105TH CONGRESS 1ST SESSION

H. RES. 200

Expressing the sense of the House of Representatives that the Federal Government should not withhold universal service support payments.

IN THE HOUSE OF REPRESENTATIVES

July 28, 1997

Mr. Dingell (for himself, Mr. Markey, and Ms. Lofgren) submitted the following resolution; which was referred to the Committee on Commerce

RESOLUTION

Expressing the sense of the House of Representatives that the Federal Government should not withhold universal service support payments.

1 Resolved,

2 SECTION 1. FINDINGS.

- The House of Representatives finds the following:
- 4 (1) Congress reaffirmed the importance of uni-
- 5 versal service support for telecommunications serv-
- 6 ices by passing the Telecommunications Act of 1996.
- 7 (2) The Telecommunications Act of 1996 re-
- 8 quired the Federal Communications Commission to
- 9 preserve and advance universal service based on the
- 10 following principles:

	Δ
1	(A) Quality services should be available at
2	just, reasonable, and affordable rates.
3	(B) Access to advanced telecommuni-
4	cations and information services should be pro-
5	vided in all regions of the Nation.
6	(C) Consumers in all regions of the Na-
7	tion, including low-income consumers and those
8	in rural, insular, and high-cost areas, should
9	have access to telecommunications and informa-
10	tion services, including interexchange services
11	and advanced telecommunications and informa-
12	tion services, that are reasonable comparable to
13	those services provided in urban areas and that
14	are available at rates that are reasonably com-
15	parable to rates charged for similar services.
16	(D) All providers of telecommunications
17	services should make an equitable and non-
18	discriminatory contribution to the preservation
19	and advancement of universal service.
20	(E) There should be specific, predictable,
21	and sufficient Federal and State mechanisms to
22	preserve and advance universal service.
23	(F) Elementary and secondary schools and

classrooms, health care providers, and libraries

24

- should have access to advanced telecommunications services.
 - (3) Federal and State universal conditions are administered by an independent, non-Federal entity and are not deposited into the Federal Treasury and therefore not available for Federal appropriations.
 - (4) The committee of conference on H.R. 2015, the budget reconciliation bill, is considering proposals that would withhold Federal and State universal service funds in the year 2002.
 - (5) The withholding of billions of dollars of universal service support payments will mean significant rate increases in rural and high-cost areas and will deny qualifying schools, libraries, and rural health facilities discounts directed under the Telecommunications Act of 1996.

17 SEC. 2. SENSE OF HOUSE OF REPRESENTATIVES.

It is the sense of the House of Representatives that the committee of conference on the bill H.R. 2015 should not manipulate, modify, or impair universal service support as a means to achieve a balanced Federal budget or achieve Federal budget savings.
