

109TH CONGRESS
2D SESSION

S. 2681

To amend title 10, United States Code, to provide for reports on the withdrawal or diversion of equipment from Reserve units to other Reserve units being mobilized, and for other purposes.

IN THE SENATE OF THE UNITED STATES

APRIL 27, 2006

Ms. CANTWELL (for herself, Mr. BIDEN, and Mr. LEAHY) introduced the following bill; which was read twice and referred to the Committee on Armed Services

A BILL

To amend title 10, United States Code, to provide for reports on the withdrawal or diversion of equipment from Reserve units to other Reserve units being mobilized, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “National Guard Equip-
5 ment Accountability Act”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

1 (1) The National Guard continues to provide
2 invaluable resources to meet national security, home-
3 land defense, and civil emergency mission require-
4 ments.

5 (2) Current military operations, transnational
6 threats, and domestic emergencies will increase the
7 use of the National Guard for both military support
8 to civilian authorities and to execute the military
9 strategy of the United States.

10 (3) To meet the demand for certain types of
11 equipment for continuing United States military op-
12 erations, the Army has required Army National
13 Guard Units to leave behind many items for use by
14 follow-on forces.

15 (4) The Governors of every State and 2 Terri-
16 tories expressed concern in February 2006 that
17 units returning from deployment overseas without
18 adequate equipment would have trouble carrying out
19 their homeland security and domestic disaster du-
20 ties.

21 (5) The Department of Defense estimates that
22 it has directed the Army National Guard to leave
23 overseas more than 75,000 items valued at approxi-
24 mately \$1,760,000,000 to support Operation Endur-
25 ing Freedom and Operation Iraqi Freedom.

1 (6) Department of Defense Directive 1225.6 re-
 2 quires a replacement and tracking plan be developed
 3 within 90 days for equipment of the reserve compo-
 4 nents of the Armed Forces that is transferred to the
 5 active components of the Armed Forces.

6 (7) In October 2005, the Government Account-
 7 ability Office found that the Department of Defense
 8 can only account for about 45 percent of such equip-
 9 ment and has not developed a plan to replace such
 10 equipment.

11 (8) The Government Accountability Office also
 12 found that without a completed and implemented
 13 plan to replace all National Guard equipment left
 14 overseas, Army National Guard units will likely face
 15 growing equipment shortages and challenges in re-
 16 gaining readiness for future missions.

17 **SEC. 3. REPORTS ON WITHDRAWAL OR DIVERSION OF**
 18 **EQUIPMENT FROM RESERVE UNITS FOR SUP-**
 19 **PORT OF RESERVE UNITS BEING MOBILIZED**

 7 verted; and
