## A BILL

To amend the Higher Education Act of 1965 to establish a scholarship program to encourage and support students who have contributed substantial public services.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Youth Service Scholar-  
5       ship Act of 2005”.

6       **SEC. 2. FINDINGS.**

7       Congress finds that—

1           (1) young people under 18 years of age are now  
2           our Nation's most impoverished age group, with 1 of  
3           every 5 living in poverty, a higher proportion than  
4           in 1968, and the percentage of minority children liv-  
5           ing in poverty is about twice as high;

6           (2) more than 1 of 4 families is headed by a  
7           single parent and the percentage of such families  
8           has risen steadily over the past few decades, rising  
9           13 percent since 1990;

10          (3) there is a need to engage youth as active  
11          participants in decisionmaking that affects their  
12          lives, including in the design, development, imple-  
13          mentation, and evaluation of youth development pro-  
14          grams at the Federal, State, and community levels;

15          (4) existing outcome driven youth development  
16          strategies, pioneered by community-based organiza-  
17          tions, hold real promise for promoting positive be-  
18          haviors and preventing youth problems;

19          (5) formal evaluations of youth development  
20          programs have documented significant reductions in  
21          drug and alcohol use, school misbehavior, aggressive  
22          behavior, violence, truancy, high-risk sexual behav-  
23          ior, and smoking;

24          (6) compared to youth in the United States  
25          generally, youth participating in community-based

1 organizations are more than 26 percent more likely  
 2 to report having received recognition for good grades  
 3 than youth in the United States generally and nearly  
 4 20 percent more likely to rate the likelihood of their  
 5 going to college as very high; and

6 (7) the availability and use of Federal resources  
 7 can be an effective incentive to leverage broader  
 8 community support to enable local programs, activi-  
 9 ties, and services to provide the full array of develop-  
 10 mental core resources, remove barriers to access,  
 11 promote program effectiveness, and facilitate coordi-  
 12 nation and collaboration within the community.

13 **SEC. 3. ESTABLISHMENT OF PROGRAM.**

14 Subpart 2 of part A of title IV of the Higher Edu-  
 15 cation Act of 1965 (20 U.S.C. 1070a–11 et seq.) is  
 16 amended—

17 (1) by redesignating section 407E as section

 10 such scholarship, performed not less than 300 hours  
 11 of qualifying public service during each of 2 aca-  
 12 demic years of the student’s secondary school enroll-  
 13 ment;

 18 tendance preceding the academic year for which the  
 19 student seeks such scholarship;

20 “(3) was eligible for a free or reduced price

 24 for the year in which the scholarships are awarded,  
 25 except that a student shall not be required to comply

 6 tion 407G.

7 “(b) DEFINITION OF QUALIFYING PUBLIC SERV-

2       duced proportionately.

4       TENDANCE.—A scholarship awarded under this chapter to  
5       any student, in combination with the Federal Pell Grant
