3       **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4       (a) SHORT TITLE.—This Act may be cited as the  
5       “Safe Air Travel for Animals Act”.

6       (b) TABLE OF CONTENTS.—The table of contents of  
7       this Act is as follows:

- Sec. 1. Short title; table of contents.  
 Sec. 2. Findings.

#### TITLE I—ANIMAL WELFARE

- Sec. 101. Definition of transport.  
 Sec. 102. Information on incidence of animals in air transport.  
 Sec. 103. Reports by carriers on incidents involving animals during air transport.  
 Sec. 104. Annual reports.

 Sec. 202. Civil penalties and compensation for loss, injury, or death of animals during air transport.

### 1 **SEC. 2. FINDINGS.**

2 Congress finds that—

3 (1) animals are live, sentient creatures, with the  
 4 ability to feel pain and suffer;

5 (2) it is inappropriate for animals transported  
 6 by air to be treated as baggage;

7 (3) according to the Air Transport Association,  
 8 over 500,000 animals are transported by air each  
 9 year and as many as 5,000 of those animals are lost,  
 10 injured, or killed;

11 (4) most injuries to animals traveling by air-  
 12 plane are due to mishandling by baggage personnel,  
 13 severe temperature fluctuations, insufficient oxygen  
 14 in cargo holds, or damage to kennels;

15 (5) there are no Federal requirements that air-  
 16 lines report incidents of animal loss, injury, or  
 17 death;

1           (6) members of the public have no information  
2           to use in choosing an airline based on its record of  
3           safety with regard to transporting animals;

4           (7) the last congressional action on animals  
5           transported by air was conducted over 22 years ago;  
6           and

7           (8) the conditions of cargo holds of airplanes  
8           must be improved to protect the health, and ensure  
9           the safety, of transported animals.
