106TH CONGRESS 1ST SESSION H.R. 1266

To authorize appropriations for the payment of United States arrearages to the United Nations.

IN THE HOUSE OF REPRESENTATIVES

March 24, 1999

Mr. LEACH introduced the following bill; which was referred to the Committee on International Relations

A BILL

To authorize appropriations for the payment of United States arrearages to the United Nations.

1 Be it enacted by the Senate and House of Representa-

2 tives of the United States of America in Congress assembled,

3 SECTION 1. FINDINGS.

4 The Congress makes the following findings:

5 (1) The United States played a leading role in6 the founding of the United Nations in 1945.

7 (2) The United Nations, which by charter is
8 dedicated to saving "succeeding generations from
9 the scourge of war", continues to promote important
10 interests of the United States in the protection of

1	human rights, the control of weapons of mass de-
2	struction, advancing the ideal of democracy, open
3	international trade and investment, the promotion of
4	sustainable development, refugee protection and hu-
5	manitarian relief, the prevention of global conflict,
6	eradicating disease, and environmental protection.
7	(3) The United States remains committed to
8	working to achieve reform and instill greater budget
9	discipline in the United Nations, and to continue the
10	trend toward restructuring and revitalizing that or-
11	ganization.
12	(4) Ongoing reform efforts in the United Na-
13	tions are jeopardized by a serious financial crisis,
14	caused in part by arrearages on payments by mem-
15	ber states.
16	(5) The United States is the leading debtor to
17	the United Nations, owing close to \$1,300,000,000
18	at the end of 1998 for the regular and peacekeeping
19	operations of the United Nations.
20	(6) The assessed share of the United States for
21	the regular budget of the United Nations is just over
22	304,000,000 for 1998, or slightly more than 1 for
23	each citizen of the United States.
24	(7) Article 17 of the United Nations Charter
25	states that "[t]he expenses of the Organization shall

be borne by the members as apportioned by the Gen eral Assembly", of which the United States is a
 member.

4 (8) Payment by the United States of its assess5 ment for the regular budget and the peacekeeping
6 operations of the United Nations is a solemn treaty
7 obligation under international law, voluntarily under8 taken through the ratification by the United States
9 of the United Nations Charter.

10 (9) Efforts to reform and revitalize the United
11 Nations cannot succeed without the political, moral,
12 financial, and material support of the United States.

(10) United States leadership in an effective
United Nations will be seriously jeopardized if the
Congress fails to fulfill the financial obligations of
the United States to the United Nations in a full
and timely manner, consistent with international law
and the role of the United States as a founder and
leading member of the United Nations.

5 to subsection (a) are authorized to remain available until

(b) AVAILABILITY.—Amounts appropriated pursuant
to subsection (a) are authorized to remain available until
expended.

19 SEC. 4. SENSE OF CONGRESS.

20 It is the sense of the Congress that—

(1) the United States should maintain its leadership role within a more effective United Nations,
and continue to seek to lower the long-term costs associated with the participation of the United States
in the United Nations;

(2) the United States should continue its efforts
 to persuade other members of the United Nations to
 support a broad agenda for reform, budgetary dis cipline, and equitable financial burdensharing at the
 United Nations; and

6 (3) the United States should promptly negotiate 7 a reduction in its assessed contribution for any 8 United Nations peacekeeping operation to an 9 amount not greater than 25 percent of the total 10 amount of all assessed contributions for that oper-11 ation.
