#### REPORTER'S NOTE

The next page is purposely numbered 1301. The numbers between 1171 and 1301 were intentionally omitted, in order to make it possible to publish in-chambers opinions with *permanent* page numbers, thus making the official citations available upon publication of the preliminary prints of the United States Reports.

### 2000 Wavelength

"Diseases of the eye" and "diseases of the eye and brain" are the two main categories of diseases of patients. Diseases of the eye and brain are usually mild and transient, but developing them can be a serious problem, especially considering all the side effects they can have on the patient's life.
