

105TH CONGRESS  
1ST SESSION

# H. R. 2401

To direct the Secretary of the Interior to make technical corrections to  
a map relating to the Coastal Barrier Resources System.

---

## IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 4, 1997

Mr. DEUTSCH introduced the following bill; which was referred to the  
Committee on Resources

---

## A BILL

To direct the Secretary of the Interior to make technical  
corrections to a map relating to the Coastal Barrier  
Resources System.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. FINDINGS AND PURPOSE.**

4       (a) FINDINGS.—The Congress finds the following:

5               (1) Coastal Barrier Resources System unit FL–  
6       35P was designated by the Coastal Barrier Improve-  
7       ment Act of 1990 (Public Law 101–591) to include  
8       Florida State conservation land within the Coastal  
9       Barrier Resources System.

1           (2) Unit FL-35P is an “otherwise protected  
2           area”, a designation that was intended to include  
3           lands held for conservation purposes.

4           (3) The boundary of unit FL-35P runs through  
5           a portion of the Ocean Reef Harbor Course South  
6           development, which was in existence at the time of  
7           the 1990 Act.

8           (4) At the time unit FL-35P was designated,  
9           nine residences were located in the portion of that  
10          development that was included within the boundaries  
11          of the unit.

12          (5) The 11.7 acres comprising that portion are  
13          not held for conservation purposes, and are not an  
14          inholding within conservation lands.

15          (6) The United States Fish and Wildlife Service  
16          has received certificates of occupancy and cor-  
17          responding plat maps from Monroe County, Florida,  
18          verifying that a portion of unit FL-35P was devel-  
19          oped at the time and therefore the portion referred  
20          to in paragraph (5) was mistakenly included in the  
21          Coastal Barrier Resources System.

22          (7) Modification of the boundary of unit FL-  
23          35P to exclude the 11.7-acre parcel referred to in  
24          paragraph (5) would constitute a valid technical cor-  
25          rection.

1       (b) PURPOSE.—The purpose of this Act is to make  
2 a technical correction to unit FL–35P of the Coastal Bar-  
3 rier Resources System to exclude from that unit the 11.7  
4 acre parcel of developed property that was mistakenly in-  
5 cluded in the unit.

6 **SEC. 2. CORRECTIONS TO MAP.**

7       (a) IN GENERAL.—The Secretary of the Interior  
8 shall, before the end of the 30-day period beginning on  
9 the date of the enactment of this Act, make such correc-  
10 tions to the map described in subsection (b) as are nec-  
11 essary to ensure that depictions of areas on the map are  
12 consistent with the depictions of areas appearing on the  
13 map entitled “Amendments to the Coastal Barrier Re-  
14 sources System”, dated \_\_\_\_, and on file with the Sec-  
15 retary.

16       (b) MAP DESCRIBED.—The map described in this  
17 subsection is the map that—

18               (1) is included in a set of maps entitled “Coast-  
19 al Barrier Resources System”, dated October 24,  
20 1990; and

21               (2) relates to unit FL–35P of the Coastal Bar-  
22 rier Resources System.
