENTAL OPERATORS

“(a) In General.—Not later than 270 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator of the Federal Aviation Administration shall, to the extent practicable and consistent with applicable law, make available in a single location on the website of the Department of Transportation:

“(1) Any certificate of waiver or authorization issued by the Administration to Federal, State, tribal or local governments for the operation of unmanned aircraft systems within 30 days of issuance of such certificate of waiver or authorization.
§ 44802. Integration of civil unmanned aircraft systems into national airspace system

(a) Required Planning for Integration.—

(1) Comprehensive Plan.—Not later than November 10, 2012, 1 the Secretary of Transportation, in consultation with representatives of the aviation industry, Federal agencies that employ unmanned aircraft systems technology in the national airspace system, and the unmanned aircraft systems industry, shall develop a comprehensive plan to safely accelerate the integration of civil unmanned aircraft systems into the national airspace system.

(2) Contents of Plan.—The plan required under paragraph (1) shall contain, at a minimum, recommendations or projections on—

(A) the rulemaking to be conducted under subsection (b), with specific recommendations on how the rulemaking will—

(i) define the acceptable standards for operation and certification of civil unmanned aircraft systems;

(ii) ensure that any civil unmanned aircraft system includes a sense-and-avoid capability; and

(iii) establish standards and requirements for the operator and pilot of a civil unmanned aircraft system, including standards and requirements for registration and licensing;

(B) the best methods to enhance the technologies and subsystems necessary to achieve the safe and routine operation of civil unmanned aircraft systems in the national airspace system;

(C) a phased-in approach to the integration of civil unmanned aircraft systems into the national airspace system;

(D) a timeline for the phased-in approach described under subparagraph (C);

(E) creation of a safe airspace designation for cooperative manned and unmanned flight operations in the national airspace system;

(F) establishment of a process to develop certification, flight standards, and air traffic requirements for civil unmanned aircraft systems at test ranges where such systems are subject to testing;

(G) the best methods to ensure the safe operation of civil unmanned aircraft systems and public unmanned aircraft systems simultaneously in the national airspace system; and

(H) incorporation of the plan into the annual NextGen Implementation Plan document (or any successor document) of the Federal Aviation Administration.

(3) Deadline.—The plan required under paragraph (1) shall provide for the safe integration of civil unmanned aircraft systems into the national airspace system as soon as practicable, but not later than September 30, 2015. 1

(4) Report to Congress.—Not later than February 14, 2013, 1 the Secretary shall submit to Congress a copy of the plan required under paragraph (1).

(5) Roadmap.—Not later than February 14, 2013, 1 the Secretary shall approve and make available in print and on the Administration’s internet website a 5-year roadmap for the in-

1 See Prior Provisions note below.
introduction of civil unmanned aircraft systems into the national airspace system, as coordinated by the Unmanned Aircraft Program Office of the Administration. The Secretary shall update, in coordination with the Administrator of the National Aeronautics and Space Administration (NASA) and relevant stakeholders, including those in industry and academia, the roadmap annually. The roadmap shall include, at a minimum—

(A) cost estimates, planned schedules, and performance benchmarks, including specific tasks, milestones, and timelines, for unmanned aircraft systems integration into the national airspace system, including an identification of—

(i) the role of the unmanned aircraft systems test ranges established under subsection (c) and the Unmanned Aircraft Systems Center of Excellence;

(ii) performance objectives for unmanned aircraft systems that operate in the national airspace system; and

(iii) research and development priorities for tools that could assist air traffic controllers as unmanned aircraft systems are integrated into the national airspace system, as appropriate;

(B) a description of how the Administration plans to use research and development, including research and development conducted through NASA’s Unmanned Aircraft Systems Traffic Management initiatives, to accommodate, integrate, and provide for the evolution of unmanned aircraft systems in the national airspace system;

(C) an assessment of critical performance abilities necessary to integrate unmanned aircraft systems into the national airspace system, and how these performance abilities can be demonstrated; and

(D) an update on the advancement of technologies needed to integrate unmanned aircraft systems into the national airspace system, including decisionmaking by adaptive systems, such as sense-and-avoid capabilities and cyber physical systems security.

(b) RULEMAKING.—Not later than 18 months after the date on which the plan required under subsection (a)(4), the Secretary shall publish in the Federal Register—

(1) a final rule on small unmanned aircraft systems that will allow for civil operation of such systems in the national airspace system, to the extent the systems do not meet the requirements for expedited operational authorization under section 44807;

(2) a notice of proposed rulemaking to implement the recommendations of the plan required under subsection (a)(1), with the final rule to be published not later than 16 months after the date of publication of the notice; and

(3) an update to the Administration’s most recent policy statement on unmanned aircraft systems, contained in Docket No. FAA—2006–25714.

gate risks and hazards posed by unlawful or harmful operations of unmanned aircraft systems.

"(c) CONSULTATION.—The Secretary shall carry out the update under subsection (a) in consultation with representatives of the aviation industry, Federal agencies that employ unmanned aircraft systems technology in the national airspace system, and the unmanned aircraft systems industry.

"(d) PROGRAM ALIGNMENT REPORT.—Not later than 90 days after the date of enactment of this Act (Oct. 5, 2018), the Secretary shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives], a report that describes a strategy to—

"(1) avoid duplication;
"(2) leverage capabilities learned across programs;
"(3) support the safe integration of UAS into the national airspace; and
"(4) systematically and timely implement or execute—

"(A) commercially-operated Low Altitude Authorization and Notification Capability;
"(B) the Unmanned Aircraft System Integration Pilot Program; and
"(C) the Unmanned Traffic Management Pilot Program.

UNMANNED AIRCRAFT SYSTEMS INTEGRATION PILOT PROGRAM

"(a) AUTHORITY.—The Secretary of Transportation may establish a pilot program to enable enhanced drone operations as required in the October 25, 2017 Presidential Memorandum entitled ‘Unmanned Aircraft Systems Integration Pilot Program’ and described in 82 Federal Register 50301 [set out below].

"(b) APPLICATIONS.—The Secretary shall accept applications from State, local, and Tribal governments, in partnership with unmanned aircraft system operators and other private-sector stakeholders, to test and evaluate the integration of civil and public UAS operations into the low-altitude national airspace system.

"(c) OBJECTIVES.—The purpose of the pilot program is to accelerate existing UAS integration plans by working to solve technical, regulatory, and policy challenges, while enabling advanced UAS operations in select areas subject to ongoing safety oversight and cooperation between the Federal Government and applicable State, local, or Tribal jurisdictions, in order to—

"(1) accelerate the safe integration of UAS into the NAS by testing and validating new concepts of beyond visual line of sight operations in a controlled environment, focusing on detect and avoid technologies, command and control links, navigation, weather, and human factors;
"(2) address ongoing concerns regarding the potential security and safety risks associated with UAS operating in close proximity to human beings and critical infrastructure by ensuring that operators communicate more effectively with Federal, State, local, and Tribal law enforcement to enable law enforcement to determine if a UAS operation poses such a risk;
"(3) promote innovation in and development of the United States unmanned aviation industry, especially in sectors such as agriculture, emergency management, inspection, and transportation safety, in which there are significant public benefits to be gained from the deployment of UAS; and

"(4) identify the most effective models of balancing local and national interests in UAS integration.

"(d) APPLICATION SUBMISSION.—The Secretary shall establish application requirements and require applicants to include the following information:

"(1) Identification of the airspace to be used, including shape files and altitudes.

"(2) Description of the types of planned operations.

"(3) Identification of stakeholder partners to test and evaluate planned operations.

"(4) Identification of available infrastructure to support planned operations.

"(5) Description of experience with UAS operations and regulations.

"(6) Description of existing UAS operator and any other stakeholder partnerships and experience.

"(7) Description of plans to address safety, security, competition, privacy concerns, and community outreach.

"(e) MONITORING AND ENFORCEMENT OF LIMITATIONS.—

"(1) IN GENERAL.—Monitoring and enforcement of any limitations enacted pursuant to this pilot project shall be the responsibility of the jurisdiction.

"(2) SAVINGS PROVISION.—Nothing in paragraph (1) may be construed to prevent the Secretary from enforcing Federal law.

"(3) EXAMPLES OF LIMITATIONS.—Limitations under this section may include—

"(A) prohibiting flight during specified morning and evening rush hours or only permitting flight during specified hours such as daylight hours, sufficient to ensure reasonable airspace access;
"(B) establishing designated take-off and landing zones, limiting operations over moving locations or fixed site public road[s] and parks, sidewalks or private property based on zoning density, or other land use considerations;
"(C) requiring notice to public safety or zoning or land use authorities before operating; and

"(D) prohibiting operations in connection with community or sporting events that do not remain in one place (for example, parades and running events).

"(f) SELECTION CRITERIA.—In making determinations, the Secretary shall evaluate whether applications meet or exceed the following criteria:

"(1) Overall economic, geographic, and climatic diversity of the selected jurisdictions.

"(2) Overall diversity of the proposed models of government involvement.

"(3) Overall diversity of the UAS operations to be conducted.

"(4) The location of critical infrastructure.

"(5) The involvement of commercial entities in the proposal and their ability to advance objectives that may serve the public interest as a result of further integration of UAS into the NAS.

"(6) The involvement of affected communities in, and their support for, participating in the pilot program.

"(7) The commitment of the governments and UAS operators involved in the proposal to comply with requirements related to national defense, homeland security, and public safety and to address competition, privacy, and civil liberties concerns.

"(8) The commitment of the governments and UAS operators involved in the proposal to achieve the following policy objectives:

"(A) Promoting innovation and economic development.

"(B) Enhancing transportation safety.

"(C) Enhancing workplace safety.

"(D) Improving emergency response and search and rescue functions.

"(E) Using radio spectrum efficiently and competitively.

"(g) IMPLEMENTATION.—The Secretary shall use the data collected and experience gained over the course of the pilot program to—

"(1) identify and resolve technical challenges to UAS integration;

"(2) address airspace use to safely and efficiently integrate all aircraft;

"(3) inform operational standards and procedures to improve safety (for example, detect and avoid capabilities, navigation and altitude performance, and command and control link);

"(4) inform FAA standards that reduce the need for waivers (for example, for operations over human
being, night operations, and beyond visual line of sight); and
(5) address competing interests regarding UAS operational expansion, safety, security, roles and responsibilities of non-Federal Government entities, and privacy issues.

"(b) Notification.—Prior to initiating any additional rounds of agreements with State, local, or Tribal governments as part of the pilot program established under subsection (a), the Secretary shall notify the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representives and the Committee on Commerce, Science, and Transportation and the Committee on Appropriations in the Senate.

"(1) SUNSET.—The pilot program established under subsection (a) shall terminate 3 years after the date on which the memorandum referenced in subsection (a) is signed by the President [Oct. 25, 2017].

"(2) SAVINGS CLAUSE.—Nothing in this section shall affect any proposals, selections, imposition of conditions, operations, or other decisions made—

"(1) under the pilot program developed by the Secretary of Transportation pursuant to the Presidential memorandum titled 'Unmanned Aircraft Systems Integration Pilot Program', as published in the Federal Register on October 30, 2017 (82 Fed. Reg. 50301); and

"(2) prior to the date of enactment of this Act [Oct. 5, 2018].

"(k) Definitions.—In this section:

"(1) The term 'Lead Applicant' means an eligible State, local or Tribal government that has submitted a timely application.

"(2) The term 'NAS' means the low-altitude national airspace system.

"(3) The term 'UAS' means unmanned aircraft system.

PART 107 TRANSPARENCY AND TECHNOLOGY IMPROVEMENTS

"(a) TRANSPARENCY.—Not later than 30 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Federal Aviation Administration] shall publish on the FAA [Federal Aviation Administration] website a representative sample of the safety justifications, offered by applicants for small unmanned aircraft system waivers and airspace authorizations, that have been approved by the Administration for each regulation waived or class of airspace authorized, except that any published justification shall not reveal proprietary or commercially sensitive information.

"(b) TECHNOLOGY IMPROVEMENTS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall revise the online waiver and certificates of authorization processes—

"(1) to provide real time confirmation that an application filed online has been received by the Administration; and

"(2) to provide an applicant with an opportunity to review the status of the applicant’s application.

EMERGENCY EXEMPTION PROCESS

"(a) SENSE OF CONGRESS.—It is the sense of Congress that the use of unmanned aircraft systems by civil and public operators—

"(1) is an increasingly important tool in response to a catastrophe, disaster, or other emergency;

"(2) helps facilitate emergency response operations, such as firefighting and search and rescue; and

"(3) helps facilitate post-catastrophic response operations, such as utility and infrastructure restoration efforts and the safe and prompt processing, adjustment, and payment of insurance claims.

"(b) UPDATES.—The Administrator [of the Federal Aviation Administration] shall, as necessary, update and improve the Special Government Interest process described in chapter 7 of Federal Aviation Administration Order JO 7200.23A to ensure that civil and public operators, including local law enforcement agencies and first responders, continue to use unmanned aircraft system operations quickly and efficiently in response to a catastrophe, disaster, or other emergency.

"(c) BEST PRACTICES.—The Administrator shall develop best practices for the use of unmanned aircraft systems by States and localities to respond to a catastrophe, disaster, or other emergency response and recovery operation.

TREATMENT OF UNMANNED AIRCRAFT OPERATING UNDERGROUND

Pub. L. 115–254, div. B, title III, §554, Oct. 5, 2018, 132 Stat. 3305, provided that: ‘‘An unmanned aircraft system that is operated underground for mining purposes shall not be subject to regulation or enforcement by the FAA [Federal Aviation Administration] under title 49, United States Code.’’

PROHIBITION REGARDING WEAPONS

"(a) IN GENERAL.—Unless authorized by the Administrator [of the Federal Aviation Administration], a person may not operate an unmanned aircraft or unmanned aircraft system that is equipped or armed with a dangerous weapon.

"(b) DANGEROUS WEAPON DEFINED.—In this section, the term ‘dangerous weapon’ has the meaning given that term in section 990(g)(2) of title 18, United States Code.

"(c) PENALTY.—A person who violates this section is liable to the United States Government for a civil penalty of not more than $25,000 for each violation.

PLAN FOR FULL OPERATIONAL CAPABILITY OF UNMANNED AIRCRAFT SYSTEMS TRAFFIC MANAGEMENT

"(a) IN GENERAL.—In conjunction with completing the requirements of section 2208 of the FAA Extension, Safety, and Security Act of 2016 [Pub. L. 114–193] (49 U.S.C. 40101 note (now 49 U.S.C. 44802 note)), subject to subsection (b) of this section, the Administrator [of the Federal Aviation Administration], in coordination with the Administrator of the National Aeronautics and Space Administration, and in consultation with unmanned aircraft systems industry stakeholders, shall develop a plan to allow for the implementation of unmanned aircraft systems traffic management (UTM) services that expand operations beyond visual line of sight, have full operational capability, and ensure the safety and security of all aircraft.

"(b) COMPLETION OF UTM SYSTEM PILOT PROGRAM.—The Administrator shall ensure that the UTM system pilot program, as established in section 2208 of the FAA Extension, Safety, and Security Act of 2016 [Pub. L. 114–193] (49 U.S.C. 40101 note (now 49 U.S.C. 44802 note)), is conducted to meet the following objectives of a comprehensive UTM system by the conclusion of the pilot program:

"(1) In cooperation with the National Aeronautics and Space Administration and manned and unmanned aircraft industry stakeholders, allow testing of unmanned aircraft operations, of increasing volumes and density, in airspace above test ranges, as such term is defined in section 44801 of title 49, United States Code, as well as other sites determined by the Administrator to be suitable for UTM testing, including those locations selected under the pilot program required in the October 25, 2017, Presidential Memorandum entitled, ‘Unmanned Aircraft Systems Integration Pilot Program’ and described in 82 Federal Register 50301 [set out below].

"(2) Permit the testing of various remote identification and tracking technologies evaluated by the
Unmanned Aircraft Systems Identification and Tracking Aviation Rulemaking Committee.

(3) Where the particular operational environment permits, permit blanket waiver authority to allow any unmanned aircraft approved by a UTM system pilot program selectee to be operated under conditions currently requiring a case-by-case waiver under part 107, title 14, Code of Federal Regulations, provided that any blanket waiver addresses risks to airborne objects as well as persons and property on the ground.

(e) IMPLEMENTATION PLAN CONTENTS.—The plan required by subsection (a) shall—

(1) include the development of safety standards to permit cooperative air space use by UTM services, which may include the demonstration and validation of such services at the test ranges, as defined in section 44801 of title 49, United States Code, or other sites as authorized by the Administrator;

(2) outline the roles and responsibilities of industry and government in establishing UTM services that allow applicants to conduct commercial and noncommercial operations, recognizing the primary private sector role in the development and implementation of the Low Altitude Authorization and Notification Capability and future expanded UTM services;

(3) include an assessment of various components required for necessary risk reduction and mitigation in relation to the use of UTM services, including—

(A) remote identification of both cooperative and non-cooperative unmanned aircraft systems in the national airspace system;

(B) deconfliction of cooperative unmanned aircraft systems in the national airspace system by such services;

(C) the manner in which the Federal Aviation Administration will conduct oversight of UTM systems, including interfaces between UTM service providers and air traffic control;

(D) the need for additional technologies to detect non-cooperative aircraft;

(E) collaboration and coordination with air traffic control, or management services and technologies to ensure the safety oversight of manned and unmanned aircraft, including—

(i) the Federal Aviation Administration responsibilities to collect and disseminate relevant data to UTM service providers; and

(ii) data exchange protocols to share UAS operator intent, operational approvals, operational restraints, and other data necessary to ensure safety or security of the National Airspace System;

(F) the potential for UTM services to manage unmanned aircraft systems carrying either cargo, payload, or passengers, weighing more than 55 pounds, and operating at altitudes higher than 400 feet above ground level; and

(G) cybersecurity protections, data integrity, and national and homeland security benefits; and

(4) establish a process for—

(A) accepting applications for operation of UTM services in the national airspace system;

(B) setting the standards for independent private sector validation and verification that the standards for UTM services established pursuant to paragraph (1) enabling operations beyond visual line of sight, have been met by applicants; and

(C) notifying the applicant, not later than 120 days after the Administrator receives a complete application, with a written approval, disapproval, or request to modify the application.

(d) SAFETY STANDARDS.—In developing the safety standards in subsection (c)(1), the Administrator—

(1) shall require that UTM services help ensure the safety of unmanned aircraft and other aircraft operations that occur primarily or exclusively in airspace 400 feet above ground level and below, including operations conducted under a waiver issued pursuant to subparagraph D of part 107 of title 14, Code of Federal Regulations;

(2) shall consider, as appropriate—

(A) protection of persons and property on the ground;

(B) remote identification and tracking of aircraft;

(C) collision avoidance with respect to obstacles and non-cooperative aircraft;

(D) deconfliction of cooperative aircraft and integration of other relevant airspace considerations;

(E) right of way rules, inclusive of UAS operations;

(F) safe and reliable coordination between air traffic control and other systems operated in the national airspace system;

(G) detection of non-cooperative aircraft;

(H) geographic and local factors including but not limited to terrain, buildings and structures;

(I) aircraft equipage; and

(J) qualifications, if any, necessary to operate UTM services; and

(3) may establish temporary flight restrictions or other means available such as a certificate of waiver or authorization (COA) for demonstration and validation of UTM services.

(e) REVOCATION.—The Administrator may revoke the permission, authorization, or approval for the operation of UTM services if the Administrator determines that the services or its operator are no longer in compliance with applicable safety standards.

(f) LOW-RISK AREAS.—The Administrator shall establish expedited procedures for approval of UTM services operated in—

(1) airspace away from congested areas; or

(2) other airspace above areas in which operations of unmanned aircraft pose low risk, as determined by the Administrator.

(g) CONSULTATION.—In carrying out this section, the Administrator shall consult with other Federal agencies, as appropriate.

(h) SENSE OF CONGRESS.—It is the sense of Congress that, in developing the safety standards for UTM services, the Federal Aviation Administration shall consider ongoing research and development efforts on UTM services conducted by—

(1) the National Aeronautics and Space Administration in partnership with industry stakeholders;

(3) the participants in the pilot program required in the October 25, 2017, Presidential Memorandum entitled, ‘‘Unmanned Aircraft Systems Integration Pilot Program’’ and described in 82 Federal Register 50301.

(i) DEADLINE.—Not later than 1 year after the date of conclusion of the UTM pilot program established in section 2208 of the FAA Extension, Safety, and Security Act of 2016 (Pub. L. 114–190) (49 U.S.C. 40101 note [now 49 U.S.C. 44802 note]), the Administrator shall—

(1) complete the plan required by subsection (a);

(2) submit the plan to—

(A) the Committee on Commerce, Science, and Transportation of the Senate; and

(B) the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives; and

(3) publish the plan on a publicly accessible Internet website of the Federal Aviation Administration.

EARLY IMPLEMENTATION OF CERTAIN UTM SERVICES

(a) IN GENERAL.—Not later than 120 days after the date of the enactment of this Act (Oct. 5, 2018), the Administrator of the Federal Aviation Administration shall, upon request of a UTM service provider, determine if certain UTM services may operate safely in the national airspace system before completion of the implementation plan required by section 376 (set out above).
“(b) ASSESSMENT OF UTM SERVICES.—In making the determination under subsection (a), the Administrator shall assess, at a minimum, whether the proposed UTM services, as a result of their operational capabilities, reliability, intended use, areas of operation, and the characteristics of the aircraft involved, will maintain the safety and efficiency of the national airspace system and address any identified risks to manned or unmanned aircraft and persons and property on the ground.

“(c) REQUIREMENTS FOR SAFE OPERATION.—If the Administrator determines that certain UTM services may operate safely in the national airspace system, the Administrator shall establish requirements for their safe operation in the national airspace system.

“(d) EXPEDITED PROCEDURES.—The Administrator shall provide expedited procedures for making the assessment and determinations under this section where the UTM services will be provided primarily or exclusively in airspace above areas in which the operation of unmanned aircraft poses low risk, including but not limited to croplands and areas other than congested areas.

“(e) CONSULTATION.—In carrying out this section, the Administrator shall consult with other Federal agencies, as appropriate.

“(f) PREEXISTING UTM SERVICES APPROVALS.—Nothing in this Act [see Tables for classification] shall affect or delay approvals, waivers, or exemptions granted by the Administrator for UTM services already in existence or approved by the Administrator prior to the date of enactment of this Act [Oct. 5, 2018], including approvals under the Low Altitude Authorization and Notification Capability.”

TRANSLATION LANGUAGE

“(a) REGULATIONS.—Notwithstanding the repeals under sections 341, 346 [probably should be “346”], 347, and 331, 333 of this Act [repealing the provisions listed in subsec. (b)(1) to (4) below], all orders, determinations, rules, regulations, permits, grants, and contracts, which have been issued under any law described under subsection (b) of this section before the effective date of this Act [probably means Oct. 5, 2018, the date of enactment of Pub. L. 115-254] shall continue in effect until modified or revoked by the Secretary of Transportation acting through the Administrator of the Federal Aviation Administration, as applicable, by a court of competent jurisdiction, or by operation of law other than this Act [see Tables for classification].

“(b) TERMS DESCRIBED.—The laws described under this subsection are as follows:

“(c) EFFECT ON PENDING PROCEEDINGS.—This Act shall not affect administrative or judicial proceedings pending on the effective date of this Act.”

UNMANNED AIRCRAFT SYSTEMS RESEARCH AND DEVELOPMENT ROADMAP

Pub. L. 115-254, div. B, title VII, § 721, Oct. 5, 2018, 132 Stat. 3411, provided that: “The Secretary [of Transportation] shall submit the unmanned aircraft systems roadmap to Congress on an annual basis as required under section 4802(a) [probably should be “4802(a)”] of title 49, United States Code, as added by this Act.”

COLLABORATION BETWEEN FEDERAL AVIATION ADMINISTRATION AND DEPARTMENT OF DEFENSE ON UNMANNED AIRCRAFT SYSTEMS

“(a) COLLABORATION.—

“(1) IN GENERAL.—The Administrator of the Federal Aviation Administration and the Secretary of Defense may collaborate on sense-and-avoid capabilities for unmanned aircraft systems.

“(2) ELEMENTS.—The collaboration described in paragraph (1) may include, as appropriate, the following:

“(A) Sharing information on safely integrating unmanned aircraft systems and manned aircraft in the national airspace system.

“(B) The development of civil standards, policies, and procedures for the Federal Aviation Administration for integrating unmanned aircraft systems in the national airspace system by leveraging the historical and current testing, training, and operational experiences of the Department of Defense, particularly the Air Force, of unmanned flight operations.

“(C) Informing stakeholders about—

“(i) the development of airborne and ground-based sense-and-avoid capabilities for unmanned aircraft systems; and

“(ii) research and development on unmanned aircraft systems, especially with respect to matters involving human factors, information assurance, and security.

“(3) RESTORATION OF RULES FOR REGISTRATION AND MARKING OF UNMANNED AIRCRAFT.—The rules adopted for unmanned aircraft systems test sites or a Federal Aviation Administration test range.

“(c) DEFINITIONS.—In this section, the terms ‘unmanned aircraft system’ and ‘test range’ have the meaning given such terms in section 331 of the FAA Modernization and Reform Act of 2012 (Public Law 112-95; 49 U.S.C. 4011 note) [now 49 U.S.C. 44802 note].

“(d) RESTORATION OF RULES FOR REGISTRATION AND MARKING OF UNMANNED AIRCRAFT.—The rules adopted by the Administrator of the Federal Aviation Administration in the matter of registration and marking requirements for small unmanned aircraft (FAA-2015-7396; published on December 16, 2015) that were vacated by the United States Court of Appeals for the District of Columbia Circuit in Taylor v. Huerta (No. 15-1495; decided on May 19, 2017) shall be restored to effect on the date of enactment of this Act (Dec. 12, 2017).”

UAS SAFETY

“SEC. 2201. DEFINITIONS.

“(a) DEFINITIONS APPLIED.—In this subtitle, the terms ‘unmanned aircraft’, ‘unmanned aircraft system’, and ‘small unmanned aircraft’ have the meanings given those terms in section 331 of the FAA Modernization and Reform Act of 2012 (Pub. L. 112-95) (49 U.S.C. 4011 note) [now 49 U.S.C. 44802 note], as amended by this Act.

“(b) FAA MODERNIZATION AND REFORM ACT.—[Amended section 331 of Pub. L. 112-95, set out in a note below.]

“SEC. 2202. IDENTIFICATION STANDARDS.

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration, in consultation with the Secretary of Transportation, the President of RTCA, Inc., and the Director of the National Institute of Standards and Technology, shall convene industry stakeholders to facilitate the development of consensus standards for
remotely identifying operators and owners of unmanned aircraft systems and associated unmanned aircraft.

(b) CONSIDERATIONS.—As part of any standards developed under subsection (a), the Administrator shall ensure the consideration of—

(1) requirements for remote identification of unmanned aircraft systems;

(2) appropriate requirements for different classifications of unmanned aircraft systems operations, including public and civil; and

(3) the feasibility of the development and operation of a publicly accessible online database of unmanned aircraft and the operators thereof, and any criteria for exclusion from the database.

(c) DEADLINE.—Not later than 1 year after the date of enactment of this Act [July 15, 2016], the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on any standards developed under subsection (a).

(d) GUIDANCE.—Not later than 1 year after the date on which the Administrator submits the report under subsection (c), the Administrator shall issue regulations or guidance, as appropriate, based on any standards developed under subsection (a).

SEC. 2301. SAFETY STATEMENTS.

(a) REQUIRED INFORMATION.—Beginning on the date that is 1 year after the date of publication of the guidance under subsection (b)(1), a manufacturer of a small unmanned aircraft shall make available to the owner at the time of delivery of the small unmanned aircraft the safety statement described in subsection (b)(2).

(b) SAFETY STATEMENT.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [July 15, 2016], the Administrator of the Federal Aviation Administration shall issue guidance for implementing this section.

(2) REQUIREMENTS.—A safety statement required under subsection (a) shall include—

(A) information about, and sources of, laws and regulations applicable to small unmanned aircraft;

(B) recommendations for using small unmanned aircraft in a manner that promotes the safety of persons and property;

(C) the date that the safety statement was created or last modified; and

(D) language approved by the Administrator regarding the following:

(ii) The definition of a model aircraft under [former] section 336 of the FAA Modernization and Reform Act of 2012 [former 49 U.S.C. 40101 note] or otherwise in accordance with Federal Aviation Administration authorization or regulation, including requirements for the completion of any applicable airmen test.

(iv) The Administrator may pursue enforcement action against a person operating model aircraft who endangers the safety of the national airspace system.

(c) CIVIL PENALTY.—A person who violates subsection (a) shall be liable for each violation to the United States Government for a civil penalty described in section 46301(a) of title 49, United States Code.

SEC. 2204. FACILITATING INTERAGENCY COOPERATION FOR UNMANNED AIRCRAFT AUTHORIZATION IN SUPPORT OF FIREFIGHTING OPERATIONS AND UTILITY RESTORATION.

(a) FIREFIGHTING OPERATIONS.—The Administrator of the Federal Aviation Administration shall enter into agreements with the Secretary of the Interior and the Secretary of Agriculture, as necessary, to continue the expeditious authorization of safe unmanned aircraft system operations in support of firefighting efforts consistent with the requirements of section 44806 of title 49, United States Code.

(b) UTILITY RESTORATION.—The Administrator shall enter into agreements with the Secretary of Energy and with such other agencies or parties, including the Federal Emergency Management Agency, as are necessary to facilitate the expeditious authorization of safe unmanned aircraft system operations in support of service restoration efforts of utilities.

(c) DEFINITION OF UTILITY.—In this section, the term ‘utility’ shall at a minimum include the definition in section 3(4) of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2602(4)).

SEC. 2205. INTERFERENCE WITH WILDFIRE SUPPRESSION, LAW ENFORCEMENT, OR EMERGENCY RESPONSE EFFORT BY OPERATION OF UNMANNED AIRCRAFT.

(a) IN GENERAL.—(Enacted section 46320 of this title.)

(b) FAA TO IMPOSE CIVIL PENALTY.—(Amended section 46301 of this title.)

(c) CLERICAL AMENDMENT.—(Amended analysis of chapter 463 of this title.)

SEC. 2207. EMERGENCY EXEMPTION PROCESS.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act [July 15, 2016], the Administrator of the Federal Aviation Administration shall publish guidance for applications for, and procedures for the processing of, on an emergency basis, exemptions or certificates of authorization or waiver for the use of unmanned aircraft systems by civil or public operators in response to a catastrophe, disaster, or other emergency to facilitate emergency response operations, such as firefighting, search and rescue, and utility and infrastructure restoration efforts. In processing such applications, the Administrator shall give priority to applications for public unmanned aircraft systems engaged in emergency response activities.

(b) REQUIREMENTS.—In providing guidance under subsection (a), the Administrator shall—

(1) make explicit any safety requirements that must be met for the consideration of applications that include requests for beyond visual line of sight or nighttime operations, or the suspension of otherwise applicable operating restrictions, consistent with public interest and safety; and

(2) explicitly state the procedures for coordinating with an incident commander. If any, to ensure operations granted under procedures developed under subsection (a) do not interfere with other emergency response efforts.

(c) REVIEW.—In processing applications on an emergency basis for exemptions or certificates of authorization or waiver for unmanned aircraft systems operations in response to a catastrophe, disaster, or other emergency, the Administrator shall act on such applications as expeditiously as practicable and without requiring public notice and comment.

SEC. 2208. UNMANNED AIRCRAFT SYSTEMS TRAFFIC MANAGEMENT.

(a) RESEARCH PLAN FOR UTM DEVELOPMENT AND DEPLOYMENT.—

(1) IN GENERAL.—The Administrator of the Federal Aviation Administration (in this section referred to as the ‘Administrator’), in coordination with the Administrator of the National Aeronautics and Space Administration, shall continue development of a research plan for unmanned aircraft systems traffic management (in this section referred to as ‘UTM’) development and deployment.

(2) REQUIREMENTS.—In developing the research plan, the Administrator shall—
"(A) identify research outcomes sought; and

"(B) ensure the plan is consistent with existing regulatory and operational frameworks, and considers potential future regulatory and operational frameworks, for unmanned aircraft systems in the national airspace system.

"(3) ASSESSMENT.—The research plan shall include an assessment of the interoperability of a UTM system with existing and potential future air traffic management systems and processes.

"(4) DEADLINES.—The Administrator shall

"(A) initiate development of the research plan no later than 60 days after the date of enactment of this Act [July 15, 2016]; and

"(B) not later than 180 days after the date of enactment of this Act—

"(i) complete the research plan;

"(ii) submit the research plan to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives; and

"(iii) publish the research plan on the Internet Web site of the Federal Aviation Administration.

"(b) PILOT PROGRAM.—

"(1) IN GENERAL.—Not later than 90 days after the date of submission of the research plan under subsection (a)(4)(B), the Administrator, in coordination with the Administrator of the National Aeronautics and Space Administration, the Drone Advisory Committee established by section 45059 of title 49, United States Code, and representatives of the unmanned aircraft industry, shall establish a UTM system pilot program.

"(2) SUNSET.—Not later than 2 years after the date of establishment of the pilot program, the Administrator shall conclude the pilot program.

"(c) UPDATES.—Not later than 180 days after the date of establishment of the pilot program, and every 180 days thereafter until the date of conclusion of the pilot program, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives an update on the status and progress of the pilot program.

"SEC. 2209. APPLICATIONS FOR DESIGNATION.

"(a) APPLICATIONS FOR DESIGNATION.—Not later than 180 days after the date of enactment of this Act [July 15, 2016], the Secretary of Transportation shall establish a process to allow applicants to petition the Administrator of the Federal Aviation Administration to prohibit or restrict the operation of an unmanned aircraft system, over, under, or within a specified distance from that fixed site facility designated under subsection (b).

"(b) APPLICATION PROCEDURES.—

"(A) IN GENERAL.—The Administrator shall establish the procedures for the application for designation under subsection (a).

"(B) NOTIFICATION.—The procedures shall allow operators or proprietors of fixed site facilities to apply for designation individually or collectively.

"(C) CONSIDERATIONS.—Only the following may be considered fixed site facilities:

"(i) Critical infrastructure, such as energy production, transmission, distribution facilities and equipment, and railroad facilities.

"(ii) Oil refineries and chemical facilities.

"(iii) Amusement parks.

"(iv) Other locations that warrant such restrictions.

"(2) DETERMINATION.—

"(A) IN GENERAL.—The Secretary shall provide for a determination under the review process established under subsection (a) not later than 90 days after the date of application, unless the applicant is provided with written notice describing the reason for the delay.

"(B) AFFIRMATIVE DESIGNATIONS.—An affirmative designation shall outline—

"(i) the boundaries for unmanned aircraft operation near the fixed site facility; and

"(ii) such other limitations that the Administrator determines may be appropriate.

"(C) CONSIDERATIONS.—In making a determination whether to grant or deny an application for a designation, the Administrator may consider—

"(i) aviation safety;

"(ii) protection of persons and property on the ground;

"(iii) national security; or

"(iv) homeland security.

"(D) OPPORTUNITY FOR RESUBMISSION.—If an application is denied, the Administrator shall provide written notice of the denial including an opportunity for resubmission.

"(e) DEADLINES.—

"(1) Not later than March 31, 2019, the Administrator shall publish a notice of proposed rulemaking to carry out the requirements of this section.

"(2) Not later than 12 months after publishing the notice of proposed rulemaking under paragraph (1), the Administrator shall issue a final rule.

"SEC. 2210. OPERATIONS ASSOCIATED WITH CRITICAL INFRASTRUCTURE.

"(a) IN GENERAL.—Any application process established under [former] section 333 of the FAA Modernization and Reform Act of 2012 [Pub. L. 112–95] (former) 49 U.S.C. 40101 note) shall allow application to apply to the Administrator of the Federal Aviation Administration to operate an unmanned aircraft system, for purposes of conducting an activity described in subsection (b)

"(1) beyond the visual line of sight of the individual operating the unmanned aircraft system; and

"(2) during the day or at night.

"(b) ACTIVITIES DESCRIBED.—The activities described in this subsection are—

"(1) activities for which manned aircraft may be used to comply with Federal, State, or local laws, including—

"(A) activities to ensure compliance with Federal or State regulatory, permit, or other requirements; including to conduct surveys associated with applications for permits for new pipeline or pipeline systems construction or maintenance or rehabilitation of existing pipelines or pipeline systems; and

"(B) activities relating to ensuring compliance with requirements;

"(ii) parts 192 and 195 of title 49, Code of Federal Regulations; and

"(ii) the requirements of any Federal, State, or local governmental or regulatory body, or industry best practice, pertaining to the construction, ownership, operation, maintenance, repair, or replacement of covered facilities;

"(2) activities to inspect, repair, construct, maintain, or protect covered facilities, including for the purpose of responding to a pipeline, pipeline system, or electric energy infrastructure incident; and

"(3) activities in response to or in preparation for a natural disaster, manmade disaster, severe weather event, or other incident beyond the control of the applicant that may cause material damage to a covered facility.

"(c) DEFINITIONS.—In this section, the following definitions apply:
The term 'covered facility' means—

(A) a pipeline or pipeline system;

(B) an electric energy generation, transmission, or distribution facility (including a renewable electric energy facility);

(C) an oil or gas production, refining, or processing facility; or

(D) any other critical infrastructure facility.

(2) Critical infrastructure.—The term 'critical infrastructure' has the meaning given that term in section 238D of title 18, United States Code.

(4) Deadlines.—

(a) Certification to Congress.—Not later than 90 days after the date of enactment of this Act [July 15, 2016], the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Science, Space, and Technology of the House of Representatives] a certification that a process has been established to facilitate applications for unmanned aircraft systems operations described in this section.

(b) Failure to Meet Certification Deadline.—If the Administrator cannot provide a certification under paragraph (1), the Administrator, not later than 180 days after the deadline specified in paragraph (1), shall update the process under [former] section 333 of the FAA Modernization and Reform Act of 2012 [(former) 49 U.S.C. 40101 note] to facilitate applications for unmanned aircraft systems operations described in this section.

(c) Exemptions.—In addition to the operations described in this section, the Administrator may authorize, exempt, or otherwise allow other unmanned aircraft systems operations under [former] section 333 of the FAA Modernization and Reform Act of 2012 [(former) 49 U.S.C. 40101 note] that are conducted beyond the visual line of sight of the individual operating the unmanned aircraft system or during the day or at night.

SEC. 2211. UNMANNED AIRCRAFT SYSTEMS RESEARCH AND DEVELOPMENT ROADMAP.

Amended section 322 of Pub. L. 112–95, formerly set out in a note below.

SEC. 2212. UNMANNED AIRCRAFT SYSTEMS–MANNED AIRCRAFT COLLISION RESEARCH.

(a) Research.—The Administrator of the Federal Aviation Administration (in this section referred to as the 'Administrator'), in continuation of ongoing work, shall coordinate with the Administrator of the National Aeronautics and Space Administration to develop a program to conduct comprehensive testing and modeling of unmanned aircraft systems colliding with various sized aircraft in various operational settings, as considered appropriate by the Administrator, including—

(1) collisions between unmanned aircraft systems of various sizes, traveling at various speeds, and jet aircraft of various sizes, traveling at various speeds;

(2) collisions between unmanned aircraft systems of various sizes, traveling at various speeds, and propeller-driven aircraft of various sizes, traveling at various speeds;

(3) collisions between unmanned aircraft systems of various sizes, traveling at various speeds, and rotocraft of various sizes, traveling at various speeds; and

(4) collisions between unmanned aircraft systems and various parts of the aforementioned aircraft, including—

(A) windshields;

(B) noses;

(C) engines;

(D) radomes; and

(E) propellers; and

(b) Report.—Not later than 1 year after the date of enactment of this Act [July 15, 2016], the Administrator shall transmit to the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report summarizing the costs and results of research under this section.

SEC. 2213. PROBABILISTIC METRICS RESEARCH AND DEVELOPMENT STUDY.

(a) Study.—Not later than 30 days after the date of enactment of this Act [July 15, 2016], the Administrator of the Federal Aviation Administration shall enter into an arrangement with the National Academies to study the potential use of probabilistic assessments of risks by the Administration to streamline the integration of unmanned aircraft systems into the national airspace system, including any research and development necessary.

(b) Completion Date.—Not later than 1 year after the date of enactment of this Act, the Administrator shall provide the results of the study to the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

UNMANNED AIRCRAFT JOINT TRAINING AND USAGE PLAN

(1) METHODS.—The Secretary of Defense, the Secretary of Homeland Security, and the Administrator of the Federal Aviation Administration shall jointly develop and implement plans and procedures to review the potential of joint testing and evaluation of unmanned aircraft equipment and systems with other appropriate departments and agencies of the Federal Government that may serve the dual purpose of providing capabilities to the Department of Defense to meet the future requirements of combatant commanders and domestically to strengthen international border security.

(2) REPORT.—Not later than 270 days after the date of enactment of this Act [Dec. 26, 2013], the Secretary of Defense, the Secretary of Homeland Security, and the Administrator of the Federal Aviation Administration shall jointly submit to Congress a report on the status of the development of the plans and procedures required under paragraph (1), including a cost–benefit analysis of the shared expenses between the Department of Defense and other appropriate departments and agencies of the Federal Government to support such plans.

INTERAGENCY COLLABORATION

ment of Defense to avoid duplication of efforts in carrying out collaboration under paragraph (1).

"(4) REPORTS.—

(A) REQUIREMENT.—The Secretary of Defense, on behalf of the UAS Executive Committee, shall annually submit to the congressional defense committees, the Committee on Transportation and Infrastructure, and the Committee on Science, Space, and Technology of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report on the progress of research activity of the Department of Defense, including—

"(i) progress in accomplishing the goals of the unmanned aircraft systems research, development, and demonstration as related to the Department of Defense Final Report to Congress on Access to National Airspace for Unmanned Aircraft Systems of October 2010, and any ongoing and collaborative research and development programs with the Federal Aviation Administration and the National Aeronautics and Space Administration;

"(ii) estimates of long-term funding needs and details of funds expended and allocated in the budget requests of the President that support integration into the National Airspace; and

"(iii) progress in sharing with the Federal Aviation Administration safety operational and performance data as it relates to unmanned aircraft system operation and the impact on the National Airspace System.

(B) TERMINATION.—The requirement to submit a report under subparagraph (A) shall terminate on the date that is 5 years after the date of the enactment of this Act [Jan. 2, 2013].

"(c) UAS EXECUTIVE COMMITTEE DEFINED.—In this section, the term "UAS Executive Committee" means the National Aeronautics and Space and [sic] Administration and the Department of Defense—Federal Aviation Administration executive committee described in section 1036(b) of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 [Pub. L. 119–417; 122 Stat. 4597] and established by the Secretary of Defense and the Administrator of the Federal Aviation Administration.

**UNMANNED AIRCRAFT SYSTEMS**

"SEC. 335. SAFETY STUDIES. The Administrator of the Federal Aviation Administration shall—

"(1) ensure that the program is coordinated with the Department of Defense and the National Aeronautics and Space Administration;

"(2) coordinate with and leverage the resources of the Department of Defense and the National Aeronautics and Space Administration;

"(3) address both civil and public unmanned aircraft systems;

"(4) ensure that the program is coordinated with the Next Generation Air Transportation System; and

"(5) ensure that the program is coordinated with the Department of Defense and the National Aeronautics and Space Administration.

"(c) LOCATIONS.—In determining the location of a test range for the program under subsection (a), the Administrator shall—

"(1) take into consideration geographic and climatic diversity; and

"(2) take into consideration the location of ground infrastructure and research needs; and

"(6) SMALL UNMANNED AIRCRAFT.—The term 'small unmanned aircraft' means an unmanned aircraft weighing less than 55 pounds, including everything that is on board or otherwise attached to the aircraft.

"(7) TEST RANGE.—

"(A) IN GENERAL.—The term ‘test range’ means a defined geographic area where research and development are conducted as authorized by the Administrator of the Federal Aviation Administration.

"(B) INCLUSIONS.—The term ‘test range’ includes any of the 6 test ranges established by the Administrator of the Federal Aviation Administration under section 532(c), as in effect on the day before the date of enactment of this subparagraph [July 15, 2016], and any public entity authorized by the Federal Aviation Administration as an unmanned aircraft flight test center before January 1, 2009.

"(8) UNMANNED AIRCRAFT.—The term ‘unmanned aircraft’ means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft.

"(9) UNMANNED AIRCRAFT SYSTEM.—The term ‘unmanned aircraft system’ means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the pilot in command to operate safely and efficiently in the national airspace system.

**UNMANNED AERIAL SYSTEMS AND NATIONAL AIRSPACE**

"(a) ESTABLISHMENT.—Not later than 180 days after the date of the enactment of this Act [Dec. 31, 2011], the Administrator of the Federal Aviation Administration shall establish a program to integrate unmanned aircraft systems into the national airspace system at six test ranges.

"(b) PROGRAM REQUIREMENTS.—In establishing the program under subsection (a), the Administrator shall—

"(1) safely designate nonexclusionary airspace for integrated manned and unmanned flight operations in the national airspace system;

"(2) develop certification standards and air traffic requirements for unmanned flight operations at test ranges;

"(3) coordinate with and leverage the resources of the Department of Defense and the National Aeronautics and Space Administration;

"(4) address both civil and public unmanned aircraft systems;

"(5) ensure that the program is coordinated with the Next Generation Air Transportation System; and

"(6) provide for verification of the safety of unmanned aircraft systems and related navigation procedures before integration into the national airspace system.

"(c) LOCATIONS.—In determining the location of a test range for the program under subsection (a), the Administrator shall—

"(1) take into consideration geographic and climatic diversity; and

"(2) take into consideration the location of ground infrastructure and research needs; and
§ 44802

"(3) consult with the Department of Defense and the National Aeronautics and Space Administration.

"(d) TEST RANGE OPERATION.—A project at a test range shall be operational not later than 180 days after the date on which the project is established.

"(e) REPORT.—Not later than 90 days after the date of

**Promoting Economic Competitiveness While Safeguarding Privacy, Civil Rights, and Civil Liberties in Domestic Use of Unmanned Aircraft Systems**

Memorandum of President of the United States, Feb. 15, 2013, 80 F.R. 9355, provided:

Memorandum for the Heads of Executive Departments and Agencies

Unmanned Aircraft Systems (UAS) technology continues to improve rapidly, and increasingly UAS are able to perform a variety of missions with greater operational flexibility and at a lower cost than comparable manned aircraft. A wide spectrum of domestic users—including industrial, private citizens, and Federal, State, local, tribal, and territorial governments—are using or expect to use these systems, which may play a transformative role in fields as diverse as urban infrastructure management, farming, public safety, coastal security, military training, search and rescue, and disaster response.

The Congress recognized the potential wide-ranging benefits of UAS operations within the United States in the FAA Modernization and Reform Act of 2012 (Public Law 112-95), which requires a plan to safely integrate civil UAS into the National Airspace System (NAS) by September 30, 2015. As compared to manned aircraft, UAS may provide lower-cost operation and augment existing capabilities while reducing risks to human life. Estimates suggest the positive economic impact to countries, including the United States, to establish transparent principles that govern the Federal Government’s use of UAS in the NAS, and to promote the responsible use of this technology in the private and commercial sectors, it is hereby ordered as follows:

**Section 1. UAS Policies and Procedures for Federal Government Use.** The Federal Government currently operates UAS in the United States for several purposes, including to manage Federal lands, monitor wildfires, conduct scientific research, monitor our borders, support law enforcement, and effectively train our military. As with information collected by the Federal Government using any technology, where UAS is the platform for collection, information must be collected, used, retained, and disseminated consistent with the Constitution, Federal laws and other applicable regulations and policies. Agencies must, for example, comply with the Privacy Act of 1974 (5 U.S.C. 552a) (the “Privacy Act”), which, among other things, restricts the collection and dissemination of individuals’ information that is maintained in systems of records, including personally identifiable information (PII), and permits individuals to seek access to and amendment of records.

(a) Privacy Protections. Particularly in light of the diverse potential uses of UAS in the NAS, expected advancements in UAS technologies, and the anticipated increase in UAS use in the future, the Federal Government shall take steps to ensure that privacy protections and policies relative to UAS continue to keep pace with these developments. Accordingly, agencies shall, prior to deployment of new UAS technology and at least every 3 years, examine their existing UAS policies and procedures relating to the collection, use, retention, and dissemination of information obtained by UAS, to ensure that privacy, civil rights, and civil liberties are protected. Agencies shall update their policies and procedures, or issue new policies and procedures, as necessary. In addition to requiring compliance with the Privacy Act in applicable circumstances, agencies that collect information through UAS in the NAS shall ensure that their policies and procedures with respect to such information incorporate the following requirements:

(i) Collection and Use. Agencies shall only collect information using UAS, or use UAS-collected information, to the extent that such collection or use is consistent with and relevant to an authorized purpose.

(ii) Retention. Information collected using UAS that may contain PII shall not be retained for more than 180 days unless retention of the information is determined to be necessary to an authorized mission of the retaining agency, is maintained in a system of records covered by the Privacy Act, or is required to be retained for a longer period by any other applicable law or regulation.

(iii) Dissemination. UAS-collected information that is not maintained in a system of records covered by the Privacy Act shall not be disseminated outside of the agency unless dissemination is required by law, or fulfills an authorized purpose and complies with agency requirements.

(b) Civil Rights and Civil Liberties Protections. To protect civil rights and civil liberties, agencies shall:

(i) ensure that policies are in place to prohibit the collection, use, retention, or dissemination of data in any manner that would violate the First Amendment or in any manner that would discriminate against persons based upon their ethnicity, race, gender, national origin, religion, sexual orientation, or gender identity, in violation of law;

(ii) ensure that UAS activities are performed in a manner consistent with the Constitution and applicable laws, Executive Orders, and other Presidential directives; and

(iii) ensure that adequate procedures are in place to receive, investigate, and address, as appropriate, privacy, civil rights, and civil liberties complaints.

(c) Accountability. To provide for effective oversight, agencies shall:

(i) ensure that oversight procedures for agencies’ UAS use, including audits or assessments, comply with existing agency policies and regulations;

(ii) verify the existence of rules of conduct and training for Federal Government personnel and contractors who work on UAS programs, and agencies’ reporting suspected cases of misuse or abuse of UAS technologies;
(iii) establish policies and procedures, or confirm that policies and procedures are in place, that provide meaningful oversight of individuals who have access to sensitive information (including any PII) collected using UAS;
(iv) ensure that any data-sharing agreements or policies, data use policies, and record management policies applicable to UAS conform to applicable laws, regulations, and policies;
(v) establish policies and procedures, or confirm that policies and procedures are in place, to authorize the use of UAS in response to a request for UAS assistance in support of Federal, State, local, tribal, or territorial government operations; and
(vi) require that State, local, tribal, and territorial government recipients of Federal grant funding for the purchase or use of UAS for their own operations have in place policies and procedures to safeguard individuals’ privacy, civil rights, and civil liberties prior to expending such funds.

(d) Transparency. To promote transparency about the activities within the NAS, agencies that use UAS shall, while not releasing information that could reasonably be expected to compromise law enforcement or national security:
(i) provide notice to the public regarding where the agency’s UAS are authorized to operate in the NAS;
(ii) keep the public informed about the agency’s UAS programs as well as changes that would significantly affect privacy, civil rights, or civil liberties; and
(iii) make available to the public, on an annual basis, a general summary of the agency’s UAS operations during the previous fiscal year, to include a brief description of types or categories of missions flown, and the number of times the agency provided assistance to other agencies, or to State, local, tribal, or territorial governments.

(e) Reports. Within 180 days of the date of this memorandum, agencies shall provide the President with a status report on the implementation of this section. Within 1 year of the date of this memorandum, agencies shall publish information on how to access their publicly available policies and procedures implementing this section.

SEC. 2. Multi-stakeholder Engagement Process. In addition to the Federal uses of UAS described in section 1 of this memorandum, the combination of greater operational flexibility, lower capital requirements, and lower operating costs could allow UAS to be a transformative technology in the commercial and private sectors for fields as diverse as urban infrastructure management, oil and gas exploration, and disaster response. Although these opportunities will enhance American economic competitiveness, our Nation must be mindful of the potential implications for privacy, civil rights, and civil liberties. The Federal Government is committed to promoting the responsible use of this technology in a way that does not diminish rights and freedoms.

(a) There is hereby established a multi-stakeholder engagement process to develop and communicate best practices for privacy, accountability, and transparency issues regarding commercial and private UAS use in the NAS. The process will include stakeholders from the private sector.
(b) Within 90 days of the date of this memorandum, the Department of Commerce, through the National Telecommunications and Information Administration, and in consultation with other interested agencies, will initiate this multi-stakeholder engagement process to develop a framework regarding privacy, accountability, and transparency for commercial and private UAS use. For this process, commercial and private use includes the use of UAS for commercial purposes as civil aircraft, even if the use would qualify a UAS as a public aircraft under 49 U.S.C. 40102(a)(41) and 40125. The process shall not focus on law enforcement or other non-commercial governmental use.

SEC. 3. Definitions. As used in this memorandum:
(a) “Agency” means any department or agency of the Federal Government that conduct UAS operations in the NAS.
(b) “Federal Government use” means operations in which agencies operate UAS in the NAS. Federal Government use includes agency UAS operations on behalf of another agency or on behalf of a State, local, tribal, or territorial government, or when a nongovernmental entity operates UAS on behalf of an agency.
(c) “National Airspace System” means the common network of U.S. airspace, air navigation facilities, equipment, and services; airports or landing areas; aeronautical charts, information, and services; related rules, regulations, and procedures; technical information; and manpower and material. Included in this definition are system components shared jointly by the Departments of Defense, Transportation, and Homeland Security.
(d) “Unmanned Aircraft System” means an unmanned aircraft (an aircraft that is operated without direct human intervention from within or on the aircraft) and associated elements (including communication links and components that control the unmanned aircraft) that are required for the pilot or system operator in command to operate safely and efficiently in the NAS.
(e) “Personally identifiable information” refers to information that can be used to distinguish or trace an individual’s identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual, and includes, but is not limited to, names, Social Security Numbers, or other unique identifiers or personal or identifying information, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual, and includes, but is not limited to, names, Social Security Numbers, or other unique identifiers or personal or identifying information.

As used in this memorandum, the term “person” means an individual and shall include any agency, or any subcontractor or other party with whom an agency is acting in concert, no matter how designated.

Through the Multi-stakeholder Engagement Process, agencies shall, while not revealing information that could reasonably be expected to compromise law enforcement or national security:
(i) provide notice to the public regarding where the agency’s UAS are authorized to operate in the NAS;
(ii) keep the public informed about the agency’s UAS programs as well as changes that would significantly affect privacy, civil rights, or civil liberties; and
(iii) make available to the public, on an annual basis, a general summary of the agency’s UAS operations during the previous fiscal year, to include a brief description of types or categories of missions flown, and the number of times the agency provided assistance to other agencies, or to State, local, tribal, or territorial governments.

The process will include stakeholders from other agencies, or to State, local, tribal, or territorial governments.

SEC. 4. General Provisions. (a) This memorandum complements and is not intended to supersede existing laws and policies and directives regarding UAS, including the National Strategy for Aviation Security and its supporting plans, the FAA Modernization and Reform Act of 2012, the Federal Aviation Administration’s (FAA’s) Integration of Civil UAS in the NAS Roadmap, and the FAA’s UAS Comprehensive Plan.
(b) This memorandum shall be implemented consistent with applicable law, and subject to the availability of appropriations.
(c) Nothing in this memorandum shall be construed to impair or otherwise affect:
(i) the authority granted by law to an executive department, agency, or the head thereof; or
(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.
(d) Independent agencies are strongly encouraged to comply with this memorandum.
(e) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
(f) The Secretary of Commerce is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

UNMANNED AIRCRAFT SYSTEMS INFRASTRUCTURE PILOT PROGRAM

Memorandum of President of the United States, Oct. 25, 2017, 82 F.R. 50301, provided:
Memorandum for the Secretary of Transportation
By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Policy. It shall be the policy of the United States to promote the safe operation of unmanned aircraft systems (UAS) and enable the development of UAS technologies for use in agriculture, commerce, emergency management, human transportation, and other sectors. Compared to manned aircraft, UAS provide novel, low-cost capabilities for both public and private applications. UAS present opportunities to enhance the safety of the American public, increase the...
efficiency and productivity of American industry, and create tens of thousands of new American jobs.

The private sector has rapidly advanced UAS capabilities to address the needs of recreational, commercial, and public users. To promote continued technological innovation and to ensure the global leadership of the United States in this emerging industry, the regulatory framework for UAS operations must be sufficiently flexible to keep pace with the advancement of UAS technology, while balancing the vital Federal roles in protecting privacy and civil liberties; mitigating risks to national security and homeland security; and protecting the safety of the American public, critical infrastructure, and the Nation’s airspace. Well-coordinated integration of UAS into the national airspace system (NAS) alongside manned aircraft will increase the safety of the NAS and enable the authorization of more complex UAS operations.

The Federal Aviation Administration (FAA) has taken steps to integrate UAS into the NAS at specific test sites and has issued operational requirements for small UAS operations in the NAS. Further integration will require continued private-sector cooperation and the involvement of State, local, and tribal governments in Federal efforts to develop and enforce regulations on UAS operations in their jurisdictions. Input from State, local, tribal, and private-sector stakeholders will be necessary to craft an optimal strategy for the national management of UAS operations. A coordinated effort between the private sector and among these governments will provide certainty and stability to UAS owners and operators, maximize the benefits of UAS technologies for the public, and mitigate risks to public safety and security.

Sect. 2. UAS Integration Pilot Program. (a) Within 90 days of the date of this memorandum, the Secretary of Transportation (Secretary), in consultation with the Administrator of the FAA (Administrator), shall establish a UAS Integration Pilot Program (Program) to test the further integration of UAS into the NAS in a select number of State, local, and tribal jurisdictions.

The objectives of the Program shall be to:

(i) test and evaluate various models of State, local, and tribal government involvement in the development and enforcement of Federal regulations for UAS operations;

(ii) encourage UAS owners and operators to develop and safely test new and innovative UAS concepts of operations; and

(iii) inform the development of future Federal guidelines and regulatory decisions on UAS operations nationwide.

Sect. 3. Implementation. (a) To implement the Program, the Secretary or the Administrator, as appropriate, shall:

(i) solicit proposals from State, local, and tribal governments to test within their jurisdictions the integration of civil and public UAS operations into the NAS below 200 feet above ground level, or up to 400 feet above ground level if the Secretary determines that such an arrangement would be appropriate;

(ii) select proposals by State, local, and tribal governments for participation in the Program according to the criteria listed in subsection (b) of this section;

(iii) enter into agreements with the selected governments to establish the terms of their involvement in UAS operations within their jurisdictions, including their support for Federal enforcement responsibilities; describe the proposed UAS operations to be conducted; and identify the entities that will conduct such operations, including, if applicable, the governments themselves; and

(iv) as necessary, use existing authorities to grant exceptions, exemptions, authorizations, and waivers from FAA regulations to the entities identified in the agreements described in subsection (iii) of this section [sic], including through the issuance of waivers under 14 CFR part 107 and Certificates of Waiver or Authorization under [former] section 333 of the FMRA, Modernization and Reform Act of 2012 (PMRA) (Public Law 112-95) [see note above].

(b) In selecting proposals for participation in the Program under subsection (a) of this section, the Secretary shall consider:

(i) overall economic, geographic, and climatic diversity of the selected jurisdictions;

(ii) overall diversity of the proposed models of government involvement;

(iii) overall diversity of the UAS operations to be conducted;

(iv) the location of critical infrastructure;

(v) the involvement of commercial entities in the proposal, and their ability to advance objectives that may serve the public interest as a result of further integration of UAS into the NAS;

(vi) the involvement of affected communities in, and their support for, participating in the Program;

(vii) the commitment of the governments and UAS operators involved in the proposal to comply with requirements related to national defense, homeland security, and public safety, and to address competition, privacy, and civil liberties concerns; and

(viii) the commitment of the governments and UAS operators involved in the proposal to achieve the following policy objectives:

(1) promoting innovation and economic development;

(2) enhancing transportation safety;

(3) enhancing workplace safety;

(4) improving emergency response and search and rescue functions; and

(5) using radio spectrum efficiently and competitively.

(c) Within 180 days of the establishment of the Program, the Secretary shall enter into agreements with State, local, or tribal governments to participate in the Program, with the goal of entering into at least 5 such agreements by that time.

(d) In carrying out subsection (c) of this section, the Secretary shall select State, local, or tribal governments that plan to begin integration of UAS into the NAS in their jurisdictions within 90 days after the date on which the agreement is established.

(e) The Secretary shall consider new proposals for participation in the Program up to 1 year before the Program is scheduled to terminate.

(f) The Secretary shall apply best practices from existing FAA test sites, waivers granted under 14 CFR part 107, exemptions granted under [former] section 333 of the FMRA, the FAA Focus Area Pathfinder Program, and any other relevant programs in order to expedite the consideration of exceptions, exemptions, authorizations, and waivers from FAA regulations to be granted under the Program, as described in subsection (a)(iv) of this section.

(g) The Secretary shall address any non-compliance with the terms of exceptions, exemptions, authorizations, waivers granted, or agreements made with UAS users or participating jurisdictions in a timely and appropriate manner, including by revoking or modifying the relevant terms.

Sect. 4. Coordination. (a) The Administrator, in coordination with the Administrator of the National Aeronautics and Space Administration, shall apply relevant information collected during the Program and preliminary findings to inform the development of the UAS Traffic Management System under section 2208 of the FAA Extension, Safety, and Security Act of 2016 (Public Law 114-100) [set out in a note above].

(b) The Secretary, in coordination with the Secretaries of Defense and Homeland Security and the Attorney General, shall take necessary and appropriate steps to:

(i) mitigate risks to public safety and homeland and national security when selecting proposals and implementing the Program; and

(ii) monitor compliance with relevant laws and regulations to ensure that Program activities do not interfere with national defense, homeland security, or law enforcement operations and missions.

(c) The heads of executive departments and agencies with relevant law enforcement responsibilities (Federal
law enforcement agencies), including the Attorney General and the Secretary of Homeland Security, shall develop and implement best practices to enforce the laws and regulations governing UAS operations conducted under the Program.

(d) In carrying out the responsibilities set forth in subsection (c) of this section, the heads of Federal law enforcement agencies shall coordinate with the Secretaries of Defense and Transportation, as well as with the relevant State, local, or tribal law enforcement agencies.

(e) In implementing the Program, the Secretary shall coordinate with the Secretaries of Defense and Homeland Security and the Attorney General to test counter-UAS capabilities, as well as platform and system-wide cybersecurity, to the extent appropriate and consistent with law.

Sec. 5. Evaluation and Termination of UAS Integration Pilot Program. (a) The Program shall terminate 5 years from the date of this memorandum, unless extended by the Secretary.

(b) The Program shall terminate 3 years from the date of this memorandum, unless extended by the Secretary.

(c) After the date of this memorandum and until the Program is terminated, the Secretary, in consultation with the Secretaries of Defense and Homeland Security and the Attorney General, shall submit an annual report to the President setting forth the Secretary’s interim findings and conclusions concerning the Program. Not later than 90 days after the Program is terminated, the Secretary shall submit a final report to the President setting forth the Secretary’s findings and conclusions concerning the Program.

Sec. 6. Definitions. As used in this memorandum, the next stated terms, in singular and plural, are defined as follows:

(a) The term “unmanned aircraft system” has the meaning given that term in section 331 of the FMRA [Pub. L. 112-95, set out in a note above].

(b) The term “public unmanned aircraft system” has the meaning given that term in section 331 of the FMRA.

(c) The term “civil unmanned aircraft system” means an unmanned aircraft system that meets the qualifications and conditions required for operation of a civil aircraft, as defined in 49 U.S.C. 40102.

Sec. 7. General Provisions. (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof;

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals; or

(iii) the conduct of public aircraft operations, as defined in 49 U.S.C. 40102(a)(41) and 40125, by executive departments and agencies, consistent with applicable Federal law.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The Secretary is authorized and directed to publish this memorandum in the Federal Register.

DONALD J. TRUMP.

§ 44803. Unmanned aircraft test ranges

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall carry out and update, as appropriate, a program for the use of the test ranges to facilitate the safe integration of unmanned aircraft systems into the national airspace system.

(b) PROGRAM REQUIREMENTS.—In carrying out the program under subsection (a), the Administrator shall:

(1) designate airspace for safely testing the integration of unmanned flight operations in the national airspace system;

(2) develop operational standards and air traffic requirements for unmanned flight operations at test ranges;

(3) coordinate with, and leverage the resources of, the National Aeronautics and Space Administration and the Department of Defense;

(4) address both civil and public unmanned aircraft systems;

(5) ensure that the program is coordinated with relevant aspects of the Next Generation Air Transportation System;

(6) provide for verification of the safety of unmanned aircraft systems and related navigation procedures as it relates to continued development of standards for integration into the national airspace system;

(7) engage test range operators, as necessary and within available resources, in projects for research, development, testing, and evaluation of unmanned aircraft systems to facilitate the Federal Aviation Administration’s development of standards for the safe integration of unmanned aircraft into the national airspace system, which may include solutions for—

(A) developing and enforcing geographic and altitude limitations;

(B) providing for alerts by the manufacturer of an unmanned aircraft system regarding any hazards or limitations on flight, including prohibition on flight as necessary;

(C) sense and avoid capabilities;

(D) beyond-visual-line-of-sight operations, nighttime operations, operations over people, operation of multiple small unmanned aircraft systems, and unmanned aircraft systems traffic management, or other critical research priorities; and

(E) improving privacy protections through the use of advances in unmanned aircraft systems technology;

(8) coordinate periodically with all test range operators to ensure test range operators know which data should be collected, what procedures should be followed, and what research would advance efforts to safely integrate unmanned aircraft systems into the national airspace system;

(9) streamline to the extent practicable the approval process for test ranges when processing unmanned aircraft certificates of waiver or authorization for operations at the test sites;

(10) require each test range operator to protect proprietary technology, sensitive data, or sensitive research of any civil or private entity when using that test range without the need to obtain an experimental or special airworthiness certificate;\(^1\)

\(^1\) So in original. Probably should be followed by "and".
(11) allow test range operators to receive Federal funding, other than from the Federal Aviation Administration, including in-kind contributions, from test range participants in the furtherance of research, development, and testing objectives.

(c) Waivers.—In carrying out this section the Administrator may waive the requirements of section 44711 of title 49, United States Code, including related regulations, to the extent consistent with aviation safety.

(d) Review of Operations by Test Range Operators.—The operator of each test range under subsection (a) shall—

(1) review the operations of unmanned aircraft systems conducted at the test range, including—

(A) ongoing or completed research; and

(B) data regarding operations by private and public operators, and

(2) submit to the Administrator, in such form and manner as specified by the Administrator, the results of the review, including recommendations to further enable private research and development operations at the test ranges that contribute to the Federal Aviation Administration's safe integration of unmanned aircraft systems into the national airspace system, on a quarterly basis until the program terminates.

(e) Testing.—The Secretary of Transportation may authorize an operator of a test range described in subsection (a) to administer testing requirements established by the Administrator for unmanned aircraft systems operations.

(f) Collaborative Research and Development Agreements.—The Administrator may use the other transaction authority under section 106(f) and enter into collaborative research and development agreements, to direct research related to unmanned aircraft systems, including at any test range under subsection (a), and in coordination with the Center of Excellence for Unmanned Aircraft Systems.

(g) Use of Center of Excellence for Unmanned Aircraft Systems.—The Administrator, in carrying out research necessary to implement the consensus safety standards requirements in section 4465 shall, to the maximum extent practicable, leverage the research and testing capacity and capabilities of the Center of Excellence for Unmanned Aircraft Systems and the test ranges.

(h) Termination.—The program under this section shall terminate on September 30, 2023.

§ 44804. Small unmanned aircraft in the Arctic

(a) In General.—The Secretary of Transportation shall develop a plan and initiate a process to work with relevant Federal agencies and national and international communities to designate permanent areas in the Arctic where small unmanned aircraft may operate 24 hours per day for research and commercial purposes.

(b) Plan Contents.—The plan under subsection (a) shall include the development of processes to facilitate the safe operation of small unmanned aircraft beyond the visual line of sight.

(c) Requirements.—Each permanent area designated under subsection (a) shall enable over-water flights from the surface to at least 2,000 feet in altitude, with ingress and egress routes from selected coastal launch sites.

(d) Agreements.—To implement the plan under subsection (a), the Secretary may enter into an agreement with relevant national and international communities.

(e) Aircraft Approval.—

(1) In General.—Subject to paragraph (2), not later than 1 year after the entry into force of an agreement necessary to effectuate the purposes of this section, the Secretary shall work with relevant national and international communities to establish and implement a process for approving the use of a small unmanned aircraft in the designated permanent areas in the Arctic without regard to whether the small unmanned aircraft is used as a public aircraft, a civil aircraft, or a model aircraft.

(2) Existing Process.—The Secretary may implement an existing process to meet the requirements under paragraph (1).

§ 44805. Small Unmanned Aircraft Safety Standards

(a) FAA Process for Acceptance and Authorization.—The Administrator of the Federal Aviation Administration shall establish a process for—

(1) accepting risk-based consensus safety standards related to the design, production, and modification of small unmanned aircraft systems;

(2) authorizing the operation of small unmanned aircraft system make and model designed, produced, or modified in accordance with the consensus safety standards accepted under paragraph (1);

(3) authorizing a manufacturer to self-certify a small unmanned aircraft system make or model that complies with consensus safety standards accepted under paragraph (1); and

(4) certifying a manufacturer of small unmanned aircraft systems, or an employee of such manufacturer, that has demonstrated compliance with the consensus safety standards accepted under paragraph (1) and met any other qualifying criteria, as determined by the Administrator, to alternatively satisfy the requirements of paragraph (1).

(b) Considerations.—Before accepting consensus safety standards under subsection (a), the

1 So in original. Probably should not be capitalized.

2 So in original. Probably should be preceded by “a”. 
Administrator of the Federal Aviation Administration shall consider the following:

(1) Technologies or standards related to geographic limitations, altitude limitations, and sense and avoid capabilities.

(2) Using performance-based requirements.

(3) Assessing varying levels of risk posed by different small unmanned aircraft systems and their operation and tailoring performance-based requirements to appropriately mitigate risk.

(4) Predetermined action to maintain safety in the event that a communications link between a small unmanned aircraft and its operator is lost or compromised.

(5) Detectability and identifiability to pilots, the Federal Aviation Administration, and air traffic controllers, as appropriate.

(6) Means to prevent tampering with or modification of any system, limitation, or other safety mechanism or standard under this section or any other provision of law, including a means to identify any tampering or modification that has been made.

(8) To the extent not considered previously by the consensus body that crafted consensus safety standards, cost-benefit and risk analyses of consensus safety standards that may be accepted pursuant to subsection (a) for newly designed small unmanned aircraft systems.

(9) Applicability of consensus safety standards to small unmanned aircraft systems that are not manufactured commercially.

(10) Any technology or standard related to small unmanned aircraft systems that promotes aviation safety.

(11) Any category of unmanned aircraft systems that should be exempt from the consensus safety standards based on risk factors.

(e) Nonapplicability of other laws.—The process for authorizing the operation of small unmanned aircraft systems under subsection (a) may allow for operation of any applicable small unmanned aircraft systems within the national airspace system without requiring

(1) airworthiness certification requirements under section 44704 of this title; or

(2) type certification under part 21 of title 14, Code of Federal Regulations.

(f) Revocation.—The Administrator may suspend or revoke the authorizations in subsection (a) if the Administrator determines that the manufacturer or the small unmanned aircraft system is no longer in compliance with the standards accepted by the Administrator under subsection (a)(1) or with the manufacturer’s statement of compliance under subsection (h).

(g) Requirements.—With regard to an authorization under the processes in subsection (a), the Administrator may require a manufacturer of small unmanned aircraft systems to provide the Federal Aviation Administration with the following:

(1) The aircraft system’s operating instructions.

(2) The aircraft system’s recommended maintenance and inspection procedures.

(3) The manufacturer’s statement of compliance described in subsection (h).

(4) Upon request, a sample aircraft to be inspected by the Federal Aviation Administration to ensure compliance with the consensus safety standards accepted by the Administrator under subsection (a).

(h) Manufacturer’s statement of compliance for small UAS.—A manufacturer’s statement of compliance shall—

(1) identify the aircraft make, model, range of serial numbers, and any applicable consensus safety standards used and accepted by the Administrator;

(2) state that the aircraft make and model meets the provisions of the consensus safety standards identified in paragraph (1);

(3) state that the aircraft make and model conforms to the manufacturer’s design data and is manufactured in a way that ensures consistency across units in the production process in order to meet the applicable consensus safety standards accepted by the Administrator;

(4) state that the manufacturer will make available to the Administrator, operators, or customers—

(A) the aircraft’s operating instructions, which conform to the consensus safety standards identified in paragraph (1); and

(B) the aircraft’s recommended maintenance and inspection procedures, which conform to the consensus safety standards identified in paragraph (1);

(5) state that the manufacturer will monitor safety-of-flight issues and take action to ensure it meets the consensus safety standards identified in paragraph (1) and report these issues and subsequent actions to the Administrator;

(6) state that at the request of the Administrator, the manufacturer will provide reasonable access for the Administrator to its facilities for the purposes of overseeing compliance with this section; and

(7) state that the manufacturer, in accordance with the consensus safety standards accepted by the Federal Aviation Administration, has—

(A) ground and flight tested random samples of the aircraft;

(B) found the sample aircraft performance acceptable; and

(C) determined that the make and model of aircraft is suitable for safe operation.

(i) prohibitions.—

(1) False statements of compliance.—It shall be unlawful for any person to knowingly submit a statement of compliance described in subsection (h) that is fraudulent or intentionally false.

(2) Introduction into interstate commerce.—Unless the Administrator determines operation of an unmanned aircraft system may be conducted without an airworthiness certificate or permission, authorization, or ap-

So in original. There are no subsecs. (c) and (d).
proval under subsection (a), it shall be unlaw-
ful for any person to knowingly introduce or
deliver for introduction into interstate com-
merce any small unmanned aircraft system
that is manufactured after the date that the
Administrator accepts consensus safety stan-
dards under this section unless—
(A) the make and model has been author-
ized for operation under subsection (a); or
(B) the aircraft has alternatively received
design and production approval issued by the
Federal Aviation Administration.

(j) Exclusions.—The Administrator may ex-
empt from the requirements of this section
small unmanned aircraft systems that are not
capable of navigating beyond the visual line
of sight of the operator through advanced flight
systems and technology, if the Administrator
determines that such an exemption does not
pose a risk to the safety of the national airspace
system.

(Added Pub. L. 115–254, div. B, title III, §345(a),

REFERENCES IN TEXT

Section 2202 of the FAA Extension, Safety, and Secu-

rity Act of 2016, referred to in subsec. (b)(7), is section
2202 of Pub. L. 114–190, which is set out in a note under
section 44802 of this title.

UNMANNED AIRCRAFT SYSTEMS RESEARCH FACILITY
132 Stat. 3293, provided that: “The Center of Excellence
for Unmanned Aircraft Systems shall establish an un-
manned aircraft systems research facility to study ap-
propriate safety standards for unmanned aircraft sys-
tems and to validate such standards, as directed by the
Administrator of the Federal Aviation Administration,
consistent with section 44806 of title 49, United States
Code, as added by this section.”

§ 44806. Public unmanned aircraft systems

(a) Guidance.—The Secretary of Transpor-
tation shall issue guidance regarding the oper-
ation of a public unmanned aircraft system—
(1) to streamline and expedite the process for
the issuance of a certificate of authorization
or a certificate of waiver;
(2) to facilitate the capability of public
agencies to develop and use test ranges, sub-
ject to operating restrictions required by the
Federal Aviation Administration, to test and
operate public unmanned aircraft systems; and
(3) to provide guidance on a public agency’s
responsibilities when operating an unmanned
aircraft without a civil airworthiness certi-
fi cate issued by the Administrator.

(b) Agreements with Government Agen-
cies.—
(1) In General.—The Secretary shall enter
into an agreement with each appropriate pub-
lic agency to simplify the process for issuing a
certificate of waiver or a certificate of authori-
ization with respect to an application for au-
thorization to operate a public unmanned air-
craft system in the national airspace system.
(2) Contents.—An agreement under para-
graph (1) shall—
(A) with respect to an application de-
scribed in paragraph (1)—
(i) provide for an expedited review of the
application;
(ii) require a decision by the Adminis-
trator on approval or disapproval not later
than 60 business days after the date of sub-
mission of the application; and
(iii) allow for an expedited appeal if the
application is disapproved;
(B) allow for a one-time approval of simi-
lar operations carried out during a fixed pe-
riod of time; and
(C) allow a government public safety agen-
cy to operate an unmanned aircraft weigh-
ing 4.4 pounds or less if that unmanned air-
craft is operated—
(i) within or beyond the visual line of
sight of the operator;
(ii) less than 400 feet above the ground;
(iii) during daylight conditions;
(iv) within Class G airspace; and
(v) outside of 5 statute miles from any
airport, heliport, seaplane base, spaceport,
or other location with aviation activities.

(c) Public Actively Tethered Unmanned Air-
craft Systems.—
(1) In General.—Not later than 180 days
after the date of enactment of this Act, the Administrator of the Federal Aviation Admin-
istration shall permit the use of, and may
issue guidance regarding, the use of public ac-
tively tethered unmanned aircraft systems that are—
(A) operated at an altitude of less than 150
feet above ground level;
(B) operated—
(i) within class G airspace; or
(ii) at or below the ceiling depicted on the
Federal Aviation Administration’s
published UAS facility maps for class B, C,
D, or E surface area airspace;
(C) not flown directly over non-partici-
pating persons;
(D) operated within visual line of sight of
the operator; and
(E) operated in a manner that does not
interfere with and gives way to any other
aircraft.

(2) Requirements.—Public actively tethered
unmanned aircraft systems may be operated—
(A) without any requirement to obtain a
certificate of authorization, certificate of
waiver, or other approval by the Federal
Aviation Administration;
(B) without requiring airman certification
under section 4703 of this title or any rule
or regulation relating to airman certifi-
cation; and
(C) without requiring airworthiness cer-
tification under section 4704 of this title or
any rule or regulation relating to aircraft
certification.

(3) Safety Standards.—Public actively
active tethered unmanned aircraft systems operated
within the scope of the guidance issued pursu-
ant to paragraph (1) shall be exempt from the
requirements of section 44805 of this title.

(4) Savings Provision.—Nothing in this sub-
section shall be construed to preclude the Ad-
m

tation from issuing new regulations for public actively tethered unmanned aircraft systems in order to ensure the safety of the national airspace system.

(d) FEDERAL AGENCY COORDINATION TO ENHANCE THE PUBLIC HEALTH AND SAFETY CAPABILITIES OF PUBLIC UNMANNED AIRCRAFT SYSTEMS.—The Administrator shall assist Federal civilian Government agencies that operate unmanned aircraft systems within civil-controlled airspace, in operationally deploying and integrating sense and avoid capabilities, as necessary to operate unmanned aircraft systems safely within the national airspace system.

REFERENCES IN TEXT
The date of enactment of this Act, referred to in subsec. (c)(1), is the date of enactment of Pub. L. 115–254, which was approved Oct. 5, 2018.

PRIOR PROVISIONS
Provisions similar to those in subsecs. (a) and (b) of this section were contained in section 334(a) and (c) of Pub. L. 112–95, which was set out in a note under section 40101 of this title, prior to repeal by Pub. L. 115–254, div. B, title III, §346(b)(2), Oct. 5, 2018, 132 Stat. 3295. The remainder of the note comprised of subtitle B of title III of Pub. L. 112–95 was transferred and is set out under section 44802 of this title.

PUBLIC UAS ACCESS TO SPECIAL USE AIRSPACE
Pub. L. 115–254, div. B, title III, §356, Oct. 5, 2018, 132 Stat. 3210, provided that: “Not later than 180 days after the date of enactment of this Act (Oct. 5, 2018), the Secretary of Transportation shall issue guidance for the expedited and timely access to special use airspace for public unmanned aircraft systems in order to assist Federal, State, local, or tribal law enforcement organizations in conducting law enforcement, emergency response, or for other activities.”

§44807. Special authority for certain unmanned aircraft systems

(a) IN GENERAL.—Notwithstanding any other requirement of this chapter, the Secretary of Transportation shall use a risk-based approach to determine if certain unmanned aircraft systems may operate safely in the national airspace system notwithstanding completion of the comprehensive plan and rulemaking required by section 44802 or the guidance required by section 44806.

(b) ASSESSMENT OF UNMANNED AIRCRAFT SYSTEMS.—In making the determination under subsection (a), the Secretary shall determine, at a minimum—

(1) which types of unmanned aircraft systems, if any, as a result of their size, weight, speed, operational capability, proximity to airports and populated areas, operation over people, and operation within or beyond the visual line of sight, or operation during the day or night, do not create a hazard to users of the national airspace system or the public; and

(2) whether a certificate under section 44703 or section 44704 of this title, or a certificate of waiver or certificate of authorization, is required for the operation of unmanned aircraft systems identified under paragraph (1) of this subsection.

(c) REQUIREMENTS FOR SAFE OPERATION.—If the Secretary determines under this section that certain unmanned aircraft systems may operate safely in the national airspace system, the Secretary shall establish requirements for the safe operation of such aircraft systems in the national airspace system, including operation related to research, development, and testing of proprietary systems.

(d) SUNSET.—The authority under this section for the Secretary to determine if certain unmanned aircraft systems may operate safely in the national airspace system terminates effective September 30, 2023.

PRIOR PROVISIONS
Provisions similar to those in this section were contained in section 333 of Pub. L. 112–95, which was set out in a note under section 40101 of this title, prior to repeal by Pub. L. 115–254, div. B, title III, §347(b)(2), Oct. 5, 2018, 132 Stat. 3296. The remainder of the note comprised of subtitle B of title III of Pub. L. 112–95 was transferred and is set out under section 44802 of this title.

§44808. Carriage of property by small unmanned aircraft systems for compensation or hire

(a) IN GENERAL.—Not later than 1 year after the date of enactment of the FAA Reauthorization Act of 2018, the Administrator of the Federal Aviation Administration shall update existing regulations to authorize the carriage of property by operators of small unmanned aircraft systems for compensation or hire within the United States.

(b) CONTENTS.—Any rulemaking conducted under subsection (a) shall provide for the following:

(1) Use performance-based requirements.

(2) Consider varying levels of risk to other aircraft and to persons and property on the ground posed by different unmanned aircraft systems and their operation and tailor performance-based requirements to appropriately mitigate risk.

(3) Consider the unique characteristics of highly automated, small unmanned aircraft systems.

(4) Include requirements for the safe operation of small unmanned aircraft systems that, at a minimum, address—

(A) airworthiness of small unmanned aircraft systems;

(B) qualifications for operators and the type and nature of the operations;

(C) operating specifications governing the type and nature of the unmanned aircraft system air carrier operations; and

(D) the views of State, local, and tribal officials related to potential impacts of the carriage of property by operators of small unmanned aircraft systems for compensation or hire within the communities to be served.

(5) SMALL UAS.—The Secretary may amend part 298 of title 14, Code of Federal Regulations, to update existing regulations to establish economic authority for the carriage of property by small unmanned aircraft systems.
for compensation or hire. Such authority shall only require—
(A) registration with the Department of Transportation;
(B) authorization from the Federal Aviation Administration to conduct operations; and
(C) compliance with chapters 401, 411, and 417.

(6) AVAILABILITY OF CURRENT CERTIFICATION PROCESSES.—Pending completion of the rulemaking required in subsection (a) of this section, a person may seek an air carrier operating certificate and operating authority from the Administrator to pursue an enforcement action adheres to all of the following limitations:

section (g) and maintains proof of test passage of required knowledge and safety test described in subsection (a) from a fixed site within Class B, Class C, or Class D airspace or within the lateral boundaries of the surface area of Class E airspace designated for an airport, or a community-based organization conducting a sanctioned event within such airspace, shall make the location of the fixed site known to the Administrator and shall establish a mutually agreed upon operating procedure with the air traffic control facility.

(1) OPERATING PROCEDURE REQUIRED.—Persons operating unmanned aircraft under subsection (a) from a fixed site within Class B, Class C, or Class D airspace or within the lateral boundaries of the surface area of Class E airspace designated for an airport, or a community-based organization conducting a sanctioned event within such airspace, shall make the location of the fixed site known to the Administrator and shall establish a mutually agreed upon operating procedure with the air traffic control facility.

(2) UNMANNED AIRCRAFT WEIGHING MORE THAN 55 POUNDS.—A person may operate an unmanned aircraft weighing more than 55 pounds, including the weight of anything attached to or carried by the aircraft, under subsection (a) if—

(A) the unmanned aircraft complies with standards and limitations developed by a community-based organization and approved by the Administrator; and

(B) the aircraft is operated from a fixed site as described in paragraph (1).

(d) UPDATES.—

(1) IN GENERAL.—The Administrator, in consultation with government, stakeholders, and community-based organizations, shall initiate a process to periodically update the operational parameters under subsection (a), as appropriate.

(2) CONSIDERATIONS.—In updating an operational parameter under paragraph (1), the Administrator shall consider—

(A) appropriate operational limitations to mitigate risks to aviation safety and national security, including risk to the uninvolved public and critical infrastructure;
(B) operations outside the membership, guidelines, and programming of a community-based organization;
(C) physical characteristics, technical standards, and classes of aircraft operating under this section;
(D) trends in use, enforcement, or incidents involving unmanned aircraft systems;
(E) ensuring, to the greatest extent practicable, that updates to the operational parameters correspond to, and leverage, advances in technology; and
(F) equipage requirements that facilitate safe, efficient, and secure operations and further integrate all unmanned aircraft into the national airspace system.

(3) SAVINGS CLAUSE.—Nothing in this subsection shall be construed as expanding the authority of the Administrator to require a person operating an unmanned aircraft under this section to seek permissive authority of the Administrator, beyond that required in subsection (a) of this section, prior to operation in the national airspace system.

(e) STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to limit the authority of the Administrator to pursue an enforcement
action against a person operating any unmanned aircraft who endangers the safety of the national airspace system.

(f) EXCEPTIONS.—Nothing in this section prohibits the Administrator from promulgating rules generally applicable to unmanned aircraft, including those unmanned aircraft eligible for the exception set forth in this section, relating to—

(1) updates to the operational parameters for unmanned aircraft in subsection (a);
(2) the registration and marking of unmanned aircraft;
(3) the standards for remotely identifying owners and operators of unmanned aircraft systems and associated unmanned aircraft; and
(4) other standards consistent with maintaining the safety and security of the national airspace system.

(g) AERONAUTICAL KNOWLEDGE AND SAFETY TEST.—

(1) IN GENERAL.—Not later than 180 days after the date of enactment of this section, the Administrator, in consultation with manufacturers of unmanned aircraft systems, other industry stakeholders, and community-based organizations, shall develop an aeronautical knowledge and safety test, which can then be administered electronically by the Administrator, a community-based organization, or a person designated by the Administrator.

(2) REQUIREMENTS.—The Administrator shall ensure the aeronautical knowledge and safety test is designed to adequately demonstrate an operator’s—

(A) understanding of aeronautical safety knowledge; and
(B) knowledge of Federal Aviation Administration regulations and requirements pertaining to the operation of an unmanned aircraft system in the national airspace system.

(h) COMMUNITY-BASED ORGANIZATION DEFINED.—In this section, the term ‘‘community-based organization’’ means a membership-based association entity that—

(1) is described in section 501(c)(3) of the Internal Revenue Code of 1986;
(2) is exempt from tax under section 501(a) of the Internal Revenue Code of 1986;
(3) the mission of which is demonstrably the furtherance of model aviation;
(4) provides a comprehensive set of safety guidelines for all aspects of model aviation addressing the assembly and operation of model aircraft; and
(5) emphasizes safe aeromodelling operations within the national airspace system and the protection and safety of individuals and property on the ground, and may provide a comprehensive set of safety rules and programming for the operation of unmanned aircraft that have the advanced flight capabilities enabling active, sustained, and controlled navigation of the aircraft beyond visual line of sight of the operator;
(6) provides programming and support for any local charter organizations, affiliates, or clubs; and
(7) provides assistance and support in the development and operation of locally designated model aircraft flying sites.

(i) RECOGNITION OF COMMUNITY-BASED ORGANIZATIONS.—In collaboration with aeromodelling stakeholders, the Administrator shall publish an advisory circular within 180 days of the date of enactment of this section that identifies the criteria and process required for recognition of community-based organizations.

REFERENCES IN TEXT
The date of enactment of this section, referred to in subs. (g)(1) and (i), is the date of enactment of Pub. L. 115–254, which was approved Oct. 5, 2018.

PRIOR PROVISIONS
Provisions similar to those in subs. (a) and (e) of this section were contained in section 360(a) and (b) of Pub. L. 112–95, which was set out in a note under section 40101 of this title, prior to repeal by Pub. L. 115–254, div. B, title III, §349(b)(2), Oct. 5, 2018, 132 Stat. 3300. The remainder of the note comprised of subsection B of title III of Pub. L. 112–95 was transferred and is set out under section 44802 of this title.

USE OF UNMANNED AIRCRAFT SYSTEMS FOR EDUCATIONAL PURPOSES

(a) EDUCATIONAL AND RESEARCH PURPOSES.—For the purposes of section 44809 of title 49, United States Code, as added by this Act, a ‘‘recreational purpose’’ as distinguished in subsection (a)(1) of such section shall include an unmanned aircraft system—

(1) operated by an institution of higher education for educational or research purposes;
(2) flown as part of an established Junior Reserve Officers’ Training Corps (JROTC) program for education or research purposes; or
(3) flown as part of an educational program that is chartered by a recognized community-based organization (as defined in subsection (h) of such section).

(b) UPDATES.—In updating an operational parameter under subsection (a)(1) of such section for unmanned aircraft systems operated by an institution of higher education for educational or research purposes, the Administrator shall consider—

(1) use of small unmanned aircraft systems and operations at an accredited institution of higher education, for educational or research purposes, as a component of the institution’s curricula or research;
(2) the development of streamlined, risk-based operational approval for unmanned aircraft systems operated by institutions of higher education; and
(3) the airspace and aircraft operators that may be affected by such operations at the institution of higher education.

(c) DEADLINE FOR ESTABLISHMENT OF PROCEDURES AND STANDARDS.—Not later than 270 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator of the Federal Aviation Administration may establish regulations, procedures, and standards, as necessary, to facilitate the safe operation of unmanned aircraft systems operated by institutions of higher education for educational or research purposes.

(d) DEFINITIONS.—In this section:

(1) INSTITUTION OF HIGHER EDUCATION.—The term ‘‘institution of higher education’’ has the meaning given to that term by section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

(2) EDUCATIONAL OR RESEARCH PURPOSES.—The term ‘‘education or research purposes’’, with respect to the operation of an unmanned aircraft system by an institution of higher education, includes—

(3) the development of streamlined, risk-based operational approval for unmanned aircraft systems operated by institutions of higher education; and
§ 44810. Airport safety and airspace hazard mitigation and enforcement

(a) COORDINATION.—The Administrator of the Federal Aviation Administration shall work with the Secretary of Defense, the Secretary of Homeland Security, and the heads of other relevant Federal departments and agencies for the purpose of ensuring that technologies or systems that are developed, tested, or deployed by Federal departments and agencies to detect and mitigate potential risks posed by errant or hostile unmanned aircraft system operations do not adversely impact or interfere with safe airport operations, navigation, air traffic services, or the safe and efficient operation of the national airspace system.

(b) PLAN.—

(1) IN GENERAL.—The Administrator shall develop a plan for the certification, permitting, authorizing, or allowing of the deployment of technologies or systems for the detection and mitigation of unmanned aircraft systems.

(2) CONTENTS.—The plan shall provide for the development of policies, procedures, or protocols that will allow appropriate officials of the Federal Aviation Administration to utilize such technologies or systems to take steps to detect and mitigate potential airspace safety risks posed by unmanned aircraft system operations.

(3) AVIATION RULEMAKING COMMITTEE.—The Administrator shall charter an aviation rulemaking committee to make recommendations for such a plan and any standards that the Administrator determines may need to be developed with respect to such technologies or systems. The Federal Aviation Advisory Committee Act (5 U.S.C. App.) shall not apply to an aviation rulemaking committee chartered under this paragraph.

(4) NON-DELEGATION.—The plan shall not delegate any authority granted to the Administrator under this section to other Federal, State, local, territorial, or tribal agencies, or an airport sponsor, as defined in section 47102 of title 49, United States Code.

(c) AIRSPACE HAZARD MITIGATION PROGRAM.—In order to test and evaluate technologies or systems that detect and mitigate potential aviation safety risks posed by unmanned aircraft, the Administrator shall deploy such technologies or systems at 5 airports, including 1 airport that ranks in the top 10 of the FAA’s most recent Passenger Boarding Data.

(d) AUTHORITY.—Under the testing and evaluation in subsection (c), the Administrator shall use unmanned aircraft detection and mitigation systems to detect and mitigate the unauthorized operation of an unmanned aircraft that poses a risk to aviation safety.

(e) AID FUNDING ELIGIBILITY.—Upon the certification, permitting, authorizing, or allowing of such technologies and systems that have been successfully tested under this section, an airport sponsor may apply for a grant under subchapter I of chapter 471 to purchase an unmanned aircraft detection and mitigation system. For purposes of this subsection, purchasing an unmanned aircraft detection and mitigation system shall be considered airport development (as defined in section 47102).

(f) BRIEFING.—The Administrator shall annually brief the appropriate committees of Congress, including the Committee on Judiciary of the House of Representatives and the Committee on the Judiciary of the Senate, on the implementation of this section.

(g) APPLICABILITY OF OTHER LAWS.—Section 46502 of this title, section 32 of title 18, United States Code (commonly known as the Aircraft Sabotage Act), section 1631 of title 18, United States Code (commonly known as the Computer Fraud and Abuse Act of 1986), sections 2510–2522 of title 18, United States Code (commonly known as the Wiretap Act), and sections 3121–3127 of title 18, United States Code (commonly known as the Pen/Trap Statute), shall not apply to activities authorized by the Administrator pursuant to subsection (c) and (d).

(h) SUNSET.—This section ceases to be effective September 30, 2023.

(i) NON-DELEGATION.—The Administrator shall not delegate any authority granted to the Administrator under this section to other Federal, State, local, territorial, or tribal agencies, or an airport sponsor, as defined in section 47102 of title 49, United States Code. The Administrator may partner with other Federal agencies under this section, subject to any restrictions contained in such agencies’ authority to operate counter unmanned aircraft systems.

TITLE 49—TRANSPORTATION

§ 44810
Stat. 1213, which amended section 1030 of Title 18, Crimes and Criminal Procedure. Section 1831 of Title 18 was enacted by Pub. L. 100-700, known as the Major Fraud Act of 1988.

COOPERATION RELATED TO CERTAIN COUNTER-UAS TECHNOLOGY

Pub. L. 115-254, div. B, title III, §585, Oct. 5, 2018, 132 Stat. 3310, provided that: “In matters relating to the use of systems in the national airspace system intended to mitigate threats posed by errant or hostile unmanned aircraft system operations, the Secretary of Transportation shall consult with the Secretary of Defense to streamline deployment of such systems by drawing upon the expertise and experience of the Department of Defense in acquiring and operating such systems consistent with the safe and efficient operation of the national airspace system.”

ENFORCEMENT

“(a) UAS SAFETY ENFORCEMENT.—The Administrator of the Federal Aviation Administration shall establish a pilot program to utilize available remote detection or identification technologies for safety oversight, including enforcement actions against operators of unmanned aircraft systems that are not in compliance with applicable Federal aviation laws, including regulations.

“(b) REPORTING.—As part of the pilot program, the Administrator shall establish and publicize a mechanism for the public and Federal, State, and local law enforcement to report suspected operation of unmanned aircraft in violation of applicable Federal laws and regulations.

“(c) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of the FAA Reauthorization Act of 2018 [Oct. 5, 2018], and annually thereafter through the duration of the pilot program established in subsection (a), the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives] a report on the following:

“(1) The number of unauthorized unmanned aircraft operations detected in restricted airspace, including in and around airports, together with a description of such operations.

“(2) The number of enforcement cases brought by the Federal Aviation Administration or other Federal agencies for unauthorized operation of unmanned aircraft detected through the program, together with a description of such cases.

“(3) Recommendations for safety and operational standards for unmanned aircraft detection and mitigation systems.

“(4) Recommendations for any legislative or regulatory changes related to mitigation or detection or identification of unmanned aircraft systems.

“(d) SUNSET.—The pilot program established in subsection (a) shall terminate on September 30, 2023.

“(e) CIVIL PENALTIES.—[Amended section 46301 of this title.]

“(f) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to limit the authority of the Administrator to pursue an enforcement action for a violation of this subtitle or any other applicable provision of aviation safety law or regulation using remote detection or identification or other technology following the sunset of the pilot program.”

CHAPTER 449—SECURITY

SUBCHAPTER I—REQUIREMENTS

Sec. 44901. Screening passengers and property.

44902. Refusal to transport passengers and property.

44903. Air transportation security.

44904. Domestic air transportation system security.

44905. Information about threats to civil aviation.

44906. Foreign air carrier security programs.

44907. Security standards at foreign airports.

44908. Travel advisory and suspension of foreign assistance.

44909. Passenger manifests.

44910. Agreements on aircraft sabotage, aircraft hijacking, and airport security.

44911. Intelligence.

44912. Research and development.

44913. Explosive detection.

44914. Airport construction guidelines.

44915. Exemptions.

44916. Assessments and evaluations.

44917. Deployment of Federal air marshals.

44918. Crew training.

44919. PreCheck Program.

44920. Security screening opt-out program.

44921. Federal flight deck officer program.

44922. Deputization of State and local law enforcement officers.

44923. Airport security improvement projects.

44924. Repair station security.

44925. Deployment and use of detection equipment at airport screening checkpoints.

44926. Appeal and redress process for passengers wrongly delayed or prohibited from boarding a flight.

44927. Expedited screening for severely injured or disabled members of the Armed Forces and severely injured or disabled veterans.

44928. Honor Flight program.

44929. Donation of screening equipment to protect the United States.

SUBCHAPTER II—ADMINISTRATION AND PERSONNEL

44931. Authority to exempt.

44932. Administrative.

44934. Foreign Security Liaison Officers.

44935. Employment standards and training.

44936. Employment investigations and restrictions.

44937. Prohibition on transferring duties and powers.

44938. Reports.

44939. Training to operate certain aircraft.

44940. Security service fee.

44941. Immunity for reporting suspicious activities.

44942. Performance goals and objectives.

44943. Performance management system.

44944. Voluntary provision of emergency services.

44945. Disposition of unclaimed money and clothing.

44946. Aviation Security Advisory Committee.

44947. Air cargo security division.

AMENDMENTS

2013—Pub. L. 113-238, §2(b), Dec. 18, 2014, 128 Stat. 2846, which directed amendment of analysis for subchapter II of chapter 49 of title 49 by adding item 44946 at the end, was executed by adding item 44946 to analysis for this chapter to reflect the probable intent of Congress. Pub. L. 113-221, §2(b), Dec. 16, 2014, 128 Stat. 2094, which directed amendment of analysis for title 49 by adding item 44928 after item 44927, was executed by add-

1 Section catchline amended by Pub. L. 115-254 without corresponding amendment of chapter analysis.
§ 44901

TITLE 49—TRANSPORTATION

ing item 4928 to analysis for this chapter, to reflect the probable intent of Congress.

2013—Pub. L. 113-27, §2(b), Aug. 9, 2013, 127 Stat. 504, which directed amendment of analysis for subchapter I of chapter 449 by adding item 49272 after item 49269, was executed by adding item 49272 to analysis for this chapter to reflect the probable intent of Congress.

2001—Pub. L. 107-71, title I, §§101(f)(6), 105(b), 107(b), 108(b), 113(b), 125(b), 131(b), Nov. 19, 2001, 115 Stat. 603, 607, 611, 613, 622, 632, 635, added items 49171 to 49230, 49231, 49232, and 49233 and struck out item 49231 “Director of Intelligence and Security” and 49232 “Assistant Administrator for Civil Aviation Security”.

Pub. L. 107-171, title I, §118(b), Nov. 19, 2001, 115 Stat. 627, which directed addition of item 49440 to the analysis for chapter 449 without specifying the Code title to be amended, was executed by adding item 49440 to this analysis to reflect the probable intent of Congress.

SUBCHAPTER I—REQUIREMENTS

§ 44901. Screening passengers and property

(a) In general.—The Administrator of the Transportation Security Administration shall provide for the screening of all passengers and property, including United States mail, cargo, carry-on and checked baggage, and other articles, that will be carried aboard a passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation. In the case of flights and flight segments originating in the United States, the screening shall take place before boarding and shall be carried out by a Federal Government employee (as defined in section 2105 of title 5), except as otherwise provided in section 49200 and except for identifying passengers and baggage for screening under the CAPPS and known shipper programs and conducting positive bag-match programs.

(b) Supervision of screening.—All screening of passengers and property at airports in the United States where screening is required under this subchapter shall be supervised by uniformed personnel of the Transportation Security Administration who shall have the power to order the dismissal of any individual performing such screening.

(c) Checked baggage.—A system must be in operation to screen all checked baggage at all airports in the United States as soon as practicable.

(d) Explosives detection systems.—

(1) In general.—The Administrator of the Transportation Security Administration shall take all necessary action to ensure that—

(A) explosives detection systems are deployed as soon as possible to ensure that all United States airports described in section 49303(c) have sufficient explosives detection systems to screen all checked baggage, and that as soon as such systems are in place at an airport, all checked baggage at the airport is screened by those systems; and

(B) all systems deployed under subparagraph (A) are fully utilized; and

(C) if explosives detection equipment at an airport is unavailable, all checked baggage is screened by an alternative means.

(2) Preclearance airports.—

(A) In general.—For a flight or flight segment originating at an airport outside the United States and traveling to the United States, in addition to which checked baggage has been screened in accordance with an aviation security preclearance agreement between the United States and the country in which such airport is located, the Administrator of the Transportation Security Administration may, in coordination with U.S. Customs and Border Protection, determine whether such baggage must be re-screened in the United States by an explosives detection system before such baggage continues on any additional flight or flight segment.

(B) Aviation Security Preclearance Agreement Defined.—In this paragraph, the term “aviation security preclearance agreement” means an agreement that delineates and implements security standards and protocols that are determined by the Administrator of the Transportation Security Administration, in coordination with U.S. Customs and Border Protection, to be comparable to those of the United States and therefore sufficiently effective to enable passengers to deplane into sterile areas of airports in the United States.

(C) Rescreening Requirement.—If the Administrator of the Transportation Security Administration determines that the government of a foreign country has not maintained security standards and protocols comparable to those of the United States at airports at which preclearance operations have been established in accordance with this paragraph, the Administrator shall ensure that Transportation Security Administration personnel rescreen passengers arriving from such airports and their property in the United States before such passengers are permitted into sterile areas of airports in the United States.

(D) Report.—The Administrator of the Transportation Security Administration shall submit to the Committee on Homeland Security of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Homeland Security and Governmental Affairs of the Senate an annual report on the re-screening of baggage under this paragraph. Each such report shall include the following for the year covered by the report:

(i) A list of airports outside the United States from which a flight or flight seg-
ment traveled to the United States for which the Administrator determined, in accordance with the authority under subparagraph (A), that checked baggage was not required to be re-screened in the United States by an explosives detection system before such baggage continued on an additional flight or flight segment.

(ii) The amount of Federal savings generated from the exercise of such authority.

(e) MANDATORY SCREENING WHERE EDS NOT YET AVAILABLE.—As soon as practicable and until the requirements of subsection (b)(1)(A) are met, the Administrator of the Transportation Security Administration shall require alternative means for screening any piece of checked baggage that is not screened by an explosives detection system. Such alternative means may include 1 or more of the following:

(1) A bag-match program that ensures that no checked baggage is placed aboard an aircraft unless the passenger who checked the baggage is aboard the aircraft.

(2) Manual search.

(3) Search by canine explosives detection units in combination with other means.

(4) Other means or technology approved by the Administrator.

(f) CARGO DEADLINE.—A system must be in operation to screen, inspect, or otherwise ensure the security of all cargo that is to be transported in all-cargo aircraft in air transportation and intrastate air transportation as soon as practicable.

(g) AIR CARGO ON PASSENGER AIRCRAFT.—

(1) IN GENERAL.—The Secretary of Homeland Security shall establish a system to screen 100 percent of cargo transported on passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation to ensure the security of all such passenger aircraft carrying cargo.

(2) MINIMUM STANDARDS.—The system referred to in paragraph (1) shall require, at a minimum, that equipment, technology, procedures, personnel, or other methods approved by the Administrator of the Transportation Security Administration, are used to screen cargo carried on passenger aircraft described in paragraph (1) to provide a level of security commensurate with the level of security for the screening of passenger checked baggage.

(3) REGULATIONS.—The Secretary of Homeland Security shall issue a final rule as a permanent regulation to implement this subsection in accordance with the provisions of chapter 5 of title 5.

(4) SCREENING DEFINED.—In this subsection the term ‘screening’ means a physical examination or non-intrusive methods of assessing whether cargo poses a threat to transportation security. Methods of screening include x-ray systems, explosives detection systems, explosives trace detection, explosives detection canine teams certified by the Transportation Security Administration, or a physical search together with manifest verification. The Administrator may approve additional methods to ensure that the cargo does not pose a threat to transportation security and to assist in meeting the requirements of this subsection. Such additional cargo screening methods shall not include solely performing a review of information about the contents of cargo or verifying the identity of a shipper of the cargo that is not performed in conjunction with other security methods authorized under this subsection, including whether a known shipper is registered in the known shipper database. Such additional cargo screening methods may include a program to certify the security methods used by shippers pursuant to paragraphs (1) and (2) and alternative screening methods pursuant to exemptions referred to in subsection (b) of section 1602 of the Implementing Recommendations of the 9/11 Commission Act of 2007.

(h) DEPLOYMENT OF ARMED PERSONNEL.—

(1) IN GENERAL.—The Administrator of the Transportation Security Administration shall order the deployment of law enforcement personnel authorized to carry firearms at each airport security screening location to ensure passenger safety and national security.

(2) MINIMUM REQUIREMENTS.—Except at airports required to enter into agreements under subsection (c), the Administrator of the Transportation Security Administration shall order the deployment of at least 1 law enforcement officer at each airport security screening location. At the 100 largest airports in the United States, in terms of annual passenger enplanements for the most recent calendar year for which data are available, the Administrator shall order the deployment of additional law enforcement personnel at airport security screening locations if the Administrator determines that the additional deployment is necessary to ensure passenger safety and national security.

(i) EXEMPTIONS AND ADVISING CONGRESS ON REGULATIONS.—The Administrator of the Transportation Security Administration may exempt from this section air transportation operations, except scheduled passenger operations of an air carrier providing air transportation under a certificate issued under section 41102 of this title or a permit issued under section 41302 of this title; and

(2) shall advise Congress of a regulation to be prescribed under this section at least 30 days before the effective date of the regulation, unless the Administrator decides that an emergency exists requiring the regulation to become effective in fewer than 30 days and notifies Congress of that decision.

(j) BLAST-RESISTANT CARGO CONTAINERS.—

(1) IN GENERAL.—The Administrator of the Transportation Security Administration shall—

(A) evaluate the results of the blast-resistant cargo container pilot program that was initiated before August 3, 2007; and

(B) prepare and distribute through the Aviation Security Advisory Committee to the appropriate Committees1 of Congress and air carriers a report on that evaluation.

1So in original. Probably should be “committees”.
which may contain nonclassified and classified sections.

(2) ACQUISITION, MAINTENANCE, AND REPLACEMENT.—Upon completion and consistent with the results of the evaluation that paragraph (1)(A) requires, the Administrator shall—
(A) develop and implement a program, as the Administrator determines appropriate, to acquire, maintain, and replace blast-resistant cargo containers;
(B) pay for the program; and
(C) make available blast-resistant cargo containers to air carriers pursuant to paragraph (3).

(3) DISTRIBUTION TO AIR CARRIERS.—The Administrator shall make available, beginning not later than July 1, 2008, blast-resistant cargo containers to air carriers for use on a risk managed basis as determined by the Administrator.

(k) GENERAL AVIATION AIRPORT SECURITY PROGRAM.—In general.—The Administrator of the Transportation Security Administration shall—
(A) develop a standardized threat and vulnerability assessment program for general aviation airports (as defined in section 47136(m));
(B) implement a program to perform such assessments on a risk-managed basis at general aviation airports.

(2) GRANT PROGRAM.—The Administrator shall initiate and complete a study of the feasibility of a program, based on a risk-managed approach, to provide grants to operators of general aviation airports (as defined in section 47136(m)) for projects to upgrade security at such airports. If the Administrator determines that such a program is feasible, the Administrator shall establish such a program.

(3) APPLICATION TO GENERAL AVIATION AIRCRAFT.—The Administrator shall develop a risk-based system under which—
(A) general aviation aircraft, as identified by the Administrator, in coordination with the Administrator of the Federal Aviation Administration, are required to submit passenger information and advance notification requirements for United States Customs and Border Protection before entering United States airspace; and
(B) such information is checked against appropriate databases.

(4) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Administrator of the Transportation Security Administration such sums as may be necessary to carry out paragraphs (2) and (3).

(l) LIMITATIONS ON USE OF ADVANCED IMAGING TECHNOLOGY FOR SCREENING PASSENGERS.—
(1) DEFINITIONS.—In this subsection, the following definitions apply:
(A) ADVANCED IMAGING TECHNOLOGY.—The term “advanced imaging technology”—
(i) means a device used in the screening of passengers that creates a visual image of an individual showing the surface of the skin and revealing other objects on the body; and
(ii) may include devices using backscatter x-rays or millimeter waves and devices referred to as “whole-body imaging technology” or “body scanning machines”.

(B) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term “appropriate congressional committees” means—
(i) the Committee on Commerce, Science, and Transportation and the Committee on Homeland Security and Governmental Affairs of the Senate; and
(ii) the Committee on Homeland Security of the House of Representatives.

(C) AUTOMATIC TARGET RECOGNITION SOFTWARE.—The term “automatic target recognition software” means software installed on an advanced imaging technology that produces a generic image of the individual being screened that is the same as the images produced for all other screened individuals.

(2) USE OF ADVANCED IMAGING TECHNOLOGY.—The Administrator of the Transportation Security Administration shall ensure that any advanced imaging technology used for the screening of passengers under this section—
(A) is equipped with and employs automatic target recognition software; and
(B) complies with such other requirements as the Administrator determines necessary to address privacy considerations.

(3) EXTENSION.—
(A) IN GENERAL.—The Administrator of the Transportation Security Administration may extend the deadline specified in paragraph (2), if the Administrator determines that—
(i) an advanced imaging technology equipped with automatic target recognition software is not substantially as effective at screening passengers as an advanced imaging technology without such software; or
(ii) additional testing of such software is necessary.

(B) DURATION OF EXTENSIONS.—The Administrator of the Transportation Security Administration may issue one or more extensions under subparagraph (A). The duration of each extension may not exceed one year.

(4) REPORTS.—
(A) IN GENERAL.—Not later than 60 days after the date on which the Administrator of the Transportation Security Administration issues any extension under paragraph (3), the Administrator shall submit to the appropriate congressional committees a report on the implementation of this subsection.

(B) ELEMENTS.—A report submitted under subparagraph (A) shall include the following:
(i) A description of all matters the Administrator of the Transportation Security Administration considers relevant to the implementation of the requirements of this subsection.

2See References in Text note below.
(ii) The status of compliance by the Transportation Security Administration with such requirements.

(iii) If the Administration is not in full compliance with such requirements—

(I) the reasons for the noncompliance; and

(II) a timeline depicting when the Administration of the Transportation Security Administration expects the Administration to achieve full compliance.

(C) SECURITY CLASSIFICATION.—To the greatest extent practicable, a report prepared under subparagraph (A) shall be submitted in an unclassified format. If necessary, the report may include a classified annex.

The words “in whole or in part” and “those” are omitted as surplus. The word “providing” is substituted for “engaging in” for consistency in the revised title. The words “in whole or in part” and “those” are omitted as surplus.

In subsection (c)(1), the words “in whole or in part” and “those” are omitted as surplus. The word “providing” is substituted for “engaging in” for consistency in the revised title. The words “in whole or in part” and “those” are omitted as surplus. The word “providing” is substituted for “engaging in” for consistency in the revised title. The words “in whole or in part” and “those” are omitted as surplus.

In subsection (c)(2), the words “or amendments thereof” and “or amendments” are omitted as surplus.

REFERENCES IN TEXT

Section 4713(m), referred to in subsec. (k)(1)(A), (2), is section 4713(m) of this title, which was repealed by Pub. L. 115–254, div. B, title I, §160(a)(6), Oct. 5, 2018, 132 Stat. 3221.

AMENDMENTS

Subsec. (c). Pub. L. 115–254, §1991(d)(1)(B), struck out “but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act” before period at end.

Subsec. (d)(3), (4). Pub. L. 115–254, §1991(d)(1)(C)(v)(I), (II), struck out par. (3) and redesignated par. (4) as (2). Prior to amendment, text of par. (3) read as follows: “Until the Transportation Security Administration has met the requirements of paragraph (1), the Under Secretary shall submit a classified report every 30 days after the date of enactment of this Act to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure describing the progress made toward meeting such requirements at each airport.”

Subsec. (e). Pub. L. 115–254, §1991(d)(1)(D)(I), in introductory provisions, struck out “but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act” after “practicable” and substituted “Administrator of the Transportation Security Administration” for “Under Secretary”.

Subsec. (g)(2). Pub. L. 115–254, §1991(d)(1)(F)(II), substituted “‘baggage’” for “‘baggage as follows: ‘(A) 50 percent of such cargo is screened not later than 18 months after the date of enactment of the Implementing Recommendations of the 9/11 Commission Act of 2007.”
“(B) 100 percent of such cargo is so screened not later than 3 years after such date of enactment.”

Subsec. (g)(4). Pub. L. 115–254, § 1991(d)(1)(F)(iv), redesignated par. (5) as (4) and struck out former par. (4). Prior to amendment, text of par. (4) read as follows: “Not later than 1 year after the date of establishment of the system under paragraph (1), the Secretary shall submit to the Committees referred to in paragraph (3)(B)(i) a report that describes the system.”

Subsec. (k)(1). Pub. L. 115–254, § 1991(d)(1)(J)(i), substituted “The” for “Not later than one year after the date of enactment of this subsection, the” in introductory provisions.

Subsec. (k)(2). Pub. L. 115–254, § 1991(d)(1)(J)(ii), substituted “The” for “Not later than 180 days after the date of enactment of this subsection, the” in introductory provisions.

Subsec. (k)(3). Pub. L. 115–254, § 1991(d)(1)(J)(iii), substituted “The” for “Not later than 6 months after the date of enactment of this subsection, the” in introductory provisions.

Subsec. (l)(4)(A). Pub. L. 115–254, § 1991(d)(1)(K)(v), struck out “90 days after the deadline specified in paragraph (2), and not later than” after “Not later than” and substituted “Administrator of the Transportation Security Administration issues” for “Assistant Secretary issues” and “Administrator shall” for “Assistant Secretary shall”.

2012—Subsec. (d). Pub. L. 112–218, § 2(b), which directed substitution of “explosives” for “explosive” wherever appearing in this section, was executed in subsec. (d) by making such substitution wherever appearing in text as well as by substituting “Explosive(s)” for “Explosive” in heading, to reflect the probable intent of Congress.

Subsec. (e). Pub. L. 112–218, § 2(b), substituted “explosive(s)” for “explosive” in introductory provisions and in par. (3).

Subsec. (f). Pub. L. 112–95 added subsec. (f). 2007—Subsecs. (g) to (i). Pub. L. 110–53, § 1602(a), added subsec. (g) and redesignated former subsecs. (g) and (h) as (h) and (i), respectively.

2002—Subsec. (d)(2), (3). Pub. L. 107–296 added pars. (2) and (3).

2001—Subsec. (a). Pub. L. 107–71, § 110(b)(2), added subsec. (a) and struck out heading and text of former subsec. (a). Text read as follows: “The Administrator of the Federal Aviation Administration shall prescribe regulations requiring screening of all passengers and property that will be carried in a cabin of an aircraft in air transportation or intrastate air transportation. The screening must take place before boarding and be carried out by a weapon-detecting facility or procedure used or operated by an employee or agent of an air carrier, intrastate air carrier, or foreign air carrier.”

Subsec. (b). Pub. L. 107–71, § 110(b)(2), added subsec. (b) and struck out heading and text of former subsec. (b). Text read as follows: “Notwithstanding subsection (a) of this section, the Administrator may amend a regulation prescribed under subsection (a) to require screening only to ensure security against criminal violence and aircraft piracy in air transportation and intrastate air transportation.”

Subsecs. (d) to (g). Pub. L. 107–71, § 110(b)(2), added subsecs. (d) to (g).

Subsec. (h). Pub. L. 107–71, § 110(b)(1), redesignated subc. (c) as (h).

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

Savings Provision

“(a) TRANSFER OF ASSETS AND PERSONNEL.—Except as otherwise provided in this Act [see Tables for classification], those personnel, property, and records employed, used, held, available, or to be made available in connection with a function transferred to the Transportation Security Administration by this Act shall be transferred to the Transportation Security Administration for use in connection with the functions transferred. Unexpended balances of appropriations, allocations, and other funds made available to the Federal Aviation Administration to carry out such functions shall also be transferred to the Transportation Security Administration for use in connection with the functions transferred.

“(b) LEGAL DOCUMENTS.—All orders, determinations, rules, regulations, permits, grants, loans, contracts, settlements, agreements, certificates, licenses, and privileges—

“(1) that have been issued, made, granted, or allowed to become effective by the Federal Aviation Administration, any officer or employee thereof, or any other Government official, or by a court of competent jurisdiction, in the performance of any function that is transferred by this Act; and

“(2) that are in effect on the effective date of such transfer (or become effective after such date pursuant
to their terms as in effect on such effective date), shall continue in effect according to their terms until modified, terminated, superseded, set aside, or revoked in accordance with law or by the Under Secretary of Transportation for Security (now Administrator of the Transportation Security Administration), any other authorized official, or by operation of law.

“(c) PROCEEDINGS.—

“(1) IN GENERAL.—The provisions of this Act shall not affect any proceeding or any application for any license pending before the Federal Aviation Administration at the time this Act takes effect [Nov. 19, 2001], insofar as those functions are transferred under this Act; but such proceedings and applications, to the extent that they relate to functions so transferred, shall be continued. Orders shall be issued in such proceedings, appeals shall be taken therefrom, and payments shall be made pursuant to such orders, as if this Act had not been enacted; and orders issued in any such proceedings shall continue in effect until modified, terminated, superseded, or revoked by a duly authorized official, by a court of competent jurisdiction, or by operation of law.

“(2) STATUTORY CONSTRUCTION.—Nothing in this subsection shall be deemed to prohibit the discontinuance or modification of any proceeding described in paragraph (1) under the same terms and conditions and to the same extent that such proceeding could have been discontinued or modified if this Act had not been enacted.

“(3) DURING TRANSITION PERIOD:—The Secretary of Transportation is authorized to provide for the orderly transfer of pending proceedings from the Federal Aviation Administration.

“(d) SUITS.—No suit by or against FAA.—Any suit by or against the Federal Aviation Administration begun before the date of the enactment of this Act [Nov. 19, 2001], except as provided in paragraphs (2) and (3), shall be continued, insofar as it involves a function retained and transferred under this Act, with the Transportation Security Administration (to the extent the suit involves functions transferred to the Transportation Security Administration under this Act) substituted for the Federal Aviation Administration.

“(e) REMANDED CASES.—If the court in a suit described in paragraph (1) remands a case to the Transportation Security Administration, subsequent proceedings related to such case shall proceed in accordance with applicable law and regulations as in effect at the time of such subsequent proceedings.

“(f) CONTINUANCE OF ACTIONS AGAINST OFFICERS.—No suit, action, or other proceeding commenced by or against any officer in his official capacity as an officer of the Federal Aviation Administration shall abate by reason of the enactment of this Act. No cause of action by or against the Federal Aviation Administration, or by or against any officer thereof in his official capacity, shall abate by reason of the enactment of this Act.

“(g) EXERCISE OF AUTHORITY.—Except as otherwise provided by law, an officer or employee of the Transportation Security Administration may, for purposes of performing a function transferred by this Act or the amendments made by this Act, exercise all authorities under any other provision of law that were available with respect to the performance of that function to the official responsible for the performance of the function immediately before the effective date of the transfer of the function under this Act.

“(h) ACT DEFINED.—In this section, the term ‘Act’ includes the amendments made by this Act.”

TRANSITION PROVISIONS

Pub. L. 107-17, title I, §101(g), Nov. 19, 2001, 115 Stat. 603, provided that:

“(1) SCHEDULE FOR ASSUMPTION OF CIVIL AVIATION SECURITY FUNCTIONS.—Not later than 3 months after the date of enactment of this Act [Nov. 19, 2001], the Under Secretary of Transportation (now Administrator of the Transportation Security Administration) shall assume civil aviation security functions and responsibilities under chapter 49 of title 49, United States Code, as amended by this Act, in accordance with a schedule to be developed by the Secretary of Transportation, in consultation with air carriers, foreign air carriers, and the Administrator of the Federal Aviation Administration. The Under Secretary shall publish an appropriate notice of the transfer of such security functions and responsibilities before assuming the functions and responsibilities.

“(2) ASSUMPTION OF CONTRACTS.—As of the date specified in paragraph (1), the Under Secretary may assume the rights and responsibilities of an air carrier or foreign air carrier contract for provision of passenger screening services at airports in the United States described in section 4903(c), subject to payment of adequate compensation to parties to the contract, if any.

“(3) ASSIGNMENT OF CONTRACTS.—

“(A) IN GENERAL.—Upon request of the Under Secretary, an air carrier or foreign air carrier carrying out a screening or security function under chapter 49 of title 49, United States Code, may agree in an agreement with the Under Secretary to transfer any contract the carrier has entered into with respect to carrying out the function, before the Under Secretary assumes responsibility for the function.

“(B) SCHEDULE.—The Under Secretary may enter into an agreement under subparagraph (A) as soon as possible, but not later than 90 days after the date of enactment of this Act [Nov. 19, 2001]. The Under Secretary may enter into such an agreement for one 180-day period and may extend such agreement for one 90-day period if the Under Secretary determines it necessary.

“(4) TRANSFER OF OWNERSHIP.—In recognition of the assumption of the financial costs of security screening of passengers and property at airports, and as soon as practical after the date of enactment of this Act [Nov. 19, 2001], air carriers may enter into agreements with the Under Secretary to transfer the ownership, at no cost to the United States Government, of any personal property, equipment, supplies, or other material associated with such screening, regardless of the source of funds used to acquire the property, that the Secretary determines to be useful for the performance of security screening of passengers and property at airports.

“(5) PERFORMANCE OF UNDER SECRETARY’S FUNCTIONS DURING INTERIM PERIOD.—Until the Under Secretary takes office, the functions of the Under Secretary that relate to aviation security may be carried out by the Secretary or the Secretary’s designee.

SCREENING OUTSIDE PRIMARY PASSENGER TERMINAL SCREENING AREA PILOT PROGRAM

“(a) Subject to the provisions of this section, the Administrator of the Transportation Security Administration (hereafter in this section referred to as ‘the Administrator’) may conduct a pilot program to provide screening services outside of an existing primary passenger terminal screening area where screening services are currently provided or would be eligible to be provided under the Transportation Security Administration’s annually appropriated passenger screening program as a primary passenger terminal screening area.

“(b) Any request for screening services under subsection (a) shall be initiated only at the request of a public or private entity regulated by the Transportation Security Administration; shall be made in writing to the Administrator; and may only be initiated according to the Transportation Security Administration after consultation with the relevant local airport authority.
“(c) The Administrator may provide the requested screening services under subsection (a) if the Administrator provides a certification to the Committee on Homeland Security and the Committee on Appropriations of the House of Representatives, and the Committee on Commerce, Science, and Transportation and the Committee on Appropriations of the Senate that implementation of subsection (a) does not reduce the security or efficiency of screening services already provided in primary passenger terminals at any impacted airport.

“(d) No screening services may be provided under subsection (a) unless the requesting entity agrees in writing to the scope of the screening services to be provided, and agrees to compensate the Transportation Security Administration for all reasonable personnel and non-personnel costs, including overtime, of providing the screening services.

“(e) The authority available under this section is effective for fiscal years 2019 through 2023 and may be utilized at no more than eight locations for transportation security purposes.

“(f) Notwithstanding any other provision of law, an airport authority, air carrier, or other requesting entity shall not be liable for any claims for damages filed in State or Federal court (including a claim for compensatory, punitive, contributory, or indemnity damages) relating to—

“(1) an airport authority’s or other entity’s decision to request that the Transportation Security Administration provide passenger screening services outside of a primary passenger terminal screening area; or

“(2) any act of negligence, gross negligence, or intentional wrongdoing by employees of the Transportation Security Administration providing passenger and property security screening services at a pilot program screening location.

“(g) Notwithstanding any other provision of law, any compensation received by the Transportation Security Administration under subsection (d) shall be credited to the Administrator to finance the provision of reasonable and bursable security screening services under subsection (a).

“(h) The Administrator shall submit to the Committee on Homeland Security and the Committee on Appropriations of the House of Representatives, and the Committee on Commerce, Science, and Transportation and the Committee on Appropriations of the Senate—

“(1) an implementation plan for the pilot programs under subsection (a), including the application process, that is due by 90 days after the date of enactment of this Act [Feb. 15, 2019];

“(2) an evaluation plan for the pilot programs; and

“(3) annual performance reports, by not later than 60 days after the end of each fiscal year in which the pilot programs are in operation, including—

“(A) the amount of reimbursement received by the Transportation Security Administration from each entity in the pilot program for the preceding fiscal year, delineated by personnel and non-personnel costs;

“(B) an analysis of the results of the pilot programs corresponding to the evaluation plan required under paragraph (2);

“(C) any Transportation Security Administration staffing changes created at the primary passenger screening checkpoints and baggage screening as a result of the pilot program; and

“(D) any other unintended consequences created by the pilot program.

“(i) Except as otherwise provided in this section, nothing in this section may be construed as affecting in any manner the responsibilities, duties, or authorities of the Transportation Security Administration.

“(j) For the purposes of this section, the term ‘airport’ means a commercial service airport as defined by section 47107(7) of title 49, United States Code.

“(k) For the purposes of this section, the term ‘screening services’ means the screening of passengers, flight crews, and their carry-on baggage and personal articles, and may include checked baggage screening if that type of screening is performed at an of-site location that is not part of a passenger terminal of a commercial airport.

“(l) For the purposes of this section, the term ‘primary passenger terminal screening area’ means the security checkpoints relied upon by airports as the principal points of entry to a sterile area of an airport.’’

RECIPEAL, RECOGNITION OF SECURITY STANDARDS

“(a) IN GENERAL.—The Administrator [of the Transportation Security Administration], in coordination with appropriate international aviation security authorities, shall develop a validation process for the reciprocal recognition of security equipment technology approvals among international security partners or recognized certification authorities for deployment.

“(b) REQUIREMENT.—The validation process shall ensure that the certification by each participating international security partner or recognized certification authority complies with detection, qualification, and information security, including cybersecurity, standards of the TSA [Transportation Security Administration], the Department of Homeland Security, and the National Institute of Standards and Technology.”

REAL-TIME SECURITY CHECKPOINT WAIT TIMES

“(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Transportation Security Administration] shall make available to the public information on wait times at each airport security checkpoint at which security screening operations are conducted or overseen by the TSA [Transportation Security Administration].

“(b) REQUIREMENTS.—The information described in subsection (a) shall be provided in real time via technology and published—

“(1) online; and

“(2) in physical locations at applicable airport terminals.

“(c) CONSIDERATIONS.—The Administrator shall only make the information described in subsection (a) available to the public if it can do so in a manner that does not increase public area security risks.

“(d) DEFINITION OF WAIT TIME.—In this section, the term ‘wait time’ means the period beginning when a passenger enters a queue for a screening checkpoint and ending when that passenger exits the checkpoint.”

SCREENING TECHNOLOGY REVIEW AND PERFORMANCE OBJECTIVES

“(a) REVIEW OF TECHNOLOGY ACQUISITIONS PROCESS.—

“(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Transportation Security Administration], in coordination with relevant officials of the Department [of Homeland Security], shall conduct a review of existing advanced transportation security screening technology testing and evaluation, acquisitions, and procurement practices within TSA [Transportation Security Administration].

“(2) CONTENTS.—Such review shall include—

“(A) identifying process delays and obstructions within the Department and the Administration regarding how such technology is identified, tested and evaluated, acquired, and deployed;

“(B) assessing whether the TSA can better leverage existing resources or processes of the Department for the purposes of technology testing and evaluation;

“(C) assessing whether the TSA can further encourage innovation and competition among tech-
nology stakeholders, including through increased participation of and funding for small business concerns (as such term is described under section 3 of the Small Business Act (15 U.S.C. 630)).

(D) identifying best practices of other Department components or United States Government entities; and

(E) a plan to address any problems or challenges identified by such review.

(b) BRIEFING.—The Administrator shall provide to the appropriate committees of Congress (Committees on Commerce, Science, and Transportation and Homeland Security and Governmental Affairs of the Senate and Committee on Homeland Security of the House of Representatives) a briefing on the findings of the review required under this section and a plan to address any problems or challenges identified by such review.

(c) ACQUISITIONS AND PROCUREMENT ENHANCEMENT.—Incorporating the results of the review in subsection (a), the Administrator shall—

(1) engage in outreach, coordination, and collaboration with transportation stakeholders to identify and foster innovation of new advanced transportation security screening technologies;

(2) streamline the overall technology development, testing, evaluation, acquisitions, procurement, and deployment processes of the Administration; and

(3) ensure the effectiveness and efficiency of such processes.

(d) ASSESSMENT.—The Secretary of Homeland Security, in consultation with the Chief Privacy Officer of the Department, shall submit to the appropriate committees of Congress a compliance assessment of the Department, shall submit to the appropriate committees of Congress a report assessing the extent to which progress is made, at a minimum, toward—

(1) reducing time for each phase of testing while maintaining security (including testing for detection testing, operational testing, testing and verification framework, and field testing);

(2) eliminating testing and verification delays; and

(3) increasing accountability.

(e) PERFORMANCE OBJECTIVES.—The Administrator shall establish performance objectives for the testing and verification of security technology, including testing and verification conducted by appropriate third parties under section 1911 (49 U.S.C. 114 note), to ensure that progress is made, at a minimum, toward—

(1) reducing time for each phase of testing while maintaining security (including testing for detection testing, operational testing, testing and verification framework, and field testing);

(2) eliminating testing and verification delays; and

(3) increasing accountability.

(f) TRAJECTORY.—The Administrator shall establish and continually track performance metrics for each type of security technology, as identified through such study.

(g) FEEDBACK.—The Administrator shall engage in outreach, coordination, and collaboration with transportation stakeholders to disseminate feedback, including testing and verification conducted by appropriate third parties under section 1911.

(h) MEASURING PROGRESS TOWARD GOALS.—The Administrator shall establish and continually track performance metrics for each type of security technology, including testing and verification conducted by appropriate third parties under section 1911.

(i) MEASURING PROGRESS TOWARD GOALS.—The Administrator shall use the metrics established and tracked under paragraph (1) to generate data on an ongoing basis and to measure progress toward the achievement of the performance objectives established under subsection (e).

(j) REPORT REQUIRED.—

(1) IN GENERAL.—In carrying out subsection (e), the Administrator shall establish and continually track performance metrics for each type of security technology, including testing and verification conducted by appropriate third parties under section 1911, to ensure that progress is made, at a minimum, toward—

(2) reducing time for each phase of testing while maintaining security (including testing for detection testing, operational testing, testing and verification framework, and field testing);

(3) eliminating testing and verification delays; and

(4) increasing accountability.

(k) REPORT FOR END USERS.—The report required by subparagraph (A) shall include—

(1) a list of the performance metrics established and tracked under paragraph (1), including the length of time for each phase of testing and verification for each type of security technology; and

(2) a comparison of the progress achieved for testing and verification of security technology conducted by the TSA and the testing and verification of security technology conducted by third parties.

(l) PROPRIETARY INFORMATION.—The report required by subparagraph (A) shall—

(1) not include identifying information regarding an individual or entity, and

(2) protect proprietary information.

(m) INFORMATION TECHNOLOGY SECURITY.—Not later than 90 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator shall submit to the appropriate committees of Congress a plan to conduct recurring reviews of the operational, technical, and management security controls for Administration information technology systems at airports.

COMPUTED TOMOGRAPHY PILOT PROGRAMS

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator of the Transportation Security Administration shall carry out a pilot program to test the use of screening equipment using computed tomography technology to screen baggage at passenger screening checkpoints at airports.

(b) FEASIBILITY STUDY.—

(1) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Administrator, in coordination with the Under Secretary for Science and Technology of the Department of Homeland Security, shall submit to the appropriate committees of Congress a feasibility study regarding the expansion of the use of computed tomography technology for the screening of air cargo transported on passenger aircraft operated by an air carrier or foreign air carrier in air transportation, interstate air transportation, or international air commerce.

(2) CONSIDERATIONS.—In conducting the feasibility study under paragraph (1), the Administrator shall consider the following:

(A) Opportunities to leverage computed tomography systems used for screening passengers and baggage.

(B) Costs and benefits of using computed tomography technology for screening air cargo.

(C) An analysis of emerging computed tomography systems that may have potential to enhance the screening of air cargo, including systems that may add apertures to systems associated with screening certain categories of air cargo.

(D) An analysis of emerging screening technologies, in addition to computed tomography, that may be used to enhance the screening of air cargo.

(c) PILOT PROGRAM.—Not later than 120 days after the date the feasibility study is submitted under subsection (b), the Administrator shall initiate a 2-year pilot program to achieve enhanced air cargo security screening outcomes through the use of new or emerging screening technologies, such as computed tomography technology, as identified through such study.

(d) UPDATES.—Not later than 90 days after the date the pilot program under subsection (c) is initiated, and biannually thereafter for 2 years, the Administrator shall brief the appropriate committees of Congress on the progress of implementation of such pilot program.

(e) DEFINITIONS.—In this section:

(1) AIR CARRIER.—The term ‘air carrier’ has the meaning given the term in section 40102 of title 49, United States Code.

(2) AIR TRANSPORTATION.—The term ‘air transportation’ has the meaning given the term in section 40102 of title 49, United States Code.

(3) FOREIGN AIR CARRIER.—The term ‘foreign air carrier’ has the meaning given the term in section 40102 of title 49, United States Code.

(4) INTERSTATE AIR COMMERCIAL.—The term ‘interstate air commerce’ has the meaning given the term in section 40102 of title 49, United States Code.
§ 44901

TITLE 49—TRANSPORTATION

“5) INTERSTATE AIR TRANSPORTATION.—The term ‘interstate air transportation’ has the meaning given the term in section 4002 of title 49, United States Code.”

SCREENING PERFORMANCE ASSESSMENTS

“(1) an assessment of the screening performance of that airport compared to the mean average performance of all airports in the equivalent airport category for screening performance data; and

“(2) a briefing on the results of performance data reports, including—

“(A) a scorecard of objective metrics developed by the Office of Security Operations to measure screening performance, such as results of annual proficiency reviews and covert testing, at the appropriate level of classification; and

“(B) other performance data, including—

“(i) passenger throughput;

“(ii) wait times; and

“(iii) employee attrition, absenteeism, injury rates, and any other human capital measures collected by the TSA [Transportation Security Administration].”

IMPROVEMENTS FOR SCREENING OF PASSENGERS WITH DISABILITIES

“(a) REVISED TRAINING.—

“(1) In general.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Transportation Security Administration], in consultation with nationally-recognized veterans and disability organizations, shall revise the training requirements for Transportation Security Officers related to the screening of passengers with disabilities, including passengers with disabilities who participate in the PreCheck program.

“(2) TRAINING SPECIFICATIONS.—In revising the training requirements under paragraph (1), the Administrator shall address the proper screening, and any particular sensitivities related to the screening, of a passenger with a disability—

“(A) traveling with a medical device, including an indwelling medical device;

“(B) traveling with a prosthesis;

“(C) traveling with a wheelchair, walker, scooter, or other mobility device;

“(D) traveling with a service animal; or

“(E) with sensitivities to touch, pressure, sound, or hypersensitivity to stimuli in the environment.

“(3) TRAINING FREQUENCY.—The Administrator shall implement the revised training under paragraph (1) during initial and recurrent training of all Transportation Security Officers.

“(b) BEST PRACTICES.—The individual at the TSA [Transportation Security Administration] responsible for civil rights, liberties, and traveler engagement shall—

“(1) record each complaint from a passenger with a disability regarding the screening practice of the TSA;

“(2) identify the most frequent concerns raised, or accommodations requested, in the complaints;

“(3) determine the best practices for addressing the concerns and requests identified in paragraph (2); and

“(4) recommend appropriate training based on such best practices.

“(c) SIGNAGE.—At each category X airport, the TSA shall place signage at each security checkpoint that—

“(1) specifies how to contact the appropriate TSA employee at the airport designated to address complaints of screening mistreatment based on disability; and

“(2) describes how to receive assistance from that individual or other qualified personnel at the security screening checkpoint.

“(d) REPORTS TO CONGRESS.—Not later than September 30 of the first full fiscal year after the date of enactment of this Act [Oct. 5, 2018], and each fiscal year thereafter, the Administrator shall submit to the appropriate committees of Congress [Committees on Commerce, Science, and Transportation and Homeland Security and Governmental Affairs of the Senate and Committee on Homeland Security of the House of Representatives] a report on the checkpoint experiences of passengers with disabilities, including the following:

“(1) The number and most frequent types of disability-related complaints received.

“(2) The best practices recommended under subsection (b) to address the top areas of concern.

“(3) The estimated wait times for assist requests for passengers with disabilities, including disabled passengers who participate in the PreCheck program.

AIR CARGO ADVANCE SCREENING PROGRAM

“(a) IN GENERAL.—The Commissioner of U.S. Customs and Border Protection and the Administrator [of the Transportation Security Administration] consistent with the requirements of the Trade Act of 2002 (Public Law 107–210), shall—

“(1) establish an air cargo advance screening program (referred to in this section as the ‘ACAS Program’) for the collection of advance electronic information from air carriers and other persons within the supply chain regarding cargo being transported to the United States by air;

“(2) under such program, require that such information be transmitted by such air carriers and other persons at the earliest point practicable prior to loading of such cargo onto an aircraft destined to or transiting through the United States;

“(3) establish appropriate communications systems with freight forwarders, shippers, and air carriers;

“(4) establish a system that will allow freight forwarders, shippers, and air carriers to provide shipment level data for air cargo, departing from any location that is inbound to the United States; and

“(5) identify opportunities in which the information furnished in compliance with the ACAS Program could be used by the Administrator.

“(b) INSPECTION OF HIGH-RISK CARGO.—Under the ACAS Program, the Commissioner of U.S. Customs and Border Protection and the Administrator shall ensure that all cargo that has been identified as high-risk is inspected—

“(1) prior to the loading of such cargo onto aircraft at the last point of departure; or

“(2) at an earlier point in the supply chain, before departing for the United States.

“(c) CONSULTATION.—In carrying out the ACAS Program, the Commissioner of U.S. Customs and Border Protection and the Administrator shall consult with relevant stakeholders, as appropriate, to ensure that an operationally feasible and practical approach to—

“(1) the collection of advance information with respect to cargo on aircraft departing for the United States is applied; and

“(2) the inspection of high-risk cargo recognizes the significant differences among air cargo business models and modes of transportation.

“(d) ANALYSIS.—The Commissioner of U.S. Customs and Border Protection and the Administrator may analyze the information described in subsection (a) in the Department of Homeland Security’s automated targeting system and integrate such information with other intelligence to enhance the accuracy of the risk assessment process under the ACAS Program.

“(e) NO DUPLICATION.—The Commissioner of U.S. Customs and Border Protection and the Administrator
shall carry out this section in a manner that, after the ACAS Program is fully in effect, ensures, to the greatest extent practicable, that the ACAS Program does not duplicate other Department (of Homeland Security) programs or requirements relating to the submission of air cargo data or the inspection of high-risk cargo.

CONSIDERATION OF INDUSTRY.—In carrying out the ACAS Program, the Commissioner of U.S. Customs and Border Protection and the Administrator shall—

(1) consider the content and timeliness of the available data may vary among entities in the air cargo industry and among countries; and

(2) explore procedures to accommodate the variations described in paragraph (1) while maximizing the contribution of such data to the risk assessment process under the ACAS Program;

(3) test the business processes, technologies, and operational procedures required to provide advance information with respect to cargo on aircraft departing for the United States and carry out related inspection of high-risk cargo, while ensuring delays and other negative impacts on vital supply chains are minimized; and

(4) consider the cost, benefit, and feasibility before establishing any set time period for submission of certain elements of the data for air cargo under this section in line with the regulatory guidelines specified in Executive Order 13363 [5 U.S.C. 601 note] or any successor Executive order or regulation.

GUIDANCE.—The Commissioner of U.S. Customs and Border Protection and the Administrator shall provide guidance for participants in the ACAS Program regarding the requirements for participation, including requirements for transmitting shipment level data.

USE OF DATA.—The Commissioner of U.S. Customs and Border Protection and the Administrator shall use the data provided under the ACAS Program for targeting shipments for screening and aviation security purposes only.

FINAL RULE.—Not later than 180 days after the date of enactment of this Act (Oct. 5, 2018), the Commissioner of U.S. Customs and Border Protection, in coordination with the Administrator, shall issue a final regulation to implement the ACAS Program to include the electronic transmission to U.S. Customs and Border Protection of data elements for targeting cargo, including appropriate security elements of shipment level data.

REPORT.—Not later than 180 days after the date of the commencement of the ACAS Program, the Commissioner of U.S. Customs and Border Protection and the Administrator shall submit to the appropriate committees of Congress [Committee on Commerce, Science, and Transportation and Homeland Security and Governmental Affairs of the Senate and Committee on Homeland Security of the House of Representatives] a report detailing the operational implementation of providing advance information under the ACAS Program and the value of such information in targeting cargo.

RAISING INTERNATIONAL STANDARDS

Pub. L. 115–254, div. K, tit. I, §1955(c), Oct. 5, 2018, 132 Stat. 3596, provided that: “Not later than 90 days after the date of enactment of this Act (Oct. 5, 2018), the Administrator [of the Transportation Security Administration] shall collaborate with other aviation authorities and the United States Ambassador or the Charge d’Affaires to the United States Mission to the International Civil Aviation Organization, as applicable, to advance a global standard for each international airport to document and track the removal and disposal of any security screening equipment to ensure the screening equipment does not come into the possession of terrorists or otherwise pose a risk to security.

INTERNATIONAL SECURITY STANDARDS

“(C) whether the amendment is consistent with international standards and guidance, including of the International Civil Aviation Organization; and

“(2) consult, with appropriate aviation, security stakeholders, including ASAC (Aviation Security Advisory Committee).

“(c) EXCEPTIONS.—Except for plastic or round bladed butter knives, the Administrator may not amend the interpretive rule described in subsection (a) to authorize any knife to be permitted in an airport sterile area or in the cabin of an aircraft.

“(d) NOTIFICATION.—The Administrator shall—

“(1) publish in the Federal Register any amendment to the interpretive rule described in subsection (a); and

“(2) notify the appropriate committees of Congress [Committees on Commerce, Science, and Transportation and Homeland Security and Governmental Affairs of the Senate and Committee on Homeland Security of the House of Representatives] of the amendment not later than 3 days before publication under paragraph (1).

CONSIDERATION OF PRIVACY AND CIVIL LIBERTIES

Pub. L. 114–141, div. F, title V, §521, Mar. 23, 2018, 132 Stat. 626, provided that: “Hereafter, in developing any process to screen aviation passengers and crews for transportation or national security purposes, the Secretary of Homeland Security shall ensure that all such processes take into consideration such passengers’ and crews’ privacy and civil liberties consistent with applicable laws, regulations, and guidance.”

“§ 44901

“BOTTLES AND BREASTFEEDING EQUIPMENT SCREENING

Pub. L. 114–293, Dec. 16, 2016, 130 Stat. 1503, provided that:

“(A) BOTTLING AND BREASTFEEDING EQUIPMENT SCREENING.

“(1) The level of coordination and cooperation between the TSA and the foreign government of the country in which the last point of departure airport with nonstop flights to the United States is located.

“(2) The intelligence and threat mitigation capabilities of the country in which such airport is located.

“(3) The number of known or suspected terrorists annually transiting through such airport.

“(4) The degree to which the foreign government of the country in which such airport is located mandates, encourages, or prohibits the collection, analysis, and sharing of passenger name records.

“(5) The passenger security screening practices, capabilities, and capacity of such airport.

“(6) The security vetting undergone by aviation workers at such airport.

“(7) The access controls utilized by such airport to limit to authorized personnel access to secure and sterile areas of such airports.

“SEC. 3302. SECURITY COORDINATION ENHANCEMENT PLAN.

“(a) IN GENERAL.—Not later than 240 days after the date of enactment of this Act (July 15, 2016), the Administrator shall submit to Congress and the Government Accountability Office a plan

“(1) to enhance and bolster security collaboration, coordination, and information sharing relating to securing international-inbound aviation between the United States and domestic and foreign partners, including U.S. Customs and Border Protection, foreign government entities, passenger air carriers, cargo air carriers, and United States Government entities, in order to enhance security capabilities at foreign airports, including airports that may not have nonstop flights to the United States but are nonetheless determined by the Administrator to be high risk; and

“(2) that includes an assessment of the ability of the TSA to enter into a mutual agreement with a foreign government entity that permits TSA representatives to conduct without prior notice inspections of foreign airports.

“(b) GAO REVIEW.—Not later than 180 days after the submission of the plan required under subsection (a), the Comptroller General of the United States shall review the efforts, capabilities, and effectiveness of the TSA to enhance security capabilities at foreign airports and determine if the implementation of such efforts and capabilities effectively secures international-inbound aviation.

“SEC. 3303. WORKFORCE ASSESSMENT.

“Not later than 270 days after the date of enactment of this Act (July 15, 2016), the Administrator shall sub-
mit to Congress a comprehensive workforce assessment of all TSA personnel within the Office of Global Strategies of the TSA or whose primary professional duties contribute to the TSA’s global efforts to secure transportation security, including a review of whether such personnel are assigned in a risk-based, intelligence-driven manner.

“SEC. 3205. NATIONAL CARGO SECURITY PROGRAM.

“(a) IN GENERAL.—The Administrator may evaluate foreign countries’ air cargo security programs to determine whether such programs provide a level of security commensurate with the level of security required by United States air cargo security programs.

“(b) APPROVAL AND RECOGNITION.—

“(1) IN GENERAL.—If the Administrator determines that a foreign country’s air cargo security program evaluated under subsection (a) provides a level of security commensurate with the level of security required by United States air cargo security programs, the Administrator shall approve and officially recognize such foreign country’s air cargo security program.

“(2) EFFECT OF APPROVAL AND RECOGNITION.—If the Administrator approves and officially recognizes pursuant to paragraph (1) a foreign country’s air cargo security program, an aircraft transporting cargo that is departing such foreign country shall not be required to adhere to United States air cargo security programs that would otherwise be applicable.

“(c) REVOKE OR SUSPEND.—If the Administrator revokes or suspends pursuant to paragraph (1) a foreign country’s air cargo security program, the Administrator shall notify the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate at not later than 30 days after such revocation or suspension.

“(d) AFFECTATION.—This section shall apply in a manner consistent with the purposes of the TSA’s Behavior Detection Officers model described in subsection (a), as appropriate.

“(e) EXCHANGE OF INFORMATION.—The Administrator shall require each Federal Security Director to engage in a regular basis with the appropriate aviation security stakeholders to exchange information regarding airport operations, including security operations.

“(f) GAO REVIEW.—Not later than 180 days after the date of the enactment of this Act, the Comptroller General of the United States shall review the staffing allocation model described in subsection (a) and report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the results of such review.

“SEC. 3302. ENHANCED STAFFING ALLOCATION MODEL.

“(a) IN GENERAL.—Not later than 30 days after the date of the enactment of this Act [July 15, 2016], the Administrator shall complete an assessment of the TSA’s staffing allocation model to determine the necessary staffing positions at all airports in the United States at which the TSA operates passenger checkpoints.

“(b) APPROPRIATE STAFFING.—The staffing allocation model described in subsection (a) shall be based on necessary staffing levels to maintain passenger wait times and maximum security effectiveness.

“(c) ADDITIONAL RESOURCES.—In assessing necessary staffing for minimal passenger wait times and maximum security effectiveness referred to in subsection (b), the Administrator shall use the TSA’s Behavior Detection Officers with appropriate certifications and training designated as PreCheck Program lanes to enhance the verification of traveler documents, particularly at designated PreCheck Program lanes to ensure that such lanes are operational for use and maximum efficiency.

“(d) STAFFING AND RESOURCE ALLOCATION.

“(a) IN GENERAL.—Not later than 30 days after the date of the enactment of this Act [July 15, 2016], the Administrator shall take the following actions:

“(1) Utilize the TSA’s Behavior Detection Officers for passenger and baggage security screening, including the verification of traveler documents, particularly at designated PreCheck Program lanes to ensure that such lanes are operational for use and maximum efficiency.

“(2) Make every practicable effort to grant additional flexibility and authority to Federal Security Directors in matters related to checkpoint and checked baggage staffing allocation and employee overtime in furtherance of maintaining minimal passenger wait times and maximum security effectiveness.
§ 44901  

"(3) Disseminate to aviation security stakeholders and appropriate TSA personnel a list of checkpoint optimization best practices.

(4) Request the Aviation Security Advisory Committee (established pursuant to section 44946 of title 49, United States Code) provide recommendations on best practices for checkpoint security operations optimization.

(b) STAFFING ADVISORY COORDINATION.—Not later than 30 days after the date of the enactment of this Act, the Administrator shall—

(1) direct each Federal Security Director to coordinate local representatives of aviation security stakeholders to establish a staffing advisory working group at each airport at which the TSA oversees or performs passenger security screening to provide recommendations to the Administrator on Transportation Security Officer staffing numbers, for each such airport; and

(2) certify to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate that such staffing advisory working groups have been established.

(c) REPORTING.—Not later than 60 days after the date of the enactment of this Act, the Administrator shall—

(1) report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate regarding how the TSA’s Passenger Screening Challenge assets may be deployed and utilized for maximum efficiency to mitigate risk and optimize checkpoint operations; and

(2) report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of the TSA’s Credential Authentication Technology Assessment program and how deployment of such program might optimize checkpoint operations.

SEC. 3305. AVIATION SECURITY STAKEHOLDERS DEFINED.

For purposes of this subtitle, the term ‘aviation security stakeholders’ shall mean, at a minimum, air carriers, airport operators, and labor organizations representing Transportation Security Officers or, where applicable, contract screeners.

SEC. 3306. RULE OF CONSTRUCTION.

Nothing in this subtitle may be construed as authorizing or directing the Administrator to prioritize reducing wait times over security effectiveness.

SUBTITLE D—AVIATION SECURITY ENHANCEMENT AND OVERSIGHT

SEC. 3401. DEFINITIONS.

In this subtitle:

(A) the Committee on Homeland Security of the House of Representatives;

(B) the Committee on Homeland Security and Governmental Affairs of the Senate; and

(C) the Committee on Commerce, Science, and Transportation of the Senate.

ASAC.—The term ‘ASAC’ means the Aviation Security Advisory Committee established under section 44946 of title 49, United States Code.

SECRETARY.—The term ‘Secretary’ means the Secretary of Homeland Security.

SIDA.—The term ‘SIDA’ means the Secure Identification Display Area as such term is defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section.

SEC. 3402. THREAT ASSESSMENT.

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act [July 15, 2016], the Administrator shall conduct or update an assessment to determine the level of risk posed to the domestic air transportation system by individuals with unescorted access to a secure area of an airport (as such term is defined in section 49403(1)(2)(H)) in light of recent international terrorist activity.

(2) CONSIDERATIONS.—In conducting or updating the assessment under paragraph (1), the Administrator shall consider—

(A) domestic intelligence;

(B) international intelligence;

(C) the vulnerabilities associated with unescorted access authority granted to domestic airport operators and air carriers, and their workers;

(D) the vulnerabilities associated with unescorted access authority granted to foreign airport operators and air carriers, and their workers;

(E) the processes and practices designed to mitigate the vulnerabilities associated with unescorted access privileges granted to airport operators and air carriers, and their workers;

(F) the recent security breaches at domestic and foreign airports; and

(G) the recent security improvements at domestic airports, including the implementation of recommendations made by relevant advisory committees, including the ASAC.

(b) REPORTS.—The Administrator shall submit to the appropriate congressional committees—

(1) a report on the results of the assessment under subsection (a), including any recommendations for improving aviation security;

(2) a report on the implementation status of any recommendations made by the ASAC; and

(3) regular updates about the insider threat environment as new information becomes available or as needed.

SEC. 3403. OVERSIGHT.

(a) ENHANCED REQUIREMENTS.—

(1) IN GENERAL.—Subject to public notice and comment, and in consultation with airport operators, the Administrator shall update the rules on access controls issued by the Secretary under chapter 449 of title 49, United States Code.

(2) CONSIDERATIONS.—As part of the update under paragraph (1), the Administrator shall consider—

(A) increased fines and advanced oversight for airport operators that report missing more than five percent of credentials for unescorted access to any SIDA of an airport;

(B) best practices for Category X airport operators that report missing more than three percent of credentials for unescorted access to any SIDA of an airport;

(C) additional audits and status checks for airport operators that report missing more than three percent of credentials for unescorted access to any SIDA of an airport;

(D) review and analysis of the prior five years of audits for airport operators that report missing more than three percent of credentials for unescorted access to any SIDA of an airport;

(E) increased fines and direct enforcement requirements for both airport workers and their employers that fail to report within 24 hours an employment termination or a missing credential for unescorted access to any SIDA of an airport; and

(F) a method for termination by the employer of any airport worker who fails to report in a timely manner or reports missing credentials for unescorted access to any SIDA of an airport.

(b) TEMPORARY CREDENTIALS.—The Administrator may encourage the issuance by airports and aircraft operators of free, one-time, 24-hour temporary credentials for workers who have reported, in a timely manner, their credentials missing, but not permanently lost, stolen, or destroyed, until replacement of credentials under section 1542.211 of title 49 Code of Federal Regulations is necessary.
“(c) NOTIFICATION AND REPORT TO CONGRESS.—The Administrator shall—

(1) notify the appropriate congressional committees each time an airport operator reports that more than three percent of credentials for unescorted access to any SIDA at a Category X airport are missing, or more than five percent of credentials to access any SIDA at any other airport are missing; and

(2) submit to the appropriate congressional committees an annual report on the number of violations and fines related to unescorted access to the SIDA of an airport collected in the preceding fiscal year.

“SEC. 3404. CREDENTIALS.

“(a) LAWFUL STATUS.—Not later than 90 days after the date of the enactment of this Act [July 15, 2016], the Administrator shall issue to airport operators guidance regarding placement of an expiration date on each air-port credential issued to a non-United States citizen that is not longer than the period of time during which such non-United States citizen is lawfully authorized to work in the United States.

“(b) REVIEW OF PROCEDURES.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Administrator shall—

(A) issue guidance for transportation security inspectors to annually review the procedures of airport operators and air carriers for applicants seeking unescorted access to any SIDA of an airport; and

(B) make available to airport operators and air carriers information on identifying suspicious or fraudulent identification materials.

(2) INCLUSIONS.—The guidance issued pursuant to paragraph (1) shall require a comprehensive review of background checks and employment authorization documents issued by United States Citizenship and Immigration Services during the course of a review of procedures under such paragraph.

“SEC. 3405. VETTING.

“(a) ELIGIBILITY REQUIREMENTS.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act [July 15, 2016], and subject to public notice and comment, the Administrator shall revise the regulations issued under section 44936 of title 49, United States Code, in accordance with this section and current knowledge of insider threats and intelligence under section 3502, to enhance the eligibility requirements and disqualifying criminal offenses for individuals seeking or having unescorted access to any SIDA of an airport.

(2) DISQUALIFYING CRIMINAL OFFENSES.—In revising the regulations under paragraph (1), the Administrator shall consider adding to the list of disqualifying criminal offenses and criteria the offenses and criteria listed in section 122.183(a)(4) of title 19, Code of Federal Regulations, and section 172.103 of title 49, Code of Federal Regulations.

“(b) WAIVER PROCESS FOR DENIED CREDENTIALS.—Notwithstanding section 44936(b) of title 49, United States Code, in revising the regulations under paragraph (1) of this subsection, the Administrator shall—

(A) ensure there exists or is developed a waiver process for approving the issuance of credentials for unescorted access to any SIDA of an airport for an individual found to be otherwise ineligible for such credentials; and

(B) consider, as appropriate and practicable—

(i) the circumstances of any disqualifying act or offense, restitution made by the individual, Federal and State mitigation remedies, and other factors from which it may be concluded that the individual does not pose a terrorism risk or a risk to aviation security warranting denial of the credential; and

(ii) the elements of the appeals and waiver process established under section 70105(c) of title 46, United States Code.

“(c) LOOK BACK.—In revising the regulations under paragraph (1), the Administrator shall propose that an individual be disqualified if the individual was convicted, or found not guilty by reason of insanity, of a disqualifying criminal offense within 15 years before the date of an individual’s application, or if the individual was incarcerated for such crime and released from incarceration within five years before the date of the individual’s application.

“(d) CERTIFICATIONS.—The Administrator shall require an airport or aircraft operator, as applicable, to certify for each individual who receives unescorted access to any SIDA of an airport that—

(A) a specific need exists for providing the individual with unescorted access authority; and

(B) the individual has certified to the airport or aircraft operator that the individual understands the requirements for possessing a SIDA badge.

“(e) REPORT TO CONGRESS.—Not later than 90 days after the date of the enactment of this Act, the Administrator shall submit to the appropriate congressional committees a report on the status of the revision to the regulations issued under section 44936 of title 49, United States Code, in accordance with this section.

“(f) RULE OF CONSTRUCTION.—Nothing in this subsection may be construed to affect existing aviation worker vetting fees imposed by the TSA.

“(g) RECURRENT VETTING.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Administrator and the Director of the Federal Bureau of Investigation shall fully implement the Rap Back service for recurrent vetting of eligible TSA-regulated populations of individuals with unescorted access to any SIDA of an airport.

(2) REQUIREMENTS.—As part of the requirement in paragraph (1), the Administrator shall ensure that—

(A) any status notifications the TSA receives through the Rap Back service about criminal offenses be limited to only disqualifying criminal offenses in accordance with the regulations promulgated by the TSA under section 44903 of title 49, United States Code, or other Federal law; and

(B) any information received by the Administrator through the Rap Back service for recurrent vetting of eligible TSA-regulated populations of individuals with unescorted access to any SIDA of an airport.

“(h) REPORT TO CONGRESS.—Not later than 30 days after implementation of the Rap Back service described in paragraph (1), the Administrator shall submit to the appropriate congressional committees a report on the such implementation.

“(i) ACCESS TO TERRORIST IDENTITIES DATAMART DATA.—Not later than 30 days after the date of the enactment of this Act, the Administrator and the Director of National Intelligence shall coordinate to ensure that the Administrator is authorized to receive automated, real-time access to additional Terrorist Identities Datamart Environment (TIDE) data and any other terrorism-related category codes to improve the effectiveness of the TSA’s credential vetting program for individuals who are seeking or have unescorted access to any SIDA of an airport.

“(j) ACCESS TO E-VERIFY AND SAVE PROGRAMS.—Not later than 90 days after the date of the enactment of this Act, the Secretary shall authorize each airport operator to have direct access to the E-Verify program and the Systematic Alien Verification for Entitlements (SAVE) automated system to determine the eligibility of individuals seeking unescorted access to any SIDA of an airport.

“(k) GENERAL REPORT TO CONGRESS.—Not later than one year after the date of the enactment of this Act, the Administrator shall develop and implement performance metrics to measure the effectiveness of the SIDA of an airport.

“(l) CONSIDERATIONS.—In developing the performance metrics under subsection (a), the Administrator may consider—
ợ controls to the SIDAs of airports.

**SEC. 3407. INSPECTIONS AND ASSESSMENTS.**

(a) Model and Best Practices.—Not later than 180 days after the date of the enactment of this Act [July 15, 2016], the Administrator, in consultation with the ASAC, shall develop a model and best practices for unescorted access security that—

1. use intelligence, scientific algorithms, and risk-based factors;

2. ensure integrity, accountability, and control;

3. subject airport workers to random physical security inspections conducted by TSA representatives in accordance with this section;

4. appropriately manage the number of SIDA access points to improve supervision of and reduce unauthorized access to SIDAs; and

5. include validation of identification materials, such as with biometrics.

(b) Inspections.—Consistent with a risk-based security approach, the Administrator shall conduct the use of transportation security officers and inspectors to conduct enhanced, random and unpredictable, data-driven, and operationally dynamic physical inspections of airport workers in each SIDA of an airport and at each SIDA access point to—

1. verify the credentials of such airport workers;

2. determine whether such airport workers possess prohibited items, except for those items that may be necessary for the performance of such airport workers' duties, as appropriate, in any SIDA of an airport; and

3. verify whether such airport workers are following appropriate procedures to access any SIDA of an airport.

(c) Screening Review.—

1. In General.—The Administrator shall conduct a review of airports that have implemented additional airport worker screening or perimeter security to improve airport security, including—

   (A) comprehensive airport worker screening at access points to secure areas;

   (B) comprehensive perimeter screening, including vehicles;

   (C) enhanced fencing or perimeter sensors; and

   (D) any additional airport worker screening or perimeter security measures the Administrator identifies.

2. Best Practices.—After completing the review under paragraph (1), the Administrator shall—

   (A) identify best practices for additional access control and airport worker security at airports; and

   (B) disseminate to airport operators the best practices identified under subparagraph (A).

3. Pilot Program.—The Administrator may conduct a pilot program at one or more airports to test and validate best practices for comprehensive airport worker screening or perimeter security under paragraph (2).

**SEC. 3408. COVERT TESTING.**

(a) In General.—The Administrator shall increase the use of red-team, covert testing of access controls to any secure areas of an airport.

(b) Additional Covert Testing.—The Inspector General of the Department of Homeland Security shall conduct red-team, covert testing of airport access controls to the SIDAs of airports.

(c) Reports to Congress.—

1. Administrator's Report.—Not later than 90 days after the date of the enactment of this Act [July 15, 2016], the Administrator shall submit to the appropriate congressional committees a report on the progress to expand the use of inspections and of red-team, covert testing under subsection (a).

2. Inspector General Report.—Not later than 180 days after the date of the enactment of this Act, the Inspector General of the Department of Homeland Security shall submit to the appropriate congressional committees a report on the effectiveness of airport access controls to the SIDAs of airports based on red-team, covert testing under subsection (b).

**SEC. 3409. SECURITY DIRECTIVES.**

(a) Review.—Not later than 180 days after the date of the enactment of this Act [July 15, 2016] and annually thereafter, the Administrator, in consultation with the appropriate regulated entities, shall conduct a comprehensive review of each current security directive addressed to any regulated entity to—

1. determine whether each such security directive continues to be relevant;

2. determine whether such security directives should be streamlined or consolidated to most efficiently maximize risk reduction; and

3. update, consolidate, or revoke any security directive as necessary.

(b) Notice.—For each security directive that the Administrator issues, the Administrator shall submit to the appropriate congressional committees a report on the results of the assessment under paragraph (1), including any recommendations.

**SEC. 3410. IMPLEMENTATION REPORT.**

Not later than one year after the date of the enactment of this Act [July 15, 2016], the Comptroller General of the United States shall—

1. assess the progress made by the TSA and the effect on aviation security of implementing the requirements under sections 3402 through 3409 of this title; and

2. report to the appropriate congressional committees on the results of the assessment under paragraph (1), including any recommendations.

**SEC. 3411. MISCELLANEOUS AMENDMENTS.**

(a) ASAC Terms of Office.—[Amended section 44946 of this title.]

(b) Feedback.—[Amended section 44946 of this title.]

**SUBTITLE E—CHECKPOINTS OF THE FUTURE**

**SEC. 3450. CHECKPOINTS OF THE FUTURE.**

(a) In General.—The Administrator, in accordance with chapter 449 of title 49, United States Code, shall request the Aviation Security Advisory Committee (established pursuant to section 44946 of such title) to develop recommendations for more efficient and effective passenger screening processes.

(b) Considerations.—In making recommendations to improve existing passenger screening processes, the Aviation Security Advisory Committee shall consider—

1. the configuration of a checkpoint;

2. technology innovation;

3. ways to address any vulnerabilities identified in audits of checkpoint operations;

4. ways to prevent security breaches at airports at which Federal security screening is provided;

5. best practices in aviation security;

6. recommendations from airports and aircraft operators, and any relevant advisory committees; and

7. 'curb to curb' processes and procedures.

(c) Report.—Not later than one year after the date of enactment of this Act [July 15, 2016], the Administrator shall submit to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the Aviation Security Advisory Committee review
under this section, including any recommendations for improving passenger screening processes.

"SEC. 3502. PILOT PROGRAM FOR INCREASED EFFICIENCY AND SECURITY AT CATEGORY X AIRPORTS.

"(a) IN GENERAL.—The Administrator shall establish a pilot program at least three and not more than six airports to reconfigure and install security systems that increase efficiency and reduce vulnerabilities at airport terminals, particularly at airports that have large open areas at which screening is conducted.

"(b) SELECTION OF AIRPORTS.—In selecting airports for the pilot program established under subsection (a), the Administrator shall—

"(1) select airports from among airports classified by the TSA as Category X airports that are able to begin the reconfiguration and installation of security systems expeditiously; and

"(2) give priority to an airport that—

"(A) submits a proposal that seeks Federal funding for reconfiguration of such airport’s security systems;

"(B) has the space needed to reduce vulnerabilities and reconfigure existing security systems; and

"(C) is able to enter into a cost-sharing arrangement with the TSA under which such airport will provide [sic] funding towards the cost of such pilot program.

"SEC. 3503. PILOT PROGRAM FOR THE DEVELOPMENT AND TESTING OF PROTOTYPES FOR AIRPORT SECURITY SYSTEMS.

"(a) IN GENERAL.—The Administrator shall establish a pilot program at three airports to develop and test prototypes of screening security systems and security checkpoint configurations that are intended to expedite the movement of passengers by deploying a range of technologies, including passive and active systems, new types of security baggage and personal screening systems, and new systems to review and address passenger and baggage anomalies.

"(b) SELECTION OF AIRPORTS.—In selecting airports for the pilot program established under subsection (a), the Administrator shall—

"(1) select airports from among airports classified by the TSA as Category X airports that are able to begin the reconfiguration and installation of security systems expeditiously;

"(2) consider detection capabilities; and

"(3) give priority to an airport that—

"(A) submits a proposal that seeks Federal funding to test prototypes for new airport security systems;

"(B) has the space needed to reduce vulnerabilities and reconfigure existing security systems; and

"(C) is able to enter into a cost-sharing arrangement with the TSA under which such airport will provide [sic] funding towards the cost of such pilot program.

"SEC. 3504. REPORT REQUIRED.

"Not later than 90 days after the date of the enactment of this Act [July 15, 2016], the Administrator shall submit to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs of the Senate a report on the pilot programs established under sections 3502 and 3503 of this subtitle using amounts—

"(1) appropriated to the TSA before the date of the enactment of this Act [July 15, 2016] and available for obligation as of such date of enactment; and

"(2) amounts obtained as reimbursements from airports under such pilot programs.

"SEC. 3506. ACCEPTANCE AND PROVISION OF RESOURCES BY THE TRANSPORTATION SECURITY ADMINISTRATION.

"The Administrator, in carrying out the functions of the pilot programs established under sections 3502 and 3503 of this subtitle, may accept services, supplies, equipment, personnel, or facilities, without reimbursement, from any other public or private entity.

"PROTECTION OF PASSENGER PLANES FROM EXPLOSIVES.

"Public Law 110–53, title XVI, §1810, Aug. 3, 2007, 121 Stat. 484, provided that:

"(a) TECHNOLOGY RESEARCH AND PILOT PROJECTS.—

"(1) RESEARCH AND DEVELOPMENT.—The Secretary of Homeland Security, in consultation with the Administrator of the Transportation Security Administration, shall expedite research and development programs for technologies that can disrupt or prevent an explosive device from being introduced onto a passenger plane or from damaging a passenger plane while in flight or on the ground. The research shall be used in support of implementation of section 49001 of title 49, United States Code.

"(2) PILOT PROJECTS.—The Secretary, in conjunction with the Secretary of Transportation, shall establish a grant program to fund pilot projects—

"(A) to deploy technologies described in paragraph (1); and

"(B) to test technologies to expedite the recovery, development, and analysis of information from aircraft accidents to determine the cause of the accident, including deployable flight deck and voice recorders and remote location recording devices.

"(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Homeland Security for fiscal year 2008 such sums as may be necessary to carry out this section. Such sums shall remain available until expended.

"STANDARDS FOR INCREASING THE USE OF EXPLOSIVE DETECTION EQUIPMENT.

"Public Law 109–90, title V, §524, Oct. 18, 2005, 119 Stat. 2086, provided that: "The Secretary of Homeland Security, in consultation with industry stakeholders, shall develop standards and protocols for increasing the use of explosive detection equipment to screen air cargo when appropriate." Similar provisions were contained in the following prior appropriation acts:

"USE OF EXISTING EQUIPMENT TO SCREEN PASSENGER CARGO; REPORTS.

"Public Law 109–90, title V, §525, Oct. 18, 2005, 119 Stat. 2086, as amended by Public Law 114–113, div. F, title V, §510(c), Dec. 23, 2015, 129 Stat. 5214, provided that: "The Transportation Security Administration shall utilize existing checked baggage explosive detection equipment and screeners to screen cargo carried on passenger aircraft to the greatest extent practicable at each airport". That beginning with November 2005, TSA shall provide a monthly report to the Committees on Appropriations of the Senate and the House of Representatives detailing, by airport, the amount of cargo carried on passenger aircraft that was screened by TSA in August 2005 and each month.

"IN-LINE CHECKED BAGGAGE SCREENING.

"Public Law 108–458, title IV, §4019(a), (b), Dec. 17, 2004, 118 Stat. 3721, provided that:

"(a) IN-LINE BAGGAGE SCREENING EQUIPMENT.—The Assistant Secretary of Homeland Security (Transportation Security Administration) shall take such action as may be necessary to expedite the installation and use of in-line baggage screening equipment at airports at which screening is required by section 44901 of title 49, United States Code.

"(b) SCHEDULE.—Not later than 180 days after the date of enactment of this Act [Dec. 17, 2004], the Assist-
ant Secretary shall submit to the appropriate congressional committees a schedule to expedite the installation and use of in-line baggage screening equipment at such airports, with an estimate of the impact that such equipment, facility modification, and baggage conveyor placement will have on staffing needs and levels related to aviation security.’’

CHECKED BAGGAGE SCREENING AREA MONITORING

“(a) I N GENERAL.—The Under Secretary for Border and Transportation Security of the Department of Homeland Security shall provide, subject to the availability of funds, assistance to airports at which screening is required by section 44901 of title 49, United States Code, and that have checked baggage screening areas that are not open to public view in the acquisition and installation of security monitoring cameras for surveillance of such areas in order to deter theft from checked baggage and to aid in the speedy resolution of liability claims against the Transportation Security Administration.

“AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary of Homeland Security for fiscal year 2005 such sums as may be necessary to carry out this section. Such sums shall remain available until expended.

PILOT PROGRAM TO EVALUATE USE OF BLAST RESISTANT CARGO AND BAGGAGE CONTAINERS
Pub. L. 108–458, title IV, §4051, Dec. 17, 2004, 118 Stat. 3728, directed the Assistant Secretary of Homeland Security (Transportation Security Administration), beginning not later than 180 days after Dec. 17, 2004, to carry out a pilot program to evaluate the use of blast-resistant containers for cargo and baggage on passenger aircraft to minimize the potential effects of detonation of an explosive device, and directed the Assistant Secretary to provide incentives to air carriers to volunteer to participate in such program.

AIR CARGO SECURITY

“(a) AIR CARGO SCREENING TECHNOLOGY.—The Assistant Secretary of Homeland Security (Transportation Security Administration) shall develop technology to better identify, track, and screen air cargo.

“(b) IMPROVED AIR CARGO AND AIRPORT SECURITY.—There is authorized to be appropriated to the Secretary of Homeland Security for the use of the Transportation Security Administration, in addition to any amounts otherwise authorized by law, for research and development related to improved aviation security technology to the extent that these are consistent with the air carrier’s need for increased security.

“(1) $300,000,000 for fiscal year 2005;

“(2) $300,000,000 for fiscal year 2006; and

“(3) $300,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

“(c) RESEARCH, DEVELOPMENT, AND DEPLOYMENT.—To carry out subsection (a), there is authorized to be appropriated to the Secretary, in addition to any amounts otherwise authorized by law, for research and development related to enhanced air cargo security technology as well as for deployment and installation of enhanced air cargo security technology—

“(1) $100,000,000 for fiscal year 2005;

“(2) $100,000,000 for fiscal year 2006; and

“(3) $100,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

“(d) ADVANCED CARGO SECURITY GRANTS.—

“(1) IN GENERAL.—The Secretary shall establish and carry out a program to issue competitive grants to encourage the development of advanced air cargo security technology, including use of innovative financing or other means of funding such activities. The Secretary may make available funding for this pur-
(B) MOTIONS TO SUSPEND.—No motion to suspend the application of this paragraph shall be in order in either House, nor shall it be in order in either House for the Presiding Officer to entertain a request to suspend the application of this paragraph by unanimous consent.

(5) REFERRAL.—

(A) IN GENERAL.—An approval resolution shall be referred to the committees of the House of Representatives and of the Senate with jurisdiction. Each committee shall make its recommendations to the House of Representatives or the Senate, as the case may be, within 45 days after its introduction. Except as provided in subparagraph (B), if a committee to which an approval resolution has been referred has not reported it at the close of the 45th day after its introduction, such committee shall be automatically discharged from further consideration of the resolution.

(B) FINAL PASSAGE.—A vote on final passage of the resolution shall be automatic. A motion to recommit the resolution shall be in order, not shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(C) LIMIT ON DEBATE.—A motion in the Senate to further limit debate is not debatable. A motion to recommit an approval resolution is not in order.

(D) FLOOR CONSIDERATION IN THE HOUSE OF REPRESENTATIVES.—

(A) MOTION TO PROCEED.—A motion in the House of Representatives to proceed to the consideration of an approval resolution shall be highly privileged and not debatable. An amendment to the motion shall not be in order, nor shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(B) DEBATE.—Debate in the House of Representatives on an implementing bill or approval resolution has been received from the other House, but the vote on final passage shall be on the appropriate calendar.

(C) COMPUTATION OF DAYS.—For purposes of this paragraph, in computing a number of days in either House for the Presiding Officer to entertain a request to suspend the application of this paragraph, in computing a number of days in either House, nor shall it be in order in either House for the Presiding Officer to entertain a request to suspend the application of this paragraph by unanimous consent.

(D) APPEALS.—All appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to an approval resolution shall be decided without debate.

(E) RULES OF THE HOUSE OF REPRESENTATIVES.—Except to the extent specifically provided in subparagraph (A), consideration of an approval resolution shall be governed by the Rules of the House of Representatives applicable to other resolutions in similar circumstances.

(F) FLOOR CONSIDERATION IN THE SENATE.—

(A) MOTION TO PROCEED.—A motion in the Senate to proceed to the consideration of an approval resolution shall be privileged and not debatable. An amendment to the motion shall not be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(B) DEBATE ON RESOLUTION.—Debate in the Senate on an approval resolution, and appeals in connection therewith, shall be limited to not more than 10 hours, which shall be divided equally between, and controlled by, the Majority Leader and the Minority Leader, or their designees.

(C) DEBATE ON MOTIONS AND APPEALS.—Debate in the Senate on any debatable motion or appeal in connection with an approval resolution shall be limited to not more than 1 hour, which shall be equally divided between, and controlled by, the mover and the manager of the resolution, except that in the event the manager of the resolution is in favor of any such motion or appeal, the time in opposition thereto, shall be controlled by the Minority Leader or designee. Such leaders, or either of them, may, from time under their control on the passage of an approval resolution, allot additional time to any Senator during the consideration of any debatable motion or appeal.

(D) LIMIT ON DEBATE.—A motion in the Senate to further limit debate is not debatable. A motion to recommit an approval resolution is not in order.

(c) DEFAULT STANDARDS.—

(1) IN GENERAL.—If the standards proposed under subsection (a)(1)(A) are not approved pursuant to the procedures described in subsection (b), then not later than 1 year after rejection by a vote of either House of Congress, domestic commercial airline passengers seeking to board an aircraft shall present, for identification purposes:

(A) a valid, unexpired passport;

(B) domestically issued documents that the Secretary of Homeland Security designates as reliable for identification purposes;

(C) any document issued by the Attorney General or the Secretary of Homeland Security under the authority of 1 of the immigration laws (as defined under section 101(a)(17) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(17)); or

(D) a document issued by the country of nationality of any alien not required to possess a passport for admission to the United States that the Secretary designates as reliable for identification purposes.

(2) EXCEPTION.—The documentary requirements described in paragraph (1) shall not apply to individuals below the age of 17, or such other age as determined by the Secretary of Homeland Security.

(3) WAIVER.—(A) The Secretary of Homeland Security may be waived by the Secretary of Homeland Security in the case of an unforeseen medical emergency.

(4) RECOMMENDATION TO CONGRESS.—Not later than 1 year after the date of enactment of this Act [Dec. 17, 2004], the Secretary of Homeland Security shall recommend to Congress—

(1) categories of Federal facilities that the Secretary determines to be at risk for terrorist attack and requiring minimum identification standards for access to such facilities; and

(2) appropriate minimum identification standards to gain access to those facilities.

DEADLINE FOR DEPLOYMENT OF FEDERAL SCREENERS

Pub. L. 107–71, title II, §110(c), Nov. 19, 2001, 115 Stat. 616, provided that:

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Nov. 19, 2001], the Under Secretary of Transportation for Security [now Administrator of the Transportation Security Administration] shall deploy at all airports in the United States where screening is required under section 40001 of title 49, United States Code, a sufficient number of Federal screeners, Federal Security Managers, Federal security personnel, and Federal law enforcement officers to conduct the screening of all passengers and property under section 40001 of such title at such airports.

(2) CERTIFICATION TO CONGRESS.—Not later than 1 year after the date of enactment of this Act, the Under
Secretary shall transmit to Congress a certification that the requirement of paragraph (1) has been met.”

REPORTS

Pub. L. 107–71, title I, §110(d), Nov. 19, 2001, 115 Stat. 616, provided that:

“(1) DEPLOYMENT.—Within 6 months after the date of enactment of this Act [Nov. 19, 2001], the Under Secretary of Transportation for Security [now Administrator of the Transportation Security Administration] shall report to the Committee on Commerce, Science, and Transportation of the Senate and to the Committee on Transportation and Infrastructure of the House of Representatives on the deployment of the systems required by section 44901(c) of title 49, United States Code. The Under Secretary shall include in the report—

“(A) an installation schedule;

“(B) the dates of installation of each system; and

“(C) the date on which each system installed is operational.

“(2) SCREENING OF SMALL AIRCRAFT.—Within 1 year after the date of enactment of this Act [Nov. 19, 2001], the Under Secretary of Transportation for Security [now Administrator of the Transportation Security Administration] shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives on the screening requirements applicable to passengers boarding, and property being carried aboard, aircraft with 60 seats or less used in scheduled passenger service with recommendations for any necessary changes in those requirements.”

INSTALLATION OF ADVANCED SECURITY EQUIPMENT; AGREEMENTS

Pub. L. 104–264, title III, §305(b), Oct. 9, 1996, 110 Stat. 3252, provided that: “The Administrator is authorized to use noncompetitive or cooperative agreements with air carriers and airport authorities that provide for the Administrator to purchase and assist in installing advanced security equipment for the use of such entities.”

PAASSENGER PROFILING

Pub. L. 104–264, title III, §307, Oct. 9, 1996, 110 Stat. 3252, provided that: “The Administrator of the Federal Aviation Administration, the Secretary of Transportation, the intelligence community, and the law enforcement community should continue to assist air carriers in developing computer-assisted passenger profiling programs and other appropriate passenger profiling programs which should be used in conjunction with other security measures and technologies.”

AUTHORITY TO USE CERTAIN FUNDS FOR AIRPORT SECURITY PROGRAMS AND ACTIVITIES

Pub. L. 104–264, title III, §308, Oct. 9, 1996, 110 Stat. 3253, which provided that funds from project grants made under subchapter I of chapter 471 of this title and passenger facility fees collected under section 40117 of this title could be used for the improvement of facilities and the purchase and deployment of equipment to enhance and ensure safe air travel, was repealed by Pub. L. 108–148, title IV, §4081, Dec. 17, 2003, 117 Stat. 1028.

INSTALLATION AND USE OF EXPLOSIVE DETECTION EQUIPMENT

Pub. L. 101–45, title I, June 30, 1989, 103 Stat. 110, provided in part that: “Not later than thirty days after the date of the enactment of this Act [June 30, 1989], the Federal Aviation Administration shall initiate action, including such rulemaking or other actions as necessary, to require the use of explosive detection equipment that meets minimum performance standards requiring application of technology equivalent to or better than thermal neutron analysis technology at such airports (whether located within or outside the United States) as the Administrator determines that the installation and use of such equipment is necessary to ensure the safety of air commerce. The Administrator shall complete these actions within sixty days of enactment of this Act.”

RESEARCH AND DEVELOPMENT OF IMPROVED AIRPORT SECURITY SYSTEMS

Pub. L. 100–649, §2(d), Nov. 10, 1988, 102 Stat. 3817, provided that: “The Administrator of the Federal Aviation Administration shall conduct such research and development as may be necessary to improve the effectiveness of airport security metal detectors and airport security x-ray systems in detecting fireworks that, during the 10-year period beginning on the effective date of this Act [see Effective Date of 1988 Amendment; Sunset Provision note set out under section 922 of Title 18, Crimes and Criminal Procedure], are subject to the prohibitions of section 922(p) of title 18, United States Code.”

DEFINITIONS OF TERMS IN TITLE IV OF PUB. L. 108–458

Pub. L. 108–458, title IV, §4081, Dec. 17, 2004, 118 Stat. 3731, provided that: “In this title [enacting section 44923 of this title, amending sections 134, 4400, 44004, 44009, 44017, 44023, 44025, and 44031 of this title and sections 70102 and 70103 of Title 46, Shipping, and enacting provisions set out as notes under this section, sections 114, 44703, 44913, 44917, 44923, 44925, and 44955 of this title, section 2751 of Title 22, Foreign Relations and Intercourse, and section 70101 of Title 46 (other than in sections 4001 and 4026 (amending sections 114 and 44004 of this title and enacting provisions set out as a note under section 2751 of Title 22)), the following definitions apply:

“(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term ‘appropriate congressional committees’ means the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

“(2) AVIATION DEFINITIONS.—The terms ‘air carrier’, ‘air transportation’, ‘aircraft’, ‘airport’, ‘cargo’, ‘foreign air carrier’, and ‘intrastate air transportation’ have the meanings given such terms in section 40102 of title 49, United States Code.

“(3) SECURE AREA OF AN AIRPORT.—The term ‘secure area of an airport’ means the sterile area and the Secure Identification Display Area of an airport (as such terms are defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulations).”

DEFINITIONS OF TERMS IN PUB. L. 107–71

For definitions of terms used in sections 101(g) and 110(c), (d), of Pub. L. 107–71, set out above, see section 133 of Pub. L. 107–71, set out as a note under section 40102 of this title.

§44902. Refusal to transport passengers and property

(a) MANDATORY REFUSAL.—The Administrator of the Transportation Security Administration shall prescribe regulations requiring an air carrier, intrastate air carrier, or foreign air carrier to refuse to transport—

(1) a passenger who does not consent to a search under section 44901(a) of this title establishing whether the passenger is carrying unlawfully a dangerous weapon, explosive, or other destructive substance; or

(2) property of a passenger who does not consent to a search of the property establishing whether the property unlawfully contains a dangerous weapon, explosive, or other destructive substance.
§ 44903. Air transportation security

(a) Definitions.—In this section:

(1) Administrator.—The term “Administrator” means the Administrator of the Transportation Security Administration.

(2) Law enforcement personnel.—The term “law enforcement personnel” means individuals—

(A) authorized to carry and use firearms;

(B) vested with the degree of the police power of arrest the Administrator considers necessary to carry out this section; and

(C) identifiable by appropriate indicia of authority.

(b) Protection against violence and piracy.—The Administrator shall prescribe regulations to protect passengers and property on an aircraft operating in air transportation or intrastate air transportation against an act of criminal violence or aircraft piracy. When prescribing a regulation under this subsection, the Administrator shall—

(1) consult with the Secretary of Transportation, the Attorney General, the heads of other departments, agencies, and instrumentalities of the United States Government, and State and local authorities;

(2) consider whether a proposed regulation is consistent with—

(A) protecting passengers; and

(B) the public interest in promoting air transportation and intrastate air transportation;

(3) to the maximum extent practicable, require a uniform procedure for searching and detaining passengers and property to ensure—

(A) their safety; and

(B) courteous and efficient treatment by an air carrier, an agent or employee of an air carrier, and Government, State, and local law enforcement personnel carrying out this section; and

(4) consider the extent to which a proposed regulation will carry out this section.

(c) Security programs.—(1) The Administrator shall prescribe regulations under subsection (b) of this section that require each operator of an airport regularly serving an air carrier holding a certificate issued by the Secretary of Transportation to establish an air transportation security program that provides a law enforcement presence and capability at each of those airports that is adequate to ensure the safety of passengers. The regulations shall authorize the operator to use the services of qualified State, local, and private law enforcement personnel. When the Administrator decides, after being notified by an operator in the form the Administrator prescribes, that not enough qualified State, local, and private law enforcement personnel are available to carry out subsection (b), the Administrator may authorize the operator to use, on a reimbursable basis, personnel employed by the Administrator, or by another department, agency, or instrumentality of the Government with the consent of the head of the department, agency, or instrumentality, to supplement State, local, and private law enforcement personnel. When deciding whether additional personnel are needed, the Administrator shall consider the number of passengers boarded at the airport, the extent of anticipated risk of criminal violence or aircraft piracy at the airport or to the air carrier aircraft operations at the airport, and the availability of qualified State or local law enforcement personnel at the airport.

44903(c) ..... 49 App.:1511(b).
§ 44903 TITLE 49—TRANSPORTATION

(2)(A) The Administrator may approve a security program of an airport operator, or an amendment to an existing program, that incorporates a security program of an airport tenant (except an air carrier separately complying with part 108 or 129 of title 14, Code of Federal Regulations) having access to a secured area of the airport, if the program or amendment incorporates—

(i) the measures the tenant will use, within the tenant’s leased areas or areas designated for the tenant’s exclusive use under an agreement with the airport operator, to carry out the security requirements imposed by the Administrator on the airport operator under the access control system requirements of section 107.14 of title 14, Code of Federal Regulations, or under other requirements of part 107 of title 14; and

(ii) the methods the airport operator will use to monitor and audit the tenant’s compliance with the security requirements and provides that the tenant will be required to pay monetary penalties to the airport operator if the tenant fails to carry out a security requirement under a contractual provision or requirement imposed by the airport operator.

(B) If the Administrator approves a program or amendment described in subparagraph (A) of this paragraph, the airport operator may not be found to be in violation of a requirement of this subsection or subsection (b) of this section when the airport operator demonstrates that the tenant or an employee, permittee, or invitee of the tenant is responsible for the violation and that the airport operator has complied with all measures in its security program for securing compliance with its security program by the tenant.

(C) MAXIMUM USE OF CHEMICAL AND BIOLOGICAL WEAPON DETECTION EQUIPMENT.—The Secretary of Transportation may require airports to maximize the use of technology and equipment that is designed to detect or neutralize potential chemical or biological weapons.

(3) PILOT PROGRAMS.—The Administrator shall establish pilot programs in no fewer than 20 airports to test and evaluate new and emerging technology for providing access control and other security protections for closed or secure areas of the airports. Such technology may include biometric or other technology that ensures only authorized access to secure areas.

(d) AUTHORIZING INDIVIDUALS TO CARRY FIREARMS AND MAKE ARRESTS.—With the approval of the Attorney General and the Secretary of State, the Administrator may authorize an individual who carries out air transportation security duties—

(1) to carry firearms; and

(2) to make arrests without warrant for an offense against the United States committed in the presence of the individual or for a felony under the laws of the United States, if the individual reasonably believes the individual to be arrested has committed or is committing a felony.

(e) EXCLUSIVE RESPONSIBILITY OVER PASSENGER SAFETY.—The Administrator has the exclusive responsibility to direct law enforcement activity related to the safety of passengers on an aircraft involved in an offense under section 46502 of this title from the moment all external doors of the aircraft are closed following boarding until those doors are opened to allow passengers to leave the aircraft. When requested by the Administrator, other departments, agencies, and instrumentalities of the Government shall provide assistance necessary to carry out this subsection.

(f) GOVERNMENT AND INDUSTRY CONSORTIA.—The Administrator may establish at airports such consortia of government and aviation industry representatives as the Administrator may designate to provide advice on matters related to aviation security and safety. Such consortia shall not be considered Federal advisory committees for purposes of the Federal Advisory Committee Act (5 U.S.C. App.).

(g) IMPROVEMENT OF SECURED-AREA ACCESS CONTROL.—

(1) ENFORCEMENT.—

(A) ADMINISTRATOR TO PUBLISH SANCTIONS.—The Administrator shall publish in the Federal Register a list of sanctions for use as guidelines in the discipline of employees for infractions of airport access control requirements. The guidelines shall incorporate a progressive disciplinary approach that relates proposed sanctions to the severity or recurring nature of the infraction and shall include measures such as remedial training, suspension from security-related duties, suspension from all duties without pay, and termination of employment.

(B) USE OF SANCTIONS.—Each airport operator, air carrier, and security screening company shall include the list of sanctions published by the Administrator in its security program. The security program shall include a process for taking prompt disciplinary action against an employee who commits an infraction of airport access control requirements.

(2) IMPROVEMENTS.—The Administrator shall—

(A) work with airport operators and air carriers to implement and strengthen existing controls to eliminate airport access control weaknesses;

(B) require airport operators and air carriers to develop and implement comprehensive and recurring training programs that teach employees their roles in airport security, the importance of their participation, how their performance will be evaluated, and what action will be taken if they fail to perform;

(C) require airport operators and air carriers to develop and implement programs that foster and reward compliance with airport access control requirements and discourage and penalize noncompliance in accordance with guidelines issued by the Administrator to measure employee compliance;

(D) on an ongoing basis, assess and test for compliance with access control requirements, report annually findings of the assessments, and assess the effectiveness of penalties in ensuring compliance with security procedures and take any other appro-
private enforcement actions when noncompliance is found;

(E) improve and better administer the Administrator’s security database to ensure its efficiency, reliability, and usefulness for identification or systemic problems and allocation of resources;

(F) improve the execution of the Administrator’s quality control program; and

(G) work with airport operators to strengthen access control points in secured areas (including air traffic control operations areas, maintenance areas, crew lounges, baggage handling areas, concessions, and catering delivery areas) to ensure the security of passengers and aircraft and consider the deployment of biometric or similar technologies that identify individuals based on unique personal characteristics.

(h) IMPROVED AIRPORT PERIMETER ACCESS SECURITY.—

(1) IN GENERAL.—The Administrator, in consultation with the airport operator and law enforcement authorities, may order the deployment of such personnel at any secure area of the airport as necessary to counter the risk of criminal violence, the risk of aircraft piracy at the airport, the risk to air carrier aircraft operations at the airport, or to meet national security concerns.

(2) SECURITY OF AIRCRAFT AND GROUND ACCESS TO SECURED AREAS.—In determining where to deploy such personnel, the Administrator shall consider the physical security needs of air traffic control facilities, parked aircraft, aircraft servicing equipment, aircraft supplies (including fuel), automobile parking facilities within airport perimeters or adjacent to secured facilities, and access and transition areas at airports served by other means of ground or water transportation.

(3) DEPLOYMENT OF FEDERAL LAW ENFORCEMENT PERSONNEL.—The Secretary of Homeland Security may enter into a memorandum of understanding or other agreement with the Attorney General or the head of any other appropriate Federal law enforcement agency to deploy Federal law enforcement personnel at an airport in order to meet aviation safety and security concerns.

(4) AIRPORT PERIMETER SCREENING.—The Administrator—

(A) shall require screening or inspection of all individuals, goods, property, vehicles, and other equipment before entry into a secured area of an airport in the United States described in section 44903(c); 1

(B) shall prescribe specific requirements for such screening and inspection that will assure at least the same level of protection as will result from screening of passengers and their baggage;

(C) shall establish procedures to ensure the safety and integrity of—

(i) all persons providing services with respect to aircraft providing passenger air transportation or intrastate air transportation and facilities of such persons at an airport in the United States described in subsection (c);

(ii) all supplies, including catering and passenger amenities, placed aboard such aircraft, including the sealing of supplies to ensure easy visual detection of tampering; and

(iii) all persons providing such supplies and facilities of such persons;

(D) shall require vendors having direct access to the airfield and aircraft to develop security programs; and

(E) shall issue guidance for the use of biometric or other technology that positively verifies the identity of each employee and law enforcement officer who enters a secure area of an airport.

(5) USE OF BIOMETRIC TECHNOLOGY IN AIRPORT ACCESS CONTROL SYSTEMS.—In issuing guidance under paragraph (4)(E), the Administrator in consultation with representatives of the aviation industry, the biometric identifier industry, and the National Institute of Standards and Technology, shall establish, at a minimum—

(A) comprehensive technical and operational system requirements and performance standards for the use of biometric identifier technology in airport access control systems (including airport perimeter access control systems) to ensure that the biometric identifier systems are effective, reliable, and secure;

(B) a list of products and vendors that meet the requirements and standards set forth in subparagraph (A);

(C) procedures for implementing biometric identifier systems—

(i) to ensure that individuals do not use an assumed identity to enroll in a biometric identifier system; and

(ii) to resolve failures to enroll, false matches, and false non-matches; and

(D) best practices for incorporating biometric identifier technology into airport access control systems in the most effective manner, including a process to best utilize existing airport access control systems, facilities, and equipment and existing data networks connecting airports.

(6) USE OF BIOMETRIC TECHNOLOGY FOR ARMED LAW ENFORCEMENT TRAVEL.—

(A) IN GENERAL.—The Secretary of Homeland Security, in consultation with the Attorney General, shall—

(i) implement this paragraph by publication in the Federal Register; and

(ii) establish a national registered armed law enforcement program, that shall be federally managed, for law enforcement officers needing to be armed when traveling by commercial aircraft.

(B) PROGRAM REQUIREMENTS.—The program shall—

(i) establish a credential or a system that incorporates biometric technology and other applicable technologies;

(ii) establish a system for law enforcement officers who need to be armed when

---

1 So in original. Probably should be “subsection (c)”.

---
traveling by commercial aircraft on a regular basis and for those who need to be armed during temporary travel assignments;

(iii) comply with other uniform credentialing initiatives, including the Homeland Security Presidential Directive 12;

(iv) apply to all Federal, State, local, tribal, and territorial government law enforcement agencies; and

(v) establish a process by which the travel credential or system may be used to verify the identity, using biometric technology, of a Federal, State, local, tribal, or territorial law enforcement officer seeking to carry a weapon on board a commercial aircraft, without unnecessarily disclosing to the public that the individual is a law enforcement officer.

(C) PROCEDURES.—In establishing the program, the Secretary of Homeland Security shall develop procedures—

(i) to ensure that a law enforcement officer of a Federal, State, local, tribal, or territorial government flying armed has a specific reason for flying armed and the reason is within the scope of the duties of such officer;

(ii) to preserve the anonymity of the armed law enforcement officer;

(iii) to resolve failures to enroll, false matches, and false nonmatches relating to the use of the law enforcement travel credential or system;

(iv) to determine the method of issuance of the biometric credential to law enforcement officers needing to be armed when traveling by commercial aircraft;

(v) to invalidate any law enforcement travel credential or system that is lost, stolen, or no longer authorized for use;

(vi) to coordinate the program with the Federal Air Marshal Service, including the force multiplier program of the Service; and

(vii) to implement a phased approach to launching the program, addressing the immediate needs of the relevant Federal agent population before expanding to other law enforcement populations.

(7) DEFINITIONS.—In this subsection, the following definitions apply:

(A) BIOMETRIC IDENTIFIER INFORMATION.—The term "biometric identifier information" means the distinct physical or behavioral characteristics of an individual that are used for unique identification, or verification of the identity, of an individual.

(B) BIOMETRIC IDENTIFIER.—The term "biometric identifier" means a technology that enables the automated identification, or verification of the identity, of an individual based on biometric information.

(C) FAILURE TO ENROLL.—The term "failure to enroll" means the inability of an individual to enroll in a biometric identifier system due to an insufficiently distinctive biometric sample, the lack of a body part necessary to provide the biometric sample, a system design that makes it difficult to provide consistent biometric identifier information, or other factors.

(D) FALSE MATCH.—The term "false match" means the incorrect matching of one individual's biometric identifier information to another individual's biometric identifier information by a biometric identifier system.

(E) FALSE NON-MATCH.—The term "false non-match" means the rejection of a valid identity by a biometric identifier system.

(F) SECURE AREA OF AN AIRPORT.—The term "secure area of an airport" means the sterile area and the Secure Identification Display Area of an airport (as such terms are defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section).

(i) AUTHORITY TO ARM FLIGHT DECK CREW WITH LESS-THAN-LETHAL WEAPONS.—

(1) IN GENERAL.—If the Administrator, after receiving the recommendations of the National Institute of Justice, determines, with the approval of the Attorney General and the Secretary of State, that it is appropriate and necessary and would effectively serve the public interest in avoiding air piracy, the Administrator may authorize members of the flight deck crew on any aircraft providing air transportation or intrastate air transportation to carry a less-than-lethal weapon while the aircraft is engaged in providing such transportation.

(2) USAGE.—If the Administrator grants authority under paragraph (1) for flight deck crew members to carry a less-than-lethal weapon while engaged in providing air transportation or intrastate air transportation, the Administrator shall:

(A) prescribe rules requiring that any such crew member be trained in the proper use of the weapon; and

(B) prescribe guidelines setting forth the circumstances under which such weapons may be used.

(3) REQUEST OF AIR CARRIERS TO USE LESS-THAN-LETHAL WEAPONS.—If the Administrator receives a request from an air carrier for authorization to allow pilots of the air carrier to carry less-than-lethal weapons, the Administrator shall respond within 90 days.

(j) SHORT-TERM ASSESSMENT AND DEPLOYMENT OF EMERGING SECURITY TECHNOLOGIES AND PROCEDURES.—

(1) IN GENERAL.—The Administrator shall periodically recommend to airport operators commercially available measures or procedures to prevent access to secure airport areas by unauthorized persons.

(2) SECURE FLIGHT PROGRAM.—

(A) IN GENERAL.—The Administrator shall ensure that the Secure Flight program, or any successor program—

(i) is used to evaluate all passengers before they board an aircraft; and

(ii) includes procedures to ensure that individuals selected by the program and their carry-on and checked baggage are adequately screened.
(B) MODIFICATIONS.—The Administrator may modify any requirement under the Secure Flight program for flights that originate and terminate within the same State, if the Administrator determines that—

(i) the State has extraordinary air transportation needs or concerns due to its isolation and dependence on air transportation; and

(ii) the routine characteristics of passengers, given the nature of the market, regularly triggers primary selectee status.

(C) ADVANCED AIRLINE PASSENGER PRESCREENING.—

(i) COMMENCEMENT OF TESTING.—The Administrator shall commence testing of an advanced passenger prescreening system that will allow the Department of Homeland Security to assume the performance of comparing passenger information, as defined by the Administrator, to the automatic selectee and no fly lists, utilizing all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government.

(ii) ASSUMPTION OF FUNCTION.—The Administrator, or the designee of the Administrator, shall begin to assume the performance of the passenger prescreening function of comparing passenger information to the automatic selectee and no fly lists and utilize all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government in performing that function.

(iii) REQUIREMENTS.—In assuming performance of the function under clause (ii), the Administrator shall—

(I) establish a procedure to enable airline passengers, who are delayed or prohibited from boarding a flight because the advanced passenger prescreening system determined that they might pose a security threat, to appeal such determination and correct information contained in the system;

(II) ensure that Federal Government databases that will be used to establish the identity of a passenger under the system will not produce a large number of false positives;

(III) establish an internal oversight board to oversee and monitor the manner in which the system is being implemented;

(IV) establish sufficient operational safeguards to reduce the opportunities for abuse;

(V) implement substantial security measures to protect the system from unauthorized access;

(VI) adopt policies establishing effective oversight of the use and operation of the system; and

(VII) ensure that there are no specific privacy concerns with the technological architecture of the system.

(iv) PASSENGER INFORMATION.—After the completion of the testing of the advanced passenger prescreening system, the Administrator, by order or interim final rule—

(I) shall require air carriers to supply to the Administrator the passenger information needed to begin implementing the advanced passenger prescreening system; and

(II) shall require entities that provide systems and services to air carriers in the operation of air carrier reservations systems to provide to air carriers passenger information in possession of such entities, but only to the extent necessary to comply with subclause (I).

(v) INCLUSION OF DETAINERS ON NO FLY LIST.—The Administrator, in coordination with the Terrorist Screening Center, shall include on the No Fly List any individual who was a detainee held at the Naval Station, Guantanamo Bay, Cuba, unless the President certifies in writing to Congress that the detainee poses no threat to the United States, its citizens, or its allies. For purposes of this clause, the term “detainee” means an individual in the custody or under the physical control of the United States as a result of armed conflict.

(D) SCREENING OF EMPLOYEES AGAINST WATCHLIST.—The Administrator, in coordination with the Secretary of Transportation and the Administrator of the Federal Aviation Administration, shall ensure that individuals are screened against all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government before—

(i) being certificated by the Federal Aviation Administration;

(ii) being granted unescorted access to the secure area of an airport; or

(iii) being granted unescorted access to the air operations area (as defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section) of an airport.

(E) AIRCRAFT CHARTER CUSTOMER AND LESSOR PRESCREENING.—

(i) IN GENERAL.—The Administrator Administrator shall establish a process by which operators of aircraft to be used in charter air transportation with a maximum takeoff weight greater than 12,500 pounds may—

(I) request the Department of Homeland Security to use the advanced passenger prescreening system to compare information about any individual seeking to charter an aircraft with a maximum takeoff weight greater than 12,500 pounds, any passenger proposed to be transported aboard such aircraft, and any individual seeking to lease an aircraft with a maximum takeoff weight greater than 12,500 pounds to the automatic selectee and no fly lists, utilizing...
all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government; and

(ii) refuse to charter or lease an aircraft with a maximum takeoff weight greater than 12,500 pounds to or transport aboard such aircraft any persons identified on such watch list.

(ii) REQUIREMENTS.—The requirements of subparagraph (C)(iii) shall apply to this subparagraph.

(iii) No fly and automatic selectee lists.—The Secretary of Homeland Security, in consultation with the Terrorist Screening Center, shall design and review, as necessary, guidelines, policies, and operating procedures for the collection, removal, and updating of data maintained, or to be maintained, in the no fly and automatic selectee lists.

(F) Applicability.—Section 607 of the Vision 100—Century of Aviation Reauthorization Act (49 U.S.C. 44903 note; 117 Stat. 2568) shall not apply to the advanced passenger prescreening system established under subparagraph (C).

(G) Appeal procedures.—

(i) In general.—The Administrator shall establish a timely and fair process for individuals identified as a threat under one or more of subparagraphs (C), (D), and (E) to appeal to the Transportation Security Administration the determination and correction of any erroneous information.

(ii) Records.—The process shall include the establishment of a method by which the Administrator will be able to maintain a record of air passengers and other individuals who have been misidentified and have corrected erroneous information. To prevent repeated delays of misidentified passengers and other individuals, the Transportation Security Administration record shall contain information determined by the Administrator to authenticate the identity of such a passenger or individual.

(H) Definition.—In this paragraph, the term "secure area of an airport" means the sterile area and the Secure Identification Display Area of an airport (as such terms are defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section).

(k) Limitation on liability for acts to thwart criminal violence or aircraft piracy.—An individual shall not be liable for damages in any action brought in a Federal or State court arising out of the acts of the individual in attempting to thwart an act of criminal violence or piracy on an aircraft if that individual reasonably believed that such an act of criminal violence or piracy was occurring or was about to occur.

(l) Air Charter Program.—

(1) In General.—The Administrator shall implement an aviation security program for charter air carriers (as defined in section 40102(a)) with a maximum certificated takeoff weight of more than 12,500 pounds.

(2) Exemption for armed forces charter aircraft.—

(A) In general.—Paragraph (1) and the other requirements of this chapter do not apply to passengers and property carried by aircraft when employed to provide charter transportation to members of the armed forces.

(B) Security procedures.—The Secretary of Defense, in consultation with the Secretary of Homeland Security and the Secretary of Transportation, shall establish security procedures relating to the operation of aircraft when employed to provide charter transportation to members of the armed forces to or from an airport described in section 44903(c).

(C) Armed forces defined.—In this paragraph, the term "armed forces" has the meaning given that term by section 101(a)(4) of title 10.

(m) Security screening for members of the armed forces.—

(1) In general.—The Administrator, in consultation with the Department of Defense, shall develop and implement a plan to provide expedited security screening services for a member of the armed forces, and, to the extent possible, any accompanying family member, if the member of the armed forces, while in uniform, presents documentation indicating official orders for air transportation departing from a primary airport (as defined in section 47102).

(2) Protocols.—In developing the plan, the Administrator shall consider—

(A) leveraging existing security screening models used to reduce passenger wait times;

(B) establishing standard guidelines for the screening of military uniform items, including combat boots; and

(C) incorporating any new screening protocols into an existing trusted passenger program, as established pursuant to section 109(a)(3) of the Aviation and Transportation Security Act (49 U.S.C. 114 note), or into the development of any new credential or system that incorporates biometric technology and other applicable technologies to verify the identity of individuals traveling in air transportation.

(3) Rule of construction.—Nothing in this subsection shall affect the authority of the Administrator to require additional screening of a member of the armed forces if intelligence or law enforcement information indicates that additional screening is necessary.

(4) Report to Congress.—The Administrator shall submit to the appropriate committees of Congress a report on the implementation of the plan.

(n) Passenger exit points from sterile area.—

(1) In general.—The Secretary of Homeland Security shall ensure that the Transportation Security Administration is responsible for monitoring passenger exit points from the sterile area of airports at which the Transpor-
tion Security Administration provided such monitoring as of December 1, 2013.

(2) STERILE AREA DEFINED.—In this section, the term "sterile area" has the meaning given that term in section 1540.5 of title 49, Code of Federal Regulations (or any corresponding similar regulation or ruling).

HISTORICAL AND REVISION NOTES

In this section, the word "passengers" is substituted for "persons" for consistency in the revised title.

In subsection (a)(2), the words "the degree of" are substituted for "such" for clarity.

In section 1991(d)(3), before clause (i), the words "In any case in which" are substituted for "when it appears to the Administrator for "in any case in which" to eliminate unnecessary words. The words "of criminal violence and aircraft piracy" are omitted. In clause (ii), the word "passenger" is substituted for "persons" for clarity.

In subsection (a)(2), the words "the degree of" are substituted for "such" for clarity.

In subsection (c)(1), before clause (C)(i), the word "traveling in air transportation or interstate air transportation against acts of criminal violence and aircraft piracy" is omitted as surplus. The words "as soon as practicable after the date of enactment of this subsection," after "shall issue".

In this section, the word "passengers" is substituted for "persons" for consistency in the revised title.

In subsection (a)(2), the words "the degree of" are substituted for "such" for clarity.

In section 1991(d)(3), before clause (i), the words "In any case in which" are substituted for "when it appears to the Administrator for "in any case in which" to eliminate unnecessary words. The words "of criminal violence and aircraft piracy" are omitted. In clause (ii), the word "passenger" is substituted for "persons" for clarity.

In subsection (a)(2), the words "the degree of" are substituted for "such" for clarity.

In subsection (c)(1), before clause (C)(i), the word "traveling in air transportation or interstate air transportation against acts of criminal violence and aircraft piracy" is omitted as surplus. The words "as soon as practicable after the date of enactment of this subsection," after "shall issue".

REFERENCES IN TEXT

Section 607 of the Vision 100—Century of Aviation Reauthorization Act, referred to in subsec. (j)(2)(F), is section 607 of Pub. L. 108–176, which is set out as a note below.

AMENDMENTS

Subsec. (a), Pub. L. 115–254, §1991(d)(3)(A), substituted "Definitions" for "Definition" in heading and "In this section:" for "In this section—law enforcement personnel means individuals—" in introductory provisions, added par. (1), redesignated former paras. (1) to (3) as subpars. (A) to (C) of par. (2), inserted before subpar. (A) "2 LAW ENFORCEMENT PERSONNEL. The term "law enforcement personnel" means individuals—", and in subpar. (B) substituted "Administrator" for "Under Secretary of Transportation for Security".

Subsec. (g)(3)(E), (F), Pub. L. 115–254, §1991(d)(3)(C), substituted "Administrator’s" for "Under Secretary’s".

Subsec. (h)(4)(A), Pub. L. 115–254, §1991(d)(3)(D)(ii)(I), struck out "as soon as practicable after the date of enactment of this subsection," after "shall require".

Subsec. (h)(4)(C)(i), Pub. L. 115–254, §1991(d)(3)(D)(ii)(II), substituted "section 49603(c)" for "section 49603(c)".

the date of enactment of the Implementing Rec-
ommendations of the 9/11 Commission Act of 2007, the "in introductory provisions.

Subsec. (h)(3). Pub. L. 115–254, §1991(d)(3)(D), struck out "; after the date of enactment of this paragraph," after "If".

Pub. L. 107–71, §126(b), added subsec. (h) relating to authority to arm flight deck crews with less-than-lethal weapons.

Pub. L. 107–71, §106(a), added subsec. (h) relating to improved airport perimeter access security.

Subsec. (g). Pub. L. 106–528, §4, added subsec. (g).

**Effective Date of 2012 Amendment**

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

**Effective Date of 2002 Amendment**

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

**Effective Date of 2000 Amendments**

Amendment by Pub. L. 106–528 effective 30 days after Nov. 22, 2000, see section 9 of Pub. L. 106–528, set out as a note under section 106 of this title.

**Secondary Cockpit Barriers**

“(a) Short Title.—This section may be cited as the ‘Saracini Aviation Safety Act of 2018’.

“(b) Establishment of Task Force.—The Secretary of Transportation shall establish a task force, to be known as the National In-Flight Sexual Misconduct Task Force (referred to in this section as ‘Task Force’) to—

“(1) review current policies, protocols and training of air carrier employees responding to and investigating allegations of sexual misconduct by passengers onboard aircraft; and

“(2) provide guidance on training, reporting and data collection regarding allegations of sexual misconduct occurring on passenger aircraft flights that are informed by the review of information described in paragraph (1) and subsection (c)(5) on passengers who have experienced sexual misconduct onboard aircraft.

“(c) Membership.—The Task Force shall be composed of, at a minimum, representatives from—

“(1) [the] Department of Transportation;
for individuals involved in incidents of alleged sexual misconduct onboard aircraft to report such allegations of sexual misconduct to law enforcement in a manner that protects the privacy and confidentiality of individuals involved in such allegations.

“(b) Availability of Reporting Process.—The process for reporting established under subsection (a) shall be made available to the public on the primary Internet websites of—

“(1) the Office for Victims of Crime and the Office on Violence Against Women of the Department of Justice;

“(2) the Federal Bureau of Investigation; and

“(3) the Department of Transportation.”

EMPLOYER ASSAULT PREVENTION AND RESPONSE PLANS

“(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act (Oct. 5, 2018), each air carrier operating under part 121 of title 14, Code of Federal Regulations (in this section referred to as a ‘part 121 air carrier’), shall submit to the Administrator of the Federal Aviation Administration for review and acceptance an Employee Assault Prevention and Response Plan related to the customer service agents of the air carrier and that is developed in consultation with the labor union representing such agents.

“(b) CONTRIBUTING FACTORS.—An Employee Assault Prevention and Response Plan submitted under subsection (a) shall include the following:

“(1) Reporting protocols for air carrier customer service agents who have been the victim of a verbal or physical assault.

“(2) Protocols for the immediate notification of law enforcement after an incident of verbal or physical assault committed against an air carrier customer service agent.

“(3) Protocols for informing Federal law enforcement with respect to violations of section 46508 of title 49, United States Code.

“(4) Protocols for ensuring that a passenger involved in a violent incident with a customer service agent of an air carrier is not allowed to move through airport security or board an aircraft until appropriate law enforcement has had an opportunity to assess the incident and take appropriate action.

“(5) Protocols for air carriers to inform passengers of Federal laws protecting Federal, airport, and air carrier employees who have security duties within an airport.

“(c) EMPLOYER TRAINING.—A part 121 air carrier shall conduct initial and recurrent training for all employees, including management, of the air carrier with respect to the plan required under subsection (a), which shall include training on de-escalating hostile situations, written protocols on dealing with hostile situations, and the reporting of relevant incidents.

“(d) STUDY.—Not later than 180 days after the date of enactment of this Act, the Comptroller General of the United States shall—

“(1) complete a study of crimes of violence (as defined in section 16 of title 18, United States Code) committed against airline customer service representatives while they are performing their duties and on airport property; and

“(2) submit the findings of the study, including any recommendations, to the appropriate committees of Congress.

“(e) GAP ANALYSIS.—The study required under subsection (d) shall include a gap analysis to determine how State and local laws and resources are adequate to deter or otherwise address the crimes of violence described in subsection (a) and recommendations on how to address any identified gaps.”

TRANSPORTATION SECURITY LABORATORY

“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act (Oct. 5, 2018), the Secretary of Homeland Security, in consultation with the Administrator of the Transportation Security Administration and the Undersecretary for Science and Technology—

“(1) shall conduct a review to determine whether the TSA (Transportation Security Administration) is the most appropriate component within the Department of Homeland Security to administer the Transportation Security Laboratory; and

“(2) may direct the TSA to administer the Transportation Security Laboratory if the review under paragraph (1) identifies the TSA as the most appropriate component.

“(b) PERIODIC REVIEWS.—The Secretary shall periodically review the screening technology test and evaluation process conducted at the Transportation Security Laboratory to improve the coordination, collaboration, and communication between the Transportation Security Laboratory and the TSA to identify factors contributing to acquisition inefficiencies, develop strategies to reduce acquisition inefficiencies, facilitate more expeditious initiation and completion of testing, and identify how laboratory practices can better support acquisition decisions.

“(c) REPORTS.—The Secretary shall report the findings of each review under this section to the appropriate committees of Congress.

“(d) PROXY SECURITY TEST AND EVALUATION.

“(1) IN GENERAL.—The Secretary shall conduct a pilot program to implement and evaluate the use of automated exit lane technology at small hub airports and nonhub airports (as those terms are defined in section 40102 of title 49, United States Code).

“(2) PARTNERSHIP.—The Administrator shall carry out the pilot program in partnership with the applicable airport directors.

“(e) COST SHARE.—The Federal share of the cost of the pilot program under this section shall not exceed 85 percent of the total cost of the program.

“(f) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated $15,000,000 for each of fiscal years 2019 through 2021.

“(g) REPORT.—Not later than 2 years after the date the pilot program is implemented, the Administrator shall submit to the appropriate committees of Congress a report on the pilot program, including—

“(1) the extent of airport participation in the pilot program and how the program was implemented;

“(2) the results of the pilot program and any reported benefits, including the impact on security and any cost-related efficiencies realized by TSA (Transportation Security Administration) or at the participating airports; and

“(3) the feasibility of expanding the pilot program to additional airports, including to medium and large hub airports.”

SECURING AIRPORT WORKER ACCESS POINTS

“(a) COOPERATIVE EFFORTS TO ENHANCE AIRPORT SECURITY AWARENESS.—Not later than 180 days after the
date of enactment of this Act [Oct. 5, 2018], the Administrator shall consult with air carriers, foreign air carriers, airport operators, and labor unions representing credentialled employees to enhance security awareness of credentialled airport populations regarding insider threats to aviation security and best practices related to airport access controls.

(2) Credentialing Standards.—Not later than 180 days after the date of enactment of this Act, the Administrator, in consultation with air carriers, foreign air carriers, airport operators, and labor unions representing credentialled employees, shall assess credentialling standards, policies, and practices, including implementation of relevant credentialling updates required under the FAA Extension, Safety, and Security Act of 2016 (Public Law 114–190; 130 Stat. 615) (see Tables for classification), to ensure that insider threats to aviation security are adequately addressed.

(3) SIDA Applicant Failure to Provide Number.—An applicant who does not provide such applicant's social security number may be denied such a credential.

(2) Screening Notice.—The Administrator shall issue requirements for an airport operator to include in each application for access to a Security Identification Display Area notification to the applicant that an employee holding a credential granting access to a Security Identification Display Area may be screened at any time while gaining access to, working in, or leaving a Security Identification Display Area.

(d) Secured and Sterile Areas of Airports.—The Administrator shall consult with airport operators and airline operators to identify advanced technologies, including biometric identification technologies, that could be used for securing employee access to the secured areas and sterile areas of airports.

(e) Rap Back Vetting.—Not later than 180 days after the date of enactment of this Act, the Administrator shall identify and submit to the appropriate committees of Congress the number of credentialled aviation worker populations at airports that are continuously vetted through the Federal Bureau of Investigation's Rap Back Service, consistent with section 3405(b)(2) of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44901 note).

(f) Insider Threat Education and Mitigation.—Not later than 180 days after the date of enactment of this Act, the Administrator shall identify and submit to the appropriate committees of Congress the number of credentialled aviation worker populations at airports that are continuously vetted through the Federal Bureau of Investigation's Rap Back Service, consistent with section 3405(b)(2) of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44901 note).

(1) In General.—In accordance with section 44903(c)(1) of title 49, United States Code, the Administrator [of the Transportation Security Administration] shall increase the number of awards, and the total funding amount of each award, under the Law Enforcement Officer Reimbursement Program—

(1) to increase the presence of law enforcement officers in the public areas of airports, including baggage claim, ticket counters, and nearby roads; and

(2) to increase the presence of law enforcement officers at screening checkpoints;

(3) to reduce the response times of law enforcement officers during security incidents; and

(4) to provide visible deterrents to potential terrorists.

(b) Cooperation by Administrator.—In carrying out subsection (a), the Administrator shall use the authority provided to the Administrator under section 114(m) of title 49, United States Code, that is the same authority as is provided to the Administrator of the Federal Aviation Administration under section 106 of that title.

(c) Administrative Burdens.—The Administrator shall review the regulations and compliance policies related to the Law Enforcement Officer Reimbursement Program.
Program and, if necessary, revise such regulations and policies to reduce any administrative burdens on applicants or recipients of such awards.

**AUTHORIZATION OF APPROPRIATIONS.**—There is authorized to be appropriated to carry out section 4901(h) of title 49, United States Code, $55,000,000 for each of fiscal years 2019 through 2021.

**AIRCRAFT PERIMETER AND ACCESS CONTROL SECURITY.**

"(a) ASSIGNMENTS OF AIRPORT SECURITY.—

"(1) IN GENERAL.—The Administrator [of the Transportation Security Administration] shall—

"(A) not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], update the Transportation Sector Security Risk Assessment (referred to in this section as the 'TSSRA'); and

"(B) not later than 90 days after the date the TSSRA is updated under subparagraph (A)—

"(i) update with the most currently available intelligence information the Comprehensive Risk Assessment of Perimeter and Access Control Security (referred to in this section as the 'Risk Assessment of Airport Security');

"(ii) establish a regular schedule for periodic updates to the Risk Assessment of Airport Security; and

"(iii) conduct a system-wide assessment of airport access control points and airport perimeter security.

"(2) CONTENTS.—The security risk assessments required under paragraph (1) shall—

"(A) include updates reflected in the TSSRA and Joint Vulnerability Assessment findings;

"(B) reflect changes to the risk environment relating to airport access control points and airport perimeters;

"(C) use security event data for specific analysis of system-wide trends related to airport access control points and airport perimeter security to better inform risk management decisions; and

"(D) consider the unique geography of and current best practices used by airports to mitigate potential vulnerabilities.

"(3) REPORT.—The Administrator shall report the results of the TSSRA and Risk Assessment of Airport Security under paragraph (1) to—

"(A) the appropriate committees of Congress [Committees on Commerce, Science, and Transportation and Homeland Security and Governmental Affairs of the Senate and Committee on Homeland Security of the House of Representatives];

"(B) relevant Federal departments and agencies; and

"(C) airport operators.

"(b) AIRPORT SECURITY STRATEGY DEVELOPMENT.—

"(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator shall update the 2012 National Strategy for Airport Perimeter and Access Control Security (referred to in this section as the 'National Strategy').

"(2) CONTENTS.—The update to the National Strategy shall include—

"(A) information from the Risk Assessment of Airport Security; and

"(B) information on—

"(i) airport security-related activities;

"(ii) the status of TSA [Transportation Security Administration] efforts to address the objectives of the National Strategy;

"(iii) finalized outcome-based performance measures and performance levels for—

"(I) each activity described in clause (1); and

"(II) each objective described in clause (ii); and

"(iv) input from airport operators.

"(3) UPDATES.—Not later than 90 days after the date the update to the National Strategy is complete, the Administrator shall establish a regular schedule for determining if and when additional updates to the strategy under paragraph (1) are necessary."

**TRAVELER REDRESS IMPROVEMENT.**

"(a) REDRESS PROCESS.—

"(1) IN GENERAL.—Not later than 30 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator [of the Transportation Security Administration], using existing resources, systems, and processes, shall ensure the availability of the Department of Homeland Security Traveler Redress Inquiry Program (referred to in this section as 'DHS TRIP') to adjudicate inquiries for an individual who—

"(A) is a citizen of the United States or alien lawfully admitted for permanent residence;

"(B) has filed the inquiry with DHS TRIP after receiving enhanced screening at an airport passenger security checkpoint more than 3 times in any 60-day period; and

"(C) believes the individual has been wrongly identified as being a threat to aviation security.

"(2) BRIEFING.—Not later than 180 days after the date of enactment of this Act, the Administrator shall brief the appropriate committees of Congress [Committees on Commerce, Science, and Transportation and Homeland Security and Governmental Affairs of the Senate and Committee on Homeland Security of the House of Representatives] on the implementation of the redress process required under paragraph (1).

"(b) PRIVACY IMPACT ASSESSMENT REVIEW AND UPDATE.—

"(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator shall review and update the Privacy Impact Assessment for the Secure Flight programs to ensure the assessment accurately reflects the operation of such programs.

"(2) PUBLIC DISSEMINATION; FORM.—The Administrator shall—

"(A) publish the Secure Flight Privacy Impact Assessment review and update required under paragraph (1) on a publicly-accessible internet webpage of the TSA [Transportation Security Administration]; and

"(B) submit the Secure Flight Privacy Impact Assessment review and update to the appropriate committees of Congress.

"(c) RULE REVIEW AND NOTIFICATION PROCESS.—

"(1) RULE REVIEW.—Not later than 60 days after the date of enactment of this Act, and every 120 days thereafter, the Assistant Administrator of the Office of Intelligence and Analysis of the TSA, in coordination with the entities specified in paragraph (3), shall identify and review the screening rules established by the Office of Intelligence and Analysis of the [TSA].

"(2) NOTIFICATION PROCESS.—Not later than 2 days after the date that any change to a rule identified under paragraph (1) is made, the Assistant Administrator of the Office of Intelligence and Analysis of the TSA shall notify the entities specified in paragraph (3) of the change.

"(d) ENTITIES SPECIFIED.—The entities specified in this paragraph are as follows:

"(A) The Office of Civil Rights and Liberties, Ombudsman, and Traveler Engagement of the TSA;

"(B) The Office of Civil Rights and Liberties of the Department [of Homeland Security];

"(C) The Office of Chief Counsel of the TSA.

"(D) The Office of General Counsel of the Department.

"(E) The Privacy Office of the Administration.

"(F) The Privacy Office of the Department.

"(G) The Federal Air Marshal Service.

"(H) The Traveler Redress Inquiry Program of the Department.

"(i) FEDERAL AIR MARSHAL SERVICE COORDINATION.—

"(1) IN GENERAL.—The Administrator shall ensure that the rules identified in subsection (c) are taken
into account for Federal Air Marshal mission scheduling.

(2) REPORT.—Not later than 180 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall submit to the appropriate committees of Congress a report on whether, and if so how, the rules identified in subsection (c) are incorporated in the risk analysis conducted during the Federal Air Marshal mission scheduling process.

(3) STUDY.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall—

(1) study the rules identified under subsection (c)(1), including—

(A) whether the rules are effective in mitigating potential threats to aviation security; and

(B) whether, and if so how, the TSA coordinates with the Department regarding any proposed change to a rule; and

(2) submit to the appropriate committees of Congress a report on the findings under paragraph (1), including any recommendations.”

GENERAL AVIATION AIRPORTS

“(a) SHORT TITLE.—This section may be cited as the ‘Securing General Aviation and Charter Air Carrier Screen Services Act’.

(b) ADVANCED PASSENGER PRESCREENING SYSTEM.—Not later than 120 days after the date of enactment of this Act [Oct. 5, 2018], the Administrator shall submit to the appropriate committees of Congress a report on the status of the deployment of the advanced passenger prescreening system, and access thereto for certain aircraft operators, as required by section 44903(j)(2)(E) of title 49, United States Code, including—

(1) the reasons for the delay in deploying the system; and

(2) a detailed schedule of actions necessary for the deployment of the system.

(c) SCREENING SERVICES OTHER THAN IN PRIMARY PASSENGER TERMINALS.—

“(1) IN GENERAL.—Subject to the provisions of this subsection, the Administrator may provide screening services to a charter air carrier in an area other than the primary passenger terminal of an applicable airport.

(2) REQUESTS.—A request for screening services under paragraph (1) shall be made at such time, in such form, and in such manner as the Administrator may require, except that the request shall be made to the Federal Security Director for the applicable air carrier agrees in writing to compensate the TSA for all reasonable costs, including overtime, of providing the screening services.

(3) AVAILABILITY.—A Federal Security Director may provide requested screening services under this section if the Federal Security Director determines such screening services are available.

(4) AGREEMENTS.—

“(A) LIMITATION.—No screening services may be provided under this section unless a charter air carrier agrees in writing to compensate the TSA for all reasonable costs, including overtime, of providing the screening services.

(5) PAYMENTS.—Notwithstanding section 3302 of title 31, United States Code, payment received under subparagraph (A) shall be credited to the account that was used to cover the cost of providing the screening services. Amounts so credited shall be merged with amounts in that account, and shall be available for the same purposes, and subject to the same conditions and limitations, as other amounts in that account.

(6) DEFINITIONS.—In this section:

“(A) APPLICABLE AIRPORT.—The term ‘applicable airport’ means an airport that—

(i) is not a commercial service airport; and

(ii) is receiving screening services for scheduled passenger aircraft.

(3) CHARTER AIR CARRIER.—The term ‘charter air carrier’ has the meaning given the term in section 40102 of title 49, United States Code.

(4) SCREENING SERVICES.—The term ‘screening services’ means the screening of passengers and property similar to the screening of passengers and property described in section 44901 of title 49, United States Code.

(5) REPORT.—Not later than 120 days after the date of enactment of this Act, the Administrator, in consultation with the ASAC, shall submit to the appropriate committees of Congress a report on the feasibility of requiring a security threat assessment before an individual could obtain training from a private flight school to operate an aircraft having a maximum certificated takeoff weight of more than 12,500 pounds.

(6) REPORTS.—(A) The Administrator shall submit to the appropriate committees of Congress a report on the findings under paragraph (1), in—

(B) whether, and if so how, the TSA coordinates with the Administrator of the Federal Aviation Administration, shall disseminate RTCA Document (DO–329) Aircraft Secondary Barriers and Alternative Flight Deck Security Procedure to aviation stakeholders, including air carriers and flight crew, to convey effective methods and best practices to protect the flight deck.”

AVIATION CYBERSECURITY

“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Oct. 5, 2018], the Administrator of the Federal Aviation Administration shall initiate a review of the comprehensive and strategic framework of principles and policies (referred to in this section as the ‘framework’) developed pursuant to section 2111 of the FAA Extension, Safety, and Security Act of 2016 [Pub. L. 114–190] (49 U.S.C. 40903 note) [set out below].

(1) The recommendations regarding general aviation access to Ronald Reagan Washington National Airport, as adopted on February 17, 2015.

(2) The recommendations regarding the vetting of persons seeking flight training in the United States, as adopted on July 28, 2018.

(3) Any other such recommendations relevant to the security of general aviation adopted before the date of the enactment of this Act.

(4) DESIGNATED STAFFING.—The Administrator may designate 1 or more full-time employees of the TSA to liaise with, and respond to issues raised by, general aviation stakeholders.

(f) SECURITY ENHANCEMENTS.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with the ASAC, shall submit to the appropriate committees of Congress a report on the feasibility of requiring a security threat assessment before an individual could obtain training from a private flight school to operate an aircraft having a maximum certificated takeoff weight of more than 12,500 pounds.

(3) Any other such recommendations relevant to the security of general aviation adopted before the date of the enactment of this Act.

(g) STUDY.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with the ASAC, shall study the rules identified under subsection (c) of section 44946(b) of title 49, United States Code, to determine whether, and if so how, the FAA coordinates with the ASAC, shall, consistent with the recommendations of paragraphs (6) and (7) of section 44946(b) of title 49, United States Code, submit to the appropriate committees of Congress an implementation plan, including an implementation schedule, for any of the following recommendations that were adopted by the ASAC and with which the Administrator has concurred before the date of the enactment of this Act:

(1) The recommendations regarding general aviation access to Ronald Reagan Washington National Airport, as adopted on February 17, 2015.

(2) The recommendations regarding the vetting of persons seeking flight training in the United States, as adopted on July 28, 2018.

(3) Any other such recommendations relevant to the security of general aviation adopted before the date of the enactment of this Act.

(h) REPORTS.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with the ASAC and with which the Administrator has concurred before the date of the enactment of this Act:

(1) The recommendation regarding general aviation access to Ronald Reagan Washington National Airport, as adopted on February 17, 2015.

(2) The recommendation regarding the vetting of persons seeking flight training in the United States, as adopted on July 28, 2018.

(3) Any other such recommendations relevant to the security of general aviation adopted before the date of the enactment of this Act.

(i) REPORTS.—(A) After the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the findings under paragraph (1), in—

(B) whether, and if so how, the TSA coordinates with the Administrator of the Federal Aviation Administration, shall disseminate RTCA Document (DO–329) Aircraft Secondary Barriers and Alternative Flight Deck Security Procedure to aviation stakeholders, including air carriers and flight crew, to convey effective methods and best practices to protect the flight deck.”
“(2) review existing short- and long-term objectives for addressing cybersecurity risks to the national airspace system; and

“(3) assess the [Federal Aviation] Administration’s level of engagement and coordination with aviation stakeholders and other appropriate agencies, organizations, or groups with which the Administration consults to carry out the framework.

“(c) Updates.—Upon completion of the review under subsection (a), the Administrator shall modify the framework, as appropriate, to address any deficiencies identified by the review.

“(d) Report to Congress.—Not later than 180 days after initiating the review required by subsection (a), the Administrator shall submit to the appropriate committees of Congress (Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives) a report on the results of the review, including a description of any modifications made to the framework.”

Pub. L. 114–190, title II, § 2111, July 15, 2016, 130 Stat. 625, provided that:

“(a) Comprehensive and Strategic Aviation Framework.—

“(1) In General.—Not later than 240 days after the date of enactment of this Act [July 15, 2016], the Administrator of the Federal Aviation Administration shall facilitate and support the development of a comprehensive and strategic framework of principles and policies to reduce cybersecurity risks to the national airspace system, civil aviation, and agency information systems using a total systems approach that takes into consideration the interactions and interdependence of different components of aircraft systems and the national airspace system.

“(2) Scope.—In carrying out paragraph (1), the Administrator shall—

“(A) identify and address the cybersecurity risks associated with—

“(i) the modernization of the national airspace system;

“(ii) the automation of aircraft, equipment, and technology; and

“(iii) aircraft systems, including by—

“(AA) to assess cybersecurity risks to aircraft systems;

“(BB) to review the extent to which existing rulemaking, policy, and guidance to promote safety also promote aircraft systems information security protection; and

“(CC) to provide appropriate recommendations to the Administrator if separate or additional rulemaking, policy, or guidance is needed to address cybersecurity risks to aircraft systems; and

“(B) identifying and addressing—

“(aa) cybersecurity risks associated with in-flight entertainment systems; and

“(bb) whether in-flight entertainment systems can and should be isolated and separate, such as through an air gap, under existing rulemaking, policy, and guidance;

“(C) identify and implement objectives and actions to reduce cybersecurity risks to air traffic control information systems, including actions to improve implementation of information security standards, such as those of the National Institute of Standards and Technology;

“(D) support voluntary efforts by industry, RTCA, Inc., and other standards-setting organizations to develop and identify consensus standards and best practices relating to guidance on aviation systems information security protection, consistent, to the extent appropriate, with the cybersecurity risk management activities described in section 2(e) of the National Institute Standards and Technology Act (15 U.S.C. 272(e));

“(E) establish guidelines for the voluntary exchange of information between and among aviation stakeholders pertaining to aviation-related cybersecurity incidents, threats, and vulnerabilities;

“(F) identify short- and long-term objectives and actions that can be taken in response to cybersecurity risks to the national airspace system; and

“(G) identify research and development activities to inform actions in response to cybersecurity risks.

“(3) Implementation Requirements.—In carrying out the activities under this subsection, the Administrator shall—

“(A) coordinate with aviation stakeholders, including, at a minimum, representatives of industry, airlines, manufacturers, airports, RTCA, Inc., and unions;

“(B) consult with the heads of relevant agencies and with international regulatory authorities;

“(C) if determined appropriate, convene an expert panel or working group to identify and address cybersecurity risks; and

“(D) evaluate, on a periodic basis, the effectiveness of the principles established under this subsection.

“(b) Update on Cybersecurity Implementation Progress.—Not later than 90 days after the date of enactment of this Act [July 15, 2016], the Administrator shall provide to the appropriate committees of Congress (Committee on Commerce, Science, and Transportation of the Senate and Committee on Transportation and Infrastructure of the House of Representatives) an update on progress made toward the implementation of this section.

“(c) Cybersecurity Threat Model.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with the Director of the National Institute of Standards and Technology, shall implement the open recommendation issued in 2015 by the Government Accountability Office to assess and research the potential cost and timetable of developing and maintaining an agencywide threat model, which shall be updated regularly, to strengthen the cybersecurity of agency systems across the Federal Aviation Administration. The Administrator shall brief the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status, results, and composition of the threat model.

“(d) National Institute of Standards and Technology Information Security Standards.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, after consultation with the Director of the National Institute of Standards and Technology, shall transmit to the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on—

“(1) a cybersecurity standards plan to improve implementation of the National Institute of Standards and Technology’s latest revisions to information security guidance for Federal Aviation Administration information and Federal Aviation Administration information systems within set timeframes; and

“(2) an explanation of why any such revisions are not incorporated in the plan or are not incorporated within set timeframes;

“(e) Cybersecurity Research and Development.—Not later than 1 year after the date of enactment of...
this Act, the Administrator, in consultation with other agencies as appropriate, shall establish a cybersecurity research and development plan for the national air transportation system, including—

"(1) any proposal for research and development cooperation with international partners;

"(2) an evaluation and determination of research and development needs to determine any cybersecurity risks of cabin communications and cabin information technology systems on board in the passenger domain; and

"(3) objectives, proposed tasks, milestones, and a 5-year budgetary profile."

**AIRPORT SECURITY**

"**SECTION 1. SHORT TITLE.**

"This Act may be cited as the 'Gerardo Hernandez Airport Security Act of 2015'.

"**SECTION 2. DEFINITIONS.**

"In this Act:

"1. ASSISTANT SECRETARY.—The term 'Assistant Secretary' means the Assistant Secretary of Homeland Security (Transportation Security) of the Department of Homeland Security.

"2. ADMINISTRATION.—The term 'Administration' means the Transportation Security Administration.

"**SECTION 3. SECURITY INCIDENT RESPONSE AT AIRPORTS.**

"(a) IN GENERAL.—The Assistant Secretary shall, in consultation with other Federal agencies as appropriate, conduct outreach to all airports in the United States at which the Administration performs, or oversees the implementation and performance of, security measures, and provide technical assistance as necessary, to verify such airports have in place individualized working plans for responding to security incidents inside the perimeter of the airport, including active shooters, acts of terrorism, and incidents that target passenger-screening checkpoints.

"(b) TYPES OF PLANS.—Such plans may include, but may not be limited to, the following:

"1. A strategy for evacuating and providing care to persons inside the perimeter of the airport, with consideration given to the needs of persons with disabilities.

"2. A plan for establishing a unified command, including identification of staging areas for non-airport-specific law enforcement and fire response.

"3. A schedule for regular testing of communications equipment used to receive emergency calls.

"4. An evaluation of how emergency calls placed by persons inside the perimeter of the airport will reach airport police in an expeditious manner.

"5. A practiced method and plan to communicate with travelers and all other persons inside the perimeter of the airport.

"6. To the extent practicable, a projected maximum timeframe for law enforcement response to active shooters, acts of terrorism, and incidents that target passenger-security-screening checkpoints.

"7. A schedule of joint exercises and training to be conducted by the airport, the Administration, other stakeholders such as airport and airline tenants, and any relevant law enforcement, airport police, fire, and medical personnel.

"8. A schedule for producing after-action joint exercise reports to identify and determine how to improve security incident response capabilities.

"9. A strategy, where feasible, for providing airport law enforcement with access to airport security video surveillance systems at category X airports where those systems were purchased and installed using Administration funds.

"**COMPANY.**—Not later than 180 days after the date of enactment of this Act [Sept. 24, 2015], the Assistant Secretary shall report to the Committee on Homeland Security of the House of Representatives and the Committee on the Commerce, Science, and Transportation of the Senate on the findings from its outreach to airports under subsection (a), including an analysis of the level of preparedness such airports have to respond to security incidents, including active shooters, acts of terrorism, and incidents that target passenger-screening checkpoints.

"**SECTION 4. DISSEMINATING INFORMATION ON BEST PRACTICES.**

"The Assistant Secretary shall—

"1. identify best practices that exist across airports for security incident planning, management, and training; and

"2. establish a mechanism through which to share such best practices with other airport operators nationwide.

"**SECTION 5. CERTIFICATION.**

"Not later than 90 days after the date of enactment of this Act [Sept. 24, 2015], and annually thereafter, the Assistant Secretary shall certify in writing to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate that all screening personnel have participated in practical training exercises for active shooter scenarios.

"**SECTION 6. REIMBURSABLE AGREEMENTS.**

"Not later than 90 days after the enactment of this Act [Sept. 24, 2015], the Assistant Secretary shall provide to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate an analysis of how the Administration can use cost savings achieved through efficiencies to increase over the next 5 fiscal years the funding available for checkpoint screening law enforcement support reimbursable agreements.

"**SECTION 7. SECURITY INCIDENT RESPONSE FOR SURFACE TRANSPORTATION SYSTEMS.**

"(a) IN GENERAL.—The Assistant Secretary shall, in consultation with the Secretary of Transportation, and other relevant agencies, conduct outreach to all passenger transportation agencies and providers with high-risk facilities, as identified by the Assistant Secretary, to verify such agencies and providers have in place plans to respond to active shooters, acts of terrorism, or other security-related incidents that target passengers.

"(b) TYPES OF PLANS.—As applicable, such plans may include, but may not be limited to, the following:

"1. A strategy for evacuating and providing care to individuals, with consideration given to the needs of persons with disabilities.

"2. A plan for establishing a unified command.

"3. A plan for frontline employees to receive active shooter training.

"4. A schedule for regular testing of communications equipment used to receive emergency calls.

"5. An evaluation of how emergency calls placed by individuals using the transportation system will reach police in an expeditious manner.

"6. A practiced method and plan to communicate with individuals using the transportation system.

"(c) REPORT TO CONGRESS.—Not later than 180 days after the date of enactment of this Act [Sept. 24, 2015], the Assistant Secretary shall report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the findings from its outreach to the agencies and providers under subsection (a), including an analysis of the level of preparedness such transportation systems have to respond to security incidents.

"(d) DISSEMINATION OF BEST PRACTICES.—The Assistant Secretary shall identify best practices for security incident planning, management, and training and establish a mechanism through which to share such prac-
ties with passenger transportation agencies nation-
wide.

"SEC. 8. NO ADDITIONAL AUTHORIZATION OF AP-
PROPRIATIONS.

"No additional funds are authorized to be appro-
priated to carry out this Act, and this Act shall be car-
ried out using amounts otherwise available for such
purpose.

"SEC. 9. INTEROPERABILITY REVIEW.

"(a) IN GENERAL.—Not later than 18 months after the
date of enactment of this Act [Aug. 3, 2007], the As-
sistant Secretary shall, in consultation with the As-
sistant Secretary of the Office of Cybersecurity and
Communications, conduct a review of the interopera-
tion between the communications capabilities of the law
enforcement, fire, and medical personnel responsible for responding
to a security incident, including active shooter events,
acts of terrorism, and incidents that target passenger-
screening checkpoints, at all airports in the United
States at which the Administration performs, or over-
sees the implementation and performance of, security
measures.

"(b) REPORT.—Not later than 30 days after the com-
pletion of the review, the Assistant Secretary shall re-
port the findings of the review to the Committee on
Homeland Security of the House of Representatives and
the Committee on Commerce, Science, and Transpor-
tation of the Senate.''

"CABIN FLIGHT CREW PARTICIPATION IN known
Crewmember Pilot Program"

349, provided in part: "That the Administrator of the
Transportation Security Administration shall, within
270 days of the date of enactment of this Act [Mar. 26,
2013], establish procedures allowing members of cabin
flight crews of air carriers to participate in the Known
Cabincrew Pilot program, unless the Administrator
determines that meeting the requirement within this
time frame is not feasible and informs the Committees on
Appropriations of the Senate and House of Repre-
sentatives of the basis for that determination and the
new timeline for implementing the requirement".

"STRATEGIC PLAN TO TEST AND IMPLEMENT ADVANCED
PASSENGER PRESCREENING SYSTEM"

486, provided that:

"(a) IN GENERAL.—The Administrator of the Trans-
portation Security Administration shall conduct a
pilot program at not more than 2 airports to identify
technologies to improve security at airport exit lanes.

"(b) PROGRAM COMPONENTS.—In conducting the pilot
program under this section, the Administrator shall—

"(1) utilize different technologies that protect the
integrity of the airport exit lanes from unauthorized
entry;

"(2) work with airport officials to deploy such tech-
nologies in multiple configurations at a selected air-
port or airports at which some of the exits are not co-
located with a screening checkpoint; and

"(3) ensure the level of security is at or above the
level of existing security at the airport or airports
where the pilot program is conducted.

"(c) REPORTS.—

"(1) INITIAL BRIEFING.—Not later than 180 days after
the date of enactment of this Act [Aug. 3, 2007], the
Administrator shall conduct a briefing to the con-
gressional committees set forth in paragraph (3) that
describes—

"(A) the changes in security procedures and tech-
nologies deployed;

"(B) the estimated cost savings at the airport or
airports that participated in the pilot program; and

"(C) the efficacy and staffing benefits of the pilot
program and its applicability to other airports in
the United States.

"(2) FINAL REPORT.—Not later than 18 months after
the technologies are deployed at the airports partici-
ating in the pilot program, the Administrator shall
submit a final report to the congressional commit-
tees set forth in paragraph (3) that describes—

"(A) the changes in security procedures and tech-
nologies deployed;

"(B) the estimated cost savings at the airport or
airports that participated in the pilot program; and

"(C) the efficacy and staffing benefits of the pilot
program and its applicability to other airports in
the United States.

"(3) CONGRESSIONAL COMMITTEES.—The reports re-
quired under this subsection shall be submitted to—

"(A) the Committee on Commerce, Science, and
Transportation of the Senate;

"(B) the Committee on Appropriations of the Sen-
tate;

"(C) the Committee on Homeland Security and
Governmental Affairs of the Senate;

"(D) the Committee on Homeland Security of the
House of Representatives; and

"(E) the Committee on Appropriations of the House
of Representatives.

"(d) USE OF EXISTING FUNDS.—This section shall be
executed using existing funds.''

"SECURITY CREDENTIALS FOR AIRLINE CREWS"

486, provided that:
“(a) REPORT.—Not later than 180 days after the date of enactment of this Act [Aug. 3, 2007], the Administrator of the Transportation Security Administration, after consultation with airline, airport, and flight crew representatives, shall submit to the Committee on Commerce, Science, and Transportation of the Senate, the Committee on Homeland Security and Governmental Affairs of the Senate, the Committee on Homeland Security of the House of Representatives, and the Committee on Transportation and Infrastructure of the House of Representatives a report on the status of the Administration’s efforts to institute a sterile area access system or method that will enhance security by properly identifying authorized airline flight deck and cabin crew members at screening checkpoints and granting them expedited access through screening checkpoints. The Administrator shall include in the report recommendations on the feasibility of implementing the system for the domestic aviation industry beginning 1 year after the date on which the report is submitted.

“(b) BEGINNING IMPLEMENTATION.—The Administrator shall begin implementation of the system or method referred to in subsection (a) not later than 1 year after the date on which the Administrator submits the report under subsection (a).”

CAPPS2

"(1) In General.—The Under Secretary for Border and Transportation Security of the Department of Homeland Security shall not implement, on other than a test basis, the computer assisted passenger prescreening system (commonly known as and in this section referred to as ‘CAPPS2’) until the Under Secretary provides to Congress a certification that—

"(1) a procedure is established enabling airline passengers, who are delayed or prohibited from boarding a flight because CAPPS2 determined that they might pose a security threat, to appeal such determination and correct information contained in CAPPS2;

"(2) the error rate of the Government and private data bases that will be used to both establish identity and assign a risk level to a passenger under CAPPS2 will not produce a large number of false positives that will result in a significant number of passengers being mistaken as a security threat;

"(3) the Under Secretary has demonstrated the efficacy and accuracy of all search tools in CAPPS2 and has demonstrated that CAPPS2 can make an accurate predictive assessment of those passengers who would constitute a security threat;

"(4) the Secretary of Homeland Security has established an internal oversight board to oversee and monitor the manner in which CAPPS2 is being implemented;

"(5) the Under Secretary has built in sufficient operational safeguards to reduce the operational redundancies for abuse;

"(6) substantial security measures are in place to protect CAPPS2 from unauthorized access by hackers or other intruders;

"(7) the Under Secretary has adopted policies establishing effective oversight of the use and operation of the system; and

"(8) there are no specific privacy concerns with the technological architecture of the system;

"(b) GAO REPORT.—Not later than 90 days after the date on which certification is provided under subsection (a), the Comptroller General shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science and Transportation of the Senate that assesses the impact of CAPPS2 on the issues listed in subsection (a) and on privacy and civil liberties. The report shall include any recommendations for practices, procedures, regulations, or legislation to eliminate or minimize adverse effect of CAPPS2 on privacy, discrimination, and other civil liberties.”

REIMBURSEMENT OF AIR CARRIERS FOR CERTAIN SCREENING AND RELATED ACTIVITIES

Pub. L. 108-176, title VIII, §821, Dec. 12, 2003, 117 Stat. 2594, provided that: “The Secretary of Homeland Security, subject to the availability of funds (other than amounts in the Aviation Trust Fund) provided for this purpose, shall reimburse air carriers and airports for—

“(1) the screening of catering supplies; and

“(2) checking documents at security checkpoints.”

IMPROVED FLIGHT DECK AUTHORITY MEASURES

“(a) In General.—As soon as possible after the date of enactment of this Act [Nov. 19, 2001], the Administrator of the Federal Aviation Administration shall—

“(1) issue an order (without regard to the provisions of chapter 5 of title 5, United States Code)—

“(A) prohibiting access to the flight deck of aircraft engaged in passenger air transportation or intrastate air transportation that are required to have a door between the passenger and pilot compartments under title 14, Code of Federal Regulations, except to authorized persons; and

“(B) requiring the strengthening of the flight deck door and locks on any such aircraft operating in air transportation or intrastate air transportation that has a rigid door in a bulkhead between the flight deck and the passenger area to ensure that the door cannot be forced open from the passenger compartment;

“(2) requiring that such flight deck doors remain locked while any such aircraft is in flight except when necessary to permit access and egress by authorized persons; and

“(3) requiring the possession of a key to any such flight deck door by any member of the flight crew who is not assigned to the flight deck; and

“(4) to ensure continuous operation of an aircraft transporter in the event of an emergency; and

“(5) to revise the procedures by which cabin crews of aircraft can notify flight deck crews of security breaches and other emergencies, including providing for the installation of switches or other devices or methods in an aircraft cabin to enable flight crews to discreetly notify the pilots in the case of a security breach occurring in the cabin.

“(c) Commuter Aircraft.—The Administrator shall investigate means of securing the flight deck of scheduled passenger aircraft operating in air transportation or intrastate air transportation that do not have a rigid fixed door with a lock between the passenger compartment and the flight deck and issue such an order as the Administrator deems appropriate to ensure the inaccessibility, to the greatest extent feasible, of the flight deck while the aircraft is operating, taking into consideration such aircraft operating in regions where there is minimal threat to aviation security or national security.”

SMALL AND MEDIUM AIRPORTS

Pub. L. 107-71, title I, §106(b), Nov. 19, 2001, 115 Stat. 609, provided that:
§ 44903
TITLE 49—TRANSPORTATION  Page 1254

“(1) TECHNICAL SUPPORT AND FINANCIAL ASSISTANCE.—The Secretary of Transportation for Security [now Administrator of the Transportation Security Administration] shall develop a plan to—

“(A) provide technical support to airports, each of which had less than 1 percent of the total annual enplanements in the United States for the most recent calendar year for which data is available, to enhance security operations; and

“(B) provide financial assistance to those airports to defray the costs of enhancing security.

“(2) REMOVAL OF CERTAIN RESTRICTIONS.—

“(A) CERTIFICATION BY OPERATOR.—If the operator of an airport described in paragraph (1), after consultation with the appropriate State and local law enforcement authorities, determines that safeguards are in place to sufficiently protect public safety, and so certifies in writing to the Under Secretary, then any security rule, order, or other directive restricting the parking of passenger vehicles shall not apply at that airport after the applicable time period specified in subparagraph (B), unless the Under Secretary, taking into account individual airport circumstances, notifies the airport operator that the safeguards in place do not adequately respond to specific security risks and that the restriction must be continued in order to ensure public safety.

“(B) COUNTERMAND PERIOD.—The time period within which the Secretary may notify an airport operator, after receiving a certification under subparagraph (A), that a restriction must be continued in order to ensure public safety is—

“(i) 15 days for a nonhub airport (as defined in section 41714(h) of title 49, United States Code);

“(ii) 30 days for a small hub airport (as defined in such section);

“(iii) 60 days for a medium hub airport (as defined in such section); and

“(iv) 120 days for an airport that had at least 1 percent of the total annual enplanements in the United States for the most recent calendar year for which data is available.”

AIRPORT SECURITY AWARENESS PROGRAMS
Pub. L. 107–107, title I, § 106(e), Nov. 19, 2001, 115 Stat. 610, provided that: “The Secretary of Transportation for Security [now Administrator of the Transportation Security Administration] shall require scheduled passenger air carriers, and airports in the United States described in section 44903(c) of title 49 to—

“(1) develop security awareness programs for airport employees, ground crews, gate, ticket, and curbside agents of the air carriers, and other individuals employed at such airports.”

AIRLINE COMPUTER RESERVATION SYSTEMS
Pub. L. 107–107, title I, § 117, Nov. 19, 2001, 115 Stat. 624, provided that: “To ensure that all airline computer reservation systems maintained by United States air carriers are secure from unauthorized access by persons seeking information on reservations, passenger manifests, or other nonpublic information, the Secretary of Transportation shall require all such air carriers to utilize to the maximum extent practicable the best technology available to secure their computer reservation system against such unauthorized access.”

AUTHORIZATION OF FUNDS FOR REIMBURSEMENT OF AIRPORTS FOR SECURITY MANDATES
Pub. L. 107–107, title I, § 121, Nov. 19, 2001, 115 Stat. 630, provided that:

“(a) AEROPORT SECURITY.—There is authorized to be appropriated to the Secretary of Transportation for fiscal years 2002 and 2003 a total of $1,500,000,000 to reimburse airport operators, on-airport parking lots, and vendors of on-airfield direct services to air carriers for direct costs incurred by such operators to comply with new, additional, or revised security requirements imposed on such operators by the Federal Aviation Administration or Transportation Security Administration on or after September 11, 2001. Such sums shall remain available until expended.

“(b) DOCUMENTATION OF COSTS; AUDIT.—The Secretary may not reimburse an airport operator, on-airport parking lot, or vendor of on-airfield direct services to air carriers under this section for any cost for which the airport operator, on-airport parking lot, or vendor of on-airfield direct services does not demonstrate to the satisfaction of the Secretary, using sworn financial statements or other appropriate data, that—

“(1) the cost is eligible for reimbursement under subsection (a); and

“(2) the cost was incurred by the airport operator, on-airport parking lot, or vendor of on-airfield direct services to air carriers.

The Inspector General of the Department of Transportation and the Comptroller General of the United States may audit such statements and may request any other information necessary to conduct such an audit.

“(c) CLAIM PROCEDURE.—Within 30 days after the date of enactment of this Act [Nov. 19, 2001], the Secretary, after consultation with airport operators, on-airport parking lots, and vendors of on-airfield direct services to air carriers, shall publish in the Federal Register the procedures for filing claims for reimbursement under this section of eligible costs incurred by airport operators.”

FLIGHT DECK SECURITY
Pub. L. 107–107, title I, § 128, Nov. 19, 2001, 115 Stat. 633, which authorized the pilot of a passenger aircraft to carry a firearm into the cockpit if approved by the Under Secretary of Transportation for Security and the air carrier, if the firearm is approved by the Under Secretary, and if the pilot has received proper training, was repealed by Pub. L. 107–296, title XIV, § 1402(b)(2), Nov. 25, 2002, 116 Stat. 2305.

CHARTER AIR CARRIERS
Pub. L. 107–107, title I, § 132(a), Nov. 19, 2001, 115 Stat. 635, which provided that within 90 days after Nov. 19, 2001, the Under Secretary of Transportation for Security was to implement an aviation security program for charter air carriers with a maximum certificated take-off weight of 12,500 pounds or more, was repealed by Pub. L. 108–176, title VI, § 606(b), Dec. 12, 2003, 117 Stat. 2568.

PHYSICAL SECURITY FOR ATC FACILITIES
Pub. L. 106–528, § 5, Nov. 22, 2000, 114 Stat. 2521, provided that:

“(a) IN GENERAL.—In order to ensure physical security at Federal Aviation Administration staffed facilities that house air traffic control systems, the Administrator of the Federal Aviation Administration shall act immediately to—

“(1) correct physical security weaknesses at air traffic control facilities so the facilities can be granted physical security accreditation not later than April 30, 2004; and

“(2) ensure that follow-up inspections are conducted, deficiencies are promptly corrected, and accreditation is kept current for all air traffic control facilities.

“(b) REPORTS.—Not later than April 30, 2001, and annually thereafter through April 30, 2004, the Administrator shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the progress being made in improving the physical security of air traffic control facilities, including the percentage of such facilities that have been granted physical security accreditation.”

DEPUTIZING OF STATE AND LOCAL LAW ENFORCEMENT OFFICERS
Pub. L. 106–181, title V, § 512, Apr. 5, 2000, 114 Stat. 142, provided that:
“(a) definitions.—In this section, the following definitions apply:

(1) aircraft.—The term ‘‘aircraft’’ has the meaning given that term in section 40102 of title 49, United States Code.

(2) air transportation.—The term ‘‘air transportation’’ has the meaning given that term in such section.

(3) program.—The term ‘‘program’’ means the program established under subsection (b)(1)(A).

(b) establishment of a program.—The Attorney General shall consult with appropriate State and local governments and airport authorities as Deputy United States Marshals for the limited purpose of enforcing Federal laws relating to security on board aircraft, including laws relating to violent, abusive, or disruptive behavior by passengers in air transportation; and

(c) training and background of law enforcement officers.—

(1) in general.—The Attorney General may—

(A) establish a program under which the Attorney General may deputize State and local law enforcement officers having jurisdiction over airports and airport authorities as Deputy United States Marshals for the limited purpose of enforcing Federal laws that regulate security on board aircraft, including laws relating to violent, abusive, or disruptive behavior by passengers in air transportation; and

(B) receive compensation from the United States Government by reason of service as a Deputy United States Marshal under the program.

(d) statutory construction.—Nothing in this section may be construed to—

(I) grant a State or local law enforcement officer that is deputized under the program the power to enforce any Federal law that is not described in section 40102(c); or

(II) limit the authority that a State or local law enforcement officer may otherwise exercise in the officer’s capacity under any other applicable State or Federal law.

(e) regulations.—The Attorney General may promulgate such regulations as may be necessary to carry out this section.

(f) notification of congress.—Not later than 90 days after the date of the enactment of this Act [Apr. 5, 2000], the Attorney General shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on whether or not the Attorney General intends to establish the program authorized by this section.

development of aviation security liaison agreement

Pub. L. 104–264, title III, §309, Oct. 9, 1996, 110 Stat. 3233, provided that: ‘‘The Secretary of Transportation and the Attorney General, acting through the Administrator of the Federal Aviation Administration and the Director of the Federal Bureau of Investigation, shall enter into an interagency agreement providing for the establishment of an aviation security liaison at existing appropriate Federal agencies’ field offices in or near cities served by a designated high-risk airport.’’

Definitions of Terms in Pub. L. 107–71

For definitions of terms used in sections 104, 106(b), (e), 117, 121, 126, and 132(a) of Pub. L. 107–71, see note under section 40102 of this title.

§44904. Domestic air transportation system security

(a) assessing threats.—The Administrator of the Transportation Security Administration and the Director of the Federal Bureau of Investigation jointly shall assess current and potential threats to the domestic air transportation system. The assessment shall include consideration of those threats and of the extent to which there are individuals with the capability and intent to carry out terrorist or related unlawful acts against that system and the ways in which those individuals might carry out those acts. The Administrator of the Transportation Security Administration and the Director jointly shall decide on and carry out the most effective method for continuous analysis and monitoring of security threats to that system.
