H. R. 3910

To authorize the Secretary of Agriculture to make grants to assist low and moderate income individuals to finance the construction, refurbishing, and servicing of individual household water well systems in rural areas.

IN THE HOUSE OF REPRESENTATIVES

MARCH 14, 2000

Mr. BOEHNER introduced the following bill; which was referred to the
Committee on Agriculture

A BILL

To authorize the Secretary of Agriculture to make grants to assist low and moderate income individuals to finance the construction, refurbishing, and servicing of individual household water well systems in rural areas.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Affordable Drinking
5 Water Act”.

6 **SEC. 2. FINDINGS.**

7 The Congress finds that—

1 (1) affordable access to safe, reliable drinking
2 water is in the public interest;

3 (2) approximately 15,000,000 American house-
4 holds receive drinking water from household water
5 well systems;

6 (3) according to a national survey, more than
7 80 percent of these well owners say they prefer their
8 household well system to community drinking water
9 systems or bottled water;

10 (4) many consumers and American farms re-
11 ceive drinking water from older household water well
12 systems not constructed to current standards;

13 (5) these systems should be upgraded to ensure
14 consumer and farm access to the safest and most re-
15 liable sources of drinking water;

16 (6) the United States Department of Agri-
17 culture and the Rural Utilities Service have no pro-
18 gram focused on funding the construction, upgrade,
19 or refurbishment of household water well systems;
20 and

21 (7) centralized water systems are not always
22 the most cost-efficient way to deliver safe, reliable
23 drinking water to rural customers.
