105TH CONGRESS 1ST SESSION

S. 1028

To direct the Secretary of Agriculture to conduct a pilot project on designated lands within Plumas, Lassen, and Tahoe National Forests in the State of California to demonstrate the effectiveness of the resource management activities proposed by the Quincy Library Group and to amend current land and resource management plans for these national forests to consider the incorporation of these resource management activities.

IN THE SENATE OF THE UNITED STATES

July 17, 1997

Mrs. Feinstein (for herself and Mrs. Boxer) introduced the following bill; which was read twice and referred to the Committee on Energy and Natural Resources

A BILL

To direct the Secretary of Agriculture to conduct a pilot project on designated lands within Plumas, Lassen, and Tahoe National Forests in the State of California to demonstrate the effectiveness of the resource management activities proposed by the Quincy Library Group and to amend current land and resource management plans for these national forests to consider the incorporation of these resource management activities.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

2	This Act	may b	e cited	as the "	'Quincy	Library	Grour

- 3 Forest Recovery and Economic Stability Act of 1997".
- 4 SEC. 2. PILOT PROJECT FOR PLUMAS, LASSEN, AND TAHOE
- 5 NATIONAL FORESTS TO IMPLEMENT QUINCY
- 6 LIBRARY GROUP PROPOSAL.
- 7 (a) Definition.—For purposes of this section, the
- 8 term "Quincy Library Group-Community Stability Pro-
- 9 posal" means the agreement by a coalition of representa-
- 10 tives of fisheries, timber, environmental, county govern-
- 11 ment, citizen groups, and local communities that formed
- 12 in northern California to develop a resource management
- 13 program that promotes ecologic and economic health for
- 14 certain Federal lands and communities in the Sierra Ne-
- 15 vada area. Such proposal includes the map entitled
- 16 "QUINCY LIBRARY GROUP Community Stability Pro-
- 17 posal", dated June 1993, and prepared by VESTRA Re-
- 18 sources of Redding, California.
- 19 (b) Pilot Project Required.—
- 20 (1) PILOT PROJECT AND PURPOSE.—The Sec-
- 21 retary of Agriculture (in this section referred to as
- 22 the "Secretary"), acting through the Forest Service
- and after completion of an environmental impact
- statement (a record of decision for which shall be
- adopted within 200 days), shall conduct a pilot
- project on the Federal lands described in paragraph

- 1 (2) to implement and demonstrate the effectiveness 2 of the resource management activities described in 3 subsection (d) and the other requirements of this 4 section, as recommended in the Quincy Library 5 Group-Community Stability Proposal.
 - (2) PILOT PROJECT AREA.—The Secretary shall conduct the pilot project on the Federal lands within Plumas National Forest, Lassen National Forest, and the Sierraville Ranger District of Tahoe National Forest in the State of California designated as "Available for Group Selection" on the map entitled "QUINCY LIBRARY GROUP Community Stability Proposal", dated June 1993 (in this section referred to as the "pilot project area"). Such map shall be on file and available for inspection in the appropriate offices of the Forest Service.
- 17 (c) Exclusion of Certain Lands, Riparian Pro-18 Tection and Compliance.—
- 19 (1) EXCLUSION.—All spotted owl habitat areas
 20 and protected activity centers located within the
 21 pilot project area designated under subsection (b)(2)
 22 will be deferred from resource management activities
 23 required under subsection (d) and timber harvesting
 24 during the term of the pilot project.

13

14

15

(2) IN GENERAL.—The Regional Forester for region 5 shall direct that during the term of the pilot project any resource management activity required by subsection (d), all road building, and all timber harvesting activities shall not be conducted on the Federal lands within the Plumas National Forest, Lassen National Forest, and Sierraville Ranger District of the Tahoe National Forest in the State of California that are designated as either "Off Base" or "Deferred" on the map referred to in subsection (a).

(3) Riparian protection.—

- (A) IN GENERAL.—The Scientific Analysis
 Team guidelines for riparian system protection
 described in subparagraph (B) shall apply to all
 resource management activities conducted
 under subsection (d) and all timber harvesting
 activities that occur in the pilot project area
 during the term of the pilot project.
- (B) GUIDELINES DESCRIBED.—The guidelines referred to in subparagraph (A) are those in the document entitled "Viability Assessments and Management Considerations for Species Associated with Late-Successional and Old-Growth Forests of the Pacific Northwest", a

- Forest Service research document dated March 1993 and co-authored by the Scientific Analysis Team, including Dr. Jack Ward Thomas.
 - (4) Compliance.—All resource management activities required by subsection (d) shall be implemented to the extent consistent with applicable Federal law and the standards and guidelines for the conservation of the California spotted owl as set forth in the California Spotted Owl Sierran Provence Interim Guidelines, or the subsequently issued final guidelines whichever is in effect.
- 12 (d) RESOURCE MANAGEMENT ACTIVITIES.—During 13 the term of the pilot project, the Secretary shall implement 14 and carry out the following resource management activi-15 ties on an acreage basis on the Federal lands included 16 within the pilot project area designated under subsection 17 (b)(2):
- 18 (1) Fuelbreak construction.—Construction 19 of a strategic system of defensible fuel profile zones, 20 including shaded fuelbreaks, utilizing thinning, indi-21 vidual tree selection, and other methods of vegeta-22 tion management consistent with the Quincy Library 23 Group-Community Stability Proposal, on not less 24 than 40,000, but not more than 60,000, acres per 25 year.

6

7

8

9

10

- 1 (2) Group selection and individual tree selection uneven-aged forest management vidual tree selection uneven-aged forest management prescriptions described in the Quincy Library Group-Community Stability Proposal to achieve a desired future condition of all-age, multistory, fire resilient forests as follows:
 - (A) GROUP SELECTION.—Group selection on an average acreage of .57 percent of the pilot project area land each year of the pilot project.
 - (B) Individual tree selection may also be utilized within the pilot project area.
 - (3) Total acreage on which resource management activities are implemented under this subsection shall not exceed 70,000 acres each year.
 - (4) RIPARIAN MANAGEMENT.—A program of riparian management, including wide protection zones and riparian restoration projects, consistent with riparian protection guidelines in subsection (c)(2)(B).
- 23 (e) Cost-Effectiveness.—In conducting the pilot 24 project, Secretary shall use the most cost-effective means 25 available, as determined by the Secretary, to implement

1	resource management activities described in subsection
2	(d).
3	(f) Funding.—
4	(1) Source of funds.—In conducting the
5	pilot project, the Secretary shall use, subject to the
6	relevant reprogramming guidelines of the House and
7	Senate Committees on Appropriations—
8	(A) those funds specifically provided to the
9	Forest Service by the Secretary to implement
10	resource management activities according to the
11	Quincy Library Group-Community Stability
12	Proposal; and
13	(B) excess funds that are allocated for the
14	administration and management of Plumas Na-
15	tional Forest, Lassen National Forest, and the
16	Sierraville Ranger District of Tahoe National
17	Forest.
18	(2) Prohibition on use of certain
19	FUNDS.—The Secretary may not conduct the pilot
20	project using funds appropriated for any other unit
21	of the National Forest System.
22	(3) Flexibility.—Subject to normal re-
23	programming guidelines, during the term of the pilot
24	project, the forest supervisors of Plumas National

Forest, Lassen National Forest, and Tahoe National

- Forest may allocate and use all accounts that contain excess funds and all available excess funds for the administration and management of Plumas National Forest, Lassen National Forest, and the Sierraville Ranger District of Tahoe National Forest to perform the resource management activities described in subsection (d).
 - (4) RESTRICTION.—The Secretary or the forest supervisors, as the case may be, shall not utilize authority provided under paragraphs (1)(B) and (3) if, in their judgment, doing so will limit other nontimber related multiple use activities for which such funds were available.
 - (5) Overhead.—Of amounts available to carry out this section—
 - (A) not more than 12 percent may be used or allocated for general administration or other overhead; and
 - (B) at least 88 percent shall be used to implement and carry out activities required by this section.
 - (6) Authorized supplemental funds.—
 There are authorized to be appropriated to implement and carry out the pilot project such sums as are necessary.

- 1 (7) Baseline funds.—Amounts available for
- 2 resource management activities authorized under
- 3 subsection (d) shall at a minimum include existing
- 4 baseline funding levels.
- 5 (g) TERM OF PILOT PROJECT.—The Secretary shall
- 6 conduct the pilot project during the period beginning on
- 7 the date of the enactment of this Act and ending on the
- 8 later of the following:
- 9 (1) The date on which the Secretary completes
- amendment or revision of the land and resource
- 11 management plans for Plumas National Forest,
- Lassen National Forest, and Tahoe National Forest
- pursuant to subsection (i).
- 14 (2) The date that is five years after the date of
- the commencement of the pilot project.
- (h) Consultation.—(1) Each statement required
- 17 by subsection (b)(1) shall be prepared in consultation with
- 18 the Quincy Library Group.
- 19 (2) Contracting.—The Forest Service, subject to
- 20 the availability of appropriations, may carry out any (or
- 21 all) of the requirements of this section using private con-
- 22 tracts.
- (i) Corresponding Forest Plan Amendments.—
- 24 Within 180 days after the date of the enactment of this
- 25 Act, the Regional Forester for Region 5 shall initiate the

1	process to amend or revise the land and resource manage-
2	ment plans for Plumas National Forest, Lassen National
3	Forest, and Tahoe National Forest. The process shall in-
4	clude preparation of at least one alternative that—
5	(1) incorporates the pilot project and area des-
6	ignations made by subsection (b), the resource man-
7	agement activities described in subsection (d), and
8	other aspects of the Quincy Library Group Commu-
9	nity Stability Proposal; and
10	(2) makes other changes warranted by the anal-
11	yses conducted in compliance with section $102(2)$ of
12	the National Environmental Policy Act of 1969 (42
13	U.S.C. 4332(2)), section 6 of the Forest and Range-
14	land Renewable Resources Planning Act of 1974 (16
15	U.S.C. 1604), and other applicable laws.
16	(j) Reporting Requirements.—
17	(1) In general.—Not later than February 28
18	of each year during the term of the pilot project, the
19	Secretary after consultation with the Quincy Library
20	Group, shall submit to Congress a report on the sta-
21	tus of the pilot project. The report shall include at
22	least the following:
23	(A) A complete accounting of the use of
24	funds made available under subsection (f)(1)(A)
25	until such funds are fully expended.

- 1 (B) A complete accounting of the use of
 2 funds and accounts made available under sub3 section (f)(1) for the previous fiscal year, in4 cluding a schedule of the amounts drawn from
 5 each account used to perform resource manage6 ment activities described in subsection (d).
 - (C) A description of total acres treated for each of the resource management activities required under subsection (d), forest health improvements, fire risk reductions, water yield increases, and other natural resources-related benefits achieved by the implementation of the resource management activities described in subsection (d).
 - (D) A description of the economic benefits to local communities achieved by the implementation of the pilot project.
 - (E) A comparison of the revenues generated by, and costs incurred in, the implementation of the resource management activities described in subsection (d) on the Federal lands included in the pilot project area with the revenues and costs during each of the fiscal years 1992 through 1997 for timber management of

1	such lands before their inclusion in the pilot
2	project.
3	(F) A schedule for the resource manage-
4	ment activities to be undertaken in the pilot
5	project area during the calendar year.
6	(G) A description of any adverse environ-
7	mental impacts.
8	(2) Limitation on expenditures.—The
9	amount of Federal funds expended on each annual
10	report under this subsection shall not exceed
11	\$50,000.
12	(k) Final Report.—
13	(1) In general.—Beginning after completion
14	of 6 months of the second year of the pilot project,
15	the Secretary shall compile a science-based assess-
16	ment of, and report on, the effectiveness of the pilot
17	project in meeting the stated goals of this pilot
18	project. Such assessment and report—
19	(A) shall include watershed monitoring of
20	lands treated under this section, that should ad-
21	dress the following issues on a priority basis:
22	timing of water releases, water quality changes,
23	and water yield changes over the short and long
24	term in the pilot project area;

1	(B) shall include an analysis of any ad-
2	verse environmental impacts;
3	(C) shall be compiled in consultation with
4	the Quincy Library Group; and
5	(D) shall be submitted to the Congress by
6	July 1, 2002.
7	(2) Limitations on expenditures.—The
8	amount of Federal funds expended for the assess-
9	ment and report under this subsection, other than
10	for watershed monitoring under paragraph (1)(A),
11	shall not exceed \$150,000. The amount of Federal
12	funds expended for watershed monitoring under
13	paragraph (1)(A) shall not exceed \$75,000 for each
14	of fiscal years 2000, 2001, and 2002.
15	(l) Relationship to Other Laws.—Nothing in
16	this section exempts the pilot project from any Federal
17	environmental law.

 \bigcirc
