

106TH CONGRESS
1ST SESSION

H. R. 591

To provide funds to States to establish and administer periodic teacher testing and merit pay programs for elementary and secondary school teachers.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 4, 1999

Mr. FOSSELLA (for himself, Mr. BLILEY, Mr. WELDON of Pennsylvania, Mr. KOLBE, and Mr. SWEENEY) introduced the following bill; which was referred to the Committee on Education and the Workforce

A BILL

To provide funds to States to establish and administer periodic teacher testing and merit pay programs for elementary and secondary school teachers.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; FINDINGS; AND PURPOSES.**

4 (a) SHORT TITLE.—This Act may be cited as the
5 “Measures to Encourage Results in Teaching Act of
6 1999”.

7 (b) FINDINGS.—Congress makes the following find-
8 ings:

1 (1) All students deserve to be taught by well-
2 educated, competent, and qualified teachers.

3 (2) More than ever before, education has and
4 will continue to become the ticket not only to eco-
5 nomic success but to basic survival. Students will
6 not succeed in meeting the demands of a knowledge-
7 based, 21st century society and economy if the stu-
8 dents do not encounter more challenging work in
9 school. For future generations to have the opportu-
10 nities to achieve success the future generations will
11 need to have an education and a teacher workforce
12 second to none.

13 (3) No other intervention can make the dif-
14 ference that a knowledgeable, skillful teacher can
15 make in the learning process. At the same time,
16 nothing can fully compensate for weak teaching that,
17 despite good intentions, can result from a teacher's
18 lack of opportunity to acquire the knowledge and
19 skill needed to help students master the curriculum.

20 (4) The Federal Government established the
21 Dwight D. Eisenhower Professional Development
22 Program in 1985 to ensure that teachers and other
23 educational staff have access to sustained and high-
24 quality professional development. This ongoing de-
25 velopment must include the ability to demonstrate

1 and judge the performance of teachers and other in-
2 structional staff.

3 (5) States should evaluate their teachers on the
4 basis of demonstrated ability, including tests of sub-
5 ject matter knowledge, teaching knowledge, and
6 teaching skill. States should develop a test for their
7 teachers and other instructional staff with respect to
8 the subjects taught by the teachers and staff, and
9 should administer the test every 3 to 5 years.

10 (6) Evaluating and rewarding teachers with a
11 compensation system that supports teachers who be-
12 come increasingly expert in a subject area, are pro-
13 ficient in meeting the needs of students and schools,
14 and demonstrate high levels of performance meas-
15 ured against professional teaching standards, will
16 encourage teachers to continue to learn needed skills
17 and broaden teachers' expertise, thereby enhancing
18 education for all students.

19 (c) PURPOSES.—The purposes of this Act are as fol-
20 lows:

21 (1) To provide incentives for States to establish
22 and administer periodic teacher testing and merit
23 pay programs for elementary school and secondary
24 school teachers.

1 (2) To encourage States to establish merit pay
2 programs that have a significant impact on teacher
3 salary scales.

4 (3) To encourage programs that recognize and
5 reward the best teachers, and encourage those teach-
6 ers that need to do better.

7 **SEC. 2. STATE INCENTIVES FOR TEACHER TESTING AND**
8 **MERIT PAY.**

14 title exceeds \$600,000,000; or

16 ceive an award under this section.

18 award under this section in an amount that bears the
19 same relation to the total amount available for awards
20 under this section for a fiscal year as the number of States

22 year bears to the total number of all States so eligible for
23 the fiscal year.

2 section may be used by States to carry out the activities
3 described in section 2207.

5 this section, the term ‘State’ means each of the 50 States
6 and the District of Columbia.”.

7 (b) EFFECTIVE DATE.—The amendments made by
8 subsection (a) shall take effect on October 1, 1999.

9 **SEC. 3. TEACHER TESTING AND MERIT PAY.**

10 (a) IN GENERAL.—Notwithstanding any other provi-
11 sion of law, a State may use Federal education funds—

12 (1) to carry out a test of each elementary
13 school or secondary school teacher in the State with
14 respect to the subjects taught by the teacher; or

15 (2) to establish a merit pay program for the
16 teachers.

17 (b) DEFINITIONS.—In this section, the terms “ele-
18 mentary school” and “secondary school” have the mean-
19 ings given the terms in section 14101 of the Elementary
20 and Secondary Education Act of 1965 (20 U.S.C. 8801).
