

105TH CONGRESS
2D SESSION

S. CON. RES. 76

Enforcing the embargo on the export of oil from Iraq.

IN THE SENATE OF THE UNITED STATES

FEBRUARY 12, 1998

Mr. MURKOWSKI submitted the following concurrent resolution; which was
referred to the Committee on Foreign Relations

CONCURRENT RESOLUTION

Enforcing the embargo on the export of oil from Iraq.

Whereas hostilities in Operation Desert Storm ended on February 28, 1991, and the cease fire was codified in United Nations Security Council Resolutions 686 (March 2, 1991) and 687 (April 3, 1991);

Whereas United Nations Security Council Resolution 687 requires that international economic sanctions, including an embargo on the sale of oil from Iraq, remain in place until Iraq discloses and destroys its weapons of mass destruction programs and capabilities and undertakes unconditionally never to resume such activities;

Whereas Resolution 687 further established the United Nations Special Commission (UNSCOM) on Iraq to uncover all aspects of Iraq's weapons of mass destruction program;

Whereas, despite the sustained opposition of the Government of Iraq, UNSCOM has discovered many instances of inaccurate actions by Iraq concerning Iraqi ballistic missile capabilities and chemical and biological programs;

Whereas Security Council Resolution 986 (April 14, 1995) partially lifted international economic sanctions by allowing Iraq to sell \$1 billion in oil every 90 days, the proceeds of which are designed, in part, for humanitarian assistance to the people of Iraq;

Whereas a report by the Secretary General of the United Nations submitted on February 2, 1998 recommends further easing of economic sanctions by allowing Iraq to sell \$5.2 billion in oil every six months;

Whereas the United States has indicated it will support the easing of further economic sanctions proposed by the UN Secretary General;

Whereas revenues from oil exports have historically represented nearly all (95 percent) of Iraq's foreign exchange earnings;

Whereas, in the year preceding hostilities in Operation Desert Storm, Iraq's export earnings totaled \$10.4 billion;

Whereas Iraq, since the end of Operation Desert Storm, has been steadily increasing exports of oil to Jordan from 60,000 to 80,000 barrels per day and in December 1997, agreed to increase such shipments to approximately 96,000 barrels per day;

Whereas Iraq has been able to circumvent international economic sanctions by exporting oil to Turkey;

Whereas the Multinational Interdiction Force that conducts maritime searches in the Persian Gulf has reported that exports of contraband Iraqi oil through the Gulf have in-

creased seven-fold in the past year, from \$10 million in diesel fuel sales in 1996 to \$75 million in 1997; and

Whereas Iraq's military capabilities, including its capacity to produce weapons of mass destruction, are significantly enhanced by its ability to earn foreign exchange primarily from oil exports: Now, therefore, be it
