## RESOLUTION

Expressing the sense of the Senate regarding Israeli membership in a United Nations regional group.

Whereas, of the 185 member states of the United Nations, only the State of Israel is ineligible to sit on the Security Council, the Economic and Social Council, or any other United Nations committee;

Whereas the State of Israel was created in response to a 1947 General Assembly resolution and joined the United Nations in 1949;

Whereas the members of the United Nations have organized themselves according to regional groups since 1946;

Whereas eligibility for election to the rotating seats of the Security Council, or other United Nations councils, commissions, or committees, is only available to countries belonging to a regional group;

Whereas Israel has remained a member of the United Nations despite being subjected to deliberate attacks which aimed to place the legitimacy of the State of Israel in question;

Whereas this anachronistic Cold War isolation of Israel at the United Nations continues;

Whereas barring a member of the United Nations from entering a regional group is inimical to the principles under which the United Nations was founded, namely, “to develop friendly relations among nations based on respect for the principle of equal rights . . .”; and

Whereas Israel is a vibrant democracy, which shares the values, goals, and interests of the “Western European and Others Group”, a regional group which includes Australia, Canada, New Zealand, and the United States: Now, therefore, be it

1       *Resolved*, That it is the sense of the Senate that—

2               (1) it should be the policy of the United States  
3       to support the State of Israel’s efforts to enter an  
4       appropriate United Nations regional group;

5               (2) the President should instruct the Perma-  
6       nent Representative of the United States to the  
7       United Nations to carry out this policy;

1           (3) the United States should—

2                   (A) insist that any effort to reform the  
3           United Nations, including the Security Council,  
4           also resolve this anomaly; and

5                   (B) ensure that the principle of sovereign  
6           equality be upheld without exception; and

7           (4) the Secretary of State should submit a re-  
8           port to Congress on the steps taken by the United  
9           States, the Secretary General of the United Nations,  
10          and others to help secure Israel's membership in an  
11          appropriate United Nations regional group.
