

109TH CONGRESS
1ST SESSION

S. 765

To preserve mathematics- and science-based industries in the United States.

IN THE SENATE OF THE UNITED STATES

APRIL 12, 2005

Mr. WARNER (for himself and Mr. DURBIN) introduced the following bill;
which was read twice and referred to the Committee on Health, Edu-
cation, Labor, and Pensions

A BILL

To preserve mathematics- and science-based industries in
the United States.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Math and Science In-
5 centive Act of 2005”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) The United States can have a secure and
9 prosperous future only by having a robust and in-
10 ventive scientific and technical enterprise.

1 (2) Such an enterprise will require the United
2 States to produce more scientists and engineers.

3 (3) The United States education system must
4 do more to encourage students at every level to
5 study science and mathematics and to pursue ca-
6 reers related to those fields.

7 (4) The current performance of United States
8 students in science and mathematics lags behind
9 their international peers, and not enough students
10 are pursuing science and mathematics.

11 (5) The United States is still reaping the bene-
12 fits of past investments in research and development
13 and education, but we are drawing down that cap-
14 ital.

15 (6) The United States needs to recommit itself
16 to leadership in science, mathematics, and engineer-
17 ing, especially as advances are being made in such
18 areas as nanotechnology.

19 (7) A program of loan forgiveness designed to
20 attract students to careers in science, mathematics,
21 engineering, and technology, including teaching ca-
22 reers, can help the United States maintain its tech-
23 nological leadership.

24 **SEC. 3. ESTABLISHMENT OF PROGRAM.**

25 (a) PROGRAM.—

1 (1) IN GENERAL.—The Secretary shall carry
2 out a program of assuming the obligation to pay,
