### § 3501. General

(a) DEFINITIONS.—In this chapter:

(1) COST OR PRICING DATA.—The term “cost or pricing data” means all facts that, as of the date of agreement on the price of a contract (or the price of a contract modification) or, if applicable consistent with section 3506(a)(2) of this title, another date agreed upon between the parties, a prudent buyer or seller would reasonably expect to affect price negotiations significantly. The term does not include information that is judgmental, but does include factual information from which a judgment was derived.

(2) SUBCONTRACT.—The term “subcontract” includes a transfer of commercial products or commercial services between divisions, subsidiaries, or affiliates of a contractor or a subcontractor.

(b) REGULATIONS.—

(1) MINIMIZING ABUSE OF COMMERCIAL SERVICES AUTHORITY.—The Federal Acquisition Regulation shall ensure that services that are not offered and sold competitively in substantial quantities in the commercial marketplace, but are of a type offered and sold competitively in substantial quantities in the commercial marketplace, may be treated as commercial services for purposes of this chapter only if the contracting officer determines in writing that the offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price for the services.

(2) INFORMATION TO SUBMIT.—To the extent necessary to make a determination under paragraph (1), the contracting officer may request the offeror to submit—

(A) prices paid for the same or similar commercial services under comparable terms and conditions by both government and commercial customers; and

(B) if the contracting officer determines that the information described in subpara-

graph (A) is not sufficient to determine the reasonableness of price, other relevant information regarding the basis for price or cost, including information on labor costs, material costs, and overhead rates.

(A) in the case of a prime contract entered into after June 30, 2018, the price of the contract to the Federal Government is expected to exceed \$2,000,000; and

(2) **CONTRACTOR.**—The contractor for a prime contract under this division shall be required to submit cost or pricing data before the pricing of a change or modification to the contract if—

(3) **OFFEROR FOR SUBCONTRACT.**—An offeror for a subcontract (at any tier) of a contract under this division shall be required to submit cost or pricing data before the award of the subcontract if the prime contractor and each higher-tier subcontractor have been required to make available cost or pricing data under this chapter and—

(A) in the case of a subcontract under a prime contract referred to in paragraph (1)(A), the price of the subcontract is expected to exceed \$2,000,000;

(B) in the case of a subcontract entered into under a prime contract that was entered into on or before June 30, 2018, and that has been modified pursuant to subsection (f), the price of the subcontract is expected to exceed \$2,000,000; and

(a) AUTHORITY TO REQUIRE SUBMISSION.—When certified cost or pricing data are not required to be submitted under this chapter for a contract, subcontract, or modification of a contract or subcontract, the contracting officer shall require submission of data other than certified cost or pricing data to the extent necessary to determine the reasonableness of the price of the contract, subcontract, or modification of the contract or subcontract. Except in the case of a contract or subcontract covered by the exceptions in section 3503(a)(1) of this title, the contracting officer shall require that the data submitted include, at a minimum, appropriate information on the prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price for the procurement.

lowing provisions regarding the types of information that contracting officers may require under subsection (a):

(1) **REASONABLE LIMITATIONS.**—Reasonable limitations on requests for sales data relating to commercial products or commercial services.

##### EFFECTIVE DATE OF 2018 AMENDMENT

Amendment by Pub. L. 115-232 effective Jan. 1, 2020, subject to a savings provision, see section 836(h) of Pub. L. 115-232, set out as an Effective Date of 2018 Amendment; Savings Provision note under section 453b of Title 6, Domestic Security.

### § 3506. Price reductions for defective cost or pricing data

(a) **PROVISION REQUIRING ADJUSTMENT.**—

(1) **IN GENERAL.**—A prime contract (or change or modification to a prime contract) under which a certificate under section 3502(b) of this title is required shall contain a provision that the price of the contract to the Federal Government, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the executive agency that the price was increased because the contractor (or any subcontractor required to make the certificate available) submitted defective cost or pricing data.

(2) **WHAT CONSTITUTES DEFECTIVE COST OR PRICING DATA.**—For the purposes of this chapter, defective cost or pricing data are cost or

pricing data that, as of the date of agreement on the price of the contract (or another date agreed on between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree on a date other than the date of agreement on the price of the contract, the date agreed on by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

(b) **VALID DEFENSE.**—In determining for purposes of a contract price adjustment under a contract provision required by subsection (a) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it is a defense that the Federal Government did not rely on the defective data submitted by the contractor or subcontractor.

(c) **INVALID DEFENSES.**—It is not a defense to an adjustment of the price of a contract under a contract provision required by subsection (a) that—

(1) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

(A) was the sole source of the property or services procured; or

(B) otherwise was in a superior bargaining position with respect to the property or services procured;

(2) the contracting officer should have known that the cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(3) the contract was based on an agreement between the contractor and the Federal Government about the total cost of the contract and there was no agreement about the cost of each item procured under the contract; or

(4) the prime contractor or subcontractor did not submit a certification of cost or pricing data relating to the contract as required by section 3502(b) of this title.

(d) **OFFSETS.**—

(1) **WHEN ALLOWED.**—A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by subsection (a) if—

(A) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and

(B) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification), or, if applicable, consistent with subsection (a)(2), another date agreed on by the parties, and that the data were not submitted as specified in section 3502(c) of this title before that date.

(2) **WHEN NOT ALLOWED.**—A contractor shall not be allowed to offset an amount otherwise authorized to be offset under paragraph (1) if—

(A) the certification under section 3502(b) of this title with respect to the cost or pricing data involved was known to be false when signed; or

(B) the Federal Government proves that, had the cost or pricing data referred to in paragraph (1)(B) been submitted to the Federal Government before date of agreement on the price of the contract (or price of the modification), or, if applicable, under subsection (a)(2), another date agreed on by the parties, the submission of the cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

### § 3507. Interest and penalties for certain overpayments

(a) IN GENERAL.—If the Federal Government makes an overpayment to a contractor under a contract with an executive agency subject to this chapter and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the Federal Government—

(1) for interest on the amount of the overpayment, to be computed—

(A) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of the overpayment to the Federal Government; and

(B) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621); and

(2) if the submission of the defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

(b) LIABILITY NOT AFFECTED BY REFUSAL TO SUBMIT CERTIFICATION.—Any liability under this section of a contractor that submits cost or pricing data but refuses to submit the certification required by section 3502(b) of this title with respect to the cost or pricing data is not affected by the refusal to submit the certification.
