U.S.A. vs. Arredondo, Jose Alfredo Ricardo Docket No. 0980 1:24CR02027-SAB-12

Petition for Action on Conditions of Pretrial Release

COMES NOW Arturo Santana, PRETRIAL SERVICES OFFICER presenting an official report upon the conduct of defendant, Jose Alfredo Ricardo Arredondo, who was placed under pretrial release supervision by the Honorable Chief U.S. District Judge Stanley A. Bastian sitting in the court at Yakima, Washington, on the 21st day of May 2024, under the following conditions:

Standard Condition #9: Defendant shall refrain from use or unlawful possession of a narcotic drug or other controlled substances defined in 21 U.S.C. § 802, unless prescribed by a licensed medical practitioner in conformance with Federal law. Defendant may not use or possess marijuana, regardless of whether Defendant has been authorized medical marijuana under state law.

RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT FOR CAUSE AS FOLLOWS:

Violation #1: Mr. Arredondo is alleged to be in violation of his pretrial conditions by consuming a controlled substance, cocaine, on or about January 11, 2026.

On January 13, 2026, this officer instructed Mr. Arredondo to report to the Yakima probation office for random urinalysis (UA) testing. Mr. Arredondo reported to the probation office and provided a urine sample that was presumptive positive for cocaine. Mr. Arredondo appeared uneasy and off of his baseline behavior. He did not admit or deny any drug use. The specimen was sent to Alere Laboratory (Alere) for confirmation testing.

On January 15, 2026, this officer instructed Mr. Arredondo to report to the Yakima probation office for random UA testing. Mr. Arredondo reported to the probation office and admitted he had last consumed cocaine on or about January 11, 2026. Mr. Arredondo provided a urine sample that was presumptive positive for cocaine. This officer asked Mr. Arredondo to be honest about his drug use and if he had consumed any cocaine since January 11, 2026, as 4 days have passed since his admitted use and continued to be positive for cocaine. Mr. Arredondo denied any drug use since his admission date. The urine sample was sent to Alere for confirmation testing.

On January 16, 2026, this officer instructed Mr. Arredondo to report to the Yakima probation office for random UA testing. He reported to the probation office and provided a urine sample that was presumptive positive for cocaine. This officer asked Mr. Arredondo about any continued drug use. He again denied any further drug use. The urine sample was sent to Alere for confirmation testing.

The three aforementioned UA specimens were confirmed positive for cocaine from Alere. This officer made a request for interpretation of these results to determine if Mr. Arredondo had consumed cocaine since January 11, 2026.

On February 2, 2026, this officer received a letter with the interpretation results from Alere. The results of the specimens collected appear to indicate residual elimination due to the decreasing values between each specimen.
