

108TH CONGRESS
1ST SESSION

H. R. 3183

To provide for direct and accurate compensation to financial institutions for providing various critical depository and financial agency services for or on behalf of the United States, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 25, 2003

Mr. OXLEY (for himself and Mr. FRANK of Massachusetts) introduced the following bill; which was referred to the Committee on Financial Services

A BILL

To provide for direct and accurate compensation to financial institutions for providing various critical depository and financial agency services for or on behalf of the United States, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Depository Services
5 Efficiency and Cost Reduction Act”.

6 **SEC. 2. FINDINGS.**

7 The Congress finds as follows:

1 (1) The Secretary of the Treasury has long
2 compensated financial institutions for various critical
3 depository and financial agency services provided for
4 or on behalf of the United States by—

5 (A) placing large balances, commonly re-
6 ferred to as “compensating balances”, on de-
7 posit at such institutions; and

8 (B) using imputed interest on such funds
9 to offset charges for the various depository and
10 financial agency services provided to or on be-
11 half of the Government.

12 (2) As a result of sharp declines in interest
13 rates over the last few years to record low levels, or
14 the public debt outstanding reaching the statutory
15 debt limit, the Department of the Treasury often
16 has had to dramatically increase or decrease the size
17 of the compensating balances on deposit at these fi-
18 nancial institutions.

19 (3) The fluctuation of the compensating bal-
20 ances, and the necessary pledging of collateral by fi-
21 nancial institutions to secure the value of compen-
22 sating balances placed with those institutions, have
23 created unintended financial uncertainty for the Sec-
24 retary of the Treasury and for the management by
25 financial institutions of their cash and securities.

1 (4) It is imperative that the process for pro-
2 viding financial services to the Government be trans-
3 parent, and provide the information necessary for
4 the Congress to effectively exercise its appropriation
5 and oversight responsibilities.

6 (5) The use of direct payment for services ren-
7 dered would strengthen cash and debt management
8 responsibilities of the Secretary of the Treasury be-
9 cause the Secretary would no longer need to dra-
10 matically increase or decrease the level of such bal-
11 ances when interest rates fluctuate sharply or when
12 the public debt outstanding reaches the statutory
13 debt limit.

14 (6) An alternative to the use of compensating
15 balances, such as direct payments to financial insti-
16 tutions, would ensure that payments to financial in-
17 stitutions for the services they provide would be
18 made in a more predictable manner and could result
19 in cost savings.

20 (7) Limiting the use of compensating balances
21 could result in a more direct and cost-efficient meth-
22 od of obtaining those services currently provided
23 under compensating balance arrangements.

24 (8) A transition from the use of compensating
25 balances to another compensation method must be

1 carefully managed to prevent higher-than-necessary
2 transitional costs and enable participating financial
3 institutions to modify their planned investment of
4 cash and securities.

5 **SEC. 3. AUTHORIZATION OF APPROPRIATIONS FOR SERV-**
6 **ICES RENDERED BY DEPOSITARIES AND FI-**
7 **NANCIAL AGENCIES OF THE UNITED STATES.**

8 There are authorized to be appropriated for fiscal
9 years beginning after fiscal year 2003 to the Secretary of
10 the Treasury such sums as may be necessary for reimburs-
11 ing financial institutions in their capacity as depositaries
12 and financial agents of the United States for all services
13 required or directed by the Secretary of the Treasury, or
14 a designee of the Secretary, to be performed by such finan-
15 cial institutions on behalf of the Secretary of the Treasury
16 or another Federal agency, including services rendered be-
17 fore fiscal year 2004.

18 **SEC. 4. ORDERLY TRANSITION.**

19 (a) IN GENERAL.—As appropriations authorized
20 under section 3 become available, the Secretary of the
21 Treasury shall promptly begin the process of phasing in
22 the use of the appropriations to pay financial institutions
23 serving as depositaries and financial agents of the United
24 States, and transitioning from the use of compensating
25 balances to fund these services.

1 (b) POST-TRANSITION USE LIMITED TO EXTRAOR-
2 DINARY CIRCUMSTANCES.—

3 (1) IN GENERAL.—Following the transition to
4 the use of the appropriations authorized under sec-
5 tion 3, the Secretary of the Treasury may use the
6 compensating balances to pay financial institutions
7 serving as depositaries and financial agents of the
8 United States only in extraordinary situations where
9 the Secretary determines that they are needed to en-
10 sure the fiscal operations of the Government con-
11 tinue to function in an efficient and effective man-
12 ner.

13 (2) REPORT.—Any use of compensating bal-
14 ances pursuant to paragraph (1) shall promptly be
15 reported by the Secretary of the Treasury to the
16 Committee on Financial Services of the House of
17 Representatives and the Committee on Banking,
18 Housing, and Urban Affairs of the Senate.

19 (c) REQUIREMENTS FOR ORDERLY TRANSITION.—In
20 transitioning to the use of the appropriations authorized
21 in section 3, the Secretary of the Treasury shall take such
22 steps as may be appropriate to—

23 (1) prevent abrupt financial disruption to the
24 functions of the Department of the Treasury or to
25 the participating financial institutions; and

(2) maintain adequate accounting and management controls to ensure that payments to financial institutions for their banking services provided to the Government as depositaries and financial agents are accurate and that the arrangements last no longer than is necessary.

(d) REPORTS REQUIRED.—

(1) ANNUAL REPORT.—

(A) IN GENERAL.—For each fiscal year, the Secretary of the Treasury shall submit a report to the Congress on the use of compensating balances and on the use of appropriations authorized in section 3 during that fiscal year.

(B) INCLUSION IN BUDGET.—The report required under subparagraph (A) may be submitted as part of the budget submitted by the President under section 1105 of the title 31, United States Code, for the following fiscal year and if so, the report shall be submitted concurrently to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate.

(2) FINAL REPORT FOLLOWING TRANSITION.—

(A) IN GENERAL.—Following completion of the transition from the use of compensating balances to the use of the appropriations authorized in section 3 to pay financial institutions for their services as depositaries and financial agents of the United States, the Secretary of the Treasury shall submit a report on the transition to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate.

(B) CONTENTS OF REPORT.—The report submitted under subparagraph (A) shall include a detailed analysis of—

(i) the cost of transition;

(ii) the direct costs of the services being paid from the appropriations authorized under section 3; and

(iii) the benefits realized from the use of direct payment for such services, rather than the use of compensating balance arrangements.

SEC. 5. TECHNICAL AMENDMENT.

The 2d undesignated paragraph of section 16 of the Federal Reserve Act (12 U.S.C. 412) is amended—

1 (1) in the 3d sentence, by inserting “or any
2 other asset of a Federal reserve bank” before the pe-
3 riod at the end; and

4 (2) in the last sentence, by inserting “, or are
5 otherwise held by or on behalf of,” after “in the
6 vaults of”.
