Whereas an educational program in Illinois, Iowa, Wisconsin, and Minnesota will bring the history of the Mississippi River to life for thousands of students from kindergarten through 12th grade and will focus on the recreational, environmental, and commercial importance of the river;

Whereas the Grand Excursion celebration of 2004 will establish a series of permanent exhibits throughout the upper Mississippi River, recognizing the achievements of the many communities and celebrating the history of the Mississippi River;

Whereas the Grand Excursion, through its local, regional, national, and international marketing programs and initiatives, will communicate to the world the incredible attributes of the upper Mississippi River and will invite hundreds of thousands of visitors to the region to celebrate;

Whereas the National Park Service, along with other Federal, State, and local agencies and many other interested groups, is preparing activities to celebrate the sesquicentennial of the Grand Excursion in 2004, to educate local residents and visitors about the attributes of the river, and to commemorate the occasion by establishing future traditions that will improve community connections to the river; and
