SUBCHAPTER I—GENERAL REQUIREMENTS

§ 11101. Common carrier transportation, service, and rates

(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall provide the transportation or service on reasonable request. A rail carrier shall not be found to have violated this section because it fulfills its reasonable commitments under contracts authorized under section 10709 of this title before responding to reasonable requests for service. Commitments which deprive a carrier of its ability to respond to reasonable requests for common carrier service are not reasonable.

(b) A rail carrier shall also provide to any person, on request, the carrier's rates and other service terms. The response by a rail carrier to a request for the carrier's rates and other service terms shall be—

- (1) in writing and forwarded to the requesting person promptly after receipt of the request; or
- (2) promptly made available in electronic form.

(c) A rail carrier may not increase any common carrier rates or change any common carrier service terms unless 20 days have expired after written or electronic notice is provided to any person who, within the previous 12 months—

- (1) has requested such rates or terms under subsection (b); or
- (2) has made arrangements with the carrier for a shipment that would be subject to such increased rates or changed terms.

(d) With respect to transportation of agricultural products, in addition to the requirements of subsections (a), (b), and (c), a rail carrier shall publish, make available, and retain for public inspection its common carrier rates, schedules of rates, and other service terms, and any proposed and actual changes to such rates and service terms. For purposes of this subsection, agricultural products shall include grain as defined in section 3 of the United States Grain Standards Act (7 U.S.C. 75) and all products thereof, and fertilizer.

(e) A rail carrier shall provide transportation or service in accordance with the rates and service terms, and any changes thereto, as published or otherwise made available under subsection (b), (c), or (d).

(f) The Board shall, by regulation, establish rules to implement this section. The regulations shall provide for immediate disclosure and dissemination of rates and service terms, including classifications, rules, and practices, and their effective dates. Final regulations shall be adopted by the Board not later than 180 days after January 1, 1996.

EFFECTIVE DATE

§ 11102. Use of terminal facilities

(a) The Board may require terminal facilities, including main-line tracks for a reasonable distance outside of a terminal, owned by a rail carrier providing transportation subject to the jurisdiction of the Board under this part, to be used by another rail carrier if the Board finds that use to be practicable and in the public interest without substantially impairing the ability of the rail carrier owning the facilities or entitled to use the facilities to handle its own business. The rail carriers are responsible for establishing the conditions and compensation for use of the facilities. However, if the rail carriers cannot agree, the Board may establish conditions and compensation for use of the facilities under the principle controlling compensation in condemnation proceedings. The compensation shall be paid or adequately secured before a rail carrier may begin to use the facilities of another rail carrier under this section.

(b) A rail carrier whose terminal facilities are required to be used by another rail carrier under this section is entitled to recover damages from the other rail carrier for injuries sustained as the result of compliance with the requirement or for compensation for the use, or both as appropriate, in a civil action, if it is not satisfied with the conditions for use of the facilities or if the amount of the compensation is not paid promptly.
