

Statement on Steps To Enhance the Safety of Clinical Trials

May 23, 2000

This is a moment of remarkable promise for our country. Not only are we in the midst of the longest economic expansion ever, but thanks to the brilliant, persistent work of scientists all over the world, we are also in the midst of a remarkable revolution that is allowing us to live longer, healthier lives.

In December I asked the Department of Health and Human Services to develop a plan to ensure that mandatory safeguards for individuals participating in clinical trials are upheld. Public uncertainty about the safety of clinical trials could discourage participation in these critical studies and undermine the critical progress science has made towards developing new methods to detect, treat, and prevent diseases once thought to be deadly.

To that end, I am pleased to announce that the Department is taking new steps to enhance the safety of clinical trials. These include: new actions designed to ensure that individuals are adequately informed about the potential risks and benefits of participating in research; new training requirements to ensure that researchers are familiar with ethical issues related to human subject research; and steps designed to address the potential financial conflicts of interest faced by researchers. We are also sending the Congress a new legislative proposal to authorize civil monetary penalties for researchers and institutions found to be in violation of regulations governing human clinical trials.

We are on the brink of discoveries that are astonishing in their complexity and implications for human life in the decades ahead. But as committed as we are to further progress, we must be as committed to ensuring that we enter this new age of discovery in a manner that protects the safety of those making these new discoveries possible. These new actions are a critical first step towards meeting that goal.

Executive Order 13157—Increasing Opportunities for Women-Owned Small Businesses

May 23, 2000

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Small Business Act, 15 U.S.C. 631, *et seq.*, section 7106 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103–355), and the Office of Federal Procurement Policy, 41 U.S.C. 403, *et seq.*, and in order to strengthen the executive branch’s commitment to increased opportunities for women-owned small businesses, it is hereby ordered as follows:

Section 1. Executive Branch Policy. In order to reaffirm and strengthen the statutory policy contained in the Small Business Act, 15 U.S.C. 644(g)(1), it shall be the policy of the executive branch to take the steps necessary to meet or exceed the 5 percent Government-wide goal for participation in procurement by women-owned small businesses (WOSBs). Further, the executive branch shall implement this policy by establishing a participation goal for WOSBs of not less than 5 percent of the total value of all prime contract awards for each fiscal year and of not less than 5 percent of the total value of all subcontract awards for each fiscal year.

Sec. 2. Responsibilities of Federal Departments and Agencies. Each department and agency (hereafter referred to collectively as “agency”) that has procurement authority shall develop a long-term comprehensive strategy to expand opportunities for WOSBs. Where feasible and consistent with the effective and efficient performance of its mission, each agency shall establish a goal of achieving a participation rate for WOSBs of not less than 5 percent of the total value of all prime contract awards for each fiscal year and of not less than 5 percent of the total value of all subcontract awards for each fiscal year. The agency’s plans shall include, where appropriate, methods and programs as set forth in section 4 of this order.

Sec. 3. Responsibilities of the Small Business Administration. The Small Business Administration (SBA) shall establish an Assistant Administrator for Women's Procurement within the SBA's Office of Government Contracting. This officer shall be responsible for:

- (a) working with each agency to develop and implement policies to achieve the participation goals for WOSBs for the executive branch and individual agencies;
- (b) advising agencies on how to implement strategies that will increase the participation of WOSBs in Federal procurement;
- (c) evaluating, on a semiannual basis, using the Federal Procurement Data System (FPDS), the achievement of prime and subcontract goals and actual prime and subcontract awards to WOSBs for each agency;
- (d) preparing a report, which shall be submitted by the Administrator of the SBA to the President, through the Interagency Committee on Women's Business Enterprise and the Office of Federal Procurement Policy (OFPP), on findings based on the FPDS, regarding prime contracts and subcontracts awarded to WOSBs;
- (e) making recommendations and working with Federal agencies to expand participation rates for WOSBs, with a particular emphasis on agencies in which the participation rate for these businesses is less than 5 percent;
- (f) providing a program of training and development seminars and conferences to instruct women on how to participate in the SBA's 8(a) program, the Small Disadvantaged Business (SDB) program, the HUBZone program, and other small business contracting programs for which they may be eligible;
- (g) developing and implementing a single uniform Federal Government-wide website, which provides links to other websites within the Federal system concerning acquisition, small businesses, and women-owned businesses, and which provides current procurement information for WOSBs and other small businesses;
- (h) developing an interactive electronic commerce database that allows small businesses to register their businesses and capabilities as potential contractors for Federal agencies, and enables contracting officers to identify and locate potential contractors; and
- (i) working with existing women-owned business organizations, State and local governments, and others in order to promote the sharing of information and the development of more uniform State and local standards for WOSBs that reduce the burden on these firms in competing for procurement opportunities.

Sec. 4. Other Responsibilities of Federal Agencies. To the extent permitted by law, each Federal agency shall work with the SBA to ensure maximum participation of WOSBs in the procurement process by taking the following steps:

- (a) designating a senior acquisition official who will work with the SBA to identify and promote contracting opportunities for WOSBs;
- (b) requiring contracting officers, to the maximum extent practicable, to include WOSBs in competitive acquisitions;
- (c) prescribing procedures to ensure that acquisition planners, to the maximum extent practicable, structure acquisitions to facilitate competition by and among small businesses, HUBZone small businesses, SDBs, and WOSBs, and providing guidance on structuring acquisitions, including, but not limited to, those expected to result in multiple award contracts, in order to facilitate competition by and among these groups;
- (d) implementing mentor-protégé programs, which include women-owned small business firms; and
- (e) offering industry-wide as well as industry-specific outreach, training, and technical assistance programs for WOSBs including, where appropriate, the use of Government acquisitions forecasts, in order to assist

WOSBs in developing their products, skills, business planning practices, and marketing techniques.

Sec. 5. Subcontracting Plans. The head of each Federal agency, or designated representative, shall work closely with the SBA, OFPP, and others to develop procedures to increase compliance by prime contractors with subcontracting plans proposed under section 8(d) of the Small Business Act (15 U.S.C. 637(d)) or section 834 of Public Law 101-189, as amended (15 U.S.C. 637 note), including subcontracting plans involving WOSBs.

Sec. 6. Action Plans. If a Federal agency fails to meet its annual goals in expanding contract opportunities for WOSBs, it shall work with the SBA to develop an action plan to increase the likelihood that participation goals will be met or exceeded in future years.

Sec. 7. Compliance. Independent agencies are requested to comply with the provisions of this order.

Sec. 8. Consultation and Advice. In developing the long-term comprehensive strategies required by section 2 of this order, Federal agencies shall consult with, and seek information and advice from, State and local governments, WOSBs, other private-sector partners, and other experts.

Sec. 9. Judicial Review. This order is for internal management purposes for the Federal Government. It does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies, its officers, its employees, or any other person.

William J. Clinton

The White House,
May 23, 2000.

NOTE: This Executive order was published in the *Federal Register* on May 25.

Message to the Senate Transmitting the Bahrain-United States Bilateral Investment Treaty With Documentation

May 23, 2000

To the Senate of the United States:

With a view to receiving the advice and consent of the Senate to ratification, I transmit herewith the Treaty Between the Government of the United States of America and the Government of the State of Bahrain Concerning the Encouragement and Reciprocal Protection of Investment, with Annex, signed at Washington on September 29, 1999. I transmit also, for the information of the Senate, the report of the Department of State with respect to this Treaty.

The bilateral investment treaty (BIT) with Bahrain is the third such treaty between the United States and a Middle Eastern country. The Treaty will protect U.S. investment and assist Bahrain in its efforts to develop its economy by creating conditions more favorable for U.S. private investment and thus strengthen the development of its private sector.

The Treaty is fully consistent with U.S. policy toward international and domestic investment. A specific tenet of U.S. policy, reflected in this Treaty, is that U.S. investment abroad and foreign investment in the United States should receive national treatment. Under this Treaty, the Parties also agree to customary international law standards for expropriation. The Treaty includes detailed provisions regarding the computation and payment of prompt, adequate, and effective compensation for expropriation; free transfer of funds related to investments; freedom of investments from specified performance requirements; fair, equitable, and most-favored-nation treatment; and the investor's freedom to choose to resolve disputes with the host government through international arbitration.

I recommend that the Senate consider this Treaty as soon as possible, and give its advice
