IN THE HOUSE OF REPRESENTATIVES

JUNE 30, 1999

Mr. GEKAS introduced the following bill; which was referred to the Committee on Commerce

A BILL

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “National Commission

7 **SEC. 2. FINDINGS.**

8 The Congress makes the following findings:

1 (1) During the 20th century the United States
2 led the world in defeating totalitarianism and com-
3 munism.

4 (2) The United States also led the world in
5 spreading and establishing democracy in every re-
6 gion.

7 (3) The end of global conflict and the end of
8 the Cold War, now guaranteed by the power and
9 leadership of the United States, allow the Nation to
10 establish new goals for the 21st century.

11 (4) The United States, the world leader in the
12 research, development, and production of tech-
13 nologies, medicines, and methodologies utilized to
14 prevent and cure disease, has established a Center
15 for Vaccine Development at the National Institutes
16 of Health that could assist in the global control of
17 infectious diseases. Infectious disease is the number

19 globally and 180,000 people in the United States
20 and is the third leading cause of death in the United
21 States. The United States has the resources,
