

(2) describes—

(A) how the Secretary plans to fulfill the critical need of the Department to recruit and retain employees in qualified positions;

(B) the measures that will be used to measure progress; and

(C) any actions taken during the reporting period to fulfill such critical need;

(3) discusses how the planning and actions taken under paragraph (2) are integrated into the strategic workforce planning of the Department;

(4) provides metrics on actions occurring during the reporting period, including—

(A) the number of employees in qualified positions hired by occupation and grade and level or pay band;

(B) the placement of employees in qualified positions by directorate and office within the Department;

(C) the total number of veterans hired;

(D) the number of separations of employees in qualified positions by occupation and grade and level or pay band;

(E) the number of retirements of employees in qualified positions by occupation and grade and level or pay band; and

(F) the number and amounts of recruitment, relocation, and retention incentives paid to employees in qualified positions by occupation and grade and level or pay band; and

(5) describes the training provided to supervisors of employees in qualified positions at the Department on the use of the new authorities.

(d) Three-year probationary period

The probationary period for all employees hired under the authority established in this section shall be 3 years.

(e) Incumbents of existing competitive service positions

(1) In general

An individual serving in a position on December 18, 2014, that is selected to be converted to a position in the excepted service under this section shall have the right to refuse such conversion.

(2) Subsequent conversion

After the date on which an individual who refuses a conversion under paragraph (1) stops serving in the position selected to be converted, the position may be converted to a position in the excepted service.

(f) Study and report

Not later than 120 days after December 18, 2014, the National Protection and Programs Directorate shall submit a report regarding the availability of, and benefits (including cost savings and security) of using, cybersecurity personnel and facilities outside of the National Capital Region (as defined in section 2674 of title 10) to serve the Federal and national need to—

(1) the Subcommittee on Homeland Security of the Committee on Appropriations and the Committee on Homeland Security and Governmental Affairs of the Senate; and

(2) the Subcommittee on Homeland Security of the Committee on Appropriations and the Committee on Homeland Security of the House of Representatives.

CHANGE OF NAME

Reference to National Protection and Programs Directorate of the Department of Homeland Security deemed to be a reference to the Cybersecurity and Infrastructure Security Agency of the Department, see section 652(a)(2) of this title, enacted Nov. 16, 2018.

§ 659. National cybersecurity and communications integration center

(a) Definitions

In this section—

(1) the term “cybersecurity purpose” has the meaning given that term in section 1501 of this title;

(2) the term “cybersecurity risk”—

(A) means threats to and vulnerabilities of information or information systems and any related consequences caused by or resulting from unauthorized access, use, disclosure, degradation, disruption, modification, or destruction of such information or information systems, including such related consequences caused by an act of terrorism; and

(B) does not include any action that solely involves a violation of a consumer term of service or a consumer licensing agreement;

(3) the terms “cyber threat indicator” and “defensive measure” have the meanings given those terms in section 102 of the Cybersecurity Act of 2015 [6 U.S.C. 1501];

(4) the term “incident” means an occurrence that actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information on an information system, or actually or imminently jeopardizes, without lawful authority, an information system;

(5) the term “information sharing and analysis organization” has the meaning given that term in section 671(5) of this title;

(6) the term “information system” has the meaning given that term in section 3502(8) of title 44;

(7) the term “security vulnerability” has the meaning given that term in section 1501 of this title; and

(8) the term “sharing” (including all conjugations thereof) means providing, receiving, and disseminating (including all conjugations of each of such terms).

(b) Center

There is in the Department a national cybersecurity and communications integration

center (referred to in this section as the “Center”) to carry out certain responsibilities of the Director. The Center shall be located in the Cybersecurity and Infrastructure Security Agency. The head of the Center shall report to the Assistant Director for Cybersecurity.

(c) Functions

The cybersecurity functions of the Center shall include—

(1) being a Federal civilian interface for the multi-directional and cross-sector sharing of information related to cyber threat indicators, defensive measures, cybersecurity risks, incidents, analysis, and warnings for Federal and non-Federal entities, including the implementation of title I of the Cybersecurity Act of 2015 [6 U.S.C. 1501 et seq.];

(2) providing shared situational awareness to enable real-time, integrated, and operational actions across the Federal Government and non-Federal entities to address cybersecurity risks and incidents to Federal and non-Federal entities;

(3) coordinating the sharing of information related to cyber threat indicators, defensive measures, cybersecurity risks, and incidents across the Federal Government;

(4) facilitating cross-sector coordination to address cybersecurity risks and incidents, including cybersecurity risks and incidents that may be related or could have consequential impacts across multiple sectors;

(5)(A) conducting integration and analysis, including cross-sector integration and analysis, of cyber threat indicators, defensive measures, cybersecurity risks, and incidents; and

(B) sharing the analysis conducted under subparagraph (A) with Federal and non-Federal entities;

(6) upon request, providing timely technical assistance, risk management support, and incident response capabilities to Federal and non-Federal entities with respect to cyber threat indicators, defensive measures, cybersecurity risks, and incidents, which may include attribution, mitigation, and remediation;

(7) providing information and recommendations on security and resilience measures to Federal and non-Federal entities, including information and recommendations to—

(A) facilitate information security;

(B) strengthen information systems against cybersecurity risks and incidents; and

(C) sharing¹ cyber threat indicators and defensive measures;

(8) engaging with international partners, in consultation with other appropriate agencies, to—

(A) collaborate on cyber threat indicators, defensive measures, and information related to cybersecurity risks and incidents; and

(B) enhance the security and resilience of global cybersecurity;

(9) sharing cyber threat indicators, defensive measures, and other information related to

cybersecurity risks and incidents with Federal and non-Federal entities, including across sectors of critical infrastructure and with State and major urban area fusion centers, as appropriate;

(10) participating, as appropriate, in national exercises run by the Department;

(11) in coordination with the Emergency Communications Division of the Department, assessing and evaluating consequence, vulnerability, and threat information regarding cyber incidents to public safety communications to help facilitate continuous improvements to the security and resiliency of such communications; and

(12) detecting, identifying, and receiving information for a cybersecurity purpose about security vulnerabilities relating to critical infrastructure in information systems and devices.

(d) Composition

(1) In general

The Center shall be composed of—

(A) appropriate representatives of Federal entities, such as—

(i) sector-specific agencies;

(ii) civilian and law enforcement agencies; and

(iii) elements of the intelligence community, as that term is defined under section 3003(4) of title 50;

(B) appropriate representatives of non-Federal entities, such as—

(i) State, local, and tribal governments;

(ii) information sharing and analysis organizations, including information sharing and analysis centers;

(iii) owners and operators of critical information systems; and

(iv) private entities, including cybersecurity specialists;

(C) components within the Center that carry out cybersecurity and communications activities;

(D) a designated Federal official for operational coordination with and across each sector;

(E) an entity that collaborates with State and local governments on cybersecurity risks and incidents, and has entered into a voluntary information sharing relationship with the Center; and

(F) other appropriate representatives or entities, as determined by the Secretary.

(2) Incidents

In the event of an incident, during exigent circumstances the Secretary may grant a Federal or non-Federal entity immediate temporary access to the Center.

(e) Principles

In carrying out the functions under subsection (c), the Center shall ensure—

(1) to the extent practicable, that—

(A) timely, actionable, and relevant cyber threat indicators, defensive measures, and information related to cybersecurity risks, incidents, and analysis is shared;

(B) when appropriate, cyber threat indicators, defensive measures, and information

¹ So in original. Probably should be “share”.

related to cybersecurity risks, incidents, and analysis is integrated with other relevant information and tailored to the specific characteristics of a sector;

(C) activities are prioritized and conducted based on the level of risk;

(D) industry sector-specific, academic, and national laboratory expertise is sought and receives appropriate consideration;

(E) continuous, collaborative, and inclusive coordination occurs—

(i) across sectors; and

(ii) with—

(I) sector coordinating councils;

(II) information sharing and analysis organizations; and

(III) other appropriate non-Federal partners;

(F) as appropriate, the Center works to develop and use mechanisms for sharing information related to cyber threat indicators, defensive measures, cybersecurity risks, and incidents that are technology-neutral, interoperable, real-time, cost-effective, and resilient;

(G) the Center works with other agencies to reduce unnecessarily duplicative sharing of information related to cyber threat indicators, defensive measures, cybersecurity risks, and incidents; and;²

(H) the Center designates an agency contact for non-Federal entities;

(2) that information related to cyber threat indicators, defensive measures, cybersecurity risks, and incidents is appropriately safeguarded against unauthorized access or disclosure; and

(3) that activities conducted by the Center comply with all policies, regulations, and laws that protect the privacy and civil liberties of United States persons, including by working with the Privacy Officer appointed under section 142 of this title to ensure that the Center follows the policies and procedures specified in subsections (b) and (d)(5)(C) of section 105 of the Cybersecurity Act of 2015 [6 U.S.C. 1504].

(f) Cyber hunt and incident response teams

(1) In general

The Center shall maintain cyber hunt and incident response teams for the purpose of leading Federal asset response activities and providing timely technical assistance to Federal and non-Federal entities, including across all critical infrastructure sectors, regarding actual or potential security incidents, as appropriate and upon request, including—

(A) assistance to asset owners and operators in restoring services following a cyber incident;

(B) identification and analysis of cybersecurity risk and unauthorized cyber activity;

(C) mitigation strategies to prevent, deter, and protect against cybersecurity risks;

(D) recommendations to asset owners and operators for improving overall network and control systems security to lower

cybersecurity risks, and other recommendations, as appropriate; and

(E) such other capabilities as the Secretary determines appropriate.

(2) Associated metrics

The Center shall—

(A) define the goals and desired outcomes for each cyber hunt and incident response team; and

(B) develop metrics—

(i) to measure the effectiveness and efficiency of each cyber hunt and incident response team in achieving the goals and desired outcomes defined under subparagraph (A); and

(ii) that—

(I) are quantifiable and actionable; and

(II) the Center shall use to improve the effectiveness and accountability of, and service delivery by, cyber hunt and incident response teams.

(3) Cybersecurity specialists

After notice to, and with the approval of, the entity requesting action by or technical assistance from the Center, the Secretary may include cybersecurity specialists from the private sector on a cyber hunt and incident response team.

(g) No right or benefit

(1) In general

The provision of assistance or information to, and inclusion in the Center, or any team or activity of the Center, of, governmental or private entities under this section shall be at the sole and unreviewable discretion of the Director.

(2) Certain assistance or information

The provision of certain assistance or information to, or inclusion in the Center, or any team or activity of the Center, of, one governmental or private entity pursuant to this section shall not create a right or benefit, substantive or procedural, to similar assistance or information for any other governmental or private entity.

(h) Automated information sharing

(1) In general

The Director, in coordination with industry and other stakeholders, shall develop capabilities making use of existing information technology industry standards and best practices, as appropriate, that support and rapidly advance the development, adoption, and implementation of automated mechanisms for the sharing of cyber threat indicators and defensive measures in accordance with title I of the Cybersecurity Act of 2015 [6 U.S.C. 1501 et seq.].

(2) Annual report

The Director shall submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Homeland Security of the House of Representatives an annual report on the status and progress of the development of the capabilities described in paragraph (1). Such reports shall

²So in original. The semicolon probably should not appear.

be required until such capabilities are fully implemented.

(i) Voluntary information sharing procedures

(1) Procedures

(A) In general

The Center may enter into a voluntary information sharing relationship with any consenting non-Federal entity for the sharing of cyber threat indicators and defensive measures for cybersecurity purposes in accordance with this section. Nothing in this subsection may be construed to require any non-Federal entity to enter into any such information sharing relationship with the Center or any other entity. The Center may terminate a voluntary information sharing relationship under this subsection, at the sole and unreviewable discretion of the Secretary, acting through the Director, for any reason, including if the Center determines that the non-Federal entity with which the Center has entered into such a relationship has violated the terms of this subsection.

(B) National security

The Secretary may decline to enter into a voluntary information sharing relationship under this subsection, at the sole and unreviewable discretion of the Secretary, acting through the Director, for any reason, including if the Secretary determines that such is appropriate for national security.

(2) Voluntary information sharing relationships

A voluntary information sharing relationship under this subsection may be characterized as an agreement described in this paragraph.

(A) Standard agreement

For the use of a non-Federal entity, the Center shall make available a standard agreement, consistent with this section, on the Department's website.

(B) Negotiated agreement

At the request of a non-Federal entity, and if determined appropriate by the Center, at the sole and unreviewable discretion of the Secretary, acting through the Director, the Department shall negotiate a non-standard agreement, consistent with this section.

(C) Existing agreements

An agreement between the Center and a non-Federal entity that is entered into before December 18, 2015, or such an agreement that is in effect before such date, shall be deemed in compliance with the requirements of this subsection, notwithstanding any other provision or requirement of this subsection. An agreement under this subsection shall include the relevant privacy protections as in effect under the Cooperative Research and Development Agreement for Cybersecurity Information Sharing and Collaboration, as of December 31, 2014. Nothing in this subsection may be construed to require a non-Federal entity to enter into either a standard or negotiated agreement to be in compliance with this subsection.

(j) Direct reporting

The Secretary shall develop policies and procedures for direct reporting to the Secretary by the Director of the Center regarding significant cybersecurity risks and incidents.

(k) Reports on international cooperation

Not later than 180 days after December 18, 2015, and periodically thereafter, the Secretary of Homeland Security shall submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Homeland Security of the House of Representatives a report on the range of efforts underway to bolster cybersecurity collaboration with relevant international partners in accordance with subsection (c)(8).

(l) Outreach

Not later than 60 days after December 18, 2015, the Secretary, acting through the Director, shall—

(1) disseminate to the public information about how to voluntarily share cyber threat indicators and defensive measures with the Center; and

(2) enhance outreach to critical infrastructure owners and operators for purposes of such sharing.

(m) Cybersecurity outreach

(1) In general

The Secretary may leverage small business development centers to provide assistance to small business concerns by disseminating information on cyber threat indicators, defense measures, cybersecurity risks, incidents, analyses, and warnings to help small business concerns in developing or enhancing cybersecurity infrastructure, awareness of cyber threat indicators, and cyber training programs for employees.

(2) Definitions

For purposes of this subsection, the terms “small business concern” and “small business development center” have the meaning given such terms, respectively, under section 632 of title 15.

(n) Coordinated vulnerability disclosure

The Secretary, in coordination with industry and other stakeholders, may develop and adhere to Department policies and procedures for coordinating vulnerability disclosures.

(o) Subpoena authority

(1) Definition

In this subsection, the term “covered device or system”—

(A) means a device or system commonly used to perform industrial, commercial, scientific, or governmental functions or processes that relate to critical infrastructure, including operational and industrial control systems, distributed control systems, and programmable logic controllers; and

(B) does not include personal devices and systems, such as consumer mobile devices, home computers, residential wireless routers, or residential internet enabled consumer devices.

(2) Authority**(A) In general**

If the Director identifies a system connected to the internet with a specific security vulnerability and has reason to believe such security vulnerability relates to critical infrastructure and affects a covered device or system, and the Director is unable to identify the entity at risk that owns or operates such covered device or system, the Director may issue a subpoena for the production of information necessary to identify and notify such entity at risk, in order to carry out a function authorized under subsection (c)(12).

(B) Limit on information

A subpoena issued pursuant to subparagraph (A) may seek information—

- (i) only in the categories set forth in subparagraphs (A), (B), (D), and (E) of section 2703(c)(2) of title 18; and
- (ii) for not more than 20 covered devices or systems.

(C) Liability protections for disclosing providers

The provisions of section 2703(e) of title 18, shall apply to any subpoena issued pursuant to subparagraph (A).

(3) Coordination**(A) In general**

If the Director exercises the subpoena authority under this subsection, and in the interest of avoiding interference with ongoing law enforcement investigations, the Director shall coordinate the issuance of any such subpoena with the Department of Justice, including the Federal Bureau of Investigation, pursuant to interagency procedures which the Director, in coordination with the Attorney General, shall develop not later than 60 days after January 1, 2021.

(B) Contents

The inter-agency procedures developed under this paragraph shall provide that a subpoena issued by the Director under this subsection shall be—

- (i) issued to carry out a function described in subsection (c)(12); and
- (ii) subject to the limitations specified in this subsection.

(4) Noncompliance

If any person, partnership, corporation, association, or entity fails to comply with any duly served subpoena issued pursuant to this subsection, the Director may request that the Attorney General seek enforcement of such subpoena in any judicial district in which such person, partnership, corporation, association, or entity resides, is found, or transacts business.

(5) Notice

Not later than seven days after the date on which the Director receives information obtained through a subpoena issued pursuant to this subsection, the Director shall notify any entity identified by information obtained pur-

suant to such subpoena regarding such subpoena and the identified vulnerability.

(6) Authentication**(A) In general**

Any subpoena issued pursuant to this subsection shall be authenticated with a cryptographic digital signature of an authorized representative of the Agency, or other comparable successor technology, that allows the Agency to demonstrate that such subpoena was issued by the Agency and has not been altered or modified since such issuance.

(B) Invalid if not authenticated

Any subpoena issued pursuant to this subsection that is not authenticated in accordance with subparagraph (A) shall not be considered to be valid by the recipient of such subpoena.

(7) Procedures

Not later than 90 days after January 1, 2021, the Director shall establish internal procedures and associated training, applicable to employees and operations of the Agency, regarding subpoenas issued pursuant to this subsection, which shall address the following:

(A) The protection of and restriction on dissemination of nonpublic information obtained through such a subpoena, including a requirement that the Agency not disseminate nonpublic information obtained through such a subpoena that identifies the party that is subject to such subpoena or the entity at risk identified by information obtained, except that the Agency may share the nonpublic information with the Department of Justice for the purpose of enforcing such subpoena in accordance with paragraph (4), and may share with a Federal agency the nonpublic information of the entity at risk if—

- (i) the Agency identifies or is notified of a cybersecurity incident involving such entity, which relates to the vulnerability which led to the issuance of such subpoena;
- (ii) the Director determines that sharing the nonpublic information with another Federal department or agency is necessary to allow such department or agency to take a law enforcement or national security action, consistent with the interagency procedures under paragraph (3)(A), or actions related to mitigating or otherwise resolving such incident;
- (iii) the entity to which the information pertains is notified of the Director's determination, to the extent practicable consistent with national security or law enforcement interests, consistent with such interagency procedures; and
- (iv) the entity consents, except that the entity's consent shall not be required if another Federal department or agency identifies the entity to the Agency in connection with a suspected cybersecurity incident.

(B) The restriction on the use of information obtained through such a subpoena for a cybersecurity purpose.

(C) The retention and destruction of non-public information obtained through such a subpoena, including—

(i) destruction of such information that the Director determines is unrelated to critical infrastructure immediately upon providing notice to the entity pursuant to paragraph (5); and

(ii) destruction of any personally identifiable information not later than 6 months after the date on which the Director receives information obtained through such a subpoena, unless otherwise agreed to by the individual identified by the subpoena respondent.

(D) The processes for providing notice to each party that is subject to such a subpoena and each entity identified by information obtained under such a subpoena.

(E) The processes and criteria for conducting critical infrastructure security risk assessments to determine whether a subpoena is necessary prior to being issued pursuant to this subsection.

(F) The information to be provided to an entity at risk at the time of the notice of the vulnerability, which shall include—

(i) a discussion or statement that responding to, or subsequent engagement with, the Agency, is voluntary; and

(ii) to the extent practicable, information regarding the process through which the Director identifies security vulnerabilities.

(8) Limitation on procedures

The internal procedures established pursuant to paragraph (7) may not require an owner or operator of critical infrastructure to take any action as a result of a notice of vulnerability made pursuant to this chapter.

(9) Review of procedures

Not later than 1 year after January 1, 2021, the Privacy Officer of the Agency shall—

(A) review the internal procedures established pursuant to paragraph (7) to ensure that—

(i) such procedures are consistent with fair information practices; and

(ii) the operations of the Agency comply with such procedures; and

(B) notify the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Homeland Security of the House of Representatives of the results of the review under subparagraph (A).

(10) Publication of information

Not later than 120 days after establishing the internal procedures under paragraph (7), the Director shall publish information on the website of the Agency regarding the subpoena process under this subsection, including information regarding the following:

(A) Such internal procedures.

(B) The purpose for subpoenas issued pursuant to this subsection.

(C) The subpoena process.

(D) The criteria for the critical infrastructure security risk assessment conducted prior to issuing a subpoena.

(E) Policies and procedures on retention and sharing of data obtained by subpoenas.

(F) Guidelines on how entities contacted by the Director may respond to notice of a subpoena.

(11) Annual reports

The Director shall annually submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Homeland Security of the House of Representatives a report (which may include a classified annex but with the presumption of declassification) on the use of subpoenas issued pursuant to this subsection, which shall include the following:

(A) A discussion of the following:

(i) The effectiveness of the use of such subpoenas to mitigate critical infrastructure security vulnerabilities.

(ii) The critical infrastructure security risk assessment process conducted for subpoenas issued under this subsection.

(iii) The number of subpoenas so issued during the preceding year.

(iv) To the extent practicable, the number of vulnerable covered devices or systems mitigated under this subsection by the Agency during the preceding year.

(v) The number of entities notified by the Director under this subsection, and their responses, during the preceding year.

(B) For each subpoena issued pursuant to this subsection, the following:

(i) Information relating to the source of the security vulnerability detected, identified, or received by the Director.

(ii) Information relating to the steps taken to identify the entity at risk prior to issuing the subpoena.

(iii) A description of the outcome of the subpoena, including discussion on the resolution or mitigation of the critical infrastructure security vulnerability.

(12) Publication of the annual reports

The Director shall publish a version of the annual report required under paragraph (11) on the website of the Agency, which shall, at a minimum, include the findings described in clauses (iii), (iv), and (v) of subparagraph (A) of such paragraph.

(13) Prohibition on use of information for unauthorized purposes

Any information obtained pursuant to a subpoena issued under this subsection may not be provided to any other Federal department or agency for any purpose other than a cybersecurity purpose or for the purpose of enforcing a subpoena issued pursuant to this subsection.

§ 660. Cybersecurity plans

(a) Definitions

In this section—

(1) the term “agency information system” means an information system used or operated by an agency or by another entity on behalf of an agency;

(2) the terms “cybersecurity risk” and “information system” have the meanings given those terms in section 659 of this title;

(3) the term “intelligence community” has the meaning given the term in section 3003(4) of title 50; and

(4) the term “national security system” has the meaning given the term in section 11103 of title 40.

(b) Intrusion assessment plan

(1) Requirement

The Secretary, in coordination with the Director of the Office of Management and Budget, shall—

(A) develop and implement an intrusion assessment plan to proactively detect, identify, and remove intruders in agency information systems on a routine basis; and

(B) update such plan as necessary.

(2) Exception

The intrusion assessment plan required under paragraph (1) shall not apply to the Department of Defense, a national security system, or an element of the intelligence community.

(c) Cyber incident response plan

The Director of Cybersecurity and Infrastructure Security shall, in coordination with appropriate Federal departments and agencies, State and local governments, sector coordinating councils, information sharing and analysis organizations (as defined in section 671(5) of this title), owners and operators of critical infrastructure, and other appropriate entities and individuals, develop, regularly update, maintain, and exercise adaptable cyber incident response plans to address cybersecurity risks (as defined in section 659 of this title) to critical infrastructure.

(d) National Response Framework

The Secretary, in coordination with the heads of other appropriate Federal departments and agencies, and in accordance with the National Cybersecurity Incident Response Plan required under subsection (c), shall regularly update, maintain, and exercise the Cyber Incident Annex to the National Response Framework of the Department.
