1 *Be it enacted by the Senate and House of Representa-*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Theodore Roosevelt
5 National Wildlife Refuge Act”.

6 **SEC. 2. FINDINGS.**

7 The Congress finds the following:

8 (1) The Yazoo-Mississippi Delta, located in
9 Holmes, Humphreys, Issaquena, Leflore, Sharkey,
10 Warren, Washington, and Yazoo Counties, Mis-

1 sissippi, popularly known as the Lower Delta, is of
2 critical importance to the Louisiana Black Bear,
3 over 350 species of birds (including migratory and
4 resident waterfowl, shore birds, and neotropical mi-
5 gratory birds), aquatic life, and a wide array of
6 other species associated with river basin ecosystems.

7 (2) The bottomland hardwood forests of the
8 Lower Delta have been significantly cleared. Refor-
9 estation and restoration of native habitat will benefit
10 a host of species.

11 (3) The Lower Delta is part of a major conti-
12 nental migration corridor for migratory birds fun-
13 neling through the midcontinent from as far north
14 as the Arctic Circle and as far south as South Amer-
15 ica.

16 (4) The Lower Delta offers extraordinary rec-
17 reational, research, and educational opportunities for
18 students, scientists, bird watchers, wildlife observers,
19 hunters, anglers, trappers, hikers, and nature pho-
20 tographers.

21 (5) The Lower Delta is an internationally sig-
22 nificant environmental resource that has been ne-
23 glected and requires active restoration and manage-
24 ment to protect and enhance the value of the region
25 as a habitat for fish and wildlife.

1 (6) The Lower Delta’s existing natural, histor-
2 ical, and cultural assets and environmental restora-
3 tion potential may provide for a large component of
4 the economic revitalization of this area.

5 (7) The Lower Delta has the Nation’s highest
6 potential carbon sequestration storage capacity.
