**§ 1101. Congressional findings and declarations**

The Congress finds and declares that—

(1) the processes set in motion by the Regional Rail Reorganization Act of 1973 [45 U.S.C. 701 et seq.] have failed to create a self-sustaining railroad system in the Northeast region of the United States and have cost United States taxpayers many billions of dollars over original estimates;

(2) current arrangements for the provision of rail freight and commuter service in the Northeast and Midwest regions of the United States are inadequate to meet the transportation needs of the public and the needs of national security;

(3) although the Federal Government has provided billions of dollars in assistance for Conrail and its employees, the Federal interest in ensuring the flow of interstate commerce through rail service in the private sector has not been achieved, and the protection of interstate commerce requires Federal intervention to preserve essential rail service in the private sector;

(4) the provisions for protection of employees of bankrupt railroads contained in the Regional Rail Reorganization Act of 1973 [45 U.S.C. 701 et seq.] have resulted in the payment of benefits far in excess of levels anticipated at the time of enactment, have imposed an excessive fiscal burden on the Federal taxpayer, and are now an obstacle to the establishment of improved rail service and continued rail employment in the Northeast region of the United States; and

(5) since holding Conrail liable for employee protection payments would destroy its prospects of becoming a profitable carrier and further injure its employees, an alternative employee protection system must be developed and funded.

## SHORT TITLE

Pub. L. 97-35, title XI, §1131, Aug. 13, 1981, 95 Stat. 643, provided that: "This subtitle [subtitle E (§§1131-1169) of title XI of Pub. L. 97-35, enacting this chapter, and sections 159a, 581 to 590, 727 to 729, 744a, 748, 761 to 769c, and 797 to 797m of this title, amending sections 601, 702, 711 to 713, 724, 741, 743, 745, 821, 825, and 829 of this title, repealing sections 771 to 780, 910, and 1006 of this title, and enacting provisions set out as notes under sections 744a, 771, and 1101 of this title] may be cited as the 'Northeast Rail Service Act of 1981'."

**§ 1102. Statement of purpose**

It is therefore declared to be the purpose of the Congress in this subtitle to provide for—

(1) the removal by a date certain of the Federal Government's obligation to subsidize the freight operations of Conrail;

(2) transfer of Conrail commuter service responsibilities to one or more entities whose principal purpose is the provision of commuter service; and

(3) an orderly return of Conrail freight service to the private sector.

## REFERENCES IN TEXT

This subtitle, referred to in text, is subtitle E (§§1131-1169) of title XI of Pub. L. 97-35, Aug. 13, 1981, 95 Stat. 643, known as the Northeast Rail Service Act of 1981. For complete classification of this subtitle to the Code, see Short Title note set out under section 1101 of this title and Tables.

**§ 1103. Goals and objectives**

It is the goal of this subtitle to provide Conrail the opportunity to become profitable through the achievement of the following objectives:

**(1) Nonagreement personnel**

(A) Employees who are not subject to collective bargaining agreements (hereafter in this

section referred to as “nonagreement personnel”) should forego wage increases and benefits in an amount proportionately equivalent to the amount foregone by agreement employees pursuant to paragraph (4) of this section, adjusted annually to reflect inflation.

(B) After May 1, 1981, the number of non-agreement personnel should be reduced proportionately to any reduction in agreement employees (excluding reductions pursuant to the termination program under section 797a of this title).

### (2) Suppliers

To facilitate the orderly movement of goods in interstate commerce, materials and services should continue to be available to Conrail, under normal business practices, including the provision of credit and normal financing arrangements.

### (3) Shippers

Conrail should utilize the revenue opportunities available to it under the Staggers Rail Act of 1980 and subtitle IV of title 49.

### (4) Agreement employees

(A) Conrail should enter into collective bargaining agreements with its employees which would reduce Conrail's costs in an amount equal to \$200,000,000 a year, beginning April 1, 1981, adjusted annually to reflect inflation.

(B) Agreements under this subparagraph may provide for reductions in wage increases and for changes in fringe benefits common to agreement employees, including vacations and holidays.

(C) The cost reductions required under this subparagraph in the first year of the agreement may be deferred, but the aggregate cost reductions should be no less than an average of \$200,000,000 per year for each of the first three one-year periods beginning April 1, 1981.

(D) The amount of cost reductions provided under this paragraph shall be calculated by subtracting the cost of an agreement entered into under this paragraph from (i) the cost that would otherwise result from the application of the national agreement reached by railroad industry and its employees, or (ii) until such national agreement is reached, the cost which the United States Railway Association estimates would result from the application of such a national agreement.

#### § 1201. Findings

The Congress finds that—

(1) the Alaska Railroad, which was built by the Federal Government to serve the transportation and development needs of the Territory of Alaska, presently is providing freight and passenger services that primarily benefit residents and businesses in the State of Alaska;

(2) many communities and individuals in Alaska are wholly or substantially dependent on the Alaska Railroad for freight and passenger service and provision of such service is an essential governmental function;

(3) continuation of services of the Alaska Railroad and the opportunity for future expansion of those services are necessary to achieve Federal, State, and private objectives; however, continued Federal control and financial support are no longer necessary to accomplish these objectives;

(4) the transfer of the Alaska Railroad and provision for its operation by the State in the manner contemplated by this chapter is made pursuant to the Federal goal and ongoing program of transferring appropriate activities to the States;

(5) the State's continued operation of the Alaska Railroad following the transfer contemplated by this chapter, together with such expansion of the railroad as may be necessary or convenient in the future, will constitute an appropriate public use of the rail system and associated properties, will provide an essential governmental service, and will promote the general welfare of Alaska's residents and visitors; and
