(b) AMENDMENTS TO ALASKA NATIONAL INTEREST LANDS CONSERVATION ACT.—

(1) AMENDMENT OF ANILCA.—Except as otherwise expressly provided, whenever in this subsection an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3101 et seq.).

(2) DEFINITIONS.—Section 102(2) (16 U.S.C. 3102(2)) is amended to read as follows:

“(2) The term ‘Federal land’ means lands the title to which is in the United States after December 2, 1980. ‘Federal land’ does not include lands the title to which is in the State, an Alaska Native corporation, or other private ownership.”.

(3) FINDINGS.—Section 801 (16 U.S.C. 3111) is amended—

(A) by inserting “(a)” immediately before “The Congress finds and declares”; and

(B) by inserting at the end the following new subsection:

“(b) The Congress finds and declares further that—

“(1) subsequent to the enactment of this Act in 1980, the subsistence law of the State of Alaska (AS 16.05) accomplished the goals of Congress and requirements of this Act in providing subsistence use opportunities for rural residents of Alaska, both Alaska Native and non-Alaska Native;

“(2) the Alaska subsistence law was challenged in Alaska courts, and the rural preference requirement in the law was found in 1989 by the Alaska Supreme Court in *McDowell v. State of Alaska* (785 P.2d 1, 1989) to violate the Alaska Constitution;

“(3) since that time, repeated attempts to restore the validity of the State law through an amendment to the Alaska Constitution have failed, and the people of Alaska have not been given the opportunity to vote on such an amendment;

“(4) in accordance with title VIII of this Act, the Secretary of the Interior is required to manage fish and wildlife for subsistence uses on all public lands in Alaska because of the failure of State law to provide a rural preference;

“(5) the Ninth Circuit Court of Appeals determined in 1995 in *State of Alaska v. Babbitt* (73 F.3d 698) that the subsistence priority required on public lands under section 804 of this Act applies to navigable waters in which the United States has reserved water rights as identified by the Secretary of the Interior;

“(6) management of fish and wildlife resources by State governments has proven successful in all 50 States, including Alaska, and the State of Alaska should have the opportunity

to continue to manage such resources on all lands, including public lands, in Alaska in accordance with this Act, as amended; and

“(7) it is necessary to amend portions of this Act to restore the original intent of Congress to protect and provide for the continued opportunity for subsistence uses on public lands for Alaska Native and non-Alaska Native rural residents through the management of the State of Alaska.”.

(4) TITLE VIII DEFINITIONS.—Section 803 (16 U.S.C. 3113) is amended—

(A) by striking “and” at the end of paragraph (1);

(B) by striking the period and inserting a semicolon at the end of paragraph (2); and

(C) by inserting at the end the following new paragraphs:

“(3) ‘customary and traditional uses’ means the noncommercial, long-term, and consistent taking of, use of, or reliance upon fish and wildlife in a specific area and the patterns and practices of taking or use of that fish and wildlife that have been established over a reasonable period of time, taking into consideration the availability of the fish and wildlife;

“(4) ‘customary trade’ means, except for money sales of furs and furbearers, the limited noncommercial exchange for money of fish and wildlife or their parts in minimal quantities; and

“(5) ‘rural Alaska resident’ means a resident of a rural community or area. A ‘rural community or area’ means a community or area substantially dependent on fish and wildlife for nutritional and other subsistence uses.”.

(5) PREFERENCE FOR SUBSISTENCE USES.—Section 804 (16 U.S.C. 3114) is amended—

(A) by inserting “(a)” immediately before the first sentence; and

(B) by inserting at the end the following new subsection:

“(b) The priority granted by this section is for a reasonable opportunity to take fish and wildlife. For the purposes of this subsection, the term ‘reasonable opportunity’ means an opportunity, consistent with customary and traditional uses (as defined in section 803(3)), to participate in a subsistence hunt or fishery with a reasonable expectation of success, and does not mean a guarantee that fish and wildlife will be taken.”.

(6) LOCAL AND REGIONAL PARTICIPATION.—Section 805 (16 U.S.C. 3115) is amended—

(A) in subsection (a) by striking “one year after the date of enactment of this Act,”; and

(B) by amending subsection (d) to read as follows:

“(d)(1) Upon certification by the Secretary that the State has enacted and implemented laws of general applicability which are consistent with, and which provide for the definition, preference, and participation specified in sections 803, 804, and 805, the Secretary shall not implement subsections (a), (b), and (c) of this section, and the State may immediately assume management for the taking of fish and wildlife on the public lands for subsistence uses pursuant to this title. Upon assumption of such management by the State, the Secretary shall not implement subsections (a), (b), and (c) of this section unless a court of competent jurisdiction

determines that such laws have been repealed, modified, or implemented in a way that is inconsistent with, or does not provide for, the definition, preference, and participation specified in sections 803, 804, and 805, or that the State has failed to cure any such inconsistency after such determination. The State laws shall otherwise supercede such sections insofar as such sections govern State responsibility pursuant to this title for the taking of fish and wildlife on the public lands for subsistence uses. The Secretary may bring a judicial action to enforce this subsection.

“(2)(A) Laws establishing a system of local advisory committees and regional advisory councils consistent with section 805 shall provide that the State rulemaking authority shall consider the advice and recommendations of the regional councils concerning the taking of fish and wildlife populations on public lands within their respective regions for subsistence uses. The regional councils may present recommendations, and the evidence upon which such recommendations are based, to the State rulemaking authority during the course of the administrative proceedings of such authority. The State rulemaking authority may choose not to follow any recommendation which it determines is not supported by substantial evidence presented during the course of its administrative proceedings, violates recognized principles of fish and wildlife conservation or would be detrimental to the satisfaction of rural subsistence needs. If a recommendation is not adopted by the State rulemaking authority, such authority shall set forth the factual basis and the reasons for its decision.

“(B) The members of each regional advisory council established under this subsection shall be appointed by the Governor of Alaska. Each council shall have ten members, four of whom shall be selected from nominees who reside in the region submitted by tribal councils in the region, and six of whom shall be selected from nominees submitted by local governments and local advisory committees. Three of these six shall be subsistence users who reside in the subsistence resource region and three shall be sport or commercial users who may be residents of any subsistence resource region. Regional council members shall have staggered terms of three years in length, with no limit on the number of terms a member may serve. A quorum shall be a majority of the members of the council.”.

(7) JUDICIAL ENFORCEMENT.—Section 807 (16 U.S.C. 3117) is amended by inserting the following as subsection (b):

“(b) State agency actions may be declared invalid by the court only if they are arbitrary, capricious, or an abuse of discretion, or otherwise not in accordance with law. When reviewing any action within the specialized knowledge of a State agency, the court shall give the decision of the State agency the same deference it would give the same decision of a comparable Federal agency.”.

(8) REGULATIONS.—Section 814 (16 U.S.C. 3124) is amended—

(A) by inserting “, and the State at any time the State has complied with section 805(d)” after “Secretary”; and

(9) LIMITATIONS, SAVINGS CLAUSES.—Section 815 (16 U.S.C. 3125) is amended—

(c) SAVINGS CLAUSE.—No provision of this section, amendment made by this section, or exercise of authority pursuant to this section may be construed to validate, invalidate, or in any way affect—

(1) any assertion that an Alaska Native organization (including a federally recognized tribe, traditional Alaska Native council, or Alaska Native council organized pursuant to the Act of June 18, 1934 (25 U.S.C. 461 et seq.), as amended) has or does not have governmental authority over lands (including management of, or regulation of the taking of, fish and wildlife) or persons within the boundaries of the State of Alaska;

(2) any assertion that Indian country, as defined in section 1151 of title 18, United States Code, exists or does not exist within the boundaries of the State of Alaska;

(3) any assertion that the Alaska National Interest Lands Conservation Act, as amended (16 U.S.C. 3101 et seq.) is or is not Indian law; or

(4) the authority of the Secretary of the Interior under section 1314(c) of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3202(c)).

(d) EFFECTIVE DATE.—Unless and until laws are adopted in the State of Alaska which provide for the definition, preference, and participation specified in sections 803, 804, and 805 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3111 et seq.), the amendments made by subsection (b) of this section shall be effective only for the purposes of determining whether the State’s laws provide for such definition, preference, and participation. The Secretary shall certify before December 1, 1998 if such laws have been adopted in the State of Alaska. Subsection (b) shall be repealed on such date if such laws have not been adopted.

(b) In return for the Nursery Site properties, Skamania County is authorized and directed to negotiate with the Forest Service the conveyance of approximately 120 acres of high biodiversity, special management lands located near Table Mountain within the Columbia River Gorge National Scenic Area, title to which must be acceptable to the Secretary of Agriculture.

(c) Before this exchange can occur, it must be of equal value and the Secretary and the Skamania County Board of Commissioners must agree on the exact parcels of land to be included in the exchange. The Secretary may accept services in lieu of cash when the Secretary can discern cash value for the services and when the Secretary determines such services would provide direct benefits to lands and resources and users of such lands and resources under the jurisdiction of the Secretary.

(g) Any cash equalization which Skamania County elects to make may be made up to 50 percent of the fair market value of the Federal property, and such cash equalization may be made in installments over a period not to exceed 25 years. Payments received as partial consideration shall be deposited into the fund in the Treasury established under the Act of December 4, 1967, commonly known as the Sisk Act, and shall be available for expenditure as provided in the Act except that the Secretary may not use those funds to purchase lands within Skamania County.

(i) This authorization is predicated on Skamania County's Board of Commissioners commitment to give foremost consideration

to preservation of the overall integrity of the site and conservation of the educational and research potential of the site, including providing for access to and assurance of the continued administration and operation of forestry research on the adjacent Thornton Munger Research Natural Area.

(k) Notwithstanding the processes involved with the National Environmental Policy Act and the State Environmental Policy Act, should the Secretary of Agriculture and the Skamania County Board of Commissioners fail to reach an agreement on an equal value exchange defined under the terms of this legislation by September 30, 1999, the Wind River Nursery Site shall remain under Forest Service ownership and be maintained by the Forest Service in a tenantable condition.

(5) after an appraisal of all lands and interests therein to be acquired by the United States has been undertaken, such appraisal has been reviewed for a period not to exceed 30 days by the Comptroller General of the United States, and such appraisal has been provided to the Committee on

Resources of the House of Representatives, the Committee on Energy and Natural Resources of the Senate, and the Committees on Appropriations of the House and Senate;

(6) after the Secretary of the Interior issues an opinion of value to the Committee on Resources of the House of Representatives, the Committee on Energy and Natural Resources of the Senate, and the Committees on Appropriations of the House and Senate for the land and property to be acquired by the Federal Government. Such opinion of value shall also include the total value of all compensation (including tax benefits) proposed to be provided for the acquisition;

Such report shall be submitted to the Congress within 60 days of the decision not to issue such permit or by May 1, 1999, whichever is earlier.

(3) HCP STANDARDS.—If a section 10(a) permit for the Pacific Lumber Company HCP is issued, it shall be deemed to be unique to the circumstances associated with the acquisition authorized by this section and shall not establish a higher or lesser standard for any other multispecies HCPs than would otherwise be established under existing law.
