7       (a) FINDINGS.—The Congress finds that—

---

1           (1) hazards involved in the mining and process-  
2           ing of beryllium and its compounds are presumed to  
3           have caused injury, disease, and disability among  
4           those who worked in the beryllium processing indus-  
5           try;

6           (2) workers who were exposed to beryllium haz-  
7           ards were subjected to increased risk of injury and  
8           disease to serve the national security interests of the  
9           United States; and

10          (3) the United States should recognize and as-  
11          sume responsibility for the harm done to these work-  
12          ers.

13          (b) PURPOSE.—It is the purpose of this Act to estab-  
14          lish a procedure to provide relief to the workers described  
15          in subsection (a) for the burdens they have borne for the  
16          Nation as a whole.

17          (c) APOLOGY.—The Congress apologizes on behalf of
