

107TH CONGRESS
1ST SESSION

H. J. RES. 60

IN THE SENATE OF THE UNITED STATES

DECEMBER 5, 2001

Received, read twice and referred to the Committee on the Judiciary

JOINT RESOLUTION

Honoring Maureen Reagan on the occasion of her death
and expressing condolences to her family, including her
husband Dennis Revell and her daughter Rita Revell.

Whereas the Congress is greatly saddened by the tragic death
of Maureen Reagan on August 8, 2001;

Whereas Maureen Reagan's love of life and countless contributions to family and the Nation serve as an inspiration to millions;

Whereas Maureen Reagan was a remarkable advocate for a number of causes and had many passions, the greatest being her dedication to addressing the scourge of Alzheimer's disease;

Whereas in 1994 when former President Ronald Reagan announced that he had been diagnosed with Alzheimer's disease, Maureen Reagan joined her father and Nancy Reagan in the fight against Alzheimer's disease and became a national spokesperson for the Alzheimer's Association;

Whereas Maureen Reagan served as a tireless advocate to raise public awareness about Alzheimer's disease, support care givers, and substantially increase the Nation's commitment to research on Alzheimer's disease;

Whereas Maureen Reagan helped inspire the Congress to increase Federal research funding for Alzheimer's disease by amounts proportionate to increases in research funding for other major diseases;

Whereas Maureen Reagan went far beyond merely lending her name to the work of the Alzheimer's Association: she was a hands-on activist on the association's board of directors, a masterful fund-raiser, a forceful advocate, and a selfless and constant traveler to anywhere and everywhere Alzheimer's advocates needed help;

Whereas at every stop she made and every event she attended in her efforts to eradicate Alzheimer's disease through research, Maureen Reagan emphasized that researchers are

in a “race against time before Alzheimer’s reaches epidemic levels” with the aging of the Baby Boomers;

Whereas Maureen Reagan stated before the Congress in 2000 that “14 million Baby Boomers are living with a death sentence of Alzheimer’s today”;

Whereas despite her declining health, Maureen Reagan never decreased her efforts in her battle to eliminate Alzheimer’s disease;

Whereas during the last six months of her life, from her hospital bed and home, Maureen Reagan urged the Congress to increase funding for Alzheimer’s disease research at the National Institutes of Health;

Whereas Maureen Reagan said, “The best scientific minds have been brought into the race against Alzheimer’s, a solid infrastructure is in place, and the path for further investigations is clear. What’s missing is the money, especially the Federal investment, to keep up the pace.”; and

Whereas Maureen Reagan’s remarkable advocacy for the millions affected and afflicted by Alzheimer’s disease will forever serve as an inspiration to continue and ultimately win the battle against the illness: Now, therefore, be it
