(B) in the case of a Federal private sector mandate, means the aggregate estimated amounts that the private sector will be required to spend in order to comply with the Federal private sector mandate;

(ii) reasonable steps to mitigate the costs shall not include increases in State, local, or tribal taxes or fees; and

(D) shall not include—

(i) estimated amounts that the State, local, and tribal governments (in the case of a Federal intergovernmental mandate) or the private sector (in the case of a Federal private sector mandate) would spend—

(I) to comply with or carry out all applicable Federal, State, local, and tribal laws and regulations in effect at the time of the adoption of the Federal mandate for the same activity as is affected by that Federal mandate; or

(II) to comply with or carry out State, local, and tribal governmental programs, or private-sector business or other activities in effect at the time of the adoption of the Federal mandate for the same activity as is affected by that mandate; or

(ii) expenditures to the extent that such expenditures will be offset by any direct savings to the State, local, and tribal governments, or by the private sector, as a result of—

(II) the control of borders by the Federal Government; or reimbursement to State, local, or tribal governments for the net cost associated with illegal, deportable, and excludable aliens, including court-mandated expenses related to emergency health care, education or criminal justice; when such a reduction or elimination would result in increased net costs to State, local, or tribal governments in providing education or emergency health care to, or incarceration of, illegal aliens; except that this subclause shall not be in effect with respect to a State, local, or tribal government, to the extent that such government has not fully cooperated in the efforts of the Federal Government to locate, apprehend, and deport illegal aliens;

(B) any provision in legislation, statute, or regulation that relates to a then-existing Federal program under which \$500,000,000 or more is provided annually to State, local, and tribal governments under entitlement authority, if the provision—

§ 658c. Duties of Director; statements on bills and joint resolutions other than appropriations bills and joint resolutions**(a) Federal intergovernmental mandates in reported bills and resolutions**

For each bill or joint resolution of a public character reported by any committee of authorization of the Senate or the House of Representatives, the Director of the Congressional Budget Office shall prepare and submit to the committee a statement as follows:

(1) Contents

If the Director estimates that the direct cost of all Federal intergovernmental mandates in

the bill or joint resolution will equal or exceed \$50,000,000 (adjusted annually for inflation) in the fiscal year in which any Federal intergovernmental mandate in the bill or joint resolution (or in any necessary implementing regulation) would first be effective or in any of the 4 fiscal years following such fiscal year, the Director shall so state, specify the estimate, and briefly explain the basis of the estimate.

(C) the amount, if any, of increase in authorization of appropriations under existing Federal financial assistance programs, or of authorization of appropriations for new Federal financial assistance, provided by the bill or joint resolution and usable by State, local, or tribal governments for activities subject to the Federal intergovernmental mandates.

(3) Additional flexibility information

The Director shall include in the statement submitted under this subsection, in the case of legislation that makes changes as described in section 658(5)(B)(i)(II) of this title—

(A) if no additional flexibility is provided in the legislation, a description of whether and how the States can offset the reduction under existing law; or

(B) if additional flexibility is provided in the legislation, whether the resulting savings would offset the reductions in that program assuming the States fully implement that additional flexibility.

(4) Estimate not feasible

If the Director determines that it is not feasible to make a reasonable estimate that would be required under paragraphs (1) and (2), the Director shall not make the estimate, but shall report in the statement that the reasonable estimate cannot be made and shall include the reasons for that determination in the statement. If such determination is made by the Director, a point of order under this part shall lie only under section 658d(a)(1) of this title and as if the requirement of section 658d(a)(1) of this title had not been met.

(b) Federal private sector mandates in reported bills and joint resolutions

For each bill or joint resolution of a public character reported by any committee of authorization of the Senate or the House of Representatives, the Director of the Congressional Budget Office shall prepare and submit to the committee a statement as follows:

(1) Contents

If the Director estimates that the direct cost of all Federal private sector mandates in the

bill or joint resolution will equal or exceed \$100,000,000 (adjusted annually for inflation) in the fiscal year in which any Federal private sector mandate in the bill or joint resolution (or in any necessary implementing regulation) would first be effective or in any of the 4 fiscal years following such fiscal year, the Director shall so state, specify the estimate, and briefly explain the basis of the estimate.

(3) Estimate not feasible

If the Director determines that it is not feasible to make a reasonable estimate that would be required under paragraphs (1) and (2), the Director shall not make the estimate, but shall report in the statement that the reasonable estimate cannot be made and shall include the reasons for that determination in the statement.

(c) Legislation falling below direct costs thresholds

If the Director estimates that the direct costs of a Federal mandate will not equal or exceed the thresholds specified in subsections (a) and (b), the Director shall so state and shall briefly explain the basis of the estimate.

(d) Amended bills and joint resolutions; conference reports

If a bill or joint resolution is passed in an amended form (including if passed by one House as an amendment in the nature of a substitute for the text of a bill or joint resolution from the other House) or is reported by a committee of conference in amended form, and the amended form contains a Federal mandate not previously considered by either House or which contains an increase in the direct cost of a previously considered Federal mandate, then the committee of conference shall ensure, to the greatest extent practicable, that the Director shall prepare a statement as provided in this subsection or a supplemental statement for the bill or joint resolution in that amended form.

§ 658g. Clarification of application

(a) In general

This part applies to any bill, joint resolution, amendment, motion, or conference report that reauthorizes appropriations, or that amends existing authorizations of appropriations, to carry out any statute, or that otherwise amends any statute, only if enactment of the bill, joint resolution, amendment, motion, or conference report—

(2) Amounts

The amounts referred to under paragraph (1) are—
