For the purpose of qualifying as an institution under paragraph (1)(C), the Secretary shall establish criteria by regulation for the approval of institutions outside the United States and for the determination that such institutions are comparable to an institution of higher education as defined in section 1001 of this title (except that a graduate medical school, nursing school, or a veterinary school, located outside the United States shall not be required to meet the requirements of section 1001(a)(4) of this title). Such criteria shall include a requirement that a student attending such school outside the United States is ineligible for loans made under part D of subchapter IV unless—

(C) Failure to release information

The failure of an institution outside the United States to provide, release, or authorize release to the Secretary of such information as may be required by subparagraph (A) shall render such institution ineligible for the purpose of part D of subchapter IV.

(D) Special rule

If, pursuant to this paragraph, an institution loses eligibility to participate in the programs under subchapter IV, then a student enrolled at such institution may, notwithstanding such loss of eligibility, continue to be eligible to receive a loan under part D of subchapter IV while attending such institution for the academic year succeeding the academic year in which such loss of eligibility occurred.
