

109TH CONGRESS  
1ST SESSION

# S. 2025

To promote the national security and stability of the United States economy by reducing the dependence of the United States on oil through the use of alternative fuels and new technology, and for other purposes.

---

## IN THE SENATE OF THE UNITED STATES

NOVEMBER 16, 2005

Mr. BAYH (for himself, Mr. BROWNBACK, Mr. LIEBERMAN, Mr. COLEMAN, Mr. GRAHAM, Mr. SALAZAR, Mr. SESSIONS, Mr. NELSON of Florida, Mr. LUGAR, and Mr. OBAMA) introduced the following bill; which was read twice and referred to the Committee on Finance

---

## A BILL

To promote the national security and stability of the United States economy by reducing the dependence of the United States on oil through the use of alternative fuels and new technology, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

### 3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the  
5 “Vehicle and Fuel Choices for American Security Act”.

6 (b) TABLE OF CONTENTS.—The table of contents of  
7 this Act is as follows:

- Sec. 1. Short title; table of contents.  
 Sec. 2. Findings and purposes.

#### TITLE I—OIL SAVINGS PLAN AND REQUIREMENTS

- Sec. 101. Oil savings target and action plan.  
 Sec. 102. Standards and requirements.  
 Sec. 103. Initial evaluation.  
 Sec. 104. Review and update of action plan.  
 Sec. 105. Baseline and analysis requirements.

#### TITLE II—FUEL EFFICIENT VEHICLES FOR THE 21ST CENTURY

- Sec. 201. Tire efficiency program.  
 Sec. 202. Reduction of school bus idling.  
 Sec. 203. Fuel efficiency for heavy duty trucks.  
 Sec. 204. Near-term vehicle technology program.  
 Sec. 205. Lightweight materials research and development.  
 Sec. 206. Hybrid and advanced diesel vehicles.  
 Sec. 207. Advanced technology motor vehicles manufacturing credit.  
 Sec. 208. Consumer incentives to purchase advanced technology vehicles.  
 Sec. 209. Federal fleet requirements.  
 Sec. 210. Tax incentives for private fleets.  
 Sec. 211. Reducing incentives to guzzle gas.  
 Sec. 212. Increasing the efficiency of motor vehicles.

#### TITLE III—FUEL CHOICES FOR THE 21ST CENTURY

- Sec. 301. Increase in alternative fuel vehicle refueling property credit.  
 Sec. 302. Use of CAFÉ penalties to build alternative fueling infrastructure.  
 Sec. 303. Minimum quantity of renewable fuel derived from cellulosic biomass.  
 Sec. 304. Minimum quantity of renewable fuel derived from sugar.  
 Sec. 305. Bioenergy research and development.  
 Sec. 306. Production incentives for cellulosic biofuels.  
 Sec. 307. Low-interest loan and grant program for retail delivery of E-85 fuel.  
 Sec. 308. Transit-Oriented Development Corridors.

#### TITLE IV—NATIONWIDE ENERGY SECURITY MEDIA CAMPAIGN

- Sec. 401. Nationwide media campaign to decrease oil consumption.

### 1 **SEC. 2. FINDINGS AND PURPOSES.**

2 (a) FINDINGS.—Congress finds that—

3 (1) the United States is dangerously dependent  
 4 on oil;

5 (2) that dependence threatens the national se-  
 6 curity, weakens the economy, and harms the envi-  
 7 ronment of the United States;

1           (3) the United States currently imports nearly  
2           60 percent of oil needed in the United States, and  
3           that percentage is expected to grow to almost 70  
4           percent by 2025 if no actions are taken;

5           (4) approximately 2,500,000 barrels of oil per  
6           day are imported from countries in the Persian Gulf  
7           region;

8           (5) dependence on foreign oil has led to stra-  
9           tegic partnerships with some regimes that do not  
10          share the democratic values of the United States;

11          (6) terrorists have identified oil as a strategic  
12          vulnerability and have increased attacks against oil  
13          infrastructure worldwide;

14          (7) oil imports comprise nearly 30 percent of  
15          the dangerously high United States trade deficit;

16          (8) it is technically feasible to achieve oil sav-  
17          ings of more than 2,500,000 barrels per day by  
18          2017 and 7,000,000 barrels per day by 2026;

19          (9) those goals can be achieved by establishing  
20          a set of flexible policies, including—

21                (A) increasing the gasoline-efficiency of  
22                cars, trucks, tires, and oil;

23                (B) providing economic incentives for com-  
24                panies and consumers to purchase fuel-efficient  
25                vehicles;

1 (C) encouraging the use of transit and the  
2 reduction of truck idling; and

3 (D) increasing production and commer-  
4 cialization of alternative liquid fuels;

5 (10) technology available as of the date of en-  
6 actment of this Act (including popular hybrid-elec-  
7 tric vehicle models, the sales of which in the United  
8 States increased 173 percent in the first 5 months  
9 of 2005 as compared with the same period in 2004)  
10 make an oil savings plan eminently achievable;

11 (11) achieving those goals will benefit con-  
12 sumers and businesses through lower fuel bills and  
13 reduction in world oil prices;

14 (12) achieving those goals will help protect the  
15 economy of the United States from high and volatile  
16 oil prices; and

17 (13) it is urgent, essential, and feasible to im-  
18 plement an action plan to achieve oil savings as soon  
19 as practicable because any delay in initiating action  
20 will—

21 (A) make achieving necessary oil savings  
22 more difficult and expensive; and

23 (B) increase the risks to the national secu-  
24 rity, economy, and environment of the United  
25 States.

1 (b) PURPOSES.—The purposes of this Act are—

2 (1) to accelerate market penetration of electric  
3 drive and alternative motor vehicles;

4 (2) to enable the accelerated market penetra-  
5 tion of efficient technologies and alternative fuels  
6 without adverse impact on air quality while main-  
7 taining a policy of fuel neutrality, so as to allow  
8 market forces to elect the technologies and fuels that  
9 are consumer-friendly, safe, environmentally-sound,  
10 and economic;

11 (3) to provide time-limited financial incentives  
12 to encourage production and consumer purchase of  
13 oil saving technologies and fuels nationwide; and

14 (4) to promote a nationwide diversity of motor  
15 vehicle fuels and advanced motor vehicle technology,  
16 including advanced lean burn technology, hybrid  
17 technology, flexible fuel motor vehicles, alternatively  
18 fueled motor vehicles, and other oil saving tech-  
19 nologies.

## 20 **TITLE I—OIL SAVINGS PLAN AND** 21 **REQUIREMENTS**

### 22 **SEC. 101. OIL SAVINGS TARGET AND ACTION PLAN.**

23 Not later than 270 days after the date of enactment  
24 of this Act, the Director of the Office of Management and  
25 Budget (referred to in this title as the “Director”) shall

1 publish in the Federal Register an action plan consisting  
2 of—

3 (1) a list of requirements proposed or to be pro-  
4 posed pursuant to section 102 that are authorized to  
5 be issued under law in effect on the date of enact-  
6 ment of this Act, and this Act, that will be suffi-  
7 cient, when taken together, to save from the baseline  
8 determined under section 105—

9 (A) 2,500,000 barrels of oil per day on av-  
10 erage during calendar year 2016;

11 (B) 7,000,000 barrels of oil per day on av-  
12 erage during calendar year 2026; and

13 (C) 10,000,000 barrels per day on average  
14 during calendar year 2031; and

15 (2) a Federal Government-wide analysis of—

16 (A) the expected oil savings from the base-  
17 line to be accomplished by each requirement;  
18 and

19 (B) whether all such requirements, taken  
20 together, will achieve the oil savings specified in  
21 this section.

22 **SEC. 102. STANDARDS AND REQUIREMENTS.**

23 (a) IN GENERAL.—On or before the date of publica-  
24 tion of the action plan under section 101, the Secretary  
25 of Energy, the Secretary of Transportation, the Secretary

1 of Defense, the Secretary of Agriculture, the Adminis-  
2 trator of the Environmental Protection Agency, and the  
3 head of any other agency the President determines appro-  
4 priate shall each propose, or issue a notice of intent to  
5 propose, regulations establishing each standard or other  
6 requirement listed in the action plan that is under the ju-  
7 risdiction of the respective agency using authorities de-  
8 scribed in subsection (b).

9 (b) AUTHORITIES.—The head of each agency de-  
10 scribed in subsection (a) shall use to carry out this sec-  
11 tion—

12 (1) any authority in existence on the date of en-  
13 actment of this Act (including regulations); and

14 (2) any new authority provided under this Act  
15 (including an amendment made by this Act).

16 (c) FINAL REGULATIONS.—Not later than 18 months  
17 after the date of enactment of this Act, the head of each  
18 agency described in subsection (a) shall promulgate final  
19 versions of the regulations required under this section.

20 (d) AGENCY ANALYSES.—Each proposed and final  
21 regulation promulgated under this section shall—

22 (1) be designed to achieve at least the oil sav-  
23 ings resulting from the regulation under the action  
24 plan published under section 101; and

1           (2) be accompanied by an analysis by the appli-  
2           cable agency describing the manner in which the  
3           regulation will promote the achievement of the oil  
4           savings from the baseline determined under section  
5           105.

6 **SEC. 103. INITIAL EVALUATION.**

7           (a) IN GENERAL.—Not later than 2 years after the  
8           date of enactment of this Act, the Director shall publish  
9           in the Federal Register a Federal Government-wide anal-  
10          ysis of the oil savings achieved from the baseline estab-  
11          lished under section 105.

12          (b) INADEQUATE OIL SAVINGS.—If the oil savings  
13          are less than the targets established under section 101,  
14          simultaneously with the analysis required under sub-  
15          section (a)—

16                (1) the Director shall publish a revised action  
17                plan that is adequate to achieve the targets; and

18                (2) the Secretary of Energy, the Secretary of  
19                Transportation, and the Administrator shall propose  
20                new or revised regulations under subsections (a),  
21                (b), and (c), respectively, of section 102.

22          (c) FINAL REGULATIONS.—Not later than 180 days  
23          after the date on which regulations are proposed under  
24          subsection (b)(2), the Secretary of Energy, the Secretary

1 of Transportation, and the Administrator shall promul-  
2 gate final versions of those regulations.

3 **SEC. 104. REVIEW AND UPDATE OF ACTION PLAN.**

4 (a) REVIEW.—Not later than January 1, 2011, and  
5 every 3 years thereafter, the Director shall submit to Con-  
6 gress, and publish, a report that—

7 (1) evaluates the progress achieved in imple-  
8 menting the oil savings targets established under  
9 section 101;

10 (2) analyzes the expected oil savings under the  
11 standards and requirements established under this  
12 Act and the amendments made by this Act; and

13 (3)(A) analyzes the potential to achieve oil sav-  
14 ings that are in addition to the savings required by  
15 section 101; and

16 (B) if the President determines that it is in the  
17 national interest, establishes a higher oil savings tar-  
18 get for calendar year 2017 or any subsequent cal-  
19 endar year.

20 (b) INADEQUATE OIL SAVINGS.—If the oil savings  
21 are less than the targets established under section 101,  
22 simultaneously with the report required under subsection  
23 (a)—

24 (1) the Director shall publish a revised action  
25 plan that is adequate to achieve the targets; and

1           (2) the Secretary of Energy, the Secretary of  
2           Transportation, and the Administrator shall propose  
3           new or revised regulations under subsections (a),  
4           (b), and (c), respectively, of section 102.

5           (c) FINAL REGULATIONS.—Not later than 180 days  
6           after the date on which regulations are proposed under  
7           subsection (b)(2), the Secretary of Energy, the Secretary  
8           of Transportation, and the Administrator shall promul-  
9           gate final versions of those regulations.

10   **SEC. 105. BASELINE AND ANALYSIS REQUIREMENTS.**

11           In performing the analyses and promulgating pro-  
12           posed or final regulations to establish standards and other  
13           requirements necessary to achieve the oil savings required  
14           by this title, the Secretary of Energy, the Secretary of  
15           Transportation, the Secretary of Defense, the Secretary  
16           of Agriculture, the Administrator of the Environmental  
17           Protection Agency, and the head of any other agency the  
18           President determines to be appropriate shall—

19           (1) determine oil savings as the projected re-  
20           duction in oil consumption from the baseline estab-  
21           lished by the reference case contained in the report  
22           of the Energy Information Administration entitled  
23           “Annual Energy Outlook 2005”;

1           (2) determine the oil savings projections re-  
 2           quired on an annual basis for each of calendar years  
 3           2009 through 2026; and

4           (3) account for any overlap among the stand-  
 5           ards and other requirements to ensure that the pro-  
 6           jected oil savings from all the promulgated stand-  
 7           ards and requirements, taken together, are as accu-  
 8           rate as practicable.

9   **TITLE II—FUEL EFFICIENT VEHI-**  
 10   **CLES FOR THE 21ST CENTURY**

11   **SEC. 201. TIRE EFFICIENCY PROGRAM.**

12           (a) STANDARDS FOR TIRES MANUFACTURED FOR  
 13   INTERSTATE COMMERCE.—Section 30123 of title 49,  
 14   United States Code, is amended—

15           (1) in subsection (b)—

16                   (A) in the first sentence, by striking “The  
 17           Secretary” and inserting the following:

18                   “(1) UNIFORM QUALITY GRADING SYSTEM.—

19                           “(A) IN GENERAL.—The Secretary”;

20                   (B) in the second sentence, by striking  
 21           “The Secretary” and inserting the following:

22                   “(2) NOMENCLATURE AND MARKETING PRAC-  
 23           TICES.—The Secretary”;

24                   (C) in the third sentence, by striking “A  
 25           tire standard” and inserting the following:

1 “(3) EFFECT OF STANDARDS AND REGULA-  
2 TIONS.—A tire standard”; and

3 (D) in paragraph (1), as designated by  
4 subparagraph (A), by adding at the end the fol-  
5 lowing:

6 “(B) INCLUSION.—The grading system es-  
7 tablished pursuant to subparagraph (A) shall  
8 include standards for rating the fuel efficiency  
9 of tires designed for use on passenger cars and  
10 light trucks.”; and

11 (2) by adding at the end the following:

12 “(d) NATIONAL TIRE EFFICIENCY PROGRAM.—

13 “(1) DEFINITION.—In this subsection, the term  
14 ‘fuel economy’, with respect to a tire, means the ex-  
15 tent to which the tire contributes to the fuel econ-  
16 omy of the motor vehicle on which the tire is mount-  
17 ed.

18 “(2) PROGRAM.—The Secretary shall develop  
19 and carry out a national tire fuel efficiency program  
20 for tires designed for use on passenger cars and  
21 light trucks.

22 “(3) REQUIREMENTS.—Not later than March  
23 31, 2008, the Secretary shall issue regulations,  
24 which establish—

1           “(A) policies and procedures for testing  
2           and labeling tires for fuel economy to enable  
3           tire buyers to make informed purchasing deci-  
4           sions about the fuel economy of tires;

5           “(B) policies and procedures to promote  
6           the purchase of energy efficient replacement  
7           tires, including purchase incentives, website list-  
8           ings on the Internet, printed fuel economy  
9           guide booklets, and mandatory requirements for  
10          tire retailers to provide tire buyers with fuel ef-  
11          ficiency information on tires; and

12          “(C) minimum fuel economy standards for  
13          tires.

14          “(4) MINIMUM FUEL ECONOMY STANDARDS.—  
15          In promulgating minimum fuel economy standards  
16          for tires, the Secretary shall design standards that—

17               “(A) ensure, in conjunction with the re-  
18               quirements under paragraph (3)(B), that the  
19               average fuel economy of replacement tires is not  
20               less than the average fuel economy of tires sold  
21               as original equipment;

22               “(B) secure the maximum technically fea-  
23               sible and cost-effective fuel savings;

24               “(C) do not adversely affect tire safety;

25               “(D) incorporate the results from—

1 “(i) laboratory testing; and

2 “(ii) to the extent appropriate and  
3 available, on-road fleet testing programs  
4 conducted by manufacturers; and

5 “(E) do not adversely affect efforts to  
6 manage scrap tires.

7 “(5) APPLICABILITY.—The policies, procedures,  
8 and standards developed under paragraph (3) shall  
9 apply to all tire types and models regulated under  
10 the uniform tire quality grading standards in section  
11 575.104 of title 49, Code of Federal Regulations (or  
12 a successor regulation).

13 “(6) REVIEW.—

14 “(A) IN GENERAL.—Not less than once  
15 every 3 years, the Secretary shall—

16 “(i) review the minimum fuel economy  
17 standards in effect for tires under this sub-  
18 section; and

19 “(ii) subject to subparagraph (B), re-  
20 vise the standards as necessary to ensure  
21 compliance with standards described in  
22 paragraph (4).

23 “(B) LIMITATION.—The Secretary may  
24 not reduce the average fuel economy standards  
25 applicable to replacement tires.

1           “(7) NO PREEMPTION OF STATE LAW.—Noth-  
 2           ing in this section shall be construed to preempt any  
 3           provision of State law relating to higher fuel econ-  
 4           omy standards applicable to replacement tires de-  
 5           signed for use on passenger cars and light trucks.

6           “(8) EXCEPTIONS.—Nothing in this section  
 7           shall apply to—

8                   “(A) a tire or group of tires with the same  
 9                   stock keeping unit, plant, and year, for which  
 10                  the volume of tires produced or imported is less  
 11                  than 15,000 annually;

12                  “(B) a deep tread, winter-type snow tire,  
 13                  space-saver tire, or temporary use spare tire;

14                  “(C) a tire with a normal rim diameter of  
 15                  12 inches or less;

16                  “(D) a motorcycle tire; or

17                  “(E) a tire manufactured specifically for  
 18                  use in an off-road motorized recreational vehi-  
 19                  cle.”.

20           (b)       CONFORMING        AMENDMENT.—Section  
 21   30103(b)(1) of title 49, United States Code, is amended  
 22   by striking “When” and inserting “Except as provided in  
 23   section 30123(d), if”.

24           (c)   TIME FOR IMPLEMENTATION.—Beginning not  
 25   later than March 31, 2008, the Secretary of Transpor-

1 tation shall administer the national tire fuel efficiency pro-  
 2 gram established under section 30123(d) of title 49,  
 3 United States Code, in accordance with the policies, proce-  
 4 dures, and standards developed under section 30123(d)(3)  
 5 of such title.

6 (d) AUTHORIZATION OF APPROPRIATIONS.—There  
 7 are authorized to be appropriated, for each of fiscal years  
 8 2007 through 2011, such sums as may be necessary to  
 9 carry out section 30123(d) of title 49, United States Code,  
 10 as added by subsection (a).

11 **SEC. 202. REDUCTION OF SCHOOL BUS IDLING.**

12 (a) STATEMENT OF POLICY.—Congress encourages  
 13 each local educational agency (as defined in section  
 14 9101(26) of the Elementary and Secondary Education Act  
 15 of 1965 (20 U.S.C. 7801(26))) that receives Federal funds  
 16 under the Elementary and Secondary Education Act of  
 17 1965 (20 U.S.C. 6301 et seq.) to develop a policy to re-  
 18 duce the incidence of school bus idling at schools while  
 19 picking up and unloading students.

20 (b) AUTHORIZATION OF APPROPRIATIONS.—There  
 21 are authorized to be appropriated to the Administrator of  
 22 the Environmental Protection Agency, working in coordi-  
 23 nation with the Secretary of Education, \$5,000,000 for  
 24 each of fiscal years 2007 through 2012 for use in edu-  
 25 cating States and local education agencies about—

- 1 (1) benefits of reducing school bus idling; and  
 2 (2) ways in which school bus idling may be re-  
 3 duced.

4 **SEC. 203. FUEL EFFICIENCY FOR HEAVY DUTY TRUCKS.**

5 Part C of subtitle VI of title 49, United States Code,  
 6 is amended by inserting after chapter 329 the following:

7 **“CHAPTER 330—HEAVY DUTY VEHICLE**  
 8 **FUEL ECONOMY STANDARDS**

“CHAPTER 330—HEAVY DUTY VEHICLE FUEL ECONOMY STANDARDS

“Sec.

“33001. Purpose and policy.

“33002. Definition.

“33003. Testing and assessment.

“33004. Standards.

“33005. Authorization of appropriations.

9 **“§ 33001. Purpose and policy**

10 “The purpose of this chapter is to reduce petroleum  
 11 consumption by heavy duty motor vehicles.

12 **“§ 33002. Definition**

13 “In this chapter, the term ‘heavy duty motor vehi-  
 14 cle’—

15 “(1) means a vehicle having a gross vehicle  
 16 weight rating of at least 10,000 pounds that is driv-  
 17 en or drawn by mechanical power and manufactured  
 18 primarily for use on public streets, roads, and high-  
 19 ways; and

20 “(2) does not include a vehicle operated only on  
 21 a rail line.

1 **“§ 33003. Testing and assessment**

2 “(a) GENERAL REQUIREMENTS.—The Administrator  
3 of the Environmental Protection Agency (referred to in  
4 this section as the ‘Administrator’) shall develop and co-  
5 ordinate a national testing and assessment program to—

6 “(1) determine the fuel economy of heavy duty  
7 vehicles; and

8 “(2) assess the fuel efficiency attainable  
9 through available technology.

10 “(b) TESTING.—The Administrator shall—

11 “(1) design a National testing program to as-  
12 sess the fuel economy of heavy duty vehicles (based  
13 on the program for light duty vehicles); and

14 “(2) implement the program described in para-  
15 graph (1) not later than 18 months after the date  
16 of enactment of this chapter.

17 “(c) ASSESSMENT.—The Administrator shall consult  
18 with the Secretary of Transportation on the assessment  
19 of available technologies to enhance the fuel efficiency of  
20 heavy duty vehicles to ensure that vehicle use and needs  
21 are considered appropriately in the assessment.

22 “(d) REPORTING.—The Administrator shall—

23 “(1) not later than 2 years after the date of en-  
24 actment of this chapter, submit a report to Congress  
25 regarding the results of the assessment of available

1 technologies to improve the fuel efficiency of heavy  
2 duty vehicles.

3 “(2) submit a report to Congress, at least bian-  
4 nually, that addresses the fuel economy of heavy  
5 duty vehicles; and

6 **“§ 33004. Standards**

7 “(a) GENERAL REQUIREMENTS.—Not later than 18  
8 months after completing the testing and assessments  
9 under section 33003, the Secretary of Transportation  
10 shall prescribe average heavy duty vehicle fuel economy  
11 standards. Each standard shall be the maximum feasible  
12 average fuel economy level that the Secretary decides that  
13 manufacturers can achieve in that model year. The Sec-  
14 retary may prescribe separate standards for different  
15 classes of heavy duty motor vehicles. The standards for  
16 each model year shall be completed not later than 18  
17 months before the beginning of each model year.

18 “(b) CONSIDERATIONS AND CONSULTATION.—In de-  
19 termining maximum feasible average fuel economy, the  
20 Secretary shall consider—

21 “(1) relevant available heavy duty motor vehicle  
22 fuel consumption information;

23 “(2) technological feasibility;

24 “(3) economic practicability;

1           “(4) the desirability of reducing United States  
2       dependence on oil;

3           “(5) the effects of average fuel economy stand-  
4       ards on vehicle safety;

5           “(6) the effects of average fuel economy stand-  
6       ards on levels of employment and competitiveness of  
7       the heavy truck manufacturing industry ; and

8           “(7) the extent to which the standard will carry  
9       out the purpose described in section 33001.

10       “(c) COOPERATION.—The Secretary may advise, as-  
11      sist, and cooperate with departments, agencies, and in-  
12      strumentalities of the United States Government, States,  
13      and other public and private agencies in developing fuel  
14      economy standards for heavy duty motor vehicles.

15       “(d) 5-YEAR PLAN FOR TESTING STANDARDS.—The  
16      Secretary shall establish, periodically review, and contin-  
17      ually update a 5-year plan for testing heavy duty motor  
18      vehicle fuel economy standards prescribed under this chap-  
19      ter. In developing and establishing testing priorities, the  
20      Secretary shall consider factors the Secretary considers  
21      appropriate, consistent with the purpose described in sec-  
22      tion 33001 and the Secretary’s other duties and powers  
23      under this chapter.

1 **“§ 33005. Authorization of appropriations**

2 “There are authorized to be appropriated, for each  
3 of fiscal years 2007 through 2011, such sums as may be  
4 necessary to carry out this chapter.”.

5 **SEC. 204. NEAR-TERM VEHICLE TECHNOLOGY PROGRAM.**

6 (a) PURPOSES.—The purposes of this section are—

7 (1) to enable and promote, in partnership with  
8 industry, comprehensive development, demonstra-  
9 tion, and commercialization of a wide range of elec-  
10 tric drive components, systems, and vehicles using  
11 diverse electric drive transportation technologies;

12 (2) to make critical public investments to help  
13 private industry, institutions of higher education,  
14 National Laboratories, and research institutions to  
15 expand innovation, industrial growth, and jobs in the  
16 United States;

17 (3) to expand the availability of the existing  
18 electric infrastructure for fueling light duty trans-  
19 portation and other on-road and nonroad vehicles  
20 that are using petroleum and are mobile sources of  
21 emissions—

22 (A) including the more than 3,000,000 re-  
23 ported units (such as electric forklifts, golf  
24 carts, and similar nonroad vehicles) in use on  
25 the date of enactment of this Act; and

1 (B) with the goal of enhancing the energy  
 2 security of the United States, reduce depend-  
 3 ence on imported oil, and reduce emissions  
 4 through the expansion of grid supported mobil-  
 5 ity;

6 (4) to accelerate the widespread commercializa-  
 7 tion of all types of electric drive vehicle technology  
 8 into all sizes and applications of vehicles, including  
 9 commercialization of plug-in hybrid electric vehicles  
 10 and plug-in hybrid fuel cell vehicles; and

11 (5) to improve the energy efficiency of and re-  
 12 duce the petroleum use in transportation.

13 (b) DEFINITIONS.—In this section:

14 (1) BATTERY.—The term “battery” means an  
 15 energy storage device used in an on-road or nonroad  
 16 vehicle powered in whole or in part using an off-  
 17 board or on-board source of electricity.

18 (2) ELECTRIC DRIVE TRANSPORTATION TECH-  
 19 NOLOGY.—The term “electric drive transportation  
 20 technology” means—

21 (A) vehicles that use an electric motor for  
 22 all or part of their motive power and that may  
 23 or may not use off-board electricity, including  
 24 battery electric vehicles, fuel cell vehicles, en-  
 25 gine dominant hybrid electric vehicles, plug-in

1           hybrid electric vehicles, plug-in hybrid fuel cell  
2           vehicles, and electric rail; or

3           (B) equipment relating to transportation  
4           or mobile sources of air pollution that use an  
5           electric motor to replace an internal combustion  
6           engine for all or part of the work of the equip-  
7           ment, including corded electric equipment  
8           linked to transportation or mobile sources of air  
9           pollution.

10          (3) ENGINE DOMINANT HYBRID ELECTRIC VE-  
11          HICLE.—The term “engine dominant hybrid electric  
12          vehicle” means an on-road or nonroad vehicle that—

13               (A) is propelled by an internal combustion  
14               engine or heat engine using—

15                       (i) any combustible fuel;

16                       (ii) an on-board, rechargeable storage  
17                       device; and

18               (B) has no means of using an off-board  
19               source of electricity.

20          (4) FUEL CELL VEHICLE.—The term “fuel cell  
21          vehicle” means an on-road or nonroad vehicle that  
22          uses a fuel cell (as defined in section 3 of the Spark  
23          M. Matsunaga Hydrogen Research, Development,  
24          and Demonstration Act of 1990).

1           (5) NONROAD VEHICLE.—The term “nonroad  
2       vehicle” has the meaning given the term in section  
3       216 of the Clean Air Act (42 U.S.C. 7550).

4           (6) PLUG-IN HYBRID ELECTRIC VEHICLE.—The  
5       term “plug-in hybrid electric vehicle” means an on-  
6       road or nonroad vehicle that is propelled by an inter-  
7       nal combustion engine or heat engine using—

8                   (A) any combustible fuel;

9                   (B) an on-board, rechargeable storage de-  
10       vice; and

11                  (C) a means of using an off-board source  
12       of electricity.

13           (7) PLUG-IN HYBRID FUEL CELL VEHICLE.—  
14       The term “plug-in hybrid fuel cell vehicle” means a  
15       fuel cell vehicle with a battery powered by an off-  
16       board source of electricity.

17       (c) PROGRAM.—The Secretary shall conduct a pro-  
18       gram of research, development, demonstration, and com-  
19       mercial application for electric drive transportation tech-  
20       nology, including—

21                   (1) high capacity, high efficiency batteries;

22                   (2) high efficiency on-board and off-board  
23       charging components;

1           (3) high power drive train systems for pas-  
2           senger and commercial vehicles and for nonroad  
3           equipment;

4           (4) control system development and power train  
5           development and integration for plug-in hybrid elec-  
6           tric vehicles, plug-in hybrid fuel cell vehicles, and en-  
7           gine dominant hybrid electric vehicles, including—

8                 (A) development of efficient cooling sys-  
9                 tems;

10                (B) analysis and development of control  
11                systems that minimize the emissions profile  
12                when clean diesel engines are part of a plug-in  
13                hybrid drive system; and

14                (C) development of different control sys-  
15                tems that optimize for different goals, includ-  
16                ing—

17                         (i) battery life;

18                         (ii) reduction of petroleum consump-  
19                         tion; and

20                         (iii) green house gas reduction;

21           (5) nanomaterial technology applied to both  
22           battery and fuel cell systems;

23           (6) large-scale demonstrations, testing, and  
24           evaluation of plug-in hybrid electric vehicles in dif-

ferent applications with different batteries and control systems, including—

(A) military applications;

(B) mass market passenger and light-duty truck applications;

(C) private fleet applications; and

(D) medium- and heavy-duty applications;

(7) a nationwide education strategy for electric drive transportation technologies providing secondary and high school teaching materials and support for university education focused on electric drive system and component engineering;

(8) development, in consultation with the Administrator of the Environmental Protection Agency, of procedures for testing and certification of criteria pollutants, fuel economy, and petroleum use for light-, medium-, and heavy-duty vehicle applications, including consideration of—

(A) the vehicle and fuel as a system, not just an engine; and

(B) nightly off-board charging; and

(9) advancement of battery and corded electric transportation technologies in mobile source applications by—

1 (A) improvement in battery, drive train,  
2 and control system technologies; and

3 (B) working with industry and the Admin-  
4 istrator of the Environmental Protection Agen-  
5 cy to—

6 (i) understand and inventory markets;  
7 and

8 (ii) identify and implement methods of  
9 removing barriers for existing and emerg-  
10 ing applications.

11 (d) GOALS.—The goals of the electric drive transpor-  
12 tation technology program established under subsection  
13 (c) shall be to develop, in partnership with industry and  
14 institutions of higher education, projects that focus on—

15 (1) innovative electric drive technology devel-  
16 oped in the United States;

17 (2) growth of employment in the United States  
18 in electric drive design and manufacturing;

19 (3) validation of the plug-in hybrid potential  
20 through fleet demonstrations; and

21 (4) acceleration of fuel cell commercialization  
22 through comprehensive development and commer-  
23 cialization of the electric drive technology systems  
24 that are the foundational technology of the fuel cell  
25 vehicle system.

1 (e) AUTHORIZATION OF APPROPRIATIONS.—There is  
 2 authorized to be appropriated to carry out this section  
 3 \$300,000,000 for each of fiscal years 2007 through 2012.

4 **SEC. 205. LIGHTWEIGHT MATERIALS RESEARCH AND DE-**  
 5 **VELOPMENT.**

6 (a) IN GENERAL.—As soon as practicable after the  
 7 date of enactment of this Act, the Secretary of Energy  
 8 shall establish a research and development program to de-  
 9 termine ways in which—

10 (1) the weight of vehicles may be reduced to im-  
 11 prove fuel efficiency without compromising pas-  
 12 senger safety; and

13 (2) the cost of lightweight materials (such as  
 14 steel alloys and carbon fibers) required for the con-  
 15 struction of lighter-weight vehicles may be reduced.

16 (b) AUTHORIZATION OF APPROPRIATIONS.—There is  
 17 authorized to be appropriated to carry out this section  
 18 \$60,000,000 for each of fiscal years 2007 through 2012.

19 **SEC. 206. HYBRID AND ADVANCED DIESEL VEHICLES.**

20 (a) HYBRID VEHICLES.—The Energy Policy Act of  
 21 2005 is amended by striking section 711 (42 U.S.C.  
 22 16061) and inserting the following:

23 **“SEC. 711. HYBRID VEHICLES.**

24 **“(a) DEFINITIONS.—In this section:**

1           “(1) COST.—The term ‘cost’ has the meaning  
2           given the term ‘cost of a loan guarantee’ within the  
3           meaning of section 502(5)(C) of the Federal Credit  
4           Reform Act of 1990 (2 U.S.C. 661a(5)(C)).

5           “(2) ELIGIBLE PROJECT.—The term ‘eligible  
6           project’ means a project to—

7                   “(A) improve hybrid technologies under  
8                   subsection (b); or

9                   “(B) encourage domestic production of ef-  
10                  ficient hybrid and advanced diesel vehicles  
11                  under section 712(a).

12           “(3) GUARANTEE.—

13                   “(A) IN GENERAL.—The term ‘guarantee’  
14                  has the meaning given the term ‘loan guar-  
15                  antee’ in section 502 of the Federal Credit Re-  
16                  form Act of 1990 (2 U.S.C. 661a).

17                   “(B) INCLUSION.—The term ‘guarantee’  
18                  includes a loan guarantee commitment (as de-  
19                  fined in section 502 of the Federal Credit Re-  
20                  form Act of 1990 (2 U.S.C. 661a)).

21           “(4) HYBRID TECHNOLOGY.—The term ‘hybrid  
22           technology’ means a battery or other rechargeable  
23           energy storage system, power electronic, hybrid sys-  
24           tems integration, and any other technology for use  
25           in hybrid vehicles.

1           “(5) OBLIGATION.—The term ‘obligation’  
 2           means the loan or other debt obligation that is guar-  
 3           anteed under this section.

4           “(b) AUTHORIZATION.—The Secretary shall accel-  
 5           erate efforts directed toward the improvement of hybrid  
 6           technologies, including through the provision of loan guar-  
 7           antees under subsection (c).

8           “(c) LOAN GUARANTEES.—

9           “(1) IN GENERAL.—The Secretary shall make  
 10          guarantees under this section for eligible projects on  
 11          such terms and conditions as the Secretary, in con-  
 12          sultation with the Secretary of the Treasury, deter-  
 13          mines to be appropriate.

14          “(2) SPECIFIC APPROPRIATION OR CONTRIBU-  
 15          TION.—No guarantee shall be made unless—

16               “(A) an appropriation for the cost has  
 17               been made; or

18               “(B) the Secretary has received from the  
 19               borrower a payment in full for the cost of the  
 20               obligation and deposited the payment into the  
 21               Treasury.

22          “(3) AMOUNT.—Unless otherwise provided by  
 23          law, a guarantee by the Secretary shall not exceed  
 24          an amount equal to 80 percent of the project cost  
 25          of the hybrid technology that is the subject of the

1       guarantee, as estimated at the time at which the  
2       guarantee is issued.

3               “(4) REPAYMENT.—

4                       “(A) IN GENERAL.—No guarantee shall be  
5                       made unless the Secretary determines that  
6                       there is a reasonable prospect of repayment of  
7                       the principal and interest on the obligation by  
8                       the borrower.

9                       “(B) AMOUNT.—No guarantee shall be  
10                      made unless the Secretary determines that the  
11                      amount of the obligation (when combined with  
12                      amounts available to the borrower from other  
13                      sources) will be sufficient to carry out the  
14                      project.

15                     “(C) SUBORDINATION.—The obligation  
16                     shall be subject to the condition that the obliga-  
17                     tion is not subordinate to other financing.

18                     “(5) INTEREST RATE.—An obligation shall bear  
19                     interest at a rate that does not exceed a level that  
20                     the Secretary determines appropriate, taking into  
21                     account the prevailing rate of interest in the private  
22                     sector for similar loans and risks.

23                     “(6) TERM.—The term of an obligation shall  
24                     require full repayment over a period not to exceed  
25                     the lesser of—

1                   “(A) 30 years; or

2                   “(B) 90 percent of the projected useful life  
3 of the physical asset to be financed by the obli-  
4 gation (as determined by the Secretary).

5                   “(7) DEFAULTS.—

6                   “(A) PAYMENT BY SECRETARY.—

7                   “(i) IN GENERAL.—If a borrower de-  
8 faults on the obligation (as defined in reg-  
9 ulations promulgated by the Secretary and  
10 specified in the guarantee contract), the  
11 holder of the guarantee shall have the  
12 right to demand payment of the unpaid  
13 amount from the Secretary.

14                   “(ii) PAYMENT REQUIRED.—Within  
15 such period as may be specified in the  
16 guarantee or related agreements, the Sec-  
17 retary shall pay to the holder of the guar-  
18 antee the unpaid interest on, and unpaid  
19 principal of the obligation as to which the  
20 borrower has defaulted, unless the Sec-  
21 retary finds that—

22                   “(I) there was no default by the  
23 borrower in the payment of interest or  
24 principal; or

1 “(II) the default has been rem-  
2 edied.

3 “(iii) FORBEARANCE.—Nothing in  
4 this subsection precludes any forbearance  
5 by the holder of the obligation for the ben-  
6 efit of the borrower that may be agreed  
7 upon by the parties to the obligation and  
8 approved by the Secretary.

9 “(B) SUBROGATION.—

10 “(i) IN GENERAL.—If the Secretary  
11 makes a payment under subparagraph (A),  
12 the Secretary shall be subrogated to the  
13 rights of the recipient of the payment as  
14 specified in the guarantee or related agree-  
15 ments including, where appropriate, the  
16 authority (notwithstanding any other pro-  
17 vision of law) to—

18 “(I) complete, maintain, operate,  
19 lease, or otherwise dispose of any  
20 property acquired pursuant to the  
21 guarantee or related agreements; or

22 “(II) permit the borrower, pursu-  
23 ant to an agreement with the Sec-  
24 retary, to continue to pursue the pur-  
25 poses of the eligible project, as the

1 Secretary determines to be in the pub-  
2 lic interest.

3 “(ii) SUPERIORITY OF RIGHTS.—The  
4 rights of the Secretary, with respect to any  
5 property acquired pursuant to a guarantee  
6 or related agreement, shall be superior to  
7 the rights of any other person with respect  
8 to the property.

9 “(iii) TERMS AND CONDITIONS.—A  
10 guarantee agreement shall include such de-  
11 tailed terms and conditions as the Sec-  
12 retary determines appropriate to—

13 “(I) protect the interests of the  
14 United States in the case of default;  
15 and

16 “(II) have available all the pat-  
17 ents and technology necessary for any  
18 person selected, including the Sec-  
19 retary, to complete and operate the el-  
20 igible project.

21 “(C) PAYMENT OF PRINCIPAL AND INTER-  
22 EST BY SECRETARY.—With respect to any obli-  
23 gation guaranteed under this section, the Sec-  
24 retary may enter into a contract to pay, and  
25 pay, holders of the obligation, for and on behalf

1 of the borrower, from funds appropriated for  
2 that purpose, the principal and interest pay-  
3 ments that become due and payable on the un-  
4 paid balance of the obligation if the Secretary  
5 finds that—

6 “(i)(I) the borrower is unable to meet  
7 the payments and is not in default;

8 “(II) it is in the public interest to per-  
9 mit the borrower to continue to pursue the  
10 purposes of the eligible project; and

11 “(III) the probable net benefit to the  
12 Federal Government in paying the prin-  
13 cipal and interest will be greater than the  
14 benefit that would result in the event of a  
15 default;

16 “(ii) the amount of the payment that  
17 the Secretary is authorized to pay will be  
18 no greater than the amount of principal  
19 and interest that the borrower is obligated  
20 to pay under the agreement being guaran-  
21 teed; and

22 “(iii) the borrower agrees to reim-  
23 burse the Secretary for the payment (in-  
24 cluding interest) on terms and conditions  
25 that are satisfactory to the Secretary.

1 “(D) ACTION BY ATTORNEY GENERAL.—

2 “(i) NOTIFICATION.—If the borrower  
3 defaults on an obligation, the Secretary  
4 shall notify the Attorney General of the de-  
5 fault.

6 “(ii) RECOVERY.—On receipt of noti-  
7 fication, the Attorney General shall take  
8 such action as the Attorney General deter-  
9 mines to be appropriate to recover the un-  
10 paid principal and interest due from—

11 “(I) such assets of the defaulting  
12 borrower as are associated with the  
13 obligation; or

14 “(II) any other security pledged  
15 to secure the obligation.

16 “(8) FEES.—

17 “(A) IN GENERAL.—The Secretary shall  
18 charge and collect fees for guarantees in  
19 amounts the Secretary determines are sufficient  
20 to cover applicable administrative expenses.

21 “(B) AVAILABILITY.—Fees collected under  
22 this paragraph shall—

23 “(i) be deposited by the Secretary into  
24 the Treasury; and

1 “(ii) remain available until expended,  
 2 subject to such other conditions as are con-  
 3 tained in annual appropriations Acts.

4 “(9) RECORDS; AUDITS.—

5 “(A) IN GENERAL.—A recipient of a guar-  
 6 antee shall keep such records and other perti-  
 7 nent documents as the Secretary shall prescribe  
 8 by regulation, including such records as the  
 9 Secretary may require to facilitate an effective  
 10 audit.

11 “(B) ACCESS.—The Secretary and the  
 12 Comptroller General of the United States, or  
 13 their duly authorized representatives, shall have  
 14 access, for the purpose of audit, to the records  
 15 and other pertinent documents.

16 “(10) FULL FAITH AND CREDIT.—The full  
 17 faith and credit of the United States is pledged to  
 18 the payment of all guarantees issued under this sec-  
 19 tion with respect to principal and interest.

20 “(d) AUTHORIZATION OF APPROPRIATIONS.—There  
 21 are authorized to be appropriated such sums as are nec-  
 22 essary to provide the cost of guarantees under this sec-  
 23 tion.”.

24 (b) EFFICIENT HYBRID AND ADVANCED DIESEL VE-  
 25 HICLES.—Section 712(a) of the Energy Policy Act of 2005

1 (42 U.S.C. 16062(a)) is amended in the second sentence  
 2 by striking “grants to automobile manufacturers” and in-  
 3 serting “grants and the provision of loan guarantees under  
 4 section 711(c) to automobile manufacturers and sup-  
 5 pliers”.

6 **SEC. 207. ADVANCED TECHNOLOGY MOTOR VEHICLES MAN-**  
 7 **UFACTURING CREDIT.**

8 (a) IN GENERAL.—Subpart B of part IV of sub-  
 9 chapter A of chapter 1 of the Internal Revenue Code of  
 10 1986 (relating to foreign tax credit, etc.) is amended by  
 11 adding at the end the following new section:

12 **“SEC. 30D. ADVANCED TECHNOLOGY MOTOR VEHICLES**  
 13 **MANUFACTURING CREDIT.**

14 “(a) CREDIT ALLOWED.—There shall be allowed as  
 15 a credit against the tax imposed by this chapter for the  
 16 taxable year an amount equal to 35 percent of so much  
 17 of the qualified investment of an eligible taxpayer for such  
 18 taxable year as does not exceed \$75,000,000.

19 “(b) QUALIFIED INVESTMENT.—For purposes of this  
 20 section—

21 “(1) IN GENERAL.—The qualified investment  
 22 for any taxable year is equal to the incremental costs  
 23 incurred during such taxable year—

24 “(A) to re-equip, expand, or establish any  
 25 manufacturing facility of the eligible taxpayer

1 to produce advanced technology motor vehicles  
2 or to produce eligible components,

3 “(B) for engineering integration of such  
4 vehicles and components as described in sub-  
5 section (d), and

6 “(C) for research and development related  
7 to advanced technology motor vehicles and eligi-  
8 ble components.

9 “(2) ATTRIBUTION RULES.—In the event a fa-  
10 cility of the eligible taxpayer produces both advanced  
11 technology motor vehicles and conventional motor  
12 vehicles, or eligible and non-eligible components, only  
13 the qualified investment attributable to production  
14 of advanced technology motor vehicles and eligible  
15 components shall be taken into account.

16 “(c) ADVANCED TECHNOLOGY MOTOR VEHICLES  
17 AND ELIGIBLE COMPONENTS.—For purposes of this sec-  
18 tion—

19 “(1) ADVANCED TECHNOLOGY MOTOR VEHI-  
20 CLE.—The term ‘advanced technology motor vehicle’  
21 means—

22 “(A) any new advanced lean burn tech-  
23 nology motor vehicle (as defined in section  
24 30B(c)(3)), or

1           “(B) any new qualified hybrid motor vehi-  
 2           cle (as defined in section 30B(d)(2)(A) and de-  
 3           termined without regard to any gross vehicle  
 4           weight rating).

5           “(2) ELIGIBLE COMPONENTS.—The term ‘eligi-  
 6           ble component’ means any component inherent to  
 7           any advanced technology motor vehicle, including—

8           “(A) with respect to any gasoline or diesel-  
 9           electric new qualified hybrid motor vehicle—

10                   “(i) electric motor or generator,

11                   “(ii) power split device,

12                   “(iii) power control unit,

13                   “(iv) power controls,

14                   “(v) integrated starter generator, or

15                   “(vi) battery,

16           “(B) with respect to any hydraulic new  
 17           qualified hybrid motor vehicle—

18                   “(i) hydraulic accumulator vessel,

19                   “(ii) hydraulic pump, or

20                   “(iii) hydraulic pump-motor assembly,

21           “(C) with respect to any new advanced  
 22           lean burn technology motor vehicle—

23                   “(i) diesel engine,

24                   “(ii) turbocharger,

25                   “(iii) fuel injection system, or

1 “(iv) after-treatment system, such as  
2 a particle filter or NOx absorber, and

3 “(D) with respect to any advanced tech-  
4 nology motor vehicle, any other component sub-  
5 mitted for approval by the Secretary.

6 “(d) ENGINEERING INTEGRATION COSTS.—For pur-  
7 poses of subsection (b)(1)(B), costs for engineering inte-  
8 gration are costs incurred prior to the market introduction  
9 of advanced technology vehicles for engineering tasks re-  
10 lated to—

11 “(1) establishing functional, structural, and  
12 performance requirements for component and sub-  
13 systems to meet overall vehicle objectives for a spe-  
14 cific application,

15 “(2) designing interfaces for components and  
16 subsystems with mating systems within a specific ve-  
17 hicle application,

18 “(3) designing cost effective, efficient, and reli-  
19 able manufacturing processes to produce components  
20 and subsystems for a specific vehicle application,  
21 and

22 “(4) validating functionality and performance of  
23 components and subsystems for a specific vehicle ap-  
24 plication.

1       “(e) ELIGIBLE TAXPAYER.—For purposes of this sec-  
 2 tion, the term ‘eligible taxpayer’ means any taxpayer if  
 3 more than 50 percent of its gross receipts for the taxable  
 4 year is derived from the manufacture of motor vehicles  
 5 or any component parts of such vehicles.

6       “(f) LIMITATION BASED ON AMOUNT OF TAX.—The  
 7 credit allowed under subsection (a) for the taxable year  
 8 shall not exceed the excess of—

9               “(1) the sum of—

10                       “(A) the regular tax liability (as defined in  
 11 section 26(b)) for such taxable year, plus

12                       “(B) the tax imposed by section 55 for  
 13 such taxable year and any prior taxable year  
 14 beginning after 1986 and not taken into ac-  
 15 count under section 53 for any prior taxable  
 16 year, over

17               “(2) the sum of the credits allowable under sub-  
 18 part A and sections 27, 30, and 30B for the taxable  
 19 year.

20       “(g) REDUCTION IN BASIS.—For purposes of this  
 21 subtitle, if a credit is allowed under this section for any  
 22 expenditure with respect to any property, the increase in  
 23 the basis of such property which would (but for this para-  
 24 graph) result from such expenditure shall be reduced by  
 25 the amount of the credit so allowed.

1 “(h) NO DOUBLE BENEFIT.—

2 “(1) COORDINATION WITH OTHER DEDUCTIONS  
3 AND CREDITS.—Except as provided in paragraph  
4 (2), the amount of any deduction or other credit al-  
5 lowable under this chapter for any cost taken into  
6 account in determining the amount of the credit  
7 under subsection (a) shall be reduced by the amount  
8 of such credit attributable to such cost.

9 “(2) RESEARCH AND DEVELOPMENT COSTS.—

10 “(A) IN GENERAL.—Except as provided in  
11 subparagraph (B), any amount described in  
12 subsection (b)(1)(C) taken into account in de-  
13 termining the amount of the credit under sub-  
14 section (a) for any taxable year shall not be  
15 taken into account for purposes of determining  
16 the credit under section 41 for such taxable  
17 year.

18 “(B) COSTS TAKEN INTO ACCOUNT IN DE-  
19 TERMINING BASE PERIOD RESEARCH EX-  
20 PENSES.—Any amounts described in subsection  
21 (b)(1)(C) taken into account in determining the  
22 amount of the credit under subsection (a) for  
23 any taxable year which are qualified research  
24 expenses (within the meaning of section 41(b))  
25 shall be taken into account in determining base

1           period research expenses for purposes of apply-  
2           ing section 41 to subsequent taxable years.

3           “(i) BUSINESS CARRYOVERS ALLOWED.—If the cred-  
4           it allowable under subsection (a) for a taxable year exceeds  
5           the limitation under subsection (f) for such taxable year,  
6           such excess (to the extent of the credit allowable with re-  
7           spect to property subject to the allowance for depreciation)  
8           shall be allowed as a credit carryback and carryforward  
9           under rules similar to the rules of section 39.

10          “(j) SPECIAL RULES.—For purposes of this section,  
11          rules similar to the rules of paragraphs (4) and (5) of sec-  
12          tion 179A(e) and paragraphs (1) and (2) of section 41(f)  
13          shall apply

14          “(k) ELECTION NOT TO TAKE CREDIT.—No credit  
15          shall be allowed under subsection (a) for any property if  
16          the taxpayer elects not to have this section apply to such  
17          property.

18          “(l) REGULATIONS.—The Secretary shall prescribe  
19          such regulations as necessary to carry out the provisions  
20          of this section.

21          “(m) TERMINATION.—This section shall not apply to  
22          any qualified investment after December 31, 2015.”.

23          (b) CONFORMING AMENDMENTS.—

24                 (1) Section 1016(a) of the Internal Revenue  
25                 Code of 1986 is amended by striking “and” at the

1 end of paragraph (35), by striking the period at the  
 2 end of paragraph (36) and inserting “, and”, and by  
 3 adding at the end the following new paragraph:

4 “(37) to the extent provided in section  
 5 30D(g).”.

6 (2) Section 6501(m) of such Code is amended  
 7 by inserting “30D(k),” after “30C(e)(5),”.

8 (3) The table of sections for subpart B of part  
 9 IV of subchapter A of chapter 1 of such Code is  
 10 amended by inserting after the item relating to sec-  
 11 tion 30C the following new item:

“Sec. 30D. Advanced technology motor vehicles manufacturing credit.”.

12 (c) EFFECTIVE DATE.—The amendments made by  
 13 this section shall apply to amounts incurred in taxable  
 14 years beginning after December 31, 2005.

15 **SEC. 208. CONSUMER INCENTIVES TO PURCHASE AD-**  
 16 **VANCED TECHNOLOGY VEHICLES.**

17 (a) ELIMINATION ON NUMBER OF NEW QUALIFIED  
 18 HYBRID AND ADVANCED LEAN BURN TECHNOLOGY VE-  
 19 HICLES ELIGIBLE FOR ALTERNATIVE MOTOR VEHICLE  
 20 CREDIT.—

21 (1) IN GENERAL.—Section 30D of the Internal  
 22 Revenue Code of 1986 is amended by striking sub-  
 23 section (f) and by redesignating subsections (g)  
 24 through (j) as subsections (f) through (i), respec-  
 25 tively.

1 (2) CONFORMING AMENDMENTS.—

2 (A) Paragraphs (4) and (6) of section  
3 30B(h) of the Internal Revenue Code of 1986  
4 are each amended amended by striking “(deter-  
5 mined without regard to subsection (g))” and  
6 inserting “determined without regard to sub-  
7 section (f))”.

8 (B) Section 38(b)(25) of such Code is  
9 amended by striking “section 30B(g)(1)” and  
10 inserting “section 30B(f)(1)”.

11 (C) Section 55(c)(2) of such Code is  
12 amended by striking “section 30B(g)(2)” and  
13 inserting “section 30B(f)(2)”.

14 (D) Section 1016(a)(36) of such Code is  
15 amended by striking “section 30B(h)(4)” and  
16 inserting “section 30B(g)(4)”.

17 (E) Section 6501(m) of such Code is  
18 amended by striking “section 30B(h)(9)” and  
19 inserting “section 30B(g)(9)”.

20 (b) EXTENSION OF ALTERNATIVE VEHICLE CREDIT  
21 FOR NEW QUALIFIED HYBRID MOTOR VEHICLES.—Para-  
22 graph (3) of section 30B(i) of the Internal Revenue Code  
23 of 1986 (as redesignated by subsection (a)) is amended  
24 by striking “December 31, 2009” and inserting “Decem-  
25 ber 31, 2010”.

1       (c) EFFECTIVE DATE.—The amendments made by  
2 this section shall apply to property placed in service after  
3 December 31, 2005, in taxable years ending after such  
4 date.

5 **SEC. 209. FEDERAL FLEET REQUIREMENTS.**

6       (a) REGULATIONS.—

7           (1) IN GENERAL.—The Secretary of Energy  
8 shall issue regulations for Federal fleets subject to  
9 the Energy Policy Act of 1992 (42 U.S.C. 13201 et  
10 seq.) requiring that not later than fiscal year 2016  
11 each Federal agency achieve at least a 30 percent  
12 reduction in petroleum consumption, as calculated  
13 from the baseline established by the Secretary for  
14 fiscal year 1999.

15          (2) REQUIREMENT.—Not later than fiscal year  
16 2016, of the Federal vehicles required to be alter-  
17 native fueled vehicles under title V of the Energy  
18 Policy Act of 1992 (42 U.S.C. 13251 et seq.), at  
19 least 30 percent shall be hybrid motor vehicles (in-  
20 cluding plug-in hybrid motor vehicles) or new ad-  
21 vanced lean burn technology motor vehicles (as de-  
22 fined in section 30B(c)(3) of the Internal Revenue  
23 Code of 1986).

1 (b) INCLUSION OF ELECTRIC DRIVE IN ENERGY  
2 POLICY ACT OF 1992.—Section 508(a) of the Energy Pol-  
3 icy Act of 1992 (42 U.S.C. 13258(a)) is amended—

4 (1) by inserting “(1)” before “The Secretary”;

5 and

6 (2) by adding at the end the following:

7 “(2) Not later than January 31, 2007, the Secretary  
8 shall—

9 “(A) allocate credit in an amount to be deter-  
10 mined by the Secretary for—

11 “(i) acquisition of—

12 “(I) a light-duty hybrid electric vehi-  
13 cle;

14 “(II) a plug-in hybrid electric vehicle;

15 “(III) a fuel cell electric vehicle;

16 “(IV) a medium- or heavy-duty hybrid  
17 electric vehicle;

18 “(V) a neighborhood electric vehicle;

19 or

20 “(VI) a medium- or heavy-duty dedi-  
21 cated vehicle; and

22 “(ii) investment in qualified alternative  
23 fuel infrastructure or nonroad equipment, as  
24 determined by the Secretary; and

1           “(B) allocate more than 1, but not to exceed 5,  
 2           credits for investment in an emerging technology re-  
 3           lating to any vehicle described in subparagraph (A)  
 4           to encourage—

5                   “(i) a reduction in petroleum demand;

6                   “(ii) technological advancement; and

7                   “(iii) environmental safety.”.

8           (c) **AUTHORIZATION OF APPROPRIATIONS.**—There is  
 9           authorized to be appropriated to carry out this section (in-  
 10          cluding the amendments made by subsection (b))  
 11          \$10,000,000 for the period of fiscal years 2007 through  
 12          2012.

13   **SEC. 210. TAX INCENTIVES FOR PRIVATE FLEETS.**

14          (a) **IN GENERAL.**—Subpart E of part IV of sub-  
 15          chapter A of chapter 1 of the Internal Revenue Code of  
 16          1986 is amended by inserting after section 48B the fol-  
 17          lowing new section:

18   **“SEC. 48C. FUEL-EFFICIENT FLEET CREDIT.**

19          “(a) **GENERAL RULE.**—For purposes of section 46,  
 20          the fuel-efficient fleet credit for any taxable year is 15 per-  
 21          cent of the qualified fuel-efficient vehicle investment  
 22          amount of an eligible taxpayer for such taxable year.

23          “(b) **VEHICLE PURCHASE REQUIREMENT.**—In the  
 24          case of any eligible taxpayer which places less than 10  
 25          qualified fuel-efficient vehicles in service during the tax-

1 able year, the qualified fuel-efficient vehicle investment  
2 amount shall be zero.

3 “(c) QUALIFIED FUEL-EFFICIENT VEHICLE INVEST-  
4 MENT AMOUNT.—For purposes of this section—

5 “(1) IN GENERAL.—The term ‘qualified fuel-ef-  
6 ficient vehicle investment amount’ means the basis  
7 of any qualified fuel-efficient vehicle placed in serv-  
8 ice by an eligible taxpayer during the taxable year.

9 “(2) QUALIFIED FUEL-EFFICIENT VEHICLE.—  
10 The term ‘qualified fuel-efficient vehicle’ means an  
11 automobile which has a fuel economy which is at  
12 least 125 percent greater than the average fuel econ-  
13 omy standard for an automobile of the same class  
14 and model year.

15 “(3) OTHER TERMS.—The terms ‘automobile’,  
16 ‘average fuel economy standard’, ‘fuel economy’, and  
17 ‘model year’ have the meanings given to such terms  
18 under section 32901 of title 49, United States Code.

19 “(d) ELIGIBLE TAXPAYER.—The term ‘eligible tax-  
20 payer’ means, with respect to any taxable year, a taxpayer  
21 who owns a fleet of 100 or more vehicles which are used  
22 in the trade or business of the taxpayer on the first day  
23 of such taxable year.

24 “(e) TERMINATION.—This section shall not apply to  
25 any vehicle placed in service after December 31, 2010.”.

1 (b) CREDIT TREATED AS PART OF INVESTMENT  
 2 CREDIT.—Section 46 of the Internal Revenue Code of  
 3 1986 is amended by striking “and” at the end of para-  
 4 graph (3), by striking the period at the end of paragraph  
 5 (4) and inserting “, and”, and by adding at the end the  
 6 following new paragraph:

7 “(5) the fuel-efficient fleet credit.”.

8 (c) CONFORMING AMENDMENTS.—

9 (1) Section 49(a)(1)(C) of the Internal Revenue  
 10 Code of 1986 is amended by striking “and” at the  
 11 end of clause (iii), by striking the period at the end  
 12 of clause (iv) and inserting “, and”, and by adding  
 13 at the end the following new clause:

14 “(v) the basis of any qualified fuel-ef-  
 15 ficient vehicle which is taken into account  
 16 under section 48C.”.

17 (2) The table of sections for subpart E of part  
 18 IV of subchapter A of chapter 1 of such Code is  
 19 amended by inserting after the item relating to sec-  
 20 tion 48 the following new item:

“Sec. 48C. Fuel-efficient fleet credit.”.

21 (d) EFFECTIVE DATE.—The amendments made by  
 22 this section shall apply to periods after December 31,  
 23 2005, in taxable years ending after such date, under rules  
 24 similar to the rules of section 48(m) of the Internal Rev-  
 25 enue Code of 1986 (as in effect on the day before the date

1 of the enactment of the Revenue Reconciliation Act of  
2 1990).

3 **SEC. 211. REDUCING INCENTIVES TO GUZZLE GAS.**

4 (a) INCLUSION OF HEAVY VEHICLES IN LIMITATION  
5 ON DEPRECIATION OF CERTAIN LUXURY AUTO-  
6 MOBILES.—

7 (1) IN GENERAL.—Section 280F(d)(5)(A) of  
8 the Internal Revenue Code of 1986 (defining pas-  
9 senger automobile) is amended—

10 (A) by striking clause (ii) and inserting the  
11 following new clause:

12 “(ii)(I) which is rated at 6,000  
13 pounds unloaded gross vehicle weight or  
14 less, or

15 “(II) which is rated at more than  
16 6,000 pounds but not more than 14,000  
17 pounds gross vehicle weight.”,

18 (B) by striking “clause (ii)” in the second  
19 sentence and inserting “clause (ii)(I)”.

20 (2) EXCEPTION FOR VEHICLES USED IN FARM-  
21 ING BUSINESS.—Section 280F(d)(5)(B) of such  
22 Code (relating to exception for certain vehicles) is  
23 amended by striking “and” at the end of clause (ii),  
24 by redesignating clause (iii) as clause (iv), and by in-  
25 serting after clause (ii) the following new clause:

1 “(iii) any vehicle used in a farming  
 2 business (as defined in section 263A(e)(4),  
 3 and”.

4 (3) EFFECTIVE DATE.—The amendments made  
 5 by this subsection shall apply to property placed in  
 6 service after the date of the enactment of this Act.

7 (b) UPDATED DEPRECIATION DEDUCTION LIMITS.—

8 (1) IN GENERAL.—Subparagraph (A) of section  
 9 280F(a)(1) of the Internal Revenue Code of 1986  
 10 (relating to limitation on amount of depreciation for  
 11 luxury automobiles) is amended to read as follows:

12 “(I) LIMITATION.—The amount of the de-  
 13 preciation deduction for any taxable year shall  
 14 not exceed for any passenger automobile—

15 “(i) for the 1st taxable year in the re-  
 16 covery period—

17 “(I) described in subsection  
 18 (d)(5)(A)(ii)(I), \$4,000,

19 “(II) described in the second sen-  
 20 tence of subsection (d)(5)(A), \$5,000,  
 21 and

22 “(III) described in subsection  
 23 (d)(5)(A)(ii)(II), \$6,000,

24 “(ii) for the 2nd taxable year in the  
 25 recovery period—

1 “(I) described in subsection  
2 (d)(5)(A)(ii)(I), \$6,400,

3 “(II) described in the second sen-  
4 tence of subsection (d)(5)(A), \$8,000,  
5 and

6 “(III) described in subsection  
7 (d)(5)(A)(ii)(II), \$9,600,

8 “(iii) for the 3rd taxable year in the  
9 recovery period—

10 “(I) described in subsection  
11 (d)(5)(A)(ii)(I), \$3,850,

12 “(II) described in the second sen-  
13 tence of subsection (d)(5)(A), \$4,800,  
14 and

15 “(III) described in subsection  
16 (d)(5)(A)(ii)(II), \$5,775, and

17 “(iv) for each succeeding taxable year  
18 in the recovery period—

19 “(I) described in subsection  
20 (d)(5)(A)(ii)(I), \$2,325,

21 “(II) described in the second sen-  
22 tence of subsection (d)(5)(A), \$2,900,  
23 and

24 “(III) described in subsection  
25 (d)(5)(A)(ii)(II), \$3,475.”.

1           (2) YEARS AFTER RECOVERY PERIOD.—Section  
 2       280F(a)(1)(B)(ii) of such Code is amended to read  
 3       as follows:

4                   “(ii) LIMITATION.—The amount treat-  
 5                   ed as an expense under clause (i) for any  
 6                   taxable year shall not exceed for any pas-  
 7                   senger automobile—

8                           “(I) described in subsection  
 9                           (d)(5)(A)(ii)(I), \$2,325,

10                           “(II) described in the second sen-  
 11                           tence of subsection (d)(5)(A), \$2,900,  
 12                           and

13                           “(III) described in subsection  
 14                           (d)(5)(A)(ii)(II), \$3,475.”.

15           (3) INFLATION ADJUSTMENT.—Section  
 16       280F(d)(7) of such Code (relating to automobile  
 17       price inflation adjustment) is amended—

18                   (A) by striking “after 1988” in subpara-  
 19                   graph (A) and inserting “after 2006”, and

20                   (B) by striking subparagraph (B) and in-  
 21                   serting the following new subparagraph:

22                           “(B) AUTOMOBILE PRICE INFLATION AD-  
 23                           JUSTMENT.—For purposes of this paragraph—

1 “(i) IN GENERAL.—The automobile  
 2 price inflation adjustment for any calendar  
 3 year is the percentage (if any) by which—

4 “(I) the average wage index for  
 5 the preceding calendar year, exceeds

6 “(II) the average wage index for  
 7 2005.

8 “(ii) AVERAGE WAGE INDEX.—The  
 9 term ‘average wage index’ means the aver-  
 10 age wage index published by the Social Se-  
 11 curity Administration.”.

12 (4) EFFECTIVE DATE.—The amendments made  
 13 by this subsection shall apply to property placed in  
 14 service after the date of the enactment of this Act.

15 (c) EXPENSING LIMITATION FOR FARM VEHICLES.—

16 (1) IN GENERAL.—Paragraph (6) of section  
 17 179(b) of the Internal Revenue Code of 1986 (relat-  
 18 ing to limitations) is amended to read as follows:

19 “(6) LIMITATION ON COST TAKEN INTO AC-  
 20 COUNT FOR FARM VEHICLES.—The cost of any vehi-  
 21 cle described in section 280F(d)(5)(B)(iii) for any  
 22 taxable year which may be taken into account under  
 23 this section shall not exceed \$30,000.”.

1           (2) EFFECTIVE DATE.—The amendment made  
2           by this subsection shall apply to property placed in  
3           service after the date of the enactment of this Act.

4   **SEC. 212. INCREASING THE EFFICIENCY OF MOTOR VEHI-**  
5                           **CLES.**

6           (a) DEFINITIONS.—In this section:

7           (1) ALTERNATIVE FUEL.—The term “alter-  
8           native fuel” has the meaning given the term in sec-  
9           tion 32901(a) of title 49, United States Code.

10          (2) E85.—The term “E85” means a fuel blend  
11          containing 85 percent ethanol and 15 percent gaso-  
12          line or diesel by volume.

13          (3) FLEXIBLE FUEL MOTOR VEHICLE.—The  
14          term “flexible fuel motor vehicle” means a light duty  
15          motor vehicle warrantied by the manufacturer of the  
16          vehicle to operate on any combination of gasoline,  
17          E85, and M85.

18          (4) HYBRID MOTOR VEHICLE.—The term “hy-  
19          brid motor vehicle” means a new qualified hybrid  
20          motor vehicle (as defined in section 30B(d)(3) of the  
21          Internal Revenue Code of 1986) that achieves at  
22          least 125 percent of the model year 2002 city fuel  
23          economy.

24          (5) LIGHT-DUTY MOTOR VEHICLE.—The term  
25          “light-duty motor vehicle” means, as defined in reg-

1       ulations promulgated by the Administrator of the  
2       Environmental Protection Agency in effect on the  
3       date of enactment of this Act—

4               (A) a light-duty truck; or

5               (B) a light-duty vehicle.

6               (6) M85.—The term “M85” means a fuel blend  
7       containing 85 percent methanol and 15 percent gas-  
8       oline or diesel by volume.

9               (7) PLUG-IN HYBRID MOTOR VEHICLE.—The  
10       term “plug-in hybrid electric vehicle” means a hy-  
11       brid motor vehicle that—

12              (A) has an onboard, rechargeable storage  
13       device capable of propelling the vehicle solely by  
14       electricity for at least 10 miles; and

15              (B) achieves at least 125 percent of the  
16       model year 2002 city fuel economy.

17              (8) QUALIFIED MOTOR VEHICLE.—The term  
18       “qualified motor vehicle” means—

19              (A) a new advanced lean burn technology  
20       motor vehicle (as defined in section 30B(c)(3)  
21       of the Internal Revenue Code of 1986) that  
22       achieves at least 125 percent of the model year  
23       2002 city fuel economy;

1 (B) an alternative fueled automobile (as  
 2 defined in section 32901(a) of title 49, United  
 3 States Code);

4 (C) a flexible fuel motor vehicle;

5 (D) a new qualified fuel cell motor vehicle  
 6 (as defined in section 30B(b)(3) of the Internal  
 7 Revenue Code of 1986);

8 (E) a hybrid motor vehicle;

9 (F) a plug-in hybrid motor vehicle; and

10 (G) any other appropriate motor vehicle  
 11 that uses substantially new technology and  
 12 achieve at least 175 percent of the model year  
 13 2002 city fuel economy, as determined by the  
 14 Secretary of Transportation, by regulation.

15 (b) REQUIREMENTS.—

16 (1) MODEL YEAR 2012.—Not less than 10 per-  
 17 cent of light-duty motor vehicles manufactured for  
 18 model year 2012 and sold in the United States shall  
 19 be qualified motor vehicles.

20 (2) MODEL YEAR 2013.—Not less than 20 per-  
 21 cent of light-duty motor vehicles manufactured for  
 22 model year 2013 and sold in the United States shall  
 23 be qualified motor vehicles.

24 (3) MODEL YEAR 2014.—Not less than 30 per-  
 25 cent of light-duty motor vehicles manufactured for

1        model year 2014 and sold in the United States shall  
2        be qualified motor vehicles.

3            (4) MODEL YEAR 2015.—Not less than 40 per-  
4        cent of light-duty motor vehicles manufactured for  
5        model year 2015 shall be qualified motor vehicles.

6            (5) MODEL YEAR 2016.—Not less than 50 per-  
7        cent of light-duty motor vehicles manufactured for  
8        model year 2016 shall be qualified motor vehicles.

9            (6) MODEL YEARS 2017 AND THEREAFTER.—  
10       Not less than 50 percent of light-duty motor vehicles  
11       manufactured for model year 2017 and each model  
12       year thereafter and sold in the United States shall  
13       be qualified motor vehicles, of which not less than  
14       10 percent shall be—

15            (A) hybrid motor vehicles;

16            (B) plug-in hybrid motor vehicles;

17            (C) new advanced lean burn technology  
18        motor vehicles (as defined in section 30B(c)(3)  
19        of the Internal Revenue Code of 1986);

20            (D) new qualified fuel cell motor vehicles  
21        (as defined in section 30B(b)(3) of the Internal  
22        Revenue Code of 1986); or

23            (E) any other appropriate motor vehicle  
24        that uses substantially new technology and  
25        achieve at least 175 percent of the model year

1           2002 city fuel economy, as determined by the  
2           Secretary of Transportation, by regulation.

3           (c) RULEMAKING.—Not later than 1 year after the  
4           date of enactment of this Act, the Secretary of Transpor-  
5           tation shall promulgate regulations to carry out this sec-  
6           tion.

## 7           **TITLE III—FUEL CHOICES FOR** 8           **THE 21ST CENTURY**

### 9           **SEC. 301. INCREASE IN ALTERNATIVE FUEL VEHICLE RE-** 10           **FUELING PROPERTY CREDIT.**

11           (a) IN GENERAL.—Subsection (a) of section 30C of  
12           the Internal Revenue Code of 1986 is amended by striking  
13           “30 percent” and inserting “50 percent”.

14           (b) EFFECTIVE DATE.—The amendment made by  
15           this section shall apply to property placed in service after  
16           December 31, 2005, in taxable years ending after such  
17           date.

### 18           **SEC. 302. USE OF CAFÉ PENALTIES TO BUILD ALTERNATIVE** 19           **FUELING INFRASTRUCTURE.**

20           Section 32912 of title 49, United States Code, is  
21           amended by adding at the end the following

22           “(e) ALTERNATIVE FUELING INFRASTRUCTURE  
23           TRUST FUND.—(1) There is established in the Treasury  
24           of the United States a trust fund, to be known as the  
25           Alternative Fueling Infrastructure Trust Fund, consisting

1 of such amounts as are deposited into the Trust Fund  
2 under paragraph (2) and any interest earned on invest-  
3 ment of amounts in the Trust Fund.

4 “(2) The Secretary of Transportation shall remit 90  
5 percent of the amount collected in civil penalties under  
6 this section to the Trust Fund.

7 “(3)(A) The Secretary of Energy shall obligate such  
8 sums as are available in the Trust Fund to establish a  
9 grant program to increase the number of locations at  
10 which consumers may purchase alternative fuels.

11 “(B)(i) The Secretary of Energy may award grants  
12 under this paragraph, in an amount equal to not more  
13 than \$150,000 per fueling station, to—

14 “(I) individual fueling stations; and

15 “(II) corporations (including nonprofit corpora-  
16 tions) with demonstrated experience in the adminis-  
17 tration of grant funding for the purpose of alter-  
18 native fueling infrastructure.

19 “(ii) In awarding grants under this paragraph, the  
20 Secretary shall consider the number of vehicles in service  
21 capable of using a specific type of alternative fuel.

22 “(iii) Grant recipients shall provide a non-Federal  
23 match of not less than \$1 for every \$3 of grant funds  
24 received under this paragraph.

1       “(iv) Each grant recipient shall select the locations  
2 for each alternative fuel station to be constructed with  
3 grant funds received under this paragraph on a formal,  
4 open, and competitive basis.

5       “(C) Grant funds received under this paragraph may  
6 be used to—

7           “(i) construct new facilities to dispense alter-  
8 native fuels;

9           “(ii) purchase equipment to upgrade, expand,  
10 or otherwise improve existing alternative fuel facili-  
11 ties; or

12           “(iii) purchase equipment or pay for specific  
13 turnkey fueling services by alternative fuel providers.

14       “(D) Facilities constructed or upgraded with grant  
15 funds under this paragraph shall—

16           “(i) provide alternative fuel available to the  
17 public for a period not less than 4 years;

18           “(ii) establish a marketing plan to advance the  
19 sale and use of alternative fuels;

20           “(iii) prominently display the price of alter-  
21 native fuel on the marquee and in the station;

22           “(iv) provide point of sale materials on alter-  
23 native fuel;

24           “(v) clearly label the dispenser with consistent  
25 materials;

1           “(vi) price the alternative fuel at the same mar-  
2           gin that is received for unleaded gasoline; and

3           “(vii) support and use all available tax incen-  
4           tives to reduce the cost of the alternative fuel to the  
5           lowest possible retail price.

6           “(E) Not later than the date on which each alter-  
7           native fuel station begins to offer alternative fuel to the  
8           public, the grant recipient that used grant funds to con-  
9           struct such station shall notify the Secretary of Energy  
10          of such opening. The Secretary of Energy shall add each  
11          new alternative fuel station to the alternative fuel station  
12          locator on its Website when it receives notification under  
13          this subparagraph.

14          “(F) Not later than 6 months after the receipt of a  
15          grant award under this paragraph, and every 6 months  
16          thereafter, each grant recipient shall submit a report to  
17          the Secretary of Energy that describes—

18               “(i) the status of each alternative fuel station  
19               constructed with grant funds received under this  
20               paragraph;

21               “(ii) the amount of alternative fuel dispensed at  
22               each station during the preceding 6-month period;  
23               and

1           “(iii) the average price per gallon of the alter-  
 2           native fuel sold at each station during the preceding  
 3           6-month period.”.

4   **SEC. 303. MINIMUM QUANTITY OF RENEWABLE FUEL DE-**  
 5           **RIVED FROM CELLULOSIC BIOMASS.**

6           Section 211(o)(2)(B) of the Clean Air Act (42 U.S.C.  
 7   7545(o)(2)(B)) is amended by striking clause (iii) and in-  
 8   serting the following:

9                           “(iii) MINIMUM QUANTITY DERIVED  
 10                          FROM CELLULOSIC BIOMASS.—

11                         “(I) IN GENERAL.—The applica-  
 12                         ble volume referred to in clause (ii)  
 13                         shall contain a minimum of—

14                                 “(aa) for each of calendar  
 15                                 years 2010 through 2012,  
 16                                 75,000,000 gallons that are de-  
 17                                 rived from cellulosic biomass; and

18                                 “(bb) for calendar year 2013  
 19                                 and each calendar year there-  
 20                                 after, 250,000,000 gallons that  
 21                                 are derived from cellulosic bio-  
 22                                 mass.

23                                 “(II) RATIO.—For calendar year  
 24                                 2010 and each calendar year there-

1 after, the 2.5-to-1 ratio referred to in  
 2 paragraph (4) shall not apply.”.

3 **SEC. 304. MINIMUM QUANTITY OF RENEWABLE FUEL DE-**  
 4 **RIVED FROM SUGAR.**

5 (a) IN GENERAL.—Section 211(o)(2)(B) of the Clean  
 6 Air Act (42 U.S.C. 7545(o)(2)(B)) is amended by adding  
 7 at the end the following:

8 “(v) MINIMUM QUANTITY DERIVED  
 9 FROM SUGAR.—For calendar year 2008  
 10 and each calendar year thereafter, the ap-  
 11 plicable volume referred to in clause (ii)  
 12 shall contain a minimum of 100,000,000  
 13 gallons that are derived from domestically-  
 14 grown sugarcane, sugar beets, or sugar  
 15 components.”.

16 (b) APPLICABLE VOLUME.—Section 211(o)(2)(B)(i)  
 17 of the Clean Air Act (42 U.S.C. 7545(o)(2)(B)(i)) is  
 18 amended—

19 (1) in the item relating to calendar year 2008,  
 20 by striking “5.4” and inserting “5.5”;

21 (2) in the item relating to calendar year 2009,  
 22 by striking “6.1” and inserting “6.2”;

23 (3) in the item relating to calendar year 2010,  
 24 by striking “6.8” and inserting “6.9”;

1 (4) in the item relating to calendar year 2011,  
2 by striking “7.4” and inserting “7.5”; and  
3 (5) in the item relating to calendar year 2012,  
4 by striking “7.5” and inserting “7.6”.

5 **SEC. 305. BIOENERGY RESEARCH AND DEVELOPMENT.**

6 Section 931(c) of the Energy Policy Act of 2005 (42  
7 U.S.C. 16231(c)) is amended—

8 (1) in paragraph (1), by striking  
9 “\$213,000,000” and inserting “\$326,000,000”;  
10 (2) in paragraph (2), by striking  
11 “\$251,000,000” and inserting “\$377,000,000”; and  
12 (3) in paragraph (3), by striking  
13 “\$274,000,000” and inserting “\$398,000,000”.

14 **SEC. 306. PRODUCTION INCENTIVES FOR CELLULOSIC**  
15 **BIOFUELS.**

16 Section 942(f) of the Energy Policy Act of 2005 (42  
17 U.S.C. 16251(f)) is amended by striking “\$250,000,000”  
18 and inserting “\$200,000,000 for each of fiscal years 2007  
19 through 2011”.

20 **SEC. 307. LOW-INTEREST LOAN AND GRANT PROGRAM FOR**  
21 **RETAIL DELIVERY OF E-85 FUEL.**

22 (a) PURPOSES OF LOANS.—Section 312(a) of the  
23 Consolidated Farm and Rural Development Act (7 U.S.C.  
24 1942(a)) is amended—

1 (1) in paragraph (9)(B)(ii), by striking “or” at  
 2 the end;

3 (2) in paragraph (10), by striking the period at  
 4 the end and inserting “; or”; and

5 (3) by adding at the end the following:

6 “(11) building infrastructure, including pump  
 7 stations, for the retail delivery to consumers of any  
 8 fuel that contains not less than 85 percent ethanol,  
 9 by volume.”.

10 (b) PROGRAM.—Subtitle B of the Consolidated Farm  
 11 and Rural Development Act (7 U.S.C. 1941 et seq.) is  
 12 amended by adding at the end the following:

13 **“SEC. 320. LOW-INTEREST LOAN AND GRANT PROGRAM FOR**  
 14 **RETAIL DELIVERY OF E-85 FUEL.**

15 “(a) IN GENERAL.—The Secretary shall establish a  
 16 low-interest loan and grant program to assist farmer-  
 17 owned ethanol producers (including cooperatives and lim-  
 18 ited liability corporations) to develop and build infrastruc-  
 19 ture, including pump stations, for the retail delivery to  
 20 consumers of any fuel that contains not less than 85 per-  
 21 cent ethanol, by volume.

22 “(b) TERMS.—

23 “(1) INTEREST RATE.—A low-interest loan  
 24 under this section shall be fixed at not more than 5  
 25 percent for each year.

1           “(2) AMORTIZATION.—The repayment of a loan  
 2           under this section shall be amortized over the ex-  
 3           pected life of the infrastructure project that is being  
 4           financed with the proceeds of the loan.

5           “(c) AUTHORIZATION OF APPROPRIATIONS.—There  
 6           are authorized to be appropriated such sums as are nec-  
 7           essary to carry out this section.”.

8           (c) REGULATIONS.—As soon as practicable after the  
 9           date of enactment of this Act, the Secretary of Agriculture  
 10          shall promulgate such regulations as are necessary to  
 11          carry out the amendments made by this section.

12   **SEC. 308. TRANSIT-ORIENTED DEVELOPMENT CORRIDORS.**

13          (a) DEFINITIONS.—In this section:

14               (1) TRANSIT-ORIENTED DEVELOPMENT COR-  
 15          RIDOR.—The term “Transit-Oriented Development  
 16          Corridor” or “TODC” means a geographic area des-  
 17          ignated by the Secretary under subsection (b).

18               (2) OTHER TERMS.—The terms “fixed guide  
 19          way”, “local governmental authority”, “mass trans-  
 20          portation”, “Secretary”, “State”, and “urbanized  
 21          area” have the meanings given the terms in section  
 22          5302 of title 49, United States Code.

23          (b) TRANSIT-ORIENTED DEVELOPMENT COR-  
 24          RIDORS.—

1           (1) IN GENERAL.—The Secretary shall develop  
2           and carry out a program to designate geographic  
3           areas in urbanized areas as Transit-Oriented Devel-  
4           opment Corridors.

5           (2) CRITERIA.—An area designated as a TODC  
6           under paragraph (1) shall include rights-of-way for  
7           fixed guide way mass transportation facilities (in-  
8           cluding commercial development of facilities that  
9           have a physical and functional connection with each  
10          facility).

11          (3) NUMBER OF TODCS.—In consultation with  
12          State transportation departments and metropolitan  
13          planning organizations, the Secretary shall des-  
14          ignate—

15                (A) not fewer than 10 TODCs by Decem-  
16                ber 31, 2015; and

17                (B) not fewer than 20 TODCs by Decem-  
18                ber 31, 2025.

19          (4) TRANSIT GRANTS.—

20                (A) IN GENERAL.—The Secretary make  
21                grants to eligible states and local governmental  
22                authorities to pay the Federal share of the cost  
23                of designating geographic areas in urbanized  
24                areas as TODCs.

1           (B) APPLICATION.—Each eligible State or  
2           local governmental authority that desires to re-  
3           ceive a grant under this paragraph shall submit  
4           an application to the Secretary, at such time, in  
5           such manner, and accompanied by such addi-  
6           tional information as the Secretary may reason-  
7           ably require.

8           (C) LABOR STANDARDS.—Subchapter IV  
9           of chapter 31 of title 40, United States Code  
10          shall apply to projects that receive funding  
11          under this section.

12          (D) FEDERAL SHARE.—The Federal share  
13          of the cost of a project under this subsection  
14          shall be 50 percent.

15          (c) TODC RESEARCH AND DEVELOPMENT.—To sup-  
16          port effective deployment of grants and incentives under  
17          this section, the Secretary shall establish a TODC re-  
18          search and development program to conduct research on  
19          the best practices and performance criteria for TODCs.

20          (d) AUTHORIZATION OF APPROPRIATIONS.—There is  
21          authorized to be appropriated to carry out this section  
22          \$50,000,000 for each of fiscal years 2007 through 2012.

1 **TITLE IV—NATIONWIDE ENERGY**  
2 **SECURITY MEDIA CAMPAIGN**

3 **SEC. 401. NATIONWIDE MEDIA CAMPAIGN TO DECREASE**  
4 **OIL CONSUMPTION.**

5 (a) IN GENERAL.—The Secretary of Energy, acting  
6 through the Assistant Secretary for Energy Efficiency and  
7 Renewable Energy (referred to in this section as the “Sec-  
8 retary”), shall develop and conduct a national media cam-  
9 paign for the purpose of decreasing oil consumption in the  
10 United States over the next decade.

11 (b) CONTRACT WITH ENTITY.—The Secretary shall  
12 carry out subsection (a) directly or through—

13 (1) competitively bid contracts with 1 or more  
14 nationally recognized media firms for the develop-  
15 ment and distribution of monthly television, radio,  
16 and newspaper public service announcements; or

17 (2) collective agreements with 1 or more nation-  
18 ally recognized institutes, businesses, or nonprofit  
19 organizations for the funding, development, and dis-  
20 tribution of monthly television, radio, and newspaper  
21 public service announcements.

22 (c) USE OF FUNDS.—

23 (1) IN GENERAL.—Amounts made available to  
24 carry out this section shall be used for the following:

25 (A) ADVERTISING COSTS.—

1 (i) The purchase of media time and  
2 space.

3 (ii) Creative and talent costs.

4 (iii) Testing and evaluation of adver-  
5 tising.

6 (iv) Evaluation of the effectiveness of  
7 the media campaign.

8 (v) The negotiated fees for the win-  
9 ning bidder on requests from proposals  
10 issued either by the Secretary for purposes  
11 otherwise authorized in this section.

12 (vi) Entertainment industry outreach,  
13 interactive outreach, media projects and  
14 activities, public information, news media  
15 outreach, and corporate sponsorship and  
16 participation.

17 (B) ADMINISTRATIVE COSTS.—Operational  
18 and management expenses.

19 (2) LIMITATIONS.—In carrying out this section,  
20 the Secretary shall allocate not less than 85 percent  
21 of funds made available under subsection (e) for  
22 each fiscal year for the advertising functions speci-  
23 fied under paragraph (1)(A).

24 (d) REPORTS.—The Secretary shall annually submit  
25 to Congress a report that describes—

1           (1) the strategy of the national media campaign  
2           and whether specific objectives of the campaign were  
3           accomplished, including—

4                 (A) determinations concerning the rate of  
5                 change of oil consumption, in both absolute and  
6                 per capita terms; and

7                 (B) an evaluation that enables consider-  
8                 ation whether the media campaign contributed  
9                 to reduction of oil consumption;

10           (2) steps taken to ensure that the national  
11           media campaign operates in an effective and effi-  
12           cient manner consistent with the overall strategy  
13           and focus of the campaign;

14           (3) plans to purchase advertising time and  
15           space;

16           (4) policies and practices implemented to ensure  
17           that Federal funds are used responsibly to purchase  
18           advertising time and space and eliminate the poten-  
19           tial for waste, fraud, and abuse; and

20           (5) all contracts or cooperative agreements en-  
21           tered into with a corporation, partnership, or indi-  
22           vidual working on behalf of the national media cam-  
23           paign.

1       (e) AUTHORIZATION OF APPROPRIATIONS.—There is  
2 authorized to be appropriated to carry out this section  
3 \$5,000,000 for each of fiscal years 2006 through 2010.

○
