13 **SEC. 306. FUNDING FOR CERTAIN HIGH INTENSITY DRUG**
 14 **TRAFFICKING AREAS.**

15 (a) SHORT TITLE.—This section may be cited as the
 16 “Dawson Family Community Protection Act”.

17 (b) FINDINGS.—Congress finds the following:

18 (1) In the early morning hours of October 16,
 19 2002, the home of Carnell and Angela Dawson was
 20 firebombed in apparent retaliation for Mrs.
 21 Dawson’s notification of police about persistent drug
 22 distribution activity in their East Baltimore City
 23 neighborhood.

24 (2) The arson claimed the lives of Mr. and Mrs.
 25 Dawson and their 5 young children, aged 9 to 14.

1 (3) The horrific murder of the Dawson family
2 is a stark example of domestic narco-terrorism.

3 (4) In all phases of counter-narcotics law en-
4 forcement—from prevention to investigation to pros-
5 ecution to reentry—the voluntary cooperation of or-
6 dinary citizens is a critical component.

7 (5) Voluntary cooperation is difficult for law en-
8 forcement officials to obtain when citizens feel that
9 cooperation carries the risk of violent retaliation by
10 illegal drug trafficking organizations and their affili-
11 ates.

12 (6) Public confidence that law enforcement is
13 doing all it can to make communities safe is a pre-
14 requisite for voluntary cooperation among people
15 who may be subject to intimidation or reprisal (or
16 both).

17 (7) Witness protection programs are insufficient
18 on their own to provide security because many indi-
19 viduals and families who strive every day to make
20 distressed neighborhoods livable for their children,
21 other relatives, and neighbors will resist or refuse of-
22 fers of relocation by Federal, State, and local pros-
23 ecutorial agencies and because, moreover, the contin-
24 ued presence of strong individuals and families is

1 critical to preserving and strengthening the social
2 fabric in such communities.

3 (8) Where (as in certain sections of Baltimore
4 City) interstate trafficking of illegal drugs has severe
5 ancillary local consequences within areas designated
6 as high intensity drug trafficking areas, it is impor-
7 tant that supplementary High Intensity Drug Traf-
8 ficking Areas Program funds be committed to sup-
9 port initiatives aimed at making the affected com-
10 munities safe for the residents of those communities
11 and encouraging their cooperation with Federal,
12 State, and local law enforcement efforts to combat
13 illegal drug trafficking.

14 (c) FUNDING FOR CERTAIN HIGH INTENSITY DRUG
15 TRAFFICKING AREAS.—Section 707(h) (21 U.S.C. 1706)
16 is amended by adding at the end the following:

17 “(6) SPECIFIC PURPOSES.—

18 “(A) IN GENERAL.—The Director shall en-
19 sure that, of the amounts appropriated for a
20 fiscal year for the Program, at least \$1,000,000
21 is used in high intensity drug trafficking areas
22 with severe neighborhood safety and illegal drug
23 distribution problems.

24 “(B) REQUIRED USES.—The funds used
25 under subparagraph (A) shall be used—

1 “(i) to ensure the safety of neighbor-
2 hoods and the protection of communities,
3 including the prevention of the intimidat-
4 tion of potential witnesses of illegal drug
5 distribution and related activities; and

6 “(ii) to combat illegal drug trafficking
7 through such methods as the Director con-
8 siderers appropriate, such as establishing or
9 operating (or both) a toll-free telephone
10 hotline for use by the public to provide in-
11 formation about illegal drug-related activi-
12 ties.”.

13 **SEC. 307. REPORT ON INTELLIGENCE SHARING.**

14 Not later than 180 days after the date of enactment
15 of this Act, the Director shall submit to Congress a re-
16 port—

17 (1) evaluating existing and planned intelligence
18 systems used by Federal, State, and local law en-
19 forcement agencies responsible for drug trafficking
20 and drug production enforcement; and

21 (2) addressing—

22 (A) the current intelligence systems used
23 by Federal, State, and local law enforcement
24 agencies;

1 (B) the compatibility of such systems in
 2 ensuring access and availability of intelligence
 3 to Federal, State, and local law enforcement;

4 (C) the extent to which Federal, State, and
 5 local law enforcement are sharing intelligence
 6 information to assess current threats and de-
 7 sign appropriate enforcement strategies; and

8 (D) the measures needed to ensure and to
 9 promote effective information sharing among
 10 intelligence systems operated by Federal, State,
 11 and local law enforcement agencies responsible
 12 for drug trafficking and drug production en-
 13 forcement.
