1 TITLE IX—NATIONAL AVIATION 2 HERITAGE AREA

3	SEC. 901. SHORT TITLE.
4	This title may be cited as the "National Aviation Her-
5	itage Area Act".
6	SEC. 902. FINDINGS AND PURPOSE.
7	(a) FINDINGS.—Congress finds the following:
8	(1) Few technological advances have transformed
9	the world or our Nation's economy, society, culture,
10	and national character as the development of powered
11	flight.
12	(2) The industrial, cultural, and natural herit-
13	age legacies of the aviation and aerospace industry in
14	the State of Ohio are nationally significant.
15	(3) Dayton, Ohio, and other defined areas where
16	the development of the airplane and aerospace tech-
17	nology established our Nation's leadership in both
18	civil and military aeronautics and astronautics set
19	the foundation for the 20th Century to be an Amer-
20	ican Century.
21	(4) Wright-Patterson Air Force Base in Dayton,
22	Ohio, is the birthplace, the home, and an integral
23	part of the future of aerospace.
24	(5) The economic strength of our Nation is con-
25	nected integrally to the vitality of the aviation and

- aerospace industry, which is responsible for an esti mated 11,200,000 American jobs.
 - (6) The industrial and cultural heritage of the aviation and aerospace industry in the State of Ohio includes the social history and living cultural traditions of several generations.
 - (7) The Department of the Interior is responsible for protecting and interpreting the Nation's cultural and historic resources, and there are significant examples of these resources within Ohio to merit the involvement of the Federal Government to develop programs and projects in cooperation with the Aviation Heritage Foundation, Incorporated, the State of Ohio, and other local and governmental entities to adequately conserve, protect, and interpret this heritage for the educational and recreational benefit of this and future generations of Americans, while providing opportunities for education and revitalization.
 - (8) Since the enactment of the Dayton Aviation Heritage Preservation Act of 1992 (Public Law 102–419), partnerships among the Federal, State, and local governments and the private sector have greatly assisted the development and preservation of the historic aviation resources in the Miami Valley.

- (9) An aviation heritage area centered in Southwest Ohio is a suitable and feasible management option to increase collaboration, promote heritage tourism, and build on the established partnerships among Ohio's historic aviation resources and related sites.
 - (10) A critical level of collaboration among the historic aviation resources in Southwest Ohio cannot be achieved without a congressionally established national heritage area and the support of the National Park Service and other Federal agencies which own significant historic aviation-related sites in Ohio.
 - (11) The Aviation Heritage Foundation, Incorporated, would be an appropriate management entity to oversee the development of the National Aviation Heritage Area.
 - (12) Five National Park Service and Dayton Aviation Heritage Commission studies and planning documents: "Study of Alternatives: Dayton's Aviation Heritage", "Dayton Aviation Heritage National Historical Park Suitability/Feasibility Study", "Dayton Aviation Heritage General Management Plan", "Dayton Historic Resources Preservation and Development Plan", and Heritage Area Concept Study (in progress), demonstrated that sufficient historical re-

1	sources exist to establish the National Aviation Herit-
2	$age\ Area.$
3	(13) With the advent of the 100th anniversary of
4	the first powered flight in 2003, it is recognized that
5	the preservation of properties nationally significant
6	in the history of aviation is an important goal for the
7	future education of Americans.
8	(14) Local governments, the State of Ohio, and
9	private sector interests have embraced the heritage
10	area concept and desire to enter into a partnership
11	with the Federal government to preserve, protect, and
12	develop the Heritage Area for public benefit.
13	(15) The National Aviation Heritage Area would
14	complement and enhance the aviation-related re-
15	sources within the National Park Service, especially
16	the Dayton Aviation Heritage National Historical
17	Park, Ohio.
18	(b) Purpose.—The purpose of this title is to establish
19	the Heritage Area to—
20	(1) encourage and facilitate collaboration among
21	the facilities, sites, organizations, governmental enti-
22	ties, and educational institutions within the Heritage
23	Area to promote heritage tourism and to develop edu-

cational and cultural programs for the public;

- 1 (2) preserve and interpret for the educational 2 and inspirational benefit of present and future gen-3 erations the unique and significant contributions to 4 our national heritage of certain historic and cultural 5 lands, structures, facilities, and sites within the Na-6 tional Aviation Heritage Area;
 - (3) encourage within the National Aviation Heritage Area a broad range of economic opportunities enhancing the quality of life for present and future generations;
 - (4) provide a management framework to assist the State of Ohio, its political subdivisions, other areas, and private organizations, or combinations thereof, in preparing and implementing an integrated Management Plan to conserve their aviation heritage and in developing policies and programs that will preserve, enhance, and interpret the cultural, historical, natural, recreation, and scenic resources of the Heritage Area; and
 - (5) authorize the Secretary to provide financial and technical assistance to the State of Ohio, its political subdivisions, and private organizations, or combinations thereof, in preparing and implementing the private Management Plan.
