

110TH CONGRESS  
2D SESSION

# H. CON. RES. 367

Expressing support for designation of the period beginning on June 9, 2008, and ending on June 13, 2008, as “National Health Information Technology Week”.

---

## IN THE HOUSE OF REPRESENTATIVES

JUNE 3, 2008

Mr. KENNEDY submitted the following concurrent resolution; which was referred to the Committee on Energy and Commerce

---

## CONCURRENT RESOLUTION

Expressing support for designation of the period beginning on June 9, 2008, and ending on June 13, 2008, as “National Health Information Technology Week”.

Whereas the Center for Information Technology Leadership (CITL) estimated that the implementation of national standards for interoperability and the exchange of health information would save the United States approximately \$77,000,000,000 in expenses relating to health care each year;

Whereas the RAND Corporation estimated that, if the health care system of the United States implemented the use of computerized medical records, the system could save the United States more than \$81,000,000,000 each year; health care information technology has been shown to im-

prove the quality and safety of the delivery of health care in the United States;

Whereas health care information technology and management systems have been recognized as essential tools for improving the quality and cost efficiency of the health care system;

Whereas the President and Secretary of Health and Human Services have made a commitment to leveraging the benefits of the health care information technology and management systems by establishing the Office of the National Coordinator for Health Information Technology and the American Health Information Community;

Whereas Congress has placed an emphasis on improving the quality and safety of the delivery of health care in the United States; and

Whereas organizations across the country have come together to support National Health Information Technology Week since 2006 to improve public awareness relating to the potential benefits of improved quality and cost efficiency that the health care system could achieve by implementing health information technology: Now, therefore, be it

1       *Resolved by the House of Representatives (the Senate*  
2       *concurring)*, That Congress—

3               (1) recognizes the value of information tech-  
4       nology and management systems to transforming  
5       health care for all Americans;

6               (2) supports the designation of a “National  
7       Health Information Technology Week”; and

1           (3) encourages the President to issue a procla-  
2           mation calling upon all stakeholders to promote the  
3           use of information technology and management sys-  
4           tems to transform the United States health care sys-  
5           tem.
