S. 3017

To provide for the settlement of the claims of Swain County, North Carolina,
against the United States under the agreement dated July 30, 1943.

IN THE SENATE OF THE UNITED STATES

NOVEMBER 19, 2004

Mr. EDWARDS introduced the following bill; which was read twice and referred
to the Committee on Energy and Natural Resources

A BILL

To provide for the settlement of the claims of Swain County,
North Carolina, against the United States under the
agreement dated July 30, 1943.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Swain County Settle-
5 ment Act of 2004”.

6 **SEC. 2. FINDINGS; PURPOSE.**

7 (a) FINDINGS.—Congress finds that—

8 (1) an agreement dated July 30, 1943, between
9 the Secretary of the Interior, the State of North
10 Carolina, the Tennessee Valley Authority, and Swain

1 County, North Carolina, provided that the Depart-
2 ment of the Interior would construct a road along
3 the north shore of the Fontana Reservoir to replace
4 a road flooded by the construction of Fontana Dam
5 and the filling of the Reservoir;

6 (2) as of the date of enactment of this Act, the
7 road has not been completed;

8 (3) a 1962 National Park Service study of the
9 proposed road found that the construction of the
10 road would result in severe “damage to the land-
11 scape and natural park values”;

12 (4) there are additional environmental concerns
13 relating to the road construction, including concerns
14 relating to the exposure of Anakeesta rock that pro-
15 duces acids and metals that leach into streams and
16 kill aquatic life;

17 (5) the proposed road would cut through the
18 Great Smoky Mountains National Park, the most
19 visited park in the National Park system;

20 (6) in 2000, the National Park Service esti-
21 mated that the cost of building the proposed road
22 would be \$150,000,000, excluding planning, design,
23 and environmental compliance costs;

24 (7) as of June 2004, the public review process
25 conducted by the National Park Service found that

1 88 percent of respondents favored a cash settlement
2 over constructing the road; and

3 (8) on February 11, 2003, the Swain County
4 Board of Commissioners passed a resolution sup-
5 porting a settlement as a substitute for the construc-
6 tion of the road.

7 (b) PURPOSE.—The purpose of this Act is to settle
