

106TH CONGRESS  
1ST SESSION

# H. R. 3148

To amend the Federal Food, Drug, and Cosmetic Act to require any person who reprocesses a medical device to comply with certain safety requirements, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

OCTOBER 26, 1999

Ms. ESHOO (for herself and Mr. UPTON) introduced the following bill; which was referred to the Committee on Commerce

---

## A BILL

To amend the Federal Food, Drug, and Cosmetic Act to require any person who reprocesses a medical device to comply with certain safety requirements, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This title may be cited as the “Reprocessed Single  
5 Use Medical Device Patient Safety Act of 1999”.

1 **SEC. 2. REPROCESSED MEDICAL DEVICES.**

2 Subchapter A of chapter V of the Federal Food,  
3 Drug, and Cosmetic Act (21 U.S.C. 351 et seq.) is amend-  
4 ed by adding at the end the following:

5 **“SEC. 524. REPROCESSED MEDICAL DEVICES.**

6 “(a) FINDINGS.—Congress makes the following find-  
7 ings:

8 “(1) The Food and Drug Administration has  
9 information indicating that some reprocessed med-  
10 ical devices labeled for single use have been associ-  
11 ated with serious injury and that reprocessed med-  
12 ical devices labeled for single use have the potential  
13 to cause injury.

14 “(2) Reprocessed medical devices labeled for  
15 single use are being used on patients without their  
16 knowledge, against original manufacturers’ warn-  
17 ings, and without a determination by the Food and  
18 Drug Administration that such devices are safe and  
19 effective.

20 “(3) The reprocessing of devices that are la-  
21 beled for single use is currently occurring without  
22 premarket approval by or notification to the Food  
23 and Drug Administration, such as is required for  
24 certain devices under sections 510 and 515.

25 “(4) The Food and Drug Administration should  
26 have the knowledge and expertise to evaluate the

1 safety and effectiveness of reprocessed medical de-  
2 vices labeled for single use.

3 “(5) Enforcement by the Food and Drug Ad-  
4 ministration of the provisions of this Act that ad-  
5 dress the safety and effectiveness of devices is the  
6 only effective way to protect patients exposed to re-  
7 processed medical devices labeled for single use.

8 “(6) The United States public deserves to know  
9 that all devices regulated by the Food and Drug Ad-  
10 ministration are safe and effective and that the ap-  
11 propriate level of oversight is being implemented in  
12 order to guarantee such safety and effectiveness.

13 “(b) PURPOSE.—The purpose of this section is to—

14 “(1) require that the Food and Drug Adminis-  
15 tration implement and enforce all provisions of this  
16 Act that are applicable to reprocessed medical de-  
17 vices, including device registration, listing, and pre-  
18 market safety controls; and

19 “(2) require the informed consent of patients  
20 prior to using reprocessed class II, class III, and  
21 critical class I medical devices.

22 “(c) REGISTRATION.—Every person or establishment  
23 engaged in the reprocessing of a device labeled for single  
24 use shall—

1           “(1) upon first engaging in the reprocessing of  
2       such device, register with the Secretary and provide  
3       all information required in accordance with section  
4       510(c);

5           “(2) for each year in which the person or estab-  
6       lishment engages in the reprocessing of such device,  
7       register with the Secretary and provide all informa-  
8       tion required under section 510(b); and

9           “(3) for each year in which the person or estab-  
10      lishment engages in the reprocessing of such device,  
11      submit to the Secretary a list of devices labeled for  
12      single use that the person or establishment is re-  
13      processing, including the names of the original  
14      equipment manufacturers of such devices and the  
15      specific models of such devices that are reprocessed.

16      “(d) INFORMATION.—Every person or establishment  
17      engaged in the reprocessing of a device labeled for single  
18      use shall, for each reprocessed medical device, provide to  
19      each person or establishment that uses such reprocessed  
20      medical device, information necessary for such person or  
21      establishment to comply with subsection (f).

22      “(e) SAFETY AND EFFECTIVENESS.—Not later than  
23      6 months after the date of enactment of this section, every  
24      person or establishment required to register under sub-  
25      section (c) with respect to a device shall, before intro-

1 ducing into interstate commerce a reprocessed medical de-  
2 vice labeled for single use, meet the requirements of sec-  
3 tions 510(k) and 515 to demonstrate to the Secretary that  
4 such reprocessed device is safe and effective or substan-  
5 tially equivalent to a device the Secretary has deemed safe  
6 and effective.

7 “(f) INFORMED PATIENT CONSENT AND MEDICAL  
8 RECORDS.—

9 “(1) IN GENERAL.—Every person or establish-  
10 ment that uses a class II, class III, or critical class  
11 I reprocessed medical device to provide medical care  
12 to an individual shall seek informed consent from  
13 the patient for the use of such a device.

14 “(2) MEDICAL RECORDS.—

15 “(A) IN GENERAL.—Every person or es-  
16 tablishment that uses a class II, class III, or  
17 critical class I reprocessed medical device to  
18 provide medical care to an individual shall keep  
19 a record of such use and include a note of such  
20 use in such individual’s medical record.

21 “(B) CONTENTS.—The contents of the  
22 record described in paragraph (1) shall  
23 include—

24 “(i) the name and place of business of  
25 the person or establishment that reproc-

1                   essed the device labeled for single use and  
2                   the batch or lot number of such device;  
3                   and

4                   “(ii) the identity of the original manu-  
5                   facturer of the device.

6           “(g) REPORT.—Not later than 9 months after the  
7   date of enactment of this section, the Secretary shall sub-  
8   mit a report to the Committee on Commerce of the House  
9   of Representatives and the Committee on Health, Edu-  
10   cation, Labor, and Pensions of the Senate that describes  
11   findings from current Food and Drug Administration  
12   studies (as of the date of submission) on the safety and  
13   efficacy of reprocessing of devices labeled for single use.

14           “(h) MEDWATCH.—Not later than 6 months after the  
15   date of enactment of this section, the Secretary shall mod-  
16   ify the MEDWATCH forms to facilitate reporting of infor-  
17   mation relating to reprocessed medical devices, including  
18   the name of a reprocessor and the number of times a de-  
19   vice has been reused.

20           “(i) APPLICATION.—All other sections of this Act  
21   that govern devices as defined in section 201(h) shall also  
22   apply to reprocessed medical devices, if applicable.

23           “(j) DEFINITIONS.—In this section:

24                   “(1) CRITICAL CLASS I MEDICAL DEVICE.—The  
25           term ‘critical class I medical device’ means a device

1       that may break the mucosal boundary, may be intro-  
2       duced in the bloodstream, or may be introduced into  
3       other than normally sterile areas of the body.

4               “(2) REPROCESSED MEDICAL DEVICE.—The  
5       term ‘reprocessed medical device’ means a device  
6       that—

7               “(A) is labeled for single use, or is dispos-  
8       able and intended for single use; and

9               “(B) is cleaned or sanitized after use in  
10       order that such a device may be reused upon  
11       another individual.

12              “(3) REPROCESSING.—The term ‘reprocessing’  
13       means a procedure employed in order to produce a  
14       reprocessed medical device.”.
