A BILL

To promote youth financial education.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 SECTION 1. PROMOTING YOUTH FINANCIAL LITERACY.

4 Title IV of the Elementary and Secondary Education
5 Act of 1965 (20 U.S.C. 7101 et seq.) is amended by add-
6 ing at the end the following:

7 **“PART D—PROMOTING YOUTH FINANCIAL**
8 **LITERACY**

9 “SEC. 4401. SHORT TITLE AND FINDINGS.

10 “(a) SHORT TITLE.—This part may be cited as the
11 ‘Youth Financial Education Act’.

1 “(b) FINDINGS.—Congress finds the following:

2 “(1) In order to succeed in our dynamic Amer-
3 ican economy, young people must obtain the skills,
4 knowledge, and experience necessary to manage their
5 personal finances and obtain general financial lit-
6 eracy. All young adults should have the educational
7 tools necessary to make informed financial decisions.

8 “(2) Despite the critical importance of financial
9 literacy to young people, the average student who
10 graduates from high school lacks basic skills in the
11 management of personal financial affairs. A nation-
12 wide survey conducted in 2004 by the Jump\$tart
13 Coalition for Personal Financial Literacy examined
14 the financial knowledge of 4,074 12th graders. On
15 average, survey respondents answered only 52 per-
16 cent of the questions correctly. This figure is up only
17 slightly from the 50 percent average score in 2002.

18 “(3) An evaluation by the National Endowment
19 for Financial Education High School Financial
20 Planning Program undertaken jointly with the
21 United States Department of Agriculture Coopera-
22 tive State Research, Education, and Extension Serv-
23 ice demonstrates that as little as 10 hours of class-
24 room instruction can impart substantial knowledge

1 and affect significant change in how teens handle
2 their money.

3 “(4) State educational leaders have recognized
4 the importance of providing a basic financial edu-
5 cation to students in kindergarten through grade 12
6 by integrating financial education into State edu-
7 cational standards, but by 2004, only 7 States re-
8 quired students to complete a course that covered
9 personal finance before graduating from high school.

10 “(5) Teacher training and professional develop-
11 ment are critical to achieving youth financial lit-
12 eracy. Teachers should be given the tools they need
13 to educate our Nation’s youth on personal finance
14 and economics.

15 “(6) Personal financial education helps prepare
16 students for the workforce and for financial inde-
17 pendence by developing their sense of individual re-
18 sponsibility, improving their life skills, and providing
19 them with a thorough understanding of consumer
20 economics that will benefit them for their entire
21 lives.

22 “(7) Financial education integrates instruction
23 in valuable life skills with instruction in economics,
24 including income and taxes, money management, in-

1 vestment and spending, and the importance of per-
 2 sonal savings.

3 “(8) The consumers and investors of tomorrow
 4 are in our schools today. The teaching of personal
 5 finance should be encouraged at all levels of our Na-
 6 tion’s educational system, from kindergarten
 7 through grade 12.

8 **“SEC. 4402. STATE GRANT PROGRAM.**
