

source or a human intelligence source; or (b) key design concepts of weapons of mass destruction.

The Secretaries of State, Defense, and Energy, and the Director of National Intelligence shall provide the Archivist of the United States with sufficient guidance to complete this task. The Archivist shall make public a report on the status of the backlog every 6 months.

3. *Delegation of Original Classification Authority.*

Delegations of original classification authority shall be limited to the minimum necessary to implement the order and only those individuals or positions with a demonstrable and continuing need to exercise such authority shall be delegated original classification authority.

Accordingly, heads of departments and agencies with original classification authority shall commence a review to ensure that all delegations of original classification authority are so limited and otherwise in accordance with section 1.3(c) of the order. Each department and agency shall submit a report on the results of this review to the Director of ISOO within 120 days of the date of this memorandum.

4. *Promotion of New Technologies to Support Declassification.*

Striking the critical balance between openness and secrecy is a difficult but necessary part of our democratic form of government. Striking this balance becomes more difficult as the volume and complexity of the information increases. Improving the capability of departments and agencies to identify still-sensitive information and to make declassified information available to the public are integral parts of the classification system.

Therefore, I am directing that the Secretary of Defense and the Director of National Intelligence each support research to assist the NDC in addressing the cross-agency challenges associated with declassification.

5. *Publication.* The Archivist of the United States is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.
