No. 153. SECURITIES AND EXCHANGE COMMISSION *v.* DREXEL & Co., 348 U. S. 341. Opinion amended by adding the following footnote at the end of the eighth paragraph [reported as amended, 348 U. S. 341, 344]:

A petition for rehearing states that Electric is not a "public utility company" within the meaning of the Act and therefore § 12 (d) is inapplicable. We do not prejudice that position by this opinion, for whether or not Electric is a "public utility company," § 12 of the Act is concededly applicable. Section 12 (c) provides:

"It shall be unlawful for any registered holding company or any subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to declare or pay any dividend on any security of such company or to acquire, retire, or redeem any security of such company, in contravention of such rules and regulations or orders as the Commission deems necessary or appropriate to protect the financial integrity of companies in holding-company systems, to safeguard the working capital of public-utility companies, to prevent the payment of dividends out of capital or unearned surplus, or to prevent the circumvention of the provisions of this title or the rules, regulations, or orders thereunder."

Section 12 (f) provides:

"It shall be unlawful for any registered holding company or subsidiary company thereof, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to negotiate, enter into, or take any step in the performance of any transaction not otherwise unlawful under this title, with any company in the same holding-company system or with any affiliate of a company in such holding-company system in contravention of such rules and regulations or orders regarding reports, accounts, costs, maintenance of competitive conditions, disclosure of interest, duration of contracts, and similar matters as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of this title or the rules and regulations thereunder."

The broad powers granted the Commission under these provisions are plainly adequate to give it the control it reserved in this case over the fees incident to the exchange of the old securities.
