

One Hundred Sixth Congress  
of the  
United States of America

AT THE SECOND SESSION

*Begun and held at the City of Washington on Monday,  
the twenty-fourth day of January, two thousand*

An Act

To provide for the establishment of the Cat Island National Wildlife Refuge in  
West Feliciana Parish, Louisiana.

*Be it enacted by the Senate and House of Representatives of  
the United States of America in Congress assembled,*

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Cat Island National Wildlife  
Refuge Establishment Act”.

**SEC. 2. FINDINGS.**

The Congress finds that—

(1) as the southernmost unleveed portion of the Mississippi  
River, Cat Island, Louisiana, is one of the last remaining tracts  
in the lower Mississippi Valley that is still influenced by the  
natural dynamics of the river;

(2) Cat Island supports one of the highest densities of  
virgin bald cypress trees in the entire Mississippi River Valley,  
including the Nation’s champion cypress tree which is 17 feet  
wide and has a circumference of 53 feet;

(3) Cat Island is important habitat for several declining  
species of forest songbirds and supports thousands of wintering  
waterfowl;

(4) Cat Island supports high populations of deer, turkey,  
and furbearers, such as mink and bobcats;

(5) conservation and enhancement of this area through  
inclusion in the National Wildlife Refuge System would help  
meet the habitat conservation goals of the North American  
Waterfowl Management Plan;

(6) these forested wetlands represent one of the most valu-  
able and productive wildlife habitat types in the United States,  
and have extremely high recreational value for hunters, anglers,  
birdwatchers, nature photographers, and others; and

(7) the Cat Island area is deserving of inclusion in the  
National Wildlife Refuge System.

**SEC. 3. DEFINITIONS.**

For purposes of this Act—

(1) the term “Refuge” means the Cat Island National Wild-  
life Refuge; and

(2) the term “Secretary” means the Secretary of the  
Interior.

**SEC. 4. PURPOSES.**

The purposes for which the Refuge is established and shall  
be managed are—

(1) to conserve, restore, and manage habitats as necessary to contribute to the migratory bird population goals and habitat objective as established through the Lower Mississippi Valley Joint Venture;

(2) to conserve, restore, and manage the significant aquatic resource values associated with the area's forested wetlands and to achieve the habitat objectives of the "Mississippi River Aquatic Resources Management Plan";

(3) to conserve, enhance, and restore the historic native bottomland community characteristics of the lower Mississippi alluvial valley and its associated fish, wildlife, and plant species;

(4) to conserve, enhance, and restore habitat to maintain and assist in the recovery of endangered, and threatened plants and animals; and

(5) to encourage the use of volunteers and facilitate partnerships among the United States Fish and Wildlife Service, local communities, conservation organizations, and other non-Federal entities to promote public awareness of the resources of the Refuge and the National Wildlife Refuge System and public participation in the conservation of those resources.

#### **SEC. 5. ESTABLISHMENT OF REFUGE.**

(a) **ACQUISITION BOUNDARY.**—The Secretary is authorized to establish the Cat Island National Wildlife Refuge, consisting of approximately 36,500 acres of land and water, as depicted upon a map entitled "Cat Island National Wildlife Refuge—Proposed", dated February 8, 2000, and available for inspection in appropriate offices of the United States Fish and Wildlife Service.
