RESOLUTION

Recognizing the National Ready Mixed Concrete Association on its 75th anniversary and its members' vital contributions to the infrastructure of the United States.

Whereas the National Ready Mixed Concrete Association was founded and incorporated in the Commonwealth of Pennsylvania on the 26th day of December, 1930;

Whereas the founders of the National Ready Mixed Concrete Association possessed the leadership and vision to establish a single voice for the ready mixed concrete industry;

Whereas the National Ready Mixed Concrete Association represents and acts on behalf of the industry before all divisions of government and those public and private organizations whose work affects the ready mixed concrete business;

Whereas the National Ready Mixed Concrete Association has been a pioneer in the field of concrete technology through groundbreaking research and advanced scientific methods in the practical use and applications of ready mixed concrete;

Whereas the National Ready Mixed Concrete Association has gained national distinction by developing innovative breakthroughs in engineering, aggressive market promotion, and its contribution toward the creation of the first undergraduate degree in concrete industry management in the United States;

Whereas the National Ready Mixed Concrete Association leads the concrete industry through its education and certification programs;

Whereas the National Ready Mixed Concrete Association today represents 1,300 producer member companies, both national and multinational, that employ thousands of workers and operate in every congressional district in the United States;

Whereas the National Ready Mixed Concrete Association continues today to assist producers in the ready mixed concrete community through the introduction of innovative safety procedures, modern health initiatives, and progressive environmental control programs in an effort to enhance the performance level of the industry; and

Whereas the National Ready Mixed Concrete Association will continue to look toward the future by forging alliances within the ready mixed community, and by becoming more educated in business operations and more knowledgeable about the product and the role of ready mixed

concrete in the construction and building of the United States: Now, therefore, be it
