106TH CONGRESS 2D SESSION

S. 2015

To amend the Public Health Service Act to provide for research with respect to human embryonic stem cells.

IN THE SENATE OF THE UNITED STATES

January 31, 2000

Mr. Specter (for himself and Mr. Harkin) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To amend the Public Health Service Act to provide for research with respect to human embryonic stem cells.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Stem Cell Research
- 5 Act of 2000".
- 6 SEC. 2. RESEARCH ON HUMAN EMBRYONIC STEM CELLS.
- 7 Part G of the Title IV of the Public Health Service
- 8 Act (42 U.S.C. 288 et seq.) is amended by inserting after
- 9 section 498B the following:

1	"SEC. 498C. RESEARCH ON HUMAN EMBRYONIC STEM
2	CELLS.
3	"(a) In General.—Notwithstanding any other pro-
4	vision of law, the Secretary may only conduct, support,
5	or fund research on, or utilizing, human embryos for the
6	purpose of generating embryonic stem cells in accordance
7	with this section.
8	"(b) Sources of Embryonic Cells.—For pur-
9	poses of carrying out research under paragraph (1), the
10	human embryonic stem cells involved shall be derived only
11	from embryos that otherwise would be discarded that have
12	been donated from in-vitro fertilization clinics with the
13	written informed consent of the progenitors.
14	"(c) Restrictions.—
15	"(1) In General.—The following restriction
16	shall apply with respect to human embryonic stem
17	cell research conducted or supported under sub-
18	section (a):
19	"(A) The research involved shall not result
20	in the creation of human embryos.
21	"(B) The research involved shall not result
22	in the reproductive cloning of a human being.
23	"(2) Prohibition.—
24	"(A) In general.—It shall be unlawful
25	for any person receiving Federal funds to know-
26	ingly acquire, receive, or otherwise transfer any

1	human gametes or human embryos for valuable
2	consideration if the acquisition, receipt, or
3	transfer affects interstate commerce.
4	"(B) Definition.—In subparagraph (A),
5	the term 'valuable consideration' does not in-
6	clude reasonable payments associated with
7	transportation, transplantation, processing,
8	preservation, quality control, or storage.
9	"(d) Guidelines.—
10	"(1) In General.—The Secretary, in conjunc-
11	tion with the Director of the National Institutes of
12	Health, shall issue guidelines governing human em-
13	bryonic stem cell research under this section, includ-
14	ing the definitions and terms used for purposes of
15	such research.
16	"(2) Requirements.—The guidelines issued
17	under paragraph (1) shall ensure that—
18	"(A) all Federal research protocols and
19	consent forms involving human embryonic stem
20	cell research must be reviewed and approved by
21	an institutional review board; and
22	"(B) the institutional review board is em-
23	powered to make a determination as to whether
24	or not the proposed research is in accordance
25	with National Institutes of Health Guidelines

1	for Research Involving Human Pluripotent
2	Stem Cells.
3	"(e) Reporting Requirements—Not later than
4	January 1, 2001, and each January 1 thereafter, the Sec-
5	retary shall prepare and submit to the appropriate com-
6	mittees of Congress a report describing the activities car-
7	ried out under this section during the preceding fiscal
8	year, and including a description of whether and to what
9	extent research under subsection (a) has been conducted

 \bigcirc

10 in accordance with this section.".
