(c) Reports on Federal mandates

Each report described under subsection (a) shall contain—

(1) an identification and description of any Federal mandates in the bill or joint resolution, including the direct costs to State, local, and tribal governments, and to the private sector, required to comply with the Federal mandates;

(2) a qualitative, and if practicable, a quantitative assessment of costs and benefits anticipated from the Federal mandates (including the effects on health and safety and the protection of the natural environment); and

(3) a statement of the degree to which a Federal mandate affects both the public and private sectors and the extent to which Federal payment of public sector costs or the modification or termination of the Federal mandate as provided under section 658d(a)(2) of this title would affect the competitive balance between State, local, or tribal governments and the private sector including a description of the actions, if any, taken by the committee to avoid any adverse impact on the private sector or the competitive balance between the public sector and the private sector.

(d) Intergovernmental mandates

If any of the Federal mandates in the bill or joint resolution are Federal intergovernmental mandates, the report required under subsection (a) shall also contain—

(1)(A) a statement of the amount, if any, of increase or decrease in authorization of appropriations under existing Federal financial assistance programs, or of authorization of appropriations for new Federal financial assistance, provided by the bill or joint resolution and usable for activities of State, local, or tribal governments subject to the Federal intergovernmental mandates;

(B) a statement of whether the committee intends that the Federal intergovernmental mandates be partly or entirely unfunded, and if so, the reasons for that intention; and

(C) if funded in whole or in part, a statement of whether and how the committee has created a mechanism to allocate the funding in a manner that is reasonably consistent with the expected direct costs among and between the respective levels of State, local, and tribal government;

(2) any existing sources of Federal assistance in addition to those identified in paragraph (1) that may assist State, local, and tribal governments in meeting the direct costs of the Federal intergovernmental mandates; and

(3) if the bill or joint resolution would make the reduction specified in section 658(5)(B)(i)(II) of this title, a statement of how

the committee specifically intends the States to implement the reduction and to what extent the legislation provides additional flexibility, if any, to offset the reduction.

(e) Preemption clarification and information

When a committee of authorization of the Senate or the House of Representatives reports a bill or joint resolution of public character, the committee report accompanying the bill or joint resolution shall contain, if relevant to the bill or joint resolution, an explicit statement on the extent to which the bill or joint resolution is intended to preempt any State, local, or tribal law, and, if so, an explanation of the effect of such preemption.

(f) Publication of statement from Director**(1) In general**

Upon receiving a statement from the Director under section 658c of this title, a committee of the Senate or the House of Representatives shall publish the statement in the committee report accompanying the bill or joint resolution to which the statement relates if the statement is available at the time the report is printed.

(2) Other publication of statement of Director

If the statement is not published in the report, or if the bill or joint resolution to which the statement relates is expected to be considered by the Senate or the House of Representatives before the report is published, the committee shall cause the statement, or a summary thereof, to be published in the Congressional Record in advance of floor consideration of the bill or joint resolution.

§ 658c. Duties of Director; statements on bills and joint resolutions other than appropriations bills and joint resolutions**(a) Federal intergovernmental mandates in reported bills and resolutions**

For each bill or joint resolution of a public character reported by any committee of authorization of the Senate or the House of Representatives, the Director of the Congressional Budget Office shall prepare and submit to the committee a statement as follows:

(1) Contents

If the Director estimates that the direct cost of all Federal intergovernmental mandates in

the bill or joint resolution will equal or exceed \$50,000,000 (adjusted annually for inflation) in the fiscal year in which any Federal intergovernmental mandate in the bill or joint resolution (or in any necessary implementing regulation) would first be effective or in any of the 4 fiscal years following such fiscal year, the Director shall so state, specify the estimate, and briefly explain the basis of the estimate.

(2) Estimates

Estimates required under paragraph (1) shall include estimates (and brief explanations of the basis of the estimates) of—

(A) the total amount of direct cost of complying with the Federal intergovernmental mandates in the bill or joint resolution;

(B) if the bill or resolution contains an authorization of appropriations under section 658d(a)(2)(B) of this title, the amount of new budget authority for each fiscal year for a period not to exceed 10 years beyond the effective date necessary for the direct cost of the intergovernmental mandate; and

(C) the amount, if any, of increase in authorization of appropriations under existing Federal financial assistance programs, or of authorization of appropriations for new Federal financial assistance, provided by the bill or joint resolution and usable by State, local, or tribal governments for activities subject to the Federal intergovernmental mandates.

(3) Additional flexibility information

The Director shall include in the statement submitted under this subsection, in the case of legislation that makes changes as described in section 658(5)(B)(i)(II) of this title—

(A) if no additional flexibility is provided in the legislation, a description of whether and how the States can offset the reduction under existing law; or

(B) if additional flexibility is provided in the legislation, whether the resulting savings would offset the reductions in that program assuming the States fully implement that additional flexibility.

(4) Estimate not feasible

If the Director determines that it is not feasible to make a reasonable estimate that would be required under paragraphs (1) and (2), the Director shall not make the estimate, but shall report in the statement that the reasonable estimate cannot be made and shall include the reasons for that determination in the statement. If such determination is made by the Director, a point of order under this part shall lie only under section 658d(a)(1) of this title and as if the requirement of section 658d(a)(1) of this title had not been met.

(b) Federal private sector mandates in reported bills and joint resolutions

For each bill or joint resolution of a public character reported by any committee of authorization of the Senate or the House of Representatives, the Director of the Congressional Budget Office shall prepare and submit to the committee a statement as follows:

(1) Contents

If the Director estimates that the direct cost of all Federal private sector mandates in the

bill or joint resolution will equal or exceed \$100,000,000 (adjusted annually for inflation) in the fiscal year in which any Federal private sector mandate in the bill or joint resolution (or in any necessary implementing regulation) would first be effective or in any of the 4 fiscal years following such fiscal year, the Director shall so state, specify the estimate, and briefly explain the basis of the estimate.

(2) Estimates

Estimates required under paragraph (1) shall include estimates (and a brief explanation of the basis of the estimates) of—

(A) the total amount of direct costs of complying with the Federal private sector mandates in the bill or joint resolution; and

(B) the amount, if any, of increase in authorization of appropriations under existing Federal financial assistance programs, or of authorization of appropriations for new Federal financial assistance, provided by the bill or joint resolution usable by the private sector for the activities subject to the Federal private sector mandates.

(3) Estimate not feasible

If the Director determines that it is not feasible to make a reasonable estimate that would be required under paragraphs (1) and (2), the Director shall not make the estimate, but shall report in the statement that the reasonable estimate cannot be made and shall include the reasons for that determination in the statement.

(c) Legislation falling below direct costs thresholds

If the Director estimates that the direct costs of a Federal mandate will not equal or exceed the thresholds specified in subsections (a) and (b), the Director shall so state and shall briefly explain the basis of the estimate.

(d) Amended bills and joint resolutions; conference reports

If a bill or joint resolution is passed in an amended form (including if passed by one House as an amendment in the nature of a substitute for the text of a bill or joint resolution from the other House) or is reported by a committee of conference in amended form, and the amended form contains a Federal mandate not previously considered by either House or which contains an increase in the direct cost of a previously considered Federal mandate, then the committee of conference shall ensure, to the greatest extent practicable, that the Director shall prepare a statement as provided in this subsection or a supplemental statement for the bill or joint resolution in that amended form.

(2) any bill, joint resolution, amendment, motion, or conference report that would increase the direct costs of Federal intergovernmental mandates by an amount that causes the thresholds specified in section 658c(a)(1) of this title to be exceeded, unless—

(A) the bill, joint resolution, amendment, motion, or conference report provides new budget authority or new entitlement authority in the House of Representatives or direct spending authority in the Senate for each fiscal year for such mandates included in the bill, joint resolution, amendment, motion, or conference report in an amount equal to or exceeding the direct costs of such mandate; or

(B) the bill, joint resolution, amendment, motion, or conference report includes an authorization for appropriations in an amount equal to or exceeding the direct costs of such mandate, and—

(bb) legislative recommendations for either implementing a less costly mandate or making such mandate ineffective for the fiscal year;

(II) provides for expedited procedures for the consideration of the statement or legislative recommendations referred to in subclause (I) by Congress no later than 30 days after the statement or recommendations are submitted to Congress; and
