6 **SEC. 3. FINDINGS AND PURPOSES.**

7 (a) FINDINGS.—The Congress finds the following:

8 (1) A high-quality, highly competitive education
9 for all students is imperative for the economic

1 growth and productivity of the United States, for its
2 effective national defense, and for achievement of
3 the historical aspiration to be one Nation of equal
4 citizens. It is therefore necessary and proper to over-
5 come the nationwide phenomenon of educationally
6 inadequate or inequitable State public school sys-
7 tems, in which high-quality public schools serve
8 high-income communities and poor-quality schools
9 serve low-income, urban, rural, and minority commu-
10 nities.

11 (2) There exists in the States an ever-widening
12 educational opportunity gap for low-income, urban,
13 rural, and minority students characterized by the
14 following:

15 (A) Highly differential educational expend-
16 itures among public school districts within
17 States.

18 (B) Continuing disparities within the
19 States in students' access to the fundamentals
20 of educational opportunity described in section
21 112(a).

22 (C) Radically differential educational
23 achievement among public school districts with-
24 in the States, as measured by the following:

1 (i) Achievement in mathematics, read-
2 ing or language arts, and science on State
3 academic achievement tests and measures,
4 including the academic assessments de-
5 scribed in section 113(b)(1).

6 (ii) Advanced placement courses of-
7 fered and taken.

8 (iii) Scholastic Aptitude Test (SAT)
9 and ACT Assessment scores.

10 (iv) Dropout rates and graduation
11 rates.

12 (v) College-going and college-comple-
13 tion rates.

14 (vi) Job placement and retention rates
15 and indices of job quality.

16 (3) As a consequence of this educational oppor-
17 tunity gap, the quality of a child's education depends
18 largely upon where the child's family lives, and the
19 detriments of lower quality public education are im-
20 posed particularly on—

21 (A) children from low-income families;

22 (B) children living in urban and rural
23 areas; and

24 (C) minority children.

1 (4) Since 1785, the Congress of the United
2 States, exercising the power to admit new States
3 under article IV, section 3 of the Constitution (and
4 previously, the Congress of the Confederation of
5 States under the Articles of Confederation), has im-
6 posed upon every State, as a fundamental condition
7 of the State’s admission, the following requirements:

8 (A) One, and sometimes two, square-mile
9 lots in every township were to be “granted and
10 . . . reserved for the maintenance and use of
11 public schools”.

12 (B) “[S]chools and the means of education
13 [are to] be forever encouraged”.

14 (C) “State conventions [were to] provide,
15 by ordinances irrevocable without the consent of
16 the United States and the people of said States
17 . . . that provision . . . be made for the estab-
18 lishment and maintenance of systems of public
19 schools which shall be open to all children of
20 said States”.

21 (See Ordinances of May 20, 1785, and July 13,
22 1787; Act of March 3, 1845, 28th Cong. 2d Sess.,
23 5 Stat. 789, Chap. 76 (admitting Iowa and Florida);
24 Act of February 22, 1889, 50th Cong., 2d Sess.,
25 Chap. 180 (admitting States created from the Da-

1 kota Territories); and the Acts of Congress per-
2 taining to the admission of each of the States.)

3 (5) Over the years since the landmark ruling in
4 Brown v. Board of Education, when a unanimous
5 United States Supreme Court held that “the oppor-
6 tunity of an education . . . , where the state has
7 undertaken to provide it, is a right which must be
8 made available to all on equal terms”, courts in 44
9 of the States have heard challenges to the establish-
10 ment, maintenance, and operation of educationally
11 inadequate or inequitable State public school sys-
12 tems. (347 U.S. 483, 493 (1954).

13 (6) In 1970, the Presidential Commission on
14 School Finance found that significant disparities in
15 the distribution of educational resources existed
16 among public school districts within States because
17 the States relied too significantly on local district fi-
18 nancing for educational revenues, and that reforms
19 in systems of school financing would increase the
20 Nation’s ability to serve the educational needs of all
21 children.

22 (7) In 1999, the National Research Council of
23 the National Academy of Sciences published a report
24 entitled “Making Money Matter, Financing Amer-
25 ica’s Schools”, which found that the concept of fund-

1 ing adequacy, which moves beyond the more tradi-
2 tional concepts of finance equity to focus attention
3 on the sufficiency of funding for desired educational
4 outcomes, is an important step in developing a fair
5 and productive educational system.

6 (8) In 2001, the Executive order establishing
7 the President’s Commission on Educational Re-
8 source Equity declared, “A quality education is es-
9 sential to the success of every child in the 21st cen-
10 tury and to the continued strength and prosperity of
11 our Nation. . . . [L]ong-standing gaps in access to
12 educational resources exist, including disparities
13 based on race and ethnicity.” (Executive Order
14 13190, § 1 (January 15, 2001); 66 Fed. Reg. 5424.)

15 (9) According to the Secretary of Education, as
16 stated in a letter (with enclosures) dated January
17 19, 2002, from the Secretary to States—

18 (A) racial and ethnic minorities continue to
19 suffer from lack of access to educational re-
20 sources, including “experienced and qualified
21 teachers, adequate facilities, and instructional
22 programs and support, including technology, as
23 well as . . . the funding necessary to secure
24 these resources”; and

1 (B) these inadequacies are “particularly
2 acute in high-poverty schools, including urban
3 schools, where many students of color are iso-
4 lated and where the effect of the resource gaps
5 may be cumulative. In other words, students
6 who need the most may often receive the least,
7 and these students often are students of color”.

8 (10) The Elementary and Secondary Education
9 Act of 1965 (20 U.S.C. 6301 et seq.), as amended
10 by the No Child Left Behind Act of 2001 (Public
11 Law 107–110), provides that—

12 (A) States must establish standards and
13 assessments in mathematics, reading or lan-
14 guage arts, and science;

15 (B) elementary schools and secondary
16 schools must ensure that all students are pro-
17 ficient in such subjects within 12 years after
18 the end of the 2001–2002 school year; and

19 (C) elementary schools and secondary
20 schools will be held accountable for the stu-
21 dents’ progress.

22 (11) The standards and accountability move-
23 ment will succeed only if, in addition to standards
24 and accountability, all schools have access to the

1 educational resources necessary to enable students to
2 achieve.

3 (12) Raising standards without ensuring ade-
4 quate and equitable access to educational resources
5 may, in fact, exacerbate achievement gaps and set
6 children up for failure.

7 (13) According to the World Economic Forum's
8 Global Competitiveness Report 2001–2002, the
9 United States ranks last among developed countries
10 in the difference in the quality of schools available
11 to rich and poor children.

12 (14) Each State Government has ultimate au-
13 thority in determining every important aspect and
14 priority of the public school system that provides ele-
15 mentary and secondary education to children in the
16 State, including whether children throughout the
17 State have high access to the fundamentals of edu-
18 cational opportunity described in section 112(a).

19 (15) Since 1965, the Congress, in exercising its
20 spending authority, has provided substantial Federal
21 financial assistance to the States for the improve-
22 ment of their public school systems. In their expend-
23 iture and oversight of this assistance, the States
24 have failed systematically to achieve the purpose of
25 the Congress in providing the assistance, namely the

1 effective education of all the children of the United
2 States.

3 (16) Because a well-educated populace is crit-
4 ical to the Nation’s political and economic well-being
5 and national security, the Federal Government has
6 a substantial interest in ensuring that States provide
7 a high-quality education by ensuring that all chil-
8 dren have access to the fundamentals of educational
9 opportunity described in section 112(a) to enable the
10 children to succeed academically and in life.

11 (b) PURPOSES.—The purposes of this Act are the fol-
12 lowing:

13 (1) To further the goals of the No Child Left
14 Behind Act of 2001 (Public Law 107–110) and the
15 Elementary and Secondary Education Act of 1965
16 (20 U.S.C. 6301 et seq.) by holding States account-
17 able for providing all students access to the fun-
18 damentals of educational opportunity described in
19 section 112(a).

20 (2) To ensure that all students in public ele-
21 mentary schools and secondary schools receive edu-
22 cational opportunities that enable the students—

23 (A) to acquire the knowledge and skills
24 necessary for responsible citizenship, including

the ability to participate fully in the political process through informed electoral choice;

(B) to meet challenging State student academic achievement standards; and

(C) to be able to compete and succeed in a global economy.

(3) To end the pervasive pattern of educationally inadequate or inequitable State public school systems.

Subtitle A—Access to Educational Opportunity

SEC. 111. ADEQUATE AND EQUITABLE STATE PUBLIC SCHOOL SYSTEMS.

10 by school counselors in providing direct services to
11 students.

12 (b) COMPARABLE EDUCATIONAL SERVICES.—A
13 State shall provide educational services in public school

18 school districts not receiving such funds.

19 (c) COMPLIANCE WITH COURT ORDERS.—A State
20 shall comply with any substantive Federal or State court
21 order in any matter concerning the adequacy or equity of
22 the State's public school system, to the extent required
23 in the order.

1 **SEC. 113. STATE-ESTABLISHED STANDARDS FOR ACCESS**
2 **TO EDUCATIONAL OPPORTUNITY.**

3 (a) ESTABLISHMENT.—In carrying out section
4 112(a), a State educational agency, in consultation with
5 local educational agencies, teachers, principals, pupil serv-
6 ices personnel, administrators, other staff, and parents,
7 shall develop standards to describe and measure the extent
8 to which the State provides to the students in each public
9 school and school district in the State each of the fun-
10 damentals of educational opportunity described in section
11 112(a) in terms of ideal, adequate, and basic levels of such
12 access.

13 (b) FACTORS FOR CONSIDERATION.—In defining the
14 levels of access required under subsection (a), the State
15 shall consider, in addition to the factors described in sec-
16 tion 112(a)—

17 (1) the access available to students in schools in
18 the highest achieving decile of public elementary
19 schools and secondary schools in the State, as deter-
20 mined on the basis of student performance on state-
21 wide student academic assessments, including—

22 (A) student academic assessments in read-
23 ing or language arts, mathematics, and science
24 under section 1111(b)(3) of the Elementary

14 rural, and minority students; and

15 (3) other educationally appropriate factors.

16 (c) CHALLENGING STANDARDS.—The levels of access
17 required under subsection (a) shall be aligned with the
18 challenging State academic content and achievement
19 standards, and the high-quality academic assessments, re-
20 quired under the Elementary and Secondary Education
21 Act of 1965 (20 U.S.C. 6301 et seq.).

22 (d) SUBMISSION TO SECRETARY.—A State edu-
23 cational agency shall submit to the Secretary—

20 tent practicable, in a language that the parents can under-
21 stand, through such means as the Internet, the media, and
22 public agencies.

2 **SEC. 121. DETERMINATION OF EDUCATIONALLY ADEQUATE**
3 **AND INEQUITABLE STATE PUBLIC SCHOOL**
4 **SYSTEMS.**

5 (a) ANNUAL DETERMINATION BY SECRETARY.—Be-
6 ginning not later than October 1 of the first full school

11 shall publish and make available to the general public (in-
12 cluding by means of the Internet) the determinations
13 under subsection (a).

14 **SEC. 122. STATE ACCOUNTABILITY FOR IMPROVEMENT OF**
15 **EDUCATIONAL OPPORTUNITY.**

16 (a) STATE REMEDIATION PLAN.—A State deter-
17 mined under section 121 not to meet the requirements of
18 section 112 shall develop and submit to the Secretary, by
19 not later than 1 year after the determination, a remedi-
20 ation plan (which the State may amend to improve the
21 plan or to take into account significantly changed cir-
22 cumstances), as follows:

23 (1) LONG-TERM REMEDIATION FOR ACCESS TO
24 FUNDAMENTALS OF EDUCATIONAL OPPORTUNITY.—
25 If the State is determined not to meet the require-

1 ments under section 112(a) (relating to access to the
2 fundamentals of educational opportunity), the plan
3 shall provide for the following:

4 (A) A description of the actions the State
5 will take to meet the requirements of section
6 112(a), by not later than 12 years after the end
7 of the 2003–2004 school year, to provide ideal
8 or adequate access (as defined by the State
9 under section 113) to the fundamentals of edu-
10 cational opportunity for each public school in
11 the State.

12 (B) A timeline for improvement that in-
13 cludes annual interim goals for increasing the
14 number of public schools and school districts in
15 the State that have ideal or adequate levels of
16 access (as defined by the State under section
17 113) to each of the fundamentals of educational
18 opportunity, in order to achieve the required
19 levels of access within the time described in
20 subparagraph (A).

21 (C) Implementation of a single, statewide
22 accountability system to ensure that the State
23 achieves the interim goals described in subpara-
24 graph (B).

1 (2) 2-YEAR REMEDIATION FOR COMPARABLE
2 EDUCATIONAL SERVICES.—If the State is deter-
3 mined not to meet the requirements of section
4 112(b) (relating to comparable educational services),
5 the plan shall describe the actions the State will take
6 to meet the requirements of such section by not later
7 than 2 school years after submission of the plan.

8 (b) DISAPPROVAL OF PLAN.—The Secretary may dis-
9 approve a plan (or amendment) submitted under sub-
10 section (a) that the Secretary determines does not meet
11 the requirements of such subsection.

12 **SEC. 123. CONSEQUENCES OF NONREMEDATION.**

13 (a) FAILURE TO MEET ANNUAL INTERIM ACCESS
14 GOALS.—Notwithstanding any other provision of law and
15 in addition to any other consequence under this section,
16 the Secretary shall withhold 2.75 percent of any funds
17 otherwise available to a State (or a State educational
18 agency) for administration of Federal elementary and sec-
19 ondary education programs for each annual interim goal
20 established under section 122(a)(1)(B) for a fiscal year,
21 or a prior fiscal year, that the Secretary determines the
22 State fails to meet.

23 (b) CONTINUING FAILURE TO PROVIDE COM-
24 PARABLE EDUCATIONAL SERVICES.—Notwithstanding
25 any other provision of law and in addition to any other

1 consequence under this section, the Secretary shall with-
2 hold from a State determined by the Secretary to continue
3 to fail to meet the requirements of section 112(b) (relating
4 to comparable educational services) at the end of the sec-
5 ond school year after a plan is required to be submitted
6 under section 122, up to 33 $\frac{1}{3}$ percent of funds otherwise
7 available to the State for administration of Federal ele-
8 mentary and secondary education programs.

9 (c) NONCOMPLIANCE WITH COURT ORDERS.—Not-
10 withstanding any other provision of law and in addition
11 to any other consequence under this section, the Secretary
12 shall withhold from a State determined by the Secretary
13 to fail to meet the requirements of section 112(c) (relating
14 to compliance with court orders) up to 33 $\frac{1}{3}$ percent of
15 funds otherwise available to the State for the administra-
16 tion of Federal elementary and secondary education pro-
17 grams.

18 (d) DISPOSITION OF WITHHELD FUNDS.—For each
19 State from which funds are withheld under this section,
20 the Secretary shall make a determination whether the
21 State, by not later than 1 year after a determination under
22 subsection (a), (b), or (c), has corrected the condition lead-
23 ing to a withholding of funds and shall distribute withheld
24 funds as follows:

1 (1) If the State corrects a condition leading to
2 a withholding of funds, the Secretary shall make the
3 applicable withheld funds available to the State (or
4 State educational agency).

5 (2) If the State fails to correct a condition lead-
6 ing to a withholding of funds, the Secretary shall al-
7 locate the applicable withheld funds to public schools
8 or school districts affected by the State's failure to
9 make adequate remediation, for the purpose of ena-
10 bling the school or school district to correct such
11 condition.

12 (e) TEMPORARY WAIVER.—The Secretary may grant
13 a request by a State for a waiver of the withholding provi-
14 sions of subsections (a) through (c) for a total period of
15 not more than 1 year if—

16 (1) the Secretary is satisfied that exceptional
17 circumstances (such as a precipitous decrease in
18 State revenues) prevent a State from complying with
19 the requirements of section 112; and

20 (2) the State's request describes the manner in
21 which the State will comply with the requirements of
22 section 112 by the end of the waiver period.
