THE HISTORY OF THE UNITED STATES

CHAPTER I
THE DISCOVERY OF AMERICA
The first discovery of America was made by Christopher Columbus in 1492. He sailed from Spain in search of a westward route to the Indies. On October 12, 1492, he landed on the island of San Salvador in the West Indies. This event marked the beginning of European contact with the Americas.

CHAPTER II
THE EARLY YEARS
The early years of the United States were marked by the struggle for independence from Great Britain. The American Revolution began in 1775 and ended in 1783. The Declaration of Independence was signed on July 4, 1776. The Constitution was adopted in 1787.

CHAPTER III
THE WESTWARD EXPANSION
The westward expansion of the United States was a major theme in the nation's history. The Louisiana Purchase of 1803 doubled the size of the United States. The Texas Revolution and the Mexican-American War of 1846-1848 resulted in the acquisition of Texas and California. The Gold Rush of 1849 led to a massive influx of settlers into the West.

CHAPTER IV
THE CIVIL WAR
The Civil War, fought from 1861 to 1865, was a pivotal moment in American history. It was fought over the issue of slavery. The Union emerged victorious, and slavery was abolished. The war led to the Reconstruction era and the passage of the Civil Rights Act of 1866.

CHAPTER V
THE RECONSTRUCTION ERA
The Reconstruction era, from 1865 to 1877, was a period of significant change in the South. The Freedmen's Bureau was established to help freed slaves. The Reconstruction Acts of 1867 required the South to accept the 14th Amendment. The Reconstruction era ended with the Compromise of 1877.

CHAPTER VI
THE Gilded Age
The Gilded Age, from 1870 to 1900, was a period of rapid industrialization and economic growth. The rise of big business and the accumulation of vast fortunes by industrialists like John D. Rockefeller and Andrew Carnegie were characteristic of this era. The Progressive Movement emerged as a response to the social problems of the Gilded Age.

CHAPTER VII
THE PROGRESSIVE ERA
The Progressive Era, from 1890 to 1920, was a period of reform and social change. Progressives sought to address the problems of the Gilded Age through government action. The Progressive Era led to the passage of the Progressive Era reforms, including the Pure Food and Drug Act, the Clayton Act, and the Federal Reserve Act.

CHAPTER VIII
THE INTERWAR PERIOD
The Interwar Period, from 1918 to 1945, was a period of significant change in American society. The United States emerged as a world power after World War I. The 1920s were a period of economic prosperity and social conservatism. The Great Depression of the 1930s led to the New Deal. The United States entered World War II in 1941.

CHAPTER IX
THE POST-WAR PERIOD
The Post-War Period, from 1945 to the present, has been a period of significant change in American society. The United States emerged as a superpower after World War II. The Cold War with the Soviet Union was a defining feature of this era. The Civil Rights Movement of the 1950s and 1960s led to the passage of the Civil Rights Act of 1964. The Vietnam War and the Watergate scandal were major events of this era.
